WATCH OUR PREDICTION!
 When "they" threw Kim Sigler out of the state grand jury investigation, "they" thought they had him licked. But knowing something of the kind of job Sigler was doing with the grand jury, we KNEW they didn't have him licked. We predicted his success in the Republican primary. We predict his overwhelming success in the final election.
 We further predict that Mr. Sigler will do such an amazingly successful job in cleaning out grafters in Lansing and restoring honesty and decency and efficiency in government that he WILL be a successful contender for the Republican nomination for President two years from now. And if he should get to Washington, there wouldn't be enough prisons in the country to hold the thieves who have waxed fat off the lands during the hey-days of the New Deal.
 We predict also that there will be plenty of activity from now on by the state grand jury. After all, you know that a Governor with the aid of the legislature can even make circuit judges step around a bit if he figures action is necessary.

GET THE THIEVES — AND PUNISH THEM.
 Noticed a few days ago where the U. S. House of Representatives voted 227 to 111 for passage of the Dondero resolution authorizing the Committee on the Judiciary to make a thorough investigation of the circumstances surrounding the disposition of the charges of espionage and the possession of documents stolen from secret Government files which were made by the Federal Bureau of Investigation against the following persons: Philip J. Jaffe, Kate L. Mitchell, John Stewart Service, Emmanuel Sigurd Larson, Andrew Roth, and Mark Gayn.
 Rep. Cox of Georgia (Democrat), who opened debate on the resolution, declared:
 "The resolution provides for an investigation of the disposition of the cases against these people, the investigation to be made by the Committee on the Judiciary or a subcommittee thereof. There is not the slightest doubt in my mind but that those against whom the Department of Justice took action were guilty of the stealing of the files from various departments of the Government that were finally assembled in the office of a notorious and active Communist in the city of New York. The astounding thing is, how could all these secret files get into the hands of these individuals in New York whose business it has for a long time been to undermine the foundations of this Government without someone interested in national security having detected it before they had accumulated in great numbers. I think the important question is to investigate and find out just how it was possible that these many files — and there was a truckload of them — could have been obtained."

In successfully urging the adoption of his resolution, Rep. Dondero gave a comprehensive outline of the nature of the documents stolen and pointed out the extremely light punishment meted out to the defendants who admitted their guilt. That he offered a very convincing array of evidence is indicated by the overwhelming two-to-two vote which was given his resolution.
 Administration forces made a strenuous effort to head off the Dondero resolution and Rep. Sabath, veteran Illinois Democrat, led the opposition.
 The vote of the Michigan delegation was:
 Republicans for: Reps. Blackney, Bradley, Crawford, Dondero, Engel, Hoffman, Jonkman, Michener, Shafer, Wolcott, and Woodruff.
 Democrats for: Reps. Dingell, Lesinski, O'Brien, Rabaut, Democrats against: Reps. Hook and Sadowski.
 We haven't been able to figure out why a congressional resolution is necessary to hunt down a gang of Washington thieves, but seemingly it has been necessary for Congressman Dondero to force this action by unusual congressional mandate.
 No matter why the reason, let's get at the bottom of the thing, jail the crooks and punish them to the limit of the law.

MARKING METERS FOR ADRIAN.
 The city of Adrian, which is the shopping center for an extensive rural area, like Plymouth, recently ordered the installation of parking meters. Officials of that city believe that the meters will help to solve the parking problem of that community.

IF FARMERS STRUCK?
 There is a sinister rumbling among the farmers. They cannot get help, and cannot pay the wages if they could get help; machinery is not available due to continued strikes, and they cannot patch up the old machinery because parts are not available, for the same reason.
 They are wearied with the pressure of war years, and there is a threat of many idle fields.
 The farmer is an individualist. They are not readily organized, they do not conform to rules and regulations of leadership. But if individually thousands of them lay down the plows, do not turn the earth, do not plant the seed, do not harvest the crops—the world will know they are the most powerful group in society.—Nina E. Babcock, The Cedar Springs Clipper.

SOME COMMON SENSE TO THIS.
 In a recent issue of Editor and Publisher, a publication devoted to newspaper affairs and problems, considerable space was given to a suggestion that Russian and American newspapers exchange editors and reporters in an effort to bring about a better understanding of the problems confronting the two countries.
 The plan would be to have writers from Russian newspapers come to America and work on American newspapers for a year or so and then return to their homes and tell the Russian people something about their impressions of this country. American writers would do the same.
 At a recent meeting of daily newspaper editors in Washington there was present three editors of Russian newspapers. One of the Russian editors at this meeting said: "I believe the exchange of handshakes is important, but the exchange of points of view is even more important if we are going to protect ourselves from the enemies who almost got us once."
 "I think it is possible that at times our papers have criticized the United States unfairly, maybe unfairly from our own point of view. I want in all true friendship to say to you from my heart that there is no malice against America to be found in Russian papers. Maybe there are mistakes, just as there may be and are typographical mistakes, but there is no malice and there is no slander. I wish that you could say the same of your press in regard to my country."
 We have read and heard much about creating and maintaining friendly relations with the Russian government. As we see it, here is the best plan so far suggested in helping to build and maintain good will between Russia and the United States.

New City Manager For Plymouth Is Harold R. Cheek

Mayor Robert Lidgard this week announced the selection of Plymouth's new city manager who will assume his duties July 1.

From a field of nine candidates the City Commission unanimously voted to choose Harold R. Cheek, thirty-four-year-old Navy veteran, of Chicago.

Mr. Cheek is married and has one child. He hopes to arrive in Plymouth sometime next week. When suitable accommodations can be found he will move his family here.

The new city manager was honorably discharged from the Navy last April. He entered the service in May, 1944, as a communications officer and attained the rank of lieutenant, senior grade. With the exception of four months spent in study he served all his time at Guam.

Prior to his entering the Navy he had been serving as assistant director of the Municipal Finance Officers Association, a post he assumed in September, 1943. He returned to those duties last March 29 upon being placed on terminal leave.

While serving in that capacity he counseled many city officials on bond issues, public utility financing and the operation of council-manager form of municipal government such as Plymouth has.

Mr. Cheek also wrote several articles on these matters and served as editor of Municipal Finance, official publication of the association.

In 1936, Mr. Cheek was appointed assistant manager and director of finance at Westerville, Ohio. Three years later he was named city manager of Big Stone Gap, Va., where he remained until September, 1943, when he enlisted in the Navy.

Because of his practical experience and his education the commission believed Mr. Cheek to be the only logical choice to succeed Clarence H. Elliott, who will become the new manager at Jackson on July 1.

694 Unemployed Workers Get Aid

The Plymouth office of the Michigan Unemployment Compensation Commission paid unemployment benefits to 694 unemployed people in this vicinity for the week ending June 15, according to Grace H. Miller, Chief Claims Examiner.

This figure includes 171 unemployed veterans paid readjustment allowances and 523 industrial claimants, paid from the Michigan Unemployment Trust fund. Included among the industrial claimants were 89 women.

She stated that there were 245 initial claims for the week, an increase of 184 since the previous week. Of this number, 18 were veterans and 90 were women.

Flood Victims Need Clothing

Have you some children's clothing, some bedding, some children's shoes and stockings that you care to give to a family that became victims of a flash flood Monday night that raised the little creek that flows across Sheldon road just south of Ford road over three feet and washed away all of the earthly possessions of a family living on its bank in a tent?
 A mother and father, Mr. and Mrs. Harry Hiller, and six little children are homeless as the result of the destruction of all they possess, except the tent, which still stands.
 They are at present being cared for by Mr. and Mrs. Harvey Haywood, 1822 Sheldon road, but their home isn't large enough to care for an additional family of eight. Help is needed immediately.
 It was Monday about midnight when flood waters began swirling through the little canvas home on the bank of the creek. Only hasty action enabled the parents to save their six children, so fast did the water rise. They had no time to save the clothing of the children or their own, except that which they had hurriedly put on.
 Here's a case right at home where the kindly people of Plymouth can do something to relieve a family hit hard by Monday night's storm.

All Ford Workers Return to Jobs In This Vicinity

There was plenty of rejoicing among the hundreds of Ford workers living in this vicinity Monday morning when all of the Ford plants in this vicinity resumed operations after having been closed for nearly a month.

There have been many rumors as to what might happen to some of the plants, but all went back on full production with all employees on the job.

Every one in this part of Wayne county is hoping that the strikes, the shut-downs due to material shortages and all the other troubles which have caused loss of hundreds of thousands of dollars in wages in and around Plymouth are now over for good.

There have been reports that some of the smaller Ford plants about here had been sold or were to be sold. The fact that all of the plants have resumed operations has disproved these stories.

But it is generally understood that in the future these outlying plants must produce a normal day's production if they are to be continued in operation by the Ford company.

Hilltop Makes Improvements At Summer Camp

Hilltop Farm Camp, located on Beck road, between Ann Arbor and Territorial Roads, is opening Sunday, June 23rd with its usual quota of 4 to 10 year old children. In the summer of 1945 there was an average of 65 children per week at Hilltop, and it looks as though there will be about the same number this season.

There is a large new mess hall at Hilltop this summer, with a central kitchen, the boys' dining hall being on one side and the girls' on the other. This fall the building will be converted into a two-family apartment for soldiers. The barracks, log cabin and other units will house six groups of children, divided according to ages, each group presided over by an experienced teacher or college girl as counselor. Two of last year's counselors, the Griffin sisters, are returning for this season. They are fine singers and song leaders and frequently give entertainments. They direct the group singing every night after supper for fifteen minutes. Every Sunday evening at about 7:30 the children have their lunch on the lawn and then sing, with the Hammond organ accompanying. Plymouth friends and others are welcome to park their cars along the highway on these occasions and listen to or even join in the singing.

Many of the children who come to Hilltop have never seen farm animals and they greatly enjoy the peacocks, chickens, ducks, rabbits, a goat that pulls a cart, lambs that feed on the bottle, cows, pigs, horses to ride and a pony with an English cart.

The problem of feeding such a large group of children and helpers under present conditions is not as great on a farm as it would be in other places. With a huge deep-freeze full of meat, with more in the pasture, if needed, and butter, made in advance from the cream of a tested herd, also other staples laid in earlier, and a large vegetable garden, there should be no food shortage at Hilltop.

A new slide, a set of swings and a jungle gym have been added to the playground equipment and the swimming pool has been made ready for another busy season. It looks as though the Hilltop slogan, "Where Children Are Happy" will hold good through another summer.

Legion 9 Faces Heavy Week-end

Baseballers representing the Passage-Gayde American Legion post of Plymouth will play twice in as many days this weekend.
 At 2:30 p.m. Saturday, tomorrow they will oppose a team from VFW Post 1413, Detroit, at Riverside Park. On Sunday at 3 p.m. in Riverside Park the Passage-Gayde nine will tangle with VFW Post 2706, Pontiac, as part of its regular Michigan Inter-County Class A Baseball League schedule.

Plymouth's other league entry, Cloverdale Dairy, will play Sunday, too, at Flats Field against the Wayne Merchants nine.

Rev. Sanders to First Methodist Church in Owosso

Plymouth residents will regret to learn that Rev. Leonard Sanders, who has served as pastor of the First Methodist church of Plymouth for the past four years has been transferred from this city to the First Methodist church of Owosso.

But they will be pleased to know that his new assignment is to a much larger field and to one of the important churches of the Methodist conference.

Coming to Plymouth to take the place of Rev. Sanders is Rev. Clifford Coty, who has served as pastor of the Owosso church for a number of years. The Coty and Sanders families have been close friends for years, and Rev. Sanders speaks in the highest terms of the pastor coming to Plymouth.

Since coming to Plymouth, Rev. Sanders has enjoyed a most successful pastorate. Church attendance has more than doubled and he has been able to create an exceptional interest in the work among young people. He has been a leader for better things in community life and has been an active member of the Kiwanis club.

Members of the Methodist church extended him a unanimous invitation to return, and while it is generally regretted that he will not return, Rev. Sanders states that Plymouth will like the new pastor greatly and he predicts for him unbounded success in this field. The conference was held last weekend at Port Huron.

Plymouth Methodists will be interested in knowing that Rev. Sanford Clossen, who has been in Saginaw for the past four years has been transferred to Caro. Rev. Frank Field goes back to the Saginaw district as superintendent for the sixth year.

Rev. Verle Carson has been returned to the Newburg church for another year.

Plymouth Man Named Head of Maintenance

Seth S. Virgo, of 343 South Harvey street, has been named maintenance superintendent of the Willow Run Air Terminal by the Pennsylvania Central Airlines, which has sub-leased the landing field together with Hangars 1 and 2 from the University of Michigan.

Seth, a prominent Plymouthite, held a similar position there during the war when the airport was the property of the Ford Motor Company.

Under the present setup, Willow Run Air Terminal will be used by PCA as a Detroit port for its huge DC-4 ships which carry 59 passengers.

All indications are that the Willow Run terminal will grow rapidly and may become the biggest air terminal in the mid-west. In the near future, officials predict, other major airlines may locate there with PCA, and turn the terminal into a transcontinental port for passengers, mail and express.

Should that occur, and there is every possibility that it will, the development would mean much to Plymouth and the surrounding communities. At present several Plymouthites and residents of the surrounding area have employment at the terminal.

As Willow Run terminal grows and more airlines seek its use for their heavier and luxury ships, the employment possibilities for persons in and around Plymouth will become that much greater.

The operation of the larger PCA ships from Willow Run will not alter the present schedule of smaller ships now using Detroit City Airport.

The new setup at Willow Run was brought about when the University of Michigan promoted a long time lease with the Federal Government for the operation of the terminal. It is understood that the university wishes to locate part of its large Aeronautics School there for large-scale experimental work in the field of aviation.

The university plans to occupy the East side of the terminal where the Army Air Force trainingees were located during the war. They also will locate some of their equipment on the West side of the field. The facilities of its courses in aeronautics will be greatly extended through the use of the entire areas mentioned and (Continued on Page 3)

Plymouth Helps Sigler Win Smashing Victory

Wind and Rain Storm Raises Havoc About Here

Twenty airplanes so badly damaged by hail at the Mettetal airfield that they will have to be serviced before they can be flown again, two barns hit by lightning and burned to the ground, one containing live stock, hundreds of house basements in the city flooded both Sunday and Monday nights, scores of telephone and power lines down and the streets of Plymouth littered with fallen trees and broken branches, with the front wall of the Selle garage under construction on Ann Arbor road blown over, briefly tells of the widespread damage done in and around Plymouth Sunday and Monday nights by the terrific downpour or rain and high winds.

Damage to crops in the Plymouth area will run into thousands of dollars. Flooded basements also will add to the property damage toll here.

The gigantic display by the elements Sunday night hit Plymouth about 7 p.m. and continued unabated for four hours. More than two inches of rain fell in a seven-hour period Sunday night, according to Detroit weather bureau officials, to set a new record.

As the storm swept into this area Sunday night the CAP air circus at Mettetal Airport was just going into its finale—a mass parachute jump—which was cancelled. Spectators and performers alike scrambled for cover.

Hailstones damaged 20 aircraft that are regularly based at the field and about eight visiting craft, according to Bob Mettetal. He reported that many holes were punched in the wing and tail fabrics by the large stones plummeting to earth. The tops of fuselages also were damaged. One hole measured an inch and a half in width, indicating the size of the hail. Most of the local planes, Mettetal said, were damaged to the extent that they could not be flown until repairs are made.

For several hours Sunday night Plymouth was without telephone service to Detroit due to fallen wires and trees which broke lines in several locations. Several outlying sections reported electric service was interrupted for as long as an hour, this was repeated Monday night, too. Downtown areas here were not so affected.

Plymouth proper bore the brunt of Monday night's storm as the fringe of the tornado that tore through River Rouge was felt here. Limbs and entire trees in every section of the city were toppled. Very few streets were without fallen limbs and in many instances entire trees.

Some crops in this area which had withstood Sunday's heavy rains were completely destroyed by Monday's downpour. Streams nearby, already swollen from Sunday's rains, overflowed their banks during and after Monday's deluge. This caused large areas of parkways to be inundated, made highways impassable and flooded valuable farm lands, washed out some small bridges and did irreparable damage to roadbeds.

Want to Help Storm Victims?

Stanley Corbett dropped into The Plymouth Mail office Wednesday morning and left a check for \$10.
 He said, "We've been sending a lot of stuff over to Europe. Now we have many families without homes and without clothing over at River Rouge and around Windsor, Canada. I'm a Plymouth resident who thinks we ought to do something for suffering people in this vicinity."
 The Plymouth Mail editor agreed and added another \$10 check to Mr. Corbett's donation.
 Do you want to make a gift of some kind? If so, just leave it at the Plymouth Mail office, and we'll turn it over to The Detroit News fund, knowing that it will be properly expended.
 The list of donors as it now stands, follows:

Garden City To Celebrate 4th

Garden City Recreation commission has announced a city-wide celebration for the Fourth of July. The plans are for a parade, a field day, openhouse at the Recreation Center, with a hardball game in the afternoon, and a dance in the evening. It will also be a Homecoming Day for former residents with the one coming from the greatest distance. They will be able to visit with friends and neighbors at the comfortable Center, where lunches will be available for those who do not wish to bring basket lunches. The new Recreation Center is located at 5930 Dillon Avenue, one block east of Merriam, and 2 blocks north of Ford Road. All the civic and church organizations are co-operating to make this a gala occasion on the first peace-time Fourth of July in five years.

Reading Bible When Tree Crashes Against House in Big Storm

Monday night shortly after 9 o'clock when the terrific wind and rain storm was at its height in Plymouth, a part of a giant maple tree crashed against the home of Mr. and Mrs. Emerson Leach, 509 West Ann Arbor trail. A terrific noise accompanied the crash, but fortunately only a few window panes were broken.

Later/some one asked Mr. Leach if he wasn't badly frightened when the tree fell against his home.
 "Of course not. I was reading my Bible at the time. I had just finished reading the 3rd verse of the 26th Chapter of Isaiah. It reads 'Thou will keep him in perfect peace whose mind is stayed on Thee because he trusteth me'. How could any one be frightened when reading such assurances in the Holy Bible?" replied Mr. Leach.

The upper part of the house is occupied by Mr. and Mrs. Howard Johnson and their two children. Fortunately no one was hurt and the house not badly damaged, although big limbs were broken off other trees near the house.

Randall Penhale Becomes Savings Bond Official

Randall Penhale, who has served during the past year as principal of the Plymouth public schools, was this week appointed deputy director in charge of the educational department of the Michigan Division of the War Finance Committee.

Mr. Penhale has already assumed his new duties in the offices of the committee in the Guardian building in Detroit, but will continue to reside in Plymouth.

His selection to this important post is not a surprise to those who have known of Mr. Penhale's most successful record in connection with bond drives during the war.

Announcement of the appointment was made by Robert G. Douglass, state director for the U. S. Savings Bonds Division of the federal treasury.

Previous to coming to Plymouth, Mr. Penhale was associated with the public schools in Iron River. During the entire war period he was executive chairman of the war bond committee of Iron county and made an outstanding record, placing that county among the top-notchers in Michigan in war bond purchases.

After he came to Plymouth he took part in the last war bond drive in this city, having charge of the bond sales among the nearly 2,000 school children. Again he achieved the same success here as he did in the Upper Peninsula.

It is the government's purpose to continue to offer U. S. savings bonds, which pay the same rate of interest as do the war savings bonds.

Carries This City By Nearly 4 to 1 Vote

As had been expected, Kim Sigler won the Republican nomination for governor and carried Plymouth and vicinity by better than a three to one vote in Tuesday's primary election.

His victory is one of the outstanding political accomplishments in years and it spells for Michigan and the Republican party a new day in honest and efficient government and clean politics.

Sigler carried every voting precinct and every township in this section of Wayne county. He even carried the city of Detroit over Mayor Jeffries.

The total vote cast in Plymouth was 769. Of this number there was considerably less than 100 Democratic votes, the smallest total in years.

Sigler had 426 votes in Plymouth, Brown 133, Jeffries 58 and Kelly 51.

Dr. Eugene Keyes for lieutenant-governor while a victor in the state election, ran second to Pat Cleary of Ypsilanti in Plymouth. The vote was Cleary 236, Keyes 180, Nugent 130 and Higgins 53.

In non-contested Republican nominations, Plymouth gave Congressman George Dondero 551, State Senator Clarence Reid 527 and Representative Elton R. Eaton 570.

Plymouth voters showed preference for Larry Middleton for prosecutor, although the nomination was won by Attorney McNally. Middleton received 291 votes and McNally 251.

On the non-partisan ticket, voted by members of both parties, Probate Judge James Sexton was high, with 583 votes. He easily won the nomination for both long and short terms for probate judge.

On the Democratic ticket the only contest of interest was that of former Governor Van Wagoner and Court Commissioner Cody of Detroit. Van Wagoner received 64 votes in Plymouth and Cody 9.

Plymouth township gave Kim Sigler 73 votes to 37 for Brown. Jeffries had 5 and Kelly 7.

Howard Nugent carried Plymouth township for lieutenant-governor. His vote was 42, Keyes 30, Cleary 29 and Higgins 7.

In non-contested Republican nominations, Congressman Dondero received 108 votes, State Senator Reid 100 and State Representative Elton R. Eaton 108.

Van Wagoner received 20 Democratic votes, Cody 2.

Canton township had a much larger vote for this summer's primary than in a number of years. Its Republican vote was far above that of previous years. Kim Sigler also carried Canton by nearly a two to one vote. He received 58, Brown 30, Jeffries 27, and Kelly 15.
 Dr. Keyes lost Canton by a small margin. His vote was 33, Nugent 27, Higgins 10 and Cleary 47.
 Van Wagoner had 23 votes for the Democratic nomination and Cody 9.
 Livonia was also kind to Kim Sigler. He received 327 votes for the Republican nomination for governor, Brown 117, Jeffries 90 and Kelly 85.
 Dr. Keyes carried Livonia by a vote of 233, Nugent 126, Cleary 92 and Higgins 95.
 In the non-contested Republican contests, Congressman Dondero received 491 votes, Senator Reid 472 and Representative Eaton 481. Senator Vandenberg ran high in Livonia with a total of 543 votes.
 In all precincts, James Sexton for probate judge ran far above his opponents.
 Livonia was also kind to former Governor Van Wagoner for the Democratic nomination. It gave him 85 votes to 32 for Cody.

WEDDINGS

William Herter Weds Northville Girl

Our Lady of Victory church of Northville was the scene of the marriage on June 8, of Marcella Funke, of Beal Avenue, Northville, and William Herter of Plymouth at nine o'clock.

Fr. Lorenzo Woods read the double ring ceremony before an altar decorated with palms and white gladioli.

Mrs. V. Bielejeski, the church organist, rendered Lohengrin's "Wedding March" and also sang several selections.

The bride, who was given in marriage by her father, Alexander Funke, wore a shell satin gown with a long train and a fingertip veil. She carried a bouquet of white carnations.

The maid of honor, Rosemary Herter, sister of the groom, wore a pink gown. Constance Skiba of Centerline, cousin of the bride, acted as bridesmaid, wearing a lettuce green gown. Both girls carried bouquets of pink carnations. Lorraine Funke, sister of the bride, served as flower girl, attired in white net and crepe dress. Vincent Herter, brother of the groom, was best man. Merlin Hartung of Harbor Springs and Bernard Jarsky of Plymouth were ushers.

Mrs. Funke chose a yellow print dress with white accessories and Mrs. Herter wore a pale blue dress with white accessories. Both mothers wore corsages of pink carnations.

Breakfast was held at the Funke home on Beal Avenue immediately following the ceremony, for seventy-five guests. A reception dinner was given later in the day after which the couple left for a week's trip through Michigan. For traveling, Mrs. Herter wore a yellow dress with white accessories. The couple will make their home in Plymouth where Mr. Herter is employed.

Marcella graduated from Northville High School and Bill from Plymouth High School. He was recently discharged from the service.

Edison and Bell telephone lines worked throughout the night Monday. In some cases they repaired damage that they had just finished restoring from Sunday night's gales. Some areas in the country around the city were without service Tuesday afternoon.

Other wind damage near here was at 936 Ann Arbor Road where a new Selle Square Deal Body Shop is under construction. Mr. Selle reported that the entire front wall, 60 feet long, was leveled. Most of the blocks were broken in the crash.

"Loss in dollars and cents isn't important," Mr. Selle said, "it's

WIND AND RAIN STORM RAISES HAVOC ABOUT HERE

(Continued from Page One) Lightning Sunday night was more destructive than that of Monday night, although no less vivid nor incessant. Two barns in this vicinity were destroyed by fire Sunday night as the result of lightning hits.

The worst fire was at the farm of Richard Wisniewski, operator of the Plymouth Greenhouses, at 39806 Joy Road. There a barn 40 x 60 along with two cows, a horse and 20 tons of hay was destroyed.

Another barn, which was empty, also was destroyed on the Phil Grennan estate across from the former Lush home on Six Mile Road near Northville.

Plymouth firemen were summoned to the Wisniewski farm but could do little except protect three other barns, the garage and house from flying embers. They remained on duty until the Willow Run fire department, which serves Canton township, arrived.

Police Chief Lee R. Sackett reported that calls to the police switchboard in Plymouth Monday night during the storm set a new record.

Broken electric and telephone lines became so numerous that police assumed every call was to report such damage and were correct 80 percent of the time. A few reports of trees down across streets or blown against houses also were received.

Lieut. Thams says his outfit has been making some raids, but that they have not been too productive of results.

Pythians Honor Frank Henderson

On Thursday evening, June 13 Plymouth Lodge No. 238 Knights of Pythias was host to the lodges of the 16th district, visiting members being present from Ypsilanti, Ann Arbor, Milan, Chelsea, and Manchester.

During the evening Plymouth lodge presented to District Deputy Frank Henderson a 25 year Pythian Jewel in recognition of a

quarter century of continuous membership, the presentation was made by Grand Keeper Records and Seal Charles F. Address of Ann Arbor.

Following the business meeting refreshments and a social hour were enjoyed by those present.

Six Teams in Western League
Here is a tip for all baseball fans. The Western Wayne league which was organized last year for young athletes is to be continued throughout the coming season. The league, formerly for boys of 8th grade and under, is now composed of players from the ninth grade down. The six teams that make the league are: Plymouth Daisy, Plymouth Cardinals, Livonia Tigers, Livonia Recreation, Northville, and Redford. Each team is to have ten league games, two with each opponent, plus any other practice games they may schedule. The league games will be played every Tuesday night all summer at Riverside, Cass Benton, Nankin Mills, and the Vollney Smith school at Redford. Although the regular season was to start last Tuesday, all games were rained out and will be played off during the coming week. Last year many exciting games were provided for the spectators and followers of the teams, so come out and give your favorite team a boost.

"EN ROUTE TO BIKINI"
New Series
by **John M. Carlisle**

John M. Carlisle, Detroit News roving reporter, covers "Operations Crossroads," the long-heralded atomic bomb test at Bikini atoll in the Pacific.

Carlisle is remembered for his commending coverage of the 3rd Army's drive through France and when he went to the Pacific from Europe and joined the 32nd Division in its campaign in the Philippines. His eye-witness battle stories, dealing with the rank and file Michigan boys, were devotedly followed by all News readers.

In Memoriam
In loving memory of our dear wife and mother, Mildred Burgett, who died June 20, 1945. Sadly missed by her husband, Lawrence, and daughters Geraldine and Janet.

In treasured memory of our beautiful mother, Martha Wheeler. Deep in our hearts lies a picture of a loving mother laid to rest in memory's frame I shall keep it because

She was one of the best. She had a nature you couldn't help loving. A heart that was purer than gold. And to those who knew her and loved her

Her memory will never grow cold. She was loving and kind in all her ways. Upright and just to the end of her days. Sincere and true in her heart and mind. A beautiful memory Mother left behind.

Sadly missed by Mr. and Mrs. Burton Zander and family Mr. and Mrs. Meldrum Smith and family Mr. and Mrs. Roy Moore

The Moms Club will hold the installation of officers at 8:00 p.m. June 24 at the Service Center.

Marie Church, niece of Mr. and Mrs. Gilbert Warren of 425 W. Ann Arbor Trail, is a guest in their home this week. She has been attending a Methodist Missionary meeting at Albion College, Albion. She was a missionary at Ewha High School, Seoul, Korea, for 25 years and was evacuated in 1940. She expects to return when the way opens.

St. Michael's Church of Rosedale Gardens is having a parish picnic on Sunday, June 23 at the Soldier's Field, 1/2 mile west of Wayne Road on Cowan road.

Four grand prizes will be given away consisting of a new Ford super deluxe tudor, an electric refrigerator, a Bendix washer, and an electric range. A real old-fashioned picnic will begin at noon with loads of games and afternoon. It will be an opportunity for many of the parishioners and their friends to have a get-together. Everyone is most cordially invited.

Mr. and Mrs. Frank Hokenson and children recently returned from a trip through Indiana and Southern Illinois, where they visited Mr. and Mrs. Walter Dzurus, former residents of this city.

The Library Book Club will meet with Mrs. Charlie McConnell on Tuesday afternoon at 2:00 p.m. Mrs. Leonard Schultze will speak on antique glass. Members are requested to bring a small piece of antique glass.

Mrs. Albert Carlson returned to Cadillac after spending a few days at the home of Mr. and Mrs. Charles Vickstrom and attending the graduation of her niece, Mable Vickstrom.

Mr. and Mrs. Roy Fisher and family are leaving Saturday for their cottage at Lake Charlevoix.

Mr. and Mrs. Russell Daane entertained a group of friends at dinner in their home on Garfield street last Tuesday night.

Mrs. James Norman of E. Ann Arbor Trail is slowly recovering from a throat infection.

Mr. and Mrs. Lewis J. Norman attended the Vernor 80th anniversary radio show at the Music Hall in Detroit Monday night.

Mrs. H. W. Mason of Plainfield, Indiana, is visiting relatives in Plymouth.

Plymouth Kiwanians entertained their wives Wednesday night at dinner and a program at the Plymouth Country Club. Roy Fisher can tell you about the program. Golf teams captained by Carvel Bentley and Bud Schrader played prior to the dinner.

Mr. and Mrs. Vernon Peck and son Ronnie have returned from a very pleasant 5 day trip through the Smoky Mountains.

Mrs. Ruby Terry and Miss Neva Lovewell attended the 17th district birthday party of the American Legion as delegates of the Myron H. Beals post auxiliary at the American Legion hospital and Fort Custer hospital at Battle Creek Thursday.

Richard (Bud) Virgo left for Michigan State College, where he is going to take a summer school course.

Mrs. Anna Allen is visiting her daughter, Miss Edna Allen in Plymouth this week.

Mr. and Mrs. Samuel Virgo of Kalamazoo visited over the weekend at the home of their parents, Mr. and Mrs. Seth Virgo.

Elizabeth Neal, Marion Baker, Barbara Green, June Bassett, Wanda Hunt and Patricia Martin left Sunday for Houghton lake where they will spend two weeks. Miss Gerre Gienap accompanied the girls as chaperon.

Car Skids on Wet Paving Wrecked

John Schang of Detroit was slightly hurt and his car nearly wrecked Wednesday morning when he skidded on the wet paving at the junction of East Ann Arbor Trail and Ann Arbor road. The car turned over several times. Schang escaped without serious injury. Only one car was involved in the accident. The sheriff's office investigate the accident and reported it was caused by too high speed on a wet paving.

In New London, N.Y., Volunteer Fire Chief William Donahue was accused of starting three fires in order to "make a good showing."

Midget Baseball League Opened Play Last Week

The Plymouth Rotary Club Midget Baseball League of eight teams is progressing nicely. Their games opened last week and a schedule up to and including August 14 has been outlined. Names of the teams and their captains are Blue Wings, Adrian Wilhelm; Black Hawks, Jim Rakowski, manager, Russell Brown, captain; Plymouth Redsocks, Casey Cavell; Cubs, Tom Rutherford; Wildcats, Kenneth Kisabeth; Question Marks (they haven't selected a name yet), Albert Williams; Cardinals, James Puckett; and Midgets, Rodger Merritt.

Virgil C. Knowles, Plymouth recreation director, said all games are played on the north diamond back of Central School and start at 4 p.m. In a letter to the players in the league, Mr. Knowles pointed out that in keeping with the principles of Rotary the league would stress sportsmanship above everything else. He counseled the youths to play hard and clean and strive to win but cautioned them that in doing so they must not gripe or in any way conduct themselves in an unsportsmanlike manner.

It's more important that they learn the game this year rather than win each time, Mr. Knowles sagely observed.

Old Grads At Commencement

Among those attending the commencement rites of Plymouth High school last week Thursday night were two members of the Class of 1883.

They are Mrs. Anna Gile Lane, of Camas, Wash., and C. E. Stevens of Plymouth. Both were introduced and called to the platform by Mrs. Sidney Strong, president of the Plymouth Board of Education.

While in Plymouth, Mrs. Lane, a former teacher at Newburg School in Livonia Township, visited at the homes of Mr. and Mrs. Burt Hodge, Mr. and Mrs. Roderick Cassidy and George Burr.

496 In Vicinity Are Unemployed

Unemployment in this vicinity is increasing if the records at the Plymouth office of the Michigan Unemployment Compensation Commission are any indication.

According to Grace H. Miller, chief claims examiner at the Plymouth MUCC office, unemployment benefits were paid to 496 persons in this area during the week ending June 8.

Of this number, 164 were honorably discharged veterans to whom readjustment allowances were paid. The remaining 332 industrial claimants, 98 of whom were women, were paid from the Michigan Unemployment trust fund.

Grace Miller said 61 persons last week filed initial claims. Of this number, 31 were veterans and 11 were women.

Naturally the ranks of the local unemployed are currently swelled due to the Ford work stoppage at the various small water-powered plants in the vicinity. Many other factors also add to the current number who are out of work.

Industrial and business leaders declare the condition is only temporary. Just how long the situation will remain of course is a matter for conjecture.

REBEKAH NEWS

We will hold Memorial Services on June 23rd at the Salem Congregational Church. Members who are going to attend please meet at the hall so can leave by ten. If you have no car come anyway as there will be a way for you to ride. Let's have a good turnout for this service. Oddfellows are invited.

The next visitation will be held on June 26th at Bessemer Rebekeh Lodge, Diamond Temple, Tvery and Grand River.

Past Noble Grands Club will meet with Sister Lydia Drews on Thursday afternoon, June 27th. Thursday evening, June 27th we will have a hayride party. Members meet at the hall, rain or shine at 8 p.m. Bring your own hot dogs, buns and cup. If it rains we will have something planned. Let's all turn out and have a good time.

At our last meeting we elected Sister Mabel Hunter for District Deputy, Sister Irene Broegman for Representative to the Rebekeh Assembly and Sister Mabel Hunter for Alternate Representative. We also had our Birthday lunch after meeting.

In Philadelphia, two thugs held up a blood bank, wondered why six nurses were giggling uncontrollably at gunpoint, suddenly realized how silly the whole thing was, sheepishly gave it up.

Superb Pianist Thrills Plymouth Recital Audience

By Loretta Petrosky

The opportunity of hearing some of the finest piano literature presented in a superb style was the good fortune of those who attended the piano recital given by Evelyn Woods at the Plymouth High school gymnasium the night of June 8.

Miss Woods, a graduate of the Juilliard School of Music, is most certainly an artist worth hearing again. Her program which included compositions from the classical, romantic and modern schools of piano literature was handled in a masterful manner. She is skillful in her performance and plays with an excellent control of rhythm and tone. This was ably demonstrated in the Bach Prelude and Fugue in C Sharp Minor. The themes were clearly defined with accuracy and crispness of note. Her detail work in the Scarlotti Sonatas was exceedingly well done. It was obvious that considerable dexterity was required there.

The Waldstein Sonatas by Beethoven was a happy choice for the performer. Here we do not have the broad design of the themes of the philosophical Beethoven, but rather the gay, joyous expression of the spirit which journeys over the fields and through the air on the wings of rippling scales and runs.

Tot Lots to Open Monday at 3 Sites

Virgil C. Knowles, Plymouth's recreation director, reports that the placing of additional equipment on the community playgrounds has been gratifying. Rain, however, this week handicapped the activity on the grounds and forced the program inside.

He also announced the tot lots will open next week at Riverside Park, at Junction and Sunset and at Sutherland and Forest. These lots will be open from 3 to 5 p.m. each Monday, Wednesday and Friday.

Mr. Knowles points out that all players on softball loop teams and the Rotary-sponsored midget baseball teams in the Starkweather, Central and Sutherland areas can practice on those grounds and take advantage of the leadership provided. When the players make known their desires for such practice sessions, definite plans will be made.

This week peanut toys were the theme of handicraft groups, with serpentine winding and papier-mache work for the older boys and girls.

Many items can be fashioned from the ordinary serpentine such as hot pads, nut bowls and imitation Mexican pottery.

Next week's handicraft program will be twig, knife and boomerangs for boys and sock dolls for girls. Younger children will keep busy coloring and cutting out a Noah's Ark and making macaroni jewelry. They also will begin making instruments for a rhythm band from scrap materials.

Adults are invited, Mr. Knowles said, at all times and especially during the twilight period from 6 to 8 p.m., when the grounds are there's for family activities.

The list of leaders in the individual point standings, has slipped from five to two. They are Art McConnell and John Gaffield, each having a total of four points. Saturday, June 29, will be tournament day for the league. Each member is requested to bring a guest for golf, refreshments and prizes. Jack Marsh or Max Todd will have details of the tournament by next week Wednesday.

In Syracuse, N. Y., a thief smashed the window of a liquor store, stole one bottle, next night smashed the new plate glass, put the bottle back, empty.

In Minneapolis, when an auto slipped off a jack and pinned Edward Watland to the ground, Russell Nylander saved Watland's life by lifting the car, but broke his own back doing it.

WATCH YOURSELF

CHECK YOUR DRIVING...
CHECK YOUR CAR...
CHECK ACCIDENTS!

This is the slogan used by the International Association of Chiefs of Police in their 1946 Traffic Safety Check, beginning May 1 when police officers in the United States and Canada will check tires, brakes, lights, tires, windshield wipers and horns of motor vehicles. Last year 28,500 lives were lost, and a million persons were injured, in automobile accidents. The frightful toll can be stopped, the police assert, when all motorists drive safely and carefully in cars that are safe.

CARD OF THANKS.
I wish to thank my relatives and friends for the beautiful flowers and cards sent me during my recent illness at Bayer hospital.
Mrs. J. W. Blackmore 211 N. Park Street Ypsilanti, Mich.

CARD OF THANKS.
Richard Wisniewski of the Plymouth Greenhouses wishes to thank the fire department and neighbors for being so helpful in extinguishing the fire at my home on Sunday, June 16, when it was struck by lightning.

CARD OF THANKS.
I wish to express my thanks to the Plymouth fire and police departments for the splendid job they did in saving my home in the recent fire when at times the flames threatened to destroy it. They did a very efficient job and we are indeed grateful.

LEGALS
Attorneys: Davis and Perlongo, Plymouth, Michigan
STATE OF MICHIGAN, COUNTY OF WAYNE, ss.
No. 176,938
At a session of the Probate Court for said County of Wayne, held at the Probate Court Room in the City of Detroit, on the fourteenth day of June in the year one thousand nine hundred forty-six. Present, Thomas C. Murphy, Judge of Probate.
In the Matter of the Estate of EDITH HUSTON, a mentally incompetent person.
On reading and filing the petition, duly verified, of Arthur Huston guardian of said ward, praying that he may be licensed to sell certain real estate of said ward for the purpose of paying the debts of said ward:
It is Ordered, That the eighteenth day of July, next at ten o'clock in the afternoon, at said Court Room be appointed for hearing said petition, and that all persons interested in said estate appear before said Court at said time and place to show cause why a license should not be granted to said guardian to sell real estate as prayed for in said petition. And it is further Ordered, That a copy of this order be published once in each week for three weeks consecutively previous to said time of hearing, in the Plymouth Mail, a newspaper printed and circulating in said County of Wayne.

Eyeglass Literature
In 1276 Roger Bacon published a book which gave the first description of how lenses can aid sight. From that time on frequent references to eyeglasses appear in the literature.
Freshen Doughnuts
If doughnuts get stale they can be made as good as fresh ones if cut in halves, placed under a broiler for a few minutes and then spread while warm with melted butter, sugar and cinnamon.
Insect Damage
Insects feed on plants by chewing the leaves, sucking plant juices, or tunneling into the roots, stems or leaves. Control measures depend on the type of damage being done.
Women's Height
Figures show that 78 per cent of the women today are 5 feet 4 inches. Hence dress manufacturers are now making garments to fit that 78 per cent.
Baby Diapers
Ironing baby diapers is a waste of time and makes them less absorbent. When they are thoroughly dry, smooth them out and fold.
Use Sharp Knife
Use a sharp knife when slicing or shredding vegetables, there'll be less bruising of the vegetable and a smaller loss of vitamins.
Flavors Muffin
A teaspoon of peanut butter dropped in each muffin pan before the batter is added gives a nice flavor to the muffin.
Average consumption of lubricants in passenger cars has decreased more than 30 per cent since 1930 as a result of improvements in manufacture.

Donkey Baseball Plans Completed By Sponsors

The Plymouth Junior Chamber of Commerce has completed plans for the Donkey Ball Game to be played at 7:30 p.m. next Thursday, June 27, under floodlights at the high school athletic grounds. A record crowd is anticipated.

Pre-game ticket sales indicate the people of Plymouth still enjoy Donkey Baseball. More than 1,500 spectators are expected to witness the willy-nilly match as local personalities make of themselves what they will be using for mounts that night.

It has been pointed out by the sponsors that should inclement weather prevent the playing of the game, a new date will be set and announced far enough ahead so all having tickets will be notified in plenty of time to attend. In no event will the game be played the following night. If it cannot be played on June 27, a new date must be set.

As a pre-game feature attraction, a softball contest, of the conventional style, will be played between the Plymouth Merchants and Beglinger's teams. The game is scheduled to begin at 6:30 o'clock and is to be a prelude to the main bout at 7:30.

Enthusiasts are reminded that all regularly scheduled games in the city league are cancelled, the donkeys taking the spotlight for the night.

Plymouth and the railroad company has recognized it as much better to have the Sportsman therefore the special routing for The Sportsman to serve the group.

At Toledo, Ohio, the cars assigned to the excursionists will be removed from the Sportsman and operated to Washington as a special train in its own right. The Plymouthites will return Monday morning.

Some Children WON'T LIVE WITHOUT YOUR HELP!

WILL YOU GIVE THAT THEY MAY LIVE? Here's what you can do!

- GIVE MONEY. More food can be obtained for a given amount of money when it is bought centrally and in large quantities. Send cash, money order, or mittee or to Lee Marshall, Executive Director, 100 Maiden Lane, New York 7, N. Y.
- GIVE FOOD IN TIN CANS. Leave at any Emergency Food Collection depot.

Urge your church, club, or organization to participate!

Millions of children are sick from hunger. Many will die before help from America can reach them. But you can help save thousands of others.

Yes, you've pledged to "Share a Meal Every Day" to help starving people. But the need for all foods is so desperate you're asked to do more.

EMERGENCY FOOD COLLECTION

on behalf of UNRRA

HENRY A. WALLACE, National Chairman

This advertisement was prepared by The Advertising Council for the Emergency Food Collection and is sponsored by

ELTON R. EATON

Donkey Baseball Plans Completed By Sponsors

Robert Fisher, chairman of the players committee, has named Walter Beglinger and Ray Gilder team captains.

Walter will captain the "red" squad and Ray the "blues." Both are veteran athletic personalities in Plymouth and are the logical selections for team captains. Ray is a former softballer who long has been identified with sports activities in Plymouth.

They hope to present such players as Mayor Robert Lidgard, Fire Chief Bob McAllister, Police Chief Lee Sackett, Virgil C. Knowles, recreation director, Carvel Bentley and Bud Schradet.

There is certain to be lots of local color although it won't be showing until the day after the game when the black and blue spots begin to take on that "deep purple" hue.

If nothing else, the game will stimulate the sale of arnica, ointment, salve, heating pads, pillows and liniment. Wives of the players will be schooled in how to serve meals on the mantle so the "old men" won't have to be embarrassed and pained by sitting down. This method of eating is recommended for at least four days following the game.

As Charlie McCarthy so often says, "Yes, sir, Donkey Baseball is lots of fun, but, it'll get you in the end."

Animal lovers who might rebel at the thought of the hapless donkeys being abused have no need to worry. Their owner confides that the only thing he is afraid of is that they might laugh themselves to death at those trying to ride them.

As the fans know, rules governing Donkey Baseball require the player to be on his mount or leading it at all times except when batting. To field a ball he must be on the animal or lead it to the ball. After batting, the player must mount his seed and try to get on base.

It's all good clean fun and for a worthy cause so if you haven't yet purchased a pair of pasteboards, do it now. The sponsors make more from pre-game sales than they do from the sales made at the grounds. Tickets can be obtained at Fisher's Shoe Store, Davis & Lent, the Plymouth Mail or from any member of the Jay Cees and Auxiliary.

CHRISTIAN SCIENCE

"Is the Universe, Including Man, Evolved by Atomic Force?" will be the subject of the Lesson-Sermon in all Christian Science churches throughout the world on Sunday, June 23. The Golden Text (Proverbs 3:19) is: "The Lord by wisdom hath founded the earth; by understanding hath he established the heavens." Among the Bible citations is this passage (Psalms 104: 24): "O Lord how manifold are thy works! in wisdom hast thou made them all: the earth is full of thy riches." Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, includes the following: (p. 295) "God creates and governs the universe, including man. The universe is filled with spiritual ideas, which He evolves, and they are obedient to the Mind that makes them."

New Civic Group Being Formed

On Thursday, May 23 an interesting meeting was called at the Clarenceville High School for the purpose of forming an association of those residents in the area—Inkster Road to Deering—Seven Mile to Grand River.

These residents have the feeling that when it comes to improvements they are living in a forgot-

ten district. There is no water, no street lights, not much fire protection because of the lack of water. The roads are impassable in wet weather and it is next to impossible to walk on them because of the rock filler used to fill up the holes and ruts resulting from the softening up due to rains and thaws in the spring. They also feel that there is not sufficient drainage to help the road conditions.

Following this discussion it was resolved to form a civic as-

sociation in this area. The meeting was called to order and temporary officers elected until the affair is placed on a workable basis.

Irving Harris, 20003 St. Francis, was elected chairman pro tem. Mrs. Chester Fleming, 20121 Antago is temporary chairman. It was decided to form an executive committee of eight members to canvas this area to explain the aims of the organization and obtain support. The committee members are: Mrs. Grace Duckett,

Angling Rd., Vernon Woodcox, Francis Rd., Floyd Golden, Deering Rd., Mr. Thompson, Mr. Tressler and Mr. Snyder. Each member was to canvas his immediate area.

The Seven Mile Grand River Civic Association met for the second time Tuesday, June 11 at the Clarenceville High School with Mr. Harris as chairman. He re-stated the reasons for the organization of this association to endeavor to obtain water and sewers for the locality, also better roads and eventually street lights, play grounds, a community hall and last but not least fire fighting equipment.

It is evident to the members that this program will take careful planning, full cooperation and plenty of work by all members over an extended period of time. Plans have already been approved for a sewer along Inkster Road and property owners already billed for their respective share of the cost. But no plans have been made to extend the laterals westward into this adjoining area where they are so badly needed.

Mr. Hoppe of 20409 Inkster Road, who has worked for the community and school district for the past twelve years was present at the meeting and offered some constructive advice also any help that he might give at any future time. He offered to find out about the cost of a bond issue, financing and selling the same with the purpose of raising the necessary money for the improvements, which are vital necessities. Harry S. Wolfe, Township Clerk, has expressed his willingness to attend a meeting to answer questions and give any information concerning the subject.

Howard Dorr and Mr. Kramer were appointed to replace Mrs. Duckett and Harry Stolker who resigned. The association will meet on the first Wednesday of each month, July 2 being the date of the next meeting at 8:00 p.m. at the Clarenceville High School.

The Low-Cost Way to Better Hay Production!

Through modern developments in mow hay drying, you can now produce higher quality hay—and more of it—without the hazards of field curing.

Partially dried hay can be stored in the mow the same day it is cut, and then be completely cured by forcing air through it. Consider these positive advantages:

- 25% more hay from the same field.
- Increase in mow storage capacity.
- Greater nutritive protein value of the hay.
- Increase in annual milk production.
- Substantially higher hay selling price.

Consult our Farm Service Advisor for detailed information on mow hay drying and other uses of electricity on the farm. Call your nearest Detroit Edison office

GEORGE E. LANE SHEET METAL & HEATING
W. M. DePriest, Representative

In Boston, a blind war veteran, guided by a paralyzed companion, drove a rented automobile three miles through heavy traffic before crashing into a tree. The added curriculum calls for shop courses and this position is to be filled by Robert B. Burke of Antioch, Ill., who attended Beloit College and was also graduated from Stout Institute in Menominee, Wisconsin this year. Mr. Burke served 28 months in the U. S. Army Air Corps and part of this time was spent as an instructor at Yale University.

Five More Teachers Hired

Four men and one woman teacher have been hired by the Board of Education for the announcement made this last week by the Board. Lawrence W. Rudick of Plymouth was hired to teach in the secondary classes. Mr. Rudick has six and one half years of teaching experience. He was graduated from Michigan State College in 1937 with a B. A. degree and received his Masters degree from the University of Michigan in 1941. Mr. Rudick spent 3 years and 10 months in the Navy where he gained further experience in teaching. Thomas B. Holliday of Detroit has been hired to teach in the lower grades after teaching nine and one half years in the Stambaugh school system. Mr. Holliday attended Lawrence College in Appleton, Wisconsin and was graduated with a Bachelor of

Arts degree from Central State Teachers College at Mount Pleasant. Harvey E. Thomsen of Ann Arbor, a Chief Petty Officer in the Navy for 27 months has been hired to teach music next year in place of Mr. Moore who has resigned. Mr. Thomsen received his Bachelor of Science degree from Northern State Teachers College at Marquette where he was graduated in 1934. At the present time he is working on his Masters degree at Albion College. The Home Economics teacher in the fall will be Esther H. Larson of Kenosha, Wisconsin who attended the University of Wisconsin and was graduated from Stout Institute this spring with a B. S. degree.

Chick Chats

MANAGE CHICKS CAREFULLY FOR HIGHER PROFITS
Profitable chick management is very likely the subject of discussion on a good many farms at this time of year along with the many other topics relating to spring farming activities. So let's give a little more thought to our chicks and consider a number of pointers on management that might prove helpful. First, give your attention to the condition of your brooder house. Has it been carefully cleaned and disinfected? Is the litter dry and clean?
Avoid Crowding
Crowding is a menace that may cause slow growth, cannibalism, uneven development, feed waste and high mortality. Make sure that your chicks have enough room to avoid any of the costly developments that crowded quarters may cause. Observe your chick's actions to determine if they're comfortable. If they huddle near the hover, they're too cold; if they gather in far corners it's too warm. When the chicks first go into the brooder house the brooder stove should be regulated so as to provide a temperature of 85 degrees to 95 degrees at the hover. Lower this temperature about five degrees each week until 70 degrees is reached where it should be held until heat is no longer needed.

Chicks Need Sunlight
Allow plenty of sunlight into the brooder house. It is a good source of vitamin D as well as an effective germicide. Be sure the feeders are clean and well filled with starting mash. Adopt and follow exactly the feeding program recommended by a good reliable feed dealer or other qualified agency. Segregate the cockerels as soon as they can be distinguished. The hoppers and founts should be placed on wire or slat platforms to prevent contamination as soon as the chicks have learned where to find them. The habit of roosting should be established early as it prevents crowding and the chicks develop better.

Girl Scouts Need Leaders
At a meeting of the Girl Scout leaders of Rosedale School, held at the home of Mrs. George C. Cook, Monday, June 10, it was disclosed that there is a shortage of volunteer help for Scout leaders and committees. As a result there can be no more new troops formed or girls accepted for either Scouting or Brownie programs unless they have been previously registered. Any women who are interested in Scouting and could give some of their time to this much-needed leadership, are requested to call Mrs. George Cook, Liv. 2946 for further information. It is not necessary to have a child in Scouting in order to help, and training courses can be provided where needed. If there are any mothers of girls who will be in the second grade at the Rosedale Gardens school next year, interested in the Brownie program, they should call Mrs. Lewis Steele, Liv. 2432.

School Boys To Help Farmers

Five hundred school boys from Plymouth and other cities in Wayne County will turn summer farmers this year to help Michigan produce food domestic consumption and famine areas abroad.

More than 90 per cent of the boys are from Detroit, representing part of a pool of talent created through a farm training program instituted in Detroit public schools in 1943 under the direction of E. L. Kunze, Farm Training Supervisor for the school.

The program is part of a greater war food production and has been continued as a means of helping alleviate the present food crisis.

Volunteers chosen on the basis of their willingness to face hard work, their stamina and moral responsibility, are prepared for their summer tasks through after-school courses in general farming techniques and terminology, and through farm field trips and sessions with implement dealers. The preparation is completed with actual operation of farm machinery in the field.

Placement of the boys on farms in selected parts of the State is handled by the county farm agent's office. According to John A. Vlach, Wayne County farm labor assistant, 4,000 school boys from this area have been placed on farms for summer work since 1943.

Volunteers must be 14 years or older, and the huskier the better. They are given some choice as to the type and location of the farm on which they would like to work. Experience has shown that the city boys prefer the versatile farm work, milking, tractor operation, wood cutting and other chores. The placement office avoids sending them to immense "one-crop" farms where the youths would be faced with the monotonous task of doing the same type of work day in and day out.

Brownies-Girl Scout Day Camp Opens in Park

Seventy Brownies and Girl Scouts of Salem and Plymouth registered Monday, June 17th, for Day Camp activities. Because of the threatening weather, Miss Helen Moore, Counsellor, Miss Eleanor Hart, assistant Counsellor and many leaders opened the program at 1:00 o'clock in the High School Gym.

Mrs. George Burr, Mrs. Frances Walsh, Mrs. Wm. Morgan and Mrs. J. Kehrl are in charge of the felt doll needle books being made by the Intermediate group. Pottery is taught by Mrs. Myron Hughes and Mrs. Robert Wilson of Salem to the Intermediates. Drawing and Painting instructions are given by Mrs. Robert Wesley, Mrs. Cass Hough and Mrs. Gerald Hondorp. Mrs. Wm. Seeberger and Mrs. Clark Sackett, registered nurses are in attendance teaching first aid to scouts while on duty.

The Brownies are doing Splatter Paint Leaf Books with Mrs. James Latture, Mrs. Robert Ingram, Mrs. Estle Merrill and Mrs. Carl Finney over-seeing this project. All Brownies and Girl Scouts are entitled to participate in this splendid opportunity to gain knowledge through these channels and to benefit by the recreational program.

The camp is located near Riverside in the park from 9:30 to 4:00 o'clock, Monday through Friday from June 17th to June 28th.

Plymouth Youth Wins Golf Match at MSC

Gerald "Jake" Shoemaker, a Plymouthite now attending Michigan State college, brought laurels to his fraternity last week. He won the inter-fraternity golf tournament, bringing the trophy to the Kappa Sigma house. Being an annual event, the cup will remain with the Kappa Sigs this year and until it is won by another fraternity house representative.

"Jake" shot a 75 over the difficult Groesbeck course, edging out his nearest competition by one stroke.

He is the son of Mr. and Mrs. Harry Shoemaker, of Pacific Ave., a graduate of Plymouth high school, former service man and is at MSC as a freshman this year.

Large Lettuce Heads Grown Near Plymouth

Heads of lettuce weighing three pounds each. Sounds like a seed catalog pep talk or stories from the fertile valleys of California. It isn't at all, not a bit, it's just a statement of fact concerning head lettuce being grown by Clyde Smith, of Newburg.

Clyde visited The Mail Wednesday afternoon with a pair of heads that more than filled a large basket. They were beautiful. We weighed them and found the pair tipped the balance at a little over six pounds.

Mr. Smith was surprised himself. He very graciously donated the pair of heads to The Mail. They were excellent and their beauty speaks well for the gardening efforts of Mr. Smith and the fertility of the soil in these parts.

Many Oils Used in Diesels

Peanut, cotton seed or palm oil has been found suitable for fuel in Diesel-motored trucks, and tests indicate such vehicles may burn these oils if mineral oil is not readily available.

Steel for Ships
Steel to build the ships embraced in the present program totals about 17,000,000 tons. That is more than one-third of all the steel produced in this country in 1930.

Satisfies Birds
In all methods of feeding laying hens, a dry mash is always available, for it supplies the bulk of the protein, minerals and vitamins required by the birds.

Vegetables and Fruits to Help

Wayne county residents will offset short supplies of meat, wheat, fats and oils by consuming nearly 1,000,000 pounds of the nation's bumper fresh fruit and vegetable crop to maintain high nutritional standards this year it was predicted today by a leading food distributor.

"Fresh fruits and vegetables will adequately supplement the limited supplies of many foods now available," said Harvey Baum, head of A. & P. Food Stores' produce-buying operations. "Increased use of perishable produce will permit shipment of other foods to those hunger-stricken nations now subsisting on daily diets ranging from 1,000 to 1,500 calories as compared with an average of 3,300 calories for this country."

Part of the fresh fruits and vegetable consumed by Wayne residents comes from this county's 3,552 farms and neighboring growers. Large amounts of perishables are received from other sections to meet the county's year-round needs. The development of more efficient distribution methods, Baum said, has helped double fresh fruit and vegetable consumption in the past 25 years and makes possible a greater selection of foods necessary for a well-rounded diet and a higher standard of living.

Basing his estimates on preliminary indications of food production and consumption for 1946, Baum said that each person in the country will eat an average of 1,695 pounds of food this year. This represents a 10 per cent increase over the 1935-1939 average, with fresh fruits and vegetables accounting for nearly one third of the food to be consumed he added.

In San Francisco, Sherwood Unkefer, sore at losing \$475 in a holdup, charged after the fleeing bandit, who held him up again, took a \$2,200 ring.

In Long Island City, irate Fishmonger Michael Stringmano tried to throttle a housewife when she paid 90 pennies for a 90 cent fish, meekly confessed: "I must have lost my head."

MICHIGAN, My MICHIGAN

BY • ELTON R. EATON

When you get into an argument, you generally find out things you didn't know before. Some weeks ago we suggested that the Michigan Conservation department might become a little wiser if it looked into the Wisconsin system of deer feeding inaugurated in that state to save deer from starving during severe winters.

In "Michigan My Michigan" last week we published a letter from Harry Ruhl, chief of the game division of the Michigan department in which he said facts showed that the Wisconsin system of deer feeding wasn't a howling success.

We published his letter in full—and was quite surprised to learn of the general interest displayed in his comments. One, however, should not be too surprised at the interest in the deer hunting subject around here, as this little city sends some 350 or 400 deer hunters into the north every year.

But here's the interesting facts that we have learned about the Wisconsin situation in the last day or so—and we can't figure it out why Mr. Ruhl didn't say something about it in his letter—that the Wisconsin conservation department has a publicity department that operates separately from the conservation department and can send out any kind of information it desires.

In other words, it is reported that the conservation department of Wisconsin hasn't sufficient facts to back up any claims that deer feeding pays—but the publicity department is for deer feeding and, therefore, says it's a success whether there are facts to bear up the claim or not. The Michigan department sometime ago sent two representatives to Wisconsin to make a check of the deer feeding program. We have received a copy of this report, and that too ignores the division of opinion in the Wisconsin department.

For the present we are willing to go along with the belief of the Michigan department that winter-time feeding of deer isn't the best answer.

It was some 20 years ago when the writer started going up to Burt Lake once each spring and once in the fall on fishing trips. The jaunts were first made with a group of enthusiastic fishermen from Northville. For a dozen or more years some of the finest wall-eyed and rainbow trout fishing one can imagine was enjoyed. Then came the war and these bi-yearly visits ended until a few days ago. Fishing isn't what it used to be—but we did discover the Pon-She-Wa-Ing hotel, "The Summer Home" on Crooked Lake, after finding out that the place we used to stay had been sold. Why under the sun we hadn't found the "Pon-She-Wa-Ing" years ago we can't figure out. It's located only two miles south of Alanson on M 31, back in a beautiful grove of pine, maples and giant poplars. Maybe it's because like thousands of other crazy folks we were always in such a hurry that we couldn't see the beauty spots that are just off the main thoroughfares of the north. Here's a hotel that sits right in the heart of the finest resort country of the north. It's far enough off the highway to escape the noise of the roaring cars that are driven by speed maniacs to the north and south. The hotel is typical of those that were built in the days when the Grand hotel on Mackinac Island was erected. A beautiful grove of giant trees lies between the hotel and the lake shore. It's a clean, attractive, quiet summer resort hotel well maintained, that has helped to add to Michigan's fame as the nation's most popular summer resort state. Mr. and Mrs. W. E. Woodruff, who own and operate it, we learned are among the best known summer hotel managers of northern Michigan. He's a member of the Rotary club of Petoskey, which is located only six miles to the south. Mrs. Woodruff states that requests for reservations for the summer have swamped them. They are completely filled until September 15. And this is the story of every popular resort hotel in the north.

Allegan, June 21.—Experimental raccoon nesting boxes in Swan Creek wildlife experiment station which went undisturbed through the war years recently yielded game workers 12 coons for ear-tagging in a single afternoon.

Wildlife fashion note: Allegan state forest deer have shed their gray winter coats, are now seen in sleek red summer attire. Bucks have been seen wearing inch-long velvet antler buds.

Bloodhounds are standard equipment of the West Virginia forest fire fighting force. They are used to trail persons suspected of being responsible for starting forest fires.

Charles E. Gillham, formerly of the Sportsmen's Information Service of Olin Industries, has been appointed general manager of the Project Committee of the Outdoor Writers Association of America, according to announcement by Col. Lewis B. Rock, president of the Association and publisher of The Journal-Herald Publishing Company of Dayton, Ohio. He explained that Gillham's appointment was part of a program to establish the Association as the foremost leader in the fight to save America's natural resources through a nationwide education program.

Gillham, a graduate of the University of Illinois, has traveled over two-thirds of Alaska by dog sled and plane and has observed and recorded facts on the natives, the birds and the animals of that territory. He has done much research in Mexico and Yucatan and in other Central American countries. He is considered one of the nation's foremost authorities on migratory waterfowl.

Don't handle young birds and animals found in woods and fields! That is the warning issued by the Sportsmen's Service Bureau of the Sporting Arms and Ammunition Manufacturers' Institute, which points out that apparently abandoned young wildlife is rarely deserted and, if left alone, will be adequately cared for by its parents.

Efforts of persons inexperienced in the rearing of wildlife species to care for game picked up along paths, trails and highways usually end in wasteful failure and are likely to lead to trouble with Federal or State law enforcement agents.

Interesting Briefs About Michigan From All Parts of Michigan

By Gene Alleman

Michigan colleges are in a jam. Enrollment at the University of Michigan is now 14,400 and is due to climb to 18,000 by September. Michigan State college now has 8,200 students and is expecting 3,000 more by Fall. Michigan college of Mining and Technology (Houghton) is opening a branch at Fort Brady, Sault Ste. Marie. Other institutions . . . Wayne, U. of Detroit, Adrian, Holland, Albion, Hillsdale and Alma . . . can accommodate only a limited increase because of lack of classrooms and housing facilities.

Nationally, it is forecast that 500,000 veterans will be denied a college education this fall.

Nearly 30,000 war veterans in Michigan are receiving an education with financial assistance from Uncle Sam. About one-half are students at universities and colleges; 7,200 at business schools; 530 at teacher colleges. The remainder are enrolled in "on-the-job" training programs and are getting related instruction through locally-organized Veteran Institutes and the public schools.

Some real estate dealers are misrepresenting homes to war veterans, according to Howard M. Werner, state corporation and securities commissioner. Charles Figg, state director of agriculture, sees no immediate relief in sight for shortage of dairy . . . Democratic leaders in Wayne county are dismayed at prospect of a beer drought. Andrew Wisniewski, county chairman, journeyed to Washington and conferred with Robert Hannegan, national democratic chairman.

Net profits of 222 licensed small loan companies in Michigan averaged 7.17 per cent in 1945. E. William Nelson, state banking commissioner, reports that the small loans (\$300 or less) totaled nearly \$29 millions and averaged \$176.27 each . . . Dr. Eugene C. Keyes of Dearborn is the champion letter-and-postcard writer of the 1946 primary campaign. His postage bill is estimated at well over \$20,000.

Proposed governmental reform: That the senate finance committee and the house ways and means committee should hold joint sessions at Lansing and should reduce their membership from eight to five, respectively. The recommendation comes from the Detroit bureau of governmental research . . . Tire blowouts this summer are expected to add to Michigan automobile fatalities. Reason: Synthetic tires can't stand excessive heat. When the temperature is 90 or more, do not drive more than 50 miles per hour.

Michigan's mechanical "know-how", Uncle Sam's ace-up-his-sleeve during World War II, is being currently ballyhooed by Governor Kelly, the state department of aeronautics and the state planning commission. If the promotion is successful, Michigan will be chosen as the site for the \$300,000,000 air engineering research center of the U. S. army air corps.

Storage of hay on the same day it is cut will be possible through use of a new "haymaker" machine, scheduled for 1947 production by the John Bean Manufacturing company, Lansing. The device cracks stalks of hay and mechanically dries them . . . Because politicians wished to avoid the July farm rush and the June 18. One result: Longest political campaign in state history.

Howard Nugent of Bad Axe, speaker of the house and republican candidate for lieutenant governor, has always treated state legislators with courtesy and fairness. He received a big dividend last Wednesday (June 5) when state representatives and state officials honored him at a luncheon in Lansing. Nugent received an unusual compliment from Governor Kelly: "Michigan's best speaker."

A pictorial history of Michigan State Troops and their service during World War II is to be undertaken this year, it is announced by Major Gen. Thomas Colladay . . . Mrs. Marian White Van Aken died at her home in Miami, Florida last Friday, June 14 at the age of 68 years. Mrs. Van Aken was the mother of John Van Aken of Lapham Corners and Kathryn with whom she made her home in Florida.

John Van Aken was called to Florida by the serious illness of his mother and arrived there two days before she passed away. Funeral services were held there on Monday. Mr. Van Aken and his sister arrived home Wednesday evening and Miss Van Aken will spend a short time visiting friends and relatives in Michigan before returning to her home in Florida.

Mrs. William French, for the past two years the teacher of Lapham School is planning on returning to the school again this fall.

Elaine Rich is spending the week with her cousin Kathleen Rich in South Lyon.

Pfc. Leonard Baumgartner, for the past year stationed on Korea, expects to be home early in the fall. He wrote home that he had met George Wilson, a former Lapham Corner resident, while out in the country near Seoul. George has been ill and in the hospital on Korea but is now about recovered.

Mr. and Mrs. Russell night entertained at Sunday dinner and supper. Mr. and Mrs. Noble Gault of Lola Valley and the Fred Moore family of Plymouth.

Miss Ruby Griswold was home Sunday from Wayne where she is working as a telephone operator. Arnold Partridge of Tecumseh is spending a few days with his cousins, Terrence and Basil Barrett.

Mr. and Mrs. Albert Brown and family, Joann and Carole Van Aken, Joyce and Grace Roberts spent Sunday afternoon at Whitmore lake.

Thomas Manley Clinansmith, infant son of Mr. and Mrs. Stanley Clinansmith, was christened Sunday, June 16 at the Salem Federated Church. Rev. Cora Pennell officiated.

Mr. and Mrs. Albert Brown, Miss Gladys Ritchie and Miss Dorothy Ritchie attended a weiner roast at the Roberts home in Detroit Saturday evening. The party was in honor of Miss Dorothy Ritchie, a recent graduate from nurses training at Provident Hospital.

Sunday guests at a co-operative dinner at the John Van Aken home in honor of A. B. Van Aken on Father's Day were: Mr. and Mrs. Kenneth Easlick and Mr. and Mrs. David Easlick of Ann Arbor; Mr. and Mrs. Chris Brink of Detroit; Mr. and Mrs. Merrill Renwick and Sharon of South Lyon and Mr. and Mrs. A. B. Van Aken of Salem.

Mr. and Mrs. Frank Evsich, of Detroit, Joseph Evsich of Bessemer, Mr. and Mrs. Dan Barrett and several couples from Detroit attended the dance at The Barn Saturday evening.

Joann Van Aken attended the school class party at the Willoughby cottage at Silver Lake Thursday.

Mrs. Austin Partridge and children of Tecumseh and Mrs. Glen Kime and son of Detroit were Sunday supper guests at the Elmer King home.

Mr. and Mrs. Clifford Casterline of Northville visited Mr. and Mrs. Kenneth Rich Friday evening.

Joyce and Grace Roberts stayed Sunday night and Monday with their grandparents, Mr. and Mrs. William Ritchie.

Carlton Hardisty and Doris Heinz, Harold Heinz and Beverly Hobbins, Elmer Bennett and Lacey Griswold enjoyed a chicken dinner picnic at Riverside Sunday.

Mr. and Mrs. Sam McClellan and family of Royal Oak were Sunday visitors at the Peter Baumgartner home.

Henry Knight attended a picnic at Rouge Park Sunday with other members of the ion's League of Young People.

Mrs. William French left Wednesday for Columbia, Missouri to visit her mother and other relatives for two weeks. Mrs. French's mother has been very ill but is, at this time, much improved, although still confined to her bed.

Eric Pressley, Raymond Doolin and Roger French have joined the State Troops and will leave in a few days for camp at Grayling, Michigan.

Miss Phyllis Clinansmith attended the graduation exercises Thursday evening in Plymouth and spent the night with Muriel Ann Nipper.

Donald Flower of Ann Arbor is spending a month at the Burton Rich home.

Mr. and Mrs. Frank Evsich and Joseph Evsich were Sunday supper guests at the Stanley Clinansmith home.

Several families from Lapham Corners attended the air show at Mottet Field near Plymouth Sunday. Most of the boys and young men are greatly interested in the CAP as the result of the display of excellent air maneuvers.

John Zittel Buys Covered Wagon

John Zittel, who had the food concession contract with the Kelsey-Hayes company for their machine gun plant while it operated out here during the war, has just purchased the Covered Wagon Inn on Telegraph road, just south of Michigan avenue and has already taken possession of this well known eating place.

Mr. Zittel plans to make many improvements as soon as possible and provide better facilities for his guests.

"I am having some difficulty, like every one else, in getting some materials I badly need, but time will take care of that," said Mr. Zittel the other day. "Meanwhile I will do the best I can and hope to see all of my friends from Plymouth over there."

In Detroit, Mrs. Allister Archibald sued for divorce, complaining that her husband had not only kept his bag packed for six years but had finally up and left her.

Many Enroll For Bible School

The Union Bible School met in the Presbyterian and Methodist Churches Monday morning, June 17, and got off to an excellent start in spite of the weather. The enrollment to date is 185.

The children are planning on having a final program for their parents and friends Thursday evening, June 27 at 7:30 p.m. in the Presbyterian Church.

They will share the things they have learned with those present. In addition there will be Bible stories dramatized, choral reading, and hand work exhibited.

All parents and friends are invited to this final service of the children.

BABSON

Babson Park, Mass., June 21.—The market for houses—both old and new—is today as crazy as was the stock market in 1929. Someday there is bound to be a crash in the price of houses such as came to the stock market after the last big boom. Houses that cost \$3,000 or more to build 20 years ago and which could have been bought ten years ago at \$6,000 are now being sold at \$12,000 or more.

REASONS FOR THE BOOM
There are three reasons for this unhealthy boom in houses: (1) The discharge from the army of 12,000,000 men, a large percentage of whom have been married during the past five years and now naturally want a home. (2) The crazy regulations of the government making it difficult to build new homes. (3) The labor union rules and the aim of their members to do as little work, instead of as much work, in the day as possible. Hence, it is difficult to get a new house built within a year even if one is willing to pay the fantastic prices.

I don't blame labor for unionizing and for demanding reasonable wage increases, but this "slow-down" in the work is absolutely wrong. Not only will wage-workers themselves be obliged to pay more in rents, but they may start a buyer's strike. People are disgusted with the way bricklayers, carpenters and painters are apparently doing as little as possible and dragging out the work. The nation's standard of living can be raised only by all of us producing more. We cannot pull ourselves up by our bootstraps.

SHALL WE SELL?
Should homeowners who have a chance to double their money on their present house now sell? My answer is that if it is a house which you own and do not occupy, but from which you collect rents, sell it. This will give you a good profit and you will be rendering a service by helping to break this present crazy market. On the other hand, if it is a house in which you live, unless you definitely have some other place to go, you cannot afford to sell even at these crazy high prices.

The same general advice applies to business property and farm property. Factories, stores and farms which you occupy yourself, you should continue to hold; but now is the time to "cash in" on those which you don't occupy but are collecting rents therefrom. Of course, we are in inflation and it will continue to increase, but there has never yet been an era of inflation that was not followed by an era of deflation.

GETTING TENANTS OUT
The general rules about getting tenants out of houses which they now occupy are as follows: (1) If the property is bought by a G.I. man who immediately gets a lawyer to prepare proper notices, the tenant can be evicted in three months. (2) If the property is bought by anyone who is to occupy it himself with his family and who immediately employs a lawyer to prepare proper notices, the tenant can be evicted in

Rosedale Recreation Program Revealed

Mrs. George Cook, chairman of the Rosedale Gardens PTA sponsored recreation program, announces that this summer's program will begin July 15 and run for a period of three weeks. Handicraft and some other activities will be held at the School while others will be held at the Community house.

Children who will be in the first, second and third grades next year will participate in the program mornings from 9:00 to 12:00. Activities for this age group will consist of handicraft three times a week, as well as games, archery, badminton, music and a story hour daily.

Older children, from the fourth grade up, will have archery, tennis, baseball, cooking and sewing, shop, and handicraft including clay modeling. These children will meet from 9:00 a.m. to 3:30 p.m. If sufficient transportation can be secured there will be swimming provided for the older children at Rouge Park.

Mrs. Cook reports that registrations for this recreation program are still being accepted and any information desired can be obtained by calling her at Livonia 2946.

In Salt Lake City, Detectives Stanley Butcher and E. J. Steinfield went hunting for two teenage truants, found them perched on top of a church steeple.

In Reno, a new type of chain letter, using wives instead of dimes for currency, promised each man who kept up the chain 16,781 women (for one).

six months. (3) If your case conforms with neither of the two above mentioned, you will have a hard time in getting the tenant out unless he is willing to move out. Thus, the purchase of homes for speculation is risky.

Not only are old houses selling for more than they are worth, but new houses are likewise inflated. This, however, is not the fault of the contractors. They are working hard to give you as good a house as they can at a fair price. They, moreover, are severely handicapped by labor conditions and material shortages. Yes, they long for the time when they will again be able to build good houses at reasonable prices. They are not only handicapped by the labor unions, but they hate to use the green lumber and small sizes which they are compelled to do at the present time.

Therefore, my final suggestion is that if you can get on without buying a house at the present time, you had better do so. On the other hand, this probably means waiting until after 1950 before you can get a decent house at a fair price.

Newburg Boys Livonia Girls Win Field Meet

Livonia's girls and Newburg's boys won the field meet held at the park last Wednesday in which the competition was very keen. The events were somewhat late in starting due to the changes in bus schedules and consequently a few of the events were eliminated.

After the track meet had been run off, Newburg boys were ahead by two points with the ball game still to be played. In the ball game each run was to count one point. Livonia Center won the ball game by the score of 1 to 0, which enabled Newburg to take the boys field meet by one point. The winning battery: Horie, pitcher and Martin, catcher. The losing battery: Mahley, pitcher and Jim Emanuel, catcher.

In the girls contests, the competition was not so keen and Livonia Center girls won by 12 or 15 points. The following are the results of the boys track and field events.

High Jump
1st—James Emanuel, N; 2nd—H. Wright, L; 3rd—W. Lane, L; 4th—T. H. Schuff, L, and John Emanuel, N. Winning height 4 ft. 10 1/4 in.
