

### Dealer Reveals Plans for Future

Horace W. Thatcher, has announced the purchase of a building site in Rosedale Gardens and plans to construct modern furniture studios there in the near future.

The site is on the north side of Plymouth road opposite the Rosedale Gardens Rexall Drug store. Mr. Thatcher said. In it he will build a 60 by 100 structure which will house a most modern furniture studio.

He said it would be modern in every respect and that the merchandise to furnish the studios has already been ordered from Grand Rapids and Chicago manufacturers.

Although Mr. Thatcher is calling his new business, furniture studios, he will deal also in lamps, art objects, radios, carpets, rugs, linoleum and asphalt floor tile besides all types of household furniture.

Until his building is completed and ready for business, Mr. Thatcher points out that he will continue doing business here out of factories and wholesale sample rooms in Detroit.

Mr. Thatcher is a furniture dealer of 33 years experience. The last 12 years he has spent in Plymouth. Nine years before that he was located in Detroit. He has worked for J. L. Hudson Co. and been associated with several Toledo firms.

### LOCAL News

The Rev. and Mrs. Ellwood S. Hannum of Southwest Harbor, Maine will be the guests of the men's club dinner, Thursday evening, February 6, 6:30 at the St. John's Episcopal parish house. All members of the parish are cordially invited to make reservations for this dinner with Mrs. Kenneth Hulme, phone 1596.

Mrs. George Springer entertained her 500 club at her home on Mill street Saturday evening.

Fred Stocken returned to St. Joseph hospital, Tuesday, January 23, his condition being serious.

On January 19, Mayor and Mrs. Ray Messer of Corvallis, celebrated their 47th wedding anniversary with Jack Miller and family at Miller Brothers' 1st dance on East Ann Arbor Trail.

Mr. and Mrs. Glen Helmer of Cadillac road announce the engagement of their daughter Mary Jane to Donald O. Struble, son of Mr. and Mrs. Otto Struble of this city.

Carl Kay and Carl Jay Glass, twins of Mt. Pleasant, celebrated their first birthday Thursday by entertaining Linda and Dale Lerrick and Jerry and Jimmy Lee.

Mr. and Mrs. Thomas Gardner announce the engagement of their daughter June Elizabeth to Leonard Andrew Divilbin, son of Rev. and Mrs. Richard Bierlin of Ellsworth road, Ann Arbor.

The Lutheran Ladies Aid will meet at the home of Mrs. George Breiten, Wednesday, February 3.

Mr. and Mrs. Owen Johnson and small son Dennis have left this city for Houston, Texas where they will make their future home.

Faylis LaVergne is home from Nazareth College, Kentucky to spend the mid-semester vacation with her parents, Mr. and Mrs. Levi LaVergne of Adams street.

Little Miss Jeanne Keller, daughter of Paul and Rebecca Keller of 1st street, celebrated her first birthday on Friday, Jan. 21 at her grandmother and grandfather Keller's house on 5th street.

Members of the Plymouth Junior Chamber of Commerce to be held Wednesday evening, Feb. 5. The name of the meeting will be announced in the Jaycee See, chapter publication, which will be mailed early next week.

At their January meeting, members voted to amend their by-laws and hold two meetings a month instead of one. It is thought by the group that in this way one of the meetings can be devoted wholly to matters pertaining to business, while the other will be more of a social affair and for the entertaining of guests and prospective members.

February will mark the first of the two-meeting months and Wednesday will be set aside for business. All members are urged to be present.

There were 12,938 books loaned from the Plymouth branch library during 1933 to adults for informational and serious reading. The library collection of this type of book, 3,134 volumes, averaged four readings each, or a 400 per cent turnover.

When a car goes wrong there are plenty of guys that go right along with it.

#### Post Treatment

Scientists of the USDA have developed a method by which farmers and other users of wood-lot trees can introduce chemicals into the sap stream of the wood to increase the length of service of fence posts, bean poles, garden stakes, and other utility poles. The method is neither difficult nor expensive. The fresh-cut saplings are allowed to stand in a wooden tub or trough containing the right amount of chemical in solution for about six hours or until they have taken up the required amount of chemical. Tops of the saplings are supported by leaning them against a tree, building or other support.

#### Conserve Juice

Avoid loss of juice in preparing meat, poultry and fish by never soaking in water. Meat may need to be wiped off with a clean moist cloth, and poultry or fish may need to be rinsed after cleaning, but none of these foods should be submerged or left standing in water. Save all drippings and serve with the meat or in gravy. Save excess fat for future cooking. Juice from oysters and clams has especially fine flavor, and is often served hot as broth, or added to stew and chowder. Never wash oysters and clams because this means a loss of juice.

#### Measuring Trees

Set a short pole in the earth near the tree. Measure the height of the pole, the length of the shadow it casts, and the length of the shadow cast by the tree. Multiply the length of the tree's shadow by the height of the pole, and divide the product by the length of the pole's shadow. The height of the pole is to the length of its shadow as the height of the tree is to the length of its shadow.

#### Felling Mahogany

The mahogany tree should be felled during the period of the waning moon (about the last two weeks in the month). No superstitious ritual, this practice is soundly based on botany, for at this time the tree is freer from sap, sounder and of a richer color. The cool of the night is the best time to chop a tree.

#### Egg Cookery

Whatever the method used in preparation, the secret of good egg cookery is—use moderate heat. Egg white becomes tough and leathery when it is cooked at a high temperature. Oven-baked dishes, such as custard and similar mixtures, should be set in a pan of hot water to maintain medium heat.

#### Light Rays

Length of the longest light rays in the visible spectrum is about twice that of the shortest rays, says the Better Vision institute. On the other hand, the longest sound waves audible to the human ear have wave-lengths about 20 times that of the lowest audible sounds.

#### Bank Buildings

Banking buildings proves profitable. The home may be warm enough, but many small barns, hog houses and poultry houses can be made windproof and much warmer, if banked with straw, corn stalks or even snow.

#### Defrosting Pan

Remove the defrosting pan when it is not in use in the refrigerator. The cold air will then be able to drop directly down from the bottom of the evaporator and help increase air circulation in the cabinet.

#### Small Republic

Smallest American republic is El Salvador. Coffee and banana plantations dot verdant valleys and mountain slopes. Colonial atmosphere lingers in towns dating back to the Conquistadores.

#### Castor Oil

Castor oil, a familiar pharmaceutical, is an indispensable lubricant for certain types of machinery. It comes from the castor bean, grown in Middle America.

#### Clears Debt

Tram ferried over \$51,000,000 from revenue surpluses to its sinking fund, North Carolina in 1933 for the first time cleared itself of general fund debt.

#### World King

In 1945, an inscribed strip of bronze, indicating existence of a king of the world 2,500 years ago, was discovered in Palestine.

#### Chilly Egg

A "chilly" egg separates more easily, but the white whips best after the egg has warmed up to room temperature.

#### Tin Pans

Never try to shine tin pans; it may remove the tin covering from the metal underneath and cause the pan to rust.

#### Clean Silverware

Powder pads are handy for cleaning silverware. Use one to apply polish and one to do the buffing.

#### Remove Stain

To remain brown stain from glass baking dishes, soak them in a strong solution of borax and water.

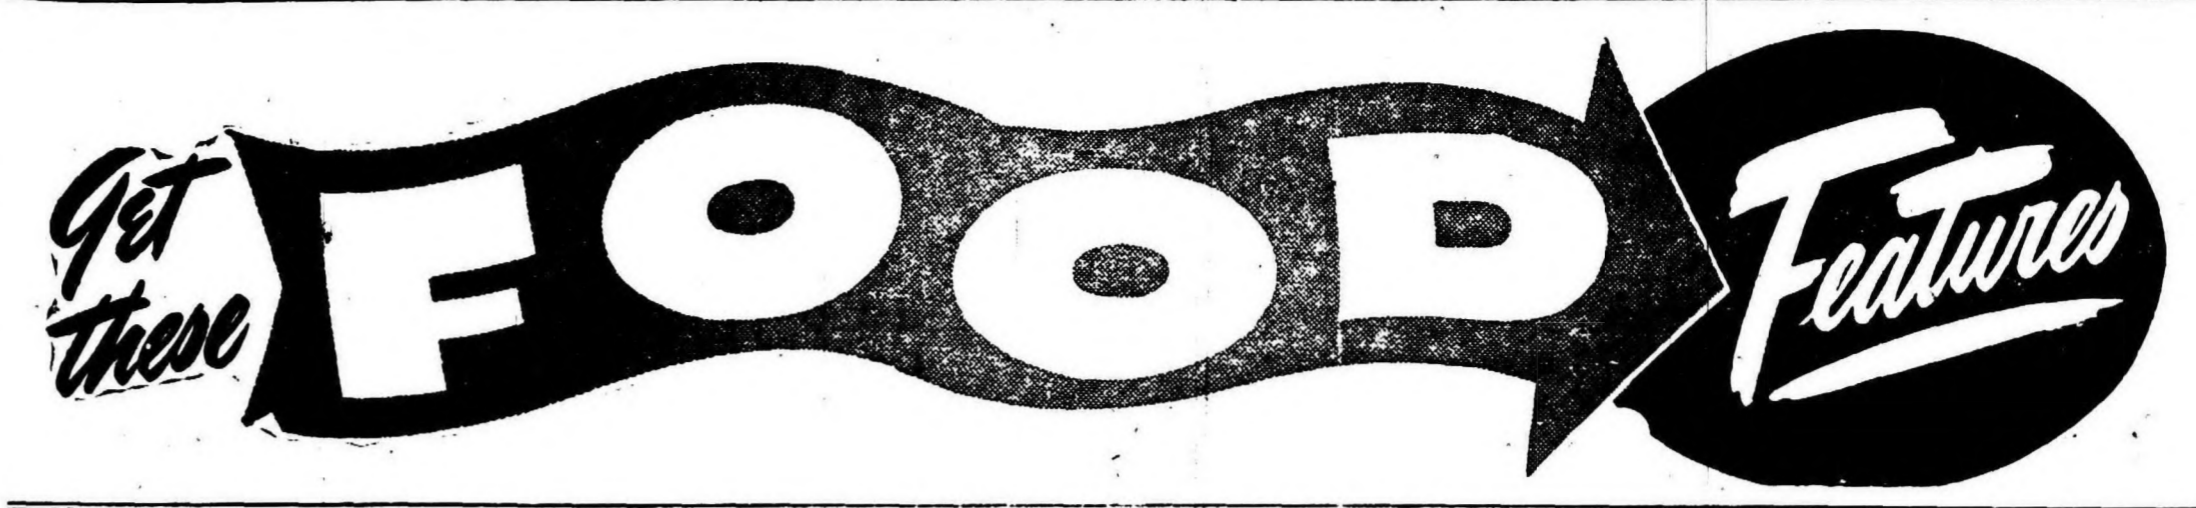

#### Clean Curtains

Summer curtains are kept cleaner by wiping screens frequently with a damp cloth.

#### Forested Region

Fifty-eight per cent of North Carolina's area is still in forests.

# LOCAL NEWS

Mrs. Warren Worth spent last weekend in Pittsburg where she was called by the death of her aunt Miss Martha Loomis.

Mrs. Carl Kester has returned to her home in Lansing after spending several days here visiting her cousin, Mrs. Harry Brown, and other relatives.

Shirley Langley of California is spending three months in Plymouth as the guest of her aunt and uncle, Mr. and Mrs. Eugene C. Benson on Blunk avenue.

Dr. and Mrs. A. E. Van Ornum and son, David, of North Harvey street were Sunday dinner guests of Mr. and Mrs. George Ratz of Brighton.

Mrs. Milton Laible of South Main street and Mrs. Victor Petschulat of Rosedale Gardens were luncheon guests last Thursday of Mrs. Ralph Trese of Huntington Woods.

Mr. and Mrs. Albert Pint of Schoolcraft road have as their house guests Mr. Pint's sister and her husband, Mr. and Mrs. Hans Hanson of Osage, Iowa.

The Old Glory Council of the Daughters of America installed the officers of the Pride of Detroit Council No. 8 last Monday evening.

Dr. and Mrs. Carl January will entertain twelve guests at a dinner bridge party Saturday evening at their home on Sheridan avenue.

St. John's Episcopal League will hold an evening meeting Wednesday, February 5, at the home of Mrs. R. M. Hoffman on Sheridan avenue.

The Lutheran Mission Society met at the home of Mrs. O. F. Beyer on Mill street Wednesday for an all-day sewing session for the unfortunate European people.

Ruth Campbell who attends the University of Michigan is spending her mid-term vacation with her parents, Mr. and Mrs. Fletcher Campbell of Ann Arbor Trail.

Mr. and Mrs. Rice Kempf of Ann Arbor and Mr. and Mrs. E. F. Austin were Sunday evening guests of Mr. and Mrs. Elmer Austin of Amelia street.

Mrs. Arthur Tillotson and Mrs. Robert Ritchie and daughter, Jill, spent Tuesday of last week in Dearborn where they were the guests of Mrs. Gordon Spearman.

Lieutenant Robert W. Thams, son of Dr. and Mrs. S. N. Thams of Jenner Place, returned Tuesday evening from Camp Sheridan. He has been serving in Germany and was recently discharged.

Carol Joy Karnatz, daughter of Mr. and Mrs. Arthur F. Karnatz celebrated her seventh birthday last Saturday by inviting seven little girls to spend the afternoon with her. They were Barbara Moore, Marilyn Fry, Kay Porter, Eleanore Skaggs and Barbara Wall.

Mr. and Mrs. William Fowler, Jr. are leaving for Miami, Fla. next week to spend the remainder of the winter with his parents, Mr. and Mrs. William P. Fowler, Sr.

Mr. and Mrs. Warren G. Todd are the parents of a baby boy, Thomas Robert, weighing seven and three-quarters pounds, born last Sunday, January 26, at St. Joseph's Hospital in Ann Arbor.

Mrs. Gloria Fowler and Mrs. Doris Shettler were co-hostesses at a stork shower for their sister-in-law, Mrs. Grayson Jones, Jr. Monday evening at the home of Mrs. Fowler on Ann Arbor Trail.

Joseph Witwer spent last weekend in Niles with his mother, Mrs. S. E. Witwer, who has been very ill for the past three weeks. Mrs. Witwer observed her 88th birthday last weekend and is now convalescing at her home.

Mr. and Mrs. Charles Thumme of Ann Arbor Trail and Mr. and Mrs. Alton Brown of Laingsburg will leave Saturday morning for Phoenix, Arizona where they will spend a month as the guests of Mrs. Thumme's sister, Mrs. Charles Mundy.

Mr. and Mrs. Herbert Finton and Mr. and Mrs. Elmer Austin attended a dinner and theater party in Detroit last Saturday evening in celebration of the birthdays of Mrs. Finton and Mr. Austin which occurred on that day.

Jack and Jill Kurgin, twins, of Wayne, niece and nephew of Mrs. Emily Mosher, and their dancing partners Jane Halveston, Sonia Lebaron, Zelinda and Nan Massine gave several tap dancing numbers before the Daughter of America organization when they were the supper guests of Mr. and Mrs. Irving Amberg of Grosse Pointe.

It may be of interest to Plymouth people to know that Mrs. Mildred Hazelton, wife of the late Colonel Hazelton, and a former resident of Plymouth has a very interesting feature of her co-operative apartment in New York City in the February issue of The Women's Home Companion.

P.E.O. Chapter A. I. met last Friday afternoon, at the home of Mrs. Samuel Dibble on Harding street. Mrs. Alvin Balden was the assistant hostess. Mrs. S. N. Thams presented the Founder's Day program.

Friends of Jacobs Frisch of Flint will be sorry to learn that after many weeks of confinement at his home he has been moved to Hurley hospital where he underwent a leg amputation. Mr. and Mrs. Frisch and son are former residents of Plymouth. At that time "Jake" as he was best known was engineer on the wrecker for the Pere Marquette railroad. They later moved to Flint where he has been employed by the Chevrolet Motors.

The Lutheran Woman's Club will meet Monday evening, Feb. 3, at the home of Mrs. George Bartel on Plymouth road. The members will make a quilt for the slippers. Assistant hostesses will be Mrs. Max Trucks, Mrs. Walter Schultz, and Mrs. Kenneth Truesdell.

Mrs. C. J. Kershaw entertained at a birthday luncheon Monday in honor of her mother, Mrs. George Urquhart. Covers were laid for Mrs. William Hartmann, Mrs. Martha Heft, Mrs. Jennie Gardiner, Mrs. Henry Grimm, Mrs. Erma Hughes, and Mrs. Myrtle Brown.

Mrs. Manfred Becker and daughter, Donna, and son, De Wayne, Mr. and Mrs. Lloyd Clark, and Gerald Allen of Plymouth and Robert Fyffe of Ferndale attended the presentation of the Radio School House at the Broadway Capitol theater in Detroit last Sunday. The movie feature was Ingrid Bergman in her current production of "Notorious."

Albert Trinkaus was guest of honor at a party given by the Plymouth Rebekah Lodge last Friday evening, the occasion being Mr. Trinkaus' 93rd birthday anniversary. A beautifully decorated birthday cake was the center piece of the refreshment table. Mr. Trinkaus was presented with a gift. He is one of the oldest citizens of Plymouth and was remembered on this occasion with many cards from his friends here.

Mr. and Mrs. Loren Goodale and their family entertained at a dinner party in their home Wednesday, January 22, the occasion being their 22nd wedding anniversary. Participating in the celebration were Mr. and Mrs. A. J. Goodale, Mr. and Mrs. James Goodale and sons and Don Stevens of Northville, Mr. and Mrs. Howard Goodale and sons and Mr. and Mrs. Russell Bingley and son of this city.

Unit No. 5 of the W.S.C.S. of the Methodist church will meet at 2 o'clock Wednesday afternoon, February 5, at the home of Mrs. Julia Zander on Starkweather avenue. Assistant hostesses will be Mrs. Arthur Tillotson, Mrs. John Thompson, and Mrs. Arthur J. Alford. Members are asked to please bring any old Christmas cards or other greeting cards they may have for the Children's Hospital.

The Girls' Carol Choir of the Methodist church under the direction of Mrs. Edna O'Connor made the first of a series of "Sunshine calls" after the worship service last Sunday. They visited the sick and shut-in members of the north-west section of Plymouth. After presenting the members with a rosebud the choir sang a few selections to help cheer them up a little bit. Each month the Carol Choir will visit a different section of town in their mission of spreading good cheer to the unfortunate.

The Youth Fellowship of the Methodist church held its regular meeting at the Methodist church last Sunday evening. Their guests were the young people of the Presbyterian church. A worship service was held in the sanctuary

with Dr. Frank Lytell, director of the student religious association at the University of Michigan as the main speaker. His topic was "Bringing the World Together" and it proved very inspiring to the young people. After the service the young people enjoyed recreation and refreshments.

The Plymouth branch library is the fourth largest of the Wayne County Public Library branches. The number of books circulated in 1946 was \$7,659. More books were borrowed during the year from only three other branches: Ecorse, Wayne, and the Wayne County General Hospital.

### Ask Game Warden For This Section

Officers of the Western Wayne County Conservation club are deeply concerned about the lack of game wardens for enforcing proper regard for hunting and fishing regulations in this area. Club members and others who are interested in a good conservation program are becoming quite disturbed about reported law violations and a general trend toward poor practices in the field.

President B. E. Champe of the club has in several cases been called by nearby residents who wished to report law violations and inquire what means can be used to stop the guilty ones. The callers are indignant when told that the nearest game warden is probably over in Ann Arbor. Protection for their property and game is not only inadequate, but

### Protect Poultry Water Pail

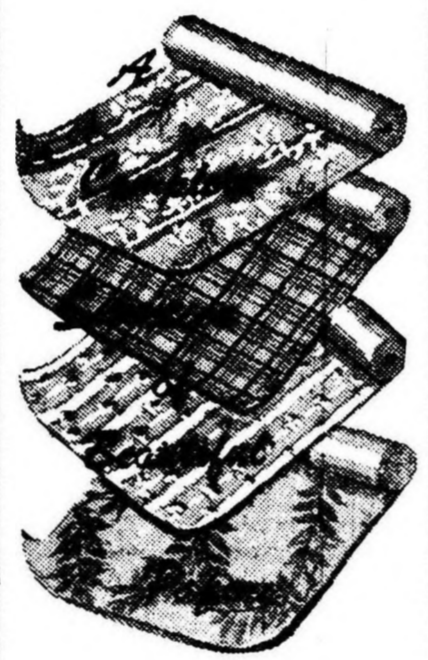

There are no hens perched on the water pail at the MacVaughn farm, located west of Mason, Mich., because an old five-gallon paint pail swings just six inches above it. The paint pail is suspended from a rafter by a rope to make the device free swinging.

If a water pail is not protected, it is easily tipped when the water gets low, resulting in wet litter, loss of water for growth or egg production and spread of disease. When many poultry raisers cannot obtain a regular fountain, farm labor specialists of the Michigan State college extension service recommend using any convenient pail in the above arrangement to provide clean, fresh water.

practically impossible to obtain. Dr. Champe and Ernest Henry both point out that the situation in western Wayne county is greatly aggravated by the fact that the neighboring counties have "No Sunday Hunting" laws in effect. Therefore, the majority of the hunters in Detroit and its heavily populated suburbs are confined to already crowded home hunting grounds.

It is believed by local sportsmen that a sharp curtailment of violations would be noticed at once if game wardens could be stationed here. These men, who are so interested in conservation realize that officers can not possibly patrol every acre of ground in their assigned territories, but, their very presence in the vicinity would discourage the recalcitrants. Certainly a few arrests and convictions would impress upon the violators that "Crime does not pay", says conservation club members.

If lack of funds is the reason for not hiring sufficient numbers of conservation officers it is suggested that an increase in the price of small-game licenses be effected to cover the expense. It is imperative, however, Dr. Champe says, that money obtained from this suggested increase in fees be "definitely earmarked for the conservation program."

**Rubber Investment**  
 Together, the British and Dutch have an investment of more than 1 1/2 billion dollars in the natural rubber plantations of the Far East. There are an estimated 2 million Far Eastern workers dependent upon natural rubber for their livelihood.

**California Story**  
 Three-foot carrots weighing 40 pounds asparagus and turnips running 20 to the ton raised in California in 1951 are mentioned in the United States department of agriculture reports.

**Save Paper Safely**  
 Paper or paper boxes for salvage should be flattened out, tied firmly with string, and stored on a cement floor, away from the furnace, stove, or hot pipes, and the wall.

**Trout Species**  
 There are seven species of trout — rainbow, blackspotted, brown, mackinaw, brook, California golden and Sunapee golden — in Wyoming streams and lakes.

**Warehouse Fires**  
 Warehouse fires during the five-year period 1939-1943 were reported at an annual average of 7,200, with an annual fire loss of \$17,400,000.

### Galín Attends Locker Meeting

David Galin, one of the charter members of the Michigan Frozen Food Locker Association, Inc., last week attended the annual convention of the organization held in Lansing.

Not only is Mr. Galin a charter member, but he is a member of the board of directors and has always taken an active interest in its work.

The Association went on record as favoring the enactment of a bill introduced in the house of representatives which will permit the indefinite keeping in food lockers of any game that has lawfully been taken by the locker owner.

As it is at the present time, if a person keeps venison, pheasants or wild ducks in a locker longer than the time limit fixed under present laws, he is liable to prosecution for game law violations.

The president of the organization is W. C. Naylor of Boyne City. There was a large attendance at the meeting.

For recreational and cultural home reading, the people of Plymouth borrowed 23,040 books of fiction from the library during 1946. This book circulation was accomplished by the library staff with a collection of 2,283 volumes.

The children's room at the Plymouth library has 1,584 fiction books and circulated 14,895 volumes last year. This was a turnover of the collection of nearly 100 per cent.

"Birds and How to Draw them" is a book for young artists interested in nature study. It is now in the Plymouth library.

**Plymouthite Designs Exclusive Wear for West Coast Concern**  
 Mrs. Alfred Schuster of West Ann Arbor, Mich., left last Monday by plane for California where she will visit relatives in Los Angeles and Hollywood. While there she will design women's gowns and leather goods for "Fashy Creations", an exclusive ladies' shop in Hollywood which is owned by her brother-in-law, E. T. Allen.  
 The Plymouthite formerly was serving as an army nurse during the war. Mrs. Schuster will return in two or three weeks and continue her designing for Mr. Allen at her home here.  
 Encyclopedias, dictionaries, and other reference books may be used at the Wayne Public Library.

**Dance Group Plans 2 Events**  
 The Plymouth Square Dance group will meet on Feb. 6 and 20 at 8:30 p.m. in the Central Grade school, according to Virgil Knowles, recreation supervisor for the City.  
 This group, Mr. Knowles reports has been enjoying lots of fun throughout the winter and a good attendance has been recorded each session.  
 Mrs. J. H. Todd and Mrs. L. B. Rice are two of the spark plugs that give the group the push necessary for its success. For the Feb. 6 meeting they have planned refreshments and coffee to be served at the close of the evening.  
 They request that each person bringing an attending please bring long sandwiches. Everyone is invited. The charge for the party is 30 cents per person which covers the expense of music and refreshments.  
 The Plymouth Mail Want Ads bring results.

**Girl Scout Council Plan Annual Meeting**  
 An interesting program is planned for the annual meeting of the Livonia Girl Scout Council which will be held at the Livonia Center School on Friday, January 31, at 8:00 p.m. The major topic of business for this meeting is the report of the various committees for the 1946 season. The president of the Council, J. Livernois, will also outline plans for the forthcoming year. Election of officers for the ensuing year is on the agenda. The Nominating Committee, headed by Mrs. J. C. Calhoun, has prepared a slate of officers for the Board of Directors, and for the various committee jobs. The Council is now operating under the new constitution, approved at the fall meeting of the Council, providing for retention of certain officers for one year and other for two year terms.  
 In view of the comprehensive program being planned for the coming year, a large turnout of leaders, committee members, and others interested in Girl Scout activities is anticipated.  
 On the recreational side of the meeting will be the showing of the film entitled, "THE GIRL SCOUT LEADER." The film interprets the role the Girl Scout leader in the neighborhood troop. Photographic sequences show the leader as a member of a national and international organization; the neighborhood troop as the simple unit of organization; troop sponsorship needed from adults in the community. Then the new leader is shown attending a training course where the basic aims and principles of the Girl Scout Movement are interpreted—the ethical code; the activity program; learning by doing; democratic troop government; and the recreational approach.  
 An invitation is extended to all people interested in Girl Scouting to attend this meeting.

**If Keys are Lost See Police Chief**  
 Chief of Police Lee Sackett wants it known that he has a large and varied collection of keys at his office in City Hall. Most of them have been found on the streets of Plymouth and turned into his office.  
 Chief Sackett has strung them all on a wife and asks that anyone having lost any keys in the past few months please come and see them. Perhaps the keys they need or want are among the bunch he has.  
 Many have been turned in since the thaw, Chief Sackett said. Some are car keys, others for homes and food lockers. People

having lost them either have failed to call the police department or else have given up ever finding them.  
 There are 3,315 books in the Plymouth branch library. During 1946 this collection had a turnover of nearly 700 per cent. The report for the year shows that 57,350 books were borrowed for home reading.

**PEOPLE ARE ASKING  
THESE QUESTIONS ABOUT  
ARMY ENLISTMENT**

- Q. What educational benefits do I get under the GI Bill of Rights?**  
A. If you serve honorably on active duty for a period of 90 days, one day of which is served between September 16, 1940, and the date of termination of the present war, or you are discharged because of an actual service-incurred injury or disability incurred within that first 90-day period of service, you are, upon discharge, entitled to one year of education in the college, trade or business school of your choice for which you can qualify. In addition, each month of active duty, including the first three, prior to the termination of the war, entitles you to another month of post-service education, up to 48 months.  
Your tuition, laboratory fees, etc., up to \$500 per ordinary school year will be paid by the government. Also, you will receive \$65 a month living allowance; \$90 a month if you have dependents.
- Q. What about family allowances?**  
A. For men enlisting or reenlisting now, family allowances will continue until six months after the war is officially ended.
- Q. What are my chances of going overseas?**  
A. If you enlist for 3 years, you may select to serve in any overseas theater which has openings, especially Japan or Korea.
- Q. Can I still choose the branch of service I want to serve in?**  
A. Yes, you can pick any branch which has quotas to be filled, if you enlist for 3 years.
- Q. Is there any way I can reenlist in my old grade?**  
A. Yes, you can, if you reenlist for a 3-year term within 20 days after your honorable discharge.
- Q. Is there any other way I can reenlist in grade?**  
A. Yes, if you held one of certain military occupational specialties, and were discharged on or after May 12, 1945, you can reenlist in a grade depending on the length of time you held the desired M. O. S.

BY • ELTON R. EATON

Every once in a while we read in the metropolitan papers something about a "row" that is taking place between the management of the Grand hotel on Mackinac Island and Wilford F. Doyle, chairman of the Mackinac Island State Park Commission.

Digging back of the "front line" of propaganda, one finds an interesting series of events, which in the end may mean much to the vacationists of this state.

The Mackinac Island State Park is one of the oldest in Michigan. It was in 1872 when the Huron Indian tribe built a "fortified" village on the island.

During the war with England in 1812 Mackinac Island provided its most interesting chapter in American history, and from that day to this most of the island has been regarded as public property and has been freely used by the public.

It was soon after the war of 1812 when the federal government sold a few private land claims on the island. It was in 1873 when Congress enacted legislation setting aside the island as a "national park for health, comfort and pleasure."

Then in 1895 Congress turned over to the state of Michigan for public park purposes the old fort, barracks and other buildings as well as all of the ground surrounding the fort. This gave to the state nearly the entire island with more than 40 miles of roads and a boulevard shore drive more than nine miles long. The congressional act also provided that the state of Michigan should set up a control body for the entire island, except of course the private property on the island which was sold to individuals soon after the end of War of 1812.

Included in the land sold by the government at that time is the site of the present Grand hotel. It was back in 1882 when the land on which the hotel stands was purchased by U. S. Senator Francis Stockbridge of Kalamazoo. Stockbridge possessed considerable wealth and he wanted Michigan to have a number of

big hotels such as dot the state of Maine.

Out of his promotion grew the plans for the erection of the Grand hotel, which is now probably the largest frame-constructed resort hotel in the world. It does have the longest porch of any hotel ever built. It is nearly 900 feet long and has long been advertised by Michigan and its various tourist associations as one of the interesting sights that tourists should visit. In fact the last advertising folder issued by the Mackinac Island State Park Commission devoted considerable of its space to a picture of the porch of the Grand hotel.

During the last tourist season when thousands upon thousands of people visited Michigan for the first time since the end of the war, great numbers of these people went to Mackinac Island to "see the sights" including the world's largest hotel porch.

When they reached the hotel grounds, they were stopped by a sign which read, "To facilities of This Hotel Reserved For Our Registered Guests."

It was this sign which caused the "blow-up" between Chairman Wilford Doyle of the park commission and the hotel management.

The hotel order also blocked the public not only from the privilege of walking along the vast hotel porch that the state has so liberally advertised, but it kept the public from using the hotel bar, which is licensed by the state for public use.

When the tourist season ended last year, the hotel had the state park commission buffaloed. It didn't take down its sign and it didn't let tourists onto the porch or into the bar unless they were "registered guests."

Commissioner Doyle the other day said the disagreement between him and his erstwhile friend, W. S. Westfall, came to a head largely because of the commissioner's insistence that Grand hotel has reaped many benefits from the publicity and promotional efforts of the state and therefore has a duty to the public which it cannot escape.

"After all," said Doyle "no one can deny the fact that the taxpayers of Michigan have spent considerable sums of money in the development and promotion of Mackinac Island. The Grand has enjoyed the fruits of the state's efforts. To all of a sudden rope off its front porch and close a public cocktail lounge to those who do not live at the hotels is just plain silly, poor public relations and contrary to law and

**The Modern Prophet . . .**

**OLD RELIABLE WEATHER PROPHECY . . .** Hundreds of years ago Candlemas Day, celebrated on February 2, was the customary day for weather prediction, foul weather on that day being a sign of an early spring while fine weather meant winter would continue. The pagans believed the premature return of certain animals indicated continued cold weather. In America the groundhog has been accepted as the prophet. The 1947 version will avail himself of all modern devices.

public policy.

"Some very fine Michigan people have been offended by the hotel's action. I am not referring to trouble makers or over zealous celebrants who might cause annoyance to guests by too much frolicking. I have reference to such people as the news editor of one of the Michigan's most prominent dailies, the publisher of a smaller paper, prominent Alpena business people and dozens of others who were turned away at the front door when they wanted to visit the hotel just to look around.

"My friends suggest that we should all shake hands and make up. Well that's not my idea of public office. The ordinary mine run of Michigan tourists have some rights in this state. The tourist industry and those rights should be protected.

"Let's not kid ourselves about being on the Park Commission. The men who make up this state board are all fine outstanding citizens who have given freely of their time, money and energy to help Mackinac Island. I would not serve five minutes on any commission if I do so, I had to compromise principles. On or off the Park commission I shall continue to fight for whatever rights the travel public has."

And right there is where the matter still stands. The hotel "crowd" is out after Doyle's scalp. It will not be long before the state will know the outcome of this tourists island's fight that really does involve a highly important state issue.

The way to make a husband remember the wedding anniversary is to try to get a January and June present out of him.

If you have any items of interest about your family or friends please call Plymouth 6.

**More Phones For  
Rural Sections**

A new type of underground telephone cable to help serve rural subscribers in Michigan Bell Telephone company territory is now being installed in some sections of the state.

Theodore H. Dawson, head of the company's rural program, said the cable, which is buried deep in the earth by a special plow, would materially aid efforts to provide telephones by the end of this year to the 11,000 families on the waiting list in rural areas.

"Our goal this year is the same as it was for 1946—to provide service for 20,000 new subscribers now living in rural areas," Dawson said. Michigan Bell went "over the top" last year by installing 4,600 more telephones than it originally set its sights for.

Michigan Bell plans to put up over 9,000 miles of telephone wire this year to serve those on the waiting list and as far as possible continue its program of reducing the number of parties per

line to eight or fewer.

During the past year, the number of parties on 2,850 rural lines was reduced to eight or fewer.

Dawson said that Michigan Bell now serves 187,000 rural subscribers, double the number served in 1941.

The new-type underground cable now being installed for the first time in Michigan was developed by the Bell Telephone Laboratories especially for rural construction. It is lightning proof and withstands other severe weather conditions.

The life of the cable is increased by use of two types of synthetic rubber insulation and a mesh of woven steel wires.

**FIRST CHURCH OF CHRIST SCIENTIST.** Sunday morning service, 10:30 a.m. Sunday school, 10:30. Wednesday services, 8 p.m. "Love" will be the subject of the Lesson-Sermon in all Christian Science Churches throughout the world on Sunday, February 2. The Golden Text (I John 4:7,8) is: "Beloved, let us love one another: for love is of God. . . He that loveth not knoweth not God; for God is love." Among the Bible citations is this passage. (I John 4:20,21): "If any man say, I love God, and hateth his brother, he is a liar: for he that loveth not his brother whom he hath seen, how can he love God whom he hath not seen? And this commandment have we from him, That he who loveth God love his brother also." Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, include the following (p. 518): "The rich in spirit help the poor in one grand brotherhood, all having the same Principle, or Father; and blessed is that man who seeth his brother's need and supplieth it, seeking his own in another's good."

Books on practically every subject are available at the Plymouth branch library. During 1946, the people of Plymouth borrowed 12,968 volumes of informative-factual books from the adult book collection at the library.

The lightning that struck the "flagpole sitter" may have been just a spark of ambition—anyway it got him down.

**FIRST METHODIST CHURCH.** C. E. Doty, Pastor. Horace Thatcher Church School Superintendent. Mrs. Edna Connor, director of Music. Church School, 10 a.m. Morning Worship, 11:00 with Rev. Luther Butt, District Superintendent, guest preacher. Youth Fellowship, 6:30 p.m. Pastor's Discussion and Study group meets Thursday evening at 7:45. Day Units of the Woman's Society meet Wednesday, February 5 at 2:00 as follows: No. 1 with Mrs. Chas. Reinas, 355 W. Ann Arbor Tr.; No. 2 with Mrs. Alford Smith, 143 N. Main; No. 3 with Mrs. Jas. Latture, 986 Harding; No. 4 with Mrs. Walter Brown, 1437 Sheridan; No. 5 with Mrs. Carl Zander, 801 Starkweather. Night Unit No. 3 will meet with Mrs. Lola Macnoll, 775 S. Main. Father and Son's banquet Feb. 12.

**STARK BIBLE SCHOOL — CHURCH OF GOD.** Morning worship, 10 a.m. Sunday school, 11 a.m. Evening service, 7:30.

**SPIRITUAL CHURCH OF CHRIST.** Margaretha Kelley, pastor. Sunday school, 10 a.m. Morning worship, 11:00 a.m.

**SALVATION ARMY.** Cynthia Taylor, major. Sunday School, 10 a.m. Holiness service, 11. Evening service, 8:00 p.m.

**CHURCH OF CHRIST.** Almon P. McAllister, minister. Sunday School, 10:00 a.m., followed by worship, Evening 7:00 p.m.

**ST. PETER'S EV. LUTHERAN CHURCH.** Edgar Hoenecke, pastor. Sunday School, 9:30 a.m. Morning Service, 10:30 a.m. Wednesdays, 7:30 and 8:30 p.m.

**FIRST BAPTIST CHURCH.** Rev. George Goodrich, Interim pastor. Morning worship, 11:10 a.m. Sunday School, 10 a.m.

**LATTER DAY SAINTS.** Carl Heavland, pastor. Church School, 9:45. Morning Worship, 11 a.m.

**OUR LADY OF GOOD COUNSEL CHURCH.** William P. Moon, pastor. Masses, 6-8-10-12 a.m.

**FIRST CHURCH OF CHRIST SCIENTIST.** Sunday morning service, 10:30 a.m. Sunday school, 10:30. Wednesday services, 8 p.m. "Love" will be the subject of the Lesson-Sermon in all Christian Science Churches throughout the world on Sunday, February 2. The Golden Text (I John 4:7,8) is: "Beloved, let us love one another: for love is of God. . . He that loveth not knoweth not God; for God is love." Among the Bible citations is this passage. (I John 4:20,21): "If any man say, I love God, and hateth his brother, he is a liar: for he that loveth not his brother whom he hath seen, how can he love God whom he hath not seen? And this commandment have we from him, That he who loveth God love his brother also." Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, include the following (p. 518): "The rich in spirit help the poor in one grand brotherhood, all having the same Principle, or Father; and blessed is that man who seeth his brother's need and supplieth it, seeking his own in another's good."

Books on practically every subject are available at the Plymouth branch library. During 1946, the people of Plymouth borrowed 12,968 volumes of informative-factual books from the adult book collection at the library.

The lightning that struck the "flagpole sitter" may have been just a spark of ambition—anyway it got him down.

**Capitol Sentinel**  
The bronze statue of Freedom on top of the Capitol in Washington, D. C., which is 19 1/2 feet high, weighs 14,895 pounds, cost \$23,796.82, and is reputed to be the only "lady" ever to get a 25-gun salute on the occasion of the dedication, 81 years ago.

**Carbon Compounds**  
A survey of our knowledge of chemical compounds carbon reveals that ca. 300-400,000 different structures are known. These compounds differ in their arrangement of carbon, hydrogen, oxygen and a few other elements.

**Room to Breathe**  
An electric refrigerator should have a free air space of at least three or four inches from the wall in the back and ten inches or more of space at the top to insure economy of operation.

**New Processes**  
Polymerization processes now make possible many thousands of barrels daily of high-quality gasoline from refinery gases which in the past were wasted or burned as fuel.

**Supplied Oil**  
Our nation last year supplied nearly 80 per cent of the war oil requirements of the United Nations, with crude production 7 per cent higher than in any previous year.

**Thermal Belt**  
The thermal belt of Polk county, N. C., is so acutely located that grapes on one farm will prosper, and those on the next, a few hundred yards away, will fail.

**Moderate Temperatures**  
Cook meats at moderate temperatures. You'll find they will shrink less, and, therefore, go further. The flavor will be better, too.

**Founded in 1701**  
Detroit, fourth largest city in the United States today, was founded by the French explorer, La Mothe Cadillac, in 1701.

**Protect the Pressure**  
Wrap the cover of a pressure cooker in heavy paper when not in use to protect the pressure gauge and valve openings.

**Controlled With Cryolite**  
Flea beetles, horn worms and budworms can be satisfactorily controlled with cryolite.

**When Men Wore Earrings**  
Rings, earrings and bracelets were worn by both men and women in the 16th century.

**Purge Footwear**  
Bent into "shoe tree" shape, bactericidal lamps purge footwear of fungi which cause infections. On the farm, they protect livestock and poultry from infection and, inserted in empty milk cans, they kill germs that can accumulate during rinsing.

**Jap Balloons**  
Japanese war balloons were employed in the Russo-Japanese conflict in 1904. At that time the Japs did not use bomb-laden free balloons like those now released across the Pacific. These earlier types were captive airships.

**Tasty Seasoning**  
Tasty seasoning for puddings, pies, coffee cakes, baked apples and the like can be made by putting equal parts of ground allspice, clove, mace and nutmeg in a shaker.

**Rail Revenue**  
The average revenue received by the railroads for carrying a passenger one mile in 1944, including commutation, was 1.87 cents compared with 1.88 cents in 1943.

**Milk for Farm**  
Every farm family should have at least two good milk cows to insure an adequate supply of milk and dairy products throughout the year.

**Lipstick Stain**  
Lipstick stain generally responds to hot sudsy water, or try hydrogen peroxide or favelle water, which is obtainable from drug stores.

**Brighten Overshoes**  
To brighten rubber overshoes, rub them with a rag wet with diluted ammonia, wash with soap and water, then rinse.

**Baby Pacifiers**  
Many doctors contend that the use of pacifiers results in colic because babies who use them suck in too much air.

### Older Youth May Organize

Virgil C. Knowles, supervisor of recreation for the City of Plymouth, is interested in learning the desires of the community's older youth on the question of organized recreational activities.

In that age bracket, Mr. Knowles includes those persons just out of high school up to 21 years old. If they desire to be included, he will be happy to have those up to 25.

Mr. Knowles points out that perhaps this age group is not interested in what he has in mind, but in case they might be he would like to offer his services and urges them to contact him by letter or phone or visit his office at City Hall.

The purpose of learning what individuals in this group might desire in the way of recreation in their home community, Mr. Knowles said, is to provide it for them if possible.

He would like to organize the group and make available recreational activities which are now lacking, provided those who would benefit are interested and actually desire such action.

If the eligible persons are interested they are asked to make their desires known to Mr. Knowles and prepare to aid him in organizing their group and see his idea through to successful completion.

### Daisy Girls Team League Leaders

The girls' basketball league passed by its second round Tuesday evening with the Daisy Team defeating the Beginger Oldsmobile by a decisive 22 to 1, and the Plymouth Mail team defeating the Question Marks by a close score of 7 to 6.

V. Grady of Daisy sparked the win for her team by making a total of ten points. The game was a bit rough and fast, but these girls do play basketball.

The schedule of games to be played next Tuesday are:

Plymouth Mail vs. Belinger  
Question Marks vs. Daisy Team  
Team standings are:

	W	L
Daisy	2	0
Beginger	1	1
Plymouth Mail	1	1
Question Marks	0	2

Though the Question Marks have not yet got into the win side they are playing good ball with lots of passing and team work. This team is co-captained by Livingston and Johnston. The Beginger team in spite of the short end of the score in the last game is always right in their pitching, and their game with the Mail next week should be very exciting to watch. Scorers for the Plymouth Mail were Konazski, Stitt and Robinson, with Konazski making the free throw which was the deciding point.

### GOV. KIM SIGLER TO REPORT TO MICHIGAN OVER WJR

George Cushing (left), WJR News Editor, and Governor Kim Sigler

#### "Your Governor" Series To Be Broadcast Every Two Weeks

DETROIT—Michigan's new governor, Kim Sigler, will inaugurate a new series of special bi-monthly broadcasts over WJR, Detroit, Saturday, January 18th. The programs, entitled "Your Governor," to be presented at 7:00 p.m. directly from Governor Sigler's office in Lansing, at two-week intervals, will be the State executive's

report to the people of Michigan. Much speculation has been reported concerning what he will say on these broadcasts but it is currently indicated that Governor Sigler may release important announcements through this medium. George Cushing, news editor of WJR, who is well known in this area for his efforts in coordinating statewide inauguration broadcasts and for his outstanding Sunday broadcasts of IN OUR OPINION, will interview the Governor on the initial program.

#### O.E.S. News

Plymouth Chapter No. 115 will hold their regular monthly meeting Tuesday, February 4, 7:30 p.m. in the chapter rooms of the Masonic Temple. A social hour will follow the business meeting.

Ashlar Chapter No. 378 entertained Wayne County Association officers and honored Lela L. Brown, Worthy Grand Master of the Grand Chapter of Michigan, O.E.S., Wednesday, January 15 at the Eastern Star Temple, Detroit.

The afternoon meeting convening at 2:00 p.m. was an open meeting. Wayne County Association officers were escorted into the chapter room by members of Orient, Occident and S. gret clubs. Members of these clubs also served as escorts for the entrance of the Grand Officers of the Grand Chapter of Michigan, O.E.S., Wednesday, January 15 at the Eastern Star Temple, Detroit.

Plymouth Chapter was honored by having Kathleen Micol, Worthy Matron selected as one of the four Marshal Escorts for the afternoon and evening meetings.

Following the dinner which was served in the Temple dining rooms, the evening meeting was called to order at 7:45 p.m. The evening meeting was distinguished by having Degrees of the Order.

Methodists Plan Father and Son Banquet Wednesday, Feb. 12

The Methodist church father and son banquet will be held in the church dining room Wednesday evening, Feb. 12, at 6:30 p.m. Tickets are available for sons under ten years of age. Tickets may be purchased at W.S.C.S. Fellowship unit meeting; others wishing tickets may call Sydney Paul at 415 M.

An auxiliary program has been planned which will be of interest to both fathers and sons.

#### Methodists Plan Father and Son Banquet Wednesday, Feb. 12

St. John's Elect Three Members To Vestry

St. John's Episcopal church at Plymouth held its 1947 vestry election on Wednesday evening, Feb. 12. The newly installed vestrymen are Robert W. Bingham, Warren W. Bingham and Dr. Bingham. All will serve for a three year term.

**Milder Malaria**  
Vivax malaria, which is the most common type, very rarely persists for more than one to two years, and three years is the maximum time, when the disease is properly treated, Lieut. Col. Francis R. Dieudonne, medical corps, chief of the tropical disease treatment branch of the medicine division, said. There also is no evidence to support the fear that the disease leaves any permanent damage in its victims. Named after the species of malaria parasite which causes the mild form of the disease, vivax malaria rarely causes death. Its attacks of chills and fever occur every other day.

**Pigeon Flight**  
Pathfinder, the champion of the 1306th signal pigeon company, has established what headquarters believe to be a world record for flying in almost total darkness. Released in Charleston, S. C., on a very cloudy night, the bird arrived here 6 hours 23 minutes later, flying through rain all the way, and making the distance of 177 air miles at an average of 814 yards per minute.

**Combat Mosquitoes**  
The soldier is trained to protect himself against the mosquito which transmits malaria. He is supplied with mosquito netting, with mosquito repellents, with "mosquito bombs" to clear out his tents or living quarters, and he is taught not to expose himself at sunrise or sunset.

#### Plymouth Bowlers Toppling More Records

Bowlers in the Tuesday night league at Plymouth Recreation were given a thrill as Roy Williams rolled a near perfect game. Substituting on the French Gardens team, Mr. Williams placed ten in a row for strikes. A Brooklyn hit for his eleventh marked his chances for bringing honor to Plymouth with a perfect 300. However, his 285 is a remarkable score, and these present hold their breath and did their best with all the body-english possible.

Another outstanding event in recent nights was the Cloverdale team's high single game score of 1133. This stands as the high game for the season, and league bowlers are finding it to be a high mark to shoot at.

Lee Butler also reports that Albin Krizman turned in a 268-229-192 for a total of 689.

#### Plymouth Bridge Players Resume Weekly Classes

Bridge instruction classes were resumed last Monday night following a recess during the holidays while the instructor took a vacation trip to Mexico. From now until spring the classes will be held regularly every Monday night at Room 234, City Hall.

A tournament will be arranged in the near future for persons attending these classes. Details will be announced later. These classes are a 55 cent charge per person for this instruction, Virgil C. Knowles, recreation chief, points out.

#### Public Pinochle Classes Will Begin Wednesday

Beginning Wednesday night, Feb. 5, and continuing each Wednesday night thereafter, Peter F. Yost will offer instruction in pinochle play at Room 234, City Hall.

Virgil C. Knowles, Plymouth recreation chief, said the classes would start at 7:30 p.m. There will be a charge 25 cents per session. He pointed out that only adults would be permitted to participate.

"The Mentally III in America" by Albert Deutsch, is now available at the Plymouth library. This book gives the history of the care and treatment of the insane from Colonial times. The author recently received a Journalism award for his reporting of conditions in mental hospitals in the United States. He is on the staff of the newspaper PM.

### Fox Hunters Get Only Hood Owl

Sportsmen staged another fox hunt last Sunday a few miles west of Plymouth. "Reynard" and several of his kin were routed along with one big hood owl. The great bird utilized his best disguise tactics, but to no avail. "Deer Eye Dick" Bill Remko brought him down successfully. His wing spread was only slightly less than that of a fox.

The locale of the hunt was north of Ann Arbor road between Gotfredson and Napier roads.

Incidentally, there were no fatalities in the fox campaign, but it is rumored that the campaign will be continued. Local farmers and sportsmen all seem grateful for the persistent effort made by the hunters to eradicate the pest.

The night unit of the Methodist W. S. C. S. will meet at 8 o'clock Monday evening, February 3, at the home of Mrs. Lola Mae Noll on South Main street.  
Mr. and Mrs. Harold Brown of Fairground street were in Detroit Tuesday evening, January 21, where they were the dinner guests of Mr. and Mrs. Carl Stringer.  
Mr. and Mrs. Douglas Lorenz of Northville were Sunday dinner guests of Mr. and Mrs. Robert Brown of Ann Arbor road last Sunday.  
Richard Virgo, a student at Michigan State College in East Lansing, spent last weekend with his parents, Mr. and Mrs. Seth Virgo of South Harvey street.

Mr. and Mrs. Stewart Chasen are the parents of a son, born Friday, January 24 at Lincoln Hospital. Mrs. Chasen is the former Rose Mae Humphries.  
Mr. and Mrs. Carl Petch of Livonia were Sunday dinner guests of Mr. and Mrs. Maurice Garchow, the event being in honor of Mrs. Petch's birthday.  
Mr. and Mrs. Weston Noble and family of Defiance, Ohio were guests last Sunday of her parents, Mr. and Mrs. Clyde Williams of Plymouth road.  
Mr. and Mrs. Earl Mastick accompanied her sister, Mrs. Howard Hoag to her home in Lafayette, Indiana last Friday and visited in Chicago over the weekend.  
Mr. and Mrs. Henry Rheume and daughter, Lora, and Mr. and Mrs. Earl Rheume and son, Douglas, of Detroit were Sunday evening guests of Mr. and Mrs. Guy O. Fisher of Forest avenue.  
Mr. and Mrs. Harold Simms of Birmingham were hosts to their dinner bridge club last Saturday evening. The following guests from Plymouth were present: Mr. and Mrs. Austin Whipple, Mr. and Mrs. Carvel Bentley, Mr. and Mrs. Louis Truesdell, Mr. and Mrs. F. R. Hoheisel, and Mr. and Mrs. Henry Baker.

Mrs. Seth Virgo entertained at a dessert-bridge party last Friday afternoon. Her guests were Mrs. Earl Reh, Mrs. Thomas Moss, Mrs. Rich and Olin, Mrs. A. L. Lantz, Mrs. O. M. Valliquette, Mrs. Anthony Matulis, and Mrs. Floyd Wilson.  
Mr. and Mrs. Lloyd Burger and Mrs. Jessie V. Burger of Brown City were the guests last Sunday of Mr. and Mrs. Guy O. Fisher of Forest avenue. Mrs. Burger, mother of Mrs. Fisher, will make an extended visit with her daughter.

Mr. and Mrs. Earl Fluelling and son, Douglas, called on Professor Amos Ebersole and Dr. Nelie Huger Ebersole in Highland Park last Sunday. Later they attended the Sportsmen's show at Convention hall in Detroit.

Karen Sue Lent, daughter of Mr. and Mrs. W. J. Lent of Evergreen avenue, will observe her sixth birthday Saturday, February 1. Twelve children will be her guests at a party Saturday afternoon.

C. DONALD RYDER, Soliciting Agent

**In the Legislature**  
By Elton R. Eaton

Hats off to Kalamazoo! Its a city that doesn't run to the legislature for a hand-out.

In fact if it wants anything from the state, it is willing to pay for it.

It seems that the state has had a farm lying near Kalamazoo for many years that has not been used. It is a part of the property of the Kalamazoo State hospital, purchased years and years ago for farm development.

But as time went on it was found that property adjoining the asylum was better farm property than was the Brook farm, located on the north side of the city, some five or six miles from the hospital.

In recent years the state has not been using the Brook farm, so recently the city commission of Kalamazoo decided that if the land could be secured it would make a perk out of the farm.

Did Kalamazoo run over to Lansing and ask the state to give the property to the city? Nothing of the kind.

Kalamazoo had its representative introduce a bill in the legislature, offering the state \$60,000 in cash for the farm. The price was almost \$500 per acre, a price equal to the prevailing price of all farm land in that vicinity.

The house has passed the bill without a single opposing vote. Kalamazoo is one of those well conducted cities where the city is able to take care of its own needs. It is free of all debt and has hundreds of thousands of dollars in cash on hand. It has never done any whining about state aid.

Supt. Dwight Rich of the Lansing public schools has long been regarded as one of the outstanding educators of Michigan. The other day he was asked to appear before a club in Lansing to discuss the sales tax diversion amendment that has messed up the state's financial situation to such an extent that if the amendment cannot be replaced, new taxes will be forced upon the people of the state.

Supt. Rich declared that the amendment "hurt the schools more than it helped them."

Adoption of the amendment, he said, "supported the bad angles of government."

There's a new-type legislature in Lansing this winter, it appears. So far no shake-down bills have been introduced as far as any one can find out. That's something new.

Representative Chester Ferris of Detroit thinks its proper for women to serve as bar tenders. He believes that they would keep the standards of the saloons a bit higher than they are at the present time. Maybe-and maybe NOT.

A lawyer member of the legislature asserted the other day that "prisons are full of men who have followed the wrong advice of attorneys." If that is true, then why not make it a crime for a lawyer to give wrong advice, asked some one else.

**25 YEARS AGO**

August Krumm and family are driving a new Ford sedan.

Harry Brown is building a new house on his lot on Maple avenue.

Born, Monday, January 23, a daughter, to Mr. and Mrs. Robert Jolliffe.

Born to Mr. and Mrs. Fletcher Campbell, a baby girl, Thursday evening, January 19, 1922.

Albert Reddeman and family have moved into Harry Willis' house on Maple avenue, recently vacated by F. J. Van Housen.

About twelve little girls helped Maurine Dunn celebrate her ninth birthday on Monday afternoon.

Born to Mr. and Mrs. John K. Cool Wednesday, January 25, a daughter Virginia Mavis.

Mrs. C. L. Wilcox has been ill for the past week.

Frank Terry and family of Pontiac, visited at H. Terry's Sunday.

Mrs. E. Gould has returned to her home in Coldwater, after visiting her son, Wilbur Gould, for several weeks.

Mrs. D. A. Campbell, Mrs. Percy Campbell and Mrs. Ed. Hauk assisted Miss Nellie Blackmore of Canton in canning pork by the cold pack method, Tuesday.

There was a merry party down at the flats, last Saturday afternoon. The members of the Episcopal church school and some of the church members spent the afternoon in sleighing, tobogganing, and skating and the weather was ideal. The afternoon's merriment ended up with "weinies" and cookies around the campfire, and everyone returned home expressing themselves as having spent a jolly time. No accidents beyond a few bruises and bumps.

At the High School assembly, last Friday, the first grade presented the pantomime called "The Holy City." Five little girls from the grade, Roberta Chappel, Jean Weeks, Mary Jane Hamilton, Alva Hill and Marion Taylor, acted the pantomime, while Marguerite Hamilton sang.

A small blaze in the roof at the home of Forrest Gorton called out the fire department about eleven o'clock yesterday. The blaze, which it is thought caught from the chimney, was put out before the firemen arrived, and very little damage resulted.

**Plymouth Hunters Kill Wildcat**

Evidence of their prowess as hunters was indicated by one group of Plymouth "cat hunters" early this week when they brought back a wildcat bagged near Alpena Saturday. The group included Warren Bassett, Mat McClellan, Earl Bassett, Howard Schryer and Walter Bealinger. Elmer Horvath, formerly of Plymouth but now a resident of Hurley in the Upper Peninsula, joined them at Alpena. They stayed at Walter Dan's camp on Thunder Bay river. He also is a former resident of this area.

The cat weighed 25 pounds and the spokesmen for the hunting party said they might have gone out again Sunday after another one but the weather was too warm and wet. Saturday, he said, there was about two feet of snow in the woods.

The cat will be mounted, and before long is to be on display out at Parkside Bar near the corner of Ann Arbor road and Ann Arbor trail.

Entertainment Kathleen Blossom... Chaperones Velma Kainz... Publicity Martin Kregler... Lighting

Any resident of Wayne County can borrow books from the Wayne County Public Library branches without charge.

**GIRLS' SPORTS**

The ping-pong tournament has been played off and the winner is Betty Baker with Sally Holcomb as runner-up. Miss Olmstead has planned to start a new tournament soon.

The following girls' basketball teams will play Tuesday, Jan. 28, after school:

2 vs. 7  
 3 vs. 6  
 4 vs. 5  
 Tuesday, February 4, after school  
 9 vs. 14  
 10 vs. 13  
 11 vs. 12

Girls' team must be on the floor ready to play at the scheduled time! First half-first two teams will play at 3:40 sharp, second two teams at 3:55 sharp, and the third two teams at 4:10 sharp. The second half-first two teams will play at 4:25, second two teams at 4:40, and the third two teams at 4:45. Notify Miss Olmstead at least one day in advance if your team can't be there. There are so many teams this year that no time may be lost in the gym on Tuesdays.

**SCHOOL ANNUAL IS UNDERWAY**

The dummy for this year's school annual has been received from the studios of Moyers Brothers, and is now being prepared for publication. Pictures are being sorted by the make-up committee, which is also gathering other ideas and suggestions wherever possible.

Senior biographies, which must be turned in this week in order to be included in the annual, are being collected by the class editors.

All pictures and money were handled by the annual staff in this way a profit of 15 per cent was made for the school.

**ROCKS MEET ZEBRA**

**CAGERS THERE TONIGHT**  
 The Plymouth Rocks will be running for their sixth victory tonight when they take the court against the Zebras at 7:00 p.m. at Wayne. In the last contest the Rocks trounced the Zebras 34-16. This is no indication of what the game will be like, as the Rocks have found the comparative scores mean little.

Last week the Rocks pushed Redford Union from the second place tie when they nipped the Panthers 52-40. In the first quarter the Panthers took a 16-8 lead and remained 8 points ahead when the automatic time out sounded. Then the Redford Union Coach took out his starting five and the Rocks tallied nine points to lead at the half 21-20. The Panthers' starting five went back in at the half, but their four minute rest did not do them any good. Plymouth began to take the play away with Schomberger and Dobbs scoring most of the points. Commanding the rest of the game the Rocks came out on the long end of the score.

Jack Dobbs showed his best play of the year sinking eight field goals and one free shot for seventeen points. George Schomberger left the cage team in a blaze of glory scoring eleven points. This game was the highest scoring tilt in which the Rocks gave participated a total of 92 points scored.

While the Varsity was triumphant, the Reserves dropped another close one, 32-27. After taking an early lead, the Rocks saw it fade in the last quarter and finally were overcome by the fast moving Panthers. Larry Finney again paced the locals with 13 points.

**Set Date For School Meeting**

The annual school meeting will be held June 9 this year due to action taken by the Board of Education last week. Under the new school consolidation the law sets the date of the annual meeting in July unless officially changed by the board to June.

Board members felt that more people would be accommodated by holding the meeting in June just before the close of school and that summer vacationers could attend the meeting before leaving the city.

A new permanent registration system has been installed and school electors are urged to register at their earliest convenience. The last day for registration will be the 31 of May.

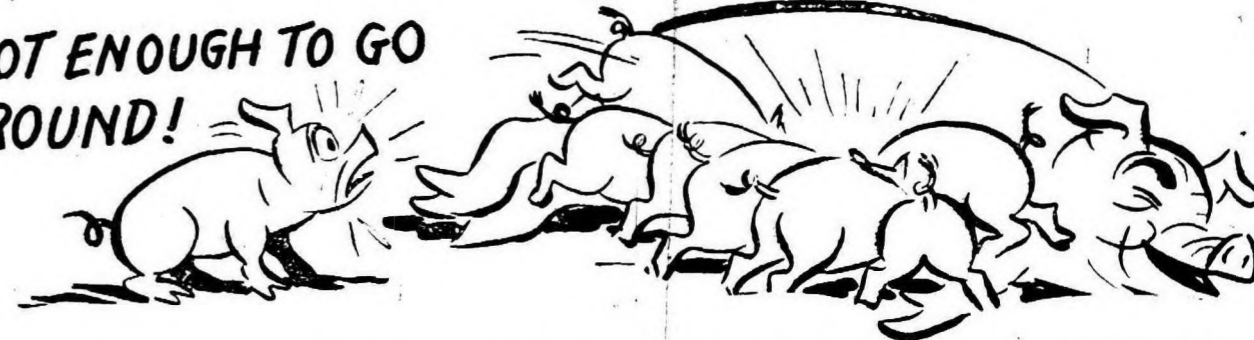

Less than twenty percent of all of the eligible voters in the district are registered.

Registrations may be made at either the High school, Starkweather school or at the home of Mrs. Sidney Strong secretary of the Board of Education.

**NOT ENOUGH TO GO AROUND!**

Yes, there will be some new tractors this year. We don't know just how many, but we are sure there won't be enough for everybody. That's why we're suggesting that you give us a list of the parts you need for your old tractor, just in case you're not able to buy a new one. You can't lose, you know... any money you spend for parts will boost your trade-in value.

**MICHIGAN'S MOST FAMOUS STUDENT...**

OF THE hundreds of thousands of boys and girls who have studied in Michigan, Thomas Alva Edison is the most famous. Yet the man who did so much for humanity never had more than a few years of formal education. You may have read that Edison, the boy, was banished from the Port Huron schools for dreaminess in class—that his teacher called him "addled"—and that he learned the three R's from his mother. Later, when in his teens, he worked on the Grand Trunk railroad. Fortunately for every one of us, his train had a daily lay-over of nearly five hours in Detroit. For Thomas A. Edison, high school and college were an ancient building, the Young Men's Society Library, on Jefferson Avenue, just a few doors east of Woodward. Between runs, he buried himself in its

books, devouring them, not by subject or author, but by shelf and section. Throughout his life, this thoroughness was characteristic with him. It was the quality that carried him through three thousand unsuccessful theories before he invented the incandescent lamp—fifty thousand abortive experiments before he created the storage battery. "Genius," he was fond of saying, "is one per cent inspiration, ninety-nine per cent perspiration." Few of us have Mr. Edison's thoroughness, his patience, his capacity for concentration. But we at Detroit Edison realize that our heritage from him is both an inspiration and an obligation—an obligation to continue his efforts to make life more comfortable. That is why we are constantly trying to develop new and better ways for electricity to serve you.

**THE DETROIT EDISON CO.**

IN HONOR OF MR. EDISON... You are cordially invited to these exhibits Feb. 10 through Feb. 15: the Edison Institute Museum at Greenfield Village, 9 a.m. to 4 p.m. daily, admission 25c, and the

J. L. Hudson Co.'s special display. Bring your friends to see electricity in the making at any Detroit Edison power plant, 12 noon to 9 p.m.—Saturday, 10 a.m. to 4 p.m.

# BARBON

### Barbon Discusses Moving Washington

WASHINGTON, D. C., Jan. 24.—Everyone who has seen the Pentagon Building here is astounded at its thousands of rooms, its miles of corridors and its acres of windows. Most thinking people breathlessly gasp and ask: "But why did they build the headquarters of the U. S. Army at this exposed location on the Atlantic Seaboard? Why didn't they build it in the center of the country where it would be much freer from bombing or revolution?"

### Decentralization Our Only Security

The same question can be asked about the great Agricultural Department buildings: — They certainly should be in the Central West probably in Kansas which is the geographical center of the country. The Interior Department buildings should be in Kansas or Colorado; certainly not in Washington, D. C. Let us remember that the only reason for the Capital being at Washington, D. C. is because that location then was the real center of the Thirteen Colonies which made up the original nation.

There is a debatable question as to whether all Departments should gradually be moved to one new central location in the West, or whether our Capital should be split up into perhaps a half-dozen smaller capitals,—so that "all of our eggs are not in one basket." I am inclined to the latter view; but the important thing is to lay plans immediately to start at least one New Washington somewhere. Let us not wait until World War III comes when our present Washington will probably be destroyed.

### Barbon Makes Suggestions

It might be well for the present to leave the Executive Department at the White House and leave Congress at the present Capital Building. The Executive Offices need much more room and they could take over the Treasury Building; but the State Department could remain where it now is. The Pentagon Building should be turned over to the Navy which should continue to have headquarters on the Seaboard.

The Treasury Department could be moved to Fort Knox (where all of our gold now is) or to some other place in the Middle West which would be convenient for all concerned. The same applies to the Post Office Department, the Justice Department, the Labor Department and the Commerce Department. It is unsafe, unfair and inefficient to have them all copped up in Washington as at present. Moreover, if there ever is a communist revolution in America, it will be centered in the large cities of the East, in addition to maintaining Old Washington for certain departments, we should immediately begin to build one or more "New Washingtons." These should be in the Central West, all connected together by new government-owned radio, airplane and underground cable systems.

### Barbon Discusses The Keys. To Successful Living

BARBON PARK, Fla., Jan. 31.—For three score years I have been analyzing the causes of success and failure. Experience has taught me that financial success, job success, and happiness in human relations are, in the main, the result of (a) physical well being; (b) constant effort to develop one's personal assets; (c) setting up and working toward a series of life goals; (d) allowing time for meditation and spiritual regeneration.

### Health And Success

Good health plays an important part in both contentment and achievement. Unhealthy persons generally lack poise, cannot sleep well, are fidgety. If we want happiness and success, if we want to avoid the ills that beset many Americans—headaches, indigestion, neuritis, backaches, and especially that tired feeling—I suggest we adopt a set of simple rules of physical conduct and follow them rigorously. There is no royal road to health. Every person probably needs different treatment. That is why I urge you to seek your health rules from your physician. Be sure, too, that he gives you a thorough-going overhauling at least once a year.

### Developing Personal Assets

Furthermore, if we are to be really happy and successful, we must discover the kinds of things we like most to do vocationally and are most capable of doing. Whether we be pupil or parent, I wonder if we realize that after-school and summer jobs have

work elements which lead to good life jobs? For example, a part-time gas station attendant job, where the worker supplies the customer with gas, oil, air and water, does not differ materially from many other types of permanent jobs in customer service work. Take schooling seriously. Correct English and spelling, for example, are the keys which unlock all subjects and many vocations.

It is important to develop a few hobbies—make model airplanes, collect stamps, cook, read about great men. We should seize every opportunity to visit places of work, shops, hospitals, farms and factories. If after such practices we still have not found ourselves vocationally, then it's time to pay a visit to a nearby college, university, or YMCA and ask them for help. Have them find out what special abilities we have such as mechanical aptitude, musical ability, clerical aptitude, social intelligence, etc. We must get a line on both our character and personality traits. How well do we get along with others? Are we initiative and drive? Are we dependable?

### Setting Up Life Goals

Having thus discovered our interests, abilities, personal qualities, etc., our next step in self-development is to match our personal qualities to jobs that might well utilize our abilities and interests. Again, local school teachers, headmasters, the YMCAs, Veterans Administration Centers will be glad to counsel with us. Our sights should be set on life goals, and every action planned to knock down the goals one by one like pins in a bowling alley. We must remember that the chief difference between an unsuccessful and a successful person is not one of knowing, but of doing.

### Take Time To Meditate

Too many people these days are living too much on nerve alone. To be sure, quantity of production comes working energetically; but quality of life comes from exposure of the soul to great ideas, enabling thoughts, enriching personalities and inspiring meditation.

My automobile battery is of considerable help to me in turning the starter and lighting the lights on my car. But it will not give power for long unless it is connected with the generator. Too many of us are connected only with the starter. In missing exposure to prayer, music and meditation, we are missing the very thing that will build strength to

make the rush of life possible. Real success in life will depend much on how we feel inside about what are doing. I've discovered that to feel right one must know that his labors are making not only himself but others healthier, happier, and more prosperous.

Few people realize the great empire which is gradually arising on the Pacific Coast and in Texas. If the population of these four states continues to increase in the same proportion to the entire population, these four states in 30 or 40 years will have a majority of the Congressmen. This certainly would result in moving the Capital to the Central West. Hence, why not begin moving now and be fair to the Pacific Coast and the Southwest? I have been assured that if the move was up to the Senate alone, the change would be made at once because each state would then have the same number of votes. All would be equally interested in a central location. Only because the Eastern States now have so many more members in the House does the Capital remain on the Atlantic Seaboard.

## FREE AIR

**Howdy Folks:**  
By LEO & BUD

The man who brags, "I run things in my house," usually means the washing machine, vacuum cleaner, baby buggy, and the errands.

Milquetoast had a few drinks too many... his wife was furious. "If it were the first time, Caspar, I could forgive it. But you remember how you came home in just the same state in November, 1923!"

Ma: "Don't you think Emily sings with feeling?"  
Pa: "Well, I hope her feelings aren't quite as bad as it sounds."

And that brings to mind the fact that many motors sound a bit winter weary these days. The thrifty winter service we provide will keep your car driving smoothly in every kind of weather. Drive in today and take full advantage of the many services we offer.

## Auto Plate Sale Reported Slow

Frank Rambo reports that the sale of auto license plates is very slow. He warns Plymouth motorists that they must get busy if all who need 1947 plates are to get them before the Feb. 28 deadline.

He said that little criticism of lack of half-year plates had been encountered by himself or his staff at the auto license bureau. In fact, he said, only three calls inquiring about such plates had been received.
