Even the click of the door tells you—here's

# BIG-CAR QUALITY AT LOWEST COST!

Slip behind the wheel of a new Chevrolet and listen while the door swings smoothly closed at your side. Hear that solid, satisfying, muffled "click"! That's quality talking—telling you that here is the all-steel sturdiness and safety, the quiet Big-Car comfort, the only body by Fisher in the low-price field!

Point the eager, shining hood of a new Chevrolet up the highest hill. Notice how you take it in stride while lesser cars labor and falter. That's power for you—the superior pep and performance of the only Valve-in-Head Engine in Chevrolet's price class.

Learn about Chevrolet's low delivered prices . . . and ask us for some typical owners' reports on operation and upkeep costs. You'll find that only Chevrolet gives you Big-Car Quality at Lowest Cost!

Give a new Chevrolet its head down the roughest road you can find. Feel how you seem to float over the bumps . . . how swiftly you ease into a silken stop at a nudge of the brake pedal. Unitized Knee-Action Gliding Ride with Positive-Action Hydraulic Brakes is a comfort-safety combination that can't be beat—a pair of features that only Chevrolet provides!

QUALITY SERVICE, too! There's no place like a Chevrolet dealer's for skilled, car-saving service. Drive in soon—and regularly.

## Farm Accidents And the Causes

"A quarter of the total deaths resulting from all occupational pursuits in Michigan result from farming."

Agriculture is still among the most hazardous of all occupational pursuits," Dr. William DeKleine, State Health Commissioner, said today in supporting Farm Safety Week which is now being observed in Michigan.

Burns and explosions are among the most frequent and most fatal of farm accidents in the state. They take their toll of children left alone in a farm home, of housewives who try to make a quick fire with gasoline or kerosene, a farmer refueling his heated tractor or the man blasting stumps. Grass fires take lives in the state too, those of men who fight them.

Machinery causes a few less deaths than fires and explosives. The farm tractor takes more lives than any other item of farm machinery and a truck or automobile takes lives on the farm as

well as on the highway. The tractor is involved in almost one-third of farm machinery accidents and almost one-third of all tractor accidents are fatal. The tractors in most accidents overturn killing the driver. Each year adds to the toll of children killed on tractors, and each year someone cranks a tractor which is in gear.

Other farm machinery which should wear a red bordered label include corn pickers, power saws, mowers, wagons, hay rakes and balers, and manure spreaders. An ordinary cultivator each took a life last year.

Not only do haying season machinery cause accidental deaths, but the wagon and hayrack take valuable farm lives through falls. Falls from a tractor via which falls down haychutes and dilapidated stairways in number of farm lives taken.

Horses cause more than half the accidents related to farm animals and account for four-fifths of the deaths due to livestock.

Bulls account for one-fourth the farm livestock accidents and one-fifth of the deaths. "Such accidents are preventable if simple precautions are used," Dr. DeKleine said. "Make a list of the hazards on your farm during Farm Safety Week and avoid or eliminate them."

## Cold Wave Upsets July Weather

No—winter has not yet arrived, but for Plymouth the early part of this week was more like late October than late July.

It's been cold summer weather, some of that unusual weather they talk about out in California. City folks don't like it and farmers don't like it. It delays the growing crops and it causes worry about the winter coal pile.

Some people who have gone north for vacations have cut their stay in the north short and returned home.

The weather man says this has been "off" summer, too much rain, too much wind, too much cold weather. No one can disagree too much.

## Zing, comes the swing to your sweetheart

How's that Buick sweetheart of yours? Still giving out with that eager Fireball power surge at a toe-touch? Still answering every light finger-touch on the wheel?

Most likely you'll answer, "It's doing very nicely, thank you." But years have a way of whittling away at performance—sometimes so slowly you don't notice it.

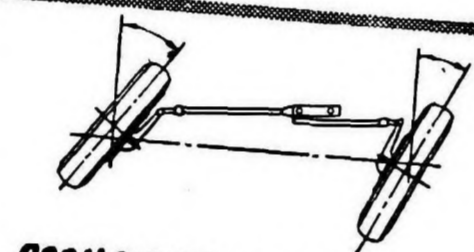

So you can be in for a whopping surprise.

Just wheel your car into our shop and treat it to some real Buick

care. The kind that comes from men who are truly fond of Buicks — who know what they can do and like to bring out all their oomph and go.

Let these men of ours test and tune your Buick with their special Buick tools. Let them replace anything that's worn with the right Buick-engineered part. Then, ZING, back comes the swing to your sweetheart.

Job for job, Buick car care costs no more than ordinary service. So, what's to lose? Come in to us whether it's for a tune-up, major or minor repair or regular lubrication. Your car rates it.

GEOMETRY? Ugh! But here it means Extra Comfort

Buicks take turns without swing or sway. This means more comfort and less fatigue every mile you travel. Credit that to the geometry of Buick front-wheel suspension.

The wheels are designed to bank slightly on curves—the inside wheel turns a degree or two sharper than the outside one. And they're hung at an angle that lets them give slightly to cushion road shocks.

So good Buick front-wheel service is a job for men who know Buick front-wheel action — who have Buick-approved checking equipment—who have at hand any needed Buick-engineered parts.

Another example of why Buick care keeps Buicks best. Whether it's for wheel alignment or any other attention, bring your car to us.

**Rheiner Writes Essay on Rain**

Ted Rheiner of Plymouth and Fort Lauderdale, Florida the other day took pen in hand and wrote a letter to "the editor." He didn't talk about the Florida weather or say he wished he was back in wintery Michigan.

He just wanted to do a little boasting about the Florida rain-storms and to declare that Michigan had nothing on Florida when it comes to wet weather.

"This is the 15th day of July and it is now 10:30 in the forenoon. Believe it or not, we haven't had a drop of rain fall this forenoon since daylight. What it will do before night will be hard to tell, but nothing doing up to 10:30. I say that's big news down here where it has rained every day for so long that I can't remember just when it did start" he wrote.

"When I came back here from Plymouth a few weeks ago I ran into one of those Florida rainstorms about 150 miles below the Florida state line. It was one of those typical Florida rainstorms — and that's rain — and I mean rain. I've talked with some old timers and they tell me that the last time they saw water standing around as it is now was way back in 1926 after they had that big storm which pretty near blew Florida off the map. Well this is all the news I've got right now, but be sure and tell Plymouth folks who come down here to escape the snowbanks and ice next winter to look me up," he concluded.

**Thompson Gets War Surplus Data**

Ways and means of filling the needs of local units of government from war surplus stockpiles were discussed at a meeting Friday of War Assets Administration representatives and officials of southern Michigan counties and municipalities.

Those in attendance included Arno B. Thompson, assessor of Plymouth, who is also assistant city manager.

Robert F. Haggerty, Michigan regional director of WAA, pointed out that local units of government can now avail themselves of the opportunity to select items without cost from the government's inventory of millions of dollars worth of machine tools.

A wide variety of other items is also available to cities, counties and the State under their No. 4 priority and the preference they receive on sealed bid offerings. Greatly simplified methods of

placing orders and making purchases from WAA were explained by WAA officials. The Detroit office has a special division set up to take care of the needs of local governmental units.

During their visit, those at the meeting were given an opportunity to inspect the new WAA headquarters, now located in the wartime Vickers, Inc. plant at 15000 W. Eight Mile road, and to acquaint themselves with the various operating divisions of the agency.

**MCCORMICK-DEERING GIVES CORRECT WEIGHT DISTRIBUTION TO HOLD THESE TEAT CUPS DOWN AND IN PLACE**

A milking machine must provide just the right amount of weight to stretch out a cow's teats and hold them down properly. For a fast, complete job, the weight is just as necessary when you start milking as toward the end.

In the MCCORMICK-DEERING Milker, scientific design of the claw helps hold the teats correctly from start to finish. Weight is distributed equally for each quarter in the teat cup assembly.

This milker doesn't depend on a filling pail and changing weight to hold cups down and keep them from creeping. There's a straight, downward pull with the correct amount of weight at all times. Let us prove what a quick, easy job the MCCORMICK-DEERING can do for you.

1924, George A. Smith, retired school superintendent, is now District Governor.

The assembly will meet in the auditorium of the Plymouth high school, at which time Governor Smith will preside, and will be assisted by several of the former governors of the district. At noon, a luncheon will be provided at the Hotel Mayflower, and the speaker at this occasion will be immediate International Past President Richard Hedke, of Detroit.

**Patients Read Books on Ceiling**

Last week the Wayne County Library received three projectors for ceiling books which were placed at the Maybury Sanatorium. The machines were obtained through the Detroit News Projected Books Fund, one of the gifts of the Farmington chapter of the Blue Star Mothers of America, the other two being contributed by the Downtown Lions Club of Detroit.

By means of these projectors, microfilms of actual books are displayed on the ceiling above the patient's bed making it possible for persons to read who cannot or should not hold a book to read normally. Even patients confined in casts are able to operate the machine, sometimes by depressing the button device that controls the film with one toe or by lowering the chin.

According to Miss Alice Forward, librarian in charge of the Wayne County Library service at Maybury Sanatorium, projectors are needed for eligible persons both in hospitals and for patients cared for at home. Among the types of cases using the machines are those with arms, back, or neck injuries; tuberculosis, coronary, arthritis, and post-operative cases; and polio victims.

What an absurd thing it is to pass over all the valuable parts of a man, and fix our attention on his infirmities.—Addison

In London William Deven slammed his wife's bedroom door with such vigor that the three-story facade of the house fell off, crashed to the ground.

**Famed Leader At Training School**

The Wayne County Training School has been the meeting place for a Seminar on the Rorschach Technique conducted by Samuel J. Beck, Ph. D. of the Division of Neuropsychiatry of the Michael Rouge Hospital, Chicago. This Seminar is sponsored by the Association of Michigan Psychologists in Civil Service and the Michigan State Department of Mental Health.

For five days, beginning last Monday, July 21st, psychiatrists, psychologists, and social workers were engaged in intensive training in the use of ink-blot tests for the determination of personality traits. This test has had wide use

in the military circles of a number of countries and, in this country, is being adopted rapidly by industry, clinics and hospitals. In industry the ink-blot test, in the hands of a skilled examiner, can keep many of the square pegs from attempting to fit the round holes and in clinics and hospitals it is used for diagnosis and to determine the patient's prospects under various types of treatment.

Michigan is very fortunate in securing Dr. Beck for this Seminar as it is seldom possible to obtain the services of so distinguished an instructor in this field outside of New York, Cleveland, Chicago or California.

**Plymouth Boys In All Star Game**

Two Plymouth boys, Jack Dobbs and Gilbert Wasalaski, will play baseball with the Out-State Team in Briggs Stadium on Saturday, July 26th. Phil Taylor, tall right hand pitcher from Redford was also selected for the All Star Game.

The final tryout, in the form of a game, was held at the House of Correction Field at 5:00 p. m., Wednesday, July 16th, with the Tigers, coached by Bud Giles, Vaughn Smith, and Edward Dobbs playing the Red Sox, coached by Bill Newstead of Livonia. Her-

mon Scheel and Henry Hees coaches of Weidman's Cardinals currently leading the Western Wayne League.

The starting lineups follow:  
**Tigers**  
 J. Schafer, Farmington, lf.  
 G. Gattari, New Hudson, cf.  
 M. Kreger, Plymouth, fr.  
 J. Dobbs, Plymouth, 3b.  
 H. Cole, Brighton, lb.  
 R. Hees, Plymouth, 2b.  
 B. Newstead, Livonia, ss.  
 P. Daggett, Plymouth, c.  
 P. Taylor, Redford, p.  
**Red Sox**  
 J. Butt, rf.  
 G. Dewolfe, Livonia, 2b.  
 J. Creuc, Farmington, ss.  
 M. Mohrley, Plymouth, lf.  
 R. Bidwell, South Lyon, lb.  
 G. Wasalaski, Plymouth, 3b.  
 H. Davis, Brighton, cf.  
 J. Harder, Plymouth c.  
 D. Thacher, Livonia, p.

The Tigers were the home team. The Red Sox failed to score in the first but the Tigers netted two runs on a walk to Gattari and singles by Dobbs and Cole. Red Sox scored one run in the third on a pass to Thacher who went to second as Butt was thrown out and scored on Coles error on DeWolfe's grounder. Score at the end of three innings 2-1 Tigers. Red Sox went into the lead in the top of the fourth scoring two runs: Mohrley struck out, Bidwell was safe on Newstead's error. Wasalaski singled and scored behind Bidwell after Davis grounded out as Hees threw high—first on Harder's grounder. However, the Tigers jumped on Van Tassel and Terry Hit in their half of the fourth for three runs to go back into the lead 5-3. These runs were netted on four

walks and a timely double by Cole with the bases loaded. The Red Sox could do little with the pitching of Scheel, Stout and Sheppard from thereon collecting only two singles, one in the fifth and one in the ninth, as they were blanked for the remainder of the game. The Tigers did not believe 5 runs were enough and proceeded to collect ten more. They picked up two in the fifth on Daggett's double and Schafer's single. In the sixth four more were added as Dobbs, Cole and Wagenschutz singled consecutively followed by errors by Farwell and Davis. The final four runs were scored in the seventh as Trost, Dobbs, and Cole singled in a row. Wagenschutz was safe as Trost beat the throw to the plate. Dobbs scored as Newstead went out Creuc to Bidwell and Cole and Wagenschutz scored on Daggett's single.

Final results:

	R	H	E
Tigers	15	14	4
Red Sox	3	3	3

After the game was completed six judges headed by "Louise" D'Annunzio, Detroit Tigers Scout, made their selections. Each judge picked six boys the first boy on the list receiving six points, second five points on down to one point for sixth position. Results were as follows: Jack Dobbs 33, Phil Taylor 32, Gilbert Wasalaski 28, Bill Newstead of 18, J. Schafer 12, and Howard Cole 11.

The six selected will report to a field in Detroit on a day designated by the Detroit Times for a combined workout with representatives from other out-State communities. The first three boys are assured of participating, while the Detroit judges will select any other player they deem necessary to fill positions from the last three selected.

Next year the tryouts will begin in the 1st week in June with instruction being given during each session. This method will not only aid in selecting the top six but also afford the opportunity for good instruction for all boys participating.

**No Half Year Plates for '48**

There will be no half year license plates issued in 1948. Secretary of State Alger has advised Frank Rambo, manager of the Plymouth branch office of the state department.

Meantime deadline for 1947 last half year plates is August 11.

A report from Secretary Alger said, "The Michigan Department of State has determined that the depression created system of half year license plates does not provide enough convenience to justify the cost to the state of implementing this service. Therefore all half year plates, commercial, passenger, and other, will be discontinued in 1948." "It is believed this announcement will give ample time to trucking concerns and others to finance the cost of full year license plates for 1948." The reduced fee for 1947 vehicle plates will become effective August 11th.

**THE FAIRVIEW**  
 © HOUSING PLAN SERVICE, Inc.  
 THE FAIRVIEW — Functional in design, traditional in authentic charm, the FAIRVIEW is a brilliant four and a half room, one-story home. Crisply neat, it has more usable space than is usually found in small houses. It lacks nothing. Through a roomy vestibule with huge coat closet, one enters a living room 20 ft. long by 13 ft. wide. A dining alcove makes an even larger, up-to-the-minute "L" shaped living room except for the hour or 2 a day when meals are served. The living room boasts a fireplace and a beautiful picture window. Both living room and dining windows open onto a terrace for outdoor living. A real kitchen, two oversized bedrooms and bath complete this livable home. Conforms to F.H.A. and National adequate Wiring Bureau standards. For additional information, call at our office.

**LOCAL News**

Lois Osgood is visiting an aunt in New Orleans.

Mr. and Mrs. Don Lightfoot have been spending their vacation on Saginaw bay near Sebawaing.

Mr. and Mrs. D. S. Mills and family are spending this week at their cottage at Long lake.

Mrs. David McClurg of Detroit was the house guest of Mr. and Mrs. Charles Root, Sr. of Maple Lane Farm over the weekend.

Mrs. Karl Starkweather, Mrs. Elizabeth Starkweather, and Mrs. Gilmore Robinson visited the first part of the week in Claypool, Indiana.

Mrs. Ruth Osgood has returned from her vacation at Saugatuck and is back at her work at the library.

George Hunter, Jr. was a guest a few days this week of Rev. and Mrs. C. E. Doty at their summer home at East Tawas.

Mr. and Mrs. J. W. Kaiser entertained guests from Detroit and Wayne at dinner Sunday at their home on Blunk avenue.

Mr. and Mrs. Charles Neal of Bradner road were hosts at dinner and bridge Friday evening of last week.

Mr. and Mrs. Guy O. Fisher spent last Sunday in Lapeer with their niece and nephew, Mr. and Mrs. Gerald Townsend.

Mr. and Mrs. Dow Swope and children will attend the Ringling Brothers' Circus at Detroit Friday.

Last Friday evening Mr. and Mrs. Thomas Moss entertained their bridge club at their home on Ann Arbor trail.

Andrew MacDonald of Detroit has been the guest this week of Tom Guthrie at the Guthrie home on Newburg road.

Mr. and Mrs. Roswell F. Tanager have returned from a Caribbean cruise and are now at home at 512 North Mill street.

Mrs. Beulah Rice and daughter Janet of Galesburg were guests early this week of Mr. and Mrs. Elton R. Eaton.

Wednesday morning Mrs. Earl Russell entertained seven guests at breakfast at her home on Irvin street.

Mr. and Mrs. Floyd Wilson spent the weekend with Mr. and Mrs. Manna Blunk at their cottage at Maxfield lake.

Mr. and Mrs. Jesse Hines of Standish road entertained Mr. and Mrs. Roswell F. Tanager at dinner Sunday evening.

Dr. and Mrs. Smyth of South Main street have as their house guests his aunt, Mrs. A. L. Wallace, and cousin, Miss Peggy Pipes of Dallas, Texas.

Mrs. Edison L. Higgins left Monday to spend three or four weeks in Providence, Rhode Island and surrounding summer resorts.

Mr. and Mrs. Fred Cline of Burroughs avenue and Mr. and Mrs. Almer Cline of Detroit spent the weekend with relatives in Canada.

Mr. and Mrs. George Strasen and children drove up to Great Bend, Ontario Sunday. Mrs. Strasen and children will spend the remainder of the summer at this place on the eastern shores of Lake Huron.

Tuesday and Wednesday of last week Mr. and Mrs. James Thrasher of Lakeland court had as their guests Mr. and Mrs. William Crabb of Springfield, Ohio.

Mr. and Mrs. John Voorhies, Sr. and their son and daughter-in-law, Mr. and Mrs. John Voorhies, Jr. were guests of Mr. and Charles Root, Sr. Sunday.

Mr. and Mrs. Arnold Nelson and children, Sandra, Arlene and Kathryn, of Bridgeman visited for a few days last week at the home of Mr. and Mrs. Charles Vickstrom of Blunk avenue.

Mrs. Harry Sewnig of Waukesha, Wisconsin and Miss Helga Hegg of Brookings, South Dakota have been the house guests of Mr. and Mrs. Harold J. Curtis of Ball street.

Circle One of the Presbyterian Church will meet for a pot luck luncheon next Wednesday, July 30, at 12:30 at the summer home of Mrs. John Blickenstaff of Base Lake.

Mr. and Mrs. William Lockwood and children of Newburg have returned from a pleasant two week's vacation spent at Houghton lake. The well known Newburg plant grower and box maker has a good story to tell "about the big one that got away." He says that Great Northern pike fishing is just now getting good in Houghton lake.

Mr. and Mrs. Howard E. Culver of Wayne are the proud parents of a baby son, William Donald, born Thursday, July 17. Mrs. Culver was the former Thelma Guldner of Plymouth.

Thursday of this week Garnett Rush and son, Wallace, flew to Buffalo, N. Y., returning in the evening. In Buffalo they attended the annual picnic of the Rugby Knitting Mills whom Mr. Rush represents in Michigan.

Mr. and Mrs. J. Harvey Hubbard and family of Detroit who are moving soon to Clearwater, Florida were the dinner guests Sunday evening of Mr. and Mrs. Fred Hubbard of South Main street. During the course of the evening about eighteen other members of the family dropped in on the Hubbards.

By LEO & BUD  
HOWDY FOLKS: There are some very wonderful women who couldn't tell a lie if they tried—but they sure can tell a lie the minute it comes from their husband's tongue.  
Friend: "But why did you pick a wife who is so fat?"  
Newlywed: "Because I figured it would be easier to live with 200 pounds of curves than with 100 pounds of nerves."  
Mistress: "Did you mail my letter?"  
Maid: "I sure did."  
Mistress: "Then why did you bring back the three cents?"  
Maid: "I just slipped the letter in the box when no one was looking."  
But the maid was not any worse than the man who thinks he can slip by without greasing his car and changing oil regularly, just because no one comes to inspect it. The folks who come here regularly for oil and lubrication tell us that we add miles and miles to their driving pleasure.

## Official Proceedings of The City Commission.

The regular meeting of the City Commission was held in the Commission Chamber of the City Hall on Monday, July 7, 1947, at 7:30 p. m.

Present: Mayor Taylor, Commissioners Henderson, Lidgard and Whipple.

Absent: Commissioner Davis.

The minutes of the regular meeting held June 16, 1947 were approved as read.

The following reports were read by the Clerk: Municipal Court Report for July 1, 1946 through June 30, 1947; Police Department report for the month of June 1947; Veterans' report for the month of June 1947. No Health Department report was submitted.

It was moved by Commissioner Lidgard and supported by Commissioner Henderson that the reports be received and placed on file. Carried.

It was moved by Commissioner Lidgard and supported by Commissioner Whipple that the bills in the amount of \$19,036.63, as audited by the Auditing Committee, be approved.

Ayes: Mayor Taylor, Commissioners Henderson, Lidgard and Whipple.

Nays: None.

It was moved by Commissioner Whipple and supported by Commissioner Henderson that the City

Manager, Mayor, and Mr. Finlan determine the adequacy of insurance on the City Hall and the report be submitted at the next regular Commission meeting. Carried.

A communication from Mrs. Agnes H. Lutz regarding a cemetery monument was read.

It was moved by Commissioner Whipple and supported by Commissioner Lidgard that action be postponed until the Commissioners have had an opportunity to look into the situation. Carried.

A communication was received from Dunning and Young requesting permission to erect a sign at 354 S. Main street.

It was moved by Commissioner Whipple and supported by Commissioner Lidgard that permission be granted to Dunning and Young to erect a sign at 354 S. Main street providing it conforms with restrictions. Carried.

This was the date set for the hearing on sidewalk improvements. Mr. Gibson and Mr. Swanson spoke concerning the proposed repairs.

The following resolution was offered by Commissioner Lidgard and supported by Commissioner Whipple:

WHEREAS, a public hearing has held for the purpose of determining whether or not to construct and repair certain sidewalks in the City of Plymouth, and there was only one objection received by the City Commission, and the list of proposed improvements and repairs and the estimated cost are now on file in the office of the City Engineer.

THEREFORE, BE IT RESOLVED, that the Commission approve of and declare its intention to proceed with the construction and repair of sidewalks.

BE IT FURTHER RESOLVED, that the Assessor be directed to prepare an assessment roll covering the cost of improvements.

Ayes: Mayor Taylor, Commissioners Henderson, Lidgard and Whipple.

Nays: None.

It was moved by Commissioner Henderson and supported by Commissioner Lidgard that the City Manager secure bids on a dump truck. Carried.

It was moved by Commissioner Lidgard and supported by Commissioner Henderson that the City Manager procure bids for painting the public library. Carried.

It was moved by Commissioner Lidgard and supported by Commissioner Whipple that the Chief of Police and the City Manager's recommendation for putting stencils, limiting speed control on Mill street and Penniman avenue, be approved. Carried.

It was moved by Commissioner Whipple and supported by Commissioner Henderson that the

City Manager and City Attorney draw up a proposed resolution to increase the rates for the Plymouth Coach Company in the City Limits from five to ten cents.

Ayes: Mayor Taylor, Commissioners Henderson, Lidgard and Whipple.

Nays: None.

A communication was received from the Chief of Police regarding a smoke nuisance at Allen Industries.

It was moved by Commissioner Whipple and supported by Commissioner Lidgard, in accordance with the City Manager's recommendation, that action be deferred on the Chief of Police's report on the smoke nuisance at Allen Industries until further notice of violation. Carried.

It was moved by Commissioner Henderson and supported by Commissioner Lidgard that the City Treasurer be instructed to cancel taxes for 1947 and strike from the rolls the land and buildings owned by the Veterans' Memorial Foundation at 173 N. Main because the property now belongs to a non-taxable organization.

Ayes: Mayor Taylor, Commissioner Henderson, Lidgard and Whipple.

Nays: None.

Action on a communication regarding the Armstrong easement, in the amount of \$300.00, was postponed until the next regular meeting.

It was moved by Commissioner Lidgard and supported by Commissioner Henderson that the City Manager's report on the Fire Department be received and placed on file.

Ayes: Mayor Taylor, Commissioner Henderson, Lidgard and Whipple.

Nays: None.

It was moved by Commissioner Lidgard and supported by Commissioner Whipple that the City Manager be instructed to take bids on Contract No. 1 for water improvements.

Ayes: Mayor Taylor, Commissioners Henderson, Lidgard and Whipple.

Nays: None.

It was moved by Commissioner Lidgard and supported by Commissioner Henderson that the City Manager request Mr. Schimmel be present at the next regular meeting to discuss financial plans for water improvements.

Ayes: Mayor Taylor, Commissioners Henderson, Lidgard and Whipple.

Nays: None.

A communication was received from Post No. 233 requesting permission to sell tickets for a car to be given away. The City Manager was instructed to inform Post No. 233 that it was contrary to the City's policy to grant such permission.

The City Manager was also requested to answer the communication received from E. F. Campbell regarding the noise of sound trucks.

It was moved by Commissioner Lidgard and supported by Commissioner Henderson that the meeting adjourn. Time of adjournment was 10:08 p. m. Carried.

Jack Taylor, Mayor  
Harold Cheek, City Clerk

In Lille, France, Joseph Brunard, 27 who had bet 1,000 francs that he could drink a quart of absinthe and live, lost.

# DODGE

## "DEPENDABILITY"

The word **DEPENDABILITY** was born in exclusive reference to the Dodge automobile, thirty years ago. It applies to Dodge today in exactly the same exclusive way, although the Dictionary now contains it and defines it.

The Dodge meaning of the word remains well fixed and proven. It means exceptional Style, Performance and Economy,—Today, Yesterday, and Tomorrow.

## When is a rate increase a good thing for telephone users?

The right price is "the lowest possible price that will assure you of good quality." That's true of everything you buy, including telephone service.

So—answering the question above—a rate increase is a good thing for telephone users when it is needed to protect their interests from a service standpoint.

The last time there was an increase in telephone rates was 21 years ago. From 1926 until 1937, rates went down substantially. Since 1937, there have been still further local reductions in a number of exchanges and decreases in toll rates. Except for those further reductions, 1937 rates haven't changed, although the cost of most things—wages, taxes, supplies—has gone up.

Just since the war, wage adjustments alone have upped our costs \$11,000,000 a year. This includes settlements reached during the recent strike.

Lump all our costs together and you'll find they've gone up much faster than our income. Since 1937, our income has gone up 141%. But costs have gone up 193%. And our return on investment has dropped more than a third.

Now we face the fact that 1937 rates won't work in 1947.

We don't like a rate increase any more than you do. We've waited until the last possible moment to ask for one. But that moment has now arrived.

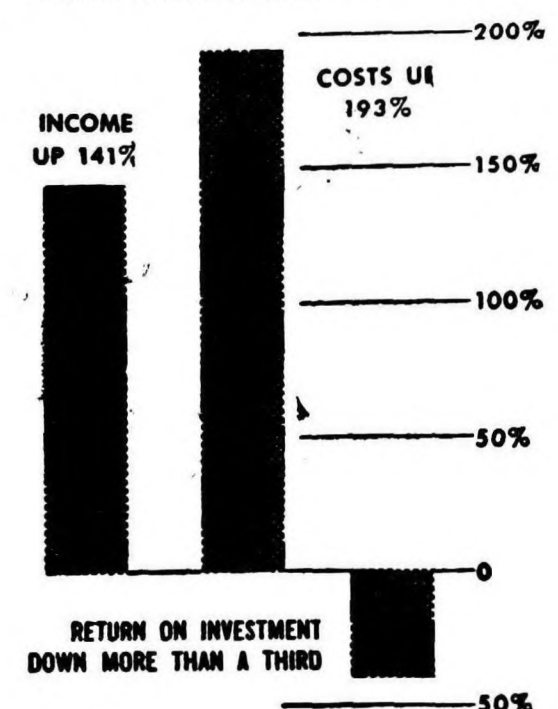

There's a lot of work to be done and a lot of money to be spent to give more and better service to everybody who wants it. The money will have to come from investors. They will furnish it only if they can be sure of a fair return, which our present rates are simply too low to provide. A growing business, especially, has to earn a good return in order to attract the capital needed for growth.

Telephone rates are regulated by the Michigan Public Service Commission, a body established by State law and appointed by the Governor. We're going to ask the Commission for a public hearing to review our proposed new schedule of rates. During the week of August 3, we'll publish details of the proposed rates throughout Michigan Bell territory. After that, we'll file a petition with the Public Service Commission.

The whole future of Michigan's telephone service depends on raising rates enough to assure the financial stability of your telephone company. We're sure you want us to take this step to assure you the kind of service you want.

**1937 TELEPHONE RATES WON'T WORK IN 1947**

**TODAY'S SITUATION COMPARED WITH 1937**

**INCOME UP 141%**  
**COSTS UP 193%**

**RETURN ON INVESTMENT DOWN MORE THAN A THIRD**

## Maybury Fair To Be Held Sunday

The Goodfellows Club of Maybury Sanatorium will present their eleventh annual fair on Sunday, July 27th on the grounds of the Sanatorium from 3:00 to 5:00 p. m. in the afternoon. Entertainment for young and old will be provided and visitors are invited to inspect the various articles which are being made by the patients and will be on display. Many of the arts and handicrafts, taught by the occupational therapy department, will be sold and the proceeds will be turned over to the Goodfellows Club, a patients' organization. They in turn will use the funds for the care of indigent patients and to add entertainment for the patients at the Sanatorium.

## Mothers Help Hiking Family

When it comes to doing something for suffering humanity one should not overlook the mothers of Plymouth. In the write-up last week in the Plymouth Mail about the father and mother who were hitch-hiking with their six children to the home of some relative where they might find shelter and aid, the Mail failed to mention the fact that two kindly mothers had provided the eight destitute people with their breakfast before Chief of Police Lee Sackett gave them a brief lift on their way to somewhere. When Mrs. Andrew Powers and Mrs. Erland Bridge heard of the plight of the family that had been given a meal and night's lodging at the city hall, they immediately decided that they wanted to help in some way. So the two generous ladies prepared a breakfast at the Powers home fit for a king.

"They were so hungry and so pleased that they couldn't thank us enough. They were real hungry. There is no question about that. Besides what the Plymouth police had done for them, Mrs. Bridge found some clothing that could be used by the little ones. It was a really pathetic thing, but Plymouth did its part in helping to relieve the suffering of what apparently was a most unfortunate family in dire need of both sympathy and aid," said Mrs. Powers.

## Wagenschutz Family Holds Annual Reunion

The 20th annual Wagenschutz reunion was held Sunday, July 20th, at the Williamston State park, Williamston.

The reunion was opened by a prayer led by the president, Mrs. Amelia Ford. This was followed by the singing of America and a pledge to the flag. After the family dinner, the business meeting was opened by the president. The minutes of the last reunion were read by the secretary, Mrs. Alvin Wagenschutz, and approved. There were no deaths in the past year and three additions to the family, namely Judy Ann Lindow, daughter of Mr. and Mrs. Elmer Lindow, Dale Allen Ruttan, son of Mr. and Mrs. George Ruttan, and Kenneth Myers son of Mr. and Mrs. Clayton Myers.

Officers were elected for the coming year, and they were as follows: president, Mrs. Amelia Ford; vice-president, Owen Partridge; secretary and treasurer, Mrs. Alvin Wagenschutz; entertainers, Mrs. Wm. McLellan, Mrs. Wm. Huber, and Mrs. Clayton Myers.

There were 59 present at this year's reunion. Those present were as follows: Mr. and Mrs. Arthur Marsh, and family, Mr. and Mrs. Melburn Partridge, Mr. and Mrs. Harry Wagenschutz and family, Mr. and Mrs. Alvin Wagenschutz, Mr. and Mrs. Ralph Wagenschutz and family, Mr. and Mrs. Carl Wagenschutz and family, Mr. and Mrs. Harvey Wagenschutz and family, Mr. and Mrs. Donald Hamilton, Mr. and Mrs. Clayton Myers, Mrs. Amelia Ford, Mrs. Gladys Johnson, Mr. and Mrs. Lynn Partridge and family, Mr. and Mrs. Wm. McLellan and family, Mrs. Luella Partridge, Mr. and Mrs. Owen Partridge and family, Mr. and Mrs. George Krumm, Mr. and Mrs. Elmer Lindow and family, Mr. and Mrs. George Ruttan and family, Mrs. Otto Wagenschutz, Mr. and Mrs. Frank Wagenschutz and Mr. and Mrs. Chaney Wagenschutz.

## Young Kimbrough Is Awarded Sports Honors

Edwin Kimbrough, son of Mr. and Mrs. R. L. Kimbrough, 607 Main street, has been announced as one of the summer camp award winners at Wentworth Military Academy at Lexington, Missouri this week by Captain Wilbur L. Stagner, the Academy's summer camp director.

Edwin received the following awards: Horse Shoe Pitching - Doubles; Member of Winning Soccer Team; Croquet - Singles; Squad Leader - First Four Weeks. Captain Stagner announced the winners of the camp awards following the return of the group from a trip to the Ozarks, one of the features in connection with the Wentworth summer camp program.

In Jamaica, N. Y., Mary Franzen and Katherine Kirschoch, twin sisters, turned up at a dance studio, speedily caught on to the intricate steps of the rumba in their half-hour lesson, their first in 92 years.

## Boys Travel Far On Little Cash

There are many ways in which one can take a vacation and have a good time, but probably few have a better time, at such a reasonable cost, as are the two sons of Mr. and Mrs. Kenneth Corey, Tom and Roger, and Gerald Micol, son of Mr. and Mrs. William A. Micol of 670 Forest street.

A few days ago the youthful Corey boys asked their father to loan them the family station wagon for two or three weeks. Into it they loaded a mattress, a few blankets and a little extra clothing, and started out for a trip to Florida.

Letters to their parents say that the first week's trip, outside of the money spent for gasoline, had cost them just \$7 each.

"But we hope to do better than that on the way back from Florida" wrote the boys. While in St. Petersburg the Corey boys visited their great aunt and after leaving there drove to Miami, where they spent a day or so. They spent a short time in South Carolina and North Carolina on the way home.

## Own a Plane? Then Register it

Here's a reminder for the numerous aircraft owners in Plymouth and vicinity—Friday, August 1 is the deadline for registering your plane with the State Department of Aeronautics. That's necessary under the law, which you will find in Chapter V, section 77 of the Michigan Aeronautics code.

The registration fee is one-half cent per pound of net empty weight of the aircraft and averages less than \$5.00 per year for small planes, but in no case exceeds \$50. The fee, a great savings to aircraft owners each year, is in lieu of all general or local property taxes and is much less than property assessment rates would be.

The new 1947-48 registration certificates are available at all licensed airports and at the Department of Aeronautics, Lansing. Reminder is also given that every peace officer in the state is authorized to check on plane registrations.

A total of 2,698 planes were registered in Michigan during the 1946-47 season. This figure is nearly double the 1945-46 total of 1,636 planes registered.

## Brae Burn Plans Golf Contest

A match for the golf championship of Northville will be played off at the Brae Burn Golf Club, on the Five Mile and Napier roads, starting July 25th, 26th, 27th and 28th. The 18 hole qualifying rounds will be run off on above dates. The 16 low scores will be entered in the finals.

Monroe Weston, chairman of the tournament committee, states that 10 or more prizes will be given by the Northville business men and the Brae Burn Club. Tom McLoughlin, the club manager, has the course in championship condition.

A Lady Likes to Be Treated Right

Ask any little girl who has exchanged burned-out lamp bulbs at an Edison office. She'll tell you she was treated like a debutante shopping for sables. For, although Detroit Edison supplies eight million new lamp bulbs to its customers annually, the Edison clerk never seems too busy to give her a smile and a cheery greeting.

Next time you need lamp bulbs, take your burned-out ones, along with a recent electric bill for easy identification, to your nearest Edison office. You'll find that the clerk is genuinely concerned with your needs and viewpoints.

And you'll find a willingness to go out of the way to help a customer, whether it be a little girl or a great-grandmother.

## In First Place Cardinals Now

On Tuesday, July 15th, the Daisy Air Rifles, undefeated in four games, met the Cardinals, undefeated in three games, at Daisy field in Plymouth. Going into the fourth inning, with the score 0 to 0, the Cardinals coupl-ed two singles with three walks and one hit batsman to score three runs. Daisy struck back in the fifth for one run, but the Cardinals scored three more in the sixth to win 6 to 1. This victory places the Cardinals in first place, with four wins against no defeats. Livonia Recreation won their first game defeating the Red Sox, 10 to 3.

Standings as of July 16th

Team	W	L	Pct
Cardinals	4	1	1000
Daisy	4	1	800
Redford	3	1	750
Livonia Fireman	2	1	667
Wayne	2	1	667
Livonia Rec.	1	4	200
Plymouth Red Sox	0	4	000

Schedule for Tuesday, July 29 at 6:00 p.m.  
Northville vs. Livonia Recreation at Cass, Benton.  
Wayne vs. Plymouth Red Sox at Wayne.  
Livonia Fireman vs. Cardinals at Nankin Mills.  
Redford vs. Daisy at Redford.

Industrial League games on Monday, July 14th were postponed due to wet grounds. On Thursday, July 17th, Oldsmobile was handed a 5 to 4 defeat by Cavalcade, with Don Leichtweis, centerfielder, driving in all five runs. Leichtweis hit a home run with two on, in the second and a triple with two on, in the fifth inning. At the same time, Merchants handed the House of Correction their third defeat in a wild scoring game, 11 to 9. The Merchants came from behind, in the last of the seventh scoring three runs. In the third game, Evans Local drubbed Wall Wire, 27 to 2.

Postponed games were played during this week with the remaining two games to be played next week. Daisy meets the Merchants, at the Daisy Field, on Monday, July 28th. At the House of Correction, on Thursday, July 31st, Daisy and De Ho Co will play off a previously played 0 to 0 game.

That concludes the regular season schedule which determines play-off positions. Play-offs begin on Monday, August 4th, with the top four teams playing in a class A, two losses elimination. The bottom three teams will also play two losses and out in a class B elimination. Individual trophies will be awarded to the winners of class A and B with the winner of class A going to Midland, Michigan on August 22, 23, and 24 for the Michigan Recreation Association State Championship Tournament.

## New Factory to Be Built Near Here

Construction of a new factory building near Plymouth will start immediately, a building permit having been issued by Everett Mason, Building Inspector of Livonia township to A. J. Schimpke, president of the Centri Spray Company of Detroit.

At the same time the request for the permit was received plans were submitted for a \$250,000 plant to be located on the north-west corner of Eckles and Schoolcraft roads in Livonia Township. The plant Mr. Schimpke states "is to be a one story steel and masonry construction building with a pre cast concrete slab roof, 100 feet by 300 feet and a wing 30 feet by 120 feet and is to be of modern design."

This plant will be located on property purchased some time ago by the Centri Spray Company and is one of several units contemplated. A priority has been received and construction is to start at once.

The Centri Spray Company, located at 14290 Meyers road, builds washers, dust collectors, air washers and paint spray washers. These units are all custom built rather than on a production line basis. Many have been furnished for the automobile industry in the State and were furnished for war plants during World War II.

The public is invited to join with the local congregation this Sunday and hear the interesting experiences of these missionaries. Rev. Hendrix and the local pastor, Rev. Welton formerly were serving on the same district in Indiana and Rev. Welton promises that you will not be disappointed in this speaker.

### Best Ways To Kill Chick Mites

Severe infestations of lice and mites in poultry flocks can decrease egg production advises Dr. C. E. Hardin, extension specialist in poultry diseases at Michigan State college. When large numbers of these insects are present, the birds are irritated and neither feed nor rest well.

An effective method of treating chickens for all kinds of lice except the head louse consists of applying a thin layer of a nicotine sulfate solution to the roosts just before roosting time. The back and ends of the house should be closed but the front should be partially open to avoid the possibility of injury to the birds from fumes. Since there may be unharmed louse eggs in the birds' bodies, a second treatment in ten days is advisable. Treatment should not be applied when the roosts are freshly whitewashed and a preparation of pure nicotine should not be used.

Commercial grade sodium fluorine is an effective chemical for treatment of individual chickens for lice. The chemical is generally applied by the pinch method, consisting of rubbing pinches of sodium fluorine on the skin as follows: One on the head, one on the neck, several on the back and breast, one below the vent, one on each thigh, and under each wing.

Since mites are seldom found on the bodies of birds during the day, control measures should be directed at their hiding places. Infested nesting material, boxes and old nests should be burned, and a thorough job of spraying done. The most satisfactory sprays are anthracene oil or crank case oil to which ten to fifteen percent kerosene has been added. The spraying of anthracene oil can be made easier by adding to it an equal part of kerosene. A second application with a brush about a month later will help to control mites that may not have been killed by the first spraying.

### How to Prepare Food For Freezer Units

This afternoon, Friday, July 25 at 2 o'clock at the Patchen school, Miss Du Bord, Wayne county home economics director, will give a demonstration of the preparation of fruits and vegetables for the freezer, locker or home unit freezer. If any house keeper has any problem in regard to the preparation of food for lockers, this notice can be regarded as an invitation to meet this afternoon with the group at the Patchen school, which is located on Newburg road, about one half mile north of Ford road.

### Easy Money For Potato Growers

Fred C. Ernest, Wayne county chairman of the Production and Marketing committee, has advised that under the 1947 price support program for Irish potatoes, producers on farms for which no 1947 goal was established will be eligible for support if the acreage of potatoes on the farm does not exceed 2.9 acres.

In order to provide opportunity for determining acreage on farms and hence eligibility of the producers for price support, it is required that such producers give advance notice in writing, prior to digging or September 15, 1947, which ever is earlier, to the county committee that they desire to be considered eligible for price support operations.

If you have any items of interest about your family or friends please call 16.

### How To Make City Old Timers Open A Flyless Town Softball Series

Here's a way to make Plymouth a flyless town. Use DDT. This isn't an advertisement, it's just telling Plymouth Mail readers what Ray L. James, extension entomologist of the Michigan State college says about this fly business and how unnecessary it is to have flies around.

Aerosol sprays containing DDT are easy and quick to use for killing flies indoors. These sprays make a fine mist that kills every fly it hits, but has no long-lasting effect.

Residual sprays, on the other hand, may be effective for several months in killing flies that touch sprayed places. Around the house use a 5 per cent DDT oil solution. Spray where flies usually rest. Spray kitchen and dining room walls and ceilings thoroughly. Brush spray on window and door screens to kill flies before they enter the house and spray it around porches and garbage cans. Outdoor areas may need to be treated every two or three weeks or as needed during the summer.

Don't use the 5 per cent oil solution where it will get on plants or gardens because it will burn them. In such places use a wettable DDT powder in water instead.

Other precautions are very important: (1) Do not let sprays get on eating utensils or food; (2) Never use oil solution on animals; (3) Never spray oil solutions near open fires; (4) When applying DDT, remove fish and pets from the room and cover plants; (5) Wash your hands after using DDT.

Wednesday, July 9th was opening day of the Old Timer's League consisting of four teams: North End Merchants, Cloverdale, Kiwanis, and Joy Bar. In order to participate a man must have at least reached the age of thirty.

Games are played every Wednesday evening at 8:30 p. m. at the Central High School Field under Slow Pitching Softball Rules. They differ from regulation Softball in that a fourteen inch softball is used and the ball must be pitched so that at its highest point in the approach to the plate the ball must be at least

as high as the batter's head. Also, baserunners must hold their bases until the ball passes the batter, and no bunting is allowed.

In the opening game Joy Bar defeated North End Merchants 12 to 8. On July 16th North End Merchants defeated Kiwanis 7 to 1 and Joy Bar continued winning by downing Cloverdale 7 to 1.

Schedule for Wednesday, July 30: North End Merchants vs. Joy Bar Kiwanis vs. Cloverdale. Come out to the games and watch the men you meet profes-

sionally each day engage in some recreation. The people who have been witnessing the games, have agreed that they also are having some wholesome recreation.

In Brookline, Mass., Tiger, a two-year-old beagle, accidentally locked in an auto trunk for 21 days, survived, regained twelve lost pounds on a diet of eggnog.

There is no mortal truly wise and restless at once; wisdom is the repose of minds. — *Lavater*

*Believes in More and Better Hospitals*

In a progressive state such as Michigan, there is a constant need for the extension and expansion of hospital facilities. Good hospitals, geographically placed for the better convenience of all the people of Michigan, mean a healthier state in which to live — and it is characteristic of the doctors of medicine in Michigan that their leadership is applied in this direction. Your medical doctor is your watchdog and spokesman for the advancement of your health care through the furtherance of more abundant hospital accommodations. It is one of the reasons why Michigan leads the way in health progress.

25 YEARS AGO FROM THE PLYMOUTH MAIL FILES

J. H. Patterson has the contract to erect a business block for P. W. Voorhies on the lot now occupied by J. S. Dayton's law office and the vacant lot adjoining the D. U. R. depot on Main street.

Lightning struck the village hall Monday afternoon during the severe electrical storm that swept over the village. The bolt hit the flagstaff and tore off a number of shingles from the tower and scattered them broadcast.

Andrew Sanbrone has been making some changes and improvements in his hotel, formerly known as the Commercial Hotel, near the Pere Marquette depot in north village. The building has been repainted, and a new porch built on the front, which greatly improves its outside appearance.

Announcement is made that the Fords are to build a large office and administrative building on the site now occupied by the old tractor plant buildings in the east end of Dearborn. The engineering staff and the plant of the Dearborn Publishing Co. will also be housed in the new structure, construction on which is to be started at an early date.

The new school house at Cady's corners and the Wayne road is improving rapidly. It is built of brick, and will be a fine building when finished.

Kenneth little son of Mr. and Mrs. Bert Kahl, had the misfortune to fall from a tree, breaking the bones in his wrist, last Friday. Dr. Patterson reduced the fracture. The child was taken to Ann Arbor, where an x-ray was taken. They pronounced it a bad break.

On Sunday, July 30, 1922 there will be special services at Livonia Center in the English language, beginning at 2:30 p. m. The following children will be confirmed on that day and two weeks later admitted to the sacrament of the altar: Ima, Freida and Anna Beyer; Leona Garcho, Viola Bayes, Helen Smith; Ralph

Wagenschuts, Carl and Walter Ash. Everybody is welcome to attend these services.

A pretty and enjoyable affair held last Saturday evening was the celebration of the thirteenth birthday of ValDee Caughey. The guests were entertained at the Penniman Allen theatre, after which they visited the Hovey confectionery store, where dainty refreshments were served. Small tables were grouped as one and were prettily decorated with flowers and silver candlesticks with lighted candles, the centerpiece was a birthday cake with thirteen candles. Pretty little baskets filled with candy were the favors. Music was furnished for the entertainment. Those present were: Winifred Drake, Barbara Bake, Hazel Herrick, Buelah Coe, Mildred Thumme, Ruth Waterman, Bernice Kline and Lillian Burch.

At eight o'clock last Friday evening an automobile driven by Edward Baker of this place, also carrying Earl Sockow and Milton Knapp of Plymouth, collided with a car leaving the Taylor garage at the intersection of Warren avenue and Canton Center road. Engineers of the County road commission were making a survey in the village the past week, for the new proposed concrete road from Plymouth to Ann Arbor. One of the routes through the village now under consideration, is down Church street from Main street to Penniman avenue, thence west to about two hundred feet east of the corporation line at Strickland's corners, where the line takes a course across property owned by private individuals to a point just east of the barns on Buena Vista Farm, owned by C. K. Bennett, where it would connect with the Ann Arbor road. Several routes have been considered, but we understand that none have as yet been definitely decided upon.

Miss Dorothy Freyd is visiting friends in Port Huron. Rev. G. H. Whitney is having a two apartment garage built at the rear of his property on West Ann Arbor street. Mrs. Kennedy of Bay City, visited at the home of her daughter, Mrs. C. H. Buzzard, on Adams street, several days last week. George Humphries has opened a shop for auto sheet metal work, radiator and fender repairing, acetylene welding, etc., at 1028 Starkweather.

Mrs. Cordula Strasen, who cut her hand quite seriously while attempting to raise a window at the home of her parents, Rev. and Mrs. Charles Strasen, on Spring street, is improving, and will soon be able to assume her duties as clerk in O. P. Martin's dry goods store. Two weeks ago it was rumored that Captains Rambo and Rathburn had their heads together, and that in the near future things would be occurring that would surprise Chamber of Commerce base ball fans. Well, one of them came to pass Monday evening, when the Braves, much to the surprise of the Indians, met and defeated them by a score of 9 to 7. This by the way is the only team having the honor of defeating them.

In Troisville, France, Jules Bourcier struggled for weeks with his income tax report, eventually gave it up, hanged himself. An estimate of 15 million tons of commercial fertilizers used in 1946 sets a new high record for the United States.

BABSON SAYS

Babson Discusses Job Hunting

GLOUCESTER, Mass., July 25.—With a possible 10,000,000 unemployed by 1952 unless labor relations get straightened out, both schools and parents should begin now to make graduates worth employing. Certainly, there then will be keen competition for whatever jobs there may be. Young people now in High Schools should make up their minds to put work before play and cut out the social stuff which is making too many of them useful only for driving trucks and jerking soda.

Simple Economics Business expects the schools to equip our men and women with an adequate background of the historical, psychological and economic forces which have produced our nation. Our young people should also be given a background of the many "isms." With such a background, students should understand the merits and benefits which our free society has to offer. However, the school cannot do much unless backed up by sensible table talk and religious instruction at home.

No nation can long prosper without the proper incentive, progress and efficiency. This causes a continuous improvement in the standard of living and security for all producers. When people produce more, business thrives, national income increases, standards of living rise, and our voters are happier. It is the understanding of these basic factors including some real religion which our homes and schools should teach. These include emphasis on that simple economic fact that only if we all produce more is there more to divide.

Schools Shortchanging Pupils Schools today are shortchanging pupils. Youngsters are being shoved out into an ever increasingly competitive world with inadequate training in the fundamentals of reading, writing, spelling, arithmetic, self-expression etc. Too many of our young people, knocking on the employment manager's door are unable to do relatively simple mathematical tasks. These are basic tools of work, rather than the useless frills which schools now teach. It is not the accumulation of vast amounts of factual material that makes a young person employable. Rather it is his character, his health, his desire to be of service and his ability to work with others. Schools are shortchanging students by their failure to teach how to work and live, how to get and hold good jobs. Schools should spend much more time in both group and individual counseling to help students better understand themselves, their interests and their aptitudes.

Schools Shortchanging Vocationally With 29,744 different jobs listed in the Dictionary of Occupational Titles, schools of this Atomic Age should offer systematic courses in vocational information, get their students out on field trips, make greater use of occupational films, part-time job experiences, etc. Most important of all young people should be taught the dignity of working and the disgrace of loafing. To teachers, I say: "Get to know your student more than from

just grades." Prepare him for job interviews. Make sure a student understands his own balance sheet of assets and liabilities. Teach him how to sell himself on the interview. Schools should have students realize that personal qualifications such as incentive, resourcefulness, adaptability, and willingness to assume responsibility are more important than joining a union to assure success.

Parents Should Wake Up But the best training of all for getting a good position after graduation is to work summers. Whether or not your boy and girl does this up to you, and not to any teacher. In some States boys and girls must get the okay of the Superintendent of Schools; but this always is obtainable if you as a parent request it. Parents who let their children run around or loaf all summer are committing a crime against them. Too many parents hate to make their dear Susie and Johnnie get a job because their friends do not work. Instead of being content to listen to speeches, Parent-Teacher Associations should urge parents to refuse to give spending money or loan the car to kids who loaf summers or who fail in their studies winters. It is not now too late for parents to get tough this summer.

Livestock men have learned that spraying their cattle with DDT will keep down the fly population and allow the cattle to give more milk and to make faster gains. In Morecambe, England, Trixie, an eleven-month-old cat, padded home from Mexborough, where it had been sent as a gift. Distance: 75 miles; elapsed time: 7 weeks, 4 days.
