

WEDDINGS

Marie Ann Miller Becomes the Bride of William Shultz

At a four o'clock ceremony Saturday, June 14, in the First Methodist Church of Plymouth Marie Ann Miller, daughter of Mr. and Mrs. John A. Miller of Irvin street, became the bride of William Shultz, son of Mrs. Beatrice Shultz of Sheridan avenue and Karl F. Shultz of Savannah, Georgia. The Rev. C. E. Doty, assisted by Dr. Frederick Lendrum of Wilkes Barre, Pennsylvania, performed the double ring ceremony before an altar decorated with large baskets of white flowers.

The bride was given in marriage by her father. Her gown of white embroidered nylon was fashioned with a tight bodice featuring a high neckline yoke

with wide ruffle trim, and had a full skirt with a slight train. Her fingertip veil was held in place by a tiara. She carried a white bible, covered with old lace from her mother's wedding gown, and mounted with gardenias and streamers of Stephanotis.

Verna Earle of Muskegon was maid-of-honor and wore a gown of yellow eyelet embroidery. Barbara Wendt of Lansing and Marjorie Peake of Portland were the bridesmaids. They wore eyelet embroidery gowns of green and pink respectively. All three attendants carried bouquets of white daisies and wore bandeaus of daisies in their hair. The little flower girl, Kay Marie Fisher, wore a light blue eyelet embroidery dress and carried a miniature bouquet of white daisies.

Jerome F. Miller of Ann Arbor, a close friend of the bridegroom, was the best man and the ushers were Sanford Burr, Harold Ziegler of Detroit, and Charles Nordstrom of Dearborn, the latter two being members of the bridegroom's company in the army.

During the ceremony Keith Jolliffe and Ruth Campbell sang "O Perfect Love" and "Thine Alone" accompanied on the organ by Mrs. Edna O'Conner. For her daughter's wedding Mrs. Miller chose a gown of dusty rose with blue accessories and corsage of blue baby iris. Mrs. Shultz was attired in powder blue with white accessories and wore a corsage of pink carnations. Mrs. Catherine Seldenridge, grandmother of Mr. Shultz, wore a rose dress with white accessories and corsage.

Following the ceremony a reception was held in the church parlors, with Mrs. Roy Fisher and Mrs. William Gordon of

Brown City, as hostesses. Helen and Marian Fisher poured with Marie Ann Riley of Grand Rapids assisting. Out-of-town guests were present from Grand Rapids, Lansing, Detroit, Pontiac, Brown City, Hastings, Cass City, Dearborn, Chicago, and Yonkers, New York.

After a week's honeymoon at Lake Charlevoix the young couple will reside in Ypsilanti where the bride will attend the Michigan College of Education and the bridegroom will resume his studies at the University of Michigan.

Candlelight Ceremony For Kenneth Archer And Dorothy Smith

Dorothy Helen Smith, daughter of Mrs. Helen Smith, became the bride of Kenneth J. Archer, son of Mr. and Mrs. Robert Archer, at a candlelight ceremony in the Allen Parish house Saturday, June 14. Father Mooney performed the ceremony in the window alcove decorated with white lilies and palms, flanked with candelabra.

The bride was given in marriage by her brother-in-law, Jerome Bolter of Grand Rapids. Her gown of white slipper satin had a net yoke trimmed with satin hearts and long sleeves which came to a point over the hands. The full skirt fell into a long train and her fingertip veil with satin scroll trim was held in place by a coronet of seed pearls. She carried a white satin prayer book with streamers of white rosebuds.

Her only attendant was her niece, Jean Bolter of Grand Rapids, who wore an aqua moire floor length gown with matching gauntlets. She carried a heart-shaped wreath of yellow carnations and wore a yellow carnation in her hair.

Lorne Archer, a brother of the bridegroom, was the best man and seating the guests were Ernest Archer, another brother, and Ted Smith, a brother of the bride.

Mrs. Smith, mother of the bride, wore a pale green dress with white accessories and an American Beauty corsage. Mrs. Archer was attired in yellow with brown accessories and a corsage of talisman roses.

Mrs. Thomas Lock played the wedding march and during the ceremony sang Schubert's "Ave Maria."

A reception for one hundred guests was held following the ceremony at the Rosedale Community House. Out-of-town guests were present from Pontiac, Detroit and Grand Rapids.

Mr. and Mrs. H. L. Nichols Celebrate Silver Wedding Anniversary

Mr. and Mrs. H. L. Nichols, who reside on LaSalle road, were the guests of honor at a silver wedding anniversary party Saturday evening, June 14.

The party was given for the couple by their children, Mr. and Mrs. Donald Pankow and Mr. and Mrs. Eugene Nichols, at the Pankow home on Maple street. Out of town guests were Mr. and Mrs. Homer Syfert and son and Mr. and Mrs. Hubert Hancock and daughter, of Lincoln Park. Mr. and Mrs. M. R. Fluckey and daughter, of Dearborn, and Mr. and Mrs. Ralph Fluckey and daughter of Bad Axe. The honored couple received many beautiful silver pieces.

This occasion followed the return to Plymouth of Mr. and Mrs. Nichols after a four week's tour of the Southwest. They report that the most interesting places visited on the trip were the Grand Canyon, Oak Creek Canyon in Arizona, Phoenix, Los Angeles, Catalina Island, the Yosemite Valley, Bryce Canyon, the Great Salt Lake and the Royal Gorge.

Rebekah News

Election of officers of the Degree staff club was held at the monthly meeting at the hall when the following officers were elected: president, Irene Graham; vice-president, Hazel Roach; secretary and treasurer, Mable Mott. Past Noble grand club met with Minnie Ray for a 6:30 dinner with Evelyn Stanible, Marie Hartung and Ethel Bulson as hostesses.

Evelynn Stanible was elected representative to the Rebekah Assembly to be held in Grand Rapids, Hazel Roach as alternate, and Mabel Hunter was elected District Deputy president.

Next meeting to be April, May and June birthday party. Eighteen members of the local lodge attended the presentation of the Bible to Bessmer at Wayne Temple, June 12th.

TIGHT or JERKY STEERING IS JUST AS DANGEROUS
Jittery, loose or difficult steering is far more than a nuisance. It warns you of wheel unbalance and wear of steering parts... which mean quick tire wear... unexpected blow-outs... sudden loss of steering control. ACCIDENT! Before you land in hospital or jail, get a safety check-up and correction on our industry-approved BEAR Equipment!

New Officers Are Installed

The Plymouth Junior Chamber of Commerce Auxiliary held its installation of new officers at a meeting Thursday evening, June 12. Officials who were installed were Mary Knapp, president; Isabell Partridge, vice-president; Charlotte Gaffield, secretary; Barbara Miller, treasurer. Mary Turbett was installed as the chairman of the board along with the other members of the board Vivian Owens, Lois Kleinschmidt and Ellen Smith.

Following the installation the ladies enjoyed a dinner which was prepared by the ladies of the Episcopal church.

Jane Todd press reporter for the Joyce Auxiliary, states that the meeting will be held in conjunction with a picnic in the park. Anyone who is eligible to become a member of the auxiliary is cordially invited to attend.

ROSEDALE GARDENS PRESBYTERIAN CHURCH,

Hubbard and West Chicago, 1 1/2 miles west of Middlebelt, 3 blocks south of Plymouth road. — Woodrow Woolley, minister. Sunday, June 15, Church school, 9:30 a. m. Church service, 11 a. m. Sermon: Fourth in the series on the Ten Commandments.

FULL GOSPEL CHURCH,

Rev. B. V. Asher, pastor. Sunday School, 1:30 p. m. Evening Services, 7:00 p. m. I.O.O.F. Hall over Kroger store S. Main St.

STARK BIBLE SCHOOL — CHURCH OF GOD,

Morning worship, 10 a. m. Sunday school, 11 a. m. Evening service, 7:30.

FIRST CHURCH OF CHRIST SCIENTISTS,

Sunday School, 10:30 a. m. Sunday morning, 10:30 a. m. for pupils up to 20 years of age. Wednesday evening testimony service at 8:00 p. m. "Is the Universe, Including Man, Evolved by Atomic Force?" will be the subject of the Lesson-Sermon in all Christian Science Churches throughout the world on Sunday, June 22. The Golden Rule (Heb. 1:10) is: "Thou, Lord, in the beginning hast laid the foundation of the earth; and the heavens are the works of thine hands." Among the Bible citations is this passage, (Isa. 45:18): "For thus saith the Lord that created the heavens: God himself that formed the earth and made it; he hath established it, he created it not in vain, he formed it to be inhabited: I am the Lord; and there is none else." Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, include the following (p. 256): "All things are created spiritual. Mind, not matter, is the creator. Love, the divine Principle, is the Father and Mother of the universe, including man."

To Present Pupils In Musical Recitals

Mrs. Florence Crandell has announced that she will present her pupils in a piano recital Sunday and Monday evenings, June 22 and 23, in the Primary room of the Methodist Church, the program beginning each evening at 8 o'clock.

The pupils to be presented Sunday evening are: David Conrad, Loren Goddard, Joyce Smith, Ronnie Markham, Ellen Cowgill, Dow Swope, Ann Goddard, Bobbie Bateman, Celia Balfour, Michael Conrad, Margaret Sue Daniels, Lea Raye Crane, Marilyn Cash, Robert Spears, Joanne Pankow, Judy Swope, and DeDan Palmer.

The pupils to be presented Monday evening are: Sara Wesley, Charles Dykhouse, Corda Pursell, William Cowgill, Donna Read, Richard Root, Janie Beckel, Jon Brake, Betty Bowden, Elmer Whipple, Susan Simmons, Joanne Pursell, Sally Truedell, Susan Wesley, Betsy Reedeman and Earl Hollis.

New Mackinac Ferry Schedule

Going to drive to the Upper Peninsula this summer? If so, it might be well to clip out this article and put it in your pocket-book—it may save you a little time at the Straits of Mackinac.

The Summer schedule of the Michigan State Highway Department ferries at the Straits of Mackinac is now in effect. Following are the times of departure, which will remain in effect through September 8:

Leave Mackinac City	
6:30 a. m.	4:30 p. m.
7:00 a. m.	5:30 p. m.
8:30 a. m.	6:30 p. m.
9:30 a. m.	7:30 p. m.
10:30 a. m.	8:30 p. m.
11:30 a. m.	9:30 p. m.
12:30 p. m.	10:30 p. m.
1:30 p. m.	1:30 a. m.
2:30 p. m.	2:30 a. m.
3:30 p. m.	3:30 a. m.

Leave St. Ignace	
6:00 a. m.	4:00 p. m.
7:00 a. m.	5:00 p. m.
8:00 a. m.	6:00 p. m.
9:00 a. m.	7:00 p. m.
10:00 a. m.	8:00 p. m.
12:00 noon	9:00 p. m.
11:00 a. m.	11:00 p. m.
1:00 p. m.	12:00 midnite
2:00 p. m.	1:00 a. m.
3:00 p. m.	2:00 a. m.

Get at the fly problem around your home early. Spray good with DDT and there will be fewer flies to lay eggs and add to the population is a suggestion from your county agricultural agent.

By LEO & BUD

Just because real estate people are willing to give you a lot for your money is no sign that it's dirt cheap.

"Are those your children or is it a picnic," said the conductor to the woman, who was followed by nine youngsters. "Yes, they are my children, and it's no picnic," was her reply.

A wife is a woman who sticks with her husband through all the trouble he would not have had if he had not married her in the first place.

Well, most of us like to avoid trouble. And hundreds of motorists have learned that about the best way to prevent car trouble is to come here regularly for thorough lubrication. It's just wonderful how our lubrication jobs help keep cars running . . . longer and better. Try it for yourself!

- More than 50 packers, butchers, and order buyers compete for livestock in our alleys.
- Careful attention to feeding and watering livestock to put more pounds across the scales.
- The experience of twenty-five years' service to Michigan livestock producers.

Dondero Tells of Congress

By Congressman George Dondero
VOICE OF AMERICA: The past week the House of Representatives has been considering H. R. 3342, to enable the government of the United States more efficiently to carry on its foreign relations by means of promotion of interchange of persons, knowledge, and skills between the United States and other countries and to disseminate abroad information about the United States its people, and its policies.

An appropriation of \$31,000,000 was asked for this work, Congressman Dondero, speaking on the measure, took the position that we do not need to sell America to the rest of the world. He stated:

"If America has not been sold to the world in the last 150 years, I doubt very much if \$31 million is going to sell it now. For 170 years or more, people of the Old World have been coming to this land in such large numbers that 25 years ago it was necessary to put the bars up by passing a quota law. Those people had heard about America and its government of freedom and have since been in constant communication with their relatives, friends, and neighbors across the sea. They have been told of the blessings of liberty and life here. You have never heard of any exodus of those people from our shores. A recent poll taken in England of people between 18 and 30 on whether they desired to emigrate to America showed 80 per cent in favor of doing so. In Italy over 90 per cent were in favor."

"You see that America has not been sold to the world. As a member of a committee which has been told of the blessings of liberty and life here, you have never heard of any exodus of those people from our shores. A recent poll taken in England of people between 18 and 30 on whether they desired to emigrate to America showed 80 per cent in favor of doing so. In Italy over 90 per cent were in favor."

The President has called tonight June 20 to get them out of Congress and the President has directed labor management contracts will have to be made on the United States labor law. The President has called tonight June 20 to get them out of Congress and the President has directed labor management contracts will have to be made on the United States labor law.

TO THE EMPLOYER:

1. Freedom from the constant interference with management's responsibilities that appears to be a primary objective of some labor leaders.
2. Freedom from the constant interference with management's responsibilities that appears to be a primary objective of some labor leaders.
3. A chance to meet the labor leader on an equal footing at the bargaining table, with an impartial law favoring neither side nor the other.
4. Freedom of speech—the right to express views to his employees on wages, hours, and conditions of work to the same extent as the union organizer now enjoys that privilege.

TO THE WORKER:

1. Recognition for the fact that the employer, too, has certain rights and privileges as an American citizen that cannot be denied—that should never have been denied.
2. Freedom from the constant interference with management's responsibilities that appears to be a primary objective of some labor leaders.
3. A chance to meet the labor leader on an equal footing at the bargaining table, with an impartial law favoring neither side nor the other.
4. Freedom of speech—the right to express views to his employees on wages, hours, and conditions of work to the same extent as the union organizer now enjoys that privilege.

and on pain of losing his job.

2. The right to control the actions of his labor representatives through periodic elections of his labor representatives through periodic elections on union shop questions.
3. The right to know what his labor leader is doing, how his dues and initiation fees are being spent, and how his union is being run.
4. The right to work without first getting permission from the labor boss.

TO THE EMPLOYER:

1. Recognition for the fact that the employer, too, has certain rights and privileges as an American citizen that cannot be denied—that should never have been denied.
2. Freedom from the constant interference with management's responsibilities that appears to be a primary objective of some labor leaders.

Fishing Season Opens June 25

Wednesday, June 25, is the day for some of the state's fishermen. The opening of the 1947 fishing season is set for that day. If you have not yet rented on your own boat, you will have a better chance to do so if you rent one now. The season for boats is open until August 15. Not only will you have a better chance to get a boat, but you will also have a better chance to get a better price for your boat.

The Michigan Department of Conservation has announced that the opening of the 1947 fishing season is set for Wednesday, June 25. The department has announced that the opening of the 1947 fishing season is set for Wednesday, June 25. The department has announced that the opening of the 1947 fishing season is set for Wednesday, June 25.

fish, and in lakes north of the highway, where other fishing has been in progress, bluegills and black bass become legal game. Bluegills and sunfish have a size limit of six inches, a creel limit of 15. When taken in combination with perch, rock bass and crappies, the combined total is 25, but not more than 15 of these may be bluegills.

The black bass size limit, for both largemouth and smallmouth, is 10 inches, and the creel limit is five a day—with valleyed or northern pike counted as part of that five if any are taken. The Great Lakes limit is 10 a day—double the inland waters creel, but not more than five of the 10 may be bass, and not more than five of the 10 may be northern pike.

Nearly 2,000 of Michigan's 4-H members and leaders will attend four-day camps at East Lansing, Gaylord and Goshen this summer. Selection is made on the basis of best work in their local clubs, and county events.

**How To Enjoy a Summer Vacation
 And Return Home In Good Health**

Michigan will suffer more than one million vacation casualties this summer, although there is a preventative or remedy for virtually every summer hazard encountered in the state," Dr. William DeKleine, State Health Commissioner, warned today.

"An understanding of the hazards, the knowledge of simple remedies, and the use of ordinary common sense can prevent vacation miseries for one's self and one's family," he added.

Principal hazards to vacationists in Michigan exist in over-exposure to the sun, overexertion, swimming, boating, poison ivy, and in contaminated milk, water and food supplies.

A vacationist who uses only pasteurized milk and milk products, drinks water from only those approved by the State and eats only in restaurants whose sanitation is approved, has eliminated many of his vacation worries. Sanitary engineers from the health departments have been to his vacation and eating sites before him to assure that they are safe for him and his family. A Michigan Department of Health sign saying that the camp, hotel, restaurant or water supply is safe is displayed wherever it is deserved, and he should not patronize those places which do not display the signs.

The water supply at a farm or cottage may be contaminated by sewage from outdoors toilets or farmyards. Some times water pumped from creeks to sprinkle golf course greens may pollute the drinking water on the course. A vacationist should be sure that the ice he uses in summer drinks is made from pure water.

Necessity for using only pasteurized milk is indicated by the fact that undulant fever, typhoid fever, scarlet fever, septic sore throat and tuberculosis can be carried in milk. Unpasteurized butter, cream, cottage cheese, ice cream and other milk products can also carry disease.

Tan By Degrees
 The vacationist should not try to get the entire season's coat of tan on the first day of the vacation. It is best to begin with 15 minutes periods early in the morning or late in the afternoon. Sunburn is always most uncomfortable and it can cause illness and death. A coat of tan is healthful but it should be acquired gradually. Overexposure to the sun may cause sunstroke or heat prostration. Those most likely to suffer sunstroke or heat prostration are oldersters and people with high blood pressure and heart disease and those who are chronic alcoholics. Ordinarily sunstroke or heat prostration may be prevented by wearing light, loose clothing and a hat, and by avoiding undue exposure or exertion. "Take it easy, after all you're on a vacation," is a good slogan to remember. Overexertion in tennis, swimming, golfing, hiking, rowing or pedaling may cause sore muscles and blisters either of which can ruin your vacation, and they can cause serious illness or possibly death.

Swim Safely
 Swimming rules have been repeated often, but more than 150 deaths by drowning during last summer indicate they should be given again. Learn to swim and don't show off. Don't swim alone, or after dark, or at an unguarded beach, or in swift water. Don't dive into water of unknown depth, or into extremely cold water. Don't swim until exhausted or when tired. Learn to float on your back.

To guard Michigan vacationists from sewage polluted bathing beaches, the Michigan Department of Health cooperates with the state Stream Control Commission in inspecting danger spots and testing samples of the water. When the degree of pollution constitutes menace, warning signs saying "This Beach Unsafe for Swimming" are posted. Swimmers itch, another nuisance in the Great Lakes area, is

usually found where snails are numerous. It can best be prevented by destroying the snails on the lake shore through the use of copper salts under the direction of health department personnel. The itch can be avoided often by taking a shower and a thorough brisk rubbing with a towel after bathing. Most public beaches are closed to swimmers when the hazard appears.

Avoid Poison Ivy
 Poison ivy can usually be avoided if one learns to recognize its three leaves. The poison can be carried in fire smoke and on animals. It can be caught from a person who has it. If you have been exposed to the poison, wash thoroughly with soap. The United States Public Health Service recommends the application of a ten per cent solution of tannic acid in alcohol applied by rubbing motion strong enough to remove the tops of blisters. This treatment should be repeated three or four times at six hour intervals. Authorities feel that no person is really immune to poison ivy because persons may handle it for years without result and then become so seriously ill of it that they require a month's hospitalization. The weed killer 2-4-D will kill the plant.

Kill Insects
 Dead mosquitoes and flies won't bother or endanger vacationists, and the use of DDT spray is the best way to eliminate the insects at camps or cottages. While traveling, commercial insect repellents will keep mosquitoes away.

Flowers of sulphur dabbed on stockings and underclothes will help keep chiggers away. But if a person is exposed to chiggers by walking in weeds and shrubbery, he should spread a thick layer of strong soap over his

entire body and let it dry for ten minutes before removing it. A salt bath each evening may also prevent chiggers. A rotenone preparation is also helpful in killing chiggers.

Michigan has only one poisonous snake, the massasauga rattler which lives in swampy places and grows to be about three feet long. First aid recommendations for poison snake bite include placing a tourniquet on the limb above the wound, making a small incision on the bite, and sucking out as much venom as possible. It is imperative to get the patient to a physician as soon as possible after the bite.

There's no elixir like a long night's sleep from the standpoint of physical well being or improving your outlook on life. Keep regular hours, eat regular meals and get plenty of rest. While motoring, drive carefully. Do not distract other drivers. Do not stand in garage, barn, or house doors or under a tree in a thunder storm. Leave broken wires alone.

Know where the nearest telephone is, how to reach the nearest doctor, where the nearest hospital is, and how to get an ambulance. Don't risk the health and lives of your family while on vacation.

**Plymouth Girls
 Get Positions**

Mary Alice Schuster and Rosemary G. Herter, both residents of Plymouth, have completed their courses at Cleary College and will be graduated at the College Commencement, tomorrow, June 21.

Miss Schuster has accepted a position as secretary with the Davis Air Rifle Company. Miss Herter has accepted a position as secretary with the Boyer Hospital at Ypsilanti.

If you have any items of interest about your family or friends please call Plymouth 6.

**Safety Rules For
 Camping Trips**

Do you know the simple rules of safety to follow with fires at your summer picnics and camping trips?

Long years of experience have taught us a few rules that apply whether the fire is built in a field, in the woods or along the roadside. Fred W. Roth, farm safety specialist at Michigan State college, says the rules are easy to follow.

Before you build a fire, scrape away all leaves, twigs, dry grass and papers from a circle five feet across. Dig a hole in the middle and build a small fire in it. Never build it against trees or logs, or near brush.

Never leave a fire until it is out. Put it out by stirring the coals while soaking them with water. Wet sticks on both sides and wet the ground around the fire. If there is no water, stir in moist earth and tread it down tight over the fire.

Be sure the match that lighted the fire is out. Break it in two before you throw it away. Be sure also that cigarette or cigar stubs and pipe ashes are dead before throwing them away. Never throw them into brush, leaves or pine needles.

What's Back of the Big Swing to Nash?

EVERYWHERE today, the swing is to Nash. You see it on the highway, in your neighborhood. In city after city, leading dealers are handling Nash.

And listen to the "talk" about new cars . . . the fine performance of the 1947 Nash "600" . . . its big car economy of 25 to 30 miles on a gallon at moderate highway speed . . . its single-unit body-and-frame.

The talk is about Nash Conditioned Air—automatic fresh air heat, and ventilation . . . banishing cold, dust, drafts and smoke from motoring forever!

The talk is about the room in a Nash—extra head-room, seat-room, leg-room—the big double bed you can have in the back.

The talk is about easy handling . . . the wonderful ride of coil springing at all four wheels. And the talk is about value—a Nash "600" is low in price.

This, then—is why Nash popularity is breaking all records. See your dealer now, drive a new Nash "600," or its running mate, the Nash Ambassador.

See your Nash dealer, too, for the kind of modern automobile service you've been waiting for.

You'll be Ahead with Nash *Great Cars Since 1902*

Parking Meters Produce Cash

The parking meters in Plymouth, which were the cause of a good deal of discussion in the beginning, have also proven to be a good producer of revenue for the city.

These meters and there are 200 of them in the business district, must be kept in constant repair and service.

It has been reported that a sprinkling of slugs has found its way into the machines. Some of the children in the community have also been making the meters a depository for sticks, tickets and all sorts of articles which result in an ineffective jamming of the meters.

Landlocked salmon from both Atlantic and Pacific coasts have been planted in Michigan waters.

If you have anything to sell or rent, try a Plymouth Mail want ad. They bring results. Phone Plymouth 6.

Traverse City Plans For Cherry Festival -- Fix Dates June 24 to July 4

This veteran logging locomotive will be very much on parade when Traverse City stages its Centennial June 23 - July 4.

Michigan through the years has been a great state for festivals and celebrations, as witnessed by the Cherry Festival, its Tulip Time and its myriad other great pageants.

This top-em-all celebration will be the Traverse City Centennial, set for June 23-July 4, when the Cherry Capital of Michigan will mark the one hundredth anniversary of the landing of Captain Horace Boardman and his little band of followers, almost adventurers in that early day.

And in this celebration Traverse City will select a queen, but this time not a glamorous and covetous dame, but an old lady who has played an important part in the building of the Traverse section.

Already Traverse City is of high interest, for it is estimated that 75 percent of the business and professional men of the town have developed luxuriant beards.

The Grand Traverse area is all set for what is expected to be the greatest tourist season in its history.

for the complete season, and in general still are coming in. And little wonder that the Grand Traverse area is so popular with the vacationists, for it is a section of glorious beauty.

This year there will be no Cherry Festival, as such, but that celebration will be combined with the Centennial.

Bicycle Riders Given Warning

The police department of Plymouth urges the parents of those children who own bicycles to impress upon the children the need for safety and caution on the streets of Plymouth.

It has come to the department's attention that a great many of the youngsters either have no idea of the regulations governing bicycles or choose to ignore them.

Parents have made complaints to the police regarding infractions of the rules, which can easily cause serious accidents.

If the children continue cutting in front of cars, ignoring red lights and not obeying stop signs and other traffic signals, they can hardly hope to become good drivers.

Consistency to truth and principle may sometimes lead to what the world calls inconsistency in conduct.—Tryon Edwards

Truck Explodes Gasoline Burns

A gasoline trailer, containing over 4,000 gallons of fuel, crashed and exploded early Tuesday afternoon on Ford road, just west of Beck road.

The Plymouth fire department rushed to the scene of the fire after being summoned by the Wayne County sheriff patrol.

It was a Mobilgas truck, the driver returning to Detroit before his name could be secured. He was not hurt.

The trailer, which was being towed by a semi-truck, broke loose from its drag and, after swerving and skidding over 200 feet, overturned and exploded.

crash, thus preventing any subsequent explosions.

Due to the fact that it was a gasoline fire the firemen were unable to extinguish the flames immediately. The smoke from the blaze, which spiraled 1,000 feet into the sky, was clearly visible in Dearborn.

Burning gasoline covered a sixty foot area surrounding the overturned trailer. It was necessary for the state police to block off the road to prevent the large number of people witnessing the blaze from exposing themselves to danger.

\$400,000,000 has been invested in Michigan roads and highways in the last two decades.

If you have any items of interest about your family or friends please call Plymouth 6.

Rev. Albert Rill

Rev. Albert Rill of Hazel Park, will be the special speaker at the young people's revival at the church of the Nazarene June 22 through June 29 each evening at 7:30 p.m. and 11 a.m. each Sunday. With him will be radio talent well known to Nazarene people who will furnish the special music and singing throughout the week's meeting. All are invited to enjoy this week of service.

Thrall Retires
From The P. M.

E. L. Thrall 283 Irving street, who has served as a Pere Marquette railway employee for 40 years, has just retired from his long service with this company.

During the past few years he has filled the position as assistant freight traffic manager in the Detroit offices of the company.

Arthur S. Grant, vice-president of traffic of the Chesapeake and Ohio Railway company, announced this week that Mr. Thrall's position had not yet been filled.

Mr. Thrall began his railway career in 1907 as a ticket agent at Paw Paw located on a former branch line of the Pere Marquette.

According to a recent write-up in The Railway Age, he became chief of the traffic bureau of the Pere Marquette in 1931. After that time he enjoyed several promotions until he reached the position a few years ago from which he is now retiring.

J. C. Harms, freight traffic manager of the Pere Marquette, in sending out a recent notice of Mr. Thrall's retirement, extended to him in behalf of the railway company the best wishes of the entire railway organization.

Mr. and Mrs. Thrall expect to continue to make their home in Plymouth. They have one son, Donald. Mr. Thrall plans to take a small vacation trip during the present summer.

LOCAL News

Mr. and Mrs. Clarence Luchtman of Northville announce the birth of a daughter, Gail Sue, weighing 7 1/2 pounds. She was born at Sessions Hospital in Northville last Thursday, June 12.

Mrs. Freda Wendland, who underwent a serious operation at Sessions Hospital in Northville on Decoration day has returned to her home on Starkweather avenue. It is reported that Mrs. Wendland is progressing satisfactorily.

Mrs. Earl Russell will be hostess at a dessert bridge this noon at her home on Irvin street. Her guests will be Mrs. Lawrence Lyons, Mrs. Horace Johnston, Mrs. John Henderson, Mrs. Dow Swope, Mrs. Floyd Wilson, Mrs. Thomas Moss and Mrs. Harry Deyo.

Margaret Dunning was honored at a farewell dinner given last Thursday evening by the Misses Helen Darbee and Barbara Davis at the former's apartment on Ann Arbor Trail. Miss Dunning resigned her position at the Plymouth United Savings Bank to assume the management of Dunning and Young, Plymouth's new store for ladies' and children's apparel. The co-hostesses, other employees of the bank, and a few close friends presented the fete with a beautiful gift.

Mrs. Charles Draper entertained at a luncheon Thursday at her home on Church street. The guests were her sisters, Mrs. Earl Steigler, Mrs. Sidney Bakewell, Mrs. A. J. Allan and Mrs. Paul Healey, all of Detroit and Dr. and Mrs. Elmore Carney and children.

Saturday of last week Mr. and Mrs. William J. Squires of North Harvey street with their niece and nephew, Lois Jean and George Hunter, were the guests of their daughter and husband, Mr. and Mrs. Robert J. Orr of Ann Arbor and attended the commencement exercises of the University of Michigan. Mr. Orr was a member of the 1947 graduating class.

Miss Margaret Stukeby of Port Huron entertained last Saturday at a luncheon and bridal shower in honor of Nancy E. Holliday at the Bedford Inn. The guests included Mrs. Arthur Haar, Mrs. Jesse Hines, Mrs. Clarence Martin of Bronson, Mrs. Ernest Allison, Mrs. Charles Root, Sr., Ruth Eriksson, Hazel Parmelee and Marion Weatherhead of Royal Oak.

Meribeth Anne Matulis, daughter of Mr. and Mrs. Anthony Matulis of Evergreen street, celebrated her third birthday with a "Black Cat" party at her home last Friday June 14th. Her guests were Sally Plimondon, Margaret Sue Terry, Susan Mather, Susan Blunk, Dona Rowland, and Judy Ballard. The little guests enjoyed games and refreshments and received favors.

Thursday evening of last week Mrs. Beatrice Schultz and son, William, entertained at a buffet supper for the men of his wedding party. The guests included the Rev. C. E. Doty, and Dr. Frederick Lendrum of Wilkes Barre, Pennsylvania; John A. Miller, father of the bride; the best man, Jerome Miller of Ann Arbor; the ushers, Sanford Burr, Harold Ziegler of Detroit, and Charles Nordstrom of Dearborn; and Karl F. Schultz of Savannah, Georgia, father of the groom.

With 700 members and guests present Wolverine Lodge F. & A. M. celebrated its birthday Saturday evening, June 7th, with a dinner dance in the Fountain Ballroom of the Masonic Temple in Detroit. Those attending from Plymouth were Dr. and Mrs. Myron Hughes, Mr. and Mrs. Robert Ingram, Mr. and Mrs. William Smith, Mr. and Mrs. Oral Rathbun, George Rathbun, Miss Joan Wilkie, and Mr. and Mrs. Norman Salomonson.

Mrs. Floyd Burgett, Mrs. Lincoln Lantz, Mrs. O. M. Valliquette, Mrs. Paul Wiedman, Mrs. R. R. Lindsay, Mrs. Frank Dunn, Mrs. Ernest Thrall, Mrs. Le Roy Jewell, Mrs. Winston Cooper, Mrs. Harold Brisbois, Mrs. A. G. Dohmen, Mrs. L. R. Von Stein and Mrs. Walter K. Summer of the local branch of the National Farm and Garden Association attended the council meeting and luncheon at the Forest Hills Country Club last Wednesday. Following the luncheon they visited the Turtle Lake farms and the Cranbrook gardens.

Mr. and Mrs. Oral Rathbun were honored by an invitation to attend the dinner and reception given by Monroe Council Number One honoring Samuel E. Ballantine, Most Illustrious Grand Master of the Grand Council Royal and Select Masters of Michigan, Saturday evening, June 14, at the Crystal Ballroom in the Masonic Temple in Detroit.

Mr. and Mrs. J. D. Schultz of Dearborn, Colonel and Mrs. H. W. Miller of Ann Arbor, Mr. and Mrs. Robert Webster and Mr. and Mrs. Norbert Kurzman of Pontiac, and Norbert Kurzman of Yonkers, New York were among the out-of-town guests who attended the Miller-Schultz wedding last Saturday afternoon. Mr. Webster, Mr. Tallman, Mr. Kurzman and Wm. Schultz, the bridegroom, were all members of the same company in the army.

**YOU SAVE THREE WAYS
WITH A PORTABLE
Electric
GRAIN
ELEVATOR**

- 1. YOU SAVE TIME**
You can handle 20 or more bushels of grain per minute. An electric elevator does the work of six men.
- 2. YOU SAVE LABOR**
Save your own muscles and those of your hired hands. Relax while it loads your grain.
- 3. YOU SAVE MONEY**
It, hours gained and wages saved. Use it for ear corn, baled hay, every type of grain.

Plenty of top-quality portable electric elevators are on the market. Their simple, durable construction keeps repairs at a minimum. Operating costs are mighty modest with a 1/2-h.p. motor. Talk to your Edison Farm Service Advisor about the type best suited to your needs. His advice is accurate and impartial—and he'll be glad to arrange a demonstration for you.

James Rotarius On Way Home from Manila

Technician Fourth Grade James R. Rotarius, of 634 Irvin, Plymouth, is now on his way to the United States aboard the S.S. General Blatchford, from the Paranaque Replacement and Disposition Center, south of Manila.

Upon his arrival in San Francisco, he will be sent to Camp Stoneman Personnel Center in California for separation from the service.

Says Keyes Is Up to Old Tricks

By Gene Allemen

There's two sides to about everything. That goes for the Sigler-Keyes feud at Lansing. The governor's ire at reputed "stiffing" of the administration's legislative program by a "handful" of senators was publicly aired before Michigan Associated Press editors in annual session at Higgins Lake.

Lambasting the senate which he termed "the worst I've known in many years", Governor Sigler charged Lieut. Governor Eugene B. Keyes with playing politics. Keyes encouraged a "small group of prima donnas" to obstruct administration bills, the governor declared.

Sigler said he did not believe in cracking the whip over the legislature. Each branch of government—legislative, judicial and executive—"should always remain independent and free of one another."

SEVERAL LEGISLATIVE observers who watched the conduct of the Senate during the five month session are inclined to agree with Governor Sigler as to Keyes' behind-the-scenes meddling. The Dearborn dentist lawyer-engineer does not like to play second fiddle.

The same persons, however, are critical of the governor's hands-off attitude in getting results from the legislature. They say it just won't work. For example: During critical periods when vital matters were awaiting action, Sigler was apt as not to be in Marquette or Washington or elsewhere. His speaking engagements were numerous and frequent.

The Governor's Passion for speech-making and flying—and the two fit together nicely—led capitol observers to several speculations. One conclusion is that the governor is yet to learn the "ropes" of how to get things done; legislators want to see the governor, not his lieutenants; the governor must stay on the job and "crack the whip" with diplomatic persuasion and force; he must develop his own leaders in the House and Senate.

Another speculation is that the Governor does not expect to run for a second term. He is enjoying the power of office and the prestige that goes with it.

CRITICS OF SIGLER feel that the governor faced with an unsuccessful legislative record, has sought to "cover up" his failures by seeking to make others the scapegoat. The McKay "forces", for example, were charged by the governor with attempting to stifle the program. Then Keyes was blamed in the Higgins Lake statements.

Our own observation is that there is some truth to both sides of the above situation. We will not go into details. We observe, also, that the administration has 18 months left to complete its record. When you check over what the legislature did during its five-month 1947 session, you will agree with Douglas Graham, chief of the Lansing bureau of the United Press: "Sigler came out of his first legislative bout in fair shape. Most of his program was adopted, although he had to wait until almost the last minute for some of it."

AS FOR THE DEFICIT, variously estimated and sure to run into millions, that's horse of another color. The governor feels that a deficit may help to convince voters that "the surplus" at

Lansing is largely fiction and that the sales tax diversion amendment was only another way to force new and higher tax on the taxpayer.

At least the sales tax issue is still alive. The legislature voted to resubmit the amendment to the voters in November, 1948, along with a move to revise the state constitution.

The great pharmaceutical and chemical companies are offered limitless sources for production of medicine, chemicals, etc., through the salt stratum underlying portions of the state. By electrolytic process, metals have been extracted from this brine, and are used in airplane and automobile manufacturing.

19,500,000 barrels of oil are produced from the great Michigan oil fields in one year. Michigan is now the leading oil-producing state east of the Mississippi River.

How Pere Marquette's "Pay-On-Train" service irons out your travel troubles

NO MORE LAST MINUTE RUSH—Gone is that annoying, last-minute scurry to pick up and pay for tickets before your train pulls out. Now you can order tickets by phone, climb aboard and get 'em on the train.

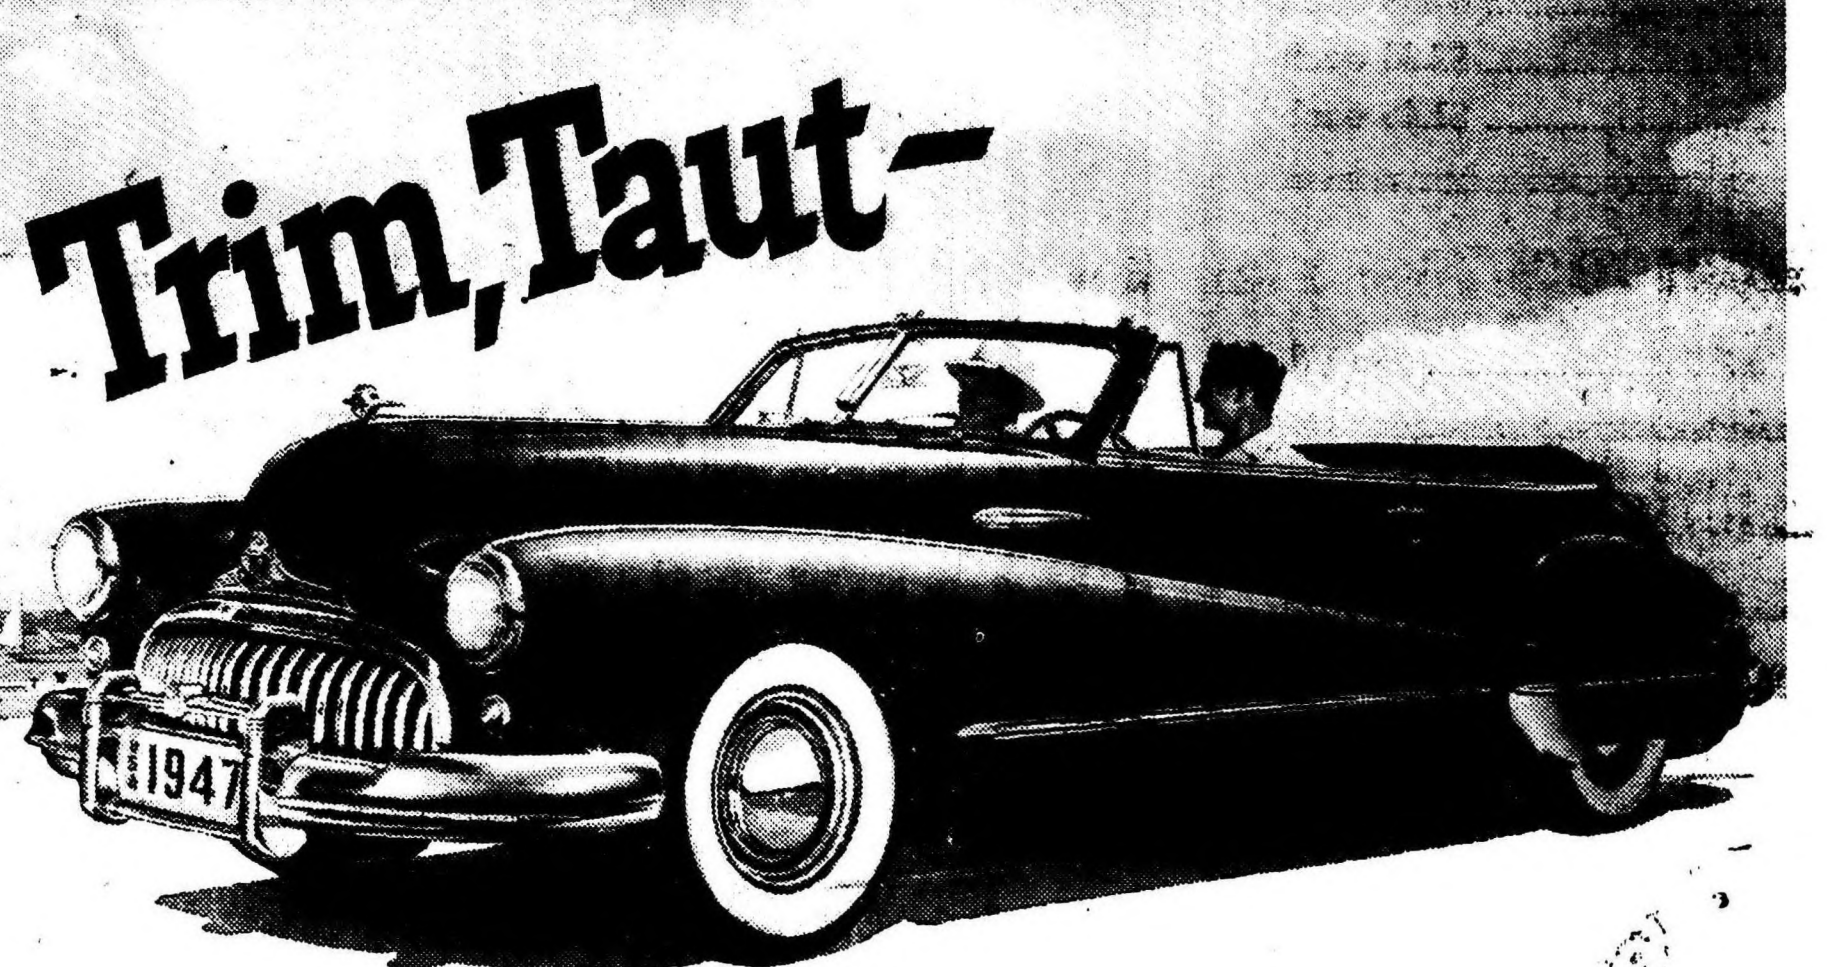

NO MORE TICKET LINE WAIT—No more standing in ticket lines for you or your secretary. No more hurried, harried trips for Mom when family travel is planned. Now ticket-buying on the Pere Marquette is as simple as A-B-C.

ALL YOU DO IS PHONE—Just phone for space aboard a reserved-seat coach on Pere Marquette streamliners between Detroit and Grand Rapids, or reserved-seat coaches and parlor cars between Chicago and Grand Rapids. Say you'll pay aboard. A uniformed passenger representative at the gate will tell you your reserved space.

TICKETS DELIVERED TO YOUR SEAT—A passenger representative will bring your ticket right to your seat. Pay him then (or charge it to your C&O Lines Credit Card)...Be sure of a reserved coach seat—use the convenient "Pay-On-Train" Ticket Service. It's typical of the new travel ideas you'll find on the Pere Marquette.

Trim, Taut—and simply Terrific

Slip into this one — and you'll have to hang on tight to keep your spirits from soaring right out of this world. There's no trimmer, tidier, fresher bit of automotive styling anywhere in sight, and never in your life have you had more of the makings of fun and adventure right at your finger tips. You handle a wheel that seems moved more by your wishes than your muscle. You boss a big Fireball straight-eight whose mission in life is taming tall mountains and making the miles cry "Uncle!"

against a sudden storm, or the front seat adjusts itself to your perfect comfort. All the while there's the good steady feel of Buick solidity beneath you. There's the fluent, easy stride of wheels cushioned all around by gentle coil springs. There's size — and room — and levelness — and that mastery of good roads and bad found only in a performer that's built to star in any company. A buy? But naturally! Nowhere but in Buick will you find all this

smartness — nowhere but in a Convertible do Buick power, size, comfort and steadiness pay off so handsomely in sheer joy in going places. So count yourself lucky if your order's in. Or, if it isn't, count yourself smart if you nail one down without further urging. For while we'll take your order any time, with or without a car to trade, only you can make sure (by placing your order) that no one else is going to get ahead of you.

ELTON R. EATON

Where is the biggest tree in Michigan?

That's a question that members of the department of forestry at Michigan State college are often asked to answer. And since Michigan has a few million trees they just don't have the answer at their finger tips.

Paul A. Herbert, head of the department of forestry at MSC, hopes to find the answer and as a lure is offering a half-gallon of pure maple syrup to the individual who reports the tree with the largest circumference.

Just reporting won't be enough—the forestry department members naturally are going to check the biggest ones reported to determine the winner.

Trees should be measured in circumference at a height of 4 1/2 feet above the ground. Information should give an accurate account of the location by land description.

Labor Day, 1947, has been set as the final date for receipt of entries. They should be mailed to: Lester Bell, Forestry Department, Michigan State College, East Lansing, Michigan.

For your starting point, some trees between 17 and 18 feet in circumference have been located in Lansing and vicinity. Forestry officials believe there may be others larger in Michigan so the contest is open all.

It is not necessarily the owner of the tree who will be rewarded. The person who reports the largest tree (subject to actual measurement) will have the honor

and also the maple syrup for waffles.

Unusually large families of Canada geese are being seen in the vicinity of the Great Salt Lake, according to Jessop B. Low, Leader of the Utah Cooperative Wildlife Research Unit at Logan. Many proud parents are observed cruising with as many as 8 and 9 downy goslings the report to the Wildlife Management Institute relates.

The clutch size of the Canada goose for 1947 in northern Utah and southern Idaho is the highest on record. Only in one year (1947) did the average clutch size of honkers on Bear River Refuge equal this year's record, says G. Hortin Jensen, Research Division, U.S. Fish and Wildlife Service, Brigham, Utah. Records on 119 goose nests in 1946 at Bear River reveal an average of 4.94 eggs; this year the average was 5.29 eggs per nest. The clutch size also was higher this year than last on the Blackfoot Reservoir in southern Idaho, Jensen reports, and the number of nests on Bear River Refuge and Blackfoot Reservoir have increased a third or more this year over last year.

Noland Nelson, Utah fish and game biologist at Ogden Bay Refuge, stated that the clutch size this year is 5.3 eggs per nest. Previous records show a high of 5.0 in 1941. Nesting geese have doubled on Ogden Bay since 1943 and tripled since 1941. The hatching of goslings is about completed in these nesting areas.

Conservationists, surprised and dismayed by the news, are up in arms over the House Appropriations Committee action in wiping out Forest Service funds for wildlife management. This is a backward step, the Wildlife Management Institute said today and is drawing fire from state and local groups, and from the more than 4 million people who hunt and fish each year within the national forests. "Economize if you must, but protect and manage our wildlife resources", is the cry.

The budget request eliminated by the Committee was inadequate at best, being about \$163,000. When compared with the 170 million acres of national forest land in 38 states Alaska and Puerto Rico, this amounts to less than one dollar to a thousand acres, the Institute points out.

The appropriation committee report reads oddly. It proceeds to "eliminate entirely" the allotment, then says "It is not the purpose of the Committee to eliminate the function." Then to make it easy, the Committee offers the helpful advice that "The function can be cared for out of other general items", which is of little comfort to an already under-financed Bureau like the Forest Service.

Despite a shortage of funds over the years, the Forest Service has done a creditable job in fish and game management, the Institute avers. Deer, elk, and other kinds of big game were at a low level when the national forests were founded around the turn of the century. Since then deer and elk population have been doubled and "redoubled on the forests until there are nearly 2 million deer and 160,000 elk on these public lands. In fact, a recent big game estimate for the United States prepared by the Fish and Wild-

life Service, shows that one third of the country's big game and 70 per cent of the big game in the 11 Western States is on the national forests.

The House Appropriations Committee must have underestimated the work of the Forest Service and its cooperative relations with the states and the Fish and Wildlife Service. The Committee report speaks of duplication of work covered by the Fish and Wildlife Service and the states. That is a misconception. The Forest Service as a land managing agency, regulates the cutting of timber, the cropping of forage, and protects the lands through fire suppression and reforestation. It has a real responsibility in safeguarding fish and game values, since the first need of wildlife is a place to live.

As a logical and efficient custodian of wildlife habitat, the Forest Service looks to the Fish and Wildlife Service for research on life histories and other aspects of forest wildlife management. There is no duplication of effort; the foresters maintain close relations with state fish and game commissions and direct habitat work. Service wildlife specialists perform an important role by interpreting to the Forest Service people the laws and regulations of the states, and help in their enforcement, since most Forest Officers are also state game wardens.

This is one of the most important issues affecting forest wildlife resources in the nation today, the Institute says. Individuals and organizations are doing right in contacting their Senators and Congressman asking that they urge the Agricultural Subcommittee of the Senate Appropriations Committee to reinstate this essential allotment.

Latture to Run Shore Tavern

The many Plymouth friends of James Latture will be interested in knowing that he has taken a lease for the summer vacation months on the dining and lunch room concessions of the East Shore Tavern at Walled Lake. He has already taken possession of the concession and is prepared to serve lunches and regular meals from 12 o'clock noon until 1:30 o'clock in the morning.

Mr. Latture will have personal charge of the kitchen, and this will assure to his many customers well prepared as well as the best foods obtainable.

He is fortunate in having excellent parking facilities in connection with the dining room. The East Shore Tavern is located so that customers have a good view of the lake, and there is no question but what under the direction of Mr. Latture it will enjoy an excellent business this summer.

What could you buy with the profit

ON A TON OF STEEL?

A NEW AUTOMOBILE?

A SHIRT?

A RADIO?

THE ANSWER IS "a shirt, if it cost less than \$4.00."

From 1939 through 1946, including the war years, the average profit of the steel industry was 4.4 cents on the sales dollar.

Average profit per ton of steel shipped during those war years was less than \$4.00 per ton.

Since 1939, average wholesale prices of commodities have increased 94 per cent. However, the average price of steel today (less than 3 cents a pound) is only 33 per cent above 1939.

Attorney: J. Rusling Cutler, Plymouth, Mich.

STATE OF MICHIGAN, County of Wayne.

No. 297,825
 At a session of the Probate Court for said County of Wayne, held at the Probate Court Room in the City of Detroit, on the sixth day of June in the year one thousand nine hundred forty-seven.
 Present, JAMES H. SEXTON, Judge of Probate.
 In the Matter of the Estate of George Fisher, deceased.
 On reading and filing the petition, duly verified of ROSEY MCKINNEY, administrator of said estates, praying that he may be licensed to sell certain real estate of said deceased for the purpose of paying the debts of said deceased and the charges of administering said estate.

It is Ordered, That the eighth day of July next at ten o'clock in the forenoon, at said Court Room be appointed for hearing said petition, and that all persons interested in said estate appear before said Court at said time and place to show cause why a license should not be granted to said administrator to sell real estate as prayed for in said petition. And it is further Ordered, That a copy of this order be published once in each week for three weeks consecutively previous to said time of hearing, in the Plymouth Mail a newspaper printed and circulating in said County of Wayne.

(A true copy)
 Hugh W. Miller,
 Deputy Probate Register.
 James H. Sexton,
 Judge of Probate.

Cooties Send Aid to Texas

The Military Order of Cooties, Pup Tent 44 of the Veterans of Foreign Wars Mayflower Post 6695 have donated to the Texas Relief fund for the purpose of helping the unfortunate people of that area. Being an active group which participates mainly in welfare duties the Cooties came to the aid of their comrades in that city. The entire V.F.W. Post and Pup Tent of Texas City was destroyed. This was the worst catastrophe in the forty year history of the V.F.W., say local members.

Two new members were initiated into the Pup Tent at the last meeting. The boys had a rather difficult time but they felt that the honor of becoming a Cootie was worth it. The first degree initiation was administered by "Seam Squirrel" Nelson, of Ann Arbor and Leonard Spaulding, Supreme Shirt Reader, of Detroit. Refreshments followed the

initiation.

Another donation was made by the Pup Tent to the Orphan's Home at Eaton Rapids. This is one of the largest and most modern homes of this type in the country. At the present time the Cooties are endeavoring to raise money to provide the kiddies library with the newest books.
 The Cooties wish to express their thanks to the many people who helped support them at the dance May 25, at the Newburg Hall. It was a big success and the boys in hospitals will greatly appreciate it.

takes the Lead in

Rheumatic Fever Control

Rheumatic fever is a blight upon health that must be detected in its early stage in order to be dealt with effectively. Alert to the need for catching this stealthy victimizer before it can become entrenched, the Michigan medical profession has set up state-wide Rheumatic Fever Control centers wherein diagnostic specialists track down the disease. Every Michigan community is urged to utilize this voluntary medical service, which is but one of the many projects initiated by the state organization of doctors of medicine in the interest of promoting Michigan health.

BABSON SAYS
Babson Discusses Company Earnings

BABSON PARK, Mass., June 20.—This is no time to make forecasts as to business in 1948. Personally, I think it will be better than most people predict; but when it comes to net earnings, after taxes, I fear they will aggregate less in 1948 than in 1947. THE YEAR 1947 should see the tops for such net earnings for most of the large corporations. With the public pressing from above for lower prices, with labor and taxes pressing from below causing higher costs, net earnings of most companies are sure to shrink.

COMMODITIES are beginning to crack due to competition. Only parity legislation is holding up farm prices at the present time. Even the farmers themselves know that their present honey-moon will soon end as the weather remains at about present levels, and will get them; but workers' efficiency will soon begin to improve. When we know some idle man is waiting for our job, we will speed up and give a dollar of work for a dollar received.

REAL ESTATE—with the exception of distressed sales—should remain at about present levels for some time further, although there has been a slowing up in real estate sales. INFLATION has always been in operation over long periods. The recent inflation epidemic has about reached its climax for the present. The next move within a few years will be toward deflation, followed later by further inflation. The price breaks which started in with the fish industry a year ago, are now threatening real estate and commodities.

STOCK MARKET: If wages, commodities, real estate, etc.—based upon the money in circulation—are entitled to stabilize at around 50-100% above 1932, as the fiscal authorities claim, the stock market is entitled to do likewise. Therefore, when wondering whether to buy or sell any stock, it is wise to look up the price average in 1932-33 and add 50-100%. Moreover, it should be remembered that stock prices depend much more on earnings than on reproduction costs.

THE NEXT DEPRESSION will be brought about by one of the wheels of the business machine cracking. This will stop the entire machine for the time being. Perhaps the cracking wheel will be FARM PRICES; perhaps FOREIGN TRADE; perhaps LABOR UNIONS and perhaps GOVERNMENT FINANCE. It seems too bad that a depression seems to be necessary once in a while, but such is required in order to awaken in people the desire to work and produce to their best ability. If you will read the Preface of my book, "Fighting Business Depressions", published in 1933 by Harper and Bros., New York you will see I then forecast on the fly leaf that the next severe depression would come between 1950 and 1955.

The GREATEST DANGER of a depression comes through forced distressed sales in commodities, real estate, stocks and even labor. The greatest service which any employer or investor can render is to store up cash now in times like these in order to help out when these later distressed transactions appear. For every additional person doing this, future distressed quotations will be less severe. Moreover, the investor or employer will be very highly rewarded for his foresight.

SMALL BUSINESSMEN especially should beware of the squalls ahead even although we may have one or more years of good business. In times of depression, the big squall unfortunately comes upon these least able to meet it. This especially applies to the 400,000 returning veterans who have recently started small businesses. Those who are out of debt and have sufficient capital to carry them through a bad period should weather the gale; but I fear that the majority will fold up.

COMPETITION is bound to be very severe after the demand for goods has once been filled. Too many concerns have gone into manufacturing new products or products which they have never manufactured before. This means a glutted market someday in autos, refrigerators, radios, vacuum cleaners, deep freezers, etc.—products for which people are now clamoring. This over-production coupled with increasing unemployment will surely result in lower earnings for most companies in 1948 even although gross business may still hold up.

Mayflower Post Visits Dearborn

Last week the Mayflower Post 6895 of the V.F.W. participated in a picnic sponsored by the Dearborn Post 1494. This was their regular spring picnic and this year the proceeds will be donated to the hospital fund.

Those from Plymouth who attended were Matt McClellan, Milton Miller, Donald Peck, Edwin Brown, Donald Nickerson and Joe Caloia. The Woman's Auxiliary was also represented by Mrs. Edwin Brown, Mrs. Donald Peck and Mrs. Joe Caloia, who also visited the Dearborn Post. It was reported that there was a good turnout with between 700 and 800 persons in attendance.

Mayor Orville Hubbard, of Dearborn, paid his respects to the Plymouth delegation.

25 YEARS AGO FROM THE PLYMOUTH MAIL FILES

The Men's Club of the Lutheran church very pleasantly entertained the Ladies Aid society and their families at the church, last Friday evening.

The Newburg Ladies Aid society met at the home of Mrs. Albert Stevens on Ann Arbor street last Wednesday afternoon.

The young people's class of the Baptist church with Harry Sayles, as teacher, held a "weenie" roast on the banks of the Rouge, Tuesday evening. The fifteen young people said they had a great time.

Mark Joy is doing a rushing business making cement blocks.

Miss Ursula Cary of Huntington, West Virginia, has been the guest this week of Miss Edna Allen.

Mrs. Arthur Torre and Mrs. Ethel Merryweather, mother of George and Mary, left yesterday for four months vacation in England. They left by the White Star-Dominion Line "Megantic" taking the St. Lawrence river route, via Montreal, Quebec and Liverpool. Mrs. Torre has been in a very poor state of health for some time past and it is hoped and suggested that this ocean voyage and change will be most beneficial to her.

Mr. and Mrs. John Root entertained their many friends at a barn dance Saturday night.

A charming informal home wedding took place at the home of Mrs. Mary K. Hillmer on Starkweather avenue last Monday afternoon, June 12, when her daughter, Gertrude, became the bride of Homer Hubbard of Wayne. Rev. S. Conger Hathaway performed the ceremony using the Presbyterian ring service. Only the immediate relatives were present, Davis E. Hillmer and Helen V. Hubbard being in the attendance upon the bride and groom. After the ceremony, daintily refreshments were served and each guest was presented with a box of cake to "dream over." Then the happy couple departed for a wedding tour "in the east." After July first they will be at home to their friends at 711 Starkweather avenue.

The village commission and the Board of Commerce are co-operating to equip an experimental tourist camp here for the benefit of automobilists. They are going to put comfort station conveniences in the old house in Central Park at Holbrook and Spring streets, put in a water faucet and build one or two outdoors stoves. Lights will be placed in the park and the whole place be supervised so that there can be no possible objection to conditions, either by tourists or townspeople. The equipment will be at the service of picnic parties from our own town, who may desire to take advantage of this pretty place on warm days.

Saturday afternoon, there will be a big "bee" at the park to fix up the place. Everybody is urged to turn out with hammer and saw and have a good time helping to make the necessary changes in the building and to generally clean up the park. The village will have lumber on hand. The Detroit Automobile club will work with the Plymouth authorities in making our camp known to travelers. This will be a fine way to acquaint many with our village.
