

Dedication Prayer For Plymouth School Memorial Stadium

By Rev. Henry J. Walsh

Almighty God, who has given unto Thy children the good gift of life, with its joys and fellowships, its privileges and its grace, Thou art the Creator of our bodies as well as our souls; and Thy love for us takes account of what we do in the flesh, as well as in the spirit. Be present with us here tonight as we dedicate this field, that we may truly feel that all our life is one before Thee.

Bless unto all those who have worked for this field the effort which they have made, whether in work or in gifts, that they may realize now the fruits of their labors. Grant that this common effort of ours may bring home to us our common need of each other. Bless unto this community this place as a symbol of our common life, and our dependence upon each other for the greater needs of our life as human souls.

Bring to our remembrance in this moment the holy dead; those youths who doffed the "shoulder pads and leathern helmet" to take up the deadly harness of war, and in the cause of freedom gave their lives that we might be here this night. Help us to remember that except for their sacrifice in keeping our country free this occasion would not be possible. May the sacrifice of their suffering be fulfilled in the joy of this hour. We remember before Thee all the men and women who gave up the good years of their life in service to this our country, many of whom are with us here tonight, some bearing in their bodies the wounds of war and in their minds the memories of pain. Bless unto them this moment the realization that the seeds of their suffering have brought to us the harvest of happiness which is ours today.

Bless this community, that all who have entered into this common effort of our life may feel that it is a good thing to have built this place. And strengthen us all to further achievements which shall bring us closer together in our common life.

Be with the young men who shall use this field. Help them to glorify Thee in their bodies. Make them clean in sport and in mind. May they ever remember that when Thou, who art the One Great Scorer, comes to mark against their name, Thou wilt not count whether they won or lost, but how they played the game.

Therefore, O God, accept we pray Thee, our dedication of this field, to the glory of Thy Holy Name, to the strengthening of our common life, and to the joy of youth now, and in the years to be. In the Name of the Father, the Son and the Holy Spirit be this field dedicated.

Local Women Alarmed to Danger of Prowler Who Terrorizes City

In view of the recent number of attempted rapes, molesting of young girls, and prowlers, Police Chief Lee Sackett is issuing a most serious warning to all residents of the city. He has asked that parents keep their children off the streets at night unless they are accompanied by adults. He also asks that people report all suspicious persons to the police department immediately.

The first attempted rape was reported to have occurred last Thursday morning, October 30. Entrance was gained through a window of the home, which is located in the Northwestern section of the city.

Early the following morning a prowler was reported on Sunset. That night another home was entered, again through a window. Before he was discovered, he had stolen upstairs into the bedroom of a young girl. He escaped before he could be detected.

Then again last Saturday night a prowler attempted to rape a young girl who was baby sitting at a home on West Ann Arbor trail. As in all previous cases, entrance was made through a window. As before, also, he escaped.

Speech by Roland Witt is Entered in State Contest

Fifteen year old Roland Witt has been chosen to represent Plymouth in the national public speaking contest for high school students, according to Bayliss Erdelyi. The contest is being sponsored by the Junior Chamber of Commerce and the National Association of Broadcasters, Radio Manufacturers Association.

A recording of the speech was sent to Flint for the state elimination contest which took place last night, Thursday. The subject with which all contestants deal is "I Speak For Democracy."

The local contest has been under the supervision of Bayliss Erdelyi and James Latture, speech coach. The recording was made possible by Dave Gates.

Prizes will be awarded winners in the state contest, as well as the national. Scholarships are believed to be included on the list of national awards as well as a trip to Washington D. C. with expenses paid, and an appearance on a national radio hook-up.

Police Report Recent Thefts

A number of burglaries have been reported in Plymouth during the past week, according to Lee Sackett, Police Chief.

Early last Friday morning the first occurred at Walter Beglinger's Oldsmobile dealership, according to Chief Sackett. An automatic sales recorder which is valued at \$75 was stolen, as well as \$23 in cash.

Tuesday night prowlers entered (Continued on page 5)

Armistice Day Dance is Planned by Legion Post

The Myron H. Beals American Legion home on Newburg road will be the scene of the Armistice Day dance Tuesday evening which the post sponsors annually.

The committee in charge of planning the affair consists of: Melvin Gutherie, Dr. Elmore Carney, Harold Jacobs, and Mr. McDonald.

The dance is open to the general public, and Mr. Jacobs stated that entertainment and refreshments have been planned for intermission.

Again last Tuesday, a prowler was reported in the Northwestern vicinity of town.

In one of the cases reported where the prowler molested a baby sitter, the man was masked with a red handkerchief and he gave the girl a severe beating before she managed to escape his attentions and run out the front door to the home of a neighbor. She was chased by the man from the porch of a house two doors away where the lights were all on.

Goal Not Yet Met in Community Chest Drive

The Community Chest drive ends next Wednesday and Plymouth is still a long way from the \$9,000 goal which has been set for the city, according to James Gallimore, chairman. Therefore, people are urged to make their contributions as soon as possible, so that Plymouth can make a showing comparable to that in other nearby cities.

Mr. Gallimore has stressed that it is important that people donate to this cause if such worth while organizations as the Boy and Girl Scouts and Visiting Nurses are to remain top city organizations as they have in the past. All donations made by those living in the city, go toward local civic projects. Volunteer workers are attempting to solicit contributions, but those that have not been called on are urged to turn their in to Mrs. Lisle Alexander at the Plymouth United Savings Bank or at Blyton's department store.

More History About Penniman Street Name

Early Plymouth history became a very timely subject last week-end when a newspaper article in The Plymouth Mail reported that a suggestion had been made to re-name all of Penniman avenue and call it Territorial road or street. Hardly had the newspaper left the post office when Ernest Roe, life long resident of this city, began recalling the early days of Plymouth.

Mr. Roe, who probably has packed away in his head more Plymouth history than the average person can find in all the history books, quickly recalled that Penniman avenue from Ann Arbor trail to Sheldon road was in the early days known as Sutton street.

Scout Troop Celebrates 25th Anniversary

Reading from left to right first row: John Sumner, James Stevens, Gerald Gersl, William Hamlin, Howard Carson, Gale Mills, Robert Bowen. Second row: Donald Moore, Gary Hees, Daryl Speers, Walter Hammond, Howard Stark, Robert Keeney. Third row: Bruce Besse, Roderick Cassidy, Raymond Highfield, junior assistant scout master, William Baker, scout master, William Congdon, assistant scout master, Neal Bowen, committeeman.

The 25th anniversary of Plymouth's Boy Scout troop No. 1 of the Methodist church will be celebrated Monday, November 10, according to William E. Baker, scoutmaster. Several men from this vicinity, who are prominent in Scouting circles, will be present for the evening's meeting and ceremonies.

Sidney D. Strong, a special field commissioner for Wayne county who has worked with the Plymouth troop for the past 25 years, is in charge of contacting the approximately 30 charter members and inviting them back for the meeting. Mr. Baker stated that seven or eight of these men are still living in Plymouth, while the remaining reside either in Detroit or out of the state.

This celebrative meeting will take place on the troop's regular meeting night, Monday, beginning with dinner at 6:30 p. m. The parents of the present members have been invited to witness the program.

Amos Shields, a Scout executive from Detroit, will speak to the group, as will Frank Speck, district scouting commissioner. Mr. Strong and the Reverend C. E. Doty, of the Methodist church, (Continued on page 3)

Mrs. Hewer Again Elected to State Office by MOMS

At the state convention of the MOMS, Mrs. Mildred Hewer was re-elected to the State Board as corresponding secretary. The convention was held last Thursday and Friday, October 30 and 31, at the Hotel Pantlind in Grand Rapids.

On Wednesday, Mrs. Charles Hewer, Mrs. Arthur Norgrove, Mrs. Louella Partridge, and Mrs. Lawrence Gladstone left for Grand Rapids to attend the reception given in honor of Mrs. Kenneth Faust of Dearborn. Mrs. Faust is the retiring state president.

Mrs. Wilbur Gould, Mrs. Fred Anderson, Mrs. Herman Tritten, Mrs. Charles Robinson, Mrs. John Warkey, and Mrs. Hugh Gardner left Thursday to attend the two day sessions at the Pantlind.

Prizes Awarded in Turkey Shoot

The grand prize award of a 22 pound turkey was awarded Don Long last Sunday for his winning performance with the Flintlock, a gun reputed to be 200 years old. He competed in the Turkey shoot which the Western Wayne County Conservation Association sponsored at the club house grounds.

Twelve pound turkeys were awarded the following who were winners in the Percussion Cup shooting contest: Charles Ferguson, A. A. Ferguson, E. Ferguson (two), Jim Boyd, David (Continued on page 4)

Girl Scouts Toured Art Institute Saturday

The Detroit Institute of Art was visited by members of the Senior Girl Scout troop III last Saturday, November 1. Transportation was provided by a Plymouth Public School bus.

A guide led the scouts on a tour through the Institute in the morning, and again in the afternoon. They were served lunch in a hotel coffee shop.

At future meetings the members will make cards, peanut and pipe cleaner dolls for favors. They will be given to the May-Bury Sanatorium Thanksgiving.

Light Vote Here as Softener Plan is Snowed Under

Miss Plymouth went to the polls Tuesday and said: no! No! NO! NO!!!

In fact there wasn't anything on the ballots that looked good to the young lady—that is the small portion of her that got out to vote. Even the water softener proposal that many thought would help keep Miss Plymouth's hands nice and soft and white was voted down with a bang.

Down in Detroit the voters said they didn't want to have anything more to do with the goon squads, so they voted out Ed. Jeffries as mayor. Veterans and law enforcement elements backed Eugene VanAntwerp almost to a man.

Back in Plymouth, Mayor Jack Taylor says that the result on the advisory ballot on the water softener proposal will mean the elimination of that part of the proposal, but that it will have no bearing on the remainder of the water development program.

Broken down into precincts the vote was cast as follows: Precinct 1 totaled 44 votes for and 133 against the proposal. In Precinct 2 the ayes numbered 36 and the nays 133. Of the Precinct 3 voters, 119 favored the proposal and 213 opposed it. In Precinct 4, those favoring it numbered 48 and those voting no totaled 167. The totals read 247 votes cast for the proposal and 646 opposing it.

Although the proposed county building was approved by Detroit voters, Plymouth voted it down. The ayes netted 262 votes for proposal A and the nays numbered 535. Proposal B was defeated by 574 to 242, as was proposal C by 221 votes to 552.

Musical Numbers for Kryl Concert Are Announced

The musical selections which Bohumir Kryl and his all woman symphony orchestra will present at this evening's, Friday, concert, have been announced by Paul Wagner, High school music director. The concert will be presented in the school auditorium at 8:15 p. m. A special matinee performance will be staged for school students this afternoon.

The opening selection, Mr. Wagner has stated, will be the overture from Glinka's "Russian and Ludmilla." Herbert Moulton, tenor soloist, will be featured as soloist on the second number, "Echeverra" from the Symphonic Suite by Rimsky-Korsakov, while Cecily Taylor, harpist, will be the solo artist in the presentation of Debussy's "Arabesque." "Invitation to the Dance" by von Weber, will conclude the first portion of the program.

Following intermission, the orchestra will play "One Fine Day" from "Madame Butterfly" by (Continued on page 5)

Sports Program For Rotarians

Members of the Rotary club were given a sports treat last Friday under the direction of Attorney Lee Butler. Mr. Butler had as his guests the Northville coach and his two co-captains as well as the Plymouth coaches and their captains. Each gave a brief talk to the club.

The program was concluded by a talk by Edward Frutig, new Plymouth business man, who at one time was an All American tackle from the University of Michigan.

Body of the Late Sergeant Oertly Returned Home

Funeral services were held yesterday, Thursday, for Staff Sergeant Edward F. Oertly. He is the late husband of Jeanne Ann Oertly, who resides at 1798 Sheldon road. He was among the war dead who were recently returned to this country from the Pacific area, aboard the Honda Knot.

The body arrived in Plymouth early Tuesday morning, accompanied by a military escort. A color guard of Plymouth Veteran organizations met the train carrying the body, and escorted it to the Schrader Funeral home. They also aided in conducting the military funeral service which took place yesterday at 3 p. m. Interment was in River-side cemetery.

Sergeant Oertly was killed September 5, 1944 at Liuchow China. He was a crew chief on a B-25, and previous to his death had been stationed at Kunning with Group 341-Bomb Squad 491 (M). It is believed that the fatal crash took place during (Continued on page 5)

Memorial Center to be Dedicated This Weekend

Sunday afternoon at 2 the servicemen and the High school band will parade from Kellogg Park, inaugurating the activities which have been planned for the dedication of the Veteran Memorial Center. The parade is under the supervision of Russell M. Daane, Commander, Myron H. Beals Post 32, of the American Legion.

Upon reaching the Center, which has been named the Mariette Hough Memorial, the band will begin the program with the playing of "The Star Spangled Banner." This will be followed by an Armistice Day proclamation delivered by Mayor Jack E. Taylor and a memorial prayer by the Reverend Fr. William P. Mooney.

George A. Dondero, congressman from the 17th District, is slated to be the day's guest speaker, according to Cass Hough, chairman of the Veterans' Memorial Foundation. Following the congressman's address, Mr. Hough will present the Center to Kenneth A. Gust, who will accept it on behalf of the Veterans' Allied Council. The Reverend Henry J. Walsh will deliver a dedicatory prayer which will conclude the ceremony.

Immediately following the dedication, and all townspeople have been invited to attend. Mrs. John S. Wimsatt is general chairman (Continued on page 3)

Woods-Petrosky Concert to Take Place Wednesday

Evelyn Woods and Loretta Petrosky have chosen a group of varied and popular classics for the two piano concert which they will present next Wednesday evening, according to Mrs. Douglas Miller, concert chairman. They will appear in the high school auditorium at 8 p. m. Tickets may be obtained from members of the Junior Chamber of Commerce auxiliary, or by contacting Mrs. George Todd.

The piano team will open their program with "Fantasy for a Musical Clock," by Mozart, followed by "Rondo," written by (Continued on page 5)

E. V. Jolliffe Now on Way to Berlin via Rotterdam

Last Friday E. V. Jolliffe flew to New York in order to make connections with the S. S. Noordam, on which he had passage booked for Saturday.

Mr. Jolliffe will arrive in Rotterdam either Sunday or Monday, and from there will travel to Berlin. He is making the trip to visit his daughter and son-in-law, Captain and Mrs. Norman Koval, who are making their home in the German capital at present.

Here's Good News Dr. Hegge Speaks Home Found for Four Aged People to PTA Group on Slow Learning

Good intentions on the part of members of the Livonia school board and their superintendent, as far as the eviction of four old residents who reside on the school site, seem evident when a closer review of the eviction proceedings, recently started there, is given.

Confusion and misunderstanding on the part of all parties involved, however, play no small part in the entire matter. According to school minutes the intent of letting the people stay in the house is clearly shown but a factual record of the case, which is now in court, shows that there is underlying in the whole procedure a contract between the school board and the present owner that forces him to evict the present occupants if they do not move.

The school in the first place secured a site in 1945 which was the most part was obtained without cost from the state as tax delinquent lands. At the same time the (Continued on page 5)

Rocks Run Wild to Score 50 Points

According to their best estimates, school officials state that over 3,500 people attended the Plymouth-Northville dedication game last Friday night.

Total receipts for the game amounted to slightly over \$1,900 bringing a season four game total to \$5,700.00.

An inspired football squad of 44 players, all of whom played, ran wild to score 50 points to give the fans a proper dedication victory. When the final gun sounded the score board recorded 50 for Plymouth and nothing for the visitors.

Beautiful open field running and long passes featured the four quarters of the game and the third team was equally as effective on scoring touchdowns as was the first.

An impressive dedication program was staged by the Rotary Club between the halves which included a welcome talk by Mayor Jack Taylor, the presentation of the field by Rotary President Paul Wiedman and an acceptance by school board president, Sterling Eaton. The dedicatory prayer was given by Rotary chaplain, Dr. Henry Walsh.

The main theme of the program which all the speakers emphasized (Continued on page 3)

Education Week to Stress School Needs, Benefits

Next week November 9 through 15, has been designated as American Education Week. It is important that during this time special emphasis be placed on the benefits of the school system in Plymouth, as well as the pressing needs, school officials have stated.

As a means of educating the students to the problems which confront teachers, administrators, and counselors, students will be given a chance to take over their duties next Thursday. Members of the Student Council, the student administrative board, will assume the administrative offices of the school, such as superintendent and principal. Other students will take over the teaching of classes for the day, each one limited to the teaching of one class. All activities will be under the supervision of the original office holders, while the temporary ones take over. A special teachers' meeting is expected to be held previous to the day's activities.

All parents of children attending grade school in Plymouth will be invited to visit school during the week. Although parents are welcome to visit at any time, they are being especially urged to do so during the week. No special program is being planned (Continued on page 4)

TB Survey to be Conducted Here

A meeting was held last Tuesday to make plans for the X-Ray survey which will be staged in Plymouth next month. The program is being sponsored by the Wayne County Health Department and the National Tuberculosis Association.

An attempt will be made to survey every adult in the city. It is hoped by those in charge of the program that a large number will be X-Rayed, since Wayne County has been called the "black spot" of the state as far as tuberculosis is concerned. The death rate is higher in this county, in proportion to the population, than in any other county in the state. (Continued on page 4)

Banks and Post Office to be Closed Tuesday

Since next Tuesday, November 11, is Armistice Day, Plymouth's banks and post office will be closed for the day. As it is an official holiday for all federal employees, mail delivery for the day will be suspended.

No observance has been planned for the day by city authorities, as a recent proclamation by Mayor Jack Taylor united the dedication of the Veteran Memorial Center with Armistice Day celebrations. The program will take place Sunday.

Miss Bonnie Belle Bills

Weds Gerald Rorabacher

Bonnie Belle Bills, daughter of Mr. and Mrs. William Bills of Lansing, became the bride of Gerald Rorabacher, son of Mr. and Mrs. Merle Rorabacher of Plymouth, at 8 p. m. Saturday evening, November 1, in the First Methodist church of Ithaca. The double ring candlelight service was read by the Rev. Wilmer Lehman of Crystal before an altar decorated with palms, candles and baskets of white chrysanthemums. At the opening of the service, "I Love You Truly" and "Because" were sung by Leroy Lake of Ithaca. Given in marriage by her

father, the bride wore a white brocaded satin gown fashioned with a high ninon neckline, long tapering sleeves, and a full skirt which ended in a long train. Her finger-tip veil of white illusion fell from a crown of seed pearls. She carried a white Bible centered with a rosebud corsage which she wore away later.

Mrs. Robert Holloway of Plymouth, sister of the bridegroom, was matron-of-honor. She wore a powder blue chiffon lace trim gown with illusion headress.

The bridesmaids were Mrs. William Bills, Jr. of Crystal, sister-in-law of the bride, and Mrs. Russell Beadle of Lansing, the bride's sister. Mrs. Bills wore a gown of light blue chiffon with old English lace trim and Mrs. Beadle chose a pink and rose taffeta gown. Both wore matching veils and carried bouquets of roses, carnations, and baby mums.

Judy Fitzpatrick of Sheridan, niece of the bride, was flower girl. Her gown was of peach illusion with underskirt of matching taffeta. Her colonial bouquet consisted of pink rosebuds and baby pompons.

William Bills, Jr., brother of the bride, assisted as best man and seating the guests were John Knowlton of Ithaca and Robert Holloway of Plymouth.

Mrs. Bills and Mrs. Rorabacher were attired in black and white with corsages of roses and carnations.

Following the ceremony a reception was held in the church parlors with Mrs. Charles Hooper acting as hostess.

For her going away suit the bride chose brown with gold accessories. The young couple will be at home after November 8, at 1064 Beech street, Plymouth.

Miss Caroline Rolon to Wed U. of I. Student

Mr. and Mrs. W. Harold Rolon, of Rosedale Gardens, announce the engagement of their daughter, Caroline, to Norbert Coschmann of Milwaukee, Wisconsin.

Both are attending the University of Indiana at Valparaiso, where Miss Rolon is a member of Delta Chi Epsilon sorority. Mr. Coschmann is affiliated with Sigma Delta Kappa fraternity, and Pi Gamma Mu, law honorary. Mr. Coschmann will graduate in February and enter the graduate school of the University of Michigan. Miss Rolon is a 1946 graduate of Plymouth High school.

The couple will set their wedding date for early fall of the coming year.

Union Thanksgiving Service at Methodist Church on November 27

The Union Thanksgiving Service this year will be held in the First Methodist church Plymouth, on Thanksgiving day at 10:00 a. m. The Rev. Benjamin L. Eicher, pastor of the First Baptist church will preach. Other ministers will take part.

Teachers Hear of Rio Conference at Club Meeting

Mr. Lawrence E. Good, director of the Detroit Inter-American Council, was the speaker at the monthly meeting of the Plymouth Teacher's club held Monday, November 3, in the high school. His topic was "The Rio Conference-Sunshine in a Dark World".

Mr. Good is well qualified to discuss Latin American affairs. He lived and worked in South America from 1938 through 1944, and, since that time, has observed critically the economic, social and political life of the Latin American countries.

After a very informative discussion of the South American countries and our political relations with them, Mr. Good discussed the meaning and importance of the Rio-conference. A military non-aggression pact of 21 nations in the western hemisphere, the Rio Conference has no vast military significance, Mr. Good believes. He does feel that it indicates a strong hemispheric cooperation which will improve as we work together.

Plymouth Girl in New Capping Service at Wayne

Miss Mary Helen Swanson, 315 N. Mill street, a student of nursing at Wayne University, was among the twelve trainees who received headpieces at the first candlelight capping service in the University's history held November 1 at Alger Center in Detroit.

In the ceremony, a tradition in all schools of nursing, the student's readiness to assume responsibility for patient care is symbolized by the placing on her head of an official student cap. After the capping ceremony she receives from a graduate nurse a light for her candle, and then repeats the Florence Nightingale pledge.

Wayne recently initiated a program whereby the University retains supervision of its students of nursing through all phases of their training. Previously, capping ceremonies had been handled by cooperating hospitals.

Miss Swanson, who is the daughter of Mr. and Mrs. Herbert F. Swanson, is in the first class under the new over-all program, in which Grace and Harper Hospitals cooperate. The twelve trainees have been working since August as ward proctors at Grace Hospital. They will be transferred in February for similar work at Harper Hospital.

A June, 1945 graduate of Plymouth High school, Miss Swanson is planning to receive her bachelor of science degree in nursing in June, 1950, and will at that time become a registered nurse.

Juvenile Arrested in Burglary Case

The arrest of Norman Rule has been reported by Police Chief Lee Sackett.

He was arrested on a charge of breaking and entering Swanson's Motor Sales on October 7 and stealing \$54. The boy has been confined to the Juvenile Detention Home in Detroit.

LOCALS

The MOMS will hold their regular business meeting Monday evening, November 10, at 8 p. m. Members will be notified by telephone as to the place of the meeting.

Mr. and Mrs. Austin Whipple entertained at a supper party Sunday evening at their home on Penniman avenue. Their guests were Mr. and Mrs. William Bake, Mr. and Mrs. Edson O. Huston, Mr. and Mrs. Henry E. Baker and family, and Dr. and Mrs. A. E. Van Ornum.

Mrs. Oscar Alsbro is confined to Grace Hospital in Detroit where she underwent an operation last Monday. Doctors report her progress as good and expect her to return to Plymouth some time the latter part of next week.

A week ago Sunday Mr. and Mrs. Albert Groth and Molly, and Mr. and Mrs. George Gottschalk and family of Plymouth, and Miss Geraldine Hench of Ypsilanti were dinner guests of Mr. and Mrs. Valbert Groth at their home in Owosso.

Mr. and Mrs. O. N. Tuckett entertained Mr. and Mrs. James Hanby of Norway at dinner last Friday. They also attended the football game.

Mr. and Mrs. D. Kisabeth, of 144 Plymouth road, entertained at a Halloween masquerade Saturday night, November 1. Those present were Mr. and Mrs. Earl Kisabeth, Mr. and Mrs. Robert Kisabeth, Mr. and Mrs. Glen Kisabeth, Mr. and Mrs. Jack D. Haine, Mr. and Mrs. Corliss Allen, Mr. and Mrs. Bernard Allen, Mrs. Vesta Allen, Mr. and Mrs. Joe Blakarski, Mr. and Mrs. John Gretka, and Durwood Savage, of Inkster.

Mrs. Carl Shear, Mrs. Raphael Mettetal, Mrs. Paul Wiedman, Mrs. Albert Pint and Mrs. J. M. Swegles were at the Belleville Methodist church Monday evening where they saw the film showing of the "Dirt Dauber's", 10 1/2 acre estate in Kentucky. The "Dirt Dauber" who is on the radio program "Garden Gate" every Saturday morning, is known in real life as Charles Williams.

are also included on the list of speakers for the evening. A demonstration of fire building will be given by Raymond Highfield, who recently returned from the Scouting Jamboree in France. He will present both ancient and modern methods. The troop's various trophies and awards will be displayed. Mr. Baker also stated. Investiture service for new scouts will be included on the program. They are: Casey Cavell, Gordon Champion, William Cowgill, Russell Foster, and Elmer Whipple.

Local Women Alerted to Danger of Prowler Who Terrorizes City

similar wave and although only two actual molestations were reported in that city, 28-calls of window peeping were reported last month. Chief Sackett also warns people on the use of fire arms in their homes and advises caution to avoid the possibility of some innocent person being shot. He urges people to call his department if the slightest suspicion is aroused on the actions of anyone or if strangers are seen in the early evening or at night in their neighborhoods. At the present time no description of the man is available since in all cases the women have been so hysterical that they have been unable to remember just what happened or how the person looked that entered the home. Parents are urged to accompany their daughters in the evening if they must be on the streets and police urge all residents to take extra precautions in seeing that their homes are properly locked.

Rocks Run Wild to Score 50 Points

sized was the fact that united effort on the part of the local citizenry can produce results and all urged a continuance of projects of this nature for the good of the community at large. The Plymouth high school band under the direction of Paul Wagner combined with the Northville and Livonia high school bands opened the program playing the Star Spangled Banner. After the program the Plymouth band again gave the spectators a show which will long be remembered. Probably the two most relieved spectators at the game were Superintendent Helmar Nelson and high school Principal Louis Schmidt who saw the results of their months of physical effort in building the field for the school come to a most successful conclusion.

Visitors from other towns that came to the game were high in their praise of the field and the officials that participated in the game stated after the contest that the Plymouth field was as fine as any in Michigan.

of the open house committee, while Mrs. Harold J. Brisbois is tea chairman. Floral arrangements for the affair are under the direction of Mrs. Paul J. Wiedman. The following women have volunteered to serve on the tea committee: Mrs. Melvin Alguire, Mrs. Maury Arnold, Mrs. Raymond Bachelord, Miss Marian Beyer, Mrs. Otto Beyer, Mrs. John Blickenstaff, Mrs. Erland Bridge, Mrs. George M. Chute, Mrs. Lee Coolman, Mrs. Winston Cooper, Mrs. Russell M. Daane, and Mrs. Harry Deyo. Others on the same committee are: Mrs. Harold Finlan, Mrs. Melvin Guthrie, Mrs. Horace Johnson, Mrs. Ward Jones, Mrs. Sanford Knapp, Mrs. Milton Laible, Mrs. A. Lincoln Lantz, Mrs. Roy Lawson, Mrs. Wendell J. Lent, Mrs. Lawrence Lyons, Mrs. Wayne Marzolf, Mrs. Robert McAllister, Mrs. Thomas Moss, and Mrs. E. J. Mulry, Mrs. Harry Mumby, Mrs. Richard Olin, Mrs. John Olsaver, Mrs. John Palmer, Mrs. Donald Rank, Mrs. Earl Reh, Mrs. Earl Russell, Mrs. Walter K. Sumner, Mrs. Dow Swope, and Mrs. Seth Virgo. The building has been made possible through the efforts of the Veterans' Memorial Foundation executive board. They have planned the Center as a partial answer to the pressing need of meeting places for veteran and city organizations. The following are members of the board: Cass H. Hough, chairman; Sterling Eaton, vice chairman; Russell M. Daane, treasurer; Marian M. Taylor, secretary; Reverend Henry J. Walch, publicity. Other board members are: Rebecca R. Erdelyi, Wendell J. Lent, Ralph G. Lorenz, David W. Mather, Edwin A. Schrader, Jack E. Taylor, and Camille I. Wimsatt.

Communism Was Keynote of U of M Club Discussion

"Communism in the unions is a real menace," Homer Martin stated at the University of Michigan club's discussion last Monday evening. The meeting took place at the home of Mrs. Nellie Bird, 217 Ann street. The guest speaker, Mr. Martin, is previous and first president of the International Union UAW-CIO.

He also stated that communists are carrying on an extensive educational program among the unlearned workers, teaching them hatred of things which are American, and promoting wildcat strikes by the hundreds. Mr. Martin said, in conjunction with this, that it is their plan to organize the strategic industries, such as the tool and dye plants, so that in case of war with Russia, they could tie them up and "wreck us from within."

Mr. Martin advocated that "free speech" as a cover because "freedom should not be extended to traitors." He approves of making them register as foreign agents, so that everyone will know them for what they are.

The speaker pointed out that communism stands for complete state ownership, which usually ends in fascism. He does not believe that government control is the solution, nor does he stand for too much union control. Rather, Mr. Martin favors independent unions.

He deprecates class distinctions, such as capital vs. labor or the losses against the workers. The answer lies, as he sees it, in profit sharing. It was Mr. Martin's contention that if this were the case, labor would work willingly and initiative would be encouraged.

The second in the series of the club's discussions will take place Thursday, November 13, at 8 p. m. in the home of Mr. and Mrs. Corolla Hamilton. Miss Marion Gale is in charge of this meeting which will feature Luther Butt, superintendent of the Ann Arbor district of the Methodist church, as guest speaker. The subject will be "Home and the Community." Interested friends are welcome. Reservations can be made by calling 1333-J or 115.

The "Story of Water" Told to Hi-12 Club

Members of Hi-12 were entertained by a motion picture entitled the "Story of Water" at their meeting Wednesday evening. The program was made possible by W. V. Clarke of the Soft Water Service company of Plymouth. He secured the film from Chicago. All reports indicate that the meeting was highly informative and interesting, and that the members appreciate Mr. Clarke's efforts.

Younger Set Gave Masked Parade Last Friday

Somewhere around 800 of Plymouth's younger fry took over last Friday afternoon and presented one of the most colorful and entertaining parades which residents of the city have seen in a long time. Their Halloween parade began about 1:30 p. m. and it wound down Main street from Central Grade school and back again. It was headed by drummers from the High school band, and the majorettes.

The parades included preschool children and students through the sixth grade of Central Grade school. They were disguised as everything from animals to skeletons. This is the first year the parade has been opened up to students other than those in the primary grades. Last year, however, was the first time the parade was attempted for any group.

The students paraded for approximately a half hour, returning to the school where members of the PTA and the Room Mothers served refreshments.

OBITUARIES

Mortimer J. Copeland
Services were held for Mortimer J. Copeland of Walled Lake, at 2 p. m., Tuesday at the Richardson-Bird funeral home in Walled Lake. Mr. Copeland, who was 54, died Saturday in St. Joseph Hospital in Pontiac. He had been ill for three weeks. Born in Jackson, Mich., he moved to Walled Lake in 1932. He was secretary of the Dunn Steel Products Co. of Plymouth, and was highly respected by his associates and friends. His wife, Gladys, a daughter, Mrs. J. F. Fox, of Commerce Lake, a son, Curtis W. of Walled Lake, and a brother, Edmund J., of Detroit, survive. Burial was in Oakland Hills Cemetery in Oakland county.

Bagwell Draws Record Jaycee Attendance

PAUL D. BAGWELL

When Paul D. Bagwell, national Junior Chamber of Commerce vice president, appeared at Wednesday night's meeting of the Plymouth organization, a record breaking attendance was reported. The meeting has also been termed as one of the most important held by the Jaycees in Plymouth, since this is the first time a national officer has appeared before the group since it was organized in 1939.

The theme of the evening was "Past Presidents' Night", and all the former presiding officers were present. In recognition of their service to the club, they were presented with certificates of life membership by George Todd, present head. Those receiving certificates in order of their tenure of office, were: Robert Wesley, John MacLachlin, Frank Walsh, Marvin Terry, J. Rusling Cutler, Raymond Jack Marsh, Charles Wolfe, and Edward Sinta.

Mr. Bagwell, who gave one of the finest speeches ever delivered before the Plymouth group, spoke on the Jaycee organization. He told the members and guests that young men of today have the same opportunities as those in past years. He pointed out that when the early history of America was being made, young men were making it. As an example, Mr. Bagwell reminded the group that the early leaders, who met for the first congressional congress, had an average age of 30.

In conjunction with this, he emphasized that these same opportunities still exist. By joining

an organization such as the Junior Chamber of Commerce, young men can get proper training for leadership, cooperation with fellow men, and learn how to assume group responsibility. Members of this group, he pointed out, are important to the welfare of the community, state, national, and world. Bagwell is head of the department of Written and Spoken English at Michigan State college, as well as acting head of the speech department.

Many guests from Plymouth and nearby Jaycee chapters attended the meeting. Plymouth dignitaries who were present were: Jack Taylor, mayor, Frank Terry, president of Kiwanis club, Paul Wiedman, Rotary club president, and James Latture, speech coach.

Group singing for the evening was led by Wendell Lent, and entertainment was furnished by high school vocal and instrumental groups. Roland Witt, winner of the Jaycee sponsored speaking contest, "I Speak For Democracy," gave a humorous reading. Charles Wolfe, immediate past president, introduced Mr. Bagwell.

TB Survey to be Conducted Here

Helmar Nelson, superintendent of schools or Mayor Jack Taylor will preside over the meetings which will be held by the planning committee. Sterling Eaton is chairman of the public education program, and Mrs. Fannie Booth and Mrs. Christine Witwer are in charge of the neighborhood organization committee. Those working with the latter women will be Mrs. Henry Hees, Mrs. Vivian Keith, and Mrs. Ellen Arnold.

X-Ray plans for small industries business places will be made by Paul Wiedman, Ernest Henry, and James Houk. The survey clinic arrangement will be made by Mrs. Jack Taylor, Mrs. Mary Strassen, the school nurse, will supervise the school program.

The X-Ray unit is movable and can be taken to the various industries of the city, as well as several spots around the city for the convenience of residents. A program is also being planned so that they can be taken in evenings, part time.

When a similar survey was taken in Plymouth approximately 18 months ago, 20 active cases of TB were discovered.

In Manhattan, Evelyn Cooney, who writes newspaper obituaries, announced her engagement to Bill Gannon, who embalms the subjects.

Education Week to Stress School Needs, Benefits

(Continued from page 1)
ned for the grades, since officials believe it is more important that parents see the classes as they actually are. They feel that in this way, the good points can be seen as well as the needs.

Paul E. Johnson, elementary coordinator, stated that future plans for the grade schools deal with reorganizing the curriculum and that school administrators would like as much public participation in the change as possible.

He also pointed out that at present there are 1,150 children attending grade schools. He stated that of this number, 210 are enrolled in kindergarten this year. To carry out the mathematics, these figures mean that if the enrollment in the kindergarten keeps on at the present rate for the next six years, the school's population will be near the 1,500 mark. If this is to be the case, and there is no reason to believe differently, at least 12 additional classrooms will be needed for the elementary students. Then, when the same group goes to enter high school, that building will be eight rooms short.

Mr. Johnson stressed that grade school instruction is particularly

important in that it lays the basis for all education that is to follow. Often times children need special attention and instruction during these years and the main prerequisite is that classes be small. This is impossible at present, however, since there simply are not enough classrooms.

This shortage is felt equally as strong in the high school. A larger variety of courses and instructors cannot be available until there is more room. Not only this, the classes are much too crowded at present. It is not unusual to seat 35 in a room which was designed for 25. Also, students in outlying districts are constantly being turned down because of lack of room. Often times this means that the person has to go without formal schooling. In the past 15 years the enrollment has increased 85 percent, yet there is no more space than there was at that time. A University of Michigan professor recently stated that if 20 million dollars were spent annually on education in the state, it would take 10 years for the space and facilities to be adequate for the enrollment.

Plug-in fluorescent lamps have been developed for special lighting assignments in the kitchen, bathroom, playroom or laundry.

Show Navy Films to Kiwanis Club

the piano for Kiwanis singing each meeting night for the past 10 years, had turned in her resignation. Chauncey Rauch, music director, presented Miss Vickstrom with a gift and stated that "she has contributed in no small amount to the Plymouth organization being known as the 'singing club.'"

Two new members were initiated in the organization at Tuesday's meeting. They were: Iver (Bud) Wilson, of the firm of Carley & Wilson, and Leo Schultz, who operates a machine shop on Five Mile road.

Thirty rounds were shot in the Flintlock competition and 200 in the Percussion Cap. A total of 1400 bullets had to be molded for the affair. According to the president, Dr. B. E. Champe, this may possibly become an annual event with the organization.

Here's Good News Home Found for Four Aged People

(Continued from page 1)
 board also acquired other lots the same way which are to be used by the board for trading purposes with individuals still owning lots on the chosen site.
 When the school purchased the house occupied by the four old residents, which the board intended to trade for lots on the new site, the occupants were given notice of the transaction and told that they must vacate.
 Shortly after, however, the school traded the home and the new owner was given a contract for the sale of the same. In the contract the school authorities stipulated that the new owner must have it vacated by six months after the date of the transaction.
 On the word of the present owner, he had no other alternative under the terms of the contract with the school than to fulfill its clauses. Superintendent

Johnson admits that he included the clause in the contract for what he regarded as the best interests of the district.
 However, in the meantime the school board was informed early in October by a relative of the elderly people that the house had again been sold and asked if the board would grant them the right to stay in the house until spring. This the board did. Then the issue was forgotten as far as the school authorities were concerned.
 Here again, however, the real estate deal fell through and this seems to be the main point of the entire issue. The actual owner of the house, who had had no contact with the board about an extension of the terms of his contract, started eviction proceedings in order to comply with the contract.
 Since the story appeared in The Mail, however, the four old people now have another home and they are very happy. The school board members, who take all the credit and blame for the actions

of their superintendent in this particular case are also happy that the people have a new home and that the mess has cleared itself up, and needless to say the owner of the property is especially well pleased that his action in court can be forgotten.

Police Report Recent Thefts

(Continued from page 1)
 ed Flagg McCartney's Mobile gas station, which is located at 702 South Main across from Begleiter's. Nothing was reported taken, however.

A blanket, suit coat, top coat and box camera were stolen Saturday night from a car belonging to Harold Jenkins, 7274 Sheldon road. The car was parked in a lot on South Main.
 Chief Sackett also reported that a car belonging to Arthur Reaume, of 15769 Stanford, was stolen while he was attending a motion picture in a Plymouth theater last Tuesday. It was recovered approximately three hours later. At the time it was found it was parked on Penniman, four blocks away from the spot where Mr. Reaume had left it.

Pressing Trousers
 Press top of trousers over end of board. Fold by matching cuffs, lay flat on board, and turn top leg back. Press crotch side of each leg first, outside last, ironing vertically along crease. To remove shine, steam material thoroughly, lift pressing cloth while steam is still rising, and use a clothes brush to whisk briskly against the nap.

Soil Depletions
 Almost 200,000 tons of potash are removed in crops each year and in return, the soils receive about 45,000 tons in manure and only 20,000 tons in commercial fertilizers. Annual needs of phosphoric acid have been estimated at about 140,000 tons; farmers return 30,000 tons in manure and add an extra 60,000 tons in commercial fertilizer. The deficit is no greater than before the war.

Chicks Grow at a Very High Rate
 One hundred day-old chicks weigh about eight pounds. One hundred eight-week-old chicks will weigh 150 pounds, or 20 times their original weight. Overcrowding causes uneven growth, slow growth, runts, poor feathering, cannibalism and usually excessive death losses.

Farm Production
 Agricultural products produced during 1944 included such record-breaking totals as 155,000,000 head of livestock, 119,000,000 pounds of milk, 13,500,000 tons of commercial truck crops and the harvest of over 97,000,000 acres of corn and 110,000,000 acres of wheat, oats, rice and soybeans.

Water Mammal
 A muskrat (musquash) can travel as far as 50 yards under the water without coming up for air. His fur is nearly as fine and dense as that of a beaver. When treated and dyed it may be known as Hudson seal, Wallaby, Velvet Cone, River Mink, Sealskin and a number of other trade names.

Color Moods
 The study of the relation between the colors which surround us and the state of our physical and mental health is but in its infancy. There is no doubt that the colors in rooms have the most influence on the mood of every human being who comes in contact with them.

Painting Basement
 In painting basement or cellar walls, dark colors should be avoided. Light reflecting paints, such as white, cream or buff are particularly desirable, and make cellar rooms lighter, more cheerful and livable.

Black Potatoes
 Investigation of the reasons for the blackening of cooked potatoes indicate the discoloration may be caused by iron within the potatoes or by lack of potash, phosphorus, or calcium in soils.

Transmit Electricity
 In 1887, Heinrich Hertz showed that waves, sent out by an electric spark, produced another spark in a nearby wire loop. Hertz proved that electricity could be sent through space—without wires!

Rayon Wash
 Breaks that appear in rayon clothes after laundering may be the result of too strenuous twisting and wringing. Gentle squeezing is recommended because rayon is weak when wet.

New Flavor
 The brine left from a jar of sweet pickles may be substituted for vinegar when making a salad. It will contribute an entirely different and delicious new flavor.

Heavy Fine
 An Ohio hunter who violated the migratory bird regulations by killing 28 ducks in one morning, recently paid a fine which amounted to \$17.60 per duck.

New England Catch
 Six hundred million pounds of seafood are caught by New England fishermen in a normal year, 85 per cent of this consisting of only 10 species.

First Co-ed School
 In 1833, Oberlin Institute, first co-educational college in the United States, was established at Oberlin, Ohio.

Peps Up Plants
 A side-dressing of either a complete fertilizer or nitrogen alone, applied to many vegetable crops in the late summer when they are producing fruits or growing a root, will pep up the plant just enough to more than pay for the application. In many instances this extra plant vigor may be the factor needed for the maturing of a full crop of fruits or greatly increasing the size of root crops. Let the plants be your guide. They will indicate whether or not extra fertilizer is needed.

Easily Grown
 Kale is an easily grown vegetable, but it is one of those vegetables that unless you have been accustomed to it, you are likely to pass it by. Seeds that are sown in late April will start producing usable leaves in a couple of months. It can be planted until August 1, which will give you grand plants to use during the fall. Kale is hardy. If protected with corn stalks or straw to keep the rabbits off and shaded, it can be used all winter long.

Fresh Parsley
 Fresh parsley will keep its color and its pungence for a week, at least, if after washing it well you pop the wet leaves and stalks into a tall glass jar. Screw on the cap, place in the refrigerator; lo, when you need crisp parsley for seasoning or garnishes—it's yours at the turn of a wrist!

Storing Insecticides
 Plainly mark all containers in which insecticides are stored with date of purchase. Keep these tightly closed and in a specially selected place, preferably under lock and well out of reach of children as well as others who may be unfamiliar with them.

Table Service
 At table, serve small pats of butter, leave crusts on bread, pour out only as much milk as the family will drink. Get your family's cooperation in trying out foods other than their favorites when they are in the market.

Start Transplants Right
 Transplants will get a better start in your garden if you give them a "shot" of starter solution made by dissolving 1 pound of 4-12-4 garden fertilizer in 10 gallons of water. Pour a cupful around each plant when you set it out.

Repels Sharks
 Sharks will not eat dead shark meat. So now, for use in shark-infested waters, scientists have devised a repellent of decomposed shark meat, about the size of a small bar of soap, which is pinned to the life jacket.

Can Tomatoes
 To make the winter's meals more interesting and to provide vitamins A and C, can as many tomatoes as possible, and if you have plenty of them, try making your own tomato juice.

Wiped Out Piracy
 During the 19th century, combined British and American sea power swept piracy from the high seas and guaranteed innocent passage to all on lawful missions.

Woods-Petrosky Concert to Take Place Wednesday

(Continued from page 1)
 Weber. The intermission will be preceded by Suite No. 2, Opus 17 by Rachmaninoff. Included in the latter are an Introduction, Waltz, Romande, and Tarantella.
 The final portion of the program will begin with "Fetes", from "Nocturnes", by Debussy, and Six Waltzes from "Lubelskier", by Brahms. "Hora Staccato", by Dinicu and a Polka from "Bal-let Le Coq d'or", by Shostakovich will also be included with "Jamaican Rumba" by Benjamin and "The Blue Danube" by Strauss.
 In the way of musical background, Miss Woods was awarded a scholarship to the Juilliard School of Music at the age of 13. She graduated in 1935, following which she was awarded a fellowship in the graduate school. In 1937 she won the Ezerman Foundation scholarship and continued her studies under Olga Samaroff Stokowski at the Philadelphia Conservatory of Music.
 Miss Petrosky's training in music is equally as impressive. She is listed as being a piano pupil of Willoughby Boughton. She also studied at the American Conservatory in the master class of Josef Thevinne and at the Detroit Institute of Musical Art with Carl Friedburg. Miss Petrosky graduated from the Detroit Teacher's college and got her master's degree from the Detroit Institute of Musical Art and Northwestern University. For the past two summers she has been a student at the Westminster choir college where she studies organ with Claire Coci.

practice of Mr. Penniman of giving all the boys of Plymouth a bright, shiny new quarter when they called at his home on Christmas day to wish him a Merry Christmas. There are several of the "little boys" who received some of these quarters still living. He pointed out that it was true that Mr. Penniman made lots of money in the early days, but it was due to wise investments. He helped to organize the first bank in Plymouth back in 1871 and was its first president. C. H. Bennett was its first vice president. But this is not all. He was interested in nearly all of the various community activities and his farm-home, located on the West edge of town along the old Sutton street, was one of the early show-places of this locality. Mr. Roe

states that Mr. Penniman was always busy and of a pleasant nature.
 Change the name of Penniman avenue to Territorial? Some say yes, some say no. At any rate those who favor the change believe it would do much to end confusion as to where to get on Territorial road, which is a continuation of Penniman avenue.
 One business man has suggested that it would help a whole lot if the city would have some street signs made with "Territorial" printed on them and with an arrow pointing in the direction of Territorial.
 Both Penniman avenue and Territorial road happen to be most attractive residential streets, with two blocks of Penniman avenue being business property.

Color Moods
 The study of the relation between the colors which surround us and the state of our physical and mental health is but in its infancy. There is no doubt that the colors in rooms have the most influence on the mood of every human being who comes in contact with them.

Painting Basement
 In painting basement or cellar walls, dark colors should be avoided. Light reflecting paints, such as white, cream or buff are particularly desirable, and make cellar rooms lighter, more cheerful and livable.

Black Potatoes
 Investigation of the reasons for the blackening of cooked potatoes indicate the discoloration may be caused by iron within the potatoes or by lack of potash, phosphorus, or calcium in soils.

Transmit Electricity
 In 1887, Heinrich Hertz showed that waves, sent out by an electric spark, produced another spark in a nearby wire loop. Hertz proved that electricity could be sent through space—without wires!

Rayon Wash
 Breaks that appear in rayon clothes after laundering may be the result of too strenuous twisting and wringing. Gentle squeezing is recommended because rayon is weak when wet.

New Flavor
 The brine left from a jar of sweet pickles may be substituted for vinegar when making a salad. It will contribute an entirely different and delicious new flavor.

Heavy Fine
 An Ohio hunter who violated the migratory bird regulations by killing 28 ducks in one morning, recently paid a fine which amounted to \$17.60 per duck.

New England Catch
 Six hundred million pounds of seafood are caught by New England fishermen in a normal year, 85 per cent of this consisting of only 10 species.

First Co-ed School
 In 1833, Oberlin Institute, first co-educational college in the United States, was established at Oberlin, Ohio.

VOORHIES DIRECTS VAST FINANCIAL AID TO ALBION

Paul W. Voorhies, former well known Plymouth resident who still retains many business ties to this city, president of the Kresge Foundation of Detroit, recently designated that \$500,000 of a \$750,000 gift made by the Foundation to Albion college, be used for the building of a rededicated hall for male students at Albion and that \$250,000 to be added to the general endowment funds of the college.
Attorney Voorhies, who served Plymouth many years as its attorney, later becoming prosecuting attorney of Wayne county and attorney general of Michigan, has been active in Kresge Foundation affairs since its creation many years ago.
Several months ago the Board of Trustees of Albion endorsed a campaign for five million dollars to meet the imperative needs of the institution.
This generous gift from the Kresge Foundation will give impetus to the effort to reach such an objective through which it will be possible for the college to meet such pressing demands as those created by the upward curve in teaching costs, changes in curriculum, necessary expansion of buildings and added services to students," said President Whitehouse.
He further stated that Albion, essentially a church-related private college with a selected and limited enrollment of students from 27 states and several foreign countries, would continue to personalize education and prepare youth for a life of service in our free society.
The Kresge Foundation grant is the largest single gift that Albion has ever received. The new residence hall, which will be the first college-operated dormitory for men on campus, will be located on Cass and Hannah streets.
The expanded building program also includes the erection of an enlarged science building, a student center, and a new wing to the women's dormitory, Susanna Wesley hall.

STATE OF MICHIGAN, THE PROBATE COURT FOR THE COUNTY OF WAYNE
No. 351,572
In the matter of the Estate of WILLIAM BARTEL, Deceased.
Notice is hereby given that all creditors of said deceased are required to present their claims, in writing and under oath, to said Court at the Probate Office in the City of Detroit, in said County, and to serve a copy thereof upon GEORGE BARTEL, Administrator of said estate at Plymouth, Michigan on or before the 15th day of January, A.D. 1948, and that such claims will be heard by said court, before Judge James H. Sexton in Court Room No. 527, Wayne County Building in the City of Detroit, in said County, on the 17th day of January, A.D. 1948, at two o'clock in the afternoon, and in the case of a surviving spouse, the court will also at that time determine whether and to what extent claims and administration expenses are payable out of community property or out of separate property of the deceased.
Dated November 3rd, 1947.
Published in The Plymouth Mail, once each week for three weeks successively within thirty days from the date hereof.

Members of Church Class Entertained by Tillotson Family

The Reverend and Mrs. Roy Tillotson, formerly of Plymouth, entertained members and guests of the J. I. M. class of Calvary Baptist church at a fellowship meeting in their home at Adrian last Saturday, November 1.
The Tillotson family are in this country on furlough from the mission field in Argentina. High point of the program was the message on "Obedience" by Rev.

Child Fatally Burned in Destructive Fire

The home of Mr. and Mrs. Charles Pierce, of Watts, Arkansas, was recently destroyed by fire and one daughter was fatally burned. The couple formerly lived in Plymouth and are daughter and son in law of Mr. and Mrs. Floyd Schroeder, of 645 Forest street.
A new aluminum, electric popcorn popper can serve also as a hot plate, or as container for the preparation of soups and stews.

Marines for 172 Years

The U. S. marine corps observes its anniversary on November 10, because it was on that day in 1775 that the continental congress authorized its formation. Since then, behind its motto "Semper Paratus," the marine corps has made tremendous history. Since 1775 its members have fought all over the world, but this generation of Americans probably will remember the marines best for their dogged, bloody conquest of Iwo Jima, that little pile of volcanic ash in the Pacific, and the superb act of securing the American flag atop Iwo's Mount Suribachi.

Emperor's Horse Operated on by Northville Vet

The pure white Arabian stallion, which once belonged to Emperor Hirohito, was operated on by Dr. E. B. Cavell, of Northville, last week. The horse is now owned by Lieutenant Arthur Ryan of Detroit.

Lieut. Ryan purchased the horse during his station in Japan. He shipped it to this country, and, since its arrival, has been touring with the prize stallion, presenting it at various showings.

Dr. Cavell was chosen to perform the operation on the recommendation of various horse owners in Detroit. The veterinarian has lived in Northville for approximately 50 years.

Conservation is Theme of Meeting

Colored pictures of the upper Peninsula were featured at last Monday night's regular monthly meeting of the Business and Professional Women's club. The pictures were shown by Mrs. Elizabeth Cole, from the State Department of Conservation, who also spoke on conservation.

She explained to the group that conservation means the wise use and careful management of our natural resources, or a planned harvesting of nature. Mrs. Cole also related how one can be friendly with and use the out of doors throughout the entire year. The speaker concluded her talk with an explanation of the work of the Conservation Training school located at Higgins Lake.

The program for the evening was under the supervision of the public affairs committee, consisting of Mrs. Norma Cassady, chairman, Gertrude Danol, Hanna Strasen, and Mary Ellen Kenyon. A turkey dinner preceded the meeting, while the usual business meeting was called to order by vice president Mrs. Belle Young, following the program.

Sheriff Hunts Fiends in County

Attempts at rape and molesting of children in Wayne County rural sections still continue to be the cause of frequent complaints to the Sheriff's Road patrol.

During the past week, three cases of the molesting of children, two cases of attempted rape and one case of indecent exposure were reported to the Road Patrol and investigated, but no arrests were made because victims were unable to furnish adequate descriptions of the culprits and in addition, the culprits fled as soon as the victims screamed and, therefore, were not apprehended by the Road Patrol.

Ted Jackson, 34148 Warren road, Nankin Township, who is a collector from newsboys for the Detroit News, reported to Sheriff Edward Behrendt's Road Patrol on Saturday, October 25, that his home at the above address had been broken into during the night and that \$200.00 worth of change, which was contained in three bags, had been stolen. The change consisted of half dollars, quarters, dimes, nickels and pennies. The burglary is being investigated by the Sheriff's Detective Bureau.

The following resolution was offered by Commissioner Whipple and supported by Commissioner Henderson.

BE IT RESOLVED, that the City Clerk be directed to give notice of the submission of the question of whether to construct a water softener and iron removal plant, at the special election to be held on November 4, 1947, in the manner required by law.

BE IT FURTHER RESOLVED, that the ballot be worded as follows:

"Shall the City of Plymouth construct a water softener and iron removal plant to cost approximately \$120,000 and issue bonds to cover cost thereof?"

Yes ()
No ()

It was moved by Commissioner Whipple and supported by Commissioner Henderson that the question be divided into two distinctly separate parts so that one question be on the water softener and one question on the iron removal plant, both to be on the same ballot.

Ayes: Mayor Taylor, Commissioners Davis, Henderson, Lidgard and Whipple.

Nays: None.

A vote was taken on the original resolution.

Ayes: Mayor Taylor, Commissioners Davis, Henderson, Lidgard and Whipple.

Nays: None.

The Clerk was instructed to put at the bottom of the ballot a statement telling that the combined cost of the two would equal approximately \$120,000.

The following resolution was offered by Commissioner Lidgard and supported by Commissioner Henderson:

WHEREAS, this Commission has heretofore deemed it advisable to vacate the easement now existing upon, over and across the north 10 feet of Lots 48 and 49 of Park Subdivision No. 1, being part of the S. E. 1/4 of Sec. 26, T. 1 S., R. 8 E., City of Plymouth, Wayne County, Michigan, according to the Plat thereof recorded on January 22, 1922 in Liber 44, Page 10, Plats, Wayne County Records, and

WHEREAS, due and proper notice of the proposed vacation of the above described easement has been given in the Plymouth Mail, a newspaper published and circulated in the City of Plymouth, and

WHEREAS, no objections have been received to the proposed action of the City Commission to vacate the above described easement,

NOW, THEREFORE BE IT RESOLVED that this Commission hereby declares that said easement is vacated.

BE IT FURTHER RESOLVED, that the City Clerk be instructed to file a certified copy of this resolution with the Register of Deeds of Wayne County, and the Auditor General of the State of Michigan.

Ayes: Mayor Taylor, Commissioners Henderson, Lidgard and Whipple.

Nays: None.

Commissioner Davis asked to be excused from voting because of business reasons.

You're Planning Now for '48...

YOU'RE figuring how to cut costs, increase yield, conserve time, labor and the land—probably by budgeting new farm equipment. It's the logical step, since greater use of machinery offsets higher labor and farming costs.

with your county agricultural agent. He has the latest information, based on down-to-earth research, on all types of electrical farm equipment. He can arrange for you to see the equipment at work... to talk with the farmer who owns it.

In short, he can give you accurate, unbiased recommendations on your long-range electrification program. He has no equipment to sell; there's no charge for his services. He's there to help you make more money from every acre you farm.

But it's not always easy, on a budget, to know which is the wiser immediate investment—an electric brooder, a feed grinder, a portable grain elevator...

TO THE SUPERVISOR OF THE TOWNSHIP OF CANTON, WAYNE COUNTY, MICHIGAN. You are hereby notified that the Board of County Road Commissioners of the County of Wayne, Michigan, did at a meeting of said Board held October 16, 1947, decide and determine that the certain roads described in the minutes of said Board should be County Roads under the jurisdiction of the Board of County Road Commissioners. The minutes of said meeting fully describing said roads are hereby made a part of this notice and are as follows: "Minutes of the meeting of the Board of County Road Commissioners of the County of Wayne, Michigan, at 10:00 a.m., Eastern Standard Time, Thursday, October 16th, 1947. Present: Commissioners Wilson, O'Brien and Brown.

It was moved by Commissioner Brown that the Board assume jurisdiction over the following streets in the Township of Canton, Wayne County, Michigan: All of Woodbrook Drive, 60 feet wide, and all of Gold Arbor Road, 30 feet wide, as dedicated for public use in Canton Hills Subdivision of part of the West 1/4 of the Southeast 1/4 of Section 26, Town 2 South, Range 8 East, Canton Township, Wayne County, Michigan, as recorded in Liber 70 of Plats, on Page 81, Wayne County Records, being in all 0.323 mile of subdivision streets. The motion was supported by Commissioner O'Brien and carried by the following vote: Ayes, Commissioners Wilson, O'Brien and Brown; Nays, none.

Whereupon it was ordered that the above described streets in the Township of Canton be hereafter County roads under the jurisdiction of this Board.

THIS NOTICE IS GIVEN UNDER AND BY VIRTUE OF ACT NO. 283 OF THE PUBLIC ACTS OF 1906, AS AMENDED. In testimony whereof, I have hereunto set my hand at Detroit this 24th day of October A.D. 1947.

Armistice Day—November 11

"Upon the brow of Arlington Hill, across the Potomac, in the shadows of the nation's Capitol, stands a shaft as white as the driven snow. Inscribed on that monument are the immortal words: 'Here rests in honored glory an American soldier known but to God.'"

"An army sentry guards him. 'No one knows his name. 'No one knows whether there flowed in his veins the blood of a noble or that of a peasant. 'No one knows his race, color or creed. 'No one knows from what home he came, whether from a hovel or mansion. 'No one knows whether he is Protestant, Catholic or Jew. 'But the whole world knows where he went—to fadeless fame and undying glory. 'He is called the Unknown Soldier.' (By Harry H. Schlaecht)

By Helen Potter and Kay Knowlton

The pattern of the garden you enjoyed last summer can be the foundation of a winter garden too. You will need only to fill in with color—with the persisting winter foliage of evergreens and with the colored bark and bright berries of various shrubs. George Merryweather at Merry-Hill Nursery (on US-12, 3 1/2 miles west of the Mayflower Hotel), will help you to choose the right shade trees, shrubs and evergreens for planting now. And winter's first snowfall will bring you a garden you never knew.

Morale is made up of a lot of little things—and not all of them expensive. If you're a working gal, frantically climbing into a freshly cleaned suit and blouse is one of them. Herald Tri-Cleaners will not only clean your things, but will also protect them from months for TEN years (that's a guarantee!) and waterproof your outdoor wear. If you call 110, Herald will pick up and deliver anywhere within the city limits and nearby subdivisions. 24 hour service, too.

This is for the gal who hates the nagging irritation of shoulder straps with the droopy white cotton slips with built-up shoulder straps that won't fall down, and with four-gore styling which guarantees that, even when you're as active as a whirling dervish the slip won't ride up, bunch or twist. Nicely finished with hem-stitching, in sizes 38 to 52, and you can buy them to size—they won't shrink. They're \$1.50 at Norma Cassidy's, Main Street at Penniman.

Maybe you won't go as far as to suggest to the Man in your Life that he would look sharp in a Malibu Beach Special (chartreuse slacks, canary yellow shirt and coral tie), but you CAN surprise him for Christmas with one of those good looking men's jewelry sets personalized with his own initials. The Robert Simmons Co. has sets with key chains, tie chains and cuff links (from \$2.50), as well as cravat sets (tie chain and collar clasp), leather goods and lighters. \$1 will open your Christmas layaway.

Thanksgiving Day may mean you're having dinner out this year. The Mayflower Hotel already is planning a scrumptious holiday menu, complete with turkey and all the fixin's. Mr. Lofy gave me a preview peek at the bill of fare he's planned, and WE is going to be among those present—all 7 of us. But call Mr. Lofy ahead of time at 250 for your reservation. PS: Those will be home made mince and pumpkin pies you see on the menu. So save a little room!

It's a good idea to start making your Thanksgiving Dinner plans early anyway, wherever it's going to be. If you're among the young married couples who are going to celebrate at home, why not get together with another couple to share the fun and the preparation? And if you want to give your dinner that extra touch Goodale's has it—anchovy paste, smoked shad pate, even cod roe. And Crosse & Blackwell's Old English mince meat for the traditional but extra delicious pie (it has rum and brandy in it!).

I was reading an article on hard water conditions the other day. Hard water costs a Plymouth housewife about \$150 a year in terms of soap used, gradual destruction of your fine fabrics, necessary plumbing repairs etc. (Plus wear and tear on a gal's disposition.) Compare that \$150 with the \$2.50 a month it costs you to rent a Culligan water softener from Soft Water Service 1376 South Main. And no service worries, either. Call Mr. Clarke at 707 for soft water the Culligan way.

The National Safety Council says that children riding to school on street cars, trackless trolleys and buses are seven times safer than if they were driven to their studies in a private motor car.

HOUSEHOLD MEMOS

Don't Skip Lunch If You're Striving For Balanced Diet

Shirred eggs may be popped into the oven a few minutes before luncheon. Line individual baking dishes with leftover vegetables or meat for a more substantial luncheon.

Have lunches suddenly become a problem now that cooler weather is with us and a few pieces of fruit and a glass of milk just don't seem to satisfy you? Or, are you like the woman I know who is trying to lose weight and is trying to get nourishment without a lot of calories and is trying to cut down on easy-to-prepare sandwiches?

No matter which of the above situations is your particular problem, the column today is designed to help. The woman who works around the house has a definite luncheon problem, mainly because she needs to balance her diet as well as keep up her energy for household tasks.

Calories are a problem to her whether she is trying to maintain, gain or lose weight. Economy, too, in these days of rising prices, is a problem because she doesn't always care to eat leftovers from the night before, at least, just as leftovers, heated and set on a plate.

For these reasons, I think the answer to the luncheon at home is to have eggs made in one of several interesting ways. And, if just eggs alone aren't appealing enough, use them with vegetables or other foods to make them appetizing.

Eggs are a rich protein food, low in calories, high in nourishment. They can be filling, and they can be tempting provided you experiment with novel ways of serving.

First on the list are two interesting salads with eggs. Serve them with crisp wedges of lettuce or lettuce cups.

Break greens into bowl. Cut eggs into wedges. Combine all ingredients with french dressing to taste. Here are egg dishes which are nice for luncheon if you have the youngsters coming into eat with you.

Eggs Diablo.
(Serves 6)
6 hard-cooked eggs
6 slices toast, buttered
1 cup tomato catsup
1/2 cup chili sauce
2 tablespoons Worcestershire sauce
1 tablespoon butter
1 teaspoon mustard
1/2 teaspoon vinegar
1/2 teaspoon salt
1/2 teaspoon pepper

Slice eggs onto buttered toast and cover with a sauce made by heating the other ingredients to the boiling point. Serve hot.

Egg-Asparagus Double Decker.
(Serves 6)
12 slices toast
6 eggs, creamed with 2 cups white sauce
Asparagus tips

Cover half the toast with creamed eggs, place asparagus tips on each and top with second layer of toast, eggs and asparagus.

Dutch Baked Eggs.
(Serves 6)
6 hard-cooked eggs
2 tablespoons butter, melted
1/2 teaspoon minced parsley
1/2 teaspoon dry mustard
Salt and pepper
1/4 cup cleaned shrimp
1 cup cream or evaporated milk
Grated cheese
Butter

Chop eggs, add melted butter, seasonings, shrimp and cream; mix well. Pour mixture into greased baking dish and sprinkle top with grated cheese and bits of butter. Bake in a hot oven (400° F.) about 10 minutes or until cheese begins to melt.

Chinese Poached Eggs.
(Serves 6)
1 cup rice
2 tablespoons butter
Salt and pepper
2 tablespoons flour
1 cup milk
1 teaspoon grated onion
1 tablespoon chopped celery
6 eggs, poached

Cook rice in boiling, salted water. Drain and blanch. Prepare white sauce by melting butter, blending in flour, salt and pepper. Add milk, grated onion and celery. Cook until thickened, stirring constantly. Arrange hot rice on platter, place eggs on top and cover with sauce. Garnish with paprika and celery.

Shirred Eggs.
Grease individual baking dishes. Break into this an egg and bake in a moderately low (325° to 350° F.) oven for 12 to 18 minutes depending upon firmness desired. Serve from baking dish. Top with bread crumbs or cheese before baking, if desired. Or, layer the dish with chopped chicken, sausages, bacon as well as cooked or mashed vegetables before breaking in eggs, as desired.

Earl Reh Will Be Choral Group's Tenor Soloist

When the Plymouth Community chorus and Symphony orchestra present their December 7 concert, F. Earl Reh, 1251 West Ann Arbor trail, will appear as tenor soloist. Mr. Reh has been soloist with a Detroit church choir for many years.

At present the vocal group is practicing portions of Handel's "Messiah" which they will sing to the accompaniment of the instrumental group. The concert will take place in the High school auditorium.

According to the chorus director, Fred Nelson, the members now number 65. Rehearsals are held every Monday evening at 7:30 in the auditorium.

Among other instrumental selections, the orchestra, under the direction of Paul T. Wagner, will play Grieg's "To The Last Spring," a number for string orchestra of unparalleled beauty.

On Armistice Day—
Have We Progressed?

Pericles, an Athenian orator, spoke thus of Athenian dead on the armistice after the first Peloponnesian war 23 centuries ago:

"While collectively they gave their lives, individually they received that renown which never grows old and the most distinguished tomb they could have; not so much that in which they are laid, as that in which their glory is left behind them, to be everlastingly recorded on every occasion for doing so."

"For of illustrious men the whole world is the sepulcher, and not only does the inscription upon the columns in their own land point it out, but in that also which is not their own there dwells with every one an unwritten memorial of the heart, rather than a material monument."

How far have we come, when we consider that the same words are being spoken about men who died in war as late as 1945?

You seldom hear of accidents occurring while men are actually engaged in correcting some extremely hazardous condition. This servation Bureau, the men are is because, says the National Commission, aware of the danger involved and are alert to it. In most cases they have viewed the general setup from a safe distance and planned a safe procedure before undertaking the work. The small jobs, where workers are careless or take chances, are the killers, the Bureau warns. Be alert—take care—stay alive!

Parents Warned by The Sheriff

In the past week a large number of sex cases involving children of very tender ages has been reported to Sheriff Edward Behrendt's Road Patrol. Many of these cases are most sordid and involve not only adults but both boys and girls. In many of the cases children that were little more than infants were molested. Parents are urged by Sheriff Behrendt, in view of the rising number of sex cases being reported, to keep close watch on their children and to warn them never to enter cars with strangers. It is only by such close surveillance of the children that the opportunity for these sex perverts to molest them can be avoided.

Junior Deputy Sheriff Larry Weston, 15, of 8314 Fenton, Dearborn Township, reported to Sheriff Edward Behrendt's Road Patrol on Thursday evening, October 23rd, that while hunting in the vicinity of Five Mile Road and Ridge he had discovered \$7,000.00 worth of motion picture reels hidden in the woods. Sheriff's Road Patrol recovered the property and learned that the reels had been stolen last September from a film rental agency at 6856 W. Warren. Young Weston is a lieutenant in the Wallaceville School Junior Deputy Club.

Ralph Houchard, 40309, Tyler Road, Nankin Township, reported to Sheriff Edward Behrendt's Road Patrol on Friday, October 24th, that over a period of time prowlers have stolen hogs from his place and also an electric motor pump. He says that prowlers so frequently visit his place that he thinks it would be desirable for the Road Patrol to make periodic checks.

Elwood Zavit, 31420 Five Mile Road, Redford Township, reported to Sheriff Edward Behrendt's Road Patrol that his place of business at the above address had been broken into the night of Saturday, October 18, and six cases of beer, a case of wine and an unknown number of cigarettes, in addition to \$6.00 in change, had been stolen. Total value of the stolen property was estimated at \$56.00. Entrance was gained by breaking the glass in the front door.

Sam Dunlap, 35620 Schoolcraft, Redford Township, reported to Sheriff Edward Behrendt's Road Patrol on Thursday, October 23rd, that four wheels and tires were stolen from him. The wheels were painted green and the value of the stolen property was estimated at \$135.00.

City Basketball League to Start

All captains or representatives of teams interested in participating in the Plymouth basketball league, class A, are to meet Monday evening at 7 p.m. The meeting will take place in room 204 of the city hall, according to Ralph Johnson, recreation director.

Mr. Johnson urges all those interested to attend, since the purpose of the meeting is to discover how many teams will enter the league. At the same time, league rules will be checked to make certain that all players understand them.

All men interested in refereeing basketball are also urged to attend. Referees will be paid for their services. The specific amount will be determined by the number of teams entered in the league.

Games are scheduled to be played in the High school and at the House of Correction.

Speeding was the greatest single cause for motor vehicle deaths during 1946, according to the National Conservation Bureau. Thirty-one out of every 100 drivers in fatal accidents were violating speed regulations. Even more were actually exceeding safe and sane speeds, the Bureau points out, because when pavements are slippery with rain or ice or when traffic is congested the safe speed is far below the limit allowed by law. "Be wise—temporize," the Bureau warned drivers.

STAR IN ANYONE'S EYES

MAYBE you're a beauty lover with an eye for standout style and the long, sleek, flowing line.

Know anything on the road today that's more the picture of perfect grace — more certainly the forerunner of the coming things in cars?

Or maybe you are strong for action — like the exciting feel of a really able performer, thrilling in its abundance of power, instant and sure in its responses.

Ever sample the wallop in this big Fireball straight-eight — or Buick's swift answer to your wheel hand and your foot?

It comes in many guises.

Broad seats, plenty of room, a soft and gentle ride that asks no favors from the road.

Come see what happens when you get a stout and rugged chassis, easy coil springs on all four wheels, room for three on front seat and back, and low-pressure tires that are like pillows on each wheel.

Or possibly, as a family man, you give more than a thought to the safety of those who ride with you.

You'll find this one starring on that score too — in controls that are firm and sure, bodies that are stout and rugged, even wheel-rims that are extra wide for control in emergencies, stability on curving and a firm sure grip on the road against sudden stops or skiddy going.

In truth, whatever you put first in an automobile — style, size, room, handling, comfort, controllability — you'll find this one putting stars in your eyes.

A joy to see, a thrill to handle, a dream to drive and ride in, it's America's most wanted car not on one count but on all of them.

Why wait vainly for others to catch up, when an order placed now, with or without a car to trade, makes you certain of getting the latest and choicest thing on the highway?

PHS BAND HONORED BY OHIO COLLEGE INVITATION

Tomorrow will be a long, hard day for the PHS band. When they leave at the early hour of 6:00 a. m. they will leave for Berea, Ohio to march at the Baldwin-Wallace college homecoming game, and return to Plymouth in the evening. The trip will be made by bus.

The band's destination, Berea, is the home town of Paul Wagner, band master. Mr. Wagner also attended Baldwin-Wallace college.

SENIORS PREPARE FOR THEIR BIGGEST PARTY

The North wind doth blow and we shall have snow, and what will the Seniors do then? They'll have their annual Prom, of course, on December 5. Christmas is the theme and the decorations, under the chairmanship of Suzanne Maddox and the direction of Mrs. Overton, have been lavishly planned in that direction.

General Chairman of the Senior's Biggest party is Beverly Rousseau. Other chairman are: tickets, Ray Highfield; music and lighting, Dick Arlen; invitations and chaperons, Mary Watters; intermission, Nancy Brannan; publicity, Joanne Bove; construction, Gerald Salow; and clean-up, Neva Anderson.

SENIORS, ANSWER PURDUE OPINION POLL

The Purdue Opinion Poll will be taken by ten thousand young people in high schools with the interest centering on the Atomic bomb, its use and other important questions. Seniors in Plymouth will take the poll third hour November 6, 1947. The process of counting the answers will be made by a machine and the analysis of nationwide student opinion will be returned to the school. The poll will not be a test and by no means influence school grades. Teen age answers will be as important as the answers of adults. This is the first of a series of the polls.

PONTIAC
A fine car made finer

Here's every man's automobile!

It is difficult to think of a person who wouldn't be extremely happy to own and drive a Pontiac. It is one of the nicest-handling, nicest-riding cars available anywhere. It is faithful, dependable, tough and rugged. It is smart and beautiful—and also very distinctive in its appearance. From every standpoint, it is a stand-out—fine enough for anybody's taste.

Yet—it is just as economical as any car you could buy. All things considered, no car costs less to own over the long period of its usefulness.

So whether you are seeking quality—or economy—or whether you are seeking both—you can find what you want in Pontiac. We sincerely believe it comes very close to being every man's automobile.

DUE TO OUR UNFILLED ORDERS ON HAND, you may experience some delay in getting a new Pontiac. Place your order now to avoid further delay. In the meantime, let us keep your present car operating at top efficiency.

Always Drive Carefully

ONE BILLION DOLLARS
Means More Steel for the Things You Want

MORE HOMES
MORE FARM MACHINERY
MORE AUTOMOBILES
MORE FREIGHT CARS

STEEL companies are pushing to complete the biggest program of expansion and improvements in the peacetime history of steel. More than one billion dollars is being spent. More than 2,500,000 tons of new steelmaking equipment is being built. Meanwhile steel production in 1947 is setting new records. Production in October exceeded average monthly output in the peak year of war production. The total tonnage for the year will establish a new peacetime record by a wide margin. Demand still is great and some shortages still exist. But production is catching up as rapidly as possible. Every month there is more steel for the things you want.

American Iron and Steel Institute
 350 Fifth Avenue - New York 1, N. Y.
 There are 101 member companies of the Institute with plants in 173 American communities. They produce 96.3 per cent of the country's steel.

Health Notes
PLYMOUTH AND WAYNE COUNTY HEALTH DEPTS.
The "Common Cold" should be regarded as a "danger signal" which should be treated as we observe the "red" of the traffic signal. Colds in themselves are very important because of the dangers which may follow in their wake. But even more important is the fact that the early symptoms of other communicable diseases are so similar that it is impossible many times to distinguish them from each other at the beginning.

The usual symptoms of a cold such as a general aching feeling, coughing, sneezing, redness of the eyes, watery discharge from the nose, some fever and possibly headache are also the early symptoms of such diseases as measles, chickenpox, whooping cough, scarlet fever, influenza and pneumonia. All of these are dangerous and communicable diseases.

The infection of the common cold is carried from one person to another either by direct or indirect contact. Consequently, those suffering from this condition should be immediately isolated to prevent the spread of the infection to others.

Facts to bear in mind regarding colds:

1. They are dangerous and infectious.
2. They are costly both to adults and children.
3. They cause a loss of 100,000,000 working days each year.
4. One-fourth of all school absences are due to colds.
5. To avoid colds, (a) Keep away from persons suffering from colds. (b) Build body resistance through adequate diet, plenty of rest, keeping out of overheated and poorly ventilated rooms which have inadequate amount of moisture in the air, use of clothing suitable to outside temperature and weather conditions. (c) Use only eating and drinking utensils which have been thoroughly cleansed and sterilized.
6. If you develop a cold, treat it as a communicable disease, remain in bed, stay away from others in order to protect them from infection. Do not use patent medicines or neighborhood remedies, but consult your physician and follow his advice. By so doing you will shorten the attack and lessen the liability of complications developing.

Accidents, which took 100,000 lives last year, now rank fourth as the greatest cause for death among the American population, the National Conservation Bureau reports. Heart disease tops the list, followed by cancer, cerebral hemorrhage, then accidents. Ten years ago pneumonia and nephritis also ranked higher than accidents, the Bureau said— which proves the medical science has made good progress in saving lives while individuals, whose carelessness causes accidents, have done little to correct dangerous habits.

When everything seems lost, noble souls find their opportunity. —Lacordaire

U. S. Marine Corps. Began in Old Tavern
Many American citizens who have never been marines do not know that the U. S. marine corps: Had its first recruiting office in Tum Tavern, a Philadelphia waterfront saloon.

Marines manned the small boats in which Washington crossed the Delaware.

"From the halls of Montezuma" refers to the marines' action against the City of Mexico in the U. S. war with Mexico.

"Shores of Tripoli" refers to marines' participation in the bombardment of Tripoli in the war with the Barbary pirates in 1805.

The nickname "leatherneck" is derived from the days when marines wore high leather collars to protect their throats from cutlass strokes.

Garden Club to go to Belle Isle Show
The next regular meeting of the Plymouth branch of the National Farm and Garden association will be held Monday, November 10, according to Mrs. Carl Shear, president. Members should meet at the Hotel Mayflower, from where a bus is scheduled to take them to Belle Isle. While there they will attend a chrysanthemum show.

The Garden club members have voted to adopt an European family to which they will send Christmas packages. Anyone desiring to include something should contact Mrs. Horace Thatcher as soon as possible, since the box must be sent by November 15.

Mrs. Shear also stated that the December 8 meeting has been postponed until the following Monday, December 15. At that time the Christmas bazaar will take place. Plans are being made for a gift booth, baked goods sale, and a booth for Christmas greens.

Every season has its special hazards, reports the National Conservation Bureau. In the fall it's dead leaves. Millions of dollars in damage and scores of deaths result every fall when burning leaves destroy homes and outbuildings. Take care when burning your leaves, says the Bureau. Be sure that a water hose, buckets of water or fire extinguishers are readily available.

BABSON SAYS

Babson Park, Mass., Nov. 7.—At the suggestion of a friend of mine, G. H. C. Anderson of Dallas, Texas, I have been making a study of how one's age affects his or her opportunity to secure a position.

Middle-Aged People Handicapped

This study indicates that it is very difficult for an employment agency to place women over 35 years of age, or men over 40 years of age who are now under Social Security benefits. One employment agency reports it can so place in a Union Shop only "one such woman out of every 30 applicants."

The few middle-aged people after securing positions are able to keep them better than the younger ones. The older ones are both more loyal and industrious, although they work more slowly and are more subject to accidents. In my own business here, where we employ about 150, we give a preference to the older persons; but our work requires accuracy and headwork, rather than speed or work with one's hands.

What Personnel Managers Report

One who has interviewed representative employment managers in 17 different kinds of businesses, averaging over 400 employees per firm, reports as follows: 30 years of age for both males and females is the maximum for female beginners in department stores, while 43 years is the maximum for male beginners in warehouses, etc.

Those above these ages now holding positions should do everything possible to retain their present positions, especially as these statistics apply during a period of prosperity when there is a distinct demand for additional help by most employers. Of course, these ages do not apply to common labor or to housework, etc., for which the demand is so great that age is not considered. Moreover, the non-union concerns are usually willing to employ all ages because they are free to pay them according to what they produce.

Newspaper Advertisements Anyone who questions the above statements may telephone those who are advertising for additional help in the Sunday Newspapers. From a hasty study of the HELP WANTED columns, one would think that there is a great demand for help of any age. If, however, you will answer any of these advertisements, you will find that the first question is "How old are you?"

This is now a very serious situation; and when hard times come, will become most pathetic. It surely means that there will be a resurrection of the Townsend Plan, the Anderson Plan and other pension programs which are being put forth. Whether these will be a solution to the problem is debatable, but they surely are

worthy of careful study. It seems logical that the first step should be for married women, with husbands having a job, to retire from the scene. Surely this is a step also in the solution of the Youth Delinquency.

A Labor Union Suggestion

A study which I have made of strikes shows conclusively that the "hotheads" are the younger persons in these labor unions. The older ones wish to avoid strikes, but for some reason they do not attend the labor meetings and do not get elected as officers of the Unions. Hence, when the strike is settled, if the concern does not take back all its employees, the older ones are the ones left out.

It would be a smart thing, both for employers and wage workers, to have two unions. One union could take in those below 35 and one union could take in those above 35. Either group could strike without involving the other group. Unless the older employees of many concerns resort to such a setup they surely will be left out in the cold before many years. I believe in collective bargaining and in properly organized Unions with equal pay for both sexes on a piecework basis; but with two unions—one for the young inexperienced and the other for the older ones. Moreover, for the protection of the public and consumers, these employees should be so staggered that—in case of a strike of only one group—the entire plant need not shut down.

25 YEARS AGO FROM THE PLYMOUTH MAIL FILES

C. H. Bennett and O. D. Peck were in Flint, Monday, where Mr. Bennett purchased what is claimed to be the best Holstein cow in Michigan, and one of the best three Holstein cows in the United States. The name of this animal is Flint Pauline No. 197978. Her milk record for one year is 30347.90 pounds. Butter, one year, 1209.26 pounds. The animal is now at Buena Vista Farm, and Mr. Bennett would be pleased to have anyone interested in good cows call and see this great Holstein.

Mrs. C. H. Buzzard and little daughter, Doris, visited her mother in Bay City, last week Thursday.

Irving Blunk and Ernest Smith are building a new house on Ann street, which will be for sale when completed.

Mrs. E. F. Rotnour and daughter, Phyllis, are spending the week with the former's sister, Mrs. Clarence Teufel, at her home in Toledo, Ohio.

Attorney John S. Dayton is moving his law office, this week, to the front rooms of the Phila Underwood residence at 215 Main street which Mrs. Dayton has had fitted up for a suite of offices.

Harold Daggett will open his new radio and electrical appliance store in the new Voorhies building, Tuesday. R. R. Parrott will occupy a part of the room

with Mr. Daggett, with his real estate and insurance business.

Mr. and Mrs. Merle Rorabacher and Mr. and Mrs. Cyrus Rorabacher were Sunday guests of Mr. and Mrs. Claude Rorabacher in Detroit.

Carl Heide is building two new greenhouses, 20x128, facing on Holbrook avenue. Mr. Heide's increasing business makes it necessary that he have more room. He now has about 25,000 square feet of space under glass.

William Fisher and son, Ernest entertained the following relatives, last Sunday: Mr. and Mrs. William Kaiser, Mr. and Mrs. Alex Lyke and baby, the Misses Camilla and Alta Fisher, and Mr. and Mrs. Clyde Fisher and small son, Kenneth.

Will Gravel Road—Through the efforts of people living on Penniman avenue in the village and west of the village limits to the town line, the county road commission have decided to give us a gravel road from the village limits to the Washtenaw county line, which connects with the gravel road to Ann Arbor. Work will start this fall, if the weather continues favorable. This will be a great convenience for people who travel this important highway, and will be a much needed improvement.
