Vol. 59, No. 3

Plymouth, Michigan Friday, September 20, 1946

\$2.00 Per Year in Advance

NOT LONG TO WAIT.

"Wonder how long this mess is going to continue?" seems to be the most common question of the day.

Our answer is that it will not be long—that the waiting period for something to happen is about over.

While employment is at an all-time peak, production is at an exceedingly low level. In other words those who are being paid to produce, are not producing. And when that happens, something has got to happen.

Politics has never successfully run a business and when you mix politics and business, you have a mess on your hands. Any one with common sense could foretell the ultimate results of the policies in Washington eight or ten years ago. You can't give an army of racketeers the right to do anything they want to do without trouble resulting. There are a few decent people left in the country who resent rule by mob—and it is nothing less than amazing how the ranks of these DECENT people are being filled with more decent people.

Soon the day will come when these decent people are going to say it's time to call a halt—it's time to end this mess, the Washington administration and its mobs have gotten the country in—and when that day comes, what a reckoning there will be! We don't think we have long to wait.

ONE WRONG DOES NOT RIGHT ANOTHER.

We've never been very keen about kids attending public schools or even colleges and universities becoming joiners—that is, we have always believed that sororities and fraternities take too much of a student's time to do the student any good. It's custom, and that's that.

But up in Port Huron the other day the school board suspended from the public schools a number of high school girls because they had joined a secret sorority.

It's against the law for these organizations to exist among public school students, but to deprive a young person of educational opportunities because of a law enforcement does not, to our way of thinking, right the wrong. We haven't taken the time to look up the law to see what the penalty is for violating that law. It must provide some sort of legal punishment, which should be applied, outside of suspending students from school.

I LIKE BREAD.

So the busy-body planners down in Washington have created another meat shortage, have they? Well, that just doesn't bother me a bit. I like bread. I like any kind of bread, but Terry's the best of all.

And there's a big wheat crop this fall—a whaling big crop. If we don't ship it all to Russia where they are storing away things with which to blow up the United States, there will be plenty of bread this fall and winter. What more can one ask, in this land FLOWING WITH MILK AND HONEY AND BREAD?

RUSSIA COMES FIRST, IT SEEMS.

Was quite amazed the other day to read where this country had shipped hundreds of railway locomotives to Russia, plus numerous other kinds of heavy railway power engines and equipment.

Yes, this country has shipped all of this material to Russia notwithstanding the fact that it is so badly needed here.

But didn't we ship scrap iron to Japan right up to almost the very day that the Japs started war on this country? So why be surprised at any fool thing that is done by the crackpots running affairs down in Washington?

Who knows but what they will be giving Russia the entire American naval fleet? That would be in keeping with the way they have been figuring things out down on the banks of the Potomac.

OUT IN HOLLYWOOD, TOO.

A news report published in some paper the other day told of an American war hero who had established himself as an ace naval photographer, returning to one of the big film studios in Hollywood to assume the job he had before the war. During his heroic services to the country he had been badly wounded. The film studio gave him a job—as an office boy at \$35 per week.

But the studio wanted to give him \$192 per week to take still photographs, as he was more than qualified for the job at the higher pay.

Did this war veteran get the job with the big pay? No! It seems that some union rule put into effect during the war keeps this vet from doing the kind of a job he knows how to do so well and which would pay him a worthwhile wage. This is just one of thousands of similar cases in this land of liberty.

WHAT OTHERS THINK.

Maybe you would like to have an idea of what some others think about affairs in these glorious United States of ours.

The following paragraph is taken from a recent issue of The United States News:

Things aren't any too good inside this country right now. Government has the price system all messed up, maybe beyond easy repair.

Labor is restless and imbued with the idea of more pay for less work.

Management is caught between labor demands and price ceilings.

Net effect of it all is that there is a vast churning around in U. S., with jobs plentiful, money free and easy, wages high, industry active, but with a very uneven and unsatisfactory flow of goods coming out at the end. The goods that come out do not fit into any orderly pattern that is related to demand.

A rather early shake-out—one within 12 months or less—seems more and more inevitable before the country can get to work on an orderly basis.

Shake-out, when it does come, is not likely to represent the start of a long depression. It is very likely to be sharp, but short. It probably will hit hardest in farm and food prices and in construction-material prices. Wages are very unlikely to be driven lower. More probably a new wage rise is ahead.

First year of orderly and real prosperity may turn out to be 1948.

THIS PRICE CONTROL BUSINESS.

Pressure groups got a weak-kneed congress to restore price control on any of the articles of necessity. But in spite of these price controls, prices keep rolling up and up. In fact there have been more price advances since price control legislation was re-enacted than there were before the law was restored. During late summer there was plenty of meat for everybody—but now that price controls are back on, there is no meat for anybody. A lot of propaganda comes out from Washington about meat going into the black market. Folks would like to know where those black markets are located. The present situation is due entirely to the efforts of a group of officials down in Washington who seek to make these United States another Soviet Union.

Stolen Articles Recovered For Plymouth Firm

Property that was stolen in Plymouth the night of Sept. 3 has been recovered by Detroit police. Monday, Russell Powell was summoned to Detroit to identify, if he could, any of the property seized when a Detroit safecracking gang had been rounded up. Mr. Powell was able to identify a screw driver and a radio as those taken from the Powell place of business.

Both will be returned to the owner after they have been used as evidence in the forthcoming trials of the gang members, Detroit police told Mr. Powell.

It was during the night on Sept. 3 that the wholesale warehouse of Powell and Son on Ann Arbor road was entered. The safe was badly damaged but not broken into. None of the beer stored in the warehouse was taken either.

Mr. Powell did miss a set of tools and two radios. One of the radios was no good, he reported, and the other needed repairs. It was the one that needed repairs that was recovered. And too, it had been repaired in the meantime.

Mr. Powell said Detroit officers told him the gang was arrested as the result of an arrest made in Tennessee. They said that apparently the gang had been very active in and around Detroit as they had several truckloads of stolen goods.

The thieves aimed for safes in all jobs but if the safes proved too tough they took anything else that was available, Detroit police said.

Miss Martin Back On Police Job

Marilyn Martin has returned to her duties as Plymouth's policeman. The pert young miss began her law enforcement career in 1940. She proved herself very capable, co-operative and was an able good-will ambassador for the department.

In February, 1942, she grew restless and expressed a desire to embark on a military career. She was granted a leave of absence and enlisted in the WAC.

After receiving her basic training she was assigned to the Air Corps WAC and sent to Boca Raton Air Field, Boca Raton, Fla. She remained there throughout the war. She was honorably discharged in November, 1945, but at the request of the War Department remained on the job there as a civil service employee.

Miss Martin left Federal employment last July and came home to Plymouth and her former job with the police department. She did not return to duty until Sept. 1. Now she is back in the old routine and enjoying it immensely.

She is the very attractive daughter of Mr. and Mrs. William Martin, of 344 North Harvey street, and a graduate of the Detroit Business Institute.

Cutlers Buy Pioneer Home

Judge and Mrs. Rustling Cutler, who recently sold their home at 416 Evergreen to Mr. and Mrs. Jerry Evgreen of Ann Arbor, have just purchased what is best known as the Fred Hall home at 193 North Main street.

The Hall residence is one of Plymouth's "pioneer" residences. It was built during the early days of the Civil war by the father of Charles Bennett and for years it was occupied by members of the Bennett family.

In more recent years it was owned by the late Fred Hall who died in 1942. Since then the property has been in the possession of a nephew of the late Mr. Hall, Winfield Scott of Worcester, Mass. Mr. Scott is a former resident of this city but has lived in the east for many years.

Judge Cutler plans to put the house in living condition as quickly as possible so that he and his family can vacate their present home within the near future. He will make no change in the outward appearances of the residence, keeping the same architectural design that was so popular back in the days of its erection.

The lot, some 94 feet by 200, is shaded by trees that were planted by Mr. Bennett's father at the time he built the house.

Mr. Engles, the purchaser of the Cutler residence, is associated with an Ann Arbor real estate office. While he plans to reside in Plymouth, he will retain his Ann Arbor connections.

Plymouth Restaurant Owners Face Near Calamity As Results of OPA Order

The nit-wits, misfits, unfits and chicken-feed politicians office holders and others who constitute the OPA, have issued an order which if not soon corrected, will make it almost impossible for people who are forced to get their meals at restaurants, lunch counters and hotels to find anything to eat.

It seems the empty-headed paucity has issued an order "cutting back" to June 30 prices that eating places can charge for meat dishes they serve. This means that Plymouth eating places can charge no more for the meals they serve than they did back in 1943.

Meanwhile the same nincompoops down in Washington have granted meat dealers increases of various cuts of meat that average from 14 to 25 cents or more per pound.

When a Plymouth restaurant owner goes to one of the local

meat markets to try and find some meat to serve his patrons, he pays much more because of this OPA order than he did last June. But when he prepares that meat and serves it to you, he must not include in his prices the additional price he had to pay to the meat dealer because of OPA orders.

The result of that order will probably mean that soon Plymouth residents who are forced to get their meals at eating places, will be buying a loaf of bread and nibbling off the end of the loaf as they walk along the streets, as they do over in Russia.

This is known—that not one of the local restaurant owners knows how long he can keep going if the country keeps on permitting the woody yaps of the OPA to keep on messing things up.

Unless some of the local restaurateurs have been fortunate to have a little back-log of meats on hand, there are tough days ahead for some hundreds of people of Plymouth who are required to get their meals out.

Plymouth Coach Increases Trips, Starts New Route

Edward Sinta, manager of the Plymouth Coach Company, this week announced new and more frequent daily schedules between Plymouth and Detroit and inauguration of a new line operating on Five Mile Road.

The new daily — Monday through Saturday — schedules offer Plymouthites 28 trips between here and Detroit. The service is available 21 hours out of every 24.

Week day trips to Detroit start at 4:55 a.m. and end at 12:13 a.m. The schedule has been so arranged that persons leaving work on the hour still have time to catch a bus without lingering another hour as was the case in the past.

Buses under the new schedule will leave Kellogg Park for Grand River at 5 a.m., 5:55 a.m., 6:25 a.m., 7:00 a.m., 7:30 a.m., 8:00 a.m., 8:45 a.m., 9:30 a.m., 10:15 a.m., 11:00 a.m., 11:45 a.m., 12:30 p.m., 1:15 p.m., 2 p.m., 2:30 p.m., 3 p.m., 3:30 p.m., 4 p.m., 4:30 p.m., 5:15 p.m., 5:45 p.m., 6:15 p.m., 7:15 p.m., 8:15 p.m., 9:15 p.m., 10:15 p.m., 11:15 p.m., and 12:15 a.m.

Mr. Sinta pointed out that Monday through Friday there will be an extra coach to Detroit leaving Plymouth at 5:05 p.m.

He also reported that the coach to Detroit leaving Plymouth at 11:15 p.m. is scheduled to "lay over" at Evans Products plant from 11:50 p.m. to 12:05 a.m. each night.

Buses from Detroit (Grand River and Plymouth) to Plymouth and intermediate points will leave at 6 a.m., 6:40 a.m., 7:10 a.m., 8 a.m., 8:30 a.m., 9 a.m., 9:45 a.m., 10:30 a.m., 11:15 a.m., 12 noon, 12:45 p.m., 1:30 p.m., 2:15 p.m., 3 p.m., 3:30 p.m., 4 p.m., 4:30 p.m., 5:15 p.m., 5:45 p.m., 6:15 p.m., 6:45 p.m., 7:15 p.m., 8:15 p.m., 9:15 p.m., 10:15 p.m., 11:15 p.m., 12:15 a.m., and 1:15 a.m.

The company's new line operating over Five Mile offers six trips daily. The route is Plymouth to Five Mile via Northville Road and over Five Mile to Inkster Road, on Inkster to Joy Road and over Joy to Middlebelt and Middlebelt to Ann Arbor Trail. The return trip is just reverse.

Buses will leave Plymouth at 6:20 a.m., 8 a.m., 10:15 a.m., 2 p.m., 3:35 p.m., and 5 p.m., on the newly established Five Mile Route.

They will leave Ann Arbor Trail and Middlebelt for Plymouth at 7:10 a.m., 8:55 a.m., 11:10 a.m., 2:45 p.m., 4:15 p.m., and 5:45 p.m.

Frequency of service on the new route, Mr. Sinta said, will be increased if the patronage is sufficient enough to warrant it.

The Library book club will meet on Tuesday the 24th with Mrs. J. R. Witter 593 Edison Ave. The book to be reviewed will be "Antioch Actress."

Announce Change In Noon Hour At Central Grade School Monday

Parents were advised this week-end that action had been taken at Central Grade school to lengthen the noon lunch period 15 minutes.

Due to the increasing number of children that were carrying lunches at noon it was felt that an additional 15 minutes time would enable many of them to go home for their lunches.

School officials also felt that the smaller students of Central Grade school needed an additional 15 minutes at noon in which to have more time for their lunches. Parents who can now accommodate their children at home with warm lunches are asked to do so in order to help relieve the very unsatisfactory lunch arrangement that the school now has due mainly to the large number of children that stay at noon.

Starting Monday noon the school will close at the usual time but will reopen at 12:30 instead of 12:15, the same time that the high school opens its afternoon session. Afternoon classes in the grades will now close at 3 p.m. instead of at 2:45.

Plymouth Orders Modern Sewer Cleaning Outfit

The Plymouth city commission this week approved the purchase of sewer cleaning equipment in the amount of \$600.

City Manager Harold R. Cheek explained the use of the equipment would save the city hundreds of man hours and eliminate, in most cases, digging up streets to get at clogged lines.

The new equipment consists of a certain number of lengths of flexible steel cable. It can be securely locked together to form a single piece of any desired length.

On the end is fastened a large auger, brush, rubber sand cup or any type of cleaning tool. The cable is then steered into the sewer through a conduit from the surface into a catchbasin.

Next a powerful motor is attached. The motor is geared for varying speeds. It revolves the cable forcing the cleaning tool through the sewer. Lengths of cable can be attached as needed.

As much as 500 feet of sewer can be thoroughly cleaned from one point with this equipment. Three men only are needed and no digging or blocking of streets is necessary.

Many Plymouthites saw the equipment in action when it was being demonstrated here last week, Mr. Cheek said. He reported that he was impressed favorably with the equipment and felt certain the money would be well spent and would save the City considerable expense.

Mr. Cheek said the equipment could be used to cut and remove tree roots of any size without damaging the tile. Sand can be pulled from the sewers with the outfit and lime and iron rust cleaned off by the use of brushes.

There is no limit to the amount of special tools that can be attached to the flexible cable for use in the sewers. Right now Mr. Cheek is purchasing only the most urgently needed attachments.

When and if needed other attachments will be added, Mr. Cheek said. Additional lengths of the cable also can be obtained. If the job is not too large, the operations can be carried on by hand using only two men supplied with special ratchet wrenches.

It is just another step forward by the commission and city manager to supply Plymouth with the most modern equipment and keep the city on an equal basis with other Michigan communities.

Union President Rotary Speaker

Rotarians heard a new kind of a talk about labor and its problems last Friday when W. J. Prisk, president of the Evans Products Company union was their guest speaker. Mr. Prisk, a former Methodist minister, gave Rotarians a straight from the shoulder down to earth talk about unions and pointed out the fact that the Evans union lost no time during the war by striking and had only experienced one strike since the war and that was called by the international and had no close connections with the Evans union or the Evans plant.

"Labor and management both loose when there is a strike and unfortunately labor loses the most," Mr. Prisk stated.

The speaker dwelt at some length on the unusual labor relations program at Evans Products and pointed out many times in his talk that the Evans union scored strikes and that it had been his experienced that all labor problems could be solved over the conference table where neither management nor labor lost time during the negotiations.

Mr. Prisk praised highly the understanding of the Evans Co. in its dealings with his union. He said that he and the members of his organization were proud to become a part of Plymouth and that he knew that the city would be justly proud of the Evans Co. and the Evans employees.

Mr. and Mrs. Fred Kuhns of E. McKeesport, Pennsylvania, were guests of Mr. and Mrs. L. W. Ball and Mr. and Mrs. Lynton L. Ball for several days this week. Fred Kuhns and Lynton L. Ball were attached to the Military Police Training Center at Fort Custer in 1943.

Seek \$7,000 for City's Charity Work in 1947

Visiting Nurse Will Be Provided For Those In Need.

Flymouth's Community Chest drive dates have been set for October 1st through October 15th. The quota for this year is \$7,000.00 and the entire amount collected will remain in Plymouth for expenditure in this city and township.

This will be the first time, since the inception of the Community Chest, that all of the funds will remain here. During the war one half of the local funds raised were turned over to war agencies of Wayne County.

In addition to the three agencies supported now by the chest an additional expenditure of \$4,000.00 will be undertaken during the next fiscal year in supplying the community with a visiting nurse.

Services of a visiting nurse for this area have already been contracted for and in order to continue Community Chest support to the Boy and Girl Scouts and the Music Box it will be necessary for the fund to actually reach the \$7,000.00 mark this year.

The services of a visiting nurse, something new for this area, will provide nursing help in cases where hour visits may relieve critical situations in homes where full time nurses cannot be afforded or perhaps because of the nurse shortage.

The duties of a visiting nurse are many. Mothers returning home from a hospital with new babies will find her services helpful. Patients that need part time care may call on the nurse for such services.

In most instances where patients are able to pay the nurse for services they will be expected to pay for the same but in cases where family funds are not available the costs will be underwritten by the Community Chest. The nurse will be available to all residents of the community but will not be available for any long period of service.

The Community Chest drive this year is to be conducted entirely by mail. Local residents will receive a letter from the Chest board of directors in which will be included a membership card and a return addressed envelope in which they may forward their contribution to Clara Alexander, treasurer of the organization.

All of the work in connection with this year's drive has been undertaken by the members of the Community Chest Board and outside help is being asked of the contributions from Plymouth residents.

Members of the board of directors are: Frank Walsh, president; James Gallimore, vice president; Margaret Hough, secretary; Clara Alexander, treasurer, and Earl Demel, Eleanor Hammond, John Morrow, Clifford Tait and Helmar Nelson.

Meetings are held one a month alternately in Plymouth and Northville. The next meeting is set for 8 p.m. Thursday, Sept. 26, at Jewell and Blain hall.

Chief McAllister wants it known that ALL Federal employees are eligible to join as well as policemen and firemen. He said the club was planning to admit eligibles from Livonia township and Farmington. Right now the membership stands at 30.

At the charter meeting the Plymouth-Northville unit was presented its charter by Howard Nichols, of Flint, the national recording secretary. Other speakers at that meeting included Fire Chief Zado, of East Detroit; Fire Chief Harold Flechsig, of Roseville; Christopher Bailey, of Birmingham; and George Spiegel, of Hamtramck.

At that meeting Roy Jewell, Plymouth fireman, was named to represent the local unit at the national convention. At the convention he was appointed to the national committee on resolutions.

John Leitz is the local unit's representative for hospitalization. Chief McAllister said the Metropolitan Club mainly was a social group of municipal and Federal employees, but they had a very fine group hospitalization plan that beat most others offered and that expert legal counsel was always available for its members.

He urged those in this area who are eligible to join immediately. The annual dues are \$5.

Mrs. A. J. Herbert of York street is returned from a 10 day visit with friends from Buffalo, and returned by boat.

Jack Marsh Sets New Golf Record

A new 18-holes record for the Hilltop Golf Club was established last Saturday by Jack Marsh. His total was 68.

Mr. Marsh was a medalist in the Plymouth City Golf Tournament last month. He is a fireman at Willow Run Village.

His 33 for the first nine holes gave him a three-way tie with Tom Lock and Max Todd, pro-manager at Hilltop, for the course record. Mr. Lock won the city golf meet.

After shooting 18 holes in 68 for a new record, Marsh shot a third nine holes in 36.

Fresh Meat Supply for Plymouth Is Slowly Becoming a Mere Trickle

Meat! Where's all the meat that Washington New Dealers said everybody would have if price controls were restored? There's one thing for sure—it is NOT in the meat markets of Plymouth.

Once in a while a few dribbles of fresh meat is received by this or that market, but the amount is not sufficient to even care for the needs of a Plymouth of 100 years ago.

There's supposed to be plenty of cold meat, but Plymouth dealers say that this supply continues to dwindle and that before many weeks, there may be little or no cold meat on the market.

But people of Plymouth, the most patient in all the world, are taking the meat shortage in the usual way—without much complaint.

There's one thing for sure, however. They're waiting for the day to come when they can use that little red hatchet on that ballot of theirs.

Metropolitan Club Organized In Plymouth Area

Plymouth and Northville firemen, policemen and Federal employees have united to form Spirit 58 of the Metropolitan Club. It was chartered Aug. 15 by the national organization with a roster of 23 members.

The Plymouth-Northville unit was largely a result of the organizing efforts of Plymouth's fire chief, Robert McAllister, and the Highland Park fire marshal who is national president.

Charter officers of the new unit are Robert McAllister, president; William Michaels, Plymouth fireman, vice president; George Purdy, Northville policeman, recording secretary; Charles Thompson, Plymouth policeman, financial secretary; Chief Joseph Denton, Northville police; Lou Westfall, Plymouth police; and George Broda, Northville police, all trustees.

Meetings are held one a month alternately in Plymouth and Northville. The next meeting is set for 8 p.m. Thursday, Sept. 26, at Jewell and Blain hall.

Chief McAllister wants it known that ALL Federal employees are eligible to join as well as policemen and firemen. He said the club was planning to admit eligibles from Livonia township and Farmington. Right now the membership stands at 30.

At the charter meeting the Plymouth-Northville unit was presented its charter by Howard Nichols, of Flint, the national recording secretary. LOCAL News

Mrs. Lawrence Lyons, Mrs. Horace Johnson, Mrs. Dow Swope, and Mrs. Earl Russell attended the bridge luncheon and style show Wednesday of Birmingham Golf Club.

Rev. and Mrs. Friday of Port Huron spent two days with Mrs. James Terry.

Mr. and Mrs. Lster Bassett announce the birth of a son Michael Roy born Sept. 5, at Sessions Hospital.

Mr. and Mrs. W. C. Smith were pleasantly surprised last Monday morning at 1 a.m. to receive a radio-phone call from their son Sgt. Forles Smith. The call came from Adak, Aleutian Islands where he is stationed. He said he was feeling fine and wanted to send his best regards to all his friends.

Mr. and Mrs. Robert Soth and family of Dayton, Ohio spent the week-end with their parents Mr. and Mrs. Arlo Soth and Mrs. Perry Hix.

Mr. and Mrs. Kenneth McMullin announce the arrival of a baby girl, Charistire Ann weighing 6 1/2 pounds at St. Joseph Hospital in Ann Arbor September 16. Mrs. McMullin the former Norma Gould.

The first fall meeting of the Livonia unit of the Michigan Agriculture Society will be held Wednesday September 26, at 8 p.m. at the Town Hall, 3310 Five Mile Road. The subject will be "Evergreens." John Riman, superintendent of the Pontiac Nursery at Romeo, Michigan will be the speaker of the evening.

Lawrence Burgett announce the marriage of his daughter Geraldine Ruth to Charles Edwards Olsen. The wedding took place August 24, at Angola, Indiana.

Mr. and Mrs. William H. Wohlgenuth of Ford Road, announce the betrothal of their daughter, Doris E. Wohlgenuth, to Daniel F. Kantrow, son of Mr. and Mrs. James Kantrow of Green avenue, Detroit. The bride-elect attended Capitol University and is a member of Kappa Sigma Theta sorority, and fiance served for three years with the Army in Europe.

A baby shower was given in the home of Mrs. Earl Mack, in honor of Gwendolyn Ellsworth. Those present were Mrs. Lois Hobbins, Mrs. Florence Taylor, Mrs. Ruth Pritchard, Mrs. Cora Shackleton, Mrs. Iola Benjamin, Mrs. Ethel Rouleau, Mrs. Elaine Dyer, Mrs. Amy Landrich, Mrs. Dorothy Brathy, Mrs. Dorothy Mack, Mrs. Lillian Snow, Mrs. B. Hessler, Mrs. Elizabeth Dudley, Mrs. Dorothy Gardner, Mrs. Shirley Heltenen, Miss Betty Ellsworth, Miss Vern Ellsworth, Miss Evelyn Gardner and Miss Patsy Mack. Many beautiful gifts were received by Mrs. Ellsworth.

Mr. and Mrs. Donald Dobbin (Joyce Penney) have left Plymouth for a week's visit in Kansas with Mr. Dobbin's parents. They will continue on to Glendale, California where they will make their permanent home.

Circle I of the Presbyterian Church will meet at the home of Mrs. William T. Pettingill, 445 Ann Arbor Trail for a pot luck luncheon Wednesday, September 25, at 12:30.

Mr. and Mrs. Henry Cordes of Fort Pierce, Florida are visiting Mr. and Mrs. Egloff and family this week.

Paul Rimer, son of Mr. and Mrs. George Rimer of Ann Street, is in Sessions Hospital where he was operated on for appendicitis last Friday. He is recovering very nicely.

Mr. and Mrs. Douglas Egloff are the proud parents of 8 lbs boy, Richard Cass, born Sept. 15, at Sessions Hospital.

Mr. W. S. Martin of Ludington, has been visiting her sisters, Mrs. Don Patterson and Mrs. Ragnar Blomberg.

Marion Goodman was the honored guest at a miscellaneous shower Thursday evening at the home of Mrs. Roy Fisher on West Ann Arbor Trail. The shower was given by Mrs. John Miller and daughter Marie Ann. The guests were Mrs. John Goodman, Mrs. C. Tarnutzer, Mrs. Bert Giles, Mrs. Frazer Carmichael, Mrs. Florence Parrott, Mrs. Milton Liable, Mrs. Robert Gardner, Mrs. John McLaren, Mrs. W. Holdsworth, Mrs. Roy Fisher, Mrs. Vaughn Smith, Mrs. Russell Daine, Mrs. J. Crisp, Mrs. F. Bourroughs, Mrs. Besse Dunning, Mrs. William Bartel, Mrs. Ward Jones, Mrs. William Wernett, Mrs. Iva Bentley, Margaret Dunning, Beth Heiseil, Joyce Tarnutzer, Jean Cradnell, Margaret Jean Nicol, Virginia Rock, Helen Fisher, Betty Jones, and Mrs. Virginia Walker. Miss Goodman received many lovely gifts.

Miss Dorothy Karpus and Miss Edythe Donnelly of Plymouth and Miss Anne Huebler of Northville were the hostesses to a miscellaneous shower Sept. 13, in honor of Miss Catherine Miskerik of Northville. The guests present were Mrs. Rose Mary Godfrey, Mrs. Richard Gust, Mrs. Florence Giles, Mrs. Gayle Donnelly, Miss Anne Donnelly, Miss Phila Gust, Miss Flora Gerst, Miss Harriet Mitchell, Mrs. Marilyn Larson, Mrs. John Karpus, Mrs. Mildred Rutenbar, Mrs. Iadys Sutfin and Mrs. Marjorie Cunrow of Plymouth, and Mrs. Marie Knapp, Mrs. Arla Larson, Mrs. Elsie Larson, Mrs. Marion Sonderman, Miss Dorothy Red, Miss F. Dawn and Mrs. L. Eleanor Warren of Northville and also Mrs. Fay Taylor and Mildred Bruce of Detroit. Miss Miskerik was the recipient of many lovely and useful gifts.

The Star of Zion Chapter, O.E.S. entertained the Past Matrons and Past Patrons of the Chapter and Grand Officers, Thursday evening Sept. 12, at the Eastern Star Temple, Detroit. The Chapter celebrated its 35th birthday. Degrees were exemplified by the Grand Officers. Those from Plymouth attending were Mrs. Ara Fehlig, Mrs. Winifred Downing and Mrs. Alice Rathbun.

Walter Parrish, of Adams st. attended a family reunion Sunday at the home of Mr. and Mrs. Bert French, Rosedale Gardens. Members of the family were there from Saginaw, Chicago and Detroit.

Mrs. Homer Burton, on Wednesday attended the Silver Cerebral of Saginaw Shrin No. 34. O.E.S. She is a charter member of the Saginaw Chapter.

Mr. and Mrs. R. E. Phillips of Rochester, Minnesota, and Mrs. Wallace of Chicago, Ill. were the week-end guests of Mr. and Mrs. Don Munro. Mrs. R. E. Phillips is the grandmother of Mrs. Don Munro.

Dinner Marks Club Opening

The Business and Professional Women's Club of Plymouth opened its 1946-47 season Monday night with a dinner meeting at the Episcopal parish house.

Eighteen members sat down to a sumptuous repast. The tables were decorated in a fall color scheme accented by glowing tapers.

Mrs. Ada Watson and Miss Neva Lovewell had charge of the program. It was on education and vocation. Mrs. Hanna Fleming presented a most enlightening

D.S.P. Herb Tablets Nature's Own Remedy, herbs the Indians used beneficially.

These tablets relieve the following symptoms: Headache, Dizziness, Bad Breath, Sour Stomach, Biliousness and Coated Tongue (when due to constipation). For general supply of 130 tablets send \$1.69 cash or money order to D.S.P. Laboratories, Box 215, Wyandotte, Michigan. Not sold in drug stores. Money back guarantee.

OBITUARIES

Martha Winefred Cruse of 38535 Warren Road expired September 11, at her residence after a long illness. She was born May 17, 1866 in Christina, Ontario and is survived by her husband Walter and two daughters, Mrs. May Evangeline Roush and Margurite Ayers of Lapeer. Mrs. Cruse had resided in this vicinity for five years. Services were held from Caldwell Funeral Home 29611 Ford Road, Friday September 13, at 2:30 p.m. Interment was in Cadillac Memorial Gardens.

Fred Papke

Fred Papke who resided at 54181 Eight Mile Road, Salem township, passed away Monday morning, September 16th at the age of sixty six years. Mr. Papke was brought to the Schrader Funeral Home, Plymouth. Services were held Wednesday, Sept. 18 at Lapham's Cemetery at 10 a.m. with Rev. Henry J. Walsh officiating.

MRS. CLARENCE E. STEVENS, Mrs. Clarence E. Stevens, who resided at 240 N. Harvey street, passed away early Thursday morning, September 19. At the time this notice went to press the funeral arrangements had not been completed. For further information call Schrader Funeral Home's Phone 781-W. A complete obituary will appear in next week's issue.

Mrs. Mary A. Rathburn

Funeral services were held Thursday, September 19th at 2 p.m. from the Schrader Funeral Home for Mrs. Mary A. Rathburn who passed away Monday afternoon, September 16th at the age of eighty years. Mrs. Rathburn resided at 1239 Penniman

Avenue.
She is survived by her husband, Charles H. Rathburn, Sr., three daughters and two sons, Mrs. Clara Armstrong and Mrs. Lila Carpenter, both of Detroit, Clarence Rathburn and Mrs. Hazel Folks, both of Plymouth and Kenneth Rathburn of Northville, ten grandchildren and nine great-grandchildren, a host of other relatives and friends. Mrs. Rathburn was the sister of the late Fred Wilson.

Rev. Henry J. Walsh officiated. Two hymns were rendered on the organ by Mrs. M. J. O'Conner. The active pallbearers were Messrs. Charles and Donald Armstrong, Wesley Rathburn, Charlie and Walter Wilson and Howard Shapley. Interment was in Newburg Cemetery.

Rose M. Torre

Funeral services were held Wednesday, September 18th at 2 p.m. from the Schrader Funeral Home for Mrs. Rose M. Torre who passed away suddenly Sunday morning, September 15th. Mrs. Torre resided at 42030 E. Ann Arbor Trail. She was the widow of the late Arthur J. Torre. Surviving are her sister, Mrs. William Henry of Plymouth, three nieces and six nephews, Miss Mary Merryweather and George Merryweather, Ernest, James, Ed. and William Henry, all of Plymouth, Mrs. Grace Duckett of Farmington, William D. McArthur of Royal Oak and Mrs. Ernest Coverdill of Detroit, other relatives and a host of friends. Rev. Waldo R. Hunt of St. John's Episcopal church of Wayne officiated. Two beautiful hymns were rendered by Mrs. M. J. O'Conner at the organ. The active pallbearers were Messrs Ernest, James, Edward and William Henry, George Merryweather and William McArthur. Interment was made in Riverside Mausoleum.

Kiwanians Hear Atom Bomb Aide

Guest speaker Tuesday night at the dinner meeting of the Plymouth Kiwanis Club at Hotel Mayflower was Roy Rew.

Mr. Rew, a Plymouth man, was one of those who worked at the huge sprawling atom bomb plant at Oak Ridge, Tenn. He told many interesting and heretofore unrevealed things about both the bomb and the fabulous city it was responsible for.

He told his audience that the plant was nucleus for a vast city of 75,000 persons who resided in an area 14 miles long and nine miles wide. Mr. Rew spoke of the precautions workers had to take to eliminate injury and accidents from their work with atomic materials.

His most interesting talk was ably illustrated with a large supply of pictures. Roy Crites introduced Mr. Rew.

At the same meeting the club was requested and agreed to participate in a volunteer Army recruiting plan in Plymouth.

Book Reviews Start Sept. 27

The first in a series of three book reviews sponsored by St. John's League is scheduled for 8 p.m. Friday, Sept. 27, at the Episcopal parish house, Harvey at Maple.

Mrs. Anthony S. Matulis will review "The Black Rose," by Thomas Costain. A former best seller, the Thirteenth Century historical novel is a fast moving story, packed with colorful background and romance.

The second review is set for Oct. 25 and the third is to be Novmbr 29. All will be held at the parish house. Tickets for the series may be secured by calling 1496 or 542-J.

In Columbus, Ohio, a house-painter, exasperated by the endless questions of three-year-old Harold Thompson, painted him red, sent him home. Scrubbed, the boy returned, got a battleship grey treatment.

Ahoy . . .
FISH AND SEAFOOD
 You're sure to land a beauty in A&P's big Fish Department, for our line of fish and seafood is "really something"! Fresh? You bet! Our own buyers see to that. They meet the fishing fleets right at the docks and piers and rush their catch to your A&P almost before the spray has dried. We've whole schools of fresh-water favorites that are in a class by themselves. And as for seafaring fish . . . you'll find oceans of 'em in our refrigerated cases.

Announce Engagement Of University Student

Janet Marie Osgood

Mr. and Mrs. Glenn Osgood, of St. Johns, Michigan announce the engagement of their daughter, Janet Marie, to Robert Stevens Lawson, son of Mr. and Mrs. R. C. Lawson of Plymouth. Both attend the University of Michigan. Janet is a junior in the school of Education and a member of Alpha Omicron P. Sorority. Robert is a senior in the school of Business Administration and affiliated with Chi Phi fraternity.

WEDDINGS

Helen Marcoe United In Church Ceremony To Joseph Kalavada

Sunday September 1, 1946 at 4:30 p.m. Helen Marcoe daughter of Mr. and Mrs. J. Marcoe of Schoolcraft Rd. was united in marriage to Joseph Kalavada son of Mr. and Mrs. Joseph Kalavada at the Seventh Day Adventist Church, Detroit by Elder N. R. Dawer.

Helen's choice for her wedding was a lovely gown of white satin fashioned with a tight bodice with a marquette yoke trimmed in lace. The sleeves were long tapering to the wrist. The extremely full skirt of marquette swept into a graceful circular train. A band of rose buds held her full length veil and she carried a bouquet of gardenias.

The maid of honor was Florence Marcoe, sister of the bride and was dressed in pink taffeta and wore pink gloves and head dress and carries tea roses.

The bridesmaids Olivia Silveria, Mildred Campbell and Sophia Sumetra were gowned alike in blue taffeta with blue gloves and head dress and carried a bouquet of red roses.

Julia Mac Nadig, niece of the bride was flower girl and was dressed in white and wore a pink head dress.

The best man was Frank Kalavada, brother of the groom. Frank Blinci, and James Owens ushered the guests.

Mrs. Owcata Evans, organist accompanied Tom Gable as he sang "Always and Because." Florence Marcoe sang, "Bless this home as Elder Dower completed the ceremony.

The mother of the bride wore a light blue dress with black and white accessories and wore a corsage of red roses.

A dinner was served after the wedding to 200 guests at the Masonic Temple in Plymouth.

The couple left for a wedding trip to Miami, Florida.

Methodist Church Is Scene of Heintz-Frusher Ceremony

The Plymouth Methodist Church was the scene of a beautiful late summer wedding Saturday evening when Margaret H. Heintz daughter of Mrs. Anna Heintz and the late Edward Heintz of 824 Forest Ave., Plymouth and Arthur Frusher son of Mr. and Mrs. Miles Frusher of Milford were united in marriage.

Tall baskets of white gladiolas, palms and candelabra decorated the altar.

Mrs. M. O'Conner presided at the organ and Miss Ardyth Curtis of Plymouth sang two solos. The double ring ceremony was read by Rev. Leopold Sanders of Owosso formerly of Plymouth.

The bride who was given in marriage by her uncle Henry Reddeman of Plymouth wore a gown of white satin, bodice, and long pointed sleeves and skirt of net ending in a train. Her finger tip veil was caught to her head by a halo of white satin, she carried a bouquet of white gardenias.

The attendants were her sister Virginia as maid of honor, Mrs. L. Amsinger, and Mrs. S. Cook of Wayne. They wore identical gowns of blue taffeta and net. All three girls carried bouquets of American beauty roses, and wore head bands of matching blue net.

The groom was attended by Paul Lovagay, of Milford, as best while Carlton Stewart of Detroit, and Lester Amsinger, of Wayne, seated the guests.

Both mothers chose gowns of blue crepe, and wore corsages of talismans roses. Following the wedding ceremony a reception was held in the church dining room for 100 guests.

Mr. and Mrs. Frusher left on a trip in northern Michigan. For traveling the bride chose a black Gabardine suit with yellow accessories, and an orchid corsage. On their return they plan to make their home in Plymouth.

The Livonia Girl Scout Council will meet on September 26, at the Newburg Church Hall at 6 p.m. A very interesting program is scheduled for the Council, Girl Scouts and Brownies and for their friends on that occasion. O program, Girl Scout Week will be presented by the representative troops from the districts. All scouts and scouters are urged to be present.

The Plymouth Mail Want Ads bring results.

Recent Bride to Reside In East Lansing

Mrs. Merrill Walker

Mrs. Merrill Walker, the former Virginia Moss, and her husband, an East Lansing, Michigan radio announcer returned to Plymouth this week-end from a two week honeymoon trip through the east and will visit at the home of Mrs. Walker's parents on Ann Arbor Trail for a few days prior to taking up their permanent residence in East Lansing.

Carol Campbell Weds Lt. Robert Beaumier of Kenosha, Wisconsin

Saturday, September 14th, Miss Carol Elizabeth Campbell, eldest daughter of Mr. and Mrs. E. Fletcher Campbell of this city, was united in marriage at Ann Arbor to Lieutenant Robert Beaumier, son of Mrs. Justin Beaumier of Kenosha, Wisconsin.

The bride chose her father's birthday for the occasion. She wore a tan traveling suit for the ceremony leaving shortly thereafter on an extended honeymoon to Yellowstone National Park with the groom.

The groom's mother, and five of his sisters with their husbands were present as well as numerous uncles, cousins, and aunts of the bride besides her family. Over fifty sat down to a wonderful chicken dinner at the Allencor hotel in Ann Arbor. The U-shaped table was decorated with white gladiolas with a huge four-story wedding cake in front of the married couple.

Many beautiful and useful gifts were received from their host of friends and relatives. It is not entirely settled whether they make their home in the state of Wash. or back in the City of Washington, D. C. His

education, experience, and army work in the Health Service all give him a choice. His former army superiors wish it to be D. C. But being mustered out they cannot order it now.

Rose Wagenschutz Is Married To Fred Micol

A wedding uniting Rose Wagenschutz and Fred Micol took place Saturday at 3:00 p.m. The bride wore a gray suit with blue accessories and was attended by her sister-in-law, Mrs. Albert Aquino who wore a red suit and brown accessories.

Charles Aquino, brother of the bride, assisted the groom.

Many friends and relatives attended the reception, which was held that evening at the home of the bride's parents, Mr. and Mrs. Joseph Aquino.

Niagara Falls Trip For Couple Married At Newburg Church

Evelyn Hall and Keith Avery, both of Plymouth, were united in marriage Saturday evening, Sept. 14, at the Newburg Methodist parsonage.

The Rev. Verle Carson performed the impressive double ring ceremony. Attendants were the bridegroom's parents, Mr. and Mrs. Edward Burns, of Plymouth.

A grey-striped suit with matching black accessories was the bride's choice for the ceremony. She wore a shoulder corsage of yellow rose-buds.

Following a honeymoon in Buffalo and a traditional trek to Niagara Falls, Mr. and Mrs. Avery will be at home to their friend at 48316 Ford road.

Every man feels instinctively that all the beautiful sentiments in the world weigh less than a single lovely action.—James Russell Lowell

OUR LADY OF GOOD COUNSEL. Rev. William P. Mooney, pastor. Masses: 6:00, 8:00, 10:00 and 12:00 noon.

FREE METHODIST CHURCH. Sutherland at Harvey Streets. Sunday morning worship 9:50 a.m. Sunday School, 10:30 a.m. Message by pastor, Rev. E. S. Jennings. Sunday Evening Service, 7:30 p.m. Message by Rev. F. S. Highfield, assistant. You will enjoy these spirited messages and we welcome you.

FIRST CHURCH OF CHRIST SCIENTIST — Sunday morning service, 10:30; Sunday school at 10:30. Pupils received up to the age of 20 years. Wednesday evening testimony service, 8:00. "Matter" will be the subject of the Lesson-Sermon in all Christian Science Churches throughout the world on Sunday, Sept. 22. Golden Text (Psalms 114:7) is: "Tremble, thou earth, at the presence of the Lord, at the presence of the God of Jacob." Among the Bible citations is this passage (Isaiah 42:5,8): "Thus

saith God the Lord, he that created the heavens, and stretched them out; he that spread forth the earth, and that which cometh out of it; he that giveth breath unto the people upon it, and spirit to them that walk therein: I am the Lord: that is my name; and my glory will I not give to another, neither my praise to graven images." Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 257): "Mind creates His own likeness in ideas, and the substance of an idea is very far from being the supposed substance of non-intelligent matter. Hence the Father Mind is not the father of matter."

SALEM FEDERATED CHURCH C. M. Pennell, pastor. Sunday morning worship 10:30. "Guided into Truth," will be the subject of the message. Bible School, 11:45 a.m. Sunday evening at 8:00 it is planned to have a panel discussion on conditions in India. Cottage prayer meeting, Wednesday 7:30 p.m. The next Aid meeting will be held in the Pennell home in South Lyon, Sept. 26, with pot luck dinner at noon. Plan to be present.

THE SALVATION ARMY. 261 Union St. Adjt. Cynthia Taylor, Capt. Lillian Roberts. Sunday: Sunday School, 10:00 a.m. Holiness Meeting, 11:00 a.m. Young Peoples meeting, 6:30 p.m. Open Air Meeting, 7:30 p.m. Salvation Service, 8:00 p.m. Wednesday: Young Peoples Bible class, 7:00 p.m. Prayer Meeting, 8:00 p.m. Thursday: Ladies Home League, 2:00 p.m. Saturday: Band of Love, 2:00 p.m.

STARK BIBLE SCHOOL. Stark School, corner Pine Tree and Stark roads. Sunday School, 10:00 Young Peoples meeting, 7:15 to 11:00 a.m. Classes for all ages. 8:30 p.m. Adults are invited.

CHURCH OF GOD. 335 N. Main Street. Morning Worship, 10:00 a.m. Sunday School, 11:00 a.m. Youth Fellowship, 6:30 p.m. Evening Service, 7:30 p.m. Prayer Meeting Wednesday, 7:30 p.m. Girl Scouts, Thursday. Brownies, Friday. R. W. Struthers, pastor.

FIRST BAPTIST CHURCH. Rev. Mark F. Sanborn, pastor. 10:00 a.m. Sunday school, Harold Compton, superintendent. 11:10 a.m. Morning Worship. Sermon by the pastor: "Overcoming Evil with Good." Young children cared for during this service. 7:30 p.m. Evening Worship and Song service of gospel hymns. Sermon: "Jesus Calls Us." The Baptist Youth Fellowship will meet at the parsonage at 8:30 p.m. for devotions and social fellowship. All young people invited. 7:30 Wednesday, Prayer and Praise service. Topic: "Thou Shalt not be Disagreeable."

BEREA CHRISTIAN ASSEMBLY Sunday services held in the Jewell Blach Hall, 587 W. Ann Arbor Trail. John Walaskay, pastor. Sunday school 10:00 a.m. Morning worship 11:00 a.m. Young Peoples service 6:30 p.m. Evening service 7:30 p.m. Mid-week service held at 1801 Haggerty Hwy. on Thursday evening at 7:30. Everyone is welcome.

ST. JOHN'S EPISCOPAL CHURCH. Morning service and sermon 11:00 a.m. Mr. Walter Keip, layreader. Meeting of church school teachers at the parish house Monday Sept. 23 at 8:00 p.m. Pot luck dinner to be followed by a parish meeting Sept. 26th at 6:30 p.m. Church school to begin Sept. 29th at 9:45 a.m. under the direction of Mr. Walter Keip. All are welcome.

CHURCH OF THE NAZARENE Holbrook at Pearl St. Wm. O. Welton, pastor. Sunday school at 10 a.m. Our building program is progressing very nicely and soon we hope to have class rooms for each of our classes. Morning worship at 11 a.m. This is a time of refreshing. You will be glad if you attend this service. The young people and the juniors meet at 6:45 p.m. each Sunday and the evening evangelistic service follows at 7:30 p.m. The juniors meet Wednesday at 3:30 p.m. for their hand work. The Wednesday service at 7:30 is a time of refreshing Bible study and prayer service. Our fall revival is October 2 to 13 with Rev. R. L. Rich of Bloomington, Indiana. You will want to hear him.

FIRST METHODIST CHURCH. Rev. C. F. Doty, pastor. Sunday September 22. Church school at ten o'clock. Horace Thatcher, Superintendent. Classes for all ages. "Somethings Life is Offering Us Now." Music under the direction of Mrs. O'Connor. Youth Fellowship at six o'clock. Caroline Goodale, President. Laboratory School for teachers of Church School at Wayne Methodist Church Wednesday evening.

NEWBURG METHODIST CHURCH. Newburg, Verle J. Carson, 9614 Newburg Rd., Plymouth 761-J. Sunday morning worship at 10:00 a.m. The message is to be "To See Is To Live." Special music by the choir. The Wesleyan Service Guild will conduct the nursery for the children during this hour. Bring your children, five years and under, to the nursery, and then come to worship with us. The Sunday school meets at 11:00 a.m. under the direction of our Superintendent, Mr. Roy Wheeler. This Sunday is Promotion Sunday, and the entire Sunday school will come to the sanctuary at 11:00 a.m. for promotion exercises and worship. The Youth Fellowship will meet at 6:30 p.m. in the basement of the hall. Wednesday: Church school workers conference and Demonstration class at First Methodist Church, Wayne, Michigan. Time 7:30 p.m. Thursday: Choir practice at 7:30 p.m.

CALVARY BAPTIST CHURCH Ann Arbor Trail at Elizabeth, John I. Patton, pastor. Sunday School, with classes for all ages, 10:00 a.m. Morning service and Junior Church, 11:15 a.m. Evening evangelistic service at 7:30 p.m. Monday evening at 7:30 in the First Baptist Church of Wayne, the Child Evangelism Fellowship will hold a meeting in which methods of reaching boys and girls with the Gospel will be demonstrated. Mid-week Prayer Service, Wednesday, 7:30 p.m.

FIRST PRESBYTERIAN CHURCH. Rev. Henry J. Walch, minister. Sunday, Sept. 22. Church School, 9:45 a.m., classes for all. Young Adult class meets with Rev. Walch in the parlor. Morning Worship, 11 a.m. Special service of dedication for the Memorial in honor of Rev. Walter Nichol.

Youth Fellowship. Senior and Jr. High, 6:30 p.m. Session monthly meeting, Wednesday, Sept. 25 at 7:30 p.m. in the parlor. Opening meeting of the Mission Study Circle fall season, Tuesday, Sept. 24. Supper will be served at 6:30 p.m. Each member is requested to bring 35c and her own dishes. Mrs. R. D. Merriam, secretary.

Farmers Asked To Register Plan

Arnold Haugen conservationist at Michigan State college advises that farmers who desire to register their Williamston plan hunting cooperatives should send in applications at once. Applications may be sent to the Department of Conservation, Lansing, or to Haugen in the department of conservation at Michigan State college.

To qualify for state cooperation, each Williamston plan club must include not less than one section of land or more than 10,000 acres. The plan takes its name from the original plan formed in Williamston township in Ingham county nearly 20 years ago. Farmers in the plan require hunters to leave their cars parked in a member's yard. The hunters then receive a permit tag which entitles them to hunt on that farm and adjoining cooperative land. Each farmer has a limited number of tickets to issue. This makes the number of hunters at any time within reason of the space and game in the area.

Last year 40 clubs with a total of 168592 acres in 19 counties operated in Michigan.

The Michigan conservation department has cooperated with the plan for the past ten years and believes it to be a successful protection for the former and a benefit both to the hunter and to the protection of game.

The conservation department furnishes signs which indicate to hunters that hunting is by permission only. Permit from one farmer allows hunting on adjoining farms belonging to the same cooperative.

An Amazing Human Document
By **JOHN HERSEY**
Author of "A Bell for Adano"

Volumes have been written about the atom bomb and Hiroshima, but it remained for John Hersey, the novelist, to capture the human reaction to the first atom bomb's impact. This he did by the simple process of asking six people who lived through the terrifying ordeal to describe in detail what happened, how they felt, what they saw, what they did.

These were the Methodist Minister Tanimoto, Jesuit Father Kleinsorge, Dr. Sasaki Fujii, Mrs. Nakamura, and Miss Toshiko Sasaki.

When Hersey's story came to The New Yorker, that magazine immediately cancelled all of its usual editorial matter to publish it complete. That The New Yorker judged correctly was evidenced by an immediate sell-out. Now, The Detroit News feels it is a great privilege to be able to present to its readers this remarkable document, beginning in

If the proposed sales tax amendment had been in effect during the past fiscal year, the State of Michigan would have incurred an operating deficit of \$35,000,000.

Such is the judgment of Fred C. Striffler, Michigan Budget Director.

The deficit would have occurred during boom-time inflation. It would have resulted only if the state had continued to maintain duly authorized public service as determined by the state legislature. It is actually, it is likely that drastic economies would have been instituted by a badly-worried governor and state administrative officials who shun red-ink as they do higher taxes.

Insane people could be denied admission into state hospitals, for example. Welfare payments could be slashed if possible. Other money-saving measures could be resorted to in an effort to pull the deficit down.

It is Striffler's responsibility to anticipate expenditures and to keep them in balance with respect to anticipated revenues.

His recommendations are submitted to the governor and to finance committees of the house and senate in the state legislature. The above deficit estimate is an approximation only at the present, because complete information is not available. The past fiscal year closed June 30, 1946. However, it is fairly safe to count on Striffler's estimate as being within 10 to 15 percent of the final figure.

Striffler has informed state department heads that budget-making will be delayed until after November 5. If the sales tax amendment is carried on November 5, new budgets must be slashed right and left, he warned.

John D. Morrison, State Auditor General, is pessimistic about the possibility of averting new taxes, if the voters authorize the sales tax amendment whereby an equivalent of 60 percent of the revenue automatically goes to the public schools by constitutional mandate.

As he sees it, the legislature would be forced to do one of two things:

One, curtail severely the state's present public services for health, welfare, colleges, and so on.

These services were authorized by the legislature in response to demands of the people back home. The shoe is apt to fit many people, and a resultant storm of protest could be expected, he believes.

Two, new or additional taxes must be levied by the legislature to avert an operating deficit and to cover actual operating expenses. The latter should be likely.

After going into a huddle with other administrative officials, Morrison is of the opinion that the State would be compelled in a year, when sales tax revenues had declined to pay a larger amount to the public schools than the schools would normally get. The proposed amendment is worded in a way to make mandatory the payment of revenues to schools in proportion to that amount paid in the past fiscal year (1945-46) PLUS the added diversion of one-half of one cent as computed according to the annual school census.

While State Treasurer D. Hale

Brake could not be reached by this writer for comment, to be understood that he is also cool to the tax diversion plan and is likely to be vocal about it prior to November 5.

Two nominees for governor have not expressed themselves one way or the other—at least they had not done so when this column was written.

State Senator Don VanderWerp, chairman of the senate finance committee, and Representative John Espie, chairman of the house ways and means committee, are known to be firmly opposed to the tax amendment. They have warned associates that the amendment would be undesirable in the interest of good government and that new taxes would be inevitable if it were to be approved.

From the above evidence—the budget director, the auditor general, the reported coolness of the treasurer and the recorded opposition of the two legislative finance committee chairmen—you may guess readily what Governor Harry F. Kelly's conclusion is going to be.

At the right time the governor is going to issue a blast against the amendment in no uncertain language. In fact, he will probably denounce it roundly.

Throughout his four years of state service, Governor Kelly has been intensely devoted to the progress of the State of Michigan as the over-all governing authority with definite responsibilities for definite public services.

He has been aggressive in fighting for what he considers to be the people's priority of needs. He staunchly opposed attempts of the big mayors to grab a slice of the state funds. Anyone who has followed Harry Kelly can safely bank on his recommendation to vote no on the tax amendment.

The Michigan Education Association may be counted on also to present convincing arguments as to why the new amendment would alert a "collapse" of the public schools, a prospect that appears to be again on the horizon.

We referred last week to the comparative low salaries paid to school teachers, the increasing difficulty of getting enough new teachers to fill the needs, the obsolescence of many school buildings and other factors in the postwar picture.

The sales tax amendment would be a bonanza to many rural schools. Some schools would receive more funds than they actually need for present-day services. Thus there is a temptation for some rural voters to modernize their rural schools at the expense of people living elsewhere.

Public schools now receive \$60,000,000 in state aid. Under the new amendment, they would get

No Limit to Pleasure

Schmidt's

NO SUGAR OR GLUCOSE ADDED

"America's Finest Beer"

approximately \$100,000,000 a year, based on last year's tax collections. This is a substantial boost. It is our hunch that the MEA decided to back the amendment as a bargaining lever to get more state aid in 1947, even if the amendment is lost on November 5. Any way you look at it, the teachers have little to lose, a lot to gain.

Most Half-Year Plates Turned In

Most Plymouth motorists who needed to turn in their half-year license plates for full term permits have done so in the opinion of Frank Rambo, chief of the Plymouth auto plate license bureau.

He reported this week that since the plates went on sales the middle of August his office has sold 1,368. This is an increase of more than 200 plates over the sale during the same period last year.

Mr. Rambo believes that the only plates being sold now are for new cars and used ones which have been standing on lots since before the half-year plates expired.

Currently the license bureau is doing very little business, Mr. Rambo reported. A few transfers and other minor matters is about the only thing the bureau is handling right now.

Mr. Rambo says this is the calm before the storm. He means that within a couple of month his office will be swamped with motorists clamoring for the 1947 plates.

It's not too late to plant a good rye pasture, Michigan State college agricultural specialists say rye will not only provide good fall and early spring pasture, but will prevent soil from eroding. It will also make excellent green manure for plowing under next spring.

Let us see to it that our lives, like jewels of great price, be noteworthy not because of their width, but because of their weight.—Seneca

Church School Plans Announced

Dr. Leslie Bechtel, executive secretary of the Detroit Presbyterian of the Presbyterian Church, will present a series of lectures on "Protestantism" at the annual Plymouth area School of Religion.

This school which is to be held at First Presbyterian church, Northville, is to meet each Monday of October and the first Monday in November.

The school is designed to help the lay workers of the local churches, especially the workers and teachers in the Sunday Schools. Classes in teaching in a church school, administration of a church school, teaching nursery and beginner children, and a class "The Church at Work in the World" are being offered in addition to these lectures offered by Dr. Bechtel.

Churches in Northville, Garden City and other churches participating in this year's school. The dean of the school is the Rev. Verle J. Carson of the Newburg Methodist church. The Rev. Earnest Nelson, pastor of Garden City Presbyterian church, is secretary.

Corncob pipes, of which 10,000 were sold in this country last year, come in 40 styles and range in price from two cents to \$10.

Let us decide honestly what we can do, and then do it with all our might.—Amelia D. Barr

Plymouth Boy Scouts Hold International Rally in Canada

By Harold H. Schryer

Again it can be said: "Scouting should really be spelled 'Outing'!" If you were one of the lucky Plymouth Scouts who were present at the week-end camp-out held at Port Crewe, Ontario, you will most heartily agree that there was plenty of fun on foot for all concerned and that the brand of Scouting shown there was of the very best.

If you were unfortunate enough to miss out on this event you should listen well to the accounts brought home to you by your more fortunate Troop-mates, as this was the type of Scouting which goes to make up the basis for really good programs in your Troop; programs which tend toward making Scouting worldwide in scope and meaning.

Ideal weather attended our every moment and made for most excellent camping on the very shores of Lake Erie, where an abundance of new sights awaited our attention.

Saturday afternoon saw all of the Scouts and most of the adults present take their rides in the Crewe Brothers' fishing boat and many were the involuntary "baths" provided to those unwary riders who happened to be seated in the less protected positions aboard.

But after all it was "Saturday" and who cared? Following the boat rides the parties were taken on a tour of the Crewe Fishery and had an opportunity to see the many different operations that it takes to bring the many marine delicacies to our local tables.

One of the outstanding pieces of equipment shown to our group was the loom used to make the large quantities of netting needed to equip the Crewe Fishery and many of their Canadian contemporaries.

This is a piece of machinery imported from France many years ago, and until very recently the sole one of its kind in the Dominion. It is a fifty-six spindle machine which can produce a very high-quality product and so intricate that one of the Crewe family had to go to France and spend six months learning its operation and maintenance.

(Your writer was informed that during the war many attempts were made by the government of Canada to pre-empt this machine for the making of camouflage netting for the Armed Forces and only the urgent pleas of the fishing industries saved it for their much needed services).

Immediately following these tours the first contingent of Canadian Scouts and Scouters arrived at our Campsite.

Eleven Scouts and four Scouters of the Chatham Troop under the supervision of Mr. Dougherty, District Scoutmaster of the Chatham Area, whose party included Mr. Moyer, Scoutmaster; and Messrs. Watson and Humphries, real Scouters all.

Following formal introductions between the two groups the Canadian Unit was divided among the four Plymouth Units as guests of the evening and the high-light of the next hour was the most delectable "fish-fry" put on by the Scouts of our own Community to the highest satisfaction of all concerned.

Scouting being what it is, no program is complete without the traditional Council fire in Scouting style.

Our Saturday evening Program was conducted by our good friend, district Scoutmaster Dougherty, and under his most able leadership it became an animated program of most worthy note. The Fire was laid and brought into being by members of the Chatham Troop whose method of operation, though somewhat different from our own, was most appropriate and quite edifying to our group.

In the very midst of our songs and skits, twelve members of the Chatham Sea Scout Ship arrived in the role of a Fire and Drum Corps and after joining in with the Council Fire program for a while they entertained us all with a very good demonstration of Drill Exhibition which proved to our own group that there is still a lot ahead for those who wish to participate in Scouting on through the Senior Program.

But all evenings come to an end and ten o'clock saw the Chatham Units depart, in person, but never in the splendid spirit that they left behind in our memories.

So to bed with taps ringing in our ears.

Sunday morning was the beginning of another full and eventful day. Early risers saw the smoke of cook-fires already rising to meet the occasion. Breakfasts were a bit hurried but good, as Church services were in order and time limits had to be met. All of the Scouts and Scouters met them, however, and was with quite some surprise that we saw the arrival of another Scout Troop and its leaders from Merlin, Ontario, who brought with them a Canadian Girl Guide Unit; of whom joined with our group at the Church Services.

Immediately following the Services these Units visited our encampment and, following the example very well established by their predecessors, re-opened trading negotiations with our leaders in such a manner as to leave us in doubt as to whether we would have Canadian or American Scouts in evidence on our homeward journey.

But as such friendly comradery is the true basis of real Internationalism we could but applaud the heartiness of the rivalry and hope for the best of the bargain.

Another "fish fry" served us well as a dinner and even the most dubious of us could but grin at the success of this venture into the realm of Scout Cookery as we tasted the results of our lad's enterprise.

Early afternoon saw us ready for the trip home and although all were loathe to leave such a delightful place, we knew that all good things must have their ending and with rousing cheers of thanks to our good hosts we made our leave.

This eventful trip was planned and largely executed by our Community Commissioner, Mr. Newton Gould, whose efforts to make our Community's Scouting program one of worthy note are largely recognized by all concerned. May we have more of such in the near future.

Following are the statistics of the Rally:

Scouts from Plymouth	62
Leaders	18
Troop Guests	8

Scouts from Chatham, Ont.	11
Sea Scouts from Chatham	12
Leaders	4

Scouts from Merlin, Ont.	27
Scouters	2
Mr. P. Weeks, Scoutmaster	1

Dr. Berry	1
Girl Guides from Merlin	15
Leaders	1
Mrs. Beery	1

It is with the utmost sincerity that the Scouts and Scouters of Plymouth wish to express their thanks to all of the Scouts, Scouters, Girl Guides and the Crewe family for their most excellent brand of open handed hospitality during the entire interim of our stay at the Crewe fishery properties at Port Crewe and extend to them the hope that we will be able to extend the same courtesies in the near future. Thanks to all in the name of Scouting the World around.

Jack Sessions Joins Cornell Faculty

Jack Sessions, a graduate of Plymouth High School in 1936, and his wife left last week for Cornell University where Jack will be an instructor in the department of English. He is to teach classes in creative writing as well as in literature. Since Jack has written two stories for the Atlantic Monthly, he is especially fitted for this creative writing course. He secured his master's degree from the University of Michigan in June and was also given the key of the Phi Kappa Phi, an honorary fraternity, in recognition of his good work.

First State-wide Turkey Tour to be Sept 18-19

The first state-wide Turkey Tour will be held September 18 and 19, starting in Tuscola county and ending at Charlevoix. The extension service of Michigan State college and the Michigan Turkey Growers' association are sponsors of the event.

Otis E Shear, extension poultryman, estimates as many as 150 poultrymen will take part in the tour, although some will not take the entire trip.

The tour will start at the Elmer Haines farm near Vassar in Tuscola county 8 a.m. September 18. The Lewis Warner farm near Clare will also be visited during the morning enroute to Lake City. The Lawrence Hicks farm, nine miles east of Lake City, will be an afternoon stop before the group reaches the Michigan State college Experimental Station at Lake City. Here the college experiments with turkeys will be viewed and an evening supper and programs will be held.

The group will stay overnight at Lake City and on September 19 will move on toward Charlevoix with a stop at the Clarence Orcutt farm in Antrim county near Bellaire. In Charlevoix county the farms of Arlo Wickersham, Dick Potter, Sanford Matchett and Frank Bird will be visited.

In addition to C. G. Card, head of the poultry department at the college, H. C. Zindell, J. M. Moore, Dr. Earl W. Henderson and Shear of the college poultry staff will accompany the tour. Dr. W. A. Billings, Minneapolis, Minn., authority on turkey diseases and member of the University of Minnesota staff, will join the tour and be the main speaker at the Lake City meeting.

Shear reports turkeys making good gains in Michigan this year. The number of birds on feed has increased in recent years.

MSC Caravan Travels Again

The Michigan State college extension service announced this week that it's Caravan would roll again early in 1947. During January February and March this year, the Rural Progress Caravan visited 58 Michigan counties and showed before nearly 100,000 people. So successful was the first year's program, that a similar event is being planned for early 1947.

George Amundson of the agricultural engineering department, who successfully managed the first caravan, has announced that he will continue as head of the committee making arrangements. J. G. Hays, who assisted Amundson last year, will be director. Hays former extension dairyman, more recently has been with the emergency farm labor office.

The committee is working on a central theme for the caravan. It is very likely that the program will again replace Farmers' Week, called off last year because of a

shortage of housing facilities and space to hold the event because of increased enrollment at the college.

County agricultural agents in the Upper Peninsula will arrange their own caravan tour because of the different general program of agriculture in the two sections of the state.

Serving with Hays and Amundson on the committee making plans for the caravan are: Laura Davis, home management specialist; May Sontag, assistant state 4-H club leader; J. M. Moore, extension poultry specialist; C. V. Ballard, county agent leader; and Earl Richardson, extension editor.

Present plans call for the caravan to spend one day in every county in lower Michigan during the months January, February and March.

In Chicago, Anthony Griggins and August Hibel struck up a conversation outside a maternity ward, made a startling discovery: they lived on the same street, their expectant wives were sisters, had not met for 25 years.

In Manhattan, a judge paroled George Washington in the custody of his son, Roosevelt Washington, then called up the next defendant, President Washington.

You Wouldn't Feed Him ONLY Once A Year . . .

HOW ABOUT YOUR PLANTS?

All living things require regular feeding . . . plants, animals, and humans alike. In the case of your plants, nature provides them with food through the soil. However, before they can use any of that food, it must be dissolved by rain or watering, for plants live on a liquid diet. Then, too, most soils are deficient in one or

RAPID-GRO A Complete, Balanced PLANT FOOD

LAWNS: For greater, stronger and healthier root growth, a richer green and more surface protection for the coming winter—use Ra-Pid-Gro NOW . . . (2 pounds to each 20x50 foot area) . . . and water well weekly as usual.

more of the elements the plant needs for healthy growth. That is the reason why you should feed them regularly with RA-PID-GRO. That is why they thrive and bear so miraculously on a regular diet of RA-PID-GRO.

Plymouth 9 Has Good Chance To Win Title Sunday

The Plymouth Sport Shop All-Stars won their fourth consecutive game last Sunday to remain the only undefeated team in the Charles J. Martin Open Baseball Tournament.

The all-stars trounced the Flurkey Insurance nine of Redford, 32-8. All three hurlers of the all-star nine participated in the rout. The Plymouth batsmen were hitting anything and everything the opposing moundmen served up.

The tourney will close Sunday at Riverside Park with the all-stars having the edge and being the all-out favorites to take the title.

They will oppose the E. & L. Transport nine of Dearborn, who have won three and dropped one in tournament play.

If the Sport Shop nine should lose the game which is set for 1:30 Sunday, they will have another chance in a second game which will get underway at 4 p.m. However, if the Plymouth team wins the first game there will be no need for the second contest.

D. A. R. Members Hear Mrs. Stone

Greenmead, the home of Mrs. Sherwin A. Hill, Northville, was the scene of the first regular meeting of the season of the Sarah Ann Cochrane Chapter, D.A.R. The weather was perfect and the attendance good, about 24 members and visitors.

Mrs. E. J. J. Cutler, chairman, opened the meeting with a short talk on the text—"Righteousness exalteth a Nation."

The minutes of the last meeting. The annual picnic were read by the recording secretary, Mrs. Walter Nichol. The report of the corresponding secretary was read by Mrs. David Mather. Miss Spicer being absent. The Treasurers report was read by Mrs. Sherwin A. Hill treasurer. Two recent memorial donations toward the planting of pines in northern Michigan were reported. Other projects were the donating of a first aid kit to the Girl Scout Troop sponsored by the chapter and yearly subscriptions to the D.A.R. magazine given to Plymouth and Northville Libraries.

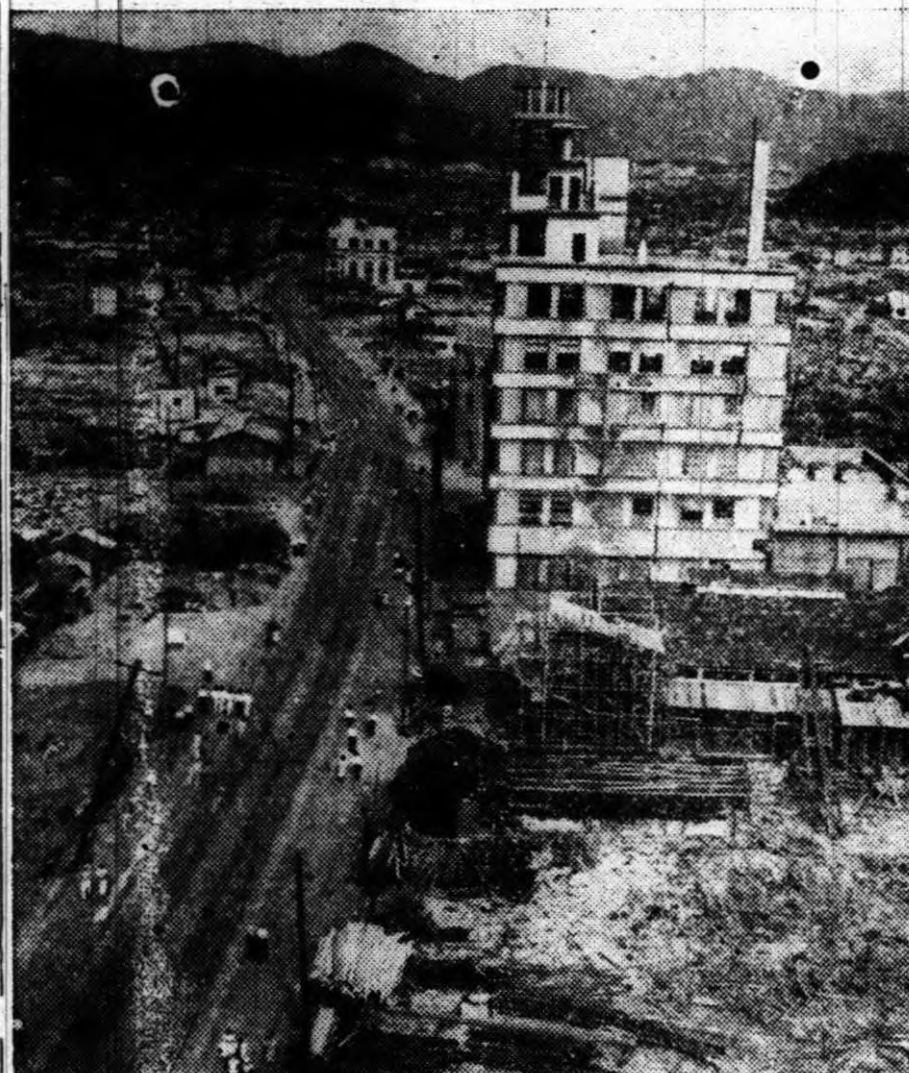

Mrs. Harold E. Stevens read her register's report. The chapter voted a donation toward the work of Americanizing Migrant Workers in the Detroit area.

Our regional meeting takes place Sept. 25 at the Chares CKenney Hall, Ypsilanti. State conference will be held in St. Joseph, Mich. this year. Continental congress will be held in Washington, D. C. beginning May 19.

On Sunday, Sept. 29 the Leader Dog League Dog Hospital building at Rochester, Michigan, will be dedicated by Miss Laura C. Cook, under whose leadership, as State Regent, the money was given for this project. Members are urged to attend this ceremony.

The music for the day consisted of 2 solos by Mrs. Winifred Wolfe, accompanied by Mrs. Frederick Bentley. The songs were "By the Waters of Minnetonka" and "Stars in My Eyes," both by American Composers.

The talk by Mrs. Elaine Stones, speaker of the day, regarding the Burton Historical Library, was most interesting and informative. The Burton collection was originally a private collection owned by Clarence Monroe Burton, who came to Detroit as a young lawyer and became interested in old land grants and abstracts through his work. The collection became so unweildy that he finally turned it over to the city. It retained his name, however. It includes hundreds of interesting letters and documents pertaining to Detroit's early history. At present it has 6,000,000

ONE YEAR AFTER ATOMIC BLAST . . . Here is a view of the city of Hiroshima, Japan, a year after the cosmic blast that shook the world was released by U. S. air forces. Little attempt has been made at reconstruction due to lack of building material. During the cleaning up hundreds of bodies were recovered from the debris. It is estimated that between 6,000 and 10,000 corpses still lie under the ruins of the city.

manuscripts covering the city's history from its beginning up to the present, and new collections keep coming in.

There are also many interesting books on geneology which are very helpful in D.A.R. work.

Following Mrs. Stones' talk, tea was served. Mrs. Earl S. Mastick, regent, pouring, and a pleasant half hour was spent visiting and enjoying the beauties of Greenmead.

JayCee Auxiliary Talks Health

The Junior Chamber of Commerce Auxiliary chose Health as the topic for their meeting Thursday evening, September 12.

After dinner at the Shirley Cottage the group adjourned to the high school where a film on tuberculosis and its prevention was shown by Mrs. George Strasen, school nurse. After the film Mrs. Strasen enlightened the group by thoroughly explaining what our school system and the Wayne County Board of Health is doing for our children. Each year a new phase of health is stressed. This year Dr. Stuckey has been conducting a dental clinic for those students needing dental care and unable to obtain appointments elsewhere.

As a health precaution, all those employed by the school board and those entering school for the first time this year are required to have a complete physical examination.

Mrs. Strasen further pointed out the great importance of prevention from diseases through regular physical check-ups and by immunization serums.

The school has also conducted hearing tests and x-rays for detecting tuberculosis as well as the dental clinic.

In Morrison, Ill., Horsewoman Joan Potter was slightly bruised and her horse slightly cut in a collision with a bus, which suffered a broken win shield, two smashed headlights, a damage steering gear.

HEROIC SLED DOG . . . Representative of thousands of war and peacetime dogs is Balto, heroic sled dog which sped serum to Nome, Alaska, and is commemorated in statuary in Central park, New York City.

Double Yolk Eggs Are Most Plentiful

Eggs produced in the Plymouth area seem to come from ambitious hens. Anyway they assure the customers of more than their money's worth quite often.

Not so long ago a woman reported a triple egg. More recently Mrs. Mauroce Woodworth was preparing scrambled eggs for her children. She found a double-yolked egg—the first in her life—and called the children to see it.

Then much to her surprise and the children's too, the next four she broke into the skillet all had double yolks. Five twin-yolk eggs in a dozen is something of a record. Mrs. Woodworth said she purchased them from Loren Goodale.

In Chicago, Mrs. Louise Schoeffler filed suit for separate maintenance, complained that Husband Otto had "attempted to push and shove a small puppy dog down (her) throat."

Mrs. C. G. Draper will be hostess for a dinner party in honor of Mrs. Carl January's birthday Friday evening. Guests will be Mrs. Webber, Mrs. Walter Nichol, Mrs. Blanche Daniels, Mrs. Mary Polly and daughter Regina and Mrs. Elmore Carney.

Mr. and Mrs. Melvin Guthrie and family attended the wedding of their nephew Addison Guthrie of Detroit, Saturday evening.

Mrs. Roy Fisher was hostess to a shower in honor of Mrs. Phyllis Hocklowski Wednesday evening.

Mr. and Mrs. Glenn Blair of Owosso, spent Wednesday with Mr. and Mrs. Mark Joy.

Mr. and Mrs. Glenn Fraleigh and daughters have returned from a month's vacation at Mackinaw City.

Mr. and Mrs. Robert Lorenz have returned to their home in Los Angeles after spending a month with his parents Mr. and Mrs. Ralph Lorenz on Sheridan avenue.

A. R. West and Walter Wiard of Ypsilanti left Wednesday for Munising, Michigan where they intend to troll for lake trout.

The death of Maj. General Paul Wurtsmith early this week brought sorrow to the home of Mr. and Mrs. Joseph Martin who reside at 10039 Cardwell street near Plymouth. Mr. Martin was a cousin of General Wurtsmith and only last Wednesday entertained the general's mother at his home at which time she expressed her opinion that she was glad the war was over and that Paul was safely home after completing 9 dangerous missions by air across the Pacific.

Mr. and Mrs. Walter Harms left Monday for Kansas City where they will make their future home. Mr. Harms some months ago sold his insurance business to Roy Fisher and last week sold his home to John McFarland, production superintendent of the new Kaiser-Frazier auto plant at Willow Run. It is Mr. Harms intention to go into the insurance business in Kansas City, handling the work of some of the companies he represented in this city. The Harms are former residents of Missouri.

Ralph Lorenz this week sold the former Lawrence Samsen residence at 1398 Penniman ave. to Mr. and Mrs. J. H. Harris, one of the electrical engineers of the Kaiser-Frazier auto plant. Mr. and Mrs. Harris plan to move into their new home immediately.

Lieut. James Zuckerman who has been in the army air forces for nearly four years, has returned from Philippines to Plymouth and is now with his parents, Mr. and Mrs. E. Zuckerman. The 1941 Plymouth high school graduate will be granted his army discharge in the next few days and will resume his work at the University of Michigan, where he was a student before he entered the armed forces.

Mr. and Mrs. Russell Daane attended the wedding of William C. Remien and Barbara Ann Schmidt at St. Stephen Rectory in Grand Rapids last Saturday afternoon.

Mrs. Arlo Emery and two sons Arlo Jr. and Bruce who have been living here for the past year, have gone to New York City to make their future home with Col. Emery who will be stationed there permanently.

Detroit's commandant, 1760: Francois Marie Picoté, Sieur de Bellestre.

In June more soldiers, arms and provisions had reached his fort on the river.

Detroit was impregnable, he believed, against Canada had surrendered.

Bellestre, receiving notice of British approach to take over, was incredulous.

Mason's Broken Into Sunday A.M.

With the wave of robberies continuing in Livonia, Mason's Restaurant, Schoolcraft at Farmington Road, was broken into early Sunday morning and \$329 was taken out of the till. This is the fourth break in during the past month.

"Entrance was gained by breaking the plate glass window in the front door", James Mason stated also forks and spoons, which had not even been taken out of the wrappings were taken as well as an undetermined amount of cigarettes and cigars. Mr. Mason also thought it possible that some food and meat may have been taken.

Mason's Restaurant owned by James Mason has only been operating for the past two and one half weeks when the thievery occurred. He discovered the theft Sunday morning when he opened the establishment for business.

Harold Tubbs, district game supervisor stationed at Caro, in the Thumb, tallied one prowling housecat for every five miles of roadside in recent night driving.

Houghton lake is a popular fishing place for large numbers of Plymouth and other residents in this part of Michigan. One seldom fails to get a good catch of pike or perch.

And one seldom fails to catch a fish that he thinks is the biggest fish in the whole lake—only to get it up to the boat and find that it is a "lawyer." A "lawyer" is also known as burbot or ling. It's a tough fighter—but it makes a fisherman mad when he catches one of them because the belief prevails in Michigan that they are not good to eat.

Ezra Routner has probably caught more of them than any other fisherman in the state—and he thinks they are the best of the world, even though they do come out of his favorite fishing hole up in Houghton lake.

Prepare to change your minds. A "lawyer" is good to eat. In fact it is regarded as one of the best tasting fish that comes out of the lakes of Michigan. Its flesh is flaky and resembles that of ocean cod in appearance, flavor and texture. It is surprisingly free of bones and low in oil and relished by persons desiring a high protein food that is low in fats.

That's what experts at Michigan State College say about it. In fact if you write to the Agricultural Experiment Station, Michigan State College at East Lansing, they will send you a colored folder showing 20 different ways to serve a "lawyer." This station is operated by the college in cooperation with the Michigan Conservation Department.

Not all scientists are engaged in atomic research or ways to cook fish—some of them are concerned with dishwashing.

Located at the University of Michigan, the National Sanitation Foundation is seeking to determine some of the essential factors in sanitary dishwashing—whether it be by machine or by hand, in the home kitchen, or hotels, restaurants and other eating places.

The research is concerned with determining the time and temperature necessary to eliminate all public health hazards from eating utensils, the mechanics of washing and rinsing, how effectively a cleansing agent will remove soil from utensils under actual working conditions and the possibilities of "cold sterilization" of utensils.

The non-profit Michigan incorporated foundation hopes results of its studies may help to unify dishwashing codes throughout the country and manufacturers in developing more efficient dishwashing machines.

The code of the U. S. Public Health Service recommends a rinse period of two minutes at 170 degrees Fahrenheit for hand washing of utensils but many communities and even states deviate markedly from this requirement. Dr. Henry F. Vaughan, dean of the University's School of Public Health and Foundation president, says.

Ten dishwashing machines are being tested in the Foundation's investigation of time and temperature dishwashing standards being carried out at Michigan State College under the direction of Dr. W. L. Mallmann. Montana State College is doing research on the best way to raise cleansing agents.

Research on "cold sterilization" of utensils is under the direction of Dr. Thomas Francis, Jr., head of the Department of Epidemiology at the University of Michigan. By this method, utensils are cleaned by rinsing in chemically treated water at a temperature lower than 170 degrees.

Another important phase of the many-sided study is an effort to determine the effects of the various cleansing agents on the skin of the dishwasher and on the patron who uses the utensils which may contain traces of the agent used.

"The purpose of the Foundation is as broad as the whole field of sanitation," Dr. Vaughan says. "It is an organization supported by gifts, grants and bequests, where public health workers, industry and business combine their efforts to solve common problems. While the problems are extremely varied the solutions have a single objective: the improvement of environmental health in the United States."

There will be no increase in prices of the seedling pines available for reforestation plantings this fall, but top limit of 1000 has been placed on all orders the Conservation department's forestry division reported today.

Suspension of nursery planting during wartime accounts for the current shortage of stock. The 4,000 seedling limit, designed to spread the limited supply as far as possible, applies to cash customers—industries and private persons—as well as to public agencies authorized to obtain stock free.

A further limit of 1,500 for any single species—white, red or jack pine—is expected to encourage planting of mixed stands which are more resistant to tree diseases and unusual weather conditions.

Three-year old white and red pine seedlings are selling at \$3 a thousand, two-and three-year old jack pine seedlings are \$2 and \$2.50, and four-year old red pine transplants are \$10 a thousand. No orders are accepted for less than 500 trees, or less than 100 in any one class.

Orders are being accepted now, but only on special application blanks obtained from the forestry division's Lansing office. Deliveries usually begin about September 15, after the first hard frosts at the nursery.

Farmers catching up on tree planting postponed during the war helped set a seedling shipment record in the spring of more than 5,000,000 trees in 2,000 separate orders.

Three pressing local fisheries problems will be subjects of side conferences among lake states fisheries men concerned when the American Fisheries society and the International Association of Fish and Game Commissioners meet in St. Paul this week.

The value of artificial propagation of lake trout will be threshed out among men from states bordering on Lake Michigan and the U. S. Fish and Wildlife service. A third annual planting of fin-clipped lake trout fingerlings is to be made in Lake Michigan next month, and a reward of \$2 has been posted for recovery of fin-clipped specimens.

All lake states fisheries men are concerned about practical and economical ways of combating the lamprey eel, a parasite of lake trout and other food fishes that has grown to damaging abundance.

The third common problem of the lake states fisheries men is the scarcity of bait minnows. Michigan has pioneered in developing information on this subject which may encourage private minnow dealers to raise their own.

The St. Paul meeting of the two international associations is the first since 1941, and marks the end of the first interruption in American Fisheries society meetings since its founding in 1870. Presidents of both societies are Michigan men: P. J. Hoffmaster, director of the Michigan conservation department, heads the association of the Michigan conservation department, and John Van Oosten of the Fish and Wildlife service office in Ann Arbor heads the fisheries society.

Rosedale Women's Club To Hear Mrs. N. Schultze

The First meeting of the Rosedale Gardens Women's Club will be a dinner at 7:00 p.m. at the Community House on September 19th. The speaker for the evening is Mrs. Schultze from Plymouth. Mrs. Schultze is an expert on Antique colored glass and will lecture on this subject. She will also bring an exhibit of some of the colored glass she owns.

Anyone wishing to bring any antiques of their own may do so and Mrs. Schultze will give the history and points of interest on these exhibits.

If you cannot attend the dinner all members are invited to come later and hear the lecture.

A REPORT ON PROGRESS IN PLYMOUTH

will a number of people waiting for telephones in this area. Before we have everybody, we'll need a lot of central office equipment, and outside wire and cable. But communication material shortages have seriously delayed their manufacture.

After we receive them, there will be a long, painstaking job of connecting them into the system... a job that will be done carefully, without interrupting existing service.

We are continuing to stretch our switching equipment to the limit to install telephones for as many waiting applicants as we can. If you are waiting for a telephone, you can be sure your order will be filled in its proper turn just as soon as possible.

Meanwhile, our facilities are serving more telephones and handling more calls than ever before, which means that service for everyone may not always be as good as we want it to be. We're sorry when that condition occurs, but you can be sure that we are doing our best to get additional equipment as soon as possible.

"OTHER things I buy have gone sky-high... but Greyhound fares are still the SAME"

Greyhound fares are as low as in Pre-War Days!

IT'S TRUE! That upward spiral of price rise hasn't so much as budged Greyhound fares. They have remained normal—just as low as before-the-war days. This is more remarkable too, since costs and maintenance of operating bus lines have risen sharply all along the line.

How does Greyhound do it? Well—it's no trade secret. The backbone of Greyhound Lines formula for success is more and better service to more people. Expansion and augmented service... thorough maintenance and efficient operation of equipment have all combined to hold the line on bus fares.

Your travel dollar really buys more today than ever before in bus line transportation. And when Greyhound's orders for new buses are filled, your dollar will buy even more in comfort, convenience and better bus service.

Kim Sigler Pictured In Discussion at Empire, Michigan

Kim Sigler, Republican gubernatorial candidate, fulfilled his post-primary promise this week and completed his 83-county tour of the state. His active election campaign will get under way at once.

The feature of the long trip was a new technique in Michigan politics, a "grass roots, open forum."

Parking Meters Not The Answer

Frank J. Burrows of Penniman avenue, who does as much automobile driving as any other citizen of Plymouth and who lives right in the heart of one of the city's busiest traffic congested districts, has some ideas of his own about the way traffic should be handled in Plymouth.

In a letter to the city commission, he states that he does not believe that parking meters will solve the parking problem of this city.

Mr. Burrows' letter to the commission follows:
"The recommendations of the Plymouth City Planning Commission for parking meters as outlined in the Plymouth mail of Aug. 9th, 1946 is one way to control the parking problem. Some cities have had the meters on trail and had them removed other cities such as Lansing, Ann Arbor, Pontiac and Flint are now using the meter system whereas in Detroit there are no parking meters the traffic problem is handled entirely by the police.

Main St. between Maple south and the Rail Road north, Penniman Ave. between Harvey west and the East end of the park, on Ann Arbor Trail between Harvey and east end of the park.

1. Enforce the no parking law in front of hydrants.
2. If necessary post 20 mi. per signs in these areas.
3. Enforce the present laws regulating the time of parking as shown by the present signs and if necessary to erect others, where cars are being overparked in those congested areas.

"The present congestion is caused by the motorists who disregard the laws or the rights of others."
"One officer can be detailed to patrol these seven or eight blocks and see that the laws are enforced then if necessary make a few changes, if this is done we may not need to go the expense of meters."

"Parking meters will not correct the present nuisance of the noisy racing motor cycle."
"Charge them, that are rich in this world, that they be not high-minded, nor trust in uncertain riches, but in the living God, who giveth us richly all things to enjoy.— I Timothy 6:17"

Phone Service Installation Is Changed by C.P.A.

Telephone subscribers who move to a new location in the same exchange are now placed in the first order of preference for restoration of their telephone service, the Michigan Bell Telephone Company announced today.

Formerly, residential customers who moved from one address to another were placed in group six of the Civilian Production Administration's priority system governing telephone service.

The amendment by CPA of its U-2 priority order grants additional preference for approximately 1,500 families on the Telephone Company's waiting list. There are approximately 90,000 applicants throughout Michigan Bell territory now waiting for service. This figure includes 200 in this exchange.

J. R. Saxton, manager for the company, said the job of reviewing all its held orders has been completed. Those that are affected by the new order have been moved up.

"A group one priority will not of itself insure telephone service," Mr. Saxton said. "Most of our orders are delayed because of a shortage of telephone cable. A priority does not make any more cable available. It does, however, give group one applicants first opportunity for facilities as they are released by customers discontinuing service."

The CPA priority schedule, as revised, follows: (1) Telephone essential to government, public health and welfare; and customers moving within the same central office area, (2) business customers moving to an adjacent exchange, or to a different central office area within the same exchange; (3) new business service for returned veterans; (4) all other new or additional business service; (5) temporary residence service for serious illness and disability case; (6) residence customers moving to an adjacent exchange, or to a different central office area within the same exchange; (7) residence service essential to military production, reconversion, employment and food production; (8) residence service for returned veterans and wives of servicemen; (9) all other applications for main residence service; (10) residence extension telephones.

Mr. Saxton declared that within each of these groups, as facilities become available, Michigan Bell will continue to install service first to those who have waited longest.

ALUMNAE WINS AWARD AT 4-H CLUB MEET

Marie Dutho and Shirlee Hersh, former students of Plymouth High School won awards for dairy food in the demonstrations at the thirty-first annual State 4-H Club Show at Michigan State College.

Each girl won a fifty dollar victory bond and a trip to Boston. Both girls are leaving for college the twenty-third of this month. Shirlee is entering Michigan State College and Marie will go to Western Michigan.

HESCO MAKE DRIVE FOR NEW MEMBERS

Attention Girls! Are you interested in joining the Home Economics club? The Hesco club wants you to sign your name to the paper on the Hesco bulletin board on the second floor. The club plans to have many activities this year which include dances, a sleigh ride, selling concessions at the football and basketball games, going to an opera and having the regional meeting of all Home Ec. clubs in Plymouth. These are just a few of the activities the club plans.

The sponsor for Hescos this year is Miss Barbara Nisbet. Officers are Elsie Mae Keeping, president; Betty Jane Richwine, vice president; Colleen Bothwell, secretary; and Betty Dely, treasurer.

COUNCIL SPONSORS FIRST SCHOOL DANCE

Sponsored by the Student Council, the first dance of the year was held September thirteenth with the profits going to defray the expenses of the assembly last Wednesday and the remainder to be applied to the fund for a football field light. The records were played on the automatic record changer donated to the school by the class of 46.

During the intermissions entertainment was provided by members of the student body. Joe Cicirelli sang two solos and then a trio composed of Mary Ann Cyik, Dorothy Richwine and DeLores Waltman entertained with a song. Mary Rolen and John Pint each played selections on the piano.

RED CROSS ISSUES 199 CERTIFICATES

Certificates were issued recently to 199 Plymouth students in Accident Prevention classes by the American Red Cross. Conducting these classes were Miss E. McDonald, Mr. D. Rank, and Mr. G. Kramer, who have been trained in the accident prevention field. The school faculty will try to continue these classes as a part of their annual program. Throughout Wayne County, schools have a signified their interest and will be starting programs early this fall.

LEADERS' CLUB PLANS INTERESTING PROGRAM

The Leaders Club will meet on Tuesday noon this year, and they plan to be very busy sponsoring the after school picnic suppers and the intramural games on Tuesday evenings. They also plan to assist with the tournament which will be held after school.

This year there will be basketball, ping pong, and volleyball games.

Be sure and watch the gym bulletin board for further announcements.

BEWARE! RACCOONS PETS INVADE SCHOOL ROOM

Not only boys and girls, but a pair of ringtailed raccoons entered Plymouth High School this year. Raccoons, pets of Adin Hamlin were captured last June as they were crouching in a hollow tree which was their home. The pair are fed fresh fruits, vegetables, potatoes, bread and meat.

Adin, who brought them to school for the biology students to study, tamed his raccoons and now he can turn them loose to run in his yard and is always certain that they will return. They pick up bright colored objects, such as pens, pencils, and colored glass, and hide them.

Better watch out students, keep your pens and pencils, locked up. They may learn to unfasten their cages!

REMINISCING!!!

Now that everyone is back from vacations all tanned and sunburned, we are getting settled down to reading, writing, and arithmetic again.

Most of the kids had a lot of fun on their vacations.

Neil Burkholder and Ronald Hees had the distinction of being selected for a conservation trip up north. This trip was sponsored by the Sportsman's Clubs of Michigan.

Gerry Thatcher accompanied her family on a week-end trip to Niagara Falls. They had a very enjoyable trip.

Sally Fraleigh spent two weeks at the Straits and Mackinaw City. She visited Mackinaw Island and she saw the Locks in Sault St. Marie.

George Trinka, Russell Hasselbach, and David Heinzman went on a camping trip to Silver Lake in August.

Betsy Ross and Pat Isobel spent part of their vacation in New York.

Keith Miller also traveled to New York City in August to see a couple of Detroit-New York baseball games.

Dorothy Richwine and her sisters Betty Jane and Mary Louise invited the gang to spend a few days at their ranch in Pinckney, Michigan. Those who went were Joan Lanning, Phyllis LaVergne, Eleanor Hart, Beverly Brown, Joan Miller, and Margaret Plummer. They had a very good time.

Betty Schumaker went to Camp Wathana on her vacation and studied to be a counselor for Campfire Girls. She spent all of the summer there.

Margaret and Mary Swanson worked at the Colonial Inn at Harbor Springs as waitresses. They earned almost four hundred dollars which they expect to put into a flying career.

Other fellows and girls went to work on farms, visited cottages, went fishing, swimming, played baseball, and did many other things.

It seems that everyone had a very happy vacation.

ROCK ELEVEN MEETS FARMINGTON TODAY

With seven lettermen and one returned veteran, the Rocks will tangle with Farmington on the local gridiron September 20, today at three forty-five p.m.

The Rocks have been practicing since before the beginning of school. The squad, which numbers over fifty, looks promising with the seven lettermen, Jack Dobbs, Jay Daggett, Jerry Allen, George Schomberger, Bill Woods, Terrence Hitt, and Bill Kachenko. The veteran is Don Huebler.

One of the highlights of the season, which is tentatively scheduled for November fifteenth, is the dedication of the new Northville gridiron.

SCHEDULE
Farmington—Here—Sept. 20.
Wayne—Here—Sept. 27.
Belleville—Here—Oct. 4.
Ypsilanti—Here—Oct. 11.
Trenton—Here—Oct. 18.

WHAT'S YOUR Eye-Q?

TRY THIS TRUE OR FALSE TEST ON THE FAMILY!

- The spider has more eyes than any other insect.
- Men are more apt to be color-blind than women.
- Insufficient light, while reading, is the easiest way to strain your eyes.
- A fish closes his eyes only when he's very deep in the water.
- Only 5% of high school boys and girls need glasses.
- Babies are naturally farsighted.

Some of these statements are based only on interesting facts. Others are important... for they may affect you and your family. Take numbers 5 and 6, for instance. Although very few babies are born with defective vision, nearly a quarter of them need glasses by the time they've completed grade school. The reason? Well, in many cases—too many cases—it's poor lighting.

Lighting can be very deceptive. You can grow so accustomed to a particular lamp that you won't realize its light is tiring. You may not notice it, but glare from a lamp may cause a youngster to squint as he studies—cause headaches, poor grades, even harmful eyestrain.

You can be certain about your lighting, though, if you arrange to have an Edison Home Service Advisor check over your lamps and fixtures. In a few minutes, she can measure your light scientifically with a "Light-Meter", and—if necessary—give you helpful advice on improving it. There's no charge for her visit. It takes but a few minutes of your time... and it may add years to your family's eyesight. Yes, it's a real "ounce of protection" for that precious eyesight! Telephone your nearest Edison office today.

Here Are the Answers—

1. TRUE: Many spiders have eight eyes, but some have six or four.

2. TRUE: One man in ten wears his glasses.

3. FALSE: Intensity of light causes more eye strain than does the amount of light.

4. FALSE: A fish never closes his eyes because he has no eyelids.

5. TRUE: Intensity of light causes more eye strain than does the amount of light.

6. TRUE: Very few babies are born with defective eyesight.

TO THE HIGHWAY COMMISSIONER OF LIVONIA, WAYNE COUNTY, MICHIGAN

Sir:

You are hereby notified that the Board of County Road Commissioners of the County of Wayne, Michigan, did at a meeting of said Board held Thursday, August 29, 1946, decide and determine that the certain street described in the minutes of said Board should be a County Road under the jurisdiction of the Board of County Road Commissioners. The minutes of said meeting fully describing said street is hereby made a part of this notice, and is as follows:

"Minutes of the meeting of the Board of County Road Commissioners of the County of Wayne, held at 3800 Barlum Tower, Detroit, Michigan, at 10:00 a.m. Eastern Standard Time, Thursday, August 29, 1946.

Present: Commissioners Brown and O'Brien.

It was moved by Commissioner O'Brien that the Board assume jurisdiction over the following street in the Township of Livonia, Wayne County, Michigan:

The strip of land 43 feet in width and 86 feet in length lying south of and being adjacent to the east and west quarter line of Section 11, T.1.S., R. 9 E., Livonia Township, Wayne County, Michigan, said strip being more particularly described as the north 43 feet of the north 40 rods of

the west 4 rods of the northeast 1/4 of the southeast 1/4 of Section 11, Town I South, Range 9 East, Livonia Township, Wayne County, Michigan, and to be designated CURTIS AVENUE, being in all 0.13 mile of street.

The motion was supported by Commissioner Brown and carried by the following vote:

Ayes: Commissioners Brown and O'Brien.

Nays: None.

WHEREUPON, it was ordered that the above-described street in the Township of Livonia be hereafter a county road under the jurisdiction of this Board.

THIS NOTICE IS GIVEN UNDER AND BY VIRTUE OF ACT NO. 283 OF THE PUBLIC ACTS OF 1909, AS AMENDED.

In testimony whereof, I have hereunto set my hand at Detroit this 4th day of September, A. D., 1946.

Board of Wayne County Road Commissioners of the County of Wayne, Michigan

No. 1871

WALTER POSTIFF, MABLE E. POSTIFF, ALLEN POSTIFF, CLINTON POSTIFF and DOROTHY POSTIFF, Plaintiffs,
Vs.
DALE CHARLES HULL and PHYLLIS HULL, Defendants.
ORDER FOR PUBLICATION

At a session of said Court held at the Court room in the City Hall, Plymouth, Michigan, on the 29th day of August, A.D. 1946.

Present: The Honorable J. Rusling Cutler, Municipal Judge.

In this cause it appearing from the Affidavit on file that it can

not be ascertained in what state or country the defendants, Dale Charles Hull and Phyllis Hull, reside.

It further appearing that this action is brought to forfeit a land contract concerning land in the Township of Canton, Wayne County, Michigan, described as:

Commencing at a point on the N.S. 1/4 section line of Sec. 11, T. 2 S., R. 8 E., which point is 1188 feet West of the S.E. corner of the S.W. 1/4 of said Sect. 11; running thence N., at right angles to said N & S 1/4 Section line a distance of 660 ft. to a point; thence running E., a distance of 132 feet to a point; thence running S., a distance of 660 ft. to a point; thence running W., a distance of 132 feet to the point of beginning; containing 2 acres more or less. Reserving the S. 75 ft. for highway purposes.

that the names of the parties in the action are Walter Postiff, Mable E. Postiff, Allen Postiff, Clinton Postiff and Dorothy Postiff, as Plaintiffs, and Dale Charles Hull and Phyllis Hull as Defendants, and that the name of the Court before whom the action is pending is the Municipal Court for the City of Plymouth, Wayne County, Michigan.

SCHOOL NEWS

PUBLIC SCHOOLS ENROLL 2209 DURING FIRST WEEK

With 2209 students enrolled in her three buildings Plymouth Public Schools began the 1946-47 trek toward more learning and greater accomplishments. Lines forming here and there to get schedules changed and to buy books and other supplies together with the unsuccessful efforts of new students to open their locks and to find the class rooms caused the usual amount of confusion.

Enrollment by grades is as follows: seventh grade, 148; eighth grade, 157; ninth grade, 223; tenth grade, 257; eleventh grade, 185; twelfth grade, 155. Central Grade Schools has enrolled 97 in the kindergarten, 97 in first grade, 103 in second grade, 79 in third grade, 98 in fourth grade, 81 in fifth grade, and 85 in sixth grade. Starkweather School began the year with 64 in the kindergarten, 77 in the first grade, 62 in the second grade, 64 in third grade, 69 in fourth grade, 42 in fifth grade, and 66 in sixth grade.

DO YOU NEED HELP? SEE YOUR COUNSELOR.

The Guidance Department in room fourteen is open every day from eight until four for counseling purposes. Any boy who needs help in solving his problems should go to Mr. Matulis, Boys' Counselor. Girls should report to

For Home Delivery of IRA WILSON & SONS MILK

Phone 740

or leave your name and address at

SHARPLEY'S DAIRY LUNCH
289 S. Main St.

Mrs. Reincke.

Students should go to room fourteen where Mr. Matulis will issue permits to boys to re-enter school for either absence or tardiness and Mrs. Reincke will issue permits to girls.

Homeroom Groups met last Friday, the thirteenth, to review attendance rules and regulations. Reading and intelligence tests were given last Spring to all incoming Freshmen to help determine what courses and in what classes they belong. Last year the present tenth grade was given a battery of tests and each student has been helped with his four-year educational plan.

The Guidance Department will start Monday to check senior credits, and counselors will have a conference with each senior to determine eligibility for graduation.

The Orientation classes on the ninth grade level have been shown the movie "Lease on Life" which dramatizes the need for each boy and girl to have a yearly physical examination. Physical examination blanks have been given out and students are asked to return them by October 1.

When pulverized and mixed in equal quantities, menthol and camphor change from their solid state into a liquid.

REMODEL FOR VETERANS

The safety of housing for veterans' families is the concern of all who own older, spacious homes . . . apartment houses . . . commercial buildings which can be converted to provide additional living units.

Your government urges you to alter such properties immediately to accommodate ex-servicemen under the Veterans Emergency Housing Program.

Loans to finance the work, and priorities assistance in obtaining building materials in critically short supply. Aside from the public service you perform in sheltering the families of the man who fought for you, by remodeling your property you make a profitable investment. Rentals will repay the loan and provide a steady extra income.

Here are the inducements:

- Low-cost long-term FHA-insured Property Improvement
- REMODEL FOR VETERANS
- Let us help you plan your remodeling work and assist you with your FHA financing.

BABSON

BABSON DISCUSSES COMPARATIVE STOCK PRICES

New York, New York, Sept. 20. The stock market will continue to have ups and downs; but no caution must be exercised in picking stocks. The recent slumps depressed many good issues well below the Dow-Jones Averages. In this sort of market, therefore, readers can find individual issues still priced below the average of the market. Some of these should advance well above said averages.

In order to make money one should look for such individual issues which are capable of making the grade. First of all, we must select stocks in industries which show promise. Next, we must ascertain which companies are suited financially, as well as mechanically, to do the best job in their field. We must be certain that the stock which we choose has sales appeal. A good yield, if the financing is simple, usually makes for sales appeal. A company which requires few employees in relation to its volume of production should be especially attractive, since labor strife will have less chance to retard its progress. All the above factors should aid readers in selections in selecting good individual issues.

MARKET AVERAGES

If we compare certain stocks price-wise and percentage-wise with the Dow-Jones Averages in 1932, in 1937, the war years and now, we have some insight as to what action to expect from their future performances. As I explained last week, the Industrials sold at the depression low of 41, the Rails at 13, and the Utilities at 16. They rose to peaks in 1937 with a sharp decline and a lesser recovery in 1938. The market then remained stagnant with a down-hill trend until Pearl Harbor Day, December 7, 1941.

Since 1942 the market has been rising with intermediate declines. On May 29, 1946, the Aver. attained a high of 212 for the Industrials and 43 for the Utilities, followed on June 13th by a new high for the Rails of 68. This has been followed by a severe drop of some 45 points for the Industrials and proportionate amounts for the Rails. Though the Averages decline even further, there may still be promising buys below the general market averages.

COMPARISONS

To compare two prominent stocks which percentage-wise dropped well below the Averages, let us first take, as an example, COMMERCIAL SOLVENTS. In 1932 it reached a low of 3 1/2. It rose to a peak in 1937 and had by 1942 settled back to a low of 7 1/2. Its next peak of 32 1/2 came in May of this year in a period when the Averages were at their highest in fifteen years. The Averages at the recent low have declined only 21 percent from the May highs while COMMERCIAL SOLVENTS, which I still believe to be good, has fallen off about 37 percent. The Averages are yet well above COMMERCIAL SOLVENTS.

MONTGOMERY WARD is a stock I believe is good, which has shown a decided decline far below that of the Averages, due in great part to the issue of rights. In 1932 MONTGOMERY WARD declined to 3 1/2. It reached a high of 69 in 1937. It again receded in 1942 to a low of 23 1/2, which was a decline of 66 percent compared to only 52 percent for the Dow-Jones Industrial Averages. Along with the rest of the market the price of this stock progressed during the war. In May, 1946, MONTGOMERY WARD reached a peak of 104 1/4. It has since sold off to a low of 65 1/2 or about a 37 percent drop compared with only a 21 percent drop for the Industrial Averages. A wise selection of individual issues may be made at this time if one's judgment is based on all the favorable factors I have mentioned, including a promising relationship to the Dow-Jones Averages.

Auto Races At Milford Sunday

On Sept. 22, the Milford Fairgrounds will have its first big car Auto Race, since all auto racing was curtailed for the duration of the war.

Mr. Moore, promoter of the races, has seven events scheduled, with the qualifying starting at 1 o'clock, and the first race at 2:30.

The track has just been re-laid and is in fine shape, with calcium chloride to be used to keep the dust down.

A 30 lap race will be the feature attraction of the day.

Loyalty
GUARANTEED PERFECT
DIAMOND RINGS

1. Doubly guaranteed in writing to be perfect;
2. Individually registered in owner's name;
3. Insured against theft, fire and loss;
4. One uniform national price on sealed-on tag.

Carl Sage and Francis Beals left last Monday for a motor trip to South Bend, Indiana, where they will visit the former's brother, Harold Sage and wife. Mr. and Mrs. Arthur Blunk and daughter Zerepha and Mr. and Mrs. Carl Bolgos and son Ivan moored to Toledo Sunday. Mr. and Mrs. Ben Blunk and daughter Madeline and Mr. and Mrs. Manna Blunk and son spent last Sunday with Mr. and Mrs. Alton Bolgos at Ann Arbor. Mr. and Mrs. Floyd Eckles and son have gone to Ann Arbor, where Mr. Eckles will attend the University of Michigan, this year. He expects to take a course in civil engineering.

Mr. and Mrs. Paul Nash and children visited the former's sister and husband, Mr. and Mrs. Elmer Jarvis, at Lansing over Sunday, returning home the first of the week accompanied by Mr. and Mrs. Jarvis.

Mr. and Mrs. H. A. Spicer visit Mr. and Mrs. John Matthews at their home in Detroit last Friday afternoon and evening. Mr. and Mrs. Spicer remained in Detroit Saturday and Sunday where they visited their children and families.

The Seniors have elected officers and sent for their rings and pins. The officers are President, Margaret Steng; V.-Pres., Margaret Clemens; Secretary, Fay Herrick; Treasurer, Charles Chappel.

Coello Hamilton is driving a fine new seven-passenger Lincoln touring car.

William F. Hayball has purchased a house and lot of William Blunk on Williams Street.

Mr. and Mrs. William Blunk and Mr. and Mrs. Chris Drews were guests of Mr. and Mrs. William Bolgos at Northfield last Sunday.

Mrs. F. D. Schrader and daughter Gladys were Saturday and Sunday guests of the former's sister and family, Mr. and Mrs. Bert Norton at Rochester.

Mr. and Mrs. Robert Chappel spent the week-end at the home of W. H. Gardner at Pinkney.

Mrs. Ed Willett spent last week with her aunts, Mrs. Charles Forsee and Miss Nancy Macomber at West Plymouth.

Goodness and philanthropy begin with work and never stop working. All that is worth reckoning is what we do, and the best of everything is not too good, but is economy and riches.—Mary Baker Eddy

Trials teach mortals not to lean on a material staff,—a broken reed, which pierces the heart. We do not half remember this in the sunshine of joy and prosperity.—Mary Baker Eddy

Reader Takes Pen in Hands

My dear Editor.

Sometimes your editorials are too hot not to handle.

"Homes for the Vets"—starting with a No. 2 shovel. Don't think it hasn't been done. We did it. Two shovels and a cement mixer and an unwarranted dose of optimism. We started four years ago, and are still battling. Living here, yes, sans plumbing, hot water, or heat. Not such a bad idea of that—it's the one way to get the kind of a house you want at a price you can pay. Plus, of course, the breaking back.

"Was it a Mistake?" Read it recently ago; still sizzling.

Admitted the US is a better place to live in than Russia. Admitted we sent 'em flocks of airplanes and stuff during the war, and relief after. Admitted also the Soviet bloc is being pretty adamant in all the current conferences. Could say the same about England, no?

And also admitted, good Lord yes, the current line of press and radio is to discredit everything Soviet. But naturally—press and radio are supported by their big advertisers, i.e. major capital, i.e. the sworn enemies of anything that looks like Communism. Of course. Press and radio know who butters their bread.

"Threatening the peace of the world..." and a lot of semantics to demonstrate same, without a piece of objective proof. Suggest you take a look at the map of the Soviet Union. If you were building a house, from scratch, complete with farm and industries, and had unlimited land, natural resources, labor, and incentive, everything but the higher technical skills, and wanted passionately to make it the best and biggest house, farm and industry in the world, would you stop to fight with your neighbors? Think you'd try to make sure they didn't fight with you! The USSR's situation is analogous.

Nothing in the news to indicate that it is otherwise. Not in the noisy noneties Detroit calls newspapers, certainly. They don't have all the news. They have darn little of it. Suggest you read J. Alvarez del Vayo's "Report from Moscow" in The Nation, August 17.

Please understand; your correspondent is not a communist. Nor any other sort of 1st. Merely a layman with a prejudice against belligerency-loaded words and a passion for looking at both sides of any question.

Sincerely yours,
Mrs. Shirley York
Plymouth, R.F.D. No. 2
