

# THE PLYMOUTH MAIL

Vol. 58, No. 34

Plymouth, Michigan, Friday, April 26, 1946

\$2.00 Per Year in Advance

What I Think and  
Have a Right  
to Say

SO MAYOR JEFFRIES MIGHT KNOW.

We are sure that Mayor Jeffries had no intention of leaving an erroneous impression with members of the Rotary club pertaining to state tax matters when he spoke here recently. But many present did gain the idea from what he said that the state of Michigan keeps ALL of the tax money it collects and gives nothing to other units of the state government. At least half a dozen members of the club have asked the writer pertaining to the facts.

Reports of the Auditor General's office in Lansing show that the state last year collected from all sources, including federal allotments, around \$202,000,000.

Of this amount \$142,700,000 was diverted back to the cities, villages, counties, townships and school districts.

The facts show that much over half of all state revenues are now being paid back to various units of the state government.

The little city of Plymouth last year received from the state over \$29,000. Because of known increased revenues in state taxes, the city commission has wisely set up in its budget for this year an anticipated return to Plymouth from the state government of \$35,000. It may go even more than that.

The Plymouth school district in its last fiscal year received \$104,530 from state taxes. This fiscal year it will receive around \$128,000 of state aid.

So we know something about state aid right here in Plymouth. But we would like more state aid.

We believe that the state can grant still greater aid to cities, villages, townships and school districts.

During our legislative career the writer has worked consistently for greater state aid to the public schools. While it was greatly increased during the last two sessions, we believe that it can be increased to a far greater extent. And this would provide more tax relief for Detroit and other cities and villages.

We believe that state aid should be given to cities and villages for main thoroughfare improvements, for drainage and proper sewage disposal, eliminating the pollution of rivers and lakes that now shame Michigan.

We believe too that the state should pay for the lighting of trunk line highways through the cities and villages of the state. In fact some years ago we introduced a bill in the legislature providing for this municipal aid, but the highway department was successful in blocking it at that time.

There is a strong minority group in the legislature that is in agreement with a city aid program. We believe that there will be more members of that group in the next legislature than in the past one.

The good Mayor cried much about the plight of the real estate owner and the excessive tax he bears.

Here again we agree with the Mayor.

But he didn't say one word about cutting the real estate tax if the state finds that it can increase its aids to local units of government.

Mayor Jeffries and some of the other city executives might not agree with this statement, but we firmly believe that the real estate tax should be reduced in proportion to additional state aid that might be granted cities.

After all the home owner and the farm owner pay just as much towards the state sales tax as any one else.

But reduced taxation is not the thing sought by most municipal executives. They want more tax dollars.

The sky seems to be the limit when it comes to taxes as far as some city officials are concerned.

We like Mayor Jeffries very much. He is a serious-minded official, but we have our doubts as to what might happen to additional aid to local units of government if he should continue to give similar speeches to the one he delivered here. His methods and statements would cause an out-state hostility that would do more harm than good.

We all know that the growth and development of Michigan has resulted in a tremendous increase in its income from the state sales tax. But right here it should be said that ALL credit for the tremendous increase in state revenues is not due entirely to increased business in Michigan.

The legislature a few years ago voted to consolidate its tax collection departments into one department of revenue, placing ALL responsibility for tax collections in one department.

While the writer has made no check of the records, there is not the slightest doubt but what a very good percent of the increase in state revenues is due entirely to the much more efficient and highly satisfactory way Director Nims and his department are handling the tax collection business of the state government.

We would recommend to Mayor Jeffries that he consult with Mr. Nims and the Auditor General before making many more speeches on the state's tax problem. If he did so, he would discover a far different condition than the one he presented recently to the Rotary club in Plymouth.

Arguments, backed up with real facts, we believe, are more effective than just mere pleas for additional grants.

## FIXING THE RESPONSIBILITY IN THE RIGHT PLACE.

Judge Healy, who over a long period of years, has handled the serious juvenile problems of the courts of Wayne county, recently asserted that most of the strikes of school children and their other misdeeds could be placed squarely upon the shoulders of the parents of the children.

We will go just a step further than did Judge Healy. We place upon parents the FULL responsibility. If the children haven't play grounds, if they haven't good environment, if they haven't all the opportunities for a wholesome existence, the parents are to blame.

Some blame the public for lack of good surroundings for our children. But the public is made up of the parents. Yes, the trouble is with the parents, gadding mothers and careless fathers.

The remedy lies entirely with the parents. By their own deeds and by their votes, they can create the healthy, wholesome and happy conditions our children so badly need in these troublesome days.

## HE'S ENTITLED TO A "THANK YOU."

Carl G. Shear has completed his services to the city of Plymouth as its mayor. He still remains as a city Commissioner for another year, as well as the city's member of the Wayne county board of supervisors.

The retiring mayor, like his predecessor, Mr. Corbett, has earned the thanks of the entire community for his good work. His record shows that he had only the best interests of the city at heart, that he was big enough and broad enough to eliminate all personalities and that he has a clear knowledge of the real needs of the city. We say "thank you" to the retiring Mayor.

To the new mayor, Robert Lidgard, we extend our congratulations upon his selection as the chief executive of our city and we know, too, that he will give to this progressive city the same fine service as did the retiring mayor.

## Progress Report Made by War Vet Foundation

The Plymouth District Veterans Memorial Foundation committee gave a full account of their work to date at a meeting of representatives of all local organizations last Tuesday evening. The meeting held in the Mayflower Hotel was attended by sixty local people who acted as representatives of every civic body in Plymouth.

A vote of commendation was given unanimously to the foundation committee for work which they had accomplished so far and there were no fundamental objections or criticisms of any kind offered on the plans as presented by foundation chairman, Cass S. Hough.

Local veterans who were in attendance brought to light the fact from the committee that the veterans' wing of the building which is to be included in the first unit of the structure to be built will be planned and operated strictly by local veterans.

The foundation committee has set up several local committees which will be announced in the near future covering all phases of the future development of the project. A committee to plan the needs of the veterans' wing and allocate its space and usage to the various veterans groups will be composed of representatives of all Plymouth's veteran organizations. It is intended that this unit will be solely for the veterans.

Other groups are being formed to study and make recommendations for the swimming pool, auditorium, gymnasium, food facilities, meeting rooms, etc. It is expected that these various groups will be composed of some 250 local people in whose hands the actual planning and building of the structure will be placed.

The present Foundation committee has practically completed its organizational work and except to function as a coordinating group their responsibilities will soon be ended.

The foundation committee made it clear Tuesday night to the representatives of the various groups that it intended the report which they were giving would be taken back to each civic group so that further study and discussion could be made by the community at large.

From the discussions held in various civic organizations and with the help of a poll of the citizens at large later, it is hoped that the undertaking can be one which will embody all of the constructive ideas of the people of Plymouth.

## Cub Scouts Plan Hobby Show Saturday Evening

The third annual, district 7, Cub Scout Hobby Show will be held tomorrow, Saturday, April 27th, 7 to 9 p.m., at Plymouth High School Auditorium. Approximately seven packs are expected to participate in this interesting display of hobbies and handicraft.

Plymouth has been most fortunate in having this district event, in which so many neighboring packs have displayed their diversified hobbies, and it is hoped that the attendance and interest shown will be as great this year as in the past, to assure the selection of Plymouth again.

Pack 620, which has been the only pack in Plymouth, is in the process of reorganization into five separate packs. This annual hobby show will mark the last function of Pack 620 as a unit.

The many entries that will be on display at this hobby show represent the cooperative effort of parents and boys, and should prove most interesting and instructive.

The show will be highlighted by a short skit by each pack. All parents and friends are invited and urged to attend the Hobby Show.

The High School auditorium will be open from 5:00 to 7:00 p.m. for the setting up of displays, and the show will officially be opened at 7:00 p.m.

Parents must accompany children and Cub Scouts attending. This is extremely important.

Records show the average cow in the DHIA program in Michigan produced \$156 over and above feed costs in 1945.

There are some who do not have sense enough to argue and some who have too much sense to do it.

## Protest Dumping Of Refuse

Are you one of the guilty ones? Residents in the rural area around Plymouth are highly incensed over the practice of some people from Plymouth or around the city who have been making it a practice to dump their refuse and tin cans along the sides of roads near the city.

Last week five and six residents in the vicinity of Wayne and Joy roads, reported that some one had dumped sacks of refuse along the side of the roads.

There has recently been organized a branch of the State Farm Bureau in this area, with Harold Fischer as its president and Mrs. Edward Fegan as its secretary.

One of their first objects will be to see to it that the roadsides around Plymouth are kept clean and free of all rubbish.

If it appeals to the civic pride of those guilty of the practice in dumping refuse along the roads do no good, other steps will have to be taken to end it, it is announced.

## Police To Take Action Against Bikes on Walks

Plymouth bicyclists must stop their practice of parking their bikes on public sidewalks, especially in the business districts of the city.

Police Chief Lee R. Sackett this week issued a warning to the cyclists that unless they stop the practice the Plymouth police officers will confiscate their bicycles.

Chief Sackett said that during the past few weeks an epidemic of accidents involving aged persons and improperly parked bicycles had been reported. Fortunately no person was seriously injured.

Bicycles, according to Chief Sackett, have no place on the sidewalks. Riders should either park their bikes at the curb, or in the downtown area, leave them in Kellogg Park.

Beginning this week the Plymouth police will impound bikes found parked on sidewalks or against buildings in the business sections, Chief Sackett warned.

Elderly persons, Chief Sackett explained, and those whose sight is impaired look upon bicycles laying on the sidewalks as hazards. Sometimes they are not seen soon enough to avoid a nasty fall.

Other times, if run into, the bikes' gash precious stockings, tear clothing and cause minor hurts to the persons themselves.

Bicycle riders in general do not intend to be offensive to anyone. They certainly can not be accused of deliberately leaving their bicycles in the path of the elderly persons, Chief Sackett said.

It is lack of thought on their part, he believes, and perhaps poor judgment that prompts them to drop their bikes wherever they may be at the moment.

Many persons, the chief said and a great number of the bicyclists themselves fail to remember that bicycles are controlled by practically the same regulations that motorists must observe. It therefore is not unusual to have objections to the practice of parking bikes on the sidewalks.

Chief Sackett believes that all bicycle riders will agree a bicycle is an infernal machine when left laying on a sidewalk or leaning precariously against a building.

He is confident that Plymouth bicyclists will co-operate by parking their mounts in Kellogg Park or at the curb when in the business districts. The police do not want to impound bikes but from now on any found parked on sidewalks or against buildings in the business sections will be handled in that manner, Chief Sackett declared.

## Puts In Line Of Horse Saddles

Here's news for "Horsey" folks. William Rose and Vaughan Smith of the Plymouth Hardware store, have just put in a complete line of saddles, bridles, lariats, spurs—everything you need if you are one of the many hundreds of horseback riders that live in this vicinity.

The Plymouth Hardware is the first store to put in a complete line of riding equipment since the horse and buggy days of years ago.

You can always borrow trouble and not have to give a mortgage.

## Plymouth Citizens Again Drinking That Good Old Pure Spring Water

Clear, sparkling, good-tasting and pure water from the Plymouth "water farm" over on Beck road, is again flowing through the water mains of the city of Plymouth.

The water was turned into the mains Tuesday morning, announced Mayor Robert Lidgard, and by the end of the week, all of the water from the experimental pump that was driven some four or five years ago on Mill street at Starkweather avenue, will be out of the mains.

City Manager Clarence Elliott turned the power on at the new booster pump located on Five Mile road. Mr. Elliott is sure that with the new booster pump, there will be a sufficient supply of the "good old water" for all of Plymouth for years to come.

The well driven a few years ago on the north side of the city will be maintained for a stand-by service. Present city officials say they are through trying to doctor this water up so that it tastes like the good old water from the Plymouth "water farm." They say they found that it just could not be done. There is only one way it might be improved, and that is by the construction of a settling basin where the water can stand for a period before it is pumped into the mains. And that is a rather expensive procedure.

## Appoints Shear As Supervisor

Carl G. Shear has been appointed by Mayor Robert Lidgard as supervisor for another term. During the time he has served on the board, Mr. Shear has taken an active part in its work, especially the roads and bridges committee, of which he is one of the ranking members.

Other appointments made by the new mayor include the re-appointment of Arno Thompson as city assessor, Charles Garlett as city treasurer and Claude Buzard as city attorney.

Members of the board of review named are Ernest Roe and Bert Giles.

## City Recreation Program Will Get Underway Soon

Virgil C. Knowles new recreation director, arrived in town this week, to start on the city's supervised recreation program.

He has called a meeting for 7:30 p.m. Tuesday at the City Hall, second floor, for all softball team managers in Plymouth. At that time a twilight softball league schedule will be formulated.

Mr. Knowles asks that all industrial teams or any other softball team be represented at that meeting either by the manager or someone appointed by him. If that is not possible, he said, contact him so he will know just how many teams are planning on participating in the league.

Some teams already are in practice and others are being organized. Mr. Knowles hopes to get into play soon after the meeting Tuesday night, perhaps by the following Tuesday, he said.

The softball league will inaugurate Plymouth's recreation program, Mr. Knowles said, he plans other activities to be started from time to time.

Mr. Knowles is an honorably discharged war veteran and a most personable chap. He will be a fine director of recreation, we are sure, and will give the community the leadership in that activity that it needs.

## Cat Bites Girl; Eludes Capture

Sally, six-year-old daughter of Mrs. Leo Kowalek, was bitten by a cat last Friday. Unless the animal can be found and given a rabies test it will be necessary for the child to undergo the lengthy and painful Pasteur treatment at Ann Arbor.

Mrs. Kowalek told Police Chief Lee R. Sackett that the cat was a large yellow or orange male. That is a rather general description and makes it difficult for police to locate the proper one. If anybody witnessed the alleged biting or knows positively the offending feline they are asked to contact Chief Sackett.

## Black Top for Plymouth Road

Supervisor Carl Shear states that the Wayne county road commission has decided to blacktop Plymouth road from the city limits to the forks in the highway just east of Newburg.

Mr. Shear states that when this work is completed Plymouth road will be one of the best highways in this part of the state.

The commission is being urged to complete the black topping of the paving from the forks into Plymouth.

When one sleeps over his rights it may be that he prefers the nap.

## Wild Lifers Need Help Sunday

Not less than 50 of the strongest, able-bodied and most energetic members of the Western Wayne County Conservation Association are wanted bright and early Sunday morning at the new club house on Joy road.

President Brick Champe says that if some 50 or more members show up, that the entire concrete floor in the basement can be laid on that day. He has arranged for a mixer to be there. The material is on the ground. All that is now needed are brains, muscle, energy and staying-ability.

The President says he would like all members in the Bill Rambo size especially to be present at least by 7 o'clock. The earlier the work is started in the morning, the more appetizing the lunch will taste at noon says President Champe.

Secretary Ernest Henry says that he is hopeful of being able to send out the notices of the May meeting advising the members that the meeting will take place in the new clubhouse, probably on May 6.

But it all depends on how many of the faithful will be present Sunday morning to do their share in helping to lay the concrete floor.

## Gas Conversion Heating Units Draw Warning

Plymouth plumbing and heating contractors this week issued a definite warning to residents of the community regarding the purchasing of gas conversion heating units.

As the sale of such equipment has been banned in Detroit, local dealers fear the salesmen for gas conversion burners will invade the outlying areas with defective merchandise.

Many such burners are unsafe and are a menace to those homes in which they are installed, local dealers insist. Unless the prospective purchasers of such equipment are extremely cautious they may find themselves with a defective gas burner that will blow up. Plymouth heating contractors warned.

Gas heat has become very popular since the war and Plymouth is no exception. There is no indication that the supply of gas here will be curtailed or is not adequate to handle an unlimited amount of heating units.

Thus the Detroit dealers, temporarily unable to market their burners in the city, will attempt a definite selling campaign to move their merchandise among residential areas in the suburbs with local dealers fear, disastrous results.

Plymouth dealers urge local prospects for gas heating to fully investigate the burners before buying from outside dealers. So far, the dealers say, there have been a few installations in Plymouth which have not been satisfactory from the standpoint of safety.

With the current situation in Detroit they fear these installations will become the rule rather than an exception. It not only is a threat to the homes in which such installations are made but the surrounding homes also.

Certain dealers from Detroit will install any type of burner without regard to future safety, Plymouth dealers believe. Unless home owners who are in the market for gas conversion heaters be aware of this type of dealer, Plymouth dealers claim, there is no telling what type of disaster may result.

## Eaton Unopposed In Elections

Elton R. Eaton of Plymouth, member of the legislature from this district, is unopposed for the Republican nomination in the June 18th primary. Tuesday was the final day for filing nominating petitions.

He will also be unopposed in the final election, no Democrat having filed for the nomination. Representative Eaton is seeking a second term from the newly created 7th legislative district of Wayne county.

He had previously served from the old 5th district, which comprised mostly all of rural Wayne county outside the city of Detroit.

Lt. Carroll J. Haas recently returned from Manila, joining his wife and little son. Mrs. Haas was the former Elaine Hamilton.

## Mayor Lidgard Invited to Food Rally at Detroit

Mayor Robert Lidgard has been invited to participate in an all-important "Garden for Food" rally at the Rackham Buildings, Detroit, at 8 p.m. Wednesday, May 1.

He has been requested by Mayor Edward J. Jeffries, of Detroit, to take part in the rally as a co-sponsor with Mayor Jeffries and the mayors of 22 other Wayne County cities and be present on the speaker's platform that evening.

In his letter to Mayor Lidgard, the Detroit mayor said the rally was being sponsored by the Detroit Metropolitan Garden Council, but that he and the mayors of the communities making up the Detroit Metropolitan Area had been invited to act as co-sponsors to stimulate as much interest as possible in individual vegetable gardens again this year.

Mayor Jeffries also suggested that Mayor Lidgard proclaim the week of April 28 to May 4 as Garden Week in conjunction with Detroit and other Wayne County cities.

It appears that the current food shortage throughout the world makes it imperative that the Victory Garden ideas, prominently adhered to during the war, be re-activated to an extent equal or greater to that of war years.

Principal speaker at the rally will be Secretary of Agriculture Clinton P. Anderson. He will explain the desperate need for home gardens and the reason why the United States must feed Europe and Asia.

It will be a stirring assembly and Mayor Lidgard is very proud to represent Plymouth at that time as his first public act since being elected to the post. In turn, Plymouth is very happy and proud to have Mayor Lidgard represent them and be invited to co-sponsor such a fine rally with his fellow mayors of Wayne County.

In accordance with Mayor Jeffries' suggestion, Mayor Lidgard is proclaiming the week of April 28 to May 4 as Garden Week.

## Free Chest X-rays For Plymouthites To Begin Monday

Plymouthites, both old and young, will next week have the opportunity of free chest X-rays. The Wayne County Health Department has announced plans to bring its mobile unit to the high school for the examinations.

Dr. Luther T. Peck, Plymouth health officer, urges everyone to take advantage of the free X-rays. He has pointed out that the examinations will not require those being X-rayed to undress. Dr. Peck also stressed the speed with which they can be completed. He said 20 persons can be X-rayed every 15 minutes.

From 9 a.m. to 4 p.m. Monday, April 29, the students and faculty members of Plymouth's public schools will be X-rayed. The next four days will be given over to the public. The hours are Tuesday, April 30, 9 a.m. to 4 p.m.; Wednesday, May 1, 1 p.m. to 9 p.m.; Thursday, May 2, 9 a.m. to 4 p.m.; and Friday, May 3, 9 a.m. to 12 noon.

All X-rays will be made at the Plymouth High School.

## Rainbow Girls Given Charter

With 47 girls as members, the Plymouth Assembly of Rainbow Girls was Monday evening granted its permanent charter. The impressive ceremonies took place with members of the Eastern Star acting as hostesses.

Following a delicious dinner, the charter presentation took place in the Chapter room, with Mrs. E. Alberta Colburn, supreme inspector of the state, Mrs. Florence Hart, acting chaplain, Mrs. Merril Hartig, acting recorder, Geraldine Goodall serving as marshal and Paulina Potter, grand associate, serving in official capacities.

There were 33 of the 47 members present—and 33 is the number of the newly created Rainbow Assembly in Plymouth. Ann Hopkins, one of the Chapter members, is president and worthy advisor to the new group.

The Senior Youth Group of the Methodist church will meet Sunday evening at 7:00 p.m. in the home of Mr. and Mrs. Thomas Bateman.

## No High Prices Up In Michigan

Plymouth residents who have returned from the south from a winter vacation and who feel that they paid a bit more than what they should for accommodations, will be pleased to know that no such condition will prevail in northern Michigan's vacation land this summer.

Despite inflationary trends in industries throughout the country, rates at East Michigan resorts this season will show very little change over last year. A survey conducted by the East Michigan Tourist Association indicates that vacationers in Michigan will not be faced with the exorbitant prices reported in some of the nation's other vacation areas.

Rate cards show that only two out of 50 resorts plan a jump in prices this year. One of the resorts raising rates justifies the increase on the basis of extensive improvements and additional services.

Vacationers, however, should not expect to find pre-war prices prevailing. According to Frank Davis, EMTA secretary-manager, rates have climbed approximately 10 per cent since 1941.

"Despite this," Davis said, "we feel that the price increase for accommodations is not out of line. The cost of living and operation of the resort owners has certainly climbed more than 10 per cent during the past five years."

East Michigan's prospect for the 1946 tourist season is the brightest in years, a factor which undoubtedly contributes to holding the price-line.

"Resort people throughout the area are aware that this will be a big season, and they are making considerable effort to accommodate an increased business," Davis pointed out. Optimism is apparent among tourist people throughout this section of the state.

M. M. Riggs, president of the Cheboygan Chamber of Commerce, said of the coming season, "I predict that this will be the greatest tourist year in the history of Cheboygan. I base this on my belief that a vacation hungry and war tired public will be ready to give hunger a boost and will head north in one of the greatest vacation-going caravans the north has ever

seen."

Similar reports come from Clair Taylor, secretary-manager of the Alpena Chamber of Commerce. He predicted "increased tourist business for the coming season," and based his prediction on "increased inquiries for accommodations which have been coming in earlier than usual."

Throughout the area, inquiries and reservations have been received in greater numbers and earlier than during the war years. There are indications that the tourist business will start earlier and last longer than previously inasmuch as many tourists have shown preference for early spring and late fall vacations.

To preclude any shortage of hotel, cottage or camp facilities, people making inquiries have been encouraged to make reservations in advance and have specific plans for places to go.

During the war, gasoline and tire shortages caused tourists in many instances to go to one resort for their entire vacation.

"It looks now," Davis said, "as though some of these people will revert to their old system of flitting from one resort to another instead of settling on one spot for their outings."

Construction of new resorts in East Michigan has been hampered considerably by material shortages. However, the East Michigan Tourist Association has on file over 50 new resorts which will be completed as rapidly as materials become available.

In addition to this, the organization's files reveal inquiries from 150 persons who during the past year have sought information regarding the construction or purchase of resort property.

There is little likelihood that restaurants in the resort country will be unable to meet tourist requirements this year. Shortages during the war were mainly of food rather than restaurants. Numerous eating places which closed because of inability to obtain sufficient provisions plan to reopen this year.

The transportation picture for East Michigan will be considerably improved this summer, railroad and bus officials indicated this week.

AMM2/c Claude M. Hause, Jr., who received his honorable discharge from the navy in Florida is visiting his aunt and uncle, Mr. and Mrs. O. M. Valliquette of Lakeland Court while enroute to his home in California.

WHAT IS YOUR PRICE? From a recent issue of The Farm Journal, we reproduce the following editorial, which we think it well worth your time to read:

If price ceilings are ended, and the OPA closed upon June 30, it may cost you money. You may be one of a great many people who will have to buy things or pay rent for awhile at scarcity prices.

That will hurt, of course. None of us likes to pay out more money and get less.

So, let's ask ourselves a really touchy question: "Is freedom worth any money?"

Some Massachusetts farmers just 171 years ago this April thought freedom was worth more than money. They were angry about unfair taxes. They wanted to be free to buy and sell as they pleased. They refused to let government be their master. They were joined by other farmers and patriots. Led by a Virginia farmer they finally won. The struggle cost lives and bloodshed and a great deal of money.

Their success made all Americans free. Being free, the generations that followed became more prosperous than any people had ever been. No people have ever prospered under a master government.

OPA, like King George III, encroaches on individual freedom, the principle our fighting ancestors made so conspicuously American. Even OPA policy did not prevent production, and in the long run cost us more than it saves us, government pricing is absolutely wrong in peace time. It makes government the master rather than the servant.

Can modern Americans sacrifice for principle? Are we to ask OPA to continue to regulate us, because temporarily a few dollars will be saved? Or do we in 1946 have a little of the same kind of courage to stand for freedom that we gratefully thank our Revolutionary forebears for having had?

Will our grandchildren point with pride to our resistance to encroaching tyranny? Or will they have to regret that we put money above principle?

What is your price for freedom?

Turn off the fuel before instead of after removing utensils. Also, do not leave a burner turned on because you expect to use it later.

List on a piece of cardboard the articles stored in a closet, trunk, or large box. Saves rummaging.

**Police Checking Parked Cars**

Better look out! So crowded has become the parking space on the main streets in downtown Plymouth that the police department has started to check cars for over-time parking.

The next time you park your car, better read the signs on the light posts nearby. It may save you from paying a penalty.

The streets are so filled with cars that we just can't let them stand in one place all day," said one of the police officers yesterday when out checking cars parked along the curbs. It will help the situation greatly if you will leave your car on the street no longer than necessary during the day time.

**Vitamins in Honey**  
Honey carries a fairly good amount of the much needed B complex vitamins, according to late findings at the University of Wisconsin. It was formerly held that honey contributed practically nothing but sugar to the diet. Honey is not so rich in vitamins that it offers a means of correcting deficient diets, but unlike pure sugar, it does carry almost enough of some B vitamins to match the calories it supplies. It is more potent in niacin or nicotinic acid, the factor needed to prevent pellagra, than in other vitamins.

**Germ-Killer Cabbage**  
A substance is found in cabbage which works as a germ-killer, according to reports from the New York agricultural experiment station. Eating raw cabbage may have a beneficial effect in controlling the bacterial flora of the alimentary canal. Mashed cabbage was used by the Romans three centuries before the Christian era in healing wounds.

**Corn Zein Utilized**  
With the shortage of shellac, the zein of corn has found its place in the war effort. It is now used as a replacement in lacquers and coatings and is useful in greaseproof heat-sealing paper coatings and in chill sprays for magnesium foundry applications.

**Child Death Rate**  
While one-fourth of all deaths among school children in America result from accident, disease plays an important part. Next to accidents, deaths result in order from appendicitis, influenza and pneumonia, rheumatic fever and tuberculosis.

**Synthetic Rubber**  
New methods have been devised for the reclaiming of synthetic rubber. When synthetic rubber was first utilized it was believed that it was totally expendable, but under the new system it can be reclaimed in about the same manner as the real rubber.

**Sorghum in Iron Pans**  
Sorghum syrup made in heavy iron pans—not galvanized, and heated from beneath prove the richest in iron elements. Indications are that this old-style method allows some of the iron in the pan to be dissolved and enrich the syrup.

**Gin Killing Poultry**  
Ernie Pyle, in his travels across Africa, found an American civilian who gives his chickens a spoonful of gin before killing them. This is said to relax their muscles and make them more tender and succulent.

**Beeswax Uses**  
Beeswax is being utilized for machinery coating in warm climates where the oil will not stay on the machinery. It is also used for dental work and model machinery designing.

**No More Allergy**  
Daily dose of 500 milligrams of vitamin C, has enabled allergic people to eat the food that caused them trouble, according to Prof. Harry N. Holmes of Oberlin college.

**Kitchen Furniture**  
For good looks and long life, kitchen furniture and other sturdy painted or enameled pieces need little more care than frequent mopping with a damp soapy cloth.

**Bacterins for Poultry**  
Resistance against fowl cholera, typhoid, paratyphoid and colds in poultry can be built up by the use of bacterins. The resistance will be of several weeks' duration.

**First Locomotive**  
In 1804, three years after he began experiments, Richard Trevithick perfected the first locomotive which made a ten mile trip from Cornwall, England.

**Cranberry Cold Cream**  
Ursolic acid, from cranberries, is used in compounding cold creams, cranberry meal, a filler for plastics and cranberry seed oil is used in shampoos.

**Tuberculosis Control**  
Tuberculosis bacteria in the air may be killed by spraying glycol gas. The gas is tasteless, odorless, invisible and harmless to the individual.

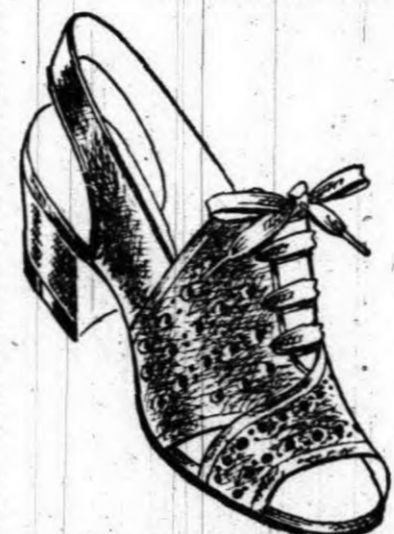

**Valuable Worms**  
In rich garden soil as many as 50,000 earth worms per acre may be found. They bring to the surface about ten tons of rich fertile subsoil.

**Community Pharmacy**  
Phone 390 Plymouth, Mich.

**Cost of Killing**  
It cost 75 cents to kill a man in Caesar's time, according to Sen. Homer T. Bone. The price rose to about \$3,000 during the Napoleonic wars; to \$5,000 in the Civil War; and then to \$21,000 in the first World War. Estimates for the present war indicates that it will cost \$50,000 for each man killed.

**Foot Discomfort**  
Foot discomfort comes partially from excess perspiration and partially from swelling due to the heat. Soak the feet in warm soapy water, massage thoroughly, and then rinse with icy cold water. There's nothing like this treatment to keep the dogs from barking.

**Vitamin in Roses**  
The rose hips or seed cases of the English wild rose have been found to be one of the richest known sources of vitamin C. It takes 500 tons to equal the vitamin C content of 250,000 oranges. The rose hip sirup is put up in bottles and used largely for children to prevent scurvy.

**New Sugar Process**  
A new sugar process retains the high mineral and vitamin in the finished sugar that was in the raw cane juice. It will aid in combating diets deficient in minerals and vitamins. The yield of sugar is said to be doubled by the new process.

**Blood By-Product**  
A protector against measles has been found in the gamma globulin, a by-product of the blood being donated to the Red Cross. The new product will be distributed by the American Red Cross without cost.

**Spinsters Insurance**  
It is possible for young girls in Denmark to take out spinsters insurance policies. If they marry before they reach 40 the money is lost, otherwise they collect a regular spinsters income.

**Halts Tooth Decay**  
A flour made from the bones of beef animals, which contains great quantities of calcium, phosphorus and fluorine, has been said to decrease "strikingly" dental decay.

**Insects on Paint**  
By the addition of three or four ounces of citronella to a gallon of paint, insects will be repelled from freshly painted furniture or other painting operations.

**Potatoes as Stoves**  
Hot baked potatoes were taken to church in Colonial days to serve as hand warmers during the services. The meeting houses were usually unheated.

**Turpentine Increased**  
Chemical stimulation of the southern pine trees has increased the production of rosin and turpentine as much as 50 per cent.

**Ancient Asparagus**  
The asparagus plant has been under cultivation for more than 2,000 years and was well known to the ancient Romans.

**Pregnancy Test**  
Pregnancy can be determined by the decoloration of a certain dye by the blood serum after three months of pregnancy.

**Swordfish for Food**  
Swordfish which are gaining favor in America as a food item have an exceptionally high percentage of vitamin A.

**Gather Milkweed**  
The loss of milkweed, a substitute of kapok, is being used in life preservers and linings of aviators' flying suits.

**Psoriasis Cure**  
Citrin, found in lemon pulp, has been advanced as a cure for psoriasis, a chronic and disfiguring skin eruption.

**Farm Waste Rubber**  
A new rubber substitute manufactured from farm vegetable oil can be blended with reclaimed rubber.

**Discoverer of Greenland**  
Iceland is the birthplace of Leif Ericson. He sailed from its shores when he discovered Greenland.

It is said that politics make strange bedfellows. That's because they use the same bunk.

It's a tendency of the tongue to exaggerate. It even makes a small cavity in the tooth feel large.

He worked and saved and wore himself out. His reward is the finest gravestone in the cemetery.

Simple Susie says she'll never marry for money. She might miss it and be left with a man on her hands.

The trouble with our system of law and order is too much law and not enough order.

If he's too stupid to see the point he must eventually feel it.

There's money to spend and money to lend, but too little to buy and that's too high.

The thing that we call Americanism seems to include every ism except cannibalism.

Thursday, May 9—Girl Reserves International Mother and Daughter banquet.

In Memoriam

In loving memory of Pearl B. Smith who passed away 10 years ago, April 30, 1936. It is fatesome here without you. We miss you more each day. Though your smile has gone forever. And your hands we cannot touch. We shall never lose sweet memories.

Of the one we loved so much. Mother, Sister and Brothers. In loving memory of our dear husband and father, Henry Pan-kow, who passed away three years ago, April 25, 1943. A precious one from us has gone. A place is vacant in our home. Which never can be filled. God in his wisdom has recalled. The boon his love had given. And though the body slumbers here, The soul is in Heaven. Loving Wife and Children.

James H. Sexton, Judge of Probate. In the Matter of the Estate of Anna Karrick, Deceased. On reading and filing the petition of Richard Karrick praying that administration of said estate be granted to himself or some other suitable person: It is ordered, That the Sixteenth day of May, next, at two o'clock in the afternoon at said Court Room be appointed for hearing said petition.

And it is further Ordered, That a copy of this order be published once in each week for three weeks consecutively previous to said time of hearing, in the Plymouth Mail, a newspaper printed and circulating in said County of Wayne.

JAMES H. SEXTON, Judge of Probate (A true copy) JOSEPH N. O'SULLIVAN Deputy Probate Register. April 26, May 3-10

LEGALS

Attorney: Earl J. Demel 690 S Main Plymouth, Mich. STATE OF MICHIGAN. COUNTY OF WAYNE, ss. No. 297,733

## Weddings

### Douglas Cass Bolton, Formerly of Plymouth, Weds Detroit Girl

A Northville High school romance culminated last evening in wedding rites for Marjorie Elizabeth Edmondson of Detroit and Douglas Cass Bolton of this place. Marjorie is the daughter of Mr. and Mrs. Robert T. Edmondson and resided in this village for several years, previous to the family's removal to Detroit. Douglas is the son of Mr. and Mrs. Cass Bolton of South Wing street. The groom is a former resident of Plymouth.

The Grace Methodist church in Detroit was the scene of their wedding on Thursday evening of this week. Rev. W. Leslie Williams of this city performed the candlelight service before an altar banked with palms, baskets of white carnations and candelabra. Organ music was played by Mrs. Louise Baldwin, church organist, and Robert Marr, soloist, sang "Because" and "At Dawning."

The bride wore a gown of white satin, with a short train, modified sweetheart neckline and long sleeves ending in points over the wrists. A pearl tiara held in place a four tier bridal veil of illusion, finger-tip in length. She carried an arm bouquet of calla lilies with center of gardenias.

Dorothy Edmondson, sister of the bride, who was maid of honor, was gowned in powder blue net with which she wore a head-dress and gloves of pink. Talisman roses made up her arm bouquet.

Mrs. Fred Hicks, sister of the groom, Rose Foster of Tusculumbia, Ala., and Doris Schneider of Detroit, served as bridesmaids. All wore gowns of pink net with blue headresses, gloves and arm bouquets.

Fred Hicks acted as best man and guests were seated by Earl Leuffling of Plymouth and Elmer Balko and Robert Hunter.

Mrs. Edmondson chose a rose beige dinner dress for the wedding, with corsage and gloves of American Beauty. Powder blue with white gloves and Talisman rose corsage was the attire of Mrs. Bolton.

A reception was held at Dearborn Inn for about a hundred guests. Out of state guests included several from Nashville, Tenn., and Toledo, Ohio.

The new Mrs. Bolton's traveling costume was a biege dress-maker suit with a lime green top coat; her accessories were black. The gardenias from her wedding

bouquet were worn as a corsage. The couple left for a week's motor trip to Indiana where they will visit an army buddy of the groom. They will make their home in an apartment on Archdale, near Southfield in Detroit.

Marjorie graduated from McKenzie High, Detroit, in 1944 and attended Wayne U. before going to Nashville, Tenn., where she graduated from David Lipscomb college with the class of '45.

Douglas, a 1941 graduate of Northville High, saw thirty-four months service with the army engineers. He was stationed for nearly two years in New Guinea and the Philippines, returning home last Christmas Day with his discharge. He has taken up his former employment with the Wal-Way Mfg. Co. on Eight Mile Road.—The Northville Record.

### Beatrice Radtke Becomes Bride of George Hessler Jr.

Beatrice Joyce Radtke, daughter of Mr. and Mrs. John Smith of Kellogg street, spoke her nuptial vows to George Hoyt Hessler,

Jr., son of Mr. and Mrs. George Hoyt Sr., of Dearborn, Saturday, April 20, at 7:00 p.m. in the First Methodist church with Rev. T. Leonard Sanders officiating.

The bride who was given in marriage by her step-father, wore a white satin gown trimmed in lace and net, with a finger tip veil falling from a beaded crown. She carried a bouquet of white roses.

The matron of honor, Mrs. Jeanie Jones, wore a pink gown trimmed in lace and net. She carried talisman roses. Grayson Jones, Jr., attended the groom. Norman Curtis, Richard Jones, brother of the best man, and Jerry Shetler seated the guests. Barbara Folsom, soloist, sang "I Love You Truly" and "Because" accompanied by Mrs. Edna O'Connor at the organ.

The bride's mother, Mrs. Smith, wore a pink crepe dress with a corsage of white carnations. The groom's mother, Mrs. Hoyt, Sr., wore a navy blue print silk dress with a corsage of white carnations.

A reception followed the ceremony in the home of the bride's

parents. Out of town guests were from Detroit, Lincoln Park, Birmingham, Wayne, Dearborn, Wixom, and Vernon.

### Exhibition Ball Game At Riverside Sunday

### Lapham Corners

Sgt. Richard Whittaker and wife arrived Wednesday morning for a visit with his parents, the Glen Whittakers. They will leave May 3rd for Fort Lewis, Washington where he is to be stationed.

Mr. and Mrs. Walter Baumgartner have started the basement for their new home on Territorial Rd.

Robert Roy of Detroit was a Wednesday evening dinner guest at the John Van Aken home.

Sunday afternoon visitors at the Kenneth Rich home were Mrs. Ernest Abbott and children of Ann Arbor, Mr. and Mrs. Fred Rich and family of South Lyon, and Mr. and Mrs. Harold Rich and children of Detroit.

Mrs. Nelson Bender was honored with a birthday dinner Tuesday evening when 23 guests gathered at their cottage at Silver Lake. Those attending were the Clifford Tait family and Mrs. Mae Tait of Plymouth, Mr. and Mrs. Olin Tait and family, of Joy road, Mr. and Mrs. Harold Cochran of Milan, Sgt. and Mrs. Richard Whittaker, Mr. and Mrs. Orlyn Whittaker of Ypsilanti, Mr. and Mrs. Glen Whittaker, Robert Whittaker and the Nelson Bender family of Warden.

Irene White and Joann Van Aken gave a hay ride and weiner roast Thursday evening for a group of young people from the South Lyon high school Saturday afternoon.

Visitors at the Burton Rich home were Frank P. Foster of New York City, Mrs. Emma Foster, Mrs. Harold Underwood and son Richard, Mrs. Edythe Hadley and son Frank.

Mr. and Mrs. John Morrison of Huntington Woods visited Robert Whittaker and Mr. and Mrs. Glen Whittaker Thursday evening.

Mr. and Mrs. Donald King and daughter Darlene, were Monday evening visitors at Mr. and Mrs. Dan Barretts home.

Mrs. Glenn Smith entertained 15 guests at a "Facial Party" Wednesday evening.

Little Jeanie Baumgartner, Betty Skaggs, and Mary Louise Rich attended the Easter party at school last week. The children all enjoyed an Easter egg hunt around the school yard. These parties are all planned and financed by the Civic Health club at school.

Mr. and Mrs. Ernest Nagy and family spent Easter Sunday with relatives in Toledo.

Mr. and Mrs. Walter Chadwick of Ypsilanti called on the Burton Richs Sunday afternoon.

Mr. and Mrs. Albert Brown and family were Sunday supper guests

at Mr. and Mrs. Orlyn Whittaker's home in Ypsilanti.

Mr. and Mrs. Austin Partridge and family of Tecumseh were Easter dinner guests at the Elmer King home. Mrs. Partridge and children and Mrs. Barrett visited their sister, Mrs. James Ritchie in South Lyon in the afternoon.

Mr. and Mrs. Albert Brown and children visited Mr. and Mrs. Glen Whittaker and Robert Whittaker Wednesday evening.

Basil Barrett was thrown from his riding horse Friday evening and injured his foot and ankle.

Kathleen Rich of South Lyon stayed Sunday night with Mary and Elaine Rich and attended the Easter exercises at the Federated Church in Salem.

Mr. and Mrs. Chester Dix and family visited her sister and husband, the Charles Buttermores of Northville Sunday. Mr. Buttermore was discharged from the Navy recently.

Twenty-two friends and relatives gathered at the Peter Baumgartner home Saturday evening to help him celebrate his birthday. Cards and bingo furnished entertainment for the evening.

Mr. and Mrs. William Ritchie entertained Mr. and Mrs. Robert Roberts and daughters and Mr. and Mrs. Clarence Joynt of Detroit for Easter dinner. Mr. and Mrs. Stanley Hawker and sons were afternoon visitors.

Mrs. Burton Rich entertained the Sew and Sew club last Wednesday evening. There were ten members and four guests present.

Mr. and Mrs. Charles Morris and Mr. and Mrs. Tom Graff of Beaver, Pennsylvania were Sunday afternoon visitors at the Frank Davis home.

Mr. and Mrs. Chester Dix and three daughters were Easter dinner guests of her mother, Mrs. George Henning of Plymouth.

Mr. and Mrs. Frank Davis and children had Easter dinner with her parents, Mr. and Mrs. Claude Wall.

### Fisher's Store Adds X-ray Shoe Fitting Equipment

To better enable them in their business of properly fitting the feet of their customers, Fisher's Shoe Store this week installed a modern X-ray shoe fitting machine.

The machine, known as The Special, is manufactured by the M. B. Adrian & Sons X-ray Co., of Milwaukee, originators of X-ray shoe fitting. It is of modern design and makes a grand fixture for any shoe store. In addition to its being an ornament it is of priceless assistance in learning the proper needs of customers.

The Special is equipped with a device patented as the Selector. This is a series of buttons giving the shoe salesman a choice of three degrees of penetration. The feature enables the clerk to detect conditions otherwise not visible whether the customer be a child, man or woman. This can be accomplished without the customer having to remove their shoe.

Many shoe salesmen today claim it is the only method of marketing that eliminates guess work when it comes to finding the proper shoe for all types of feet.

### Hi-12 Convention Program Listed

Between 500 and 700 Master Masons and their wives are expected in Plymouth on May 18 to attend the annual state convention of Hi-12 Clubs. They will come from Ohio and Indiana as well as Michigan cities.

Robert Simmons, president of the Plymouth Hi-Twelves, this week announced the convention agenda. The assembly will open at 10 a.m. with a business meeting and annual election to be held at Hotel Mayflower.

Following luncheon the wives of the delegates will be taken on a trip to and through the Detroit House of Correction. The business sessions of the delegates will continue through the afternoon.

Concluding the convention will be a banquet scheduled for 7 p.m. at the Masonic Temple. Principal speaker is Hugh Allerton, international president of Hi-12 Clubs. Fred Hunt, state president, also will speak. There will be special music and other entertainment on the banquet program.

Members of the Plymouth OES will prepare and serve the banquet in the dining parlors of the temple, according to Mr. Simmons.

Mr. and Mrs. Albert Brown and family were Sunday supper guests

Mr. and Mrs. William Ritchie entertained Mr. and Mrs. Robert Roberts and daughters and Mr. and Mrs. Clarence Joynt of Detroit for Easter dinner. Mr. and Mrs. Stanley Hawker and sons were afternoon visitors.

Mrs. Burton Rich entertained the Sew and Sew club last Wednesday evening. There were ten members and four guests present.

Mr. and Mrs. Charles Morris and Mr. and Mrs. Tom Graff of Beaver, Pennsylvania were Sunday afternoon visitors at the Frank Davis home.

Mr. and Mrs. Chester Dix and three daughters were Easter dinner guests of her mother, Mrs. George Henning of Plymouth.

Mr. and Mrs. Frank Davis and children had Easter dinner with her parents, Mr. and Mrs. Claude Wall.

The Lapham P.T.A. will be Friday evening, April 26 at the Lapham school. There will be a speaker for the evening and plans for graduation and the school picnic will be discussed. School ends about May 17.

### Dr. Lyman Judson In "Who's Who"

Dr. Lyman Judson, noted visual educator of Washington, D. C., and a native of Plymouth, is one of 18 Michigan biographees in the latest Who's Who in America Monthly Supplement.

Other cities and towns represented are Detroit, Adrian, Ann Arbor, Flint, Lowell, Holland, Grand Rapids, Battle Creek, Buchanan, and Houghton. From the latter city come two of the three men who are both natives and residents — President Grover C. Dillman and Treasurer N. F. Kaiser of the Michigan College of Mining and Technology. The third is Isaac John Van Kammen of Grand Rapids, Inspector of Machinery, USN.

Dr. Dillman and General Russell Osmun, a native of Detroit, are among 46 men in this Supplement whose biographies already are included in Who's Who in America itself. They are republished because their subjects have of late been especially prominent and in the public eye. A considerable number of the remaining 350 men and women in the current Supplement will later appear in Who's Who.

### Charter Given To New Council

Many from Plymouth were present recently when a charter was presented to the newly organized Silver Springs Council, Daughters of America in Northville. The ceremonies were held in the V.F.W. hall.

About 200 were present to witness the ceremonies. The initiatory work was conducted by the Strathmoor council and the charter presentation was made by the state officials. Refreshments were served following the charter presentation program.

### New Northville Group Chartered

Silver Springs Council, No. 52, Daughters of America, has been organized in Northville. The charter was presented at ceremonies held in the VFW Hall there last week Wednesday.

More than 200 persons were present to witness the ceremonies. Initiatory ceremonies for the charter officers were conducted by Strathmoor Council, No. 23, of Detroit. The charter presentation was in charge of state officers.

Half of the metal roofs on farm buildings in Michigan need paint to prevent further deterioration, a survey by George Amundson, extension agricultural engineer, Michigan State college, has shown.

# NOTICE

## City of Plymouth, Michigan Meeting of Board of Review

The Board of Review for the City of Plymouth will meet in the Commission Chamber of the City Hall on Thursday and Friday, May 9th and 10th, 1946, from 9:00 o'clock a.m. until 5:00 o'clock in the afternoon, for the purpose of reviewing the Assessment Roll for the year 1946. Any taxpayers deeming themselves aggrieved by the assessment will have an opportunity to be heard. Any person dissatisfied with the decision of the Board of Review may appear to the City Commission at its next regular meeting after completion of such review by the Board. The meeting of the Board of Review provides the only opportunity for taxpayers to present protests or suggestions relative to the assessed valuations placed on local property by the City Assessor.

## A REPORT ON

# PROGRESS IN PLYMOUTH

There are still a number of people waiting for telephones in this area. Before we can serve everybody, we'll need more outside wire and cable to connect new customers' premises with the central office. These facilities have been ordered and are now being manufactured.

Even after we receive the new wire and cable, there will be the painstaking job of interconnecting it with the present telephone plant... a job that must be done carefully without interrupting existing service.

Meanwhile, we are continuing to stretch our present equipment far beyond

its normal capacity, making it handle more subscribers than it was engineered to accommodate. At the risk of temporarily lowering the quality of service, every terminal, every line, every telephone we can possibly use is being put to work, to bring some type of service to as many new customers as possible. And we'll continue this policy until our new facilities are available to solve the problem.

If you are waiting for a telephone, you can be sure your order will be filled in its proper turn just as soon as possible.

Mr. and Mrs. Louis Whitman, Mr. and Mrs. Robert Whitman, Mr. and Mrs. Arthur McIntyre, Mr. and Mrs. Fred McIntyre all of Detroit, and Miss Nina Sherman of Adrian were Sunday callers of Mrs. Floyd Sherman.

Mr. and Mrs. Adam Bloss and daughter, Barbara, and Mr. and Mrs. Carl Bloss and children were Easter dinner guests of Mr. and Mrs. Otto Kipper and son at their home on Five Mile road.

Mr. and Mrs. C. W. Clair and daughter Lucy entertained the following guests at Easter dinner, Sunday: Mr. and Mrs. H. L. Moran, and Mr. and Mrs. F. Gauss of Detroit, Mr. and Mrs. LeRoy Danielson and son, Lt. Lee Danielson of the Marines, Mr. and Mrs. H. J. Moran of Detroit, and Mr. and Mrs. C. B. Carter of Northville, in their home at Plymouth Acres, on Five Mile road.

Sunday dinner guests of Mrs. Emma Foster and Mr. and Mrs. Harold Underwood of Sheridan avenue were Mr. and Mrs. Howard Underwood of Milford, Mr. and Mrs. Norman Underwood of Pontiac, Mr. and Mrs. Helmar Johnson, and daughter Karen Lynn, Mr. and Mrs. Lester Kuanth, and Mr. and Mrs. Carl Lueck of Detroit. Later they attended the baptism of Karen Lynn in the First Methodist church.

Jeanne Reynal of San Francisco and Soda Springs, California, foremost mosaic artist in the United States, en route to New York, stopped for a visit and luncheon with Mr. and Mrs. Henry Savigny Horton last week. Miss Reynal trained for eight years in the Paris Atelier of Boris Anrep after which she did the mosaics in the bank of England and also those in the Greek Cathedral in London. Her work is in some of the most distinguished modern homes in this country, including Elliot Paul's Connecticut home.

Mrs. John Burkman of East Eight Mile road, Northville was hostess, Monday to the Sarah Ann Cochrane Chapter, Daughters of American Revolution. Following the business meeting there were reports from those members who had attended the State Conference held recently in Grand Rapids. Mrs. Earl Mastick, Mrs. Harry Devo, Mrs. John Burkman, Mrs. Harold Stevens, and Mrs. Robert Willoughby. Also attending the conference were Jacqueline Dalton of Plymouth and Florence McCluskie, of Northville, Good Citizenship Pilgrims, Promotion of Citizenship training in the public school, and support of the "Leader Dog" League was urged by the state organization. Tea was served from a beautifully appointed table presided over by Mrs. Earl Mastick, Regent of the chapter.

### Army Recruiting Caravan To Be At Ann Arbor

Military-minded Plymouthites will be interested to know that a large, colorful Army recruiting caravan of eight vehicles from Scott Field, Illinois, will visit Ann Arbor all day Friday, today.

The cavalcade will be escorted into Ann Arbor by state and city police. It will be open to the public from 11 a.m. for the rest of the day. The caravan will exhibit in the 200 Block of East Ann Street.

This will be the most modern mobile display of Army Air Force equipment on the road today. It will give the public a material picture of the training possibilities behind a future in the Army.

Five of the vehicles are converted semi-trailer-tractor units housing a complete display. Included is a cut away view of a B-29 engine, electrically controlled and in operation. There will be multiple gun turrets taken from some of the largest U. S. bombers.

The display also will include some captured Japanese and German equipment, a complete and operating photographic laboratory including the control column and instrument panel of an Army P-38 set up with aerial photographic cameras.

### Fluelling Gets Kelly Franchise

Earl Fluelling, proprietor of the Fluelling Tire Shop, 905 Ann Arbor Rd., this week announced his appointment as distributor of Kelly Springfield Tires in Plymouth.

As conditions permit the Fluelling Tire Shop will feature a complete stock of passenger, truck and tractor tires that have been proved and improved for over 50 years.

### Plymouth Merchants Get Anxious: Check on Goods

Wendell Lent, of Davis & Lent, men's furnishings, and James Hauk, of Fisher's Shoe Store, this week made a business trip to St. Louis, Mo.

The boys found out that shipments of merchandise each was expecting were only delayed and not cancelled. They were assured that the goods each had ordered would be delivered eventually.

### Housing Trouble For Cookingshams

It seems that they have housing problems out in Kansas City, as well as right here in Plymouth.

Walter Harms, who recently visited Kansas City, brought home with him a clipping from a Kansas City paper which revealed the fact that even City Manager Perry Cookingham of Kansas City, a former city manager of Plymouth, had been forced to move from his home.

He was successful in finding for his family a three room flat, but started drafting plans for a new home.

But, according to the Kansas City Star, the new home has not gone beyond the plan stage, as city managers, like any one else, have troubles in getting building materials for new homes.

Mr. Harms states that he had a pleasant visit with Mr. Cookingham, who is continuing to do nicely in his important municipal position.

## Before You Invest INVESTIGATE

1 No more GAS HEATING equipment can be installed in Detroit until present freeze order is removed.

1 This does not apply to this area.

1 Home owners in this area will consequently be subjected to an intense Sales Campaign by Detroit organizations.

1 No conversion burner is better than the installation.

1 Over 100 gas units installed by us in this area are now giving trouble-free operation. Phone for reference.

1 The price of Conversion units, completely installed by us ranges from \$155 to \$230.

1 Has a QUALIFIED heating engineer checked your heating plant to make sure you will have a properly-sized burner?

1 Because of this freeze order, your local dealers will have a much better supply and can take care of your order.

1 REMEMBER, IT PAYS TO PATRONIZE YOUR LOCAL DEALERS

MAX TODD, PRO-MGR.

**Rep. Dondero Announces Candidacy for Reelection**

Congressman George A. Dondero, who has represented the 17th Michigan District since its creation in 1932, has announced that he will again be a candidate for reelection on the Republican ticket. In the present Congress, he is the ranking Republican member of the Committee on Rivers and Harbors and the Committee on Education and will become chairman of one of these important committees in the event of a Republican majority in the next U. S. House of Representatives. Consequently the 17th Michigan District stands to attain a position of national influence in the next Congress by continuing Rep. Dondero in office for another term.

Throughout most of 14 years, Congressman Dondero has been the only Republican in the U. S. House of Representatives for the metropolitan area of Detroit and, despite the fact that his party has been in the minority during his entire service, has been able to accomplish much of substantial value to the people of the 17th district and the nation. He has been instrumental in saving the taxpayers many millions of dollars by his successful fights against "pork barrel" rivers and harbors projects.

Because Congressman Dondero has consistently stood for sound American principles within the framework of the Constitution and his crusade against Communists and fellow-travelers in high government places and

**But It's True**

Communist subversive activities, he has been the frequent target of Communist-front organizations. In view of his recent success in exposing Red sabotage work in the United States, it is very probable that radical elements will do everything within their power to malign his record.

During the present session of Congress, he has been instrumental in launching an inquiry into the circumstances surrounding the disposition of espionage charges against six persons, three of them in high government positions, involved in the stealing of highly secret military documents from various government departments. Congressman Dondero believes that every honorable effort should be made to maintain friendly relations with Russia, but he points out that American Communists are very effectively sabotaging diplomatic relations through their subversive acts calculated to enhance the position of Soviet Russia and undermine our own country. The peace of the world, Rep. Dondero contends, demands that the United States take immediate and drastic steps to punish all American Communists and fellow-travelers guilty of subversive acts that serve to foster suspicion among nations.

No other member of Congress has a better record for strict attention to his legislative duties, participation in debate on the floor of the House, and effectiveness in committee work. Throughout his service in Congress, he also has worked in a capable manner with the various government departments in problems affecting constituents. He has been consistently fair in his consideration of legislation and has never sacrificed the public welfare to the selfish desires of pressure groups. He has but one policy: "A square deal for all; no one has a right to ask more."

**E. W. Blankenhagen Submits Low Bid**

E. W. Blankenhagen was awarded the insurance on all the schools and the equipment when his bid was \$5,190.57 and the group bid was \$8,403.18. This announcement was made by the School Board after a special meeting held last Monday to determine the low bidder.

The buildings and equipment were insured for 90 per cent of the assessed evaluation. 90 per cent of the evaluation on the buildings was \$445,900 and the equipment \$39,200. The insurance covers a period of five years.

An announcement was also made that Harry O. Johnson was issued a new contract, as Superintendent of Schools, for a period of four years.

A late model European theodolite or transit instrument has been purchased by the Michigan State College civil engineering department to train advanced students in surveying. Only a few of the instruments are in use in this country.

meeting with many of the Rotary Clubs in London and Plymouth. In his talk, he brought out the deplorable conditions there in regard to food, which has been even further rationed as well as further reductions in clothing coupons.

Mr. Blyton stated, "The education program has been extended so that all children must continue their education to the age of 16. The only exception is: boys at the age of 10 may quit school in order to go to work in the mines. And as an added inducement increased rations are given the families as well as all employees."

He also discussed the results of the bombing in many of the blitzed cities and the slowness of their home building and the problems of getting labor and materials to carry out the program.

William Bartel, chairman of the Crippled Childrens Easter Seal Committee announced that \$325 have been donated by residents in the drive to raise funds, which

is sponsored by the Livonia Rotary Club for this area.

Dip dusty wax flowers in warm water containing a little baking soda now and then to keep them clean.

A new series of courses by the Michigan State College department of sociology and anthropology is designed to aid students who plan to specialize in industry, agriculture, government, or community work. How to understand

and adapt their programs to the needs of the people with whom they work will be stressed.

**THE HARD WAY...**

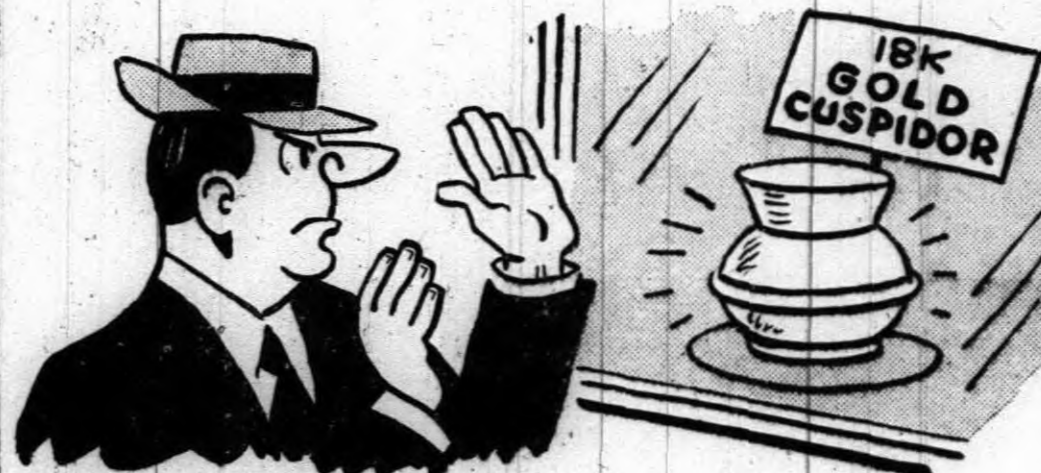

Some people sleep on nails instead of a mattress.

Some people climb stairs when there's an elevator.

Some people drive spikes with a tack hammer.

Some people save money—or try to—without any regular automatic plan for saving, for resisting the temptation to spend dough once it gets into their trousers' pockets.

This is doing it the hard way. The easy way—the only sure way, as millions of us found out during the war—is to buy U.S. Savings Bonds through the Payroll Savings Plan.

Stick to the easy way. When you're collecting \$4 for every \$3, ten years from now, you'll be glad you did.

HOUSE SPEAKER PRESENTED LIEUTENANT GOVERNOR PETITIONS

Howard Nugent, left, who is completing his fourth term as Speaker of the State House of Representatives, an honor accorded no other person in the history of the state, is shown receiving the necessary petitions to qualify him as a candidate for Lieutenant-Governor in the Republican primary on June 19. Presenting him with the petitions in his Lansing office is State Senator Audley Rawson, Cass City, who represents Nugent's Senatorial district. Both men are farmers, Nugent owning and operating 520 acres near Bad Axe in Huron County, part of which is the farm on which he was born and raised. He has represented Huron County in the legislature for the past 12 years.

own tables service as well as a dish to pass. The annual meeting of the Church will take place after this potluck dinner. All members of the Church should be present. The Youth meet at 6 p.m. to go to Inkster where they will be guests of Methodist Youth Fellowship. Wednesday: The W.S.C.S. meets at the hall with Mrs. Raymond Grimm and Mrs. Jesse Bennett as co-hostesses. Potluck dinner at 12:30 p.m. Thursday: Choir practice at 7:30 p.m. Girl Scouts meet at 7:00 p.m. Friday: Fellowship Class meets in the hall at 8:00 p.m.

Sunday morning service, 10:30; Sunday school at 10:30. Pupils received up to the age of 20 years. Wednesday evening testimony service, 8:00. "Probation After Death" will be the subject of the Lesson-Sermon in all Christian Science Churches throughout the world on Sunday, April 28. The Golden Text (Hebrews 3:12,13) is: "Take heed, brethren lest there be in any of you an evil heart of unbelief, in departing from the living God. But exhort one another daily, while it is called today; Lest any of you be hardened through the deceitfulness of sin." Among the Bible citations is this passage: (1 Cor. 15:54): "So when this corruptible shall have put on incorruption, and this mortal shall have put on immortality, then shall be brought to pass the saying that is written, Death is swallowed up in victory." Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 43): "Love must triumph over hate. Truth and Life must seal the victory over error and death, before the thorns can be laid aside for a crown, the benediction follow, 'Well done, good and faithful servant,' and the supremacy of Spirit be demonstrated."

**CALVARY BAPTIST CHURCH**, Ann Arbor Trail at Elizabeth St. John I. Paton, pastor. Young people meet at the church on Saturday evening at 6:00 for transportation to the VCY meeting in Detroit. Sunday School 10:00 a.m. Morning service, Junior and Primary churches at 11:15 a.m. Evening service at 7:30 p.m. The studies in the Book of the Revelation will be concluded Sunday night. All are welcome. Good News Club on Wednesday after school. Mid-week service Wednesday evening at 7:30 and choir practice at 8:30.

### Take My Word For It!

By FRANK COLBY

HANDBOOK OF PRACTICAL ENGLISH

A good word to watch is **aggravate**. The literal meaning of the original Latin word, *aggravatus*, is "to add to a burden," hence, figuratively, to increase; to intensify; to make worse.

Aggrate, in the meaning of "to irritate; to exasperate," is not yet admitted as good literary usage and careful writers and speakers will do well to avoid it.

Not, "His constant whistling aggravates me" Improved: His constant whistling irritates (exasperates; annoys) me.

Avoid: "Her insolence resulted in my aggravation." Better: Her insolence resulted in my disapproval.

Avoid, "I am very aggravated." Improved: "I am very much annoyed (irritated; exasperated)." Bell Syndicate.—WNU Features.

### Obituaries

**Thomas Wentworth Davey.**  
Funeral services were held Monday, April 22nd at 2 p.m. from the Schrader Funeral Home for Thomas Wentworth Davey, who passed away suddenly Thursday morning, April 18th at the age of 75 years. Mr. Davey resided at 1365 Sheridan avenue. He is survived by his widow, Mrs. Stella Davey, two daughters and one son, Mrs. Roy Darnall of Hollywood, California, Mrs. Thelma Wolfe of Plymouth and Thomas E. Davey of Rochester, one granddaughter, Evelyn Darnall, six brothers and two sisters. Mrs. Elizabeth Crane, William, Rev. George, Alfred, James and Mark Davey, all of Detroit, Mrs. Nellie Grovenstein of Atlas, and Arthur Davey, several nieces, nephews, a host of other relatives and friends. Rev. George Gullen of Dearborn officiated, assisted by Rev. George Davey of Detroit.

The services were under the auspices of the Wayne Lodge No. 112, F. & A. M. Two hymns were sung by Mrs. J. T. Chapman, accompanied at the organ by Mrs. M. J. O'Conner. The active pallbearers were Messrs. Warren and Lester Bassett, Stanley and Irving Greer, Howard and Clifford Cochran. Interment was in Riverside Cemetery.

**Mrs. Amelia Ellenbush White.**  
Mrs. Amelia Ellenbush White who resided at 661 Kellogg street passed away early Friday morning, April 19th at the age of 75 years. Mrs. White was the widow of the late George E. White who preceded her in death on December 10th, 1945.

She is survived by her three daughters and one son, Mrs. Zaida Gorton of Plymouth, Mrs. Mae Freshney of Detroit, Walter White and Mrs. Elsie Arscott, both of Plymouth, three grandchildren, Miss Marian Gorton, Diane and Billy Arscott, five sisters, Mrs. Minnie Gill, Mrs. Bertha Holmes, Mrs. Lena Whitmore, Mrs. Emma Bolton, all of Plymouth and Mrs. Edith Blake of California, several nieces and nephews, a host of other relatives and friends. Mrs. White was the mother of the late Mrs. Sarah Gayde, and sister of the late Mary, Lizzie, John, Andrew and Anna, Mrs. White was

brought to the Schrader Funeral Home and later taken to her home.

Funeral services were held Monday, April 22nd at 2 p.m. from St. Peter's Evangelical Lutheran church with Rev. Edgar Hoenecke officiating. Two hymns were sung by Miss Linnea Vikstrom, accompanied at the organ by Mr. Robert Bartel. The active pallbearers were Messrs. Robert England, Alfred White, William, Charles and Lawrence Pierce and Clarence Doan. Interment was in Riverside cemetery.

### New Riding Club Is Organized

There's a new club in Plymouth: "The Trail Dust Riders" has been formed with Miss Ruth Erikson as advisor. The charter members are Nancy Morrow, Douglas Jetter, Margaret Jean Willoughby, Edward Deloy, and Nancy Mastick, and they already have added ten new members.

Every Saturday afternoon they go over different trails planned for the day. Each week a leader is chosen to prepare a trail map for the coming Saturday ride. No one knows where he is going until the day arrived which adds even more to the fun.

They even have big plans for next year; cookouts, all day rides, dances, and even a rodeo!

The purpose of the club is to further the interest in horse back riding, to be able to care for your horse and stable and to cultivate a greater enjoyment for the great outdoors.

The officers of the club are Nancy Morrow, president; Nancy Mastick, secretary; Douglas Jetter, treasurer; and Margaret Jean Willoughby, master of riding.

### Fatten Roosters

Experiments at Cornell university showed that roosters penned up in the dark gained considerably more weight than those given access to the sun. Lack of exercise may, in part, explain the gain in weight.

### Milkweed Oil

The seeds of the milkweed furnish an oil which is edible and chemically similar to soybean oil. Twenty-one pounds of the oil may be extracted from 100 pounds of milkweed seed.

### Frozen Spanish Rice

Rice, onion, green pepper, tomato, cooking oil, spices and water are mixed together, pre-cooked and then quick frozen for locker plants, or sold on the market as Spanish rice.

### Truck Insurance

Truck liability insurance is void when the truck is towing a licensed trailer which is not similarly insured. The policy should specify that farm machinery may be towed.

### Quahog Clams

The quahogs, a hard-shelled variety of clam, are plentiful for commercial catches on the New England coast. They are being used largely in clam chowder.

### Coffee Vitamin

A new coffee, containing six different blends from six countries and containing 1,200 international units of vitamin B1 has been placed on the market.

### Irish Moss Gelose

Gelose obtained from Irish moss by hot water extraction is being used to replace agar as a jelling agent in canned precooked chicken.

### Minute Make-Ups

By GABRIELLE

Are you a busy Career Girl? If so, you need makeup that stays and stays! Take an Extra Minute in the mornings to blend your foundation perfectly. Use cream rouge with the blending technique which makes your cheeks bloom all day.

Ledger Syndicate.—WNU Features.

Postwar prophecy: We will continue to have politics and taxes.

The Plymouth Mail Want Ads bring results.

When the supply of quinine in this country became low during the war, American botanists were sent to Ecuador in search of Cinchona, the plant from which natural quinine, used in combatting malaria, is extracted. Dr. G. W. Prescott and Dr. W. B. Drew, recent additions to the Michigan State College botany staff, aided in the work.

A mocking bird has been known to change his tune 87 times in one day. Think what a politician a mocking bird would make.

HOWDY FOLKS: Sure there are women who drive from the back seat — and there are also husbands who cook from the dining room table.

"What kind of men are most popular with women?" "Those who always remember a woman's birthday — but never remember her age."

She: "Why did you tell Mrs. Jones that her husband was dead when he had only lost all his money?" He: "I thought I had better break it to her gently."

What is the difference between a man and good cider? The older the man the weaker he gets — but the older the cider, the stronger it gets.

## "Michigan and the Old Northwest"

Most habitants claimed the areas, in order above, as ancestral homeland.

They were "unequaled for their docility, bravery, loyalty"—Vaudreuil.

They had many children. Two were born to Cadillac in 1702 and 1704.

Cadillac's colonists totaled 200 in 1710; Detroit area, only 468 in 1750.

It appears that one of the learned historians of the University of Michigan is doing a pretty good job in debunking some of Michigan's historic tales. Every one knows that Michigan history, like all history, has within it a number of interesting but quite false myths. One of these concerns the Upper Peninsula and the defense of a fort against the British at Sault Ste. Marie by a Canadian and his Indian wife.

According to F. Clever Bald, war historian of the University of Michigan, the Canadian Jean Baptiste Cadotte, and his spouse were stationed at the fort when the French seigneur, Louis de Gardneur de Repentigny, led 1,200 white men and Indians from the upper Great Lakes to the defense of Quebec in 1759.

De Repentigny did not return, and in 1760, when France surrendered the territory to Great Britain, Cadotte, according to the myth, bravely defended the fort against the British until he was mortally wounded. Then, wrapping the flag of France about him, the Canadian died, breathing defiance against his foes.

That's not true at all, Bald indicates, as "Cadotte was a practical businessman, not a romantic Gascon—he offered no resistance." As for the British, Bald adds, "their occupation was brief. A fire broke out under mysterious circumstances shortly afterwards, destroying all except Cadotte's house. The British were forced to move to Mackinac."

And Cadotte? He formed a partnership with Alexander Henry, intrepid British trader who had a monopoly of the Lake Superior fur trade, and lived to a ripe old age, the historian states. According to evidence Bald has unearthed, Cadotte even became a man "much esteemed by the British and for several years was paid by the Crown."

Trappers in northern lower

Michigan took only about half as many beaver this spring as they got a year ago, and many of them sealing pelts at conservation department district headquarters volunteered the recommendation that the season be closed in 1947. Wisconsin reports a similar decrease. Trappers in that state received an average of \$37.25 per skin.

A total of 1,004 trapping licenses were sold in the Roscommon region in this state, eight per cent less than the 1,091 sold a year ago. The catch of 1,562 beaver, about one-and-a-half pelts per trapper, is 54 per cent of the 1945 take of 2,907 pelts. The take of otter dropped slightly, from 169 to 148 pelts. Prices at sealing time ran as high as \$65 for beaver, \$30 for otter.

Bulk of the state's record 1945 beaver catch of 15,383 pelts was taken in the upper peninsula, where pelts taken in a later season are being sealed this week-end.

At Rose Lake wildlife experiment station pheasants currently are exhibiting a disdain for marsh hawks, which regularly hunt mice over the open hay fields. One cock bird was observed strutting unafraid within 10 feet of a marsh hawk sitting on a fencepost.

Persons plagued with poison ivy in their back yards and near summer homes have a new weed killer called 2, 4-D to help them this season. The chemical kills by the novel method of making plants grow so fast they die in 8 to 20 days. It must be used with caution, as it will kill broad-leaved cultivated plants as well as weeds. Still a reliable poison ivy-killer is ammonium sulfamate, mixed at the rate of a pound or pound-and-half to a gallon of water. This must be used with caution also, as it will make the ground sterile for six months.

A complete Japanese text of John Drinkwater's 1918 hit play, "Abraham Lincoln," which was presented by a Japanese cast in Tokyo early this year, has been received by the Clements Library at the University of Michigan. The text was sent by 1st Lt. Louis W. Doll, of Ahn Arbor, a former student.

The March issue of "The Duckological," published by Ducks Unlimited, Canada, contains both bad and good news for duck hunters, according to the Sportsmen's Service Bureau. On the debit side is a compilation of reports from game officials and other observers in the United States which reveals that there were fewer ducks and poorer duck shooting in this country in 1945. On the credit side is the information that more snow fell last winter than for many years in the Canadian breeding areas, resulting in much surface water. So far, according to the report, 1946 conditions are excellent for nesting ducks.

The reports emphasized increases in goose flights over most of the U. S., exceptions including Maine, North and South Carolina, Alabama, Oregon and Washington. Increases covered all species, but those of blue and snow geese were most pronounced. No mention was made of geese in reports from Rhode Island, Arizona, New Mexico, Arkansas and Mississippi.

The Duckological also refers to Fish and Wildlife Service reports of a very heavy kill of ducks and

geese during the past season, and a 20 per cent increase in Duck Stamps sold. It concurs in the recently expressed opinion of Albert M. Day, new director of the U. S. Fish and Wildlife Service that there will be a further large increase in duck hunters next fall.

"Every possible effort should be made during the next five years," the Duckological comments, "to increase the duck population and other useful wildlife. It is desirable that more of our citizens become sportsmen. But we can only hunt and fish on a crop basis; otherwise our wildlife will disappear."

Hunters and Fishermen! With more gasoline, more ammunition, more time, there's need for MORE care with fire this year. So always use the ash tray while motoring. When you're afield or in the woods always pinch your match to be sure it's out, bury your cigarette and pipe ashes in clean mineral soil, drown your camp fires and kill every spark.

Checking a 600-acre burn in Ogemaw state game area the day after crown fire stripped the needles from jack pines, Ben Jenkins of the conservation department's game division decided to cut one free down, to count annual rings back to the last big fire, which proved, incidentally, to be in 1908. At the first ax blow, pine seed from cones roasted till they were nearly as big as apples showered down by the thousand, to reseed the burn.

It looked, he said, like moths pouring from the movie version of a long-neglected clothes closet. Next day breezes were blowing seed showers from other trees.

Unless released by fire, jack pine seeds may stay in the cone and on the tree for 20 years or more.

Because of damage done during the war, much equipment used for teaching science in the devastated countries of Europe will have to be replaced. The chemistry department of Michigan State College is cooperating with scientists in other institutions in preparing a statement of minimum requirements for carrying on studies in the sciences. The list will be turned over to the United Nations Organization.

The culture most need now is agriculture.

## Entire Upper Peninsula and Its Many Falls One of Nation's Beauty Spots

(By the Old Traveler.)

Michigan's Upper Peninsula is one of America's most beautiful playgrounds through the summer months, and inquiries to the Auto Club already indicate that this summer's travel will set a new volume mark.

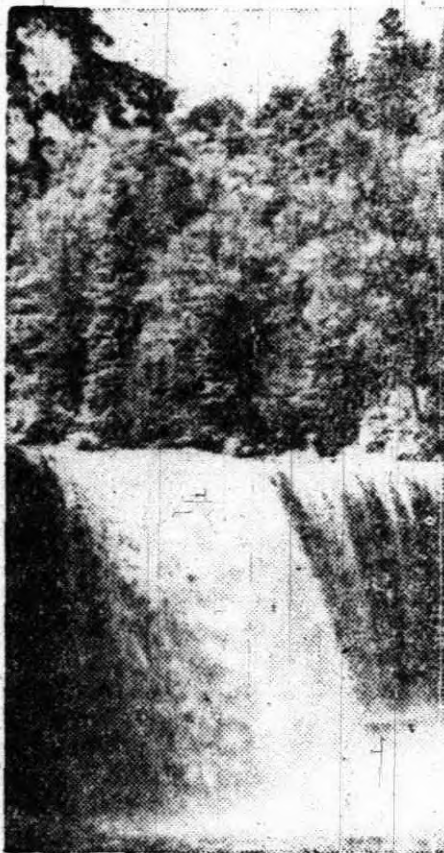

And why not? The Upper Peninsula is a vast expanse of country almost unbelievably beautiful, with its snowy beaches, stretches of almost virgin timber and its wealth of wildflowers.

The annual pilgrimage of nature lovers to Hiawathaland's Wild Flower Festival, held in the Upper Peninsula of Michigan over the Memorial Day week-end, will be resumed this year, and residents of this well-known resort area are already hard at work readying plans for this get-together of nature lovers from all parts of the country.

Wildflowers of all kinds will be in their glory—many of which can be found in this most northern area of Michigan. The program features field trips to all sorts of habitats—woods, bogs, pine-covered hillsides, and along the shores of lakes and streams. These trips are made under the expert guidance of naturalists who are adept at pointing out and explaining the hundreds of interesting wildflowers and plants to be seen in the area around Trout Lake, where the Festival is held.

The festival opens with a "reacquainted dinner" on May 30, and continues through a portion of Sunday, when a delightful outdoor chapel, "St. Francis of the Birds," will be the scene of a special service. This chapel is the shrine of the Michigan Wildflower Association, an outstanding organization of nature lovers which was formed during the first Festival in 1941. A trip to greet the wildflowers of Hiawathaland is an unforgettable experience, and complete information may be had by writing the Director, Wild Flower Festival, Trout Lake.

That entire Michigan playplace extends from Sault Ste. Marie and Les Chenaux Islands on the east to Ironwood on the west, and from Menominee on the south to Copper Harbor on the north, a spreading panorama of scenic splendor and nerve-healing calm that beckons the nature-lover to relaxation and play! Little wonder that Michigan's Upper Peninsula has become one of America's favored vacation areas, drawing its visitors from all of these Uni-

Tahquamenon Falls

ted States and from Canada, a playplace in its own right.

You will travel northward to Sault Ste. Marie for a glimpse of the great locks through which millions of tons of shipping pass year after year—you'll see huge steamships raised and lowered like toy craft in a bathtub by means of the great locks—and you will be certain to take the world's famous "Toonerville Trolley" up to the Tahquamenon River—this is the true river of Hiawatha—and to Tahquamenon Falls. No visitor has seen the Upper Peninsula until he has seen the magnificent Tahquamenon Falls, almost Niagara-like in magnitude and height. It is an all-day trip from Soo Junction to the falls and back, but you will be amply repaid for your time, because the jolly little train of flat cars carries you through miles of low land covered with millions of Christmas trees, and then the enthralling trip up the Tahquamenon by boat—deer feeding in the willows a biscuit's throw from the boat—

an occasional bear waddling from the marge of the stream into the forest—an occasional trapper or woodsman in red shirt at the stream's edge to see the boat pass on its way. And, finally, you leave the boat for a half-mile tramp over a woodland trail to the point where the river roars over a rocky ledge and falls 30-odd feet into a lower level with a roar which you have been hearing since before you left the boat. Tahquamenon Falls has a well-merited place in America's scenic highlights.

## OFFICIAL PROCEEDINGS OF CITY COMMISSION, PLYMOUTH, MICHIGAN, APRIL 2, 1946.

The regular meeting of the City Commission was held in the Commission Chambers of the City Hall on Monday, April 2, 1946 at 7:30 p.m.

Present: Mayor Shear, Commissioners Corbett, Lidgard, Taylor and Whipple.

Absent: None.

The minutes of the regular meeting of March 18, 1946 were approved as read by the Clerk.

It was moved by Commissioner Corbett and supported by Commissioner Whipple that the bills in the amount of \$8,174.43, as audited by Auditing Committee, be approved.

Ayes: Mayor Shear, Commissioners Corbett, Lidgard, Taylor and Whipple.

Nays: None. Carried.

The Clerk read the following reports: Building Department, Municipal Court Report, City Treasurer, Veteran's Counsellor, Health and Hydrant Flushing Reports.

It was moved by Commissioner Lidgard and supported by Commissioner Taylor that these reports be accepted and placed on file. Carried.

A communication was received from Chief Sackett recommending that signs be placed at the intersections of Main Street and Penniman and Main Street and Ann Arbor Trail, permitting traffic to turn right after stop on red light.

It was moved by Commissioner Taylor and supported by Commissioner Lidgard that the recommendation of Chief Sackett be approved. Carried.

A communication was received from Albert E. Champney, stating that the Board of Supervisors of Wayne County, by Resolution, directed that taxes shall be as-

signed in one column in every township, and city of the County of Wayne on April 30, 1943.

Dr. Van Ornum requested permission to hang a sign 10 inches x 24 inches on the West corner of the Huston Hardware Building.

It was moved by Commissioner Corbett and supported by Commissioner Lidgard that permission be granted for the hanging of a sign. Carried.

This was the night set for the public hearing to determine whether or not to construct a sidewalk on the east side of Arthur Street, between Blanche and Farmer.

The following resolution was offered by Commissioner Corbett and supported by Commissioner Whipple:

WHEREAS, A Public Hearing has been held for the purpose of determining whether or not to construct a sidewalk on the East side of Arthur Street between Blanche and Farmer, and

WHEREAS, No objections have been received by the City Commission, and

WHEREAS, The Plan, Profile and Estimate covering the proposed improvement has been accepted and is now on file in the office of the City Engineer,

THEREFORE, BE IT RESOLVED, That this Commission approve of and declare its intention to proceed with the construction of a sidewalk on the abovementioned street.

BE IT FURTHER RESOLVED, That the Assessor be directed to prepare an Assessment Roll covering the cost of the improvement.

Ayes: Mayor Shear, Commissioners Corbett, Lidgard, Taylor and Whipple.

Nays: None. Carried.

This was the night set for the Public Hearing to determine whether or not to construct storm sewers on Arthur Street between Blanche and Junction; Evergreen, between Blanche and Junction; Auburn, between Penniman and Junction, and Sunset, between Blanche and Junction, and

WHEREAS, No objections have been received by the City Commission, and

WHEREAS, The Plan, Profile and Estimate covering the proposed improvement has been accepted and is now on file in the office of the City Engineer,

THEREFORE, BE IT RESOLVED, That this Commission approve of and declare its intention to proceed with the construction of storm sewers on the abovementioned streets, and

BE IT FURTHER RESOLVED, That the Assessor be directed to prepare an Assessment Roll covering the cost of the improvement.

Ayes: Mayor Shear, Commissioners Corbett, Lidgard, Taylor and Whipple.

Nays: None. Carried.

This was the night set for the Public Hearing to determine whether or not to construct storm sewers on Arthur Street between Blanche and Junction; Evergreen, between Blanche and Junction; Auburn, between Penniman and Junction, and Sunset, between Blanche and Junction, and

WHEREAS, No objections have been received by the City Commission, and

WHEREAS, The Plan, Profile and Estimate covering the proposed improvement has been accepted and is now on file in the office of the City Engineer,

THEREFORE, BE IT RESOLVED, That this Commission approve of and declare its intention to proceed with the construction of storm sewers on the abovementioned streets, and

BE IT FURTHER RESOLVED, That the Assessor be directed to prepare an Assessment Roll covering the cost of the improvement.

Ayes: Mayor Shear, Commissioners Corbett, Lidgard, Taylor and Whipple.

Nays: None. Carried.

This was the night set for the Public Hearing to determine whether or not to construct storm sewers on Arthur Street between Blanche and Junction; Evergreen, between Blanche and Junction; Auburn, between Penniman and Junction, and Sunset, between Blanche and Junction, and

WHEREAS, No objections have been received by the City Commission, and

WHEREAS, The Plan, Profile

and Estimate covering the proposed improvement has been accepted and is now on file in the office of the City Engineer,

THEREFORE, BE IT RESOLVED, That this Commission approve of and declare its intention to proceed with the construction of storm sewers on the abovementioned streets, and

BE IT FURTHER RESOLVED, That the Assessor be directed to prepare an Assessment Roll covering the cost of the improvement.

Ayes: Mayor Shear, Commissioners Corbett, Lidgard, Taylor and Whipple.

Nays: None. Carried.

The City Manager recommended that a Public Hearing be held to determine whether or not to construct bituminous pavement on Pacific from Williams to Junction on April 15, 1946.

It was moved by Commissioner Lidgard and supported by Commissioner Taylor that the recommendation of the City Manager be approved. Carried.

The City Attorney gave an opinion concerning assessment rolls confirmed by the Commission, which were in error.

It was moved by Commissioner Lidgard and supported by Commissioner Taylor that the Assessment Roll for Bituminous Pavement on Division Street be referred back to the Assessor with the recommendation that the Assessment on Lot 53, Assessor's Plat No. 4 be assessed at large, and further, that the assessment roll be in accordance with the agreement with the Pere Marquette Railroad.

Ayes: Mayor Shear, Commissioners Corbett, Lidgard, Taylor and Whipple.

Nays: None. Carried.

The following Petition was presented to the Commission and read by the Clerk.

PETITION FOR RECOUNT

To: City Commission  
Plymouth,  
Michigan

Since the returns of the City Election were made known last night so many of Plymouth have indicated their desire that the votes be re-checked that I am compelled, with the utmost reluctance, to ask for a recount. In doing so I do not doubt for one minute, or wish to cast any reflection upon, the integrity or competence of the Election Officials or the other Candidates, but merely wish to settle to everyone's satisfaction the outcome of the Election.

So, as a candidate failing in the Election of the City of Plymouth held April 1, 1946, for the office of City Commissioner, as shown by the returns of the Board of Election Inspectors, I hereby petition that a Recount be made of all votes cast for the candidates for the office of City Commissioner at the City of Plymouth, Wayne County, Michigan, Election held April 11, 1946.

Dated: April 2, 1946.

Dunbar Davis

Dunbar Davis

The Clerk read the tabulation of votes as submitted to him by the various election boards.

	1	2	3	4	Total
Whole Number of votes cast	211	185	352	266	1014
Whole Number of Ballots in excess of number of electors voting	0	0	0	0	0

## When Will I Get My Refund Check?

"When will I get my refund check?" is a common and natural question being asked these days by many Detroit Edison customers. Since the first of February, refund checks have been going out at the rate of 11,000 a day. However, they are not being mailed according to your name or street address, but are being sent out according to our meter reading schedule. Thus it is entirely possible that some of your friends may already have received their checks, while others who live on the same street, or have the same initial, may not have received theirs.

The only thing you have to do to assure receipt of your refund check is to make sure that the Company has your forwarding address if you have moved since January 1, 1944, or expect to move before June 20, 1946. If you have used service at two or more locations during the refund period, these checks will be mailed at different times. Separate checks are issued for each address. Every effort is being made to assure the earliest possible delivery of all the 1,150,000 refund checks. The last group of checks are scheduled to be mailed June 19 and should be delivered shortly after June 20.

Cash your refund checks promptly. They become void 60 days after date of issue.

(Continued from Page 4)

p.m. Carried.  
Commissioner Lidgard asked Commissioner Whipple who she meant was taking bribes of a new suit of clothes, a case of liquor, or bribery of friendship, business or pressure, as she reported in the Whipple-gram. Commissioner Whipple stated that it does not apply to this Commission.

Mr. Olsen, of the Plymouth Taxi Service requested that he be permitted to use the S. W. corner of S. Main Street and Penniman Avenue for a taxicab stand.

It was moved by Commissioner Corbett and supported by Commissioner Taylor that permission be granted for thirty days to park two taxicabs on Penniman, facing S. Main Street beside the Plymouth United Savings Bank.

Carried.  
Mrs. Hazel Norgrave, representing the Mom's Club, requested permission to hold tag day on June 14, 1946.

It was moved by Commissioner Whipple and supported by Commissioner Lidgard that permission be granted. Carried.

The Commission then proceeded to re-count the votes as cast at the election.

In Precinct No. 2, two ballots known as Exhibits "A" and "B" were questioned as to the validity. The City Attorney ruled that these ballots were valid ballots.

Legal Council, Mr. Harry N. Deyo, representing Mrs. Ruth H. Whipple, objected to counting the ballots on the grounds that the same bore distinguishing marks. The Commission counted these ballots.

In Precinct No. 3, ballots, known as Exhibits "C," "D," "E" and "F," were rejected as checks were used in place of a cross.

The following resolution was offered by Commissioner Corbett and supported by Commissioner Lidgard:

WHEREAS, A Recount was requested by Dunbar Davis, the candidate shown to be defeated by the statement of votes read by the Clerk, accompanied by the fee of \$25.00 prescribed by Section 23, of Chapter 2, of the Charter of the City of Plymouth, within the date prescribed by said Charter, and

WHEREAS, Said recount was conducted by the City Commission, in accordance with the provisions of its said charter, Mrs. Ruth H. Whipple being represented by Harry N. Deyo, attorney, and the following challengers, viz.: Mrs. Alice V. Strong, Mr. Harry Hunter, Mrs. Ruth West and Mr. John Jacobs; and Dunbar Davis being represented by Perry W. Richwine, attorney, and

WHEREAS, the results of said recount were as follows:

	1	2	3	4	Total
Whole number of votes cast	211	185	352	266	1014
Whole number of ballots in excess of number of electors voting	0	0	0	0	0
Whole number of ballots counted	211	185	352	266	1014
Statement of votes cast for the office of City Commissioner (2 year term)					
Dunbar Davis	115	114	193	138	560
Jack E. Taylor	147	112	251	179	689
Ruth H.					

Whipple 113 99 202 145 559  
THEREFORE, BE IT RESOLVED, That this Commission hereby approves and confirms this report and determines from such canvass the results of said election as follows:

Jack E. Taylor and Dunbar Davis were duly elected to the City Commission for a period of two years.

RESOLVE FURTHER, That the City Clerk certify the results of such election to the County Clerk of the County of Wayne.

Ayes: Mayor Shear, Commissioners Corbett, Lidgard, and Taylor.

Nays: None.  
Commissioner Whipple did not vote. Carried.

It was moved by Commissioner Corbett and supported by Commissioner Lidgard that the City Clerk return the fee of \$25.00 to Dunbar Davis inasmuch as the results of the election were changed. Carried.

It was moved by Commissioner Corbett and supported by Commissioner Lidgard that the meeting be adjourned. Time of adjournment 11:45 p.m. Carried.

## OFFICIAL MINUTES OF THE BOARD OF EDUCATION.

The regular meeting of the Board of Education of Plymouth Township Schools was held at the Board of Education office April 8, 1946. The following members were present: Brisbois, Eaton, Stark, Strong and Sutherland. The following were absent: None. The minutes of the meeting held March 18, 1946 were read and approved.

It was moved by Stark supported by Eaton that children will be admitted to Kindergarten if their 5th birthday comes on or before December first, following the opening of school in September.

Ayes: Brisbois, Eaton, Stark, Strong and Sutherland.

Nays: None.

It was moved by Sutherland and supported by Brisbois that beginning September 1, 1945 we grant a minimum of 10 days sick-leave per year with full pay and that such unused number of days each year be allowed to accumulate for each teacher to a maximum of 30 days.

Ayes: Brisbois, Eaton, Stark, Strong and Sutherland.

Nays: None.

It was moved by Stark and supported by Sutherland that bills in the amount of \$4,175.99 be paid.

Ayes: Brisbois, Eaton, Stark, Strong and Sutherland.

Nays: None.

It was moved the meeting be adjourned. Carried.

D. H. Sutherland, Secretary.

## Homer Williams Planning New Billiard Rooms

Determined to place pool and billiards on the same level with bowling and give a new meaning to the phrase "Pool Hall," Homer Williams has announced plans for a new recreation center in Plymouth.

Homer has leased the Charles Gustin building now under construction on South Main Street next to the Shell gas station. He will call his new place of business the Plymouth Recreation. Actually it is to be just a transfer of his present business to larger and more modern quarters.

A new policy of operation also will be put into effect. Homer hopes to open the new center about June 1. He says the new quarters will be separated into two distinct recreation rooms. Seventeen billiard, snooker and pocket billiard tables will be divided between the two rooms.

One playing room will be for unescorted, ladies and couples. The other will be limited to men only. They will be replete with modern appointments. Both

will have air conditioned gas heat and are of glass brick construction.

Homer, a veteran of 15 years in the recreation business in Plymouth, revealed that he will be assisted in the new venture by his recently honorably discharged son, Roy, and his daughter, Mrs. Marian Finnegan. He says watch The Mail for further announcements.

The way to reform is to inform.

# Re-Registration Notice

As Provided Under Act 291, Public Acts 1945 and Act No. 6, Public Acts 1946 (Extra Session)

To the Qualified Electors of  
Plymouth Township, Precinct No. 1  
County of Wayne, State of Michigan

Notice Is Hereby Given That On and After May 1st, 1946  
Registration Shall Be Accepted

Notice is hereby given that in conformity with the "Michigan Election Law," that on and after May 1, 1946, I, the undersigned Clerk, will, upon any day, except Sunday and a legal holiday, the day of any regular or special election or primary election, receive for registration the name of any legal voter in said City, Village or Township who may APPLY TO ME PERSONALLY for such registration. Provided, however, that I can receive no names for registration during the time intervening between the Twentieth day before any regular, special or official primary election and the day of such election.

NOTICE IS HEREBY GIVEN THAT I WILL BE AT THE FOLLOWING PLACES ON

- May 4, 1946, at 12303 Ridge Road and 11570 Haggerty Hwy.
- May 11, 1946, at 12303 Ridge Road and 11570 Haggerty Hwy.
- May 18, 1946, at 12303 Ridge Road and 11570 Haggerty Hwy.
- May 25, 1946, at 12303 Ridge Road and 11570 Haggerty Hwy.

## Wednesday, October 16, 1946—Last Day

The Twentieth Day Preceding Said Election

As provided by Sec. 3, Chapter 3, Part 11, P.A. 306, 1929 and Sec. 1, Chapter 3, Part II, P.A. 1939, Act 31, P.A. 1941, Act 291, P.A. 1945, and Act 6, P.A. 1946 (Extra Session).

at 12303 Ridge Road and 11570 Haggerty Hwy.

From 8 o'clock a.m. until 8 o'clock p.m. on each said day for the purpose of REVIEWING the REGISTRATION and REGISTERING such of the qualified electors in said City, Village or Township as SHALL PROPERLY apply therefor.

The name of no person but an ACTUAL RESIDENT of the precinct at the time of registration, and entitled under the constitution, if remaining such resident, to vote at the next election, shall be entered in the Registration Record.

## Elector Unable to Make Personal Application Procedure

SECTION 16. Any elector who is unable to make personal application for registration because of physical disability or absence from the City, Village or Township in which his legal residence is located, may be registered prior to the close of registration before any election or primary election by securing from the clerk of the City, Village or Township in which is located his legal residence, duplicate registration cards and executing in duplicate the registration affidavits before a notary public or other officer legally authorized to administer oaths and returning such registration cards to the clerk of the City, Village or Township before the close of office hours on the last day of registration prior to any election or primary election. The notary public or other officer administering the oath shall sign his name on the line for the signature of the registration officer and designate his title.

## Registration on Election Day

PART IIa, CHAPTER 1, SECTION 1. The Inspectors of Election at any election or primary election in this State, or in any District, County, Township, City or Village thereof, shall not receive the vote of any person whose name is not registered as an elector in the precinct in which he offers to vote; but in certain cases as provided for in this act the name of a qualified elector may be registered on the day of any election or primary election; Provided, that he or she is accompanied and identified by a registered voter known to a member of the election board.

**Plymouth Rotarians to Attend District Convention at Windsor**

Rotarians of Plymouth will join with those from 59 other cities and towns in Western Ontario and Southeastern Michigan at the first post-war Conference of the 153rd District of Rotary International. It will be held Sunday and Monday, April 28 and 29, at Windsor, Ontario.

Easing of travel restrictions is expected to make this the largest district conference ever held in the area. A registration of nearly 800 delegates and their wives is anticipated, attracted by the presence of several outstanding speakers, including Hon. Paul Martin, Secretary of State of Canada, and Philip Lovejoy, General Secretary of Rotary International. The gathering is to be held in Windsor in compliment to H. O. Connie-Palmer, who is completing his term as District Governor. He is a member of the Windsor Club.

The first function will be a reception to Governor and Mrs. Connie-Palmer at the Prince Edward Hotel, which is conference headquarters, the evening of April 28th.

There will be business sessions throughout Monday, interspersed with two luncheons, one for the delegates and one for their wives, and culminating in the conference dinner followed by the Governor's Ball, in the evening.

Mr. Martin will be the speaker at the luncheon for delegates on Monday. A French-Canadian native of the Ottawa Valley, he has had wide experience in international affairs. He is a graduate in law of the University of Toronto, Harvard and Cambridge, and also attended the Geneva School of International Studies.

Elected to the House of Commons in 1935, he was one of Canada's delegates to the League of Nations Assembly three years later. In 1943, he was appointed parliamentary assistant to the Minister of Labor, and while in this office attended important international labor gatherings in London and in the United States.

He was elevated to cabinet rank as Secretary of State in the spring of 1945. He was a member, and for a time acting head, of the Canadian Delegation to the United Nations Session in London this year, and is Canada's representative on the Economic and Social Council of that body. He is being prominently mentioned as successor to Rt. Hon. W. L. Mackenzie King,

Liberal leader and Prime Minister of Canada, who is retiring from public life soon.

While the men are lunching, the wives of the delegates will be at luncheon at the Essex Golf and Country Club, where they will be addressed by Mrs. Cameron H. Montrose, speaking on "The Woman of Tomorrow." She was for two years a Controller of the City of Windsor, and of the Windsor Town Planning Commission. She is prominent in many fields of community activity, including the Home and School Council, the Women's Division of the Advisory Body to the Wartime Prices and Trade Board, the Nutrition Council, and the Red Cross.

During the afternoon business session, the chief speaker will be Dr. Esson M. Gale, counselor to foreign students and director of the International Center at the University of Michigan. He has traveled widely, particularly in the Orient, often on important missions for the United States Government, serving for five years in the consular service at Peking and Shanghai.

On a government mission to Nationalist China in 1942, he saw America's earliest war effort in Africa, Arabia, India, Burma and West China. By air and road, he travelled more than 39,000 miles over that area, for a considerable time with General "Vinegar" Joe Stillwell and his staff. His travels included crossing Central Burma, by plane and traversing the Burma Road just at the time of the Jap advance.

As an authority on China he has been on the staffs of the University of California and Northwestern. He has been three times decorated by the Chinese Government, and is a former officer of the North China Branch of the Royal Asiatic Society. He is a member of the American Oriental Society, the American Historical Association, the American Political Science Association and the Institute of Pacific Relations. He is the author of "Basics of Chinese Civilization", and of many articles on the Orient. His subject at Windsor will be "For Such a Time as This."

Mr. Lovejoy will be the speaker at the conference dinner in the evening. A graduate of the University of Michigan, he spent some years in administrative educational positions in that state, and in various types of business, mainly dealing with personnel.

He joined the staff of Rotary International in 1930 as assistant General Secretary, which post he held until he became General Secretary in 1942. In the service of Rotary, he has travelled extensively in Europe, Mexico, Cuba, the United States and Canada. He was a consultant to the United States delegation at the United Nations conference in San Francisco last year.

The 153rd District of Rotary, embracing 60 clubs, has a mem-

bership of 2,567 Rotarians. Among the distinguished delegates to the Conference will be 12 past District Governors, including Richard Hedke of Detroit, who has been nominated, and is virtually assured of election as International President of Rotary for next year.

**Starts Revival in Northville**

The Reverend Ralph E. Hone of Ithaca, New York will conduct evangelistic services April 28 through May 12 at 8 o'clock each night except Saturday at the First Baptist church of Northville. Rev. Hone will be assisted by the Echoes of Heaven Male Quartette; Vivian Beutner, soprano soloist; Ed Campbell, cornet soloist; Marion Owen Smith, marimba soloist from Detroit, as well as local talent. "Singspiration" will be conducted by Mr. Young with piano and Hammond organ support each night preceding the message.

The evangelist, Mr. Hone, conducted services in the church a year ago and has been unanimously called by the church for another campaign. He is pastor of the Tabernacle Baptist Church of Ithaca, New York and a candidate for the Doctor of Philosophy degree at Cornell University.

**Auxiliary Plans Surprise Event**

Instead of the regular afternoon meeting on May 8, the Presbyterian Women's Auxiliary will stage at 7:00 p.m., on the evening of that day an unusually interesting and enjoyable program. It will be a Mother and Daughter party.

As the element of surprise is part of the committee's plan, no particulars are being given out. The early hour is to accommodate the very young daughters.

All women of the Presbyterian congregation are invited to come and bring at least one daughter—their own, or a "borrowed" one. Refreshments will be served. Early reservations will greatly assist the committee. All reservations should be in by Saturday, May 4. Phone Mrs. W. V. Clark, 693 Burroughs avenue, 121-J.

**Trout Season Opens Tomorrow**

Tomorrow, Saturday, is the big day for the scores of Plymouth trout fishermen who have been waiting patiently since the close of the 1945 season for the opening of the 1946 trout season.

Many have already left for favorite creeks in the northern and central part of the state. Some expect to try their luck nearer home.

Southeastern Michigan fishermen who cannot afford time for a trip north, can fish a dozen creeks, two lakes and four ponds without going out of this corner of the state.

Though trout water in this section of the state is extremely limited, legal-sized trout plantings were made by the conservation department in 1945 in Paint creek and the North Branch of Saline river, Washtenaw county; Duck, Trout and Paint creeks and Clinton river, Oakland county; Townsend creek, Macomb county; Hunter, Kintz and Pine creeks, Lapeer county; and Mackey, Snyder and Willow creeks, Jackson county. Orchard lake in Oakland and Swains lake in Jackson county are stocked trout lakes.

Trout ponds in Washtenaw, Jackson, Calhoun and Barry counties have proved popular in spite of regulations specifying an eight-inch limit, a limit of two fish a day, special hours and fly fishing from the shore only.

To make mends in sweaters or Jersey dresses invisible, use a rocket hook to make chain stitches to duplicate the appearance of the knitted fabric.

**What is your GUESS? on our profits...**

SOMETIMES, although an idea is wrong, it does no harm. Like the idea that a square jaw is the sign of will power. That winters aren't as severe as they used to be, or that red hair denotes quick temper.

But there are other wrong ideas, which are definitely harmful to public confidence in and understanding of industry. One such idea is the current "guessing" about profits made by large business organizations.

Many people are apt to grossly exaggerate the money made by business. So Opinion Research Corporation (an independent organization) made a survey to learn just what the public thinks about profits. Compare these guesses and yours with the International Harvester profit figures given below.

Public guess on war profits . . . 30.0%

I H four war year average profit . . . 4.9%

In this survey, the average of the guesses by the public of the war time profits made by industry was . . . thirty per cent (30%).

But in the four war years of 1942, 1943, 1944, and 1945, the profits of International Harvester Company averaged only . . . 4.9% on sales. Less than one sixth of what the general public "guessed" for all industry.

For this period, the year by year per cent of profits on sales was: 1942—7.34, 1943—5.59, 1944—3.95, 1945—3.93.

Public guess on peace profits 18.0%

I H four pre-war year average profit . . . 7.17%

In the four peace years of 1938, 1939, 1940, and 1941, the profits of International Harvester Company averaged . . . 7.17%. This is well under half of what the public "guessed" for all industry.

Majority think fair profit in normal times is . . . 10%

I H ten-year average is less than 7%

The survey indicates the public knows that in our economy profits are indispensable. And the majority regard 10% as a fair

Wages and materials consume nearly all of every dollar Harvester takes in from sales. A Government board has recommended and the Company has agreed to pay a general wage increase of 18 cents per hour for Harvester factory employees. The Government has also allowed price increases on raw materials which we purchase in large quantities. Steel has had an average increase of 8.2%.

There has been no general increase in our prices since they were frozen by the Government early in 1942.

So our situation today is that what we BUY costs us 1946 prices. We will be paying average hourly wages 56% above 1941. For what we SELL we get only 1942 prices. This condition cannot long be met out of our present low rate of profit.

Future Prices on I H Products

It is plain that price relief will be needed to meet the increased wage and material costs which we must carry.

We regret this necessity. We prefer to lower prices, when possible, rather than raise them and we know our customers prefer to have us do that. We had hoped to be able to "hold the line," at least.

But we do not see how we can avoid operating at a loss if our prices continue to remain at their present frozen levels. We will NOT "cut corners" on any of our products, because QUALITY IS THE FOUNDATION OF OUR BUSINESS.

Our customers can be certain that we will seek no more than a moderate profit, both because of our policies and because we have approximately 300 competitors fighting us vigorously for your business. Our request for price relief will be no more than is necessary to insure continued service to our customers, continued work for our employees, and a reasonable return for our stockholders.

materials up to that time. But recent developments have forced a change in our plans.

## Babson Says - -

### Babson Discusses Economic Value of Music

Babson Park, Mass., April 26.—The immediate lesson from the recent Russian negotiations is that we must keep America strong—physically, intellectually and especially spiritually. This is the only way to "win the peace."

### World Peace and Education

A price must be paid for everything we accept. In the case of the most worthwhile things, this price includes something much more than money or what can be purchased with money. It includes sacrifice of time, energy, thought and prejudices. This will require radical changes in our schools and colleges. There is no short-cut to world peace.

Of course, the first thing which our educators should do to insure world peace would be to develop a universal language, accompanied by the teaching of a universal history. There is no more reason why all nations cannot see the same language and history books as they now use the same arithmetic. Furthermore, the United Nations could teach all their people a universal language and a universal history in one generation.

### Music a Universal Language

As a practical move in this direction, every nation should give more attention to music. All nations now use the same musical scores. A musician of any nation can read and play the music of any other nation even though he cannot speak a word of the language. Thus, music offers a very practical and available stepping stone to the much-needed universal language and history.

But I want to emphasize something about music of even greater importance. Music is more than a universal written language; it is a universal spoken language. People who can neither read words nor music can talk together through music! In fact, the words of the great hymns are insignificant compared with the music. The great symphonies have no words at all.

### Music as an Influence

Music can convey thoughts without words and may do it much better than words. Music can develop confidence or fear, hope or discouragement, love or hate; Music may not take the place of armaments, but it certainly should be used by governments to supplement armaments. Music has potential power far exceeding that of atomic bombs.

Our State Department could well afford to spend \$10,000,000 a year on music.

I often urge upon parents the importance of training children to become experts in some one thing. The chosen line is not important provided the boy or girl can pass a competitive examination thereon,—whether it is mechanics, typewriting, accounting or music. Music is an excellent insurance for any young person. The ability to sing or play will make friends and—in an emergency—make a living.

### National Federation of Music Clubs

Parents should join the Music Club of their community and support community music in all its phases. This will show your children that you are interested in music and will enable you to help them become interested. This will give them both pleasure and economic insurance—also a part in a practical world peace program.

Five thousand music clubs are now joined in the National Federation of Music Clubs. Mrs. Guy P. Gannett of Portland, Maine, is President. This Federation is encouraging music in all homes and communities; it is even entering the international field. It has recommended that all American musical organizations unite in a great International Music Congress to bring together representatives from many countries. There they will discuss the future of music, render their best performances and in one more way further the uniting of the peoples of the earth in "one world" in complete harmony.

### A Personal Confession

My entire life has been given to the study of figures,—or what the professors call "statistics". These figures, I have laboriously collected, compiled and used in an endeavor to measure and forecast business, investment and social trends. At one time I almost worshipped figures. But now—at the age of 70—I have concluded that the world is not ruled by figures—but rather by feelings. This is another reason for my interest in music.

## Training Course For Cub Leaders

Mothers and dads of boys living in Plymouth, Livonia, and Northville, comprising Cub Scout District Seven; and Wayne, Garden City, and environs, making up Cub District Ten, are urged to attend the Cub Scout Leaders training course to be held at the Plymouth High School starting Tuesday, May 7th and continuing for six consecutive Tuesdays.

The meetings will start at 7:30 and will be of two hours duration each. The purpose of this course is to instruct those parents who now have sons in the Cub Scouts, and those who wish to enter sons in the organization, in the scope of the Cub activities, and to select from this group those interested in contributing their leadership. The course will further instruct these leaders in the objectives and methods in the program of training for the Cub Scouts which is proving such a splendid preparation for Boy Scout participation.

All parents and others who wish to take a part in this program are urged to take advantage of this splendid opportunity to obtain this training from men and women well versed in this work. This is the first time Plymouth and environs have had the opportunity of receiving this instruction locally; as heretofore these courses have been available only considerable distance from Plymouth.

It is hoped that all parents of Cubs, as well as leaders now taking part in the Cub program, will avail themselves of this opportunity to receive this training in this field so vital to the community.

## Golf Club Opens Season Saturday

Hilltop Golf Club, a mile west of Plymouth on Ann Arbor Trail, officially opens Saturday, tomorrow, for the 1946 season.

Max Todd, operator of the club, says the completely renovated clubhouse will be open to the public daily except Monday and Tuesday. Week days the dining room will be open from noon to 10 p.m. Saturday and Sunday the hours will be 8 a.m. to 10 p.m.

Todd has added a new and completely modern kitchen and a screened dining porch 68 feet in length. Chef Darling, former owner and operator of the Plymouth Grill, will have charge of the cuisine. Banquets, private parties and golf leagues will be catered to, according to Mr. Todd.

The course, which is open to the public, will be maintained on a pre-war basis as equipment for such maintenance has been obtained. In a short time the course, said Mr. Todd, will be returned to its pre-war standards.

Mr. Todd, owner and operator of the club, the last three years, expects golf to reach a new high this year in popularity. Now that the war is over the vacation-less war workers and returning servicemen are flocking to courses in greater numbers than before. Golf, he says, is definitely on the increase, and Hilltop is ready, willing and able to help it along.
