

IT ALL STAYS RIGHT HERE.
It is the general rule that when you make a donation for this or that worthy purpose, a good share of your money goes out of town. Only a portion of it remains to be spent here. But Plymouth citizens now have an opportunity to make a donation to a very worthy cause where every cent of the money you give not only remains in Plymouth, but will for years and years to come serve the best interests of this fine community. That's the donation you make to the Plymouth high school athletic field. If you have not already done so, write out your check today, call some Rotarian you know and ask him to come and get it or leave it at the Community drug store. Mr. Blickenstaff will see to it that it goes into this ALL-PLYMOUTH fund.

IT'S A GOOD APPOINTMENT.
The circuit judges of Wayne county have appointed Edgar M. Branigin, former Detroit court house reporter and attorney, as county clerk to fill the vacancy created by the death of Casper Lingeman.
We highly commend the circuit judges for the good judgment used in making this appointment. The judges made it evident that they are more interested in the efficiency of the office than in rewarding some political worker. The appointment is an excellent one and Wayne county residents will benefit by it. Congratulations to the new county clerk and the judges as well.

NO BEER FOR BELLE ISLE PICNICS.
Because the Detroit people who are now using Belle Isle as their picnic grounds and because razors and knives have come into general use when there's an argument between some of these joy seekers and because some have been carved up so badly that they nearly died from their friendly scuffles, the Detroit city park commission has decided to crack down on the picnic frolicers. They can't have any more beer at their picnics and razors and knives are not to be carried. Beer can, however, be absorbed at the Casino.

DOC KEYES AND HARRY PHILLIPS.
It appears that Doc Keyes of Dearborn who hurried over to Pontiac and gave everybody connected with the state institution in that place a "white-wash" after Representative Harry Phillips of Port Huron had filed certain charges with the Governor pertaining to brutal treatment of patients, sort of stuck his hands into a buzz-saw.

Representative Phillips requested the Pontiac state hospital investigation some two years ago after a patient had died from a mysterious beating. The legislature saw fit to permit the inquiry to continue over a period of months and from information Mr. Phillips has presented to Governor Sigler it appears that there was plenty of justification for the investigation.
No one knows, except Doc Keyes, why he saw fit while Governor Sigler was out of the state, to hot-foot over to Pontiac, and after spending a few hours there, to put wings on everything and every one connected with the institution. Maybe Representative Phillips has the answer. If he has, it ought to be an interesting one.

TYPICAL HOLLYWOOD SMEAR.
There was a time when the public regarded anything associated with the name of Hollywood as something untouchable. The place was regarded as a cesspool of vice and rottenness. In order to clear up this unfavorable reputation the movie industry hired a public relations director, Will Hayes, who did much towards giving the movie industry respectability.

Now comes a political favorite of the late New Deal, a fellow named Hughes, who seems to be all tangled up with a lot of federal tax money, and declares that United States senators are using "blackmail" tactics to force him to make some sort of an aircraft deal.
Hughes is the subject of a startling senate investigation in some big air racket involving millions of tax dollars.
He has resorted to the usual trick of the Hollywood ilk of old to retaliate by accusing his accusers of wrong doing.
Watch the outcome of this investigation. It will produce some startling information before it is over.

Ezra Roinour Helps to Sail Boat From Miami to New York - Detroit

Somewhere out on the Atlantic this week between Miami, Florida and New York City is Ezra Roinour of this city, helping to sail back to the Great Lakes the motor-sailer "Annzak."
He is accompanying Paul Smiley of Detroit and his daughter Mickey and Henry Grikscheit, son-in-law of the Rotarians and a well known Detroit yachtman. The 35 foot sailboat has been in Florida waters since last fall. Its owner, Mr. Smiley invited Mr. Roinour, who has done considerable sailing with Detroit crews on Lake St. Clair, to help bring the sail boat back to Michigan.
The party left Willow Run by plane Monday night at 10:30 and arrived early Tuesday morning in Miami. A day or so was spent in Miami putting supplies aboard and preparing the sailboat for its long trip back to Michigan.
A stop will be made at Annapolis so that Henry Grikscheit can visit the U. S. Naval academy from which he graduated a number of years ago.
After reaching New York harbor, the boat will sail up the Hudson river to the mouth of the Mohawk, up the Mohawk to the Erie canal and from there to Lake Erie and Detroit. It is expected the trip will take between two and three weeks. Annapolis will be the only stop between Miami and New York City.

Time Element, America's Protector Of Past, No Longer Exists says Hough

Appearing in the Detroit Times and other papers served by the International News Service, was an interview with Col. Cass S. Hough of this city which will be of interest to all the readers of the Plymouth Mail.
The article, as published in the Times, follows in full:
Col. Cass S. Hough of Plymouth, one of World War II's flying heroes, has approved a universal military training program as a warning to other nations that "we'll defend ourselves no matter what comes."
Col. Hough is Gov. Sigler's personal representative in the air arm of the Michigan National Guard.
Col. Hough says the United States twice within the last 30 years has performed "military miracles" owing to our isolation which made the states comparatively free from attack.
"We warn that the time element, which has been on our side in the past, no longer will be our ally because other powerful nations will be prepared with war implements that will give them access to our shores."
"The knowledge and willingness of a nation to defend itself promptly is today's greatest insurance of world peace," Col. Hough said today.
"We must either say we'll defend ourselves and implement this decision with the men and tools, or say, 'We're wide open — come and get us.' There is no middle road in this atomic age."
"Universal military training will give us the needed reservoir of trained men. An intelligent, long-range, military materials program will give us the tools and serve notice to the world that we are no pushover. This, in itself, will be a great deterrent to would-be aggressors."
"The recent war has taught us that military training is good for youths. They saw their country and its institutions in a way few of them would have done under other circumstances. They grew up, and they'll be better citizens for it."
"For our own sake and that of all our liberty-loving peoples, let's walk quietly but carry a big stick in the form of universal military training and a general program of preparedness."
Mr. and Mrs. Sam Spicer spent the weekend with Mr. and Mrs. O. R. Griggs at their summer home at Houghton Lake.

Guest Conductor

Myron E. Russell
Prominent music director of U. of M. to be guest director tonight at Plymouth's band concert in Kellogg park. He comes to Plymouth as a courtesy to Director Paul T. Wagner of this city.

Future Hopeless For British Isle Children

Says Hugh Quee
"As far as I can see there is no way out for the young people of the British Isle. There are no opportunities, no hopes of any kind under the government they have there now. I do not feel so sorry for the old people, because they have lived their lives, but for the young people and the kids. I have nothing but regret for them," declared Hugh Quee of 14781 Northville road who has just returned with Mrs. Quee from a trip back to their native Ireland.
"I have heard that things were bad over there, but I didn't realize they were in such a frightful condition. There is not enough food for them, not enough clothing, not enough of anything except cold, wet depressing rainy weather. It makes one feel all the more that this country is the finest place in all the world," he said.
"Previous to leaving here we had shipped a trunk full of clothing and food over there to give to people who needed it and also to the kids. But we had to pay full duty on it just the same. There's more food in free Ireland than in England. People in England who can afford it, fly up to Dublin to get a square meal now and then, but they have to pay plenty for it," he said.
"The trouble over in Ireland as I see it is in the dole. Farmers can't get any one to work on the farms any more because the workers can go into the cities and get on the dole. And when they get on the dole no one can get any of them to work or do anything else."
"I told them that when Uncle Sam stops shelling out money to them they wouldn't have any more dole, but they are so used to it that I doubt if you can ever get people to go back to work."
"The jails, asylums and hospitals are so full that insane people are permitted to roam the streets. The terrible bombings they had once thousands of people crazy and large numbers of them have never recovered. It was stopped by one of them who had a hand blown off, but carried the tub of his arm in a pocket in such a way as to make officers believe he had a gun in his pocket."
"We should send a lot of our trouble-makers over there to see what has happened. Maybe they would change their tune about this country. We're glad to get back," declared Mr. Quee, although we were pleased to see a lot of old friends and relatives."

Boys Learn of Conservation

So that the boys of Michigan will have a pretty good knowledge of what conservation of Michigan's and the nation's natural resources means to the coming generation, members of the Western Wayne County Conservation association this week have sent four boys from Plymouth and vicinity to the Conservation training school being conducted in Allegan state park.
The boys are Don Sutherland of Plymouth, Jack Hesslop of 4268 Nine Mile road, Northville; Jerome Edward Krull of 1137 Merriman road, Livonia townships and John Mardirodian of Wayne.
President Brick Champe of the club explains that this rather wide distribution of the location from which the boys were selected is due to the fact that the club's membership covers this territory. The club is paying all of the expenses of the boys during their week's stay at the Conservation department training school where they will be taught the necessity of conserving our forests, streams, soil and wild life.

Blight Threatens Big Tomato Crop

Tomato growers of the Plymouth area are suffering severe losses because of a blight disease which is becoming more prevalent than ever before. Several commercial gardeners in the vicinity have sustained partial, if not complete loss of their crops. Others are fearful of a spread of the fungi.
Control of the blight is possible, say local gardeners, through two different methods. One is the use of copper dust and sprays. Most growers who are using this means of control are shortening the interval of application to about every seven days as a preventive. If signs of the disease appear the dust is used about twice per week. It is imperative that complete coverage be had.
The second method of control is the use of "Dithane." Under severe late blight conditions it is recommended that three quart applications of 36 per cent zinc sulphate, plus one pound of spray lime be used per 100 gallons of water. The same suggestions for spray intervals and thoroughness of application as given under the "copper" materials apply to the dithane too.
The disease, according to Plymouth gardeners, is not new to the country, but has never been prevalent in this part of Michigan. It can be recognized when dark, water-soaked areas appear on the leaves of the tomato plants. These may cover the whole plant, making it appear as if hit by frost. A white, downy growth is also noticeable on the under side of the leaves.
The blight is favored particularly this year, say the gardeners, by prevailing weather conditions such as cool nights (50 degrees), and warm days (80 degrees), accompanied by ample moisture.

Legion to Give Cash to Rotary

At the meeting of the Plymouth Rotary club this noon at the Mayflower hotel Chairman John Jacobs of the American Legion carnival committee will make known the net earnings of the carnival recently held in this city when he presents to the Rotary club a check for the full amount cleared by the Legion.
This entire sum, which is expected to be several hundred dollars, will be used for the completion of the Plymouth high school athletic field for night games.
Plus the earnings of the Legion, the Auxiliary conducted a "hot-dog stand" at the carnival and also made considerable money. This entire amount outside of the expenses, will also be donated for the same purpose. Mr. Jacobs will be the guest of Dave Galin, an active Legion member, at the Rotary meeting when the check presentation is made.
Frank McGraw of Ann street is visiting Glenn Ward in Chicago this week.

Records Fall at Northville In Big Race Meet

Northville Downs is undoubtedly on its way to the greatest meeting in its history as the second week of summer harness racing under the lights nears a finish.
It took only seven nights of racing to send the attendance total to the 50,000 mark, an average of more than 7,000 persons a night and also only that long for the total pari-mutuel handle to reach \$1,039,750 with six more weeks of racing scheduled prior to the Sept. 13 closing, all-time marks for both attendance and mutuels are expected to be written.

The current week has brought an influx of racing talent to the Downs following the close of the summer meeting at Maywood Park. Ready to aim for the Michigan Pacing Derby crown Aug. 29 and already entered in lesser events this week are such great names of the harness track as these:
Miss Ruby, holder of Northville's 9 1/2 mile record of 1:07 and the world record for the same distance of 1:06 3/5; April Star, \$50,000 golden west pacing victor the last two years in a row; Blue Again, winner of the 1936 \$50,000 Santa Anita pacing derby; Jimmy Creed, second in the recent \$10,000 Chicago pacing derby who already has turned in a 2:02 mile this year, and that great Northville favorite Dr. Stanton, the "Cinderella" horse.

Two of the featured events during the coming week will be the Flint pace Tuesday, Aug. 5, for 2-year olds and the Wyandotte, Thursday night, a 13 class trot.
If his car had been two-tenths of a second faster, so say the judges, Walter Hammond III, would have won the Detroit Soap Box Derby held last weekend in Rouge Park. Yes, that's right, a Plymouth boy had the second fastest coaster-racer in the entire Detroit area. He is the 15-year-old Kliska of Dr. and Mrs. Walter Hammond, Jr., of 502 Sunset Ave. This year was the second time he had raced a coaster. Last year he won the Plymouth derby, which is sponsored annually by the Junior Chamber of Commerce, and in this year's race held a week ago Saturday he was third, being nosed out in the finals by Donald Moore, who was second, and Eruce Besse, the champion.
All Plymouth entries in the Detroit derby made remarkable showings. Of 141 who qualified last Thursday from the entire Detroit Metropolitan area, eight were from Plymouth. They were, besides Hammond, Moore and Besse, Hillis A. Cash, Jr., Edward Kliska, Jr., and Mrs. Walter Hammond, Jr., and Russell D. Ewing, Jr. Thomas Osman did not qualify.

SEEKS TO DEFEND GOLFING CROWN

Tom Lock proudly exhibits the Plymouth Mail trophy awarded last year to Plymouth's best amateur golfer.

Plymouth Boy Nearly Wins Detroit Derby

If his car had been two-tenths of a second faster, so say the judges, Walter Hammond III, would have won the Detroit Soap Box Derby held last weekend in Rouge Park. Yes, that's right, a Plymouth boy had the second fastest coaster-racer in the entire Detroit area. He is the 15-year-old Kliska of Dr. and Mrs. Walter Hammond, Jr., of 502 Sunset Ave. This year was the second time he had raced a coaster. Last year he won the Plymouth derby, which is sponsored annually by the Junior Chamber of Commerce, and in this year's race held a week ago Saturday he was third, being nosed out in the finals by Donald Moore, who was second, and Eruce Besse, the champion.
All Plymouth entries in the Detroit derby made remarkable showings. Of 141 who qualified last Thursday from the entire Detroit Metropolitan area, eight were from Plymouth. They were, besides Hammond, Moore and Besse, Hillis A. Cash, Jr., Edward Kliska, Jr., and Mrs. Walter Hammond, Jr., and Russell D. Ewing, Jr. Thomas Osman did not qualify.

The finals were held Saturday. Ewing and Moore were in Class B, being between 11- and 12-year olds, with the others racing in Class A among those 13 to 15. In the quarter finals, of 12 remaining, five were from Plymouth. Walter emerged the winner of the older boys class with a record time of 1:24. He then raced against the B class winner, John Studnicki, Jr., of Dearborn, who had also won with the same time. But then the two were pitted against one another and the Dearborn youth's racer beat Walter's by a fraction of a second. The official timers said it was by a full tenth of a second.
Walter was well-rewarded for the hours of painstaking work on his racer. Although he will not go to Akron, Ohio, for the national finals, he did receive the same prizes as did the winner. These included an Arnold Schwinn lightweight touring bicycle, a Motorola Playboy portable radio, a Delta lamp, a jackknife, wrist compass, bantam flashlight and a necktie clasp with the official Derby emblem on it.
Twenty-four boys from this area competed in the Plymouth Coaster derby and from the amount of interest being shown and work already started, next year's derby should break all records for entries, and perhaps next year at this time a youth from here may be planning his trip to Akron.

Barbecue Brings In Big Returns

Financial returns from the spring barbecue of the Western Wayne County Conservation Association which was sponsored in cooperation with the Mayflower home of the Veterans of Foreign Wars, brought in a net return of \$2,862.18.
This amount has been equally divided between the Conservation club and the Mayflower post. The club intends to use its share of the proceeds to complete its building on Joy road near Wayne and the Mayflower post will use its funds for the improvement of its headquarters and for the benefit of any veterans who might be in serious need.

Mr. and Mrs. H. H. Davis of Los Angeles, California announce the birth of Michael Renee, July 28. Mr. Davis was formerly associated with Davis and Lent of this city.

150 Golfers Will Tee Off Saturday in Amateur-Open

Plymouth Country club's Amateur - Open championships will get under way this weekend when more than 150 golfers will tee off, starting at 8:00 o'clock, Saturday morning. The tournament is set up to go 4 days, 72 holes of medal play. Eighteen holes will be played on Saturday, August 2, and again on Sunday, August 3; Saturday, August 9, and Sunday, August 10.
Casey Partridge, pro-manager of the club and in charge of the tournament, says that some post-entries can be taken, but in view of the fact that the qualifying rounds were played last weekend, those entering now will have to have at least three local golfers vouch for the score entered in which will place him in one of the six flights.
The championship flight will be from scratch to 79, second flight from 80 to 85, third from 86 to 89, fourth from 90 to 95, fifth from 96 to 110, sixth from 111 up.
Following is a list of entries and the times of teeing-off . . . late-comers will be started after all others have gone:
A.M. 8:00, Saturday only: Don Reh, Lee Card, Bill Clarke; 8:00, Sunday only: Ed Berno, Mark Cavanaugh, Earl Taylor; 8:05, Bill Chovin, Chris Hall, Frank Weir; 8:10, Walter Bichel, H. E. Cooper, Earl Smith, Geo. Miller; 8:15, D. R. Calhoun, Mel Bolton, Bill LaLone; 8:20, Herb Lillienthal, Bob Ross, Tom Shane; 8:25, Al Hubbs, Ken Swain, Cliff Raum; 8:30, Wes Welles, Jack Baker, J. Cumberland;
8:35, Art Jenkins, Joe Martin, John Fulkerson; 8:40, Tom Calkins, Jack Cooper, Jack Sells, Jr.; 8:45, Open for post entries; 8:50, Joseph Judge, Max Judnich, Carroll Warkup; 8:55, Bill Mullane, Harold Villaret, Al Drake;
9:00, Saturday only: Sam Morga, Irwin Roll, Bob Burley; 9:00, Sunday only: Al Robinson, Ray Scudder, Jack Adams, Don Patrick; 9:05, Saturday only: Bill Koniak, J. W. Sirks, E. W. Nagy; 9:05, Sunday only: Bob Gregory, Larry Curran, Geo. Ringstad; 9:10, Saturday only: Bob Stewart, Walter Nowak, Larry Zielasko; 9:10, Sunday only: Frank Kierdorf, Art McConnell, Andy Anderson; 9:15, Frank Marbach, Pet Schumanski, Frank Smith; 9:20, Cliff Hill, Stern Pariseo, A. R. Marshall; 9:25, Ted Cavell, Herb Ring, Dave Dodge; 9:30, Open for post entries.
9:35, Open for post entries; 9:40, Joe Gordon, H. L. Blake, Jim Bruney; 9:45, Tom Jones, Cliff McGraw, Jack Marsh; 9:50, Lou Campbell, Ray Canc, Ty Weldon; 9:55, Carl Roth, Harry Taylor, Ezra McElernery;
10:00, Ed Fifield, Carl Voss, Bill Bean; 10:05, Howard Ling, Dewey Ginter, Jake Shoemaker; 10:10, Allen Beard, Jim Reed, Bob Ritchie; 10:15, Stan Pikulinski, Estel Rowland, Jim Hughes; 10:20, Russ Egloff, Jim Ross, Elwood Russell; 10:25, Ken Rifenbergh, Jack Kastelic, Harry Wheeler; 10:30, Chick Wilson, Howard Sharpley, Paul Bigler;
10:35, Art Groom, Clyde Foley, Clyde Smith; 10:40, Pat McGuire, Vic Sinden, Vaughn Smith; 10:45, Hugo Russell, Lita Rice; 10:50, Fred Fulkerson, Art Steffes, Wm. S. Bake; 10:55, Norm Wilkerson, Harry Keller, Sandy Sandvick;
11:00, Walt Patrick, Harry Benjamin, Stew Hockster; 11:05, Geo. Brazear, Fred Pratt, Bud Willard; 11:10, John Witt, Doug Jetter, Dick Partridge; 11:15, Ed Slavic, 2 post entries; 11:20 to 1:00 p.m., Open for post entries.
1:00 p.m., Horace Delderfield, Elwood Lee, John Gaffield; 1:05, Bob Pichler, Ronald Hannon, Gerry Engle; 1:10, Ed Williams, George George, George Kenyon; 1:15, Saturday only: Sam Morga, Irwin Roll, Bob Burley; 1:15, Sunday only: Don Reh, Lee Card, Bill Clarke; 1:20, Saturday only: Bill Koniak, J. W. Sirks, E. W. Nagy; 1:20, Sunday only: Bob Gregory, Larry Curran, Geo. Ringstad; 1:25, Saturday only: Bob Stewart, Walter Nowak, Larry Zielasko; 1:25, Sunday only: Al Robinson, Ray Scudder, Jack Adams, Don Patrick;
1:30, Sunday only: Frank Kierdorf, Art McConnell, Andy Anderson; 1:35, Sunday only: Ed Berno, Mark Cavanaugh, Earl Taylor; 1:40, Shorty Miller, Howard Bridge, Ed Zappa; 1:45, Stan Hicks, Olive Vollick, Les Broadbent; 1:50, Open for post entries; 1:55, Open for post entries; 2:00, Bill Breeding, Oscar Riopelle, Ted Orcutt.

He Knows About State Finances

Michigan's able budget director told Plymouth Rotarians last Friday that the taxpayers are directly responsible for high taxes by voting as pressure groups dictate.

Blames Voters For High Cost Of Government

"There is no one responsible for high taxes except the people themselves. You demand of your public officials that they vote expenditures for various purposes and after they comply with your requests then the people criticize the legislature and your city officials for raising taxes in order to do the very things that you, the taxpayers, have demanded," Budget Director of the state, John Perkins, told members of the state Rotary club at its meeting last Friday noon.
"There are two ways to check tax spending. Stop the vast expenditures of your federal government, which takes most of your tax money, and then begin to raise tax money where it is spent. That puts the responsibility right on the shoulders of the spenders. If you don't like the way they spend your money you can tell them so at the next school district or city election," he declared.
Michigan's financial problems are due to the fact that the voters have been misled into tying up the greater portion of the state's income by constitutional mandates, he said. This necessitates the payment of vast sums of money to various units of government in Michigan where state funds are not needed.
"He recommended strongly a constitutional revision in order to correct these errors. He told the Rotarians as the result of the adoption of the last constitutional amendment which provided for the diversion of the sales tax money to local units of government, Michigan's financial problem is regarded as the most serious faced by any state."

Daisy Boys' Team Plays in Canada

The Daisy Air Rifle, boys' class E baseball team, will go on the road this weekend to play two games in Canada. They will meet a team from London, Ontario, this (Friday) afternoon and tomorrow in games to be played in one of Canada's most beautiful ball parks, the Labatt Memorial stadium.
Fifteen Plymouth boys, accompanied by Daisy Manufacturing company officials, left early this morning and will return tomorrow night, making the trip by automobile.
As a token of international friendship members of the opposing team will be presented with Daisy air rifles.
Company personnel making the trip are: Ciro Scalling, team manager; Henry Jensen and Walter Dzurus, coaches; Cass S. Hough, Daisy vice-president and general manager; Glenn Ford, and W. Y. Shaw, Canadian sales representative for the company.

Rotarians in Conference Here

Nearly 175 Rotarian officials from eastern Michigan and Western Ontario were in Plymouth Thursday to attend the annual Rotary conference of newly elected presidents and secretaries. The conference was held in Plymouth upon invitation of District Governor George A. Smith, who presided at the session held in the high school auditorium. The noon luncheon was held at the Mayflower hotel, with many Plymouth club members in attendance. Among the visitors were some of the outstanding members of the club, including Dick Hedeker of Detroit, retiring president of the world organization.

Loading Station Being Built By The Twin Pines

Michigan's able budget director told Plymouth Rotarians last Friday that the taxpayers are directly responsible for high taxes by voting as pressure groups dictate.

Blames Voters For High Cost Of Government

"There is no one responsible for high taxes except the people themselves. You demand of your public officials that they vote expenditures for various purposes and after they comply with your requests then the people criticize the legislature and your city officials for raising taxes in order to do the very things that you, the taxpayers, have demanded," Budget Director of the state, John Perkins, told members of the state Rotary club at its meeting last Friday noon.
"There are two ways to check tax spending. Stop the vast expenditures of your federal government, which takes most of your tax money, and then begin to raise tax money where it is spent. That puts the responsibility right on the shoulders of the spenders. If you don't like the way they spend your money you can tell them so at the next school district or city election," he declared.

This necessitates the payment of vast sums of money to various units of government in Michigan where state funds are not needed.
"He recommended strongly a constitutional revision in order to correct these errors. He told the Rotarians as the result of the adoption of the last constitutional amendment which provided for the diversion of the sales tax money to local units of government, Michigan's financial problem is regarded as the most serious faced by any state."

Killed While Riding Bicycle

Funeral services for Merle Isbell, son of Mr. and Mrs. W. N. Isbell, of Howell farm, residing in Plymouth, who was killed when hit by an automobile while riding a bicycle, were held last Saturday, burial taking place in the family lot in Ann Arbor.
Ralph Cole, of this city, who was a neighbor of the Isbells when they lived in Plymouth, acted as one of the pallbearers. The young man was killed on July 23 on the main street in Howell. It was on July 25 that Mr. and Mrs. Isbell celebrated their 50th wedding anniversary.
Besides the parents another son, Egbert Isbell, dean of administration of the Michigan State Normal college at Ypsilanti, survives.

2nd Annual City Golf Tournament Opens August 16

Saturday, August 16 will be the opening date of the city's second annual golf tournament, the stimulating golf event so successfully started last summer in which amateur golfers residing in the city and township of Plymouth and the townships of Livonia, Canton and Nankin have the opportunity to share in the generous prizes and awards made available through the sponsorship of Hilltop Golf club and the merchants and businessmen of Plymouth. If anything, the amount of awards will top those of last year judging by the spontaneous enthusiasm of this year's sponsors.
As in last year's tournament, the field of entries will seek a place in the contest by being one of the 64 players who will qualify on Saturday, August 16 in an 18 hole medal play (total score) round. The 64 qualifiers by virtue of their scores will be placed in four different flights; namely, championship, first, second and third flights.
Match play to determine the winners in each flight will begin Sunday, August 17 and will continue Saturday, August 23, Sunday, August 24, with the finals to be played Saturday, August 30.
Entry blanks for the tournament may be secured at The Plymouth Mail office, the Davis & Lent store and the Hilltop Golf Club. The blanks properly filled out together with the entry fee of \$2.50 must be in the hands of Max Todd, owner of Hilltop, not later than Tuesday, August 12 at 8 p.m.
Seeking to defend their crowns as winners last year will be Tom Lock, winner of the championship flight and amateur golf champion of Plymouth; Bud Archer, winner of the first flight; Paul Richard, winner of the second flight, and Bill Morgan, winner of the third flight.
Trophies and prizes in this year's event will be awarded to the winners at a dinner dance at the Saddle Ridge club on Curtis road at which time Mayor Jack Taylor will congratulate the new champions and present the awards. The public is invited to attend this affair.

Rotarians in Conference Here

Nearly 175 Rotarian officials from eastern Michigan and Western Ontario were in Plymouth Thursday to attend the annual Rotary conference of newly elected presidents and secretaries. The conference was held in Plymouth upon invitation of District Governor George A. Smith, who presided at the session held in the high school auditorium. The noon luncheon was held at the Mayflower hotel, with many Plymouth club members in attendance. Among the visitors were some of the outstanding members of the club, including Dick Hedeker of Detroit, retiring president of the world organization.

Loading Station Being Built By The Twin Pines

Workmen have started the erection of an office building and loading dock for the Twin Pines Farm dairy at 1773 Starkweather avenue to serve the Plymouth milk dealers who are now operating the business in this vicinity.
The local dealers who own the Twin Pines Farm dairy business in Plymouth are John Leitz 1357 Sheridan; M. P. (Shorty) Miller, 276 Union Street; and Howard Shipley, 239 Fair street.
The new building is being erected for their convenience and to enable them to provide high type service. The structure will be 20x40 feet, one story and of fire-proof construction. It will be of concrete block and cement construction and workmen are expected to have it ready for use within the next three weeks.
A circular drive 22 feet wide will be constructed from the street which will enable the larger milk delivery trailers to be driven to both the front and back of the building. The new structure is located directly south of Carl's Kasco feed store.
The lot which has 100 foot frontage on Starkweather and a depth of 170 feet, will be beautified and made into an attractive place. The Twin Pines does not contemplate the use of the local parking lot or storage or processing plant. It will be used only for milk loading and transmittal purposes to the dealers who serve Plymouth and vicinity.

Killed While Riding Bicycle

Funeral services for Merle Isbell, son of Mr. and Mrs. W. N. Isbell, of Howell farm, residing in Plymouth, who was killed when hit by an automobile while riding a bicycle, were held last Saturday, burial taking place in the family lot in Ann Arbor.
Ralph Cole, of this city, who was a neighbor of the Isbells when they lived in Plymouth, acted as one of the pallbearers. The young man was killed on July 23 on the main street in Howell. It was on July 25 that Mr. and Mrs. Isbell celebrated their 50th wedding anniversary.
Besides the parents another son, Egbert Isbell, dean of administration of the Michigan State Normal college at Ypsilanti, survives.

2nd Annual City Golf Tournament Opens August 16

Saturday, August 16 will be the opening date of the city's second annual golf tournament, the stimulating golf event so successfully started last summer in which amateur golfers residing in the city and township of Plymouth and the townships of Livonia, Canton and Nankin have the opportunity to share in the generous prizes and awards made available through the sponsorship of Hilltop Golf club and the merchants and businessmen of Plymouth. If anything, the amount of awards will top those of last year judging by the spontaneous enthusiasm of this year's sponsors.
As in last year's tournament, the field of entries will seek a place in the contest by being one of the 64 players who will qualify on Saturday, August 16 in an 18 hole medal play (total score) round. The 64 qualifiers by virtue of their scores will be placed in four different flights; namely, championship, first, second and third flights.
Match play to determine the winners in each flight will begin Sunday, August 17 and will continue Saturday, August 23, Sunday, August 24, with the finals to be played Saturday, August 30.
Entry blanks for the tournament may be secured at The Plymouth Mail office, the Davis & Lent store and the Hilltop Golf Club. The blanks properly filled out together with the entry fee of \$2.50 must be in the hands of Max Todd, owner of Hilltop, not later than Tuesday, August 12 at 8 p.m.
Seeking to defend their crowns as winners last year will be Tom Lock, winner of the championship flight and amateur golf champion of Plymouth; Bud Archer, winner of the first flight; Paul Richard, winner of the second flight, and Bill Morgan, winner of the third flight.
Trophies and prizes in this year's event will be awarded to the winners at a dinner dance at the Saddle Ridge club on Curtis road at which time Mayor Jack Taylor will congratulate the new champions and present the awards. The public is invited to attend this affair.

LOCALS

Last Wednesday evening Mr. and Mrs. Miller Ross, Mrs. Sarah Ross, and the Misses Peggy Plummer and Betsy Ross had dinner at the Rotunda Inn at Pine Lake.

The Women's Society of the Newburg Methodist church will have a pot luck dinner at 12:30 o'clock next Wednesday, August 6, at Breakfast Drive in Riverside park.

Mrs. Alice Ottowitz and Diane and Mrs. Monica Johnson and Jerry were guests of Mrs. Miller Ross at an informal tea Tuesday at the Ross home on Ann Arbor trail.

Mr. and Mrs. R. J. Stewart and Bobby of Blunk avenue and Mr. Stewart's parents, Mr. and Mrs. John Stewart of Clinton, spent the weekend with Mr. and Mrs. Guy Rowell at their cottage on Lake Huron.

Bently Crane, son of Mr. and Mrs. Leo Crane of Penniman avenue, who has been at Mt. Carmel hospital for the past week and a half is greatly improved and is expected home this weekend.

Mrs. O. F. Beyer entertained eight guests at luncheon last Wednesday honoring Mr. and Mrs. Charles Kalim of Washington, D. C., who were the house guests of Mr. and Mrs. Carl Hartwick.

Sunday callers at the William Martin home in Newburg were: Mr. and Mrs. William Gay and family of Detroit, Elizabeth Roe, and Mr. and Mrs. Eldon Martin of Plymouth, and Mrs. Ida Beyer and granddaughter of Newburg.

Mr. and Mrs. Lloyd Sharland of Territorial road announce the birth of a son, Randall Lee, weighing eight pounds, five ounces. He was born Monday, July 21, at St. Joseph Hospital in Ann Arbor. Mrs. Sharland is the former Alice Gottschalk.

Mrs. Vernon Felt and daughter, Carol, of Ishpeming who were called here because of the death of her daughter-in-law, Mrs. Nelda Felt, have been the guests of Mr. and Mrs. Norman Alband and Mr. and Mrs. Louis Sieloff.

Mr. and Mrs. Fred Kendall and baby daughter left Saturday morning for Niagara Falls, N. Y. for a visit with relatives. From there they will go to Winona Beach near Bay City where they will spend a few days.

The Starkweather Child Study group met Monday night, July 28, with Dr. Trow and Dr. Blakeman from the University of Michigan as guests. The group is sponsored by the University of Michigan and discussed plans for the fall meetings.

Dr. and Mrs. A. C. Williams and children are leaving in a few days to enjoy a brief vacation at their cottage at Lake Tecon, near Gaylor. Dr. A. H. Crighton of Detroit will take over Dr. Williams' office while he is away.

Mrs. Hazel Murphy and daughter, Joanne, have returned to Plymouth and are now living with Miss Clark on Ann street. Mrs. Murphy is recovering from the injuries she received in an automobile accident last winter.

Mrs. Mate Loomis, who is at the Drake sisters' home on Harvey street, is gradually recovering from a fall last February when she broke a bone in her left hip. Mrs. Loomis wishes to thank the Moms club and all the friends who so kindly remembered her with flowers, cards and good reading.

Saturday evening of last week Mr. and Mrs. Manfred Becker and family were hosts at a co-operative dinner at the park in honor of the birthday anniversaries of Annabelle Clark and Robert Fyffe of Ferndale. Guests included Mr. and Mrs. Roy Clark, Lloyd Clark, and Richard Stanley of Plymouth and Mr. and Mrs. Jim Fyffe, Mr. and Mrs. Vernon Fyffe, and Mr. and Mrs. Joseph Oliver and daughter of Ferndale.

The Sunday school of St. Peter's Lutheran church held their annual picnic Wednesday evening at Riverside park. Gerhardt Mueller, who will teach at the new Lutheran school next week, was introduced to the people.

The Get-to-Gether Club met Tuesday evening for a pot-luck supper and pedro, with Mr. and Mrs. Frank Taylor. Nineteen members and four guests were present. The next meeting will be on Tuesday evening, August 12th, at the home of Mr. and Mrs. Archie Herrick on Bradner road, ing Michigan.

Mr. and Mrs. Howard Stark and Charles were hosts at a family gathering Sunday at their home on Blunk avenue in honor of Mr. Stark's sister, Mrs. Clifford Hyde, and her son, Clifford, who are visiting here from Texas. Guests were present from Ann Arbor, Northville, and South Lyons.

Mrs. Michael Lavor and daughter, Burnette, are spending three weeks vacationing at Rosedale Ranch in Evergreen, Colorado as the guests of her sister and brother-in-law, Mr. and Mrs. C. E. Stanfield. Mr. Lavor, who accompanied his wife and daughter to the ranch returned Sunday after a week's vacation there.

Mr. and Mrs. Valbert Groth of Owosso were dinner guests Saturday evening of his parents, Mr. and Mrs. Albert Groth at their home on North Harvey street. The Valbert Groths are spending this week at Houghton Lake with her parents, Mr. and Mrs. Oscar Lehman.

Mr. and Mrs. Ward Smith and children, Doris, Betty Lou, and Lynwood, are back at home on Blunk avenue after a ten day vacation at Mayville. While at Mayville the Smiths had as their weekend guests Mr. and Mrs. Andrew Timcoe and David, Mr. and Mrs. Dwight Paddock and Carol Ann, Mr. and Mrs. Ralph Roy and Dennis and LaVerne Reutenbar.

Ruth Ann Richwine, daughter of Mr. and Mrs. Walton Richwine of Pacific avenue, is visiting this week with her grandmother, Mrs. James Wilson, in Detroit. Last week Judy and Marilyn Richwine were guests of their grandmother Wilson.

Mr. and Mrs. Herbert G. Culver of Palmer avenue attended the convention of the American Society of Piano Technicians held in Detroit last week. Nearly every

state in the union was represented and foreign countries including India. Mrs. Culver served as a National Committee woman for the Ladies Auxiliary represent-

Dr. and Mrs. John C. MacIntyre visited their daughter Joan, in Fort Franks, Ontario, last weekend. Joan is spending six weeks at summer camp. Dr. and Mrs. MacIntyre are leaving Wednesday for a trip to Chicago and St. Louis to be gone the rest of the week.

Navy Recruiter Here August 4

A navy recruiting officer will be at the Plymouth postoffice on August 4 between 11 o'clock in the forenoon and 1 o'clock in the afternoon for the purpose of giving information and taking applications for enlistments in the U. S. navy.

Enlistments are for a period of 3, 4 and 6 years and the age limits are from 17 to 30 years. Consent of parents is required for young men 17 years of age.

The navy is offering young men an opportunity to learn one of 80 skilled jobs, with opportunities for world travel at the same time.

The Plymouth Mail Want Ads bring results.

LOCAL News

Mrs. Albert Thornton of Deckerville was a guest of Mr. and Mrs. Ira Veucosovic last week.

The Lutheran Ladies Aid will be held at the home of Mrs. Edward Schacht at 9545 Ridge Road next Wednesday, August 6. There will be a pot luck dinner at noon.

Mr. and Mrs. S. W. Smiley left Wednesday morning for their home in Cedar Rapids, Iowa, after having been the guests for a week of Mr. and Mrs. LeRoy Jewell. Last week the Jewells and their guests took a trip to Niagara Falls and the first part of this week they motored to Sault Ste. Marie in the Upper Peninsula.

Leads Plymouth Band in Concert

Tonight (Friday) Plymouth music lovers will have an opportunity to hear the featured Community Band concert of the summer season, beginning at 8:00 o'clock at Relogg park. A varied program has been arranged by Paul T. Wagner, director of high school instrumental music, who has made provision for the appearance of Myron E. Russell as guest conductor.

Russell is currently associated with the University of Michigan as a member of its summer school music department faculty. He is associate professor of woodwind instruments at the Iowa State Teachers college as well as director of the college band and instructor of ensemble and woodwind instruments there.

The Kansas City "Star" has the following to say of Prof. Russell's college band: "The best band in the Missouri Valley Conference."

Augmenting the Plymouth Community band on the program will be a number of U. of M. musicians.

In Mount Vernon, Ill., a merry-go-round gathered speed, suddenly went wild, threw off three children, injured two workers, for six minutes whirled a terrified mother and child at 40 m. p. h.

Thanks, Plymouth!

Douglas Miller Rockwell Smith

It is impossible to adequately express our appreciation to every one of you who attended our Grand Opening last weekend and wished us success. So we must take this means of publicly thanking you for your overwhelming approval of our new store, indicated by the many hundreds of you attending the opening Saturday.

We are sorry the supply of gifts we had promised you was exhausted so early in the day... but we had no idea there would be so great a number accepting our invitation. It is our hope that we can serve you now and in the future in a manner warranting your continued patronage.

204 S. Main Street Across from City Hall

The Plymouth group of button collectors entertained the Detroit and Ann Arbor members of Log Cabin group, No. 1, a cooperative dinner in the home of Mrs. Carl Starkweather, Saturday, July 26. Mrs. Ethel Royce, the state president, conducted the program and Mrs. Catherine Todd told about the Rogers statuary groups that were in vogue during the 80's.

Last Sunday about 75 members of H. Company of the famous 32nd Red Arrow Division of World War I met at the home of Mr. and Mrs. Mayford Sieloff on Haggerty Highway. All enjoyed a bounteous picnic dinner on the spacious lawn. Several games were played. The soft ball game ended in a tie and will be played off next year. Refreshments were plentiful and all had a delightful time.

There were 49 members of the Plymouth Ex-Service Men's club and their wives in attendance at an out-door steak roast Sunday afternoon at the cottage of Chief of Police and Mrs. Lee Sackett at Upper Straits lake. The committee in charge of serving the dinner was composed of Harold Jacobs, Bert Coverdale, Albert Groth and Harry Mumby. They proved themselves experts at the task to which they had been assigned. Chief Sackett and Harry Mumby competed for the best fish story, with the honors going to the Chief.

Daisy and Allen Teams to Play

Sunday afternoon at 3 o'clock, the fast Daisy team will play the speedy Allen club at the Daisy Recreation field.

There are seating facilities in the shade, plenty of room to park cars close by and there will be a refreshment stand in operation. The game is expected to be one of the fastest of the season.

Grain bins should be made tight so that insects and rodents cannot enter and damage the grain.

Come unto me, all yet that labour and are heavy laden, and I will give you rest. — Matthew 11:28

OBITUARIES

Louis Ruppert

Funeral services were held Monday, July 28 at 2 p.m. from the Schrader Funeral Home for Louis Ruppert who passed away Friday July 25 after a long illness at the age of 71 years. Mr. Ruppert was born on August 7, 1875 the son of Charles and Bertha Ruppert at Bech, Michigan. He formerly resided at 1316 Second Boulevard, Detroit.

Mr. Ruppert was a veteran of the Spanish American war. He was a Western Union telegraph operator for many years until his illness four years ago.

Surviving are two brothers and one sister, Mrs. Bertha Renz of Toledo, Ohio; Herman H. Ruppert of Whitefish, Montana, and Rudolph Ruppert of Detroit also other relatives and friends. Rev. George MacDonald Jones of Newburg Methodist church officiated. Two hymns were rendered by Mrs. J. T. Chapman at the organ. Members of V.F.W. who acted as pallbearers were: Robert Burley, David Garrison, Kenneth and Berle Fisher, Matt McClellan and Edward Brown. Interment was in Riverside cemetery.

Kroger

Close to Cost!

Now and then someone comes up with the idea that Kroger makes 10% or 15% or even 20% per dollar sale. Actually, Kroger's net income last year was less than 1%. That's not even 2c on each dollar of sales. No business shows a smaller profit margin than the retail food business. Kroger prices are always close to cost.

HELP BUILD AMERICA'S AIR POWER
on AIR FORCE DAY, AUGUST 1ST

No one today questions the fact that the whole future of the United States may rest in the very clouds over your head. And the new, reorganized Air Forces give thousands of eligible young men an opportunity to take an active part in building America's air power... on the ground as well as in the sky.

You may, for example, enlist in the Air Forces for three years. If you have a specialty which will qualify you, you may also be able to enlist in a grade at higher pay.

If you have had Air Forces experience, you may join the Air Reserve and continue your military aviation training outside of business hours.

Or, you may join the Air National Guard and perhaps become eligible for advanced technical training at special Air National Guard schools.

On Air Force Day, make a point of finding out everything about your Air Forces — especially the new Aviation Career Plan described below. Full details can be obtained at your U. S. Army Recruiting Station.

NOW—THE WORLD'S GREATEST OPPORTUNITY FOR A CAREER IN AVIATION

Today the Army Air Forces offer high school graduates an unprecedented opportunity to get the finest aviation schooling on earth — and select your school or course before you enlist.

The AAF Career Plan is unlike anything ever offered before. It permits selected high school graduates to apply and qualify for AAF specialized courses of their own choice. Simply go to your U. S. Army Recruiting Station, advise the Recruiting Officer the kind of aviation training you want and he will provide you with an application blank and a complete list of available courses.

When you are selected to attend the course of your choice, you enlist in the Army Air Forces for 3, 4 or 5 years. After your basic training period you are guaranteed the education you want selected to make you a specialist in the type of work you want.

Get a list of all the schools and courses open to you under the AAF Aviation-Career Plan at your U. S. Army Recruiting Station.

FAIR IN THE LIGHT OF MEMORY SHINES
MICHIGAN MICHIGAN
ELTON R. EATON

It was my good fortune a few evenings ago to be invited with a group of Michigan editors to witness the opening of the 1947 "Showboat" over at Lowell in Kent county.

Lowell is a beautiful little Michigan municipality lying in the valley of the Grand river, the stream flowing directly through the heart of the town and providing an ideal setting for its famed "Showboat" entertainment. There is the right sort of a bend in the river just the right distance from where the boat docks.

With the band seated on the deck playing, the colored "end" men doing their part and gayly dressed ladies adorning the deck, it was truly an amazing and accurate reproduction of a strictly early American river creation one witnesses as the boat chugs its way to the stage landing.

Nearly 6,000 people applauded a two hour entertainment far superior to most shows the big metropolitan centers offer. And amazing as it may seem, local talent provides a very good portion of the best part of the entire program. From beginning to the end there were plenty of incidents to create the hearty laughter the country so badly needs in these hectic times.

The Lowell "Showboat" is an

outstanding example of what a progressive community can be accomplished by a little display of cooperation and a willingness to put some pent-up energy into a worthwhile project. The entire state of Michigan benefits, as well as do all of the people of Lowell.

Large numbers of tourists from this part of Michigan have traveled over the old wooden bridge that crossed the Tahquamenon river at the point where it flows into White Fish Bay.

They will be interested in Editor Weber's comment, which follows. (The paragraphs having been inserted by the Michigan my Michigan writer):

"The breakdown of the old rattle-trap bridge across the mouth of the Tahquamenon River at this time when Whitefish Point summer home owners, and visitors began crowding into that area may have embarrassed the Chippewa county road commission and the other county interests that permitted traffic to use that old detestable, but in the end it can be looked upon as a blessing, a lucky break.

"No one was hurt or lost much when the bridge collapsed, but it did oblige the Chippewa and Luce county road commissions to get busy and make a road good and safe and passable that has been selfishly and thoughtlessly neglected for years, and perhaps would not be opened today had it not been up to the conservation department to keep the road open.

"If any one even hinted an unkindly word about Jeff, we wouldn't chase him out of town. We'd just hang him!" asserted Mr. Runciman. And we believe they would do it.

"Jeff" is a great editor. A dozen years or so ago doctors told him he was going blind, that there was nothing medical science could do to save his eyesight. So he prepared for the time when the days would turn into nights and there would be no more sunrises and sunsets in his life.

Only such a noble character as "Jeff" could accept the verdict in the spirit that he displayed. Did he throw up the sponge and say "quits" because he could not see any more? Not Jeff.

For over a score of years he has carried on just as though nothing had ever happened. His column on the first page of The Ledger, under the heading, "Jokes, Jest, Jabs, and Jibes Just by Jeff" is as breezy and as interesting a newspaper feature as published in the entire country.

When "Jeff" arose to say a few words to his friends and associates who had come from all parts of Michigan to witness Lowell's famed "Showboat" show, no person in my memory of many years ever received such applause direct from the hearts of an audience as did "Jeff."

Yes, for the writer, it was a great night—a fine show and a brief opportunity to visit with one of God's chosen editors.

A Weber, one of Michigan's greatest conservationists. (and when we say "greatest" we include all of the much talked

outh Red Sox scored their first victory defeating Northville 10 to 3. Wayne tied for second place defeating Livonia Recreation 6 to 1. Daisy suffered their second defeat in as many weeks as the Livonia Firemen won 11 to 4.

Standings as of July 23:

Team	Won	Lost	%
Cardinals	5	0	1000
Wayne	3	1	750
Livonia Firemen	3	1	750
Daisy	4	2	667
Redford	3	2	600
Plym. Red Sox	1	4	200
Livonia Recrea.	1	5	166
Northville	0	5	000

Schedule for Tuesday, Aug. 5, 6:00 p.m.
Livonia Firemen vs. Plymouth Red Sox — Nankin Mills.
Cardinals vs. Wayne, Riverside.

There will be one more week of play following the games of August 5. The team with the highest percentage at that time will represent Plymouth in the State Junior Baseball Tournament in Dearborn, Michigan, on August 22, 23 and 24.

The Cloverdale Farm Dairy baseball team will play Sunday at Riverside Park at 3:00 p.m. with the Plymouth Sport Shop team. This is the first game of the play-off.

Industrial League playoffs begin August 4. Playoffs to determine the team that will represent Plymouth in the State Tournament at Midland on August 22, 23 and 24 will open at 6:15 p.m. on Monday, August 4 at the Daisy field. One game will be played each evening Monday through Friday for the next two weeks. Tuesday and Wednesday's games will be played at Central High school field, Thursday at Daisy and back to Central on Friday evening. The playoffs will be two loss elimination.

The top four teams in the standings will play in Class A and the bottom three will be Class B. Oldsmobile and the House of Correction are definitely in the playoffs in A, with positions three and four determined last night when Cavalcade met the Merchants on Central field. Evans Products have completed their schedule and have an outside chance of entering Class A dependent upon last night's results. Daisy and Wall Wire are definitely in Class B.

Each player of the winning Class A and Class B teams will receive a trophy. These awards will be on display this weekend in Plymouth Sport Shop window.

There will be a meeting of all team managers and umpires at 7:30 p.m. Friday, August 1 in Room 204 of the City Hall to determine the playoff draw and rules.

Old timers softball. Joy Bar remained in first place as Kiwanis forfeited to them on Wednesday, July 23. Twin Pines played off "Shorty the Milkman" to defeat the North End Merchants 13 to 1.

If you have any items of interest about your family or friends please call 16.

Western Wayne League News

The Wiedman Cardinals remained undefeated and in first place by defeating Redford on Tuesday, July 22. The Cardinals had some anxious moments as they won by the score of 1 to 0. Jack Schenk Cardinal pitcher, threw brilliantly with men on bases scattering four hits, as his teammates kept him in hot water by committing six errors. The winning run was scored with one out in the last half of the seventh. Jerry Harder walked and stole second as Blessing struck out and scored a moment later as Redford committed their only error.

SPEED COUNTS AT Milking Time

Faster milking, according to dairy tests, helps increase milk production. The gentle, thorough action of McCormick-Deering Milkers helps your cows let down their milk faster—and give more milk. McCormick-Deering Milkers also decrease the amount of strippings and help maintain healthy udders. Take good care of your milker. Ask us for suggestions on keeping it operating efficiently.

Washing with hot water (130° F) not only promotes sanitation but stimulates the let-down action.

Foremilking reduces bacteria count and is a check on the health and condition of the udder. A uniform routine for time and order of milking is important.

Plymouth Youth at Bikini Atomic Bomb Experiments Gets Blood Test

Robert Wilson, North Mill street (standing)

Robert L. Wilson, (right) fireman, second class, USN, son of Mrs. Pearl Wilson of 334 North Mill street, Plymouth, Mich., is shown having his blood tested for radio activity by a pharmacist's mate in the dispensary of the cruiser USS Albany.

Wilson was tested because of his participation in "Operation Crossroads," the Atom Bomb experiments made at Bikini Atoll in July, 1946.

The USS Albany, one of the Navy's newest heavy cruisers, is engaged in a series of Naval Reserve Training Cruises.

In Chicago, the Brookfield Zoo's giant anaconda, "El Diablo," gave birth to 21 baby anacondas, was hastily renamed "La Diabla."

In Cincinnati, Noah Bass, arrested for draft evasion, explained he didn't read very much, didn't know a war was on, slept "most of the time."

Russell Daane New Commander

Joint installation and memorial services for the 17th District of the American Legion will be held this Friday evening at Northville. The new officers of the local posts will be installed at that time. The new officers of the Myron H. Beals Post 32 who will serve for the coming year are: Russell Daane, commander; Carl Schultz, senior vice-commander; Eugene Shipley, junior vice-commander; Harold Jacobs, sergeant at arms; Chauncey Evans, finance officer; Don Ryder, post service officer, and Charles Ryder, incoming adjutant.

William Langmaid will be re-installed as commander of the Passage Gayde Post and the officers who will serve with him for the coming year are: Nicholas Campbell, first vice-commander; Gilbert Hamilton, second vice-commander; Raymond Flanagan, treasurer; Carroll Lee, historian; Vernon Miller, chaplain; and Leslie Poczik, sergeant at arms.

Past-commanders Melvin Guthrie and John Moyer and wives, Commander John Jacobs and Mrs. Jacobs, Mrs. Rebecca Erdelyi, president of the Ladies' Auxiliary, Mrs. Langmaid, Mrs. Flanagan, Mrs. Poczik, Mrs. Ryder, Mrs. Daane, Mrs. Schultz, Mrs. Shipley, and Mrs. Harold Jacobs will also attend. A dinner at the Methodist church in Northville will precede the installation and memorial services.

In Lafayette, Ind., Spanish-American War Veteran Robert S. McCann, who had paid his way home from the Philippines in '99, finally got a Government travel check for \$378.

Richard Moffitt with the Army in Japan

Private First Class Richard E. Moffitt, is now serving with the famed, fighting First Cavalry Division which is now on occupational duty in the Tokyo-Yokohama area of strategic central Honshu, Japan.

The First Cavalry fought all the way from Australia in the Pacific campaign of World War II and was first in Manila and first in Tokyo.

Moffitt entered the army in September, 1946 and took his basic training at Fort Knox, Kentucky. He went overseas in December, 1946 and was immediately assigned to Headquarters Troop, 8th Cavalry Regiment where he is now serving as a radio operator. A graduate of Plymouth High School, Moffitt plans to continue his education under the G. I. Bill of Rights upon discharge from the army.

His wife and daughter, reside at 9007 Oporto Route 2 Wayne.

Do not use chick feed for turkey poult feed. To thrive, young turkeys require a more concentrated diet than chickens, MSC poultrymen declare.

Wild Lifers To See Pictures

There is going to be a regular meeting of the members of the Western Wayne County Conservation club Monday evening at the clubhouse, announces President Brick Champe.

Arrangements have been made by Dr. Champe to have Ray Raths of the Raths Sport shop in Detroit, present some of his motion pictures of duck and pheasant hunting in South Dakota.

Besides showing these pictures there will be some discussions of interesting conservation problems. Refreshments will also be served.

In Pittsburgh, Paramount employees sought a picnic place in South Park, were offered choice Warner Grove, indignantly refused, took Monongahela Grove instead.

In Munsville, N. Y., Farmer Wesley Bolin slid down a rope from a hayloft, set off matches in his pocket, watched his barn burn to the ground.

VACATION The L. L. Ball Studio

will be closed for two weeks
August 2nd to August 18th.

THE GARNER

© HOUSING PLAN SERVICE, Inc.

THE GARNER — There's sturdy strength in the GARNER. Only 21 by 34 feet, it is ideal for the narrow plot, a prize-winner in the modern, brick-bungalow class that carries the seal of approval of Structural Clay Products Institute. Designed to conform to the Property Requirements of FHA, its electrical layout is by National Adequate Wiring Bureau to insure maximum electrical efficiency for appliances and for lighting without the glare that induces eye strain. Built of brick with tile or metal roof it is as near fireproof as a house can be. Simple lines distinguish the GARNER. Its steel-casement corner windows impart a distinction seldom found in small houses. They provide cross ventilation and an unusual amount of wall space for attractive furniture arrangement. It would be difficult to find a more compact, efficient, economical plan. Kitchen and bath are back-to-back to minimize plumbing cost. The bath is a step from each bedroom. Closets are plentiful. The

basement offers loads of room for recreational hobbies. Further information is obtainable at our office.

Plymouth Lumber and Coal Co.

1937 telephone rates won't work in 1947

THERE have been a lot of changes moneywise since 1937. Wages have gone up. Taxes have gone up. Prices of most things have advanced. But during this time, telephone rates haven't budged an inch ahead.

The last rate increase, in fact, was in 1926—21 years ago! From then until 1937 telephone rates went down substantially. Since 1937, there have been even further local reductions in a number of exchanges, and toll rates have come down too. But, in general, the 1937 rates prevail today.

Looking at the other side of the ledger, post-war wage adjustments alone, including settlements reached during the recent strike, have boosted our costs \$11,000,000 a year. All our other costs have risen, too.

But our income hasn't gone up nearly as fast as our costs. In the ten years since 1937, income has increased 141%. Costs have gone up 193%. Our return on investment has dropped more than a third.

We've held the line on rates just as long as possible. Now we have to ask

for an increase in order to protect our customers' service.

We still have a lot of additions to make to the telephone system before we can give service to those who are waiting, and give better service to everybody. This will take a lot of money... money which must come from investors. Investors will put up the money only if they are assured a fair return, which we cannot provide under our present rates. A growing business, especially, has to earn a good return in order to attract the capital needed for growth.

So the future of Michigan's telephone service depends on raising rates enough to assure the financial stability of your telephone company.

That's why we're going to ask the Michigan Public Service Commission for a public hearing to review our proposed new schedule of rates. (The Public Service Commission is the body established by State law and appointed by the Governor to regulate utility rates.) During the week of August 3, we'll publish details of the proposed

rates throughout Michigan Bell territory. After that, we'll file the petition with the Commission.

We feel the same way you do about raising rates. We'd rather not have to do it. But, when the quality of your service is in question, we have no alternative.

TODAY'S SITUATION COMPARED WITH 1937

NOTE: Where the term "Income" is used above, its meaning is the same as "Revenue" or "Gross Income." Where the term "Investment" is used, it means the original cost of the telephone property less the depreciation reserve accrued against the ultimate retirement of the property.

ROSEDALE GARDENS PRESBYTERIAN CHURCH, Hubbard and West Chicago, 1 1/2 miles west of Middlebelt, 3 blocks south of Plymouth road. Rev. Woodrow Wooley, minister. Phone LI. 2359. Mr. Wooley will be away the first four Sundays of August. Services will be held as usual at 11 a.m. Sunday, Aug. 10. Rev. Walter C. Jones of Ann Arbor, minister for 15 years of the Blissfield Presbyterian church, now Stated Clerk, Lansing Presbytery. The church school and Christian Youth League will be on vacation until Sunday, Sept. 14.

SAINT PETER'S EVANGELICAL LUTHERAN CHURCH, Spring St. Rev. Edgar Hoenecke, pastor. Sunday School, 9:30 a.m. Sunday service, 10:30 a.m.

Old Timers Hurl Northville Defy

"Seed" Milross, one of the former great Plymouth baseball players, accepted Northville's Orson Atchison's challenge to be played in the near future in Plymouth.

Twenty-five former Plymouth "greats" answered "Seed's" first practice call on Monday July 28 at Riverside Park. Those present were: Harry German, Char Penney, Robert Todd, Earl Wolf, Harry Wolfe, Sr., Earl Gray, Ivan Gray, Rube McKinney, Roy Wolf from "Whitey" Martin, Armbold Jaska, Johnnie Destafno, Harry Hunter, "Dank" Smith, Vaughn Smith, Bud Giles, Henry Hees, Howard Johnson, George Butcher, Mart Strasen, Herman Hartner, Ed Dobbs, "Seed" Milross and Dunbar Davis.

The "boys" sat around and talked of the "good old days" after a good fielding and batting practice. Harry German displayed some of his "stuff" in batting practice as Milross, Davis, and Vaughn Smith connected for some solid blows.

The next practice will be at 6:30 p.m. Tuesday, August 5 at the Central High school field.

Any Old Timers who did not appear at the first practice are encouraged to come out Tuesday and join the boys.

Jeff Davis Built This Lighthouse In Michigan Before The Civil War

Through all the years of travel as a top American pastime, Michigan has exerted a strong lure on residents of the states to the southward, for here in Michigan these visitors find something completely new in scenery and climate, something entirely different from their own sections.

And now Michigan has something additional with strong lure for the Southrons.

It is the little lighthouse just north of Alpena, the little light built in 1838 as one of the first assignments of a young United States Army engineer—Lieutenant Jefferson Davis by name.

Yes, 20-odd years before he was to become President of the Confederate States of America, young Jefferson Davis supervised the construction of that lighthouse, and his ability as an engineer is seen in the everlasting

Just north of Alpena stands this old lighthouse, built in 1838, when Michigan was just one year old as a state. Its construction was under the guidance of Lieutenant Jefferson Davis, who, 25 years after its building, became President of the Confederate States of America. The old lighthouse is owned by Francois Burgoyne Stebbins of Lansing, who is preserving the place as a shrine to those of the South who died for what they thought was right.

strength of that structure. Walls three feet thick. Winding stone stairway. One of the sturdiest lighthouses to be found along any American coastline.

That lighthouse is steadily forging ahead as a great Confederate shrine since its owner, Francois Burgoyne Stebbins of Lansing, decided to open it to the public as a Michigan highlight. Daughters of the Confederacy are inclined to make the lighthouse a Confederate shrine comparable with Beauvoir, in Mississippi, where Davis spent the late years of his life in writing "The Rise and Fall of the Southern Confederacy." It is probable that a statue of Davis will be raised alongside the sturdy structure, and Stebbins plans to fly the Stars and Bars as a tribute to that great Southerner.

And the story which goes with Stebbins' plan is just as intriguing as the lighthouse itself, for the yarn goes back to Civil War days when his grandfather, John Burgoyne, fought under Sherman and followed Sherman on his "march to the sea." That early ancestor of the Lansing business man saw much of fighting against the Confederate troops, the followers of the man who built the lighthouse, and came out of the conflict with an abiding admiration and liking for the Southerner; in fact, much of his time, in

declining years, was spent in the South.

John Burgoyne was the idol of his grandson, and when Stebbins came into possession of the old lighthouse he immediately launched into preparing it as a tribute to the Southerners his grandfather so admired. The place has been landscaped and made into one of the most delightful beauty spots along the shores of Lake Huron. Much of early Michigan, as well as relics from the South, have been gathered in the old light-keepers' quarters.

And grand old John Burgoyne was just as colorful as the sctry his grandson is developing for he was a direct descendant of General John Burgoyne, who descended upon this young country in 1775 to join General Gage at Boston and fight in the Battle of Bunker Hill. Later he was sent to Canada as Governor and returned to England in 1777 to take command of an expedition against the United States, an ill-fated mission whose failure largely contributed to freedom for this country—for few battles in his history have achieved results as far-reaching as that at Saratoga, when Burgoyne surrendered. And after his days as a warrior, the ancestor of Francois Burgoyne Stebbins retired to produce dramas, one of his most successful "The Heiress," still looked upon as a masterpiece.

So, to the Southerner visiting Michigan, I'd say along with young Stebbins:

"See Alpena, by all means, and drop in on the old lighthouse just as a tribute to the Southerner who built it."

Electrical accidents and fatalities can be avoided if farmers and other people will advise Detroit Edison whenever they are pulling pipes from a well or putting pipes down a well which is located anywhere near an electric line of 30 to 110 volts.

A company official says "Lives can be saved each year if this is generally understood by those people who have occasion to do this work."

"Wells are particularly dangerous," said William W. Williams, chief engineer of lines of the company, "because the man working on them is likely to have a perfect ground. Sometimes trees and shrubs may make him forgetful of the wires. The company stands ready to take down the wires if necessary to insure the safety of the operation. Safety precautions should be followed whether the wires are part of the customer's equipment and on his own property or whether they are on a public right of way. All Detroit Edison farm service advisors are being asked to carry this information to farmers, but the help of the press is solicited in making this service more widely known."

Garden insects are of two large classes: suckers and chewers. Sucking insects can be best controlled with contact poisons and chewers with stomach poisons. MISC. entomologists suggest you choose the right insecticide when you "declare war" on pests in your garden.

Ford Starts Up Its Glass Plant

Production of plate glass is being resumed at the Rouge plant of the Ford Motor Company. The furnace was fired a few days ago and the first glass is expected to pour through the rolls about Sept. 1.

An attempt was made to start the plant in April 1946 but a shortage of soda ash forced a shutdown early in May. The purchasing division now has arranged for a sufficient supply of soda ash and Ford production men expect to equal the mark they set from 1939 to 1942 when they averaged 78 tons of glass a day, without interruption, for the three-year period.

The Ford glass plant has a long history in the development of automobile safety glass and the company was the first to use safety glass as standard equipment in production models.

The entire output for the balance of 1947 will be made into 1-8 inch plate glass which is laminated to make windshields for Ford cars and trucks. Operation of the plant will require an additional 300 men to run the furnace and operate the polishing line on a 24-hour basis.

All G. I. insurance policies provide for the waiver of premium payments during the continuous total disability of the insured veterans for six consecutive months or more, Veterans Administration said.

Right from the Horse's Mouth...
Comes the Moisture That Can Ruin Your Stable

In cold weather, moisture and condensate from animals' breath play hob with any sort of wooden farm building—be it stable, cow barn, or poultry or hog house. Dampness rots the timbers; doors and windows swell and warp.

But the Simple Installation of
ELECTRIC VENTILATION
Gives You Clean, Dry, Odorless Air
Wherever Animals Are Housed

A good-sized hog will exhale as much as three quarts of moisture daily, a cow more than two gallons. That spells sure decay for wooden buildings. It can mean trouble with leather in the saddle rooms—trouble with feed and hay, with the livestock and their produce.

Properly planned, correctly installed ventilation can check decay. Electric ventilation, automatically controlled by thermostats, will eliminate drafts, offensive odors, ammonia in the air, and condensate from animals' breath.

See your Edison Farm Service Advisor for up-to-date, impartial and accurate advice on electric ventilating systems. He knows how to determine the size and type of ventilation you need. Plan now to be ready for winter.

A Statement To Our Customers About Resale PRICES of PRODUCTS

Built by International Harvester Company

Here at Harvester we are concerned over the fact that a growing number of our products are appearing on the resale market at greatly inflated prices.

As manufacturers, we try to produce at the lowest possible cost. We cannot set the prices at which our products—tractors, motor trucks, farm implements, refrigeration, and industrial power equipment—are sold. We can and do suggest list prices which the great majority of our dealers adopt as their retail prices.

\$20,000,000 Price Reduction

Our basic price policy was publicly stated in March, 1947, when we announced price reductions at the rate of approximately \$20,000,000 per year on our products. At that time, Fowler McCormick, Chairman of the Board, said: "ANY PRICE IS TOO HIGH IF IT CAN BE REDUCED."

Practically all of our dealers cooperated with this policy and passed on the savings to their customers.

The objective of the price reductions was to make it possible for customers to buy our products; which they need so badly, at lower prices. Naturally, this purpose is defeated when our products are sold by anybody at inflated prices.

IH Production at All-Time Peak

Inflated prices are caused by

the difference between supply and demand. To increase supply, we now have the greatest number of employees in history on our payrolls—almost 90,000 in the United States, as against about 60,000 prewar. Large new plants are getting into production in Louisville, Evansville, and Melrose Park. A fourth will soon be in operation in Memphis. The men and women now employed are turning out the greatest quantities of IH products of all kinds that we have ever made. These are also the finest products we have ever made, and recognition of that fact is an important contributing factor to the demand for them.

Distribution to Dealers

But even record-breaking production is not sufficient to give your dealer—and other IH dealers—enough products to meet today's demand. We have tried to make the fairest possible geographical allocation of our products so that every dealer would get a fair share, and we know that dealers, in most cases, have tried earnestly to make the fairest possible distribution to their customers.

But we also know that many of our products—far too many—are being resold at inflated prices. The public criticism and resentment of these resales are of real concern to us, as we know they must be to our dealers, because such reactions en-

danger the good will of both the dealer and the Company in any community.

Distribution to Customers

Experience shows that many IH new products are being resold by users who decide they can continue to make out with their old equipment after they have had an inflated offer for their new equipment. To eliminate this, many dealers are taking measures to be sure that equipment purchased is for their customers' own use and is not to be resold.

Nearly all IH dealers, we believe, are now using the basis of PRESENT NEED as their primary guide for the sale of scarce products. The customer whose need is real and urgent is not likely to resell.

What Price Should You Pay?

While it may take a little more time to get delivery, we urge our customers to consider all of the factors mentioned here, before paying more than the list price for any IH product. Any IH dealer or branch can furnish the suggested list price for any IH product.

We know that the overwhelming majority of IH dealers are as much opposed to inflated prices as we are. In the public interest, we have already asked their cooperation—and are now asking the cooperation of customers—in correcting this situation.

Hunters to Get New Tag Colors
 When Plymouth hunters open the fall season this year they will wear back tags of three different colors, red, green and blue, the Conservation department has just announced. A million and a half of them are being printed now, in the expectation that this fall's hunting season will see more sportsmen in the fields and woods than ever before.

Simplification of the license schedule permits limiting the colors to three: green for small game hunters, red for deer hunters, blue for archers, with the prefix N in the serial numbering restricted to nonresident licenses. To make sure all 3,000 license dealers have a good supply, the department is ordering 900,000 resident and 20,000 nonresident small licenses, 475,000 resident and 20,000 nonresident deer licenses.
 This fall for the first time bow and arrow deer hunting licenses will be made available at all dealers, to eliminate the delay and difficulty of issuing so many of them in Lansing. About 4,500 archers were licensed to hunt deer last season.
 The new 1497 license fees are, for residents: \$2 for small game hunting and \$3.50 for deer hunting; for nonresidents: \$15 for small game hunting, \$35 for deer hunting, \$10 for bow and arrow deer hunting. For a few exceptional individuals who will be hunting only October 1-10, some hunting licenses good only for the first 10 days of the season are available at conservation department district headquarters.

Recovering from Leg Injuries Suffered at Coaster Derby
 Reports this week indicate that Robert four-year-old son of Mr. and Mrs. Howard McKillip, of North Harvey street, is recovering nicely from injuries received when he was struck by a racer at Plymouth's annual Coaster derby held recently. Young McKillip sustained a fractured leg when one of the racers swerved into the crowd after the driver had lost control in trying to avoid hitting a dog which had strayed onto the track.

The youngster's injuries were covered by insurance taken out by the Junior Chamber of Commerce, which sponsored the race as a part of its Youth Welfare activities.

Farmers' Week To Be Resumed

Farmers' Week, which brought from 30,000 to 40,000 farm people to the Michigan State college campus annually prior to being crowded out by increased veteran enrollment at the close of the war, will be resumed in January, 1948.

E. L. Anthony, dean of the school of agriculture, announced today the dates of January 26 to 29, 1948, had been set aside for the big event which had been held annually for thirty years prior to 1946.

When winter term enrollment in the 1945-46 term taxed classroom, eating and housing facilities of the campus and East Lansing, the 1946 Farmers' Week was cancelled. A further increase in enrollment prevented holding the event in January of 1947.
 Dean Anthony said a conference with Pres. John A. Hannah resulted in a decision to hold Farmers' Week in January, 1948. "We are happy to be able to return this traditional service to the Michigan farm people. We were sorry not to have been able to hold it the past two years, but are sure the Michigan farm people believed as we did that offering educational facilities for our returning veterans should be our first consideration," Dean Anthony said.
 The building program on the campus is progressing to a point where more facilities seem possible by late January. Dean Anthony related. Although enrollment this fall and winter at the college is expected to break all previous records, special arrangements will be made to take care of the visiting farm people.

Famed Musicians Please Audience

Professor Amos E. Ebersole and his accomplished wife Dr. Nellie B. Huger Ebersole, a product of the Plymouth public schools, with competent staff assistance, engineered an exceedingly pleasing program of music at Hartland, last Sunday July 20. This concert was in conjunction with the Waldenwood 17th annual summer study course of religious music for church use.

Dr. Marshall was master of the organ during the hour and a half program. He is head of the Carnegie Institute of Pittsburgh. Murray Foreman, soloist at the First Presbyterian Church, Detroit, thrilled the listeners with his sweet tenor voice. His number was followed by the equally beautiful music of Estelle Andrews, Detroit coloratura soprano.

When Dr. Bidwell near the close of the program looked around and saw the children listening intently to the classical music, he very informally and extemporaneously played the "Donkey Dance" for their pleasure.
 As Dr. Ebersole thanked the artists at the close of the concert, she mentioned that Dr. Bidwell was very gracious to play on their (Hartland) sixteen stop organ when he is in the habit of mastering his own eighty stop organ in Pittsburgh.
 Several Plymouth people were in the audience besides the two or three who are taking the two-

week Waldenwood course. On Sunday, July 27th, the Boys Union choir from the School of Music, Lansing, under the direction of Robert McGill will render the closing concert for the camp.

The Plymouth Mail Want Ads Bring Results

44 ways To get "Something for Nothing"

The railroads have received 44 "rules" demands from the leaders of the operating unions... representing engineers, firemen, conductors, trainmen and switchmen. They say they are seeking only changes in working conditions—NOT a wage increase.

More Money For Less Work
 But what kind of rules are being asked for? Twenty-eight of them would compel railroads to pay more money for the same, or less work; 7 would require additional and unnecessary men to do the same work; the rest would bring about changes in operating practices at increased cost.

For Instance:
 The Union leaders demand additional train and engine crews on Diesel-powered trains—one full crew for every power unit in the locomotive. A freight train hauled by a 4-unit Diesel would have to carry 4 engineers, 4 firemen, 4 conductors, and at least 8 brakemen, or a total of 20 men instead of 5.

"Made Work"—Sheer Waste
 The Union leaders demand that full-length freight trains be cut to about half their length, even though such trains are most efficient for low-cost service to you. This rule would call for twice as many locomotives, would double the number of trains, and make accidents more likely.

Additional equipment, yards, and other facilities required to take care of these short trains would cost hundreds of millions. What the Union leaders really want is to make more jobs.

The Union leaders demand that when a crew in one class of service perform incidental service of another class, they will be paid not less than a day's pay for each class, even though all service is performed as a part of the same day's work. The crew would get at least two days' pay for one day's work.

The Union leaders demand that the present basic day for passenger conductors and trainmen be reduced from 150 to 100 miles, which would have the effect of increasing their pay 50%. Such a run often takes only two or three hours!

You Can't Afford This Waste
 Demands like these are against the interests of the whole American people, who depend on railroad service for nearly everything they eat, wear and use.

These rules would cost a BILLION DOLLARS annually—a gigantic waste which neither the railroads nor the country can afford.

Railroad workers are good citizens and good employees, with pride in their calling. Their record during the war was outstanding. We do not believe they fully understand the "featherbed" rules which the Union leaders are demanding. We do not believe they understand the harmful results which these rules would have to the railroad industry, to the millions of men and women dependent on railroads for their livelihood, and to the shipping and consuming public.

The great strength of America is in production—an honest day's work for an honest day's pay.

For only through greater production can we hope to stop the steady upward surge of living costs.

Surely, if ever there was a time in our history when we needed to work, not waste, this is it.

Church Elects New Officers

At the annual meeting of the Plymouth Church of the Nazarene, held July 23rd, much progress was reported. Each department reported a gain over last year's report. The missionary society under their leader, Mrs. Lorena Wasalaski, reported a giving of \$940 besides several hundred pounds of clothing. The young people gave more than \$300 while the Sunday school raised \$1,900. The new church building is valued at \$25,000 and is complete of debt save \$4,330. The total giving of the entire church for the past 12 months was \$16,112 which represents a per capita giving of \$214.

Grains in membership were shown in all departments with the Sunday school averaging 157 per Sunday which is a gain of 10% over last year.

The following officers were elected for the coming year: Sunday school superintendent, Blake Fisher; N.Y.P.S. president, Edw. Houghtaling; missionary president, Mrs. Lorena Wasalaski; Young women's president, Mrs. Donna Houghtaling. The trustees were, Charles Wilson, Kenneth Swain, and John Wasalaski. Elected as stewards were, Guy Dunn, M. P. Clark, Wm. Fisher, Mrs. Marie Swain, and Mrs. C. Wilson.

Along with the pastor and department heads, Mrs. Welton is representing the church at the annual district assembly being held this week at the church-camp ground at Indian Lake, Vicksburg.

Cherry Hill

Mrs. Verna Palmer and Mary Jo spent last week with her parents at Chicago.

Mr. and Mrs. Oren Denton and Miss Bessie Baxter of Ypsilanti called on Mr. and Mrs. James Burfell Sunday afternoon.

Mr. and Mrs. Charles Gustin and son of Alabama visited at John Gustin's a few days last week.

Richard Hawk had the misfortune to fall from a tree and break his arm.

Knut Jorgensen recently broke a leg while cranking a hay baler.

Unit No. II of W.S.C.S. is entertaining with "Meet the Missus" Wednesday afternoon at the church house.

Units I and II of W.S.C.S. are sponsoring a "Home Coming" at the church Sunday, Aug. 3 for the community and older residents that used at live here. A dinner will follow the church service at 11:45.

Grazing by livestock is probably the worst abuse to which Michigan farm woodlots are subjected, MSC foresters say. The animals do damage by breaking off branches, peeling the bark, trampling small trees and packing the ground.

Tells How to Prepare Quick Meal on Hot Day

Quick meals are the ambition of every homemaker who is busy with her family with canning and who doesn't want to spend all her time in the kitchen these hot days. Emma DuBord, County Home Demonstration Agent, says there are many ways to save time when preparing meals. There are one dish meals, oven meals, whole meals cooked in pressure cookers, buffet suppers and many other ideas.

Quick meals should not be unplanned snacks without regard to calories, vitamins and your family's health. It is not necessary to have a lot of different dishes to meet nutrition requirements. Young members of your family might like to help you plan a meal and save your time. Even ten-year-olds will be happy to plan and cook rather than always having to set the tables or wash

the dishes. If you would like some menu suggestions for quick meals and some new recipes to use for them, get a copy of the Michigan State College bulletin, "Quick Meals." It is available from your county extension office, or from the Bulletin Office, Michigan State College, East Lansing.

Seven out of every nine living veterans of the nation's last five wars served in World War II according to Veterans Administration.

Many U. S. Government Life Insurance policies held by World War I veterans list the names of deceased beneficiaries and should be revised to include new or contingent beneficiaries, according to the Veterans Administration.

In Stockholm, Sweden, prison authorities out to prove the curse of drink staged a football match between the jail's chronic drunkards and its other convicts: the drunkards won.

SORRY
 BUT THERE JUST CAN'T BE ANY NEW GAS SPACE HEATING INSTALLATIONS FOR NEXT WINTER!

No, there just can't be any new gas heating installations made this year. This isn't the way we care to talk to our customers, but we feel that the situation with regard to GAS FOR HOUSE HEATING is serious enough that we must speak of it in these terms, otherwise some of our friends may find themselves without heat this winter.

Conditions beyond our control are responsible for this ban on connecting additional house heating customers. The scarcity of pipe, fittings and other essential construction materials has seriously curtailed our expansion program and restricted the progress of the transmission pipeline company that is working to bring new gas supplies from the southwestern United States to Michigan.

We are, however, making the most efficient use of all the materials we are getting, in order to speed service to you. And we want to thank you for the patience you have shown and the cooperation you have given us under these trying circumstances.

ALTHOUGH EVERYTHING POSSIBLE IS BEING DONE TO SPEED HOUSE HEATING SERVICE, IT LOOKS NOW AS THOUGH IT WILL BE AT LEAST TWO OR THREE YEARS BEFORE NEW INSTALLATIONS CAN BE MADE.

Letter Tells Of Conditions Under British Rule

Because they were thoughtful enough to send a letter expressing their appreciation for the gift of some clothing that had been sent as a result of a Northville clothing drive to the unfortunate displaced people of Europe, a Latvian family now living in that portion of Germany under British rule, are the recipients of additional Northville aid.

It all comes about because Mrs. Ray Richardson of West Main street, Northville happened to put one of her cards into a coat that she gave to be sent overseas.

In a few months the Richardson family received a most appreciative letter from a Latvian family that had fled into occupied Germany to escape the terrors of Russian Communists.

The return reply of the Richardson was a box of food such as is specified by the government for shipping abroad.

A few days ago there came another letter from another German family which tells more in detail about the way people are required to live over there than one can find in news articles sent out from the continent.

The last letter received by the Richardson follows in part:

"My husband is now an interpreter at U.N.R.R.A. and our son is going to a refugee camp. A great many of us are working at UNRRA and at British military units. Some of us are working inside the camp as cooks, tailors, cobblers, teachers, etc. A camp leader is chosen by all of the inhabitants of a camp.

"It is forbidden for us to go further than five miles from our camp. UNRRA will continue our relief until July 1 only. Many of us are going to volunteer for employment in Great Britain.

"It is painful for us to go further to foreign countries when our hearts are longing to go back to our once free native country. But we cannot go back before the cruel and barbarous Russian occupants have left. If we went back we would be dead or made slaves.

"The war is over for two years but the standard of living is decreasing here day by day, the people having nothing to satisfy their necessities. They can buy nothing, the shops are empty, the towns and factories are fallen to ruins.

"But the point is that the German people are hating us—they feel that we are a burden which is making their life heavier. Sooner or later we will have to leave Germany. We don't know, perhaps we will all have to go to England to work.

"I have four sisters, three of them with their families in Latvia now. One of them has lost her farm. It has been taken by the Russians. After they took her farm, they put her husband down for hard labor. Up until now I have received but one card from my sisters in Latvia. Russia has the most rigid political censorship in the world.

"All of our countrymen are living there in terror. It is a reign of terror. My sister wrote me only some laconic ciphered lines. They are living in terrible conditions under the Russian occupation. I did have two brothers, but one was killed in the struggle against the Communists who invaded our state to destroy our independence and our freedom. His farm has been taken by the Russians. My other brother is now a student in the Displaced Persons University in Hamburg.

"We all send you our best wishes for the kindness you have shown us. Please write again. We are always interested in knowing about conditions in America."

The letter was signed by a former Latvian resident whose address was given as being in the German-British zone of occupation.

Besemer Advises Of Grain Storage

Grain harvest is not too far in the future. County Agricultural Agent, E. I. Besemer, advised that spare time can be profitably used in preparing bins for grain. For safe storage, the first requirement is a bin which has been thoroughly cleaned. All old wheat or grain should be removed and the bin swept clean. The second step is to make the bin tight so insects and rodents cannot enter. After those two chores are done, spraying for the control of weevils and other insects should be begun.

For grains stored for feed or cereal products a spray containing five percent or less of DDT in refined, deodorized kerosene or in water suspensions or emulsion should be used. It should be applied to the walls and woodwork at a rate of not more than one gallon of spray per 1000 square feet. The spray should be thoroughly dry before grain is put in the bin.

If the grain is to be stored for seed purposes, a different treatment should be used. Dust of 3 percent DDT in pyrophyllite, thoroughly mixed with the seed, applied at the rate of one-half ounce of dust to one bushel of seed, is the proper treatment. Three percent DDT in magnesium oxide, applied in the same manner, is also effective. These methods are not recommended for stored grains or cereal products to be used for food. Under normal conditions, these precautions will take care of insects. If abnormal infestations arise and fumigation becomes necessary, agent Besemer's office should be consulted.

Farmers who want to make a success of their potato crop this year should not neglect thorough and timely applications of spray, points out E. I. Besemer, county agricultural agent. Farmers sometimes quit spraying too soon. If plants are large, spraying is often difficult, but should not be abandoned. Since 30 percent of the potato yield is made in the last few weeks of the season, spraying should be continued until frost or harvest.

H. C. Moore, potato specialist at Michigan State College, has supplied the following information to agent Besemer, showing the value of spraying potatoes. Michigan State College tests have shown that spraying with DDT improves the quality of the potatoes and steps up production from 60 to 100 bushels per acre. Plants should be sprayed first when they are four to five inches high. If plants have gone beyond this size and have not been sprayed yet, the spraying should start immediately. Spraying every 7 to 10 days is recommended. DDE will control flea beetles and potato leaf hopper. The hopper often

WALLACE J. OSGOOD
Photographer
HOME PORTRAITS
SPECIALTY
WEDDINGS — COMMERCIAL
1450 Penniman
Phone 745-W

causes severe damage after haying time as it leaves the hay fields and migrates to the potato fields after hay is cut. Effective use of DDT comes when it is mixed with Bordeaux mixture or a fixed copper solution. The Bordeaux mixture or fixed copper solution will control blight. DDT should be added last and the solution sprayed as heavy as 125 gallons to the acre. The tractor should be driven slowly to get complete coverage.

Agent Besemer's office can give spraying recommendations for the Wayne County area.

Spraying equipment used to apply 2, 4-D must be cleaned thoroughly before it is used to apply other types of sprays. Useful plants can be killed or seriously injured by the 2, 4-D residue.

New Building For Refreshments

Construction of an attractive soft drink, pop corn and candy stand next to the Penn theatre on old Territorial road across from Kellogg park, has been started by Harry Lush so that a returned war veteran, Vincent Simonetti will have a place to conduct business.

The building will be of glass and cinder blocks, 12 by 18 feet, with a concrete floor.

It is expected that the structure will be ready for use by the time that school opens. The front of the stand will be of attractive design and the building absolutely fireproof.

In Los Angeles, Bus Driver Dean Helmick again and again chanted "Step to the rear of the bus, please," lost patience when no one budged, slung his bag off his route, drove into a terminal, got out, went home.

Miles of walking can be saved for the homemakers if her kitchen appliances are properly arranged. Remember this when building or remodeling.

A Gift of Lasting Comfort

Give your family the gift of comfort with a lifetime insulation job for the house. Proper insulation will keep your family snug all winter and cool all summer. For better insulation—call us today.

TERRY'S BAKERY

BABSON

Babson Discusses Salesclerks
GLOUCESTER, Mass., August 1.—Not long ago Boston's famous cartoonist, Dahl, pictured a well-dressed gentleman standing on his head in a well-known department store trying to attract the attention of some salesgirl. I know how this man felt standing on his head because I have been stood-up myself lately by salespersons—haven't you?

Why Do We Have Such Trouble To Get Waited On?

There can be no question but what many of our retail stores have a bad war-time hang-over. During the war years most workers had to do double time. There was a shortage of both goods and services. We became accustomed to waiting in line behind the counter. Most customers were tolerant because they understood well the reasons for the lack of service.

Today, however, the quotas in most sales staffs is reasonably well filled. Hence, there is little excuse for the condescending attitude of the salesperson who feels she or he is doing us a favor to wait on us. I overheard one kindly old woman, whom I watched for some minutes trying to get a salesgirl to wait on her, finally retort: "Look a here, girlie, are you mad or just sultry?"

Salesclerks the Real Bottleneck

The salesclerks and traveling salesmen of the nation are a most important factor in determining future business conditions. You don't need to be undecided about the trend of business, just note how salesclerks act. They'll give you the answer. If they are courteous and anxious to serve, general business will be good for another year or two at least. If they are indifferent and slow to serve, look for a falling off in sales, accompanied by gradually increasing unemployment.

One reason for present indifference is the minimum wage laws of various states. Where such minimums are highest, the service is poorest. Because the law prevents penalizing saucy and indifferent clerks with pay cuts, too many clerks don't care what they do or say. I believe in good wages. Every merchant should work for a high wage standard in his city; it helps business. But wages should be adjustable to the service rendered. Fixed wages and hours—either by laws or unions—encourage carelessness and ultimately will bring about general unemployment.

Satisfied Customers Pay Real Dividends

Recent statistics indicate that

department store sales may soon be lower than a year ago. With output of factories at extremely high levels and a large part of the urgent demand now over, sales departments must become a more important aspect of every industry. This is one reason why I invest my savings in merchandising chains rather than in factories or railroads.

Babson charts also indicate that the increase in business failures has already grown to a new high as compared to previous years. As retail trade becomes more competitive and customers seek bargains and discounts, or refuse to buy, this trend is likely to continue. This increase in failures is largely due to the sloppy attitude of salesclerks.

Advertising

In the light of current trends, customers can no longer be treated with indifference. After spending money on advertising to attract people into your store, to buy, pay more attention to them when they do come in. This will greatly help your advertising to "pull" better and show big profits. Good advertising and good salesclerks should go hand-in-hand like a lock and a key or a hatchet and handle.

relatives and a few intimate friends. The bride was very attractively dressed in white organza and carried white ophelia roses. She was attended by the bridegroom's sister, Miss Louise Geney, who wore white organza and carried pink Ophelia roses. The groom was attended by the bride's brother, Pomeroy Marvin. Following the reception, Mr. and Mrs. Geney left for Detroit, taking the boat for Buffalo. They will make their home in Wayne for the present.

Frank Ray is building a new garage at the rear of his residence on Hamilton street.

Mr. and Forest Gorton leave Saturday for a ten days' motor trip. They will spend a few days at Black Lake and will visit other places in northern Michigan.

Miss Anna Baker pleasantly entertained a company of ladies at her home on Main street last Saturday afternoon. Bridge was the entertainment after which dainty refreshments were served.

Miss Theima Peck of this place, and Miss Margaret Bennett of Ypsilanti, expect to leave Sunday for a month's stay at Camp Arbutus, Mayfield, Mich., near Traverse City.

Mrs. Gladys Baker has taken a position in the local office of the Detroit Piston Ring Co.

While working in the Ford laboratory last Tuesday, Frank Pierce of this place, accidentally broke a bottle of acid from which he was quite badly burned. He was taken to the Ford hospital.

The Lilly club met at the pleasant home of Mr. and Mrs. James Gates, Tuesday evening, July 25, and a most enjoyable time was in evidence from the lateness of the hour when the company departed for home. Progressive Pedro was the entertainment of the evening, the first prizes being carried off by Mrs. Perry Campbell and James Gates, and the booby prizes by Mrs. Salts and Owen Drayton. Refreshments were served, after which Ross Gates and Dorothy Spillman entertained the company with some fine music.

In Chicago, homeless ex-Army Pilot Henry Trochowski got desperate, had a friend fly over the city, drop 15,000 leaflets, hoped his propaganda would get him an apartment.

On Wednesday, August 2nd, Blunk brothers will open their new department store, William A. Blunk, the owner of the building, has spared no expense in remodeling. The first floor is devoted to dry goods, boots and shoes, ladies' ready-to-wear goods, men's furnishings, etc. The second floor is given over to the furniture department, rugs, linoleum, etc. A large display window has also been placed in the front on the second floor. The entire building is well lighted and ventilated. The proprietors of the new store are Irving E. Blunk and Arthur E. Blunk, both popular and well known young men of Plymouth.

Cal Whipple is advertising a new assortment of men's fine dress shirts from \$1.00 to \$4.00. Cigarettes are also advertised at ten cents a package.

A pretty wedding took place at the home of Mrs. Ruddle on East Bush street Wayne, on Tuesday July 25, when her granddaughter, Miss Rebecca Marvin, became the bride of Elden Geney of Newburg, Rev. W. F. Abbott of Ypsilanti, was the officiating clergyman, and the ceremony

PLYMOUTH MAIL FILES

On Wednesday, August 2nd, Blunk brothers will open their new department store, William A. Blunk, the owner of the building, has spared no expense in remodeling. The first floor is devoted to dry goods, boots and shoes, ladies' ready-to-wear goods, men's furnishings, etc. The second floor is given over to the furniture department, rugs, linoleum, etc. A large display window has also been placed in the front on the second floor. The entire building is well lighted and ventilated. The proprietors of the new store are Irving E. Blunk and Arthur E. Blunk, both popular and well known young men of Plymouth.

Cal Whipple is advertising a new assortment of men's fine dress shirts from \$1.00 to \$4.00. Cigarettes are also advertised at ten cents a package.

A pretty wedding took place at the home of Mrs. Ruddle on East Bush street Wayne, on Tuesday July 25, when her granddaughter, Miss Rebecca Marvin, became the bride of Elden Geney of Newburg, Rev. W. F. Abbott of Ypsilanti, was the officiating clergyman, and the ceremony
