Evans Executive Elected President of Plymouth Chamber of Commerce

At a special meeting Monday evening, June 29, W. L. Evans, executive vice president of the Plymouth Chamber of Commerce, was elected president of the organization. The meeting was held at the Plymouth Hotel and was attended by a large number of members. Evans, who has been a member of the chamber since its inception, was elected to the position of president for the year 1948-1949. He will be succeeded by J. H. ...

Wayne County Road Commission Purchases Four Ford Plants Surrounding Plymouth

Entrants Study Derby Reminder

Left to right: Don Meero, Berry Lightfoot, Laurence VanOrsdale, Jr.

Attempting to avoid what might eventually result in a settlement to the beauty of the famed Middle Rouge Park, the Wayne County road commission is negotiating the purchase of four plants in this area recently dismantled by the Ford Motor company. The plants involved are the former Phoenix, Wilcox, New Hope, and Nankin Mills plants. A spokesman for the road commission said that the plants are being purchased for the purpose of providing a route for the new road through the area. The plants are being purchased for the purpose of providing a route for the new road through the area. The plants are being purchased for the purpose of providing a route for the new road through the area.

CONGRESS SHALL MAKE NO LAWS ABRIDGING THE FREEDOM OF THE PRESS
What I Think and have a Right to Say
ELTON R. EATON

THE REPUBLICAN CONVENTION DID WELL. Except for the speech of Michigan delegation at Philadelphia, Michigan felt highly disgraced. The convention was a failure and the delegates who attended it were disgraced. We are especially disgraced for the nomination of Thomas Dewey as New York Governor. The Michigan delegation voted for Dewey and after every one knew that Dewey would not change his vote to Dewey after the convention, the complimentary vote of respect was given to the delegates who voted for Dewey.

New Development Furthers Extent of Parkway System

Work on the new parkway system in Plymouth is being pushed forward by the city engineers. The new parkway system will include a new road from the city center to the airport. The new parkway system will include a new road from the city center to the airport. The new parkway system will include a new road from the city center to the airport.

Industry's Fear of Gas Shortage is Now Appeased

The industry's fear of a gas shortage is now appeased. The Michigan Gas and Electric Company has announced that it will be able to supply the state with gas for the next several years. The Michigan Gas and Electric Company has announced that it will be able to supply the state with gas for the next several years.

Rev. Miller to be Ordained July 10

Slip-stream Smartness in Rugby Swimmers

In the swim a man wants a pair of trunks that let him slide through the water with ease; and when he is on the beach he wants his appearance to make the "Mermaids murmur."

This Rugby Swimmer of lustrous Laxtex is patterned with gay Collegiate pennants and is briefed to accent the athletic figure at waist, hips and thighs.

Don't handicap yourself with a Swimmer that is "all wet" in style when you can have a Rugby that's right, in and out of water.

Real Estate
New Home \$5300
Move right in Living room 26x10. Bed room 10x10. Modern kitchen and bath. Block construction. Double lot, 100x120 ft. Better see it at once.

5 Rooms, Gas Heat
You don't need gas heat now but later it will be mighty convenient. Decoration throughout is perfect. Unfinished 2nd floor, full basement with automatic water heater, recreation space, & compartments. 1/2 car garage with a backyard fenced entirely. Lot size 45x190. Screen porch in front. A home you will be proud to own.

\$4500. 6 Room Home
Plus another 3 room place. It is large and roomy. New utility room recently built has lavatory and hot air heat. 1 acre, estimate. Needs some fixing up but it's not too bad.

Executive Estate
One of the most beautiful homes in Plymouth. Brick construction. Picture windows 8 ft. long. Living room with fireplace, book shelves, corner windows, with arrangement of artistic thought. Kitchen is unique in both idea and compactness. Bath and shower, two large bedrooms with corner windows, 2 car garage, full basement with recreation room with fireplace, oil heat, deep freeze, water heater and room for maid's quarters. Spacious lawn overlooks a wooded ravine with a river at the foot. For natural beauty and gracious living this is it. Appointment only.

1/2-Car Garages .10% Down
Due to people asking me about garages, I now have a franchise. Price \$900. Includes ratwall, cement floor (4") for studs and joists, spruce siding, 2 windows, strand steel door (either on a track or canopy style). 10% down. F.H.A. approved. Call for an estimate.

IN MEMORIAM
In loving memory of Grace Stoneburner whom God called to her eternal rest, one year ago. Gone is the face we loved so dear. Silent her voice we loved to hear. Sad but true we wonder why The best are always first to die. We never thought her death so near. God alone knows how we miss her. Her Family 1tc
In loving memory of our dear son, Junior Bell, who passed away July 3, 1923. Step by step I go life's lonely way. Yet you are with me night and day. Death leaves a heart-ache no one can heal. Memories are treasures none can steal. It is sweet to remember a son so dear. Absent from us he is ever so near. Unseen by the world he stands by my side. And whispers my loved son Junior. Death cannot divide Loving mother, father and sister 1tp

Rev. Miller to Be Ordained July 10
(Continued from page 1)
Miller was ordained to the Diaconate in January, and under the Canon Law of the Episcopal church, which calls for a one year diaconate, except that for urgent reasons it may be reduced to six months, has only recently become eligible for this position. Bishop of the Episcopal Diocese of Michigan, the Rt. Rev. Richard S. Emrich, will be the ordinar. Mr. Miller will be presented by the Rev. Henry Lewis of Ann Arbor who will also preach the sermon. The Rev. Hugh White of Ypsilanti and the Rev. Richard T. S. Brown of Detroit, will also assist in the service.

Industry's Fear of Gas Shortage is Now Appeared

(Continued from page 1)

The Panhandle Eastern Pipeline company has been able to deliver greatly increased amounts of natural gas daily to the Michigan Gas Storage company, a Consumers subsidiary which operates storage fields where natural gas brought by Panhandle from Texas, Oklahoma, and Kansas is held for winter use. Panhandle is not delivering the full 100,000,000 cubic feet per day called for by its contracts with Michigan Gas Storage, but deliveries during June have averaged 87,000,000 cubic feet per day.

2. Arrangements have been made to obtain larger deliveries of gas from the Howell field in Livingston county. Instead of only 4,000,000 cubic feet a day, period from October 1 to March 31 daily deliveries may run as high as 10 to 12 million feet per day.

3. Michigan Gas Storage plans to inject propane equal to a billion cubic feet of gas into its storage fields between July 15 and the end of October. It will also receive and inject into the fields propane equivalent to approximately two and one half million cubic feet of gas daily through the winter.

In addition, Michigan Consolidated Gas company has agreed to turn over a comparatively small amount of natural gas, 100,000,000 cubic feet, to Consumers on condition that Consumers supply consolidated with enough propane to make an equivalent amount of gas in Detroit.

"We have made arrangements to obtain 400,000,000 cubic feet of gas or gas substitutes with which to augment our regular supply during the current year," Mr. Roberts told the commission.

"The cost is almost \$3,000,000 of which some \$1,600,000 is in excess of the prevailing cost to Consumers of natural gas from its regular sources."

Couple is Wed in Saturday Service Gladys Roberts and Howard Bennett, son of Mr. and Mrs. Andrew Bennett of Los Angeles, California, exchanged marriage vows on Saturday, June 26, at 8 in the Newburg Methodist church with the Rev. G. MacDonald Jones officiating. The church was decorated with white gladioli and lighted candles.

What I Think and have Right to Say

(Continued from page 1)

prevails within the Daisy organization, they kept their workers busy stocking goods always with the belief that sometime the day would come when they could find a market for the products that were being produced in depression times. Never once did they guess wrong—but frequently some of the officials who now look back over the years, found it necessary to hit the highways and byways to "drum up" trade for the Daisy plant.

We do not know how many millions of dollars have been brought to Plymouth from outside the city and paid to Plymouth residents in the form of wages and purchases of materials and in taxes. But judging from what we all know of the Daisy business at the present time, the total must be a staggering amount. The Daisy is that kind of an industry which takes nothing out of the community, but brings to the community a vast financial return, of benefit not only to all of the employees of the company, but to every resident within or near the city. It is, and always has been a strictly "home town" business institution, with untold benefits to Plymouth as a result.

Again we say that this anniversary celebration of the Daisy Manufacturing company should not be strictly a company affair—but one sponsored by all the citizens of the progressive city of Plymouth.

Palmer is City's Tourney Leader

(Continued from page 1)

is a member of the high school golf team and amateur athletic regulations prohibit him from receiving gifts or awards for achievement.

A low of 324 brought E. Nadeau top honors in the third flight, with William Patrick following at 325. A trophy was presented to the winner in each flight. Golfers divided into three groups for the play: the championship class for golfers usually shooting between par and 79; first flight, 80 and 90; and a second flight for golfers of 91 and up.

Final scores for the golfers are as follows:

- Golf Tournament

Association Asks Representation on Tax Study Body

(Continued from page 1)

for representation. At the same meeting, a committee was appointed to investigate and study the new state aid law.

The association met in St. Paul's Evangelical and Reformed church at Goddard and Telegraph with 300 members attending. Plymouth was represented by Mr. and Mrs. Sidney Strong, Mr. and Mrs. Donald Sutherland and Mr. and Mrs. Kenneth Hulsing.

League Makes Plans for Ice Cream Social

An ice cream social, annually sponsored by St. John's Episcopal league will take place next Friday, July 9, at the residence of Mr. and Mrs. Walter Sumner at 1078 West Ann Arbor trail, between the hours of 2 and 9:30 p.m. In addition to ice cream, home-made takes and sauces will be prepared for the affair, and cones will be available for the children. The social will be held, regardless of rain or shine, league members disclose. Card games are planned to take place on the lawn.

SO THAT WE MAY SERVE YOU BETTER

WE PROUDLY ANNOUNCE THE ADDITIONAL SERVICES OF THOMAS TURNBULL — ENGINEER — IN CHARGE OF INDUSTRIAL INSTALLATIONS

Thomas Turnbull

Mr. Turnbull, for the last 15 years has been associated with the Steel Company of Canada in the position of engineer in charge of processing.

Born in Scotland, Mr. Turnbull received his education and engineering experience in the British Isles, Canada, Cuba and the United States.

Several years ago he was associated with his present employer as a partner.

John M. Campbell

It is with a great deal of pleasure that I welcome Mr. Turnbull back to Plymouth as a member of my plumbing and heating contracting business. Since incorporating in 1943 I have been seeking the services of a man of the calibre such as Mr. Turnbull is known to possess.

His decision to leave the Canadian Steel company and come here will mean that we are now able to give you the services of an ace-high engineer and that with him our entire corporation will be able to serve you better.

OUR FLEET OF MEN AND SERVICE TRUCKS IS READY ANY HOUR OF THE DAY OR NIGHT TO EXPERTLY MEET ANY EMERGENCY . . .

HERE'S WHY WE SAY

You get MORE for your money
WITH A
Westinghouse AUTOMATIC ELECTRIC WATER HEATER

It gives you all the hot water you want :: when you want it :: without work :: worry :: or dirt :: inexpensively, too! Install one and forget it. Stop in and let us show you why you get MORE, in all these ways:

- MORE HOT WATER FROM EACH TANKFUL :: and hot, not lukewarm, because the famous Westinghouse BAFFLE won't let incoming cold water mix with the hot.
- MORE HOT WATER AT LESS COST Westinghouse COROX elements put all the heat you pay for directly into the water. None is wasted heating the tank walls or the outside air.
- MORE YEARS OF SERVICE—LONGER LIFE New TANK-GUARD stops tank corrosion. You also get a 10-Year PROTECTION POLICY.

Plymouth Teams Move Forward in Sunday's Games

Plymouth teams in the Inter-County league performed in a creditable fashion last Sunday with three victories in four games.

Besides the First National success, Daisy edged the Rippy Red Birds 4-2 at Daisy field with Hitt and Epps doing the mound chores. In the Red and White Division, Allen Industries broke Clarenceville's victory string of eight games winning 10-7. McGraw went the route for the winners.

The game of the day was at Cass Benton park where Granddale just got by Plymouth Utilities 1-0. Granddale tallied the only run in the first inning. Utilities now has a record of six wins and three losses.

The Plymouth teams have a busy schedule this weekend. Daisy plays at Northville on Sunday and at Wayne on Monday. Allen and Utilities meet at Riverside Sunday afternoon at either 1 p. m. or 5:30 p. m. On Monday Allen travels to Inkster park at 1 p. m. to meet St. Francis. Utilities has an engagement with the Wolverines at Daisy field at 3 p. m.

League Starts For 14-Under Boys

The Little Rock baseball league for boys 14 and under began its season Monday, June 28 with two games and one forfeit.

At the Riverside diamond the Yanks swamped the Great Americans 23-9. At the Daisy field the Northville Braders crushed the Firemen 27-2. Arscott forfeited to the Plymouth Mail nine. The little fellows give their all playing on the big diamond.

Next Thursday, July 8, the schedule is as follows: Firemen vs. Yanks at the high school, Great Americans vs. Arscott at the Daisy field the Plymouth Mail vs. Northville Braders at Riverside. All contests commence at 10 a. m.

Sunday's Win Keeps Bankers on Top Rung of Inter-County League

Making 20 hits good for the same number of runs, the First National Bank nine easily defeated E and L Transport of Dearborn 20-2 last Sunday at Nankin Mills park.

By virtue of this victory the Bankers remained in first place with a record of seven victories and two defeats in the class A division of the Inter-County league.

Don McSweeney, starting a game for the first time this season, hurled the distance for Plymouth. He allowed only two hits and two walks, E and L scored its two runs in the ninth inning on the fielding laxity of the Bankers' infield.

The Bankers drove pitcher Ellis from the mound in the second inning after tallying six runs. Monroe finished the game with not too much success. The Plymouth batters fattened their batting averages with Harold DeWulf getting four safeties and Jack Dobbs collecting three blows. Jack drove in six runs with his hits.

On the Fourth of July weekend the Bankers are scheduled to play at home twice. Sunday they meet Local No. 142 and on Monday, Sellgrim Buick visits the Riverside diamond. Both games will start at approximately 3 p. m.

Contractors Head Oldster's League

In the Old Timers league play thus far, Contractors is the standard team with three victories and not a loss.

Following Contractors is the Bud Wilson Service team, that has a three won and one lost record.

League Standings

Team	W	L	Pct.
OLD TIMERS' LEAGUE			
Contractors	3	0	1.000
Bud Wilson	3	1	.750
Dunn Steel	2	1	.667
Allen Industries	1	2	.333
Liberty Hardware	1	3	.250
GIRLS' LEAGUE			
Daisy	4	0	1.000
DeHoCo	2	0	1.000
Cloverdale	1	2	.333
Rosedale Gardens	1	3	.250
Twin Pines	1	4	.200

Patriotism is a blind and irrational impulse unless it is founded on a knowledge of the blessings we are called to secure and the privileges we propose to defend. — Robert Hall

DeHoCo Takes Lead in Men's Softball League

DeHoCo remained the pace-setters in the Men's softball league as they defeated Olds 1-0 Monday evening, June 28.

This victory was DeHoCo's eighth in nine games. At DeHoCo's heels is Nick's Bar, a club that has a record of seven wins and three losses.

DeHoCo's pitchers have performed in a sensational style this season. Their chuckers have allowed only five runs to cross the plate in their nine encounters. This plus the fact that they have hurled seven shutouts is evidence enough to prove they are the class of the league.

Nick's Bar is the only club to defeat the league leaders winning 2-0. This tilt was a replay of a protested game. It happened that DeHoCo used an illegal bat in the first game between the two squads.

Cardinals Lose First Encounter

The Western Wayne league began its fourth year of operation last week with only a few games played, due to the weather conditions.

The Wiedman Cardinals, defending champs of the league, opened their season on the wrong foot by losing to the Plymouth Red Sox 7-5 on Tuesday, June 22. However, the Cards came back on Thursday to whip the Livonia Recreation team 9-3 with lefty Bill Stout on the mound. The Red Sox lost their initial contest Thursday evening to the Livonia Firemen 5-4. The Daisy squad, which is the youngest in the league, had both encounters rained out.

Next week the Cardinals play Daisy at Riverside on Tuesday and meet the Red Sox on Thursday at the same diamond. On Tuesday the Red Sox travel to Nankin Mills to meet the Livonia Recreation team. Thursday evening Daisy is at home to the Livonia Firemen. All contests will start at 6:30 p. m.

Discerning the rights of man, we cannot fail to foresee the doom of all oppression. Slavery is not the legitimate state of man. God made man free — Mary Baker Eddy.

Only free people can hold their purpose and their honor steady to a common end, and prefer the interest of mankind to any narrow interest of their own. — Woodrow Wilson.

Deadline for classified ads. Wednesday 5:00 p.m.

Sharks hunt principally by their sense of smell.

Every time you win an argument you lose a friend.

We're Proud to be LOW MAN on this TOTEM POLE

The money you spend here for health and beauty aids has approximately the same buying power as it had back in 1939! An-1-right here is graphic proof that we're low man on the totem pole when it comes to prices. While other "cost of living" goods and services shot skyward, prices for drugs and toiletries advanced a tiny 3.1 per cent. We're proud of that record — proud indeed to be able to bring you your favorite nationally advertised products at the lowest possible prices.

THIS IS OUR FINE HERITAGE

Let us guard it well, for there are malevolent forces at work to wrest it from us. They might continue to hail it as an American document — even perpetuate its parchment under glass. But they would destroy its very meaning; distort it with instruments to smother all freedom; cripple our right to liberty; and make our observance of anniversaries such as this Independence Day—a thing of the past.

Here's Your Vegetable Canning Guide (See directions below)

Canning Time

IT'S TIME to roll up those sleeves again and start taking out canning equipment. The corn is sweet and tender, the pea pods are full and green, and carrots are still in that nice young, crisp stage—all of which makes them can-worthy.

It's not a good idea to wait too long before putting up vegetables because the produce gets too old and, as you know, canning merely preserves, it works no wrinkle smooth or restores no color to old vegetables.

When you want a good product from the can, start with superior material. That means fresh from the garden produce, two hours from the can, if you can manage it. Here are some tips to select good produce:

Asparagus should be tender, green and freshly cut. If possible cut when it is no more than five inches tall so the ends of the stalks will have a minimum of woody fiber.

Only freshly picked green beans should be used as they dry easily upon standing. If you pick your own, then get them after the dew is off. Shapely, beautifully green ones can be canned whole.

Lima beans should be almost mature but still green in color as well as being very sweet and tender. If immature, they lack flavor. If too old, they are like dried lima beans.

Young beets, the size of a golf ball, are ideal for canning. Be careful not to break the skin or tap the roots of the beets in order to preserve the color.

ONLY SWEET CORN can be used for canning. To select the best corn for canning push a fingernail sharply into the corn kernel. If the milk is thin and sweet, the corn is perfect for canning. When the milk is thick, the corn is past the canning stage.

Carrots, when right for canning, are sweet and tender. The young carrots which are about three-fourths of an inch in diameter make the best canned product.

In canning greens, select only tender, young produce with undamaged leaves, and have them freshly picked or at least as fresh as possible. Don't use old produce with large tough stems and midribs.

To test for tenderness in okra, pierce a pod with the thumbnail and if it cuts through easily the vegetable is ripe.

Peas will not wait for canning because it takes only a few hours for peas to develop from the right stage, which is tender, sweet and slightly immature, to the point where they are starchy and not as good tasting. Gather pods early in the morning, selecting those which are very green and crisp and well filled with peas.

PLAN TO HAVE all canning equipment ready by the time you go after your produce so that you can bring it into the house and start it on its way. If you just have to go out into the garden to pick the vegetables you can even start your water boiling for the precooking.

The nation's farmers are raising about a fifth fewer turkeys this year than last. The crop this year is only five percent above the late 1930's.

Egg quality is especially important in hot weather, say MSC poultry specialists.

LYNN CHAMBERS' MENU

- Roast Fresh Pork Butt
- Browned Potatoes
- Quick-Cooked Cabbage
- Salad of Mixed Greens
- Apple Pie with Cheese Crust
- Beverage
- Bread and Butter

Have the jars and covers washed and sterilized. The jars may be inverted on a clean towel after sterilizing, so they'll be in readiness to fill.

Have water in the pressure cooker. You can start this heating as soon as you come in because there's not very much water needed. Naturally, you have checked the pressure cooker previously to make certain it closes properly and that the pressure gauge works too.

Cleaning equipment such as kettles and colanders, paring knives and other things also should be ready.

WASH FOODS before cutting, stemming or hulling. You'll probably need several changes of water for absolute cleanliness. Handle the vegetables gently and lift them out of the water rather than pouring it off them. Discard any spoiled vegetables during washing.

Try to use the same sized pieces for each jar. Those vegetables which are oversized may be cut up rather than canned whole.

Then prepare as necessary for each vegetable, cutting green beans, shelling peas, scraping carrots, et cetera.

Precook or blanch (immerse in hot water) long enough to shrink or wilt the vegetables to get a better pack. Vegetables may be placed in a cheesecloth sack and immersed in boiling water.

Fill sterile jars to within one inch of the top. Then add boiling water to within one-half inch of the top. One teaspoon of salt to each quart also may be added before the water is poured in.

Adjust lids according to manufacturers' directions.

Place the rack in the bottom of the pressure cooker and set the jars on it. Leave a little space between the jars so that the steam can circulate freely. Only enough jars to fit in the pressure cooker should be prepared at one time.

Adjust the pressure cooker cover and screw down the safety valve. Steam should be allowed to escape only through the petcock.

Allow the petcock to remain open from seven to 10 minutes, counting from the time the steam begins to escape steadily. Close the petcock.

Allow the pressure to come within two or three pounds of the desired amount, then lower heat. This prevents overshooting the desired pressure mark.

Count processing time from the moment the gauge registers the desired pounds of pressure. Have pressure remain as constant as possible so you neither overcook or underprocess your food.

Jars may be removed with a lifter onto layers of newspapers or cloth. Keep them away from drafts.

Michigan State college at East Lansing is a good place to go for the answer to many farm and home problems. Be sure your questions are stated clearly.

An electric milker, cuts down milking about one-third, according to agricultural specialists.

Doris Oldenburg to Wed Next Week

Mr. and Mrs. John M. Oldenburg announce the coming marriage of their daughter, Doris Hope to Ralph Milton Diedrick, son of Mr. and Mrs. Milton Diedrick, of Belleville.

Both the bride-elect and Mr. Diedrick are graduates of Plymouth High school. The wedding will be an event of July 9.

Miss Oldenburg will be accompanied by her sister Marian, as maid of honor and her sister Carol as junior bridesmaid. The other attendants will be Alice Buntrock and Mrs. Edwin Burd of Wayne, and Betty Diedrick of Belleville.

MOMS Officers Installed Monday

Recently elected officers of the MOMS were installed to their new positions at a candlelight service Monday evening at the Veteran's Community Center. It was conducted by Mrs. Kenneth Foust.

The installing officer is past state president of the organization and presently serving as first vice-president of the national MOMS. Also attending the service were Mrs. Myra Copley of Royal Oak, national president of the MOMS, and Mrs. H. Wurtz of Dearborn.

Mrs. Ellen Tritton was installed to the post of president of the Plymouth group and Mrs. Carrie Gladstone as vice-president. Other officers are: secretary, Mrs. Mabel Warkup; treasurer, Mrs. Elsie Campbell; financial secretary, Mrs. Nellie Johnson; corresponding secretary, Mrs. Evelyn Gardner; chaplain, Mrs. Mabel Donahue; historian, Mrs. Mary Bloomhuff; board of directors, Mrs. Venita Alguire, Mrs. Dora Langendam, Mrs. Ella Gould.

Guests of the evening were members of the auxiliary of the EK-Servicemen's club, Myron H. Beals and Passage-Gayde auxiliaries, and Navy Mothers club.

Mrs. Foust spoke to the group, telling of the hospital work which has been done by the MOMS. She described incidents where the MOMS have helped in the homes of disabled veterans, in addition to the regular pension. All this aid, she emphasized was over and above the aid usually given. Mrs. Foust also told of the new home service which has been set up. This, she reported consists of helping the veterans with their home problems and directing them to the proper agencies for relief. In all cases, she told the local group, the problems are kept confidential.

It has been announced that Mrs. Mildred Hewer, member of the Plymouth MOMS who resides on Canton Center road, has been chosen national financial secretary. She is also corresponding secretary on the state board.

Plymouth Girl Wed Saturday at Double Ring Rites

The Evangelical and Reformed church of Farmington was the scene of the candlelight service which united Anna Marie Schroeder, daughter of Mr. and Mrs. Roy H. Schroeder of Plymouth and George William Eads, son of Mr. and Mrs. Emmet Eads of Livonia, in marriage.

The ceremony, which took place Saturday, June 26, was highlighted by Joseph Cicirelli's singing "Because", "Always", and "The Lord's Prayer", accompanied on the organ by Joyce Heeney. The Rev. Carl H. Schultz read the double ring service.

The bride, who was given in marriage by her father, wore a gown of rayon marquisette over satin, fashioned with long sleeves and a sweetheart neckline. Her finger-length veil of illusion fell from a crown of orange blossoms and buds that was first worn 52 years ago by her grandmother for her own wedding ceremony. The bride carried a bouquet of white roses.

Marjorie Bassett, as maid of honor, was gowned in pink eyelet-batiste. The dresses of the bridesmaids, Nancy Schroeder, sister of the bride, and Catherine Eads, sister of the bridegroom, were yellow and aqua respectively, of the same fabric, and were fashioned with tight bodices and full skirts. They had net head pieces trimmed with a rose, and carried matching bouquets of the same flowers.

Mary Marvel Matson of Farmington, the flower girl, wore a dress of white net over satin and carried in a basket, daisies trimmed with white streamers.

The bride's mother was gowned in an aqua summer print and Mrs. Eads wore a pink and white print dress. Their corsages were of white carnations.

Howard Eads assisted his brother as best man, while John Schroeder, brother of the bride, and Richard Hatch seated the guests.

After the ceremony a large reception took place at the Grange Hall in Plymouth. Mrs. John Yuill, Mrs. Major Taylor, and Mrs. Walter Fox assisted Mrs. Schroeder as hostesses.

George and his bride left for a wedding trip to Washington, D. C., where George will participate in the National Roller Skating match. Upon return they will reside temporarily with the bride's parents at 1095 York street, Plymouth.

Mrs. Mildred Hewer, member of the Plymouth MOMS who resides on Canton Center road, has been chosen national financial secretary. She is also corresponding secretary on the state board.

Geneva Kisabeth Becomes Bride of James Birchall

Geneva Marie Kisabeth, daughter of William Earl Kisabeth became the bride of James Edward Birchall, son of Mr. and Mrs. John Birchall on Saturday, June 6 at 8 p. m. The Reverend Henry J. Walsh officiated at the double ring ceremony.

Wearing a white gabardine suit, the bride chose matching accessories and a Tuscan straw hat. A white orchid was mounted on her miniature Bible.

Mrs. Jack D'Haene was her sister's only attendant. The best man was William Aluia and the ushers were Philip Kisabeth, brother of the bride, William Donovan, John Dabust and John Willkie.

Following the ceremony, a reception was held in the church parlors. Mr. and Mrs. Birchall left for a two week's wedding trip motoring in the East.

Weather Favors Bass Season

Favored by the weather, Michigan anglers turned out in force for the opening weekend of bass and bluegill season, found the bass fishing on many lakes excellent - better than they had expected it to be until the normal peak of bass fishing success later in the season.

Cane-pole fishermen in boats found the bluegill fishing generally productive, and demands on boat liveries were heavy. The conservation department reported exceptional interest in southern Michigan lakes whose deeper waters have been stocked with trout. Like all other lakes south of the Muskegon-Port Sanilac line, except a dozen with special regulations, these lakes with special trout as well as bass and panfish in them remained closed until bass and bluegill fishing began.

Conservation officers reported excellent cooperation from fishermen whose creels they checked, and both understanding and approval among sportsmen of the new wildlife protection act that authorizes such inspections.

Many festivities preceded the wedding, including the rehearsal party which was given by the bride's aunt, Mrs. Alice Smith of this city.

Both Anna Marie and George are Plymouth High school graduates and George graduated from Oklahoma college. He is employed at the Bejin Cartage Co., while Anna Marie is a secretary at Kaiser-Frazier Corporation.

Schrader-Ferguson Nuptials Read At Candle Light Service

Myrtle Ione Schrader, daughter of Mr. and Mrs. Owen Schrader, became the bride of Charles D. Ferguson, Jr., son of Charles D. Ferguson of Pontiac, at a candlelight ceremony Saturday, June 26, at 8 p. m.

The double ring service was read by the Rev. Henry J. Walsh in the First Presbyterian church. Palms, candelabra, gladiolus and lilies flanked the altar, before which the bride was given in marriage by her father. Fred Nelson played the wedding music and accompanied Earl Reh as he sang "Because" and the "Lord's Prayer".

Rosepointe lace outlined the marquisette yoke of the bride's gown of white satin, with its full skirt and long circular train. Her fingertip veil was held in place by a circlet of lilies-of-the-valley and orange blossoms. She carried a white Bible adorned with a shower bouquet of white rosebuds, stephanotis and white streamers.

The bride chose as her maid of honor, Delphine Bowerman, who wore pale lavender taffeta. The bridesmaids, Mrs. Vernon Barker, Mrs. Roy Nye and Miss Margaret Wilson, were gowned in pale green taffeta. The dresses were made alike with fitted bodices and full skirts. The honor maid carried yellow roses and the bridesmaids carried bouquets of pink roses tied with satin ribbon. Their headdresses were of matching roses.

A floor length gown of yellow taffeta was worn by the flower girl, Sharon Place, who carried a miniature bouquet.

Stanley Wilson, Jr. acted as ringbearer. Charles' best man was Herbert Kruchmeyer and the ushers were James Thomas, Ivan Gill, and Vernon Barker.

Mrs. Schrader chose a floor length gown of aqua crepe with silver accessories for her daughter's wedding. Mrs. Ferguson wore pastel blue with white accessories. Both mothers wore orchid corsages.

After a reception for 200 guests in the church dining room, the young couple left for a honeymoon in New Orleans. For her going-away outfit, Myrtle chose a teal suit and navy and white accessories. She wore a corsage of white roses.

Upon their return Mr. and Mrs. Ferguson will live in Pontiac.

Many out-of-town guests attended the wedding, among them friends from Central Lake, Pontiac, Detroit, Toledo, Dearborn, Wayne, Northville and Canada.

Be sure to visit a wrist-watch at the same time each day, preferably on arising.

Officials Issue Holiday Warning

"Think thrice about the 4th," the Michigan Department of Health forewarned Plymouth residents today.

"Think especially about the dangers of heavy traffic, of drowning, and of falls, but give a thought also to other hazards which can spoil your holiday."

Fourth of July weekend accidents took 49 lives in Michigan last year. Holiday over-exertion and over-excitement doubtless took the other lives.

Automobile traffic took 22 lives; drowning and boating, 14 lives; and falls, 3 lives. Burns, suffocation, firearms, electrocution, gas poisoning, farming and trains accounted for the other accidental deaths on the three-day weekend.

Farmer's week, which attracts more than 30,000 farm people to the campus of Michigan State college each winter for exhibits, contests, talks and demonstrations, will be held again in 1949. Dean E. L. Anthony of the school of agriculture has announced the week of January 24 to 28 as the time for the event.

Vacation Dream Come To Life

Ontario

Cabins deep in the woods and lazy days away from the bustle of urban life make Ontario's appeal very strong among city dwellers. Here the morning face-washing before strong black coffee and sizzling bacon.

The Old AAA Traveler

Ontario, our next door neighbor, is all set for another summer of entertaining Americans notably Michiganiacs, and the Canadian side of the line is top-flight vacation country. Now, with the war days tucked away in mothballs, visitors to Canada will again be able to travel at will, and thrill to excellent food.

So let's roll across the border and have a brief look-see at Ontario. It matters not a bit whether we enter at the eastern or western end of the province. Once we're in Ontario we're in a vacationist's dream come to life. It doesn't matter if we want fishing or boating, leisurely days along the wooded coastline or deep in the forests that lure so many, we'll be in a country where modernity has touched lightly - except in the cities.

Canada has done everything possible to make our visit a pleasant one. That applies from the moment we roll across the line and meet our first Canadian customs and immigration inspectors until we regretfully turn homeward and say farewell to them at our point of exit.

It may be a merry-eyed, red-checked boy at a roadside filling station or it may be a curly-haired waitress at some far northern hotel; it may be a grizzled trapper or woodsman in the upper reaches of the province, or it may be a red-coated "Mountie". You'll find that you are being made welcome and that your welcome is sincere. What the Canadian tells you, my friends, comes from the heart, for the Canadian is no chap to mince words.

There is so much of Ontario and so many things to see and places to go and it's all interesting that we can only hope to hit the high spots in these brief lines. So let's take a look-see at the section around Toronto, for to most of the motoring public of the United States, Toronto is sort of the center of things.

Remember that Ontario is a mammoth territory of blue-water lakes and mile of primeval forest. And let us thank the gods of beauty and restfulness that the modernizing hand of civilization has brushed only lightly this magnificent area. Travel just eastward out of Toronto and you're in the gorgeous Rideau and Kawartha Lakes regions, and a little to the north and you're in the Haliburton Heights section, another definite scenic highlight of the eastern end of the province.

North out of Toronto and you have the famous Muskoka Lakes and Georgian Bay, probably the world's most magnificent inland sea. On a bit northward and you're in Lake of Bays and then North Bay and the "Land of the Quints". Just north of North Bay lies the great Timagami Forest Reserve and gorgeously beautiful Lake Timagami.

When I tell you that in the Timagami Reserve are four million acres of virgin forest, thousands of lakes, hundreds of streams, well, you get some small idea of the beauty that is promised on a visit into that region.

Just to the eastward of North Bay is Algonquin Provincial Park. This park is a mere baby.

It's only 71 miles from east to west and 55 miles from north to south.

In this park are 3000 lakes and they're teeming with fish-fighting bass and trout pickerel and muskies. Ah, what a thrill to hook one of those battling babies! If you're a camera addict you'll be in your glory here, for the deer and bear and even the usually wily moose are here in abundance and they've come to know, it seems, that a stranger with a camera means lumps of sugar or bits of a cookie. Snap one of those Algonquin bear and walk away with a sort of tribute in candy or cookie and you'll see an expression of hurt that will haunt you days and drive away sleep at night. Yes, those animals have elevated the art of begging to the N-th degree.

I particularly have in mind the drive northward out of Sarnia over the so-called Blue Water highway a grand trip if ever there was one, or traveling this route you'll find a constantly changing shoreline. You'll be in sight of the blue of Lake Huron practically all of the time from the moment you leave Sarnia. You'll find Goderich a toy town perched high on a wooded promontory jutting into the lake - an ancient lighthouse on the point.

On northward and you find Kincardine and Southampton and Midland and the Bruce Peninsula - - - and spreading out before you in dazzling splendor the expanse that is Georgian Bay.

Out of North Bay, if you have travelled the Blue Water-Bruce Peninsula route, you can move northward into the Timagami, and on into the Algonquin Reserve, or you can travel westward over King's Highway 17 to Sault Ste. Marie. North of the Soo are the great Mississagi Provincial Forest, the Goulais river and Ranger Lake game Preserve, the White River game preserve and, of course, uncounted miles of territory practically unexplored by the white man.

If you head westward to the Soo I would urge one spot as being a tourist's "must" in any man's language and that is Manitoulin Island. You swing off to the left from King's Highway 17 at the little town of Espanola and travel some 20 miles over one of the most beautiful roads

I've seen in many years of touring.

You cross North Channel and the ferry lands you at Little Current on Manitoulin Island, a veritable fairyland of rocky shores-gleaming forests, picturesque fishing villages, hundreds of Indians, winding roads colorful towns-even their names breathe of a different land-Manitowang - Tahkummah - Kagawong - Core Bay - each more enthralling than the one before.

You loaf in the trading post at Little Current and see trappers bring in fox furs to swap for heavy clothing, you see Indian squaws waddle in with brilliant baskets of sweet-grass and porcupine quills; you see towering braves stroll in and buy tobacco with coins taken from a beaded bag hanging at their belt. Little Current is the romanticist's ideal of the ancient trading post. It may be that when you're ready to leave Little Current it will be "boat day" and you can roll aboard the trim steamer and be landed at the Soo next morning-or you may have to retrace your route into Espanola, and continue over "17" into the Soo. Either way, you will have seen something definitely different.

OFFICIAL PROCEEDINGS OF THE CITY COMMISSION FOR THE CITY OF PLYMOUTH, MICHIGAN

The regular meeting of the City Commission was held in the Commission Chamber of the City Hall on Monday, June 7, 1948, at 7:30 p.m.

Present: Mayor Henderson, Commissioners Goddard, Hartmann, Latture and Whipple.
Absent: None.

The minutes of the regular meeting of May 17, 1948, were approved as read.

The clerk presented the following reports: The Veteran's Information Center Report for May, 1948; the Health Report for May, 1948; the Traffic Report for May, 1948; and the Fire Department Report for May, 1948.

It was moved by Commissioner Latture and supported by Commissioner Hartmann that bills in the amount of \$29,848.05 as presented by the City Manager and audited by the Auditing Committee be allowed and paid.

Ayes: Mayor Henderson, Commissioners Goddard, Hartmann and Latture.
Nays: Commissioner Whipple.

Mr. Hotchkins was present concerning the filling in of sand in the alley behind his house on Blunk Avenue.

It was moved by Commissioner Whipple and supported by Commissioner Goddard that the matter of the alley back of Blunk Avenue, between Farmer Street and Junction Avenue be referred to the City Manager and the City Engineer for further recommendation.

Carried.

Mrs. Arnold Thompson was present concerning the sidewalk on South Main Street.

It was moved by Commissioner Goddard and supported by Commissioner Whipple that the City Commission and the City Attorney meet with Mrs. Thompson and her counsel on Tuesday evening, June 15, 1948, at 9:00 p.m.

A petition was received from the citizens on South Harvey Street to have the Police Department police South Harvey Street for speeders for the protection of the children.

It was moved by Commissioner Goddard and supported by Commissioner Whipple that the petition be placed on file and be referred to the City Manager's Office for further consideration by the Police Department.

Mrs. William Last was present asking what can be done on the Tonquish Creek Drain on South Harvey Street to prevent the flooding of the Creek. She was referred to the Drain Commissioner, Mr. Dingman.

It was moved by Commissioner Latture and supported by Commissioner Hartmann that Proposed Ordinance No. 144, an Ordinance to amend Ordinance No. 108, known as the Zoning Ordinance, be passed its third reading.

Ayes: Mayor Henderson, Commissioners Goddard, Hartmann, Latture and Whipple.
Nays: None.

It was moved by Commissioner Goddard and supported by Commissioner Whipple that Proposed Ordinance No. 145, an ordinance to amend Ordinance No. 108, known as the Zoning Ordinance, be passed its third reading.

Ayes: Mayor Henderson, Commissioners Goddard, Hartmann, Latture and Whipple.
Nays: None.

It was moved by Commissioner Whipple and supported by Commissioner Latture that Proposed Ordinance No. 134, an ordinance to amend ordinance No. 108, known as the Zoning Ordinance be passed its third reading.

Ayes: Mayor Henderson, Commissioners Goddard, Hartmann, Latture and Whipple.
Nays: None.

Several property owners on Pacific Avenue were again present concerning pavement on Pacific Avenue. They were informed by the City Commission that it is the intent of the City to keep Pacific Avenue in the best possible repair.

It was moved by Commissioner Goddard and supported by Commissioner Hartmann that the City Commission do not accept the proposal offered by Mr. Swanson as outlined in his letter of April 20, 1948.

Ayes: Mayor Henderson, Commissioners Goddard, Hartmann, Latture and Whipple.
Nays: None.

It was moved by Commissioner Latture and supported by Commissioner Whipple that action on the proposal to award additional work to R. D. Baker, Contractor as an addition to Contract No. 4, parts of Contract Nos. 5 and 6, be postponed until the meeting of Tuesday, June 15, 1948, and that the City Manager attempt to get other bids.

Ayes: Mayor Henderson, Commissioners Goddard, Hartmann, Latture and Whipple.
Nays: None.

The following statement was presented by the Mayor with the approval of the City Commission: the various petitions presented to the City Commission concerning the removal of the City Manager have been considered with due regard to their requests, and placed on file. No further action is being taken by the commission due to the absence of any specific charges presented herewith.

It was moved by Commissioner Goddard and supported by Commissioner Hartmann that the City Manager be authorized to attend the International City Manager's Association Conference to be held at Mackinac Island, Michigan, September 12 through 16, 1948, with expenses paid.

Ayes: Mayor Henderson, Commissioners Goddard, Hartmann, Latture and Whipple.
Nays: None.

It was moved by Commissioner Hartmann and supported by Commissioner Latture that Sec. 5 of Ordinance 136 be amended by substituting the following words in the first sentence of Sec. 5: The City Manager with the approval of the City Commission shall provide for the installation of meters, and the removal thereof, including curb or street marking lines, and shall cause said meters to be maintained in good workable condition.

Ayes: Mayor Henderson, Commissioners Goddard, Hartmann, Latture and Whipple.
Nays: None.

It was moved by Commissioner Whipple and supported by Commissioner Latture that the amendment to the first sentence of Section 5 of Ordinance No. 136, the Parking Meter Ordinance, be passed its second reading, by title only.

Ayes: Mayor Henderson, Commissioners Goddard, Hartmann, Latture and Whipple.
Nays: None.

It was moved by Commissioner Goddard and supported by Commissioner Hartmann that the City Manager and the Chief of Police

study the suggestion of one way traffic in the alley between Ann Arbor Trail and South Harvey Street and bring in a written recommendation.

Carried.

It was moved by Commissioner Latture and supported by Commissioner Goddard that the meeting be adjourned. Time of adjournment was 10:20 a.m. Carried.

A special meeting of the City Commission, called by Mayor Henderson, was held in the Commission Chamber of the City Hall on Wednesday, June 9, 1948, at 8:00 a.m.

Present: Mayor Henderson, Commissioners Goddard, Hartmann, Latture and Whipple.
Absent: None.

The purpose of the meeting was to consider quotations of R. D. Baker, Contractor, on additional work to be added to contract No. 4 as follows:

Furnish all labor, equipment, and material for the following items of work:

CONTRACT NO. 4	In valve vaults with air relief valves, install 4 inch vent from vault roof to a point 2 feet above ground. Material to be C. I. soil pipe with return bend	7 ea. @ \$19.00	\$ 133.00
CONTRACT NO. 5	16 inch valve and well on Goldsmith Street 500 ft. west of Arthur (previously omitted from quotation) with 1 inch tee on line at same location		\$ 800.00
CONTRACT NO. 6	1. Place approximately 1,383 feet of 16 inch Lock Joint pipe on Lena, Goldsmith, and Arthur as per plan @ \$9.60		\$13,276.80
	2. Cast iron installations at corner of Lena and Goldsmith, including valve vault complete with tee and valve plus one 18 ft. length of pipe north of vault, 18 inch tee south of vault plus 18 ft. length of pipe north of tee, 16 inch pipe across Goldsmith, and westerly to and including 16 inch gate valve and well, including all necessary fittings and plugs at open ends of line	L. S.	\$ 5,960.00
CONTRACT NO. 6	Place approximately 640 feet of 16 inch Lock Joint pipe from end of Contract 4 to proposed meter vault	@ \$11.20	\$ 7,168.00
			\$27,337.80

It was moved by Commissioner Goddard and supported by Commissioner Hartmann that the City Manager authorize R. D. Baker, Contractor, to proceed with the work incorporated in the above quotation and in the amount of \$27,337.80; the above work being necessary in order to connect the supply main with the water supply at the wells, and the supply main with our City mains so as to give the City of Plymouth the new water as quickly as possible.

Ayes: Mayor Henderson, Commissioners Goddard, Hartmann, Latture and Whipple.
Nays: None.

It was moved by Commissioner Hartmann and supported by Commissioner Whipple that the meeting adjourn. Time of adjournment was 8:25 p.m. Carried.

A special meeting of the City Commission was held in the Commission Chamber of the City Hall on Tuesday, June 15, 1948, at 8:00 p.m.

Present: Mayor Henderson, Commissioners Goddard, Hartmann, Latture and Whipple.
Absent: None.

The purpose of the meeting was to meet with Mrs. Arnold Thompson and her counsel in regard to the sidewalk assessment at 575 South Main Street and to consider certain bids.

Mr. E. J. Dornel, attorney for Mrs. Thompson, asked that the assessment on the sidewalk at 575 South Main be vacated and set aside in excess of reasonable value of 16 square feet.

It was moved by Commissioner Latture and supported by Commissioner Whipple that on the advice of the City Attorney that the request of Mrs. Thompson regarding the assessment on the sidewalk at Lot 751, Plat 20, at 575 South Main be denied.

It was moved by Commissioner Hartmann and supported by Commissioner Latture that the consideration be postponed until legal counsel for the City and Mrs. Thompson have conferred on the matter.

Ayes: Commissioners Goddard, Hartmann, Latture and Whipple.
Nays: Mayor Henderson.

It was moved by Commissioner Hartmann and supported by Commissioner Goddard that the following bids and quotations be accepted:

Michigan Hydrant and Valve Mfg. Co. for hydrants	\$ 1,006.80
Michigan Hydrant and Valve Mfg. Co. for automatic control and relief valves	3,295.00
East Jordan Iron Works for gate valves	5,617.05
Chapman Valve Mfg. Co. for check valves	316.00
Nelson Co. for gaskets and bolts	177.40
Michael Hayman Co. for haymanite	765.00
Michigan Hydrant and Valve Mfg. Co. for packing	370.00
Burger and Dobbs for well houses, etc.	8,634.00
(Division B and C under Contract 6 rejected)	
Corbett Electric Co. for electric work	7,952.12
Glamorgan Pipe and Foundry Co. for pipe material for contract 6 as listed by Drury, McNamee and Porter in letter of June 3, 1948.	5,130.70
Grand total	\$33,264.07

Ayes: Mayor Henderson, Commissioners Goddard, Hartmann, Latture and Whipple.
Nays: None.

It was moved by Commissioner Whipple and supported by Commissioner Hartmann that the City Manager take bids on curb and gutter, catch basins, and appurtenances thereto for Harding St. Carried.

Ayes: Mayor Henderson, Commissioners Goddard, Hartmann, Latture and Whipple.
Nays: None.

It was moved by Commissioner Whipple and supported by Commissioner Hartmann that the meeting adjourn. Time of adjournment 11:30 p.m. Carried.

News In The World of Religion

By W. W. Reid

Since the withdrawal of the British from India and the great trek of refugees between India and Pakistan began less than a year ago, Church World Service, as the agent of Protestant churches in the United States, has sent 987,000 pounds of supplies to Pakistan and 878,000 pounds to India. This has been largely wheat and evaporated milk for the refugees. Some of these supplies were sent via the "Lincoln Friendship Train" which was a joint project in the agricultural states of CWS and Lutheran World Relief. Recent word from Dr. B. L. Rallia Ram, directing relief measures in Pakistan, reports the food situation in West Punjab as "extremely serious", and that 10,000 tons of wheat are needed to feed more than 1,000,000 refugees there.

The churches are more and more showing zest toward introducing young people to the need of a fundamental understanding of the Christian faith," says Darwin R. Bryan, director of youth and recreation in the Ohio Farm Bureau. "This Christian faith, rooted in a basic concern for others must be nurtured as never before known in the history of our churches. Verbal expressions and the written word enlightening youth about God and Christ are beginning steps in the process of seeking youth's participation in church development. Along with these must go wise adult leadership which allows young people individually and mutually to express their ideas about the problems of Christianity as it applies within everyday living."

The first model agricultural colony for lepers in all China is now in the process of establishment at Hangchow, Chekiang Province it is reported by the American Missions to Lepers which sponsors the project jointly with the London Mission to Lepers. While it is estimated that there are more than 1,000,000 lepers in China they have been cared for largely in "asylums" or have been free to move among the people; while modern control - as in India and in parts of Africa - call for "happy villages" where victims of the disease live useful lives segregated in small colonies where they are able to learn and pursue some craft, farming, gardening, care of animals, etc. The new Hangchow colony will care for 200 patients.

Dr. Frank C. Laubach, world-renowned "apostle of literacy," has recently been travelling and teaching and inspiring teachers and missionaries throughout Africa, under the auspices of the Committee on World Literacy

and Christian Literature, a department of Foreign Missions Conference of North America. During his African journeys, in which he was accompanied by his son, Robert, and by other language end educational specialists, Dr. Laubach has laid the basis for picture-word teaching in some 40 different tribal and national languages. In Sierra Leone, literacy charts and first lessons were produced in Kono (spoken by 100,000 people), in Kru, Patna, Temme, and Lamba; in Liberia, in Bassa, Kpelle, Manono and in five other tongues used by smaller groups; in the Gold Coast, in Ga, Ewe, Twi, Isanti, and Fanti; in Nigeria, in Hausa and Yoruba and in six other less-used languages.

The American Friends Service committee (Quakers) works closely with organized labor in many of its undertakings overseas. It was recently given 76 microscopes by the CIO and the AFL to be used by Quaker relief teams in India. In Austria and Hungary, committees of young apprentice members of trade unions have worked with Quaker teams to distribute food and clothing to workers often, because of their heavy labor, found to be among the neediest groups. In Austria, the Quaker team also works with the trade unions to help run rest-homes to which weary apprentices may go for several months of fresh air, good food and recreation.

Catholic Women Begin Project

Contrary to its usual policy of taking a summer vacation, the Detroit Archdiocesan Council of Catholic Women has taken on a new project for the holiday months.

The women of St. Michael's parish in Livonia and St. Raphael's in Garden City, two of the 32 comprising the western deanery of the D.A.C.C.W., are busy with knitting needles and sewing machines, making articles of clothing for infants and children up to 12 years to be sent to Pope Pius XII.

The National Council has set a goal of five million garments to be gathered by September 8, when the packages will be sent to the Vatican via the National Catholic War Relief Services. The clothing will help replenish the 17 storerooms of the Pope, upon which he draws in answer to the constant daily appeals from Europe's destitute.

Each garment will bear a tag with the donor's name and address on one side, and on the other in several languages, the words "From the Catholic women of the United States."

LEGALS

STATE OF MICHIGAN, IN THE PROBATE COURT FOR THE COUNTY OF WAYNE.
 J. RUSLING CUTLER, ATTY. PLYMOUTH, MICHIGAN
 No. 359,067

In the Matter of the Estate of MARY E. INGRAM, Deceased.

Notice is hereby given that all creditors of said deceased are required to present their claims, in writing and under oath, to said Court at the Probate Office in the City of Detroit, in said County, and to serve a copy thereof upon RALPH G. LORENZ, Executor of said estate, at 4885 Ann Arbor Trail, Plymouth, Michigan on or before the 1st day of September, A.D. 1948, and that such claims will be heard by said court, before Judge JAMES H. SEXTON in Court Room No. 527, Wayne County Building in the City of Detroit, in said County, on the 1st day of September, A.D. 1948, at 2:30 o'clock P.M. in the afternoon, and in the case of a surviving spouse, the court will also at that time determine whether and to what extent claims and administration expenses are payable out of community property or out of separate property of the deceased.

Dated June 21, 1948.
 JAMES H. SEXTON,
 Judge of Probate

Endorsing the work of the Boys Clubs of America and similar organizations working with youth, FBI Director J. Edgar Hoover said recently: "Good citizens develop; so do criminals. Each is the product of training, opportunity and surroundings. Both have one thing in common - their early years foretell their future. Youth is the time to prepare for the full life of the future. Study, work and recreation, with the aid of good home which earnestly seeks spiritual as well as mental and physical development of its children, leads to good citizenship. These are the forces that create a feeling of personal responsibility and equip youth to face the future with confidence and courage. . . . America needs youthful viewpoints with youthful hopes. It needs boys who will bring vitality to the homes, the schools, the churches and to every arena of human endeavor. It needs future citizens who believe in God."

The nation's popcorn supply comes largely from Iowa, the state producing about 500,000,000 bushels a year.

FOR YOUR FAMILY from the steel in your car

You're guiding a ton and a half of steel down the road when you drive your family to a picnic.

Your car is made up of many materials but 95 per cent of its weight is steel.

The steel industry's manpower, resources and knowledge are riding with you, helping make the trip safe, quick and comfortable.

To serve you better the steel industry over the years has steadily expanded its plants and greatly improved its products.

That kind of progress has meant . . .

For you — more and better things made of steel;

For steelworkers — more employment at high wages;

For the industry — the ability to turn out record amounts of steel at an average profit on the sales dollar last year of a little more than 6 cents.

Saving Suggested For Food Budget

What shall we have for dinner? This is easy to answer after you have decided on the main dish—but this is where high prices spell trouble these days.

Plymouth homemakers looking for main dish recipes which are filling and nutritional but inexpensive are offered 150 recipes and suggestions in a new booklet announced by Roberta Hershey, foods and nutrition extension specialist at Michigan State college.

Titled, "Money Saving Main Dishes", the bulletin is offered by the Office for Food and Feed Conservation, at no charge to help you save both money and scarce foods. The recipes were tested by the Bureau of Human Nutrition and Home Economics of the United States of Agriculture. You can get your copy of the 48-page booklet from your county extension office or from the Bulletin Office, Department of Public Relations, Michigan State college, East Lansing.

Secretary of Agriculture, Charles F. Brannan, states that day-to-day use of the recipes in the booklet may save you as much as 30 percent on meat alone. Suggestions for balanced, economical meals and tips for skill in cookery are included.

Following each "main dish" recipe are suggestions for other foods to complete the meal, and also for ways to vary the main-dish recipe. For example, a brown beef stew can easily become lamb or veal stew or a quick stew with hamburger. With it you might serve coleslaw or green salad, and a baked peach or pear for dessert. Sweet-sour spareribs, Chinese style, can become baked spareribs with barbecue sauce.

Fireworks Are Weekend Feature at Walled Lake

Two fireworks displays will be shown at Walled Lake Park in celebration of the forthcoming July 4 weekend.

The first display will be given Sunday night, July 4, and an entirely different array will be shown Monday.

Picnic facilities will be available, as will a fleet of speed boats, bathing beach, roller skating rink, games, and two baseball diamonds. Dancing will be the feature in the New Casino ballroom.

MICHIGAN
 BY • ELTON R. EATON

Every once in a while the Michigan Department of Health sends out a newspaper release that is worthwhile. The following is one of those "pieces" that is well worth reading.

Page Isaac Walton

The Michigan Department of Health today came forth with at least five good reasons for going fishing.

"Fishing with its anticipation, enthusiasm, fresh air, sunshine, exercise, relaxation and good companionship can help a man live happily and work well.

"A man needs a hobby. He needs pleasure. He needs relaxation and he needs to be out of doors. And then, too, the fish are good for him," the Department said.

The Department enjoined everyone who enjoys the sport to get out on the opening day or week end, but it also added some advice. Check your boat to be sure it is solid and will not leak and that its motor is in safe working order. Do not overload it with gear or people. Don't stand up in it or change-places while on the water. If you fish at night be sure you know the water on which you are fishing. Don't go out when a storm threatens or waves are high. If you can't swim to shore, you might take along a life preserver.

Watch out for sunburn and sunstroke. Wear a hat, long sleeves and long trousers. The sun's rays, reflected from the water, are doubly potent so take along some sunburn lotion. Don't overdo and don't get over-excited.

Take along an insect repellent. Don't drink lake water; carry your own safe water.

Treat fish hook wounds, blisters and other injuries at once. A first aid kit is well worth the bother.

Don't lean way out of your boat. It is better to lose rod, reel and fish than your life.

If you are going to do any drinking, do it with your fish dinner rather than when you are enroute to the lake or on the lake.

If you catch any fish, eat them. With their proteins, fat, calcium, iron and vitamins including A, thiamine, riboflavin and niacin, to say nothing of their flavor, they're good for you.

There is no immediate hope of controlling the sea lampreys which are fast destroying the big lake trout of the Great Lakes. Michigan's department admits so in a recent press release. It does say that control of sea lampreys is shaping up as a Michigan-Wisconsin-Ontario problem, as the other six states bordering the Great Lakes are suffering so little damage from the parasites they are less inclined to spend time and money in research on them.

The 1948 report of the Great Lakes sea lamprey committee reveals New York, Pennsylvania, Ohio, Indiana, Illinois and Minnesota do not regard the sea lamprey as a serious threat to fishing in their waters at present. All are alert to possible changes, however, and Ohio fisheries research men are working on a key for identification of immature lampreys.

Michigan, Wisconsin and Ontario all are observing lamprey runs in streams, trapping lampreys at weirs on their spawning runs and studying the lamprey life cycle. The common fund of information about these undesirable emigrants from the sea is growing, but fisheries men of the Michigan and other conservation departments recognize it may be years yet before enough is learned for practical control measures.

Wisconsin noted that the lampreys shun polluted streams. The U. S. Fish and Wildlife service, in interviews with commercial fishermen along Lake Huron and Lake Michigan coasts, found the economic loss because of lamprey scarring was generally small. European literature on sea lampreys, particularly that in Russian, is being translated to get the benefit of what may have been learned of this species in the old world.

The Wisconsin conservation department still believes in planting fish in its lakes and streams.

While the Michigan conservationists do not profess to be against fish planting, some of the leaders every once in a while raise a question as to the benefits of re-planting fish.

Wisconsin, without question, has the best muskellunge fishing in the country. The nearby state's conservation department has just announced that it has planted 410,000 muskellunge fingerlings in an effort to sustain the "population" of this most prized game fish.

We've never heard of any such planting in Michigan.

Last year 227,000 musky fingerlings were planted in Wisconsin to set an all-time record up to that time. More of the fish are still to come from the ponds for stocking in musky waters and the total plant this year is expected to more than double last year's production of these fish.

The department pointed out that it is simple to produce and stock newly hatched musky but that the production of hundreds of thousands of musky fingerlings this year ranging in sizes from two to four inches has been a huge undertaking. Fingerlings necessitate both an extensive feeding program and pond room. Two new musky ponds are in operation at the Spooner state fish hatchery this year.

The muskellunge is king of the inland waters sport fishes and the department points out that Wisconsin's musky fishing is unrivaled by any other state. Every effort, it said, is being made to hold Wisconsin's musky supremacy.

"Waterfowl populations in northern Canada generally appear to be about the same as last year," Robert H. Smith, flyway biologist for the Fish and Wildlife Service, has advised Director Albert M. Day in a progress report for Northwest Territories on June 7.

In continuing their surveys of the Canadian waterfowl breeding grounds, the observers covered an area of about 22 miles in the Lake Claire marshes of Alberta where they found the population of ducks to be a little more than 50 per square mile. This was a slight increase over last year.

To the north, in the Athabaska delta, the population dropped to only 25 ducks per square mile. Continuing north through the aspen park country, from Ft. Smith to Great Slave Lake, the observers found less than one duck per square mile.

Water levels are high—in some places abnormally so—the same as in the prairies, Mr. Smith reported. Many lakes and sloughs in northern Saskatchewan have water for the first time in several years. The Athabaska delta in northern Alberta is completely flooded although the Lake Claire marshes to the west have optimum water levels for duck breeding. "This abnormally high water will affect the waterfowl crop adversely, particularly in the Athabaska delta."

Milk Law Takes Effect Thursday

July first was the date that Michigan's new milk pasteurization law took into effect, reports A. C. Blatzer, extension dairyman at Michigan State college. Beginning then, all milk entering commercial channels must be pasteurized.

Michigan is the first state in the nation to enact such a law to safeguard against certain communicable diseases. The law was passed by the legislature in 1947 to give those concerned a year to prepare for it.

Baltzer advises that under the new law, all milk to be bottled for retail trade or used in creameries and cheese factories must be pasteurized. An exception is cheese aged for more than 60 days.

Farmers selling milk to their own employees at the farm where it is produced are exempt from the provision.

Local health officers can give further details of the new law.

Farmers sold about 10.4 billion dollars worth of crops and livestock in the first five months of 1948, slightly more than last year. Marketings were down but prices were higher.

Roman soldiers carried a sponge for use as a drinking vessel.

HOWDY FOLKS: Did you ever observe that the folks who are always bent on pleasure are usually the ones to go broke first?

The preacher started it. He wrote on the signboard: "I pray for all." The lawyer followed with "I plead for all." Underneath the doctor put "I prescribe for all." But the plain citizen had the last word. He wrote: "I pay for all."

"Who was that pretty little thing I saw you with last night?"
 "Will you promise not to tell my wife?"
 "Surely, I promise."
 "Well, it was my wife."

But in business you can't keep secrets. Satisfied customers insist on telling their friends how much better our lubrication service is. We are pretty sure you, too, will be mighty happy once you try it.

Smoothest Distance between two points!

Come in . . . discover the exclusive Packard ride!

EVEN before your first revealing ride, it's easy to understand why Packard's luxurious comfort is out of this world!

For Packard has an exclusive suspension system that adjusts itself automatically to variations in load and road! And here's why it gives you a perfect ride:

1. It has softness—to swallow tremors as well as bumps.
2. It has firmness—for safe, restful roadability . . . on a windswept super highway or a winding country road.
3. It has all-load flexibility—no "riding high" with a light load . . . no sag under a full one.
4. And the smoothness lasts—for Packard springs are self-controlling.

So, get a good basis for your comfort comparison. Look first at the leader—at your nearest Packard showroom!

BORSON

Borson Discusses Politics
Philadelphia, Pa., July 2. Sir Isaac Newton (1642-1725) was one of the world's greatest scientists and founder of Mechanics, Chemistry, Physics and other sciences. He is especially known for his Law of Action and Reaction which he illustrated by the pendulum, the lever, the spring and later in politics. This law is that all progress has a normal growth line; that as we deviate above this normal line, there must be a corresponding reaction below it, in area.

Political History
Since the days of Cain and Abel there has been a constant conflict between those who "have" and those who "have not." As each group got on top, it would abuse its power and a reaction would follow; then the opposing group would get on top until it likewise abused its power and lost out. English history illustrates Newton's Law. Although the masses of England have gradually secured more power since their days of serfdom, yet it has been by alternate periods of conservatism and new dealism. Fifty years ago the Conservatives of England were in control and England was a great world power. Today the reverse is true, although the Conservatives will come back again someday even in England.

This same Law of Action and Reaction has also ruled our country. The first twenty years, under Washington and the Federalists, were very conservative. Then came a reaction under Jefferson and the country enjoyed its first New Deal. This was over-

done and there was a reaction to conservatism. Again the Conservatives abused their power and there was another New Deal under Jackson. These changes alternated up to the conservative regime of Coolidge and Hoover when the masses again revolted and put the New Dealers into power. Now, according to Newton's Law, a conservative government is again due. It will probably be administered by the Republican Party, — not necessarily because its principles are any better; but because of Newton's Law.

Brains, Airplanes & Communism
During the great days of the British Empire when the highest type of men were in control, England ruled the seas, and these leaders — fearful of the Revolutionists across the Channel in France — were determined to have the English people the most prosperous of any nation. Today, the United States is faced with a similar opportunity. Our country has men with excellent minds; we control the ships of the air which make the world so small that Europe is as close to us today as France was to England 100 years ago. Furthermore, our industrialists and labor leaders now realize that the best way of fighting Communism is to have continued prosperity here at home.

Also, a Conservative Party in this country would now have a far greater opportunity for achieving good results than Conservatives ever had before. The Federal Reserve, the Securities & Exchange, the Shipping and scores of Commissions, with their tremendous powers, are appointed by the President. Since the Coolidge and Hoover regimes, the real power has been shifted from an unruly Congress to these various Commissions, the members of which are appointed instead of elected. No Conservative Administration could ever have brought about these changes in Government; in fact, they came only through the personality of Franklin Roosevelt and under war conditions. Now, however, the Republican Party if successful in November would inherit these huge powers.

Outlook for Business
Under above circumstances, it appears that four or more years of good business may be ahead, with perhaps our country entering a great new era of world expansion with untold possibilities. Not only are our opportunities great, but far-seeing captains of industry are realizing that they must share more with labor, must take a greater interest in the welfare of foreign people, and in fact, must avoid another severe period of unemployment in order to save their own skin. In short, there are signs that our financial and business interests are really "getting religion", and are convinced that they must apply this religion to overcome Communism. Of course, based upon this same Law of Action and Reaction, the Conservatives will someday again abuse this power and another New Deal Administration will again have its turn. We, however, need not discuss this now.

More than half of the nation's supply of mushrooms comes from two Pennsylvania counties, Chester and Delaware.

25 YEARS AGO
FROM THE PLYMOUTH MAIL FILES

The commencement activities of the week were ushered in on Sunday evening, June 17, when Rev. D. D. Nagle of the local Methodist church delivered a very pleasing and inspiring sermon to the graduating class of 1923, and a large audience of interested friends. The stage was beautifully decorated with a hedge of green and white, the class colors, daisies and peonies being much in evidence. Mrs. R. A. Cassidy sang in her usual pleasing manner. It was a most fitting opening for commencement week.

A piano recital will be given by students of Miss Anna Lazetta Youngs in the Methodist church, Monday evening, June 25, at 8:00, assisted by Harry A. Gebhardt violinist. Following is a part of the program: Evening Song, Vaun Campbell; Marching Song, Russell Micol; Over The Snow, Russell Egloff; Rose Petals, Steven Horvath; Old Tar's Song, Clyde Blunk.

Mr. and Mrs. Louise Minehart entertained at a six o'clock dinner Sunday evening, the following guests: Messrs. Claude and Howard Waterman, Arthur Smith and Harold Mather and the Misses Helen and Dorothy Waterman, Ruth Perkins, Margaret Davis, and Harriet Thompson.

Mr. and Mrs. Henry Sage and son Carl, Mr. and Mrs. Louis Gerst and Miss Amelia Gayde spent Sunday at Base Lake.

The following pupils of Miss Czarina Penney, Mus. Bac., will be presented in a piano recital, Tuesday evening, June 26 at the M. E. church at 8 o'clock: Margaret Straub, Loanita Grove, Frances Learned, Arvid Burden, Alvord Smith, Jean Strong, Angeline Rousseau, Madelon Shingleton, Jewell Rengert, Elizabeth Strong, Claude Gebhardt, Carol

Birch, Doris Whipple, Marguerite Wood, Winifred Draper, Julia Learned, Edna Gottschalk, Allan Strong, Mildred Thumme, Corrine Howell, Dorothy Hillman, Thelma Peck, Janette Whipple, Leona Beyer, Eva Brown, Alice Ballen, Katherine Rengert, Marion Beyer, Mena Belton, Lyla Patten, Barbara Bake.

Chicken thieves are busy in vicinity. Some have lost chickens each night for the past two weeks.

The advanced pupils of Miss Czarina Penney gave a recital in the Penniman Allen theater Thursday evening, June 21. The stage presented a pleasing appearance with its decorations, consisting of baskets of peonies and roses. The seven pupils each rendered their selections in a most artistic manner. The following pupils took part: Miss Helen Fish, Miss Juanita Coe, Miss Alta Hamill, Miss Dorothy Hillman, Miss Gladys Schrader, Miss Hanna Strasen and Miss Barbara Bake. Miss Penney surely has just reason to be proud of the work her pupils have done.

Miss Athali Hough has just returned from New York City, where for the past year she has been doing post-graduate work at Columbia University. She was given the degree of Master of Arts, also a special diploma from the teacher's college for the work she did teaching English in the New York public schools. Miss Hough graduated from the University of Michigan, class of '22, and her success in securing a master's degree at Columbia in one year speaks well for the training she received at Michigan, as well as for her own ability.

Men well governed should seek after no other liberty, for there can be no greater liberty than a good government. — Sir Walter Raleigh.

ECKLES COAL & SUPPLY

Headquarters for

STEEL WINDOWS

Available Now from Local Stock

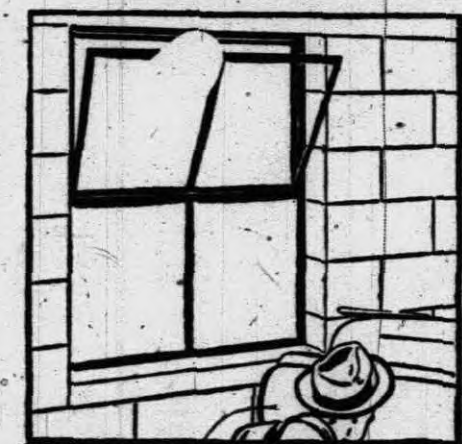

RESIDENCE CASEMENTS

Slender steel frames allow larger glass areas—provide more daylight. Better ventilation—casements catch breezes from three directions. You get greater beauty, lifetime easy operation, safe cleaning, better screens, superior weather-tightness, lower upkeep.

BASEMENT WINDOWS

Flood basement with daylight, provide abundant fresh-air ventilation. Always open easily—steel does not swell, warp, or stick. Rat and vermin proof. Sash removable by owner from the inside. Low-cost, too!

UTILITY WINDOWS

Two-lights-high window with an open-in sash in the upper section that provides draft-free ventilation. Fits concrete block perfectly. A sturdy, low-cost steel window ideal for garages, shops, farm buildings, commercial buildings, basement alleyways, etc.
