What I Think and Have a Right to Say
By
ELTON R. EATON

The PLYMOUTH MAIL

Vol. 58, No. 40 Plymouth, Michigan Friday, June 7, 1946 \$2.00 Per Year in Advance

THE CHEAPEST OF CHEAP POLITICS.

We've wasted the time to read in the Detroit newspapers the phoney report of the phoney senate "investigating" committee into the expenses in the state grand jury investigating graft.

Between every word and between every line, if you study the report carefully, there is but one purpose back of it—to smear Kim Sigler who did an outstanding job in convicting grafters, and to kill the graft cases now pending in various courts, by smearing one of the important witnesses.

The report says Sigler "Wasted \$50,000." Is it wasting \$50,000 or \$5,000,000 to clean out a bunch of rotten, grafting thieves who have been selling the people of the state of Michigan down the river for a dozen years or more?

Is it wasting money to hunt out the sneaking crooks who proclaim themselves as "servants of the people" and while acting in this faking capacity, peddle their sacred votes to the highest bidder?

The phoney senate committee, which had no right to make an inquiry of any kind and which didn't have the nerve to permit its testimony to be heard in the open, has probably stooped to a new low in rotten, miserable politics. It issued its smearing report just two weeks in advance of the primary election date.

And for what purpose?
To try and prevent the nomination of Kim Sigler for Governor of course. They were successful in getting him out of the graft investigating cases, but they know that if he should win the fight for the Governorship, there are more tough times ahead for the grafters and thieves who have enjoyed a Roman holiday in Lansing—for the past dozen years or more.

We have heard some state officers complaining because so many people think things are rotten up in Lansing. Haven't they got a right to feel that way, especially when you see such a determined effort being made to kill the grand jury, and defeat the special prosecutor who had the nerve to try and clean out the grafters who have brought disrepute upon all public officers?

We have come to the firm conclusion that it is the duty not only of every Republican, but of every Democrat, who believes in honest, clean, decent government, to do all within his power to help nominate and elect Sigler governor of this state.

The issue has become one that is squarely between the grafters and their friends and the honest people of the state. Let's see to it that the grafters get the same kind of a licking in the election that Sigler gave them in the courts before the grafters were able to have him fired as special state prosecutor!

The primary election, one week from next Tuesday, is the most important Michigan has had in many a year. Plan right now to be home and vote on TUESDAY, JUNE 18.

A LAND OF OPPORTUNITIES.

"They say" we have reached the peak in this country, that there are no opportunities left for the young man, that there are no new places to be settled, no where to go for future expansion or development.

We read a speech the other day made by an official of one of the great motor corporations. Among other things he said:

- "More than 12 percent of our homes have no electricity or gas.
- "One-third of our homes have no refrigerators.
- "About 44 percent of our families do not have so simple a device as a toaster.
- "Over 16 percent of our homes have no radios.
- "More than 53 percent of our homes have no central heating.
- "Over 30 percent of our homes have no bathtubs.
- "In nearly 1 out of 5 homes there is no running water.
- "And in 50 percent of our homes there are no telephones."

He didn't point out that there are millions of families in this country that are without homes, without automobiles, without many of the absolute necessities of life.

Opportunities?
The country is so full of them that every man, woman and child could be actively engaged in PRODUCING the things that we need for years and years to come—IF the broken-down and unsuccessful lawyers, the crackpots and the Communist elements in Washington could be driven out into the country, put to work on farms and told to produce or go hungry, and some people with brains could be placed in these highly administrative positions.

WHERE YOUR TAX DOLLARS GO.

The taxpayer is an individual who pays much to the government, complains little and does practically nothing to help himself out of a mess he knows that he is in.

But sometimes he does stop a minute and asks himself a question as to what happens to all of his tax dollars.

He finds that the answer is an easy one. For example, take the OPA, which is now the subject of so much public criticism but which is so strongly defended by bureaucratic propagandists.

The OPA began in April, 1941, as the Office of Price Administration and Civilian Supply, created by presidential executive order.

The staff consisted of Leon Henderson and eight assistants. President Roosevelt allocated \$75,000 from emergency funds. But the work expanded prodigiously. War came on December 7, 1941.

The Price Control Act was approved January 30, 1942. In April, 1942, OPA's first annual budget went to Congress. It contemplated a nation-wide organization of 90,000 employees. Total funds requested for the first year were \$110,000,000 to last through June 30, 1943.

The next budget, to June 30, 1944, requested \$177,335,000. The 1945 budget was \$190,462,739.

Then came the first postwar year—the fiscal year ending June 30, 1946.

Total OPA budget authorizations for this year now stand at \$150,425,000—an amount just equal to the total funds appropriated for the United States Navy for the year ended June 30, 1916. At that time the Navy comprised 346 vessels of 1,500,000 tons displacement. Officers and enlisted personnel numbered 66,653 men.

Daisy Promotes Warren Lombard, Floyd Reddeman

Warren B. Lombard, assistant treasurer and for 38 years purchasing agent for the Daisy Manufacturing Company, will devote his entire effort to financial matters from now on as Floyd Reddeman takes charge of the purchasing department.

Mr. Reddeman, who has ably assisted Mr. Lombard for 15 years, becomes purchasing agent at a time when this job is perhaps the most important and certainly the most intense activity in business. The procurement of manufacturing materials during this period of interrupted production and shortages is a typical "pressure job" when failure to have on hand one little part can hold up production and might result in closing the factory.

Mr. Reddeman has been associated with Daisy for 24 years and came to the firm following a very successful experience with King Manufacturing company. He is well qualified for his new post by ability and experience, and his many friends and business associates wish him the best of luck.

Mr. Lombard came to Daisy in March, 1907. His years of executive service to the firm are expected only by those of C. H. Bennett, president, and E. C. Hough, vice president and treasurer. Many of the complicated problems posed by postwar business conditions become the responsibility of Mr. Lombard.

He will deal chiefly with tax and insurance problems of the firm which have been complicated largely by current conditions. These appointments were made as part of the Daisy's reorganization program to provide greater efficiency in the firm's executive staff.

In addition the offices are being remodeled to accommodate administrative operations.

Ford Co. Ousts James Gallemore

Upon returning from a two weeks' vacation granted to all West Motor Company executives when the plants were recently closed down, James J. S. Gallemore, superintendent of the Plymouth Wilcox plant for 31 years, was advised this week that his services were immediately terminated.

The only explanation Mr. Gallemore states that he has been able to secure for this surprising action is a statement that his services "are unsatisfactory."

He came to Plymouth 23 years ago as Superintendent of the Wilcox plant when it was first opened by Henry Ford. Previous to that period he had been employed by the Ford company in the Highland Park plant for nearly five years.

Mr. Gallemore has been one of Plymouth's public spirited citizens, his chief interests being in the public schools. He served as a member of the board of education for a number of years and was for a time president of the board.

Some years ago he purchased ten acres of land on West Ann Arbor trail where he erected a new home.

When asked as to his future plans, Mr. Gallemore stated that he had nothing definite in mind as his sudden termination of services with the Ford company was a complete surprise to him.

"But there is life, liberty and the pursuit of happiness left for me, even though I gave to my employer the best 31 years of my life," he stated.

The company not so long ago terminated the services of a number of its top officials. A desert lunch was served to the following ladies: Mrs. Joe P. Mrs. Harlow Williams, Mrs. Martin Jones, and Mrs. John Chaney.

Plymouth's Clothing Drive for Plymouth, England, Great Success

Over one full ton of clothing, representing more than 4,000 different garments for men, women and children, including many shoes, was the tremendous response of Plymouth in its clothing drive for the benefit of the suffering people of Plymouth, England.

John Blyton of Taylor & Blyton, who brought about this charitable aid for the men, women and children of Plymouth's namesake city across the Atlantic, is especially delighted over the success of the drive.

"We were sure it would be a success" he said, "but little did we realize that over 4,000 garments of clothing would be collected here for the people overseas who are trying to keep warm by wearing clothing so worn that it can hardly be kept together."

Harold Anderson, who was appointed chairman of the drive by the Rotary club, which sponsored the clothing collection, was also elated over the success of the drive. He said it was most gratifying to note the way people gave so freely.

The clothing will be shipped direct by the Plymouth Rotary club to the Plymouth, England, Rotary club and after the clothing has been properly cleaned and repaired, it will be distributed by the Rotary club members of England to the destitute of that country.

Jeanne Dettling Is Honor Winner Plymouth Stores Adopt Summer Closing Schedule

Jeanne Dettling, daughter of Mr. and Mrs. Russell G. Dettling of 906 South Main street, a graduate of the Plymouth high school with the class of 1941, was Monday, June 3, graduated from Mercy College and Mt. Carmel Mercy Hospital in Detroit as a registered nurse, with the Bachelor of Science degree. As the result of her successful school work, she is now qualified to teach, instruct or do supervisory work in these hospitals.

During her college career she was honored by being elected vice-president of the Sodality at Mercy College for two years. She was also nominated and approved for inclusion in the 1945-46 edition of "Who's Who Among Students in American Universities and Colleges."

This in itself is a high tribute to the excellent school work that has been carried on by Miss Dettling. It is national recognition for outstanding college students that is awarded strictly upon merit and without fees or dues of any kind.

The host of friends of Miss Dettling will be pleased to know of the high recognition she has won in her medical school work.

Girl Scouts Camp Seeks Additional Adult Supervisors

Plymouth's fourth annual Day Camp for Girl Scouts is scheduled to open June 17 for two weeks, Monday through Friday, from 9:30 a.m. to 4 p.m. daily.

An interesting and instructive program has been planned. Subjects will include nature study, arts and crafts, dramatics, pottery, rock finding, first-aid, group singing, athletics and many other activities.

However, unless additional adult supervision is promised by mothers of scouts or any other interested citizen in the community, the camp may have to be abandoned this season.

Adult supervision is badly needed for the camp. If it can be assured, Plymouth stands to lose one of its more worth while summer programs. Anyone interested in volunteering their services should call Mrs. Dobbs at 783-R.

The Mail believes that Plymouth should be proud to support the camp. It is one of the finest in the Detroit area and offers a recreational program to approximately 175 children for a ten-day period.

The Friendly Circle held its May meeting at the home of Mrs. Lee Turkett on Pacific Avenue Wednesday afternoon. A desert lunch was served to the following ladies: Mrs. Joe P. Mrs. Harlow Williams, Mrs. Martin Jones, and Mrs. John Chaney.

Rosedale Couple Killed In Auto Collision

Memorial Day weekend, a week end that saw more cars on the road than any time since 1941, proved to be, tragic here when Mr. and Mrs. Karl Ocheltree of Rosedale Gardens were killed in a head on collision two miles west of Farmer, Ohio.

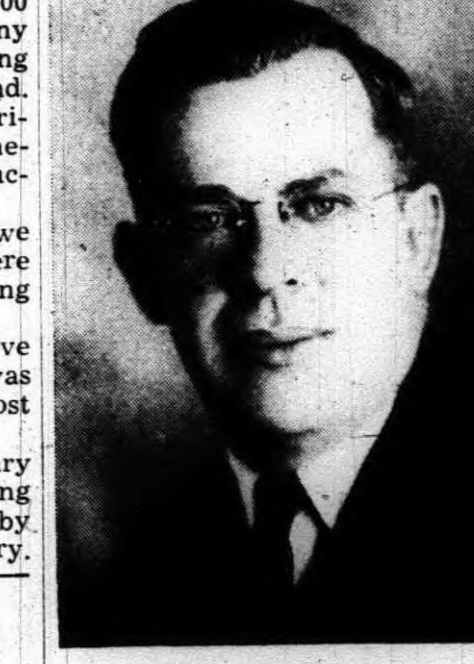

The Ocheltrees, who own the Rosedale Gardens' Cleaners, locked the doors Wednesday evening for the weekend, intending to visit friends in Ohio. Their car was struck enroute by an automobile driven by Phillip Hamm of Muncie, Indiana.

Mrs. Ocheltree is survived by a daughter, Barbara Barriger, and Mr. Ocheltree leaves a daughter who makes her home on the west coast.

Absent Voter Ballots Ready

Qualified electors in the City of Plymouth who will not be able to be in the community for the June 18 primary election, or because of illness cannot visit the polls, may obtain absent voters ballots anytime now at the City Hall.

He's Named Daisy Purchasing Director

Floyd Reddeman, Long time employe of The Daisy Manufacturing Company, through loyal and efficient service, has won for himself promotion to the position of purchasing director of this important Plymouth industry.

Baccalaureate Sunday Evening For Graduates

One hundred eighty-seven graduates of Plymouth High School will begin their joyful trek down "Diploma Lane, at 8 p.m. Sunday.

At that time in the high school gymnasium the Class of 1946 will participate in the traditional rites of Baccalaureate Sunday which herald the advent of commencement.

The equally traditional Class Night ceremonies will be held Tuesday at 8 p.m. Commencement is planned for Thursday night. Graduates will wear the dark, dignified cap and gown ensemble for each event.

Special preacher for the Baccalaureate service is the Rev. Leonard Sanders, pastor of the Plymouth Methodist Church. He will speak on "You Can Win."

The Rev. Mark Sanborn, pastor at First Baptist Church, will read the Scripture Lesson. Special music will feature the Methodist Adult Choir and Mrs. Harry Fischer. The Pastoral Prayer will be by the Rev. Henry J. Welch, Presbyterian pastor in Plymouth.

There will be three hymns by the general assembly. The congregation also will take part in the Call to Worship and reading of the General Confession.

Class night festivities will take the form of separate acts under a general musical heading, "World in Harmony." Each act will be introduced by a musical term with the class members presenting the program themselves.

Those taking part will include Alan Kidston, William Beitner, Robert Chute, Jean Murray, Mary Jane Christensen, Freeman Hoover, Mary Lou Ejdahl, Thompson, Jacqueline Bothwell, Mabel Vickstrom, Richard Groth, Shirley Miller, Phyllis LaVerigne, Vincent Simonetti, Virginia Waldecker and Caroline Rolan.

Mary Rolan, an undergraduate, will preside at the piano for the professional and recreational. The class song, "Graduates of 1946" which is to be a feature of the class night program, was written by Ruth R. Campbell.

Decorations will be in the class colors of green and gold, featuring the class flower — yellow roses.

Commencement on Thursday night will be a very formal affair. Dr. Paul Sangren, president of Western Michigan College of Education, Kalamazoo, is principal speaker.

Special music will be provided by Ruth Campbell, vocal solo; and Robert Bartel and Elaine Sanko, two-piano duet. The class also will sing their song which was composed by Miss Campbell. Mrs. Sidney Strong, president of the Plymouth Board of Education, will present the diplomas. Superintendent Helmer A. Nelson will present the graduates.

Canton Township Gets Full Time Fire Protection

Canton Township residents now have a definite fire protection program, according to Joseph West, acting supervisor.

The township is joining with the townships of Superior and Ypsilanti to underwrite a communal fire department for the entire area.

The department for these three townships is located at 1527 Stamford Boulevard, Willow Run Village, telephone Ypsilanti 3120. Care giving instructions on how to properly report a fire in either of these townships and telling of the new fire protection program are being distributed to every home and business place, school or church in the entire area.

Canton Township residents are cautioned to remember the new fire department which will serve them. No longer are they to call Plymouth regardless of circumstances. Report all fires to your new department at YPSILANTI 3120.

The new arrangement will provide a department that is ready to roll 24-hours a day. There are two large trucks and 10 men. Each township furnishes two men in addition to the four already on duty at Willow Run Village. The whole plan is ideal and most commendable.

Henry Sweeney Rotary Speaker

Members of the Plymouth Rotary club last Friday noon heard one of the most constructive and informative talks on county government ever given here.

The speaker was Henry Sweeney, former assistant attorney general of Michigan and for many years a member of the city council of Detroit. Mr. Sweeney last spring decided to become a candidate for the Republican nomination for county clerk of Wayne county and did not run for reelection as a member of the Detroit city council. As a member of the Detroit city council he also was for years a member of the Wayne county board of supervisors.

He was invited to be the guest speaker by Supervisor Carl Shear of this city, who regards Mr. Sweeney as one of the most efficient and best informed public officials of the metropolitan section.

The speaker traced the organization of county government, pointing out the tremendous amount of business conducted in Wayne county and of the necessity of some important changes in the present methods of conducting the business of some departments, especially the sheriff's office.

The many Rotarians present were most grateful to Mr. Sweeney for his address. He displayed a knowledge of county government possessed by few officials.

Madeline and Julius Saner vacationed in Pittsburgh, Pennsylvania for a few days.

Gigantic Air Circus Scheduled for Sunday June 16, at Mettetal 'Port

Mettetal Airport, Joy and Lilley Roads, next Sunday, June 16, will be the scene of a huge air show sponsored by the Civil Air Patrol.

The show, first of its kind to be staged in this area, is designed to aid the United States Army recruiting program in Wayne County and to assist in veteran job placements, according to Lt. Darrell Milshead of the CAP.

It also will benefit the sponsors financially and enable them to construct a headquarters building at Mettetal Airport for the Dearborn Flight and Parachute Squads. However, CAP personnel from the surrounding area will make use of the building too.

Loss Estimated at \$3,000 as Fire Damages Home

Fire of unknown origin last Sunday night did an estimated \$3,000 damage to the residence of John Jacobs, at 743 Virginia street, according to the family.

Most of the loss will be covered by insurance.

Mrs. Jacobs said they had retired early. About midnight she was awakened by a peculiar noise. Snapping on a bed lamp she was horrified to find the room filled with smoke. She quickly awakened her husband.

Both attempted to flee their bedroom but upon opening the door were forced back by the dense smoke. They made their escape in robes and pajamas through the bedroom window and rushed next door to the home of their son.

Located in the second floor apartment—Mr. and Mrs. Wilfred Cody and baby—were aroused and had little difficulty making their way down the stairs and outside. At that time there was little smoke in the upstairs.

A single phone circuit serves both the Jacobs home and that of the basement. Upon trying to phone the fire department they learned the fire had burned through the circuit leaving it useless. The son was forced to drive to the fire hall to report the blaze.

Firemen quickly responded. They found the fire had started in the basement but through lack of oxygen had just about burned itself out.

The recreation room, which Mrs. Jacobs used for a sewing room too, was gutted. Considerable clothing and many other items in the room were destroyed. Several supporting beams and partitions also were burned through. The blaze got into the flooring and burned through into the dining and living rooms.

All of the Celotex tile ceiling in the basement had to be ripped out to get at the fire.

Smoke damage will make it necessary for a complete redecorating job in every room upstairs and down. Decorators had just completed a similar job two weeks previously. Mrs. Jacobs said. New flooring will be laid in the dining and living rooms, the recreation room will be rebuilt and the entire basement renovated.

Mr. Jacobs reported that contrary to several rumors his gas furnace did not figure in the blaze. He had turned it off at 9:30 p.m. prior to retiring.

Two other fires last week were so damaging. Firemen reported a run to the home of Henry Fisher, at 578 Starkweather, last Tuesday, to extinguish a fire in scrap paper in a garage. The building, firemen said, was damaged to the extent of \$250. An adjacent barn ignited but was extinguished without any damage.

On Memorial Day at 6:30 a.m. the department was summoned to the home of Kenneth Corey, at 529 South Main. A davenport was on fire, firemen reported. They said it caught from a misplaced cigarette. Damage was estimated at \$250 by firemen.

Country Club Plans Stag Day

One of the first of a series of special golfing events scheduled for the summer is to take place Saturday at Plymouth country club. Members and their guests will take part in Stag Day activities. It is to be an all-day affair with many awards in the offing for those who take part.

Members are also reminded that there will be no party at the clubhouse this Saturday night, but next week the dances will be resumed with Johnny Harber and his "Four from Sleepy Hollow" supplying the music.

Mrs. Fred Schaufele was the guest of her sister, Mrs. Paul Nickels in Detroit Saturday.

LOCAL NEWS

Mr. and Mrs. Earl Gray and Mr. and Mrs. Joseph Tremain were in Grand Rapids Tuesday and Wednesday of last week attending the annual session of Grand Lodge, F. & A. M.

Mr. and Mrs. Perry Hix and Mrs. C. D. Williams have returned from a two weeks' trip in the east visiting Mrs. Evelyn Williams, daughter of Mr. and Mrs. Williams at Gloversville, New York and other relatives in Pittsfield, Massachusetts, Wallingford, Connecticut and Asbury Park, New Jersey. They returned by way of the Penn-Turnpike and through Ohio to visit Mr. and Mrs. Robert Soth of Dayton, daughter and son-in-law of Mr. and Mrs. Perry Hix.

Mr. and Mrs. Edwin Goebel are the parents of a son, David Randolph, born Sunday, June 2 at St. Joseph Hospital, Ann Arbor. The little fellow weighed ten and a quarter pounds.

The 70th birthday anniversary of Ernest Franks was celebrated Sunday at his home on Evergreen avenue with a co-operative dinner and games. Mr. Franks seven sisters and three brothers with their families were present from Detroit, Wyandotte and Utica and members of his own family from Plymouth and surrounding territory. Covers were laid for 70 guests.

The Lutheran Womans Club met at the home of Mrs. Walter Schultz on Forest street Monday evening. The business meeting was followed by a luncheon.

Girl Scout Troop 8 held their progressive dinner in the homes of Elaine Tate, Lois Ebersole, Jane Stremich and Patricia Krump on Monday evening, June 3. A court of award ended the evening on the lawn of Patricia's home. The girls were awarded 4 badges including the minstrel show badge which they recently earned by putting on a minstrel show for Starkweather P.T.A. Members of Troop committee were also invested in the Girl Scout Troop that evening.

The Child's Study Club had their annual picnic at Riverside Park Tuesday evening. Later they went to the home of the president, Mrs. Wm. Graham, on Edison Ave., for election of officers. The new officers are: Mrs. Wm. Graham, re-elected president; vice president, Mrs. Richard Straub; secretary, Mrs. John Mende; Treasurer, Mrs. Frank Hokenson; librarian and press reporter, Mrs. Floyd Reddeman. The previous meeting was held at the home of Mrs. Wilbur Hill on Ann St., Tuesday, May 21.

Members of Plymouth Rebekah Lodge attended the regular visitation at Mable Lodge on May 15. The first Mother and Daughter banquet given by the Rebekah Lodge in many years was held May 16 with a large attendance. June 14 will be the birthday supper honoring those with birthdays from January through June. Supper will follow lodge. If you have a birthday during that period be sure to come out June 14. Degree Staff Club met June 6 with Mrs. Irving Ray for a potluck lunch and a business meeting in the afternoon.

George Chute, son of Mr. and Mrs. George Chute of Garfield avenue, will be discharged from the Navy this week-end and will return to his home here.

Announcement has been made of the marriage of Rosalie Darling to Corporal Lewis H. Dale on Monday, June 3rd at 7:00 p.m. The ceremony was performed at the home of the bride by the Rev. Edgar Hoenecke. The bride wore an aqua suit with a corsage of white carnations, and was attended by her aunt and uncle Mr. and Mrs. Cyril Rodman.

Mr. and Mrs. Walter Schultz will attend the wedding of their niece in Rosedale Gardens Saturday.

Mr. and Mrs. John Warkup announce the engagement of their daughter, Frances Arline to Lawrence Grimes, son of Mrs. Ethel Grimes.

Plymouth Nines Will Play Sunday

Plymouth's two Class A teams in the Michigan Inter-County Baseball League will again be in action Sunday following a heavy schedule last week occasioned by Memorial Day tils.

After two weeks of playing away the Cloverdale nine will make an appearance at home on the Riverside Park diamond while playing host to the Zephyr Inn squad from Inkster at 3:00 p.m. Sunday.

Passage-Gayde baseballers will travel to South Lyons for a game with the Seamless Tube aggregation.

As the crystalline lens of the human eye filters out ultraviolet light, the removal of the lens in an operation for cataract not only restores the former vision but also permits the entry into the eye of ultraviolet waves, enabling the person to see by this "black light" which is invisible to normal eyesight.

Mrs. Cora Fallon Weds Detroit

Mrs. Cora Fallon of Plymouth and Ira Gerow of Detroit were married last Saturday, June 1 at 5 o'clock in the Presbyterian church of Plymouth, the Rev. Walsh officiating. The bride was attended by Calista Spraker, as matron of honor and the best man was Edward Clark of Detroit. A reception took place at the home of the groom's sister in Detroit following the ceremony. The couple left on a boat trip on the Great Lakes. Upon their return they will reside in Detroit.

Jaycees Sponsor Donkey Ball Game

Announcement is made this week by the Junior Chamber of Commerce, of a public event which Plymouth residents will be interested in. It is a Donkey Ball game, much the same as the one last year, and to be held Thursday evening, June 27, at the high school athletic grounds. Tickets are now on sale and may be obtained from any member of the Jaycees.

James Houk, last year's chairman of the affair, has been re-named to make arrangements this year with Donald Lightfoot, co-chairman. They will be assisted by the following committees: Tickets, Wendell Lent and Gordon Moe; publicity, John Gaffield and Raymond Danol; concessions, Marvin Terry, Fred Waara and Theodore Box; players, Bob Fisher, Vincent Herter and John Palmer; grounds, Sanford Knapp, Frank Dely and Henry Lorenz; and insurance, Walter Ruterbusch and Donald Rank.

Tuesday, June 18, Is the Day Plymouth Votes for Judge James Sexton

Judge James Sexton.

Tuesday, June 18 is an important day for the people of Plymouth and vicinity—it's primary election day—and that means every one must plan to go to the polls and help select the candidates for various county, congressional and state offices.

But of chief interest to Plymouth and this part of Wayne county is the candidacy of our own Probate Judge James Sexton, who is seeking the non-partisan nomination for his position again.

His name will appear in two places on the special ballot voters will be given on primary election day. Be sure and place an X in front of his name in both places. One nomination is for the short term to fill out the few months of the term to which he was appointed. The other nomination is for the full term. It is highly important that you mark your ballot in both places for Judge James Sexton.

When Judge Sexton was appointed to this place a little over a year ago, every one in Plymouth who knows Judge Sexton, knew he would make a good judge. But every one didn't know that in that brief time he would become known throughout the county as the hardest working and one of the most accommodating officials who ever served the people of Wayne county.

Although he lives 22 miles from the court house, he is the first county official on the job in the morning. He is there during the entire day and when it's time to close up the office in the afternoon, his office isn't closed if there is a single person waiting to see the judge about some probate matter.

Not only has he won for him-

self a host of friends by his utmost courtesy, but probably no man ever held a probate judgeship who knows the details of his task better than Judge Sexton.

This is all due to the fact that for more than 23 years he served in every clerkship in the probate office. After he was given a clerkship, he rose steadily through the years to the highest post in the probate court.

Then when the probate court work became so great in Wayne county that it could not be carried on by the three judges and it was necessary to appoint two more, Judge Sexton's long efficient and courteous service was rewarded by his appointment to one of these vacancies.

He is now asking you to continue him as a probate judge of Wayne county. Let's see to it that when Tuesday, June 18 rolls around, he gets the biggest vote ever given a candidate for public office. He has earned it—and now it is our duty to see to it that he gets it.

Vote Tuesday, June 18. That's a week from next Tuesday.

Ernest Roe Sells Old Homestead

A real estate transfer of interest especially to the older residents of Plymouth was consummated here Wednesday when Ernest Roe sold the Roe homestead at the northeast corner of Main and Union streets to Mr. and Mrs. Harry Robinson, also pioneer residents of this community.

Mr. Roe was born in the home he sold in 1870. He has lived there his entire life except for a few years after he was married. Following the death of his father, Mr. Roe and his family moved back into the Roe home, built by his father in the year 1868.

While the residence is one of the oldest houses in Plymouth, it has been kept in perfect condition and is a much better home today than are many of the more modern ones built in recent years.

Mr. Roe intends to remain in Plymouth much of the time, although he has not yet decided upon the selection of a room.

Mr. and Mrs. Robinson intend to sell their large home on Braden road. Some weeks ago he purchased another house on North Main street, about half a block north of his new home where he will re-open his second hand store in July.

Old timers will recall that when the Roe home was constructed it was located just across the street from the old fanning mill where the Bennetts produced grain fanning machines for years. This was on the southeast corner.

Store Woolens Right And Cheat the Moths

The mothers may be hungry, but wool clothing is still hard to find and expensive.

Spring fever fails to bring up questions about storing winter woolens to prevent moth damage while the garments are "out of circulation." Prof. E. I. McDaniel, Michigan State college entomologist, points out that the prevention is easy, but the cure is difficult—sometimes impossible.

Professor McDaniel outlines safe storage of woolens as follows:

1. Dry clean or wash woolens before storing. This removes all forms of moths present but does not protect against future infestation.

2. Garments may also be hung in the sun for several hours, if the colors are sunfast; then all seams, pockets, and other hiding places for moths should be brushed thoroughly. Pressing garments before storage is also a method of insuring the destruction of all moth life.

If you have anything to sell or rent, try a Plymouth Mail want ad. They bring results. Phone Plymouth 6.

Norman C. Miller Plymouth Township Clerk

OFFICIAL PROCEEDINGS OF CITY COMMISSION, PLYMOUTH, MICH., MAY 20, 1946

The regular meeting of the City Commission was held in the City Hall on Monday, May 20, 1946 at 7:30 p.m.

Present: Mayor Lidgard, Commissioners Corbett, Davis, Shear and Taylor.

Ayes: Mayor Lidgard, Commissioners Corbett, Davis, Shear and Taylor.

Resolved: That the City Manager recommend that Walter Beglinger be given permission to place a gasoline sign between the sidewalk and the curb, as all other gas stations are permitted.

Resolved: That the City Manager recommend that permission be granted to erect the sign on the post between the curb and sidewalk. Carried.

This was the night set for a public hearing for the purpose of determining the wishes of the people concerning the construction of a curb, gutter and blacktopping on Roosevelt from Edison South to the end of the street.

There were no objections. The following resolution was offered by Commissioner Corbett and supported by Commissioner Taylor:

WHEREAS, a Public Hearing has been held for the purpose of determining whether or not to construct a curb, gutter and blacktopping on Roosevelt, from Edison South to the end of the street, and

WHEREAS, No objections have been received by the City Commission, and

WHEREAS, The Plan, Profile and Estimate covering the proposed improvement has been accepted and is now on file in the office of the City Engineer, THEREFORE, BE IT RESOLVED, That this Commission approve of and declare its intention to proceed with the construction of a curb, gutter and blacktopping on the above mentioned street.

BE IT FURTHER RESOLVED, That the Assessor be directed to prepare an Assessment Roll covering the cost of the improvement.

Ayes: Mayor Lidgard, Commissioners Corbett, Davis, Shear and Taylor.

Nays: None. Carried.

This was the night set for a public hearing for the purpose of determining the wishes of the people concerning the construction of a curb and gutter and blacktopping on Harding, between Burroughs and Edison, and there were no objections.

The following resolution was offered by Commissioner Shear and supported by Commissioner Corbett:

WHEREAS, a Public Hearing has been held for the purpose of determining whether or not to construct a curb and gutter and blacktopping on Harding, between Burroughs and Edison, and

WHEREAS, No objections have been received by the City Commission, and

WHEREAS, the Plan, Profile and Estimate covering the proposed improvement has been accepted and is now on file in the office of the City Engineer, THEREFORE, BE IT RESOLVED, That this Commission approve of and declare its intention to proceed with the construction of a curb, gutter and blacktopping on the above mentioned street.

BE IT FURTHER RESOLVED, That the Assessor be directed to prepare an Assessment Roll covering the cost of the improvement.

Ayes: Mayor Lidgard, Commissioners Corbett, Davis, Shear and Taylor.

Nays: None. Carried.

This was the night set for a Public Hearing to determine whether or not to construct a trunk line storm sewer on Amelia Street.

Several property owners were present to discuss the matter with the Commission. Robert Jolliffe objected on the ground that he thought the present sewer was adequate to care for the needs.

Other property owners, while not objecting to the improvement, were concerned about the assessment on the property.

The City Manager pointed out that in as much as this was a trunk line sewer, that the whole drainage area would have to help bear the cost. He further pointed out that this sewer now will cost considerably more than it would had the job been approved two years ago as recommended.

The following Resolution was offered by Commissioner Corbett and supported by Commissioner Shear:

WHEREAS, a Public Hearing has been held for the purpose of determining whether or not to construct a trunk line storm sewer on Amelia Street, and

WHEREAS, No Valid objections have been received by the City Commission, and

WHEREAS, The Plan, Profile and Estimate covering the proposed improvement has been accepted and is now on file in the office of the City Engineer, THEREFORE, BE IT RESOLVED, That this Commission approve of and declare its intention to proceed with the construction of a trunk line storm sewer on the above mentioned street.

BE IT FURTHER RESOLVED, That the Assessor be directed to prepare an Assessment Roll covering the cost of the improvement.

Ayes: Mayor Lidgard, Commissioners Corbett, Davis, Shear and Taylor.

Nays: None. Carried.

The following Resolution was offered by Commissioner Shear and supported by Commissioner Corbett:

RESOLVED, That the Annual City Budget for the year July 1, 1946, to June 30, 1947, as reviewed at this meeting and previous meetings of the City Commission in the total amount of \$152,549.40, be approved and that the same be prorated under the various funds as follows:

General Government 29,531.00

Buildings & Structures 7,495.00

Public Works 41,620.00

Public Safety 30,840.00

Health & Welfare 760.00

Recreation & Parks 8,365.00

Debt Retirement 5,850.00

Equipment 7,940.00

Hydrant Rental 4,100.00

Veterans' Affairs 1,200.00

Unappropriated Reserve 6,648.40

Retirement City Share 8,200.00

Total 152,549.40

RESOLVED FURTHER, That the nontax revenues as estimated by the Budget Committee in the amount of \$50,512.50, be deducted from the above total.

RESOLVED FURTHER, That the City Clerk verify the amount of \$102,036.90 to the City Assessor for spreading on the Assessment Roll of the City of Plymouth for the year 1946.

RESOLVED FURTHER, That the City Clerk be authorized to sign the same as provided by the City Charter.

BE IT FURTHER RESOLVED, That the total budget of \$71,822.00 for the Riverside Cemetery and the budget for the Water Department of \$45,847.50 be approved, and that the nontax revenues as estimated by the Budget Committee in the amount of \$7,382.00 and \$45,847.50, respectively be deducted.

AND BE IT FURTHER RESOLVED, That salaries and wages of the City Employees shall be established and fixed and shall not exceed the total amount as shown in the budget.

Ayes: Mayor Lidgard, Commissioners Corbett, Davis, Shear and Taylor.

Nays: None. Carried.

The City Clerk presented an Agreement between the Municipal Employees Retirement System and the City of Plymouth for prior service of the employees.

It was moved by Commissioner Corbett and supported by Commissioner Davis that this agreement be approved and that the Mayor be authorized to draw his warrant on the City Treasurer in the amount of \$8,544.00.

The City Manager presented a bid from LeDuc & Rossi (Northline Construction Company) for labor in installing a storm sewer on Sunset, Arthur and Evergreen as follows:

All material to be furnished by City and back filling dirt.

Approximate:

1875 feet 24, 22, 21 inch sewers \$2.00 per foot \$3750.00

1205 feet of 18 inch sewer, \$1.75 per foot 2108.75

1055 feet 15 inch sewer \$1.75 per foot 1846.25

890 feet 12 inch sewer \$1.50 per foot 1335.00

335 feet 10 inch sewer \$1.50 per foot 502.50

460 feet 8 inch sewer \$1.50 per foot 690.00

16 Manholes, \$40.00 a piece 640.00

27 Catch Basins \$20.00 a piece 540.00

\$11571.50

The City Manager recommended that the bid be accepted and that we proceed with the work on a force account.

It was moved by Commissioner Taylor and supported by Commissioner Corbett that the Manager's recommendation be approved and that we proceed with the work immediately. Carried.

The Clerk read proposed Ordinance Number 128.

This ordinance is an ordinance covering the installation and use of gas burner and gas burner equipment, used in connection with heating systems.

It was moved by Commissioner Corbett and supported by Commissioner Shear that Ordinance No. 128 be passed its third reading and approved. Carried.

It was moved by Commissioner Shear and supported by Commissioner Davis that the meeting be adjourned. Time of adjournment 9:15 p.m. Carried.

Parish to Present Three-act Comedy

The St. Michael's Parish of Rosedale Gardens is presenting "Girl Shy" a three act comedy by Katherine Kavanaugh on Friday, and Sunday evening at 8 p.m. and Sunday matinee at 3:00 p.m. June 14 and 16 at St. Michael Hall at Hubbard and Plymouth Roads.

In Baltimore, 49 charges of burglary, attempted burglary and in addition, carrying a deadly weapon were filed against Paul H. Meanhoudt, only four months off the police force.

Spring
Is a Glorious
Time of Year...

A Day of Spring Cleaning
It Takes a Good Hot Relaxing Bath
to Make Life Rosy Again!

It's true that today's modern labor-saving appliances help to make Spring housecleaning easier. But there's no getting around the fact that this type of work can still tire the most energetic person. One of the best remedies for this tired feeling is a good hot relaxing shower or bath. It will soothe those tired aching muscles and give you renewed vigor that will make life rosy again.

An ample supply of hot water also makes cleaning easier. Nothing will take the place of good soap and hot water when it comes to cleaning out winter's dirt and grime.

Plan now to make Spring cleaning easier and living more enjoyable with an automatic gas water heater. It's quiet, quick, clean, dependable and so economical to operate. See your Gas water heater dealer today. Place your order now for the earliest possible delivery. You'll be glad you did.

GAS THE WONDER-FUEL DOESN'T COST... IT PAYS!

Newburg Hall Scene of Graduation Exercises

Newburg Hall, on June 11th at 8:00 p.m., will be the scene of the 1946 Livonia and Newburg Jr. High's joint graduation exercises.

"Better Schools Make Better Citizens" is to be portrayed by eleven original skits written by the students of the Junior Highs during the past two weeks. This skit will show the curricular and co-curricular activities of the students in the Township schools.

This is no canned program, neither is it a masterpiece of writing or production, but it is a job well done by STUDENTS in Junior High School.

Following the skits, diplomas will be presented to all the members of the graduating class by a member of the School Board.

The Plymouth Mail Want Ads bring results.

CALENDAR OF EVENTS

WEDDINGS

Will Become Bride of An Ex-Soldier

Bette Schuster. Announcement has been made of the engagement of Bette Schuster, to Gordon Moe, a returned soldier of World War II. The wedding date will be set later.

Rebecca Obsniuk Becomes Bride of St. Louis Resident

Rebecca Obsniuk of Redford, formerly of Plymouth, and Carl Baney of St. Louis, Michigan, were married at 7 o'clock in the evening of June 1 at the First Presbyterian church in Plymouth with Rev. Henry Walch officiating.

The bride, who was given in marriage by her brother John Obsniuk, wore a trailing gown of white marquisette topped with a three-tiered veil of marquisette and orange blossoms. She carried a bouquet of white gladiolus and carnations. Her attendant, her sister Anne, wore a gown of aqua marquisette and carried a bouquet orange gladiolus and carnations.

Mr. Baney's best man was his nephew, Paul Harrier of Dearborn.

After the ceremony a reception was held for 125 guests downstairs in the church. The bride's table was decorated by a five-tiered fruit cake, about which antique candelabra and silver services were placed. Refreshments of cake, nuts, ice cream, tea and coffee were served.

The couple later proceeded to the bride's home where 250 guests were present. Dancing was enjoyed by all. Later a buffet luncheon was served.

Guests were present from St. Louis, Alma, Dearborn, Detroit, Redford, Plymouth; Holland, Ohio, West Unity, Ohio, Maumee, Ohio; Arkansas; Port Huron, Utica, Mt. Clemens, Pontiac, Walled Lake, Northville, Grosse Pointe and Lansing.

The couple left immediately for a honeymoon in the Smokey Mountains.

They will be at home at 414 North Main Street, St. Louis, Michigan, in July.

Patchen Community Club

The Patchen Community club is entering into its seventh year of service to its community.

At the last meeting new officers were elected. They are: President, Mrs. Juanita Hessler, Warren Road; Vice-President, Mrs. Eleanor Rucinski, Newburg Rd.; Treasurer, Mrs. Johnny Leaveck, Hix Road; Secretary, Mrs. Doris O'Donnell, Ann Arbor Trail.

The next regular meeting is June 19. The members are also looking forward to their annual picnic which will be held the third week in July. At this time we extend a hearty welcome to new members.

Mr. and Mrs. Herman Tritten and Miss Darlene Shields spent the week-end with relatives in Kalamazoo and Grand Rapids.

Building Permits Exceed \$300,000

Ninety-seven building permits totaling approximately \$307,000 were issued by Everett Mason, building inspector for Livonia Township, during the month of May.

\$212,400 will be put in new homes by people living outside the Township. Most of these new home builders are Detroiters or Plymouthites. Livonians will spend about \$59,800 for new homes and about \$35,000 for garages, chicken coops, tool sheds and additions to their homes.

This \$300,000 mark exceeds April permits by \$100,000 and definitely adds proof to the trend that folks in the big cities are moving into the country, "anything to get away from the high taxes and the hassle of the big city."

Bethel Missionary Chapel have plans to build a \$10,000 block and stone church, which will be located on Middlebelt between Joy and Dover. E. W. Martin, who lives on Wayne Road has a permit calling for an \$8,000 block home, which will be located on the West side of Stark Road between Schoolcraft and Perth.

George C. Schott was issued a permit for a brick veneer home costing \$8,300, located on the South side of Six Mile road, between Oporto and Middlebelt. George Young of 15110 Bain-

bridge is to build a cinder block home on Bainbridge costing \$6,000. William Kolak, who resides at 43550 Reservoir is building a \$6,000 cinder block home on the South side of Rayburn between Farmington Road and Westmore.

George Middlewood of Farmington Road was issued a permit calling for a \$6,000 log house. This is the only permit that has been issued for this type of construction in several months. The Middlewoods new home will be located on the East side of Farmington road, between Seven and Eight Mile roads. F. O. Byrd of 14905 Farmington road is to build a \$9,500 brick veneer home on the East side of Flamingo.

Wallace Nelson's permit states that he is to build a frame home on Laurel, between Plymouth Road and Pine Tree Road. Mr. Nelson makes his home at 10842 Laurel at the present time. F. E. Welton has a building permit to

construct a \$7,000 cement block home on the East side of Angling Road. He lives at 19435 Angling. Several small factories will be built in Livonia during the next few months. These will cost between two and three thousand dollars. Thirty-four of the building permits were issued to folks living outside Livonia Township.

In Salina, Kans., Lieut. Robert V. Kregle sued a bottling plant for \$10,000 charged that a mouse in his nearly finished bottle of "coke" had permanently spoiled his appetite for soft drinks.

OBITUARIES

Mrs. Mary Emma Baxter.

Funeral services were held Saturday, June 1st, at 2 p.m. from the Schrader Funeral Home for Mrs. Mary Emma Baxter who passed away Wednesday afternoon, May 29. Mrs. Baxter resided at 149 Union Street and was the widow of the late William J. Baxter. She is survived by two daughters and one son, Mrs. Alma Baxter Milliman and Warren J. Baxter, both of Plymouth and Mrs. Ruth Sekinger of Michigan Center, Michigan, five grandchildren and one great-grandchild, her sister, Mrs. Ben Atchinson of Salem. Mrs. Baxter was the mother of the late Helen Felt, Rev. Mark Sanborn officiated. Hymns were rendered on the organ by Mrs. M. J. O'Conner. The active pallbearers were Messrs. Lee, Ivink and Frank Passage, Jr., and LeRoy Reiman. Interment was in Riverside Cemetery.

Mrs. Ella P. Shaw.

Funeral services were held Saturday, June 1st at 4 p.m. from the Schrader Funeral Home for Mrs. Ella P. Shaw who passed away Tuesday, May 28 at the home of her daughter, Miss Carolyn L. Shaw at 120 University Lane, Bowling Green, Ohio. Mrs. Shaw was a former resident of Plymouth and widow of the late William R. Shaw. She is survived by two sons and one daughter, John C. Shaw of Detroit, Robert D. Shaw of Tulsa, Oklahoma, and Miss Carolyn L. Shaw of Bowling Green, Ohio, four grandchildren, Mrs. Betty Zeigler, William R. Shaw, Robert D. Shaw, Jr., and Miss Martha Frances Shaw and three great-grandchildren. Rev. Henry J. Walch officiated. The active pallbearers were Messrs. Edward Cutler, Coello Hamilton, Harvey Whipple, Edward Plunket, Fred Miller and George Zietsch. Interment was on the family lot in Riverside Cemetery.

Shirell O. Kilgore.

Shirell O. Kilgore, age 20 years husband of Doloris Maxene Kilgore, passed away Wednesday, May 22 at Ford Hospital in Detroit. He was born September 25, 1925 at Plymouth. Received his education in Plymouth and Linden schools, graduating from Linden High School in June of 1943. He enlisted in the Army Air Corps in October of 1943 and was commissioned a Flight Officer on April 15, 1945. Received his honorable discharge in November of 1945. Besides his widow he leaves a six months old son, Stephen Shirell, his parents, Jesse O. and Martha Kilgore, two sisters, Bernette, Mott and Freida Upthegrove, two brothers, Merlin Murray and Royal Freeman, and a host of other relatives and friends. Funeral services were held at the Casterline Funeral Home in Northville Saturday, May 25, at 2:00 p.m. with interment in Riverside Cemetery, Plymouth.

During the past three years, more than 105,000 aliens who enlisted in our armed forces have become naturalized citizens of the United States.

Father's Day Is June 16 Ties for Dad

2 tricks to remember for tying just-so knots!

1. Remember these simple directions: 1. Start by crossing the long wide end over and then under the short end. 2. Bring the large end around and over once more, then up through the center. 3. Pull wide end through loop—and smooth out. Be sure short end doesn't twist. 4. Form dimple under knot by pinching sides over index finger. Then tighten and slide into place.

2. Remember that our Arrow Ties have a special resilient lining that coaxes every one into a perfect, perfect knot. A quick glance or a long study will also reveal that these Arrows are mighty fair to look upon. The new Spring collection of Arrow Ties, in a wide range of colors and patterns, is now lining our racks.

Plymouth MOMS To Hold Tag Day

The Plymouth MOMS Club, Unit 18, will stage a tag day in the City next Friday, June 14, in an effort to raise funds for aiding in the construction of a greenhouse at the Veterans Administration Hospital at Fort Custer, Battle Creek.

Mrs. Charles Robinson is chairman of the tag day which appropriately falls on Flag Day. She reports that members of the club will sell tags in the business sections of Plymouth throughout that day.

The funds secured in this manner will be turned over to the Michigan State Board of MOMS and they in turn will forward them to Dr. Roger Hentz, head of the hospital, who will arrange for the greenhouse to be built.

Patients there who are physically able will be used in the construction work. The entire project is one of rehabilitation and a most worthy one for the MOMS to aid.

Every local club that contributes to the building fund will be listed on a bronze scroll to be placed in the greenhouse.

In Manhattan, Leon James and Fletcher Rivers, ex-partners in a vaudeville act called Moke & Poke, settled their dispute over rights to the title, went their separate ways with new partners—billed as Coke & Poke and Moke & Doke.

WATCH YOURSELF

This is the slogan used by the International Association of Chiefs of Police in their 1946 Traffic Safety Check, beginning May 15, when police officers in the United States and Canada will check the brakes, lights, tires, windshield wipers and horns of motor vehicles. Last year 28,500 lives were lost, and a million persons were injured, in automobile accidents. This frightful toll can be stopped, the police assert, when all motorists drive safely and carefully in cars that are safe.

Dishes, Knives, Forks Needed

"I'd like to know what the folks have done with those old knives and forks and dishes they said they were going to give to the Western Wayne County Conservation Association for use in their new club headquarters out on Joy road" asked Jack Taylor the First National bank yesterday.

"They've brought in some stuff, but a lot of folks said they were going to clean out their cupboards and drawers and bring in truck loads of stuff. Well, if I could see just a basket filled, or partly filled, with some of these discarded knives, forks and spoons we know are kicking around in a lot of kitchens, I would be pleased" said the city commissioner.

President Brick Champe says it looks as though the wives of the members of the club are more interested than are the Wild Lifers.

around getting what they can to help out the conservationists — and that's more than some of the members themselves are doing. It looks very much as though we will be publishing the names of the women rather than the men. They're doing a swell job, there's no question about that" stated President Champe.

"But we need lots more help. So if you have a lot of old knives and forks and old dishes that are in your way, just give Jack Taylor, Ernest Henry or myself a ring by phone, or better still, leave them at the First National bank—and you will have earned the lasting gratitude of a lot of folks who are doing what they can to help conserve the natural resources of our great state" concluded the President of the club.

R.M. 3/c Bill Sexton, son of Judge and Mrs. James Sexton, expects to arrive home this week-end. He has been stationed in Manila with the Navy.

Warren Smith accompanied by friends from Wayne, spent a few days at the Smith cottage at Opal Lake near Gaylord.

Mr. and Mrs. Austin Stecker were hosts last Saturday evening to Mr. and Mrs. Alvin Richards of Dearborn, and Mr. and Mrs. Ray Duff and Mr. and Mrs. Gilbert Knott of Detroit.

Mrs. Julia Innis, Mrs. Mabel Michaels, Mrs. Charlotte Miller and Mrs. Alice Rathbun attended a meeting of the Wyandotte Chapter, O.E.S.

Mrs. Irma Hughes has returned from Art Center Hospital where she recently underwent an operation.

William Conery is in the University Hospital, Ann Arbor, for treatment.

Mr. and Mrs. Karl H. Starkweather of this city and Mr. and Mrs. Arba Mason of Detroit have returned from an automobile trip through Kentucky and Tennessee. They visited many historic places and spent a day in going through Mammoth cave. The trip was a most enjoyable one, although they experienced considerable unfavorable weather.

The annual picnic of the Business and Professional Women's Club will be held on Monday, June 10 at 6:00 p.m. at the home of Beate Young on West Ann Arbor road. The officers selected for 1946-47 are in charge of the arrangements.

Mr. and Mrs. Edwin Scott celebrated their 27th wedding anniversary last Monday.

Rotary President Harold Curtis and Mrs. Curtis and Mr. and Mrs. Robert Willoughby and Mr. and Mrs. Ralph Smith will return to Plymouth Saturday from Atlantic City where they have attended the International Rotary convention during the last week.

Mr. and Mrs. Louis Truesdell celebrated their 21st wedding anniversary last Monday evening in Detroit accompanied by friends from Birmingham.

Mr. and Mrs. Robert Shaffer entertained a group of friends at a picnic at their new home on Sheldon road last Sunday afternoon.

Mr. and Mrs. Edwin Schrader entertained guests from Cleveland last weekend.

Mrs. Emily Ried has been at Harper Hospital in Detroit the last few days for observation.

Rev. Carl Strassen is a patient in Mt. Carmel hospital, where he was taken early this week. His condition, which was serious, is reported as slightly improved.

Mr. and Mrs. William Huff of Corunna were week-end guests of Mr. and Mrs. Earl Kenyon.

Mr. and Mrs. M. E. Schuster, of Burroughs avenue, announce the engagement of their daughter, Bette, to Gordon Moe, son of Mr. and Mrs. Martin Moe of Elizabeth street. No date has been set for the wedding.

Mr. and Mrs. Knowles Buers and children Teddy and Elizabeth Ann, visited at the home of their grandmother, Mrs. Nellie Larned on Memorial Day.

Mr. and Mrs. Arthur Bennett, Mr. and Mrs. Albert Badelt, Mr. and Mrs. Orville Bennett, Mr. and Mrs. Roy Garchow, Mr. and Mrs. Seward Brooker, Mr. and Mrs. Raymond Kropp and Mr. and Mrs. James Hill attended the wedding of Max Herr, nephew of Mr. and Mrs. Arthur Bennett, to Miss Betty Jane D'Arcy in Dryden, Michigan on Saturday, June 1.

Mr. and Mrs. Edmond Watson accompanied by Mr. and Mrs. Marvin Spence of Dearborn spent the holiday week-end on a trip through the Smokey Mountains and returned by way of Asheville, North Carolina, and through the flooded areas of Kentucky.

Scott Soth of Dayton, Ohio, is spending this month with his grandparents, Mr. and Mrs. Percy Hix on Warren road.

The Jaycee Auxiliary will hold its June meeting at Hilltop Golf Club Thursday, June 13 at 6:00. Anyone wishing to play golf before the dinner may do so.

All Vitamins Not In Bottles

The normal, healthy body, if given a chance, will make its own vitamins. The general idea that vitamins come only in bottles causes Miss Emma DuBord, Home Demonstration Agent, of Wayne County, to come to the defense of good food.

The body makes vitamin A from the carotene found in sweet potatoes, carrots and other yellow vegetables and from greens, says Miss DuBord, or it can make vitamin A from egg yolk, cream or butter, and yes, even liver, the home demonstration agent says.

If exposed to the sun, the body will make its own vitamin D. The body will store supplies of vitamins A and D, but vitamin C should be taken every day. A half grapefruit, glass of orange juice, or a large glass of tomato juice will supply the recommended daily requirements. The vitamin B complex had better come from a variety of foods including whole grain cereals, dried beans and other seeds instead of from a bottle. And a calcium wafer cannot take the place of milk in the normal diet. Even skimmed milk has calcium, riboflavin and protein. In other words, a balanced diet will give the normal person the required vitamins, the home demonstration agent believes.

Salem Fire Fighters to Stage Demonstration

The Volunteer Fire Department of Salem township will sponsor a demonstration of fire fighting equipment manufactured by the John Bean Company of Lansing on Sunday, June 9th at 3:00 p.m. at the Salem Township hall. All are welcome to see the equipment and demonstration.

Jack Gage In Golden Jubilee

Jack Gage, Barbara Haworth, Kathy Flynn Making 10 Miles Per Hour in a 1902 Rambler

Livonia's contribution to the Automotive Golden Jubilee is Jack Gage of Wayne Road who was snapped in this family group in the 1902 Rambler, forerunner of the modern Nash. In the picture with Mr. Gage who is a copy writer in the Advertising Department of Nash-Kelvinator are Barbara Haworth and Kathy Flynn a professional model. The picture was taken at the press review at Franklin Village.

This tiller driven, brass moulded vehicle was built in Kenosha, Wisconsin by the Thomas B. Jeffery Company, which became the Nash Motors company in 1916, with its purchase by Charles W. Nash.

Jeffery built his first Rambler in 1901, but did not market his cars until 1902. It was then that he became one of the first automobile manufacturers to produce on a mass-production basis. This 1902 Rambler series included this

Lapham Corners

Mrs. John Van Aken and daughter Carole spent Memorial Day and the weekend with her parents in Traverse City.

Mr. and Mrs. Glen Whittaker entertained a Sunday dinner Mr. and Mrs. Lester Allbright and Mrs. Clough, Mr. and Mrs. Orlyn Whittaker of Ypsilanti and Beth Smith.

Cleo Curtis, son of Leslie Curtis, had his car stolen from in front of his home on Elizabeth street in Plymouth Friday evening.

Charles Walls, brother of Mrs. Frank Davis, visited at the Davis home Friday evening. He was recently discharged from the Navy having served in the Pacific area.

Mr. and Mrs. Earl Roberts and children of Salem were Wednesday evening visitors at the Stanley Clinansmith home.

Mr. and Mrs. Ward Griswold of Salem road announce the engagement of their daughter, Lucille to Elmer Bennett, son of Mr. and Mrs. George Bennett of Salem.

Mr. and Mrs. Glenn Kime of Detroit were Sunday dinner guests at the Elmer King home.

Mr. and Mrs. Clarence Smith and Mr. and Mrs. Dan Barrett were Saturday evening visitors at the Burton Rich home.

Mr. and Mrs. Glen Smith en-

family visited the Sylvester Kranz family Memorial Day.

Mr. and Mrs. John Black were Tuesday evening visitors at the Glenn Whittaker home.

Mr. and Mrs. Arthur Phillips and Elmer Bennett were Memorial Day dinner guests at the Ward Griswold home.

These 5 Men May Save the World

This group of 5 distinguished Americans was closeted together by Uncle Sam for 8 long weeks. They had a supply of midnight oil to burn. And the toughest problem of the century to lick. The problem: To draw up a plan by which mankind can conquer, not be conquered by, Atomic Energy.

Now that their plan has been drawn up, it's being hailed both here and abroad. But it still lacks a most important element.

In the words of one of the group, TVA's David E. Lilienthal: "... our plan must be understood and wanted by you and all the people of the world. We have the frame of a plan, but it's your living room talk, your arguments around the table, in your clubs and union headquarters, which will put life in it."

That's the job "This Week" Magazine has set for itself. We've invited Mr. Lilienthal to give you the plan in our pages.

just as he might describe it to his next-door neighbor. Here's an article that affects the lives of every man and woman in the land. Written in your language... so that you'll read it Sunday in "This Week" Magazine... and help America do something about it... before it's too late.

BREAD CONTEST**

(Continued from Page One)

prize offered by The Plymouth Mail's bread editor?
The recipes follow:

No. Knead Special Bread
Combine:
1 1/2 cups scalded milk
2 tablespoons salt
1/2 cup sugar
1/2 cup shortening
Cool to luke warm by adding 1 1/2 cups water.
Add 3 packages yeast, compressed or dry granular, mix well.

Blend in 3 eggs
Add gradually 9 cups sifted flour, mix until dough is well blended (This dough will be softer than a knead dough) Place the dough in a large greased bowl and cover.
Store the dough in refrigerator or cold place at least 2 hrs. or until needed.

Shape chilled dough into 3 loaves on well floured board; place in greased pans and cover.
Let rise in warm place (80 to 85 F.) until double in bulk, or about 2 hours.

Bake in moderate oven 375 deg. F for 1 hour.
Note—If desired, one-third of the dough may be used to make 1 doz. rolls. Fill 3 inch greased muffin pans 1/2 full; let rise in warm place until double in bulk, about 1 hr., and bake in moderate oven (375 deg. F) for 25 min.

This recipe calls for Pillsbury Best flour but am trying it with the emergency flour but I think it will be satisfactory. I am very glad to share this with other unfortunate bread buyers.
Mrs. H. Stokes,
34451 Pine Tree Rd.

Even though I have been a housewife a little over a year, I wonder if I could pass along my own favorite recipe for home-made bread, which is not only economical, but nutritious, very little effort, and makes truly delicious, fresh-lasting loaves of our mainstay, "the staff of life."

I call my recipe "Golden Home-made Bread" and even a beginner will take genuine pride in this never-fail process, as she takes these tender, light loaves from her oven and the delicate aroma of yeast-baked bread fills the kitchen. Her family will prefer her own bread to store loaves, every time.

Golden Home-made Bread (all measurements level)
In a small pan, scald, 1 cup milk.
Into a large kettle, put 1 tablespoon fat, 2 tablespoons sugar, 1 tablespoon salt.
Into a small bowl, dissolve 1 cake yeast (dry or fresh) in 2 tablespoons lukewarm water.
Pour scalded milk into large kettle containing fat, sugar and salt. Stir till well mixed. Add 1 cup cold water. Add dissolved yeast. Add 5 1/2 cups sifted flour. Mix with large mixing spoon. Turn out onto floured canvas, kneading and working in 1/2 cup more of sifted flour. Knead until smooth and satiny (about 7 minutes).

Put dough in a greased bowl, and let rise till double in bulk. Turn out, knead a few minutes, cut in half, shape in 2 loaves, grease top of loaves and place in greased bread pans. Cover and let rise until bread is nicely shaped. Bake in (preheated) 450 deg. oven about 50 minutes.
This makes 2 loaves and the above process does away with one rising, making only 2 risings instead of the usual 3.

P. S.—For a dainty, delicate variation with that old-country flavor, add 1 tablespoon caraway seed, after adding dissolved yeast, and proceed as above.
Mrs. James Davis
9584 Gold Arbor

Here is my old standby recipe for potato bread. I bake all my bread, so I think I have a chance to know how this recipe works. If you can use it O.K. If not that is all right.
Four 1-Pound Loaves Bread

3 teaspoons Oleo
3 teasp. lard or veg. shortening
3 teaspoons salt
3 tablespoons sugar
Put in mixing bowl.
Cook 2 medium sized potatoes in 4 cups water.
Pour this scalding hot over dry ingredients. When lukewarm add 2 Red Star yeast cakes, dissolved in half cup warm water with teaspoon sugar. Add to liquid about 3 quarts of flour. Work until smooth. Let rise until double in size, about 1 hr. 15 min. Work down. Let rise about 1 hr. Make into 4 loaves or 3 and 12 biscuits. Bake 15 minutes at 400 deg. F. Then 35 min. at 375 deg. F.
Mrs. Fred Fielder
32720 Schoolcraft Rd.

Quick Bread
2 cakes yeast
1 quart lukewarm water
2 tablespoons sugar
2 tablespoons lard, melted
1 tablespoon salt
3 quarts flour
Dissolve yeast and sugar in the water, add lard and salt and half of the flour. Beat well and add rest of the flour, knead until smooth. Put in greased pan and let set in warm place about 1 1/2 hours. Put in loaves and let rise again and bake about 45 to 60 minutes.
Very good and very easy to make.

This recipe was used for two years in the Northville High School for the children there.
Mrs. Arthur Allen
37624 Ann Arbor Tr.

I don't say my recipe is better because I never tried yours. But it's a good one. We like it and want to share it. But would like to know where to get the flour and sugar to make it.

It does not take much sugar, but if we are to make it for a while it will. Why don't the bakeries stop making cakes and pies we don't need and give us bread.
Four 1-Pound Loaves
2 cups milk, scalded
4 tablespoons sugar
1 1/2 tablespoons salt
3 tablespoons shortening
2 cakes of yeast (compressed)
2 cups warm water
12 cups flour sifted
Combine milk, sugar, salt, and shortening, cool to lukewarm.
Soften yeast in small amount of water, add yeast and remaining water to milk mixture.
Add flour and knead for 10 minutes on floured board.
Place dough in greased bowl, cover and let rise in a warm place for about 1 1/2 hrs. or until double. Punch gas out and let rise again 1/2 hr. Remove dough and divide in 4 balls and cover it and allow 15 minutes then shape your loaves and let rise about 1 1/2 hrs. or until well over pans.

I light one burner on my oven and use that to rise bread. It makes a temperature around 80 degrees F. Then when the bread is ready I light the rest and have it around 400 deg. F. Bake it about 40 minutes.
If I start it at 2:00, I am through about 12:30. Around 4 1/2 hours
Mrs. G. W. Kaiser
16375 Haggert Hwy.

Homemade Bread
Put into large dish about 5 sifters full of flour. Let warm, then make a border around the dish with flour, leaving some in bottom of dish, put into this:
2 cakes Fleischman's yeast or any good yeast cakes.
8 tablespoons shortening
2 tablespoons salt
1/2 cup honey, substitute for sugar

"Seafoods in Season"

1 1/2 qts. lukewarm milk, or water and knead into soft dough.
Let rise to twice its size, punch down, let rise again. Then put into loaves. Let rise again to about twice its size.
Bake in 350 degree oven. Bake in about 45 minutes.
Mrs. D. Cummings,
136 Union St.

I don't think I have a more simple recipe for making bread, but I do think there is a little more information that should be given, as there are a lot of inexperienced bread makers, and where you state to "add the dissolved yeast cake in the dish containing the scalded milk, should be when milk is luke warm," because adding yeast to scalding milk would ruin the whole batch of bread. I don't know whether this correction is worth \$5.00 but it would be worth the batch of bread anyway to the one who was inexperienced.
Marie G. Polley
338 Farmer St.

Bread
(Use all level measurements)
1 cake compressed or dry yeast
2 tbs. sugar
1/4 cup lukewarm water
1 qt. milk, scalded and cooled
3 qts. flour (sifted)
2 tbs. lard or butter
1 tb. salt

Dissolve yeast and sugar in lukewarm water; add cooled milk and 1 1/2 qts. sifted flour to make sponge. Beat well, cover and let rise for about 1 1/2 hours in a warm place. When well risen add lard or butter, remainder of flour and salt, knead for 10 minutes and place in greased bowl. Cover and let rise for 1 1/2 hours. Turn out and knead again; mould into loaves and place in well-greased baking pans; cover and let rise for about 1 hour or until double in bulk. When light, bake in a hot oven (400 deg. F.) for 15 minutes; then reduce heat to medium (350 deg.) for 45 minutes longer.

**THIRTY YEARS OF SERVICE TO
MILK PRODUCERS and CONSUMERS**

This week the Michigan Milk Producers Association rounds out 30 years of service to milk producers and consumers in the Detroit milk shed.

The organization got its start on June 3, 1916, when a small group of far-sighted dairy farmers recognized cooperative marketing as the one best guarantee of an assured minimum milk supply for Detroit and of price stabilization at a favorable level for milk producers.

So sound was this conception that the Association grew from its original membership of 22 dairy farmers to more than 14,000 in 1945.

The value of milk shipments during the first year amounted to a few thousand dollars as compared with 1945 when the dollar volume of sales by association members was \$41,602,144.00.

This consistent growth through the years has been paralleled by improved quality and production methods under Association sponsorship; protection for members against bad credit risks, herd failure and market uncertainties (by operation of our own processing and distributing facilities where independent outlets are deemed inadequate); Every member's share in the assets of this Association is substantial—a factor of great importance in these days of unbalanced economic forces.

The Association's growth has likewise been paralleled by constantly increasing safeguards for the protection of the public health.

Throughout the years, this organization has held to the belief that its own best interests are inseparably interwoven with the best interests of the milk consuming public.

From its inception, this organization has always adhered to a policy of promising only what it could deliver, and of delivering what it promised.

So well have these basic principles served the very great majority of producers and consumers that we pledge continuance of them in the conviction that they will prove as satisfactory in the future as they have for 30 years.

**MICHIGAN MILK PRODUCERS
ASSOCIATION**

Annual Meeting of the First Church of Christ, Scientist June 3, 1946

Until all responsible government heads are made to realize that the measure of a nation's true greatness is the spiritual stature of its people, rather than its physical resources, there can be no end to the conflict between materially mental forces that precipitated World War II. The Christian Science Board of Directors told the Annual Meeting of the Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts, June 3.

The time has come, the Directors, affirmed, when representatives of all social and religious systems are being called upon to give something more convincing than promises, preachments, and paganistic pageantries to sustain the faith of their fellows, and to provide for a lasting peace.

If these systems are to survive, declared the official spokesmen of the world-embracing Christian Science movement, they must "furnish proof that the ideals for which they stand can be made of practical use in advancing the cultural, economic and spiritual welfare of the race."

LUTHER P. CUDWORTH
Incoming President of The First Church of Christ, Scientist, in Boston, Massachusetts

This statement from the Directors was given before thousands of Christian Scientists attending the first peacetime Annual Meeting in five years, many of whom came from countries long shut off from the world by war. They brought with them vital lessons passed to emphasize the Directors' contention that "the supreme duty of statesmen and churchmen at this crucial hour is to use every means at their command to prevent another world conflict and to bind up the unhealed wounds left by the last one."

"This is no time for them to resort either to subterfuge or aggression as a means of extending the political influence of any church or state," the statement said.

In the present unsettled economic and political picture, the Christian Scientists' official governing body envisaged conditions fraught with the same evil consequences as in Franklin's day. And they assured the Annual meeting that "it is just as true now as it was then that without God's guidance and the spiritual support of the church, no government, either national or international, can successfully cope with these difficulties."

Other high lights of the annual gathering were the announcements that all major Christian Science periodicals, including The Christian Science Monitor, attained new high circulation peaks in the last year, that the volume of Monitor advertising established a new high record of some 20,000 regular contributors, and that religious contacts have been rapidly renewed with many foreign lands since the end of the war.

Modern new presses, introducing four-color advertising and four-color feature material, will be installed as part of the equipment of the Monitor possibly this fall, it was reported by the Trustees of The Christian Science Publishing Society.

The Trustees also disclosed that the Monitor's regular staff correspondent has been returned to

Russia, and that special peacetime correspondents have been assigned for the first time to the Far East and Middle East.

In the field of relief, clothing valued conservatively at \$4,250,000 has been shipped and distributed, irrespective of race or creed through Christian Science channels in at least 3 foreign countries, according to the report of the Clerk of The Mother Church. In addition over 550,000 hand-knitted garments were said to have been distributed among the armed forces.

Announcement of the appointment of Luther Phillips Cudworth, C. S. B., of Boston, as President of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts, was made today by The Christian Science Board of Directors.

Mr. Cudworth at various times has served as Purchasing Agent of The Christian Science Publishing Society, a Director of Christian Science Welfare Activities in Portsmouth (New Hampshire) Naval Prison; Committee on Publication for the State of Oregon, and as First Reader of First Church of Christ, Scientist, Marshfield, Massachusetts.

He is a native of Iowa, receiving his early education in the public schools of St. Paul, Minn., and later attending Harvard University and its College of Business Administration. Before devoting his entire time to Christian Science activities, he was associated with the printing and publishing business in St. Paul, and with the Portland, Oregon, Railway, Light and Power Co.

He received instruction in the Normal class of the Board of Education in 1934, and since that time has taught classes in Christian Science annually.

In Grand Junction, Colo., deer hunters Philip Massey and John Gobbo saw a four-point buck, took aim, frightened, the buck choked on a large acorn, fell dead.

RECIPES ENTERED IN THE PLYMOUTH MAIL'S BREAD CONTEST

(Continued from Page 5)

Put lard, butter, sugar and salt in a large bowl and pour on the boiling water and scalded milk. When the mixture is lukewarm add dissolved yeast cake and five cups of flour.

Stir until thoroughly mixed. Add the remaining cup of flour, mix and turn on floured board, leaving the bowl clean. Knead the ingredients until mixture is smooth and elastic to the touch and bubbles may be seen under the surface.

Return to bowl and cover with a clean towel. Let rise overnight in a temperature of 65 degrees. In the morning cut down, cutting through and turning over dough several times, with a case knife.

Toss on slightly floured board, knead, shape into loaves and place in greased pans nearly half full. Cover, let rise for first 10 minutes, then bake 45 minutes in moderate oven or until bread leaves the sides of the pans. Rub the tops with a little butter about 10 minutes before taking from oven. This makes 3 nice loaves and may be baked in 5 hours by using a whole yeast cake instead of the 1/2 cake.

Mrs. Edith Ebersole.

Quick Bread
1 cup scalded milk
1 cup water
6 Tps. shortening
2 Tps. sugar
1 1/2 Tps. salt
2 eggs
6 cups flour.

Combine milk, shortening, sugar and salt. Cool with water. Add yeast. Mix well. Beat in eggs. Add flour, gradually mixing until well blended. Shape in loaves. Place in greased pans. Let rise to double in bulk. Bake 1 hour at 375 deg. F.

Myrtle B. Myer
6265 Daley Road

Red Star Yeast Bread
Sift together 3 qts. bread flour 3 teaspoons salt
Add 1 cake yeast softened in one-third cup of lukewarm water and 1 qt. cooled, boiled water.

Mix thoroughly, sprinkle bread board with flour and turn dough onto it, knead until dough ceases to stick and is smooth and elastic to the touch. Then put into bread raiser and let rise. It will take about 3 hours. Divide into four parts, mold each into loaf, place in bread pans, cover with a clean cloth and let rise again until double in bulk. Bake 45 minutes in a moderate oven.

Emma Wall
6011 Morley St.
Wayne, Mich., Rt. 1

By chance your readers and judges may not care for my bread recipe, but the judges at the county and State fairs deemed it good for a first and second place respectively. Herewith is the recipe I have used for my seven years of marriage.

3 cakes compressed yeast
1/4 cup lukewarm water
1 teaspoon sugar
1/3 cup vegetable shortening
2 1/4 tablespoons sugar
1 tablespoon plus 1/2 teaspoon salt

4 cups scalded milk or 2 cups milk and 2 cups water
11 to 12 cups sifted all-purpose flour.

Method: Crumble yeast into small bowl. Add lukewarm water and 1 teaspoon sugar and set in warm place until it becomes light and spongy, about 15 minutes. Combine shortening, 2 1/4 tablespoons sugar, and salt in a bowl and add scalded milk and water. Stir until shortening is melted and cool until lukewarm. Add yeast mixture. Add flour gradually, about 8 cups, work rest of flour in as you knead dough on mixing board. Knead until smooth and dough does not stick to board. Place in bowl that is well greased. Brush dough with shortening, cover and place in a warm place until double in bulk about 1 1/2 to 2 hours. Shape dough into loaves, and place in bread pans greased. Let rise until double in bulk, about 1 hour. Bake in hot oven (425 deg. F.) 15 minutes, then reduce heat to moderate oven (350 deg.) and bake 15 minutes longer until bread has hollow sound when tapped on top. Remove from pans and brush

tops with shortening. Makes 3 large loaves.

I use all milk in my bread to make it more nutritious but I have used both methods with equal success.

Mrs. Donald C. Munro
600 Arthur St.

2-Hour Bread
I have a 2-hour recipe for making bread that I have used for several years, which is quick, and easy, and very good, we think.

2 cakes compressed yeast, Red Star or Fleischmans.
2 cups milk, scalded and cooled to lukewarm
2 Tablespoons sugar
4 Tablespoons melted shortening
6 cups sifted flour
2 teaspoons salt

Dissolve the yeast and sugar in the lukewarm milk
Add 3 cups of the flour and beat until perfectly smooth
Add the shortening, salt, and remainder of the flour

Knead well and place in a greased bowl. Cover and let rise until double in bulk about 1 hr. Take out on a lightly floured board, knead down, shape into rolls, and let stand until double in bulk.

Bake in 350 degree oven, about 20 minutes.

1 yeast cake can be used, but it takes a little longer.

This will make 2 1/2 dozen rolls, or 1 loaf of bread and a dozen rolls, or 2 loaves.

Mrs. H. D. Ingall
10493 Joy Road

Alan Scott, assistant professor of journalism at Michigan State College, has been selected by the National Association of Broadcasters to receive one of its 1946 radio internships. He will work this summer at station WSYR, Syracuse, N. Y.

Members of the Extension Group and Book Club attended the four day program of camp life on Wednesday and Friday at Waldon Woods.

Mr. and Mrs. Lloyd Fillmore were hosts last week Monday to a large group of friends in their home.

Mr. and Mrs. Walter Sheldon of East Lansing called at the homes of Mr. and Mrs. Jesse Tritton, Mr. and Mrs. Louis Norman and Mr. and Mrs. S. W. Spicer on Sunday evening.

Mr. and Mrs. Dewey Smith were called to Brown City Sunday by the death of Earl Beals, a brother-in-law.

Mr. and Mrs. Charles Robinson spent a few days last week visiting friends in Owen Sound, Canada.

Mrs. James Dunn and Miss Verne Rowley attended a luncheon last Thursday in the home of Mrs. Dunn's sister, Mrs. Ralph Miller in Highland Park.

Jerry Nelson, son of Mr. and Mrs. John K. Nelson, has been discharged from the Navy after serving for 32 months.

Mrs. Evelyn Hanna is convalescing at the home of her brother and sister-in-law, Mr. and Mrs. Roy Matheson in Northville, after a major operation.

Donald Stuart Thrall, son of Mr. and Mrs. Ernest Thrall, has been awarded the degree of Master of Arts by Teachers College, Columbia University.

Miss Carmel Stitt, daughter of Mr. and Mrs. Charles B. Stitt, was one of the 108 graduates of Marygrove College, who received degrees on June 5. Miss Stitt is a member of the Prism Club, organization for science majors, and was president of the M Club, for students interested in physical education during her senior year.

Norma Robinson and Wilma Lounsbury are vacationing in Arizona for two weeks.

Mr. and Mrs. Lincoln Lantz will be the guests Saturday evening of Mr. and Mrs. Richard Spedding at their home in Detroit.

Miss Rozanna Mieden of LaSalle, Michigan was the weekend guest of her sister, Mrs. Harold Finlan and family. They attended the Jubilee parade in Detroit on Saturday.

Mr. and Mrs. Albert Glassford and children visited in Evansville, Indiana over the weekend at the home of Mrs. Glassford's parents.

Mr. and Mrs. Arthur Haar were hosts Saturday evening to Mr. and Mrs. Jesse Hines, Mr. and Mrs. Henry Hees, Mr. and Mrs. Harold Young, Mrs. Nancy Halliday and Roswell Tanger.

Mr. and Mrs. Garnett Rush and son Wally were weekend guests at the home of Mrs. Wallace Reynolds, mother of Mrs. Rush, in Peck.

The birthday of Mrs. James Dunn was the occasion for a gathering of friends and relatives in her home on Memorial Day.

Mrs. Nellie Larned visited her grandson and family, Mr. and Mrs. Floyd Northrop in Ypsilanti Sunday.

Dr. and Mrs. Frederick Bentley spent last week in Traverse City with friends on a fishing trip.

Mr. and Mrs. A. C. Forrester of Beaverland Ave., Detroit, were afternoon callers of Mr. and Mrs. C. B. Carter of Phoenix Rd., Sunday.

Mr. and Mrs. J. Moran and Miss Lucy Clair attended the St. Clair Quiz program Saturday evening in Detroit.

Mr. and Mrs. George Allen from Detroit were callers at Mr. and Mrs. C. W. Clair's home on Phoenix road Sunday.

Mr. and Mrs. Russell E. McConnell announce the birth of a son Larry Edward, on May 19 at the Detroit Osteopathic Hospital. The child weighed 8 lbs. 8 oz.

Earl L. Smith son of Mrs. Minnie Smith 14390 Northville Road has returned home after being at the St. Joseph's Hospital in Ann Arbor for the past month. He's still confined to bed.

Mr. and Mrs. Kenneth Greer and two sons spent last week at Black Lake.

Mr. and Mrs. Frank Hamill of 376 Blunk street, are moving this week to 516 N. Center St., Northville. Mr. Fenton, the new P.M. Railway Agent is moving into the Blunk street residence. Mr. Hamill came to Plymouth 33 years ago this Decoration Day.

Mr. and Mrs. A. M. Wileden returned home Saturday from a most enjoyable vacation trip of two months to California. Their daughter Bessie and Miss Lillian Smith of Wayne returned with them after spending the past six months there. They visited with several former Plymouth friends, among whom were, The Jim Sessions, Mrs. Fanny Dover and Mrs. Dorothy Cline.

Betty Horvath, daughter of Mr. and Mrs. Steven Horvath, formerly of Plymouth and now of Detroit, was the guest of honor Sunday at a party announcing her forthcoming marriage. Those attending from Plymouth were the Mesdames Guy Fisher, John Miller, John Dugan and daughter Martha, Gus Freund, Frank Luzius, Martin Horvath and William Erdelyi.

"Michigan and the Old Northwest"

To the Indian alcohol was more devastating than war, smallpox or famine.

Jesuits fought Cadillac's use of brandy to keep the tribes loyal.

But soon Indian lodges near the missions were abandoned, notably at St. Ignace.

In 1706 Fr. Carheil burned the St. Ignace chapel and retired to Quebec.

LEGALS

Attorney: Earl J. Demel, 690 S. Main Street, Plymouth, Michigan
STATE OF MICHIGAN, THE PROBATE COURT FOR THE COUNTY OF WAYNE.
No. 338,353

In the Matter of the Estate of WILLIAM MCGINISE, Deceased. Notice is hereby given that all creditors of said deceased are required to present their claims, in writing and under oath, to said Court at the Probate Office in the City of Detroit, in said County,

Dated May 20, A.D. 1946.
THOMAS C. MURPHY, Judge of Probate

STATE OF MICHIGAN IN THE CIRCUIT COURT FOR THE COUNTY OF WAYNE.
IN CHANCERY
DEPOSITORS LIQUIDATION CORPORATION, Plaintiff,

vs. WALTER E. ASH, William S. BAKE, EDWARD H. BOLTON, MRS. LIVINIA COLE, HERBERT C. FELTON, GEORGE F. HILLIMER, JOHN BAZE, JR., NELLIE H. GREENLAW, JOHN C. WILCOX, WALTER J. EBERT, ELMER J. REDDEMAN, MYRLE C. FISHER, EUGENE ORNDORFF and PLYMOUTH UNITED SAVINGS BANK, a Michigan banking corporation, Defendants.
No. 378,374
ORDER APPROVING REPORT OF AVAILABILITY OF DIVIDENDS AND PROVIDING FOR ESCHEAT OF UNCALLED FOR SUMS

At a session of the said Court held in the Court House in the City of Detroit, County of Wayne, State of Michigan, this 19th day of April, 1946.

PRESENT: THE HONORABLE JOHN V. BRENNAN, Circuit Judge.

Upon reading and filing the Report of Availability of Dividends and Uncalled For Sums and Petition for Escheat, heretofore filed in this court and cause, from which it appears that Depositors Liquidation Corporation, plaintiff herein and Plymouth United Savings Bank, its agent, have given notice of the availability of the trustee's final liquidating dividend by publication and by mail-

ing in accordance with the Decree heretofore entered in this Court and cause on July 26, 1945, and from which it appears that certain beneficiaries of the trust which is the subject matter of this suit and who were entitled to a dividend under the terms of said Decree have not called for or demanded their dividend within the period provided in said Decree.

IT IS HEREBY ORDERED that the acts of Depositors Liquidation Corporation, plaintiff herein, and Plymouth United Savings Bank, its agent, in giving notice of the availability of the trustee's final liquidating dividend by publication and by mailing be approved and ratified, said acts being pursuant to and in full compliance with the appropriate terms of the Decree heretofore entered in this Court and cause.

IT IS HEREBY FURTHER ORDERED that the acts of Depositors Liquidation Corporation, plaintiff herein, and Plymouth United Savings Bank, its agent, in making available and paying the trustee's final liquidating dividend be approved and ratified, said acts being pursuant to and in full compliance with the appropriate terms of the Decree heretofore entered in this Court and cause.

IT IS HEREBY FURTHER ORDERED that unless the beneficiaries named in "Exhibit 5" attached to the said Report of Availability of Dividends and Uncalled For Sums and Petition for Escheat, or their successors in interest, who have not received their dividend shall call for or demand the same within sixty (60) days from the date of this order, said dividends (including those concerning which inquiry has been made but which have not been paid because of lack of proof of right to payment) will be escheated to the State of Michigan, and Depositors Liquidation Corporation, plaintiff herein, and Plymouth United Savings Bank, its agent, will be relieved and discharged of all further liability in connection with the distribution and payment of the trustee's final liquidating dividend.

IT IS HEREBY FURTHER ORDERED that notice of the entry of this order and of the escheat of the uncalled for sums at the end of the sixty (60) day period shall be given by publication of a true copy of this order once each week for six (6) successive weeks in the Plymouth Mail, a newspaper printed and published in the City of Plymouth, Wayne County, Michigan, and by publication at least once of a complete list of the names of all beneficiaries appearing in said "Exhibit 5".

IT IS HEREBY FURTHER ORDERED that upon the expiration of the sixty (60) day period herein fixed, and upon the filing with this Court of an Affidavit of Publication of this order as herein provided, that an order will be entered in this Court directing Depositors Liquidation Corporation and Plymouth United Savings Bank, its agent, to deliver all uncalled for funds to the Michigan State Board of Escheats.

(Signed John V. Brennan)
Circuit Judge

Patchen PTA To Meet Saturday

Tomorrow, Saturday, June 8 at 8 o'clock in the evening, the regular meeting of the Patchen PTA will be held on the grounds of the school. The committee in charge of the meeting announces that refreshments will be served.

On Friday, May 17, Girl Scout troop, consisting of students of the Patchen school, was invested under the direction of Mrs. Parrish and Mrs. Hines, Scout leaders of Plymouth. Many of the parents were present to witness the ceremonies, among them being Mrs. Sounson, chairman of the committee, Mr. and Mrs. Koch and Mrs. Skinner who is leader of Troop 15 of Plymouth. The Girl Scouts served a very pleasing luncheon.

The girls invested in the Scouts were Adeline Capon, Thresa Griffin, Marion Lacey, Dorothy Leaveck, Janet Parrish, Joyce Parrish, Joy Zoin, Dorothy Fuster, Patricia Kehere, Irene Breadsteele and Coralie Breadsteele. Four of the girls were transferred and since being with Troop 12, have been given one year stars. They are Thelma Balmer, Dolores Nisbitt, Patricia Rucinski and Christiner Zacharias.

New Edition of Stamp Book Out

Postmaster Harry Irwin has advised of the issuance of a revised edition of the official book containing descriptions and illustrations of all United States postage stamps from the date of their introduction in 1847 to March 31, 1946, including plate numbers and quantities issued of commemorative and air mail stamps.

The new stamp booklet is being issued to the public through the office of the Superintendent of Documents at 30 cents per copy, with paper binding, which includes the cost of delivery. All mail orders for this booklet should be addressed as follows:

Superintendent of Documents, Government Printing Office, Washington 25, D. C.

Remittance accompanying orders for the booklet may be in the form of postal money orders, postal notes, or checks. Postage stamps are not acceptable.

Series of Dances Planned by School

Starting next Friday night, June 14, and continuing for the next five Friday nights, there will be special dancing parties at the Plymouth High school gymnasium for the high school age youths of the community. Music for the dances will be furnished by Bernard Stadtmiller and his orchestra. Miss Neva Lovewell will be in charge of the parties which are to be sponsored by the school. Dancing will be continuous from 9 to 11:30 p.m. at a nominal charge.

Interest Shown in Archery Project

Archery is a new 4-H club project which is gaining interest throughout Michigan. Youth, especially in the northern part of the state, find the new program testing of several skills. First the making of the bows and arrows is one testing handicraft. Later they test their skill by endeavoring to "bag" such animals as rabbits. But to be able to outsmart the game, the youth must know something of animal habits. So another study comes into the program.

County champions in various age groups for both boys and girls are being selected. At the State 4-H Club show in September, the state champions will be determined.

A. O. Haugen, cooperative employee of the department of conservation and the extension service, assisted in preparing the project. He is an experienced field archer.

Members of the Michigan Outdoor Writers Association will this week-end meet in annual session at Higgins lake, according to an announcement recently sent out by President Kendrick Kimball of The Detroit News. One of the places to be visited will be the Dead Stream Waterfowl project west of Houghton lake. There the writers will gain first hand information pertaining to the work of the state conservation department in helping to rear wild ducks. Members of the department will also explain, (if they can) the benefits of burned over bush country for game management purposes. The announcement also states that a number of prominent national authorities on conservation problems will be present, to deliver addresses as well as take part in discussions. There are some 60 or 70 members of the Michigan organization.

The value of walnut wood has gone so high that farmers harvesting walnut trees from their woodlots for the local mill are not cutting them down any more, they are digging them up. The extra lumber obtained from the stump makes the added labor of digging and cutting the roots worthwhile, they say.

Conservation department "farm foresters" who visit and advise southern Michigan woodlot owners on harvesting and marketing their "ripe" trees point out that 95 per cent of the southern Michigan production is hardwood suitable for furniture, flooring, implement handles and like high-quality uses.

Ducks Unlimited, Inc., has announced its largest appropriation for the restoration and management of waterfowl breeding grounds in Canada! At the recent meeting of D U's Board of Trustees at Milwaukee, Wis., \$275,000 was voted for this purpose. Part of this record fund is earmarked for joint development with the Saskatchewan government of a Saskatchewan River Delta tract of over 1,000,000 acres. This vast and important waterfowl nesting ground is being set aside by the Province as a permanent wildlife reserve.

Ducks Unlimited also has announced appointment of a committee of representative businessmen and sportsmen to explore the possibility of aiding the black duck, most popular waterfowl of the northeastern states. The committee will coordinate its studies with a black duck field investigation launched a year ago under the direction of Bruce S. Wright, Frederick, New Brunswick biologist.

According to Earle Doucette of the Maine Development Commission "birds of a feather" don't always "flock together." He relays report from Warden Supervisor Lloyd Clark of Milltown, Maine, that the latter had seen a hen pintail mated with a black drake in his territory. "Not an unprecedented incident," says Earle, "but unusual."

It's seldom, comments the Sportsmen's Service Bureau, that the "fish that got away" wins any honors, even in Maine, that State of fishy waters and fishier stories. Yet Earle Doucette tells us about a fish that not only did get away, but still earned Wallace Thomas of Augusta membership in "The One that Didn't Get Away Club."

Thomas was fishing in St. Georges Lake with Charles Finley, also an Augustan, when a whopping salmon hit Finley's bait, which was trailing only about eight feet behind the boat. Before the surprised fisherman could gain control, the fish broke the leader and escaped. Five minutes later, Thomas had a terrific strike and, after a hard fight that lasted forty minutes, landed a 10 1/2 pound salmon, which made him eligible for Maines "The One that Didn't Get Away Club." Finley's broken leader was trailing from its mouth!

The Pennsylvania Game Commission, in warning motorists to give wildlife a better "break," points out that there is an alarming increase in the number of rabbits and other small game killed on the highways. Birds and animals, comparatively safe from motor traffic during the war when rubber and gas were scarce, are now being hard hit.

The Commission urges care in driving, believing much of the destruction can be avoided. Motorists are warned to use particular care in deer country, in view of the danger to cars and occupants. Motorists everywhere would do well to heed these words of warning.

Prairie chicken numbers in the southern peninsula still are on the downward trend begun about 10 years ago, Donald Douglass, ornithologist of the conservation department's game division, reports after a spring survey of known chicken courtship areas.

Incidental to the chicken survey, however, Douglass found ruffed grouse in fair numbers in all partridge territory. Some areas where chickens were found five years ago have been vacated entirely, and fewer were seen and heard in areas where they are still found, Douglass says. No one knows the cause of the decline. Most obvious explanation is the change in vegetation resulting from the high degree of efficiency attained by the forest fire fighting organization, though some openings that still appear suitable lack birds. One of the best flocks observed this spring was in the area burned by the big Presque Isle fire of 1939.

As chickens are among the wariest of Michigan's game birds, their numbers can be well estimated only in spring, when early-rising observers, starting at 4 a.m., check all known and reported "booming grounds" where courtship dancing occurs. On clear still mornings the booming sound made during courtship antics is audible more than a mile.

Among the locations covered by this spring's survey in the southern peninsula are Gladwin, Molasses river, Dead Stream, Mio, Pigeon river, Alpena, Atlanta and Johannesburg.

For the second successive year the population of most species of wild ducks in the United States has drastically declined, Secretary of the Interior J. A. Krug has announced. The Secretary's pessimistic report was based upon results of the annual January inventory conducted by the Fish and Wildlife Service and reported by its Director, Albert M. Day.

"The continental population of migratory waterfowl is about 25 percent under that of a year ago," declared Mr. Day, "even when due allowance has been made for the flocks that traveled to Cuba, Mexico, and other Caribbean and Latin-American wintering grounds. In other words, the population of ducks and geese is back to somewhere between that of 1941 and 1942."

"Although the waterfowl resource is by no means endangered, we must compensate for these losses," Mr. Day informed Secretary Krug. "It is obvious, therefore, that American sportsmen will be called upon next season to take a smaller portion of the 1946 crop so that more breeders can be permitted to fly north in the spring of 1947. Every effort is being made to provide and improve nesting and wintering habitats. Only by such long range planning can we preserve the sport of shooting wildfowl."

"After analyzing the results of the January inventory, and giving due consideration to all other sources of reliable information, we are forced to conclude that the birds have not only suffered reverses on their breeding grounds but have been seriously depleted by excessive shooting," said Mr. Day.

Summers Nice Down in Florida

What is Florida like in the summer time? It's very nice, not too hot or too cool, according to a letter to the Plymouth Mail editor from Willard Ely, who left these parts with his family a year ago to make his permanent home in Dania, Florida.

Mr. Ely was employed for many years in the Ford plant at Northville and has a host of friends and acquaintances in Plymouth.

Whether he saw the handwriting on the wall pertaining to the future of Ford plants in this vicinity, he has never said, but at any rate over a year ago he decided that he wanted to get in business for himself, so he and Mrs. Ely, both lovers of antiques, started an antique shop on U. S. highway No. 1, just on the south side of Dania, a progressive little Florida community located some 25 miles north of Miami.

In his letter, he says: "Have intended to write you every day since reading in the Northville Record two weeks ago, that you are unopposed in the coming election, we are both very pleased of this fact while we would be unable to cast a vote for you this year, you may be assured you would have our moral support if you had opposition but we are glad you want need that, we are always interested in good government."

"Am sending you under separate cover the special edition of the 'Miami News' on their 50th anniversary, you being a newspaper man and being familiar with this part of Florida, we thought you would enjoy it, we found it very interesting."

"We are enjoying perfect Florida weather, have had two or three nice rains in the last two weeks and things have greened up nicely again. It was very dry here."

"We had a very good season as for our shop is concerned, was better than we expected, it has been slow this month but we were looking for that, however everyone is expecting a good summer tourist trade."

"As you know we kept a register in the shop and asked all who came in to sign their name and home address. On checking the book last week here are some of the figures, Michigan strangely enough lead with the most, Florida next, with Ohio being third and New York fourth, in all a total of 31 states, the District of Columbia, and Canada were represented, the farthest away being from Moose Jaw, Sask., Canada. All of the Pacific States are represented and all of the States east of the Mississippi with only three states between the Mississippi and the Rockies missing. Thought you might be interested in these figures, not that they mean much, except it shows a lot of people enjoy Florida."

"Want to thank you for the nice write up in your paper about us, it pleased us very much. We expect to be in Northville for a short visit in August."

For CHILLY SPRING MORNINGS
an **ELECTRIC HEATER**
FURNISHES GLOWING WARMTH

No need to fire up the furnace these chilly spring mornings when an electric heater will give instant warmth . . . where you want it . . . when you want it. Safe, clean, economical, an electric heater is ideal for warming your dressing room, bathroom, or other small rooms.

Just a Few Cents an Hour is All It Costs . . . but unlimited use can cause abnormally high electric bills. For example, a 1000-watt heater at residence rates, costs only 17¢ a week when used one hour daily for seven days. The same unit used 8 hours daily costs \$1.40 a week, and adds \$10.20 to your two months' bill. Consult a reputable electric dealer who can recommend a heater of sufficient wattage to suit your particular needs. He can also tell you just what it will cost to operate.

Plymouth Man's Letter Wins Prize For PM Conductor

Mrs. Clara L. Alexander, of 210 North Mill, is the recipient of a lovely bouquet of flowers and a letter from the superintendent of the Detroit Division, Pere Marquette Railway.

It is a "thank-you" gesture on the part of the Pere Marquette for a letter Mr. Alexander wrote to the company commending the courtesy shown by an employe—Conductor George Hennessy—on a recent trip made by the Alexanders.

Mr. Alexander pointed out to the company that Conductor Hennessy went beyond his duty in providing for the comfort of PM patrons. In fact, the company was so impressed with the letter that the conductor was chosen as the most courteous PM employe for the month of April.

Youth Center Has New Director

Edward Holdsworth, wartime director of Plymouths Music Box Recreation Center, has resigned to accept other employment. His resignation was last week accepted with regret by the adult board of the center.

His successor is Milton Humphries, an honorably discharged veteran with a three-year service record, who is back on his old job at Davis & Lent. Milton, while in the service, had charge of a recreation center at Honolulu and is well qualified for the task.

The center will be open 8 to 11 p.m. Monday through Thursday and 8 to 11:30 p.m. on Saturday during June and July. It will not be open afternoons or on Friday nights and will be closed during August.

The students have completed a very successful year at the center, the adult board reports. They have purchased an additional ping-pong table and a record player. During August the students plan to make repairs, redecorate the center and put it in tip-top condition for the fall and winter season which begins in September.

In Albany, Ore., a squirrel short-circuited the city out of electricity and water (electric pumped). In Briarcliff Manor, N. Y., a mouse shut off the electricity. In Freeport, Ill., an owl jammed a high-tension transformer.

One of Many Interesting Landmarks

Point Out Objects Worth Seeing

This America we so love is a vast mosaic of the beautiful, the historic and the glorious, polka-dotted with "unforgettables" from the Canadian border to the Gulf of Mexico and from the Atlantic seaboard to the redwood country and the old missions of the Pacific coast. It matters not where you travel, you find these "unforgettables," each an adequate vacation objective in its own right.

This is a magnificent country, a country carved out of the wilderness by the strong men and women who have passed on, a country whose soil has been soaked with the blood of heroes. Those stouthearted early Americans are the ones who planted the seed to grow into the America we so love, love with a love that is very, very close to being a religion.

Through the years, I've prowled this America from coast to coast, and from Canada into Mexico, and I know its highways and byways as you know your backyard; I've seen its historic shrines, its battlefields and its beauty spots, and I've come to know the places and things which might be called "musts" for the patriotic American. To list anything like all of these "musts" would be an impossible task in limited space, but we can hit some of the high spots, that you may file 'em away for future exploration.

I know that just about everybody wants to see, tries to see, Independence Hall in Philadelphia and Eternal Flame Memorial in Gettysburg, and Plymouth Rock and Concord and Lexington—but there are other things which too few see, and which I think are just about tops. I particularly react to the more unusual things—some of them intrinsically unimportant, but all of

them enthralling.

Personally, I think the very peak in "unforgettables" is in the town of Frederic, Maryland, the town of Barbara Fritchie, where the Stars and Stripes flies day and night, 365 days in the year, and always a fresh, new flag. And a hundred feet away the magnificent bronze statue of a man, his hand outstretched over the flag in a gesture of benediction. The grave of Francis Scott Key, who gave us our national anthem, standing in ceaseless vigil over the flag he so loved, the flag we so love.

In normal years, a million visitors go to Frederic each year to pay homage to Francis Scott Key, and to see the little red house from which Barbara Fritchie waved the flag when she defied "Stonewall Jackson" and his marching army. Barbara Fritchie sleeps in the same cemetery with Francis Scott Key, in fact, their graves are less than a hundred yards apart.

And, of course, there are many "musts" that aren't patriotic in their appeal. The old missions along the Pacific Coast, for instance, should be seen by every American who loves the rich background of his country. Those old missions are strung along the coast like beads on a chain, each mission just a day's travel by foot from the other. Most of them were built by one Father Junipero Serra, who gave his entire life to planting the Cross of Church in that new land. The old missions are magnificently beautiful, and every one has its blood-tinting story of hardship and sacrifice and bloodshed. That so-called "Mission Trail"—every mile of it—has been soaked with the blood of the early padres for they carried the Cross right along with the flag of the Spanish king.

I think the most interesting single spot in these United States interesting from the point of unusualness, is the almost ghost

town of Tombstone, in southern Arizona, just a whoop and a holler from the Mexican border, with only 500 people there now, against 15,000 in its halcyon days.

But I don't claim that all the "musts" are in the West—far from it. There's no Valley Forge in the West, just to make my point, and Valley Forge certainly is one of the "musts" in any man's book. Valley Forge ranks so high because there the very life of these United States hung in the balance. There Washington's men left trails of blood from their shoeless feet in that winter when it was a toss-up whether the new republic lived or died. Today in Valley Forge you see one of the tiny little log huts in which Washington's men lived through that bitter campaign.

Out in Denver lives my old friend Henry Zietz, last living white scout of Indian campaign days. And Henry Zietz has the sabre Michigan's great George Armstrong Custer wore into the Battle of the Little Big Horn—and its battered blade tells you an heroic tale of the fight that Michiganian put up before he fell beneath a Sioux war club.

Yellow Plume, a Sioux war chief, who knew Zietz, years after the battle, said proudly: "I killed 'Yellow Hair'." That was Custer. And then he said: "I did not scalp Yellow Hair because I had too much admiration for him as a great warrior."

Teams To Play Twice Weekly

Twilight games of the Plymouth Industrial Softball League are continuing very strong, according to Virgil Knowles, recreation director for the city.

Considerable good ball is being played. To date the hurling of Gabby Street of the Oldsmobile team has been exceptional. His last game found him twirling such good ball that 12 of the Burroughs squad went down on strikes and only one hit was registered against Street.

Starting this week each team will play twice weekly at the North diamond and Track diamond. Mr. Knowles says the attendance at the games is good, but there is room for more spectators.

The following standings are as of May 29, furnished The Mail by Mr. Knowles. They are:

Team	W	L	Pct.
Merchants	3	0	1000
Oldsmobile City Svce.	3	0	1000
Cavalcade	2	0	1000
VFW	1	1	500
BeHoCo	1	2	333
Gulf Atchison	1	2	333
Daisy Air Rifles	1	2	333
Burroughs	0	3	000
Wall Wire	0	3	000

Games next week include Oldsmobile vs. Gulf Atchison, North Diamond, and Wall Wire vs. House of Correction, Track diamond, Monday night; Cavalcade vs. VFW North diamond, and Daisy vs. Oldsmobile, Track diamond, Tuesday night; Burroughs vs. Merchants, North diamond, and Gulf Atchison vs. Cavalcade, Track diamond, Wednesday night; and VFW vs. Merchants, Track diamond, Thursday night.

Midget League To Start Soon

According to Virgil C. Knowles, Plymouth recreation director, the Rotary-sponsored midget baseball league will begin play next Monday, June 10. The games will be played at 4 p.m. on North diamond behind Central School.

With entries anticipated from Starkweather School, the midget league roster of teams should number between eight and nine. The Rotary Club has purchased bats and balls and caps for the team members and the boys are eager to get going.

Team schedules for the summer will be announced later after a meeting of the team captains.

A fellowship has been established in the Michigan State College department of civil engineering for carrying out investigations on certain phases of concrete curing. The \$1000 fellowship was established by Truscon Laboratories, Detroit.

A. KIDSTON-AWARDED SCIENCE MEDAL

Alan Kidston, senior in Plymouth High School, has been selected to receive the Bausch & Lomb Honorary Science Award Medal for achieving the highest scholastic record in science courses during high school. Established in 1932, this award has been recognized by educators as a national honor in scientific studies. Award winners are eligible to compete for the five annual Bausch & Lomb Science Scholarships at the University of Rochester. These scholarships have a value of \$1500 each, payable \$500 a year for the first three undergraduate years. The university will provide loan funds, if necessary, for holders of these scholarships for the fourth year of college study.

In commenting upon the scholarships, M. Herbert Eisenhart, President of Bausch & Lomb Optical Company, said: "In these postwar years, America's progress is related in no small degree to its progress in science and technology. It is our hope that the Science Awards and Scholarships will prove to be a stimulus and contribution to national progress."

Many to Attend U of M Reunion

More than 6,000 alumni including a large group from Plymouth are expected to return to the University of Michigan campus for the Victory Reunion on June 20, 21, and 22, according to an estimate made by T. Hawley Tapping, general secretary of the Alumni Association.

Meanwhile, plans for two of the major events in the reunion program were announced by Karl Litzenberg, general chairman of the Victory Reunion Committee. Four prominent alumni will be the speakers at the Victory Reunion dinner on Thursday evening, June 20, opening event on the program.

The speakers will be William H. Stoneman, noted foreign correspondent of the Chicago Daily News; Col. Joseph R. Darnall, of the United States Medical Corps, a veteran of both wars; Miss Margaret Ann Ayres, of Detroit, who served overseas with the American Red Cross; and Walter G. Kirkbride, of Toledo, president of the national Alumni Association.

Two well known alumnae are scheduled as the speakers at the Alumnae luncheon on Friday, June 21. They will be Mrs. Arthur Vandenberg, wife of Michigan's senior senator, and Sigrid Arne, well known Associated Press correspondent.

TRACKMEN TAKE THIRD IN CHAMPIONSHIP MEET

Competing with six schools Plymouth trackmen took third place and missed a tie for second by one-half point. Total was first with 73½ points, Belleville was second with 32 points, and Plymouth was third with 21½ points. Trenton was fourth with 17 points. Redford Union, fifth had 15 points, and Wayne, sixth had 10 points. Last year Plymouth placed sixth in the League Championship meet with 15 points.

Pankow was disqualified from the 100 yard dash due to two false starts. If he had been able to run, Plymouth might have taken second place in the meet. At the meet on June 1, nine new league records were set. 120 yard high hurdles, 15.6 (old record 16.5, 1945); 100 yard dash, 10.4 (old record 10.6, 1945); 44 yard dash, 54.6 (old record 55, 1945); 200 yard low hurdles, 23.8 (old record 24.4, 1945); 220 yard dash, 23.6 (old record 23.8, 1945); shot put, 47 ft. 5 in. (old record 44 ft. 2 in., 1945); high jump, 5 ft. 7½ in. (old record 5 ft. 6 in., 1945); broad jump 19 ft. 11 in. (old record 19 ft. 6 in., 1945); 800 yard relay, 1:36.7 (old record 1:39.4, 1945).

120 yard high hurdles—Potts (B) first, Hill (Y) second, Clark (Y) third, Peters (Y) fourth, Teska (T) fifth. Time: 15.6.

100 yard dash—Perry (Y) first, Walker (Y) second, Robeson (Y) third, Sulliman (B) fourth, Prieskorn (R.U.) fifth. Time: 10.4.

44 yard dash—Knobloch (R.U.) first, Siedel (Y) fourth, Smith (T) fifth. Time: 4:50.5.

200 yard low hurdles—Brown (R.U.) first, Sulliman (B) second, Peters (Y) third, Sienko (B) fourth, Hill (Y) fifth. Time: 23.8.

440 yard dash—MacGregor (P) first, Washington (Y) second, Weimer (W) third, Weathers (P) fourth, Sayre (B) fifth. Time: 54.6.

220 yard dash—Walker (Y) first, Potts (B) second, Kaluzny (P) third, Pankow (P) fourth, Abner (W) fifth. Time: 23.6.

800 yard dash—Johnson (Y) first, Meyers (T) second, Ossenhimer (Y) third, Rumberger (Y) fourth, Strachan (P) fifth. Time: 2:12.8.

Shot put—Smith (W) first, Fisher (T) second, Dasher (Y) third, Schomberger (P) fourth, Tower (Y) fifth. Distance 47 ft. 5 inches.

Pole Vault—Sulliman (B) first, tied for second and third, Wiseley (P) and McKeen (B), tied for fourth and fifth, Parks (Y) and Szmonski (B). Height 11 ft.

High Jump—Walker (Y) first, Ball (T) second, Sulliman (B) third, Clark (Y), and Thompson (P) tied for third, fourth, and fifth. Height 5 ft. 7½ in.

Broad Jump—Perry (Y) first, Jenkins (R.U.) second, Richardson (T) third, Terris (P) fourth, Robeson (Y) fifth. Distance 19 ft. 11 inches.

800 yard relay—Ypsilanti, first; Plymouth, second; Redford Union, third; Belleville, fourth, and Wayne, fifth.

ROCK GOLFERS TAKE FOURTH IN STATE

The Plymouth golf team had a bad day last Saturday when it placed fourth in the State meet. St. Joseph dethroned PHS by beating them by 15 strokes. The Plymouth scores were 92, 96, 102, 113 for a total of 403, compared to 392 for the previous year. The weather man had quite a lot to say about the high scores because it rained almost all day. The U. of M. course that the meet was held on is one of the toughest courses in Michigan.

In Portland, Ore., John Bribbon reported to police that a burglar had made off with 50 cents, five theater tickets, and two bananas.

SENIORS OF THE WEEK

James McGraw, 17, of 371 Auburn Avenue, is the son of Vera and Marcus J. McGraw. Jim has completed a vocational training program while in high school. Swimming, riding, and billiards are his hobbies and his pet peeve is to be disturbed when doing anything. He has traveled in Upper Michigan and Washington, D. C.

HOME EC DEPARTMENT ACHIEVEMENT DAY

On Tuesday, May 28, 1946, the Homemaking Department had an achievement day for mothers and friends of the students of homemaking classes. Tea was served in the dining room after which a program was presented in the auditorium. Students from the sewing classes modeled articles they had made and other girls from the 7th and 8th grades modeled aprons and dresses they had made. A skit entitled "Classification of Two New Students" was presented by the first hour Homemaking I class. Another skit was presented by the 7th grade foods class entitled "7 Little Vitamins." Marjean Penhale played a clarinet solo, and Mable Vickstrom, Jackie Bothwell and Mary Ann Cyk sang two selections accompanied by Mary Rolen at the piano.

"An international touch was put into the program by Mary Ann Witwer and Janet Burgett who modeled two foreign costumes.

Other projects that were not shown in the program were on display in the back of the room. Elsie Mae Keeling was the commentator for the models and Laurel Thompson was the announcer and general chairman of the program.

FROSH TRAMPLES DEARBORN 12-1

(by Keith Miller) Good pitching by Mickey Brown and timely hitting gave the unbeaten Frosh their sixth victory of the baseball season Wednesday afternoon, May 29, at the Riverside Park diamond. Dearborn, a Class A school, was completely outplayed by the aggressive Rocks.

Brown would have had a shut-out but for a bit of fielding laxity on the part of his teammates. The hitting stars for the Freshmen were Larry Finney and Jim MacDowell. Phil Bosman had a very unusual day with five walks out of five times at bat.

The Plymouth Frosh have two more games: one with Dearborn and one with John Grace School.

SENIORS HOLD FAREWELL ASSEMBLY

Wednesday, May 29, the seniors held their annual farewell assembly which began with an introduction by Lorraine French and was followed by a heart-breaking Class History by Jackie Dalton and a Class Prophecy by Caroline Rolen. A humorous Class Will on a scroll many inches long was read by Lattitia Pierce. The president's speech was then given by Vince Simonetti and a response by Terry Hitt, eleventh grade president. Mr. Penhale made the presentations of honors followed by the class song by the class of '46. Jackie Bothwell, Mabel Vickstrom and Phyllis LaVergne led the class.

Dr. Harry R. Hoppe, assistant professor of English at Michigan State College, has been awarded a fellowship for study in Belgium during the coming year. He was one of three men selected for fellowship by the Belgian-American Educational Foundation, Inc.

School Registration Notice

A new law enacted by the 1945 Michigan Legislature made several changes covering the qualifications of school electors. The former four classifications of school electors have now been reduced to two.

- I. GENERAL ELECTOR: This individual may vote on issues not involving the voting of school bonds or taxes. Such issues are:
- Member of the Board of Education.
 - Tax Limitation Issues.
 - Other General Issues.

- The qualifications are:
- Citizen of the United States.
 - Twenty-one years of age.
 - Resident of the state of Michigan for six months and of the school district for 20 days prior to any special or regular election.

Please note that you need no longer be a parent, guardian or property owner to register as a general elector.

- II. TAX PAYING ELECTOR: This individual may vote on any and all issues, including the "Direct Expenditure of Public Money" and the "Issuing of School Bonds".

- The qualifications are:
- Citizen of the United States.
 - Twenty-one years of age.
 - Resident of the state of Michigan for six months and of the school district 20 days prior to any special or regular election.
 - Must be the owner of property assessed for school taxes within the district or the lawful husband or wife of such a property owner.

The enactment of new legislation and the formation of a Township School District makes it necessary for all school electors to register. The old registration has been cancelled. It will be necessary for all school electors to register again.

REGISTRATIONS ARE NOW BEING TAKEN AT THE HIGH SCHOOL, BETWEEN THE HOURS OF 8 o'clock a.m. and 4 o'clock p.m.

A party line also gives you a chance to be a GOOD NEIGHBOR!

By treating others on the line as they themselves would like to be treated, good party line neighbors help to improve their own service and that of all the people who share it. A good party line neighbor thinks of it this way: "Someone else on my line may be waiting to make a call, so I won't talk any longer than I have to. "When the line is in use, I won't interrupt. "And when I finish a call, I'll hang up carefully because one instrument off the hook puts all the telephones on the line out of service."

A Message To Our Customers

Government restrictions upon flour are to be continued for another year. Starting July 1st, flour mills can produce each month for domestic use not more than 85% of the amount of flour which they delivered in the same month of 1945. This means that we cannot hope to receive more than 85% of the flour we used last year... and we may get less. Since we cannot make baked goods without flour, we are forced to cut our production accordingly.

We are doing our best to cooperate in the food conservation program and we are trying to eliminate all waste in addition to cutting down our production. At the same time we are trying to supply you with a reasonable quantity of baked goods. We are willing, as we are sure that you are, to curtail our use of flour and fats as long as these foods go to feed starving people abroad. But we do not believe that emergencies should be used to put through control measures which will be continued long after the emergency has passed; and we are afraid that in the present instance that is what is being done. We are going to watch the situation carefully and ask our Congressmen and Senators to watch it too. If you will also write down to Washington occasionally and ask for the true facts on the food situation, it may help us get back sooner to the American way of life.

Babson

Babson Park, Mass., June 7.—Once every six months (June and December) I prepare a brief summary of leading industries and here follows my outlook for the second half of 1946.

AUTOMOBILE STOCKS: The automobile industry should have a boom for a few years; but it is very vulnerable to labor troubles and to bombing. There may be no reason for now selling automobile stocks; but it looks as if the high prices have discounted the immediate outlook.

AIRCRAFT MANUFACTURING STOCKS: These stocks are selling largely on their liquidation value. From this point of view, some of them may be a good speculation; but the industry as a whole is uncertain.

AIR TRANSPORT STOCKS: This is a growing industry and will do a tremendous business for some years to come; but the rates are governed by federal authorities. Moreover, the airlines neither own their terminals nor the air through which they travel. Today—based on both book value and earnings—they are selling the highest of any group.

AGRICULTURAL EQUIPMENT STOCKS: This is a fundamental industry and the better-grade stocks have both real security and a fair promise of continued dividends for conservative investors.

AMUSEMENT STOCKS: The motion picture industry and similar groups enjoy great prosperity and dividends should continue liberal for another year or two.

BANK STOCKS: In view of the tremendous deposits, a small increase in interest rates on the banks' investments and loans should help earnings. What the future interest rates are to be is anyone's guess.

BEVERAGE STOCKS: I know nothing about liquor stocks. The outlook for the soft drink stocks should be good after the sugar supply has become normal, but prices of the stocks may already anticipate this.

BUILDING STOCKS: Unless there is a buyers' strike, the building industry is headed for a remarkable boom. On the other hand, building stocks are high. I had rather buy well-located real estate.

CHEMICAL STOCKS: Although they now look high, with small yields, they are still attractive. The chemical industry will benefit from some wonderful discoveries now in the laboratory stage. Also the industry has a very small labor expense and its basic raw materials are relatively low priced.

CLOTHING STOCKS: These appear to have a good future, especially manufacturers of men's

clothing, shirts, shoes, etc. As to the textile group, the rayon manufacturers continue to be the most favored.

CONTAINER STOCKS: These suffered no conversion troubles and will continue to do a good business; but the stocks appear fairly well priced in view of recent earnings.

ELECTRICAL EQUIPMENT STOCKS: This industry as a whole should do a wonderful business, but it is beset by labor troubles and intense competition.

FOOD STOCKS: The food industries such as baking, dairy products, corn refining, meat packing, are all refining to go ahead and waiting only for a green light at Washington.

MACHINE STOCKS: Although there are exceptions, the machine tool industry will be beset for some time by a tremendous secondhand market. Its stock prices, however, are not over priced.

MERCHANDISE STOCKS: Sales and earnings will probably hit new peaks this year. I prefer, however, the chain stores with their assets distributed broadly throughout the country, rather than the department stores with their assets concentrated in a few large cities subject to bombing.

MINING STOCKS: There should be a continuous increase in the demand for non-ferrous metals in the months ahead. Mining stocks are also in the "bombing-proof" group.

OFFICE EQUIPMENT STOCKS: The office equipment companies have been suffering from the demands of re-conversion; but the better-grade stocks should continue to be attractive to conservative investors.

4-H Club Leaders At Conference

Six 4-H club members from this locality last week-end attended the annual Waldenwoods Conference for older 4-H club members. The camp is located in Livingston county and this year the conference has been divided into two groups in order to take care of the large enrollment.

Those from Plymouth who were selected to attend the first conference were Doris Waldecker, Marie Duthoo, Donald Vetal, Donald Brinks, Donald Korte and Daniel Wiseley.

Shirley Hersch from Wayne and Robert Reaume from Inkster were also in the group. About 110 persons are expected to attend both sessions. The development of farm leadership was stressed. At the session to be held later the same course will be presented. Members of 4-H clubs from all parts of the state were present.

Deaths in railroad accidents at grade crossings went up 4 per cent in 1945, according to the National Safety Council.

Miss Ursula Carey, who has been teaching at Huntington, Va., has been the guest of Miss Edna Allen enroute to her home at Crosswell, Michigan.

Henry Piel Seeks Sheriff's Post

Henry W. Piel, former chief of detectives of the Detroit Police Department, who resigned the presidency of the Southern Michigan Police Chief's Association, to run for the Republican nomination as Sheriff in the primary election on June 18, believes that both the calibre of personnel in the sheriff's criminal division and the method of procedure followed there need to be raised high above present standards, he stated when calling on voters in Plymouth a few days ago.

Piel, 58 years old and native Detroit, holds the personal endorsement of all the police commissioners under whom he served in his 30 years in the Detroit department. He was asked in 1940 by the Village Commission of Grosse Pointe Park to reorganize their department on modern lines, and did so. He resigned that post early this year.

The present FBI training courses which are now available to law enforcement officers of all Wayne County Communities were developed through the efforts of Piel and others in the Southeastern Michigan Police Chiefs' Association. He would bring sheriff's deputies under the same standards of training. Many religious, civic and business groups have endorsements of Piel's work and his candidacy on record.

To these organizations and to the public, Mr. Piel makes the following pledge:

"I will work with any source, public or private, which can set forth a means of providing better service to the public at less cost. If I find duplication of services in the field of police protection I will eliminate them. If any plan or method for the reform or re-shaping of the present County Government, which would affect the sheriff's department, is proposed in responsible quarters, I pledge myself not to follow an obstructive course, but to do all I can to acquaint the public with the plans proposed, advantages and to abide by the decision of a majority if a referendum is held."

Chute's Second Book Published

A new book "Electronics in Industry" is just off the press, written by George M. Chute of this city. His earlier book "Electronic Control of Resistance Welding," was announced in the Plymouth Mail three years ago. Both books are of technical nature and are published by the McGraw-Hill Book Co., Inc. of New York City. Copies of each have been placed in the Plymouth branch of the Wayne County Library and in the Plymouth High School Library.

During the war years, Chute has been teaching evening classes in "Industrial Electronics" at the Rackham Memorial Building in Detroit, as part of the Extension program of the University of Michigan. His new book includes the material given in these classes, intended for the use of men working with electronic (tube-operated) equipment in industrial plants. This 460-page book contains about 300 complex diagrams, most of which were originated and drawn by Chute here in Plymouth. The entire manuscript was first written in longhand form.

The dedication page reads "To Jo, George and Bob," who are well known in Plymouth.
