

Blame Teen-Age Drivers for the Greatest Number of Traffic Deaths

Teen age automobile drivers kill ten times as many people by their reckless driving as do people of middle age, members of the Plymouth Rotary club were told last Friday noon by Bayard A. Clark of the safety division of the Automobile Club of Michigan.

Mr. Clark was invited to speak before a Plymouth group by Chief of Police Lee Sackett who is inaugurating a brake-test campaign in this city in the next few days.

Carl G. Shear, who was program chairman, introduced Chief Sackett. He took the opportunity to tell the Rotarians what a fine record the Chief had made during the last year that Mr. Shear served as mayor.

"No one single complaint during that time was made to me against Chief Sackett or any member of the department, and I had any number of people commend the city for the fine way its law-enforcing department was operating," said the former mayor.

Mr. Clark also commended the Plymouth police department on the good work it is doing in trying to hold down traffic accidents. He declared that there were over 3900 auto accidents last year in this state in which 160 people were killed and teen age drivers were involved in every one of them.

The greatest number of accidents is due to fast driving at night time, when people "over-drive their lights." That means that a person cannot stop his car in the distance covered by his headlights.

Some excellent motion pictures were displayed showing the results of careless automobile driving.

Steps Taken To Block Unworthy Appeals for Money to Business Men

In an effort to nip in the bud a lot of unauthorized solicitations on the part of outsiders, The Plymouth Chamber of Commerce is taking steps to help protect not only the merchants but the people of this city.

Recently there have appeared on the streets of this city numerous solicitations seeking financial aid for so-called veterans agencies that no one ever heard about. There have also been some pleas made for church groups unknown to the Plymouth Chamber of Commerce and for other organizations as well.

Officials of the organization are having some identification cards printed so that if any legitimate solicitation is planned those making it will be given cards by the Chamber of Commerce stating that the solicitation is legitimate and that the Chamber of Commerce has no objection to the plea for funds.

But the issuance of a card to any person or group desiring to try and raise money from the business men of the city, does not mean that the Plymouth Chamber of Commerce endorses the purpose of the expenditure. The card simply means that as far as the Chamber of Commerce can find out, the solicitation is not some racket or for personal gain. Whether a person donates, lies entirely up to the judgment of the person being solicited.

Terry's Bakery Curtails Production 25% As Mills Slash Flour Deliveries

All fancy pastries, pies, cakes, cookies, sweet rolls, and bread now being produced by Plymouth's lone bakery will be immediately reduced by 25 per cent, according to the proprietor, Frank S. Terry.

"The long awaited government edict limiting flour deliveries by the millers to 75 per cent of the amount delivered in the same month of 1945, he said, became effective on April 22. Just what the outcome of the order will be, and how retail bakers like Terry's Bakery will make out is a matter of conjecture."

Mr. Terry told The Mail he hoped his production would not have to be curtailed beyond the 25 per cent cut already in effect.

He said that predictions have been made that flour deliveries will be so reduced that many bakeries like his will be forced to close when their present flour stocks have been exhausted.

Mr. Terry does not anticipate having to close his bakery. He is discerning the current period as temporary and believes he will be able to plan his production wisely enough to come through the emergency with flying colors.

According to Mr. Terry, the flour mills have not been restricted in their deliveries other than the total amount which they may deliver in any one month in comparison with their total deliveries during the same month of 1945.

If that is so, and Mr. Terry believes it to be, the mills may choose to deliver full quotas to some customers and fail to supply others. Should they choose to follow such a one-sided policy, retail bakers will have no alternative but to close their doors.

However, Mr. Terry has faith in the fairness of members of the milling industry. He is certain that they will try to see that all of their customers receive a share of the flour available.

Even so, he confides, that will leave retail bakers at a disadvantage. Most of them have little flour on hand and will have no

Mrs. Alice Blyton New President

Officers of the Business and Professional Women's Club of Plymouth for the ensuing year were installed at a very beautiful and impressive service held at the Episcopal Parish House on Monday evening. Mrs. Hanna Fleming acted as installing officer.

Mrs. Alice Blyton heads the club for the second term. Mrs. Hazel Diack, vice president; Mrs. Ada Watson, secretary; Mrs. Hyacinth Wilske, corresponding secretary and Mrs. Belle Young are the other officers.

The meaning of each symbol in the Club Emblem, was voiced by its own representative; members taking part in this portion of the service were Ruth Alleshouse, Doris Johnson, Jennie Mills, Ingeborg Lundin, and Hildur Carlson.

A dinner preceding the installation was served to 21 members and four guests.

John Blyton, who recently spent several months in the British Isles, was guest speaker and gave a most interesting talk on conditions there from a civilian's viewpoint.

Music was furnished by Ruth Campbell, soloist, accompanied by Mary Olsen.

Gladys Ebersole was received into membership in the Club. The meeting closed with the Emblem Benediction.

Vol. 58, No. 37

State Jewelers Elect Plymouth Man Secretary

Dean Herrick, popular young Plymouth jeweler, has been elected secretary of the Michigan Retail Jewelers Association for the coming year.

He was named along with other state officers at the association's 39th annual convention last week in Lansing.

Mr. Herrick, a jeweler in Plymouth the last six years, was vice president of the state body for the year just completed.

From the start he has been prominently active in state and county jeweler's affairs. In Plymouth he takes an active part in the Chamber of Commerce and the Kiwanis Club.

His election to the all-important post of secretary in the state association is a distinct honor for him and one that Plymouth is proud and happy to share with Mr. Herrick.

Sgt. Wm. Wood Listed As Dead

Missing in action since April 28, 1945, a C.F.C. runner on a B-29, Sgt. William L. Wood, son of Robert H. Wood, 11383 Columbia Avenue, Detroit, formerly of Plymouth, has been declared dead. The notifying letter from the war department, however, stated that "the circumstances surrounding his death have enhanced the honor of his service to his country and of his sacrifice."

While stationed in the Marianas Sgt. Wood took part in the blasting of Tokyo plants serving as a C.F.C. runner. It was while returning on such a bombing mission, being his fourth mission over Japan, that the B-29 which he was aboard was forced to "ditch" in the Pacific Ocean. His aircraft was last seen about 300 miles southwest of the Island of Kyushu. Its loss was due to engine trouble after being hit by a Japanese Zero plane. Air Sea Rescue Service revealed no trace of the 12 man crew, and repeated efforts have failed to reveal any trace of survivors. After a year, the government has declared all members of the crew dead.

Sgt. Wood, who entered service Aug. 28, 1943, graduated with honors from Plymouth High School, under unusual circumstances, when he entered service he lacked one year's study before graduating but finished his course by correspondence in camp. Sgt. Wood graduated June 14, 1945, in which his father received his diploma the night of the graduation program. He was also the ball pitcher of the Plymouth High ball team.

Besides his father he leaves a son LeRoy William, nine months old; a sister Mary; and three brothers, James, Robert and Pfc. Chester V. Wood of Camp Stoneman, California, and a host of friends to mourn his loss.

Name Mrs. Cutler As President

At the annual meeting of the Junior Chamber of Commerce Auxiliary May 9 in the Episcopal church Mrs. J. Rusling Cutler was elected president for the coming year.

Five new members elected to the board of directors at the meeting are Mrs. Sanford Knapp, Mrs. Walter Ruterbusch, Mrs. George Todd, Mrs. Marvin Partridge, and Mrs. Robert Fisher. The board members remaining for another year are Mrs. Cutler, Mrs. Ray Danol, Mrs. Francis Walsh, Mrs. John Palmer, Mrs. Jack Marsh, and Mrs. James Meyers.

Mrs. Sanford Knapp was elected chairman of the board with Mrs. John Palmer, vice president; Mrs. James Meyers, secretary; Mrs. George Todd, treasurer; and Mrs. Robert Fisher, press reporter.

Saturday, May 25 Is Poppy Day

Poppy Day in Plymouth will be Saturday, May 25. The City's two American Legion posts, VFW post, the ex-servicemen's club and all their auxiliaries will join for the annual sale on the streets. Dave Galin is the chairman of the activity.

There will be salesmen on the streets and in the residential districts. Both types of poppies will be sold. Plymouthites working out side the city are asked to save their donations for the local sale which, by request, is being held two days after Detroit's.

Mrs. William Blunk has returned from a visit to the home of her daughter and husband, Mr. and Mrs. Eugene Helber in Flint. She also visited at the home of her grandson and wife, Mr. and Mrs. Helber in Mt. Pleasant.

Religion Forbids Him to Bear Arms; Gets Prison Term

Less than 24 hours before the Senate adopted the draft law extension which bans the induction of teen-agers, Hilton H. Hines, 18, of Plymouth, was sentenced to Federal prison for refusing to report for induction into the armed forces.

Hines, a Jehovah Witness, received a term of two years in prison after his conviction by a jury sitting in Federal Court at Detroit. Sentence was imposed by Federal Judge Arthur F. Lederle.

The Plymouth youth, at the last minute, was offered his freedom if he would agree to report to the Detroit induction center. He politely thanked the court but demurred.

According to the Plymouth draft board, Hines was scheduled to report for induction March 1. He failed to do so on the grounds that bearing arms was against his religious beliefs, the draft board declared.

He was duly reported to the FBI by the local board and his arrest followed. Hines made no effort to leave Plymouth, the draft board said, and was fully aware of what would happen following his refusal to appear for induction.

Just why he did not register as a conscientious objector was not learned.

Bear Hunters Back with Bear

Walter Beglinger, the "scout" member of the famous hunting and fishing team composed of Matt Powell and Bert McKinney, has just returned from a bear hunt into northern Canada.

"We initiated our new scout by letting him shoot the first bear," said Matt Tuesday afternoon. "He did a fairly good job, but for a time we thought he had the palsy. Fortunately he snapped out of it in time to get the bear before the bear got him."

At any rate, the three made their first trip of the season into northern Canada where they did some fishing as well as hunting.

Local Dress Shop Has New Owner

Molly's Ladies' Apparel, at 852 West Ann Arbor Trail, has been sold. From now on it will be associated with Graham's of Dearborn, one of Michigan's leading style centers.

The new manager is Ralph Rostow, formerly an executive with the Federal Department Stores, of Detroit. He will make his home in Plymouth when suitable accommodations can be found.

Mr. Rostow is an honorably discharged veteran, has been out of the service about a year. He served in the European theater of operations with the 79th Division. He was awarded the Purple Heart, three battle stars and a presidential unit citation.

Molly (Goldstein) Samson, former owner of the shop, wishes to thank the people of Plymouth for their patronage. She hopes they will continue as customers and give Mr. Rostow a hearty welcome to the community.

Mr. Rostow extends an invitation to the local public to come in and get acquainted. He will soon be a Plymouthite and he wants to know his neighbors.

Softball League Now In Action

The Industrial Softball League got off to a flying start Monday night with Calvacade defeating Gulf Aitchison by a score of 9 to 5. Though early in the season, fine ball was played. It was the first time most of the players had played on the new shortened base line diamond, which greatly speeds up the game and makes more runs possible.

A large turnout witnessed the first game which was played on the north diamond behind Central school. Games are free to the public and will be played nightly Monday through Thursday each week.

President of the league, Harold Johnson, held a meeting Thursday night after the game to set final plans for conduct of the league.

Those who want to see some fast teams in action are invited to attend the games which will start at 8 o'clock on the days mentioned above.

In the New York State and Northern New Jersey area, 100,000 small businesses are required, says the United States Department of Commerce, to make up the wartime losses and to fill the needs resulting from population growth.

Plymouth, Michigan, Friday, May 17, 1946

Scouts To Collect Paper Saturday

Members of Boy Scout Troop No. 4 will conduct a scrap paper pickup throughout Plymouth on Saturday, tomorrow. They will cover every thoroughfare in the entire city starting at 10 a.m.

Residents are asked to have their donations at the curb by that time. The Scouts will pick up newspapers (dry) magazines, sacked wastepaper, cardboard, corrugated cartons and boxes. The only thing not usable is waxed or oil paper.

If it is raining on Saturday, Plymouthites are requested to have their papers on the front porch. If the material gets wet, it is of no value as scrap.

He Plays with Champ Team

Lawrence W. Rudick, son of Mr. and Mrs. William Rudick, 912 Simpson avenue, was a member of the Farragut Naval Center's bowling champions during the past season. Besides acting as captain of the team, Larry compiled a high scoring average which proved to be a big factor in his team's success.

Rudick, a Chief Specialist (teacher) in the Navy, has had 46 months of service and expects his discharge sometime in May. He donned his uniform in July 1942 and was sent to the U. S. Naval Air Station at Grosses Ile, Michigan, where he was placed in charge of the education department. In May 1945 he was transferred to Farragut Naval Training Center, which is the West's largest naval base. Here he was made an instructor and supervisor of the educational department of the training command.

Named to Attend Church Assembly

Claude Dykhouse, recently elected a commissioner to the General Assembly of the Presbyterian church in the U.S.A. by the Presbytery of Detroit, will leave Monday afternoon for Atlantic City to attend the sessions of that body.

An elder of the First Presbyterian church of this city, Mr. Dykhouse is one of five laymen of the Presbytery of Detroit elected to represent the Presbytery in the deliberations of this important meeting of the whole Presbytery of the U.S.A. The Assembly meets on Wednesday, May 22 to Thursday, May 30. Mrs. Dykhouse and the children will make the trip with Mr. Dykhouse.

Benefit Concert For Memorial

To raise funds for the Veterans District Memorial Foundation is the aim of the benefit concert Thursday, June 6 in the high school auditorium.

Miss Evelyn Woods, talented concert pianist, will present modern and classic compositions.

Miss Woods has been featured with the Scandinavian Symphony Orchestra, Saginaw Civic Symphony and the Michigan Symphony as well as presenting her own concerts.

There will be only four hundred tickets available for the concert due to the limited seating capacity of the auditorium. Tickets may be purchased from any member of the Junior Chamber of Commerce, from lodges or clubs or any member of the Civic Center Committee.

Food Shortage Hits the East

If conditions get as bad here as they are back in northeastern Pennsylvania, people will be forced to get their bread before 11 o'clock in the forenoon if they get any bread at all.

That's what Thomas L. Matthews, 226 Union street, says upon his return home after spending a month in the state where he formerly resided.

"The meat situation is far worse there than it is here. In fact they have practically no meat in that part of the country," he says.

"People are rightly more worried about the food situation than anything else, but clothing is hard to get also. No one seems to have any idea when the present serious situation will end," he stated.

The nucleus of a large and healthy synthetic rubber industry is necessary to safeguard the security of the United States, the Government's Rubber Policy committee has declared. It is proposed to keep the best of the \$700,000,000 war-built synthetic industry on an operational and standby basis.

Hilltop Golfers Plan New League

Plymouth golfers at Hilltop Golf Club this week took steps to organize a Wednesday night league. All shot a qualifying round and later met at the clubhouse to form teams and arrange a schedule.

Max Todd, Hilltop's genial host, says there still are openings on several teams. Golfers wishing to participate in this new twilight loop need only to shoot a qualifying nine holes and turn their cards to Todd or Jack Marsh, league organizer.

Panhandle Gas For Plymouth Says Consumer Co.

Signing of a contract for a natural gas transportation and storage project designed to assure some 240 Michigan communities of a plentiful supply of natural gas for 25 years has been announced by the Consumers Power Company and the Panhandle Eastern Pipe Line Company. It was emphasized, however, that Consumers will be unable to connect additional house-heating equipment until after this year.

Communities that will benefit include Flint, Saginaw, Kalamazoo, Bay City, Pontiac, Midland, Royal Oak, Mt. Clemens, Jackson, Marshall, Ferndale, Hastings, Ionia, Lansing, Owosso and many others in Barry, Bay, Calhoun, Clinton, Eaton, Genesee, Gratiot, Ingham, Ionia, Isabella, Jackson, Kalamazoo, LaPeere, Livingston, Macomb, Midland, Montcalm, Oakland, Saginaw, Shiawassee, Tuscola, Van Buren and Wayne counties, which includes Plymouth and other nearby communities.

The agreement provides for: 1. Conversion of the Winterfield and Cranberry Lake natural gas fields in Clark, Missaukee and Osceola counties into one of the world's largest natural gas storage areas, where natural gas transported 1,500 miles from Texas and Oklahoma during the warmer months will be stored for use in helping to meet the peak demands of winter.

2. Construction of a 150-mile pipeline, 24 inches in diameter, from a junction with Panhandle's pipeline five miles southeast of Chelsea to the storage fields.

3. Erection of a large compressor station at the junction point near Chelsea to "boost" the gas on its long underground journey to the storage area, and another compressor station at the storage field to pump the gas into storage in the summer and out again in the winter when it is needed by Michigan homes, industries, stores and offices.

4. Establishment of a new company to be known as the Michigan Gas Storage Company, to be owned principally by Consumers and possibly in part by Panhandle, which will own and operate the storage area, the new pipeline and certain major transmission pipelines now held by Consumers. This new company will receive, transmit and store natural gas, delivered to it by Panhandle. This gas will later be delivered to Consumers Power company at the "gates" of the communities where it is to be used.

In announcing that Consumers and Panhandle had reached agreement on the project, Dan E. Karn, vice president and general manager of Consumers, said it was the culmination of years of study and negotiation.

"The war years brought the natural gas industry to a crisis," he said. "Use of natural gas increased tremendously at a time when because of the materials and manpower shortages, it was impossible to do very much about increasing the available supply. Many millions of cubic feet of natural gas produced in Michigan were used up where it had been planned that gas from Texas and Kansas would be used. This hastened the depletion of the Michigan fields."

"It became obvious long ago that the end of the war, far from relieving the demand for natural gas, would find more and more customers asking for natural gas for house-heating, industrial and other purposes. Long before the war ended, Panhandle and Consumers tackled the problem of assuring an adequate supply of natural gas to meet not only present demands but also the much greater demands that we expect to develop in the next 25 years."

"Many of our customers wish to use gas for heating their homes, and this imposes a tremendous load on the long pipelines from Texas in the cold days of winter but leaves them idle in the summer. Our plan is to store the gas in the summer for use in the winter. After the necessary pipes and pumps are installed this will permit the sale of natural gas for heating homes. We know of no other way that we can provide this heating service on a wide scale."

Seek Clothing For English Destitute

Proclamation

Every resident of the progressive city of Plymouth is proud of the fact that he lives in this community. It is a city which bears the name of one of the great European communities that suffered terrible losses during the prolonged war forced upon the world by dictators.

Thousands of its residents are destitute and without sufficient clothing. One of our own good citizens, John Blyton, recently visited the city of Plymouth. He knows how desperate conditions are in that city.

The Plymouth Rotary Club has set aside Saturday, May 25, as a day for the collection of your discarded clothing which will be sent overseas. In behalf of the city of Plymouth, I am pleased to make a direct appeal to every citizen in the community to aid in this very worthy cause.

We know that every article of clothing donated will go directly to some needy person in Plymouth, England. May I ask you to aid in this most charitable cause?

Robert Lidgard, Mayor of Plymouth, Michigan

Merchants to Fight Rackets

Wendell Lent was Wednesday noon appointed general chairman of a local retail merchant group organized in Plymouth to protect the interests of the local merchants from any of the rackets now threatening businessmen in other cities.

While two meetings have been held, no general program has yet been decided upon, except that the local merchants are determined to protect themselves from being victimized.

At another meeting to be held next week there will be a more definite program considered, but there is one thing sure, the local retailers are determined to protect themselves as well as the community from any racket that might be attempted.

The next meeting will take place at Hillside next Wednesday noon and every merchant in Plymouth is requested to be present whether he is called by phone and asked personally, be there.

Softball Loop Has "Hall of fame" tilt

Plymouth's Twilight Industrial Softball League opens this week included a "hall of fame" game when Street, hurler for Oldsmobile, City Service, turned in a no-run, no-hitter against the Wall Wire nine, Tuesday night.

The score was 17 to 0. His mound performance was excellent. Even the defeated Wall Wires congratulated Mr. Street.

Monday's contest between Aitchison Gulf and Calvacade resulted in a 9 to 5 triumph for the Calvacade team.

Games next week include Daisy Air Rifles vs. Oldsmobile City Service, Monday night, Standard Products vs. Calvacade, Tuesday night; Wall Wire vs. Merchants Team, Wednesday night; and Aitchison Gulf vs. VFW, Thursday night.

Bill B. Curtner, son of Mr. and Mrs. H. W. Curtner of 30935 Plymouth Rd., and Helen Tidwell, daughter of Mrs. Dolores Tidwell of Rector, Arkansas, were married Monday, May 13 in Bowling Green, Ohio. Bill was recently discharged after 39 months in the U. S. Navy. Helen is employed at Ford Motor Co., Phoenix plant, and has made her home in Michigan for the past few years.

Unbeaten Legion 9 Faces Twin Bill

The Passage-Gayde Legion Post nine continued their winning ways last Sunday though consecutive victories this weekend. On Saturday, tomorrow, they will meet a team from Jackson on the Riverside Park diamond at 2:30 p.m.

Sunday at 3 p.m. on the same diamond they will engage the Northville nine. Both games should attract good crowds.

Mr. and Mrs. Marvin Kleinschmidt accompanied by the former's sister, Marian Coyle, left last Saturday for Hartford, Connecticut, where they will visit Mrs. Kleinschmidt's parents, Mr. and Mrs. George Ridley, formerly of this city.

WEDDINGS

Evelyn Schrader and Don Cornish Wed At Atlanta, Georgia

Word was received in Plymouth Wednesday evening of the marriage of Evelyn Schrader, daughter of Mrs. Fred D. Schrader to Don Cornish in Atlanta, Georgia. The wedding, a surprise to the many friends of the Plymouth bride, came about after a courtship which started last winter while she was vacationing in Florida where Mr. Cornish makes his headquarters as southeastern United States sales manager for the General Motors Corporation. The bride was accompanied to Atlanta last Monday by her sister and her husband, Mr. and Mrs. Lyvie Prescott, and her brother and his wife, Mr. and Mrs. Edwin Schrader, who attended her at the wedding. The newly married couple will return to Plymouth next Monday for a week's visit with Mrs. Fred Schrader and from here they will spend a week in Dixon with the Prescotts before leaving for Palm Beach, Florida, where they will make their permanent home.

Church Wedding For Eva Scarpulla and Mark Ellenwood

Last Friday evening the First Methodist church was the scene of a wedding uniting Eva Scarpulla, daughter of Peter Scarpulla, and Mark B. Ellenwood, son of Mrs. Edith Hedges of Walled Lake. The eight o'clock candlelight ceremony was performed by the Rev. T. Leonard Sanders. The matron-of-honor was Mrs. Thurman Sanders of Monroe and Jean Warren was bridesmaid.

George Ellerwood, brother of the bridegroom, was best man and Calvin Ellenwood, also a brother, served as head usher with Harold Liestman, of Pontiac; Nolan Brown, of Drayton Plains; and Thurman Sanders, of Monroe, assisting.

A reception attended by hosts of friends and relatives of the popular couple was held in the church dining room where spring flowers and candles decorated the tables.

Mr. and Mrs. Ellenwood left that evening for Knoxville, Tenn., where they will tour the Smokey Mountains. They will make their home in Walled Lake.

Nancy Lee McLaren Becomes Bride of William F. Wernett

Nancy Lee McLaren, daughter of Mr. and Mrs. John J. McLaren, and William Frederick Wernett, son of Mr. and Mrs. William Patterson Wernett, spoke their marriage vows Friday evening, May 10. The double ring service was performed at 8 o'clock in the First Presbyterian church by the Rev. Henry J. Walsh.

Mrs. Floyd Fleming played Lohengren's Wedding March while the wedding party took their places before the altar which was decorated with tall baskets and gold vases of white snapdragons and gladiolus, potted hydrangeas and palms with lighted tapers casting their glow over all. The bride was given in marriage by her father.

Nancy was lovely in white satin, made with fitted bodice, having a yoke of chiffon outlined with a wide band of satin; the long full sleeves were fitted at the wrist and the long full skirt extended into a train. Her veil of illusion fell from a tiara of seed pearls and she carried a bouquet of stehaniotis centered with a white orchid corsage. Mrs. John D. McLaren II, sister-in-law of the bride, and Virginia Moss acting as matron-of-honor and maid-of-honor respectively, were gowned alike in ice blue marquisette over taffeta made with fitted bodice, sweetheart neckline, three-quarter sleeves and full skirts trimmed with rows of shirring. The bridesmaids, Jane Ann Lyons, Frances Weed, Mrs. Samuel Showalter, of Wheaton, Ill., Mrs. James Farran, of Wayne, wore peach marquisette made with chiffon yoke outlined with ruching of marquisette, long full sleeves and full skirts. Pink roses with blue violas were carried by the six attendants, and a matching rose was worn in the hair.

Little John D. McLaren III in white was the ring bearer carrying the rings on a white satin pillow.

The bridegroom was attended by Alan Bennett of East Lansing as best man. Ushers were Robert Brown of Detroit, William Elmer, Richard Fritz, cousin of the bridegroom, of Detroit, Robert Shackleton of East Lansing and John D. McLaren II of Plymouth.

Mrs. McLaren, the bride's mother, wore a floor-length gown of aqua crepe, and the bridegroom's mother, Mrs. Wernett, was gowned in light blue crepe. Groomsmen formed their corsages.

A reception followed in the church parlors with 150 guests present. The hostesses were Marie Ann Miller, Mrs. Robert Shackleton, Mrs. Alan Bennett of East Lansing and Mrs. Robert Brown of Detroit.

Mr. and Mrs. Wernett left that evening on a two week's honeymoon, spending the week-end at Dearborn Inn, leaving on Monday for northern Michigan. On traveling Mrs. Wernett wore a suit of yellow gabardine with brown accessories and beige coat. A lovely necklace in gold the gift of the bridegroom, and an orchid corsage completed the ensemble. They will reside with her parents until their new home in Redford is completed. The rehearsal dinner with covers laid for 25 was served Thursday evening at Hillside.

Detroit Girl Becomes Bride of Wendell Johnson of Plymouth

Virginia Woods of Detroit spoke her nuptial vows in a double ring candlelight ceremony at Wendell Johnson of Plymouth on Friday, May 10 at 7:00 p.m. in the First Baptist Church of Plymouth with Rev. Mark Sanborn officiating.

The bride, who was given in marriage by George Sweeney, was gowned in white marquisette with fitted bodice, sweetheart neckline, full skirt and a long sweeping train with a ruffle around the bottom. Her long fingertip veil of illusion and lace fell from a seeded pearl tiara. She carried an arm bouquet of an orchid surrounded by white roses and white ribbon streamers. She wore a strand of pearls, a gift of the groom.

The maid-of-honor, Patricia Woods, sister of the bride, was gowned in aqua marquisette with a matching headdress. She carried an arm-bouquet of American Beauty roses.

The bridesmaids, Mrs. Lloyd Egeler, Jr., and Mary Ferguson, were gowned alike in canary yellow marquisette with matching headdresses. They carried arm bouquets of Talsman roses. Owen Johnson, brother of the groom, was best man, while George Woods, Jr., and Frank Veresh seated the guests.

Mrs. Woods, mother of the bride, wore an aqua crepe with black accessories. Her corsage was pink and white carnations. Mrs. Johnson, mother of the groom, wore a navy blue crepe with pink and navy accessories. Her corsage was pink and white carnations.

Ruth Campbell sang "I Love You Truly" and "Because" accompanied by Miss Melissa Rowe organist.

The reception was held in the church parlors following the ceremony.

For going away the bride chose a pastel blue dress with black accessories. She wore an orchid corsage. They left for a short honeymoon in Cleveland, Ohio. They will make their home temporarily in Plymouth.

In Memoriam

In loving memory of our dear father Edwin O. Place, who passed away 5 years ago May 19, 1941. Five years has passed and gone since one we love so well was taken from our home on earth.
With God in heaven to dwell,
The flowers we placed upon his grave
Mav wither and decay
But the love for him who sleeps beneath
Will never fade away.
His Children

In loving memory of our dear daughter and sister, Rose Marie Ericsson, who passed away May 16, 1945.
A year now has passed since she went away
Our Rose who was always so sweet and so gay.
Her life was all sunshine to those whom she knew.
We know she's in heaven for God wanted her too.
Sadly missed by
Mother, Dad and Ingrid.

be greatly missed by his neighbors and friends. He was brought to the Schrader Funeral Home, from which place funeral services were held Thursday, May 16, at 2 p.m. with Rev. T. Leonard Sanders officiating. Two beautiful hymns were rendered by Mrs. Sadie Shuart, accompanied at the organ by Mrs. M. J. O'Conner. Interment was in Riverside Cemetery. Active pallbearers were: Messrs. James Gates, Jesse Tyler, Cub Forshee, Lee Eldred, Isaac Innis and Alex. Tait.

The present moment is all we can call our own for works of mercy, of righteous dealing, and of family tenderness. — George Eliot.

OBITUARIES

Mrs. Della Kellogg Sumner, Mrs. Della Kellogg Sumner, aged 85 years, died Tuesday at the home of Mr. and Mrs. Walter Kellogg Sumner, 1078 West Ann Arbor Trail, a home built by her grandfather, John Kellogg, one of the first pioneer settlers of this city in whose honor Kellogg park was named.

She had lived with her son Walter, and his family, for the past year. Most of her married life was spent in the city of Detroit. She was born in Plymouth February 28, 1861, and was married August 15, 1885 at Whitmore Lake, her husband being one of the best known young men of the city of Jackson at that time. Her parents were the well known pioneers, Joel and Delia Kellogg. Survivors are her sons, Walter K. Sumner of Plymouth, and Allan E. Sumner of Detroit.

Funeral services will be held in Detroit, this Friday, afternoon at the Severance Funeral home, 19621 West McNichols road, the Rev. Ridley of St. Johns Episcopal church, conducting the services.

Mr. Edward Everett, Edward Everett, who resided at 8445 Canton Center road, Canton Township passed away at his home Monday, May 13, at the age of 90 years after a long illness. He was the son of George B. and Rose Anna Everett, born July 12, 1855 in Livonia Township. His wife the late Julia L. Everett preceded him in death eight years ago. He was the father of George D. Everett of Clinton, Frank Everett, Mathew L. Everett and Mrs. Genevieve Wilson, all of Plymouth and the late Norma B. Everett and the late Alfred W. Everett; also surviving are 13 grandchildren and seven great-grandchildren. Mr. Everett was a life long resident of this community and will

DAVIS & LENT
"Where Your Money's Well Spent"

By "Dutch" HOWDY FOLKS: A lawyer once said that his three most troublesome clients were a young lady who wanted to get married; a married woman who wanted a divorce; and an old maid who didn't know what she wanted.

Judge: "Have you ever been up before me?" Accused: "I don't know. What time do you get up?"

And then there was the politician who was pleased to see such a dense crowd listening to him, only to find out later that they weren't so dense.

Q. "Have you any close relatives?" A: "All of them are."

Check ACCIDENTS!

POLICE SAFETY POSTER "Check your Driving - Check your Car - Check Accidents," is the theme of the Police Traffic Safety Check, sponsored by the International Association of Chiefs of Police, starting May 15.

Traffic accidents took 28,500 lives, injured a million persons, in 1945. The toll for 1946 will be much larger—unless every driver accepts his responsibility to drive safely in a safe car.

Mr. and Mrs. Stanford Stubblefield of Taylor Township, received word last week that their son, Sgt. James Stubblefield, is on his way home from Europe after having served for 29 months in that area.

Mrs. Alice Crawford and daughters, Lillian and Leola, Mrs. Howard Houck and Mrs. Ethel Crawford, all of Oxford were recent guests of the latter's sister, Mrs. E. C. Vealey of South Harvey street.

Mrs. Robert McFarland who has been at Camp Atterbury, Indiana, visiting her husband the past three weeks, has returned home. Lt. McFarland accompanied her here for a few days and left Tuesday to report back to the hospital.

The Myron H. Beals Post of Plymouth today presented to Probate Judge James Sexton an American flag for his court room in Detroit. Today marks the first anniversary of his services as probate judge of Wayne county. During that time he has made a record that has been highly satisfactory to the citizens of Wayne county.

William Laskey arrived home from Germany Tuesday to spend a 25 day furlough with relatives and friends in this city. Soldier Laskey has been a member of Uncle Sam's army for 20 years. He plans to remain in the army for another ten years in order to get the benefit of the army retirement plan. He has been overseas for 26 months and expects to go back after his furlough ends.

Miss Marion Luttermoser, daughter of Mr. and Mrs. Edward Luttermoser of Plymouth road who has been employed in a beauty shop in Detroit for the past four years, has taken over the Martha Beauty shop at 34225 Plymouth road, near Stark, and will operate it in the future. The many friends of Miss Luttermoser in Plymouth and vicinity will be pleased to learn of her decision to conduct her own shop.

Mr. and Mrs. Ray Johns, former residents of this city, have moved to Boston from New York, where he will serve as executive secretary of the national Y. M. C. A. organization. Mr. Johns was one of the high officials in the Y. M. C. A. before the war broke out. During the war he was associated with war relief work, but has now returned to his former activities.

The Lee home on West Ann Arbor Trail, just outside the city limits, has been sold by Mrs. Essie M. Lee to Robert Willoughby who expects to move his family into their new home late in June or early July. The many friends of Mrs. Lee will be pleased to know that she plans to continue to make Plymouth her permanent home. She will spend the summer with friends in Detroit and hopes to make satisfactory arrangements to return here early in the fall.

The many friends of Miss Ella Chaffee, 815 Church street, did not forget that last Thursday was her 92nd birthday anniversary. A dinner was arranged in her honor. She was able to leave her room and sit with the guests to enjoy the dinner. She also received many cards and gifts. Miss Chaffee, who was born in Novi, came to Plymouth as a young girl and has lived continuously in this city since that time. For more than half a century she was a teacher in the Plymouth schools.

Rev. Harold Fredsell, pastor of the Northville Presbyterian church who accepted a leave of absence two years ago so that he could go to Alaska for services with the military forces, has returned to his church in Northville. Previous to leaving for Alaska, the well known Northville pastor became well acquainted in Plymouth and his friends here will be pleased to know that he has returned. Dr. French of Ann Arbor, who has served in the church for Rev. Fredsell, will return to his home in Ann Arbor.

Mr. and Mrs. Sven Eklund were guests of honor at dinner at the Farm Club Thursday night, the occasion being their 25th anniversary. A silver box containing 25 silver dollars and a lovely plant were given them by their friends. Attending were, Mr. and Mrs. John Carlson, Mr. and Mrs. Knute Anderson, Mr. and Mrs. Charles Anderson, Mr. and Mrs. Helvar Blomberg, Mr.

and Mrs. Evald Svahn, Mr. and Mrs. Ragnar Blomberg and son Richard and Mr. and Mrs. Gustaf Lundquist. Following the dinner Mr. and Mrs. Eklund held open house for over 100 of their friends at their home on Adams street. Refreshments were served on tables which were prettily decorated with spring flowers and silver candles. Mr. and Mrs. Eklund were married in Poughkeepsie, New York, coming to Plymouth in October, 1925.

The Loyal Daughters class of the First Baptist church will meet with Mrs. Dale at the parsonage Tuesday evening, May 21.

Mr. and Mrs. Al Strachan of Mansfield, Ohio, are visitors this week at the home of Mr. and Mrs. Robert Strachan of West Ann Arbor Trail.

Mr. and Mrs. John Wimsatt, of 287 Arthur street, are the parents of a nine pound, one ounce son, born Tuesday, May 14 in Harper hospital in Detroit. The babe has been named Charles Thomas. Mr. Wimsatt conducts the Wimsatt Appliance shop at 287 South Main street.

Mr. and Mrs. Manford Becker entertained for dinner Sunday, Mr. and Mrs. Robert Brown of Detroit, Robert Fyfe of Ferndale, and Mr. and Mrs. Lloyd Clark.

Circle One of the Presbyterian church will meet Tuesday, May 22 at 12:30 noon for a potluck luncheon at the home of Mrs. C. C. Wiltse, 986 Roosevelt.

Robert Fenton of Saginaw is spending a few days with his parents, Mr. and Mrs. Herbert Fenton.

Mr. and Mrs. C. E. Kincaid visited their son and daughter-in-law, Mr. and Mrs. Eddie Kincaid, at Allegan over the weekend. On Sunday they visited the tulip farms at Holland, and returned home Monday.

BROWN WINS PITCHER'S BATTLE

(by Keith Miller)
The Plymouth Freshmen won their second victory of the season by defeating the John Grace Intermediate nine 3-1 behind the school Thursday afternoon, May 9.
Mickey Brown won a pitcher's battle, beating Chaston, John Grace's pitcher, in a seven inning duel. There was no scoring until the sixth when the Plymouth fresh scored their three runs. The crowning blow in the rally were Larry Finney's double to left, and Fletcher Campbell's triple to right. Finney kept right on going around when the left fielder let the ball roll past him. John Grace scored in the seventh when their catcher poled a home run to right field.

Both pitchers allowed three hits, but Mickey Brown scattered the three hits over the seven innings. Brown struck out 14 players, and pitched himself out of several tight spots his mates put him into by bad fielding. This game was another example of the good pitching the Freshmen have. They have two more games, one with John Grace and the other with Farmington.

SENIORS OF THE WEEK

Girls' Glee Club, Mixed Chorus, Art Club and Senior Prom committee, are the activities of Nancy Rogers, daughter of Mr. and Mrs. Barton Rogers of 397 Blunk Avenue, Nancy transferred for her senior year from high school in Oconomowoc, Wisconsin, where she was in the band, orchestra, choir, French club and Spanish Club. She has traveled through New England, New York, Pennsylvania, Virginia and Washington, D. C., Kentucky, Tennessee, Hot Springs, Arkansas, upper and lower Michigan, Wisconsin, Minnesota, South Dakota and Canada. She is completing a college course and plans to attend the University of New Mexico, next year. Her hobbies are folk costumes, customs, music, dances, and food.

On a college course is Marjorie Stiers, daughter of Alice Smith of Dearborn. She has traveled in the lower peninsula. Her hobbies include painting, soap figures, and drawing. Marjorie's pet peeve is people who wake her up to ask a silly question or to find out if she is sleeping.

Anna M. Spitz, 17, daughter of Mr. and Mrs. Peter Spitz of 850 Arthur Street plans to go to California after graduation, returning here next fall to go on with her education. Ann's pet peeve is girls that smoke. She is on an occupational course and her hobby is collecting snap shots. Anna has traveled in the upper part of Michigan and in several southern states.

MISS ANSUYA JOSHI SPEAKS AT BANQUET

The twenty-first Annual Girl Reserve Mother and Daughter banquet was held May 9 with Miss Ansuya Joshi as guest speaker.
Miss Joshi spoke about the Marriage and Caste system in India and compared their way of living with ours. It amazed the audience to hear that Miss Joshi's costume was made of banana skins.

Atopkas led the group singing, accompanied by Margie Tait, and the Double Quartet sang several selections. Pat Woods gave a toast to the Mothers and Mrs. Gutherie gave a toast to the daughters, Aleta Shekell danced, and several selections were played by Inez and Barbara Daniels on their accordions. Virginia Waldecker, toast-mistress, made the presentations to the oldest mother; to the mother present with the most daughters. Beatrice Hartmann made the invocation.

Jeanne Tuck and her mother brought the collection of foreign dolls which were in the show cases. These dolls were bought from the foreign countries.

The Stark Kitchen Club assisted by nine Hi-Y boys served the dinner.

Discuss Water Problem Again

A special meeting of the Plymouth City Commission to discuss the proposed treatment of the municipal water supply was held at city hall recently.

At that time the commission came to the conclusion that even with the old water supply now coursing through the mains, the city could not promise that the unpalatable water from the well in the corporation would not have to be relied upon rather frequently.
City Manager Clarence H. Elliott told the commission that in his opinion the Plymouth Water Farm was not capable of providing the city with an unlimited supply of water throughout the year. He felt that the well here in town would have to be pressed into use at various times.

Mr. Elliott also stated that the water from the farm was better tasting than the well water but it also was extremely hard and was causing Plymouth housewives to use far too much soap.

Members of the commission agreed that the spring water was very hard and high in iron content. It was finally decided that if the hardness of the water was causing extra purchases of soap, and the unsavory well water would have to be relied upon too often, the solution to future problems was to treat the water.

Water experts were present to confirm or deny the various opinions of the commission and Mr. Elliott. They suggested that it would be cheaper for the city to treat the water supply by sedimentation and coagulation.

This type of plant would reduce the iron content of the water and remove all chlorides, they said. As to whether it would improve the water's taste and soften it to a state where no extra soap was required could not be guaranteed the experts said.

After considerable discussion the commission took action to spend not more than \$1,000 to construct an experimental water treatment tank at North Mill and Starkweather.

This tank will NOT treat ALL WATER flowing through the city's mains, Mr. Elliott pointed out. Residents wishing to test the water from the experimental tank for its softness and taste may go there and get a supply that is treated.

If the commission is satisfied that such treatment of Plymouth's entire water supply would eliminate the present complaints they may then take action to construct such a municipal plant. Nothing is going to be done, however, Mr. Elliott said, until exhaustive tests are completed.

General-purpose cleaners, made from petroleum, soon will be on the market that can clean windows, tiles, stoves, furniture, rugs and blankets; as well as automobiles from top to tires, inside and out.

In Miami the OPA has reduced food prices sufficiently so some restaurant owners can afford to eat in their own restaurants.

One time there were two farmers

One day Jake stopped over at Bill's farm. "Got a great plan to save money this winter," he said. "I'm mixin' a little sawdust with the feed. Hoss don't notice the difference."
Around Christmas they met again. "Say," Jake grinned, "you oughta try my system. Got the nag eatin' half sawdust an' half grain now. It's a lot cheaper."
Bill wasn't so sure. "B'lieve I'll stick to oats."

Along about spring plowing time Jake came over to Bill's place, looking kind of glum.
"What's wrong?" asked Bill. "Isn't your money-savin' idea workin'?"
"Oh, it worked fine," Jake said. "Had him trained so he was eatin' nothin' but sawdust. Only this mornin' the ornery cuss fell down an' wasn't able to get up. How 'bout lettin' me hire your hoss for my plowin'?"

THERE'S a big "plowing" job ahead if Michigan Bell is to expand and improve telephone service and supply it to all who are waiting. It can't be done on sawdust.

Here is why. Thousands of thrifty people have their savings invested in Bell System securities. Their money makes good telephone service possible. In fact, Michigan Bell's 5-year \$150,000,000 expansion and improvement program will be financed largely by these and other investors. And that program will provide more and better telephone service for you.

So you see, our earnings are important all around. And telephone rates—such a small part of your monthly budget—must be maintained at a level which will keep our earnings adequate. Otherwise, investors would not put their money into the telephone business, and the future quality and extent of your telephone service would suffer.

We believe our customers want good telephone service, even if it costs a trifle more than inferior service.

Technical improvements over the years have brought rates for good service down and have kept them down in the face of rising costs. But if the recent rapid rise in costs continues, rate increases may become necessary. In any event, Michigan Bell wants rates no higher—and no lower—than necessary to insure good telephone service.

Large Number Hear Lecture on Christian Science

A capacity audience Tuesday evening in the Plymouth high school auditorium heard James Harry McReynolds, C.S.B., of Dallas, Texas, a member of the board of lecturership of the Mother Church, First Church of Christ, Scientist in Boston, deliver an interesting lecture on the subject "Christian Science, Its

Simple and Practical Application." In part the lecture follows: Christian Science can appropriately be called "Applied Christianity," for it reveals the divine law of Christ Jesus' words and works, which may thus be understood and demonstrated by all who are willing to follow him in the way that he commanded. In seeking to understand Christian Science one begins with God. Do Christian Scientists believe in a humanly circumscribed God, one who is less than infinite and supreme? Do they believe in more than one God? Em-

phatically not! The God whom Christian Scientists worship is the one spoken of by David (I Chron. 29:11). "Thine, O Lord, is the greatness, and the power, and the glory, and the victory, and the majesty: . . . and thou art exalted as head above all." The God referred to in the First Commandment, "Thou shalt have no other gods before me" (Ex. 20:3). In the Christian Science text-book, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, the Discoverer and Founder of Christian Science, God is defined as "incorporeal, divine, supreme, infinite Mind, Spirit, Soul, Principle, Life, Truth, Love" (p. 465). These seven synonyms or terms for God when used separately or collectively help us to understand God's real nature, and the modifying adjectives, incorporeal, divine, supreme, and infinite, enable us further to enlarge our concept of God.

What is God's plan for His creation, and for what purpose does His creation exist? It is to represent and express Him. Man's true identity is this spiritual identity in the likeness of the divine. Man, identified as the manifestation of Mind, expresses intelligence; identified as the likeness of Spirit, he reflects divine strength, power, and substance; through spiritual sense imparted by Soul he is aware of his real selfhood; as the idea of divine Principle he is inseparable from his creator; as the expression of Life he exhibits vigor and immortality; as the reflection of Truth he manifests the reality and harmony of being; and as the image of Love he expresses tenderness, compassion, and goodness.

Error has no means of recognizing one when he understands his true selfhood as the son of God. When he consciously abides in the realization of man's attainment with God, the carnal mind cannot reach him and therefore cannot cause him to suffer. As the spiritual image and likeness of God, man is not a sufferer; he is not diseased, for he cannot be himself and his opposite at the same time. Man is the changeless expression of God and inseparable from God, indestructible, and not subject to age and decrepitude.

One must have faith in God's goodness and mercy to work out or demonstrate one's salvation. Jesus said, "For God so loved the world, that he gave his only begotten Son, that whosoever believeth in him should not perish, but have everlasting life" (John 3:16). "Believe what? Why, believe that salvation for humanity

is possible; believe that it is possible to replace mortality with immortality; believe in the omnipotence of God; believe that man is forever in the presence of God; believe that God is ever available and that man cannot be separated from Him. Thus believing in the Christ, Truth, accepting the divine consciousness as the only consciousness, one rises to understanding and demonstration, in which death and mortality are "swallowed up in victory" (I Cor. 15:54) and man, the new man, is seen as the only man there is.

As a result of her search for God, Mary Eddy was raised from what her neighbors, friends, doctor, and pastor thought was death. Suddenly restored to health by reading the passage from the ninth chapter of the Gospel of Matthew regarding the healing of the palsied man, she was at the moment unable to explain her healing, other than to say that it came from God. However, here was the absolute proof she had been seeking. For three years she withdrew from society in order to search and study the Scriptures in an effort to find the divine rule or law by which her healing had been accomplished. It was through patient toil, working at times against almost overwhelming odds, that Mrs. Eddy was enabled in 1875 to publish her God-inspired book, "Science and Health with Key to the Scriptures," which gives the complete exposition of Christian Science.

This Science is the only teaching since the days of our Master, Christ Jesus, which has revealed evil's true nature, namely, its nothingness. It is not denied that disease, discord, and limitation seem real, disturbing, and exceedingly troublesome, but since they can be eliminated, as Christ Jesus proved, does this not prove that these erroneous conditions are unreal, insubstantial, and without divine authority and support?

Christian Science has been found equally effective in the overcoming of poverty, discordant business and home conditions, and in liberating and redeeming those in bondage to false appetites. It is becoming increasingly evident that these erroneous conditions result from evil thinking and sinful practices. "The emphatic purpose of Christian Science," as stated by its Discoverer, "is the healing of sin" (Fundamental Divine Science p. 2), and there are great numbers of people in all parts of the world who gladly testify to the fact that as a result of their understanding of Christian Science they have been spiritually reborn and that their prayers are effective in the elimination of discord and the restoration of harmony.

In Detroit, Patrolman Louis Schlosser was ordered to stick to one type of whistling after the city council got a written protest from distracted office workers who complained: "One minute the whistle will go tweet-tweet-tweet-tweet. Just as you get used to that it will go tweet-tweet-tweet-tweet."

How Does Christian Science Heal?

The disappearance of organic and functional disease, as well as of trouble in other forms, is continually recorded among those who have turned to Christian Science for help.

The method of such overcoming of difficulty is prayer, a spiritually scientific manner of thinking based on the teaching of Christ Jesus.

What this prayer is and how anyone can understand it and use it effectually in accordance with his need are fully explained in the Christian Science Textbook.

Science and Health with Key to the Scriptures by Mary Baker Eddy

This remarkable book, other works by Mrs. Eddy, and all other authorized Christian Science literature may be purchased at the Christian Science Reading Room.

Our dealers join us in making this frank report to THE FARMERS OF AMERICA

INTERNATIONAL Harvester is getting back into production with all possible speed. Extra shifts are being employed wherever conditions permit, to try to overcome the production losses of the recent strike. Everything is being done to get parts and machines to you.

While we and our dealers would like to tell you that this means an immediate end to the shortage of service parts and machines, it is more accurate to say that it means the beginning of the end of it. If illness or bad weather delays you seriously in the Spring, you know how much it throws you off your schedule. The strike has thrown our schedules off balance, too. There are many "chores" we must do before new machines reach you.

Material shortages

The preliminary chores of getting our plants back into shape for full production are finished. But disturbances in other industries and resulting material shortages may affect our plans. Light gauge steel sheets, brass and copper, fractional horse power motors, and many other items are all very short. The coal situation may also prove serious—we hope not.

Refilling the well

Both our dealers and our branches have run dry on parts and new machines. So the biggest chore is to get their working stocks back to normal. It will take time to fill the pipeline to dealers—just as it takes time for you to refill a well or cistern after it has run dry.

Stock and display rooms of our dealers represent not one, but ten thousand reservoirs which must be refilled. The most heroic pro-

duction efforts will mean that your local dealer can expect only a small number of parts and machines at a time. Since we must play fair with all our customers, there will be a sprinkle of parts and machines all over the country—not a downpour in any one section.

You will be glad to know that all repair parts production schedules are far beyond normal.

No hoarding

You may be sure that every machine will be shipped to dealers as soon as completed. We do not and will not hold machines off the market.

At the start of the strike we had on hand at all our factories and branches just 837 tractors of all kinds—less than two days' production—and 405 of these were not completed. Many of those on hand had one or more important parts missing—principally radiator cores. Most of the rest represented the normal daily "float" between the end of the assembly line and the shipping platform. Naturally no tractors were made during the strike.

What dealers may have for you

We can report to you that our current production on TRACTORS is good and we are shipping at a normal rate. Even so, there will not be enough to go around. The situation on PLOWS

and DISK HARROWS is reasonably good. On COMBINES, MOWERS, HAY RAKES, ONE-MAN HAY BALERS, CORN PICKERS and many other items, our schedules have been seriously disrupted. We must in fairness say that many of our customers are likely to be disappointed on delivery of these machines. On MILKING MACHINES, STATIONARY ENGINES, and some other small units we are hopeful of making practically normal delivery.

We know you will understand the reasons why your dealer cannot fill your orders overnight. He would like to give you the kind of delivery on machines you would like to get, but his situation is a difficult one and not of his own making. He is doing the best he can.

No cutting corners on quality

There is one thing you can be absolutely certain about: We will NOT cut corners on quality in order to increase production in this emergency. For years we have said: "QUALITY IS THE FOUNDATION OF OUR BUSINESS." Today we say it—and mean it—as much as ever.

We know you need new machines—and need them badly. But we believe it will pay you to wait just a little while longer if you cannot get all you want immediately. By waiting you can be sure your new equipment will have the quality so rightly associated with INTERNATIONAL HARVESTER for so many years.

LEGALS

STATE OF MICHIGAN IN THE CIRCUIT COURT FOR THE COUNTY OF WAYNE, IN CHANCERY DEPOSITORS LIQUIDATION CORPORATION, a Michigan corporation, Plaintiff, vs. WALTER E. ASH, William S. BAKE, EDWARD H. BOLTON, MRS. LIVINIA COLE, HERBERT C. FELTON, GEORGE F. HILLIMER, JOHN BAZE, JR., NELLIE H. GREENLAW, JOHN C. WILCOX, WALTER J. EBERT, ELMER J. REDDEMAN, MYRTLE C. FISHER, EUGENE ORNDORFF, and PLYMOUTH UNITED SAVINGS BANK, a Michigan banking corporation, Defendants.

No. 378,374 ORDER APPROVING REPORT OF AVAILABILITY OF DIVIDENDS AND PROVIDING FOR ESCHEAT OF UNCALLED FOR SUMS

At a session of the said Court held in the Court House in the City of Detroit, County of Wayne, State of Michigan, this 19th day of April, 1946.

PRESENT: THE HONORABLE JOHN V. BRENNAN, Circuit Judge.

Upon reading and filing the Report of Availability of Dividends and Uncalled For Sums and Petition for Escheat, heretofore filed in this court and cause, from which it appears that Depositors Liquidation Corporation, plaintiff herein and Plymouth United Savings Bank, its agent, have given notice of the availability of the trustee's final liquidating dividend by publication and by mailing in accordance with the Decree heretofore entered in this Court and cause on July 26, 1945 and from which it appears that certain beneficiaries of the trust

which is the subject matter of this suit and who were entitled to a dividend under the terms of said Decree have not called for or demanded their dividend within the period provided in said Decree.

IT IS HEREBY ORDERED that the acts of Depositors Liquidation Corporation, plaintiff herein, and Plymouth United Savings Bank, its agent, in giving notice of the availability of the trustee's final liquidating dividend by publication and by mailing be approved and ratified, said acts being pursuant to and in full compliance with the appropriate terms of the Decree heretofore entered in this Court and cause.

IT IS HEREBY FURTHER ORDERED that the acts of Depositors Liquidation Corporation, plaintiff herein, and Plymouth United Savings Bank, its agent, in making available and paying the trustee's final liquidating dividend be approved and ratified, said acts being pursuant to and in full compliance with the appropriate terms of the Decree heretofore entered in this Court and cause.

IT IS HEREBY FURTHER ORDERED that unless the beneficiaries named in "Exhibit 5" attached to the said Report of Availability of Dividends and Uncalled For Sums and Petition for Escheat, or their successors in interest, who have not received their dividend shall call for or demand the same within sixty (60) days from the date of this order, said dividends (including those concerning which inquiry has been made but which have not been paid because of lack of proof of right to payment) will be escheated to the State of Michigan, and Depositors Liquidation Corporation, plaintiff herein, and Plymouth United Savings Bank, its agent, will be relieved and discharged of all further liability in connection with the distribution and payment of the trustee's final liquidating dividend.

IT IS HEREBY FURTHER ORDERED that notice of the entry of this order and of the escheat of the uncalled for sums at the end of the sixty (60) day period shall be given by publication of a true copy of this order once each week for six (6) successive weeks in the Plymouth Mail, a newspaper printed and published in the City of Plymouth, Wayne County, Michigan, and by publication at least once of a complete list of the names of all beneficiaries appearing in said "Exhibit 5".

IT IS HEREBY FURTHER ORDERED that upon the expiration of the sixty (60) day period herein fixed, and upon the filing with this Court of an Affidavit of Publication of this order as herein provided, that an order will be entered in this Court directing Depositors Liquidation Corporation and Plymouth United Savings Bank, its agent, to deliver all uncalled for funds to the Michigan State Board of Escheats.

(Signed John V. Brennan) Circuit Judge

o'clock. Season plans call for a playoff at the end of the regular season of play between the teams with a .500 or better average.

Home fields of the teams in the eastern league are: Milford, Ford Field; Northville, Ford Field; Waterford-Phoenix, Riverside Park No. 1; Plymouth-Newburg, Riverside Park No. 2; Nankin Mills, Middle Rouge Park; Ypsilanti, Ford Field.

Home fields of western division teams: Brooklyn-Sharon, Brooklyn high school; Manchester, Manchester high school; Saline, City Park; Milan, City or Ford Fields; Dundee, Dundee high school; Flat Rock, Ford Field.

Following is the schedule for the eastern division teams:

First Round

Tuesday, May 14—Ypsilanti at Milford, Nankin Mills at Northville, Plymouth-Newburg at Waterford-Phoenix.

Tuesday, May 21—Milford at Nankin Mills, Ypsilanti at Plymouth-Newburg, Northville at Waterford-Phoenix.

Tuesday, May 28—Plymouth-Newburg at Milford, Waterford-Phoenix at Nankin Mills, Northville at Ypsilanti.

Tuesday, June 4—Milford at Waterford-Phoenix, Plymouth-Newburg at Northville, Nankin Mills at Ypsilanti.

Tuesday, June 11—Northville at Milford, Ypsilanti at Waterford-Phoenix, Nankin Mills at Plymouth-Newburg.

Second Round

Tuesday, June 18—Milford at Ypsilanti, Northville at Nankin Mills, Waterford-Phoenix at Plymouth-Newburg.

Tuesday, June 25—Nankin Mills at Milford, Ypsilanti at Waterford-Phoenix at Northville.

Tuesday, July 2—Milford at

Plymouth-Newburg, Nankin Mills at Waterford-Phoenix, Ypsilanti at Northville.

Tuesday, July 9—Waterford-Phoenix at Milford, Northville at Plymouth-Newburg, Ypsilanti at Nankin Mills.

Tuesday, July 16—Milford at Northville, Waterford-Phoenix at Ypsilanti, Plymouth-Newburg at Nankin Mills.

Look upon every day as the whole of life, not merely as a section; and enjoy and improve the present without wishing, through haste, to rush on to another.—Richter.

DOES YOUR BEST FARM HAND SLEEP TOO MUCH? . . .

The most powerful worker on the farm is electricity. He is never tired, he never talks back, and the more he works the lower his hourly wage. He is ready to pitch in at any hour of the day or night, and he never wants a day off.

Start him on a job and he won't quit for a minute until you switch him off and on to something else.

But, unfortunately, he can't think for himself. YOU have to think up the jobs for him to do. You have to find out all the things he can do, get him the tools, then give him the "go" sign, and he will work for you for pennies where other hired men will cost you dollars.

A well-known farm paper has estimated that farmers and their help spend 65 per cent of their working time around the barns, cribs and other homestead buildings. That is where the "electric hand" can do his best work. He can milk the cows, saw the wood, pump the water, crib your corn, hoist and dry your hay, grind the feed . . . and perform a surprising number of additional tasks if you will find them for him. Electricity is right at your elbow now . . . awaiting your next command. Don't let him sleep on the job.

Teaching Boys To Run Tractors

(By E. I. Besemer)
The first tractor class for city boys and veterans was held Saturday, April 27.
The class was arranged by John Vloch, Farm Labor Assistant of the Agricultural Extension office through Norman Hill of the Fred Eidean organization. Emil Kunze, of the Foch school, Detroit, brought a group of boys to the tractor class.
These boys after a course of training will be better equipped to take farm jobs this summer.
The second class will be held Saturday, May 4.

Home gardens will be a major factor in food saving for famine relief.

President Truman said at the National Conference on Gardening March 26. "Food is today the most sought after commodity in the world." We are now challenged to win this global war against hunger. Hungry people make poor disciples of democracy. Food is still one of the most vital weapons in securing a lasting and stable peace.

"Growing more gardens," the President continued, "is one way to help. Every pound of food eaten fresh from the garden, or preserved for use next winter, will release an equivalent amount of food to be shipped to the starving millions."

"Through your efforts we can keep organized this great army of victory gardeners who during the war learned the art of gardening."

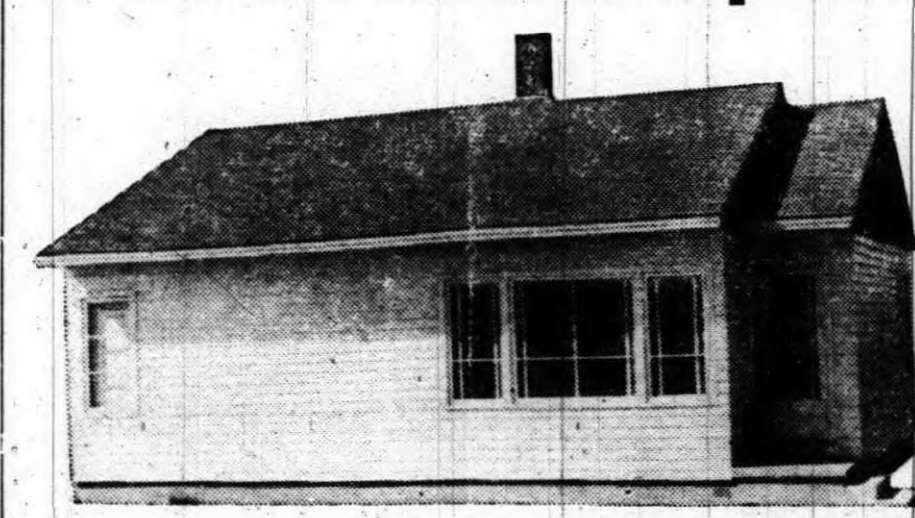

Fertilizers are hard to get and those obtainable may not be just the analysis desired, however, it is usually best to use some commercial plant food. Use what can be obtained, but if in doubt consult your county agricultural agent.

Soil tests may be made any

Partly Prefabricated Model House For Veterans Erected In Plymouth

This two-bedroom home at 41462 Ann Arbor Trail, a half mile east of Plymouth, is partly prefabricated. It was erected and completed in ten days. The Mercury Realty Co., Inc., of Dearborn, plans to erect 500 such homes in all, for veterans only.

Plymouth has been selected as the "show room" of Wayne County by a Dearborn firm that proposes to erect 500 partly prefabricated homes in and around Detroit for veterans only.

The first model put up by the firm is now open for public inspection at 41462 East Ann Arbor Trail just west of Haggerty road. It is creating considerable interest and attracting war veterans and their families from all over the county.

The five-room (two bedrooms) home was erected on one-half acre of land by the Mercury Realty Company, Inc., 202 Schaefer Building, Dearborn, of which F. E. Hudelson is president.

Mr. Hudelson states that the company plans to start on a mass production basis soon and erect 500 or more houses in the west, southwest and northwest sections of Metropolitan Detroit. A hundred and fifty of them will be

put up in Plymouth Township. Each unit, Mr. Hudelson said, can be erected and completed for occupancy within three weeks. Veterans can finance them under the G.I. Bill of Rights.

The model home of the firm here in Plymouth is open daily and Sunday for inspection between 10 a.m. and 8 p.m.

It is 24 feet by 32 feet in size and has oak flooring, a gas-fired air-conditioning heating plant, and tile features in the bath. Outside, and inside walls and the roof were furnished by the Eddy Corp., of Bay City. The siding, plumbing and heating were installed by the Mercury Co., Inc.

Mr. Hudelson said the outside and inside walls can be erected the first day. The roof goes on the second day. Plumbing and heating installations are then made.

The firm has six or seven of the houses under construction in Plymouth Township at this time.

Northville Club Celebrates

Wednesday afternoon and evening the Northville Rotary club celebrated its 20th anniversary of existence in the nearby community by arranging one of the most interesting events of many months.

A large number of former members who have moved to other cities and a number of well known Rotarian leaders were invited to be present.

During the afternoon the reunion and reception took place in the Veterans' Memorial building and at 6:30 o'clock the banquet took place in the Methodist church house, with more than a hundred in attendance.

District Governor Harry Palmer of Windsor was present and past district Governor Roy A. Plumb, prominent Detroit business man, was the chief speaker. Father Joseph Schuler, now of Detroit, acted as toastmaster. "The Old Dean" of WWJ and Percy Peters, popular Detroit singer, were also on the program.

Mr. and Mrs. Elton R. Eaton, of Plymouth, were present. Mr. Eaton having served as president of the Northville club during their residence in the nearby neighboring community.

There are still 5,600,000 places vacant in the United States where a couple could live, says Harrison Young, director of the Inselbriec Foundation, which conducted the national survey. The best hunting is in Pennsylvania and the worst is reported to be in Arizona.

Champe-Henry Are Delegates

President Brick Champe of the Western Wayne County Conservation Association, and Secretary Ernest Henry have been appointed as delegates by the Association to represent the 700 local sportsmen at the annual meeting of the Michigan United Conservation Clubs to be held at Bellaire on June 21 and 22.

This meeting is expected to be an important one in view of the fact that the conservation clubs of the state have not been able to hold any meetings since the war started. While an effort has been made to keep the various groups advised as to what is going on in the state, President Champe of the local organization regards the forthcoming state meeting as one of the most important in years, as it will enable the various clubs to bring directly to the attention of the entire groups some of the problems they think require statewide attention.

The annual meeting of the Western Wayne County Wild Lifers will take place late in June at their new club grounds on Joy road, just west of the Wayne road. The definite date will be announced later says Secretary Henry.

In Los Angeles, Mrs. William T. Caldwell II testified that her husband had such a temper that he had smashed several bottles of bourbon. "Full bottles?" asked the judge. Told that they were, the judge unhesitatingly said: "Divorce granted."

In Philadelphia Ann Corio is working on a new invention, an automatic theatrical critic: In the middle of the second act it gets up and walks out. . . .

LOCAL News

The Chancel Choir of the Presbyterian Church had a social evening on Thursday in the church parlors. Mrs. Arlo Emery and Mrs. Russell Daane were hostesses.

Mrs. Dow Swope, Mrs. Horace Johnson, Mrs. Harry Deyo and Mrs. Lawrence Lyons were guests of Mrs. Earl Russell at Plum Hollow Golf Club on Wednesday at luncheon and bridge.

Mother's Day guests of Mr. and Mrs. Arthur Haar were his parents, Mr. and Mrs. Aleo Gillespie of Detroit and Mrs. Edith Smith, mother of Mrs. Haar, at dinner Sunday at Hillside.

Mr. and Mrs. Ted Box will attend the State JayCee meeting in Lansing this week-end. From Lansing they will go to Houghton Lake to visit Mr. Box's brothers.

William Keefer, son of Mr. and Mrs. William Keefer of Forest street left for Pennsylvania to obtain a Piper Cub plane for the Triangle airport which he will fly back to Plymouth.

Mr. and Mrs. Charles Garlett have returned from a motor trip to Florida where they spent a brief vacation. They visited Mrs. Garlett's parents in Lake Worth, who expect to return to Plymouth early in June.

Mr. and Mrs. William Duguid, Jr., and daughter Linda Kay of Northville, Harvey Shaw of Plymouth, and Arthur Frusher of Milford were dinner guests Sunday in the home of Mrs. Edward Heintz and family.

Ciro R. Scalingi went to New York Friday to meet his wife and daughter Sylvia who just arrived from England. From New York they went to Boston to visit Mr. Scalingi's mother for a few hours and then returned to Plymouth.

Mr. and Mrs. J. Rusling Cutler, Mr. and Mrs. Sam Knapp and Mr. and Mrs. Frank Walsh will attend the state annual Jay-Cee and Auxiliary meetings to be held this week-end in the Olds Hotel in Lansing.

Fred Kendall, husband of the former Evelyn Ambler, who has been in New York the past few weeks, is visiting at the home of Mrs. Kendall's mother, Mrs. Leo Ambler. They were married while serving with the American forces in Japan.

Mr. and Mrs. Robert Simmons, Mr. and Mrs. Lincoln Lantz, and Mr. and Mrs. James Thrasher were guests of Mr. and Mrs. O. M. Valliquette at dinner in Detroit Saturday evening in honor of their 20th anniversary.

Mr. and Mrs. Walter Ruterbusch of Bay City spent the week-end with their son, Walter Jr. and family on Pacific street. On Sunday they were all guests of Mrs. Ruterbusch's mother, Mrs. Ida Johnson in Detroit, who has just returned from the West.

Loanne and Marianne Jensen, daughters of Mr. and Mrs. Henry Jensen, spent the week-end in Ann Arbor as guests of Dorothy Jean Woodbury. On Saturday they attended the children's play, "The Camel with the Wrinkled Knees," at the Lydia Mendelssohn theatre.

Mr. and Mrs. Kenneth Groth and small son will spend the week-end in Holland attending the tulip festival. While there they will be the guests of Mr.

Groth's brother and wife, Mr. and Mrs. Harold Groth.

Supt. Ernest Chappelle of the Ypsilanti public schools will be the speaker at today's meeting of the Rotary club. Mr. Chappelle has served as governor of this Rotary district. Herald Hamill is chairman of the program for today's meeting.

Mrs. Harold Curtis has been selected by the Rotary club directors to make arrangements for the annual spring ladies' night of the club, to be held at the Presbyterian church on Thursday, May 23. Mrs. Frederick Bentley is in charge of the musical program for the event.

The many Plymouth friends of Harry Davis who moved to Los Angeles, California some months ago with his family, will be pleased to learn that he is recovering from a recent illness, but expects to be confined for a brief period longer in a hospital in that city.

Mr. and Mrs. Ernest Kohler, former residents of Northville and well known in Plymouth where they have many friends and relatives, recently arrived in this vicinity from California where they are at present residing. Their home is in Venice. They made the trip by auto, coming east on what is known as the northern route. They plan to spend several weeks visiting here before returning to the west.

Mr. and Mrs. James R. Leonard of Stark road are the parents of twin boys born Monday in the University of Michigan hospital at Ann Arbor. The boys weighed nearly six pounds each, and with the mother, are getting along nicely. Mrs. Leonard is the daughter of Mr. and Mrs. Elwood Savage and the father is a re-

turned veteran. The names for the boys have not yet been announced.

Don Boyd Cfc., with the U. S. Navy in the Pacific, has been assigned to one of the naval crafts that will take part in the atomic bomb tests to be made this summer on Bikini Islands over on the other side of the Pacific. He is a son of Mrs. Grace Boyd, who is in California with her son at the present time. Mrs. Boyd went to the Pacific coast early in the winter and greatly enjoys the mild weather in that part of the country.

Mrs. Charles Smock of Seven Mile road is a patient in the Sessions hospital at Northville as the result of injuries she received a few days ago in an auto accident on Canton Center road just south of Plymouth. Mr. and

Mrs. Smock were returning from California where they had spent the winter and had made the trip homeward without incident until they were within a few miles of their home when another car crashed into them, fracturing one of Mrs. Smock's shoulders. Mr. Smock has driven to California many times, but this is the first time he has ever experienced an accident of any nature.

Robert Elliott, son of Mrs. Hazel Elliott of Cherry Hill road who has been in the United States Marine forces has just

been given his discharge and is back in Plymouth. During the past year he has been stationed in Japan, and what he thinks of Japan is just like what every one else thinks of it. He has already assumed his old position with the Wiedman Motor Sales company.

CLASSES VISIT GREENFIELD VILLAGE

Thursday, May 9, Mr. Delwyn Elliott with his American History, world history and international relations classes visited the Greenfield Village Museum as part of their classwork. The group consisted of 68 students and the guide was Mr. Virgil Loughheed, former Plymouth High School teacher.

LETTER TO PARENTS

Dear Parents: A few months ago, Allen, Kenyon, Plymouth and Coopers' Corners School district voted to form a township unit. Shortly after, two school busses were ordered to furnish transportation to pupils living in the district one and a half miles or more traveling distance from the school.

One bus was delivered Wednesday morning, May 8. This will assist us in starting free transportation for pupils within the district who live one and one half miles or more from school. The school-owned bus will be used to transport pupils from the rural areas that are not serviced by our city busses.

All pupils eligible for transportation who are within reach of city busses may receive free transportation.

We realize that all pupils cannot be transported by bus at the present time because of the shortage of busses. Therefore: those not within reach of city or school busses may use automobiles. Pupils being transported by automobile will be reimbursed by the Board of Education at the rate of \$45 per pupil per year.

Pupils living one and one half miles from school or more may go to the nearest bus stop and ride the bus to school without ticket. New schedules of bus stops will be arranged during the coming week.

You can help us solve difficulties by calling the school office, 62. Your assistance will be sincerely appreciated.

Very truly yours,
H. A. Nelson, Supt.

S. C. PRESENTS NEW TYPE OF ASSEMBLY

Introducing a new idea to Plymouth High, the Student Council will present for their assembly Friday, May 17, a talent show.

The council has contacted six other schools—Wayne, Redford Union, Northville, Ypsilanti, Farmington, and Van Dyke—for one or two candidates from each to attend the assembly. The candidates may sing, play an instrument, give interpretations, or recite.

In our own school the candidates for the assembly will be chosen from hidden talent within the school.

Lasting one hour the show will be presented to Junior High from 10:30-11:30 and to Senior High from 9:30-10:30.

In the 50-county Michigan area served by the Consumers Power Company, only eight percent of the farmers live beyond the reach of existing electric lines. Of those in the service area, 86 percent are receiving service, and an additional 6 percent can have service from existing lines whenever they want it.

APPLIANCE REPAIR

PLYMOUTH BEATS REDFORD UNION 8-6

The Plymouth Rocks, assisted by a triple play and a four run rally in the second inning, triumphed over Redford Union, 8-6. The game, most of which was played under rainy skies, marked another league victory for the locals.

Redford Union broke the ice in the first inning scoring one run on two hits with Plymouth coming back in their half to score two runs. In the second, the Rocks surged ahead with a four run rally on four hits and two errors and it looked as if they would coast to an easy victory. This idea was soon washed out, however, for in the third, a triple, an error, a double, and two walks brought in three runs for Redford Union. At this point, Dale Bentley was removed from the game and Terrance Hitt took his place. Another hit and two

more errors brought in two runs. Then with the bases loaded and no outs, Dobbs, anticipating a squeeze play, caught a pop bunt, stepped on third, and threw to Groth at second for a triple play leaving the score tied at 6-6.

In the fourth inning the Rocks staged another rally worth two runs which proved good enough to win the game.

The winning pitcher was Hitt, the loser, Slessn. Kreger officiated the game.

Totals: Plymouth, 8 runs, 7 hits, 2 errors. Redford Union, 6 runs, 7 hits, 3 errors.

New York State announces that 4,289 new corporations were chartered in January, establishing an all-time monthly record and topping the previous record set in January 1929 by more than 1500.

About 220 transport planes, worth approximately \$263,000,000 will be delivered by aircraft manufacturers this year. More than one-fourth of them will go to foreign air lines.

No Additional Gas House Heating Equipment Can Be Connected Until After Next Winter!

In order to insure adequate service to its present customers, this company finds it necessary to decline to supply natural gas to additional customers for house-heating or other space-heating purposes. Therefore, only customers whose gas heating equipment already was in process of installation on May 10 will be connected after that date.

This announcement is made with great regret, but under existing conditions there is no alternative. Since war-time restrictions were lifted, the use of natural gas has been growing very rapidly. Total use of natural gas for all purposes in the Consumers Power Company service area has practically doubled since 1942. Gas for heating is being requested not only for almost every new home, but also for a large number of homes which formerly used other fuels.

The Michigan natural gas fields, which supply a large part of the gas distributed by Consumers Power Company, are being exhausted rapidly and, due to the shortage of materials necessary to enlarge pipe-line capacity, the supply of gas from Texas and Kansas cannot now be further increased to relieve the situation.

The Company is doing everything it can to improve the situation as soon as possible. It is proceeding with plans to convert two Michigan natural gas fields into storage

areas, where gas from the Southwest may be stored in warmer months to help meet the peak demands of winter. Though definite progress is being made, this large undertaking cannot be completed in time to be of benefit during the coming winter.

This conversion of Michigan fields into storage areas requires the construction of a 150-mile pipe-line and a large gas pumping station, and the drilling of many additional wells in the fields, before they may be made useful for this purpose. The materials necessary to commence this work were expected to be available this spring, but now it appears that they cannot be obtained before next fall.

A year ago the Company was forced to discontinue connecting additional gas space-heating customers in Lansing and other cities in that area, which are at present entirely dependent on the declining Michigan fields. Now it must reluctantly impose the same restriction in all other areas it serves.

This limitation applies only to new installations. Customers who already are using gas for house-heating or other space-heating purposes will be supplied as usual.

We assure our customers, present and prospective, that every effort is being made to increase the available supply of natural gas and that this limitation will be lifted as soon as possible—But, it won't be for at least a year.

Consumers Power Company

That Little Children May Live

A government order curtails the amount of flour which millers may deliver to 75% less flour than last year and we will have to cut our production of baked goods accordingly.

We shall do our best to serve you; but we must ask your patience and understanding if you cannot always get what you want.

For the period of the food emergency, we are discontinuing most of our larger sized items with a view of being able to serve more of our customers with baked goods. We think you will agree that this is the only fair way for us to meet the situation. It may inconvenience you sometimes if you have been accustomed to buying the larger sized products, and for that we are sorry. The condition is only temporary, and when the food shortage is over, we shall look forward to serving you again with all the baked goods you desire.

BOBSON

Babson Discusses Prices

New York, May 17.—I am still optimistic as to stock market prices and believe that the Dow-Jones Industrial Average will go at least to 225 and perhaps 250. It is now about 207. The Combined Averages may lag in their upward movement due to investors switching wisely from rails to industrials. So much for stock prices.

Commodity Prices

My chief interest at the moment is in connection with commodity prices.—that is, what readers must pay for food, clothing and shelter. I hence, came over to New York, which is the central market on these basic commodities, to get the facts. There seems to be two schools of economic thought on the part of able-thinking men. This is wholly independent of the row over the OPA, which is a question of politics and not of economics.

The first school group — although they are in the minority— believe that we will have continuing high prices through 1946 and 1947 but that this rise will bring about a buyers' strike. This will be due partly to the fact that the great mass of people will then have cashed in such of their "E" bonds as they intend to sell, and partly to their determination to wait for lower prices. This is especially true in the field of building. There is a limit to what people will pay for a new house.

Truth About Building

The National Housing Agency has just released a careful study on home building. They find that a house which would have cost \$5,000 to build six years ago would cost \$8,250 to build today. Houses under \$6,000 have gone up 65 percent and houses over \$6,000 have gone up 57 percent. In certain sections of the Pacific Coast it is claimed that building has gone up 100 percent. These increases are certainly out of line with the advances in other living costs which amount to only about 30 percent.

Effect of Labor Unions

Over a long period, prices are determined by supply and demand. Even labor unions cannot do much to affect the long trend of prices. Improvements in the standard of living are due to increased production and new inventions rather than to labor unions. Over a short term, however, labor unions can greatly affect prices by raising wages, shortening hours and especially by slowing down "the number of bricks laid per hour." This is true today and will be in 1947 when labor unions may be in even a stronger bargaining position. Most of those whom I inter-

view belong to the second school of thought; they do not expect the buyers' strike but rather slowly rising prices for some years to come. Most businessmen are now short of labor; over 2,000,000 more persons are employed today than a year ago. In some industries there exists a real shortage of labor. On the other hand, in many lines of industry are running into a very competitive market. Many more concerns will be making every product than before the war. This should tend to keep down profits and make the price rise orderly.

My Personal Opinion

FOOD: Excepting a few products, such as fruit, dairy products, etc., there should be no increase in food prices after the Europeans get a good crop. Labor is returning to the farm, improved farm machinery will be on the market and — barring unseasonable weather conditions — there may soon be a surplus of crops and even lower prices.

CLOTHING AND OTHER CONSUMER GOODS: Clothing prices will be higher. The industry is heavily unionized and the OPA has been unfair to clothing manufacturers. There also is a shortage in other lines. With the exception of clothing, I expect only a moderate rise in prices of consumer goods in general unless Congress raises minimum wages above 50 cents per hour. There, however, should be a small, but gradual increase in the prices of consumer goods for some time to come.

HOUSING: The cost of building will continue to increase until there is either a buyers' strike or the unions permit reasonable building codes and the use of modern methods such as paint spraying, etc. At the moment, the building trade unions have the American people by the throat. Someday they will regret their present foolish actions.

School Busses Are Delivered

The first of two busses ordered by the school board was delivered to school officials last week-end. A system of transportation is being worked out and the first pupils to benefit from the Township consolidation which will provide free transportation to all children living one and one-half miles from school are now being carried to and from school. Superintendent Nelson expects to have the complete transportation problem solved by the time school opens next fall and the first bus is being used to try out various routes which are being planned.

In Times-Square 26 people rushed to join Alcoholics Anonymous when they saw part of a fur coat walking in the B.M.T. subway. It was a live pet marmoset looking for its marmoset.

KIMBROUGH'S
868 W. Ann Arbor Tr. Ph. 160

25 YEARS AGO
NEWS ITEMS OF A QUARTER OF A CENTURY AGO TAKEN FROM THE FILES OF THE PLYMOUTH MAIL

Miss Mabel Spicer has gone to Detroit, for a few days visit with friends and relatives. Ed. Everett, who is building on his farm, in Canton, a new barn to replace the one struck by lightning last year, was hit by a piece of scantling, Tuesday morning fracturing two ribs. He is improving at this writing.

Miss Marian Bennett was a weekend guest of her sister, Miss Mildred Bennett, who is attending the State Normal at Ypsilanti. Saturday evening she attended a party given by the Delta Phi Sorority of which her sister is a member. The heavy frost Sunday night did considerable damage in this vicinity, fruits and vegetables being damaged. The gardeners around here suffered heavy loss from the freezing of their early tomato plants. Winfield Birch lost six thousand, Louis Kaiser about six thousand, H. C. Robinson about three thousand and Czar Penney one thousand.

The Edison Co. have been doing the preliminary work for the installation of the new boulevard lighting system here. The work of installing of the new lights will commence about June 1st.

Oliver Penney is building an addition to his residence. Mr. and Mrs. W. R. LeVan, who have been living in Plymouth for the past year, have moved back on the farm, which Mr. LeVan has rented from the Improvement Corporation.

Theo. Gunsolly, with the help of neighbors, made a strenuous effort to save his strawberry patch, by keeping smudges going Sunday night. They think a good many are saved.

Little Corline Rathbun, daughter of Mr. and Mrs. Charles Rathbun is quite ill at their home east of town with tonsillitis. C. R. Ross & Son have sold their entire output of tomato plants, numbering about 80,000 during the past week. They expect to build a new greenhouse in the near future to care for their increasing business.

A company of relatives gave Mrs. Jacob Streng a pleasant surprise at her home on Mill street, last Saturday evening, in remembrance of her birthday. Cards were the entertainment, and later in the evening lunch was served.

The Misses Mildred Bennett and Edna Mather, who are taking the primary course at the Ypsilanti State Normal, and will finish there in June, have received appointments to teach in Detroit the coming year. The best wishes of Plymouth friends go with these young ladies for success.

Alice Josephine Ballen, daughter of Mr. and Mrs. Frederick Ballen of South Main street, was confirmed at the Lutheran church last Sunday afternoon. The ceremony took place at three o'clock and only a few friends were present as witnesses. Alice Ballen was privately instructed and confirmed by Rev. Charles Strassen, because on the 28th of May she will accompany her parents on a trip to Sweden, to spend several months with relatives of Mrs. Ballen.

Served to Your Complete Satisfaction

Prompt service is one of the distinguishing features of this restaurant. Your order is taken promptly and your meal—steaming hot, or crisply cold — is brought to you just as quickly. That's one reason you enjoy eating here so much. Another, of course, is that the food is simply tops.

For complete satisfaction in food and service, COME HERE.

The Plymouth Buick Sales Co. report the sales of new Buick touring cars to Thomas Leith and Gus Barnhart, and a new roadster to Dr. Dan Henry.

Pass Gas Burner Next Monday Eve

An ordinance, No. 128, to control installation of conversion gas furnaces in Plymouth was given its first and second reading and approved unanimously by the City Commission, last Monday night.

The third and final reading is slated for May 20, according to City Manager Clarence Elliott.

Briefly, the proposed ordinance makes it necessary for all conversion burners or gas furnaces to undergo a rigid inspection by the City Building Department upon being installed in any home or business place in the city. There will be a fee charged the resident for each inspection which also will be passed upon by the gas company.

Other business passed upon by the commission at its last meeting included the granting of a permit for the Myron H. Beals Post, American Legion, to hold a carnival on City property at Haggerty and Plymouth Roads from May 28 to June 2.

The commission also agreed to provide additional parking space in the down town area by renting three lots that are now vacant and putting them into shape for public parking. The lots were not designated.

The re-appointment of Mrs. Florence Parrot to a three-year term as a trustee of the Riverside Cemetery Board was approved by the commission. A resolution authorizing dim-out practices in Plymouth during the current emergency was adopted. The commission asks that merchants refrain from using all electrically powered advertising signs or devices and to turn out lighted window displays.

Home owners also are asked to co-operate by using a little electric power during the day as possible, preferably none at all, and limit their use of it at night.

Two petitions seeking curb gutters and bituminous paving for Roosevelt Street between Edison and the street end, and Harding Street between Burroughs and Edison, were received by the commission. A public hearing on the requests for May 20.

Another petition for the construction of a storm sewer on Amelia Street between Mill and Liberty, also was received. A public hearing on that request also was set for May 20.

Last but by no means the least, the commission agreed to let the Plymouth High school students take over the municipal government, under the supervision of the regular officials, for one day — May 23.

Legion to Meet With Auxiliary

Latest members to join the Myron H. Beals Post, No. 32, American Legion, are Calvin Cooley and Bob Jennings. Bob transferred here from Northville. They were initiated at the last meeting and presented with post lapel buttons.

The post and its Auxiliary will meet jointly the night of May 18, tomorrow, Saturday, for a pot-luck supper. The next post meeting is scheduled for June 3. All comrades are urged to be present.

In Duluth, county commissioners who offered bounties for killing bears (\$20 for adults, \$10 for cubs) called off the offer after 2 months and \$3,270.00 worth of bears.
