LOCAL News

Mr. and Mrs. Robert Lidgard entertained at a dinner party Sunday evening at their new home on Liberty street in observance of their wedding anniversary. Their guests were Mr. and Mrs. James Thrasher, Mr. and Mrs. Harold Paulger, and Mr. and Mrs. Glen Fraleigh.

The weekend guests of Mr. and Mrs. Dewey Smith of Northville road were Mr. and Mrs. Ray Sigler of Toledo, Ohio. Mr. and Mrs. P. L. Rancall of Mio, Mr. and Mrs. Richard Randal, and baby of Flint, and Mr. and Mrs. Robert Flick and Roy Barker of this place.

Mr. and Mrs. Charles Vicksstrom, Mr. and Mrs. Melvin Vicksstrom, and Orville Vicksstrom attended the Flower Show at Convention Hall in Detroit Saturday evening. Linnea and Mabel Vicksstrom participated in the Scandinavian program carried out in the flower show theme that evening.

Mrs. Anna Root entertained her neighborhood bridge club at a dessert bridge party Tuesday. The St. Patrick day motif was carried out in the table decorations and in the refreshments. The guests were Mrs. Jessie Gifford, Mrs. Ruth Gardner, Mrs. Alice Billings, Mrs. Doris Root, Mrs. Mable Bacon, Mrs. Mary Root and Mrs. Ethel Grammel.

Betsy Ross, daughter of Mr. and Mrs. Miller Ross of Ann Arbor road, had as her weekend guest, Peggy Plummer, of Plymouth. Friday evening Mr. and Mrs. Miller Ross and daughters, Betsy and Beverly, Mrs. Sarah Ross, and Peggy had dinner at the Michigan League in Ann Arbor and afterward attended the show at the State theater.

Mr. and Mrs. William Martin of Newburg road entertained 24 young people Saturday evening in honor of their son, Eldon's 24th birthday. Dancing and refreshments were the high lights of the evening. At midnight Eldon surprised his guests by announcing his coming marriage to Miss De Rua DePlanche of Ypsilanti. The wedding will take place the early part of May.

Mr. and Mrs. Frank Gifford entertained at a delightful party Saturday evening at their home on West Ann Arbor Trail. Cards were played during the evening and a delicious supper was served at midnight. The guests included Mr. and Mrs. Robert Gifford of Detroit, Mr. and Mrs. Albert Bennett, Mr. and Mrs. Harlow Ingall, Mr. and Mrs. William Grammel, and Mr. and Mrs. Charles Root, Sr.

The home of Mr. and Mrs. Lee Turkett on Pacific avenue was the scene of a celebration last Saturday evening when eleven couples gathered for a surprise party in honor of Mr. Turkett's birthday. The following couples were present: Mr. and Mrs. Gerald Hix, Mr. and Mrs. Manford Becker, Mr. and Mrs. Harlow Williams, Mr. and Mrs. Herbert Robacher, Mr. and Mrs. Lee Coolman, Mr. and Mrs. James Rodda, Mr. and Mrs. Martin Jones, Mr. and Mrs. Joseph Pace, Mr. and Mrs. Kenneth Gates, Mr. and Mrs. Al Schuerer, and Mr. and Mrs. John Chaney.

LEGALS
OFFICIAL PROCEEDINGS OF THE CITY COMMISSION
The regular meeting of the Commission was held in the Commission Chamber of the City Hall on Monday, March 3, 1947, at 7:30 p.m.
Present: Mayor Lidgard, Commissioners Corbett, Davis, Shear and Taylor.
Absent: None.
The minutes of the regular meeting of February 17, 1947, the minutes of the special meeting of February 18, 1947, and the minutes of the special of February 24, 1947 were approved as read.
It was moved by Commissioner Taylor and supported by Commissioner Corbett that the bills in

the amount of \$18,825.83, as audited by the Auditing Committee, be approved.
Ayes: Mayor Lidgard, Commissioners Corbett, Davis, Shear and Taylor.
Nays: None.
The Clerk presented the following reports: Municipal Court Report for January and February 1947; Health Department Report for February 1947; Veterans' Information Center Report for February 1947.
It was moved by Commissioner Corbett and supported by Commissioner Davis that the reports be received and placed on file. Carried.
The following resolution was offered by Commissioner Corbett and supported by Commissioner Shear:
RESOLVED, that Special Assessment Roll No. 145, as approved by the Board of Review in the corresponding amount as shown below, be and the same is hereby confirmed.
RESOLVED FURTHER, that the assessments shown on Assessment Roll No. 145 be as follows: The assessments for the basic area shall be divided into five equal installments; the assessments for the secondary area shall be divided into two equal installments with interest at 6 percent on the unpaid balance and payable on the fifteenth day of March of each year until final payment.
BE IT FURTHER RESOLVED, that the Mayor transfer said rolls to the City Treasurer with his warrant for collection, accordingly.
Roll No. 145—Amelia Street Storm Sewers from Park avenue

to Liberty street. \$20,908.89
Ayes: Mayor Lidgard, Commissioners Corbett, Davis, Shear and Taylor.
Nays: None.
The City Manager presented a petition requesting the City to construct a six-inch water main for a distance not to exceed 343 feet on Carol avenue.
It was moved by Commissioner Shear and supported by Commissioner Taylor that the water line be extended when all abutting property owners have paid their share of the cost for the extension.
Ayes: Mayor Lidgard, Commissioners Corbett, Davis, Shear and Taylor.
Nays: None.
The City Manager recommended that the bid, submitted by W. G. Chausse, Mfr., on a maintenance tar kettle be accepted.
It was moved by Commissioner Corbett and supported by Commissioner Taylor that the recommendation of the City Manager, to purchase a Chausse maintenance tar kettle for the sum of \$1071.50, be approved.
Ayes: Mayor Lidgard, Commissioners Corbett, Davis, Shear and Taylor.
Nays: None.
It was moved by Commissioner Corbett and supported by Commissioner Shear that the meeting adjourn. Time of adjournment was 9:15 p.m. Carried.

for examining and allowing said account. And it is further Ordered, That a copy of this order be published once in each week for three weeks consecutively previous to said time of hearing, in the PLYMOUTH MAIL, a newspaper printed and circulating in said County of Wayne.
William F. Cotter, Judge of Probate.
March 7-14-21, 1947

Rosedale Team Wins Hockey Title
Rosedale hockey team players who are all well known Plymouth and Plymouth High School boys defeated the Wayne team for the championship of the Southern Michigan Hockey League last Tuesday night at the Rosedale rink. The game was in exciting four period contest that gave the crowd plenty of thrills.
In besting the aggressive Wayne team by a score of 3 to 2 the local outfit had the following men in its line-up: B. Newstead, goal; D. Miller, R.D.; H. Kelly, L.D.; F. O'Neil, R.W.; B. Schwartz, C.; and R. Bartel, L.W.; spares, P. Barnes, C. Sprague, N. Litzenger, B. Stout, J. Bucknell and B. Perkins.
The players were in a fighting mood throughout the game, and several fights had to be forcibly stopped by the officials of the league. The contest was hard fought, and the score never gave either team more than a one point advantage. Goals for the Rosedale - Plymouth team were tallied by Schwartz, O'Neil and Litzenger.
Rosedale shot the first counter on a follow up shot by Schwartz. Wayne evened the count when the locals defense collapsed temporarily in the second period. Frank O'Neil brought Rosedale into the lead again on a nice passing combination from Bartel. Litzenger scored what proved to be the winning counter.
Phil Barnes, Dale Miller and Jack Bucknell, the beef of the team, were very effective throughout the contest with their body checking. Bill Stout, Bill Perkins and Clark Spargur played outstanding hockey, as did goalie Newstead.
The boys stated that they gave the game everything they had as a tribute to two of their last years players who are in the armed forces,ohn Stewart and Vincent Simonetti.

BY • ELTON R. EATON

Three or four weeks ago there was a bill before the legislature in Lansing which had for its purpose the removal of the spearing ban that has protected the fish in Houghton lake since 1939.

At that time a group of citizens who are interested in preserving northern pike fishing in that lake, realized that if some steps were not taken to prevent the removal of pike with the spear during the winter, that within a few years there would be little or no fishing in Houghton Lake.

They asked the legislature to end the use of the spear in Houghton. The request was granted. As a result there has been fair pike fishing in Houghton lake during recent years.

When the bill to again permit the use of the spear was before the house, the writer opposed it, declaring that the state was spending large sums of money to bring tourists here during the summer to fish, but that if the bill was passed, we were permitting the removal of the biggest fish during the winter time by the use of the spear, in fact, we were throwing our advertising money "out of the window."

The other day from a substantial citizen of The Heights of Houghton lake, the writer received a letter which expressed appreciation for our opposition to the "game-hog" bill.

"I am sure if all of the members of the legislature could know our situation here, they would all have voted against it, as you did. The bill was sponsored by a number of residents over in Missaukee county where they have speared all the fish out of Missaukee lake and now want to do the same thing to Houghton lake. Our Houghton Lake Chamber of Commerce is 100 percent opposed to the bill. In my opinion the spear should be outlawed in all ice fishing" he wrote.

Even some of the most enthusiastic fishermen around Plymouth agree with him that the use of the spear in ice fishing is so deadly that all big fish will soon be out of Michigan lakes. The bill is not yet through the legislature. To become a law it must pass the senate and then get the Governor's signature. Both are highly difficult legislative steps.

With its supply of pine seedlings for spring planting down to 500,000, the conservation department is advising farmers and other planters that at the present rate of ordering, nursery stocks will be exhausted within two weeks.

Limiting orders to 1500 each of red pine and jack pine and voluntary restriction by farmers of some of their orders for wind-break and erosion control plantings to 500 trees has eased the war-induced shortage a little, spreading the available stock among a relatively large number of purchasers.

Release through Michigan State College of U. S. forest service surplus stock from the Wellston nursery will provide pines for some farmers the conservation department nursery will be unable to supply this spring.

No jamborees are on the schedule this spring, but fisherman living near smelt spawning streams are awaiting the 1947 smelt runs with the highest hopes since the great 1942-43 die-off.

Sustained commercial net fishing for smelt all winter is inspiring confidence in the Escanaba-Memominee sector. Fishermen in the Tawas region are preparing for old-style activity. Farther

north, from Alpena to Cheboygan, local folks are on the alert for some big dippings. Lake Charlevoix winter smelt fishing has raised hopes for a good run at Boyne City, but Cold Creek at Beulah, where smelt festivals became famous, is closed to dipping this season. Along the Lake Superior shore, better runs than last year's are expected.

Out-of-state interest in smelt spawning runs is reviving also. The conservation department has had inquiries from Ohio and Indiana.

Some doubt that smelt ever again will reach the abundance of the days before a still unidentified plague swept them from the lakes by the millions, the days when they literally could be scooped from the streams with shovels. How far they have come along the road back will be seen, according to conservation department fisheries men in the first two weeks of April.

The birds that sing in the spring, tra la, may be a little later getting here this season than they were a year ago, but they are on the way, say conservation department ornithologists. The game men take note of robins, redbirds, meadowlarks, kill-deer, bluebirds and brook cranes while observing such matters as pheasant cock crowing, which begins this month.

Ornithologists find bird migrations relatively regular, with only the earliest arrivals inhibited by a late lingering winter.

As soon as the ice breaks up the numbers of mallards, blacks and pintail ducks are expected to increase sharply, with bluebills and teal following them shortly.

See Pictures Of Alaska Highway

Kiwanians saw a movie depicting the building of the Alaska highway when they met for their regular Tuesday night meeting at the Hotel Mayflower this week. Program Chairman Earl Mastick secured the pictures from Allis Chalmers, which is represented here by his firm. One of the most remarkable phases of the gigantic construction job was the part that heavy machinery played in its successful completion. The film was in technicolor which helped to adequately show the beauty of that country. Another interesting feature of the film was seeing the towns generally thought of as large trading centers, which in reality, look like the western frontier cities of the late 1800's.

It was announced at the meeting that Ernest J. Allison had been appointed to serve as Cancer Drive chairman of the Sixth division of the state Kiwanis organization. Allison also serves as head of the local Kiwanis committee with the assistance of Dr. John McIntyre, Dr. Edwin A. Rice and A. L. Lantz.

A day late, St. Patrick's Day was observed in singing several Irish songs, led by Music Chairman Chauncey Rauch.

Next Tuesday the clubs will have "Ladies' Night, to which all members are to bring their wives. A special program for the evening is planned. Arrangements are being made by Warren Worth Time of the meeting will be at 6:30 p.m. at the Mayflower hotel.

New Foreign Sales Director

William R. Downie, President of Hispanic America Exporters-Importers, who is well known in Plymouth announces that Mr. William Swingle has joined the Corporation in the capacity of Vice-President in charge of Foreign Sales and will soon go on a trip to Mexico. He is President of The Richwell Company and heretofore had his own export corporation. Mr. Swingle is also a frequent Plymouth visitor.

Also, Mr. K. Forrest of Clayton-Forrest Co., International Distributors Agents, has joined Hispanic in the capacity of Sales Manager. He will soon go into South America on an extended trip.

The Corporation now has representatives all over the world and has customers waiting for U.S. manufactured articles. They are specializing in Road Building Equipment, Farm Machinery, Household Appliances, Surgical Equipment and many other items for export.

H. C. Lamb is organizing a department to handle National Sales North America.

All gold which is declared surplus to War Assets Administration goes into the mouths of veterans. The Veterans Administration takes all the gold it can get from surplus stocks for use in dental clinics.

Fred Shattuck Dies in West

News of the recent death of Fred B. Shattuck, a graduate of the Plymouth high school and for several years a teacher in this city, at his home in Eaton, Colorado, has been received in Plymouth.

The following article is taken from the Greeley, Colorado News: The Eaton community was saddened Wednesday by the announcement of the death of Fred B. Shattuck at his home in Greeley.

Mr. Shattuck was born in Ham-burg, Michigan, October 9, 1861, but early in life moved to Plymouth, Michigan, where he received his education, grew to young manhood and was for two years a teacher in the schools of Plymouth.

In 1885 Mr. Shattuck left his Michigan home and traveled westward, arriving in Eaton where he started working in the farm development, first for others but soon acquired land and began farming for himself.

On February 25, 1891 Mr. Shattuck was married to Miss Jean Gillies, also a member of a pioneer family. Mrs. Shattuck and children survive: Mrs. Claude Carney (Grace) of Greeley, Clinton Shattuck, of Velva, S. D.; Mrs. Dorothy Kellerman of Colorado Springs; Mrs. Edgar Atkinson (Marion) of Greeley; and Mrs. Joseph Tenny (Lucille), of Glendale, California.

Fred Shattuck was always a good neighbor and interested in community affairs. He served on the Eaton city council during the years of 1912-13-14. He was a man of high principle and sound judgment. He helped to build the Eaton Community Congregational church and was the last charter member of that organization.

In his active years Mr. Shattuck held membership in the Masonic Lodge, Odd Fellow, Lions Club and Rotary and for many years was president of the Owl Creek Ditch Company.

Mr. Shattuck was a gentleman in every sense of the word, always kindly, friendly, and just in all his dealings.

In Lansing, Mich., a restaurant owner kept on collecting plenty of money for meals after offering to feed anyone free who could call him by his full name: George Papavlahimitrakopoulos.

FUTURE HOME BUILDERS

Concrete Homes are Firesafe

These are the features that distinguish FIRE-SAFE home construction. They are the quality marks of the best home that money can buy, the guarantee of life-long economy.

FIRESAFE ROOF—protects against sparks and flames. Using asbestos and asphalt shingles. Underside with metal lath and plaster.

CONCRETE FLOORS—greatest factor in limiting spread of flames. Rigid, sagproof, permanent. Can be warm and dry.

CONCRETE WALLS—exterior walls are strong, firesafe & wear proof. Fashioned to any architectural style. Stucco or waterproof paint finish. Inside walls of Pyro-Bar or metal lath. Windows of "Fenestra" steel sash.

Ranch Type Homes are Modern in Concrete See our selection of home designs

BEFORE YOU BUILD—Compare both concrete and wood construction — on costs, firesafeness, and availability of materials.

FREE BUILDING SERVICE

Estimating costs—recommending local contractors and masons. Finding "hard-to-get" items

We carry complete stock of cement and cinder blocks and all fittings. Immediate delivery on all kinds of face and common brick, mortar and Portland cement.

Legion Seeks 59 Members

The American Legion is enrolling 1947 members nationally at a rate that averages one for every 8 seconds for 24 hours a day and 365 days of the year. The 1946 enrollment of 3,326,556 in 15,975 posts averaged a member for every 10 seconds.

This was announced here today by Commander William H. Langmaid of the Passage Gayde Post No. 391 of the American Legion as the local organization's 1947 membership drive went into high gear.

The national 1947 membership quota of The American Legion is 3,979,174. The local post's share of this quota is 59 members.

"The American Legion has grown into the world's largest veterans' organization because it is enrolling annually far more of the servicemen and women of World War I and II than any other veterans group", Post Commander Langmaid said. "There is a good reason for that. The American Legion offers the ideal vehicle to every war veteran for making his continued service to community, state and nation count the most."

"An Army Air Force colonel recently asked Post National Commander Lynn U. Stambaugh, "What advantage would there be for me to belong to The American Legion?" Stambaugh saw that the colonel was a strong, healthy, resourceful young American in full possession of his faculties, and replied, "The American Legion has many advantages to offer you, colonel. You have come out of this mess with no disabilities. You do not need the Legion. All the Legion could offer you would be an opportunity to work your head off for the fellows who were less fortunate than you are in the outcome of their service."

"That's the kind of veterans The American Legion welcomes into its ranks, who want to work their heads off for the welfare of their disabled comrades, of the war widows, of the war orphans, of all underprivileged children, for national security, for 100 percent Americanism and for making their community a better place in which to live."

"In return for such service they will find in The American Legion a good fellowship that can be found nowhere else and the satisfaction of being potent factors in building a better and greater America to make their own personal wartime sacrifices worth while."

In Washington, the Interior Department considered request from a Brooklyn matron: "Dear Sirs: Will you send me some information my class is studying about it."

tion. Like most outstanding leaders of this day, Mr. Root had a hobby. For years at his fruit farm near South Haven he had specialized in various types of fruit production and in the best methods of soil building for fruits and berries. His sudden death has ended all of that.

Some of his close associates in the legislature state that he had worried much about the present day financial mess in which both the state and schools find themselves in as a result of the passage of the sales tax diversion amendment last fall. He strongly opposed it, declaring that it would do the schools more harm than good.

It was just the day before his death that he called me over to his seat in the house of representatives to discuss a new method of teaching spelling. Like every one else, he was amazed over the inability of the average high school graduate of today to spell as well as did the fifth or sixth grade student of a generation ago. Before he had an opportunity to explain what he had in mind, we were interrupted—and the next day he died.

Edson Root will for generations to come be remembered as the most influential leader the public schools of Michigan ever had. Truly it can be said that a lowly country school teacher of southwestern Michigan went to Lansing and saved the educational system of our great state at a time when chaos prevailed and teachers were paid in script. He brought order out of confusion and won for himself a far greater glory than he ever realized. From an earthly commonwealth he has gone to the great commonwealth from which no man returns, to enjoy the Heavenly blessings he so richly deserves for his services to the school boys and girls of Michigan.

No matter what happens to the sales tax diversion amendment as the result of the pending case in the supreme court, a new tax of some kind will be necessary to take care of the soldier bonus. One member of the legislature asserted the other day that the legislature should get rid of the civil service commission, and if it did, enough saving could be made to take care of the bonus payments. But unfortunately the

legislature cannot get rid of the civil service commission. That is something that has been voted into the constitution by the people and no matter what the costs are to maintain it, the legislature must provide the funds.

Right now the one plan that seems to meet the most popular accord is the proposed re-allocation of two mills out of the present real estate tax to the state general fund so that it can be used to pay the bonus. This would mean a diversion of one mill from the townships and cities and one mill from the school fund. No matter what the supreme court decision might be, the cities and school districts will receive back so much from the state that they will have ample funds for all needs.

None are too wise to be mistaken, but few are so wisely just as to acknowledge and correct their mistakes, and especially the mistakes, of prejudice.—Isaac Barrow

Howdy Folks:
 By LEO & BUD

The old-fashioned woman saved her wedding dress for her daughter. But the modern woman saves it for her next wedding.

"If everybody else would only do as I do, and stay in their seats till everyone else has gone," said the elderly lady as she left the church, "there wouldn't be such a jam at the door."

The city visitor inquired at the village general store, "Have you anything in the shape of automobile tires?" "Yes," the storekeeper answered, "life-preservers, funeral wreaths, and doughnuts."

We carry neither funeral wreaths nor doughnuts, but we do offer you the best lubricating service to be had. That means safer, smoother driving for you and longer life for your car. Drive in and try it.

Dr. and Mrs. Luther Peck of Ann Arbor Trail were Sunday guests at the home of Mr. and Mrs. Richard P. Waits in Adrian.

Mrs. Harold Stevens and Mrs. J. W. Kaiser will be co-hostesses to the Ambassador Bridge Club at a one o'clock bridge luncheon next Thursday, March 27, at the Stevens' home on Church street.

Install New Seed Counter

Eckles Coal & Supply Co. has recently installed a new and permanent bulk seed counter. This dispensing service is now open and will be conducted as a seed pharmacy. Eckles expects to assure each customer the same advice and consideration of any quality drug store prescription department.

State inspection requires now that all farm and garden seed must be tested once every year. All Eckles stock is marked accordingly for public inspection. It will be their policy to handle only fresh and quality seeds since they maintain that the cost of the seed itself is small when one considers it costs as much time and labor to plant poor seed as it does good seed.

Honor Three With State Offices

Three members of the local V.F.W. organization's "Cootie" Pup Tent No. 44 have been honored by appointments to responsible positions as officers of the statewide group of clubs. This announcement was made at the meeting held Wednesday, March 5, at the V.F.W. headquarters at 920 Mill street. The men so honored are Commander Robert Burley of the Mayflower Post who was elevated to "Grand Aide-de-Camp" for the state; Donald Nickerson, Grand Hospital Chairman; and Earl Foster, Grand Deputy Inspector.

All three of the new state officers from Plymouth will attend a state meeting at Bay City on Sunday, March 23, to serve in their new capacities as state officers. They will be accompanied on the trip by about 28 members. Local V.F.W. members are proud of the records these men have compiled in making the organization an exceptionally active unit, and are happy that Plymouth can be represented in the state organization by the three aggressive officers.

At the Wednesday meeting three members were accepted into the club. They are William Houk, Gerald Olson and Jack Britcher.

The proposal of remodeling the post's quarter on Mill street was discussed, with many suggestions on a new kitchen and dining-room. Plans were also made for the March 29 meeting which will be a social to include wives of the members also. Grand Commander Spaulding of the "Cootie" will be present at the meeting to give the main address.

Spring Luncheon Tickets on Sale

Tickets are now on sale for the Woman's Farm and Garden Association spring luncheon to be held April 14. The luncheon will be held at the Masonic Temple and the "Old Traveler" of the Detroit Automobile club will be the speaker.

Mrs. Lawrence Lyons and Mrs. Max Trux are in charge of the ticket sale and they may be secured from either at a cost of \$1.60. No reservations will be held after April 7th.

The War Assets Administration has for sale approximately 27,000,000 pounds of surplus TNT. Sales will be made in minimum lots of 1,500 pounds at seven cents a pound.

not too long . . .
. . . not too short

but just right!

THAT'S how children's shoes were made to fit.* And that's probably how they DID fit when you bought them. But youngsters do a lot of growing in a few months, and before you know it they've outgrown another pair of shoes.

Frequent foot check-ups are just as important as frequent check-ups of eyes or teeth. So make this a regular habit: every 8 to 10 weeks bring your child in to our expert and experienced shoe fitters for a foot check-up. Then you'll be sure of protecting the soft, flexible bones of growing feet against shoes that are too small . . . or just as dangerous . . . shoes that are too large.

*Pro-tek-tiv Children's Shoes are made to fit the growing foot in all three dimensions: Length Width and Height.

Finds Harper's Weekly of 1860

Found in the archives about Plymouth is another interesting documentation of the country from back in 1860. Mrs. Harry Newell of South Harvey street recently unearthed a bound copy of all the 1860 issues of Harper's Weekly. The various issues include a serialized novel by one Charles Dickens, entitled "Great Expectations".

A copy of material from the conservative "London Times" gave a discussion of the pending strife between the slave holders and the abolitionists, with a plea to settle the matter without "dividing state against state". The advertising columns ballyhoed such items as an India-rubber chest expander and "Graham's Ouzgent" which was guaranteed to make whiskers and moustaches grow rapidly. The American Express Co. advertised that it gave service on as many as six trains daily out of New York City. The Oriental Tooth Wash people proclaimed their product to do many of the things that are claimed by their counterparts today. "Oxygented Bitters" was a name in the drug field that shows the use of fancy nomenclature to attract the buyer of that day just as people today are astounded by the new items.

Barnum's Museum was also presenting many "living curiosities" to an average of 4,000 visitors daily. Problems with the younger generations were prevalent, and in the intervening 87 years from the 1860 issues until now there appears to be little change. The country was definitely "going to the dogs" then, too.

Local Woman Honored With Radio Orchid

Mrs. Arthur Carlson who, with her husband, operates the Carlsons Health Studios on Ann Arbor Trail in Plymouth has been honored as the "Good, good neighbor" on Tom Brennan's program from Hollywood. The National Broadcasting Company's network carried the announcement from Brennan's to the country Monday. Mrs. Carlson was greatly uprisen by having been so honored with this nation-wide recognition.

The award was occasioned by the expression of tributes from the Cub Scout dens in Northville where Mrs. Carlson has been active in cubbing. The cubs have long thought of her as a good neighbor because she has been so interested in the many projects that the boys hold important in their young lives. So they wrote to Tom Brennan who agreed with them that Mrs. Carlson indeed deserved the orchid that is a token of appreciation for such people.

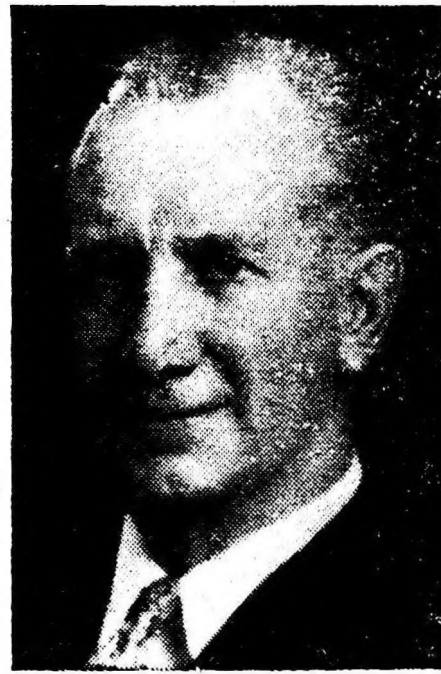

The actual presentation of the orchid from Hollywood took place at the regular monthly meeting of the cub pack at the Presbyterian church house in Northville. The cubs, their parents and Mrs. Carlson were all pleased at the impressive ceremonies, which were attended by many Northville and Plymouth people. The program was made complete by several skits presented by the cub dens.

Outstanding Religious Leader To Preach at Special Lenten Service

Dr. James W. Clarke, one of the outstanding religious leaders of North America, will preach at the annual Special Lenten Service at the Rosedale Gardens Presbyterian Church Monday, March 24, 1947, at 8 p.m. Special music will be furnished by the Adult choir under the direction of Mrs. Lloyd Nelson and the Girls' choir directed by Mrs. Edward Blankenhagen. Refreshments will be served at the social hour following service.

Dr. Clarke was born in Glasgow, Scotland, in 1891, and received his primary education there. In 1910 he moved to Manitoba, Canada, where he worked as a student missionary for the Presbyterian Church. Later he enrolled at McGill University where he won several prizes and scholarships for public speaking and football. He received his D.D. degree at United College, Winnipeg, in 1940.

Rising rapidly in the Presbyterian Church of Canada, Dr. Clarke held pastorates in Montreal and historic Knox church in Winnipeg. He was a leader in the union of the Methodist, Congregational and Presbyterian churches consummated in 1925. He came to the United States in 1941, as Professor of Homiletics in Presbyterian Theological Sem-

Dr. James W. Clarke

inary, Chicago. Since 1944 he has been minister of the Second Presbyterian Church, St. Louis, Missouri.

Dr. Clarke spent four years overseas with the Canadian Army in World War I. He was awarded the Military Cross for gallantry in action during the Battle of Amiens.

Two Appointed State Mediators

Two prominent local men will serve as mediators in the labor dispute between a public carrier and its employees in this part of the state. The men appointed to arbitrate the differences of the Dearborn Coach Company, its subsidiary, the Lincoln Coach Company and the unions representing the employees, are City Commissioner Carl Shear the Buick Motors Sales, and George A. Smith, former superintendent of schools and well known Michigan Educator. Governor Sigler made the appointments known from Lansing this week.

Although no strike is now in progress a formal notice of intention to strike has been filed by the employees on February 15. It is with the thought in mind to avert this threatened stoppage of service that the two local mediators will have a meeting of the parties involved today, Friday.

Tables Available For Local Parties

There will be no shortage of card tables for parties in Plymouth from this day on. Any individual or organization who desires to use them may have as many as are needed by applying in advance at the city hall for use of the tables.

There are 24 tables available through the efforts of the Plymouth Firemen's Association. The local group has sold advertising space on the table tops to many Plymouth merchants. The messages of the advertisers have been clearly stamped on the tops.

Money collected in this way has been used to pay for the tables, which the local firemen's association now offer for use to the public. There is no fee for use of the tables, but a small deposit will be required to obtain them.

Goodness and benevolence never tire. They maintain themselves and others and never stop from exhaustion.—Mary Baker Eddy

Boards Favor School Proposal

Members of the boards of Hanford, Bartlett and Hough school districts were present at a meeting of the Plymouth Board of education Monday evening in the high school. The possibility of accepting the three districts into the Plymouth township district was discussed. The outlying districts are interested in securing a guaranteed high-school education for their pupils. At the present time most of them attend the Plymouth High School, but there is no assurance that the accommodations is permanent.

Present at the meeting also was Charles Brake, Deputy Superintendent of Wayne County schools, who stated that the state approves the acceptance of the three districts to the south of the township into the present system.

At present plans for the combining of the districts look favorable, but final acceptance will depend on votes to be held in the districts concerned. The Plymouth township will conduct its own election in this event while the small districts of Hanford, Bartlett and Hough will vote under the supervision of the Wayne County Superintendent of schools' office.

Canton Group to Meet March 21

The Plymouth Canton Extension Group met at the home of Mrs. Plant on March 13.

It was announced that achievement days will be May 1 and Austin Grant is to be the speaker of that day.

Miss Mary Diem will give a Millinery lesson in Wayne March 21 at the Methodist Church. Some of the group plan to attend and make a new hat for Easter.

Seventeen members and visitors received the information on curtaining windows and draperies from the groups leaders Mrs. Sawyer and Mrs. Simons.

The next meeting will be held at Mrs. Ross Gates, April 1 at 1:30 p.m.

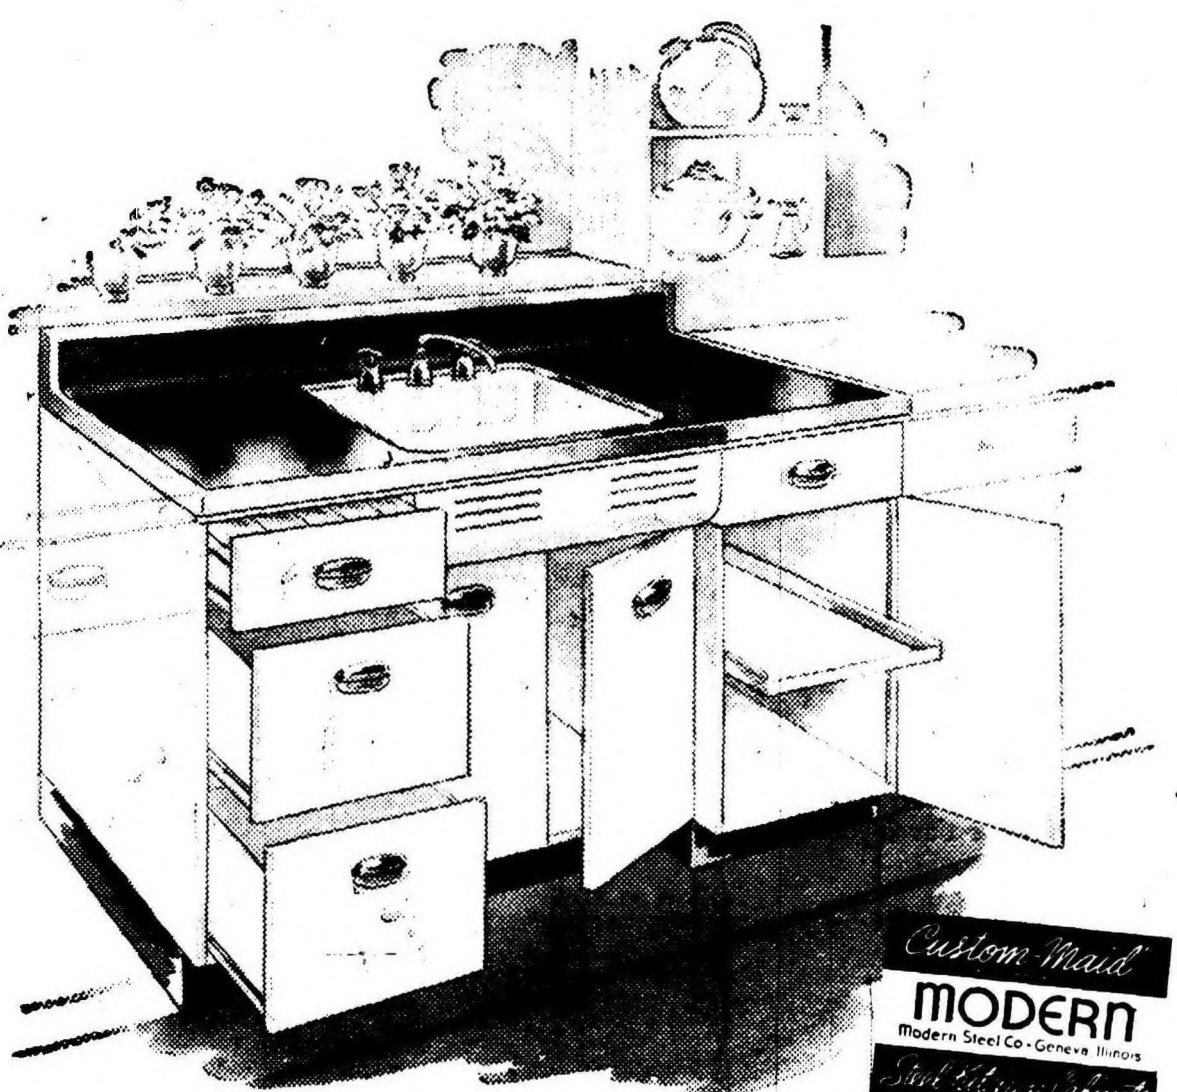

Use of Library Books Increases

During February, 3,694 people visited the Plymouth branch library and borrowed 6,163 books. According to Mrs. Ada Murray, branch librarian, the number of men, women, and children visiting the library was counted at the request of Walter H. Kaiser, county librarian, to aid in determining the extent of use of the library here.

Figures covering the 26 agencies of the Wayne County Public Library showed that nearly 85,000 volumes were borrowed during the month by 46,370 person. The last figure does not include a count of the patients who received library service in the Herman Kiefer Hospital and in Maybury Sanatorium. Neither does it include a count of the children in the rural schools where collections of books are loaned by the library.

Hospitals, sanatoriums and state and local government agencies are expected to be among the largest buyers of approximately 17,000,000 sputum cups which War Assets Administration is offering for sale this month. Buyers can have them at virtually their own prices, WAA said. Largest stocks are located in Louisville, Ky. WAA region and orders should be sent there.

Phone 160

I go on with what I am about as if there were nothing else in the world for the time being. That is the secret of all hard-working men.—Kingsley

In Trenton, N. J., Edward Wiley wandered into police headquarters, loudly ordered a beer, was served with two months in jail for drunkenness.

Parkside Wins Championship

Spurred by Eloff's high scoring, with 29 points during the game, the Parkside Basketball team has won the city championship from Art Gillis' team by a score of 67 to 36. It was Parkside all the way, playing a smooth and sure passing game. Eloff was closely followed in scoring honors by Bob Norman who tallied 15 points. Wagon-schutz and Wilkie followed with 9 and 8 respectively.

This is the second time during the tournament that Parkside and Gillis met. The tournament was a two game knockout. That

is a team had to lose two games to be eliminated. In the first game Parkside defeated Gillis. Gillis then went the losers route back around, and by virtue of a win over the Northville Jims on Wednesday, March 12, earned the right to again meet the undefeated Parkside team with the above results.

Eloff scored a total of 91 points during the four games he played for a game average of almost 23 points. Other high score averages were Norman with a 11.75 per game and Wagon-schutz with a game average of 7.5 points.

The Parkside team will play its first state tournament game at the Liberty school gymnasium at 7 p.m. on Wednesday, March 20. It was necessary to schedule a district play off and add another

day to the tournament because of the great number of entries.

The winners will play in Battle Creek on the 27th City recreational director, Virgil Knowles says that those who have been following the tournament should make it a point to be in Dearborn to see Plymouth in this play. The tournament competition is stiff, as the representatives are the best from all the cities in Michigan. However, it is expected that Parkside will give a good account of itself.

Due to the fact that Plymouth Parkside must play in the state tournament on the 26th instead of the 27th as originally planned, the special game for raising funds for the school lights has been cancelled, so Parkside can enter the tournament fresh.

Basement Open For Store Patrons

The D. and C. Store on South Main street announces the completion of its new basement department this week. After extensive remodeling the entrance to the basement from the front of the store now opens into a modern merchandising area with all new fixtures made by the Henry Penhale Co. of Plymouth. Fluorescent lighting fixtures have also been installed. Rayner Tisch, manager of the local store, states that the inclusion in the new basement department of so many different articles will make available more room in the main-floor departments for the addition of several new items to the store's present stock.

BEYER PHARMACY MAKES INTERIOR CHANGES

Beyer Pharmacy on Liberty street has rearranged its interior. The pharmacy department is now at the rear of the building, while counters and shelving occupy the former space at the side of the store. Robert Beyer, youthful owner of the drug store, states that a feature for every Plymouth woman to look forward to will be offered the last week of this month March 24 through 28. The Cos. Nona Beauty specialist will be at the store to give, absolutely free, facials and make-up analysis. Mr. Beyer asks that those desiring this service, make an appointment by calling the store.

Sputum cups may be bought at a fraction of their cost by hospitals, tuberculosis sanitariums, state and city agencies and trade suppliers. War Assets Administration has millions of them. They are offered on a bid basis. They come in various sizes, packed flat, 100 in a package. Details of the same, which closes March 31, may be obtained by writing the WAA regional office, Louisville, Ky.

In River Edge, N. J., a politician wrote the Rev. Walter J. Poynton a ticket, was forced to admit that he didn't have his own license with him, meekly accepted a ticket himself when the person called another cop.

Michigan Bell Reports on 1946

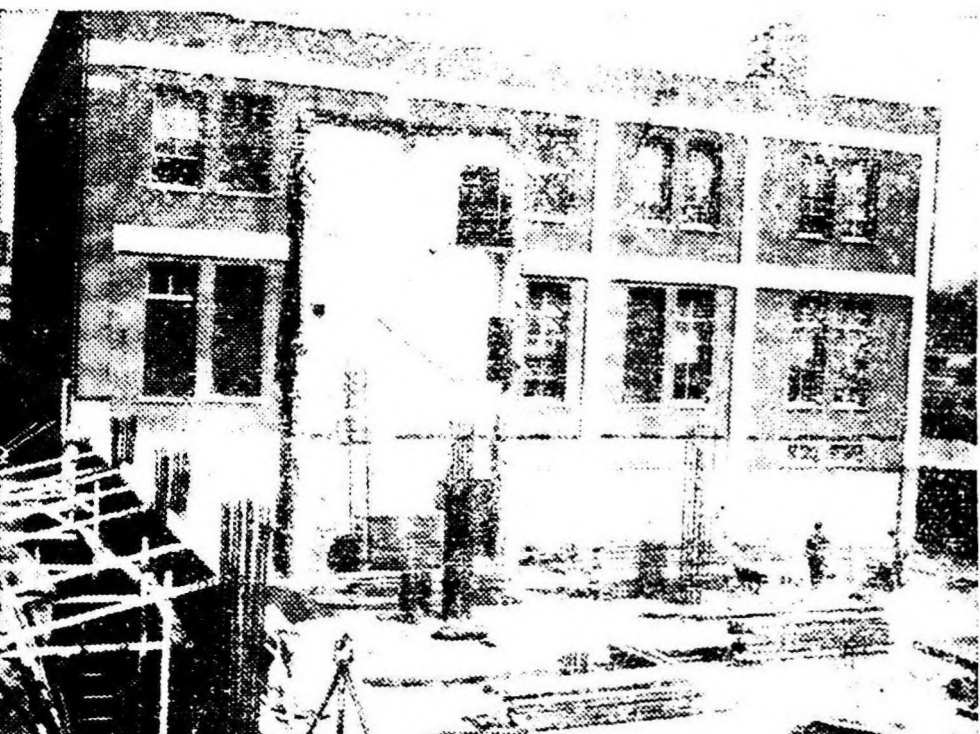

During 1946, Michigan Bell installed more telephones, served more telephones and handled more calls per telephone than ever before. Total revenue was larger, too. But so were expenses. Earnings on investment were more than in 1945. But in the second six months, due to rising costs, earnings were on a downward trend.

ABOUT CALLS — On the average business day there were 7,301,000 local calls, and 197,000 long distance calls, an increase of 22% and 23% respectively over 1945. Although at times some calls were delayed by insufficient facilities, telephone people gave more good service than ever before in history.

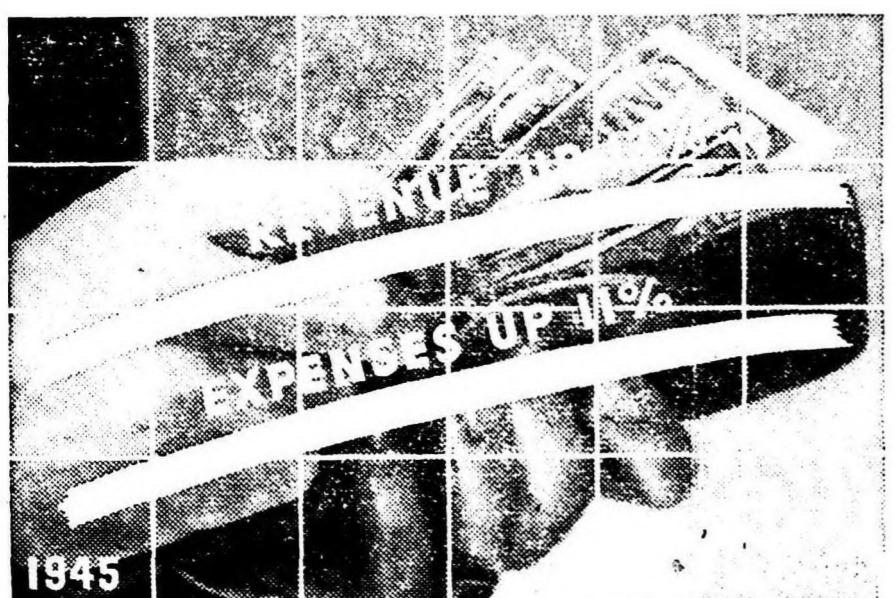

ABOUT TELEPHONES — Michigan Bell installed 31,000 telephones a month, double 1945. A new batch of 201,000 telephones brought the total in service to a record high of 1,373,000. However, it was necessary to give party-line service to many thousands who would have preferred individual lines. And 65,000 others were waiting for telephones at year's end.

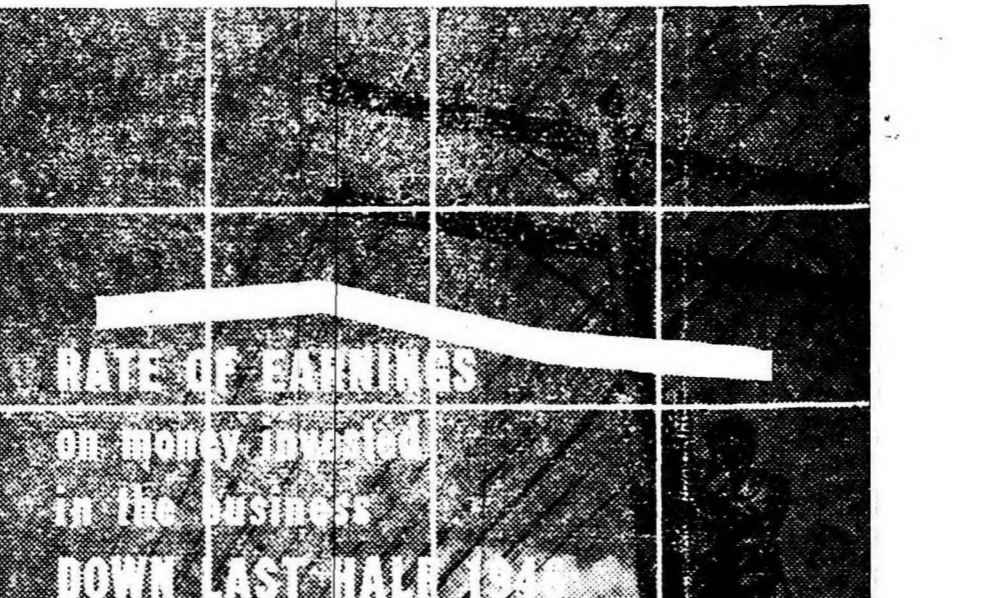

ABOUT CONSTRUCTION — \$36,000,000 worth of buildings and equipment were added. This investment, all-time high for one year, would have been much greater but for continuing shortages of materials. Increasing demands for service and higher labor and material costs have raised the estimate for our 5-year post-war construction program to \$220,000,000.

ABOUT JOBS — Michigan Bell's force rose 6,000 to more than 22,000 people, about one-third of whom had less than a year's experience. Nearly half of all Michigan Bell men were returned veterans of World War II. Wage adjustments, made early in 1946, amount to \$8,161,000 a year. Payrolls totaled \$51,115,000, up 50% over 1945.

ABOUT REVENUE AND EXPENSES — We took in more money than ever before — \$91,000,000, or 13% more than 1945. But expenses also increased. Operating payrolls were up 39% for the year. Total expenses, excluding taxes, were 25% over 1945. Total cost of giving service, including taxes, was \$79,000,000 — an increase of 11% over 1945. Revenues in 1946 include \$3,500,000 subject to refund to customers if the pending rate reduction order of the Michigan Public Service Commission is upheld by the court.

ABOUT EARNINGS — Earnings for the year were \$12,000,000, or 7.2 cents on each dollar invested in the business. If the Public Service Commission's rate reduction order is upheld, 1946 earnings will drop to 5.9 cents, insufficient, we believe, to attract the new capital needed for expansion and improvement. As it was, during the last half of the year, rising costs sent the earnings rate on a downward trend, which pointed to the possibility that higher rates might become necessary to assure financial stability of the business.

THE PROSPECTS—Our objectives in 1947 are to provide as quickly as possible: 1. Enough telephone plant to take care of all unfilled orders for service and to care for future demands; 2. Facilities to furnish promptly the type of service the customer desires; 3. Improvements in local and long distance service; and 4. Extension and improvement of rural service.

Present indications are that shortages of needed materials will

continue to handicap us in 1947. But, we expect by year's end to have filled most requests for service and to have made progress in further improving the quality of service.

Telephone men and women turned in a record-breaking performance in 1946, and we have confidence that in 1947 they again will surpass all previous accomplishments and give to Michigan continuing telephone service of the very highest order.

PONTIAC

A fine car made finer

There's a purpose back of Pontiac!

When you buy a Pontiac you get a car that is deliberately designed and built to give you a certain type of value.

First of all, it is designed to give you fine performance—performance that will give you a thrill every time you take the wheel. This applies to the engine, to the car's roominess and comfort, to its roadability and handling ease.

Yet—Pontiac is also designed to give you economy—to operate inexpensively—to be

easy on service—and to last a long, long time. In short, Pontiac is designed to give complete satisfaction—at extremely low cost.

This is always true of Pontiac. So regardless of when you expect to get your next car—make it a Pontiac. It's a wonderful value.

THE SOONER YOU PLACE YOUR ORDER for a new Pontiac, the earlier you will get it. So place your order now for future delivery.

Tune in HENRY J. TAYLOR on the air twice weekly

And here's what's back of PONTIAC'S extra value

- BEAUTY**—Distinctive Silver Streak Styling • New massive front end design.
- COMFORT**—Big, roomy Body by Fisher • Famous Triple-Cushioned Ride • More Luxurious Interiors • Shock-Proof Knee-Action • Fisher No-Draft Ventilation • Remarkable Handling Ease.
- DEPENDABILITY**—Smooth, powerful L-Head six or eight cylinder engines • Full-Pressure Metered Flow Lubrication • Permanent, Highly Efficient Oil Cleaner.
- ECONOMY**—Scotch-Mist Quick Warm-Up manifold • Gaselector • Vacuumatic Spark Control • All-Weather Engine Temperature Control.
- SAFETY**—Multi-Seal Hydraulic Brakes • Unisteel Body • Tru-Arc Safety Steering • Doors hinged at front • Clear Vision • Hi-Test Safety Plate Glass.

It seems like yesterday

It seems like yesterday that Nancy was playing with dolls. Now she's pushing her own baby carriage. Yes, there's been a lot of changes in the last 20 years—most of them so gradual we hardly notice them at all.

Nancy didn't grow up all at once. A tooth at a time—a curl at a time—an inch at a time—and suddenly a little kid sister was Mrs. Joe Jones, mother of Joe, Jr.

Like Nancy, the use of electricity has grown a lot in the last 20 years. But the price of electricity has been going down steadily. You may not have noticed it because your bill probably stays about the same—but how many appliances have you added to your home since '27? Now, you are getting nearly twice as much electricity for your money as you did then.

Many Enlist in Army - Dick Olin Says He Likes Army Life in Alaska

S/Sgt. Norwood Bowdway of the Army Recruiting Service announces this week the names of men who have enlisted at the Plymouth city hall during the year. He maintains office hours in town every Tuesday. Anyone who desires information in regards to the army may see him at the city hall or may contact the main office, Army Building, 5th Avenue and Ann St., Ann Arbor. Phone Ann Arbor 2-0456.

Also cooperating in the recruiting program are the various veteran servicemen's organizations of the city. It is known that several Plymouth residents have enlisted through the Detroit recruiting offices besides those in the following list, whom S/Sgt. Bowdway signed up here in Plymouth: Martin L. Ball, James Cannady, James R. Rotarius, Howard Agosta, Robert G. Brink, Richard Olin, Bruce Q. Ross, Harvey C. Rotarius, Edwin M. Wall, David J. Keller, Albert D. McBride, Paul R. Miller, George A. Maddox, Richard E. Moffit, Duane L. Olds, John H. Olsaver, Delbert Lee Slater, Neil R. Speers, Arthur R. Bartel, Roy C. Bennett, Leslie D. Counce, Horace R. Ethier, Frank G. Elliot, Thomas E. Turner, Philip E. Young, Ronald W. Ouimet, Claude H. Root and Everett A. Hegwood.

To illustrate the value of the advantages in joining the army the sergeant has turned over a letter which he received from one of the Plymouth peacetime soldiers.

"The country is really a fine place. It isn't as so many people think, that there is nothing but snow and eskimos up here. They are very wrong in that. The country is very much like northern Michigan, but there is much more snow and ten times as much wooded land. There also are a lot of mountains up here too, which makes the country beautiful. Of course the temperature is quite cold during the winter but I have been out in 59 degrees below zero and didn't think it was much below zero, anyway not more than five below. That is how dry it is in Alaska. Main way of transportation is by air because during the winter the one or two railroads (that is all they have) are very slow because of snowslides which cover the tracks.

"The prices up here are about 50 to 75 percent more than in the States. The PX prices are the same as the States. In the summer time it gets warm enough to go swimming during about two or three months, the temperature getting as high as 98 degrees.

"In fact I am thinking of taking my discharge up here and living right here, that is how much I really like it. And there are a lot of GI's doing that very thing, too.

"A person can also make extra money here in the army by working on his off time hours. Here is an example, and it is true. They pay in the city of Fairbanks \$1.25 per hour for a soda 'jerk' and \$2.50 for a carpenter. You are allowed to work only on your off duty hours and only 13 hours per week. But it all adds up to a nice mess of greenbacks by the time you get out of the army.

"I am at Ladd Field an Army Air Field about three or four miles from Fairbanks, Alaska. I am a mechanic in the Q. M. service. I went to Motor Overhaul and Repair School while I was in the States for four weeks. I think the army is a very good place for every young fellow when he gets out of high school. I think he should put at least 18 months in the army or some other branch of the service before going on to school because it settles a fellow down more. And when he goes to school he will know what he is there for. Don't you think I am right, Sergeant? I am sure you do. Well I guess that is all from the land of the midnight sun so will close for now. Please write me again as you know how mail is appreciated in the service, and how much mail from the States means.

Your friend,
Dick."

License Issuing Big Business Here

The Plymouth Police Department is charged with the responsibility, among many other duties, of issuing drivers' licenses for this area of the county. Applicants for permits to drive or to chauffeur are received in streams every day at the city hall offices of Chief of Police Lee Sackett.

Typical of a month's business in the licensing is January, this year, when 443 operator's licenses were granted, and 54 chauffeur's licenses issued. Also included in the month's list were 20 beginners' permits. February was much the same with 419 operators', 37 chauffeurs' and 19 beginners' licenses.

According to the department, very few applicants have to be refused, but there are cases where it is imperative that permits cannot be issued. Driving tests conducted by the police or the state police sometimes show need for improvement in physical or mental ability before license can be given.

In York, Pa., a lone masked thief waited impatiently for bar-owner Isaac Hulshart to hand over the contents of the cash register, suddenly whipped off his mask, dropped his gun and fled, crying: "You take these, I'm too nervous."

If you have anything to sell or rent, try a Plymouth Mail want ad. They bring results. Phone Plymouth 6.

Scout Campaign Nearing Goal

James Houk, finance chairman of District 7, Detroit Area Council of Boy Scouts of America announces that the drive to raise funds started last month is progressing quite satisfactorily. The campaign is for the purpose of financing the Charles Howell Camp for boys at Howell, Michigan.

Fire Chief Robert McAllister, Plymouth finance chairman of the organization is pleased with the showing to date, but states that there are many people to be contacted yet during the remaining days of the drive. Chairman McAllister says that any help in putting the campaign over its goal will be appreciated by the all the scouting people.

Hang on to your Hearts, Folks — it's easy to lose them to this one

Sure as sunrise, it's going to happen:

Someday you're going to slip into a sleek-lined Buick Convertible "just to see what it feels like."

You'll want to find out for yourself if it's as wonderful as it seems to ride in all this stunning style — to be boss of the year's brightest highway beauty.

Well, you find a wheel that seems molded to your hand, deep, wide seats that might have been fashioned for your own special comfort.

You'll look out over a broad bonnet, front-tipped with a richly gleaming grille, and know how a king feels sitting on his throne.

Just listen as eight big Fireball cylinders erupt into life — then settle to a sweet contented purr.

Watch—as each threatening road-jar meekly subsides under the gentle magic of soft coil springs on all four wheels.

Get the feel of roadweight that's like a steady hand guarding every mile. Try the handy push-button controls that operate the top, the door windows, even the front seat adjustment.

Test the lightness of the wheel, the quick bite of brakes, the instant upsurge when you touch off the gas treadle.

When better automobiles are built **BUICK** will build them

By now, you find yourself succumbing completely. *This, you tell yourself, is meant for me. How do I make it permanent?*

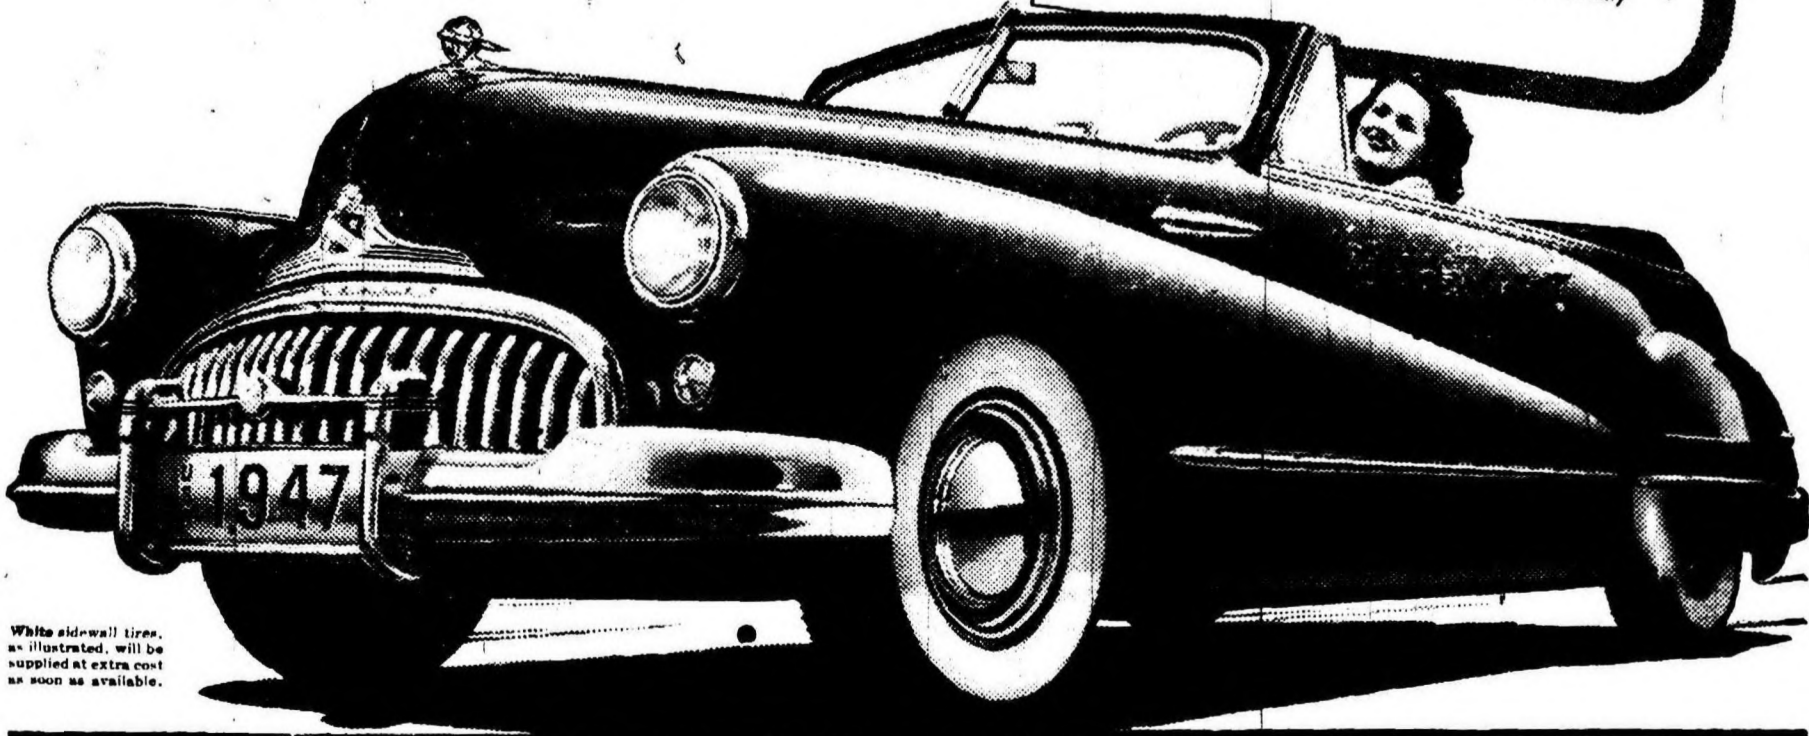

The first step is to see us — and get your name down.

After that — the busy beavers of Buick's on-the-ball production staff will move heaven and earth to join you and your one-and-only the first possible moment.

ONLY BUICK HAS ALL THESE STAR FEATURES

- ★ AIRFOIL FENDERS
- ★ FIREBALL POWER
- ★ ACCURATE CYLINDER BORING
- ★ SILENT ZONE BODY MOUNTINGS
- ★ FLITWEIGHT PISTONS
- ★ BUICOL SPRING
- ★ FULL-LENGTH TORQUE-TUBE DRIVE
- ★ PERMI-FIRM STEERING
- ★ BROADRIM WHEELS
- ★ STEPON PARKING BRAKE
- ★ DEEPLIF SEAT CUSHIONS
- ★ CURL-AROUND BUMPER
- ★ NINE SMART MODELS

Old Record Important Historical Document Says Karl Starkweather

A few weeks ago The Plymouth Mail's story concerning the original settlement of the town of Plymouth...

Karl Starkweather, who over a long period of years has maintained a keen interest in anything pertaining to Plymouth history...

Until 1898 the present townships of Plymouth and Northville constituted the one township of Plymouth. The Plymouth and Northville townships of today are in a sense only half townships.

The present day seems to be that of Mrs. Walter K. Hough, Summer of the West Ave. and Mrs. M. J. Hough, 1111 N. Main St. Mr. and Mrs. Hough still live in the original settlement home built by Mr. Starkweather's grandfather...

Plymouth Mail's story concerning this fact that this writer offers some further comment. In the story mention is made that the Plymouth Social Union was formed by members and friends of the Second Presbyterian Church. To new comers in Plymouth this designation may be a little confusing.

Before the turn of the century Northvillers became jealous and started crying for a township of their own. The result was that the then normal sized township of Plymouth was split asunder. Each faction thereafter had to be satisfied with but half a township.

The first Presbyterian church to be established in the original township of Plymouth occurred in what is now the village of Northville. A little later a second Presbyterian church was established further south in the then some township, or in what is now the city of Plymouth. The villages of Plymouth and Northville had not yet become incorporated. Because of all these circumstances the word "Second" was once prefixed to the local Presbyterian church. This word "Second", however, is believed to have been dropped from the name of the church in the mid-thirties, during the pastorate of Rev. William W. Wetmore.

It is stated that the 1853, or first records, of the Plymouth Social Union present the following names as the original officers of its society: president, the Rev. Coleman; vice-president, Ira M. Hough; secretary, Miss Mary B. Hough; treasurer, Miss Ann E. Woodruff. The record of course does not describe who those people were, nor does it make any particular comment on them. It did not need to. Every one at that time knew all about who they were. But today they may seem only as names on paper. When something can be said about the people who bore these names, however, then the names in a sense can seem to live again.

The Ira M. Hough as here mentioned was one of the early settlers and homesteaders in Canton township. The homestead there is still so marked. He was a successful farmer who eventually retired and came to live on Main street in Plymouth. After Ira M. left the farm to live in town he left the active management of the place in the hands of one of his three sons, or to Lewis Cass Hough, L. C. Hough was respectively father and grandfather of the present Edward C. Hough and Col. Cass S. Hough.

This writer's mother, Mrs. Mary K. Hillmer, says that she remem-

bers the original Ira M. Hough. She remembers him as far back as the early seventies and as an aged man with a long white beard. He died in January, 1896, leaving an estate valued at slightly more than \$6,000. In his will he had appointed George A. Starkweather, grandfather of this writer, as the administrator of his estate. Ira's wife had died a year or two earlier. Mrs. Ira M. Hough and Mrs. Mary Davis, another name associated with the Social Union's records, are known to have been close personal friends. Mrs. Mary Davis, who came to Plymouth as a young pioneer wife from New York state in the early thirties, was great-grandmother to this writer and is well remembered by him.

The Miss Ann E. Woodruff, first secretary of the Plymouth Social Union, is understood to have been the one-time sweetheart of George A. Starkweather. Mr. Starkweather was understood never to have been a member of the Presbyterian church but throughout many years had been an active attendant there and had been on its building or remodeling committees. It is a family tradition that Miss Woodruff and George Starkweather had kept company for quite some time but that George was forever slow in popping the question. And it seems that Ann was becoming impatient.

So one day when George was out on the highways he met Ann in company with another man. It is believed that Miss Woodruff and her new found friend were driving with horse and buggy. When George and Ann thus met but were slightly embarrassed. It seems that Miss Woodruff, however, rose to the occasion and shouted out — "You'll have to hurry, George, I'm in the market now." But the other man hurried faster and married her.

George A. Starkweather, first child born within the corporate limits of the present city of Plymouth, eventually married Miss Amelia Davis. Amelia had been left an orphan and was subsequently adopted by Mrs. Mary Davis of Plymouth. Mrs. Mary Davis was then a widow and had but her only child, Edwin, but her man aged twenty. Amelia Heywood, or Amelia Davis as she was now known, was eighteen years the junior of George A. Starkweather. As a small child attending the Presbyterian Sunday school she would recall following Dr. A. B. Coleman and George A. Starkweather regularly walk in together to attend church services. Seeing these two young men come to church Amelia would form her own opinion as to their respective physiognomies. To her Dr. Coleman was always the handsome Apollo while a negative school she would recall the direction of Mr. Starkweather. But in due time Amelia caught up with Mr. Starkweather and now a grandson can tell the story.

The Mrs. Mary Davis as mentioned in the story had been a pioneer farmer's wife on a farm northwest of the Plymouth village settlement. She became a widow about the time of Abraham Lincoln's first campaign for the presidency and for those times had been left quite well-to-do. She came to live in town and purchased a home from a man believed to be one Scattergood. This was located on the present site of the Plymouth Mail building. It was here that Mr. and Mrs. George A. Starkweather began their married life. It was very soon, or on June 17, 1866, that this writer's mother was born.

This birth date, or June 17th, bears some particular significance. It was on this same date, June 17, 1866, that Gen. Lewis Cass, Michigan's greatest political and military character of the last century, breathed his last. Gen. Cass had served well in the nation's army; forces, had been governor of Michigan, secretary of war in

Andrew Jackson's cabinet, U.S. minister to France, United States senator from Michigan, secretary of state in James Buchanan's cabinet, and came near to being president of the United States.

This date also represented the anniversary of the Battle of Burker Hill in which the grandfather of George A. Starkweather had fought. This occurred just 91 years before, or on June 17, 1775. Again on June 17, 1756, was born Hannah Leonard, who married this Revolutionary soldier. And with pardonable pride this writer could state that he is descended from the ninth child of this Revolutionary couple. Eleven children were born to this couple. They all matured, married, raised children, and their descendants today are scattered all over the country. The eleventh child was David Austin Starkweather who was elected to Congress and once served as minister to Chile. Hannah lived to be 88 years of age, or 36 years after her eleventh child was born.

Lewis Cass Hough, named in honor of the aforesaid Gen. Lewis Cass, eventually left his father's farm in Canton township and, following the pattern of his father, came to town to live on Main street. This was about the year 1874. The railroad had come to Plymouth three years before. L. C. Hough purchased his town home from the same Mrs. Mary Davis where, it has just been said, the writer's mother was born. And so L. C. Hough came to town and here lived with his family. And it was here in this same house that the present Edward C. Hough of the Daisy Manufacturing Co., the man who throughout the years has been honored with No. 1 in the telephone directory, lived and grew as a boy. And this same house later became the home of the late Dr. R. E. Cooper. And today this story is being printed upon the same site where all these people once lived.

And so Lewis Cass Hough came to town and entered the grain and produce business. After the present E. C. Hough grew to manhood he became a business partner with No. 1 in the telephone directory, lived and grew as a boy. And this same house later became the home of the late Dr. R. E. Cooper. And today this story is being printed upon the same site where all these people once lived.

Rotary Club Has Rural Meeting

The Plymouth Rotary club met for its annual rural-urban meeting last Friday at Cherry Hill. The evening program was highlighted for the club members and their farmer guests by two outstanding features.

The first portion of the program was devoted to the Detroit Edison Company's motion pictures showing the part that electrification can play in the drying of hay during storage.

The second part of the program was given by a representative of the Detroit Packing Company, which is a co-operative of about 800 farmer members who pool their efforts in producing food stuffs. This speaker explained the processes involved in the killing and processing of meats.

The excellent chicken dinner served in the Cherry Hill church was enjoyed by about 75 men of the club and their guests. All expressed their appreciation for the fine program prepared by Chairman Robert Waldeck of the committee in charge of the rural-urban meeting.

Frank Keehl on Tour of Italy

Technician 5th Grade Frank E. Keehl, son of Mr. and Mrs. Frank Keehl of 252 Blanche street, has just returned from an interesting trip to Cortina, Italy. As driver for the Commanding Officer of the 857th Field Artillery Battalion, Technician Keehl had the privilege of driving him to Cortina for a ten day leave. This famous Italian winter resort of

all the attractions of Sun Valley in U. S. Situated in the beautiful Julian Alps of northern Italy this is the rest center of the Army here.

The Army has recently put into operation an expertly instructed ski school and while there Technician Keehl received some of this instruction. During his many months of driving he has visited many other famous cities in Italy, among these being the now international city of Trieste, Milan and Genoa.

Technician Keehl joined the Army on Jan. 16, 1946 and after

having basic training at Camp Robinson, Arkansas was sent overseas and joined the 88th "Blue Devil" Division on June 16, 1946. He was assigned to the 337th Field Artillery Battalion and put in the Motor Section. After several weeks he was assigned to drive the Battalion Commander. He was promoted to Technician 5th Grade on November 16, 1946.

A MESSAGE FROM THE SECRETARY OF WAR

How you can help YOUR ARMY DO ITS PART FOR PEACE

WITH the President's proposal for the discontinuance of Selective Service on March 31, America will rely on voluntary enlistments for the maintenance of the Regular Army at authorized strength.

In view of world conditions today, this is a step of the gravest importance to every American citizen. Never before in history has any nation raised and maintained a million-man army by the volunteer system alone. Our ideals, our belief in individual freedom, our safety and our duty to promote world peace — all are bound up in this decision.

This is your Army, and voluntary enlistment is your choice. It must not fail. With your help it will not fail. The Army must continue to provide adequate occupation forces overseas, to supply these forces, and to help in keeping America strong and secure.

Your help and understanding can do much to encourage a steady flow of 3-year voluntary enlistments, necessary to sound training and the efficient performance of the Army's task.

When you discuss this subject with your sons, brothers, husbands or friends who may be considering an Army career, bear in mind the advantages offered by a 3-year enlistment. Among them are the choice of branch of service and of overseas theater where openings exist, and the opportunity for thorough training in valuable skills.

A job in the new Regular Army compares favorably with the average in industry, and has more opportunities for promotion than most.

You can help by giving your respect and support to the man who enlists voluntarily — to do his part in carrying out your country's world-wide obligations to build a peace that will endure.

ROBERT P. PATTERSON
 SECRETARY OF WAR

New Officers Are Installed

The Navy Mothers Club of Plymouth held their installation of officers Thursday evening, 13. The following members will serve as officers for the coming year: Mrs. Anna Bridge, commander; Mrs. Lella Huxley, first vice-commander; Mrs. Gladys Barber, second vice-commander; Mrs. Katherine Boyce, adjutant; Mrs. Irma McLean, treasurer; Mrs. Lucile Keller, chaplain; and Mrs. Louise Muley and Mrs. Hazel Dettloff, color bearers. Mrs. Olga Peletier, of northeast Detroit was the installing officer.

Refreshments were served by a committee composed of the following mesdames: Alma Williams, Phoebe Shoemaker, Stella Rudick, and Dora Langendam.

The Navy Mother's Club has chosen for one of its projects for the coming year the celebration of birthdays of servicemen who are confined at Northville sanitarium. There will be a birthday cake and a gift for each serviceman—not a gift he needs but something which will be a remembrance of the organization which gave it.

K. of P. Host To City Leaders

The Plymouth Knights of Pythias lodge members were hosts to the heads of the local civic, service and fraternal organizations last Wednesday, March 12, at the Hotel Mayflower. The banquet, held in the Crystal Room of the Mayflower, was presided over by Chancellor Commander Frank Henderson of the local lodge. He welcomed the guest and introduced the many officers of the K. of P. from other lodges throughout the state.

The toastmaster for the evening was Russell Bingley, who, during the program was distinguished by the presentation of a medal in recognition of his outstanding, ritualistic endeavor in the organization.

On the evening's program Mrs. Cameron Lodge sang, accompanied by Linnea Vickstrom. The principal speaker for the evening was George A. Smith who held his audience at rapt attention during his most timely talk.

In London, a British officer, sick and tired of being told that fashionable Claridge's was all booked up for dinner reservations, made a turban out of a gaudy bedspread, phoned that the "Maharaja of Peshawar" was coming, swept into the dining room, got a table right away.

BABSON

Babson Discusses Labor and Wage Prospects For 1947

Babson Park, Florida, March 21.—The economic well-being of any country is largely determined by (a) the amount of food, homes, clothing, recreation, etc. which is produced by its people; and (b) the way these goods and services are divided up among you and me and our neighbors. If, therefore, we are to be prosperous in 1947 we must produce. We cannot afford to lose another 110,000,000 man-days through some 6,027 strikes as we did in 1946.

Strikes on the Wane

It is my belief that the struggle between management and labor has already begun to slough off. Of course, there will be continued demands for small wage increases. Where industries cannot afford further basic wage increases there will probably be demands for certain concessions as portal-to-portal pay, paid sick-leave, increased paid holidays, health and welfare funds, etc.

Reasons for Labor's Change in Attitude

While strikes will remain a nuisance, a thorn in the flesh, if you will, of industry throughout 1947, the fact remains that the incidence of strikes has tumbled precipitously since November (July 720; September 541; November 477; December 228; January 191). I attribute this change for the better to:

- (a) the fact that price controls have been lifted, which allows a greater latitude for bargaining;
- (b) the political complexion has changed considerably in recent months;
- (c) a warning handwriting is very clearly upon the wall for future strikers. Messrs. Green, Lewis and Murray all have

sense to know that under present conditions continued belligerence and aggression can only lead to public hostility and a possible immediate retaliation from the new Congress. In the light of these trends I predict that 1947—much to the surprise of many employers and employees alike—may see the fewest critical labor disputes since 1939.

Wage Outlook For 1947

As a result of this return to normalcy there have been during December and January some wage increases for workers in the Trucking, Clothing Stores, Cotton Textiles, Printing, Painting Plumbing, and Shipping industries. You can expect that where unrest continues, the greatest pressure for wage increases and fringe concessions will probably come from the Shipping industries, Motion Pictures, Chemicals, Household Furnishings, Radio and Metal Fabricating. Reason: The desire of the unions to share the reputedly high profits in these businesses.

Frankly, I am not now too concerned over this upheaval. I believe that after union labor has secured real power, it will find that its employers are better friends than its labor leaders. Labor will not give up collective bargaining and certain other new privileges; but it will listen more to the advice of its resident employers than it ever did before. This means that when the liberal interests are faced with full responsibilities, they become much more conservative and demand "checks and balances" for their own protection.

The Need For The Practice Of Basic Principles

Bear in mind these truths, however: Three fundamental economic principles must be understood before we can realize any true measure of prosperity. These are:—(1) Only by increasing our national production will there be more to divide; (2) Our true national income can be increased most readily by extending free enterprise with a minimum of interference by government bureaucrats; (3) The masses are on the march and we should not handicap legitimate desires to better their condition.

Be Careful of Flowers You Pick

Pick the first violet that shows above the snow, but be careful about those wild orchids or trilliums—they're protected by law. Plymouth flower lovers are warned.

University of Michigan Museum experts have this month prepared an exhibit for students and others, showing wild flowers which are so plentiful that they may be picked or transplanted. "Everyone who spends much time out-of-doors should learn to recognize the more common wild flowers and to take an interest in their protection," Dr. Rogers McVaugh, associate professor of botany, believes. "Although some species of plants are mentioned in legislation, the law is very difficult to enforce. The best protection for Michigan's native plants lies in an understanding of the need for protection by the citizens of the state."

Plants which need protection are those whose numbers are reduced by picking—that is, those having flowers which cannot be picked without pulling up the entire plant, or those which produce only a single flower to a plant. If this one flower is destroyed, naturally there will be no seed, Prof. McVaugh points out.

Plants mentioned in protective legislation include the wild orchids and lady's slippers which grow in Michigan swamps and marshes, the black alder which is Michigan's only native holly, trailing arbutus, pipsissewa, gentians, trilliums, and the flowering dogwood.

25 YEARS
A QUARTER OF A CENTURY AGO TAKEN FROM THE FILES OF THE PLYMOUTH MAIL

Not since the wet and dry election of a number of years ago has so much interest centered around the village election as did that of last Monday. The main issue at stake was the passing or rejection of the ordinance licensing and regulating moving picture theatres in Plymouth. For the past two weeks the question of Sunday movies in Plymouth has been the main topic for discussion everywhere in the village. The vote on the ordinance resulted as follows: For the Ordinance—507; against the ordinance—746; spoiled ballots—37.

Albert Groth is driving a new car these days. Plymouth friends will be interested to hear of the birth of a little daughter, Joyce Irene, to Mr. and Mrs. Earl VanDeCar, Saturday, February 18th, at their home at Phoenix, Arizona.

At the fire drill Wednesday 800 children were out of the building in one and one-half minutes. There is not much danger from the fire with a fire-proof building and ability of emptying it in so limited a time.

Those who were neither tardy nor absent in Miss Hallahan's room during the month of February are: Elizabeth Strong, Ruth Soth, Clare Lykg, Alvina Lorenz, Velda Larkins, Melvin Hotz, Lavina Holmes, Margaret Drews, Maurice Ferguson.

Mrs. C. H. Buzzard and daughters, Margaret and Doris, spent the week-end with her parents in Bay City.

Irving Blunk and E. W. Smith have sold the new house they recently completed on Ann street, to William L. Freyman.

A Warner has tapped his sugar bush, but has not yet had a good run of sap.

Owing to the condition of the cross roads of Newburg, there was not a very large attendance at church, Sunday. Service at the usual time Sunday.

Doctors and nurses are in good demand at the present time, as there is a great deal of sickness all over the country.

Miss Nellie Brooke, of Detroit visited Mrs. J. T. Chapman over

Sunday. Miss Eleanore Ricaby of Hillsdale, is visiting her cousin, Mrs. George Wilcox on Penniman ave.

Mrs. M. A. Patterson is building a large addition on the rear of her house on Ann Arbor street. They are also making interior improvements, and have just completed a fine new porch on the front of the house. When the whole is stuccoed, it will present a very attractive appearance.

A dancing party will be given in the Penniman-Allen auditorium this (Friday) evening, March 17th, under the auspices of the Masonic Order.

G.O.P. Opens Headquarters

George A. Shaffer Chairman of the Seventeenth Congressional District Republican Committee announces the opening of Republican Headquarters at 13229 McNichols road, Detroit 19 near Southfield effective March 17. The Republicans carried this district by a 32,000 majority last November and are planning on a very active campaign to elect their ticket at the coming Spring election to be held on April 7, 1947.

In Bloomfield N. J. Charles Wilhoft, who had installed fire-proof walls and floors in his house, hose and water outlets, coiled escape ropes, escape hatches and ladders, self-closing, anti-draft doors, fire alarms on the stairs, decided to install a sprinkler system, "just in case."
