

THINKING WITH MR. TRUMAN.

We have found ourselves quite in agreement with considerable of Mr. Truman's thinking in recent months. Of course we do not approve of all that he does and says, but on the whole, he is doing some pretty logical thinking.

We agree with him when he says that he thinks "party" men, those who believe and are truly Democrats, should hold the key positions in his administration, just as we believe that "party" men should hold key administrative positions in a Republican administration.

It is the record of those holding high positions within an administration which decides the fate of that administration. This being true, then why should not an administration place in its responsible positions only the party men who believe in the theories of the party and who will devote their time and efforts to making a good record for their party and its leader?

Surely Mr. Truman has a perfect right to expect party as well as individual loyalty upon those he entrusts with high responsibilities within his administration. This loyalty is generally given by trusted "party" men.

It is the man without a party, the man who wobbles here and there, the man who claims to be a "non-partisan" who generally gives a state or national administration its chief troubles in the conduct of public affairs. These so-called "non-partisans" seek and gain high place invariably for their own personal gain and advantages.

We saw a great Governor of this state betrayed a number of years ago by one of his so-called "trusted" lieutenants who later won for himself a high place in politics, only to die in public disgrace.

We have seen head-line hunters holding so-called non-partisan offices, throw to the four winds all political decency in order to capitalize on the head-lines they had been able to create for themselves.

Yes, we agree with Mr. Truman that officials holding high positions in an administration should be strictly party men. We hold political parties responsible for the success or failure of an administration — so why permit "non-partisans" to write a record which very frequently spells defeat?

TIME AND MONEY WASTED.

Francis P. Slattery, a Grand Rapids banker, is now serving out a sentence in the Ingham county jail for contempt of court. The banker refused to answer some questions put to him pertaining to alleged state graft.

He was sentenced to serve 60 days for refusing to tell all he knew about money paid to legislators.

He made appeals to all the courts in the land and twice to the supreme court in Washington, only to find out that he had to serve out the sentence.

But the jail sentence does not clear Mr. Slattery entirely. The special grand jury prosecutor can bring him back into court, ask the same questions again and if he refuses to answer again, he can go right back to jail for contempt.

If Mr. Slattery was the good citizen he claims to be, he would go back into court and give to the state the information he refuses to reveal. Never in the history of our country was honesty more needed in the conduct of public business than at the present time.

WE DO NOT AGREE WITH JOSEPH DAVIES.

Joseph E. Davies who was one time United States ambassador to Russia, says that Russia has every moral right to seek atomic bomb secrets through military espionage in this country!

We do not agree with Mr. Davies in the least. We not only do not agree with him, but we regard his statement as a display of a mighty cheap form of Americanism.

We have opened our country wide to the Russians. They can come and go as they please. Our institutions, our factories, our cities and our governmental departments are wide open for their visits and inspections.

But can Americans do the same thing in Russia? Of course not! Even our official representatives are restricted as to where they can go and what they can see. In fact we know nothing of what is going on in Russia.

Our policy has been one of utmost courtesy to Russia, a spirit of cordiality and friendship which has not been in the least reciprocated.

So why then should we open the doors to our defense plans to Russia?

Russia knows and the entire world knows that this nation has never instigated a war in its entire modern history. We have more than once demonstrated to the world that we are willing to turn "our cheek" to take the second slap before displaying even an angry spirit.

We have no designs on other parts of the world. We want no new territories.

Mr. Davies and every one else knows that it would be much to our military advantage if we had not made Cuba a free nation and if we possessed all of the lands that lie between our southern boundary lines and the Panama canal.

But Cuba, Mexico and all the other small nations on or near this continent live in peace and without fear because these United States of ours have no territorial aspirations, even for the purpose of national defense and security.

The same cannot be said of Russia. Every move that country makes is of a military nature.

It is quite impossible to understand a truly loyal American making such a statement as that credited to Joseph Davies.

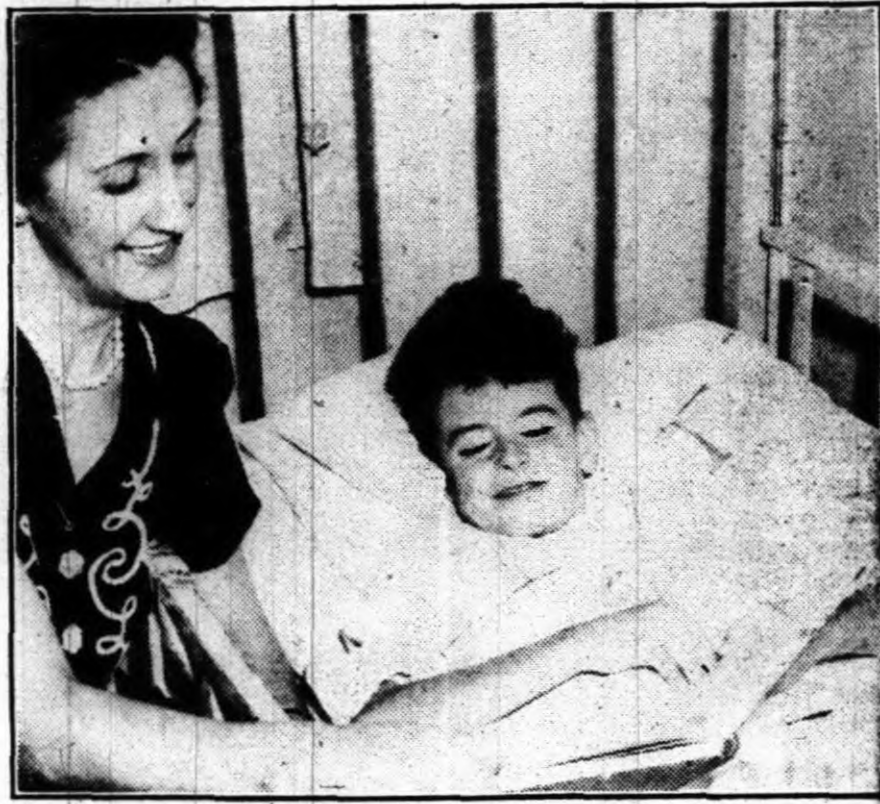

All America wants is to be left alone so that we can restore the damage done to this nation by our involvement in a war forced upon the world by the hating races of Europe. And as we see it, we are not helping ourselves by turning over to a nation already seemingly preparing for another war, one of our war department secrets.

FREE SCHOOL LUNCHES.

Congress has passed the bill appropriating money for free school lunches. We are for it, where it is needed, but the danger in the whole business lies in the fact that here is a vast sum of money that may become a political jackpot for some of the greedy politicians to play with. Let's guard it carefully and see to it that ALL children are treated equal under the provisions of this new act.

NOT MUCH HOPE BEFORE FALL.

Women's hosiery of any description is likely to be difficult to find until late in the year. By that time, production is expected to reach 15,000,000 dozen pairs a year—still only half of capacity. Scarcity of yarn explains this shortage. Rayon has gone into woven fabrics; output of nylon yarn suitable for hosiery had to start from scratch after the war, silk can't be delivered for several months.

Easter seals finance bedside teachings for boys and girls who are confined to bed for many months while crooked limbs are made straight. Special teaching keeps them from getting behind in their school work and from becoming discouraged. Locally, the seals, which are sold nationally each year at Easter time, are available at Walkover Shoe Store.

New Sea Food Store Is Opened In Plymouth

Through the efforts of three Plymouthites, local residents have the opportunity of daily purchasing all kinds of fish and sea food less than 24 hours after it is taken from the water.

That is the policy of the thriving Plymouth Fish Market, 719 W. Ann Arbor Road, operated by Bruce Howat, Alex Susky and Jewell McBride.

Their products come to them daily by plane from the east and south coasts and from the Great Lakes. No precious time is lost in shipping. Their merchandise reaches Plymouth tables many times within 18 hours after it is caught.

Clams, lobsters or oysters that are taken from their briny haunts; this afternoon will be ready for delivery to Plymouth homes the following morning. Thus the three enterprising merchants are able to guarantee their customers' freshness.

The days when Plymouth appetites were denied the joys of fresh fish and sea food in season because of transportation difficulties are over.

No longer is Plymouth isolated in regards to satisfying the palates of its people. Products of the Great Lakes or the warm sea waters of the south and the more frigid north Atlantic seas are less than a day away from local tables.

This is especially effective during the present season of Lent when fish are so much in demand. Oysters are another item that air transportation adds value to.

Plymouthites should applaud the efforts of these three whose marketing methods are a boon to local housewives. Yes, Plymouth has hit the big time in modern merchandising.

New Plant of Specialty Feed Is Completed

Specialty Feed Products Company, located just east of Plymouth on Haggerty road at the Pere Marquette tracks, is completing a \$25,000 expansion program and awaiting delivery of \$8,000 worth of new equipment.

Right now the firm has a plant 200 feet long, 45 feet wide and two stories high under one roof. Its present daily output is 30 tons but will be increased to 50 with the new equipment. In addition it has railroad siding capable of holding 15 cars.

The company also has erected a four-truck garage and is re-converting a portion of the original plant into a hay and grain storage barn separate from the other buildings.

The main plant which includes the offices, mixing bins and storage rooms for ingredients and the finished products is of frame, cinder block and steel construction.

The new garage is of cinder blocks while the hay and grain barn is frame.

All of this stemmed from a drab frame building 50 by 30 which was the company's original plant when Mr. and Mrs. J. J. Wickens began their partnership enterprise six years ago.

At that time, "Joe" Wickens and his capable wife opened the Specialty Feed Products Company most humbly but with determination.

In 1940 when the firm opened, Joe was lucky indeed to have sufficient orders to keep his single truck on the road three days a week. Pere Marquette switch crews rarely pulled a "load" off his siding and made deliveries to him about once every seven days.

The company not only was an "unknown" in Plymouth and (Continued on 2nd section, page 2)

Relation of National Debt to Plymouth Explained in Talk to Rotary

City's Pro-Rata Share Is \$54,359 A Day All Year

The enormity of the National Debt and its relation to Michigan and Plymouth was brought home forcefully Friday, March 15, when Rolland E. Fisher, Assistant Executive Director of the Michigan Public Expenditure Survey, cited facts and figures to illustrate our national debt and Plymouth's pro rata share in his address before the Plymouth Rotary Club at Hotel Mayflower.

"President Truman said recently that it will be a long time before we enjoy the prosperity which came with the war years," Mr. Fisher said. "I take issue with the idea that we enjoyed a period of prosperity during the years of war. I cannot stretch my imagination far enough to picture a period of prosperity out of a time that saw us go into debt at the rate of a billion dollars a week.

"To mortgage almost to the hilt all the wealth that has been accumulated on this continent since 1492 and feel 'prosperous' doing so is the same kind of economic thinking to which we have been subjected for the past decade.

"We have a near \$280 billion debt facing us. Inasmuch as the city and school district boundaries are not co-terminous, I shall give you separate statistics for each.

Plymouth's city pro rata share of the national debt

amounts to \$19,840,924 and is more than 3 times greater than its taxable assessed valuation of \$6,473,900.

It is almost 382 times greater than Plymouth's net city debt of \$52,000.

It is the equivalent of \$54,359 per day for 365 days of a year.

Plymouth's school district pro rata share of the national debt is \$30,524,498 or is almost 2 1/2 times greater than its taxable assessed valuation of \$12,425,255.

It is more than 305 times greater than Plymouth School District's net city debt of \$100,000.

Plymouth School District's share is the equivalent of \$83,355 per day for 365 days.

Plymouth's city pro rata share of the national debt interest is \$426,806.

With its pro rata of the national debt the City of Plymouth could:

1. Pay off the net city debt in less than one day; or
2. Operate its city government for more than 165 years.

With its pro rata share of the national debt Plymouth School District could:

1. Pay off the net school debt in less than 1 1/2 days; or
2. Operate its school system for 123 years.

(Continued on 2nd section, page 2)

Pictorial Movies To Promote City Urged by Pastor

In an address Tuesday night before the Kiwanis Club at Hotel Mayflower, the Rev. Edgar Hoenecke, Lutheran pastor in Plymouth, urged that the community take steps to prepare a pictorial movie record of Plymouth and its environs.

He stressed the fact that Plymouth has more than nine miles of parkways, considerable natural beauty and resources and industrial features.

"Wrap it all up in a well planned and edited pictorial movie, declared Rev. Hoenecke, and you can sell Plymouth to manufacturers and others from coast to coast.

"All we need is the genuine co-operative effort of Plymouth's many home movie photographers. In that way the cost of such a project would be kept down. The combined effort would be just another phase of Plymouth's united front for civic enterprise."

Rev. Hoenecke then exhibited home movies he had taken of Plymouth's Victory Thanksgiving Jubilee and the more recent auction at Schrader's Buffalo Ranch as conducted by Harry Robinson.

It was a most interesting meeting for the club and gave the members a chance to see some grand home movies of local events.

Bus Purchase Announced by School Board

Purchase of two new 48-passenger school buses was announced this week by the Plymouth Board of Education. Delivery of both vehicles before school opens next fall has been guaranteed and one may be delivered early in May.

One is an International and was purchased through the Plymouth dealer, A. R. West The other, a Ford, was purchased through Paul Wiedman, Plymouth's Ford dealer for over a quarter of a century.

Both buses will be painted in the conventional school bus color scheme. They are for use in transporting the students from the three rural districts which have voted to consolidate with the Plymouth public schools.

In addition to transporting rural students to and from school the buses will be used to carry athletic teams to games away from Plymouth. They also will be used to carry the band to events they are invited to participate in with other Wayne County bands, and state music festivals.

Church Women Install New Slate; 62 See Ceremony

Sixty-two women of the Plymouth Presbyterian church attended the Women's Auxiliary installation luncheon at the church parlors Wednesday, March 13.

The luncheon, prepared and served by the retiring officers of the organization, followed the St. Patrick motif. Most colorful was the green gelatin in hollow round molds centered with cottage cheese.

Table decorations, in charge of Mrs. Charles Brake, also were in the same color scheme. Shamrocks, tiny trees and white clay pipes were used.

Following the luncheon Mrs. E. J. Cutler read an original poem she wrote for the occasion after which the Rev. Henry J. Walsh conducted the impressive rites of installation for the new officers.

They are: Mrs. Earl Reh, president; Mrs. Cutler, first vice president; Mrs. Anthony Matulis, second vice president; Mrs. O. H. Williams, third vice president; Mrs. Harold Curtis, recording secretary; Mrs. Dow Swope, corresponding secretary, and Ms. Paul Wiedman, treasurer.

After the installation ceremonies, Mrs. Reh conducted her initial business session. It was announced at that time that Mrs. Matulis would present a book review about home missions at the next regular auxiliary meeting, April 10.

Mrs. Cutler's original poem appears below.

Women of Today
What part shall we play in the world?

Kiwanis Club Purchases Ideal Site For Plymouth Girl Scout Cabin

Through the activities of the Plymouth Kiwanis club there has been purchased a three acre site for a proposed Girl Scout cabin on East Ann Arbor Trail, between the Levan and Newburg roads. The site is located directly east and adjoining the 101 Ranch property.

Robert Jolliffe, chairman of the club's site committee for the cabin, states that the location is an ideal one, in fact the best of many that the club had inspected.

The county also recently purchased land which adjoins this site for additional River Rouge park expansion.

Members of the Kiwanis club are highly elated over their success in finding such an ideal location for the cabin. President Roy Fisher hopes that the club can have the structure erected and completed by the time school opens after the summer vacation.

Start Drive for Benefit of Crippled Children

The first day of spring—Thursday—brought new and renewed hope to hundreds of Wayne County crippled children because it also marked the opening of the annual Easter Seal sale.

The annual drive will mark the 25th anniversary of the Seal Sale inaugurated by the National Society for Crippled Children and Adults, Percy Angone, State executive director, and executive secretary of the Michigan Society for Crippled Children announced.

Gov. Harry F. Kelly and Senator Arthur H. Vandenberg are heading the Michigan campaign which will run jointly with the Wayne County and national sales. The drive closes April 21.

More than 3,500 letters bearing a dollar's worth of seals have been already mailed to Plymouth persons according to Charles E. Brake, Wayne County Deputy Superintendent of Schools, and president of the Wayne Out-County Chapter of the Michigan Society for Crippled Children.

The Plymouth campaign will be in charge of Robert D. Willoughby, Plymouth shoe merchant and a director of the out-county unit.

In announcing plans for the sale, Mr. Willoughby pointed out that 90 per cent of the funds received from the Easter Seals would remain in Wayne County.

The out-county chapter right now has 192 cases of crippled children that it is assisting and 51 new cases to be added. In the past year the chapter provided seven crippled kiddies with special education and 11 others with home tutoring.

In addition, Mrs. Herma Taylor, field worker of the unit made 1,152 calls to homes, schools and clinics. It is services like these that your Easter Seals money helps support.

Officers of the out-county chapter which is sponsoring the sale in Plymouth are Charles Brake, in Plymouth, president; Georgina J. Reid, R. N., Wayne County Health Department, vice president; Mrs. Taylor, secretary; Russell American, superintendent of public schools, Northville, treasurer; Albert A. Riddering, superintendent of public schools, Melvindale, and Mr. Willoughby, directors.

Garfield Street To Be Paved

Property owners on Garfield Street between Ann Arbor Trail and Penniman Avenue this week approved the city's proposition to construct curb and gutters along that thoroughfare and cover it with blacktop bituminous paving.

The paving and construction of the curb-gutters will be part of the municipal improvements to be completed this summer. The city will ask bids on the 900 feet of paving for that job.

4th Ward Voters To Cast Ballots At New Location

City Manager Clarence H. Elliott has announced a change in the location of the polls for fourth precinct electors in the annual city election next month.

Fourth precinct voters will cast their ballots at Burt Giles real estate office on Fralick Street instead of the St. John's Episcopal church as in the past.

The shift, was made necessary because of renovation and repairs now in progress at the church and the reluctance of the church to continue having its premises used as a polling place, Mr. Elliott reported.

Whether the new location for fourth precinct polls will be permanent is to be announced later.

Sidewalk Hearing Slated For Tuesday, April 2

The City Commission of Plymouth has announced a public hearing to be held at city hall in the commission chambers at 7:30 p.m. Tuesday, April 2, relative to construction of a sidewalk on Arthur Street between Blanche and Farmer Streets.

Property owners in this area are urged to attend this hearing and at that time communicate their wishes regarding such construction to the commission.

Plymouth Native In Lecture Series

Older residents of Plymouth will be interested to know that a native of the community, Dr. Edward S. Corwin, McCormick professor of jurisprudence at Princeton University, and authority on constitutional law, this week appeared in a lecture series at Ann Arbor.

The lectures given nightly Monday through Friday at the Rackham Building on the University of Michigan campus, were on "Total War and the Constitution." They were sponsored by the William W. Cook Foundation.

Dr. Corwin, while a Plymouth youth, attended the University of Michigan. He received his bachelor of philosophy degree there in 1900, at which time he was president of his class.

In 1905 he was awarded his doctor's degree from the University of Pennsylvania. In 1925 the Michigan school conferred the honorary doctor of law degree upon Dr. Corwin. Harvard University conferred an honorary doctor of letters degree upon him in 1936.

Dr. Corwin has been a professor at Princeton since 1905. He also is author of several volumes on constitutional law.

Jackie Dalton Given Award

Mrs. Maxwell Moon was hostess to the Sarah Ann Cochran Chapter, D.A.R. on Monday, March 18. The Good Citizenship Pilgrimage awards were presented by Mrs. Harold Stevens to Florence McCluskie from Jackie Dalton, representing our local high school and to Jackie Dalton, representing our local high school. The girls will attend the state D.A.R. conference to be held in Grand Rapids on March 29.

The program consisted of an exhibit of antiques by the members and guests. Mrs. Leonid Schultze gave a very interesting talk on early American glassware. She had several fine pieces of glassware to supplement her talk.

The April meeting will be held at Mrs. John Burkman's in Northville at which time conference reports will be given.

Pythians Honor Albert Gates

On Thursday evening, March 14 Plymouth Lodge No. 238 Knights of Pythias presented to Albert A. Gates a life membership certificate and Past Chancellor diploma. The presentation was made by Past Chancellor Jasper R. McLeod, who is also a life member.

Mr. Gates became affiliated with the Order Knights of Pythias in Greeley, Colorado, in 1896 and helped to organize Plymouth Lodge as a charter member in 1906. Mr. Gates is a retired mail carrier and resides with his wife at 281 Farmer street.

Following the presentation a social hour was enjoyed by the members present.

Mrs. Lionel Tait and two children were visitors last week of her sister and husband, Mr. and Mrs. Clifford Smith of Dewey St.

The Plymouth VFW post has announced a meeting to be held Thursday night, March 28, at the Veterans' Canteen on Penniman Avenue.

Red Cross Drive Is Over Top

Plymouth has reason once again to hold its head high and take the bows of other comparable Wayne County communities. Yes, once more Plymouth has outdone its assigned tasks in rallying to the aid of the sick, hungry, ill-clothed and spiritually oppressed.

E. V. Jolliffe, general chairman of the 1946 Red Cross membership drive here, has reported that the campaign is over in Plymouth. Over in a sense meaning finished and over in a sense meaning running out of the prescribed boundaries.

Right now the total donations collected in Plymouth city and township for the Red Cross amounts to \$4,400. That's the local quota and more too. Tardy donors still are making donations, Mr. Jolliffe said.

Anyway, he wants to sincerely thank everyone who in any manner assisted in the Plymouth campaign and those citizens who rallied to the cause so effectively and gave as much or just a little more than they did during the dark days of war.

It's nice to know that Plymouth came through with flying colors when richer, larger communities in the same county are certain to fail in their drive for a certain quota.

Money, free for food, whiskey and long in many places and probably to a certain extent in Plymouth. But first it goes to help the less fortunate. So may it ever be.

JCC Auxiliary has Anniversary Fete

Members of the Plymouth Junior Chamber of Commerce Auxiliary marked the first anniversary of their organization on Wednesday, March 13.

In observance of the occasion an afternoon party was given at Jewell and Blanche Hall. A feature of the party was the large birthday cake bearing a single candle. Mrs. Anthony Matulis gave a book review.

On Sunday, March 10, the State Jaycee Auxiliary Board convened at Hotel Rowe, Grand Rapids. Plymouth was represented at that meeting by Mrs. Francis Walsh, president; Mrs. Sanford Knapp, Mrs. Marvin Partridge and Mrs. J. Rusling Cutler. It was the first time Plymouth's Jaycee auxiliary had been represented at a state board session.

The auxiliary also wishes to announce that they are planning a post-Easter dance April 27 at Masonic Temple. As has been their custom, the proceeds of the affair will be donated to the Veterans' Memorial Fund here.

Ann Arbor Dentist To Practice Here

Plymouth is to have another dentist. Dr. Alden Van Ornum, of Ann Arbor, this week announced he would soon open offices on the second floor at 821 Penniman Avenue.

Dr. Van Ornum, an instructor in dentistry at the University of Michigan before the war, spent two years in the Navy as a dentist. He served aboard the aircraft carrier, U.S.S. Midway.

Plymouth's new dentist is a nephew of Elmer L. Smith, prominent Northville realtor.

Ruth Harris and Phillip Thorson Wed

Ruth B. Harris spoke her nuptial vows in a double ring ceremony to Phillip C. Thorson, Wednesday, March 20, at 3:00 p.m. in the Methodist parsonage with Rev. T. Leonard Sanders officiating.

The bride wore an Alice blue suit with navy and white accessories, and white orchid corsage. Mr. and Mrs. Helmer A. Nelson attended the couple.

Mr. and Mrs. Thorson left for a five-day trip to Cleveland and other places in Ohio. They will make their home in Oxford.

There will be a regular meeting of the Moms Club, Monday evening, March 25 at the Service Men's Center.

Northville Methodists Sell Part of Historic Church Site for Business

Plymouth Methodists and many other residents of this locality will be interested in a real estate transfer in Northville which involves a portion of the historic site of the Northville, Methodist church parsonage.

According to William Cansfield, a member of the board and editor of The Northville Record, the parsonage, located at the corner of North Center and Dunlap streets, is being sold for business purposes.

Another home for the pastor has already been bought on West Dunlap street by the church board in a location much quieter than the present one and where business expansion does not threaten the location.

"The business district has been growing in all directions and the church parsonage was no longer a quiet, suitable place for a minister's home, so the church board decided to sell the parsonage," stated Mr. Cansfield.

And when this decision was reached, the Northville Methodist church officials made "real estate history" that is of much more than of interest just to Northville alone, because it was just one hundred and twelve years ago this same month that the Northville Methodist church obtained the deed of the present site of the church and parsonage.

Yes, for much over a century, the piece of property located at the southwest corner of North Center and Dunlap streets in Northville has been in the sole possession of the Methodists of Northville.

And what a struggle it was in the early days for the little church group to retain possession of that property.

The erection of the first Methodist church on the new site started soon after the site was purchased but it was not completed so that it could be used until nearly three years later.

The first Methodist church erected in Northville was a log structure located on the old Benton farm, which was then a part of the present site of Northville. That was in 1831.

History says "this church was torn down by some reckless young men." Meanwhile when the

first church was being erected on the present site, Methodist meetings took place in the old stone school house.

The present Northville church was erected in 1886 and dedicated in the fall of that year.

The sale of the parsonage site for contemplated business expansion on North Center street is the first transfer of this Northville real estate property in over 112 years and naturally those who are checking back into the old records are intensely interested in the history connected with the first transfer of a piece of real estate in much over one hundred years.

CHURCH WOMEN INSTALL NEW SLATE: 62 SEE CEREMONY

(Continued from Page One)

"We women of today? Shall we say with pride, Smugly satisfied—
"We're glad we live in the U.S.A."

What part shall we play in our country?

We women of today? Dare we fail to voice An intelligent choice— Then grumble if things don't go our way?

What part shall we play in our state and town?

We women of today. Shall we use our leisure For selfish pleasure? Every truth a citizen betray.

What part shall we play in our church?

We women of today? Shall we grudgingly give Or valiantly live, Following truly the Christian way?

What part shall we play in our homes?

We women of today. The home's the foundation Of every great nation, Let's see that pure motherhood still holds sway.

Lord teach us the things that a woman can do

A woman of today. Show us in our hearts How we may play our parts; And give us the courage and patience we pray.

Coal Ash Clinker
Fine dusts were found by Imperial college, London, specialists to be suitable for killing costly insect pests. By dusting the grains or plants with fine coal ash clinker or similar dust, many of the harmful insects will be destroyed, according to the report. Dusts were effective against rice weevil, grain weevil, flour moth, fig moth, cocoa moth, meal worm, spider beetle and bedbug.

Mineral Oil Harmful
Serious nutritional consequences may result from use of mineral oil in salad dressing, doughnuts, salted nuts, potato chips, with cod liver oil and other food items, according to experiments at Massachusetts, Pennsylvania and Arizona agricultural experiment stations.

New Cork Discovered
A substitute for cork, said to be its equal in bottling food and beverages has been announced by the agriculture research administration. The substitute is made of pith and fiber from farm waste together with glues and sugars, apple honey or glycerine.

Reduce Watery Eggs
By gathering eggs hourly and keeping them in a cool place until they are ready to be served, the number of watery whites in eggs will be materially reduced. They should be held in storage below 60 degrees, even on the farm as soon as gathered.

Bitter Almonds
In concentrated form the oil of bitter almonds is poisonous because of the considerable percentage of hydrocyanic or prussic acid developed, but diluted, is a popular flavoring in confectionery and cooking.

Conserve Soap
Practice conservation when it comes to soap. If washing out a few pieces at night, don't dump in enough soap to do the whole family laundry. A two-inch suds in tub, washer or bowl will do the trick.

Animal Blood
Plasma made from the blood of beef cattle can be used for transfusion in human beings, according to findings of Harvard university. The tests were conducted satisfactorily on nearly 3,000 patients.

Argentina Insect Eggs
Countless insect eggs are being flown from Argentina for control work from the ravages of the cotton leaf worm. From these eggs a parasite will hatch and start its deadly work upon the leaf worm.

Farm Flocks
Of the more than 425,000,000 hens on 5,150,000 American poultry-producing farms, more than 80 per cent are in so-called farm flocks having less than 400 hens each.

Local News

Mrs. Roy W. Moore will leave Friday to accompany her father-in-law, Louis F. Moore from Chicago, Illinois, on a two or three weeks' visit to Hyman, Kentucky.

Mr. and Mrs. Charles North of Ypsilanti were guests last Thursday of Mr. and Mrs. Clifford Smith.

Miss Melissa Roe has returned from a few weeks vacation in Florida visiting her sister and brother-in-law, Mr. and Mrs. Fred Sterling of St. Petersburg.

The Anna Smith Circle, Child Study club met at the home of Mrs. William Graham of Edison avenue, Tuesday evening to celebrate the 10th year of the club. Former members were guests. Mrs. Wilber Hill gave a history on the origin and highlights of the activities of the year. Refreshments were served.

Mr. and Mrs. Harry Terry entertained Thursday evening, Mr. and Mrs. Hugh Archer, Miss Gladys Fort and Mrs. Lottie Jones.

Mr. and Mrs. Albert Pint will be Sunday dinner guests of Mr. and Mrs. John McIntyre of South Lyon.

Church News

Hours of services and notices of church organization meetings.

THE SALVATION ARMY. 261 Union St. Adj. Cynthia Taylor, Capt. Lillian Roberts. Sunday: Sunday School, 10:00 a.m. Holiness Meeting, 11:00 a.m. Young Peoples meeting, 6:30 p.m. Open Air Meeting, 7:30 p.m. Salvation Service, 8:00 p.m. Wednesday: Young People's Bible class, 7:00 p.m. Prayer Meeting, 8:00 p.m. Thursday: Ladies Home League, 2:00 p.m. Saturday: Band of Love, 2:00 p.m.

LATTER DAY SAINTS. Reorganized Church of Jesus Christ of Latter Day Saints, I.O.O.F. hall, 364 Main St. M. F. Simkiss, pastor. For information phone 501-W. Services as follows: 9:45 a.m. Church School. 11:00 a.m. the first Sunday of each month is communion, other Sundays, 11:00 a.m. preaching. Every Wednesday, 8:00 p.m. is prayer service at 425 Adams. Everyone welcome.

SPIRITUAL CHURCH OF CHRIST. 29100 Plymouth Road, The Rev. Margaretha A. Kelley, pastor. Sunday school, classes for all age groups, 10:00 a.m. to 11:00 a.m. Morning Worship services, 11:00 a.m. to 12 noon. Sunday evening services, 7:45 p.m. Wednesday, 2:00 p.m. to 4:00 p.m. Bible Study.

FIRST CHURCH OF CHRIST SCIENTIST. Sunday morning service, 10:30; Sunday school at 10:30. Pupils received up to the age of 20 years. Wednesday evening testimony service, 8:00. "Matter" will be the subject of the Lesson-Sermon in all Christian Science Churches throughout the world on Sunday, March 24. The Golden text (I Corinthians 10:14) is: "My dearly beloved, flee from idolatry." Among the Bible

citations is this passage (Psalms 107:15,20): "Oh that men would praise the Lord for his goodness, and for his wonderful works to the children of men." He sent his word, and healed them, and delivered them from their destructions. Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 166): "To ignore God as of little use in sickness is a mistake. Instead of thrusting Him aside in times of bodily trouble, and waiting for the hour of strength in which to acknowledge Him, we should learn that He can do all things for us in sickness as in health."

STARK BIBLE SCHOOL. Stark School, corner Pine Tree and Stark roads. Sunday School, 10:00 to 11:00 a.m. Classes for all ages. Young Peoples meeting, 7:15 to 8:30 p.m. Adults are invited.

ST. JOHN'S EPISCOPAL CHURCH. Harvey and Maple Sts. Sunday, March 10: 11:00 a.m. Morning Prayer and Service. Walter Kiep, lay leader. 9:45 a.m. Sunday School. All are welcome.

CHURCH OF CHRIST. 138 West Liberty street. Paul McAllister, minister. Sunday Services 10:00 a.m. with Bible School, followed by worship and sermon. Evening Services, 5:00 p.m. Come, worship with us.

ST. PETER'S EV. LUTHERAN CHURCH. Edgar Hoenecke, pastor. Morning service, 10:30 a.m. Sunday School, 9:30 a.m. Bible class, 9:30 a.m. Lenten Vespers, Wednesday, 7:30 p.m.

SALEM FEDERATED CHURCH. C. M. Pennell, pastor. Sunday morning worship, 10:30 a.m. The subject of the sermon will be: "On the Cross for Me." Hamilton School, 11:45 a.m. Curtis Hamilton, Supt. Charles Daniels, chorister. Sunday evening Hymn Sing, 8:00 p.m. Carleton Hardesty, leader. The regular meeting of the Aid society will be held in the

home of Mr. and Mrs. John Hytlop, Five Mile and Curtis roads on March 22, with dinner at noon.

OUR LADY OF GOOD COUNSEL. Rev. William P. Mooney, pastor. Masses: 6:00, 8:00, 10:00 and 12:00 noon.

FREE METHODIST CHURCH. Sutherland at Harvey Streets. Sunday morning worship 9:50 a.m. Sunday School, 10:30 a.m. Message by pastor, Rev. E. S. Jennings. Sunday Evening Service, 7:30 p.m. Message by Rev. F. S. Highfield, assistant. You will enjoy these spirited messages and we welcome you.

CHURCH OF GOD. 335 N. Main Street. R. W. Struthers, pastor. Unified Service 10:00. Young People's Service 6:30. Evening Service 7:30. Prayer Meeting Wednesday 7:30. Girl Scout Meeting Thursday 6:00. Everyone welcome.

CHURCH OF THE NAZARENE. Holbrook at Pearl St. Wm. O. Welton, pastor. Revival services each evening through March 31 at 7:30 p.m. Rev. F. D. Wright, evangelist. Tompkin Sisters, special singers. Sunday school, 10:00 a.m. Morning worship, 11:00 a.m. Juniors, Wednesday, 4:00 p.m. Young people, 6:45 p.m. Sunday.

BEREA CHRISTIAN ASSEMBLY corner of Ann Arbor Trail and Mill street. John Walasky, pastor. Sunday School, 10:00 a.m. Morning Worship, 11:00 a.m. Young People's meeting, 6:15 p.m. Evening service, 7:30 p.m. Cottage Prayer meeting, Tuesday, 8 p.m. Mid-week service, Thursday, 7:30 p.m.

CALVARY BAPTIST CHURCH. Ann Arbor Trail at Elizabeth St. John I. Paton, pastor. Young people meet for transportation at the church at 6:30 p.m. Saturday to attend a musical recital at Wayne Sunday School, 10:00 a.m. Morning service, 11:15 a.m. Junior Church and Primary Church, 11:15 a.m. Evening service, 7:30 p.m. Good News club, Wednesday after school. Carroll Lee Home Next Week

Carroll R. Lee, 1182 Dewey avenue, recently discharged after more than four and one-half years in the U. S. Army, will return home next Thursday from Hartford, Conn., where he has been attending the home office school for casualty, fidelity and surety agents conducted by The Travelers Insurance companies.

One of 52 men selected from applicants throughout the United States and Canada to attend the course in underwriting practices and sales procedure in bonding and several property lines, he will be associated as an agent with R. R. Fluckey Insurance Agency in Detroit.

Prior to entering the service he was in partnership with his father, William F. Lee, in the contracting business for a time and then was associated for two years with the Daisy Manufacturing Company. During his ten months' overseas in the army he participated in three campaigns, the battles of the Bulge, of Central Germany and of the Rhine. As a clerk in the field artillery he attained the rank of corporal and had duties of personnel, payroll and service record clerk. During one and one-half years of his Army service, he worked in the post office. When discharged he wore the ETO ribbon, Good Conduct medal and pre-Pearl Harbor pin.

A graduate of Plymouth high school, he was a member of the school's band and orchestra and played on the baseball team. He later played independent baseball professional trial with the New York Yankees.

Sgt. and Mrs. Thomas P. Lacey (Ruth Granger) announce the birth of an eight pound, 12 ounce daughter, Susan Thomas Lacey born March 16. Sgt. Lacey is a Marine stationed on Okinawa.

Tuesday Mrs. Austin Whipple was in Lansing to attend a committee meeting.

In Portland, Ore., a shopper popped out her false teeth, let them lie. Reason: she refused to lose her place in the nylon queue.

The Plymouth Mail Want Ads bring results.

Flu in the System
Flu or pneumonia germs may remain inactive in the nose and throat passages for long periods and are suddenly freed as a result of infection or a common cold.

Color Blindness
Very few women are color blind, but one out of every five men is appreciably color blind to such an extent that he finds it difficult to distinguish traffic signals.

Vaseline for Bites
By spreading carbolated vaseline generously over the exposed parts of the body, the mosquito will be discouraged. It also reduces the severity of the stings.

Chinese Yam Bean
The seed of the Chinese yam bean found in Mexico and Central America furnishes an insecticide which is effective against pea aphids.

Apple Ripening
If a box of apples pre-ripened by ethylene gas is placed in a room with untreated apples, the speed of their ripening will be increased.

New Containers
Containers are being made of prepared water then aluminum in such a way that they prove a successful substitute for tin cans.

Honey Improves Bread
Bread can be kept about 15 per cent longer if honey is added to the flour. It will also hasten the fermentation process.

Child Labor
An increase of nearly 450 per cent in child labor has been reported since United States entered the war.

Sticking Clothes
By adding a few drops of turpentine to starch water, the clothes will not stick when they are ironed.

Para-Dogs Used
Pack dogs are being dropped by parachute to aid fliers forced down in the far northern wilds.

Lung Disease Gains
More than 500 men are being discharged from the army each month because of tuberculosis.

Federal Constitution
Only Delaware, New Jersey and Georgia ratified the federal constitution unanimously.

Shellac Substitute
A substitute for shellac is being made in Brazil from pine tree sap.

Accidental Deaths
Accidental deaths of children under five years in 1944 increased 13 per cent from 1942, the 5 to 14 age group rose 6 per cent. Young adult deaths 14 to 24 years dropped 17 per cent and for persons 25 to 44 years decreased 10 per cent; increases for ages 45 to 64 years—4 per cent, and over 64 years—up 6 per cent.

Promotes Growth
Riboflavin promotes growth and is essential for normal nutrition at all ages. Insufficient quantities of riboflavin for any length of time may be followed by digestive disturbances, nervous disorders, and some types of "eye strain" and a lowered general resistance.

Big Returns
For every 500 pounds of cotton lint there are 900 pounds of cotton seed. This seed yields 140 pounds of oil, 400 pounds of meal, 240 pounds of hull for feed and chemicals, and 80 pounds of linters which are made into smokeless powder, plastics and other items.

Date Palm
The date palm was brought to America by the Spanish Mission fathers in the latter half of the 18th century. The tree supplies leaves for the observance of Palm Sunday, and for the Feast of the Tabernacle.

Date Palm
The date palm grows to a height of 60 to 100 feet amid desert conditions in the hottest regions. It will produce from 100 to 400 pounds of dates a year. Some bunches weigh as much as 40 pounds and have to be supported astride a leaf of the palm. An acre may produce more than 5,000 pounds of dates.

Good Skis
Crack skiers use only custom made skis, and there has been an idea that good skis can only be made in Norway from hickory grown in America. Hickory is favored for its flexibility coupled with shock and abrasion resistant qualities.

Australian Figs
The Australian fig tree already has many uses. Aborigines make their fishing nets from the strong root fibers. Young, tender leaves are used for cattle fodder. The leaf of one variety is used as a substitute for sand paper.

U. S. Indians
Approximately 200 tribes and bands of Indians are living in the United States. Members of the 163 so-called "predominant tribes" are scattered over 34 states. They speak more than 55 languages, have many dialects.

HOWDY FOLKS: Here's a word to the ambitious. If you want to do something big and clean, try washing an elephant.

Some men tell their wives everything that happens — and some tell them lots of things that never happened.

And then there is the story about the wealthy man who wouldn't take a trip around the world. He expected the world to take a trip around him.

But you don't have to be wealthy to get around in your car. If you bring it regularly to us for complete lubrication service you'll be delighted at the way it keeps taking you places year after year.

EXPLAIN RELATION OF NATIONAL DEBT TO PLYMOUTH

(Continued from Page One) Plymouth's share of federal employees in the executive branch amounts to 224 persons, yet this city requires only 40 full-time employees to do all its work.

Plymouth School District's share of federal employees in the executive branch amounts to 334 persons, yet this unit of government requires only 90 full-time employees to do its work.

Still emphasizing the enormity of the national debt, the speaker directed the attention of his audience to its relationship to the state of Michigan. He said, "Michigan contains only 3.2 percent of the total United States population, yet nearly 6 percent of all federal taxes are collected within her boundaries."

"All expenses of Michigan's state government could be paid for more than ten years with the money produced in our state for 1944 federal taxes. The administrative, operational and capital outlay costs of our state government (excluding state aid) could be paid for more than 27 years with the same amount of money."

"Michigan's total public debt, which included total net indebtedness of all units of government in the state, is \$451,141,846, or \$8 per person or \$18 per employed person."

"The cost of Michigan's state government as of June 30, 1945, totals \$229,331,317 or \$43 per person or \$98 per employed person. "Our national debt is a near \$260 billion."

"Michigan's tax-ratio share of the national debt is \$15,262,249,057, or \$2,826 per person or \$6,105 per every employed person."

"Let us see what Michigan could do with her tax-ratio share of the National Debt:

"Michigan could operate its entire state government, in all branches, for almost 67 years; or pay all state administrative, operational, and capital outlay costs for nearly 176 years (excluding state aid); or, retire the total public debt in our state in less than 11 days."

"The interest on the national debt amounts to \$3,617,000,000."

"Michigan's tax-ratio share totals \$213,403,000 or \$40 per person or \$85 per employed person."

"Here is what Michigan could do with its tax-ratio share of interest on the federal debt. Michigan could operate its entire state government, in all branches, for more than 11 months; or pay all state administrative, operational, and capital outlay costs for nearly 2 1/2 years (excluding state aid); or, retire the total public debt in our state in a little over 2 years."

"We have 2,915,416 federal employees or 3 for every 1,000 persons. The personnel requirements of Michigan State Government are 17,965."

COMPLETE NEW PLANT OF SPECIALTY FEED

(Continued from Page One) Wayne county but in the feed business the country over. But Joe Wickens didn't worry, nor grumble, he just worked hard.

Today his company ranks high not only in Michigan but in the poultry, dairy, stock and dog feed circles from coast to coast. In addition to four trucks a the road all the than 300 carloads a year by time, the firm ships more rail.

Chickens, cows, hogs and dogs all over the United States eat food that has been prepared in Plymouth at the Specialty Feed Products plant.

The Plymouth firm is a steady shipper to the Kasco Feeds Co. Other customers are located in Vermont, New York, Nebraska, Ohio, Illinois and Indiana.

Pere Marquette switch engines "work" the Specialty Feed siding now at least twice a day and take out as many loads as they bring in.

As the business grew older it grew bigger. The original plant was enlarged slightly in 1941 and plans for future expansion were drawn up. When the war struck these plans were tabled. During the war the company's business and need for expansion increased.

Since V-J Day the firm's present construction program has been underway. The cinder block garage and addition to the main plant for housing more machinery were first to be built.

Next was the 100 by 40 stran steel Quonset Hut which was constructed by two former Seabees. This part of the main plant is to be for storage only. It will hold 1,200 tons of feed. The floor was specially constructed to support that much weight.

On the outside of the steel "hut" all along the north side of it a wooden loading dock seven feet wide has been constructed. The dock also runs along the rear of the structure and makes an ad-

ditional space form which to unload freight cars.

In addition the company hopes to build an unloading dock along the railway siding as an extension to the dock now at the rear of the steel "hut." This dock will be 80 feet long and ten feet wide and will facilitate the emptying of cars.

The "hut" also will be equipped later with two sets of 12 foot doors, one set on each side, and two electric conveyors for stacking the feed.

With the conveyors it will be no trick to pile the feed 35 bags high in the storage "hut."

The frame building that is being reconverted into a separate hay and grain storage barn is actually a portion of the original plant. It will not be ready for use until late summer.

The space for the additional machinery is ready and awaiting delivery of the material. Mr. Wickens has ordered two Kelly Duplex feed mixers of two-ton capacity each, a sixteen-inch Papec hammer mill and a corn cutter.

Mixers now in operation include a two and three ton Kelly duplex. They turn out 30 tons of manufactured feed a day. The output will be increased to 50 with the two additional mixers.

Besides Mr. and Mrs. Wickens, Specialty Feed Products Company employs seven other persons. Two years ago H. C. Wickens, brother of Joe, joined the firm as retail sales manager. The new superintendent of plant operations is J. W. Wickens, son of the co-owners, who was just recently discharged after three and a half years service in the Army. More than two years were spent in Korea.

Joe quite naturally is very proud of the company but insists that he is not alone responsible for its continued growth and success.

"I couldn't have done it alone, he said with a grin, my wife and my brother have aided me greatly."

At this point his brother countered with, "now look here Joe you deserve all the credit. After all you're a veteran of 21 years in this business and it has been your determination and hard work that has put the company where it is today."

"Well, Jie remarked, all right if you insist. But, I couldn't have done it alone. It has not been nor ever will be a one-man show."

It was then that Joe explained how he hoped to some day purchase the land the company is now located on. It is being leased from the Pere Marquette. Some day, Joe hopes to own it and have several acres of buildings as his "plant."

Even if that does happen, Joe won't give up his present office. You see the office is in that drab little frame building that his company was started in and now makes up the unpretentious front of the firm.

Who says hard work don't pay dividends?

"From a look at these figures, who said we need not worry about Federal finances?" the Michigan Survey representative concluded.

Married at Wayne

Aileen Arbuthnot

Aileen Arbuthnot Becomes Bride of Wayne Resident

Aileen F. Arbuthnot daughter of Mr. and Mrs. Elwood Arbuthnot, spoke her nuptial vows in a candle light ceremony to Earl L. Riddle, son of Mr. and Mrs. Abe Riddle of Wayne, Saturday, March 9 at 7:00 p.m. in the Newburg Methodist church with Rev. Verle Carson officiating.

Mrs. Bessie Humpick sang "Oh Promise Me" accompanied by Mrs. Adolph Bohl at the organ.

The bride who was given in marriage by her father, wore a white chiffon gown with a fitted bodice, sweetheart neckline, and a full skirt with ruffles down the back. Her fingertip veil fell from a tiara of net and seed pearls. She carried a white satin Bible mounted with white gardenias and satin streamers.

The matron of honor, Mrs. Arline Firth of Detroit wore a blue taffeta gown with a corsage of pink carnations.

The bridesmaids, Mrs. Ruth Vaughn wore a pink marquisette

gown, and Irene Rodziszewski of Detroit wore a yellow marquisette gown. Both carried identical bouquets of blue iris and daffodils. John H. Greaves, U. S. Navy attended the groom while Wade Farner, and Dewey Bowers, cousins of the groom seated the guests.

Mrs. Arbuthnot, mother of the bride wore a gold and black dress, and Mrs. Riddle, mother of the groom wore a black dress. Both wore corsages of talisman roses.

A reception was held in the Newburg hall immediately following the service for 150 guests.

Mr. and Mrs. Riddle left for a short honeymoon following the service. For traveling the bride chose an aqua dress, black coat, with black accessories.

The groom recently returned from 58 months service with the U. S. Army, 33 months in the South Pacific.

Plymouth Resident Weds Brooklyn Girl

Saint Malachy's church, Brooklyn, New York was the scene Saturday, March 2 of the marriage of Miss Helen Harnos, daughter of Mr. Stephen Harnos of Brooklyn to Victor C. DeWulf, M.M.O.2/c, son of Mr. and Mrs. Victor DeWulf of Plymouth.

For her wedding the bride chose white satin with a lace yoke and lace ruffle around the train of her gown. She carried a dozen white lilies.

The maid of honor, Ida Mae DeWulf wore a powder blue dress with an over skirt of blue net. She carried three dozen red roses. Sgt. Frank Harnos, of the U. S. Army, assisted the groom.

A reception following the ceremony was held at Sproket A. S. in Brooklyn, after which the young couple left for a week's honeymoon in New York. They arrived in Plymouth March 12 and intend to make their home here.

In Nylstrom, South Africa, a habitual smoker absently dropped a .22 cartridge into his tobacco pouch, later filled and lit his pipe, puffed contentedly until the pipe abruptly and noisily vanished, and a small round hole appeared in the roof.

Lapham Corners

Mrs. Glen Whittaker and Mrs. Orlyn Whittaker were pleasantly surprised when they arrived at the Kenneth Rich home Saturday evening and found 24 of their friends gathered to help them celebrate their birthdays. The evening was spent playing Bunco. Glen Whittaker and Mrs. Albert Brown won first prizes. Mrs. Glen Whittaker and John Van Aken were consoled.

Mrs. William Ritchie spent Monday with her son and family, the Doctor Ritchies at South Lyon.

Mr. and Mrs. Anthony Rohoff and family visited Mr. and Mrs. Sylvester Kranz Wednesday evening. John Ossenmacher of Detroit was also a visitor the same evening.

Mr. William Ritchie and Kenneth Rich spent Friday afternoon in Detroit.

Mrs. Dan Barrett and Mrs. Burton Rich called on Mrs. James Ritchie in South Lyon last Thursday afternoon.

Mr. and Mrs. Glen Whittaker and the Orlyn Whittakers of Ypsilanti returned home early Wednesday morning from their trip to Missouri.

Mr. and Mrs. Sylvester Kranz and family visited his mother, Mrs. Peter Kranz last Sunday. Mrs. Kranz has been spending a few days at the Eddie Artman home in Dearborn.

Mrs. Burton Rich and Mary and Mrs. Edythe Hadley called on Mrs. Emma Foster in Plymouth Sunday afternoon.

Mrs. Glen Whittaker and Mrs. Orlyn Whittaker were Thursday luncheon guests at the Nelson Bender home at Worden.

Mr. and Mrs. Dan Barrett and sons and Elmer King were Sunday evening visitors at the Doctor Ritchie home in South Lyon.

Joann Van Aken and Irene White attended the St. Patrick dance in South Lyon Wednesday evening.

Mr. and Mrs. Burton Rich and family were Thursday evening supper guests at the Kenneth Rich home. Mr. and Mrs. Glen Whittaker were evening callers.

Joann Van Aken and Irene White attended the "Youth for Christ" meeting at the Olympia last Saturday evening. There were over 17,000 young people there from all the churches in this territory. It is reported to have been a very interesting meeting.

Jacqueline Burgess of Wayne road spent the weekend with Phyllis Clinansmith.

Mr. and Mrs. Peter Baumgartner entertained Saturday evening for their daughter, Mrs. Sam McClellan of Royal Oak. The party was a surprise honoring her birthday. The evening was spent playing cards and bingo and a lovely lunch was served at midnight to 24 guests.

Pfc. Leonard Baumgartner is still in Korea but he does not like it there. He writes that the days seem like weeks because they have nothing to do but occasional guard duty. He wishes he was back home on the farm getting ready for the spring work.

Mr. and Mrs. Glen Smith of Godfredson road entertained her sister, Mrs. Peter Stuart and daughter Rose Mary of Payne, Ohio this last weekend. Their brother Paul Belbradish and sister, Laura Radovich and son Bob of Detroit were Sunday guests.

Mr. and Mrs. John Van Aken and family were Sunday dinner guests at the A. B. Van Aken home in Salem.

Irene White and Joann Van Aken attended the St. Patrick's party at the Federated Church Sunday afternoon. Lunch was served late in the afternoon to the young people attending.

The Brownies are planning a roller skating party for March 28. Mrs. Kenneth Clinansmith, their leader, has been teaching them weaving and knitting and now they are preparing for the big birthday party in April.

Mrs. Bruce Avis is expecting her husband, T/Sgt. Bruce Avis to arrive home Tuesday or Wednesday of this week. He arrived at Camp Atterbury, Indiana last week and was to be discharged before coming home. Their small son Bruce Edward celebrated his first birthday last Saturday.

Mr. and Mrs. Harold Cochran of Milan, former residents of Lapham Corners, received word Friday of the arrival of their son, Sgt. Eugene Cochran in Seattle, Washington. They expect him home very soon.

Albert Brown and Orlyn Whittaker left Monday afternoon for Missouri. They are bringing back two trucks recently purchased by the Whittaker-Gooding Company.

Pfc. James French flew home from Lake Charles, Louisiana Saturday morning. He received his discharge from the Navy Monday morning in Detroit. His Mother, Mrs. William French, has been the teacher at Lapham Corners the past two years.

Miss Pearl Denton of Northville was an overnight guest at Miss Gladys Ritchies home Friday.

Mr. and Mrs. Alex Rusceak entertained at Sunday dinner her nephew, Nick Stefan and family from Windsor, Ontario, Mrs. Radu and son and daughter of Detroit, and Miss Leigh Schweigert of Toledo, Ohio. Mr. and Mrs. Snyder of Ann Arbor were afternoon visitors.

Cooper School Site is Sold

Bids for the purchase of the Cooper school building and site were opened last Monday night by the Board of Education for the new consolidated township school unit.

Highest bidder for the school building, which was damaged by fire last fall, was Florence Parrott. She offered \$300 for the structure. Under terms of the bidding she must raze the building within a certain period. What she will do with the structure was not learned.

Russell Walker bid \$310 for the site on which the school was built. He was high bidder in that category and was awarded the land for that amount.

Cooper school was one of the three rural districts that last month voted to consolidate with the Plymouth public schools. The others were Kenyon and Allen districts.

In Chicago, Alois Knapp announced a global nudism campaign. Chief argument, as important as a common language was a common look.

Obituaries

John D. Lasslett.
Funeral services were held Monday, March 18 from the Schrader Funeral Home at 2 p.m. for John D. Lasslett, formerly of Plymouth who passed away Friday morning, March 15 at Hart Township. Mr. Lasslett is survived by a son and daughter, Clyde Lasslett of Plymouth and Mrs. Olga Weller of Hart, four grandchildren and two great-grandchildren, and other relatives and friends. Rev. Mark Sanborn officiated. Two hymns were rendered on the organ by Mrs. M. J. O'Conner. Active pallbearers were Messrs. Howard and Clyde C. Lasslett, Jr.; Clarence Lidgard, Nelson Bakewell, Cecil Pinkerton and Gordon Hartford. Interment was in Newburg Cemetery.

Mrs. Anna Loudon.
Funeral services were held Tuesday, March 19 from the Schrader Funeral Home for Mrs. Anna Loudon who resided at the home of her daughter, Mrs. Leila Heller at 915 Brush street. Mrs. Loudon passed away Saturday, March 16 at the age of 80 years. She was the widow of the late Isaiah W. Loudon, and is survived by two daughters, and one son, Mrs. Erma Hatcher of Northville, Harry Loudon of Napoleon, Ohio and Mrs. Leila Heller of Plymouth, and was the mother of the late Homer Loudon. Also surviving are 16 grandchildren, nine great-grandchildren, one brother, John Sawyer of Tiro, Ohio, and other relatives and friends. Rev. William O. Welton officiated. Two hymns were rendered by Rev. and Mrs. Robert A. North, accompanied at the organ by Mrs. M. J. O'Conner. Interment was in Riverside Cemetery.

Julius Landau
Julius Landau who resided at 592 S. Harvey street passed away Wednesday afternoon, March 13 at the age of 66 years. He is survived by his widow, Mrs. Louisa H. Landau, two sons, Harry and

Carl Landau, and a daughter, Mrs. Emma Ladzick, all of Detroit, nine grandchildren, three brothers, John of Farmington, Fred of Northville and Herman of this city, a host of relatives and friends. Mr. Landau was brought to the Schrader Funeral Home, and later taken to the Livonia Lutheran church where funeral services were held Saturday, March 16, at 2:00 p.m. Rev. Theodore Sauer officiated. A hymn was rendered by Mrs. J. T. Chapman, accompanied at the organ by Mrs. M. J. O'Conner. Active pallbearers were Messrs. Walter Ash, Edward Pankow, Louis and Edward Salow, Walter Meilbeck and John Baze. Interment was in Livonia Cemetery.

Mrs. Dorothy Alice Besse.
Mrs. Dorothy Alice Besse, wife of Stanford L. Besse who resided at 288 N. Harvey street passed away Thursday, March 14 after a short illness. Besides her husband, she is survived by a son, Bruce, her mother, Mrs. Grace Lyon, a sister, Mrs. Walter Woodbury, both of Laingsburg, and a host of friends. She was the mother of the late Stanford Leland Besse who preceded her in death on June 17, 1942. Mrs. Besse was brought to the Schrader Funeral Home, and later taken to the Methodist church where funeral services were held Sunday, March 17 at 1:00 p.m. Rev. T. Leonard Sanders officiated. Two hymns were rendered by Mrs. Harry Fischer, accompanied at the organ by Mrs. M. J. O'Conner. Active pallbearers were Messrs. Wayne Smith, James Latture, Robert Lidgard, E. K. Patrick, Lee and Art McConnell. Interment was in Riverside Cemetery.

Brant Clayton Jarvis.
Funeral services were held Wednesday, March 20, from the Schrader Funeral Home for Brant Clayton Jarvis who passed away Sunday afternoon, March 17 at his home 47125 Ford road, Canton Township. Mr. Jarvis is survived by his widow, Mrs. Gertrude Jarvis, a son and daughter, Billy and Betty, two brothers and two sisters, Elza Jarvis of Postoria, Ohio, Mrs. Goldia Ward of Gallipolis, Ohio, Mrs. Edna Miller of Bridsborro, Pa., and Jerry Jarvis of this city. Services were under the auspices of the Masonic Lodge. Rev. Henry J. Walsh officiated. Two hymns were rendered by Mrs. M. J. O'Conner. Interment was in White Chapel Cemetery, Birmingham.

In Seattle, the Coast Guard caught a man carting away a mine he had found on the beach, asked him what he planned to do with it, subsequently announced: mines found on the beach must not be converted into flower pots.

In Cape Town, South Africa, Member of Parliament Louis Bosman lost his temper, called M.P. Johannes Serfontein "a concentrated mass of protoplasmic nitrogenous venom."

In New Orleans, Tulane Zoologist Edward Hathaway deplored the wasteful practice of discarding flour containing clean, nutritious, wholesome weevils.

OFFICIAL PROCEEDINGS OF THE PLYMOUTH TOWNSHIP BOARD OF EDUCATION:
SPECIAL MEETING held March 4, 1946. All present.
It was moved by Dr. Brisbois and supported by Sterling Eaton that Mrs. Strong be elected President, Sterling Eaton, Vice President, Donald Sutherland, Secretary, and Howard Stark, Treasurer.
Ayes: Brisbois, Eaton, Stark, Strong and Sutherland.
Nayes: None.
The president appointed Sterling Eaton to ask as the representative of the board to inquire into the purchase of school buses.
It was moved by Stark supported by Brisbois that the Cooper School Building be advertised for sale and moved off the lot and the lot be advertised for sale.
Ayes: Brisbois, Eaton, Stark, Strong and Sutherland.
Nayes: None.
Sutherland moved and Eaton supported the motion that the regular meeting be postponed from March 11 to 18.
Ayes: Brisbois, Eaton, Stark, Strong and Sutherland.
Nayes: None.
It was moved by Stark and supported by Brisbois that the Plymouth School District's apportionment of the \$3,200,000 state aid be divided equally among the Board of Education employees as soon as received.
Ayes: Brisbois, Eaton, Stark, Strong and Sutherland.
Nayes: None.
It was moved by Sutherland

and supported by Eaton that the Board of Education pay \$300 to the recreation commission as its share of the operating expenses to July 1, 1946.
Ayes: Brisbois, Eaton, Stark, Strong and Sutherland.
Nayes: None.
Sutherland moved and Stark supported the motion that the Superintendent make provision in the school budget for its share of the recreation commissions expense.
Ayes: Brisbois, Eaton, Stark, Strong and Sutherland.
Nayes: None.
It was moved by Eaton that at the coming chest survey, conducted by the Wayne County Board of Health, for the city of Plymouth all the teachers and other employees of Plymouth Township Schools be invited and urged to have chest X-rays at no cost to themselves or the district.
Ayes: Brisbois, Eaton, Stark, Strong and Sutherland.
Nayes: None.
It was moved we be adjourned.
Carried.
D. H. Sutherland, Secretary.

Georgia's sixth state constitution, which was superseded by a new one last August, had been amended 245 times, or an average of once every 14 weeks during 68 years.

In Greeley, Colo., Jury Commissioner J. D. Savier issued a summons, got the reply: "The Lord beat you to it. My husband died a week ago."

Health Head to Address Central Grade PTA

Dr. Otto K. Engelke, of Ann Arbor, director of the Washtenaw County Health Department, will be guest speaker at the Central Grade PTA meeting at 7:30 p.m. Tuesday, March 26.

He will speak on "Modern Trends in the Evaluation of Health Education Material."

Because of his wide experience, Dr. Engelke is recognized as an authority on health problems in the public schools.

During the war he was named to direct the health program at Willow Run. His county health department has the reputation of being one of the best in Michigan.

Dr. Engelke is an instructor during the summer at the University of Michigan. He teaches a course, "Health in the Public Schools."

All members of the host group are urged to avail themselves of this rare opportunity to hear a speaker so well informed on current school health problems and how to eliminate them.

Training School Honors Veterans

The Employees Club of the Wayne County Training School gave a unique and successful party, Saturday evening, honoring its returned veterans and Mr. and Mrs. Thomas Rosettie who were recently married.

Dr. Robert H. Haskell, medical superintendent of the school, in his usual inimitable manner, gave the welcoming address. In congratulating the returned veterans and those of World War II, he said he thought a third group of veterans should be added, namely: those of the school, here being 15 of the original 20 still on the staff.

In congratulating Mr. and Mrs. Rosettie, Dr. Haskell told of the years of experience Mr. Rosettie has had and also informed the interested group that his new work will be the instruction of all employees in their work with the children and other employees. He also had the pleasure of presenting to the couple a lounge chair, the gift of the club.

Miss Bertha Beltram of Uruguay was introduced. She has come to this country and this school under the auspices of the Institute of International Education for the purpose of learning what is being done in the rehabilitation of deficient children.

The group adjourned to the dining room to have sandwiches and coffee and to admire the lovely appointments of the table, done in the National colors with flowers of the same hue. A beautifully frosted cake was presented to the special guests. During this intermission an orchestra entertained with various selections and later all participated in dancing square and round dances.

Methodist Home Head To Address Stark PTA

Dr. Richardson L. Rice, director of the Methodist Children's Home, at Farmington, will address the Stark Parent-Teacher Association at 8:00 p.m. Tuesday, March 26.

He will speak on the topic, "Home and Family Living."

Following his talk the group will hold its annual election of officers. Refreshments for the evening will be provided by the Hix Road division of the association.

O.E.S. News

Plymouth Chapter 115 entertained first two officers of Wayne County Chapters and officers of the Wayne County Association Tuesday, March 19, at the Masonic Temple. A dinner was served in the dining room to over 200 members and guests of the Chapter. A gracious welcome was extended by the conductress, Mrs. Mary Kershaw; the response for the guests was given by the Worthy Matron, Mrs. Isabel Courtney of Park Corinthian Chapter, Detroit. Degrees were exemplified by the visiting Worthy Matrons and Worthy Patrons at the evening meeting which followed.

The list of guests and their offices for the evening follows: Presiding Matron, Eva Gray, Orient Chapter; Matron's First Lecture, Grace Amy, Wyandotte; Second Lecture, Edith Lambright, River Rouge; Associate Matron, Florence Haines, Nankin; Secretary, Margaret Craft, Belleville; Treasurer, Genevive Stonehouse, Idylls of the Temple; Conductress, Catherine Raymond, Lo; Associate Conductress, Juliette Wallace, Wayne; Chaplain, Mabel Wilson, Keystone; Marshal, Irma Croxin, Palestine; Organist, Vera Heckadon, Star of Zion; Adah, Edna Dickerson, Esther; Ruth, Mabel Johnson, Victoria; Esther, Florence Arbeit, Findlater; Martha, Martha Vandegriff, Eastern; Electa, Mildred Coolman, Greater Friendship; Warder, Pauline Meyers, Composite; and Assistant Marshal, Bertha Spence, North Woodward Loyalty.

Patron's work was exemplified by the following: Obligation, Stanley Amy of Wyandotte; Secret Work, John Litzembarger, Orient; Signet, Norton Raymond, Lo; and Associate Patron, Omer Kerr of Findlater. Other visitors were present from South Lyon, Salem, Saline, Wayne County Chapters and from Harrow, Ontario, Canada.

Star of Zion Chapter, Detroit was host to first four officers of Wayne County Chapters and to the officers of the Wayne County association Thursday, March 14. Mrs. Alice Rathbun, Marshal of Wayne County association, Mrs. Lucille Smith, Mrs. Helen Ingram and Mrs. Erma Hughes attended the dinner and evening meeting.

Mr. and Mrs. Harry Brown and Mr. and Mrs. LeRoy Danielson plan to attend the dinner and evening meeting of Composite Chapter Thursday, March 21, at which Composite Chapter will be host to First Four Officers of Wayne County Chapters. Mrs. Brown will be guest associate conductress for the meeting when degrees will be exemplified by visiting matrons and patrons.

Mr. and Mrs. Harry Brown, Mr. and Mrs. LeRoy Danielson, Mr. and Mrs. Ivan Gray, Mr. and Mrs. Maurice Evans and Mr. and Mrs. William Michaels plan to attend the banquet and reception given by the Patrons Association for the Worthy Grand Matron, Martha I.

Baptismal Font Dedication Set

A baptismal font, given in memory of Elwood David Gates, will be dedicated at the Presbyterian church Sunday morning at the eleven o'clock service.

The font is being given as a memorial by Mrs. Anna Gates, mother of Elwood, who died Nov. 1, 1942.

It is of oak construction with hand-carved ornamentation in the Gothic style. The laver is of aluminum and inset in the top of the wood base.

Following a brief ceremony of dedication during the regular morning service, the Rev. Henry J. Walch will administer the Sacrament of Infant Baptism from the font.

NEWBURG NEWS

Mrs. Joseph Sitarz of Plymouth road was hostess Wednesday evening at the bi-monthly meeting of her Pinochle club.

Mrs. Rhea Johnston of Nankin Mills attended a meeting of Spiritual Life secretaries in Ann Arbor Monday at the West Side Methodist church. The meeting was conducted by Mrs. Elwyn Stringer, District Spiritual Life Secretary of Women's Society of the Methodist church.

Mr. and Mrs. Dale Liscum of Ann Arbor Trail entertained a group of friends Saturday evening including Mr. and Mrs. Joseph Sitarz, Mr. and Mrs. Fred Wilson and family of Schoolcraft road and Mr. and Mrs. Clyde Smith of Newburg road.

On Saturday evening, March 23 the Fidelis class of Newburg church is sponsoring another evening of square dances and folk games, beginning at 8 p.m. Everyone will be welcome.

Mrs. Melvin Guthrie of Newburg road entertained Mrs. Clyde Smith in Detroit Friday at dinner and a show, the occasion being Mrs. Smith's birthday.

The Thursday evening Lenten services was conducted this week by the Women's Society. Mrs. Edna Peterson of Detroit was the speaker of the evening. Mrs. Rhea Johnston was the leader and Mrs. R. Macintyre led the singing.

A silver tea is being planned by the Women's Society for March 27 at 2:00 p.m. to be held at the home of Mrs. Lloyd Lockhart of Wayne road. Mrs. Carl Eschbach of Detroit, formerly of the Philippine Islands, will be the speaker.

Mr. and Mrs. Mark Joy of Plymouth road returned Saturday afternoon from an extended visit in St. Petersburg, Florida.

Mr. and Mrs. Russell Harper and son, John of Ann Arbor Trail called on Mr. and Mrs. James C. Joy of Telegraph road Friday evening.

Mrs. William Loesch of Wayne road is still in Henry Ford hospital but is somewhat improved at this time.

Gary Allen of Detroit is spending a few days with Mr. and Mrs. Joseph Sitarz.

Mrs. Herbert Rorabacher Jr., received word from Great Lakes Naval base, Chicago, Sunday, that her husband Pfc. Herbert Rorabacher Jr., has arrived from China and will be home the latter part of this week with his honorable discharge.

During the two decades Czechoslovakia existed as a republic before it was invaded by the Nazis in 1939, its people celebrated Constitution Day but four times, as the ratification of that document happened to take place on February 29, 1920.

Plymouth Jaycees Card Three Bowling Matches

Teams representing the Plymouth and Wayne Junior Chambers of Commerce will meet for a bowling tournament Sunday, March 24, at the Parkview Recreation alleys. Both singles and doubles events are planned.

The following Sunday, March 31, the Plymouth Jaycees and their wives will engage in a mixed bowling tourney at the Parkview alleys. The girls are promising their husbands a tough battle. It will be a tourney long remembered in Plymouth.

On Sunday, April 7, the Plymouth Jaycees will be represented by several entries in the Michigan JCC Bowling Meet in Detroit.

SOCIAL NOTES
(By Kathleen Bloxson)

Jackie Bothwell celebrated her 17th birthday with a party Saturday, March 16, which lasted from 8:00 to 12:00 p.m. Jackie, who had gone to Detroit earlier in the day, but everyone had fun. A record-player was set up in the recreation room and some of the 16 girls there danced, while others played cards in the dining room. Some girls in the living room used the ouiji board to find out their marks for this period and to find out their dates for the J-Hop. The girls ate lunch about 11:00 which consisted of sandwiches, relishes, ice cream, cake and coke. Jackie received a beautiful array of gifts.

Friday night seven girls attended a pajama party at Phyllis La Verne's. The girls were: Virginia Waldecker, Mary Ellen Sexton, Trudy Mulry, Dorothy Richwine, Marjorie Elliott and Harriet Mitchell. About 10:00 the girls raided the ice box and had a snack of potato chips and coke.

Last Saturday Nancy Proctor held a party from 8:00 to 1:00 for Lois Thomas to celebrate her 16th birthday. There were 30 boys and girls there and they danced to some of the latest records. Nancy went gypsy and told the boys and girls their fortunes. Later they ate a dinner of sandwiches, potato salad, beans, cake, potato chips and coke.

BRADLEY and the VETERANS

A Series by John M. Carlisle Roving Reporter

The Veteran's Administration had long been a political foot ball before it was taken over by Bradley. With the close of World War II, and the addition of millions of veterans with their attendant problems, the old system was found to be utterly inadequate.

A review of the old and new systems, together with a keen analysis of how the present Veteran's Administration is functioning under its new head are offered in a timely series by The News' roving reporter, John M. Carlisle.

C. H. ELLIOTT, City Clerk

New Book Tells About Mackinac

Historic Mackinac Island, one of the leading tourist attractions in Michigan, is a virtual treasure-trove of information for the geologist.

To the visitor approaching by boat, Mackinac Island seems to rise in gigantic steps from the lake shore to Fort Holmes, which is perched on the highest point of the island. Each of these terraces or steps tells a story to the geologist. In fact, the island has been the key to deciphering the story of the Great Lakes.

Interesting details of the geologic history revealed by the scenic curiosities of the island are told in "Prehistoric Mackinac Island," a book just published which was written by George M. Stanley, associate professor of geology at the University of Michigan. The volume is based on a survey made by Prof. Stanley for the Michigan Department of Conservation.

"The story of the rock upon which Mackinac Island is built goes back millions of years," Prof. Stanley says. The two and one half centuries in which the Indian and white man have inhabited Mackinac Island are brief compared to the last 30,000 to 50,000 years of pre-history when waves were washing the island and fashioning these rocks into their present shape, he points out.

The highest point on the island is known to the geologist as the Ancient Island. Prof. Stanley says. In the Algonquin era water lapped around the edges of the Ancient Island but the University geologist believes this spot of land has been above water since the earliest stages of the Great Lakes, perhaps 30,000 years ago.

Old Fort Mackinac itself was built on the brow of the so-called Nipissing shore cliff, another point in pre-historic history when the water level retreated from the high point of the Algonquin era and wave action wore out another beach or terrace.

Sugar Loaf and Arch Rock are among the featured scenic attractions on the island. In Prof. Stanley's book, these become breccia, pronounced brechia, meaning a rock composition made up of fragments from the parent rock mass which became cemented together into solid material and withstood battering from the waves. Tourists visiting the island today find it hard to believe that water once washed against these spots now so high above the present lake level.

Mr. and Mrs. Oral Rathbun and Mr. and Mrs. Ivan Gray attended a dinner and the evening meeting of High Gate, Chapter, held at the Highland Park Maconic Temple Saturday, March 16.

Father Contway To Be Honored Sunday, March 24

Rev. John E. Contway

Sunday, March 24, 1946, upon the 20th anniversary of his ordination, Rev. John E. Contway will be honored by his congregation for his work and drive in making "a dream," the starting of a religious establishment, come true.

Looking into the future, what does he see? "Certainly a stately church, with a tall spire displaying the Cross to the whole township. Across Plymouth road, a large tract with athletic field, field house, a high school and landscaped picnic grounds. Near the church, a convent for the sisters. A rectory with office space and living quarters."

The man who was so rash as to vision what actually exists now and what the future holds in store for this new parish, was born June 23, 1900. Father Contway completed his studies at Mount St. Mary of the West Seminary, Cincinnati, Ohio. He was ordained in Detroit, February 7th, 1926, and served as an assistant at St. Thomas Apostle in Ann Arbor; St. Theresa, Detroit and St. Clement in Dearborn. Father Contway was appointed pastor of the new St. Michael's parish on July 8, 1931.

In keeping an open mind, the parish hall is available to non-Catholics as well as Catholics for parties, shows, dances and concerts. Father Contway numbers among his friends almost as many non-Catholics. There can be no doubt that he has persevered to no small extent in doing his utmost in his duties and that he has been a credit to the community as well as his parish.

Public Hearing On Storm Sewers Set for April 2

City Manager Clarence H. Elliott has announced a public hearing on storm sewers for Plymouth taxpayers to be held at City Hall at 7:30 p.m. Tuesday, April 2.

At that time property owners who have any objections to the proposed construction of storm sewers on Plymouth streets upon which their property is located will have an opportunity to present them to the City.

Mr. Elliott states that Plymouth proposes to construct storm sewers on Evergreen, Arthur and Sunset streets between Blanche and Junction streets, and on Auburn street from Penniman to Junction.

STATE OF MICHIGAN,
COUNTY OF WAYNE, ss.

No. 302,821
At a session of the Probate Court for said County of Wayne, held at the Probate Court Room in the City of Detroit, on the Twenty-Eighth day of February, in the year one thousand nine hundred and forty-six.

Present Thomas C. Murphy, Judge of Probate.

In the Matter of the Estate of WILLIAM EDWARD HOISINGTON (EDWARD HOISINGTON), Deceased.

Charles A. Fisher, Administrator of said estate, having rendered to said Court his supplemental final account in said matter and filed therewith his petition praying that the residue of said estate be assigned to the person or persons entitled thereto:

It is ordered, That the Second day of April, next, at ten o'clock in the forenoon before Judge Joseph A. Murphy at said Court Room be appointed for examining and allowing said petition.

And it is further Ordered, That a copy of this order be published once in each week for three weeks consecutively previous to said time of hearing, in the Plymouth Mail, a newspaper printed and circulating in said County of Wayne.

Mettetal Airport Showing New Piper Cub Special

The 1946 Piper Cub Special, personalized version of the Piper Cub that was used so extensively by the Armed Forces during World War II, is now being shown at Mettetal Airport, Mill and Joy Roads.

Modeled closely after the Piper Cubs in which thousands of military and private flyers won their wings, the Piper Cub Special incorporates those features of performance and design tested in observation, liaison and ambulance work in combat.

A two-passenger airplane with tandem seating arrangement and controls for both passengers, it is finished in the regular Piper Cub yellow with black trim.

Mettetal Airport states that the Cub Special will sell at a comparatively low price and emphasize economy of operation. New features are said to give it greater safety and ease of flying.

Mettetal Airport cordially invites the general public to visit their hangars at Mill and Joy Roads any time and inspect the Piper Cub Special. Interested parties will be given a free flight demonstration.

In Toronto, St. Clair Hilborn, charged with giving his son a lethal dose of sleeping pills, explained that he had been hexed by a black cat which shook its head at Hilborn, nodded significantly at the son.

Mrs. Floyd Wilson will entertain the following ladies Friday at luncheon. Mrs. M. G. Blunk, Mrs. A. K. Brocklehurst, Mrs. Walter Harms, and Mrs. Knut Anderson.

Mr. and Mrs. G. L. St. John, Mrs. William Mault and daughter Judy, and Mrs. John Roush of Springfield, Ohio, are guests of Mr. and Mrs. James J. Thrasher on Lakeland Court.

The "Kappa Sigma" fraternity at Michigan State College, elected officers March 4. Gerald Shoemaker was appointed the "Pledge Chairman." He has left for a vacation in Massachusetts where he is visiting Mr. and Mrs. Richard Miller.

Mr. and Mrs. Homer Frisbie of Sheridan avenue entertained Mr. and Mrs. Wallace Osgood, Mr. and Mrs. Eugene Benson, and Mr. and Mrs. Kenneth Hulsing, Friday evening.

Louis B. Sherman arrived home last week after having received his discharge from the service March 6. Mr. Sherman, son of Mrs. Floyd Sherman, plans to return to Burroughs Adding Machine Co.

Mr. and Mrs. G. E. Keeping had as their guests over the weekend, Mr. and Mrs. Ronald Keeping and son John of Mason, and Mr. and Mrs. Harry Weyermiller and sons Frederick and Philip of Birmingham.

Mr. and Mrs. F. Manford Becker, and Mr. and Mrs. Lloyd E. Clark drove to Jackson Sunday to meet Mrs. Floyd Grogg of Breman, Indiana and later were dinner guests of Mr. and Mrs. Ward Strond of Grass Lake. Mrs. Grogg is a guest in the Becker home this week.

Cpl. Roy W. McAllister, son of Mr. and Mrs. William McAllister of Northville road received his honorable discharge from Ft. Leavenworth, Kansas, March 13, after serving two and a half years with the army air corps, and is now at home with his wife and family on Roosevelt street.

Dr. and Mrs. Harold Brisbois will be hosts to their dinner bridge club Saturday evening in their home on Sheridan avenue. The guests will include Dr. and

Mrs. John L. Olsaver, Mr. and Mrs. Thomas W. Moss, Mr. and Mrs. Carl Cowgill, Mr. and Mrs. Charles Garlett and Mr. and Mrs. John T. Neate.

The members of the Woman's Club of Plymouth have been invited to attend the "Guest Day" of the Redford Woman's club at 1:30 o'clock Monday afternoon, April 1. The meeting will be held in the Redford Baptist church on Redford avenue, near Grand River avenue. The program for the

afternoon will consist of piano selections by William Payne of the University of Michigan and solos by Katherine Bailey, a soprano of Detroit. Members planning to attend will please contact Mrs. Harry Deyo by Friday, March 29.

In Fabens, Texas, Mary Louise Nye, asked why she was driving down the main street buff-bare, drawled blissfully: "The sun felt so good, I just unconsciously removed my clothes."

JUNIOR RED CROSS SPONSORS ASSEMBLY

An unusually interesting assembly was presented by Jr. Red Cross for grades 9, 10, 11 and 12, March 15. The first number was Frank Papelli's rendition of "Danny Boy," songs from "Porgy and Bess" and "Begin the Beguine" on an accordion. Mr. Papelli has been overseas five times during the war entertaining the boys on all fronts.

The second portion of the program was composed of two movies about the work of the Jr. Red Cross. They were "Facing Tomorrow" which showed how the Red Cross helped the people here at home and "Red Cross News of School Children and War Victims" which showed the things the Red Cross did to help the boys overseas and the many things it did to help war victims and children in war-torn countries.

MISS LOVEWELL TALKS TO HOME MAKING CLASS

Miss N. Lovewell spoke to the boys and girls of the first hour homemaking class on March 12, 1946 about Personal and Social Developments. In her talk Miss Lovewell pointed out eleven points of personality and the tests to make a valuable personality. Some of these points are listed below and are the points to make the ideal self in action.

- 1 Tries to like other people
- 2 Interested in others
- 3 Accepts favors from others
- 4 Not moody
- 5 Not self-conscious
- 6 Good cooperation
- 7 Does not dominate
- 8 Help others to feel important
- 9 Faith in his fellowmen
- 10 Speaks well of others
- 11 Be of service.

Other points Miss Lovewell pointed out are that to be a likeable person you should solve your own problems; you should have spiritual strength; you should have cooperation and teamwork; you should criticize yourself; you should find goodness in others; you should keep atune to the desires of others; and life is a measure to be filled.

Jerry Treadwell was in charge of securing a speaker to talk on the subject and chose Miss Lovewell. Others speakers are scheduled for the rest of the semester.

PHS GOLF TEAM BEGINS TRAINING

Golf season will begin as soon as the season permits when Coach Stadtmiller will try out all the new golfers. Three veterans, Howard Houghton, Bill Schwartz and Ray Kurtz are already on the line-up.

Several candidates are out for the fourth man position which will complete the team. The season opens the first of April and a schedule of ten games has been arranged with five home games to be played at Hilltop. The schedule includes two games each with University High, Ann Arbor, Redford Union, Ypsilanti, Ann Arbor High, and probably, Dearborn.

Plymouth High Golf team won the State Class-B championship title last year and they are out to defend it this year. The State tournament will be held at Ann Arbor in June.

Anyone interested in golf may try out and all students are invited to watch the games. Golf is becoming a popular sport for spectators because of the general popularity of the sport and the surplus of good equipment.

PHS BAND PLACES FOURTH AT FESTIVAL

Facing great competition from all the bands in the county, Plymouth High School took fourth place at the Music Festival in Ypsilanti, Saturday afternoon. Pontiac and Grosse Pointe schools with unusually good performances took first place when playing in Pease Auditorium and a first in sight reading and Mt. Clemens took two seconds. Highland Park received a second in Pease Auditorium and a first in sight reading. Royal Oak took a third place in playing in Pease Auditorium and a second in sight reading. Plymouth high took a fourth in the auditorium and a third in sight reading. Bill Beitner returned from his trip to New York in time to play at the festival.

GRADES CHOOSE SPELLING TEAMS

The seventh and eighth grades held their annual Detroit News Spelling Bee on Friday, March 15 in the Central Grade gymnasium. The last ten to go down from each grade will make up a team to represent the grade in the contest on April 5 in the school spelling bee.

The seventh grade team will be composed of: Vivienne Belisle, Anne Vincent, Marilyn Walsh, Beverly Hokenson, Keith Alfrod, David Travis, Inez Keuhn, Sharon Hively, Joyce Arnold, and Cynthia Eaton.

The eighth grade team will consist of, Bill Farwell, Hazel Darnell, Rita Tibbits, Shirley Salmon, Jean Pierce, Sally Merriam, Otto Ruehr, Lois Ebersole, Margaret Saxton, Barbara Cushman.

Vivienne Belisle was the winner of the seventh grade contest on Friday and Shirley Salmon took first place in the eighth grade contest.

L. BARNES & B. BROWN WIN SPELLING BEES

Lacey Barnes and Beatrice Baughn were the winners of the grade school spelling bee for the fifth and sixth grade respectively. The Bee held last Friday in the Central grade school auditorium was to determine the winners for these two grades. These winners will compete for the school championship—then that winner will go on to the district meet which is to be held at Plymouth. Then, if successful, he or she will compete in a State meet at Detroit which is the stepping stone to Washington.

In the fifth grade the runner-up was Herbert Olson who missed Wednesday. In the sixth grade Bee Arthur Donnelly missed development.

DANCE AND DONATIONS BRING TOTAL OF \$183

A total of approximately \$183 has been collected by the Junior Red Cross in its annual drive for funds. Collection bottles passed in first hour classes netted \$88 and the dance Friday night given by the Junior Red Cross brought in another \$95 which was donated to the fund.

ECEINCS CLUB.

Sally Merriman, 8A, gave a talk on Meteorology before the Science Club last Wednesday, March 13, in Room 49. Sally, who had the rock collection in the display case on the first floor, talked on the different hardness of minerals.

ART DEPARTMENT AIDS SCHOOL PROJECTS

A mask of Mrs. Roosevelt and watermelon slices are being made of clay, by the art classes for the senior play. The beginning students are working on color theory and making color wheels and the advanced pupils are painting with oil paints.

Recently the classes have completed the murals for the study hall and have been working on posters and advertisements for the school.

STUDENTS AWARDED PRIZES FOR POSTERS

The Art classes under the direction of Mrs. Gorton have recently been working on American Legion Poppy posters. These posters were judged and the winners were awarded money as prizes. All the contestants, regardless of their ability to draw were given honorary citations.

Bob Zielasko, 12A, came through with the winning honors and first prize was bestowed upon him. Second prize went to Bentley Crane, a tenth grader and ninth grader; Jim Butt won third prize.

LEADERS' CLUB

During the meeting of the Leaders' Club last Monday, March 11, the members chose officials for the game that night and discussed and chose an official for the Carnival which has been canceled.

In the meeting Monday, March 18, the members chose committees for the Leaders' Club dance, April 12.

MICHIGAN BELL'S \$120,000,000 PROGRAM HAS MADE WORK FOR THOUSANDS

To supply service again when and where it is wanted, and to give you the quality of service you want in the future, Michigan Bell has under way a 5-year \$120,000,000 expansion and improvement program.

Thousands of workers are engaged in completing this huge project. They include not only our returning veterans, but hundreds of additional employees as well — bringing the total to the largest number in Michigan Bell's history. And the program means work for scores of other folks supplying materials and equipment, and doing skilled construction.

Money to finance this \$120,000,000 program must come from the savings of thrifty people who are willing to invest in Bell System securities. But if prospects for Telephone Company earnings are unattractive compared with those of other companies, those people will place their savings elsewhere.

The rate of Telephone Company earnings has been declining in recent years to a point where it is now substantially below the average of other industries. If this condition should continue for too long a time, our ability to raise the money required to meet expected telephone needs would be weakened.

The future quality of your telephone service depends on rates that will produce earnings attractive to investors. We believe our customers want good service, even if it costs a trifle more than inferior service.

Technical improvements in the past brought rates for good service down and have kept them down in the face of rising costs. As rapidly as future improvements will permit, we expect and want our rates to come down still further. For, Michigan Bell wants rates no higher — and no lower — than necessary to insure good telephone service.

School News

SCHOOL NOTES.
 Mr. R. Penhale, Mr. R. Ingram, Mr. C. Moisio, and Coach Falan attended a Regional Physical Education and Health Conference at River Rouge Wednesday, March 6, to discuss recreation problems. One of the problems discussed was whether the city should sponsor recreation or the school or should the city and school work on recreation together. It was felt that there should be a part of both and should center at the school.

Mr. V. Loughheed has been out of school during the past week because of illness in the family.

Mrs. E. Moran drove Arlene Wagenschultz, Elsie Mae Keeping, Mary Lou Klinski, Aleta Shekell, Suzanne Maddox, and Barbara Lorenz to the Operetta "Naughty Marietta" in Detroit, Sunday, March 17.

STUDENTS TAKE NOTICE.

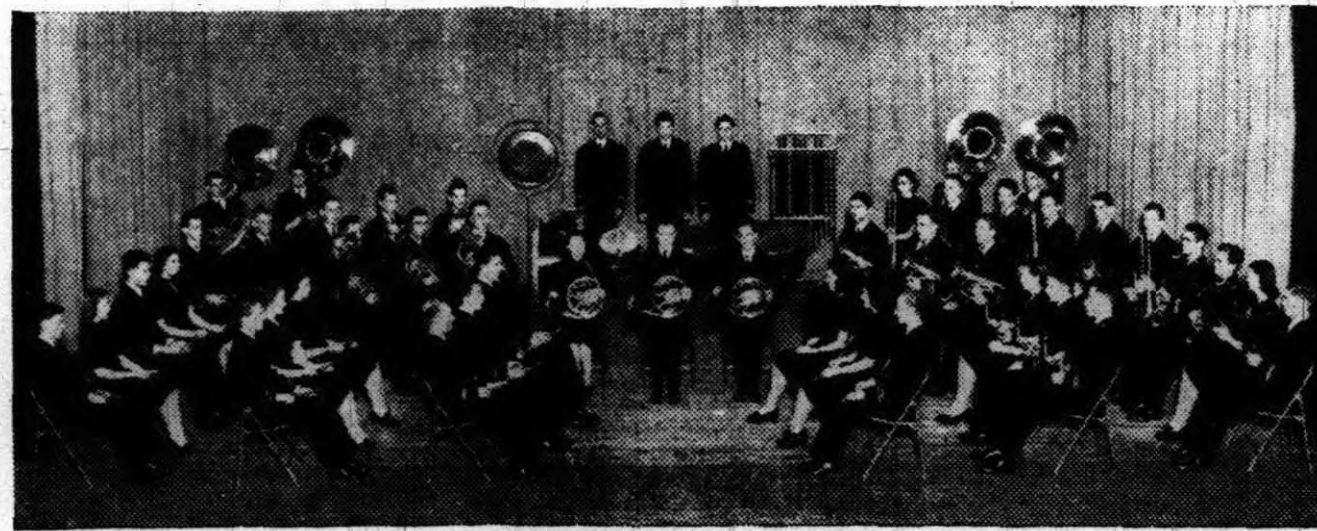

(Editorial by Robert Sexton)
 Too many students wait until the last minute to decide what subjects they will take for the rest of the year. This very often leads to a lack of credits for graduation or disappointment when looking for employment. To go to college a boy or girl must have two majors and two minors. A major is a subject which may be pursued for three years, such as math or English. A minor is a subject of the same kind that is taken for two years.

Many students take the easiest subjects that come along and then after they graduate they wonder why they can not keep a job, but, when they think about it, they realize they are not prepared to earn their own living and many times they wish they could go back to school and start over again.

Students, you should begin now to think about your classes for next year. If you want to go on to college you should have an idea now of what you will take next year so you will have time to plan your course and you will not become so easily discouraged when you are classifying.

The "poor relations" of the publishing business are the poetry magazines, of which 42 now exist in the United States. As their circulations are small, consisting chiefly of hopeful contributors, 12 of these magazines are unable to pay anything for poems accepted, 17 pay only in prizes, while the 13 having regular rates pay only from one to 25 cents a line.

ALBION BAND TO GIVE CONCERT HERE APRIL 5th

The Albion College Band

College Band Will Play Here

The Albion College Band and Orchestra under the direction of Dr. Conway Peters will appear in concert on Friday, April 5, on two occasions: at 3:00 in the afternoon at the Plymouth high school where the concert program will be repeated later in the afternoon; and at 8:00 in the evening in the high school auditorium.

Now on annual tour, the first since the war interlude, the 50 piece band and orchestra will fill 18 engagements within the state. Divided into two portions, the first for orchestral work and the second for band, their program includes varied and colorful selections from Wagner, Mendelssohn, Enesco, Longas, Teague-Porter, Clarke, Bennett, Jahl, Walters, and Peters-LaVigne. Solos will be offered by violinists Dorothy Oliver, Clark Oliver and Charles Ross; cornetists Barbara Richardson and Richard Culver;

and marimba player Donald Barnhart. Dr. Conway Peters, Albion's band master and orchestra conductor, has won a significant name for himself as a director. A graduate of the University of Michigan School of Music, the American Conservatory of Music in Chicago and the Detroit Institute of Musical Art, Dr. Peters has also studied at the famous Juilliard School in New York. Since 1934 he has been director of of instrumental organizations of Albion College.

SENIOR SKETCHES

Waiting is the pet peeve of Margaret Walborn, 17, daughter of Mr. and Mrs. Harold Walborn, 11000 Hubbell Avenue. Margaret's activities are the Sr. Prom, J-Hop committee, Drama club, and Sr. Annual staff. Her hobbies are swimming, horseback riding, shows, and eating. Her travel has been confined to Michigan.

Kathleen Spanier, 17, now completing an apprentice course, is the daughter of Mr. and Mrs. Joseph Spanier of 566 N. Harvey street. She has traveled quite extensively, having visited Indiana, Ohio, Wisconsin, Minnesota, Illinois, and North Dakota, where she attended Nekoma High, Nekoma. Kathleen, whose hobbies are dancing and music and whose pet peeve is constricted people, plans, after graduation, to take up a business career.

Barbara Shear, daughter of Mabel and Sylvester Shear, 23536 Plymouth road, says that her pet peeve is "seeing someone wear checks and plaids together." Now completing a general course, she has participated in Jr. Red Cross, Girl Reserves, Girls Sports, and has taken an apprentice course during her senior year. Barbara has not done much traveling outside of Michigan, but intends to do more after graduation.

"My pet peeve is seeing girls without socks," says Richard Olin III, whom we know simply as Dick. Son of Richard and Mabel Olin of 382 Arthur, Dick has traveled in Lower Michigan, Ohio, Pennsylvania, Western New York and Canada. Now completing a college course, he plans to go to Michigan State College next fall. Dick's activities in high school have been track Mgr. 1, Band 1-2, Basketball 3, and Hi-Y 3-4.

Having people call her "Price" is the pet peeve of Marion Price, 9614 Hubbard, Rosedale Gardens, daughter of Mr. and Mrs. Edward Price. Marion, 17, has worked on the following activities: J-Hop, Prom committee, LAMS, Girl Reserves, Senior Annual staff, and Jr. Play committee. Her hobbies are music and travel, most of which she has done in the Northern United States and southeastern Canada.

Among the drugs that affect human vision, although taken orally, are santolin, prescribed for worms, which causes objects to appear yellow, and tridione, prescribed for epilepsy, which causes objects to appear as though covered with a light fall of snow.

"PLAY BALL"

(By Keith Miller)
 "Play ball" is the cry ringing across America today. When the warm winds bring balmy days, every American youth has the urge to get outdoors and play baseball, the national sport. Baseball is a great game and it is entirely fitting that it should be represented by fine American boys.

At Plymouth High, extensive training will begin in about a week. Such training started too soon brings sore and aching arms and ruins many up-and-coming high school stars. Taking it easy at the start prevents sore muscles.

Baseball is the fans' game. Fans make the colorful settings and backgrounds. They're always ready with advice on how to win games. Without them baseball would not be the great attraction it is.

This year Plymouth athletic teams haven't enjoyed much luck, but we're hoping baseball will prove differently. You can show your loyalty by coming to the Rocks' games.

There are a few holdovers from last year's squad, and some new additions coming up. The best of the lot looks like Dobbs, Daggett, Newstead and Bentley with many others counted upon.

The games, as in recent years, will be played at Riverside Park diamond. Last year, many games were called off on account of the weather. We're hoping this season old Jupiter Pluvius treats us a bit more kindly on game days.

The Plymouth Mail Want Ads bring results.

WITH THE BAND

On Saturday, March 16, the band met at the school about 3:15. When all problems were settled the bus was well on its way to Ypsilanti. We reached there about 4:15 and reported at the Roosevelt high school. Leaving our wraps in room 307, we proceeded to the gymnasium in the Roosevelt high school for a warm-up. We then went to the Pease auditorium's tuning room, under the stage. The tuning room was not sound-proof and we were urged not to do any playing before going on the stage.

Immediately after playing our required numbers on stage, we reported to the sight reading room in the Roosevelt cafeteria. After sight reading, we got our wraps and were excused. Provisions were made for band members and parents to eat at the McKenney Hall. We had roast beef, mashed potatoes, peas, bread and butter, milk, pudding, and cookies at the charge of 50c. Most of the band members stayed to listen to Pontiac band play and by 9:00 the bus and most of the band members were on their way home.

Some 5,000 Shinto temples in Japan still keep a white horse—for the use of the god to whom the shrine is dedicated. The majority of these animals are extremely fat from lack of exercise as they are too sacred to be ridden by ordinary mortals.

In Vancouver, Mrs. W. Davis complained to police that a man who had slept in her bathtub for several nights would neither leave nor pay rent.

THE BEAT OF YOUR HEART..

It is but little more dependable than Detroit Edison service.

That miraculous continuity of service, here and elsewhere, is due to endless research and experiment by engineers and executives of the electric industry. In that program of progress, which has continued through the years, and will continue through the years to come, The Detroit Edison Company has been a pioneer.

Once a single transformer served your home. That transformer was the transfer point, the vital connecting link, between the miles upon miles of power lines and the line that served you. When it failed the power was gone.

Engineers of The Detroit Edison Company conceived and developed the idea of connecting many of these transformers together in "banks," and now several of them must fail at the same time before you and your neighbors are deprived of power. That seldom happens.

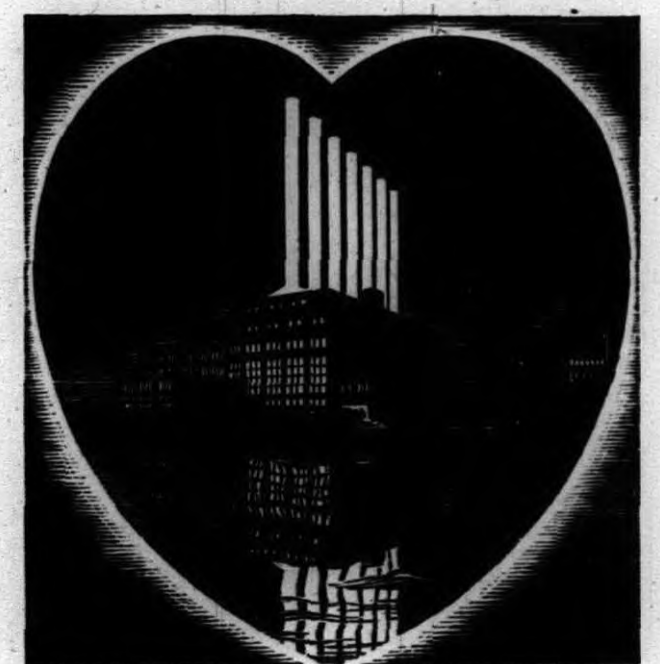

That is only one of many things that have been done to insure the householder, the merchant and the manufacturer an uninterrupted supply of power adequate for all needs—those of the present and those of the future.

That was a Detroit Edison idea—a Detroit Edison FIRST.

That was an incident in the story of this company's contribution to the community of today.

It is indicative of some of the things that this company, as a citizen, can be expected to contribute to the community that is to be.

Grow A Garden In '46 To Help Feed the World

If you want to be sure of eating a wide variety of top-quality food during the coming months, raise a garden this spring and summer. You'll do your conscience a favor, too, by saving someone from starvation in a far-away land.

The need for home-produced fruits and vegetables is just as acute now as during war years.

Those are points Jack Rose, Michigan State college home garden specialist, is putting double emphasis on these days as he prepares a program of assistance for home gardeners.

With the nation pledged to help feed the world, it is well to remember that every bite of food you grow in your garden means a little extra for a hungry mouth in some less fortunate country.

But Mr. Rose does suggest that Michigan gardeners mix pleasure and utility in the garden this year. During the war many patriotic gardeners gave up their flower garden efforts in favor of vegetables. They have been eagerly looking forward to the time when part of the garden can be put into flowers and ornamentals. While the vegetable garden is just as important this year, Mr. Rose believes it is a good time to spend at least part of the time on some of the gardener's ornamental specialties.

To combine flowers and vegetables in the garden, good planning is necessary. Lay out the garden to produce the most food from the space available. One good arrangement involves a flower border around the vegetable patch. Or, it may work better to limit the vegetable garden to one side of the yard. Along the other side and across the back, put in that bed of annual flowers. That back corner may be ideal for that bed of perennials.

At any rate, it's the time of the year to be thinking about the garden, and laying your plans for those days just around the corner when you'll be digging in good-old Mother Earth.

Michigan Lighthouse Built by Jefferson Davis

Michigan Is No. 1 Playground

This Michigan—Michigan the magnificent—is polka-dotted with historical highlights and unforgettable scenic gems, all of which adds up to Michigan today being America's No. 1 playplace, with more beauty-loving vacationists coming into the state than into any other state in the Union. And now, with Spring softness in the breezes, and springtime flowers beginning to break into color, the influx of beauty-hungry visitors begins. They come from the four corners of the country, they revel in Michigan, and then they return home to further preach the glories of the state they have so enjoyed.

Michigan draws a great volume of tourist travel from the Southern states, and now those Southerners have a definite goal when they come northward into this state, for up on the shores of Lake Huron stands a structure which, in time, will be a great Southern shrine, comparable with "Beauvoir" in Mississippi or "The Hermitage" in Tennessee.

Fourteen miles south of Alpena, on the shores of Lake Huron, stands a little lighthouse, built in 1838 and one of the first lights along the rugged shores of Huron. Fifty years ago the light was decommissioned when a new and greater lighthouse was built, but the little old light will stand as long as man permits it to stand, for its walls are three feet thick and of great blocks of stone, and winding up through its center is a circular stairway of stone.

The building of that lighthouse one year after Michigan became a state was one of the first assignments of a young United States Army engineer—Lieutenant Jefferson Davis. The same Jefferson Davis, who 25 years after the building of the lighthouse on the shores of Lake Huron, was to become President of the Confederate States of America.

Well, that little lighthouse on a sandy Michigan point is to become a Confederate shrine, for Francois Burgoyne Stebbins, Lansing business man who now owns the property, plans to let the lighthouse stand as a memorial to Jefferson Davis and as a tribute to the courage of the South. United Daughters of the Confederacy will be invited to place a plaque or erect a monument, or in any other way desired, set out the spot as a Southern shrine.

ed, set out the spot as a Southern shrine.

That in itself is a story, but there's another facet to the yarn. John Burgoyne, grandfather of Francois Burgoyne Stebbins, fought throughout the four years of war with Sherman. His outfit was Company K, 14th Michigan Infantry, which saw bitter fighting at Shiloh, Kenesaw Mountain, Peachtree Creek in the Battle of Atlanta, Savannah and Nashville.

"My grandfather fought through the war with a deep admiration for the Confederate fighting man, and many, many times, when I was a tiny youngster, would take me on his knee and tell me stories of the magnificent courage of the Southerners. In his declining years he spent much of his time in the South, and became close friends with many Southerners against whom he had fought through the four years. No man loved the South more than Grandfather Burgoyne, and often we had visited the little lighthouse Jefferson Davis had built.

"Some years ago I had the chance to buy the property on which the lighthouse stands, and I was determined that it would be made a shrine to the Southern courage my grandfather so admired. That will be done. The handiwork of Jefferson Davis will never be destroyed or commercialized—it will stand as a memorial to courage."

Incidentally, John Burgoyne was a direct descendant of General John Burgoyne. John Burgoyne, as we remember from our history, was the English general and dramatic author who was sent to America in 1775. He joined General Gage at Boston with large reinforcements and witnessed the Battle of Bunker Hill. He went to Canada as governor, returned to England and in 1777 commanded an expedition from Canada to United States, the failure of which largely contributed to the establishment of the American freedom. Few battles have achieved results so great as the surrender of Burgoyne at Saratoga, Burgoyne, of course, retired from the Army and devoted his leisure to the production of dramas, his best known play "The Heiress."

Felt Hats Can Be Home Cleaned

Freshening up an old hat without re-blocking can ordinarily be done by sponging thoroughly with dry cleaning fluid. This process works satisfactorily on dark felts and takes only a few minutes. It has the advantage of not getting the hat out of shape.

But Marion S. Hillhouse, associate professor of textiles and clothing at Michigan State college, cautions that if the hat is a pastel felt, it probably will still look dingy after sponging with dry cleaning fluid.

She says that felt hats of this kind can be washed quite successfully and even dyed, provided the owner knows how to block the hat after washing. Use very mild soap flakes and soft water for best results. Squeeze the excess water out without wringing and let the hat drip for a while over the sink. Block it while still damp, but not soaking wet. Even white hats can usually be restored to their original freshness in this way.

But remember, if unable to block the hat, don't try it.

When using the dry cleaning fluid, be sure it is the non-flammable type, and that the cleaning is done in a well aired room with no fire or flame present. Odors will leave the hat more quickly if, after it is first dried in the open air, it is placed in a warm room.

The only Negroes to serve as U. S. senators were Hiram Revels and Blanche Bruce who in the 1870s represented Mississippi, the same state that has been represented for the past eleven years by The Man Bilbo.

How would you CHART YOUR COURSE?

Pictured here are the records of four "life lines" of our business—four things which largely control the destiny of any business, whether it be a farm, a factory or a store. They are Wages, Materials Costs, Prices, and Profits. Suppose these were pictures of what is going on in your own affairs. How would you chart your future course from these facts?

With the proposed increase, wage rates will have risen from \$0.85 1/2 per hour in 1941 to \$1.23 1/2 in 1946—a gain of 55.1%. Weekly average would be \$53.40.

By the end of 1945, prices on all commodities other than farm products and food had gone up 19.2% since 1941. Chart does not show effect of 1946 increases.

Using U. S. Bureau of Labor Statistics with 1941 prices equaling 100, prices of farm machinery in 1945, were only 104.9.

Profits per dollar of sale has declined since 1941. In 1945 it was slightly less than 100 cents, as against 9.4 cents in 1941.

What about wages? Wages have risen steadily for five years. Before the strike which began on January 21 in ten of our plants and which has choked off nearly all farm machinery production, earnings of employees of these plants averaged \$1.15 1/2 an hour, not including any overtime. The Union demanded a 34 cents per hour increase and a Government board has now recommended a general increase of 18 cents an hour, which would make average earnings \$1.33 1/2 an hour. Weekly average would be \$53.40.

What about materials? No one seems to know how high materials costs will go. The Government has increased steel prices as much as \$12.00 a ton, with an average increase for all grades of 8.2%. Steel is the most important material we buy, but prices on other materials are also increasing.

What about future prices on farm machinery? The judgment of Harvester's management now is that we cannot safely make the huge wage increase recommended by the Government until the Government authorizes adequate increases in the prices of farm machinery to cover the resulting increased costs.

What about profits? Risk is part of the American profit and loss system, so we do not, of course, ask either our customers or the Government to guarantee that we can be certain of profits each year. The chart tells the story of our profits during the war. Although Harvester produced more goods than ever before, it had no desire to get rich out of war, so our rate of profit has steadily gone down. What our 1946 profit will be is extremely uncertain.

What is the next step? As you can see, our present situation is that with frozen prices and declining profits, we are asked to pay higher materials costs and to make the biggest wage increase in the history of the Company. Can we do this?

Wages and materials consume all but a few cents of every dollar we take in. If our prices continue frozen, and cost of wages and materials continues to rise, obviously our Company will begin to operate at a loss at some point. The exact point at which operating at a loss would start is a matter of judgment. Government agencies and union leaders may have opinions as to where that point is. But if they turn out to be wrong, they can shrug their shoulders and say: "Well, it wasn't my responsibility. I didn't make the decision."

Because of the important stake which both farmers and city dwellers have in this controversy, we are bringing these matters to your attention. Through the cross currents of today's conditions, we are trying to chart a course that is fair to our employees, to our farmer customers, and to our stockholders.

"Michigan and the Old Northwest"

QUEBEC.....
 in early 18th Century
 51 Lawrence River
 AFTER A DRAWING BY C. W. JEFFERYS, FROM THE PICTURE GALLERY OF CANADIAN HISTORY.....
 In his plan for a colony in the west, Cadillac's vision followed La Salle's.
 In 1696 Upper Lakes posts were evacuated; Cadillac went to Quebec.
 Fearing Cadillac at Detroit would speed Indian ruin, Jesuits opposed him.
 Cadillac went to France and asked for troops at Detroit, despite recent decree.

Michigan's conservation department has kept pace with most states in the Union in its efforts to replace many of the game animals and birds that are disappearing all too fast. Sometimes we think it could do more than it is, but of course restocking fish and game areas is an expensive piece of conservation work.
 Recently "Field & Stream" told of the efforts of Nevada to restock that state with herds of antelope. The magazine says:
 "Herds of antelope may again roam the valleys and gentler slopes of Nevada's Sheep Mountains, if the present attempt to re-establish them at the government's Desert Game Range of two and a quarter million acres near Las Vegas continues successful. Antelope, common there until hunted out around the turn of the century, so far seem to find the mild weather and rolling range to their liking.
 "Spotted through binoculars in the Hart Mountains of Oregon, ten fawns were taken when two or three days old by William Anderson, manager of the Hart Mountain National Wildlife Refuge, and Gene Branson, who had raised them on fresh and canned milk. Five does and one buck survived, and were brought to Nevada last September, when four months old. They now go free, but still show up for regular feedings, and are pets of Frank W. Groves, manager of the Desert Game Range, and the rangers. All are thriving, despite one broken leg, which healed in a sling, and six goatlike appetites, which endanger bath towels drying outdoors.

"Antelopes mate at about two years of age. Records of the Fish and Wild Life Service show that herds previously established in game refuges usually more than double in size the first year, and then remain stable. In the national parks and monuments, increase is thought to be about 35 per cent the first year, after which the size remains fairly constant. In the natural state, survival rates are low. That six of the original ten fawns taken in Oregon survived for the Nevada experiment is considered promising."

There are a lot of deer hunters in Plymouth as well as throughout the rest of the state who believe that Michigan should put forth some effort to feed its vast deer herds during winters when the snow is too deep up north to permit them to secure all the feed they need.
 It was tried on a very minor scale years ago, but the effort was of such a limited nature that no one can tell whether it was a benefit or not.

The conservation department of our neighboring state of Wisconsin has recently announced an experimental feeding program that should be watched closely by Michigan.
 A total of 14 pens have been set up in northern and central Wisconsin. Each incloses from three to four deer on an area of one-fourth acre. Each pen of deer is being tested on a different diet. Weights of the deer are recorded, a determining factor in establishing the nourishing value of the variety of food to which they are restricted. Some of the deer are also being used to determine what happens when they are given artificial food.

Previous experiments have determined that a deer can lose about 30 per cent of its weight and still survive. No deer in the Wisconsin experiments will be permitted to suffer such extreme weight loss. The department points out that a rapid weight loss of from 15 to 20 per cent will adequately prove the failure of the diet under test.
 The experiments are being conducted by W. S. Feeney, in charge of deer studies of the department, and are expected to answer the following questions:
 1 Will a diet of straight balsam sustain deer through the winter period? If not what sustaining value does balsam have?
 2 Will a mixed diet of hemlock and birch, such as found in the northern hardwood and hemlock cuttings, sustain deer through the winter?
 3 Will a diet of poor browse, such as balsam, help to sustain deer if supplemented with alfalfa hay, or if supplemented with a small amount of corn?
 4 What are the weight losses or gains on a diet of several species of mixed browse?
 5 How does a diet of straight clover hay compare with a straight diet of alfalfa hay?
 6 What are the results of an alfalfa diet when supplemented with a small amount of corn?
 7 What are the apparent food values of commercial pressed feed, based on weight loss or gains?
 8 Of the better diets, either browse or artificial feed, what are the minimum amounts, per hundred weight of deer, necessary for sustenance without critical loss of weight?
 9 Will a diet of jack pine and red oak sustain deer, if so, for

how long a period?
 10 What are the effects of artificial feed as a supplement to a jack pine and oak diet?

The conservation department declared that it is now furnishing artificial food for deer by maintaining 582 feeding stations. To date this year deer have remained in good condition because the lack of deep snow has permitted them to range more widely than would be the case under more unfavorable conditions.

National Wildlife Week, first proclaimed by President Roosevelt in 1938 and sponsored annually by the National Wildlife Federation was set this year for the week of March 17, the Sportsmen's Service Bureau reports. During that week, conservationists used the press, the radio and the public platform in letting the dramatic story be told of the relationship of soil, water and plant control to wildlife conservation.
 As in previous years, the National Wildlife Federation issued sheets of wildlife stamps reproduced from paintings by well known American artists. The current issue included 40 studies of birds, mammals, fish, flowers and trees.

The fox is generally a shy and wary animal, states the Sportsmen's Service Bureau, but at times occasional individuals will upset all the dope. As illustration, the Bureau cites two similar cases reported by Game Protector John Blair of Waynesburg, Pa.
 Two boys hunting in different parts of Green County, each reports killing a squirrel and leaving it on the ground temporarily. In each case a fox is said to have seized and made away with the trophy right under the nose of the hunter.

Johann Strauss' highly amusing and musically captivating comedy "The Bat" (die Fledermaus), will be presented for one week, beginning Tuesday, March 26, in Masonic Auditorium, by the Detroit Civic Light Opera Association. There will be seven evening performances, ending Monday, April 1, as well as a Sunday matinee, March 31.
 An array of notable stars headed by Wilma Spence, Ralph Herbert, Margaret Spencer and Gilbert Russell will be seen in this comedy of harmless revenge, which was so successfully revived several years ago in New York under the title of "Rosolinda." The show will mark the return of Patricia Bowman, leading American ballerina, whose dancing in "Naughty Marietta" fascinated thousands of Detroiters. Other leading personalities in this all-star cast will include Edward J.

Lambert, Joseph Macauley, Robert Stuart, Fred Harper and Richard Clemens.
 Miss Spence will have the role of Rosalinde; Herbert will be cast as Baron Gabriel von Eisenstein; Miss Spencer will be Adele, Rosalinde's maid; and Russell will be Prince Orlofsky.
 Among the liting, thrilling melodies to be heard in "The Bat" will be "Lovely Lady Lend Your Ear," "Adele's Letter Song," "The Laughing Song," "The Champagne Song" and "Czardas."
 "The Bat" is a grand evening in the theatre for music and laughs. The plot is partly concerned with what happens when a man makes love to his own wife thinking she is another woman. Filled with gorgeous costumes and magnificent settings, the locale is that of the splendor of a European court during the last half of the Nineteenth Century.
 Tickets for "The Bat" can be obtained in advance at the Civic Light Opera Ticket office on the mezzanine floor of the J. L. Hudson Co., which is open daily from 10 a.m. to 5 p.m. The box office at Masonic Auditorium opens nightly at 6:30 and on Sunday at noon, when tickets may be secured for the current performance.

Lambert, Joseph Macauley, Robert Stuart, Fred Harper and Richard Clemens.

Babson Says - -

Babson Discusses Russia
Washington, D. C., March 22.—Let us start with three statements with which most intelligent people agree:

1. Notwithstanding Churchill's blast, no group NOW wants a war with Russia. Surely the vote of the United States would be 100 percent against it NOW, although we are better prepared for it NOW than we may ever be again.
2. Most of all, Russia does not want another war NOW. She knows that we saved her in World War II; and she knows she would lose all her gains with a World War III NOW.

3. Our State Department is so divided into Catholics, Protestants, New Dealers and Capitalists, that it cannot agree upon any foreign policy NOW—to say nothing of agreeing to fight Russia NOW.

Hence, there is no possibility of a war with Russia for an indefinite period.

Is War III Probable?

It is safe to add a fourth forecast, viz.—If our present dilly-dally, contradictory, inconsistent and silly foreign policy continues long enough, we may have a war with Russia someday. Then, the U. S. and Britain will not be so well prepared as we are today; while Russia could then be very much stronger and in addition will have all atomic bomb secrets. Only a spiritual awakening of our State Department, or a split-up of Russia into two or more nations, can prevent such a conflict.

Conditions today are almost identical with those following World War I. Instead of a Ger-

man Hitler, there can soon develop a Russian Hitler. Great Britain again has a Labor Government; France again is playing politics and talking pacifism; while U. S. mothers merely "wanna get their dear boys home." World War II would have been unnecessary had it been "nipped in the bud." World War III can be prevented by the U. S. and Great Britain NOW joining on a fair, but firm, foreign policy, backed up by force.

What This Means To Business and Investors

Hence, businessmen and investors have nothing NOW to fear from Russia. For the past year I have been forecasting a break in the stock market "due to a Russian scare." This recently occurred when stocks lost billions of dollars in a few days. Now this is probably over and we should go merrily along for awhile with better business and higher stock prices.

This present Russian scare should make Congress more willing to appropriate funds for national defense, cause it to help the British Empire and to encourage that Empire to do more for her Colonies. The best way to combat Communism is for Capitalism to insure a higher standard-of-living and greater security than does Communism. The new Atomic Energy may succeed in doing this.

I feel as President Truman and Mr. Churchill agreed at Fulton, Missouri, on March sixth: "These are perilous times. The world either is headed for destruction or for the greatest age of progress in history." If we are to have the latter, this is a time to hold good stocks; while if we are to witness destruction, then it will make no difference whether we have cash, stocks or government bonds!

Nationalists vs Inter-nationalists

Our people, unfortunately, are divided into either Isolationists or Non-Isolationists. One group thinks we should be content to put our own house in order before mixing up with the rest of the world. The other group goes to an opposite extreme and thinks that—through the United Nations Organization—we can NOW run the world and give every nation the Four Freedoms.

Both of the above groups are wrong. Either group could get us into trouble. President Truman should clean out our present State Department and substitute therefor a united Department with a middle-ground, but firm, policy. This policy should be "Limited Inter-nationalism." It should be free from politics, prejudice and philanthropy. It should have one aim; namely, to interfere only in those spots which are liable to get us into war if left to smolder.

Believe in the U.N.O.

I believe in the United Nations Organization and hope it will succeed but democracy is too young a child to NOW depend upon it, exclusively. But important Foreign Notes should be issued only when approved by Congress—in advance—coupled with a willingness to declare war if said Notes are ignored. Otherwise, we should mind our own business.

The most magnificent stage curtain on record, a mosaic of glass, has hung in the National Theatre in Mexico City since 1911. Depicting a popular Mexican legend, the curtain has an area of 280 square yards and contains nearly 1,000,000 pieces of colored glass; and its construction required the work of 20 men for 15 months in the Tiffany Studios in New York. Although weighing 27 tons, it is raised or lowered by hydraulic pressure in seven seconds.

If you have any items of interest about your family or friends please call Plymouth 6.

25 Years Ago

News items of a quarter of a century ago taken from the files of The Plymouth Mail.

Mr. and Mrs. Albert Stever entertained several friends at five hundred, last Friday evening.

Mrs. A. B. Estep is moving into the house on Liberty street vacated by Mr. and Mrs. J. C. Griggs.

Mr. and Mrs. Charles Olds were over Sunday guests of their daughter, Mrs. Earl Stevens and family, in Detroit.

Mr. and Mrs. Claude Burrows, Mr. and Mrs. Elmer Willett, Mr. and Mrs. Byron Willett, Mrs. Jacob Frisch and son Wilmer, Fred Jordan and Miss Dorothy Stillman went to Redford, last Saturday evening, where they were guests of Mr. and Mrs. Walter Frisch.

Mr. and Mrs. George Vealey and daughter, Ellen who motored to Florida last fall and have been spending the winter at Daytona Beach, returned home the first of the week. They report a delightful trip and good roads until they reached Ohio and Indiana.

Contractor J. H. Patterson has secured the contract for a large school building in Redford township.

During the severe storm last Tuesday evening lightning struck the chimney on Frank Dunn's house just west of town completely destroying it. The top of the heating stove was blown off and the dog which was lying near the stove was killed. Fortunately the members of the family escaped injury.

Paul Wiedman of Ypsilanti, who now has the agency here for the Ford cars, has purchased a lot on South Main street, adjoining Czar Penney's property on the north, and expects to build a new garage 60x160 feet in size. The new garage will be constructed of brick and will be modern and up to the very last minute in garage construction. It will be a handsome addition to Plymouth's business blocks. It is expected that work on the new building will be commenced as soon as material can be gotten upon the ground.

Irving Blunk will build a new house on Ann street.

William Secord is building an addition and making other improvements on his house on Depot street.

Robert Todd went to Bad Axe, the latter part of last week to attend the funeral of his aunt.

The Corbett Electric Co. have secured the contract for the wiring of the new flour mill at Northville.

Shear & Shaw Bros., who have the agency for the Buick cars and Republic trucks in Plymouth and vicinity, have incorporated under the name of the Plymouth Buick Sales Co. J. T. Chapman of Detroit, who has had a wide experience in the automobile business is the new member of the firm, and is secretary and treasurer. Mr. Chapman has moved his family here from Detroit. The company are making a special effort to give the best and most efficient service to Buick car owners, which is something that will be greatly appreciated by many drivers of Buick cars in Plymouth and vicinity.

Farm Agent Gives Garden Hints

If you have not been doing a bit of that mid-winter gardening around the fireside these recent weeks by reading the seed catalogs, it is high time you are getting started, suggests Ellsworth Besemer, County Agricultural Agent. Not only is it fun to toast your shins with the fire and look at those pictures of luscious vegetables as shown by the seed books, but it is a pretty profitable business to plan your garden now. Before you get your seed, it is well to make certain just how much room you are going to have for experimenting with new varieties. Of course you will want the old stand-bys, but also you will want to take a whirl at a few of the newer developed strains, Mr. Besemer believes.

There is a new bush bean similar to the high-quality Tendergreen which is the all-American prize winner Longgreen. Pods are a good green color, round, well filled and nearly straight. Among the new varieties of good leaf lettuces is the Slowbolt of the Grand Rapids type lettuce. It stands a long time before running to seed. The Pearl Harbor tomato turns up as new in many catalogs this year, although some had it last year. It is prolific and produces good quality attractive fruit, but may be little late for some Michigan gardens.

It is time now to be getting your plans made and your seed purchased. Mr. Besemer believes. Soon it will be time to prepare the soil and if the planning is out of the way you will know just what you want to plant and where.

Varieties for the early home garden are:

Peas: First early; Thomas Laxton (57 days) World's Record (55 days). Early: Laxton's Progress (62 days); Little Marvel (64 days). Midseason: Alderman (75 days), Morse Market (70 days), Dwarf Telephone (76 days).

Lettuce — Grand Rapids (35 days); Black Seeded Simpson (35 days); Oakleaf (40 days); Slobolt. Head Lettuce — Great Lakes (88 days).

Carrots—Chantenay (70 days); Nantes (77 days). Early Cabbage — Copenhagen Market (70 days); Golden Acre (65 days).

Beets—Detroit Dark Red (55 days); Early Wonder (50 days). Radishes — Scarlet Globe (22 days); Icicle (25 days).
