

WHY AMERICA IS GOD'S CHOSEN LAND.

The other day there came to the writer a request to publish an article urging congress to enact legislation which will permit the entrance into this country of many of the so-called displaced people of Europe. The vast majority of these unfortunate European people are of the Catholic faith. The request to help bring them to our glorious United States came from The Michigan Council of Churches, a Protestant organization.

You will be interested in reading this appeal for newspaper aid, so generously and unselfishly sought by one religious group to help the unfortunate of another religious faith.

It typifies the real American spirit—the spirit that inspired our forefathers to leave the European continent and seek a land where there would be freedom of worship, freedom for the individual, freedom and opportunities for their generation and all the generations to follow.

Under the heading, "Church Urges Refugee Immigration Bill," the Michigan Council of Churches says:

"The churches and councils of churches of Michigan have been urged to give their support to the Stratton Bill (HR 2910) by which displaced persons of Europe would be given entrance into the United States. Acting on a resolution of the Christian Social Action Conference at Kalamazoo College, the Michigan Council of Churches has sent out a call to its member churches and local councils to marshal support for the legislation.

"Under the terms of the bill which is to be sponsored in the Senate by Michigan's junior senator, Hon. Homer Ferguson, emergency legislation would permit the United States to admit 100,000 displaced persons annually during a four year temporary period. Thus a total of 400,000 of the 850,000 men, women, and children who are survivors of Nazi concentration camps and slave labor battalions would find refuge from religious and political persecution which has been their lot.

"James Eldridge, speaking for the American Association for the United Nations before the Kalamazoo Conference, declared that 'this is a test which Americans must not fail, as heirs of the religious and political refugees who founded our nation.'

"An RKO-Pathé film entitled PASSPORT TO NOWHERE depicts the plight of these people and is being shown about the country. Facts reveal that half of the victims are women and children, that 150,000 are children under 17 years, and that the majority are Catholic in faith.

"Because of the plight of these people demands immediate action in this session of Congress, pastors and church council officials are asking the Protestants of Michigan to direct letters to Congressman Earl Michner (Mich.) chairman of the House Judiciary Committee and to Senator Ferguson."

IT HAS JUST BEGUN.

Many thousands of people were induced to vote at the last state election for a diversion of about two-thirds of the state sales tax to the cities, villages, townships and schools, the biggest portion going to the schools. The vote took away from the state legislature its constitutional right of control of state funds and gave it to local officials.

What has been the result? A news article out of Lansing gives an idea of how the money is being diverted to other purposes than for which it was voted. Our prediction is that if the constitutional amendment is not repealed at the next state election, the schools will get far less than they did before so-called Amendment No. 2 was passed.

Read this news article: It reveals just how the schools are going to get a good gyping by a tax evasion process that has already been put into effect in some counties and, we predict, will spread like wildfire in most other counties.

Every school district in Missaukee County has been cut to the 4-mill statutory minimum of local taxes, as an example of the efforts by county governments to "get a cut" of diverted sales taxes. Clair L. Taylor, finance director for the State Department of Public Instruction, reported today.

"Besides taking about one mill in local taxation from the school districts, the Missaukee County tax allocation board took from the townships the one mill they had been receiving," he said. "The allocation ended with the county government getting the full 11 mills left after the school apportionment.

Under the State school aid law, a school district must levy at least 4 mills if it is to receive State assistance.

The sales tax diversion amendment, splitting about \$75,000,000 a year at current collection rates among schools and local units, did not include county governments in its benefits. The trend toward reducing school and municipal tax rates, with the extra taxing power given to county governments, became evident several weeks ago.

"I know of no other county where the trend has gone as far as in Missaukee," Taylor said.

School districts will divide \$17,273,143 next month, at the rate of \$12.35 a census child, as the first distribution of the primary school interest fund this fiscal year, Taylor said. The corresponding sum last year was \$14,726,373.

DOC KEYES AND FEATHER-BEDDING.

Doc Gene Keyes is doing a lot of pouting because his job as Lieutenant Governor doesn't give him powers and duties similar to that of the Governor. He feels, apparently, that the job should be made a full time one with a lot of trappings and additional do-ay-me for his services in doing nothing for the state of Michigan.

The Democrats some years ago hit upon the idea of making the Lieutenant Governor a member of the state administrative board, the purpose therefore being given as a means of "educating" the Lieutenant Governor pertaining to the duties of the Governorship if and when a Governor should pass in his checks.

The real purpose was not that at all. It was to provide a way to give the lieutenant governor a bigger share of the taxpayers' money for doing feather-bedding services. Some Republican legislators fell for the scheme, went along with it and made the Lieutenant Governor a member of the board. The writer and quite a few others strongly opposed the set-up, seeing no reason for it, and voted against it.

Now comes forth an intelligent Lieutenant Governor from out in Nebraska who wants his office as Lieutenant Governor abolished, declaring that it is a useless public position and of no benefit to the state or any one else. He points out that there are eleven states in the Union that have been wise enough never to have any Lieutenant Governor and that they have always gotten along fine and dandy.

We thoroughly agree with the Nebraskan Lieutenant Governor. The job is as useless in Michigan as it is in Nebraska or any other state.

He asserts that the job is nothing more than that of a "spare tire" but out in Nebraska he points out, that the state has never had to use a "spare tire" because no Governor ever died on the job.

It has happened just once in Michigan since the Mexican war and — Ye Gods — look what Michigan got out of it! He points out that the mortality rate among Governors has always been low, that few of them rarely die in office, so why maintain a useless stand-by at considerable expense to the state waiting for some Governor to die, when records show them they just DON'T die?

Township Will Rigidly Control All New Building

Supervisor Charles Rathburn who for years has looked after the best interests of Plymouth township as its supervisor, declared yesterday that the township board and its building inspector, Ernest Rossow, are doing to see to it that there are no "shacks" erected in the township under the pretense that they are "low-cost" housing jobs.

Sometime ago there was erected in the township a number of houses that were not of the high type generally desired by the officials of the township or the residents.

As quickly as possible the township drafted and enacted a building and zoning ordinance, which is now in effect.

The board engaged Ernest Rossow, a well known resident of this locality, to serve as building inspector for the township area. "We engaged Mr. Rossow as he is a good builder and he knows his business and he isn't afraid to stop something that is not right, and up to the standards as required under our new zoning law. We want the many new homes in Plymouth township to be up to standard and we are going to have them that way," stated Supervisor Rathburn yesterday.

Present indications are that nearly all of the new houses to be erected in this vicinity are going to be located in Plymouth township. Building activities in the city of Plymouth are confined almost entirely to commercial construction.

Athletic Field Fund Aided by Legion Members

Through the efforts of retiring Commander John Jacobs, members of the American Legion and also members of the American Legion Auxiliary, there was presented to the Rotary club last Friday noon a check for \$553.70 as the result of the carnival held in this city recently.

All of this money will be used by the Rotary club in helping to construct one of the finest athletic fields in Michigan.

Work on the project is moving along most satisfactorily, say those who are in charge of the work.

Dave Galin, member of the Rotary club and active also in American Legion affairs, invited the retiring commander to make the presentation in behalf of the Legion.

The carnival not only provided a lot of amusement for Plymouth residents, he said, but it also produced more than a half thousand dollars for the athletic field.

Of this amount \$63 was the result of the activities of the members of the Legion Auxiliary. They set up a "hot dog" stand at the carnival grounds and made this big profit in just five evenings.

President Paul Wiedman expressed the sincere appreciation of the Rotary club for the fine cooperation of the American Legion and Auxiliary members.

Heat Wave Wilts Plymouth Folk

For three days and three nights Plymouth residents have sweated in one of the longest heat waves this section of the state has experienced in a number of years.

The mercury has soared above the 90 point every day this week. Nights have provided little relief, the mercury falling a little below 80 degrees after darkness.

There have been no cool breezes to provide even temporary relief. There were some reports that the mercury had hit 96 in places. Others say that it reached 92 degrees every day and some say that their thermometers registered a steady 90 most of the time that the sun was in the sky.

But farmers are jubilant. They say that their corn has grown as much as four or five inches between sundown and sundown. Others say it has not been so good for some vegetables.

But it has been hot, terribly hot—with relief promised today by the weather man.

PROCLAMATION

WHEREAS Saturday, August 16th, has been fixed as the date of the qualifying rounds of the second Annual City Golf Tournament held annually at the Hilltop Golf Club, and

WHEREAS, The Plymouth Mail Trophy will be relinquished by the 1946 Amateur Champion, Tom Lock, and will be awarded to the new champion after the finals to be played Saturday, August 30th, and

WHEREAS this type of recreational activity fits into the city's program for clean, wholesome sports that may be enjoyed by its citizens, therefore,

As Mayor of the City of Plymouth it gives me a great deal of pleasure to commend the merchants and business men who have contributed so generously to the success of this Tournament and extend best wishes to its participants.

Jack Taylor
Mayor of City of Plymouth.

Prison Laundry To Be Ready for Operation Soon

It won't be long before Detroit's dirty clothing will be washed clean and pure out beyond the western limits of the city of Plymouth.

That long talked about model laundry, which was going to cost something like a quarter of a million dollars, but will cost nearer a million than a quarter, will soon be completed and ready for operation out at the Detroit House of Correction.

When it is finished all of the laundry work of all of the Detroit institutions will be done by the inmates of the nearby penal institution.

Prison officials estimate, that notwithstanding the increased cost in building, the savings to be made to the city of Detroit by having all of the institutional laundry work done at the prison will justify the 700,000 expenditure now being made in constructing the laundry.

Within another two or three weeks the building will be ready for the installation of equipment, which is already being shipped.

Cloverdales in Champ Playoffs

It doesn't look as though it is going to be an easy thing to stop the steady climb of the fast Plymouth Cloverdale team in its drive to win the championship in the playoffs that are now taking place.

In as good a ball game as was ever played in this locality, the Cloverdales trimmed the Sport Shop nine last Sunday in the first championship playoff by a score of 8 to 2.

Bob Hitt pitched one of his usually good games, scattering six hits and allowing one run for his fifth victory of the season, and with no defeats.

The day's hitting was highlighted by Palamera and King, each getting three hits. Street and Kubitchev each got two hits. The Cloverdales got into the championship series by winning 12 games and losing only two during the present season.

The Plymouth Cloverdale baseball team will play Garden City on Sunday at 3 o'clock at Nankin Mills.

Kiwansians to Hear Training School Head

Dr. Robert Haskell, superintendent of the Wayne county training school, is scheduled to appear before Kiwanis club members at their meeting at the Hotel Mayflower next Tuesday evening, August 12. Arrangements are being made by George Raviler, chairman.

Kiwansians have been fortunate this year in obtaining attention-compelling speakers for their weekly meetings, and Tuesday night's is expected to be a key-note of the current season.

Last week Ladies' Night was observed at the Plymouth County club. Proving to be of interest to both Kiwanians and their "Queens" was a talk by B. B. Bradshaw, interior decorating consultant from the J. L. Hudson company of Detroit, who illustrated his talk by means of samples and room diagrams.

Seek Phone Rate Raise—Will Give Wider Service

The Michigan Bell Telephone Company has revealed that it will petition the Michigan Public Service Commission the latter part of August for a \$10,400,000 annual increase in rates.

J. R. Saxton, manager for the company, said the proposed rate increase would be applied to every exchange in Michigan Bell territory and virtually every type of service in order that "the increased costs of doing business be shared by all telephone users."

While asking for a rate increase, the company will propose a new type of extended area service that will permit users to call nearby exchanges "with the same community of interest" without paying toll charges, Saxton said. Under the proposal, residence users could place calls to Ann Arbor, Northville, Wayne, Livonia, and Ypsilanti without the levy of a toll charge. Likewise, residence users in those communities could call Plymouth without paying such additional charge.

Because extended-area calling privileges are not proposed for business users in the Detroit suburban areas, the extended-area for Plymouth users would be more limited than for residence users. Extended-area calling privileges for business users here would not prevail on calls between Plymouth and Wayne.

Pointing out the new service would open up an entirely new opportunity for telephone users of this community, Saxton said the proposal recognizes the war and postwar trend toward commuting between nearby communities for employment, trade, and recreation.

"The need for liberalizing call-

Delays to Add to Cost of Water Improvements

In keeping with the plan of Mayor Jack Taylor and members of the city commission to fully advise the taxpayers of the city at all times as to what the financial problems of the city are, another letter has been sent to the residents of Plymouth by City Manager Harold Check, fully advising them as to progress being made to remedy the water situation.

Manager Check makes it clear that delays up to the present time have already resulted in additional costs for whatever the city may do in connection with bettering its water supply.

Additional delays will cost more, and if another vote is demanded by citizens upon the question, that will mean more delays and more costs, states the City Manager.

His timely letter should be read carefully by every water user in Plymouth. It follows in full:

The City Commission, at its meeting held on July 21, instructed the City Manager to write a letter to all water users in the City of Plymouth concerning what the City Commission can do to complete waterworks improvements, the cost estimates of the improvements, and the various phases of the improvement program.

Consulting Engineers have now delivered to the City of Plymouth plans and specifications and contract forms for securing bids on test wells and producing wells which is Contract No. 1, softening equipment which is Contract No. 2, elevated storage tank which is Contract No. 3, and supply main which is Contract No. 4. The following plans and specifications and contract forms, to be completed by engineers very soon are: feeder mains which is Contract No. 5, softening plant building which is Contract No. 6, and well houses which is Contract No. 7. The City of Plymouth will receive bids on test wells and producing wells August 4, 1947, and

Motorcycle Damaged by Gasoline Fire

Local firemen were called last Saturday night near midnight to extinguish a burning motorcycle on the corner of Wing and Main streets. The machine, owned by Frank Stryker burst into flames when an overflow from the gas tank exploded on the motor.

Damage was estimated at about \$50.00 by fire Chief Robert McAllister.

Nearly 200 Here for District Rotary Session

Probably one of the most successful district conventions ever held in this part of the state took place in Plymouth last Thursday when nearly 200 prominent Rotarians came here to take part in the affair.

District Governor George A. Smith of this city made it evident in the first outstanding event of his administration that he has the right type of organizational ability and push to make a real success of the high responsibilities that have been placed upon him by this big Rotary district.

The highlight of the 153rd District Conference was reached this past Thursday when President of the Plymouth Rotary Club, Paul J. Wiedman, introduced Past International President, Richard C. Hedke.

The all day session opened at 9 a.m. with registration at the Plymouth High School and the "Welcome" by William Wood of the host club.

"Dick" Hedke was the lunch-

speaker and his topic was, "Rotary Around the World." Mr. Hedke's opening statement concerned the growth of Rotary during the past year which set a new high with the formation of 418 new clubs in 44 countries throughout the world. He recently returned as International President from a round the world trip visiting many Rotary Clubs in every country possible to visit at the present time.

Mr. Hedke stated, "Switzerland was the only European Country able to maintain Rotary Clubs during the war years, but already those countries whose clubs disbanded during the war are back in the swing of things."

He also believes that it is possible for Rotary to set a pattern for fellowship and there is a definite need for the application of the ideals of Rotary. As examples, he cited Palestine where the Jews and Arabs get together for weekly meetings and India where the Moslems and Hindus sit together at the same table.

Speaker Hedke explained that at the National Convention held in San Francisco in June, it was decided that the project and program for the ensuing year would be the development of the individual and prospective member for Rotary, to acquaint them with the ideals of Rotary.

One hundred and forty registered for the day conference and it is estimated that 155 attended the noon luncheon held at the Mayflower Hotel. Many other Rotarians attended.

Mr. and Mrs. John E. Gilbert and family of Battle Creek were the week-end guests of Mr. and Mrs. John Chaney of Pacific avenue. While they were here, they visited the Detroit zoo and Scott's fountain at Belle Isle.

DeHoCo Club Shows Gratitude on Superintendent and His Wife

It is not often that the employees of the Detroit House of Correction have an opportunity to show to Superintendent A. Blake Gillis their appreciation of his consistent and never-failing consideration of their good work and loyalty to the institution.

But the other day they did have this opportunity and they made the most of it. Superintendent Gillis early last week returned home with his new bride from Cleveland, Ohio where they had spent a brief honeymoon vacation. Almost overnight the DeHoCo Employees Club arranged for a somewhat belated wedding dinner for the couple.

President John Destefano and his most efficient committee carried out their plans last Thursday afternoon and some 100 or more employees of the institution, city officials of Detroit, members of the prison board and Plymouth guests sat down to a most bounteous turkey dinner, arranged and prepared by the club.

Congratulations were many and sincere. There was a most useful gift presented to the couple from the association. Then followed numerous tributes by high Detroit city officials and others to Superintendent Gillis for making the Detroit House of Correction one of the best managed and conducted penal institutions in the United States. Supt. and Mrs. Gillis were delighted over the affair and expressed their appreciation in no uncertain words.

Rotarian Drive for Athletic Field Funds to be Given Big Push

Plymouth youngsters are now assured an athletic field. Plans for the construction of the field have progressed rapidly under the direction of local Rotarians and final work will be completed next week on the field itself, the night lights and the fence.

The preliminary work assures the school children of an excellent recreational area directly in the rear of the high school and in the future it will enable all local residents to conveniently witness the contests sponsored by the school and other civic groups.

Work to date has obligated the Rotary club somewhat over \$20,000.00 and of this amount local committees can count about \$10,000 which has already been raised. Vacation periods and summer activities have slowed the fund raising campaign and Rotary officials pointed out yesterday that bills for the remaining \$10,000 must be met within the next few days.

An appeal is being made by the fund raising committee to local people and local concerns for immediate help in meeting the current financial obligations. Many people have indicated their intent to make a contribution but have as yet not done so. These funds are badly needed now and everyone is urged to help.

The completion of the first phase of the project, which has cost \$20,000, will assure the school teams of a field on which to play but no provision has yet been made for seating or other finishing touches. These features will not be considered by the club until the \$20,000 indebtedness has been paid.

At their meeting today Rotarians will consider the method to be used in selecting a suitable name for the field and it will be recommended by the field committee that a contest be staged among the children of the school to select a suitable name for the area. It is hoped by the club that a name synonymous with the community can be selected for the field.

The school has been given permission to use the field for their first football games early in October but the official dedication of the field will be on Friday, October 31 when the local pigskin toters will meet Northville in a return dedication match. Plymouth played Northville in that city last year in the dedication of their field.

Marquis to Open New Restaurant

Mr. and Mrs. Norman Marqui have taken a long term lease on the building adjoining the Chevrolet garage on North Main street and plan within the next two weeks to open a new restaurant.

The place is at present being given a complete renovation and will be entirely re-decorated. All new kitchen and restaurant equipment, as well as dishes and furnishings, have been purchased and will be installed just as soon as the cleaners and decorators have finished their work.

Mrs. Marqui has closed her beauty shop and with her husband will devote her entire time to the new eating place, which will be kept open 24 hours per day. It will be known as "Marqui's Fine Foods."

Charles Thumme Taken by Death

The many friends of Charles J. Thumme were shocked to learn of his death Thursday noon. He had been seriously ill for many weeks. Funeral services will be held Saturday afternoon at 4 p.m. at the Schrader Funeral Home.

Mr. Thumme had been an employee of the city since 1927 and served as Chief of Police here for 18 months. During the last two years he had been employed at the Wayne County Training School. Before going to work for the city he was a D.U.R. conductor for many years when the D.U.R. system served this section of Wayne County. A more complete obituary will appear in next week's issue of The Plymouth Mail.

Chamber of Commerce Plans Trip to Kaiser-Frazier Monday

Plymouth Chamber of Commerce members and their guests will meet at the Hotel Mayflower Monday at 10 a.m. in preparation for a tour of the Kaiser-Frazier automobile plant at Willow Run. Buses supplied by K-F will transport the group to Willow Run followed by a conducted tour of the plant and luncheon. Return to Plymouth will be made by 2:00 o'clock.

Those who have not as yet signified their intention of making the trip are requested to contact Robert O. Wesley, Chamber of Commerce president, at the Daisy Manufacturing company.

Mr. and Mrs. Gerald E. Tobey announce the birth of a girl, Priscilla Gale, on August 4, at the Plymouth hospital.

Slash Pheasant Hunting Season to Only 12 Days

There isn't going to be many days for Plymouth pheasant hunters to try and shoot that one lonely cock pheasant some one said they saw a few weeks ago out west of town.

The conservation commission has cut the pheasant season to only 12 days, from October 15 to October 25.

Farmers around Plymouth say there are very few pheasants left in this vicinity. Hunters during the last two or three hunting seasons not only killed off the cock pheasants, but they cleaned out the hen pheasants as well.

The conservation commission has cut the season to 12 days in an effort to help bring pheasants back. The seasonal bag limit was reduced from eight to six.

The commission said the short-season was expected to reduce the illegal kill of hens.

The deer hunting area was extended one tier of counties southward. The southern boundary of the area was moved to M-50 from Lake Michigan to Grand Rapids, along M-21 from Grand Rapids to M-13 east of Owosso and north along M-13, US-23 and M-47 to Saginaw Bay, excluding the Thumb.

The extension resulted from reports of deer damage in agricultural regions, especially in Ionia and Livingston counties. But Livingston county however, was not opened to hunters.

Duck hunters may shoot from October 7 to November 5 and from sunrise to one hour before sunset, except on opening day, when shooting starts at noon. That is one hour less hunting daily.

The daily duck bag limit is four, of which one may be a wood duck. The possession limit is eight, of which one may be a wood duck.

The bag and possession limit for geese is four, including one Canada or one white-fronted goose. The bag limit for coot is 25.

Regulations governing prairie, prairie chickens, sharp-tailed grouse, fox and gray squirrels, bear and raccoons and for trapping muskrats remain the same as last year.

New 1948 Packard on Display in City

Plymouth motorists were treated to a preview of Packard's new 1948 convertible this week when delivery was made of one of the cars to Earl S. Mastick, local Packard dealer.

The new car, a streamlined 5 passenger model, features new Packard developments such as, console-key instrument panel, magic-trol panes, robotop automatic top lift and new plastic upholstery.

Mr. Mastick invites the people of Plymouth to visit his show room on Ann Arbor road and view the new car and says he will be more than pleased to offer rides in his unusual new car to those who desire them.

A failure establishes only this, that our determination to succeed was not strong enough.—Boeve.

OBITUARIES

Margaret Wilhelmina Donaldson. Mrs. Margaret W. Donaldson who resided at 5670 Beck road, Canton township passed away Wednesday morning, August 6 at the age of 42 years. She is survived by her husband, Clarence H. Donaldson, two sons and one daughter, Clarence George, Lois and Louis Donaldson, her mother, Mrs. Emma Bohlman of Pontiac, also surviving are four sisters and three brothers, Mrs. Nettie Bruder of Royal Oak, Mrs. Isabel Sample of Grand Rapids, Mrs. Minabell Covert of Kokomo, Indiana, Mrs. Emma Havens, William, Frank and Daniel Bohlman, all of Pontiac, a host of other relatives and friends.

Mrs. Donaldson was taken to the Schrader Funeral Home, Plymouth. Funeral services will be held this Friday, August 8 at 2 p.m. from the Cherry Hill Methodist church with Rev. George Nevins officiating. Interment will be in Cherry Hill cemetery.

Richard Wilford Butler Funeral services will be held Saturday, August 9, at 2:00 p.m. from the Schrader Funeral Home for Richard Wilford (Pop) Butler who passed away Wednesday evening, August 6 at the age of 72 years. Mr. Butler resided at 9253 Ball street. He is survived by his widow, Mrs. Edith Caroline Butler, his son, W. Lee Butler of Plymouth, also survived by one brother, John R. Butler and his sister, Mrs. Lena Wakeman, both of Detroit, other relatives and a host of friends. Mr. Butler was a member of the Kilwinning Lodge No. 297 F.&A.M. of Detroit and was owner of the Plymouth Recreation Bowling Alley. Rev. Henry J. Walsh will officiate. Interment will be in Evergreen cemetery, Detroit.

Wheat Crop to be Record Breaker

"Never saw such a wheat crop in my life. And the corn looks good, too," declared Charles Rathburn, well known Plymouth township farmer, Monday after he had returned with Mrs. Rathburn from an automobile trip up through Ingham, Eaton and Livingston counties.

"We drove up to Charlotte, Eaton Rapids, Mason, Stockbridge and a number of other places. It was Sunday, but the farmers had their binders and their combines all out working. They were harvesting what I believe will be the biggest wheat crop ever raised in this state," he added.

"Of course I do not know what the acreage planted in this state amounted to, but the yield per acre will be amazing. I am sure of that."

"The corn crop looks good, too. Some of it is about ready to tassel out. I don't know as I saw quite so many acres of it as I have in past years, but the crop that was threatened by heavy rains late in the summer is certainly catching up now," declared Mr. Rathburn.

Maybe, after all, the threatened shortages that alarmed the people of Michigan and the rest of the country early in the spring

Forrest Smiley Jr. Serves on Destroyer

Forrest Vaughn Smiley Jr., seaman, first class, USN, son of Mr. and Mrs. F. V. Smiley of 12712 Stark road, is serving aboard the destroyer USS Hamner, on duty with the Asiatic Fleet in the Far East area.

Smiley, who entered the Naval service in April, 1944, at the Naval Recruiting Station, Detroit, received his recruit training at the Naval Training Center, Great Lakes, Illinois.

LOCALS

Mr. and Mrs. James Gallimore and son, Jim and Mr. and Mrs. Gerald Hondorp and son Gerry spent part of last week vacationing in Canada.

Mrs. Chester Keller of Five Mile road has been entertaining Miss Gladys Keller of Detroit, for the past two weeks.

Mr. and Mrs. Chester Keller and Mr. and Mrs. Paul Keller celebrated their wedding anniversary, last Sunday, at the home of the latter couple, on Sunset Ave. Gladys and Edward Keller were able to be present, but David, the youngest son of Mr. and Mrs. Chester Keller is still in Japan.

and summer were more of a scare than anything else.

FAIR IN THE LIGHT OF MEMORY SHINES
MICHIGAN
My
MICHIGAN
 ELTON R. EATON

Some six or seven years ago when the legislature passed a measure which created the Huron-Clinton Metropolitan Authority for the purpose of developing a parkway system for the entire metropolitan district, Henry S. Curtis, a resident of Ann Arbor, was most active in helping to secure the passage of the bill.

The writer had been requested to handle the legislation on the floor of the house and during that time Mr. Curtis provided vast amounts of most helpful information.

Although he is now retired, he is as active as ever and keenly interested in this extensive development plan. Like most other people, he

feels that too much money is now being spent in buying land instead of developing the land already purchased.

Thousands of acres are in the possession of the authority, but if any one can find where much has been done to make it useable for recreational purposes, they will have to do some tall hunting.

Recently Mr. Curtis called at The Plymouth Mail office to discuss the park program and other matters. Upon our request, he has written some ideas he expressed pertaining to the proper type of development of the park. Readers of this column will be interested in his views.

His article follows:
 (By Henry S. Curtis.)
 At the recent meeting of the executive committee of the Huron-Clinton Park and Parkway Association, it was voted unanimously that the Association is in favor of the beautification of the river and the parkway by planting water flowers in the stream and backwaters and by planting

appropriate flowering trees and shrubs along the banks. It was also strongly urged that a bicycle trail along the side of the proposed parkway be constructed, making a circuit of the two rivers and the eastern water front, a distance of some two hundred miles.

Bicycle and pedestrian trails are found along the side of many of the highways of Europe. Commissioner Moses is building trails about the parkway and through the parks of the New York area. But in Michigan with the finest supply of hard surfaced highways of any state in the union or of any country in the world, so far as I am aware, there is no bicycle trail of any length in Michigan. The whole plan is peculiarly suitable for such trails. As the route lies along the rivers, there will be no hills to climb and no cross streets except at the bridges which are usually miles apart.

There are in Ann Arbor some 20,000 University students and about 2300 Junior and senior high school students. To all appearance nearly everyone of them have bicycles without there being any place for them to ride without their being an annoyance to the people on the sidewalks or a danger to themselves if they ride in the streets. The senior and junior high schools represent regularly the ages from 12 to 18, a period of six years and about nine percent of the population. In the Detroit area there are undoubtedly more than 100,000 in this class along with 25 to 30,000 college students. In the cities accessible to the river there are doubtless another 50,000 in the junior and senior high school group. The cost of a bicycle trail along the side of the proposed parkway would be very slight.

Borrowing an European custom again, there should be hostels every 15 or 20 miles along this course where lodgings could be had for 25 cents and light repasts at 20 to 35 cents. In addition to these hostels there should be two or three fine restaurants, similar to the ones in the Indiana parks, where adults could drive out for occasional dinners.

All of these dining and sleeping arrangements should be so located that they would be accessible to autoists from the parkway to the bicyclists from the trails and to canoeists from the river.

The Metropolitan Authority has already a plan for the use of the river by canoeists, which would provide camp sites and fire places at intervals along the way using the islands in many cases as offering privacy and often a beautiful location.

The Authority already has one camp at Dexter for the Boy Scouts. There should be at least a half dozen others along the river. These might be leased to various organizations for different periods or they might be maintained by the Authority itself. The Cleveland Metropolitan Authority has, as I remember, some twelve such camps.

The use of the river and its banks by canoeists, by bicyclists and autoists will be largely determined by making it beautiful and clean, by stopping the pollution of the Clinton with sewage

and by covering the many dumps which now make the Clinton an eyesore for long distances.

The act creating the Metropolitan Authority did not propose that the Authority should do all the work, but rather that it should be a joint undertaking in which all of the five counties would participate. The first move should be for each of the cities along the way to determine what they need for the recreation of their area and start rooting for it.

To cover the circuit of the rivers, 200 miles, by bicycle in one week should be made the ambition of every high school boy and girl and the final test of physical fitness.

The nation's waterfowl hunters will have only 30 days of shooting this year, a limit of four ducks, and a noon-hour opening. That's the gist of the waterfowl regulations proclaimed a few days ago by President Truman. It comes under terms of the treaty governing migratory birds signed with Canada in 1916 and with Mexico in 1936.

Michigan gunners will open their season Oct. 7, close on Nov. 5, the same as Minnesota.

Shooting will begin at noon the first day, at sunrise for the balance of the season. Gunners must quit an hour before sunset.

The bag limit will be four ducks a day, eight in possession. This limit will apply to a hunter and anyone assisting him. Of the number, one may be a wood duck.

American and red breasted gunners went on the open list this year, with a limit of 25 a day, no season limit. The Michigan season on woodcock will be Oct. 1 to 15 in the Upper Peninsula, Oct. 15 to 29 below the Straits.

LOCAL NEWS

Jean Elliott returned Sunday after having spent the week in Indiana with her grandparents.

Mr. and Mrs. Karl Bender and their grandson called on Mr. and Mrs. George Hake last Sunday.

Mr. and Mrs. Harlow Williams of Pacific avenue were surprised by 11 couples who stopped in to celebrate their wedding anniversary and present them with a gift in honor of the occasion. The attending couples were: Mr. and Mrs. Joseph Pace, Mr. and Mrs. Manford Becker, Mr. and Mrs. Herbert Rorabacher, Sr., Mr. and Mrs. Martin Jones, Mr. and Mrs. Lee Turbett, Mr. and Mrs. John Chaney, Mr. and Mrs. Lee Coolman, Mr. and Mrs. Kenneth Gates, Mr. and Mrs. Allen Schreuer, Mr. and Mrs. Gerald Hix, and Mr. and Mrs. John Gilbert of Battle Creek.

Mr. and Mrs. Bert Spitzley of West Palm Beach, Florida were dinner guests of Mrs. Maude Schrader last Monday night.

Rev. and Mrs. Edgar Hoenecke spent the early part of this week visiting relatives in Milwaukee, Wisconsin.

Mr. and Mrs. Albert Pint were dinner guests of Mr. and Mrs. Eric Krumrie of Royal Oak, Thursday evening.

Cooper Favors Annexation Plan

At an orderly and well conducted meeting held at the Cooper School this past Monday, a test vote showed that the residents of the district were very much in favor of joining the Livonia Township School District.

One hundred and one of the 116 persons voting were in favor of joining the Livonia District provided the boundaries were extended. The first step must be taken by the Livonia Board in which they adopt a resolution to extend the present school district

boundaries. The general feeling is that they will adopt this resolution.

Upon the adoption of the resolution, the voters in the Cooper District must then vote to be annexed and if the annexation is passed, a special election must then be held in Livonia in order to find out whether or not this district is in favor of the annexation.

The next step is then to receive the approval of the Wayne County Board of Education.

Charles Brake, Deputy Superintendent of the Wayne County Board of Education, and Harry O. Johnson, Superintendent of the Livonia Township School District, both attended this meeting at Cooper school.

BEFORE you install your dream of a dishwasher...

Think! Is your water heater modern enough to make one of these do-everything dishwashers work efficiently? For before this marvelously automatic machine can get grease off dirty dishes and steam-dry them sparkling clean—it must be fed with gallons of constant HOT water! A new automatic Gas water heater is the most economical and practical way to get this kind of hot water supply. Speed is the secret! Gas heats so fast it restores even high temperature water almost as it is drawn off. Is ready 24 hours a day without any waiting around or running downstairs. Actually, dishwasher—or dishpan—no modern home can afford to be without an automatic Gas water heater. Let your dealer help you choose the size and model best suited to your family's needs—today!

Delays to Add to Cost of Water Improvements

(Continued from page 1)
pay the cost from cash on hand. The City is also paying from water department funds the engineering cost for plans and specifications. However, all future expenditures must be made from money secured through a bond issue.

In February, 1947, the estimate of cost for water works improvements was as follows: Wells and well houses, \$9,200; supply main, \$198,000; softening plant and iron removal units, \$107,500; feeder main within the city, \$88,000; elevated storagetank, \$40,000; contingencies, \$45,200; engineering, \$26,000; and total estimated costs, \$524,000.

The trend of costs during the last month or two indicate that some of the above estimates will have to be increased. If the City is to proceed without delay, a reasonably accurate estimate of the total cost of improvements must be made so that new water rates can be established to provide for bonds and interest due plus increased operating cost.

Using present estimated costs, the City will need approximately \$25,000 to \$35,000 additional money per year to finance the water works improvements, which would be roughly an increase of from 50 percent to 75 percent in present water rates. Costs for softening will amount to only about 5c per thousand gallons of water produced. If possible, it is proposed that the water works improvements be paid for out of increased water revenue rather than by an increase in the tax rate upon all land and buildings in the City of Plymouth.

If the proposed improvements can be financed from water revenue, then the City Commission has the authority to proceed with the drafting of new water rates and with the issuing of water revenue bonds without any additional vote of the people. If a part or all of the water works improvements are to be paid for by issuing of general obligation bonds, then another vote would have to be taken. If a vote has to be taken, then we must delay the taking of any additional bids until such vote is taken.

The City Commission can proceed if the improvement are to be financed from increased water revenue. There has been no change in the State law regarding the issuance of water revenue bonds, except that after October 3, 1947, the City no longer is required to publish notice of intent to issue such bonds. An ordinance authorizing the issuance of such bonds must be prepared and published 30 days before final passage.

Inquiries have been made of two large pipe manufacturers to find out how soon the City can secure approximately 4 1/2 miles of 16 inch pipe and approximately 3 and one-third miles of 12 inch pipe. We were told that 12 inch pipe delivery dates are 6 to 8 months away and that the delivery dates of 16 inch pipe, which is to be our supply line, is 15 to 18 months away. Should we receive bids on 16 inch pipe within 60 days and receive delivery within 15 months, we would have the pipe needed by January 1, 1949, which would not be installed before the fall of 1949. The sooner an order can be placed for the pipe, the sooner the project can be completed.

Anything worth having is never cheap. It hurts to fall down, but it strengthens us to pick ourselves up.—L. H. Talbot.

Industrial League Playoffs

Beglinger Oldsmobile defeated the Merchants 6 to 2 in the first game of the Class A playoffs. During the last week teams of Class A and B have played their first round elimination games. Semi-final and final games will be played the week of August 11 at the Central High School field beginning each evening at 6:15.

The teams battling for the Class A title are Beglinger Oldsmobile, Merchants, House of Correction, and Evans Products.

The Class B crown will be won by Daisy Air Rifles, Wall Wire or Cavalcade Inn.

Everybody is encouraged to attend the games and give moral support to the team that will represent Plymouth in the State Tournament.

Wiedman's Cardinals to State Tournament

The Wiedman's Cardinals won the Western Wayne League, Class E championship last week with the aid of the Plymouth Red Sox. As the Cardinals were defeating the Livonia Fireman 3 to 0 the Plymouth Red Sox upset Butler and Lucas of Wayne who previously had only one defeat.

Regardless of the outcome of next weeks games the Cardinals will travel to Dearborn on August 22, 23 and 24 to participate in the Michigan Recreation Association's State Junior Baseball Tournament.

Industrial League All Stars

Each manager of the Industrial League submitted a list of who he considered the All-Star Team of the league. These lists were

compiled and the All-Star Team selected. This team will play against an opponent, to be announced later, during the week of August 20.

1B—Art Gillis—Merchants
2B—James Martin—Cavalcade
3B—John Wilkie—Oldsmobile
SS—Charles Bishop—Cavalcade

LF—Don Leichweis—Cavalcade
CF—Charles Epps—Merchants
RF—"Sunny" Bridge—Daisy
C—Howdie Shryer—Oldsmobile
P—Bill Darnell—Daisy
P—"Gabby" Street—Oldsmobile

P—John Trombley—DeHoCo
Utility Infielder—Robert Oakley—Evans
Utility Outfielder—Ray Cousiniaw—Cloverdale

On Saturday, August 2 "Louie" D'Annunzio, Detroit Tiger Scout, brought the Springfield Detail All-Star Team of Detroit to the House of Correction to play the All-Stars of recent Plymouth try outs for Briggs Stadium. Although being defeated the Plymouth representatives played good baseball without four of their regulars who were working.

Box Score

Plymouth All-Stars

Phil Taylor, Plymouth pitcher, is going to Briggs Stadium this month to work out with the Detroit Tigers.

The Plymouth team will meet Joe Gentile of Detroit on Saturday, August 16 at the House of Correction at 2 p.m.

First annual Plymouth field meet

The Plymouth Recreation Commission will conduct the First Annual Plymouth Field Meet on Saturday, September 6, 1947 at

the Central High School field beginning at 2:00 p.m. Three events are planned for all age groups from pre-school through adults. Awards will be given the winners of each event. Next week's paper will contain the age group divisions and events planned.

A prominent businessmen's club is seriously considering sponsoring this event, working in cooperation with the Plymouth Recreation Commission.

Plans are made to make this event an annual affair combining it with a city picnic next year and for years to come.

Schedule for Tuesday, August 12
Wayne vs Northville at Wayne
Redford vs Livonia Firemen at Redford

An All-Star team will be selected by the managers in the near future and this team will play a game against another municipality at Riverside Park on Tuesday, August 19 at 6 p.m.

Tennis Tournament
All men and women living within the Plymouth Township limits who are interested in participating in a Tennis Tournament

ment are asked to call the Plymouth City Hall before August 13 giving their name and telephone number and whether they will play singles, doubles or both. If enough interest is shown the tournament will be held during the last week in August.

Old Timers League

Run scoring seems to be very important in the Old Timers softball league which play at Central field every Wednesday evening. Last week Cloverdale defeated Kiwanis club 19 to 10 as Joy Tavern downed North End Merchants 13 to 11.

In 1946, approximately 3,500,000 women traveled by air transport.

Don Hoyt found it cheaper to store 'em than feed 'em!

An electric motor operates this walk-in frozen food locker on Mr. Hoyt's farm in St. Clair County. It helps him adjust his farm operation to the ups and downs of the market for his turkeys, chickens and other poultry.

A lot of Don Hoyt's poultry used to live for months eating the money right out of his pocket. If the market wasn't favorable when they were ready, he'd have to keep on feeding them till it improved.

One day the Edison Farm Service Advisor gave him the facts on farm freezers. Between them, they worked out the cost of keeping dressed poultry in electric-powered frozen food storage as against the cost of feeding live birds . . . and he quickly installed a freezer. (He has two today.)

Now he dresses and freezes his poultry when they reach the right size and sells them the year round when the price is right. His records show, he says, that "it costs a lot less to store 'em than to keep on feeding 'em!"

Mr. Hoyt and thousands of other Michigan farmers are using electricity for more and more jobs all the time. It saves time and money, cuts work, and helps increase the yield of fields and livestock. They find that electricity provides what farm production needs: dependable electric service that a farmer can count on . . . and low-price service that he can use profitably.

Listen to the Summer Electric Hour—featuring Woody Herman and Peggy Lee, Sundays, 3:30 p.m., WJR

THE DETROIT EDISON CO.

Pere Marquette Is Now History — Call it the C & O

No longer do Plymouth people when calling phone number 25 get that old familiar answer "The P and M depot."

It's the "C and O" that now answers.

For years and years residents of this city have known its railroad as the Pere Marquette.

Large numbers of its residents have always been referred to as "PM workers."

But that's all over. The Pere Marquette Railway no longer exists. It is now the Chesapeake & Ohio.

The Plymouth Mail has found that out several times recently when calling the depot.

"This is the C & O" has been the reply. The long-negotiated merger of the two companies was completed recently. However, that doesn't mean that, overnight, painters will dab out the name "Pere Marquette" from the hundreds of freight and passenger depots that dot lower Michigan, or on the thousands of box cars the old "P.M." owned.

The famous name may show up sporadically for years. The merger was incorporated in 1917, but the last company was the culmination of 75 predecessor corporations of which 51 constructed some portions of the railroad.

The earliest incorporation date of any of them was in 1857, that of the Flint & Pere Marquette Railway Company. The first track construction was between Flint and Saginaw, 33 miles in 1862-1863, and from Saginaw to the Village of Pere Marquette, now Ludington, 139 miles, reached in 1874.

The Detroit-Lansing route was built between 1864 and 1871; Lansing to Grand Rapids 1887-1888. The Chicago-Grand Rapids section was built between 1870 and 1872; Flint to Detroit in 1865; Saginaw to Port Huron in 1879-1881; Grand Rapids to Petoskey in 1890-1891. Entrance to Toledo was made in 1896.

The "P.M." boasted 1,948 miles of trackage in Michigan, Ohio, Indiana, Wisconsin, New York and Ontario, and the world's greatest car ferries across Lake Michigan traversing routes totaling 225 miles.

It built nearly 18 miles of side-tracks in Plymouth, enabling this city to boast of the largest car track storage of any city of its size in the country.

Incidentally, now that "Pere Marquette" is to become a memory name, few persons pronounced it correctly—the "Pere" should rhyme with "pair," not "peer." But whether it was "Peer" or "Pair" Marquette, it's no longer "P.M."—it's "C. & O." from here on.

Deane Herrick Installs Air Conditioning Unit

Numbering among the only two or three stores in Plymouth to have air conditioning is the Deane Herrick Jewelry store, Penniman avenue. This week the Herrick store had installed a "Kold-Air" unit which guarantees on hot days to lower the store temperature 15 degrees below the outside thermometer reading.

The youthful jewelry store owner believes that in modernizing his business place in this manner that he is adding something distinctive to Plymouth's shopping area, and in benefiting his own store he is also benefiting the entire town.

A&P SELF SERVICE

And man-o-man are they swell to home-can!

Buy by the bushel. Put up peaches for the long, hard winter. Make plenty of finger-licking jams and jellies.

Try These Recipes

PEACH SHORTCAKE

2 cups sifted flour
3 teaspoons baking powder
1/2 teaspoon salt
5 tablespoons shortening
3/4 cup milk (about)

Mix and sift dry ingredients. Cut in shortening, add milk, stir to soft dough. Roll or pat dough 3/4 inch thick and cut with floured 3-inch cutter. Place half of the rounds on an ungreased cookie sheet, brush with melted butter or margarine and top with remaining rounds. Bake in hot oven, 450°F. 12 to 15 minutes.

TO SERVE. Spread 3 to 4 cups cut peaches slightly sweetened between halves and on top of short-cakes. Serve with cream or milk if desired. Makes 6 shortcakes.

DEEP-DISH PEACH PIE

6 peaches, peeled and pitted
1/2 cup sugar
1/4 cup light corn syrup
4 tablespoons shortening
1 1/2 cups sifted cake flour
1 1/2 teaspoons baking powder
1/2 teaspoon salt
1/2 cup milk

Slice peaches or cut in halves; mix with sugar and corn syrup. Arrange in greased baking dish. Cut shortening into mixed and sifted dry ingredients to the consistency of coarse meal. Add milk and mix until blended. Turn out on floured board; pat to fit baking dish. Place on fruit; bake in moderate oven, 375°F. for 1 hour or until crust is lightly browned. Serve warm or cold.

Seek Phone Rate Raise—Will Give Wider Service

(Continued from page 1) ing privileges between exchanges with the same community of interest has been evidenced by numerous requests for enlarging exchange boundaries and petitions from many organizations (asking that service to the larger centers be included in local service charges," Saxton said. "They also have been substantiated by statewide studies of the use by our customers of shorthaul toll service to nearby communities. It is indicated that telephone users generally are willing to pay higher exchange rates in return for a wider calling area."

The company is proposing a re-classification of outstate exchange areas into 8 groups, depending upon the number of main-station telephones exclusive of extensions in the extended-calling area. Those groups range from calling areas with 800 or fewer main telephones to those with 50,001 to 100,000 main stations. The present classification of 7 groups does not apply to extended-calling areas and embraces exchanges with only 10,000 or fewer main telephones.

Saxton pointed out that, under the new proposal, the Plymouth residence calling area would be in a classification with those of 25,001 to 50,000 main stations, the extended area here having 34,384 main telephones. In the same classification are such extended areas as will be associated with

If you want a good position with permanency and top salary

LET THE ANN ARBOR BUSINESS SCHOOL

330 Nichols Arcade
Train You & Place You

ENROLL NOW FOR
FALL TERM OPEN SEPT. 8

the Pontiac, Rochester, Kalamazoo, Lansing, and Saginaw exchanges.

Under the company's proposal, monthly residence rates here would be increased as follows:

Individual-line flat-rate service, from present rate of \$2.50 to proposed new rate of \$3.75; 2-party-line flat-rate, from \$2 to \$3; 4-party-line flat-rate, from \$1.75 to \$2.50; and rural-line residence service, from \$1.75 to \$2.50.

Proposed increases for business services are: Individual-line flat-rate, from \$4 to \$7.50 a month; 2-party flat-rate, from \$3.50 to \$6; and rural-line business service, from \$2.50 to \$4.25 a month. The basic rate for private branch exchange trunk service would be increased to 150 per cent of the monthly charge for individual line flat-rate business service compared with the present rate which is 120 per cent of such charge.

Saxton emphasized that the company will seek to clear up rate inequities as between communities of comparable telephone development. He pointed out that a Commission order of 1942, while dissolving such inequities in exchanges where charges were above the levels fixed in the rate schedule at the time, made no increase in exchanges where rates were below such levels. Plymouth users, he added, have been paying rates for years that are on the low side when the telephone development and calling opportunities within the exchange are taken into consideration.

Of the \$10,400,000 rate increase sought by the company, \$3,051,000 would apply in upward local service rate adjustments outstate: \$2,655,000 in Detroit; \$408,000 in Detroit suburban exchanges; \$2,992,000 in increased charges for long distance calls within the state; and an increase of \$1,384,000 in miscellaneous service items such as switching and equipment charges.

Proposed changes in the intrastate long distance rate schedule are: 1. An increase of 5 cents over present charges for distances between 10 and 112 miles. 2. Reduction in the initial calling period (before overtime charges) from the present 5 minutes to 3 minutes for distances from 11 to 30 miles on which charges range from 15 to 25 cents a message. 3. An increase in overtime charges from the present 1/4 to 1/2 of the initial period rate. 4. Revision of the discount on night and Sunday rates from the present 35 per cent to 20 per cent under the day rates. 5. Increase in the minimum differential in person-to-person rates over station-to-station charges from the present 35 per cent to 40 per cent.

Saxton said the company, in asking for increases in long distance rates, realized that the Commission several years ago ordered intrastate rates at that time to conform to interstate levels for comparable distances. He pointed out, however, that there is now a differential on intrastate rates in most other states in the recognition that the long distance service within the state should contribute more of its share in meeting the overall costs of providing telephone service.

"By applying an increase to intrastate rates," he emphasized, "the proposed charges for local exchange service can be kept at a lower level than otherwise would be necessary. It would seem desirable to apply such an increase in order that all classes of service share in the increased costs of doing business."

Saxton said the new rates "are no higher than necessary to provide good service to all who want it. The increases are necessary to permit the company to catch up with rising costs of doing business. In general, telephone rates of today are the same as in 1937, or even lower, although the cost of almost everything used in providing telephone service has risen sharply.

"Wage costs are now four times what they were 10 years ago with postwar wage adjustments alone boosting such costs by \$11,000,000 a year. Taxes have more than doubled since 1937. The extent to which the cost of materials and supplies has advanced is indicated, in part, by an increase in our

5-year postwar construction program from an original estimate of \$150,000,000 to a present outlook of \$220,000,000.

"Revenues, of course, have gone up too—in fact 2 1/2 times the amount in 1937. But the total of all our costs has trebled in the same period. As a result, Michigan Bell's return on investment has slipped more than a third under the level of 10 years ago.

"The return on investment today is on a dangerous downward trend. This trend must be arrested and reversed so that the company will continue to be a sound financial institution, able to attract the additional money that is needed from investors for expanding and improving the service."

Notice to Property Owners

Curb and Gutter and Sidewalk on Forest Avenue

Notice is hereby given that a public hearing will be held in the Commission Chambers at the City Hall, Monday evening, August 18, 1947, at 7:30 p.m. for the purpose of determining whether or not to construct concrete curb and gutter and sidewalk beginning at the south line of R. Kimbrough's property and extending northward to the sidewalk, curb and gutter at Finlan's property.

All property owners whose property abuts the improvement will be given ample opportunity to participate in such hearing.

H. R. Cheek,
City Clerk

Mid-week prayer service and Bible study, Wednesday, 7:30 p.m. Bring a friend and worship with us.

THE PLYMOUTH CHURCH OF GOD. Rev. P. M. McPheron, pastor. Meetings now being held in the Patchen school on Newburg Rd. A cordial invitation is extended to all to worship with us. Unified Service, Sunday Morning, 10:00. Evening Evangelistic Service, 7:00 p.m. Place of the prayer meetings will be announced at the Sunday services.

THE SALVATION ARMY. 281 Union Street. Captain and Mrs. Wm. Roberts, Officers in charge. Sunday School, 10 a.m. Worship Service, 11 a.m. Young People's Meeting, 6:45 p.m. Evangelistic Service, 8:00 p.m. Prayer meeting Wednesday, 8:00 p.m. Daily Vacation Bible School starts Monday, August 11 at 9:30 a.m. for all children between the ages of 4 and 14.

FIRST CHURCH OF CHRIST SCIENTIST. Sunday morning services, 10:30 a.m. Sunday school, 10:30 a.m. for pupils up to 20 years of age. Wednesday evening, testimony service at 8:00 p.m. "Spirit" will be the subject of the Lesson-Sermon in all Christian Science Churches throughout the world on Sunday, August 10. The Golden Text (Psalms 143:10) is: "Teach me to do thy will; for thou art my God: thy spirit is good; lead me into the land of uprightness." Among the Bible citations is this passage. (John 4:24): "God is a Spirit: and they that worship him must worship him in spirit and in truth." Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 140): "We worship spiritually, only as we cease to worship materially. Spiritual devoutness is the soul of Christianity."

FIRST BAPTIST CHURCH. N. Mill at Spring St. Rev. Benjamin L. Bicher, pastor. Sunday School, 10 a.m. Harold Compton, Supt. Worship-Communion Service. Worship Service, 11:10 a.m. Subject: "The Happy Man." Baptist Youth Fellowship, 7:00 p.m. Quarterly Business meeting of the church will be held on Wednesday evening, August 13.

SPIRITUAL CHURCH OF CHRIST. Margaretha Kelley, pastor. Sunday school, 10 a.m. Morning worship, 11:00 a.m.

ST. JOHN'S EPISCOPAL CHURCH. S. Harvey at Maple St. St. John's Guild will hold an ice cream social at the Ware residence, August 8, afternoon and evening, August 10. Morning prayer and sermon, 11 a.m. Mr. Walter Kieplayreader. A cordial welcome is extended to all.

METHODIST - PRESBYTERIAN CHURCH SERVICES. Rev. Clifford Doty and Rev. Henry J. Walch, D.D. Ministers. Sunday, August 10 Church School in the Methodist church, 10 a.m. with classes for all. Morning Worship in the Methodist church, a union summer service of the two congregations, with Dr. Walch preaching and leading the worship. All who need pastoral care during August in either church should call Dr. Walch at Plymouth 138.

NEWBURG METHODIST CHURCH — Minister, George MacDonald Jones, 9614 Newburg Rd. Morning worship, 10:00 a.m. Sermon topic: "The Touch of His Hand on Mine." Monday, August 19 the Fellowship class will have a social at which Mr. and Mrs. William Loesch, Jr. will be honored before leaving for a new position.

NEW STREAMLINED EMPIRE PORTABLE IRONER

The outstanding convenience of this beautiful ironer saves hours of ironing druggery—no standing up for hours at a time—no hard pressing—no need to dread ironing day. Empire—the original portable ironer can be used on any table—even a bridge table. It starts and stops by a slight touch of the hand, elbow or forearm on the lever. The smooth running, efficient air-cooled motor and self-lubricating gears are neatly concealed within the ironer roll for quieter operation and better balance. For more durability the shoe is triple-plated—copper, nickel and chrome.

For convenient storage in corner or closet it can be placed on end—taking up only one square foot of floor space.

You can't match the "heart" of **BIG-CAR QUALITY AT LOWEST COST**

World's Champion **Valve-in-Head Design!**

The new Chevrolet is the lowest-priced motor car with a Valve-in-Head Engine—the type of car engine which holds all records for efficiency—for giving maximum power from every ounce of fuel. Moreover, Chevrolet's Valve-in-Head Engine is the "champion of champions" on all these counts: (1) Valve-in-Head performance at lowest prices; (2) billions of miles of service to owners; and (3) number of owners served. In fact, this sturdy Chevrolet Valve-in-Head Engine has delivered more miles, for more owners, over a longer period, than any other automotive engine built today, regardless of type, size or price!

Chevrolet gives you the BIG-CAR styling of Body by Fisher—exclusive to Chevrolet in the lowest-price range. Chevrolet also brings you the safety of Fisher Unisteel body construction, the Knee-Action Ride and Positive-Action Hydraulic Brakes—a combination of safety factors found only in Chevrolet and higher-priced cars.

You can't match Chevrolet's BIG-CAR COMFORT at lowest cost, either—the outstanding comfort of its Knee-Action Gliding Ride—for this, too, is exclusive to Chevrolet in its price range.

Be wise! Keep your present car in good running condition by bringing it to us for skilled service, now and at regular intervals, until you secure delivery of your new Chevrolet. Come in—today!

To Amend Zoning Ordinance

Notice is hereby given that a public hearing will be held at the City Hall in the Commission Chamber on August 27, 1947 at 7:30 p.m.

The said hearing will be held to consider the re-zoning of Lots 125 to 133 inclusive of the Re-sub-division of Sunshine Acres, which property is located on the North side of U.S.-12 and runs West from the Westerly line of Harvey Street, a distance approximately 581 feet, to Business District.

Ample opportunity will be given for all to participate in such hearing.

H. R. Cheek, City Clerk

More cream... More profit... WITH A NEW De Laval Separator

It will pay you to see us first!

Every pound of butterfat left in the skim milk by your present method of separating is money right out of your pocket—gone forever. Stop this needless loss today. Sell all the cream your cows produce. Be paid for every pound of it. A new, cleaner-skimming, longer-lasting De Laval Separator will earn more for you and cost less per year of use. Design makes a De Laval easy to wash in 2 minutes. See us today.

Keep This List of Fair Dates

Every fall The Plymouth Mail receives large numbers of telephone inquiries asking "What are the dates of the Hillsdale fair?" or "What are the dates of the St. Joseph or the Adrian fair?"

Following are the dates of all the fairs in Michigan that have not yet been held. If you are interested, just clip this article out and save it, so you won't have to do any telephoning and then find that the fair you are interested in has already been held.

During the month of August the following events will be held: Ionia Free Fair, Ionia, 4-9; Shiawassee County Fair, Corunna, 4-10; Northern Michigan Fair, Cheboygan, 5-0; Milford Fair, Milford, 6-9; Ingham County Fair,

Mason, 11-16; Isabella County Fair, Mt. Pleasant, 12-16; Ogemaw County Fair, West Branch, 12-15; Bay County Fair, Bay City, 13-16; Genesee County Fair, Grand Blanc, 13-14; Greenville Fair, Greenville, 13-15; Baraga County Dairy Show, Pelkie, 14; Cedar Springs Farmers Day, 14; Gogebic County Fair, Ironwood, 14-16; Tuscola County Fair, Caro, 18-23; Chippewa County Fair, Kinross Lake, 18; Wayne Fair, Marshall, 19-23; Gratiot County Livestock Show, Breckenridge, 19; Mecosta County Fair, Big Rapids, 19-22; Montmorency County Fair, Atlanta, 19-20; Kent County Fair, Lowell, 20-22; Oakland County Fair, Pontiac, 20-23; Sanilac County Fair, Sandusky, 20-23; Armada Fair, 21-24; Dairyland Dairy Show, Carson City, 21; St. Clair County Fair, Goodells, 22-23; Garfield Community Fair, Newaygo, 25-27; Berlin Fair, Marnet, 25-29; Crosswell Fair, 26-29; Eaton County Fair, Charlotte, 26-30; Huron Community Fair, Bad Axe, 26-30; Iron County Fair, Iron River, 26-29; Northwestern Michigan Fair, Travers City, 26-30; Jackson County Fair, Jackson, 26-30; North Branch Fair, 27-Sept. 1; Dickinson County Fair, Norway, 29-Sept. 1; Richmond Fair, 29-Sept. 1; Michigan Peach Festival, Romeo, 30-Sept. 1; Pickford District Fair, Pickford, District Fair, Pickford, 30-Sept. 1; Also Midland Fair, 11-16.

Fair, 5-6; Saginaw County Fair, Saginaw, 7-13; Allegan County Fair, Allegan, 8-13; Branch County Fair, Coldwater, 9-13; Emmet County Fair, Petoskey, 9-13; Clare County Fair, Harrison, 10-13; Manistee County Fair, Onekama, 10-13; Berrien County Fair, Berrien Springs, 11-13; Leeper County Fair, Imlay City, 15-19; Lenawee County Fair, Adrian, 15-20; St. Joseph County Fair, Centerville, 15-20; Gladwin County Fair, Gladwin, 16-19; Western Michigan Fair, Ludington, 16-20; Paw Paw Grape Festival, 18-20; Brown City Fair, 19-20; Hillsdale County Fair, Hillsdale, 21-27; Kalamazoo County Fair, Kalamazoo, 22-27; Decatur Fair, 25-27; Iosco County Fair, Hale, 25-27; VanBuren County Fair, Hartford, 29-Oct. 1.

From October 1st until April 1st, the following events will be held: October—Addison Community Fair, 2-3; Manchester Community Fair, 2-3; Saline Community Fair, 2-4; Peck Agricultural Fair, 3; Wayland Community Fair, 3-4; Thumb District Plowing Match, Wurzel Farm, North Street, 9; Portland Fair; Barryton Community Fair, 15-16; Kelllogg Fair, Augusta, 24; Nashville Fair, 28. LOCAL News

Mrs. Horace Johnson entertained Mrs. Richard Olin, Mrs. Earl Russell, Mrs. Lawrence Lyons, Mrs. Floyd Wilson and Mrs. Thomas Moss at a breakfast Wednesday morning.

Mr. and Mrs. Fred Hubbard and house guests, Mrs. C. E. Hathaway and Claire of Temple City, California, spent last week-end with Mr. and Mrs. John Llewellyn at Davison Lake.

Mrs. Eda Jewell of So. Harvey street entertained the Ladies of St. John's Guild at a picnic dinner last Thursday noon. Her beautiful yard was a lovely setting for the occasion.

Col. and Mrs. Arlo A. Emery and their children have left New York City for Germany where Colonel Emery will be associated during the next two years with the United States army of occupation. Col. Emery entered the military services during the period when rumors of war and war dangers brought about a realization that a severe conflict was imminent.

Mr. and Mrs. Don Packard spent the weekend at Berlin Heights, Ohio with her parents. Mr. and Mrs. John Schatz, and attended the Kuhl reunion at Huron. They were accompanied on the return trip by their daughters, Barbara and Lois, who have been visiting their grandparents in Berlin Heights.

The Lutheran Women's Club will meet Monday evening, August 4th, at 7:30 at the home of Mrs. Maurice Garchow on Bradner road.

Mr. and Mrs. Herbert H. Bond will be hosts at a picnic dinner at Riverside Park this evening in honor of their house guests, Mrs. Maude Morgan and Marion of Port Talbot, South Wales. Their guests will be Mr. and Mrs. Kenneth Young of Detroit and Mr. and Mrs. Luke and son, Calvin of Highland Park.

Mr. and Mrs. W. J. Asman celebrated their 59th wedding anniversary Friday, August 1st. The Asman's are the parents of Mrs. Miller Ross.

Herbert H. Bond of West Maple street will accompany his sister, Mrs. Maude Morgan and her daughter, Marion, to New York City next Friday, August 15. Mrs. Morgan and Marion will sail on the Queen Elizabeth on the 16th for their home in Port Talbot, South Wales, after having spent four months in Plymouth as guests of the Bonds.

Mr. and Mrs. Earl Riddle of Orangelawn avenue announce the birth of an eight pound, one ounce boy, named Terry Lee, on July 28 in the Northville hospital. Mrs. Riddle is the former Aileen Arbutnot. Both mother and babe are doing nicely.

Mr. and Mrs. Robert Walker are spending the month at their cabin on Loon Lake, near Mio.

Mr. and Mrs. Wyman Bartlett are entertaining their son, Kenneth and family, of Syracuse, New York. Mr. and Mrs. Kenneth Bartlett left Tuesday for Grand Rapids, Madison, Wisconsin and Chicago, Illinois. The children remained with their grandparents. The Kenneth Bartletts returned last Saturday and were the guests of his parents this week.

Mrs. Bruce Yates of Detroit visited last week at the home of Mr. and Mrs. Wyman Bartlett of Blunk avenue.

Joyce Chaney has returned from a most enjoyable week at Waldon Woods camp near Hartland.

A surprise anniversary party was given last Saturday evening for Mr. and Mrs. Harlow Williams at their home on Pacific avenue by the following couples: Mr. and Mrs. Kenneth Gates, Mr.

and Mrs. Manford Becker, Mr. and Mrs. Martin Jones, Mr. and Mrs. Joseph Pace, Mr. and Mrs. Allen Schreuer, Mr. and Mrs. Lee Coolman, Mr. and Mrs. John Chaney, Mr. and Mrs. Lee Turbett and Mr. and Mrs. Herbert Rorabacher, Sr.

Mrs. Harry Ayers has been entertaining her daughter, Mrs. Cameron of Santa Monica, California, for the past two weeks. Mrs. Ayers and Mrs. Cameron will motor back to San Francisco this week where Mrs. Ayers will

remain for the winter. They plan to stop at Yellowstone National Park and other points of interest on their trip.

Mr. and Mrs. William D. Fulton of Owosso announce the birth of a girl, Janet Elaine, on Thursday, July 17. Mrs. Fulton is the former Elaine Mahoney of Plymouth.

Marlin Chaney, son of Mr. and Mrs. John Chaney of Pacific avenue is spending a few days with his uncle and aunt, Mr. and Mrs.

Edward Key Darling in Detroit. On Friday, August 1, he was entertained at a picnic dinner at Bob-Lo Island.

Mrs. Steven Schultz and daughter, Mary Lou, left last week on a vacation tour through the West. They will visit relatives in California.

Mary Jane Davis of the Michigan Bell Telephone company was taken to Sessions hospital last Tuesday for an emergency operation.

WEDDINGS

Mrs. Emma Gueldner and Fred Ebert Wed

Mrs. Emma Gueldner, 1292
Penniman avenue, and Fred W.
Ebert, formerly of Michigan City,
Indiana, were married Saturday,
August 2, at 3:30 in the afternoon
at St. Paul's Evangelical Luther-
an church in Livonia township
at the corner of Farmington and
Five Mile road. Rev. Theodore
Sauer officiated. The couple will
make their home in Plymouth.

Peggy Hart Wedding Fixed for August 30

Peggy Hart has chosen August
30 for her marriage to Downing
Lee Jewell. The bride-elect's
parents are Mr. and Mrs. Melvin
H. Hart of Rosedale Gardens and
her fiancé is the son of Mrs. Har-
vey L. Jewell of Detroit and the
late Mr. Jewell. Peggy has asked
Elaine Kunkel to be her only at-
tendant. Malcolm MacGregor
will be the best man. A recep-
tion following the marriage will
be held at Dearborn Inn.

Elaine will honor Peggy with
a miscellaneous shower August
19 at her home on Arden.

Mrs. Frank F. Fleming Jr. and
Mrs. Edwin E. Pauli are co-host-
esses on August 6 with a lunch-
oon and kitchen shower at the
D. A. C.

Peggy is a member of Gamma
Phi Beta at Michigan State Col-
lege and the following girls will
entertain in her honor: Sally
Swink with a party at the De-
troit Yacht Club, August 23.
Mariana Hancock and Agnes Pull-
ing co-hostesses at a miscellan-
eous shower, August 19 on Pied-
mont.

After their wedding trip Peg
and Lee will reside in East Lans-
ing.

Effie A. Weir and Joseph Bushey Wed August 6

The wedding of Effie A. Weir
and Joseph H. Bushey took place
at the Nardin Park Methodist
church on Wednesday, August 6,
with Reverend Paul M. Cargo of-
ficiating.

For the ceremony, the bride
chose a suit dress of gunmetal
satin with black accessories and
a corsage of orchids. The attend-
ants were, Mrs. Gilbert Rudin
and A. H. Weir, son of the bride.
A wedding dinner was served
at the Botsford Tavern, after
which, Mr. and Mrs. Bushey left
on a trip to California. They will
make their home in Detroit.

Local News

Mr. and Mrs. John Chaney,
Gloria and Marlin and E. C. Dar-
ling of Detroit were dinner guests,
Thursday evening, at the home of
Mr. and Mrs. Edward T. Darling
of Detroit. An ice cream social
was held at their home later in
the evening.

Ed. Files and daughter, Bev-
erly, are leaving for a motor trip
through the Smoky Mountains, to
be gone about ten days.

Mr. and Mrs. Ben Simms an-
nounce the engagement of their
daughter, Joan to Robert Camp-
sall, son of Mr. and Mrs. Archie
Campsall of Newburg.

Mr. and Mrs. Howard W. Bow-
den of 229 Ann street will hold
open house from 3 to 8 on Sun-
day, August 10. It will be just
25 years ago on that day that the
couple were married in the Royal
Oak Methodist church. All their
friends and neighbors are cordi-
ally invited to help them honor
this day.

The 35th Henry W. White re-
union was held August 3, 1947 at
the home of Mr. and Mrs. Clyde

Trombley of Ann Arbor Trail.
Ninety members of the family
were gathered for a picnic din-
ner and a fine sports program.
Four members of the family came
from California, Mrs. Baker and
her daughter, and Mrs. Joy and
her son. Mrs. Perkins travelled
from New York for the meeting.
Other members came from sur-
rounding towns in the state. This
reunion is held at the home of a
different member each year and
before adjourning it was agreed
that they would all meet next
year at the home of Mr. and Mrs.
Byron Wilkin, Jr.

Mr. and Mrs. William Smith and
daughter, Nancy Lou of Auburn-
dale are enjoying a two weeks
vacation at the Glen Eden Hotel,
on Glen Lake.

TO PLYMOUTH TELEPHONE CUSTOMERS:

Legal Notice of Application to the Michigan Public Service Commission by the Michigan Bell Telephone Company

For Authority to Make Effective Certain Schedules of Rates, Rentals and Charges

In accordance with Public Acts No. 206 of 1913, No. 419 of 1919, and No. 3 of 1939, notice is hereby
given that an application will be presented by the Michigan Bell Telephone Company to the
Public Service Commission in the City of Lansing on the 27th day of August, 1947, for authority to

make effective certain schedules of rates, rentals and charges for the furnishing of telephone service and
facilities in the exchanges of the Michigan Bell Telephone Company in the State of Michigan. The
application also will request the Commission to set a date for the hearing of the matter.

INTRASTATE TOLL RATES (Excluding Federal Tax)

Increase by 5c the initial 3-minute period charge for station and person calls between points 10 to 112 miles apart.
Reduce present initial period allowance of 5 minutes to 3 minutes, for station calls of 15c, 20c and 25c.
Increase overtime rates on calls to 1/3 of initial period rate, per minute, instead of 1/4 as at present.
Increase night and Sunday rates from present 60% of day rates to 80% of day rates.
Raise initial period rates 5c on person calls up to 36 miles, and raise rates on person calls over 36 miles uniformly to 40% above station rates.

THE EDGEWOOD

THE EDGEWOOD—Homey early American at its charming best is the EDGEWOOD, from the drawing board of a distinguished Washington, D. C., architect. American families of limited budgets but unlimited good taste may safely build this rugged residence anywhere from Maine to California. One and a half stories high it is an ideal house for newlyweds or for the older couple whose children have grown up and left the paternal roof tree. The first story provides the comfort of a four-room apartment, a grand living room

with fireplace and three-way light, dining space, a joy of a kitchen, and a bedroom and bath. The upper story, with two bedrooms, bath and an abundance of closets, may be finished later if the need for more sleeping space arises. Although not large, the architect has utilized his space so well that each room is larger than usually found in such houses. It conforms to all requirements of FHA, and its electrical layout to standards of National Adequate Wiring Bureau. Blueprints and specifications available. Further information can be obtained from our office.

Fishermen Land Some Big Trout

So you haven't had good luck fishing, did you say? Then listen to the fishing stories of some GOOD fishermen who spent three or four days last week up on Batchawana Bay, north of Sault Ste Marie, Canada. Mr. and Mrs. Clarence Tritten of Plymouth and Mr. and Mrs. Edward Bell of Wayne, took the bus from Detroit to Sault Ste Marie, and a Canadian bus for the 40 mile trip to Batchawana, where Harris Wilson, a brother-in-law, operates a summer fishing camp. They began trolling for lake trout as soon as they had un-

packed their fishing tackle. When the fishing trip was over, they had caught and landed 21 as nice trout as ever came out of Lake Superior. One of them weighed just a trifle over 28 pounds. These devoted followers of Isaac Walton returned home early this week. (Note—if you want to know how to catch fish, just make a date with any one of them and they will tell you all about it.)

Salvation Army Aids Fire Victims

When fire destroyed a building that had been used for sleeping quarters by Mr. and Mrs. Clifford Baxter of Northville last week Captain William Roberts of the Plymouth Salvation Army lost no time in providing the unfortunate father and mother and their four little children with necessary clothing and bedding.

The flames destroyed all of their wearing apparel except the clothing they had on at the time of the fire. All of their beds and their bed clothing also went up in smoke. Because of the housing shortage the family had been forced to use one building for living quarters and another for bedrooms. After the matter had been brought to the attention of the Salvation Army, Captain Roberts and his aides lost no time in coming to the assistance of the stricken family.

Displays Keepsake His Mother Gave Him

It is with considerable pride that Roy Pierson of 419 North Main street this week has been displaying to some of his friends a pair of baby stockings that his mother bought for him on June 2, 1881, and saved them for him as a keepsake after she had let him wear them for a few days. The little stockings made 66 years ago show plainly the difference in weave from those that are made today.

Mr. Pierson is proud of his keepsake. The Pierson family are among the pioneers of this locality.

The Navys' new electric catapult can launch a four-engine airliner at 120 miles per hour within 500 feet.

LEGALS

STRUCTURAL STEEL FOR GRADE SEPARATION CARRYING TRACKS OVER WAYNE ROAD IN ROMULUS TOWNSHIP, WAYNE COUNTY, MICHIGAN. 22-17-21. CI County Job No. 233 (SG-1781). Net classification required for this project is 4-F-Furnishing and Fabricating.

Sealed proposals for the construction of this project located in Romulus Township Wayne County, will be received from contractors having 1947 Michigan State Highway Department prequalifications, in Veterans Memorial Building, 219 South Capitol Avenue, Lansing, Michigan, until 11:00 A.M. Eastern Standard Time on Thursday, August 21, 1947, and will then and there be publicly opened and read. Proposals may be mailed to Room 424, State Office Building, Lansing, Michigan.

The work will consist of furnishing, fabricating, shop painting and delivering F.O.B. cars at the site of the work all structural steel for the Bridge, including anchor bolts and structural steel signs.

Final delivery of all material under this proposal is requested by May 1, 1948.

The Department's Standard Specifications 1942 edition, the plans for this project, the special provisions governing subletting and assigning the contract and the complete and use of labor, and the proposal blanks (all of which are essential parts of the contract) may be examined at the district office of the Department at Redford, Michigan; at the County Road Commission, Detroit, Michigan; and at the Michigan Road Builders Association, Lansing, Michigan, but may be obtained only at the office of the Contract Estimate Engineer, Room 424, State Office Building, Lansing, Michigan, upon opening of bids. A fee of three dollars will be charged for furnishing plans or proposal blanks.

A certified or cashier's check on an open solvent bank in the sum of \$1,000.00 payable to Charles M. Ziegler, State Highway Commissioner, must accompany each proposal. All such checks will be returned promptly after the bidding, except that those of the two lowest bidders will be retained until execution and delivery of the contract to the State Highway Department.

The right is reserved to reject any or all proposals.

Tip from the Smart Sex

WHO is it that's first to spot — and quickest to go for — a really fresh new fashion idea when it comes along? The ladies, of course! And who is it that, according to careful surveys, put Buick far ahead of its price class and up among the lowest-priced three when they name the car of their innermost choice? The fair sex — but naturally! And who is it, when you come right down to it, that gets the most practical use from enough stirring Fireball power to handle the day's travel-jobs without strain and struggle? Who relishes most the restful ease of wide, cushiony seats, and the blissful gentleness of all-coil springs that make rough roads well-mannered and good roads glass-smooth? Who goes for a car big enough to be company-minded — yet light and easy enough in handling to park without a tussle, and flit shadow-light through market-hour traffic? Who, good friends, has the family's smartest eye-for-a-buy — the shrewdest size-up of what's really good? No one but the Lady of the Household! So we toss out this thought to you menfolks: Chances are that you've been hankering for the kind of thrill that lurks in this great-hearted, great-powered beauty. You'd sort of like to get your hands on a car as big and mighty as this — if you thought the better half could be sold on it. Take our tip — she's already sold. Favored as it is by red-blooded males, no Buick we've ever offered has won the smart sex quite like this one. So why not pull a pleasant surprise some evening soon? Just come home and say, "Well, I placed an order for a Buick today. They're taking 'em with or without a car to trade." Then watch her fall all over your neck!

ONLY BUICK HAS ALL THESE STAR FEATURES

Pfeiffer's BEER

Rotarians Hear High Praise For George Bentley

George A. Smith, former superintendent of the Plymouth public schools and district governor of Rotary International, paid high tribute last Friday noon to George N. Bentley, president of the Livonia school board, who has just been honored by having the new Livonia township high school named in his honor.

Mr. Smith declared that through long years, Mr. Bentley had been one of the most consistent workers for education, and that he was justly entitled to the honor that had been given him.

As a youngster Mr. Bentley attended the old one-room, ungraded Elm school on Middlebelt road walking the two and one half miles each day. The class varied in size from 50 to 60 students depending on the time of the year. During the planting and harvest time the older boys, sons of farmers, would be out of school for several months until the work was caught up.

His high school education was gained at Plymouth High graduating in 1894. Monday mornings George would take the horse and buggy in to Plymouth, attend school for five days, boarding in town and then return Friday evening after school.

Following High School, Mr. Bentley taught at the Elm School for two years and was the first to grade the classes. In 1896 he went to the University of Michigan where he was graduated in 1900 with a Bachelor of Arts degree, majoring in English. He was also awarded a teacher's certificate.

His second job teaching was at Chillicothe, Ohio where he taught for one year. From there he moved on to Golden, Colorado where he taught for one year and at Cripple Creek, Colorado where he was the principal for ten years. It was while in Colorado that he met Miss Jessie Orr who became his wife.

Two of Mr. Bentley's most outstanding pupils at Cripple Creek were Lowell Thomas and Ralph Carr. He knows Mr. Thomas' parents very well. In 1912 the Bent-

leys returned to Livonia and moved into a new small home situated on the 80 acre farm of his parents. This home was on the same site the Dutch Mill now occupies. Later they moved to Middlebelt road.

The same year, 1912 he and his brother Clyde purchased the Elm General Store from Ira Wilson, which they ran until 1933. In 1924 Clyde had opened the Dutch Mill and in 1933 when they sold the General Store George went in the Dutch Mill.

The George Bentleys brought three children into the world; George Nelson, Jr., who is at the University of Michigan working on his Ph.D. and is assistant in the English Department, Dorothy L., who also attended the University of Michigan, and Margaret who was married several weeks ago. Mrs. Bentley died in 1944.

George has been connected with the schools in the Township for many years, serving on the Elm board after Rosedale Gardens was subdivided and a school built in the subdivision. From 1935 to 1939 he was not active due to the fact that they built a new home in Kingsboro. In 1939 they returned to Livonia and since that time Mr. Bentley has served on the Elm board and on the Livonia Township School District board since consolidation. The past two years found him as president.

The civic minded citizen also found time to serve on the Draft Board, District 61, for six years, and on the Zoning Board since its inception in 1943.

Mr. Bentley is one of two sons, born to Mr. and Mrs. John Bentley July 1, 1875 at the old homestead on Five Mile Road directly east of the Old Dutch Mill in Livonia Township.

ON CAPITOL HILL

News and Comment from Congressman George A. Dondero

Great Lakes-St. Lawrence Seaway. Congressman George A. Dondero (H. J. Res. 192) to authorize the completion of the Great Lakes-St. Lawrence Seaway is now the subject of hearings before the Public Works Committee of the House of Representatives. He speaks of it as "the unfinished master project of the North American Continent." The Foreign Relations subcommittee of the Senate approved authorization of the companion bill introduced by the Senator Vandenberg and estimated its cost at \$720 million, of which the United States share would be \$490 million. The bill provides for self-liquidation of the project through toll charges. It reported that evidence indicates the project would contribute materially to North American defense and also to the economic health of the Middle West. Julius H. Barnes, President of the National St. Lawrence Association, testified before the House Committee that the proposed Waterway would enable this country to ship goods to Western Europe more cheaply than Russia.

Retirement Benefits For Federal Employees: The House of Representatives will consider legislation liberalizing the Federal Retirement System. The bill would increase Federal pensions on a scale ranging from five per-

cent in the higher brackets to twenty-five per cent in the lower brackets. Existing pensions would be increased twenty-five per cent or \$300, whichever is less. Increases would be financed by raising employee payroll deductions from five per cent to six per cent.

Some Facts About Advance Planning: Congressman George A. Dondero, through the Committee on Public Works, of which he is Chairman, made an investigation of "Advance Planning Program Project," being urged by many cities and state government units of the 17th Congressional District. It was found that projects already approved and forming a backlog of work not yet undertaken total \$15,309,049,000. These projects cover such work as public roads, veterans' hospitals, Post Office Department projects, reclamation projects, public buildings, Federal Works Agency projects (8,827 in number), flood control, rivers and harbors and Navy Department projects. All of these approved projects were verified through government sources. With a backlog of more than fifteen billion three hundred million dollars, there seems to be little use of adding to the authorizations by the passage of further legislation of this character in this Congress.

Reduction of Government employees: The April-May report of the Joint Congressional Committee on Reduction of Nonessential Federal Expenditures reveals the following facts in connection with the decrease in personnel connected with the government.

The over-all decrease, after deducting War and Navy totals, stands at 7,712. While the War and Navy Departments discharged 19,206 persons, other Departments increased their personnel 15,424. The decrease in personnel in continental United States for the month of May, over April, was 7,411.

Outside the continental United States the decrease was 7,535, a majority of which was industrial workers. Excluding Army and Navy Departments from these

figures, there was a decrease of only 302. The industrial employees, during the month of May, decreased 6,695 from the April totals.

Agriculture: The House Committee on Agriculture is now studying the over-all farm picture with a view to rewriting the ten-year-old Agricultural Adjustment Act in the next session of Congress.

MICHIGAN

Believes in Promoting Rural Health

Rural health is a great deal more than a discussion topic to the medical doctors of Michigan — it is a vital program that has their fullest support. This is evidenced in many ways, as will be brought out at the Michigan Rural Health Conference which is to be held at Michigan State College, September 18-19. Being one of the sponsors, Michigan doctors of medicine will utilize this Conference to search out the further avenues in which they can most practically enlarge their health services in Michigan's rural areas. This concern of organized medicine, and many other health organizations, with the health improvement of all the people of the State is one of the reasons why Michigan leads the way in health progress.

BABSON

Babson Discusses the Customers' Rights

Gloucester, Mass., Aug. 8—For months we have been hearing of nothing but management's rights and labor's rights. The rights of another group have often been forgotten in quarrels between management and labor—those of the general public.

It is about time that all groups begin to think in terms of national well-being. Today we are faced with a great debt from pre-war, war, and post-war spending. We are carrying a heavy tax-burden. We are trying to help most of the war-torn countries of the world back onto their feet. This cannot be done without the kind of shoulder-to-shoulder effort and capacity for work for which Americans used to be famous and of which America used to be proud.

Since the late twenties we have seen our economic structure gradually weakened. Business opportunities have been restricted; incentive to "make a million" an American slogan of my youth, or even a tiny portion thereof has been destroyed. We are warned by many responsible thinkers that it would not be too hard for us to slide into Britain's kind of poor financial position. This is not pessimism. We must face the economic as well as the political truth of our day if we are to remain a free people in every sense of the word. Is the European or even Briton free—whose standard of living is dropping so low that a pair of stockings or a can of corn is unexpected luxury?

Mediocrity
An advocate of industrial harmony in this country, Charles Luckman, points out that lowered standards of living in today's Europe are clearly related to lowered production on the part of individual workers. The volume and quality of production is an excellent barometer of a nation's strength. The standard of living is not rising in this country if we are to judge by the kind

of product and service the public is getting today. Do we want our nation to fall on the merits of our present restricted or declining industrial performance?

During the war housewives became patient and fatalistic about oven parts that buckled under heat and vitreous china sinks which cracked so easily. They believed it would be different when good materials were not all going to war, when things got back to normal. The American housewife, who incidentally does over 75 percent of the commodity buying in the U.S., is now asking, "Will things ever get back to normal?"

Common Complaints
We still have to ask, "Will you please clean the windshield?" The delivery boy still loves to leave the packages at the front door instead of the back. Often he will leave them three flights downstairs in the apartment house. The third call to a reputable laundry at last brings some action on shirts misplaced by the laundry three months before. An electrician starts a small job; then says he is so busy he must leave it for a week. It takes him six weeks to get back. No other electrician, of course, will take on a competitor's job in the meantime.

Buttons come off dresses and shirts the first time they are worn. Seams split in two or three places almost immediately. Many belts won't wash or dry clean. How many new cars run as well as ten year old ones? The war has been over several years, but hotel bathrooms are not shining yet. Management and labor are both to blame when between them they cannot manage to put out more products or services that are of high quality. Let us go back to giving the customer his rights.

Conclusion
Mediocre effort put forth enough times each day by enough people can turn us into a mediocre nation. It is self-delusion for any man to think that he will earn a better living by supporting any politician or labor leader. Only good quality products and services can protect jobs and the future. The hope of every reader of this column lies not in getting higher wages for his week's work, but rather in getting more food, clothing and shelter therefor. The answer lies within each of us. Each one of us is a worker, no matter how designated, who should work by high personal standards. We all must make better goods and more of them each week. Only then are there more to divide amongst us all so that we all will get more in food, clothing and shelter for our week's work.

25 YEARS AGO FROM THE PLYMOUTH MAIL FILES

Saturday evening as the clock was striking six, the wedding ceremony was being read by Rev. H. E. Sayles, at the altar in the Baptist church, corner of Spring and Mill streets, Plymouth, when Harry Bacon, Sayles, Ave., and Mrs. Sayles' oldest son, was united in marriage to Miss Lucille Bennett of Logansport, Indiana. They were led to the altar by Dr. Walter Klineas best man, and Miss Dorothy Chipchase as bridesmaid. Miss Bennett was given away by her father, Casper C. Bennett. The impressive double ring ceremony was used, and at the close, Rev. Sayles presented the young couple to the guests for congratulations. The decorations in the church were in splendid taste. Miss Bennett was gown-ed in white satin, carrying a bouquet of pink gladioli. Miss Chipchase was dressed in pink crepe de chine, and carried a bouquet of sweet peas. After the wedding dinner, Mr. and Mrs. Sayles left for their new home at Pontiac.

Mrs. Jennie Stay, daughter of Mr. and Mrs. Pizarro Perkins of this place, and John B. Smith, a well-known and respected farmer, living near Northville, were quietly united in marriage in Detroit, Thursday afternoon, July 27, by Rev. F. M. Field, former pastor of the Methodist church of this place. The bride is well known in Plymouth, having resided here for several years and the greater part of the time has been engaged in nursing. Mr. and Mrs. Smith will reside on the bridegroom's farm and the best wishes of Plymouth friends go with them for health and happiness.

Mr. and Mrs. Charles Honeywell very pleasantly entertained about 50 relatives, friends and neighbors at a basket picnic at their home on the Ann Arbor road, Sunday, July 20. Tables were built under the beautiful trees in the yard and when the baskets were unloaded a bountiful dinner was laid, to which all did ample justice. The guests were entertained with music and a social time was enjoyed by all. A ball game between the Wright and Douglas teams was the real feature of the afternoon. After the ball game, ice cream and cake and watermelon were served by the hostess.

Mrs. Phila Underwood will sell the contents of a 12-room house at auction, on Tuesday, August 15.

Mr. and Mrs. C. H. Buzzard and daughters spent the weekend at the home of the former's parents in Toledo.

Born to Mr. and Mrs. Carl Hierpe, July 30, a daughter, Mrs. Hierpe will be remembered as Hildred Bachr.

The village employees are laying an extension of the water mains on the north end of Starkweather avenue.

Mr. and Mrs. Harold Hamill and daughter Jean, of Ann Arbor, were guests of their parents, Mr. and Mrs. Hamill, of Starkweather avenue, Sunday.

Mrs. Louise Gregory of Oak Knoll, gave a beefsteak roast yesterday, in honor of Mr. and Mrs. William Wood of Los Angeles, California, who have just motored through from the coast.

The new tourist camp grounds on the river flats are getting to be a popular place for picnic parties already. The other evening 50 people from the village were counted, who were enjoying a picnic supper on the grounds. A table has been constructed on the grounds, that will prove convenient for the use of visitors to the camp grounds.

Mrs. Glen Jewell underwent an operation at Harper hospital, Tuesday.

Mr. and Mrs. Matt Everett and baby, Glenda, are visiting the latter's parents, Mr. and Mrs. Charles Johnson, in Detroit this week.

Paul Wood has sold his double house on East Ann Arbor street.

Mrs. George A. Smith, who underwent an operation for the removal of her tonsils at St. Joseph hospital, Ann Arbor, last Tuesday, is convalescing at her home on Union street.

Born, Monday, July 23, a little son, William S. II, to Mr. and Mrs. Frederick Thomas of this place. Mrs. Thomas is at the Evangelical Deaconess hospital.

Miss Mabel Spicer, who has completed a year's work as dietitian at the Statler Hotel, Detroit, has resigned, and is expected home today for a few months' vacation, after which she will take a position with the Genesee Pure Food Company of LeRoy, N. Y.

Member of National Legislative Committee

President Charles P. Helfenstein of the National Editorial Association has advised Elton R. Eaton of Plymouth that he has been appointed a member of the legislative committee of the Editorial Association.

Chairman of the committee for the north central states is Herschel J. Blaser of the Alledo, Illinois Times Record. Other publishers selected to serve on this committee are Herbert Harris, of the Greenwood, Indiana News; and Peter Walch of the Weyauwega, Wisconsin Chronicle.

CLOSED FOR VACATIONS UNTIL Monday, Aug. 18

-- NEW POLICY --

Upon the resumption of business following vacation period we will be

1/3 OF A CENT

STEEL PRODUCERS have announced new prices for certain of their products. As a result steel prices are up an average of less than one-third of a cent a pound.

The higher cost of living hits steel plants as well as individuals. Steelmaking costs have risen sharply since January of this year—and they are still going up.

This average steel price increase adds:

- \$11 to the total cost of all the steel used in a typical automobile.
- 65 cents to the total cost of all the steel in an average domestic refrigerator.
- \$5 to the cost of the steel in a medium-sized farm tractor.
- \$25 for all the steel used in building a 5 or 6 room one-family house.

At the present average price of 3 1/2 cents per pound, steel is the lowest priced of all metals.

How much have steel plant "living costs" gone up?

THE CHIEF items of cost in steelmaking are wages, raw materials, equipment, fuel and transportation. Since January 1, 1947, these changes have taken place in typical annual cost items of the steel industry:

- Wages have increased \$240,000,000
- Scrap has increased \$160,000,000
- Freight has increased \$75,000,000
- Fuel oil has increased \$30,000,000
- Coal has increased \$90,000,000

These and other items of increase since January 1, 1947, have added more than \$600,000,000 to the annual costs of the steel industry.

That sum is more than the combined earnings of all the steel companies for three years past.

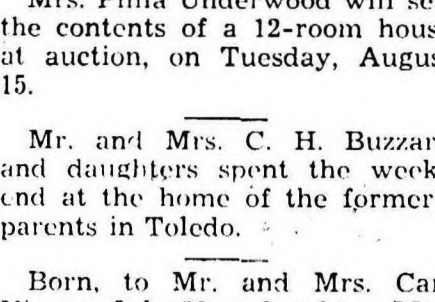

It amounts to nearly \$10.00 a ton on the present record-breaking volume of steel output.

To help meet this higher cost of living in steel plants, steel prices have been increased on the average by less than \$6.00 a ton.

The increase in steel prices since 1939 is only about half as much as the increase in commodity prices generally, and is less than half as much as the increase in weekly earnings of steel wage earners.

American Iron and Steel Institute
350 Fifth Avenue • New York 1, N. Y.
There are 101 member companies of the Institute with plants in 173 American communities. They produce 96.3 per cent of the country's steel.
