What I Think and
Have a Right
to Say
Edson R. Eaton

THE BLESSED EASTER HOPE.

"Praise be to the God and Father of Jesus Christ, our Lord, who, through the resurrection of Jesus Christ from the dead, has, in His great mercy, given us a new life of undying hope." (First Peter 1:3, T. C. N. T.)

"I will meet you in the morning" was the farewell of the ancient Christians when they fell asleep in Christ. To that glad morning when the mists and shadows flee away, our thoughts turn at Easter time.

It is surprising to read through the New Testament and find what a large place hope has there. The epistles of Paul are abounding in hope and he even goes so far as to tell us we are saved by hope.

It is as though with the coming of Christ the sunlight had at last burst through the gloom that had overspread the world, and illuminated the darkness with its life-giving rays. If there was a temporary eclipse of that hope when the dark shadow of a cross lay for three days across the earth yet it blazed forth with renewed splendor on Easter morn.

There is never a heartache, never a sorrow, never a death-bed, never a tomb that this hope could not irradiate, and gild with a glory not for this world. The sad fact is that so many seek to live without God and without hope in this world. LET US LIFT UP OUR HEARTS.

It is a mere platitude to say that we are living in a time when hope has almost flickered away in some parts of the world, and in a multitude of human breasts. The difficulties, the problems, the sorrows, national, international and individual, are causing despair everywhere. Yet Easter comes again with its message of hope to us all.

At times it may have seemed as if the last string on the harp of hope would snap, but not quite. God has raised up for us many friends who have helped to bear the burdens with us. Out of all this experience of the furnace, God will, we believe, get glory to himself.

The Easter message is a message of hope—that supremely. Beyond the darkness is the light of a new day, and beyond the pressure of the fretting circumstances of the present there is that "blessed hope," which may find realization today. LET US LIFT UP OUR HEARTS AND HOPE.—Exchange.

PORK CHOPS FOR THE WINNER.

With meat and milk shortages growing in this land of plenty, in this land of milk and honey and pork chops, we wonder just what can the matter be down in Washington.

If you can answer that one to the satisfaction of every one, there's a pork chop dinner waiting for you just around the corner.

THE BATTLE CREEK IDEA.

Over in Battle Creek during the recent election, the voters had before them two tax issues. One was an increased two mill tax levy for the public schools, the other was a proposed increase in the city tax rate.

What did the voters do?

In one of the largest municipal elections in many years, the citizens of Battle Creek voted overwhelmingly in favor of the increased tax for the public schools, but voted just as emphatically against an increase in the city tax rate.

WHAT TO DO WITH THEM.

Testimony being given before Canada's inquiry into the Soviet spy ring has already involved the names of some alleged Americans. If these assertions are true and there are spies at work in this country seeking to betray it to some foreign power, there is but one thing for the United States to do—shoot them down like the dirty dogs that they are, shoot them just as we would the traitor in the army who would betray his comrades to enemy bayonets. We have sacrificed enough lives in the world struggle we thought was over, but it appears that there are some who would involve us in another conflict. Our punishment for these traitorous spies might seem severe, but not when we think of what it might mean in saving the lives of the young men of our own country from another conflict.

LET THE STATE GRAND JURY ALONE.

Press reports fortunately have let plenty of light on the amazing attempt of politicians, chiefly in the legislature which is still being investigated, to throw up smoke screens, drag red herrings across many trails, and otherwise sabotage the grand jury procedure at Lansing, which originally was the responsibility of Judge Leland W. Carr, and which more recently has rested on the shoulders of the chief prosecutor, Kim Sigler.

Mr. Average Citizen in recent days has been delightfully vocal in expressing the belief that the failure to secure conviction in the McKay case has inspired the known enemies of the whole project to come out in the open and attack Mr. Sigler, and his crew of co-workers, in the hope of discouraging any further action of value and importance to the people of Michigan.

"There must be still a lot of fire, where we see so much smoke," says this unbiased citizen. "They talk big about waste of big money, evidently because some of them, or their friends, are trembling with fear of further disclosure of the vast sums of money that the crooks and grafters have been spending to defeat justice in Michigan and to corrupt the work and members of the state legislature."

What these and other citizens are concerned about is not the cost of organized investigation and punishment of brazen enemies of the public, but successful completion of the enterprise begun three years ago, on demand of an informed committee. Men of experience know that the financial costs of this kind of work are large, in proportion to the great size of the evils to be up-rooted.—Detroit Civic Searchlight.

MRS. CASS S. HOUGH CATCHES BIG SAIFISH

Mr. and Mrs. Cass Hough returned to Plymouth Wednesday evening from a cross country airplane trip with the Sportsman Pilot's Association of which Mr. Hough is a charter member.

While on their trip they spent a day at West Palm Beach, Florida where the group went fishing in the ocean. Mrs. Hough landed a 7 foot sailfish which was one of the largest taken in that area this season. It was her first ocean fish and it took her nearly an hour to bring it to the boat.

Ypsi Educator To Address PTA

Special speaker at the Starkweather PTA meeting at 7:30 p.m. Thursday, April 25, will be Dr. S. E. Fagerstrom, A.B., A.M., and Ph.D., department head of History and Social Science, Michigan State Normal College, Ypsilanti. Dr. Fagerstrom will speak on "Schools As An Agency Toward Peace." His address will be given in the Starkweather School auditorium. The general public is welcome.

Hawthorne to Rebuild Its Club House at Once

"We've started rebuilding and within 60 days a new, better, larger and more efficient clubhouse will be put in operation."

Thus, did Victor Kingsley, owner of the Hawthorne Valley Golf Club, West Warren and Meridian roads, Nankin Township, settle the future of his business which was swept by fire early Friday with a loss of more than \$70,000.

"In the meantime, continued Mr. Kingsley, we are operating. The course is open and we have set up temporary quarters from which food is being served."

The disastrous blaze, made very spectacular and dangerous by exploding gas tanks and rifle cartridges originated in the basement of the two-story winged building, according to Mr. Kingsley.

Before fire fighters from two departments were able to bring the flames under control they consumed the main or center portion of the clubhouse and badly damaged the remainder.

Discovered by Don Brown, 20, a stepson of the owner, who was sleeping in an upstairs room, the fire spread so rapidly he could not reach the telephone in the kitchen. He awakened James Horton, 45, the chef, and Horton's son, Louis, 16, before running to the nearest telephone to summon help.

Fire equipment from Livonia and Nankin Township fought the blaze three hours but were handicapped because no fire hydrants (Continued on 2nd Sec. Page 6)

Mayor Jeffries Tells Rotarians of Tax Problems

Mayor Edward Jeffries of Detroit, speaker at last week's Rotary club meeting, discussed in an interesting way that old and troublesome problem — taxation and distribution of Michigan's tax income.

The program was in charge of Warden Blake Gillies of the Detroit House of Correction, who spoke in tribute to the Mayor's father, Judge Jeffries, a personal friend of the Warden's until his death.

"The important question is, whether local units of government should receive any aid from the state," said Mayor Jeffries. He briefly related details of the organization of a group of mayors in an effort to secure aid he asserted that the cities of Michigan need.

"The only tax income we have is the real estate tax. You know what happened to real estate in the last few years," he said.

He pointed out that the depression and recession forced all units of government to cut operations costs and curtail needed expansions.

"We really hadn't begun to recover from this and make necessary additions to our plants when the war hit us," he said.

All local units of government have demands for new services that they cannot provide he added.

"The state gave aid to the hospitals and there it stops. But cities have police, fire, sewers to supply (Continued on 2nd Sec. Page 6)

Kiwanis Club to Sponsor Scout Troop in City

Plans for sponsoring an entire scout unit have been adopted by the Plymouth Kiwanis club.

In keeping with the national trend the Kiwanians here will endeavor to sponsor a scouting unit including a cub scout pack, boy scout troop and senior scout organization.

Heretofore the Plymouth Kiwanians have been sponsoring only a cub scout pack. This new program will expand their endeavor considerably and offer greater opportunity to more boys interested in scouting.

Chairman of the club's unit sponsoring committee is C. M. Loomis. Other members are Frank E. Terry, Edwin Campbell and Dean Saxton. These members also will serve as chairmen of each single divisional group in the unit.

Frank E. Terry heads the panel in charge of the Boy Scout Troop. Serving with him will be Harold C. Young, secretary and treasurer. (Continued on Page 2)

Plymouth's Newest Factory Will Be In Operation by First of May

By the first of May, the Plymouth Production Company, this city's newest industry, will have its plant in operation, stated John M. Summerlee, general manager of the company, yesterday.

Its new plant, located on the corner of Amelia street and Farmer avenue is nearing completion and equipment is this week being moved into the new building.

The company will manufacture stainless steel soda fountain and plumbing fixtures. Already it has a sufficient number of orders on hand to keep the plant busy for some months to come.

The new building, erected by Contractor D. S. Mills, is of brick and concrete construction and is absolutely fireproof. The structure is 40x60 feet on a lot that is 200x180, which provides the company with plenty of room for future expansion.

Two brothers, John M. and Robert J. Summerlee, who will serve as secretary-treasurer of the company, will operate its affairs. Both, while young men, have had plenty of business experience and are thoroughly familiar with the business they are establishing in Plymouth. John, a resident at present of Detroit, will move to Plymouth as soon as a home can be located.

Robert is well known in Plymouth, having been a resident of Rosedale Gardens at 9627 Ingram, for a number of years. The company expects to have fourteen or fifteen on its payroll just as soon as its equipment can be set and placed in operation.

Head-on Collision Near Here Kills 1 Injures 2 Others

Willard Staman, 36, of 325 Irvin, escaped serious injury but his car was badly damaged early last Sunday in a head-on collision near Plymouth which killed one Detroit resident and hospitalized two others with critical injuries.

Wayne County sheriff's officers said three youths in a car driven by Robert Carrio, 22, of 35411 Norris, Wayne, were driving on Ann Arbor Trail at a high rate of speed. Rounding the sharp curve just east of Wayne Road, the car went out of control, the officers said, and crashed head-on into Staman's machine.

Instantly killed in the crash was Harry Towns, 21, of Detroit. In Wayne County General Hospital with critical injuries is the driver, Carrio, and Donald Tooley, 22, of 35640 Booth, Wayne.

Officers indicated Carrio may be charged with Towns death. They said zigzag skid marks extending for 250 feet showed Carrio was speeding and had lost control of the machine as he went into the curve.

Wall Wire Plant Being Enlarged

Postwar expansion already is underway at the Wall Wire Products Company. Construction of an addition, 50x290, to the present plant is now in progress. When completed the firm's floor space will be increased by one-third.

Construction of the addition is in charge of Berger & Dobbs, Plymouth building contractors. Electrical work will be done by another Plymouth contractor, the Corbett Electric Co., while John M. Campbell, Plymouth plumbing contractor, has the heating and plumbing contract for the new structure.

The expansion was authorized (Continued on Page 7)

Thugs Beat Up Plymouth Man

John O'Meara, 51, of Alden Village, near Plymouth is in serious condition at Receiving Hospital, Detroit, as the result of a beating administered Tuesday night by a pair of holdup men.

O'Meara, manager of the Elliott Cartage Company, Detroit, was the victim of the company's plan to prevent robberies from their safe.

Detroit police reported that two thugs invaded the cartage firm's office and forced O'Meara to lead them to the safe. They forced him to open the outer door. O'Meara told police he explained to the thugs that he could not open the inner door as the company officials had that key. This infuriated them and they beat him severely and fled, police said.

Attends Girl Scout Meeting

Girl Scout Great Lakes Regional Committee meeting was held at Chicago, April 8 and 9, to discuss the needs of scouting in Region Seven which includes Plymouth.

The local commissioner of the Girl Scout Council, Mrs. John Henderson, had the opportunity of attending the various sessions held on these two days which included discussions on "The Whole Community and The Plan of Work", to avoid duplication of Scout programs and local recreational activities, also "Estimating (Continued on Page 7)

Woman's Club Elects Officers

The following officers were elected to serve the coming year at the annual meeting of the Woman's Club of Plymouth held Friday afternoon in the St. Johns Parish House: President, Mrs. Paul Christensen; first vice president, Mrs. Milton Laible; second vice president, Mrs. Paul Wiedman; recording secretary, Mrs. James Keyes; corresponding secretary, Mrs. Dow J. Swope; treasurer, Mrs. Edwin Bolton; Directors, Mrs. William Hartmann, Mrs. John Henderson and Mrs. Kenneth Hulsing.

Plans are being formed for the annual spring benefit party for the Crippled Children of Michigan with Mrs. Horace Johnson acting as chairman, who will have as her assisting committee members joining the club during the past year; also Mrs. John Paul Morrow. The date will be announced.

Magazine Tells Daisy History

Thousands of railroad employees throughout Michigan, Ohio, Indiana, Illinois and several southern states this month are reading about Plymouth and the Daisy Manufacturing Company.

Under the title, "It's a Daisy," in the April issue of Tracks, a digest-sized magazine published for employees of the Pere Marquette, Chesapeake & Ohio and Nickel Plate railroads, is an article giving the history of the firm.

The well written, informative piece about Daisy air rifles and the company that makes them was authored by Etzel Olsen, a staff writer for the magazine. It covers two and one-half pages and has a large picture showing the testing of the finished guns.

The Mail takes great pleasure in reprinting the article as follows:

"When, in the winter of 1886, the founders of the Plymouth Iron Windmill Company decided to make air rifles instead of windmills, the small town of Plymouth, a short distance from Detroit, buzzed with excitement. The would-be prophets seated around the cracker barrel in the corner grocery shook their heads. 'It's a crazy idea!' they said.

But they were wrong. Today the Daisy Manufacturing Company is the largest manufacturer of air rifles in the world, and one of Plymouth's largest concerns.

There are few American boys who have not owned an air rifle. It is a healthy, happy part of their 'growing up.' An air rifle in the hands of a boy is his magic carpet that takes him to many and far-away lands. It conjures up visions of the Pilgrim fathers who carried their muskets with them wherever they went, even to church; of Daniel Boone, in his buckskin-fringed leggings and coonskin cap; of Teddy Roosevelt, hunting big game in Africa, and leading his Rough Riders up San Juan Hill.

The rifle stands for law and order. Skill in handling a rifle is of untold value in time of war, in the preservation of our ideals and in the safeguarding of our homes and country.

The Daisy Manufacturing Company has always been more or less of a family affair. L. C. Hough was one of the founders of the company, and his descendants still own and operate the plant. A great many of the employees are sons and grandsons of the men who were with the company from its beginning. All of the 350 employees live in or near Plymouth and three-fourths own their homes.

Arthur Burden, who has been (Continued on 2nd Sec. Page 6)

JayCees Making Plans for Big Coaster Derby

Plymouth's greatest pre-war attraction for juvenile boys — a Coaster Derby—will be renewed this summer under auspices of the Junior Chamber of Commerce.

Plans already are underway for this outstanding event. It will be held early in July on "Derby Hill" in Cass-Benton Park just north of the community. The last "derby" was held in 1941.

As in previous years before the affair became a war casualty the "derby" will be in charge of Charles P. Wolfe and Clayton Koch. Conforming to the pre-war pattern also, the winners will be sent to the regional finals at Detroit. Proceeds will be contributed to the Veterans Memorial Foundation.

At present 17 Plymouth youngsters have given notice of their intention to participate in this year's meet. Nine of them have already obtained sponsors for their individual racers.

Plymouth merchants or firms desirous of sponsoring a racer for a boy can do so by contacting either Mr. Wolfe or Mr. Koch, co-chairmen of the event.

According to the national rules which will govern the Plymouth "derby," entrants can purchase only the wheels and axles of their coasters. They must build the rest. Whatever type of "racer" the purchased wheels and axles carry is entirely up to the ingenuity of the entrant. Of course this always brings up considerable construction problems.

A meeting to discuss such problems and to offer hints for building a winner is scheduled for 7:30 p.m. Tuesday, April 23, at Central High school gymnasium.

Members of the instruction committee that will conduct that meeting for the "derby" entrants are Donald Rank, George Todd and Donald Lightfoot.

At that time the boys will be invited to lay their construction problems before the committee. Material problems may also confront the lads. The committee will lend every effort to solve all their troubles relative to the "derby."

The committee also will at that time distribute very helpful instruction booklets which are furnished by the Chevrolet division of the General Motors Corporation.

Boys already having sponsors (Continued on 2nd Sec. Page 6) (Under heading Sacred Concert)

Sacred Concert Planned Friday

On Good Friday at 12:45 to 2:00 p.m. the Male Chorus of Northwestern College, Watertown, Wisconsin, will give a sacred concert at St. Peter's, Lutheran Church. This is one of 15 concerts to be given during their eleven-day tour of cities in Wisconsin, Michigan, and Ohio.

The Northwestern College Male Chorus is under the direction of Professor H. C. Oswald, B.A., M.A. He also directs the chorus of Lutheran Theological Seminary at Thiensville, Wisconsin. Professor Oswald has made a special study of the works of Bach and of the pre-Bach composers of sacred music.

This chorus consists of 43 picked voices. They come from seven western and midwestern states. All members of the chorus are theological students and are preparing for the ministry in the Lutheran church. Before the war this chorus made regular and extensive tours in the midwestern states. This is the first time since before the war that transportation has been available for an out-of-state tour. The chorus has been rehearsing regularly since last September in preparation for the tour, and the concert will consist of the best in sacred music.

Dance Scheduled By JCC Auxiliary

Another of the popular dances being sponsored by the auxiliary of the Plymouth Junior Chamber of Commerce is being planned for Saturday evening, April 27, at Masonic Temple.

The JCC auxiliary has sponsored several of these dances throughout the past several months. As a result more than \$200 has been given to the Plymouth District Veterans Memorial Foundation by the auxiliary.

The auxiliary was among the first donors to the foundation and has supported its program continually.

School District in Need of More Funds

Introducing The New Mayor!

Mayor Robert Lidgard.

Commissioner Dunbar Davis.

It's Mayor Robert Lidgard, if you please, for the next year.

Without a dissenting vote, the new city commission Monday night elected this progressive, active young business man of the north side as mayor for the ensuing year.

For the first time in years, a north sider is chief executive of the city.

Mayor Lidgard Tuesday celebrated the event by attending the opening ball game between the (Continued on Page 8)

Nylon Stampede Swamps Phone Co.

It just doesn't pay to let people know that you are going to have nylon hose for sale, or at least that's what the Telephone Company and Taylor and Blyton's are beginning to think.

Last Monday Taylor and Blyton's had many calls from their customers throughout this area asking if there would be any hose offered for sale during the week. Those who took the trouble to call were informed that if hose was available they could call the store on Tuesday or Wednesday between 8 and 10 a.m. and place their order by telephone.

When telephone operators reported for duty Tuesday morning they were deluged by calls from all over the Plymouth area with calls to the Taylor and Blyton store. During the two hour period on Tuesday there were over 5,000 actual calls to 1000 the store telephone number.

Wednesday was even worse and 7,000 calls were taken by the overtaxed switch boards in the telephone office. Several times during the two hour period every light on the boards were flashing and harassed operators could not even begin to care for the calls.

Both the Taylor and Blyton store and the Telephone company were naturally sorry that such a rush had descended upon them and they want their customers and the ladies of this area to know that it was just beyond all human efforts to possibly cope with the situation.

The store has an ad appearing on the first page of the third section of the paper this week announcing a new selling policy as far as nylon hose is concerned and they say that no telephone orders will be accepted.

Repairs and More Room for Pupils Essential.

After a careful and exhaustive study of the financial problem of this school district, the Plymouth school board has come to the conclusion that the time is at hand for immediate action by the residents of the district if a serious financial deficiency is to be avoided.

A considerably greater sum than is now available for use in the district is needed to care for an absolutely necessary expansion program if proper school facilities are to be provided the pupils of this district.

Not only has the board found this to be necessary, but there is a vast amount of repair and replacement work that is absolutely essential.

Mrs. Sidney Strong, president of the school board, says it will be necessary for the board to request taxpayers for additional school tax millage at the next school election.

"Additional millage is a must," said Mrs. Strong. "If Plymouth schools are to take their rightful place in the community."

Mrs. Strong said that the school board reached that decision only after considerable debate. No body of citizens, she said, likes to ask an increase in taxes but when additional funds are needed it is best to put the proposal up to those upon whom the burden will fall.

Just how much additional school tax millage is needed, Mrs. Strong could not say at the present time. The board, however, estimates that it will need an extra \$50,000 per year for at least the next five years.

Mrs. Strong also pointed out that any additional millage voted by the qualified school electors at the next school election would have a five-year limitation.

Whatever the millage requested, the actual increased burden on each individual taxpayer would be very small, the board stated.

An increase in the millage is vital to Plymouth if the present educational system is to be improved to the extent that the public demands it be, Mrs. Strong declared.

An expenditure of between \$25,000 and \$30,000 within the next year for new boilers and heating system expansion in the Central School can net be avoided.

However, the heating system expansion and improvement program, is only one of the factors that brought about the board's decision to ask the taxpayer for additional millage.

New buildings, enlarged facilities, teacher and salary adjustments will demand funds in excess of those now provided by (Continued on 2nd Sec. Page 6)

Vocational Shop Expansion Sought By School Board

Plans for the tentative expansion of the Vocational Shop at Plymouth High school have been ordered drawn up by the Board of Education. Thomas Moss has been commissioned to draft the drawings.

According to Superintendent Heimer A. Nelson, receipt of considerable government surplus stock by the school makes the expansion imperative before another school term begins.

The Vocational Shop is one of the most important departments of the Plymouth High School and has for a long time needed additional floor space.

New equipment which will make it possible to offer vocational instruction to more students makes expansion of that department most necessary.

The school board right now is speaking of the expansion as tentative but feels certain there will be no barrier to pushing the project through to a successful completion.

Weddings

Shirley Mae Freeland Marries Joseph Caloia In Boston, Massachusetts

Shirley Mae Freeland, daughter of Mr. and Mrs. Lawrence Freeland of Palmer avenue spoke her nuptial vows in a double ring ceremony to Joseph A. Caloia, MM/2c, son of Mr. and Mrs. Joseph A. Caloia of Palmer avenue, Tuesday, April 9 at 2:30 p.m. in the St. James church, Boston, Massachusetts with Rev. William Melea officiating.

The bride wore an aqua suit with brown accessories and a corsage of white orchids.

Audrey Schroder Weds Anstess Weir

Audrey B. Schroeder, daughter of Mr. and Mrs. Edward C. Schroeder of Detroit spoke her nuptial vows in a double ring ceremony to Anstess H. (Jack) Weir, son of Mrs. Effie A. Weir, Friday evening, April 12 in the Westlawn church, Detroit with Rev. B. J. Holme officiating.

The bride wore a suit of gray casha mink with pink sweet peas and iris corsage.

Betty Barnes of Detroit, the bride's only attendant wore a black and white suit with sweet pea corsage. Harvey Taylor of Detroit attended the groom.

The wedding dinner was served in Dearborn Inn following the ceremony.

Mr. and Mrs. Weir will make their home at 5200 W. Chicago Blvd., Detroit.

Phyllis Lee Becomes Bride of Roy Singleton

Mr. and Mrs. George Lee announce the marriage of their daughter, Phyllis, to Roy Singleton, son of Mrs. Maggie Singleton, of Detroit, Saturday, March 30.

The bride wore a blue gaudine suit with brown accessories and corsage of white roses.

The maid of honor, Sarah Singleton, sister of the groom wore a blue wool suit with black accessories and white carnation corsage. Chester Singleton, attended his brother.

Mr. and Mrs. Singleton are residing on Fair street.

PATCHEN P.T.A. NEWS

On Thursday afternoon of April 12 the Patchen school PTA held their first meeting with the preschool mothers.

A very interesting program was had with Mrs. Scott the District nurse showing the movie "When Bobbie goes to School" and Miss Fisher the visiting teachers, Mrs. Watson the helping teacher of Wayne County and Mrs. Retwick the kindergarten teacher of the school, gave some very interesting and helpful talks.

Refreshments and getting acquainted were enjoyed by all.

Girl Scout News

Most of the troops of Plymouth are doing service work for the hospitals by making favors for their trays to be used Easter morning. Some of the favors are Easter baskets, peanut dolls, napkin rings, and place card favors.

Monday evening, troop four had an international friendship hike and a progressive dinner. Some of the mothers of the girls being hostesses of the different courses. The menu centered around the foreign dishes. They saw craftwork from the foreign countries.

Troop three and six had a hobo hike, they carried their lunches on a stick and all had a very good time.

The older girls are enjoying swimming at the Wayne County Training School each week.

GIRL RESERVES CHOOSE THEME

The theme for the Girl Reserves' Mother and Daughter Banquet to be held May 9 is to be International, the program and speaker to be announced later. The meal will be cooked and served by the Stark Kitchen Club assisted by eight Hi-Y boys who have generously donated their services. The menu which has been prepared is as follows:

- Tomato Juice
- Scalloped Potatoes
- Baked Ham
- Vegetable Salad Mold-Rolls
- Coffee
- Cake
- Ice Cream

KIWANIS CLUB TO SPONSOR TROOP

(Continued from Page One) er; and the following sub-chairmen:

Robert Lidgard, advancement and training; D. T. Bovee, outdoor programs; James Gallimore, membership and morale; Fred VanDyke, equipment; John C. McIntyre and C. C. Wiltse, health and safety.

In charge of the Cub Scout Pack will be Edwin Campbell. Russell, Roe will be his secretary and treasurer. Sub-chairmen are Robert J. Joffile, membership; J. S. Winterhalter, morale; Barton Rodgers, advancement and training; Harry Krohn and Clifton E. Raum, programs.

Dean Saxton will head the Senior Scout committee with Dean Herrick as secretary and treasurer and W. J. Lent in charge of membership.

Lawns, Flowers In Need of Water

Having trouble with your lawns and spring flowers? Not surprising! Say local nurserymen. Like to know why? That's simple. It's too dry.

If you would have your spring flowers (tulips, daffodils and hyacinth) reach full bloom, then give them lots of water. Maybe you hadn't noticed but around these parts it has been a very arid spring.

Nurserymen here say that unless water is used in abundance on the tulips especially they are not going to bloom. Lawns can stand a lot of water too.

New seedling naturally should be sprinkled lightly but frequently and old seeding needs lots of water along with some fertilizer. Shrubs need lots of water, especially those that are being planted this spring. Evergreens being planted now should be watered at least three times daily to insure their growth.

Spare the water and reap nothing, is the warning Plymouth nurserymen and landscapers are giving now.

More pork can be raised without corn than is realized, says W. N. McMillen, MSC animal husbandry department. Legume pastures will replace a large share of the protein.

SOAK'EM.. FREEZE'EM..

FOR 10 HOURS FOR 10 DAYS FOR 10 MONTHS

THEY'LL DRY OUT SOFT AND PLIABLE

THEY'RE WOLVERINE SHELL HORSEHIDES

THAT'S RIGHT—you can bet your bottom dollar Wolverine Shell Horsehides will dry out soft. No other work shoes on earth are made of leather like Wolverine triple-tanned Shell Horsehide.

Soak 'em through and through, keep 'em under water or frozen in ice for weeks or months, it makes no difference. They'll always dry out soft and pliable as old house slippers—and stay that way—they even need no breaking-in when new. Wolverines are tough, too—unbelievably tough. They give you months and miles of money saving extra wear.

Come in and try on your size. Ease your feet into a pair of genuine Wolverines and feel the amazing restful Extra Comfort.

Building Permits Where Vets Can Still Being Sought Secure Loans

Whether the government's new order restricting building and repairs will hamper Plymouthites to whom building permits already have been issued is still not clear.

Anyway the City continues to issue such permits and the public is not at all backward about requesting them.

Among the permits issued to date are those of the Church of the Nazarene, 793 N. Holbrook Avenue, addition to present edifice; L. B. Rice, 963 Harding Avenue, erect two-car garage; August Myers, 904 West Ann Arbor Trail, erect new garage; at 229 North Harvey street; William Sutherland, 1000 West Ann Arbor road, addition to present structure; George J. Gottschalk, 560 Kellogg street, general repairs and construction of addition to present building; and Mrs. Langkabel, 75 Roe street, reside residence with insel brick.

An electric cord with self-adjusting jaws fits any appliance, goes away with cord storage jumble, frantic searching for the right one to fit.

The Plymouth Mail Want Ads bring results.

Hubert Stiles, county supervisor for the Farm Security Administration has announced that he will be in the office of E. I. Besemer, County Agricultural Agent for Wayne county, each Wednesday morning from 10 to 12 o'clock for the purpose of taking applications from and making farm loans to eligible farmers and veterans. Mr. Besemer's office is located at 3914 Monroe in Wayne.

The FSA can make loans up to \$2500.00 for the purchase of livestock, machinery, seed, feed, fertilizer, and operating expenses. The period of repayments is from one to five years, depending on the useful life of the article purchased. Interest is charged at the rate of five per cent.

In addition to chattel loans, the FSA can make loans to veterans and qualified farmers for the purchase of family type farms. These loans require no down payment, and repayments are amortized over a period of 40 years in such a way that payments are larger in good years and smaller in poor years.

These loans bear three percent interest, and are limited by Congressional action to \$12,000.00. Each farm purchased must undergo an earning capacity appraisal based on long time average prices which indicates that it will furnish the family with a decent standard of living, plus enough extra to retire the loan.

"Back From Europe"

A New Series by **Philip A. Adler**

Back at his newsroom typewriter after reporting from Poland, Czechoslovakia, Austria and France, Mr. Adler is busy reviewing his experiences while abroad.

In this new series, Adler tells many interesting facts about Warsaw, Poland's food situation, conditions in Denmark, travel in Europe today and other incidents and experiences not covered in his regular dispatches.

Veteran Homes To Come First

In order to channel materials into the construction of 2,700,000 homes for veterans by the end of 1947, the Government last week placed drastic curbs on the construction or repair of almost all types of buildings.

The following is the order issued by the Civilian Production Administrator and is printed to clear up some of the confusion which exists because of the many rumors and misstatements now making the rounds.

Building Prohibited Under Freeze Order

Specifically, the order bans the following unless approved by the government:

1. Construction or repair work in excess of \$400 on houses, including farmhouses or other structure or residential property, designed for occupancy by five families or less.

2. Construction or repair jobs costing more than \$1,000 on hotels, resorts, apartment houses or other residential buildings designed for occupancy by more than five families.

3. Work in excess of \$1,000 on commercial or service establishments such as offices, stores, garages, theaters, warehouses, radio stations and gas service stations.

4. Jobs costing more than \$1,000 on farm buildings, except farmhouses.

Work in excess of \$1,000 on churches, hospitals, schools, pub-

lic buildings and charitable institutions.

6. Jobs costing more than \$15,000 on virtually all industrial and commercial buildings, plants, or factories.

7. Work in excess of \$200 on virtually any other type of structure.

Industrial Work Needs U. S. Approval

Commercial or industrial structure prohibited unless approved by the government was listed by the order as:

Factory, plant or other industrial structure used for manufacturing, processing or assembling; logging and lumber camp; pier, structure for a commercial airport or carrier terminal; railroad or street railway building; research laboratory; pilot plant; motion picture set; utility structure, including telephone and telegraph; oil, gas or petroleum refining or distribution plant.

The order does not forbid or require authorization for the continuance of construction work already begun. It provides that materials for the structure must have been incorporated in it on the site before March 26 or work must be going on before a project is considered to be underway.

Committees composed of local citizens will be organized in 71 cities throughout the country to rule on the question of whether government approval shall be granted a construction or repair project.

Work Excluded Under New Regulations

It does not apply to repainting and repairing or to greasing and

repairing or installing repair or replacement parts in existing equipment, where no change is made in the structure itself.

Work done on roads, streets, sidewalks, railroad or street or interurban or plant railway tracks or operating facilities, fences, silos, bridges, tunnels, subways, pipe lines, power lines, sewers, wells or underground mines, surface, dams or canals is excluded from the order.

Persons desiring to begin work prohibited by the order may apply for authorization by filing an application, in the case of non-farm housing, with the local office of the FHA, in the case of farm buildings, with the local county agricultural conservation committee, and in the case of other construction or repair work, with the district CPA office.

Recreation Club Plans Banquet

The Livonia Recreation Club (L.R.C.) Junior Dance Group held a frolic at the Wilcox School, Friday evening, April 12. About 70 young people attended the dance. During the evening plans were made for the last dance of the season which will be held at the Wilcox school on May 10. Refreshments were served and a very enjoyable evening was had by everyone.

The L.R.C. Senior Dance was held Saturday night, April 13, at the Wilcox School. Thirty-five couples enjoyed dancing and refreshments during the evening. Mrs. Lee Thompson and Mrs. George Timerson were co-chairmen of the affair.

The L.R.C. Bowlers will hold their annual banquet and dance at Huck's Inn on May 7. Details of the celebration will be announced later. Bowling was so successful this past season that the members are planning to have a summer league. For information about plans as they progress, call Jack Williamson, Evergreen 5447.

L.R.C. Baseball. Mr. Lee Thompson has been appointed head baseball coach for the Wilcox girls' baseball team. Mr. Joe Vernier will serve in the same capacity as baseball coach for the senior boys' baseball team, and Mr. Wayne Kendall will be coach for the junior boys' baseball team.

Rosedale Lockers To Open In May

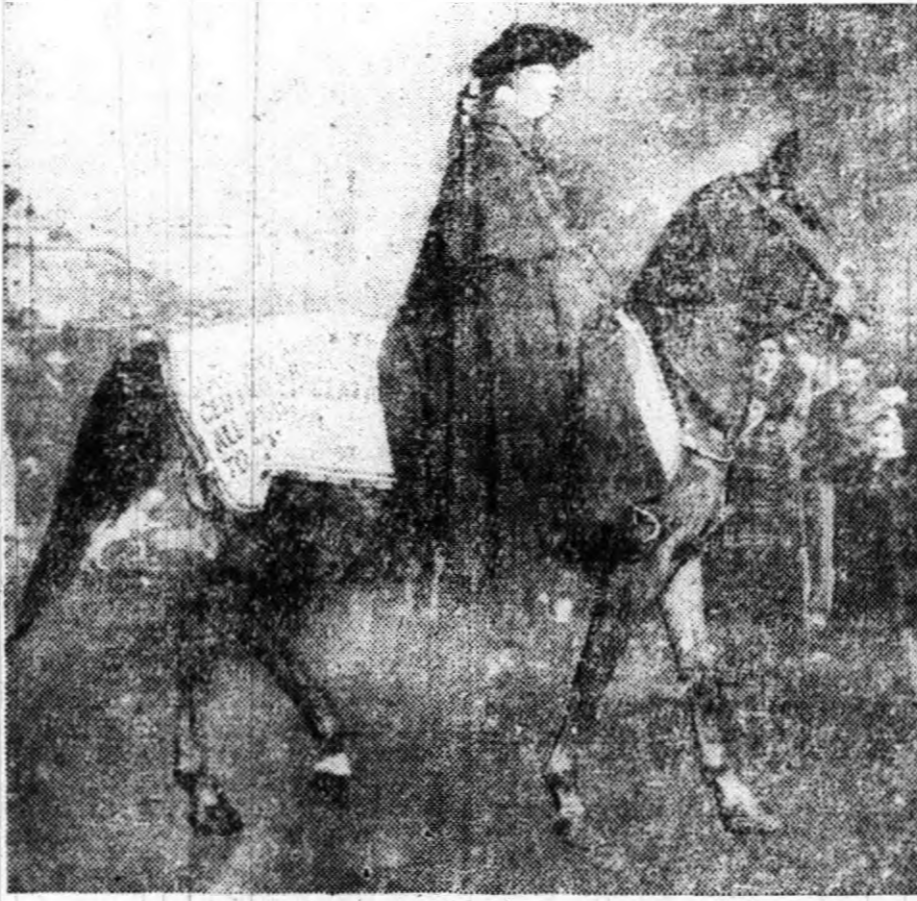

After many delays caused by strikes and reconversion, the Rosedale Food Lockers are scheduled to open in two weeks. This announcement was made by William J. Shekell, one of the owners, this past week and should be of interest to the residents in the area.

In this plant, which is the most modern in the United States, will be 500, six cubic feet lockers, chill and aging rooms, facilities for rendering, smoking and the processing of meats, fruits and vegetables. An automatic poultry picker is now on order and will be installed on arrival.

The plant was designed by James and Roach of Detroit and is 100x25 feet, with the locker room proper 21x64 feet. Joseph T. Etadnik of Milford is Mr. Shekell's partner in the business.

"The year 1946 calls for all-out production with definite assurances that the best we can do will not be sufficient to meet the demand"—G. A. Brown, head of the department of animal husbandry, MSC.

'Paul Revere' Warns of Inflation Danger

Dressed as a Colonial horseman, Ted Green galloped through Brooklyn, N. Y. streets with a warning against inflation. It was part of a campaign the eastern city is waging against danger of runaway price increases.

Engineer Will Address Kiwanis

Kiwanis Speaker Samuel C. Hadden

Samuel C. Hadden, of Indianapolis, consulting engineer for the Chicago-Detroit Expressway, will discuss the development of highway needs between two of the nation's largest cities Tuesday, April 30 when he addresses the Plymouth Kiwanis Club at the Hotel Mayflower.

Former Chairman of the Indiana State Highway Commission and past president of American Association of State Highway Officials, Hadden was engaged to foster the Chicago-Detroit Expressway project by its co-sponsors, the Automobile Club of Michigan and Chicago Motor club.

As one of the nation's outstanding highway experts, Hadden is currently laying the groundwork for development of the super-modern link between Chicago and Detroit. Through his efforts the project has been designated for top priority as a link in the National System of Interstate Highways.

Under the Federal Aid Highway Act of 1944, Congress directed that a National System of Interstate Highways be designated, of a total extent not to exceed 40,000 miles, so located to connect the principal metropolitan areas, cities and industrial centers, to serve the national defense, and to connect at suitable border points with routes of continental importance in Canada and Mexico.

The routes are to be fixed and integrated by the Commissioner

School Employees To Receive 2nd Raise

All school employees are to profit by a resolution passed by the Board of Education last week. The Livonia Township School District has been allocated the sum of \$32,327 by the Federal Work Agency which included certain sums for salary increases to meet the rising cost of living.

The increase applies to all persons now employed by the school district who shall have been employed during the 1945-46 school year. Teachers, supervisors, the rate of \$8.00 per month or etc., shall receive an increase at major fraction of a month that they have been employed.

In most cases the raise shall amount to about \$80.00 and with the state aid which was passed by the legislature this winter, all school employees shall receive about \$150.00 over and above what their contracts called for.

Facul-Tease

Run, do not walk to the nearest principal's office, if you intend to try out any of these tortures for teachers. Deservdly, they rate number one of the faculty's hiss parade.

Bubble Trouble — First it was those magic bubble makers, which are still functioning in many classrooms. But lately it's been Bubble Gum on which some of you have learned to give startling performances. In one school there's a fine for anyone caught chewing, popping or blowing bubble gum.

Whistle While You Work—That's not our advice—it's just the report of our own campus FBI. You're wearing whistles around your necks and you blow them whenever the occasion calls for a Hubba Hubba.

Travel Notes—Imagine taking a little wind-up toy car to school and sending it scurrying around the classroom floor with notes to your favorite companions in crime. But don't let your imagination get the better of you.

Kid Stuff—No yo-yo's allowed is the sign over one classroom, where the teacher wearied of confiscating the jittery little gadgets. In another school, huge lollipops are the latest in truly juvenile delinquency, and in many schools the campus queens are carrying little rag-doll mascots with them wherever they go. Who do they think they are—Baby Snooks?

Patch Party

Here's your party pick-up for today. Invite all the boys and girls you know to a Blue-Jeans Patch Party. With every invitation to a boy you include a patch of bright colored fabric cut in a tricky shape with instructions that he must sew it on his jeans before coming to the party. As every girl arrives, she picks a patch out of a big box and her partner is the boy who wears the patch. Catch? Well, Natch!

Another 8th Air Force Man Goes to Work In Daisy Mfg. Co. Plant

James Collins of Stillwater, Minnesota, another veteran of the 8th Air Force in which Col. Cass Hough served during the war, was this week added to the payroll of the Daisy Manufacturing company. Soldier Collins, it will be recalled, is the father of the little 19-month-old babe who was flown to his father in Minnesota by the Pan-American Airways and the Northwestern Airlines, after its mother had died suddenly from a heart attack in England.

The babe is at present with the parents of Mr. Collins in Stillwater, but as soon as he can, as located here, it is his plan to bring the babe to Plymouth and rear it among the many veteran friends he served with during the World War.

"Jim" came to Plymouth upon the suggestion of Joe Shomberger, with whom he had served during the entire war. The two went into service at the same time, first meeting up in Pendleton, Oregon. They went through their training together, went overseas on the same boat and spent the entire war period together in the same outfit in England.

When "Jim" returned from overseas he went up to Stillwater to his old home to await the arrival of his wife and son from England. Handed a telegram one day, which he thought was the announcement of the coming of his family to America, he was grief-stricken when he advised that his wife had died suddenly from a heart attack, the babe being left with her relatives in England.

The father made immediate plans to have the babe brought to America and through the courtesies of the two well known American army systems, "Mike" was flown to America, and given the finest care all the way that any babe ever had, by the stewards on the big planes.

When Mr. Shomberger learned that his old army friend, who also played ball with him during their long stay overseas, hadn't landed a job up in Stillwater, he wrote to him to come to Plymouth, and through friends contacted some of his old air force associates at the Daisy plant. It didn't take many minutes for the former Colonel of the 8th air force to put his O.K. on the application—and that's why James Collins is feeling so fine today.

"It's going to give me the chance to do the things for Mike I've dreamed of doing ever since he was born," declared the happy father.

This Easter hat by Anita Andra, fully realizes the spirit of spring. It is of ivory green with a wrapped wire frame. Pink, fuchsia and violet flowers trail beautifully down one side of the hat and their long tails are extended by a matching cascade planned to the shoulder.

If you have anything to sell or rent, or what you want, they bring results. 8 a.m. to 10 p.m. daily and 1 to 7 p.m. on Sunday.

Spring Cleanings

The first sign of spring isn't the first crocus, the first daffodil or the first robin. It's that feeling of dissatisfaction with your winter wardrobe. It's that first fluttering of interest in the new fashions. It's the first speculation about your Easter outfit. Well, you've had the fluttering and you've done the speculating—so it might as well be spring!

Pretty Sets for Suits—Your Easter suit will be cool and dressy, with collarless neck-line, deep arm-holes, shirt style sleeves and front tie belt, or it will have a brief-tailed jacket and hippy skirt.

Short Coats to Coats — Your Easter coat will be a topper, or belted. It will have a collarless neckline and deep arm-holes. (Isn't this where we came in?)

Foot Flatters — Your Easter shoes are flats, but much more flat-topped than your shoes and saddles. The new ones are ballet style. Heavenly Hosiery — Your Easter stockings will be nylon, made without seams. Barely Beautiful.

SURE SIGN To date the need to cost the boys a lot. First thing at the store, estimate spot; then, fast to a picnic like a goose. To sit in splendor. In the microscope. Of course, after cleaning couldn't be complete until we slipped our cokes. And had our dances. I'd never thought I'd be so glad to see you. But, here are content. To sit and read around the fire just we. Two on the sofa. How do I know it's love? I can't say what I DON'T CARE WHERE I GO — BUT I WANT TO GO WITH!

Flowers Dinner Hat

In Memoriam

In loving memory of Carl Pritzkow, who died April 16, 1906. Gone 40 years but not forgotten by his children. In loving memory of our dear father, Deibert H. Maynard, who passed away six years ago April 18. A token of love, devotion and remembrance. Of one I shall never forget. My Dad. Son John and family.

George F. Ferguson. Funeral services were held Saturday, April 13 from the Schrader Funeral Home at 2 p.m. for George F. Ferguson who passed away Thursday morning, April 11. Mr. Ferguson resided at 751 Sunset avenue and was employed at the Detroit House of Correction as an officer for a number of years. He is survived by his widow, Mrs. Verona Ferguson, his parents, Mr. and Mrs. George

Ferguson of St. Petersburg, Florida, other relatives and a host of friends. Mr. Ferguson was a member of the Judge John Faust Post No. 113 of the American Legion under whose auspices memorial services were held Friday evening, April 12. At the funeral service on Saturday two hymns were played by Mrs. M. J. O'Conner, and military honors were rendered by the Judge John Faust Post No. 113 of the American Legion. Rev. T. Leonard Sanders officiated. The active pall bearers were Messrs. Leo Goss, Joseph Fishman, Emmet Kincaid, John Gels, Thomas Nolan and Michael Boggot. Interment was in Riverside Mausoleum.

Thomas Wentworth Davey. Thomas Wentworth Davey who resided at 4263 Sheridan Avenue passed away suddenly Thursday morning, April 18th. Mr. Davey was the husband of Mrs. Stella Davey and father of Mrs. Thelma Wolfe of Plymouth, Thomas Davey of Rochester, and Mrs. Roy Darnall of Hollywood, California, grandfather of Evelyn Darnall. Funeral services will be held Monday, April 22 at 2 p.m. from the Schrader Funeral Home. Interment will be in Riverside Cemetery.

Laundry Clerk Finds \$200 in Suit. The work-a-day world of Kathleen Spanier, receiving clerk at the Perfection Laundry in Plymouth, was turned topsy-turvy this week. She won't forget the incident for a long time. Neither should the man on the other end of the story.

It all happened last Monday. Kathleen was at her drab duties of searching a pile of soiled clothing for articles forgotten by the owners. Suddenly she withdrew a pair of \$100 bills from the wretched pocket of a man's suit.

Her breath came in gasps and she blinked unbelievably. She shouted to her co-workers. When Kathleen dangled the pair of bills before their eyes and pointed to the spot they wouldn't believe it.

Brimming with excitement she grabbed the phone and called William Wohlgenuth, of 46215 Ford road, who had left the suit there.

"Did you lose \$200," she shouted, as Mr. Wohlgenuth strove to hear what she was babbling into the phone. Finally she got control of her voice and went all over the incident again.

Mr. Wohlgenuth said it was his and thanked Kathleen very much. But apparently he is not excitable and places lots of faith in humanity. You see as of Wednesday he hadn't called yet for the money.

Mr. and Mrs. Raymond Wacker of Battle Creek, Mr. and Mrs. A. B. Shaver of Toledo, Mrs. Beulah Rice of Galesburg, Me. and Mrs. Maudie Johnson of Detroit and Mrs. Robert Austin of Ann Arbor were Sunday visitors at the home of Mr. and Mrs. Elton R. Eaton.

Funeral services were held at 1:30 p.m. in Ann Arbor. Burial was in Forest Hill Cemetery with Rev. C. A. Braver officiating. The active pall bearers were Thomas Gardner, Frank Hesse, Ronald Hesse, Gerry Vettesse, Edward Meissner, all of Plymouth, and John Mecklenburg of Wayne.

HOWDY FOLKS! A diplomat is a man who can persuade his wife that a woman looks stout in a fur coat.
One reason older folks go to the movies is so they will understand what the younger folks are talking about.
A pessimist is a man who burns his bridges behind him and then crosses them before he comes to them.
The boss came in and found the bookkeeper kissing the stenographer. "Is that what I'm paying you for?" he asked. "No. I do this free of charge," replied the bookkeeper.
You don't expect us to furnish you oil and lubrication free of charge, of course. But you will be mighty pleased at the way we save you money when you come here for the services we offer.

Livonia Board Bothered by School Growth

Because the Livonia Township Board of Education is forced to take steps to provide educational opportunities for 143 ninth grade students, with the limited school room facilities at their disposal, the following proposed plan for housing students is now under consideration.

This newly proposed plan was taken under consideration at a special meeting held last Tuesday and includes these steps:

1. Retain 7th grade pupils in the elementary schools.
2. Newburg and Livonia to be used to house 8th and 9th grades.
3. Prepare building plans and specifications to meet the school building and housing needs by September, 1947. (1st unit)
4. Acquire title to lots owned by private individuals on the proposed school site.
5. Begin building this year.
6. After 1947 continue adding to High School facilities and then use Newburg and Livonia Schools for elementary grades. Elementary pupils from Newburg and Livonia now attending Wilcox, Pierson and Stark schools may be transferred back to their own schools by September 1947.

Estimated enrollment per school 1946-1947:

ELM		Total
Pupils		
First		32
Second		36
Third-Fourth	33-9	42
Fourth-Fifth	23-19	42
Fifth-Sixth	15-28	43
		195

PIERSON		Total
Pupils		
Kindergarten		60
First-Second	36-26	72
Third		40
Fourth		35
Fifth		35
Sixth		28

ROSEDALE		Total
Pupils		
Kindergarten		70
First		35
Second		39
Third		37
Fourth-Fifth	34-7	41
Fifth-Sixth	32-10	42
Sixth-Seventh	22-20	42

STARK		Total
Pupils		
Kindergarten		346
First		60
Second		58
Third		35
Fourth		43
Fourth-Fifth	20-14	42
Fifth-Sixth	16-25	41
Sixth-Seventh	10-32	42

WILCOX		Total
Pupils		
Kindergarten		399
First		70
Second		62
Third		71
Fourth		39
Fifth		39
Sixth		42
Seventh		38

In the Pierson School, the Kindergarten and First and Second grades will have half day sessions. Rosedale would have half day sessions in the Kindergarten, Stark would have half days in the Kindergarten and First grade, Wilcox in the Kindergarten, First and Second grades, Livonia, Newburg and Elm would not be affected.

The 9th grade offerings would include both college and a general course for the students: College: English 9, General Science, Algebra, Civics, Drafting and Instruments and Vocal music; General: English, General Science, General Mathematics, Citizenship, Drafting and Music courses.

In paragraph three of the proposed plan, the School Architect Eberle Smith has already been contacted and will have sketches of both revised plans, without a gymnasium, and of two story building. These are to be presented to the Board of Education at their regular meeting Monday night to take action on. In the 14

room unit of the revised plans, the library is to be used as a class room as well as the auditorium.

In paragraph 4, owners of the lots on the proposed school site have been contacted by letter offering to exchange school owned lots for the ones which they own at the present time.

The Board of Education expects to formulate definite plans at the regular meeting and will then present them to the populace of the Township.

Start Your Early Plants in Hotbeds Or Window Boxes

Early plants, both vegetables and flowers, can be grown at home if a few simple rules are followed, advises Jack Rose, extension gardening specialist at Michigan State college. Sunlight, the right soil and proper watering are the important matters that need attention.

The time to start them is now, soon after April 1. And here are the suggestions set down by the gardening specialist for you to follow.

If a hotbed or cold frame is not available, use shallow boxes and be certain they are placed in a window for plenty of sunshine. If no hotbed is available, seedlings should be made 10 days later so that plants can be moved outdoors before they become too spindly.

Good garden loam, mixed with one-fourth peat moss and one-fourth sand, makes a good starting soil. It should be sterilized, however, by pouring boiling water over it. Allow it to dry before seeding. Pure sand can be used and better stands are sometimes obtained by this method. Plants must be transplanted to good soil before they become too large as sand carries no nourishment. Boxes should contain rocks or broken pots in the bottom to improve the drainage.

In seeding, the soil should be firmed with a wooden block, leveled and rows marked off. Seed in rows, as the plants will be easier to remove and will get better air supply. Small seeds should not be covered, just pressed in.

Plants must be watered carefully. Boxes can be set in a tub containing a half-inch of water which allows moisture to soak up through the soil. They should be drained after watering.

Among the vegetables to be started indoors around April 1 are: tomatoes, peppers, eggplant, early cabbage, cauliflower, broccoli, celery, and head lettuce. Flowers such as petunias, pinks, snapdragons, verbena, lobelia, ageratum and other tender annuals should also be started now.

In Washington some 50 letters have been received from music teachers offering to teach President Truman how to be another Iturbi in exchange for a room in the White House.

In New London, Connecticut, a woman shopper unwittingly uttered the code word "Uranium," was handed butter by a furtive grocery clerk, was too flabbergasted to accept it.

Congressman George A. DONDERO
17th MICHIGAN DISTRICT
announces candidacy for reelection on the Republican Ticket

To the Voters of the 17th Michigan District:

I hereby announce that I shall be a candidate for reelection to Congress on the Republican ticket. During my service in the House of Representatives my efforts have been exerted in defending and preserving our American system of freedom and self government. I intend no departure from that course. Your continued support will be appreciated. Primary election June 18, 1946.

WALL WIRE PLANT BEING ENLARGED

(Continued from Page 1.) At the annual meeting of the board of directors last month. In addition to the increased floor space the firm also is adding new resistance welding equipment. The new construction and installation of the equipment will be completed in about three months, according to company spokesmen.

Wall Wire Products Company manufactures refrigerator shelves, oven and broiler racks, radiator brush guards, stands, hangers for conveyor lines and other formed assemblies of stainless steel and ordinary carbon steel.

All officers of the company recently were renamed for the ensuing year. They are: Waldo Reinert, president; E. L. Malone, vice president and general manager; R. V. Heilman, vice president and works manager; E. L. Russell, vice president and sales manager; F. D. Rice, secretary; and S. B. Fortenbaugh, Jr., treasurer.

ATTENDS GIRL SCOUT MEETING

(Continued from Page 1.) The Value of Girl Scouting in a Community," pertaining to public understanding of the problems and the needs of local citizens in scouting.

Exhibits from different parts of the region were most educational. World friendship is being stressed through the scouting fields to pave the way to determine peace which can be established through young people with adult guidance.

SENIOR OF THE WEEK
"Crumbing candy papers in the movie" is the pet peeve of Harry Svahn, son of Carl and Anna Svahn, 661 Ann street. Harry is completing a general course although he is working half of the day delivering mail. His hobbies are bowling and collecting travel folders. He has traveled in New York, Upper Michigan, and Illinois.

Participating in football, basketball, track, cross-country, J-Hop, Senior prom, and student government are the activities of Jean Thompson, son of Arno and Ruth Thompson, 324 N. Harvey street. He has traveled in south-east Canada, Michigan, Ohio, New York and Pennsylvania. Jean is

INTRODUCING THE NEW MAYOR

(Continued from Page 1) Tigers and St. Louis in Detroit. Jack Taylor was elected vice mayor.

The new mayor has for a number of years been active in community and Kiwanis club affairs. He is keenly interested in the right type of development for this city. He believes, as did the last two mayors, that the city's major projects should be a better water supply, more paved streets, extension of sewers and repaired sidewalks.

Mayor Carl Shear expressed his sincere appreciation to the citizens of Plymouth for their splendid cooperation with him during the time he has served as mayor.

"I just do not want this week to go by without thanking every one for their aid, their good will and their cooperation. We have, I am sure, done much to benefit Plymouth, notwithstanding the various war handicaps and shortage of materials," said retiring Mayor Shear.

"I'm glad to turn the position over to a progressive hard-working official like Robert Lidgard," added Mr. Shear.

Attorney Dunbar Davis, the newly elected city commissioner, also took his seat Monday night. He has the honor and distinction of being the first World War II veteran elected to office in Plymouth.

His host of friends are sure that he will make an excellent record as a city official. He, too, is of a progressive mind, believes in doing things and thinks Plymouth can make much more progress if every one works in harmony — to which all agree.

Rotarians Hear Stanley Diamond

Dr. Stanley Diamond, Vice President of the School Men's Club of Detroit addressed the Livonia Rotary club at their meeting last Monday at the Pen Mar.

Dr. Diamond's theme was "Democracy in the Schools" in which he stressed three important items: 1—Problem solving—children are unable to solve their own problems as they get older, because of the fact that as children the parents do not let them find the solution themselves, but are always trying to help and at the same time shielding them. 2—Inability to meet basic human needs—we fall down in most all of our attempts to give each individual the feeling that he or she has an important place in the home or in the school or even in society. That feeling of security is most important to growing individuals and with our love and affection children soon become lost and maladjusted. 3—Human relationship—our inability to get along with one another.

The board of directors announced the results of the election held the previous week. Dr. Louis Foltz was elected President; Walter Clark Vice President; Robert Carlson, Treasurer and Richard L. Rice, Secretary. These new officers will take office July 1st.

To save needed grains, cull non-producers from poultry flocks, extension specialists suggest.

If you have anything to sell or rent, try a Plymouth Mail want ad. They bring results. Phone Plymouth 6.

Chic Spring Suit

This pale yellow worsted suit for spring is cut with flanges from shoulder to waist. The flanges form slit pockets.

Take My Word For It! By FRANK COLBY

MISCELLANY

Murfreesboro: To settle an argument, please give the correct pronunciation of status and solace.—M. H.

Answer: Status rhymes with "hate us," thus: STAY-tuss. The "o" of solace has the short sound as in "doll." Say: SOLL-is.

St. Louis: I want a word to describe the curious mental quirk of a patient who imagines that he is a werewolf.—Dr. B.

Answer: The condition may be designated as lycanthropy, a state of imagining oneself a wolf. Pronounce it: ly-KAN-thro-pee, the first syllable rhyming with "by, my."

Batesville: On a newscast from a Des Moines station I heard the word deficit pronounced "dee-FISS-it." Is this the new pronunciation?—Mrs. J. H. K.

Answer: No; it's an obsolescent Briticism. The correct American pronunciation is DEF-isit.

Santa Monica: Here is a clipping that describes Lauren Bacall as "The tall, lissome-eyed bride." How's that for your English-as-she-is-wrote department?—Mrs. E. C. W.

Answer: Lovely! Lissome means "limber; flexible; nimbly supple."

Ewing: The word decalcomania is usually shortened to "decal." How would you pronounce both forms?—Mrs. R. M.

Answer: Decalcomania is: dee-KAL-kae-MAY-nee-uh. The form decal is: dee-KAL. Decalcomania has the strange literal meaning of "a mania for copying drawings." Bell Syndicate—WNU Features.

Free X-rays To Be Available

"Anyone over the age of 14 desiring an X-ray without charge may have one made the latter part of the month," the Wayne County Health Department announced this last week.

The mobile unit will not be stationed in the Township, but Livonia residents will be permitted to go to one of the following schools for an X-ray.

April 25-26 — Redford Union, 8:30-4:30.

April 28—Plymouth, 8:30-4:30.

May 6-7—Northville, 8:30-4:30.

Those wanting a report on their X-ray taken are requested to take a penny post card along with them. There is no charge. All X-rays taken are free.

Troop 1 Girl Scouts Begin Charm Course

The "Charm and Personality" course, organized for the Girl Scouts of Troop 1 by Mrs. Ernest Bentley with the assistance of Mrs. Robert Burns, Troop leader, got underway on April 3 when Mrs. Hugh Fox gave a very interesting and informative talk with demonstrations on "Table Setting and Arrangements." Last week, April 10, Mrs. Bentley conducted the meeting which was given over to learning about "Parliamentary Procedure," and tonight, Mrs. Abbott of Beauty Counsellor, Inc., of Detroit, is helping the girls with their make-up problems by giving them individual makeup demonstrations. Mothers of the girls are invited to this meeting as well as the ones on April 24 and May 1. On April 24, Edith Wann of Kern's Department Store of Detroit will be on hand to talk to the girls on "Teen-age Clothes," and Mrs. Charlotte Winterhalter, former Powers model, will provide expert instruction in "Posture and Carriage" at the May 1 meeting. All the meetings are being held at the Rosedale Gardens Community Club House.

Wilcox P.T.A. Discussed School Building Needs

The Wilcox P.T.A. held its annual election of officers recently at its regular monthly meeting. The following officers were elected:

Vice President: Harry Eaton, 16678 Rougeway, Havy President.

Miss Esther Simpson, 16535 Blackstone, Secretary.

Gerald Buxton, 27901 W. Stanmoor, Treasurer.

The office of president will be filled at a later date. It was decided to have a bake sale on Saturday, April 6, at the Ford and Schott Grocery Store at Middlebelt and Six Mile Road, to raise funds for the P.T.A. to send a delegate to Sault Ste. Marie in May to the Parent Teacher's Conference.

Mr. Robert Carlson, member of the Board of Education, was present at the meeting and presented our building needs to the parents. Mr. George Bentley, President of the Board of Education discussed the steps that the board has taken to date to take care of our building needs and our hopes for the future. Miss Betty Lou Richardson favored the group with two piano selections.

Rebekah News

The regular meeting of the Rebekah Lodge was held Friday, April 12, 1946.

Mr. and Mrs. Wm. Roseb, Mrs. Hable Mott, Mrs. Lucy Pratt, Mrs. Nancy Carey and Miss Evelyn Janife attended a District Visitation at Novi Rebekah Lodge Thursday, April 11, 1946.

The first visitation of the year will be at Plymouth Rebekah Lodge April 26, with Jericho Lodge making the presentation.

Watch for more news later on the Mother and Daughter banquet.

James Wellman, BM/2c, son of Mr. and Mrs. Earl Wellman arrived home Thursday, having received his honorable discharge after nearly three years of service. The last year having been spent mostly in China and Japan.

Mr. and Mrs. Earl Spaulding of Holbrook avenue announce the engagement of their daughter Ruth, of Williamston, to Ronald Hutson of Muskegon, son of Mr. and Mrs. Carl Hutson of Remus. No date has been set for the wedding.

The Livonia Unit of the Michigan Horticultural Society will hold their next meeting Wednesday, April 24, at 8:15 p.m. in the Livonia township hall on Five Mile road. The guest speaker will be Clarence E. Sheely, president of the Michigan Gladioli Society. Everyone is cordially invited to attend.

Timmy Munro, son of Mr. and Mrs. Donald Munro of Arthur street celebrated his third birthday Saturday by entertaining Renar Fern Plantz, Joyce Bovee, Pamela Turkett, Billy Jones, Tommy Rowley, and his brother Larrie Munro.

Joyce Ann Tarnutzer, daughter of Mr. and Mrs. Clayton A. Tarnutzer of Penniman avenue, a senior student of Stephens College, has been serving as chairman for the coordinating board in Columbia hall, one of the 25 student residence halls at the college.

Sarah Ann Cochrane Chapter of the D.A.R. will meet Monday, April 22 at 2:00 p.m. with Mrs. John Burkman of Northville. A short report of the State Convention in Grand Rapids will be given. A special social afternoon with tea will be the feature.

Mr. and Mrs. Roy Whitney of Flint and Mrs. Gladys Lobdell of Detroit were weekend guests of Mr. and Mrs. Frank Tillotson of South Hovey street. Mr. and Mrs. L. A. Donahue of Detroit were also Sunday callers at the Tillotson home.

A round-table discussion on "Recreation in Plymouth" was held last Thursday evening in the home of Mr. and Mrs. C. H. Elliott by the University of Michigan Club of Plymouth when Charles E. Brake, deputy commissioner of Wayne County Schools, was moderator.

Mr. and Mrs. Roy Rew who moved to Oak Ridge, Tennessee a year and a half ago where Mr. Rew was employed in the war department's atomic bomb plant, have returned to Plymouth and are again back in their home at 1051 Harding. Mr. Rew says he is going to spend the next few days working about his lawn before making plans for the future.

Mrs. Fred D. Schrader and daughter Evelyn have returned from Florida where they spent the winter. During the early part of the year they were at Lakeland, but later went to West Palm Beach, where they remained the greater part of the time they were in Florida. During their stay they enjoyed most pleasant weather.

Mr. and Mrs. LeRoy Jewell, Mr. and Mrs. Otto Reamer, Mr. and Mrs. Elmer Barlow, Jr., Mr. and Mrs. Richard Reamer, Mr. and Mrs. F. Manford Becker, Donna and Wilma Becker, Mr. and Mrs. Lloyd E. Clark, Robert Fyffe of Ferndale, Don Ritenour, Mrs. Nina Blunk, Jean Blunk and John Radofky attended a cousins dance Saturday evening at Hartland.

Chapter A. I. of Plymouth and Chapter A. J. of Tecumseh are joint hostesses to the 27th annual convention of the Michigan State Chapter of the P.E.O. sisterhood at the Detroit Leland Hotel on Wednesday, Thursday and Friday of this week. Mrs. C. E. Dahlstrom of Ann Arbor, state president, will preside at all business sessions. A highlight of the conference will be the banquet on Thursday evening at which Mrs. Albert Curry, president of the local Chapter, will act as toastmistress. Those planning to attend from Plymouth are: Mr. and Mrs. Harold Curtis, Mr. and Mrs. Paul

Christensen, Mr. and Mrs. Alvin Balden, Mr. and Mrs. Ernest Beridge, Mr. and Mrs. H. W. Blomberg, Mr. and Mrs. Raymond Hills, Mr. and Mrs. William Kaiser, Mable Bowers, Mrs. Henry Jensen, Mrs. William K. Moore, Helen Moore, Mrs. Edwin Rice, Mrs. Paul Simmons, Mrs. Manly Smith and Mrs. Nicalai Thams.

Lapham Corners

(Omitted from last issue.)
Walter Schweim, son-in-law of the Ward Griswolds, escaped serious injury when he drove off Ford road and hit a tree Thursday morning while on his way home from work. His car was wrecked beyond repair and everyone who has seen it, wonders how he escaped alive. He was taken to the Veterans hospital at Dearborn and is expected home sometime this week. Besides multiple bruises and several cuts he had several teeth broken and at first it was feared his jaws were broken but X-rays showed no breaks. Mr. Schweim was discharged from the Navy just a few weeks ago and is employed by the Ford Motor company at River Rouge.

Dr. and Mrs. James Ritchie and daughters were Sunday supper guests of Mr. and Mrs. Dan Barrett and family.

Joyce Nagy is the spelling champion of Lapham School this year having defeated Verlyn Knight on the word "curious." Joyce will compete in the district contest at Ypsilanti.

Mr. and Mrs. Anthony Rohoff and Ferman, and Miss Mable Lipstraw were Thursday evening visitors at the Sylvester Kranz home.

Mrs. Nettie Ferguson, Mrs. Judd Carpenter, Miss Nellie Allen of Ovid, Mayor Rockwell of Owosso and Frank Sheffield spent Saturday night at the Kenneth Rich home and attended the funeral of their cousin, Mrs. George Roberts of Salem on Sunday.

Sgt. Melvin King arrived home Tuesday from San Francisco where his ship, the U.S.S. O'Hara had docked. He has a 26-day leave which he is spending with his parents, the Delbert Kings on Warren road.

A fire of mysterious origin destroyed a nearly new grain drill

belonging to Al White which was parked behind the barns at John VanAken's home. The fire was noticed by Ferman Rohoff and he notified Mrs. VanAken. The drill was parked very close to the barns but the neighbors succeeded in dragging the burning implement away before the barns used for 24 hours and no one had been near it. It was covered by a tarpaulin and there seems to be no reasonable explanation for its becoming ignited. Mr. White says the drill was insured—but where can he get another one like it?

Mr. and Mrs. John VanAken and daughters, and Mr. and Mrs. Burton Rich visited at the Glen Whittaker home last Thursday evening.

Mr. and Mrs. Adolph Leitze and family visited the Sylvester Kranz family last Friday evening. Mrs. Austin Partridge and two sons, Roger and Micky, of Tecumseh were Monday evening supper guests at the Elmer King home.

Mrs. Russell Knight is attending a convention of Latter Day Saints church delegates in St. Louis, Missouri, this week. Verlyn Knight is visiting friends and relatives in Pontiac.

Mrs. Nagy's mother, Mrs. Boros of Toledo is spending the week at the Ernest Nagy home.

Mrs. Peter Baumgartner and Mrs. Raymond Baumgartner called on Mrs. Fred Aldrich on Ford road Sunday afternoon. Mrs. Aldrich is recovering slowly from her recent accident but is still unable to walk.

Sgt. Al Love arrived home last week from Fort Winfield-Scott, California where he received his honorable discharge. Sgt. Love makes his home with Mr. and Mrs. Elmer Blunk.

Mr. and Mrs. A. B. VanAken of Salem were Sunday dinner guests at the John VanAken home.

Mr. and Mrs. Stanley Clinansmith visited the Peter Baumgartners Friday evening.

Mr. and Mrs. Robert Roberts and family of Detroit visited her parents Mr. and Mrs. William Ritchie Sunday.

Mrs. John Van Aker attended a Girl Scout committee meeting Monday evening at Salem. Plans are about completed for the Scout birthday party to be held April 25.

Mr. and Mrs. Al Brown were dinner guests at the Nate Hoffmeisters at Dixboro Tuesday evening.

Mr. and Mrs. Glen Whittaker

entertained 26 members of the Curtis family Friday evening. The evening was spent playing games and a lovely lunch was served late in the evening. The party was in honor of Robert Whittaker who recently arrived home from India.

Mr. and Mrs. Stanley Clinansmith spent Thursday evening with his parents, the Manley Clinansmiths on Curtis road.

Mr. and Mrs. Glen Whittaker, Robert Whittaker were Tuesday evening dinner guests at the Orlyn Whittaker home in Ypsilanti.

Mr. and Mrs. Tom Sollos and the Eddie Artman family visited Mr. and Mrs. Sylvester Kranz last Sunday.

Rheiners Back From Florida

Mr. and Mrs. Ted Rheiner who have been spending the winter at Dania, Florida, have returned home, enthusiastic over the fine time and weather they have enjoyed in the southland since last October.

It is their hope to be able to return south again next fall.

"I enjoyed some good fishing, landed one that weighed nearly 16 pounds. We spent much time

down at the ocean and I certainly made an excellent collection of shells," stated Mr. Rheiner.

"One can hardly imagine the immense amount of building that is taking place in that state. Where they are getting all their material from is a mystery to me, but they are getting it and they are doing a tremendous amount of building" he said.

Re-Registration Notice

As Provided Under Act 291, Public Acts 1945 and Act No. 6, Public Acts 1946 (Extra Session)

To the Qualified Electors of
Plymouth Township, Precinct No. 1
County of Wayne, State of Michigan

Notice Is Hereby Given That on and After May 1st, 1946, Registration Shall Be Accepted

Notice is hereby given that in conformity with the "Michigan Election Law," that on and after May 1, 1946, I, the undersigned Clerk, will, upon any day, except Sunday and a legal holiday, the day of any regular or special election or primary election, receive for registration the name of any legal voter in said City, Village or Township who may APPLY TO ME PERSONALLY for such registration. Provided, however, that I can receive no names for registration during the time intervening between the Twentieth day before any regular, special or official primary election and the day of such election.

NOTICE IS HEREBY GIVEN THAT I WILL BE AT THE FOLLOWING PLACES ON

- May 4, 1946, at 12303 Ridge Road and 11590 Haggerty Hwy.
- May 11, 1946, at 12303 Ridge Road and 11590 Haggerty Hwy.
- May 18, 1946, at 12303 Ridge Road and 11590 Haggerty Hwy.
- May 25, 1946, at 12303 Ridge Road and 11590 Haggerty Hwy.

AND ON

Wednesday, October 16, 1946—Last Day
The Twentieth Day Preceding Said Election

As provided by Sec. 3, Chapter 3, Part II, P.A. 306, 1929 and Sec. 1, Chapter 3, Part II, P.A. 1939, Act 31, P.A. 1941, Act 291, P.A. 1945, and Act 6, P.A. 1946 (Extra Session).

at 12303 Ridge Road and 11590 Haggerty Hwy.

From 8 o'clock a.m. until 8 o'clock p.m. on each said day for the purpose of REVIEWING the REGISTRATION and REGISTERING such of the qualified electors in said City, Village or Township as SHALL PROPERLY apply therefor. The name of no person but an ACTUAL RESIDENT of the precinct at the time of registration, and entitled under the constitution, if remaining such resident, to vote at the next election, shall be entered in the Registration Record.

Elector Unable to Make Personal Application Procedure

SECTION 16. Any elector who is unable to make personal application for registration because of physical disability or absence from the City, Village or Township in which his legal residence is located, may be registered prior to the close of registration before any election or primary election by securing from the clerk of the City, Village or Township in which is located his legal residence, duplicate registration cards and executing in duplicate the registration affidavit before a notary public or other officer legally authorized to administer oaths and returning such registration cards to the clerk of the City, Village or Township before the close of office hours on the last day of registration prior to any election or primary election. The notary public or other officer administering the oath shall sign his name on the line for the signatures of the registration officer and designate his title.

Registration on Election Day

PART II, CHAPTER 1, SECTION 1. The Inspectors of Election at any election or primary election in this State, or in any District, County, Township, City or Village thereof, shall not receive the vote of any person whose name is not registered as an elector in the precinct in which he offers to vote; but in certain cases as provided for in this act the name of a qualified elector may be registered on the day of any election or primary election: Provided, that he or she is accompanied and identified by a registered voter known to a member of the election board.

NORMAN C. MILLER, Clerk

DAD CARRIED A LANTERN

There were times when Mother had to wade through snow to carry wood to feed the kitchen stove. She heated water on the stove to thaw the pump. Then she pumped more water and carried it in to be heated on the same stove for cooking, scrubbing and bathing—and for thawing the pump again.

But on the farms of Michigan life has changed, and is continuing to change.

The greatest factor in that change has been the availability of electric power.

In the electrified farm home that lantern is almost a museum piece. In the kitchen, the bathroom and the laundry, water, hot and cold, is on tap. The ash pan is gone where the woodbox pineth.

The electric range is white and shining, and the calendar hangs over what was once the exit of the old black stovepipe.

The milk and butter that used to hang in the well before Dad's dad built the milk house out by the windmill are in the electric refrigerator now.

There's a broom in the closet for shoeing the cat—an electric sweeper for the Brussels carpet.

Out in Dad's domain electricity milks the cows, grinds the feed, hoists the hay and saws the wood. It separates the cream and shears the sheep, warms the baby chicks as no hen could warm them, and kids the hens themselves into getting up before daylight to be about the business of laying eggs.

The Detroit Edison Company already has made service available to 34,000 of the 37,000 farms in its 7,600 square miles of territory. Its objective is to see that electric service is within the reach of every one of those farms.

To that end Detroit Edison now is engaged in extending its lines some 600 miles into every remote corner of its rural territory. These extensions will be completed just as rapidly as materials and skilled labor can be obtained.

New Auto Sales**

Another new business opened in Plymouth last Saturday. It is the Forest Motor Sales, Inc., located on the northeast corner of Forest and Wing Streets.

The firm, operated as a three-way partnership by John Hancock, Dearborn executive, and Thomas Notebaert and Robert Joly, Detroit war veterans, will be the local outlet for Plymouth and Dodge automobiles and Dodge Commercial and Job-Rated Trucks.

In addition it will have the Plymouth area distributorship for auto, truck and tractor tires and other automotive products of the U. S. Rubber Company.

Forest Motor Sales, Inc., is not in full operation but will be soon. Last Saturday the firm's showroom opened. When the entire plant is completed and all fixtures and equipment installed there is to be a gala grand opening party for the public.

The building housing the new Plymouth firm was constructed and fitted out at an estimated cost of \$40,000. The service department is 60x75 and has a capacity of 10 cars. It is of concrete block, brick and steel structure. Its two electrically operated doors are high and wide enough to accommodate anything on the highways today, including all Diesel outfits.

The parts department and offices will occupy a space 20x30 in the northwest corner of the structure, apart from the service department but under the same roof. The two-car showroom also is 24x30 and will be on the same side of the building as the offices and parts department but in the southwest corner.

According to the insurance agent that wrote a policy on them, the showroom windows are the largest in Plymouth. The showroom and offices are finished in light pastel colors with fluorescent lighting throughout.

The ceiling is celotex tile. The floor will be terrazo and the walls are sand-finished plaster. The parts department entrance from the street (on Forest street) is enhanced by the liberal use of glass brick.

In the service department there is an under-floor exhaust removal system. The entire plant will be heated by forced hot air from gas heaters.

M. G. VanAlstine, a veteran of 15 years in the automobile business, will be the general manager. A staff of ten will be needed to maintain the business, the partners believe.

**State Hi-12 Clubs
Will Convene In
Plymouth May 18**

Plymouth will be host May 18 to the annual state convention of Hi-12 Clubs. The Plymouth club as official host will entertain the convention at Masonic Temple.

Committees are busily engaged in preparing the convention program. Details of the program and convention agenda will be announced later.

The local club estimates that between 500 and 700 delegates and officers of state clubs will attend.

COKE-CROWD CAPERS.
(Omitted from last issue.)

By Kathleen Blossom

Last Saturday Jessie Edwards had a weiner roast in Riverside Park. About 30 high school students met uptown at 8:00 p.m. and were taken to Breakfast drive in Dick Stisko's truck. They forgot the weiners and had to come back, but they squared themselves around finally. After eating their fill, they put out the fire about 12:00 p.m.

At the same time Saturday 30 more students were meeting uptown with Joyce Cartwright for another weiner roast. Although they didn't forget their weiners, they did get lost. They met at last and ate until 1:00 a.m. Afterwards, Pat Kearney invited both parties to her home where they danced and drank coke until 2:00 a.m.

Sharon Spurrell held a Treasure Hunt last Friday from 8:00 to 11 p.m. After the hunt, the 17 students danced to records and sang. At 10 they had a lunch of coke, orange, potato chips, and ice cream. Afterwards some of the girls stayed for a pajama party and didn't get to sleep until after 1:00 a.m.

Saturday afternoon, six high school students, members of the Presbyterian Senior Youth Fellowship, went with Rev. Henry

Walch to the District Westminster Fellowship meeting at the Grosse Pointe Memorial Presbyterian church in Grosse Pointe Farms. The students, Robert Todd, Bruce Deyo, Chuck Stewart, Allyn Williams, Esther Stanford of Northville, and Kathleen Blossom, were enlisted, passed their "physical" met in their discussion groups and had dinner of hot dogs, beans, potato chips, ice cream and cookies. The speaker was an ex-Navy chaplain.

Saturday afternoon ten high school students, including Betty Lou and Cynthia Baker, Mary Louise Richwine, Colleen Bothwell and Edward DeLoy, went horseback riding out Sheldon road to Six Mile, Beck, Powell and Ann Arbor trail.

Last Saturday Betty Dely and Kathleen Blossom went to Detroit to the public library to collect English theme material, and later to WJR broadcasting studios in the Fisher building to see "Motor City Melodies". In the evening they saw the "Sinclair Quiz Club" and Ross Mulholland with Mr. and Mrs. Blossom and the twins.

**Fire Destroys
Veteran's Home**

Fire, caused by the explosion of a small oil stove gutted the home of Frank Doyle, ex-service man, at 23020 Long Ave., April 3rd at about 10:00 a.m.

Mr. Doyle has just been released from the service and without a doubt the loss is a very keen one. The contents of the home were also destroyed and it is not

known whether there is insurance coverage or not.

The oil stove was being used to heat water. Although the fire was in Livonia, the Redford Fire Department made the run.

When a woman asked Wichita, Kansas, police over the telephone if there is a longer sentence for committing bigamy twice than once, authorities scratched their heads and replied: "Well, there would certainly be twice as many chances of being detected."

ELECTION NOTICE

**To the Electors of the Township of
Livonia, Wayne County, Michigan**

Notice Is Hereby Given

that at a special election to be held at

Precinct No. 1 - Westpoint Bible Church Annex
Precinct No. 2 - Booth, Plymouth & Merriman Roads
Precinct No. 3 - Town Hall
Precinct No. 4 - Booth, Plymouth & Stark Roads
Precinct No. 5 - Booth, 7 Mile & Angling Roads
Precinct No. 6 - Store Bldg., Plymouth Rd., east of Middlebelt

in said Township of Livonia, on Monday, the 20th day of May, 1946, the following question will be submitted to you:

Do you favor the confirming of a franchise to THE DETROIT EDISON Company, granting permission to erect, construct, lay, operate and maintain, within the TOWNSHIP OF LIVONIA, all needful and proper poles, towers, mains, wires, pipes, conduits and other apparatus requisite for the transmission and distribution of electricity for public and private use, subject, however, to all conditions and restrictions of said franchise, as passed at a session of the Township Board of said Township, held on Monday, the 15th day of April, 1946.

A copy of said franchise is on file with the Township Clerk, and it is open to the inspection of the electors of said Township.

At said election the form of ballot will be as follows:

Confirming grant of franchise to THE DETROIT EDISON COMPANY, for the purpose of the erection, construction and maintenance of towers, poles, mains, wires, pipes, conduits, apparatus, etc., requisite for the transmission and distribution of electricity for public and private use.

YES
NO

The polls of said special election will be opened at 7 o'clock a.m. and will remain open until 8 o'clock p.m. of said day of election.

Registration Notice

The Board of Registration will be in session at the Town Hall, 33110 Five Mile Rd., Livonia Township, on Tuesday, the 30th day of April, 1946, from eight o'clock in the forenoon until eight o'clock in the evening, for the purpose of completing the registration of electors of said Township.

Dated This 15th Day of April 1946

Harry S. Wolfe,
Township Clerk

I hereby certify that the foregoing is a true copy of resolutions adopted by the Township Board of Livonia Township, Wayne County, Michigan, at a special meeting held on

Monday, the 15th day of April, 1946.

Harry S. Wolfe,
Township Clerk

Bank Furnishes GI Loan Information

The Loan Department of all banks about here has released some information which will be of interest to all veterans many of whom have been interested in securing home loans. This information is reprinted for the use of veterans in determining the proper steps to take in securing a guaranteed home loan.

Who Is Eligible

Eligibility for a GI loan requires that the veteran, man or woman must have served in some branch of the armed services on or after September 16, 1940, for at least 90 days, unless discharged in less time because of a service-incurred injury or disability, and must have been released under conditions not dishonorable.

Application for a loan must be made within 10 years from date of discharge.

Who Makes GI Loans

Guaranteed Home Loans are made by banks and other lending agencies at not over 4 per cent interest. The Veterans Administration does not make loans.

Guaranty

If the Veterans Administration approve the loan, they may guarantee payment up to \$4,000 or 50 per cent of the loan which ever is least.

If the veteran fails to meet his loan payments the property may be foreclosed.

If the Veterans Administration is required to pay any or all of the amount they have guaranteed, the veteran will become obligated to the Government for the amount so paid.

The maximum guaranty available to a veteran is \$4,000. Once this amount has been guaranteed, no further loans for any purpose may be guaranteed.

Conditions Under Which a Home Loan May Be Approved and Guaranteed

The veteran must be able to show sufficient income to meet his usual living expenses and payments on his loan.

The lending agency is required by the Veterans Administration to obtain a written credit report on the veteran from an established credit reporting agency. This report must indicate that the veteran is a desirable borrower, both credit-wise and morally.

The property upon which the veteran wishes to obtain a loan must be examined by an appraiser approved by the Veterans Administration. If the appraised value does not equal the purchase price, the Veterans Administration may not approve the loan.

How Much Will a Home Loan Cost

The following information is supplied by the Farmington State Bank and applies particularly to their operation. However, it is fairly representative of most lending agencies. Let's assume the veteran wishes to obtain a GI loan of \$5,000 from the Farmington State Bank. His approximate cost would be as follows:

APPRAISAL—The initial appraisal is made by the Farmington State Bank and no charge is made for this. The official appraisal is made by an appraiser approved by the Veterans Administration—cost, \$15.

EXAMINATION OF ABSTRACT is made by an attorney to make certain the title is marketable, and that no error exists in the title, \$10.

SURVEY—The property is surveyed by a registered surveyor to certify the boundary lines of the property, \$15.

RECORDING—Deed and mortgage must be recorded with the County Clerk, \$3.50.

CREDIT REPORT—This is required by the Veterans Administration, \$1.50.

TITLE SEARCH—This is made to determine that nothing has affected the title between time of examination by attorney and closing of the loan, \$4.00.

INSURANCE—All properties must be insured against loss by fire, lightning and windstorm to

the extent of the mortgage. On a \$5,000 mortgage the approximate cost would be \$55.00. (If the property is already covered by adequate insurance acceptable to the Bank and can be transferred to the veteran, this item may be omitted.)

TOTAL COST of a \$5,000 mortgage, \$104.00.

These figures represent actual out of pocket expense paid by the Farmington State Bank to cover the minimum legal requirements. They are charged to the veteran at cost.

A civilian would pay 1 per cent of the amount of the mortgage over and above the figures mentioned above.

Home Economics Groups Plan for Achievement Day

Home economics extension groups throughout Michigan are now preparing for their annual Achievement Days at which time the results of their efforts of the past year will be displayed. Miss Rachel Markwell home demonstration agent leader at Michigan State college, reports that these programs are being held as near as possible to National Home Demonstration Week, May 5 to 12.

There has been a 20-percent increase in membership in home economics extension groups in Michigan in the past year, and in the nation more than three million women are reached by home demonstration agents.

Plans are being formulated in Michigan to bring the work to an even larger number of women in all parts of the state. This state pioneered the employment of a home demonstration agent exclusively for a large city, and results of the Detroit, Grand Rapids and Flint projects indicate a great demand from women within the larger cities for extension groups.

"Today's Home Builds Tomorrow's World," is the theme for the National Home Demonstration Week.

Home economics extension work reached nearly 100,000 persons in Michigan in 1945.

Gust D & C Store Changes Hands

William A. Gust's D & C Store at the corner of Joy and Middlebelt Roads changed hands Friday, March 29. The building and entire stock of merchandise were sold to Frank Parfen and his son Walter Parfen of West Dearborn.

The store is to remain a D & C store. Walter Parfen was discharged from the U. S. Army four months ago after 39 months of service. Until a year ago the Parfens owned and operated a grocery store in Detroit and it was only due to Frank Parfen's ill health that they temporarily got out of that type of business.

They are well acquainted with the grocery line and should carry on with the fine service and good will which Bill Gust has built up at this location.

Building Permits In Livonia Total \$82,000

Sixty one building permits totaling over \$82,700.00 were issued by Everett Mason, Livonia Township Building Inspector, during the month of March, while only 16 were issued in February.

Approximately \$8,000 for garages, porches, utility rooms and additions are planned by residents in the community and these range in cost from \$90.00 to \$2,500 for an addition to a home.

Harold R. Vershure has taken out a permit to build in Coventry Gardens. His home is to be a brick veneer costing \$9,700.

Ben Hersh of Detroit is building a cement block house, on Schoolcraft between Levan and Stark Roads costing \$2,000.

M. O. Babcock also of Detroit intends to build a frame home on Hoy Street between Middlebelt and Bainbridge costing in the neighborhood of \$9,000.

Leonard Pringlemeier was issued a permit to build a block home on Schoolcraft between Newburg and Eckles which will cost \$8,500.

Vernon Noble has a permit to build a \$6,000 frame home in Burton's Middlebelt Gardens.

Robert D. West will build a frame home costing \$8,000 on Hathaway between Richland and Joy Roads in Valley Rouge Subdivision.

John O. Fulton intends to build a \$4,000 frame home in the Seven Mile Subdivision on Irving between Pickford and Clarita.

Fred S. Kingon of Detroit was issued a permit calling for an \$8,500 frame house and garage which is to be located on Haggerty between Six and Seven Mile Roads.

C. A. Burghart's building permit calls for 1 1/2 story log home located on Ann Arbor Trail between Newburg and Levan costing \$8,500.

Robert Dingman will build a \$4,000 home on Filmore between Clarita and Seven Mile and the permit states that it is to cost \$4,000.

The last permit issued for a new home was to E. C. Fenton of Detroit whose permit calls for a \$6,500 one and one half story frame house situated on Wentworth between Merrimah and Oporto.

4-H Club Bird Study Groups Greet Spring

Michigan 4-H club enrollees in bird study groups hailed the official return of spring as the season to start observation of migratory bird-nesting.

A. O. Haugen, of the Michigan Department of Conservation and extension service of Michigan State college, informs bird study groups that in many species the males are the first to return north. In the red-winged blackbirds, the males arrive early, "stake claims" on prospective nesting sites, and defend such territories against intruder males of their own kind. The females arrive later and pick a male and territory to suit their fancy, Haugen reveals.

Model School Rooms And Equipment To Be On Exhibit In April

Through the courtesy of the E. R. Sheldon Company of Muskegon, Michigan, the Livonia Schools will exhibit three model high school home making, shop and science laboratory rooms and equipment. These models will be loaned without cost to the schools.

These exhibits will be on display for two weeks from April 15 to 27 and the time and dates as to when they will be on display at the different schools will be announced next week.

Each exhibit is worth \$1,500. A special program for exhibits of school work will be put on at the same time by all the Livonia schools.

Vet Returns to Run Brae Burn

After three years in the Air Corps, during which he made 53 missions over Germany, Lt. J. C. Hardesty returned to his old post with the Brae Burn Golf club, on Five Mile and Napier roads. Lt. Hardesty has taken half interest in the course and can be depended upon to use his experience and technical knowledge of turf culture, gained at the M.S.C., to keep the course in condition to satisfy the most critical player.

The club house has been redecorated and Miss Florence M. Sutton, formerly with the WAC will have charge of the house and food service.

Mrs. Alice Rathbun and Mrs. Charlotte Miller attended dinner and evening meeting of Trenton Chapter, Tuesday, April 16. Trenton was host to the Officers of the Wayne County Association.

Those from Plymouth who attended the dinner and evening meeting of Palestine Chapter, Monday, April 15 were Mrs. Myrtle Brown, Mrs. Alice Rathbun, Mrs. Kathleen Micol, Mrs. Eva Gray, and Mr. and Mrs. Maurice Evans.

TEACHERS LEAD DISCUSSION PROGRAMS

Miss Irene Walldorf and Mr. James Latture are the chairmen for the discussion on "Variation on Poetry Teaching" and "Speech Activity for High School Levels" respectively. These speeches will be delivered at the annual In-service Campus Conference sponsored by Michigan State Normal College, Ypsilanti, on April 12.

The invitations have been extended to Junior and Senior High School teachers of English, speech history, social science, and school librarians, to listen to discussions for improving teaching methods.

Several lectures will be given during the day starting at 9:30 and ending at 3:45.

The largest animal ever taken in a box trap in the conservation department's southern Michigan wildlife investigations was a male badger weighing 18 pounds, six ounces. The badger was caught and ear-tagged at the Rose lake wildlife experiment station in 1942.

A fire broke out in a Kalamazoo butcher shop, destroyed tons of meat, but proprietor Sam Lyendyk salvaged what he could, served barbecue to 200 firemen, spectators.

DAVIS & LENT

"Where Your Money's Well Spent"

MAGAZINE TELLS DAISY HISTORY

(Continued from Page One)
with the company 50 years, has the job that many a boy would envy. He is the chief gun tester.

No air rifle is shipped out of the plant that has not had his personal "it's perfect."
It has been estimated that Burden's trigger finger has sent over ten million BB shots on their way. If these small pellets could

be laid end to end they would form a solid string of shot 100 miles long and would weigh over 33 tons.

Daisy air rifle stocks are of natural-finished hardwood and auto body steel of the same gauge that is used to make cars is used to form the barrel and other parts.

Originally the air rifles were nickel-plated. This was a slow and expensive process and the Daisy Company carried on extensive experiments to find a faster, more economical way of doing it. The result of the experiments is the blue steel barrel.

The barrels are dipped in a solution of pure nitrate of soda heated to a thousand degrees. Extreme caution is necessary in this process as the metal is apt to warp if dipped too suddenly.

On being removed the barrels are dipped in water heated to 400 degrees. Immersion in hot oil is the final step in the production of a shining, beautiful blue-finish and indestructible barrel.

The Daisy Manufacturing Company has made rifles for three generations. To further the company's good will the firm repairs guns free of charge unless they have obviously been misused.

Except for inventory the company has never been idle in its 60 years of operation. During World War II the firm ceased to make air rifles and concentrated on the production of dies and other war materials.

Now that the war has ended, the company, whose present plant covers 200,000 square feet of floor space, is starting a building program which will substantially increase its productive capacity.

Since the turn of the century the Daisy air rifle has gone through many changes. Favorites of the boys today are the Daisy Carabines, the first air rifle in history to have the amazing lighting-loader, a device which permits loading a full tube of shot in exactly five seconds.

There also is the 1,000-shot Red Ryder Carbine, whose co-designer was Fred Harman, cowboy-artist, who is the creator of the well-known comic strip, Red Ryder.

"We believe," says Cass Hough, grandson of the founder and sales manager of the company, "that if a boy is trained to handle an air rifle properly, he learns self-control, and when he is old enough to use a firearm he will do it with safety to himself and others."

HAWTHORNE TO RE-BUILD CLUBHOUSE
(Continued from Page One)
are located in the vicinity. Water was pumped from Rouge Creek, which runs through the golf course.

"Flames shot 300 feet in the air when the gas tanks (used for the kitchen) and two oil fuel tanks went up," George LaForce of the sheriff's road patrol said. "The fire could be seen for five miles and for a time it illuminated the entire community."

Kingsley said an undetermined amount of ammunition, stored with hunting rifles and shotguns in a locker room, went off during the fire.

Kingsley could not estimate the value of equipment belonging to members which was destroyed. He said many costly rifles, shotguns and other sporting equipment other than golf clubs were stored in the building.

The portion of the building destroyed included the main banquet hall, the lobby, kitchen, private locker rooms and upstairs sleeping rooms.

The loss was partially covered by insurance, Kingsley said.

The Plymouth Mail Want Ads bring results.

MAYOR JEFFRIES SPEAKS TO ROTARIANS

(Continued from Page One)
port that cost much more than they did five, ten or 15 years ago.

While scratching our heads, we have been watching the state collect more in taxes than it ever dreamed of. They called a special session to find ways to spend it," he said.

"Some four years ago we started out to get some of this money back and we have had almost no success.
"If we pass a sales tax for the city of Detroit only that will create a trade barrier. The merchant in Highland Park would be able to charge 16 cents for a can of beans while the merchant in Detroit would have to charge 17 cents if we had that kind of a tax to help Detroit. (The mayor had reference to a city one cent sales tax similar to a New York City sales tax).

"We are not beginning to satisfy the needs of our constituents—and that must be done if we are to keep our form of government.

"Up in Lansing during this last special session they played the school districts against the townships and cities. The opponents kept local units of governments working against each other and that's why we didn't get anything out of it," he declared.

SACRED CONCERT PLANNED FRIDAY

(Continued from Page One)
are Ed Klinske, Fisher Shoe Store; Donald Lightfoot, Jr., Plymouth Lumber & Coal; David Reitzel, Blunk and Thatcher; Bruce Besse, Roe Lumber Co.; Hillis Cash, Cash Radio Shop; and Ward Conklin, Collins Garage.

Others are Jerry Walsh, Davis and Lent; Donald Moore, Todd's Grocery; and Henry Lenering, Huston Hardware.

Entrants lacking sponsors include Tom Benson, Carl Pursell, Wilford Agosta, Walter Hammond, Cass Hough Jr., Jack Daggett, Leroy McGarry and Jack Smith.

Lists of other entries will be published in the Mail each week as they are recorded as will the personnel of subordinate committees to be appointed by Mr. Wolfe and Mr. Koch.

For years William Park of Milton, Mass., ran unsuccessfully for town constable, finally got discouraged, gave up. Then 82 voters wrote in his name on the ballot, elected him.

SCHOOL DISTRICT NEEDS MORE FUNDS

(Continued from Page One)
the current school taxes.

"If the taxpayers won't grant us the increased millage, Mrs. Strong said, education advancement in Plymouth will be at a standstill.

"Plymouth has grown," Mrs. Strong continued, "but the schools have not progressed with the community. The influx of new residents during the last three years has caused overcrowding in every classroom.

"We (the school board) feel certain that when advised of the true situation in education here, Plymouth school electors will not hesitate to grant us additional millage with which to properly do the job we were elected to do."
The board has figured every angle and practiced every economy known to them in planning for the future. Truly, the board finds itself with an economical crisis. More school money must be forthcoming if Plymouth is to offer adequate educational housing to its knowledge-seeking youth in the years to come."

If you have anything to sell or rent, try a Plymouth Mail want ad. They bring results. Phone Plymouth 6.

Taking time out from the Savannah, Ga., monetary conference, Treasury Secretary Vinson added to the entertainment at a local hotel with a rendition of My Old Kentucky Home.

School News
STUDENTS SEE MOVIE ON "YOUTH HOSTELS"
 Last Friday, April 12, "Youth Hostels," a movie based upon the travels of the Youth Hostellers in America, was presented to the students by the Leaders' Club. The picture showed a few homes where the hostellers stayed and a typical journey which a group took. There are approximately five thousand of these clubs in 20 different countries. They were founded in Germany and introduced into United States in 1935. Hostellers are boys and girls who like to travel.
 Mr. Penhale made the announcements before the program.

BAND MEMBERS COMPETE IN FESTIVAL
 Last Friday representatives of the Plymouth High School Band went to the Michigan State College campus, Lansing, to compete in the annual solo and ensemble festival. As a basis for judging the players, the judges gave each member or group a rating ranging from one to five, one being top. Soloists Bill Beitner, trumpet, received a two; Doris Waldecker, trombone, two; Doug Burkholder, bass, three; Jeanine Stillwagon, sax, three; and Carol Goodale, sax, three. The clarinet ensemble quartet, consisting of Bill Bateman, Chuck Stewart, Betsy Ross, and Kathleen Blossom received a three. The members were excused the whole day from school. They stated that it was an interesting experience to have and also that the judging was very keen.

QUALIFICATION FOR PHS BAND LETTERS
 The qualifications for freshmen letters in band are:
 1. Demonstrate ability to play all exercises in Beginning Method Book.
 2. Demonstrate ability to play assigned parts in two ensemble numbers.
 3. Play two solos with piano accompaniment.
 4. (a) Receive grade of 100 per cent in writing and playing on horn, measures in 4-4, 3-4, 2-4, and 6-8. (b) Do the same with equivalent rests.
 5. Sustain tone for 25 seconds (flutes and basses) 15 seconds.
 6. Play from memory ascending and descending scales C, B flat, E flat, F, G, and D.
 7. Musical term to be given and receive 100 per cent.
 8. Demonstrate ability to perform first 50 rhythm patterns in Fussells Ensemble Drill Book.
 9. Demonstrate correct breathing.
 10. Commendable school citizenship.

11th grade—
 1. Sustain tone for 35 seconds.
 2. One solo memorized with piano accompaniment.
 3. Recognize the following intervals: 3rd, Major, perfect, 5th octave.
 4. Transpose a song book melody. Write one in the key taken from exercise 6.
 5. Play major scales A flat, A, Minor, D and G.
 6. Plus first year's materials.
 12th grade—
 1. Sustain tone for 40 seconds.
 2. Two solos memorized for a public performance.
 3. Play scales C flat, F sharp, C sharp in the major, Minor B, E, F sharp.
 4. Direct 4-4, 2-4, 3-4, 6-8 time.
 5. Know all signatures of major and minor keys listed in above assigned numbers.
 6. Produce on your instrument correct attack and release: Staccato articulation; legato articulation: Double and triple tonguing.

If you have any items of interest about your family or friends please call Plymouth 6.

GOLF TEAM LOSES TO UNIVERSITY HIGH
 Plymouth's golf team lost their first meet Friday to University High in Ann Arbor. Bob Schwarz and Ray Kurtz were Plymouth's representatives in the first four-some and Howard Houghton and Dick Daane in the second.
 At the half way mark Plymouth had an excellent lead of 14 strokes, but the U High boys began hitting and our lead was gone by the 18th hole.

SENIORS OF THE WEEK
 "Crumbly candy papers in the movie" is the pet peeve of Harry Svahn, son of Carl and Anna Svahn, 661 Ann Street. Harry is completing a general course although he is working half of the day delivering mail. His hobbies are bowling and collecting travel folders. He has traveled to New York, Upper Michigan, and Illinois.

Participating in football, basketball, track, cross country, J-Hop, Senior Prom, and Student Government are the activities of Jean Thompson, son of Arno and Ruth Thompson, 324 N. Harvey street. He has traveled in Southeast Canada, Michigan, Ohio, Pennsylvania, and New York. Jean is completing a college course and his pet peeve is "goody-goody, stuck-up girls." His hobbies are books, sports, and walking. He wants to study medicine in Indiana or Pharmacy at the University of Michigan.

Completing a general course, Jerry Treadwell, son of Charles and Anna Treadwell, 206 E. Ann Arbor Trail, is expecting to enter the navy as soon as school is out. His peeves are "girls who smoke, and girls who don't wear stockings." He has participated in Hi-Y, Sr. and Jr. plays, J-Hop, and Senior Prom committees. Jerry's hobbies are swimming and dates. He has traveled in New York, Ohio, Pennsylvania and Virginia. "Damp weather" is the pet peeve of Jo Ellen Wilson, daughter of Walter and Lucy Wilson, 9613 Blackburn. She has traveled in 42 of the 48 states and in Canada. Jo Ellen is completing a College Course and her hobbies are bowling, riding her horse, and traveling.

Robert Zielasko, son of Beulah and Lawrence Zielasko, 7954 Hix road, is completing a general course and has been prominent in Hi-Y, J-Hop committee, Senior Prom committee, Jr. Play, and Chairman of Printing in the Senior Annual. His hobbies are collecting stamps and hunting and he has traveled in Michigan, Ohio, and Illinois. Bob's pet peeve is "girl dates who sleep in the show."

Aviation and flying are the hobbies of Ralph J. McDowell, son of Marguerite and Ralph McDowell, Sr., 11415 Cranston avenue. Ralph is on a college course and plans to enter the Air Corps upon graduation from high school. He has traveled in the western, northern and eastern states and before coming to Plymouth went to C. K. McClatchy High in Sacramento, California. His activities include Sr. Prom committee, football, and Civil Air Patrol.

PHS PLACES SECOND IN SPEECH CONTEST
 Of six schools participating in a Speech Contest held at Detroit, April 11, Plymouth placed second. The other schools entered were: Belleville, Wayne, Ypsilanti, Redford Union, and Trenton.
 Alan Kidston, placing first in extemporaneous speaking, will represent the school in the Regional Contest which will be held at Ypsilanti. Other Plymouth students who entered the contest were: Jacqueline Dalton, extemporaneous speaking; Caroline Rose, oratory; Beverly Hauk, dramatic reading; and Ronald Hees, declamation.

WHAT IF?
 Marian Lawson would make up her mind?
 Mr. Latture had a dumb second hour class?
 Boys in Plymouth didn't think they were God's gift to the girls?
 Donna Spanier didn't have her picture taken every night?
 Nan Broman and Phyl Makepeace didn't wear jeans all the time?
 All the girls in Plymouth boycotted the fellows for one day?
 Donna McKinley didn't laugh all of the time?
 The seniors weren't so lazy and stuck-up? (Ed. note: This is only one person's opinion (not mine).
 The senior girls would leave the junior boys alone?
 Plymouth didn't have their J-Hop's the same night as Northville does?
 Mary Ann Hasselback stuck to one guy?
 Jerry Treadwell, Jack Olsaver, Ducky Olds and Bob Trombley got together again?

Scotsman James Gregg, 77, of the state of Washington, died, left instructions for music at his funeral, requested that it be played by six kilted Scots—four bagpipers, two drummers.
 If you have anything to sell or rent, try a Plymouth Mail want ad. They bring results. Phone Plymouth 6.

SPRING.
 Ah, yes, here it is again, beautiful spring! The robins are chirping, the bees are buzzing and the crocus' are croaking.
 In the spring a young man's fancy lightly turns to thoughts of baseball, track, erow hunting, fishing, and possibly new ways to pester his fellow men.
 It seems that a certain orange truck about town has broken out with an exotic purple and green rash, Spring Fever, no doubt!
 Old man weather must be getting bored with the monotony of the seasons this year—he seems to be scrambling them. March came in like a lamb, but much to everyone's amazement it went out like one, too. He probably changed March and April around. Who knows what will come next? It might even be February.

SPELLING BEE DATE CHANGED
 The District Spelling Bee that was to be held on April 26, has been changed to Thursday April 25. All the competing schools have been notified of the change.

TB Tests To Be Made in Plymouth

Responding to the appeal that "early diagnosis assures early recovery from tuberculosis," 10,698 residents of Wayne county have had free chest X-ray examination in the two months' old survey conducted jointly by the Wayne County Health Department and the TB and Health Society.

At Wayne city 1,400 individuals were examined by X-ray in the February 15-22 period. When the 35mm. equipment was moved into Dearborn, 6,400 persons—adults and students—took advantage of this service. More recently 2,893 residents of Inkster had the examination to prove themselves free from tuberculosis. It was in this survey that a record average of 414 chest films per day was established.

While data is not complete, several cases of the disease have been discovered, and a dozen silicosis findings reported.

During the April 15-17 period the survey reached Romulus community. Pending dates for community-wide case findings by X-ray are: Garden City—April 18 and 19; Redford Union—April 23-25; Plymouth—April 29, May 3; Northville—May 6-7.

Dr. David Littlejohn is director of the survey, while films are interpreted by Dr. E. R. Clarke. Positive findings are reported direct to the family physician.

Alguire Sees A Deer Near City

Melvin Alguire, who resides on East Joy road, is a man of truth and honor—therefore when he says he saw a deer run across Joy road just south of the city limits of Plymouth a few nights ago—you've got to believe him.

Mr. Alguire was on his way home from work, driving along at a slow rate when out from one of the fields jumped a young doe.

"At first I couldn't believe my eyes, but there it was, as nice a deer as one ever saw in the north woods. Where it came from and where it went, only the deer knows" said Mr. Alguire. "Maybe I can do my fall deer hunting here" he added.

This is the second report of a deer being seen in this locality in recent weeks.

In Yonkers an ex-marine, temporarily residing in a home-made hut with his wife and child named it: "All-or-Nothing Atoll."

Parkview Alleys Plan Mixed Doubles League

Mike Schuster, genial proprietor of the Parkview Recreation bowling palace in Plymouth, is looking for kegglers to form a mixed doubles' league.

The league will open play next week and continue for the ensuing eight weeks, according to Mr. Schuster's plans. He hopes to have several teams in competition. Each week The Mail will carry the names and scores of the three highest men and women bowlers.

This sort of competition should attract considerable interest among Plymouth bowling enthusiasts. Printing the high three scores each week during the life of the tourney also should prove very popular.

Detroit Times Is News Picture Winner

Another laurel was added to the list of national accomplishments by Detroit recently when The Detroit Times won first prize in a national news photography exhibition at Kent State University, Kent, Ohio. The Times pictures won over those competitors: Life Magazine, the Associated Press, the New York Times, Chicago Sun, Cleveland News, New York Daily Mirror, Canton Repository, Columbus Dispatch, Akron Beacon-Journal, New York Journal American, Los Angeles Daily News, Chicago Herald-American, Dayton Journal, Houston Post, and others.

The winning entries in the Kent State University exhibition were duplicates of those shown in The Detroit Times photographic exhibit which concluded Saturday, March 30, at the J. L. Hudson Company.

Garden Meeting Monday Evening

(By E. I. Besemer)
Garden leaders and others interested in garden problems should attend the meeting at Newburg School Monday, April 22, at 8:00 p.m. says E. I. Besemer, the county agricultural agent.

Besemer stated that soil preparation, fertilizer, varieties, use of D.D.T. and other insecticides and fungicides for the control of insects and diseases will be explained.

Wayne County farmers are urged to place their requests for farm help with the County Agent according to John Vloeh, Farm Labor Assistant.

Vloeh stated that a number of veterans are asking for farm work, also several experienced farm workers have applied for work on farms.

A number of requests for farms to rent have been received Vloeh said, and we have no such listing. "It might be that the County Agents office could be of service by acting as a clearing house for these problems," concluded Vloeh.

The sudden drop in temperature has seriously injured some fruit in Wayne County. The sweet cherries have been nearly all injured while sour cherries have been less seriously harmed.

Apples, pears and peaches apparently have not been much damaged. There is how ever, plenty of time before danger of killing frosts are over for further damage to fruits.

The metropolitan Detroit Horticultural Council and the Industrial leaders of Detroit are sponsoring a Garden Rally, "Food for Winter" meeting at the Rackham Memorial building May 1.

"Michigan and the Old Northwest"

Cadillac asked friendly Indians to settle nearby for trade and security.

During a Miami-Ottawa feud Fr. del Halle, Ste. Anne's pastor, was slain.

Jealousy, disloyalty and corruption were rife among Cadillac's followers.

His Detroit property seized, Cadillac in 1710 was named Governor of Louisiana.

There are more legal hunters in Michigan than any other state in the nation. Figures given out by the U. S. Fish & Wildlife Service Bureau not only reveal this fact, but also show that there was a large increase throughout the nation in the issuance of both hunting and fishing licenses last year.

Hunting licenses are up 685,643 over 1943-44, while fishing licenses top those of the preceding year by 449,755. Totals are given as hunting licenses, 8,190,901; fishing licenses, 8,280,232.

In the matter of revenue from license sales, the increase is \$1,965,100 for hunting licenses and \$740,238 for fishing licenses. The 1944-45 totals were: hunting license revenue \$15,512,252; fishing license revenue, \$10,580,311.

Michigan led all states in the number of hunting license sales with 784,604. Pennsylvania was second with 607,096; New York third with 545,299; Ohio fourth with 523,040; Indiana fifth with 398,903; Minnesota sixth with 328,057; California seventh with 319,410; Illinois eighth with 300,144; Wisconsin ninth with 289,478; and Washington tenth with 287,167.

Michigan also led in the number of fishing licenses sold during the 1944-45 season totaling 1,487,029, the highest annual figure on record to that time. However, incomplete sales for the 1945-46 season had already exceeded this total by December 31, 1945, with 1,540,468. It is estimated that the 1945-46 total will reach 1,750,000.

Not only Michigan duck hunters but Michigan residents who are interested in the protection of all wild life will be interested in an announcement of the Fish and Wildlife Service of the Department of Interior that vast new waterfowl resting grounds are a part of the huge Texoma lake created by the construction of the Denison dam in Texas.

During recent weeks residents in this part of Michigan have witnessed the flight of thousands of ducks to the north. There have been small flocks and big flocks. There is hardly a lake or pond around Plymouth or in southeastern Michigan that has not been used this spring as a resting place by one or more flocks of ducks.

Nature provided resting ponds for ducks and geese in this part of the country, but not in the southwest, where the progressive Department of Interior is now

successfully doing things that nature left undone.

Ground water levels in the Au Sable, Muskegon and Manistee river drainage areas set a new March record in 11 years of recording at 43 shallow wells maintained by the conservation department's geological survey in cooperation with the U. S. geological survey. The new high is .41 feet above the average spring high, which occurs often in May, rather than a full foot lower, as it usually has been. The average change from March to April is a rise of .66 feet.

Levels of many Michigan lakes rise and fall in direct relation to ground water levels.

Russell Powell and William Rambo were up at Sebawaing the other day checking on fishing conditions in that part of Saginaw bay near Sebawaing. They were joined later by Jack Selle and L. B. Rice of the Auto club, who have been sharpening their fish hooks all winter waiting for the day when the perch will begin biting. Russ says there has been one good break for the fish—high waters early this spring washed far out in the bay the rotten pollution from the creamery and sugar factory that has been killing the fish by the thousands in Saginaw bay. He declares that even the commercial fishermen are taking up the fight to help end the pollution of Michigan lakes and streams. Don Lightfoot, another Plymouth resident who is a regular commuter between Plymouth and Sebawaing during the fishing and duck hunting seasons, went up Friday to check on his hunting shack to see how it weathered the winter.

Don says that he saw a flock of Canadian geese rise from Saginaw bay Sunday that numbered nearly 10,000.

"It was one of the largest flocks of geese I have ever seen. There was not a single blue goose in the whole lot" he said. "There were a lot of swans on the bay, too, but they did not start north during the day. Plenty of duck, also" he added.

There is one springer spaniel in Chippewa county that definitely is in the doghouse so far as its master is concerned.

Patrolling the Hendrie river, which is closed to trapping, Conservation Officers Dick Beach and Richard Beach, Jr., encountered Donald and Ray Burkett of Hulbert with their spaniel, supposedly just out enjoying the beauties of nature.

During routine questioning by the officers the playful dog sniffed the ground, dug under a root and pulled out a freshly skinned muskrat carcass and pelt which it proudly deposited at the feet of Officer Beach Jr.

Red faces and denial of any knowledge of the muskrat by the Burketts eventually changed to admitted possession of the animal by Donald Burkett. Arraigned before Justice Ralph McCary of Trout Lake, he was fined \$15 and charged costs of \$6.85 for illegal possession of muskrat pelt and carcass during closed season.

It is doubtful that the dog got steak that night for dinner.

Board OK's All But One Petition

At a recent meeting of the Livonia Township Board Ordinance Number 2 was passed by the Board. Monday April 1, 1946 Ordinance Numbers 3A, 4A and 5A were passed by the Board at their regularly scheduled meeting at the Township Hall.

Ordinance Number 2 changed the classification of the parcel of land bounded on the east by Deering, on the north by the Pere Marquette railroad, on the west by Tartell and on the south by Plymouth Road from an M-1 to an R-1, to a distance of 100 feet east of Middlebelt road, on the south to a distance of 390 feet north of Joy road and on the west by Middlebelt road. 4. To change from a C-1 to C-2 the land enclosed by Inkster on the east, on the south by a line 100 feet south of Plymouth road, Deering on the west and on the north by a line 100 feet north of Plymouth road.

Ordinance 4A was changed to show a C-1 classification of the corner of Ann Arbor Trail and Wayne Road for a distance of 300 feet north, south, east and west by Floral Ave. 2. To show a C-1 classification upon the parcel bounded on the south by Joy road, on the north by the alley line to a distance of 100 feet and on the west to a distance of 100 feet west of Henry Hush street, 3. Shows an R-1-c classification bounded on the north by Cathedral M-2 district (from light to heavy industry).

Ordinance Number 3A now shows a R-U-F-C District classification on the premises bounded on the north by West Chicago Blvd., on the south to a point 100 feet north of Joy road, on the east by Inkster road and on the west from the corner with a depth of 100 feet from the roads.

Ordinance 5A states that in all zones designated as "A" one story buildings shall not contain less than 1000 square feet of floor space, one and one half story buildings shall not contain less than 800 square feet of floor space on the ground floor and the aggregate area shall not be less than 1000 square feet. Two story buildings shall not contain less than 624 square feet on the ground floor. In "B" zones, one floor dwellings shall contain not less than 800 square feet of livable floor space, one and one half story buildings shall contain not less than 624 square feet of floor space and an aggregate of not less than 800 square feet. 3 No buildings of full two stories shall con-

tain less than 576 square feet of usable floor space. Section 2 allows for below minimum requirements where more than two thirds of the buildings in any one block are occupied by structures below the minimum standards. This does not apply to a new building between two buildings which already conform to the requirements.

The Township Board carried out the recommendations of the Zoning Board and did not approve of the Coventry Gardens petition to change their classification to "A". It was the Zoning Board's opinion that it was impossible to force future builders to construct homes of an "A" classification with so many "B" and "C" class homes in the area. A survey was made from the Field Assessment Books and they showed that there were 16 class "A" homes, 36 "B"s and 10 "C"s in Coventry Gardens.

Honor Gold Star Mothers In May

Pierson's PTA held their March meeting at the school and an interesting program was followed by a short business meeting and the election of officers for the ensuing year.

Mrs. Marcelle Hall was re-elected President for the coming year and Mrs. Lucille Schmidt was elected Vice President. Mrs. Helen Rickart as Secretary and Mrs. Elsie Soos as Treasurer were retained in their respective offices.

The April meeting has been postponed until May 2 due to the inability of the speaker to appear on the program at the regular meeting date. At the May 2 meeting, a presentation of corsages will be made to three Gold Star mothers of sons who attended Pierson School. They are Mrs. Homer Coolman, Mrs. Smith and Mrs. Sheppard. Everyone is invited and a special invitation is extended to all mothers whose boys were in the service and who were former students at Pierson. The Rev. George Gullen will be the guest speaker.

On reading and filing the petition of Nellie McGinise praying that administration of said estate be granted to Earl J. Demel or some other suitable person.

It is ordered, That the First day of May, next, at ten o'clock in the forenoon at said Court Room be appointed for hearing said petition.

And it is further Ordered, That a copy of this order be published once in each week for three weeks consecutively previous to said time of hearing, in the Plymouth Mail, a newspaper printed and circulating in said County of Wayne.

THOMAS C. MURPHY,
Judge of Probate.

(A true copy)
RICHARD H. WERNETTE,
Deputy Probate Register.

April 12-19-26

Attorney: Earl J. Demel, 690 S. Main St. Plymouth, Mich.

STATE OF MICHIGAN, COUNTY OF WAYNE, ss.
No. 287,006

At a session of the Probate Court for said County of Wayne, held at the Probate Court Room in the City of Detroit, on the Twenty-seventh day of March, in the year one thousand nine hundred and forty-six.

Present Joseph A. Murphy, Judge of Probate.

In the Matter of the Estate of WILLIAM STREFIS, a mentally incompetent person.

Earl J. Demel, Guardian of said ward, having rendered to said Court his first and final account in said matter.

It is ordered, That the Seventh

Dr. Ruth Barnes PTA Speaker

The Central Grade PTA meeting will be held in the grade auditorium on Tuesday evening, April 23, at 7:30 o'clock.

Dr. Ruth Barnes of the literary department of the Michigan State Normal college will speak on "Children's Literature." Dr. Barnes has been connected with this department for a number of years. Her wide experience, pleasing personality, wit, and humor promise to make this an outstanding program.

Mrs. George Strasen will give a summary of her year's work in the school.

The Junior chorus under the direction of Dorothy Ager, will sing. Election of officers will be held.

All parents and friends of the school are cordially invited to attend the last regular meeting of the PTA for the year.

Next month the fourth, fifth and sixth grades will present the operetta "Behind the Clouds," on May 8 and the primary grades will entertain with the May Festival on May 24. Watch the Mail for further notice.

Ford Co. to Assist In Play Program

Appointment of Christopher Wilson to supervise recreational activities of 17 Village Industries of the Ford Motor company was announced today by Leo Beebe, Ford recreation department director. Wilson, formerly athletic director of Ypsilanti High School, was engaged as an instructor in the army technical training school program at Willow Run during the war.

Wilson will co-ordinate the efforts and work with a recreational council composed of a representative from each of the plants. He also will work with volunteer recreation committees in each of the plants.

Creation of a well-rounded recreation program for employes of each of the plants and utilization of existing programs and facilities has been included in Beebe's plans.

Chairmen of the various recreation committees at the plants are:

Brooklyn, Jack Lickert; Dundee, Clyde Toburen; Hayden Mills, Walter Pfaus; Manchester, Charles Knorpp; Milan, Max Harter; Saline, Ray Daniels; Sharon Mills, Donald Bammer; Ypsilanti, John Skelt; Newburg, Herman Scheel; Plymouth, George Britcher; Waterford, William Epps; Nankin Mills, Jack Niel; Phoenix, James Meldrum; Milford, Leo Rancour; Clarkston, Earl Starkweather; Flat Rock, Ferdinand Dussault; and Northville, Ward Riley.

R. A. Stanley of Kentucky lost his watch 10 years ago, got it back last week when police found it in a pawnshop—still keeping good time.

To us—all calls are important

That is why we do our best to put your calls through promptly. But the volume of Long Distance calls today is even greater than during the record-breaking war years. And so, sometimes, there are unavoidable delays... particularly on calls to points outside of Michigan.

We are doing our best to provide the needed facilities. And we are making good progress. The Bell System is adding over two million miles of circuits this year, new switchboards and other equipment, and training thousands of new operators.

Meanwhile, many thanks for your continued understanding.

Babson Says --

Babson Discusses the U.N.
Babson Park, Mass., April 19.—I cannot understand why there is so much pessimism regarding the world in general. There is little justification for much of the fear which radio broadcasters are putting out over the air.

Regarding The Veto
We heard much talk that the new World Organization is to be a failure. All impartial evidence is to the contrary. It is succeeding wonderfully. The very fact that all the discussions are in the open for the entire world to hear is of itself—a great forward step. It makes a bad impression to read of these U.N. squabbles; but it is much better to have all discussions "on top of the table."

There is much criticism that any one of the five great powers can veto measures; but this works to the advantage of the United States or England as well as to Russia. Besides there are so many good things which the U.N. can do, upon which they all are in agreement, they had better forget other matters for the present. World peace will never be attained by mere majority votes. They must be unanimous to truly hold and succeed.

What About World War III?
Of course, wars are not at an end. There will be more wars and there may be another World War; but there is nothing in sight today which makes it probable. The Atom Bomb is more likely to insure peace than to bring about a war. This present talk about a war with Russia should stop. It is largely to help columnists sell their wares.

I believe we should give the Atom Secret to the U.N. The peace possibilities of atomic energy are so great, atomic studies should be encouraged by all nations with the freest interchange of scientific knowledge. Nations never go to war when they are prosperous. Hence, I am an optimist on world affairs.

Freedom of Speech
We all should work for the Four Freedoms, — both internationally and domestically. We, however, can have freedom of speech in our own neighborhood without forcing ourselves into every home. A truly "good neighbor" policy requires getting the good will and confidence of all who live on our street. This cannot be secured by forcing ourselves into any home until we are invited. The same principle applies to nations. I wish all nations would

let our people roam about their countries and would, each year, exchange 5,000 students with us. But such an exchange should not be forced or bought with money. We cannot make anyone like us by our being "tough." Other nations are trying out economic and social experiments called "Communism" or "Socialism." We should let them do so in their own way,—with or without the help of our visitors or writers. Likewise, we are trying out an economic and social experiment called "Free Enterprise." It is up to each reader of this column to help make this American system a success with no interference from abroad.

Great Experiments
Only the future can tell which of the above systems will ultimately win out; but each should be given a fair chance to succeed if it can. My own feeling is that there may be a happy medium between Communism and Capitalism. Certainly, no World War III is needed to settle the question. In fact, the real answer can be found only during an era of world peace.

Yes, we have much for which to be thankful. Although very "noisy," yet international conditions are safer today than ever before. The U.N. will succeed; the much despised "veto power" may be an assurance for peace. Let us first be tough with our own people and discipline them,—that is, let us be tough and discipline ourselves,—as individuals. This will be the best sign of the much needed spiritual awakening for which so many of us are praying.

Dr. Ashton Opens Plymouth Offices

Dr. G. K. Ashton, chiropractic surgeon, opened a suite of offices Friday, today, at the Penniman Building in the quarters formerly occupied by the Orchid Beauty Salon.

Dr. Ashton, an honorably discharged veteran, practiced at Northville from 1939 to 1942 and at the same time maintained a part time office in Plymouth. He now plans to practice here altogether.

He entered the armed services in September, 1942, and completed his service last February. Dr. Ashton will be at his office from 10 a.m. to noon, and 2 to 5 p.m. daily except Thursday and from 7 to 8 p.m. on Monday, Wednesday and Friday.

Dr. Ashton will not be able to accept house calls until he secures transportation. He plans to move to Plymouth very soon.

If you have any items of interest about your family or friends please call Plymouth 6.

Noel Hover Now In Saipan Harbor

News items of a quarter of a century ago taken from the files of The Plymouth Mail.

Several friends and relatives gave Mrs. Wm. Gayde an agreeable birthday surprise at her home last Wednesday evening. Cards were the entertainment and refreshments were served. The hostess was presented with a handsome jardiniere in remembrance of the occasion, and at a late hour the guests departed wishing her many happy returns of the day.

Mr. and Mrs. Merritt Crumble and Mr. and Mrs. Merle Rora-bacher spent Sunday in Detroit and Belle Isle.

Miss Margaret Schoof, who has charge of the Savings department in the People's State Bank at Redford visited her parents, Sunday.

Mr. and Mrs. Charles Millard visited Mr. and Mrs. Harmon Kingsley at Wayne, last Sunday. August Pankow of Plymouth, and A. Hyman of Redford, have each purchased a new five-passenger sedan of the Plymouth Buick Sales Co.

Mr. and Mrs. Lawrence Lyon of Detroit, visited the latter's parents, Mr. and Mrs. O. D. Peck, at Buena Vista farm, Sunday.

Mr. and Mrs. George McLaren and little daughter, Althea, and Mr. and Mrs. James McKeever were Sunday guests of relatives in Detroit.

Henry Ray was a weekend guest with friends in Lansing. Harry Brown and family have moved into a bungalow on Farmer street.

Fred Rhead has the contract to build a fine new bungalow for Glen Smith on South Main street.

Mr. and Mrs. Muron Richardson of Howell, were weekend guests of Mr. and Mrs. Fred Bovee on Union street.

Drs. B. E. Champe and J. L. Olsaver have been in Detroit this week, attending the state dental convention held there.

Mr. and Mrs. Charles Carmichael entertained a company of Detroit friends at their home on Golden road, last Sunday.

Mrs. Raymond Hills returned home the first of the week from Sault Ste. Marie, where she has been visiting her parents and other friends.

S. W. Spicer and family of West Plymouth, were Sunday guests at the parental home, Mr. and Mrs. H. A. Spicer, on Ann Arbor street.

Mr. and Mrs. H. C. Bennett who have been spending several weeks in Central American and other southern countries, returned home Thursday.

Miss Dorothy Dibble has returned to the Capen School for Girls at Northampton, Mass., after spending the spring vacation with her parents here.

Miss Elizabeth Conner left the first of the week for the Sargent Physical Training School at Cambridge, Mass., after spending the spring vacation at home.

Mrs. J. B. Pettigill left Thursday for Central City, White Plains and other places in Kentucky, where she will visit friends and relatives for a few weeks.

Mr. and Mrs. John Lusk, Mrs. Don VanAtta and father, Arthur Hood, went to Wayne, Tuesday afternoon, to attend the funeral of Mrs. Lusk's father, James Wright.

Miss Pauline Peck, who has been staying with her sister, Mrs. Lawrence Lyon, in Detroit during the absence of her uncle and aunt, Mr. and Mrs. C. H. Bennett, has returned home.

F. W. Killman reports the sale of several Reo Speedwagons and Gardner cars the past week.
