HOWDY, FOLKS: We know a dear old soul who thinks that open shop is better than closed shop because of the ventilation.

A fiery-tempered business-man wrote the following letter: Dear Sir: My stenographer, being a lady, cannot type what I think of you. I, being a gentleman, cannot think of you, being neither, will understand what I mean.

Old Lady (on New York-bound train): Conductor, does this train stop in Grand Central Station? Conductor: "Madam, there'll be a terrible wreck if it doesn't!"

And, speaking of wrecks, we'd like to be sure that that isn't what your car is heading for! With plenty of winter hazards still to come—better be sure it stays in top condition by having your lubrication attended to here. Drive in today.

More people drive... More people want **CHEVROLETS** than any other make of car

True for years—and truer than ever today—with the advent of this newer, smarter, finer Chevrolet for 1948! Official registration figures prove that more people drive Chevrolets—and seven independent surveys prove that more people want Chevrolets—than any other make of car! The reason, of course, is more value. And now Chevrolet value is made all the more outstanding by the smart new styling, brilliant new colors, and even more luxuriously appointed interiors which have been added to all

the other advantages of Chevrolet's famous BIG-CAR QUALITY AT LOWEST COST. See the new 1948 Chevrolet, and you'll know why more people drive Chevrolets than any other make!

You'll admire the tasteful new styling, the new color harmonies, the new and richer upholstery and appointments which add so much to the enviable Big-Car beauty of Chevrolet's Body by Fisher.

Chemvrolet's world's champion Valve-in-Head engine gives an unequalled combination of performance, endurance, dependability and economy.

The record demand for new Chevrolets prompts us to suggest that you keep your present car in good running condition. See us for service—today!

You'll find there isn't any other car in its field that gives the Big-Car comfort of Chevrolet for 1948—direct result of the Unifized Knee-Action Gliding Ride.

### Sport Shop Defeats Parkside in Last Eight Seconds of Game

The high school gym was the scene of the most exciting basketball game played in the Recreation league this year, as Plymouth Sport Shop defeated Parkside Bar on Monday, March 8.

Sport Shop entered the game with the pressure on them, as they had to win to stay in the running for the championship. A defeat would make the Parkside the recreation champs.

Robert Bentley scored six points in the first quarter to lead Sport Shop by a 12-9 margin at the end of that stanza. In the second quarter the lead changed often, but Doug Egloff and Robert Norman gave Parkside a 20-18 lead at the half.

The third quarter again featured frequent changes in the lead, with Parkside leading by a slim one point 36-35 score at the end of that period.

Through the first five minutes and ten seconds of the last quarter, Parkside appeared to have the game on ice as they took a seven point lead with only two minutes and 50 seconds remaining. But Sport Shop rallied to close the

gap and with 33 seconds to go, trailed 53-50. At this point, Parkside was awarded a free throw, but elected to take the ball out-of-bounds. A pass fell into the hands of Sport Shop and Schmidt laid a "dog" shot to make the score 53-52. With 13 seconds to go, Parkside was again awarded a free throw and again took the ball out-of-bounds. Again a pass fell into a Sport Shop player's hands and Jack Roberts scored, with the clock showing eight seconds remaining, to win 55-54. Robert Norman led Parkside with 21 points as Jack Roberts scored 13 points for Sport Shop.

### Baseball League to Hold Meeting

Players and managers of teams interested in playing baseball in the Western Wayne League for boys are invited by Ralph Johnson, Plymouth recreation director, to attend the first organizational meeting at 11 a.m. Saturday, March 20, in room 204 of the city hall.

Last year, the director stated, the Western Wayne League was composed of eight teams in the 16 years of age and younger Class E, which played one twilight game a week.

It is hoped that three leagues may be formed this year. Mr. Johnson continued: Class E, 18 years of age and under; Class E, 16 years of age and under; and Class F, 14 years of age and under.

Tentative plans also call for two games a week, one twilight game and a Sunday afternoon game.

### Daisy Eliminated by Sport Shop

Sport Shop avenged their loss to Daisy last week as they handed Daisy-I.D.E.A. a 45-39 defeat in a game Thursday, March 4, at the high school.

Daisy took an early lead at the end of the first quarter, 7-4, but Sport Shop rallied slightly to lead 15-14 at the half. By the end of the third quarter Sport Shop led 31-26 and held the five point lead until the end of the game.

Jack Roberts, quick shooting artist of Sport Shop, scored 13 points as Hank Schultz led the Daisy attack with 20 points.

This was Daisy's second loss, which eliminated them from further play in the playoffs.

"Understand Rivalry  
and you understand  
America"  
by  
**Ed Thorgersen**

When a nip in the air tells you Jack Frost is ready for his annual appearance, some of America's hardest sportsmen—the bobsledders—are anxiously awaiting the first snowstorm.

It's the time of year most of us appreciate a warm fireplace... but not these fellows! They're getting their sleds ready to whirl around the hairpin curves of a fast bobsled run.

Talk about thrills... how would you like to be part of a team going down the Mt. Hooberberg run? Called "the most dangerous mile and a half in the sports world," it's studded with zig-zag and hairpin turns... banked to whip sleds over its frozen surface at better than a mile-a-minute.

I'll never forget the time a sled flew into a turn at 70 miles an hour during an Olympic tryout. Suddenly it swerved, swept up a wall of glare-ice, and jumped the bank. Four bodies hurtled through the air. A veteran sledder came from the scene of the accident and said, calmly, "They'll be back racing this afternoon."

Sure enough... they were back on the starting line just twenty minutes later!

That's the way Americans are. Faced with competition, we fight twice as hard to be tops. Whatever we do, we do better when there's plenty of rivalry. The oil business is a wonderful example. Over 34,000 individual companies fight to be best in their phase of the business. Whether it's drilling for oil, refining, transporting or servicing your car, the 1,250,000 people in this competitive business are constantly trying to bring you new and better products of petroleum.

You and I, as consumers, benefit from this rivalry in many ways. We get the latest developments of petroleum research... finer fuels... more efficient lubricants... wonderful new by-products of petroleum.

That's why this rivalry in the petroleum industry is so important to you. It's the plus for you in Petroleum's Progress.

### Meeting Planned for Organizing Softball League

The first meeting of players and managers interested in playing softball in the Plymouth Recreation Softball league, open division, will meet at 1 p.m. Saturday, March 20, in room 204 of the city hall.

This year the league name will be changed from the Plymouth Industrial League to Plymouth Open Softball League, as an Industrial league is being organized by a local industry.

Competitive sports played under a membership basis, such as employees of a fraternity, church, or club, is a fine program in which participation by members, regardless of ability, is done because of a common membership interest. However, the better athletes from these teams desire to band together to combine teams of a faster caliber and play a higher brand of ball in a league usually called an open league.

The city softball Class A league this year will in all likelihood be limited to six teams. Eligibility rules demand that all players must be strictly amateur and cannot participate in another league which has the privilege of sending a team to the Michigan Recreation Association State tournament.

In addition to playing in the regular league games, members of the teams will be eligible to play on the Plymouth team that will play in the traveling league. Plans are nearly completed for the formation of a traveling league of Plymouth, Northville, Wayne and South Lyon. Plymouth has also been invited to join a traveling league of which Pontiac is the hub.

The plans are to play night softball on a portion of the newly lighted football field. All traveling league games will also be played at night.

The Recreation Commission will also have an Old Timers league and a Girls' league. The date of meetings for these leagues will be announced in the near future.

### Rocks Triumph in First Tournament Encounter

The Plymouth Rock cagers triumphed over the Inkster quintet 48-31, at Farmington Friday, March 5, to advance into the playoffs on Saturday, March 6.

Larry Finney of the Rocks paced the locals pumping 18 points through the hoop. Two players represented the Junior class in the starting lineup; Keith Ebersole and Larry Finney. Northville also drubbed South Lyons the same evening.

### Kiwanis Bowlers Beat Rotary Team

Plymouth's Kiwanis bowling team out-rolled the city's Rotary club team by 58 pins in a meet which took place at the Plymouth Recreation alleys Sunday, March 7.

The Kiwanis team rolled a total of 2597, while the Rotary team followed with 2539.

Those bowling on the former team were: Phillip Barney, Earl Demel, Ralph Johnson, Sydney Patton and Bud Wilson. The Rotary team was composed of Lee Butler, Al Hubbs, Pat McGuire, William Taylor, and Robert Waldecker.

High score of the day was 619, bowled by Mr. Butler of the Rotary team, while Sidney Patton was high for the Kiwanis team with 567.

### Playing the District Class B and C tournament eliminations at Farmington Saturday, March 6, Northville played Clarenceville and Plymouth played St. Mary's of Orchard Lake.

Northville defeated Inkster Roosevelt Thursday night and South Lyon Friday, to qualify for the last game of the tournament Saturday in which they defeated Clarenceville. Plymouth defeated Inkster 48-31 Friday night to win the right to play Saturday against St. Mary's. Although they played a good game, the Plymouth Rocks lost to St. Mary's 37-30. The Class C schools will meet at Oxford and the Class B at Ferndale for the regionals.

**LIFE ASSURANCE DOLLARS**

work for YOU and the NATION

Yes, the dollars paid in premiums by the policyholders of the Sun Life Assurance Company of Canada go to work at once.

They are promptly and securely placed in Government, municipal, public utility and corporation investments.

They develop industry and expand business.

They build homes and schools, and modernize farms.

At the same time, dollars are being paid out by the Sun Life to safeguard families, to bring independence in old age and security to the bereaved. Thus the one and a half million men and women who, for their own protection, co-operate with the Sun Life of Canada — one of the top-ranking companies of the world — are making a definite contribution to individual and national well-being.

Benefits paid to policyholders and beneficiaries during 1947: \$101,914,657;  
Total Benefits paid since the first Sun Life policy was issued in 1871: \$2,021,809,123;  
New Assurances issued during the year: \$380,659,514;  
Total Assurances in force: \$3,837,724,159.

**Walking in Rain**  
Grace Nell Crowell  
TO GO rubber-cloaked and rubber-shod, Out in the rain and the clean drenched air, Smelling wet grass and the thirsty sod, A silver mist in my eyes and hair, And the tang of it, and the taste of it In my lips, and everywhere The drip, drip, drip from the tip Of heavy leaves and the wet, gray sky, Catching the roadside flowers' deep stain, The sudden note of a cricket's cry— It is delightful walking in rain!  
I would rather trudge down some country way, All alone on a rainy day, Than to walk in the sunshine with a crowd Whose laughter is shrill and whose speech is loud, The rain is a sincere friend to me, And a cricket is excellent company.

Mr. and Mrs. George Chute of Garfield avenue will have a dinner and bridge guests tomorrow evening. Mr. and Mrs. Austin Whipple, Mr. and Mrs. Maxwell Moon, Mr. and Mrs. Lawrence E. Mack, Dr. and Mrs. A. E. Van Ornum and Mr. and Mrs. Warren Worth.

Mr. and Mrs. Charles Finlan have returned home from a winter vacation spent in Florida. They were in Fort Lauderdale the greater portion of the winter. Their return completes the 14th winter vacation they have spent in the south.

Mr. and Mrs. Melvin Guthrie and sons, Tom and Melvin, of Newburg road, drove to Cleveland, Ohio, last Saturday, where their daughter, Rosemary, a student at Baldwin-Wallace college, met them. They stayed at the Hotel Cleveland, returning to Plymouth on Sunday.

Mr. and Mrs. O. H. Williams of Adams street will entertain their bridge club tomorrow evening. The members are: Mr. and Mrs. George Farwell, Mr. and Mrs. Howard Wood, Mr. and Mrs. William A. Scott, Mr. and Mrs. John Henderson, Dr. and Mrs. Elmore Carney and Mr. and Mrs. Edward Dobbs. A lunch will be served after the card game.

Private Mervin N. Porte, son of Mr. and Mrs. Max Porte, of Schoolcraft road, was graduated from a thirteen week basic training cycle as a member of Battery C, 67th Armored Field Artillery Battalion, Combat Command B, Third Armored Division at ceremonies at Fort Knox, Kentucky on February 28.

Helmar Nelson, Kenneth Hulsing and Mrs. Sidney Strong attended a meeting at the Detroit Edison company in Detroit, last Tuesday evening. This meeting was sponsored by the Illuminating Engineering Society and the discussion, led by C. L. Krouch, explained new American standards and practices in school lighting.

The World Wide Guild of the First Baptist church held their regular monthly meeting, at the home of Doris and Frieda Benton on Starkweather, with ten members present. In the absence of the president, Carol Lidgard had charge of the business meeting. A report was given by the White Cross chairman, Jane Houk, stating that the quota for overseas was completed for shipment to Dr. Osterholm, medical missionary in Vanga, Africa. Carol Lidgard gave a history of the Baptist work done in the Mether school in Beaufort, South Carolina. Mrs. Eicher led the devotions and her topic was "Workers with God." The meeting closed with prayer and after that Mrs. Benton served refreshments. The next meeting will be held April 5 at the home of Jane Houk.

**Plymouth Student Joins Group Planning Tour**

James Thornton is one of a group of Western Michigan college students who will spend the spring vacation traveling in Canada to improve their conversational French.

He is the son of Mr. and Mrs. William Wood of Rosedale Gardens and a graduate of Plymouth High school with the class of 1945. They will leave Kalamazoo March 28, and will visit the cities of Corbuige, Victoriaville, Quebec, and Montreal before returning.

**Rebekah News**

We had a enjoyable evening at our last meeting, February 27, when we entertained Sister Louvia Fox.

Several of our sisters and two of our brothers attended the visitation at Brightmoor Rebekah Lodge February 24.

The District meeting will be held March 29 at Lawton and Grand River. Our lodge has been invited to put on the memorial services.

The degree staff will have a bazaar and public supper April 2, at the hall.

The next visitation will be Wednesday, March 17, at Mabel Rebekah Lodge. This will be the last visitation before the district meeting.

There will be a luncheon and tour at the women's division of the Detroit House of Correction Thursday, March 18. Members wishing to go should contact one of the following sisters: Mabel Hunter, Hazel Roach or Mildred Collins on or before March 15. Those who are going will leave Sister Dora Wagenschultz at noon of the 18th. All members are invited to attend.

Sisters who are going to be in the Memorial work for the district meeting will practice after our meeting, March 12.

We hope that all members who are ill may soon be well and out with us again.

Juniors: Don't forget your next meeting will be a party. Everyone be present if you want to have a good time. Your new time is 4 p.m.

Commander Granger wishes to thank the ladies who donated so generously to the bake sale and a special thanks to Doris Curtis, leader of Group No. 1 for making the bake sale a success.

All Lady Maccabees wish Lady Jessie Terry, a belated happy birthday. Lady Terry was 81 years old Sunday, March 7.

The Maccabee dance is March 17 at Grange Hall. Bring your friends to dance to Herman Schields and his orchestra.

We are sorry to hear the following are on the sick list: Dorthea Curtis' son, David, who has been ill with tonsillitis; Marie Schaefe's husband, who is ill; Mytie Brown, who is confined to her home; and Clara Mumby, who is better.

If you have any Maccabee news, please phone 869-J4.

**Power story of the year**  
(told in a whisper!)

**Come in and hear how this silent, super-smooth Packard delivers more power... with amazing new economy!**

**PACKARD** calls it "Safety-sprint" power... and when you drive this great new eight you'll agree—it's out of this world!

Here's the biggest news in Packard's 48 years of historic power experience. Here's power to thrill you in three important ways:

**New smoothness!** Smoother than any of the famous Packards of the past. Reasons? Slower piston speeds... streamlined fuel distribution.

**New responsiveness!** Instant-response reserve power that breezes you around other cars, fast highway trucks and busses... into the clear.

**New economy!** Result of new "free-breathing" design and higher compression ratios. Here's new efficiency that means more power per gallon—efficiency that gives you up to 10% more economy!

Don't miss seeing the most efficient Packard ever built! Visit your Packard dealer now!

EXCHANGE ASSEMBLY PRESENTED BY INKSTER

Inkster High's vocal chorus, directed by Arthur Meek, entertained Junior and Senior High students in two assemblies Monday, March 8.

Selections sung by the entire chorus were "King Jesus is Listening," "Now Let Every Tongue Adore Him," "Moonlight Bay," "The Heavenly Choir," "Deep River," "Inching Along" and "Climbing Up the Mountain."

The two vocal soloists featured on the program were Marvin Butler, who sang "Because" and "Stout Hearted Men," and Lawrence Thomas, who sang "The Lord's Prayer. Accompanist was Harold Meek.

Benjamin McClain rounded out the program by doing a piano number, "Malaguena," with "Rhapsody in Blue" as an encore. Judging by the attention and applause of the student body, the program was greatly appreciated. Plymouth will return the favor by presenting an assembly at Inkster in the near future.

P. JOHNSON, L. BARNES TAKE GRADE HONORS

Patricia Johnson, eighth grade, and Lucy Barnes, seventh grade, defeated all their respective class members in the Grade Spelling Bee, sponsored by the Detroit News, held March 5.

The eighth grade contest was held in room 26 under the direction of Miss Louise Spence, with Miss Elizabeth McDonald assisting. The seventh grade bee took place fourth and fifth hours in rooms 35 and 46 under the direction of Mrs. Joan Hayskar with Mrs. Barbara Hurtik alternately pronouncing the words.

The last ten out of each class will make up the grade teams who will compete in the school contest. They are as follows:

Eighth grade: Shirley Freeman, runner-up; James Brinks, Kurt Hoenecke, Marian Ellsworth, Gerald Corey, Ruth Anne Richwine, Jean Fallot, Lynn Osen, and Phyllis Wilkins.

Seventh grade: Herbert Olsen, runner-up; Leo Ferrari, Julie Simmons, Richard Nagel, Marilyn Rood, Jon Brake, James Puckett, Susan Wesley and Kay Darling.

## HOUSEHOLD MEMOS... by Lynn Chambers

Pass the Savory Chicken Pie. (See recipe below.)

**Feeding Fifty**

If your club or church is planning a community social dinner for a get-together or for the purpose of making money, you'll appreciate these tested recipes. The recipes are bound to be tempting to most people, which is an important consideration for dinners of this type.

You'll need to do careful planning for both purchasing and preparing or perhaps you can have a committee work out the donations so there will be more of a return on the dinner. Have your group choose an able leader to insure a successful dinner. She should be thoroughly familiar with all the procedures of the menu, and should be able to divide and assign the work properly, as well as to iron out all sorts of details that come up.

Tableware should be checked in advance so there will be enough to go around. The same goes for kitchen equipment.

Men as well as women will like the menu for this community supper as it is appetizing and well balanced.

- \*Candied Sweet Potatoes
- Relish Plate: Carrot Strips, Radishes, Pickles
- Bread Butter Plum Cobbler Beverage

**Baked Ham**  
Buttered Green Beans or Peas  
Candied Sweet Potatoes  
Coke Slaw

**Apple Cranberry Sauce Relish**  
Rolls, Jelly Butter  
Pineapple Chiffon Cheese Cake

**Baked Ham**  
(Serves 50)  
18 pound smoked ham  
2 cups brown sugar  
1 tablespoon vinegar  
1 tablespoon prepared mustard  
1/4 cup cloves

Place ham (wrapped in heavy waxed paper or inside wrapper), fat side up in an uncovered roasting pan. Bake in a slow (350 degree) oven about 3 1/2 hours. About an hour before the ham is done, remove from oven, lift off remaining skin and score fat surface. Mix brown sugar and mustard, add enough vinegar to make a paste. Spread paste over fat surface and stud with cloves. Return to oven and bake in a slow (325 degree) oven for about 45 minutes to glaze the surface.

Here are some other glazes which may be used. The amounts are sufficient to cover the surface of one ham:

**ORANGE GLAZE:** Mix one cup brown sugar, juice and grated rind of one orange and spread over fat surface. Garnish with orange slices when serving.

**HONEY OR MOLASSES GLAZE:** Use one cup honey or molasses and spread over ham; stud with cloves. Finish baking.

**SPICE GLAZE:** Use one cup brown sugar and one cup juice from spiced peaches, crabapples, ginger pears or pickled peaches. Garnish with the spiced fruit.

For the vegetable, green beans, you may use two No. 10 cans, seasoned with one cup butter, salt and pepper. Heat thoroughly but be certain not to overcook.

**\*Candied Sweet Potatoes.**  
(Serves 50)  
2 No. 10 cans or 8 No. 2 1/2 cans sweet potatoes  
1 pound brown sugar  
2 quarts bread crumbs  
1 cup melted butter

Place sweet potatoes in a baking pan. Combine remaining ingredients and place over sweet potatoes. Bake in a moderate (350 degree) oven until heated through.

**Coke Slaw.**  
(Serves 50)  
1 pint mayonnaise  
1 pint sour cream  
1 cup vinegar  
1 teaspoon mustard  
1 teaspoon celery seed  
1 teaspoon salt  
1/2 cup sugar  
7 quarts (6 pounds) cabbage, shredded fine

Blend the mayonnaise, sour cream and seasonings. Mix lightly with the cabbage.

**Apple Cranberry Sauce Relish.**  
(Serves 50)  
3 oranges  
5 No. 2 cans apple sauce  
3 1-pound cans cranberry sauce

Grind oranges and combine with apple sauce. Chill for several hours. Cut up cranberry sauce in cubes. Just before serving mix cranberry cubes with the apple sauce.

**Pineapple Chiffon Cheese Cake.**  
(Serves 50)  
3 cups sugar  
3 pints syrup from pineapple and water  
12 egg yolks  
2 ounces (1/2 cup) plain gelatin  
3 No. 2 1/2 cans crushed pineapple  
4 pounds (2 quarts) sieved cottage cheese  
1/2 cup grated lemon rind  
3/4 cup lemon juice  
12 egg whites  
1 teaspoon salt  
1 quart heavy cream for whipping  
2 quarts graham cracker crumbs or zwieback  
1 pound butter, melted

Combine two cups sugar and two cups syrup with slightly beaten egg yolks. Cook over hot water until smooth and thickened, stirring constantly. Soften gelatin in remaining syrup for five minutes. Add to hot mixture and stir until dissolved. Chill until the mixture starts to congeal; add pineapple, cottage cheese, lemon rind and juice. Fold in stiffly beaten egg whites, salt and whipped cream. Combine crumbs with remaining sugar and butter. Line a pan with this mixture, saving about a third for the top. Pour in cheese mixture and top with remaining crumb mixture. Chill for several hours until firm.

## Daily Story Time Recommended for Young Children's Relaxation

When little Johnny or Susy beg, "Read me a story, please," it is wise for Mother or Dad to take time out for story time. If you've had trouble getting them to bed and to sleep at night a story may be your answer.

Reading or telling stories to a child helps him relax, reports Eileen Algiers of the Michigan State college nursery school. No child can be expected to fall asleep quickly and easily if he has just finished an exciting game or romp. A quiet time with a book is good for him.

Children like to look at books and pictures by themselves, too. Often meal time becomes more calm and enjoyable, when children sit quietly and look at books for a few minutes before eating. Story time can be anytime. During the day it gives both you and your children a time for relaxation and conversation. "Told" stories are equally as good. Without a book and its pictures you can substitute motions and direct talking to the child.

Stories are a source of both entertainment and information. Interest in subject matter will change with your child from day to day and month to month. Simple nursery rhymes usually are sung to the baby. These are his first stories. The child of two is interested in stories about himself. In another year he likes to hear about animals he knows, cars, buses, and every day things. Later he will like stories with a plot, stories of people in other countries, and stories of make believe.

Requests for stories should come from every child of two years up to junior high school age. A broad knowledge of books, stories and literature is his rightful heritage.

There are prospects of a highly controversial question being given to the legislature at the forthcoming session as a result of a recent decision of the attorney general.

This state official recently ruled that under the present laws and constitutional provisions of the state that game law enforcement officers could not search the creels, game bags or automobiles where game law violators might conceal illegally taken game.

Such a ruling has made nearly impossible any sort of an enforcement of the game laws of the state.

Director Hoffmaster and other officials of the highly efficient Michigan Conservation department, alarmed at such a ruling, have worked out a plan which will remedy the situation providing (1) that Governor Sigler will open the question for consideration at the forthcoming special session of the legislature and (2) if the question is opened, the legislature approves of the proposed plan.

This proposal, which will meet with all constitutional requirements, would make it necessary for any one applying for a hunting or fishing license, to consent to a search of his automobile and creel by game law officials. If such consent is not granted by the applicant, then he would not be granted a Michigan license to hunt or fish.

It is difficult to conceive of any honest sportsman opposing such a plan. Of course game hogs and others who deliberately and openly violate the game laws of the state will howl to high heaven that such a plan will take from them some of their "rights"—"rights" meaning a right to kill

laws and does and hide them in the trunk of their automobiles so game law enforcement officers will not be able to secure sufficient evidence for a conviction.

The hundreds of thousands of members of the various conservation clubs and sportsmen organizations in Michigan, we hope, will rally one hundred percent back of Mr. Hoffmaster's plan. It will provide one of the best safeguards against game law violators that has ever been devised.

Michigan ranked first among all the states of the Union last year in the number of fishing licenses issued. California was second in licenses issued, which brought the western state conservation department a revenue of \$1,718,066.

Minnesota was third with 765,335 fishing licenses issued, a total of more than 100,000 less than issued in Michigan. Wisconsin was fourth, a total of 653,147 licenses having been issued in the neighboring state. New York, with the largest population, stood in fifth place, a total of 631,238 licenses being issued during 1947.

Although Michigan ranked highest in the number of fishing licenses issued, it stood in fourth place in the total amount secured from the sale of fishing licenses. California ranked first in revenue, receiving \$1,718,066 from the fishermen of that state.

Minnesota, although third in the number of licenses issued, was second in the total amount of revenue received. Its total was \$1,328,316. New York, standing fifth in the total number of licenses issued, stood in third place in the amount of revenue it received from fishing licenses, the total amounting to \$1,316,513.

The Michigan legislature at its regular session, raised license fees to fishermen at the request of the fishermen. The increased revenue will be more in keeping with the benefits enjoyed. But it is doubted if its total revenue will exceed that of some of the top states, as they too have raised some of their fishing fees, although Michigan will doubtless retain first place in the total number of licenses issued.

With the season for bluegill fishing and spearing through the ice at an end, and pike fishing on inland lakes scheduled to end March 15, Michigan fishermen are turning now to fishing in the rivers during the spring spawning runs, advises the Michigan Conservation department.

Besides the popular hook-and-line fishing for perch, there is dipnetting in non-trout rivers and streams, when ice conditions permit, until May 15 for suckers, mullet, smelt, carp, dogfish and garpike. And from April 1 to May 15 in the lower peninsula and during the month of May in the upper peninsula there is spearing on non-trout streams for carp, suckers, redbreast, mullet, dogfish and garpike, according to the conservation department's season calendar.

Inland lakes, except trout lakes, continue open to hook-and-line fishing for such species as perch, crappie, rock bass, white bass and rough fish the year around north of highway M-46 (from Muskegon to Port Sanilac) and through March 31 south of this highway.

Trout fishing begins this year on April 24.

Fourteen Outdoor Guides from Baldwin high school had a look at deeryarding conditions in Baldwin swamp; then took up their axes to do something about

Under supervision of district forester Bob Leeson, district game manager Phil Baumgras and Conservation Officer Elmer Laubaugh the boys cut crooked, crowded and other cull trees from a dense stand of cedar to provide browse for the deer.

The boys and school superintendent Max Brail are enthusiastic about the work, plan to return weekly until spring.

It didn't cost much back in the depression year of 1933 to travel by automobile. But times have changed. Today, prices of automobiles, automotive products, gasoline, service and parking have spiraled through the ceiling, but not Greyhound fares. They're lower than they were in 1933 despite increased costs of new buses, terminals, supplies and operating overhead. Now, as never before, you enjoy more luxurious comfort and save more travel money when you travel by Greyhound.

**Michigan Bell is BIG ...**

**but not big enough**

Michigan Bell is a public servant. Our job is to give everyone the kind of telephone service he wants—when and where he wants it.

And while Michigan Bell's telephone plant is big, it is not big enough. Because of shortages of facilities there still are persons waiting for telephones. And we still can't provide all the types of services our present customers desire. Nor can we always serve everyone the way we would like.

That means we must continue to expand the telephone system as rapidly as additional switchboards, cable, buildings and equipment become available. We are adding new telephones, improving service and growing bigger every day.

And we must grow bigger still to provide more and better service for everybody, everywhere.

**Dondero Cracks Down on Wild Socialist Plan**

Congressman George A. Dondero of this district, who never loses an opportunity to crack down on wild-eyed socialist schemes to hamstring taxpayers for the benefit of certain political groups, is right now indirectly rendering the residents of his congressional district an outstanding public service down in Washington.

The Public Works committee, of which Congressman Dondero is chairman, devoted several days to hearings on the subject of the development of such power by private or public (government) industry. The project in question is not located in our Congressional District nor in Michigan, but it vitally affects all users of electric power indirectly.

Congressman Dondero's bill authorizes and directs the Federal Power Commission to grant a license to the Savannah River Electric Company to construct, own, operate and maintain the power house of the Clark Hill Reservoir project in Georgia. Enactment of this measure would relieve the Federal government from spending \$15 million for the same purpose.

The Federal Power commission, in its testimony, admitted that it had no Federal power policy and has one formula for fixing electric rates for public or government ownership and another for private industry. If the same formula were used for both, that is to include interest and taxes (which the government does not pay but private industry must) the rates would be the same. This private industry. If the same formula were used for both, that is to include interest and taxes (which the government does not pay but private industry must) the rates would be the same. This means that electricity used by citizens served by government-owned power plants, where the energy is distributed indirectly to the consumer, is paid in part by you and me because we pay taxes to subsidize it in lieu of the taxes which private enterprise, if it were allowed to operate the plant, would pay on its transmission lines, plant, land and facilities.

Thus a project hundreds of miles from this district affects us directly and forces the people of Michigan to pay a part of the cost of furnishing government-owned cheap power to the people of several other states. It destroys the business of private individuals.

**Fails in Dunking Club Contest**

Odd, what strange things happen these days, thought Matt Powell the other day when he made application to become a member of the Plymouth Dunking club.

One of the requirements for membership, says President Don Lightfoot, is that the applicant must know in advance just how to dunk a doughnut.

Matt thought he knew how—but when the test came—well, he just didn't meet up with the requirements of the Dunking club.

It seems that Matt permitted his doughnut to be immersed too long in the hot coffee, with the result that when he raised it to bite off the "dunked" end, it fell back into the cup and had to be dished out with a spoon.

"That will never do," said President Don. "One must be able to judge just how long the doughnut should be dunked. Our rules prevent one from guessing at it. I am sorry, but Matt will not be permitted to take out membership at this time. Maybe we will give him another chance later, but not right away."

**Jetter Reports on Unemployment Act Benefits for State's Workers**

"Lay-offs" from several plants in this vicinity have resulted in an increased number of questions from unemployed workers concerning benefits provided for in the state's Unemployment Compensation Act.

According to Clarence Jetter, manager of the MUCC Plymouth branch, there is frequent misunderstanding as to which workers are entitled benefits of the act and which are not, as well as how to make application of such.

To clear up all discrepancies a series of articles have been prepared to answer questions, as well as describe the set-up and recent changes in the administration of the act.

The first of the articles follows in full:

Michigan's new, streamlined, decentralized plan for administration of the Unemployment Compensation Act, which will turn over to the local office of the agency all functions pertaining to the taking, processing and paying of claims, became effective on January 1, Mr. Jetter indicated.

Designed to give that "new look" to the agency's operations, and speed payment of unemployment benefits, the new program will also simplify book and record-keeping by the State's 21,000 employers who are covered by the Act, and will tend to bring the employer, the claimant, and the commission, whose employees serve both worker and employer, closer together on a community basis, Jetter said.

"More than 200 legislative changes have been made in the Act since it was first passed, in December, 1946," Jetter said. As a result, the mass of legislation under this one heading had assumed rather a "patch-work" appearance. Within the framework set up by the Act, however, the commission has evolved this new program which has attempted to overhaul from the grassroots, the entire function of the claims paying side of the commission.

"We went a lot further than we had to go under the Act," he said. "Michigan, as a result, is pioneering among the states of the nation, in the degree to which it is

decentralizing its operations. Some of the changes are made as the result of changes in legislation, as the stiffening of the disqualification provision. Others are as the result of our reorganization. Together, they will simplify, shorten and expedite our claims-paying program."

Jetter pointed out that the decentralization program, by placing responsibility for all functions of the claims paying procedure in the local office will raise the local office to the status of a truly local institution, not merely a branch office of some distant, invisible agency.

"These functions include taking the claim, the processing it, or making a determination whether it is valid, and if it is valid, determining the amount of money per check and the number of checks due the claimant, provided he complies with all the legal requirements for payment. The last step is payment of the claim."

"The local office also makes the determination in instances in which the claimant is disqualified and payment refused. Further, the first step on an appeal is made to the local office's principal claims examiner."

"Heretofore, the only claims function locally was the actual taking of the claim, and passing out the check after it had been made out by the state administrative headquarters."

"Of course the regular employment service division of the local office still must register and treat the claimant as heretofore, exposing him to whatever jobs are open, giving veterans and disabled workers particular service," Jetter added.

"The state office function of keeping interminable wage records, of making determinations and writing out the checks, resulted in occasional bottlenecks, and a mass layoff of huge proportions would tie up checks for the entire state," he said. "Now a mass layoff, if it occurs, will tie

up only the area in which it occurs, if it ties up any place at all."

For a period of several months after January 1, until a complete new schedule is completed, the Unemployment Compensation Commission will be maintaining two separate systems, the old one.

to taper off the claimants who have filed during the current year, and the new one to care for claimants who file new claims after January 1. As a result, there will not be a full scale switch-over on January 1, as only about 25 per cent of the claimants will come under the new provisions in the first few months.

Claimants whose "benefit year" began on April 1 or July 1, or October 1, 1947, will be served in the "old" style, and it is expected that those claimants will not be "decentralized" until some period between April 1 and June 1, 1948.

**There's New Glamour in the Way it Goes**

**T**AKE the glamour of its tapered gracefulness for granted, if you will. One glance tells you it's tops.

Take an inside peek at its newly fashioned interiors — and see if you're not dazzled by the luxury that greets your eyes.

But wait — just wait — till you learn what makes this banner beauty run off with the year's high honors on the highway. Dollars to drachmas — you'll fairly itch to get in and GO!

For now your right foot commands a Fireball power plant that's as eager as a panther on the prowl — yet is so quieted in purr and pulse you barely sense its telltale throb.

Now you slip through traffic or light out cross-country as relaxed as a baby with his bottle — in a body that's boundedly big, cozily cushioned, and insulated against the usual noises of traveling.

Now you experience the first scientific system ever devised to shield a car's ride against road noise, shake and the vibration

build-up that previously took advantage of an automobile's tendency to play sound box.

Now you ride the washboard roads and cobbles as though they were carpet — thanks to coil springs all around — plus extra-low-pressure tires, carried on Buick's own wider, more stable Safety-Ride rims.

And last but not best, if a Roadmaster's your choice, you can enjoy the really effortless driving — in a new kind of drive that not only frees you of gearshifting, but that doesn't even shift itself!

It's Dynaflo Drive\* — a drive that's devoid of all halt, lag and hesitation, through all speed ranges — because here, for the first time, the power plant itself does what gears used to do.

Fact is, you'll find the new Buick sparkling with more than a score of new advances — in ten brilliant models that span three series and give you your choice of three wheelbases and four power ratings.

So why dally? Here, certainly, is the dilly of the year for smartness and roominess — for the newest in driving ease and riding relaxation — and for all those basic bounties that are forever Buick's.

Place your order with your dealer now — whether or not you have a car to trade — and hasten the day when you'll reach those motoring heights you hanker for.

### Babson Discusses the Recent Slump

Babson Park, Fla., March 12. Let us examine the prospects for general business during the remainder of 1948. In any such consideration, it is necessary to realize that the average of business volume throughout the country is a robust 31 per cent above normal. Naturally, such feverish output cannot continue forever. If you have been following the Babsonchart, you have seen the business curve set all kinds of new records. In accordance with the Law of Action and Reaction upon which my forecast theory has for 40 years been based, it would appear that a staggering recession—even amounting to a major depression—is overdue. This, however, will not come in 1948.

#### Outlook for 1948

I am often asked if the break in stock and commodity prices is the beginning of such a tobygan slide. Even if the remarkable rate of activity registered in 1947, is not entirely duplicated this year, the average decline should be small. In fact, we expect a 5 per cent decline in 1948 business volume from the extremely high 1947 volume. Purchasing power will move along at a very high level. I forecast that the national income for 1948 will about equal the \$190 billions estimated for 1947. The individual tax bill may be somewhat lower. Therefore, the general picture is one of plentiful buying power. Farm incomes may possibly suffer some losses, but should not fall more than 20 per cent below current levels which are well above parity.

#### Wholesale Commodity Prices

Whether the inflation spiral in wholesale commodity prices has yet fully run its course, remains to be seen. The recent drastic slump in the major commodity futures market may well have marked the turning point; but it would be unwise to be too inflexible on this score. A serious crop failure, plus a third round of wage increases could result in commodity prices again turning upward.

#### Record domestic employment

level, at high wages, also spells continued large public purchasing power, despite inflated prices. Production costs are unlikely to drop, and probably will advance further, should labor make a successful bid for increased wages as a result of advancing living costs. These major factors should be kept in mind.

#### Labor and Stocks

Labor leaders has two primary aims for this year. The first is to obtain a third round of wage increases to offset advances in the cost of living. During the next few months a great many union contracts will expire and

many others will reach the wage reopening phase. Before the third quarter of 1948 is reached, organized workers of the nation may have added a little more to their take-home pay,—but very little and in most industries nothing.

Inflation has passed the stock market by. Greater value may exist dollar-for-dollar in the stock market today than in any other part of our economic system. Thus, it would be only natural to expect that stocks would turn up during the summer or fall, due to purchases of those desiring income. The stock market, however, will naturally be very selective. At any time in the stock market there are certain groups that have a more attractive outlook than others. In the bond market the long term trend is towards rising interest rates resulting in lower bond prices.

#### International Outlook

During 1948 America's role in the international drama will become more significant, more colorful, more dominant than ever before. The hungry peoples of the world will continue to look to us for help. The weak will depend upon our strength. Management and labor, radicals and conservatives, farmers and industrialists, Republicans and Democrats,—all must join forces to secure and maintain a vigorous, healthy economy. Only as long as this nation enjoys good health and harmony, will it serve as a bulwark against communism either abroad or at home.

The Mail is in receipt of several Panama, R. P. newspapers, and a letter from C. H. Bennett, who with Mrs. Bennett, is touring the southern countries. Mr. Bennett says: "We have finished our cruise to Panama and Costa Rica, and are now awaiting our steamer for a trip to Rio de Janeiro, Brazil, where we will visit the Pan American exposition. Intend stopping at Barbados and several South American ports. Summer down here and have on by "lightest" and my ice cream trousers, and then I am very much hot."

Albert Stever has severed his business relations with William Pfeiffer, and has taken a position as manager of the Sanitary market at Farmington, which is considered to be the finest equipped meat market outside of Detroit. The barn on the Sackett property on Forest avenue was badly damaged by fire, Tuesday afternoon. The blaze started in the

upper part of the barn. Several tons of hay were destroyed, as well as the roof and upper part of the building. How the fire started is not known.

Co. A of the M. E. Ladies Aid society of the Methodist church, met Wednesday afternoon with ladies were present. A nice talk Mrs. E. Ebert. Fourteen ladies were present. A lot of aprons were sold. After a successful business session, a social hour was enjoyed and refreshments served.

Born, to Mr. and Mrs. Joe Herter, Tuesday, March 6, a son.

The average male citizen of Plymouth will thank us for breaking the news that "galluses" have come back in style. Many of you have been wearing them anyway, but not sheepishly as though you realized they were no longer stylish. Now comes the style committee of the National Association of Merchant Tailors, and says, according to the daily papers, that they are again O.K.

## District Forensic Contest Will Take Place in Plymouth

Plymouth is to be the site of the Suburban B district elimination for the annual forensic contest to be held before March 19, according to James Latture. He stated that plans concerning the contests are now being formulated by Plymouth High school students intending to take part in the competition.

A report from Lawrence W. Groser, manager of the Michigan High School Forensic association, sponsor of the project, reveals that Plymouth is one of 215 Michigan high schools whose students will compete in contests. Forensic contests are held in oratory, dictionation, extempore speaking, and dramatic readings. In addition to this project, the association also sponsors debating activities in high schools of the state. The Forensic association is an agency of the University of Michigan Extension Service.

Preliminary contests will be held in Plymouth to secure local winners before March 19. These winners will then be eligible to participate in district contests, which are to be completed by April 16. District winners in turn may enter the regional contests, to be held on or before May 14. There is no state contest in these events.

District winners will receive a Webster's Collegiate dictionary with the contestant's name printed in gold on the cover. The dictionaries are presented by the Detroit News. Schools winning a regional contest will receive a wall banner from the University's extension service.

Last year over 10,000 high school students participated in contests conducted by the Michigan High School Forensic association.

In Keiso, Wash., Mrs. R. K. Chess advertised her two dogs for sale, gave her phone number, got no calls at all, finally discovered that the dogs had chewed away the phone connection.

In Windsor, Vt., Prisoner Harry Priest asked the warden please to delay his forthcoming release two weeks; he wanted to appear in the prison minstrel show. In Stanton, Michigan, Parole Violator Harold I. Davis, a fugitive, came back to jail from Texas, explained: "It's better to be in jail where they know you and want you than at liberty in a gay city where they don't."
