

What I Think and
Have a Right
to Say
Eaton R. Eaton

THE BEST TRAFFIC LAW.

Because of the alarming and tragic increase in the number of traffic accidents, there is being urged a tightening of traffic regulations. Some suggest that the speed of cars be reduced. Some urge a rigid examination of all drivers for the purpose of eliminating the careless one from the highways.

We've been an automobile driver for so many years that we hesitate to make known the number. We have conducted traffic surveys, directed traffic enforcement campaigns and ran safety publicity appeals for such long periods that we felt newspaper readers almost resented so much being said about the subject.

After all of these years and after almost constant observation of traffic conditions, we have come to the firm conclusion that the one thing which will do more to restore safety to the highways is — what do you think?

Just ordinary, every day COURTESY!
Try it and see. Maybe if you drive as COURTEOUSLY as you know how, overlooking the discourtesy of the other fellow (who is the reckless driver), maybe he, too, will catch the spirit of courtesy and become a safe and careful driver. Let's all try it and see what the results will be.

KILLING THE KILLERS.

A few weeks ago Representative Joseph Warner of Ypsilanti was invited to take part in a radio discussion of the capital punishment question. Representative Warner has long been an advocate of executions for first degree murderers in cases where there is no circumstantial evidence involved.

A few days after the radio discussion he showed me a pile of letters he had received from all over Michigan praising him for his stand.

During the last regular session of the legislature, Mr. Warner introduced a death penalty bill. It was defeated at that time, but he says he is sure that the legislature will at some future time establish capital punishment in Michigan.

"Do you think that we would have had the terrible murders that have taken place in recent months in and around Detroit if the killers knew that they would die for their crimes? I don't think so," he said the other day.

Maybe after all, Mr. Warner is right. Maybe if killers knew they would be killed for killing, there wouldn't be so many terrible murders in Michigan.

THAT PEARL HARBOR INQUIRY.

It is quite impossible for the average person to understand why a group of United States senators will spend months of valuable time making an inquiry into the Pearl Harbor raid.

We know that the Japs took us by surprise. We know that we were not prepared for the attack. We know that Pearl Harbor was blown to bits.

We know that if the Japs had decided to strike Los Angeles or San Francisco instead of Pearl Harbor, the same thing would have happened.

In every political campaign since the war started we have not hesitated to blantly state where the blame for this disaster should be placed.

But President Roosevelt is now dead and we are in full agreement with Supreme Court Justice Owen J. Roberts, when he told Republican members of the committee the other day that their questions pertaining to him were "highly improper."

Mr. Roberts is a Republican, too. He was appointed to the supreme court by former President Herbert Hoover—so when he berated the conduct of Senator Ferguson of this state as well as that of another Republican senator, Justice Roberts reflected the sentiments of a vast number of other Republicans who regard the Pearl Harbor inquiry as a useless and cheap political method of expending vast sums of money in an effort to find some additional political dirt that we do not already possess.

It is high time that this expensive form of political horseplay be brought to an end.

THE VALUE OF MONEY.

It seems that the people of this country have gone money crazy. Money! Money!! Money!!! That's all they think about. That's all they want. Business men, professional men, office holders—they're all alike.

We seemingly have fixed in our minds the thought that money is the gauge of all success in life. If we have money, we're successful. If we haven't got it, we are not successful.

This modern day thought is simon-pure rot. Money does not reflect success. It does not mean contentment or happiness.

Look to the court records, the divorces and the killings, if you think possession of money means success and happiness. Abraham Lincoln was once offered a position as general counsel for a railroad. The salary was \$10,000 a year.

Lincoln turned the offer down. He said, "What would I do with all that money?"

Lincoln was always poor, even when serving as president. He died poor, but no man will live longer in American history than Abraham Lincoln, a poor man from birth to death.

THAT ATOM BOMB TEST.

Have read in some of the newspapers where army and navy officials plan to blow up some 80 or 90 navy craft this summer just to find out how destructive the atom bomb will be against a fleet of warships.

Ever since reading it, we have wondered why congress has not put a stop to the plan. We know that the atom bomb is a terrible, destructive force, that it kills all life within a radius of miles, that destructiveness continues for a long time after the explosion.

What satisfaction the army and navy officials can get now out of witnessing vast destruction of ships that may not be in use, is hard to understand.

We destroyed millions of tons of metal during the war. If we don't need these ships, then why not scrap them?

But better still, why not place them at piers in the harbors along our Pacific coast, the Atlantic coast and send the light draft boats to the Great Lakes and up the big rivers, where they can be used for temporary housing facilities?

It will be a number of years before we can provide homes for all the people who need homes. These ships would provide a form of housing that would be most welcome, even though they might not be as comfortable as a real home.

We wish some one in congress would give a little thought to this matter and make so much noise about it that something might be done to save these ships for some useful purpose.

HAVE CONFIDENCE IN THE FUTURE.

Yes, it is true that we hear many say these days that the people who lived during the past 50 years enjoyed the most delightful time of all American history.

"We'll never see anything like it again," they declare.

In this, we cannot agree. We think the years to come will be the happiest and the most glorious in all history. It was with pleasure, therefore, when we read the other day a brief statement made by Rev. Norman Vincent Peale of New York city, in which he expressed the same thought.

He said:
"If you wish to establish a reputation for being a wise

(Continued on Page 7)

Novik Family Left Homeless by Fire; Loss Is \$10,400

Fire of undetermined origin Saturday morning destroyed the Plymouth Township residence of Al Novik, at 9014 Northern, about a mile from the city.

Mr. Novik told firemen that the flames spread so rapidly he had no time to save any of the contents. Also lost, he said, was \$1,700 in bills and \$1,700 in jewelry.

He placed a value of \$2,000 on the contents of the house and \$5,000 on the home itself. Thus his total loss is \$10,400.

Plymouth firemen, who made a quick run to the scene, said the whole house seemed to be on fire at once. They said Mr. Novik told them he had time only to dress in his underwear and a pair of trousers before fleeing the flaming structure.

He also told firemen that he had been counting the \$1,700 currency when he discovered the fire and was so upset he fled without the money. The cash, he said, was obtained from a business deal he completed the previous night.

Mr. Novik said his loss was fully covered by insurance.

D.A.R. Conference Delegates Named

The Sarah Ann Cochrane Chapter, D.A.R. held its regular meeting on Monday, February 18, at the home of Mrs. Harry Deyo on Church street. The business meeting was opened by the regent, Mrs. Earl Mastick, and the chaplain, Mrs. Edward J. Cutler, with the use of the D.A.R. ritual, the reading by Mrs. Cutler of a poem entitled "The Masterpiece by Albert Judson Fisher, and the Flag salute.

Delegates and alternates for State Conference and National Congress were elected. The delegates to State Conferences were Mrs. Mastick and Mrs. Deyo, alternates were Mrs. Harry J. Daniels and Mrs. John Burkman. For National Congress Mrs. Mastick, Mrs. Daniels and Mrs. Walter Nichol.

Jacqueline Dalton, of Plymouth, and Florence McCluskie of Northville are the good citizenship pilgrims chosen from the local high schools.

The state conference is to be held on Wednesday, March 27, Thursday, 28, and Friday 29 at Grand Rapids. The National Congress starts May 20 at Atlantic City.

The guest speaker, Mrs. D. J. McLean, gave an interesting talk about the work of her chapter, the Sarah Caswell Angell chapter, Ann Arbor of which she is regent, then gave a fascinating demonstration of oil painting, taking as her subject a low table at one end of Mrs. Deyo's living room, and a window with nicknacks, with a large window, a bit of landscape for background. Her demonstration was informative and interesting and at the same time friendly and informal.

Yeggs Heist Safe From Local Shop

Safe-crackers again paid a visit to the Bovee and Wagenschütz plumbing shop here last week. It is the second time such action has taken place there in the last six months.

In the latest break-in the burglars removed a 600-pound safe but got less than \$200 for their efforts. The battered vault was found at Five Mills and Eckles Roads by the Wayne County Sheriff's Patrol.

When found the safe was empty. Burglar tools were littered about. Thinking the gang would return to recover their tools the Road Patrol kept a watch on the scene for more than 48 hours. No person or persons visited the scene during their vigil.

Evidence found at the plumbing shop by local police, according to Chief Lee Sackett, indicated a truck had been backed up to the shop and the safe loaded onto it.

There are no clues, Chief Sackett said, and no suspects in this latest job. A previous job at the shop resulted in the capture of two culprits by local officers. Both are now in the Wayne County Jail awaiting trial.

There will be another story hour for children at the local library, Saturday, tomorrow, at 11 a.m. It will be held in the children's room and is open to all kiddies who wish to attend.

Annual All College Banquet To Be March 14

The annual banquet sponsored by the University of Michigan club of Plymouth has been moved to Thursday evening, March 14, at the Masonic Temple.

Prof. A. S. Aiton will give an enlightening appraisal of Spain and Latin-America, based on his travels in those countries.

Tickets will be mailed to all U. of M. club members. Public ticket sale will be announced next week.

Dr. Henry Crane Guest at Townhall

Detroit Pastor Dr. Henry H. Crane.

Dr. Henry Hitt Crane, pastor of the Central Methodist church in Detroit, will speak on "Clear Thinking in Confused Times" at the Town Hall meeting in the Plymouth Methodist church on Tuesday evening, February 26th at 8:30.

Dr. Crane is widely known for his interesting lectures and he averages better than one a day, not only locally, but throughout the country.

Dr. Crane served pastorates in Gorham, Maine; Newton, Massachusetts, and for nine years was pastor of the Central Methodist church in Malden, Massachusetts, the longest pastorate in the history of that church, and for ten years immediately preceding his coming to Detroit, was pastor of the Elm Park Methodist church in Scranton, Pennsylvania—likewise the longest pastorate in the history of that church. He started his pastorate in Detroit at the Central Methodist church, corner Woodward and Adams in June, 1938, and has identified himself with many of the most liberal community enterprises.

He is a licensed private pilot and is interested in all phases of aviation. He is a member of the following fraternal organizations and clubs: Delta Tau Delta, Omicron Delta Kappa, Delta Sigma Rho Literary Society, Masonic, Knights Templar, The Consistory and Shrine, Kiwanis, Exchange, Rotary International (Honorary) and the Detroit Athletic Club.

The Degree of Doctor of Divinity was conferred upon him by DePauw University and by his Alma Mater, Wesleyan University. Recently, Florida Southern College conferred upon him the Degree of Doctor of Laws.

Tickets will be available at the door that evening or can be purchased from any member of the Adult Choir.

City's New Legion Post to Get Flags

Two flags, donated by one of Plymouth's leading citizens, will be publicly presented to the Post, 391, American Legion, at ceremonies set for 8:00 p.m. Wednesday, March 6, at the Central High school auditorium.

They will include an American and post flag both with staffs and standards.

Speakers at the ceremonies are Col. Cass Hough and officers from the 17th American Legion District. The Plymouth High school band will play. During the actual presentation taps will be sounded in memory of the community's war dead.

The post to be so honored is Plymouth's latest. It was named in memory of the first two local youths who gave their lives in World War II. Its membership is made up largely of veterans of the last war.

All veterans and their families and friends are urged to attend the public ceremonies and become better acquainted with Plymouth's new Legion post.

School Board Election Proves To Be One of Cities Most Hotly Contested

Old Board Elected By Large Majority

What was announced as an election without contest proved to be one of the most hotly contested events ever held in the city. Local residents, most of whom hadn't planned on voting because there was no contest, awoke last Saturday morning to find a second slate of candidates for the school board offices.

In an election brought about under the direction of the Wayne Co. Board of Education by the recent Township consolidation all five of the present Board of Education members were re-elected to their present positions. A ticket composed of M. J. Huber, E. J. Cutler, Dr. Harold Brisbois, Ernest Henry and Glenn Davis however was presented to the voters in a well organized attempt to unseat the present board.

The election was peculiar in the fact that under the state law voters did not have to be registered and candidates did not have to file petitions in order to participate in the contest. Some forty local people received one or more votes when voters wrote their names on the printed ballots.

The present board consists of Mrs. Sidney Strong, Howard Stark, Sterling Eaton, Donald Sutherland and Dr. Harold Brisbois. Mrs. Strong and Mr. Eaton were elected to serve for a three year term and Dr. Brisbois and Howard Stark were elected to the two year term with Donald

Sutherland being elected to the one year term. The next regular school election will be held in June at which time Mr. Sutherland's term will expire and he will be up for re-election.

There were 480 ballots cast in the election of which more than two thirds were cast for the present board and of that number 187 were straight votes for the incumbents. The other electing totals were gathered by an accumulation on the rest of the ballots.

George A. Smith Conducts Election For County Board

Former superintendent George A. Smith conducted the election held in Plymouth last Saturday for the Wayne County Board of Education of which he is a member. Under the state law when a township consolidation is voted by the electors the County Board has the responsibility of conducting the affairs of the district and holding an election within 15 days for the selection of a new school board.

Candidates names do not appear on the ballot and candidates need not file petitions to run for office. Any person 21 years of age or over, having been a resident of Michigan for 6 months and a citizen of the United States for one year is qualified to vote.

Thirty Major Building Jobs Costing \$321,300 Underway Here

Buildings, both commercial and private, in the amount of \$321,300 are now under construction in Plymouth.

According to information supplied The Mail by Stanford Besse, City Engineer, a minor building boom is already underway. It probably will increase in tempo with the advent of warmer weather.

From the files of Mr. Besse it was learned that there are nine commercial structures now in the process of being built at a total cost of \$201,000.

They include four large garages, at least two modern store buildings, a new factory, and additions at the Allen Industries and Daisy Manufacturing Company.

The factory is the J. K. Lytle Corp., manufacturers of corrugated paper boxes.

Sixteen one-family residences also are under construction. Their total cost is estimated at \$117,800. They are in various parts of the city and include, brick, frame, brick veneer and cement block dwellings.

In addition there are five private garages being built at a cost of \$2,500. Most of those are one-car garages and in general are of frame construction.

With the advent of spring and summer the local building activity should grow by leaps and bounds.

Presbyterians To Entertain Returned Servicemen Friday

Returned servicemen and women will gather in the Presbyterian church on Friday evening, Washington's birthday, at 6:30 o'clock for a dinner and evening of entertainment. The Presbyterian church is giving this dinner to the people discharged from the armed forces who are in some way connected with the church. It is hoped that this occasion will bring together many people who have known each other for years, and who were separated by the war, but now are home again. It is also a means of expressing to the service men and women the welcome the church feels for them upon their return to civilian life.

There will be no "speaker," merely a few words of greeting. The evening will be given over to fellowship, allowing the guests ample opportunity to get together for visits and talk. The officers of the church will be present to represent the congregation, and the dinner will be prepared and served by the women of the Ladies Auxiliary. This is the first of a series of meetings of this type, for it is planned to have similar occasions periodically to welcome the people as they are discharged from the armed forces.

Foundation Committee Given Land for Building Development

The development of the site of the Veterans' Memorial as decided upon by the committee, city commission, and school board, promises to make of this particular area of Plymouth one of the finest sections of the town, architecturally and aesthetically speaking. A brochure, with the plot plan, architects frontal illustration, and pertinent questions and answers about the Memorial, will soon be off the press and distributed among the various groups in the Plymouth area. This graphic presentation will do much to help in visualizing the project, and placing some concrete facts before the community for its consideration.

It still remains true that detailed plans for the Memorial must be worked out by a larger committee than the present one, and with the plans advanced thus far, and ready for presentation in general form for the public, that committee will soon be formed. It is hoped that the brochure being prepared will meet the need for clarification about the Memorial plans thus far, and pave the way for the formation of this committee.

With the site definitely decided upon, and located just north of the high school, it is hoped that the construction of an adequate athletic field, track, ball diamond, and football field just back of the school, will make the whole area into one of the finest recreation centers in this part of Michigan. Under the present plans it will be possible, with little basic change, to so unify all these features into one unit, with the Memorial Foundation as the focal center of the project. Beyond all practical considerations resulting from the use of the buildings of the Memorial, the by-products of the center will add tremendously to the value of this whole district from the point of view of beauty and landscaping.

Mr. and Mrs. Edwin Reber will entertain the following guests Friday evening at dinner in their home on Starkweather avenue: Mrs. O. F. Beyer and daughter Marion, Mr. and Mrs. Floyd Burgett, Mr. and Mrs. Carl Hartwick, Mary Lou and Patty.

Mr. and Mrs. LeRoy Jewell are leaving Monday for Hot Springs, Arkansas.

Miss Juanita Bliss of Henderson was a visitor last week at the home of Mrs. Erma G. McLean.

Central Grade P.T.A. To Meet February 26th

The Central Grade P.T.A. will meet in the auditorium of the school on Tuesday, February 26 at 7:30 o'clock.

The guest speaker will be Mrs. W. E. Gibson, of Lincoln Park. Mrs. Gibson is a teacher as well as a parent and has served as an officer in the State P.T.A. for the past nine years.

Our former local presidents are invited and will receive special recognition.

A cordial invitation is extended to the Starkweather P.T.A. to join with us.

Refreshments will be served. Everybody is cordially invited to attend.

Club Celebrates 61st Anniversary

Past president's day and the sixty-third anniversary of its organization will be observed jointly next Friday afternoon, March 1, by the Woman's Club with a tea at the Episcopal church parlors.

Invitations have been extended to the president of the Detroit Federation of Women's Club and presidents of various women's clubs in nearby communities.

The program chairman for this joint observance meeting is Mrs. Harry Deyo. She advises that the program will start at 2 p.m.

Mrs. Thomas E. Chapman, book reviewer of the Redford Township Woman's Club, will head the program with a series of readings and poems. Mrs. F. Earl Reh will sing, accompanied by Mrs. Frederick.

Mrs. G. W. Baker is tea chairman. Members of the hospitality committee for the occasion are Mrs. Maud Bennett, Mrs. Walter Nichol, Mrs. George M. Chute, Mrs. T. Leonard Sanders, Mrs. Earl Kenyon, and Mrs. Louis Truesdell.

The club was organized March 4, 1883, by Mrs. C. W. Valentine. Of its eight charter members, Mrs. E. W. Chaffee is the sole survivor. She has been an honorary member the last few years. Illness confines her to her home and she no longer is able to take an active part in the club's activities.

Others who with Mrs. Chaffee comprised the original organization were Mrs. Valentine, Mrs. R. G. Hall, Mrs. C. A. Fraser, Mrs. Charles Frisbie, Mrs. G. H. Wallace, Miss Jennie Voorhees and Miss Maude Vrooman.

The group first was known as the Plymouth Ladies' Literary Society. It was organized for the purpose of reviewing and discussing current literature. The membership at that time was limited to 25.

Mrs. Fraser, the club's first chairman, also was hostess for the first meeting. Mrs. Wallace was the first permanent chairman. Mrs. Chaffee was the first club (Continued on Page Eight)

City Approves Recreation Budget

Several items of business came before the Plymouth City Commission at the regular meeting Monday night in the City Hall.

Probably the most important action taken by the commission was the unanimous approval of a \$700 budget for the newly created Recreation Commission.

That budget will be in effect until July 1 when the new city budget will be recommended. It is believed that the bulk of the Recreation Commission money will be used in the hiring of a recreation director.

The necessary approval of the budget by the Board of Education is virtually assured.

The commission also approved the use of that parcel of land between Blanche and Farmer streets as the site for Plymouth's proposed Veterans' Memorial.

In addition the City Commission scheduled two public hearings for property owners relative to civic improvements planned by the municipality. They are set for 7:30 p.m. March 4 at the City Hall.

At that time property owners having objections to these improvements will be heard by the commission.

Persons having property on Farmer Street between Blunk Street and Sheldon Road will be interested in the one hearing. It is in regard to extending the pavement on Farmer Street between the two thoroughfares mentioned above.

The second hearing should attract more property owners. It involves the proposed construction of a sanitary sewer on Park, McKinley and Garfield Streets.

Wayne U Players Will Give Drama Here March 7

Wayne University Workshop Players will present the drama, "Kind Lady," at 8:30 p.m. Thursday, March 7, at the Plymouth High school auditorium.

The production is an adaptation from the "Silver Masque," a short story by Hugh Walpole. In 1934 and 1935 it had a very successful run on Broadway. More recently it was a starring vehicle for Helen Hayes on the Radio Theatre.

Leonard Leone is the director for the production. Tickets may be purchased at the door or by calling 112-R or 1039-J.

12 More Marked For Induction

Twelve more registrants are scheduled to leave Plymouth next Thursday, February 28, for induction into the armed forces. Only two of them are local residents.

The Plymouthites are James C. Wiltse, of 986 Roosevelt, and Avery R. Penney, of 44675 Joy road.

Others include Hobart Alexander, of 512 East Williams Street, Ann Arbor; Perry J. Graham, of 218 Lake Street, Northville; Howard S. Wilkinson, of 413 Beal Street, Northville; William W. Ireland, of 15910 Beech road, Detroit; Edward G. Asher, of 512 Grace Street, Northville; Paul E. Terreault, of 11311 Columbia, Detroit; Thomas H. Sheehy, of 519 Fairbrook, Northville; Ralph H. VanSickle, of 125 West Main Street, Northville; William Kostich, of 40053 West Eight Mile Road, Northville; and Clifford A. Trotter, of 19510 Norborne, Detroit.

Rotary Observes 41st Birthday

Plymouth's Rotary Club observed the 41st anniversary of the founding of the Rotary movement this week with a celebration at the Club's weekly meeting held at the Mayflower Hotel.

In tracing the growth of Rotary, President Harold Curtis said, "On February 23, 1905, the first Rotary Club in the world was organized in Chicago by Paul P. Harris, a young lawyer, who suggested the idea to a group of his friends and with them organized a club which was called the Rotary Club because their first meetings were held in rotation in the offices of the various club members."

During these past 41 years, the ideas of Paul Harris and his friends—ideas of friendship, fellowship and of service to others—have been accepted by men of practically all nationalities, of all political and religious beliefs. Today there are clubs in 66 different countries and geographical regions throughout the world.

Rotary has grown in an amazing fashion during these 41 years. During the last six months, 209 new Rotary clubs have organized in 20 different countries and to day there are 5,641 Clubs in nearly every country of the world."

Here in Plymouth the Rotary Club is especially active in boys work, crippled children programs and the student loan fund.

President Curtis also announced this week all of the other Rotary clubs, throughout the world are also celebrating Rotary's 41st anniversary. The local club was organized in April 1924 and now has 60 members. The first president was George A. Smith.

Cooper School Is Damaged by Fire

A grass fire which spread to a pile of shingles outside Cooper school caused damage to the building estimated at \$600.00 last Monday evening. Quick action on the part of the local fire department under the new hand of Chief Gus Myers prevented the loss of the entire building which has been unoccupied for the last two years.

There was \$500.00 worth of insurance on the building and what will be done with the building will be decided upon by the newly elected Plymouth Township Board of Education.

The school is located on west Territorial road at Beck.

James Houk has been spending the week in Chicago and St. Louis on business.

Mr. and Mrs. Harry D. Terry of Union street spent the weekend in Pontiac and Oxford visiting friends.

Deadline on Want Ads is 5:00 o'clock Wednesday afternoon.

Local News

The Aid meeting will be held in the home of Mr. and Mrs. Manley Clinansmith on Thursday, February 28 with cooperative dinner at noon. We always have a happy time in this home and invite you to be present.

ROSEDALE GARDENS PRESBYTERIAN CHURCH. February 17, 1946, Hubbard Ave. at West Chicago Blvd. Sunday School 9:30 a.m. Church service 11:00 a.m. Sermon theme "Stand on Your Feet." There is a nursery for the care of young children during church. Youth League, 6:30 p.m. Rev. Woodrow Wooley, minister.

FIRST CHURCH OF CHRIST SCIENTIST. Sunday morning service, 10:30; Sunday school at 10:30. Pupils received up to the age of 20 years. Wednesday evening testimony service, 8:00. "Mind" will be the subject of the Lesson-Sermon in all Christian Science Churches throughout the world on Sunday, February 24. The Golden Text (Psalms 119:33, 34) is: "Teach me, O Lord, the way of thy statutes; . . . Give me understanding, and I shall keep thy law." Among the Bible citations is this passage (James 1:5): "If any of you lack wisdom, let him ask of God, that giveth to all men liberally, and upbraideth not; and it shall be given him." Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 275): "Divine metaphysics as revealed to spiritual understanding, shows clearly that all is Mind, and that Mind is God, omnipotence, omniscience, omniscience, that is all power, all presence, all Science."

FIRST PRESBYTERIAN CHURCH. Henry J. Walch, pastor Sunday, Feb. 24: Church school, 9:45 a.m. with classes for all. Morning worship, 11 a.m. with sermon by the pastor. Youth Fellowship 6:30 p.m. in the parlor. Children's Choir will meet Tuesday afternoon with Mrs. Hondorp for rehearsal. The Mission Study Class will meet Tuesday, Feb. 26 7:30 p.m. in the home of Mrs. Ed Dent, 662 Blunk. Mrs. Walch will review two books on the African Missions of the church. Cancer pads will be made during the evening. Our annual Consecration Service will be held Sunday morning, March 3, at 11 a.m. Lent begins Wednesday, March 6. We shall hold the first of our Lenten pot-luck suppers on that night, with Circle Two in charge of the arrangements. The supper will be followed by a devotional service, the first in a series running each Wednesday evening in Lent up to April 10. The suppers begin at 6:30 p.m. promptly. The World Day of Prayer will be held in our church this year Friday, March 8 at 2:00 p.m. This is a service for all Protestant people, of all denominations. Mrs. Hartmann Lichtwardt will be the speaker of the day.

Plymouth Scouting News

(By Harold H. Schryer)

At least 12,000 sustaining memberships are being sought in the Annual Roundup, now under way in this area, on behalf of the Detroit Area Council, Boy Scouts of America.

Scouting in this great Metropolitan Area is at the crossroads. There is no such condition as "standing still" in Scouting. We must either go forward, meeting the needs as they arise; or go backward, which would retard Scouting's effectiveness in this community. It is a known fact that there are some 164,000 9 to 19 age group in the Council area. Surveys have proved, time after time, that about three out of four boys will join Scouting, if they have ample opportunity. Thus Scouting should be made available to some 123,000 boys. But in 1945 the Council was only able to make it possible for about 43,000 boys to enjoy the fun and benefits of Scouting. The Council's inability to meet all the demands from institutions and parents to organize more Cub Packs, Scout Troops and Senior Groups can be overcome by adequate financial backing.

Last year 5,481 local Scouts attended Summer Camps. Present camping facilities were overtaxed and more Scouts would have been served if more sites had been available. Our Executive Board and other friends are on the lookout for large tracts of land where Scouts may safely camp under their own leadership. At present more than 1,000 business and civic leaders and Scouters are organized into Roundup Teams, and are out on the job securing the necessary 12,000 sustaining memberships. Sustaining members are asked to contribute at least \$5.00. A "Sustainer" may take as many memberships as he pleases. Many business and civic leaders take out memberships for their families and friends. Those who have suffered losses in the Service of their Country might want to give in "Memory of their loved one" a truly worth-while living memorial.

As one of our Scouters so aptly said recently in making a Boy Scout Week radio address "Take care of the Youth of today and the World of tomorrow will take care of itself."

Fund for Paralysis Reaches Over \$200.00

A check for \$255.00 has been forwarded to the Elizabeth Kenny Infantile Paralysis Foundation by Rev. Verle Carson, treasurer of the local fund, following the recent drive in this vicinity. Mrs. A. R. Kidston, chairman, and the committee members, Mrs. Jesse Thomas, Mrs. Robert MacIntyre and Miss Susan Thutman wish to thank the Myron H. Beals Post for the use of their Hall, The Tennessee Valley Boys and Herman Scheel for the excellent music and calling for the dance which netted \$51.42. Also the Merchants who obtained an additional \$93.18 in their canisters and the Livonia branches of the Mums club and V.F.W. for their donation of \$30.00.

The remaining \$83.40 was received through benefit parties in the homes of the committee members.

If you have anything to sell or rent, try a Plymouth Mail want ad. They bring results. Phone Plymouth 6.

Coal for Dreadnaught Thirty-two thousand tons of coal is required for steel to make one modern super-dreadnaught.

Toughens Steel Nickel is the alloy principally used to toughen steel.

Fears Wrong I fear nothing but doing wrong—Sterpe.

SALSBUARY SAL
"My Brooder House is Free of Germs, It's Also Clean and Dry; I'm a Happy and Contented Chick. On PAR-O-SAN, I Rely."
Germs lurk even in clean looking brooder houses. So scrape and scrub. Then disinfect the house with Dr. Salsbury's pleasant smelling PAR-O-SAN.

Own Gun Kills Motorist While Changing His Tire

CHICAGO - Edwin Cowan, 32, of 2157 W. 114th street, an estimating engineer, shot and killed himself recently while changing a tire on his automobile in front of 20 S. State street.

Detective William Doyle of the Stanton avenue police said that apparently Cowan's .32 caliber pistol fell from his pocket and discharged as he was returning the wheel to the flat tire to the trunk compartment.

Cowan's wife, Patricia, 20, and a sister-in-law, Mrs. Bertha Cowan, were in the automobile at the time He is survived also by a daughter, Patricia Ann, five months old.

'Old Man River' Is Finally Conquered

\$500,000,000 Spent to End Floods in South.

CAIRO.—The U. S. army finally has hogtied "Old Man River" and is ready to show the public how its \$500,000,000 was spent to end floods on the lower Mississippi.

The army engineers and the Mississippi river commission have just taken an inspection party on a tour of the floodways, dams, levees and revetments built along the river from here to New Orleans to protect 30,000,000 citizens from floods.

It marked the completion of work begun in 1928 with passage of a federal act committing the government to a flood control program. Since then, with an outlay of half a billion dollars and more yet to come for maintenance, the army has constructed a river system designed to cart off the floodwaters of 28 states and two provinces of Canada.

It was a terrific job. Over one billion cubic yards of earth was placed on big levees. A big floodway was constructed in southeast Missouri around Birds Point and New Madrid as a safety valve to protect Cairo.

New levees were constructed around Memphis. The world's largest hydraulic laboratory, with a working model of the Mississippi valley in miniature which covers many areas, was laid out at Vicksburg, Miss. A protecting spillway was built above New Orleans. These are just a few of the projects completed and which the inspection party was to look over.

Presses Pouring Bank Notes Into Jap Inflation

TOKYO.—Japan's printing presses are feeding a mounting stream of banknotes into the nation's currency inflation. The Kyodo news agency said the note issue of the Bank of Japan, which lately has been climbing at the rate of two billion yen (about \$130,000,000) in 10 days, would reach a total of \$6 billion yen (about \$3,640,000,000) by January 1, 1943, amounted to eight billion yen (about \$520,000,000).

Turmoil in Java Cuts Sugar Stocks, Report

BATAVIA, JAVA.—East Indies sugar experts disclosed Java's sugar stocks were dwindling because of the current Indonesian unrest, and Netherlands East Indies authorities said other nations would be lucky to get any Java sugar at all.

Britain, the United States and even the normally sweets-exporting Philippines are bidding for a share of the Java stocks, which the Japanese reported had totaled 1,500,000 tons at the end of the war.

Paint Splashes Remedy

When painting or varnishing rub vaseline on the hinges and door-knobs to prevent splashes of paint from sticking. Rub it off when the job is finished.

The Six Big Cities of 1789

In 1789, there were six cities in the United States with more than 8,000 population: Philadelphia, New York, Boston, Charleston, Baltimore and Salem.

Don't Split Wood

To avoid splitting wood when driving a nail, file or grind point of nail to a chisel edge and drive the nail with flattened side parallel to the grain.

Salt, Corn and Soap

Household stand-bys like salt, corn, soap, sugar, molasses, suet and bran have their uses in various steelmaking processes.

Clean Piano Keys

Yellowed piano keys can be cleaned with a cloth dipped in cologne water. Be careful not to touch the black keys.

Quarter Ton Male Gorillas

Belgian Congo adult male gorillas weigh as much as 900 pounds, the females slightly less.

Many Dyes From Coal Tar

More than 8,000 kinds of dyes, many of bright color, are obtained from black coal tar.

Tons of Cigarettes

The United States uses about 9,000 tons of cigarette paper a year.

University of the Air

Mexico plans a vast "University of the Air" at Guadalajara.

CALENDAR OF EVENTS

Events of interest to local clubs, organizations and fraternal groups may be placed in this column announcing date, time, and place of meeting without charge.

Tuesday, February 26—Town Hall meeting. Methodist Church, 8:30 p.m. Guest speaker, Dr. Henry Hitt Crane.

Friday, March 8—The annual observance of the World Day of Prayer, 2:00 p.m. in the Presbyterian church with Mrs. Hartman Lichtwardt as the speaker.

Saturday, March 16—St. Patrick's Dance, 9 p.m. to 1 a.m. Masonic Temple. Sponsored by JayCee Auxiliary.

A recent Gallup poll discovered that 20 out of every 100 adult Americans believe cancer is "catching," like the common cold.

One of the many "odd" jobs of the President of the U. S. is to fix the license fee for fortunetellers in the Panama Canal Zone.

A woman in Chicago has discovered an easy way to wash the outside windows of her house—she uses her young son's stilts.

Increase Rice Output The United States has increased its rice crop by 52 per cent over 10 years ago. Production is now 70 million bushels.

Cover Lemons To keep lemons from wilting and shrinking it is a good idea to put them in a covered jar in the refrigerator.

Lester Kingsley. Word has been received of the death of Lester Kingsley of Sutter Creek, California, which occurred January 22 after an illness of several months. Mr. Kingsley was a former resident of Plymouth township. He was born at Livonia to Albert and Mary Jane Kingsley, November 27, 1864, and was married to Lillie Josephine Stephens of Elkhart, Indiana, on February 14, 1887. His wife died several years ago. Three children survive him, they are: Mrs. Emma Malispina of Alameda, Calif., Forest Kingsley of Richmond, Calif., and Howard Kingsley of Ripon, and three granddaughters. He was engaged in the plumbing and hardware business for many years at Sutter Creek. Mr. Kingsley was a descendant on his father's side of the Massachusetts Bay and Plymouth Colonies. His ancestors having served in the Colonial and Revolutionary wars. Two generations of the Kingsley family are buried in the old Newburg cemetery. Funeral services were held at the J. J. Daneri and Son Chapel. Interment was at Sutter Creek City Cemetery.

Mrs. Reka Mining. Funeral services were held Tuesday, February 19 at 2 p.m. from the Schrader Funeral Home for Mrs. Reka Mining who passed away Saturday morning, February 16, at the age of 79 years. Mrs. Mining resided at 763 Ann Arbor Trail and was the widow of the late Charles Mining and is survived by three daughters and two sons. Mrs. Minnie Melow of Belleville, John P. Mining of Flint, Mrs. Florence Tibbitts of Farmington, George and Miss Jean Mining, both of Plymouth. Mrs. Mining was the mother of the late Edith Eldred, also surviving are six grandchildren and seven great-grandchildren, three

sisters and one brother, Mrs. Bertha Spaller of Farmington, Mrs. Ida Schroeder, Mrs. Mary Snyder and Fred Wanger, all of Detroit, several nieces and nephews, and a host of friends. Rev. Henry J. Walsh officiated. Services were also under the auspices of the Rebekah Order No. 182 of Plymouth. Two hymns were rendered by Mrs. J. T. Chapman, accompanied at the organ by Mrs. M. J. O'Conner. Pallbearers were: Messrs. Leonard, Charles and Raymond Melow, Bruce Mining, Russell Vickers and Kenneth Gyde. Interment was in Riverside Cemetery.

Mrs. Bertha Whalen Goebel. Mrs. Bertha Whalen Goebel, wife of Henry A. Goebel, passed away Tuesday evening, February 19, at her home 746 N. Mill street at the age of 66. Besides her husband, she is survived by five sons and five daughters, Mrs. Christabel Gurk of Ann Arbor, Mrs. Florence Carter, Neil, Delos, Paul, Norman and Edwin Goebel, Mrs. Helen Ribar, Mrs. Margaret Herter and Mrs. Jessica Waara, all of Plymouth. Also surviving are 19 grandchildren, a sister, Mrs. Dorothy Sparrow of Royal Oak, and a host of friends. Mrs. Goebel was brought to the Schrader Funeral Home, and later taken to her home. Funeral services will be held this Friday afternoon, February 22 at 2 p.m. from St. Peter's Ev. Lutheran Church, Rev. Edgar Hoencke officiating. Interment will be in Riverside Mausoleum.

Floyd W. Bracy. Floyd W. Bracy, son of Mrs. W. Bracy of Plymouth, after a brief illness, died in Henry Ford hospital, February 16. Funeral was held in Spaulding Memorial Home in Ferndale, Rev. Wm. Moulton officiating. Burial was in Oakview Cemetery in Royal Oak. Mr. Bracy leaves a wife and two sons in Ferndale, Mich.

What I Think and Have a Right to Say

(Continued from Page 1)

man, there is one certain way to do it; be a believer in the future. Men who have no confidence in the future demonstrate, in the long run, that they lack vision and insight.

In 1886 a high government official announced that all of the canals and railroads had been built, and that there would be no further progress in transportation in the United States. At about the same time, another profound thinker was making the statement that the physical sciences had reached a stationary condition. When these two false prophets were airing their views, Thomas A. Edison was 39 years of age, Henry Ford was 23, Steinmetz was 21, Orville Wright was 15, Marconi was 12, and Einstein was 7 years of age. The men who made those statements were not believers in the future; so they turned out to be bad prophets. The wise man is he who believes that greater things will come to pass.

And greater things are coming. In the research laboratories of America are marvels which can give us an era of unprecedented development. For example, there is radar with its mysterious and mystic fingers reaching beyond the clouds or through obstructions.

We are now in the 'electronic age,' a development that may revolutionize the lives of the people. There is something of special interest to the ladies in connection with electronics. The housewife of the future will scarcely need to sweep and dust. Recently in a display of household appliances, I saw a little mechanism known as a 'precipiton.' By means of electronic energy it sucks down dust particles in the air and destroys them. The women of the future will never need to sweep again. Even those who don't do it now, will be able to neglect it in the future without a sense of guilt.

This electronic age is marvelous. When you go out at night, your telephone will answer itself, and will make memoranda for you to read upon your return; and if it is necessary to get you at once, you can be reached in your car, telephonically, as you drive. Then, too, an electronics house has been invented, where, among other things, you will be able to lie in bed on a cold winter morning and close the windows without getting up. By means of electronics we may be able to magnify 100,000 times and discover and isolate the carriers of disease, which heretofore have baffled medical science. We will perhaps be able to drive our tires 100,000 miles, because the vulcanization process will create a strength that will give that vast mileage.

A little communication device called a 'walkie-talkie' has been developed. It can be carried on one's person. It was used in the Army, where an officer could talk with his men and his men with him, as it is a two-way sending and receiving set. This could be used within an area of three miles. Think what this will mean for the future! A man equipped with one of these 'walkie-talkies' will be able to receive directions from his wife all day long. But, men readers can take comfort, for now we have enough gasoline to get outside the three-mile limit. These technological developments are only symbols of greater progress to come. It is a great age that stretches out before us and fortunate indeed are we to be able to enjoy the wonderful opportunities that will present themselves. Have confidence in the future!

Lapham Corners

The Girl Scout committee meeting was held at the home of Mrs. Adolph Trapp in Salem and the following patrol leaders were appointed. Mrs. Kenneth Gates, Mrs. Robert Wilson, Mrs. John Van Aken and Mrs. Adolph Trapp. The Troop meetings will be held at the Town Hall the third Thursday of each month from 7:00 to 8:45.

Mr. and Mrs. Don Ossenmacher of Dearborn and Mr. and Mrs. Eddie Artman of Detroit were Sunday visitors at the Sylvester Kranz home. Mrs. Stanley Clinansmith and Michael spent Tuesday afternoon with Mrs. Burton Rich. Mrs. Orlyn Whittaker of Ypsilanti was the guest of Mrs. Albert Brown all day Thursday. Mr. and Mrs. Peter Baumgartner, Andrew John, and John Schomberger were Tuesday evening guests of Mr. and Mrs. Sylvester Kranz.

The Sunshine Club met at Mrs. Peter Baumgartner's last Wednesday afternoon. Mrs. Manley Clinansmith was co-hostess. A Valentine bingo game was enjoyed by the members and their two guests, Mrs. Moran of Detroit and Mrs. Kenneth Clinansmith. The next meeting will be March 13 at the home of Miss Mary John with Mrs. Glenn Smith as co-hostess.

Word has been received by Mr. Kenneth Rich of the serious illness of his sister-in-law, Mrs. Burt Rich, of Detroit. She is in the Highland Park General Hospital.

The Lapham School dance at The Barn last Friday evening was enjoyed by more than 200 people. The PTA cleared over \$80 on ticket sale, refreshments and the check room. The music by the Tennessee Valley boys was especially good and was enjoyed alike by dancers and spectators. The young people of the community seem especially fond of square dancing and "Uncle Herman," the caller at The Barn, guided them through the intricate figures of "Pop goes the Weasel," "Oh Susanna," and "First Two Ladies," and many other square dance routines. The Lapham PTA extends their thanks to Mr. Anglin, manager of The Barn, for his co-operation and efforts which made the dance such a success.

home Sunday afternoon were: Mrs. Edythe Hadley, Mr. and Callers at the Burton Rich Mrs. Fred Hadley of Plymouth, and Rupert Hadley and son Jack of Ypsilanti.

Mr. and Mrs. Sylvester Kranz and family visited the Ossenmacher families in Dearborn Sunday.

Mrs. John Van Aken received word that her brother has been confined to the hospital at Camp Atterbury and was to undergo an operation this week.

Nort Fisher of Plymouth was a dinner guest at Elmer King's home Tuesday evening.

Mr. and Mrs. Ronald Lyke and daughters Beverly and Janice were Saturday evening guests at the Burton Rich home.

Mr. and Mrs. John Van Aken entertained Mr. and Mrs. A. B. Van Aken and Mr. and Mrs. Kenneth Rich at dinner Thursday evening.

Little Eddie Brown, Jennie Baumgartner and Mary Rich attended the Valentine party at school Valentine's day.

Mr. and Mrs. Glenn Whittaker, Mr. and Mrs. Nelson Bender and Mrs. Mae Tait visited the Clifford Tait's Sunday afternoon.

Mr. and Mrs. Arthur Phillips and Mr. and Mrs. Ward Griswold visited the Ray Richman family in Wayne Saturday evening.

Mr. and Mrs. Harold Cochran drove to Missouri last weekend to visit their daughter and husband, Sgt. and Mrs. Richard Whittaker. Mrs. Whittaker returned home with them as Sgt. Whittaker expects to be transferred to Virginia in the near future.

Mr. and Mrs. Ward Griswold, Mrs. Madeline Darragh and Raymond Nixon and son Larry of Detroit were Sunday supper guests at the Walter Schweim home on Ann Arbor road.

Mrs. Orlyn Whittaker and mother, Mrs. Clough of Ypsilanti, Mrs. Mae Tait of Plymouth and Mrs. Nelson Bender of Worden were Wednesday luncheon guests of Mrs. Glenn Whittaker. Mr. and Mrs. Olin Tait were afternoon visitors.

Mrs. John Van Aken and Mrs. Albert Brown visited Mrs. Edwin Hamilton on five mile road last Saturday afternoon.

Mr. and Mrs. Chester Dix and family, Mr. and Mrs. Robert Gardner of Detroit were Sunday guests at Mrs. George Henning's in Plymouth.

Special School Meeting A public school board meeting of Lapham School District No. 6, South Salem School, District No. 3 and the Salem Twp. board was attended by a large group of interested residents of Lapham district. The meeting was called to decide whether or not a large block of property should be detached from District No. 6 and attached to District No. 3. There was strong opposition to the action because of the low valuation in District No. 6. The township board will make their decision and notify the school boards of the two districts involved.

Uncle Sam Won't Be Home Friday

Those of you who wander downtown Friday, tomorrow, better not count on transacting any business with Uncle Sam. Cause your uncle isn't going to be in to anybody that day.

That's the day you and your famous uncle should be observing the birthday of the Father of Our Country. Yes, sir, it's the day all of us should stop and reflect upon the statesmanship, the wisdom and diplomacy of George Washington.

That is why Uncle Sam has for years refused to have any of the present work-a-day worldly cares placed before him on Feb. 22. It's a day of recollection and assigned to the memory of the nation's first president.

In other words don't head for the postoffice expecting to buy stamps, money orders or mail any parcel post. You'll get in all right; but there won't be any clerks to serve you. It will be a day of rest for them. You can post a letter if you wish and it will be dispatched as usual. But that is all.

Incidentally, that is why you are reading your Plymouth Mail on Thursday instead of Friday. We wanted you to have your issue on Thursday so you could have an extra day in which to take advantage of all the wonderful bargains the local merchants have advertised in The Mail. We knew you wouldn't want to wait until Saturday.

OFFICIAL MINUTES OF THE BOARD OF EDUCATION.

The regular meeting of the Board of Education of School District No. 1 P.M., of Plymouth and Northville Townships, was held at the Board of Education office February 11, 1946.

The following members were present: Brisbois, Eaton, Stark, and Strong and Sutherland.

The following were absent: None.

The minutes of the regular meeting held January 14, 1946 were read and approved.

The minutes of a special meeting held January 29, 1946 were read and approved.

It was moved by Sutherland and supported by Stark that bills in the amount of \$2,847.80 be paid.

Ayes: Brisbois, Eaton, Stark, Strong and Sutherland.

Nays: None.

Sutherland moved and Stark supported the motion that the superintendent be authorized to ask for the aid of the state school building consultant with reference

to our present and future school expansion. Ayes: Brisbois, Eaton, Stark, Strong and Sutherland. Nays: None. It was moved the meeting be adjourned. Carried. D. H. Sutherland, Sec'y.

Strong and Sutherland. Nays: None. In Indianapolis, Rubber Researcher E. B. Newton announced the latest creature-comfort for cows: sponge-rubber sleeping mattresses.

New Orleans Mardi Gras Again

Narrow streets and overhanging balconies, courtyards brilliant in blooming banana trees and pink and red camellia japonicas, recessed doorways and banquettes along which cutlasses pirates have marched, the world's finest restaurants and a hundred-and-one things, places and individuals to be seen and thrilled over—that's New Orleans. That's the old town nestled in a great bend of the Mississippi River. That's the unforgettable New Orleans of song and story and legend, the city of duels and duennas, sazeracs and Shrimp Arnaud, the city where Gaiety is kind through the Mardi Gras season, and where, through the remainder of the year, its people live the hospitality of the Old South, and live largely as they did two centuries ago.

This year New Orleans again will celebrate the Mardi Gras shelved through the war years, shelved as it has been each time war swept the United States—in the "Sixties" of the Civil War, 1898 for the Spanish-American War and in 1917-1918 for World War I. This year Mardi Gras falls on March 5. Shrove Tuesday, when a full week of masking, merry making and hilarity will end with the midnight chimes from ancient St. Louis Cathedral. With the chimes New Orleans dons mask and domino for the

Ancient St. Louis Cathedral, facing beautiful Jackson Square, and flanked by the old Presbytere and the equally old Cabildo, is one of New Orleans' scenic and historical highlights. Under its flagged floor sleeps the men of the cloth who planted Cross of Church along with flag of King in the early days when Louisiana was the gathering place for the adventurers of the world. In the rear of the old cathedral is Pere Antoine's Garden, a "must" in its own right.

Rosedale To Have Student Dance

Early American as well as Modern dances will be the attraction for all Rosedale Gardens High School and Jr. High School 1st students at a dance March 1st from 8:00-11:00 p.m. at the Gardens Club House.

Levandowski Sons To Operate Store

People of Plymouth, Newburg and surrounding countryside will be interested to learn that Thomas Jr. and Clarence Levandowski, well known brothers, will operate the Newburg Grocery for years owned by their parents, Mr. and Mrs. T. J. Levandowski, Sr. Saturday, February 23 has been the date set for the store's re-opening.

Justice Leo Nye Again In Bed With Broken Ankle

Livonia Township Justice Leo Nye is again confined to his bed with a broken ankle. After just getting on his feet from a similar accident on December 17th the judge had the misfortune to again break the same ankle last Sunday. He will be confined to his home about 10 weeks.

New Weed Killing Chemical

American homeowners now keep their lawns free of weeds at an average cost of \$1.00 a season as the result of a new development in 2,4-D, a weed-killing plant hormone, scientists at the Ohio State Agricultural Experiment station revealed today.

Developed from an ester of 2,4-Dichlorophenoxyacetic acid, this chemical which has been named Weed-No-More kills most broad-leaf weeds but is harmless to common lawn grasses. Instead of back-breaking digging every summer the average householder can now merely spray on this chemical and enjoy a smooth and weed-free lawn.

The preparation is particularly effective against dandelions, chickweed, bindweed, poison ivy, plantain, thistle, and many other weeds, the scientist said. It will not injure the soil and is harmless to humans and animals when used according to directions. It is odorless and non-staining.

The action of the chemical is such that weeds literally strangle themselves to death because 2,4-D is a plant hormone which effects the growth factor of board leaf plants and can be used to destroy them as well as stimulate them.

Hi-12 Club Hears Claude Dykhouse

Members and guests of the Hi-12 Club of Plymouth heard a very fine address on Compulsory Military Training at the club's weekly dinner meeting Wednesday night at the Masonic Temple.

The speaker was Claude Dykhouse, of the Plymouth High school faculty, and former Central High school principal. He was introduced by Charles Bennett, president of the Daisy Manufacturing Company, and program chairman of the club.

Next week the Hi-12 will not meet as the kitchen at the Masonic Temple will be undergoing repairs and remodeling operations.

The club will not meet again until March 6 due to this interruption.

If you have anything to sell or rent, try a Plymouth Mail want ad. They bring results. Phone Plymouth 6.

Tells New Method Of Using Plywood

A new method of construction will make it possible to build veneer desks and other plywood furniture with one-third fewer pieces and at "considerable less cost," a University of Michigan wood technologist has revealed.

Under the method, V-shaped slots are cut in the back of the plywood where a bend is desired. Glue is then spread in the ed. Glue is then spread in the ed. Glue is then spread in the ed.

Reported by Louis A. Patron-sky, instructor in Wood Technology, the new procedure was perfected in the School of Forestry and Conservation at the University.

The V-slot method permits construction of a drawer from three pieces of wood, while the top and back of a desk can be made with one flat panel. Patronsky explained.

"Aside from the great strength, durability and dimensional stability of plywood drawers made by the bending method," he said "they can be recommended for their many uses in various kinds of furniture, including kitchen and filing cabinets and dressing tables."

TAKE CARE
COLDS ARE CONTAGIOUS

Colds and respiratory diseases are highly contagious and the greatly increased number of cases causes us to issue this warning in the interest of public health.

Guard against infection. Avoid contact with persons who have colds, grippe, and other respiratory infections. Stay out of crowds as much as possible. Wash your hands frequently and thoroughly with soap and warm water. Use only clean eating utensils and drink out of your own glass. Use your own toilet articles.

Build good body resistance. Eat a variety of nourishing foods. Drink plenty of fruit juices. Exercise regularly in the open air.

Avoid fatigue. Get enough sleep, rest and recreation. An over-tired body invites infection.

Avoid getting chilled. Wear clothing suitable to weather conditions. Keep the feet dry. Work and live in well-ventilated rooms.

If you catch cold, get after it immediately. Stay in bed if possible. Keep comfortably warm and dry. Drink plenty of milk, fruit juices, and plain water. Take a laxative if needed. If the cold doesn't yield promptly to ordinary home treatment, call your doctor.

If a cold begins with chilliness, followed by fever and aching call your doctor immediately.

In all cases, avoid infecting others. Smother a sneeze or a cough in your handkerchief. Do not expectorate indiscriminately.

An Open Letter to the Electorate of Plymouth Township School District

February 17, 1946

On Saturday, February 16, 1946, as you know, an election was held to elect a Board of Education for the newly formed Township School District.

At about 9:45 A.M. on the morning of the election, I was informed that two sets of stickers were out, each bearing a full slate of Trustees for the new School Board. This, of itself, was very fine, showing an interest in school affairs. The unusual thing, however, was that my name appeared on each sticker, and for the same period of Trusteeship. This fact, it seems to me, calls for an explanation.

Some few months ago the Board of Plymouth District No. 1 Fractional began discussing the creation of a Township School District with the other school districts in the township of Plymouth. It is well known that the Plymouth Board had undertaken a great task in changing administrative had been expended in considering plans for a new school. Plans were completed and blue prints and specifications are ready for the construction of such a school when the proper time is at hand. Much thought and time was spent in making a new salary schedule for the teachers. At the time it was made, the salary schedule was in a higher bracket than other communities in this area, commensurate with the population of the Plymouth District.

The other school districts found themselves with inadequate facilities for educating their children. For a time the Plymouth District accepted as many children as possible from the outlying districts as tuition pupils. With the growth of the City of Plymouth and contiguous territory in our district, it was necessary to refrain from accepting more tuition pupils from the township areas, simply because we had no space in which to care for them.

All of these facts were considered in the discussions between the various school boards. It was pointed out that the boards of Kenyon, Cooper and Allen districts had a great deal to gain by the formation of a Township School District.

Knowing that the formation of such a Township District meant an election of a new board, the Plymouth board was loathe to give up a sizeable task which it had started and carried part way through.

It was more or less agreed among the various school board members, that the then present Plymouth board should continue to function for the new Township District at least for the first year.

This was also my feeling in the matter, and the reason for having my name on the slate of the old board.

My name was placed on the other slate entirely unknown to me and certainly without my permission. It certainly made me look very bad in the eyes of the electors who knew how I felt and had spoken about the matter.

However, it was gratifying to see so many voters turn out. That is as it should be. In years past too little attention has been paid to school elections. Let's keep up our interest in school affairs.

"Thank you very much" to all who supported me. It is very much appreciated.

Harold J. Brisbois, M. D.

CLOVERDALE FARMS DAIRY

"Michigan and the Old Northwest"

La Salle, Iron Man of New France, traveled—Peoria to Kingston—in 65 days!

Returning, La Salle found Crevecoeur destroyed, again turned back to Miami.

One more Kingston trip, and La Salle led his men from Ft. Miami on Dec. 21.

April 9, 1682! At Mississippi mouth he claimed the great valley for France.

Many people in Michigan do not know that the state maintains in Lansing one of the finest libraries in the country, a library that is available to every resident of Michigan.

It is housed in the state office building at present but some day it is the hope of the legislature that there will be a building erected in Lansing to be used exclusively for library purposes.

That may not be too far in the distance, as there has been under consideration plans for the construction of such a building.

Yes, the Michigan State Library belongs to you.

It is ready to answer questions on any subject from individuals, groups, and libraries throughout Michigan.

It is a central source of the occasionally used book and back files of periodicals and newspapers.

It subscribes currently to 750 magazines.

Its main collection, housed in the State Office Building at Lansing includes 468,000 books, newspapers, periodicals clippings and pictures.

It is a research and reading center for all state officers and employees.

Special materials for loan follow:

Information about Michigan and books by Michigan authors.

Documents from the United States government, Michigan, and other states.

Pictures on a wide range of subjects: birds, animals, trees, costume and life in neighboring lands; famous buildings, sculpture, paintings, and portraits. Libraries, clubs and schools may borrow large unframed pictures for exhibition.

Choir music on deposit from the Michigan State Federation of

Music Clubs. Books for children and young people ranging from easy picture books to reading for the teen-age.

Displays, or book fairs, of books for children and young people, to help teachers, librarians, parents and children, in choosing books for purchase.

Timely Exhibits of adult books for schools, clubs, libraries, or other local groups.

Traveling Libraries—collections of 25 to 150 books offered to libraries, schools and groups of people in rural districts and towns of 2500 population or under.

The Genealogy and State History collection may be used at the State Library. It is not loaned. Assistance in tracing family lineage, historical data, and the study of American life and heraldry is given by correspondence.

The State Law Library includes reference material to be used in the library and material for loan to judges and attorneys throughout the state. Bound volumes of Michigan records and briefs may be borrowed.

Borrow by mail from the Michigan State Library whenever you need information and reading not available at your local library.

Try your local library first.

If not available there ask your local librarian to borrow from the State Library. If you live in an area without library service, address requests to Michigan State Library, Lansing 13, and ask to borrow by mail.

Ask for books by author and title, or by subject.

Explain subjects carefully and list materials you have used.

Indicate age and interests of users (i.e. grade of elementary school, junior high school, senior high school, or adult).

Any reasonable amount of material may be borrowed.

Return postage to Lansing is the only cost to the borrower.

The return label enclosed with Books entitles you to book rate which is 4c for the first pound and 1c for each additional pound. (Postal Laws and Regulations, Sec. 572.)

Loans are for 4 weeks unless others are waiting to use materials, when a shorter period is given.

Traveling library collections may be used four months or longer.

Photostat copies of rare items may be purchased.

Library consultants work throughout the state to improve and develop public and school libraries. They are experienced librarians who meet and talk with groups of citizens who are interested in developing better library service for counties, towns, schools and state institutions.

They advise librarians, library trustees, teachers, and administrators. Help with library organization, book selection, budgets, personnel and community relations is given through visits, letters, and the making of book lists and exhibits. Write to them at the Lansing, Cadillac or Marquette offices of the Michigan State Library and ask for a visit. Let them know your current problems and goals. They can help you.

Thousands of Michigan boys back from the armed services are contemplating the purchase of farms. It is fortunate that the Farm Management Department of the Michigan State College at East Lansing anticipated this trend long before the war ended.

Recently E. B. Hill of the department prepared a series of articles on this subject. The following article written by him contains much information of value to the prospective farm buyer:

"We buy food almost every day. We buy clothing less often. We used to buy automobiles occasionally. If we are interested in farming we would buy a farm only about once in a lifetime. Most of us have no experience and often but little guidance in making this all important step which means so much later on. Caution and much inquiry are desirable. Many folks lost their life savings during and immediately after World War I by unwise investments in farms. The following letter from Mr. and Mrs. H. from Detroit is typical of many Michigan State College has received recently.

"We are interested in buying a farm, as having no experience in purchasing real estate we would like to know what is the safest or best way to finance a farm. We have in mind a 20 to 40 acre farm of a value up to \$5500. We have \$1000 in cash. We would like to finance the balance. Any information on this matter would be much appreciated."

In the first place Mr. and Mrs. H. should be informed that the prices of farm land and of farm products have always been higher during and immediately following a war than they are in the post-war period. Farm land prices in Michigan in World War I reached their peak in 1920, two years after the war and then declined steadily for 13 years to about one-half their 1920 price.

At the present time farm land prices in Michigan are 25 per cent above the 20 year 1910-39 level. Present farm land prices are within 5 percent of the peak reached during World War I. Prices of farm products reached a peak of 218 in 1920 (1910-14-100), declined to 135 in 1921 and then

with small ups and downs reached a low of 64 in 1932. Since that time farm prices of farm products have increased to 202.

Farm expenses have increased proportionately. Thus would Mr. and Mrs. H. be wise with only \$1000 to try and buy a farm? If farm prices fell as they have in the past following a war their savings would soon be wiped out and they would have to start all over again. Now is definitely not the time to start in the farm business on a "shoe-string" basis. In this case it would be better either to try to rent a farm or work on a farm as a hired man to gain more experience and capital before buying a farm.

Commercial banks, the National Farm Loan Administration, the Farm Security Administration, insurance companies and some individuals loan money on farms. Write to the Michigan State College at East Lansing for further information and for Extension Bulletin 267 "Do I want to farm?" This is the concluding number of a series of eleven articles presenting information of interest to city persons who are thinking of a part-time or full-time farm after the war. If you have further questions on this subject, write to your Editor, or to your County Agricultural Agent or to Michigan State College.

QUICK RELIEF FROM Symptoms of Distress Arising from STOMACH ULCERS DUE TO EXCESS ACID

THE NEW LOWER ELECTRIC RATES FOR DETROIT EDISON CUSTOMERS

1945 RATES	1946 RATES
for Farm and Residence	for Farm and Residence
8c per unit first 10 units	6c per unit first 15 units
4c per unit next 40 units	4c per unit next 35 units
2½c per unit excess	2½c per unit next 200 units
	2c per unit excess

10% discount for prompt payment

Here at a glance you can see how the new low Detroit Edison rates compare with our former rates for residences and farms. This new rate, worked out by the Company and approved by the Michigan Public Service Commission, became effective in January, 1946. Your next Edison bill will be figured on this lower basis, tending to offset bills which are normally higher during the winter season with its short dark days.

The price of residence electricity has decreased gradually since the end of World War I. Now you get twice as much electricity for your money as you did then.

Detroit Edison rates are now the lowest in the Company's history. The quality of our service remains unchanged.

THE DETROIT EDISON CO.

PLYMOUTH GRAD JOINS COLGATE U GLEE CLUB

Hamilton, N. Y., Feb. 18 — James E. Thornton, son of Mrs. William Wood, 9612 Hubbard St., Rosedale Gardens, has been selected to sing in the first tenor section of the Colgate University Glee club.

According to Dale W. Patton, new music director, the club is studying "everything from Bach to Irving Berlin" in preparation for a future concert tour. Thornton, a graduate of Plymouth High School, is a V-12 Navy student at Colgate.

MR. W. LENT TALKS TO HOMEMAKING CLASS

Mr. Wendell Lent of "Davis and Lent" clothing store, on Monday, Feb. 11 gave the girls and boys of Homemaking classes some very worthwhile information concerning points in selecting their clothing. He discussed types of materials most suitable for younger and older men, good material which holds a press, seasonal materials cuts of coats, double breasted coats, effect of number of buttons on apparent size, and several other points came out of questions asked. Mr. Lent had many sample materials and several illustrations of suits which were used in his talk.

PLYMOUTH DEBATES ROYAL OAK HERE

Last Wednesday Plymouth's affirmative debate squad met Royal Oak's negative team in the Central Grade School gym at 7:30 p.m.; however, at the time we go to press the results are not known. The winner of this debate will go into the state semifinals.

Plymouth's debate squad became one of the eight remaining in state championship competition out of an original three hundred by winning a close decision over Ann Arbor High in the first round of the state eliminations Tuesday, February 12 at Ann Arbor. The affirmative squad, Jackie Dalton and Alan Kidston had defeated Briton and Clarenceville earlier in the day but it was left to the negative squad, Caroline Rolen and Alan Kidston to defeat Ann Arbor. These victories now bring their season's record to eight won and three lost and, as a result of their victory over Ann Arbor, they now receive a cup to be added to the collection won by squads in former years.

GIRL RESERVES WILL SPONSOR MUSICAL QUIZ

A musical quiz contest will be the program presented by the Girl Reserves at an assembly on March 8. The contest will consist of both popular and classical music and three contestants will be chosen from grades 9, 10, 11 and 12 by their respective officers.

The students will all be expected to turn in questions to the boxes which will be placed in the library and study hall for this purpose.

A prize will be given to the person whose question is used, but unanswered. A grand prize will be given to the winner of the contest.

An announcement of the prize winners will be sent around the following week. Chairman of the committee is Velma Kainz.

MARGIE TAIT WINS ESSAY CONTEST

Margie Tait won first prize, \$5 in the essay contest sponsored yearly by the American Legion Auxiliary. Second prize of \$3 went to Beverly Balsey, and third prize of \$2 was won by Shirley Long. This year's subject was American Citizens: Our Responsibilities; Our Privileges. The girls were entertained at the Legion Hall Saturday evening Feb. 16, where they read their essays and received the awards. Miss Lovewell is the American Legion sponsor for all the local schools.

P.P.P. OF E.S.

(Pilgrim Prints Poll of Essential Knowledge).

The school year is far advanced and we are now into the second semester. This means many editions of the "Pilgrim Prints" have already been published. Therefore, we are sure you have noticed and read many, if not most, of the articles every week. Such articles as "Yknits," "Life-boy," "The Latest," various feature stories, etc., have been favorites of yours. What we want to know is exactly what is your favorite article or type of news that appears in the paper. We believe it will be interesting to see just what the statistics are concerning the above. Please cut out the blank below (or copy it) and fill it out and place in the "Pilgrim Prints" box in the library. Statistics will be published in two weeks.

1st choice favorite article or feature

2nd choice favorite article or feature

What would you like to see in the paper that isn't in at the present time?

OUR OWN SCHOOL PAPER?

"The Pilgrim Prints is scattered all over the Plymouth Mail. We can never find the school news!" Comments like this are heard quite frequently around school. What can we do about it? One thing would be to back a school paper of our own. It is possible to write, edit, and publish our own school paper—published for and by school students. Then more features could be printed—which seems to be what most students want in the paper. All that is needed is a way to back it financially. Any and all suggestions will be appreciated. Tell anyone on the Pilgrim Prints staff. Come on, kids! Let's get some enthusiasm and cooperation in this project.

MR. L. BROWN SHOWS MOVIES TO STUDENTS

Urging students to campaign against the use of alcohol and tobacco, Mr. L. Brown of the Michigan Youth's Temperance Association presented "Mary had a little lamb" and, in a more serious line, "Lamer as a Doctor sees it," to the assemblies Tuesday, February 12.

The films pointed out the effects of alcohol on the human body and the relative potency of various alcoholic drinks.

Mr. Brown hopes that in the future laws will be passed prohibiting the sale of alcoholic drinks and the advertisement of tobacco.

STUDENTS ATTEND YPSILANTI MEETING

Renewed enthusiasm for student government activities was the general sentiment following the meeting of student government representatives from 11 schools in this district in Ypsilanti at Charles McKinney hall Tuesday, Feb. 12. The meeting, attended by more than a hundred representatives from the various schools, was called with the hope that by exchanging plans and ideas, more effective and interesting student participation programs could be developed in the schools.

Representing Plymouth at the meeting were Mayor Bob Brink, Chief of Police Fred Weinert, Justices Em Haugh and Jim Knight, Captain of the Monitors Bob Schwarz, class presidents Vince Simionetti and Terry Hitt, student council members Mary Lou Klinske and Bill Stout, and Miss Irene Waldorf, student government adviser.

Opening the program, Dr. Kelly of Wayne, a pioneer in student government activities, delivered a very interesting speech followed by a question period which was actively participated in. In the afternoon the group broke up into smaller units which then discussed the organization and problems faced by different student participation programs. Followed by a general summation meeting. It is hoped that this is but the first of many such meetings.

CANNED GOODS IS TICKET TO G.R. DANCE

Canned Goods will be your admission to the dance which will be held on March 1 by the Girl Reserves. The canned goods which must be in tin containers will be sent for overseas relief. The chairman of the dance is Marion Price.

TEACHERS MEET AT YPSILANTI

A group of interested homemaking teachers met at Ypsilanti, Tuesday, February 19 for a dinner meeting. The evening was divided as follows: Dinner, social meeting and recent textbooks and references. Each teacher had one book for discussion.

The first meeting of this school year was held at Plymouth in November.

The homemaking teachers from the following high schools are in this group: Dearborn, Dexter, Belleville, Clinton, Chelsea, Dundee, Flat Rock, Farmington, Inkster, Northville, Manchester, Milan, Plymouth, Saline, Tecumseh, Melvindale and Redford Union.

Mrs. Bauch and other members of her staff from Ypsilanti State Normal College met with the group. Mrs. Garlie of Northville is in charge of this meeting.

(Continued on Page 7)

FAMOUS SCULPTOR ENTERTAINS STUDENTS

Amazing the students of Plymouth High school with his clay status of Lincoln, Mr. Avar Fairbanks, Professor of Sculpture at the University of Michigan was the speaker at an assembly for 10th, 11th and 12th grades on Feb. 18. Mr. Fairbanks started with a skeleton of metal and worked up to a very figure of remarkable likeness.

This clay statue was a miniature of a nine foot bronze statue standing upon a base of rainbow granite. The statue, now standing in the Ewa Plantation School, about ten miles north of Pearl Harbor, was donated by Miss Katherine Burk, school teacher. Professor worked on this statue two years before it was completed. It was dedicated at Hawaii on February 12, 1944.

Before his present position at the University of Michigan Mr. Fairbanks was Professor of Art at the University of Oregon, and previous to this he studied at the School of Outstanding Art at Paris, France. He has had his work displayed in Art Exhibits all over the country including the World Fairs.

R. GUTHERIE HEADS J-HOP ARRANGEMENTS

Rosmary Guthrie was chosen general chairman for the J-Hop which is to be held April 26. The rest of the committees are as follows: Beverly Hauk, music; Marjie Fegan and Donna Campbell, decorations; Pat Isabell, chaperones and invitations; Dick Mogre, lighting; Donna McKinley, tickets; Ed Sawyer, entertainment; Nancy Groth, clean-up.

If you have anything to sell or rent, try a Plymouth Mail want ad. They bring results. Phone Plymouth 6.

GIRL RESERVES HELP OVERSEAS RELIEF

Ballet girls in the U.S.!? What? Plymouth High coming to? But don't worry fellow students, it's only a contest that the Service Committee of the Girl Reserves is holding. The purpose is to collect more materials that the American Friends Service use in making garments for overseas relief.

The race started February 11 and will continue until one of the ballerinas reaches the top of the poster.

There are five teams named as follows: Zorina, Conceita Banana, Salome, Anna Pavlona and Alice Markova.

Pat Isabell is the chairman of the race.

JOURNALISM CLASS EDITS HANDBOOK

A student handbook which will explain the organization of Plymouth High school with all its traditions, activities, regulations, and courses of study will be prepared for the use of new students before school opens next September. The book, which is being edited by the Journalism Class, will be published before the end of this semester.

CLASS NOTES

The new International Relations classes taught by Mr. Lougheed have quickly accomplished many assignments in regard to National affairs. The classes are up to date on all UNO operations and are now going ahead on the work in the classbook which is concerned with the Foreign Office of the United States Government.

Let's get down to fundamentals + 2 3/4

OUR AIME is to provide the kind of telephone service you want.

We have no choice but to grow as the demand for our service grows. That's our public responsibility—and we like it that way.

Right now, the demand for telephone service is at an all-time high. To meet it and prepare for future growth, we have a 5-year post-war program under way that will cost \$120,000,000.

Money to finance that program must come from thrifty people who are willing to invest in Bell System securities. If our prospects for future earnings are less attractive than those of other companies, folks will invest their money elsewhere.

In recent years, the rate of Telephone Company earnings has been declining until at the end of the war it was far below the average of other industries.

So it boils down to this:

Too long a continuation of a rate of earnings substantially below that of other industries would weaken our ability to raise the money required to meet expected telephone needs.

The future quality of your telephone service depends on telephone rates that will produce earnings attractive to investors.

We believe our customers want good telephone service, even if it costs a trifle more than inferior service.

Technical improvements in the past brought rates for good service down and have kept them down in the face of rising costs. As rapidly as future improvements will permit, we expect and want our rates to come down still further. For Michigan Bell wants rates no higher—and no lower—than necessary to insure good telephone service.

The State Legislature

(By Elton R. Eaton)

The legislature, besides doing many things to help the hospitals, normals, institutions and universities, did something last week that will please many students at the Michigan State College at East Lansing.

It passed an appropriation bill which will, as soon as the building can be erected, provide a place for many male students now sleeping in a barn to sleep in a nice, new dormitory.

Yes, that is a fact, there are many students at the State College who are sleeping in a cattle barn. But it is not as bad as it may sound. The barn is a well constructed one and provides some conveniences.

Because those directing the affairs of the Michigan School for the Deaf at Flint, have given up the idea of making farmers of deaf mutes, the legislature has approved a lease of the Deaf Mute farm of some 135 or 140 acres to the city of Flint for park purposes. Years ago the Flint Deaf School was located "out in the country" near Flint. Now the city is crowding all around the place. When the school was first established, its officers and teachers believed that many of the deaf students could be educated to be good farmers.

But as years rolled along it was found that the boys were more inclined towards mechanical trades, so during the last few years the farm has been growing nothing besides grass and weeds. Flint hopes to convert the farm into a nice park and recreational center for the city.

The legislature is showing a much keener interest in the welfare of the public schools than it has for many years past. A large appropriation has been made at this special session not only for the balance of this year, but next year as well.

The other day the writer was talking with a bright, keen young teacher who had worked his way through colleges and universities to get his degree and is now teaching in a fairly good sized Michigan city.

He said to me: "How can you expect any teacher to remain as a teacher when he knows that the garbage collectors and street laborers get more pay than the teachers?"

If you can answer that one, you can do better than I can.

The other day when friends of former Governor Wilber Brucker presented his picture to the state of Michigan to be placed among the other governors, State Representative Charles Sundstrum of Michigan was one of the many interested spectators.

Mr. Sundstrum is a prominent Democrat of the Upper Peninsula.

"I well remember the day that Mr. Brucker came into Michigan during his campaign for governor. He came to my store and said he didn't know a person in the town, and that he would like to meet some of our people," said Mr. Sundstrum.

"I told him I'd be glad to take him around, but that I was a Democrat and some of the Republicans might not approve of it. He met all of our businessmen and went away surprised but highly pleased to think that a Democrat he had never met before would be willing to take him around and introduce him to Republicans. He remembers the incident and says he is still most appreciative of what I did for him," declared Mr. Sundstrum.

Voters should keep in mind the fact that primary election date this year will be on Tuesday, June 13. It is much earlier than a primary has ever before been held in this state. But its not earlier than the dates of primary elections in many other states. Michigan for some reason years ago sent the primary election date late in the year, giving but little time between the nomination of the candidates and the final election date. The change will bring about a shorter campaign for the primary but a longer one for the final election, which is as it should be.

An effort was made a few days ago to revive the legislative redistricting of cities. I am in agreement with Governor Kelly that the legislative redistricting question pertaining to Detroit and other large cities of Michigan should not be submitted at a special session of the legislature.

I hope, too, that those who are planning to circulate petitions which call for the submission of this issue to the next election, will withdraw them.

These petitions make provision for the division of Detroit into only seven legislative districts, with the election of three from each district. Detroit is entitled to 21 legislative districts. But this plan is opposed because of the racial question. I do not think that the Republican party or the state has any reason to fear this

matter. My original proposal at the last session was for 21 legislative districts for Detroit. This is what it should be. On the final vote, I accepted an amendment for the seven district plan in order to secure a roll call record, not because I believed that the seven district proposal is better than the 21 district plan.

During my study of this question in the last four years, I have found that every great metropolitan city in the country elects members of the legislature by districts. Detroit is the only city that elects all of its house members at large.

I am quite sure that the next session of the legislature will be agreeable to the submission of a 21 district plan for Detroit. It is for that reason that I hope those circulating the constitutional seven district plan petitions will withdraw them.

The state has been spending a lot of money to purchase land for a park system in the metropolitan section of Michigan. The other day there was before the legislature another appropriation for park purposes.

The writer was one who declared that he thought the time had come for the state to begin to spend a little of this money for the development of this park system. There are many of us who desire to use these parks and not hold them for those of two or three generations away. The upshot of it all has been an acceptance of this program by the conservation department. Therefore do not be surprised if you see some work started this year.

Members of the house of representatives were much more receptive to long neglected state aid to the hospitals, schools and normals than the senate proved to be.

It seems that nearly every senator had a desire to make some little change in the bills, changes many of them had previously been discussed and turned down. It all resulted in delay, although the house practically completed its work last week Tuesday.

There was a hearing before the military affairs committee the other night. One bright young veteran declared that most of the men who had returned from the service were not in favor of using state surplus for a bonus.

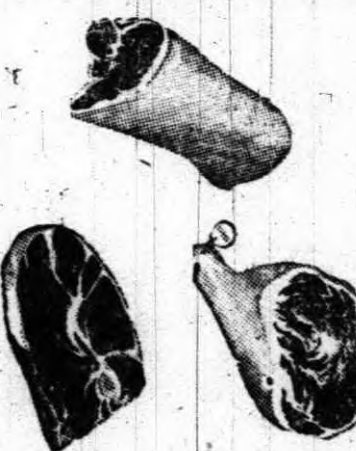

"If we divided it all up so each man would get some of it there wouldn't be enough to walk two blocks to get."

It seems that there are very many of the returned veterans who are doing a lot of serious and intelligent thinking.

The writer of this column was highly pleased to meet among the veterans who had sacrificed much for their country two former page boys I had known a number of years ago. I didn't recognize them at first, but quickly recalled them as two mighty fine youngsters. One of the boys was Frank Dnadomski, a former resident of Manistec, who had seen some pretty tough service with the engineers. The other was James Grace a Lansing youth who saw plenty of the horrors of war in New Guinea with the real fighting units of the army.

One speaker from Detroit at the hearing said he believed the state should spend the entire \$51,000,000 set aside for the veterans at once instead of setting up a trust fund. Most of the other veterans disagreed with him. Was greatly surprised to hear so many veterans say that they did not approve a bonus for the veterans at this time.

Consumers Will Spend \$17,000,000

The Consumers Power company will spend more than \$17,000,000 in 1946 on construction projects designed to meet anticipated growth in the use of electricity and gas, according to an announcement by Dan E. Karn, vice president and general manager.

The company's service territory embraces most of the Lower Peninsula aside from the Detroit and Thumb areas.

Preliminary work is already under way, Mr. Karn said, on a large new steam-electric generating plant to be erected on Muskegon Lake at Muskegon.

Test borings are being made to determine the type of foundation needed, and when these are completed and analyzed, the drafting of engineering and architectural plans will begin immediately. Most of the actual construction work is scheduled for 1947 and 1948.

With an initial capacity of 120,000 kilowatts, the new plant will be one of the largest in outstate Michigan. Like the six other large steam-electric plants and the 43 hydro-electric plants of the Consumers system, it will pour its energy into a statewide network of transmission lines uniting all communities served by the Company.

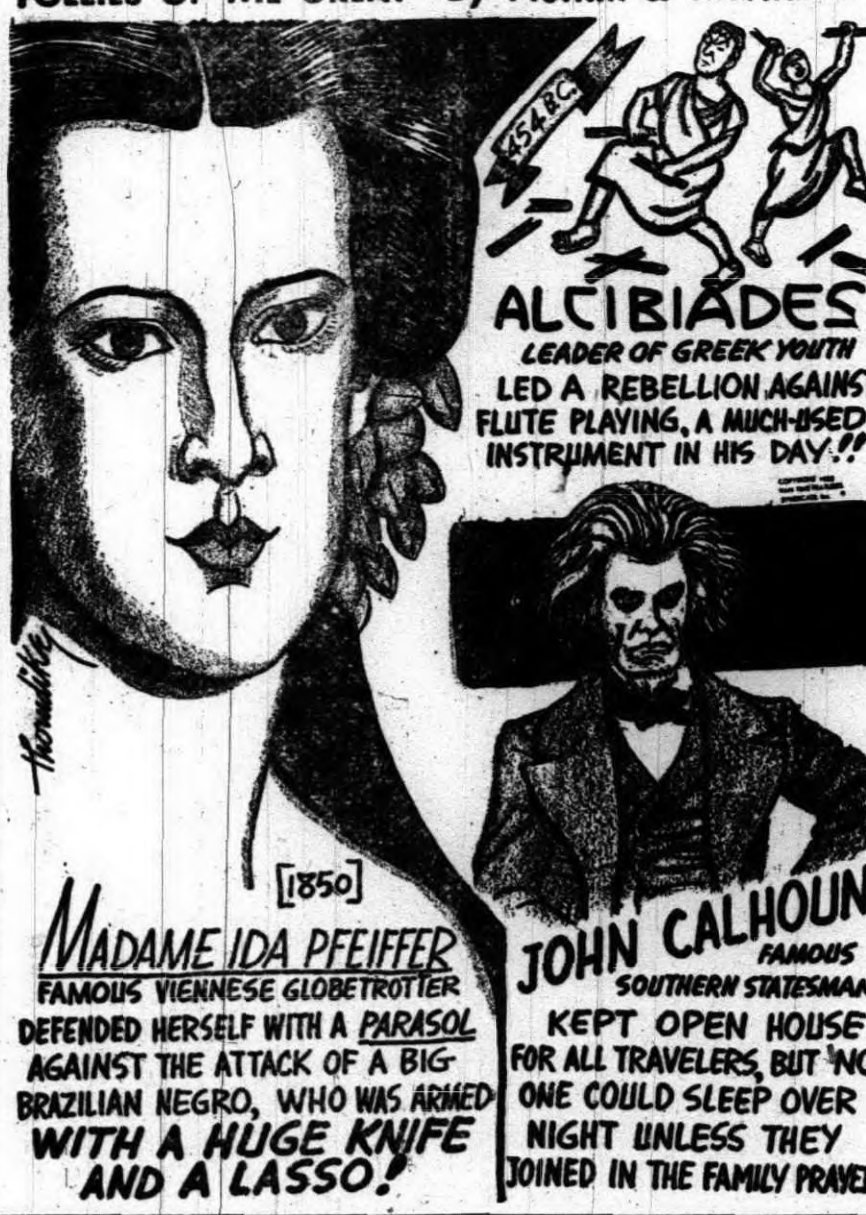

The new plant has been named the B. C. Cobb Plant honoring Bernard C. Cobb, former president and chairman of the board of directors of Consumers and of the Commonwealth and Southern Corporation. Mr. Cobb retired in 1934 and now makes his home in New York.

The John C. Weadock Plant on Saginaw Bay at Essexville will become the largest of all Consumers plants with the installation of another 50,000-kilowatt generating unit, which will boost its total capacity to 170,000 kilowatts. Work on this project will begin this year and reach completion in 1947.

Also on the Consumers program for this year are many new power lines and substations and numerous additions to and improvements of the company's gas distribution and storage facilities. Gas main capacities will be increased in anticipation of a sharp rise in number of customers who heat their homes with gas.

Consumers now has 519,000 electric customers. It expects to add 19,000, about half of them farm customers, in 1946. It has 253,000 gas customers and expects to add 11,000 during the year.

Smokers Cause 362 Forest Fires

Smokers caused 362 fires that destroyed 6,304 forested acres in Michigan last year.

As in other years, carelessness of smokers while in the woods was the principal cause of fires. Railroads caused 181 fires with loss of 1,495 acres, brush burning resulted in 168 fires with loss of 3,389 acres.

In all, 959 fires burned 22,881 acres of forest and grasslands with total property loss of \$88,947.

Only 606 acres of merchantable timber was destroyed last season, according to figures supplied by the conservation department. Value of merchantable timber destroyed was \$3,661.

Average loss per fire was 23.9 acres, but the department points out that approximately two-thirds of the season's acreage loss was caused by grass fires in early spring—233 fires that burned 14,401 acres—and that average loss is 726 fires occurring after April 1 was only 11.6 acres per fire for a total of 8,480 acres.

Included in the overall estimate of forest fire damage is \$1 per acre that is added as representing game and recreational losses.

Most fires—581—occurred in the north half of the southern peninsula. There were 306 fires above the Straits and 72 below the Muskegon-Bay City line.

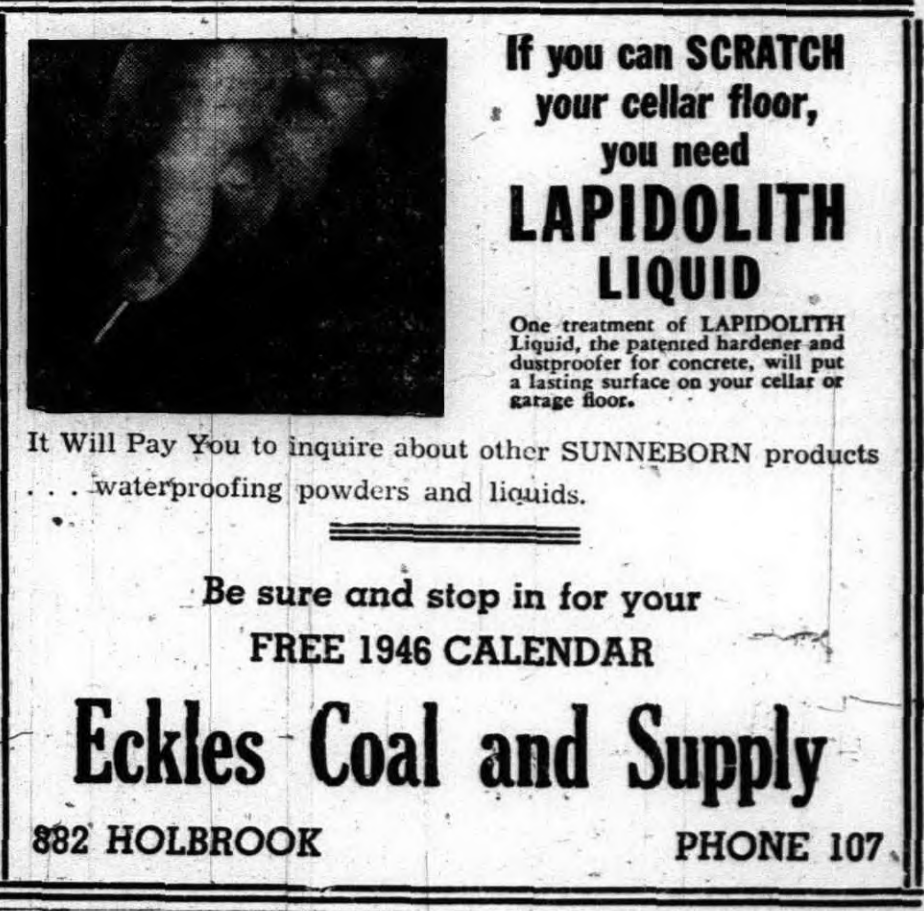

Fire loss in 1944 was 22,254 acres burned in 1,484 fires. Damage amounted to \$51,264.

Indo-China Port Ravaged By Cholera Epidemic

HONG KONG. — An American medical team told of a cholera epidemic in Haiphong, Indo-China, where about a dozen United States transports are waiting to take 30,000 Chinese troops to north China.

Lt. Comdr. Elmer W. Reblick, Pittsburgh, a member of a medical evacuation group, said 30 cases were arriving daily at the hospital and that half were dying. Other officers said they saw wagons coursing the streets picking up dead.

The city of 65,000 is virtually without sanitary facilities and hospital accommodations were described as woefully inadequate.

Engineer Tells of New Plastic; It's Part-Glass

CHICAGO. — A new kind of plastic, reinforced with glass and said to be strong enough for fabrication into parts large enough to make a railroad car top or the hull of a boat, was described recently at the 38th annual meeting of the American Institute of Chemical Engineers.

In a scientific paper prepared by H. W. Collins, research director of the Owens Corning Fiberglas corporation, and Games Slayter, Fiberglas vice president, the war born product was said to possess greater strength than structural metals and to be immune to corrosion.

Where food is finest.... it's cooked with GAS

It's fun to dine on exotic restaurant food. But when it comes to day-in-day-out good eating there's nothing like your own private recipes flame-cooked on your own wonderful Gas range! To you... and the 20 million others like you who prefer flame-cooking... the speed, economy, flexibility and cleanliness of Gas is an old story. What's really big news right now is — your own individually planned "New Freedom Gas Kitchen". It's cooler, cleaner, easier to work in than ever before. And it's all built around a new Gas range so completely automatic, it cooks a delicious meal even when you're miles away. But be sure that whatever "make" you buy carries the CP seal! Then you'll know it has all the best features of dozens of ranges combined into one. Plan for it, now!

Tax Payers Assn. Seeks Post Office

Confronting the Livonia Tax Payers Association at their monthly meeting Wednesday, February 13th, were two major problems: a post office for Livonia and water piped in to the new Clarenceville High School.

Lawrence Britton, chairman of the post office committee was authorized to again contact the Post Master General in regard to a branch office for this locality. Corresponding was done before the war with the necessary parties, but at the outbreak Livonia was notified that due to the war it would be impossible to go ahead with the plans, but at the cessation of hostilities the Post Master General would again consider the request.

Three residents of the Clarenceville area brought up the problem of the poor water conditions at the High School. At the present time, there is no drinking water during the second lunch period at noon. Also after athletic contests, the contestants must go over to 8 Mile road in order to get showers. Roy Davis was appointed a committee of one to contact Jesse Ziegler and the Township Water Board to see what can be done about this problem.

Following the business meeting, the group enjoyed a bingo game at which Mrs. William Fenske, Roy Davis and Charles Cooper seemed to have a monopoly on the lucky cards. Sandwiches and coffee were served by the women. The next meeting is March 13th at 8:00 p.m.

School News

THE GREMLIN

After watching people as they came in the door of the school this "little gremlin" has decided that as long as some of them have been attending school they still do not realize what they are walking into.

The "little gremlin" is sitting down near the doorway on the first floor just watching people as they walk over the threshold of the school.

Here comes an innocent looking person; he must have studied his lesson last night and he wants everyone to know it. An excited girl just rushed past here; she must be worried about that test next hour. There is a boy nonchalantly walking into the school; he is not worried about a thing, or, at least, he keeps telling himself he is not. That boy has a worried look on his face, he is trying to juggle his books. Boy, look at the grin on that boy's face, he must have put a "fast one" over on a teacher. There are two boys who do not know what they are walking into; they are actually smiling, they must have gotten some good exercise this morning. There go six people trying to make the best of it; they are laughing and pretending to have a good time. Here comes a girl with a grin as wide as her face, but it will not take some teacher long to get rid of it. There is the sickest look I have ever seen; that boy must have a test he has not studied for. There goes a girl with a mouth full of gum, boy, she is really chewing on it! This must be the last person to enter Plymouth High School this morning. He is a disgusted little man; he looks as if he may have had car trouble. And so goes the day.

TEACHERS ILL.

During the past week Miss Gertrude Fiegel, Mr. Robert Ingram, Miss Aleta Hearn, and Miss Freda Olsen have been absent from the faculty of the high school due to illness. Mr. Arthur Alford, assistant principal, has also been absent because of illness.

Superintendents Meet at Pen Mar

Out-county Wayne Superintendents met at the Pen Mar Cafe Wednesday, February 13th for their monthly meeting and discussion of school problems.

Joseph Rowland of the Cady School, Plymouth reported on the Michigan Education Program and a resolution was adopted, requesting that the Legislature and the Governor support state legislation to aid schools for building as well as operation and maintenance. They also recommended a wide distribution and discussion of the reprints of educational and school articles that have appeared in the Detroit News by Allen Shbenfield.

A four man committee was appointed to consider methods of insuring adequate support for schools. This committee is made up of M. J. Beiser of the Clarenceville School, Pres.; Norman Wolfe of the Redford Union Schools, Sec.; and committeemen: Paul McKelvey of the Edgewood School, Dearborn and Harry Johnson, Livonia Schools.

The next meeting is scheduled for March 6th at the Pen Mar Cafe.

In Reno, Bill Crowson asked a policeman how much it cost to slug a wife, was told \$50, slugged his, paid it.

Temperance is the firm and moderate dominion of reason over passion and other uprighteous impulses of the mind.—Cicero.

The 15,800 hotels in this country lose, on the average, a weekly total of \$200,000 worth of linens, blankets, silverware, pictures, ash trays and light bulbs taken by guests. To combat this wholesale larceny, many hotels now maintain a card record of their unscrupulous guests which lists what they have stolen on previous visits. When a person's card shows him to be a habitual offender, he is no longer welcome and is usually told, "No rooms are available."

NOW THAT YOU'RE PLANNING TO TRAVEL AGAIN—

Don't forget Greyhound's

COMFORT

Plan your trips well in advance and travel, if possible, during mid-week days to get the most relaxation from deep-cushioned, individual armchairs . . . warm and carefully ventilated Greyhound coaches . . . well-timed rest and meal stops.

CONVENIENCE

It's wise to check with your travel agent for information about schedules that will serve you most conveniently. He'll tell you which buses are least crowded . . . and see that you get the best possible routing to the places you want to go.

LOW COST

You'll save much more for spending at your destination, because Greyhound travel costs less than any other type of transportation. No other way can you go so far for so little.

ROCKS BOW TO TRENTON, 43-27

The Trenton Trojans defeated the Plymouth Rocks 43 to 27 at Trenton last Friday night in a basketball game which was comparatively close almost to the closing minutes. The game was a give-and-take proposition until midway in the second quarter, then the Trojans started pulling away and had a 25 to 17 lead at the half. Trenton kept in front the rest of the game but at one time the Rocks were only two points behind.

The victory was Trenton's 6th in league play, and the second over Plymouth this year. It was the Rock's 7th defeat in league competition, and their ninth game this season.

The Rocks were able to break the Trojan defense with ease but couldn't keep pace with Tren-

ton's smooth-working offense.

McDonald of Trenton led in the scoring department with 18 points, while Becker rolled up 10 for the local cause.

In the second team game, the Trenton Reserves triumphed over the local second team, 37 to 22. The Trojans started out with an early lead and kept it throughout the game. The Rocks could not break the Trenton defense and were forced to make too many long shots.

Ferguson of Trenton took scoring honors for the night by netting 9 points. Dave McIntosh led the Rocks with 7 while Corey had 5 counters.

Friday the Rocks play Redford Union at the Wayne County Training School, March 6, 7 and 8 the Rocks will go to Ypsilanti to play in the district finals.

SENIORS OF THE WEEK

Collecting match book covers, swimming, and skating are the hobbies of Robert Burk, son of Mr. and Mrs. Duncan Burk, 8295 Grey Ave. Bob, who is following a college course, has traveled in Ohio, Canada, and Michigan, and has participated in Science club, Pilgrim Prints, Senior play, and J-Hop committees. His pet peeve is being held up on a date.

Caroline Rolin, daughter of Mr. and Mrs. William Harold Rolin, 9615 Melrose Ave., Rosedale Gardens, plans to attend Valparaiso University. Girl Reserve Vice President, Senior class secretary, Student Council, general chairman Senior play, Double Quartet, Science club, and Prom, J-Hop, and Jr. play committees are her activities. She likes to listen to the radio and her pet peeve is the early morning bus.

Wearing high heels with anklets is the pet peeve of Barbara (Shoe) Shoemaker, daughter of Harry and Phoebe Shoemaker, 325 Pacific Ave. Barbara, who is following an apprentice course, has been active in Glee club, Leaders club, Girl Reserves, Girls sports, and the class executive board; and has traveled in Massachusetts, Illinois, and the Upper Peninsula of Michigan. Her hobbies are roller skating and other sports.

Helen Elizabeth Rossow, daughter of Martha and Herman Rossow, 14373 Sheldon Rd., is completing a general apprentice course. Helen, who is now working at the Plymouth Mail is undecided whether to continue working or to attend a beautician school. She has participated in Girl Reserves, Girls sports, and Glee club and enjoys most basketball and dancing.

THE LATEST

Chuck Stracken — Wanted! "Three Girls." Mr. Hedrick said that he was going to the Friday night dance and show the kids how to "Jitterbug." He was there but no action.

Anne Hopkins ought to make a good "Commando" with that machine gun of hers which she was shooting Tuesday evening.

Doug Vincent! Why don't you fix that seat in the English room. Don Brinks might get mad and keep his feet on the floor.

Bob Sexton and his father went to see the Red Wings and Canadiens play, last Saturday.

Lois N. seems to be chasing Ed. S. lately. Watch out Ed! Lois—Did you have a good time with Larry, of U. of M. last Saturday night?

Who locked Mr. Latture in the closet? Was it Bob N.—? We understand Mrs. Keig has a bunch of rhythe boys in her English class.

Sally Holcomb, are you happy when you dance with a certain guy named Swanson?

Sal, Ellen K. How did the Roman Cleanser work? Does the mayor's brother have to wear a sport coat?

Who is known as the "Dutchman" in dear old PHS.

Somebody heard that Bill Stroutz and Terry Hitt visit Bellville once in a while. Is it true?

Saturday and Sunday a surprise birthday and pajama party was held for Pat Packard. The girls Barb Daniel, Barb Weed, Kathleen Blossom, Sally Gustafson, Clara Simonetti, Betty Dely and Beverly Brown, saw the "Span-

ish Main" and "Kiss and Tell." Barb Weed and Barb Daniel were hostesses.

Virginia Osterhout, Shirley Lightfoot, Bev. Rousseau, Barb Lorenz attended a spaghetti dinner Tuesday evening. Afterwards they attended the basketball game.

Bob Newsted and B. Johnson went to the Downtown theatre last Saturday night to see Benny Carter and his orchestra.

Say Schwarz, do you happen to know who sent that valentine yet?

Dick Moffit, do not practice that one arm driving too much! And now the latest song for June's brother—"Why don't you do right?"

Don Coon—Kathleen Blossom? Mr. Coonstuff — Have you heard these—?

She, "What's the difference between dancing and marching?" He, "I don't know."

She, "I thought so."

Sounds familiar doesn't it boys? Maybe that's why you see so many girl couples at our dances.

Girls like the quiet type of boy because they think he's listening. How true.

No girl ever does really make a fool of a boy; she merely gives him the opportunity to develop his natural capacities.

It's the other way around in Plymouth High School, however.

How come your boy friend never takes you to the movies?

He's very conceited. He thinks the movie stars should come and watch him make love.

Seniors prayer: Now I lay me down to sleep, The lecture's dry, the subject's deep

If he should quite before I wake, Someone kick me, for goodness sake.

Students! When you put information in the Gossip box try to be more definite. Initials can cover a lot of ground.

Members of the Music Box will sponsor a dance in the gymnasium after the Redford Union game Friday, Feb. 22. Refreshments will be served.

WITHIN THESE WALLS.

Week of Feb. 22-March 1: Today—Music Department pep assembly 2:00-2:30. Redford basketball, here. Washington's birthday.

Monday — "Perfect Tribute", film, "Occupations in Aircraft Operation," filmstrip.

Wednesday—"Panama Canal," film.

Friday—Wayne, there.

TEACHERS ENTERTAIN.

Mrs. Evelyn Gorton and Miss Irene Walldorf were co-hostesses at a buffet supper at the former's home in Ypsilanti Saturday evening. Supper was served before the fireplace. The guests were Mr. and Mrs. R. R. Penhale, Mr. and Mrs. C. H. Elliott, Miss M. Downing, and Miss G. Fiegel.

CHEERS FOR OLD P.H.S.

Understand we are not complaining, but these latest cheers certainly have an "air" of originality and we are proud of our little cheerleaders for inventing the new cheers below. Be sure and learn them all you guys and gals because they may come in handy someday!

This one really makes sense: Potato chips, potato chips Crunch, crunch, crunch (Who ever you are playing) Here's your lunch eat it raw.

And this one has the smell of originality, too: Rar! rar! ree! Kick em in the knee.

Rah! rah! ree! Kick em in the other knee.

And the tongue twister is not bad: Hi Hie! Hi Hie! Ick, dicki, Dominic! Ticki, Taeki, atchi, batchi, bah Plymouth High School

Rah, rah, rah!

We will finish up with this one: With a rip, rip, rip and a rap, rap, rap Plymouth High, clap, clap, clap. So much for corn!

LIFEBOY.

Week of Feb. 15— Feb. 15—By now your heart should be through throbbing. Watch your course. Steer clear of all obstacles.

Feb. 18—Begin to settle down and finish up odd jobs. Be sure and order your Senior Annual. I believe it will not only be a Senior annual, but an all school annual. Be a part in all activities that will further the interests of PHS.

Feb. 19—I foresee an exciting game with the rival. Do I need say Northville? Get full of the old spirit—go to the game! Contact with the moon is rather fog-

gy again, but from what I can see I believe the "Rocks" will be the victors.

Feb. 20—Avoid superfluous actions. Act your age. Study your lessons. Keep thoughts to yourself. Study your lessons. Go to bed.

Feb. 21—Be a jolly-good-fellow. Laugh your troubles away. What few serious moments you may have should have been used yesterday. Take your girl, or vice versa, to a movie. Get in early—tomorrow is a school day. Make sure you have a permit when you go through the halls and plenty of time to go where you want to go to back to where you came from in the first place! Understand?

Dear few fans: Yes, I am still enjoying the balmy breezes of Miami Beach. O, what a time I have been having. Betty Hutton, the movie star is down here now and we have been to several parties together. I plan to go swimming with her tomorrow. How are things in good old Plymouth? Still in a mess? I went out to Key West the other day and found quite a few old skeletons. You know, Skeleton Keys!

Yours for better living, Lifeboy.

Babson Says - -

Babson Discusses Labor
Babson Park, Fla., Feb. 22. — Having served in Washington as Assistant Secretary of Labor during World War I and later as Director-General of Information and Education, many letters are coming to me asking as to what can be done to prevent strikes. I am replying "Nothing can prevent strikes, but Congress can do something to make them less serious." Upon referring to certain notes which I made at the close of World War I, I find the following conclusions. They are 100 per cent equally true, today, at the close of World War II.

Compulsory Arbitration
Compulsory arbitration, except in the case of railroads, public utilities, and other monopolistic enterprises, is both impractical and unjust. To talk compulsory arbitration for competitive industry is foolish. It, however, is practical in the case of non-competitive and monopolistic enterprises. Honest collective bargaining should be encouraged in all cases; but it must be on the basis of supply and demand for labor in a free and non-controlled market. But even this leads to a discussion of the justice of inheritance and whether we can have truly "free-enterprise" along with the inheritance of property.

Voluntary Mediation Boards should materially be strengthened and their use encouraged. These boards should consist of three prominent men all of whom have the public's respect—one selected by the Unions, one by the Companies, and one by them jointly. These men should be given sufficient funds to secure all

necessary information within a reasonable time and both sides should agree in advance to accept their decisions as final. It may be possible to have Union-Company agreements for "cooling off" periods during the limited time that these Mediation Boards are reaching a decision.

Same Rules Should Apply to All
Both corporations and unions should equally be subject to the same anti-trust laws and the same corporation laws which have come to be recognized as standard practices. In this connection both labor and management should have an equal right to press their views to one another and to the public. Both the unions and companies should gradually consolidate their operations so that the industry as a whole will be negotiating rather than independent companies. This is the English custom and should be adopted in the United States.

It is a mistake for President Truman to get mixed up either with rates of wages or prices of goods. As to inflation,—following World War I, we suffered inflation but very little was done to prevent it. We have taken a great step forward in these past twenty years in recognizing both the advantages and dangers of inflation. Too much inflation should be fought like a prairie fire; but some inflation now must be necessary in view of our tremendous war debt. **Certainly, wages and prices should be considered by the same Mediation Boards if prices are to be fixed for more than a short, temporary period.**

Corporation Officials vs Labor Leaders

Letters are coming to me asking if the corporations have as good leadership as the big unions? Many investors feel that too many corporation officials have inherited their jobs, while most union leaders have as good leadership as the big unions? Many investors feel that too many corporation officials have inherited their jobs, while most union leaders have as good leadership as the big unions? Many investors feel that too many corporation officials have inherited their jobs, while most union leaders have as good leadership as the big unions?

News items of a quarter of a century ago taken from the files of The Plymouth Mail.

Mr. and Mrs. Frank Rambo visited friends at Flint, the first of the week.

Miss Czarina Penney, with several of her pupils, went to Detroit Tuesday evening, to attend the annual Detroit recital given in orchestra hall by Ossip Gabrilowitch, conductor of the Detroit Symphony orchestra.

Miss Pauline Peck, who has been spending several weeks in New York City in company with her uncle and aunt, Mr. and Mrs. C. H. Bennett, returned home the latter part of last week. Mr. and Mrs. Bennett left New York last week for Central America, and will not return home until early spring.

Mrs. I. N. Dickerson entertained Mrs. Alta Fulcher of Detroit and Mrs. Ernest Vealey at luncheon, Wednesday. Mrs. Fulcher afterward addressed the M. E. Ladies' Aid, which was held at the home of Mrs. William Smith, Mrs. Fulcher spoke on, "Christian Citizenship." She is a most able speaker and her talk was intensely interesting and much enjoyed by all present.

Mrs. J. L. Olsaver and little daughter Barbara Jean, returned home from Ann Arbor hospital; the latter part of last week.

Claude and Clayton Rorabacher of Detroit, spent Sunday with their parents, Mr. and Mrs. Cyrus Rorabacher, on South Main street.

Mrs. Harry Brown, who has been seriously ill and under treatment at Harper hospital for several weeks has returned home, and her friends will be pleased to hear that she is now improving.

Frank Passage of Detroit, visited his brother, Luther Passage the latter part of last week.

Waldecker Bros. of Dearborn, have rented Harry Robinson's farm on Canton Center road, and expect to move there in the near future.

Edison Reports Increased Demand

Proof of the inherent economic vigor of Detroit and southeastern Michigan, a vigor sustained despite the sudden end to production for war, is contained in the annual report of The Detroit Edison Company. The year end found war plants in the area almost wholly reconverted to the manufacture of peace-time products and a continuously rising demand for electricity from residential, farm and commercial customers. The result was a record of gross kilowatt-hour sales in 1945 only 12 per cent below the all-time high of 1944.

The 1945 gross revenues, \$85,177,152, exceeded those of 1944 by \$1,629,635, or 1.9 per cent. This came about because the impounding of funds to eliminate liability for Federal excess profits income taxes amounted to \$10,450,000 in 1944 as compared to \$6,000,000 in 1945. Net income for 1945 was \$1.25 per share of common stock and dividends declared amounted to \$1.20 per share.

The Detroit Edison Company entered 1946 free of all rate and refund litigation for the first time in three years, the report says.

The work of refunding the impounded \$16,450,000 to all electric customers, on a uniform basis, as ordered by the Michigan Public Service Commission and approved by the Circuit Court, is now in progress. Electric rate reductions totaling \$3,000,000 a year also became effective in January 1946.

The Company's 1945 peak load was on January 15. There was a slight decrease in the load with the end of the war in Europe and a sharp drop when V-J day came. However, elimination of the brownout, the return to Eastern Standard Time, rapid reconversion of war plants and increased demands from other consumers brought the postwar peak load on December 18 to within 7 per cent of that on January 15, 1945.

Detroit Edison customer service for the year included the replacement of 8,000,000 burned-out lamp bulbs and the repair of 580,000 electric appliances. There were periods in which service calls averaged 2,000 a day in Detroit alone, with 85 per cent of them answered in less than one hour.

The pay of operating and maintenance employees was increased by \$1,136,406. The average annual pay including over-time premium pay went to \$3,340 as compared to \$2,080 in 1938. Effective on October 15 the wages of all hourly and weekly employees were increased five per cent.

Ask Increase In Honey Production

For the first time the United States Department of Agriculture, has asked for a definite increase in the number of colonies of honeybees. An increase of 8 per cent, in the number of colonies is proposed. According to Charles Figy, Director of the State Department of Agriculture, based on the state's 1945 bee colony population, this increase would add 15,048 colonies of bees, giving Michigan a total of 213,340 colonies.

The need for more honeybees has become increasingly evident during recent years. A report from Don P. Barrett, Chief Apiarist, shows this need is not primarily for the production of bees of honey and beeswax, important though they are, but for the activity of bees as pollinating agents, having a pollinating value conservatively estimated at ten to 20 times the value of the honey and wax they produce. Though Michigan's honeybees produce in excess of ten million pounds of honey annually, their principal role is in the pollination of the state's many agricultural crops, for the production of seed and fruit.

Except in fruit areas, beekeepers are rarely compensated for the pollinating value of their colonies, but must depend upon the sale of the honey and beeswax that the bees produce. However, the present demand for these crops is sufficient to make the yields of these products from the added colonies a profitable investment.

Red Cross to Meet Friday

Livonia Township Red Cross has a meeting scheduled for Friday, 8:00 p.m. at the Hope Chapel on 6 Mile Road near Middlebelt. William Fenske, chairman has secured pictures and a speaker for the affair.
