ELTON R. EATON

AID FOR PUBLIC SCHOOLS.

There is no loyal resident of Michigan who is not in favor of doing all that can be done to build a stronger and better public school system than we have at the present time.

Such a belief is a part of the code of every good citizen, even though there are certain pressure groups who would have you believe otherwise. The main argument seems to revolve around the question as to the best way of accomplishing this worthy purpose.

Some pressure groups thought that constitutional diversion of state funds would be the proper way. Others who were just as much interested in the public schools, and probably more so than some pressure groups, thought otherwise.

Those who had made a careful inquiry into the proposed constitutional diversion amendment realized that millions of dollars would be diverted to various units of government about Michigan that didn't need a cent of additional state aid. They opposed the amendment because of this waste of tax dollars.

The other day Carl Rudow, one of the alert and observing political writers of The Detroit News, went up into one of Michigan's northern counties to make some inquiry as to how some of this diverted tax money was being spent.

If you did not read his excellent article in the news when it was published, it is reprinted in full, for your benefit. It follows:

The pot of gold at the end of the sales tax rainbow has brought riches—and a headache—to this cut-over country.

It has poured money into school and township treasuries in Missaukee County—where taxpayers are few and there is little wealth to tax.

Diversion of revenue from State funds, ordered last November by Michigan voters, has upset the appercarts of local governmental units which didn't need the shower of dollars.

The dollar downpour, which brought cheer to cities, brought unhappiness to this and other northern cut-over counties.

Missaukee County's public schools now have more money than they dreamed of. Its townships will get eight times what they used to levy in taxes.

"Our townships don't need this extra money," declared John Bosscher, thrifty McBain Hollander, who serves as chairman of the board of supervisors. "Some of our schools need help, but most of them don't. Our county road commission needed money, but diversion gave it none."

The gift of gold, Mosscher said, had thrown everything out of balance.

Attempting to assure some sort of sane spending among its newly rich units, the board stripped the schools down to the bare four-mill local tax levy necessary to qualify for regular State school aid. It refused the townships even a penny of the local tax dollar.

"But things still are out of kilter," Bosscher declared. "If there was an off-balance in favor of the State, it's the other way 'round, now."

"It looks like the State really did need the money," Bosscher said, with thoughts of curtailed building programs, the veterans bonus, the three-cent cigarette tax, and other steps the Legislature took in a temporary recovery move.

Missaukee County has 8,000 residents, \$4,000,000 in taxable property and some 86,000 acres, or one-fourth of its area, in State-owned land. Its highest salary to a county official is \$3,000 a year. The sheriff gets \$500 a year and fees or mileage which bring a total of about \$3,000. The county court house burned in 1943 and business is conducted in a house.

It's a typical cut-over county.

In its attempt to even off the inequities created by the sales tax diversion, the local tax allocation board gave the county 11 mills of local taxation, the schools four mills and the townships nothing. Two years ago the diversion was nine mills to the county, five to the schools and one to the townships.

The redistribution cost the schools \$4,000 a year in local taxes. School officials took the cut without a wince, for the tax diversion will bring them an estimated \$43,500 in new money. Townships lost \$4,000 too, and did not protest. From the tax diversion, they will divide an estimated \$32,000 a year.

Supposedly, the flood of State money should make all public officials in Missaukee happy. Actually, everybody is unhappy.

Farm Bureau leaders are heading the local campaign to repeal the diversion next November. Township officials find no way to spend the extra money they have.

Educators, after raising salaries an average of \$175 a year for rural teachers and \$400 for rural agricultural school teachers, insist the diversion must be kept, but admit that the township share is outlandish.

If the diversion is repealed, according to Ford H. Finkel, county school commissioner, school districts which have boosted operating costs will be caught short.

E. D. Crandall, county road engineer, is perturbed because the Legislature recaptured liquor and severance taxes for the State in an effort to offset the tax diversion.

"Our revenue will be cut 30 per cent to about \$100,000 a year," he said. "Three of the 15 townships would like to use their sales tax money to match our money on road improvements. After next year, we won't have funds to match their money."

Crandall complained that the tax diversion benefited schools and local governments, but ignored county governments and road commissions. Bosscher, a township supervisor himself, voiced the same thought but more vigorously.

"The way this sales tax money is being given to townships and schools which don't need it is proof that the tax diversion amendment was written with little thought," he said.

Missaukee County voted against adoption of the sales tax amendment, 1354 to 799. However, because "easy money" may have changed local sentiment, political leaders won't predict how the vote on repeal will go in 1948.

"What hurts the State will hurt us all, sooner or later," Bosscher said. "But I wonder how many people see that."

Most Accidents at Corner of Main and Penniman

Police department reports reveal the interesting fact that the largest number of traffic accidents in Plymouth happen at the corner of South Main street and Renniman avenue.

This condition is true in spite of the fact that there is a traffic light at the corner and the intersection is a wide one where there is a clear vision in every direction.

While none of the accidents at the corner have resulted in serious injury to any person, several cars have been quite badly damaged, reports indicate.

In spite of the efforts of the police department to see to it that traffic is regulated in such a way that there are as few accidents as possible there has been a slight increase in the number of accidents in Plymouth this year over the same period as last year.

But this can be accounted for in the fact that there are many more cars on the streets this year than there were a year ago.

There have been 92 traffic accidents within the city between January 1 and August 20, as compared to 78 for the same period a year ago.

Negligent operations of cars by drivers is the cause of the greatest number of violations. They totaled 25 between the dates specified. Fifteen drivers made improper turns and 18 drivers were given traffic tickets for reckless driving.

Even though there has been a slight increase in the number of violations, this is a good record for a city the size of Plymouth and where there is so much traffic as here.

Next Wednesday is Day for Big Floral Exhibition

From all indications the forthcoming Garden Club flower show will be the best ever staged in the city by that organization. The Hotel Mayflower will be the scene of this popular event next Wednesday afternoon and evening from 2 til 9 p.m.

Under the direction of Mrs. Paul Wiedman, Mrs. Andrew Varaha and Mrs. Albert Pint the following committees will be responsible for the success of the show: Registrations, Mrs. Edward Bolton, Mrs. Sidney Strong, Mrs. George Chute, Mrs. George Cramer, and Mrs. LeRoy Jewell. Passing, Mrs. Austin Whipple and Mrs. Louis Von Stein, Placing (Continued on page 2)

Eger-Jackson Moves to New Building

The Eger-Jackson company has moved to a new and larger building. That is the announcement to be found on another page of this week's Plymouth Mail. The opening is to be held this weekend, Friday (today) and Saturday.

Now occupying a new store just completed next door to their former location, at 139 West Liberty, the youthful owners, George Jackson and Bill Eger, cordially extend an invitation to inspect their new quarters.

The concern has grown since its beginning on January 1, 1946, from a floor sanding service, to one which embraces a large number of products and supplies, including the nationally famous Enterprise paint line, the exclusive franchise for which has just been granted the Plymouth company.

Kiwianians To Hold Field Meet

Plymouth Kiwanians in conjunction with the city recreation department will sponsor a field meet on Saturday, September 13th. A committee consisting of Robert McAllister, William Hartman and Phil Barney are drafting up rules and regulations for the event which will be held on the high school field.

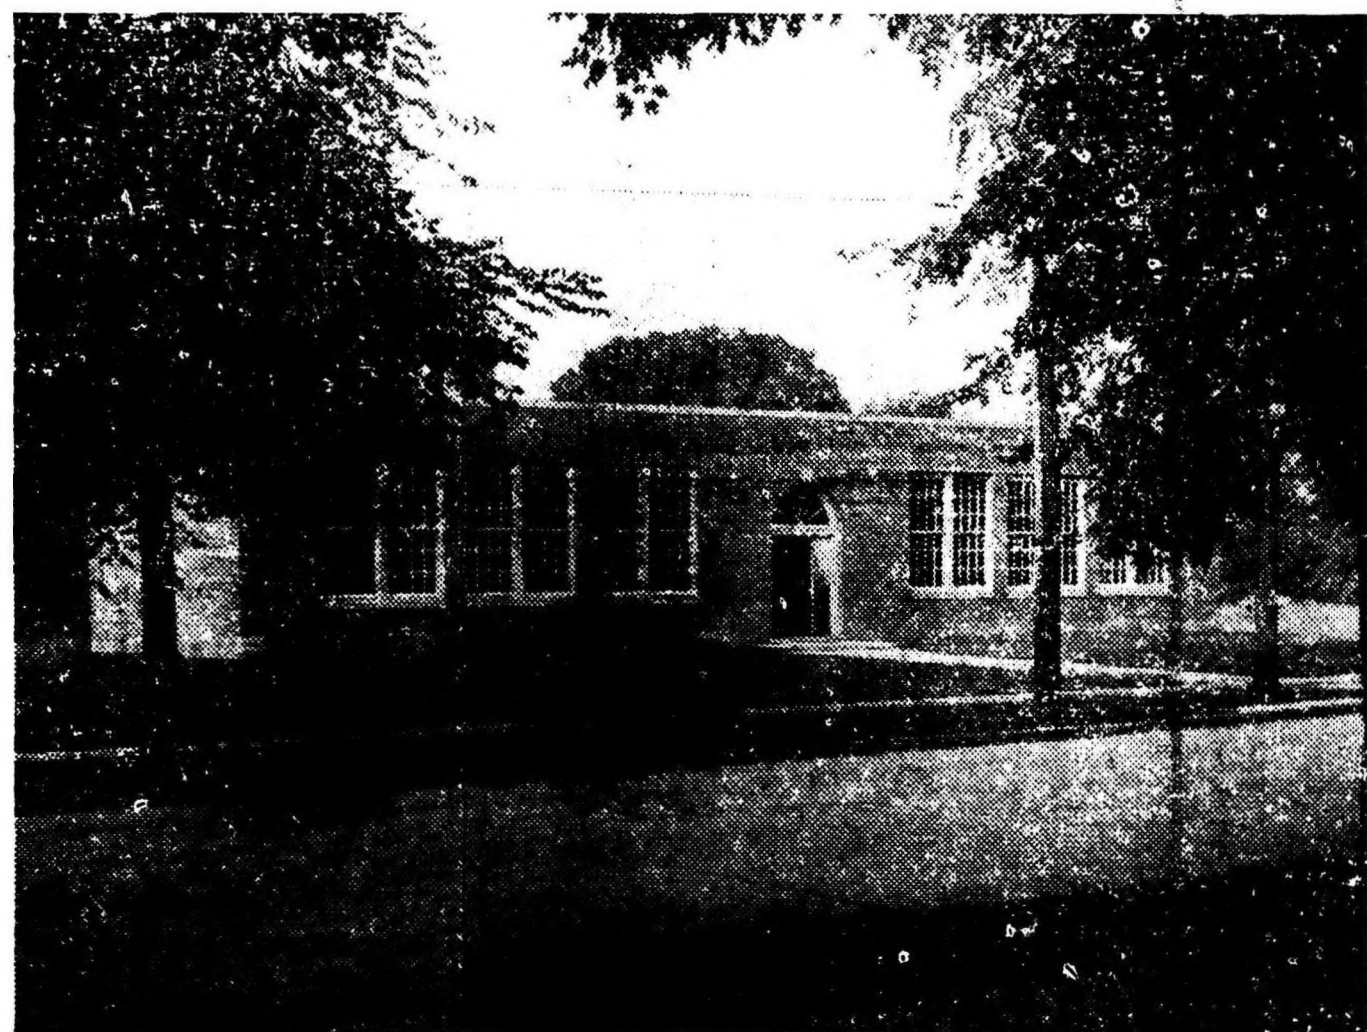

Events will be staged for both boys and girls and prizes will be awarded for age groups from 5 to 14 and 14 to 26 years. It is not necessary for entry blanks to be filled out but contestants must appear on the field at one p. m. on the day of the meet.

Mayor Awards Trophies to Golf Champions in City Title Match

Plymouth's First Parochial School Opens — Filled to Capacity

New Lutheran School Which Opens Next Tuesday

Will Appear Here

Miss Leona Flood See article on Page 8.

Formal Dedication Ceremony of School to be Sunday, September 27

The formal Dedication of the new Lutheran School on Penniman Avenue is scheduled for next Sunday, September 14, at 2:30 in the afternoon. The weather permitting, the brief dedicatory service will be held out of doors to the west of the building.

Pastor Theodore Sauer of St. Paul's Lutheran Church of Livonia Township, will deliver a short dedicatory address. The church choir, appearing for the first time under the baton of Mr. Gerhard Muebler, will render appropriate music.

After the service opportunity will be given to distinguished visitors to speak a word of greeting to the assembly.

The dedicatory ceremony will follow as the climax of the celebration, when the keys of the beautiful new structure formally will be turned over to the chairman of the school board, Mr. Wesley Sheere, by Mr. Jacob Brinks, chairman of the building committee while the pastor of the church speaks the words of dedication, the doors of the school will be opened.

Thereupon visiting pastors, teachers and other distinguished guests will precede the congregation on a tour of the building. One of the unusual features of the school is the employment of base radiation for heating, independently and thermostatically controlled for each room. The heating plant is forced hot water heated with oil. Another feature is the installation of germicidal lamps over each classroom doorway, improving the circulation of purified air and eliminating many airborne disease carriers. (Continued on page 2)

Evans Presents Baseball Trophy

Edward S. Evans, Jr., president of Evans Products Company, is the donor of a baseball trophy that will be awarded annually to the pennant winner in the Plymouth Industrial League. This beautiful trophy will be presented to the league winner after the conclusion of the current season. To become the permanent owner of the trophy, it is necessary for a team to win it three seasons, but not necessarily in succession. This trophy is on exhibit in the offices of the Plymouth Mail and an award to the winner will be made personally by Mr. Evans. The name of the winning team will be engraved in a panel on the cup.

Youth Drowns In Rouge River Here

Funeral services were held yesterday for eight year old Harold Frame who drowned in Rouge River in Plymouth Riverside Park last Sunday. The son of Mr. and Mrs. Roger Frame who reside at 40106 Gilbert street in Robinson subdivision, Harold had gone fishing with two other boys and was missing until his body was found Tuesday by Robert Widmaier and Clark Minock.

Sheriff's officers who claimed the body, reported the death as accidental drowning. The services were held at the Schrader Funeral Home with the Rev. Henry J. Walch officiating. He is survived by his parents and a sister Patricia Ann.

To Install New Minister Sunday

Reverend P. M. McPherson will be installed as minister of the Plymouth Church of God next Sunday afternoon. The installation service will be held at 3 p. m. at the Patchen school and the public is invited.

Reverend McPherson was called to Plymouth in March but did not come to the city until late in June after finishing his studies at Anderson, Indiana. He resides with his family at 580 Starkweather avenue.

The Plymouth church under the guidance of the new minister has purchased ground at the corner of Plymouth and Newburg roads for the construction of a new church edifice which will cost \$40,000 when completed. Work will be started on the church this fall.

Full Staff on Hand for School Opening Tuesday

The public schools of Plymouth will open next Tuesday and according to official sources, the administration is anticipating an all time high enrollment for the coming 1479-48 school year. The buildings that comprise the school plant have been completely redecorated and cleaned during the summer months.

The faculty is complete with 86 administrative members and six teaching members, including 15 new appointments. P. E. Johnson will take over the activities of Elementary Coordinator. Other new names on the faculty roles are Susan J. Ball, Geography; Eddie Bender, Physical Education; Barbara Cardew, English; Fred C. Nelson, Music; Dolores Rasch, English; Carol Salmonson, Librarian; William D. Scott, Physical Education and Robert Smith, Physics and Chemistry. New members of the elementary faculty are Betty Brake, Kindergarten; Josephine Casarelli, Kindergarten; Viola Chesman, Second grade; Vivian Michelson, Kindergarten; Jeanne Schnaars, Art; and Mary Rosalie Seymour, Second grade.

Plymouth is one of the few school districts that will open its school year with a complete teaching staff. According to Superintendent Nelson the school has been particularly fortunate in securing a full staff and he is especially pleased with the quality of the new additions to the faculty.

Plymouth Out to See to it That no School Child Becomes Traffic Victim

Mothers and fathers of Plymouth! The public schools will open Tuesday, September 9, and that means that more than 2,000 boys and girls will be crossing the streets of the city from early morning until late afternoon.

The Plymouth police department is exceedingly anxious that there be no traffic accidents during the entire school year, and they hope to accomplish this through your aid and cooperation.

The police say there are several things you should impress upon your school boys and girls. Instruct them not to "jay" walk and when they cross the street, impress upon them the necessity of doing so on the green light. Tell them emphatically NEVER to cross a street on the red light.

Warn them never to cross a street in the middle of the block or run out into the street from in back of a parked car. They should stop, look and listen—and always be careful. Boys and girls who ride bicycles should be told to observe all traffic regulations,

just as do automobile drivers. They are supposed to stop for red lights, have lights on their bicycles for night riding and always be careful.

There is a warning to motorists, too, by police officials of Plymouth. They should be more than careful when children are going and coming from school.

Then, there is a new state law which requires every driver of an automobile to come to a complete stop if behind a school bus when it makes a stop to take on or permit children to leave a bus. Officers say that this law is going to be rigidly enforced this year in view of the fact that last spring there were two or three exceedingly narrow escapes due to the carelessness of automobile drivers who did not make a complete stop when school buses were stopping.

Not a school child will be hurt by an automobile in Plymouth between the day that school opens Tuesday, September 9 and the time it closes next summer! We can see that this is true by the most careful observation of all traffic regulations.

Rotary Speaker Tells of New Park Development Near Plymouth

Within an easy 20 minutes' drive from Plymouth there is being developed one of the most elaborate out-door recreational areas in the entire United States. Several sections of the Huron river are being made into lakes, one of them with a shore line of over 25 miles in length. Kent Lake, which was formerly a wide area in the Huron river is now known as Kensington Lake and covers an area of more than 1,200 acres.

These facts were revealed to members and guests of the Plymouth Rotary club at its meeting recently by Charles De Turk, director of education of the Huron-Clinton parkway project.

This project, stated Mr. De Turk, resulted from a vote of

over two to one by the residents in the five counties interested in the development. The counties comprising this metropolitan authority project are Wayne, Washtenaw, Oakland, Macomb and Monroe.

Mr. De Turk stated that the Kensington Metropolitan Park, lying along Grand River road about 12 miles west of Novi and only 20 miles from Plymouth will be ready for public use early next summer.

The park area covers 3,500 acres, of which 1,200 acres is the new Kent Lake, created by dam-

Cloverdale Wins League Pennant

Sam Palamara's double drove in Ray Hartner in the seventh inning with the run that gave Plymouth Cloverdale a 7-6 margin over Plymouth Sport Shop and the Class A championship of the Inter-County League Sunday.

The largest crowd ever to attend a game in Plymouth turned out at Riverside Park to see the two hometown rivals. George Molnar went the route for Cloverdale, giving up six hits, but his teammates kept him in trouble with five errors. He struck out five, two in the ninth.

Plymouth Daisy eliminated Clarenceville, 6-2, in the Red Division.

Shrine Club to Hold Stag Party

Members of the Suburban Shrine Club will hold a stag party Saturday, September 13th. The event will be held at Plymouth Country Club and will open the fall activities of the organization. Nobles or their guests or friends will play golf during the afternoon and enjoy a steak dinner in the evening. Tickets are available from the following members, Charles Huebler, Fred Erb, Merritt Crumby, John Campbell and Fred Hearn.

Postoffice Cuts Mail Deliveries

Plymouth post office patrons will have fewer hours to attend to their business after today according to assistant postmaster Beatrice Schultz. Since funds for post office operation have been badly cut by the government it becomes necessary to shorten the working hours of postal employees.

No service will be given at all on Saturday in the future and mail deliveries in the city will now only be made once a day the first five days of the week.

The stamp window will open at 8 a.m. and remain open until 5 p. m. The money order window will open at 9 a. m. and will close at 4 p. m.

Local postal authorities say they have no other choice in the matter since they do not have funds to do otherwise.

The regular business meeting of Rainbow Assembly No. 33 will be held Monday evening, September 8, at 7:30 in the Masonic Temple. All members are urged to attend as there will be election of officers for the new term.

Mrs. Alice Sherman, Louis Sherman and his two daughters, Diane and Donna attended a family reunion picnic at the Louis Whitman home on Finkle road on Labor Day. Fifty relatives attended this gathering.

Mrs. A. G. Griffiths returned recently from the Hotel Breakers, Cedar Point on Lake Erie, Ohio after visiting with her son-in-law and daughter. Mr. and Mrs. Louis Richard Borso and their son, Dick, were with her.

Saturday evening Mr. and Mrs. R. Blomberg of Arthur street and Mr. and Mrs. M. J. Thorne of Pontiac attended the showing of Golden Boy at the Music Hall and had dinner at the London Chop House.

Mr. and Mrs. Edmond Watson spent a week of their vacation in August with the Marvin Spence family of Dearborn and as guests of Mrs. Irma Henderson and Greta Harding at a cottage on Lake Michigan near Sautageck.

Mr. and Mrs. L. C. Finney and family were called to South Bend, Indiana by the sickness and death of Mrs. Finney's mother, Mrs. Lloyd Kennedy. Mrs. J. Meade, Mrs. Harry Hunter and Mrs. Fred Wagenschutz attended the funeral in South Bend on Tuesday.

Mr. and Mrs. R. J. McDonald of Berwick avenue, Rosedale Gardens announce the recent marriage to their daughter, Eleanor Jeanne to William Anthony Beppler, Jr., son of the late Mr. and Mrs. William Anthony Beppler of Philadelphia, at the First Pres-

byterian church in Ann Arbor. Mr. Beppler is a graduate student in bacteriology at the University of Michigan.

The parish house on Penniman was decorated with gladioli and white silver for the surprise party given last Saturday evening by Miss Phyllis LaVergne in honor of the 25th wedding anniversary of her parents, Mr. and Mrs. Levi LaVergne. Eighty guests enjoyed an evening of cards and dancing. Refreshments were served from an attractive table centered by a large wedding cake. The honored guests were presented with a chest of silverware.

Bus Schedule for Patchen School

High School bus schedule, Patchen school district. Bus leaves Hix and Copperneck roads at 7:15 a.m.; Ford and Warren roads at 7:20; Ford and Hix roads at 7:25; Ford and Newburg roads at 7:35; Leaves Patchen school at 7:40; Ford and Warren at 7:45; Joy and Ravine drive at 7:50; Joy and Newburg roads at 7:55; arrive at Plymouth high school at 8:00. Students can be picked up between these stops judging your time accordingly.

Rotary Speaker Tells of New Park Development Near Plymouth

(Continued from page 1) ming the Huron River just south of Grand River avenue. The lake, now has 20 miles of shoreline and eventually will have three sandy bathing beaches, with a capacity of 15,000 bathers.

The land area of the park is gently rolling woodland and meadows, with many shady glades where picnic grounds and parking spaces will be established. One of the flat open fields is being turned into a vast playground with base ball diamonds, tennis courts and facilities for many other outdoor games.

An 18-hole rolling golf course will be built at the southwestern extremity of the park adjacent to Grand River avenue.

There will be bridge trails, open-air dance platforms, rainy weather shelters, hiking trails, rowboats and canoes and overnight camping sites.

The hilly character of the area will make the park ideal for winter sports such as skiing and tobogganing and the lake will provide space for ice boating and skating.

All of the facilities planned for the park will not be completed until the summer of 1949, but

George W. McCordie, engineer-director of the authority, said the bulk of them will be ready for public use by next summer.

The park was named after the old village of Kensington, which once existed within the park area.

The projected cost of the park is \$2,475,000, of which \$675,000 was spent for land acquisition and the remaining \$1,800,000 is being spent for development.

The authority's next most ambitious project is the 2,000,000 St. Clair Bathing Beach, which will not be ready until the summer of 1949. The authority has spent \$150,000 for land acquisition and has let out under contract \$482,000 of the \$1,850,000 to be spent on development.

Formal Dedication Ceremony of School to be Sunday, September 27

(Continued from page 1)

Motor-driven ventilators for the wardrobes and classrooms, greenstone "black-boards" and evenly distributed north light make the classrooms most pleasant.

The congregation was fortunate in having two of her sons present original paintings for the central office and classrooms. Mr. Elmer Kreeger painted an almost life-size picture of Christ and the Little Children for the central office. This beautifully appropriate scene will greet everyone who enters through the main door of the school. Mr. Jack Schoof painted a large portrait of Christ as the Good Shepherd for the Primary Room and another of Christ as the Twelve Year Old in the Temple for the other room.

The school represents the first unit of a large building complex, including church, school and parish hall to be erected by the congregation on the site in one of the most beautiful sections of our city.

The cost of the building was about \$32,000. This comparatively low cost includes two classrooms, provision for the simple addition of two more, and facilities for heating almost the entire, completed plant. The contribution of much volunteer labor, for instance, the installation of the entire electrical wiring at cost with no charge for labor by Mr. George Schultz contributed greatly toward the economy of the project.

The enrollment of 61 children in the kindergarten and six grades exceeds the school's planned capacity by one. Mr. Gerhard Mueller, the school principal, will be in charge of the upper grades, while Mrs. Helen Roehler will teach Kindergarten and the Primary grades.

School sessions will begin on Monday, September 8th, at 8:30 a. m.

The activities on Sunday and Monday morning will be recorded in colored motion pictures and added to the film library covering the entire construction program.

Oldsmobile Takes Class A Championship

Beginger Oldsmobile base ball team clinched the Class A championship Wednesday night when they defeated the House of Correction team one to nothing. Gabby Street pitched the game for Oldsmobile. Two singles and a stolen base in the seventh inning brought the winning run in for the champs.

Michigan State college animal husbandry specialists advise farmers to feed sows in winter at some distance from farrowing quarters to induce exercise.

Next Wednesday is Day for Big Floral Exhibition

(Continued from page 1)

Mrs. Jesse Tritten, Mrs. Austin Stecker, Mrs. Edwin Scott and Mrs. Arthur Mills. Hospitality, afternoon, Mrs. Otto Beyer, Mrs. Edwin Schrader, Mrs. Horace Thatcher and Mrs. John Scheel. The evening hospitality committee will be composed of Mrs. Floyd Wilson, Mrs. Lawrence Lyons, Mrs. Ralph Lorenz, Mrs. Dow Swope and Mrs. Horace Johnson.

Following rules established by the Women's National Farm and Garden Association of which the local chapter is a branch the schedule of displays and their classifications will be as follows.

Section A, Class 1, Petunias, any container. Class 2, Gladiolus, white, foliage, container or silver. Class 4, white flowers in white container. Class 5, berries and vine arrangement. Class 6, miniatures not to exceed 3 inches over all. Class 7, miniatures not to exceed 5 inches over all. Class 8, fine arrangement in flat container. Class 9, evergreen arrangement, flowers for arrangement. Class 10, open any flower and container.

Section B, is for specimens and blooms with 1 to 3 flower limit. Section C is for house plants in the owners possession for at least three months. Section D, class 1 is for vegetable arrangement and class 2 is for tray and baskets.

Section E is an open class for any flower, berry, or vegetable arrangement suitable for porch, supper table, breakfast table, living room or library. Section F is for garden photos and Section G is an open class for school children in vegetable or flower arrangement.

All entries must be set up and ready for judging by 12 o'clock noon on the day of the show and ribbons will be awarded in all classes. All varieties must be labeled and named correctly by the exhibitor and bear the exhibitors name on the bottom of the container. An exhibitor may exhibit only one entry in each class.

The show is free to the public and Garden Club members invite all residents of Plymouth to view their efforts. For more information concerning entries it is suggested that you call any member of the Garden Club.

Church of the Nazarene Meets September 10

Inspiration for a new year is to be the theme of the first meeting of the new season for the Women's Auxiliary of the Presbyterian church. Wednesday, September 10 is the date, and 2 p. m. the time for the program, with Mrs. Anthony Matulis as chairman. The devotionals will be given by Mrs. Walter Nichol.

Speaker for the day will be Mrs. A. J. Middlestead of Pleasant Ridge. "Eight Bells, Our Christian Heritage" is the intriguing topic the speaker has chosen. Her aim is to inspire the Auxiliary members to a year of benefit and enjoyment in the work sponsored by their organization.

Mrs. Charles Wolfe, soprano.

will sing. Tea will be served, with Mrs. Milton Laible acted as chairman. A business meeting will precede the program; Mrs. Richard Olin, president, will preside.

Every woman who attends or is a member of the Presbyterian church is a member of the Women's Auxiliary. The program committee is expecting a large attendance at the first meeting, indicative of interest for the entire year.

News of Interest

Admiral Ingram, public relations officer in the Navy Department before the war, while serving as wartime Commander, Fourth Fleet, with headquarters at Recife, Brazil, established a fleet newspaper which was so popular it was widely read by Brazilians and widely quoted in the Brazilian press.

One of the most colorful and versatile officers of the U. S. Navy four-starred Admiral Jonas Ingram, famed as a fighting admiral, an athlete with a national reputation, a shirt-sleeve diplomat and a skilled newsman, now retired from the service, is serving as Commissioner of the All-American Football Conference, a position which will utilize his varied abilities.

During the war, the Navy's investigation of rocket propulsion possibilities was concentrated below the stratosphere. Further studies will include propulsion through the stratosphere. Stratospheric propulsion requires the rocket principle inasmuch as there is not enough oxygen at that height to support combustion in the conventional type of engine. It is by an outside oxygen source.

The 30-year old battleship, USS Mississippi, is being converted into a gunnery development ship to replace the old USS Wyoming. New types of naval weapons and material will be given service tests by the ship's especially qualified personnel and equipment, and investigations of gunnery problems will be conducted.

Equipment found to be damaged by moisture and by fungi growth has led the United States Navy to investigate resistant materials and treatments for this gear. The findings of this research program are used in the improvement of equipment manufactured for the Bureau of Ordnance in planning treatment to extend the serviceability of equipment now aboard ships and to insure its operation even under adverse environmental conditions. These findings are expected to result in large savings, to the Army as well as to the Navy, in funds and materials.

Many Sights for Tourists in Boston

Massachusetts is rich in history and legend and romance and color, and one of the top points of interest is Old North Church, from the steeple of which lanterns warned of the coming of the British. In the foreground is the imposing statue of Paul Revere.

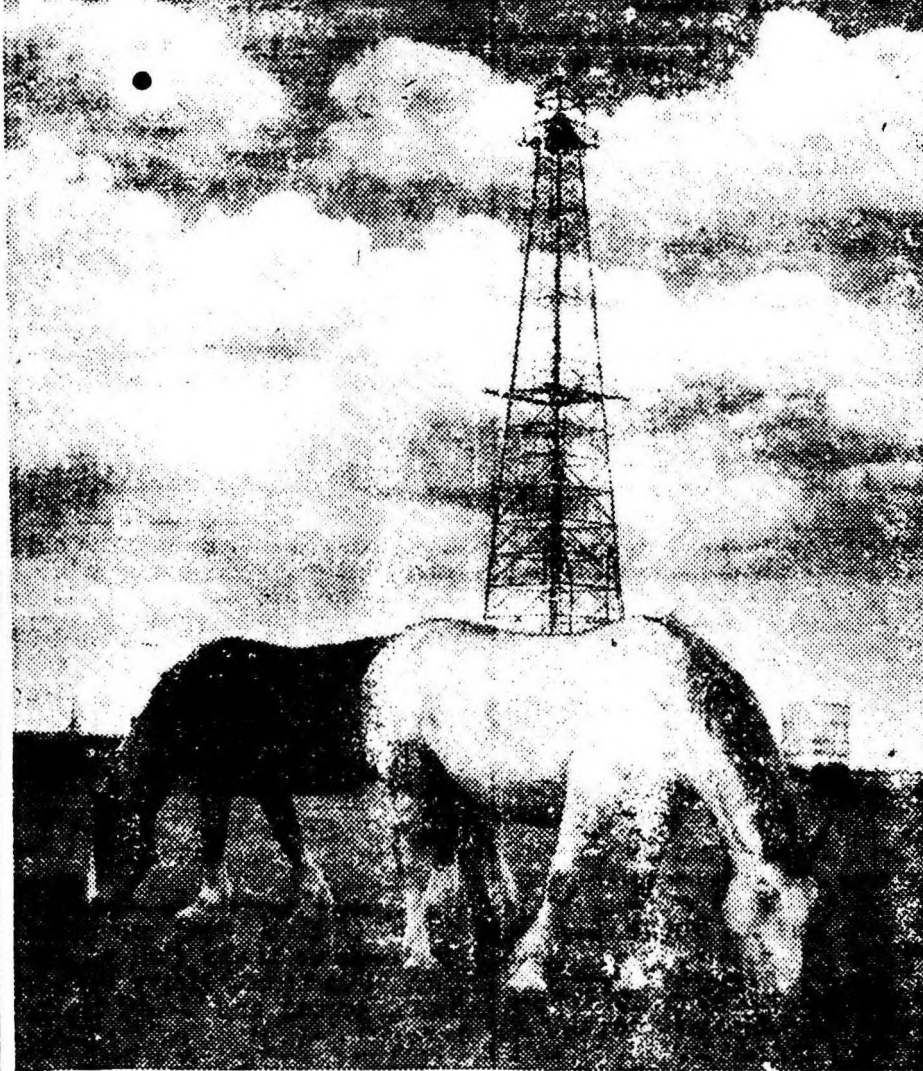

HEAD COACH CLARENCE L. (BIGGIE) MUNN, left, is pictured with ROBERT B. MCCURRY, captain-elect of Michigan State college's 1947 football team. McCurry, a center, will be the first full-time captain to lead the Spartans in 15 years, his election bringing to a halt the practice of naming individual game captains.

ELKS' HEAD MAN . . . Lafayette A. Lewis, Los Angeles attorney, has been elected grand exalted ruler of Benevolent and Protective Order of Elks.

Danger For Your Milk. During warm weather farmers no longer can depend on nature to take care of milk cooling, remind extension dairymen. "We have warm days and nights, and if we are not careful we might neglect to cool our milk as it should be cooled," they explain. "As a matter of fact, it is of the utmost importance to cool milk promptly and store it at a temperature of 50 degrees or lower, regardless of the time of the year." It is pointed out that with the big demand for high-quality milk by consumers and the strict requirements that milk meet a high standard, no dairy farmer can afford to neglect cooling as a means of keeping down the growth of bacteria in milk. The specialists caution that "when your milk gets to market sour, your market soon goes sour on your milk."

OIL AND HORSEPOWER . . . It is a sure indication that progress is under way across the land when old ways and new ways exist side by side for a time in the same ballpark. At Leduc, Alberta, Canada, these days horses are grazing in the shadow of oil derricks because what was once an important agricultural area recently has come to be an even more vital source of petroleum. Ten oil companies already have launched major operations near Leduc and five wells have been brought in. First oil strike in the region was made in February.

LABEL FOR GIFTS TO GREECE . . . Rep. Leo E. Allen (Rep., Ill.) and John Baer, cartoonist and former congressman from North Dakota, display the emblem submitted by Baer for house approval in connection with a bill introduced by Allen for the labeling of all goods donated by the U. S. to the relief of war-torn countries. The measure would provide that indelible markings on all such gifts tell their origin, destination and unsalability.

The U. S. Naval Observatory makes their time determination photographically. The Observatory time signals are based on astronomical observations made with the photographic zenith tube, a telescope permanently mounted in a vertical position. The images of the stars crossing the meridian near the zenith are impressed on a moving photographic plate 45mm square, as small dots, while the exact instants at which the plate reaches certain specified positions are recorded on a chronograph. The photographs are subjected to precise measurement under a microscope. This observation, the most accurate method known of determining time, is also used for investigating the variation of latitude resulting from the motion of the pole.

THE FOLLOWING ORDINANCE WAS PASSED ITS FIRST & SECOND READINGS AT THE CITY COMMISSION MEETING HELD SEPTEMBER 2nd, 1947. PROPOSED

ORDINANCE NO. 133 AN ORDINANCE AUTHORIZING THE ACQUISITION AND CONSTRUCTION OF ADDITIONAL EXTENSIONS AND IMPROVEMENTS TO THE WATER SUPPLY SYSTEM OF THE CITY OF PLYMOUTH, AUTHORIZING AND PROVIDING FOR THE ISSUANCE OF SELF-LIQUIDATING REVENUE BONDS FOR THE PURPOSE OF DEFERRING UNDER THE PROVISIONS OF ACT 94, PUBLIC ACTS OF MICHIGAN, 1933, AS AMENDED, PROVIDING FOR THE FIXING, COLLECTION, SEGREGATION AND DISPOSITION OF THE REVENUES OF SAID WATER SUPPLY SYSTEM AND PAYMENT OF SAID BONDS OUT OF THE REVENUES THEREOF; CREATING A STATUTORY FUND OF SUCH REVENUES AND PROVIDING FOR OTHER MATTERS RELATIVE TO SAID BONDS, THE WATER SUPPLY SYSTEM AND THE REVENUES THEREFROM. THE CITY OF PLYMOUTH ORDAINS:

Section 1. The City Commission of the City of Plymouth, Wayne County, Michigan, hereby determines it to be necessary for the public health, safety, convenience and welfare of certain portions of the City of Plymouth to construct and install certain additions, extensions and improvements to the Water Supply System of the City, which additions, extensions and improvements are described as follows:

DESCRIPTION OF PROJECT 1. The drilling of test wells and the drilling of one 12-inch producing well and three 8-inch producing wells at the well field on Beck Road, also construction of well houses.

2. The laying of a 16-inch supply main from the well field on Beck Road, south on Beck Road to Five Mile Road, east on Five Mile Road to Sheldon Road, south on Sheldon Road to Goldsmith Street, and east on Goldsmith Street to the softening and iron removal plant, a distance of 22,693 feet.

3. The construction of a water softening and iron removal plant with a nominal capacity of 2 million gallons per day and with a maximum capacity of three million gallons per day.

4. The laying of feeder mains within the City of Plymouth on Lena-Goldsmith Junction, 400 feet of 16-inch main; on Junction-Lena to Evergreen, 70 feet of 12-inch main; on Evergreen-Junction to Farmer, 150 feet of 12-inch main; on Penniman to Harvey, 1785 feet of 12-inch main; on Harvey-Penniman to Fralick, 260 feet of 12-inch main; on Fralick-Harvey to Main, 230 feet of 12-inch main and 350 feet of 6-inch main; on Fralick to water tower, 635 feet of 12-inch main; on Main to Ann Arbor, 760 feet of 12-inch main; on Ann Arbor Trail-Harvey to Forest, 360 feet of 12-inch main; on Forest-Wing to Sutherland, 1465 feet of 12-inch main; on Sutherland-Forest to Main, 340 feet of 12-inch main; from Main to water tower, 460 feet of 12-inch main; on Ann Arbor Road to Main, 2660 feet of 12-inch main; on Mill-Ann Arbor Trail, 2970 feet of 12-inch main; on Blanche-Mill to Amelia, 940 feet of 12-inch main on Karmad-Blanche to Junction, 1170 feet of 12-inch main; on Junction-Karmad to Arthur, 1955 feet of 12-inch main; on Arthur-Junction to Goldsmith, 315 feet of 12-inch main; and on Goldsmith-Arthur to softening and iron removal plant, 540 feet of 16-inch main.

Feeder mains, are listed above, consisting of 940 feet of 16-inch main; 16,760 of 12-inch main; and 350 feet of 6-inch main, a total distance of 18,050 feet.

5. The construction of a new elevated steel storage tank of 250,000 gallons capacity to be located on the Nellie Birch farm on South Main Street.

The City Commission hereby determines that said additions, extensions and improvements shall be acquired and constructed in accordance with detailed maps, plans, specifications and estimates heretofore prepared by Shoecraft, Drury and McNamee, consulting engineers, of Ann Arbor, Michigan.

Section 2. The City Commission hereby determines that the estimate of cost of said public improvements as prepared by Shoecraft, Drury and McNamee, engineers, including the payment of incidental expenses as specified in Section 3 hereof is hereby approved and confirmed, and the period of usefulness of said proposed public improvements is estimated to be not less than thirty (30) years.

AMOUNT OF ISSUE Section 3. To pay the cost of acquiring and constructing such improvements, including the payment of engineering, legal and other expenses incidental thereto and incident to the issuance of said bonds, it is hereby determined that the City of Plymouth shall borrow the sum of Six Hundred Thousand (\$600,000.00) Dollars, and that revenue bonds be issued therefor under the provisions of Act 94, Public Acts of Michigan, 1933, as amended.

Wherever the words "the System" are used in this Ordinance, they shall be understood to mean the complete water supply system of the City of Plymouth, including all extensions and improvements made under the provisions of Act 94, Public Acts of Michigan, 1933, as amended.

water system now owned and operated by the City of Plymouth, including wells or other source of supply, distribution system, treatment facilities and all related equipment. (b) All extensions and improvements to the water system of the City of Plymouth, including any which may be made while any of the bonds are outstanding. (c) All real and personal description owned by the City of Plymouth and used or useful in the operation of its water system, including real estate, water mains, wells, hydrants, valves, meters, reservoirs, tanks, treatment plants, machinery, apparatus, equipment, franchises, contracts, rights, privileges, leaseholds and easements pertinent thereto.

Whenever the words "Revenues" and "Net Revenues" are used in this Ordinance, they shall be understood to have the meaning as defined in Section 2 of Act 94, Public Acts of Michigan, 1933, as amended.

BOND RETIREMENT SCHEDULE

Section 4. Said bonds shall be designated WATER SUPPLY SYSTEM REVENUE BONDS, SERIES OF 1947, and shall be, not general obligations of the City of Plymouth, but Revenue Bonds, payable out of the net revenues of the City of Plymouth after provision has been made for payment of expenses of operation, and shall consist of 600 bonds of \$1,000 each, numbered in direct order of maturity from 1 to 600, inclusive, dated October 1, 1947, and payable serially as follows:

\$15,000 October 1st of each year from 1947 to 1953, inclusive. \$17,000 October 1st of each year from 1954 to 1956, inclusive. \$18,000 October 1st of each year from 1957 to 1959, inclusive. \$20,000 October 1st of each year from 1960 to 1964, inclusive. \$25,000 October 1st of each year from 1965 to 1972, inclusive. \$30,000 October 1st of each year from 1973 to 1977, inclusive. Said bonds shall bear interest at a rate or rates not exceeding three per cent (3%) per annum, payable semi-annually on April 1st and October 1st of each year, both principal and interest to be payable in lawful money of the United States of America. Detroit Trust Company, in the City of Detroit, Michigan.

CALLABLE BONDS

Bonds numbered 80 to 600, inclusive, maturing in the years 1956 to 1977, inclusive, shall be redeemable at the option of the City, in inverse numerical order, on any interest payment date on or after October 1, 1955, at par and accrued interest plus premiums as follows:

As to each bond called for redemption on or prior to October 1, 1957... \$40.00 As to each bond called for redemption after October 1, 1957, but on or prior to October 1, 1959... \$35.00 As to each bond called for redemption after October 1, 1959, but on or prior to October 1, 1961... \$30.00 As to each bond called for redemption after October 1, 1961, but on or prior to October 1, 1965... \$25.00 As to each bond called for redemption after October 1, 1965, but on or prior to October 1, 1974... \$10.00 As to each bond called for redemption after October 1, 1974, but on or prior to April 1, 1977... \$5.00

Notice of redemption shall be given by publication in a paper circulated in the State of Michigan which carries, as part of its regular service, notices of sale of mortgaged lands, and in case of registered bonds, the notice shall be given by mail to the registered address.

Said bonds may be registered in the manner and with the effect set forth on the face thereof, as hereinafter provided.

Said bonds shall be signed by the Mayor and countersigned by the City Clerk, and shall have the corporate seal of the City affixed thereto, and shall have interest coupons attached bearing the facsimile signatures of said Mayor and City Clerk, and said officials, by the execution of said bonds, shall adopt, and for their own proper signatures, their respective facsimile signatures on said coupons.

Section 5. Said bonds shall not be a general obligation or indebtedness of the City of Plymouth, but shall be payable solely from the net revenues derived from the operation of the System, and to secure such payment there is hereby created a statutory lien upon the whole of the net revenues of said System, to continue until the payment in full of the principal and interest on said bonds.

Section 6. The holder or holders of said bonds or coupons representing in the aggregate not less than twenty per cent (20%) of the entire issue then outstanding, may, either at law or in equity, by suit, action, mandamus or other proceedings, protect and enforce the statutory lien upon the revenues of said System, and may, by suit, action, mandamus or other proceedings, enforce and compel performance of all duties of the officers of the City of Plymouth, including the fixing of sufficient rates, the collection of revenues, the proper segregation of the revenues of the System and the proper application thereof. Provided, however, that the statutory lien upon said revenues shall not be construed to compel the sale of the System.

If there be any default in the

payment of the principal or of interest upon any of said bonds, any court having jurisdiction in any proper action may appoint a receiver to administer and operate said System on behalf of the City, and under the direction of said court, and by and with the approval of said court, to perform all of the duties of the officials of said City more particularly set forth herein and in Act 94, Public Acts of Michigan, 1933, as amended.

The holder or holders of any such bonds or any coupons therefrom shall have all other rights and remedies given by said Act 94, Public Acts of Michigan, 1933, as amended, for the collection and enforcement of said bonds and the security therefor.

Section 7. The construction, alteration, repair and management of the System shall be under the supervision and control of the City Commission. The City Manager shall have active administrative charge of the operation and management of the System, and may employ such person or persons in such capacity or capacities as he deems advisable to carry on the efficient operation of the System. The City Commission may make such rules, orders and regulations as it deems advisable and necessary to assure the efficient management and operation of the System.

Section 8. The rates for services furnished by said Water Supply System shall be as follows: Except as herein otherwise provided, the City Commission shall fix the rates for the System to each tap shall be measured by a meter installed and controlled by the City. Water for each bi-monthly (two-month) meter charges shall be as follows period, to-wit:

WATER RATES (a) First 17,000 gallons - 37 1/2 cents per 1,000 gallons. Next 50,000 gallons - 30 cents per 1,000 gallons. All over 67,000 gallons - 22 1/2 cents per 1,000 gallons. In addition to the above, there shall be a bi-monthly service charge as follows: For service with a 3/4-inch meter - \$1.10 For service with a 1-inch meter - \$1.65 For service with a 1 1/4-inch meter - \$2.25 For service with a 1 1/2-inch meter - \$4.15 For service with a 2-inch meter - \$6.50 For service with a 3-inch meter - \$12.50 For service with a 4-inch meter - \$19.50 For service with a 6-inch meter - \$38.50

The minimum bi-monthly charge, including the service charge, shall be on the basis of the following schedule: 3/4-inch meter, including 3,000 gallons - \$2.23 1/2-inch meter, including 4,000 gallons - \$3.15 1-inch meter, including 7,000 gallons - \$4.98 1 1/4-inch meter, including 10,000 gallons - \$7.15 1 1/2-inch meter, including 16,000 gallons - \$10.15 2-inch meter, including 27,000 gallons - \$15.88 3-inch meter, including 61,000 gallons - \$32.08 4-inch meter, including 110,000 gallons - \$50.56 6-inch meter, including 246,000 gallons - \$100.16

(b) For water furnished otherwise than through meters, the following flat rates or charges shall be made for all such connections to the System: For a 3/4-inch, 1-inch or 1 1/4-inch pipe, the sum of \$12.00 per year. For larger than 1-inch, including 2-inch, the sum of \$20.00 per year. For larger than 2-inch pipe - \$30.00 per year.

In addition thereto charges shall be made as follows: For domestic outlet - \$4.00 per year. For water closet - \$2.00 per year. For bath tub or shower - \$2.00 per year. For hydrant or sill cock - \$4.00 per year. For stores - \$10.00 per year. For soda fountains - \$10.00 per year. For barber shops: First two chairs at \$5.00 per year.

Other chairs at \$2.00 per year. First tub or shower, \$10.00 per year. Other tubs or showers, \$6.00 per year. For stables, each animal, \$2.00 per year. For restaurants, \$20.00 per year. For other than meter water service furnished which is not covered by the above schedule, the City Commission shall fix a reasonable rate based on the number of taps or any other special considerations.

(c) For building or construction purposes, the following charges shall be made for the use of water from the time of installation of the service pipe until meter is installed: For 3/4-inch service pipe - \$2.50 per month. For 1-inch service pipe - \$6.00 per month. For 1 1/4-inch service pipe - \$15.00 per month. For 2-inch service pipe - \$25.00 per month. For 3-inch service pipe - \$57.50 per month. For 4-inch service pipe - \$102.50 per month. For 6-inch service pipe - \$230.00 per month.

(d) For water supplied to users outside the corporate limits of the City of Plymouth, the rates shall be charged as follows: 1. For water supplied through meters, the service charge in accordance with the above schedule, and double the domestic rates as hereinbefore set forth for the first 67,000 gallons used. All in excess of 67,000 gallons shall be at the regular rate charged

users within the corporate limits of the City. 2. For water supplied otherwise than through meters, the rates shall be double the flat rates or charges hereinbefore listed for such users within the corporate limits of the City.

(e) The City shall pay for all water used by it, or any of its departments, at the foregoing rates for users within the corporate limits of the City, and no free water shall be furnished by said Water Supply System to any person, firm or corporation, public or private.

For fire protection, the City shall pay out of its appropriate funds, the sum of \$25.00 per year for each fire hydrant, said sum to be paid annually.

(f) The term "tap" as used herein shall include any opening or outlet heretofore or hereafter made in the System for the purpose of withdrawing water therefrom for any use, public or private, either commercial or domestic, excepting fire hydrants, and no taps shall be made to the System unless authorized by the proper City authorities.

(g) CHARGES FOR WATER SERVICE CONNECTIONS TO USERS WITHIN THE CORPORATE LIMITS OF THE CITY OF PLYMOUTH shall be Thirty-Five (\$35.00) Dollars for all connections up to and including 3/4 of an inch. For connections exceeding 3/4 of an inch in size, the charge shall be, including the \$35.00, the double cost of making such connection, plus 15%.

(b) Charges for water service connections to users outside the corporate limits of the City of Plymouth shall be the actual cost of making such connection, plus 15%. PROVIDED, HOWEVER, that said connection charge shall not, in any case, exceed Thirty-Five (\$35.00) Dollars.

(c) Prior to the making of any connections to the System, application therefor shall be made at the office of the City Treasurer upon blanks furnished by the City, and prior to the connection being made all connection charges shall be paid in full.

A cash deposit of Fifteen (\$15.00) Dollars as security for the payment of water bills shall be required of each user in such cases as the City Commission shall deem such security to be advisable, or in such cases where a deposit is required by the provisions of Section 21 of Act 94, Public Acts of Michigan, 1933, as amended.

BILLING Charges for water service furnished by the System shall be collected in bi-monthly (two-month) periods, and bills shall be sent to each user immediately after the end of each bi-monthly period, and shall be due and payable at the office of the City Treasurer fifteen (15) days after the date of the bill. For all bills not paid within fifteen (15) days of their date, a penalty of 10% shall be added.

ENFORCEMENT Charges for water service shall constitute a lien on the property served, and if not paid within six months shall be placed on the next general tax roll and collected as a part of the general City taxes.

The City shall have the right to shut off and discontinue the supply of water to any premises for the non-payment to water rates, when due. For turn-on charges, a fee of One (\$1.00) Dollar shall be paid prior to turning on the water to such premises.

Section 9. The rates hereby fixed are estimated to be sufficient to cover the payment of the interest upon and the principal of all such bonds as and when the same become due and payable, to create a bond and interest redemption fund therefor, to provide for the payment of the expenses of administration and operation and such expenses for maintenance and repairs as are necessary to preserve the same in good repair and working order, and to provide a reasonable reserve for major repairs and replacements. Such rates shall be fixed and revised from time to time as may be necessary to produce the same amounts, and it is hereby covenanted and agreed that all times to fix and maintain such rates for services furnished by the System as shall be sufficient to provide for the foregoing.

Section 10. The System shall be operated on the basis of an operating or fiscal year commencing on July 1 and ending on June 30. Section 11. The revenues of the System are hereby ordered to be set aside, as collected, and deposited in the Plymouth United Savings Bank and the First National Bank of Plymouth, banks duly qualified to do business in Michigan, in an account to be designated WATER SUPPLY SYSTEM RECEIVING FUND (hereinafter referred to as the RECEIVING FUND), and said revenues so deposited are pledged for the purposes of the following funds and shall be transferred to said Receiving Fund periodically in the manner and at the times hereinafter specified: (A) OPERATION AND MAINTENANCE FUND:

Out of the revenues in the Receiving Fund, there shall first be set aside, bi-monthly, into a separate depository account designated the OPERATION AND MAINTENANCE FUND, sufficient to provide for the payment, for the next bi-monthly period, of the current expenses of administration and operation of the System and such current expenses for the maintenance thereof as may be necessary to preserve the same in good repair and working order. (B) BOND AND INTEREST REDEMPTION FUND:

There shall next be established and maintained a separate depository account known as the BOND AND INTEREST REDEMPTION FUND, which shall be used solely and only for the purpose of paying the principal of and interest on the bonds hereby authorized. Said Bond and Interest

Redemption Fund shall be maintained as a separate depository account in the bank or trust company where the bonds are made payable.

Out of the revenues remaining in the Receiving Fund after provision has been made for expenses of operation and maintenance of the System, there shall next be set aside, bi-monthly, in the Bond and Interest Redemption Fund, a sum sufficient to provide for the payment of the principal of and interest upon all outstanding bonds payable from the revenues of the System, as and when the same become due and payable for interest during each bi-monthly period, commencing October 1, 1947, shall be not less than one-third (1/3) of the total amount of interest next maturing on the bonds herein authorized. The amount set aside for principal each bi-monthly period commencing October 1, 1950, shall be not less than one-sixth (1/6) of the total amount of principal next maturing on the bonds herein authorized. If there be any deficiency in the amount previously required to be set aside, then the amount of such deficiency shall be added to the current requirement.

There is hereby established in the Bond and Interest Redemption Fund, a separate account, to be known as the RESERVE ACCOUNT, into which there shall be deposited monthly from the revenues in the RECEIVING FUND, all of the revenues of the System after provision has been made for the OPERATION AND MAINTENANCE FUND AND BOND AND INTEREST REDEMPTION FUND, until such time as there has been accumulated in said RESERVE ACCOUNT the sum of THIRTY-FIVE THOUSAND (\$35,000.00) DOLLARS, which RESERVE ACCOUNT shall, in any event, be established in full on or before October 1, 1952. Such RESERVE ACCOUNT shall be used solely for the payment of principal and interest on said bonds as to which there would otherwise be default. If at any time it shall be necessary to use moneys in the RESERVE ACCOUNT for such purpose, the moneys so used shall be replaced from the net revenues first received thereafter.

(a) No moneys shall be used for the purpose of making any repairs or maintenance or for current principal and interest requirements: Provided, however, that such Reserve Account shall not be regarded as moneys otherwise appropriated or pledged for the purpose of determining the priority of claims available for redemption of callable bonds.

No further payments need be made into said Bond and Interest Redemption Fund after such amount of the bonds have been retired so that the amount then held in said fund (including the Reserve Account) is equal to the entire amount of principal and interest which shall be payable at the time of maturity of all bonds then remaining outstanding. If, in any operating year, the City shall fail to pay into the Bond and Interest Redemption Fund the full amount hereinbefore stipulated, then an amount equivalent to such deficiency shall be set apart from the said fund from the first available net revenues of the following operating year or years.

(C) REPAIR AND REPLACEMENT FUND: There shall next be established and maintained a separate depository account known as the REPAIR AND REPLACEMENT FUND, which shall be used solely and only for the purpose of making major repairs and replacements of the System for which funds in the Operation and Maintenance Fund are not available or sufficient therefor. There shall be deposited into said account, bi-monthly, out of the revenues in the RECEIVING FUND, all of the revenues of the System after provision has been made for the Operation and Maintenance Fund and the Bond and Interest Redemption Fund (including the Reserve Account) until such time as there has been accumulated in said Repair and Replacement Fund the sum of Twenty Thousand (\$20,000.00) Dollars. The moneys in said account shall be used solely for the making of major repairs and replacements to the System for which funds are not available in the Operation and Maintenance Fund. Such moneys shall not be used for such purpose until such time as there has been accumulated in said Repair and Replacement Fund the sum of Twenty Thousand (\$20,000.00) Dollars. The moneys in said account shall be used solely for the making of major repairs and replacements to the System for which funds are not available in the Operation and Maintenance Fund. Such moneys shall not be used for such purpose until such time as there has been accumulated in said Repair and Replacement Fund the sum of Twenty Thousand (\$20,000.00) Dollars.

(d) The City will not permit free water service to be supplied by the System to the City or any department or agency thereof, or to any person, firm or corporation, public or private, or to any public agency or instrumentality. The reasonable cost and value of all water service rendered to the City and its various departments shall be charged against the City and shall be paid for as the service accrues. All payments so made shall be considered revenues of the System and shall be applied in the manner herein provided for the application of the revenues of the System.

(e) The schedule of rates for water service as set forth in Section 7 of this Ordinance shall be regarded as the initial schedule of rates for the purposes of this Ordinance. Such rates shall be subject to increase and revision from time to time as may be necessary to carry out the provisions of this Ordinance.

(f) The City Commission will maintain and keep proper books of record and account, separate from all other records and accounts, in which shall be made full and correct entries of all transactions relating to the System. Not later than three months after the close of each operating year, the City Commission will cause to be prepared, on forms furnished by the Municipal Finance Commission, a statement in reasonable detail, sworn to by its chief accounting officer, showing the cash income and disbursements of the System during such operating year, the assets and liabilities of the System at the beginning and close of the fiscal year, and such other information as is necessary to enable any tax-

payer of the City, user of the service, furnisher of any other funds or owner of the bonds or anyone acting in their behalf, to be fully informed as to all matters pertaining to the financial operation of the System during such year. A certified copy of such statement shall be filed with the Municipal Finance Commission, and such statement and books of record and account shall at all reasonable times be open to inspection by any taxpayer of the City, user of the service or holder or holders of any bonds or anyone acting in their behalf. The City Commission will also cause an annual audit of such books of record and account for the preceding operating year to be made by a recognized independent certified public accountant, and will make such audit available to the holders of any of the bonds.

(g) The City will maintain and keep proper books of record and account for the preceding operating year to be made by a recognized independent certified public accountant, and will make such audit available to the holders of any of the bonds.

(h) The City will maintain and keep proper books of record and account for the preceding operating year to be made by a recognized independent certified public accountant, and will make such audit available to the holders of any of the bonds.

(i) The City will maintain and keep proper books of record and account for the preceding operating year to be made by a recognized independent certified public accountant, and will make such audit available to the holders of any of the bonds.

(j) The City will maintain and keep proper books of record and account for the preceding operating year to be made by a recognized independent certified public accountant, and will make such audit available to the holders of any of the bonds.

(k) The City will maintain and keep proper books of record and account for the preceding operating year to be made by a recognized independent certified public accountant, and will make such audit available to the holders of any of the bonds.

(l) The City will maintain and keep proper books of record and account for the preceding operating year to be made by a recognized independent certified public accountant, and will make such audit available to the holders of any of the bonds.

(m) The City will maintain and keep proper books of record and account for the preceding operating year to be made by a recognized independent certified public accountant, and will make such audit available to the holders of any of the bonds.

(n) The City will maintain and keep proper books of record and account for the preceding operating year to be made by a recognized independent certified public accountant, and will make such audit available to the holders of any of the bonds.

(o) The City will maintain and keep proper books of record and account for the preceding operating year to be made by a recognized independent certified public accountant, and will make such audit available to the holders of any of the bonds.

(p) The City will maintain and keep proper books of record and account for the preceding operating year to be made by a recognized independent certified public accountant, and will make such audit available to the holders of any of the bonds.

(q) The City will maintain and keep proper books of record and account for the preceding operating year to be made by a recognized independent certified public accountant, and will make such audit available to the holders of any of the bonds.

(r) The City will maintain and keep proper books of record and account for the preceding operating year to be made by a recognized independent certified public accountant, and will make such audit available to the holders of any of the bonds.

(s) The City will maintain and keep proper books of record and account for the preceding operating year to be made by a recognized independent certified public accountant, and will make such audit available to the holders of any of the bonds.

(t) The City will maintain and keep proper books of record and account for the preceding operating year to be made by a recognized independent certified public accountant, and will make such audit available to the holders of any of the bonds.

(u) The City will maintain and keep proper books of record and account for the preceding operating year to be made by a recognized independent certified public accountant, and will make such audit available to the holders of any of the bonds.

Section 12. Any revenues remaining in the RECEIVING FUND in any operating year after meeting all requirements of the Operation and Maintenance Fund, the Bond and Interest Redemption Fund (including the Reserve Account), and the Repair and Replacement Fund shall be deemed to be surplus and shall either be transferred by the City Commission into the Bond and Interest Redemption Fund for the purpose of calling bonds, or shall be transferred to the fund designated CONSTRUCTION FUND and used for making extensions and improvements to the System: Provided, however, that in the event the moneys in the Receiving Fund are insufficient to provide for the current requirements of the Operation and Maintenance Fund and the Bond and Interest Redemption Fund (including the

Reserve Account) any moneys and/or securities in other funds of the System shall be transferred first to the Operation and Maintenance Fund and second, to the Bond and Interest Redemption Fund to the extent of any deficit therein.

Section 13. Moneys in the Bond and Interest Redemption Fund over and above those being accumulated for the payment of principal and interest next maturing on the bonds herein authorized, except the Receiving Fund and the Operation and Maintenance Fund may be invested in obligations of the United States of America - preferably, if available, in obligations with stated redemption values at predetermined times. In the event such investments are made, the same shall be kept on deposit with the bank or trust company having on deposit the fund or funds from which such investments shall be transferred to the Bond and Interest Redemption Fund.

Section 14. Said bonds shall be sold and the proceeds applied in accordance with the provisions of Act 94, Public Acts of Michigan, 1933, as amended.

Section 15. The Plymouth United Savings Bank and the First National Bank of Plymouth, Michigan, Federal Reserve System member banks, are hereby designated depositories of the proceeds of sale of said bonds. Such proceeds shall be used solely to pay the cost of the extensions and improvements herein described and any engineering, legal or other incidental expenses, and shall be paid out on authorization of the City Commission: Provided, however, that payments for construction, either on account of full therefor, shall not be authorized unless there has been filed with the City Commission a statement in writing signed by the registered engineer in charge of such work to the effect that the work has been completed in accordance with the plans and specifications, and that the same is in accordance with the contract therefor, and that such work is entirely satisfactory. Any unexpended balance of the proceeds of sale remaining after completion of the extensions and improvements herein authorized may, in the discretion of the City Commission, and to the extent of fifteen per cent (15%) of the amount of such issue, be used for further improvements, enlargements and extensions of the System, provided that at the time of such expenditure, such use be approved by the Municipal Finance Commission, and that such use be in accordance with the plans and specifications therefor. If such certificate shall be so executed and filed with the City Clerk, it shall be the duty of the City Commission to provide for and issue additional Revenue Bonds and coupons to complete the project in accordance with the plans and specifications, and such additional bonds so issued shall be of equal standing with the bonds herein authorized.

(a) The City will maintain the System in good repair and working order and will operate the same efficiently and will faithfully and punctually perform all duties with reference to the System required by the Constitution and laws of the State of Michigan, including the making and collecting of sufficient rates for water and service rendered by the System and the segregation and application of the Revenues of the System in the manner provided in this Ordinance.

(b) The City will fix and collect rates and charges for all water service supplied by the System in order to obtain revenues fully sufficient to provide for payment of the expenses of administration, operation and maintenance of the System, to provide for the payment of interest on and the principal of all obligations payable therefrom, including the bonds herein authorized, as and when the same become due and payable, and to create the Reserve Account herein required and to provide for the Repair and Replacement Fund herein required. Such rates shall be fixed and revised from time to time as may be necessary to produce these amounts.

(c) The City will not permit free water service to be supplied by the System to the City or any department or agency thereof, or to any person, firm or corporation, public or private, or to any public agency or instrumentality. The reasonable cost and value of all water service rendered to the City and its various departments shall be charged against the City and shall be paid for as the service accrues. All payments so made shall be considered revenues of the System and shall be applied in the manner herein provided for the application of the revenues of the System.

(d) The schedule of rates for water service as set forth in Section 7 of this Ordinance shall be regarded as the initial schedule of rates for the purposes of this Ordinance. Such rates shall be subject to increase and revision from time to time as may be necessary to carry out the provisions of this Ordinance.

(e) The City Commission will maintain and keep proper books of record and account, separate from all other records and accounts, in which shall be made full and correct entries of all transactions relating to the System. Not later than three months after the close of each operating year, the City Commission will cause to be prepared, on forms furnished by the Municipal Finance Commission, a statement in reasonable detail, sworn to by its chief accounting officer, showing the cash income and disbursements of the System during such operating year, the assets and liabilities of the System at the beginning and close of the fiscal year, and such other information as is necessary to enable any tax-

payer of the City, user of the service, furnisher of any other funds or owner of the bonds or anyone acting in their behalf, to be fully informed as to all matters pertaining to the financial operation of the System during such year. A certified copy of such statement shall be filed with the Municipal Finance Commission, and such statement and books of record and account shall at all reasonable times be open to inspection by any taxpayer of the City, user of the service or holder or holders of any bonds or anyone acting in their behalf. The City Commission will also cause an annual audit of such books of record and account for the preceding operating year to be made by a recognized independent certified public accountant, and will make such audit available to the holders of any of the bonds.

(f) The City will maintain and keep proper books of record and account for the preceding operating year to be made by a recognized independent certified public accountant, and will make such audit available to the holders of any of the bonds.

(g) The City will maintain and keep proper books of record and account for the preceding operating year to be made by a recognized independent certified public accountant, and will make such audit available to the holders of any of the bonds.

(h) The City will maintain and keep proper books of record and account for the preceding operating year to be made by a recognized independent certified public accountant, and will make such audit available to the holders of any of the bonds.

(i) The City will maintain and keep proper books of record and account for the preceding operating year to be made by a recognized independent certified public accountant, and will make such audit available to the holders of any of the bonds.

(j) The City will maintain and keep proper books of record and account for the preceding operating year to be made by a recognized independent certified public accountant, and will make such audit available to the holders of any of the bonds.

City Commission on or prior to October 1, 1957. As to each bond called for redemption after October 1, 1957, but on or prior to October 1, 1959 - \$35.00. As to each bond called for redemption after October 1, 1959, but on or prior to October 1, 1961 - \$30.00. As to each bond called for redemption after October 1, 1961, but on or prior to October 1, 1965 - \$25.00. As to each bond called for redemption after October 1, 1965, but on or prior to October 1, 1974 - \$10.00. As to each bond called for redemption after October 1, 1974, but on or prior to April 1, 1977 - \$5.00.

On thirty days' notice by publication in a paper circulated in the State of Michigan which carries, as part of its regular service, notices of sale of municipal bonds, and in case of registered bonds, thirty days' notice shall be given by the City to the registered address of the holder of such bond, and is not a general obligation of the City of Plymouth, and does not constitute an indebtedness of the City of Plymouth within any constitutional or statutory limitation, and is payable, both as to principal and interest, solely from the revenues of the Water Supply System of the City. The principal and interest on this bond are secured by the statutory lien hereinbefore mentioned.

The City of Plymouth has covenanted and agreed, and does hereby covenant and agree, to maintain after the maturity of any said bonds are outstanding, such rates for service furnished by said Water Supply System as shall be sufficient to provide for the payment of expenses of administration and operation and such expenses for maintenance of said Water Supply System as may be necessary to preserve the same in good repair and working order, to provide for the payment of interest upon and the principal of all bonds payable therefrom as and when the same become due and payable and for the creation of a reserve therefor, and to set up a

Section 19. The City Clerk is hereby authorized and directed to make application to the Municipal Finance Commission for authority to issue and sell said bonds, and for approval of the form of notice of sale of said bonds, in accordance with the provisions of Act 202, Public Acts of Michigan, 1943, as amended, and of Act 94, Public Acts of Michigan, 1933, as amended.

Section 20. If any section, paragraph, clause or provision of this Ordinance shall be held invalid, the invalidity of such section, paragraph, clause or provision shall not affect any of the other provisions of this Ordinance.

Section 21. All orders, resolutions or orders, or parts thereof, in conflict with the provisions of this Ordinance are to the extent of such conflict hereby repealed.

Section 22. This Ordinance shall be published in full in The Plymouth Mail, a newspaper of general circulation in the City of Plymouth qualified under State law to publish legal notices, within one week of its adoption.

Section 23. This Ordinance is declared to be effective immediately upon its adoption, to-wit: 1947.

While commanding the Fourth Fleet, Admiral Ingram developed a model farm which supplied his naval forces in the South Atlantic with fresh vegetables and meats. Brazilian students of agriculture visited the farm to study the latest methods used there.

Kiwanians to Meet at Lansing

The Kiwanis club of Plymouth will be represented at the 1947 convention of the Michigan Kiwanis district to be held September 14 to 16 at Lansing, it was announced today.

The three-day meeting will feature addresses by Dr. Norman Vincent Peale, pastor of New York's Marble Collegiate church; Rev. Philip E. Auer, Galion, Ohio, past Kiwanis International vice-president; and Donald T. Forsythe, Carthage, Illinois, member of the board of trustees of Kiwanis International.

Election of officers and presentation of the 1948 objectives of Kiwanis International will be additional highlights of the convention. Ninety-three clubs in the district are expected to send delegates to the annual meeting.

The following Plymouth Kiwanians are delegates to the convention: President Frank Terry and Vice-Presidents William Hartmann and Robyn Merriam, with alternates Byron Becker, Clarence Moore and George Burr.

Todd Defeats Lock to Become Golf Champion

The old adage that "practice makes perfect" bore fruit in the finals of the Hilltop City Open last Saturday when George Todd wrested the title of City Golf Champion from the winner of last year's tournament, Tom Lock. Todd has been frequenting the golf course faithfully of late each morning to religiously practice on the weak points of his game with the result that his golf during his match with Lock left very little to be desired. Todd took an early lead in the beginning of the 36 hole match to be 3 up at the end of the first nine, only to have Lock take the next three holes to even it up at the end of 12 holes of play. At this point in the match Todd again hit his stride as Lock weakened to lose five of the remaining six holes to be 5 down at the end of the first 18. From that point on it was Todd all the way although Lock battled heroically to try and overcome his lead, the match finally ending 32 on the 33rd hole. It was decidedly an upset, for had Lock been playing his usual brand of golf it is doubtful that Todd would have been able to defeat him. The spectators were treated to a very fine exhibition of golf and sportsmanship throughout the entire round.

In the other flights Jack Palmer won easily over Jake Shoemaker to take First Flight honors; Jerry Engle won a close match with Rocky Smith for the Second Flight title, and Joe Martin defeated Frank Davison by one hole to win the Third Flight.

Following the matches the contestants and their wives were honored at a Dinner Dance at the Saddle Ridge Club. Mayor Jack Taylor presented the prizes and trophies, and highly commended the sponsors of the tournament for their co-operation. "The need for planned recreation for all age groups is a vital point in the success of any community," Mayor Taylor stated, "and those who contribute to the successful termination of an event of this kind are to be congratulated."

The golfers playing in the Tournament were unanimously impressed with the condition of the course during the entire length of play. A great deal of credit is to be given Max Todd, owner of Hilltop, and his crew of workers who spent so much time in getting the course ready.

Popular Violinist to be Presented by Rotary Club

The Plymouth High School auditorium will be the scene Thursday, October 2, of a concert to be presented by the internationally acclaimed American violinist Leona Flood. Playing a violin made by the great master Stradivarius in 1698, Miss Flood will play two programs, one at two o'clock in the afternoon for elementary and high school groups, and the regular evening performance at 8 o'clock.

This charming young artist began her violin studies in Spokane, Washington when she was five and later studied in New York, London, and Vienna. She has a beautiful grace and poise which are typical of one with such talent and ability. Her performance in Plymouth is being presented under the auspices of the local Rotary Club and tickets will be on sale by members of the club early next week.

Though Leona Flood is a comparatively new star on the musical horizon, she has to her credit 3 years of concertizing both in this country and abroad. Music enthusiasts have praised her artistry in concert halls in London, Paris, Vienna, Budapest, Berlin and many other cities. Plymouth audiences are waiting with great anticipation the concert by this fine young American violinist, Leona Flood.

Returns from Month's Cruise on East Coast

Plymouth's number one sailor, Ezra Rognour, returned home last weekend from a cruise that brought him from Miami, Florida to Detroit. Accompanying Paul Smiley and daughter Mkekey and Henry Grikscheit the foursome traveled up the east coast to New York. From there they came up the Hudson river through the Mohawk Canal to Lake Ontario and then to Detroit.

The entire trip took a month and according to Mr. Rognour the trip up the Hudson river was the most beautiful sight that they saw. The boat in which they traveled was a 65 foot motor-sailer.

Jean Fern Engleson United in Marriage to Franklin Springer

The marriage of Jean Fern Engleson, daughter of Mr. and Mrs. James M. Engleson and Franklin Lee Springer, son of Mrs. Annotta Springer of Lansing, was solemnized at the First Presbyterian church on Saturday evening, August 30 at six o'clock.

The bride's father gave her in marriage at a double ring ceremony performed by Reverend Henry Walsh before an altar banked with flowers and ferns. Immediate relatives and friends attended the service. Mrs. M. A. Woodworth played the pre-nuptial organ music and Lohengrin's wedding march as the processional. Ruth Campbell sang "Because" and "Wedding Hymn."

The bride chose a champagne satin street length dress designed with cape sleeves and draped skirt with petal pink accessories and a crownless hat trimmed with pink flowers and veiling. A corsage of pink rosebuds completed her costume. Mrs. Marvin Bond of Detroit attended her sister as matron of honor wearing a street length dress of Kelly green crepe with black accessories and a shoulder corsage of yellow roses. Neal Springer, brother of the groom, served as best man.

After the wedding, a reception was held at the Mayflower hotel for 30 guests. The three-tiered wedding cake and huge bouquets of gladioli, chrysanthemums and varied flowers formed the table centerpieces. Out-of-town guests included Mrs. Annette Springer and Carol Springer of Lansing, Mr. and Mrs. E. R. Lockwood, Vic Lockwood and Clayton Smith, also of Lansing, Mr. and Mrs. Neal Springer of Jackson, Mr. and Mrs. Marvin Bond of Detroit and Mr. and Mrs. Stanley Halderson of Willmar, Minnesota.

The couple left by auto for Los Angeles, California where they will be at home after September 7 at 1212 Bonnie Brae, Los Angeles.

Less feed now mean less meat in 1947. The cut will come in 1948. Meat supplies per person for the second half of this year are likely to be moderately above last year. About the same amount will be available this fall.

\$10.95

Something a little different in a date dress? Well, notice the sleeves on this one... tied like scarf ends. And notice that slash, flashed with white pique. A rayon crepe by Evergrand.

Graham's
PLYMOUTH

LOCALS

Catherine Ann Foege, daughter of Mr. and Mrs. Albert Foege, was christened Sunday, August 31, at Our Lady of Good Counsel church by the Reverend Mooney. The sponsors were Henrietta Burch and Paul Schmidt.

Next Monday evening, September 8, at 8 o'clock Mrs. J. R. Witter will open her home at 593 Edison avenue to the members

of Night Unit One of the WSCS of the Methodist church. Fran Booth is tea chairman for the evening and the speaker will be Mrs. Osgood who will relate experiences in China.

Mrs. A. G. Griffiths has returned from the Hotel Breakers, Cedar Pointe on Lake Erie, Ohio where she visited her daughter and son-in-law, Mr. and Mrs. Louis Richard Borso and son Dickie.

The September 10 meeting of the Sunshine Club will be held at the home of Mrs. Dora Last on Napier road. Mrs. Mary Lyons will assist as co-hostess. Birthday guests of the month will be Lucy Claire and Louise Adams.

Gale Lee Micol, daughter of Mr. and Mrs. Russell Micol, celebrated her second birthday, August 27 with a party for her little playmates, Kathleen Yakeley, Sandra Goldman, Kay Jean Gordon, Barbara Erdelyi, Shirley

Schroder and Alice Stanley. Ice cream and cake were served during the afternoon.

Mr. and Mrs. William J. Squires of North Harvey have returned from a two weeks' vacation visiting relatives in Munising, Ishpeming, Laurium and Lake Linden. They were also the dinner guests of Mr. and Mrs. Robert Ingram and daughter Kay at their camp Ka-He-Bo in the heart of Michigan's beautiful forest region.

New Band Uniforms on Display at Davis & Lent Store

A sneak preview of what Plymouth high school's band will look like when it appears in its new uniforms this fall can be seen by looking in the Davis & Lent display windows on Penniman avenue. There will be seen the new black and white uniforms, including the colorful majorettes costumes which are thought to be the most striking of any in this part of Wayne county.

The new uniforms have been made possible through the efforts of the Junior Chamber of Commerce, and a committee headed by Wendell J. Lent of that organization.

Poultry feed wastes — which cost poultrymen thousands of dollars each year — can be cut considerably by not filling the feed troughs so full and by changing the size of feeders as the chickens grow, according to Michigan State college poultry specialists.

Welcome, gals, to Petticoat Patter. With this, our first appearance in the Plymouth Mail, we want you to come in, draw up an easy chair, and have a cup of tea while we talk things over. Petticoat Patter is written for you—even though we know from experience that plenty of your husbands are going to read it over your shoulder. And we don't mind a bit!

Petticoat Patter will bring you news of Plymouth shops, saving you an endless amount of walking, to say nothing of the wear and tear on your new permanent. We'll take a look around, each week, and report the merchandise, services (and bargains) we think you will appreciate.

Your friends the merchants are giving full cooperation to Petticoat Patter. Their primary wish is to serve you. Our wish is to help you get the most for the dollar you spend in their stores. So, if you like our column, if you find it does give you an idea now and then on what to buy, then tell Friend Merchant you read about him in Petticoat Patter.

From now on we'll be seeing you often, but if there's any information you want, call us at Plymouth 111-W.

Helen & Kay.

Putting variety on the dinner table, and without spending two hours doing it, is one of the biggest problems we gals constantly are up against. Here's a real chance to make a dent in—and not pinch the family pocketbook. Lidgard Lockers, at 108 Liberty, have a brand new plan that gives a housewife the variety of frozen foods she would have with a big home freezer, plus all the conveniences of having one, but at less than half the cost! Lidgard's plan gives you 6 cu. ft. of frozen locker space for three years, plus ownership of an approximately 4 cu. ft. home freezer, in your own home, all for \$201. Here are the comparative figures: Cost of a 10 cu. ft. freezer in your home, including federal tax, interest over 3 years' time, and the power bill, would add up to approximately \$544. With Lidgard's plan, your ownership of a 4 cu. ft. home freezer, complete with tax, interest, and power, and 6 cu. ft. of locker space, add up to just about \$250.86. That's a saving of almost \$300! The freezer is a Crosley Frostmaster, nationally known, with a 5 year warranty on its sealed motor. The number of lockers that Clarence Lidgard has open isn't many, so it is a limited offer. But if you call him now (at 370), you can get the details. Time payments, too.

Once he's passed the 3 year mark your young man is going to be hard to keep an eye on—and increasingly hard on clothes. Only thing a mama can do—about the clothes, anyway—is get him something inexpensive and tough. The Jack & Judy Shop, 834 Penniman, has some pin-whale corduroy overalls, sizes 4 to 8, that wear marvelously. Brown or blue, with shoulder straps and belt, they're hard to lose. Side elastic gores and pant-leg cuffs guarantee fit and length adjustments. Price \$3.95. And they're washable! Call Mrs. Trucks at 181.

Anybody in this town who hasn't got a water softener doesn't have to be told how hard Plymouth water is. Or what it does to a gal's disposition while she's washing a sinkful of dishes. Well, it doesn't have to happen here! For exactly \$2.50 a month you can have a Culligan water softener in your home. (You've seen "Soft Water the Culligan Way" advertised in the national mags.) After you've noticed the difference in the way your undies wash, and in the way your hair will shine, you'll consider soft water a pure necessity. Call Mr. Clark, at Soft Water Service, 1376 South Main, Plymouth 707.

Have you taken a good look at Friend Hubby lately? Does he look a little baggy at the knees? There is a place in Plymouth that makes beautifully tailored d clothes, you know—Tait's Cleaners, at 14268 Northville Road. Whether your man's tall or short, plump or lean, Mr. Tait will make the most of him. With 200 samples to choose from, in worsteds, tweeds and gabardines, there's bound to be one that will delight both of you. Prices \$50 and up. Get him into a new suit and topcoat from Tait's, and you'll really hang on to him as you sashay down the street!

Married or single, young or not, smart appearance is always important to a gal! And there are some things you can't do as quickly, or as well, as a professional beautician can do them for you. (While you relax!) Jean's Beauty Salon, at 861 Penniman, specializes in cold wave permanents and scalp treatments. If you're a working gal, don't worry about not being able to get there. Jean is going to be open one night

a week just for you! Call her for an appointment, at 425-M.

One of the most important requirements in a busy gal's schedule is a good night's sleep, and Item 1 in that department is a good mattress. Kimbrough's has some genuine Sealy inner spring mattresses this week at from \$39.95 up. The coil springs in a Sealy are graduated in strength so that you sleep "on an even keel," as my husband puts it. That means no lumping, or shifting of the padding that's inside. Stop in at Kimbrough's, 470 Forest, and see for yourself. Notice those good looking knee-hole desks, too. Nice!

A United States flag made from silk gowns donated by ladies of Portsmouth, N. H., was the first national ensign to be saluted at sea by a foreign power.

It's Willoughby's for

Now, while stocks are fresh and assortments are complete, equip the youngsters for their return to classes. You want the best in shoe values, and Willoughby's is the store to find them.

The harder they play...

THE FASTER THEY GROW!

But there's another kind of growth you can't see so easily. Foot growth. Shoes bought in June may be completely outgrown by September. So, when you're having pre-school eye and teeth check-ups, remember to have feet checked too.

Our experienced fitters will be glad to give your youngsters' feet a careful check. Then you can be sure they're starting back to school with comfortable, well-fitted shoes.*

A foot check-up every three months, and oftener if you can arrange it, is as important for foot health of the growing child, as regular check-ups on eyes and teeth.

★ PROVOKING PERSONALITIES

We aren't profit-hungry at Herrick's. When you shop here you can rest assured that you will receive full quality for the price you pay. We have built our reputation on the basis of a fair deal to everyone. And you can depend on the merchandise you purchase to be of finest quality always.

Deane Herrick

Here comes the ROADMASTER — 18 feet of lively size, comfort and fine finish. Powered by a 144 h.p. Fireball straight-eight, it gives you flashing performance rarely to be found in a car of such size, room and superlatively fine interior finish.

Fine thing to See - to Drive - to Own

YOUR heart is set, we'll say, on something really superfine.

You want smartness — a truly handsome appearance that does you proud in any crowd.

You want ability — a car that does things, and with effortless ease.

You want size — size for interior room and size for steady, level going and serene disregard for the roughness of the road.

You want fine finish — truly rich interiors in perfect taste with the unmistakable touch of quality in every detail.

Against this prescription we ask you to put the Buick Roadmaster — match it, if you will, against any other car regardless of price for all-round excellence.

We don't have to point out its smartness — you see that.

But did you know that under this bonnet is 144 horsepower of smooth Fireball power?

Have you sampled how its 4400 pounds and 18 feet of bigness — mounted as they are on four gentle coil springs — level the roads to ballroom smoothness?

Have you tried its light handling — tested its smooth, easy lift under your treadle foot — inspected the fine rich fabrics, the tasteful in-

terior trim, the fittings executed with the precision of fine silver?

A fine thing to see, a wonderful thing to drive, the Roadmaster is indeed a prideful thing to own. We honestly believe that nowhere can you find such a perfect balance of superfine qualities — style, size, handling, ride and finish.

If your standards are high, your expectations great, come see us now about placing an order — with or without a car to trade.

Announce New Locker Service for Plymouth

"Packy" and "Pod" McAllister, owners of a grocery and meat market out on Northville road, announce elsewhere in this week's issue of The Plymouth Mail that they are now taking reservations for their new locker service.

Something new in the locker line is being installed for the convenience of Plymouth area residents at the McAllister store. Instead of having to walk into a refrigerated room users of the service will experience no more discomfort than they would in going to their own refrigerator. The new lockers are self-contained and can be operated in normal room temperature the year around.

The McAllisters are now taking reservations for the lockers. A limited number are available. The users will have access to them 13 hours daily, every day of the week from 9:00 a.m. to 10:00 p.m.

The U.S.S. Steward, commissioned by the United States Navy in 1920, captured by the Japanese in 1942, recovered and recommissioned in 1945, served as a fighting ship for and against the United States during World War II, and was given a warrior's burial upon her return to her homeland.

Newburg Methodist Church is Scene of Pretty Wedding

At an afternoon ceremony in the Newburg Methodist church Saturday, August 30, June Bassett, daughter of Mr. and Mrs. James Bassett of Ann street, became the bride of Harold E. Hansor, son of Mr. and Mrs. William Hansor of Novi.

The Reverend Jones read the rites at two o'clock, the couple repeating their vows before an altar decorated with white gladioli and palms.

During the ceremony Miss Linnea Vickstrom, accompanied by Miss Mabel Vickstrom, sang "Always," "I Love You Truly," and as the couple knelt at the altar sang "The Lord's Prayer."

The bride who was given in marriage by her father, wore her sister's wedding gown of ivory satin, fashioned along princess lines with a sweetheart neckline and a full skirt which fell into a long train. Her fingertip veil was held in place by a coronet of seed pearls and she carried a bouquet of white gladioli and gardenias.

Her sister, Margery, as maid-of-honor wore a princess style gown of turquoise moire taffeta. Jennie Tallmadge and Lillian Hansor, a sister of the groom, were the bridesmaids and wore matching dresses of gold and dusty rose moire taffeta, respectively.

Marlene and Joan Bassett, nieces of the bride, were the flower girls. Their gowns matched those worn by the bridesmaids and were Alice blue.

Terry Radcliffe was the best man and seating the guests were the bridegroom's brothers, William and Robert Hansor.

For her daughter's wedding Mrs. Bassett chose a black dress with pink accessories and corsage. Mrs. Hansor wore powder blue with black accessories and rose corsage.

Following the ceremony a reception for 100 guests was held in the Newburg church hall.

After a week's honeymoon the young couple will be at home at their new home on Grand River avenue in Novi.

Minor Accidents Mar Traffic Record

Two minor traffic accidents were recorded on police books over the Labor Day weekend, Friday afternoon four year old Jack Freeman darted in front of a passing automobile and suffered a broken collar bone. Jack resides at 158 Plymouth road and other than the broken bone shows no ill effects from the accident. The driver of the car, Edna McNalley, a matron at the Detroit House of Correction was absolved of all blame.

Saturday night an accident occurred in Riverside Park and Don Waldecker who resides at 300 South Mill street was taken to Wayne County General Hospital where he was treated for bruises. Other than those two police report that all was quiet and serene in the city over the holiday.

The recently announced restricted waterfowl hunting regulations should halt the decline in duck and geese populations, the Wildlife Management Institute said today. Some species of waterfowl have been decreasing for the past three years and although every effort, possible with available funds and present knowledge is being made to improve conditions along the flyways and in the wintering and breeding grounds, more protection obviously is needed this year. Many natural and certain man-made limiting factors are beyond control, so regulating the hunter is the only means of obtaining immediate results. Every true waterfowler has a profound interest in the future of his sport and this

wise precaution is welcome. Under the new regulations all states east of a line extending north and south from the western boundary of Minnesota to and including Louisiana were offered the choice of 30 consecutive days or a split season of 24 days—two periods of 174 days each. This flyway method of control was adopted because nesting conditions on the Canadian and Alaskan breeding grounds which feed birds into the Pacific and Central flyways were far better than in those areas of Canada that send migrants south in the fall along the Mississippi and Atlantic flyways.

To insure further protection for waterfowl, the daily shooting hours have been reduced to the period from sunrise to one hour before sunset, and on the first day of each waterfowl and coot season hunting is not permitted prior to 12 o'clock noon, including the first day of each split season. Moreover, the duck bag limit has been reduced to 4 a day and 8 in possession.

The daily bag limit for geese has been increased to 5 in California, Oregon and Washington primarily for snow geese which are in abundance, but such limit may include not exceeding 2 Canadian geese, white-fronted geese or brant. In all other states the daily bag limit of 4 was retained but in Alaska, Puerto Rico, Idaho, Utah, Arizona, and Nevada this limit may include only 2 Canadian or white-fronted geese or 1 of each, and in the other states but 1 Canadian or 1 white-fronted goose.

A daily bag limit of 7 and a possession limit of 14 has been established for scoters (sea coots) hunted chiefly off the New England coast and New York.

This year the Mississippi flyway states will be open to the hunting of Canada geese. The season in these states was closed last year but this flight has shown sufficient improvement in numbers to justify restoration of shooting privileges.

The season for brant on the Atlantic Coast has been closed because of the unsatisfactory status of this species.

At the suggestion of the state game departments, a closed season was prescribed for snow geese in Colorado, for wood ducks in New Jersey and West Virginia, and for mourning doves in Minnesota. A short open season for dove was provided in Nebraska. Changes also have been made in the seasons for scoters, rails and gallinules, woodcock, doves and band-tailed pigeons in a number of states.

The post-season period for possession of migratory game birds remains the same as last year—90 days. The regulations do not authorize the taking of waterfowl by means of bait or with the aid of live duck or goose decoys.

Deer hunters thinking fondly of frosty weather and tracking snow in the north woods in November may send now for the conservation departments' annual statistical deer hunting "dope sheet." Hunting parties looking for a new location to improve their luck can check, on the dope sheet, the last three seasons' results, catalogued county by county.

Each county's area in square miles, the number of hunters it had, the number of deer killed, the percentage of hunters successful, the concentration of hunters

per square mile and the deer kill per square mile all appear in the statistical report.

Hunters can find plenty of deer, for instance, in Roscommon county 7,119 were killed last season, but there were more than 45 hunters to the square mile there to harvest them. Or they may consider the success ratio, highest in the upper peninsula where there are both fewer deer and fewer hunters. Dickinson county with six hunters to the square mile had the highest success ratio in 1946; every other hunter there got a buck.

About one out of every three of the 350,000 licensed hunters last season brought home a deer, and the total kill exceeded 115,000.

Indian honor and white man's trickery lie behind the history of a treaty commemorated by a bronze tablet on the Michigan Central depot at Kalamazoo.

The tablet notes that Kalamazoo is one of a number of Michigan cities in the region affected by the signing of the Chicago Treaty of 1821. The agreement was between the United States and the Indians of the Ottawa, Chippewa and Pottawatomie nations from what is now Michigan, Indiana, Illinois and Canada.

The Michigan Historical Collections at the University of Michigan indicate formal negotiations began at Fort Dearborn, Chicago, August 21, 1821. The U. S. wished to take over the Indians lands but wanted to grant certain concessions to the Indians.

No definite results were reached in 1821. It wasn't until 1821 that the Pottawatomies agreed, and it was 1833 before the other two Indian nations signed.

Pottawatomie chiefs didn't actually sign the treaty. But with Indian honor they fulfilled its terms after it had been fraudulently signed by unauthorized Pottawatomie warriors. And with typical Indian justice, the chiefs killed the warriors who betrayed them.

Indian honor was in sharp contrast to events which occurred within 12 years after the treaty was concluded. For the Historical Collections state that in that time a number of white settlers and squatters obtained, through whiskey and trickery a considerable part of the land, thus depriving the Indians of its use.

It was one of the treaty agreements that the Indians have hunting privileges as long as the land remained U. S. property. The U. S. also granted the Ottawas 1,000 annually forever, and the Pottawatomies \$5,000 annually for 25 years. Each nation was to receive 1,000 yearly for 15 years for the support of a blacksmith, a teacher and an agriculturist.

The Indians saw that the treaty negotiations marked the turn-

ing point in their domination of that region. For the tablet says that many hundreds of them, after the first week of negotiations, gathered up their belongings and began to move to the West and the freedom that might be found there.

Among the cities now in the region concerned in the treaty besides Kalamazoo are: Grand Rapids, Jackson, Albion, Coldwater, Adrian, Allegan, St. Joseph, Benton Harbor, Battle Creek, Niles, Three Rivers, Hillsdale, and Elkhart and South Bend, Indiana. The treaty embraced the Michigan counties of Berrien, Cass, St. Joseph, Branch, Hillsdale, Van Buren, and parts of Ottawa, Kent, Barry, Kalamazoo, Calhoun and Jackson.

CRUDE PROTEINS?
NO-
Bio PROTEINS!

Does the term "crude protein analysis" tell you anything about protein quality? No! "Crude protein" is merely an indication of AMOUNT of protein — good, bad or indifferent proteins.

Bio PROTEINS are the protein combinations of KNOWN high value . . . they are the "rated" proteins (rated in dozens of practical feeding tests on thousands of birds — with proof of every test in Kasco

files). Bio PROTEINS are the protein combinations which produced the BEST results... only Kasco guarantees Bio PROTEINS.

Buy Kasco Egg Producer with Bio PROTEINS.

To Love and to cherish...

International Sterling

MANY thrifty young people are making a start today on a service of this fine sterling... the solid silver that was made to be lived with, to love and to cherish down the years... In a world of changing values, there is deep satisfaction in knowing that International Sterling remains unchanged. That's because it's genuine solid silver whose beauty only grows softer and more mellow with time.

Victory Medals Ready for Vets

According to word received from Colonel Walter C. Cole, head of the Michigan Recruiting District, Plymouth Army veterans of World War II will be able to receive World War II Victory Medals and American Defense Medals at their Army Recruiting station, Plymouth veterans should contact stations in Detroit or Ann Arbor.

Colonel Cole advises veterans that they can apply either in person or by letter. If applying in person the applicant should present his original discharge certificate, WD AGO Form 53-55, or WD AGO Form 53-58, the certificate in lieu of lost or destroyed discharge certificate. If neither of these records are available, the separation record known as Form 100, or any other War Department authenticated statement of service may be used.

In the event that ex-army personnel have died since their discharge from the service, the next of kin of the deceased may make application for the medals by mail to the nearest Army Recruiting station. The requests should include one of the forms mentioned above.

Among dairy product prices, butter and cheese have been going up. In the second half of 1947, dairy farmers probably will get somewhat lower prices than after decontrol in late 1946.

Supplies of chicken meat in the second half of 1947 will be below last year. Prices may decline from present levels this fall. There will be fewer turkeys for the coming holidays, points out the USDA.

Deer Smashes Tail's New Car

Visual evidence of what happens when a deer and a car meet head on can be seen this weekend at Tait's Cleaners on Northville road. Last Saturday Mr. and Mrs. Clifford Tait in company with Mrs. Glenn Jewell, near Me-costa, had the sad experience of having a large doe jump directly in front of their new, three day old Nash.

Mr. Tait says that the crash came so fast that he didn't realize what happened until he brought his car to a stop and then found the deer in front of the wheels. The animal was killed instantly and the car received an estimated \$300.00 damage to the fenders, grill and hood.

Fortunately the car was traveling at a slow rate of speed so Mr. Tait or none of the occupants received any ill effects from the accident.

New Navy eight-inch turret guns, developed since V-J Day as part of the Bureau of Ordnance program for adapting rapid, automatic features to large guns, will fire approximately 4 times faster than any other gun of the same or larger caliber. The principle of automatic fire also has been applied to a six-inch dual-purpose gun, and a new three-inch 50 caliber anti-aircraft weapon.

Inter-County Class A Results

On Wednesday, August 27 the All-Stars selected from the Plymouth Industrial League defeated the All-Stars selected from a similar league in the City of Wayne by the score of 4 to 2.

John Trombley of DeHoCo pitched the first three innings for Plymouth striking out six batters while yielding two hits and one unearned run. Old's "Gabby" Street pitched the last four innings allowing one earned run on one hit.

Trombley showed his versatility in the second as Plymouth scored three runs. Don Lechweis walked and went to second as Art Gillis was safe on a fumbled bunt. "Charlie" Epps walked filling the bases. "Sunny" Bridge struck out and Bishop hit a pop fly to short. Trombley then connected with a fast ball and lined a sharp single to left. When the throw got away from the catcher attempting to flag Gillis at home Epps also scored. Plymouth picked up their fourth and final run in the fourth due to the pitcher's wildness. After two were out Bishop was safe on an error. Street singled, Robinson of Wall Wire was hit by a pitched ball filling the bases and Wilkie walked forcing in the run.

These same teams will meet in another game under the lights at Eloise Park.

THE JEFFRY

THE JEFFRY FLOOR PLAN

THE JEFFRY—Under economi-
cal hipped roof lies a world
of charm and livability. The
design takes advantage of the
planning axiom that the closer
a house approaches the
perfect square, the cheaper it
is to build. This house, 35 feet
by 28 feet, is the almost square
house. It is a compact four
room house, becomes five
rooms by enclosing the din-
ing porch. A heater room
makes it possible to save the
cost of basement. The 18 foot
living room, has the luxury of an open fireplace. All rooms have cross
ventilation. This attractive, functional home meets the standards of FHA.
Electrical plans approved by National Adequate Wiring Bureau to in-
sure maximum electrical efficiency at a minimum cost. Blueprints avail-
able.

LEGALS

STATE OF MICHIGAN — ORDER OF CONSERVATION COMMISSION — POINTE MOUILLEE STATE GAME AREA — MONROE AND WAYNE COUNTIES.

The Conservation Commission, by authority of Act 17, P.A. 1921, hereby orders that for a period of one year from September 15, 1947, it shall be unlawful to use the lands and waters within the Pointe Mouillee State Game Area in Sections 23, 24, 25, 26, 35, and 36, T 4 S, R 10 E; Sections 1, 2, and 11, T 6 S, R 10 E; Sections 30 and 31, T 5 S, R 11 E, as posted except under the following regulations.

To facilitate the orderly management of public hunting and other recreational activities the Pointe Mouillee State Game Area shall be divided into three units described as follows:

CONTROLLED HUNTING AREA: The Controlled Hunting Area may be described as starting at the northwest corner of Section 25, T 5 S, R 10 E; thence easterly along south

bank of Huron River to Pointe Mouillee canal in the SE 1/4 of said section; thence southerly along said canal to the west line of Section 31, T 5 S, R 11 E; thence south along said section line to the shores of Lake Erie; thence southwesterly along shore line to the most westerly part of Cripple Point in the SW 1/4, Section 1, T 6 S, R 10 E; thence west to the north and south quarter line of Section 2, T 6 S, R 10 E; thence north to the center of Section 35, T 5 S, R 10 E; thence east 1/4 mile more or less; thence north to the point of beginning, as posted; except the portion set aside as a waterfowl refuge.

UNRESTRICTED HUNTING AREA: All remaining lands purchased by the Department of Conservation from the Pointe Mouillee Shooting Club not included in the CONTROLLED HUNTING AREA and WATERFOWL REFUGE as posted and as described above.

WATERFOWL REFUGE: Beginning near the mouth of the Huron River at the intersection of the canal and Vermet Channel with the Huron River as posted; thence S 22° W 12 chains along the east side of Vermet Channel; thence S 22° E 12 chains to the northeast corner of Section 36, T 5 S, R 10 E; thence S 18° W 18 chains; thence S 36° W 34 chains; thence S 5° W 20 chains; thence S 62° W 18 chains; thence S 28° W 24 chains to the west side of Jackson's Island; thence S 65° E 21 chains to Lake Erie shore; thence northeasterly 88 chains to the "break

through" to the canal in SW 1/4, SW 1/4, Section 31, T 5 S, R 11 E; thence N 61° W 8 chains to the west bank of the canal; thence northerly 84 chains along the west bank of the canal to the point of beginning.

It shall be unlawful in the Controlled Hunting Area as herein described and posted:

1. To enter or leave during the waterfowl hunting season without first registering with the duty authorized representative of the Conservation Department.
2. To fish during the waterfowl hunting season.
3. To hunt after 4:00 P.M., Eastern Standard Time.
4. To operate motor boats or outboard motors during the waterfowl hunting season.

It shall be unlawful in the Waterfowl Refuge as herein described and posted:

1. To hunt, fish, trap, or disturb waterfowl, or without written permission to enter the refuge for any purpose during the open waterfowl hunting season.

It shall be unlawful at any time in the POINTE MOUILLEE STATE GAME AREA:

1. To conduct commercial fishing operations of any kind.
2. To take fur-bearing animals except under special permit.
3. To possess or use firearms during the closed seasons on waterfowl and upland game without written permission.
4. To establish a camp.
5. To build open fires without first obtaining written permission and without proper provision to prevent spread of fires or to leave the premises while the fire is still burning.
6. To anchor or leave boats unattended overnight or store or leave fish shanties without written permission.
7. To leave cans, bottles, papers, rubbish, refuse, or garbage on the ground or in the waters.
8. To remove or injure live trees, shrubs, or plants or to remove sand, gravel, mud, clay, or other minerals without written permission.
9. To remove, deface, or injure any building, equipment, improvement, sign, or other public property.
10. To place or distribute advertising signs or literature, to solicit membership in any group or organization; to conduct rallies; or to promote business enterprises of any kind without written permission.

11. To engage in trap shooting or conduct organized trap shoots except by prior arrangement with the Department's authorized concessionaire who shall have direct supervision over all trap shooting activities.

PENALTY: Violation of any rule or failure to perform any act set forth in the rules is punishable by a fine of not more than \$100 and costs of prosecution, or by imprisonment in the county jail for not more than 90 days, or by both fine and imprisonment in the discretion of the court.

By order of the Michigan Conservation Commission this fourth day of August, 1947.

DONALD R. McLOUTH
Chairman, Conservation Commission
P. J. HOFFMASTER

TIPS FOR HOME OWNERS

Work a few drops of oil into any lock or catch that sticks. Nine times out of ten that turns the trick.

Buy the Best for Repairs that Last

Of course you want your repairs or remodeling to stand up for many a season. So come to us for your materials. When you use our seasoned lumber, better plywood, siding and all other building supplies, you know that you've increased the market value of your home. For the best in good building materials, see us.

Roe Lumber Co.

433 AMELIA PHONE 385

Mr. and Mrs. Arthur Goodhue have left for their home in Lake Worth, Florida after having spent the summer here with their children, Mr. and Mrs. Sanford Shattuck and Mr. and Mrs. Charles Garlett.

Sunday Mr. and Mrs. Austin Whipple entertained at a family dinner at their home on Penniman avenue honoring the birthdays of their uncle, Elmer C. Huston of Birmingham, and their son, Elmer Huston Whipple.

Weekend guests at the G. E. Keeping home were Mr. and Mrs. Clarence Sheffer and Mr. and Mrs. Howard Percival of Sarnia, Ontario and Robert Lumley of Bickford, Ontario.

Mr. and Mrs. Clifford Tait spent the holiday weekend at Me-costa with Mr. and Mrs. Glen Jewell. They were accompanied home by their children, Clifford and Marjorie Fay, who had been the guests of the Jewells' for a few weeks.

Last week Tuesday Mr. and Mrs. Arthur Johnson, Mr. and Mrs. Fred Ballen, Mr. and Mrs. Albert Stevers enjoyed a picnic dinner at the park in celebration of Mrs. Stevers' birthday anniversary.

Mr. and Mrs. Harold Stevens and Jim spent the holiday weekend at their summer home at Silver Lake. Over the weekend they entertained relatives from Berkeley, California, St. Paul, Minnesota and La Porte, Indiana.

Mr. and Mrs. Russell McConnell of Wayne announce the birth of a son, William Alfred, weighing 6 pounds 13 1/4 ounces, born August 29 at the Garden City Maternity Hospital. Mrs. McConnell was formerly Ruby Wilson of Plymouth.

A. W. Nelson of Ogema, Wisconsin, visited here last week with his son and daughter-in-law, Mr. and Mrs. H. A. Nelson, and with Mr. and Mrs. Walter Nelson of Detroit. Mr. Nelson, who is 5 years old, left by plane from Willow Run last Saturday morning to return to Wisconsin. This was his first experience in traveling by air.

Ten Little Servants

Ten little servants, waiting in a line,
Call one to do the wash—and still you have nine!

Nine little servants, working long and late,
Ask one to cook your meals—and still you have eight!

Eight little servants—working like eleven!
Call on one to clean for you, and still you have seven!

Seven little servants—you don't need candlesticks
When this one lights the house for you—and still you have six!

Six little servants, electrically-alive,
This one sews a handy seam—and still you have five!

Five little servants to help with every chore;
One can iron all the shirts—and still you have four!

Four little servants—such activity!
One breathes a little breeze—and still you have three!

Three little servants—if you're feeling blue,
One will entertain you—and still you have two!

Two little servants, whose work is never done!
One keeps the food fresh, and thinks it's rather fun—

One tells the proper time from sun to setting sun.
(Dependable electric service makes these servants run—
And saves you lots of elbow grease. Suppose you had none?)

To get the latest impartial advice on electric appliances... home lighting and a dozen other housekeeping helps, visit your nearest Edison Office.
