

Legislative Committee Here on Visit to Northville Hospital Site

Reading left to right—T. Jefferson Hoxie, St. Louis, vice chairman Ways and Means committee; Rollo G. Conlin, Lenawee county; Joseph Warner, Ypsilanti; Elton R. Eaton, Plymouth (not a member of this committee); Thomas Lane, Detroit; Harry Phillips, Port Huron; Edward L. Baker, Detroit; Arnell Engstrom, Traverse City; State Policeman Richard Graham.

Members of the Ways and Means committee of the Michigan house of representatives were Plymouth visitors for a few brief hours Tuesday.

The purpose of the visit here was to gain first-hand information as to the progress of work being done on the new Northville state hospital and to check reports about the location.

Lieutenant Governor Eugene Keyes of Dearborn had told members of the committee that the site of this institution was one vast mud-hole that was being filled so that new buildings could be erected on the made ground.

The committee was surprised to find that the entire site, located just off Seven Mile road about a mile east of Northville, is all high ground and that there is not an acre of low ground on the site that has been purchased by the state.

Declared Representative Joseph Warner of Ypsilanti, who has visited every state institution in Michigan not once, but dozens of times during the 24 years he has served in the legislature:

"It is one of the finest sites in all of Michigan for an institution. There is nothing like it anywhere else—it's all high and dry, with beautiful rolling land, some of it covered by a fine growth of timber. I can't understand why this fellow Keyes would give out any such information. There isn't a

foot of swamp land on the whole place."

Other members of the committee expressed the same sentiment as did Representative Warner.

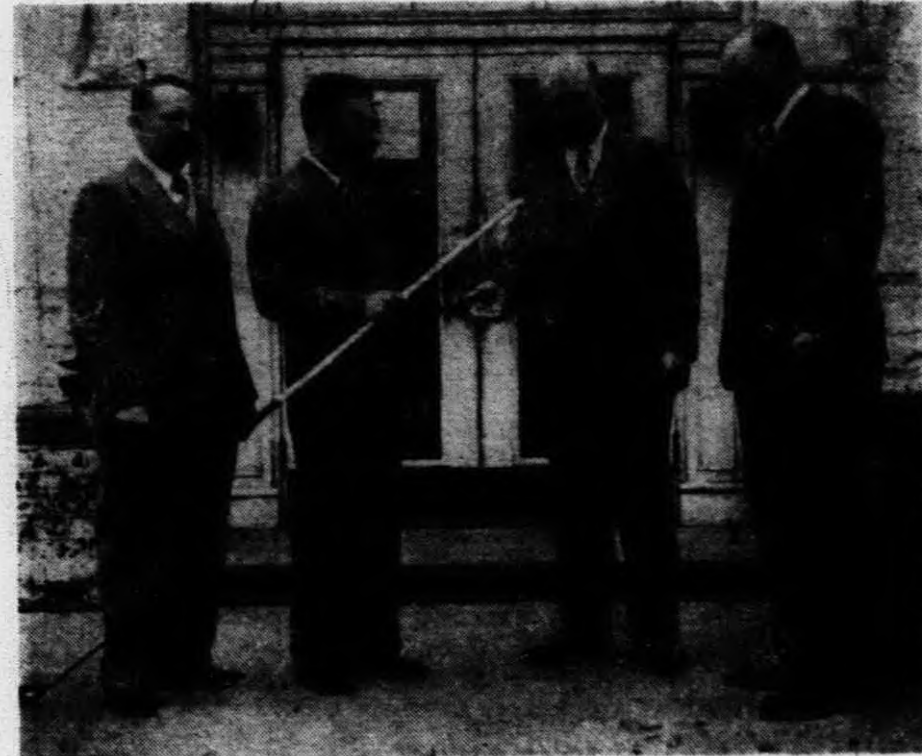

This committee, which also passes upon the state appropriation for the Wayne County Training school, made a surprise visit to the Wayne County school. After arriving in Plymouth, the members decided that they had time to visit this institution previous to going to the Northville hospital site.

Members expressed themselves as highly pleased with the cleanliness of the buildings and grounds. They visited classes while they were in session and were amazed at the adeptness of the children who were occupied in working at various trades. The shoe repair shop where boys were repairing shoes worn by children of the institution and the dress making classes where girls were mastering the technique of sewing proved especially interesting to the Lansing visitors.

The legislative members wandered at will about the institution and upon leaving expressed to Dr. Robert Haskell their satisfaction with conditions they found upon their surprise visit as well as advising him that it was their desire to return to the school for a much more extended visit at

Mayor Receives White Cane to be Used by Police in Driver's Test

Sightless Lions club member Nandino Perlongo presents a white cane to Mayor Frank Henderson in observance of the current White Cane Week which is being sponsored by the club. Witnessing the ceremony are Ward Jones, left, president of the local Lions organization, and Norman Marquis, right, vice president.

Activities of the Plymouth Lions club during White Cane Week included presenting Mayor Frank Henderson with a cane which will hereafter be used by the police department for identification in the driver's test.

White Cane Week, which concludes tomorrow, has featured a fund raising campaign by the local club. With the funds contributed the group hopes to obtain white canes for all persons in the city with impaired vision. Donors to the drive are identified by small lapel pins in replica of the canes.

The White Cane movement has been the project of Lions International since 1932. Thousands of blind and partially sighted people have been provided with these canes since that time, as a protection against traffic.

An ordinance was drawn up by the state legislature in 1936 requiring that all moving vehicles yield the right of way to any person crossing a thoroughfare with a white cane in his hand. Any driver found guilty of neglecting to stop for a "raised white cane" in traffic is liable to pay a fine.

Mr. Fluelling announces that the surface of the building will be smoothed off, remodeled, and newly finished in white.

Mr. Fluelling announces that the surface of the building will be smoothed off, remodeled, and newly finished in white.

quiring that all moving vehicles yield the right of way to any person crossing a thoroughfare with a white cane in his hand. Any driver found guilty of neglecting to stop for a "raised white cane" in traffic is liable to pay a fine.

Fourth Graduate Wins Scholarship

The number of Plymouth High school seniors winning college scholarships has risen to four with the announcement that Nancy Brannan has been awarded one from Western Michigan college of Education at Kalamazoo.

Nancy is the daughter of Mrs. Beatrice Brannan, 42639 Five Mile road. Previous to attending the local high school for five years, she was a student of St. Mary's Academy in Monroe and a Detroit public school.

Her extra-curricular activities in high school have included membership in Leaders' club, vice president of Science club, treasurer of Hesco club, president of Spanish club, annual staff, Pilgrim Prints staff, member of the Quill and Scroll Society, play and class committees.

During her four years in high school Nancy has retained a 97.0 average. The scholarship from Western Michigan was awarded on evidence of scholastic ability

City Commission Hears Protests of Tax Payers

Complaints flew thick and fast at the city commission meeting of Monday evening, May 17.

At that time a contingent of residents from Pacific avenue appeared to voice their hearty disapproval of the blacktopped thoroughfare which fronts their homes, and a group from South Harvey also attended and told of the inadequate system in that vicinity for combating the heavy rain water which habitually floods the basements of their homes.

Taxpayers on Pacific avenue protested the assessment for the blacktop street, which they classed as "quite inferior". Whether or not the city can take any action on the taxes already approved and billed is doubtful, but all moves will depend on the decision of Claude Buzzard, city attorney. The complaint should have been voiced at the recent hearing of the board of assessment

(Continued on page 4)

City Officials Vote to go Ahead With Street Widening

The matter of the 12 foot strip of property on the west side of North Main street, previously offered to the city for widening of the thoroughfare, was reconsidered by city commissioners Monday evening, May 17. They voted to accept the offer, providing it is still valid, and set the completion date at no later than May 30, 1951.

Harold Cheek, city manager, told commissioners at the May 3 meeting that Municipal Judge J. Rusing Cutler had contacted all property owners from Church street, to and including that owned by Harry Robinson. At that time, he stated, all were willing to exchange a 12 foot strip adjacent to Main street in exchange for replacement of the sidewalks and repair of any driveway entrances that may be damaged by the widening program.

The City Planning commission had previously considered and approved the set back, as they

Community Bible School Planned

The Community Vacation Bible school will be held from June 21 to July 1, it was announced recently by the Rev. Alexander Miller, principal of the school.

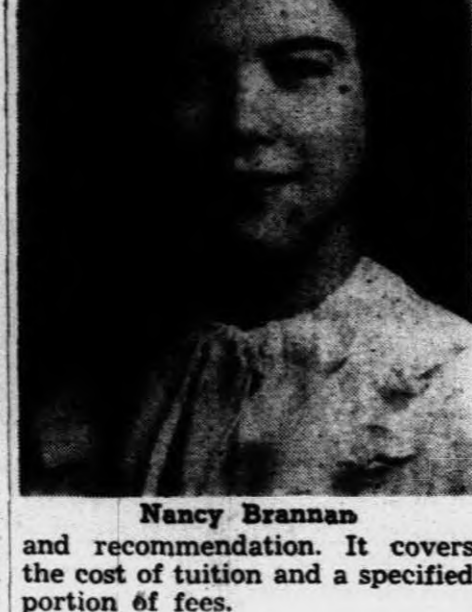

Sponsored by the First Methodist, the First Presbyterian, and St. John's Episcopal churches, the school will be open to all children of the community between the ages of five and 13 years. Mrs. Helen Van Orsdale will act as superintendent, and a staff of 15 teachers will assist.

"The Church in the Community" will be the theme of the summer's instruction, with emphasis on "What is the Church?", and "Why so many 'Different Churches?'" as the particular area of interest in the junior department. Visits to several churches will be one of the special features.

The groups will be divided into kindergarten, primary and junior departments, and the work and play will be geared to suit the age group involved. A successful and profitable period is expected by all involved in the venture.

Boy Scouts Plan Paper Drive for Tomorrow

Senior Boy Scouts will hold a paper drive tomorrow, Saturday. Funds earned will help meet the expense of the camping trip planned for this summer.

Nancy Brannan and recommendation. It covers the cost of tuition and a specified portion of fees.

The PLYMOUTH MAIL

Vol. 60, No. 38

22 PAGES

Plymouth, Michigan, Friday, May 21, 1948

Three Sections

\$2.00 Per Year in Advance

Posts, Auxiliaries Prepare for Poppy Day

Working on the Plymouth Poppy Day sale are, left to right: Mrs. Dean Saxton, Myron H. Beals Post auxiliary; Mrs. Phyllis Hewer, Passage-Gayde Post auxiliary; Dave Galin, Myron H. Beals Post; William Langmaid, commander of Passage-Gayde Post; Russell Daane, commander of Myron H. Beals Post; Mrs. Charles Messmore, VFW Mayflower Post auxiliary; Herbert Treadwell, VFW Mayflower Post; Mrs. Jane Diekmann, commander of VFW Mayflower Post auxiliary.

Three veterans' organizations and their corresponding auxiliaries are preparing for a city-wide sale of poppies next Friday, May 28.

The sale in Plymouth will be in conjunction with Poppy Day events staged across the nation for the benefit of hospitalized veterans and their families. Local organizations handling the affair are the Myron H. Beals American Legion Post and auxiliary, Passage-Gayde Legion Post and auxiliary, and the VFW May-

flower Post and auxiliary. An estimated 60 to 70 members of the various groups are expected to take part in next Friday's sale. All workers will meet in Kellogg Park at 7:30 a.m. and prepare for the Poppy sale which begins at 8 a.m. and extends until 8 p.m.

In case of rain on Friday, it has been revealed, the event will be postponed until the following day. Additional plans recently made by the veteran organizations and their auxiliaries are concerned

with a Thursday sale which will take place in the nearby plants. Arrangements have also been made for placing canisters in various stores throughout the city for contributions to the Poppy fund.

The poppies which will be given each donor to the fund to aid disabled veterans have all been made by the veterans themselves. They are fashioned by hand and made of crepe paper in replica of the wild poppies of France and Flanders.

Township Waivers Claim on \$9,000 Tax Fund Which Will Go to School

At a meeting of the Plymouth township board called by Supervisor Charles H. Rathburn, Jr., last Thursday evening, the Plymouth school district, of which all of Plymouth township is a part, will benefit to the extent of \$9,000 as the result of action taken by the township board. Sterling Eaton, president of the Plymouth school board, was present at the meeting at the request of the township board.

The \$9,000.00 sum is the equivalent of one half mill tax which the township in previous years has

waived so that the school might have the usage of the money which the township felt it could get along without.

However, the recent city commission decision to charge the township a flat retainer fee of \$2,000 in addition to the regular service charge it made for fire calls in the township brought notification to the school district, that this money would be needed in the future by the township.

This decision was arrived at by

(Continued on page 8)

Diamond Department at Simmons' Enlarged

Expansion in the diamond department of the Simmons jewelry store has been described by owner Robert Simmons.

He states that he has just received the franchise for Keepsake diamonds, and he will augment his present stock with a much wider range of styles and mountings.

A large display is now featured in his window, showing a sample of the stock he now has available at a wide range of prices.

Today, Friday, a special representative from the Keepsake factory will be at his store, Mr. Simmons states.

Margaret Willoughby Leads Youth Choirs

One of the two choirs Margaret Jean Willoughby, extreme right, directs is the pictured cherub choir. The young vocalists are, first row, left to right: Jinx Goddard, Sheila Lorenz, Janet Willoughby, Susan Hulsing, Ann Hulsing and Connie Lee. Second row, left to right: Ann Goddard, Sarah Wesley, Susan Goddard, Ann Sumner, and Dixie Lee.

Two choirs of the St. John's Episcopal church respond to the directing of a 16-year-old girl.

Margaret Jean Willoughby, probably one of the youngest choir organizers and directors in this entire vicinity, has exhibited leadership and initiative beyond her years in her handling of these choirs, a project which people many years her senior would be reluctant to undertake.

It was in 1945 that she organized the Junior choir for the church. Since that time it has broken down, however; the girls from eight to 12 years of age continuing on with the choral group, and the boys forming the Acolyte

Guild of the church.

Last year, not being satisfied with the work involved with the girl's choir, Margaret Jean undertook the organizing of a second choir for girls from four to eight years old. Both sang during the church's Palm Sunday service.

(Continued on page 5)

Most Stores to Close on May 31

A majority of the stores throughout the city will be closed Monday, May 31, in accordance with the governor's recent proclamation of Monday as a legal holiday in observance of Memorial day.

In addition to the stores, local factories, banks, post office, schools and The Plymouth Mail office will also close for the day. Civic observance of the day will include a parade presented by the veterans' organization of the city.

Band Members to Sell Tags Today

Plymouth High school band members were granted permission by the city to stage a tag day this afternoon, Friday, from 3:30 to 9 p.m.

The written request from Paul Wagner, director, also asked for permission to extend the sale of tags to Saturday, but commissioners said no to the latter.

In recent years, city commissioners explained, all organizations in the city have been denied the right to stage tag days with the exception of charitable and veteran's organizations. The precedent was broken, however, in view of the fact that the band has contributed so greatly to the community in recent years.

Something you want to sell?—use a classified!

Veterans Plan for Memorial Service

Veterans' organizations throughout the city will attend church services in observance of Memorial Day next Sunday, May 23, at the First Presbyterian church.

This annual service, which will be attended by members of service groups in a body, is an annual event. All members of the various organizations are asked to attend, and to arrive at 10:45 a.m. for the 11 a.m. service. A special section will be reserved for the veterans, reports reveal.

Memorial Day observances will be annexed with the parade for the following week on Monday, May 31. William Langmaid of the Passage Gayde American Legion post has been selected as Grand Marshal for the parade, and Don Peck as assistant. The latter is affiliated with the VFW Mayflower Post.

They both ask that all service clubs in Plymouth plan to participate in the parade. Any interested, they state, should contact either of them for further information.

Association Plans for State Meeting

Women throughout the state who are members of the Women's National Farm and Garden association will convene in Jackson, next Wednesday and Thursday, May 26, and 27.

Mrs. Carl Shear, president of the Plymouth organization, will attend in the capacity of official delegate, and Mrs. Andrew Vargha as alternate.

Division presidents and committees are slated to present their reports Thursday at 10:30 in the Georgian room of the Hayes hotel. Mrs. Shear announces. A luncheon will also be held Thursday at 1 p.m. in Jackson's Country club, with C. T. Black of Michigan State college scheduled as the featured speaker.

Mrs. Shear asks that any Plymouth Garden club members planning on attending the national convention in Williamsburg, Virginia, June 8, 9, and 19, contact her.

Saxton Reports on Extension of Telephone Area

Extended-area telephone service will not go into effect immediately, an announcement from the Michigan Bell Telephone company revealed this week. It is expected it will take many months to provide the necessary facilities.

J. R. Saxton, manager for the company, pointed out that the Michigan Public Service commission, in approving extended-area service recently, did so to permit the company to plan for the service while expanding its facilities to meet growth. Many additional circuits must be provided between neighboring communities, he said, to take care of the heavy increase in traffic expected to develop as a result of the new type of service.

Under the order, the company is authorized to provide extended-area service in 196 of its 241 out-state exchanges. Sixteen exchanges were not included in the company's original application, 29 others were excluded by joint agreement of the company and the commission, and a number of exchanges were re-grouped in the various extended-service areas.

The order drops Northville from the list of exchanges in the Plymouth extended-service area as a result of information at the hearing before the Commission, Saxton said. The revised area will be comprised of Plymouth, Ann Arbor

(Continued on page 5)

New City Budget Set at \$224,965

A \$224,965 budget was approved by city commissioners Monday evening, May 17, for the year beginning July 1, 1948 and ending July 30, 1949.

The new budget totals over \$11,000 more than that approved last year. During the past 12 months the city has been functioning on a \$213,116.35 amount. Included in the new budget is a pay raise for city employees, which will in most instances amount to between a five to ten percent increase. All raises are retroactive to May 1 of this year.

The proposed budget allots \$38,595 to general government; building and structures, \$15,355; public works, \$72,200; public safety, \$56,140; health and welfare, \$870; recreation and parks, \$9,735; equipment and city garage, \$8,000; debt retirement, \$9,697.52; veteran's rehabilitation, \$360; unappropriated reserve, \$4,512.58; and retirement-city share, \$9,500.

Brake Suggested for State Office

A communication sent Governor Kim Sigler this week by the Wayne County Association of School Board Members highly recommended Charles E. Brake to fill the post which will be vacated June 1 by Dr. Eugene Elliott, present state superintendent of public instruction.

Dr. Elliott has submitted his resignation to take the position of president of Ypsilanti State Normal college.

Mr. Brake's recommendation was based on his extensive experience in the field of education. Mrs. Sidney Strong, secretary of the county and Plymouth township school boards, states. He is contact her.

(Continued on page 8)

New Principal of Belleville Schools

Anthony S. Matulis has accepted the position of principal for the Belleville junior and senior high schools. He will undertake his new duties next September.

It was during the month of June in 1939 that Mr. Matulis first came to Plymouth. At that time he supervised the summer recreation program, and acted as athletic director of the school.

Not until Mr. Matulis was discharged from the Navy in 1945, after having served since 1943, was he assigned to the guidance department. He not only helped organize, but has been affiliated with this department since that time.

Mr. and Mrs. Matulis and their child reside at 401 Evergreen. During the time he has made his home in Plymouth he has been active in civic organizations, holding the office of Rotary club secretary for two years, also named as a Presbyterian church elder, and president of the southwestern Michigan Guidance Commission.

Anthony Matulis.

Couple Repeat Nuptial Vows

Katherine McKinney, daughter of Mr. and Mrs. Charles McKinney of Rosedale Gardens was married to Robert A. Stone, son of Mr. and Mrs. Milton Stone of Detroit on Saturday evening at 8 p.m.

The candlelight ceremony took place in the First Presbyterian church. The marriage service was read by the Rev. John B. Forsythe of Detroit assisted by the Rev. Woodrow Wooley.

The bride, who was given in marriage by her father, was gowned in white nylon marquisette, trimmed in Chantilly with a finger tip veil of illusion. She carried white lilacs and orchids.

Mrs. Gordon Stone, matron of honor and sister-in-law of the bridegroom, wore orchid faille and carried a horsehair basket of purple lilacs, shasta daisies and sweet peas.

The bridesmaids wore pastel shades of green, yellow and pink faille and carried baskets similar to the matron of honor. They were Leslie McKinney, sister of the bride, Mrs. Charles McKinney, Jr., sister-in-law of the bride and Lorraine Trepagnier, junior bridesmaid.

Attending the bridegroom as best man was Richard Hansen of Detroit. Seating the guests were Gordon Stone, Charles McKinney, Jr., Dale McKinney and Robert Sockow.

Mrs. McKinney chose a navy blue lace dress and Mrs. Stone was gowned in dusty rose crepe. They both wore orchids.

Following a reception for 300 guests at the Newburg Hall, the couple left on a wedding trip to the Smokies. For her going away costume, Mrs. Stone chose a green linen suit with black accessories.

They will make their home in Plymouth upon their return.

LOCAL News

Marian Gordon and Iretta McLeod left Plymouth Thursday to drive to the west coast.

Mrs. Perry J. Richwine was the luncheon guest of Mrs. Adel Keeping of Irvin street last Thursday.

Mr. and Mrs. David Zink and children, Pat and Sally of Penniman avenue, spent last weekend at their cottage on Elk Lake.

Mr. and Mrs. Robert Ingram and daughter, Kay of South Harvey, attended a performance of "Blossom Time" in Detroit last Friday evening.

Mrs. J. W. Selle, Jr., will entertain her bridge club of three tables tonight at her home on Roosevelt avenue. A lunch will be served during the evening.

Mr. and Mrs. James Ross of Pacific avenue entertained Mr. and Mrs. Clifford Grimm of Birmingham for bridge and supper last Friday evening.

Mr. and Mrs. Lee J. Sowle and daughter, Sally Lee, Virginia Heintz and Harvey Shaw attended the Horace Heidt show in Detroit, last Sunday evening.

Friday visitors at the home of Mr. and Mrs. George Richwine of West Ann Arbor trail were their grandson and family, Mr. and Mrs. A. J. Richwine, Jr., and son, John, of Norfolk, Virginia.

Plymouth Number Two Extension group of the Wayne County Extension Service met at the home of Mrs. Richard Straub of Ann street, Tuesday evening. The lesson on home management was given by Mrs. L. C. Finney and Mrs. Floyd L. Reddeman. Refreshments were served following the business meeting.

Mr. and Mrs. Ernest Williams of Ann street announce the birth of a daughter, Elizabeth Ann, on Tuesday, May 4, at St. Joseph's hospital in Ann Arbor, weight 5 pounds and 4 ounces.

The Passage-Gayde auxiliary will hold their next social meeting on May 27 in the Veteran's Community Center. A Poppy program is being planned for this night.

Mr. and Mrs. Edward Bolton and Clyde Fisher and Mrs. Sadie Gordon will leave the city Saturday morning for a three week's vacation motor trip on the west coast.

Night Unit Number Two of the W. S. C. S. of the Methodist church is holding a family fun night on Friday, May 28, at 7:30 p.m. This will be a Mardi Gras party and everyone is welcome to attend.

Mrs. Ralph Johnson and Mrs. Philip Barney were co-hostesses at a stork shower honoring Mrs. Robert McAllister at the latter's home on Penniman avenue last Friday evening. The 14 guests played games and bunco and refreshments were served.

Mr. and Mrs. Blake Northrop of Redford are the parents of a girl born Thursday, May 6, at Mt. Carmel hospital, Detroit. Mrs. Northrop is the daughter of Mrs. N. C. Schrader of Northville and Mr. Northrop is the son of Mrs. Harry Lush of Redford.

Mrs. Elmer Smith of Northville was the guest of honor at a birthday dinner given at the home of Dr. and Mrs. A. E. Van Ornum of North Harvey last Friday evening. Other guests included, Dr. Victoria Lovewell and children, Mary and Lucian, Mr. and Mrs. A. H. Vogtlin and Elmer Smith of Northville, Mr. and Mrs. George Armstrong and Mr. and Mrs. George Ratz of Brighton.

The women's department of the Reorganized Church of Jesus Christ of Latter Day Saints met Thursday at the home of Mrs. William Michaels on Ann street. A dessert luncheon was served followed by a period of devotions. The remainder of the afternoon was spent in the study of "Home Worship Made Real in Child Experience", after which officers for the ensuing year were nominated.

Mr. and Mrs. Kenneth Hanchett and children, Barbara and Kenneth, Jr., of Newburg road, entertained the following relatives last Sunday: Mr. and Mrs. Richard Hanchett and granddaughter, Jacquelyn, Mr. and Mrs. Charles Hanchett and daughter, Donna Kay, Mr. and Mrs. Walter Leader, Mr. and Mrs. Louis Beer, Mr. and Mrs. Frank Keehl and children, Shirley and Frank, Jr., Loretta Garvin, Mr. and Mrs. Russell Themm, Margaret Themm, Kenneth Arnold, Mrs. Ida Beyer, Mr. and Mrs. Jarvis Wendland and Mr. and Mrs. Ernest Wendland and family. This gathering was in honor of Barbara Hanchett, who was confirmed at St. Paul's Lutheran church on that day.

AMBULANCE SERVICE AT ANY HOUR OF THE DAY OR NIGHT

Church Picnic is Scheduled

A picnic for all the members and families of St. John's Episcopal church, Harvey and Maple streets, is scheduled for Sunday afternoon, May 23, beginning at 2 p.m.

It will be held in Riverside Park, and the usual round of contests and games are scheduled for the afternoon's entertainment. Art Jenkins is in charge of the recreational activities, and according to Art, the feature events of the afternoon will be a baseball game between the young men of the church and their dads, and a kick-ball game between the girls and their mothers. There will be prizes for the three-legged race and similar contests.

Transportation is being arranged for those without cars, and anyone who cannot drive to the park is asked to be at the church at 2 p.m. Everyone is bringing their own lunch, although there will be gallons of ice cream lemonade and plenty of ice cream to go around.

A large crowd is expected, and the committee in charge is doing everything possible to make it a highly entertaining and successful affair.

Navy Reservists With Certain Rates Needed

Enlisted, male Naval Reservists of certain rates may return to active duty until December 1, 1948, Lt. Cdr. Warren J. Worth, USNR, of this city, announced today.

Active duty is in connection with training Naval Reservists on the U. S. S. Albany, a heavy cruiser which operates from east coast ports. Applications are desired from Classes O-1, V-1, V-3, and V-6, USNR, and applicants must agree to remain on active duty until December 1. Reservists accepted for this duty are entitled to active duty pay of their rate, plus longevity, dependents and clothing allowances, and sea pay.

The following rates are desired: radarmen, fire control technicians, fire controlmen, radiomen, yeomen, personnel men, machinist mates, boilermen, electrician's mates, and electricians. Reserve officers are not needed for this duty. Men having previous duty with heavy cruisers or similar vessels are particularly desired.

Applications are to be made with Lt. Cdr. Worth, USNR, 40620 Ann Arbor road, or to the Commandant, NINTH Naval District, Attn: Lt. Rueber, Building No. 1, Room M-29, Great Lakes, Illinois.

With or without? If some of your guests do not care for onions in the filling of roast chicken, try stuffing the neck with filling without onion and the body of the bird with filling that contains onion.

No need to heat the oven for baking biscuits. Just roll the biscuits thin and bake them on a fairly hot, lightly-greased griddle. Brown them on one side and then on the other. Allow about five minutes to bake each side.

Situation in India Described to Club

Rioting in India has been overplayed by the American press, the Rev. P. C. Benjamin Balaram, Methodist minister from Bombay, India, reported to Kiwanis club members Tuesday evening, May 13.

The Rev. Balaram has returned to this country for post graduate study at Albion college. He holds a degree from the University of Edinburgh.

The guest speaker told the group he believes it a miracle that the 400 million people of India have assumed their independence without a single shot fired. Riots, which have been so vividly described as raging in India, were compared by the Rev. Balaram to the race riot which broke out in Detroit a few years ago. Those affected by the riots comprise a small number of the population and area, averaging, he estimates, less than one percent.

Faith in the future of India was voiced by the speaker because, as he stated, 90 percent of the people in the country live in villages which are actually small democracies in themselves. Secondly, he pointed out, they hate interference, and have continued to abide by the same rules of life for thousands of years.

When telling of the leaders of the country, the Rev. Balaram told that he believes Gandhi means more to the people of that country than Lincoln does to the Americans. His death, he reminded, brought not chaos but order. Nehru, the present ruler, is of a wealthy family, socially prom-

inent, and well educated. In order to best serve the people, however, he has renounced everything and lives simply, the Rev. Balaram told.

At the conclusion of his speech, he switched his view from India to the international picture. He expressed a conviction that there will be no third World War. If it should come, however, he believes it will take place in Asia. One world, however, should be our goal, he concluded. . . not a United Nations, but a united people.

Church Dedication Will Take Place Sunday

The newly completed St. Paul Evangelical and Reformed church of Taylor township will be dedicated next Sunday, May 23.

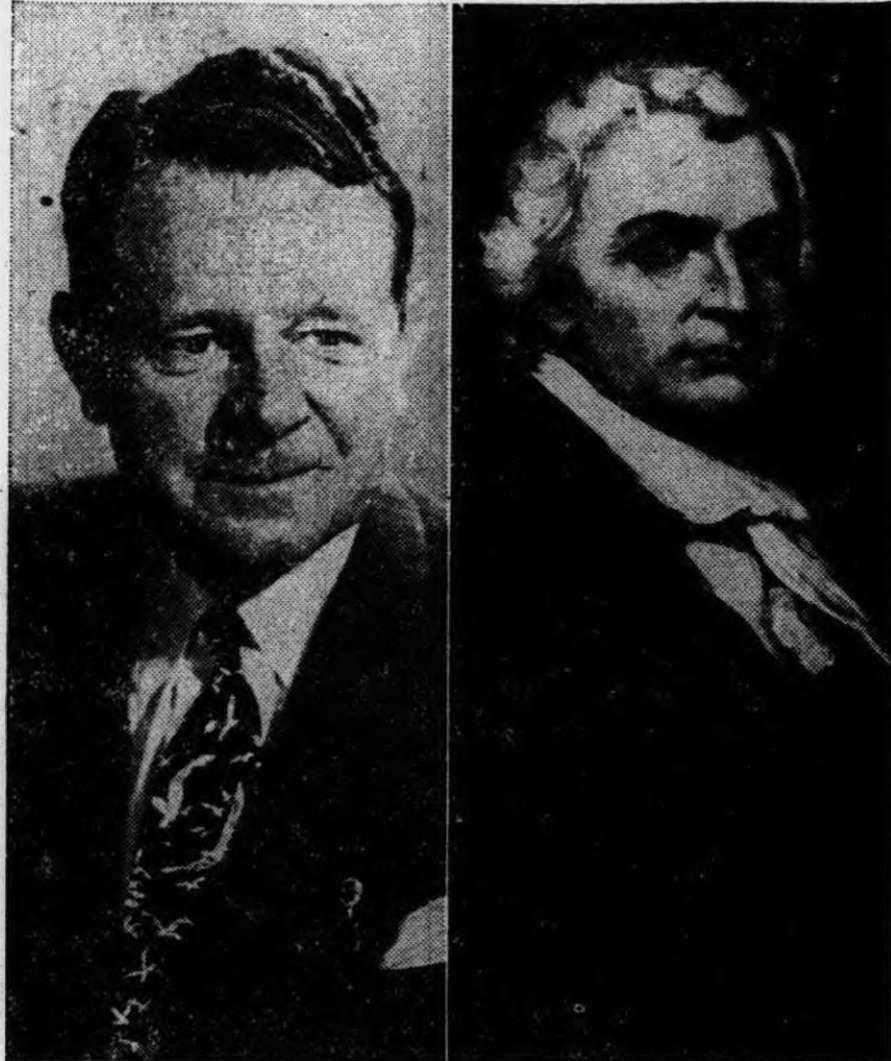

The \$100,000 church and parish hall are located at 24136 Goddard road near Telegraph. It has been revealed that it was just a year ago May 23 that the cornerstone was laid.

Services will be held at 10:30 a.m. and 4 p.m., followed by a supper and fellowship hour. The Rev. William J. Kuhlman is pastor.

Mrs. Peter Lombaco of Farmington street honored her husband at a surprise birthday dinner last Sunday. Their guests were, Mr. and Mrs. Joe Coppola of Wayne, Mr. and Mrs. Jospser Schibela and son, Mr. and Mrs. Frank Schibela of Detroit and Tony Pellerito.

Until she took a power dive in an airplane, Joyce Berger, 21, of Minneapolis, Minn., had never heard a human voice. Now she can hear, but must learn the language.

SECNAV'S -- FIRST AND PRESENT

Benjamin Stoddart (right) became the first Secretary of the Navy on June 18, 1798 following the formation of the Navy Department on April 30 of that year under President John Adams. Stoddart served until 1801. Today the Secretary of the most powerful Navy in the world's history is John L. Sullivan (left), who was sworn in to succeed James V. Forrestal when the latter became the nation's first Secretary of Defense. The photo of Stoddart is that of a portrait painted by E. F. Andrews. (Official Navy Photograph)

City Commission Hears Protests of Taxpayers

(Continued from page 1) and review, city officials stated.

Complaints voiced revealed that the black-top covering the street ranges anywhere from three-fourths of an inch to three inches in thickness. The tar reportedly is tracked in the homes, cars sink in it, and in some instances go through to the sand, and one woman reported standing on the street, only to have the blacktop stick to her heel, leaving a hole revealing the underlying sand.

The street was made according to state specifications, City Manager Harold Check reports, although it is not of the highest grade obtainable. Home owners on the street did, however, petition for blacktop, he states. That used, he explains, was a cold mix, a type which takes several years to develop a tough wearing surface. Other streets in the city with the same type of paving are Roosevelt, Dewey and Maple. He reveals that these are now hardening up, and adds that no complaints have been received in connection with them.

The blacktop on Pacific was laid in 1946, and later topped with a seal coat. Taxpayers are billed for the cost of the former, and the city is covering the cost of the second.

Home owners within a three block radius on Harvey street, beyond Sutherland, asked for action to alleviate the flooded basements which occur frequently with heavy rain storms. It was their expressed belief that the cleaning out of Tonquish Creek would in part remedy the situation. City Manager Check recommended that they circulate petitions in that vicinity asking for the installation of sanitary sewers. He believes a lack of the latter to be another cause of the problem.

Complaints were also verbally offered on the street cleaning work done in the city. City officials here explained that a lack of workers has made it impossible to carry on extensive work. It was added, however, that a new street cleaner has been ordered by the city, and delivery is expected shortly. Home owners on unpaved streets were also told that dust laying will begin in the city the latter part of this month.

A garden can be made profitable by using good soil, good seed, good fertilizer, and by controlling weeds, diseases and insects.

Turnips grew first in Asia, then in Europe.

Zoning Changes are Approved

Rezoning recommendations made by the city planning commission were okayed by city commissioners Monday evening, May 17.

City property lots of Ann Arbor road, west of Harvey, were changed to a classification for local business. The opposite side of the road, which is within the township, already has a commercial zoning. This new classification will go back only 175 feet, so as not to reach into residential property, it was announced. A future hearing is being planned by the city planning commission on the rezoning of all property on Ann Arbor road through to Sheldon.

Property adjacent to Hamilton street, now a part of the Daisy Recreation field, was changed from residence B classification to industrial.

A third recommendation from the planning commission approved by the city commissioners states that all new structures must provide for off street loading and unloading facilities.

Officers Chosen by DAR Chapter

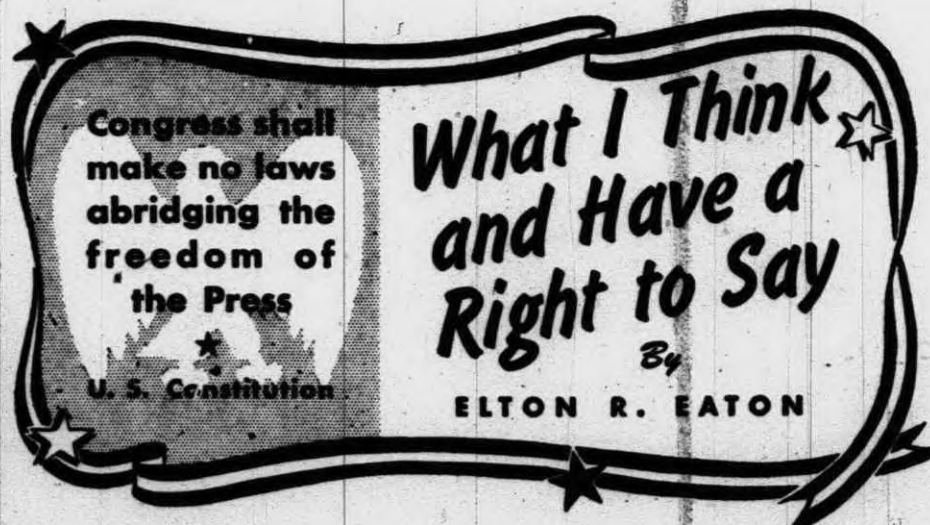

Officers were chosen at the annual meeting of the Sarah Ann Cochran chapter of the DAR held recently.

The meeting was held in the home of Mrs. Nelson Schrader of Northville. Her daughter, Mrs. Ernest Shave, assisted her as hostess.

Newly chosen officers are: regent, Mrs. John Burkman; first vice regent, Mrs. Maxwell Moom; second vice regent, Mrs. John Litsenberger; chaplain, Mrs. E. J. Cutler; recording secretary, Mrs. Ernest Shave; corresponding secretary, Miss Mable Spicer; treasurer, Mrs. Sherwin Hills; registrar, Mrs. Harold Stevens; historian, Mrs. Harry N. Deyo.

Directors chosen are: Mrs. Earl Mastick, Mrs. Allen J. Buckley, Mrs. Sidney Strong and Mrs. Walter Nichol.

During the past year the following became members: Mrs. F. K. Stephens, Mrs. E. L. Givan, Mrs. William Bake, Jr., Mrs. Frazier Carmichael, Mrs. Burt Giles, and Mrs. William Taylor. Mrs. Marian Walker Lupke was announced as a transfer from Dearborn, and Mrs. Carl Bryan was reinstated to membership.

IT WOULD BE INTERESTING.

Right now one of the most important problems facing the Michigan state government is the highway repair project, made necessary by one of the severest winters in years, coupled, too, with a rapid road deterioration due to heavy traffic. The question in our mind is this — How much does the executive office know about the road situation and what part is it taking in helping to restore Michigan's paved thoroughfares to good condition?

IT WAS GOING TO END ALL STRIKES—AND LOOK!

When the phoney Wagner labor act was passed during the early days of the phoney New Deal administration, it was asserted that the Wagner act would end all strikes for all time—that there would no longer be any necessity of closed factories due to strikes. Time has proven that since its enactment this country has had more labor trouble, more severe labor trouble, than in all the rest of its history combined. And the frightful part of the whole situation is found in the fact that the mine-run of people who are in no way involved in these labor disputes are the ones who suffer as a result of them. Sometime maybe things will get so bad that the congress may decide to do something about the mess.

OFF ON THE WRONG FOOT.

The financial highbrows who have assembled together for the purpose of "reforming" Michigan's state government, have decided that the way to do it is by piecemeal constitutional revision, rather than by a constitutional convention. They seem to be scared to death of a convention elected by the people to do the job and so have hit upon the idea to sew patches one over the other to accomplish their purpose.

It was Chief Justice Grant of the Michigan Supreme Court who in 1908 declared that "Neither is it to be presumed that the legislature will attempt a general revision of the Constitution by providing amendments to every section and article of it. For 73 years the people have lived under its two constitutions, and no attempt at general revision has been made by the legislature by proposing numerous amendments."

There's some common sense to that declaration. The legislature in its recent session followed to a very great extent the belief made manifest some 40 years ago by the Chief Justice of the supreme court of this state. Now a group of multi-millionaires who have been collected together for the purpose of "reforming" Michigan's state government, propose to do the very thing that Justice Grant condemned, by circulating petitions. We hope that the good citizens of Michigan will turn down the petition circulators, but unfortunately it has been demonstrated many times that people will sign any sort of a petition, no matter what it may propose to do.

WOULDN'T HE BE A HONEY!

Some bright Detroit newspaper writer has proposed that the Republicans nominate ex-Mayor Jeffries of Detroit for attorney general. If such a thing could happen, wouldn't that be something! Why any one should desire to inflict upon the entire state Detroit's problem-child is more than any one can guess. He kept our great metropolitan center in a state of jitters for years while trying to serve as its mayor. The people kept electing him because they regarded him as the lesser of the evils which confronted them at election time. Now some slap-happy writer proposes to inflict him upon the state. Hasn't Michigan got enough trouble right now, without imposing more headaches upon the state?

THESE MODERN WAYS.

A Hollywood nobody marries a millionaire nobody and the newspapers publish half pages of pictures and prattle about the love affairs of these nobodies. A labor boss who thrives by keeping factory workers in a constant turmoil about working conditions and wages gets shot and newspapers publish pages speculating as to "who done it" and why. A former Iowa farm boy, who some folks have always thought wasn't all there, becomes a candidate for president and gets first page notices.

But a public servant who has devoted a lifetime to a real service to one of the greatest states in the Union announces that he will shortly retire from nearly half a century of public work and there isn't a line about it in the great and powerful newspapers of the state.

A brief paragraph in Editor DeFoe's Charlotte Republican-Tribune announces the fact that Robert J. Baldwin at the end of the present school year will retire as director of the extension department of the Michigan State College.

And who is Director Baldwin? He's the man who led Michigan farmers to top place during two world wars in the production of food stuffs for the nation. He's the man who FIRST made this state as well as the nation realize that something should be done about soil conservation or future generations would die off from hunger. He placed Michigan in first place in soil conservation work more than a quarter of a century ago.

Every time you look at a field of beautiful alfalfa waving in the June breezes, think of Baldwin, because he's the man who first urged farmers to grow alfalfa for soil improvement.

Through his leadership Michigan farming progressed faster than that of any other state in the Union. He fit the crop to the soil—urged Michigan farmers to plant navy beans, thereby making Michigan a leader in the nation in the production of this highly important food crop. He saw the possibilities of making northern Michigan a great potato country—where now are produced the finest potatoes that grow in all America.

Without fear of contradiction we declare that NO OTHER MAN in America has done more than Robert J. Baldwin of Michigan State College for the farmer or for the farming industry. His influence was nationwide because other states were quick to adopt his Michigan ideas and his suggestions for crop and farm improvement.

These are troubled times. Maybe that's why everything seems to be sort of out of balance—and a great American farm leader goes into retirement with little or no attention being paid to a personage who has played such an important part in the development of a great industry in a great state.

Roger Corey Graduates From Military School

Mr. and Mrs. Kenneth Corey will leave for Lexington, Missouri next week to witness the graduation of their son, Roger, from Wentworth Military school.

Roger has attended the school for two and a half years. He has won a letter for swimming, participated in track events, was on

the staff of the school paper, and last semester was included on the honor roll.

The Coreys plan to return to Plymouth by way of Indianapolis where they will attend the races.

Keep weeds under control, and eliminate them entirely if possible. Weeds often spread diseases to vegetable plants.

Stadnik and Shekell Dissolve Partnership

The partnership of Stadnik and Shekell, used car dealers, was dissolved as of May 1, Joseph Stadnik announced this week.

The two had been partners for five years, and had been situated either in Plymouth or the vicinity during the entire time.

Mr. Stadnik will retain the Plymouth car lot. His former partner, William Shekell, has gone into business in Wayne.

Students Place Second in Contest

Two of Plymouth's entrants in the May 13 regional Forensic contest placed second, coach James Latture revealed this week.

Wilma Latture took a second in the declamation contest and Roger Kidston was awarded second place for extemporaneous speaking.

Other entrants from the local school were Clifford McClumpha and Ronald Witt.

Mr. Latture states that this was the final state Forensic contest. It was held in Ypsilanti.

Flavor seems to vanish from food the minute a dietitian enters a kitchen.

Jaycee Auxiliary Elects Officers

Mrs. John Palmer was voted by Junior Chamber of Commerce auxiliary members as president of the organization for the coming year, to succeed Mrs. Sanford Knapp. She was named to the presiding post at the annual election of officers held Thursday evening, May 13.

Vice president for the ensuing term of office is Mrs. Jerry Engle. Mrs. Phillip Theobald was named recording secretary, Mrs. Douglas Miller was reelected as treasurer, and Mrs. Donald Johnson as press representative. Mrs. Wayne Marzoff was chosen as chairman of the board and board members are: Mrs. Marvin Kleinschmidt, Mrs. Donald Rank, Mrs. Cecil Owens, Mrs. Craig Bowly and Mrs. Lee Turckett.

They are succeeding the following in office: Mrs. Knapp, president; Mrs. Marvin Partridge, vice president; Mrs. John Gaffield, recording and corresponding secretary; and Mrs. George Todd, press reporter.

The installation of new officers will take place in June.

The horn of plenty has started many a man out on a toot.

Weather Causes Damage to Crops

A usual consoling thought during perpetual spring showers is that the farm owners are pleased. This, however, is not true of the recent deluge of showers.

Robert Waldecker of Warren road, who works 330 acres of land in this vicinity, reports that it is impossible to turn a wheel on the wet ground. Some wheat is turning yellow, he stated, as he told that the crop has already been cut somewhat.

Fruit trees cannot be sprayed until the conclusion of the rainy weather, and this Mr. Waldecker deems as particularly bad for the apples as it causes scab on the fruit. Rain has also slowed up the planting of corn, although last year's rainy siege prevented the planting of this crop until June 1.

A farm owner on the west side of town, Norman Miller, tells that his corn planting is also halted due to the condition of the fields. Badly hit, he states, are the farmers who have not as yet planted their oats. These, Mr. Miller reports, should have been planted the latter part of April, and it is now too late. This will upset rotation, he explained, as it will make it necessary to replace it with another crop.

All in all, however, Mr. Miller doesn't believe the situation is as serious so far as it was last year. He looks to the end of the month for the return of fair weather and good farming conditions.

The annual loss of soil fertility through erosion and leaching is estimated to be about seven times the amount used by crops.

If a man is known to drink once a week, all his ailments are attributed to that drink.

Margaret Willoughby Leads Youth Choirs

(Continued from page 1)
The youngest group then appeared for the first time in new white vestments made by members of St. John's Guild.

In the realm of musical training, Margaret Jean is currently studying voice with Mrs. M. J. O'Conner. She attended the 1946 and 1947 summer sessions of the Sacred Music Camp at Waldenwoods, where she studied voice and choir directing under Dr. Nellie Huger Ebersole and Professor Amos Ebersole, as well as additional qualified instructors.

Plymouth tips its hat to this young musician, who has not only the ability but the initiative to carry out a program of this proportion.

Fires Caused by Cigarette, Iron

A flat iron and cigarette caused two fires in Plymouth this week. Fire Chief Robert McAllister reports.

Tuesday afternoon, May 18, neighbors of Burton Giles called the department to his home, located on the corner of Blunk and Williams streets. A flat iron left on had caused the blaze. Damage was termed as "not serious."

Wednesday morning neighbors again came to the rescue when they reported the fire in the house trailer owned by Gale Pollock on Corinne street. Damages amount to approximately \$250, the chief reports. A cigarette dropped on the bed has been attributed as the cause of the blaze. No one was in the trailer at the time.

Four ounces of cheese contain the same essential food values as three glasses of milk.

WINTER OLYMPICS GET UNDER WAY . . . This is a general view of the ceremony at St. Moritz, Switzerland, marking the opening of the fifth winter Olympic games, as nearly a thousand athletes took the Olympic oath. Bibi Torriani, famous 36-year-old captain of the Swiss hockey team, led the gathering in the oath.

FOUR-FOOTED LOBBYIST FOR ERP . . . Proponents of the Marshall plan for European recovery have pressed even a donkey (symbol of the Democratic party) into service as a lobbyist for the program. The donkey is shown lumbering up the steps of the capitol bearing a sign advocating the sending of draft animals to Europe as part of the plan.

This year it is especially important to do a good job of feeding lambs and of keeping death losses down.

Uneasy lies the head that ignores a telephone call late at night.

Saxton Reports on Extension of Telephone Area

(Continued from page 1)
bor. Livonia, Wayne, and Ypsilanti.

"The new type of service will eliminate toll charges of the 10 and 15-cent type between affected exchanges," Saxton said. "Users will be entitled to unlimited calls to and from nearby Michigan Bell exchanges with the same community of interest. For that privilege, a somewhat higher flat rate will apply at some points, depending on the value of the service as measured by the number of telephones in the extended-service area. Many users will pay no more for the privilege than under the present system.

"Extended-area service, in effect, offers the user, at a single price, a packaged service that permits him to use his telephone to the maximum advantage. He will be able to communicate with telephone neighbors in nearby communities—and they with him—without worrying about toll charges. Further, he will be able to call just as often and talk just as long as he pleases. In other words, for the price of local exchange service, the user's calling opportunities will be extended beyond artificial boundaries and over a wide, inter-community area."

The commission's order left the door open for other communities to petition for the service before a final decision in the company's overall rate case. At that time, rates to be charged in the partic-

SUB ROSA . . . Secretary of the Navy John L. Sullivan informed congress that submarines "not belonging to any nation west of the iron curtain have been sighted off our shores." He said that Russia has five times as many subs as Germany had at beginning of World War II.

tomers. "While we appreciate that in some isolated instances it may appear that inequities will result from the adoption of such a plan, yet we believe that its long-range results will inevitably benefit the public as a whole; that it will vastly improve telephone service in Michigan as well as result in substantial economies of operation which, under regulation, must inure to the benefit of the public."

The order also authorizes the creation of the Grand Rapids and Pontiac district exchanges similar to the Detroit metropolitan system.

DENIAL . . . Dr. Edward U. Condon, director of national bureau of standards, hotly denies accusation by house un-American activities sub-committee that he consorted with Red spies.

Thespians Hear of Future Problems

Plymouth's Theater Guild learned of the problems and pitfalls confronting the theatrical group when members of the Birmingham organization led a round table discussion at the meeting Monday evening, May 17, in the Veterans' Community Center.

The discussion followed a short business meeting.

Mrs. Elizabeth Hart and George Dwelley were the representatives of the Birmingham group who acted as discussion leaders, and who presented what is reported as a highly interesting and informative program.

Following this portion of the program, refreshments were served by Mrs. Peter R. Miller and her committee.

President James Scott announces that there will be meetings of the board of governors during the summer, and he tells that the first general meeting for the fall will be announced in The Plymouth Mail. He asks that anyone interested in this group may contact him at 745-R for further information.

The ancient Romans believed that an even number was unlucky. Since an even number could be divided equally, they regarded it as a sign of death or separation.

The stories told by women usually leave a man wondering what's funny.

The only trouble about handing out smart compliments to a girl is that she will expect more and better ones all the time until they run dry. Or she will decide that, if she is as good as the compliments imply, she is too good for you. Many a new husband finds that he talked too much.

City Officials Vote to go Ahead with Street Widening

(Continued from page 1) saw definite need for the widening of this street, which is one of the most traveled thoroughfares of the city.

Monday evening commissioners voted to accept the offer and placed City Manager Cheek in a position to negotiate for deeds to the property. Previously, only a verbal statement and offer was made.

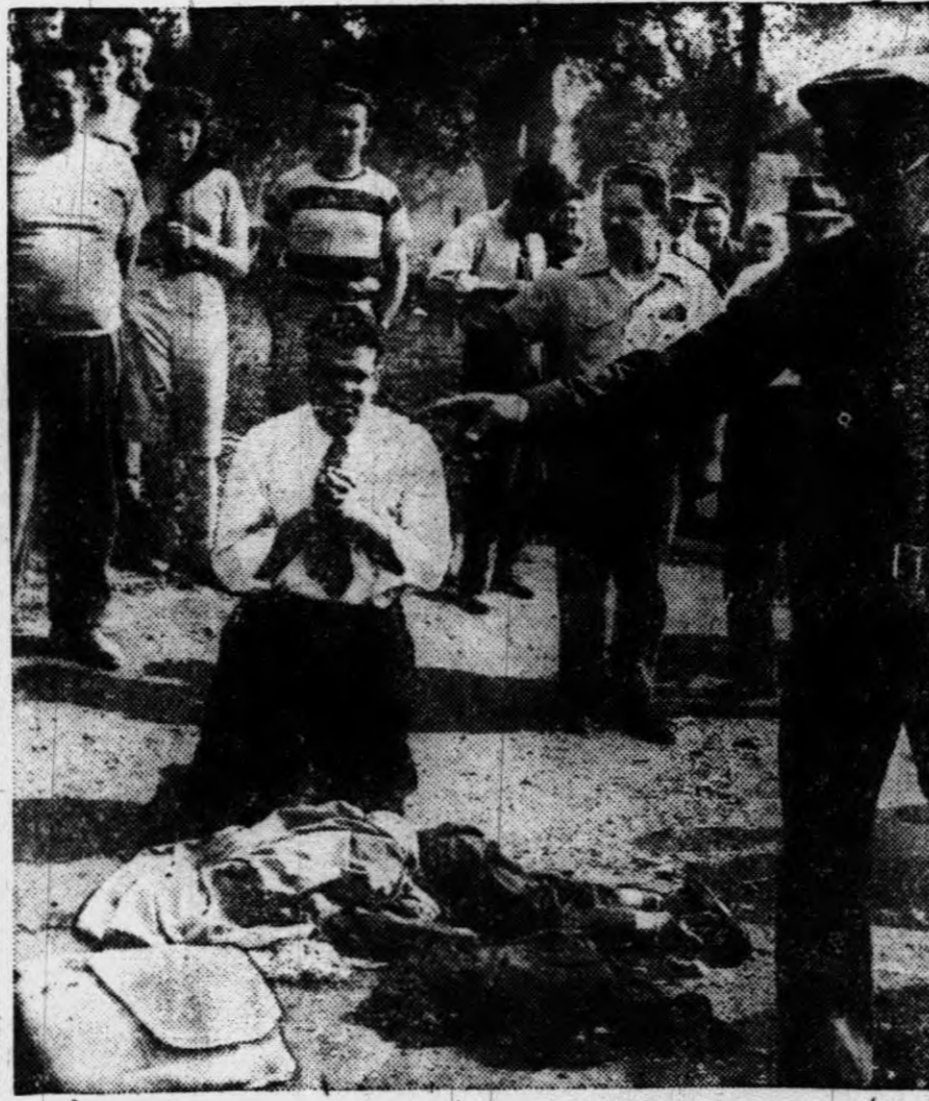

In answer to a question concerning the number of trees that would have to be eliminated to allow for such a project, it was told that only five small ones now stand within the area offered.

When the commissioners were first told of the offer, they arrived at no official decision. As a method of temporarily delaying the matter, it was tabled.

One of the residents in the section to be affected appeared at that time and questioned whether or not he should continue work on the laying of the sidewalk before his home which had been torn up for repair. He stated he did not want to go ahead with the project if the city would be laying a new one within a year or so. Since the commissioners came to no decision on the matter, he was advised to go ahead with the work. City Manager Cheek has stated that in this instance the city will probably have to offer special compensation, in addition to the laying of a new set-back sidewalk.

You need not tell all the truth, unless to those who have a right to know it all. But let all you tell be truth. — Horace Mann

What we have in us of the image of God is the love of truth and justice. — Demosthenes

COMPASSION . . . It happened in Montrose, Calif. There was the usual tumult and omnipresent curious throng that accompany every automobile accident. Then, beside the crumpled body of five-year-old Wesley Leske who was killed in the wreck, an unknown but compassionate passerby knelt briefly in prayer, then disappeared in the crowd.

Township Waivers Claim on \$9,000 Tax Fund Which Will go to School

(Continued from page 1) township officials who were faced with the possibility of having to operate their own fire department since they felt the city was requiring too high a rate for standby fire service. After the first notification from the city, township officials claim their offers to discuss the matter with city officials were completely ignored and this brought about the action on the millage taken last Thursday evening by the township board.

In their effort to solve the problem, realizing the \$9,000.00, if taken away, would seriously upset the school budget, the township discussed the possibility of buying its own fire equipment and having its own fire department.

The idea found a warm reception in the township and Plymouth township farmers as well as manufacturers offered to help in any way possible if the township officials would operate their own fire equipment.

A special election has been called for Tuesday, June 8th, at which time township voters will be asked to give authorization for the purchase of equipment.

Supervisor Rathburn pointed out in the election notice that the approval of the fire department would not cost township taxpayers any additional assessment.

At the meeting Thursday, Mr. Eaton advised the township board of the growing demands of the school district, the costs that had been unforseen in equalizing teachers salaries with other districts and the salary demands made by the teachers that were allowed for which no provision had been made in the school budget.

He further stated that school expansion in the district was an absolute necessity if the children of the city and the township were to be given every opportunity to secure a good education.

"The half mill tax that you propose to keep this year amounts to over \$9,000.00 and if you set a precedent, in the next ten years, that would amount to over \$90,000 which the school would lose, to and to my way of thinking, that amounts to a badly needed grade school which would accommodate many of the children of the township", Mr. Eaton said.

Township officials all agreed that when the mention of the school was made they thought of Plymouth schools as "our school" and if there was any way in which they as a government unit could help in the difficult years ahead they were willing to do so.

On the motion of Walter Postiff, which was supported by Sam Spicer, the board voted unanimously to have their supervisor waiver the half mill tax this year and in common language that means that Plymouth township school has just \$9,000.00 more with which to educate the children of this district next year.

Assistant Secretary of the Navy John Nicholas Brown has described Naval Aviation as "the heart of the Navy, and upon the Air Arm rests the burden of maintaining the scapower we now have. The Navy, as a combat organization, is as strong as its aviation."

In order to give full recognition to the two inventors of the airplane, U. S. Navy records recently were changed to honor the memory of both Wilbur and Orville Wright in the name of the carrier USS Wright.

Eye Test Device to be Secured for School by Club

Approval for the requested purchase of a mechanism to be used in surveying the vision of Plymouth school children, was granted by the Kiwanis club board of directors Tuesday evening, May 18.

The request was advanced by the club's underprivileged children's committee. The latter is composed of Ray Williams, chairman, Al Glassford, Jim Gallimore, Elmer Austin, A. Van Ornum, and Louis Schmidt.

Dr. John McIntyre has undertaken the responsibility of contacting the firm manufacturing the mechanism. He states that he has requested a demonstration, but has not as yet received a reply.

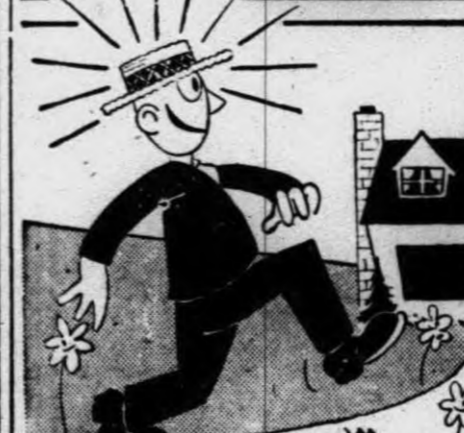

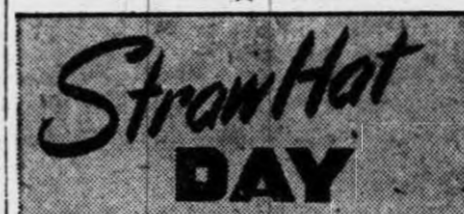

The testing device will determine whether a person's eyes are functioning properly or not. It will merely indicate malfunction, the doctor pointed out. If deficiency is found, the person tested will be referred to the proper doctor for treatment or cure.

Brake Suggested for State Office

(Continued from page 1) now assistant superintendent of Wayne County schools, and was just recently elected to the highly elevated office of president of the Michigan Education association.

The board members decided to advance the recommendation at the dinner meeting held Monday evening, May 17, at St. Paul's Evangelical and Reformed church located at Goddard and Telegraph.

Guest speaker at the meeting of Dr. Earl C. Kelly of Wayne University who spoke on relationships between the school board, parents, teachers and children.

There are dusts and sprays which are recommended for the control of blights and diseases. These, also, should be used regularly. They are relatively cheap, and the job of applying them is easy.

Someone neglected to mention to the crows that the U. S. Navy is an up-to-the-minute outfit. Two of the black birds recently attempted to nest on the radar platform of the cruiser USS Atlanta, apparently not understanding that Navy ships no longer have the old-time "crow's nest" at the masthead.

In life Max Rubens made a living selling photographs at 25 cents each on Chicago streets. He died recently in a dingy room. Police said he had bank deposits of \$32,000.

OBITUARIES

Mrs. Jennie B. Lippincott who has been residing for the past ten months at the home of her daughter, Mrs. Lucy McGuire at 723 Burroughs street, Plymouth, passed away early Tuesday morning, May 18, at the age of 82 years.

Mrs. Lippincott was a former resident of 1206 Tybee street, Pittsburgh, Pa. She was the widow of U. E. Lippincott. Surviving are her two daughters, Mrs. Agnes Meise of Pittsburgh, Pa., and Mrs. Lucy McGuire of Plymouth, two grandchildren, Daniel and Joseph Meise, and her sister, Mrs. Agnes Wilt, all of Pittsburgh.

Mrs. Lippincott was a member of Holy Innocents church of Sheraden, Pittsburgh, Pa. Mrs. Lippincott was brought to the Schrader Funeral home. Rosary was said by Father William P. Mooney on Tuesday, May 18, at 8:30 p.m. She was later taken to Pittsburgh, Pa., where funeral services will be held this Friday, May 21st, at 10 a.m. from the Holy Innocents church of Sheraden, Pittsburgh. Interment will be made in St. Mary's cemetery.

Earl Spencer Salters Funeral services were held on Thursday, May 20, at 2 p.m. from the Schrader Funeral home for Earl Spencer Salters, the four-year old son of Harvey E. and Lottie G. Salters of 13538 Martinsville road, Belleville, Mich. Spencer passed away early Tuesday morning, May 18, following injuries received after being hit accidentally by an automobile on Monday evening. Besides his parents he is survived by his grandparents, Mr. and Mrs. Louis Kaiser of Gregory and Mrs. F. P. Salters of Indiana, other relatives and many friends. Dr. Henry J. Walch officiated. Hymns were rendered on the organ by Mrs. M. J. O'Conner. The pallbearers were James Powers, Aldie Sawyer, Bobbie Gray and Anthony Sobolewski. Interment was made in Riverside cemetery.

Charles A. George Charles A. George died suddenly of a heart attack while at work at Riverside Park in Plymouth Saturday, May 8. His home was in Waterford. Funeral services were conducted from the Casterline Funeral Home Tuesday afternoon by Rev. William Hughes and burial took place at Riverside cemetery, Plymouth. Charles George was born in Scotland 57 years ago and came to America as a young boy. He farmed in Plymouth for a number of years and was a resident of Northville previous to the 18 years he had lived at Waterford. He was general foreman of the Riverside park. Mr. George leaves to survive him, his wife, one son, Charles George, Jr., of Waterford; three daughters, Mrs. S. (Helen) Lentovich of Farmington, Mrs. W. (Dorothy) McLean of Detroit and Mrs. R. (Shirley) Given of Sherry and Michael McLean; Karen and Kathy George and Susan Given and a sister-in-law, Mabel Carpenter of Oshawa, Canada. —Northville Record

Symphony Group Starts New Drive

Work is underway at the present time on the Plymouth Symphony Society's membership drive, Mrs. Harry Fischer, president, announces.

She states that next year's program schedule, along with membership cards, have been sent to present members. All dues must be returned to Mrs. Charles Brake no later than May 31, the president adds.

There is a possibility, Mrs. Fischer reveals, that a civic group may help the society in their drive for new members. At the present time membership fees are the only money making device the

society has. It is hoped that the treasury of the organization can be built up so that the formerly announced musical scholarships can be made available so soon as possible. This project, she reminds, has been selected as a goal of the society to be presented to an orchestra member with unusual talent and who wants to make music his life work. Plans for next year also include a tea for members of the music organization and orchestra following each concert, in honor of the soloist of the day.

Poultrymen who are running short of hard-to-buy grain should cull the inefficient hens from their flocks, MSC poultrymen advise.

Bank Team Wins by Score of 22-2

The First National Bank baseball team played its second game Sunday at Riverside Park and defeated the Telegraph-Parade team in seven innings by the score of 22-2.

George Molnar started for the Bank team. Warren Bassett relieved the pitcher in the first part of the seventh inning.

It seemed as though it took the boys two innings to get started. In the third inning, however, they were hitting everything.

Sunday the Bank team plays Daisy Manufacturing company on their field at Hamilton street behind the company. The game is scheduled for 3 p.m.

Golfers Defeat Northville Team

Harry A. Benjamin, 775 Sunset, has volunteered to fill the vacant post of high school coach for the Plymouth golf team.

The new coach, who is by profession a broker, recently led the team to a defeat over the Northville team by 12 points.

The individual scores were turned in as follows: Larry Bentley was medalist with 76, Bill Benjamin was second with 78, El McAllister was third with 89, and Bill Farwell and Jerry Walsh combined and turned in a 93.

The golf team has a record of 4 wins against 2 defeats. The golf team also played Ypsilanti Wednesday, May 19, but the results are not available.

Everyone knows the turtle's shell is his home and that he takes it with him wherever he goes. But do you know that the turtle's shell is really an enlarged rib?

The care of human life and happiness, and not their destruction, is the first and only legitimate object of good government.

—Thomas Jefferson

Baseball Team Falter in 6th Inning and Suffers 3-2 Loss to Panthers

After taking a 2-0 lead the Plymouth Rocks faltered in a late inning to suffer their second defeat of the season to Redford Union by a score of 3-2, Friday May 14, on the Blue and White home diamond.

Jack Scheel, Rock hurler, pitched a fine game up to the sixth inning, allowing but four hits to this point. Leading off in the sixth, Kelly grounded out but Mound singled to right and was forced out on an attempted double play, and, when Newstead threw the ball away, Beckold pulled up at second. The three following batters reached base and scored three runs with a walk, a double and a single.

Bob Taylor, moundsman for the Panthers, gave up but five hits as he won this game from the Rocks. Jerry Allen and Larry Finney led the losers with two hits each. Jerry Allen leads the Rocks in batting with five hits in nine times at bat.

Plymouth now has a record in league competition with one win and two losses.

The Government paper work in connection with veterans' benefits is costing \$200 per year per veteran—not the benefits—just the administration of the benefits.—Topanga (Calif.) Journal.

Motorcycle Races Will be Staged on Sunday

On Sunday, May 23, the Thunder Birds Motorcycle club of Detroit will stage their third annual Motor cycle race at the Milford Fairgrounds track.

This is the only Motorcycle race in Michigan on the 23rd, and a large field of motorcycles and drivers will be on hand.

Qualifying will start at 12 noon and the first race at 2:30.

Plymouth Takes Second in Meet

Plymouth took second place in the League Championship Track meet held Saturday, May 15, at Michigan State Normal track in Ypsilanti when they captured a total of 59 points. Ypsilanti Central won 79½ points for first place and Trenton came in third with 38.

George Buddy ran the 880 in 2:07.5 for a first place and also broke his previous record of 2:10.5. A first also went to Jim Wagenschutz in the pole vault, 10 ft. 9 in. The other fellows who placed were: 880—John Guettler, fifth; 440—Richard Runge, second; Bruce Walborn, third; 220—Irving Stewart, second; Paul Harding, fourth; 100—Irving Stewart, third; 220 yard low hurdles—Clark Spargur, fourth; 120 yard high hurdles—Clark Spargur, second; Russell Hasselbach, fifth.

High jump—David Heinzman, second; Bentley Crane, third; Bernard Terris, fourth. The 880 relay consisting of Irving Stewart, Clark Spargur, Bernard Terris, and Paul Harding and the medley relay made up of John Wiltzie, Pat Dowling, Arlen Blackford and Bentley Crane each took a third place.

Wayne Club Tops St. John's Team

In a free-swinging, double action, wide open slug-fest, the Men's club of St. John's Episcopal church went down in an ignoble 16-11 defeat to a team from the Men's club of St. John's in Wayne.

Threatened in the early innings with rain, the weather cooperated and permitted the two teams to go the full distance with the above results. With "Chuck" Lee doing a fine job of pitching, the Plymouth team looked good until the fourth inning, when Wayne broke through with four or five runs. Several fielding errors helped the cause of the Wayne team. Plenty of "the ol' pepper" was furnished by the catcher, David "Bus" Henry who did a fine job of sparking the Plymouth team along.

On the bases were: first, The Rev. "Alex" Miller; second, Dean Saxton; third, Jim Bruden. Hurd McClumpha played in the short stop position, while his son, Cliff, did a wonderful job in the difficult left field spot. Cliff snagged a couple of flies that were almost sure runs. George Michelin handled the center-field position, and Ernie Henry, President of the Plymouth club, was the right fielder.

The two teams will tangle in a return match on June 10, when the Wayne team comes to Plymouth. The local club promises revenge, while the victors will be coming with an air of confidence.

HOW TO ELECTRIFY THE GROOM: Watch his face light up when he first gets a whiff of the coffee you've brewed . . . electrically. It's a sure-fire way to make friends and influence husbands. Coffee makers start at a modest \$6.95.

HAPPY CHOICE FOR A HAPPY COUPLE. Handsome electric blankets and comforters with automatic temperature control. Light in weight, easy to launder and store. These brides' prizes come in a variety of attractive shades. Begin at \$37.85.

AFTER THE LACE AND LOHENGRIIN, a bride has to think of laundry. Pamper your helpmate's shirts with a lightweight, easy-to-handle electric iron. Standard brands of electric irons are priced from \$7.95.

YOU CAN'T BEAT IT! For scores of chores, an electric mixer's quicker 'n' slicker! Velvety mashed potatoes, light-and-fluffy cakes, smo-o-th icings, frostings and sauces—why, a gal can't miss with a mixer! \$32.95 and up.

HONEYMOON SPECIAL. With this portable electric roaster in the back of his car, you carry your kitchen with you. Plugs in anywhere, keeps food hot when detached. Perfect for picnics or buffets. From \$36.95!

TOASTING THE NEWLYWEDS — every morning for years—with a new electric toaster that does every piece to the groom's taste. From \$19.95. Your nearest Edison office also stocks hot plates, broilers and teakettles.

HE'LL COMPARE YOU TO HIS MOTHER when you set a plate of crisp, tender waffles before him. The man never breathed who didn't drool at the sight—the cook never lived who couldn't do better with one of these waffle irons. From \$9.95.

NO TIME ON HER HANDS. The young matron's life is bound to be busy—and she's bound to appreciate a smart, dependable electric clock. Edison has all sorts of them—mantels, alarms, luminous jobs and wall clocks—starting at \$4.50.

"My bridesmaids gave me an all-electric shower"

"Shower" isn't really the word. 'Deluge' was more like it. Everyone brought an electric appliance for us—something that's going to make our home more comfortable . . . and being married more fun!

"If you want to make a June bride happier next month, take a tip from someone who's practically an old married woman: Dash into your neighborhood Edison office and pick an electric appliance for her wedding present. Help her to get off on the right foot—living electrically!"

LOCALS

Mr. and Mrs. Charles Root, Sr., spent Sunday in Detroit as the dinner guests of Mr. and Mrs. Edwin Pooler and supper guests of Mr. and Mrs. Don Voorhies.

Sunday visitors at the home of Mrs. William Blunk of Williams street were, Mr. and Mrs. Glen Schearle and son, Jimmy, Ruth Schearle, Mr. and Mrs. Gerald Karn and son, Mike, all of Ann Arbor.

Dr. and Mrs. Elmore Carney and family of Penniman avenue and Mrs. C. G. Draper of Church street were called to Yale, due to the death of Dr. Carney's mother, Mrs. Iva Carney last Saturday. Mrs. Carney remained in Yale for a few days this week.

Mrs. Gerald Krumm, Mrs. Robert Dickman and Mrs. Robert Kalmbach met at the home of Mrs. Robert Shepard of Northville road, Monday evening. They are making plans for the reunion of Plymouth high school, class of 1938.

Jeanne Kay Krumm, daughter of Mr. and Mrs. Gerald Krumm of South Harvey street was christened on Mother's Day at St. Peter's Lutheran church with the Rev. Edgar Hoenecke officiating. The baby's godmother is Mrs. Arthur Dickey and Charles Gow was chosen for her godfather.

Mr. and Mrs. Ora Glass and their daughter and son-in-law, Mr. and Mrs. J. C. Lee of North Holbrook street left today for Knoxville, Tennessee to attend the graduation exercises of Mr. Lee's brother at the Knoxville School for the Deaf. They plan to make their return trip through the Smoky Mountains.

Delphine Bowerman and Evelyn Lambdine of West Chicago boulevard were co-hostesses at a miscellaneous shower in honor of Myrtle Schrader, last Monday evening. The evening was spent playing bunko and bride's games and refreshments were served. Plymouth guests included, Mrs. Owen Schrader, Margaret Wilson and Barbara Litsenberger.

Mrs. Charles Hewer and Mrs. Laurence Gladstone left last Wednesday for York, Pennsylvania, where they will attend the national convention of MOMS of America. Mrs. Hewer is a delegate representing the Plymouth unit and has served as director and corresponding secretary on the State board for the last four years. After the convention, they will visit Mrs. Hewer's son and daughter-in-law, Mr. and Mrs. Richard Hewer of Washington, D.C. They expect to return sometime next week.

Mrs. Charles Westover, Mrs. Walter W. Hammond and Florence Gableman were co-hostesses at a baby shower honoring Mrs. Ensign Clyde, last Monday evening. The party was given at the home of Mrs. Westover on West Ann Arbor trail. Following an evening of games, a supper was served to the following guests, Mrs. A. Williams, Mrs. Margaret Lazor, Mrs. Harry Fountain, Mrs. C. Bentley, Mrs. Harold Fisher, Mrs. O. Rooker, Mrs. Eleanor Meyer, Mrs. Anne Schultz, Mrs. Dorian Perlongo, Doris Johnson, Doris Fisher and Beulah Wagenschutz.

Dried Skimmilk Adds Food Value

If you're looking for a way to get more milk in your family's diet in an easy way, your answer may be the use of dry skimmilk in many recipes. It is a cheap source of good protein.

Using dry skimmilk gives a fine flavor to many foods and puts minerals and vitamins to your diet inexpensively, advises Pauline Paul, research professor in the foods and nutrition department at Michigan State college.

Using various amounts of this has convinced home economists that it is a very practical item for every housewife to add to her grocery list. It is easily stored and convenient to use. Keep it in a tightly closed container in a cool place and it is ready for your use in soups, meat dishes, breads, and desserts.

Usually you can use it dry and dried milk in hundreds of recipes mix it with the dry ingredients. In a few cases you will need to return it to a liquid by adding water and use as ordinary milk. Some recipes will use enough dry milk to increase the food value over six or eight times, using fluid skimmilk. One ounce is equal to 1 cup of fluid skimmilk.

DOGGED BIRD... Rusty, a Seattle, Wash., cocker spaniel, leads a dog's life with Kilroy the pigeon around. The bird likes to perch and walk on the dog's back and flap his wings in Rusty's face, keeping him awake when he'd rather be asleep.

Dr. Paul and her co-workers in the foods department, Arlene Brill and Shirley Means, have worked out very successful recipes with the dry skimmilk. Their recently published bulletin, "Using Nonfat Dry Milk Solids," contains many of them. The luscious frosted chocolate cake pictured on the cover of the bulletin will sell you on the idea of trying this nutritional way of cooking. Get a copy at your county extension office or from the Bulletin Office, Michigan State college. Ask for Experiment Station Circular Bulletin 212.

'Old Gang' Did Real Job of Cleaning to Friendly Fishing Host

According to William Rengert visits from Plymouth fisherman to his cozy Houghton Lake home are becoming exceedingly costly. Bill says he is more than glad to have the "old gang" come up and visit him and he usually expects to "finance" their trip before they leave. But after a visit last weekend he now thinks he has had everything done to him.

Dr. B. E. Cnampe, Herman Bakhaus and Estel Rowland dropped in on Bill for a weekend of fishing last Friday night. Everything went according to pattern says Bill. He paid their expenses, rowed them out where the fishing was good, caught and cleaned their fish and then gave them the whole catch to bring home. This he claims is what he does for most of the local sportsmen that drive up to say "hello."

But this trip was unique as far as he was concerned. In a visit at the Mail office Wednesday, Mr. Rengert explained that since he had sold most of his resort property on the lake, his sole means of support has been a fishing pole. He further explained that his cupboard was bare and there were no fish in the ice box, hence his trip to Plymouth.

His good friends who visited him last weekend not only brought to Plymouth all of his fish but they managed in some clever manner to also include his fish pole in their duffel. After a short search on his arrival in Plymouth he found his pole at the home of one of the local fishermen and shortly thereafter started back to his home in the north, badly exhausted, but convinced a few hours rest on the shores of Houghton lake would mend all his troubles.

Innoculation Clinic Slated for Salem

Clinics have been set up throughout Washtenaw county to facilitate the inoculation of all dogs against rabies. The plan is inaugurated by the Ann Arbor Junior Chamber of Commerce and its auxiliary for the week of May 23 throughout 29.

A clinic in this immediate locale will be established for Salem and its surrounding territory at the Salem Town Hall for next Tuesday. It will be held between the hours of 7:30 p.m. and 9:30 p.m. Dr. H. E. Wright has been named in charge of the clinic.

During the week clinics will be established in: Chelsea, Dexter, East Ann Arbor, Manchester, Milan, Saline, Whitmore Lake, and Willow Village.

The recent death of a young child in Washtenaw county has roused public attention upon the seriousness of the rabies situation in the county. The Ann Arbor Junior Chamber of Commerce and its auxiliary have established this program to control the spread of rabies and to prevent repetition of a similar tragedy.

Initiation Service Held by Legion Auxiliary

Initiation of old and new members was held by the Passage-Gayde American Legion auxiliary on Thursday, May 14, during the meeting held in the Veterans' Community Center.

Mrs. Catherine Johnston, third zone vice president from Northville, performed the ceremony, and Mrs. Lida Murphy of Northville also attended. Among those initiated were: Mrs. Louella Keller, Mrs. Margie Hoeft, Mrs. Genevieve Wilson, Mrs. Virginia Fann, Mrs. Dorothy Knapp, Mrs. Dorothy Rohde, Mrs. Marie Shelan, Mrs. Elsie Campbell, Mrs. Phyllis Miller, Mrs. Elisia Estep, and Mrs. Edith Wilson.

The next social meeting of the auxiliary will be held Thursday, May 27, in the Community Center. A poppy program is being planned for the occasion.

Few Americans are still traveling about in Model T autos, but most Americans are living and working in buildings constructed under building codes as old as or older than the Model T. Of the more than 16,000 municipalities in the U. S., less than 2,000 have a building code, and most of these are from 15 to 20 years old, according to the National Board of Fire Underwriters.

Some men like to sit and think of how much money they have. Others sit and think of how much money they need, but haven't got. Still others just sit.

"A modest garden contains, for those who know how to look and to wait, more instruction than a library." — Amiel.

Hay and Pasture Aid in Livestock Production

Livestock raisers will find that production costs are lowered and livestock health better when a maximum amount of pasture and high quality roughage is used, advises Graydon Blank, Michigan State college animal husbandry specialist.

An acre of good alfalfa, the livestock man reports, when pastured by 20 hogs, will save at least 1,050 pounds of corn and 340 pounds of protein supplement. Improved sanitation and worm control further increase the value of pasture.

Benefits to sheep from high quality roughage and pasture are even more pronounced since 90 percent of the feed consumed by these animals is made up of these feeds. In an MSC experiment, five ewes with lambs, pastured on an acre of alfalfa-brome grass from June 1 to September 1, gained 370 pounds. A similar group on an acre of orchard grass during the same period gained only 54 pounds. High quality hay in the winter ration of ewes increases the chances for a healthy lamb crop.

Roughage and pasture also play an important part in the beef cattle program. MSC experiments have shown that yearling steers on mixed legume and grass pasture gained from one to one and six-tenths pounds per day during the grazing season. Costs varied from three and one-half to seven and one-half cents per pound on pasture, while cost of gain on similar steers fed grain ranged from 15 to 25 cents per pound.

Blank urges farmers who have a livestock program to visit one of the Grass Days to be held throughout the state during June. MSC extension specialists will tell how pasture programs can be made better.

"Every time I go into a garden where the man or woman who owns it has a passionate love of the earth and of growing things, I find I have come home. In whatsoever land or clime or race, in whatsoever language, we speak a common tongue: the everlasting processes of earth bind us as one, stronger than League or Covenant can ever bind." — Marion Cran

"Probably there is no feeling in the human mind stronger than the love of gardening, and at all times and in all ages gardens have been amongst the objects of the greatest interest to mankind." — Charles Dickens

"Have never met a man who has given me as much trouble as myself." — Dwight Moody.

COLLEGE-BOUND D.P.S. Two Estonian girls, Silva Mardiste (left) and Asta Tamm, were first displaced persons from Germany to receive scholarships to U. S. colleges.

Shell color may effect egg price. Yet there is absolutely no advantage to the consumer in paying a premium for shell color. Sometimes white shell eggs are priced higher than brown eggs or than a mixture of brown and white. Michigan State college poultry specialists advise, however, that the "meat" of the eggs, inside the shell, is the same in food value and flavor because shell color depends on the breed of the hen.

Though men should rend your heart, let them not embitter or harden it. We win by tenderness; we conquer by forgiveness. — F. W. Robertson.

There isn't anything nicer than taking off a pair of tight shoes, unless it's inheriting a million dollars unexpectedly.

Sheep Parasite Control Cited as Necessary

Stomach worms and nodular worms are the internal parasites that cause the greatest loss in sheep production. R. H. Nelson, Michigan State college sheep specialist, says control of these two parasites will result in faster growing, thriftier lambs.

The simplest, and probably most effective means of control, is mixing phenothiazine in the salt for the sheep. The recommended mixture is one pound of phenothiazine with 12 or 14 pounds of salt. This mixture should be made available to the flock at all times and should be protected from the rain and sun.

In flocks with no previous worm treatment, the entire flock can be drenched with phenothiazine before being turned to pasture. The dosage for drenching should be one-half ounce for lambs and one ounce for yearlings and older sheep. Wettable phenothiazine should be used for drenching. Phenothiazine capsules may be used in place of the drench but are more expensive.

A visit to the dentist for a major drilling job reconciles us to our other troubles.

This is the Place to Get Your SERVICE PARTS

WE CAN FIX YOU UP IN A HURRY NOW!

They Make Your Farm Machinery Wear Better... Last Longer

Your International Harvester Farm Equipment has probably seen plenty of hard work these past few seasons, if it's like most of the tractors and machines around the country. To put it back in A-1 working order, IH Service Parts are just what you need.

And we're ready to help you get that job done now. Our parts stock is filled up once more since this production is receiving special attention at the factories. So stop in with your list of needed parts and we'll get to work on it.

The precision-made IH Service Parts we carry are your guarantee of factory performance and longer equipment life.

St. John's to Hold "Youth Sunday"

Trinity Sunday, May 23, has been designated as "Youth Sunday" for St. John's Episcopal church. On that day the young people of the congregation will conduct the worship service at 11 a.m.

Miss Betty Brake, director of the Young Peoples' Fellowship groups, and the Rev. Alexander Miller, vicar of St. John's, are assisting in arranging the service. The Junior and Cherub choirs, under the direction of Margaret Jean Willoughby, will furnish special music for the occasion. Participating in the service will be: Nancy Morrow, Margaret Saxton, Margaret Jean Willoughby, and John Sumner, Clifford McClumpha and Robert Willoughby. This service is open to the public, as are all the services of worship at St. John's church.

Jaycees Stage State Meeting

Eight Plymouth Junior Chamber of Commerce members traveled to Grand Rapids last weekend to attend the Michigan Jaycee convention held in the Hotel Rowe.

Those in attendance included: Bayliss Erdelyi, Cecil Owens, Phillip Theobald, Wayne Marzolf, Frank Walsh, Charles Wolfe, George Todd, and John Palmer. Plymouth's club first attempt at placing an officer on the executive board failed when Charles Wolfe was defeated by a very small margin for the office of vice president. Kenneth Heininger of Ann Arbor was chosen as the state president.

When grandma was a girl she wore lovely calicoes. And today's woman can also have pretty frocks fashioned of calico, for this material is again being featured in many gay designs. You'll be seeing navy in stripes and florals as well as many other equally attractive combinations.

Frederic March is awaiting the arrival of the "Christopher Columbus" script from England. He is finishing "The Judge's Wife" and is slated to sail for London April 14. But he won't leave until he has read the script.

HOUSEHOLD MEMOS

by Lynn Chambers

Canning Rules Insist On Perfect Ripeness, Freshness of Produce

There never was a canning rule better devised than the one about putting up your fruit and vegetables at their peak of freshness and while they are perfectly ripened. If you have your own garden of strawberries, peas and asparagus, you can check them every day and decide when perfection has been reached. Then whisk the produce into your kitchen where jars and canning equipment wait in readiness. Following directions, you may be certain you have caught the produce at its best, thus assuring perfect eating enjoyment later.

Berries used for jams and jellies should be fresh and ripe. Wash in plenty of water just before using. It's best to wash and then pick off the hulls.

icularly. It may seem early, but right now is the time when these delicacies are coming to their best form.

*Strawberry Jam (Makes about 5 six-ounce glasses)

2 1/8 cups prepared fruit
3 1/2 cups sugar
1/4 cup bottled fruit pectin

To prepare the fruit. Crush thoroughly about one quart fully ripe strawberries. Measure 2 1/8 cups into a large saucepan.

To make the jam. Add sugar to fruit in saucepan and mix well. Place over high heat, bring to a full rolling boil, and boil hard one minute, stirring constantly.

Remove from heat and stir in bottled fruit pectin. (Scrape all bottled fruit pectin from measuring cup.) Then stir and skim by turns for three minutes to cool slightly, to prevent floating fruit. Pour quickly into glasses. Paraffin at once.

Strawberry Rhubarb Jam (Makes 8 glasses)

1 cup prepared strawberries
1 1/2 cups prepared rhubarb
2 1/2 cups extra sweet corn syrup
1 cup sugar

Wash, stem and crush strawberries. Wash and slice rhubarb, add corn syrup and sugar. Boil until thickened or jam is 220 degrees. Skim and cool five minutes to prevent fruit from floating. Pour into clean hot jelly glasses. Cover with melted paraffin.

Raspberry Jelly (5 or 6 glasses)

2 cups raspberry juice
2 cups extra-sweet corn syrup
1 1/2 cups sugar
1/2 cup liquid pectin
1 tablespoon lemon juice

To prepare juice: Sort and wash slightly underripe raspberries, drain. Crush berries. Simmer 10 minutes. Strain through jelly rag. Measure juice and mix with corn syrup, sugar and liquid pectin. Boil until jelly stage is reached (221 degrees) or mixture threads from a spoon. Add lemon juice. Remove from heat. Skim. Pour into clean hot jelly glasses. Cover with melted paraffin.

Strawberry Sunshine Preserves

2 quarts strawberries
3 cups sugar

Wash and hull berries. Leave whole. Add sugar and stir just enough to mix. Heat in a flat pan over a low burner. Stir occasionally to prevent sticking. When the boiling point has been reached remove from heat and pour into flat pans. Cover with panes of window glass and let stand in the sunshine about two days, or until the syrup is thick. Seal in clean jars.

Dried peas and beans are less expensive than meat, yet contain many of its food values. But because a serving of peas or beans has only about one-third the food value of a serving of a serving of meat, eat some cheese, eggs, or milk with them to get your full quota of protein.

LYNN CHAMBERS' MENU

Broiled Trout

Buttered New Potatoes

Fresh Peas

Tossed Salad

Hot Biscuits *Strawberry Jam Beverage

*Pineapple Sundae *Recipe Given

Tutti Frutti Jam

4 cups strawberries or raspberries

2 cups gooseberries

2 cups currants

2 cups diced rhubarb or pitted cherries

Sugar (3/4 as much as fruit pulp)

Mash fruits and heat gently until juicy and well mixed. Measure and add three-fourths as much sugar as fruit. Cook rapidly and stir the mixture until thickened, about 20 minutes. Pour into clean, hot jars and seal.

Asparagus

Remove scales from stalk. Wash thoroughly to remove all soil. Cut in jar lengths. Tie in bundles, place tips up in boiling water to cover lower tough portions. Cover vessel tightly. Pre-cook three minutes. Drain, pack into clean pint jars, tips up. Add 1/2 teaspoon salt to each jar if desired, fill jar to within 1/2 inch of top with water in which vegetable was pre-cooked or boiling water. Put on cap, screwing the band tight. Process 40 minutes at 10 pounds in pressure cooker.

Peas

Use only young tender, freshly gathered peas. Shell, wash and sort according to size. Pre-cook three to seven minutes, depending on the age and size of the peas. Pack loosely to within one inch of top into clean jars. Fill to within 1/2 inch of top with water in which vegetable was pre-cooked or boiling water. Add one teaspoon of salt and sugar mixture to each pint jar if desired. Put on cap, screwing the band tight. Process 60 minutes at 10 pounds in pressure cooker.

If you want to put up strawberries and rhubarb, the methods are really very simple. I am giving the two that will work well, one for strawberries that will not float, and an easy oven baked rhubarb that needs to be processed for only five minutes in the water bath.

Baked Rhubarb

Wash and cut rhubarb into one-inch lengths without removing the skin. Place in a baking dish and add one cup sugar to each quart of rhubarb. Cover dish and bake until

Perfect jellies and jams are possible when you use the carefully tested recipes in this column.

rhubarb is tender. Place rhubarb and syrup which has formed, into clean jars to within 1/2 inch of the top. Put on cap and adjust according to manufacturers' instructions. Process in water bath five minutes.

Strawberries (Will Not Float)

1 cup sugar
2 pounds strawberries
1/2 cup strawberry juice

Boil together the sugar and strawberry juice. This juice may be obtained by crushing and heating some of the culls or overripe berries. Cool and add the whole berries, then boil for three minutes. Cover the vessel, then set aside for four hours or overnight. Pack into clean jars to within one-half inch of the top. Adjust cap. Process in water bath for 15 minutes.

A Real Thirst Quencher

A refreshing fruit drink always is welcome as the warm days of spring and summer approach. Try the following for the evening's refreshments: For four glasses, combine two cups orange juice, one-half cup lemon or lime juice, one-half cup diced or shredded fresh pineapple. Chill thoroughly. Pour into glasses with chipped ice or ice cubes, fill with gingerale. Released by WNU Features

In fiscal '49 Illinois' share of Federal expenditures is \$3,546,000,000. At the same time it will spend \$319,000,000 for all State activities. So it will cost Illinois taxpayers eleven times as much to support the government in Washington as it will to support the government in Springfield.

Ad-Libbing.....

with "Liz" by Elizabeth Corry

Recent news of the Governor proclaiming Monday, May 31, as a legal holiday in recognition of Memorial Day means a long weekend for many. This in turn spells trips or out of town visitors for either of which you'll want to be looking your best. The secret to this of course is sparkling clean and neatly pressed clothes... which can be handled very aptly for you by Herald Tri-Cleaners. So any time between now and next Wednesday, pick up your phone, call 110, and rest assured that your clothes will be picked up and delivered back to you, looking their best, by Saturday.

A new time-saver was suggested this week... one that will especially impress the Mr. with your ability to smoothly manage family affairs... for it will take a matter of constant concern off his hands. Jim Jones, manager of Jones' Standard Service, says that you can drive your car into his station before you do your shopping, leave it, and presto... it'll be all serviced up as you ordered when you return. The station is ideally located on the corner of Main and Ann Arbor trail and therefore eliminates any parking problem.

Springtime is the time to take toll of your plans for the summer, and, if the list is short, to start making more. One of the best suggestions is sports. Whether you're athletically inclined or not you can have fun simply by getting together with friends of comparable skill and taking part together. (Maybe lose a few pounds too.) All the equipment you'll need can be obtained at the Plymouth Sport Shop where you will find tennis rackets, from \$5.50 and up, golf clubs on order, and bowling shoes at \$6, to mention only a few of the items available.

The coming month of June with its traditional brides and graduates will call for ingenuity in the selecting of gifts. One of the newest, cleverest and most practical answers to the problem comes in the form of a check which the

GO MODERN... GET A WATER HEATER

FORGET THIS

TANK PATER'S FOLLY. It is hot... It is cold. You never quite know. But it gives you hot water, if you keep it going. Hot water this way may be very expensive, for you always heat too much or too little. And it keeps you hopping, turning it ON and OFF.

AND THIS...

A BUCKET A DAY. Join the bucket brigade with this model. Lots of trips to the basement to keep it going, and you always have to get rid of the ashes. You'll use as much as a quarter-ton of coal a month, and still NOT have constant hot water.

GET THIS

You know how many times you've wanted hot water and couldn't get it... how many times you've needed hot water and had to wait for it...

GET A GENERAL ELECTRIC AUTOMATIC WATER HEATER NOW! ALL the HOT WATER YOU NEED FOR EVERY HOUSEHOLD USE. There's a model to fit your needs and your budget.

Jaycee Women Attend Convention

Representatives of the Plymouth Junior Chamber of Commerce auxiliary attended the state convention held in the Grand Rapids Hotel Rowe last weekend, May 14-16.

The auxiliary meeting was held in conjunction with the Junior Chamber of Commerce state convention also held in Grand Rapids. Official delegates from the Plymouth club were: Mrs. John Palmer, Mrs. Charles Wolfe, and Mrs. George Todd. Guests attending were: Mrs. Wayne Marzoff, Mrs. Phyllis Theobald, Mrs. Bayliss Erdelyi, Mrs. Frank Walsh and Mrs. Cecil Owens.

The meeting was held Saturday morning by the auxiliary and showed the largest representation to ever attend a state board meeting. Fifteen of the 16 Michigan Michigan auxiliaries were represented. Delegates attending chose Mrs. Robert Arnold of Ypsilanti as president for the coming year.

Charters were presented to all the auxiliaries present. When the Michigan group organized in 1944 there were only five groups, as compared to the present 16.

LOCAL NEWS

The Cherryhill book club met at the home of Mrs. Walter Wilkie last Wednesday afternoon.

Beulah Wagenschutz and Florence Gabelman were Sunday visitors at the home of Mrs. Eleanor Meyer in Belleville.

Mr. and Mrs. Laurence Gladstone of North Mill street spent last Thursday in Goshen, Indiana, on a business trip.

Mike O'Conner has returned from St. Joseph's hospital in Ann Arbor and is recuperating at his home on Palmer street.

Mrs. Roy Lindsay of Sunny Acres on McClumpha road entertained 14 friends at tea last Wednesday afternoon.

Mrs. Susie Gunsolly of Amelia street is now recovering from a severe illness. Her niece, Mrs. Donald Pinckney of Detroit, is visiting her during this time.

Mr. and Mrs. Walter Schultz and daughter, Ellen of Forest street, attended the wedding of Mrs. Schultz's nephew at New Boston, Saturday evening.

Mr. and Mrs. H. W. Wilson and family of Beck road and Mr. and Mrs. Glenn Wilson and family of Wayne met at Cass Benton Park last Sunday afternoon for a picnic supper.

Mr. and Mrs. Fred Fawl and sons, Gary and Terry of California, and Mrs. Lloyd Williams and daughter, Evelyn, were the Saturday evening guests of Mr. and Mrs. Clyde Williams.

The Plymouth Farm Bureau group will hold a meeting Monday evening, May 24, at the home of Mr. and Mrs. Matt Everett on Canton Center road.

The Lydia Bible class of the Calvary Baptist church met at the home of Mrs. DeForest Thompson on Five Mile road on May 13. Theresa Moore read the devotional message for the evening. Officers for the class for the ensuing year were elected, after which, refreshments were served to the twenty members present.

Lois E. Mills Becomes Bride of Warren Hicks in Saturday Ceremony

Lois Esther Mills, daughter of Mr. and Mrs. D. S. Mills, became the bride of Warren Ellis Hicks, son of Mr. and Mrs. Elroy Hicks of Port Huron on Saturday, May 15. The candlelight ceremony took place in the morning at St. Paul's Methodist church in Rochester, before an altar banked with white carnations and snapdragons.

The bride wore a pale pink suit with black and gold accessories and a corsage of white gardenias. Mrs. Kay Voss, the bride's sister, of Howell was matron of honor. She was dressed in a green and brown plaid suit with white accessories and a corsage of white rose buds and sweet peas.

Thomas Hicks, the bridegroom's brother, served as best man.

The bride's mother chose a gray blue print gown with gray accessories for the ceremony. Her corsage was of yellow rose buds. Following the ceremony, a wedding breakfast was served by the bride's aunt, Mrs. Neil Rosso, assisted by Mrs. Hardy Korff, to members of the immediate family in the church parlors.

The officiating clergy man was the Rev. A. P. Rickert, a close friend of the bridegroom's family. Mr. and Mrs. Hicks will take a short wedding trip and will live in Port Huron.

U. S. Navy scientists expect soon to be able to produce temperatures within .001 degrees of absolute zero (-459.7 degrees Fahrenheit).

BY • ELTON R. EATON

(Contributed) What can be accomplished when industry and sportsmen combine forces to develop wildlife resources was exemplified in a recent session of the South Carolina legislature, the Wildlife Management Institute disclosed today.

A militant group consisting of representatives of the textile industry and Dr. Havilah Babcock, president of the South Carolina Wildlife Federation, jointly sponsored and succeeded in enacting an extremely progressive and forthright bill that sets up a committee of three to conduct a survey of all streams in that state to determine the causes, extent, and remedies of industrial and municipal pollution. The data to be collected will be used as the basis of a comprehensive statewide antipollution law to be presented at the session of the legislature next year. The textile industry agreed to contribute \$7,500 and the state \$7,500 to finance the survey. The bill passed both houses of the legislature almost unanimously and is hailed as one of the most constructive and far-reaching steps yet taken in the South in the fight for clean waters and an outstanding victory for the cause of conservation in America.

Exploration encouraged by the big demand for steel and the new state law deferring taxes on newly discovered ore deposits has boosted Michigan's iron ore reserves to the highest point since 1937, according to the annual mine valuations report by F. G. Pardee of the conservation department's geological survey. During the war years, exploration was suspended while mine operators concentrated on production, and by 1946 reserves were down to 131,737,606 tons. This year reserves are estimated at 150,036,889 tons—588,540 in Dickinson county and 50,904,279 in Iron county in the Menominee range, 31,937,142 in Gogebic county in the Gogebic range, and 66,636,928 in the Marquette range. Total valuation of the state's 35 operating iron mines and other iron ore reserves is up from \$53,796,000 in 1947 to \$54,950,000 in 1948.

Nine copper mines were operating in 1947. Aggregate copper mine valuations also are up a little, from \$3,551,000 a year ago to \$3,882,000 this year.

The new law permitting use of glass minnow traps this year in trout streams applies now only to 50 designated stream sections and to the period from June 15 to September 5, according to the conservation department's circular for information of minnow dealers. Tests made by the department's institute for fisheries research on 24 trout streams showed the traps to be highly selective. Sample takes had a ratio of 247 minnows to every game fish trapped and 362 minnows for every trout trapped. Game fish can be released from the traps unharmed.

Besides furnishing much needed bait minnows, the trout streams themselves should be benefited by the trapping, fisheries men say, since removal of the minnows will increase the fish food supply per trout.

Glass minnow traps may not be more than 24 inches long, with a 1¼ inch opening. They must be marked with the owner's name on a white float marker, baited only with cereal, and tended by the owner while in use.

Kudzu, formerly a native only of the Orient but now a welcome naturalized citizen of the South, has been rejuvenating sterile, farmed-out soils, creating lush pastures on formerly barren sandy lands, and protecting hillsides and gullies from ravages of erosion for a number of years. Steps now are being made to extend its range northward, the Wildlife Management Institute disclosed today.

Kudzu is a vigorous, deep-rooted, leguminous vine that thrives under adverse conditions. The plant, already dubbed the "Miracle Vine" in the South, has an amazing rate of growth. A single vine may grow as much as fifty feet in a single season, and a single pound of seed may produce as many as 3,500 plants. Such qualities, and its ability to withstand the beating of heavy rain and the erosive effects of large volumes of rushing water make it ideal for erosion control.

The plant is best adapted to growth in the humid eastern states south of Virginia and east of Arkansas, but the Soil Conservation Service is engaged in experimental work designed to find hardy strains that can withstand the climate of the northern states.

Extensive food - and - cover planting programs for pheasants and other small game to alleviate winter losses of birds and damage to crops such as occurred during the past winter in Minnesota and South Dakota have been started in those two states, the Wildlife Management Institute reported today. Projects in both states are being undertaken with Federal-Aid in Wildlife Restoration funds.

South Dakota has begun a 15-year cover-restoration project under which it will spend \$76,000 a year for planting four shelter plots in each township. Each tract will be 10-acres in size and the plots will be within three miles of each other so the birds will have to travel only 1½ miles for protection from storms. Minnesota, meanwhile, has inaugurated a similar program on lands leased from farmers.

When completed, the chain of shelters will aid in breaking up heavy concentrations of birds during severe winters. In the two states, standing corn now represents practically the only available food and cover over large areas during winter months. A heavy population of birds on farms where unpickerd corn is left in fields often leads to severe crop damage. Last winter 1,000 birds were seen in one 40-acre field in Minnesota.

Thomas R. Evans, the Institute's midwestern representative last winter confirmed reports of both crop damage and abnormally large concentrations. Evans at that time stated that a program of shelter and food planting to ease the situation is needed badly.

Minnesota game and sportsmen will benefit from a projected million-dollar wildlife refuge and public hunting ground covering 52,600 acres in the southeastern part of the state, the Wildlife Management Institute reports. Plans and arrangements have been made for acquisition, and development of the lands will begin when approval is received from the U. S. Fish and Wildlife Service.

Experimentation has been conducted in a limited area of the proposed tract to determine the most satisfactory methods of management. The land consists principally of abandoned farmlands and marshes that have become badly eroded through unwise agricultural use. The area will be developed under Pittman-Robertson Funds derived from special taxes on firearms and ammunition with the state contributing one-fourth of the funds. The area lies along the Whitewater River and its tributaries in Winona, Wabasha, and Olmstead counties. Officials of the three counties involved have pledged support of the project.

J. STILLWAGON HEADS 48-49 COMMERCIAL CLUB

Election of officers into the Commercial club for next fall was the main function of their meeting of May 14.

The officers are as follows: Jeanine Stillwagon, president; Gayle Hessler, vice-president; Shirley Salmon, secretary; and June Truesdell, treasurer.

A picnic for the club will be held at Riverside Park on May 27 at 5 p.m.

PICNIC, PLAYDAY PLANNED; PING-PONG RACE ENDED

Providing pleasant weather prevails, picnickers will participate in a picnic-playday to be held by the Leaders' club on Wednesday, May 26, for all high school girls.

Those who wish to join in the fun should sign up on the girls' sports bulletin board and get free tickets from Miss Virginia Olmstead. Anyone signed up that will not be able to go must notify Miss Olmstead as soon as possible to eliminate confusion.

Betty Baker defeated Sally Holcomb and Jayna Arnold to capture the crown for the spring ping-pong tournament. These girls were the last to play off their games after defeating all comers for many weeks. Runner-up is Sally Holcomb.

Phone local items to 1755.

HI-Y CLUB HAS SWIM AT ANN ARBOR Y.M.C.A.

During the last few weeks the Hi-Y members have been spending their Tuesday evenings swimming at the Y.M.C.A. in Ann Arbor. This is made possible since membership in the club automatically entitles one to Y.M.C.A. privileges.

The club has also planned a picnic to be held at Silver Lake tomorrow night. The club plans to roast hotdogs and, weather permitting, will go swimming, although it is still early in the year.

Y-TEENS TO SPONSOR ANNUAL MAY BREAKFAST

Y-Teens will hold their annual May Morning Breakfast bright and early at 6:30 a.m. Monday, May 24. As their guests they will have the Plymouth YWCA Council.

Another feature of the event will be the formal farewell to all senior members of the Y-Teens. Co-chairmen in charge of the breakfast are Nancy Mastick and Marion Amrhein.

JUNIOR-SENIOR FAREWELL IS EVENT OF MAY 21

The junior class will entertain the seniors at the annual Junior-Senior Farewell, May 21, from 8 to 11 p.m. Dick Wylie has been chosen general chairman. Assisting him will be: Nancy Mastick, food; Bob Johnson, music; Madelyn Fedell, chaperons; Larry Bently, decorations; and Fletcher Campbell, floor.

FIRST HOUR HISTORY CLASS TO HAVE PICNIC

A pot luck picnic is the project of John Kliengberger's first hour history class, a non-school project, May 23, at 2 p.m. Students of the class may bring one guest and transportation will be provided at 1:30 in front of the school.

Levan and Newburg road is the place chosen by the class.

FINAL DATES ANNOUNCED FOR SENIOR ACTIVITIES

This Friday marks the beginning of many senior activities which will last through until Commencement.

The Junior-Senior Farewell, a dance given by the Juniors, will take place this Friday evening.

The Senior Farewell assembly, at which honor awards are made, will be given in the high school auditorium June 2 for the student body.

The seniors will have rehearsal for baccalaureate on Wednesday, June 9. The following two days will keep seniors busy with their final exams.

Caps and gowns will arrive late Sunday afternoon to be used that evening, June 13, in the auditorium for baccalaureate. The following Monday rehearsals will be held for Class Night and indoor Commencement should the weather turn bad.

Class night will be June 15 in the auditorium and the day following, Wednesday, will see the Seniors rehearsing for an outdoor Commencement program.

Culmination of activities for Seniors will be Commencement on Thursday, June 17, when the diplomas will end a four-year career for 211 students.

SENIORS STEAL SPOTLIGHT ON ALL A HONOR ROLL

When the report cards were given out Wednesday, May 5, seniors seemed to steal the spotlight on the all A list on the senior high honor roll with nine students, while the tenth and eleventh grades had one each. The seniors were Irene Bond, Nancy Brannan, Sally Gustafson, Owen Hedden, Elsie Keeping, Robert Kroft, Barbara Lorenz, and Doris Puckett. Ruth Balkema was the junior and Lawrence Mack, the sophomore.

The following senior high students have received all B's or better on their cards:

Twelfth grade; Shirley Atchison, Neva Anderson, Betty Baker, Beverly Brown, Ann Cadot, Bently Crane, Dick Daane, Barbara Daniel, Robert Dunham, Virginia Elliott, Rose Ann Ewer, Barbara Fallon, Lydia Finetti, Helen Fisher, Sally Fraleigh, Anna Frye, Donald Gladue, Larry Green, John Guettler, Calvin Hollowood, Joyce Karker, Mary Lou Klinke, Henry Knight, Alfredo Krause, Nancy Kunkel, Norma Nelson, Pat Packard, Marion Pernie, Victoria Petschulat, Evelyn Phillips, Betty Richwine, Mary Richwine, June Rohrman, LaVerne Rutenbar, Paul Samborne, Gene Schifle, Aleta Shekell, Betty Simpson, Max Stevens, Gordon Stokes, Beth Sutherland, Marie Thorne, Marilyn Vanhoy, Arlene Wagenschutz and Dolores Woltman.

Eleventh grade; Jim Butt, Richard Crocker, Joanne Erb, Jack Gage, Barbara Goodbold, Gerald Hermanson, Florence Liverance, Bruce MacGregor, Nancy Mastick, Keith Miller, David Mossman, Pat Nisley, Lois Packard, Margie Tait, June Truesdell, Dick Weinert, Pat Willisie, Richard Wylie and Ted Thrasher.

Tenth grade; Diane Arscott, Cynthia Baker, William Bohl, Gloria Dickson, Don Helm, Roger Kidston, Marion Lacy, Garth McAllister, Cliff McClumpha, Dnyseye McKinley, Pat Pine, Otto Ruehr, Margaret Saxton, Nancy Stevens, Sandra Walch, Margaret Willisie and Ronald Witt.

Lists for the junior high honor students were not available.

Training School Herd Completes Year's Test

Wayne County Training school's 52-cow herd of registered Holstein-Friesians has recently completed a year of production testing in the official Herd Improvement Registry program of the Holstein-Friesian association of America.

A report from the association reveals that an average of 381 pounds of butterfat and 11,269 pounds of milk has been officially recorded. Milking was done three times daily for 49 cows and the remaining three cows were milked two times daily.

Testing was supervised by Michigan State college in cooperation with the Holstein-Friesian association.

Phone news, items to 1755.

Helen Bowden Graduate From Albion on June 7

Helen Grace Bowden will be awarded her B. A. degree from Albion college at commencement ceremonies June 7.

Miss Bowden is the daughter of Mr. and Mrs. Howard Bowden, 229 Ann street.

At Albion she has been a member of Kappa Delta sorority, the Sociology club, Y.W.C.A., Women's Athletic association of which she was secretary, and treasurer of Zeta Epsilon Lambda, women's social service group.

The U. S. Navy has developed a new steel cutting torch using electricity and an oxygen jet to operate. The new torch avoids the dangers inherent in using the highly explosive acetylene torch.

The U. S. Navy donated 557 small craft of various types to the American Sea Scouts during 1946 and 1947.

The Navy has developed seaplane dock which can be tried to advanced bases by planes that are to use it.

DAVIS and LENT "Where Your Money's Well Spent" PAYROLL CHECKS CASHED

LEGALIS

At a session of the Probate Court for said County of Wayne, held at the Probate Court Room in the City of Detroit, on the Fourth day of May, in the year one thousand nine hundred and forty-eight.

Present Thomas C. Murphy, Judge of Probate in said County.

In the Matter of the Estate of ALLIE B. ROGERS, Deceased.

Notice is hereby given that all creditors of said deceased are required to present their claims, in writing and under oath, to said Court at the Probate Office in the City of Detroit, in said County, and to serve a copy thereof upon EARL J. DEMEL, Executor of said estate, at Box No. 59, Eloise, Michigan, on or before the 21st day of July, A.D., 1948, and that such claims will be heard by said court, before Judge JAMES H. SEXTON in Court Room No. 327 Wayne County Building in the City of Detroit, in said County, on the 21st day of July, A.D., 1948, at 2:30 o'clock P.M. in the afternoon, and in the case of a surviving spouse, the court will also at that time determine whether and to what extent claims and administration expenses are payable out of community property or out of separate property of the deceased.

Dated May 10th, 1948. JAMES H. SEXTON, Judge of Probate.

Published in The Plymouth Mail once each week for three weeks successively, within thirty days from the date hereof.

May 14, 21, 28, 1948.

At a session of the Probate Court for said County of Wayne, held at the Probate Court Room in the City of Detroit, on the 12th day of April, A.D., 1948.

Present: Honorable ADOLPH F. MARSCHNER, Circuit Judge.

Satisfactory proof appearing by affidavit of HARRY C. BURLESON, plaintiff herein, on file in this cause, that the said ANN R. BURLESON, defendant herein, resides outside of the State of Michigan.

Upon motion of EARL J. DEMEL, attorney for plaintiff.

IT IS HEREBY ORDERED that ANN R. BURLESON, the defendant, do appear and answer this Bill of Complaint filed in this cause, within three months from the date said Order of said Bill will be taken as confessed by said defendant.

IT IS FURTHER ORDERED that this Order be published in The Plymouth Mail, as required by law, and also that a copy of this Order be sent by registered mail to said defendant at 906 North Market Street, Marion, Illinois.

ADOLPH F. MARSCHNER, Circuit Judge.

(A true copy) EDGAR M. BRANIGAN, By A. T. NADER, Deputy Clerk April 16-23-30, May 7-14-21-28, 1948

At a session of the Probate Court for said County of Wayne, held at the Probate Court Room in the City of Detroit, on the twenty-second day of April in the year one thousand nine hundred forty-eight.

Present, James H. Sexton, Judge of Probate.

In the Matter of the Estate of JEAN MACK, a minor.

On reading and filing the petition, duly verified, of Cleo Mack, guardian of said minor praying that she may be licensed to sell certain real estate of said minor for the purpose of preserving said estate and for the benefit of said minor.

It is Ordered, That the twenty-fifth day of May, next at ten o'clock P.M. in the forenoon, at said Court Room be appointed for hearing said petition, and that all persons interested in said estate appear before said Court at said time and place to show cause why a license should not be granted to said guardian to sell real estate as prayed for in said petition. And it is further Ordered, That a copy of this order be published once in each week for three weeks consecutively previous to said time of hearing, in the Plymouth Mail a newspaper printed and circulating in said County of Wayne.

JAMES H. SEXTON, Judge of Probate.

(A true copy) LEONARD EDELMAN, Deputy Probate Register April 30, May 7, 14, 21, 1948

The Navy's air arm reached maturity on its thirty-first birthday, May 8, 1942, when it played its first important role in modern warfare in checking the advance of the Japanese at the two-day crucial battle of the Coral Sea.

In the Matter of the Estate of MARTIN ANDERS, Deceased.

Notice is hereby given that all creditors of said deceased are required to present their claims, in writing and under oath, to said Court at the Probate Office in the City of Detroit, in said County, and to serve a copy thereof upon EARL J. DEMEL, Executor of said estate, at Box No. 59, Eloise, Michigan, on or before the 21st day of July, A.D., 1948, and that such claims will be heard by said court, before Judge JAMES H. SEXTON in Court Room No. 327 Wayne County Building in the City of Detroit, in said County, on the 21st day of July, A.D., 1948, at 2:30 o'clock P.M. in the afternoon, and in the case of a surviving spouse, the court will also at that time determine whether and to what extent claims and administration expenses are payable out of community property or out of separate property of the deceased.

Dated May 10th, 1948. JAMES H. SEXTON, Judge of Probate.

Published in The Plymouth Mail once each week for three weeks successively, within thirty days from the date hereof.

May 14, 21, 28, 1948.

At a session of the Probate Court for said County of Wayne, held at the Probate Court Room in the City of Detroit, on the Sixth day of May, in the year one thousand nine hundred and forty-eight.

Present James H. Sexton, Judge of Probate.

In the Matter of the Estate of MARY E. INGRAHAM, Deceased.

An instrument in writing purporting to be the last will and testament of said deceased having been delivered to this Court for probate:

It is Ordered, That the Fourth day of June, next, at ten o'clock P.M. in the forenoon at said Court Room be appointed for proving said instrument.

And it is further Ordered, That a copy of this order be published once in each week for three weeks consecutively previous to said time of hearing, in the Plymouth Mail, a newspaper printed and circulating in said County of Wayne.

JAMES H. SEXTON, Judge of Probate.

(A true copy) JOSEPH S. WURTSMITH, Deputy Probate Register May 14-21-28, 1948

Increased Losses Spur Clean-Up

The alarming increase in U. S. fire losses has spurred many more communities to observe Spring Clean-Up this year than ever before, according to the National Board of Fire Underwriters.

Plymouth Fire Chief Robert McAllister states that their figures show nearly 10,000 communities seeking to combat fire in their own backyard by organizing neighborhood communities to check local fire hazards. Last year's fire destruction climbed to \$692,635,000, the highest in history.

Beyond the immediate advantage of a cleaner, safer place to live, the Board pointed out, communities participating in the national drive will also benefit from the facelifting treatment in the neighborhood's improved appearance, which in turn helps to keep up property values.

There are several ways in which individual householders can cooperate in the community effort, the Board of Fire Underwriters suggested:

- 1. Clear out all rubbish gathered in attics, closets, cellars and garages.
2. Join neighbors in cleaning up local eyesores, turn dirty empty lots into healthful places for children to play.
3. See what community activities are under way at your fire department, safety council or other civic groups.

Stressing the responsibility of...

ATTENTION We do SPRAY PAINTING Quick, smooth work and prompt service. CARS, HOUSES, BARNS or any interior work. PHONE 242 for time and estimate

each person in the community to check, first his own home, then, in cooperation with his neighbors, the community for fire hazards, the Underwriters announced copies of a self-inspection guide may be obtained free by writing the National Board of Fire Underwriters, 85 John St., New York 7, N. Y.

Taxpaying voters rarely gain anything by throwing one bunch of officeholders out and installing a new set, but we have a lot of fun doing it.

Babson
Babson Discusses Wall Street
New York City, May 21. Wall Street is getting religion! This does not mean that they are becoming interested in any form of theology or some special church denomination. But Wall Street certainly is awakening to Jesus' basic teaching,—namely, helping our brother men.

Old Wall Street
For over forty years, I have spent much time on Wall Street. I worked there in 1900 and have had an office there or close by ever since. Certainly, the Wall Streeters have been a self-satisfied group of people living largely—either directly or indirectly—on inherited money. These men felt perfectly safe whatever might happen believing that New York City with its wealth was fast becoming the financial and ruling center of the world.

Frankly, the game of old Wall Street was to sell out to the public when prices were high, letting the market drop to low levels until the public was forced to lose their stocks and then re-buy them and make millions. Until the Securities and Exchange Commission came into being Wall Street could lie, browbeat, steal and get away with it. In short, Wall Street lived on exploiting others whether Americans, Europeans or Chinese.

New Wall Street
This old complacency has completely gone. Wall Street is now definitely scared. It is scared of the U. S. Department of Justice, it is scared of Congress and it is especially scared of Russian Bombs. Wall Street really believes that if there should be a war with Russia the chances are fifty-fifty that New York City would be wiped out. This means that their business would be ruined and they would be lucky not to lose their own lives by the bombing. The preaching of the Atomic Bomb by scientists is putting the "ear of God" into Wall Streeters as the preaching of Hell-

Fire by the churches put religion into their rural ancestors.

The new Wall Street is beginning to think about the old Golden Rule. It has already lost faith in armies and battleships; it is not sure that a big air force will save it. Wall Streeters are beginning to believe that Communism can be headed off only by making the peoples of the world healthier, happier and more prosperous. They see that the real fight between Russia and America will consist of proving which system will make the people of Western Europe and Asia better fed, better clothed and better educated. Instead of longer trying to exploit people, they have at last concluded that they had better help people. This, of course, includes the people of the United States as well as those of England and of Western Europe.

What About Prices?
If Wall street sticks to this policy it should greatly lessen the "boom and bust" history of our country. It should tend to stabilize business, prices and wages. Instead of looking for bigger business, more wages and higher prices, this new policy should tend to flatten out the curves. Any recession should be gradual. The old Area Theory which I have preached for thirty years, which was temporarily suspended by President Roosevelt, should again come into force.

This doesn't mean that the present good times will continue indefinitely. There are many other "streets" in this country which need more religion besides Wall Street. Stockholders, manufacturers, and shopkeepers must be content with smaller profits. Wagonworkers must do more work for their present wages. (This especially applies to the bricklayers who are a disgrace to the entire labor movement.) Politicians must use the same care about spending the taxpayers' money as they do about spending their own. We all need to observe the Golden Rule.

Conclusion
Usually when I come home from New York City, I am rather blue and pessimistic. The selfish, wasteful and unpatriotic atmosphere found there, not only on Wall Street but along the entire length of Broadway, has made me sad. For the first time in some years I have come back truly optimistic. Why? Because there are real signs of Wall Street getting religion. All we need now is to have this new spirit spread throughout the country to every city, town and farm.

25 YEARS AGO FROM THE PLYMOUTH MAIL FILES
The senior class of the Plymouth school this year, is the largest in the history of the local school. The membership of the class of '23 is 43, which is 11 more than that of any graduating class that has preceded it. The commencement speaker this year is Dr. Chester B. Emerson of Detroit. The following is the class roll of the 1923 seniors who graduate Thursday, June 21: Carl H. Ash, Eva L. Bennett, Doris E. Burnett, Genevieve Mae Butler, Kenneth G. Bartlett, Avis E. Blackmore, Mona L. Burrows, Wilma Jess Briggs, Iva Ruth Bassett, Lucille I. Dickerson, Douglas Fogarty, Clara F. Grimm, C. Mae Garchow, Eva M. Griffith, Agnes E. Green, Fannie M. Grainger, Clinton C. Goyer, Clara K. Hauk, Dorothy May Hinnau, Marion Margaret Kiely, Daniel James Murphy, Herbert E. Miller, Helen M. Melow, Bonnie A. Mueller, Jennie C. Mining, Philip V. Millard, Evelyn Carol Pierce, Daniel T. Patterson, Gladys Leanon Palmer, Juhvia Rowland, Mildred R. Reddeman, Perry W. Richwine, Elbert E. Seger, Martin H. Strasen, Gladys M. Schrader, William C. Staman, Donald Henry Sutherland, Jack Taylor, Alton Trumbull, Max Trucks, Alice M. VanArsdale, LaVerne Morris Williams, Olivias H. Williams.

Mr. and Mrs. Frank Terry and family of Rochester, and Mr. and Mrs. Hugh Archer of Pontiac, were Sunday guests of Mr. and Mrs. Herbert Terry.
Mrs. Nellie Bird and daughters entertained Mrs. Bird's mother, Mrs. Jennie Smith of Salem, and also her sister, Mrs. Harmon Gale, husband and two children, at dinner on Sunday.
Mr. and Mrs. Warren Lombard left Sunday night, for a week's stay at Cleveland, Ohio. They are attending the National Association of Purchasing Agents. They made the trip by boat.
Village Manager Strong has received the plans for the new convenience station that the village is going to build in the alley way between Blunk Bros. store and the Woodworth Bazaar. The plans call for a very neat and attractive building. Bids for its construction are being advertised in this issue of the Mail.

His wife refused to go to the movies with him, so Tom Horton blackened her eye with his fist. In court in Oklahoma City, Okla., Horton paid a \$19 fine.

Rural Tele-news
FITS TOGETHER: Did you know that, in addition to Michigan Bell, there are 160 "Independent" telephone companies in Michigan? Their territory is shown in grey on the adjoining map. Thousands of rural folks are served by these companies whose lines connect with Michigan Bell (area in white) for long distance service. Both the "Independents" and Michigan Bell have as their goal more and better rural telephone service.
LINE TIED UP: When a telephone on a party line is left off the hook — or even tilted off, like this one — the line is tied up for everyone. You can't receive calls and no one else on the line can make or receive them! Please hang up carefully — for your neighbors' sake . . . and yours.
SIZE MEANS SERVICE: Michigan Bell's telephone plant is big — but it must grow bigger to supply everyone with the kind of telephone service he wants. Expansion increases the value of your telephone because it provides more telephones that you can call . . . lets you do more time- and money-saving telephone errands.
MICHIGAN BELL TELEPHONE COMPANY
Our \$13,500,000 post-war rural construction program means more and better rural telephone service
