**Jewelry Store Window Broken But Nothing Stolen**

An attempt to burglarize the Herrick Jewelry Store early Sunday was thwarted by the store's alarm system. The jangling gong, set off when the west display window was shattered by a medium-sized rock, saved several hundred dollars worth of watches and diamonds.

The missile pierced the window near the bottom leaving a large hole and shattered the glass all around the point of entry.

Police Chief Lee R. Sackett recovered the rock. He is of the opinion that it was sent through the window by a passing automobile.

In view of the circumstances and recalling a similar break-in in 1941, Mr. Herrick quite naturally is of a different opinion.

Both Chief Sackett and Mr. Herrick said the only loss sustained by the store was the broken window.

After the 1941 break-in Mr. Herrick had the present alarm system installed. "It sure proved its worth Sunday morning," he commented.

"Why not a ten-year postwar plan for America, planned by business leaders, to reach a new high in earned prosperity?" — Pres. Ira Mosher, Natl. Assn. of Manufacturers.

**Tin Still Vital; Pickup Sept. 17th**

Mr. William Rambo, chairman of Plymouth's tin salvage program, says that tin still is vital to the welfare of the nation. With that fact in mind she is planning another city wide collection of tin for Monday, Sept. 17.

Remember, for every can of tin co-operation still is needed and urgently requested by Mrs. Rambo. It takes so little time to cut the ends from your tin cans, wash them, remove the label and flat-ten them. Then throw them in a box at the curb early Monday, Sept. 17.

Tin is vital; your cans are still needed.

### Claude Gebhardt Has Ringside Seat At Jap Surrender

One of Plymouth's native sons who formerly was prominent in the business world here is enjoying a ringside seat at the Japanese surrender ceremonies aboard the U.S.S. Missouri.

He is none other than Claude Gebhardt, radar man second class, husband of Mrs. Alice Gebhardt. Before donning his country's "bell bottom" trousers and coat of "Navy blue" Claude kept books for the Plymouth Lumber and Coal Company.

He entered the Navy on Dec. 27, 1943, and was assigned to the battleship Missouri before the giant hull was commissioned. He has served aboard her ever since.

### Today Last Day to File for Sugar

Plymouth housewives and others who up to now have neglected filing their R-341 OPA forms for the initial allotment of rationing sugar will be out of luck after today, Friday.

According to William Wood, chairman of the Plymouth rationing board, no such applications can be accepted after Friday.

Mr. Wood also revealed that the national OPA had released an additional 6.775 pounds of sugar to the Plymouth board.

He warns, however, against undue optimism on the part of home canners. Apparently the demand in this region is so great that much more sugar is needed before the present allotment of

### Lady Bowlers Ready To Open Season Again

The Parkview Ladies' Bowling League will open the season on Wednesday, Sept. 12. Women in Plymouth wanting to bowl with this league are requested to leave their name at the Parkview Alleys or phone 1181.

The fourth wedding anniversary of Mr. and Mrs. Ray Danol of Plymouth and the 26th anniversary of Mr. and Mrs. Henry Noetzel of Detroit were celebrated in the latter's home in Detroit Tuesday evening when Mr. and Mrs. George Farwell, Mr. and Mrs. H. L. Wood and Mr. and Mrs. J. J. Stremich were also present.

The Missouri, newest and largest Navy battlewagon of the world's biggest and best fleet, was commissioned in June, 1944. It was christened in honor of President Truman's home state and sponsored by Miss Margaret Truman, daughter of the then vice president of the United States.

There is little doubt that once Claude returns home he will have a wealth of eye-witness stories concerning the formal surrender ceremonies of the hissing little yellow men from Japan. His presence aboard the Missouri is an honor for him and for Plymouth, too.

### Specialist Gives Peach Recipes

The peach season is here, so Miss Emma DuBord, County Home Demonstration Agent, passes along several recipes that will add variety to humdrum peach servings, and at the same time require no sugar. They have been prepared by Miss Roberta Hershey, extension foods and nutrition specialist at Michigan State College. Naturally, Miss DuBord, maintains nothing can compare to just peaches and cream. Tree-ripened peaches with their greater supply of natural sugar, can be eaten just that way with cream and no sugar. But to vary the pattern, try these recipes:

The first is for Peach Crunch Cake: Cream together 1/4 cup each of shortening and light corn syrup. Add one beaten egg and mix well. Sift together one cup of sifted flour, 1 1/2 teaspoons baking powder and 1/2 teaspoon salt. Add a little of the dry ingredients to the syrup mixture and one tablespoon of orange juice. Stir in the rest of the flour and spread in a paper-lined long narrow pan. Peel and slice 1 1/2 cups fresh peaches and lay in diagonal rows on the batter, letting the slices overlap slightly. Drizzle a glaze of 2 tablespoons light corn syrup, 2 tablespoons sugar, a teaspoon of grated orange rind and 1/4 teaspoon salt over the peaches and bake in a moderate oven for about 55 minutes.

The second recipe is for Boiling Peaches that give an added touch to a meat platter. These are easily prepared by pouring a little honey or syrup and a little fat over peaches that have been placed in a shallow pan. Slide the pan under the broiler until peaches are delicately browned. Still another method of serving is to set peaches in orange gelatin. This makes a quick, sweet and sugarless dish. Or served with cottage cheese and a honey dressing, peaches can become something special for luncheon. Put a generous spoonful of cheese between two peach halves and drizzle a honey dressing, one part honey to one part lemon juice, over it.

## What Michigan Bell's Post-war Program means for PLYMOUTH

- Michigan Bell already has started an expansion and improvement program that will cost \$120,000,000 in the next five years. Naturally, Plymouth residents want to know how Plymouth will benefit from such a huge undertaking. Briefly, here are some of our plans:
- When telephone instruments and trained manpower are available and the necessary new plant has been constructed, we shall be able to install telephones for the more than 300 families now waiting for service and for others who may apply meanwhile.
- A sizable addition to the central office equipment already has been ordered. This project, scheduled to be completed early next March, will provide sufficient switchboard capacity to more than care for all those waiting for service.
- Still further additions to the local switchboard are contemplated, in anticipation of an increase of 1,000 telephones here in the 5-year period.
- In addition, the installation of new cables is being engineered to bring relief to all sections of Plymouth where there has been a shortage of lines needed to connect telephone subscribers with the central office. This will add more than 950 miles of wire to Plymouth's telephone system.
- Because of increased usage, additional trunk lines between Plymouth and Livonia also will be provided.
- These, and other projects planned, will represent expenditures in the Plymouth area of nearly \$90,000.

**AMBITIOUS** as this program appears, it is absolutely essential, if we are to make service available to all who want and need it. Nor is there any other way we can keep pace with normal progress and provide consistently improved service in the future.

The money needed to finance the \$120,000,000 program must come from

thrifty people willing to invest their savings in Bell System securities.

This means that earnings, now and in the future, must be sufficient to attract investment dollars. But if prospects for future Telephone Company earnings are unattractive compared with those of other companies, investors will place their savings elsewhere.

The future quality of your telephone service depends on telephone rates sufficient to produce earnings attractive to investors. Too long a continuation of inadequate earnings would weaken our ability to meet expected post-war telephone needs.

Michigan Bell customers want good service. The telephone bill is so small an item in their regular expenditures that customers want really good service even though it might cost a trifle more than they would need to pay for inferior service.

**Carl's Kasco Feed Builds New Store**

Another postwar plan that is blossoming into reality is that of Carl Groschke, proprietor of Carl's Kasco Feed Store, at 639 South Main Street.

Carl is building a new and larger store on 10 acres of property he purchased last winter, at 1175 Starkweather. He hopes to open in his new quarters around Oct. 1, at which time he'll close his present store.

He expects to keep the property frontage on Starkweather and sell the rest, retaining only a strip 20 feet wide back to the Saginaw division tracks of the Pere Marquette, to which the property reaches.

Also planned is a large 100 by 30 foot warehouse back by the Pere Marquette siding, which he hopes to have constructed yet this fall.

Carl says he is planning on holding a big free dance in his new store before he moves his equipment in, if the City will give permission. He has engaged Al Strasen's orchestra tentatively for the event.

If the remainder of the 10-acre plot is not sold, he expects to lay out a baseball diamond and football gridiron for the use of sandloters.

Standing only a few miles offshore, the Iowa hurled more than 200 tons of flaming projectiles at

Initial practice workouts are

scheduled for 9 a.m. Saturday, tomorrow, at the school. At least 100 youthful grid stalwarts are expected to put in their appearance.

*"We're all in hot water —and happy about it!"*

"The whole family's in hot water day in and day out—and it's a delightful experience. From Dad's early-morning shave to the last bath in the evening, hot water is making our life easier, cleaner and pleasanter. Before we had it always on tap, we didn't realize what a difference having it would make. Now we know—after having it for daily scrubbing and cleaning, unending washing of hands and faces, dishwashing, baths and showers, and so on. We're really in love with our electric water heater. It's completely clean—and dependable and free of trouble. It costs us only a few cents a day to operate, for Detroit Edison has a special low electric rate for water heaters. I'd advise you to get an electric water heater just as soon as your dealer can let you have one."

*water heaters are not generally available for sale now. A few are being manufactured and distributed. It will be to your advantage to have your name on your electrical dealer's list, so that you will be able to get one at the earliest possible time.*

Only a generation ago household tasks were drudgery—particularly for the woman in the home. Today they are a pleasure. Why? Because of the comfort and convenience that electric appliances have brought to the American household. Electricity has made the old-fashioned way the wasteful way. Make your home today and your home tomorrow better. Turn on the electric life.

T/5 Carmichael was employed in the purchasing engineering section of the Ford Motor Company, Dearborn, before entering the service in September, 1942. Assigned to the 391st Signal Corps at Camp Pinedale, Calif., he came overseas with the unit in August, 1943 to go on duty with the Air Service Command, supply branch of the AAF. Carmichael's outstanding performance of his regular duties as radio operator, as well as many additional tasks, including his assignment as special service and public relations representative for his unit, were cited as reflecting "great credit upon himself and the armed forces of the United States."

### PRIVATE LOUIS BOLAND WINS PRAISE FOR WORK AT POTSDAM CONFERENCE.

Louis R. Boland of 12700 Midlebelt, was among those commended by President Harry S. Truman during his stay at the Big Three Conference in Potsdam.

The President's commendation, which was addressed to Major General Floyd L. Parks, commanding general of the First Airborne Army and the U. S. Berlin District, read as follows:

My Dear General Parks: I have noted with pride and pleasure the excellent service provided us by the officers and men of your command.

The junior officers in charge of billets, post exchanges, transportation and other services have been especially thoughtful and helpful, and have contributed materially to the work of the conference.

I congratulate you on the morale, courtesy and military smartness of the officers and men of your command who have come under my observation.

(Signed) Harry S. Truman. Pvt. Boland, who is a member of the First Airborne Army, was one of the 33 hundred officers and men who operated and administered the American section of the Big Three Conference area.

Staff Sergeant Charles S. Fisher, Jr., husband of Mrs. Margaret Fisher, 14385 Eckles road, Plymouth, has been awarded the Bronze Star medal by the commanding general, Maj. Gen. C. E. Hurdis, of the 6th Infantry Division for heroism in action against the Japanese near Caurangan, Luzon, P.I., on January 27.

### HARRY KRUMM PLAYS IN REGIMENT BAND OVER IN FAR PACIFIC.

Harry W. Krumm, son of Mr. and Mrs. Ernest Krumm, who was sent to the other side of the Pacific within a few weeks after he urged me to keep up my military forces, wrote to "Our Boys" page the day that Japan first made its offer of surrender that he had been made a private first class and that he had been awarded the infantry combat badge.

"But the best news of all is that I am now playing the cornet in the regiment band. My mother urged me to keep up my military playing I learned while in the Plymouth high school band. I'm glad I did now," wrote Harry, who delivered to you your telegrams and special delivery letters before he went into the armed forces.

"A fellow thinks a whole lot about his folks when he is away like this, and one doesn't realize how he missed his mother. She's the best 'girl' in all the world and all I am hoping for is that I can come back home soon.

"I made my first jump the other day and came out O.K. Say hello to everybody for me" wrote Harry.

### ROCKWELL SMITH GIVEN MEDICAL DISCHARGE FROM THE ARMY.

Pfc. Rockwell H. Smith, husband of Mrs. Ellen Smith, 412 N. Main, a veteran infantryman of one year in the European theatre of operations and wearer of the Combat Infantry Badge, has received a medical discharge from Camp Carson Hospital Center located near Colorado Springs, Colo.

Prior to his discharge, Pfc. Smith has been convalescing at Carson's Hospital Center which is one of nine such units in the United States. This recently established center consists of a General and Convalescent Hospital. It carries out the complete program of physical and mental reconditioning of soldiers for return to civilian life or for further military duty.

### DONALD DEMPSEY BACK IN FRANCE—WAS IN GERMAN INVASION.

Private First Class Donald L. Dempsey of 12610 Newburg road, has returned with his unit, the 194th Glider Infantry, to a camp near Nancy, France, after a two month period of occupation in the Ruhr industrial section of Germany.

He participated in the daring glider assault across the Rhine near the heavily fortified communications center of Wesel last March. Quickly smashing the crack troops guarding that vital point, the glidermen drove on, spearheading the Allies' drive across northern Germany to bring about the final victory.

Previous to that historic encounter, the 21-year-old sky-soldier was rushed, with his unit, into Belgium where they stemmed Von Rundstedt's drive in their sector and, through the hardships of winter, drove the enemy to the Siegfried Line.

He holds the Combat Infantryman's Badge, three battle stars, and a spearhead. His father, Henry Dempsey, lives at the Newburg road address.

### COMPLETES WORK WITH HOSPITAL IN ENGLAND.

After treating more than eight thousand wounded American soldiers during a year of operation, United States Army general hospital at Ringwood Hants, England, has completed its mission.

Among those serving with this hospital was T/4 Fremont E. LaForte, 27, son of Mr. and Mrs. Modest LaForte of 10009 Farmington Road. T/4 LaForte was a surgical technician during the twelve months of operation with hospital.

The hospital unit was activated in New Orleans in July, 1943, and received their training at Camp Pickett, Va. Arriving in England in June, 1944, the hospital unit set up and operated a 1,000 bed hospital. The last patients left the hospital in July of this year.

"The excellent record established by this unit, in handling over 8,000 patients can be attributed to the efforts of every member of this organization," said Colonel Emmett V. Richardson of Marion, Va., commanding officer of the hospital from activation until July, 1945, when Col. C. B. Woods of West Columbia, S. C., took command.

Prior to his entrance into military service in April 1943, T/4 LaForte was employed at Midwest Tool & Die Co., Detroit.

**Health Dept. Asks Cooperation**

Throughout the summer the Wayne County Health Department has worked with parent teacher groups and school officials on the "summer roundup program." This program includes a complete physical examination of all children entering school for the first time at the beginning of the new school year.

The objective of this is to determine the physical condition of the child and if any defects are present to have them corrected if possible so that the child may enter the school without handicaps which might otherwise interfere with his educational progress.

It is also important to find those children who may have some defects which cannot be corrected. This enables the teacher to adopt measures which will enable the child to get the maximum benefit from the educational program.

Children who have not been protected against those communicable diseases for which safe and reliable methods are available, should be so protected at the time of this pre-school examination and those children who have been immunized in infancy should be given an additional treatment at this time to insure a continuation of their immunity against these diseases.

This includes free vaccination against small pox and a single dose of diphtheria toxoid. In this way parents are protecting their children and placing them in the position of being able to receive the maximum benefit from the educational facilities which the schools have to offer.

Is your child ready for school?

### Hospital Gleams After Redecorating; Again Operates at Capacity

Plymouth Hospital is operating again at full capacity after its six-weeks vacation during which time it was completely redecorated.

The 10-bed institution all shining and bright with its new coat of paint and newly washed walls, is ready again to take care of any emergency.

The vacation served a two-fold purpose, officials said—to redecorate and to give the employees a much needed and deserved rest after the long hours they'd been putting in.

When one has eaten or drunk too much or stayed up too late he expects to suffer and always does, despite what is promised by the radio commercials.

### Northville Girl Will Reside In City After Marriage.

The First Presbyterian church of Northville was the scene Friday evening, August 24 at 7 o'clock of the marriage of Dormalee Tranbarger, daughter of Mr. and Mrs. M. A. Tranbarger, of Conrad, Iowa, and Norwood H. Dickinson, son of Mr. and Mrs. Ivan Dickinson of Napier road, Northville. Palms, asters, white gladiolus and lighted tapers decorated the altar for the impressive double ring ceremony read by the Rev. Leslie J. Williams. Organ music "I Love You Truly," "Because" and "At Dawning," were played by Mrs. Bart Connors of Northville.

The bride wore a street length dress of white crepe with corsage of talisman roses. She was attended by Mrs. Wendell R. Dickinson, sister-in-law of the bridegroom, as matron-of-honor, who wore a black crepe dress with lace trim. Pink roses formed her corsage and were also worn in her hair. Mary Ellen and Master Erwin Herbst were the ring bearers.

The bridegroom was attended by his brother, Wendell R. Dickinson, as best man and Howard Strebbings of Plymouth. The ushers were Emory Hatton, of Detroit, cousin of the bridegroom, and Erwin Herbst of Rosedale Gardens.

The bride's mother wore a black dress with red accessories and Mrs. Dickinson wore black with white. Peach gladiolus formed their corsages.

After the ceremony the guests were received by the bride's

mother in the home of Mr. and Mrs. Royal B. Larkins on Eaton Drive, Northville. She was assisted by Mrs. Hugh Cash, Miss Anneline Fisher and Mrs. Jack Reice, of Plymouth.

Mr. and Mrs. Dickinson are motoring through northern Michigan for two weeks. They will reside in their new home on Parkhurst Drive, Phoenix Park, Plymouth.

### Amalia Zielasko Married To James P. Murphy.

Our Lady of Good Counsel church was the scene Saturday morning, August 25, of the nuptial high mass and double ring ceremony uniting Amalia Zielasko, daughter of Mr. and Mrs. Joseph Zielasko of Newburg and James P. Murphy, son of Mr. and Mrs. Thomas Murphy of Pinckney. The Rev. William Mooney officiated. The altar was decorated with white gladiolus in gold vases and lighted tapers. The soloist, Phyllis LaVerne sang "Ave Maria" and "On This Day," accompanied by Mrs. Noise.

The bride was given in marriage by her father. Her bridal gown was made in princess style with bodice of ivory satin having a sweetheart neckline with ruffle trim and long sleeves ending in points over the hands. The skirt was double full over satin and was appliqued with satin leaves ending in a long train. Her coronet of orange blossoms held the double fingertip veil in place. She carried a white prayer book mounted with gardenias and stephanotis.

Mrs. Joseph Blaharski, a sister, was matron-of-honor, wearing a white net gown made with a shirred bodice and a ruffle outlining the yoke. A picture hat in light green net and matching accessories completed her costume. She carried Johanna Hill roses and yellow daisies as did the other attendants to the bride.

Kathleen LaMay, of East Detroit, a niece of the bridegroom, was the maid-of-honor, and the bridesmaids were Lucille Zielasko and Lorraine Kocinski, cousins of the bride. Their gowns were of white with taffeta and net skirts over taffeta. Miss LaMay wore a picture hat in green and the bridesmaids wore yellow.

Leo Staib of Battle Creek attended his cousin as best man and Edmund Zielasko and Joseph Blaharski seated the guests.

Mrs. Zielasko wore an aqua shadow print crepe dress with brown accessories and Mrs. Murphy was gowned in dark aqua mesh with black accessories. Gardenias formed their corsages.

Immediately following the ceremony a reception and breakfast was held at the bride's home on Hix road with a dinner later in the day.

Following a wedding trip Mr. and Mrs. Murphy will reside in Pinckney. For traveling Mrs. Murphy chose an aqua wool crepe two-piece dress with brown accessories.

Guests were present from Pinckney, Detroit, Ann Arbor, Jackson, Battle Creek, Grand Rapids, Ypsilanti, Ferndale, Bay City and other surrounding towns also Madison, Ohio.

The wedding rehearsal dinner was held Friday evening, in the home of the bride's sister and husband, Mr. and Mrs. Joseph Blaharski on Hix road, with covers laid for twelve.

## School Bells to Ring September 4

The schools of Livonia Township will open with a two-day Teachers' Institute Tuesday, September 4, according to an announcement made by H. O. Johnson, superintendent of schools. Students will report Thursday, September 6, for registration and a full day's program of regular school activities.

Schools in the North end of the Township will open at 8:30 a.m. and close at 3:30 p.m. Those schools south of Schoolcraft will open at 9:00 a.m. and close at 4:00 p.m. A closing and opening schedule follows:

School	Open	Close	Open	Close
	A.M.	A.M.	P.M.	P.M.
Pierson	8:30	11:30	12:30	3:30
Wilcox	8:30	11:30	12:30	3:30
Livonia				
Center	8:30	11:30	12:30	3:30
Elm	9:00	12:00	1:00	4:00
Rosedale	9:00	12:00	1:00	4:00
Stark	9:00	12:00	1:00	4:00
Newburg	9:00	12:00	1:00	4:00

Because of crowded conditions, pupils entering school for the first time must be five (5) years of age on or before December 1, 1945. Parents desiring to enter beginners, this fall should bring birth certificates for these beginners. Registration and enrollments for beginners will be made according to the following schedule:

Pierson: Mornings—Pupils from Livonia Center east of Loveland, and Pierson.

Wilcox: Mornings—Pupils from Livonia Center west of Loveland and all west of Middlebelt. Afternoons—Pupils east of Middlebelt.

Rosedale: Mornings—Elm district pupils, also pupils along Schoolcraft between Farmington Road and Merriman and adjacent subdivisions. Afternoons—Rosedale section.

Stark: Mornings—Newburg pupils, including those living along Hix and Joy roads. Afternoons—Stark and Alden Village Subdivision.

There will be two First Grade sections at Wilcox this coming year. This will necessitate transferring some of the Sixth Graders from the Five Mile area to Rosedale. Pupils, however, will report to the schools attended last year with the exception of Seventh and Eighth Graders who will report at either the Newburg or Livonia Junior High Schools.

Crowded conditions in any of the other grades may necessitate some transfers. These conditions will not become known until school opens. Tentative bus schedules have been made. This year, the district will operate four buses instead of three as they did last year. This added equipment will improve the transportation service somewhat, but not as much as the Board of Education would like. Last year it was necessary to begin picking up pupils as early as twenty minutes after seven in the morning. This year the first pickup will be twenty minutes to eight. The buses will travel over the same routes as last year.

When the Olympic Games were held at Athens in 1896, the first time since they were abolished at Rome in 392 A.D., the ten men representing the United States had no trainer and no time to train. Yet, of the twelve events, they won nine. Incidentally, Harvard's J. B. Connolly won the initial event, the hop, step and jump—the only time in his life he had ever tried it—and was crowned first Olympic Games champion in 1,504 years.
