IT IS AS IT OUGHT TO BE.

Not since the election by the Republicans of Abraham Lincoln as president of these United States has a Republican victory become so essential to the welfare of this state and the nation as a Republican victory this fall.

It is for that reason that Michigan citizens who are deeply concerned over the future of these United States will be pleased that the mess in Lansing has been straightened out and that the prospects for a straight Republican victory in this state have been improved.

We have not always agreed with Governor Sigler. In our disagreement over a few minor issues we believe that his intent to do what he thought best for the state was just as sincere as our own. The Governor has made mistakes, there is no question about that, but we do not believe that under conditions prevailing at this time these justify a defeat by a Democrat. He came into the state government with little previous knowledge of state affairs, except for information gleaned out of his grand jury investigations. Even in a two year period it is almost impossible for any man to grasp the extensiveness of Michigan's activities and problems. The Governor also has faced many handicaps in his first term that we hope do not exist during his next term.

We believe that he will do better during his next term as he has time to grasp the Michigan situation as it actually is. A Republican victory is so important this year that the hard feelings that have developed during the jockeying for primary positions should be forgotten and the various Republican factions united for a sweeping November victory. It is difficult to stress the importance of a complete change in the national administration in Washington. Every Republican, every good American citizen regardless of party, should cast a straight Republican ballot.

NOT GOING TO BE EASY.

When the Republicans take over control of the federal government early in the new year they are going to find that it is not so easy as they had anticipated in getting rid of some two million political job holders. The foxy New Dealers enacted civil service legislation which placed nearly all of the tribe under federal civil service.

The Republicans in order to fire these tax-eaters must either prefer charges against each and every one of the job holders or else repeal the federal civil service law which blanketed in these fellows. Even the New Deal postmasters possess life-long jobs under the civil service act.

It's going to be a tough job for the new administration, but the public will NOT be satisfied until every last one of the pap-boys has been removed from their swivel chair jobs.

THIS IS AMERICA.

One of the best editorials we've read about our American political conventions appeared recently in an issue of the Milwaukee Journal. It expresses our sentiments exactly—and for your benefit it is being re-printed in full, as follows:

It is understandable why a foreign observer at an American political convention, witnessing the flamboyant demonstrations which go with presidential nominations, concludes that Americans are immature and unaware of the gravity of world problems.

Men and women, young and old, marching in a wild, milling confusion in a convention hall that is stifling hot—wary old men waving banners with silly slogans and uttering senseless sound-bulging matrons struggling for breath to blow raucous noisemakers—balloons zooming to the high ceiling and breaking against the hot lights—a drum majorette high stepping on the speakers' rostrum—music and human voice and noisemakers blending in an unholy cacophony.

To the outsider it must seem juvenile, nonsensical, and incredible. Yet if he knew the background of America and its political life, the outsider would realize that these demonstrations, along with all the other "paraphernalia" of conventions, is but an expression of the exuberance and vigor of the American people. It is one phase of our tradition. It is the outward expression of the people's enthusiastic desire for drama, for excitement, for color.

Perhaps it is superficial to other eyes. Possibly it is juvenile. But it is America—still vigorous, still young, still able to enjoy show and pageantry. The observer should realize that this, in reality, but an unimportant part of the system by which America chooses its leadership. Serious work is done at these conventions. Platforms are drawn. Significant speeches are made. And the same delegates who march in the parades and enjoy the fun are, a few moments later, seriously, intently, and honestly trying to pick the best leaders for their beloved nation.

HE FOOLED A LOT OF FOLKS.

When FDR, better known to the readers of Westbrook Pegler's column, as "old Moosejaw," became president of these United States, he laid at the feet of former President Hoover responsibility for all the troubles of the world.

A lot of folks believed FDR. They thought he was telling them the truth.

President Hoover had refused to recognize the Communist government of Russia because it had been taken over by a mob of killers—killers of defenseless men, women and children.

When FDR became President, he quickly raised Stalin up on a pedestal, paid tribute to him and caused our government to recognize the Russian Communist government as one we should treat as a long lost brother.

Then when the war ended in which American fighting lads saved the Stalin government from suffering an inglorious defeat, Roosevelt consented to a series of the greatest steals by Russia any nation in the history of the world had ever committed.

The American people had been warned by former President Hoover—but they were fooled by FDR—and now as a result we face another war.

Some reader of The Detroit News, named Mark Wells, wrote a communication for The News a few days ago in which he pointed out the series of events committed by both Roosevelt and Truman which has led up to the present dangerous situation. The communication is worthy of reproduction. It follows:

"Dem's brave words" uttered by Gen. Clay, Secretary Marshall and other American bigwigs, when they told the Russians that we intend to stay in Berlin, where we are surrounded by Russian-controlled territory, and where we are caught like rats in a trap, subject to annihilation any time Joe Stalin gives the nod.

In view of the pitifully small force we have in Germany, and the millions of Russians under arms ready to march, they could not only force us out of Berlin, but out of all Western Europe in a few days.

This would result in massacre, not only of our combat soldiers, but civilian personnel as well, for since Old Joe has not hesitated to murder innocent Russians when it has suited his purpose, why should he refrain from murdering American civilians?

And how we got into this mess is becoming clear as secret agreements have been revealed. Our late President Roosevelt, at Teheran and Yalta, and President Truman, at Potsdam, gave Stalin everything but the kitchen sink.

When the fighting stopped our armies were deep in what is now Russian-controlled territory, but were withdrawn.

Why?

I have seen no adequate explanation for this tragic error. Also why were the Russians given control of the northern half of Korea, the Kurile Islands, Port Arthur and Manchuria?

They were technically in the Japanese war only a few days, and not actually in the fighting at all—the U. S. forces having already won the war. Yet we allowed the Russians control of these territories, thereby creating a virtual devil's cauldron for ourselves and our allies.

In other words, our superb and gallant fighting forces won the war, but our top-level authorities—principally Roosevelt and Truman—gave away the fruits of their victory, threw the peace away, and planted the seeds which now seem likely to bloom into World War III.

But I notice that Senator Barkley, in his keynote speech to the Democratic convention, did not include these shocking and tragic errors amongst his list of achievements of the Democratic Party and its leaders. It is not likely that the GOP-ers will be so forgetful in the coming campaign, so if World War III does come—which God forbid—the public will know who is primarily responsible.

Weekend Horse Show to Benefit Cancer Research

Proceeds from Northville Rotary club's horse show, which begins a three day engagement this evening, Friday, will be donated to Cancer research.

Original plans were to use the funds for a swimming pool, but following the recent death of William Cansfield, Northville editor, the club decided to use the money in the fight against cancer.

The show starts this evening, Friday, at 7:30 p. m., with Saturday and Sunday afternoon programs beginning at 1:30 p. m. and the evening shows on both days also starting at 7:30 p. m.

It will be held at the Northville Riding Academy on Seven Mile road, located just east of Haggerty road, and it is expected that 200 horses will be entered in the various events.

Tickets are available at the Plymouth Mail office.

The schedule of events includes for Friday evening: model hunters, lightweight hunter, model three-gaited, hunters under saddle, pleasure horse class, three year old fine harness, three-gaited 15.2 hands and under, five gaited stallions and geldings, walking horses-mares and five-gaited mares.

Scheduled for Saturday afternoon are: ladies hunter, model five-gaited, junior horsemanship (12 years and under), novice three-gaited, open fine harness, model western, green hunter, western parade, ladies' five-gaited and amateur open jump.

Events planned for Saturday evening are: open jump, ladies' western, touch and out, three-gaited over 15.2 hands, Palomino parade, amateur fine harness, amateur three-gaited, walking horses-stallions and geldings and amateur five-gaited.

Sunday afternoon's program includes: middle and heavy weight hunter, junior horsemanship (13 years to 18 years) knockdown and out, junior fine harness, ladies' three-gaited saddle bred yearlings, Northville Girls horsemanship class, novice five-gaited, walking horses-amateur, junior three-gaited stake and the surry.

The concluding program on Sunday consists of: hunter championship stake, junior five-gaited stake, Morgan stallions, jumper championship stake, Morgans under saddle, three-gaited championship stake, walking horse championship stake and five-gaited championship stakes.

Additional information on the show may be obtained from Mrs. Taft Johnston.

Seventh Summer Concert Tonight

Seventh in a series of eight band concerts will be presented from Kellogg park this evening, Friday, beginning at 8:45. The final performance is scheduled for next week at the same time.

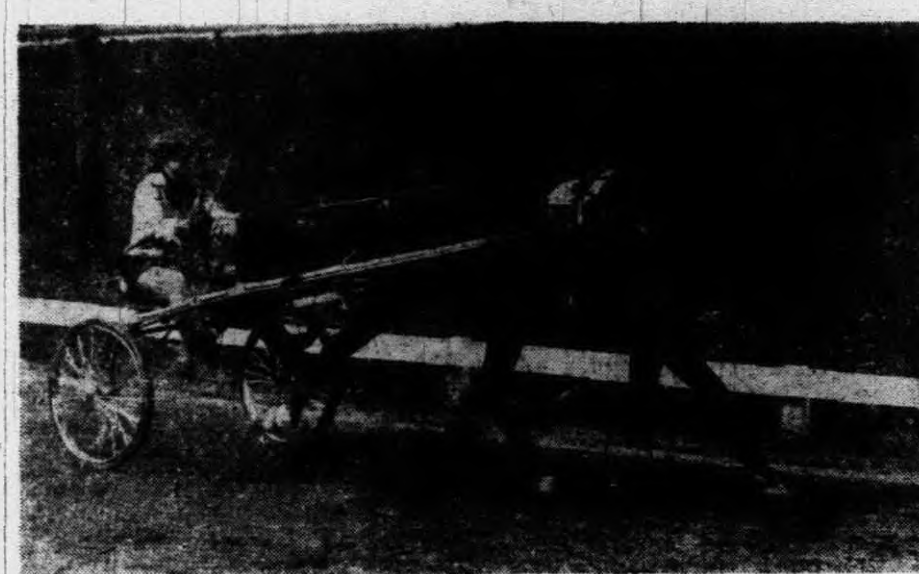

The summer band series, under the direction of Paul Wagner, has so far included a concert given at Starkweather school in conjunction with the Starkweather P.T.A. sponsored ice cream social, and an exchange concert with Ann Arbor, on June 30, in the Ann Arbor shell. It is hoped at the present time that there will be a repeat of the latter before the close of the season.

Last week's program included selections from light opera, several marches, polka and overtures. William Beitner played a trumpet solo, "Jupiter Polka," and was also featured with Ronald and Julian Corey in a trumpet trio, "My Heart Alone," "Deep in My Heart," "Vienna Dreams," the Soussa "Cheerio" march, and the "Carnival of Roses" by Ovil Iddatti, won special ovations.

The final program of the series will feature Doris Waldecker in a trombone solo, marking her last appearance with the group before she leaves in the fall for Baldwin-Wallace college in Berea, Ohio. A trumpet solo and trumpet duet are also among the numbers scheduled for the concluding concert of the Plymouth Summer Band series.

Claude Buzzard of South Main street was honored on his birthday, last Sunday at a family picnic at the home of his daughter and family, Mr. and Mrs. Edmund Yerkes and son, Charles of Northville. Other members of the family attending were, Mrs. Buzzard and Mr. and Mrs. Earle Lewis and children, Patty and Mark.

Plymouth Woman Will Drive At Northville Downs Meet This Fall

Mrs. James Hunt pictured at nearby track.

Feminine harness race drivers are a rarity on tracks throughout the country, but when the Northville Downs season opens next week, Mrs. James Hunt of Plymouth will hold the driving reins of both the Hunts' horses, Belle Neale and Abbe Boy.

Mrs. Hunt has been acclaimed the only woman in this vicinity besides the well known Mrs. Forrest Burright taking part in harness racing.

Although her interest in horses and racing is one of her prime concerns today, she had never ridden, and actually possessed a fear of horses, until after she became Mrs. Hunt. Her husband, racing horse owner and former driver, transmitted his avid interest and knowledge to his wife following their marriage, to the extent that she is a present day winner of recognition for both her showing and harness racing ability.

Mrs. Hunt has carried on in her husband's place at the race track since he was forced to abandon harness racing as a result of injuries received about ten years ago during a race held in Columbus, Ohio. Mr. Hunt's driving career had begun about 40 years ago in Detroit, and his experi-

C. W. Lindstrom Explains Purpose of Chamber of Commerce to Rotary

"If you can visualize the Chamber of Commerce as one man, this man would be a salesman, publicity and public relations expert, community relations counsellor, business agent, community host in conjunction with clubs, and a bureau of information in general."

Charles W. Lindstrom, Chamber of Commerce president, in this way described the purpose of the organization to members of the Plymouth Rotary club last Friday noon.

"As a sales representative," he continued, "the community has its own selling job to do. When an industry or business is convinced that Plymouth is a more profitable, a better place in which to locate, it is a 'plus' to the whole community. Your new C. of C. will, however, temper judgment and long term thinking with real enthusiasm."

Enumerating facts of the city to be publicized, he told that "Plymouth has one of the most beautiful park systems in a country running almost through its city limits. You have everything right here at your front

Saturday Service to Honor D'Haene

Memorial services in honor of Pfc. George O. D'Haene will be held tomorrow morning, Saturday, at 10 a. m. in Our Lady of Good Counsel church.

The body of the young soldier arrived in Plymouth the latter part of May. Services were postponed until his parents, Mr. and Mrs. Oscar D'Haene, could book return passage from Belgium.

His body was taken to the D'Haene home at 11 a. m. yesterday, Thursday, where it will remain until tomorrow morning, Saturday, when The Rev. William Mooney will conduct the memorial service. Burial will be in Riverside cemetery.

Pfc. D'Haene was graduated from Plymouth High school in 1943, and soon after entered the 43rd Construction Engineers branch of the army. He was killed on Manila, February 28, 1945 by a Jap sniper.

Surviving him are: his parents; a brother, Jack; a sister, Marcella; grandfather and aunts in Belgium.

Dr. and Mrs. John F. Olsaver of Maple street will have as their house guests next week, their daughter, Mrs. Jay Walter; and son, Eric of Wheaton, Illinois.

Week Sees Rise in Accident Toll for City, Vicinity

The accident toll for Plymouth and the vicinity took a jump during the past week, with a Saturday mishap, at the corner of South Main street and Ann Arbor road, and a collision Monday morning at Ann Arbor trail and Ann Arbor road which involved James Robison of Plymouth.

Arthur Grounds, driver of a Ford truck, stated that as he was approaching an upgrade on Ann Arbor road, the car driven by James Robison approached, going down the incline on the wrong side of the road. Robison, who received a fractured skull and face injuries, was admitted to Wayne County General hospital.

Saturday's accident occurred when one car attempted to pass another at the intersection, as the driver of the other car simultaneously made a left hand turn. The driver and passenger of one car was thrown out of the vehicle onto the pavement, and later admitted to Wayne County General hospital for treatment of cuts and bruises. One of the drivers was from Willow Run, and the other two from Detroit.

Trailer Concern Operates Here

Operations have been started by a house trailer concern in the building formerly used by the Plymouth Mill Supply on Northville road.

Three men heading the new business organization are: Alfred Reed, Frank T. Dean, and Milton M. Ranick. They will try and incorporate as the Plymouth Trailer company, a report disclosed.

The three have taken over a concern which formerly operated from a site on Telegraph road, and are now initiating a revamping process and changing the location to Plymouth.

Assembling of the house trailers will take place in the Plymouth plant, and as much of the construction as possible. All sizes of trailers will be made, and around 15 men will be employed. Machinery is now being moved into the building.

Operations which will be carried on in the new plant have been described as "not detrimental to the community." The work, a report affirms, will not be noisy or dirty.

Visiting Nurse Service is Year Old

Plymouth's Visiting Nurse service reached its first birthday this month.

It was during the early part of last July that the association, which has been established in Detroit for 50 years, extended its services to residents of the city and township.

Plymouth's visiting nurse is Mrs. Nora Anderson, who was assigned to this area last January. Five days a week since that time she has checked daily at the city hall to receive calls for her service.

Mrs. Anderson is a graduate of Grace hospital in Detroit, and she has been in public health work for a total of 15 years. Her home is in Detroit, and she is the mother of three children.

Establishment of the service in Plymouth took a slow and reluctant start. Mrs. Margaret Belcher, supervisor of the North-western branch of the association, stated this week. In December, however, the calls began to come in rapidly, and have now settled down to an average of 65 visits per month.

An important factor in increasing the demand for care was the association's agreement with the Daisy Manufacturing company to supply nursing care to their sick employees, Mrs. Belcher disclosed.

The visits, she continued, have been made for all kinds of illnesses, acute, short time episodes, and those of long duration. Care to newborn infants and their mothers comprise about one fourth of the 500 visits made to date.

Visiting nurses care is available to all residents of Plymouth and the township, Mrs. Belcher assured. It is sponsored and partially supported by the Community Chest, and because of this, is able to give service to families of all income levels at a fee which it is believed each family can meet.

Mrs. John Considine of Detroit has been visiting her niece, Mrs. Gerald Tobey of Maple street.

Police Issue Warning About Home Solicitors

City Golf Tourney Qualifying Will Start Earlier

The unusually heavy response in the number of entries being taken for the third annual city golf tourney will result in the first three-some teeing off about two hours earlier than they have in the past two years, states Max Todd, pro manager, at Hilltop Golf club, the scene of the annual contest.

Indications are that the addition of a fifth flight this year, wherein 80 golfers may qualify during the qualifying rounds to be played Saturday, August 7, has induced more golfers to enter, says Todd. In the past, only 64 players were able to qualify for the match play rounds made up into four flights.

Under the policy set up for the first time this year, golfers whose aggregate score is around 95 to 100 will have an opportunity to qualify and play for a share of the many valuable prizes and awards that have been made available through the sponsorship of the merchants and businessmen of Plymouth.

Naturally, the entries who qualify to play in the championship flight will occupy the greatest share of the limelight, inasmuch as the winner will take the crown as Plymouth's amateur golf champion. George Todd, winner of last year's tournament, will be defending champion in this season's contest. However, the golfers who will play in the other flights, namely: first second, third and fourth, will be battling away for the trophies and prizes allotted to the winners of those divisions.

While the awards selected for this year's tourney are as yet not complete, some of the prizes that have been selected or donated are as follows: shockproof watch, donated by the Herrick Jewelry store; Parker "51" pen and pencil set; gold cigarette case; set of eight MacGregor "By" Nelson irons; and golf bag; Remington "Blue Streak" auto or home electric razor; set of four Walter Han-

Police records show that previous to the war many thousands of dollars were taken out of the city by house to house solicitors who sold their merchandise on a later delivery basis and that no delivery was ever made. In other cases inferior products were sold and after the salesman had left town there was no way that the purchasers could claim an adjustment.

Since this type of salesman is again operating locally it would be well for local women to first ask the salesman to produce his sales permit from the Plymouth police department before seeing his wares. If the salesman does not have a permit then police warn that they should be especially wary of his merchandise and his intent.

Methodists Buy City's Music Box

The city took its final step in dismantling the Music Box when it accepted a bid for the house which was made by the Methodist church.

Plymouth's recreation commission had formerly used the house as a recreation center for youths of the city. It was closed at the request of the commission a little over a year ago when it was felt that the amount of good being accomplished by the project was small.

The building was originally purchased by the city for use as a library. It was never used for this purpose, however, and about four years ago was set up as a recreation center.

The Methodist church purchased the building for \$5,000.

Chairman Reports on Derby Race

"Entrants for the Plymouth Coaster race are making good progress on their cars," Marvin Partridge, derby chairman, stated this week.

The city derby contest will be held August 21, instead of August 15 as erroneously stated last week.

The inspection committee is already functioning, and their findings further bear out the contention of the chairman.

A practice run will be held next Tuesday evening, August 3, for those with their cars completed, his report continued. It will be held on Mill street hill, just south of Main street.

During the meeting of the entrants of August 10, the boys will view motion pictures of the derby races held in Detroit and Akron last year.

Mrs. Sam Showalter and children, Judy and Jimmy of Wheaton, Illinois have been visiting her parents, Dr. and Mrs. John F. Olsaver of Maple street.

Plymouth housewives were issued a warning today by the police department and the Chamber of Commerce to be wary of door to door peddlers who are again becoming more evident within the city.

Several local calls by the Chamber of Commerce by local women asking for information about products offered for sale, brought about the warning from the police department which called the attention of local residents to a city ordinance adopted here in 1929.

The ordinance prohibits house to house solicitation by salesmen unless they have a written permit from the police department. This ordinance was adopted so that out of town hawkers would establish their identity with local police and also would prove to police satisfaction that the goods they sold would be delivered.

In the last week two different groups of out of town salesmen called at local homes taking down payments and orders for silverware and clothing. In both cases the solicitations were illegal and purchasers of the items have no assurance that the merchandise will arrive.

Local police also report that there have been other reports lately of sales being made to local residents where down payments were taken and no delivery of the merchandise ever made.

So that local residents may have the safety provided by the ordinance, both the police department and the Chamber of Commerce urge local housewives to report any solicitation made at their homes immediately to the city hall by phone and police will respond at once to check the person making the solicitation.

Police records show that previous to the war many thousands of dollars were taken out of the city by house to house solicitors who sold their merchandise on a later delivery basis and that no delivery was ever made. In other cases inferior products were sold and after the salesman had left town there was no way that the purchasers could claim an adjustment.

Since this type of salesman is again operating locally it would be well for local women to first ask the salesman to produce his sales permit from the Plymouth police department before seeing his wares. If the salesman does not have a permit then police warn that they should be especially wary of his merchandise and his intent.

Local Cubs Help Plan for Circus

Cub Scouts from Plymouth are now making ready for the Sun-set district Cubberce, Circus in which they will take part August 8 at the Inkster park section of the lower Rouge Park way, on Inkster road, north of Michigan.

Most all packs in the city will take part, Gerald Tobey, Cubmaster of Pack 5 and committee man for Plymouth, announces. A parade, midway and side shows, in addition to the show under the big top, are planned. All circus acts will be performed by the Cubs themselves, Mr. Tobey discloses.

Registration of the Packs is (Continued on page 2)

Mayflower post 6695 Wednesday, August 4, 8 p.m., regular meeting at the V.F.W. hall, 920 Mill street.
Any organization wishing to have its regular or special meetings, etc., listed should call the Mail, phone 6.

Bridegroom Goes To Hospital

A roadside chat Saturday night almost ended in disaster for Lawrence Perry of South Lyon and his bride of six hours, the former Joanne Bogenschutz of this city.

Mr. and Mrs. Perry and Mr. and Mrs. Clyde Bingham had left Salem after the wedding and were on Pontiac trail heading for South Lyon, when they saw friends from Brighton approaching. They left the car and crossed to speak to them. As they were recrossing the road, another car struck Perry and narrowly missed his bride. Driver of the automobile, William Butler of South Lyon, claims that neither he nor his passengers saw Perry in the dim light.

The young bridegroom was taken to St. Joseph's hospital in Ann Arbor, and was treated for severe lacerations of his right arm and left leg, requiring more than 50 stitches in all, and other cuts and bruises.

Circle D Horse Show is Sunday

Extensive plans have been made by Orville Dudley, owner of the Circle D ranch, and Jack Miller, Jr., of the Millers 101 ranch, to make the Circle D Third Annual Horse Show, Sunday, August 1, better and bigger than the previous two shows.

These two men have spared no details and have gone to great lengths to make this show one of the horse-lovers highlights in the locality.

Trophies, cash prizes and ribbons will be awarded in the various events. These trophies are now on display at Mason's restaurant, corner of Farmington road on Schoolcraft.

James Mason, the Diamond D Saddle Horse ranch, Richard Wilson, Lucille Snyder and Orville Dudley and Jack Miller, Jr., have donated trophies for this much looked forward to event.

The show is scheduled to start at 1 p. m. at the Circle D ranch which is located on Five Mile road, two miles west of Farmington road. Refreshments will be served on the grounds.

Local Cubs Help Plan for Circus

(Continued from page 1)

scheduled to begin at 12:30, and the midway opens at 2:45 with shows and games for everyone. A pot luck supper for those attending will be held at 5 p. m. and at 8:15 the Cubs will prepare for the big parade. The latter begins at 6:45, and the show will take place from 7:15 to 9 p. m.

The public is invited, and no admission fee will be charged, Mr. Tobey states. This is the Cubs first attempt at sponsoring such a program.

ADVERTISEMENT

Sealed Proposals will be received by the City Clerk of Plymouth, Michigan at his office in the City Hall up to 1:30 o'clock P.M., E.D.T. on August 4, 1948, for the following work under Contract No. 6:

Division B Construction of reinforced concrete footings for 250,000 gallon elevated steel tank at Dewey and Byron Streets.

The Drawings and Specifications under which the work is to be done are on file and may be examined at the office of the City Clerk, City Hall, Plymouth, Michigan or at the offices of Drury, McNamee and Porter, Consulting Engineers, Ann Arbor, Michigan, and copies thereof may be obtained from the latter by making a deposit of Ten Dollars (\$10.00) per set. The full amount of deposit will be refunded to bidder for each set of documents upon which a bona fide proposal is submitted. For others Five Dollars (\$5.00) will be refunded for each set returned in good condition within ten (10) days after the bidding date.

A certified check or bidder's bond for a sum not less than five per cent (5%) of the amount of the proposal will be required with each proposal.

The right is reserved by the Owner to accept any proposal, to reject any proposal and to waive irregularities in proposals.

CITY OF PLYMOUTH, MICHIGAN

City Manager & Clerk.

Work Underway on New Homes in City

Building activity in Plymouth continues at a seemingly accelerated pace, as attention is frequently focused on constructions underway.

James Stimpson is building a home on Garfield, south of the George Chute residence. Another home is going up on the same street for Mary Kimble, just north of the Russell Daane home. Development of the Hough subdivision is underway, and work is now in progress of laying the sanitary sewer and water main.

Detroit Newspaper Pays Honor to C. H. Buzzard

Tribute was paid to Claude H. Buzzard, Plymouth, on the event of his 57th birthday Monday, by the Detroit Free Press.

Beneath his picture and words of congratulation, points of his career were enumerated, including the fact that he has been city attorney for Plymouth for three years, and also an attorney for the Pere Marquette railroad.

The article further revealed the fact that he attended Albion college, and is a graduate of the Detroit College of Law.

LOCAL NEWS

OBITUARIES

Frances Theresa Karabelas

Frances Theresa Karabelas, who has made her home with her daughter, Mrs. Clyde Helm of 14180 Stark road for the past four years, died July 24 at Wayne County General hospital after a six month's illness. Mrs. Karabelas, who was 54 years old, is survived by her daughter, Mrs. Clyde Helm, and a son Richard, of Detroit. Rosary was said at 9 p. m. Tuesday, July 27 by Father Zinger at the Sonderegger funeral home. Father Zinger conducted the funeral service at 9 a. m. Wednesday in St. Michael's church, Rosedale Gardens. Interment was at Holy Sepulchre.

Mrs. Susan Elizabeth Bloink

Mrs. Susan Elizabeth Bloink, who resided at the home of her daughter, Mrs. Marie Boehmer at 10894 Wayne road, and who was accidentally hit by an automobile on Sunday, July 23, at the age of 70 years. Mrs. Bloink is survived by her three daughters and three sons, Mrs. Marie Boehmer of Plymouth; Joe Bloink of St. Clair, George Bloink of Plymouth; Mrs. Carrie Eagen of Smith Creek; Mrs. Anna Durand and John Bloink, both of Plymouth; also surviving are her sister, Mrs. Nellie Spillane of Dearborn and seven grand-children, other relatives and a host of friends. Mrs. Bloink has been a resident of this vicinity for the past ten years. She was brought to the Schrader Funeral home, Plymouth. Rosary was said Monday evening at 9:30 p. m. Funeral services were held Tuesday, July 27, at 9 a. m. from St. Michael's church, Rosedale Gardens with Father Albert S. Zinger officiating. The active pallbearers were Messrs. Jack and Robert Caine, Leo Bloink, Zohn Bloink, Henry Boehmer and Don Wade. Interment was in Holy Sepulchre cemetery.

Mrs. Lola Montus Cox

Funeral services will be held this Saturday, July 31 at 2 p. m. from the Schrader Funeral Home, Plymouth for Mrs. Lola Montus Cox who passed away Wednesday afternoon, July 28, at the age of 76 years. Mrs. Cox has resided at the home of her son, Homer Cox at 12618 Middlebelt road, Livonia township for the past six years. She was the wife of the late Manley Cox. Surviving are her two sons and five daughters, Mrs. Nell DeMoss of Madisonville, Kentucky; Mrs. Mary Jane Donahue and Nannie Turley, both of Detroit; Homer Cox of Plymouth; Mrs. Lola Majors of Detroit, Mrs. Pauline Reece of Florida and Wilson Cox of Van Dyke, Michigan. She was the mother of the late Lemmie Cox; also surviving are two sisters, Mrs. Nola Hudson of Madisonville, Kentucky and Mrs. Mary White of Illinois, and her brother, Giles Hewlett of Madisonville, Kentucky; 16 grand-children and ten great grandchildren, other relatives and a host of friends. Mrs. Cox was a member of the Christian Church of Hanson, Kentucky. Rev. Long of Detroit will officiate. Interment will be in Roseland Park cemetery, Berkeley, Michigan.

Junior Tourneys Will be Held on August 17, 18, 19

The annual State Junior baseball tournament will be held August 17, 18, and 19. Class D and E will play in Dearborn and Class F, the midgets, will play in Pontiac. A team will be sent from the Western Wayne league to the D tourneys and a squad will go to Pontiac from the Little Rock league.

Last season the Western Wayne league, which was operating as an E league, sent the Wiedman Cardinals to Dearborn. The Cards lost 8-7 to Inkster in an extra inning affair. Plymouth was not represented in the D or F divisions last year.

The tournament will be under a one game knockout basis and five innings shall constitute a tournament game if rain or darkness interferes. Championship teams will be limited to 15 players. These teams must represent bonafide leagues of at least four teams. Teams must have played at least five games before August 6. Eligibility lists must be certified by the local recreation executives.

Three extra batterymen may be taken to the tournament. These must be members of teams in the same league. They will not be eligible to play any other position and must be designated on the eligibility list.

Each team has to bring three new balls and each team has to pay a \$10 forfeit fee. Teams shall pay their own traveling and living expenses.

No registered American Legion team will be eligible to participate in any division of this tournament.

Pairings for Class D will take place in the City Hall at Dearborn, August 9, at 10 a. m. The Class F pairings will be in the Recreation Office, City Hall Annex, 35 Hill street, Pontiac, August 9, at 10 a. m.

Recreation Notes

The shuffleboard tournament at the Central playground is coming to its conclusion. Monday or Tuesday Larry Wilhelm is to play Bobby Stout for the right to meet Jim Wells for the shuffleboard championship.

Monday afternoon an arts and crafts class will be held in the Recreation office in the city hall from 2 to 4:30 p. m. Those planning to attend are asked to bring a bar of soap and peanuts with the shells still on.

The recreation department is pleased to report that attendance at the Forest-Sutherland playground has increased. The children in that area are taking advantage of the playground.

Last Monday movies were shown at the Starkweather playground by Dick Crocker. The movies included cartoons and comedies.

Due to the lack of attendance the supervision of the Farmer-Arthur playground has been discontinued. Phil Bosman, the supervisor at this playground, has been moved to another location.

Table with 4 columns: Team, W, L, Pct. Contractors 7 1 .875, Bud Wilson 7 2 .778, Plymouth Grill 5 4 .556, Dunn Steel 4 5 .333, Liberty Street 2 7 .222, Allen Industries 2 7 .222

Deadline for classified ads., Wednesday 5:00 p. m.

Golfers Register for Tournament

Golfers of the city and surrounding territory sign up with Max Todd, pro-manager of Hilltop Golf club, for the annual city golf tournament which will begin August 7. Left to right are: Max Todd—chairman in charge of the tournament, John Palmer, George Todd—defending champion, Jerry Engle, Lee Card, George Kenyon, James Meyers, Bill Darnell, Walter Patrick, and Frank Heike.

Play Day Slated For Next Friday

All children of Plymouth are invited to attend the recreation department's play day on Friday, August 13. Many varieties of games will be played on this special children's day at the Central playground from 1 p. m. to 5 p. m.

The start of the program will be marked by a parade of the children. Those who are interested should dress up in make-shift costumes. Prizes will be awarded to the children with the prettiest, funniest, and most original costumes.

Following the parade there will be a softball game for the boys and a kick ball game for the girls. Relay races will be run for the children under 12 and 8. A sandbox will be provided for children under 8. Special races are scheduled for the age groups of 14-12, 12-10, and 10-8.

All children may enter the paper doll contest and the arts and crafts contest. Other games slated to be played are Noah's Ark, team dodge ball, an orange battle, and a bubble gum contest. For further information children are asked to contact their playground leaders.

Joe's Jottings

by Joe Miller

Two 1948 graduates from Plymouth High school, Jack Dobbis and Jerry Allen, have been playing first base for their respective teams in the Inter-County League. Jack played second and third in his school days at Plymouth, but he has now turned to the initial sack for the First National Bank team. Jerry, who has always played first base, guards that position for Daisy. In high school these fellows excelled in the three major sports, football, basketball and baseball.

Last Monday night in the Plymouth Hardware-Beglinger Oldsmobile contest, there was not a score until the fourth inning when two homers broke up the pitching duel. Don Huebler blasted a homer for Olds with a man on base to give Olds a temporary lead, but in the last half Bill Epps slammed a circuit-clout with Herter on base to tie the game which Olds eventually won.

The softball tournament scheduled for Plymouth in mid-August is the first of its kind ever held in Plymouth. The big event takes a lot of preparation, as Herb Woolweaver and Ralph Johnson can attest to. There is much work involved finding living and eating accommodations for the many players who will compete in the tournament.

Monday evening at 7 p. m. in the city hall a meeting is to be held of the managers of the Old Timers' and Girls' league teams with a 500 percentage or better. The meeting is for the purpose of playoff pairings and dates. The two leagues will begin their playdowns Tuesday, August 3.

Young Plymouthites Learn To Swim

Miss Delores Loewe, assistant athletic director, instructs a group of Plymouth children in the art of swimming.

The city's swimming program is one of the most valuable in the recreation system. Not only is it good recreation, but also furnishes valuable information on how to prevent swimming accidents.

On an average of 120 youngsters have been going to the Rouge pools on Tuesday and Thursday mornings. They are transported in three busses which leave the high school at 8:45 a. m. and return at 12:30 p. m. Miss Delores Loewe, assistant athletic director, who acts as swimming instructor, has had vast experience in teaching swimming. She has taught the sport to Detroit Girl Scouts for five years, has taught at the Highland Park YWCA for two years, and has been doing waterfront work at summer camps for three years.

Plymouth Tournament to Include Possible 26 Ball Clubs from State

A possible 26 teams will be entered in the forthcoming Class B softball tournament to be held in Plymouth Friday, Saturday and Sunday, August 27, 28 and 29. Championship teams from all over the state of Michigan will be entered. Three high school diamonds, the Daisy diamond and DeHoCo diamond will be used for the tournaments.

The drawing for the tournaments will be held Saturday, August 7 at 7 a. m. in room 204 of the city hall. The tournament will be run on a two game knock-out basis. The player limit is determined by the individual city rule. Two extra players may be added to complete the roster of the team. They must be from the same league and class that represents the city.

A meeting of all team representatives will be held Friday, August 27 at 3 p. m. in room 204 of the city hall, Plymouth. This is a must. The team has to be represented at this meeting. The draw system of play will be used throughout the tournament. Drawing for pairings will be held after each round with winners playing winners and losers playing losers. Byes will be drawn first in all cases with all teams alive who have not had a bye eligible to draw though the bye makes two teams meet again.

Cards Lose to Harold Dietrich, Then Win Costly Game From Sox

Bowing to Wayne last Friday 8-3 the Wiedman Cardinals dropped out of first place by a half a game.

Each team tallied two runs in the first inning, and then there wasn't another score until the seventh and Wayne took a 1 run lead. They came back with four more runs in the eighth to sew up the game. Bidwell hurled for the winners and Jack Scheel was the losing pitcher for the Cards.

A costly game was won by the Cards last Tuesday as they defeated the Red Sox 4-1, behind the seven hit pitching of Jack Scheel. However, the Cards lost their star second baseman, Dick Farwell, for an indefinite period when he suffered a badly sprained leg attempting to score. This injury plus Bill Stout's abscessed leg has greatly weakened the Cards for the stretch run.

In other games Tuesday, Wayne kept their first place margin, defeating Livonia Recreation. The Livonia Firemen crushed the Daisy nine 14-7 and on Monday they defeated the Plymouth Red Sox 7-4.

This evening on the Riverside diamond at 6:30 p. m. the Wiedman Cards face another tough foe, the Livonia Firemen. Then next Tuesday, August 3, Wayne meets the Cards at Riverside in a game that means a lot to both clubs. If Wayne wins the path is clear to the tournaments at Dearborn.

Girls' League Standings table with 4 columns: Team, W, L, Pct. Daisy 9 2 .818, Rosedale Gardens Bty. 9 2 .818, DeHoCo 5 6 .455, Twin Pines 3 7 .300, Cloverdale 1 10 .091

The average ground water level in June was higher than in eight of the preceding 13 years of record in northern lower Michigan in spite of a decided drop from the levels of the previous month following a three-day dry spell. Ground water level records are maintained by the conservation department geological survey at 43 shallow wells in the watersheds Au Sable, Muskegon and Manistee rivers.

Final accounting for 1947 hunting licenses shows 394,403 persons, gun hunters and archers, residents and nonresidents, bought licenses last season to hunt deer in Michigan. In Glasgow, Henry Strachen got mad at an Alsatian dog, made news.

Leads Men's League

Nick's Bar team, left to right, front row: B. Ligger, G. LaRue, D. Dunn, B. Beutal, J. Kapanowski. Standing: C. J. Ligger, G. Craigie, B. Lula, F. Thompson, W. Loudeau, T. Woods, J. Linn. Absent are: G. LeTourn, B. LaRue, R. Weinst, R. Dunn, G. Lillie.

Playoffs Begin For Inter-County

Eight teams will open the elimination series in the Inter-County league's Class A division next Sunday, following the closing of its regular season last Sunday.

The eight teams are Eddie's, First National, Local 142, Sellgren, Rippy's, Romulus Air Base, E and L Transport, and local 600.

In the class B division play, Plymouth Utilities won their tenth game of the season by white washing St. Francis Xavier 11-0. Hartner pitched all the way for the winners, allowing two hits.

Allen Industries came up to the .500 mark as they defeated Wolverine 7-4. Wolverine tallied four times in the first inning but Allen came back with three runs in the second and two more in the fourth to take the lead and the game. Whitaker and Perry hurled for the winners. The B division starts their playoffs August 15.

Sunday, Utilities meets Trenton at the Riverside diamond at either 3 p. m. or 1 p. m. Plymouth Allen plays league leading Grandale at Northville's Cass Benton diamond at 3 p. m. The manner in which Allen has been playing lately they might give the league leaders a rough afternoon.

Final Class A Standing Bracket 1 table with 4 columns: Team, W, L, Pct. Eddie's 12 2, First National 10 4, Local 142 8 6, Sellgren Buick 8 6, Daisy 7 7, Northville 5 9

Class B Inter-County Standings Bracket 2 table with 4 columns: Team, W, L, Pct. Grandale 13 1, Clarenceville 11 3, Utilities 10 4, Wayne 8 6, Al Roger 8 6, Allen Industries 7 7, Trenton 7 7, Garden City 6 8, Wolverine 5 9, Wallaceville 5 9, New Hudson 4 10, St. Francis Xavier 0 14

Beginning this week is the first in a series of pictures of teams which lead the city's ball leagues at the midway point of the tournament.

Nick's Bar, pictured above, has played in a sensational style this summer to be at the top of the Men's open softball league with the strong DeHoCo outfit.

The two pacesetters have played each other twice with each scoring a 2-0 shutout victory. If Nick's can keep up their strong pace they could easily be the Plymouth representative in the softball tournament in mid-August. Nick's have won 14 ball games while losing only one game to DeHoCo.

Braders Win To Remain Unbeaten

In the best played game of the entire Little Rock season, the Northville Braders edged the second place Yanks 3-0 last Monday. The Yanks were limited to two hits by Rowe and the Braders were able to garner only four safeties off of David Finney. The Braders are now two full games in front of the Yanks and the Plymouth Mail nine.

In other games Monday, Plymouth Mail defeated Great Americans 14-6 and the Firemen swamped Arscott 23-10. Last Thursday the three game Little Rock schedule was rained out for the first time this year.

Little Rock League table with 4 columns: Team, W, L, Pct. Northville Braders 7 0 1.000, Yanks 5 2 .714, Plymouth Mail 5 2 .714, Firemen 3 4 .428, Great Americans 1 6 .143, Arscott 0 7 .000

Daisy Eliminated By Bank Team

Daisy was eliminated from the play-offs Sunday by the First National ball team which edged them out by a score of 10-5.

Don McSween was the starting hurler, and George Molnar took over the pitching in the fifth inning when the score was tied at 5-5. Daisy had runners on first and second, with one out. He gave up only one hit in five and two thirds innings.

Bill Crisovan was the leading hitter, getting three hits at four times at bat. Next Sunday the play-offs start, and it will be a two game knock out. The Bank team meets Local 142 at Riverside park at 3 p. m.

Phone local items to 1755.

Four Teams, Nick's, DeHoCo, Olds and Daisy Likely to be in Playoffs

It is beginning to appear that four teams will be entered in the Men's Open playoffs. DeHoCo, Nick's, Olds and Daisy are above the .500 mark with the latter one game above the mark. Daisy has to maintain a .500 percentage in remaining games to enter the playoffs.

Nick's Bar remained in first place on Monday, July 26 when they defeated a stubborn Evan's team 4-3. The losers gave Nick's a scare in the seventh by scoring two runs and having the tying run on second base. The same evening DeHoCo whipped the South Side Merchants 11-0. DeHoCo and Evan's still have to make up a game that was scheduled for July 19 at DeHoCo.

Tuesday, July 27 Daisy went one game above the .500 mark as they defeated South Side 11-1. Marshall pitched a four hitter for the winners. Last Monday Olds won from Plymouth Hardware 15-9. Don Leichtweiss was the winning pitcher although he didn't finish the game in the box as he was shaken up in a play at home plate.

The regular season for the men will terminate August 9.

Last Friday evening South Side Merchants defeated Allen and Locke Ford dealers of Northville 6-4. Nagy pitched for the Merchants. In the feature game Ypsilanti Motor State skinned by the Daisy men 3-2. Gagon hit a home run for the visitors.

Men's Standings table with 4 columns: Team, W, L, Pct. Nick's Bar 14 1 .933, DeHoCo 13 1 .929, Beglinger 10 5 .667, Daisy 8 7 .533, Plymouth Hardware 6 9 .400, South Side 3 12 .250, Evan's Products 2 12 .167

To the end of June, the first month in which nonresident sport fishing licenses are sold in volume, the conservation department issued 10 per cent more annual nonresident licenses and 8 1/2 per cent more temporary nonresident licenses than to the same date a year ago.

Deadline for classified ads., Wednesday 5:00 p. m.

Four Teams Can Qualify for Old Timers' Playoffs

With playoff time at hand in the Old Timer's league, three teams, Contractors, Bud Wilson and Plymouth Grill, have clinched playoff positions with one other squad, Dunn Steel, having a chance to qualify for the play-downs.

The latter had to win last Wednesday to enter the charmed circle. The playoffs will start next Tuesday evening.

Plymouth Grill has been the outstanding team in recent weeks by copping their last five tilts after they had lost their first four starts. Monday, July 26, the Grill just got by Dunn Steel 17-16. The winners scored nine runs in the third inning with the aid of Spear's two home runs.

Dunn Steel also lost to the Grill on Tuesday, July 20, by the score 9-1. The same evening Bud Wilson advanced to within a half game of the league leading Contractors when they swamped Liberty Street Hardware 20-7.

Schedules Set For Playgrounds

The following is the schedule of the playground activities from August 2 through August 6.

Monday: Central, Starkweather, Forest-Sutherland - 10 a. m. to 12 noon, free play and sand-box; 1-2 p. m. story hours; 2-3 p. m. street showers; 3-5 arts and crafts, organized games, singing. by REV. ROBERT H. HARPER
Baruch the Scribe
Lesson for August 1: Jeremiah 36: 4-8, 17-24, 32.
Memory Selection: Psalms 119: 105.

JEREMIAH was one of the greatest and one of the most unpopular of Hebrew prophets. Tender as a mother, he could weep over his erring people; brave as Savonarola, he could bring his message of doom against an apostate nation.

Unable to get a hearing as a speaking prophet, he dictated his message to Baruch, the scribe. When the faithful secretary read the message in the temple, the princes of the court sent Jehudi to bring Baruch before them. They asked about the origin of the roll and said they would bring it to the attention of the king. They advised Baruch to go, with Jeremiah, into hiding.

As Jehudi read from the roll, Jehoiakim, the despotic king who was mis-ruling Judah, cut off the portion read and cast it into the fire. This was continued until the whole of the roll was burned. Thus did the wretched ruler think he could stay the operation of the divine law. He and his people were going to ruin and reducing the roll to ashes did not stop the nemesis of national wrongdoing. The flame did not touch the devoted mind of Jeremiah and he reproduced the words of the roll and made additions.

Think now of how great a part the humble scribe, Baruch, had in preserving the word of God through Jeremiah. True to Jeremiah and true to God, Baruch kept the record clear and preserved it for the ages.

FIRST CHURCH OF CHRIST SCIENTIST
Sunday Morning Service, 10:30 a. m. Sunday School, 10:30 a. m. for pupils up to 20 years. Wednesday evening testimony, 8 p. m. "Love" will be the subject of the Lesson-Sermon in all Christian Science churches throughout the world on Sunday, August 1. The Golden Text (1 John 4:16) is: "We have known and believed the love that God hath to us God is love; and he that dwelleth in love dwelleth in God, and in him." Among the Bible citations is this passage (John 4:7,8): "Beloved, let us love one another: for love is of God; and everyone that loveth is born of God, and knoweth God. He that loveth not knoweth not God; for God is love."

Look! It's Kelvinator's Amazing New "Automatic Cook"

5 models from which to choose. \$159.95 to \$319.95

- Cooks whole meals with no one — not even you — in the kitchen! Just set it and forget it — take the afternoon off! The "Automatic Cook" turns current on, times the cooking, turns the current off when dinner's done to perfection!
- Wonderful new "Top-O-The-Range" Control Panel — recessed and set on an angle — makes controls ever so easy to read and use! Signals light when units are in use!
- New "Up-Down" unit's better than magic! Down, it's a deep-well cooker... up, it's a 4th surface unit! Can be controlled by "Automatic Cook" in either position. There's a pressure cooker available, too, that fits the deep-well!
- Handy Appliance Outlet also controlled by the "Automatic Cook." Perks your breakfast coffee... while you snooze! A second appliance outlet controlled by Minute Timer.
- Huge Broiler Oven holds a 25-lb. turkey easily!
- Large Warmer Drawer keeps dinner warm and appetizing for latecomers!
- Electric-Fast Surface Units that tilt up... stay up, for easy cleaning.
- Saves accurate heats... from simmer to extra-fast... on all surface units!
- Come in and see this miracle "range with a brain"... today!

Supply of Natural Gas Reinforced

In a spectacular move to reinforce the natural gas supply of Plymouth and other Michigan communities, the Michigan Gas Storage company, a subsidiary of Consumers Power company, has begun injecting "trainloads of gas" into its Winterfield storage field in northwest Clare county. Division Manager David L. Brown, announced today.

Underground storage of propane gas, something new in the gas industry, is the most important of several steps taken by Consumers and Michigan Gas Storage to offset shortages in pipeline deliveries of gas from Texas and thus avoid the necessity of interrupting service to industrial customers during the coming winter. These special steps will cost the company \$3,000,000 which is about \$1,600,000 more than the same amount of gas would have cost under ordinary conditions.

The Michigan Public Service Commission recently authorized Consumers to "pass along" this extra amount of \$1,600,000 to customers using more than 2,500 cubic feet of gas per month. It will take the form of a surcharge on monthly bills. This surcharge will apply to about 100,000 of the company's 270,000 natural gas customers, including practically all industrial, commercial and house-heating customers. Most household customers who use gas only for cooking and water heating will not be affected.

The first of a procession of 1,200 railroad tank cars bringing liquid propane from Texas began arriving a few days ago at the company's new siding at Pennock, an old timber camp sta-

MAYOR MCGUP . . . By J. Jarvis

MAYOR MCGUP IS GOING TO SELECT AND CROWN THE BEAUTY CONTEST WINNER!

SHE'S MAYOR MCGUP'S NIECE!

tion a mile and a half north of Temple. Cars are expected at the rate of 12 per day for a 100-day period ending October 15. Then there will be a six-weeks interval, after which three cars a day will come in throughout the winter.

A 30,000-gallon receiving tank and equipment for unloading the propane have been installed at the siding. The liquid propane is withdrawn into the receiving tank, then pumped four and a half miles to another 30,000-gallon tank at the company's Muskegon River Compressor Station in the Winterfield storage area.

To this point, the propane remains in liquid form. When it leaves the second receiving tank it is pumped through heat exchangers, where its temperature is raised to the vaporization point. Then it is pumped to a tower to be mixed with heated natural gas and air. In its liquid form the propane contains 2,526 heat units per cubic foot. The combination of natural gas and propane gas that leaves the mixing tower has the standard natural gas Btu. content - 1,000 per cubic foot.

This mixture is introduced into the regular stream of natural gas flowing into the storage field through pipelines from the Hugoton field in Texas, Kansas and Oklahoma. It then is carried under pressure into the underground formation of the field. The underground storage area contains no caves or hollows. It

consists of a sandstone stratum from 1,300 to 1,400 feet below the surface. This sandstone is about 15 per cent porous, and it is in the pore space that the gas is contained.

The 1,200 railroad tank cars in the original procession will bring 12,000,000 gallons of liquid propane. This will be converted into the equivalent of a billion cubic feet of natural gas. Tank cars arriving between December 1 and April 1 will bring the equivalent of an additional 300,000,000 cubic feet.

Liquid propane is being obtained from various parts of Texas. It is produced in either of two ways - by extraction from natural gas or as a by-product in oil refining processes. To keep it from turning to gas en route to the storage field it is kept under pressure in the tank cars.

Purpose of the storage project is to build up a reserve of gas against next winter's needs. The propane gas now going underground will emerge a few months hence and travel via pipelines to communities supplied with natural gas by Consumers Power company, of which company, Michigan Gas Storage is a subsidiary. These communities include Flint, Lansing, Saginaw, Bay City, Pontiac, Jackson, Kalamazoo, Owosso, Royal Oak, Mt. Clemens, Marshall, Alma, Hastings, Ionia and more than 200 others. However, the percentage of propane gas in the mixture delivered to the customer will be small, never exceeding 15 per cent.

When the supply of standard picnic tables ran short at Sleeper state park, park men began assembling temporary tables from salvage lumber. The sound of hammering brought campers running, and as fast as a table was put together it was hauled away. At one time the waiting line at the table construction spot had 10 campers in it.

The fastest way to get action is to use Plymouth Mail classifieds.

ABOVE THE HULLABALOO

BOYCOTT OF BRITAIN

IT is of vital importance to the United States, and to the rest of the non-communist world, that there shall be no rift in their present united front. We are involved in a "cold war" with Russia and our one hope of winning it—or a "hot war"—is to maintain a solid bulwark against the advance of the Asiatic conquerors.

Except for ourselves, the strongest link in the anti-communist coalition is the British Commonwealth; and it is for this reason that the agitation to boycott Britain must be stopped at all costs. These attacks against our only powerful ally appear to emanate from hitherto little known groups of militant Zionists. The sincere Zionists and their real friends—of which there are millions in this country—abhor this movement which is already beginning to react against their cause both in Washington and elsewhere.

Recently a two page advertisement of "Sons Of Liberty Boycott Committee" appeared in a New York newspaper. This advertisement is in the form of "A Petition To Harry S. Truman President Of The United States", urging him "to take immediate action instructing the administrator of the European recovery program to withhold all funds allocated to Great Britain until the British government shall cease its secret instigation and open support of the Arab attack upon the State of Israel."

Doubtless without meaning to do so, this advertisement nevertheless constitutes an attack upon the whole structure of our plan to check the Red advance in Europe. If its proposals were carried out they could cause a rift which could result in the overthrow of the present governments of our continental allies. It offends all the better elements of the serious Zionists, and will doubtless drive some of their sincere friends into an opposite camp.

The Jewish Homeland movement is popular with millions of Americans of all races and religions, and this ill-conceived agitation must be stopped at once if it is not to do irreparable injury to this cause and harm to the united front which is so essential to America and her allies. It is incumbent upon the real Zionists to call the halt.

In Santa Barbara, Calif., burglars made off with \$100 from a shoe store, left behind \$300 worth of burglar tools.

THIS WEEK IN Washington

Political observers here declare that President Truman's epoch-making call for a special session of Congress July 26 has for the first time put the Republican leadership on the defensive in the 1948 campaign and the result is that the Truman stock, both within the Democratic party and the nation-at-large has been given an impetus which has sent it soaring from the low depths of several months ago.

As a matter of fact the Truman popularity rise became manifest immediately after his western trip and the national polls immediately prior to the opening of the Democratic national convention indicate his chances have shot up from 33 percent to 52 percent.

His daring action at Philadelphia in challenging the Republicans to make good on their 1948 platform pledges during this special session, and his fighting speech of acceptance has had such an exuberant and unifying effect on the Democratic party that even revolting Southerners left the convention in a chastened and mollified frame of mind.

The general topic of discussion here after the GOP leadership answered the President's dare, is can, or will the Republican-controlled congress meet the challenge. If they do, as has been pointed out in this column previously, it will be the first time in political history that the voters have witnessed platform performance, instead of platform promise prior to election day.

The new, fighting, confident Truman with the veteran Alben Barkley by his side, from adjoining states, Missouri and Kentucky, has certainly leavened the hotly protesting Southerners even since their weak walk-out at the Philadelphia convention.

While there are still some "bitter-enders" among the southerners, some are already counselling against a general southern revolt against the party. This is partly due to fear of losing seniority standings on congressional committees, and partly due to the fact the leaders from the South realize they have no place else to go, except a heading determined attempt to wreck the Democratic party.

A large car skidded to the curb in front of the Capitol in Washington, and a well-dressed tourist couple hurriedly got out. After quickly surveying the surrounding scene, the man said: "All right, dear, you do the outside, and I'll take the inside. We should be through in a half an hour."

In Philadelphia, Raymond Palmer happily confessed to police: "I did it! I did it! It's something I've wanted to do all my life!" He had just smashed a plate-glass window.

Even so, political observers here declare that with the President varying his campaign into every Southern state, the first time such a thing has happened in modern political history, he will win the South rank and file vote over anyone the South could produce as his opponent.

Since this is a special session of the 80th congress, all bills remain in status quo. For instance the Taft-Ellender-Wagner housing bill, already passed by the senate, could be picked up from there and passed by the house. It will not be necessary to start new bills from scratch through the legislative routine. It is for this reason that the President declared congress could "finish their job" in 15 days if they want to.

HERE ARE THE ISSUES upon which the President says he has time and again demanded action and for which he has called congress back so the GOP can carry out the pledges made in their platform—federal aid to education . . . civil rights . . . extension of social security and increase of benefits . . . a national health program . . . adequate measures to bring down high prices . . . increase in minimum wages . . . public and low-cost housing . . . and funds to increase public power for cheap electricity.

The President's message to the special session, while it included a few other items, held mainly to the subjects which the GOP platform pledged the people to accomplish.

Politically, there is no question but that the President has placed the GOP leadership on the spot. No less has he placed on the spot those Democrats in both houses who have refused to go along with his program in both the 79th and 80th congresses. There is some indication however that both Democrats and Republicans are in a more chastened mood since they have contacted their home folks during the interim between the adjournment of the regular session and the convening of this special session. Especially they have found out that high living costs is the chief issue in this campaign on the domestic front, or on either front, since there is not supposed to be controversy over the supposedly bipartisan foreign policy.

Erosion Isn't All On Next Farm

Erosion taking place over the fence on the neighbor's farm always looks worse than that occurring on your farm. That is the observation of R. G. Hill, secretary of the state soil conservation committee and Michigan State college extension specialist.

"The small 'bite' of soil removed by each rain is not noticed until after a time when thin grain, short corn or light hay becomes noticeable", Hill commented.

He suggests that it would pay every Michigan farmer to take a half-day after a heavy rain and make a foot tour of his farm. It may suggest to some of them, he thinks, that all of the erosion isn't taking place "across the fence."

If you have a social item you desire published in The Mail phone 1755.

You should remember that though another may have more money, beauty, brains than you; yet when it comes to rarer spiritual values such as charity, self-sacrifice, honor, nobility of heart, you have an equal chance with everyone to be the most beloved and honored of all people.

VanDyke is Honored by National Organization

Fred Van Dyke, of Plymouth, a representative of the Mutual Life Insurance company of New York has earned membership in his company's National Field club, according to Herbert A. Cavanagh, manager of the Detroit agency.

In order to qualify for the club, composed of the Mutual Life's outstanding representatives, Mr. Van Dyke had to meet certain production standards while exemplifying the highest ideals of service to his clients.

In Shirley, Mass., the Rev. Ray Meserve politely requested the "godly" to stay away from his special "sinners only" church service, therupon had the biggest attendance since Easter.

News In The World of Religion

By W. W. Reid

The Methodist church today has 13 new bishops, elected within recent weeks, taking places left vacant by retirements, deaths through the past four years, and two newly created episcopal residences. The new bishops and the cities from which they will oversee the work of the churches are: Glenn Phillips, Denver; Gerald Kennedy, Portland, Oregon; Donald Tippett, San Francisco; Richard C. Raines, Indianapolis; Hazen G. Werner, Columbus; Marshall Reed, Detroit; H. Clifford Northcott, Madison, Wisconsin; J. W. E. Bowen, Atlanta; Marvin A. Franklin, Jackson, Mississippi; Roy H. Short, Jacksonville; John Wesley Lord, Boston; Lloyd C. Wicke, Pittsburgh; Dana Dawson, Topeka, Kansas.

etc. Every member of the parish is pledged to work to raise funds.

"In the name of the unspeakable agonies and frustrations of two World Wars, in the name of that third which must not be, we beg you at Amsterdam to speed the day in which the kingdoms of this world shall become the kingdom of our God and of His Christ." So wrote Miss Tracey D. Mygatt, American secretary of the "Campaign for World Government", an international organization, to each American delegate attending the Assembly of the World Council of Churches in Amsterdam, Holland, this summer. Urging upon the church leaders that rampant nationalism contravenes God's redemptive purposes, and declaring that as yet the United Nations Charter is based on the sovereignty of the nation-states, Miss Mygatt says: "We urge you to endorse the building of a federal world government. We hold that this must be universal, democratic, non-military, with law enforcement upon the guilty individual as in our own federal pattern. . . . Universal, democratic world government is the political implementation of our Christianity."

The members of the Bethlehem Reformed church, near Albany, New York, believe that if their summer plans work out they will be \$21,000 richer in the autumn than they are now and they will be able to go ahead on plans for remodelling the sanctuary in which the worship. There is an amplification of the well-known "Lord's Acre Plan." The farm-members will, of course, raise extra crops for the church, but the women will be busy too. They plan to do a lot of canning; others will sew aprons; while the girls will serve as baby sitters, and the boys will mow lawns in town.

Sweden is the caravan composed of Walter Christian Eyster of Oshkosh, Wisconsin, as counselor; Miss Nellie Frances Howard of Montgomery, Alabama; Miss Mildred Adele Smith of Greenville, South Carolina, and Robert Brihan of Kerrville, Texas.

"The argument for giving today does not lie in comparative figures of income, or in statistics of per capita giving, rebuking as these may be," says Dr. A. H. Lamouze, president of the United Stewardship Council. "The argument for giving today lies in the terrific need of millions of human figures, our brethren after the flesh, all over the world, who in their hunger watch us eat the bread of plenty, and in their homelessness and nakedness see us housed and clad in comfort. The only answer to the argument of need lies in our personal response to the command of Jesus, 'Freely ye have received, freely give' . . ."

What we have received as Americans have come to us at a cost—the cost of the sacrifices of the past generations, and the suffering and death of many in our own times. How much of what we receive will we give?"

The fourth National Assembly of the United Council of Church Women will be held in Milwaukee, Wisconsin, from November 15 to 18. Every woman who is a member of a Christian church is invited to attend.

When down in the mouth remember Jonah—he came out all right! —Discovered among the papers in Thomas A. Edison's desk

Brosse Arrives in Cuba Aboard USS Missouri

John J. Brosse, seaman apprentice, USN, son of Richard F. Brosse of 40707 Five Mile road, arrived in Guantanamo Bay, Cuba Thursday, July 22, aboard the battleship USS Missouri.

The ship docked in Cuba following a three-week cruise that took the crew to Lisbon, Portugal; Nice, France; and Algiers, Algeria.

The "Mighty Mo", as the famous battlewagon is termed by her crew, was part of the Midshipmen Practice Cruise Squadron of 13 ships.

Nicholson - Wooster Rites Read at Saturday Ceremony

Gwendolyn Margaret Nicholson, daughter of Mr. and Mrs. Fred Nicholson of Farmington Hills, became the bride of William Ernest Wooster, son of Mr. and Mrs. Ernest Wooster of Rosedale Gardens, at a 6 p.m. ceremony on Saturday, July 24, at Grace Presbyterian church, Detroit. The Rev. Townsend read the double ring rites before a candlelit altar decorated with white gladioli. The junior choir, which formerly was directed by Miss Nicholson, sang "I Love You Truly", "Tell Me Why", and the "Lord's Prayer".

The bride, who was given in marriage by her father, wore a white satin gown with a lace yoke and sleeves. The hoop skirt, which ended in a long train, was caught up by bows of the satin to reveal a lace underskirt. Her blush veil was trimmed in lace and she carried white roses and stephanotis.

Beatrice Globke of Detroit, the maid of honor, wore a lavender marquisette dress, a matching a headpiece trimmed with satin streamers, and carried yellow roses.

The bridesmaids, Phyllis Stoll of Detroit and Dorothy Sedick and Peggy Brooks of Royal Oak, were gowned in pale green marquisette dresses fashioned like that of the honor maid, had matching headpieces, and carried pink roses.

A cousin of the bride, Judith Cawker of Royal Oak, was the flower girl. She was dressed in yellow marquisette styled like the other attendants' gowns, and her bouquet was of yellow roses and blue hyacinths. The ring-bearers were Bryan Bauthman and Dennis Nicholson.

The best man was Harry Wooster, brother of the bridegroom, and the ushers were Wallace Nicholson, brother of the bride, and John White and Earl Howie of Detroit.

The bride's mother wore a floor length gown of lavender lace and an orchid corsage. Mrs. Wooster, mother of the bridegroom, wore a coral floor length dress and her flowers were gardenias.

After the ceremony a dinner dance was held at Botsford Inn for 150 relatives and friends. Out of town guests came from Miami, Florida and London, Ontario.

Mr. and Mrs. Wooster left for a two week's motor trip to Miami. For traveling Mrs. Wooster wore a light blue dress with white accessories and a corsage of pink and white carnations.

In September they will make their home in Chicago, where Mr. Wooster will study at the College of Osteopathy. He attended Plymouth High school for two years and is a graduate of the University of Detroit. Mrs. Wooster is a June graduate of Wayne university.

Miss Wiedman Honored At Bridal Parties

The parties honoring Pauline Wiedman, who will become the bride of Robert Minock Saturday afternoon, drew to a close this week with her spinster dinner, Thursday night at the Wiedman home and the rehearsal dinner tonight.

Mrs. Wiedman and Pauline were hostesses to the ten girls in her wedding party at a garden dinner at their home last evening. Their guests were Miss Evelyn Elliott, Mrs. Richard Daniel, Miss Ruth Campbell, Miss Jane Horner of Saginaw, Miss Jeanne Schuler, Miss Alice Reddeman, Miss Marian Gorton, Miss Marian Cable of Detroit and Miss Adreith Snow of Ann Arbor.

Tonight, Miss Wiedman, her wedding party and friends will be the guests of Mr. and Mrs. E. G. Wiedman of Ypsilanti at the rehearsal dinner for 33 at the Mayflower hotel. Guests include Mr. and Mrs. J. A. Hutzel and Mr. and Mrs. F. O. Wiedman of Ann Arbor.

"EASY DOES IT"

By HELEN HALE

PERMANENT FINISH FABRICS and real linens will not require any starching. They should be very damp, and ironed with a very hot iron until they are completely dry. If left damp, wrinkles will appear as the fabrics dry.

If kitchen towels have become very thin and worn, and if they have a lot of lint, they should be very lightly starched.

If you use starch on dark brown cottons, add a little bit of strong tea to the starch so that a white film does not develop on the material.

Keep a glass jar in the laundry room so that you can place in it buttons and fasteners as they come off the clothing. Take the jar with you when you sit down to do your mending.

TABLE LINENS should be soaked in cool clear water before washing. The cold water will remove the stains in the linen before the hot laundry water gets a chance to set them.

Heavy lace articles such as tablecloths, if they are stretched to dry very tightly, will rarely need ironing. Squeeze out as much water as possible before hanging to dry. Squeeze the corners with a dry towel at intervals to prevent their sagging.

IF MEN'S WORK SOCKS are soaked several hours or overnight before washing, they will require less rubbing. After washing and rinsing, stretch the stocking back to its original shape before hanging so they will be smooth and nicer to wear.

Never dampen clothing until you are certain you'll have time to iron. Clothes may mildew or develop a musty smell if they are damp and remain unironed for long.

RECIPE OF THE WEEK

Melon Cup

(Serves 4)

- 2 small cantaloupes, cut in halves
 - 1 cup watermelon balls
 - 1 cup sliced peaches
 - 2 tablespoons orange juice
 - 1 tablespoon lime juice
 - 2 teaspoons sugar
 - 1/2 teaspoon salt
 - 1/2 cup raspberries
- Chill all ingredients. Make a scalloped edge around the cantaloupe halves and fill with watermelon balls and peaches. Sprinkle with juices, sugar and salt. Garnish with berries and serve.

In Memphis, who ever robbed the Rev. John Maddox of his briefcase got a three-year collection of sermons for his pains.

In San Antonio, Silas B. Johnson, 99, came down with the mumps.

Ad-Libbing.....

with "Liz" by Elizabeth Corry

After you convince the head of the household that it's time for a vacation from the kitchen... and time for him to take you out to dinner... name as your choice, Hillside Inn, known as the "Home of Finer Foods", located close to Plymouth on Plymouth road. Take my word for it, after one meal there, it won't be hard to convince him that he should make that "dining out" date more often. Try it and see. Hillside is closed every Monday, but on all other six days, lunch is served from 11:30 a. m. to 2:30 p. m., and a marvelous selection of dinners from 5 to 9 p. m. You'll also find the cocktail bar open from 10:30 a. m. to 10 p. m.

Spiraling prices in the automotive industry make the family car a most valuable possession... something that deserves the best of care and consequently the best kind of gas and oil... such as you'll find at Dick's Standard Service station, for instance. The station is located at the corner of Plymouth and Wayne roads, and is open daily from 7:30 a. m. to 10 p. m. There you can be assured of not only getting the most for your money, but the best of service, besides. Dick carries ice now too, as an added summer service, which can be cut to any specification.

If everybody took advantage of Herald Tri Cleaner's Berlou processing, which mothproofs garments for five years, (and is guaranteed too) maybe moths could be exterminated from the face of the earth... 'cause their source of food would be gone. Another important service featured at Herald's is re-weaving. This is a life saver to those clothes the moths might have gotten into... for after a hole or tear is re-woven... you can't even tell where it used to be. There is a pick-up and delivery service at Herald's, so call today and take advantage of these services.

Thompson - Malik Marriage Rites Read Saturday

Mr. and Mrs. Thomas Thompson announce the marriage of their daughter, Clemence, to Theodore Malik at Napoleon, Ohio, on Saturday, July 24.

Mr. and Mrs. Malik are residing at their new home on Hix road.

In Westville Grove, N. J., Louis Lichtman, who plays music to his 4,000 hogs to help fatten them, announced authoritatively that Bing Crosby and Guy Lombardo have the greatest hog appeal.

In Los Angeles, a divorce was granted to Mrs. Arthur M. Hamburger after she testified that her husband insisted on doing the cooking, made her do the dishes.

Successful Parenthood

BY

MRS. CATHERINE CONRAD EDWARDS

Associate Editor, Parents' Magazine

THERE is no better plan for making family life run smoothly than to have as few rules as possible and then see that these are enforced. A group of friends who have taken a summer place together so that their children can enjoy country life have found that this minimizing of rules, but being very strict about the ones decided on, makes for a harmonious summer together.

Each family has two young sons, ages ranging from 12 to 14 so that their interests aren't too far apart. There is a rising bell and one-half hour later the bell is rung again for breakfast. Anyone who doesn't appear on time, dressed and with hair combed, misses breakfast. Being healthy boys, absences are few. The occasional laggard finds it expensive to stay in bed, for this means bicycling to the village for a drug-store breakfast out of his weekly spending allowance.

The boys make their beds and take care of their own dormitory and sleeping porch. Then the morning is theirs, though they are most obliging about errands to the village. Lunch is at 1:00 o'clock and is brought out doors on fair days. Since there is an iron-clad rule against riding the ice-bow between meals, hungry boys appear on time, leaving their various morning activities, even if it means having a crucial croquet game or tennis set interrupted. It is the boys' job to pass the food to their parents and guests and to gather up the waste. Because few extra jobs are sprung on them they are willing and eager in the dispatch of their regular responsibilities.

Dinner demands a slicked-up appearance, and again, promptness. And bedtime is left to

Building Fund Benefit Staged

PLYMAIL PHOTO

A lawn party, to benefit the building fund of Our Lady of Good Counsel church, was presented by Mr. and Mrs. T. G. Gronowich of Church street on Monday evening, July 19.

The congregation has currently undertaken the building of a Catholic school and auditorium adjacent to Williams street, with plans to add a church and rectory at a later date.

Entertainment consisted of table games, for which prizes were awarded at each. Refreshments were later served for a light lunch.

Among those attending were Mr. and Mrs. Allen Bernash, Marie Sattler, Mrs. Rosie Rheiner, Mrs. DeMoss Keith, Mrs. Ann Kass, Mrs. Virginia Krizman,

Detroit Girl To Wed Walter Boese, Jr.

Mr. and Mrs. Albert Kuster of Beech road, Detroit announce the engagement of their daughter, Marion Elizabeth, to Walter Boese, Jr. Mr. Boese is the son of Mr. and Mrs. Walter Boese of Robson avenue.

Cherry Hill

Sunday guests of Mr. and Mrs. Walter Wilkie were Mr. and Mrs. George Mosher of Brighton.

Mr. and Mrs. E. W. Kessler spent the latter part of the week motoring in northern Michigan.

Mr. and Mrs. Ray Galloway spent a few days this week at Cavanaugh lake near Chelsea.

Mr. and Mrs. George Longwish spent the weekend near Kalkaska.

Mr. and Mrs. Leslie Freedle spent the weekend with his brother at Cass lake.

Mr. and Mrs. Russell Palmer and Mary Jo are moving to Pentwater.

A school reunion was attended by Mr. and Mrs. George Simmons last Sunday. It took place near Portage, Ohio.

A homecoming will be held at the Cherryhill church, Sunday August 1. Sunday school starts at 10:30 a.m. and the morning worship at 11:30 a.m. Dinner will follow the services in the church house.

One of the sanest, surest and most generous joys of life comes from being happy over the good fortune of others.

Vivian Duff Engagement Is Revealed

Mr. and Mrs. Ralph Duff of Northville road announce the engagement of their daughter, Vivian Grace, to Estel Carrie of Ohio. No date has been set for the wedding.

Miss Duff attended Plymouth High school and is now employed in Detroit.

Kathleen Fisher Sets December Wedding Date

Mr. and Mrs. Blake Fisher of Burroughs avenue announce the engagement of their daughter, Kathleen, to the Rev. Wayne E. Welton, son of the Rev. and Mrs. William O. Welton of Ann Arbor trail. Plans are being made for a December wedding.

Fair in the Light of Memory Shines

BY ELTON R. EATON

The Michigan United Conservation clubs, an organization composed of all of the conservation organizations throughout the state, have delegated to Dr. Brick Champe, president of the Western Wayne County Conservation Association, one of the toughest jobs ever assigned to an individual.

He has been named chairman of a committee to direct a campaign against roadside billboards.

The Michigan conservation clubs not only work for the protection and conservation of natural resources and wildlife of the state, but they aim also to protect and save the natural beauties of the state—and nothing mars beautiful views along the highways of Michigan more than do the thousands of ungainly billboards that plaster the roadsides.

Haven't much of an idea of what President Champe can or will do about the big job that has been handed to him, but if he can get the state interested in the highly important movement he is directing, he will have performed a near miracle.

Numerous times in our "My Michigan" column we have urged the planting of nut-bearing trees along the highways of this state. Not only do we think the state should plant thousands of the beautiful walnut, hickory, beechnut and butternut trees, but we believe the state should put forth an effort to restore the fast disappearing white and black oak trees that at one time were almost as much a part of Michigan as are the Great Lakes. Except for the sugar maple tree, which should also be planted along the highways, there are no more beautiful trees than the nut-bearing and oak trees of Michigan in the entire world.

Not only are they beautiful trees, but they serve to provide food for bird and animal wildlife of the state, yes and for human beings, too.

Maybe some day there will be some public officials somewhere who will wake up to the necessity of starting a tree planting campaign such as we have been urging for a long period. We hope they do before it is too late.

The Michigan Conservation department has issued a supplementary order pertaining to the Orchard Lake public fishing site, adding Rule 12 prohibiting use of the site for picnicking and swimming to the site's regulations, will become effective August 15. The rule was asked by Orchard Lake village.

Before the new rule becomes effective, signs posted at the public fishing site entrance will direct interested persons to bathing and picnicking sites available in nearby state parks.

The fishing site is to be fenced this season as soon as fencing can be obtained, and plans are being drawn by the conservation department's fish division for sanitary facilities and a sewage disposal system, to be built under contract before the next fishing season opens.

The establishment of public fishing sites, some 300 in Michigan now, came as a result of an amendment the writer of this column had enacted into law some seven or eight years ago. We have regarded this accomplishment as one of the most beneficial legislative measures we have ever sponsored—and many hundreds of thousands of Michigan residents who do not own lake frontage think the same way.

Don Lightfoot, probably one of the most observing conservationists in these parts, has been spending considerable time during recent weeks checking on the hatching season of wild ducks that have been nesting in this part of the state. Mr. Lightfoot declares that from his observation the 1948 summer will see the greatest production of wild ducks that has taken place in this part of Michigan in many years.

"I have been especially interested in a pair of teals that have been raising a nice little family of teals out on a pond just off of Ridge road. Their about ready to take off, but it is a most interesting sight to watch how the mother duck keeps a constant alert over her young brood. I haven't seen so many wild ducks, mostly mallards, nesting in this section in years as I have this year," declared Mr. Lightfoot recently.

The Saginaw river, one of Michigan's most beautiful rivers in the early days, later one of the busiest waterways in the midwest, is now probably the most polluted stream in Michigan. Its water is so filthy that at times during warm summer days, it can be smelled blocks away.

The Michigan Press Association has just placed a marker on the building on Beaver island where the Mormons published the first daily paper issued in Michigan north of Grand Rapids. The Irish took over Beaver island when the Mormons left and they are still there, farming and producing lumber.

The number of hunters and fishermen has more than doubled since 1935 and many conservation departments are in need of funds to "keep pace" with sportsmen's demands, the National Wildlife Federation says in a July review of conservation problems. It says that license fees paid by sportsmen might well be increased in order to provide necessary funds.

If the amount of fish and game remained the same as in 1935, it would be necessary to cut the sportsman's bag in half, the federation declares, but adds:

"But not all wildlife species have remained in this static position. Pheasants, grouse, ducks, deer in many locations, and some other species have taken a nose dive and their numbers have decreased at an alarming rate."

The federation points out that Pittman-Robertson funds appropriated by the federal government to the states will amount to about \$10,000,000 and that the states must match this appropriation. It declares that this takes much of the license money of the states that must go for limited purposes set up under the act and leaves less state funds for general purposes.

Ingenuity Gets Early Tomatoes

Using an idea learned from Michigan State college research horticulturists and ingenuity on his own part, a St. Joseph county farmer marketed field-grown tomatoes in June before other growers had blossoms.

Clinton Carter, and his veteran son Russell living near White Pigeon, got into local markets this spring with home grown tomatoes fully a month ahead of other growers.

Early last winter they attended a meeting of the Michigan Vegetable Growers association and heard S. H. Wittwer, MSC horticulturist, tell how the spraying of first blossoms with a plant hormone would cause an earlier set of tomatoes.

About the same time of the year the Carters heard of 9,000 old street car windows being for sale in Chicago for ten cents each. They bought those windows in February planted their hot beds with tomato seed. About mid-April, a month ahead of the normal planting date, the father and son set the tomato plants into the field.

Making an inverted V out of the window glasses by attaching them together at the top, they protected the rows from the cold and early frosts. They also used fertilizer containing minor elements in the six-acre patch to boost the growth. By May, the first clusters of blossoms came and they were sprayed with the plant hormone (para-chlorophenoxy-acetic acid).

By late June the Carters were marketing tomatoes in groceries in southwest Michigan from their own open fields. With only greenhouse produced and southern grown tomatoes on the market, the price received was high.

The Carters also use a portable irrigation system with their truck crops, pumping water from a stream on the farm.

In Glasgow, Henry Strachen got mad at an Alsatian dog, made news.

Diseases Found in Oats, Wheat

Diseases in wheat and oat fields in Michigan have been found this summer by plant disease inspectors, according to Ed Andrews, extension specialist in plant pathology at Michigan State college.

Severe infections of Victoria blight were found in fields of Vicland oats in southern Michigan. Andrews said losses may be heavy from this fungus which rots the stems so they crinkle and finally collapse. There is no control of varieties like Clinton and Eaton that are resistant is recommended.

Take-All, which causes the stunting and bleaching of the entire wheat plant, has also been reported in Michigan. The disease is often found in a field in which wheat followed wheat. This emphasizes the value of crop rotation, Andrews pointed out.

In Colma, Calif., 3 days after a city election was called off because the ballots were missing, Police Chief Joseph Reynolds found them tucked away safely under the front seat of the car.

Time to Re-Power?

**In Less Than a Day You
Can Get 1948 Power, Pep and
Performance — with this complete factory-
new Buick FIREBALL straight-eight**

Is your faithful Buick beginning to show the signs of age?

If it is dated 1937 or later, we can transform it into a 1948-powered car — packed with Fireball power, zip and go — in just about 12 working hours!

We'll take out the original engine that has served you so well. Then we'll re-

place it with this brand-new beauty — a sleek and shining job whose every part is factory-fresh — trim, taut and true. It's not only new, but modern — with many of the features of engines going into today's dazzling new Buicks.

There's a brand-new ignition system, from distributor to spark plugs. There are Accurate cylinder bores and Flex-Fit piston rings for more power and greater economy. There are Fliteweight pistons for snappy getaway, Stratatlow cooling and all the rest.

You get all this with no waiting — we have an engine for you now.

Does it cost a lot? Not on your life. Its

price compares with the cost of a thorough overhaul. And you can pay for it by the month if you wish.

For new-car fun, dependable new-engine performance and a car worth much more when it comes time to turn it in — come in now and talk things over.

Nationally famous in the magnificently beautiful Via Crucis of St. Joseph church, deep in Michigan's Irish Hills. Here one of the impressive "stations."

Irish Hills

By the Old AAA Traveler

More than a hundred years ago—in 1836 if we'd be detailed—a little band of Irish pioneers climbed a hill to the west of Detroit, looked over the rolling country, spotted with lakes, and decided that was the spot for which they had been looking. That spot is today's Irish Hills. You don't even have to wander far off US 112 to find the beauty which attracts thousands upon thousands into that hilly country all through the year, for the Irish Hills are just about cut in half by the historic old road.

If you have a bit of imagination you can hear the skirl of the pipes and the laughter of leprechauns as you stroll the emerald reaches of the hills. On US 112 you'll be truly traveling a highway through Erin. Sit beside one of the azure lakes and it's easy to imagine you're beside a lake in Killarney. Gaze through the green tracery of leaves into the bluest sky you've ever seen—and you're transported to the Ould Sod once again.

Magnificent John Monaghan and his little band of Irish pioneers knew just what they were doing when they stood atop one of the rounded hills and decided that was the place for their new settlement. It was just about primeval forest those days, with a few trails, an occasional Indian village, but the little lakes were there, the Irish farmers sensed rich soil beneath the velvety grass—it was their spot.

Yes, John Monaghan and his little band were impressed with the fact that the hills closely resembled those of the old country and that the lakes were very similar to those around their beloved Killarney. They were stout folk, those Irish pioneers, and they carved a civilization out of the wilderness.

Through the years the Irish Hills section has burgeoned, and while John Monaghan and his fellows sleep their eternal sleep, hundreds of thousands of beauty-loving Americans troop the hills, fish the lakes, breathe deeply of the flower-perfumed air and murmur a prayer of thanks to the Irish. The Irish Hills area is a spreading one, with historic and legendary appeal throughout. Even the Indians in an earlier day had loved that country, and saintly Father Gabriel Richard—the only priest ever to sit in Congress—called it one of the most beautiful sections he had ever seen.

Two highlights in the Irish Hills are "musts" in any traveler's book. One is St. Joseph church, in whose churchyard is the world famous Way of the Cross. This shrine attracts hundreds of thousands of visitors from all over the country, and little wonder, for it is magnificently beautiful.

Just before the first station of the Via Crucis is the great Crucifixion Group of Carrara marble dedicated to the faith of the Irish settlers and the memory of Father Richard. Just to the right of the Group is a magnificently

Famed Unit Holds Reunion Here

Sunday, July 18 the annual reunion of H company of the famous Red Arrow division from World War I was held at the home of Mr. and Mrs. Mayford Sieloff on Haggerty highway.

A picnic lunch was followed by games and songs, and reminiscing was done by the men, many of whom had not seen each other since the armistice was signed.

Later in the day one of the company members, Ray Willis, who is also a veteran of the second World War, told of his experiences as a Japanese prisoner.

The surprise of the day for Mrs. Sieloff came when she was presented with a gift from the company members' wives.

Plans are already underway to hold next year's reunion at the Sieloff home, and even a larger turnout is expected.

Today Walker Tavern is a museum of high interest to the visitor. You will find the room in which Daniel Webster lived just as it was in that day, and the room occupied by James Fenimore Cooper. There is still the old room which developed one of the most enthralling mysteries ever chronicled in Michigan. The mystery giving the old tavern its "mystery room" of today.

Yes, grand old John Monaghan picked wisely when he picked Irish Hills, for he truly picked a cross-section of paradise.

In North College Hill, Ohio, Charles A. Lasure, 82, rested overnight after a 1,000-mile junket from Ardmore, Okla., then started back the way he had come: by motor scooter.

Near Lille, France, Amateur Electrician Eugene Delobelle, who was positive that 6,000 volts would not kill a man, tried it on himself, and was proved wrong.

25 YEARS AGO
 FROM THE PLYMOUTH MAIL FILES

Sunday, July 22, occurred the reunion of the Oliver family, at the home of W. S. Birch on South Main street. The pleasant family gathering was in honor of Mrs. Edna Oliver of Lodi, California. There were about 40 guests present, and a very enjoyable time was had.

E. C. Hough spent the past week in New York City, being accompanied by his son, Cass Sheffield Hough.

Mr. and Mrs. Perry Krumm were entertained at the home of Mr. and Mrs. Charles Hirschlieb last Sunday.

James Gallimore of Highland Park, manager of the Ford plant at the Wilcox dam, has moved into Charles Hirschlieb's house on Spring street.

Mrs. Karl Hillmer and children of Starkweather avenue, are spending the week in Detroit.

Master Robert Lorenz celebrated his second birthday, Sunday, with several little friends as guests.

Mr. and Mrs. D. H. VanDove and two children of Detroit were guests of Mr. and Mrs. William Kaiser, Tuesday.

Mr. and Mrs. Homer Jewell and daughter, June, left Tuesday on a motor trip to Sault Ste. Marie and other northern Michigan points.

Frank Rambo and son, Stuart, motored to Culver, Indiana, last Saturday, to visit William Rambo, who is attending the summer session of the Culver Military Academy.

Miss Maude Gracen is spending the week with her sister, Mrs. Harold Jolliffe.

Mrs. Robert Jolliffe and little daughter, Charlotte, are visiting the former's parents at Ionia, Michigan.

Mrs. Archie Morris of Northville, and Miss Julia Holton of St. Johns, were Friday guests of Mrs. Frank Dicks.

Mrs. Florence Webber entertained her daughter and family of Royal Oak, over the weekend, also Mr. and Mrs. Frank Brown of Detroit.

Walton Richwine has been spending a week at the home of his sister, Mrs. Wilfred Wilson,

Dale Carnegie
 Author of "HOW TO WIN FRIENDS and INFLUENCE PEOPLE"
AN IDEA THAT STARTED SOMETHING

A NEW idea will do more for you than marrying the boss's daughter, or waiting for Aunt Eliza to put your name in a codicil. And here is the story of a man who gave to a business something it had not known, and as a result became important in his field.

D. Carnegie

Robert H. Rolfe was graduated from high school in West Bend, Wis., and went out to run down a job. That's an old story, and you could run down one any time without even a legman to help you. (A legman, in newspaper lingo, is a reporter who is sent out to get facts; who legs it from breakfast to dark.)

Mr. Rolfe's job with a small company was to make leather goods, and his particular job was "billing clerk." That's starting pretty close to the bottom in manufacturing.

He said to himself, "If I'm going to stay in this business, I'm going to learn all about it." So he rose to become bookkeeper, then traveling salesman, and next secretary of the company. Good old Horatio Alger stuff. But sound.

By and by he started a company of his own in a small back room on the second floor of a store in West Bend; the whole place not much bigger than a piano crate. He called it "The Amity Leather Products Company."

One day he got an idea for something new in leather goods; to put the stamp of the manufacturer on each article made; this stamp would guarantee the quality of the product. He was scoffed at from San Diego, Calif., to Lubeck, Me., by those in the business. He let them scoff, plugged his idea, put it over. Today it is regarded as exactly the right thing to do. Buyers like it, and they like it from the selling angle as well. In other words, it's standard practice, but when Mr. Rolfe started it, it was like dynamite.

He dug up a second idea: to advertise his leather goods nationally. This was so sensational that his rivals said the fine, keen edge of a once-bright mind was gone. Too bad; nice chap.

But those two ideas have brought Bob Rolfe to every leather goods manufacturer in the world.

Maybe you can dig up a new idea in your line. There's sure to be one lurking around somewhere.

at Deckerville, Mr. and Mrs. George Richwine motored to Port Huron Sunday, where they met Walton and he returned home with them.

A small explosion occurred at the H. S. Lee Foundry and Machine company's plant Monday afternoon. The men had just finished pouring a heat from the cupola, when the bottom was dropped out, as usual, and there was a large report. It is thought that some of the metal left in the bottom of the cupola must have struck a wet place on the ground, thereby causing the explosion. Aside from breaking the glass in the skylight, very little damage was done. Luckily none of the workmen were injured.

What proved to be a very disastrous fire broke out about 10:30 o'clock Sunday morning, in a large barn on the farm of Julius Tait, west and north of town. The fire spread rapidly, and before anything could be done to save the buildings, two large barns, pig pen, chicken house, ice house,

garage and other out buildings burned to the ground. Only the strenuous efforts of the Northville fire department and the department from the Sanatorium saved the house from a like fate. The family were away from home at the time, but were summoned by telephone. A window was broken in the house, and all the furniture, rugs, etc., were carried to a place of safety. The loss was partially covered by insurance.

Mr. and Mrs. Robert Ross and Miller spent Saturday evening in South Lyon.

Mr. and Mrs. Ross and Miller visited Mr. and Mrs. Frank Crane of Salem, Sunday afternoon.

Mrs. I. N. Dickerson entertained the ladies Missionary Society of the M. E. church, Wednesday afternoon. About 16 ladies were present. A pleasant social time was enjoyed, and plans for the coming year's work were discussed. Cake and lemonade were served.

KNOW YOUR WEATHER

A WARM, DRY WIND which blows down the eastern slopes of the Rocky Mountains and over the adjacent plains. In winter, this wind causes snow to disappear so rapidly that it has been nicknamed "snoweater."

In Dorchester, Mass., Robert Rogers, arrested for robbery after an 80 m.p.h. chase by police, asked reporters to hush the whole thing up, explained: "I'm studying to take the police exams."

This Vacation Was Perfect One

Edward C. Hough and Chauncy Rauch of The Daisy Manufacturing company recently returned from one of those perfect vacations you often hear about but seldom enjoy.

A short time ago they hied off to one of their favorite summer vacation spots up near Traverse City.

The days were long, the weather clear and warm. Both took off their coats and started their vacation program.

When they were ready to return back to Plymouth, the final count showed that they had played 48 games of checkers, of which Mr. Hough had won 24 and Mr. Rauch had won 24—a vacation checker marathon that had ended in a perfect tie.

A fisherman who pulled up his stringer of perch from the waters of Fletcher pond so conservation Officer Bill Cronk of Hillman could check the catch had one more fish than he expected to show the officer. Gorged on the last perch on the stringer was a big pike.

We're building ONE EVERY 45 SECONDS but that's not fast enough for America!

KAISER FRAZER

Service wherever you go

In just two years we've built and sold more fine cars than any other new manufacturer in automobile history.

Why? Because America fell in love with the KAISER and the FRAZER on sight. Folks are streaming into Kaiser-Frazer showrooms and learning from present owners how dependable these two great cars are. They're learning—from people who drive them—how soundly they are built... how economical they are... how much enjoyment there is in owning one.

THESE ARE THE MOST-COPIED CARS IN AMERICA, road-proven by 250,000 owners in two billion miles of driving. Because plenty of Americans insist on comfort, convenience, style and value, traditional leaders had to "move over"—as Kaiser-Frazer became the fourth largest manufacturer of motor cars in the world in two short years.

Why wait? Enjoy your new car this summer. You'll get fair treatment and highest trade-in allowance.

TERRY'S BAKERY

"We can't bake like Mother...
but, Mother likes our baking!"

By LYN CONNELLY
NWNS Radio-Screen Editor

WHEN Charlie McCarthy went to Sweden with his mouthpiece, Edgar Bergen, and the latter's pretty wife, he was listed as "Axel" McCarthy on the ship's register and occupied a suite of his own in line with Bergen's treating his famous puppet like an actual person... Peggy ("Manana") Lee will join NBC's Supper Club show this fall... Perry Come will continue on a three-night-a-week basis, with Jo Stafford filling the Tuesday slot and Peggy taking care of Thursdays.

Zachary Scott, screen toughie, still wears a ring on his little finger inscribed "I love you" and given to him by his sister when he was in his teens... Twenty years ago, Bette Davis was an usher and Robert Montgomery an actor in a Cape Cod summer theatre... Today they're co-starring in "June Bride"... Doris Day, former vocalist with Les Brown's orchestra, makes an auspicious debut in her first movie, "Romance on the High Seas"... She's cute as a bug's ear, she's talented and she can really deliver a line.

Platter Chatter
Friml's operetta, "Rose Marie," has long been a favorite... Take the lovely compositions from that great show, add Al Goodman and his band, mix with vocalists Marion Bell, Charles Fredericks, Christina Lind and the Guild Choristers and you have a rare musical delicacy... Victor offers all this in its latest album release.

Also on Victor, Vaughn Monroe comes up with another hit in his solid rendition of that up-and-coming tune, "Ev'ry Day I Love You Just a Little Bit More"... You'll find "There's Music in the Land" on the reverse... There's a new song called "Hankerin'" that's heading for the Hit Parade and Garry Stevens, backed by Tex Beneke's orchestra, gives it a heart boost towards its goal with his vocal arrangement of it... "I Don't Care If It Rains All Night" is on the flip side.

BABSON

Babson Discusses the Stock Market

New York City, July 30. Wall Street has again turned bearish. Apparently the insiders have sold their stocks and are again waiting for the market to drop. This especially applies to the oils which Wall Street has been selling while advising everyone else to hold!

My Annual Forecast

Last January in my Forecast for 1948 which this newspaper published, I clearly stated in paragraph No. 34 that the safe range (based upon the Dow-Jones Industrial Averages) to hold stocks during 1948 would be a low of 165 and a high of 185. (This was assuming no further change in the tax laws or the margin requirements.) Hence, those readers who followed my advice sold stocks when the Average crossed 185 and are thankful. Although stocks temporarily sold above 185, they made a good profit and now have cash for later repurchasing.

Dividends and Yields

There are two reasons why I made that forecast last January. The first reason is that the value of stocks is their income yield. Food, clothing and shelter have a necessity value; furniture has a use value; an auto has a transportation value; even jewelry has a show value. Unless stocks pay dividends, or hope to some-

day, they have very little value. "Book value" is a factor only for scrap liquidation.

Over a normal period of time the dividends paid by the Dow-Jones Stocks yield about 5 per cent when purchased at 165, but yield only 4 per cent when purchased at 185 to 190. Or to figure it another way: a good 8 per cent stock should sell at about 165 to yield 5 per cent; but at 185 it would yield only about 4 per cent. Letters from thousands of investors show they want a yield of from 4 to 5 per cent.

Income Taxes and Stock Prices

When readers show this 165-185 Forecast of mine to brokers, the brokers come back with the retort: "But the stocks which I am recommending to you yield more than 6 per cent even at a 185 average price. Hence, it is reasonable to believe that the Dow-Jones Industrial Averages will go to 200 or 225". Then they also talk about the "book value" to which I refer in the beginning of the column.

Well, as I have said, book value means almost nothing unless accompanied by a reasonable hope of income. But the real answer to the brokers' criticism of my 165-185 range is that personal income taxes reduce the yield to investors from 20 per cent to 80 per cent. I grant that if we were today having pre-war income taxes, the Dow-Jones Industrials would sell at an average price of 250; but this is not now possible. I repeat that to have net yield, after paying income taxes, of from 4 per cent to 5 per cent on any safe list of common stocks, the average investor can afford to buy only when the Dow-Jones Industrial Averages are under 185. As indicated above, I would change this range if the tax laws or the margin requirements should be changed; but so long as they are as they are today, readers had better depend upon my 165-185 Range.

What About Russia?
There will be no war with Russia this year. However, everyone realizes that there will be a World War III sometime and when this comes some of our largest cities will be destroyed. Hence, wise investors are now selling the securities of companies with most of their assets in these large cities. As there are few buyers, the prices of these stocks drop badly. This same reasoning applies to certain oil companies with big refineries in vulnerable locations. The above and the disappointment of the "Dow-Theorists" are the main causes of the recent stock market slumps.

HOWDY FOLKS: Maybe it's true what someone told us, that an old maid is a girl who was looked over & then over looked.

Andy: "Did you give your wife that lecture on economy?"
Mike: "Yes, I did."
Andy: "Did you get results?"
Mike: "Yes, I'm going to give up smoking."

"You had no business to kiss me," said she.
"It wasn't business, it was a pleasure," said he.

Our chief business is pleasing you. That's why we provide so many extra services for your benefit, in addition to selling gas, oil and lubrication. It really pays big dividends to make this place your headquarters for the services we provide. Try it once and you will want to come back often.
