What I Think and Have a Right to Say

ELTON R. EATON

The PLYMOUTH MAIL

Vol. 58, No. 36

Plymouth, Michigan, Friday, May 10, 1946

\$2.00 Per Year in Advance

FOR THE BENEFIT OF HOSPITALIZED VETERANS.

A Plymouth girl, born and reared in this city, but whose name is not on the honor roll in Kellogg park simply because she did not enlist in the armed forces in this city, has written a letter to the writer of this column, making a plea for a more substantial allowance for wounded American veterans hospitalized throughout the country.

She requested that her name not be used, because she is still wearing the uniform of our country's armed forces.

"But if you could see and know what I know, you and every one else in Plymouth would do all you can to induce the government to make a bigger allowance of funds for the benefit of the boys who will be hospitalized for months and years to come as a result of the wounds they received during the war" she wrote.

"I am assigned to work in one of these hospitals and I know how much these fine boys suffer and go without. Because these boys are in hospitals their compensation is automatically reduced to \$20 per month if their disability is service connected. If it is not service connected they receive but \$8 per month" according to information enclosed in the letter.

What a shame—what a sham! A country as rich and as powerful as these United States paying wounded veterans only \$20 per month because they are so badly wounded they must remain in a government hospital!

Yes, if you want to do something for these boys, write to the administration in Washington and see if you can get a response to your letters.

Write to the President, as this is an administration matter, and there is no hope of securing any relief for the wounded boys unless the administration gives its approval of the proposal. Write, and may some good will come out of your effort.

"They say" that a flood of letters in Washington may keep a lot of OPA bureaucrats on their jobs for another year. If letters will help bureaucrats keep their useless jobs, let's see what can be done in behalf of the wounded vets.

Officials Request Blackout for City

To the Citizens of Plymouth, Michigan:

At the regular meeting of the City Commission, held May 6, 1946, a Resolution was duly carried requesting your cooperation during the coal crisis which is facing our country.

This Resolution was passed at the request of the Detroit Edison Company, which has a limited amount of coal on hand. In order to make our fuel go as far as possible, and to protect the public health and safety of all of our citizens, it is requested that you refrain from using any electric current for advertising purposes. This includes display windows.

Citizens are also requested not to use lights or electric current during the day time except where absolutely necessary, and during the night hours, you should limit the use as far as possible.

This Resolution will be rescinded as soon as the emergency is declared ended.

Your complete cooperation will help in preserving health and safety.

Sincerely yours,
C. H. ELLIOTT, City Manager.

Choirs to Honor Famed Musicians

All choirs of the Methodist church and their families and friends will meet for dinner Friday, May 17, having as their honor guests, Prof. and Mrs. Amos Ebersole. Mrs. Harry Fischer will be general chairman for the evening.

Mrs. Ebersole, the former Dr. Nellie Beatrice Huger, and one-time Plymouth resident, has gone forth from her home town to achieve greater things than most of us realize.

She was founder of the Hartland Area Project known to educators throughout the nation as a model rural community, affording a fine social, educational and cultural fellowship among farmers and residents of small towns within the area.

Mrs. Ebersole also founded the Waldenwoods School of Sacred Music one of the best church Music Conferences in the country.

Recently a survey covering most of the country and all sizes and denominations of churches concurred to Mrs. Ebersole, the distinction of having accomplished one of three outstanding projects in the field of church music, in organizing and developing the Detroit Guild of church musicians, the first of its kind in the United States. As an outgrowth of her work with the Guild she also organized the Little Church of the Air on WWJ which rounds out its fifth year this month.

Mrs. Ebersole has been chosen Executive Director of the 2000 voice chorus which will sing at the Jubilee Community Rally at Briggs Stadium, climaxing the Detroit Automotive Golden Jubilee on June 9. The chorus will comprise national, industrial, church, and school groups of all greater Detroit.

Prof. Ebersole, head of voice and choral departments of Heidelberg College, Tiffin, Ohio, is an authoritative leader of church music throughout that state. His concert choir, one of the finest in America, has given more than 2000 concerts from coast to coast.

The Ebersoles will bring a message of value to all who are interested in furthering the ministry of music in worship.

Of the 650,000 miles of surfaced roads and streets in the United States, 500,000 miles are covered with asphalt.

O.E.S. News

The date set for the annual Chapter 115 is Tuesday, May 21. Reservations may be made by calling Mrs. Clara Todd, phone 75. Please make your reservations not later than May 18.

The annual meeting of the Wayne County Association, OES was held Monday, May 6 at the Eastern Star Temple, Detroit with Cedars of Lebanon, 506 as hostess chapter. The afternoon program, opening at 2:00 p.m., was called to order by Henrietta Lanier, Past President of the Association. Our Associate Matron, Kathleen Micol was one of the four Marshal Escorts for Alice Rathbun, Wayne County Association Marshal. Reports of the Association activities for the past year were read and officers for the ensuing year were elected. Following the reading of annual reports and election of officers, the meeting was recessed until 7:45 p.m. Dinner was served in the dining rooms of the Temple at 6:15. A beautiful and impressive Memorial Service was observed prior to opening of the evening meeting by Marian I. Knight Worthy Grand Matron and Delbert W. Wildin, Worthy Grand Patron of the Grand Chapter of Michigan, O.E.S. The installation ceremonies for the new officers of the Wayne County Association were very impressive. Martha Johnson, Past President of the Association was Installing Officer, assisted by Alice Rathbun, Installing Marshal, and Eva Gray Installing Organist. Those from Plymouth attending were Mrs. Myrtle Brown, Mrs. Alice Rathbun, Mrs. Kathleen Micol, Mrs. Julia Innis, Mrs. Eva Gray, Mr. LeRoy Danielson. They were joined for the dinner and evening meeting by Mrs. Clara Mumby, Mrs. Ara Fehlig, Mrs. Charlotte Miller, Mr. Oral Rathbun, Mr. Alfred Innis, and Mr. Ivan Gray.

Tuesday, April 7, Pingree Chapter, Detroit, entertained First Four Officers of Wayne County Chapter and Officers of the Wayne County Association. Those attending the dinner and evening meeting were Mrs. Alice Rathbun, Mrs. Charlotte Miller and Mrs. Caroline Goodale.

Forty-seven per cent of the counties of the United States lack airport facilities.

Swimming Pool Solves Baileys Summer Problem

Because some kids disturbed residents on Deer street last spring and a complaint was made to police, youths in the vicinity of Herald and Wing Streets have a swimming pool and plan to build another this summer.

A group of youths including the three sons of Mrs. Marion Bailey, 622 Herald, like many other American juveniles, found time hanging heavy on their hands last year. What they viewed as harmless fun got them into trouble with adults who didn't understand their motives.

Determined to remain out of further trouble the Baileys boys, Ted, Joseph and Robert, sought parental counsel on the idea of building a swimming pool in the family's backyard.

The Bailey family as a whole (there are two daughters also) thought the plan was terrific. The boys recruited their neighborhood friends and advised them of the project. They liked the sound of it too.

Excavation began with the energetic juvenile troop keeping out of other people's hair and becoming vitally involved in a program that would give them much pleasure.

They dug like beavers and with as much precision. Disposal of the dirt also was left up to them. Finally the pool site was ready. It was approximately 100 feet long, 30 feet wide and four feet deep.

Cement, sand and gravel was furnished by the Baileys. The young workers who had excavated the pool site began mixing (by hand) and pouring concrete. It was a tough job but they were determined to see it through to a successful completion.

Their daily stint didn't look like much but they kept at it and presently there was the pool. The Baileys then furnished the water for it and kept the pool freshly filled each week.

Except when it rained there were at least 20 kids in that area of Plymouth that daily splashed happily in the pool; they had made with their own effort and the assistance of the Bailey family.

Juvenile delinquency, if there was any in that part of town and the police aren't sure there was, from that day on has been eliminated. When not busy at their own homes the kids were over at Baileys enjoying the pool.

Well, it proved such a good incentive for the kids that now they want to build another pool this summer on the lot right back of the Bailey property which also belongs to the Baileys.

Mrs. Bailey has given her consent and Ted, junior student in Plymouth high school, says he is going to finance this one himself. Ted says the "gang" will build the second one a hundred feet square and more than eight feet deep. The City, Ted told us, has agreed to furnish the water for both pools this summer.

"Mistakes we made on the first pool, Ted said, will serve to guide us in our second endeavor so this pool should be a honey."

None of the original amateur construction gang have lost their enthusiasm and they are planning on serving as "foremen" for the new members of the crew who want to get in on the second pool. Ted, who works at Hotel Mayflower in addition to attending school, is certain his work will be sufficient to furnish money for the supplies.

It might be a worthwhile program for one of the local service clubs or some local individuals to underwrite. Charity begins at home so why not give Ted Bailey a helping hand. The Lord helps those who help themselves. We are taught, so why can't Plymouth do the same.

Plymouth Girl Is Honored

Doris Williams, daughter of Mrs. Lloyd Williams, of 50480 Powell, Plymouth, a freshman at Michigan State College, East Lansing, has been signally honored.

Miss Williams, an English major at the college, has been named to membership in Tower Guard, a campus women's honorary society. She will assume active membership in the honorary at the start of her sophomore term next September.

Plymouth Veteran Aids In Restoring Buddy to Society

Frank Konazeski, a flight engineer in the European theater of operations during the war, this week was called upon to help the War Department rectify a common mistake.

Frank, a Ford worker in Plymouth, and brother of Florence Konazeski, a bindery girl at The Mail office, was asked to help prove that Sgt. William E. Jackson, of Flint, was alive and discharged honorably from the Air Forces.

The War Department had recorded Sgt. Jackson as being missing in action and presumably dead. The last record of him was when his plane had been hit over Hungary and the crew had to bail out. Frank, incidentally, was one of those who bailed out with the sergeant.

He advised the War Department that the sergeant suffered no injury and was back at camp within 29 days after bailing out. Since the war Frank has had letters from him.

Frank was glad to be able to aid in restoring an old buddy to the ranks of the living where he actually has been all the time. He says the error is a common one. It took a lot of prodding to get the yarn out of Frank.

School Students Begin Food Drive For War Victims

Plymouth school students from the kindergarten to the senior class Friday, today, began an emergency food collection campaign for the starving peoples of war-ravaged Europe and Asia. It will continue for five days, through next Wednesday, May 15.

Through the co-operation of Plymouth churches, clubs and other groups the school students hope to canvass every home in the city. The quota here is one tin can of food for every person in the community.

Business places will not be canvassed by the students, Superintendent Helmer A. Nelson said. Supt. Nelson also pointed out that only TIN CANS could be accepted. He said that persons not giving cans of food could give the equivalent in cash.

Such gifts are deductible from income taxes, Supt. Nelson stated. All donations will be taken to the high school for packing and shipment.

Simmons Store Adds Gift Shop

Robert Simmons, Company, Jewelers, Monday will open a new gift department at their store on Pennington.

The added department will feature Mexican pottery and glassware, framed antique prints, shadow boxes and bracket shelves.

The store's new gift shop addition was made possible by utilizing the rear of the store which previously had served as a warehouse. Items in the gift shop department will be smartly displayed. Mr. Simmons invited Plymouthites in general to come in and look around.

Mother O Mine

If I were hanged on the highest hill
Mother o mine O mother o mine!
I know whose love would follow
me still
Mother o mine O mother o mine!

If I were drowned in the deepest sea
Mother o mine O mother o mine!
I know whose tears would come
down to me
Mother o mine O mother o mine!

If I were damned of body and soul
Mother o mine O mother o mine!
I know whose prayers would make
me whole
Mother o mine O mother o mine!

RUDYARD KIPING

Plymouth Jaycees Elect Officers and New Directors for Ensuing Year

Wendell Lent

Hilltop Country Club last week was the scene of the Plymouth Junior Chamber of Commerce annual dinner meeting and election.

Charles P. Wolfe was named president of the Jaycees for 1946-47. Wendell Lent was chosen chairman of the board of directors.

New members of the board are Gordon Moe, Donald Rank, John Gaffield, Vincent Herter and George Todd. They were elected from a field of nine candidates by the Jaycee membership. Each will serve a two-year term.

Charles P. Wolfe

Other members of the board, whose terms do not expire until 1947 include Marvin Terry, John Palmer and Jack Marsh.

Officers elected by the directors beside Wolfe and Lent are George Todd, first vice president; Gordon Moe, second vice president; Donald Rank, secretary; and Marvin Terry, treasurer.

The meeting concluded with Edward Sinta, retiring president, making his annual report. Mr. Sinta was honored by the group by being presented a past president's pin. Jack Marsh made the presentation.

Rotarians Told of Plight of English People, Plan Clothing Drive May 25

Inspired by the graphic and detailed description of conditions in England resulting from four years of almost constant bombing by Germany during the World War given to the club at its meeting last Friday, coupled with a direct appeal from the Rotary club in Plymouth, England, the Rotary club of our own Plymouth will soon institute one of the most intensive old clothing drives ever made in this city.

It is the plan of the club to collect discarded clothing for men, women, and children in this city and send the parcels direct to the club in Plymouth, England, for distribution among the afflicted people of that city.

The date for the clothing drive has been set for Saturday, May 25. Complete details will be published in next week's issue of The Plymouth Mail. A report of the address by Mr. Blyton will be found on page three of the third section.

X-ray Response Excellent, Dr. Peck Is Pleased

Dr. Luther Peck, Plymouth health officer, reports that 1,467 X-rays were taken during the health clinic here last week at Plymouth High School.

All examinations were made free of charge. The X-rays were made with the mobile unit from the Wayne County Health Department. The response to the free clinic was very gratifying to Dr. Peck, he reported.

"It demonstrated, he said, that people in Plymouth are really concerned about their health. Those that are enjoying good health wish to continue and others who aren't want to do something about it. They refuse to let some illness creep up on them if in their power to prevent it."

Legion Post Plans Carnival for City

Plymouth will have an old-fashioned carnival in town the last week of this month if transportation bans do not grow more stringent. The company's stay here will be sponsored by the Myron H. Beals Post, American Legion.

The carnival is scheduled to open May 28 and remain through June 2. The hours are not yet known but are presumed to be evening hours only. Just where the company will set up is still undecided.

Proceeds of the week will be donated to the Plymouth District Veterans Memorial Foundation, Beals Post officers said. At present carnival and circus trains are banned due to the coal shortage. If, however, the shows coming to Plymouth travel by truck the order will not apply.

Benefit Concert Thursday, June 6

Miss Evelyn Woods, pianist, will present a concert Thursday evening, June 6, at 8:30 in the high school auditorium.

Miss Woods began her career with a concert at the age of five and at the age of 13 was awarded a scholarship by Frank Darnrosch to the Julliard School of Music in New York City. Graduating with honors, she was awarded, through competitive examination, a Fellowship in the Graduate School to study under Olga Samaroff Stokowski and Carl Friedberg.

Miss Woods also studied under Mme. Stokowski after winning the Ezerman-Foundation Scholarship in 1937.

The concert is under the sponsorship of the Veterans District Memorial Foundation committee and is directed by the Junior Chamber of Commerce Auxiliary.

The United States tanker fleet now totals 955 vessels.

All Local Ford Co. Plants Closed Down

Precinct Garden Chairmen Named

Mrs. Austin Stecker, Plymouth's 1946 chairman of home gardens, this week announced the appointment of precinct chairmen.

They are Mrs. Clarence Moore, of 738 Burroughs, telephone 622-R, precinct 1; Mrs. Otto Beyer, of 725 North Mill, telephone 633, precinct 2; Mrs. Williams C. Hartmann, of 383 Blunk, telephone 135-J, precinct 3; and Mrs. Ralph J. Lorenz, of 1419 Sheridan, telephone 176, precinct 4.

Residents in Plymouth who have garden space for rent or use on shares or want garden space or other information relative to home gardens should contact their respective chairmen.

Nelson Named To Important Study Committee

Superintendent Helmer Nelson of the Plymouth public schools is one of 35 prominent school officials of Michigan invited to be a member of a party that will spend several weeks this summer making a field study of matters pertaining to both management and labor problems as it pertains to educational work.

The group of which Mr. Nelson will be a member will meet June 23 in Detroit where it will be organized into various committees for the purpose of expediting the work of the larger group.

Before leaving Detroit, visits will be made to the Ford Motor company, the Chrysler, U.A.W. headquarters, the J. L. Hudson company and the Atlantic & Pacific store offices.

Following the Detroit study the entire group will go to Chicago, where Swift & Company, the International Harvester Co., the Sherman hotel, and other concerns where both management and labor problems will be thoroughly studied.

From Chicago, the committee will go to Pittsburgh, then to Washington, Philadelphia and New York, where the final study will be made. The New York inquiry includes visits to the Chase National Bank, the New York Times, Metropolitan Life Insurance, National Broadcasting Co., the American Telephone & Telegraph Co., and many other large concerns.

Upon the return reports will be prepared and made available to all public school executives in Michigan.

Air Freight Service for This City June 1

A new air freight service will become available to Plymouth and vicinity on June 1, stated Leonard Millross, local agent of the Railway Express office here, according to a joint announcement by L. O. Head, president of the Railway Express Agency and Croil Hunter, president of Northwest Airlines, which stated: "A new type of high-speed door-to-door air freight service, it rates approximately 50 per cent below present air express rates, will be offered by Northwest Airlines and the Railway Express Agency beginning June 1, the two companies announced jointly today.

The new service, a sharp departure from present types of service available, is expected to speed up delivery of heavy goods to several thousand cities in the northern tier of states across the nation where Northwest routes are now operated. The service will be the first coordinated air and rail service in the air freight field, it was disclosed as rates for the plan were filed with Civil Aeronautics Board.

Croil Hunter, president and general manager of the airline, (Continued on Page Six)

Over 1200 Out Of Work Here

With every one of the six Ford plants in the vicinity of Plymouth closed down Thursday night for the first time since they started operations more than a quarter of a century ago, and more than 1200 men and women thrown out of employment for an indefinite period as the result of the John L. Lewis coal strike, the city of Plymouth was this week brought face to face with the seriousness of the coal strike.

Not only is every Ford worker in this vicinity out of work, but officials of The Daisy Manufacturing company assert that as a result of the freight embargo resulting from the coal strike, this plant, too, may soon face a serious problem. "But we are going to keep going just as long as we can do so," stated Col. Cass Hough yesterday.

The Ford close-down not only hit the plants in this vicinity, but the big Rouge plant and all other Ford plants are out of operation.

The local Ford plants that were built around here before the change from the old Model T, even kept going during that change over, although full forces were not employed during the entire period.

The Northville plant has the largest number of employees of any of the Ford industries around Plymouth. There are about 750 men employed there.

At Phoenix some 200 women are on the payroll in addition to a number of men.

There are about 85 men on the Waterford payroll, 39 at the Newburg plant, about 40 in the Plymouth plant, and 75 or more at the Nankin Mills plant.

The weekly income of these Ford workers in and around Plymouth exceeds \$75,000 per week, an income that will not be restored until after the coal strike is ended. Only watchmen will be retained at the plants.

The following notice was enclosed in the pay envelope of each Ford worker, when he was given his pay on Wednesday: "With steady employment needed as never before, it is regrettable that we find it necessary to discontinue operations of our plants until further notice.

We have now exhausted every means of keeping the plants in production. We have been able to operate as long as we have only through much hardship and at steadily increasing financial losses. Alternate and more expensive materials have been utilized wherever possible. We have repeatedly re-scheduled operations to meet the uncertain conditions.

"We now find it impossible to continue further because of (1) the coal strike and its far-reaching effect, (2) strikes in the plants of many of our major suppliers, and (3) the railway embargo, whereby the railways by government order will refuse all except the most essential freight shipments beginning Thursday night. Because of these conditions which now reach insurmountable proportions we are forced to close all plants for an undetermined period, which might be 30 days or even longer. Employees will be advised when their respective departments are affected.

"This is an emergency situation over which neither the Ford Motor Company nor its employees has any control. We are hopeful that the shutdown will be of short duration but have no definite indication at this time how long it will continue.

"When we resume operations, we plan that they will be on full schedule and without interruption; that we will have sufficient supplies and materials and can provide full-time employment. "During this emergency shutdown we are requiring that our employees take the vacations to which they are entitled, for which the company will, of course, compensate them in the usual manner. When operations are resumed they will not be adversely affected by irregular attendance caused by employees taking vacation allowances at that time.

The Livonia Health Guild will be entertaining the Wayne County Health Guild at the Rosedale Gardens club house on Hubbard Road on May 9 at 1:30 p.m. The speaker of the afternoon will be Miss Florence Stroll, Psychiatric Social Worker for the Wayne County Children's Center, whose

topic will be "Mental Health and Education in Adolescence." There will also be a showing of films taken at the time of the opening of the Wayne County Health Building. The Rosedale Gardens Club will be hostesses and tea will be served. The public is invited to come and bring a friend or neighbor.

The committee from the Women's Club sponsoring a party for the Crippled Children's Benefit, met Tuesday afternoon in the home of Mrs. Horace L. Johnson of Homer road, who is chairman of the committee. Members of the committee are Mrs. Henry Penhale, co-chairman; Mrs. Charles Sawyer, Mrs. Robert B. Ingram, Mrs. Mabel Taylor, Mrs. Carl Dodge, Mrs. Maury Arnold, Mrs. George Straub, Mrs. Elmor Carney, Mrs. Warren Worth and Mrs. A. Matulis. The committee has set the date for May 28 at 1:00 p.m. in the Masonic Temple for a dessert bridge. Tickets will be distributed to members the first part of next week.

Modern Russia's great desire for peace has been exemplified by several government actions during the past 20 years. For example, in 1934 Russia issued a series of postage stamps that depicted the horrors of warfare; and from 1928 until 1941, when

the country was invaded by the Nazis, she celebrated annually on August 1st an International Antiwar Day, the purpose of which was to remind her people that the only way they could preserve peace was to build Russia into a strong and powerful nation.

Of the 634 locomotives placed in service on U. S. railroads last year, 534 were diesel.

The most southerly production of oil in the world is on an island off the southern tip of South America, belonging to Chile.

Demand for aviation gasoline has declined about 75 per cent since the end of the war, as a result of decreased military demand.

Evidences of oil are found the full length of the Andes in South America, although production in that area is not large.

Less than half the cities of the United States of more than 1,000 population have airports.

**UNDER THE STREETS
...100,000 HORSES**

From one Detroit Edison power plant there stretches underground for seven and one-half miles into the heart of industrial Detroit a seven-inch steel pipe. In this pipe, around a cable made up of three copper wires the size of your thumb, nitrogen gas is compressed at 200 pounds per square inch. Through this cable, night and day, flows 100,000 horsepower.

It is the only instance where the total output of one generator is carried in a single high-voltage cable to a center of electrical use miles away.

There is nothing else like it in the world.

The pipe protects the cable from outside damage. The gas pressure keeps the 120,000 volts from destroying the cable insulation. So rugged and reliable is this transmission system that no alternate stand-by cable facilities are necessary. The loss of power, over the seven-and-one-half-mile course is less than one per cent.

Construction of this cable was a job of Detroit Edison pioneering. It is known in the industry as the "SMD" cable because, particularly, it was an accomplishment that is credited to Samuel M. Dean, chief engineer of the system.

It was another Edison FIRST brought about by constant devotion to the task of giving Edison customers dependable electric service at low cost.

CHURCH News

Hours of services and notices of church organization meetings.

ST. JOHNS EPISCOPAL CHURCH. Harvey and Maple Sts. Sunday, May 12, 11:00 a.m. service in charge of Mr. Walter Kiepl, lay reader. Church School, 9:45 a.m. All are welcome.

CHURCH OF CHRIST. 188 W. Liberty St. Paul McAllister, minister. Bible School, 10:00 a.m. followed by worship and sermon. Sermon subject: A Great Woman. Evening Service, 7:30 p.m. Sermon subject: 1st Peter, chapter 1.

CHURCH OF CHRIST. 188 W. Liberty St. Paul McAllister, minister. Sunday Service, 10:00 a.m. Bible School, followed by worship and sermon. Sermon subject: "The Iron Gate Opened Unto Them." Evening Service, 7:30 p.m. The Bible and its uses.

SALEM FEDERATED CHURCH. C. M. Pennell, Pastor. Sunday Morning Worship, 10:30 a.m. One feature of our Mother's Day service will be a lyrical and musical selection "To My Mother," by Charles Mankin, who wrote the words and Virginia Lewis, who composed the music, accompanied for Ernestine Lewis, who will sing the tribute. Bible School, 11:45 a.m. On Mother's Day the

young people hope to have their mothers present for Hymn Sing at 3 o'clock. The song program will be made up of requests for "my mother's favorite hymn." Let us plan to have the family present, as the theme for discussion, presented by Charles Mankin will be "Making the Home Christian." Honor your Mother for your mother's memory by being in church on Mother's Day.

FIRST BAPTIST CHURCH. Rev. Mark F. Sanborn, pastor. 10:00 a.m. Sunday School. Harold Compton, superintendent. 11:10 a.m. Morning Worship. Sermon "A New World for Mothers." 6:30 p.m. Youth Fellowship. Topic "Mothers of the Bible." 7:30 p.m. Evening Worship. Singing. Sermon "Christ, Our Redeemer." Monday, morning and afternoon sessions of Michigan Baptist Convention in Olivet Baptist Church, Lansing. Dr. Sanborn and three or four lay delegates will attend. Mr. and Mrs. Harold Compton and the Pastor have been chosen as delegates to the Northern Baptist Convention meeting in Grand Rapids, May 21-26. Wednesday, 7:30 p.m. Mid-week service for Prayer and Praise. The Committee on the World Mission Crusade report that up to Monday evening \$3,006.00 had been pledged or contributed in cash for the program of World reconstruction. This is considerably over the goal.

CALVARY BAPTIST CHURCH. Ann Arbor Trail at Elizabeth St. John I. Paton, pastor. You can still attend some of the special meetings with Rev. Calvin Beukema as speaker. Friday of this week at 7:30 will be the last week night service. On Saturday night the young people attend the Tri-County Youth for Christ meeting to be held in the Roosevelt High School in Ypsilanti. Meet for transportation at the church at 7:00 p.m. Sunday is

CHRISTIAN SCIENCE LECTURE
By
Sim Andrew Kolliner, C.S.B.
Friday, May 10, 8 p.m.
Sixth Church of Christ, Scientist, Detroit
BROADCAST
Station WEXL, 1340 kc.

What does the Church of God stand for?

Hear:
Rev. G. T. FLEMING
of Ashland, Ky.
Each Evening, 7:30
May 8 to 15
"Study the Bible to be Wise; Believe it to be safe; Practice it to be Holy."
R. W. Struthers, Pastor

the last day of the special meetings. Sunday school in the morning at 10:00 and morning service at 11:15. The evening service is at 7:30. Mr. Beukema will speak at both morning and evening services. On Tuesday evening the 14th Rev. Cecil Fletcher, a missionary to Brazil will show pictures of South America. The service will be held at 7:30. On Thursday evening the 16th, the Lyfba Class will meet at the home of Mrs. Ellory Hargrave, McClumpha road. The house is the second from the right from Ann Arbor Trail. This is the annual meeting of the class and will begin at 7:30. Mrs. Hargrave will speak. There will also be special music. Those attending are to meet at the home of Mrs. Sles Mattinson 795 Forest at 7:00 p.m.

METHODIST CHURCH. T. Leonard Sanders, Minister. Mrs. O'Connor, Director of Music. Sunday, May 13 is Mother's Day. 10:00 a.m. Church School with classes for all. Horace Thatchler, Supt. 11:00 a.m. Morning Worship and Sermon. The reader special music. Subject "Have We Outgrown Religion?" There will be nursery care for small children while you attend the service. 7:00 p.m. The Jr. High and High Youth Fellowship will meet at the church to go to the park for a weiner roast. Monday, 1:00 p.m. Study Group with Mrs. Miller Toss in charge. Subject "Africa." 7:30 p.m. Girl Scouts, 7:30 p.m. Boy Scouts, Wednesday, 1:30 p.m. W.S.C.S. general meeting and tea. Day Unit No. 4 will be the hostess. The meeting will be on the subject "Children and Peace." Mrs. Brockway of the Children's Village will speak. 7:00 a.m. Youth Choir, 8:00 p.m. Adult Choir, Friday, 8:30 p.m. Junior Choir.

BEREA CHRISTIAN ASSEMBLY. Services are being held on Sundays in the Jewell and Blain Hall, 585 Ann Arbor Trail. John Walaskay, pastor. Sunday School, 10:00 a.m. Morning Worship, 11 a.m. Young People's meeting, 8:15 p.m. Evening Service, 7:30 p.m. Mid-week service is held at 11801 Haggerty Hwy. on Thursday at 7:30 p.m. Golden Text: "The Lord your God is gracious and merciful, and will not turn away his face from you, if you return unto him." 2 Chron. 30:9.

FIRST CHURCH OF CHRIST SCIENTIST — Sunday morning service, 10:30; Sunday school at 10:30. Pupils received up to the age of 20 years. Wednesday evening testimony service, 8:00. "Adam and Fallen Man" will be the subject of the Lesson-Sermon in all Christian Science churches throughout the world on Sunday, May 12. The Golden Text (1 Cor. 15:22) is: "As in Adam all die, even so in Christ shall all be made alive." Among the Bible citations is this passage (Matthew 5:48): "Be ye therefore perfect, even as your Father which is in heaven is perfect." Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p.470): "God is the creator of man, and the divine Principle of man, remaining perfect, the divine idea or reflection, man, remains perfect. Man is the expression of God's being."

LATTER DAY SAINTS. Reorganized Church of Jesus Christ of Latter Day Saints, I.O.O.F. hall, 364 Main St. M. F. Sinkiss, pastor. For information phone 501-W. Services as follows: 9:45 a.m. Church School, 11:00 a.m. the first Sunday of each month is communion. Other Sundays, 11:00 a.m. preaching. Every Wednesday, 8:00 p.m. is prayer service at 425 Adams. Everyone welcome.

STARK BIBLE SCHOOL. Stark School, corner Pine Tree and Stark roads. Sunday School, 10:00 to 11:00 a.m. Classes for all ages. Young Peoples meeting, 7:15 to 8:30 p.m. Adults are invited.

ST. PETER'S EV. LUTHERAN CHURCH. Edgar Hoenecke, pastor. Morning service, 10:30 a.m. Sunday School, 9:30 a.m. Bible class, 9:30 a.m. Lenten Vespers, Wednesday, 7:30 p.m.

Daisy To Sponsor Team In Western Wayne Loop

The Daisy Manufacturing Company this week announced that it was sponsoring a team in the Western Wayne Baseball League this summer. Uniforms already have been purchased and practice is underway. The team is the same one that Cliff Levering coached last season. Cliff will again be coach, assisted by Cy Scalagni, cost engineer at the Daisy. The team is to be known as the Daisy Air Rifles, according to Bob Wesley, advertising manager of the company.

NEWS

The May meeting of the Fidelity class has been postponed one week. It will be held at the home of Mr. and Mrs. John Schroder on Six Mile road, on Thursday evening, May 16. Mr. and Mrs. Fred Wilson of Schoolcraft road entertained Mr. and Mrs. Clyde Smith of Newburg road, and Mr. and Mrs. Dale Liscum of Ann Arbor Trail Saturday evening.

Houses - Farms - Lots

FOUR ROOM HOUSE near city limits, on three lots, with two bedrooms, modern kitchen and bath. \$3,200.00. \$2,200.00 down.
 FOUR ROOM HOUSE near E. Ann Arbor Trail & Middlebelt. Lot is 90 ft. deep, 165 ft. frontage. \$2,990.00. \$1,300 down.
 FIVE ROOM HOUSE close in with bath, hot air furnace, about one acre land fronting on Canton Center Rd. \$6,800.00, about half down. House is occupied by tenants now but this is as good a buy as I know of around here.
 7 ROOM HOUSE on five acres, good land. House is only 6 yr. old. Frame, Bath. Full basement, hot air furnace, 4 bedrooms. School bus to pick up children. This is a good buy at \$7,000.00. Terms. This place is near Willis.
 26 ACRES with a 7 room house full basement, hot air furnace with blower. Battery brooder house, 2 other large chicken coops, tool shed. About a 40x60 barn. Good location on road bordering city limits. \$25,500—\$10,000 down.
 Resort Property
 WALLED LAKE, 6 room cottage on Lake Drive, 3 bedrooms up, electricity, toilet, no bath. \$3,500.00 cash, \$4,000 on terms.
 5 LARGE lake lots at Long Lake located in Crescent Island sub. Commerce Twp. on west side of lake. \$200.00 ea. for these lots.
 Farms
 12 ACRES good land. No buildings. In good farming section near Willis for \$200.00 per acre.
 60 ACRES good land with live stream and woods. No buildings. Out Ann Arbor Rd. just over into Washtenaw County. This is an excellent location. A wonderful investment for \$15,000.00. Terms.
 20 ACRES close in on good corner. Level, wonderful location on main highway. \$700 per acre. I predict this piece will go higher in the future.
 I have good lots at low prices in the city limits, from \$250.00 up.
 I have other farms listed in different sections. Cannot list them all in the paper.
 I want your listing if possible if you want to sell.

In the United States there is a death caused by tuberculosis every nine minutes.

In 1944 there were 1,748 deaths from tuberculosis in Michigan.

These deaths could have been prevented if the disease had been discovered in time.

Promises are debts and too many of them will bankrupt you.

Guest of Episcopal Church Men's Club

Dean Kirk O'Ferral of St. Paul's Cathedral of Detroit was the speaker at a meeting of the St. John's Episcopal Church Men's club last Thursday night. Nearly 100 members and guests heard the Dean review the changes that have come about in our way of life during the last 10 years and were given food for thought in his statement that the times ahead were unpredictable. He called for closer adherence to "the righteous way of living" and said that the churches were facing an era that would tax their entire facilities. He also complimented members of St. John's church on the many fine improvements that they had been and are making on their church building.

AIR FREIGHT SERVICE FOR PLYMOUTH

(Continued from Page One)

and L. O. Head, president of the Railway Express Agency, said the service is being offered "to meet unprecedented demands by small and large business for fast door-to-door air freight service at rates keyed to the country's need for a more economical transportation by air."

Rates are based on 30.7 cents per ton mile, covering shipments of 100 pounds or more. The service is expected to play an important role in facilitating transportation of goods to meet severe shortages in all markets. Hunter predicted the operation will have far-reaching effect on merchandising since it will provide fast air transportation at lower rates, in many cases overnight service between manufacturer and retailer. The plan will provide for a complete shipping service at both airport and non-airport points.

Consignments will be moved from shipper to consignee by air freight or at any point located off-airline by the coordination of truck, rail and air.

Only a single receipt will be required. Packaging will be the same as for air express. Thus, cities adjacent to the Northwest Airlines coast-to-coast route, as well as those directly on the system, will be served by the new air freight operation.

Air freight will be carried on scheduled daily Northwest Airlines flights, Hunter said. All planes of the company's fleet will be used. Northwest now has in operation 23 DC-3 planes and several four-engine DC-4 transports, with a full fleet of the latter to be in service between New York and Newark in the East and Seattle-Tacoma and Portland in the West by June 1. Hunter said the air freight service will be expanded still further early next year when the company puts into operation its huge Boeing Stratocruisers, peacetime counterpart of the B-29 bomber. The merging of the freight plane service of one of the na-

tion's oldest airlines and REA's nation-wide ground facilities," said Mr. Head, "is the logical, practical and economical answer to the need for speedy air-ground transportation for the movement of heavy merchandise by air freight. For the first time, every city and town in the states served by Northwest Airlines will be able to take advantage of low-cost high-speed air freight service."

Head pointed out that the new service will supplement, but will not replace the present nationwide air express service afforded over all scheduled airlines of the country. The Railway Express Agency, whose Air Express Division was formed in 1927, now handles air express over all scheduled domestic airlines. It operates over 67,000 miles of airways, 232,000 railroad miles, 16,600 miles of highways, 12,000 miles of water routes, and maintains 23,000 domestic offices. They are all coordinated to give a unified rail and air shipping service.

Mr. Leonard Millross added that air freight shipments to or from this city will travel by rail to or from Detroit for transfer aboard a Northwest Airlines giant plane.

Public Hearing to determine the wishes of the people concerning the construction of bituminous pavement on Pacific between Williams and Junction.
There were no objections.
The following Resolution was offered by Commissioner Corbett and supported by Commissioner Whipple:
WHEREAS, a Public Hearing has been held for the purpose of determining whether or not to construct a bituminous pavement on Pacific between Williams and Junction, and
WHEREAS, No objections have been received by the City Commission, and
WHEREAS, the Plan, Profile and Estimate covering the proposed improvement has been accepted and is now on file in the office of the City Engineer,
THEREFORE, BE IT RESOLVED, That this Commission approve of and declare its intention to proceed with the construction of a bituminous pavement on Pacific between Williams and Junction,
BE IT FURTHER RESOLVED, That the Assessor be directed to prepare an Assessment Roll covering the cost of the improvement.
Ayes: Mayor Shear, Commissioners Corbett, Lidgard, Taylor and Whipple.
Nays: None. Carried.
Retiring Commissioner Whipple made a few remarks before adjournment.
The complete text of Commissioner Whipple's statement is on file at the City Hall.
The Mayor also made a few remarks.

Golf Leagues to Begin Play Soon
Plans are well underway to start twilight league play next week at the Plymouth Country Club.
In addition to the regular business men's leagues, low handicappers and women's leagues, the club believes the mixed twoball foursomes league promises to become a popular weekly event for members.
The male partner in the twoball foursomes opens play by teeing off from the first tee. The lady takes the next shot, etc., until holed out. Partners will be charged weekly. A buffet lunch

 Attorney: Earl J. Demel
 690 S. Main
 Plymouth, Mich.
STATE OF MICHIGAN, COUNTY OF WAYNE, ss.
 No. 297,733
 At a session of the Probate Court for said County of Wayne, held at the Probate Court Room in the City of Detroit, on the Tenth day of April, in the year one thousand nine hundred and forty-six.
 Present Patrick H. O'Brien, Judge of Probate.
 In the Matter of the Estate of Steven Miller, a mentally incompetent person.
 Earl J. Demel, Guardian of said ward, having rendered to said Court his first and final account in said matter and filed therewith his petition praying that the balance of said estate be turned over to the County of Wayne for care and maintenance of said ward at Eloise Hospital.
 It is ordered, That the Seventeenth day of May, next, at ten o'clock in the forenoon at said Court Room be appointed for examining and allowing said account and hearing said petition.
 And it is further Ordered, That a copy of this order be published once in each week for three weeks consecutively previous to said time of hearing in the Plymouth Mail, a newspaper printed and circulating in said County of Wayne.

Etheleen Graham Weds S. Sgt. Earl Wilson Here on April 20
 Etheleen Graham, daughter of Mr. and Mrs. M. W. Graham of Virginia spoke her nuptial vows in a double ring ceremony to S/Sgt. Earl H. Wilson, son of Mr. and Mrs. Kenneth Wilson, Saturday, April 20 at 2:00 p.m. in the First Presbyterian church with Rev. Henry Walsh officiating.
 The bride who was given in marriage by George Shettler, was gowned in white satin, with fitted bodice, sweetheart neckline, full skirt and a long sweeping train. Her fingertip veil fell from a seeded pearl crown. She carried an arm bouquet of lilies and white snapdragons.
 The maid of honor, Deloris Wilson, sister of the groom, was gowned in pastel pink with a matching headdress. Her arm bouquet was of salmon gladiolus with pink streamers.
 The bride's maid, Norma Pattison, was gowned in pastel green with matching headdress. Her arm bouquet was of salmon gladiolus with green streamers.
 Edward Mulry attended the groom while Howard Williams seated the guests.
 The reception was held after the ceremony in the home of the groom's aunt, Mrs. Charles Mifsud of Detroit.
 For going away the bride chose a pastel blue suit with white and navy blue accessories. She wore a white corsage. They spent two weeks visiting in Canada and at Niagara Falls.
 The young couple are making their home in Annapolis, Maryland, where he is stationed, with the Marines.

Softball League Openers Listed
 Plymouth's Twilight Industrial Softball League of ten teams will pry the lid off the 1946 season Monday night at the diamond at the rear of the high school.
 There also will be games on Tuesday, Wednesday and Thursday nights. A schedule on the basis of games four nights each week from now through July 15 has been prepared by Virgil C. Knowles, Plymouth recreation director.

It's Fun to **BOWL**

HIGH SCORES for the week:
 MEN
 Wayne Carmichael - 276
 Harold Leslie - 242
 Geo. Weiland - 241

★
 YOU MAY NOT MAKE A STRIKE EVERY TIME but you're on the way to losing SPARE pounds off your FRAME when you bowl here. It's fun! You'll SPLIT your sides laughing in the company of good fellows. Try it.

Open Bowling

To **MOTHER** for service above and beyond the call of duty

American mothers are true home front soldiers. Theirs was a very important contribution to the war effort. Salvaged fat made ammunition for the Marines on Iwo Jima. Piles of salvaged paper wrapped equipment for our soldiers who fought the Battle of the Rhine. War bonds bought with pennies saved in so many ways sped Victory and the return of our fighting heroes. Mother has never asked for any recognition. She would probably laugh if she were presented with the medal she deserves for service above and beyond the call of duty. Her best reward... the only one she wants... is the love she sees in her son's eyes and the pressure of his hand as he whispers, "Gee, Mom, you're swell!" A bond bought on Mother's Day, in her name, is the best way of saying thanks for her many sacrifices.

Jubilee Theme Song Written by Northville Man

Detroit Pageant to be of Historical Interest

The completion of the Production Staff for the Golden Jubilee historical pageant, "SONG OF OUR CITY — A SAGA OF DETROIT", which will be presented at Olympia on Friday afternoon, May 31st, and again on Sunday night, June 2nd, was announced today by Dr. Raymond C. Miller, Director of the Detroit Historical Commission and Chairman of the Golden Jubilee Pageant Committee. Dr. Miller and the historical sub-committee have put months of tireless effort into research for background material to insure absolute accuracy of historical data to be used in this dramatic presentation.

"SONG OF OUR CITY" will be a spectacular musical and dramatic tribute to Detroit's one hundred and fifty years under the American flag and to the people who have made Detroit the great cosmopolitan production city it is. The pageant will provide a stirring salute to the community during the Golden Jubilee festivities which will run from May 29th through June 9th.

"SONG OF OUR CITY" promises to be one of the outstanding dramatic events in the history of Detroit. Building is already under way of the largest theatrical set ever constructed in Detroit. The production will feature a cast of over 500, including Detroit's famous nationality choral and dance groups, as well as leading players from all civic theatre and music groups.

Nationality participation is being coordinated under the direction of Mrs. Alica L. Sickels and Miss Lola de Grille of International Institute. The Wayne University Players, the Catholic Theatre, Civic Theatre, Players Club, Negro Theatre Group, and many other cultural and labor groups have pledged full cooperation. It is their members who will play, act and sing in the production.

Dr. Miller's production staff, with the exception of the women members, is made up entirely of veterans of World War II. Pro-

ducer-Director is Mr. Jess Kimmel, recently separated from the U.S. Army after four and a half years' service, here and overseas, as a staff officer with the Entertainment Branch. Mr. Kimmel has staged many pageants and theatrical productions in such auditoriums as Madison Square Garden, Carnegie Hall, and Manhattan Center in New York City, and various stadiums and large theaters throughout the country.

The music for "SONG OF OUR CITY" is being especially composed and arranged by Mr. Alex North, recently commissioned by Benny Goodman to write a clarinet concerto for performance this fall with Fritz Reiner and the Pittsburgh Symphony Orchestra, and with Leonard Bernstein and the New York Symphony. He has composed scores for film and radio documentary productions and for several Broadway musical revues and ballets.

The story of the pageant was written by Karl Hoffenberg, graduate of Wayne University and former writer for WWJ and WJR, who was discharged a few months ago after serving in Europe with the Armed Forces Radio Service. Narration and dramatization of the story was written by Lee Rogow, young playwright and lyricist on American folklore themes. This is Mr. Rogow's first major project since his recent release from active duty with the U.S. Navy as a full lieutenant. V-J Day found Rogow in command of a Naval assault rocket-launcher ship on his way to "Operation Olympia" (the invasion of Japan) after serving three years in the Atlantic on submarine patrol duty.

The "Theme Song" of the entire Golden Jubilee is being written and composed by Millard Lampell and Earl Robinson. The song will be used as an integral part of both the Automotive industry pageant, "TRIBUTE TO THE PIONEERS", and of the community pageant, "SONG OF OUR CITY".

Lampell is the author of the best-selling book about rehabilitation of war veterans, "THE LONG WAY HOME", and the stirring cantata on the death of President Lincoln, "THE LONESOME TRAIN", a Decca record album. He is the husband of the former Elizabeth Whipple, of Northville, Michigan, and has many Plymouth friends and acquaintances. He spent four years in the Army Air Corps before his recent discharge.

Earl Robinson is best known for his popular "BALLAD FOR AMERICANS", which was re-

corded in albums by Bing Crosby, Paul Robeson, and others. His most recent hit is "THE HOUSE I LIVE IN", recorded by Frank Sinatra and Josh White.

The entire production of "SONG OF OUR CITY" is under the supervision of Mr. Alfred Stern, technical consultant for the firm of Baldwin and Mermey, New York, national publicity and technical directors of the Golden Jubilee. Mr. Stern was a member of the Production Staff of Radio City Theatres in New York for several years, and was associated with the New York World's Fair as producer and designer of several leading exhibits and concessions. He was a public relations specialist on the staff of Patton's Third Army during the war.

Sale and distribution of tickets to "SONG OF OUR CITY" is being handled by the Detroit Junior Board of Commerce under the chairmanship of Mr. William R. Van Ittersum, assistant director of sales promotion and publicity at Crowley-Milner, Inc.

The pageant committee and staff maintain their offices at the Masonic Temple, in Parlor M, Main Floor, where most rehearsals of the production will be held, until moving into Olympia on May 30th.

Bowling Leagues Hold Banquets

The Livonia Township Major League held its banquet Tuesday, April 30 at Neibiola's, and the Junior League held theirs at the Warren Valley Country Club Thursday, April 25. Trophies for first place in the Major League went to VanAvery and Heichman, and Tom's Tavern came out on top in the Junior League after a tie with Habermehl's Rexall Drug Co. which was played off with Tom's Tavern winning two out of three games.

The highlight of the season was Fritz Buttermore's 259 game, ten straight strikes and one split. This was the highest lady's game ever played at Livonia.

There will be no more bowling until August session when cards will be sent out for the September opening.

False Rumor About Taxpayers Assn. Making the Rounds

It has come to the attention of the editor that there is a false rumor making the rounds in the Township to the effect that the Livonia Taxpayers Association has political affiliations. This is not true, for the association was formed in 1937 as a civic organization and as a non-political group.

The Taxpayers Association meets the second Wednesday of the month at 8:00 p.m. in the Township Hall and a cordial invitation is extended to everyone to come to their meetings and join them if they so desire. These meetings are open to the public with the desire to better conditions in Livonia.

Jesse Ziegler Elected to Tax Commission

Jesse Ziegler, Townships Supervisor, at the Wayne County organization meeting was reappointed to the Ways and Means Committee of which he has been a member for the past six years and was elected chairman of the Tax Commission.

Honor Mother on her Day

Deep in your heart is a very special kind of love for a very special kind of lady—your "Mom." Through the days and weeks of the years, you take her very much for granted—accept her kind words and deeds, her patience and understanding, her courage and selflessness. May 12 is Mother's Day—the day on which you can express your love and devotion—on which you can let her know in some small way how much she means to you every day throughout the year.

Newburg Carnival Set For May 11th

Students at Newburg Jr. High under the supervision of general chairman Wendell Culbertson and Donald Wylie are busily completing plans for their spring carnival to be held this Saturday evening from 7 to 11.

Attractions will include movies, magician, minstrel show, amateur show plus several booths, shooting booth, refreshment booths and penny arcade to name a few.

There will be no general admission. The money raised from this carnival will be given to the Newburg student council for the buying of athletic equipment, parties and other things for the students.

Editor To Speak At Sale Banquet

Arthur Moore, editor of the *Prairie Farmer*, and author of "The Farmer and the Rest of Us," will be the main speaker at the third annual Lapeer Dairy Sale banquet May 17.

The co-operative all-breed dairy auction, set for the following day at Lapeer, will see 102 purebreds go under the hammer of Auctioneer C. B. Smith.

It will be the largest sale of its kind ever staged in Michigan. Bidding starts at 10 o'clock in Annbrook Park at Lapeer.

Farmers from 16 Michigan counties are consigning animals to this non-profit event, which is put on by the various breed associations in co-operation with the extension department of Michigan State College.

U. of M. Hospital Rates Are Boosted

Of interest to Plymouth residents is the announcement that increased room rates became effective at the University Hospital on May 1 following approval of the University of Michigan Board of Regents.

Dr. Albert C. Kerlikowski, director of the University Hospital, reported a deficit of \$170,000 had been incurred during the current fiscal year. Since the hospital is self-supporting, he said the increase in rates was the only available way to raise more revenue.

Dr. Kerlikowski said the rate increase did not become effective until May 10 for patients who had entered the hospital prior to April 22.

PATCHEN SCHOOL PTA NEWS

The Patchen School PTA meeting of Friday evening May 3, was again well attended. One of the highlights of the business portion of the meeting was Mr. Beasmer, who gave a talk on gardening which was very interesting and enjoyed by all.

A report of the School Board was read by Mr. C. E. Doty vice president, that ground will be broken for our three-room school in the early part of July and will be ready for occupancy by next fall. Three cheers for our school board, Mr. C. Smith, Mr. L. Zielasko, and Mr. P. Woodard.

Mrs. Parish and Mrs. Hines our Girl Scout leaders reported that their activity in the Girl Scouts is well under way and is enjoyed by all the girls.

Mrs. Ruth Zorn, our pre-school Mother chairman, reported that on the evening of April 11 she called a meeting which was well attended by 21 mothers who seem very interested, and willing to cooperate in every way to help the teachers.

Following the interesting program refreshments were served by our hospitality chairman, Mrs. Karl Wehman, in the Kindergarten school room.

Editorial Note: The Plymouth Mail Want Ads bring results.

Civic Association To Meet May 10th

The regular monthly meeting of the Rosedale Gardens Civic Association will be held on Friday, May 10 at 8:15 p.m. at the Clubhouse. Members of the Livonia Township School Board will be present to discuss the facts and problems of our school situation. Due to the poor representation at the April 19th meeting, this presentation will be repeated. All residents of Rosedale Gardens, whether they are members of the Civic Association, or not, are urged to attend this most important and vital meeting. Following the meeting, refreshments will be served.

How to Get Rid of Cut Worms

Garden and flower injury from cutworms can be avoided, Prof. E. I. McDaniel of the Michigan State college entomology department, says spreading poison bait on the soil several evenings before setting transplants or just before seeding will get results.

Cutworms work at night and if the bait is spread late in the afternoon or early evening, it is more attractive. If spread early in the day it dries out before the caterpillars come out to feed. Cutworms winter as half-grown caterpillars and have ravenous appetites after their long fast.

Most of the early cutworms desire wilted food. To insure the next meal, they cut plants off below the surface of the soil and leave them until the next night. They destroy many times more plants than they consume, Professor McDaniel concludes.

The formula for poison bait may be found in extension bulletin 271, "Controlling Diseases and Insects on Garden Flowers" available from your county extension office or from The Bulletin Office, Department of Public Relations, Michigan State college, East Lansing.

At the present time there is no drug cure for tuberculosis. However, much research in that direction is being carried forward.

State Comment Of Interest

Secretary of State Herman F. Dignan is arriving at his office in the capitol unusually early these mornings. Reason: A nesting robin.

The bird built her nest inside the Dignan garage in East Lansing one warm, sunny day when the garage door had been left open. At night the Dignans lock the garage door, but they have to get up early every morning to open the door so the robin can get out and promote a breakfast.

The catch is this: The daily garage opening is a seven-day-a-week chore—Saturdays and Sundays as well as office week days!

Every seventh dollar in factory wages paid in Michigan normally comes from foreign trade.

That is the reason why Michigan lake towns, such as Detroit and Muskegon, are so active in the fight for the national seaway project. The movement has been recognized officially by the State of Michigan which created, some years ago, the "Michigan Great Lakes" Tidewater Commission.

Linking the Great Lakes to the Atlantic ocean through better canals along the St. Lawrence river, the seaway program would reduce freight cost of shipping Michigan-made goods to Europe, according to seaway proponents.

John C. Beukema, commission secretary, says the "bare cost of rail-water transfer at the Port of New York is \$2.75 per ton. By bringing foreign flag vessels into the Great Lakes, our shippers have enjoyed precisely the same freight rates as shippers on the Atlantic seaboard on some commodities and only slightly higher on others."

You can guess who is against the seaway. Yes: The railroads.

The publisher of a major daily newspaper in Michigan believes it would be economically feasible to deliver a daily newspaper into homes of subscribers by radio facsimile broadcasting for only 7 cents a day. The newspaper would rent out the facsimile receivers, service them with paper, and collect from subscribers weekly or monthly, as at present. The receiver would print sixteen pages, 9 1/2 by 12 inches, in 60 minutes.

Just one year ago a promotional campaign was launched at Lansing to stimulate Victory gardens as an important source of war-time food. Now, with the war over, a similar drive is getting under way under sponsorship of the Michigan Food Council. The office of civilian defense will be the spearhead. If the Mid-West were to experience a serious drought this summer—and meteorologists hint that one is overdue—the food situation would become more critical.

The Tally-Ho, popular drinking spot in Lansing, is contesting the right of the state liquor control commission to deny a renewal of its liquor license. For many years the club has been operated by a Lansing business man as a high class saloon. Admission was by a "membership card." Now dried up by the commission which insists that it should operate as a private club for benefit of its members, the Tally-Ho has filed suit.

Devotion to Mothers Inspired Observation of Special Day

Homage to motherhood goes back practically to the beginning of man. Even the ancient Romans had their form of Mother's Day—a festival held in honor of the mother-goddess, Hilaria. Temples were built in Hilaria's honor, and on her festival the Romans brought offerings to the temples.

With the coming of Christianity, men no longer thought of a mother-goddess, but of the Mother Church and the Madonna. In her they idealized all women, and offered her their prayers and devotion.

On Midlent Sunday, the fourth Sunday in Lent, it became the custom to take a gift to the altar of the church in which one had been baptized, thus paying homage to the Mother Church. But, as always, men could not think of a heavenly mother without thinking of an earthly mother as well, and some time before the 17th century, Midlent Sunday in England became known as "Mothering" Sunday.

On this day apprenticed young boys and the girls were permitted by their masters to return to their homes and spend the day with their mothers, taking a remembrance or trinket with them. If the distance home was too great for a day's visit, the children were expected to send letters of greeting.

The same veneration for motherhood that inspired "Mothering" Sunday inspired our American Mother's Day. The suggestion for our observance is credited to a Miss Anna Jarvis, who realized the universal beauty in the idea. She

brought her idea to the attention of church people in Philadelphia, and Mother's Day was first observed in that city in 1908.

In spirit, the messages of devotion conveyed by the Mother's Day greetings of today are not a far cry from the ancient altar offerings. The same deep affection, which prompted those boys and girls to send letters of greeting to their mothers prompts the Mother's Day card we send to "Mom" each year.

Annual income, available for emergency needs of veterans, is now \$1,100,000.

Highway department ferries at the Straits of Mackinac report more than 100 per cent increase in the number of automobiles transported in the first four months of 1946.

Willard C. Wichers, manager of the Tulip Festival this year at Holland which opens next Wednesday, is the brother-in-law of Mrs. Russell M. Daane, of Plymouth.

Mr. Wichers has been mentioned frequently of late in the country's newspapers in connection with the OPAs interference with Holland residents planning on renting rooms during the festival.

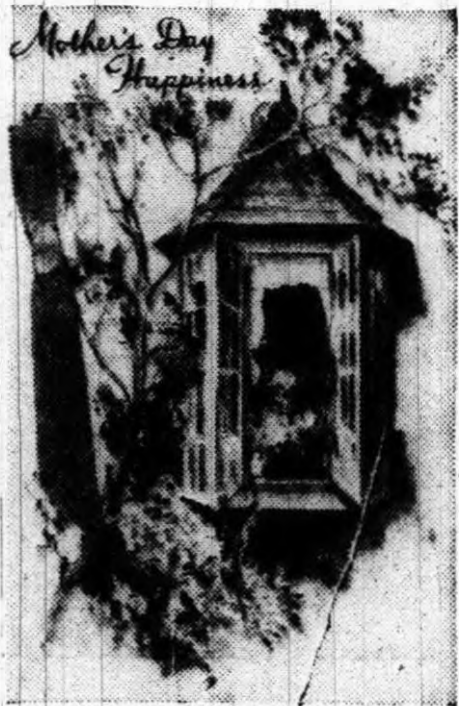

This year's festival is the first since the war and Mr. Wichers has had his hands full with trying to get some kind of order from the OPA permitting the renting of the rooms by home owners without coming under the rent control act.

Mr. Wichers, in addition to directing the huge festival, also is very active in Holland Relief work in Michigan.

After all the publicity the festival and the rent situation brought about by it have received, Mr. Wichers name should be as well known as President Truman's. Certainly his worries the past few weeks have been as great.

Paraffin waxes, first made from petroleum in 1868, now are being produced at six times the prewar rate as a result of increased demand for food packaging and waterproofing, especially for overseas shipments.

The trust fund will be administered by county committees of veterans. Each county will have four members each, representing the American Legion, Veterans of Foreign Wars, Disabled American Veterans and the American Veterans of World War II. Committeemen will serve with-

Nearly 14,000 Get X-ray Tests

More than 13,500 residents of Wayne, Dearborn, Inkster, Romulus, Redford, Garden City, and Plymouth township have taken advantage of the "early diagnosis" X-ray survey conducted since February 15 by the Wayne County Health Department.

Designed to find hidden, symptomless cases of tuberculosis and silicosis among normally healthy people, the case-finding service has reached the following groups: Wayne 1107; Dearborn 6248; Inkster 2854; Romulus 539; Redford 684; Garden City 653; and Plymouth township 1467.

Cooperating in this free service to students and adults are the TB and Health Society of Wayne County, city health departments, school personnel and public health nurses.

While positive findings in the 13,552 examined have not been evaluated, it is known that active cases have been discovered among factory workers, several teachers and students, office workers, and housewives.

The remaining schedule for the survey is as follows: Belleville, May 8-10, with equipment set up in the high school; Flat Rock, May 13-14, with equipment at high school; Trenton, May 15-17, at high school; Wyandotte, May 19-20, at high school, with other locations to be selected in the community during the May 21-21 period; Ecorse-Hyacinth Court Homes project June 3-7; Grand Port Homes Project, June 10-11; River Rouge-Northrup School, June 12-14; Detroit House of Correction and Wayne County Training School starting June 17.

The surveys are community-wide and entire family groups are urged to have the test.

In Sioux City, Iowa, a ball-room manager banned jitterbugging, explained to outraged hep-cats: "The restriction is not the result of vibrational damage to the building. It is due entirely to complaints of patrons who were subjected to bumps, kicks and collisions."

Hopes To Be Back Here Soon

John S. Johnston, a Plymouth youth who is serving on a Coast Guard transport that is operating in both the Pacific and Atlantic, writes The Mail that he hopes to be out of service soon and back in good old Plymouth. His letter follows in part: "This is the first opportunity I have taken to write and tell you through three long years I have been in the service how much I enjoyed reading the many editions. "I wish to express my deep appreciation for sending me the Mail, in far off places it sure is a pleasure to hear what the town's people are doing and many of the articles proved very interesting. "I have also read where many of the Plymouth boys have been discharged from the service, it also mentions the men that lost their lives in World War II. Plymouth certainly gave their shares of lives to the cause of Democracy. "I think that those who gave their lives did not do it in vain, America has always been and will continue to be the greatest and most independent country in the world, as long as we claim that honour no American died in vain. "I deeply sympathize with the mothers and fathers whose sons did not come back, they did a terrific job. "I am on a Coast Guard-manned Troop Transport engaged in taking troops to and from the China-Burma-India, and the European theatre of war. It really gets tiresome but I get to see many different countries and interesting sights but you just can't compare them with the States."

Legion 9 Defeats Cloverdale 13 to 6

The Passage-Gayde Legion post nine upset all pre-game forecasts by handing the Cloverdale Dairy ball club a stinging 13 to 6 setback last Sunday at Riverside Park. Both clubs are playing in Class A circles this season. Because of their performance last year in the Michigan Inter-County League, the Cloverdale club was expected to take the veterans into camp easily. Cloverdale's outfit tried desperately to do it but just like the defeated armies of Europe and Asia they found the veterans were unbeatable. This week-end the Passage-Gayde nine will engage the Fluchey Insurance club from Redford. The game starts at 3 p.m. Sunday at Riverside Park. The Fluchey outfit dropped their opener last week to Amazo of Wayne. The Plymouth Mail Want Ads bring results.

Mother's Day Is Every Day

COKE CROWD CAPERS
 (by Kathleen Bloxson)

At 8 p.m. Saturday, Ruth Balkema had a pajama party entertaining some of her friends, who were: Joan Hesley, Barbara Goodbold, Aline Burns, Sally Holcomb, Margaret Chaney, Gerry Krause, Beverly Balsley, Pat Niseley. They had a midnight lunch of potato chips, cheeseburgers, relishes, cream puffs and punch, and got to sleep at about 4 a.m. Sunday morning. Their breakfast consisted of muffins, scrambled eggs, and cocoa with whipped cream. Sunday the Presbyterian Senior-Hi Fellowship met at the church at 4:30 p.m. and from there went to Riverside Park where they had their picnic lunch. They returned afterwards and Rev. Welch led the devotions. Next week the Young People plan to go to the Music Hall in Detroit to hear the Ford Sunday Evening Hour. The Methodist Youth Fellowship received their gold crosses to try and sell, each person taking a dozen. Rev. Sanders finished his talk on "Holy Week Observances" and discussed how other churches observe Holy Communion and other Sacraments. Next week, they have a picnic planned with Doris Oldenburg as chairman of devotions. Edward DeLoy, whose riding plans were dampened last Saturday has turned the plans to Cynthia Baker for The Trail Dust Riders. Fire losses in the United States in January were estimated to be \$4,943,000.00 — an increase of \$4,943.00 or 11 percent over the loss for the same month in 1945. It is noteworthy that this is the highest on record since the National Board of Fire Underwriters has been recording monthly fire losses. If you have anything to sell or rent, try a Plymouth Mail want ad. They bring results. Phone Plymouth 6.

Starkweather PTA Lists Final Meeting

The Starkweather Parent Teacher Association will meet in regular session in the school auditorium at 7:30 p.m. next Thursday, May 16. The program is to be presented by the Girl Scout and Brownie troops that are sponsored by the association. Principal speaker for the occasion is the Rev. Henry J. Welch, Presbyterian pastor here. This will be the last meeting until next fall. All members are urged to attend. Refreshments will be served after the program. In Portland, Ore., Robert Kuhn advertised in the Oregon Journal: "Veteran, wife, 10 dogs, 3 female cats, alligator, desire small furnished apt. We drink, smoke, stay up all-night beating kettledrums." He got 25 offers.

Lapham Corners

Mrs. Russell Knight attended a luncheon at Bottsford Inn last Tuesday given by the Detroit Tuesday Musical Choral group. Mr. and Mrs. Leonard King and Glenn Kaiser visited at the Elmer King home Thursday evening.

Mrs. Kenneth Easlick of Ann Arbor was a Sunday evening visitor at the John Van Aken home. Mrs. Russell Knight and daughter Verlyn, attended the Mother and Daughter reception at the Church of Latter Day Saints in Detroit Friday evening. Mr. and Mrs. Sylvester Kranz attended the wedding of her cousin, Mary Theresa Ossenmacher and Frank Katyk at Dearborn Inn last Saturday evening. Little Cheryl Ritchie, daughter of the Dr. Ritchies of South Lyon, spent Friday with her aunt, Mrs. Dan Barrett.

The measles finally reached Lapham Corners and four cases have been reported this week. Mr. and Mrs. Frank Davis had as supper guests Wednesday evening, Mr. and Mrs. Raymond Ash of Ann Arbor.

John Brown and Truman Jewell of Cheboygan spent Sunday night at the Albert Brown home. Mr. and Mrs. Clarence Smith and Barbara, Mr. and Mrs. Floyd Smith of Ann Arbor were Monday evening visitors at the Burton Rich home.

Mr. and Mrs. Fred Crew and children were Saturday evening visitors at the home of Mr. and Mrs. Glen Smith. The Poultry and Rabbit clubs of 4-H met at the home of their leader, Ernest Smith last Tuesday evening.

The Fly-up group of Girl Scouts will have their first meeting at the home of Marian Rich next Monday evening at 7:00. The committee to plan the Lapham School picnic met at the home of Mrs. Dan Barrett Monday evening. The date for the picnic has been changed from May 17 to Wednesday, May 22. Mr. and Mrs. Eddie Artman and family were Sunday visitors at the Sylvester Kranz home. Mr. and Mrs. Robert Roberts and family spent Saturday evening with Mr. and Mrs. Albert Brown.

Mr. and Mrs. Frank Davis entertained her parents, Mr. and Mrs. Wall at Sunday dinner. Afternoon visitors were the E. L. Davis family and Mr. and Mrs. Raymond Ash of Ann Arbor. Seventh and Eighth grade examinations were completed this week. Mrs. French attended a special teachers meeting in Ann Arbor Tuesday afternoon. Sgt. and Mrs. Richard Whittaker left Friday morning for Fort Lewis, Washington, where Sgt. Whittaker is to be stationed. Mr. and Mrs. Orlyn Whittaker, Mrs. Clough of Ypsilanti and Beth Smith were Sunday supper guests at the Glen Whittaker home.

Sunday visitors at the Ward Griswold home were Mr. and Mrs. Arthur Phillips, Mrs. Madeline Darragh of Detroit, and Elmer Bennett of Salem. Mrs. Donald Clement of Napier road has been quite ill the past few days. Her sister, Evelyn, is taking care of her while she is confined to her bed. Mrs. Mae Tait of Plymouth, Mr. and Mrs. Nelson Bender and Peggy of Worden were Sunday afternoon visitors at the home of Mr. and Mrs. Glen Whittaker. Mr. and Mrs. Burton Rich visited the Ernest Henrys in Plymouth, Saturday evening. Little Virginia Blunk, daughter of Clyde Blunk of Harrison, is spending a few weeks with her grandparents, the Elmer Blunks on Gottfredson road.

"We Welcome Investigation"—So Let's Have It.
Some months ago a special legislative committee investigating the necessity of enacting legislation for the regulation and control of timber cutting on private owned lands, conducted a series of hearings in the Upper Peninsula.

Gordon Corners of Wakefield appeared before the committee and volunteered: "I think that through the state of Michigan during the past five or six years there has been a scandalous affair going on and that is the sale of state lands. I don't know how any department or any government agency could have done the state of Michigan a greater injury than has been done during the last five years. I will challenge the Department to show me where they have sold timber lands in the Upper Peninsula in the last five years where they got over 25 percent of the value, and for each one of these cases where they did not get over 10 percent of the value. In fact, when I appeared before your committee in Lansing, a man came up to me afterwards and thanked me for exposing the scandalous timber sales in the Upper Peninsula, which, he said, have become a laughing matter."

A Mr. McIntyre, apparently representing the Conservation department at the hearing, asserted that "you cannot look at one little spot and judge what is going on, but as that particular spot is, we welcome any investigation to see what is going on."

We haven't heard of any one up in Lansing doing anything about an investigation into these serious charges. But it would appear that the time is at hand to make a real inquiry into the sale of timber from state owned lands. There have been plenty of rumors, but when it comes to doing something to get at the facts, it seems that nothing is ever done.

Here's something for the numerous conservation clubs about the state to take up and see if the real facts cannot be brought to light.

Orchard lake, which was opened to public fishing a few years ago as the result of the enactment of the Eaton measure providing for public access to many lakes and streams in the state, has been planted with trout, some of them legal size. But fishing on Orchard lake will not open until June 25. The next time you happen to drive to Pontiac, take the Walled lake road, up along the south side of Straits lake, and a short distance this side of Keego Harbor you will note the public fishing entrance to Orchard lake. The place has been made into a most attractive lakeside park, but designated exclusively to the use of fishermen while fishing in Orchard lake.

According to an announcement sent to newspapers by the Conservation department, bog lands of Proud lake state recreation area near Milford may be the first piece of state owned ground dedicated as a plant sanctuary.

Representatives of both the Michigan United Conservation Clubs and the Michigan Wildflower association, led by Marjorie Bingham of Cranbrook Institute of Science, are participating in the survey of this little known Oakland county spot. Rare Michigan orchids are found here, as well as a great variety of native plants in a scenic setting. The area is valued for its scientific and educational qualities, as well as for its natural beauty.

Recommendations by the committees will be presented to the parks and recreation division of the conservation department, which is now developing a chain of recreation areas in southeastern Michigan. Dedication of the area to be preserved will require formal action by the state conservation commission.

The move to preserve the few remaining unspoiled "islands" of native Michigan plant habitat began four years ago.

Digging through a file the other day we came across a clipping pertaining to the name of Michigan. Its a sort of rambling jumble, and talks about the name of Michigan as being "distinctly native."

But there is a bit of interesting historical data in it, and therefore it is being reprinted as follows:

The origin of the name "Michigan" is distinctly native. It is one of the few remaining Indian names left to us—a symbol of the people who once inhabited this region. Its origin is found in the Algonquin root of the American Indian languages. In the early writings and reports of the Jesuit missionary Fathers, the locality which the State now occupies was referred to as "Machihiganing"—"Michigany"—"Mishigane"—"Mechigani"—"Michigami." These early and different spellings all related to the same spot, that great body of water lying west and east of the peninsula which is today called Michigan. The first syllable of these spellings is similar, and Indian dictionaries compiled a century ago give the meaning of "Michi" as "great," "large," "vast." The second syllable, the Indian word "gan," is harder to trace. Although there are many theories as to its origin, all agree that it refers to "lake" in some way. Appropriately enough, this State with its many lakes was named "Michigan," meaning "great lake."

Michigan's nickname, "Wolverine," has an unknown origin. Some historians maintain that early settlers found many of these animals in the state. However, naturalists have tried without success to find any reliable evidence of a wolverine being in Michigan. How it came to be known by that name is a mystery; nevertheless, for many decades Michigan has been known as the Wolverine State.

High ranking conservation officialdom never say much about how and why Michigan happens to have a pretty good conservation department. Maybe it's because they hate to give former Governor Alex Groesbeck credit for creating the establishment.

Previous to his administration, the state's only "game men" were law enforcement officers concerned with commercial and sport fishing and stream pollution, the conservation department's game division, on the department's silver anniversary, can count two major accomplishments: game has come into its own as a separate administrative unit; and hunters have been assured places to hunt, asserts a recent conservation department statement.

Conservation officers have taken over the law enforcement duties of the old wardens, permitting the hiring of highly trained specialists who give all their time to management of the land for better game production and to finding out the facts for increasing game supplies.

To meet the needs of an army of small game hunters that grew from 245,000 to 600,000, and of deer hunters who increased from 37,000 to a quarter of a million, the game division upped its land holdings from eight "preserves" totaling less than 50,000 acres to 44 state game areas of 1,300,000 acres. Public hunting is now assured, besides, on 2,000,000 acres of state forests, more than 2,000,000 acres of national forests, and 800,000 acres of other state lands. In 1921 the need for state ownership of deer yards was recognized. Now the state owns more than 100,000 acres in 118 of them.

Twenty-five years ago elk, moose, caribou and even reindeer were unknown quantities requiring investigation. The one-buck law was hailed as the "most constructive single piece of (conservation) legislation on our statute books." The pheasant was getting established and artificial propagation of ruffed grouse and prairie chicken attempted.

In 1921 protection for the cottontail rabbit had to be defended. The end of spring shooting and the federal migratory bird treaty got credit for a comeback among waterfowl. Among furbearers, protection was recommended for the muskrat.

Through the old records there is a cautious note of hope to maintain game supplies for the hunting pressure of that day; no hint of the job of maintaining the sport for the additional hundreds of thousands of hunters seeking it here a quarter century later.

From here on, we wonder why the department didn't continue on and say that beginning with 1921 Michigan came into its own in facing conservation problems.

Or would that be giving too much credit to Alex Groesbeck, the man who did more for conservation than any other official Michigan ever had?

Some day some one will delve through the records and come forth with facts and figures revealing the amazing basic work that Governor Groesbeck did in placing Michigan first among the nations in conservation progress.

"Michigan and the Old Northwest"

The habitants were chiefly employed in trade, with its basis in furs.

Dwelling on a ribbon farm, a family might also have a house inside the fort.

The habitants were gay and high spirited. River racing was a winter sport.

Old folk yarns and frontier gossip or singing were after-dark diversions.

April Building Permits Pass \$200,000 Mark

Construction in Livonia Township is continuing at a rapid pace with 64 building permits issued in April. Twenty-four of these permits were for garages and additions to homes and twenty-nine were for new homes, garages and small businesses.

Walter H. Nordman of Farmington is to build a cinder block home on Fitzgerald between 7 and 8 Mile Roads with the cost to exceed \$6,000. V. R. Schrader was issued a permit to build a frame home on Merriman between 6 and 7 Mile Roads to cost \$7,000. F. E. Welton of Livonia is to build on Anglin between Pembroke and 7 Mile Road and the house is to cost \$7,000.

J. W. Stinson of Lincoln Park has a permit to build a brick and block home on Bassett Drive costing \$7,000. Sidney Knight, Inc., of Highland park has a permit to build a \$5,000 cinder block home on Broadmoor. A. J. Pearson is to build a \$9,000 frame home on Haggerty located between 6 and 7 Mile Roads. D. Combs has plans for a block and stone store located on Plymouth

Fresh Horse Meat Boneless

Road between Merriman and Middlebelt.

Alfred J. Myers was issued a permit for a frame home to be located on Brookfield between Schoolcraft and 5 Mile Road. Mr. Myers is from Plymouth and the house is to cost \$6,500.

L. A. Smith of Detroit was issued a permit by Everett Mason, Township Building Inspector, to build a \$7,900 block home on Greenland. Al Ammon of Plymouth is to build a brick veneer home costing \$8,500, which is to be located on Brookfield between Farmington and Merriman roads. Wallace Nelson of Livonia has a permit to build a frame home on Laurel costing \$6,000.

Joseph Sergi plans to build a \$18,000 brick and block store and office building on Middlebelt between Joy and Dover. Charles Oppermann of Plymouth was issued a permit to build a \$12,000 cinder block home on Richfield between Schoolcraft and Perth. William Seely, of Plymouth, permit calls for a brick veneer \$8,000 home located on Rayburn situated between Merriman and Henry Ruff. Another Plymouth man, Joseph Roose's permit states that his building is also to be a \$8,500 brick veneer home, situated on Plymouth Road between Bassett and Newburg Lake.

Orr Brothers are to build on Shadyside between Curtis and 7 Mile Road. This house is to be brick veneer costing \$6,500. Nellie McGinnis of Plymouth is building a \$10,000 home on Ann Arbor Trail just west of Wayne Road. This residence is to be of cinder block.

A. Jeffrey of Detroit is building a frame \$6,700 home on Harrison. Harry Pinson of Detroit plans to build a \$5,500 cinder block home on Foch. Arthur Holland is to build a brick veneer \$6,500 home on Cavour between 5 Mile and Elsie Street. C. C. Brown has plans calling for two \$5,000 frame houses located on Inkster Road.

Walter Doktor of Detroit plans call for an \$8,000 brick veneer home located on Ingram in Rosedale Gardens. Walter Metzner's permit calls for an \$8,000 brick veneer home on Stark Road between the railroad and Schoolcraft. He is from Detroit. Frank Segler has a permit calling for a block and brick store on Middlebelt between Joy Road and Dover. L. E. Roed was issued a permit to build on Myron situated between Clarita and 7 Mile Road, which is to cost \$6,000. Arthur Meloche of Livonia is putting up a brick-and block store

costing \$4,000 located on 7 Mile Road between Deering and Inkster Road.

J. Schroder of Detroit was issued an April permit for an \$8,000 frame home on Plymouth Rd. G. Peirson who now lives on Merriman Court was issued a permit for another home this one to be a frame \$6,000 house. Irvin and Stanley Geer have started construction on a brick and block \$9,500 gas station located on Ann Arbor Trail at the corner of Wayne Road.

Sixty one building permits were issued in March totaling \$82,000 as against 64 in April totaling over \$200,000 and sixteen in February. The trend seems to be "move to the country" or at least get out of Detroit.

Commencement Set for June 11th

Plans for a Commencement graduation program are now being formulated by the Livonia Junior High which is to be held in the Newburg Hall, June 11th at 8:00 p.m.

Student committees are now developing a number of their own original skits with the theme of this year's program, "Protect Livonia's Future" or stated another way "Better Schools Make Better Citizens."

These skits will illustrate how Livonia Center and Newburg Junior High Schools through their various activities in and out of class develop good citizens.

If you have anything to sell or rent, try a Plymouth Mail want ad. They bring results. Phone Plymouth 6.

Warn Again on Use of Fire Phone

Another request has been made by the Livonia Fire Department that people do not make a call on the Fire Department number unless they are reporting a fire. It makes it very inconvenient and confusing for the four families of firemen who have a telephone in their home that rings the same time the Department phone rings.

If you want the police department, call the Township Office, the Sheriff's Department or the Michigan State Police. Chief Roberts phone number is Livonia 2556. Please do not dial the Fire Department number unless you wish to report a fire or discuss fire department business.

Blyton Tells of Living Conditions In England

John Blyton, recently returned from England, was guest speaker at the Rotary club last Friday. His talk told of conditions in England and was most interesting. The talk by Mr. Blyton was his third on the same subject during the week. He spoke before Plymouth's Hi-12 club on Wednesday evening and the Rosedale Gardens Womens Club on Thursday evening.

Mr. Blyton told of the terrible living conditions in practically all English cities. The food shortage is most acute and people are forced to visit tea rooms and hotels at tea time and in the early evening to secure tea and biscuits to supplement their home menus he said.

Rationing in England is much more severe than here Mr. Blyton said. The average person there gets what would amount to 28c worth of meat once each week and though fish is not rationed it is difficult to secure. There are no fresh fruits available and shoppers secure nothing wrapped. An English law forces people to furnish their butcher wrapping paper for each purchase before he can give them their ration of meat.

The clothing situation in England is also acute and when Mr. Blyton left England residents were allowed 14 coupons for six months clothing purchases. A lady's spring coat costs 20 coupons and with present clothing values 14 coupons would furnish only about 1/2 of the items a woman would need to dress in order to be presentable for the street in mid-summer.

The speaker said that England had just recently adopted a new Educational policy and that children instead of being required to go to school only to the age of 15 years may now go to the age of 16. Children between the ages of 16 and 18 are given the privilege of going to school one-half day each month or 12 half days per year for the two year period.

Mr. Blyton carried the greetings of the local Rotary club to the Plymouth, England Rotary club and conveyed the offer of the local club to do something for the residents of Plymouth, England. An appeal was made by the English club for clothing for the 18,500 residents of that city who since the war have been making their homes in barns, churches and basements. A clothing collection for that club will be announced by local Rotarians at an early date.

Henry Ford Looks Better

Henry Ford, the motor magnate, looks a "heap better" than he did when he went to his Georgia plantation near Richmond Hill in that state, according to one of his plantation workers. Ford is now 84 years old, but he is still keenly interested in experimentation in all lines, especially crops.

"You ought to see him get around the plantation," the plantation worker said. "He'll go over to the school at recess time and all the young ones take out after him like biddies running after a mama hen. They're crazy about Mr. Ford."

As for his neighbors — well, they have found that Mr. Ford is just another farmer and that means they think he's all right.

The plantation, under management of G. F. Gregory, is experimenting with a celery crop this year. Gregory said he was putting in 14 acres of celery which should be marketable in June when celery is scarce on the market and brings a good price.

The Ford farm has 200 acres of lettuce just beginning to head up. An oyster ranch on the lower part of the plantation is producing

Upholstery . . . cleaned like new! Moth Proofing Rug Cleaning All Work Guaranteed ALLEN'S SERVICE Phone 360 855 Penniman In the Rear

ing again this year, the first time in several years since the beds were ruined by a fresh water flood.

Although he has recently sold some of his farms, Mr. Ford has maintained an interest in agricultural experiment for many years. He has helped develop many plants that could be used for rubber, for plastics, and other industrial purposes. Through the years he has continued to search for new crops and new uses for those crops. Exchange.

Local Soldier Works on Tests

James L. Heller, son of Mrs. Lela A. Heller of this city, who before entering the armed forces of Uncle Sam was employed in Ken Groth's restaurant, is now stationed with the 279 Coast Artillery in the Aleutian Islands.

The Plymouth lad is associated with a battalion that is at present engaged in a development program on guided missiles that have a very great influence on future military operations.

An example of a guided missile is the German V-2. Guided missiles offer the advantage of greatly increased range over conventional field or anti-aircraft artillery. The V-2 range is about 200 miles. It travels faster than the speed of sound and so gives no warning of its approach.

The Germans used V-2s in the place of bombers in attacks on

London and continental invasion ports. The Japs, unable to solve control problems, included a suicide pilot in their "Baka" bombs.

Guided missiles offer an entirely new field in the weapons of war. Their present state of development is comparable to that of the airplane at the end of World War I. First physical contact with the moon or other planets may well involve the use of a guided missile as some types are capable of operation beyond the earth's layer of air.

The V-2 is a German weapon. It was developed by them during the period 1936-1944 as a long range artillery weapon. It was first fired against the Western Allies in October 1944. Several thousand were fired against London and the Continental Invasion ports. The name "V-2" was given it by Hitler who meant it as a "Vengeance weapon." It is a weapon which can go seven times as high in the air as an

In Bernardsville, N. J., James Adams, as research on "How Gullible is the American Public?" wrote to Westchester County housewives offering trained apes as inexpensive, silent servants, got a few enthusiastic inquiries.

HONOR MOTHER

She's a Veteran Too

May 12 is Mother's Day—the day we extend our greetings to the mothers of America. This year we are paying special tribute to the gallant mothers who so ably served during the war by giving their sons to the cause of freedom; expending their every effort on the home front; remaining cheerful and hopeful during the dark and bleak years. Many sons are with their "Moms" this Mother's Day. There are mothers, too, wearing gold stars. But all mothers everywhere are gladdened and joyful because Peace is here. With honor, love and devotion, we remember Mother this day—she's a veteran, too!

Even Though We Do Not Carry Gifts For Mother..

We would like to take this opportunity to express our appreciation to all the "Moms" who have made our store their headquarters for buying gifts for their men . . . husbands and sons.

We do appreciate and thank them for remembering that we have the most complete stock of Men's clothing and accessories, and extend to them our invitation to buy here where quality is never sacrificed for price.

School News

STANLEY BURDEN HAS 30-DAY FURLOUGH

Stanley Burden, mayor for the first semester of last year, was home on a 30-day furlough from the Army. He has been in Camp Grant, Illinois, for the last seven months working in an office. While working in the office he met "Skippy" Horie, who graduated with Stan last year. Skippy also worked in the same office. Stan enlisted in the Regular Army for one year and leaves for Fort Sheridan, Illinois, when his furlough is over. Stan has figured out to the exact date when he gets out—May 11, 1947. When asked how he likes the Army he said he has not had much experience in it yet as he had not had to stand many inspections and his training has been pretty easy.

YPSI CENTRAL WINS OVER PLYMOUTH

Facing their third defeat in four starts Ypsilanti Central defeated Plymouth last Thursday, March 2, by the score of 67-37. This meet was the closest meet Ypsilanti has had this year. In all of their other meets the most points that other teams have made against Ypsi was 26 while Plymouth came out with 37. Plymouth gave Ypsi its fastest track meet, two boys collapsing from near exhaustion. Donald MacGregor from Plymouth collapsed just after finishing the 440 yard dash and was disqualified since he swerved from side to side and would not let Washington from Ypsilanti pass. Johnston from Ypsilanti collapsed in the half mile at the finishing line just after Jean Thompson passed him. He got up and finished second.

Robert Brink Came through again and won the mile with the time of 4:48.8, about one second off from our school record. The track team has confidence that Bob will break the school record before the season is over. Shot Put—Dasher Y. Gardner P. Tower Y. Distance 40 ft. 11 3/4 inches. Broad Jump—Perry Y. Terris P. MacGregor P. Distance: 18 feet, 7 inches. High Jump—Walker Y. tied for second and third, Terris P. and Litsenberger P. Height 5 feet. Pole Vault—Tower Y. tied for second and third, Wisley P. and Parks Y. Height 9 feet, 6 inches. High Hurdles—Peters Y. Spargur P. Crane P. Time 18.5. 100 yard dash—Perry Y. Walker Y. Pankow P. The myth that tuberculosis is nearing the point of being conquered has received two rude shocks of late. The first is the discovery of tens of thousands of unsuspected cases through mass X-ray surveys. The second is autopsy proof that the infection rate has not lessened proportionately to the decline in mortality.

ROCKS NOSE OUT YPSI WITH 2-1 SCORE

Terry Hitt, a righthanded Junior, became Plymouth's top pitcher with his one hit performance against Ypsilanti, Tuesday, April 30. This victory gave the Rocks a 1-0 standing in the league and a 1-1 record in games played.

There was little excitement until the fourth inning when Jacobs, the Ypsi shortstop led off with a single, their one and only hit, stole second, advances to third when Newstead threw the ball into center field, and raced home when Rutenbar's toss got past Dobbs at third.

In the fifth the Rocks came right back to tie up the score. Groth led off with a single, took second on an error, and went down to third when Newstead hit a deep short. With Hitt up at bat Ypsi tried to cut off Groth at the plate but failed.

With the score tied at the beginning of the seventh Plymouth came through with the last and winning run of the game. Allen got a base hit, stole second, took third on a pass ball, and scored on Newstead's single. This ended the scoring for the afternoon with the Rocks on the long end of the 2-1 score and Hitt chalking up a winner.

LATIN PROFESSOR VISITS HIGH SCHOOL

"I found your Latin classes very interesting and I was very pleased with the wide awake character of the students. I felt they were doing very excellent work and that Plymouth High School is very fortunate in having such a lively department. In fact the spirit of all Plymouth pupils seemed alert and commendable," commented Dr. James E. Dunlap when interviewed. Dr. Dunlap, a noted authority on Latin visited school May 2, coming from the University of Michigan. His visit is a part of a larger program sponsored by the Latin department to try to determine the amount of correlation between the teaching of high school Latin and of college Latin.

RESERVES TAKE IT ON THE CHIN

The Rocks' reserve team lost its first baseball game of the season Monday afternoon, April 29, to Farmington, 7 to 6. The game was played on the new diamond behind the school. Before any degree of success can be attained on this field, an old tree stump shall have to be removed from the outfield. This is certainly a hindrance to the outfielders.

Bill Perkins chucked all the way for the Rocks, as did Horvath for Farmington. Both pitchers were handicapped by several errors made on each side. Both pitched well, however.

The game was a six-inning affair. The Rocks' 6th-inning rally came within one run of tying the game. Allen smacked a homer for the Rocks in that inning. There was also a home run by Bertin of Farmington.

Tuberculosis is the leading disease killer in the 15-45 age group.

HOMEMAKING GIRLS VISIT M. S. C.

Several girls from Miss Lundin's homemaking II and III classes attend the 10th annual Home Economics Day for High School girls at Michigan State College on May 2, 1946. The girls visited many different buildings on the campus and skits, exhibits, talks and style shows were planned for the girls. Those who attended were: Vivien Anderson, Reva Hopper, Laurel Thompson, Edna Newton, Joanne Miller, Virginia Wellbaum, Wilma Smith and Leona Hamlin. There were 1300 girls who attended the conference from all parts of Michigan and especially the lower peninsula.

FRESHMEN COP FIRST GAME 9-4

The Plymouth Freshmen won their first game of the baseball season Wednesday afternoon, May 1, turning back Farmington by the score of 9 to 4 in a six-inning tilt.

Jack Scheel went all the way for the Freshmen, allowing but six hits. He had a shutout until the last frame when Farmington pushed over four tallies. This was mostly the result of bad fielding support. Jim MacDowell was the hitting star for the Rocks with three hits. The Freshmen looked very good, until that last inning. They had hitting power, good pitching and fielding.

ANNUAL CONCERT IS BIG SUCCESS

The Annual Spring concert of Plymouth High School was held May 2, 1946 at 8:00 p.m. in the high school gym under the direction of Mrs. Jeannette Estep and Mr. Clarence Luchtman. An unusually large crowd turned out and filled the gym to its capacity. The audience's tastes in music were well taken care of as various people mentioned they liked different pieces in both the vocal and instrumental parts of the program.

A collection to secure money for the purpose of paying for the band uniforms was taken and the total amount collected was \$105.

The ushers under the chairmanship of Barbara Weed and Laurel Thompson were as follows: Helen Henderson, Caroline Roien, Marie Duthoo, Bev Brown, Barb Ann Daniel and Margaret Plummer. During the playing of the band's selection, "I'm Forever Blowing Bubbles" bubbles were blown over the stage as Mary Ann Cyk, Mabel Vickstrom and Jackie Bothwell sang.

HOMEMAKERS VISIT SHOE REPAIR SHOP

The students of Miss Lundin's first hour Homemaking III class visited Mr. C. H. Treadwell's shoe repair shop in Willowby's shoe store on May 1, 1946. Mr. Treadwell showed the students many different leathers and the best ones for soles of the shoes. He also took a lady's and a man's shoe apart and explained the construction of each of the various parts.

ROCKS ROUT TRENTON WITH 13-3 SCORE

The Plymouth Rocks rolled to their second consecutive league victory over the Trenton nine last Tuesday, 13-3. The game was played under a cloudy, threatening sky and with a cool wind sweeping the field.

The first scoring was done by Trenton as they took the lead in the first half of the second, 3-0. Plymouth managed to work in one run in the last half of the same inning, and the game took on the aspects of a tight contest. This idea was soon to be abolished, however, for in their half of the fourth, the locals made six runs on 3 hits and a number of errors, dominating the scoring from there on in.

Going into the last inning, Trenton had managed to get only one hit, and it looked as if Bentley was going to duplicate Terry Hitt's one hitter against Ypsi last week. However, two singles spoiled this.

With this victory many of our school predictors are anticipating a good season for the baseball squad. The Rocks are now leading the league with 2 wins and no losses, and it seems likely that with good school support the locals will be near the top when the season closes.

The totals: Plymouth: 13 runs, 10 hits, and 2 errors. Trenton 3 runs, 3 hits, and 9 errors.

NIGHT AND DAY

Greyhound plays a vital part in the Life of Plymouth

Twenty-four hours a day—throughout the year—Greyhound serves our city and our state . . . providing continuous highway transportation that benefits everyone.

Big, comfortable buses operating on time-saving schedules, offer the convenience of "door-step" transportation service . . . to the factory, to the farm, to the office. These same Greyhound super coaches cruising over scenic routes, carry passengers to pleasuredlands all over the nation. Work or play, Greyhound serves our people twenty-four hours a day.

This vital, uninterrupted service provides steady wages for Greyhound employees and brings new business into our town. It helps build a happy and prosperous community.

Greyhound truly shares in the life and interests of the people it serves.

No. 378,374

ORDER APPROVING REPORT
OF AVAILABILITY OF DIVI-
DENDS AND PROVIDING FOR
ESCHEAT OF UNCALLED FOR
SUMS

At a session of the said Court
held in the Court House in the
City of Detroit, County of Wayne,
State of Michigan, this 19th day
of April, 1946.

PRESENT: THE HONORABLE
JOHN V. BRENNAN, Circuit
Judge.

Upon reading and filing the Re-
port of Availability of Dividends
and Uncalled For Sums and Pe-
tition for Escheat, heretofore fil-
ed in this court and cause, from
which it appears that Depositors
Liquidation Corporation, plaintiff
herein and Plymouth United Sav-
ings Bank, its agent, have given
notice of the availability of the
trustee's final liquidating divi-
dend, by publication and by mail-
ing, heretofore entered in this
Court and cause on July 26, 1945,
and from which it appears that
certain beneficiaries of the trust
which is the subject matter of
this suit and who were entitled
to a dividend under the terms of
said Decree have not called for
or demanded their dividend
within the period provided in
said Decree.

IT IS HEREBY ORDERED
that the acts of Depositors Li-
quidation Corporation, plaintiff
herein, and Plymouth United
Savings Bank, its agent, in giv-
ing notice of the availability of
the trustee's final liquidating
dividend by publication and by
mailing, heretofore entered in
this Court and cause on July 26,
1945, and from which it appears
that certain beneficiaries of the
trust which is the subject matter
of this suit and who were entit-
led to a dividend under the terms
of said Decree have not called
for or demanded their dividend
within the period provided in
said Decree.

IT IS HEREBY FURTHER
ORDERED that the acts of De-
positors Liquidation Corporation,
plaintiff herein, and Plymouth
United Savings Bank, its agent,
in making available and paying
the trustee's final liquidating
dividend be approved and ratif-
ied, said acts being pursuant to
and in full compliance with the
appropriate terms of the Decree
heretofore entered in this Court
and cause.

IT IS HEREBY FURTHER
ORDERED that unless the bene-
ficiaries named in "Exhibit 5" at-
tached to the said Report of
availability of dividends and
Uncalled For Sums and Petition
for Escheat, or their successors
in interest, who have not re-
ceived their dividend shall call
for or demand the same within
sixty (60) days from the date of
this order, said dividends (in-
cluding those concerning which
inquiry has been made but which
have not been paid because of
lack of proof of right to payment)
will be escheated to the State
of Michigan, and Depositors Li-
quidation Corporation, plaintiff
herein, and Plymouth United
Savings Bank, its agent, will be
relieved and discharged of all
further liability in connection
with the distribution and pay-
ment of the trustee's final li-
quidating dividend.

IT IS HEREBY FURTHER
ORDERED that notice of the en-
try of this order and of the
escheat of the uncalled for sums
at the end of the sixty (60) day
period shall be given by publi-
cation of a true copy of this order
once each week for six (6) suc-
cessive weeks in the Plymouth
Mail, a newspaper printed and
published in the City of Plym-
outh, Wayne County, Michigan,
and by publication at least once
of a complete list of the names
of all beneficiaries appearing in
said "Exhibit 5".

IT IS HEREBY FURTHER
ORDERED that upon the expira-
tion of the sixty (60) day period
herein fixed, and upon the filing
with this Court of an Affidavit
of Publication of this order as
herein provided, that an order
will be entered in this Court di-
recting Depositors Liquidation
Corporation and Plymouth United
Savings Bank, its agent, to
deliver all uncalled for funds to
the Michigan State Board of
Escheats.

BARBSON

Babson Discusses "Crabbing"

Babson Park, Mass., May 10.— Compared with any other land on earth, we, the people of North America, now are sitting on top of the world. Relative to any former period, we today have the greatest opportunity, both as to current conditions and future prospects. When you tune out the radio croaking, long enough to attend to solid facts and figures, you sense the speed of recent reconversion. The outlook is much brighter than some of the gut-gripers.

Need Less Gripes and More Grip

During the recent big strikes there was an interval when a little grouching by me and others was, perhaps, excusable. It was a kind of low Monday Morning, a natural let-down after the victories of 1945. That period of indulgence, however, has gone; and I recommend that the time has come for all of us to cut out the crabbing and resume business. Despite the actions of labor leaders here at home and of Russian leaders abroad, the situation, fundamentally, is cheerful. Today, the chief cause for complaint is the chronic complaining.

The time for growling and grumbling is when the goose hangs high, with everybody feeling smug, self-satisfied, and over-complacent. Then crepe-draping and fault-finding may do some good. Crabbing can help to restore balance. Today calls for pressure on the opposite side—for assurance, cheerfulness, good nature. The very disputes we deplore arise in part as a reaction of the widespread mood of dissatisfaction and lament. It is time to reverse these negative trends.

World Looks to U.S. for Morale

This need for a more constructive spirit is doubly true in view of the new role of the U. S. in world affairs. UN leadership will not be won by formal diplomacy, but by the daily attitude which our people demonstrate. What would our international status become if measured by today's chorus of self-condemnation? Our global standing will not be helped if the U.S. becomes known throughout the world as Uncle Squawk instead of Uncle Sam.

No Devastation Here

Particularly impressive are the reports of our representatives

who have been surveying the economic ruins of Europe. One of these experts set down a cold-blooded appraisal of the wreckage. Then his feelings got the better of him and he summed up his engineering data: "Blessed is the land that has known no bombs, where everyone has plenty to eat and where people are not worn down by years of deprivation."

America took full share of combat, but we led the world in production. We have come to possess industrial facilities beyond anything heretofore imagined. Our research and technique in a few years scored advances that normally might have taken a quarter-century. America has cause for great thankfulness. Yes, I am still bullish on the U.S.

New Highs Ahead

After the V-Days, Washington prophets forecast dire unemployment. They were wrong. Furthermore, instead of sagging, retail trade has soared, brisk even in strikebound areas. Overriding the shortage of goods and stoppage of output, business vitality has defied the grief mongers. Ample buying power points to still further expansion.

Besides the stricken nations of the world, there are key groups of our own people right here at home who should let up their gloomy forebodings. A reconversion to confidence will aid wage workers to raise output and aid farmers to raise crops. A holiday on crabbing will put fresh heart into postwar plans of executives and returning veterans, extra pep into campaigns of salesmen

Let's Blackout Those Blues

This country has been chosen as the site of the future UN World Capital. In the light of this honor, it is particularly important that America should re-gain its ancestral fortitude. In some misguided moments, it may have appeared that America had switched its national emblem from the eagle to the crab. This dour mood must lift. Instead, we should make the most of the unprecedented opportunities. To capitalize to the full our abounding material and spiritual resources, we need the positive formula: Rather than crabbing about yesterday, let us count our manifold blessings for tomorrow.

In Los Angeles, Mrs. Norma Briley got her divorce

when she produced notes to her husband from his secretary: "I luv U. I've old U b4 and U obviously no... we should consider our selves 4tunate."

25 YEARS AGO

NEWS ITEMS OF A QUARTER OF A CENTURY AGO TAKEN FROM THE FILES OF THE PLYMOUTH MAIL

G. B. Crumie and Stanley Chambers have formed a partnership for the sale of the Nash line of cars in Plymouth and vicinity.

Schrader Bros. have sold Milo Johnson of Northville, a handsome Studebaker coupe, for which they have the local agency.

Mr. and Mrs. George McLaren are moving into their new house on Roe street.

Harry Brown and family have moved into Andrew Taylor's house on Maple avenue.

Mr. and Mrs. Clyde Fisher and baby spent Sunday with the former's sister and husband, Mr. and Mrs. Alexander Lyke, near South Lyon.

Mr. and Mrs. George Vealey and daughter, Ellen, visited friends in Jackson, the latter part of last week, returning home Sunday.

Lawrence Hill and family who have been staying in Florida for the past few months, have moved into the bungalow on Farmer street vacated by Harry Brown.

Mr. and Mrs. Fred Schaufele and little daughter, Lois, of South Main street visited the latter's sister and husband, Mr. and Mrs. Nickols, in Detroit, last Sunday.

Mr. and Mrs. Claude Rorabacher and daughter, Dorothy, of Detroit visited the former's parents, Mr. and Mrs. Cyrus Rorabacher, and other relatives here, Sunday.

Mrs. William Pelz, Mrs. William Gayde and Mrs. H. J. Fisher went to Detroit last week Thursday, where they attended in the afternoon and evening a joint meeting and banquet of the Ladies Aid Society of all the Lutheran churches of that city, which was held at St. Charles church on Gartiot avenue.

Floyd Kehrl has taken a position in the Plymouth United Savings Bank.

Jewell, Blaich & McCordle have taken the tinning business of Rozelle & Allen.

Mr. and Mrs. R. L. Hills were guests of relatives at Tecumseh, last Saturday.

The Penniman Allen bowling alley closed last Saturday night for the summer months. The alleys will be re-opened about September 1st.

Born, to Mr. and Mrs. Virgil Kincaid, a girl, Friday, May 6. Born, to Mr. and Mrs. Fred Drews, Tuesday, May 10th, an eight pound boy.

Dr. Luther Peck attended a meeting of the Homeopathic Medical Association held in Grand Rapids several days this week.

Irving Blunk had the misfortune to have his new Ford coupe stolen from in front of the Penniman Allen theatre, last Friday evening, while attending the concert. No trace of the missing car has been found at the time of going to press.

Ruth Hamilton, daughter of Mr. and Mrs. Coello Hamilton, happily celebrated her tenth birthday at her home on Depot street, last Saturday afternoon, by entertaining nineteen of her little playmates from two until six o'clock. Games furnished the entertainment of the afternoon and a fine supper was served.

Carl Heide is planning on some extensive additions to his greenhouse in north village, which is made necessary by his increasing business. Mr. Heide will erect another large greenhouse on the adjoining lot which he owns with a frontage on Holbrook avenue that will provide much additional room for the growing of plants and cut flowers.

The Heide greenhouses present a very pretty appearance at this time of the year and it is well worth a visit to see the beautiful flowers in full bloom.

With the arrival of the hog cholera season, Dr. E. B. Cavell Jr., was warned today that this No. 1 swine disease may take a sharp upswing this year.

Warns of Hog Cholera Danger

Officers of the American Foundation for Animal Health today called attention to official figures, just released, showing that over 3,300 outbreaks of hog cholera were reported in the year just passed.

"This year the danger may be even greater because hog cholera moves in cycles, and another upward swing of the cycle—like we experienced many times—may occur this season," the Foundation report declares.

The virus of this disease from last year's outbreaks now lurks in thousands of localities. Science has found no cure for cholera. The only safeguard is proper vaccination—before the disease strikes. Spring pigs should be vaccinated as early as possible, preferably around weaning time.

"First, however, they should be examined by a veterinarian to determine whether they are in condition to receive the immunization. If pigs are suffering from diseases or are out of condition, vaccination should not be attempted until they are restored to health."

Patriotic as well as profit factors are just as important this year as during the war, the Foundation declared.

"America's food supply is being drained by the needs of war-ravaged foreign nations, and widespread outbreaks of hog cholera would deal a serious blow to our pork supply," the statement said.

While the coloration of most mammals helps to conceal and protect them from their enemies, the few that possess and fight with a foul-smelling liquid have a revealing and distinctive coloration which advertises their presence and warns all and sundry to keep their distance. Among these animals are the badger, civit cat, marten, mink, mongoose, otter, ratel, skunk, stoat, weasel and zoril.

If you have anything to sell or rent, try a Plymouth Mail want ad. They bring results. Phone Plymouth 6.
