

The Water Question

Citizens of Plymouth are interested in the water supply problem of this city, there is no question about that.

Since the publication in The Plymouth Mail last week of the proposed ordinance providing for necessary legal steps to be taken in getting the water improvements started, it seems that nearly every one has some question to ask about it—judging from inquiries that have come to The Mail office.

The ordinance provides that the city sell some \$600,000 worth of water revenue bonds. The question has been asked if the bonds are sold a year or even two years before the materials for the improvement can be started, where would the city get the money to pay the interest on the bonds sold?

Another question that has been most frequently asked pertains to the water softening system that has been proposed as a part of the improvement. Is it mandatory that the water softening plant be built at this time?

If the water softening part of the program should be eliminated, how long would it take the city to pay off the bonds necessary to put in more pumps, build a new water main from the Plymouth "water farm" and provide additional tank storage within the city limits?

Mayor Jack Taylor, at the request of The Plymouth Mail, has given his answer to these highly important questions.

Says Mayor Taylor: "This water ordinance as drafted simply provides a starting point for our badly needed water improvements. After it has been passed its third reading, then it must lay thirty days before becoming effective, during which time the people have the right to petition the city commission for a vote on the issuance of the bonds. If the necessary petitions do not come in, then the city commission will proceed to make the ordinance effective. However, it is my understanding that then we will get firm bids on the different projects and decide upon how much of the project, we will go ahead with, and decide how much money we will have to spend. Then we will amend the ordinance to conform with the amount of money required. If, however, the matter comes to a vote, that vote will undoubtedly decide what will be done. The ordinance has been set up in its present form to meet state and municipal requirements pertaining to bond issues. We certainly do not propose to spend one cent more in interest than is absolutely necessary."

The plan to include a water softening plant in the improvement has raised the question as to its necessity at this time, when prices are so high. The engineers hired by the city last year to make a survey of the water problem of this city and to recommend proper steps to take in its improvement, suggested that it would prove a saving to the city if a water softening and iron removal plant was included.

The Plymouth Mail has been advised that many local water users do not think this part of the improvement is necessary at the present time, and, that if needed, it can be added at a later date. They regard it as an essential because of the saving it will make to the water users.

To this question Mayor Taylor says: "The water softening plant can be eliminated from the proposed improvement if the majority of the people of the city think it best to do so at this time. It can be eliminated simply by amending the ordinance now before the commission, and it will be necessary to issue no bonds for this part of the improvement, if it is taken out of the plan, which can be done at any time by the commission. Those who have made a study of the question state that the water softening plant would provide a big saving to every water user in Plymouth. But this part of the proposed improvement can be eliminated, if the voters of the city have changed their mind since the last election and now do not want it. But I believe they do want it from what I am told."

If the water softening part of the improvement should be eliminated, about how much would it reduce the cost of the entire improvement, is another good question that has been asked.

To this Mayor Taylor states that the entire improvement is expected to cost something like \$600,000 at present prices. This may vary somewhat. The cost of the water softening plant is figured at something like \$135,000.

"If we take this amount out of the \$600,000, that means we could pay the bonds off in about 25 years instead of 30. But Plymouth would still be bothered with hard water.

"The bond issue has been spread over a long period of years in order to make the payments as easy as possible. The proposed ordinance makes it mandatory that the entire improvement be paid out of the water funds. The proposed new rates have been raised in accordance with the recommendation of the engineers in order to take care of the regular operating expenses of the water department and pay off the bonds and the interest."

Because of the wide interest in this matter The Plymouth Mail will be pleased to publish signed letters from residents of Plymouth on this subject. We respectfully suggest that you express your ideas in a comprehensive way so that the city officials may gain by any good ideas that you may express. While it is not intended that the letters serve as "directives" to the city officials, there is nearly always some good points made in letters intended for the public good, and the city officials may profit by what you have to say.

Plymouth for over ten years has been talking about doing something to remedy its serious water problem. Now that the city commission has started to do something, let's work together for the best interests of this fast growing community.

Old Glory Council Takes up Drive For Sister Kenny Foundation

Daughters of America, Old Glory Council of Plymouth, have announced that they are taking an active part in assisting the Sister Kenny foundation campaign for funds to fight polio, the disease that in recent years has caused so much pain and suffering in this country.

Following an intense drive for contributions, the Council plans a two day tag sale in Plymouth. The Council has designated Friday and Saturday, September 26 and 27 as the dates for this important event.

Tables are being placed in various convenient places about the city where contributions can be made before the tag day sales. Every penny collected by the Old Glory Council will go direct to the Sister Kenny Foundation, as all local expenses are being met out of the treasury of the Council.

Mrs. John Broegman, 750 Arthur street, is chairman of the drive and Mrs. Albert Aquino, 12951 Schoolcraft road, is co-chairman. If you desire any additional information, you may call telephone 305-W. The Old Glory Council is especially anxious that Plymouth make a good showing in this highly important Sister Kenny Foundation drive.

Has Highest Praise For Plymouth's Rotary Club

George A. Smith

With a one hundred percent attendance, members of the Plymouth Rotary club last Friday noon greeted their own member, District Governor George A. Smith of the highly important Michigan-Canadian Rotary district, in his first official visit to the club.

Not only did the club membership go out of its way to see to it that there was a perfect attendance record on this important occasion, but to give the newly elected District Governor a welcome he will long remember. It was an interesting experience for both Mr. Smith and the club, because he was its first president.

One of the first duties of a Rotary district governor is to make an official visit to every club in the district. Mr. Smith is now performing that duty, having already visited a number of clubs in both Michigan and western Ontario, which is a part of his district.

He highly congratulated the Plymouth club upon its fine spirit of fellowship and upon its outstanding community project, the development of an athletic and recreation field on the high school grounds.

"I am pleased to commend you too, for furnishing the leadership for the community co-operation necessary in the development of this recreational park with its night lighting for football and softball contests and out-of-door public entertainment. Rotary is helping to provide for the future Plymouth a much needed opportunity."

Ice Cream Social at Starkweather

Members of the Starkweather P. T. A. are holding an ice cream social and band concert September 16th at 7:30 p. m. on the school grounds. This will be the last concert of the season to be given by the civic band under the direction of Paul Wagner.

Members of the committee who are planning the evening are: O. C. Wood, Mrs. Stephen Varish, Mrs. Carl Caplin, Mrs. Wilbur Ebersole, Mrs. Bernice Thomas, Mr. and Mrs. Earl O'Day, Mr. and Mrs. Leo Kowalek, Mrs. James Thrasher and Mrs. Grant Wiltzie.

Thatcher Starts New Building

Construction of the new Thatcher furniture store building on Plymouth road in Rosedale Gardens was started this week and Mr. Thatcher hopes to have it completed early in the fall.

The structure will be 60x120 feet, of modernistic design and contain all the latest features that will make the new store of convenience to furniture shoppers.

Bailey Dancing School Opens September 15

The Bailey School of Dancing of Northville which has been in existence for twenty-two years is re-opening on Monday, September 15. Their newly remodeled and re-decorated studios have been moved to 118 East Cady, Northville. They will give ballroom and tap dancing lessons for all ages with individual instruction.

Mr. Vaughan D. Taylor and Robert D. Rienas spent last week-end at Buffalo, N. Y., making the trip by boat.

Plymouth Boys and Girls Win 4-H Club Honors

Youthful members of the 4-H clubs living in the vicinity of Plymouth recently brought home with them numerous prizes won at the State 4-H club show held at Michigan State College at East Lansing.

There were over 1200 boys and girls from the various 4-H clubs of Michigan present at the state contest with exhibits.

The live stock exhibits from the Plymouth area were taken in trucks to Lansing through the courtesy of Sid Eastin and Karl Wagenschütz.

In a class of 55 entries, Melvin Korte of this place won ninth place with his Hereford steer. This is the first time he has shown a beef animal in any 4-H club contest. His steer weighed 385 pounds and sold for 37 and a half cents per pound.

Don Korte of Plymouth showed his aged Jersey cow and it took fourth place and his senior yearling Jersey took fifth place.

Don Votal, also of this place, showed his three year old Jersey and came away with the fifth prize in a large class.

In the Holstein classes, Jerry Sallow of this city entered his junior calf and won 12th place.

Don Brinks with his junior Guernsey won seventh position and Don Korte entered the dairy showmanship class and came out in 10th place.

In the garden exhibit Wayne county won 17 prizes, with three Plymouth entries winning firsts. They were James Brink, Inez Daniels, and Marion Amrhein. Mary Martin was one of the winners of second place honors.

Doris and Ann Waldecker won first place in the state 4-H club dairy foods demonstration, each receiving not only the first place honor badge but a \$50. U. S. savings bond as well.

Hundreds See Dedication of New Lutheran School

Even though exposed to the direct rays of a broiling hot sun last Sunday afternoon a large assembly of people gathered on the grounds of St. Peter's Lutheran Church to dedicate that building to its consecrated purpose.

The church choir of the Lutheran church rendered two anthems under the direction of Mr. Gerhard Mueller, school principal and director of music of the Lutheran Church. The dedicatory prayer was delivered by Pastor Theodore Sauer of the Lutheran Church at Livonia Township who this fall himself is opening a Christian Day School in his congregation.

Pastor Sauer spoke of the many hardships, misgiving, days of labor and anxiety that combined to bring the plans of St. Peter's to this consummation. He spoke of the need for the institution in keeping with the command of the Lord "to bring up your children in the nurture and admonition of the Lord" and the possibility afforded to do this in a parochial school because of the wise provision for the separation of the functions of the church and those of the state-union constitution. He made a special point of the fact, in view of the arduous road that may lie

Plymouth Bull Wins Top Honors

A Milking Short Horn bull, exhibited by a Plymouth farmer, won grand championship honors at the State Fair in Detroit last week. The bull owned by Alfred White, who lives six miles west of Plymouth on Salem road, won top honors easily in competition with Michigan's finest stock.

Mr. White bought the two year old bull last February from Stanley Powell of Ionia. All offers from stock buyers who wanted the bull after it won the championship were turned down by Mr. White and his prize animal is now on its way to Kansas City where it will compete in the International Show for world-wide honors.

First Annual Corn Roast Planned by Wild Lifers Takes Place Sunday

There is always something new being "cooked up" by the high command of the Western Wayne County Conservation Association.

Next Sunday, September 14, out at the Conservation club house on Joy road, just west of Wayne road, the "first annual corn roast" given by the association will take place.

President B. E. Champe states that the corn roast is not just for members only, but the whole family is invited. He urges members to bring their wives and children, and if they haven't got a wife or any children, then, he says, bring your best girl and the kid next door that you like pretty well.

"It is really going to be something new with us," said President Champe, "but we will have a good time, there is no question about that. If it rains, then we will move everything inside the club house and have the corn roast just the same. Rain or shine, it will make no difference. Besides the corn roast there will be some added special attractions that will please every one," he said.

At the regular meeting of the club held Monday night the members heard reports of the four boys that the club sent to the State Conservation training camp at Allegan during the summer. There were also some wild life pictures shown.

Fred B. Cline Dies Suddenly Postal Service Not to be Cut Says Postmaster

Funeral services were held Monday, September 8 at 2:00 p. m. from the Schrader Funeral Home for Fred B. Cline who passed away suddenly, September 6 at the age of 69 years. Mr. Cline resided at 627 Burroughs street.

He had been employed by the Daisy Manufacturing company over a long period of years. He was highly regarded by not only his associates at the Daisy where he had worked so many years, but the entire community as well. He started work at the Daisy in 1900.

Mr. Cline was born March 4th, 1878 to Ira and Athlynda Cline at St. Mary's, Ontario. Mr. Cline came to Plymouth in 1897. On August 14th, 1901 he was united in marriage to Florence Hetsler. To this union were born ten children.

Uncle Sam isn't going to wreck the mail service in Plymouth after all!

It seems that Postmaster Harry Irwin has enough "drag" in the powers that be somewhere down on the Potomac to get additional funds to take care of the needs of one of the busiest postoffices in a city of its size anywhere in the country.

Remember, last week it was announced that there would be no more Saturday delivery of mail, that the money order department and the stamp window at the postoffice would be closed on Saturday.

You will be pleased to know that nothing like that is going to

Rotarians Will Hear About Personnel Problems This Noon

R. J. McDowell

The Rotary club of Plymouth will have as its speaker this Friday noon, R. J. McDowell, director of merchandising of the Soco-Vacuum Oil Co., of New York. Mr. McDowell's subject will be of unusual interest to business and professional men and their employees.

Much in demand as a public speaker, Mr. McDowell spends considerable time touring the country to counsel with business leaders on the importance of personal relations. In his talk, he gives examples of both good and bad practices, and analyzes the basic problem as to how it affects business.

The whole subject of personnel relations has been an important study among business leaders in recent years. The club meets at the Hotel Mayflower, at 12:15, and members are asked to bring along any employee having anything to do with personnel work. Guests from several factories in this area will also be present.

New Rector for St. John's Church Is Selected

On this coming Sunday, Sept. 14, the morning prayer service at St. John's Episcopal church will be directed by Georg. Alexander Miller of Ann Arbor, who will assume the duties of Rector of this parish at the beginning of the new year. Mrs. Miller will accompany her husband to Plymouth for this service.

Mr. Miller is finishing his theological course at the Berkeley Divinity School at New Haven, Connecticut early this winter. Born at Blenheim, Ontario, Mr. Miller came with his parents to Ann Arbor, where he received his schooling in the public schools and in the University, from which he graduated in 1938 with the AB degree.

In the University he was active in radio, the U. of M. band and in the Youth Hostels. Before entering the army in 1942 he was in radio in Detroit and Grand Rapids. Mr. Miller's three years in the army were spent in Ireland in the Intelligence Service.

Mrs. Miller is a Minnesota girl and was formerly an instructor in the Physical Education Department of the University at Ann Arbor. The Millers have one son born last May.

Mr. Miller will come to St. John's with the rank of Deacon and will be ordained as priest in the spring when his allotted six months in the Deaconate have been completed. While Mr. Miller remains a Deacon, communion and other services requiring the ministrations of a priest will be taken care of by Dr. Henry Lewis and his staff of St. Andrews, Ann Arbor.

St. John's Parish and Mr. Miller are looking forward to a time of growth and advancement under his leadership. Upon their arrival here in the winter the Millers will reside at 185 Blunk, which place has been purchased by the parish as a rectory.

Mr. and Mrs. Stewart and sons, Charles and Irving, have returned from Lock Haven Pennsylvania where they visited Mrs. Stewart's sister and husband, Mr. and Mrs. R. S. MacDougall.

Citywide Field Meet Saturday Afternoon—Parents and Kids Can Enter the Contests

Under the sponsorship of the Plymouth Kiwanis club, the first annual recreation field meet will take place tomorrow, Saturday, beginning at 1 o'clock at the high school new athletic field.

Any boy, girl, man or woman living in the city of Plymouth or Plymouth township, is eligible to compete in any of the numerous events which have been scheduled.

President Frank Terry of the club expects hundreds to be present and that large numbers will take part in the first real community recreation meet ever held in this or any nearby city.

The committee he has selected from the Kiwanis club to direct the program of fun and contests for the afternoon is composed of Robert McAllister, William Hartman, Phil Barney and Ralph Johnson, city recreation director who will act as referee of the meet.

There will be peanut and penny scrambles for children under five years of age, and for older children there will be skipping races, good old fashioned potato races as well as hopping races.

For the older young people and ladies and men there will be baseball throws, running broad jumps, standing jumps, shot puts, running races, discus throws, slipper kicking and golf driving.

The Kiwanians extend to every father and mother in Plymouth as well as Plymouth township, to come and bring members of their entire family, as there will be lots of fun and contests for mother, father, Jimmie, Jane, and even the little toddlers under five years of age, to enter. There's no charge of any kind to get into the grounds to see the fun or enter into the contests.

But there will be prizes galore. Gold, silver and bronze medals and prize ribbons will be awarded the winners. There will be a ginger ale stand nearby where the thirsty can quench their thirst.

No entries are necessary. All you have got to do in order to get into one of the contests is go down to the athletic field and jump right into the fun. It's going to be a great day, declares President Frank Terry, one of the greatest days Plymouth ever had. It all begins at 1 o'clock, so be there early.

Open School of Religion Monday

The Detroit Council of Churches is beginning its fall term of the School of Religion and there will be schools at various centers, one of which is in Plymouth. The Plymouth School will begin Monday evening September 15th., at the First Presbyterian church at 7:15.

Three courses are to be offered: Course 216b, "Use of the Bible with Children" (for teachers and parents); Course 310b, "Teaching Youth and Young Adults" for teachers of such age groups; Course Sp.b "Training in Choir Leadership in Church and Church School."

Two Accidents Here Wednesday

Two minor traffic accidents were reported in the city Wednesday night. The first involved three cars at the corner of Wing and Main street at seven in the evening. The cars driven by Lyle Zimmerman, Stanley Travis and Russell Lonsbury became involved in a crash which was caused by illegal parking and improper parking. None of the drivers were injured.

The second accident occurred at 11 p. m. when a car driven by Eleanor Kay careened from a parked car over the curb on the corner of Elizabeth and Ann Arbor streets. Miss Kay who resides at 11635 Francis street and Mary Louttit who was with her were both slightly bruised by the crash. Miss Louttit resides at 40522 Ann Arbor trail. The car was owned by James Louttit.

Has Highest Praise for Plymouth's Rotary Club

(Continued from page 1)
 tunity" said Governor Smith. "A world view today reveals a great challenge to members of this world-wide service organization, a challenge it must accept with action in terms of good will and understanding" he said. Rotary, with one of its principal objectives "to encourage and foster international understanding through a world fellowship of business and professional men united in the ideal of service," has a wide influence far greater than its numerical strength, Mr. Smith said.

"Devoted to service, Rotary provides a common ground for the men of the world, regardless of creed, color or government under which they live, to promote and nurture understanding," the District Governor emphasized. He said that Rotary's objective of international good will precludes a provision of the United Nations charter in virtually the same language, and that at the San Francisco conference the leaders included seven Rotarians as well as 39 members of the service club on the staff of consultants.

Endorsing the United Nations program, Mr. Smith declared, "even if the United Nations groups meet only to disagree, they still meet and that is a step which holds hope. Surely, no nation will risk its all to fight the world. The United Nations serves as that check."

 will be, Mrs. Kenady, F. V. Baad, and Miss Petroskey. A lecture series is also planned for the 8:00 o'clock period on "The Coming, Great Church."

This school is open to teachers and workers of all churches. Parents are invited to avail themselves of the courses as well. The school will run for five successive Monday evenings and will take in neighboring town and communities. Registration fee is one dollar per course, states Rev. C. E. Doty, registrar.

RECORD RAIN FLOODS ERIE . . . Small boats were brought into service at Erie, Pa., when a record nine and one-half inches of rain fell in eight hours. Two feet of water deluged city at height of the flood, as more than 20 families were evacuated from low-lying areas. It was estimated that damages caused by the flood would be about a million dollars. Light and telephone service was disrupted in some parts of the city, but power, gas and water supplies continued to operate.

Hundreds See Dedication of New Lutheran School

 ahead for St. Peter's that whatever the Lord commands he also richly blesses. Thus, he assured the assembly of the certainty that the new venture would prosper even beyond the already visible signs of success, the securing of two excellent teachers and the capacity enrollment for the first day of school.

The pastor of the church thereupon recited the words of dedication, while Jacob Brinks delivered the keys of the new edifice to Wesley Shere who unlocked the school and opened the doors wide for the congregation to enter.

Charles Brake, coadjutor of the Wayne county Board of Edu-

STACKS OF MONEY—ALL BAD . . . Deputy United States Marshal Boris Brown embraces the mountain of bogus \$100 bills found on highway south of St. George, Utah, and brought to Los Angeles by secret service agents. The pile of counterfeit bills was estimated to represent about \$150,000 at face value.

cation, addressed a few words to the assembly in the name of his board and the Wayne County Health Department. Mrs. Sidney Stone was present to represent the local Plymouth Board of Education. Welcome Stroh extended greetings from the Michigan State Teachers' Conference of the Lutheran church, having come from Bay City to be present. Many other greetings and congratulations were received by the congregation on this happy occasion. Mr. George Paul and members of her staff were in the audience representing the Wayne County Department of Health.

The school opened on Monday morning with an almost capacity enrollment. Yale University. His text was prophetic. It was "My house shall be called a House of Prayer for all people." Now, more than two centuries later, fifty thousand visitors visit this shrine annually. If you have the time you will want to have a brief glimpse of Cape Cod, for that strip of sand and forest just a mile more than a hundred miles long is an amazing place—home of the old-time salt-water sailor—home of the staunch old square-rigger—gone long ago to Davy Jones' locker—and those hardy old mariners are sleeping in the ancient cemetaries. America's whaling industry was about started down Cape Cod way, for in that early day schools of blackfish or small whales, would come into the shallows and the villagers would rush out and butcher them for their oil. Well, the Cape Codder wasn't a chap to pass up an opportunity—he could not just sit by and wait for the whales to come to him. Pretty soon he was going after the whales—and many a New England fortune was built by those old-timers whose motto was "a dead whale or a stove-in boat."

Boston Offers Much of Interest For Vacationers

Boston has been called "a state of mind." That may be, but certainly that pertained old town on the Charles River, the town of Paul Revere and Old North Church, of Old Granary Burying Ground and the Commons, the city of baked beans and brownie bread, well-known to Boston, my friends, and you've not seen these United States until you have probed its narrow streets, visited its parlate diners and tasted its delightful foods.

Now what will you see in Boston? Well, Boston is probably America's most interesting city of any size for certainly a very proud claim of America's history has been written right in that old town. You'll see Faneuil Hall, so often called "the little place of liberty," and of course you'll visit the little men in the oldest house in all of Boston. You'll stroll through Old Granary Burying Ground in which sleep John Hancock—Samuel Adams—Peter Faneuil—Paul Revere—and Mary Goose, the "Mother Goose" of our childhood days.

You'll go out to Bunker Hill and see the towering obelisk of granite—Bunker Hill Monument—only in Boston you'll never hear it called Bunker Hill. To the Bostonian it's Breech's Hill. It's a site bet that you'll roll down to Plymouth, and start to reverent silence above the beach. That old piece of stone is probably America's most sacred shrine.

You'll want to see famous Old North Church—in the heart of Boston's teeming North End and you'll be enthralled with the woodwork the ancient brass chandeliers and the antique treasures with which the old church is filled—including the silver communion service presented by King George II. Old North Church saw its first service on December 29, 1773, and the preacher was the Rev. Timothy Cutler, later president of

Pinkham and Kinsman Notches, and there's Bretton Woods, of course, one of the country's best known beauty spots. There's Mount Washington beckoning you to spend an hour or so on its gorgeous slopes—St. Johnsbury, Vermont, and Montpelier—and then the Green Mountains—and the crossing of Lake Champlain—all a veritable vista of loveliness through the summer months. Soon after you have crossed Lake Champlain and landed at Port Kent you're in the Adirondacks—Lake Placid and Saranac Lake—all places you've heard about through the years—and then homeward by way of Syracuse and Buffalo.

You'll find New England in its magnificent dress through the summer, for there is a great canopy of green draped over its hills—and the lakes are blue as turquoise under a summer sky. As Fall comes along the woods change colors and go into their Autumn glory of red and gold and brown—and you drive over miles of splendid highway through literal corridors of a brilliance that you can hardly believe possible.

So why not consider a bit of New England for your vacation trip? You see, I know that country—and I know that you'll never forget the beauty and picturesque that you'll find on your way. Just you get in Boston—or on Cape Cod—or at Plymouth—will linger in your memory through the years—and if you're a camera addict—as who isn't these days?—I promise you that you'll bring back pictures that you will consider among your real treasures—treasures to be brought out on winter evenings—before a roaring fire—as you spend delightful hours recalling the places—the things—the interesting people—you have met through the summer.

Grapefruit Sponge—a Refreshing Dessert (See recipe below.)

Cool Refreshment

No summer menu collection is complete without a set of cool drink recipes. These tasty drinks are so handy and convenient to have for both family and company use, that each summer season should see us well armed with a new set of recipes. After you have decided on the different types of cool refreshments you will serve, see that you have all the ingredients on hand so they can be whipped together at a moment's notice.

Cool drinks fall in several categories. You should have several recipes which are really nutritious for the youngsters when they come in from play. Then, too, you should have another set of recipes that are tasty as well as nice to serve guests who may drop in afternoon or evening.

Cool drinks will be more of a success if they are served in frosty looking, decorative glasses. And don't forget the appeal of tinted ice cubes. Use harmless food color, if you like, or freeze bits of cherries, other fruit or mint sprigs with them. For iced tea or coffee, freeze the beverage itself into cubes so that the drink will not be too diluted when served.

HERE ARE several nutritious drinks which will make a big hit with the children.

'Egg and I' Julep. (Serves 10)
3 eggs, beaten
1/2 cup sugar
1/2 teaspoon salt
2 cups orange juice, strained
1/2 cup lemon juice, strained
Crushed ice
Club soda

Blend eggs, sugar and salt. Add fruit juices. Shake or beat until the sugar is dissolved. Pour over finely cracked ice and fill glasses 3/4 full. Add club soda slowly. Serve promptly.

Chocolate Banana Milk Shake. (Serves 6 to 8)
4 sieved large, ripe bananas
4 cups milk
1/2 cup chocolate flavored malt drink
Ice

Press the bananas through a sieve, then combine them with the milk and chocolate flavored malt drink. Use a shaker or tightly covered jar. Add ice. Shake well and serve at once.

Mint-Chocolate Frost. (Serves 4)
1/2 cup cocoa
1/2 cup corn syrup
1 cup hot water
1 teaspoon vanilla
1/2 teaspoon mint extract
1 quart milk
1/2 teaspoon salt
1/2 pint vanilla ice cream

Combine cocoa and syrup. Add hot water, stir well and cool. Add remaining ingredients and beat with egg beater until well blended. Serve in tall glasses. Additional scoops of ice cream may be used on top to give the effect of a soda.

LYNN SAYS:

Hints for Better Cooking
Never wash berries until just before they are used. To keep the juice in strawberries, wash the berries before removing hulls. The best way to wash them is to float them in a pan of water and lift out gently. Repeat the process until the water remains clear.
Oranges and lemons will squeeze more easily if they are rolled against the table until they are slightly soft. If they are too hard to roll, heat them slightly.

LYNN CHAMBERS' MENUS

Veal Cutlet Tomato Sauce
Parsleyed Potatoes
French Green Beans
Head Lettuce with French Dressing
Oatmeal Bread
Citrus Chiffon Pie
Beverage

Chocolate Malted Milk. (Serves 1)
1/2 cup chilled milk
2 tablespoons chocolate syrup
1/2 cup carbonated water
Chocolate or vanilla ice cream
Add milk to syrup slowly, stirring constantly. Pour into tall glasses. Add carbonated water and stir well enough to mix. Add ice cream and serve at once.

RECIPES WITH their main ingredient as fruit juice or a combination of them are given here. These come under the guest beverage classification but also may be served the family when you want to give them a special treat.

Cranberry Pineapple Ale. (Makes 6 cups)
1 pint cranberry juice
2 1/2 cups pineapple juice
1 1/2 cups ginger ale
Cracked ice

Combine fruit juices with ginger ale. Add ice and serve, well chilled.

Frosted Ginger Ale. (Serves 10)
1/2 cup light corn syrup
1/2 cup sugar
1 cup hot water
5 whole cloves
1 stick cinnamon
1/2 teaspoon allspice
1/2 teaspoon nutmeg
1 1/2 cups orange juice
1 cup grapefruit juice
3/4 cups ginger ale
Ice

Boil together syrup, sugar and water for 5 minutes. Add spices and let stand 1 1/2 hours. Strain through several thicknesses of cheesecloth. Add fruit juices and chill. Just before serving add ginger ale and pour into ice filled glasses.

Orange Lime Fizz. (Serves 4)
2 cups orange juice
1/2 cup granulated sugar
12 sprigs mint
4 tablespoons lime juice
1 1/2 cups carbonated water
Ice

Heat 1 cup of orange juice to the boiling point. Add sugar and mint which has been chopped. Cool, cover. Strain and add remaining orange juice and lime juice. Just before serving add carbonated water and ice.

Ambrosia. (Makes 6 quarts)
4 cups apricot nectar
4 cups orange juice
1 1/2 cups lemon juice
1/2 cup lime juice
1 cup powdered sugar
4 quarts carbonated water
Ice

Combine juices and sugar and stir until latter is dissolved. Just before serving add the carbonated water and pour over ice.

Released by Western Newspaper Union.

To cut hard-cooked eggs readily, use a fine wire or a sharp knife dipped in cold water to prevent the yolk from sticking.

To cut meats for salad, use a pair of kitchen shears in place of a knife. You will be able to work much more quickly.

Bacon should be placed in the skillet before the unit is heated. Cook slowly, pouring off the fat as it accumulates.

To remove pinfeathers from fowl, a pair of tweezers is very satisfactory.

LOCAL News

Mr. and Mrs. John Brooks of West 12 Mile road visited Mrs. Herbert Felton and her house guests, Mr. and Mrs. William Bell on Saturday evening.

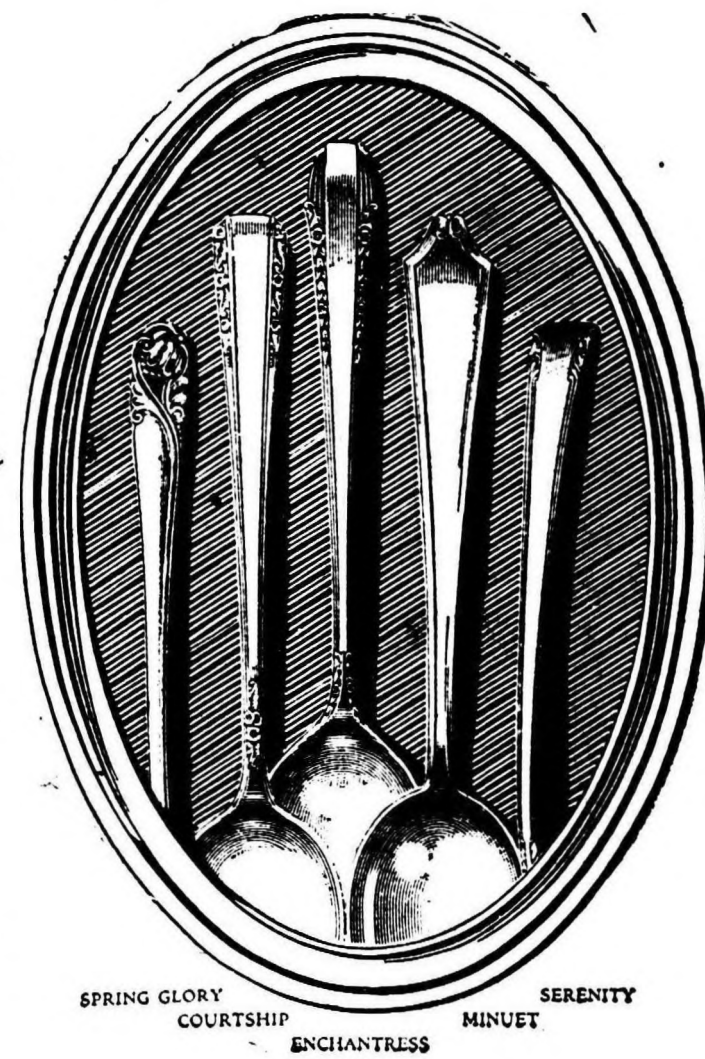

The general meeting of the W. S. C. S. of the Methodist Church will be held next Wednesday, September 17th, at 12 o'clock at the church. A progressive luncheon will be served by the members of night units two and three. Fruit cocktail will be served in the ladies lounge at 12 o'clock sharp with main course in the dining room. Immediately following the luncheon there will be a business meeting with the program starting at 2:45. Mrs. Carlton Lewis is the program chairman. The theme will be "Child and his Education" with visiting speakers.

Monday evening Betsy Ross entertained fourteen guests at a porch picnic at the home of her parents, Mr. and Mrs. Miller Ross on Ann Arbor road. The event was a final get-together before the girls depart for their respective colleges. The invited guests included Donna Campbell, Mary Ann Cylk, Mary Agnes Evans, Rosemary Gutherie, Beatrice Hartmann, Beverly Hauk, Anne Hopkins, Pat Isbell, Maxine Martin, Jean Murray, Peggy Plummer, Dorothy Richwine and Betty Schumacher. One of the invited guests, Jean Murray, was unable to attend because she left this week for Staunton, Virginia where she will enroll at Mary Baldwin College for Girls.

NOTICE CITY OF PLYMOUTH

At the regular meeting of the City Commission held September 2, 1947, the following resolution was offered by Commissioner Lidgard and supported by Commissioner Whipple:

WHEREAS, the Plat of Park Subdivision No. 1, being part of the S. E. 1/4 of Sec. 26, T. 1 S., R. 8 E., Plymouth Village, Wayne County, Michigan, according to the Plat thereof recorded on January 22, 1922, in Liber 44, Page 10, Plats, Wayne County Records, indicates that the north ten (10) feet of Lots 48 and 49 of said Subdivision are impressed with an easement, and

WHEREAS, neither the City of Plymouth, successor to the Village of Plymouth, nor any other person, firm, or corporation has made any use whatsoever of said north ten (10) feet of said Lots 48 and 49 of said Subdivision for any easement purpose, and

WHEREAS, the owners of said Lots 48 and 49 have requested this Commission to vacate the said easement across said lots, and have agreed to grant to the City, in lieu thereof, an easement over, through, and across the north ten (10) feet of Lot 46 of said Park Subdivision No. 1, for the purpose of laying, maintaining, operating, repairing, re-

newing, or removing sewers and water mains, with right of ingress and egress to and from the same, and

WHEREAS, this Commission believes that the easement across the north ten (10) feet of Lot 46, as hereinbefore described, will adequately serve the needs of the City at said location, and that upon the vesting of such easement in the City, there will be no further public need for an easement across the north ten (10) feet of Lots 48 and 49 of said Park Subdivision No. 1.

NOW, THEREFORE, BE IT RESOLVED that this Commission deems it advisable to vacate the said easement now existing upon, over, and across the north ten (10) feet of Lots 48 and 49 of Park Subdivision No. 1 as hereinbefore described, and appoints the 6th day of October, A. D. 1947, as the time when it will meet and hear objections thereto; and that notice of such meeting, with a copy of this Resolution, shall be published once in each week for four weeks consecutively previous to said time of hearing in the Plymouth Mail, a newspaper printed and circulating in the County of Wayne, State of Michigan. Motion carried.

The City Commission will hear any objections or comments pertaining to this matter on Monday, October 6, 1947 at 7:30 P.M.

Geer School Buys New Movie Outfit

Visual education, a means of teaching through the use of sound movies which proved so valuable in the armed services, is to be used this year out at Geer school.

The rural school which is located five miles west of Plymouth at the corner of U. S. 12 and Grefredson road, is thought to be the first county school in Michigan to adopt a plan of visual education.

Film for the classes is to be supplied by the University of Michigan, department of visual education, and is a part of a state wide plan for a more comprehensive curriculum among rural school pupils.

Geer's equipment valued at \$600.00, was purchased with funds raised by the school children's drive for newspapers and scrap iron. It was under the direction of its board of education which includes Fred VanDyke, president, and James Ryder and Orville Dunston. The projector is a 16mm. Bell and Howell.

Aside from the sound equipment, the school also has a slide film projector which will augment the visual education classes, it was stated.

THE LANSING—A tiny house with immense possibilities for gracious living is this two story picture book home, The Lansing. Although only 17 feet six inches by 26 feet seven inches, it gives the appearance of a much larger house, especially when built with the attached garage. It is rare indeed to find so small a home so attractive and with such well proportioned, generous rooms. It will fit on practically the smallest lot. Largely of brick, it has a half front of wide, white clapboard or shingles which with white solid shutters give this little gem a note of distinction. There is not an inch of waste space. The first floor is divided between living room and kitchen. The kitchen is large enough for a spacious dining alcove.

Upstairs are two bedrooms and bath with an abundance of closets. Storage space is especially lavish in the master bedroom, which also has three-way ventilation.

In the planning of this home, the architect has been careful to conform to FHA standards. The house carries the seal of approval of Structural Clay Products Institute and its wiring diagram was prepared by National Adequate Wiring Bureau. Blueprints and specifications may be had. More information is available at our office.

Police Arrest Coast Joy-Rider

Alertness on the part of Plymouth police officers Fischer, Prince and Vanderveen brought an end to the joy ride of Jack Michalsky of Hollywood, California. Arrested in The Mayflower Hotel after he had driven a stolen car from the west coast with three paying passengers who he abandoned after stealing their clothes in Chicago. Michalsky was turned over to state and federal officers.

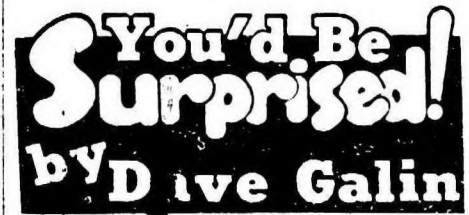

One of the passengers, Donald Thoms, of Lincoln Park told his stepfather, police sergeant McLain of the dispatchers office of the Detroit police department, about the affair and Sgt. McLain gave a description of Michalsky to police departments in this area. It was from this description that local police arrested the California visitor and sent him on his way back to the coast.

Evening Courses Madonna College

Beginning September 15, Madonna College will offer two evening courses, one in Nineteenth Century Poetry on Mondays and Wednesdays from 7:30 to 8:30 p.m.; the other in Medieval History on Tuesdays and Thursdays at the same hours.

WEDDINGS

Double Ring Service or Loretta Butler and Kenneth Kohler

Loretta Jane Butler, daughter of Mrs. Clara Butler of Wayne, became the bride of Kenneth E. Kohler of Fair street at 6 o'clock, Saturday, September 6 at the First Presbyterian church. Dr. Henry J. Walsh read the double ring service.

The bride wore a powder blue suit with matching hat and a corsage of red rose buds and white carnations. Miss Julie Butler attended her sister as maid of honor and was dressed in a gray suit with matching hat. Her corsage was of pink rose buds and white carnations. Kenneth Brown of Detroit served the bride-room as best man.

For her daughter's wedding, Mrs. Butler chose a rose crepe

dress and wore a corsage of white baby mums and pink rose buds. Mrs. Kohler was attired in a blue floral crepe dress with corsage of pink carnations.

After the ceremony, a reception was held at the bride's home for about eighty guests. Mr. and Mrs. Kohler will be at home at 297 Fair street, after a short trip.

The bride is a graduate of Mackenzie High School in Detroit and the bridegroom attended Plymouth High School before joining the United States Army where he served two years in the European theatre. He is employed at the Plymouth branch of Allen Industries.

Freda Hegwood Becomes Bride of James Lockwood

The wedding of Freda May Hegwood and James Edmund Lockwood was solemnized on Saturday, September 6 at 4 o'clock at the Congregational parsonage, Salem, the Reverend Lucia M. Stroh officiating.

The bride chose an ensemble

of blue crepe with a large corsage of red roses. Her bridesmaid, Carol Ann Turnow, was dressed in beige crepe and her corsage was also of red roses. John Hegwood, brother of the bride attended Mr. Lockwood. The couple will make their home on Joy road just outside of Plymouth.

Announce Engagement of Former Plymouth Girl

Mr. and Mrs. Edward Lynn of Detroit and Plymouth announce the engagement of their daughter, Geraldine to Robert Louis Strong of Northville, formerly of Detroit. Miss Lynn graduated from Plymouth high school in the class of 1947. Mr. Strong graduated from Northville high in the class of 1944 and served with the Marine Corps for two years. They plan to be married in the late spring of 1948.

Reh-Gilmore Nuptials Performed in St. Louis Church

Maroon and white gladioli, flanked by lighted candles, decorated the altar of the First Methodist Church of St. Louis, Sunday, September 7, when Kathryn Gilmore, daughter of Mr. and Mrs. Selmar Gilmore of St. Louis became the bride of Donald E. Reh, son of Mr. and Mrs. F. Earl Reh of Plymouth. The Reverend Philip A. Carpenter performed the double ring ceremony at 4:30 o'clock.

Before the ceremony, Merrill Walker rendered two vocal solos, "I Love Thee" and "Through the Years" and during the ceremony he sang "The Lord's Prayer."

The bride was given in marriage by her father. Her white satin gown had a fitted bodice featuring a marquisette yoke with wide lace trim and long pointed sleeves. Wide lace trimmed the peplum of the full skirt which ended in a long train. Her finger-tip veil was held in place by orange blossoms. She carried a bouquet of cream colored orchids and Johanna Hill roses.

Kathryn had her sister, Phyllis, as her maid-of-honor, and the bridesmaids were Joan Stuart of Saginaw and Shirley Surprenant of Cass City. The attendants wore identical dresses of winberry faulle, fashioned with fitted bodices and box-pleated full skirts. They wore matching mitts, and carried colonial bouquets.

NEIGHBORHOOD TURNS OUT FOR ROCKY... In the Seventh street-Second avenue area of New York, Rocky Graziano is the local boy who made good by winning the middleweight championship of the world from Tony Zale, even if the New York boxing commission doesn't admit it. Battered but happy, the Rock received a hero's homecoming from the neighbors who knew him when. Graziano, who belted Zale for a technical knockout in the sixth round of their title bout in Chicago, offered to give Zale a rematch within 90 days.

white gladioli. The maid-of-honor's bouquet was watered by a mother gladioli, while those of the bridesmaids were centered by white gladioli. The girls wore matching flowers in their hair.

Robert Reh, brother of the groom, was the best man and the usher was Gene Gilmore, brother of the bride. Fred Osterizer of Detroit, a cousin of the groom, Francis Homsey of Detroit and Clark Broadhead of Detroit.

For her daughter's wedding Mrs. Gilmore chose a plum dress with black accessories. Mrs. Reh wore purple and white ballroom accessories. Both mothers wore bouquets of white gladioli and Johanna Hill roses.

Following the ceremony a reception for 100 guests was held at the church parsonage.

The bride's bridesmaids, standing at the altar at Plymouth, were Joan Stuart of Saginaw and Shirley Surprenant of Cass City. The attendants wore identical dresses of winberry faulle, fashioned with fitted bodices and box-pleated full skirts. They wore matching mitts, and carried colonial bouquets.

44 Clubs Invited to Jaycee Golf Match

According to the sports committee of the Plymouth Junior Chamber of Commerce on Saturday, September 27, golfing Jaycees from this part of the state will take part in an invitational tournament to be held at Hilltop Golf club. President George Todd of the active young businessmen's organization says that 44 chapters have been invited to send foursomes to Plymouth for the event.

Further plans will announced later.

Left-over scraps from remodeling jobs may be used. Small, odd shapes will make favorite blocks for the baby, when sanded, painted and decorated.

In these trying days of motor car shortages, it is easy to forget the true measure of motor car value.

That's why we are publishing, here, the factory-suggested local delivered price for each Pontiac model.

We feel it may benefit the public to be reminded that a fine car—which offers all you could ask of any car—is still priced by authorized Pontiac dealers at such reasonable figures.

If your decision is to own a Pontiac, we ask that you please be patient. The Pontiac factory is doing all it can, consistent with Pontiac standards, to further production.

When your Pontiac is delivered, you'll be doubly glad for your patience. For you'll receive an outstandingly fine and beautiful automobile—at a price which represents sound, honest value.

Standard equipment on all Pontiac models at no extra charge includes: Spare tire, tube and wheel; bumper and bumper guards; metal spring covers; dual windshield wipers; dual tail lamps; dual horns; dual sun visors; oil cleaner; cigar lighter; ash receivers; dual carburetor (8-cylinder models); automatic dome light and outside lock on both front doors.

*Due to our unfiled orders on hand, you may experience some delay in getting a new Pontiac. Place your order now to avoid further delay. In the meantime, let us keep your present car operating at top efficiency.

NOTICE OF HEARING, CITY OF PLYMOUTH.
The following Resolution was offered by Commissioner Lidgard, and supported by Commissioner Whipple:

WHEREAS, the Plat of Park Subdivision No. 1, being part of the S.E. 1/4 of Sec. 26, T. 1 S., R. 8 E., Plymouth Village, Wayne County, Michigan, according to the Plat thereof recorded on January 22, 1922, in Liber 44, Page 10, Plats, Wayne County Records, indicates that the north ten (10) feet of Lots 48 and 49 of said Subdivision are impressed with an easement, and WHEREAS, neither the City of Plymouth, successor to the Village of Plymouth, nor any other person, firm, or corporation has made any use whatsoever of said north ten (10) feet of said Lots 48 and 49 of said Subdivision for any easement purpose, and WHEREAS, the owners of said Lots 48 and 49 have requested this Commission to vacate the said easement across said lots, and have agreed to grant to the City, in lieu thereof, an easement over, through, and across the north ten (10) feet of Lot 46 of said Park Subdivision No. 1, for the purpose of laying, maintaining, operating, repairing, renewing or removing sewers and water mains, with right of ingress and egress, and

WHEREAS, this Commission believes that the easement across the north ten (10) feet of Lot 16, as hereinbefore described, will adequately serve the needs of the City at said location, and that upon the vesting of such easement in the City, there will be no further public need for an easement across the north ten (10) feet of Lots 48 and 49 of said Park Subdivision No. 1.

NOW, THEREFORE, BE IT RESOLVED that this Commission deems it advisable to vacate the said easement now existing upon, over, and across the north ten (10) feet of Lots 48 and 49 of Park Subdivision No. 1 as hereinbefore described, and appoints the 6th day of October, A.D. 1947, as the time when it will meet and hear objections thereto; and that notice of such meeting, with a copy of this Resolution, shall be published once in each week for four weeks consecutively previous to said time of hearing in the Plymouth Mail, a newspaper printed and circulating in the County of Wayne, State of Michigan.

Here's a New Light on an Old Subject

This tag identifies the revolutionary new Certified Lamp—the finest piece of home lighting equipment ever made. When your youngster does his homework under a Certified Lamp, you can be sure his eyes are getting the best. No glare or sharp shadows will tire him, cause him headaches, poor grades or, as is sometimes the case, serious eyestrain.

That's because these new lamps are the product of years of careful engineering; because they're sold as a unit—reflector, shade, stand and switch—each certified to be the last word in better, more healthful lighting. Available in floor, table and wall models—in every style and design—they're in Michigan shops and department stores this week.

You're sure, too, that your light is right if you have an Edison Home Lighting Specialist check over your lamps. Her visit costs you nothing—it may safeguard priceless eyesight. For this free service just call your nearest Edison office today.

for what's ahead

CONSIDER, for a moment, just what is ahead when you put your name down for one of these Buicks.

There are weeks and months and years of fun in the step-lively lift of the big Fireball straight-eight that purrs beneath this bonnet.

There's smooth and level going wherever your paths may lead, over boulevards level as a ballroom floor or bad roads tamed by your easy-going coil springs — on all four wheels.

There's plenty of good company in a car big enough to take the crowd, and to give elbow room for six on its soft, deep, three-person seats.

There's long life and durability in a stout chassis and rugged under-pinning built big and brawny—there's light handling for the lady of the household and there's enough size to satisfy the most masterful masculinity.

There's fun and satisfaction and pride from the moment one's yours through many a long year; now see how the looks of this beauty fit with all that.

Plainly, no car on the roads today so clearly bears the mark of tomorrow in its styling.

Plainly, no other car is so enduringly smart in the sleekness of its lines, the sweep of its follow-through fenders, the broad-beamed, meant-for-business garb this one wears so proudly.

Whatever the future brings, there's no surer way to be certain you'll be traveling in the newest of the new than to put your money on Buick.

Do that — and you make sure of your future. All that's required is a firm order placed now, with or without a car to trade.

ONLY BUICK HAS ALL THESE STAR FEATURES

Pat Cockran of the Lov Lee Beauty Salon is attending the Virginia Farrell Academy of Advanced Hairstyling in Detroit, under the direction of C. Anthony of New York City.

Monday evening Circle Four of the Presbyterian church met in the chaperon parlors. Miss Patricia Arnold gave an interesting account of her experiences as an employee of the State Department in Germany.

Among those who attended the wedding of Kathryn Gilmore and Donald Reh in St. Louis Sunday were Mr. and Mrs. Thomas Moss and Catherine, Mr. and Mrs. C. F. Raum and Martha and Clifton, Mr. and Mrs. Mowry Arnold of Plymouth; Mr. and Mrs. Merrill Walker of Owosso and Marilyn Kalmbach of Rose-dale Gardens.

Tuesday evening Mr. and Mrs. Burt Giles, Mr. and Mrs. Fred Ballen, Mr. and Mrs. Arthur Johnson, and Mr. and Mrs. Albert Stevers enjoyed a picnic dinner on the spacious lawn of the Stevers' home on Sheldon road in honor of the birthday anniversaries of Mrs. Ballen, Mrs. Giles and Arthur Johnson.

Mr. and Mrs. Manford Becker and family, Mr. and Mrs. LeRoy Jewell, Mr. and Mrs. Lloyd Clark, Mrs. Nina Blunk, Mr. and Mrs. Johnny Radowski, Mr. and Mrs. Otto Reamer, Mr. and Mrs. Deeward Jewell and family, Mr. and Mrs. Merle Rorabacher and Mr. and Mrs. Robert Holloway and Billy of Plymouth and Mr. and Mrs. Paul Becker and family of Northville attended a "cousin's reunion" Sunday at the home of Mr. and Mrs. Ford Becker at Pittsford.

Sunday, September 7th was the occasion of the first Oldenburg family reunion which was held at the Plymouth Riverside Park. A pot luck dinner was served at noon to about ninety members of this family. In the afternoon, a business meeting took place with George Oldenburg acting as chairman. The following members were elected as officers for the ensuing year: Charles Oldenburg of Dearborn, honorary president; Mrs. George Oldenburg, president; Harvey Thomas treasurer and John Oldenburg, secretary. Relatives were present from Belleville, Inkster, Dearborn Detroit, Walled Lake, Lansing Masonn and Plymouth. Games, soft ball and horse shoe pitching were enjoyed by many and plans were made to hold the next reunion on the first Sunday in September, 1948.

Locker Operators Attend Convention

Plymouth was represented at the state convention of Frozen Food Locker operators last week in Grand Rapids by David Galin, Clarence Lidgard, Paul Felder and Hudson Ryan. The four attended all of the convention sessions and reported that much progress is being made in the simplification of handling frozen foods.
 The afternoon floor discussion was led by Mr. Galin, who is a director of the organization. After the convention session the four some visited Mr. and Mrs. Arthur Frost, formerly of Plymouth, who are now located at the Rowe Hotel in the Furniture city.

Organize New Building Firm

A new building firm which will operate under the name of the Constructioners has opened offices for business in Plymouth. Members of the firm are Archie Shufelt, who has been in the electrical contracting business here for the last seven years, and Ed. Frutig a builder from Birmingham.
 The new firm will handle all kinds of construction and announce that they have started work on their first job which is the construction of a new furniture store for Horace Thatcher on Plymouth road.

J. Marsh Takes High Golf Honors in Jaycee Meet

At an International Jaycee Golf match held last week at Lakewood Golf and Country Club, Windsor, Ontario, Jack Marsh of the Plymouth Junior Chamber of Commerce was medalist among 78 entrants.
 Marsh, in shooting the best score of the day, a 76 for the 18-hole circuit, was presented with a desk lamp as an award.
 Twenty teams entered the contest and representatives of the Plymouth club brought home second best honors. They were one stroke higher than the Ecorse foursome. Members of the team were, besides Marsh, Max Todd, Charles Wolfe and Don Burleson.

Okinawa, where 35 vessels were sunk and 49 others seriously damaged, largely by Kamikaze attacks, was the most costly operation to the U. S. Navy in World War II. But the fleet withstood and broke the full strength of the Japanese Empire's air forces.

Your Hudson dealer is a good man to know

That motor car of yours deserves the best kind of service: If it's new, good care now will save you money later, and let you enjoy your car longer. If it has served you long, careful service attention now will help preserve its value for trade in.

Those are two reasons why your Hudson dealer is a good man to know. He is an established, independent business man with a reputation for efficient operation. His men are trained to give you Hudson Protective Service. He has a well-balanced stock of genuine Hudson parts. There you have four more reasons why you should see your Hudson dealer, for a new car, used car or service on your present car.

Hudson Dealer to serve you wherever you go

Wherever you go, you're never far from this sign which identifies authorized Hudson dealer and service establishments.

Whenever you drive in a Hudson dealer's place of business, you get the friendly attention and skilled services of one of more than 3,000 dealerships qualified under the most exacting standards in Hudson's 38-year history.

Hudson has one of the largest, soundest organizations in the industry!

Health Tips

(By The Plymouth Health Department.)

Schools have reopened. From now until schools close next spring, we must be on the alert to prevent epidemics of all types whether it be scarlet fever, measles, influenza, ringworm, athlete's foot or any other.

The simplest way to avoid any widespread outbreak is for sick people to remain away from well people. Children especially are referred to. In the past parents have sent children to school when they were ill. This is most commonly seen in cases of measles. For the first few days the early symptoms of measles are the same as a common cold. Mothers think the child has only a slight cold and send it to school. A few days later the child breaks out with the measles. In those few days preceding the rash, the disease is most contagious.

Another practice is to send the child to school to see the school nurse, and to ask her opinion of the cough or skin eruption, etc.

If your child does not feel well, keep it home. If there is even only a slight fever keep the child in bed, and call your family doctor. At least keep the child from contacting well children. It is much better for a child to lose two or three days school with a slight cold than to run the risk of developing pneumonia, and then perhaps miss two or three weeks.

In the case of children who complain of stomach-ache and vomiting, don't be too hasty to give a physic, the child may be suffering from appendicitis, don't send the child to school after a vomiting spell seems to relieve the distress. Again call your doctor who will determine whether or not appendicitis is present.

Children often develop poor eating habits. A great many go to school without eating any breakfast. This is not good. Try to teach them to have a moderate sized breakfast of fruit, fruit juice, cereal, milk and an egg or equivalents.

For lunch there should be at least one warm dish. Dinner should be a good sized, well balanced meal. Watch your child's weight. If it isn't what it should be, find out why.

Let's all try to make this a healthy school year.

Don't forget the immunizations and booster shots.

A Communication

SUBJECT: "SMALL PEOPLE"
It is surprising at the number of "small people" there are in this world. I attended the donkey ball game at Daisy Field Tuesday, evening and was surprised upon arriving to see people were sitting on the back of a stake truck which was pulled up along the fence. Other people enjoyed the game, admission free, other grown people had the nerve to

sneak in the back way via the railroad tracks.

Some of these people probably have children attending school and some of these children may play in the band. The thought of assisting these children in securing new uniforms never entered the minds of these "small people".

It seems that for a cause of this kind where the Jay-Cees devote their time gratis and where the merchants contribute at some expense advertising and promot-

ing such an endeavor that patronage could have been much better, but "small people" should be excused "for they know not what they do."

When ironing clothes, go around all fastenings. Never run the iron over buttons, snaps, buckles, zippers or pins, even on the wrong side of the garment. Detouring prevents damage to the fastenings, the fabric, and the iron.

Last Sunday was our eighth anniversary, and it was I who forgot it until the Man in my life smiled at me and said, "Put on your your best bib and tucker, Madam. We're dining out tonight! And where else, but in the Mayflower Hotel's Crystal Room! M-m-m! The food was delicious, the service was delightful, the surprise was delovely! But don't wait for such a special occasion! The Crystal Room is open every Sunday, 12:30-8 P. M. If you're planning a party, the Mayflower has banquet rooms, too. Call Mr. Lofy, at 250, and he'll take care of you.

Gals, if you want to spend a fascinating couple of hours, go over to Harry C. Robinson's, at 291 North Main, and see his infinite variety of furniture—over 5,000 pieces! There probably isn't a thing you can mention that he hasn't got—mahogany and walnut china cabinets, kneehole desks, steel porch furniture, living room suites, even house safes! Mr. Robinson tells me that people come to his place from all over this section. Jesse Hake, his manager, can help you find just what you are looking for.

I hope you never have that feeling that comes when you discover that moths have taken up housekeeping in your best Fall coat, or have moved into your living room rug! I've had it happen, and it's no joke! But did you know that Allen's Carpet & Upholstery Cleaning, at 529 South Main, gives you a 10 year written guarantee on its Berlou moth-proofing service? Once moth-proofed, your rugs, upholstery or clothing can be repeatedly cleaned without impairing their protection. Mr. Allen will pick up and deliver. Call him at 363 before you put your summer things away.

Ever hurry off to catch the early show, and come out remembering that you need a loaf of bread for breakfast? Or have friends drop in after supper, catching you with your cupboard bare? Gorham's Market, at 895 Ann Arbor Road (just above South Main, is open 8:30 A. M. to 9:30 P. M. weekdays and 11 to 9 on Sundays. They carry a full line of meats, groceries, beer, wine and soft drinks. And parking, any time you shop there, is never a problem.

Whaddya know, gals! Walter Ash's Shell Service Station, at South Main and Wing, will come and pick up your car at any hour of the day, give it a complete Shell lubrication, and return it to you. Your receipt will include a money-back guarantee, an illustrated chart showing exactly what's been taken care of, and recommendations for any further service your car needs. Mr. Ash's phone number is 9165, and he keeps an appointment book right by the phone. His station is open 7 A.M. to 9 P.M. every weekday and 7 to 7 Sundays.

Speaking of atomic bombs, have you ever forgotten to turn off the hot water heater? But quite aside from the safety angle think of the number of times a day that having an automatic hot water heater would be just a plain convenience! Next time you go by the Plymouth Plumbing & Heating Co., at 149 Liberty, stop in—ask Mr. Ray to show you the 52 gallon Heatmaster electric water heater. Fully automatic, it's Edison approved, and the Edison Company will install it for you free.

I didn't believe it! But a sign in Dean Saxton's window (Saxton Farm Supply, 537 West Ann Arbor Trail, says: "Grass Seed plus Fertilizer in September means Lawn in the Spring!" Mr. Saxton showed me pamphlets by lawn experts that explain why. The grass on a well mowed lawn doesn't get high enough to germinate and reseed itself. Moreover, Fall rains give the thorough soaking that new roots need to grow straight down and dig in. But now is the time! Saxton's carries tested Grade A Michigan seed and an 18-inch fertilizer spreader that will really save your aching back!

The time has come, the Walrus said, to talk of many things of shoes, and ships, and sealing wax, and cabbages and having your furnace cleaned before the snow flies in! I used to leave that department to Friend Hubby to follow up, but I've discovered a much easier way. I pick up the Ameche and call Harold Stevens, the furnace specialist. You will, too, if you like prompt service. Call him at 1697 (that's his shop, in back of the P. A. Theatre, or at his home after 5 o'clock, at 20-J.

Pickles, Relishes, Jams Satisfy Taste Needs During Meals

Late-in-season grapes are ideal for use as preserves, a jam-like product which gives a true lift to fall and winter menus. A true conserve contains raisins or nuts, or both, but they may be omitted.

Even though most of us like simple meals, well cooked and attractively served, there's an almost universal hunger for something tart or a bit of a sweet that we look for in addition to the basic foods.

This may take the form of a colorful tomato relish, a crisp green pickle, or a thick sweet jam or conserve. These accompaniments are often the finishing, "polished" touches to a meal that make the difference between a success or a failure in the food line.

Now that sugar is plentiful, we can indulge ourselves a bit in the way of sweet fruit mixtures. Pickles and other relishes don't require much sweetening, and there's enough in the gardens and on the markets to make our shelves both bulge and sparkle with other goodies.

Think of sandwiches and you immediately remember how good pickles are with them. Then, too, you can use them with meats, in dressings and sauces.

- Bread and Butter Chips.**
3 quarts sliced cucumbers
3 onions, sliced
5 1/2 cups cider vinegar
3 cups brown sugar
1 pod hot red pepper
1 teaspoon cinnamon
1/2 teaspoon ginger
2 tablespoons mustard seed
1 teaspoon turmeric
1/2 tablespoon celery seed
1 piece horseradish

Soak the cucumbers and onions (separately) for 5 to 10 hours in brine, made by dissolving 1/2 cup salt in 1/2 gallon of cool water. Drain well. Add onions, 2 1/2 cups vinegar and 2 1/2 cups of water to the cucumbers. Simmer about 15 minutes. Do not cook until soft. Drain; discard liquid in which scalded. Make syrup by boiling the sugar and spices with 3 cups of vinegar and 1 cup water for 5 minutes. Pack well drained cucumbers and onions in hot jars. Cover with boiling syrup and seal at once.

This next is a variation of chili sauce that has seasonings you'll like. It has the same thickness as chili sauce when you have finished cooking it.

- Peruvian Sauce.**
24 ripe tomatoes
3 large onions
3 green peppers
1 pod hot red pepper
3 large cucumbers
4 tart apples
3 cups brown sugar
1 clove garlic
1 tablespoon salt
1 tablespoon ground allspice
1 tablespoon mustard seed
1 teaspoon cinnamon
3 cups vinegar

Scald and skin tomatoes, skin onions, remove seeds from peppers, pare cucumbers and discard their seeds if very large, pare and core apples. Run vegetables and apples through a food chopper. Add sugar and cook until thick. Add spices and vinegar and continue cooking until of the same consistency as chili sauce. Pour, while boiling hot, into hot sterile jars. Seal at once.

- Pear Pickles.**
1 gallon pears
6 cups sugar
2 cups water
4 cups vinegar
2 pieces of ginger root
2 sticks of cinnamon
2 tablespoons whole allspice
1 tablespoon cloves

Select firm pears. Pare and leave small ones whole. Halve or quarter the larger ones. Boil for 20 minutes in clear water. Boil sugar, water, vinegar and spices (tied in a bag) for 10 minutes. Add pears and let stand overnight. Cook until tender. Pack pears into hot jars. Cook syrup until thick and pour over pears. Process for 5 minutes in a hot water bath.

Chop peeled peaches, onions, garlic and raisins. Add 1/2 of the vinegar. Cook until soft. Add all other ingredients. Cook until thick. Pour into hot jars and seal immediately.

The above chutney recipe may also be used with apples, pears or plums.

Make your butter go further by having a luscious spread for the bread or an accompaniment to the meat course with relishes and other goodies made now while produce is still available.

- Grape Conserve.**
2 quarts stemmed grapes
6 cups sugar
1 cup nut meats
1/2 teaspoon salt

For the Concord type grapes, press to remove pulps from skins. Run skins through the food chopper, then boil for 20 minutes in just enough water to prevent sticking. Cook pulps down in their own juice until soft. Rub through colander to remove seeds. Combine skins and pulps with sugar and boil rapidly until thick. Add nuts and salt. Pour, boiling hot, into sterile jars and seal at once.

- Plum Conserve.**
2 quarts seeded plums
1 lemon
1/2 teaspoon salt
1 large stick cinnamon
6 cups sugar
1 cup raisins
1 cup nut meats

Use firm-fleshed plums. Cook until soft with pulp and grated lemon rind, salt and cinnamon. Add sugar and raisins. Cook until thick. Remove cinnamon and add nuts. Pour boiling hot into hot jars and seal immediately.

FAIR IN THE LIGHT OF MEMORY SHINES MICHIGAN My MICHIGAN ELTON R. EATON

Here's a tip for pheasant hunters who kill hen pheasants—if you get caught and are convicted of it, the prospects are that your name, address, and the place where you are employed, as well as the penalty imposed upon you, will be published in nearly every newspaper in Michigan.

It is known that some conservation organizations are giving consideration to the plan to publish statewide the names of the alleged sportsmen who persist in violating the game laws. Apparently all other means of curtailing the killing of hen pheasants have failed and now it is proposed to turn "the light of day" on those who have done much to kill off the pheasants in Michigan.

One of the members of the state conservation commission states that it is useless for the state to keep on planting pheasants because illegal hunters kill them off just as soon as they are released.

Maybe some statewide publicity of those guilty of bringing about this deplorable condition will have some beneficial results.

For the benefit of American sportsmen who are planning hunting trips into Canada or Mexico this fall to shoot ducks and geese, the U. S. Fish and Wildlife Service calls attention to the limitations applying on the number of migratory waterfowl which they can bring back or send back to their homes in the United States.

During any calendar week within the date of the open season where killed, the following limits of game birds lawfully taken in and exported in accordance with the laws of Canada and Mexico, may be imported into the United States:

Ducks (except American and red-breasted mergansers) - 8, including but 1 wood duck. American and red-breasted mergansers - no limit. Scoters (Sea coots) - 14. Geese - 5, including in such limit not more than 2 in the aggregate in any combination of

Canada Geese (including Hutchins or cackling geese), white-fronted geese and brant.

Woodcock - 8. Not more than the above limits of such birds may be possessed at any time in the United States. Possession cannot exceed 90 days following the close of the open season where the birds were killed.

When shipped the packages containing such birds must bear the name and address of the shipper and of the consignee and an accurate statement of the numbers and kinds of birds contained therein conspicuously marked on the outside thereof. Shipments from Mexico must be accompanied by a Mexican export permit.

The Federal migratory waterfowl hunting regulations do not authorize the importation into a State, or the possession of migratory game birds therein, at any time contrary to State law.

Duck hunters, traditionally early risers, may sleep later this season. The very earliest shooting hour is 6:34 A. M., and in the last week of the 30-day season, on the western side of the state, shooting will not start before 7:35 A. M. Opening day October 7, they may sleep latest of all, as shooting starts that day at noon.

The official shooting time-table for the migratory bird season, prepared by the conservation department, shows the closing hour varies from 5:29 P. M. in the west part of the state in the first week to 4:20 P. M. in the east part of the state in the final week.

Federal regulations that knocked half an hour off each end of the shooting day allowed last year provide that this season wildfowling shoot only from sunrise to one hour before sunset.

The eastern standard time equivalents of these starting and stopping points have been computed for eight zones across the state in each week of the season. Copies of the table will be available to hunters before the season opens October 7.

Michigan's fruit and vegetable crop amounting to more than \$100,000,000 per year, is marketed under laws requiring the grade of the product being sold, and the name and address of the packer or dealer to be clearly and indelibly stamped on the container in letters one-fourth inch high, according to Miles A. Nelson, Chief of the Bureau of Marketing and Enforcement in the State Department of Agriculture.

Michigan produces more than one-half of the nation's cherry crop, is first in celery production, and second in strawberries. It produces a wide variety of other fruits and vegetables. To effectively market these crops and have them accepted by consumers, only products of high quality must be marketed.

Any package bearing a designation denoting superior quality, such as "No. 1," "Finest," "Fancy" "Extra Good," must contain well grown specimens, sound, nearly uniform in size, normal shape, of good color for the variety, and not less than 90 percent free from injurious bruises, diseases, insect

injuries or other defects. Failure to comply with these provisions constitutes misbranding, according to Mr. Nelson.

One of the common violations discovered by inspectors is over-facing, that is, the placing of higher quality products on the top of the package than is placed on the bottom. Them-reghins ter of the product contained in the entire package. A few strawberries were found with straw in the bottom of the package making it possible to have a full box with less fruit. During the fiscal year ending June 30, 1947, 136 persons or firms were convicted of violating the fruit and vegetable laws. Seventy-one were convictions involving potatoes; 43, apples; 10, peaches; 7, strawberries and 5, miscellaneous. Some of the containers were found underweight as well as off-grade.

Leaders Needed For Girl Scouts

At least two more girl Scout leaders are urgently needed in Plymouth. Two Brownie leaders have had to give up their troops, leaving two groups of fine little girls leaderless. Many other girls have indicated their interest in Scouting, if the leadership were available.

Five years ago there were three girl Scout troops meeting regularly in Plymouth. Now fifteen civic and religious organizations sponsor the seventeen Girl Scout

troops in the city, which include 258 girls ranging from 7 to 18 years in age. Fifty-eight adults act as leaders and in other capacities to carry on the many Scout activities. This is remarkable progress in such a brief time and surely it must continue.

Scouting offers a number of interests. Girl Scouts learn how to cook-indoors and out-how to sew and weave, knit, sketch, conduct a meeting and sing. Here in Plymouth they are taught to swim, for the swimming pool at the Training School has been made available for the use of the Scouts. Best of all, through their local and area camps as well as their meetings, they learn how to get along with each other and get a feeling of fellowship with the world when they realize that other girls from Hawaii to England are carrying on the same activities.

Supporters of the Scout movement hope that there are some energetic women of Plymouth who will offer their services for this splendid work among girls.

10 reasons why homemakers select Gas Ranges for their Modern Kitchens

Here are just a few of the reasons why a new Gas range is the first thing to look for in any modern kitchen.

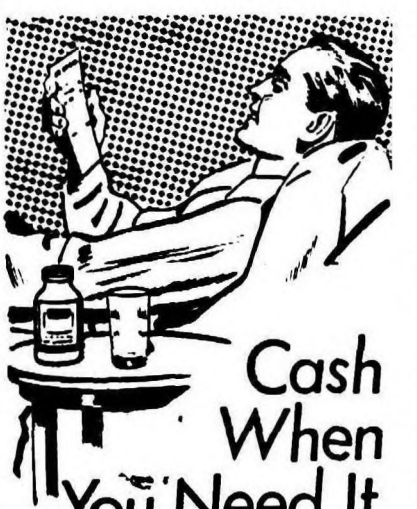

- 1 It's Automatic—Gas turns on and off by clock control. Cooks a complete oven meal even while you are out of the house.
- 2 It's Faster—high-boil heat available in a second!
- 3 It's Flexible—not just a few, but hundreds of top-burner heats!
- 4 It's Cooler
- 5 It's Cleaner
- 6 It Bakes Better
- 7 It Flame Broils
- 8 It's Exact
- 9 It's Economical
- 10 It's "CP"—Look for this seal. It's your buying guide to the best modern features in any Gas range!

More steel for you than ever before

Never in peacetime history have American steelworkers and mills turned out so much steel in so short a time

Here is the record of the steel industry for the first eight months of 1947:

Exceeded all previous peacetime performances.

Production of steel ingots since January 1 was 56 million tons—an annual rate of about 85 million tons. This is 60 per cent more production than was turned out during 1939, last prewar year.

Made more steel for more goods for you.

All records were smashed in shipments of flat-rolled steel to those making automobiles, refrigerators, bathtubs, kitchen cabinets and like products. At this rate the 1947 shipments of flat-rolled steel will exceed 1939 by 79 per cent.

Met major demands of an abnormal market.

Like your family pantry and wardrobe, shelves of American industry were depleted at the end of the war. Thousands of manufacturers wanted steel for their current needs. They also wanted steel to build up their low stocks of material. This war-created abnormal demand is being steadily met.

Although today the productive capacity of the American steel industry equals all of the rest of the world combined, the industry is not stopping there. Steel is spending a record total of nearly \$450,000,000 in 1947 alone for new equipment and improvements. Even greater plans are in making for the future. Steel has never stood still.

This means more and better steel for you.

Present: Mayor Taylor, Commissioners Davis, Henderson, Lidgard and Whipple.

Absent: None.

The minutes of the regular meeting of the City Commission, held August 4, 1947, were approved as read.

The minutes of the special meeting of the City Commission, held August 12, 1947, were approved as read.

The Clerk presented the following reports: Fire Department report for the month of July 1947 and the Police Department report for the month of July 1947.

It was moved by Commissioner Lidgard and supported by Commissioner Davis that the reports be accepted and placed on file. Carried.

The following resolution was offered by Commissioner Whipple and supported by Commissioner Davis:

WHEREAS, it has come to my attention that petitions for a vote on the Water Bond issue are being prepared for circulation, and

WHEREAS, it will save time on the project for the City Commission to authorize such a bond issue vote without waiting for the petitions.

BE IT RESOLVED, that the City Manager be hereby authorized to take the necessary steps to call a special election on the Water Bond issue.

Ayes: Commissioners Davis and Whipple.

Nays: Mayor Taylor, Commissioners Henderson and Lidgard.

It was moved by Commissioner Lidgard and supported by Commissioner Henderson that proposed Ordinance No. 137, to amend the Zoning Ordinance, be passed its third reading.

Ayes: Mayor Taylor, Commissioners Davis, Henderson and Lidgard.

Nays: Commissioner Whipple.

This was the night set for a public hearing to determine whether or not to construct concrete curb, gutter and sidewalk beginning at the south line of R. Kimbrough's property, on Forest Avenue, and extending northward to the sidewalk, curb and gutter at the Finlan property on the west side only.

The following resolution was offered by Commissioner Davis and supported by Commissioner Lidgard:

WHEREAS, a public hearing

has been held for the purpose of determining whether or not to construct concrete curb, gutter and sidewalk beginning at the south line of R. Kimbrough's property, on Forest Avenue, and extending northward to the sidewalk, curb and gutter at the Finlan property on the west side only, and

WHEREAS, no objections have been received by the City Commission, and

WHEREAS, the plan, profile and estimate covering the proposed improvement has been accepted and is now on file in the office of the City Engineer,

THEREFORE, BE IT RESOLVED, that this Commission approve of and declare its intention to proceed with the construction of concrete curb, gutter and sidewalk on the above mentioned street.

BE IT FURTHER RESOLVED, that the Assessor be directed to prepare an assessment roll covering the total cost of the improvement.

Ayes: Mayor Taylor, Commissioners Davis, Henderson, Lidgard and Whipple.

Nays: None.

It was moved by Commissioner Whipple and supported by Commissioner Henderson that the request for the annual Community Fund drive, to be held October 15 to November 12, inclusive, be approved. Carried.

It was moved by Commissioner Lidgard and supported by Commissioner Whipple that the request for the annual drive by the Salvation Army for one week starting Monday, September 8th, be approved. Carried.

It was moved by Commissioner Lidgard and supported by Commissioner Whipple that the City Manager be authorized to accept

Library Exhibit On UN Progress

The third Tuesday of September may become the most important annual date in modern world history. Do you know why?

It comes around next week Tuesday, Sept. 16. On that day at Lake Success, N. Y., delegates from fifty-five countries will convene for the Second General Assembly of the United Nations.

This gathering has been referred to as "the town meeting of the world." Do you know how it operates? what it does? what nations are members?

A pamphlet being given away free at the library in Plymouth will assist you in understanding these things. It takes about five minutes to read.

The library also has other materials giving both brief and full explanations of the functioning of this world organization.

among them a 36-page booklet by Lois Fisher, "You and the United Nations," which is mostly pictures. Ten-year-old children can understand it; adults will appreciate the clever drawings and admire the simplicity of the explanations.

Because understanding this organization is so important, Mrs. Ada Murray, Branch librarian in Plymouth, has arranged a display on the UN which will be at the library all of next week. People are invited to inspect the exhibit to ask questions, and to reserve any of the reading materials which they may wish to use in studying the UN organization and its program.

Dog Week is Near, Read Dog Books!

During National Dog Week, September 21-27, The Plymouth Wayne County librarian is calling attention to dog owners. If people would study what authorities have to say on dog care and training, "leading a dog's life" would be an out-moded expression, according to Mrs. Ada Murray, Plymouth librarian.

She also highly recommends that every dog owner reads the book by W. L. Judy, entitled "The Care of The Dog."

All of the local libraries have this book available because, written for the layman, it gives both practical and scientific information on care, housing, feeding, grooming and general management of the dog," Mrs. Murray said.

State Warns of Short Weights

With hundreds of temporary way-side stands in the vicinity of Plymouth, frequently stands that are set up by the side of trucks in front of farms where the owners may be away for the day, offering all sorts of farm products and fruits for sale, a warning from the State Department of Agriculture is most timely.

Several recent convictions obtained by Inspectors from the Weights and Measures Division of the Bureau of Marketing and Enforcement of the State Department of Agriculture would indicate that both buyers and sellers of various commodities should watch the weights, reports Miles A. Nelson, chief.

A grain buyer in the southeastern part of the state was weighing the wheat he purchased on a scale built to handle about 60 percent of the capacity for which it was being used. He augmented the regular supply of weights that belong to a scale of

that capacity by using nuts and bolts. Some of his customers complained of short weight. He pleaded guilty to using false weights and paid a fine of \$50.

The operators of an alleged poultry farm located on one of the state's main trunk lines and catering to passing motorists by advertising dressed poultry for sale made a "mistake". They sold a dressed chicken represented to weigh five and three-fourths pounds for \$2.70 to a "customer" who proved conclusively that the chicken only weighed three pounds. The "customer just happened" to be a State Foods and Standards Inspector investigating a complaint from a previous customer. The judge permitted the poultry farm operator to rectify the "mistake" by pleading guilty and paying a fine of \$50, for selling less than the quantity represented—a violation of the State Law.

Another conviction for violating State weights and measures laws was obtained for the

short weight of two loads of lime being delivered to a farmer to be spread on his land. The defendant claimed he was delivering 12 tons of lime, but a reweigh of the two loads by an alert and inquisitive State Foods and Standards Inspector disclosed a shortage of 2,770 pounds. The defendant pleaded guilty and a judge said the "fine is \$25.

Three convictions for such extremely different types of short-weight violations in widely varied sections of the state in one week's time points to the possibility of similar violations occurring frequently throughout the

state. Therefore, it behooves both parties to a sale involving weight or measure to see that they receive or deliver the "quantity represented." Farmers buying lime at a stipulated price per ton delivered to their land would do well to insist on being furnished a bona fide weight certificate for every load delivered.

BABSON SAYS

Babson Discusses Human Values. Gloucester, Mass., Sept. 12. I have had several good grandchildren; but only two have been boys.

Somehow one of the girls fell overboard. Michael stopped the boat and dove in after her, knowing that she could not swim.

Have You Really Suffered? But why do I tell my personal troubles to you readers? There are two reasons—First, because it has brought trouble home to me and makes me appreciate human values.

We Can Prevent World War III During my career, I have studied only profits, wages, bushels and tons. Friends, I fear there are too many other American businessmen who are like me.

My second reason for mentioning Michael is to apologize for my habit of discussing World War III as if the money cost and property damage are of primary consideration.

Which Shall It Be? This does not mean that we would pay tribute, as a cowardly nation, to Europe, but it would be licking these dictators by giving up our luxuries for awhile in order to raise the standard-of-living abroad.

Famed Violinist Will Play Here Leona Flood, violinist, who is being presented in recital Thursday, October 2nd, at Plymouth High School by the Rotary Club, is the latest young American artist to attract the attention of critics and music lovers.

When this very beautiful and gifted young girl played in New York, at the Brooklyn Academy of Music, Miles Kastendieck (Brooklyn Eagle, Feb. 19, 1945) wrote as follows: "Leona Flood plays the violin with freshness and forthrightness. Her chief asset is a beautiful, full-bodied tone which has the requisite intensity and resonance. Her technique is accomplished. Works like Vitali's Chaconne and Paganini's Concerto in D held no terrors for her. Chopin's E minor Waltz and Novacek's Moto Perpetuo, she tossed off with style and temperament—a talented player."
