LOCAL News

The Mission Society of the Lutheran Church met Wednesday afternoon at the home of Mrs. Paul Groth on Blunk avenue.

Janette McLeod and Ireta McLeod Gaynier have been visiting their parents, Mr. and Mrs. J. R. McLeod of Maple avenue.

Mr. and Mrs. William Campbell entertained at three tables of pinocle Saturday evening at their home on Ann street. A buffet supper was served. Out-of-town guests included his cousins, Mr. and Mrs. Albert C. Damm and Mr. and Mrs. C. Lester Hommel of Detroit.

Mr. and Mrs. Ed Stick of Port Arthur, Texas and Mr. and Mrs. William Thompson of Brighton were callers at the Reafsnyder home last week.

Mr. and Mrs. Russell Merritt announce the marriage on October 11 of their daughter, Wanda, to John H. Bingner, son of Mr. and Mrs. John H. Bingner of Ann Arbor.

David Nilson, son of Mr. and Mrs. Edwin Bolton, 1338 Penniman avenue, and Arnold Phillips, son of Mr. and Mrs. T. S. Phillips, 335 Adams, are among the estimated 240 new students who began their studies last week at Kalamazoo College, Kalamazoo. The men are sophomores at Kalamazoo College and 1944 graduates of Plymouth high school.

Robert Christman of Ann Arbor was a guest Sunday of Mr. and Mrs. William Campbell at a birthday dinner in honor of his daughter, Mrs. Campbell.

Mr. and Mrs. Edwin Reber and Mrs. O. F. Beyer are leaving today for a two weeks' vacation in the West. They will visit in Platts Mouth, Nebraska.

Monday evening Dr. and Mrs. A. E. VanOrnum, Dr. and Mrs. Walter Hammond, and Mr. and Mrs. Austin Whipple attended the opera "Madame Butterfly" at the Masonic Temple in Detroit.

Rev. and Mrs. G. D. Ehnis and daughter Dorothy of Monroe, Mrs. Alfred Jones of San Diego, California and Mrs. Gladys Charipar of Los Angeles, California were dinner guests Wednesday evening of Mrs. O. F. Beyer at her home on Mill street.

Tuesday morning Mrs. Madeline Wood left with Mr. and Mrs. Edward Kellenberger on a trip via New Orleans and Texas to the Kellenberger home in Burbank, California where Mrs. Wood will spend the winter.

Dr. and Mrs. H. C. Balfour of Penniman avenue entertained a group of friends at an informal party Saturday night. The highlights of the evening were vocal selections by Mrs. Alice Truscott and Mrs. Winifred Wolfe and original piano compositions by Professor Warren Henderson of Detroit.

Carl Miller of Norwayne son of Mr. and Mrs. Peter A. Miller of Robinson subdivision suffered an attack of polio two weeks ago while visiting his wife's parents in Saginaw. He was moved to St. Mary's hospital in Saginaw on Thursday of this week and is paralyzed from the waist down. Among those who have visited him are his parents, Mr. and Mrs. P. A. Miller, Mr. and Mrs. Peter R. Miller, Mr. and Mrs. Arthur Watters, Mr. and Mrs. Howard Schryer, and Louise and Bill Norman.

WEDDINGS

Miss Barbour Becomes Bride of Harold Davis

At a candlelight ceremony in the East Lawn Methodist church in Detroit on Saturday evening, October 11, Catherine Barbour, daughter of Mr. and Mrs. Maurice Barbour, was given in marriage to Harold Davis, son of Mr. and Mrs. Reed Davis of Salem, Kentucky. The couple spoke their vows before an altar decorated with palms and mums.

The bride was given in marriage by her father. Her white satin gown featured a tight bodice with embroidered pearl trim and a full skirt which ended in a long train. Her fingertip veil was held in place by a bandeau of pearls and she carried a bouquet of mums.

A reception for 250 guests was held in the church parlors after the ceremony.

The bridegroom is employed at Burroughs in Plymouth and is a nephew of Mr. and Mrs. Clyde Williams of Plymouth road.

Woodwork Requires Real Care and Good Attention

Householders take pride in the appearance of their homes. It will pay them to become acquainted with ways to take care of the woodwork, to remove stains from floors and walls. The following may serve as a guide.

For dark stains, dip a cork in oxalic acid, rub the spot, rinse, dry immediately and polish.

For just dirt or finger marks on painted wood, use equal parts of milk, water, and kerosene, or vinegar in water.

Scratches on furniture, if not too deep, may be touched with ordinary iodine and then polished. A good polish may be made by mixing equal parts of linseed oil, turpentine and white vinegar.

For a worn floor, touch up the spots with shellac, and give a new coating of wax. If the floors are hardwood, a tablespoon of vinegar and one of furniture polish, in water, will give a clear finish and keep down dust.

If the floors are oiled, turpentine will take off most spots. If turpentine is not available, kerosene will do.

If a grease mark is made on the floor, cover the spot with Fuller's earth. Leave for at least one day and then remove. If the spot has not been entirely absorbed, apply again. This should remove the stain.

For spilled alcohol, rub the mark quickly with the finger tip to smooth away the roughness, and apply lemon or olive oil. This applies also to spilled perfume.

Common Sense Methods To Withstand Heat Given

Ability to withstand hot weather varies greatly from person to person, but nearly everyone can increase his own tolerance of heat.

Here are a few practical methods of beating the heat:

1. Eat well balanced meals, including meats and other proteins, fresh fruits and vegetables, but avoid greasy and fatty foods.
2. Drink liberal quantities of water. 8 to 10 glasses are sufficient, more will do no harm, but avoid excessive use of alcohol because it increases susceptibility to the ill effects of heat during exceptionally hot periods.
3. Increase the use of salt. You can add a pinch of salt to each glass of water. (Administration of salt is a specific preventive of heat cramps, an acute illness caused by excessive loss of salt in perspiration.)
4. Wear light colored, light weight, loose clothing, which does not check evaporation of perspiration.
5. Don't expose yourself unnecessarily to direct sunlight.
6. Get sufficient and regular sleep.
7. Use leisure time for rest. Don't play too hard.

Remember heat and fatigue can make a vicious circle—heat makes you tired and being tired breaks your defense against heat.

Former Plymouth Woman Speaks Nuptial Vows

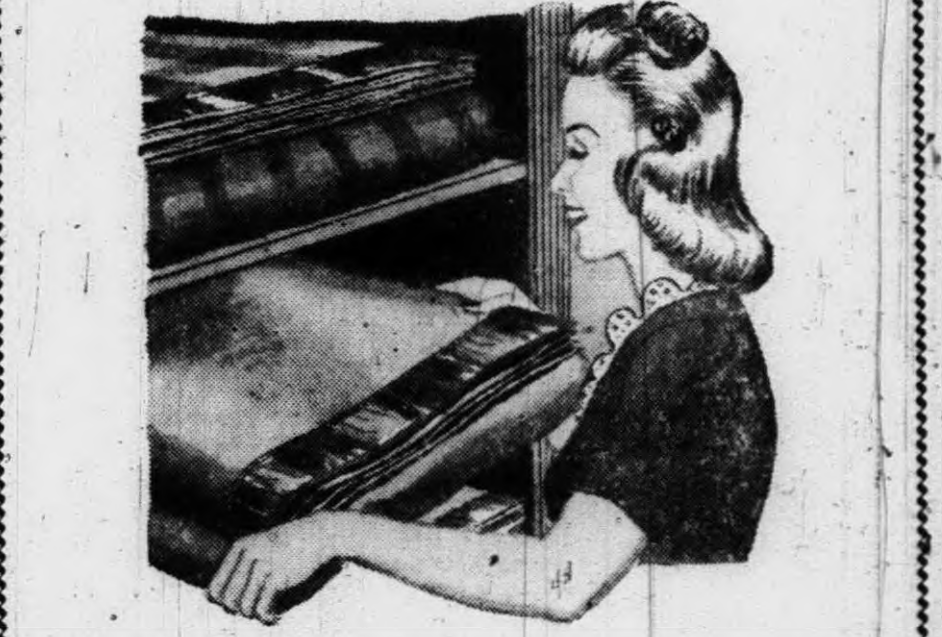

Nuptial vows were spoken by Blanche Wagner, formerly of Plymouth, and Lyle D. Hare, of Lansing, at a service which took place in the Plymouth Methodist parsonage last Sunday at 1 p.m. The bride is the daughter of Mrs. Louise Hutton of 328 West Ann Arbor trail.

Those in attendance were Mrs. Hare's two sons, John R. Wagner, Richard W. Wagner, and her mother, and Mr. and Mrs. C. S. Clark. Following a dinner at the hotel Mayflower, Mr. and Mrs. Hare went on a trip through Canada. The couple will make their home in Williamson.

Redecoration Going on in Wolfe's Market

The interior of Wolfe's Cash Market on Penniman is undergoing redecoration. It is being touched up with new paint and new shelves. Also, new display racks are being added to facilitate the service to customers. At least half of the new shelves are expected to be finished by this weekend, in time for the special sale, as advertised on another page, according to manager Clifford Dagenais.

Norma Cassidy

The latter, who was with the naval air station in Coronada, California for five years, will remain with her parents until Christmas. Janette, a WAAC sergeant, left yesterday, Thursday, for Pasadena, California where she is stationed at the McCormack General hospital. She formerly worked at light nursing with the patients in the hospital, while at the present time she is working at the information desk.

A miscellaneous shower was given Saturday, October 11, at the home of Mrs. LeRoy Jewell on Ann Arbor road honoring Bonnie Bills of Lansing whose approaching marriage to Gerald Rorabacher will take place November 1st. Guests were present from Lansing, Pittsburgh, Northville, Detroit and Plymouth. Mrs. Jewell was assisted by Mrs. Jack Reamer, Nina Blunk, and Mable Reamer.

The Plymouth Canton Extension Group met at Mrs. Wilt's, Tuesday, October 14 to elect their officers for the next year. The officers from last year will hold the same office this next year. Mrs. Simons and Mrs. Bowyer gave a very interesting lesson on "Keeping Fit". Everyone joined in the discussion on vitamins and calcium in the daily diet. The next meeting will be November 20, at Mrs. Klingbeil's home on Ford road.

VFW Post Plans Friday Night Entertainment

Members of the VFW Mayflower post 6695 have made plans to stage an evening of entertainment for those living in Plymouth and the vicinity every Friday night beginning tonight, according to Don Peck.

Everyone is invited to attend and take part in the evening's games which will be staged at the VFW hall on 920 Mill street. The program will begin at 8 p. m. and refreshments will be served and prizes are to be awarded the winners during the evening. Peck has also stated.

Horticultural Group Plans Sunday Meeting

Sunday afternoon at 3 the Livonia unit of the Michigan Horticultural society will meet at the Depetris Nursery, according to Mrs. Paul Wiedman.

During the afternoon session Mr. Depetris will exhibit his mums and shrubs to the group. Mrs. Wiedman stated that the Nursery is located at 230 Grosse Pointe Blvd. Members should follow Jefferson to Fisher, and turn left to Grosse Pointe Blvd. Mary Eddy Petterson is chairman for the meeting.

Inaccessible Coal Mined With Incendiary Bombs

Coal seams that are too thin or too inaccessible for profitable mining now may be converted underground into fuel gas and piped to the surface by a new method.

Incendiary bombs recently were dropped into a coal seam 30 feet below the ground at Gorgas, Ala. The fire which was started was steadily fanned by a blower. Heat-proof windows at inner ends of tunnels were erected through which engineers could control the operation. They changed the nature of the gas by injecting steam. The resultant products included carbon monoxide, hydrogen and methane.

Potential uses for the gas are many, according to Dr. R. R. Sayers, director of the bureau of mines. It not only offers a new source of raw material for the manufacture of synthetic liquid fuels, including gasoline and lubricating oil, but also a heating gas for burning under boilers in industrial plants. Electric power might be produced by means of gas turbines.

World's Sweet Tooth

Increasing Each Year

With per capita consumption continuing to increase, the United States held its rank last year as the greatest candy-producing and candy-importing country in the world.

Most of the candy imported came from Latin America, with Cuba, Argentina and Mexico shipping the largest quantities.

The Netherlands was the most successful of the European countries in re-establishing commercial candy production after the war. By the end of 1946, that country was shipping numerous products to the United States as well as to other parts of the world.

Denmark, France, Belgium and even Germany again were making candy in 1946, but Great Britain continued to be the second most-important candy producing and consuming country in the world.

Per capita consumption in Great Britain remained around 22 pounds. Monthly imports from Cuba alone (mostly hard candy) nearly doubled during the latter part of 1946 when candy prices were decontrolled. In 1945, the last year for which figures for an entire year were available, Cuba shipped 49,872,000 pounds of candy to the United States, compared with 1,050,000 pounds in 1942.

Milk Products Are Again Available for Feeding

Milk products—dried skim milk, dried buttermilk and dried cheese whey—again are becoming available in sufficient quantity for animal and poultry feeding.

These products have long been added to poultry mashers because they provide a concentration of important nutrients, including milk vitamins, proteins, lactose and milk minerals. Used as a supplement they increase the feeding value of the ration and help give it the balance necessary for faster growth and high egg production.

During the war very little milk in any form was available for feeding purposes. Human needs, at home and abroad, left only small quantities of the by-products of the dairy industry for feeds. Mixers of poultry feeds were forced to reduce the percentages of milk products in their mashers, or to seek substitutes.

Today, European countries are rebuilding their own dairy industries and U. S. government purchase of milk products for export is dwindling. As a result dried skim milk, dried buttermilk and dried cheese whey again are becoming sufficiently available to assure a constant supply for feeding purposes. Higher percentages of dried milk products and added quality in poultry mashers will result.

He that speaks the truth executes no private function of an individual will, but the world utters a sound by his lips.

—Emerson

Buddy Kerr, shortstop of the New York Giants, holds the record for fielding in professional baseball. Between July 26, 1946, and May 25, 1947, he played in 68 games and fielded 384 balls without an error.

Lidice, Czechoslovakia, is now being rebuilt on its old site where, on June 10, 1942, the Nazis leveled it to the ground, murdered its 192 men and boys and deported its 301 women and children in belief that someone in the town had harbored the assassin of Reinhardt Heydrich.

Jaycee Auxiliary Makes Plans for Piano Concert

Plans for a piano concert, featuring Evelyn Woods and Loretta Petrosky, are being made by members of Plymouth's Jaycee auxiliary, according to Mrs. George Todd. Although a date has not been decided on as yet, it is tentatively scheduled to take place in November.

The two artists, who will be featured, are from Plymouth and have played in numerous concerts throughout the state. Proceeds from the concert will be donated to the Plymouth Veterans Memorial fund.

Firemen Answer Two Local Calls

Two calls were answered by the Fire Department this past week. The first came in Sunday when a freak tree blaze got out of hand, and the second was on Monday when a garage caught fire.

The department members hurried to Ann Arbor road near Ridge road Sunday afternoon, to find a burning tree which was ignited from a brush fire set by children. A strange sight greeted the firemen when they arrived, for instead of seeing the fire burning from the bottom up, they saw it raging at the top of the hollow tree, working down.

The department received the week's second call Monday afternoon when a fire broke out in the garage of Harry C. DeBar. The cause was traced to spontaneous combustion, and it is estimated that it caused approximately 200 dollars worth of damage. Mr. DeBar lives at 976 Carol.

Patchen PTA Staging Membership Drive

A membership drive is being staged by members of the Patchen Parent Teacher association.

The membership committee has stressed the importance of the organization for both the welfare and education of the children. Members of the committee state that the parents should not only join the PTA, but should also take an active interest in the group and participate in the various activities.

Parents are urged to come to the meeting to either criticize or make constructive suggestions on how to improve the group. A prize will be awarded the class with the highest membership percentage.

A willow creel that develops a bit of an odor as a result of constant use can be cleaned easily. Just rinse it thoroughly with clear, cold water and hang it in the open air to dry. Let the water run through the willow sticks. Use of a soap or deodorant is not necessary.

Here are some "rule of thumb" measurements for the outdoorsman. The first joint of the little finger is an inch long, and the thumb an inch wide. Clench both fists, making extended thumbs meet, and the distance is about a foot. Measure the span of the thumb and the little finger, and the height of your eye from the ground. Knowledge of these distances is well worth possessing.

Central PTA Tea Slated for Today

Approximately 80 room mothers will be entertained at a tea this afternoon, Friday, given in their honor by the executive board of the Central Grade school PTA, according to Mrs. Jack Taylor, president. The affair is scheduled to take place in the dining room of the Methodist church at 1:30 p.m.

Mrs. Kenneth Hulsing is in charge of the afternoon's meeting, during which the various duties of the room mothers will be discussed. Room mothers are the four parents selected from each room in the school who act as representatives of the PTA to the various classrooms.

Mrs. Howard Bowden, junior past president, will preside at the tea table.

MICHIGAN

Believes in Knowing the Latest in Health Developments

The more progressive a people, the more enlightened they wish to become on matters of health. That is the reason why Michigan doctors of medicine have pioneered in the educational use of radio to convey to the Michigan public the latest information on medical facts and discoveries. The "Tell me, Doctor..." 5-minute daily discourse, carried by most of Michigan's local radio stations is your medical doctor's way of keeping Michigan people up to date on all the many developments in the medical world. Make it a point to listen to this instructive health program, daily.

Nobody likes to do dishes EXCEPT THE AUTOMATIC ELECTRIC DISHWASHER

If you're the average housewife, you struggle through six tons of dirty, greasy pots and dishes in a year.

If you are, then this is just what you've been waiting for. This push-button marvel floods your cutlery and crockery with water far too hot for human hands. The average electric dishwasher will hold up to 95 pieces, wash, and rinse them without attention, leaving every pot, dish and glass gleaming... bone-dry and safe in its rack.

The Automatic Dishwasher uses a special soapless cleaning agent. No film is left on glass or china. When it has finished its chore, every drop of water vanishes and everything is sparkling clean.

Yes, the Automatic Electric Dishwasher loves to do dishes. See your dealer about one today. Many models and makes are available.

There will be a meeting of the Deacons after the service. Christian Youth League, 5 p. m., for high school young people. There will be recreation and a worship program.

NEWBURG CHURCH. Church at ten, Sunday School at 11, Youth Fellowship at 6:30. G. MacDonald Jones, pastor. 22 teachers were honored with certificates of Recognition for their work last Sunday during the Sunday School hour. Ten Councelors for our youth were present at the evening Youth Fellowship hour. They were: Ed Shaw and Laurel Thompson, Mr. and Mrs. Roy Wheeler, Mrs. Verner Nyman, Mr. and Mrs. Jesse Bennett, Mr. David Thompson, Mrs. Melvin Guthrie and Mrs. Paul Nixon. The Men's Club are having a Mulligan Stew Supper on Saturday, October 18 at 8 p. m. The season's first Square Dance will be held the same night at 8:30. Masons of this neighborhood will be our church guests Sunday October 19 at 10 a. m. Sermon: "Closer Than A Brother." Sunday October 26 the Youth Fellowship will be installed at the 10 o'clock worship service. A Hymn Sing will be also an event of the hour. The Booth Festival will be held here Saturday November 8. All participating classes and organizations are requested to get in touch with Mrs. Melvin Guthrie about their booth plans.

OUR LADY OF GOOD COUNSEL CHURCH. William P. Mcconey, pastor. Masses 6-8-10-12 a. m.

Fair in the Light of Memory Shines

MICHIGAN

BY • ELTON R. EATON

Have often wondered what sort of "face lifting" could be done to make Mackinaw City a somewhat attractive community to the hundreds of thousands of tourists who travel northwards in Michigan during the spring, summer and fall.

Mackinaw City, as you know is at the northern tip of the Lower Peninsula. The only thing attractive in or around the place is the beautiful view across the Straits of Mackinaw—pleasing no matter what direction you look or at what time of the year—and the state park.

But the town itself is about as dumpy a looking place as can be found anywhere in these United States.

The Greyhound Motor Bus company has shown the way as to what can be done to give Mackinaw City an attractive appearance to its hordes of visitors each year.

The company has recently completed in that place one of the most attractive stations in the state of Michigan. It has tied its architectural designs into the background of a place rich in historic lore. It has used building materials typical of the northlands—in fact it has built a structure in Mackinaw City that is in itself an outstanding attraction.

If there is any civic pride in Mackinaw City (and there must be) why doesn't the town wake up to the example set by the Greyhound—and put fronts on the dumpy looking store buildings and the still worse looking service stations somewhat in conformity with the style set by the Greyhound?

During the tourist season there is no question but what countless thousands of dollars are left in that place. There must be because it costs more to buy a lunch in Mackinaw City than in most any other place in the north and why can't the folks who thrive on the tourist trade that the state of Michigan brings to that place do something to make this frontier town of the northlands a place where the vast numbers of people who go there every summer will want to linger and look around for a few hours instead of hurrying to get on the ferry and out of the place as quickly as possible?

Maybe the Michigan Tourist Council or the State Conservation Commission could step in and lend a hand in advising Mackinaw City what to do to give this historic place a much more attractive appearance than it now possesses. It not only looks run down at the heels, but the seat of its pants look worn out, and baggy at the knees as well. Maybe the Michigan Historical Commission would be glad to offer a few suggestions.

As a matter of fact it is not entirely a local program. In view of the fact that visitors to the Upper Peninsula and to northern Ontario must pass through Mackinaw City, it does create more or less a state problem. Mackinaw City can be made into one of the greatest tourist centers in the United States. It has the location. It has the historic background—and because of what Michigan does to funnel much of its tourist trade into the community, it could have the resources to do most anything it wanted to do—if it has the ambition to do it.

Over in Canada, like in these United States of ours, there are large numbers of veterans who are venturing into business for themselves. We hope every one of them makes good in a big way. Met one of these young men recently who fought during the entire war in a Canadian tank outfit. He came out of the mess with one badly injured knee, but still possessed of the spirit that helped win the war. With the few dollars that he had accumulated during the war this veteran, named O. A. Bodley, has purchased the Mattonabee fishing camp up on the northeast shore of Lake Superior.

In the brief time he has possessed the camp he has done much to improve it and within another two or three years this former fighting veteran will have one of the best camps of the fast developing northern shore line of Lake Superior.

The highway which runs by Veteran Bodley's camp was built through the wilds during the war by conscientious objectors. The road previously had ended at Batchawana bay, but these non-fighting young Canadians built through the rocks an excellent gravel highway that now extends some 82 miles north of Sault Ste Marie, Ontario along the northern coast of Lake Superior. It ends at the Montreal river. Canada some day hopes to extend the road westward to Port Arthur, thereby creating a highway that extends entirely around Lake Superior. For this youthful veteran who saw so much bitter conflict during the war, we hope he not only makes a good living, but will be able to accumulate a "stake" that in the not too far distant future will enable him and his attractive family to enjoy years and years of contentment and happiness he so rightly deserves. To him and all the other veterans, we say good luck and good fortune.

Some four miles this side of Alpena there has been erected a big billboard, which says this is the "45 degree parallel line, half way between the equator and the north pole."

To the person who originated the idea we extend our congratulations. It is posters of this kind which help to make an automobile tour all the more interesting. If you are driving north towards Alpena and after you cross the line, you are nearer the north pole than you are the equator. If you happen to be driving south, then you are nearer the equator than the north pole after you pass that marker.

Is it not a proper question to ask why such markers cannot be erected on all of the trunk line roads of Michigan running from Southern Michigan to the northern part of the state?

Thanks to George Bishop of the Upper Peninsula Development Bureau for his good letter pertaining to the suggestion made in this column recently that the person who writes the Bureau's news devote more space to telling interesting things about the Upper Peninsula than about the activities of its energetic secretary, Mr. Bishop. Glad that Mr. Bishop found agreement in the suggestion made.

The Educational Division of the Michigan Conservation department also took full responsibility for the use of the chairman's name in one of its recent press releases. That took the chairman "off the hook." Just to remind "Frenchy" Paquin, that tireless worker in behalf of "humanity," that here's one Michigan writer who will do a lot of howling if there appears to be any attempt on the part of any one connected with the department to publicize the personal opinions of any member of the conservation commission. Let the first time be the last.

There are about as many ways of hunting fox squirrels as there are squirrel hunters, the Wildlife Management Institute surmises. Each hunter seems to know the right weather and time of day when he is most apt to get his limit. One maintains that the only time to hunt squirrels is on damp, cloudy days when footstep sounds are dulled, while another contends that the high visibility of bright, sunshiny mornings is essential for success. If there is a single neophyte in the realm of squirrel hunting, usually he will not admit it. Yes, choice of the best time, place, and weather varies incredibly

LOCALS

Mr. and Mrs. Paul Christensen have returned from Europe and are happy to be in the United States once more. The Christensens left Plymouth in July and visited in the Scandinavian countries and in England.

Mrs. Ernest Reddeman of Ann Arbor was a weekend guest of Mr. and Mrs. Henry Reddeman at their home on Blunk avenue. At Sunday dinner, the Reddemans also entertained Mr. and Mrs. Edwin Goltz and son, Eldean.

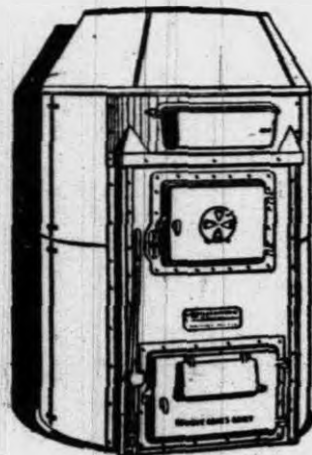

Last Friday morning Mrs. Mildred Hower entertained a group of 17 women at a "come as you are" party for breakfast. It was given to raise money for the roses that the Moms club gave to the veterans in the Dearborn Veterans' hospital.

Mr. and Mrs. George Hockley and children, Leonard and Barbara, of Detroit were the guests of the G. E. Keepings at the Plymouth-Belleville game last Friday evening returning to the Keeping home on Irvin street for refreshments after the game.

Mr. and Mrs. Fred Casterline of Northville announce the birth of an eight pound four ounce baby boy on October 4. Mrs. Casterline is the former Emily Saner of Plymouth. Both mother and baby are reported to be doing fine.

Mr. and Mrs. Joseph Scheel of Bradner road have returned after spending two weeks in Cheboygan with their son and family, Mr. and Mrs. Edward Meilbeck. On Wednesday, October 1, Mr. Scheel was guest of honor at a birthday dinner given by Mrs. Meilbeck.

Mrs. Grace Campbell Brown of Detroit entertained at a dinner party Wednesday October 8 in honor of Mrs. Brown of Lansing. Guests from Plymouth were Mrs. Iva Bentley, Mrs. May Allenbaugh, Mrs. Edna Campbell, Mrs. Clara Todd, and Mrs. Mary Starkweather.

Fire Chiefs Hold Local Meeting

Approximately 30 members of southeastern Michigan's Fire Chief association attended the meeting which was held in Plymouth last Thursday, October 9, according to Robert McAllister, local fire chief.

The afternoon's activities began with a dinner at the Hotel Mayflower. Following this, the group made a tour through the House of Correction. Next month's meeting will be held in Lincoln Park, and an election of officers for the coming year will be held at that time. The present presiding officer is Ori Hand, fire chief from Lincoln Park.

A casting reel should be filled to within a quarter inch of the cross bars. The line swells when wet, and a reel that is too full will cause trouble. A half-filled reel, on the other hand, is almost certain to cause backlashes.

Final Car Race of Season To Take Place Sunday

People of Plymouth will see the final big car race for the 1947 season on the Millford Speedway Sunday. Seven events have been planned which will include a 25 lap feature, with qualifying at 12:30 and the first race at 2:30.

Dr. Hammond Jr. Speaks Before Local Group

In relating a brief history of medical developments in the state, Dr. Walter Hammond, Jr. told members of the Plymouth Jaycee Auxiliary that one of the first contributions to medicine came from Michigan. Dr. Hammond spoke before the regular meeting of the auxiliary, which was held Thursday, October 9 at 6:30 p. m.

He went on to describe the progress made along certain medical lines in Michigan, which is in many ways far advanced to that made in other states. The doctor also pointed out, on the other hand, the needs of the state in the same field. In conjunction with this he described the present critical shortage of hospital beds and doctors.

In another portion of his talk Dr. Hammond expressed his belief that a law should be passed requiring every child vaccinated before he enters school. He went on to explain that only through such action can the rate of communicable diseases be cut down.

Mrs. Jack Marsh was in charge of planning the evening's program. She was assisted by Mrs. Cecil Owens.

Recommend Coot as Delicious Dish

"The coot, she make good booyon," the French who lived for generations along Lake Erie marshes will quickly tell you. And hunters who have learned such tricks as skinning birds instead of plucking them are beginning to appreciate the once scorned "mudhens."

Not a duck, this awkward black bird with the partly webbed feet is found at the same time and in the same marshes as ducks. The fact that it makes an easier target has contributed a good deal to some wildfowlers' low opinion of it. But with the bag now fixed at four ducks and 25 coot, the coot are bound to get more attention, as meat for the table as well as for practice shooting. Conservation department game men are urging more hunters to try them.

Skinner removes some of the

fat, under the skin and makes the coot less "gamy" in flavor. Gamy flavor may be further reduced, if desired, by removing more of the fat and by soaking in salt solution or buttermilk. Old birds may be parboiled to make them tender. The cook may then proceed as with ducks.

Wildfowl recipes prepared and tested at Iowa State college at Ames, Iowa, use "coot" and "duck" interchangeably, as the flavors were found so similar they were not always easily differentiated.

Suggest Chicken To Vary Menus

Chicken may be your answer to the meat problem. If your family is tired of fried chicken, try roasting one!

Roasting chicken should have a rounded body, a well-fleshed breast, a coating of fat under the skin, few blemishes, and few pinfeathers. For a bird to look well on the table, good shape is important, adds Roberta Hershey, foods specialist at Michigan State college.

Stuff the chicken and roast it in a shallow, uncovered pan with a rack in the bottom. Start it either side or squarely on its breast, depending on its shape. Do not add water to the pan, nor cover with either a lid or damp cloth. Keep the temperature of the oven moderate to slow for the entire cooking period. Turn a medium-sized chicken every 3 to 35 minutes. Baste it with melted fat or pan drippings each time you turn it.

When the chicken is tender and

done to the bone, the flesh is slightly shrunken beneath the skin and gives or bends slightly when picked up by the ends. Joints are no longer stiff when "worked". Plan on one and one half to two hours cooking time, depending on the size of the bird.

If you have a chicken that is intended for stewing, try steaming it and you will be pleased with the results. To steam a bird, prepare it as for roasting. Place it breast up on a rack in a kettle and add water to the level of the rack. Add water as it boils away. It will require three to four hours to cook tender unless you use a pressure cooker. Cool the chicken in the broth and you will have juicier meat. Steamed chickens have more juice and flavor than stewed ones.

Farmington Group Plans Attic Sale for Friday

Plans have been made for an attic sale which will take place in Farmington next Friday. It will be staged in the Farmington Town Hall from noon until 10 p. m. The Town club is sponsoring the affair.

By LEO & BUD

HOWDY FOLKS: Don't read this if you don't like our stories. One fellow was painting the ceiling when another entered the room and asked, "Got a good grip on your brush?" The painter said, "Yep." "Well, hold it tight, I'm taking away the ladder."

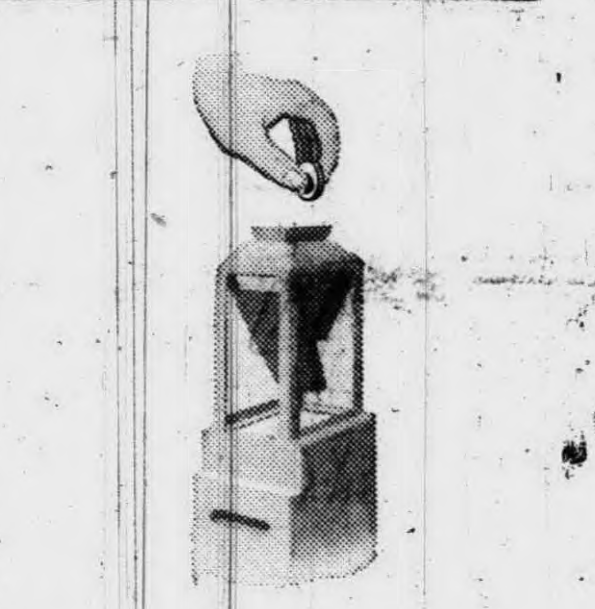

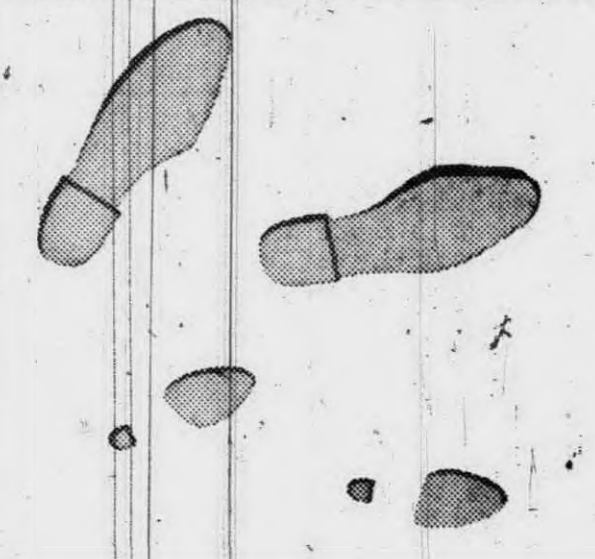

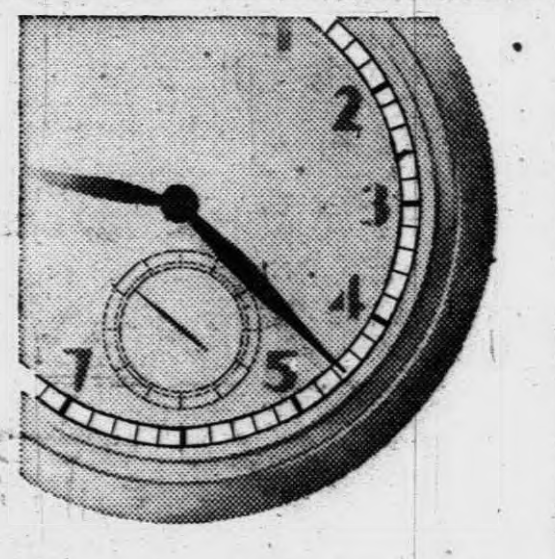

"Here comes the parade, Johnny, where is your mother?" "Upstairs, dad, waving her hair."

"Goodness, can't we afford a 'lag?'"

Of course you've heard of the man who bought only one spur — because he figured that if one side of the horse went, the other was sure to follow.

With a car it is different. It takes not only gas and oil but also thorough chassis lubrication to make it run smoothly. For real pep, for longer, trouble-free driving, come here regularly for your gas, oil and lubrication. Drive in today.

How many of these does your telephone save you every day?

• Imagine trying to see in person everybody you talk to on the telephone in a single day. Think of the time and the shoe leather... the gasoline or carfare it would take! • We've installed thousands of new telephones in recent years. And thousands are still to be installed for folks now waiting for service. Each new telephone makes your telephone that much more valuable. It means more people you can call—more jobs your telephone can do for you.

MICHIGAN BELL TELEPHONE COMPANY

One for the Bright Blue Weather

THE day is clear and fresh and spiced with autumn's tang.

Somewhere there's a friendly little road where Nature has done her gorgeous best with scarlets and golds of her own special blending.

It's a moment to be prized — to be seized — to be implanted forever in memory's book; so slip into this one and make the most of it.

Reach forward and touch the control that swings back the top — on a day like this, you'll want to be one with the air and the sky and the sparkling sunshine.

For a windscreen, lift the handy button that rolls up the door window — to adjust the front seat to your liking, touch a third automatic control, and you're all set.

Gun the motor. Eight Fireball cylinders answer that they're ready for anything you are.

Swing the wheel. Light and sure as your finger, it lets you know that a hand's weight is enough on this firm but feathery helm.

Steal a glance at your reflection in a passing store window. You'll find you look as you feel, bright and gay as this wonderful day.

Seek out a rough spot, just for test purposes. Your soft coil springs are alert on the job, soaking up the rough spots; ample inches and abundant roadweight are here to keep your going level and true.

You've got everything you need for a wonderful time, so go ahead. Let your cares slip away in the breeze

you stir up. Drink in refreshment for soul and spirit, for mind and nerves.

For that's why we build this Convertible.

For the fun it can bring you through the seasons. For sunny days and bright blue weather — for gorgeous days to come, when all outdoors beckons you to enjoy the pleasures of the open road.

Why don't you plan now to have one for your own?

It may take a little waiting, but just as surely as autumn follows summer, and winter blossoms into spring, this car of cars can be yours, if you place an order now — with or without a car to trade.

Auxiliary Holds Installation

A group of newly elected officers were recently installed to their respective positions in the American Legion Auxiliary, Myron H. Beals Unit 32. A ritual team, composed of past presidents, conducted the service.

Mary E. Jacobs was installed to the office of president, while Regina Near, first vice president, formerly took over her duties. Second vice president, Neva Lovewell; secretary, Esther L. Jacobs, and treasurer, Edna Lawson are other officers who took their offices at the same time. Completing the list of new officers are Lucille Schultz, chairman; Victoria Saxton, historian, and Gladys Shore, sergeant of arms.

Gladys Ryder was installing officer, with Mary Sackett as sergeant of arms, and Beulah Smith and Fay Grimm as color bearers. Guests were present from Lansing, Detroit, and Northville. The Mom's club, the Ex-Service Men's club and the Passage-Gayde Unit were also represented.

The retiring president was presented with her past president pin and gifts were presented to the installing officer, newly installed president, and retiring president. Lunch was served following the ceremony with Elmire Rose and Ida Thomas acting as hostesses. The table was decorated with baby mums and silver. Special honors went to Margaret Ayers, who was general chairman. She was assisted by past presidents. The next meeting will be a pot luck supper which will be held tomorrow Saturday, night at 6:30 p. m.

Don't neglect the spinners during bass fishing. Take time occasionally to polish the spinner blades, for once they become dirty or tarnished they lose much of their allure.

VFW Auxiliary Plans Benefit Card Party

A card party will be given by the members of the Ladies Auxiliary of the Plymouth VFW Mayflower Post 6695 tomorrow evening, Saturday, at 8, according to Mrs. Jane Diekmann.

The affair is scheduled to take place in the VFW hall at 920 north Mill street. Numerous card games will be played and prizes will be awarded those taking top honors. Plans are also being made for a luncheon at the conclusion of the evening's program. Proceeds will go toward a fund for hospitalized veterans.

Kiwanis Minsirel Producer Dies

A telegram received Wednesday night, October 8, revealed to W. C. Smith the death of his old friend Earl Harrison. Mr. Harrison was well known in Plymouth having appeared before the local Kiwanis on two occasions.

Mr. Harrison was recognized in theatrical circles as a leading black-face comedian. He was an end man with some of the best travelling minstrel organizations of the old days, including Primrose and West, W. C. Fields, and Honey Boy Evans. In recent years, he produced and staged many minstrel shows throughout the states.

American Elms Top State's Trees

Michigan's "big tree" population seems to run largely to American Elms. In fact, the first three winners in the Michigan State college sponsored big tree contest are American Elms.

Grand daddy of all trees in Michigan appears to be the tree located three-fourths of a mile west of Bedford. It is 22 feet 7 north and two and one-fourth miles west of Bedford. It is 22 ft., 7 in., in circumference at breast height and is estimated to be possibly 200 years old. The tree was reported by Clifford Walters of Battle Creek on June 27. Mr. Walters is an official winner of the contest. Also reporting the tree on July 14 was Ernest Rose, RFD 4, Battle Creek, on whose property the tree stands.

The prize for reporting the tree, a half gallon of maple syrup, will be presented to Mr. Walters by Paul Herbert, head of the Michigan State college forestry department.

Second place tree, also an American Elm, is located one mile west and one-quarter mile south of Volinia in Cass county. It is 20 feet nine inches in circumference. An American Elm 20 feet in circumference took third place. It is located on the Max Smith farm three and one-half miles north and west of Lawrence in Van Buren county.

In all, there were 65 trees reported by 200 people. Every large tree was reported more than once. Six persons reported the same pine tree at Hartwick Pines near Grayling. However, it was not a prize winner.

A tapered line is not necessary for fly and spinner fishing.

Auto Accidents on County Roads Hit Near Record

A total of 56 traffic accidents were reported to the Wayne County Sheriff's Road Patrol during the week of September 21 to September 28, inclusive. Of these accidents, two were fatal. In one of them the driver of a truck, John Verbeek, Pike street, Pontiac, seems to have been attacked by heart trouble and lost control of his truck on Telegraph Road near Sibley Road. In the other fatal accident, Raymond K. Meyer lost his life. According to the evidence, he had been drinking and was traveling at a high rate of speed, on Treatwell near the Michigan Central crossing. He lost control of his car after crossing the tracks. The car left the roadway and struck a tree.

Phillip E. Witten, whose only address given was the State of Maine, reported to the Sheriff's Road Patrol that he had hitched a ride with a man driving a 1939 or 1940 Ford and had asked the automobile driver to stop for a minute at a tourist camp at 12802 Telegraph Road while he sought to get quarters for the night. While he was making inquiries for accommodations, the driver ran away in his car, taking with him Witten's bag which contained all of his clothing, as well as his discharge papers from the Army.

Five cases involving sex offenses were reported to the Sheriff's Road Patrol last week. Three of these involved girls in the juvenile class and the increasing number of such cases has aroused the Sheriff's Department and Sheriff Behrendt has ordered particular attention to be paid to these cases and every effort put forth to apprehend the guilty parties. So far, three arrests have been made and information received by the Sheriff's Department will undoubtedly lead to further apprehensions.

The frequent complaints received by the Sheriff's Department of the theft of building material indicates that contractors and others should exercise greater care in storing their surplus because the high cost of this material makes it an attractive although bulky object of theft. Sheriff Behrendt has instructed his Road Patrol to watch closely in their patrol work when they are in the vicinity of new building projects and at least two offenders have been apprehended in the past two weeks.

All children who own and ride bicycles are urged to register the same with the Sheriff's Department at the Wayne Headquarters on Michigan Avenue. During the past week, two bicycles were recovered by the Sheriff's Road Patrol and are held at the Patrol Headquarters awaiting claimants. By registering their bicycles young cyclists can immediately prove ownership. There is no fee for this registration and is a measure taken by Sheriff Behrendt for the protection of the owner of the bicycles.

Donald E. Gratrix, reported to the Sheriff's Road Patrol that his Drive Inn, 8200 Wayne Rd., Nankin Township, was broken into in the early morning hours of Saturday, September 27. Entrance was gained by breaking the window in the front door and some \$20.00 in cash was stolen.

Keep live frog bait in a roomy and airy container with a hardy full of moist grass inside. The frogs will remain in fine condition if they have plenty of air and some moisture, and if not too many of them are carried in the same bucket.

THE UNDERWOOD

© HOUSING PLAN SERVICE, Inc.

ble characteristic of the cottagoy type of architecture. Its wide bay of casement windows brings in light and air and add an unusually attractive note to the exterior. The large covered porch, 15' long by 10' wide, invites comfortable, outdoor living. A garage may be attached to the opposite side of the house to balance the porch if desired.

The UNDERWOOD working drawings show a conventional, full basement with plenty of room for laundry tubs, storage, work shop or for a game room in which the youngsters can entertain their guests.

The living room is not large but ample. It is meant to be supplemented, whenever weather permits, by the porch that opens off it. The kitchen is the efficient straight-line or corridor type. The bedrooms have two-way ventilation. The childless couple or the family whose children have married and started homes of their own might very easily convert the front bedroom into a dining room or combination dining and guest room. In such a case it should have a door opening into the living room. If it is to be used solely as a bedroom this door should be left out.

As with all the plans of our Housing Plan Series the UNDERWOOD was designed to comply with the requirements and standards of the Federal Housing Administration. To insure convenience, efficiency and safety in its electrical installation the wiring plan has been checked and approved by National Adequate Wiring Bureau. Complete detailed blueprint and specifications from which this home may be built are available.

THE UNDERWOOD—Not a hint of the commonplace can you find in this attractive, four room cottage. The UNDERWOOD is a mellow house, pleasantly flavored with English cottage characteristics from the dove cote on the front gable to the hospitable trellised porch with its wide, deep seats. It's a warm, friendly kind of a home with its huge, squat chimney the focal point of the exterior and the cozy brick fireplace the family center of its well-planned interior.

The little front gable with flush siding above the entrance door gives the house the impression of clinging close to the ground, a desira-

STROHS Bohemian BEER

THE STROH BREWERY CO., DETROIT 26, MICH

HERE IS A 4-UNIT DIESEL FREIGHT LOCOMOTIVE NOW OPERATED BY 2 MEN (1 ENGINEER AND 1 FIREMAN)

2 BRAKEMEN AND 1 CONDUCTOR COMPLETE THE CREW OF THIS TRAIN [One brakeman usually rides in the locomotive in freight service]

EXTRA CAR FOR 15 MEN NOT NEEDED

—BUT THE UNION LEADERS WANT 15 EXTRA "SITERS" ON THIS TRAIN ... 3 ENGINEERS, 3 FIREMEN, 6 BRAKEMEN AND 3 CONDUCTORS ... TO GO ALONG FOR THE RIDE AT FULL PAY!

It's to your interest to know about this proposed feather-bedding!

For sheer feather-bedding, this mock work proposal takes the cake. But it is only one of 44 "rules" demands filed by the leaders of the operating unions. If all these demands were granted, they would cost the railroads an added BILLION DOLLARS A YEAR.

Increased Wages, Too

On top of these "rules" changes, the leaders of the operating unions have filed an additional demand for a wage increase of over 30 per cent. If granted, this would be an added cost to the railroads of \$400,000,000 a year.

\$468,000,000 To Non-Operating Employees

In addition to this, an Arbitration Board has just granted a wage increase of 15½ cents an hour to the million employees represented by the 17 non-operating unions. This will cost the railroads \$468,000,000 a year.

Where Will The Money Come From?

Where will all the money come from to pay these increases? They total several times as much as the railroads made in 1946 or will make in 1947.

In July, the railroads filed an application for increased freight rates to close the gap which then existed between wage and material costs, and railroad revenues. Since then it has been necessary, because of further increases in wages and material costs, to supplement that petition and to ask for an additional freight rate increase. No other course is open.

Railroads Do Not Run For Employees Alone

Railroads are operated for the benefit of not one, but several groups—shippers, passengers, employees, stockholders, and the general public. The interest of all must be served—and that cannot be done unless the railroads can operate efficiently and economically, and unless they are allowed to earn sufficient revenue to provide the kind of transportation service this country MUST HAVE.

School News

TEACHERS INSTITUTE TO BE HELD ON OCTOBER 24

No school Friday, October 24. Region one of the Michigan Education Association will be holding the annual meeting at the Masonic Temple in Detroit and all Plymouth Public School Teachers will attend. Robert St. Johns, news commentator, will be the principal speaker; Miss Mary Ellen Lewis, president of the M. E. A. and Dr. Eugene Elliott, superintendent of Public Instruction will also be on the program.

STUDENTS ATTEND JOURNALISM DAY

Attending the first Annual Journalism Conference at Michigan State College in East Lansing on Friday, October 17, from "Pilgrim Prints" staff are Barbara Lorenz, editor-in-chief; Elsie Mae Keeping, associate editor; Ted Thrasher, make-up editor; Keith Miller, boys' sports editor; and Miss Elizabeth McDonald, adviser. Lydia Finetti, editor-in-chief of the All-School Annual, is also attending the conference.

CITY FIRE CHIEF TALKS TO STUDENTS

"Carelessness is the cause of most fires," said city fire chief, Robert McAllister at an assembly held last Tuesday in the High School Auditorium. The assembly was in observance of Fire Prevention Week.

Attends Meeting of Soft Water Operators

W. V. Clarke, of the Soft Water Service was in Chicago attending the 2nd annual convention of the National Association of Soft Water Service Operators that was held October 9, 10, and 11 at the Drake Hotel. Soft water service operators from all parts of the United States were in attendance at this 3 day conference where the industry members discuss technical, sales, financial, and all other aspects of the rapidly growing business.

Relatively unknown 10 years ago, soft water service today is a \$60,000,000 business which has received a post-war spurt that indicates more than a million homes and other places of installation will have soft water facilities in the next three years, Guenther pointed out.

There are over 300,000 installations in the country today serving one and a half million persons with more installations put in during the last year than in the combined previous 10 years of the soft water industry's history. Installations are made in hospitals, drug stores, beauty salons, hotels, creameries, restaurants, stores, as well as in private homes.

Whenever Fleet Admiral Chester W. Nimitz, U. S. N., Chief of Naval Operations in the United States Navy, visits his home state of Texas he changes the buttons in his uniform and wears those of the Texas Navy, a small but potent "fleet" of vessels which protected the coastline of that State from 1839 to 1845, when it was incorporated into the United States Navy.

TEACHERS CLUB HOLDS FIRST MEETING

The Plymouth Teachers Club held its first meeting of the school year on October 6 with Mrs. Nancy Tanager presiding in the absence of President Ethel Kilham who is ill.

Miss Alta Fisher spoke to the club about her experiences in the Occupied Zone in Germany. She was there as a member of a group of teachers who have just completed the task of organizing and supervising the schools for the American children in the American Zone.

After finishing her talk, Miss Fisher held a question period in which she was asked many interesting queries.

"We could have listened to her for hours," stated Miss Gertrude Fiegel.

Y-TEENS HOLD PARTY

When the halls resound with weird noises and pirates escort noble ladies in a grand march, the Y-Teens are holding their annual All Girls Party. October 22 is the date, 7:30-9:30 P. M. is the time, the gym is the place, and girls from grades 9-12 are welcome.

A group of girls from each grade will present a comedy skit and after the grand march, prizes will be given to the prettiest costume, the funniest, and the most original. Afterwards the girls will be led in some songs and refreshments will be served.

PHS BAND PLAYS AT YPSI COLLEGE

The Plymouth High school band has received, and accepted, an invitation to attend the Michigan State Normal College homecoming in Ypsilanti Saturday, October 18.

Leaving for Ypsilanti early Saturday morning the band will march in the parade at 10:30, be guests of the college for dinner, and attend the game in the afternoon.

ROCKS DOWN TIGERS; 25-0

The Plymouth Rocks smashed to their second league victory last Friday night when they pounded the Belleville eleven, 25-0. Striking late in the first quarter, Becker tossed to Dobbs in the end zone for the first tally. Then with some of the best blocking every displayed by a Plymouth line, the locals carried the ball into paydirt two more times before the half ended.

In the last half the Rocks only score came at the end of a 92 yard run by Dewayne Becker. The locals found themselves in trouble only once, and then managed to punt out of danger.

Tonight the locals journey to Ypsilanti for what has been termed as "The big league game of the year". Ypsilanti is undefeated and the Rocks have only one loss in three attempts. The game will begin at 8:00 P. M.

VARSIETY CLUB HOLDS DANCE AFTER GAME

Music was furnished by records at the dance last Friday night October 10, after the Belleville game. The Varsity club, who sponsored the dance, gave the proceeds of the dance for the athletic field. Larry Finney was the general chairman with Larry Bentley, Bill Stout, David Heinzman, and other Varsity members as helpers.

MRS. BEATRICE BESSE HONORED AT TEA

A tea was given by the High school staff in honor of Mrs. Beatrice Besse on Thursday, October 9 at 3:30 p.m. Miss Freda Olson was in charge of buying the gift, a sterling silver teapot, sugar and creamer which was presented by Mrs. Beulah Kreig, Miss Elizabeth McDonald and Mrs. Pauline Morgan poured.

Mrs. Barbara Parkes, assisted

by Elsie Mae Keeping, Barbara Lorenz, Betty Jane Richwine, Pat Pierson, and Josephine Bailey, managed the preparation of food and serving.

"Out of this world.... into your heart"

THREE GREAT NEW PACKARD EIGHTS FOR '48

The news is out!

The news of Packard's introduction of America's first full line of all new postwar cars!

And already, a motor-wise nation is agreeing: "Those '48 Packards are 'out of this world!'"

New Free-flow styling!

Stunning new beauty that steals right into your heart! The breeze-molded beauty of Packard Free-

flow styling... with its proud Packard identity not only preserved but enhanced!

Comfort-aire ventilation!

The year's "idea" interior is tops in refreshing year-around comfort.

Tops in convenience, too—with such features as the new Console-Key instrument panel, with convenience of push-button switches, and "black-lighted" Flite-Glo dials!

"Safety-sprint" performance!

The smooth, thrifty power of three new straight-eight engines—all packed with a lightning-fast brand of reserve power that spells real safety! Power line-up for '48: 130-HP Packard Eight... 145-HP Super Eight... 160-HP Custom Eight.

Hurry to see these stunning new Packards—America's first full line of all-new postwar cars! ASK THE MAN WHO OWNS ONE

Now on display at your nearest Packard showroom!

BABSON SAYS

Babson Discusses Providing for Families

Eureka, Kans., October 17.—To those who are troubled about the financial outlook...

Think More of Children We give too much time to business and too little to our children.

Doctors Need "Check Ups" Then there is the medical man, whose prime interests are far removed from the financial world.

Advice to Lawyers Lawyers are often made custodians of estates and get very well paid for such work.

Warning to Farmers I have just visited the wheat country where farmers are reaping much wealth.

Warning to Farmers (continued) My advice is that after getting out of debt you spend one-third of your profits on improvements.

Warning to Farmers (continued) Then there is the medical man, whose prime interests are far removed from the financial world.

Warning to Farmers (continued) My advice is that after getting out of debt you spend one-third of your profits on improvements.

Warning to Farmers (continued) Then there is the medical man, whose prime interests are far removed from the financial world.

be fair to their trusting clients and give the financial side of their training continuous post-graduate study.

Lawyers are so pressed with detailed work which they must do that they seldom take time to present new thoughts to their clients.

Warning to Farmers (continued) I have just visited the wheat country where farmers are reaping much wealth.

Warning to Farmers (continued) My advice is that after getting out of debt you spend one-third of your profits on improvements.

25 YEARS AGO FROM THE PLYMOUTH MAIL FILES

Last Tuesday afternoon was a red letter day in the history of the Detroit House of Correction Prison farm.

Following the dinner George A. Smith, president of the Plymouth Chamber of Commerce, was introduced and spoke briefly of the kindly feeling which existed between the citizens of Plymouth and the officials of the prison farm.

It has grown to be a national sport now—the old-time game of

Ross and Rehner ALMANAC

A glorious death is his who for his country falls.

OCTOBER 15—Gregorian calendar introduced into Europe, 1582.

16—U. S. Mint established in Philadelphia, 1786.

17—Chicago subway opened, 1943.

18—Atlantic cable laid by S. F. B. Morse, 1842.

19—Anniversary of the surrender of Cornwallis, 1781.

pitching-horseshoes. Towns in all sections are boasting horseshoe pitching teams, and even the big cities are laying out courts on which the game can be played.

One of the store rooms in the new Voorhies block will be occupied by R. R. Parrott's real estate office.

Mr. and Mrs. Maxwell Moon returned home Monday, from a week's motor trip through the east.

Mr. and Mrs. Gardner Tilton, at Concord, New Hampshire; also, Dr. and Mrs. Tilton at Lexington, Mass., and friends in Boston.

The Woman's Christian Temperance Union will meet next Thursday, October 23rd, at 2:30 p. m., with Mrs. Phoebe Patterson and Mrs. Clara Patterson-Tepic as hostesses.

outh are cordially invited to attend. As this will be a Tea meeting, guests are asked to bring plate, cup, fork and spoon.

In the Presbyterian Notes—One of our members who lives near Inkster, Mrs. August Hauk, had the misfortune recently of falling into a 29 foot well.

Mr. and Mrs. H. C. Robinson and Harry Lush left Thursday for a few days' stay at Sage Lake.

Miss Thelma Peck, daughter of Dr. and Mrs. Luther Peck, was taken to St. Joseph's hospital, Ann Arbor, yesterday afternoon for an operation for appendicitis.
