

# What I Think and Have a Right to Say

Edson R. Eaton

**COMMON SENSE.**  
Frequently the Plymouth Mail receives unsigned letters expressing both good and bad ideas. They are not used because the writer has not signed his name and address. We have never liked anonymous letters and will not use them.

But when a reader of The Mail writes a good letter, signs it with the right name and address and suggests that the letter be published as a "contribution," we are pleased to comply with the request.

The following interesting letter came from a Plymouth Mail subscriber who resides over near Wayne:

"I happen to be a very faithful follower of your editorials, and I am sure from what I hear that most of your readers do likewise. This, therefore, is not a 'crank' letter, but rather a suggestion for all of the readers of The Plymouth Mail.

"In the April issue of Reader's Digest there are two articles that every clear-thinking American citizen should read. If they don't wake up some of the people who were so blinded during the election last fall, then nothing can awaken them. The first article is a book condensation of 'The Road to Serfdom' by Frederick A. Hayek. This article is immediately followed by another, entitled 'What is Being Planned for You' by Ralph Robey.

"After reading these two articles I shudder! Just what are we in the 'land of the free' headed for?

"If our so-called leaders in Washington get all they are after, the next step will be to tell one when he can and cannot breathe.

To all of this we say Amen!

**WHAT IS BEING PLANNED FOR YOU.**  
Following is one of the articles mentioned by the writer, the other is too long to publish in this issue, but it will be published in a future date. It is taken from Newsweek and was written by Ralph Robey.

"For weeks there has been one Washington rumor after another as to the ultimate program which is being planned for us. The stories all have been of a pattern, which in such cases usually indicates that they are accurate. The various reports fit together into a cohesive program, which should make all of us stop and do some hard thinking. Here are the main points:

"1. There is to be established a National Production Council which is to be the over-all 'planning agency' and will have the responsibility of controlling the entire economy.

"2. Under the over-all agency will be a sub-agency or sub-council for each industry, composed of representatives from labor, management and government.

"3. The volume of production will be set by these councils for each industry, which means, of course, a quota for each company and plant in each industry. This production schedule will be set at such a level that in the aggregate it will insure 'full employment.'

"4. To insure that the full production schedule is carried out the government will perhaps even 'guarantee' the companies against loss by buying any products which cannot be sold on the open market.

"5. No new company can enter any field without the approval of the appropriate industry council.

"6. Prices will be fixed for each commodity and permanently controlled by the planning agencies.

"7. Wages also will be fixed and labor will be guaranteed an annual wage. All wage agreements will be certified by the planning agency and will be frozen a year at a time in order to prevent price schedules from being upset.

"8. To offset an anticipated '\$125,000,000,000 deflationary gap' when war production stops, there must be no cutback of wages, and workers are to receive as much for 40 hours as they now receive for 48 hours.

"9. An enormous program of Government expenditures and expansion of government activities is to be undertaken. This is to include not only regional developments of the TVA type all over the country but housing, education, airport construction, both transcontinental and local road building, wholesale extension and increase of benefits of social security and so forth.

"This is said to be the specific program of the CIO and its political affiliate, the PAC. But from other sources it is clear that the thinking along this line is by no means limited to the CIO. And it also is clear that those whose thinking is following this path know exactly where they are headed.

"For example take this excerpt from The Wall Street Journal: 'Suppose a man wanted to open a new shoe factory. If he's got a new product that's needed, and the facilities and materials can be spared, OK, say the planners. But if the market is well supplied and leather is scarce, we would suggest some other line of endeavor. If he insisted on going into a business which was not approved, that would be antisocial—in the same class as opium smuggling—and police powers would have to be used.'

"Yes, those who are making these plans know exactly what they are doing. And make no mistake about whether they are smart. They are as smart, and clever, and ruthless, and determined, as any group in this country.

"One further point. Do not expect this program ever to be presented as a whole for consideration by Congress. It will be brought out part by part, each apparently designed merely to meet a particular problem of pressing proportions. And every part will be carefully labeled with an innocuous name and wrapped around and around with beautiful and innocent-sounding names especially prepared to cover up the real purpose and intent of the proposal.

"So if you happen to be a believer in individual enterprise and freedom, watch for the component parts of this program. And don't be misled by someone's telling you that you are just taking a small step toward 'industrial democracy' or a 'planned economy.' Rather, remember that this same program when it was in effect in Italy was known as 'Fascism.' And today in Germany it goes under the name of 'Nazism.'

**AMMUNITION FOR PEACE.**

Just to remind you—have you made that search for old clothing lying in your closet, clothing that you will never wear again, but that can be used by the famished people of European countries brought to ruin by Hitler's purge? The drive in Plymouth is still on.

Most of us have come to know the usual pattern of military victory in the war against the Axis—how first the bombers and the heavy guns prepare the way, then the engineers clear the obstacles and the mines, and finally the infantry drives forward to gain and hold another mile or many miles of what had been enemy territory.

With these things accomplished, the operation, militarily, is pronounced a complete success.

But, with a view to the immediate future and the peace that is to come, is the triumph really complete?

Each such operation frees from Axis oppression and horror, hundreds or thousands of war-ravaged innocents—the men, women and children who, during the five or more years of Axis aggression, have been stripped of all they possess and whose homes are broken and ruined. Many of them are sick and starving. Some of them are naked. Virtually all of them are without sufficient clothing, shoes and bedding—the lack of which already has cost and still is costing unnumbered human lives.

Is any victory complete which does not also achieve, in some degree, the restoration of those who are to be our partners in the peace which final victory will bring?

If their ruined homes are to be rebuilt, and their ruined towns and cities—if they are to resume lives of self-supporting usefulness—if they are to be enabled to help themselves and also help us in shaping a better and more livable world—they, at least, should have sufficient clothing to cover their bodies and protect or restore their health.

Such clothing is available here in America. We do not have to strip ourselves to provide it. We merely have to visit our attics or other storage places used for our SPARE outgrown, outmoded and forgotten suits, dresses, shoes, underwear and bedding; gather up these unneeded but still serviceable things, and contribute them to the United National Clothing Collection which opens on April 1 and continues throughout that month.

Let's follow the G. I. Joes with our discarded clothes—and so make each military victory truly complete.

**WHAT CAN YOU SPARE THAT THEY CAN WEAR?**

**Petraszewsky War Prisoner**

Harold Petraszewsky, son of Mr. and Mrs. Constantine Petraszewsky of Schoolcraft road, who was reported missing in action some weeks ago, is a prisoner of war in Germany.

His parents have just received cards from him in his own handwriting which stated that he was in a German prison camp, and that he had not been wounded or hurt in any way.

He told his parents to get in touch with the Red Cross so they could be advised as to what could be sent to him and how much could be sent.

"Home soon" he added at the end of his note. Which indicates that American boys who are prisoners of the Germans apparently have some knowledge that the knock-out blow in Germany is about to be delivered.

Mrs. Elvira Losey of Dearborn, and Harry Lewis of Northville, were callers last week in the home of Mr. and Mrs. C. V. Chambers.

Members of the Plymouth Hi-12 club heard a talk on Korea from Harry Wong of the J. L. Hudson Company at their meeting last Wednesday night. Mr. Wong told of the suffering his country has gone through during the 25 year period that they had been dominated by the Japanese.

The program was under the direction of A. K. Brockelhurst and the members enjoyed the talk which enlightened them on the Korean situation.

## Don Reh Praises Pacific Guerillas on Return Home

High praise for the work of guerilla forces in the Philippines was voiced this week by Ensign Donald E. Reh, 21, Hellicat pilot just returned from a tour of duty in the Pacific.

Reh, who wears five battle stars on his service ribbon, is staying with his parents, Mr. and Mrs. Earl Reh, at 1251 West Ann Arbor Trail.

Mr. and Mrs. Reh moved to Plymouth from Detroit after Don enlisted in the Navy, Nov. 9, 1942. They have been very active in civic and club affairs since coming here.

Don took part in the softening up of Luzon, invasion of Iwo Jima and saw action in the Tokyo area, over Formosa and in the China Sea when his group bombed the Hong Kong area.

He had a total of nine missions over enemy territory. The remainder of his action was confined to flying "patrol" over his carrier group.

And in all that time, he says, both over enemy territory and while flying patrols, he only saw one enemy plane and never got to shoot one down. This, he says attests to the fact that the Japs are running low on aircraft.

One of his regrets, although he's glad to be back home so soon after going over seas, is that he didn't get to fly a mission over Tokyo.

He was in the force that bombed Tokyo but his assignment during the raid was patrolling over the fleet lying off the coast of Japan. He was based on one of the largest, an Essex class, carrier.

He also is disappointed at having missed all of the big fleet battles, having gone out too late for the Philippines Sea conflict and returning too soon for the latest, the Iwo Jima attack.

Don went overseas last October as a replacement pilot, he explains, and when his first group finished its tour and was sent home he was transferred to another because he hadn't enough time.

He came home with the second group and will help form a new squadron when he returns to San Diego, May 10 upon completion of his leave. He expects to be back in the Pacific by November.

The guerillas, he said, rescued two members of his unit who were shot down and helped them to return to their squadron.

Don ran into trouble on his first operation at Luzon and Formosa when a typhoon came up while he was in the air.

"It really got pretty rough up there," he said. "In fact it got so rough we finally had to land on the ship—and that was no picnic, either."

"The carrier radioed and asked if we could ride it out and when we said no they told us to come in. We had one awful time landing, too. As it was the typhoon lasted three days and we never could have ridden it out."

He was high in his praise of the Marines, who he said are "doing one hell of a job and they really have a tough assignment, too."

Describing the support of the Iwo Jima invasion, which he said was only supposed to be a three day job, he told of strafing and bombing the enemy positions.

"Those Japs really were dug in there," he asserted. "But we were almost unmoored in the air. Most of their anti-aircraft guns had been knocked out before we hit Iwo and they were all silenced after the first day."

"The sure had a lot of stuff there for that invasion. All we could see from the air were the wakes of the waves of Marines going in. There were thousands of 'em. We were too intent on our targets to see much else."

"After their AA was knocked out the Nips fired at us with small arms whenever we came over but they sure ducked for cover and ceased firing in a hurry whenever we opened up our guns to strafe them."

He told how his squadron bombed and strafed the air fields on Luzon prior to the invasion of that island and how they knocked out enemy airpower on Formosa in support of the Luzon campaign.

The native gals on Guam really make you sit up and look, he said. On board ship the fellows played acey deucey and saw plenty of good movies to pass the time. They also had swell food, he said—"but nothing like mom's."

He doesn't think the war will be over very soon because the Japs are dug in too well on all spots just as they were on Iwo Jima.

**Korean Talks To Hi-12 Members**

## Slight Increase In City Budget May Be Voted

Plymouth's 1944-45 City Commission will hold its last regular meeting Monday to clean up all unfinished business and then will adjourn sine die and the new 1945-46 will meet immediately and organize for the coming year.

After the members are sworn in, City Manager Clarence H. Elliott, who also is city clerk, will call the commission to order and a new mayor and mayor pro tem will be elected.

There will be at least a new mayor pro tem, since the mayor pro tem for the term just ending, Henry Hondorp, died in January and no new one was elected. Stanley T. Corbett, re-elected, has been mayor during the 1944-45 term.

The new mayor then will have the duty of appointing an auditing committee of two members, the only standing committee of the commission, and the following officials:

A supervisor to the county board of supervisors, city treasurer, city attorney, city assessor, board of registration and board of review.

One of the first orders of business for the new commission will be the consideration of the 1945-46 budget which was submitted to the old commission at its last meeting.

The budget, prepared by Elliott and Mayor Corbett, calls for an increase of about \$3,000 over last year and will be within the anticipated income for the year.

## Essay, Speaking Winners Named

Anna Marie Cooper and Wanda Merritt were the big winners in the essay and speaking contest at the High School sponsored by the Junior Chamber of Commerce, it was announced by Instructor James Latture.

Second in the contests, which were on the general subject of voting, were Elaine Sanko and Marie Duthoo.

Miss Cooper and Miss Sanko beat out a field of 67 in the essay contest. Judging of the essays was by Principal Claude Dykhouse, Neva Lovell and Latture.

Miss Merritt and Miss Duthoo had to outdistance a field of 62 in the speaking portion of the contest.

Each of the winners got a prize of three dollars, while the second-placers got two-dollar awards.

## Save Tin!

An emergency tin can collection has been announced for May 14 in Plymouth to help replenish the nation's dwindling tin supply. All housewives are urged to save every bit of tin to help alleviate this critical shortage.

1—Every vehicle involved in an accident.  
2—Every vehicle stopped for speeding.  
3—Every vehicle disobeying a traffic sign.  
4—Every vehicle displaying unusual stopping movements, such as:

(a) Operator reaches for emergency brake; (b) car swerves on dry pavement; (c) brakes chatter or make noise; (d) car fails to stop properly at an intersection; (e) driver is forced to dodge traffic because he cannot stop; (f) a single wheel of the car slides.

**Plymouth Gets New Policeman**  
Plymouth now has active police protection 24 hours a day, with the addition of a new patrolman, announced by Chief Lee R. Sackett.

The new patrolman is Lawton E. Williams, of 511 Holbrook, formerly a driver for Austin Taxi service.

The new patrolman was hired to augment the force and is not a replacement. Formerly there was no officer on duty from 7 to 7 a.m. and at other hours there was only one man working.

The regular officers were, of course, on call for emergencies.

## National Brake Emphasis Program for Traffic Safety Starts Monday

A campaign to focus attention of drivers on the importance of good brakes to safe driving will open Monday in Plymouth and continue until June 1, Police Chief Lee R. Sackett has announced.

The drive will be conducted in cooperation with the National-wide Brake Emphasis program sponsored by the International Association of Chiefs of Police.

"The drive covers a seasonal period when traffic accidents usually show a sharp increase," Sackett said.

"The urgency for effective educational and enforcement efforts in the spring of 1945 is highlighted by a convincing number of adverse traffic factors," he continued.

"Chief among these are: The average age of motor vehicles is almost double the four and a half year average at the outbreak of the war.

"Vehicles lost through traffic accidents or carelessness cannot be replaced. Highways have deteriorated from lack of materials and manpower."

It is expected that, through the campaign, loss of life, personal injuries and property damage will be reduced and the nation's dwindling supply of motor vehicles will be prolonged.

During the drive, all autos stopped for violations or other reasons will be asked to have a brake check, which only takes 60 seconds, or less.

If the brakes do not meet minimum requirements, a 10-day warning ticket will be issued. If they are not adjusted within the 10 days, the car owner will be sought out and a violation ticket issued.

Sackett emphasized that the purpose of the drive is not to collect fines, but rather to make the public brake and—as a result—safety conscious.

The test consists of putting a one-inch block under the brake pedal and pressing down. If the brake does not take hold before the pedal reaches the block it indicates the brakes are not functioning properly for safe driving. This has been established as a reliable check in most cases.

When one inch, or less, of distance remains, the brake pedal actually has to floor before enough pressure can be built up to make the brake lining grip the drums hard enough to stop the car safely.

However, if a car passes the brake check it does not follow that the brakes are safe. It means merely that the brakes have met the check requirements.

Approximately 6,000 licenses were issued in Plymouth this year, Sackett said, and of these 4,575 were for passenger cars and 665 for half-year plates.

He hopes the campaign will result in all of these autos' brakes being put into first class condition. Brakes, he said, are a factor in most traffic accidents and many moving violations.

It takes only about 45 minutes to adjust mechanical brakes and an hour to do hydraulic ones, providing there is nothing serious wrong. Realigning takes about six hours and turning the drums about 10 hours.

The Brake Emphasis program is not a drive in which motorists will be stopped indiscriminately for a brake check. Brakes will be checked only on passenger cars whose drivers have committed a moving violation or done something to lead the officer to believe the brakes are unsafe.

The objective is to encourage all motorists to maintain brakes and vehicles in a safe condition. Four traffic situations will appeal to the motorist as having the most logical connection with the necessity of safe brakes and checks will be made on:

1—Every vehicle involved in an accident.  
2—Every vehicle stopped for speeding.  
3—Every vehicle disobeying a traffic sign.  
4—Every vehicle displaying unusual stopping movements, such as:

(a) Operator reaches for emergency brake; (b) car swerves on dry pavement; (c) brakes chatter or make noise; (d) car fails to stop properly at an intersection; (e) driver is forced to dodge traffic because he cannot stop; (f) a single wheel of the car slides.

**Police to Enforce Order to Keep Dogs on Leash**  
Police Chief Lee R. Sackett has announced a program of strict enforcement of the Plymouth Health Department's order to keep dogs confined or on a leash.

Dogs belonging to owners who refuse to cooperate with the order will be impounded.

Mr. and Mrs. J. W. Blickenstaff, Mr. and Mrs. John McLaren, Mr. and Mrs. Maxwell Moon, Mr. and Mrs. E. V. Joffe and Dr. and Mrs. John L. Olsaver were dinner bridge guests, Thursday evening, of Mr. and Mrs. W. W. Lavers in Rosedale Park, having dinner at Botsford Tavern preceding bridge.

## 77 Teachers Get Smith Fritters

As a sort of farewell gesture to his teachers and fellow employees of many years, School Superintendent George A. Smith last week revived his "fritter fry" for them in the school lunch room.

"I just thought I'd do it for old time's sake," said Smith who will end 39 years as an educator upon his retirement in June.

The "fritter fries" had been an annual spring custom of Smith at the school around maple syrup time until he discontinued it about six or seven years ago.

He mixed all the batter himself for the 77 teachers who attended and ate their fill.

His recipe for the delicious cakes was six eggs, 12 heaping tablespoons of flour, three-quarters spoon of salt, three-quarters spoon of baking powder, stirred well and thinned with milk to suit the chef.

Mrs. Smith was on hand for the party too and made place cards for all the tables.

**Obituaries**  
Mrs. Mae Wolgast Tyler. Mrs. Tyler was born in Pontiac, Michigan, August 31, 1876. She lived in and around Plymouth the earlier part of her life and moved to Highland Park in 1904 and was married to the late Howard Tyler in 1924. After his passing in 1936 she continued to live in Highland Park until two years ago when she went to Hazel Park to make her home at 612 Harry Street, at which place she passed away suddenly Easter Sunday.

Funeral services were held at 3:30 Wednesday, at the Crosby Funeral Home, Woodward avenue. Burial was on the family lot in Woodlawn Cemetery. Dr. Willis L. Gelston officiated. She was a charter member of Highland Park Historical Society and well known in and around Plymouth.

Those left to mourn her passing are a sister, Mrs. Albert Steyer and two nieces, Genevieve Evans and Frances Rule of Detroit.

**Mrs. Maude Steinmetz.** Funeral services will be held this Friday, April 13th at 2 p.m. from the Schrader Funeral Home for Mrs. Maude Steinmetz who resided at 128 South Union street and passed away Wednesday morning, April 11th at the age of 64 years. She is survived by her husband, Henry, her sister, Mrs. E. J. Drewry of Santa Monica, California, nieces and nephews and a host of friends. Rev. Henry J. Walch will officiate. Two hymns will be rendered by Mrs. M. J. O'Conner at the organ. Interment will be in Lakeview cemetery, Howell, Michigan.

**Mrs. Effie A. Kimmell.** Effie A. Kimmell passed away at her home March 30, 1945, after a long illness. She was the widow of the late Dr. J. A. Kimmell of Findley, Ohio, and a daughter of the late James Johnson and Susan Stevens Johnson; also a cousin of Mable Stevens, Penny, Albert and Homer Stevens. She also had many friends who mourn her loss.

**I'm worth more to my boss now that he's installed a SCHULTZ ELECTRIC MILK COOLER**

Schultz Electric Coolers quickly cool my milk—and keep it cool thus insuring my boss the full butter fat test I have worked so hard to produce. Schultz Coolers also halt bacteria growth and make my milk more salable.

Schultz Electric Coolers operate on the floating ice principle without the need of a circulating pump of any kind. They effectively reduce labor costs; keep the night's milk under 40°. Sizes to cool from 2 to 12 cans at one time. Easy payment plan can be arranged. See us today for further facts and prices.

**Sgt. John Willis German Prisoner**

Mrs. Mae Willis, who resides on the Six Mile road, has received word that her son, Sgt. John Willis, is a prisoner of war in Germany. The card which came last week Wednesday was in Jack's own handwriting and is the first word concerning him since the war department telegram came early in January, stating that he was missing in action, December 18, at Luxembourg. Mrs. Willis had not once lost her faith that her son would be located.

An only son, Jack, enlisted in February of 1943 and trained at several southern camps, going overseas in October, 1944, as an expert Infantryman. He served in England, France and Germany before going on to Luxembourg.

**Drug Knowledge Aids Bob Beyer at Navy Hospital**

His upbringing in the atmosphere of a drug store and his training as a registered pharmacist have come in handy for Robert O. Beyer, pharmacist's mate second class, son of Mrs. O. F. Beyer, of 725 North Mill street.

Beyer finds his knowledge of drugs very handy in his work in the pharmacy of the Naval Hospital at Farragut, Idaho. His detail is that of "manufacturer," he informed his mother in a letter.

The manufacturer prepares such items as 125 pounds of ointment per month, 75 gallons of tincture of green soap, 15 gallons of Elixir of Terpin Hydrate, 12 gallons of gargles, 15 gallons of skin lotion and 125 gallons of saturated solution of boric acid per month.

This is in addition to the preparation of special formulas for special cases.

The manufacturing skill of the pharmacy also has brought into being some new and beneficial developments. Outstanding among these are sulphur gum, penicillin ointment and bone marrow confection.

Sulfa gum was produced to meet a demand for a continuous treatment lasting several hours for throat infections. Bone marrow confection is used to combat anemic conditions, such as granulocytopenia.

Beyer, 25, never had much chance to put his technical education as a registered pharmacist into practical use, entering the Navy shortly after being graduated from Ferris Institute about two years ago.

He plans to return to the drug store operated by his mother, at 165 Liberty street, after he is discharged from the Navy and relieve her and his sister of some of the burdens of running the store.

**Troop 2 Collects Paper Today**

The members of Boy Scout troop 2 will hold their paper collection today, Friday. They will collect in Precinct 4 beginning at 4 p.m.

Those who have paper to pick up are earnestly asked to have it tied and placed at the curb in order to expedite the movement of the detail.

Tom Brunner received his First Class badge at the Troop meeting last week. His brother, Bob, received his Second Class badge at the same time.

Committee Chairman Wilbur Gould is to be highly commended for his loyalty in attending the troop meetings. Gould is sincere in Scouting with the gang and the troop appreciates his attention.

Committeemen Henry Hees and John Blossom are attending the Cub leaders' training course now under way in the Stark school for the benefit of the District 7 Cubbers.

Hees and Harold Schryer, assistant scoutmaster of the troop are instructors in these classes.

In Germany, the number of eggs allowed each individual annually decreased from 86 in 1941 to 24 in 1944. This year, the Nazis hope to hold the ration at 12 eggs or one a month.

### ROBERT MARTIN AMONG WOUNDED MEN AT CAMP DAVIS.

Four enlisted men from Michigan are now stationed at the Convalescent hospital and Redistribution station of the Army Air Forces Personnel Distribution Command at Camp Davis, North Carolina. They are Cpl. Frank P. Dowell, 3041 W. Boston Blvd., Detroit; Cpl. Earl H. Baker, son of Mr. and Mrs. John Baker, 7235 Cahalan avenue, Detroit; Cpl. Robert G. Martin, son of O. P. Martin, 341 Ann street, Plymouth, and Pfc. Frank B. Bierski, son of Mr. and Mrs. Frank Bierski, Kinde, Pfc. Bierski's wife resides at 2227 Medbury, Detroit.

The Personnel Distribution Command, under Maj. Gen. Ralph Royce, has jurisdiction over the redistribution of all air forces personnel. Besides convalescent hospitals and re-distribution centers, the command operates overseas replacement depots, demobilization centers and recruits personnel for the post war air force.

### CORPORAL WALTER SMITH WITH HIGHEST SCORING FIGHTER OUTFIT.

Among those observing the second anniversary in the European theater of operations of the famous 56th Fighter group, highest scoring fighter outfit in Eighth Air force, was Corporal Walter A. Smith of Plymouth.

Cpl. Smith is a member of the service squadron assigned to this crack P-47 Thunderbolt fighter group. He is a machinist in the Station Engineering section.

His group has destroyed 829 German planes—666 in the air and 163 on the ground—the first fighter group in the Eighth Air force to reach the 800-figure. The job which he has been doing has contributed much toward making the aerial missions over Germany a success.

Colonel David C. Schilling of Traverse City, group commander and one of the Air Forces top scorers with 24 enemy planes destroyed in the air and 10 1/2 more on the ground extended congratulations to all the men serving with his P-47 Thunderbolt fighter outfit.

During its two years in the ETO the 56th has flown more than 400 combat missions over enemy-occupied Continental Europe. It was the first fighter group in the ETO to be awarded the Distinguished Unit Citation. Among the top scorers, in addition to Col. Schilling were Lt. Col. Francis S. Gabreski of Oil City, Pa., who destroyed 28 Jerries in the air and 3 more on the ground; Major Robert S. Johnson of Lawton, Okla., who scored 27 aerial victories; Col. Hubert Zinke of Missoula, Mont., who destroyed 17 German planes in the air and 7 on the ground while commander of the group; Major Walker M. Mahurin of Fort Wayne, Ind., with 21 "kills" in the air; and Major Fred J. Christensen of Watertown, Mass., who has 22 aerial victories, six in one day.

Cpl. Smith entered military service June 8, 1943, and has been stationed overseas more than a year.

In civilian life he was a tool and die maker with the Ford Motor company at Dearborn.

His wife, the former Ezell Duke, and 8-year-old son, Walter David, live at 243 North Main, Plymouth. His father, Walter D. Smith, resides at 14370 Northville road, in the same city.

### HELPS RETURN BATTLED AIRCRAFTS BACK INTO SERVICE.

M. Sgt. Chase B. Willett, son of Mr. and Mrs. Myron Willett of 784 Holbrook, with an air service command depot somewhere in England, is one of the busiest of men in the armed forces, according to a news release from England. With the increased fury of air assaults in the final desperate effort to knock Germany out of the war, it is Sergeant Willett's duty to help salvage damaged air equipment. Last year over 28,000 tons of damaged equipment was repaired and returned to front-line combat.

### SEES GOOD MOVIE OVER IN THE ADMIRALTY ISLANDS.

Howard Hunt, better known to his many friends as "Mugs" Hunt, with the United States navy some where over in the far Pacific, writes as follows:

"After about six months I figured it was about time to write and thank you for the Plymouth Mail. I just got my first copy last week and I really enjoyed it. I had sort of lost contact with the old lace and the paper took me back.

"It seemed funny to read the ads and society news. I haven't had the opportunity to get in much society as yet and so far all the money we have had to spend is for cigarettes. Maybe that's a good thing.

"While in the Admiralty islands our ship was lucky enough to see 'Irving Berlins' show 'This Is the Army.' It was really something to see in a place like that. They have an outdoor theatre there that is better than some I have been at in the states.

"We have been all over the Philippines and I thought - - - We just received our Christmas packages today and most of them survived the trip okay. The Mail situation out here is fair. Some letters get here in a week and others take three months.

"I would have liked to see some of the snow you had up there. By now spring is almost here.

"Thanks again for sending the paper out. Guess that now I had better get a little sleep. That's something I never seem to get enough of."

The censor took out a portion of his letter, which is indicated by the short dashes.

### SONS WRITE TIMELY LETTERS TO MOTHER FROM THE PACIFIC.

Jack W. McLean, U. S. Coast Guard, son of Mrs. Erma G. McLean of 9449 Oakview, writes his mother in part as follows:

"It is plenty hot out where I am. I have been transferred from the Planetree to an A.K.A. transport ship. Much bigger and a better ship than the other. If people back home could see some of these wounded men (some who will never get home again) they would not hesitate about buying bonds and writing letters to these boys. News from home means more than food. If they don't get mail, they can't eat. I haven't had a Plymouth Mail in some time. Will you give them my change of address. I won't be able to write again for some time, we're going right in there again."

Paul McLean, Signalman, 1/c, U.S. Navy, writes from a minesweeper somewhere in the Pacific. "Censorship has been altered slightly, so I'll be able to give you some idea as to where I've been. You may not be able to locate some of these, but here is a general list: Solomons, Florida Islands, Russell Islands, Palau, Ngulu, (censored) Islands. These are north of Yap. You can figure out about what type of civilization dwell on these islands.

"We were fortunate once again to get liberty at another 'Fleet Recreation Park.' While there, a group of Marines put on a program. All of them were talented musicians and singers, most of them were from big name bands. Woody Herman and Fred Waring. They played and sang songs and gave imitations in pantomime for two hours. It is by far the best I've seen in quite some time.

"I received a big fruit cake from you, which was really timely, as our noon meal happened to be 'not too good.' So the cake saved the day. Also received another box, dated some time in October, containing shaving cream, check-board, candy, etc. Thanks, these are really appreciated. By the way four Plymouth Mails just arrived one issue late as January. They

may be old, but still good news from home. Had a letter from Jack with his new address. I may have a better chance of running into him on that type of ship. I'll always be looking. Am enclosing some souvenirs. (Jap coins). "Still Rockin' and Rollin'."

### RICHARD HERTER TAKES TIME OUT TO WRITE FRIENDS "HELLO."

Richard Herter, who has been "seeing the world" since he joined up with the fighting forces of the nation, writes a brief note in which he wishes to say "Hello" to everybody in Plymouth. His letter follows:

"I have a few minutes to spare so I thought I would drop you a line to say hello to all my friends back there, through your paper, which I enjoy reading very much, and look forward to receiving every week. I enjoy reading about the old home town, and all my friends in it.

"Since I last wrote I have traveled a bit, and have seen many historical and interesting places like Naples, Pompeii, Mount Vesuvius, and Rome. I had the good fortune to see the Pope at the Vatican City also St. Peter's, which I will never forget as long as I live. It was a beautiful sight that left me breathless with its beauty and vastness. Also visited other famous places in Rome.

"This is one city that reminds me so much of the States, because it was untouched by the horrors of war.

"After leaving Rome I visited the Leaning Tower of Pisa, and had my picture taken holding the tower up, and also rang the bells at the top of the tower.

"I hope you enjoy reading this letter as much as I have enjoyed writing it to you. I wish to thank you again for sending me 'The Mail.'"

### DONALD BLESSING HELPS TO CARE FOR WOUNDED IN PHILIPPINES.

Administering of blood plasma, assisting in surgery, and caring for battle casualties are only a few of the many duties performed by Tech. 4 Donald E. Blessing of Plymouth, a surgical technician with company "S" 108th Medical battalion, a part of the veteran 33rd Illinois Infantry division now fighting the Japs in the Philippines.

Tech. 4 Blessing was inducted into the army on December 14, 1942, attended medical and surgical technicians' school at the 165th station hospital, Nauri, in beautiful Hawaii, received his basic training at Ft. Lewis Washington, was issued the good conduct and Asiatic Pacific ribbons, and has been overseas since July 1943. His parents, Mr. and Mrs. M. A. Blessing reside at 120 Union street, Plymouth. Don attended Michigan State college prior to entering the service.

### HOWARD A. JOHNSON IT ACTIVE COMBAT FOR OVER 600 DAYS.

Howard A. Johnson, cannoner, whose wife is now residing at 109 South Mill street, is a member of the 633rd Field Artillery Battalion whose Long Toms since 1942 have been dealing death and destruction to the Po Valley in Italy. The battalion recently passed its 600th combat day on the Fifth Army front.

The 633rd has pumped 155-millimeter shells into German troop concentrations, bridges, motor transport, gun batteries and supply dumps since it went into action at Fondouk Pass, Tunisia, in the winter of 1942-43.

The battalion left the United States August 6, 1942, served in Scotland, England and North Africa and fought in Sicily, as well as in Tunisia and Italy. It was in combat for 306 days continuously, through the first two phases of the Italian campaign, or until the Arno River line was reached last July.

The outfit has fired in support of 10 American divisions and troops of Britain, France, Poland, New Zealand and India.

The battalion, which came overseas as the 2nd Battalion of the 36th Field Artillery Regiment, was given its present designation in March, 1944.

The 633rd fought in the Kairouan plain and at Mateur in Tunisia. Its A battery landed in Sicily on D-day and was followed at a short interval by the rest of the battalion. A battery and B battery (Continued on page 3)

### News of Our Boys

(Continued from Page Two.)

made three separate amphibious landing movements in the 38-day campaign. A Battery claims the distinction of being the first United States outfit to fire a shell into continental Europe. The round was sent across Messina Strait from Sicily into enemy positions in Italy, August 16, 1943.

Transferring from the United States Seventh Army for a brief period of service with Britain's Eighth Army, the 633rd helped put the umbrella of artillery fire over the Messina Strait which covered the Eighth's invasion of Italy on September 3, 1943.

As a member of the United States Fifth Army, the battalion landed in Italy near Salerno September 22, D-day plus 13 and immediately went into action.

The 633rd helped bridge the Volturno River and was an effective force throughout the long Cassino siege. The big Long Toms were employed in support of the French Expeditionary Corps Moroccan troops during the rapid advance from south of Rome to the Arno river.

After a 30-day rest, their first one in the Italian campaign, the artillerymen participated in operations that bridged the Arno River, carried Fifth Army to the brink of pierced the Gothic Line and of the Po Valley.

Lieutenant Colonel Wayne L. Foltz, Lexington, Virginia, is in command of the 633rd Artillery, replacing a former commander who was killed in action in Italy.

#### SENDS BELGIUM MONEY IN APPRECIATION FOR PLYMOUTH MAIL.

Frank Loomis, well known resident of Plymouth who has been with the armed forces since the war broke out and is now helping to run railway systems in Belgium, on one bright Sunday in March found time enough to write an interesting letter to "Our Boys" page. With it he enclosed some Belgium paper money. What it is worth "ve editor" of "OUR BOYS" page does not know, but he is keeping them as a prize of this war.

The letter from Uncle Sam's Railroad Loomis follows:

"Hello to you all at home, having travelled from England to France and now to Belgium, since last writing to you, I guess that it's about time that I was getting busy, and letting you know that I am still getting all the best news in the world, through the best little old biggest paper in circulation, and am getting my paper as regular as though I were right at home, thanks to you and all of your staff.

"We were located in Cherbourg, after coming to France, shortly after the invasion of the continent and then came to Belgium, arriving here at our present location, on Christmas morning. We had a real fine trip, traveling on our own trains and using our own train crews, the trip taking about three days, and so had an opportunity to see quite a lot of France and Belgium. We are in a very good camp, have real good quarters, and are getting the best of good food.

"The weather here in Belgium, is quite a bit different than that in the part of France we were in. It has been quite nice for the last three or four weeks very little snow and not very cold, with a little rain, now and then. From all back home, have been having a reports, I guess that you folks are all old time winter, but I suppose spring is in the air, by this time and that is the way it seems here.

"This part of Belgium where we are located, is quite a large section, and there is quite a lot

of industrial and farming activities, and the city itself, is one of the most modern and up-to-date, that I have visited. It is more like a large city in the States.

"Have not as yet, had the good fortune to meet any of the home town boys, but I keep up with them, through the Our Boys column, in the Mail, and by all reports all of them are giving a good account of themselves.

"Well, I guess that it about all for this time there just doesn't seem to be much to write about. Knowing that it is not the policy to make a charge for the paper to we soldiers here is a little something as a souvenir, and I am also mailing out today a little something for you, as a token of my appreciation for your kindness in sending me The Plymouth Mail and again I must say to you all at The Plymouth Mail 'Thanks a Million'."

#### ROBERT STEWART NOW AT GREAT LAKES.

Robert B. Stewart, 18, son of Mr. and Mrs. J. C. Stewart, 11401 Auburndale, is receiving his initial naval indoctrination at the U. S. Naval training center, Great Lakes, Illinois.

His recruit training consists of instruction in seamanship, military drill and general naval procedure. During this period a series of aptitude tests will be taken by the recruit to determine whether he will be assigned to a Naval Service school, to a shore

station or to immediate duty at sea.

# Brave little Hearts that will Never Forget!

Hard and cruel have been the lives of young ones in war-torn countries. Children like these—30 million of them—are hungry, homeless, nearly naked. Deaths from exposure are often as many as deaths from starvation. Tuberculosis and typhus run rampant among them.

Never will their brave hearts forget the horrors of war. Never will their grateful hearts forget your gift of the clothing they so sorely need—clothing which now hangs unused in your closet—or reposes forgotten in your attic.

And remember, these pitiful children of today will be our proud partners of tomorrow in keeping the permanent peace we are all fighting for! Isn't their everlasting friendship worth your spare clothing?

America must help clothe about 125 million men, women, and children in Europe alone. This month, America must collect 150 million pounds of serviceable used clothing to take care of part of their needs.

Some of that clothing must be yours—as much as you can spare. Will you do your share today?

### What YOU Can Do!

- 1 Get together all the serviceable used summer and winter clothing you can spare. This includes: Men's, women's, children's, and infants' wear, and shoes. Overcoats, topcoats, suits, dresses, shirts, skirts, jackets, pants, work clothes, gloves, underwear, sleeping garments, robes, sweaters, shawls, and all knit goods. Also blankets, bedclothes.
- 2 Take your contribution to your Local COLLECTION DEPOT now or arrange to have your LOCAL COMMITTEE collect it.
- 3 Support your Local Committee not only with your clothing contribution but also with your time, effort, and energy.

### THE OLD JUDGE SAYS...

"When this war is all over, Judge, there will be some mighty interesting books written about it. Expect we'll learn a lot of things we didn't know before."

"Yes, Fred, when the record is finally written we'll realize what a gigantic operation this war really was and how important to final victory many factors really were."

"Take, for example, just one industry. Few people realize the importance of the great work done by the beverage distillers during the war. A high government official

called it 'an almost unparalleled example of the overnight conversion of an entire industry from peace to war.' He also said not so many months ago, while speaking about synthetic rubber, 'It is fair to regard the rubber manufactured to date as being almost solely the product of the beverage distilling industry.' That's the type of thing I have in mind... the way great American industries at home cooperated to help our brave fighting men abroad."

"I see what you mean, Judge... a complete history of American teamwork."

**Editor's Grandson Gets Early Start; Finds Stolen Loot**

Young Randy Eaton, 4, is starting young to follow in the footsteps of his father and grandfather if his exploit of last Saturday afternoon is any criterion.

The son of Sterling Eaton, business manager of the Plymouth Mail, and grandson of Elton R. Eaton, editor of the paper, was playing in a vacant lot across the street from his home at 1294 Maple, when he made a startling discovery.

He found what he thought to be a typewriter among some bushes and when his sister, Cynthia, 10, and her playmate, Susan Wesley, 9, daughter of Mr. and Mrs. Robert O. Wesley of 505 McKinley, came along they helped him carry it into the Eaton house.

When his father came home that evening, he discovered it to be a new \$165 adding machine-cash register. So he immediately called Police Chief Lee R. Sackett.

Sackett responded and said it was the cash register stolen from the Perfection Laundry when it was broken into the night before.

The burglar got only \$14 in change for his troubles and caused a lot of inconvenience to the laundry by breaking open the register, the breaking and entering, third in three days of a wave which has caused police some worry, occurred between 9:15 and 10:15 p.m. while Ken Corey, proprietor of the establishment, was out.

Sackett attributes the wave to juveniles and urges that parents see that their children are engaged only in approved pursuits, and know where they are at all times.

"In most cases of breaking into stores," he said, "parents don't realize what their children are up to. And they're the last to believe it of their children when they do get into trouble."

He said the police have a good idea who has been perpetrating the latest string of breaking and entering and expect to bring the culprit to bay very soon.

All of the robberies took place in business establishments. Not much was taken in any of them.

**Camera Club To Hear Expert**

John Maykar of Dearborn, well known amateur photographer, will speak on child photography before Plymouth camera club members and friends Monday evening.

With less than four years as an amateur, he has made a name for himself, winning awards in many exhibitions and in international salons.

For those interested in children and in child photography this meeting is an unusual opportunity to acquire additional technical information on the subject.

The club's print night in March featured tabletop pictures. Some rather unusual and cleverly designed prints resulted. Three of this group of pictures have been on display in Davis and Lent men's store.

The April print night which follows the above meeting has as its theme, "Rain, Fog or other Spring Time Scenes."

**To Celebrate 50th Anniversary**

Mr. and Mrs. Nelson D. Taylor will celebrate their golden wedding anniversary Sunday, April 15, with open house from 2 until 6 o'clock in their home on Ham-mill street, Plymouth.

Mr. Taylor was born at Mead Mills which is now known as Waterford and was with the Pele Marquette Company for 29 years as telegrapher and agent. In 1893 he married Matie Stewart, of Northville to whom four children were born, with one son, Major, of this city, now living. They resided in Alma for 18 years before coming back to Plymouth 15 years ago.

Mr. and Mrs. Taylor will entertain at a family dinner Sunday preceding the open house. They hope many of their old friends will call during the afternoon.

When his father came home that evening, he discovered it to be a new \$165 adding machine-cash register. So he immediately called Police Chief Lee R. Sackett.

**Walled Lake Opens Today**

Walled Lake Park announces the opening of the summer season—starting with four pre-season week-end sessions before the grand opening on May 11.

The first pre-view will be today tomorrow and Sunday, and will be followed by every Friday, Saturday and Sunday until May 11, when the big resort will swing into daily operation.

Roller Skating will be the big feature in the early openings. The large rink has been redecorated and put in first class condition.

New music equipment has been developed during the winter months and is now ready.

Nothing is less selfish than a desire of fame since its only sure acquisition is by laboring for others.

**Champe, Schrader Meet in Pacific**

Two well known young men from Plymouth recently had the pleasure of meeting "somewhere in the Pacific" for the first time (either had seen anyone from home since going overseas).

They were Lt. Edwin A. (Bud) Schrader, 34, who was en route home, and Lt. (j.g.) Bob Champe, 27, who was just beginning his Pacific tour of duty after nearly a year in the Mediterranean.

Bud, whose father, the veteran funeral director Fred D. Schrader, died recently, had been overseas 19 months. He enlisted December 9, 1942.

Bob, son of Dr. Brick Champe, the dentist, has been in service about a year and a half. He said he saw someone walking along who looked like Bud Schrader — and it was.

Bud said in a letter to his wife describing the meeting that Bob looked fine but he was glad it was Bob and not he who was beginning his Pacific tour of duty.

Bob has been commanding a PT boat, while Bud has been serving on an LST. Both have seen plenty of action.

The regional meeting of the Home Economics club of Michigan will occur at Rochester High School, Saturday, April 14, at 9:30 to 4:00. Activities of different Michigan clubs in which the girls have participated throughout the year will be discussed. **WHAT CAN YOU SPARE THAT THEY CAN WEAR?**

THE VERY LIVES of multitudes in war-torn countries depend on the filling of their desperate need for clothing.  
given all but life itself toward the same lasting peace we all are fighting for.  
Let's get it out—and send it off—NOW!

The demands of America's armed forces and civilian needs are so great that only a small amount of new clothing can be spared for overseas relief.

But all of us can spare some serviceable used clothing—to provide the 150 million pounds that must be collected this month for that purpose.

In the clothes closets and attics of America's homes is enough usable, spare clothing to help care for the 125 million men, women, and children—in Europe alone—who have

### Spelling Bee Next Friday

District Four of the Metropolitan Spelling Bee sponsored by The Detroit News, consists of Canton, Livonia, Northville, Plymouth and Redford townships.

Next Friday afternoon at 1:30, approximately 30 contestants from these townships, under the direction of Geo. A. Smith, superintendent of schools and chairman of the districts, will compete in Central grade school for the district championship.

Plymouth's three contestants are:

Vivienne Bellisle, 6A pupil in Ruth Eriksson's room in Central grade school, Vivienne's parents are Mr. and Mrs. Theodore Siefhoff, of 1041 Brush street.

Barbara Alexander, 5A pupil in Helen Farrand's room in Starkweather school, Barbara's parents are Mr. and Mrs. George Alexander, of 15600 Beck road.

Keith Miller, 8A pupil in Mrs. Muriel Gilder's room in the Junior High School, His parents are Mr. and Mrs. Peter Miller, of 50179 East Ann Arbor Trail.

"The Spelling Bee is a real event for the grade and junior high school pupils in this area," said Smith. "Students having spent many many hours in preparation for the room contest, district contest, and finally the school contest, in selection of champions to compete in the district contest."

"The stimulation of good spelling is a very worthwhile project and leaves a value for hundreds of boys and girls who do not reach the final district bee."

### Hoffmaster Asks More Conservation

A rear capacity turnout of members of the Western Wayne County Conservation Association last week, heard P. J. Hoffmaster, director of the Michigan conservation department, make an eloquent plea for preservation of the State's abundant natural resources.

Conservation has had a great deal to do with the winning of the war, he told the audience assembled in the Masonic Temple. The ing in regards to conservation, he public still needs a lot of education.

He urged that the members make themselves heard by the legislators as to their wishes in regard to conservation. He described woods and waters as replaceable natural resources while iron ore, oil and coal are irreplaceable.

Both water and wood depletion, he said, can be combated effectively through reforestation. Much of our natural resources already has been saved through conservation, he asserted.

Secretary Ernie Henry announced the election of the following new officers: Elton B. Eaton, vice president to replace Hugh Horton. Re-elected were Dr. Brick Champe, president; Ernie Henry, secretary; Jack E. Taylor, treasurer and William Gavie, John Crandall, Harry Rackham, Ezra Rotnour, William Morgan, Floyd Hopkins, Charles Messmore and Russell Powell, directors.

The fish frying chores were presided over by James Latture.

## Give What You Can Spare

Residents of the Metropolitan Area will be asked to donate 10,000,000 pounds of good used clothing for the war victims of Europe and Asia between April 1 and 30 when the United National Clothing Collection will be held in this city.

Backed by Rotary, Kiwanis and Lions Clubs and with participation by AFL, CIO and about 50 war relief organizations, the drive is operating locally under a general committee headed by Prentiss M. Brown, chairman of the board of the Detroit Edison, who has been named general chairman.

During April drop-in boxes and collection stations will be set up so that residents of this area may leave bundles of clothing to be picked up by the committee.

The types of garments needed include men's and boys' coats, suits, underwear and shoes; women's dresses, coats, underwear and shoes, and the same items of clothing for girls. Women's hats, tuxedos, evening dresses and dress suits cannot be used, Brown pointed out.

Contributors are asked to give only serviceable clothing and to see that cotton and other washable materials are washed. Woolens should be in good repair and shoes should be tied securely together in pairs.

### Play Setup Gets Elliott's Attention

With the advent of warm weather the fancies of City Manager Clarence H. Elliott have lightly turned to thoughts of recreation.

Elliott said he would confer shortly with the Board of Education and Township officials concerning the summer program.

He expects this year's recreation program to be similar to last year's when the city, schools and township cooperated in one combined setup.

## Double Quartet Deeply Impressed by Trip to Percy Jones Hospital

Older in experience, but tired and happy from a swell job well done, Plymouth High School's Girls' Double Quartet returned to town last week after having entertained veterans in Percy Jones hospital, in Battle Creek, for nearly three hours.

The popular music group, under the direction of Clarence A. Luchtman, visited about 10 wards and entertained more than 1,000 of the patients with their renditions of popular and classical music.

Most of the numbers were sung on a request basis. Luchtman passing out cards to the wounded and maimed veterans to select from. The girls sang solos, duets, quartets and, as a group.

Among the most popular songs, they said, were "Saturday Night," "The Lord's Prayer" and "Too-ra-Loo-ra-Loo-ra-l." As a result of their fine performance, they have been invited to return.

The girls were most impressed by the wonderful spirit and morale of the soldiers they entertained, most of whom were minus an arm or leg or somehow maimed. Most of the soldiers the girls visited were bedridden.

"It was somewhat of a shock at first when we walked in and saw those poor boys," said Mabel Vickstrom. "But we soon got over that when we saw their wonderful morale. They were laughing all the time!"

"Not at us, but because they were happy," quickly interposed Luchtman.

"It was really surprising," said Betty Arigan, "at how cheerful they were in spite of their handicaps. One of the boys, a sort of unofficial guide who was minus a leg, asked us 'What do you think of all these cripples?' At which the veterans all laughed.

"This fellow was quite an artist and showed us some of his work. They all were quite active in handiwork," she said.

Pretty Ann Watkins admitted she had enjoyed it when that "cute blond boy winked at me." She also said the girls were quite thrilled when the boys all whistled and cheered when they arrived.

"The boys all were so happy and full of fun," Miss Watkins said. "Why Doug (the unofficial guide) even asked me what I was doing Thursday, Friday, Saturday and Sunday night."

"They also said they envied Mr. Luchtman his job and some promised that they would enroll in Plymouth High when they're released."

Mary Rolen, the pianist, told how the boys even offered the girls some cigarettes, which, of course they demurely refused — which broke poor Luchtman's heart.

Jacqueline Bothwell was impressed by the apparent youth of many of them. "Why there was one boy there who didn't look a day older than 13," she said.

"They couldn't believe we were only high school girls," said Mary Ann Cylk. "And believe me, after that day at the hospital, we all must have gained at least five years in experience."

She told of Mike, who had his leg off at the knee. "He joined us near the end of our tour and bought us all cokes. He expressed the unanimous wish of all the boys—that they could be back at the front."

The girls all agreed that the boys especially liked Ruth Campbell.

"The worst part of all was leaving," said Miss Vickstrom. "They were all so hospitable and cheerful. They made us feel right at home. Time passed too fast."

"Everybody was tired and happy when they got home," said Luchtman. "They knew they had really accomplished something that they'd really done something for the boys who have given so much for us."

## Lieut. Erdmann Is Wounded

Mrs. Roy G. Erdmann, the former Madeline Sallow, has been advised that her husband, Lieut. Erdmann, with the United States forces in Germany, had been wounded and taken to a hospital in England.

The first message did not state what his injuries were, but subsequent information revealed the fact that he had apparently been hit in the legs by machine gun bullets, some of the bones being badly shattered.

In his letter he said he expected to be in a hospital for sometime.

## Saw Schrader's Ship Three Times

Oscar Matts, who has been in the southwest Pacific for two years and is now enjoying a brief leave of absence with his relatives and friends in this vicinity, three times saw the ship on which Lieut. Edwin Schrader is serving, but was not able to communicate with him.

"Once we were anchored less than a block apart in the same harbor, but to go to his ship I would have had to go to shore first. Out there you never know when the boat you are on is going to pull up anchor and move, so I didn't dare take the chance to try and get over to his boat," said Schrader's brother.

"At another time his boat passed within just a few hundred feet of the one I was serving on. I tried to signal him, but for some reason we could not make connections."

"Bud has been right over there where I have been a good share of the time and I know his boat has taken part in many of the invasions that have taken place."

Sailor Matts goes to New York this week for re-assignment.

## Schedule for Ferry Service

State Highway department ferries between Mackinaw City and St. Ignace will begin operating on Central War Time Monday, April 16, when the new spring schedule goes into effect. Highway Commissioner Charles M. Ziegler announces. The winter schedule has been operated on Eastern War Time.

The state-owned ferry, City of Cheboygan will replace the icebreaker Sainte Marie, chartered by the Highway department for the winter run across the Straits, when the spring schedule is started.

Following is the new spring schedule effective Monday, April 16: Leave Mackinaw City at 7:30 a.m., 10:30 a.m., 1:30 p.m., 4:30 p.m., 7:30 p.m., and 10:30 p.m. Leave St. Ignace at 6:00 a.m., 9:00 a.m., 12:00 noon, 3:00 p.m., 6:00 p.m. and 9:00 p.m.

The spring schedule will remain in effect through June 15, 1945. The summer schedule with two boats operating on a 24-hour basis, will go into effect June 16 with the following departures, also based on Central War Time. Leave Mackinaw City at 6:00 a.m., 7:30 a.m., 9:00 a.m., 10:30 a.m., 12:00 noon, 1:30 p.m., 3:00 p.m., 4:30 p.m., 6:00 p.m., 7:30 p.m., 10:30 p.m., 1:30 a.m., 4:30 a.m. and 6:00 a.m. Leave St. Ignace at 6:00 a.m., 7:30 a.m., 9:00 a.m., 10:30 a.m., 12:00 noon, 1:30 p.m., 4:30 p.m., 6:00 p.m., 7:30 p.m., 9:00 p.m., 12:00 midnight, 3:00 a.m. and 6:00 a.m.

**GAS the wonder-FUEL in the home DOESN'T COST... IT PAYS!**

**CONVENIENT?**

It wasn't so many years ago that hot water for use in the home was a real problem. The method of supplying it of course was to pump it, carry it to the stove, wait until it was heated and then use it as needed. Of course this was a dependable method but we could hardly call it convenient.

When we think of dependable, convenient hot water service today, most people think of the gas-FREE, automatic, gas water heater. Day in and day out, 24 hours a day, without attention or worry and at the turn of a faucet it provides hot water for all family use. Dependable gas service will bring you even greater comfort and convenience when the new improved gas appliances are available after victory.

**Design V-17—Modern Cape Cod Houses**

The Modern Cape Cod Houses, built all over the United States, have proved their livability and popularity. They breathe the charm of old Cape settlements; they carry one back to the tree-lined streets of New England where home was home and where fine character was bred.

As they nestle down 'mid tall trees surrounded by well kept lawns, they attract the attention of every passer-by and create in the heart of most Americans the urge to own just such a home.

The present cherished Cape Cod houses are the outgrowth of the older houses built by a very practical, home-loving people who, seeing from England, built their homes in the Cape colonies, retaining many of the details of the medieval English cottage.

There is a tremendous amount of house built into one of these modern Cape Cod types, and as you pass through the low entrance door to the warm welcome of the inside, the livability of the house immediately becomes apparent. Low ceilings, pine paneling, huge fireplaces, wide plank floors, chintz curtains and maple furniture create an informality and simple dignity that is hard to equal.

All these home-loving instincts have been recreated in the lovely Cape Cod houses. Each house has a unique interest and a different floor plan. Each will make a wonderful home.

### Miller Wins Spelling Bee

Keith Miller, 8A student, won the school contest by spelling the word "machinist" correctly. Edson Whipple was the runner-up. The last four Margaret White, Shirley Hawkins, Edson Whipple, and Keithe Miller remained standing some time before they were defeated.

The Wayne County District spelling bee including all schools of Canton, Livonia, Northville and Redford townships will be held at Plymouth high school, April 20, at 1:30 p.m.

### Band Presents Outside Concert

The high school band under the direction of Mr. Clarence Luchman will present a spring concert at Livonia Center Monday, April 16 at 7:30. The drum majorettes will also take part in the program.

### Freshman Baseball Recruits Needed

Freshman baseball is getting under full swing. Six games are scheduled in the league. All freshmen are invited. Who knows, you may be a Babe Ruth undiscovered. Please report to Coach Hendrick.

### Livingstone's Music At J-Hop

Larry Livingstone's orchestra, which did so smooth a job last year, will present the music for the J-Hop on April 20. Larry has become very popular in Detroit for dance engagements and the dancers will enjoy his music. No one outside the class or guests of a member may attend without an invitation. Please call the school if you need one.

### Senior Sketches

The boy claiming the honor of being the youngest senior in the class is Robert Minock, son of Mr. and Mrs. Robert Minock, 9639 McClumpha road. Bob has been active in golf, Hi-Y, Drama club, Spanish club. Senior play and is a Student Council member of the senior class, and worked on J-Hop Senior prom and Christmas concert committees. He just can't stand crooked seams or baggy stockings on a girl, and he dislikes to read. His favorite food is huckleberry pie. After graduation Bob hopes to join the Navy. When asked her favorite movie star, Elaine Zobel, daughter of Mr. and Mrs. G. J. Zobel of 15110 Farmington road, quickly replied, "Van Johnson." Elaine, who is pursuing a general course, enjoys roller skating but lists "waiting" as her pet peeve. Her accomplishments are member of a J-Hop committee, senior annual staff. Her after graduation plans are as yet undecided. "I just love anything that is chocolate," said Fay McPhall, daughter of Mr. and Mrs. Alvah McPhall, 8147 Ravine Drive. Fay has been active in sports and has worked on Senior play and J-Hop committees. She has been taking strictly commercial subjects and hopes to become a secretary. Kathryn Last, daughter of Mr. and Mrs. Harold Last of 8649 Napier road, likes to write letters and to cook. She is taking a general course.

### Here and There

Miss Lovewell, Miss Olmstead, Miss Schultz, Mrs. Dalton and Mrs. Costa, went to see Miss Olson who is at the home of a friend in Detroit after her hospital days, Wednesday, April 4. Nancy Kunkel, Norma Rhode, Shirley Littlefield, Arlene Wagenschultz and Barbara Fallon went to Detroit for dinner and the show at the United Artists last Friday. Doris Merritt was the guest of her cousin, Wanda Merritt, over the Easter weekend. Marion Bakewell held a surprise birthday party Thursday, March 29 for Vivian Andrewson. Wanda Hunt, Marjorie Kahler, June Bassett, Marjorie Bassett, Beverly Bovee and Madelyn Allen helped her celebrate. Mr. Walter Osgood talked to the Camera club April 3 on camera usage. He explained several of the types of cameras and lenses and how to get the correct focus. He also showed several of his prints.

### Fritter Dream Comes True

Mrs. Kordon has waited sixteen years for one of Mr. Smith's fritter fry, a privilege which she enjoyed when he fed the 78 teachers to his famous fritters and maple syrup on April 4.

Back in 1929 Mr. Smith took over the coaching of the debate team when the coach had a nervous breakdown and promised the team who was preparing for the elimination contest with Trenton, that if they won the debate he would cook them some of his famed fritters; if not they would have dinner at the hotel. The long and short of it is they lost the debate, had dinner at the hotel, and Mrs. Kordon, then Alice Gilbert, has been waiting for a chance at his fritters ever since.

This fritter fry used to be an annual event that the staff looked forward to. The tables, decorated in green and white with vases of forsythia, were set with stacks of fritters and huge pitchers of maple syrup. The place cards, most appropriately read "For Auld Lang Syne."

### G. R.'s Select Theme for Banquet

The theme for the Girl Reserve Mother and Daughters' banquet, May 10, is to be a musical one. This theme will be carried out by musical table decorations and programs.

Mrs. Margaret Chase Johnson, of the Extension service of the University of Michigan, general speaker will talk on some phase of family relations.

### Jeanette Brown Wins A Record at M.S.C.

Jeanette Brown, of Lansing, was among 29 students at Michigan State college who achieved all-A averages in their winter term studies, according to Robert S. Linton, college registrar.

Miss Brown, a graduate of Plymouth high school, is a senior in the school of science and arts. In addition to her scholastic activities, she is a member of Tau Sigma honorary, the woman's glee club, and Phi Kappa Phi, national scholastic honorary. Jeanette's father, Gilbert Brown, is also a graduate of Plymouth.

### Oscar Wins Rabbit Race

Yes, Oscar won the contest held by the Girl Reserves to provide entertainment materials for hospital, and practical goods for wounded soldiers at Percy Jones the American Friends association. Pat Isbell, chairman of the winning team, had as her helpers Betty Schumacker, Inez Daniels, Velma Kautz, Beverly Houk, June Venus, Jeanne Tuck, Betsy Ross, Carolyn Rolin, Rosemary Gutrie and Helen Fisher. Each team had a rabbit with a name, hence the title "Oscar."

### Camera Klick Clicks

The Camera club will present its first dance tonight with Freeman Hover as general chairman with all the other members working on the remaining committees. Coke and potato chips will be on sale during intermission. Ray Gardner's orchestra will play.

### Extension Cords Needed for J-Hop

The lighting committee of the J-Hop would like all the extension cords the juniors can find. The cords should be tagged and turned in to Miss Lickly's room.

The stars for the ceiling of the J-Hop, April 20, have all been out. Now the juniors have the job of painting them. The anteroom will be decorated with palms, flowers, a couch, a table, lamps and artificial grass. Get your date for the dance; come early and stay late.

### Free Throws

A member of the track team when asked how they did in Ann Arbor said "We came in fifth." How many teams were there— "Five."

Well I am glad George Valrance finally got enough money for a brush cut. He has been saving his pennies for weeks.

If you want to get Clarence Hoffman angry, just ask him if he thinks women are good drivers. The measurements for caps and gowns have been taken by the Seniors and the shortest girl is Jane Johnston who is 4 ft. 11 in.; the tallest girl is Madelene Simpson who is 5 ft. 10 in. The shortest boy is Ralph Bachelder who is 5 ft. 7 in.; the tallest boy is Bernard Birt who is 6 ft. 2 in.

Hitler is having kittens; Yes, Bob Simmons cat, named "Hitler" because of its black mustache, is a mother.

### Class News

The biology department has a new microscope which projects the specimen on a beaded screen so that protozoa, plant, and animal cells are about three inches in diameter. This new projecting microscope completes the biology equipment making it as modern as any in the state. The screen standard is automatic without set screws and the beaded screen brings out the three dimension.

The annual was completed and put in the hands of the printer the first of this week. It will be ready for distribution about the first of June.

The Hesco club held a "Truth and Consequences" program at their social meeting two weeks ago.

The Spanish II class provided a one-act Spanish skit for the entertainment of those present at the Senior dance Friday, April 6.

The fourth hour art class is beginning to make third dimension posters while the advanced third hour students are beginning charcoal portraits.

The typing classes are still without their regular teacher, Miss Olson, but it appears the substitute is doing a fine job. The highest 5-minute speed test has been attained by Phyllis Lee who has a rate of 58 words a minute.

Mr. Smith's Economics class has been studying the history of banks and currency in the United States.

The third hour public speaking class is studying the fundamental rules in debating and next week the students will give debates. Mrs. Moran's 7th grade homemaking class made decorative center pieces and favors for Easter parties. These consisted of candy, rabbits, eggs. The homemaking one girls including Betty Baker, Mary Richwine, Mary O'Neil, Marjorie Wolfson, made an outstanding centerpiece with the world globe in the center with people made of eggs placed around it.

The girls of Miss Lundin's homemaking III class are working in local stores to gain job experience. Each girl works one hour a day for five days. While several are doing this, the rest of the class remodel hats and make other spring accessories.

### VICTORY'S SONS

FOR 70 HOURS naval guns and bombing planes had been blasting the Jap positions in the Marshall Islands. Then the Marines, waiting tensely in landing craft offshore got the long-awaited order to rush the beaches.

Among those who leaped ashore on Kwajalein atoll was First Class Private Phillip Givan, a 19-year-old farm lad from Indiana, known to his comrades as "Zeke."

Zeke got separated a few yards from his platoon, and found himself facing a pillbox. Japs leaped out and came running toward him, screaming some sort of war cry. Zeke calmly took aim and fired. The leader dropped, but the others kept on coming.

Now his intensive training on the rifle range came into play. Firing as fast as the action of his semi-automatic rifle would operate, Zeke put bullet after bullet into the advancing Japs. Men after men stumbled and lay still.

Then with startling suddenness the battle ended, and the remaining Japs retreated. A lieutenant and corporal dashed up to Zeke and began counting... "Thirty-five dead Nips!"

### WARNING

To All Who Are Dependent On Furnace Heat for Next Winter.

Last year it seemed that everybody waited until the cold weather struck before giving their furnaces the attention they required. Our phone kept ringing with frantic last-minute calls for repairs and service; naturally, we were swamped with work, and many homes had to suffer the cold inconvenience of waiting their turn. If you wish to avoid this hardship, now is the time to have your heating system inspected. To delay simply means that you will have to take your chances on the scarcity of materials and manpower. It may be that your furnace needs only slight attention, something that we could take care of now in a matter of minutes—but which would require weeks to get at during the rush period. We want to give you the best possible service, no matter how big or small the job, and your cooperation in calling us now will be to your benefit. Don't let next winter catch you with your grates down!

### Babson Says --

Babson Park, Mass., April 13— "Mr. Babson, I have sold my business, where can I invest the proceeds?" "My wife and I are getting along in years, in what can we invest our money so that we will be assured of a moderate income for the rest of our lives?" "I have just inherited \$5,000, how can I double this money quickly?" These questions are typical of the many asked me from week to week. Behind each lies the instinctive desire of all human beings for self-protection.

**Know Yourself**  
Before entering upon an important venture—and certainly before buying any stock—it is imperative that you know yourself. Self-control, patience and courage are essential to success. Have you the self-control to follow a strict investment policy? Do rumors and minor fluctuations fail to sway you? Have you the patience to hold your funds liquid until a real bargain comes your way? Do you resist jumping into a bull market in the hope of scalping a few points' profit on the advance? Have you the courage to buy when the news is pessimistic and everybody about you is selling? Will you sell when stocks are on the upgrade and everybody is talking about the new highs to be reached?

If you can answer "Yes" to each of these questions and if you have some extra money to invest, you have the attributes for becoming successful. Then you can determine your own particular needs and select a diversified group of securities which will meet these requirements. After you have purchased your securities, do not be concerned over day-to-day fluctuations. Avoid jumping from one stock to another in the hope of picking a few points' profit here and there. Do not follow the crowd. Always bear in mind that in finance the herd instinct is fatal.

**Selecting Your Company**  
Before buying any stock you should decide what you expect of it. In the case of the man who has sold his business, the chances are that he will want to own stocks that will appreciate in value. Therefore, he would do well to buy into a young industry—possibly television, plastics or electronics. To the elderly couple who want income, I suggest "Series C" government bonds and the securities of well-established companies with a good dividend record and a promising future. To the young person who has inherited the \$5,000 I say "The stock market is no royal road to easy money. A horse race would be just as good a bet and might prove more exciting."

The investor should carefully study the trend of the market and the outlook for the industry into which he plans to buy. This shows when to buy. He should next analyze the various companies in that industry. He will then select that company which is making the most progress. This company need not necessarily be the largest in its field nor, perhaps, the oldest, but it must be well managed and active. Pay particular attention to the personnel. Remember that the future of every company will depend upon the character of the individuals who control and manage it.

**"Tips" You May Accept**  
Approach the stock market in an intelligent manner. Follow the lead of successful institutions and buy the securities they buy. You can determine this by studying reports of insurance companies. Learn to swim before venturing into deep water and above all be wary of tips from well-meaning friends. Even in the rare instances where such a tip makes good temporarily, it usually leads to loss in the end because it is based on ephemeral rather than fundamental factors. The successful investor must know what to buy or sell, as well as when to buy or sell.

### Lecturer Has Aleutian Films

"Pathway for Invasion" the motion picture lecture that will be presented here April 23 and 24 at the high school auditorium by Ben East, Grand Rapids outdoor writer, under the sponsorship of the Holy Name Society of Our Lady of Good Council Church will tell in natural color film the story of the Aleutian Islands that Japanese landing forces converted into a major theater of the Pacific war last June.

Through June of 1941, less than six months before Pearl Harbor, East and his wife cruised along the southern Alaskan coast and through the Aleutian islands aboard the United States motor-ship Brown Bear of the Fish and Wildlife Service. Extended every possible co-operation by that service and the Alaska Game Commission they saw many things not available on established lines of

tourist travel.

They watched Alaska in the final stages of making ready for war, visited defense bases, Alaskan towns and cities, native Indian villages and the lonely islands where the Japs landed less than a year later.

The picture, taken entirely in Kodachrome film, begins at Ketchikan in southeastern Alaska and ends on Attu island at the extreme western end of the Aleutian chain.

Blue-white glaciers, snow-capped mountains, smoking volcanoes, dead craters, incredible sunsets, the vivid wildflowers of treeless Aleutians, the villages and cities of Alaska and their people pass in swift review as the story unfolds.

The harvesting of Alaska's \$50,000,000 annual crop of salmon and the taking of salmon on a light flyrod are among the highlights of the picture.

Two Aleutian villages now destroyed by war, Atka and Attu, are shown as they appeared in the last summer of peace.

### 25 Years Ago

News items of a quarter of a century ago taken from the files of The Plymouth Mail.

There will be a meeting of base ball enthusiasts at the village hall, Monday evening. Everybody who is interested in having Plymouth represented by a good ball team, should be present at this meeting.

H. W. Bradford of Canton entertained at Easter dinner the following guests: Mr. and Mrs. Calvin Whipple and daughters of Plymouth; Emil Bradford, D. C. Bradford and Mr. and Mrs. J. H. Hanford of Detroit.

A crew of about fifty men began work on the new sanitarium to be erected west of Northville. The first structure to be erected will be a mess hall where the men employed on the job can be served their meals. After this has been completed work on the foundations for the buildings will be pushed rapidly forward.

Joseph Tracy will sing "The Holy City," at the Baptist church, Sunday evening. Miss Young's accompanist.

Little Carrie Gorton is spending the week with her grandparents, Mr. and Mrs. A. D. Ford, at Romulus.

Evered Joffille and Supt. G. A. Smith attended a meeting of superintendents and school board members at Ann Arbor, Tuesday. Little Clinton, son of Mr. and Mrs. Albert Sockow, fell from his express wagon while playing and cracked his collar bone, the latter part of last week.

Lansing—A proclamation issued by Governor Sleeper calls upon all communities to adopt eastern standard time during spring and summer.

In spite of the snow storm and severe cold, there were quite a few out to church, Easter Sunday. Albert Stevens has purchased the Hix residence on Ann Arbor street, and will move to Plymouth this spring.

Howard Johnson, eldest son of Mr. and Mrs. Charles Johnson, formerly of Stark, was united in marriage to Miss Iva Egloff of Detroit, Tuesday, April 8, at the home of the bride's parents, in northern Michigan.

John Amrhein and family moved into their new home on Starkweather avenue this week, the house recently occupied by Mr. and Mrs. E. N. Passage.

The Misses Elsie Hartung and Dorothea Livrance have taken positions with the D. M. Ferry Co., Detroit and commenced work Thursday morning.

William Wood, who has been in the employ of the Dime Savings Bank, Detroit, for the past year, has given up his position there and has taken a position in the Plymouth United Savings Bank. He will commence work the first of the week.

Miss Anna Harer, Mr. and Mrs. John Higgins and father, C. E. Maynard attended the shower given the latter's grandson, Howard Johnson and fiance at the home of his parents, Wednesday of last week. The young couple received a number of beautiful and useful gifts.

... Timely items of interest and value... helpful suggestions about cooking, lighting and appliance use.

**WHY SAVE ELECTRICITY?**... The "brown-out" ordered by the Government stresses the need for saving electricity to save coal. If anybody doubts the urgency of this program, here are some convincing figures: Last year—to supply customers' requirements of electricity—The Detroit Edison Company alone burned one ton out of every 200 tons of coal mined in the entire United States. Of 620 million tons mined in 1944, three million were burned in Detroit Edison plants. The facts speak for themselves. To conserve coal, conserve electricity wherever you can, as much as you can.

**"-CANNED IN TOMATO JUICE"**... This fall you may enjoy something new and different from your Victory Garden: snap beans, peas or asparagus put up by home canning methods and preserved in tomato juice. Vegetables preserved in this fashion are pleasing in taste and have a greater vitamin C content. The tomato juice may be used without dilution, or water may be added up to an amount equal to the juice.

**SUGAR SAVER**... Our Home Service Department recommends this tasty dessert using little sugar and shortening:

- Chocolate Chip Pudding
- 1/4 cup shortening
  - 1/4 cup sugar
  - 1 egg, beaten
  - 1/4 cup dark corn syrup
  - 1 1/2 cups sifted all-purpose enriched flour
  - 1/2 tsp. salt
  - 2 1/2 tps. baking powder
  - 1/4 cup milk
  - 2/3 cup chopped semi-sweet chocolate, or chocolate bits

Cream shortening and sugar. Add egg and beat well. Add corn syrup and beat thoroughly. Sift flour with salt and baking powder, and add to creamed mixture alternately with the milk. Add chocolate. Pour into a well greased 8x8x2-inch square pan. Bake in a preheated 350° F. oven for 35 minutes. Serve with toffee sauce. Serves eight.

Don't waste electricity! Conserve it to save coal

**KITCHEN CRAFT**... Instead of scraping or paring carrots, scrub them with a stiff brush. Besides being easier, this method saves the vitamins and minerals.
