

# THE PLYMOUTH MAIL

Vol. 57, No. 35

Plymouth, Michigan, Friday, May 4, 1945

\$2.00 Per Year in Advance

What I Think and Have a Right to Say  
Evan R. Eaton

## THE END OF THE LEGISLATIVE SESSION.

The regular session of the Michigan state legislature has ended. It will be a few months before one fully knows how extensive will be the benefits of the session. Some good will come out of it. Little that was really bad was enacted into law. One sneak piece of legislation temporarily got by. Of this more will be said later.

Public schools were aided, but not to the extent they should have been. Cities, villages and townships will benefit in a financial way, whether they need aid or not.

To properly consider all legislation presented, another two months should have been devoted to the session. But there are some members who start talking about going home almost before the session starts. So, longer sessions are out of question, for the present at least. All in all the session was a conservative one. Some wild-eyed bills were presented by two or three of the new members, but they didn't get anywhere. On the whole, however, Michigan will benefit by the session which has just ended.

## PLAN NOW FOR A SERIOUS FOOD SHORTAGE.

With the war in Europe at an end, or nearly so, do NOT for one minute think the food situation is going to be eased. The troubles of today in getting the food you need to eat are nothing compared to what you are going to be up against this winter and next spring.

We are not a pessimist, but we believe we can read the handwriting on the wall. If we are to help keep millions and millions of men, women and children in Europe from starving to death this winter, we must share with them a portion of our food.

But even though we do not provide them with all they should have, the need is going to be tremendous. So prepare NOW to aid yourself and OTHERS TOO!

## WHAT A SHAME!

The little two year old son of an American soldier fighting in Germany came to the office of The Plymouth Mail Saturday afternoon with his mother. As she transacted her business, the little fellow played peek-a-boo, hide-and-seek among the desks, greeted other visitors with smiles and a wave of his hand, and as he left said "O.K." to everybody.

Isn't it a shame that so many hundreds of thousands of young fathers cannot be home to enjoy the happiness that little, growing children bring to the home. What a priceless sacrifice these young fathers are making for their country.

And still we have those who are living at home in security and plenty made possible by these suffering young fathers, who protest against investing their dollars in government war bonds and strike in war munition plants upon the slightest pretext. But thank God we have few of them in Plymouth.

## WHAT OTHERS THINK.

Readers of The Plymouth Mail may sometimes wonder what other newspapers have to say about some of the subjects that are discussed in this column. It is for that reason we are herewith reprinting an editorial taken from a recent issue of The State Journal, Lansing's only newspaper, in which the Journal discussed the proposed grafter ban act the writer submitted to the legislature.

The editorial follows:

Indications are that the Michigan legislature will adjourn the current session without having done its utmost to prevent betrayal of the citizens of the state by grafters in public office.

The house of representatives has achieved the questionable distinction of having twice defeated a proposed constitutional amendment prohibiting any official convicted of a felony from ever holding public office in Michigan.

Forty-eight members of the house voted for the measure and 38 representatives opposed it. The opponents of the proposed amendment, designed to assist in preventing a recurrence of shocking cases which have been disclosed by Judge Leland W. Carr's grand jury, thus whether such a ban should be adopted as a safeguard against corruption in their government. In depriving the people of that right the representatives who opposed the amendment would seem to have accepted a serious responsibility.

Representative Elton R. Eaton, sponsor of the amendment, told the house that if it gave the citizens of the state a chance to vote on the proposal it would carry 10 to 1. Whatever the margin might have been, there would appear to be strong probability that the people would have approved such a barrier between the public offices and the grafters.

Opponents have explained that their principal objection to the resolution was that it was "retroactive." In other words, it would bar from public office grafters who were convicted before the amendment would have become effective. The opponents have not explained why the time of conviction should distinguish between those who have betrayed their public trust as far as their fitness to hold public office is concerned.

The opponents have also pointed out that there is a law already on the statute books that could be made to apply in such cases by a simple amendment. They apparently refer to a law providing that officials convicted of bribery be barred from public office. The law in question, it is understood, does not apply to grafters who have been convicted under another statute on conspiracy charges.

The present situation seems to be that grafters convicted under one statute may be barred from office while those tried under another statute, although actually guilty of the same offense, are not so barred. In any event, the "simple amendment" of the present law which would make it applicable to all cases in which crooked officials "sell out" the people of Michigan does not appear to have been brought forward except as an argument against the proposed constitutional amendment.

The Eaton resolution would have allowed the people to write into the state constitution a provision that any person "convicted of the receiving or offering of a bribe, embezzlement, perjury, conspiracy or other felony in connection with any public office" would be forever ineligible to hold any public office in the state.

It is difficult to understand how any member of the legislature could oppose such a safe-guard and it is even more difficult to understand how such a legislator could withhold from the people the right of making the decision.

In the absence of the provision in the constitution or the "simple amendment" of the present statute, the situation appears to be that an official convicted of conspiracy to corrupt the legislature may be a candidate for public office again.

Such a situation makes it necessary for the voters of Michigan to accomplish for themselves what the legislature has not helped them to accomplish. If the ballots are to be open to convicted grafters the electorate will have the duty of protecting themselves from betrayal by barring from office those who have forfeited their right to serve in positions of trust. Such a situation will emphasize the importance of the voters investigating carefully the backgrounds of candidates before electing them.

## Willoughby Is New President

Robert Willoughby of the Willoughby Walk-Over shoe store, has been elected president of the Plymouth Salvation Army advisory board to take the place made vacant by the recent death of Fred D. Schrader.

Mr. Willoughby has been active in Salvation Army affairs since the branch was established in Plymouth and had served as vice president of the board during most of the time that Mr. Schrader had served as president.

## Bond Quota Set at \$70 for Each School Pupil

The Plymouth Public Schools' quota on the forthcoming Seventh War Loan campaign has been set at \$70 per pupil, the highest yet assigned here, Superintendent George A. Smith announced.

The drive will be under the direction of the principals of the three schools, Claude Dykhouse, of the High School; Mrs. Nellie Bird, of Central grade school, and Mrs. Jewell Bell, of Starkweather.

While the quota is the biggest ever—more than \$150,000 for the War Loan—every effort will be exerted to reach and surpass it, Smith said.

All pupils are being urged to commemorate V-E day, when it is announced, with purchases of the largest denomination bonds they can afford.

Sales will be conducted every Tuesday and Thursday during the drive, which will run from May 14 to 31 in the schools. The sales will be cleared through the superintendent's office.

The three schools are now busy organizing the drive. Posters are being placed on the bulletin boards and studies in various classes will be aimed at impressing the importance of the bonds on the pupils.

## Lieut. Schrader Home This Week

Lieut. Edwin Schrader of the U. S. navy has arrived from the western side of the Pacific and is now in Los Angeles, according to telephone messages received by members of the Schrader family Wednesday night.

He expects to be in Plymouth this week-end and will for the first time greet Edwin Schrader Jr., who is now 16 months of age. The babe was born a few months after his father had left for duty on the other side of the Pacific where he has taken part in many of the island invasions made by United States forces.

Lieut. Schrader has been overseas for over two years.

## Awarded Bronze Star in Burma

Somewhere on or near "The Road to Mandalay" in Burma, where Pfc. Phillip S. Rodman is now serving with Uncle Sam's fighting air forces, the Plymouth high school graduate with the class of 1939 has been authorized Asiatic War Theatre ribbon for his participation in the Battle of Burma.

In a recent letter to his mother, Mrs. Joseph Tracy, 900 Church street, he says in part: "Everything is going along fine here now in Burma. I am in the best of health, and your mail is coming through nicely, which makes me very happy."

"It is sure hot here. The temperature stays around 125 degrees most of the time. It does hope you are all well and in the best of health" he concluded.

Phillip has been in the air corps since June 26, 1941. After spending about two years at different air fields in this country, he was sent to India and that part of the world, where he has been stationed for more than a year.

## Neva Lovewell Hi-12 Speaker

Neva Lovewell, visiting teacher of Plymouth schools, was the speaker at the meeting of the Hi-12 club last Wednesday evening.

The meeting was arranged by program chairman Harry Davis and the speaker dealt with the problem of today's youth.

Miss Lovewell outlined the factors which contributed to youth problems and told the club members that centers such as the Music Box here in Plymouth were doing much throughout the country to direct the interests of children in the right direction.

She ended her talk with an appeal to the members for the construction of a recreation center for the community after the war. She said she hoped that all civic groups would join in an undertaking of that kind and that to her way of thinking that was Plymouth's most badly needed post war project.

## Get That Serviceman's Name on Honor Roll

Relatives of boys in service whose names do not appear on the honor roll in Kellogg Park are urged again to contact John Jacobs at once so the names can be added by Memorial Day.

The plaque should include all boys—and girls—in service from Plymouth and Plymouth Township. Give your loved one the recognition he deserves. Call Jacobs at 399, at once.

## Col. Hough Tells Horror Of Nazi Torture Camps

"I have visited three of the torture camps maintained by the Nazis. Whatever you have read, whatever you have heard about them isn't half as bad as they really are. It is unfortunate that all of the people of the United States cannot come and see for themselves just how terrible human beings were treated by the Nazis captors," wrote Colonel Cass S. Hough a few days ago from somewhere in Germany.

While he did not go into details in his description of the torture camps he had visited, in letters to Mrs. Hough he emphasized the unbelievable terrible conditions that he had seen.

He hinted, too, that as far as the air warfare concerned, it is at an end in Europe.

News dispatches in the past few days from American newspaper correspondents also say that there has been no air activities of any kind.

Col. Hough has not indicated where he will be stationed now that the air war in Europe has been won.

## Kiwanians! Here's Your Chance to Write—On Safety

Kiwanis Club members who have that suppressed urge to be writers will get their opportunity to try their hand at writing on public safety hazards for The Plymouth Mail.

Clayton W. Clair, chairman of the Kiwanis safety committee, has arranged to have The Mail publish an article each week written by Kiwanians—under their by-lines.

Here is your chance, Kiwanians! You all have pet peeves. Maybe it's your glaring headlights. Maybe it's your dirty drinking fountains. Perhaps it's the glass in the street. These are all public safety hazards.

Write about anything you have in mind on the subject of safety. It need not be written in fancy language. Write it in about 100 words. The editor will edit it and print it with your by-line.

Clair asks the aid of every member of the club to put the program across. He also solicits suggestions on safety hazards that should be taken care of immediately.

Turn your articles in to any member of the safety committee, which is composed of, besides Clair, Roy Crites and Elmer Austin.

## Paul Wiedman Hotel President

Paul Wiedman, one of the original organizers of the Plymouth Community Hotel company which erected the Mayflower hotel and gave to this city one of the most attractive little hotels in the state, has been elected president of the company. He fills the place made vacant by the recent death of Fred D. Schrader.

Other officers were re-elected as follows: Charles H. Bennett, vice president and Carl Shear, secretary-treasurer.

Notwithstanding the serious help shortage that has prevailed in the community since the beginning of the war and the difficulty in securing supplies for the cafeteria, the hotel has been able to provide satisfactory services under the excellent direction of Manager Arthur Frost and Mrs. Frost.

The vacancy on the board of directors has not yet been filled.

## Moose Lodge To Be Organized

Steps are being taken for the organization of a Moose lodge in Plymouth. Secretary C. C. Michelson of the Loyal Order of Moose lodge of Ann Arbor has been in Plymouth and finds many members of the organization here who belong to lodges in other cities. He believes that there are enough residing here to form a lodge in this city.

The first meeting will take place next Wednesday evening in the Jewel hall over the Saxton feed store on Ann Arbor trail.

The meeting will begin at 8 o'clock and all members of the Moose lodge in this vicinity are invited to attend.

There will be meetings of the Moose lodge every Wednesday evening.

## Three Graduates of Plymouth Get 'M' Scholarships

Plymouth High School graduates have been awarded three scholarships to the University of Michigan, it was announced by Clark Tibbetts, administrator of the University's scholarship program.

The three who have been named for the 1945 Regents-Alumni scholarship are Rosemond L. Busby, of 1274 Penniman avenue; Lois A. Hanson, of 1324 Cranston street, Rosedale Gardens; and Eleanor J. McDonald, of 1308 Berwick avenue, Rosedale Gardens.

The awards bring to a total of 16 the number of scholarships received by Plymouth graduates since the Plymouth University of Michigan club was formed in 1940, said Clarence H. Elliott, chairman of the club's scholarship committee.

The Regents-Alumni Scholarship is one of the highest awards of the University conferred on graduates of Michigan high schools, Tibbetts stated.

It pays the tuition for the first two semesters. If the students make satisfactory academic records at Ann Arbor, the award will be renewed for the sophomore, junior and senior years.

The award is made on the basis of outstanding scholastic record, proven leadership, good citizenship and evident ability to make use of the opportunities offered by the University.

The three chosen were selected from a list of seven picked by the Plymouth club's scholarship committee after careful study of their school records.

Credit was given by the University to the Plymouth school officials and the local committee for conducting the preliminary interviews, arranging the application forms and making preparation for the examinations.

This cooperation was necessary in order to determine who should receive the awards, Tibbetts said.

The Plymouth University of Michigan club scholarship committee, besides Elliott, was composed of George Burr and Dr. John Olsvater.

Officers of the club are Claude Dykhouse, High School principal, president; Lieut. Harry Fisher, vice president, and Mildred Burr, secretary-treasurer.

## Cooper School Cubs Reorganize

The reorganization of the Cut Pack in the Cooper school area is now complete and this unit henceforth will be known as JG-1.

JG-1 is under the direction of Cubmaster Earl Burt. The committee is under the chairmanship of R. A. Snodgrass, who also holds a seat on the District Planning committee.

The first pack meeting held under the new leadership was last Friday evening in the Cooper school. The program, while largely extemporaneous, was very fitting to the movement.

The Cub leadership training course just completed in the Stark school, graduated a class of 60.

Plymouth's representation included Mrs. Harold Underwood, Mrs. Velma Searfoss, and Mrs. Ronald Ouimet of the Den Mothers' class.

John Bloxson received his certificate from the cubmaster's class.

## Attends Frozen Food Conference

Dave Galin of the Plymouth Purity market spent Wednesday at Michigan State College in East Lansing attending the annual conference of the Frozen Food Locker Plant Operators of Michigan.

Numerous lectures and demonstrations featured the conference, stated Mr. Galin.

There were some of the most prominent speakers in the country present to tell of the growth of this great industry. I was surprised to know how rapidly the frozen food locker system had extended all over the country. And from all you could hear, I guess we are just at the beginning of it" he said.

## To Erect Home West Of City

William G. Birt well known Plymouth contractor, has been able to secure a priority from the new H2 building program for the erection of a new home on Territorial road just west of the city.

It will be erected for Mr. and Mrs. Robert E. Durie of Detroit and will be built on the James Dunn subdivision. It will be a six room brick veneer modern house in the \$8,000 bracket. Mr. Birt states that he plans to erect several more homes of this type during the coming summer.

## Plymouth Citizens Invited to Opening and Reception of Library

Next Friday, May 11, from 4 o'clock in the afternoon until 7 o'clock, the hundreds of patrons of the Plymouth Library have been extended an invitation to visit the library in its new quarters and meet the always courteous and efficient staff as well as members of the Wayne county library board, who will be present for the event. The affair will be a sort of informal opening of the library in its new location.

There will be no speech making, no formality of any kind. Visitors will be shown through the new library. Adam Strohm, consultant of the Wayne County Library Board, and for years chief librarian of Detroit's famous library, states that everybody has an invitation to attend the reception. Members of the Library board are also anxious to meet the citizens of Plymouth. They are proud of the high type library that has been made possible for this city—and they are anxious to have every citizen know of the advanced step that has been taken.

"It is the beginning of a new chapter in Plymouth Library history, and we look forward to making the library a center and home for communal activities, thereby enhancing civic usefulness of this book depot" wrote Mr. Strohm, when advising of the reception.

The community is not slow in accepting the courtesy of the library board. Steps have already been taken by the Jaycee Auxiliary to raise funds to help furnish one of the upstairs rooms in the library building as a meeting place for various community groups of both young women and men.

The city government under the direction of Mayor Carl Shear is doing its part, too, in helping to improve the property. The landscaping that is being made about the library is a city contribution to the library development.

## Plymouth Hits High Spot In Its Clothing Gifts to War Sufferers

Plymouth shipped 19,500 pounds of highly serviceable clothing to Detroit last Thursday as its major contribution to the United National Clothing Collection, Chairman Clarence H. Elliott announced. While this fell below the announced goal, wherein Plymouth set its sights a little too high, the results still were highly gratifying, Elliott said.

With some 500 or more pounds in late contributions still to be shipped, the city already has far exceeded its actual quota figured on a population basis. That figure is 13,500 pounds, computed from the national quota of 150,000,000 pounds for 150,000,000 people.

The high quality of the clothing what most impressed Elliott. "Why most of it will need no repair work at all. Just cleaning will be necessary and it will be ready for use."

There were 667 pounds of infants clothing, 1,875 pounds of apparel for children from 3 to 9 years of age, 6,480 pounds of clothes for men and boys from 9 years up, 6,348 pounds of girls' and women's apparel, 9 years and over, 3,130 pounds of shoes and 1,000 pounds of bedding.

John Blyton and William Taylor, who supervised the packing and shipping of Plymouth's big donation to the war sufferers of Europe, were amazed at the high quality of clothing that was contributed. Harold Davis, who also assisted in the packing, expressed the same views as did Mr. Blyton and Mr. Taylor. Plymouth didn't ship rags—Plymouth contributed good clothing, much of which will need no repairing of any kind before it will go to some suffering victim of Hitler's vicious war.

## Jaycee Auxiliary May Frolic At Masonic Temple Tomorrow Eve

So that all of the civic organizations of Plymouth that are without a home, groups of women, groups of men and boys and girls, may have a place to hold their meetings, the newly organized Auxiliary of the Plymouth Jaycees has arranged a May Frolic to be held tomorrow, Saturday evening, in the Masonic Temple.

All who are interested in doing something for the good of Plymouth are invited to attend the dance. Tickets may be secured at the Davis & Lent store, the Fisher shoe store or from any member of the Auxiliary.

Every cent made over and above the cost of conducting the dance will be used in furnishing rooms on the second floor of the new library so that they can be used for meetings of civic groups, such as the Jaycee Auxiliary, Scout leaders, and the Business and Professional Women's organization and other similar organizations.

The rooms must not only be furnished, but they must be redecorated before they will be suitable for use. The members of the Jaycee Auxiliary are anxious to have a civic meeting place for smaller organizations that will be a distinct credit to the city.

The library board has given its consent to the plan and is working with the Jaycee Auxiliary to help bring about the accomplishment of the purpose. The county board has no funds it can use for the purpose of fixing up or maintaining these rooms and that is the reason why local funds must be raised.

All who plan to attend the May Frolic tomorrow evening, have a good time and at the same time help a worthy cause.

## Hoenecke Refuses Fine Police Work Call To Pastorate Of Toledo Church

The Rev. Edgar Hoenecke, pastor of St. Peter's Lutheran church for 16 years, will continue as the congregation's spiritual adviser, he announced this week.

The popular pastor, who has inspired an ambitious building and expansion plan for the church, thereby declined a call to Zion Lutheran Church, of Toledo.

After receiving the call, Rev. Hoenecke called a meeting of the congregation, which was attended by the biggest group ever present at a business session of the church.

He told the members of the call and left the decision up to them. He was requested by an overwhelming vote to remain at least until the expansion program is completed.

Complete plans have been made for a new church edifice as well as a Lutheran day school. Only inability to obtain wartime priorities has prevented work from starting.

Rev. Hoenecke said he never has lived in a finer community than Plymouth and would have hated to leave. He didn't feel either that he should leave before the building program got under way.

Accepted as new voting member by the congregation were Herbert Ulp, Floyd Wilson, Clair Travis, Floyd Reddeman, George Britcher and John Schindler.

Mr. and Mrs. Rayner Tisch of Adams street announce the birth of a son, Richard Frederick, born Monday, April 30 at St. Joseph hospital, Ann Arbor. The baby weighed 7 lbs. 12 oz. Mr. Tisch is manager of the D. and C. store.

## To Celebrate Nazi Downfall, Give Thanks And Buy Bonds

"Victory over Germany is at hand... Should we celebrate? No! We should go to our churches and give thanks. We should bow our heads in sorrow for the boys who are not coming home—for the boys who are coming home crippled and disfigured. Then after having given thanks for our deliverance from our cruel enemies, we should unite in one great drive to make the 7th war loan drive the most successful we have ever conducted in Plymouth" stated Mayor Carl Shear yesterday when asked as to what Plymouth should do to observe our success in crushing the Nazi military machine.

Good advice!

Mrs. Walter Kellogg Sumner, who is directing the details for Plymouth's 7th war loan drive, was highly elated over the suggestion of Mayor Shear.

"Yes, we should show our appreciation to our boys who have won this victory for us by making the 7th war loan drive the most successful of all the successful campaigns we have had in Plymouth. Wouldn't it be a wonderful thing if our boys could read in The Plymouth Mail when the drive is over that Plymouth had invested more than a million dollars in the 7th war loan drive? If we all work and if we all buy bonds, we can win a great victory, just as our boys have won in Germany" said Mrs. Sumner.

Yes, Plymouth can celebrate its victory in Germany by giving thanks for our deliverance and by buying war bonds to help the fighting men finish this war as the quickest possible moment.

The big war bond drive starts in Plymouth on Monday, May 14. With victory in Europe pervading the very atmosphere, it is not already a fact, the Plymouth Chamber of Commerce has announced V-E Day plans after a survey of local business.

The victory is announced during the day, all merchants will close for the remainder of the day. If it is signaled at night they will remain closed the next day.

This is to enable those who want to go to church to do so. Everyone has been urged, however, to celebrate the event soberly keeping in mind the big task still remaining in the Pacific.

President Truman has issued a special plea to all war workers to stay on the job producing for total victory. He asks only a momentary pause for the purpose of commemorating Hitler's downfall. Then back to the job of beating Hirohito.

Even though the war in Europe will be over, every lost moment in war production will be cost to lives. The soldiers won't be able to take time out to celebrate in the Pacific.

All churches have arranged special services to mark the cessation of hostilities in Europe. All will throw their doors open for any who want to come in and pray.

Also, the Presbyterian, Methodist, Baptist and Episcopal churches will combine in one big program in the Presbyterian church. If victory is announced at night, there will be two services, at 10 a.m. and 8 p.m. the following day.

If it comes in the day time, there will be one service, at 3 p.m. that day. If it comes during the day time Sunday, the churches will hold their regular Sunday services and conduct a combined vesper service at 5 p.m. in the Presbyterian church.

The pastors of all four churches will take part in the big service, to which everyone is invited.

## Improvements Please Mayor

Under the direction of T. Glenn Phillips, consultant of the Plymouth Planning commission, the grounds surrounding the new Plymouth public library on North Main street are being landscaped and beautified. Shrubs and flowering plants have been set out and the entire lawn regraded.

Funds for the improvement have been provided by the city. Mayor Carl Shear yesterday stated that he was highly pleased with the improvements already made in the library grounds.

Mr. Phillips has also finished the work of improving the public park in front of the high school. This work was authorized by retiring Mayor Stanley Corbett. It has resulted in the elimination of the botchy appearance the park has had in the past.

Some new plantings have been made, the barberry removed and transplantings in the park has been made. Mayor Shear is well satisfied with the improvements that have been brought about as the result of suggestions made by Mr. Phillips of the planning commission.

### May Day is Now Child Health Day

May Day is traditionally Children's day. But attention has turned from the beauty of the Maypoles to the health of the children dancing beneath them. May Day became Child Health Day in 1923, and since 1928 the president has issued an annual proclamation designating May 1 as a day on which all groups interested in bettering conditions for children might unite and rededicate themselves to help build "better children for our nation; a better nation for our children."

Child Health Day, 1945, has as its theme—a birth certificate for every baby. Birth registration is one of the things most people take for granted, yet since Pearl Harbor the Bureau of Census estimates that there have been 700,000 babies born in this country whose births were not registered. A birth certificate entitles every child born in the United States to all the privileges and protection of citizenship, and is his fundamental right. But more than that, complete birth registration and adequate care of all infants go hand in hand.

The Michigan Public Health Bulletin announces that because of greatly improved medical and hospital care, 1943's infants and their mothers had more than twice as good a chance for survival as did mother and babies a generation ago. Yet medical men agree that if enough care and, the

right kind, could reach all mothers and babies the present infant-mortality rate could be cut in half. Since we can't care for babies we don't know about, solving this problem depends partly on finding out about every baby born.

Local public health nurses, from the Wayne County Department of Health, stand ready to answer questions about birth registration, to give nursing care and instruction, and to assist in every way to make this community a safer place for mothers and children.

#### To Our Daughters

Girls are modern so they say: We should want them no other way:  
Yes, they dance and swim, use slang and paint,  
They have their dates—we've no complaint.  
They're young and happy; life's just begun  
Let them laugh, and live, and have their fun.  
They make mistakes, but don't we all?  
We're learning yet, life's one big fall.  
From success to failure and up again.  
We can show them how and when To chose the gate they're looking for,  
And if they pick another door, Why, let them! We still say We should want them no other way.  
For—they're our daughters!  
—V. Rock, '41

### Rationing Point Reminders

Here are just a few reminders about your rationing points for the next few weeks:

**Meats, Fats**—Red stamps Y3, Z5 and A2 through D2; last date for use: June 2. Red stamps E2 through J2; late date for use: June 30. Red stamps K2 through P2; last date for use: July 31. Red stamps Q2 through U2 will be validated May 1. Last date for use: August 31.

**Processed Foods**—Blue stamps H2 through M2, last date for use: June 2. Blue stamps N2 through S2, last date for use: June 30. Blue stamps T2 through X2, last date for use: July 31. Blue stamps Y2, Z2, A1, B1, C1 validated May 1. Last date for use: August 31.

**Sugar Stamps**—Stamp 35, last date for use: June 2. Stamp 36 validated, May 1, last date for use: August 31.

**Fuel Oil**—Period 1, 2, 3, 4, and 5 coupons good for 10 gallons per unit, continue valid throughout the heating year.

**Shoes**—Airplane stamps Nos. 1, 2, 3, in book three continue valid indefinitely.

The Netherlands and the Union of South Africa are the only countries having two capitals, one for its administration and one for its legislature. Respectively, those of the former are The Hague and Amsterdam and those of the latter are Pretoria and Cape Town.

### Kiwanians At Canada Conclave

Thirty members of the Plymouth Kiwanis club, led by Ernest Allison, lieutenant governor of the sixth Michigan division, and Russell Roe, Plymouth president attended the eighth annual Inter-District Meeting between clubs of Michigan and Ontario-Quebec-Maritime Districts in the Prince Edward Hotel, Windsor.

A total of 564 Kiwanians, 464 of them from 44 clubs in the Michigan district, attended the meeting, which featured Canada Good Will week.

The principal speaker was Ben Dean, president of Kiwanis International. The program included opening toasts to the king and to the president of the United States plus the singing of God Save the King and the Star Spangled Banner.

The invocation was offered by Dr. Arthur W. Bartz, pastor of Fort Street Presbyterian church and President of Detroit No. 1 club. Group singing also was a feature of the program.

Others attending from Plymouth were: Elmer Austin, Byron Becker, Don Bovee, Leroy Crites, Roy Fisher, James Gallimore, Everett Gulden, William Hartman, Ernest Henry, James Houk, Harry Hudson, Harry Irwin, Julius Kaiser, Carl Lewis, Charles Loomis, Robert Lidgard, Robyn Merriam, Clarence Moore, Paul Ramsdell, Miller Ross, Leonard Sanders, Robert Simmons, Fred Thomas, O. M. Valliquette, George Raviller, Dean Saxton, Harry Fountain.

### Woman's Society To Give Mother-Daughter Banquet

The Woman's Society of Christian Service of the Methodist church is sponsoring a Mothers' and Daughters' banquet to be held Friday, May 11 at 6:30 p.m. The theme of the program is "Reminiscing," with Mrs. Harold Fischer as program chairman. Mrs. Bernard Curtis will act as toastmistress, Miss Wilma Lature will give the toast to Mothers and Mrs. Harry Brown the toast to the Daughters. Tickets are limited to 200 and should be obtained from the unit leaders as soon as possible.

### Kiwanians Aid Garden Drive

Russell Roe, president of the Plymouth Kiwanis club, announced today that the club had been placed on the alert by Kiwanis International to consider its part in carrying forward a nationwide community agricultural program for 1945. Purpose of the program is to develop a closer relationship between businessman and the farmer.

The "Community Agricultural program" will be one of Kiwanis International's major projects for 1945 under the general objective, "Win the War—Build for Peace." Details will be announced at Richmond, Ind., on Wednesday, May 9, President Roe said. After that, the local board of directors will meet to consider the best way to carry out the program in Plymouth. President Roe said he had been advised that the 145,000 Kiwanians in 2,260 clubs in the United States and Canada will be asked to participate in this far-reaching, long-range program. Kiwanis members hope to strengthen agriculture by doing the things which they, as business and professional men, can do for better farming in their communities.

One of the problems which Mr. Roe said probably would be attacked by the Kiwanis program is that of soil conservation. Others will have to do with modernizing farm methods, and creating better markets for farm products.

### Former Plymouth Girl Weds in South

Mr. and Mrs. Norris V. Whitaker, 3641 Republic street, New Orleans, Louisiana, former residents of Plymouth, have announced the marriage of their daughter Elizabeth Carmella to Eyrone E. Freitag of Greenville, Michigan on April 19 at New Orleans.

Following a wedding trip, Mr. and Mrs. Freitag will be at home at Baldwin Lake, near Greenville. Mrs. Freitag will be remembered as the former Toby Whitaker, who was engaged in numerous musical activities during her residence in Plymouth.

Robert Merriam, who is chairman of the Plymouth Kiwanis club agricultural committee, will have direct charge of the details of the Kiwanis club drive, which will be in cooperation with the Victory Garden campaign already started in Plymouth by the Women's National Farm and Garden association under the direction of Mrs. Austin Stecker.

### Timely Tips for Garden Growers

(By E. I. Besemer)

This calendar is especially prepared by your Victory Garden committee to remind you of the things to be done in your garden each week.

If early potatoes are planted out this week, those that have been green sprouted should be big enough to eat by July 4.

If you haven't as yet planted peas this is the last call. You may obtain a good crop if planted later, but your chances are better if you get them at once.

Give plants in the hotbed or those in the house as much air as possible, to start hardening them off prior to setting out.

Don't get too hasty about setting out tomato and pepper plants. It's seldom safe in this vicinity before May 12. They'll do better inside anyway if the weather is cold. It doesn't pay, either to grow sweet corn, beans, melons, cucumber, squash, or pumpkins until the ground has warmed up.

Planting three or four varieties of early cabbage that vary in the number of days necessary to ripen may extend the maturing period enough so that you'll be able to use all of the heads before they split. For instance, Early Jersey Wakefield matures in 60 days, Golden Acre in 65, Copenhagen Market in 70 and Glory of Enkhuizen in 75.

Sweet Spanish onion plants can now be purchased at most greenhouses. Set them out this week to get the advantage of the cool growing days when onions do best.

Broccoli and cauliflower like cool weather. They do best in the fall, but if planted out early a good spring crop can be maintained.

Seeds of carrots, beets, chard, parsnips, and salsify can be sown as soon as the soil is ready. Treat the seeds with Semesan, Aresan or Spergon to reduce the damping off or seedling rot. These materials can be purchased in small packets. Merely place the amount that will stick on a flat toothpick in a package of small seed, shake thoroughly and sow the seed.

Plants of early cabbage, head lettuce, onions, broccoli and cauliflower can be set out this week. These plants will all stand some frost, but if a hard freeze threatens better be sure that they're covered with plant protectors such as hot caps or row covers.

This is the biggest war in history, but it is improbable that anything will happen after this war that didn't happen after other wars; and it is equally improbable that we will escape anything after this war that happened after other wars.

### Church News

**Hours of services and notices of church organization meetings.**

**FIRST METHODIST CHURCH.** T. Leonard Santer, minister. Mrs. O'Conner, director of music. Sunday, May 6: Director are cordially invited to worship with us at all our services: 10 a.m. church school, with Wesley Kaiser as superintendent. 11 a.m. Morning worship and sermon subject "The Disturbing Jesus." We have a nursery where you may leave small children while you attend the services, also a primary and junior church. The pastor will have a special talk for the children next Sunday morning, 6 p.m. Youth Fellowship meets at the church to go to the park. Monday, 3:45 Girl Scouts, 7:30 Boy Scouts. Wednesday 12:00 executive board of Woman's Society meets for business, 1:00 dessert luncheon of the Woman's Society of Christian Service which will be followed with address by Subject Neva Lovell on the subject "Child Delinquency," Thursday at 8 p.m. Adult choir rehearsal, Friday 3:45 Junior choir rehearsal, 6:30 Mother and Daughter banquet. This banquet is limited to 200 and tickets are in the hands of the unit leaders. If you desire to attend, please see your unit leader at once. This will help. Thanks.

**FIRST CHURCH OF CHRIST, SCIENTIST.** Sunday morning service, 10:30; Sunday school at 10:30. Pupils received up to the age of 20 years. Wednesday evening testimony service, 8:00. "Everlasting Punishment" will be the subject of the Lesson-Sermon in all Christian Science churches throughout the world on Ezekiel, May 6. The Golden text (Ezekiel 18:23) is: "Have I any pleasure at all that the wicked should die? saith the Lord God; and not that he should return from his ways, and live?" Among the Bible citations is this passage (Job 20:4,5): "Knowest thou not this of old, since man was placed upon earth, that the triumphing of the wicked is short, and the joy of the hypocrite but for a moment?" Correlative passages will be read from the Christian Science text book, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, includes the following (327): "The way to escape the misery of sin is to cease sinning! There is no other way."

**ST. JOHN'S EPISCOPAL CHURCH.** Maple & S. Harvey streets. Church school at 9:45 a.m. Holy Communion with sermon at 11 a.m. Are you troubled and fearful? Worship with us in prayer and your spirit will be lifted. Ours is a friendly church. It welcomes all. On Victory day we will worship jointly with the Presbyterians and Methodist at the Presbyterian church. If victory is announced at night the services will be at 10 a.m. and 8 p.m. if the victory news comes after 10 a.m. the service will be at 8 p.m. Invite your friends to the service. We will be glad to have them. Rev. Francis Tetu, rector.

**NEWBURG METHODIST CHURCH.** Verle J. Carson, minister. Sunday morning worship at 10 a.m. The message will be on the prophet Elijah. Church school meets at 11 a.m. with Roy Wheelwright presiding as superintendent. A capable staff of teachers provide instruction for every age group. 7 p.m. Epworth League meets in the hall. Thursday, 7:30 p.m. choir practice. Friday: Church family night at 6:30 p.m. potluck supper. A missionary to India. Mrs. Earl Tweedie, will be the speaker. She will also show some colored pictures of India.

**CALVARY BAPTIST CHURCH.** Ann Arbor Trail at Elizabeth. John I. Paton, pastor. Sunday school at 10 a.m. Clinton Postiff superintendent and Alvin Stace song leader. Come and bring your friends. Morning service and Junior church at 11:15. There is a nursery for the small children. Choir practice at 6 and evening service at 7:30. All are cordially invited. Monday night is work night at the church. Teachers' Training class meets Tuesday at 8 p.m. Good News club for the grade school children on Wednesday at 3:30 and prayer and praise service at 8:30. At 8 p.m. every Friday the young people of the church meet for the Christian Youth club. The Lydia Bible class will meet at the home of Mrs. Wm. Keeler, 47684 Saltz road Thursday, May 10 at 7:30 p.m. Mrs. Walter Postiff, speaker. There will be a surprise in special music. Since this is the annual meeting all members should try to be present. Those who plan to attend please meet at the home of Mrs. S. Mattinson, 795 Forest at 7:00 for transportation. There is a warm welcome for all friends who desire to attend this class.

**SALEM FEDERATED CHURCH.** C. M. Pennell, pastor. Sunday morning worship at 10:30. "When Love Is Law," will be the subject of the sermon. Bible school at 11:45 a.m. Sunday evening hymn singing at 8 p.m. Phyllis Clinansmith leader. Cottage prayer meeting Wednesday evening at 7:30.

**CHURCH OF THE NAZARENE.** Holbrook at Pearl. Robert A. North, pastor. Sunday morning in the Sunday school hour at 10 Mrs. George Hessler of Dearborn, Michigan will present a Bible Message illustrated with beautiful Scene-O-Felt pictures, using at least four boards with added she portrays. This is one of the most attractive and up to date methods of presenting the Gospel. The scenes are beautiful in detail, depth of coloring and richness of appearance; interesting,

artistic and impressive, making the message hard to forget. This message will appeal to all ages. Mrs. Hessler will also present a Scene-O-Felt message in the morning-worship hour at 11. The other services are as follows: Young people at 6:45. Evening service at 6:30. Prayer meeting, Wednesday at 6:30.

**BEREA CHRISTIAN ASSEMBLY.** Berman Mill and Ann Arbor trail. John Walesky, pastor. Sunday school at 10 a.m. Morning worship at 11 a.m. Christ's Ambassadors meeting, 6:30 p.m. Evening service, 7:45 p.m. Mid-week service Thursday at 7:45 p.m. The monthly Christ's Ambassadors meeting of the Detroit Metropolitan area will be held on Monday evening, May 7 at 7:30 p.m. in the Woodward Avenue Baptist church, on Woodward at Winder Ave. Young people are urged to attend this meeting. The general superintendent of the Assemblies of God, Rev. E. S. Williams will be the speaker. The C.A.'s band and choir will be singing and playing. "Be thou faithful unto death, and I will give thee a crown of life" Rev. 2:10c.

**FIRST BAPTIST CHURCH.** Mark F. Sanborn, pastor. 10 a.m. Sunday school. Election of officers today. Harold Compton, superintendent, 11:10 a.m. Morning worship. Communion Meditation—"The Breath of Life." For young children. 8:30 p.m. Youth Fellowship meets at the parsonage for devotions and social hour, 7:30 p.m. Monday, trustees meeting at the church, 10:30 a.m. Monday conference of the pastors and wives of the Wayne Baptist association, including luncheon and P. M. program. At the same time the representatives of the women's Societies of the churches meet for an all day conference. Dr. Ralph T. Arden, executive secretary of Michigan Baptist convention, Dr. J. Gordon Hynes, director of Christian Education and Evangelism, and Mrs. Fred Scott, president of Michigan Baptist women, will be speakers and conference leaders. 7:30 p.m. prayer and praise service. 6:30 p.m. Tuesday cooperative dinner and meeting of the Palmer Bible class at the home of Mrs. Alicia Estep, 556 N. Mill street.

**SALVATION ARMY SERVICES:** Sunday School, 10 a.m. Holiness meeting, 11 a.m. Young Peoples Legion, 6:30 p.m. Salvation meeting, 8:00 p.m. Wednesday: Mid-week prayer meeting at 7:30 p.m. Thursday: Ladies Home League, 2 p.m. Saturday: Bond of Love, 2 p.m. Mary Congdon, Captain

### Local News

**Parents Going To Visit Wounded Son**  
Mr. and Mrs. Harmon Esch, 493 Adams street, plan to leave today for Chicago where they will visit Harvey Esch, now a patient in the army Gardner General hospital in Chicago.

Harvey was wounded some weeks ago when fighting only three miles from the Rhine river in Germany. He was machine gunned in both legs-bullets piercing one leg above the knee and the other below the knee. He is still on crutches, he writes, but hopes to be able to get along without them soon. He was transferred from a hospital in England to Rhode Island and last week was sent to Chicago.

His wife, Mrs. Esch, who will accompany his parents to Chicago, is at present residing in Ypsilanti.

**South Salem Farm Bureau Meets**  
Mr. and Mrs. N. J. Clinansmith were hosts to the South Salem Community Farm Bureau Thursday evening, April 24 at their home on Cutlis road. There were 40 members and 4 guests present. In the absence of both the chairman and the vice-chairman, Coda Savery was elected temporary chairman of the meeting. R. H. Ady of Lansing, representing the State Farm Bureau Feed and Seed department, addressed the group on the subject of cooperative buying. A committee was elected to investigate the possibility of establishing a cooperative buying arrangement in Salem township.

Following the business meeting refreshments were served by Mrs. Clinansmith and a committee.

**Phoenia road-over the week-end**  
The young ladies will enjoy a theater party Friday evening in Ann Arbor and on Saturday they will hike through the woods and ride horseback. The club is composed of Mary Lou Kinski, Aleta Snekell, Suzanne Maddox, Beth Ann Sutherland Barbara Lorenz Elsa Mae Keeping, Betty Lou Arnold Rosemary Miller and Joan Miller.

**Clarence Stowe celebrated his 89th birthday anniversary** Friday in the home of his daughter and son-in-law, Mr. and Mrs. G. A. Smith on Sheridan avenue. He was greatly appreciated all the messages of good wishes and congratulations which he received. Mr. Stowe left Sunday to spend the summer months on his farm near Fowlerville where his son and wife, Mr. and Mrs. Merle Stowe reside.

**Mr. and Mrs. Harvey L. Kelley of Rosedale Gardens celebrated their 25th wedding anniversary** Saturday evening, April 28 with a dancing party and buffet supper in the Community Club house in Rosedale. 120 guests came from Chicago, Detroit, Grosse Pointe, Berkley, South Lyons and Salem. Mr. and Mrs. Kelley were married in the Presbyterian rectory in Detroit in 1920 and have two children James L. in the service and Harvey Alan, a student in the Plymouth high school. They have resided in Rosedale Gardens the past thirteen years.

Card of Appreciation

I wish to thank the many friends who sent flowers and cards to me while in the Art Centre hospital, Detroit. Mrs. John Chaney.

In Memoriam

In loving memory of our dear father and grandfather, Wm. Sawlow, who passed away May 3rd, 1931. You are not forgotten dear father, Nor will you ever be, As long as life and memory last; We will remember thee. His loving children and grandchildren.

In Memoriam

In loving memory of our dear mother, Emilie Wolff, who passed away three years ago May 8. No one knows how much we miss you No one knows the bitter pain we've suffered, Since we lost you, life will never be the same. Oh and if do we wander to the grave, not far away Where they gently laid your body, just three years ago. Sadly missed by her children.

In Memoriam

In loving memory of Pearl B. Smith who passed away 9 years ago, April 30, 1936. We think of her each day and night while others are asleep. Tears of anguish flood our hearts, the none may see us weep. So keep her safely Master, till we reach that heavenly shore, Then let us have her back again to cherish as before. Mother, sisters and brothers.

Legals

TO BARTH GAMBELL and BEULAH M. GAMBELL. You and BARTH GAMBELL and BEULAH M. GAMBELL are hereby notified that a certain land contract bearing date of the 10th day of May A. D. 1943, by and between Ethel Rambo and Forrest Rambo, joint tenants (and the survivor of them) of the Northwest corner of Section 27, Township 27 N., Range 8 E., Plymouth County, Michigan, more particularly described as: Beginning at the Northwest corner of Section 27, running thence South 79° 07' East along the north line of said Section a distance of 1080.6 feet; thence South 88° 59' 10" West 337.05 feet; thence North 1° 00' 50" East 151.52 feet; thence South 88° 59' 10" East 537.31 feet to the point of beginning. Reserving, however, 10 feet of the said described land for use as a public road. ETHEL RAMBO, FORREST RAMBO, By their attorney, Nandino F. Perlongo, May 4, 11, 18, 1945

Petitioner: Earl J. Demel, 1015 Ford Bldg., Detroit 26, Mich. STATE OF MICHIGAN, COUNTY OF WAYNE. No. 293,458

At a session of the Probate Court for said County of Wayne, held at the Probate Court Room in the City of Detroit, on the Twenty-Fourth day of April, in the year one thousand nine hundred and forty-five. Present Thomas C. Murphy, Judge of Probate.

In the Matter of the Estate of BERT RAM WILLIAM FRY, Deceased. Earl J. Demel, a Public Administrator, Special and General Administrator of said estate, having rendered to said Court his combined first and final account in said estate, and thereupon his petition praying that the residue of said estate be assigned to the persons entitled thereto: It is ordered, That the Twenty-Fourth day of May, next, at nine o'clock in the forenoon Central War Time at said Court Room be appointed for examining and allowing said account and hearing said petition. And it is further ordered, That a copy of this order be published one week for three weeks consecutively previous to said time of hearing, in the Plymouth Mail, a newspaper printed and circulating in said County of Wayne. THOMAS C. MURPHY, Judge of Probate.

No Violations Of Food Lockers

OPA investigators who recently came to Plymouth, made a search of the records and found no illegally stored meats in the food locker plant that serves this community.

"There was only one case that caused any questioning, and from all that I could learn, it was a case of pure misunderstanding on the part of the food locker renter involved" stated Dave Galin, operator of the Plymouth Purity market food locker system.

"The investigator who came here was courteous and he was efficient. He made a most careful check of all the records, and he seemed well satisfied with the results of his inquiry. It is to the credit of Plymouth that patrons of the locker system are so thoroughly complying with the rules and regulations of the OPA in the use of food lockers" stated Mr. Galin.

Of the 42 living members of Britain's most ancient and exclusive Order of the Garter, only one is a woman: Dowager Queen Mary, Queen Elizabeth and Queen Wilhelmina of the Netherlands.

The perfect companion is a woman who is doing her utmost to please you—and succeeding.

Trenton Nine Tops Plymouth, 6 to 5

Because Pitcher Don Shely suffered an attack of wildness, coupled with several errors by his teammates, Plymouth High School's baseball nine suffered its first defeat in the new Suburban "B" League Tuesday when it lost to Trenton, 6 to 5 on the latter's field.

The loss gave Plymouth a .500 percentage in the league to take into its Friday game with Wayne on the Plymouth diamond. The Rocks were to play at Northville in an independent game Thursday. Plymouth beat Ypsilanti, 15 to 3, in its opener.

In their athletic activity Friday, the Plymouth track squad journeys to Trenton and the golf team entertains the Redford Union linksmen in its first league contest.

Castel Gandolfo, the Pope's summer palace a short distance from Rome, possesses one of the three or four existing tower clocks which have 6 instead of 12 numerals.

Until about a century ago, public speakers in this country usually began their addresses with the salutation—"Gentlemen and Ladies."

No phenomenon baffles scientists more than the strange luminous displays of sparks, balls of fire, flashes like sheet lightning and beams like auroral streamers that generally accompany great earthquakes.

Enjoys Services In WAC Organization

Pearl Smith, a Wac, arrived Tuesday evening of last week from Richmond, Washington, for a furlough with her parents, Mr. and Mrs. James Smith on Hamilton street. Pearl, who has been in service for the past seven months, says she likes being a Wac very much. Before entering the service she assisted in the local postoffice.

The British army now has an All-Jewish Brigade comprised of some 3,000 men of 53 nationalities.

In that lovely moment between drawing your pay and meeting your first creditor it seems as though you have enough dough to pay a king's ransom.

Until about a century ago, public speakers in this country usually began their addresses with the salutation—"Gentlemen and Ladies."

No phenomenon baffles scientists more than the strange luminous displays of sparks, balls of fire, flashes like sheet lightning and beams like auroral streamers that generally accompany great earthquakes.

Golden Wedding Is Celebrated

More than 100 relatives and friends were guests of Mr. and Mrs. Luther Passage, Sunday, in their home on East Ann Arbor Trail, when they celebrated their golden wedding anniversary. In the afternoon from 2 until 5 o'clock they held open house when many friends visited them and extended congratulations. In the evening another group attended a reception in their honor when the "young couple" were married by the Rev. T. Leonard Sanders of the Methodist church. The home was decorated throughout with lovely flowers some of them gifts and many more lovely gifts were received by the host and hostess.

On Saturday evening Mr. and Mrs. Passage were the honored guests at a party given by the employees of the Wayne County Training school where Mr. Passage had worked for 21 years. Dr. Haskell gave a talk and then presented them with a gift from the hosts. Later old-fashioned dancing and a buffet lunch was the entertainment.

Mr. and Mrs. Passage have lived in Plymouth all their lives and have hosts of friends who extend congratulations on their anniversary.

Mrs. Emily Elliott was pleasantly surprised Tuesday evening when several friends reminded her of her birthday. Those present were Mrs. Orson Polley, Mrs. Russell Dettling, Mrs. Sed Donovan, Mrs. Vincent Rettinger, Mrs. Levi Lavergne and Mrs. Vernon Miller.

## Supplies for Luzon Invaders

Supplies are being landed on Luzon from LST which was under fire from Jap artillery at the time. Now that regular supply routes have been opened to Luzon, the invading 6th Army will be able to continue their rapid advance into the enemy territory leading to the recapture of Manila and the rest of the island.

**Remove Feathers**  
Here's a trick that not one out of a hundred cooks has ever heard about for removing pin feathers. It's a little easier than the tweezers method. All you need is a dishrag or a vegetable brush. Hold the chicken under the cold water tap. Brush or rub the skin against the grain and the pin feathers will simply wash away.

**Preserve Raincoat**  
Take care of your raincoat and umbrella so they will last longer. Don't drop your raincoat in a wet heap when you come indoors. That's a good way to ruin the finish by letting the surface stick together. Wipe it off and hang it up carefully on a wooden hanger.

**Pullet Eggs**  
Pullet eggs are the first eggs laid by young chickens before reaching hen maturity. These eggs are smaller, but ounce for ounce are equal to any other eggs in quality and nutrition. They are sold for less than standard sized eggs.

**Black Swan**  
The black swan is native only to Australia. This graceful bird of somber plumage has a red beak and the under sides of its wings are white. It is frequently seen in zoological gardens in this country but its natural habitat is confined to Australia.

We always aim to be as cheerful as the circumstances warrant.

## Here And There

Follow the recipe, even when making drinks.

The evening radio programs that enjoy top rating suit my taste admirably, but most publications with top circulations gave me cool. I can't figure that one out.

In the split second that is required to light a safety match on the surface of the container, the heat of the friction increases the temperature 333 and 388 degrees Fahrenheit.

No position or spot in any ocean is more than 1500 miles from land.

In 1943-44, one-half of all accidents on the school playground occurred during unorganized play the National Safety Council reports.

Girls at Michigan State College did slightly better scholastically than boys during the winter term, which closed recently. Co-eds averaged 1.55 and men students averaged 1.43, both about midway between "B" and "C".

The odds against having a novel published by a well-known publishing house that will read and consider the manuscript are about 35 to one, while the odds against having it become a best seller are about 150 to one.

Two prominent Chinese leaders—Kiang Wen-han, executive secretary of the Student Y.M.C.A. of China, and Dr. Yang Yung-ching, president of Coochow university, spoke at Michigan State College recently.

The Christian Bible contains more than 200 passages referring to the use or properties of wine, beer and other fermented beverages.

The largest and the most complex theatrical curtain ever made is in Radio City Music Hall in New York. Thirteen steel cables, sewn vertically into the material nearly seven feet apart and raised and lowered by their own individual motors, make possible the arrangement of the curtain in thousands of contour patterns. And these patterns are preset on and controlled automatically by a panel board backstage.

Many expressions used in boxing have come from the age-old sport of cockfighting. Like gamecocks, boxers have "backers" and "handlers," are "matched," get into "the pink of condition," are "weighed in," sometimes "take the count," "squawk" and are "counted out." Even the idea of boxing gloves came from the leather covers that are put over the natural spurs of the cocks to keep the birds from injuring one another during training bouts.

Since 1941 a unique study to determine whether there is any connection between the weather of the sun and that of the earth has been carried on at Harvard's observatory near Climax, Colorado. As photographs of the solar corona taken during a natural eclipse could not be used, a special movie camera had to be developed. Called the coronagraph, it creates an artificial eclipse with masking screens, and automatically takes a picture in color every ten seconds.

Japan's most sacred shrine is a small wooden building at Ise, 250 air miles from Tokyo, which is dedicated to Amaterasu, the Sun Goddess, who has been instrumental of all important events in the country for 2,500 years. The Emperor, for instance, goes there to announce the birth of a royal baby, and the premier to tell of a declaration of war. Millions of ordinary pilgrims also visit it annually, although they are forbidden to pass through even the first of the four fences surrounding the temple, which contains, incidentally, nothing but Amaterasu's Mirror.

"Where Your Money's Well Spent"

### Plymouth Boy, Don Boyd, with FDR at Yalta

A Plymouth boy, Don C. Boyd, 27, who embarked on a Navy career 10 years ago, helped transport the late President Roosevelt to the Crimean Conference, his sister, Mrs. Zella (Ritz) Terry has learned.

Don, whose mother, Mrs. Grace Boyd, lives at 272 South Main street, was at Pearl Harbor when it was bombed by the Japs Dec. 7, 1941, and since has seen action in all parts of the globe.

He served as chief fire controlman aboard a big U. S. cruiser which took the President to Yalta, and back. In his letter to Mrs. Terry, he says of the incident:

"It can be told now. The President chose this ship for transportation to and from the Crimean Conference. Nearly everyone of importance was aboard at some time or other with the exception of Stalin.

"The most colorful of them all was Ibn Saud, the king of South Arabia. His party consisted of 40 people and everyone filled the popular conception of an Arab."

It was the first letter that Mrs. Terry or their mother had received from him in more than six months. They believe he delayed writing for reasons of military security—that the men were forbidden to write of it sooner.

Don's letter informs his sister and mother that he is back in the Pacific again.

The young chief petty officer made one of the fastest rises possible to his present rank—he was a chief at the age of 25 years, after only eight years in service.

He has seen action in the Battle of Midway, Coral Sea, invasion of North Africa, Sicily, the invasion of Normandy and battle of Cherbourg and the invasion of Southern France.

When the Japs bombed Pearl Harbor, he told his sister, his first reaction was that some of the American boys were coming "awfully close for practice runs."

It wasn't until he saw his own mates start to fall dead around him and observed a low-flying Jap plane that he realized what was happening. Then they all went into action.

"Don has been lucky," Mrs. Terry remarked. "He has seen a lot of the world and so far hasn't been wounded. He also made a trip around South America on which the President was a passenger, several years ago."

### Bowling Champs Score Again

When it comes to bowling, and especially mixed doubles, there isn't much use in trying to place Virginia Heintz and Harold Paulger, in a corner. They will not be sidetracked, and they will not take any back seats for any one, in fact they insist in being right up in top place, or no place at all.

These two "champs" in mixed doubles finished the tournament at the Livonia Recreation bowling alleys with a score of 1273. Not only did they have that top score, but in three different tournaments both of these star bowlers have finished high up "in the money."

At least one fourth of the 500 muscles in the human body are located in the face and neck.

### Meat Hungry? Grow Rabbits

Want to help relieve the meat shortage?

Then grow rabbits! If there is any Plymouth family short of meat, it will take only 90 days to have Mr. and Mrs. Rabbit produce you a nice Sunday dinner of fresh fried rabbit.

That's what folks around the country are now doing. Many Plymouth residents found it to their advantage last year to grow rabbits—and many more are going to raise them this year.

Demands for food brought about by the war, and shortages of beef, pork, mutton and poultry for civilian consumption has resulted in an increase in the production of domestic rabbits of from 200 to 300 per cent. The Fish and Wildlife service of the Department of the Interior has announced.

Since the civilian shortage of red meat will be noticed mostly between the present time and late summer, rabbits now ready for breeding will produce summer meat.

The householder with a small back yard can keep three or four does and a buck of the medium-weight or heavier breeds and have all the rabbit meat that an average family will use. Any surplus can be sold to neighbors. Rabbit hutches can be constructed of scrap lumber, used poultry wire, crates and similar inexpensive material. Clean table scraps, palatable weeds, lawn clippings and their regular rations.

Keep 'em rolling! We mean dollars! Buy U. S. Savings Bonds and Stamps.

### Detroit Girl Is Bride of Captain Albert Wolfram

On Thursday evening, April 26, before an altar decorated with lilies, white stock and lighted tapers in cathedral candelabra in the Bushnell Congregational church, Detroit, Helen Elizabeth Blackwood, daughter of Mr. and Mrs. Fred H. Blackwood of Detroit, became the bride of Captain Albert Frank Wolfram, son of Mrs. Alma E. Wolfram of Pontiac and a former resident of this vicinity.

Mrs. Wolfram's candlelight satin wedding gown was fashioned on simple lines with short cap sleeves. She wore long matching fingerless gloves. The full skirt ended in a slight train over which extended her fingertip veil of illusion held in place by a circlet of orange blossoms. Her only jewelry was a single strand pearl necklace—a gift of the groom. She carried a colonial bouquet of Easter lilies, centered with a white orchid. She was given in marriage by her father, Dr. Roger Eddy. Treat received the vows of the couple.

In the bridal party were Miss Shirlee Math as maid of honor, Mrs. Marshall Feeley, Mrs. Robert Macomber and Miss Alice Wolfram, sister of the groom. The maid of honor wore a peach colored satin gown with a full skirt of net and the bridesmaids were gowned alike in powder blue taffeta. Their headresses were bands of flowers worn at the back of the head. Each of the attendants carried colonial bouquets of Johanna Hill roses and stephanotis. Marvin Kuster was his cousin's best man and seating the guests were Messrs. Harold Becker, Alton Matevia, and Fred Blackwood, Jr.

For her daughter's wedding, Mrs. Blackwood chose a gown of royal blue crepe with which she wore a small white hat trimmed with flowers and veiling. Her corsage was of American Beauty roses. Mrs. Wolfram's gown was of dusty rose crepe and her matching hat was trimmed with sequins. She wore a corsage of pink roses.

A reception at the Dearborn Inn followed the ceremony and the couple left by plane for a brief wedding trip to Cincinnati, Cap-

tain Wolfram will report to Miami Beach, Florida, for reassignment after spending the past sixteen months in the Southwest Pacific. His bride will accompany him.

The bride is a graduate of Michigan State College and a member of Alpha Phi sorority. The bridegroom is a graduate of Berea College.

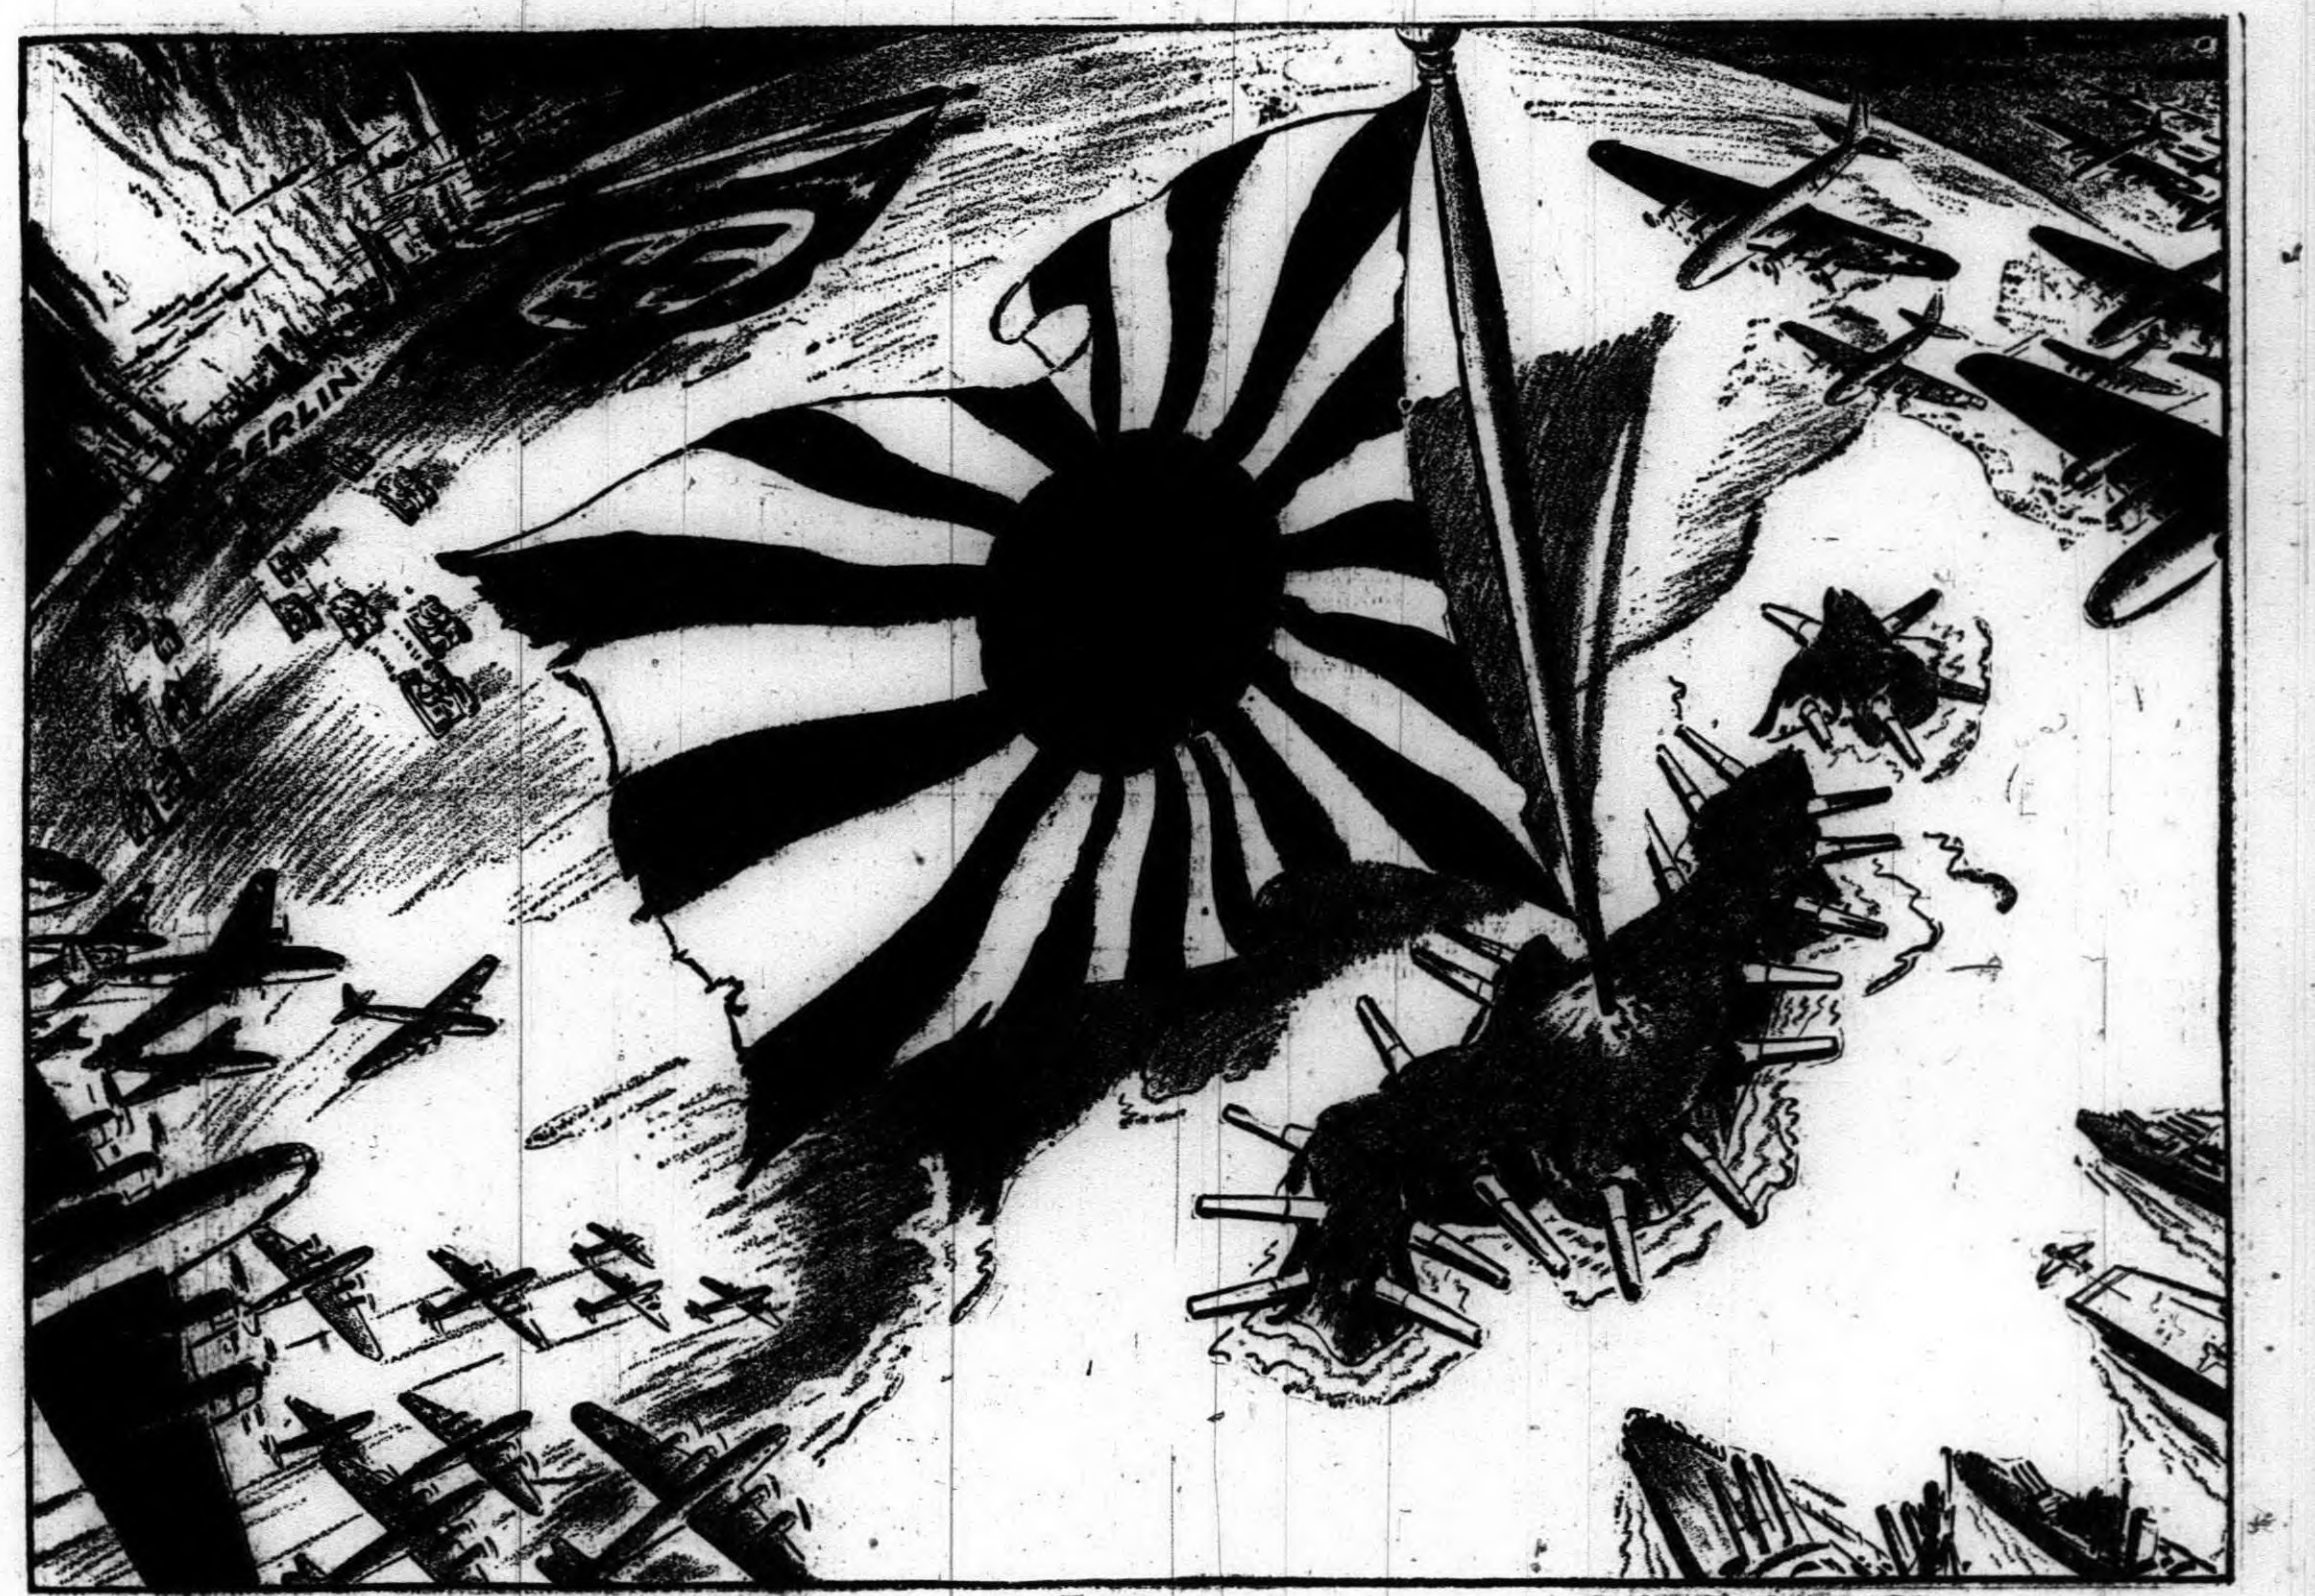

For centuries the axolotl was considered a distinct aquatic animal because, in the Mexican lakes where it is found in large numbers, it lives and breeds without growing into adulthood. But in 1865, several axolotls in a Paris aquarium, after spending several days on a rock that projected out of the water, lost their gills and fins, developed an air-breathing system, grew legs and thus became true terrestrial salamanders.

Manpower continues to be tight in many Michigan cities outside of Detroit. Adequate housing facilities and immediate placement in essential industry are available in Adrian, Monroe and Jackson, Edward L. Cushman, WMC state director, said. Bohn Aluminum Corp., Adrian, needs more than 100 men; Goodyear Tire and Rubber Company, Jackson, needs 176 and other essential industries at Jackson require 900 war workers. Aluminum company of America, Monroe, needs 125 and River Raisin Paper Co., Monroe needs 40. Other Michigan communities having urgent need for manpower are Albion, needing 150 men; Buchanan, needing 200; and Kalamazoo, whose paper industry requires 250.

## BERLIN IS ONLY A WHISTLE STOP

Yeah, that was Berlin we just passed. Seemed like we'd never get there, didn't it? And now that we made it, anybody feel like a stopover? Little celebration or something like that? Forget it, friend. This is a through train we're on. And before we get to where we're going, Berlin will seem like a whistle stop. A dot on the map, once removed. Tokyo's our destination. Half a world and billions of bucks away and one thing is sure! If you're going our

way, you pay your own freight. That means you keep on buying more and more bonds until you've bought every bond you can dig up the dough for. And then you buy another one! Remember, you might be making this trip the hard way. From island to island. Through the jungle. In a B-29. In a submarine. So don't feel too sorry for yourself. Get that first extra bond today . . . right now . . . this minute!

### Under Ship's Mast

Coins are often placed under the mast of a ship during construction. One vessel of the U. S. navy, built within the last 10 years, has 10 pennies beneath the foremast, and 2 dimes, 3 nickels and 28 pennies beneath the mainmast. All the coins were placed there by her officers while she was being built. The tradition dates back to antiquity. One explanation is that it stems from the old Roman custom of burying coins with the dead to pay Charon's fees for ferrying them across the River Styx.

### Powder Room

Turn your guest closet into a "powder room" by nailing a hanging shelf and mirror to the inside of the door. Any inexpensive unprinted shelf can be turned into a decorator's triumph with a bit of striking fabric covering and pleated edging, which can be repeated as "framing" for the mirror. A whisk broom for the men and a powder jar for the ladies will help to make a perfect exit for your guests.

### Get the Tray Habit

The efficient housewife has acquired the tray habit. She uses one when setting the table, clearing the table, keeps the baby's bath supplies on one, and moves innumerable small things like salt, pepper, sugar, the silver, napkins and the preserves from the kitchen to the dining room and back in one trip. Busy canners carry jars to and from the basement on big substantial trays.

### Read Declaration

John Nixon, a member of the council of safety of Pennsylvania gave the first public reading of the Declaration of Independence at 12 o'clock noon on Monday, July 8, 1776, in the state house yard at Philadelphia, from an observatory erected by the American Philosophical society in 1769 for the purpose of observing the transit of Venus.

### Save Overshoes

You can help save rubber overshoes by cleaning, drying, and keeping them cold. Never leave overshoes outside the house. Clean them when they are dirty, dry them away from heat, and stuff with paper to hold shape. Put them on and off carefully so as to avoid wear and tear.

### Canned Foods

To those who have home-canned food more than a year old, remember that the nutritive value decreases with age. Then, too, it loses color, flavor and texture. It will keep indefinitely, however, if canned properly.

### Apple Rings

Spread thick apple rings with grated American cheese blended with a little mayonnaise and broiled slowly until the cheese is melted and lightly browned. Serve with meat loaf or Monday's leftovers.

### Vitamin C Standbys

Vitamin C standbys for the winter are tomato juice and citrus fruits. It takes from two to three times as much tomato juice as citrus fruit to supply the same amount of vitamin C.

### Mend Run

A run up the back of a stocking close to the seam may be mended quickly by stitching together the edges of the run into the seam on the wrong side of the stocking.

### Reverse Curtains

Window curtains will last longer if they can be made with hems of the same width at top and bottom and then reversed each time they are washed or cleaned.

### Mulch Strawberries

Mulch may be applied to strawberry plants to good advantage—even with snow on the ground, report extension fruit specialists. Wheat straw is best.

### Registered Aliens

Of the nearly 5,000,000 aliens registered under the Alien Registration act of 1940 approximately half were eligible for U. S. citizenship.

### China's Sorrow

The Yellow river in China is dubbed "China's Sorrow" because of the many floods it has loosed on the rich adjacent farmlands.

### Farm Ladder

The hired man-tenant route to farm ownership is so common that it has been referred to as "the agricultural ladder."

### Starch Curtains

It is well to add a little starch to the kitchen curtains so they will not absorb the dirt and grease so readily.

### Resistant Hogs

Hogs have been bred with a definite resistance to infectious abortion by experimental workers in California.

### Brush Corduroys

For thorough brushing of velveteens and corduroys, use a damp clothes brush or rubber sponge.

### Rendering Fat

One way to keep the heat slow in rendering fat is to use a double boiler or sauce pan set in hot water.

### Trains Busy

More than 40,000 freight and passenger trains are operated daily throughout the United States.

What every woman wants is access to a bottomless checking account.

### Clean Scarves

Repeated knotting and repeated wear quickly mar the decorative effect of scarves unless they are cleaned frequently. Many of the squares used as fundamental accessories are as easy to wash as handkerchiefs. The wise girl makes sure of that when she buys them. If the colors are fast, washing means a few doublings in lukewarm soapy water and three rinses in clear lukewarm water. If colors start to run or bleed, reduce the temperature of the wash water by running in more cold water, and work quickly. Roll each scarf in a towel to blot, unroll at once and then press with a warm, but not hot, iron.

### Origin of Gob

The nickname "gob" came into use during the first World War or earlier but its origin is obscure and it has always been regarded with disfavor by the navy. Authorities differ on its possible source. Some say it comes from a Chinese word meaning sailor; others, that it comes from the point of an anchor, which is called a gob, and still others that it was an unprintable British term of derision applied to the British coast guard. Sometimes it is interpreted as meaning "good old boy."

### Popular Fruit

Once so expensive that only the wealthy could buy them, tangerines were first introduced into the United States only 75 years ago, and they have rapidly become a popular citrus fruit favorite in millions of homes. Easy to eat and good for you, tangerines contain more vitamin A than oranges or grapefruit, but less vitamin C. They skin so readily that they are ideal for between-meal snacks or in the fruit bowl for dessert.

### X-Ray 12-Inch Steel

Outstanding in industrial x-rays built during 1944 was construction of the first 2,000,000-volt-x-ray unit, a more flexible and powerful tube for the speedy radiographic examination of castings and metal structures. The new unit weighs only 5,000 pounds and can be used for the radiographic inspection of steel up to 12 inches in thickness.

### Second Helping

Before asking a guest to be served a second time, the host should carve a few portions of meat. The host asks the hostess to be re-served. She should take a second helping of something in order that guests may feel free to be served again, if they so desire.

### Australian Wool Clip

About one-third of Australia's population was involved in the country's billion-pound wool clip, which brought nearly a half-billion dollars in boom years. From the great cattle herds before the war a hundred million dollars' worth of meats and hides were exported.

### Rug Cushions

Cotton carpets and large size cotton rugs should be laid over rug cushions, not only to prolong their life and deaden sound, but also to give a richer depth, since, unlike wool, cotton is not resilient.

### Salvaged Fats

During the first World War, fat was so scarce in some countries that it was salvaged from beechnuts, cherry pits, plum pits, horse chestnuts, and even from tallow candles.

### New Popcorn Seed

New popcorn seed on the market is said to put more "pop" in the popcorn than ever before. The new varieties of corn are credited with greater tenderness and fewer hulls.

### Stiffen Lace-Tips

If the youngsters have shoeing troubles, repair the fuzzy ends of the lace with a coat of nail polish. Let it dry and you will find it will lace easily.

### Nick Fan

Before running a vacuum cleaner over a rug, pick up pins, nails, coins, or other metal objects that can nick the fan or throw it off balance.

### Builds Ewes

A light grain feed, such as oats and corn, together with bran and good roughage, will help build up underweight ewes in winter quarters.

### Plans for Capital Drawn 1793

The plans for the United States capital were submitted in 1793 by William Thornton, a physician, of Tortola, West Indies.

### Meat Alternates

When the meat supply is short, cottage cheese and soft cream cheese may alternate with meat for main dishes.

### Kerosene Stoves

Beware of smoking kerosene stoves. White kerosene smoke burns with explosive violence when ignited.

### 900 Pounds Cottonseed in Bale

For each 500-pound bale of cotton lint there are 900 pounds of cottonseed.

### Mow Weeds

More grass will be produced in permanent bluegrass pasture if the weeds are mowed.

### Willy-willies

Australians sometimes call tropical cyclones willy-willies.

10 Mormons and Moslems, all other people, including Jews, are gentiles.

### Brewer's Yeast

Salvage of brewer's yeast is likely to carry over into peace. To match every barrel of beer, there is about half a pound of brewer's yeast. Much of this has been gushing down the sewers, but it was a by-product of brewing relatively easy to recover and to dry. Wet or dry, it is a first class protein food for poultry and animals and has the special merit of being exceptionally rich in all the important vitamins of the B-group. When, in late 1942, it became evident that a protein feed shortage was imminent, WFA specialists put it up to the brewers of the U. S. to save as much as possible of the brewer's yeast that had been going to waste.

### Lipstick Stain

To remove lipstick stains on washable materials first loosen the stain by working glycerin or vaseline into it. Then launder as usual. If soap or other alkalies are applied before the stain is loosened, they are apt to set it. On acetate rayon and colored materials, first loosen the stain with vaseline or lard, then sponge with carbon tetrachloride. Then, if a trace of color remains, sponge with denatured alcohol diluted with two quarts of water.

### Nurse Should Rest

It is occasionally necessary for the home nurse to sleep in the same room with her patient in order to serve him through the night when he is too weak to ring a bell or to rap with a cane on the floor to get her attention in an adjoining room. If this is the case, she should provide herself with a comfortable cot or studio couch, so she can get as much rest as possible. It is a poor home nurse who is a martyr to the sickroom.

### Small Oranges

Small oranges are a better buy for the family's breakfast, both in price and in quality, than big oranges, reports the United States department of agriculture. Tests have shown that the juice from the little oranges, generally is higher in solids, acid and vitamin C than either medium-sized or big oranges.

### Washing Eggs

If you find it necessary to wash some of your eggs to get them clean, be sure to wash them in water which is warmer than the egg. Cold water causes the eggs to contract and this pulls the bacteria on the shell into the egg. The bacteria causes the egg to go bad very quickly.

### Water Makes Milk Richer

Cows with water constantly before them drank 18 per cent more and produced 3.5 per cent more milk and 10.7 more butterfat than did cows watered at an outdoor tank morning and night, the Iowa experiment station found.

### Save Cubes

If you use the 15 minute defrosting method and want to save some of the old ice cubes until a new supply can be frozen, wrap the entire tray of ice cubes in several thicknesses of paper and store on a refrigerator shelf.

### Protects Finish

Good thorough washing of cars at regular intervals and an occasional coat of protecting wax will do wonders in retaining surface finish which in turn protects the metal underneath.

### Soldier's Needs

Every soldier who serves in the United States requires 136 square yards of cotton cloth and 42 pounds of other cotton material to equip and maintain him for one year.

### Creaming Fats

To have shortening and fats ready for creaming in making cakes or cookies, leave them at room temperature in a porcelain enameled utensil until ready to use.

### Leaders' Birthplaces

President Lincoln and Jefferson Davis, opposing presidents of the civil war, were born in the same section of the same state, Kentucky.

### Vitamins Close to Skin

Vitamins and minerals in sweet potatoes are close to the skin. To get the benefit of these, it's best to cook sweet potatoes in their jackets.

### Fine Shampoo

A quarter-cake of castile soap, olive oil soap, or other mild toilet soap dissolved in a quart of water makes an excellent shampoo.

### New Tire

First new-design passenger car tire produced and marketed since the war was a mud-snow "shoe" with button-bar tread pattern.

### Income Up

Incomes of professional chemical workers increased from 14 to nearly 80 per cent at different income levels in the war years 1941-43.

### Introduced into Europe

The muskrat is one of the few North American mammals which have been successfully introduced into Europe.

### Wax Stockings

Waxing the heels and toes of stockings with a bit of candle will make them wear four times longer.

### Living Costs

Living costs have gone up more rapidly on farms than in cities, government indices show.

For satisfying both selfish and humanitarian motives, there is nothing like War Bonds.

### Corrosive Parts

Some of the places on automobiles which are more vulnerable to corrosion are body sills or rocker panels, lower edges of door panels, fender to body joint areas, window wells, drip mouldings, around the edges of luggage compartments and on the sheet metal below the radiator grilles. Additional susceptible points of rapid deterioration are around the edges of fender parking lamps and tail lamps and in back of applied mouldings, especially those along the lower edges of bodies and fenders.

### Mount Vernon

Mount Vernon, which formerly was named Hunting Creek estate and which was repaired to honor Admiral Vernon, was built in 1743 by George's half-brother, Lawrence Washington, who fought under Admiral Nelson in the West Indies. After the death of Lawrence and his daughter, George Washington came into possession of the estate and soon after his marriage made it his permanent residence.

### Pigs Feet

It's easy to make pickled pigs' feet. Remove the toes, scrape the feet clean and soak in water overnight. Next morning put them in a kettle with water to cover and cook until soft. It takes about five hours. Add salt while they are cooking. Remove from kettle and split the feet. Pack in stone jar and cover with hot vinegar or pack in quart glass jars and seal.

### Blinds Catch

If the Venetian blind catches, or goes up or down unevenly, chances are slats aren't horizontal or aren't lined up true, but project irregularly at ends. With a ruler, tap lightly against projecting slats. This frees cords which run through holes of slats. Slats often get out of line during dusting.

### Busy Beaver

Although the busy beaver has been known to reach a weight of 68 pounds, he belongs to the same family as the squirrel and the mouse. Fossil remains indicate that the same animal, in prehistoric days, weighed as much as 400 pounds.

### U. S. Farmers Productive

The average farm family in the world produces only food for itself and enough surplus to feed one-half an urban family. The average for U. S. farmers is enough for home use and surplus sufficient for four city families.

### Salt Clothesline

On winter washdays dampen a small muslin bag, put about four tablespoons of salt in it and clean the wire clothesline with it. Clothes won't freeze to the line after it receives this treatment.

### Violate Law

Reports to the National Safety council indicate that two out of every three bicyclists injured and killed in traffic accidents were violating a traffic law at the time of the accident.

### Figured Mahogany

Stripe of ribbon figured mahogany is produced by quarter cutting the log and the stripe is due to the interwoven grain, typical of mahogany and some other tropical woods.

### Odds and Ends

Since 1888, the weather for Michigan has produced a yearly average of 126 clear days, 100 partly cloudy, and 139 cloudy.

A people, it appears, may be progressive for a certain length of time, and then stop. When does it stop? When it ceases to possess individuality.—John Stuart Mill.

That courage is poorly housed which dwells in numbers. The lion never counts the herd that is about him, nor weighs how many flocks he has to scatter.—Hill.

Human faculties are common, but that which converges these faculties into my identity, separates me from every other man.—Giles.

Americans had a life expectancy at birth of 35 years in 1800, of 39 years in 1850, of 49 years in 1900; while today, it is 65 years.

While the public debt of the United States is four times larger today than it was in 1940, it was 39 times larger at the end of the Civil War than at the beginning.

King Abogliagbu, ruler of a part of Dahomey, West Africa, wears a filter over his nostrils, as he is forbidden by law to breathe the same air as his subjects.

True courage and courtesy go hand in hand. The bravest men are the most forgiving and the most anxious to avoid quarrels.—Thackeray.

# News of Our Boys

In Uncle Sam's Fighting Forces Defending Our Homeland and Our Liberties.

## ERNEST W. BERRIDGE TELLS OF HEROISM OF AMERICAN BOYS.

"Our boys love to fight the dirty devils," writes Ernest Berridge, a former Plymouth school teacher who has seen plenty of hard action with Uncle Sam's navy out in the Pacific.

His letter to "Our Boys" page follows in full: "I am now somewhere in the Philippine islands. We arrived here shortly after MacArthur returned to the Philippines. I appreciate receiving The Plymouth Mail very much even though its 10,000 mile trip delays it greatly. It was not many years before becoming a postoffice employee. I taught school in Plymouth. I read now where some of my fifth and sixth grade boys are training, fighting, dying, and being wounded. I still don't feel too old to fight for my country.

"I want to remark about the indomitable spirit of your fighting men which you read about and I witness daily. Recently, while underway in convoy to accomplish a major invasion, we were warned of approaching unidentified planes. We were ready and a sense of disappointment reigned when they were all identified as friendly planes. It seems that some love to fight the dirty devils with out superior equipment, but I love my wife and home. We see the end in sight, and we are probably over anxious to bring about unconditional surrender or extermination of the Japs. My battle station is in the ship's radio shack, but down to the last man we have requested to be on a gun. It must be the old spirit and desire to go down fighting.

We have been attacked by enemy land, air, and sea forces. We have seen many Jap planes go down in flames. We have seen several of our large ships sunk, and once we carried survivors to safety. It has been our duty to participate in several major invasions. At other times we are busy supplying and evacuating our troops. We have worked solely with the Army. I have enjoyed the thrill of being practically worshipped by the liberated Filipino natives. We have had the pleasure of visiting the natives in their homes. They love American sailors and soldiers. I can say, in behalf of my ship, that the home front has never let us down for want of anything we need to fight the enemy.

"Amphibious warfare has rapidly reached a point of perfection with the army, navy, and marines. The coordination of the forces is working grand now. The air and sea forces really clear the beach before we move in to unload our cargo.

## CHARLES BARGER KILLS NAZI AND SAVES 12 WOUNDED AMERICANS.

Sergeant Charles A. Barger of Plymouth, wound up protecting 12 wounded Yanks who lay in front of a road block near Heimbach to which he had gone at night to check for enemy mines, according to a news release just sent The Mail by the 35th Infantry Division in Germany.

Sending someone back to get the medics, Barger remained to protect the wounded as small arms and artillery fire swept the area.

One German soldier approached unseen near the other side of the road block and threw a hand grenade. It went wide. Seeing the Nazi's body outlined, Barger shot and killed him.

After a half hour's wait, medics arrived. When the medics finished administering first aid to the infantrymen, Barger assisted them in the evacuation and then returned to his duties as a member of the Ammunition and Pioneer platoon, 3rd Battalion, 137th Infantry Regiment.

Set, Barger is the son of Mr. and Mrs. Charles A. Barger St., 6133 Canton Center road.

## LIEUT. MAX WILCOX TO BECOME BOMBER FLIGHT ENGINEER.

Destined for B-29 Super Fortress combat assignment, 2nd Lt. Max A. Wilcox, son of Mrs. Leona E. Wilcox, Plymouth, has entered a streamlined five-weeks course at the AAF training command's B-29 transition school at Roswell Army Air Field in New Mexico to become a flight engineer.

His training here will be as a member of a three-man unit consisting of the airplane commander, who actually flies the sky dreadnaught as the first pilot, the pilot, who serves as his assistant, and the flight engineer, whose duty it is to "engineer" the battle plane to and from its bomb-dropping rendezvous.

After completion of the course here his three-man team will join the rest of the flying personnel of a B-29 in an operational training unit for further schooling.

## MCGARRY BROTHERS MEET IN HAWAII.

In a brief letter to "Our Boys" page, Joe McGarry tells of a happy surprise he recently had when he met his brother Robert over in Hawaii.

His letter in part, follows: "You can imagine how pleased I was the other day when I met my brother, Robert, who is with the navy over here on the island of Oahu. We had our picture taken together in Honolulu.

"Needless to say that we were both surprised and delighted. We had a lot of fun visiting the beautiful and picturesque scenes in Hawaii. We also visited the famous Dole pineapple plant and went swimming at Waikiki Beach.

"I was home on furlough in January after finishing my basic training at Camp Fanning, Texas. Bob was home last year in April. His wife and babe are at present visiting at the home of our mother, Mrs. Clara McGarry in Salem."

## ENJOYS SLEEPING IN BEDS LEFT BEHIND BY THE GERMANS.

Private Robert White, son of Mr. and Mrs. Alfred White of this city, who was with the American army that crossed the Rhine on March 8, writes a thrilling letter of the experiences of American boys who are playing an important part in driving from the east Hitler's "superior" race of killers.

Robert writes in part as follows:

"We crossed the Rhine on the 8th of March. We walked 10 miles that night. When we got where we were to make the attack, we dug fox holes and sat for two days and nights in mud and water. We were sent to attack a hill, when my Buddie stepped on a machine gun nest. When I tried to get up, I thought I was frozen to the ground.

"I went out and got a razor off a dead German and used it later to shave with. Our job is to run the German civilians and prisoners out of their homes and put them where we can watch them.

"We ate what food they left behind. Sometimes we Yanks sleep in the Germans' beds because when we capture a town, everything is ours. I went out and got some souvenirs which I hope to send home soon.

"I sure prayed those nights while in my fox hole. The bullets were whistling all around and some were dropping too close for comfort. Every one in my outfit was pretty scared.

"We captured one town and in it we found a Victrola on which we played German music that had been left behind. I am carrying a German watch right now. On Easter day we were only 200 miles from Berlin. And to think I spent Easter in a fox hole!"

## JACK STOUT GETS PLYMOUTH MAIL OVER IN PHILIPPINES.

Jack Stout, son of Rev. and Mrs. Stout, who is with the United States navy somewhere over in the Philippine island part of the world.

He writes as follows: "I wish to express my appreciation for the regular copy of The Plymouth Mail. It sure is a swell little paper and it does help a lot when you are so far from the old town. It is appreciated more than we can tell you.

"As you can see I have a new address. I am now in the Philippines. It sure is a lot nicer here than some places I have seen since leaving the state some 22 months ago.

"So far I have been a little unfortunate in one way and that is that I haven't run into anyone from the home town.

## ROBERT BREDIN WITH UNIT THAT WINS PRESIDENTIAL CITATION.

Mrs. Robert Bredin, 232 Ann street, has just received from her husband a presidential citation given the regiment with which he is serving somewhere in Germany, for "extraordinary heroism."

Pfc. Bredin, who is a son of Mr. and Mrs. Fred Bredin of North Harvey street, was employed at the Wall Wire company's plant in this city before he entered the armed forces. He has been overseas for 14 months and during that time it is known that he has seen plenty of combat service.

The citation reads:

"The 22nd Infantry Regiment is cited for extraordinary heroism and outstanding performance of duty in action in Normandy, France, during the period 26 July to 1 August 1944. The 22nd Infantry Regiment was the infantry element of an armored-infantry combat command which successfully effected a breakthrough of the German line of resistance west of St. Lo, forming the St. Gillis-Marigny gap, through which armored-infantry columns surged deep into German held territory. Operating against hardened infantry, artillery and panzer units, this regiment, often riding its accompanying tanks, met and overcame the stiffest German resistance in desperate engagements at St. Gillis, Canisy, le Mesnil Herman, Villebaudon, Moven, Percy and Tassy-sur-Vire. The 22nd Infantry Regiment in its first action with an armored division, after a short period of indoctrination, assumed the role of armored infantry with unparalleled success. Throughout the swiftly-moving, seven-day operation, the infantry teams kept pace with the tanks, only resting briefly at night to relentlessly press the attack at dawn. Rear echelons fought with enemy groups by-passed in the assault. There was little protection from..."

## News of Our Boys

(Continued from Page Two.)

The heavy artillery which the Germans brought to bear on the American armor, Enemy bombers continually harassed the American troops at night. But in an outstanding performance of duty the 22nd Infantry Regiment perfected an infantry-tank team which by the power of its determined fighting spirit became an irresistible force on the battlefield.

### LIEUT JACK CRISP, INJURED IN EUROPE, BACK IN STATES.

Second Lieut. Jack P. Crisp, son of Mr. and Mrs. Harold N. Crisp, 9917 Cranston Ave., Plymouth, and husband of Mrs. Dorothy Rowland Crisp, 631 Seldon street, Detroit, has arrived at the Army Air Forces convalescent hospital in Fort Thomas, Kentucky, for a period of rest, recreation and therapy.

A former student of Plymouth high school and of the university of Detroit, he flew seven missions with the 9th Air Force in Europe as a B-26 Marauder bombardier and was injured on his seventh mission when a bomb fell on one of his hands. He was awarded the aid medal for meritorious achievement during combat bombing operations.

Prior to his enlistment in the Army he was employed by the Continental Baking company. While at the convalescent hospital a patient participates in a program scientifically designed to bring about his full recovery, so that he may be prepared to resume military duty or return to civilian life. Wounded and injured, who need no further definite hospital treatment, lead themselves to almost complete normalcy under expert supervision and guidance, through various types of corrective therapy. "Operational fatigue" cases, imposed by the strains of combat flying, are relaxed by planned and informal recreation and pre-vocational training.

Regimentation is held to an absolute minimum, but every effort is made to encourage the patient to develop himself along physical and educational lines. Many opportunities are offered to develop vocations or follow vocations in classes and laboratory work. Thus the patient is aided either for return to military duty or a civilian occupation. Among the subjects offered are: Radio operation and theory, dramatics and radio production, photography, navigation, carpentry and woodcraft, physics and chemistry, mathematics, astronomy, art, journalism, American government, business law, Spanish, French and principles of electricity.

### IT'S SERGEANT RALPH MINEHART NOW.

Sergeant Ralph L. Minehart, 990 Brush street, Plymouth, was recently promoted from corporal at the Fourth Air Force field at Mountain Home, Idaho.

Sgt. Minehart is assigned as a Military Police Sergeant for the town of Mountain Home. Prior to his entry into service Sgt. Minehart was employed as diamond borer operator by the Ford Motor Co., at Dearborn.

His parents, Mr. and Mrs. Louis Minehart, reside at 990 Brush street, Plymouth.

### WILLIAM HOLDSWORTH WINS COMMISSION AS ARMY OFFICER.

William Holdsworth, son of Mr. and Mrs. W. G. Holdsworth of 1342 South Main street, was recently commissioned a second lieutenant of the U. S. army upon the completion of an officer candidate course at The Infantry School at Fort Benning, Georgia. He was inducted into the army last July and trained with the infantry before going to the officer's school. Lieut. Holdsworth is a graduate of the Plymouth high school and was a student at Michigan State College when he entered the armed forces.

### SAYS YOUNG GERMANS ARE FULL OF HATE FOR AMERICANS.

In writing to advise of a change of address, Charles Pettibone, pfc., with a cavalry unit somewhere in Germany, declares that the young Germans are full of hate for Americans, but that the older ones seem resigned to their fate.

He says in part: "I received four copies of The Plymouth Mail while in France, and they came via Texas. I guess my notice of change of address didn't reach you, probably being lost somewhere along the way, so I'm dropping you another line from somewhere in Germany.

"Even boys in my outfit from other states enjoy reading what copies of The Mail I do receive. They remark on what a 'homey' paper it is—which is a feather for good old Plymouth.

"German towns and cities are pretty well shelled and bombed. As the Allies roll along, the residents are beginning to filter back to their homes. Some find them occupied, others find them blown to bits.

### BACK IN FRONT LINE AGAIN FIGHTING THE DIRTY JAPS.

Eugene Shipley, who is now somewhere in the Philippines after enjoying a brief stay in a rest camp writes that he is again back in the front lines fighting the dirty Japs.

He's hoping he can be home for Christmas, and the folks back home are wishing that all of the boys can be home for Christmas, too.

Eugene writes as follows: "I'm very sorry that I haven't written before, but I have been very busy since the last time I wrote you.

"Coming over here on the boat I met LeRoy Cripe the last day aboard. He is in the artillery in our division. He is the first fellow I have seen from Plymouth. We had quite a chat.

"I've been in contact with the Japs quite a bit. We have just left our third rest camp and are on the line again. I'm a radio operator and find the work interesting.

"In our rest camps they give us good food, radios, shows, and cold beer, and boy the beer is almost like a furlough. We get plenty of sleep also.

"The people of the town where we had our rest camp gave us a victory dance for freeing their town. It was quite a lot of fun.

"The people here were very glad to see us. They do our laundry for us, and build different things to make it easier for us. Of course there is a government

price on laundry and drinks.

"Well, hope I can be home for Christmas this year, and thank you personally for the paper. It's like being home when you read it. So-long for now."

### HAROLD JACOBS WRITES FROM SOMEWHERE OUT IN THE PACIFIC.

Harold Jacobs, who was fortunate enough to be home on a brief leave of absence some months ago, is again somewhere out on the Pacific.

He has found enough time to write a brief note to "Our Boys" page. Harold says in his letter:

"A few lines to let you know that I have not forgotten you or the many friends in and around Plymouth. I realize that it has been quite some time since I have written. I am receiving the Mail quite regularly and it is being passed around to quite a few boys on my ship who happen to be from Michigan.

"Since I was home on leave I read in the December issue of the Los Angeles Times that my old ship the U.S.S. Mongahan was sunk. Perhaps I was very lucky in getting transferred when I did or perhaps it was the help of something or somebody. Who knows?

"I have just heard of the recent death of Mr. Schrader, and I would like to take this opportunity to express my deepest sympathy to the Schrader family. Most of all for Edwin who could not be with his father those last few hours. I am sure that it was a shock to the entire city to lose such a man as Mr. Schrader.

"I have never written and told you anything about the ship that I am now on. It is quite a bit different from my last ship. My duties are very light, in fact I am what the Navy calls a 'butcher'.

"I have been reading over many of the interesting articles that the boys have sent to you, and which you have published in your paper, so the folks back home can really see what the boys are going through.

"Please don't misunderstand me. We are not complaining and we will do it again if needed to. This seems to be quite a letter for me so once again may I say thank you for The Plymouth Mail."

### ARON NICHOLAS TRUAX FIELD GRADUATE.

Pvt. Aron Nicholas, 25, 9309 Newburg road, Plymouth, has been graduated from the AAF training command's aircraft radio mechanics school at Truax Field at Madison, Wis., where he studied the servicing of radio equipment used on U. S. bombers and fighter planes, it was an-

nounced today by the post commander.

Trained primarily as a technician, he also studied defense against chemical warfare, aircraft identification, and related AAF subjects designed to fit him for combat duty.

Depending upon needs of the AAF throughout the world, he may be assigned to an advanced school or to another center as an instructor in radio mechanics.

### OFFICIAL PROCEEDINGS OF PLYMOUTH BOARD OF EDUCATION.

A special meeting of the Board of Education, District No. 1 Fractional, Townships of Plymouth and Northville was held at the high school, April 19, 1945.

Present: Brisbois, Eaton, Stark, Strong and Sutherland.

Absent: None.

It was moved by Eaton supported by Stark that we approve the recommendation of Mr. Smith of levying tuition in the amount of \$24.07 in addition to the \$106.50 paid by the state. This is to be in compliance with House Enrolled Act No. 23 which was given immediate effect.

Ayes: Brisbois, Eaton, Stark, Strong and Sutherland.

Nayes: None.

It was moved by Sutherland supported by Stark that we ask Mr. Dykhouse to remain for one month after the close of his contract year, at his present salary.

Ayes: Brisbois, Eaton, Stark, Strong and Sutherland.

Nayes: None.

It was moved the meeting be adjourned. Carried.

D. H. Sutherland, Secretary.

Natives of the Marquesas Islands in the South Pacific are the only people who evidently never experience romantic love, jealousy or even a desire for the exclusive possession of a particular man or woman. Not only do two or three men live with and share one wife, but they frequently exchange her temporarily for the wife of another household.

### QUICK RELIEF FROM Symptoms of Distress Arising from STOMACH ULCERS DUE TO EXCESS ACID

## Build That Home Tomorrow With War Bonds Purchased Today . . .

Design V-24 — Conservative Modern House

This Conservative Modern House is beautiful, and economical. There is a very spacious living room with a dining alcove as an extension of the room. Corner windows flood the dining space with light and tend to give the house its modern feeling.

This combination of dining space and living room is good planning for the small house because it enlarges the living room and also offers a very pretty arrangement for entertaining informally.

All comforts and livable details may be built into this small house, with the bedrooms and living rooms on one floor; the bath is well-planned and there is good closet space.

There is a full basement where a recreation or hobby room might be built.

A house such as this is modern in the best sense of the word, and will not become dated or outmoded.

No Shortage of Proteins Let Milk Serve What You Need

Mothers, no doubt, worry more over the lack of beef in their children's diet because of the protein value they're missing rather than the taste. But your worries are unnecessary. For milk contains as much protein as steak in addition to other vital body building materials. And what's more children love it — in fact every one loves our creamy, rich, delicious tasting milk — especially during the warm weather days. Be sure to serve it daily.

### Adult Council Plans Tea

Edna Allen entertained members of the Adult Girl Reserve Council at her home Monday evening. A business meeting was followed by refreshments. It was voted to give a tea for the senior Girl Reserve members May 23, at the home of Mrs. William Arscott with Mrs. Robert Willoughby as general chairman. Recommendations for amending the constitution were given by Mrs. Willoughby. Members present were Mesdames Harold Stevens, Robert Willoughby, David Mather, Miller Ross, William Arscott, Gerald Hondorp, John Morrow, and Miss Roselle Wisley and Miss Harland Bristah.

### Class News

Miss Bristah's geometry class is proving through the use of similar triangles that a pantograph may be constructed. For those who don't know what a pantograph is, it's an instrument by which a map, picture or other objects may be increased or decreased in size.

Labor unions are the current topic of discussion in Mr. Smith's economics class.

The French club went to see the French play "Ladies in Green Hats" May 1 in Ann Arbor.

Miss Killham's 11A English class had a question down on the order of a spell-down but using questions. Marion Custer's team was the winner.

Mrs. Moran's biology class has been studying the causative organism for many common diseases such as smallpox, diphtheria, pneumonia, tuberculosis, sore throat, and tetanus. The class also studied the men responsible for discovering the organisms causing these various diseases. This gives them a foresight into the field of bacteriology.

Another interesting study was made of the compulsory laws in different countries for vaccination against smallpox and the diseases which will be prevalent because of soldiers in various countries.

Many interesting projects are under way in the shop room. Some of the boys are constructing electric motors using the illustrations from the April issue of "Popular Mechanics" magazine. Albert Meyers is making a costume including small plywood hangers.

Keith Ebersole's three-section wiggly dog is nearly ready for display. Another outstanding toy is Harold Taylor's walking duck. Larry Finney, Gerry Walsh and Dwight Eckler have worked wonders in refinishing old tables.

David Reitzel and Donald Sutherland made "Heat Tab" burners to use on Boy Scout hikes.

### Here and There

The 8A group one gave a farewell party April 25 for Nancy Hillman who is leaving for Rhode Island. The whole group was invited along with Mrs. Thams, Mrs. Gilder, Miss Olmsted, and Mrs. Hillman.

Rozanna Mieder, Marie Workup, and Nora Wefsenmoe went to Ann Arbor Tuesday, April 23, for dinner. They later went to the theater and saw "Sudan."

A surprise birthday party was given for Melva Makepeace Thursday, April 26, with Lucille Cayton, Pauline Wilson, Kathleen Fisher, Jean Klopfenstine, Velma Kainz, Phyllis Makepeace, George Maddox, Jack Young, Dale Brown, Deé Speers, Neil Speers, and Ed Sawyer.

Saturday evening Ann Watkins, Dick Stisko, Bob Koppen, and Delores Evans went to Edgewater park and afterwards to eat at Huck's.

June Bassett, Wanda Hunt, Marion Bakewell, Marjorie Kalker, Jean Schuler, Margaret Jackson and Vivian Anderson went to the Downtown show last Friday evening and saw Barry Wood and Patsy Kelley in person. After the show the girls went to old Hickory Log for cats.

### Freshmen Win

The freshman baseball team tangled with Livonia, Wednesday, April 25, to bat it out with a 4 run victory with the score 14 to 10.

The winning pitcher was Bill Perkins.

### The Creed of An American Girl

To be glad of your life because it gives you a chance to learn and play.  
To be satisfied with your possessions and not to covet your neighbors possessions.  
To despise nothing but lies and meanness and to fear nothing.  
To think often of your friends but seldom of your enemies.  
To be independent and resourceful.  
To honor and love your parents.  
To respect other people's opinions.  
Not to steal or lie or gossip.  
To think well of your neighbors and teachers or employers.  
And to think of God and Christ every day.  
I believe that every American girl should have a creed similar to this one.  
—Alice Reddeman, Grade 8

### G.R.'s Give Annual Banquet

The twentieth annual Girl Reserve Mother and Daughter banquet May 10, in the high school auditorium will have as its main speaker, Mrs. Margaret Chase Johnson of the University of Michigan Extension service who will speak on some phase of family relations. The first one was given in the spring of 1925, the club being organized in 1924. The St. John's Episcopal church will serve the banquet which begins at 6:30. The theme is a musical one, having table decorations and favors along that line.

### Oldest Track Record Made in 1929

In '29 Gerald Simmons ran 440 in 53.98; no other Plymouth boy can make that statement! This is Plymouth's oldest track record. Harold Wagenschutz set two Twin Valley Athletic League records in 1936. Broad jump, 21 ft. 1 1/2 in., and for the 120 yard hurdles, 15.2. Jack Kinsey, also in. in the shot put, and the fourth in '36, heaved a record 49 ft. 6 1/2 T.V.A.A. record was set by Bark-laz in '34 with a 22.5 second 220 yard dash.

The remaining school records are 100 yard dash, Behler, '43, 10.4; half-mile, Horie, '44, 2:08; pole vault, Wellman, '43, 10 ft. 6 in.; 120 yard low hurdle, Robertson, '44, 15.7; high jump, Wagenschutz, '37, 6 ft. 1 1/2 in. Windy Donahue's record for the mile, 5:00 was broken by Alfred May two weeks ago. The new record is 5:54.3.

### Six Pass Life-Saving Tests

The six students, Ralph Bachelder, Audrey Neale, Lorraine Nichol, Bob Reh, Merle Parsons, and Chuck Strachan, who were taking the Senior Life Saving course at Northville Training school have passed their tests and are now qualified to be official life guards. Some of the various tests were the art of breaking the holds of a drowning person and methods of carrying a body through the water.

### Could be Their Theme Songs

George Simmons and Kay Fisher—Amor  
Chuck Rowe and June Bassett—Sure Thing  
Bob Zielasko and Lorraine Nichol—Once Too Often  
Bob Minock and Pauline Weidman—Together  
Frank Carlin and Carol Hubbell—Always  
David Johnston and Betty Duff—I'll Be Seeing You  
Dick Stisko and Ann Watkins—A Love Like Ours  
Ed Strong and Emmy Hough—Every Day of My Life  
Bob Trombley and Lois Mills—I'm Confessin'  
Don Hayes and Ann Ward—Time Alone Will Tell  
Harry Curtner and Libbie Neal—Some Other Time  
Russ Downing and Marion Bakewell—Since You Went Away

### Free Throws

From what he said, one of the senior boys seemed to have a fine time at the J-Hop. This is what he said, Beneath a spreading palm I sit I think I'm going to have a fit, But what's a fit when I can be With three fair maids who smile at me.

Margaret Swanson seems to be very interested in the Peace Conference. She started for San Francisco but got only as far as the Michigan-Ohio line after that, though, her father discouraged her.

When asked to define home, George Valrance said, "Oh, that's a place to hang your hat." A Senior boy was upset over a test he had taken but a freshman said cheerfully "Why be irritated, Light an Old Gold!" Did you gals know that Clarence Hoffman really has curves! Watch him bowl and you will see his curve turns into a strike every time.

Memorial services were to be held for the President in a Detroit school. Two little ninth grade boys went to their principal and declared that they thought perhaps they ought not to go.

"Why?" queried the principal. "Well, you see," they explained earnestly "we are Republicans."

They went.

We wonder if Jeanne Tuck is still going to try to measure the diagonal of the geometry room. Do you want to be popular? Do you want that flower petal look? Well just use pancake make up; at least that's what most girls say, but one bright boy said, "Yes, some girls that wear it look as if they have been rolled in flour, are all greased, and ready for the oven."

I'm worth more to my boss now that he's installed a SCHULTZ ELECTRIC MILK COOLER

Schultz Electric Coolers quickly cool my milk—and keep it cool thus insuring my boss the full butter fat test I have worked so hard to produce. Schultz Coolers also halt bacteria growth and make my milk more salable.

Schultz Electric Coolers operate on the floating ice principle without the need of a circulating pump of any kind. They effectively reduce labor costs; keep the night's milk under 40°. Sizes to cool from 2 to 12 cans at one time. Easy payment plan can be arranged. See us today for further facts and prices.

Notice to Property Owners!  
Zoning Ordinance

Notice is hereby given that a public hearing will be held in the Commission Chambers of the City Hall on Monday evening, May 7, 1945, at 7:30 p.m., for the purpose of amending the Zoning Ordinance. The proposed changes are as follows:

1. Lots 302 to 309, inclusive, and the east 70.66 feet of Lot 301 of Assessor's Plymouth Plat No. 12 and the east one-half of Lot 841 and all of Lot 842 of Assessor's Plymouth Plat No. 23. It is proposed that this be changed from Class "B" Residence to Commercial area. This property is located on the west side of Forest Avenue.
2. Lots 607 to 617, inclusive, also Lots 577 to 582, inclusive, and the easterly 132 feet of Lots 622 of Assessor's Plymouth Plat No. 17. It is proposed that this be changed from Class "B" Residence to Local Business area. This property is located on Starkweather north of Pearl Street.
3. The easterly 150 feet of Lots 631 to 651, inclusive, of Assessor's Plymouth Plat No. 18 and Lot 625 of Assessor's Plymouth Plat No. 18. It is proposed that this be changed from Class "B" Residence to Local Business. This property is mostly on the west side of South Mill Street from Ann Arbor Trail to Amelia.
4. The westerly 150 feet of Lot 900 of Assessor's Plymouth Plat No. 24 and the easterly 150 feet of A. N. & M. of metes and bounds. It is proposed that this be changed from Class "B" Residence to Local Business. This property is located on South Mill Street, south of Ann Arbor Trail.

Ample opportunity will be given for all to participate in such hearing and to criticize the plan. This hearing is ordered by the City Commission under the authority given them by the Michigan Enabling Act.

C. H. ELLIOTT,  
City Clerk.

Consumers Power Elevates Engineer

David L. Brown, manager of the Pontiac division of Consumers Power Co., announces the appointment of Edward L. Karkau as his assistant.

Karkau replaces William B. Tippy, who recently accepted a position with Commonwealth and Southern Corp., in the New York office of J. A. Brown, vice-president.

Karkau was graduated from the Michigan State College in 1920, after having served as a sergeant in the engineering corps in Russia, in 1918 and 1919.

He served a short time with Associated Power companies and in 1925 entered the Jackson office of Consumers, coming to the Pontiac division in 1929 as power engineer.

He is a member of the Pontiac Rotary club, past president of Oakland County Engineering Society, and vice-president of Oakland County Michigan State College Alumni Association.

Newburg

Lieut. A. E. Jones has returned to his home on leave from overseas and is making the acquaintance of his 5 months old daughter, Carol Louise, whom he had never seen. Mrs. Jones is the daughter of Mr. and Mrs. J. M. McCollough of Halstead road.

Diane Carol Deja and Carol Louise Jones were baptized Sunday in Newburg Methodist church by Rev. V. G. Carson. Fathers of both babies are servicemen, home on leave.

The Newburg Women's Society of Christian Service met Wednesday in the church hall. Mrs. Russell Steininger of Wayne was program leader and Mrs. R. Macintyre was in charge of the business meeting.

Mr. and Mrs. A. E. Jones of East Lansing visited last week-end in the home of Mr. and Mrs. J. M. McCollough returning Sunday afternoon accompanied by Jean and Joan McCollough who are attending Michigan State College.

Mr. and Mrs. Richard Brewer and son, David, of Dearborn called on James McNabb of Ann Arbor Trail Sunday evening.

Fred Geney of Newburg road is spending a few days with Mr. and Mrs. John Thompson near Fowlerville. Mr. and Mrs. Thompson are former Newburg residents.

Mr. and Mrs. Wm. McInnes of Detroit were Sunday guests at the home of Mr. and Mrs. Robert Macintyre of Newburg road.

Mr. and Mrs. Marlin Simmons of Ann Arbor Trail called on Mr. and Mrs. Kenneth Greer in Plymouth Sunday afternoon.

Mr. and Mrs. John McCollough of Halstead road entertained six at dinner Sunday. Guests included Mr. and Mrs. Wm. Loesch Sr. of Wayne road, Mr. and Mrs. Joseph Sitarz of Pine Tree road, and Mr. and Mrs. Allen McCollough of Garden City.

Mr. and Mrs. Clyde Smith and family of Newburg road spent Sunday in Edenville visiting Mr. and Mrs. Glen Curby.

Mr. and Mrs. Joseph Sitarz were guests Saturday evening at the home of Mr. and Mrs. Don Allen of Detroit in celebration of Mr. and Mrs. Allen's wedding anniversary.

Edwin Norris of Newburg road returned to work Monday after being ill for ten days with strep throat.

The arrogance that has always permeated the Germany army was typically expressed in the fall of 1918. Before the armistice, its General Staff had already started the lie that it had not been a German people at home; and the feated by the Allies, but by the troops that later returned to Berlin marched through the Brandenburg victory gate and down the Siegesallee, or Avenue of Victory, as though they had conquered the world.

Canning Sugar Rations Reduced

Sugar rations for canning purposes have been cut from 20 pounds per person to 15 pounds in 1945, Chairman William Wood of the Plymouth ration board announced this week.

The order, issued from Washington, also limits each family to a total of 120 pounds, regardless of the number of persons in the family. This is a reduction from the former allotment of 160 pounds.

Applications now are being taken for the canning sugar at the OPA offices in the City Hall. The sugar will not be issued until May 15.

Wood also urged that applicants do not paste the canning sugar stamp—No. 13 in Book 4—to their applications.

He asks that they merely clip the stamps to the forms since it is necessary for the ration clerks to remove them from the applications.

School News

League Play To Be Given in Redford

The dramatics department has completed their play for the Forensic League Contest to be held May 16 at Redford Union High school.

Redford Union entertained the students here in an assembly this week while the high school drama club visited Redford Union to present their one-act comedy.

Locals Weak In Field Events

It happened again! Redford Union, the only school Plymouth conquered in track last spring got their revenge, Friday, taking the local boys by a high score of 75 2/3 to 28 1/3. Redford Union got all but 3 out of 12 firsts, which made the picture quite black to begin with, but when Plymouth could acquire only two seconds out of 11 it got worse.

Al May, as almost prearranged, took the mile in 5 min. and 1 sec. with Pattison of Redford Union running the closest second against May so far this year.

Irving Seyer took first in the 440, and by good running team mates, MacGregor and Vetal, they slammed the 440, the only good event of the day.

Jean Thompson came from behind on the last curve to take the 880 in 2 min. 20 sec. Although Datcher tried hard, two boys from Redford Union did better and took second and third.

Following is the summary:  
Shot Put—Stafford (R.U.); Venus (R.U.); Parrish; distance 40 ft. 1 1/2 in. Pole vault—Cohea (R.U.); Wisely; Eggs; Nacon (R.U.); and McClear (R.U.) tied for 3rd. Height 8 ft. 4 in. High hurdles—Hobbs (R.U.); Prick (R.U.); Johnson; time, 18.4. 100 yd. dash—Edsall (R.U.); Thorp (R.U.); K. Pankow; time: 11.3. Mile Run—May; Pattison (R.U.); Kasper (R.U.); time: 5.01. 440 yd. dash—Seyer; MacGregor; Vetal; time 58.6. Low hurdles—Gobbs (R.U.); Patrick (R.U.); Brown (R.U.); time: 15.1. Broad jump—Perkins (R.U.); LaMirand (R.U.); Kurtz; distance 18 ft. 11 in. 220 yd. dash—Edsall (R.U.); Thorp (R.U.); K. Pankow; time: 26. 880 yd. dash—Thompson; Lawson (R.U.); Gunther (R.U.); time: 2:20. High jump—Prescorn (R.U.); McNear (R.U.); Harsha; height: 5 ft. 3/4 in. Relay—Redford Union.

G. R.'s Give Lollipop Hop

The Lollipop Hop, the Girl Reserve dance, is to be given tonight in the high school auditorium from 8 to 11. Eleanor MacDonald and Violet Myers' chairman and co-chairman have as their committee chairmen, Carolyn Sayer, decorations; Jean Klopfenstine, refreshments; Violet Myers, tickets; Kay Fisher, floor; Marion Price, music; Lois Hanson, chaperone. All Girl Reserves at the dance will be on the cleanup committee. Ray Gardner's orchestra will furnish the music.

Bently Crane Wins Poster Contest

Bently Crane took the first prize of \$5 in the American Legion Poppy Poster Contest held in the Art Room Saturday, April 28.

Lorraine Langdon won second prize of \$3 and Bob Zielasko took third prize of \$1 in a contest of 25 entries. The judges were Mrs. Cutler and Mrs. Gerald Hondorp.

Robert Friers Presents Assembly

Robert Friers will present a "Mexican Holiday" in color motion picture adventures, the show which broke the all time record at Carnegie Hall, New York, to the students of Plymouth High in an assembly, May 7.

The program is a double feature, the first a reel of natural color motion pictures which take the audience with Bob as he hikes from Mexico down through the Central American countries to the Panama Canal. He rides on trucks, horses, autos, burros, motorcycles, in dugouts on bicycles and in airplanes. The second reel tells of his solo motor expedition across South America from the Caribbean to the Pacific. With only a monkey as relief driver, he went through Andean passes at a 14000 foot altitude. The combined 80 minute show thus takes us to points south of the equator. Robert Friers has already seen enough action for a half-dozen life times, wandering all over the world as a foreign correspondent, photographer and adventurer. He

WHY BE FAT?

Get slimmer without exercise

You may lose pounds and have a more slender, graceful figure. No exercising. No laxatives. No drugs. With this AYDS plan you don't cut out meats, starches, potatoes, meals or butter, you simply cut them down. It's easier when you enjoy delicious (vitamin fortified) AYDS before meals. Absolutely harmless.

In clinical tests conducted by medical doctors, more than 100 persons lost 14 to 15 lbs. average in a few weeks with AYDS Vitamin Candy Reducing Plan.

Try a 30-day supply of AYDS, only \$2.25. Money back on the very first box if you don't get results. Phone

COMMUNITY PHARMACY

started his travels at the age of 12. To date he has been in 38 countries. To date he has walked all the way to the Panama Canal and once to Alaska. In 1939 he hitchhiked around the world. Always interested in Latin America, he did graduate work in this field at the University of Michigan. For eight different seasons his travels have taken him to south-of-the-border countries.

During the past three years he has been writing, selling his pictures to such publications as Life and Look, has had his own radio program, and produced several newsreels.

Mr. Friers presented an assembly two years ago in P.H.S. which proved very interesting. The junior high assembly will be given from 9:30 to 10:30, the senior high from 10:30 to 11:30. Admission will be 10 cents with tax.

The guests for a buffet lunch in their home on Evergreen avenue will be Mr. and Mrs. W. J. Lent, Mr. and Mrs. Edwin Wingard, Mr. and Mrs. Harry Shoemaker, Mr. and Mrs. James Gretzinger, Mr. and Mrs. Otto Reamer, Mr. and Mrs. Noel Shower of Plymouth, Mr. and Mrs. Allen Wiseley of Detroit.

Ernest Vealey was very pleasantly surprised last Friday evening when twelve of his friends and neighbors met at his home to wish him a happy birthday. They brought with them a delicious evening was spent in playing cards and visiting. The guests were Mr. and Mrs. James Gates, Mr. and Mrs. Charles McConnell, Mr. and Mrs. Matt Swegles, Mr. and Mrs. I. N. Innis, Mr. and Mrs.

Otto Ernst, Mrs. Geo. Gebhardt and Mrs. Lena Smith.

**Livonia Zone Law Upheld**

The Livonia township zoning ordinance has been upheld by a recent decision given by Judge J. V. Brennan, after a two day hearing in circuit court in Detroit.

The action was taken by the Livonia township board upon petition of residents in the vicinity of Seven Mile road and Lathers street against a box factory that had been started up in that restricted zone.

Judge Brennan found that the factory placement was in violation of the township zoning regulation and ordered that it must be removed within 60 days. The district has been restricted for strictly residential purposes.

Many homes in Asia have windowpanes made of the thin and translucent shells of the window oyster because they are cheap and admit an adequate amount of light.

**Local Nurse to Finish Training**

Within another week Second Lieutenant Ellen J. Chandler will have completed her training at Camp McCoy, Wisconsin and will be ready for assignment to permanent duty with the United States armed forces.

Lieut. Chandler, who made a host of friends in both Plymouth and Northville by her efficient and courteous services given while serving as a nurse at Sessions hospital in Northville, enlisted sometime ago when the Government made an appeal for trained nurses to join up with the armed forces.

Following her induction, she was sent to Camp McCoy, which is located near Sparta, Wisconsin. Letters from her state that she is about to finish her training at that place and that she expects to be assigned to permanent duty at or near some army base. Miss Chandler has been given the rank of a second lieutenant.

## WARNING

To All Who Are Dependent On Furnace Heat for Next Winter. Last year, it seemed that everybody waited until the cold weather struck before giving their furnaces the attention they required. Our phone-kept ringing with frantic last-minute calls for repairs and service; naturally, we were swamped with work, and many homes had to suffer the cold inconvenience of waiting their turn. If you wish to avoid this hardship, now is the time to have your heating system inspected. To delay simply means that you will have to take your chances on the scarcity of materials and manpower. It may be that your furnace needs only slight attention, something that we could take care of now in a matter of minutes—but which would require weeks to get at during the rush period. We want to give you the best possible service, no matter how big or small the job, and your cooperation in calling us now will be to your benefit. Don't let next winter catch you with your grates down!

## Babson Says - -

Babson Park, Mass., May 4—Mark Twain would say that money is something like the weather, everyone talks about it, but no one does anything about it. Everyone wants money; only to exchange it for something else. Hence, few do anything to protect it.

**What Is Money.**  
The simple fact is that money of itself is no good. Certainly, this is true of paper money which has no use whatsoever except as a medium of exchange. Money is good only for what it can buy in food, clothing, shelter, education, and happiness. Yet, it is very difficult to interest people in these five important things.

**Most People Are Blind**  
Labor leaders are not the only ones to mislead the people by talking money, money, money. Bankers, brokers and others who sell securities are blind also. They say, "Give me your money to invest and I will make more money for you. So you let them invest for you. The stock you buy goes up in price or the dividend is increased and you have "made money." But are you any better off? Not! During the time you "made money," the cost of living went up more.

But then come along the "smart boys" in Washington who are also blind and say: "Leave it to us. We'll fix prices right where they are so that when you get more money you can take this money to the stores and get more goods. Just leave it to us." Well, we have left it to them and they fixed the price of butter, sugar, canned goods and other foodstuffs. But with what results? We can't get any!

**Why We Can't Get Goods**  
The Washington boys give as an excuse that these things are going to the army. Of course the army is getting foodstuffs, but are these soldiers getting any more than if they were home? How about women's stockings? Before the war you could get good stockings for \$1.00 at which the price was "fixed." Now you go to the store to get these same stockings and the clerk says: "Sorry, but we haven't got any of those stockings." She offers you only a new brand, the price of which hasn't yet been "fixed."

It is easy enough to "fix" the price of some one grade of stockings, cotton dresses or handbags; but just as soon as the smart boys do this the manufacturers stop making that grade and get out another grade, or shape or color, the price of which has not yet been "fixed." "All right" you say, "then fix the price of every grade, shape and color." Well—dear reader—if you did this then the manufacturers would stop making them all. Under similar conditions farmers would stop raising food. If they must pay more wages, they must in some way get more money for their goods or else quit.

**Cost of Living**  
However, the purpose of this article is not to criticize my Washington friends. They are doing the best they can. Only they should honestly tell you that while they can fix prices, they cannot fix both the cost of living and the standard of living. So long as people think only of money, one of these goes down just as sure as the other goes up. Jesus knew this when He told the world 2,000 years ago that the "love of money is the root of all evil."

"Why" is the answer? you ask. The answer is that we should worship money less and work harder. There is only one way to get more food, clothing and shelter. That is by raising more vegetables in your back yard, making more of your own clothes and building more houses. Our standard of living will never permanently be raised by getting more money. It will be raised only by thinking harder and working harder. I also get this answer from the Bible. Jesus said, "Give good measure." Paul said, "Unless a man work he shall not eat." It is okay for everyone to have a higher standard of living and better working conditions; but it is very foolish to have MONEY which gives neither.

American soldiers in the Far East have discovered numerous persons who believe that all motion pictures—including such films of fantasy as The Wizard of Oz and Alice in Wonderland—are like newsreels and depict the real life of real people.

## How to Plan Your Victory Garden

Mrs. Austin Stecker, chairman of the Plymouth victory garden campaign for the present year, which is being sponsored in Plymouth by the Women's National Farm and Garden association, states that Plymouth victory garden growers should follow closely the suggestion just made by O. I. Gregg of the department of horticulture of Michigan State College in which he urges that time be given to laying out a garden so every square foot of ground may be utilized.

He suggests drawing the garden plan to scale, showing the length and number of rows for each kind of vegetable, the distance between rows, and the dates to plant.

right. This is particularly true of pole beans, both Kentucky Wonder and limas. Cucumbers can be trained to grow upward, thus saving many feet of garden space ordinarily covered by the sprawling plants.

## 25 Years Ago

News items of a quarter of a century ago taken from the files of The Plymouth Mail.

Mr. and Mrs. C. V. Chambers announce the marriage of their daughter, Mayme Elizabeth, to Harry Franklyn Vosburgh, April 29th, at the Methodist Church, Pontiac, Rev. Samuel Bird officiating.

Mr. and Mrs. Oscar Freheit entertained a number of friends and relatives at dinner, last Sunday, it being the occasion of Mr. Freheit's birthday anniversary.

Mrs. Grimm of Newburg gave a pre-nuptial shower in honor of Miss Faye Ryder, last Saturday evening, at her home. About thirty young people had a merry time with music, games, etc. A delicious luncheon was served by the hostess. Miss Faye was the recipient of some very pretty and useful presents.

It being Elaine Hamilton's sixth birthday, a very delightful party was held in her honor in the kindergarten on Monday of this week. Two large birthday cakes, furnished by Mrs. Coello Hamilton, were served.

Miss Gladys Herrick of Northville, has taken a position in the office of the Lee Foundry on Mill street.

The ladies of the Lutheran church met at the church, Wednesday, and gave the building a thorough housecleaning. Mrs. C. Strasen made the work pleasanter by serving refreshments in the afternoon.

Mrs. Oscar Matts entertained the I. Club at her home on York street Tuesday afternoon.

The following are building new houses in the village: Robert Todd on Amelia St., James Todd on Amelia St., John Larson on Amelia St., John Kahl on Rose St., George Vealey on Adams St., Nelson Cole on West Ann Arbor St., Thomas Bloxom on East Ann Arbor St., Wesley Adams on Adams St.

The fund for the new \$3,000 pipe organ to be installed in the local Methodist church has been opened, and has already reached a substantial figure. Evered V. Jolliffe has been appointed treasurer of the fund.

A very pretty wedding took place Thursday at three o'clock at the home of Mr. and Mrs. Blake Fisher, on Williams street, when Berle C. Fisher of Detroit, brother of Blake Fisher and Miss Ethel Lester of Detroit, cousin of Mrs. Fisher, were united in marriage by Rev. F. M. Field. They were attended by Miss Sadie Lester of Detroit, sister of the bride, and Alex Fisher of Detroit, brother of the groom. The happy couple left Friday morning for Brown City and other northern points. After May 1st, they will be at home to their friends in Owosso, where the groom has a position as auditor for the Union Telephone Co.

Between 1941 and 1944, a group of physicians in France saved more than 20,000 of their countrymen from enforced labor in Germany by giving each, through injections, one of several real or simulated diseases, such as jaundice, kidney trouble, inflammation of the knee, and spots on the lungs that would be diagnosed as tuberculosis.

### ELECTRONICS SPEEDS PLASTICS

A big speed-up in the plastics industry, surpassing anything achieved in the past quarter of a century, is made possible by electronic heating. The task of molding a four-pound test block six inches square by 2 3/4 inches thick formerly required two hours. With electronic heating, it takes five minutes!

Don't waste electricity! Conserve it to save coal

### SURE FAVORITE

Our Home Service Department predicts quick popularity for this new and different cake:

### Foamy Chocolate Cake

2 9-inch square cake pans  
2nd set of glides  
1 cup butter or shortening  
2 cups sugar  
3 eggs  
3 squares bitter chocolate, melted  
1 cup milk

Preheated oven—350° F.  
Baking time, 45 minutes  
1/2 cake compressed yeast  
1/2 tsp. salt  
2 3/4 cups cake flour  
1 tsp. soda  
3 tbsps. hot water  
1 1/2 tpsps. vanilla  
1/4 cup lukewarm water

Grease the cake pans thoroughly and dust with flour. Sift flour once before measuring, then sift again with salt. Cream the butter, add sugar and cream together until light and fluffy. Add the egg yolks. Beat well. Add the melted chocolate and the milk. Add the yeast, which has been mixed with the lukewarm water. Add the flour and salt which have been sifted together. Blend ingredients thoroughly. Fold in stiffly beaten egg whites. Place in refrigerator overnight. The next morning, add the soda dissolved in the three tablespoons of hot water. Add vanilla. Pour into cake pans. This is a delicious and different cake.

### EDISON POWER

is produced by the burning of coal—thousands of tons every week to supply customers' requirements of electricity. The WPB "brown-out" order is designed to save coal. Do your part in your home to conserve electricity, and help your merchant cooperate with the "brown-out" by continuing your present shopping habits.

### CLEANING TRICK

To prevent gloss from coming off white paint, wash with milk and a little soap. Wasting electricity wastes badly needed coal
