REAPING THE WHIRLWIND.

Don't be surprised if you read of efforts being made down in Washington to kill off the senate investigation into New Deal war grafting. When things get pretty hot for some of the political "big shots" you will hear less and less of the grafting and stealing of money you and the rest of us provided the government through war bond purchases, unless of course the revelations become so startling that the Washington office holders will not dare kill the investigation.

What a shame it is to think that men elected to high office and responsibilities fail so miserably in their services to the public. But what can one expect when such vast numbers of voters will fall for the impossible promises made by New Dealers and accept the crucifying charges made against honest men and former officials by these New Dealers without even asking a question.

As we see it we are beginning to reap the crop sown by the whirlwind.

LYNCHINGS DOWN SOUTH.

There's a lot been said about those recent lynchings down in Georgia. It seems that in some southern states there are many residents who still think that it is perfectly proper to kill colored people under any sort of a pretext.

The Chicago Tribune in discussing these southern murders the other day said:

"If any suspects are arrested, it is unlikely that they will be indicted and if any are indicted it is unlikely they will be convicted. If any are convicted, it is to be expected that the next Governor of Georgia, Gene Talmadge, just given the Democratic nomination on the white supremacy ticket, will pardon them with apologies on behalf of Georgia for any inconveniences they suffered. The members of the mob have not been identified, but one thing about them is known. To a man they are Democrats. Never in their lives have they voted any other ticket. That was one reason why Mr. Roosevelt always felt at home in those parts, and why he often spoke of himself as an adopted son of Georgia."

It appears that The Chicago Tribune doesn't think much of southern Democrats or of Mr. Roosevelt.

MORE SALES TAX IN PROSPECT.

The residents of Michigan can look forward to a tax increase in the next two or three years that will really hurt, if they are not careful how they vote in the fall election.

The mayors of Grand Rapids and Detroit have been able to get on the ballot a provision to be voted upon this fall that calls for a return to the cities, villages and townships of one third of the state sales tax.

Both of these cities have been financially distressed for years. In Grand Rapids the property owners refuse to permit an increase in real estate tax.

In Detroit pressure groups of one sort or another have for years been able to raid the city treasury in one form or another, always with the connivance of the various administrations in charge, with the city at large suffering as a result of these tax raids.

It has always been our position that it is perfectly right for the state to find some way of granting aid to local units of government that might be in distress, but it is nothing less than unsound thinking to propose state aid to local units of government by constitutional amendment.

If we vote in favor of this amendment, we are voting to make a three cent sales tax on food, clothing and other things we buy, a tax forever in Michigan. It does not prevent the legislature from adding one, two or three more cents to the sales tax.

If any member of the constitutional convention of 1907 at that time had suggested Michigan would have an automobile and gas tax sometime in the future producing revenues to the state government of more than \$50,000,000 per year he would have been adjudged insane.

Even back in 1933 when the present sales tax law was passed, it was believed that it would never produce more than \$35,000,000 or thereabouts in taxes per year. No member of the legislature had any idea that the income of the sales tax would exceed \$100,000,000 per year.

It is easy to see, therefore, what you are doing when you vote for a constitutional amendment that will for all time definitely fix a tax you must pay, no matter whether it is needed or not.

If Governor Kelly had used any common sense in the last regular session of the legislature, this mess would never have been an issue in the forthcoming election. He didn't like Mayor Welsh of Grand Rapids and he was determined, therefore, that local units of government in distress should receive no state aid, and they didn't.

So Mayor Welsh decided to take the issue to the voters of the state, and while we are strongly opposed to any tax proposal going into the constitution, the prospects are that it may carry—and if it does, Michigan's tax problem will become the biggest headache the state legislature ever had.

The state legislature will be forced to find SOME WAY to replace the money taken away from the state by the voters. The state cannot close its hospitals, its educational institutions, its health department, its prisons and terminate its old age pension and welfare aid, no matter how the people vote on this issue. The easiest way to replace this money, if it should be taken away from the state, is to INCREASE the sales tax to four or five cents. And that is what is liable to be done, IF the constitutional provision should carry.

There is no question but what the voters of Michigan will vote favorably upon a soldiers' bonus in the fall election.

These bonds will have to be paid—and how is the state going to pay back the money it borrows to pay the bonus to the men and women who served in World War II, if it does not also raise that money by additional taxes? Our prediction is that these bonds will be paid off by an increase in the state sales tax.

If both of these issues carry, that means a sure increase in the state sales tax of not less than two cents and more likely three cents—making a sales tax in Michigan of probably five or six cents.

It is about time the good people of Michigan began to do some serious thinking on these questions.

We are anticipating that the proposition has some chance of carrying because of the fact that cities, like most individuals, like to think they are getting something for nothing, even if the money comes out of their own pockets.

If it does carry, watch our prediction that there will be a two cent, more probably a three cent, increase in the state sales tax. In other words the voters if they vote YES, are simply voting to write into the constitution a permanent sales tax, which will probably be a five cent sales tax, instead of three.

No one ever gets anything of value for nothing, remember that.

City Directory Ready For Distribution

Plymouth and Northville gradually settling down to post-war life is reflected in many ways by the 1946 Plymouth and Northville City Directory, now being delivered to subscribers by R. L. Polk & Co.

Polk first published here in 1927, and since that time, by its nature, the city directory has touched the lives of more Plymouth and Northville people than any other agency in existence. Its last outstanding reflection of the passing parade is the picture of returned veterans of World War I now returned to their homes and peacetime pursuits.

The new directory is a volume of 422 pages listing 9,848 names in Plymouth and Northville and surrounding rural routes, with eighteen continued as the minimum listing age.

Special feature of this new guidebook include: The designation of tenant-owned homes, marital status and heads of households.

Listing of the names of Plymouth and Northville men and women in the national services when the directory canvass was made, preserving a valuable historical record for future reference.

Jaycees, Wives Picnic Tuesday

For their July meeting the Junior Chamber of Commerce invited their wives to a picnic supper in Riverside Park Tuesday evening.

Twenty-five couples were present. A game of softball was played before the pot-luck meal. Business was dispensed with because of the character of the meeting and all enjoyed an evening of sociability.

Two Killed, 4 Injured in Crash At Busy Plymouth Intersection

Four persons are dead and five injured, one critically, as the result of traffic accidents in and around Plymouth last week.

The worst crash, which left both drivers dead and four injured, occurred last Saturday morning right at Ann Arbor Road and South Main street.

Marshall Farrell, 28, of Detroit, and Richard Sims, 34, of Jackson, both died early Sunday at Wayne County General Hospital. They were critically injured in the collision and neither regained consciousness.

Still patients at Wayne General Hospital with injuries from that accident are Robert Sims, 35; Fairrest Sisson, 35; and Estelle Porter, 37, all of Jackson; and Ralph Van Tassel, 26, of Plymouth.

Witnesses told Plymouth police and Wayne County sheriff's officers that Sims drove through a red light and collided with Farrell's car in which Mr. Van Tassel was a passenger. The other injured all were passengers in Sims' car. Both vehicles were damaged beyond repair, police reported.

The crash, one of the worst in

Cloverdale 9 Plays Doubleheader Sunday

By virtue of defeating Fluke's Insurance nine, 6 to 4, last Sunday, the Plymouth Cloverdale baseball club gained a berth in the Michigan Inter-County Class A Baseball League playoffs. The Cloverdale nine will open its playoff schedule with a twin bill Sunday against the Zephyr Bar club of Inkster. Cloverdale will play the first game at 1 p.m. Sunday at Inkster Park. The two clubs will then travel to Riverside Park for the second game which is set for 4:30 p.m.

New Vets' Hall At Northville to Be Dedicated Aug. 14

Northville, the neighboring community four miles to the north of Plymouth, is planning a huge celebration in observance of V-J Day next Wednesday, Aug. 14. What's more, Plymouth is invited to attend by its friendly neighbor.

On that day Northville will welcome home its veterans of World War II and dedicate its new Veterans' Memorial Hall. There also will be a day-long program of sports for children, a twilight ball game and street dance in the evening. George Locke, chairman of the celebration, said the festivities will open at 1 p.m.

Principal speaker for the dedicatory ceremonies at the veterans' hall will be Carl Smith, of Bay City, past commander department of the Michigan American Legion and a World War I veteran.

The Rev. J. J. Halliday, chaplain at the Veterans' Hospital in Dearborn, a former member of the Northville Legion post, also will participate in the ceremonies.

The sports program for youngsters will be held at the Northville Ford Field. At 6 p.m. a ball game between a Legion nine and one made up of V-J players will be held at Ford Field also.

At night there will be a corn game at the new hall, followed by a dance in Dunlap street as the concluding feature.

Concert To Mark 1st Anniversary Of Band, V-J Day

An error in schedules made it impossible for the Plymouth Community Band to give a concert at Kellogg Park last week Wednesday.

However, The Mail has been assured that Plymouth will have a band concert at the park next Wednesday, Aug. 14. This will be the first anniversary of Japan's surrender, a day that is indelibly recorded in the band's history.

Plymouthites will recall that on that memorable occasion a year ago there was music played extemporaneously by a small group of musicians from the Kasco Feed Store truck. That day, therefore, not only marked the end of hostilities with Japan but also was the day that the Plymouth Community Band was born.

That's why the band concert set for next Wednesday night is so important to the community. There should be a good crowd to both celebrate the first anniversary of peace returning to the world and the first birthday anniversary of the very fine community band.

Air Rifle Contest for Local Boys

Plans for Plymouth's first annual air rifle safety and marksmanship contest have been completed by the City Recreation Commission with the co-operation and assistance of the Daisy Manufacturing Co.

Instruction and practice shoots for all entrants will begin at 10 a.m. next Monday at a special rifle range on the grounds of Central school. These shoots will be held daily from 10 a.m. to 12 noon through Friday, Aug. 16, and again on Monday, Aug. 19.

The semi-finals and elimination shoot is scheduled for Tuesday, Aug. 20. The final championship shoot-off will be staged on Wednesday, Aug. 21. Three grand prizes will be awarded in each division.

Entrants will be divided in two classes. Those 13 and under will shoot in one division with the 14 through 16-year-olds participating against each other in the other division.

Registration for the contest can be made from now on daily between 9 and 10 a.m. with Virgil C. Knowles, Plymouth's recreation director, at Room 204 on the second floor of the City Hall. Nobody will be allowed to take part in the practice shoots unless they have a registration slip. Regulation Daisy targets for the contest will be furnished by the company. Each contestant must furnish his own shot.

Shooting in the contest will be from prone, sitting and standing positions. Accuracy will be the only basis upon which winners will be selected.

In the division for 14-15-16-year-olds the prizes will be a pair of skis for the winner, a football for the runner-up and a baseball glove for the third-place marksman.

The winner in the younger class will receive a No. 25 Daisy Pump Gun and 10 tubes of shot. The runner-up is to get a No. 111 Red Ryder Rifle and 10 tubes of shot. The boy placing third will get a No. 155 Daisy 1000-shot gun and 10 tubes of shot.

The contest is not being planned primarily as a shooting meet. But, rather as an instruction period on safety, what to shoot at, how to shoot and training for marksmanship so accidents will not result from incorrect use of an air rifle.

It will be instruction that will carry on through the lives of the contestants and make them qualified to carry and use more lethal weapons in their adult years.

An air rifle is not a lethal weapon by any means. However, (Continued on page 2)

Short-Snorter Signed By Plymouthite's Kin Is Recovered at Wolf's

About three years ago on a battleship in the Pacific Ocean near the Equator a group of sailors signed their names to a "short-snorter" dollar bill. One of those sailors was Ralph Severance, of Flint, brother of Mrs. Allen Bernash, of Plymouth.

This week Betty Crump, a clerk at Wolf's Cash Market, and neighbor of Mrs. Bernash, was counting some bills. She passed over one bill, picked it up for a second look and noted several names written on it. She gasped as she saw the signature of Ralph Severance.

Being a neighbor of Mrs. Bernash she had been well acquainted with Mr. Severance before the war. He frequently visited his sister in Plymouth and Mrs. Bernash had introduced the pair.

Betty exchanged a dollar of her own for the "short-snorter" and rushed with it to Mrs. Bernash. She in turn sent it to her brother in Flint, who replied that he was framing it.

How the bill happened to turn up in Plymouth and be recovered by a friend of Mr. Severance shall always remain a mystery. Mrs. Bernash said her brother was overjoyed at getting the bill as he had not seen it since signing it that day aboard ship.

Here's a Record Hard To Beat

Speaking of safe driving records, which is about all they are doing right now in Detroit, the impressive performance of John Smith, 61, of 12428 Middlebelt, is most refreshing.

Mrs. Smith called The Mail to report that her husband has been driving the past 38 years and was now on his fifth car. He has never been involved in an accident nor been halted by any law enforcement officer for any infraction of a traffic law.

Mr. Smith, currently the office manager for the Leadbetter Coal and Lumber Co., is a former Wayne County employee. He says he has driven in Detroit, Lansing and other large cities and the only time any of his cars have been damaged was when he was parked in front of his home. That time a Lansing lumber dealer ran into Mr. Smith's car and crumpled a fender.

Has anyone in the Plymouth area a driving record that will equal or beat Mr. Smith's? Let's hear from you drivers of 30 or more years experience with the horseless carriage. Will your traffic record come close to Mr. Smith's?

Mrs. John Paton underwent an operation while she and her husband were vacationing in Nebraska and hopes to returned to Plymouth soon.

Marie and Teddy Martin of Wayne spent the past week with their grandparents on Harvey street while their parents were at Higgins Lake.

Plymouth Gets All Stops of Beautiful Streamliners

Beginning tomorrow, Saturday morning, the fortunate city of Plymouth will be favored by the inauguration of the finest train service any city of its size in the country can boast.

The Pere Marquette will put into permanent service its new streamline trains, regarded as the most modern ever produced. Every Pere Marquette train, to the west or east, will stop in Plymouth to serve the public. This is the only city on the entire system, outside of Lansing and the two terminals, Detroit and Grand Rapids, that will have this ideal service.

Plymouth, too, had a part in the ceremonies on Tuesday when the pre-inaugural demonstration run from Grand Rapids to Detroit was made.

Miss Emmy Lou Hough, daughter of Col. and Mrs. Cass S. Hough, was "Miss Plymouth" on the inaugural run, along with eleven other girls selected to represent the various towns and cities along the Pere Marquette which will be served by the new trains.

Joan Kelly, the 16 year old daughter of Governor and Mrs. Harry Kelly, was chosen as sponsor at the christening ceremonies that took place at the Fort street depot in Detroit Tuesday afternoon. Audrey La Vanseler represented South Lyons.

Guests on the pre-inaugural demonstration run, from Grand Rapids to Detroit, were more than 100 newspaper, trade journal, magazine and radio representatives. Aboard also were executives of the Chesapeake & Ohio and Pere Marquette railways, headed by R. J. Bowman, President of both roads, and officials of Pullman Standard Car and Manufacturing Company and General Motors Corporation, builders of cars and locomotives. (Cont. on page 3, 2nd. section)

Parking Meters Recommended by Plan Commission

The Plymouth City Planning Commission has recommended the installation of parking meters to the city commission.

Action taken recently by the Planning Commission urged the City fathers to seriously consider installing automatic meters to regulate the parking of motorists in various areas of Plymouth.

The Planning Commission suggested meters to be operated by coins which would allow ten minutes parking for one cent or an hour for a nickel. In some areas the meters would be regulated to allow longer periods for a penny or nickel.

It was suggested that the meters be installed on both sides of Main street from Ann Arbor Trail to Penniman with angle parking; both sides of Main street from Maple to Ann Arbor Trail with parallel parking; both sides of Penniman from the east point of Kellogg Park to Harvey and in the present city-owned parking lot with an extended time limit to be determined later.

The Planning Commission considered it advisable to leave both Penniman and Ann Arbor Trail near Harvey without meters and abolish parking in that area for better visibility and traffic safety.

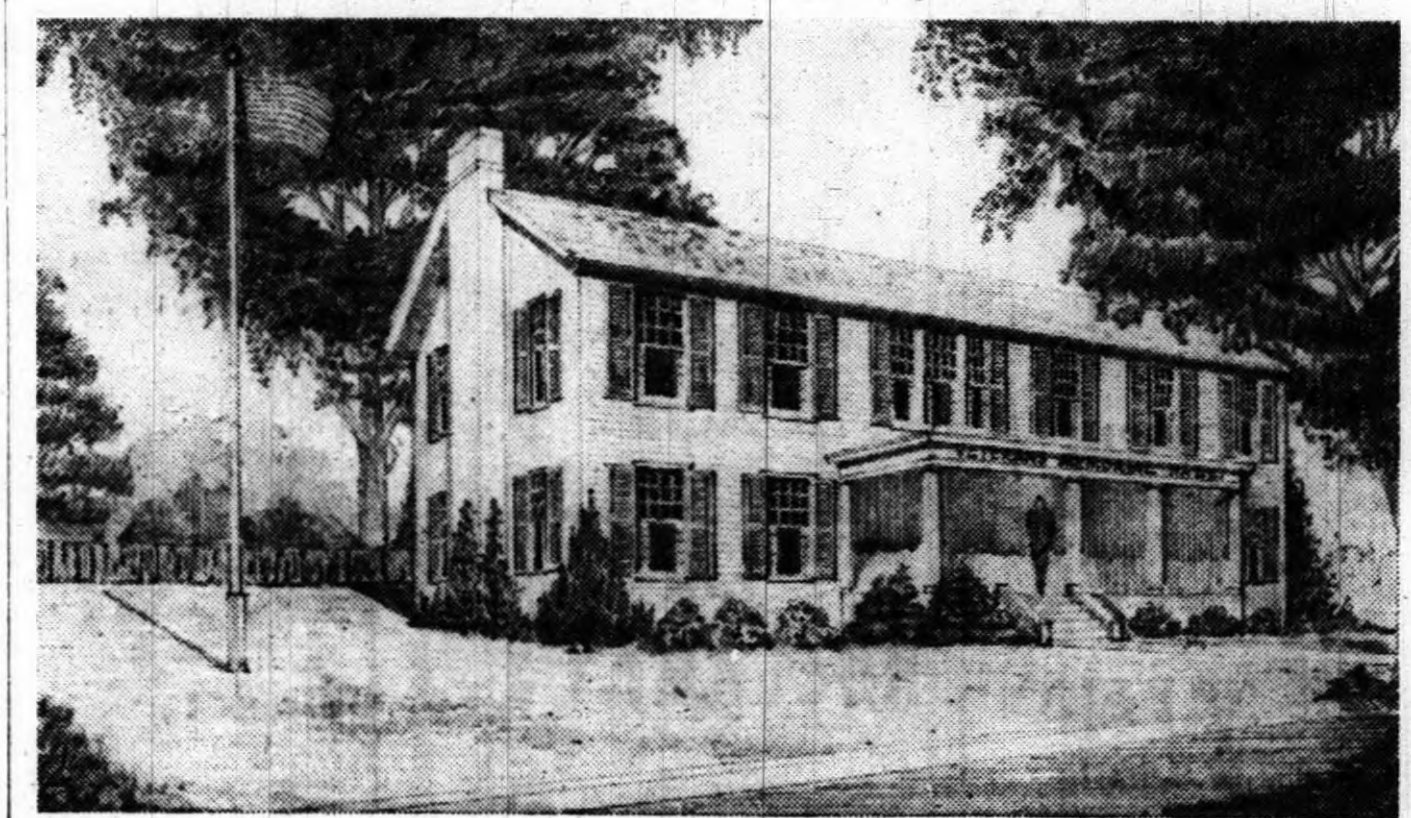

That body also recommended to the city commission that if and when the meters are installed, all money accruing to the City of Plymouth, in excess of the cost of their operation and maintenance. (Continued on page 2)

Northville Bets Over \$2,100,000

Over two million, one hundred thousand dollars (\$2,100,000) was bet during the recent 18 day race meet held by the Northville Downs Association at Northville, according to information given out yesterday by the Northville Driving club, owners of the Northville fair grounds.

The average betting was more than \$125,000 per night, making a record for race meets in Northville. The dates for the fall meet will probably be fixed for October and early November.

William Fulton Marries Elaine Mahoney of Owosso, Michigan

St. Michaels church was the scene Saturday morning, August third, of the marriage of Elaine Mahoney of Owosso, and William Fulton, of Hix road, Plymouth.

The double ring ceremony, performed by Father Hardy, took place before an altar decorated with white gladioli. Mrs. Cylk rendered two selections, "Ave Maria" and "On This Day of Beautiful Mother," and was accompanied at the organ by Mr. Baker.

The bride, given in marriage by her father, wore a gown of lace net with a full length veil. The gown had a sweetheart neckline and long sleeves coming to a point at the wrists. Her only adornment was a strand of pearls, a gift from her father. The bride carried a bouquet of white lilies.

Ethel Mahoney, sister of the bride, as maid of honor, wore a maise gown of embroidered eyelet and carried a bouquet of salmon gladioli. Beverly Ann, two-year old sister of the bride, was flower girl.

The bridegroom was attended by his brother, Robert Fulton. Acting as ushers were Joseph and Roswell Fulton, brothers of the groom.

The reception was held in the church hall with a hundred guests present from Detroit, Owosso, Alma, Belleville, Ann Arbor, St. Charles, Wheeler, Erie, Pa., St. Louis, Garden City and Plymouth.

The couple left by boat for New York, following the reception. On their return, they plan to reside in Plymouth.

GRAVEL POCKET SLOWS WORK ON AMELIA SEWER

(Continued from Page One) construction of the sewer north from Farmer street. Thus a considerable portion of the sewer will be finished when the crew reaches Farmer street from Main.

Mr. Besse estimated that the new sewer was more than half completed. He reported that work had been progressing without a hitch up to the time the excavators reached Main street. So far not a single workman has been hurt on the job, he said.

The entire drain complete with all catch basins is expected to be finished by September 1, City Manager Harold R. Cheek, said.

OFFICIAL PROCEEDINGS OF THE CITY COMMISSION, CITY OF PLYMOUTH, MICHIGAN, JULY 15, 1946

The regular meeting of the City Commission was held in the Commission Chamber of the City Hall on Monday, July 15, 1946 at 7:30 p.m.

Present: Mayor Lidgard, Commissioners Corbett, Davis, Shear and Taylor.

Absent: None.

The minutes of the meeting of July 1, 1946 were approved as read.

It was moved by Commissioner Shear and supported by Commissioner Corbett that the bills in the amount of \$14,203.00 as audited by the auditing committee be approved.

Ayes: Mayor Lidgard, Commissioners Corbett, Davis, Shear and Taylor.

Nays: None. Carried.

The Clerk read the following reports: Treasurer's Report as of July 15, 1946 and Police Department report for June, 1946.

It was moved by Commissioner Taylor and supported by Commissioner Davis that the reports be accepted and placed on file. Carried.

Proposed Ordinance No. 130, an ordinance granting the Detroit Edison Company a thirty year franchise was read.

It was moved by Commissioner Corbett and supported by Commissioner Shear that the Proposed Ordinance No. 130 be passed at its first reading.

Ayes: Mayor Lidgard, Commissioners Corbett, Davis, Shear and Taylor.

Nays: None. Carried.

Proposed Ordinance No. 130 was read by title only.

It was moved by Commissioner Shear and supported by Commissioner Corbett that the Proposed Ordinance No. 130 be passed at its second reading by title only.

Ayes: Mayor Lidgard, Commissioners Corbett, Davis, Shear and Taylor.

Nays: None. Carried.

The following Resolution was offered by Commissioner Taylor and supported by Commissioner Corbett:

WHEREAS, The City Commission at its meeting held on Monday, February 4, 1946, instructed the City Manager to award an engineering contract to Herald F. Hamill, for the preparation of plans and specifications for storm sewers throughout the city, and

WHEREAS, the plans and specifications have been completed and submitted to the City Commission for its approval,

THEREFORE, BE IT RESOLVED, that the plans and specifications as submitted be accepted.

Carried.

It was moved by Commissioner Shear and supported by Commissioner Taylor that the hourly rate of pay for August Myers be set at a \$1.15, retro-active to July 1, 1946.

Ayes: Mayor Lidgard, Commissioners Corbett, Davis, Shear and Taylor.

Nays: None. Carried.

Mr. Richard Kimbrough presented a Petition to the City Commission requesting that Maple Street be continued between S. Main and S. Harvey Streets.

No official action was taken.

It was moved by Commissioner Corbett and supported by Commissioner Shear that the meeting be adjourned. Time of adjournment 8:50 p.m. Carried.

PARKING METERS RECOMMENDED BY PLAN COMMISSION

(Continued from Page One) nance, be used solely for the extension and improvement of traffic and parking control in the community.

Whether the city commission will take favorable action on the recommendation is a matter of conjecture. Plymouth has steadily been growing and the parking problem in the downtown areas becoming more acute.

Surrounding cities such as Royal Oak, Ferndale, Highland Park and Dearborn either have meters already in operation or have taken action to install them.

AIR RIFLE CONTEST FOR LOCAL BOYS

(Continued from Page One)

The Daisy Co., recognizes the fact that training with the gun will aid the boys when they grow to manhood. That is why they have been so co-operative in helping plan the contest and to make it a program of safe shooting.

So remember you young marksmen of Plymouth, get down to the City Hall bright and early and get properly registered and entered in the contest. See Mr. Knowles at Room 204 between 9 and 10 a.m. each morning from now on. Do it today because the more taking part the better the contest.

CITY DIRECTORY READY FOR DISTRIBUTION

(Continued from Page One)

that Plymouth and Northville have 220 distinct varieties of enterprise, which are catalogued from "Agricultural Implement Dealers" to "Wood Carvers."

Following the usual custom, the latest Plymouth and Northville City Directory will be distributed to Directory Libraries maintained by the members of the directory publishers' association at Chambers of Commerce in other cities. The Polk Co. announced. These copies, to be used for public reference, will represent Plymouth and Northville to the outside and will show what makes the community "tick". A branch of the out-of-town directory service is maintained by the publishers at their offices, 431 Howard St., Detroit.

The American people now are particularly directory-conscious as they plan for the expected upsurge of business, and they want to find out "who's who and where" after the wartime shake-up. Polk representatives stated.

First and last on the new Plymouth roster are Charles Abington and Peter Zylstra. On the Northville list they are Dorothy Adams and Gertrude L. Zwiernikowski.

Marleta Martin recently returned to her home on Harvey street after spending the past year in Washington, D. C., and has accepted a position with the Evans Products Co.

Are they working for or against you?
FUNNY thing about clocks, watches, any sort of timepiece.
They're always working for... or against you.
A man with no savings, no nest egg, finds the clock working steadily against him—remorselessly shortening the time left for him to make himself financially secure.
But the man who is saving money finds the clock working just as steadily for him. Because, with every tick, the money he has saved earns more money. Each day that passes finds him closer to financial independence and security.
For most of us, there is no way in the world to get time working for us like the regular buying of U. S. Savings Bonds through the Payroll Plan.
U. S. Savings Bonds give you back \$4 for every \$3 you put in, after ten years. And when you invest in them, you're not risking a cent! Each bond is backed to the hilt by Uncle Sam.
The Payroll Plan is specially designed to put your bond buying on a regular, businesslike basis. It makes systematic saving a breeze.
Next time you hear a clock ticking, stop a minute and think: Is it working for you?
If it isn't, join the Payroll Savings Plan... today!

Sold
 The special I had in last Friday's paper, was sold Saturday.
 Here is a special this week.
 Suitable for business and residence.
 Here is a 9 room house just outside of town on Northville Rd. This place goes furnished. General Electric refrigerator, electric stove, Baby Grand piano, and all, excellent location for small restaurant, tea room, or dress shop. But this is not all. There is about 1/2 acre of ground, with large garage, the second floor of which could be fixed for living quarters. I understand there is about \$75 per month income from rooms right now. You can buy this as advertised for \$12,000, with \$6,500 down. Private entrance for roomers.

9-ROOM house on Warren Rd. between Beck and Ridge Rds. Practically all remodeled with so many features, impossible to relate all of them. You should see for yourself, such as three bathrooms, separate entrance for second floor if you cared to rent it, or for living quarters for help, practically all newly decorated, recreation room, drive-in basement. This is all on 40 acres of good land. If not all of acreage wanted will sell less and adjust price accordingly.

7-ROOM house in Plymouth on corner, good location. Nice and clean, with full basement, hot air furnace. Coal hot water heater. Laundry tubs. Fruit cellar. Unfinished room in attic, single garage. \$10,000.00. \$5000 down. This is a good deal.

Lots of other listings. Farms. Acreage and all. Better come in and see us.
 All exclusive listings.
 I sell all kinds of insurance. All old line companies represented. You can't do any better anywhere.

OBITUARIES

HARRY M. LOCKWOOD, JR.
 Harry Milton Lockwood Jr., son of Harry and Lena Lockwood was born April 10, 1913 at 906 McClellan Ave., Detroit. In the year 1919 he, with his family, moved to Northville and in 1922 they moved to Salem, Pontiac and Six Mile Rd., where the family lived for many years.

On Sept. 6, 1936, Harry married Miss Mary Ann Leaman of Pontiac, Mr. and Mrs. Lockwood lived in South Lyon, Newburg, Pontiac, Center-line and the last three years on Mound Rd., Detroit, where Mr. Lockwood owned and operated a gas station and garage. It was while going after auto parts this past Wednesday, July 31, that he was struck by a Northbound Mich. Central train while crossing on Outer Drive and Mt. Elliott. This sudden and tragic death came as a terrible shock to his wife, his father, his entire family and his many friends.

Mr. Lockwood was a life-long member of the Congregational Church of Salem where he united with his parents in early boyhood. He has been a faithful Christian, a devoted husband and father.

He leaves to mourn his loss, his widow Mary Ann Lockwood, his son Robert, aged 9 years, his father, Harry Lockwood Sr., six brothers, Millard Albert, Russell, James, David and Frederick, two sisters Mrs. Marian Nydaka and Mrs. Pauline Cox, nephews and nieces, aunts and uncles and a great host of friends.

Funeral services were held in the Schrader Funeral Parlors, of Plymouth, Rev. Lucia M. Stroh, Pastor of the Congregational Church of Salem officiated, Rev. C. M. Lewis of Salem offered prayer, Mrs. Wilson and Mrs. Searfoss sang. The many beautiful flower pieces were a great tribute to the esteem and affection every one had for Harry. Interment was in South Lyon Cemetery.

The United States consumes in the neighborhood of 4,200,000 gallons of lubricating oils daily.

Seeking a repeat performance in the Tournament will be Geo. Kenyon who last Sunday defeated Bob Ross in a 36 hole final match for the Hilltop 1st. Flight Championship. The contest waged bitterly for 37 holes when Kenyon chipped an approach shot

up for an easy putt and birdie to win. Kenyon's medal score for the 36 holes was 169 strokes while Ross shot a total of 173.

Todd reports that the course will be in tip-top condition for the day and although the fairways will be hard and dry because of recent drought thereby giving the short hitters a break, the greens are in beautiful shape. Officials of the various golf

companies will be present for the day to manage the tournament in co-operation with Todd and the Tournament Committee.

Todd has asked that mention be made of co-sponsors Fisher Shoe Store and the Schrader Funeral Home who because of last minute preparations had their names omitted in the note of thanks in the official program, and extends Hilltop's gratitude.

Cavalcade Gains Softball Finals With 3 In a Row

Plymouth's Industrial Twilight Softball League is in the midst of its championship playoffs featuring the four teams that finished in the first division.

As of Tuesday the semi-finals standing showed three straight wins for Cavalcade and none for the Merchants, and a triumph each for Oldsmobile City Service and DeHoCo.

Cavalcade won all of its contests by decisive scores, 10-5, 11-5 and 7-4. Oldsmobile took its first tilt, 10 to 5, but dropped the second 1-0. Tonight, Friday, Plymouth fans will have an opportunity to see Oldsmobile and DeHoCo in what may be the deciding game for either team, at the Track Diamond back of Central school. The game opens at 6:15 p.m.

Virgil C. Knowles, Plymouth recreation chief, expects the loop to begin its playoff finals about next Thursday, Aug. 15.

Mr. Knowles said a special feature of the finals series would be an all-star contest between a specially selected team from the twilight loop and a club from either Ann Arbor or Pontiac.

It will be a special game for the benefit of one of the softball players who was injured earlier in the season. The exact team that will meet the local aggregation and the time of the game will be announced in the next issue of The Mail.

Members of the all-star team were selected this week at a meeting of the managers of the twilight league. They are Street, Oldsmobile; Wicker, Cavalcade; Marshal, Daisy; and Palmer, Merchants; pitchers: Johnson, Cavalcade; and Schryer, Oldsmobile; catchers: Hoffman, Cavalcade; Gillis, Merchants; and Williams, Oldsmobile; first basemen: Jarskey, Atchison Gulf; Olivia, Cavalcade; and Urgan, Merchants; second basemen: Darnell, Merchants; Zielasko, Oldsmobile; and R. Wilkie, Cavalcade; shortstops: J. Wilkie, Cavalcade; Herter, Atchison Gulf; and Bowers, Oldsmobile; third basemen: Patnica, Gulf; Harriman, Burroughs; Likewise and Bridges, Cavalcade; Bassett, Oldsmobile; Epps and Hayskar, Merchants; outfielders: James Williams was chosen to manage the all-star crew, with Harold Williams as assistant. Umpires for the game are Lewis James and Robert McAllister. It will be a nine inning contest.

New Telephone System At Daisy

A new telephone system is being installed for the Daisy Manufacturing company, John S. Palmer, manager for the Michigan Bell Telephone Company, announced today.

Although Michigan Bell is not installing many such private telephone systems at this time because of the general shortage of facilities and materials, the Daisy Company job was undertaken because the factory had been on the waiting list for a number of years and not much additional equipment was needed for the work.

Palmer said that one more circuit was made available to the Daisy Company, so that it now has four. A push-button arrangement on the 25 instruments connected to the inter-company system makes it possible to switch calls between all Daisy telephones.

The service is known technically as a PBX (Private Branch Exchange), two-digit dial system.

The presentation was made in the presence of Mrs. Davis, beside him, the 20 children in foreground and 28 grandchildren. Theresa declared a public holiday and the entire town turned out to honor Davis.

Pere Marquette Starts Top-Rate Train Service

(Continued from Page One)

The press-radio run was the first of four pre-inaugural runs intended to introduce the sleek, stainless steel, maize and blue decorated streamliners to the communities along the 152-mile route over which they will ply daily. Business men of Detroit will be guests on Wednesday; those of Grand Rapids on Thursday; and state officials and Lansing industrialists on Friday. Each run was succeeded by a 6-hour public exhibition of the trains in the respective cities.

The trains will go into regular service tomorrow, August 10, when one of them leaves the Grand Rapids Union Station at 7:50 a.m. and the other departs from Detroit's Union Station at 8:15 a.m., on a 2-hour, 40-minute run to the other city. Thereafter the schedule calls for three trips each way each week-day and two each way on Sundays and official holidays.

At the formal christening ceremonies Tuesday afternoon executives of Electro-Motive Division of General Motors and of Pullman-Standard formally turned over the locomotives and cars to President Bowman. Thereafter Miss Kelly christened the trains with a bottle containing water taken from the Grand River at Grand Rapids and from the Detroit River, intended to symbolize the connecting artery of Michigan's two largest cities through the medium of modern streamlined railroad passenger service. The Mayors of Grand Rapids and Lansing, also participated.

Guests aboard the deluxe streamliner were struck with the many ultra-modern features incorporated in what the railroad officials styled "tomorrow's train"—diesel-electric power, stainless-steel passenger equipment, the first tavern diner on any train; a new type of coach seat; spacious lounges and lavatory facilities; complete air-conditioning; inter-car communications and radio systems; fluorescent lighting.

Each train consists of locomotive, baggage car, mail car, four coaches, and diner.

The 85-foot coaches feature the latest in operating developments, assuring safe, speedy transportation, also those making for luxurious riding. Roller-bearings are a prominent improvement. Special spring arrangements cushion up-and-down motion of the cars, stable negotiating of curves, reduce sideway and provide

Tight-lock couplings eliminate jerky starts and stops and enable the train to move as a unit.

Two of the coaches have seating capacity for 54 passengers each with extra seats for 9 in the lounges; each of the other two seats 56 passengers with 10 additional seats in the observation lounge. The coaches are equipped with the latest in railroad passenger train seats, called the "Sleepy Hollow" chair, scientifically built on the measurements of nearly 4000 men and women. The seats have three adjustments. Above each seat is a twin-lens light for individual illumination. The decorative scheme is in tan, brown, gold, and green.

The tavern dining cars of the "Pere Marquettes", placed between the two pairs of coaches on each train, are the only ones of their type on the nation's railroads. The air-conditioned, completely electric kitchen is in the center of the car, flanked by duplicate accommodations at each end of the car, each section with places for 22 guests. Rectangular, square and triangular tables for two or four, are fitted into deeply cushioned alcoves along the wall. The tables are bracketed to the car structure, making them steady and vibrationless, affording more leg room for guests, providing wider aisles and allowing guests to be served from between the tables instead of from the aisle. The car is decorated in tones of yellow, with draperies of gold, upholstery and table tops in blue-green.

Each diner crew consists of host, assistant host, chef and two assistants and four waitresses. The latter are an innovation inaugurated last Spring by Pere Marquette and have since become highly popular and nationally famous.

"No Tipping Please" placards remind the diner guests of another innovation of the Chesapeake & Ohio management initiated on June 10 and since watched with considerable interest by both the public and other railroads.

Another departure from established railroad practices will be introduced with the commissioning of the "Pere Marquette" on Saturday, in the form of on train sale of tickets which will eliminate any waiting at ticket windows. All the passenger will have to do is telephone the City or Depot ticket office and make his reservation. He can pick up his ticket and seat accommodation on the train.

Passenger representatives aboard the trains will see to the seating of patrons in accordance with reservations shown on the diagrams. They will also look after arrangements for return reservations, if asked to do so.

Herrick's Attend Jewelry Fair

Deane Herrick, Plymouth jeweler and secretary of the Michigan Retail Jewelers Association, together with Howard Doxslder, of Lansing, president of the association, attended the National Jewelry Fair at Chicago last week.

Mr. Herrick, accompanied also by his family, spent the entire week at the fair which was held in the Stevens Hotel. It was a grand advance showing of all types of jewelry and most enjoyable to the entire Herrick family. Mr. Herrick and Mrs. Doxslder both were sent to the jewelry fair as official representatives of and by the state association in which they are officers.

Lapham Corners

Carole Van Aken is spending a week at the Girl Scout camp at Cedar Lake.

Mrs. Robert Wilson of Salem and Mrs. Burton Rich camped out last Wednesday night with Mrs. Rich's group of Girl Scouts. They put up their own tents, made their beds on the ground and cooked their supper and breakfast over an open campfire. A nocturnal visit from a herd of cattle roused the girls at midnight but they frightened them away with a blazing campfire. This was the first time any of the group had camped out overnight and the experience will be long remembered.

Mr. and Mrs. Stanly Clinansmith and family were Saturday evening dinner guests of Mr. and Mrs. Frank Evisch in Highland Park.

Mr. and Mrs. Marvin Casterline and children of Wilkes Barre, Pennsylvania are spending their vacation with the Ward Griswold family.

Mr. and Mrs. Ernest Smith and family had as weekend guest, her mother, Mrs. Sennett and her sister and family, Mr. and Mrs. Arthur Lyke and daughters of Northville.

Melvin King, son of the Delbert Kings has been discharged from the Navy and is now at home. He was recently discharged from the Naval hospital at Treasure Island.

Mrs. Burton Rich visited her brother and wife, Mr. and Mrs. Robert Hadley at Libertyville, Illinois last weekend. Mr. Hadley had the misfortune of losing part of a finger in an accident in his shop last week. Mrs. Rich's mother, Mrs. Edith Hadley of Plymouth and her niece, Patricia Hadley accompanied her to Libertyville.

Joseph Evisch of Bessemer is spending a few days with his sister and family, the Stanly Clinansmiths.

Mr. and Mrs. Art Phillips of Detroit were weekend guests at the Ward Griswold home.

Patty Richman of Wayne is visiting her grandparents, the Ward Griswolds, for a few days.

Mr. and Mrs. Glen Kime and son Marvin of Detroit visited the Elmer King residence Sunday evening. They were just returning from a trip through Penn.

Mr. George Roberts and daughter Ivah were Friday evening visitors at the Kenneth Rich home.

Mr. and Mrs. Albert Brown and children and Mr. and Mrs. Robert Roberts and family of Detroit were Sunday visitors at the William Ritchie home.

Mr. and Mrs. Burton Rich and family visited Mr. and Mrs. Sylvester Kranz Tuesday evening.

Wayne Hoffmeister of Dixboro and Bob Wilson of Salem camped out with Kenneth Rich Friday night. They didn't get much sleep!

Mr. and Mrs. Tom Salois and family visited the Sylvester Kranz family Sunday afternoon.

Mr. and Mrs. Albert Brown spent Saturday evening with her sister and family, Mr. and Mrs. Robert Roberts in Detroit.

Phylis Clinansmith is suffering from a painfully swollen hand. The cause of the swelling had not been determined but X-rays were to be taken Tuesday.

Sunday dinner guests at the Burton Rich home were Mr. and Mrs. Jack Cover of Novelty, Ohio. Mrs. Benjamin Cover of Chagrin Falls, Ohio and Mrs. Edith Hadley of Plymouth. Mrs. Benjamin Cover is spending a few days at the Rich home.

There will be a demonstration of the General Fire Truck at the Salem Town Hall on Tuesday evening, August 13, at 6 o'clock.

Terry's Bakery continued their winning ways by taking four and one-half points last week. However, the Barbers kept pace with the Bakers by garnering a like amount. With only four more weeks to go, it's going to be a hard but not impossible task to finish the season before darkness sets in. For that reason the time limit has been upped to 6 o'clock. For those who can't possibly make the time agreed upon, they will be permitted to play up to six thirty, even tho their opponents have already teed off.

The individual point leader remains the same. IKE PORTER still remains at the head of the league.

Minute Make-Ups

By GABRIELLE

You need only One Minute a day to make sure that your skin is soft and smooth. Just spread a thick mask of vanishing cream over throat and face. Leave this on for just One Minute by the clock. Then remove it with tissues. The cream carries away all dry, complexion-dulling bits of scaly skin. Your face will feel softer, it will have a mat smoothness to which your makeup will cling for hours.

News For Local Sun Spot Gazers

Plymouth residents who have been "sun" gazing during the past few days in an effort to see the sun spots, will be interested in knowing that Michigan's University of Michigan science professors declare that no one knows what causes them.

Sun spots are back in the news but no one knows what causes them!

Dr. Orren C. Mohler, assistant professor of Astronomy at the University of Michigan, asserts 1946 will be a year marked by record sized sun spots and foresees possibilities for brilliant displays of Northern Lights. Sun spot activity is now reaching its 11-year peak, he added.

Prof. Mohler is assistant astronomer at the University at the University's McMath-Hulbert Observatory at Lake Angelus, near Pontiac, considered one of the world's leading observatories for solar study.

Thus, far, he reports the year has produced the largest sun spot ever measured. This took place Feb. 1. Professor Mohler says, while another one late in July was only 10 per cent smaller. Although called spots, these dark patches on the sun are actually very large but seem small in comparison to the sun's huge size. Prof. Mohler describes the July spot as being 140,000 miles long and 40,000 miles wide.

Sun spots cause magnetic storms which seriously hinder long distance short wave radio transmission. Prof. Mohler points out. Normally layers of ions, which are electrically charged atoms, encircle the earth and act as a mirror to reflect radio beams. When the sun spots appear, electrically charged particles from the sun crash into these ions and in effect smash the mirror.

Two theories exist as to the reason for Northern Lights, those wavering fingers of light in the skies, Prof. Mohler says. One is that ultra violet light from the sun spot strikes atoms high in the atmosphere and causes the light reflection.

The other theory is that the original bit of "atom busting" takes place as electrically charged particles from the sun bang into the ions, or atoms, and smash them to bits or cause a partial break up. The ions then reform and in the process emit light. The attraction of the earth's magnetic field causes these lights to appear in the northern skies.

Parish Plans Special Fund Drive Sunday

Members of the building fund committee of St. Peter's Evangelical Lutheran church, of Plymouth, together with the pastor, Rev. Edgar Hoenecke, will make special visitations Sunday afternoon to homes of the members of the congregation.

These visitations will be made in an effort to raise the remainder of the funds necessary to finish the new building which is to house the Christian day school planned by the parish.

Rev. Hoenecke said many members of the congregation had pledged generous financial support for the structure while many more donated their services in helping construct the new building.

Delays in obtaining needed materials will make it impossible

for the new school to open this fall, Rev. Hoenecke said. Through the visitations Sunday afternoon it is hoped that the remainder of the necessary funds will be pledged or paid so when the materials are available nothing will forestall completion of the school.

It is not the fact a man has riches which keeps him from the kingdom of heaven, but the fact that riches have him. —Caird

**Land of The Free!
Keep Faith With Us!**

In its simple beginning in 1868, Memorial Day was an occasion observed by Americans for the dead we honored lay here at home. Memorial Day, 1946, will be observed the world over, for our war dead are sleeping in the far places of the world.

Closest to our memories are the heroes of the last two World wars, for in these fell our brothers, our fathers and our husbands. But what of our grandfathers? Shall these

later conflicts, terrible as they were, dim our memory of those heroes of 1861-65 and of the Spanish-American war?

From its original purpose: "For the purpose of strewing with flowers, or otherwise decorating the graves of comrades who died in defense of their country," Memorial Day now also means a day of prayer, of thanksgiving to those who gave their all that our children may live in peace.

So when you feel sorry for the poor farmers whose crops are burning up, you might also think of the State Highway Department, which has some 1,800 miles of gravel roads that also need rain.

STILL ALIVE . . . Francis O'Gara was reported dead, while a prisoner of the Japs for two years. The ship was named after him. Ships are named after the dead, not the living as O'Gara proves he is.

The best place to find a helpin' hand is at the end of your own arm.

**Rain, More Rain
Is Biggest Need**

The farmers of Plymouth and the rest of Michigan are not the only ones praying for a good soaking rain, not a sprinkle such as was experienced Tuesday morning. The state's real need is an old-fashioned rain two or three days, say farmers.

The state highway department officials say the roads need rain badly, too.

There are times, it is true, when rain plays havoc with the state highways and means hard work and expense for the Department, but right now a few good showers would be welcomed as "golden" by the Highway crews of the state.

As many people may not realize, rain is necessary to re-activate the binder material in gravel and keep it in stable condition on the roads and keep down dust, but it has been so long since there has been rain that the binder material is going up in dust. The Highway Department at present is embarked on a \$1,000,000 gravel resurfacing program. A little moisture mixed in with this material would do a lot of good for travelers and save the state considerable money.

Added to the problem of keeping gravel roads in shape is the fact the Department is having trouble obtaining dust layers which spread moisture by artificial means. All available railroad box cars are being shunted westward to take care of the bumper wheat crop and it is difficult to get shipments of dust layers.

The Department is doing everything possible to overcome its difficulty even using sprinklers on the roads, hand patching holes and pushing loose gravel to the side of the road. After rain comes, the loose gravel will be worked back into the roads.

So when you feel sorry for the poor farmers whose crops are burning up, you might also think of the State Highway Department, which has some 1,800 miles of gravel roads that also need rain.

ENJOYS HIS PARTY . . . President Truman, host to 885 wounded war veterans at a garden party on the White House lawn, looks happy as a kid with his favorite dessert, ice cream and cake, even with strike worries. President was said to have left all labor conferences in order to be with the wounded vets at his lawn party.

In Poplar Bluff, Mo., a fisherman went to a doctor to have a multiple fishhook removed from his hand, jerked the hand, hooked the doctor; a second doctor unhooked them.

MELON EATING CONTEST . . . Miss Marion Helm, Leesburg, Florida, gets in trim for the melon-eating contest. The first melon of the season sold for \$3.50 compared to retail price last year of \$1.50.

**Take My Word
For It!**

By FRANK COLBY

**HANDBOOK OF
PRACTICAL ENGLISH**

Q.—I have found it difficult to explain to my class why "party" should not be used in the meaning of an individual human being. Will you please discuss this for us?

A.—Primarily, party is a collective noun similar to crowd, group, company, as, a hunting party, a political party, a dinner party, a card party.

Only in legal usage should party designate a single person, as the party to a lawsuit, one of the parties in a divorce action.

Avoid: "He is the party I spoke of." Better: He is the person I spoke of.

Avoid: "A certain party of my acquaintance." Better: An acquaintance (friend) of mine.

The word "individual" literally means "a single entity; that which cannot be divided," as, society is made up of individuals; a man must be regarded as an individual, and he must accept his individual responsibility.

Therefore, use of individual to designate a specific person is undesirable.

Avoid: "She's a charming individual." Better: She is a charming person (girl, woman).

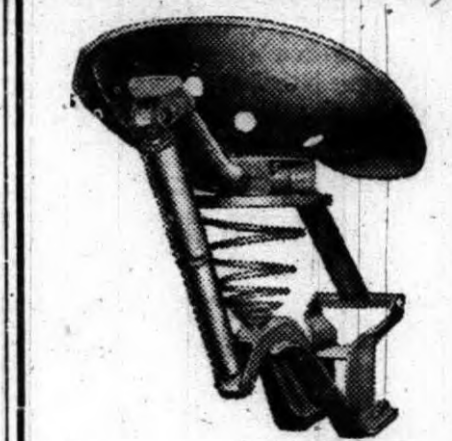

Of late, the word "character" has entered American slang in the meaning of, loosely, any specific person, as "And so I says to this character, I says, what kinda character do you think I am—a jerk? I says."

While character in the meaning of person is inaccurate, the word may properly be used in designating a person of uncommon or outstanding personality, as Napoleon is a great historic character; the eccentric old man was a local character who was both loved and feared; according to her friends, she was a saintly character.

Q.—Is "frustrated" a good word?
A.—It's a colloquial form perhaps influenced by "frustrated." The better and more proper word is "fustered."

OFFICE OF PROCEEDINGS OF THE BOARD OF EDUCATION

The Special Meeting of the Board of Education of Plymouth Public Schools of Plymouth Township, Wayne County, was held at the Board of Education office July 26, 1946.

The following members were present: Brisbois, Eaton, Stark and Strong.

The following member was absent: Sutherland.

The meeting was called to order at 10:10 a.m. and bids were opened for the proposed addition to the shop. A bid for \$10,000 was received from Wm. G. Birt, this price not including heating, wiring or painting. A second bid from Herman Perlongo was for \$10,570 for the same work.

Stark moved and Brisbois seconded the motion that all bids

be rejected. The reason for this action was that the board did not feel justified in paying the present high prices.

Ayes: Brisbois, Eaton, Stark and Strong.
Naves: None.

It was moved by Strong, seconded by Stark that the Marcus Scrap Iron and Metal Co. be hired to remove the old boilers at once, at a cost of \$100 and the waste metal. This work is to include removal of all brickwork and waste.

Ayes: Brisbois, Eaton, Stark and Strong.
Naves: None.

The board decided to go ahead with the removal of the boilers at once, so that the boiler-room can be cleaned up ready for the new boilers ahead of the date on which they are scheduled to arrive.

Brisbois moved and Stark seconded the motion that the board sell Government Bonds in the amount of \$25,000 purchased with funds from the Bldg. and Site Fund in order to pay cash for the boilers.

Ayes: Brisbois, Eaton, Stark and Strong.
Naves: None.

It was moved by Stark, seconded by Brisbois that Bovee and Wagenschutz be authorized to install the boilers.

Ayes: Brisbois, Eaton, Stark and Strong.
Naves: None.

Brisbois moved and Strong seconded the motion to adjourn. The meeting adjourned at 10:30 a.m.

Alice V. Strong, Secretary

TO THE HIGHWAY COMMISSIONER OF THE TOWNSHIP OF LIVONIA, WAYNE COUNTY, MICHIGAN.

Sir: You are hereby notified that the Board of County Road Commissioners of the County of Wayne, Michigan, did at a meeting of said Board held Thursday, July 25, 1946, decide and determine that the certain alley described in the minutes of said Board, heretofore taken over as a County road, should be absolutely abandoned and discontinued as a public highway, reserving therein the easement as herein set forth. The minutes of said meeting fully describing said alley are hereby made a part of this notice, and are as follows:

Minutes of the Meeting of the Board of County Road Commissioners of the County of Wayne, held at 3800 Barlum Tower, Detroit, Michigan, at 10:00 a.m. Eastern Standard Time, Thursday, July 25, 1946.

Present: Commissioners Brown, Wilson, and O'Brien.

Commissioner Wilson moved the adoption of the following resolution:

WHEREAS, this Board has received a petition from eleven freeholders of the Township of Livonia, for the abandonment and discontinuance of all the alley 18 feet wide in the rear of Lot 963 to 980, inclusive, and Lots 1028 to 1045, inclusive, of New Detroit Subdivision No. 1 of the W. 1/2 of the E. 1/2 of the N. E. 1/4 of Sec. 36, T. 1 S., R. 9 E., Livonia Township, Wayne County, Michigan, as recorded in Liber 62 of Plats, on Page 85, Wayne County Records, said alley being a county road under the jurisdiction of this Board; and

WHEREAS, pursuant to said petition and in accordance with the provisions of Section 18 of Chapter 4 of Act No. 283 of the Public Acts of the State of Michigan for the year 1909, and amendments thereto, this Board did, by resolution dated April 18, 1946, resolve that a hearing be held on said petition on the 23rd day of May, 1946, at 11:30 a.m. at 3800 Barlum Tower, Detroit, Michigan, to determine the necessity or advisability of abandoning and discontinuing said alley; and

WHEREAS, pursuant to the above mentioned statute, this Board has served a notice of said hearing upon all of the owners and occupants of lands intersected by or adjoining said alley, and published a copy of said notice in The Legal Courier, a

newspaper, published within the County of Wayne, on the 3rd day of May, 1946; and

WHEREAS, the said hearing was held at the time and place appointed by said resolution and this Board did then proceed to view the premises in accordance with the statute; and

WHEREAS, it appearing from said hearing and view of the premises that the public will have no further use for the alley in said subdivision so petitioned to be abandoned and discontinued, but it is desirable to maintain therein a public utility easement for the use and benefit of the public;

NOW, THEREFORE, BE IT RESOLVED, that all of the alley 18 feet wide in the rear of Lots 963 to 980, inclusive, and Lots 1028 to 1045, inclusive, of New Detroit Subdivision No. 1 of the W. 1/2 of the E. 1/2 of the N. E. 1/4 of Sec. 36, T. 1 S., R. 9 E., Livonia Township, Wayne County, Michigan, as recorded in Liber 62 of Plats on Page 85, Wayne County Records; being in all 0.155 mile of alley, be and the same is hereby abandoned and discontinued as a public highway upon the express condition that there be and hereby is reserved an easement in the land now occupied by said alley for the installation and maintenance of sewer water, gas, electric, telephone, and all other public utilities for the use and benefit of the public, and all persons, firms or corporations owning or operating said public utilities shall have the right to enter upon said easement for the purpose of installing, maintaining, or operating any of said public utilities.

BE IT FURTHER RESOLVED, that this Board believes it to be to the best interest of the public that said alley so abandoned and discontinued should be absolutely abandoned and discontinued as public highway, reserving therein the easement as herein set forth.

The motion was supported by Commissioner O'Brien, and carried by the following vote: Ayes: Commissioner Brown, Wilson and O'Brien; Naves: None.

THIS NOTICE IS GIVEN UNDER AND BY THE VIRTUE OF ACT NO. 283 OF THE PUBLIC ACTS OF 1909, AS AMENDED.

In testimony whereof, I have hereunto set my hand at Detroit this 1st day of August, A. D. 1946.

Older M.S.C. Students from Plymouth Remember Ray Stannard Baker

Ray Stannard Baker, the noted author and biographer who died at his home in Amherst, Massachusetts, on July 12, was one of the most distinguished graduates of Michigan State college. He was a member of the class of 1889, married Jessie I. Beal, of the class of 1890, daughter of one of the college's outstanding early faculty members, and maintained his interest in the college throughout his life.

In fact, at the time of his death, Baker was preparing for shipment to the college library his collection of books on bees. A son, James Baker, completed the

task of packing the books immediately afterward, and Jackson Towne, college librarian, received the books late in July.

A number of residents in and around Plymouth who were students at Michigan State College at the time, well remember Author Baker. Local bee growers, who also know of his outstanding studies in connection with bees, are delighted to know, too, that his books have become a part of the college library.

Baker always was interested in bees from his early days when he lived in Michigan. He resided in East Lansing from 1903 to 1911 during which time he began his famous series of "Adventures" books, written under the name of David Grayson. Throughout these books there are passages in which he refers to his experience as a beekeeper.

And as recent as 1942, in "Under My Elm" he devoted three chapters to the bees on his Amherst farm. The notes he kept on index cards on this project were also sent to the Michigan State library, as was the correspondence concerning his search for books on the subject. Oldest in the collection of 60 books is one by Thomas Hyl, published in London, 1568.

Incidentally, Baker's father-in-law and close friend, Dr. William J. Beal, was honored at the college at the recent conference of official seed analysts here from throughout the country. The group memorialized Dr. Beal and voted to erect a plaque in his memory in the new Natural Science building now under construction on the campus.

Pig Population Of County Jumps

The 1945 census figures recently received show increases in Wayne County farms and land in farms. The number of farms increased from 3552 in 1940 to 4,187 in 1945 and the land in farms from 155,574 acres to 185,635 acres in the same period. The average size of farm increased from 43.8 acres in 1940 to 44.3 acres in 1945. Other increases are shown in the following.

	1945	1940
All hogs & pigs	15,396	10,518
Cows & heifers milked	10,245	8,664
Chicken raised	626,768	353,085

"Michigan and the Old Northwest"

A birth of passing notice: Marie Larchevogue's, at St. Joseph, Nov. 22, 1736.

Her third husband, Thomas Brady, led raiders against St. Joseph in 1780.

In 1745 Chevalier became farmer agent there, stayed over 30 years.

In 1757-59 400 fur packs a year were traded at the St. Joseph station.

Oil exploration should be scientifically pursued in the Mackinac Straits area of Michigan, good commercial limestone probably is available between Black Lake and Rogers City and abundant salt is present in virtually all of the northern half of the Southern Peninsula.

These predictions are made by three University of Michigan geologists—K. K. Landes, George M. Ehlers and George M. Stanley—following a geological study of the Straits area. The study was made under a contract between the University and the Michigan Department of Conservation and the results have just been published by the department in a 204-page report, "Geology of the Mackinac Straits Region."

Prof. Landes, chairman of the Department of Geology at the University, wrote most of the report. In the section dealing with the economic geology of the Straits region, he declares that "more oil pools might be discovered throughout Northern Michigan by scientific prospecting with core drill and seismograph."

The Northern Michigan area has been largely ignored as possible oil-bearing territory because the Dundee formation, which is the leading oil-producing strata of Michigan, rises to the surface in the Straits sector, he says. "Experience has shown that oil is no respecter of formation names or even of geologic age," Prof. Landes declares. "As oil-bearing formations rise toward the surface, the oil reservoirs drop stratigraphically." This means that oil may be locked up in some of the older formations below the Dundee.

The Dundee formation also is the one which is a source of limestone, the report continues. In the Straits area, this formation is right below the glacial drift and lies in a curving belt from Presque Isle on Lake Huron to the north side of Little Traverse Bay on Lake Michigan. The western half of the belt is well buried under the glacial drift, the report says, but the covering is much thinner between Black Lake and Rogers City and it is quite possible that commercial stone is at quarryable depths in places in this area.

The report says salt is abundant at moderate depths except in the tip and northwestern half of the area. A pessimistic note is sounded as to prospects for obtaining commercial quantities of dolomite and gypsum from the rocks investigated. The dolomite is reported to be buried beneath thick glacial drift, and the gypsum beds north of the Straits are below lake level, with quarrying involving high, if not prohibitive, pumping expense. South of the Straits, gypsum is not present at reasonable quarrying depth.

After harvest is the time to clean up the raspberry patch, suggests Jack Rose, Michigan State college extension specialist in home gardening.

The habit of growth of raspberries makes this clean-up necessary. Each season new canes appear as shoots from the crown or roots and from buds near the base of the previous year's canes. These new canes complete their growth the first summer, bear a crop the next year and then die. They are then ready to be removed. If they are not, the patch soon becomes choked with dead canes, literally a bramble patch. Old canes also harbor insects and diseases. Michigan State College Extension Folder F-74, "Hints on Raspberry Growing," gives a pruning program to follow. It suggests that immediately after harvest all old canes be cut out and burned. Don't leave these old canes piled near the planting, Rose warns. Burn them as they are cut out to check the spread of insects and disease.

Remove all suckers of red raspberries that have come up outside of the hill or row.

If it has not already been done pinch or cut off the ends of young shoots of black and purple raspberries when they reach a height of 2 to 2½ feet. Rose says this practice is not recommended for red raspberries.

The bulletin on raspberries may be obtained from county ex-

tension offices or from the Bulletin Office, Department of Public Relations, Michigan State college.

Thirty-one ponds covering 46 acres at seven Michigan fish rearing plants are now devoted to experiments by the conservation department's fish division in propagating bait minnows. Spurred by scarcity of minnows both among bait dealers and in some waters which formerly supplied local fishermen, the division is developing the "know how" of minnow raising, so dealers will be encouraged to grow their own.

The Drayton Plains, Hastings, Harrisville, Comstock Park and Wolf Lake state hatcheries, the federal hatchery at Northville, and the Almena state rearing station are participating in the experiments, now in their second year. Records will show the prospective private minnow raiser not only which methods are practical, but the equally important facts on costs.

Typical of the information already acquired are the facts that creek chub eggs are readily incubated in hatchery jars and chub fry are hardy enough to withstand long hauls in milk cans, but that suckers are delicate in the fry stage, and not easily handled without considerable mortality. Besides chubs and suckers, golden shiners are now being grown, and northern pearl dace and northern fine scale dace each have a pond set aside for them.

A handbook of minnow culture, based on the experiments, will be issued later this year. Last season the division sold a small surplus of minnows produced in the experiments, for two cents apiece, and this year it has an estimated 1,000,000 on hand, with orders for 100,000 already booked.

The number of transfers of farms in Michigan in the last three years has been about double the normal turnover according to Karl T. Wright, farm management specialist at Michigan State college. A survey, being conducted by this department with the U. S. Department of agriculture, also reveals that about half of the buyers of Michigan farm land are city persons.

Wright believes this is a higher percentage than in other states. He believes that many persons, living in our industrial cities, were raised on farms and have a "yen" to own a farm.

"There are two types of buyers of this group. One is the factory worker who went through the last depression in the city. He thinks a small place in the country would provide him greater security in the event of another depression. The other city buyer is one of the wealthier class who wants a farm as a hobby. His income during the war years has been high, and even if he loses money operating the farm, the reduction in his income tax will almost equal the loss," Wright explains.

The other half of the buyers, Wright says, are either farm owners or tenants purchasing farm land. Most of these are owners who are buying additional land to have a larger and more efficient farming unit. The smallest group is that of tenants becoming established as owners.

Michigan land prices remain above the U. S. average and the March 1946 figures were 13 points above the 1920 peak, Wright pointed out. Before the price break in 1920, Michigan land prices stood lower than the United States average, Wright's figures reveal.

City's Tennis Tourney Opens Monday, Aug. 19

Play in Plymouth's first annual tennis tournament is scheduled to get underway Aug. 19, according to Virgil C. Knowles, recreation chief here.

Mr. Knowles said there might not be a large turnout for the tennis tourney this year but so far all that had signed up to play were very enthusiastic about the program.

Earl Mastie has agreed to assist Mr. Knowles in staging the meet. Information about it can be obtained by calling 93 and asking for Mr. Knowles or contacting Mr. Mastie.

CITY OF PLYMOUTH COUNTY OF WAYNE

THE CITY OF PLYMOUTH OFFICIALS

SECTION 1 — Permission is hereby granted to THE DETROIT EDISON COMPANY, a New York Corporation, its successors and assigns, to construct, maintain and operate in the public streets, highways, alleys and other public places in the CITY OF PLYMOUTH, Wayne County, Michigan, all needful and proper poles, towers, mains, wires, pipes, conduits and other apparatus requisite for the transmission and distribution of electricity for public and private use, subject, however, to all conditions and restrictions hereinafter contained.

SECTION 2 — The conditions of the foregoing grant are as follows:
A—The grantee shall do no injury to any street, highway, alley or other public place, or to any shade trees, or in any manner disturb or interfere with any water or gas pipes, or with any public or private sewer, now or hereafter laid or constructed by any authorized person or corporation.

B—The City Commission may in its discretion grant permission for the trimming of trees when necessary to make the lines safe and accessible, such trimming to be done under its supervision.

C—The construction work of the said lines shall be under the supervision of the City Commission and the grantee shall pay to the City, upon presentation of an itemized bill, the cost of such supervision at the legal rate of charge for the same.

D—The said grantee before entering upon any street, highway, alley or other public place for the purpose of erecting and constructing any poles, mains, wires, pipes, conduits or other apparatus, shall, in writing, notify the City Commission or its representatives of the proposed construction and obtain its approval thereof, and shall, if the City Commission so requires, file with them a sufficient plan and specification, showing the nature and extent of the proposed erection and construction. The cost of inspection shall be held to be part of the cost of supervision.

E—No street, highway, alley or public place shall be allowed to remain open and encumbered by the construction work of the said grantee for a longer period than shall be necessary to execute the said work and the City Commission shall determine the question of such necessity, and the grantee shall at all times conform to all ordinances of the City, now or hereafter in force, relative to the fencing and lighting of obstructions and excavations.

F—The grantee shall save the City harmless from any judgment that may be recovered against the City by reason of the wrongdoing or negligence of said grantee in the erection and maintenance of said poles, mains, wires and other apparatus or construction.

G—Said grantee shall make due provision upon forty eight hours' notice in writing by raising its wires or otherwise for the passage of any barn, building or other structure on or over any street, highway or public place occupied by the mains, wires, poles and apparatus of said grantee.

SECTION 3—The rates charged by the grantee herein, its successors and assigns, shall not at any time be greater than the current rates charged by THE DETROIT EDISON COMPANY, its successors and assigns, in the City of Detroit for similar service. Such rates shall be subject to review and change at least once in every ten years during the life of this franchise by the Michigan Public Service Commission or its statutory successor, upon application of the City.

SECTION 4—This franchise may be leased, assigned or alienated only by an instrument in writing executed by The Detroit Edison Company to a corporation which shall be the lessee, assignee or grantee of all the properties of the grantee hereof in

the City of Plymouth, including this franchise.

SECTION 5—This grant shall take effect if said grantee shall, within fifteen days from the date of the passage of this ordinance, file with the City Clerk its written acceptance of the terms of the same, and upon the confirmation of this grant by the affirmative vote of three fifths of the electors of said City, voting thereon at a special election to be held on Monday, the 16th day of SEPTEMBER, 1946, as provided for by the Statutes and the State Constitution.

If not confirmed by the electors voting at said election, this ordinance shall be null and void.

SECTION 6—This Franchise and Ordinance shall be and remain in force for thirty (30) years from and after the date of its confirmation by the electors of the CITY OF PLYMOUTH, Wayne County, Michigan.

SECTION 7—Nothing in this grant shall be construed to alienate the title of the public in and to any street, highway, alley or public place, or any portion thereof, neither shall anything herein be construed in any manner as a surrender by the CITY OF PLYMOUTH of its legislative power with respect to the subject matter hereof, or with respect to any other matter whatsoever; nor as in any manner limiting the right of the said CITY OF PLYMOUTH to regulate the use of any street, avenue, highway or public place within its jurisdiction.

Dated this 5th day of AUGUST, 1946.

ROBERT LIDGARD, Mayor.
HAROLD CHEEK, Clerk.

AUGUST 5, 1946.
Moved by CORBETT
Seconded by TAYLOR

The following Resolution was adopted by a vote of Yeas 5, Nays 0, Absent 0.

RESOLVED, that the ordinance granting franchise to THE DETROIT EDISON COMPANY, as read, be adopted, subject, however, to confirmation by a vote of the electors of the CITY OF PLYMOUTH, Wayne County, Michigan.

I hereby certify that the above and foregoing is a true and correct copy of a franchise granted to THE DETROIT EDISON COMPANY, at a regular meeting of the City Commission of the CITY OF PLYMOUTH, Wayne County, Michigan, held on MONDAY, the 5th day of AUGUST, 1946, said franchise to take effect upon its confirmation by the electors of said City as provided for in Section 5 thereof.

HAROLD CHEEK, Clerk.

Children Aid Workers to Meet

The Twenty-Third Annual Convention of the Michigan Society for Crippled Children and Disabled Adults, Inc. was announced today by Percy C. Angove, Executive Director. Grand Rapids will be the host city and the dates are November 7, 8, and 9. Headquarters: The Morton Hotel.

Mr. Angove, a resident of Northville, is well known in Plymouth where he has often spoken in behalf of the crippled children's work in Michigan. Plymouth has been one of the substantial supporters of this humane work.

The program this year will be given over entirely to newer developments in the fields of services to the more severely handicapped; the cerebral palsied (spastic), epileptic (convulsive disorders), and rheumatic fever.

The number afflicted with cerebral palsy, a comparatively neglected group, are at least equal in number to those afflicted with infantile paralysis. Rheumatic fever kills more children than the four other major children's diseases combined. It kills five times more than infantile paralysis and 90 per cent of defective hearts in childhood is caused by rheumatic fever. The number suffering from convulsive disorders in the state is not determined but it is estimated that there are at least 15,000.

The program participants will comprise national and state leaders in these fields. Addresses and discussions will be interspersed with visual means of showing what is being done and what can be done.

Any persons interested, professional and lay, are cordially invited to attend and learn of the Society's new programs in behalf of each of the above diagnostic groups. There are no dues or registration fees. It is urged that reservations be made early.

The Society is this year celebrating its twenty-fifth anniversary, and the president of the Society, Mr. Emmot Richards, who is editor and publisher of the Alpena News, and also chairman of the Michigan Crippled Children Commission, appropriately chose for this year's convention motto, "Hats Off To The Past; Coats Off To The Future."

For the first time in history, except during wars, a government oil and gas agency has been set up — in the Department of Interior.

How do they do it?

Could you produce one-third more crops with 10% less manpower? The farmers of America did it during the last full year of the war.

How? Partly by working themselves and their machines longer, harder. Partly by assisting hired help with wired help.

Electricity has taken over more and more farm chores. It pumps water, grinds feed, cures hay, fills silos. It steps up milk and egg and pork production. It eases farm housework, too.

Cheap, dependable electricity has done more than any other force to make farming efficient and farm life comfortable.

Who electrified the farms? Rural electric service didn't happen overnight. It started more than 25 years ago—with America's business-managed electric companies. These companies did the pioneering—the pick-and-shovel work.

The advantages of electricity on the farm were many. The problem was to get it to the farmer. Distance and weather called for new methods and materials. New farm machines suitable for electric drive had to be developed.

Each problem was licked in turn by American initiative and ingenuity. Service grew steadily better and cheaper. Farm by farm, area by area, the web of wire expanded.

What of tomorrow? Today Detroit Edison serves 35,278 farms (about 95% of all farms in our territory and more than 100,000 other rural customers outside of incorporated towns. That's real progress.

But the job isn't done. As fast as transformers, wire, poles and other critical materials become available we are extending reliable, low priced electric service. It is our goal to make this service available to every home, farm, business and industry at the earliest possible date.

For your listening pleasure tune in The Electric Hour every Sunday at 3:30 over WJR featuring Anne Jamison and Bob Shanley with Robert Armbruster and his orchestra.

On reading and filing the bill of complaint in said cause, filed in accordance with the provisions of Sections 9b and 13a of Act No. 238 of the Public Acts of 1897, as amended by Act No. 170, Public Acts of 1941, and the affidavit of Archie C. Fraser, from which it satisfactorily appears to the court that Bankers Trust Company of Detroit, A Michigan Corporation, has in its possession certain monies due to and belonging to the hereinabove enumerated defendants, excepting the Bankers Trust Company of Detroit, which funds have been due but unpaid, unclaimed, uncalled for or abandoned by the said defendants, excepting the Bankers Trust Company of Detroit, their unknown heirs, devisees, legatees and assigns, for a period of upwards of 7 years last past, and praying for an order to declare such property abandoned and for decree escheating such funds to the State of Michigan and transferring same to the State Board of Escheats of the State of Michigan as Trustee, pursuant to said statute, and that the defendants as above enumerated, or their unknown heirs, devisees, legatees and assigns, are proper and necessary parties defendants in the above entitled cause, and

IT IS FURTHER APPEARING that after diligent search and inquiry it cannot be ascertained and it is not known whether or not said defendants, excepting the Bankers Trust Company of Detroit, are living or dead, or where any of them may reside if living, and if dead, whether they have personal representatives or heirs living or where they or some of them may reside, and further that the present whereabouts of said defendants, excepting the Bankers Trust Company of Detroit, are unknown, and the persons who are included therein without being named, but who are embraced therein under the title of unknown heirs, devisees, legatees or assigns, cannot be ascertained after diligent search and inquiry.

On Motion, of John R. Dethmers, Attorney General of the State of Michigan, Archie C. Fraser, Assistant Attorney General, and Percival R. Piper, Assistant Attorney General, representing the plaintiff,

IT IS HEREBY ORDERED, That the 25 day of October, A.D. 1946, be and the same hereby is fixed as the day for hearing of this bill of complaint, and all persons hereinabove identified as defendants, and their unknown heirs, devisees, legatees and assigns, and all persons claiming by, through or under them as may have a claim or interest in said unclaimed, uncalled for or abandoned monies now in the possession of the Bankers Trust Company of Detroit, defendant herein, are hereby required to enter their appearance in writing with the Clerk of this Court within three months from the date of this order, or to appear before this Court on said date at 2 o'clock in the afternoon, and at such hearing show cause, if any there be, why the prayers in said bill of complaint should not be granted, and in default thereof said bill of complaint shall be taken as confessed by the said defendants, their unknown heirs, devisees, legatees and assigns, and decree and order thereon be entered as prayed;

IT IS FURTHER ORDERED, That service of notice of hearing of said bill of complaint be made upon the hereinabove enumerated defendants, excepting the Bank-

ers Trust Company of Detroit, their unknown heirs, devisees, legatees and assigns, and all persons claiming by, through or under them, by causing a true copy of this order to be published in The Plymouth Mail, a newspaper printed, published and circulating in the County of Wayne, within 40 days after the date hereof; and that the publication be continued once each week for six (6) successive weeks; and that plaintiff cause a copy of the bill of complaint and of this order to be personally served upon the Bankers Trust Company of Detroit, defendant herein, and upon any of the other defendants whose names or whereabouts may be ascertained by the plaintiff during the running of this order, at least 20 days before the time prescribed for the hearing of said bill of complaint.

The American's Creed
"I believe in the United States of America as a Government of the people, by the people, for the people; whose just powers are derived from the consent of the governed; a democracy in a republic; a sovereign Nation of many sovereign States; a perfect Union, one and inseparable, established upon those principles of freedom, equality, justice and humanity for which American patriots sacrificed their lives and fortunes."
"I therefore believe it is my duty to my country to love it, to support its Constitution, to obey its laws, to respect its flag, and to defend it against all enemies."

25 YEARS OF A QUARTER CENTURY OF SERVICE TAKEN FROM THE FILES OF THE PLYMOUTH MAIL

Ralph Bovee is spending two weeks at the home of his cousin, Mrs. Nelson Bender, at Worden. W. E. Petz and family returned home last Saturday from a several weeks visit at Rogers, Mich. Mr. and Mrs. J. J. McLaren and Mr. and Mrs. George McLaren were guests of Mr. and Mrs. L. A. Babbitt at Sand Lake, last Sunday. H. S. Shattuck and W. S. Birch were in Chicago for a few days last week on business. While there, they attended the Pageant of Progress.

R. R. Parrott was in Saginaw last Saturday attending a meeting of the board of directors of the Peninsular Mutual Automobile Insurance Co., of which he is a member.

Charles Mather and family were Battle Creek visitors last Saturday and Sunday. Mrs. William Weed and granddaughter, Harriett Kenyon, of that place, returned home with them for a visit.

C. G. Shear and J. T. Chapman have purchased the interest of Roy Shaw in the Plymouth Buick Sales Co. of this village. Mr. Shaw has associated himself with the Shaw Bros. Motor Development Co. of Detroit, who will place a light car on the market in the near future. Mr. Shaw and family will continue to remain residents of Plymouth for the present at least.

Mr. and Mrs. N. W. Daggett

and Mr. and Mrs. Irving Daggett of Holly, were guests of Mr. and Mrs. Harold Daggett, Saturday.

Mrs. G. E. Champe of Loganport is visiting her son, Dr. B. E. Champe, this week.

Mr. and Mrs. George Richwine leave today for several days' visit with relatives in Chicago, Ill., and Hammond, Ind.

Mr. and Mrs. Fred Schaufele and baby, Lois, were Sunday guests of the former's brother, Frank Schaufele, and wife at Northville.

Mrs. A. K. Brocklenhurst, and son, Jean, have returned from an extended visit with relatives in Southern Indiana and Louisville, Ky.

Clifford Tait and Perry Richwine are camping at Island Lake.

Mr. and Mrs. Coda Savery and family spent Sunday afternoon at Roy Waterman's and all motored to Silver Lake.

Mr. and Mrs. Theodore Sieloff spent Sunday at the home of their son in Royal Oak. They report finding his wife much improved in health.

Bruce Rorabacher spent Sunday at Whitmore Lake.

Mrs. Don Packard and Cecil visited her mother, Mrs. Frances Durfee, at Wayne last Friday.

Mr. and Mrs. Chas. Widmaier and a family, Mr. and Mrs. Philip Widmaier and guests of Salem, Mrs. Willard Cole and son Howard, and Mr. and Mrs. Charles Widmaier of Northville, were Sunday dinner guests of Mr. and Mrs. Fred Widmaier.

Mr. and Mrs. E. C. Vealey and Mr. and Mrs. Roy Jewell spent Sunday at Put-In-Bay.

Miss Grace Tillotson of South Main street, spent a few days' last week with Irving Jewell and wife at Novi.

Mrs. J. D. McLaren and guests, Mrs. William Van Fleet and daughter, Leola, left Monday evening for a few days' visit with relatives at Salem and South Lyon.

Our new boulevard lighting system, which is rapidly nearing completion, will make Plymouth one of the best lighted towns to be found anywhere. Some sort of a celebration should be planned for the night the lights are turned on.

Mr. and Mrs. F. L. Becker and family returned last Friday from a week's visit with relatives at Fenton and Howell. While at Fenton, they attended a homecoming of the Congregational church at Tyrone, their old home town; also the Farmer's picnic at the M. A. C., Lansing.

BERSON

BABSON DISCUSSES EMPLOYER-EMPLOYEE-CONSUMER RELATIONS.

Gloucester, Mass., August 9. — "How much longer will it be before we can enjoy our rightful standard of living?" This summarizes the questions with which I am being bombarded. My answer is: "When all people change their selfish attitudes. Otherwise, I fear the now chronic employer-employee-consumer conflict will continue." Yet, isn't the employer also an employee and aren't both consumers? So why not stop the silly bickering and settle down to do a good job and profit from the results?

LABOR'S BLAME
Much of the blame for the decline in productivity experienced in many industries since the War properly belongs to labor. The extensive development and use of machines by American workmen enabled the United States to produce two-fifths of the world's industrial output prior to the War. Yet, labor unrest, manifest not only by strikes but also in practices to cut down output while on the job, reduced output per man-hour nearly 43 percent from 1939 to 1945!

In the long ago when the family made its own clothing, provided its own food and built its own shelter, mere survival demanded that each member contribute his share of labor. Reduce our complex economic structure to the simple terms of primitive society and the reason for the current economic muddle is crystal clear and the solution obvious. High productivity is the only method of assuring ourselves of a superior standard of living.

EMPLOYER'S RESPONSIBILITY
Research should play a major part in every employer's program. He must at all times keep abreast of additional sources of materials, new ideas and modern methods. He must be ready and willing to make innovations which will provide employees with the methods and tools necessary to produce more and better goods. And he must merit the respect and confidence of workers.

The pressing need for commodities and tools of all kinds promises a golden era for producers in the months immediately ahead. Long and hard usage have rendered much equipment beyond repair and ready for the scrap pile. Money is plentiful and people are in a mood to buy. Now is the time to produce and release those necessities—yes, and even luxuries—which contribute so much to the well-being and happiness of the people of the world.

CONSUMERS MUST PLAY THEIR PART
Now, a word to consumers. We have waited long and patiently to replace our worn-out materials; but let us remember that some 140,000,000 other people in this country also need to replenish their supplies. Hence, we should not make all our purchases at one time. We should buy only what we need for use over a reasonable period and give our neighbors a chance to have a share in the products as they come into the market.

We must remember, too, to watch prices. The immediate future will be particularly critical. Potential devastating inflation lurks behind the price we are willing to pay for the things we

buy. Therefore, before buying anything let us be sure that it is necessary to have it. We should take a long-range outlook. Prices paid now may well determine the kind of country in which we shall live five years hence!

CONCLUSION
Therefore, I plead with all — employer, employee, consumer — to pull together now in time of peace as we did in time of war. To the employer, I say, "Now is the time for you to prove yourself a true statesman," to labor, "Remember that you, too, must share in the losses as well as in the gains in industry," and to the consumer, "Let your neighbor, as well as yourself enjoy the fruits of production."

Warns Veterans About Seniority

Vacation for Veterans Can be costly!
This is the opinion of Clarence Jetter, manager of the Plymouth U. S. Employment Service, voiced after considering referrals of 650 veterans to jobs in Plymouth and vicinity in the first six months of this year.

"Veterans who are 'resting' now, before they go into industrial or other employment are deliberately ruining their future prospects of employment, via the 'seniority' route," he said.

"Every considerable plant which is organized by unions today, has a clause in its contract which protects the seniority of its employees. While today's veterans are resting, other workers, some of them non-veterans, are procuring employment and seniority which protects them against future layoffs. When the vacationing veteran is hired, he is likely to find himself at the bottom of the seniority list, and hence the first to be laid off in time of employment recession. Incidentally, his unemployment benefits, built up through work-in, will be smaller."

The moral: Get a load of Seniority!

Plymouth Corn on Illinois Table

The fact that his daughter resided in the heart of the nation's corn belt didn't stop one proud Plymouthite from sending her a sample of the delicious sweet corn grown in these parts. In so doing he also learned something about mail deliveries.

Seems Roy G. Clark was so pleased with the sweet corn here that he wrapped up a dozen ears and mailed them to his daughter, Mrs. Bernice Gildart, of Evans-ton, Ill.

At the same time—5 p.m. Wednesday, July 31—Mr. Clark mailed her a postcard. Mrs. Gildart replied the same week, thanking her father for the corn and agreeing it was excellent even though grown in Michigan.

She wrote that none of its flavor was lost as it arrived in time to be eaten for lunch Thursday, just 19 hours after he had mailed it.

P. S. The postcard arrived 24 hours later than that, on Friday, Aug. 2.
