 LET'S FINISH THE JOB.

Now that we have devised a bomb which is the most destructive thing ever known to mankind, let's go ahead and finish the job in Japan. Let's blow the grinning, sneaking termites from the face of the earth. They forced this war upon America at a time when this country was doing everything within its power to maintain with Japan peaceful relations. They asked for it, now that we have got it, let's give it to them! Hirohito and his puppets have not the slightest right to live in the world of peace we hope to create for mankind.

LEADING THE WAY.

If some four or five hundred other Plymouth residents will follow the lead of Mr. and Mrs. Henry Hees in providing activities for the teen-age boys of this community, maybe we would not hear so much about teen-agers up around police headquarters. The Cub Scout camp they have conducted, with the assistance of a few others, during the past two weeks, is a truly good example of what can be done to provide youngsters with the right kind of activities during vacation months. As we see it, idleness provides any child with temptation—and a boy in a Cub Scout camp is kept so busy doing worthwhile things that he has no time to be idle.

THE RIGHT SOLUTION.

We commend President Truman, Premier Attlee and Dictator Stalin upon the plan they have worked out for the future of Germany. They have decided that the German people as a race shall not be destroyed, but that Germany shall never again be in a position to make war munitions, warships or aircrafts. That means that Germany will not have access to the high seas with its deadly submarines and that it cannot invade on earth or in the air innocent and defenseless nations.

They have decided that Germany shall be a nation living on and off the soil—a strictly farming country. That's good judgment. It is the plan we have long advocated.

Now let's apply the SAME rule to Japan and see to it that these barbarians live from the products of their fields and what fish they might catch off-shore. No more ocean ships, no more airships, no more "heavy" industries for Japan. Then, maybe, the world can live a few hundred years in peace.

NOT FOR AMERICA!

A group of Soviet workers from factories in Russia visited Detroit the other day. In the crowd were a number of women factory workers, who told Detroiters about the arrangements they have in Russia for the care of babes and small children while the mothers work in factories.

That may be a swell thing for Russia—but as far as this one individual is concerned it's a slimy, low-down, prostitute breeding idea for this country, where we have built our civilization and our ideals around the home.

Sure, it's a swell idea if a woman wants to live with some man and work at the same time, without maintaining the respectability and decency of a home.

If some other country wants it, O.K. That's their business and not any of ours. And if you favor the encouragement of prostitution and the ruination of the American home ideals, go ahead and institute the scheme in America.

If a mother finds it necessary to work in a factory to MAINTAIN a home under the high standards of American home ideals, that is perfectly right and proper. And it is right and proper that provision be made to assist her in the care of her minor children, if she has any to support.

But to institute a plan whereby men and women shall work side by side in a factory and turn the care of their children over to the state, that's something else.

All of the dictator countries have tried various degrees of home ruination with all moral decency thrown to the four winds.

The Russian visitors were surprised, they said, to find that we had not instituted some sort of a plan in this country to provide care for children while their mothers worked.

Since the advent of the New Deal, America has gone down into the gutter a long ways, but if you want to put the country right down to the level of animal life, let's complete as quickly as we can the destruction of American home ideals. And we can do that by making it possible to farm out both legitimate and illegitimate children under the care of the state.

ANOTHER BUREAUCRATIC DEAL.

When we first read of the government order curtailing civilian travel in Pullman cars, we thought that it was necessary in order to provide better accommodations for our fighting lads, the directive was perfectly O. K.

But one never reads of any of these bureaucratic orders sent out of Washington without having a suspicion that there is something dirty, something underhanded, something intended to hurt some political enemy or help a favored political friend, back of the whole deal.

Now it appears that such is the case in connection with the order prohibiting civilians from using Pullman cars if they do not travel over 45 miles.

No such an order was issued in connection with airplane travel or with cross-country bus travel.

The whole directive was fired broadside at the railroads and on top of it, the thousands of men who are keeping railroads in operation in the face of most trying conditions were criticized because of the over-crowding of railroad trains.

Who is to blame for any over-crowding? Isn't the blame squarely upon the shoulders of the misfits and unfits down in Washington who have messed up everything in connection with the war effort?

You bet it is!

Plymouth happens to be quite a railroad center. We know that the railroad workers put the interests and the welfare of every man in uniform ahead of everything else. Since the war started it has been the practice of the Pere Marquette in its various stations to permit soldiers and sailors to board trains 15 to 20 minutes ahead of civilians. Not until ALL men in uniform have boarded the trains and been seated, are civilians permitted to get on the trains.

During the past winter we did some traveling for short distances on trains. Not only did the trainmen give first preference to the soldiers and sailors, but even the civilian travelers manifested the same concern for the welfare of the boys in uniform as did the railroad men.

You can blame the crack-pots down in Washington for any inconvenience that has been forced upon the soldiers in their travels about the country—and not upon those who operate the railroads or even the civilian travelers.

Maybe you'll find in the dirt pile somewhere that some of the "big shots" down in Washington have hidden reasons for wanting to do something to help both air-line and bus travel and at the same time give the railroads a kick in the shins. At any rate, the whole mess begins to look pretty fishy. And we are not traveling anywhere and we are not planning to travel anywhere.

What A Soldier Thinks About The Europeans

Sometimes Mr. Soldier has as good if not better information on what is going on overseas than a lot of folks who think they know everything and spend their time writing for the newspapers and magazines trying to impress the public with their "super" knowledge.

The other day, Harvey Shaw, one of these Mr. Soldiers who helped one of General Patton's artillery outfits blast a way into Germany for the American army, returned home from Germany, where he has been located since the Nazi surrender.

Before the German invasion he was stationed in France for a considerable period.

Harvey, a son of Mrs. Irene Shaw of South Harvey street, declares that from his observation Germany is going to make a much quicker comeback from the war than will France.

"We saw German men and women repairing their houses and barns where they had been damaged by the invasion even before the war ended. They were busy fixing things up just as fast as they could," said Harvey.

"In France, both the men and women were laying around doing nothing. It looked as though they were waiting for some one to come in and fix things up for them."

"I was surprised to see how the Germans worked. You would see men, women and children out in the fields working long hours. They didn't have any machinery. Everything on the farm was done by hand. They would harvest a field of grain in almost no time, and it would be done by hand. Their gardens were nice, too. They would offer American soldiers things from their gardens, and that's something the French didn't do," he said.

"Not only did the French people look lazy, but they soaked the American soldiers three prices for everything they bought."

"The Germans seemed as pleased as we were that the war was over. Of course there probably were some of them who still wanted to keep on fighting, but while we couldn't do much talking with them, we did learn a lot about them. There were many of them who could speak English very well and they talked freely."

"The French men made the women do what little work was done. For some reason the French didn't make too good an impression with the boys in our outfit. And most of all of our fellows I talked with had the same impression."

"You can bet I was one who was glad to get back to good old Plymouth and these United States. I want none of it over there, although Austria is a beautiful country. I guess the constant fighting among themselves and their wars was the reason why so many Austrians came to this country. That's about the only reason I could figure out why they would want to leave such a beautiful place as we found the parts of Austria we were in to be," he said.

Harvey is home on a 30-day tour. He has no idea where he will be sent. A graduate of the Plymouth high school with the class of 1941, he went into the army the next year and has been overseas a good portion of that time.

Truck Thieves Nabbed Quickly by City's Police

The Plymouth Police Department, under Capt. Carl Greenlee, acting chief while Lee R. Sackett is on vacation, did a snappy bit of crime solution last week.

Two trucks were stolen from the Cloverdale Farms Dairy, at 841 West Ann Arbor Trail, last Wednesday night. Thursday two of three teen-age culprits from Detroit were under arrest.

Saturday all three were arraigned on warrants before Judge J. Rusling Cutler and bound over for Circuit Court on charges of unlawfully driving away an automobile. Two are in County Jail and one is out on \$500 bond.

The three teen-agers and two girls were enroute to Silver Lake, near Pinckney, when their 1936 model automobile broke down at Mill and Main streets. So they began looking for other transportation.

They found the two trucks, a one-ton pickup and a ton and a half job, parked beside the dairy with the keys in them—one of the few occasions that has happened.

The youths were traced through the car they left parked at Mill and Main, after the theft was discovered at 3 a.m. Thursday when the day crew arrived. A teletype was put out and the youngsters were picked up by Detroit police in a matter of hours.

Under questioning, the youths, two of whom recently were discharged from the Merchant Marine, readily admitted the theft, saying no harm was meant. One of them remarked that they had left a trail, "any dumb cop" could follow, according to Greenlee.

This gave Herman Bakhaus owner of the dairy who was sitting in on the questioning, quite a long and hearty laugh. The laugh was in the other direction, however, a short time later.

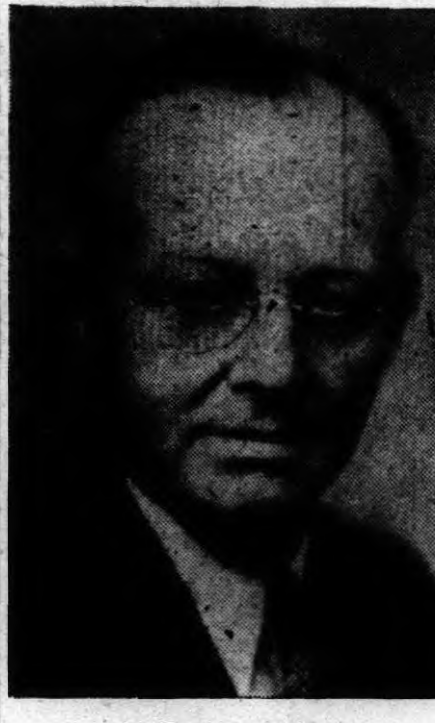

As the youths were taking police over their route to find one truck, which had been wrecked, they pointed to a driveway in which they had parked waiting for the other to catch up. It was the driveway of Bakhaus' home, at 4947 North Territorial road.

The one truck was found at Ten Mile and Lahser where the youths abandoned it. The other was found smashed against a tree near Silver Lake. They had quite a time finding that one.

They had parked the truck and the brake had let go and it had coasted down over a hill and smashed into the tree in a gully.

A big aid in helping find the culprits was Mrs. Luella Partridge, of 708 Church street, who happened to be sitting by her window shortly after the theft and overheard the two members of the Merchant Marine and the girls talking.

25 Years of Service In Prison Management Wins Him Honors

A. Blake Gillies.

From a prison guard to prison superintendent, with one of the cleanest and most successful records of any warden in these United States is the success story of A. Blake Gillies, superintendent of the Detroit House of Correction who last Friday celebrated his 25 years of service with the big institution of which he is the head.

When Supt. Gillies returned to his office last Friday afternoon from a Rotary club meeting in Plymouth, he was greeted by some 135 employees who have served faithfully under him for years.

Surprised, the Superintendent asked what it was all about.

Then it was that Edward Gardner, deputy superintendent in behalf of his associates, presented Mr. Gillies with a pen and pencil set in recognition of his services.

Even the hundreds of inmates, most appreciative of the efforts of Supt. Gillies to help unfortunates restore themselves to good citizenship, did not permit the anniversary of his long prison services to go without notice. They, too, expressed their gratitude of his effort by presenting him with a gold necktie pin.

It was 25 years ago last Friday when Supt. Gillies donned the uniform of a guard and went to work at the old Detroit House of Correction in Detroit. Strict attention to business, a display of common sense and a desire to work, quickly won him promotion after promotion. It was on August 6, 1920 when the board made him superintendent.

In this executive capacity he has won for himself as well as his institution countrywide recognition for its high type management.

Heating Plant Is Donated To Wild Life Club

An entire heating plant, with piping and all other necessary "fixings" for the new club house of the Western Wayne County Conservation association, has been presented to the club by Henry Penhale, one of the organization's active members, it was announced Monday night at the meeting of the organization by President Brick Champe.

Mr. Penhale recently started the installation of a new heating plant for his wood-working factory on West Ann Arbor road and when he learned that the club had not yet been able to get a heating plant, he decided to donate the old one he is now taking from his wood plant, rather than sell it.

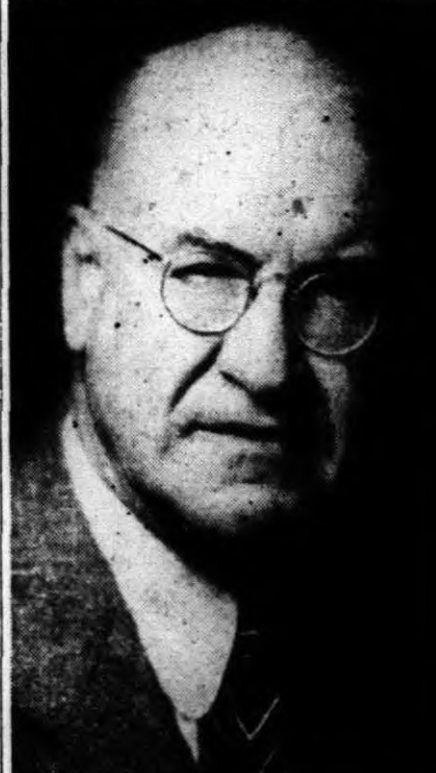

Not only has Mr. Penhale made this donation to the club, but he has presented the organization with plans necessary for the construction of the wall and had the forms set for the concrete.

The club by a most enthusiastic vote Monday night expressed its appreciation to Mr. Penhale for his substantial gift to the organization.

The foundation of the building will have been completed by the end of the present week states President Champe, who has been devoting nearly all of the time not spent in his office to pushing the project.

It is believed that the clubhouse will be ready for use sometime during September.

T. Glenn Phillips. Advisor to Plymouth's City Planning Commission Since Its Creation.

Funeral Held Tuesday of Famed City Planner

Final rites for T. Glenn Phillips, one of the best known city planners in the mid-west who played an important part in framing Plymouth's zoning law and who served as advisor to the Plymouth city planning commission for years, took place Wednesday afternoon at his home on Sunbury road east of Northville.

He died in St. Joseph hospital in Ann Arbor Saturday after a brief illness. Although his health had not been of the best for sometime, he kept active until just a day or so before he was taken to the hospital.

He was born in Bay City 68 years ago and almost immediately after graduating from Michigan State College where he majored in landscape gardening and forestry, he became associated with the United States Bureau of Forestry in an advisory capacity and served in Washington until he opened an office in Detroit for the practice of landscape architecture and city planning.

Almost immediately he gained statewide prominence in this work. Soon he became commissioner of the Detroit city plan commission. During the last world war he served as town planner for the U. S. Housing Corporation. After the war he came city planning consultant again for Detroit and more than a score of other Michigan cities and villages.

Among some of his outstanding landscape work are the grounds of the Michigan State college, regarded by many as the most beautifully landscaped educational institution in the country.

He was prominent in all of the societies and organizations that have an interest in city planning and landscaping work. Some of the most beautiful estates around Detroit are the results of his efforts. The grounds surrounding his own home just off the Seven Mile road are most attractively landscaped.

For more than a quarter of a century he was regarded as one of the outstanding leaders in his profession and his passing is regarded as a serious loss not only to Michigan but to the profession to which he had devoted his efforts for almost a lifetime.

He was well known in Plymouth and took a most active part up to a very few weeks ago in the proper development of this city.

Mayor Shear at the meeting of the city commission Monday night, had the city manager, Mr. Elliott, present proper resolutions, which were passed by the commission.

The funeral was largely attended by many prominent in his field of endeavor, and in public life in Wayne county and Michigan.

Mrs. Phillips died in October, 1943. One daughter, Mrs. Barbara Petz, survives. Services were conducted by the Rev. E. E. Rossow, burial taking place in Holy Sepulchre cemetery.

Gas Rationing Off in England Says Matulis

"Gasoline rationing" was taken off in England on August first" stated Lieut. Anthony Matulis, former coach of the Plymouth high school, who has been serving with the navy in France and England during the past 14 months.

He arrived home a few days ago and will be in Plymouth until August 27 when he reports back to the Great Lakes station for reassignment.

Lieut. Matulis states that the English people, while cool and reserved, are most appreciative of the part that America played in helping to defeat the Nazi hordes.

"Frequently when traveling on a bus or a train, some Englishman would tap you on the shoulder and say 'job well done, thanks.' It is most surprising how hopeful they are of the future" said the Lieutenant.

"When I first arrived overseas I was in London. There seemed to be no one there at that time except soldiers. When I came back to London to spend 10 weeks there after the German defeat, I was amazed to see how many people had come back to the city. They are doing a remarkable job in cleaning up the damage that the Germans did with their air raids. I could notice each day an increase in the number of people arriving in London. They had come back to the homes they had deserted when the raids started.

"There is still a great shortage of food and clothing in England, but people seem to manage to get along some way, and they take it without complaining," stated Lieut. Matulis.

He made one trip to Berlin after the defeat of the Germans. While there he met a number of Russian officers. He has only praise for the friendliness of the Russians and he states that he sees no reason in the world why the Russians and Americans cannot get along in the future.

"The morale of the French people when we first went into France was low indeed. In fact they were not very friendly to us, because of the bombings we had to do. But after they saw what we were doing their attitude changed and they seemed appreciative, especially after we got some food shipments into the country.

"There is no gas in France for automobiles, except for cars used for military purposes.

"It appears to be all confusion there now, but the leaders seem to be trying to get things organized and get both the government and business back onto a sound basis."

He was surprised to find so many people in France who speak the English language. It is especially bad in the Paris area. People have lived and are now living to a very great extent upon vegetables.

"I noticed that during the last two or three months I was in France that the spirit of the people seemed to be more hopeful. I don't think there is any danger of Communism in that country. The French do not want to be regimented any more than do the Americans. But the French seem to realize that they have got a long ways to go to get back where they were before the war started.

"I do not believe that they will ever forgive the Germans for what they did. The Nazis took everything of value the French had and that the Germans could use. They bled France of all of its young men, putting them in labor camps and treating them as the French by the Germans, especially in the inland portion of the country was terrible and the French will never forgive or forget what Germany did."

Brands Today's Conditions As Nation's Disgrace

"Things were never like this during Civil War days. We could get meat to eat. We could get what we needed. Flour was high priced, but we could get it. And we could get sugar, but it cost a bit more. But there was nothing like the mess we are now in" said Louis H. Hollaway, yesterday.

Mr. Hollaway, who will soon be 94 years old, was born in Plymouth, lived as a youngster during the Civil war and recalls vividly the stirring days of that terrible event.

"We could get potatoes for 25 cents a bushel. That was because people were willing to work and grow things. You never heard of such a thing as a man working only 40 hours a week during that war. Everybody worked, even boys and girls. Sometimes they worked seven days a week, and often 12 hours a day and longer.

"People just cannot loaf and raise food. If they will not work, how can they get the things they need to eat and wear."

"There's no sense in the country being in the condition it is at the present time. The Civil war was a far greater burden on the country than this war, because we only had a small part of the country to support the Union cause. But we did it—and I did my part, even though I was only just a boy. We worked and we were proud of it" asserted Mr. Hollaway.

He will soon be 94 years old, but many men 40 and even 50 years younger would find it difficult to do as much work as he accomplishes each day in his furniture repair and paint shop at 216 North Harvey street.

The birthday of Mrs. Carl Hartwick was celebrated Wednesday evening with a picnic supper in the Riverside Park. Those present were Mr. Hartwick, Mr. and Mrs. Eugene Orndorff, Mr. and Mrs. Albert Pint, Mr. and Mrs. James Thrasher, Mr. and Mrs. George Thierich and families and Mrs. Lewis.

Adams Street Now Steps in to Claim Honors for Most Boys in Service

- No use waiting for Ripley any more. First it was Roe street. Then it was Forest avenue. Now comes Adams street with the claim that it has the greatest number of boys in the service in proportion to the number of families on the street, of any other street in Plymouth. Adams street total reaches 45 names.
- Our only question now is — who's next?
- Following is the Adams street roll of honor:
- Lt. Jesse Frank Simmons, son of Mrs. Marvin at 679 Adams.
 - Cpl. Paul T. Freeman, husband of Mrs. Paul Freeman, 702 Adams.
 - Pfc. Herbert Broome, son of Mrs. Fred Broome at 702 Adams (discharged).
 - Pfc. Douglas Phillips, son of Mr. and Mrs. Phillips at 732 Adams, now serving on Okinawa.
 - Pfc. Charles Phillips, son of Mr. and Mrs. Phillips at 732 Adams, now on Guam.
 - S2/c Ronald Phillips, son of Mr. and Mrs. Phillips at 732 Adams, somewhere at sea.
 - Cpl. Dick Smith, Mr. and Mrs. Phillips' son-in-law at 732 Adams.
 - S2/c Donald Norton, brother-in-law of Mr. and Mrs. Church at 764 Adams.
 - Cpl. Edward Wesley, husband of Mrs. Edward Wesley at 745 Adams (discharged).
 - T/Sgt. Frank Konazeski, son of Mrs. Konazeski at 679 Adams (discharged).
 - Cpl. Alex Konazeski, son of Mrs. Konazeski at 679 Adams.
 - MM1/c Lowell Sweeney, son of Mrs. Sweeney at 678 Adams, in U. S. Marines.
 - Pfc. Harvey E. Morgan, son-in-law of Mrs. Sweeney at 678 Adams.
 - Pfc. Raymond Flanagan, husband of Mrs. Raymond Flanagan at 697 Adams.
 - Cpl. Dean Vanlandingham, son of Mr. and Mrs. Fred Vanlandingham at 543 Adams.
 - Cpl. Kahl F. Drews, son of Fred Drews at 598 Adams.
 - Pfc. Harvey Esch, son of Mr. and Mrs. Herman Esch at 493 Adams, wounded in Germany March 2nd.
 - Pfc. George Schmittling, son-in-law of Mr. and Mrs. Herman Esch at 493 Adams (discharged).
 - EM2/c Ernest E. Folsom, son of Mr. and Mrs. E. E. Folsom at 460 Adams.
 - Pvt. Charles Folsom, son of Mr. and Mrs. E. E. Folsom at 460 Adams (discharged).
 - Cpl. Keith VanAmburg, son of Mr. and Mrs. Arthur VanAmburg at 420 Adams.
 - M1/c Robert Johnston, son-in-law of Mr. and Mrs. Arthur VanAmburg at 420 Adams (discharged).
 - T/Sgt. Harold Woodworth, son-in-law of Mr. and Mrs. Arthur VanAmburg at 420 Adams.
 - Pfc. Haldor Burden, son of Mr. and Mrs. Ernest Burden of 390 Adams.
 - PHM2/c John Parks, husband of Mrs. John Parks of 399 Adams (discharged).
 - Sgt. Jack Warkup, son of Mr. and Mrs. John Warkup at 385 Adams.
 - Sgt. Arnold Phillips, son of Mr. and Mrs. Thomas Phillips at 335 Adams.
 - Pfc. Lee McGorey, son of Mrs. Laura McGorey at 311 Adams.
 - Arthur Wilson, husband of Mrs. Arthur Wilson, at 309 Adams.
 - EM2/c Robert Gardner, son of Mr. and Mrs. Hugh Gardner at 263 Adams.
 - AMS1/c Fredrick Gardner, son of Mr. and Mrs. Hugh Gardner at 263 Adams.
 - AS Raymond Gardner (Coast Guard), son of Mr. and Mrs. Hugh Gardner at 263 Adams.
 - GM3/c John Weiss, son-in-law of Mr. and Mrs. Hugh Gardner at 263 Adams.
 - Lynn Partridge (army), son of Mrs. Luella Partridge at 708 Church (corner of Adams) (discharged).
 - William Garrett, son of Mr. and Mrs. William Garrett at 708 Church.
 - Robert Garrett, son of Mr. and Mrs. William Garrett at 708 Church.
 - Cpl. Clifford Stierwall (now discharged), and Donald Stierwall, who make their home with Mr. and Mrs. Arthur Mills at 349 Adams.
 - Boys who enlisted from Adams, but families later moved are: James Wellman, son of Mr. and Mrs. Earl Wellman; Ruth Wellman, daughter of Mr. and Mrs. Earl Wellman.
 - Arthur Gillis, son of Mr. and Mrs. John Gillis.
 - Arthur Robinson, son of Mr. and Mrs. Wilfred Robinson; William Robinson, son of Mr. and Mrs. Wilfred Robinson.
 - James Honey, son of Mr. and Mrs. James Honey (discharged).
- Facts on the Adams street situation: Eleven boys from four homes in the third block, Adams Street is only three blocks long. Total enlistment 45.

Sidewalk in Bad Shape? Tell City

In the hopes of being able to have all the broken sidewalks in Plymouth repaired before winter sets in, Mayor Carl Shear's recommendation that a public hearing be held on the sidewalk problem was approved Monday evening.

So at the next meeting of the city commission to be held Aug. 20, residents of the city are requested to be present and tell the city commission where the sidewalks are located that need repairing.

"There are many walks in the city that need repairing badly" said Mayor Shear yesterday. "We hope to have people living in the vicinity, of places where walks need repairing come to the city commission and tell us about them. I now hope that we can pair all of them before snow flies" said the mayor.

Navy Mothers Ask for Old Watches

Here are the Navy Mothers right in the front lines, where they always are when there is something to be done for the boys of the fighting forces! Remember sometime ago the hundreds of old and new razors they collected and sent to our navy and marines who had been shipwrecked and lost everything.

Well, now they are collecting old alarm clocks and watches for rehabilitation work at Veterans' hospitals. Here is your chance to do something for the boys who have done so much for you. Leave at Taylor & Blythen's store or with any Navy mother.

Four More To Enter Services

Four more names have been added to the list to be sent to the armed forces by the Plymouth Draft board. These four will go into the armed forces next Tuesday, August 14, making 31 that have gone from this induction center during August.

The four are: Pete Spagnuolo, 113 Main St. Northville; Orville Lyke, 53853 Baseline Rd., Northville; James Paul Arigan, 11180 Gold Arbor Rd., Plymouth; Stephen Schomberger, 992 Hartsough Avenue, Plymouth.

Drain Official Moves Here

Among the new residents who have recently purchased homes and moved to this locality are County Drain Commissioner George and Mrs. Dingman of Detroit. Mr. Dingman's early last spring purchased a home and three acres at 42365 Schoolcraft road, the location being directly at the end of Bradner road and a short distance south of the Harry Robinson residence. The property is known as the former Crider place.

Three of their four grandchildren have resided with Mr. and Mrs. Dingman since the death of their mother a number of years ago. Miss Pat is the only one at home at present, the elder sister having married sometime ago and the two boys being in the armed forces overseas.

The county drain commissioner has always been a good booster for this part of Wayne county and it is not surprising that he has decided to make his home in this locality.

Mr. and Mrs. Victor Petschulat of 11036 Hubbard avenue, Rose-dale Gardens, announce the engagement of their daughter, Dorothea, to Richard L. Erdelyi, son of Mr. and Mrs. Wm. B. Erdelyi of Plymouth. Dorothea is a graduate of the class of '44 Plymouth, and will return to her sophomore year at Michigan State in September. Richard was a '45 graduate and left Tuesday, Aug. 7 for the armed services. No date has been set for the wedding.

Obituaries Philip H. Tighe. News of the death of Philip H. Tighe, former resident of Plymouth, reached The Mail too late for last week's edition. Philip was the only son of the late Edward H. Tighe and his widow Blanche (Starkweather) Tighe. The family had lived intermittently at Plymouth or Los Angeles for the past twenty years or so. Philip Hendrie Tighe was born in Detroit, Dec. 27, 1906, and died in Los Angeles, Calif., July 26, 1945. Philip never married and lived with his mother at the time of his death. He had not been well for a number of years but continued to work with some interruption, and was still at work July 7th when Plymouth relatives received an interesting letter written by him on that date. In Los Angeles Philip had been employed as a motorcycle traffic officer, an orderly in the county hospital, a mortician for a Mexican undertaker and finally as an operator for an industrial photographer. The funeral was held in Los Angeles on Monday, July 30. Infant Jacqueline Heike. Jacqueline Heike, infant daughter of Mr. and Mrs. Frank E. Heike who resides at 9275 Corrine Street, passed away early Wednesday morning, August 8th. Besides her parents she is survived by her sister, Nancy, her grandparents, Mr. and Mrs. Clyde Pratt and Frank R. Heike, all of Plymouth, several aunts and uncles. Jacqueline was brought to the Schrader Funeral Home. Funeral services will be held Friday morning, August 10th at Holy Sepulchre Cemetery at 10 a.m. Rev. Father William P. Mooney will officiate. Must Give Apron to Get Into This Party Members of the Womens' Society of Christian Service are requested to remember the "Apron party" to be held Sept. 19 at 8:00 p.m. Admission will be a home-made apron to be sold at our bazaar later in the fall. A cash award will be made to the unit having the highest percentage of aprons donated. Six of the 261 past Popes of the Roman Catholic Church have ended their pontificate by abdication.

This was the night set for the public hearing to determine whether or not to place bituminous pavement on Sheridan Avenue between Sheridan and Lincoln Avenue, on Lincoln Avenue between Sheridan Avenue and Ann Arbor Trail, on Division Street between Starkweather Avenue and North Mill Street, and on Wing Street between South Main Street and Deer Street.

The following resolution was offered by Commissioner Corbett and supported by Commissioner Whipple.

WHEREAS, requests have been filed with this Commission for the construction of a bituminous pavement on Sheridan Avenue between Sheldon Street and Lincoln Avenue, on Lincoln Avenue between Sheridan Avenue and Ann Arbor Trail, on Division Street between Starkweather Avenue and North Mill Street, and on Wing Street between South Main Street and Deer Street and

WHEREAS, a public hearing has been held and no objections received, and

WHEREAS, plan, profile and estimate covering the proposed improvements have been accepted and are on file in the office of the City Engineer.

THEREFORE, BE IT RESOLVED, that this Commission approve and declare its intention to proceed with the construction of the bituminous pavement on the above named streets.

BE IT FURTHER RESOLVED, that the Assessor be directed to prepare an Assessment Roll covering the cost of the improvement.

Ayes: Mayor Shear, Commissioners Corbett, Lidgard, Taylor and Whipple.
 Nays: None. Carried.

Messrs. Harry Hunter and Earl Gray, representing the Odd Fellows Lodge, were present and protested the valuation placed on Lot No. 6 of George B. Schafer's Subdivision. The Mayor informed them of the proper procedure to follow for the following year.

Mr. Biddle of the Northville Coach Company presented a plan for bus service between Wayne and Northville, via Plymouth. The bus line would enter Sheldon Road to Penniman, Penniman to South Harvey, South Harvey to Ann Arbor Trail, and Ann Arbor Trail thru the City.

It was moved by Commissioner Taylor and supported by Commissioner Lidgard that the Manager be instructed to write a letter to the Public Service Commission recommending that such a line be established. Carried.

Mr. W. S. Jackson objected to the taxi service and felt that each train should be met at the depot.

The City Attorney ruled that there was no liability on the part of the city in the matter of Russell Daane's sewer.

It was moved by Commissioner Corbett and supported by Commissioner Whipple that the recommendation of the City Attorney be accepted and the Clerk notify Mr. Russell Daane of this decision. Carried.

The City Manager presented an agreement to be attached to a building permit for the remodeling of the Fisher Building.

It was moved by Commissioner Corbett and supported by Commissioner Taylor that this agreement be laid on the table until such time as Mr. Fisher asks for a building permit. Carried.

A communication was received from the Liquor Control Commission in the matter of a transfer of a 1945 Tavern license from Clarence A. Box to Theodore C. Box at 477 S. Main Street. The Chief of Police recommended that the license be transferred.

It was moved by Commissioner Corbett and supported by Commissioner Taylor that the Tavern license be transferred from Clarence A. Box to Theodore C. Box upon the recommendation of the Chief of Police.

Commissioner Whipple wished to be recorded as voting no. Carried.

The City Manager recommended that a public hearing be held on August 6, at 7:30 p.m. to determine the wishes of the property owners relative to widening S. Main Street from Dodge Street to Fralick Street.

It was moved by Commissioner Whipple and supported by Commissioner Corbett that the recommendation of the City Manager be approved and the hearing be held on August 6th for this purpose. Carried.

The City Engineer presented an estimate of the work done by the Weir Contracting Company on curb and gutters. The estimate called for a payment of \$3648.77.

It was moved by Commissioner Whipple and supported by Commissioner Taylor that after obtaining a sworn statement as to the payment of bills that the Manager be instructed to pay \$3648.77 to the Weir Contracting Company for work done on curb and gutters.

Ayes: Mayor Shear, Commissioners Corbett, Lidgard, Taylor and Whipple.
 Nays: None. Carried.

The following resolution was offered by Commissioner Corbett and supported by Commissioner Whipple.

Weddings

Marion Fern Krumm Becomes Bride of Lieut. Arthur Dickie

On Saturday afternoon, Aug. 4, at 5 o'clock the wedding of Marion Fern Krumm, daughter of Mr. and Mrs. Bert Krumm of Ann street, and Lieut. Arthur Dickie, son of Mr. and Mrs. Henry Dickie of Dearborn, took place in the St. Peters Lutheran Evangelical church of Plymouth. The Rev. Hans Martin of Belleville read the double ring marriage service in the presence of a large number of relatives and friends. The altar was decorated with palms and tall standards holding white candles, white gladiolus and gypsophila. "O Perfect Love" and "Because" was sung by Linnea Vickstrom accompanied on the organ by Mrs. Norman Goebel.

The bride, who was given in marriage by her father, wore a wedding gown having a satin bodice with beaded design, sweetheart neckline and long fitted sleeves ending in points over the hands. The skirt of marquisette was full with long train. Her two-tiered veil of tulle fell from a beaded coronet of satin. She carried white roses and orchid.

Mrs. Ernest McBride, of Philadelphia, a sister of the bride, was the matron-of-honor and wore a floor length white silk jersey dress, made with draped bodice, sweetheart neckline and cap sleeves and trimmed with three rows of narrow lace at the waistline. Her hat, gloves and slippers were in yellow and she carried yellow carnations.

Mrs. Charles Gow, another sister, Mrs. John Canning of this city and Mrs. Lee Garrison, of Dearborn, a sister of the bridegroom, were the bridesmaids wearing white silk jersey with blue accessories. They carried blue carnations.

Joan McBride, niece of the bride, wore a floor length dress of peach satin with shoulder length veil of light blue net with blue and pink for-get-me-nots in the hair. She scattered rose petals down the aisle before the bride, from a dainty white basket.

The bridegroom's attendants were Corp. Gerald Krumm, of Washington, D. C., brother of the bride, who was best man and Fred Dickie, brother of the bridegroom. Sgt. Leonard Grunow, of Detroit and Charles Gow, of Plymouth, brother-in-law of the bride.

Mrs. Krumm chose a dress in dusty rose and Mrs. Dickie wore black. White gladiolus and pink roses formed their corsages.

That evening a reception for about 200 guests was held on the lawn of the Plymouth Country Club.

Lieut. and Mrs. Dickie will go to Chicago on Saturday. For traveling she will wear a wool crepe suit in light fuchsia with black accessories.

Young Couple Plan to Reside in New Orleans For the Present

Announcement of the marriage of Ruth Allies Barnabee, daughter of Mr. and Mrs. Chester Barnabee of Roe street, to Sgt. E. Odel Horn on Wednesday, July 18 at Garden City, proved of much interest to the many friends of the young couple in this city and Wayne.

The bride who has been employed during the past two years in The Plymouth United Savings bank, was formerly a cashier in The Kroger store of this city and during her residence in this city has made a host of friends, who extend congratulations.

The groom, Sgt. Horn, has been in the armed forces for nearly four years. He was first assigned to the Aleutian Islands where he was stationed for over two years. After the Japs were driven out of

that part of the country, he was returned to the United States and for nearly two years has been serving as military policeman in New Orleans. He was employed in the Boyer store in Plymouth and in Jackson before entering the armed forces. His parents are Mr. and Mrs. M. E. Horn of Walton street, Wayne. Mr. Horn has been manager of the Boyer store in Plymouth for many years.

Sgt. Horn has returned to New Orleans. His bride expects to go to that city to join her husband early in the fall, where they expect to reside as long as Sgt. Horn is stationed in that place.

Norma Marie Pegg Wed to Lieut. John Hubenschmidt

Norma Marie Pegg and Lt. John William Hubenschmidt were united in marriage at a service in Our Lady of Sorrows Church at Farmington Saturday morning. The bride is the daughter of Mr. and Mrs. James Pegg; the groom, who is the son of Mrs. Millie Hubenschmidt, has recently returned to this country after being a German prisoner for sixteen months. The Rev. Fr. Thomas Deahan officiated at the ceremony. The altar of the church was decorated with vases of white gladioli.

The bride, who was given in marriage by her father, was gowned in white brocaded satin. Her princess style gown was fashioned with a high neckline, wrist length sleeves and a long train. Her fingertip veil fell from a coronet of white satin embroidered with sequins. She carried a colonial bouquet of white roses.

Attending her as maid of honor was Mary Pandetta. The bridesmaids were the bride's sister Bernice Pegg, her cousin Patricia Esslin and the groom's sister Marian Rowe. The attendants were gowned alike in white net dresses over pink, with chiffon bodices, short puffed sleeves and sweetheart necklines. They carried colonial bouquets of pink roses and wore roses in their hair.

Kenneth Randall, the groom's brother-in-law was his best man. The ushers were Pete Hubenschmidt, his brother, Urban Esch, his brother-in-law and Alvin Ducher, the bride's uncle.

For her daughter's wedding Mrs. Pegg chose a coral gown with brown accessories and Mrs. Hubenschmidt wore pale pink. They both wore corsages of white carnations.

Following the ceremony a wedding breakfast was held at Botsford Inn for the immediate families of the couple. That evening a reception for 300 guests was held in the garden of the Pegg home. When the young couple left after the reception for a brief wedding trip, the bride wore a yellow suit with brown accessories. The bride expects to accompany her flight officer husband when he reports to Miami on Aug. 29 for re-assignment.

Chicken Talk Up At City Hall

Chicken troubles for Plymouth! Think of it!
In these days when folks have resorted to growing rabbits, chickens and pigeons for food because they can't buy pork chops or beef or mutton, some folks would keep other folks from raising chickens in Plymouth.

But they are not going to be able to stop the growing of chickens in the backyards of Plymouth if Mayor Carl Shear has anything to say about it.

"And I know at least three other members of the commission are not in favor of curtailing this production of necessary food within the city limits of Plymouth," said Mayor Shear yesterday.

The chicken discussion came up at the meeting of the city commission Monday evening when a local resident appeared before the city commission to protest the rumored construction of a hen house near some property he owned.

It developed that the owner of the adjoining property had given some thought to the replacement of a wooden wall of a barn with concrete blocks and that the wall would be extended some two feet beyond the lines of the present barn and that he thought possibly he might use the barn to house a flock of chickens he had.

It was the protest to this tentative plan of repairs to a barn that brought about the chicken discussion.

One member of the commission thought an ordinance should be passed restricting the number of chickens any person could raise in the city.

But Mayor Shear stated emphatically yesterday that he was not in favor of any ordinance of any kind which would in any way prevent people from raising chickens in the city.

"In fact there are too many ordinances anyway. It's about time we give some thought to doing something else besides passing new laws to keep people from doing this and that, especially raising chickens at a time when the food shortage is such a serious problem," declared Mayor Shear.

Tony and Al Bieszk left Plymouth early this week for Mackinaw City where they intend to build a machine plant and continue their present line of business in that area. The Bieszks came to Plymouth nearly 30 years ago and have operated their machine shop on Plymouth road for the last 19 years. In addition to their new plant they have purchased a 160 acre farm which they intend to develop also.

Cub Day Camp Ends Impressively

The most successful Cub Day Camp in the three years the event has been held was concluded last Friday night with a highly colorful Indian Pow Wow.

More than 250 parents and Cubs attended the picnic and ceremonial, rich in Indian lore, and saw the Cubs display their handicraft work of the two weeks they were at the camp, in Riverside Park.

Cubs, painted in real war paint, danced and whooped around a camp fire around which were stationed four flaming torches, adding to the impressive ceremony.

Ideal weather helped greatly to make the camp the success it was, said Henry H. Hees, founder and director of the camp. Attendance at the camp more than doubled that of previous years from Plymouth.

The total attendance for the two weeks was 67. Last year there were 51 enrolled, but this included about 20 from Stark which

wasn't represented this year. Much credit for the success also goes to Dr. E. W. Gulden and the Kiwanis Club, which sponsored the camp, Hees said. He also credited the able assistance given by his assistant cubmaster, Harold Schryer.

Also included in the ceremonies on the final night was the initiation of new Cubs and the awarding of special badges. The session combined with the regular monthly meeting.

The awards of the badges were made by the parents of the Cubs receiving them. All in all, everything went off better than in either of the two previous camps, Hees said.

He offered special thanks to the speakers on the hobby hours. They were, with their subjects:

Ray Clark, mouth organ; Dr. E. B. Cavell, pets; Bob McIntyre, old music box; Mr. Stevenson, demonstration of phone and radio equipment in war use; Roy Crites, use of fire arms; Charles Stewart, model airplanes; Trooper Ward, State Troops; Navy Lt. Winterhalter, on his experiences, and Al Lycka, taxidermist display of birds.

Scouts who helped with the

camp and who were also highly responsible for the success of the camp were:

Dave Joffe, Jim Kennedy, Walter Hammond, Don Sutherland, Bill Gayde, Don Houghton, Bob Houghton, Ed Sawyer, Neil Burkholder, Ronald Hees, Bob North and Howard Keith.

The following Cubs received badges: John Amrhein, Bear; Donald Moore and Gale Mills, Bear gold arrow; Billy Skaggs, James Stevens and Gary Hees, Lion badges; Tommy Showers and James Stevens, Webel, highest award in Cubbing, which can be worn over into Scouting.

Showers and Stevens were graduated from the Cubs.

New Cubs accepted into membership were: John Ribar, Norman Goebel, Arlo Emery, Fred Moore, Eric Eklund, Douglas Guard, Duane Barker, Orin Ribar, Albert Williams and Jim Darling.

Operate At Sea on Plymouth Boy

A giant American troop ship loaded with returning veterans, was stopped in mid-ocean so that a Plymouth boy, Milton Curtis, serving with the merchant marine, could be taken from a freighter, and operated upon for a sudden attack of appendicitis.

Following is an Associated Press news item sent out from New York city about the event:

The army disclosed Monday that the transport John Ericsson recently interrupted its troop shuttling duties long enough to bring medical aid to a stricken sailor from Plymouth, Mich.

Maj. Abraham Kramer, surgeon on the Ericsson, recounted how he received a distress call from the Cameron and the sick youth was transferred in a launch to the Army vessel.

There, Maj. Kramer performed the operation.

Curtis, who was in sick bay as the vessel docked at New York city Monday, said he was "feeling fine now" and was going to Plymouth "to marry my girl."

Milton is the son of Mr. and Mrs. Leslie Curtis of 5543 Curtis road. He enlisted in the merchant marine last March when he was 17 years of age.

During the past three years before he entered the armed forces he made his home with his brother and sister-in-law, Mr. and Mrs. Cleo Curtis of 219 Elizabeth street.

He had been employed in the Terry bakery and attending the Plymouth high school. He has a number of other brothers and sisters residing here, two of his brothers being in the armed forces. Leon is now in Belgium and Don, a staff sergeant, is in Holland.

His relatives are hoping that he will be able to return home for a brief furlough while he is recovering from his operation.

Williams said Fulton offered to pay the child's medical bills.

Witnesses told Patrolman Lawton Williams that Fulton was going not more than 20 or 25 miles per hour and he was exonerated. He was driving south on Stark-weather when the child dashed in front of him.

Mr. and Mrs. William J. Johnson of Ann street, announce the birth of a son, James Edward, on Aug. 2, at Plymouth hospital. Weight 9 pounds, 8 ounces.

When you make cookies to send to your son in service, cut them with the top of a baking-powder can. They shrink a little when they are baked and so fit nicely into the same can for mailing, stay moist and don't crumble or break.

Youths Present Play Aug. 15-17

Something different, something new is the cry that goes up from all community groups when seeking entertainment, and the Saint Michael's Youth Organization believe they have found just that in "His Name Was Aunt Nellie."

Written by Andrew Jameson, this new play is a side-splitting farce, and tells what happens when Aunt Nellie, a gay old lady, comes to live with her prim New England relatives, the Baldwins.

The play, which is being coached by Wm. La Forte, is now in rehearsal and will be presented at Saint Michael's Hall in Rosedale Gardens on August 15 and 17, Wednesday and Friday evenings at 8 o'clock.

Country Club's Stag Day Aug. 18

Jim Lature, the maestro of Plymouth Country Club, announces a big "Stag Day" for next Saturday, Aug. 18, at the club.

The program, says Jim, will include golf in the afternoon, with many prizes offered, and a buffet supper in the evening. And from what we hear of Jim as a chef, it should be a real supper.

Tickets may be obtained from Atchinson's Gulf Service Station, Plymouth Hardware, Bill's Market, Loren Goodale's or the club.

Wayne No. 2 Nine Seeks 5th in Row

The unbeaten Wayne No. 2 baseball team will seek its fifth straight victory next Tuesday as the Western Wayne League, for eighth-graders, nears the end of its regular season.

The Wayne nine will tangle with Wayne No. 1, on the Lik-stead diamond, at 6:30 p.m. Other contests pair Plymouth's second place Cardinals with the Plymouth nine, which has yet to win, at Nankin Mills; Livonia with Northville, at Cass Benton Park, and the Livonia Tigers with the Plymouth Fords, at Riverside.

The Cardinals chalked up their fourth victory in five starts last Tuesday when they edged the Livonia Tigers, 2 to 1. Wayne No. 1 beat Livonia, 9 to 7, and the Fords finally entered the win column with an 11 to 10 victory over the Fords; Northville and Wayne No. 2 were rained out.

PM Ry. Promotes Local Employees

Albert (Pete) Drews, an employee here for several years of the Pere Marquette Railway, has been rewarded for long and faithful service by promotion to chief clerk in the local depot.

He replaces Harold Darling, former chief clerk, who has been transferred to the main offices, in the General Motors Building, in Detroit, as a clerk in the paymaster's office.

Another promotion announced at the same time by Station Agent Emerson Woods was that of Mrs. Ruth Wilson, formerly listed as warehouse clerk, to cashier.

Replacing Drews as warehouseman is Clark Norris, of Stark, a newly employed Purple Heart veteran of the United States Navy submarine service.

Sorting Books Is a Big Job

Dora Gruebner, secretary to School Superintendent Helmer A. Nelson, and Mrs. Margaret Wellbaum, major domo of the School Cafeteria, have been busy as the proverbial beavers this week—as aren't they always?

As a result of their work this week, pupils returning to school Sept. 5 will find a whole new stock of books in the book store. Also, the youngsters in the two grade schools will find a lot of new free text books.

The two gals were busily engaged sorting and classifying more than \$2,500 worth of books and chemical equipment purchased by the school for the coming year. The order included more than 4,350 books of all kinds.

Gladiolus Expert Plans for Show

Plymouth will have a powerful entry, as usual, in the 14th annual Southeastern Michigan Gladiolus Show, in Detroit, next Saturday and Sunday, Aug. 18 and 19.

Seeking his fifth major trophy will be Sach Holmes, of 41399 Joy road, a director of the Southeastern Michigan Gladiolus Society, which sponsors the show.

The show will be held in the Chrysler Detroit Co. Woodward avenue showroom, at 5925 Woodward avenue. Admission is free. At least 50 exhibitors are expected from all over Michigan, Ohio and Canada. A total of 58 had exhibits last year.

Holmes, who also is vice-president of the Michigan Gladiolus Society and a member of several other gladiolus and horticultural groups, won the single spike championship at the Midwest Gladiolus Society show in 1941, at Chicago, and repeated in 1942, at LaPorte, Ind.

He also took the single spike title at the 1942 show of the Southeastern Michigan Gladiolus Society and in 1941 got a medal from the Canadian Gladiolus Society for having the best spike of Canadian origin in the Southeastern Michigan show.

Holmes said he expects to concentrate on the single spike and three spike color classes, although he hopes to enter as many classes as possible. It all depends on what is blooming at the time of the show.

The recent dry spell hurt, he said, but he's hopeful that the rains of the last week-end will help bring them up to the proper condition.

A war worker in the Ford Rouge aircraft engine plant, Holmes raises gladiolus as a hobby—which also pays off as he sells quite a lot of his product to commercial florists.

"It's an expensive hobby," he says, "one which has to help pay for itself."

He also serves as a judge at the shows.

Cpl. Robert Egge Home on Visit

Cpl. Robert Egge, the son of Mrs. Martha Egge of 272 Arthur street returned to his home here Sunday for a 19-day furlough after spending the last nine months on Newfoundland.

Bob has been a mechanic in one of the large machine shops on Newfoundland and the major part of his time was spent repairing army transports going and coming from Europe which landed at his field.

He flew home from the base in a C-54 which was part of a unit returning men from the European battlefields. He said that during June as many as 100 planes a day would land at their base for a stop-over on their way home and that it wasn't at all unusual to find the personnel of the base increased by 1,000 men in an evening.

Bob's commanding officer at the base was former Northville police chief, Lt. Col. Richard Loomis and according to Bob the men under his command had much time to fish for salmon and trout which were in abundance in the lakes near their headquarters. Skiing became the favorite winter sport for the men and in their leisure hours many of them became very proficient in that sport.

After his three weeks in Plymouth, Bob will return to the base in Newfoundland.

Red Cross Thanks Masonic Lodge

A. K. Brocklehurst chairman of the Plymouth Rock Building Association of the Masonic Lodge received a certificate for the lodge early this week from the American Red Cross headquarters in Washington.

The certificate was presented to the lodge by the Red Cross as a token of appreciation from the Red Cross for the use of the Masonic Temple in Plymouth when the Red Cross blood banks were held here.

No charge has ever been made by the building committee for the use of the building for this purpose.

Observe Social Security Week

Robert G. Mish, manager of the Social Security Board office at 14246 Michigan Ave., Dearborn, announced today that during "Social Security Week"—August 12-18, the office will maintain Open House hours 6 p.m. to 9 p.m. every evening except Sunday, in addition to regular hours. That week will also be the 10th anniversary of the passage of the Social Security Act by the United States Congress.

Manager Mish expressed the hope that as many people as possible avail themselves of this opportunity to visit or otherwise communicate with the office so that all can acquaint themselves with the provisions and the protection they and their families are receiving under the Social Security act. Interesting and informative movies portraying how Social Security operates will be shown each evening.

Persons unable to visit the Dearborn office may contact a Social Security Board representative in Plymouth at the postoffice building between the hours of 10 a.m. to 2 p.m. Thursday, Aug. 16. The representative will gladly answer all questions and free pamphlets will be available. The Board normally maintains service hours in Plymouth every second Thursday of the month, beginning at 11 a.m.

How Retailers Satisfy Patrons

Members of the Plymouth Rotary club last Friday noon heard an interesting talk by one of its own members pertaining to the various methods and policies used by retailers in maintaining friendly relations with both satisfied and dissatisfied customers.

While the old rule that "the customer is always" right, does not prevail as extensively as most people believe, still the practice of retailers in taking losses in order to satisfy customers who may be dissatisfied is most general.

"Whether it pays in the long run or not, I don't believe any one has ever figured it out. But at any rate it is the easiest and most satisfactory method," said Mr. Blyton.

The speaker talked from long experience in dealing with the public. All of his mature years have been spent in retailing work in both big and little stores as well as cities.

Third Daughter for Bob Lidgard

Plymouth's newest City Commissioner has had a new addition.

Robert Lidgard, of Lidgard Bros. Grocery, who was elected to the Commission at the last election, became the proud papa of his third child last Thursday.

On that day, his wife, Lucille, presented him with an eight-and-a-half pound baby girl, in the Sessions Hospital, in Northville. They have named the latest daughter, Ruth Ann. The other two children also are girls.

Miss Neva Lovewell and her mother have left for Miss Lovewell's summer home on an island in St. Mary's river just off Desbarats, Ontario. They will return to Plymouth during the first week of September. Miss Lovewell says the fishing is ideal in that part of the country.

Ensign Joseph E. Measel, Jr., arrived Saturday evening from Groton, Conn., where he had been the past few months receiving training as a fighter pilot and will go from here to the west coast. Mrs. Measel, who is being trained as a cadet nurse, at Atlantic City, arrived early in the week in the home of his parents, Mr. and Mrs. Joseph S. Measel on Ann street. Another son, Aircadet James G. Measel, who has been at the naval air station in Peru, Ind., left Saturday for St. Mary's Preflight school in California.

*"Having wonderful time!
Wish you were here"*

"At one time I never would have believed that I could enjoy working in a kitchen—but that was before 1941, when I had an all-electric kitchen installed. Pardon me if I bubble over about it, but it's so fine in every way. . . . Electric cookery gives uniform results that keep my performance high and food wastage low—and the automatic features let me attend to other work while the range attends to the cooking. I have a lot of help, too, from my mixer, juicer, percolator, toaster and other helpers. And after meals are over, the dishes don't stare me in the face. It's no bother at all to scrape them into the sink (yes, I have a garbage disposal in the drain that grinds up scraps and washes them away) . . . then I stack the empty plates, and let the dishwasher take care of them. I figure the dishwasher saves me a total of a day's work every month. My hands don't get in the water at all, and there's a world of difference in their appearance. Truly, I am having a wonderful time in my kitchen. I hear that all-electric kitchens will be available again to other lucky women before too long. I know they'll love 'em."

What has been the greatest single factor in changing your way of living during the last fifteen years? Almost certainly it has been electricity. Electricity has taken over to release homemakers from drudgery . . . to increase comfort . . . to provide a better way of life. Plan on turning on the electric life just as soon as appliances are again available. Find out what modern appliances can do for you . . . how they operate . . . what they cost. All the evidence indicates that the old-fashioned way is the wasteful way . . . all those who know say that the electric way is the better way.

HOW THE ELECTRIC DISHWASHER WORKS

After scraping, place plates in wire rack that holds them to catch scouring spray.

Place special soap powder in corner, close door, turn control knob to "WASH."

Wash for five minutes. After draining, two one-minute rinses with clear hot water.

Washed thoroughly, dishes dry in own heat, are left sparkling clean and sanitary.

PFC. EUGENE NIPPER NOW AT CAMP MCCOY FOR REDEPLOYMENT.

Pfc. Eugene Nipper, son of Mr. and Mrs. Thomas J. Nipper of 42100 East Ann Arbor Trail, is now at Camp McCoy, Wisconsin, for redeployment, according to a news release just sent The Mail from the Sixth Army Command. Soldier Nipper served with Co. E of the 28th Infantry through the drive into Germany and then into Czech. He is wearing a unit citation.

HARRY MORGAN EXPLAINS LANDING GEAR TO AIR MARSHAL.

Main points of a B-17 Flying Fortress landing gear modification were explained to Air Vice-Marshal Ronald Graham, an RAF staff college commandant, by Pfc. Harry E. Morgan, of 38190 Warren St., Plymouth, and another enlisted ground crewman during a recent visit by the high-ranking RAF officer to a bomber base in England.

Pfc. Morgan, an airplane mechanic with the 381st Bombardment Group, has been in the Army two years and overseas for 14 months. He is the son of Mr. and Mrs. Thomas H. Morgan, of Warren Ave., and is married to the former Miss Barbara Sweeney, who now lives at 678 N. Adams St.

HE'S GIVEN PROMOTION BY THE NAVY ON THE FOURTH OF JULY.

There will be two good and sufficient reasons why Claude Gebhardt will be sure and celebrate the Fourth of July hereafter. First, because it's independence day, and next because the navy gave him a promotion on the Fourth of July.

News has just been received from the southwest Pacific where the Plymouth young man is serving with the navy that he was given a promotion to radar man 2c. Letters do not reveal where he has been located during recent months.

GRADUATES FROM ORDNANCE SCHOOL.

Clare G. Donaldson, son of Mr. and Mrs. Clare H. Donaldson of 5670 Beck road, has just graduated from the combination welding course at the Ordnance School, Aberdeen Proving Grounds, in Maryland. His future assignment has not yet been made known.

SERVED 40 MONTHS GIVEN DISCHARGE.

Corporal Howard S. Raymond, who has served over in the south Pacific for over 40 months has just been discharged from the army and returned to his home at 289 West Ann Arbor trail in Plymouth.

The discharged soldier is wearing two combat stars as the result of having served in two different combat zones during his services in the armed forces. He was with the famed 42nd Division but in more recent months has been with the Ordnance department.

On the way home the plane he was in crashed in the East Indies and delayed his return by two days. While in the south Pacific he had an opportunity to visit a large portion of Australia, and says that that is a pretty nice country, although he is glad to be back in the United States.

Before leaving Plymouth to enter the service, he was employed by the William Wood Construction company. His plans for the future are not decided upon, but he expects to remain in Plymouth.

Plymouth Clothing Gifts are Reaching Their Destination

Clothing contributed by the American people will reach millions of war victims overseas before winter sets in, according to a report from Henry J. Kaiser, National Chairman of the United National Clothing Collection.

City Manager Clarence H. Elliott, local chairman of the clothing drive, who received the report, made it public today. The report included a statement by President Truman that the local clothing collection committees throughout America "have rendered a service to world peace."

"By meeting and exceeding their goal of 150,000,000 pounds of clothing, the American people have accomplished the task assigned to them by Franklin D. Roosevelt in a cause that was close to his heart."

"It is good to know that the clothing is now on its way overseas to relieve the suffering of war victims in Europe and the Far East."

The report from Kaiser pointed out that the first large shipments of contributed clothing left America for war-devastated lands within thirty days after the clothing campaign ended.

It disclosed that 29,397,427 pounds of clothing had been baled as of July 23. Of this amount, 15,564,266 pounds had been shipped or were specifically scheduled for shipment, and arrangements are being made to ship the balance.

Kaiser's report pointed out that the clothing already shipped or specifically scheduled for shipment will aid people in nine countries in the following amounts:

- Belgium, 1,816,284 pounds;
- Czechoslovakia, 2,022,276 pounds;
- France, 3,535,372 pounds;
- Greece, 1,334,472 pounds;
- Italy, 340,045 pounds;
- the Philippines, 1,041,725 pounds;
- Yugoslavia, 4, 423.

PLYMOUTH SERGEANT'S FIGHTER PLANE MODEL WINS RED CROSS PRIZE

A miniature P-51 Mustang fighter plane, perfect in detail even to the tiny blade markings on the propeller, won a prize in an American Red Cross handicraft contest for Sergeant Roger A. Kingsinger, 23, of 8385 Narise Drive, Route 2, Plymouth, an Eighth Air Force airplane mechanic. The contest recently took place at a fighter station in England. Sgt. Kingsinger is a member of the 78th Fighter Group, commanded by Colonel John D. Landers, of Joshua, Texas. He was educated at Cass Technical High School, in Detroit, and was employed as a blueprinter before enlisting in the army in January, 1942. His wife, Mrs. Marjorie Kingsinger, and his parents, Mr. and Mrs. Roland A. Kingsinger, live at the Narise Drive address in Plymouth. He has been overseas more than 31 months.

DONALD BENNETT HAS BEEN AWARDED COMBAT DECORATION.

Private Donald G. Bennett, Ammunition Bearer, son of Mrs. Mary L. Bennett, 43412 Chery Hill road, Plymouth, now with the 5th army in Italy has been cited by the 338th Infantry Regiment of the Fifth Army's 85th "Custer" Division and awarded the Combat Infantryman Badge for actual participation in combat against the enemy in Italy.

Standards for the badge are high. The decoration is awarded to the infantry soldier who has proved his fighting ability in combat.

The handsome badge consist of a silver rifle set against a background of infantry blue, enclosed in a silver wreath.

Commenting on this report, Elliott said, "Every person who helped our community collect the 22,545 pounds of clothing for overseas war relief should feel proud of having participated in this great cause. We are all glad to know that the clothing is now on its way overseas to relieve the suffering people."

"We warmly welcome the official assurance from Mr. Kaiser of a baling and shipping program designed to get our contributions, along with those of every other American community, on the backs of the needy boys and girls and men and women before winter."

Elliott, summarizing figures cited by Kaiser, said that reports filed by 7,671 local chairmen in cities and towns all over the nation showed collections totaling 150,366,014 pounds of used clothes, shoes, and bedding.

Recreation To End With Picnic Today

A picnic this afternoon, Friday, from 2 to 4 o'clock, will wind up Plymouth's summer recreation program, says Wayne F. Lan, director of recreation.

The picnic will be held in Riverside Park, near the tennis courts. There will be games and prizes of all kinds for the children.

Parents are invited to attend and bring lunches, if they wish, for their families.

Falan said he is well pleased with the turnout that the program has received. The program was considered highly successful despite the late start.

**Seek City Comforts For Rural Areas
To Keep Young People On The Farms**

Find Reason So Many Migrate From Country To Live In Cities

(By Gene Alleman)
What's wrong with Michigan rural living today?

Listen to this:
"In the rural areas of Michigan live one and three quarter millions of people. It must be the primary concern of all to make life in these sections richer, more attractive, more satisfying, more secure. That some of these essentials are lacking is manifested by the large number of people—young people especially—who migrate to the city for comforts and privileges denied them on the farm."

This frank admission that Michigan rural life must be improved if Michigan is to possess a strong foundation for sound prosperity of its citizens comes from three Michigan educators: Dr. Alexander G. Ruthven, president of University of Michigan; Dr. John A. Hannah, president of Michigan State College, and Dr. Eugene B. Elliott, superintendent of public instruction.

Their opinion was issued jointly for "Rural Michigan," a comprehensive study of Michigan rural life just issued by the state department of public instruction through the cooperation of the W. K. Kellogg Foundation.

The challenge is founded upon hard facts—not merely theoretical guesswork.

Here are some of them.
Religious life, for example. In 1936 about 20 per cent of the rural population (those living on farms or in small towns up to 2,500 population) were members of the 2,832 rural churches then operating. Another 10 per cent were members of urban churches. Average expenditure per church for all purposes was only \$1,537.

"Many clergymen, like teachers, accept positions in rural communities as stepping stones to larger opportunities in urban centers."

"Rural pastors often are not adequately trained for rural work."

"Church services frequently are weak and Sunday school teachers untrained."

"The rural church, in many cases, is neglected by denominational groups."

Not pleasant reading, we grant. But there they are—only a few of many indictments presenting the weakness of rural life in Michigan today.

Education—Michigan has 6,166 rural school districts with a student enrollment of 367,908. It has 108 urban districts with an enrollment of 581,832. Rural teachers receive \$900 less per year than those teaching in districts which employ superintendents. Rural schools consequently are in a weak position to compete for the better teachers. . . . In 1940 the annual turnover of teachers in districts less than 1,000 population was 37.2 per cent, or an average tenure of less than three years. This compared with a state-wide average of only 7.9 per cent.

"There are very few modern school buildings in the rural areas" . . . "since 1918 only 700 new rural school buildings have been constructed, although 1,300 have been modernized in recent years."

"Many districts are not levying as much tax for school purposes as they can and should. In 1942, there were 847 districts which levied less than four mills for school purposes. (A mill is one dollar per \$1,000 assessed valuation.) A total of 114 districts levied no tax whatever for school purposes, while 902 districts levied seven mills or more."

Remember the old World War I song, "How you gonna keep 'em down on the farm after they've seen Paree?"

More quotations from the challenging study:
"In the years between the wars (World Wars I and II) no more than half of Michigan's farm youth were employed in agriculture. Hundreds, uncertain of their futures if they stayed on farms, sought the opportunities for education and employment offered by urban life."

"In spite of the many excellent programs now active in Michigan (4-H club work, high school vocational agriculture or vocational homemaking courses, etc.) the overall educational program is unevenly developed. It does not reach effectively the majority of rural youth."

"It is frequently stated that farmers give more attention to their livestock and crops than to their youth. What do you think?"
One of the cultural advantages of city life is ready access to books and magazines through public libraries.

Not so, however, with many people who live in the Michigan rural communities.

"Two-fifths (42 per cent) of the rural people of Michigan are without public libraries. Scarcity of libraries is partly associated with sparsity of population. South of the Muskegon-Bay City line 36 per cent of the rural people are without public libraries. North of this line the percentage is 57, while in the Lower Peninsula two-thirds (64 per cent) have no public libraries."

The State Board for Libraries recommends a local per capita tax of \$1 to \$2 to be supplemented by grants from the state.

Rural health in Michigan is not what it should be.

"Among rural youths rejections (military service) for physical reasons were higher than among those residents in cities. Many of their defects were associated with faulty nutrition."

"Cities have had full-time health departments for many years, but only since the county health department law was passed in 1927 have Michigan's rural areas begun to enjoy the same advantages. With modern transportation, rural and urban health problems have come to be much the same."

The study points out that a county or district health department may be established by the local county board of supervisors.

Social insurance is provided for most urban residents, but not for the average farmer.

"Only a small proportion of Michigan farmers and rural people are included in the nation's social security program. Farmers, together with all other self-employed persons, are completely excluded from the social insurances."

"Social insurance is a sound business program the objective of which is to provide a safeguard against economic hazards which are unpredictable in the case of a single individual but are predictable in the case of large groups."

"Many elderly farmers continue to operate farms because of inadequate provisions for current income, thus preventing younger men from obtaining a start in farming."

Recommendation: That social security benefits be extended to rural citizens.

All of this may be true, you add, but the fact still remains that the average person gets what he pays for. What is the answer to the above challenges—more taxes for farmers?

If we are to interpret rightly the rural study, the solution consists of two things. First, a better income for farmers. Messrs. Ruthven, Hannah and Elliott refer to the economic truth that rural residents have been the victims of national "shortchanging." Comparing a fifth of the nation's population, farmers "have received only about one-tenth of the national income." Second, better education in order to assure better farming.

To conclude with additional views as expressed in the Ruthven-Hannah-Elliott statement: "Michigan is an important agricultural state. Its agriculture is highly diversified. The growth of cities has not diminished this importance. The well-being and security of all are possible only

when a reasonable balance is maintained between farming and non-farming communities. This applies equally to incomes and to standards of living."

Rev. Sanders Cites Athletic Training A Fine Lesson In Tolerance

No finer lesson in Christian tolerance can be found, in the estimation of the Rev. T. Leonard Sanders, than two recent occurrences in connection with the Summer Union services.

In fact, says Rev. Sanders, the services themselves are a lesson in tolerance. They were inaugurated several years ago by the late Rev. Walter Nichol, former pastor of First Presbyterian Church.

The two incidents which Rev. Sanders, who is pastor of First Methodist church, cites were baptisms.

The first, on July 22, was the baptism of Nancy Louise Gransden, daughter of Sgt. and Mrs. David Gransden. The Gransdens are Presbyterians.

The baptism took place in the Presbyterian church where services have been conducted during July by the Rev. Sanders while Rev. Henry J. Walch, the Presbyterian pastor, was vacationing.

But it was performed according to the Methodist ritual and by a Methodist minister. However, the event was recorded in the Presbyterian records. And Nancy Louise is listed as a Presbyterian.

The second was the baptism of Connie J. Ritzler, daughter of Lt. and Mrs. Leonard Ritzler, who are Methodists. That baptism also was performed in the Presbyterian Church, but of course, will be recorded in the Methodist records.

Both of the fathers were home on leaves from military service for the ceremonies. The Summer Union services, which are somewhat unique, give both pastors a chance to have a well-earned month's rest. During July, services were conducted in the Presbyterian Church, by Rev. Sanders.

During the month of August, combined services will be conducted in the Methodist Church by Rev. Walch. Both congregations combine for the two months.

Rev. Walch has just returned from a vacation that took him into Canada. Rev. Sanders left Friday for his cottage in Harrisville, on Lake Huron. He will, however, return in about two weeks for a special wedding and then go back to Harrisville for the remainder of his vacation.

Methodists will be agreeably surprised when they enter the Methodist Church Sunday to find the floors all have been varnished, and other improvements made. The windows also have been painted.

Rev. Sanders won't tell who "dood it."

Athletic Training For 5th Graders Is Falan's Plan

A program inaugurated by former Coach John Tomshack a couple of seasons ago at Plymouth High School, and whom already has begun showing some results, will be greatly extended by the new coach, Wayne Falan.

That is the sort of "farm" system of developing athletes for the various Plymouth High School teams as they are coming up through the lower grades.

Falan announced this week that he will inaugurate a program of touch football for fifth and sixth graders this fall. This, he says, will help them to learn the functions of the game and begin their development.

Thus pupils will be able to play football from the fifth grade until they are ready and eligible for varsity competition on the High School eleven. It will help them to think football and learn the game from A to Z, as it were.

This program also will be followed in other sports under Falan's direction, including basketball and baseball.

Falan said he would announce at a later date complete plans for the new program, including times of the lower grade sessions. All play will be at the High School athletic field.

Such a program has been the secret of the astounding success of the famed Massillon (O.) High School teams, which have gained nationwide renown for their records, going several seasons without a defeat.

It was a program inaugurated there by Paul Brown, who later went on to produce championship teams at Ohio State and he voted coach of the year. Brown has since been recognized for his prowess by being named coach of the new Cleveland team in the new All-American pro league.

Under the setup, the youngsters will be grounded in the fundamentals of the game right from the start, in their formative years, and will be guided in the direction in which they best are fitted.

Brown, at Massillon, had the youngsters in all of the city's lower schools to draw on. When he saw he'd need a new end the next season or so, he'd send word to the lower grade coaches to develop one for him.

Of course, at first Falan will have to handle most of the work himself. He hopes, however, to build the program up to the point where each of the schools will have its own athletic director upon whom he can depend to have his system taught to the youngsters.

Thus, when they become eligible for the varsity, they will be all ready to step into the lineup, with a minimum of polishing. By that time, too, most of the chaff will have been weeded out.

Falan said he hopes to have 100 candidates out for the varsity and at least 60 more out for the freshman team this fall. All this in addition to the fifth, sixth, seventh and eighth grade elevens.

Meanwhile he is keeping himself busy readying the equipment and rearranging the athletic office at the school, in line with the general reorganization the school is undergoing.

He has adopted a system of numbering all equipment to better identify it and keep a record of who has what article of equipment. He predicts this will cut down equipment losses. It should, as it has proved highly effective at other schools.

Falan also was quite successful football pants a Navy blue. They do not look practically as good as new and will be used to supplement the new game uniforms.

Duck Season To Open Sept. 20

Plymouth duck hunters will be interested in knowing that the President's office in Washington has announced the regulations governing the coming hunting season for migratory game birds.

providing in general for 80-day open seasons. The regulations were contained in a proclamation by Secretary of Interior Harold L. Ickes, which was approved by President Truman. The daily bag limit for ducks was set at 10, eliminating last year's provisions for an additional daily bag of five Mallards, pintails or widgeons.

In the northern zone, which includes Michigan, the waterfowl hunting season will begin Sept. 20, and end Dec. 8. With certain exceptions, hunting will be permitted from half an hour before sunrise until sunset. Taking of waterfowl by means of bait or live duck or goose decoys continues to be prohibited. The season for woodduck in Michigan, in the Upper Peninsula,

will be Oct. 1 to Oct. 15; in the remainder of the state, Oct. 15 to Oct. 29. Daily bag limits on ducks (except American and redbreasted Mergansers) are 10 in the aggregate of all kinds, including in such limit not more than one woodduck. Any person at any time may possess not more than 20 ducks in the aggregate of all kinds (not including American and redbreasted Mergansers), but not more than one woodduck. American and redbreasted Mergansers, 25 singly or in the aggregate with no possession limit.

The above regulations are subject to approval by the Michigan Conservation Commission who are expected to act on them when they meet at its monthly meeting to be held at Higgins Lake, Aug. 13.

Tells How to Overcome Sugar Shortage

So that no family need be without plenty of home-canned peaches this year, even though sugar is short, Miss Roberta Hershey, nutrition specialist at Michigan State college, stresses that fruit can be canned with little or no sugar, if necessary.

It is a good plan to save part of the sugar supply for peaches, but make it go farther by adding some syrup or honey. But if no sugar is available, can them in their own juice.

If some sugar has been reserved, make a syrup of one of the following combinations: 1 cup sugar and 2½ cups water, or 1 cup sugar plus one-half cup honey and 3¼ cups water. Drop peeled and halved peaches in boiling syrup, heat through, but do not cook until soft. Pack the hot peaches loosely in jars and cover with boiling liquid to within one-half inch of the top. The lids may then be adjusted according to the directions of the manufacturers and the jars processed in boiling water for 20 minutes. The boiling water should be at least two inches over the tops of the jars.

If no sugar is available, cook sliced or halved peaches in their own juice or with just enough hot water to keep them from sticking to the pan. Pack them in jars, cover with boiling juice, and process as if syrup were used.

Peaches canned without sugar may not be quite so tasty, but they will make fine puddings and pies next winter, and the sauce may be sweetened when the jars are opened.

For further suggestions ask for a copy of the leaflet, "Home Canning of Fruits and Vegetables," at the county extension office.

The world's slowest train, running between Corrientes and Burucuya, Argentina, operates on a schedule of 13 hours and 10 minutes for this 110-mile trip—or at an average speed of eight miles an hour. Furthermore, it is never on time, usually arriving several hours late.

The new fast, powerful, coal-burning, steam-turbine electric locomotive—a big source of postwar jobs.

Millions of pairs of nylon hose will be made from coal. This will make jobs. Power to turn postwar wheels. More jobs from coal.

How Many Postwar Jobs—from Coal?

WHAT OPPORTUNITIES will there be for jobs after the war is won? Jobs for returning soldiers, sailors, war workers?

No one can say, exactly. But this much is known: business is planning to meet quickly the demand that will exist for all sorts of things after victory—and out of which jobs will come.

Take the coal industry. Not only will coal continue as one of our basic sources of power, but from coal research there has come a host of new products that will even further increase its use.

Before the war, nylon was made from coal. So were the life-saving sulfa drugs. During the war, new medicines, chemicals, plastics and things beyond imagining have grown from research in coal.

Postwar, you will find sheer, wrinkle-proof dresses made from coal. Sturdy shoes made from coal. Shimmering, fire-proof table-tops made from coal. There are even revolutionary locomotives—including the C & O-planned steam-turbine electric—that operate on coal and develop undreamed-of smoothness and efficiency. All this will increase the demand for coal—and remember, it's demand for goods that makes jobs.

After the war, there will be lots of opportunities. So, if you are on a war job, stay on it until Uncle Sam says it's finished. Victory must come first.

Babson Says - -

Babson Park, Mass., August 10.—When Churchill's defeat was announced by radio, the stock market started to crumble. When, however, investors began to realize that it would take years for England to get its socialistic plans into action and perhaps then would fail to succeed, these same people began to buy back securities. The market has since returned to normal. There are several reasons for this.

England Sure to Inflation
I have long thought that inflation is inevitable; in fact it is going on every day. Nothing can stop it except a great spiritual awakening which will cause us to put the good of all before our own selfishness. I, however, now see no sign of this. Hence, the United States is headed for higher prices, higher wages, higher rents and higher stock values. The people of the world are "on the march" demanding inflation.

I am more sure of this than ever since the Labor Government of England won by such a large majority. This will enable them to take over the Bank of England and issue all the money they need for their socialistic experiments. Whether or not these will be a success, no one now knows. Russia is still in the test tube, notwithstanding what her friends say. But for the next few years, while the experiment is being tried, jobs should be plentiful and money should flow like water. Stocks should sell higher, not only because of their intrinsic merit; but because wise Englishmen will shift from their English stocks to American stocks.

Stocks Not Too High
Compared with panic prices of ten years ago, the stock market now seems high to many conservative people. This is because the stock average was only 30 in 1932 compared with 110 today. Yet, only as far back as 1937, these same stocks sold at about 130 while in 1929 they sold for 280. With the British Government and the Bank of England backing inflation, some stocks may well again sell at 1929 highs.

"What should I buy?" you ask. Well, the safest procedure is to diversify among a wide list, buying the leading stocks in fifteen or more industries, omitting the rails, airplane manufacturing and shipping stocks. If you pinned me down to three groups I should advise the **Merchandising Group**, especially the variety chains, the **Insurance Group**, especially the casualty stocks, and well-managed **Real Estate**. These are the groups in which I am investing my own money.

Billions Awaiting Investment
Fifty-five years ago there were only one or two billions of "loose change" in pockets and cash drawers. It took about fifty years to build this up to seven billions. During the next five years this loose change has jumped from seven billions to twenty-eight billions! This means it has quadrupled in five years. During this same five years bank deposits have doubled and are now over \$100,000,000,000.

This nearly equals the assessed values of every acre of land and every building of every kind in the entire United States. When one considers that there are no more securities available for purchase than there were five years ago, it seems as if higher prices for stocks and land are inevitable. Sooner or later this loose change is going to seek investment. Churchill's defeat should hasten the day.

New Office Hours OPEN DAILY FROM 7 to 9 p.m.

It was not long ago that government bonds paid over 4 1/2 per cent; savings bank accounts paid 3 1/2 per cent; while we got 2 per cent on our checking accounts. Today these interest rates are down to 2 per cent, 1 per cent and zero,—lower than ever before in the history of the world.

Yet anyone can buy today good corporation bonds to yield 3 1/2 per cent and good stocks to yield more. People should soon get tired of leaving their money idle in the banks at 1 per cent or at no interest when they can get so much more from good securities. When the public realizes this, the demand for good dividend paying stocks should greatly increase.

Advice to Young People
One thing which I must mention in closing is this.—The British elections will cause most of Europe to follow with socialistic experiments. The movement will temporarily cast its shadow on the United States. This means that every family should own a little fertile land and every young person should become an expert in some profession, art or trade.

The famous Anglo-American painter, John Singer Sargent, who died in 1925, neglected to sign some of his works and even forgot, years later, ever having painted them. But he could easily identify these pictures in a unique way. If a painting was his, a microscope would reveal a fine red or green line painted around the white objects because, owing to an eye defect, he saw them bordered in one of these colors.

25 Years Ago

News items of a quarter of a century ago taken from the files of The Plymouth Mail.

Presbyterian "bees" have been improving the grounds around the church and back of the park. Mrs. J. L. Gale, who underwent tonsils at Harper hospital, last week Thursday, returned home Friday, and is rapidly improving.

Sidney D. Strong, village manager, visited his family at Coldwater, over Sunday. Mrs. B. F. Vealey, who underwent an operation at the Henry hospital at Northville, last week Thursday, is improving.

Frank Whitebeck, traveling salesman for the Detroit Vapor Stove Company, has returned home from the west, and is visiting at the home of his father, P. B. Whitebeck, east of town. Mr. and Mrs. Charles Rathburn and little daughter, Coraline, and Mr. and Mrs. John Kehrl have returned home from a ten days' motor trip to the AuSable river, Houghton and Sage lakes. They took with them a trailer carrying a camping outfit, which added greatly to the pleasure of the trip.

Mr. and Mrs. Coda Savery and family of Lapham's Corners spent Sunday with Mr. and Mrs. Samuel Dixon of Denton. Northville's chautauqua opened Wednesday of this week his home on Farmer street to Walter Meilbeck. Miss Ruth Renwick of Detroit, is spending this week with her parents, Mr. and Mrs. John Renwick of Lapham's Corners. Joseph Gates is remodeling and otherwise improving his home on Holbrook avenue.

A. D. Macham will build a new house on Ann street, and William Blunk will erect a new bungalow on Blunk avenue. Bert Crumbe has the contracts.

H. C. Bennet and son, Peirre, left last night for a few weeks' eastern trip, which will include a boat trip down the St. Lawrence River to the Thousand Islands, and they will also visit New York City.

Miss Alice Sieloff, who is working in Detroit, is spending her vacation with her parents, Mr. and Mrs. Theodore Sieloff of Lapham's Corners.

Mrs. Oliver Goldsmith, who recently underwent a serious operation at Harper hospital, is rapidly improving and is expected home in a few days. Mrs. Herald Hamill and little daughter, Jean, has returned to her home in Ann Arbor, after spending a week at the home of her husband's parents on Starkweather avenue.

Will VanVleet, who has been visiting relatives here for the past few days, left Tuesday morning for his home at Trinidad, Colorado. He was accompanied by his sister, Mrs. J. D. McLaren, who will remain with them until some time in the fall.

Albert Groth and mother have moved into Oro Brown's house on Roe street.

There will be another of those popular free dances on the Penniman avenue pavement, next Saturday evening, July 31. Stone's orchestra and singer of Detroit, will furnish the music. Everyone is cordially invited to come and hear the music and dance.

Rev. F. M. Field and family returned Monday from a week's camping at Bass Lake. The Markham and Daisy employees will hold a joint picnic at Bob-Lo, tomorrow, Saturday, July 31st. Six special cars on the D.U.R. will take the employees and families to Detroit, where they will take the boat for the island. Arriving at Bob-Lo, there will be a program of sports with liberal prizes offered in each event. The noon hour will be given over to a basket picnic. During the afternoon there will be athletic events and a ball game between picked teams from the two factories for a prize of \$25.00.
