What I Think and Have a Right to Say

Edwin R. Eaton

WINCHELL AND PAULEY.

Some two or three weeks ago Walter Winchell went all-out in his support of Ed. Pauley, big big California oil man who wants to handle the naval affairs of the United States while serving as a member of the President's cabinet.

He didn't leave any halfway-out in his declaration. Apparently there must have been a terrific roar-back from the people of this country who heard his wide-open endorsement of the fellow Harold Ickes says under oath tried to bribe him.

In his following broadcast, Winchell ate crow and plenty of it, but it sounded as though it was almost choking him as he swallowed it.

His Pauley endorsement was most unfortunate, because Winchell has on the whole, through his radio broadcasts done a mighty good job for his country. He helped to smoke out a lot of subversive elements during our terrible war and he helped to expose that notorious rattle of the collection-plate, the Gerald L. K. Smith of Huey Long fame.

But one who handles the vast amount of news material and views that Winchell does cannot always be right—and because of his past good work we can forgive him for this slip. Pauley and oil have no place in the United States cabinet.

STRIKING AT EDUCATION.

There's one thing that all Plymouth citizens have been and are interested in—and that is the proper public school education of their children.

Possibly that is the reason that there was more than unusual interest in the recent so-called "school strike" over in Flint, when the thousands of boys and girls of that city were deprived of many days of school work.

The writer was amazed a short time ago when a newspaper clipping taken from The Flint Evening Journal was received, which revealed the fact that the leader of the strike and the person who caused it was none other than a Communist—and a member of the state legislature.

His name is Casper P. Kenny, who was elected a member of the legislature on the Democratic ticket, although not a member of that party.

Not only is Kenny, the Flint school strike-leader, a known Communist, but according to The Flint Journal he has a police record.

Little wonder Kenny so strongly opposed the constitutional amendment I had before the regular session of the legislature, which if adopted, would prevent any person with a criminal record from serving as a member of the legislature.

The following is from the Flint Journal:

Leader of the education strike which has paralyzed Flint schools is a Communist Party member who, during the war, was a member of a committee named by the Communists to promote understanding of the Communist theories in Flint and Pontiac schools, data gathered by the FBI and other organizations has disclosed.

Casper P. Kenny, identified in Communist data uncovered by Government agencies as "the best worker here," was under constant surveillance during the war by the FBI, Army Intelligence and other organizations who kept a watch on his activities and the activities of sinister characters known to expound ideas and theories detrimental to the structure of the United States.

Kenny is also a convicted bootlegger and served time in the Shiawassee County Jail after a conviction in Federal Court. He was also arrested by Flint police in 1929 and booked at the City Jail here under an assumed name.

Records disclose that Kenny was arrested Nov. 25, 1931, by Mike Burns, now Sheriff Wolcott's deputy, and then Mr. Morris chief of police, on a Federal liquor act charge. He was turned over to Federal authorities and sentenced by Federal Judge Arthur J. Tuttle, to 65 days. He was arrested and held for investigation by Flint Police in 1929 under the name of Casper Douglas. He was later released.

Government authorities have disclosed that Kenny frequently attended Communist meetings, and before Russia entered the war was active in a campaign promoting the Communist theory that American workers should not aid Britain and her allies. After Russia entered the war, pamphlets urging workers to retain their right to strike during the war were destroyed and replaced by others advocating a no-strike pledge—a complete about face to which Kenny subscribed. Documents show that Kenny, also state representative from Flint, maintained his membership in the Communist Party during this campaign and it was only through Kenny that certain people could be admitted to Communist meetings and educational programs.

In a letter confiscated by authorities and written to Pat Toohy, Secretary of the Communist Party of Michigan by Hugo Beisinger, Flint secretary of the party, describing a recent quarrel in which Kenny and a woman had become engaged at a Communist Party rally, Kenny was identified thus:

"Both Cap (Casper Kenny) and Lou Baraty, best guys here, are incensed over the affair." Investigators said it was proven the Cap mentioned in the letter was Casper P. Kenny, frequently identified by comrades as "Cap."

The investigators also conferred with men who claimed that Kenny frequently boasted of his Communist affiliations and showed them his card. It was also found that Kenny was in charge of selling subscriptions to the Daily Worker in this area. One of the secret agents purchased a subscription from a man who declared he was working for Kenny. All of the information is now on file with the FBI, Army Intelligence and other police officials.

Kenny has been seen at various Communist meetings here and other cities. His name and the name of his wife are included on letters and secret documents sent out by Communists to other workers.

The Kenny investigation disclosed a Communist pamphlet sent to all members before Russia entered the war in which the policies to be followed here were outlined as follows:

"Our position is to remain loyal to the CIO program, defend the right to strike against any forms of compulsory arbitration and mediation for organization of the unorganized."

"Must build and strengthen organized peace movements, the American Peace Movement, (Kenny was a member of this movement), so that we link up the struggle for immediate economic objectives with the struggle against the war. We must involve dozens and hundreds of the most militant progressive trade unionists in the peace movement."

Indicating the part public school were to play in the Communist program here, a pamphlet obtained during the 1941 investigation of Kenny and other persons believed to be subversive, recommended the following program:

1. Medical aid for Russia.
2. Free Earl Browder.
3. Flint V-Clubs campaigns.
4. IWO mass meetings.

Party Tasks

1. Daily Worker campaign (circulation).
2. Schools.

The information, released by authorities who felt the public should know, the philosophies of a man leading a strike against Flint's education system, contains reams of material linking Kenny to the Communists by government authorities.

Information disclosing the amount of money Kenny and his wife turned in to the Communist Party headquarters on ticket sales to various Communist functions, is included in the secret information gathered by many operatives for the United States government here. Kenny was shadowed throughout the war and classified as a character to be watched. He is still under investigation.

WHERE INDUSTRY IS GOING.

Decentralization of industry is under way, and will continue. In most cases it takes the form of establishment, by Midwestern industries, of branch plants in less congested regions, to handle regional markets. Manufacturers of the Midwest are encouraging this kind of decentralization. They show no fear that centers of production will be shifted to the Far West, the Southwest, or to other regions that are trying now to expand their own industries.

U. of M. Professor Will Speak to Club

The story of our Latin-American neighbors will be heard at the Masonic Temple on March 14, at the All-College banquet. The U. of Michigan Club again has obtained an outstanding speaker for this occasion, which yearly is a high point in Plymouth's winter activities.

Dr. A. S. Aiton spent years of graduate study in France and Spain. Now Professor of History at the University of Michigan, he has given extensive series of lectures at the Universities of Seville (Spain), Costa Rica and Mexico. His detailed knowledge of such countries has given him National prominence in Latin-American relations. He is author of several books, editor of the Hispanic-American Historical Review, and member of many Research, Scientific and Historical Associations. His Plymouth audience is assured a lively account of the "hot" countries.

Dr. A. S. Aiton.

Like last year, the Eastern Star will prepare the banquet. Only 200 tickets will be sold.

There also will be group singing of College songs, and the annual roll call of all colleges represented at the banquet.

TB Clinic Planned For Plymouthites

At an early date the Wayne County Health Department will conduct a tuberculosis clinic at Plymouth High school.

The clinic will provide free examination and X-rays for tuberculosis to all persons in Plymouth; desiring such.

Dr. Luther Peck, local health officer, urges that as many as possible here take advantage of the clinic.

He believes it to be a very fine thing for all concerned.

Applications For Work Are Swamping U.S.E. S. Office Here

Clarence Jetter, local manager of the United States Employment Service, today announced that employers in Plymouth will be solicited for 400 job openings to be filled by returning veterans, former war plant workers and others.

The local job development campaign, Mr. Jetter said, parallels a state and national campaign to promote the listing of jobs for approximately 6,200,000 returning service men and women, former war plant workers and other job seekers.

"There is a widening gap between the number of returning veterans and the jobs listed in public employment offices," said Mr. Jetter. "This is also true of ex-war workers and others who are in the labor market," he said.

Up to the present time approximately 125 returned veterans have been placed in jobs, but at the same time there are approximately 400 applications on file with the local USES offices here from veterans who have not found acceptable jobs, Mr. Jetter said. He asserted there is a total of 1069 applications from job seekers on file in his office. Furthermore, increasing numbers of veterans will be back during the peak of demobilization between now and July 1, adding greatly to the number of jobs which must be found.

"Most veterans who are out of jobs now have good qualifications for a wide variety of jobs," said Mr. Jetter. "If they did not have work experience before entering the services, many gained experience and skills which fit them for a variety of jobs in civilian industry. The soldiers and sailors who will be discharged between now and July 1 are also qualified for good jobs and will need employment. As a matter of fact, veter-

Commerce Group Names Officers

Garnett Rush has been elected president of the Plymouth Chamber of Commerce for the ensuing year.

Other 1946 officers are John Palmer, vice president; Frank Coward, secretary and treasurer; Robert O. Wesley, G. W. Baker, James C. Houk, and Vaughn Smith, directors.

Their election featured the annual meeting of the chamber last Thursday night at Hotel Mayflower.

The new president told the Mail that while the chamber had not been overly active during the war years, he hoped to develop an organization that would lend its support to any plan that promised to make a bigger and better community.

Mr. Rush stated that it would be an organization of Plymouth's business and professional men. It will meet each month on the second Wednesday.

"We have great plans for the future of the Chamber of Commerce," Mr. Rush declared, but to realize them it is necessary that the organization have the full support of all Plymouth business people.

Right now the chamber is busy planning a membership drive. Their goal is 200 or more.

Mrs. Rose Fulton, celebrated her 80th birthday Tuesday evening at a dinner party in her home on Lotz road. Guests for the evening were Mr. and Mrs. Alger Smith of Wayne, Miss Marjorie Pollock of Detroit, Mr. and Mrs. John Albertson, Mrs. Cady Hix, Miss Rose Fulton, and Floyd Fulton, all of this city.

Dr. Crane Talks On Atomic Bomb

Dr. Henry Hitt Crane, minister of Central Methodist church, Detroit, gave as his lecture in the Town Hall series at the Plymouth Methodist church a report of his meeting in Chicago with 28 leading American scientists.

These scientists, creators of the atomic bomb, have become so alarmed at its destructive possibilities that they called 35 of the leading clergymen of the United States to meet with them for discussion of its control.

Dr. Crane revealed how another war, according to the scientists, would utterly destroy civilization and impressed upon his audience that the chances of another war were very great. So great, he said, that the leading scientist of the group gave civilization just one chance in ten to survive.

Dr. Crane called on all Christian people to awaken—to write their president and their senators and urge the giving of the atomic bomb technique to the UNO. He also suggested a world FBI system for investigation of all countries to prevent the manufacture of atomic bombs.

The time has come, he said, for a world government, world consciousness and world co-operation.

Dr. Crane concluded his lecture with the dramatic statement, "Thus saith the Lord, 'This day choose ye, life or death!'"

Christ's message of two thousand years ago, he said, is blazoned across the skies today in white-hot heat. "He that taketh the sword shall perish by the sword."

ST. JOHN'S MEN'S CLUB WILL ELECT OFFICERS MARCH 7TH

A supper for the Men's Club of the St. John's Episcopal Church will be held on March 7th at the Church. The club organized by a committee composed of Walter Keep, Walter Sumner, Harry Christensen, Warren Worth and Seth Virgo will elect its permanent officers at the meeting.

Tail's Addition Open for Public

The new office and reception room at Tail's Cleaners was opened for use of the public last week. The building which was just completed is located on the south side of the old office building and is 23 feet wide and 42 feet long. A brick front and cinder block side walls on the exterior adds an air of modern design to the plant and you are pleasantly surprised when you enter to see the beautifully paneled, spacious reception room with its colored acoustical board above the paneling.

In the back of the building are large storage racks to accommodate the clothing ready for delivery or pickup by the customers and the basement houses a completely modern fur storage vault which is 17 by 40 feet.

The storage vault built to conform with the standards of large Detroit furriers has a controlled temperature and humidity system which insures the ultimate in fur protection and storage.

The former office has been turned into a tailor shop and is also used for a marking room where clothing goes upon reaching the plant. The addition is the first of a series that Mr. Tail has in mind to enlarge, beautify and modernize the entire plant.

Wayne Players Here March 7

Detroit's leading dramatic organization, The Wayne University Workshop Players will present the very thrilling mystery drama "Kind Lady" in the Plymouth High School Auditorium next Thursday, March 7, at 8:30 p.m.

This suspense filled melodrama written by Edward Chodorov has thoroughly frightened an audience since its first production in 1935, and singularly enough without the usual aids of hands reaching out from secret panels, darkened rooms with falling bodies, poison, revolvers, or piercing screams. The sinister and terrifying effect of the play is achieved without a raised voice, a hurried movement, or a menacing gesture. In analogous terms, it has the fascinating quality of a snake slithering through tall grass, unseen, barely heard, yet unnerving in its very presence.

In the original production of the play Grace George, who received the play in 1940 played the kind lady to the delight of critics and theatergoers alike; and Henry Daniell, who appeared in Detroit recently in the Theatre Guild's production of Shakespeare's "Winter's Tale," enacted the courtly but evil Henry Abbott with such realism that he had audiences, hating him for months.

There will be another story hour for children at the local library, Saturday, tomorrow, at 11 a.m. It will be held in the children's room and is open to all kiddies who wish to attend.

Lutheran Church Will Celebrate Ninetieth Anniversary March 5th

On March 5, 1856 twelve men, representing the Lutheran families of Plymouth, assembled under the leadership of Pastor Frederic Schmidt and solemnly affixed their names to the first constitution and articles of organization of St. Peter's Lutheran Church.

Preaching services had been maintained for the Lutherans in this community ever since 1833 by the Rev. Schmidt of Ann Arbor, tireless circuit-rider and founder of over 20 churches in southern Michigan, from Jackson to Monroe. These services were conducted in the homes of members.

When the local Baptist congregation, however, found its church too small for a growing congregation, it was offered to the Lutherans for \$140. The raising of such a large sum of money necessitated an organization which could assume the obligation. Another \$25 had to be raised for the lot on the east end of Spring Street, and another \$18 for moving expenses. Against these liabilities of \$183 the intrepid founders were able to collect among themselves the sum of \$8! The balance was borrowed from Mr. Moses Allen at ten percent interest. And the debt was paid in full on the congregation's second anniversary!

Today the congregation numbers about 600 souls. The income from all-voluntary contributions totalled \$14,395.25 during 1945, of which \$3,705.42 was offered for mission work and charities.

The congregation is engaged on a large-scale relocation and rebuilding project, including the erection of a Christian Day school, to be opened this fall. The new site on the corner of Pennington Avenue and Garfield Street is 342 by 331 feet frontage and affords ample room for a 4-room school, church seating 450 and a large combination parish hall, assembly and dining room. It is planned and hoped that this entire building complex may be completed for the congregation's Centennial on March 5, 1946.

The Ninetieth Jubilee will be observed in a special service on Sunday, March 3, and at a potluck chicken dinner on March 5. In the evening a feast of church members will re-enact the events culminating in the founding of the church in 1856. The scenes will be laid in the store and home of Peter Gayde, one of the founders and a well-known figure in Plymouth for many years.

Antique Show Is Set for March 11

In the absence of a flower show this year members of Plymouth's branch of the National Farm and Garden association are planning a hobby and antique show. Under the direction of general chairman Mrs. Floyd Burgett the show will be held in the Mayflower hotel on March 11th from 3 to 8 p.m.

Ford Dealer To Celebrate 25th Anniversary Here

Announcement is made elsewhere in this issue of the 25th anniversary celebration of The Plymouth Motor Sales Co. The event one of general interest to the many Ford owners in this community is being celebrated by an offer of free lubrications to Ford owners and a 10 percent discount on new parts from March 1 to March 16 inclusive.

Under the direction of Paul Wiedman, owner of the company the firm has grown to the largest garage in the city and now employs 15 people. Of its ten mechanics their period of service with the garage is more than seven years.

Mr. Wiedman who came here from Ypsilanti 25 years ago where he was associated with his brother

Paul J. Wiedman

for a year after serving in World War I has been active in civic affairs and has given freely of his time to any local undertaking. He is at present president of the Hotel Mayflower and was a charter member of the Plymouth Rotary club. He was also one of the founders of the Plymouth Chamber of Commerce.

In conjunction with Mr. Wiedman's anniversary announcement he also has announced a change in the firm's name. After March 4th the Plymouth Motor Sales Company will be known as Paul J. Wiedman. In conjunction with the name change it was announced there will be no change in policy or personnel.

There will be another story hour for children at the local library, Saturday, tomorrow, at 11 a.m. It will be held in the children's room and is open to all kiddies who wish to attend.

Chicago Minister Here on Monday

Dr. Emory Leland Gallup, Minister of Music in the First Methodist church of Evanston, Illinois, often called the "Cathedral of Methodism," will speak on Monday evening, March 4, at eight o'clock, in the First Presbyterian church of Plymouth. His topic will be "The Place of Music in Worship."

Dr. Gallup is well known in musical circles as one of the outstanding leaders in the field of church music. He has travelled extensively in Europe, Africa and the Near East. A pupil of Lynnwood Farnam of New York, and Marcel Dupre of Paris, Dr. Gallup is an organist of distinction. During his term of study in Paris he served as "interim" organist and choir-master in the American Cathedral Church of the Holy Trinity in that city.

Dr. Gallup, whose honorary degree is from the University of Grand Rapids, assumed the position of organist and choir-master in St. Chrysostom's Protestant Episcopal Church of Chicago, at 19 years of age. After ten years in this parish, he was chosen from more than a hundred candidates to assume the similar position in the Fountain Street Baptist church of Grand Rapids, where he remained for 16 years, leaving in the summer of 1940 to go to Evanston, Illinois, where he is now in his sixth season as minister of music in the First Methodist Church, nationally known for the ministry of Dr. Ernest Freeman Tittle, its distinguished clergyman.

Dr. Gallup is primarily a Churchman, and a Church-organist, in which field he has sought to maintain a high degree of churchly music. The service on Monday evening is open to all who are interested in church music and worship.

Woman's Club Plans To Study Dramatics

The Plymouth Woman's Club is planning to form a group within its ranks for the study and presentation of plays. Mrs. Maude Laury, of 40201 East Ann Arbor Trail, will be in charge.

This group will be divided into divisions. One will study and develop the dramatic phases of plays and the other will furnish the musical supplement.

Those in the drama group will study acting, directing, costuming, building and painting scenery, managing properties and writing plays.

Hostesses for the show will be Mrs. Luther Peck, Mrs. William Pettigill, Mrs. Earl Russell, Mrs. John Scheel, Mrs. Roy Scheppele and Mrs. Carl Shear.

Plan Observance of 'Day of Prayer'

A committee of women representing the church of Plymouth met this week to complete plans for the annual observance of the "World Day of Prayer," on Friday, March 8, at two o'clock in the Presbyterian church. All women of Plymouth are invited to share in the spiritual fellowship of this world observance. Members from the Newburg Methodist and the Rosedale Gardens Presbyterian church are also planning to attend.

The theme of the day will be "The Things That Make for Our Peace." Mrs. Hartman Lichtwardt will speak on the subject "Women of Iran." Mrs. Lichtwardt lived for many years in Iran where Dr. Lichtwardt served as a medical missionary. She went to Iran in 1919 as a bride and her home was there, until the Lichtwardts returned to Detroit in 1941, where Dr. Lichtwardt is now associated with the Henry Ford hospital.

Several children representing the different churches will also participate in the program. Mrs. Harry Fisher, of the Methodist choir will be the soloist, and the combined choirs of the various churches will take part in the service. Mrs. Earl Reh will lead the devotional program, and women representing the Baptist, Episcopal, Newburg, Methodist, and the Berea Chapel will take part in the service. The sixth grade chorus from Central Grade school will sing.

Mrs. Dale Liscum of the Newburg Methodist church, and Mrs. Leslie Daniel of the Presbyterian church have been co-chairmen of the committee in charge of arrangements this year. Others serving on the committee include: Mrs. Ross Kennitz, Mrs. Miller Ross, Mrs. C. B. Evans, Mrs. Robert Willoughby, Mrs. Frank Hamill, Mrs. Wm. Welton, Mrs. John Kainz, Mrs. Moore, and Mrs. Earl Reh.

her flowers were red roses. The bridesmaids, Genevieve Cocks, cousin of the bride, and Henrietta Kingins of Highland Park wore identical blue gowns with yellow tea rose corsages.

David Reynolds of Ann Arbor attended the groom, and Robert and James Kennedy, brothers of the groom seated the guests.

The soloist, Glenn Wilcox, sang "O Promise Me" and "Because," with Mrs. Maurice Woodworth at the organ.

A reception was held after the ceremony in the bride's home for 35 guests. The wedding cake was the centerpiece on the table.

The bride wore a going away dress of white wool trimmed in gold with black accessories. Her corsage was of blue iris. The young couple will make their home in Ann Arbor.

Candlelight Ceremony Unites Virginia Shaw And Howard Kaiser Jr.

A very pretty wedding occurred at the home of Mrs. Irene Shaw, 167 South Harvey Street, Saturday, February 23 at an 8:00 o'clock candlelight ceremony, performed by Rev. Leonard Sanders, when her daughter Virginia Irene, was united in marriage to Howard J. Kaiser, Jr., son of Mr. and Mrs. Howard J. Kaiser of Howell, Mich.

The bride was given in marriage by her brother, Harvey,

and was becomingly attired in a light blue gabardine suit, with white accessories, wearing a corsage of white gardenias and carrying a white prayer book.

The bridesmaid was Rosemary Kaiser, a sister of the groom. She chose a black suit with yellow accessories. Her corsage was of yellow daffodils. The best man was Raymond Johnson of Plymouth.

The bride's mother chose a blue crepe dress with pink carnation corsage, and the groom's mother a black crepe with pink carnation corsage.

A reception followed the ceremony.

During the war, the Allied and Axis nations sowed a total of approximately 500,000 mines in various seas and oceans, about 50,000 of which have so far been located and destroyed by some 2,000 mine sweepers of Great Britain, Russia and the United States. Most of the mines still to be found are in the waters around Japan and northern Europe.

The Red Cross Drive

Throughout the war years Plymouth did a most acceptable job in its support of the American Red Cross. In other words, we didn't let any of our boys down. Now that the war is over, we are most concerned with war's aftermath—American soldiers still overseas, or convalescing in U. S. hospitals, or back home readjusting to civilian life. Facing too the constant task of helping the American public combat disasters and the problems of community health, the Red Cross has a great challenge before it in 1946 and 1947.

Just as Plymouth backed our boys during the hectic days of the bloodiest struggle of all time, so the committee is convinced that we are not going to let them down during this the healing and readjustment period. The dual task of service to the armed forces and to hungry civilians overseas is combined with assistance to Americans at home. Being a good American is being a good neighbor—to those in our community and to nations less fortunate than ourselves.

Mr. Charles Garrett, Treasurer of the City of Plymouth, will act as Campaign Fund Treasurer for the drive during the first two weeks of March. Mrs. Clara Toda has again assumed the important work of directing the house to house campaign, and will have working with her the same efficient organization that did such a good job in 1945. Will the residents of Plymouth please note that the workers will start calling at their homes at 10 o'clock on the morning of Monday, March 4th. It will be of great help to all concerned to keep return calls down to a minimum. In those cases where it is necessary to make second calls, the workers expect to make them on Tuesday, March 5th. In this manner it is hoped to clean up the residential canvass in two days.

Contacting Plymouth's business houses comes under the direction of Mrs. Dorothy Arnold. The work in the schools and factories will be handled by Mrs. Catherine Henderson. Plymouth Township soliciting will be looked after by Mrs. Ruth Curtis and Mrs. Margaret Ross. Mrs. Marion McLaren has charge of the bank booths.

As in 1945, the progress of the Red Cross Fund campaign will be visualized from day to day through the use of a huge thermometer to be erected opposite the stores in Kellogg Park. Stanford Besse has charge of this phase of the campaign.

Glenn Smith Seeks Patent on Newly Developed Sump

Development of a new fabricated sump has been announced by Glenn J. Smith, operator of the Twin Products Company, 8182 Canton Center Road.

The new sump, which Mr. Smith is seeking to have patented, is built to be installed in a basement before the floor is laid. It should be of great interest to Plymouthites and others who contemplate building in the months to come.

Users of his sump, according to Mr. Smith, will be able to keep their basements properly drained without the attendant odors of various gases that are prevalent in sumps being used now.

His sump, Mr. Smith declares, is designed to make it airtight. It also contains a built in screen and has a capacity of 300 gallons.

The increased capacity, he said, would eliminate the frequent starting of the pump which is a major criticism of sumps now in use.

At the present Mr. Smith does not have a working model of the sump but is constructing one for display. His shop, he said, is so fitted that almost anything can be built there.

Anyway, model or not, Mr. Smith's new invention will revolutionize the draining of basements and will be a boon to future home builders.

Announce Policy For Club Golfers

Announcement is made that the picturesque Plymouth Country club, 6 miles west of Plymouth, is turning private. The members only status will come as no surprise to a few local golfers, as Casey Partridge Pro-Mgr., has signified his intention of turning the club private since his discharge from service last November.

The reasons for turning Private Mr. Partridge states, is that it appears there will be a golf boom and he doesn't want the club to become too impersonal. The Country Club has always had some of the right atmosphere but it would be impossible to hold it or build a more desired atmosphere if it remained public. Plymouth and the surrounding community has now grown to the extent where there are more than enough well-mannered golfers to fill a desired membership. It is not intended to build a "stuffy" membership but rather to operate as a meeting place where golfers become acquainted with their fellow members and can enjoy the fellowship of a private club.

A small fee, plus tax, will be charged and then the member may purchase playing privileges by the year, month, or day. There are many people who play very few rounds of golf a year but patronize and enjoy the club house weekly. With this arrangement one would not have to be a golf enthusiast to enjoy a membership.

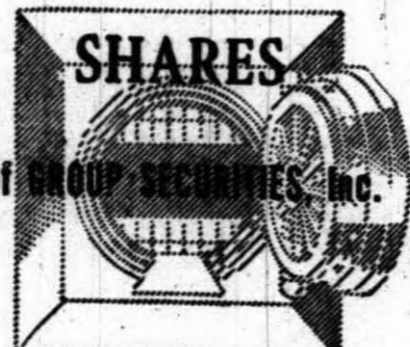

The clubhouse is being renovated and there are plans to build an addition after the coming season.

Among the improvements to be made this year, the Detroit Edison Co. is installing a 3-phase power line between the 9's and extended into the woods along No. 4 fairway to the lake. An 18,000 gallon per hour, 100 lb. pressure pump with 25 H.P. motor will insure adequate water for good maintenance. It is hoped that enough large pipe will become available to make it possible to have watered fairways this year.

The manufacturing of golf clubs is still very slow, however, Mr. Partridge's past quantity of buying will insure members the best possible supply for this season.

In Portland, Ore., a thief politely offered to hold a woman's heavy shopping bag for a moment, craftily ran off with it, found it contained a dead dog.

New York Minister At Rosedale Church

Dr. Henry Sloane Coffin, President-Emeritus, Union Theological Seminary, New York City, will speak at the Rosedale Gardens Presbyterian Church on Monday evening, March 11, at 8:00 p.m.

Dr. Coffin is a renowned minister, educator and author. Educated in America and Europe, he has been accorded degrees by 18 leading colleges and universities in this country, Scotland, Germany and France.

Ordained as Presbyterian minister in 1900, Dr. Coffin immediately established the Bedford Park Church in New York. Five years later he accepted the pastorate of Madison Avenue Church, where he remained for 21 years, building it into the largest Presbyterian congregation in New York. During this same period his interest in education was stimulated through his associate professorship in Practical Theology at Union Seminary. He also lectured at Yale, Harvard and Princeton, and served as trustee of Atlanta University and of Roberts College, Constantinople, Turkey.

In 1926 Dr. Coffin became president of Union Theological Seminary, but did not relinquish his activity in church affairs. Serving on numerous committees and boards, he was honored in 1943 by being elected Moderator of the General Assembly of the Presbyterian Church in the U.S.A., the highest office in the church.

Throughout his career, Dr. Coffin has been a prolific writer. His works are among the most used by ministers and educators of all denominations throughout the world.

"We feel it a rare privilege," stated Rev. J. Woodrow Wooley, minister of Rosedale Gardens Presbyterian Church, "to bring to this community so eminent a person. We cordially invite everyone to share this occasion with us."

Music for the lenten service will be furnished by the Adult and Girls choirs of the church. Mrs. Onnelle Koenig and Mrs. Edward Blankenhagen will be the organists. Mrs. Lloyd Nelson will direct the Adult Choir and Mrs. Blankenhagen the Girls Choir. Tea will be served afterwards by the Women's Auxiliary.

Of the 15,000,000 members of American labor unions today, 3,000,000 are women.

In Los Angeles, Mrs. Sidney Raskin, after charging her husband \$5 each for kisses, sued for divorce.

In Denver, Larry Schultz, handsome air-force applicant for a football-coaching job at MacMurray College, learned that he was ineligible. The reason: MacMurray is for girls only.

Insurance Covers Less Than Half of Novik Fire Loss

At Novik, whose home and its contents were destroyed by fire the morning of Feb. 16, has reported to The Mail that his loss actually will exceed the previous estimate of \$10,400.

"If I collect the full \$5,500 for my loss, declared Mr. Novik, I will feel very fortunate. And even that amount will not begin to replace what I have lost."

Mr. Novik, a resident of Plymouth since last spring, said he paid \$5,400 for his home at 9017 Northern, about a mile outside of the city. The contents, including furniture, clothing, hunting and fishing equipment and many other items, he valued at \$4,300.

In addition Mr. Novik, who says he was asleep when the fire broke out, lost 21 hundred dollar bills and jewelry valued at \$1,700. He had the money on hand, he said, in preparation for making full payment on seven and one-quarter acres of land on Ann Arbor road where he had planned to build a garage.

In Los Angeles, suicide-bent Ronald Neff turned on the gas, forgot to douse the water-heater pilot, blasted himself safely out the window.

Mrs. Kimble Is Donor of Flags For Legion Post

In memory of her late husband, J. H. Kimble, a former Plymouth mayor, Mrs. Kimble is donating two flags to the city's newly organized American Legion post.

They will be publicly presented to the Passage-Gayde post at special ceremonies in the Plymouth High school auditorium at 8 p.m. next Wednesday.

Presenting the gifts in behalf of Mrs. Kimble will be Col. Cass Hough. During the actual presentation ceremony taps will be sounded in memory of the community's war dead.

Principal speaker for the occasion is Russell Fisher, commander of the 17th District of the American Legion, which includes Plymouth.

Music for the event will be furnished by the Plymouth High school band under the direction of Clarence Luchman.

The post that is to receive the flags is made up largely of local veterans of World War II. It is named in honor of the first local youths who paid the supreme sacrifice in that conflict.

Hi-12 Will Hear John M. Heaphy

Principal speaker next Wednesday night at the dinner meeting of the Hi-12 Club of Plymouth at Masonic Temple is John Merrill Heaphy, M.A. of Detroit.

Mr. Heaphy, employed in an executive position by the Detroit Board of Education, will speak on "The Human Equation in Business." He will be introduced by Walter Rensel.

Eleven years ago Mr. Heaphy organized the American Speakers Club in Detroit. Now that club has nine chapters and a membership well over 2,000. Through those years, Mr. Heaphy has given hundreds of tongue-tied Detroiters and others the ability to stand up in public and make themselves heard.

Many of his students declare that their success in business is the direct result of his instruction in the art of public speaking.

Mr. Heaphy is probably one of Detroit's most sought after public speakers. He also has published a textbook on public speaking.

Returning Vets Urged to Register

Plymouth's returning veterans who desire to take part in the city's annual spring election this week were urged by City Manager Clarence Elliott to make certain they are properly registered before March 12.

The war time rules permitting the use of absent voters' ballots by veterans no longer apply, Mr. Elliott said. It now is necessary that the returning servicemen and women register in their home municipality to be entitled to vote there.

Mr. Elliott urged all veterans to make sure they are registered so they might take part in the coming election. Those who fail to register on or before March 12 will not be permitted to cast a ballot, he said.

Central P.T.A. Has Celebration

The Central Grade P.T.A. celebrated its 18th birthday at the Founders Day program last Tuesday evening.

The meeting was opened with community singing, one song of which was written by one of our past national presidents. Followed with Prayer by our Chaplain, Rev. Walsh.

After the business meeting a trio of high school girls accompanied by a high school boy sang three numbers.

Ten of the past presidents were in attendance. Mrs. C. H. Buzzard, Mrs. Charles Humphries, Mrs. John Crandell, Mrs. Paul Wiedman, Mrs. Edwin Campbell, Mrs. Felix Hoehsel, Mrs. William Arcsott, Mrs. Alex Lloyd, Mrs. William Otwell, and our present President Mrs. Howard Bowden. Three of the past presidents, Mrs. Bruce Woodbury, Mrs. Towle and Mrs. H. E. Irwin were unable to be present. All of the ex-presidents except Mrs. Towle are living in Plymouth.

As the presidents arrived they were greeted by a committee and given corsages of daffodils tied with blue ribbon, to which their names and dates of service were

attached, and then escorted to their seats.

Mrs. Nellie Bird introduced the presidents, and gave a very interesting short history of our local organization.

When the ceremony began two candles were lighted representing the state and national organizations. From the candle representing the state our first president took her light which was passed on to each succeeding president as she was presented. The half circle of presidents with their lighted candles made a very impressive picture.

The guest speaker was Mrs. W. E. Gibson from Lincoln Park, who gave in detail a list of the many activities that are carried on by the P.T.A. organizations.

After the program a "get-acquainted" game was thoroughly enjoyed by all. Dainty refreshments were served from a prettily decorated table centered with a birthday cake surrounded by 18 candles of blue and yellow the colors of the P.T.A.

Among the few books of its kind on record was a directory published in Venice in the 16th century for the guidance of foreign visitors. It contained the names and addresses of the city's 12,000 courtesans who constituted one fifth of its adult female population.

Wild Doe Seen on Outskirts of City

A bit of Northern Michigan bounded into Plymouth last Monday and right out again. But it was here long enough for three very excited persons to get a glimpse and all agree on what they saw.

Yes, you've guessed what it was. A very beautiful, but frightened, doe. She was viewed on Ann Arbor Trail about two blocks out of town.

Those fortunate enough to get a glimpse of the wild woodland beauty were W. R. and R. F. Widmaier and Mrs. John Amrhein. All said the deer was most nimble of hoof and thoroughly bewildered by the proximity of civilization. Apparently she was in search of food although she appeared to be in top form. It was a rare privilege to see one of the denizens of the state's north woods so far south.

Plymouth Soldier Reaches Germany

Private Ronald B. Brink, son of Mr. and Mrs. George G. Brink, of 433 Evergreen Road, has arrived at the European Theatre Army Air Forces Reinforcement Depot at Furstenfeldbruck, Germany.

He will soon be assigned to a permanent station somewhere in Germany.

While Private Brink is at this post, near Munich, he will have an opportunity to enjoy the scenic beauties of Southern Bavaria which made the region most popular with pre-war tourists.

Formerly a prominent Luftwaffe training school, Furstenfeldbruck is one of the most attractive fields in Europe.

At the present time several thousand soldiers each month are processed and given orientation in their occupational duties at this key station.

Before entering the service in June, 1945, Private Brink attended the University of Illinois.

A new type of therapy for mental patients known as psychodrama is helping many veterans at St. Elizabeth's, a government psychiatric hospital in Washington, D. C. On the stage of a small theater, servicemen are relieved of the fear of facing certain future situations by enacting them spontaneously before an audience of other patients.

The State Legislature

(By Elton R. Eaton)

When the proposal was first made that the state funds be used to help develop a city airport for Detroit on the other side of the Detroit river in Canada, here was one member of the legislature who saw no way state money could be used for any such purpose. We agree that the development of a vast airport for the Detroit area is an immediate necessity, but to spend money to build one in Canada, that's something entirely different.

Michigan's constitution is pretty clear on most subjects, and one of them pertains to the way state tax dollars are spent. While some of the advocates of the Canadian airport development thought it would be possible to get around the constitutional provision, the writer could see no way to evade it.

Later the Governor came to the same conclusion and thereby died a plan to build an airport for Detroit on the Windsor side of the Detroit river.

But the state legislature does have the absolute right to help Detroit develop air transportation facilities.

As a matter of fact we sometimes think maybe it would be better for Detroit and the air travelers of Michigan if the airport problem of the metropolitan center was taken over entirely by the state. The state could properly, with legislative consent, not only build a state airport in or around the Detroit area, but it could operate it as well — and probably do a much better job in the long run than has been done by the city of Detroit.

Not much of anything is perfect in the beginning. That's why it takes so long to make most things worthwhile—but there always must be a starting point.

We had our own ideas—and still have—about proper legislation to help the heroic boys from Michigan who helped to win the world war. Some of these ideas coincided with the Governor's program. Others went a little further than did the Governor's. But there is always time for new ideas and new developments.

At any rate a good start was made at the special session in order to create a state set-up for veterans' aid. The set-up provides a one hundred percent control of the expenditure of the trust fund for Michigan veterans. And who is in a better position than the veterans to decide how this money shall be expended?

It will be recalled that the legislature at its last regular session set aside \$50,000,000 as a trust fund for the exclusive benefit of the veterans. It is proposed to keep this amount intact, using only the interest, which will amount to something like \$2,500,000 per year for the veterans.

While it is true that only the veterans in need will be immediate beneficiaries under the law, there is much question in my mind but what this plan will be somewhat liberalized as time goes on. The legislature has made it clear that it is perfectly willing

to do much more for the returning veterans as time goes on and if the need becomes apparent. In fact it is out-pacing the national government in this respect.

Before the legislature adjourned we sat through the only "public" hearing that was held on any measure considered at the special session. It was the bill setting up methods by which expenditures could be made to help returning veterans.

Some 30 or 40 persons appeared before the committee, all of them, probably sincere and anxious to help frame a proper measure.

But the thing that impressed me was the fact that so many made an effort to discuss a bill that they hadn't even read and knew nothing of what it contained.

One speaker had compiled a lot of figures showing that the entire amount set aside for the benefit of the veterans was going to be used to pay salaries of job holders.

He had it all figured out what the pay of this one and that one was going to be—and the bill strictly prohibits the use of one cent for salaries of job holders.

It is unfortunate that there has in recent years grown up a practice whereby some people persist in discussing some public matters without possessing the slightest information about the matter they profess to be discussing "intelligently."

During the last regular session of the legislature early in 1945 an effort was made by the writer and a number of other members of the house to have

the school aid appropriation bill increased \$3,200,000 per year in order to help raise the wages of school teachers and school employees. The house had passed favorably upon the demand but when the amended bill reached the senate, there it met "administration" objection. It was claimed that the increase would throw the budget out of balance. The senate remained steadfast in its opposition to the house amendment and it was long after midnight on the final day of the session before the house finally gave in and consented to the reduction in the appropriation, insisted upon by the senate.

To the members of the house who had so determinedly made the fight for the increased appropriation over a year ago, it is more than gratifying to know that during the recent special session of the legislature those who had a year ago opposed the amendment providing for the increased aid to the public schools, now admitted that the house group was right—and they all voted without a single objection to the \$3,200,000 increase for this year as well as the next fiscal year, which begins July 1 with the state government.

This bill, passed at the recent special session without opposition in either the house or senate, will provide direct aid to every school district in Michigan and will make possible the increased wages that school boards would like to have granted before but did not have the funds to permit it.

Hunters Kill Two Fox Sunday

The newly organized Fox club, a branch of the Western Wayne Co. Conservation club, had a very successful as well as an interesting fox chase Sunday, February 24.

The hunt was staged west of Plymouth and a good attendance of local sportsmen, together with the club members, bagged two fox. Estel Rowland, the president of the club stopped Mr. Fox both times. A total of nine fox have been taken this season.

Officers of the Western Wayne Co. Fox club, Estel Rowland, president; Fred Rhead, vice president; B. E. Champion, secretary.

AN ANNOUNCEMENT BY

Blunk & Thatcher INC.

At a Board of Directors' meeting held recently at the store's offices, Mr. A. L. Lantz, being a stockholder, was named Vice President and Manager. Mr. Lantz brings to his new position seven years association with the store, in addition to 15 years experience spent in leading downtown Detroit furniture and department stores and three years of conducting his own Interior Decorating studio.

A Statement of Policy

Realizing that the future and continued success of this business is dependent upon the good will and support of its customers, it shall be the policy of the new management to dedicate its efforts to the service of these customers in an ever-increasing degree.

~~We will make every effort to fulfill our obligation to our customers.~~

The same friendly spirit and warmth of welcome that has done so much to build our business to its present status will be continued. All future plans are pointed toward the goal that customers' interests must be paramount to all other considerations.

A Peek at Our Future Plans

In support of the policy outlined above, let us take you on a journey with us into the future we will point out the various stations along the way which we believe will enable us to reach our goal.

First, as to personnel, Mr. I. E. Blunk will retain his present position as President of the company, but will not be as active in the operation of the store as he has been in the last 25 years.

Mr. Horace Thatcher, secretary, will be active as Merchandise manager and Buyer.

Miss Sarah Gayde continues as Treasurer of the firm which she has served for the last 22 years.

Mr. Walter Rensel, who has had 16 year's experience in the carpet, linoleum, floor and tile contracting field, has been acting in the capacity of General Superintendent, in which position he will continue.

Mr. O. M. Valliquette will continue as manager of Interior Decoration and Sales and Mr. R. B. Ingram will continue in his present capacity as salesman. The sales force will be augmented as merchandise conditions warrant.

The balance of the office and service organization is composed of the following: Mrs. William Downing, Mr. Tom Roberts, Mr. H. E. Rolphie, Mr. Lawrence Blunk, Mr. Noel Showers, Mr. Oscar Frieheit, Mr. Karl Hornbeck, Mr. Otto Bufe, Mr. Joel Lind, Mr. William Hill, Mrs. Olive Troyer and Mrs. Marvin Wilson. These people all have been carefully selected and developed because of their particular knowledge or fitness for their special jobs.

Secondly, starting March 1st, a new feature will be evident by the addition of an information desk on the main floor, and a private switch-board. This will be presided over by Mrs. Wilson. Its function will be to ascertain customers' needs as to merchandise, service calls, phone calls, etc., and to eliminate any unnecessary delay in calling the proper person or persons in the organization to serve the customer most efficiently.

Thirdly, we plan to add new lines of nationally advertised furniture, floor coverings and appliances to our present lines as quickly as the new lines become available.

A part of our plan has already been completed in the recently enlarged and modernized basement display floor, which gives the store approximately 15,000 square feet of display floor space, spread over three floors. This, along with 35,000 square feet of warehouse space, places us in the position to take care of any request that falls within the scope of home furnishing requirements.

Our free delivery service will be maintained. In the past we served a trading area which embraced towns and cities within a radius of 35 miles of Plymouth. This will be increased and enlarged as conditions warrant.

So, to sum up, we believe that in passing on to our customers the experience and knowledge that we have assembled in our organization, along with the highest quality of merchandise obtainable at the lowest possible prices, we are justifying our existence.

Upon that premise, the new management asks your continued support.

I. E. Blunk
President

You are invited to tune in our radio program daily, except Sunday, at 12:15 p.m. over Station WPAG, Ann Arbor, at 1050 Kc. on your dial.

LIFEBOY

Miami Beach, Feb. 20, 1946.
 Monday—Begin the week right and guard your speech and actions. Say only what you have to, when you have to and then make an impression.
 Tuesday—Take it easy and work hard on your studies. I believe that most of the snow will be gone by today—from someplace.
 Wednesday—I see that there are a lot of good shows in the city of Detroit this week. If you are able to spare an evening—not school hours—you should go down and see one. It will do your nerves good.
 Thursday—As usual this day school will be held in PHS join the crows and attend a few classes—

es—you may learn something—and you may not (this is most probable.)

Friday—At last the inevitable day has come and we can hallelujah. Go to the game tonite and then the dance sponsored by the Girl Reserves in the high school afterwards. The fifth house in the third planet tells me this will be a super evening—though we "may" lose the game!
 Yours for better living, Lifeboy.

HISTORY OF PILGRIM PRINTS

The first Pilgrim Prints was published in 1928 with the teachers of English supervising the writing of the articles, each class taking the assignments one week. To choose an appropriate name for the paper was the problem of the class of 1928 and to accomplish this the student council held a contest to select a good name for it.

No regular staff was appointed for the paper until several years later when a staff was formed to take over the duties one day a week. It was not until 1940 that they began meeting two days a week, but did not meet as a regular class. The only credit they got was for the number of inches they wrote for the paper, according to what was in the article and the length of it.

Miss E. Allen, an English teacher who is still teaching here, was the first teacher for the Pilgrim Prints, and was with the staff until this year when Miss E. McDonald took it over.

VARSIITY NOTES.

What are those "things" crawling down the hall with their "Leviis" rolled three inches below their dimpled knees and those solid bow ties wrapped around their "atom" apple? Yes! The male members of PHS are at it again, initiating members into the Varsity Club.
 The initiating demands are

work shirts, bow ties, overalls rolled to within three inches of the knee, a sign saying, "Varsity Club or Bust," and good sportsmanship or else demerits.

Senior members of this organization are gustily exercising their manly voices with the words "Pop Squirt," wherefore the young victim falls to his knees in a graceful bow.

The initiation started Friday morning, February 16, and ended at midnight of the same date, finding the boys cleaning the gym after a dance put on by the Varsity Club. The eight new members are Francis Mitchell, Bob Wood, Ed Sommerman, Bill Strautz, Jerry Allan, Jay Daggett, Bill Pate, and Jim Dudley.

Among the greatest anatomists in history was the Italian, Marcello Malpighi (1628-1694), who was one of the first to use the microscope in the study of plant and animal life. Consequently, he made so many discoveries that his name was given to a score of them, including a family of trees known as the Malpighiaceae, and several parts of the human body such as the Malpighian corpuscle in the spleen and the Malpighian layer of the skin.

THE OLD JUDGE SAYS...

HENRY: "I've heard that same thing several times lately... that alcoholics are really sick people. It was news to me. Do you agree with that statement, Judge?"

OLD JUDGE: "Yes, it's true, Henry. It's no notion of mine... it's a statement made by scientists who have studied the subject."

HENRY: "What did they find out, Judge?"

OLD JUDGE: "Well, as a result of their medical research, they found out that approximately 95% of the people who drink drink sensibly. 5% do so unwisely, at times

Included in that 5% is the small percentage known as alcoholics."

HENRY: "But why are they called sick people?"

OLD JUDGE: "Because it has been discovered that, in many cases, excessive drinking is a symptom of some physical or emotional maladjustment... not the cause of it."

HENRY: "Now I understand it, Judge. I am glad to hear of the modern approach to this problem and that so much is really being done to help these folks."

For in the light of memory shines **MICHIGAN MY MICHIGAN** by **ELTON R. EATON**

These are fast changing times. Probably at no time in history has there ever prevailed such a condition as at present. No—we are not going backwards. We are changing but going forward.

Director P. J. Hoffmaster of the Michigan conservation department made reference to this change in his annual report when he said: "In recent years there has been a very definite increase in the tendency of people to get out of doors. Just before the war we were observing more and more people using our forests, the fields and our waters. More people are buying hunting and fishing licenses. There is no reason to believe that this tendency will not continue," he said.

The Director is one hundred percent right. These are changing times, we repeat. People have decided that they are going to enjoy some of the blessings of this life that have been bestowed upon them by nature.

They have decided that the greedy who have polluted their streams and lakes are going to clean up those streams and lakes so that once again man can enjoy the clean, sparkling waters of the once pure lakes of Michigan.

We have said before, and we say again, that soon northern Michigan will enjoy the greatest period of prosperity in all of its history. No, it will not be the kind of prosperity that existed when the timber "interests" were slashing and burning off the beautiful woodlands of Michigan.

It will be the kind of prosperity brought to that part of Michigan by hundreds of thousands of men and women and children who love to tramp the woods, fish the streams and gaze upon the beauties of a naturally beautiful part of the world.

Director Hoffmaster continues: "There isn't any doubt but that every acre of ground and every foot of water frontage the state can make available will be utilized enjoyably and effectively by the public."

Here is one state official with vision, with a knowledge of what he is talking about, and a spirit to do what he believes right in the interests of the great out-door loving public of a great out-door state.

While last year's tourist visits to Michigan's many state parks fell below the expected number, it is our prediction that 1946 will see the greatest rush to Michigan parks this state has ever known. Back in 1944 during the war there were some 5,000,000 people who visited Michigan parks. That was at a time when it was hard to get gas and most people didn't travel too far away from their homes.

Last year the figure wasn't much different than in 1944. The war was in its final stages. Everybody was worried. Everybody, except some "make-believe" war workers, was keeping his nose right on the grindstone. And there wasn't much auto travel in or out of the state during 1945.

But watch out for this year! To our thousands of readers in this part of Wayne county, you'd better make plans early if you are going to visit some of Michigan's beautiful state parks. Any and every one of them is a beauty spot. But do not be alarmed when we say there will be more people in the parks this year than ever before.

Maybe Mr. Hoffmaster and the conservation commission will say my figures are a little high, but I'm TELLING YOU that Michigan can well care for over 10,000,000 visitors to its state parks this year.

And we predict without much fear of contradiction that by the time the vacation period ends in October there will be nearer 10,000,000 than 5,000,000 people who will have visited the state parks of this great commonwealth.

Remember the figures, TEN MILLION!

Recently the writer was asked to prepare a series of articles about state parks of Michigan for The Plymouth Mail by some of our readers. The request will be complied with sometime early in the summer, as we have, up to

the present time, not secured all of the information necessary for the series.

One way to start the day wrong is to look up from the breakfast kitchen window. This albatross to see a bear peering into most daily occurrence finally so dampened the spirits of Peter Foss, Goyebic lake state park superintendent, and his spouse that a hunt for the visitor was ordered. The bear, a bad actor who had bothered campers, walked into trouble when it frightened two children. The bear was shot by Raymond Kangas, park ranger.

A series of experiments, unique in conservation history, is being conducted by Pennsylvania to determine the reaction of bobwhite quail to various kinds of weather, the Sportsmen's Service Bureau reports. The Game Commission has constructed a "climater," a room in which all varieties of weather common to that State can be simulated. Wild-trapped Michigan quail will be used in the studies designed to reveal whether the birds can be established again in Pennsylvania.

The Oregon State Game Commission has announced that aerial hunting of coyotes in that State will continue through February and March, the Sportsmen's Service Bureau reports, and that a reconnaissance flight will be made to determine the practicability of extending aerial predator hunting to new areas. Four fliers are now employed in this activity.

This supplements regular protection control work by hunters supervised by the U. S. Fish and Wildlife Service, and toward which the Game Commission as one of the cooperators, contributes \$12,900 annually.

Howard McKay, crowd-shooting

Ohian, made history last year, the Sportsmen's Service Bureau reports, when he shot a brown crow in a rookery some seven miles north of Celino, Ohio. Thirty-five other crows taken at the same spot were clothed in the usual conventional black. The freak bird was brownish-red in color, without a single black feather. Legs and bill were brown also.

Just as soon as the frost is out of the ground and the robins are chirping out in the woods, members of the Western Wayne County Conservation Association are going to have plenty to do. President Brick Champe has advised the writer that he's going to call upon the "man-power" of the organization to get busy and finish up the club house out on Joy road. While much of the work was done last fall, there remains considerable yet to do. It is President Champe's hope to have the basement finished first so that meetings can be held there, pending the completion of the main floor. The fall around the foundation was finished last fall.

Many a hunter has had his most successful hunting and fishing experiences while in pajamas, states the Sportsmen's Service Bureau, only to discover upon sad awakening, that it was all a dream. Not so with Tommie Allen of Jackson, Alabama, who had sworn to get his buck if he had to wait 'till the cows come home. He little realized how accurate was his prediction!

According to Buzz Walker of the Mobil Register, Mrs. Allen woke her husband one morning, with the excited announcement that a big buck had come up with the cows and was standing at the gate. Her hubby rose, grabbed his gun and, clad in his pajamas, shot the buck from his bedroom door. It was the last day of the deer season too!

CITIZENSHIP IS NEW REPORT CARD MARK

Citizenship will be the new mark on the report cards beginning with the fourth marking period. This new mark will indicate the quality of a student's citizenship. The marks will range from 1 to 5 and will be an exponent on his scholastic grade. The exponent 1 will be the highest mark obtainable and will indicate that he is responsible, willing, cooperative, courteous, observes school regulations and resists temptation to waste time. The mark of 2 means that he exhibits a very commendable tendency toward the highest quality; 3 means satisfactory in terms of the minimum requirements. 4 means that he has a disappointing tendency toward the lowest quality. 5 is the lowest mark, obtainable. He frequently and deliberately breaks school regulations and takes pride in doing so.

GIRL RESERVE NEWS.

Tonight is the night for the Girl Reserve Canned Food Frolic to be given in the Plymouth High School gym from 8 to 11. Music will be furnished by Don Korte's orchestra. Remember that no money is required, but instead, tip containers of either meat, fruit, vegetables, or milk equal in value to 30 cents. The food must be precooked because all of the people in Europe can not cook the food.

G.R. OFFER PRIZES TO CONTESTANTS

A theatre ticket will be presented to the person handing in a question that is unanswered by the contestants and a grand prize of two tickets to a concert or theatre in Detroit to the winner of the Musical Quiz Contest presented by the Girl Reserves at an assembly on March 8 at 2:00 p.m.

Ann Hopkins is the Mistress of Ceremony. The tenth grade has challenged all of the other grades combined.

SPANISH II ELECTS HOME ROOM OFFICERS

Because Spanish II was not taught the first hour of the morning last semester and thus was not a home room, it was necessary when the schedule was switched to elect officers for this new home room. KIDSTON NAMED FOR SCIENCE SCHOLARSHIP

By Barbara Lorenz
Alan Kidston has been nominated by the science faculty, which consists of Miss Dorothy Shultz, Mrs. Helen Thams, Mr. Claude Dykhouse, and Mr. Ross Hedricks, as the most progressive student in science in Plymouth High School. Since Plymouth is one of the 3,000 high and preparatory schools eligible to compete for the Bausch and Lomb Science Scholarships at the University of Rochester, the winner of the Honorary Science Award has an opportunity to enter the competition for five science scholarships at the University of Rochester.

Medals are presented each year to graduating students with the highest standing and the greatest progress in science. Winners of the scholarships are expected to make their major studies either in optics, physics, engineering, chemistry, or mathematics, or a combination of these subjects.

PLYMOUTH ROCKS WIN FROM REDFORD UNION

The Plymouth Rocks won their second consecutive victory of the season at the expense of the Redford Union Panthers by a score of 27 to 22. The game was played at the Wayne County Training School before a large crowd and was the last home game of the season for the Rocks.

Earlier in the season, the Panthers beat the Rocks by two points on their floor in a game equally as thrilling as was this one. The Rocks, showing good teamwork, sprang to a 11-2 lead at the quarter. Then the Panthers started scoring and the Rocks held a slim 16-12 lead at the half-time intermission. The Rocks were staying ahead but the Panthers pulled up, alongside them at the end of the third quarter and deadlocked the score at 22-22. There was no further scoring until the last four-minute mark when the Rocks scored two baskets. The Panthers tried separately but when Becker scored a free shot for the Rocks, Redford's hopes were gone and Plymouth walked off the floor with a 27-22 victory. It was the Rocks' fourth win of the year against nine defeats, but the team was showing great improvement in recent playing.

The scoring for the Rocks was pretty well divided with Jack Dobb getting seven points, Dale Bentley and Schomberger six apiece, while Strautz and Becker each got four. Fox paced the Panthers with five counters.

The Plymouth second team dropped its contest with the Redford Union Reserves 43-21. The locals missed six but of nine gift shots as well as many lay-ins. Unable to crack the Panthers' defense, the Rocks trailed during the entire game. A late rally was started but was set down when the Panthers came through with some late markers.

Jenkins was high man on the floor with 14 tallies, while McIntosh netted nine for the locals. The Rocks were privileged to have Gene Harmon, a brother of Tom Harmon, as the referee. Gates also refereed.

Friday night the Rocks play Wayne to end their regular season. The game will be played at Wayne.

The Plymouth Freshmen have again come through, last Thursday, and this time it was Redford Union that took a bow. Redford had previously beaten the local cagers in our own gym by two points, but the Frosh stepped in and settled the score by beating them 46-33.

This makes 6 victories and 1 defeat for the Rocks. Their next game will be with Wayne.

The Plymouth Girl Reserves were represented at a midwinter regional conference held in Detroit at the Central branch of the YWCA Saturday, February 16, by Pat Woods, President; Rosemary Guthrie, and Miss Bristab, sponsor. Girls from all of Eastern Michigan were represented at the regional meeting. The theme of the conference was, "Your Future and You."

Miss Laurentine B. Collins, director of School Community Relations in Detroit Public schools was the main speaker. The girls met in discussion groups in the morning and to summarize their discussion they presented skits in the afternoon. After having a luncheon each girl participated in one of the following workshops: Service, crafts, vocational opportunities and parties and money making schemes.

ROCKS WIN 2ND GAME FROM NORTHVILLE

By Ronald Hees, Keith Miller
The Plymouth Rocks fought to their second victory of the season over the Northville Mustangs last Tuesday night with a score of 36-29. The triumph although not a league victory, entitles Plymouth to keep the symbolic orange and black ball which is displayed in their honor showcase in the first floor hall.

The Mustangs started out with an early 6 point lead, but saw it dissolve as they faltered in the second quarter. From here on in, they seemed unable to crush the Rock defense, and had a time stopping the offense thrown at them. It was George Schomberger local guard, who came up with 18 points to lead the basketballers. Lister and Nitzel each netted 12 for Northville.

When the locals played in Northville' tight packed gym, the 41 fouls called on the two teams made the game seem rough and slow but the game last Tuesday was a direct contrast, with 18 fouls committed, and only 4 of these on the Rocks. That is the difference a larger court can make.

The second team game, which was mainly a defensive game, seemed very slow moving. In fact, it was 3 minutes before Wall of Northville finally netted the first basket, and the score was only 2-0 at the first quarters ending. By half, Plymouth had managed to collect 7, while the Mustangs had gathered 8.

In the third quarter, however, Northville had summed up the situation, and started pulling away. They tallied 18 points in the last half for a total of 26, while Plymouth only netted three. The final score was 26-10.

Plymouth's usual crowd again showed its loyalty, and packed the Training School gym. This was the third time this year that a snowstorm has not interfered with the game, but snow or no snow, the team followers were there.

Tonight the locals meet Wayne away for the last game of the season. This, however, does not end the season for on March 6-7 the district playoffs will be held.

STUDENTS ATTEND DISTRICT FESTIVAL

Doris Waldecker, William Beitner, Jannie Stillwagon and Carol Lidgard attended the first North-eastern Michigan solo and ensemble festival in five years with Mr. Luchtman, Saturday at River Rouge. Approximately 16 schools and 1000 students participated in the event.

The State Band and Orchestra district festival will be held at Ypsilanti, March 11. Plymouth has decided to enter in the "A" class for the first time. In order to get the band in shape, Mr. Luchtman has been holding evening rehearsals along with the regular daily practices. The State contest will be held at East Lansing, April 12-13.

MR. MOISIO URGES BOYS TO JOIN TRACK TEAM

"There are a lot of boys in this school who have talent that they don't know they have, and they have the talent to make a winning team. The only way to discover these hidden prospects is to come out for track and find out just how good they are," stated Mr. Moisio when interviewed about the prospects of the track team.

Six boys who scored points last year in track joined up again with 19 other boys who are inexperienced and it will take a long time to get them in shape.

They are doing calisthenics by running over to Starkweather School and working out in their gym, because PHS does not have enough room. The scheduled first meet will be with Trenton, April 12, at the Training School. Additional meets are not scheduled but are being planned.

ONE MAN'S OPINION

By Bill Moon.
Why are you coming to school? That seems like an odd question to ask, I'll admit—but is it? Have you ever seriously considered the purpose of your coming to school? Of course, the most obvious answer is that we have to—our folks make us, but I think that if we ever had to choose between quitting and staying—we would stay.

It is an all too common experience for a student, approaching his graduation, to suddenly realize that he has "missed the boat" as far as his education is concerned.

The purpose of education today is to prepare students to be useful citizens of the world—not just in it. Next time you are tempted to choose so called "snap courses," just to get the credit, do a little thinking about what good it will do you after you graduate—you might amaze yourself.

The Science Club enjoyed a very interesting program on different molds presented by Mr. Hederick last Thursday. These molds were projected onto a screen which enabled all to see more clearly the different mold structures. Some history of molds was given first to clarify the different parts of the mold which the microscope showed up. As an added attraction the program ended by watching the blood flow through the tail of a fish.

PLYMOUTH DEBATERS LOSE TO ROYAL OAK

The Plymouth Debating Team was defeated by Royal Oak in the central Grade School gymnasium last Wednesday, February 20 when the local team debated the affirmative side of the question "Resolved: That every able-bodied male citizen of the United States have one full year of military training before attaining the age of 24."

The judges for the event were Mr. Kelley from Ypsilanti, Mr. Rau from Wayne University, and Mr. Burach from Pershing High School, Detroit. The decision of the judges was a two to one vote in favor of Royal Oak.

WHY WE HAVE BEEN ABLE TO REDUCE RATES AND YET IMPROVE OUR SERVICE
You may wonder why we are able to reduce electric rates, as directed by the Michigan Public Service Commission, even while the cost of living is going up. Our answer is simple. It starts with a will to give you the best possible service at rates that are fair and reasonable. It continues with the cooperation of experienced and efficient employees. It includes planning and economizing on the part of management and engineers.
In addition, the combined savings brought about by a reduction in federal taxes and increased use of electricity contribute to this latest rate reduction.
In short, it is enterprise at work . . . enterprise with know-how and a goal. The goal is the best electric service in the world at rates that are fair and reasonable.

PLAY IT SAFE!

Why take any chances on not having all your equipment in good running order next season when you can have it all fixed up now. That's our business—expert repairs on any tractor, implement or tool used in farming. We have the mechanics, the special shop equipment and a big stock of genuine IHC parts to do your work right.

The main thing is to give us a little advance notice when you can. Most of the time our shop is swamped but when we know ahead of time we can schedule your jobs and have your machines ready when you want them.

Just give us a ring. Then when you're coming in, on the next trip, load up your tractor or any other piece of equipment and drop it off here. You'll find our service as good as the McCormick-Deering machines we sell. Our prices are reasonable. And we guarantee your satisfaction.

School News

HAVE YOU PURCHASED YOUR ANNUAL YET?

For only \$1.75 you can buy a school annual. It has been said that the last school annual was published by Plymouth High 14 years ago, but a correction has been made to the fact that the last school annual appeared in 1937.

This beautiful leather bound annual will be made up of the entire school and will be of great interest to every member of PHS. There will be information on all of your friends and teachers as well as photographs of everything and practically everybody.

LEADERS' CLUB HOLDS INITIATION

On Thursday, February 21, Leaders' Club initiated 15 new girls into the club. The following story, written by one of the newly initiated members, will aptly describe the evening:

Well, this was the big day. I wanted to get into Leaders' Club very much but I did not know what was in store for me that night at initiation.

We, that is the other girls and I, were to meet at the PHS gym at 6:20. As soon as we got there, we were blindfolded and our wraps were taken off. We were wearing overalls and big shirts and were requested to bring a towel and two large pins.

Then we were led over an obstacle course. Each girl had two or three Leader's Club members over them, telling them what to do. As for me I had three seniors as my "guys", which we call them.

After over and under obstacles, we were led someplace where Leaders' Club members put "goo" all over our faces and hands, such as lipstick, cold cream, and some green and blue vegetable coloring. Then came one of the worst parts. We had some raw oysters shoved down our mouths. They did not taste so good.

But that wasn't all! They ran us on cold icy floors in our stocking feet.

When we ate, but not many had a large appetite considering our looks made practically everybody sick.

Finally when we thought it was over the members decided they wanted us to prance through the town and into the Music Box with all this "goo" all over us.

My guys have control of me for a week, so the worst is yet to come, because they can make me do anything they want me to. By the way, if you see me doing strange things this week—well—who knows?—Lois Osgood.

P.S. On the whole it was well worth it.

The new members are: Lois Osgood, Jean Agosta, Rose Ann Ewer, Betty Mino, Doris Puckett, Elaine Tate, Beverly Balsey, Sally Holcomb, Margaret Chevy, Jane Houk, Lois Packard, Donna Wisely, Marion Pernie, Helen Fisher, and Aileen Burns.

WHAT IF?

Somebody used that drinking fountain that stands by itself on the third floor.

Things did not make Wanda Hunt "sick to her stomach."

Seniors could publish an annual without any worries!

We had elevators in our school. Plymouth High School had five extra rooms that were vacant.

Mickey did not make that remark that appears elsewhere in the paper.

"Due to strikes" school books could not be made.

Refreshments were served between classes.

There were light globes on the lamp posts on either side of the entrance to PHS.

Barbara Lorenz did not go to the show every Saturday afternoon.

There was not always one smell dominant over the rest within the walls of PHS (last week it was Roman Cleanser.)

THE LATEST

Was the bus ride from Trenton enjoyable, cheerleaders? Ask M. Bassett or N. Gerst.

Shirley, how's your cold sore coming? Clarence! you'd better watch those cars with one light. Hubba-Hubba.

I wonder how Ann D. and Jerry A. are getting along. Another strike for Ann.

Say, Danny Hines, Mr. Hedricks would like to know what you have to do to get out of one of those cottages at the training school.

Poor Jim McD., she just won't fall for you. Maybe she's stuck on Larry Finney. Is that right, Marge? Nice guy, that Larry.

Ann D. and Shirley J. have new nicknames. Bubbles and Cuddles. I wonder where they got them. Hubba-Hubba.

Mickey states she is the last one on the end. The one with the fan!

Bob T. Which will it be Helen H. or Nancy L. Remember it's a free country.

Margie E. has a new ring on her finger. Could it be a new boy friend. Kinda young, aren't you?

The ex-mayor is now known as "Granpa." I'll bet he felt like it after the debate.

We hear that Miss Shultz doesn't like good music in her Third hour Physics Class. Bad for the Quintet.

Ralph Deiterick and Doris Oldenburg are going to wear those hats out! Hey, Spring isn't here yet.

Libby—you will learn to be a ballet dancer yet.

Marijean P.—Remember those announcements!

Joan Laiture—Nosey! Caroline Rolen—Open Season! Patsy Paekard? Where is the flashy fingernail polish?

It appears that the journalism class has started a new romance, eh, Burk and Lorenz—How was the show Saturday night or didn't you notice?

Lois N. finally caught Ed. S.—Hubba.

Rose Ann Ewer and Helen Fisher have now settled their argument over the colors, blue and yellow. The result is blue.

Why was Jo Ann Hesley so starry eyed after dancing with a certain guy named Bob W. Friday night?

Who was it that took Joan Cavell home after the dance Friday night? Does she really like him?—Bob S.

What happened between Marilyn K. and Jim D.?

Oh, yes, Joan Cavell. By the way you better pay off that debt you owe a certain senior boy or you are really going to pay interest. That library seat was rather expensive we think!

GIRL RESERVE CABINET MEETS WITH COUNCIL

The Plymouth Girl Reserves cabinet met with the Girl Reserve council at the home of the president of the council, Mrs. H. Stevens of 998 Church street, on February 19 at 7:30 p.m. The girls reported on their activities of the year to date and of their activities for the coming year. The Girl Reserves will participate in the following activities for this year: Ti Can Dance, Mother-Daughter Banquet, Senior Farewell, Recognition Service, Joint Hi-Y Girl Reserve party, Theatre party, and the current Girl Reserve Ballet. After refreshments they had a ring group discussion.

MUSIC DEPARTMENT PRESENTS ASSEMBLY

Grades 9 through 12 enjoyed a mixed program of vocal and band music, and a pep meeting at an assembly presented by the Music Department last Friday. The assembly got underway with the Salute to the Flag, The Lord's Prayer, and the first stanza of the Star Spangled Banner. For the vocal department Joseph Cicerelli sang Because and Out Where the West Begins. Phyllis LaVerne then sang The Indian Love Call and Night and Day. The double Quartet entertained with two popular numbers, I'm Always Chasing Rainbows and Tiesing Always on a Lilac Tree.

The band under the direction of Mr. C. Luchtman played American Patrols and then gave a very amusing version of Goldy Locks and the Three Bears. The band then played Sequoia, their entry for the district meet.

After a short pep meeting, which must have served its purpose because the team won, the band finished with Gridiron Heroes as the assembly was dismissed.

MR. CORNINSTUFF.

Mr. Corninstuff—Want to here some more corn in stuff? Well, here goes anyway:

To kiss is so oh, very base, I never do,

To smoke or drink is such bad taste, I never do,

I don't believe in love or mate, I never even stay out late,

You wouldn't think I'd get a date, I never do!

"Dearest Jane," wrote Tom, "I would swim the mighty oceans for one look into your deep blue eyes. I would walk through a wall of flame for a single touch of your tiny hands. I would leap the deepest chasm for a word from your lovely lips."

As ever, Tom
P. S. I will not be over Saturday night. My father says I can not use the car and I can not afford a taxi!

Remember this, men of PHS, you may need it.

Barbara—"George got his teeth smashed playing tennis last week."

Sally—"Well, that's one way of losing a set."

A bachelor is a man who does not have to be shown it is better to have loved—and lost.

SENIORS OF THE WEEK.

Collecting miniature statues of musicians and animals and scenic pictures is the hobby of Ruth Campbell, daughter of Fletcher Campbell, 941 W. Ann Arbor Trail. Ruth, who wants to attend the University of Michigan, has been active in the Double Quartet, Orchestra, LAMS, and French Club. Her pet peeve is people who "put on."

People who bite their fingernails as the pet peeve of Elizabeth Neal, daughter of Charles and Florence Neal, 209 Ann Street. "Lib" has participated in Drama Club, Junior Play, Senior Play, Senior Annual Staff, J-Hop and Prom committees, and Chorus. She has traveled in Illinois, Kentucky, Missouri, and Michigan and likes collecting Tobbie jugs and riding her horse.

MISSIONARY TALKS TO JUNIOR HIGH ASSEMBLY

"Romance of the Chinese Language" was the title of a talk given by Rev. Ivan Abbott, missionary in China, Tuesday, Feb. 19, for grades 7, 8, and 9. Rev. Mr. Abbott spent much of the time writing this very unusual language on a blackboard and explaining how he learned to speak it.

The Chinese language has no alphabet, and the grammar has no case, number, or gender. In some cases you could tell the meaning of a word by looking at it.

When Rev. Mr. Abbott first went to China his Chinese teacher gave him a Chinese name which is supposed to suit his personality. If a man is not satisfied with his name he may change it if he so desires.

Questions were asked from the audience and many interesting things were found out. China has as many as 150 different forms of the language, many of the people keep birds, and they enjoy singing very much. When asked to sing a song in Chinese he did so much to the delight of the students.

In the United States between 1935 and 1940, only 15 per cent of the student pilots receiving a permit to fly a plane alone later applied for a private license, while 50 per cent of those purchasing a private plane sold it within two years.

Drive Safely

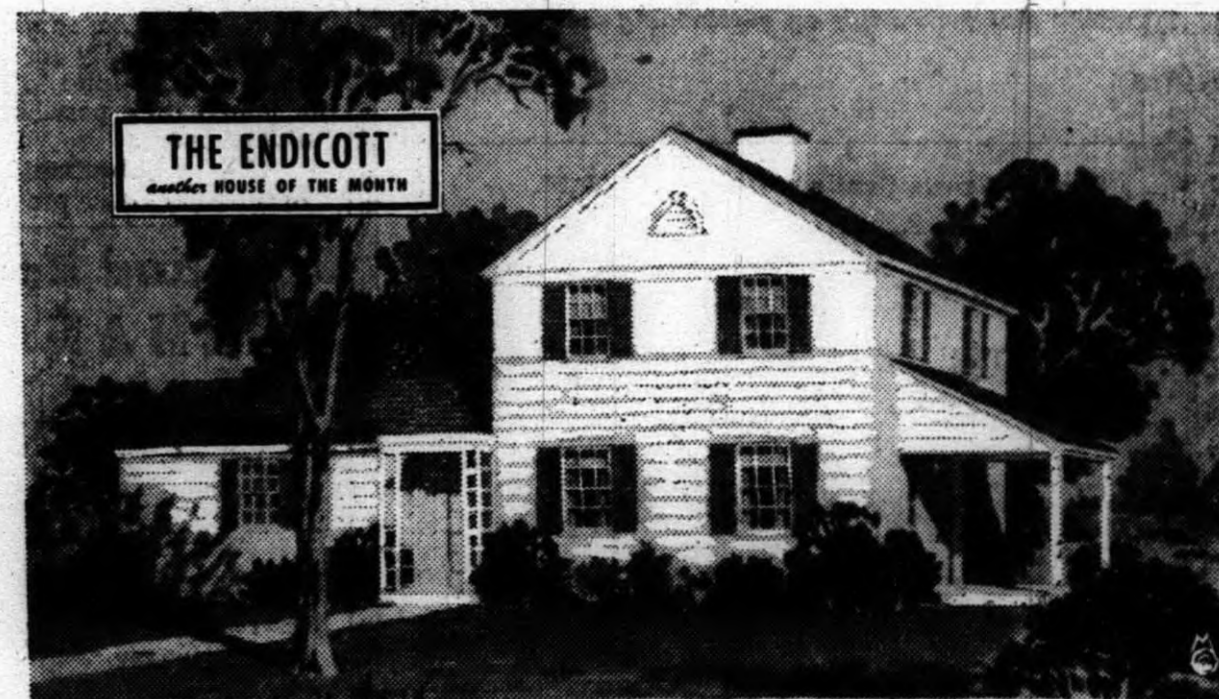

During the icy days of winter just ahead are many dangers, to drivers and pedestrians. We urge all motorists to drive just a bit more slowly, watch more carefully, be more considerate of the health and lives of others. A moment's carelessness may mean a lifetime of regret and untold sorrow to some innocent family.

Babson Says --

Real Estate Outlook. Babson Park, Mass., March 1—The real estate boom appears to be gaining momentum...

Way to Make Money. Perhaps the simplest and surest way to make money in real estate is to select a growing, well-located city with diversified industries...

Watch Your Step. Although real estate prices in many sections have risen considerably, there is no sign—except in previously war-inflated areas—of a turn downward...

ban, suburban and rural—staged the most spectacular price advance during the war. Office and factory property also moved up, but not to the same degree.

On the basis of the economic prospects for different sections of the country, I feel that the best areas will be in the Southeast, Far West and Southwest.

Consider Labor Conditions. Factory rehabilitation will be extensive but relatively few new factory units will be needed.

Although there is much talk about shortages of skilled labor, untrained veterans are daily swelling the ranks of the unemployed.

Carvel Bentley Speaks To BPWC

Sixteen members and guests attended the dinner meeting of the Plymouth Business and Professional Women's Club last week Tuesday night at St. John's Episcopal Parish House.

American Legion Authorizes 15 Scholarships

The National Convention and National Executive Committee have authorized the awarding of fifteen (15) National Commander Scholarships.

Eligibility. Any son of a deceased veteran of World War I or World War II who is actually in need of financial assistance to continue his education is eligible for a National Commander Scholarship, irrespective of the date and cause of death of his father.

For daughters of departed veterans, The American Legion Auxiliary provides annually five National President Scholarships.

Application. Applications should be addressed in ordinary letter form to the Chairman of the Department Scholarship Committee, Wilber M. Brucker, 602 Barlum Tower, Detroit 26, Michigan.

Nominations. The Department Chairman after consultation with the Department Commander and National Executive Committee will nominate two candidates from the applications on hand, for the National Commander Scholarship.
