## Wed in Saturday Rites

Mrs. Ronald Bruce Brink

Last Saturday, April 10, Ellen Mae Smith and Bruce Brink were united in marriage at a service held in the First Presbyterian church. The bride is the daughter of Mr. and Mrs. Wayne Smith of Roosevelt and Mr. Brink, the son of Mr. and Mrs. George Brink of Evergreen. Further details of the wedding appear on the woman's page.

## Bike Recovered Shortly After Theft Discovered

Recovery of a bicycle stolen in Rosedale Gardens Monday, April 5, was made an hour after the incident was reported to Sheriff Edward Behrend's road patrol. Jane Cook, 13, of 31818 West Chicago, Livonia township, left her bike outside the Rosedale Gardens church at Hubbard and West Chicago that evening. An hour later when she came out of the church, the bicycle was gone. The road patrol was notified and upon searching the area found the bicycle on Plymouth road where it has been abandoned.

## Large Number Attends Tom Breneman Supper

Approximately 200 attended the "Tom Breneman Supper" program held by the Wesleyan Service Guild of the Newburg Methodist church last evening, Thursday.

It took place in the Newburg hall, located on Ann Arbor trail and Newburg road.

Prizes were awarded for the funniest hats worn by those attending.

If you have great talents, industry will improve them; if but moderate abilities, industry will supply their deficiencies.—Samuel Smiles

Success in life depends upon persistent effort, upon the improvement of moments more than upon any other one thing.—Mary Baker Eddy

## Six Plymouthites Attend Assembly

Six from Plymouth attended the third annual Westminster Fellowship Synod Assembly held in Kalamazoo on Friday, Saturday, and Sunday, April 9-11. The assembly is a youth project of the Presbyterian churches of Michigan.

Among the 400 delegates attending the conference were Plymouthites Anthony Matulis, advisor, Barbara Ann Mastick, Richard Arlen, Nancy Daniel, Sandra Walsh, and Allyn Williams. One hundred Michigan Presbyterian churches were represented.

"Jesus Christ Is Lord in Our Lives" was the theme of the conference, and was chosen as the subject of the address made Friday evening by the Reverend John Forsyth, field director of the Synod of Michigan and former pastor of the Rosedale Gardens Presbyterian church. Saturday morning numerous interest groups were held. Barbara Ann Daniel led the one which discussed the church's New Life Movement.

After tours of various Kalamazoo churches and colleges, the assembly held a banquet Saturday night, with Dr. Kenneth Neigh, vice-president of McCormick Theological Seminary, making the address of the evening.

Sunday morning a special youth devotional service was held at 9 a.m. which concluded the three day meeting. Dr. Samuel Neel, director of Inter-Church Student Fellowship in Kalamazoo, delivered the sermon, discussing his experiences as an army chaplain during his imprisonment by the Germans.

The delegates were housed in homes of church members.

Sunday, April 18, the Plymouth Westminster Fellowship will attend a conference in Detroit at the Dodge Community Center.

**Humane Society Acts on Animal Cruelty**

The Humane Society can take action in cases where animals are mal-treated, a report from the police department revealed this week.  
This applies to situations where dogs, cats, or pets of any description are not properly fed and cared for. Failure to feed pets makes the animals rely on other residents of the city for food, or they often turn to raiding and tipping over garbage cans.

**Wagner Honored At State Festival**

(Continued from page 1)  
 E. Maddy, Dr. Phillip O. Potts, Dr. William W. Norton and Charles W. Shipman, former president.  
 Many Plymouth residents attended the Sunday concert, and have highly praised the superior quality of the performance, for which the participants had only one rehearsal.  
 The Michigan Massed Orchestra Festivals originated in 1941 when Monroe, Ann Arbor and Wyandotte joined their orchestras in a program given on Sunday in Monroe and the following Sunday in Ann Arbor. The acquaintance and united purpose were deemed of such enjoyment and

musical value that the idea "took" for an all-state orchestra festival, and these events have been given each year since then.  
 Considerable success in the plan is evidenced in the large registration of players from all over the state (many had to be turned away on account of limited stage capacity), in the popular interest accorded the program both from spectators present and from radio listeners, and in the recognition given it by music publications over the country.  
 It is hoped to give these annual musical events on an even greater scale in following years, perhaps with an all-state Massed Chorus.  
 Members and participating organizations of the Michigan Civic Orchestra association are as follows, and it might be noted that Plymouth is the smallest community in Michigan to be represented by a Symphony Orchestra:

Ann Arbor Civic orchestra, Battle Creek Symphony orchestra, Dearborn Civic orchestra, Detroit Community Symphony orchestra, (Detroit) Edison Concert orchestra, (Detroit) Michigan Harp club, (Detroit) Scandinavian Symphony, Faculty Symphony orchestra, Detroit schools, Flint Symphony orchestra, Hamtramck Philharmonic orchestra, Lansing Civic orchestra, Michigan State College Harp ensemble, (Midland) Dow Symphony orchestra, Monroe Symphony orchestra, Plymouth Symphony orchestra, Port Huron Civic orchestra, Saginaw Civic Symphony orchestra, University of Michigan Extension orchestra, (Wyandotte) Down River Civic orchestra.  
 Needless to say, Mr. Wagner and the Plymouth Symphony Orchestra and Society, feel honored and pleased with the election of Mr. Wagner to the board of directors of the association. It will mean that he will be closely associated with an outstanding musical group, and the exchange and development of ideas will benefit the Plymouth orchestra.

### Casters Move to Out-of-Doors

Activities of the Plymouth Bait and Fly Casting club will move to the realms of the out-of-doors on Sunday, April 18.

Plans for the day include the club's first spring tournament. The activities will take place at the Newburg lake near the artificial water fall. Spectators are invited to attend, as well as anyone desiring to take part in the program.

Reports reveal that the April 7 bait and fly casting program held in the high school auditorium was highly successful with a large audience in attendance.

At that time experts were on hand to demonstrate techniques involved in bait and fly casting. A father and son combination, Ted Krause and his son Tom, demonstrated bait casting, while a fly casting exhibition was performed by Earl Westbrooke and his daughter Nancy. Ed Wood presented a trick casting demonstration.

### Four "Fore'ers" Return

The Plymouth High Golf team, under the direction of Harry Benjamin, has begun practicing, hoping to get into condition for their first meet April 21 with Redford Union.

Plymouth ended up second in the league with Redford Union coming out on top last year. The letter men returning are Bill Benjamin, Dick Daane, Larry Bentley, Elt McAllister.

The schedule for this season is as follows: April 21, Redford Union—here; April 26, Redford Union—here; April 30, Wayne—here; May 3, Northville—here; May 5, Wayne—here; May 12, Ypsilanti—here; May 14, Northville—here; May 19, Ypsilanti—here.

Industry is not only the instrument of improvement, but the foundation of pleasure. — Hugh Blair

### "Understand Rivalry and you understand America"

There's one fellow in sports I'll tip my hat to every time, the jockey.

But I do my cheering from a distance. When it comes to climbing into a saddle and racing for a big purse-let's see, I'll take a seat in the grandstand and watch the little fellows sweep into the home stretch, seeking a spot of delight to drive through to a victory. What follower of the sport of kings will ever forget the great battle for the 1940 jockey championship? Walter Taylor, riding at Tropical Park, and Earl Dew, booting them home at Santa Anita, were deadlocked with 286 wins. Each boy wanted a win to stay in the running for saddle supremacy.

Then, as Taylor crossed the finish line in an early race, his stirrup broke and he fell to the ground. Kicked in the legs, knees, and hip by the horses that followed, he was taken to the hospital... supposedly finished for the year.

But 30 minutes later Taylor was back, begging the doctors to pad his injuries—so he could climb back into the saddle. He had the heart. Too bad he lacked the strength and collapsed before he could start.

This sort of intense rivalry—American competition in sports, gives you fans a plus. It means more thrills... better performances... more for your money. And in business, as well as in sports, competition means more for your money. Look at the oil business, for example, where over 34,000 individual oil companies—(employing some 1,250,000 men and women)—are in constant rivalry to bring you top petroleum products—the newest developments in gasoline and oil research... at fair prices... provide more and more petroleum.

You can see for yourself how this rivalry—this never-ending competition has brought results. Americans enjoy the best in gasoline, fuels and lubricants—at low prices which are unmatched by the rest of the world.

There's a plus for you in Petroleum's Progress.

### You Can Find a Similar Scene Every Saturday Morning Around Town as Local Youngsters Practice for Their Opening Ball Game When the Class F League Starts Its Play

Front row, Yank Captain Bruce Green, Plymouth Mail Captain, Pat Robinson. Left to right, second row, Jerry Grahm, Warren Wooley, Arlen Oltensman, Bobby Proctor, Herbert Olson, Ralph Wagenschutz, Richard Nagel, Rex Wooley. Standing, left to right, Richard Blomberg, Gordon Champion, Casey Cavell, Steve Tallion, Philip Straub, Ronnie Johnson and Robert Stout.

Spring never officially arrives until the city's younger baseball players begin frequenting the various local vacant lots and the practice field at the school.

By the time they get their pitching arms in shape and the fielders have had a few practices at catching flies and everyone's batting is up to par, the junior softball league gets underway.

Pictured above are members of the Plymouth Mail and Yanks teams, as they gathered on the high school field for practice Saturday morning, April 16.

### Frosh Squad Schedule Six Baseball Gamut

A fair season is expected for the Plymouth High school frosh baseball squad this year. A reported number of approximately 35 candidates have turned out for the freshmen team.

Games have been scheduled with Wayne, Livonia and Willow Run. Two games will be played with each nine. This year's Frosh squad would only have to win a game to better the second of last year's Freshmen.

**THE Increased COST OF HEATING YOUR HOME Concerns All of Us**

**COMPARATIVE COST OF HEATING An Average Home WITH COAL, OIL AND NATURAL GAS IN 1943 AND 1948...**

**Yes, THERE IS SOMETHING WRONG HERE**

Natural gas is a superior fuel and therefore worth more than other fuels. It is unequalled for cleanliness, convenience, dependability.

Unfortunately, natural gas remains in short supply, and it will be two or three years at least before any new additional gas house-heating customers can be accepted.

The lucky ones who now use natural gas for house- or other space-heating actually obtain this superior fuel at a lower cost, on the basis of heating units, than fuel oil or coal.

Natural gas rates in 1943 were competitive with coal and fuel oil prices. What has happened since? Coal prices have shot up. Oil prices have skyrocketed even more.

And natural gas?

Natural gas has not escaped the economic conditions that have forced up the prices of other fuels. Everything that we must buy in order to supply you with natural gas service costs a lot more today than it did in 1943... the gas itself, wages, materials, supplies and equipment of all kinds.

That is why we are asking the Michigan Public Service Commission to permit us to increase our gas prices for house-heating and other uses. Isn't this a reasonable request?

\* (Based on prevailing prices for Pocahontas lump coal and No. 3 furnace oil in this area, generally accepted efficiencies of gas, coal and oil furnaces, and the average amount of gas sold to space heating customers by Consumers in 1947).

Our gas dollars can't be stretched enough to cover increased costs... so we've had to ask the Michigan Public Service Commission for relief.

**Dave Nichol Wins Newspaper Fame  
by His German Trial Reports**

David M. Nichol, son of Mrs. Walter Nichol of Church street, and a graduate of the Plymouth High school, is right now hitting an all-time high in his work as foreign correspondent of the Chicago Daily News.

So outstanding is his work that The Chicago News recently purchased the entire first page of Editor & Publisher to advertise to other newspapers throughout the nation the remarkably vivid news reports of the Nuernberg trials being written by the former Plymouth lad.

Dave, as he is best known to his host of Plymouth friends, was sent to Germany before the war by the Chicago Daily News. A few months before the outbreak of hostilities, Hitler ordered him out of the country. Following this, he returned to America and then was sent to Moscow.

Now he is back in Germany, where his remarkably successful career as a foreign correspondent began and where he is now writing fame for himself in his wide field of world news reporting.

Under the heading, "More than all the rest of the American press put together," The Chicago Daily News advertises to all the newspapers of the North American continent the work of a former Plymouth youth in the following statement:

"David M. Nichol, Chicago Daily News correspondent in Nuernberg, Germany, has received many encomiums for his brilliant probing into the I. G. Farben and Krupp war crime trials. But none, perhaps, is more significant than the statement recently made by Howard W. Ambruster, the internationally known chemical engineer and crusading author of 'Treason's Peace—German Dyes and American Dupes.' Mr. Ambruster stated:

"The Knight newspapers, and Dave Nichol, the (Chicago Daily) News Berlin Correspondent, have done more than all the rest of the American press put together to acquaint the American people with the importance of the Nuernberg trials and the evidence of monkey business in their conduct and softening on the part of the judges now sitting there.

"Mr. Nichol's reporting—in the best tradition of the famed Chicago Daily News foreign service—has not only given a vigorously vivid report on the excruciating happenings—but has, with devastating directness, pointed up what they mean to us and the other nations of the world.

**WWCCA Board Makes  
Improvement Plans**

The five directors named recently to the board of the Western Wayne County Conservation association met at the club house Monday evening, April 12, to discuss future improvements on the building.

They decided that during the coming year an oil burning furnace will be installed, reroofing will be accomplished, and the recently ill-fated bridge, which high waters uprooted and carried down stream, will be returned to its former resting spot.

The meeting was also attended by Ezra Rotnour, vice president, and Jack Taylor, treasurer. Board members are: Robert Burley, William Hunt, Don Rank, Kenneth Hood and Wayne Smith.

**Standing Cancer Group Formed**

Mrs. Bob Adams, executive secretary of the American Cancer Society, Southeastern division, announces the formation of a permanent Cancer Society group in Plymouth.

It will be composed of past chairmen of cancer drives, and will be known as the advisory board for each current executive committee. Mrs. Austin Stecker, field army chairman for Plymouth, states its function will be just what the title denotes, she remarked, which is advisory in every sense of the word.

Membership to date is composed of the following past chairmen: Mrs. Carl S. Hough, 1939, 1940; Mrs. Harold Brisbois, 1941; Mrs. Sidney Strong, 1942, 1943; and Mrs. John Wimsatt, 1947.

"As the years roll on," Mrs. Stecker stated, "we will have in Plymouth a strong and unique group of persons who are genuinely interested in every phase of cancer research and cure, with one aim in mind—aid to Plymouth."

**Revision of MUC Law Explained**

The plan to decentralize the claims-taking and claims-paying function of the Michigan Unemployment Compensation Commission, under terms of the revised law which governs the program, has been explained in detail in the four articles which have preceded this one. Clarence Jetter, Branch Manager, stated it will have the effect of "localizing" the local office to an extent never before held possible.

A few of the advantages which will be changed, but were not stressed in the foregoing articles, are:

All records on a claim are to be kept in one office.

There will be an elimination of some 8,000,000 wage slips which heretofore have been wrung out of the employers annually and cross-indexed and filed in the Commission's office.

It also gives him an opportunity to protest the claim if the claimant's application is improper.

Every employer immediately receives a copy of each benefit check paid to a laid-off employee, and is thus afforded an immediate and a continuing check upon the progress of the claim.

Employer's records should be in shape to show earnings for each employee over at least a 30-week period preceding the filing of the claim, if the employee was working steadily and had a minimum of \$8.01 per week average.

When the claimant is separated from his job under circumstances which are disqualifying, no charge shall be made against the experience rating of the employer in whose plant such separating took place.

Mr. Jetter also stressed the functions of the Employment Service, a division of the Commission. The function of the Division is to find the unemployed worker a job, but it also counsels workers in their employment problems, aids handicapped workers by stressing certain placement techniques; renders special services to veterans.

Mr. Jetter also asked the claimant to renew his application for work at the Employment Service office every 30 days. He must report when notified of a job opening. He must accept referral to a suitable job. He must report to the employer referred. He must bring back a report from the employer if not hired.

**War-Time Interpreter Speaks to Hi-12 Club**

Behind the scene information of the last war was told to members of Hi-12 club by Harold Hughes, an interpreter who served with the armed forces, during the Wednesday, April 7, meeting.

Mr. Hughes told that he was a member on engineering division which undertook the landing at Normandy, which he vividly described. He also told that the German soldiers they met during the first part of the war were exceptionally well trained. As the tide of battle turned, however, young boys, some no more than 13 years of age, were thrown into the ranks, he stated.

Evil thoughts, lusts, and malicious purposes cannot go forth, like wandering pollen, from one human mind to another, finding unsuspected lodgment, if virtue and truth build a strong defence.

—Mark Baker Eddy

**BHC Insecticide Said to Hurt Potato Crop**

The use of the insecticide, benzene hexachloride, on potatoes has been condemned by Ray L. Jones, extension entomologist at Michigan State college.

Extensive use of this material in some parts of the country in 1947 resulted in several million bushels of potatoes being tainted or flavored so that they were inedible.

Benzene hexachloride was used for controlling wireworms and also on leaves. Action of the chemical resulted in the potatoes having an unpleasant musty taste.

Potato growers who have a crop that is damaged in this way stand to lose, since the U. S. Department of Agriculture's price support program is denied to damaged potatoes.

Jones advises that farmers discontinue the use of benzene hexachloride on potatoes.

**Acres of Certified Seed Reported High**

Potatoes took the crown for the largest number of acres grown for certified seed in Michigan's all time high total in 1947, according to Roy Decker, head of the farm crops department at Michigan State college. Farmers grew 4700 acres of seed potatoes.

A total of 13,130 acres of crops were inspected and certified. Running second to potatoes was beans with 3,199 acres inspected and certified. Other crops with their acreage included oats, 1,614; wheat, 1,402; corn, 1,180; barley, 919; and soybeans, 136.

Certification, Decker points out, insures farmers of having disease free seed that will produce well.

**It Takes Men to Make Steel**

**and PROFITS to protect jobs**

Jobs don't just grow. Jobs are made. For when you're talking about jobs, you're talking about the equipment, machinery, buildings and materials that fit together to make a job. The cost averages about \$6,400 per job.

And that's where the pinch comes! Like every other dollar, the profit dollar has taken a licking. Its purchasing power... the "real profit"... has been seriously reduced.

When a steel company sets out today to buy a coke oven, this year's profit dollar buys only 40 cents worth of oven compared with 1938.

Steel profits on sales averaged 6.3 cents on the dollar last year.

Steel profits on investment averaged 9.4 cents on the dollar last year.

Steel profits are dangerously low measured against the cost of the things that create new jobs and support old ones.

**"Talk about VALUE," says America**

**"CHEVROLET and ONLY Chevrolet IS FIRST!"**

You'll find that new front-end styling—new colors—new and even more luxurious interiors add still further to the Big-Car beauty of Chevrolet's Bodies by Fisher. They're the world's finest bodies, found only on Chevrolet and higher-priced cars.

You get much better performance with economy from Chevrolet's world's champion Valve-in-Head engine. It has the finest record of dependability of any automotive power plant! And Valve-in-Head engines are exclusive to Chevrolet and more expensive automobiles.

You and your family will have Big-Car safety, too. For Chevrolet brings you the three-fold protection of Fisher Unisteel body-construction, the Knee-Action Ride, and Positive-Action Hydraulic Brakes—another combination of features found only in Chevrolet and more costly cars.

Yes, from one end of the country to the other, public enthusiasm for the new 1948 Chevrolet points to a great public conviction that CHEVROLET AND ONLY CHEVROLET IS FIRST in all-round value as in popularity. More people drive Chevrolets, according to official nationwide registrations and more people want Chevrolets, according to seven independent nationwide surveys than any other make of car. Your own judgment will tell you that this is because Chevrolet gives more value... because it alone offers BIG-CAR QUALITY AT LOWEST COST!

As you know, public demand for new 1948 Chevrolets is at the highest level in all Chevrolet history. For that reason, we urge you to keep your present car in good running condition, pending delivery of your new Chevrolet. Come in, get skilled, dependable service, now and at regular intervals.

Nutrition Aids

from the American Red Cross Nutrition Service

Carrots are one of the vegetables that are relatively low in cost at any season of the year. Even during Winter and Spring when fresh ones are shipped in from warmer climates there is only slight variation in price.

The deep orange color of this vegetable indicates its richness in vitamin A—the nutrient that puts it on the list of the basic foods that make up a healthful diet.

This is the vitamin that helps to promote rapid growth of children, protects the ability of the eyes to adjust quickly to variation in degrees of light, and helps to keep the skin, glands and all the body linings healthy.

Vitamin A is quite stable, so there's little loss when foods rich in this element are stored for even rather long periods of time. For this reason old carrots selling for considerably less than the fresh blunched ones are a real food bargain. Naturally the flavor won't be as delicate, but the addition of a small amount of sugar to the water in which the carrots are cooked will improve it.

The minerals in the carrots are concentrated under the skin. Whenever possible they should be cooked in the jackets. When the skin must be removed before cooking scrape it off with a sharp knife or use a metal sponge.

To retain the greatest amount of flavor and the most food value put the vegetables to cook in boiling water, using only enough to prevent sticking. Keep the pan tightly covered during the cooking and boil gently only until tender.

The water used for cooking the carrots is good for making gravy, stews, or soups. If the carrots are to be creamed, use it to dilute evaporated milk when making the cream sauce.

Any thrifty homemaker is likely to use carrots often. They'll please the family if they appear prepared in new ways. The Nutrition Service of the American Red Cross offers the following four recipes for varying the preparation.

Glazed Carrots

Cook 1/2 cup brown sugar, 1/4 cup butter or margarine and 1/4 cup hot water together for 5 minutes. Place 24 small whole cooked carrots or 12 large ones, cut in halves, in shallow pan. Pour syrup over the top. Bake in moderately hot oven, 375 degrees F. for about 20 minutes or until browned. Serves 6.

Carrots in Peanut Butter Sauce

Make 1 cup medium white sauce, using 2 tablespoons butter or margarine, 2 tablespoons flour, 1/2 cup water drained from cooked carrots and 1/2 cup evaporated milk. Season to taste with salt and pepper and stir 1 tablespoon peanut butter into it. Combine with 2 cups cooked diced carrots. Heat and serve. Serves 6.

Sweet-Sour Carrots

Four cups diced carrots, 2 cups boiling water, 2 tablespoons butter or margarine, 2 tablespoons flour, 1/4 teaspoon salt, 1/4 teaspoon pepper, 3 whole cloves, 1 cup carrot liquor, 2 tablespoons vinegar, 2 tablespoons sugar.

Cook carrots in boiling water until tender. Drain, saving liquor. Melt butter, add flour, and stir over low heat until brown. Add salt, pepper, cloves and carrot liquor. Cook until smooth and thickened, stirring constantly. Add vinegar and sugar. Add diced carrots, reheat and serve. Serves 6.

Well Baby Clinic Will Be Held Wednesday

Parents are invited by the school nurse, Mrs. Mary Strasen, to attend the "well baby clinic" which will be held in the health room of the high school Wednesday, April 21, from 10 a.m. to noon. The program is sponsored by the local Red Cross chapter, Mrs. Strasen reveals. She states that any mother with health problems she would like to discuss with the doctor is welcome. The doctor in charge is Dr. Milo Brady, Detroit pediatrician, Mrs. Strasen reveals.

South is Set Against Truman

"Anybody But Truman" signs are appearing on nearly every automobile one sees in the south, declares Russell Powell who returned recently from Florida with Mrs. Powell where they have been spending the past four weeks.

"Not only do you see those signs on most cars, but when you talk with people you know are from the south they are emphatic in what they say about their hostility to President Truman," said Mr. Powell.

On their return trip home the Plymouth couple were in the section of Georgia hit by a tornado that did so much damage late last week in that part of the country.

"While the rain fell in torrents and the wind blew hard, we didn't know until the next morning that that section where we were had been hit by a tornado. But on the way out of town we saw plenty of evidence of what had happened. Big pine trees 10 and 12 inches in diameter were broken off 12 and 15 feet above the ground. It looked as though some one had cut the tops of the trees off with a cythe" he said.

Consumers Petitions to Cut Large Gas Users

Consumers Power company has asked the Michigan Public Service commission for permission to discontinue supplying natural gas for industrial or commercial purposes to customers who use more than 25,000 cubic feet of natural gas per month. The company has 1,570 such customers.

Declaring that an "urgent emergency situation" exists with respect to the natural gas supply, the company asserts in its petition that it is necessary to discontinue service to larger industrial and commercial users in order to protect the service of some 250,000 customers who use natural gas for such purposes as cooking, water heating and house heating. The petition refers to the Commission's power "to exempt from the proposed order such commercial and industrial customers as are deemed essential to the maintenance of the public health and welfare."

The company sets forth in the petition that it would need about 23 billion cubic feet of gas to meet its customers' requirements during the next 12 months under restrictions already in effect. It can not expect to get more than two billion cubic feet from Michigan fields, according to the petition, and its only source of supply is the Michigan Gas Storage company, which buys natural gas brought to Michigan by the Panhandle Eastern Pipe Line company, stores it in storage fields and later delivers it to Consumers. Michigan Gas Storage will need at least four billion nine hundred million cubic feet of gas during the next 12 months, the petition declares, to restore the storage fields to proper operation pressures, in addition to the gas required to serve Consumers' restricted market.

Consumers says it "hopes and expects" that as a result of this hearing Michigan Gas Storage company will obtain a larger volume of gas from Panhandle. But it says there is "grave doubt" that such relief would come in time to insure service to domestic and space heating customers next winter if sales to commercial and industrial customers are not immediately discontinued.

"If such relief is obtained in time, "the petition promises, "your petitioner will reinstate service to its commercial and industrial customers to the extent that the gas made available to it permits."

With the baseball season soon to get under way it's time to look over that auto of yours and have it fixed up in tip-top condition for the opening game. For speedy and superior service take your car to Asher's Shell Service Station, 584 S. Main street. And, don't forget! The spring changeover season is here. That means an oil change, radiator flush, and complete lubricating job. For best results stop in and talk to Mr. Ash about having your car made ready for summer driving.

Have you found any little moths lurking around while you've been doing your spring house cleaning? We have, and it certainly gave us a scare. Right away we called Herald Tri Cleaners to inquire about fur storage. They explained that all garments may be cleaned and glazed before storage, and every item is insured for your protection. And, for those woolen garments—don't forget their Beriou mothproofing service. Call 110 for fast pick up and delivery service.

These balmy spring days certainly makes one feel like getting out in the garden and digging so as to be ready for planting that garden. But, if you're as much of an amateur at it as we, you'll need guidance as to when and how to prepare the garden. We went up to Saxton's Feed Store for our information, and what do you think Mr. Saxton gave us? It was a 1948 Garden Annual that explains all about fertilizing, seeds, garden equipment, and just about everything one needs to know about gardening. Stop in and get yours today.

According to the fashion experts, color is going to our feet in the way of every imaginable color for shoes. Not that they

aren't beautiful, but they can become quite a difficult problem to keep clean unless the right shades of polish are available. Good news for all you color shoe owners is the wide variety of colored polishes available at Fisher Shoe Repair. Stop in and let Mike clean yours just like new and get a jar of polish available in shades of violet, oxblood, red, green, blue or tan.

It's sometimes difficult to buy little boys just the right clothes, especially little Eton suits. That's why we were so pleased by the new shipment of those and older boys suits that just arrived at Dunning's. Available in tweed, covert, and houndstooth checks, they're just the thing for that son of yours. Another find, we think, are the Style Crest gabardine top coats in beige, blue and brown and priced from \$55. Shorties in gay pastels at \$19.95. Ask about the lovely blouses in lace or tailored styles.

Spring rains certainly play havoc with a car that's just been washed. But you will find that with a car thoroughly polished with Simonize it is an easy matter to keep it always looking like new. Just take your car over to Jarskey Bros. Mobilgas Station, 402 N. Main street, in the morning and they will have it ready for you at the end of the day. Not only does Simonize improve the looks of your car, but it also protects the finish so that it will last much longer.

### Miss Lovewell Speaks at Annual Meeting

Miss Neva Lovewell, Plymouth visiting teacher, has been secured by the Federation of Women's Clubs for Tuscola county as guest speaker for the annual all-day meeting slated for today, Friday.

As her topic Miss Lovewell has chosen "The Over-Drive", dealing with the personality of women involved in club work.

Mrs. Jake Meachum, wife of the Millington's superintendent of schools and who is one of the Tuscola county officers, was once a student of Miss Lovewell when the latter was an instructor at Michigan State college.

### Variety of Salads Offers Inspiration For Meal Planning

How much can a salad do for a meal? Well, you all know it adds precious vitamins and minerals to the meal, but have you thought about how much flavor and true texture contrast it brings, too?

There are thousands of salads from which to draw for true meal inspiration. There's a crisp, green tossed type for the really heavy meal; there's a cheese and vegetable combination for the meal to which you want to add more protein, and then there's a tossed fruit or molded fruit when you want to

Flavor artistry like this can be practiced by any cook to add new meal interest. Subtly flavored, delicately pink tinted shrimp and mellow green avocados are as happy a blending of flavors and colors as ever graced a salad plate.

add toothsome interest to the meal or have the salad double for dessert. Don't neglect the plain lettuce salads when you lack inspiration for an idea. You can vary the lettuce with several different dressings made beforehand or tossed quickly together the last minute.

**\*Vegetable Salad Bowl (Serves 6)**  
2 small tomatoes  
1/2 Spanish onion  
1/2 cucumber scored  
1/2 green pepper  
1/2 bunch radishes  
1 stalk endive  
1/2 small head of lettuce  
1/2 small head of escarole  
1/2 small head of chicory  
French or Roquefort dressing  
Peel and chill tomatoes. Slice onion, cucumber, green pepper and tomatoes. Slice radishes half way through. Arrange on clean, crisp, chilled salad greens and place dressing in a small bowl in the center or toss through the salad just before serving.

**Tomato Cottage Cheese Mold (Serves 8)**  
2 tablespoons plain gelatin  
1/4 cup cold water  
4 cups tomato juice  
1 onion  
1/2 cup celery  
4 cloves  
6 peppercorns  
1 teaspoon sugar  
1/2 teaspoon salt  
1/4 cup lemon juice  
1 pint cottage cheese  
Soak gelatin in cold water for five minutes. Cook tomato juice with onion, celery, cloves and peppercorns for 10 minutes. Strain and add to soaked gelatin, stirring until dissolved. Add sugar, salt and lemon juice. Pour into large mold or several small molds. Serve with seasoned mayonnaise.

**Health Salad (Serves 5)**  
1 cup raw, sliced cauliflower  
1 cup raw, grated carrots  
2 cups shredded lettuce  
1 bunch sliced radishes  
1/3 cup nuts, if desired  
Mayonnaise or boiled dressing  
Combine vegetables and lettuce. Chill. Add nuts and toss in dressing just before serving.

Do you like main dish salads for lunch? You'll enjoy these interesting types:  
**Tongue Marcaroni Salad (Serves 4)**  
1 small can tongue  
2 cups chilled cooked macaroni  
1/4 cup sliced, stuffed olives  
1/2 cup diced celery  
2 tablespoons diced onion  
1/2 teaspoon salt  
Mayonnaise  
Salad greens

In Toronto, the University of Toronto newspaper reported a local shocker: the parents of a teen-age girl, eavesdropping on daughter's goodnight to her beau, came a-running downstairs when they heard her scream, discovered that the young lovers had got their dental braces tangled.

The great strength of America is in production—an honest day's work for an honest day's pay. For only through greater production can we hope to stop the steady upward surge of living costs. Surely, if ever there was a time in our history when we needed to work, not waste, this is it.

**Asparagus Salad (Serves 6)**  
1 No. 2 can asparagus, drained  
2 green beans  
6 slices boiled ham or salami  
2 finely chopped hard-cooked eggs  
French dressing  
Arrange chilled asparagus tips on salad greens. Sprinkle with eggs and pour dressing over all. Make cornucopias out of meat and place around the salad.

**Fruit Salad Bowl (Serves 8)**  
2 heads romaine  
1 pineapple, pared, cored and sliced  
2 grapefruit, peeled and sectioned  
1 red apple, sliced  
1/2 pound grapes, seeded  
1 orange peeled and sectioned  
Whipped cream mayonnaise  
Line salad bowl with romaine and lettuce. Divide bowl into four divisions with half slices of pineapple. Arrange alternate sections of grapefruit and apple slices in one division, and place remaining fruits in separate divisions. Fill center with mayonnaise. Whipped cream mayonnaise is made by adding half whipped cream to half mayonnaise.

**Molded Fruit Salad (Serves 6)**  
1 No. 2 can crushed pineapple  
1 package fruit gelatin  
1/8 teaspoon salt  
6 ounces cream cheese  
1 cup heavy cream  
3/4 cup chopped nuts  
1 cup seedless grapes or white cherries  
3/4 cup diced marshmallows  
1/2 cup diced celery  
2 pimientos, diced  
Drain pineapple. Measure juice and add enough water to make one cup. Heat juice to boiling and add gelatin and salt. Stir until dissolved. Cool, and when it begins to thicken, add cheese which has been softened and whipped with an eggbeater. Whip cream until stiff and fold into gelatin with remaining ingredients. Pour into individual or large molds and let chill until firm. Unmold on crisp lettuce.  
Diced apricots or peaches may be used in place of pineapple.

**Chef's Dressing (For Greens)**  
Mix together 1 cup salad oil with 1/4 cup vinegar, 1 tablespoon lemon juice, 1 teaspoon salt, 1/2 teaspoon black pepper, 1/2 teaspoon paprika, 1/4 teaspoon sugar and 1 tablespoon grated onion. To make French

Tossed green salads are true harbingers of spring because they bring true colors of the gardens as well as freshness and crispness to the meal. Use tossed salads when the meal is heavy and when you require sharpness and crispness for contrast.  
In serving salads, remember that they will be more tasty if all the ingredients are thoroughly chilled. It's also a good idea to chill the plates or bowls in which salads are served. Lettuce should be washed and dried carefully to prevent bruising the leaves. Shake the lettuce in a sugar bag for perfect drying.

**Smith-Brink Rites Took Place Saturday**  
Ellen Mae Smith, daughter of Mr. and Mrs. Wayne Smith of Roosevelt, and Ronald Bruce Brink, son of Mr. and Mrs. George Brink of Evergreen, were united in marriage at the First Presbyterian Church at a four o'clock ceremony, Saturday, April 10. Only members of the immediate families were present. The Reverend Henry J. Walsh officiated. Mrs. Boyd Vander Loon of Hudsonville attended the bride, and Mr. James E. McAllister of Plymouth attended the groom.

For the ceremony the bride chose a fitted gabardine suit of ice blue and a corsage of ivory white rose buds. Her matron of honor wore a suit of royal blue wool and a corsage of white roses. That evening friends and relatives gathered at a reception in the Smith residence. Late the same evening the couple departed for a brief honeymoon.

Mrs. Brink graduated from the Plymouth High school in the class of 1947. That summer she attended the Patricia Stevens Finishing school in Detroit. After Mr. Brink's graduation from the local high school in 1944, he entered the Armed Forces, doing overseas service in the European Theater before his discharge in 1946. Until a few months ago he attended Cleary College in Ypsilanti. Both Mr. and Mrs. Brink are employed in the offices of Kaiser-Frazer. Their apartment on Appia street will be ready for them very soon.

### Clean-up Cuts Needless Loss of Meat and Feed

The needless loss of meat and waste of feed can be cut by some common sense clean-up measures, believes Dr. B. J. Killham, extension veterinarian at Michigan State college.

Livestock and poultry losses caused by disease, parasites and injury take a large toll each year. Cleaning and disinfecting buildings and pens, particularly those where young animals and birds are to be born or housed, is a good measure. Old piles of refuse and manure are often heavily infested with parasites.

The veterinarian advises farmers to get rid of old strawstacks and plow under or scatter the straw. Old stacks harbor parasites and germs. Low spots in barn lots should be drained or fenced off. Stagnant pools and mud are breeding places for parasites and insects.

In removing causes of injury, Killham advises special care in picking up nails, glass, or other sharp objects. Protruding nails, broken stalls, and other defects can easily injure stock.

### Winning Books to be Available

The 1948 Boys' Clubs of America junior book awards were announced Monday and Mrs. Agnes Pauline, children's librarian of the Plymouth library, said that these books, chosen on the recommendation of 92,500 boys through the Boys' clubs of America, will all be available on request at the library.

"We are glad to bring to the boys of Plymouth those books which have received this vote of approval from thousands of boys throughout the United States," Mrs. Ada Murray, branch librarian said. Some of them are new publications now being obtained for the library collection; others are already available. The Traveling library also will have these books.

Medals were awarded to: "Great Men of Medicine", by Ruth Fox; "Heart of Danger", by Howard Pease; "How Much and How Many", by Jeanne Bendick; "King of the Stallions", by Edward B. Tracy; "Prairie Colt", by Stephen Holt; "The Rain Forest", by Armstrong Sperry; "Wild Animals of the Five Rivers Country", by George Cory Franklin.

Certificates were awarded to: "All-Conference Tackle", by C. Paul Jackson; "Cowboy Boots", by Shannon Garst; "Henry Morgan, Pirate", by Rosita Forbes; "The Modern Wonder Book of Ships", by Norman Carlisle and Eugene Nelson; "Treasure of the Johnny Smoker", by Mildred Houghton Comfort.

During the year 262 books were submitted by 46 publishers for consideration in the contest. Fifty seven clubs participated in the reading, the two from Michigan being the Boys' Club of Detroit and the Boys' Club of Pontiac.

### Golden Wedding Day is Observed

Mr. and Mrs. Arthur Burden

Fifty years of wedlock were celebrated by Mr. and Mrs. Arthur Burden Tuesday, April 6.

Observance of their golden wedding anniversary took place Saturday, April 3, when their children with their wives and husbands gathered at their parents' home, 148 Hamilton, for celebration of the event.

Both Mr. and Mrs. Burden were born in this vicinity, and were married in Plymouth. Mrs. Burden is the former Liza Pelkey. Her husband has been employed in the packing department of the Daisy Manufacturing company for 56 years.

They are the parents of nine children, 36 grandchildren, and six great grandchildren.

Those attending the observance of their parents' 50th wedding anniversary were: Mr. and Mrs. Edgar Burden, Mr. and Mrs. Frank Burden, the Rev. and Mrs. Howard Burden, Mr. and Mrs. Lester Burden, Mr. and Mrs. Vern Burden, Mr. and Mrs. Donald McClung, Mr. and Mrs. Edward Stoops, Mr. and Mrs. Julius Stoops, and Mr. and Mrs. Harvey Thomas.

In London, the Admiralty studied a request for a naval commission from a man who wrote: "My father was a seaman who fell overboard and drowned, and I would like to follow in his footsteps."

### Leaders to Study Family's Goals

Wayne County Home Economics Extension group leaders are studying long time family goals, and planning present high incomes to meet them, according to Emma DuBorg, county home demonstration agent.

The leaders are attending training schools on the lesson "Planning the Use of the Family Dollar" on the following dates and places: Tuesday, April 13, Taylor Center, St. Paul's Evangelical and Ref. church, Goddard near Telegraph; Thursday, April 15, Patchen school, Newburg near Ford road; Friday, April 16, Northville library; Tuesday, April 20, Belleville town hall; Wednesday, April 21, Gratiot township library, Washtenaw near Harper avenues; Thursday, April 22, Flat Rock Congregational church.

All of the meetings will begin at 10 a.m. Miss Olevia C. Meyer, extension specialist in home management, Michigan State college, will conduct the first training school and Miss Emma DuBorg, Wayne County home demonstration agent, will conduct the other five.

A family spending plan and the setting of family goals is a project in which all members of the family, who are old enough to understand, should take part, Miss DuBorg states. Families following this democratic procedure find the members are more interested in the plans, she said, and are more willing to put family goals before personal desires.

In Donipue, Chile, house-holders found skulls and bones embedded in their walls, discovered that the local brick factory had been getting its clay from the cemetery.

### Evans Produces New Heat Units

Production at Evans Products company's Plymouth plant now includes four new automatic oil-fired furnace units, according to Georges Laurie, general sales manager of the heating and appliance division.

The new units have been designed to cover 84 percent of today's home heating requirements.

This new line, which will be distributed through the plumbing and heating trade, includes three compact "packaged" furnaces and a new conversion burner. All are shipped completely assembled and wired for immediate installation, Laurie said.

One of the units of the new line is labeled as an all-purpose furnace, and is designed for use in small and medium-sized homes as a winter air conditioning system. It circulates heated and filtered fresh air through the home during the winter, and in summer provides adequate cooling.

Another model is designed primarily for closet or utility room installation, but may also be centrally installed in basements. It will heat five to six rooms. A third is designed for homes without basements and is sufficient for three or four spacious rooms.

The new line also includes a new burner for conversion of most types of furnaces to thermostatically controlled oil heat. This unit was designed to be installed in a wide range of furnaces with a minimum of cost.

**Come in—learn how Packard "safety-sprint" power gives you wonderful new gasoline economy!**

You'd naturally expect Packard owners to marvel at the turbine smoothness of the new '48 Packards. (And they do.)

You'd expect them to praise Packard's new "safety-sprint" power—the new kind of reserve power that breezes them around other cars and fast highway lasses... into the clear. (And they do.)

But the big surprise—the advancement that excites these owners most of all—is the way these Packards get extra mileage out of every gallon!

For these big, precision-built Packard Eights—with all their luxurious roominess and increased roadweight—are actually delivering up to 10% more miles per gallon!

Worth looking into? It's a "must" story for every prospective fine car buyer. You'll find the cold facts, and a warm welcome, at your nearest Packard dealer's showroom!

**COMMERCIAL CLUB TOURS J. L. HUDSON COMPANY**

The Commercial club of Plymouth High made a tour of the business offices of the J. L. Hudson company, Wednesday, March 7.

A special guide accompanied them on the tour giving lectures on the accounts payable department, the payroll department, and the credit department. The club members were provided with literature on the various aspects of office work. After lunch the students returned to Plymouth for the afternoon classes.

**CLUBS JOIN IN MEETINGS**

The Hi-Y and Y-Teens have had two combined meetings in which they discussed a list of questions prepared in previous meetings by both clubs.

The questions concerned problems which have or may arise on dates or in everyday school life between boys and girls.

At the meeting on April 1, Dick Daane officiated by asking some of the questions of both sides and at a following meeting the next week Ray Michaels finished the list of questions.

**Four Men Enlist During March**

Four men enlisted with army recruiting officer S/Sgt. Walter Dolbee during the month of March, a report from the Sergeant revealed this week.

Harold L. Heintz, 17, will serve with the Armed Forces for a three year period. He is the son of Mrs. Gertrude L. Heintz, 7869 South Salem road, Salem. Donald J. Henry, 17, son of Mr. and Mrs. Donald Henry of Stark road, will serve the same length of time with the Corp of Engineers.

The third, Walter D. Perkins, 25, reenlisted with the 5th infantry division, assuming his former rank of Corporal. He is the son of Mrs. Hannah Stutts of Mississippi. Leslie Poczik, son of Mr. and Mrs. Leslie Poczik, will be stationed with the Army Service unit at Dearborn. A former first lieutenant, he reenlisted with the rank of S/Sgt.

Sergeant Dolbee announces new hours which went into effect this week. He is now available at the city hall Tuesdays and Saturdays from 9 a.m. to 5 p.m. He also reminds that enlistments can be made every day from 8 a.m. to 5 p.m. at the Armory in Ann Arbor.

**Brake Speaks to Teachers' Club**

Newly elected president of the Michigan Education association, Charles Brake, recently spoke to members of the Plymouth Teachers' club, expressing his views on several points pertinent to the teaching profession.

Mr. Brake stated at that time his belief in the fact that "democracy will work only if it is founded upon free public school education." Therefore, he continued, "The task of the schools in the United States is to train children to live happily, helpfully and harmoniously in an ever improving state of democratic society."

To train children adequately, we must have good teachers and they will be available when we pay adequate salaries, cut class loads to not more than 30 pupils per teacher, provide for an actuarially sound retirement plan, and give teachers security in their employment.

Concerning the sales tax diversion amendment for which Mr. Brake fought, he states, "the amendment has made more nearly adequate funds available to the schools, and must not be repealed until we have assurance of substitute measures guaranteeing adequate funds."

Assistance in construction of building will come from the "passage of the amendment making bond issues possible for as long a period as 20 years with excess millage voted by a majority," he believes.

In regards to the teacher tenure program, Mr. Brake reported, "Tenure provides for security, but should be adopted only after careful study by teachers, administration, Board of Education and general public." He stresses as most important the fact that democratic process should be followed at all times in making changes in curriculum as well as adopting tenure.

Mr. Brake was backed in his nomination for the presidency by the Wayne County District M.E.A. which was headed by Miss Irene Walldorf whose term is currently ending. Miss Walldorf had promised that should Mr. Brake be elected to this high office she would turn her final meeting as district president into a victory banquet honoring him. As she promised, so it was done. Wednesday evening, April 7, about 50 school administrators and teachers of the district met for dinner and a business meeting in the dining room of St. John's Episcopal church. Special entertainment for the gathering consisted of music furnished by the girls' octet of Plymouth High school, and group singing led by Fred Nelson.

**Camphorated Oil Tried as Beverage by Child**

Denise Ann, year and a half old daughter of Mr. and Mrs. Walter Hochlowski, recently took a try at camphorated oil as a beverage.

Saturday morning, April 3, some three hours after swallowing the small bottle of the oil, the little girl was found unconscious. Her mother rushed her to a doctor, who remedied her condition by the use of a stomach pump.

Two naps later little Denise seemed none the worse for her accident.

**Pipe Talk Ranks High at Kiwanis**

Pipes were awarded the honored discussion spot during the Kiwanians Tuesday, April 6, meeting.

Joe Merritt, who served as co-chairman with E. A. Rice in planning the meeting, introduced Hiram Clark of Plymouth, owner of a famous 472 pipe collection, to the members. Mr. Clark displayed a few of his varieties, illustrating the countless kinds and types of pipes.

A majority of the Kiwanians came to the meeting armed with pipe in hand, the most unusual of which was to receive a prize. The award went to George Raviler, who later donated his prize winning pipe to Mr. Clark for his collection. Ernest Allison was awarded a prize for possessing the rankest pipe.

Fred Nelson of the high school, a local authority of his hobby—pipes, explained to the members the various highlights of such, and those which should be watched in making a selection. He described the different kinds of wood which go into the making, and touched briefly on the numerous styles.

Next week's meeting will feature Frank Staeger as guest speaker. Mr. Staeger is secretary of the Michigan district of Kiwanis and mayor of the city of Port Huron.

**For all "one-car" families**

For the family which has but one motor car—Pontiac is an extremely wise choice. First, it is big and beautiful. You can drive it anywhere, any time, with the certain knowledge that it will be admired. It also gives you the comfort you want, and need. It is safe, too—because it has big, sturdy brakes—and remarkable balance on turns and curves. It provides the performance luxury of GM Hydra-Matic Drive\*. It is quick and nimble, easy to steer and park—a feature especially appreciated by women. And it is very economical—just as economical, in fact, as any car you can buy. It is a rare car, indeed, which can offer all these qualities. And because Pontiac does offer them, it is becoming the choice of more and more people every day.

\*GM Hydra-Matic Drive, Bumper Guards and White Sidewall Tires optional on all models at additional cost.

Capt. Jonathan Walker, said to be the only person a U. S. Federal Court ever ordered branded, is remembered by a monument at Muskegon.

Standing near the entrance to Evergreen Cemetery, the memorial bears a replica of Capt. Walker's right hand with the initials SS for "slave stealer" branded on the palm.

The sea captain has been arrested in 1844 off the coast of Key West, Florida, while transporting seven runaway slaves to the Bahama Islands and freedom, according to information in the Michigan Historical Collections at the University of Michigan.

His arrest climaxed a colorful sailing career begun at 17. Among the high points of his life were the time he was marooned on an Indian Ocean island and later when he sailed the dangerous Gulf Coast for nine years, transporting escaping slaves to freedom in Mexico.

As he already bore a price on his head for numerous anti-slavery deeds, the sentence of the court was strict. He was heavily fined, sentenced to a year's solitary confinement and ordered branded so that he might forever be marked as a slave stealer.

After he served his sentence, he came north where he lectured for freedom of the slaves and women suffrage. In 1846, John Greenleaf Whittier immortalized him in his poem "The Branded Hand."

After the Civil War and freedom of the slaves, Capt. Walker went to Lake Harbor, near Muskegon, where he died April 30, 1878.

On August 1 of that year the memorial was dedicated. The Muskegon Chronicle reported several thousand persons from throughout Michigan and surrounding states were present at the ceremony as a final tribute to the man who had devoted so much of his life to helping slaves.

The green-headed mallard—the prize shooting of thousands of sportsmen—comprised slightly less than a third of the populations of wild ducks and geese found wintering within the confines of the United States during the time the January 1948 waterfowl inventory was made, Albert M. Day, Director of the Fish and Wildlife Service, stated.

A breakdown of the 1948 inventory has revealed that the pintail was the second "most numerous" species, accounting for about a fifth of the total U. S. wintering population.

Other species sought by duck hunters which made up smaller percentages of the total population were the baldpate or widgong, scaup, green-winged teal, black duck, redhead, shoveller,

Despite attempts by tourists and travel associations throughout the United States and by other groups in Lower Michigan, taxes imposed on transportation by Congress and on food costs in Michigan through the sales tax, there is little likelihood of such levies being lifted in the immediate future.

"These taxes are likely to exert a deterring influence on Upper Michigan's tourist trade, particularly if funds available for vacations become scarcer," Upper Peninsula Development Bureau officials believe.

"We are urging operators of all types of resorts to take steps to impress upon legislative groups the wisdom of reducing or eliminating such taxes."

In a letter received recently at the Development Bureau's office in Marquette, a Brooklyn, N. Y. resident who toured Upper Michigan with his family last summer protests against continued enactment of such levies.

"I was not impressed," he writes, "with the tax levied by the state of Michigan on food and meals. That is a nuisance tax and very harmful. Neither am I impressed with the total amount of taxes levied on gasoline and I very much resent the 15 percent tax on transportation."

"If the lawmakers would only have a little mercy on us poor people, we might have a little more money to spend in the Upper Peninsula of Michigan."

The Development Bureau recently joined with travel associations throughout the nation in asking Congress to eliminate the so-called "luxury tax" on transportation, but the groups have been notified that little or no action on removing it is likely this year.

In San Jose, Calif., Annie Bernal was awarded a divorce and what was left of the Bernal house when she testified that her husband had sold the doorbell, the windows, the kitchen stove, the lighting fixtures and the plaster-board walls to buy wine.

IS THIS THE  
**"Sweetest riding story ever told"?**

SOMETIMES we get just a bit upset over our engineers.  
 A cautious bunch, their tendency toward understatement now and then lets us overlook some mighty good bets.  
 About all they wanted to say about their new Hi-Poised power was that it went much further than anything else they knew toward controlling engine vibration frequencies.  
 They let us say it would make engine sensation "practically imperceptible."  
 That it would do away with a lot of shudder that often passes for clutch chatter. That it would "have an effect" on riding softness and quiet.  
 Well! Folks have now had a chance to try out our '48 beauties with Hi-Poised power—and you should hear what they say!

"Sweetest ride of any car," they tell us.  
 "Such smoothness—it's unbelievable!" "What have you done?—It's wonderful!"  
 What we did was apply a wholly new system of engine mounting.  
 It's a system that suspends the engine, much as in a cradle. This leaves it free to rock, bob or "wag its tail" (as every engine must)—yet maintains firm control of such movement at all times and speeds.  
 Add this to other things—big, soft tires on extra wide Safety-Ride rims; gentle coil springs on all four wheels; ample size and weight to master jounce and jitter—and what do you get?  
 A definitely "sweeter" feel to the whole car. Soft, level going—with firm, sure footing. Lightness—with positive and dependable control.

In a phrase—"the sweetest riding story ever told," as it has been put. Naturally, we'd like to have you size up our new Vibra-Shielded ride too.  
 After all, there's more to any car than meets the eye, even in this eye-winning beauty. And maybe this sweet and lovely ride is just what you've been waiting for.  
 Better see your Buick dealer, whether or not you have a car to trade—and get your order in.

**SECRET OF THE VIBRA-SHIELDED RIDE**  
 Two fat cushions of special composition, and placed with scientific accuracy, suspend the Buick engine at the points where vibration is most readily controlled. A third new mounting of the rear completes a precise system of controlling engine vibration frequencies. The result is to shield the entire car against vibration build-up and make a noticeably smoother ride.

**BABSON**

**Babson Discusses Stalin**

Eureka, Kans., Apr. 16. I have never met Mr. Stalin; but I have friends who have often talked with him. Some of them have been at the famous conferences attended by Mr. Stalin, Mr. Churchill, and Mr. Roosevelt. I, therefore, am using my column this week to answer certain inquiries coming to me. The conclusions are not pleasant.

**Some Definitions**

There are three different economic or social theories today. They are: (1) Capitalism. This is what is commonly known as free enterprise which has been so successful in the United States. (2) Fascism. This has been tried in Germany, Italy and Japan; it is a form of State capitalism where persons continue to own their property but use it as the State directs. (3) Communism. This is where there is no private ownership. Communism is Socialism with brutality added. One country could get on under either the Capitalistic System or Fascistic System by itself; but Communism or Socialism probably needs a world organization in order to make it work. At least, this is what Mr. Stalin thinks.

**Stalin's Ultimate Goal**

Therefore, Stalin's goal is to eliminate Capitalism. Anyone responsible for making a success of Communism would probably have the same aim as Stalin. The Labor government in England is gradually coming to this same conclusion. It is not ruthless like the Communists, but even their leaders believe that their success depends upon having the same program adopted by all other leading countries.

Therefore, it is possible that as soon as Russia gets the Atomic Bomb she may blow up the big cities of the United States. She may have no thought of landing troops here or of taking over our government. It would be only one step in her campaign of destroying Capitalism. Her hope would be that—with our big cities destroyed—a Socialist System would be needed to operate our remaining industries. This would also eliminate undue competition

from industries in communistic nations.

**25 YEARS AGO**  
 FROM THE PLYMOUTH MAIL FILES

The long-looked-for and patiently awaited event for local Methodists has arrived at last, when they are to have the pleasure and inspiration of a pipe organ as a distinct aid to their worshipping.

Sunday and Monday evenings, April 15-16, will mark the important epoch in the history of the Penniman Allen theater, when the patrons of this popular playhouse will hear for the first time, the new pipe organ that is now being installed in the theater.

Mrs. Charles Olds visited her daughter, Mrs. Earl Stevens in Detroit this week.

Born, Tuesday, April 10, to Mr. and Mrs. Ernest Wickstrom, an 8½ pound daughter, Lily Violet. Mr. and Mrs. Claude Williams and son of Detroit, spent Sunday with the latter's parents, Mr. and Mrs. Andrew Taylor.

With six previous victories the Plymouth High school debating team continued their success of the season by winning a 2 to 1 decision from Highland Park. The Plymouth team, Kenneth Bartlett, Eva Griffith and Perry Richwine, presented strong opposition to the St. Lawrence waterway project.

Mrs. Fred Rhead has returned from Harper hospital where she has been for an operation.

**Plymouth Library Has an "Old Home Week"**

"Just like old home week" described the reunions at the Plymouth Library during the college spring holiday, according to Mrs. Ada Murray, branch librarian.

With reference and research problems and term papers to write, students who were home from the vacation time flocked to the library. A roster of the colleges represented included the University of Michigan, University of Detroit, Ypsilanti Normal, Grand Rapids School of Theology, Michigan State college, Wayne School of Nursing, Albion college, Alma college, Marygrove college, Madonna school, and the Miami college.

**LEGALS**

(Continued from page 5)

that the residue of said estates be assigned to the State Board of Executors as escheated estates, and also having filed therein his petition as Administrator aforesaid praying that he be allowed compensation for extra-ordinary services rendered and expenses incurred in each of said estates.

IT IS ORDERED that the 29th day of April, A.D. 1948, before the Honorable James H. Sexton, Judge of Probate, in his Courtroom, in the Wayne County Building, at 10:00 o'clock in the forenoon be appointed for examining and allowing said accounts and hearing said petitions.

IT IS FURTHER ORDERED that a copy of this order be published once each week for three successive weeks previous to said time of final hearing in the Plymouth Mail, a newspaper printed and circulating in said County of Wayne.

This notice is given in accordance with the provisions of the Michigan Code of Executors, to the said disappeared or missing persons, their unknown heirs, assigns or grantees, and to all persons claiming by, through or under them.

**Milk Is Better Today Than Ever Before**

When grandma was a girl, milk was bought from big cans... not sterile, unsafe. Even so, doctors knew of its health giving qualities. Today, because of tested, carefully bred cows, pasteurization, sanitary bottling, and quick delivery, milk is a more nutritious and a safer fresh food. Drink milk regularly—phone now. We'll start deliveries immediately.
