

CONGRESS SHALL MAKE NO LAWS ABRIDGING THE FREEDOM OF THE PRESS

What I Think and have a Right to Say

ELTON R. EATON

The PLYMOUTH MAIL

Vol. 59, No. 50

Plymouth, Michigan Friday, August 15, 1947

\$2.00 Per Year in Advance

WHAT A MESS!

From information being brought out in the United States senate investigation into war contracts, one begins to feel that official Washington wrote a pretty rotten war record. We like to hold in high esteem members of our official family in Washington, but they certainly have not done anything to cause one to feel that way. We believed at the time, and evidence is now confirming our belief, that our good old United States fell into the hands of a pretty putrid political outfit during the war period. It is up to every one of us to see to it that never again is our country permitted to get into such a mess, if we can get out of the one we are in.

CHANGING OUR MIND.

We've had a lot of sympathy for the Jewish people who have tried to re-establish themselves in Palestine. We thought it was a good idea and have believed it might be a way to solve some of the problems the world faces. During the World's Fair in New York, a number of years ago, we visited the exhibit that showed what was being done in that part of the world and we were greatly impressed by what we saw. BUT!

We are beginning to change our mind about the whole business. If the terrorists in Palestine think they are helping their cause by what they are doing, they had better do some more thinking. What is being said in this comment represents the views of nearly every person whom we have talked with. It is another sorry world problem.

A LOOPHOLE FOR CONGRESS TO PLUG.

Few laws when first enacted are perfect. That is being found out right now in connection with the new labor law. Washington dispatches say that a loophole for labor leaders is appearing in plans of Secretary of Labor Lewis B. Schwellenbach for registering unions under the Taft-Hartley Act. The law forces a union to file financial reports and other information with the Labor Department before it can take a case to NLRB. Secretary Schwellenbach, however, has ruled that the Department will not make public the information it receives.

Mr. Schwellenbach has been advised that the law does not require him to reveal this information. Unions that want to use the NLRB also are forced by the law to send financial reports to each union member. However, the law does not specify that the other information filed with the Labor Department must go to the members. This includes items such as how officers are selected, salaries they are paid and other provisions of the union constitution.

The decision to keep this secret may be reviewed by the joint committee of Congress that is to check on the new law.

HATS OFF TO THESE BOYS.

Seldom a day goes by but what something happens to increase our admiration and respect for the young men who fought and won the last World war. It was by chance a few days ago that we happened to be talking with a group of them.

We knew the military records of all of them, except one. Some of these young Plymouth lads had performed heroic deeds for their country. Some had suffered grievous wounds and burns and had been confined to hospitals for months. All of them had endured the horrors of conflict, some on sea and others in field and air combat.

But not one of them mentioned or even hinted a word about their military services in behalf of their country. Not one gave the slightest evidence of his accomplishments in behalf of mankind. True there is here and there a "vet" who likes to advertise to the world his war record, but these fellows are not among the Plymouth boys we know.

By their war records they won our admiration. By their peacetime records of unselfish devotion to their country and their home communities, they are adding not only to the glories they already possess, but to the security and the betterment of a nation that so badly needs that which they are giving.

IT IS NOT A ROSY PICTURE.

Sometimes it is well to get the viewpoint of others about the serious problems of the day. While we try desperately to make ourselves believe that all is well and that there will be peace and contentment in the not too distant future, we get a jolt when we read some outstanding authority who uses facts to point out that we are rapidly going from bad to worse.

Read the following few brief paragraphs taken from a recent issue of The United States News, the only publication in our country devoted entirely to discussions of national affairs, and then contemplate what is in store for this troubled old world of ours:

It is time again to look over the broad situation, to size up what is going on in the world. Frankly, things don't look at all good.

A war attitude is guiding U. S. policy. There's regular army strategy in moves made. The war at this stage is political, economic, not military.

War itself, fighting war, is probably 10 years away, maybe 15, not 5.

Fighting war, however, could be the end product of present political war. It is about all to look forward to. That's the long and short of it.

Idea of being tough with Russia, the "Truman doctrine," sounded good at the time. The only trouble is that Russia doesn't react according to formula. She gets harder, not softer. That isn't what the theory called for.

Hard fact of the matter, with trimmings off, is simply this:

U. S. is slipping, not winning, in the "cold" war, the political war. Troops may have to follow dollars in Greece. That situation is bad. French Communists have U. S. checkmated in carrying out ideas to put Germany to work. China is slipping from bad to worse fast. It really is a mess.

Marshall plan for putting up more dollars isn't doing so well either. Its chance of success is not more than 50-50, if that. Europe wants all the dollars, but doesn't want to make changes needed to become self-supporting. Congress, too, is going to ask many questions before putting up more money. Dollars, as matters stand, are not going to win the "cold" war.

If real war, "hot" war, then comes, it still won't be so simple. U. S. probably cannot conquer Russia. Top military men say that.

U. S. might, after immense effort, push Russia back to her old borders.

Europe, now in bad way, then would be a complete shambles, nothing left. Russia would be very badly smashed up, too. There is no doubt about that.

U. S., in parts, might be quite a shambles as well—from bombs.

Also, man-power losses almost surely would be great. Debt now amounting to \$260,000,000,000 would be at least \$1,000,000,000,000. Taxes would become confiscatory if any effort were made to avoid real inflation. Another war will almost surely end in socialism for U. S. The present system couldn't survive.

That's about the size of it. It is quite a problem.

Local Resident Heads Kaiser-Frazier Research

Howard E. Carson, of 199 Arthur street, Plymouth, newly appointed manager of the Kaiser-Frazier business management and research department, is a World War II naval veteran and ex-collegiate basketball ace.

Replacing A. G. Harrison who resigned, Carson moves up to his new assignment from the position of assistant manager. He joined K-F in January 1946, shortly after separation from the navy. He moved with his family to Plymouth shortly after leaving the Navy.

Carson was discharged with the rank of commander after joining the service as a lieutenant, senior grade, in June 1942. Upon completion of a tour of duty at Kodiak, Alaska, naval air station, he was transferred in November 1943 to the Bureau of Naval Personnel in Washington, D. C.

The Washington assignment placed Carson in charge of personnel statistics dealing with all officers and enlisted men.

Prior to entering service he was a Chrysler corporation statistician for ten years, specializing in sales analysis and market research.

Carson received his Bachelor of Science degree in 1930 from the University of Toledo where he studied general business administration. A star forward on the Toledo cage team for four years, Carson captained the Rockets for a season. He also played pro basketball for two years after leaving school.

The K-F executive with his wife and three children, Howard 15, Suzanne 10 and Pamela 4, have made many friends since coming to Plymouth to reside.

Famed Surgeon Taken by Death

Older residents of Plymouth will be interested in news dispatches from Salt Lake City which recently told of the death of Dr. Andrew J. Hosmer, one of the most prominent surgeons of the Rocky Mountain country at the age of 86 years.

Dr. Hosmer began his medical practice in Plymouth, his office being in a residence located directly across the street from the present Plymouth Mail building, the house standing where the Schrader business block is now located.

He made his home while in Plymouth with the grandmother of Mrs. Phila Underwood, 908 Penniman avenue, Charlotte Gordon, a nurse, who makes her home while in Plymouth with Mrs. Nellie Curry of Penniman avenue, is a niece of the late distinguished surgeon.

Dr. Hosmer gained additional fame a number of years ago by the invention of a surgical instrument which proved of exceptional aid to physicians in removing small obstructions from the throat and lungs. For many years he was superintendent of the well known Salt Lake City hospital.

Michigan Road Maps at The Mail

If you are planning a trip somewhere in Michigan, call at the Plymouth Mail office and receive one of the new 1947 road maps issued by the Michigan State Highway department.

The maps have been considerably delayed in delivery to the state because of various reasons confronted by the map publisher, but they have now been received, and are being distributed throughout the state.

Better still, if you plan to go deer hunting this fall, it might be well to get your map right now, because no one knows whether there will be any available at that time or not.

Today is Robinson's 61st Anniversary

Mr. and Mrs. Harry Robinson are today, Friday, celebrating their 61st wedding anniversary. The day is also Mrs. Robinson's 82nd birthday anniversary. They are going to celebrate by trying to keep cool "down under the old apple tree."

Miss Dora Gruebner attended a three day secretarial conference in Ann Arbor last week.

Former High Graduate Aids Athletic Field Fund

The following letter was received by Clifford Tait, chairman of Rotary's Alumni solicitation committee, on the football field project. It is published at the request of local Rotarians who hope that other alumni will respond to the call for aid as well as other local residents who have not as yet contributed to the fund.

The project has obligated the Rotary club for some \$20,000 and to date only about half of the needed amount has been contributed. The letter in its entirety from a former Plymouth high school graduate, now one of Michigan's most prominent lawyers follows:

August 3, 1947.

Dear Sir:

I have received your letter addressed to the Alumni of Plymouth High School, and I am interested in the project sponsored by the Plymouth Rotary Club to construct a new athletic field for the High School.

I cannot now tell just when I graduated from the Plymouth High School, but I know that it must have been in the middle eighties, and I recall that Professor Brower was then the Principal, succeeding Professor Grawn, of whom I have very pleasant recollections, and with whom I later had occasional contact when he was at Traverse City and Mount Pleasant. I do know that my school days at Plymouth were most enjoyable to me, if not always to those charged with the task of educating me.

I enclose a check payable to John W. Blickenstaff, which please deliver to him with my sincere regards as a Plymouth High School alumnus and as a Rotarian, and my congratulations to the Plymouth Rotary Club upon its civic good taste in sponsoring so commendable a project. I do not wish to foreclose myself from further contribution if it shall seem necessary, and I would like to be placed upon the list of prospects to be approached if occasion shall present itself.

Very truly yours,

FRED C. WETMORE,
Attorney at Law,
Michigan Trust Building,
Grand Rapids, Mich.

HAVE YOU MADE YOUR CONTRIBUTION YET?

Plymouth Golfers Take High Honors in Amateur-Open

Going only 12 over par for 72 holes, Louis Campbell, of Detroit, took top honors for the Plymouth Country Club's Amateur-Open golf tournament which ended Sunday.

He blasted over the 18-hole circuit four times during the last two weekends and turned in cards of 75, 75, 70 (par) and 70. The K-F executive with his wife and three children, Howard 15, Suzanne 10 and Pamela 4, have made many friends since coming to Plymouth to reside.

Jack Marsh was the only Plymouth golfer to finish in the first 10. He carded a 308.

Bill Coffin was second best in the second flight as he turned in cards totaling 315, as against the winner's card of 308. Honors for the flight went to Fred Pratt, Detroit golfer. Other Plymouth men finishing high in the second group were Art Groom, Russ Egloff, and George Kenyon.

Plymouth was also represented in second best honors in the third flight when Walt Patrick had 327 strokes to be defeated by Larry Curran, of Detroit. Vaughn Smith was fourth with 331.

Fourth flight championship was won by John O'Brien, of Detroit, with a 337.

Art McConnell, popular Plymouth barber took top honors for the fifth flight with a 359, with third also going to Plymouth when John Wiltsch had a 363.

Doug Jetter was awarded the championship for the sixth flight with another Plymouthite, Dick Partridge, coming in third.

This year's tournament was the first in an affair which M. C. (Casey) Partridge, pro-manager at the Country Club hopes to make an annual event. From the interest shown this year, he says, there is no doubt but what it will again be held next year and in years to come.

Winners of each flight were awarded gold trophies with appropriate inscriptions engraved. Entrants finishing in the upper (Continued on page 7)

Celebrate Their 56th Wedding Anniversary

Mr. and Mrs. Peter A. Miller celebrated their 56th wedding anniversary Sunday by entertaining 50 guests at a lawn supper party.

After Jack there was a showing of movies taken at previous anniversary celebrations and other important family occasions. The guests included Rev. William Mowley, Mr. and Mrs. Frank A. Miller and daughter Joan, Mr. and Mrs. Peter Ralph Miller and son Keith, Mr. and Mrs. Arthur Watters and Mary Therese, Michael, Julianne, Daniel, Ned and Gregory of Plymouth, Mr. and Mrs. Karl G. Miller and sons Bobby, Karl G. Jr., Tommy and Russell of New Wayne, Mr. and Mrs. George Treis and son George, Mr. and Mrs. James Motshall and daughter Pam, Mrs. Grace Treise, Mrs. Theresa Watters and Edna Watters of Detroit.

Oscar Bender and family of Tampa, Florida spent a few days last week with Mr. and Mrs. George Elliot and family.

Plymouth Made Main Point for Express Service

Plymouth has been made the central point for express shipments and collections for the entire area of northwestern Wayne county and southern Oakland county, including both the communities of Novi and Farmington, according to an announcement just made by the Railway Express company through C. E. McGovern of the Detroit office.

Its free collection and delivery service has been extended and the change is effective at once.

Leonard Millross becomes the full-time salaried agent for the entire district. The Plymouth office will hereafter not only have a clerk to assist Mr. Millross, but two drivers have been engaged to make collections and deliveries each day. Two new trucks have been purchased and placed in operation at the Plymouth office.

Immediate collections and shipments will be made it is stated. To accommodate this city and district an express car will be left on the siding here late each night and shipments that are not rush shipments, will be loaded directly into the car, which will leave here every evening at 8:50 o'clock.

Coupled with the announcement of this free express pickup and delivery service is the statement that air express service will also be provided Plymouth and this area. Any one having a package they desire to send by air to any part of the country can be assured of its immediate delivery.

It will be picked up in Plymouth any time a person may call the Railway Express office, sent immediately to Detroit, where it will be shipped by air express to any part of the United States.

People who live near Northville can call the Harnden Paint and Glass company on Church street in that community, and packages will be picked up by the Plymouth express trucks from that point several times daily, the same as in Plymouth.

Dunning & Young Store Formally Opens Today

Today and tomorrow, Friday and Saturday, the formal opening of the new Dunning & Young wearing apparel store for infants, boys and girls, teen agers, juniors and ladies, located in the building formerly occupied by the Goldstein Department store is taking place with a flood of good wishes, good will and flowers from the host of friends of the young ladies who have made this business venture.

Workers for weeks have been giving the entire store building a thorough renovation. It has been remodeled, redecorated and new fixtures installed.

It has all new stock, with nationally advertised lines for the teen agers, ladies and mothers to make their selections from.

The sales force has been completely organized and are well known to Plymouth shoppers. Gifts will be offered to those who attend the opening, today, tonight and tomorrow.

Both Miss Dunning and Miss Young have had many years of business experience that provides them with an excellent background for the new business they have started.

Cloverdale Trims Garden City 15 to 5

The Cloverdale baseball team eliminated Garden City from the playoffs last Sunday. Excellent pitching by George Molnar and George Bower and five hits out of six trips to bat by John Swartz helped the local team swamp their opponents 15 to 5.

Saturday at 5 p.m. the Cloverdale team will meet the E. and L. Transport team of Dearborn at Nankin Mills as the playoffs near the final stage.

Mrs. Robert O. Stevenson and son, Robert, of Maple avenue returned Sunday evening from a two weeks' visit with her daughter-in-law, Mrs. W. H. Stevenson in Quincy, Massachusetts. During their stay, they visited a week at Mrs. Stevenson's summer home at Wareham, Cape Cod and also in Boston, Concord, Lexington and Plymouth, Massachusetts.

Eddie Bender New Football Coach

"Eddie" Bender.

High School football players were introduced to their new coach Monday evening when he arrived in town to make a survey of prospects for the coming season. The new coach, Eddie J. Bender, is not unfamiliar with this area, having graduated several years ago from Northville high school.

He attended Ypsilanti State Normal College previous to five years service in athletic work in the army, and this year he received his degree from Concord College in Athens, West Virginia.

Throughout all of his school years and also while in the army he played football and was considered one of the best backs in the east, last fall.

He has issued a call for all football candidates to meet at the High School on Monday, August 25 at 9 a.m. and has set the first practice session for Monday, September first.

Blistering Heat Wave Keeps the City Boiling

Plymouth folks sweated, stewed and steamed and kicked like western steers at the weather again this week. But it made no difference with Old Sol who persisted in stoking his heating furnaces in order to create an all-time heat record for 1947.

Tuesday afternoon the thermometer in front of the Earl Fluelling gas station on Main street hit the high point of 103 degrees. It stood where the sun shone directly upon it. And it's the same thermometer that tells you when to put the anti-freeze in your automobile radiators in the winter, so Earl says it must be correct.

Across the street in the shade on the archway of the Schrader Funeral Home over the driveway there is another thermometer. At the same time the Fluelling thermometer stood at 103 degrees in the sun the Schrader mercury stood at 93 in the shade. So it was hot, good and hot all day Tuesday, there is no question about that.

Tuesday night was also a blisterer. People slept in their yards, on the porches, some even on the roofs, in an effort to find a cool place. But there was no relief anywhere for anybody.

Wednesday it sizzled more than it sizzled Tuesday. In fact the slight breeze that moved a leaf now and then on the trees and the clouds that zoomed across the skies didn't mean a thing. It has been hot and dry, a record breaker for this year and without question for many years back. Some relief is promised for the end of the week.

Daisy and Garden City Play Sunday

At the Daisy Air Rifle athletic field Sunday afternoon at 2:30 o'clock teams of the Michigan Inter-County in Class B will begin their play offs.

The first game will be between the Daisy Air Rifle team and the speedy Garden City club. The Daisy team has 11 wins and only 5 losses to its credit.

The Garden City team has won ten games and lost six. The game will be called promptly at 2:30 o'clock and there will be refreshments for every one.

Mr. and Mrs. Donald Mielbeck announce the birth of a son, Robert Arthur on Sunday, August 3 at the Wayne Clinic.

Jaycees Making Plans for Big Donkey Game

Plans are being made again this year as in years passed by the Junior Chamber of Commerce for a Donkey Ball Game to be held Tuesday evening, September 2, at the Daisy field. Starting at 8:00 o'clock, it will be under lights. Gerald "Jake" Shoemaker is general chairman of the Jaycee committee making arrangements.

A feature of the evening will be an exhibition softball game, beginning at 7:00, between the Daisy and House of Correction teams. In previous meetings this year DeHoCo has beaten Daisy in their initial contest but in later-season games they played a scoreless tie in 12 innings and a 2-2 tie in nine innings. Both tie games were called on account of darkness. DeHoCo is class A and Daisy Class B, in the Industrial league playoffs.

Tickets are on sale for the Donkey event. Proceeds are to be used by the Jaycees for the purchase of high school band uniforms.

City Tournament Opens Saturday Beginning at 7:30

Beginning at 7:30 a.m. Saturday morning, Plymouth's amateur golfers will tee off to compete for the coveted titles of the City's Amateur Champion in one of the four divisions that will set up as a result of the qualifying scores made on that day. A host of valuable prizes and trophies await the winners who need only to qualify on Saturday and win their first match on Sunday to enter the prize-winning bracket.

Awards that will be given are as follows: Qualifying rounds; 1st, low medalist, Onyx ash tray Trophy and dozen golf balls; 2nd, low medalist, one dozen golf balls. Winners of first match Sunday, Aug. 17 in all flights two, new golf balls each.

Championship flight awards are: Winner, Plymouth Mail Trophy and 12 gauge Ithaca Feather-light Repeater pumpgun. Runner-up, Trophy and fully equipped Tackle box. Semi-finalist, Runners-up (2), Golf bag lighters and novelty head covers.

First flight awards are: Winner, Trophy and Zenith Long-Distance Portable Radio. Runner-up, Trophy. Spalding Cash-in putter, Golf shoes and Telechron Electric clock. Semi-finalist, Runners-up (2), Golf bag lighters and novelty head covers.

Second flight awards are: Winner, Trophy and set of 3 Springfield two action irons. Runner-up, Trophy and set of 3 Springfield Colon-plastic woods. Semi-finalist, Runners-up (2), Golf bag lighters and novelty head covers.

Third flight awards are: Winner, Trophy and Six-tube Clarion table radio. Runner-up, Trophy, Golf shoes and Spalding Cash-in putter. Semi-finalist, Runners-up (2), Golf bag lighters and novelty head covers.

Late-comers will be eligible to enter up until 7:30 a.m. Saturday morning as post entries. Post (Continued on page 8)

Mrs Butler Now Seriously Ill

Mrs. Edith C. Butler, widow of Richard (Pop) Butler, prominent bowling advocate who died suddenly on August 6 at Jennings Hospital, Detroit, is reported seriously ill, and has been taken to the same hospital.

She was stricken with a heart attack soon after the funeral of her husband last Saturday. In spite of the efforts of physicians and nurses, her condition has shown little improvement during the past day or so.

The death of Mr. Butler not only proved a shock to his family, but to his host of friends in and around Plymouth.

He probably was one of the most enthusiastic advocates of bowling in Michigan. He organized a bowling league when a young man and for over 30 years never missed a contest. In Plymouth he created a wide interest in bowling activities and his passing is a distinct loss to this popular pastime.

Attorney Lee Butler of this city, is spending most of his time at the Detroit hospital, assisting in her care.

Mr. and Mrs. R. D. Nesbitt of "The Knoll" on McClumpha road, were weekend guests of the D. K. Halls of Rosedale Park at their summer home on Sage lake.

"Do you take this man to be your lawfully wedded husband and agree to send his clothes to the dry cleaners regularly?"

One of the first rules of a happy marriage calls for the bride keeping hubby's wardrobe as bluish-free as her complexion! So after being carried over the threshold no Mrs. should miss carrying his clothing,—her own and their home accessories—over our threshold to keep that honeymoon freshness "forever after."

**Presenting
"HOUSES ON PARADE"**

**Four Bedroom Ranch
Type Home**

Only six years old, this house is in its prime. The two bedrooms on the 2nd floor are paneled and is ideal for youngsters. The entire interior has just been decorated. Living room, dining, modern kitchen, 2 bedrooms with closets, bath, large breezeway with space for utility room, 2-car garage that can be used for a shop. 2 1/2 acres of well landscaped ground completes the picture. The total price is \$8500.

\$1500 Down, Five Rooms

Located in a suburban district this place will offer a peaceful atmosphere. Kitchen is very large and modern, dining room, living room, 2 bedrooms, lavatory, are on the first floor. Small room for storage or guest room on the second. Full basement with laundry tubs, fruit room, hot water heater and hot air furnace. 4 lots, including with fruit trees and grapes. Possession immediately. Can be bought completely furnished.

2 Acres, Five Rooms

An attractive home with a wooded background. A creek running thru the acreage adds to the scenic beauty. House contains kitchen, dining room, living room, knotty paneled porch usable both winter and summer, 1 bed room at present with possibilities for two. Full basement with automatic hot water heater and tubs. Two car garage with a circular drive.

**Gas Heat Plus Three
Bedrooms**

Located in a nice subdivision this home is a bargain. Newly decorated interior gives a pleasing eye appeal. Kitchen is large enough for dining space. Full basement has automatic hot water heater, fruit compartment, tubs and a recreation space. Lot size is 50 by 145 ft.

Oil Heat, Six Room Brick

Close to schools and transportation. Located in the nice neighborhood this home you will be proud to own. Beautiful living room with a natural fireplace, sun room, full dining room, modern kitchen with a breakfast nook, three large bedrooms with a tiled bath. Full basement with recreation space, garage and a well landscaped yard. Completes the story.

ATTENTION VETERANS:

We have four new homes left for sale. Your down payment will run \$1000 down. Kitchens & baths are tiled in your own colors. Interior painting can also be your color scheme. Occupancy can be arranged to your advantage. Consult us at your leisure.

Two — Four Acres

A new subdivision is being opened between Canton Center and Sheldon Road, On Warren. Be the first to pick your future home while the choice of lots is to your advantage.

GET HIM READY FOR THE FIELD with

The difference between a good hunter that is ready—and one that is not ready for the opening day could be just a matter of food. Larro Dog Food, a dry food, in meal or cube form, is the result of many years of research with over 1,700 dogs by General Mills at Larro Research Kennels. It's wholesome, clean, nutritious and tasty. Try Larro now! Watch your dogs sharpen up! Notice their condition improve! Help them get ready for opening day with Larro Dog Food! Then feed Larro continually for a successful season.

Bugs Destroy Buildings In Livonia Township
What kind of bugs do we have in the township? Fire bugs? You thought that a "fire bug" was a fellow that went around setting fire to homes and buildings or possibly you thought it was a fellow that likes to chase fire trucks. In a way, most of us are just like the fellow that goes around setting fires, unintentionally, but nevertheless, through carelessness or negligence, we do set fires.
Eighty seven per cent of the fires in the U. S. are caused by carelessness. About four out of five people who lose their lives by fire lose them in their homes. The reason for this is that three out of four fires are in the homes.
Let's look at the difference between the home owner and the factory owner. They both have all they own invested in either the factory or the home. The factory owner knows that the greatest enemy he has to contend with is fire. Statistics show him that 70% of the factories that are destroyed by fire are never re-built. While this man is out of business, competition is keen and his competitors take away his trade and by the time he is re-built he has to re-establish his business almost completely. He therefore realizes that he has to protect his investment, so what does he do? If he can afford it he puts in a sprinkler system and standpipe for water. He puts in an automatic fire alarm system in connection with the sprinkler system so that in case of fire an alarm is automatically sent to the fire department. He

likely hires a night-watchman to look and smell for fire. He buys fire extinguishers and first aid fire equipment. He may even train a fire brigade for the plant. He calls in the local fire department and asks them if he is doing the fire prevention job correctly so that he can eliminate any fire hazards that he may have missed. All these things and many more, he does, to protect his plant from FIRE.
Now-what does the fellow do to protect his home from the same enemy? The new home, from the firemen's standpoint, is not likely to burn. That is, when he moves in, there is nothing there that should burn. The chimney is properly tile-lined, the furnace is properly installed, the wiring has been inspected by a competent electrician and everything is safe from a fire safety angle. Now here is where the "fire bug" gets into the house. He likes to pitter around so he buys some paint and brushes etc.-uses them, builds a little wooden cupboard and attaches it to the wooden partition of the cool bin-there is a door on it of course and when he is all through the cupboard, with the door shut, contains paint, varnish, oily rags and brushes. Some day when he is out playing golf on a muggy day with the humidity pretty high he has caught himself a nice fire from spontaneous combustion. This is the first "bug" he brought in.

Monel, a silvery white nickel-copper alloy with important mechanical and chemical properties, has many uses in engineering and in the food, chemical, shipbuilding, and many other industries.
A waterproof electric heating pad has been developed.
The light of a single 100-watt bulb matches the output of 129 candles.
Sixty percent of the 115,000,000 miles of telephone wire in use in United States is in underground cable.

LOCAL News

Bill Thomas is spending a few days of his vacation in Chicago attending the first reunion of the Eleventh Armored Division, the unit in which he served overseas during the last World War.

Mr. and Mrs. William Congdon of Sunset street have been entertaining Mr. Congdon's mother and father, Mr. and Mrs. W. F. Congdon of Chicago, this past week.

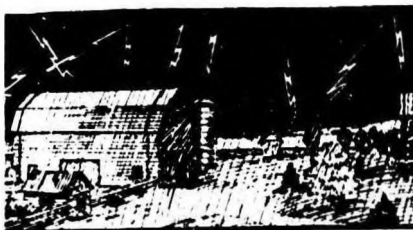

On Thursday evening, Mr. and Mrs. Austin Whipple and Mr. and Mrs. Elmer Smith of Northville were the dinner guests of Dr. and Mrs. A. E. Van Ornum, at the Meadowbrook Country club.

Mr. and Mrs. Dewey Smith and son Jack, left Wednesday for a week's vacation visiting friends at Bachawana Bay, Canada where they will do some fishing.

Mrs. Frank Sanders has been visiting her sister, Mrs. Frank Latz, for the past two weeks in Loganport, Indiana. Mr. and Mrs. W. J. Lent drove down last Thursday to bring her back.

A surprise weiner roast was held for Mrs. James Cartright at the home of Mrs. Victor Wardell on Camden avenue, Friday evening. Those present were Gusse Lostutter, Ethel Meal, Florine Robertson, Elsie Neilsen, Betty Krimen, Harriet Esch, Grace Towers and Martha Roberts.

Jacqueline Smith, daughter of Mr. and Mrs. Dewey Smith of Northville road is spending two weeks with friends and relatives at Brown City.

Mr. and Mrs. E. Shipley of Virginia avenue announce the birth of a seven pound, two ounce boy, Gary Robert, on July 4 in the Port Huron hospital. Mrs. Shipley is the former Beth Dowling of Port Huron.

W. V. Clark left last weekend for Bradford, Pennsylvania where he will join his family for a brief vacation. They are all expected to return to Plymouth sometime today or tomorrow.

Mr. and Mrs. Raymond A. Ryder of La Grande, Illinois and Mr. and Mrs. Donald S. Knief and Ronnie and Patty of Kalamazoo were week-end guests at the Ryder homestead.

Mr. and Mrs. Merrill Walker arrived in Plymouth Monday after vacationing in Chicago and Niles and will remain here for the next two weeks visiting Mrs. Walker's parents, Mr. and Mrs. Thomas Moss at their residence on Ann Arbor Trail.

Mr. and Mrs. H. E. Canning and their children Sally, Elaine, Nancy and Mary are enjoying a three weeks' tour of the eastern states and New Brunswick and Nova Scotia. They will spend the last week visiting relatives in Diligent River, Nova Scotia.

Ellen Daane, daughter of Mr. and Mrs. R. M. Daane returned to Plymouth last weekend after a visit with relatives in Holland, Michigan. She was accompanied home by two of her cousins, Beth Ann and Janet Wichers, who will stay at her home for the next week.

Attorney Perry W. Richwine and daughters, Mary Louise and Betty, Saturday took a canoe trip down the Au Sable from Grayling to Mio. They paddled a portion of the way, but in order to reach Mio before darkness, an outboard motor was used to speed up the trip. From there they drove up to Mullet lake for a brief stay.

Mr. and Mrs. Matt Powell and Mr. and Mrs. Bert McKinney have returned from Cedarville where they have been spending the past two or three weeks on a vacation trip. They stated that they had enjoyed some excellent weather while in the Upper Peninsula, although the fishing was not up to the usual standard they have enjoyed in past years at the same place.

In a letter which had been delayed in delivery to The Plymouth Mail, Bertha M. Warner of this city who had the misfortune to break a leg after she had gone to Benton Harbor to care for a patient, wrote that her address for a time would be at 548 Oak street, Niles. At the time she wrote the letter she was a patient in Pawating hospital in Niles. She stated that she was getting the best of care and expected to make an early recovery.

A lawn social was held at the home of Mr. and Mrs. Paul Ware on Holbrook avenue, given by the ladies of the St. John's Guild of the Episcopal church, Friday evening, August 8. The entertainment for the evening was "Buzz" Henry's orchestra. The members were Jerry Walch, Louis Vargha, Jeanne Stillwagon, Otto Ruchr and David Henry. Everyone enjoyed the music and had a fine evening.

Mr. and Mrs. Melvin Gibson held a surprise birthday party Saturday evening for Mrs. Gibson's mother, Mrs. Elmer Barlow and sister, Mrs. Richard Delbo. Those attending were; Mr. and Mrs. Elmer Barlow, Sr., Mr. and Mrs. Elmer Barlow, Jr. and Mrs. James Louttit, Mr. and Mrs. Henry Okray, Mr. and Mrs. Henry Okray, Mrs. Helen Jones, Mrs. Pat Henninger, Floyd Fleming, Bill Houck and Harry Terry. Dancing was enjoyed during the evening after which a lunch was served.

Mr. and Mrs. Clyde Smith of Newburg road entertained at a lawn picnic at their home Saturday evening in honor of Mr. and Mrs. Raymond A. Ryder of La Grange, Illinois, and Mr. and Mrs. Donald S. Knief and family of Kalamazoo. Guests were; Mr. and Mrs. Henry Grimm, Jr., Robert and Phyllis Grimm, Mr. and Mrs. Howard Gerst, Linda and Margaret, twin daughters, Mr. Gerst of Cleveland, Ohio, Bert Paddock, Mr. and Mrs. Dwight Paddock and daughter, Carol Ann, Mr. and Mrs. Donald Ryder and daughter, Doris, Leigh Ryder, Earl Ryder, and Mrs. Martha Brittin.

Attends Closing of Girl Scout Camp

Mrs. Walter Hammond attended the closing ceremonies of Girl Scout Camp Cedar Lake lake Wednesday evening near Jackson. The camp which has been open during the last seven weeks accommodated about 600 girls from this area, 30 of whom were from Plymouth.

Closing ceremonies included a potluck supper at 6:30 followed by a barn dance, honoring the councilors and other scout workers who contributed their time to the success of the camp.

Last News Letter: The first session of the 80th Congress came to a close on July 26, so this will be the last issue of "News and Comment from Congressman George A. Dondoro" until Congress reconvenes. This column has been brought to you through the courtesy and kindness of the Editor of your local newspaper and I am sure that every reader has appreciated it, as I assure you I do. It has given me an opportunity to report to the people on what was happening in Congress and particularly on items in which the people were interested.

A large volume of work was accomplished in the seven months Congress was in session. A recess permits Members to return to their home districts to further serve their people. I plan to go over the district during my stay in Michigan and to confer with people. I have again opened my Congressional Office at 527 Washington Square Building, Royal Oak. If I should be away from the office, my secretaries will provide every possible service. Mail addressed to me will be answered promptly as usual.

Record Accomplishment: The 80th Congress, in its first session, with no cooperation from the Administration and with active opposition, has an outstanding record. It made a determined effort to carry out the mandate of the people as given to it in the 1946 election. The Presidential budget for the fiscal year 1948 was four times as large as any peacetime

Loyalty: Provision was made for the checking of the loyalty of Federal employees, on which both the FBI and the Civil Service Commission will work.

Resume—Work of 80th Congress: The first session of the 80th Congress consumed 205 days. It was the first Republican Congress in 16 years, and with the end of this session it had made good its election promises. The proceedings of this Congress filled 10,500 pages in the Congressional Record; 6,500 bills were introduced, of which 1,500 were considered and 241 public laws were enacted. At the time of adjournment, there were an additional 250 bills awaiting the President's action. During the session the President vetoed 10 bills.

Vacation Proved to be Busy One

When John Nelson, "make-up man" of The Plymouth Mail left recently for a ten day cruise of the Great Lakes, he thought he wouldn't see or hear anything about newspapers or make-up or anything connected with the business.

The first night and day went fine. There was no "shop" talk, no work, nothing except the perfect peace and quiet provided by the Great Lakes when calm weather prevails.

But John's peace and quiet was not for long. There is a little ship paper issued on the big boat he selected for his trip, called "The Voyager."

His curiosity "called the cat." As he rambled about the big ship he heard what he thought was a printing press in operation. He looked into the room, and sure enough there was a small print-shop and two or three workers were trying desperately to get out the ship's paper.

Discovering John's trade, it was only minutes before he was doing his bit to help relieve the help shortage in the plant of "The Voyager." From then until the ship docked, "The Voyager," like The Plymouth Mail, made "the mail" right on time each day.

Hammond to See Akron Derby Race

Even though he is not going to Akron to compete with his soap box racer, Walter W. Hammond III, who just missed by two seconds being the winner of the Detroit event and was third here at Plymouth, will be a spectator at that All-American event for boys to be held Sunday.

The family, including Dr. and Mrs. Hammond, Ann, Hobart and Walter, are this week taking a trip to Palmerton, Pennsylvania, the home of Dr. Hammond's parents. Plans call for an enroute stop-over at Akron for the Derby. They will return to Plymouth in about a week.

HOWDY FOLKS: You've probably heard about the genius who wanted to solve the unemployment problem by putting all men on one continent and all the women on another... the idea being that everybody would get busy right away building boats.

And you've probably also heard that a big business man is one who talks golf at the office and business on the golf links

"Bridget, why did you let that policeman kiss you in the kitchen?" "Because it is against the law to resist an officer."

But it's not against the law to resist needless wear and tear on your car — and that is just what our super lubrication jobs do. They make your car run smoother—they make it last longer—and they cut down on your upkeep expenses. Bring your car here regularly.

Remember . . .

You stand to GAIN from Michigan Bell's proposed rate increase

PLYMOUTH telephone users could call ANN ARBOR, YPSILANTI, NORTHVILLE and LIVONIA without paying toll charges. Residence telephone users also could call WAYNE without extra charge, while business users could call WAYNE at a reduced charge.

When somebody raises prices, it usually means you just pay more for what you've been getting all along.

But that's not entirely the case with the rate increase Michigan Bell will propose to the Michigan Public Service Commission on August 27.

The suggested rate increase would help protect the future quality of your telephone service . . .

AND—the suggested rate increase also would provide more service to most telephone users.

Compared with the time when present rates were established many years ago, telephone service has become far more useful—and far more valuable. That's because we've added so many more telephones which you can call under the flat rate you've been paying.

Now, under the proposed rates, telephone customers also could call telephones in certain adjacent communities without paying toll charges.

This means telephone service would be "tailor made" to fit calling needs in this area. It means that telephone service would be geared more closely to the widespread social and business interests of modern living.

Community by community, our proposed local rates are related to the number of telephones each subscriber could reach, and thus the amount of service he could get, without a toll charge.

Now that increased rates are needed to meet increased costs, this is the fair way for each subscriber to help assure the future quality of everybody's service.

EXAMPLES OF PROPOSED MONTHLY RATES* FOR PLYMOUTH

*Excluding Federal Tax

| Class of Service | One-party | Two-party | Four-party | Rural |
|------------------|-----------|-----------|------------|--------|
| Residence | \$3.75 | \$3.00 | \$2.50 | \$2.50 |
| Business | 7.50 | 6.00 | | 4.25 |

Recreational News and Views

Industrial Softball League

During the week of August 4-7, 68 people witnessed softball as it should be played.

On Monday, August 4, Beglinger's Oldsmobile defeated the Merchants 6 to 2 with the Merchants only getting one hit off the pitching of "Gabby" Street and Wicker.

The following evening John Trombley, House of Correction pitcher, pitched a perfect game in defeating Evans Products 3 to 0. Trombley struck 17 men allowing no one to reach first base in the seven innings. Frank Graczak of Evans gave only three hits as he

struck out 11 but errors by his teammates provided the winning margin.

Wednesday evening brought Daisy and Wall Wire together in the first Class B elimination game. Wall Wire could only get three hits off of Daisy's Marshall as Daisy collected six including a home run by "Sunny" Bridge to win 9 to 2.

The House of Correction and Oldsmobile met Thursday evening in a thrilling 0 to 0 tie called at the end of nine innings on account of darkness. Oldsmobile's chance came in the sixth inning. John Wilkie walked and went to third as Basset's perfect bunt got by Trombley for a single. With first and third occupied and no one out Trombley proceeded to strike out Egluff, Shryer, and Street to retire the side. In the last of the ninth DeHoCo threatened. After Jones went out Lynch to Egluff, McGowan singled for the first hit off Street. Mueller was safe when Street fumbled his grounder. Williams went down on strikes but Trombley brought the crowd to its feet as he hit a terrific line drive into right-center which was taken on a beautiful running catch by Bowers to end the game.

Friday Evans Products eliminated the Merchants from the playoffs, defeating them 3 to 0 as Graczak struck out eight allowing only two hits.

On Monday, August 11 Cavalcade knocked Wall Wire from the Class B playoffs defeating them eight to seven. This leaves Daisy Air Rifles and Cavalcade Inn, both undefeated, to battle for the Class B crown. They will play a two out of three series beginning Tuesday, August 19 at the Central High field.

Also on Monday DeHoCo coupled three hits to score two runs off of Street in the first inning and added another run as Trombley hit a home run in the fifth to defeat Oldsmobile 3 to 0. Olds could only collect two hits as Trombley struck out 13.

Wednesday, August 13, Oldsmobile and Evans Products, each

with one loss, met at Central field. The winner of this game will play the House of Correction on Monday, August 18 on the High school grounds. If the House of Correction wins this game they will be the Class A champions, however, if they lose, another game will be played to decide the Championship.

Western Wayne League

On Tuesday, August 19 at 6:00 p.m. Wiedman's Cardinals, Plymouth's representatives in the State Tournament, will play an All-Star team selected from the other seven teams in the Western Wayne League at Riverside Park.

Come on Northville!

The Old Timers will have their final practice on Tuesday, August 19 at 6:30 p.m. at the Central High school field. In spite of the humid weather there was a good turnout at the last practice. "Seed" Melross urges all Old Timers to appear Tuesday so that he can get his lineup ready for the big game.

First Plymouth Field Meet
On Saturday, September 6 the contestants will be divided into the following age divisions in competing for laurels in track and field.

Pre-School (Under 5 years)
5 years through 7
8 years through 10
11 years through 13
14 and 15 years of age
16 years through 18
18 years through 25
26 years and older

Girls and boys events will be held separately.

Events for the "youngsters" will include 25 yard dash, kiddie car races, rope jumping, standing broad jump, and baseball throw. The older children and adults will compete in dashes up to 100 yards, standing broad jump, high jump, shot put and discus.

Recreation Activities and Attendance for July

During the month of July 11,306 people of all ages participated or were in attendance in the Recreation Program. The following is a breakdown of the total attendance.

| Activity | Par's | Spec. |
|----------------------|-------|-------|
| Compet. Athletics | 1,306 | 2,441 |
| Jr. Baseball school | 946 | |
| Folk Dancing | 45 | |
| Crafts | 235 | |
| Hikes | 59 | |
| Street Showers | 35 | |
| Briggs Stad. Tryouts | 182 | 136 |
| Swimming | 774 | |
| Gen. Playground | 5,147 | |

A girls' softball team was organized and played the Livonia Township Girls team two games. The Livonia girls have been playing together for four years so the loss of the two games was understandable. The girls are not discouraged and are practicing every Wednesday evening preparing for future games.

Under the swimming program approximately 55 children have learned to swim up to this time. It is estimated that at least another 30 will also acquire the skill by the end of August.

Street showers were experimented with during the last week of July. Little more will be done with this activity this year as a few problems must be solved. However, next year street showers will be given once a day in

various sections of the city.

The boys participating in the Junior Baseball school are rapidly becoming good baseball players. Practice and games are played on a 75 foot diamond with a 50 foot pitching distance. This shorter distance makes for better baseball and the development of skills as the younger boys can make their throws and pitches accurate. In the near future representative teams of this school will play other communities.

Charge them that are rich in this world, that they be not high-minded, nor trust in uncertain riches, but in the living God, who giveth us richly all things to enjoy.—1 Timothy 6:17.

Tune in on
TOMORROW!

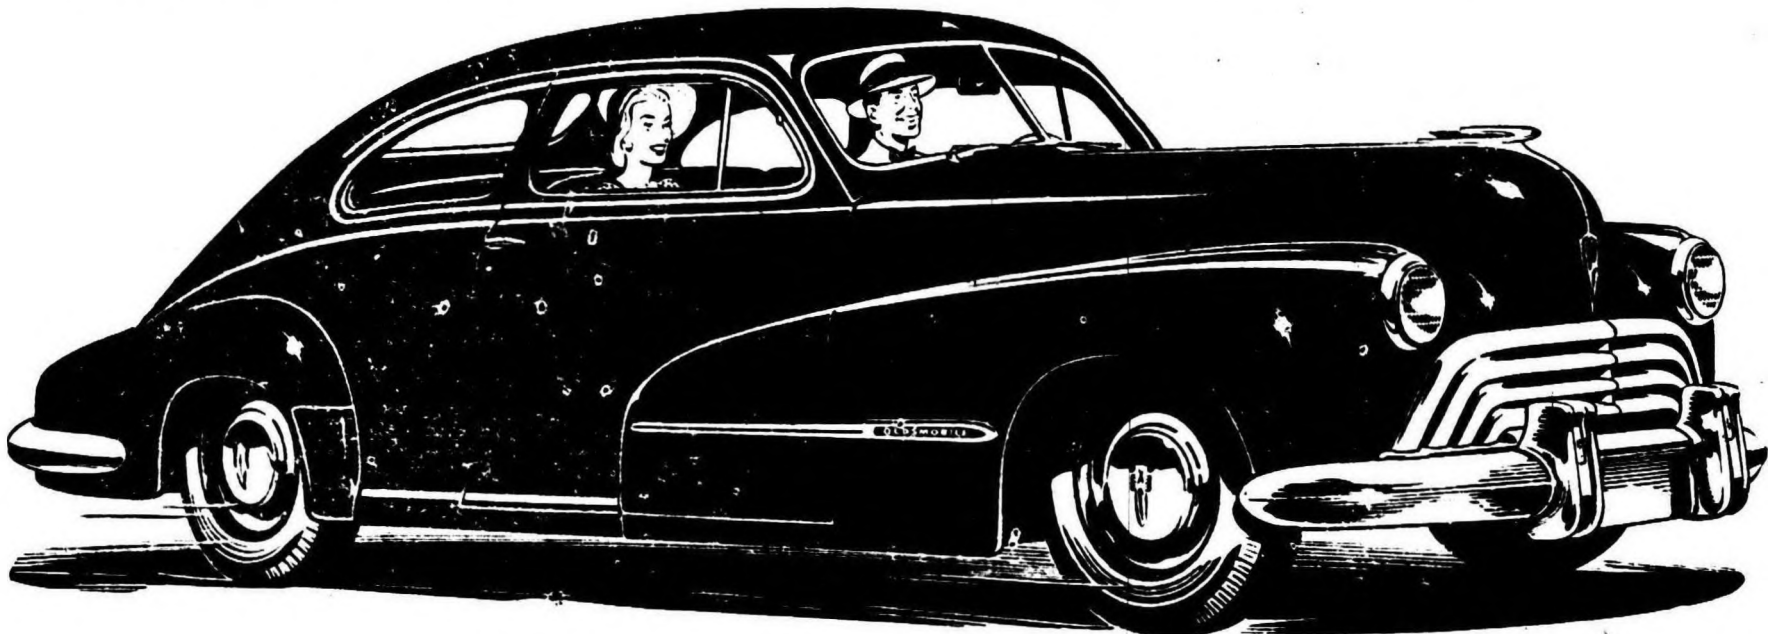

The "drive" of tomorrow is here today!
... as ultra-modern as television, and with nearly 8 years of PROOF behind it!

It's in the picture for the future—and Oldsmobile brings it to you today! Just as television is the big news in the field of electronics, automatic transmissions are the number-one topic of conversation in the automobile industry. Some day ... nobody will shift gears ... nobody will push a clutch. But today ... only Hydra-Matic Drive provides fully automatic shifting! Only

Hydra-Matic Drive eliminates the clutch pedal entirely! What's more ... Hydra-Matic Drive was introduced by Oldsmobile nearly 3 years ago! Since that time it has been proved in the hands of nearly 100,000 Oldsmobile owners—proved in literally billions of miles of driving—even proved in combat use on Army tanks! Today, the lowest-priced car to offer

GM Hydra-Matic Drive* is the smart new Oldsmobile—away out ahead automatically—away out ahead in appearance, too. Owners know Oldsmobile is always in tune with tomorrow. They expect Oldsmobile to come out first with the really important advancements like Hydra-Matic Drive. That's why so many future-minded people say, "It's SMART to Own an Olds!"

College Catalogs Now at Library

The bulletins of over 200 universities and colleges are now available through the Wayne County Library branches, according to an announcement made this week by Walter H. Kaiser, county librarian. "Complete sets of these catalogs are available at Lincoln Park and at Wayne; at other branches of our library system any of them will be obtained on request," Kaiser said.

This is the first adequate collection of current university and college catalogs that the library has had in several years. Publication of the catalogs was limited during the war period and libraries were unable to have copies even from some of the largest institutions.

Mrs. Ada Murray, branch librarian at Plymouth said, "We are glad that once again we can give this service to students and parents who wish to compare the courses offered at the many schools. In this collection almost every institution of higher learning in Michigan is represented and many of the catalogs are from other states. Business colleges are included."

Health Tips

(By The Plymouth Health Department.)

What to do if bitten by a dog or other animal.

1. Identify the dog.
2. Notify local Health Dept., or Police.
3. Consult your physician.
4. Don't shoot the dog.

By all means be sure you know which dog did the biting. This is more important than getting the injured person to the doctor.

If the identity and location of the dog is known, there is no great rush about starting treatment.

In bites on the arms, neck and face, treatment is begun at once and continued for 5-7 days. Then if the dog is still well, treatment is discontinued.

In bites on other parts of the body treatment is deferred until the dog is proven to be suffering from Rabies.

All dogs that have bitten persons are to be kept closely guarded for 10 days, either by the owner if he is responsible, or by the local police or Wayne county sheriff.

If a dog has bitten a person, and the identity or whereabouts of the animal is not known, the only safe measure is to have the full course of treatment.

A dog does not need to be cross to give rabies.

If it is necessary to shoot or otherwise kill the dog in order to capture it, avoid damaging the head.

The head should then be removed from the animal, packed in ice and sent to the Pasteur Institute for examination of the brain. This is an absolute test for the disease.

A dog capable of transmitting Rabies will usually die of the disease in seven to ten days.

You must control evil thoughts in the first instance, or they will control you in the second.—Mary Baker Eddy.

In the past nickel has been mined in a great many countries. It has been mined in recent years in quantity in Canada, Celebes, Cuba, New Caledonia, Norway and Russia, and in smaller amounts in several other countries.

The amount of fruit usually depends upon the size, but ordinarily we count 2 pounds of fruit for the quart jar. This will aid in estimating your yield.

Method of Packing
Some fruits and berries are hot-packed, but most women prefer using the cold pack method for preparing fruit for canning as it takes less time. If the fruit is carefully packed, there will be little floating.

Wash and clean the fruit, peeling and coring, slicing and stoning when necessary. Pack into sterile jars and attach the lid, using manufacturers' directions.

Process by placing the fruits in a boiling water bath, making certain that the water comes to two

LYNN SAYS:
Save Time, Work Money With These Hints

Lettuce leaves tossed into soup will absorb fat and give you less greasy soup to serve. Remove leaves as soon as they take up fat.

Before you broil bacon, steak or chops, cut gasbes in the fat. This prevents the meat from curling when it is cooked.

Bits of soap make nice jelly which is lovely to use for shampoo, or for washing lingerie, gloves, hose and other delicate things.

HOUSEHOLD MEMOS... by Lynn Chambers

Can Your Most Luscious Fruit
(See recipe below.)

Fruit Preserving

This is the year many women have waited for—the year when they could obtain unlimited quantities of sugar to put up all the fruit in their orchards, and berries in their patches.

For many of us, it has been so long since we put up fruit in any quantity that a quick brush-up of methods is essential.

In all big undertakings, the underlying organizational work is most important, and this can be done the day before.

The day before you begin actual canning, check on equipment to be sure that it works properly. For fruit and berry canning you will need a water bath, which may be a large kettle or broiler, fitted with a rack, and a tightly fitting cover. Or, you also may use a pressure cooker for processing, but this is not as essential for fruits as it is for vegetables.

You will need several large pans and kettles for preparing the fruit and for making the syrup. You also will need to prepare jars, checking them for cracks and imperfections, and washing them in hot soapy suds. Make certain you have enough covers or lids.

Estimating Amounts

Although fruits and berries vary in size and moisture content, it is still possible to make some sort of estimate as to how much syrup and the number of jars you will need.

For sweet fruits, you will use a syrup made of 2 cups of sugar to 4 cups of water; for slightly acid fruit, use 2 cups of sugar to 3 cups of water; for acid fruit, 2 cups of sugar to 2 cups of water is ample. If the fruit is very acid, 2 cups of sugar to 1 cup of water is essential.

The syrup is made simply by adding the sugar to the water and boiling together for 5 minutes.

If you are canning large fruits such as peaches and pears, allow 1 pint of syrup to a quart jar of fruit. For small fruit, or berries, you will need only a half pint of syrup to the quart.

The amount of fruit usually depends upon the size, but ordinarily we count 2 pounds of fruit for the quart jar. This will aid in estimating your yield.

Method of Packing
Some fruits and berries are hot-packed, but most women prefer using the cold pack method for preparing fruit for canning as it takes less time. If the fruit is carefully packed, there will be little floating.

Wash and clean the fruit, peeling and coring, slicing and stoning when necessary. Pack into sterile jars and attach the lid, using manufacturers' directions.

Process by placing the fruits in a boiling water bath, making certain that the water comes to two

PUBLIC HEARING

To Amend Zoning Ordinance

Notice is hereby given that a public hearing will be held at the City Hall in the Commission Chamber on August 27, 1947 at 7:30 p.m.

The said hearing will be held to consider the re-zoning of Lots 125 to 133 inclusive of the Re-sub-division of Sunshine Acres, which property is located on the North side of U.S.-12 and runs West from the Westerly line of Harvey Street, a distance approximately 581 feet, to Business District.

Ample opportunity will be given for all to participate in such hearing.

LEGALS

Attorney: J. Rusing Cutler
103 N. Main St.
Plymouth, Michigan
STATE OF MICHIGAN, COUNTY OF WAYNE.
No. 351,572
At a session of the Probate Court for said County of Wayne, held at the Probate Court Room in the City of Detroit, on the Twenty-fourth day of July, in the year one thousand nine hundred and forty-seven.
Present Thomas C. Murphy, Judge of Probate.
In the Matter of the Estate of WILLIAM BARTHEL, Deceased.
On reading and filing the petition of George Bartel praying that administration of said estate be granted to himself or some other suitable person. It is ordered, That the Eleventh day of September, next, at ten o'clock in the forenoon before Judge James H. Sexton at said Court Room be appointed for hearing said petition.
And it is further ordered, That a copy of this order be published once in each week for three weeks consecutively previous to said time of hearing in the Plymouth Mail, a newspaper printed and circulating in said County of Wayne.

Aug. 8-15-22, 1947
STRUCTURAL STEEL FOR GRADE SEPARATION CARRYING TRACKS OF THE WABASH RAILROAD OVER WAYNE ROAD IN ROMULUS TOWNSHIP, WAYNE COUNTY.
PROJECT: SG XI of 82-17-21, CI County Job No. 233 (SG-17811)
Set classification required for this project is 8-Fd-Furnishing and Fabricating.
Sealed proposals for the construction of this project located in Romulus Township Wayne County, will be received from contractors having 1947 Michigan State Highway Department qualifications in Veterans Memorial Building, 213 South Capitol Avenue, Lansing, Michigan, until 11:00 A.M. Eastern Standard Time on Thursday, August 21, 1947, and will then and there be publicly opened and read. Proposals may be mailed to Room 424, State Office Building, Lansing, Michigan.
The work will consist of furnishing, fabricating, shop painting and delivering F.O.B. cars at the site of the work all structural steel for the Bridge, including anchor bolts and structural steel signs.
Delivery of all material under this proposal is requested by May 1, 1948.
The Department's Standard Specifications (1942 edition), the plans for this project, the special provisions governing subletting and assigning the con-

tract and the employment and use of labor, and the proposal blanks (all of which are essential parts of the contract) may be examined at the district office of the Department at Redford, Michigan; at the County Road Commission, Detroit, Michigan; and at the Michigan Road Builders Association, Lansing, Michigan, but may be obtained only by the office of the Contract Estimate Engineer, Room 424, State Office Building, Lansing, Michigan, up to 3 P.M. of the day preceding the opening of bids. A fee of three dollars will be charged for furnishing plans or proposal blanks.
A certified or cashier's check on an open solvent bank, in the sum of \$1000.00 payable to Charles M. Ziegler, State Highway Commissioner, must accompany each proposal. All such checks will be returned promptly after the bidding, except that those of the two lowest bidders will not be returned until execution and delivery of the contract to the State Highway Department.
This right is reserved to reject any or all proposals.
CHARLES M. ZIEGLER,
State Highway Commissioner,
Date: 7-30-47, Lansing, Michigan.
Petitioner: Mr. 0000 Levan Road,
Plymouth, Michigan

STATE OF MICHIGAN, COUNTY OF WAYNE.
No. 348,388
At a session of the Probate Court for said County of Wayne, held at the Probate Court Room in the City of Detroit, on the Twenty-fifth day of July, in the year one thousand nine hundred and forty-seven.
Present Joseph A. Murphy, Judge of Probate.
In the Matter of the Estate of LEVI CLEMENS, Deceased.
Margaret E. Clemens, Administratrix of said estate, having referred to said Court her first and final account in said matter and filed therewith her petition praying that the residue of said estate be assigned to the person or persons entitled thereto.
It is ordered, That the Twelfth day of September, next, at ten o'clock in the forenoon before Judge James H. Sexton at said Court Room be appointed for examining and allowing said account and hearing said petition.
And it is further ordered, That a copy of this order be published once in each week for three weeks consecutively previous to said time of hearing in the Plymouth Mail, a newspaper printed and circulating in said County of Wayne.

Aug. 8-15-22, 1947

TO THE HIGHWAY COMMISSIONER OF THE TOWNSHIP OF LIVONIA, WAYNE COUNTY, MICHIGAN.
Sir:
You are hereby notified that the Board of County Road Commissioners of the County of Wayne, Michigan, did, at a meeting of said Board held on Thursday, July 31, 1947, decide and determine that the certain streets and alleys described in the minutes of said Board, heretofore taken over as County roads, should be absolutely abandoned and discontinued as public highways, reserving therein the easement set forth in said minutes.
The portion of the minutes of said meeting fully describing said streets and alleys are attached hereto and made a part of the notice, which is given under and by virtue of Act 283 of the Public Acts of 1909 as amended.
In testimony whereof we have hereto set our hand at Detroit, Michigan, this 8th day of August, 1947.
BOARD OF COUNTY ROAD COMMISSIONERS OF THE COUNTY OF WAYNE, MICHIGAN.
(s) Charles L. Wilson, Chairman
(s) Michael J. O'Brien, Vice-Chairman
(s) Prescott G. Brown, Commissioner
EDGAR M. BRANIGAN, Clerk
By CARL W. BISCROFF, Deputy Clerk.

ROAD JURISDICTION DETERMINATION
Commissioner Brown moved the adoption of the following resolution:
WHEREAS, all of Jamison Avenue, 60 feet wide; all of Lyndon Avenue, 86 feet wide; all of Perth Avenue, 60 feet wide; all of Henry Huff Road, 43 feet wide; all of Milburn Avenue, 60 feet

wide; all of Flamingo Avenue, 60 and 80 feet wide; all of Hillcrest Avenue, 60 and 80 feet wide; and all of the alley, 60 feet wide, in the rear of Lots 124 to 138 inclusive, and adjacent to Lots 335 and 336, as dedicated for public use in B. E. Taylor's Green Acres No. 2, being a subdivision of part of the West 70 of Section 23, Town 1 South, Range 9 East, Livonia Township, Wayne County, Michigan, as recorded in Liber 70 of Plats, Page 38, Wayne County Records, are county roads under the jurisdiction of this Board; and WHEREAS, an order was signed by the Hon. Clyde J. Webster, Circuit Judge, and entered in the Circuit Court of the County of Wayne, in Circuit Case No. 247,372, on the 25th day of July, A. D. 1947, vacating all of the dedicated streets and alleys as above described; and WHEREAS, there are no buildings of any character located on the streets and the alleys vacated; and WHEREAS, the public will have no further use for the streets and the alleys vacated by said order.

NOW, THEREFORE, BE IT RESOLVED, That all of Jamison Avenue, 60 feet wide; all of Lyndon Avenue, 86 feet wide; all of Perth Avenue, 60 feet wide; all of Henry Huff Road, 43 feet wide; all of Milburn Avenue, 60 feet wide; all of Flamingo Avenue, 60 and 80 feet wide; and all of the alley, 20 feet wide, in the rear of Lots 124 to 138 inclusive, and adjacent to Lots 335 and 336, as dedicated for public use in B. E. Taylor's Green Acres No. 2, being a subdivision of part of the West 70 of Section 23, Town 1 South, Range 9 East, Livonia Township, Wayne County, Michigan, as recorded in Liber 70 of Plats, on Page 38, Wayne County Records, being in all 3,569 miles of subdivision streets and 0.064 mile of alleys, be and the same are hereby abandoned and discontinued as public highways.

BE IT FURTHER RESOLVED, That this Board believes it to be to the best interests of the public that said streets and the alleys so abandoned and discontinued should be absolutely abandoned and discontinued as public highways.
The motion was supported by Commissioner O'Brien and carried by the affirmative vote of the Board, to-wit: Ayes, Commissioners Wilson, O'Brien and Brown; Nays, none.

SERVEL HOLDS A BUSHEL OF FROZEN FOODS

Every meal will be more exciting—when you have one of the new 1947 Servel Gas Refrigerators. For its big clear-across Frozen Food Locker holds a bushel of frozen foods—to provide you such out-of-season delicacies as strawberries, asparagus, spring chickens, all year round.
For fresh foods, the new Servel has both moist-cold and dry-cold protection. Two garden fresheners actually crisp up wet garden vegetables, keep fruits fresh and appetizing.
And the big Servel meat keeper protects meat tenderness for days. Shelves give extra roomness because they adjust to eleven different positions.
Famous for silence, the Servel Gas Refrigerator is the only refrigerator with no moving parts in its freezing system. Instead, a tiny gas flame does the work. More than two million happy owners have proved Servel stays silent, lasts longer. Come see the new Servels on display today.

Mrs. Blanche Daniels is visiting friends in Grand Rapids. She will also go to Owosso to attend a reunion of College club friends.

Mr. and Mrs. Rudolph Doujak of Hartford, Connecticut have been spending the last two weeks in Plymouth visiting at the home of Mr. and Mrs. Arthur Ottowitz.

Mr. and Mrs. George Huth and Mr. and Mrs. Arthur Graves of Detroit were Sunday visitors at the Albert Pint residence on Schoolcraft road.

Mr. and Mrs. Robert Scott are the happy parents of a five pound 13 ounce baby girl, Lynette Elizabeth born last Thursday at New Grace hospital in Detroit.

Ted Thrasher and Joe Smith went to Cleveland by boat on Monday to attend the Cleveland Indians, Detroit Tigers baseball games for two days.

The Mission Society of the Lutheran church will meet Wednesday, August 20 at 2 o'clock at the Mill street entrance. Ladies will please bring their dishes.

Mr. and Mrs. Harvey Dethloff of Lilley road announce the birth of a seven pound, seven ounce girl, Virginia May, on August 9 in Wayne hospital.

Mr. and Mrs. Louis Schmidt and children returned to Plymouth Monday after spending two weeks vacationing in northern Michigan.

Mr. and Mrs. Helmar Nelson and their two sons left Friday for a two week vacation in Wisconsin and Montana where they will visit with relatives.

Mrs. Wyman Bartlett and Miss Bartlett of Grand Rapids have gone to Syracuse, New York for two weeks with Mrs. Bartlett's son, Kenneth and his family.

Mr. and Mrs. J. M. Swegles spent the weekend as guests of Mr. and Mrs. John Schiller and their daughters, Betty and Lorna Seabright, at Whitmore Lake.

Mr. and Mrs. Leo Kowalcik and their children returned the first of the week from a week's stay at Walled Lake. Last Friday Mr. Kowalcik and his son Joe caught two of the largest Northern pike reported on the lake this year. Joe's catch measured 26 and one-half inches and Mr. Kowalcik landed a 28 inch companion.

Notice to Property Owners

Curb and Gutter and Sidewalk on Forest Avenue

Notice is hereby given that a public hearing will be held in the Commission Chambers at the City Hall, Monday evening, August 18, 1947, at 7:30 p.m. for the purpose of determining whether or not to construct concrete curb and gutter and sidewalk beginning at the south line of R. Kimbrough's property and extending northward to the sidewalk, curb and gutter at Finian's property.

All property owners whose property abuts the improvement will be given ample opportunity to participate in such hearing.

FAIR IN THE LIGHT OF MEMORY SHINES

MICHIGAN
My **MICHIGAN**
ELTON R. EATON

Recently there appeared in The Ann Arbor News an article written by Donald Hamilton Haines, a member of the staff of the department of journalism of the University of Michigan, pertaining to the all important subject of conservation.

Although Mr. Haines is best known throughout Michigan as an outstanding educator, he is first of all an old top-flight newspaper man keenly interested in our state's fast declining wild life.

Readers of The Plymouth Mail will be interested in Mr. Haines' viewpoint as to a way we can keep some fish in our lakes and streams for the oncoming generations.

His article follows:
There has been all summer much discussion of how the angling public is to be kept supplied with enough fish to keep it contented and uncomplaining. A good deal of it has been in figures so large that they look like the annual statements of metropolitan banks or the income taxes of movie stars. Fishing license sales hover around the million mark and the Fish Division is bent upon keeping its vow to plant a million trout during the year.

All the emphasis is on the positive side—increasing the supply. It will continue to be so until fishermen get a little frightened, as hunters are now more than a little frightened. The latter have been told very positively that they have killed too many ducks and that next fall—and perhaps for several seasons to come—they will have to be content with a shorter season and a reduced bag. Now they are being informed that the wet spring whittled down the pheasant hatch, and that another short crop is all too probable.

Sooner or later, unless there is something wrong with the laws of mathematics in which we have always believed, the fisherman will have to listen to the same kind of warnings. For you can not subtract "a" from "b" year after year, increasing "a" every season and still have the remainder "c" continue to be the same size.

Now and then a fisherman is encountered whose thinking is already being done in the right terms.

"I could have taken my 15 bluegills that afternoon," one such fisherman said to me recently, "but I only brought home five, because I realize that the day in which game and fish can be considered as part of the food supply has gone forever. There just aren't enough to go around."

That is a state of mind which few fishermen have reached and which no few of us are quite incapable of attaining. Just how large scale conversion to such an attitude is to be brought about is not too apparent, because very few world wide movements springing from purely altruistic motives have ever occurred, and that is what would have to happen.

But at least one small movement in the right direction can be made by every true fisherman who enters into any thoughts about the future. He can explain to his son that, while there is no sin in getting a "limit catch," neither is there any lasting disgrace in failing to do so. I am certain that millions of fish a year are wasted in these misguided efforts to take the legal limit of five bass or 15 panfish when three or 12 would have

been ample.
Since the change must come in the point of view rather than in material deprivation, that seems a good point at which to begin the reformation.

Conservation, what is it? Permit J. N. Darling to tell what it is, as he sees it.

"Conservation is not just a sentimental hobby or a fanciful hope of idle dreamers, or duck hunters, or fishermen, or bird lovers. Conservation is a science whose principles are written in the oldest legal code in the world—the Laws of Nature. It has taken the scientists longer to discover and interpret those laws than it has taken the archaeologists to unearth the story of the Egyptian Pyramids and King Tut.

"In spite of their greater significance to men, King Tut gets all the publicity, and more people know about King Tut and his unearthed treasure, than know why the region where he lived is now a desert. The latter item of information is, however, much the more important of the two.

"Ignorance of the Laws of Nature has been, and still is, more responsible for the lack of information than willful malpractice. It is therefore necessary, before any real progress towards conservation can take place, that the educational fraternity shoulder a large part of the responsible burden. It is obviously hopeless to divert our mass population from their ingrained destructive habits, when they are not aware of either the natural laws, or the dire consequences of their violation."

Until about 50 years ago there was little demand for nickel except for nickel plating, for nickel coins, and for nickel silver to make articles for domestic use and as a base for silver-plated ware. Since that time, and especially since 1921, hundreds of additional uses have been discovered for this metal, largely through scientific research.

Summer Events at Meadowbrook

Meadowbrook Country Club will have two outstanding mid-summer events, one a luncheon and bridge party for the ladies on Wednesday, August 20, and the other, the "President Hugh Rader Day" for the masculine contingent on Saturday, August 23.

The luncheon and bridge party, which is for members and their guests, will begin at 1:30 o'clock with luncheon served on the terrace porch overlooking Meadowbrook's beautiful rolling golf greens.

Mrs. Clacy McNary, August social chairman, will have Mrs. Roy T. Mitchell and Mrs. Chet Poplars as co-chairmen for this party. On the assisting committee will be Mrs. Earl J. Demel, of Plymouth; Mrs. Jack E. Kennard, Mrs. Robert C. Wolke, Mrs. Murdo A. MacDonald, Mrs. Ross Qualkin, and Mrs. George W. Shel-

don. At the "President's Day" festivity, which is the club's annual stag day, members and guests will teoff early for golf, there will be a golf exhibition by Chick Harbert and others, and a barbecue dinner, entertainment and prize awards will round out the day.

My riches consist not in the extent of my possessions, but in the fewness of my wants.—Joseph Brotherton.

Going to do Some Canning? Here is Good Advice

With a world food shortage and with canned goods at their highest cost ever, it becomes a duty if not a necessity for every Plymouth and Michigan family to preserve as much of its winter supply of foods as it is able, the Michigan Department of Health advised today.

An increased supply of sugar makes it possible to can fruits which supplement meat and potato diets. Increased quick freeze facilities in the state make it possible to preserve a greater amount of fresh fruits, berries, vegetables, meats and poultry for the winter tables of Michigan people. Underground storage of certain fall vegetables will vary the winter menus.

"All who preserve food for winter should remember that two things cause food spoilage—bacteria and mold. When safe and tested methods of food preservation are used, both are under control." Dr. William DeKleine, Commissioner of Health said.

Two methods of canning are approved—the pressure cooker method for meat, poultry, and vegetables, except tomatoes; and

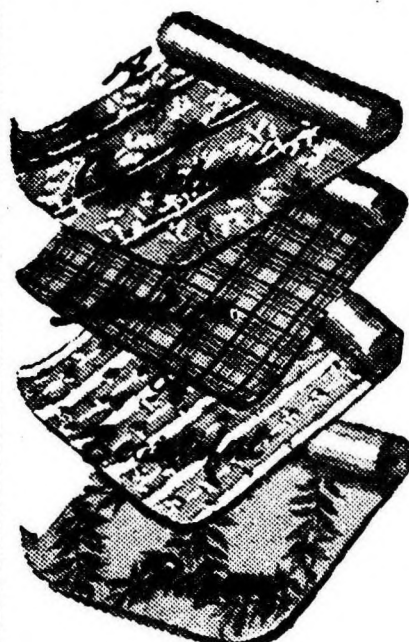

boiling water bath for tomatoes and fruits.

The United States Department of Agriculture recommends these seven points for canning success:

1. Can only fresh food, in tip top condition.
2. Have food, jars, everything used in canning, thoroughly clean.
3. Work quickly, so as to can "freshness."
4. Heat food hot enough and long enough to make bacteria and other organisms harmless, so they won't "work" in the food and make it spoil.
5. Follow up-to-date directions and timetables, backed up by scientific research.
6. Make sure jars are sealed airtight, to keep spoilage organisms outside.
7. Store canned food in a cool, dark, dry place.

There are other precautions. "Two hours from garden to can" is a good canning slogan. Prepare only small amounts at a time. While one load is in the kettle or canner processing, prepare the next load. Do not use old vegetables or old fruit. Pre-cook vegetables and fruits and pack hot. This removes air from the food and shrinks it, making it possible to get fuller pack in each jar, and reducing time needed for processing. Cool jars quickly, but do not turn them upside down because this breaks the seal. Test for leaks, tip gently, and then place upright on rack or cloth. When using a vacuum seal type lid be sure to remove the screw band the day following. If this is neglected some jars may be stored which are not adequately sealed.

When using a pressure cooker keep the opening of the safety valve, petcock and gauge clean. Have the gauge checked. Follow manufacturers directions and do not cut down on processing times. Let other household duties go, while canning. The results will

Seek Sensible Tax Aid Plan

Lansing dispatches say that Gov. Sigler's personal Tax Study Committee was reported to be ready to meet with interested economic groups.

It is composed of Secretary of State Fred M. Alger, Jr., State Treasurer D. Hale Brak, Louis H. Schimmel, the Governor's tax adviser; State Revenue Commissioner Louis M. Nims, Senator James T. Milliker, of Traverse City, chairman of the Senate Taxation committee.

Rep. Elton R. Eaton, of Plymouth, chairman of the House Taxation Committee; Raymond N. Berry, Detroit attorney and tax consultant, and Ben E. Young, vice president of the First National Bank of Detroit.

The committee will seek a "sensible" tax program on a long range basis, Sigler said, with the first steps to be ready for a special session of the Legislature early next year. Some members believe that the state is raising sufficient taxes providing it can be sensibly allocated.

To have what we want is riches, but to be able to do without is power.—George MacDonald.

How Garden Club Adds Beauty to Plymouth Depot

"Don't forget to sprinkle the flowers."

That's the new greeting used by members of Plymouth's National Farm and Garden Association when they say goodbye to their families as they take Pere Marquette trains into Detroit for a day's excursion.

Some months ago this civic minded organization thought of helping the railroad in beautifying its already remodeled station by adding some flower boxes around the depot windows. The project was taken up with the membership at large, who heartily approved the plan and in the last few weeks six attractive floral boxes, filled with bright pink petunias and other flowers, were added on all four sides of the building.

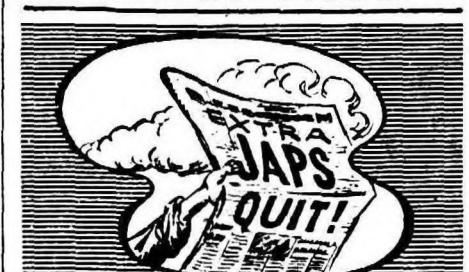

To make sure their beautification effort lost no charm throughout the hot summer months due to the lack of water, a unique sprinkling plan was inaugurated by the membership. The first move was to purchase a sprinkling can to be left at the depot. Then when members of the club go or come from Detroit on the Pere Marquette streamliners they are instructed to feel the earth in the boxes and if they find the flower boxes dry they take time to fill the sprinkler and water the plants.

The success of this plan has proven most satisfactory from the club standpoint, and certainly the community is most appreciative of the beautifying effort of the members of the Garden Club.

Electric controls now used in institutional or commercial laundries eliminate as many as 63 hand operations.

Nickel does not rust and strongly resists corrosion by salt water, by many acids, caustics and other chemicals. When alloyed with steel along with chromium and other alloying elements, such as in stainless steel, nickel helps to make those metals resistant to heat and corrosion, too.

Take the Man out of Manure Handling

MANURE HANDLING is a great muscle builder for the farmer who has no other form of exercise. You know, farmers have plenty of tough, back-breaking chores, besides pitching litter out of the barn. Today, though, this time wasting labor can be a thing of the past, thanks to the electrically powered gutter cleaner.

Some barn cleaners work on an endless metal chain which runs in the gutter, removing litter by the conveyor principle. They clean the barn while you do the chores... needing no more than push button attention for the entire operation. Driven by a small electric motor, and designed for any barn, this mechanically-simple device takes only a fraction of the time formerly needed by the pitchfork and wheelbarrow method.

The Farm Service Advisor at your nearest Edison office will be glad to give impartial advice on tested gutter cleaners. As a first step in mechanizing your barn cleaning, why not have him arrange for you to see one in operation? Talk with the owner and see for yourself how simple and inexpensive the chore of gutter cleaning can be when the man is taken out of manure handling.

The Detroit Edison Co.

Four Ways to Enjoy Beer at its Best!

CAREFULLY brewed to standards of quality and flavor that have been pleasing folks for 58 years, Pfeiffer's Beer is now packaged four ways for your greater convenience! Whether you prefer it in the fast-cooling Keglined Can, the new No-Deposit Bottle, the Standard Deposit Bottle or the full-quart Jumbo, it's always the same grand beer—always uniform—always delicious! Yes, you're sure of satisfaction when you say, "Fifers for finest flavor!"

DEPOSIT FULL-QUART JUMBO BOTTLE... SERVES FIVE... SAVES EFFORT... SAVES MONEY!

1.

12-OZ. DEPOSIT BOTTLE... STILL THE PREFERENCE OF THOUSANDS FOR ALL-ROUND USE.

4.

ANY WAY YOU GO—IT'S "FIFERS" FOR FINEST FLAVOR!

Pfeiffer's BEER

More Funds for People on Old Age Pension List

The several hundreds of people living in Plymouth and vicinity who are benefiting by Michigan's old age assistance law will be interested in several changes made in the law during the last session of the state legislature which will become effective in the near future.

Among these changes is one which makes possible an increase in old age assistance grants from \$40 to \$45 per month. This will apply only to those persons over 65 years of age whose requirements actually exceed \$40.00. The amount of need in all cases is arrived at by figuring expenses on the basis of a standard budget, and taking into consideration all other available income.

Where a deficit in the budget exists, increases will be given within the new \$45.00 limitation. As this change in the law is effective immediately, adjustments are being made in the county office as rapidly as possible. Approximately one half of these increases will be effective in time for this month's payroll, and the balance will go into effect in September.

Other important changes have

to do with property in the form of real estate owned by old age assistance recipients. It was the original intent of the law that the aged should be enabled to remain in their own homes. For this reason the value originally placed on real estate which recipients might own and still receive old age assistance was supposed to be the equivalent of the sale value of a modest home.

With the present inflated values on real estate, the sale value of property which a recipient is allowed to own has been increased from \$3500 to \$6000 in order to avoid bringing hardship on many persons stemming directly from the disputed work stoppage were eligible for benefits. Now, under the terms of the law, both groups are disqualified.

Claimants for unemployment benefits must be able to show that they are seeking work, in addition to being registered for a job with the Michigan State Employment Service of the M.U. C.C.

This is interpreted to mean that the claimant is expected to show he has been scanning the help wanted advertisement in the papers, that he must be registered with the business agent of his union or other employing medium, that he must notify his former employer that he is available for work and advise of his address.

He is also expected to make application to a wider group of employers for work similar to his highest skill or skills on a week-to-week basis.

School Superintendent Tells of Search for Hidden Bandit Gold

"Somewhat out there in 'em hills is a lot of gold hidden by the bandits who robbed stage coaches back in the old days when gold was being dug in 'em hills," is a story that has been passed down for several generations among the people living in the hills living near Flathead Lake in western central Montana.

Superintendent of Schools Russell Ammerman and Mrs. Ammerman of Northville, well known in Plymouth have returned to Northville after having made a search during the past few weeks with Montana friends for that hidden pile of gold "somewhat out in 'em hills."

The searching party didn't find any gold, but they did enjoy one of those unusual vacation trips that can come only from leaving the heavily traveled roads and following the forgotten trails that wind their way through the valleys and up the mountain sides to localities seldom visited by man.

Mr. Ammerman told of his interesting vacation trip to members of the Northville Rotary club recently.

"Friends of ours who have lived in that section of Montana have often heard the story of this hidden loot. Early in the summer we were invited to join the searching party that planned to visit the place where it is believed the gold is buried," said Mr. Ammerman.

"The story goes that back in the days of the gold rush in Montana, when shipments of gold from this certain mine were being made to Butte, the stage carrying the gold was always robbed, while other stages travelled the trails without being molested. This went along for a number of years.

"When a shipment of gold was being made by stage the miners always notified the sheriff and advised him of the shipment.

"Then it was found that after the sheriff had been told about the prospective shipment, he organized a band of robbers, held up the stage and took the gold.

"When the sheriff was captured red-handed in these thefts and was about to be hanged, he told his captors that if they would let him go, he would take them to the place where the gold was hidden. This the mob refused to do. He was hanged and the gold was never found.

"When we left Northville last summer we carried with us a mineral detector, but it was so good that it started to buzz whenever it was over a stone or anything else that was of different composition than the soil.

"We did come to an old corral high up in the mountains and we found what the natives out there claimed to be a look-out the rob-

bers had built out of stone. From it one can see almost 15 miles up and down the trail that led to the old gold mine.

"It was an interesting vacation trip, one we thoroughly enjoyed even if we didn't find the plunder claimed to have been hidden back in the days of the gold rush and bandits."

Todds Attend Jaycee State Convention

Representing Plymouth Junior Chamber of Commerce and its auxiliary at a state meeting Sunday at Ann Arbor were President and Mrs. George Todd. Plans were made for the coming year, including those having to do with programs, finances, and appointment of state committee

chairmen.

The August meeting of the Plymouth group was held last Wednesday at Hilltop Golf club. Plans are now being made to have the next meeting at the Mayflower hotel on Wednesday evening, September 3.

The total outlay for radio batteries in 1947 is expected to reach \$100,000,000.

BABSON SAYS

Babson Discusses Socialism
Bridgeport, Conn., Aug. 15.—I wanted to visit some typical New England city to learn how its people are feeling. As Bridgeport perhaps suffered most through the depression of the Thirties and then—according to Newton's Law of Action and Reaction—prospered most later during World War II, I am writing from here.

A Typical City
Bridgeport is a city of about 150,000 people. These people have had a reputation as being radical and for many years have elected a socialist mayor. He, however, tried hard to be fair and has had the vote of many conservative people. At one time Bridgeport was the only city in New England with a socialistic government.

During the war years these people prospered greatly. Not only is this a large center for small machinery and tools of all kinds, but it makes guns and ammunition even in peace times. Hence, it was and is a war city. The conversion to peace time products was difficult and much unemployment was forecasted for 1949 and 1950, but this has not come about. Bridgeport continues to be prosperous. Certainly if this applies to Bridgeport, it should apply to most manufacturing centers in New England and elsewhere.

What About Business?
The truth is that the entire United States—as President Truman has recently pointed out—is at an all-time high. We have more employment and greater sales today than ever before in our history. The only disappointed people seem to be those of some summer resorts who had planned on a record year which has not occurred. Too many people seem to be economizing during vacations. They take only a twenty dollar bill and one suit of clothes and change neither during the trip! This, however, is not a bad sign. These people are saving money for something which will last longer and perhaps give them a little vacation each day of the year.

When the stock market was at a low ebb—some months ago—many readers criticized me for being optimistic during the early

months of 1947. They felt that my forecasts for a "good 1947" would be wrong. Each month, however, has confirmed my optimism. The stock market is now at the highest point of the year. Investors who cashed in half of their profits did a safe thing; but the "smart ones" who sold everything are now disappointed bears.

A Bridgeport Story
A Bridgeport socialist, who knew that the United States money in circulation had tripled from \$8,000,000,000 in 1940 to over 24,000,000,000 today, asked a local banker: "Why am I not three times as rich now as I was seven years ago?" This interested the banker enough to take a Gallup Poll of the next 100 women leaving his savings bank. He asked each woman how much money she usually carried in her pocketbook before World War II? These women usually replied: "About four or five dollars." He then asked them to count how much they now had as they left the bank after making their weekly deposit. He found that all the women of Bridgeport were averaging 12 to 15 dollars in their pockets, — or three times what they formerly carried.

But why do these people vote the socialistic ticket? The answer is because Bridgeport has an honest Mayor Jasper McLevy, who leads the Socialist Party but who truly loves the people. He looks at every boy and girl as if it were his own boy or girl. He has a heart, generous with the poor, enforcing the laws and especially protecting youth. He is more than Mayor of the city; he truly is the loving father of the city and all its people. Let us not think only of money when people talk Socialism. There are many things much more important than money by which cities and people should be judged.

Looking Ahead
I continue to be optimistic for the many "Bridgeports" in the United States, although sometime there will be a day of reckoning for all unless we think more of other people and get out of debt. The next panic will come suddenly "like a bolt from the blue." Although our domestic situation is good, the foreign situation is very bad. There are no prosperous "Bridgeports" in Europe. Communism is very different from Socialism.

Belgium introduced coins of a nickel-copper alloy in 1860. Switzerland issued pure nickel coins in 1881, and in subsequent years one country after another followed suit. In 1939, over 100 governments had coinage containing nickel.

25 YEARS AGO FROM THE PLYMOUTH MAIL FILES

At a special meeting of the village commission, held Tuesday evening, arrangements were completed with the Detroit Edison Co., for eleven boulevard lights on Starkweather avenue. These lights, with the ones already on the street, will make 14 lights between Main street and the depot. From the depot north to the bridge, eight overhead lights in the center of the street will be used.

Miss Dorothy Albro of Detroit, niece of Mrs. Fred A. Campbell of this place, and Roy Clark, also of Detroit, were quietly united in marriage at the home of Mr. and Mrs. F. A. Campbell on Union street, last week Thursday evening, August 3. At six o'clock the marriage service was read by Rev. Charles Strasen, pastor of the Lutheran church of this place, the beautiful ring service being used. On Friday, Mr. and Mrs. Clark left by motor for Cadillac and Clear Lake. The bride has spent considerable time in Plymouth the past few years.

Born, Thursday, August 3, to Mr. and Mrs. Franklin Forsgren, a daughter, Flora Marie.

Dr. and Mrs. J. L. Olsvater and little daughter, Barbara Jean, have returned home from a two weeks' stay at Base Lake.

Clarence Bullock of Gentryville, Indiana, and Miss Helen Peterhans of Plymouth, were married at the First Presbyterian church, Saturday, Aug. 5. They will reside in the Riggs house on Ann Arbor street. The bride is a daughter of Mr. and Mrs. Fred Peterhans of Plymouth.

Mr. and Mrs. Fred Sockow of Superior, celebrated their golden wedding anniversary at Independence Lake, Sunday, August 6. At the noon hour a most bountiful dinner was served. Their nine children, four sons and five daughters, together with their families, with the exception of one grandson, were present, 34 in all. Mr. and Mrs. Sockow were the recipients of a substantial purse of gold from their children, in remembrance of the occasion.

Notice to the gas users—Owing to the shortage of coal, the Plymouth and Northville Gas Co., commencing Saturday, August 12, will furnish gas only from the hours of 5 to 8 p.m., 11 a.m. to 2 p.m., and 3 to 8 p.m. Just as soon as shipments can be depended upon, the normal service will be resumed.

Mrs. Arthur Tillotson and son, Clifton, are spending two weeks with friends at Alpena and other northern places.

Mr. and Mrs. H. A. Spicer, Miss Mabel Spicer and Lyman Judson of this place; Mrs. Fagnie Barker of Sheldon, and Norval Welch Ayers of Detroit, spent over Sunday at the Spicer cottage at Wall-ed Lake.

Mr. and Mrs. Coda Savery and family, Mr. and Mrs. James Davey, Mrs. Otha Cole and daughter, Marjorie, and Miss Gertrude Stacy spent Sunday at Whitmore Lake.

As far as the work has been done in the cemetery, it surely looks different than the neglected appearance it presented before work was commenced. It will require a good deal of money to finish it.

Jerry Wilson is building a new porch and making other improvements at his home on Deer street.

Mrs. C. H. Buzzard and daughters spent the week with her parents in Bay City.

C. E. Stevens of Ann Arbor, sang at the First Presbyterian church, last Sunday morning.

Mr. and Mrs. Glen Smith leave this evening on the steamer Harmonic, from Detroit, for a trip to Duluth. They will be gone for a week.

Mr. and Mrs. Paul Wiedman,

Mr. and Mrs. Fred Ballen, Miss Alice Ballen, Irwin Pierce, Mr. and Mrs. William Petz and family spent Sunday at Whitmore Lake. The day was enjoyed with games and bathing.

Mrs. August Schaufele visited her daughter-in-law, Mrs. Frank Schaufele, of Northville, who was operated on at the Osteopathic hospital, Highland Park, last week.

In the new Who's Who list of 1922-23 given in the Detroit News, Sunday, August 6, we note the name of Charles T. Grawn, educator. Mr. Grawn graded the Plymouth schools and was superintendent from 1881-1884.

Glen Penney of this place and Fred Bentz of Ypsilanti, left by motor last week Thursday for Lodi, California, where they may remain for several months. Enroute there, they will visit Yellowstone Park and other places of interest in the West.

Frank Henderson is driving a new touring car, purchased of Blunk and Baker, local agents for the Maxwell cars.

Work on the redecoating of the Pennington Allen theater will commence next Monday morning. During the progress of the work, which will be completed just as soon as it is possible to do so, the theater will be closed.

Rev. Arnold Kehl of Downer's Grove, Illinois, is visiting his parents, Mr. and Mrs. A. G. Kehl.

The Waterford Community club met at the home of Mrs. John Nelson, Thursday, August 3, it being the annual business meeting, new officers were elected for the ensuing year: Mrs. Albert Ebersole, president; Mrs. John Watson, treasurer; Miss Laverne Sty, secretary.

An advertisement was run by William W. Blackney announcing his candidacy, Republican, for Congress from the sixth district.

Charles Thumme and family have moved to Farmington this week. Ray Rorabacher and family will occupy Mr. Thumme's house on Maple street.

If you would not be of an angry temper, then, do not feed the habit.—Epictetus.
