## FOR THE NEW YEAR—JUST BE GLAD.

So you think you have been troubled and worried during the past year, do you? So do others. We have had strikes, some of them of a near criminal nature. We have had many disasters, some of a most alarming kind. The world has been upset. A terrible war was ended but peace did not come with victory. Many, very many, feel that they have both big and little troubles, needless troubles. The men who won the war for us, rightfully feel that they have been shamefully treated in the matter of homes and jobs.

Soon, very soon a New Year will unfold its opportunities to us. The cold, dark short days will quickly pass and spring will come with its bright sunshine and a landscape made new by the miracles of nature.

But what of you and me? Just be glad that we are here, that opportunities lie ahead, that our little place in a great world may be a troubled one but that some day and in some way it will be made a more happy one. Be glad that we are alive, glad that there is unfolding a New Year with new hopes, new opportunities and a more understanding mankind.

## LAWYERS AND THE GRAND JURY.

It appears that the Michigan State Bar Association isn't so sure that Michigan's very successful one man grand jury system is a good thing for the state. You know the one man grand juries in recent years have been catching an unusual lot of thieves, grafters and bribers and sending them to prison.

We know that the grafters and the thieves don't like one man grand juries. They hate the system with all the hate of Hades.

Just why some lawyers would be interested in knocking out the one man grand jury system no one knows, but it appears that some of the lawyers who have been hired by some of the indicted citizens of the state, have been named to membership on this committee.

What they will report we don't know and we don't especially care. We believe the people of Michigan feel that there are already too many safeguards thrown up for the protection of the criminals of this state. All of the laws are on their side—as is plainly evident in the bank bribery case now pending in Michigan courts.

It will be interesting to watch what this lawyer-committee reports in its "findings" on the one man grand jury system. It can be just one of two things—it must be FOR the criminals or it must be AGAINST the crooks. We will wait and see which it is.

## HE'S RIGHT ON THIS ONE.

Newly elected Congressman Howard I. Coffin of Detroit has expressed himself as utterly opposed to the scheme advanced by Senator Homer Ferguson to create courts throughout the country to handle problems growing out of labor-industry disputes.

The new Detroit Congressman says the idea will create courts to handle cases for a single group of people, and he is opposed to it for that reason.

The new Congressman shows some good sense in his opposition in this matter. While the labor court idea is not original with Senator Ferguson who is now advancing the idea, we have never looked upon it with favor, not for the same reasons that Congressman Coffin advances, but because we think that management and labor can handle their own problems AFTER congress has repealed the labor racketeering laws now on the statute books. The most vicious of all of these laws is the so-called Wagner Act. It was born in an alien mind, enacted in hate and greed and has been enforced against political enemies of the Washington new deal administration as viciously as any law Hitler ever enacted to help himself.

Senator Ferguson's idea will do just one thing if enacted—it will create thousands and thousands of more political jobs for lawyers and provide the wheel on which would spin a constant series of disputes and purposely created labor arguments.

It is high time that we begin to give a little attention to doing things that will create good will instead of creating courts for more arguments, more settlements by force of law, and more ill-will. We commend the newly elected Congressman for openly speaking his common-sense views.

## MORE TROUBLE AND IDLENESS.

Walter Reuther, who wants to out-Communize the Communists in disrupting America, according to newspaper reports, is preparing to call another strike in the automobile industry.

He has induced some New Deal screwball down in Washington to declare that he has figured it out that the automobile industry can pay something like 25 cents an hour more for labor.

Any simpleton can figure that one out. The auto industry can pay it—but when John Jones goes over to buy a new automobile, he is going to pay that 25 cents extra, not the auto industry.

But we are inclined to think that Reuther won't be able to get away with it this time.

Times are changing rapidly, and he will find now that things are a little different than they were three or four years ago.

It will be recalled that Reuther probably is the only man in these United States who had sufficient political pull down in Washington a few years back to snatch his brother out of an army uniform after he had been inducted into the armed forces to fight for his country, like your boy or your husband had to do. The draft board and the appeal board had all decided that they saw no reason why Reuther's brother shouldn't fight for his country, like any other American citizen, and they put him in a uniform.

That was back in the days when this country was being run by the most corrupt political administration the world has ever known.

But that crooked administration is not now functioning in Washington. Then too, even the workers are getting fed up on the Reuther strike racket. Only those, we believe, in the plants who are out-and-out Communists or are following the Reuther pattern to wreck the present American system of business and economy, have any desire to throw the country into another industrial disturbance.

Make up your mind to one thing for sure, if the strike racket is forced upon the auto industry and if the demands should be granted in order to save trouble, the 25 cent an hour raise will be paid by you and no one else.

And if it keeps on and on—you or no one else will have enough money to buy an automobile.

## School Teachers Granted \$30 Monthly Raise

Plymouth school teachers have been granted a raise of \$30 per month for the next seven months by the school board. Teachers recently made a demand for a flat \$300 per year raise, but the board decided that the \$30 per month advance for the remainder of the school year, would meet the advanced cost of living rate and the teachers have agreed to the arrangement.

Action of the board has been taken in anticipation of the receipt from the state treasury of additional revenues that will come as a result of the split in the sales tax voted upon at the November election.

Recent information from Lansing states that because of the confusing and conflicting phrasing of the amendment that it may be necessary for supreme court action in order to find out just what can be done under the amendment.

In fact there has been suggestions that the legislature ought to ask voters at the spring election to repeal the amendment generally known as No. 2 so that the legislature can work out some sensible method of aiding various governmental units that are in need of additional state aid.

It is generally stated that large numbers of voters did not realize last fall how serious would be the financial problem the amendment would create.

Lansing reports indicate that no matter what immediate steps may be taken to clear up the mess, it will be months before additional state aid will be received by the school districts, cities or townships.

## Instantly Killed in Auto Crash

Richard Gaston, aged 32, of 1617 Edington road, Coventry Gardens, was instantly killed Monday when on the way to his home from Ludington, in an automobile accident just this side of Howell. His wife and little daughter, Sandra Kay, were slightly injured and were given emergency treatment at the McPherson hospital in Howell.

The state police said Mr. Gaston in attempting to pass another car, was forced to brake his car quickly when a second automobile also pulled out into the passing line. The use of his brakes pulled his car directly into the rear of a truck driven by John Kohn of Jackson, who was not injured.

Mr. Gaston, a representative of the Northwestern Mutual Life company, was well known and highly respected throughout Livonia township where the family had lived for a number of years.

The funeral was held Thursday forenoon from the Livonia Lutheran church. The body was shipped to Centralia, Kansas, his old home, for burial.

## Mayor Lidgard Thanked for Aid

For the charitable contribution which resulted in the donation of several boxes of clothing and shoes for the bombed-out residents of Plymouth, England, from the local community, the Lord Mayor of that war-ravaged city has sent a personal note of gratitude to Mayor Robert Lidgard.

Written the 8th of November, the note reads as follows: "On the last day of my year of office I wish to send you my personal thanks for all the kindly interest taken by yourself in the arrangements for sending the generous consignments of clothing to this city through the Rotary Club of Plymouth, Michigan.

This clothing has now been distributed to needy people in Plymouth, and the gifts have been very much appreciated by all who were fortunate enough to receive them. I feel that we owe a good deal to you personally for the success of the effort."

The clothing was raised as a result of a campaign instigated by John Blyton following his return from a visit to the stricken English city about a year ago. The drive was under the direction of the Rotary club and the clothing was sent to the Rotary club of Plymouth, England, for distribution.

Mr. and Mrs. Oscar Alsbro left Christmas night for a brief holiday visit at Miami Beach, Florida.

Merit is never so conspicuous as when coupled with an obscure origin, just as the moon never appears so lustrous as when it emerges from a cloud.—Bovee

Unselfish ambition, noble life-motives, and purity—these constituents of thought, mingling, constitute individually and collectively true happiness, strength, and permanence.—Mary Baker Eddy

## Goodfellows Raise Nearly \$1500 As Result of Paper Sale—Every Child Had A Very Merry Christmas

While Detroit and other cities where Old Newsboys sold papers to help make Christmas a merry one for every unfortunate boy, girl and elderly person, Plymouth Goodfellows last Saturday hit an all-time high in their sales of Goodfellow papers.

President LeRoy Jewel stated yesterday that he believed that when the final check of sales was made that the total would exceed \$1,400, and that it may even reach a total of nearly \$1,500. This is about \$500 higher than the sales have ever reached at any other time since the organization of the Goodfellows in Plymouth.

"It is nothing less than amazing the friendly way that people bought the papers. I know of many who bought papers from at least half a dozen different ones who were selling. As the result of this splendid sale, we had enough funds to take care of all the cases that had been reported to us, and we will have a fairly good amount left for next year," stated Mr. Jewel.

The Rotary club at their Christmas party last Friday made \$180 cash, and turned the money over to Harry Robinson to present to the Goodfellows. Mr. Robinson conducted the Rotary sale which resulted in the raising of this substantial amount.

"No child without a Christmas" is the motto of the Plymouth Goodfellows. They certainly lived up to it this year, as every child in this city and vicinity had a very merry Christmas as a result of the work of the Goodfellows.

One of the pleasant surprises of the Goodfellows work this year was the unexpected contribution of a \$100 bill to President LeRoy Jewel. One of Plymouth's new citizens who moved to this locality within the past few months, said he wanted to do something to aid the fine Christmas work of the Goodfellows, and he took from his pocket a hundred dollar bill and gave it to the organization.

"I hear they do a lot of good at Christmas time and I want to do my share. Never mind about my name, I'm just glad to do it" he said.

## No Home in Plymouth for Plymouth Boy Who Made Heroic War Record

War department citations for heroism, daring exploits that saved both American lives and positions, promotions from the ranks to the position of captain because of devotion to duty and ability to lead and direct America's fighting air forces, doesn't mean much when it comes to trying to find a place in Plymouth in which to live.

Captain Marvin Criger, his wife and babe, who recently returned to Plymouth from the Pacific coast following his discharge from the armed forces, have searched for nearly five weeks, and are yet unable to find a shelter they can call home.

The youthful Plymouth resident who made such an outstanding record in the combat air forces of Uncle Sam in the Pacific, was one of the first to enlist when war broke out. As a result he has been away from Plymouth for nearly five years, much of the time on the south and western side of the Pacific.

He did a little bit more than his share to help win the war. His reward?

Not a place in or near Plymouth, his old home town, that he can rent to house his little family. Blame the Washington bunglers for creating such a deplorable situation.

But blaming somebody else for finding a home for a mighty worthy returned veteran and his family, if you can help a veteran who risked death so many times to save the necks of we who remained home in security because of what Captain Marvin Criger and his comrades did, phone Plymouth 777.

## Jaycee Celebration Brings Overflow Crowd to The City

Members of the Plymouth Junior Chamber of Commerce thought they had planned well for the big Christmas celebration on Monday evening, but they or no one else thought that the plans should have been made for the many thousands instead of many hundreds.

By the time old Santa had landed from the airplane that brought him right on Main street to Kellogg park, the streets and the park were packed with men, women and children.

It was with difficulty that he reached the Christmas tree. And here too the plans that members of the Jaycee thought were most sufficient, proved inadequate. More than 500 sacks of candy had been packed for the children. The number should have been nearer 5,000.

So big was the crowd and the lines so long that many shivering mothers and their children after waiting hours had to give up the pleasure of meeting Old Santa.

The treasure hunt was a similar surprise. Stores were packed with people who had collected large numbers of cards through previous purchases and the winners were numerous.

The Monday evening celebration was all-around more—than the most optimistic member of the Jaycee could have hoped for. It brought thousands to the city and despite the big overflow, everybody seemed to enjoy the fun.

## Neva Lovewell Named to Direct Plymouth "March of Dimes" Drive

Miss Neva Lovewell, 365 Pacific has been appointed community chairman for Plymouth for the annual March of Dimes, January 14-31, according to Abner E. Larned, chairman of the Wayne County Chapter, National Foundation for Infantile Paralysis.

At a meeting for community chairmen held December 16, at Dearborn Inn, Donald Thurber of the Wayne County Chapter stated, "There is a greater need now than ever before for a successful March of Dimes campaign. Wayne County Chapter has spent \$208,939 in the first ten months of 1946. Again this year the Chapter supplied the needed physical therapists and equipment for polio treatment to Wayne County hospitals caring for the 425 victims of this year's epidemic."

Miss Lovewell advises that she will announce plans soon for the Plymouth drive.

## Over 300 Children Attend Story Hour

At the recent story hour for children held at the Plymouth public library, Mrs. Agnes Pauline, the children's librarian, estimated that more than 300 boys and girls were present to hear the stories.

"We never expected anything like the attendance we had" said Mrs. Ada Murray, librarian. "We had so many children there that it was necessary to divide the group and have a part of them hear the stories, then repeat the stories for the other group. By doing this way, it worked out satisfactorily" she added.

Miss Charlotte Squires, the guest story teller, entertained the large number of children most delightfully.

Mrs. Earl Mastick was the guest at the birthday luncheon, Tuesday of the Three Flags Club, held at the Book Cadillac hotel.

## Babson Predicts Business Better in 1947 than 1946

### Labor Rackets And Shirking on Job Black Spots, Plus Foreign Troubles

### BUSINESS AND FINANCIAL OUTLOOK FOR 1947

By Roger W. Babson

1. One great event of 1947 will be a beginning of a movement of population from the big coastal cities to the small interior cities, unless definite steps are taken for world disarmament.

### General Business

2. A year ago the U.S. Babsonchart registered 130. Today it is estimated at 160. The Canadian Babsonchart registered 190 a year ago. Today it is estimated at 204. Sometime during 1947 these charts will register higher figures.

3. Reconversion of industry from war to peace has been completed although the great government surpluses have not yet been disposed of, leaving much to be sold in 1947.

4. Inventories, quoted both at their price values and their volumes, will increase during 1947. Both raw material piles and manufactured goods will be in greater supply in 1947.

## New Entrance To Riverside Work of Beauty

The entrance to Riverside Cemetery is now marked by a stone gateway which, though just completed, stands with the dignity and permanence of an old-world cathedral. The natural beauty of limestone has been skillfully blended with the varying colors of Briar Hill stone in a pair of pillars that flank the cemetery road and form the ends of identical curving walls built of the same combination of materials. Carved deep in the face of the pillars, one word on each side of the entrance, is the name "Riverside Cemetery" in modified Gothic letters.

The idea for beautifying the cemetery entrance was conceived by Edward C. Hough, lifelong resident of Plymouth. Mr. Hough donated the structure which will support a wrought-iron gate, and the city will complete the project next spring with the installation of carefully planned landscaping and improved road and curbing.

Thomas W. Moss, Plymouth architect, created the design and supervised the construction of the stone work which he describes as Early Gothic in style. Mr. Moss deserves the high praise he has had for the creation of a design that clearly shows his deep background in the study of traditional architectural styles. Its beauty of line and color are a fine example of his artistry and knowledge of materials and construction.

Each piece of stone used was cut by the Detroit Cut Stone company of Detroit to the exact specifications and layout of Mr. Moss. Officials of this firm say that fine stone-cutting and masonry is fast becoming a lost art. The last remaining craftsmen in Detroit in this type of work did the job, which had to be worked into a full schedule that takes them to all sections of the country. They are the Hill McIntosh Company, whose members are William McIntosh, Alfred Hill and Fred Hill, who specialize in the handling of limestone, and Fred Winkless who does the Briar Hill stone work.

Close observers were impressed with the meticulous care taken by these artisans in the matching and fitting of each separate piece as it was chipped here and there and carved to take its place. Extreme pride of workmanship and accomplishment, made conspicuous by the fact that it plays such a small part in the postwar work of many tradesmen, was clearly in evidence among these thoroughly trained men. They are proud of a job when it is finished and they like their work; their main concern at the moment is that there are no young men coming along to take their places—they have no apprentices training—they think of their craft as an art that will disappear within a few years.

The new Riverside cemetery entrance is a beautiful addition to the Plymouth scene and one that will stand permanently as a tribute to public spirit, fine design and fine workmanship.

Dr. and Mrs. Elmore Carney entertained Dr. and Mrs. M. H. Draper of Ann Arbor, Mrs. Nellie Stephens of Ypsilanti, Mrs. Ira Carney of Yale and Mrs. C. G. Draper over Christmas day.

Mr. and Mrs. O. P. Martin and family spent Sunday visiting in St. Clair, and Christmas day they were guests of Mr. and Mrs. E. H. Martin and family of Detroit.

1947 IN A NUTSHELL	
BUSINESS:	To reach higher levels than recorded in 1946
COMMODITIES:	Opposing trends
LABOR:	Some basic problems to be solved
REAL ESTATE:	Continued good demand for modern suburban homes
POLITICS:	Increased foreign troubles
STOCKS:	To work higher
BONDS:	Firmness temporary

### Commodity Prices

5. Some rationing and priorities may continue into 1947, but both will rapidly be eliminated. Government regulations will gradually be lessened. World War II will officially be ended.

6. The retail prices of most manufactured products will be higher sometime during 1947 than at present. The prices of some of the food products may decline.

7. The unit sales of some department stores will begin to decline sometime during 1947; but the sales of food and variety chains may continue at peak figures.

8. The great question mark of 1947 will be how labor is to behave. Higher wage rates and less production per man inevitably mean higher prices.

## Approve Survey of Water System

The city commission has approved a contract between the city of Plymouth and a special engineering firm of Ann Arbor providing for a survey of needed improvements in the water system to insure adequate functioning.

The Ann Arbor firm will immediately start the survey and have it completed and a report ready for the City Commission within three months. City Manager Harold Check said, "The contract also provides for the same firm to make the necessary improvements if and when their survey report is accepted by the City Engineer and the commission."

## New Basis For Election Pay

In future elections here the personnel of the boards will not be paid a "flat" rate for their toil. No more will election boards toil 28 hours on a presidential poll for the same money they get paid for ten hours work on a local issue.

The city commission has approved an amendment to the city charter where the rate of pay for such work can be set by resolution for each and every individual election. Thus an election requiring all day and part of another to complete will be paid for at a higher rate than one which does not require so long a time to complete.

## New Partnership Is Announced

Harold Daggett, for the last 24 years proprietor of a radio sales and service shop in Plymouth, has announced that he has taken a partner into the firm.

It's none other than Glen Frederick, a former employee of Mr. Daggett, who spent four years in the army as a radio man in an armored division.

The pair have leased the east side of the Jewell and Blain building from Deane Saxton and remodeled it for a modern radio shop. They say the new association will assemble a number of experienced radio repair personnel at all times. They will offer service on all models and makes of home and automobile radios, record changers and sound equipment.

## Local Legion Packs 46 Boxes

Plymouth and its friends have demonstrated their generosity by subscribing enough money to the "Gifts to the Yanks Who Gave" program sponsored by the Myron H. Eells Post, American Legion, to pack 46 Christmas boxes for hospitalized veterans.

Thirty of the boxes were personally delivered to veterans at the Maybury Sanitarium. The remaining 16 were shipped to Battle Creek for distribution in Percy Jones Hospital wards.

Mrs. Melvin C. Guthrie, chairman of the committee in charge of the project, has asked The Mail to thank everyone and the organizations that combined to make it a success.

Mr. and Mrs. J. L. Kemmerling will spend Christmas with Mr. and Mrs. J. D. McLaren.

### Farm Outlook

9. Pending a weather upset, more bushels of corn and wheat and of some other products will be raised in 1947 than ever before in our history. Although some prices may slide off, the total farm income for 1947 should hold up fairly well. But farmers should diversify more in 1947.

10. There should be an increase in certain fruits, fish products and vegetables with a decline in prices. The United States will have more to eat in 1947 than in 1946, probably 10 percent over the prewar level.

11. Dairy and poultry products will continue to increase in volume with no increase in prices; but fats, sugar and some canned goods will continue short.

(Cont. on page 6, 2nd. section)

## Bentley Heads Newly Organized Teachers' Club

On November 12 the teachers of Plymouth Public Schools voted to form a teachers' club. Since this date a great deal has been done in organizing this club.

The teachers' club hopes to promote a feeling of fellowship among the teachers, to improve the professional, the social, and the economic status of teachers and to promote the best interests of education.

The following officers have been elected:

President, Carvel Bentley; vice-president, Ethel Killham; recording secretary, Dorothy Agar; corresponding secretary, Marion Gale; treasurer, Elizabeth Lucas.

The executive board consists of the club's officers and one representative from each school. Melvin Blunk represents the high school, Bertha Anderson, Central and Kathryn Bock, Starkweather.

These committees have been named:

Constitution—James Latture, Francis Adams, Audrienne Gates.

Legislative—Helen Farrand, Verle Crawford, Claude Dykhouse.

Program Planning—Ethel Killham, Alice Gribble, Francis Holmes.

Public Relations—Elsie Arscott, Lucile Finkbner, Beulah Krieg.

Publications—Elizabeth McDonald, Edgar Brown, June Hadley, Jean Jackson.

Flowers—Neva Lovewell, Hazel Parmelee, Thelma Hittell.

Social—Ruth Eriksson, Virginia Olmsted, Anthony Matulis, James Latture, Esther Adler, Walther Goodwin, Barbara Nesbitt, Elizabeth Lucas, Kathryn Bock.

Finance—Carvel Bentley, Betty Sheldon, Nancy Holliday, Sarah Lickley, Robert Ingram.

On December 16, a cabaret party was given in the high school gymnasium at 6:30 o'clock in the evening by the teachers and other school employees in honor of the members of the Board of Education.

As the guests entered and were greeted by Mr. and Mrs. Carvel Bentley, Miss Ruth Eriksson and Miss Ethel Killham, Christmas music reached their ears, and the guests fastened their eyes on a beautifully decorated room, festive with pine boughs, Christmas trees and Christmas favors on the tables at each place. Then they feasted—on a wonderful turkey dinner, served by the Methodist ladies.

Mr. James Latture was the master of ceremonies with Mr. Paul Wagner directing the singing of Christmas carols, while the different courses of the meal were being served.

After dinner there was a floor show by the Monte Carlo Studio in Detroit. Singing, tap dancing, ballet dancing and a tumbling act were greatly enjoyed. Ending the party, everyone joined in ball room dancing.

Mr. and Mrs. Kenyon G. Olds are the proud parents of a baby girl, Judith Lynn, born December 16 at Sessions hospital, the babe weighed seven pounds and 13 ounces.

Mrs. Olive Traylor left Sunday evening for Mt. Carmel Center, near Waco, Texas to spend the winter.

Mr. and Mrs. Earl Mastick and family spent Christmas day with Mr. and Mrs. G. S. Rowe of Milford.

**FASHION HIGH-LIGHTS**  
What the Well-dressed Lamp Bulb Won't wear!

1. NOT THIS—Too small a lamp shade looks as ridiculous as a pill-box hat on an otherwise stylish stout. Inefficient, too, for only a tiny area is lighted. The moral: Lamp shades with flaring sides are better than straight-sided ones.

2. NOR THIS—The smartest Harrie Carnegie creation is ruined if your slip is showing. And the same is true of your lamp bulbs. They're not only unsightly—their glare can tire eyes and brain—even cause headaches or harmful eye strain.

3. NOR THIS—One gloom-bug can spoil any party. Don't let your lamp shades be funeral or depressing. They can affect your entire room. Outfit your lamps with light-colored shades, preferably those with white linings.

4. CERTAINLY NOT THIS! Do your lamp shades bulge at the seams? They're flashy and garish—hard on the eyes and on the nerves. Make sure that your lamp bulbs aren't too big for their shade.

5. GOOD HEAVENS, NO! Like any lady with self-respect, a lamp bulb wants to be perfectly groomed—immaculately dressed. Keep bulbs, shades and reflector bowls free of light-stealing dust and grime.

6. IT'S SO EASY TO BE SURE—Your eyes' best friend is the "Light-Meter", a scientific instrument that tells the quantity of your lighting. With it, your Edison Home Service Advisor can quickly check over your lamps and fixtures... if necessary show how your lighting can be easier on the eyes. Arrange for a Home Service Advisor to call on you today.

**STRETCH YOUR COAL PILE WITH INSULATION**

Your fuel supply won't actually get bigger, but it will go down much slower if you insulate now with Baldwin-Hill black Rockwool.

B-H black Rockwool is a quality insulation, naturally fire-proof and water repellent, that acts as a barrier against the escape of furnace heat.

Savings up to 40 per cent of your fuel bill are possible—and out of these savings you can pay for the insulation.

Give us a call today.

## In Memoriam

In loving memory of John Staman, who passed away six years ago, December 26.

In the hour of pain and anguish In the hour when death grew near Jesus suffered not his heart to languish, Our Lord suffered not his soul to fear, And need his mortal life was ended, He hid him in His arms to rest, Sadly missed by His Wife and Children. 1tp

LEGALS  
TO THE HIGHWAY COMMISSIONER OF THE TOWNSHIP OF LIVONIA, WAYNE COUNTY, MICHIGAN  
You are hereby notified that the Board of County Road Commissioners of the County of Wayne, Michigan, did at a meeting of said Board held Thursday, December 5, 1946, decide and determine that the certain streets and alleys described in the minutes of said Board should be County roads under the jurisdiction of the Board of County Road Commissioners. The minutes of said meeting fully describing said streets and alleys are hereby made a part of this notice, and are as follows:  
"Minutes of the meeting of the Board of County Road Commissioners of the County of Wayne, Michigan, at 3800 Barlow Tower, Detroit, Michigan, at 10:00 a.m., Eastern Standard Time, Thursday, December 5, 1946.  
Present: Commissioners Brown and O'Brien.  
It was moved by Commissioner O'Brien that the Board assume jurisdiction over the following streets and alleys in the Township of Livonia, Wayne County, Michigan:  
All of Jamison avenue, 60 feet wide; all of Lyndon avenue, 85 feet wide; all of Perry avenue, 60 feet wide; all of Hillcrest avenue, 60 feet wide; all of Hillcrest avenue, 60 feet wide; all of Hillcrest avenue, 60 feet wide; and all of the alley, 20 feet wide in the rear of Lots 124 to 128, inclusive, and adjacent to Lots 335 and 336, as dedicated for public use in B. E. Taylor's Acres, being a subdivision of part of the west 1/2 of Section 23, Town 1 South, Range 9 East, Livonia Township, Wayne County, Michigan, as recorded in Liber 70 of Plats, Page 58, Wayne County Records; being in all 0.562 miles of subdivision streets and 0.064 mile of alley.  
The motion was supported by Commissioner Brown and carried by the following vote: Commissioners Brown and O'Brien. Nays, none.  
Whereupon it was ordered that the above described streets and alleys in the Township of Livonia, be hereafter county roads under the jurisdiction of this Board.  
THIS NOTICE IS GIVEN UNDER AND BY VIRTUE OF ACT NO. 283 OF THE PUBLIC ACTS OF 1909, AS AMENDED.  
In Testimony whereof, I have hereunto set my hand at Detroit this 13th day of December, A. D. 1946.

## Wild Lifers, Vets Party Success

So successful was the turkey-chicken parties given by members of the Western Wayne County Conservation Association and the Mayflower Post, VFW at the club house on Joy road last week that the two organizations are thinking of making the affair an annual event.

There will be nearly \$500 to divide between the two groups after all expenses have been paid.

While icy conditions of the roads kept the Tuesday night crowd down to some extent, the Wednesday night attendance made up for the previous evening.

## Radio Repair Shop on Wheels

Another Plymouth veteran has solved his future by going into business and in a novel manner that should assure him success.

He is Edgar Nash, son of Mr. and Mrs. Paul Nash, of 461 Jener Place. His business is radio repair and sound equipment sales. He features a shop-on-wheels by virtue of a specially built panel truck.

Instead of carting your broken record changer, radio or home recorder to him, just call 1198-W. He'll respond with his mobile shop and take care of all repairs.

The truck is fitted with latest testing equipment and complete stock of parts, tubes and repair materials.

Edgar is already doing business

and finding that Plymouthites like the idea of having the repair shop come to them. It saves the household many precious hours of having to do without a radio and makes it possible for a woman to have the radio cared for without any trouble. A phone call does the trick.

Edgar spent his time in the army with the signal corps. Previous to the war he was an experienced sound, telephone and radio repair man.

He has had ten years experience in his particular type of business, including schooling at a Chicago trade school and four years apprentice work while attending Plymouth high school.

Edgar is well qualified to operate this type of service and is deserving of a trial when you have radio, or sound equipment woes.

His new idea of how to offer radio repair service promises to be profitable, he says. The Mail sincerely hopes so and believes the rest of Plymouth's business world joins them in saying so.

## Veteran Beat Up By Labor Mob

Charles Hill, a cousin of Mrs. Russell Powell of this city, and a returned war veteran who had just been able to buy his first suit of clothes out in Oakland, California, was an innocent victim of the labor mob that tied up that city by a strike against the city government recently.

Hill had been downtown in Oakland, to buy a typewriter before starting back to Michigan to enter the University of Michigan, when the hoodlums who made up the union mob of strikers, began

chasing him down the street, thinking he had bought the typewriter in one of the stores that the hoodlums were picketing. Not only was the typewriter destroyed, but the first suit of civilian clothes and a new white shirt he had just purchased, were torn from him before police drove off the hoodlums. The mob used sticks and clubs in their assault on him.

According to the clippings young Hill sent Mrs. Powell, he had no part in the strike, did not buy the typewriter at a struck store and was made an innocent victim of one of the New Deal inspired ideas of mob law.

Oakland was under mob rule for three days recently when a striking union failed to close two big department stores.

## 'Nature' Plants Bakhaus Lake

Herman Bakhaus who excavated a private lake on his farm out west Territorial road a year or so ago, isn't worrying any more about stocking it with fish.

"Nature" has done that for him—even though the lake has no inlet or outlet.

Some weeks ago Mr. Bakhaus walking around the shores of his lake, expressing his pleasure to friends over the fact that the springs which feeds it had produced a bigger lake than he had anticipated.

As he looked at the water he suddenly noticed some fish swimming about.

Then he found that the little "Bakhaus lake" apparently had a pretty good supply of sunfish and bluegills, but as he had not planted it, he was unable to answer the question as to where the fish came from.

A representative of the Michigan Conservation department a few days ago answered the question for him.

The fish came into the lake through an underground stream that flows from other nearby lakes and feeds the springs that can be found in several places in that vicinity.

## Plymouth Archers Organize Club

Plymouth archery enthusiasts have organized a club, elected officers for the coming year and laid out a roving range on the grounds of their sponsors the Western Wayne County Conservation Club.

Virgil C. Knowles, Plymouth recreation chief, is the club president. William Ray is vice-president and Gar Evans is secretary and treasurer. Temporary chairman for the organizational meeting and election of officers was Robert Wesley.

Richmond Roberts was named chairman of the committee to lay out the range. Last Saturday he and Mr. Knowles, Mr. Evans, P. E. Allen, J. N. Allen, Joe Voss and Douglas Blunk surveyed the range of the Ford Motor Co.

The following day they all pitched in and laid out their own course at the conservation club grounds with 14 rough targets. The range is mostly in the gully around the clubhouse with all natural hazards. There are all types of shots ranging from 25 to 80 yards distance.

The course is so designed that it will not interfere with any conservation club activities such as skeet. Before it is put to use the board of directors of the conservation club must approve the range. Until then the actual targets will not be installed.

Plymouth bowmen can expect to enjoy year-round shooting when the range is finally opened. Its location protects the archer from wind and it actually is much warmer than it would be were the range on level terrain.

The new club plans to associate with the national archer's group and the one in Michigan.

Persons wishing to join the new group should contact Bill Rambo at the Plymouth Sport Shop or Mr. Knowles at the City Hall, Recreation Department. It is to be kept in mind that this club is for all members of the family.

It is the plan of the Archery Club to organize and sponsor a junior unit for those under 16 years of age. For further information about the junior unit watch The Mail or contact Virgil Knowles.

 WISH**

to Our Friends

As the New Year approaches we receive our humble share of satisfaction by giving our service to his community. Our cordial and heartfelt wishes for your happiness and prosperity.

We like to feel that each of you is one of our loyal friends and that our success, whatever it may be, is a reflection of yours.

You have been very liberal with your patronage, and we are grateful. We trust that these associations have been as pleasant to you as they have been to us.

We wish you all the joys of the New Year, and may your every wish be fulfilled.

# The Pleasure Is Ours

We don't know of a better time than the New Year to give recognition to our many friends who, through their consideration and patronage, have made it possible for us to enjoy a very successful year.

We do not measure success in a material way entirely, but from the standpoint of friendships maintained, new acquaintances made and service rendered to the many people whom we have had the privilege of serving during the past twelve months, and whom we hope to keep as our friends during the coming year.

We have set our goal to serve you more efficiently in the future and we trust that our efforts will meet with your approval.
