City Recreation League Basketball Playoffs Slated to Begin Monday

The City Recreation Basketball league playoffs will begin at 7 p.m. Monday, March 1, in the high school gymnasium. Following Monday evening games will be played on Wednesday, March 3, Thursday, March 4, Monday, March 8, and Wednesday, March 10.

"Understand Rivalry and you understand America"

Ed Thorgeron

Next time Grandpa gets wound up on the subject of the men they had in his day...

In the 1886 Olympics, T. E. Burke set a record of 12 seconds flat for 100 meters.

In the same fifty-to-sixty year span, the pole vault record has climbed from W. W. Hoyt's 10 feet, 9 3/4 to Cornelius Warmerdam's 15 feet, 7 3/4.

What's responsible for these all-but incredible improvements? Competition—rivalry—among an ever-increasing number of participants.

Understand rivalry and you understand sports. Understand rivalry and you understand America.

That's the way it is in the oil business, too. There's constant rivalry among America's more than 34,000 individual oil companies in different fields of the petroleum business...

That's why America's gasoline fuels and lubricants are the world's best—at the world's lowest prices.

the city hall to draw for playoff positions. The playoff will be a two loss and out type of tournament.

The winner of this tournament will enter the Michigan Recreation Association Regional Tournament, and if they are victorious will enter the state tournament to be held on April 1, 2, and 3.

Daisy Win Ends Blunk's Hopes

Blunk's Inc needed to defeat Daisy Tuesday, February 17, to stay in the running for the playoffs, but the Air Rifle boys pulled the game out of the fire.

Blunk's, led by Jack Dobbs and Robert Brink, who scored 12 points each, led 21-16 at the half and 34-28 at the end of the third quarter.

Daisy then turned on the heat in the last quarter when they scored 22 points as all players scored to win 50-40.

Art Gillis led Daisy with 16 points and George Schomberger and Ben Dugid helped with 12 points each.

Parkside Team Revenges Defeat

Parkside Bar gained revenge February 23, as they defeated Tecumseh Products of Tecumseh 41-31 in a game played at the Tecumseh High school.

Last week Parkside dropped a 58-55 decision to the same team on the Wayne County Training school court. The Parkside boys took an early lead and remained in front to lead 19-15 at the half.

Doug Egloff led the Parkside attack with 20 points, as Clayton Schmidt led Tecumseh with 8 points.

Following the game the Parkside team was treated to a steak dinner by Lawrence Lyons and Walt Beglinger.

In Memphis, Fred and Fondo Kountz quietly moved into a vacant house, 25 years later had to start paying rent when the landlord turned up.

Baseball Umpires Needed for Inter-County League

A meeting will be held at the city hall Sunday, February 29, at 2:30 p.m. for those interested in umpiring baseball games during the coming season.

The meeting is being called by Earl Gray, president of the Inter-County Baseball league.

Reserve Team Wins at Inkster

The Plymouth Rock Reserves chalked up their eighth cage victory of the season as they downed the Inkster reserves, Tuesday, February 17, with a score of 44-30.

This was the second time this season that the Blue and White reserves had beaten Inkster. Previously the Rock Reserves drubbed Inkster 30-16. Jack Elliott, who has just moved up from the Freshmen team, paced the locals with nine field goals and three free throws which netted him 21 points.

Daisy Goes Down to Sport Shop

Sport Shop and Daisy gave an indication of the type of good play which can be expected in the playoffs, as they battled in an even game at DeHoCo last week.

Sport Shop led 29-18 at the half and 41-32 at the end of the third quarter, but Daisy put on a spurt and drew within three points with 37 seconds to go.

John Wilkie led Daisy with 12 points as Bob Bentley scored 16 points for Sport Shop.

Spitfires in Tie For First Place

The Spitfires, tied for second place with the Ball Hawks, defeated them Saturday 30-24, to go into a tie for first place with the All-Stars.

With Klinske and Carson scoring 10 points each, the Spitfires held a 23-12 lead at the half.

Rorabacher led the Ball Hawks attack with 10 points.

Parkside Downs South Lyon Five

Parkside won their eleventh game as they handed South Lyon their twelfth defeat. South Lyon fought hard to be even at 13 all at the end of the first quarter, but Parkside took a 30-20 lead at the half.

Duane Dysinger led South Lyon with 18 points.

All-Stars Downed by Wolverines

The third place Wolverines defeated the league leading All-Stars 28-23 last Saturday. In a close game the Wolverines led at the half 12-11 as Huddleston led them with 12 points.

Blunk's Inc. Falls to Austin Taxi

After trailing 13-6 at the first quarter, Austin rallied to defeat the younger Blunk's Inc. 54-43. Ned Washer's six foot six inches in height was too much for the smaller boys, as he scored 19 points to determine the final outcome.

Dave MacIntosh scored 14 points for the losers, as Austin led 20-19 at the half.

Rocks Drop 4th League Encounter

The Plymouth Rocks dropped their fourth cage encounter in five starts at the hands of Ypsilanti last Saturday night, February 21, with a score of 40-30 to put the Braves in a tie with Trenton for first place.

Carter Cisco of Ypsi took scoring honors for the game with eight field goals and two free throws which netted him 18 points. The Blue and White made 4 out of 13 free throws for an average of .315. Ypsi sank 2 out of 6 for a .333 average.

Plymouth now has a record of 4 wins and 5 losses in league competition, with one more game to be played tonight at Trenton. Including non-league encounters, the Rocks have a record of 7 wins and 6 losses.

Plymouth buyers of duck stamps will be interested in knowing that this state ranks fourth in the nation in the number of duck stamps purchased by hunters during the year 1947. The sale of 2,016,819 Federal "duck stamps" to sportsmen, conservationists, and philatelists during the year ending June 30, 1947, broke all previous records. Albert M. Day, Director, Fish and Wildlife Service said recently. The number sold in 1947 exceeded that of the previous year by 291,314, and is in sharp contrast to the 635,001 stamps sold in fiscal year 1935, the first year the stamp was issued.

The largest sale in any one state in 1947 was 174,151 in Minnesota. California was second with 154,652, and Texas and Michigan third and fourth, with 125,823 and 117,294.

Other states in the first ten were Wisconsin, 102,971; Illinois, 93,357; South Dakota, 82,367; Washington, 81,596; New York, 62,680; and Oregon, 56,411.

Sold for \$1 at postoffices, the duck stamps provide funds that help finance the Federal Government's wildlife refuge program. Every sportsman over 16 years of age who hunts migratory waterfowl is required to have on his person one of the stamps with his signature in ink across its face. Many are purchased by collectors, the post office department's philatelic agency in Washington alone reporting a sale of 10,909 last year.

Michigan is not the only state in the Union troubled with stream pollution. In New York and Connecticut along Long Island sound public resentment against the spread of pollution is hardening into action, the Wildlife Management Institute advises.

Recent closure by the Connecticut State Health Department of a wide area along the southwestern Connecticut shore line to clamming and other uses because of the danger of infection from waterfowl is not the only state in the Union troubled with stream pollution. An accurate check of the legal kill along the causeway of the Mobile Delta revealed that during the past season approximately 43,000 tons were bagged to 5,000 ducks—nearly nine coots for each duck. Martin suggests that if the present hunting continues on this odd but fascinating bird, restrictions may have to be tightened on the killing of poule d'eau. Many hunters interviewed by Martin think that the present limit of 25 birds should be reduced substantially before the coots begin to decrease under the heavy duck population many hunters turn to the coot for sport even in those states and regions where the bird is not regarded as a choice food species.

Waterfowl hunters in some of the Southern States are beginning to believe that poule d'eau are "being" sold down the river in favor of the ducks," the Wildlife Management Institute learned recently from Ernest Martin, P-R coordinator with the Alabama Department of Conservation. The poule d'eau pronounced "pool do" and known to the rest of the country as the coot or mudhen, has been taken in abnormal quantities during the current duck shortage and many southerners are wondering if the coot population can stand the increased pressure.

Winterkill occurs most often on shallow waters where heavy snow cover excludes the sunlight for so many weeks that plant life dies and robs the water of the dissolved oxygen fish must have to live.

MUSICIANS RATE FIRSTS IN ROYAL OAK CONTEST
 At the District Solo and Ensemble contest in Royal Oak on February 21, Plymouth placed in the first division six times.

Doris Waldecker received two first division ratings, one for a trombone solo and the other for her baritone solo, while Patsy Lidgard played the only Eb clarinet solo in the entire contest and was awarded a first division. The Trombone quartet (the selection they played was composed by Paul T. Wagner), Junior High Clarinet quartet, and the Saxophone quartet also placed in the first division.

Plymouth placed eight contestants in the second division. They were Carolyn Hill, Betty Browden, Doris Honey, Regina Polly, Vernon Diedrick, Connie Poscoe, James Nelson, Sr. High Clarinet quartet and a Flute Duet. None of the contestants entered from the grade school had a lower rating than second. All these students rating firsts or seconds have qualified for the State contest at East Lansing in May.

Eastern Star News

Plymouth chapter enjoyed an interesting evening, Tuesday, February 24, when the Past Matrons club of Pontiac presented the Degree of 1867. A large number of members and visitors attended.

There will be a business meeting of Plymouth Chapter No. 115, Tuesday, March 2, at 7:45 p.m. There will not be a social hour following because the dining room will be in the process of redecoration at that time.

To help cover expenses of the decoration, a card party will be held Saturday, March 13. All members and friends of Plymouth chapter are invited to attend and to bring their friends.

W.M. Mary Kershaw and W.P. John Lietz have been busy visiting other chapters in the past two weeks. On February 16, they went to Highland Park chapter where W.M. Mary Kershaw served as Associate Conductress. They were guests of River Rouge chapter February 18, and here W.M. Mary exemplified the degree of Martha. Again on February 23, they traveled to Park Corinthian where our Worthy Matron presided in the east.

Here are two more dates to remember: March 16, when Plymouth chapter entertains the Grand Officers of the Grand Chapter of the O.E.S. of Michigan, at which time the Grand Chapter officers will exemplify the degrees of the order; and March 30,

when the annual card party and luncheon will be held. Call Erma Hughes or any other officer of the chapter for tickets. The Fancy works booth will be under the direction of J.P.M. Kathleen Micol and Sally Dent, and P.M. Alice Rathburn has charge of the candy booth. Contact these women if you have contributions for these events.

A.M. Erma Hughes was a guest of Riverside Chapter February 23, and exemplified the degree of Adah, attending with Sister Erma from Plymouth was Leillia Huebler. Mildred Smith attended Friends Night at Wayne chapter February 19.

Maccabee News

Attention Juniors. Meetings will start at 4 p.m. The next will be March 3. A party is planned and members are asked to bring a friend.

At the regular meeting February 18, Lady Gorton was elected mistress-at-arms. Lady Norgrove is the newly elected trustee. The following appointments were made by Commander Granger: winance auditors, Mary Sackett, Dora Wood, and Alici Estep; flower chairman, Ruth Gardner; KOPS, Dorthea Curtis, Hilda Eckles, Pauline Soule, and Hazel Norgrove. Violators are to appear in Court May 5. The KOPS are watching, so be on time to the meetings, or you will be a violator. The judge will sentence you as she sees fit. Reporter: Glenda Pyle.

The pot luck supper for the Maccabees and their families held February 18, was a success. We hope to have another one soon and see more out.

Group leaders were chosen to work on the following months: March and April, Doris Curtis; May and June, Angie Blunk; July and August, Cora Sallow; September and October, Emma Williams; November and December, Mary Root. These leaders and their group will plan the program for the designated months.

The Maccabees will hold a St. Patrick Day dance Wednesday, March 17, at the Grange hall. Music will be furnished by Herman Schiels and his orchestra.

We hope Clara Mumbe, Ella Gould and Ethel Howell keep improving so they can be with us soon. We are sorry to hear Mrs. Lombard's husband is ill and Mrs. Hattie Nelson's husband is in the hospital at Dearborn.

If you have any Maccabee News please phone 869-J4.

Rebekah News

The degree staff will meet at the hall March 5 at 12:30 p.m. for a business meeting. There will not be any pot luck lunch as there is going to be a paper demonstration and tea at 1:30 p.m., open to the public.

All members and their families have been invited to attend the church services at the Newburg Methodist church Sunday, February 29 at 10 a.m. Meet at the church.

The pot luck supper is Friday, February 27, at 6:30 p.m. Bring your own dishes. We are entertaining our Advisor for this year, Sister Louvia Foxx. We hope to see everyone there.

We hope that all of our members who are ill will soon be well and with us again.

The Maccabees will hold a bake sale at Goodale's Grocery store March 5 starting at 10 a.m.

These Budget-Wise Recipes Will Make Meat Go Farther

A calavo served half shell provides a quick and satisfying way of rounding out menus on meat-saving days. The calavo also may be filled with creamed vegetable or fish or a salad and served as the main dish for a meal.

Well, those food costs still are climbing, according to latest reports, and most homemakers are having to tackle the menu problem with undiminished vigor.

There's no limit to how you may extend meats—add a vegetable or two, fortify with rice, noodles or macaroni, or let the meat swim in cream sauce or delicious gravy. Any of these is guaranteed to add satisfied smiles to your diners.

Cabbage Roll-Ups. (Serves 6) 1 head of cabbage 1 pound ground lamb or beef 2 onions, chopped 1 cup uncooked rice Salt and pepper 2 cups canned tomatoes ½ cup water

Cook cabbage until tender; drain and then carefully separate leaves from the stem end. Combine meat, onions, rice, salt and pepper. On each cabbage leaf place several tablespoons of the mixture, then grease with toothpicks.

Place the roll-ups in a greased casserole and add the tomatoes which have been mixed with water. Cook in a moderate (350 degrees) oven for one hour or until rice is tender.

Add cream sauce and pimiento to leftover veal roast as demonstrated in the following recipe, and you will have an excellent meat dish:

Veal a la King. (Serves 8) ½ green pepper, shredded ¼ pound mushrooms 3 tablespoons fat 6 tablespoons flour 4 cups milk Salt and pepper 3 cups diced cooked veal 1 pimiento, diced

Cook green pepper and mushrooms in fat for eight minutes. Remove from fat. Add flour to fat and blend. Add milk and seasonings and cook until thickened, stirring constantly. Add green pepper, mushrooms and remaining ingredients and heat. Serve on toast, in bread croutades or patty shells.

English Hot Pot. (Serves 4 to 6) 6 potatoes, pared and sliced 1½ pounds lamb shoulder or breast 2 lamb kidneys 1 large onion, sliced Salt and pepper 1 cup water 2 tablespoons butter, melted

Place half of the potatoes in a greased casserole, then add meat which has been cut into cubes. Cover with sliced onion and season with salt and pepper. Add water. Place remaining potatoes on top, covering with meat completely. Brush with melted butter. Place in a moderate oven (350 degrees) and bake for two hours.

dish than a cranberry topped meat loaf!

Cranberry Meat Loaf. (Serves 12) ½ cup brown sugar ½ cup cranberry sauce 1 pound ground beef ½ pound smoked ham, ground ½ pound ground fresh pork ¼ cup milk ¼ cup cracker crumbs 2 eggs 1½ teaspoons salt ½ teaspoon pepper 2 tablespoons diced onion 3 bay leaves

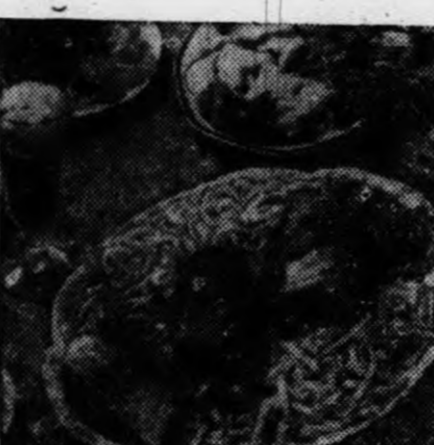

Spread sugar over the bottom of a greased loaf pan. Mash cranberry sauce and spread

over sugar. Combine remaining ingredients except bay leaves. Shape into loaf and place in pan. Put bay leaves on top of loaf. Bake in a moderate oven (350 degrees) about one hour; Remove bay leaves before serving.

Pork, prepared Spanish style, is a favorite because of its savory seasonings as well as its color appeal. Vegetables go into the same dish with the meat.

*Spanish Pork. (Serves 6) 2 pounds pork shoulder, boned and diced Flour Lard 4 medium sized potatoes 1 teaspoon worcestershire sauce 2 cups tomatoes 2 cups canned peas 1 green pepper Salt and pepper

Have pork shoulder cut into 1-inch cubes. Dredge in flour and brown in hot lard. Place alternate layers of meat and vegetable in casserole dish. Pour tomatoes over all. Season and cook in a moderate oven (350 degrees) until meat and vegetables are tender, about 1½ to 2 hours.

A little meat will go a long way if you serve attractive cabbage roll-ups in a bed of buttered noodles. Round out the meal with buttered green beans and pickled beets and serve a simple baked fruit for dessert.

You might try these two dishes with specialty meats if you want to serve nutrition-rich meals as well as appetizing ones:

Savory Liver. (Serves 6 to 8) 1 carrot, shredded 1 onion, minced 1 turnip, diced 1 bay leaf 2 tablespoons fat 1 tablespoon flour 2½ pounds liver (1 piece) 2 cups water or stock Salt and pepper

Brown vegetables with bay leaf in fat. Add flour and blend, then add liver and water. Simmer for 1½ to 2 hours.

Broiled Lamb Kidneys. (Serves 6) 6 lamb kidneys 1½ cups french dressing 12 slices bacon

Clean kidneys and cut into halves. Marinate in french dressing for 12 hours. Drain kidneys and wrap in bacon. Place four inches below moderate heat and broil for 12 to 15 minutes, or until bacon is crisp and kidneys are tender. Serve on toast triangles.

Nutritionist Makes Suggestions to Aid Keeping Within Food Budget

If you find it very difficult to live within a reasonable food budget these days you will welcome a few suggestions to help you.

There are three rules that you can use to check yourself, reports Mary Morr, of the department of foods and nutrition at Michigan State college.

First, ask yourself whether you plan ahead carefully and buy wisely. Housewives often need to do some pencil and paper work to determine which brand, size or variety is the best buy. It may be better from both time and money standpoints to buy a prepared mix rather than to "make your own".

Second, make good use of the foods you purchase. Often the savings you make by careful buying are lost by poor storage and care of foods at home. Try not to prepare too much for one meal but if you do, use leftovers wisely.

Third, enlist the cooperation of all your family. You may need to help the children understand that some foods are too expensive for your family's purse. Let your family have a hand in the planning. Make a game of seeing what attractive, wholesome and tasty food can be prepared on a low budget. It isn't economical to serve food that you know your family does not like and will not eat. If your family understands the food situation you will receive more praise and less criticism at mealtime.

Learn the services your grocer has to offer and when bargains are available. It is important that you know the nutritional value of various foods so that you can get the most for the money you spend. Second, make good use of the foods you purchase. Often the savings you make by careful buying are lost by poor storage and care of foods at home. Try not to prepare too much for one meal but if you do, use leftovers wisely.

Michigan's position as the state of the union furnishing the most hunting continued unchanged at the federal Fish and Wildlife service recorded the final national figures for another year — the 1946-47 hunting season.

Michigan alone of the 48 states has more than one million licensed hunters and Plymouth furnishes more than its share of this total.

Higher fees in other states put Pennsylvania first in revenue with an income from hunting license fees of \$1,896,016.

The five states in which more than 100,000 duck stamps were sold included Michigan (117,294).

The states collectively issued a new record national total of 12,066,763 hunting licenses, for fees totalling \$28,558,447.

Road Condition Worries Engineer

Leroy C. Smith, County Highway Engineer, today predicted that the spring break-up will cause grave consequences to home owners on secondary roads and subdivision streets throughout Wayne County.

Mr. Smith pointed out that there is at least three feet of frost in the ground and that ditches and culverts are blocked with snow and ice.

The severity of the winter and the depth of frost in the ground will cause worse conditions than prevailed 2 years ago.

The Road Commission is doing everything within its power to alleviate this condition by using portable steam boilers to force steam through the culverts in an endeavor to free them so that they may function in carrying the water away.

Mr. Smith stated that it was the townships' responsibility to create plans for drainage systems to prevent such conditions occurring and recommend means of financing the construction of such drainage systems.

Wife to husband: "I'll meet you halfway — I'll admit I'm wrong if you'll admit I'm right."

Little boy to teacher: "With two older sisters and one bathroom I'd like to see you get to school every day on time."

Here's Brand-New Power for your Buick

Our men do a master job of keeping Buicks right up to Buick high standards. They can get anything out of them that there's a get.

But maybe you'd like the thrill of a brand-new engine in your car.

If so, we're ready to do that job too — ready to put a straight-from-the-factory engine in any Buick built since 1937.

You get an entirely new engine. It has a new carburetor and air cleaner. It has a new distributor with both vacuum and centrifugal spark control.

that eases every start and makes driving fun.

On top of all that, this engine brings you the latest Buick features you read about — features like precision cylinder boring and Flex-Fit oil rings, Stratoflow cooling and all the rest.

We have these engines for you right now because Buick engine production is running ahead of complete car output.

So, in less time than a good overhaul would take — and frequently at less cost — you can have a car with everything a brand-new Buick engine can give you, and a car worth much more when you're ready to turn it in.

Good deal, isn't it? Worth looking into? Drop around and let us give you all the facts and figures.

City Water Issues Are Nothing New

City water was a discussion point in Plymouth approximately 25 years ago, just as it is today.

Included in the issue of The Mail published March 23 is an article reporting on a new rate ordinance which was adopted at the village commission meeting the previous Monday evening. A statement appeared that out of the 1000 water users at that time, 270 had meters installed.

An equalization between the meter and flat rates had been set up at that meeting, and an ordinance provided. The flat rate was increased from \$10.50 per year to about \$11.

Eisenhower will launch himself into civilian life by becoming president of Columbia university.

Correspondent Sends George Chute Book Describing Plymouth, England

Everything from what happened in Plymouth, England, last year to forecasting what the future holds, is included in the annual publication which George Chute received recently from a resident of that English city with whom he corresponds.

The book is published annually by the Plymouth newspaper, Western Morning News. Among the vital statistics included in this particular edition, is the fact that Plymouth was incorporated as a borough in 1439 and did not rise to the rank of a city until 1923. In the year 1889, it had been created a county borough and in 1914 Plymouth, Devonport and Stonehouse were united.

Tree Seedlings Now Available

Tree seedlings for forest planting, windbreaks, erosion control, wildlife cover and food, and Christmas trees, are now available from the Michigan State college forestry department.

Ira Bull, MSC forester, advises that tree planting is an excellent conservation measure. Farmers should note particularly the soil, its moisture content, and the grass or brush cover. Planting a mixture of species is preferable to pure plantings. The MSC forestry department or county agricultural agents can give information on what and how to plant.

A listing of all medical practitioners in the city was given, as were medical establishments, lists of insurance practitioners, banks, consular representatives, places of worship, bus routes, and a list of masonic lodges and officers are a few of the pertinent facts revealed in this annual publication.

Short stories, as well as a brief description of adventures in the 1947 blizzard, were also included. The latter revealed that for a few days in Plymouth had to be mainly reserved for the children and priority customers. The cost of clearing Plymouth's streets alone, it revealed, was 46,000 pounds.

Another diverging trend noted between that city and this was that the post office window for selling stamps and registering letters, is open on Sunday from 9 a.m. to 10:30 a.m., while the window for receiving savings and telegraph money orders is open from 8:30 a.m. to 6:30 p.m. on Sunday.

Anyone desiring to learn the art of deciphering the palm, the study of phrenology, or how to read the stars could find ample information on any phase of forecasting in this book.

A game and hunting calendar, weather table, information on

what to do in cases of poisoning, live stock produce table, breeders' table, as well as one for measuring standing wheat, and a ready reckoner and marketing table are included. The book is concluded with words and music of the national anthem, "God Save The King."

What KIND of Printing - ?

Almost every day we discover a local resident who asks us just what "kind" of printing we do. The answer is: We don't do any kind . . . we do all kinds.

We do simple black and white (forms, cards, posters, etc.), we do two color work (folders, catalogs and inserts, broadsides and circulars), and we do four color process printing . . . the ultimate in fine work. We do books and magazines . . . any type of publication work.

And we do well on whatever job we handle, because we are experienced in the "know-how". Whatever your letterpress requirements, we offer our services to your organization for any kind of printing.

Anglers Get Extra Day in Leap Year

Leap year gives speerers an extra day of sport, but many a bit more fishing for bluegill anglers.

The conservation department reminds ice fishermen that the bluegill law specifies a season running through February 23, but the season for spearing through the ice of inland waters is phrased differently—it's the "months of January and February." Hence there can be spearing on the 29th, but no fishing for bluegills.

Highlight of the 1948 ice fishing season has been the spearing of sturgeon, some of them monsters over 100 pounds, in Black Lake of Cheboygan and Presque Isle counties. Deane Herriek of Plymouth caught one of the largest sturgeon recorded this year. In the first open season on these primitive fishes in 20 years, Black Lake alone has yielded any, and the catch there in January, from 125 shanties, is estimated at 50 fish. Half were served on the fishermen's own tables; half were sold, mostly as whole fish rather than by the pound.

Great News for every motorist who breathes!

The Capacity To Do The Job

WITH 5 MILLION TONS OF STEEL IN STOCK CAPACITY BEING ADDED

DEC. 31, 1949
96,236,000 TONS

In New Castle, Ind., the city put on sale \$10 books of tickets which entitled the buyer to 20 parking violations a year.

Immediately following the war steel companies began planning one of the largest expansion programs in industrial history . . . This expansion program now is more than 60 percent complete and in operation . . . It added 3 million tons of steel ingots to the industry's capacity in 1947 . . . Another 2 million tons will have been added when the program is completed at the end of next year . . . This expansion will have cost \$1,600,000,000 . . . Which is more money than the entire industry earned in profits during the last five years.

Babson

Babson Discusses Universal Military Training

Babson Park, Fla., February 27. Last Summer newspapers and magazines were full of discussions on Universal Military Training. Unfortunately, most people were more interested in baseball scores than in UMT, even though their lives and pocketbooks were far more dependent upon what is done about UMT.

Pros and Cons With world conditions as they are, it is high time for us to think about how to save the peace; but is UMT necessary? President Truman says, "Yes." Many of our military leaders agree that the surest way to maintain peace is to prepare for war. But such a trained observer as Hanson Baldwin says, "No," to UMT. Senator Taft and Henry Wallace agree this time. They both say, "No."

While opponents of UMT grant that we must remain world leaders, they call UMT "undemocratic," "ineffective," "militaristic." It is pointed out that another war will be a war of the simultaneous explosion of pre-planted bombs in our large cities, the use of guided missiles and robot planes against which a partly trained, hastily mobilized, ground army would be helpless. Another point against UMT is that the program would take a year out of every young man's life. Then too, they feel that the plan is unnecessarily expensive, not only in time, but in dollars. Seventeen and a half billion dollars a year obviously means that taxes must be much higher rather than lower.

The President's Commission The Commission appointed by the President last June to study this question was a board of nine civilians. What the group had in common was an interest in finding the answer to a difficult problem—should the United States adopt UMT?

The President's Commission say that, although the cost of training all our young men would be great, it would be less than the bill for two weeks of World War II. They say we would be spending to save—to save ourselves, and the world from destruction. They say the plan would give us 7,500,000 men who could be mobilized inside a year—and who would be vastly more effective than untrained men, even against the kind of war which would be fought in the Atomic Age. They say, too, that we can educate and protect our youth while they are in training and that, far from being undemocratic, the experience would be a lesson in democracy.

Life Is Struggle I believe we ought not wait until the horse is stolen to lock the barn. Of course, I would prefer not even to have to close the

bar door. But human nature has not changed much since 1938 or even since 1913. It makes more sense to lock the barn. But UMT will be frowned upon because it will not be politically expedient. Life, though, is real and life is earnest. Life itself is war, in the sense that success comes only through sacrifice. Struggle is the way by which life grows; but how best to struggle is a question I cannot yet answer.

Saving democracy, however, is far more than a problem of UMT. It is a spiritual problem. Tanks and airplanes and atom bombs may win battles, but not wars. Nobody wins wars any more. Certainly we must appropriate money for defense, but our billions will be poured down the drain unless we struggle to change the motives and ambitions of people. What do you discuss at your dinner table? How often do you visit your school? Do you always vote in primaries? How often do you telegraph your representatives in Washington, where the struggle for peace begins? Irrespective of the "pros and cons" of UMT these things are of more importance. Preparedness like charity begins at home with you and me,—by how we use the powers we now have.

Juvenile Kidnaps Plymouth Nurse

Sarah McClellan was the kidnapped victim of a gun totin' 16 year old boy Saturday evening, February 21, whose wild escapades resulted in his eventual capture and arrest.

His victim is the daughter of Mrs. Neil McClellan, 917 Simpson, Plymouth, and is employed as a nurse at the Wayne County Training school.

Armed with a .32 caliber revolver, juvenile Carl Shrader returned to the Training school Saturday evening to free a buddy. The young bandit had previously escaped from the school December 30. At the point of the gun he forced Miss McClellan to admit him to the training school, as well as to the dormitory where his friend was sleeping.

Following wild gun play which wounded another training school inmate in the leg, Carl forced Miss McClellan to drive him away in her car when his friend turned down the offer for freedom. As they neared Ann Arbor, she persuaded him to let her out, and she immediately contacted the police. After a collision with a tree the boy abandoned the car, and was shortly afterwards picked up by the police.
