AT LONG LAST.

It is with more than ordinary satisfaction that we note that the busy city of Plymouth has finally placed a marker at the corner of Main street and Penniman avenue, which designates the direction of Territorial road.

For years and years one of the best known thoroughfares in this part of Michigan has gone without a marker of any kind to designate where the road starts or ends. While local residents know that Territorial road is a continuation of Penniman avenue, the thousands of people from the metropolitan district who travel Territorial road largely during the summer months to reach the country and lakes west of Plymouth, have always had difficulty in finding this old historic thoroughfare.

Sometime ago one of the local gas dealers on South Main street decided to keep a record of the number of inquiries he had one Sunday forenoon as to where the drivers of the cars could find Territorial road. By noon he had had 18 such requests.

We commend the city officials for this belated action. It will not only be a relief to many local residents who have daily answered inquiries as to the location of Territorial road, but also to drivers who find it necessary to make inquiries as to how to get to Territorial road, even though they frequently are on the thoroughfare, when making the inquiry.

WHAT ABOUT MONEY, MR. WILLIAMS?

We've read most all of the campaign speeches made by Mennen Talcum Powder Williams. He's going to give everybody and everything all they ask for when it comes to appropriating state monies if he becomes governor. He's going to make this a world of blissfulness that even a New Dealer didn't dream.

We've figured out that if he should be elected and if all of his expenditure promises of public funds were kept, that the people would pay about a 15 cent gas tax, a 40 cent sales tax instead of three, and that there would be more new tax laws than any man ever heard about in order to raise the tax money that Williams has promised to spend for this, that and the other thing if and when he becomes governor.

But he isn't going to be governor, so do not worry too much about increased taxes or new taxes. Even though he should become governor (but he won't) there's the legislature to deal with, and the legislature seemingly just can't hear anything when any one talks about new or more taxes.

So do not worry too much about increased taxes in Michigan during the next two years. Governor Sigler has indicated, too, that he isn't much interested in new taxes.

THE NEXT MOVE.

Warden Sanford of Michigan's prisons stated the other day that Michigan's prisons are now filled to capacity and unless paroles are more generously granted than at present, there will be a serious problem as to what disposition to make of prisoners who are being committed for various crimes.

It is a serious situation—serious in more ways than one. For years we have been making efforts to bring about a reduction in the number of crimes committed in this country—but in spite of our efforts the increase in the number of crimes is nothing less than astounding.

What to do with criminals after they are sentenced is a problem that Warden Sanford is worried about at present.

What to do with them after they have served their prison sentences is another question, a long ways from being solved.

Many feel that we have been altogether too kindly to our offenders. The writer somewhat shares this opinion. When we send them to prison for "hard labor" for one or two years, it should be just that. When they are released, it still should be hard labor for them—as hard labor is one sure preventive of crime. In other words, if a person is kept busy, he does not have the frequent temptations to get into crime that the idler does.

Yes, we agree with Warden Sanford, he's got a big problem on his hands—and it is our problem just as much as it is his.

ANSWER, MR. TRUMAN, IF YOU CAN.

Governor Earl Warren of California, Republican candidate for vice president, made one of the strongest points so far brought out in the campaign during his timely and clean-cut address to Michigan citizens in Detroit last week.

He pointed out the fact that President Truman is de-mahding the defeat of Republican members of congress who had voted for the Taft-Hartley labor act.

But what about the 169 Democratic members of the house and the 17 Democratic members of the senate who voted for the bill — asked Governor Warren?

If the Republicans should be defeated because they voted for this bill, as President Truman demands, then why should not he demand the defeat of the 169 Democratic congressmen and the 17 Democratic United States senators who voted for the measure?

If it was right for the Democrats to vote for the bill, then why was it wrong for the Republicans to vote for it?

Governor Warren has asked a rather difficult question for the President to answer.

MASS EXTERMINATION.

Editor George Averill of the excellent Birmingham Eccentric who is just at present taking a little fling into the world of politics, apparently thinks that the mass extermination of most political candidates in Wayne county would be an economy to the taxpayers.

Says Editor Averill in a recent issue of his paper: "If most of the candidates running for office in Wayne county this year were laid end to end, that not only would save the voters a lot of trouble and expense, but also would prove that many of them were lying."

We are going to be charitable in our acceptance of Editor Averill's use of the word "lying." We do not think he had in mind any mass extermination of most all Wayne county candidates so that "many of them were lying" down on their backs with their faces turned towards the stars above.

We think he meant the short ugly word—and here's one candidate who can testify that there is at least one Wayne county candidate on the ticket who is guilty of just what Editor Averill had in his mind when he wrote that paragraph.

A MILITARY CAREER.

Read sometime ago in one of the nation's big publications that because of conditions prevailing throughout the world, a military career for young Americans has become a most attractive possibility. There is no use in disputing the statement—it is a fact that the military profession does possess opportunities that it never before offered in this country.

DEWEY'S BIG PROBLEMS.

When Governor Dewey becomes president early next year he will not land in a bed of roses when he goes to Washington. He is going to find things pretty much messed up and his efforts to end the confusion that has prevailed for some 16 long years in Washington is going to be a tremendous task. Fortunate, however, is the fact that Governor Dewey is a young man, in perfect health, and that he has both the courage and ability to bring order out of confusion.

Bus Ordered to Fill School Need

Superintendent Helmer Nelson, extreme left, looking over the school busses and drivers. The drivers are, left to right, James Henry, Ed Watson, George Howell, Mrs. Donald Sherrick, and Joseph Gadey.

Although Plymouth's fleet of buses presents a well equipped and modern looking transportation system, an additional vehicle is needed if all safety rules are to be observed, Superintendent Helmer Nelson states in a report on the school's bus problem.

He added that the school board has acted on the need, and a new 1948 bus has been ordered.

Local school buses cover over 120 miles a day within a school district which measures 28 square miles. In the coming year, buses are expected to cover a total distance of 25,000 miles within this area.

The six vehicles are now used to transport 629 students to and from the school daily, a number which is over the seating capacity. In addition to this, there are about 69 students not riding the bus routes now, who will need to with the onset of cold or rainy weather.

To handle the situation at the present time, each bus makes either two or three trips each morning and night. Even at this many of the children must stand, the superintendent added.

The school undertook its own transportation program three years ago, and the number owned now stands at six. Three of the buses were purchased last year, and an additional one is needed this year to keep abreast with the rising enrollment in the lower early elementary grades.

Famed Baritone To Appear Here

A concert by Fred Thomas, baritone and star of NBC, Broadway and Hollywood, will appear in Plymouth next Wednesday morning at 9 a. m. in the high school auditorium.

The concert is sponsored by the vocal music department of the high school.

His program will include songs by Sigmund Romberg, George Gershwin and Irving Berlin.

Mr. Thomas has appeared coast to coast, and as soloist and star of the world famous Radio City Music Hall.

His background also includes appearing on the stage of the Metropolitan Opera House, singing over many of the Saturday afternoon broadcasts of the Metropolitan Opera House programs.

The program will be open to the public, and tickets are available from members of the vocal music department.

Frank Calls Old Newsboy Meeting

Discussion regarding a change in the by-laws will ensue at the meeting of the Old Newsboy Goodfellows association next Wednesday, October 20, in the city hall.

Planning for the 1948 Christmas program, will also continue, Milan Frank, chairman announces. Further organization will get underway when the following committees are appointed: investigation, publication, toy repair, and clothing.

Each year the Goodfellows stage a newspaper sale a few days prior to Christmas, to obtain funds with which to buy food and clothing for needy families in Plymouth.

License Office to Move From Hotel to Schrader Block Monday, Nov. 1

Residents of Plymouth and vicinity who since the opening of the branch office of the Secretary of State in this city, some 15 years ago, have been accustomed to go to the office in the Mayflower hotel and will after November 1 be located in the insurance office of Joe Merritt, located at 545 South Main street. This move also divides the work of the Chamber of Commerce and the Secretary of State's office.

The hotel directors sometime ago decided that the room occupied in the hotel by these two offices was badly needed by the hotel, the changes as announced, resulting from this decision.

Manager Frank Rambo of the office announced yesterday that the office would be moved at the end of the present month to the William Wood insurance office at 276 South Main street in the Schrader building. It will be opened for business there on Monday morning, November 1.

For the first time since the establishment of the auto license office in Plymouth the office of the Plymouth Chamber of Commerce will also be moved from the Mayflower hotel and will after November 1 be located in the insurance office of Joe Merritt, located at 545 South Main street. This move also divides the work of the Chamber of Commerce and the Secretary of State's office.

The hotel directors sometime ago decided that the room occupied in the hotel by these two offices was badly needed by the hotel, the changes as announced, resulting from this decision.

Community Chest Directors Appeal for Volunteer Aid

An urgent need for volunteer solicitors in the forthcoming Community Chest drive was voiced at the meeting of the board of directors held Wednesday night in the Veterans Community Center.

A minimum of 32 solicitors will be required to properly canvass the city, and board president, Patrick McGuire, emphasized that the city must be covered if the goal is to be met and all Red Feather services are to receive the proper help.

Persons who will volunteer their services as solicitors are asked to call Mr. McGuire at 1177-W as soon as possible. The house to house canvass will get underway the evening of October 25, the initial day of the campaign, from 5 to 7 p. m.

At the same meeting it was further announced that no drive for funds will be made in the local plants. This course of action was decided on in view of the belief that community fund giving is a "family affair," and it is therefore best that the contribution be made at home.

Members of the board of directors attending the Wednesday session, in addition to the president were: Frank Arlen, Carvel Bentley, Clifford Tait, Roy Fish-

(Continued on page 7)

Volunteers

Captain William Roberts and James Houk, chairmen of the domestic canvassing committee, ask all volunteer house to house solicitors to contact Patrick McGuire at 1177-W. The program will get off to a start on October 26 with a kick-off breakfast at 8 a. m.

Governor Sigler Will Appear Here

Republicans in Plymouth will congregate at the high school auditorium on October 27 for a political rally sparked by the appearance of Governor Kim Sigler who will broadcast a state-wide message at that time. Robert Simmons, chairman, discloses.

Although Senator Homer Ferguson has made former commitments there is a possibility that he may be available for the evening's program, Mr. Simmons states.

Other officials on the state and county tickets who will be present are: State Senator Clarence Reid, County Prosecutor James McNally, Sheriff Edward Behrendt, Clerk Archie Leadbetter, and Representative Elton R. Eaton.

Establishment of the Republican party headquarters in Plymouth was also announced by Mr. Simmons. It is located at 831 Penniman avenue, between Blunk's and the First National

(Continued on page 7)

City Businessmen Suggest Remedy for Parking Lot

Controversy over the question of whether parking meters are going to be installed in the municipal parking lot or not, was aired again this week as businessmen met with Mayor Frank Henderson Monday noon for further discussion.

During the session Harry Mohrmann questioned the city's stand in the parking meter situation, asking whether or not the installation of the meters was an essential money making project for the city.

To this question Mayor Henderson answered that it definitely

Foundation Will Choose Officers

During the annual meeting of the Veterans Memorial Foundation board on Monday, October 25, at 7:30 p. m., four new directors will be elected for three year terms.

They will replace Cass S. Hough, Sterling Eaton, Ralph Lorenz and Wendell Lent.

The terms of these office holders will expire at that time, and the articles of incorporation call for the election of four new members.

Mr. Lorenz and Marian Taylor have been named as the nominating committee.

West's Announce Guessing Contest

A guessing contest in which participants attempt to guess the exact number of feet of ply cord in a tractor tire is announced by West Brothers, Incorporated, local Goodyear Tire and Rubber company dealer.

Occasion for the contest, starting today and ending November 13, is the introduction of a new, improved tractor tire, called the Super Sure-Grip, recently released by the Goodyear company.

One of the tires will be on display in the store at 534 Forest

Over 650 New Voters Are Now Registered

C of C Committee Halloween Plans Are Biggest Ever

One of the biggest Halloween celebrations ever to be held in Plymouth is currently being planned by the special Chamber of Commerce appointed committee.

Such things as parades, a street dance, window painting, and prizes were decided on by the committee at the first meeting held last Thursday.

The one thing which may prove to be the highlight of the entire festivities is the painting of store windows which will be undertaken by students of the school art classes. Ray Williams, chairman, states that this portion of the program is not to be limited entirely to students, however, for anyone in the city with artistic talents can take part by merely contacting the school art staff.

One or more windows will be done by each artist, who will work with water colors. The painting will be done on Friday, October 29, and judging will be from 5 to 6 p. m. of the same day. The winners will be presented with prizes and ribbons.

Halloween parties for students in the kindergarten through the sixth grade of the two public schools will be held on Friday

(Continued on page 7)

Here Wednesday

Charles N. Hill

October, acclaimed as national Junior Chamber of Commerce membership month, will be highlighted for the local organization with a discussion by Charles N. Hill at the meeting next Wednesday, October 20.

Mr. Hill, who is affiliated with the written and spoken English department of Michigan State college, will speak on the topic "Ceiling Unlimited."

The evening's function will open with a dinner at the Veterans Community Center at 6:30 p. m., served by the Navy Mothers club. Co-chairmen William Otwell and George Tood urge members to bring guests.

Sketching the background of Mr. Hill, the chairman state that he was charter president of the Ypsilanti Jaycees, and is a life member in the state organization. He has been in the teaching profession for 15 years, and has appeared as an actor, producer, contestant, and round table leader over seven different radio stations in Michigan.

Well Baby Clinic Set Up at School

Under the sponsorship of the American Red Cross, a well baby clinic will be held at the health room in the high school next Wednesday, October 20, from 10 a. m. to noon.

Mrs. Mary Strasen, school nurse announces that Dr. Milo Brady, pediatrician, will consult with parents at that time. She states that anyone living in the city or township is welcome to come for advice on health or feeding problems.

The well-baby clinic is held at the school at regular intervals.

National Election Causes Interest in This Area

Interest in November's national election stimulated voters in Plymouth and vicinity to get out and register, so they can have their say about who will be the next national, state, and county office holders. Over 650 new voters registered in Plymouth and Plymouth township to vote since the primary.

The number of eligible voters registering in Plymouth was described by City Manager Harold Cheek as a "pretty good number," and was approximated at 350.

The number of eligible voters at the last general election was 2800. The additional registrants who have signed up since that time brings the total to 3150.

A high of over 300 registrations were received by Township Clerk Norman Miller. Even this, however, failed to bring the total of eligible voters in the township up to the number which participated in the presidential election four years ago. The 300 brings the present total to 900, which is 200 less than the number taking part in the previous balloting.

With this increased number of eligible voters in the area, added to the fact that the November election includes a presidential race, the biggest turnout of voters since November of 1944 is expected to visit the polls on November 2.

Unless an upset occurs, the votes from Plymouth, traditionally Republican, are expected to back that party's candidates down

(Continued on page 7)

Dawn Patrol Will Land at Plymouth 'Port October 24

One of the largest fly-ins of air craft ever attempted in Plymouth is expected when the "Dawn Patrol", arrives at Met-tetal airport on Sunday, October 24.

The day's program will be open to the public, and they will be given an opportunity of not only watching the mass-winged spectacle, but also to take part in the program and assist in receiving the visitors.

The patrol, marking the final organized flight of the year, is under the sponsorship of the Plymouth Lions club.

A large number of privately owned planes from over the en-

Chief Cautions of Leaves Disposal

With leaves beginning to drop from trees, Police Chief Leo Sackett issues a few words of caution as to the ways of disposing of them.

They are not to be burned in the street, he emphasized, and this is especially true of pavement or blacktop. Nor are they to be swept into the street he continued. If they are to be burned, do it in the yard the chief stated.

Brake to Discuss Tax Legislation

A discussion of pending legislation which will effect schools throughout the state, will be led by Charles E. Brake at the meeting of the Plymouth Parent Teachers club in the auditorium on Monday, October 25, at 8 p. m.

Mr. Brake is president of the Michigan Education association. James Latture, president, invites all local residents interested in the problem to attend.

The legislation for discussion deals with the suggested repeal of the sales tax amendment and amendment No. 5, which would substitute a simple majority for a two thirds majority, and which extends the period of time for bonding.

At a recent meeting of city commissioners, city officials indicated their approval of the amendments, and disapproval of repeal.

Observes Second Anniversary In New Site

The Selle Body Shop which passed its second anniversary in the present location on October 1. The concern, considered Michigan's most fully equipped body shop, was located on Wing street for a total of 16 years—until the move to the present location on Ann Arbor road was made.

A Lecture on Christian Science

Entitled **Christian Science: The Revelation of God's Sustaining Love** by **Elizabeth Carroll Scott, C. S. B.** of Memphis, Tennessee. Member of the Board of Lectureship of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts.

The lecturer spoke substantially as follows: In a world that has lost its bearings and finds itself perplexed and drifting, Christian Science, given to the world by its Discoverer, Founder, and Leader, Mary Baker Eddy, offers a well-charted course, a course which leads to a secure haven. **Security Found Solely in God** In God alone can support and

comfort and security be found—in God, as revealed in Christian Science, the changeless, the eternal, the beneficent. In the Christian Science textbook, "Science and Health with Key to the Scriptures," its author, Mary Baker Eddy, gives us certain synonyms for God. In her book "The First Church of Christ, Scientist, and Miscellany" she says (p. 225), "In their (Christian Scientists') textbook it is clearly stated that God is divine Principle and that His synonyms are Love, Truth, Life, Spirit, Mind, Soul, which combine as one."

Science and Health says (p. 332), "Father-Mother is the name for Deity, which indicates His tender relationship to His spiritual creation." As we begin to understand the teaching of Christian Science that God is Father-Mother, the misconceptions of the carnal mind begin to disappear, and fear is

lessened for all our fears stem from the belief that we will not be taken care of, that our needs, physical, emotional, or financial, will not be supplied. The very term Father-Mother assures these fears, for the term Father-Mother implies love and care. It implies ever-present help and tender ministrations. Just as the word "creator" implies a creation and would be meaningless without it, so the term "Father-Mother," applied to the creator, tells us the character and nature of the eternal God. It shows us that He must of necessity have offspring, else He would not be Father, and since this Father is Mother also—is all that the words "divine Love" include—we realize that His child will not be neglected, nor will it become weak and helpless.

Christian Science Reconciles All Things to God

Paul said, "All things are of God, who hath reconciled us to himself by Jesus Christ, and hath given to us the ministry of reconciliation" (II Cor. 5:18). This is the work of the Christ, to reconcile everything to God through the demonstration of the one Mind which is Love. It was the work which Jesus did so superbly; it is the work which he left us to do.

When men's unity with God is universally understood and demonstrated, all their problems will be solved, for he who loves God and is at one with Him will unflinchingly obey the Scriptural command to love his brother also; and where there is love, there is no need of human laws to protect or arms to defend.

Love is the key to happiness, our passport into the kingdom of God. Love is more than mere kindness, though those who reflect it must express kindness; it is more than mere affection or good will, though it includes both affection and good will; it is greater than any quality or series of qualities which go to make it up. It is the nature of the Holy One, the incomparable Father-Mother God.

HOW DOES CHRISTIAN SCIENCE HEAL?

The disappearance of organic and functional disease, as well as of trouble in other forms, is continually recorded among those who have turned to Christian Science for help.

The method of such overcoming of difficulty is prayer—a spiritually scientific manner of thinking based on the teaching of Christ Jesus.

What this prayer is and how anyone can understand it and use it effectually in accordance with his need are fully explained in the Christian Science textbook:

SCIENCE and HEALTH with Key to the Scriptures By Mary Baker Eddy

This remarkable book, other works by Mrs. Eddy, and all other authorized Christian Science literature may be read, borrowed, or purchased at the Christian Science Reading Room, in the church.

Open to the public at the following hours: 2:00 to 4:00 p.m., except Sundays and holidays.

First Church of Christ, Scientist, Corner Main and Dodge Sts.

LOCALS

The Cubs of Pack 5 held their pack meeting in the Central Grade school gym on Thursday evening. The Cubs in each den had a nature exhibit and display during the full program.

Mr. and Mrs. Walter Terbrack spent Thursday in Detroit celebrating Mrs. Terbrack's birthday with dinner and a stage play at the Cass-theater.

Mr. and Mrs. Harry Mohrmann of North Main street spent last week in Charlevoix visiting relatives.

Mrs. Evelyn Erdelyi and daughter, Betty Ann, are visiting Mr. and Mrs. Mihelcic in Springfield, Illinois.

Mrs. Ernest W. Berridge will be hostess this evening at 8 p. m. to Chapter AI, P.E.O. with Mrs. Henry D. Jensen acting as co-hostess. Following the business meeting the program will be given by Mrs. Robert L. Nulty.

Miss Jo Ann Gorton spent Friday night at the home of her parents, Mr. and Mrs. Forrest W. Gorton, on Forest street.

The next meeting of the Get-Together club is scheduled for October 19, and will be at the home of Mr. and Mrs. John Scheel on Bradner road. This is a meeting for the adult members only, and dinner will be served by Bess Scheel and Gladys Sutfin.

Mrs. William Farley will spend the weekend in Pontiac with Mrs. Harry Pattison.

Mrs. James Thrasher of Lakeland court spent Wednesday visiting friends in Hillsdale.

Mrs. Moritz Langendam of Sutherland avenue is confined to St. Joseph hospital in Ann Arbor.

Mr. and Mrs. Wallace Osgood of Penniman avenue will spend this weekend in Hiram, Ohio visiting their son, William, who is a student at Hiram college.

The Sedition Act of 1798, passed during the administration of President John Adams, was intended to shackle the opposition press.

Quiz #2 that should make you feel mighty proud of yourself

2 hours and 22 minutes—that's how long the average American worker works for the price of a cotton dress.

How long do you think the average British worker works? And the average Russian worker? Fill in the blanks:

- 1. The average British worker works _____ hours _____ minutes to earn enough to buy a cotton dress.
- 2. The average Russian worker works _____ hours _____ minutes to earn enough to buy a cotton dress.

THE RIGHT ANSWERS—whether you know them, guess them, or read them below—should make you feel mighty proud of the way we do things in this country; of how much more our economic system does for us than any other system does for any other people.

RUSSIAN: 32 hours and 5 minutes—more than thirteen times as long!

Room Mothers Meet Tuesday

One of the most important groups of the Parent Teacher association, the Room Mothers, will meet with the Central Grade school organization's executive board at the school next Tuesday afternoon at 1:30 p. m.

A group official states that the time will be spent in getting acquainted, formulating plans for the year, and receiving specific instructions relative to their duties.

The Room Mothers, she explained, assist the teachers on special occasions, keep members informed of the needs of the school, and remind members and friends of the meeting each month.

Tuesday's meeting precedes the first PTA meeting, slated for October 26, to create interest and enthusiasm in starting the year's work, a report reveals.

Two Bass Weigh Nearly Ten Pounds

Two Bass weighing nine and three-quarters pounds taken from the waters of Broughfield lake near Farland last Saturday morning by Harry Wagenschultz of 1055 Card street. Mr. Wagenschultz caught the two beauties in almost the same spot with a flat fish bait. He was accompanied on the trip by his fishing partner, Arthur Bruner.

B & PW Attend District Meeting

Eight members from the Plymouth Business and Professional Women's club attended the international banquet sponsored by the district organization in Ann Arbor, Monday evening.

The affair was staged in the Michigan Union.

Attending in the capacity of speaker was Miss Sally Butler, president of the international Business and Professional Women's club, who spoke on "Your Vote in 1948."

Those attending from Plymouth included: Florence Gableman, Doris Johnson, Mrs. Harold Young, Dora Ritchie, Rose Hawthorne, Neva Lovewell, Dora Gruebner and Wilma Frinrock.

Maccabee News

The Maccabee 70th anniversary banquet was held Monday evening, October 11, at St. John's Episcopal church.

The regular meeting followed dinner. Commanding Lady Louise Granger presented Lady Hazel Norgrove, toastmaster for the evening, who introduced the state junior director, Dora Nicholson. Mrs. Nicholson gave a brief survey on the Junior Maccabees.

Lady Maggie Callan, district manager, was present at the meeting, and she was accompanied by 12 members of the Maccabees from Farmington. Also present was Lady Ethel Emerson from Detroit who is the founder of the Emerson Guards.

Gifts were presented to the two Maccabees with the longest service and to the newest member of the organization.

Lady Mabel Dix, accompanied by Lady Velma Seerfoss, lead the group singing which followed.

A history of the birth of the Maccabees in 1892 until the present time was given by the historian Lady Dora Wood. A pageant coinciding with this feature was presented.

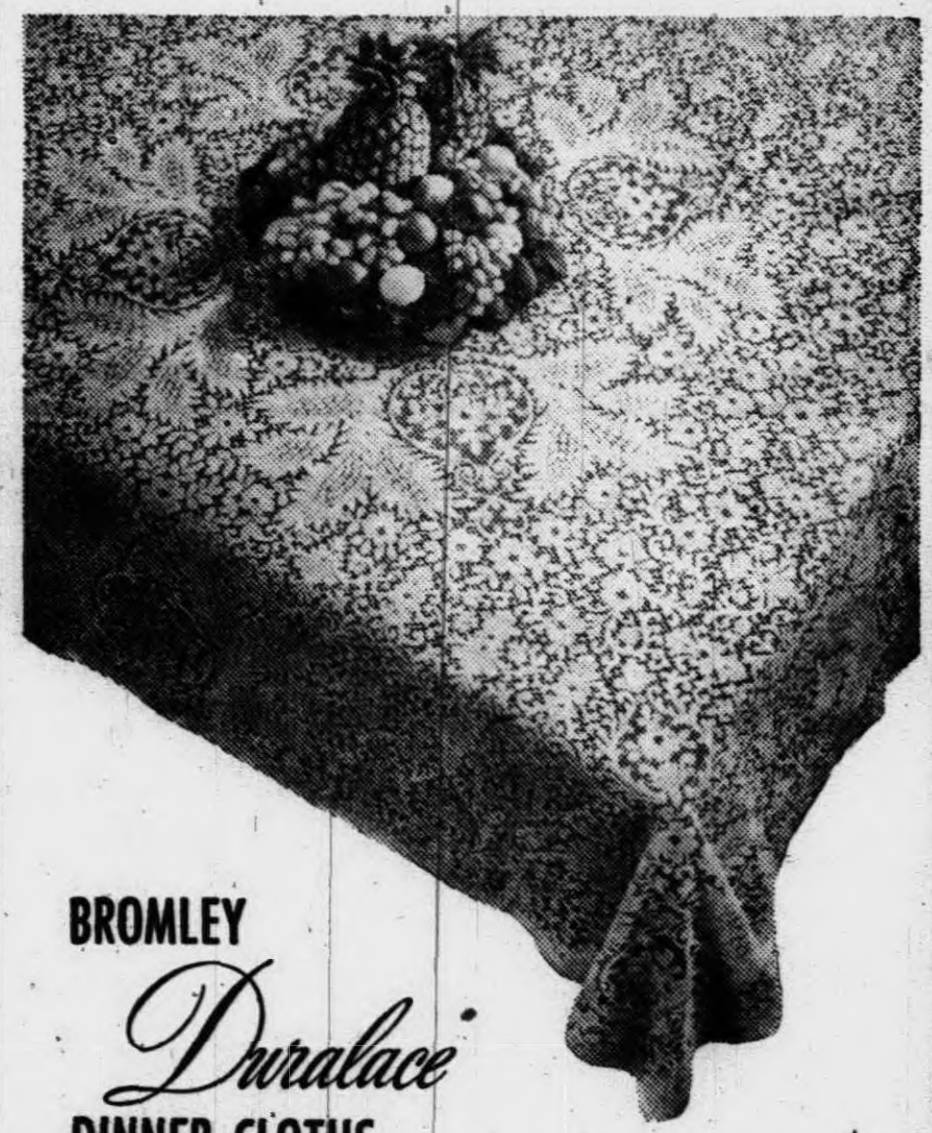

Emerson Guards will meet for practice at 7 p. m. on Wednesday, October 20. Preceding will be a pot luck supper for all Maccabees at 6:30 p. m., and the regular meeting will be held at 8 p. m.

For many years a colonial newspaper editor who dared to criticize the authorities of his town or province was fined, reprimanded, or imprisoned.

C of C Committee Halloween Plans Are Biggest Ever

(Continued from page 1)
afternoon. Both Parent Teacher associations will cooperate with the Chamber of Commerce committee for this portion of the event.

As in previous years, the grade school students will stage their parades in the afternoon. Those from Central Grade school will go through the main part of town, while Starkweather students will hold their parade in the business district located in the north part of the city.

Another parade for all others in the city will be held on Halloween night from the high school to the down town area

where the street dance will take place. Plans call for all paraders being in costume, for prizes will be awarded to those in the most original outfit. There is a possibility that the Saturday parade will be led by a German band from the high school.

The committee will request the permission of the city commission to rope off Penniman avenue from Main street to Ann Arbor trail for the dance which will follow the parade. Further information on this phase of plans will be announced later.

Governor Sigler Will Appear Here

(Continued from page 1)
Bank. Officially, he continued, it will be known as the Plymouth section of the 17th Congressional district.

The office is operating at the present time, and will continue to until November 2. Mr. Simmons reports. Campaign literature and buttons are available there.

City Businessmen Suggest Remedy For Parking Lot

(Continued from page 1)
ly was not, but was the course of action decided on as that which would best serve the most people and businessmen at the same time. The city has no wish, he continued, to interfere with the businessmen.

Determined that a workable plan could be worked out under a free parking set-up, the businessmen forwarded their first suggestion. Their plan entails a two-hour limited parking without the use of meters. Such a scheme would eliminate all day parking, but would at the same time make free parking available to their customers. They suggested that their plan be tried for a limited length of time.

Mayor Henderson will take their recommendations back to the city commission. A six man board representing the businessmen had previously met with the commission, with little or no progress reported. Both sides of the question were merely presented.

Conflicting sides on the issue arose following the city commission's approval of a plan by the city planning commission which called for paving of the lot, along with the installation of parking meters. Businessmen responded to the proposed action by stating that they believed it would retard trade, and since that time have been carrying on a fight to keep the meters out of the lot.

Dawn Patrol Will Land at Plymouth Airport October 24

(Continued from page 1)
tire state is expected to land on the field for the day's program. As in the case of other Dawn Patrols, a breakfast will be provided, served in the Veterans Community Center. The public is also invited to take part in that phase of the day's events. Along with tickets for the breakfast, bogus money will be issued for the millionaire party which will take place at the airport. Transportation will be provided from the Center to the airport.

Lion Max Todd, Dawn Patrol chairman, reports that further entertainment plans include an exhibition square dance on horse back by the Saddle Ridge quadrille team. He also states that other service groups in the city have been invited to attend and help welcome the day's visitors. Assisting with the planning are Plymouth pilots, Cass Hough and Deane Herrick.

Modern locators and leak detectors using the war-developed science of electronics, have been adopted by the oil industry to spot "breaks" in oil pipelines instantly, thus saving oil, time and money.

TROUSERS Our Own Tailor Shop Makes Prompt Fitting if Required. No Extra Charge. SHINGLETONS 37 Years in Plymouth Liberty St.

ABOVE THE HULLABALOO INCH LONG AMERICAN MEMORIES

TWO years ago our country rose up in arms against the tyranny of certain labor leaders with Stalinist complexes. We were so enraged at their utter disregard for our comforts—even our lives—that we threw the Democratic majority out of Congress and elected a Republican majority for the explicit purpose of circumscribing the fast growing personal powers of these men.

The new Congress passed the Taft-Hartley bill, which emancipated the union laborer and gave the American citizen back most of the privileges which had been usurped. Immediately the political opposition turned up their organs of propaganda, and in a few months time, many befuddled citizens who had voted for Freedom were condemning the very congressmen who had returned it to them!

Now that doesn't sound like good Yankee common sense. But think back a little and judge if the above is a mis-statement. Also look up a copy of the Taft-Hartley law and see if you think that is a mistake! Then figure it all out thoughtfully and make up your mind if you would like to give back your freedom to John L. Lewis and few other such modest, unassuming patriots.

Incidentally, all union labor is not going to be fooled by the men who alone will profit from elimination of the Taft-Hartley law. The freedom-loving member may not announce it from the roof top—but his ballot is going to read just as it did when he helped elect a Republican Congress in 1946. It is those who don't think and who don't remember that are worrying Republican candidates for Senate in Kentucky, West Virginia, Oklahoma, Wyoming, Minnesota, Iowa and Idaho.

The United States is at war! When the shooting will start is problematical. If the present Russian "set up" remains in power it is fairly sure to occur eventually; and some "spark" may set it off at any moment. Our greatest protection against war with Russia is a unified front behind a President who has not inherited an "appease Stalin" complex. A tragedy would be a Democratic senate or house—and a Republican President. A worse tragedy would be a return of the well-meaning politician now in the White House.

Over 650 in Township, City Register to Vote

(Continued from page 1)
the list. Interest in this area was stimulated by the recent visits of Republican Vice Presidential Candidate Earl Warren and President Harry Truman to Detroit, and it will be further sharpened when Governor Kim Sigler, along with other Republican state and county candidates will make personal appearances in Plymouth on October 27.

LOCALS

James Ross, Lee Turkett, George Todd, and Bill Otwell attended the Lions-Boston football game at Briggs stadium on Saturday night.

Mrs. John Schroeder of Six Mile road entertained at a luncheon on Saturday in honor of Mrs. A. B. Schroeder of Newburg road. Guests were present from Henderson, South Lyon, Northville, Plymouth and Livonia.

The Altar Society of St. Raphael's church will sponsor a card party for the benefit of the fund for a new school on Wednesday, October 20, at the home of Mrs. Don Kirkendall at 1175 Wildwood between Ford and Marquette roads.

West's Announce Guessing Contest

(Continued from page 1)
and 507 South Main, with a large illustration of the cord body of the tire, showing layer upon layer of tightly twisted cord.

Entry blanks have been provided on which visitors to the store may make their estimates. Blanks will then be dropped into a sealed box. The only man in the country who knows the exact number of feet of ply cord in the tire is R. W. Sohl, manager of tractor tire development at the Goodyear plant in Akron, Ohio.

The correct answer will arrive by letter November 13, and will be posted in the store window. Jack Taylor, cashier at the Plymouth First National bank and John Gaffield, advertising manager of the Plymouth Mail, who have agreed to act as judges, will open the sealed box of entries and will determine the winners.

Prizes for the contest are announced in an advertisement on another page of this week's Plymouth Mail.

Community Chest Directors Appeal For Volunteer Aid

(Continued from page 1)
er, Mrs. Walter Hammond, A. L. Lantz and Mrs. Walter Sumner. A meeting of the fund raising committee was held last night, Thursday, at the Pilgrim Drawn Steel Products plant.

Red Feather services in Plymouth which will benefit from the Community Chest drive are: the Salvation Army, Visiting Nurse association, Boy Scouts, Girl Scouts, recreation commission, and Veterans Memorial Center.

OBITUARIES

Mrs. E. C. Dickinson passed away at the home of her daughter, Mrs. E. R. Hatton on 18115 Birchcrest drive, Detroit, Saturday, October 9. Funeral services were conducted from the Ross Northrup Funeral parlors at Redford, with Dr. Burton S. Levering officiating. Interment was in the Clarenceville cemetery, Clarenceville. Mrs. Dickinson was born in Clarenceville on August 1, 1856, on the site now known as Botsford Inn. She had made her home in the surrounding area all her life. Since the death of her husband six years ago, she has resided with her daughter. Surviving are two sons, Roy J. of Columbus, Ohio, Ivan C. of Northville, and one daughter, Mrs. E. Roy Hutton of Detroit, also six grandchildren and seven grand grandchildren.

Mrs. Agnes Garnet Mrs. Agnes Garnet, who resides at 36709 Ann Arbor trail, passed away early Wednesday evening, October 13 at the age of 50 years. She is survived by her husband, James Garnet; her two brothers, Edward and Sandy Girardell, both of Detroit and her sister, Mrs. Lucy Minetell of Indianapolis, Indiana; other relatives and a host of friends. Mrs. Garnet has been a resident of Plymouth for the past 11 years. Mrs. Garnet was brought to the Schrader Funeral Home where rosary will be said Friday evening, October 15 at 7 p. m. by Father William P. Mooney. She will be taken to Youngstown, Ohio where funeral services will be held this Saturday morning, October 16 at St. Anthony's Catholic church, Youngstown, Ohio. Interment will be in Calvary cemetery. Phone local items to 1755.

Health Official is PTA Speaker

Teachers part in the health program will be discussed by Dr. C. D. Barrett at the meeting of the Starkweather PTA planned for Thursday, October 21, at 7:30 in the school.

The evening's speaker, Dr. Barrett, is assistant director of the Wayne County Health Department of Detroit.

Supplementing his talk will be a movie depicting "When a Child Grows Up." It will deal with such nuisance diseases as scabies, impetigo and ringworm.

Refreshments will be served following the meeting in the auditorium. Mrs. Mary Strasen, health chairman of the PTA, is in charge of the program for the evening, and secured the speaker.

If you have any items of interest about your family or friends please call 18.

The distances of all but the nearest galaxies are so great that even the most powerful telescope fails to resolve them into individual stars.—George Gamow, Scientific American.

The oil industry, alert to the need to supply ever-increasing quantities of oil for America, has developed techniques that permit drilling of "crooked wells". Such wells tap reserves lying under hills, lakes, swamps or the ocean, which could not under ordinary conditions, become available for use.

Rotarians Hear Story of UNESCO

Plymouth Rotarians enjoyed one of their finest programs last Friday, when assistant superintendent of schools of Detroit, Dr. Paul Rankin spoke before the club at the request of Charles Brake. Dr. Rankin took as his subject, UNESCO, the United Nations Educational, Scientific, and Cultural Organization which he believes has in its power the only real approach to permanent peace.

The speaker stated that this branch of the United Nations Assembly had only one objective and that was peace and its only method of bringing about a permanent peace throughout the world was through education. This is the first time in world history that any peace treaty has ever been written that included a program of education for the warring countries, stated the speaker.

He further pointed out that in the past most peace treaties were written on the following basis, first an effort is usually made to rectify boundaries secondly the limitation of armaments is considered and thirdly some program is included to encourage the end of all special disputes between the nations at war.

Dr. Rankin pointed out that the theory of the United Nations is that war conceived in the minds of men therefore they should be educated from childhood to believe that wars are unnecessary. This can be done he said by putting the truth in the minds of all children throughout the world by making truth the basis of education. To draw a more clear picture of his thought he compared the English history books on the Revolutionary War with the American text books used in our own public schools. People who read both find it almost impossible to believe that they are reading about the same war he stated.

"UNESCO has a tremendous job on its hands in attempting a program such as this, but I feel in the final analysis the only way to a lasting peace is through truth and truth can only be known if it is taught universally," said Mr. Rankin.

Fire Discussion Held by Kiwanis

Fire prevention precautions should be taken in the home every day, not just one week in the year, Captain L. Bailey told Plymouth Kiwanis Tuesday evening, October 12, when he spoke on the recent Fire Prevention Week.

Capt. Bailey is director of public relations for the Detroit Fire department, and a member of the Fire Prevention bureau.

He was introduced by Fire Chief Robert McAllister, who was the evening's program chairman.

The discussion was supplemented with a demonstration of how fire occurs, showing the elements need for combustion.

The alert teacher understands that radio is an art in itself and its wise use is the heritage of every child.—Kathleen N. Lardie, Supervisor of Radio, Detroit Public Schools.

LOCALS

Mrs. A. B. Schroeder was honored at a birthday dinner in the home of her daughter and family, Mr. and Mrs. Herbert Meredith of Grosse Pointe Woods on Sunday.

Mr. and Mrs. Stanton Klink and Mr. and Mrs. Thomas Thompson, who have returned from Colorado and Kansas were accompanied home by Mrs. Klink's and Mrs. Thompson's father, George Clement, who will visit them in Plymouth.

Mr. and Mrs. William Reid and daughter, Martha, were called to Findlay, Ohio, to attend the funeral of Mrs. Bert Swindler, the sister of Mrs. Reid.

The Hawaiian Harmonizers will present a musical review on Tuesday, October 19, in the high school auditorium, at 8 p. m.

Last Friday, Georgia Burkholder of Plymouth and Lee Collins of Detroit attended the opera, "Rigletto", at the Masonic Temple, following dinner at the Mayflower house in Detroit.

Mr. and Mrs. James Ross of Pacific will entertain on Saturday evening the following members of the Bridge club: Mr. and Mrs. James Scott, Mr. and Mrs. William Otwell, and Mr. and Mrs. Jack Marsh.

The Fatima Circle 764 of the Daughters of Isabella will hold an election of officers at the next meeting on Tuesday, October 19, at 8 p. m. at their new location in the Bell Telephone Building basement in Wayne. All members are urged to be present.

Phone news items to 1755.

Mr. and Mrs. Harmon Gates, accompanied by Mrs. Cloyce Murray, Mrs. Ed Bauman, and Mrs. Robert Chapple, were dinner guests of Mrs. James Bauman in Leamington, Canada.

Mrs. O. S. Beyer spent last week with her son-in-law and daughter, Mr. and Mrs. Timothy Sullivan of White Lake. Sunday guests were Mr. and Mrs. Floyd Burgett and daughter, Judy. Mrs. Timothy Sullivan is spending the weekend with her mother while her husband is attending the druggist convention at Indianapolis.

A house warming party was given Mrs. Roy Miller in her new home on Shady Side in West Point last Wednesday. Pot luck luncheon was served to the 15 guests present.

Mrs. Henry H. Hees is ill at her home on Arthur street.

Site of Tonight's Game Against Belleville Depends on Weather

The site of this evening's Suburban B contest between Plymouth and Belleville depends wholly upon the weather. If it rained yesterday or this morning in Belleville, the game will be shifted to the Plymouth gridiron for a night game. If Jupiter Pluvius didn't shower his worst efforts yesterday or this morning the tilt will be played on the new lighted Belleville gridiron at 8 p. m.

This confusion results from the fact that Belleville has a new football field this fall, because of this fact the field is difficult to keep in condition. If the contest is played in Belleville this evening, it will be the first in that city this season.

As the Rocks prepare for this encounter they know they have their hands full for Belleville defeated a tough Trenton eleven last week 13-6. Earlier in the

season the Tigers gave Ypsi a tough battle before losing 19-6 to the Suburban B leaders. In pre-season ratings Belleville was picked for the depths of the league, but they have disproved that statement.

Last Friday the Rocks went to Wayne still seeking their initial win of the campaign, but they came back with their fourth loss of the year. The Zebras kept up their unbeaten streak in the league defeating the Rocks 26-7.

In the fourth quarter the Rocks tallied their second touchdown of the season when Larry Finney raced 30 yards for the six point-er. Fletch Campbell kicked the conversion to account for the Rock points for the day.

The Little Rock league is now running smoothly after having a bit of confusion over names of teams and other trivial matters.

Red Sox Leading Six Man Football

As a result of two consecutive victories, the Red Sox are in front in the Class A division of the six man football league, known as the Little Rock league. Just behind the leaders are the Great Americans, a team that has won two consecutive games after losing to the Red Sox on the first night of play 14-0.

In the B division, 99 pounds and under, the Wildcats are showing the way with two victories against no losses. Another undefeated team in that division is the Firemen with one victory thus far.

Another team that the Rocks play later in the season, Northville, won their contest Friday over Holly 24-7. Bentley High of Livonia won their initial game of football on Thursday, October 7, whitewashing the Redford Union reserves 25-0.

Wayne and Ypsi Tied for First In Suburban B

An unexpected threat to Ypsi's grid domination in the Suburban B league has come from the Wayne Zebras. While Wayne was beating the Rocks Friday afternoon, Ypsi was rolling over Redford Union 40-0. The two clubs are now tied for first place with a three won and none lost record.

Today the leaders will meet and the winner will undoubtedly be crowned champs for the season.

Ypsi is again rolling after having two tough encounters with Trenton and Belleville. The latter is one of the surprises of the year in the conference as they stopped Trenton last Friday afternoon 13-6 and also a credit to the Tigers is their 19-6 defeat to Ypsi. A defeat by that margin to Ypsi is no disgrace.

Lowrey High of Dearborn, a Class A school that meets the Rocks on the 29th of this month, showed to great advantage Friday as they lost to East Detroit 19-0. East Detroit, as of last week, was listed the sixth in the Class A ratings in the state. This interesting piece that includes the standings of the Class A schools, appears every Wednesday in the Detroit Free Press.

After play of Wednesday, October 6, four teams are tied for first place in the Ladies' Wednesday night bowling league at the Parkview Recreation.

The four teams, Dann's Tavern, Perfection Laundry, Plymouth Sport Shop and Cloverdale Dairy each have won 11 games while losing five.

Rock Reserves Win Initial Grid Contest of Year

After suffering one defeat to Redford Union, the Plymouth Rocks reserve squad came back to defeat Wayne 14-0 on Thursday, October 7, on the local gridiron.

The Rock touchdowns were chalked up by Bill Burger, who ran ten yards for a score in the first quarter and then he went over from the 25 yard line in the second quarter. Both extra points were running plays, with Bob Anthony scoring on a full-back plunge and George Hunter getting the other.

A wet field didn't bother the Rocks at all, as they only fumbled once, but the Zebras were not able to make a first down during the entire game, as the hard-charging Rock line held them back.

The starting line-up is as follows: left end, Fred Pringle; left tackle, Ken Thompson; left guard, Marty Mitchell; center, Dick Nelson; right guard, Neal Lamphar; right tackle, Earl Rafferty; right end, Lyle Huettner; quarterback, George Hunter; right half, Bob Houghton; left half, Bill Burger fullback, Bob Anthony.

The first oil company drive-in service station was opened in 1903. Today there are 250,600 and 95 per cent of them are independently owned, or operated. There are more service stations than post offices or grocery stores.

October 25	4:30 p.m.	Firemen	Wildcats
October 28	4:30 p.m.	Lions	Great Americans

Four Teams Tie For Bowling Leadership

After play of Wednesday, October 6, four teams are tied for first place in the Ladies' Wednesday night bowling league at the Parkview Recreation.

The four teams, Dann's Tavern, Perfection Laundry, Plymouth Sport Shop and Cloverdale Dairy each have won 11 games while losing five.

Northville Downs Closes Harness Racing Season

After last evening's races the Northville half-mile track concluded its harness racing for the year.

Of particular interest to local residents was the performance of Owen Brennan, Plymouth horseman, in driving his seven year old Joe Bunter to victory in both heats in one of the closing programs of the meet.

With last night's racing, Northville Downs ended its most successful season since its twin inaugural meets in the fall of 1944.

While final figures were not available at press time, Peter R. Miller, secretary of the Michigan Racing Commission and also a Plymouth resident, revealed that final tabulations for the 60 day meeting would show a total public pool of approximately \$12,000,000 compared with the \$7,500,000 of last year.

More Interest Needed for City Bridge Clubs

Another word has come out from the recreation office concerning the planned duplicate and contract bridge club. Herb Woolweaver, recreation director, states that there hasn't been much interest shown in the bridge club as yet. With that in mind Woolweaver wants to have the people, who are enthusiastic over bridge to try and get their friends to play the game.

"About 20 people are need for a club," says Woolweaver. Persons desiring to play bridge can call Woolweaver at the city hall in the next few days.

A capable instructor, Tom Weeks, from Detroit, will teach the classes. At present Woolweaver and Weeks plan to start the classes on Monday, November 1 at the city hall.

Lutheran League Features Race by Three Teams

Heading into the sixth week of bowling at the Parkview Recreation, three squads are having a three team race. Lutheran teams number 7, 2, and 8 are closely bunched with number 7 and number 2 on top with 13 points.

These three teams are in front in the high three game total and the high single game.

The high individual single game of the week was produced by G. Eschels with a 219 score followed by Mel Clement with 210.

The Lutheran league, which bows on Friday night, has a point system which gives a team one point for a win and one point for having top three game score of the evening.

Joe's Jottings

by Joe Miller

When Larry Finney scored Plymouth's first touchdown against Wayne Friday, it marked the third sport in which Larry has become proficient. Larry was a star forward on the Rock cage team last winter and in the spring he was the regular left fielder on the Rock baseball team, which came up with a six won, three loss record. If Larry had been on the Rocks football squad the past two years, he might have been one of the standouts in the league at present.

After Finney's touchdown Fletch Campbell kicked successfully the point after the TD. There is a story in that, for these two fellows have been doing things together for several years. For instance, this summer, in order to change their luck on the Wiedman Cardinals, they changed numbers. Immediately the fellows came through to whip Wayne to give the champs of the league their only loss in the Western Wayne league.

After last weekend's activities in the sporting world, Michigan fans have a right to stand up and cheer. The weekend began with Detroit's stunning 40-7 victory over the much heralded San Francisco even. Detroit ought to go through the season undefeated and then conclude the season in a bowl game. The current edition of the Titans is better than half of the teams in the big nine. Then on Saturday came the big news as mighty Michigan swamped Purdue 49-0. Most of the experts picked Purdue to beat the Wolverines. In South Bend, Michigan State put up a great battle before losing to Notre Dame 26-7. If it weren't for a few mistakes, State would now be the toast of the football world.

In addition to this football whirlwind a Michigan youth Steve Gromek, pitched brilliantly to give Cleveland a world series win over the Boston Braves. All of this only goes to prove that the state of Michigan is the best sports area in the world.

Saturday also marked a great step forward in television as three Detroit stations televised sports events during the day. Sport promoters are worried about the invasion of television into sport, for they believe fans will stay away in vast numbers from the stadiums. We do not believe that television will harm sports, it will aid sports as did the invention of radio. The real thing is much better than seeing the event via television.

Boxing Program Inaugerated Here Under Direction of Spitz and Graves

An extensive boxing program under the direction of Mike Spitz has begun in the city. Spitz is assisted "in the manly art of self-defense" by Charlie Graves. The program is in its third week now.

Approximately 40 boys are training for boxing. Monday and Wednesday the boys do ring work and on Tuesday and Thursday they do their road work. In order to box, boys must be between nine and 19, plus the important item of having a physical exam; this is a must. Any boy interested may contact Spitz or Graves, or come to the recreation office, room 204 in the city hall, during the week or after school. The boys must also have permission from their parents to box.

At present the prospective boxers are in the midst of training. When in the ring the boys cannot hit each other a hard blow, for this is just a training period. As far as possible the boys will be evenly matched.

Herb Woolweaver, recreation director, hopes to have the boxing ring set up before too long. The fellows are now boxing on a mat in the recreation office.

If you know of a wedding, social item or other local news, phone 1755.

It's fun to be jeweled

What girl can resist the charm of precious jewelry ... magic gift-giving to bring stars into her eyes, joy into her heart. The enchantment of rich gold ... the appeal of fiery diamonds ... the glamour of exotic rubies ... combined in a cocktail watch of rare unforgettable beauty. Make her gift the gift of a life-time ... a fine watch.

Mr. and Mrs. Roswell F. Tangere are entertaining Saturday evening Mr. and Mrs. George A. Smith, Mr. and Mrs. Paul Johnson, Mr. and Mrs. C. J. Hamilton, Mrs. Beatrice Schultz, Mrs. Katherine Seldonridge, and Dr. and Mrs. C. D. Barrett of Dearborn.

Mrs. Faliem and daughter, Mrs. Nather Maccitelli of Florence, Colorado and Mrs. Meredith of Detroit were guests in the home of Mrs. George Elliott on Rose street Monday of last week.

The Women's Society of Christian Service of the Methodist church is conducting a study course, using as their subject "The Bible and Human Rights." Mrs. Frederick Poole is the leader of the group. All women of neighboring churches are invited to attend the meetings that are held each Monday afternoon at 1 p. m.

The district Westminster Fellowship fall rally was held in the First Presbyterian church on Sunday evening. All Presbyterian churches in this district were represented at this meeting. Following a light supper the new officers for the year were elected, and Sandra Walch, daughter of Dr. and Mrs. Walch, was elected the moderator for the coming year. To close the meeting the group joined in a short devotional period with an address by Rev. John F. Merrill.

Mr. and Mrs. John Chaney of Pacific avenue will entertain at a dinner party on Saturday evening for Gloria's 15th birthday. Guests will be Jim Wagenschutz, Joyce Chaney and Jim Brewton.

Mrs. Tony Falgien and Mrs. Nathan Mascitetti, who have been visiting friends and relatives in Plymouth from Florence, Colorado, were honored at a farewell party last Thursday at the home of Mrs. Falgien's mother, Mrs. Katherine Meredith in Lincoln Park. Guests were Mrs. Anna Smith, Mrs. George Elliott of Plymouth, Herbert Bakewell and daughter, Mrs. Florence Kemp of Wayne, Mrs. Nellie Ward of Detroit, Mr. and Mrs. Dan Miller and family, Mr. and Mrs. Edward Hostetter, and Jack Miller. Mrs. Falgien and Mrs. Mascitetti have returned to their home in Florence.

Mrs. Wallace Laury, who has been confined to her home on East Ann Arbor trail because of illness, has improved but as yet is still unable to be out.

Mrs. Gregg Clemmons and Mrs. Richard Olin are the guests of Mrs. Horace Johnson at the Johnson cabin near Mio.

Mrs. William Eredin of Ross street is leaving on Tuesday for Phoenix, Arizona where she will spend the winter with her niece, Mrs. Charles Mundy.

Carol Cushman was home from Michigan State college last weekend visiting his mother, Mrs. Charles Cushman.

Mr. and Mrs. Thomas Bateman and sons, Bill and Bob spent the weekend at their cottage on Little Loon lake.

Mr. and Mrs. Charles Vickstrom of Blunk street entertained at a christening dinner for their grandson, Richard Lee, son of Mr. and Mrs. Melvin Vickstrom. He was christened in the Lutheran church on Sunday.

Dinner guests were Mr. and Mrs. Melvin Vickstrom and son, Richard Lee, Miss Mable Vickstrom, Mrs. Billie Toler, Morris Cope, Mr. and Mrs. Everett Salow, Mr. and Mrs. Harold Ball from Pontiac, Mr. and Mrs. William Weathers and children, Barbara Lee and Billy, and Mr. and Mrs. Charles Goulder from Detroit.

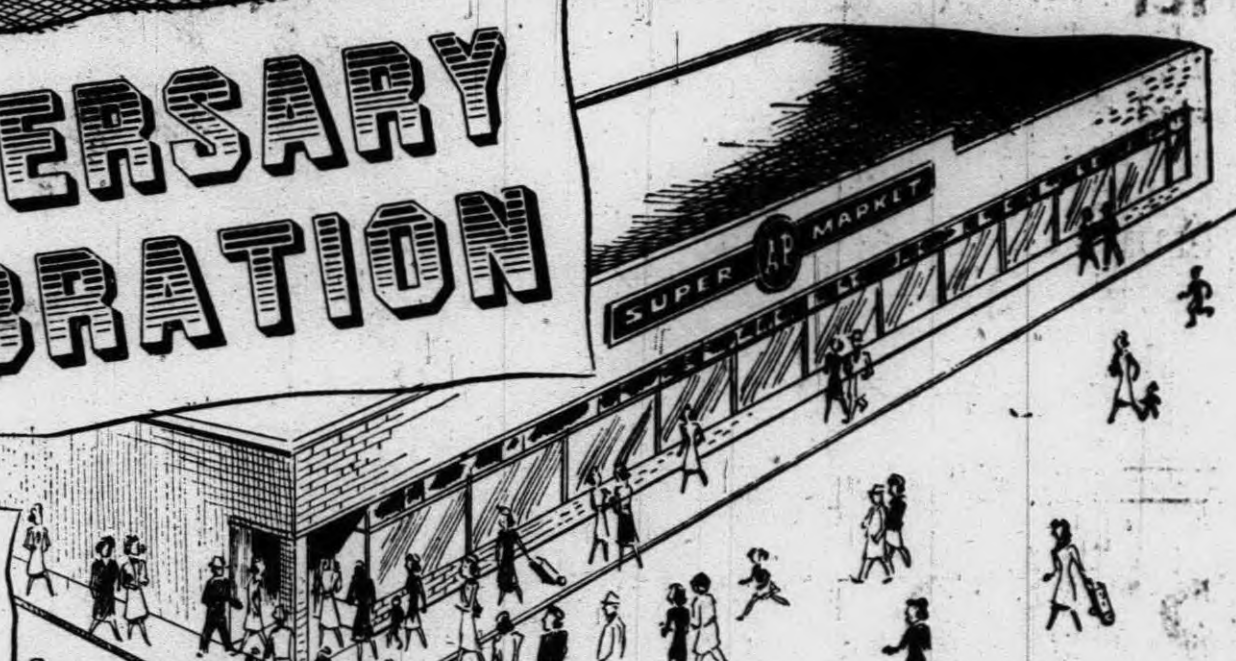

Mr. and Mrs. H. E. Cartmell of Park road held open house on Sunday, October 3, in honor of the christening of their first grandchild, Thomas Neal, son of Mr. and Mrs. Neal E. Cartmell of Detroit. The baby was baptized in Oater Drive Faith Lutheran church of Detroit, by the Rev. C. L. Kemp, who performed the wedding ceremony of the parents three years ago. Part of the baby's christening outfit consisted of a coat, which belonged to his god-father and uncle, Raymond Cartmell, 35 years ago, and a bonnet which belonged to the baby's father. The Rev. and Mrs. Kemp and their two children were among the 50 guests present at the open house.

We've Been Here 2 Years!

Here at the left is the new building we moved into just two years ago this month. It hardly seems possible that time has passed so rapidly . . . and probably that is because of our many friendly business and customer associations.

While we do not celebrate formally, we do wish to express our appreciation for your patronage during the past 18 years . . . 16 in our former location, and the last 2 here in our new home.

And at the right are the people who are responsible for the work which comes out of our shop.

Every one is a specialist in his job which includes everything from bumping out a small ding in a fender to straightening a car's frame and completely rebuilding its body.

We believe we have the most modern equipped collision shop in this area, and we cordially invite you to come in and look it over.

THANKS FOR YOUR PATRONAGE!

YES, all comparisons prove CHEVROLET GIVES MORE VALUE

It's first in all these basic motoring advantages . . .

FIRST IN BIG-CAR QUALITY at LOWEST PRICES

. . . just as it's first in nationwide registrations!

More Value in Riding Comfort
 You'll find that Chevrolet gives more riding smoothness, more riding steadiness, on any and all kinds of roads. That's true because it has the original Unitized Knee-Action Ride, proved and perfected by 14 years of experience in building Knee-Action units. Available only in Chevrolet and higher-priced cars!

More Value in All-round Safety
 Chevrolet brings you the fourfold safety protection of Fisher Unisteel Body-Construction, safety plate glass in all windows, the Unitized Knee-Action Ride and Positive-Action Hydraulic Brakes; and this is another combination of Big-Car features found elsewhere only in higher-priced cars!

More Value in Performance with Economy
 There's nothing like Chevrolet's world's champion Valve-in-Head engine . . . with its record of having delivered more miles of satisfaction to more owners, over a longer period, than any other power-plant built today . . . and Valve-in-Head design is exclusive to Chevrolet and higher-priced cars!

More Value in Beauty and Luxury
 You know that there's only one leader in fine coachcraft—Body by Fisher! It's world-famous for true quality, beauty and luxury, not only in exterior design, but in important interior appointments such as hardware and upholstery, as well. And Body by Fisher, too, is exclusive to Chevrolet and higher-priced cars!

Compare Values! . . . Compare Prices! . . .

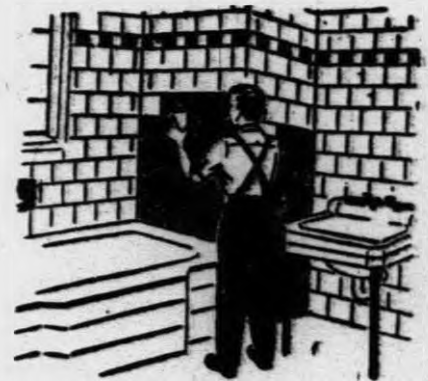

CHEVROLET — and Only CHEVROLET — IS FIRST!

New Arrival In Town

New life—but an old story for the visiting nurse. The lady in blue gives skillful guidance, under a doctor's direction, to mother before baby is born. Afterward the visiting nurse shows mother how to take care of the baby and continues to call as long as she is needed. If illness strikes or accidents injure—or whenever her skill and knowledge are needed—the visiting nurse will be there. The Red Feather visiting nurse service is available to everybody. For those unable to pay, the Community Chest does. Your pledge to the Community Chest will help the visiting nurse to continue her rounds of mercy. When you give, give enough! Enough for all Red Feather services—enough for a full year.

Plymouth's Community Fund Drive Begins October 26

Astrology

Your Weekly Guide
by G. Cardinal LeGros

In the day's work an astrologer receives many questions from people with pressing problems. And it is his business to examine these problems in the light of astrological science, and see what solutions are possible. In all cases he should be given, along with the question, the exact birth-date of the person involved. This data consists of the day, month, and year of birth. Also, if known, the hour. The place of birth is very important too. When he has this information, then there is a good basis upon which to construct the horoscope and examine the factors at work. In this way, astrology can be used as a science, and give reliable service. Otherwise the element of guess-work enters in, and the truth is difficult to obtain. If you cooperate with the astrologer he can help you—which is why he is an astrologer in the first place. It is the thing that he wants to do. Don't hesitate to tell him your whole story. His lips are sealed forever by professional silence. Here are some questions together with the answers.

"I have just met a young man who wants to marry me. I like him very much and believe that we could be happy. However, something within me warns against taking this step. What does my horoscope say? I was born — at — — —" ANSWER: You have 13 degrees of Libra rising at the time of your birth, and the planet Neptune is now at that exact degree in the zodiac. Neptune is the planet, among other things, of delusion and treachery. It causes us to see things other than as they really are. It also attracts unreliable and unworthy people into our life. Your inner warning is probably right. Don't marry this young man until several more weeks have passed and you have been able to learn more about

make a great mistake. You are another soul into the world. Is to the happiness of bringing him. It is better to wait now than young and will have many opportunities to marry. Don't rush into it now. Wait until Neptune has left your rising sign degree.

"I am a young married woman and I have just lost my first baby. We are very unhappy about this as we have been planning for months and looking forward there anything in my chart to explain this sorrow? I was born — at — — —" ANSWER: The planet Saturn has been in opposition to your Sun for some months. This shows that you have been passing through a very difficult period in many ways. Saturn stands for loss, disappointment, and sorrow. However, your horoscope is otherwise good and strong, and there is no reason to fear that you will not have other children. Things should brighten up for you next month, at which time you will be entering a fortunate period that will last for some years.

"Everything seems to be turned inside-out and upside down. Can you see any reason for this in my horoscope? My plans fall through, friends disappoint me, investments prove bad, and I don't know what to do. I was born — at — — —" ANSWER: You are just 27 years old and Saturn for the first time in your life has returned to the place in the zodiac where he was when you were born. This is almost always a difficult peri-

od in life when, as you say, "everything is turned inside-out and upside down." Try to realize that you are learning valuable lessons now—lessons that you can use later to your lasting advantage. The plans that fall through are probably not worth while because your mind is confused and does not see things as they are. The friends that disappoint you are not worth keeping. And the bad investments are teaching you to investigate thoroughly before parting with your money. This bad time will not last long. By the first of November you will be entering a new period of good luck and opportunity.

"We have sold our house and are planning to move to Florida. Can you tell from my chart when it would be a good time to leave? I was born — at — — —" ANSWER: The best time to make major changes is when the planet Mars reaches that point in your horoscope where he was when you were born. This happens in your case on the 25th of this month. Try to make your departure at this time and it should work out in satisfactory way. You will be full of energy and your spirits promise to be high. It will be an excellent date to make a new beginning. Travel indications are good too.

The above questions and answers show how astrology works. If you have a problems send it to Mr. G. Cardinal LeGros, 111 Burlingame Avenue, Apartment 405, Detroit 2, Michigan. Telephone Townsend 5-5096. Don't forget to include your complete birth-date.

Russia cured inflation there—by taking nine-tenths of the peoples' money away from them.

Junior Growers State Convention

Michigan members of the Junior Vegetable Growers association will travel to Detroit for their annual national convention December 6-9. Prof. Paul R. Tuttle of Vermillion, Ohio, regional chairman of the NJVGA, announced today.

The junior growers of the state are competing with boys and girls throughout the nation for a share of the A&P Food Stores' \$6,000 in agricultural scholarships, prizes for outstanding performance in the association's annual production-marketing contest which teaches more efficient methods for producing and marketing fresh vegetables. The national champion, as well as regional, sectional and state winners, will be announced at the convention banquet at the Fort Shelby hotel. The national championship at present is held by Lewis Schaeneman of Longmeadow, Massachusetts.

The awards, which Michigan growers are seeking, include a \$500 national championship, four \$200 regional prizes, thirty-three sectional awards of \$100 each and four \$10 awards in each state.

Reclamation appropriations by the 80th Congress were 50 per cent greater than corresponding appropriations of any other Congress in our history.

Grandma would Sympathize-

(She didn't have a Steel Refrigerator either.)

Today twenty million American families are enjoying the ease and benefits of modern refrigerators made of steel. Father, Mother and the children have a wider variety of foods to choose from—health-building foods kept fresh all year 'round. Last year from their greatest peacetime production in history, America's steel mills provided the steel to make 5,000,000 new refrigerators—along with steel for everything else.

And this year the mills are turning out even more steel than in 1947.

In supplying steel for better living, the steel companies make possible:

For You—dependable refrigeration year in and year out.

For Steel Workers—many thousands of jobs at good wages.

For Everybody—health and progress.

this is news to me!

IN THE NEWS... America's steel companies have kept down prices. While the average wholesale price of basic commodities has increased about 118 per cent since 1939, the average price of steel has gone up only 62 per cent.

IN THE NEWS... Last year steel companies earned an average of 6.3 cents on the sales dollar—a lot less than people believe is fair. Most people think a fair profit would be 10 cents or more.

Officers Installed for Junior Clubs

Close to 300 people attended the Citizens' Junior Clubs officer installation service held in the Plymouth High school on Thursday evening, October 7.

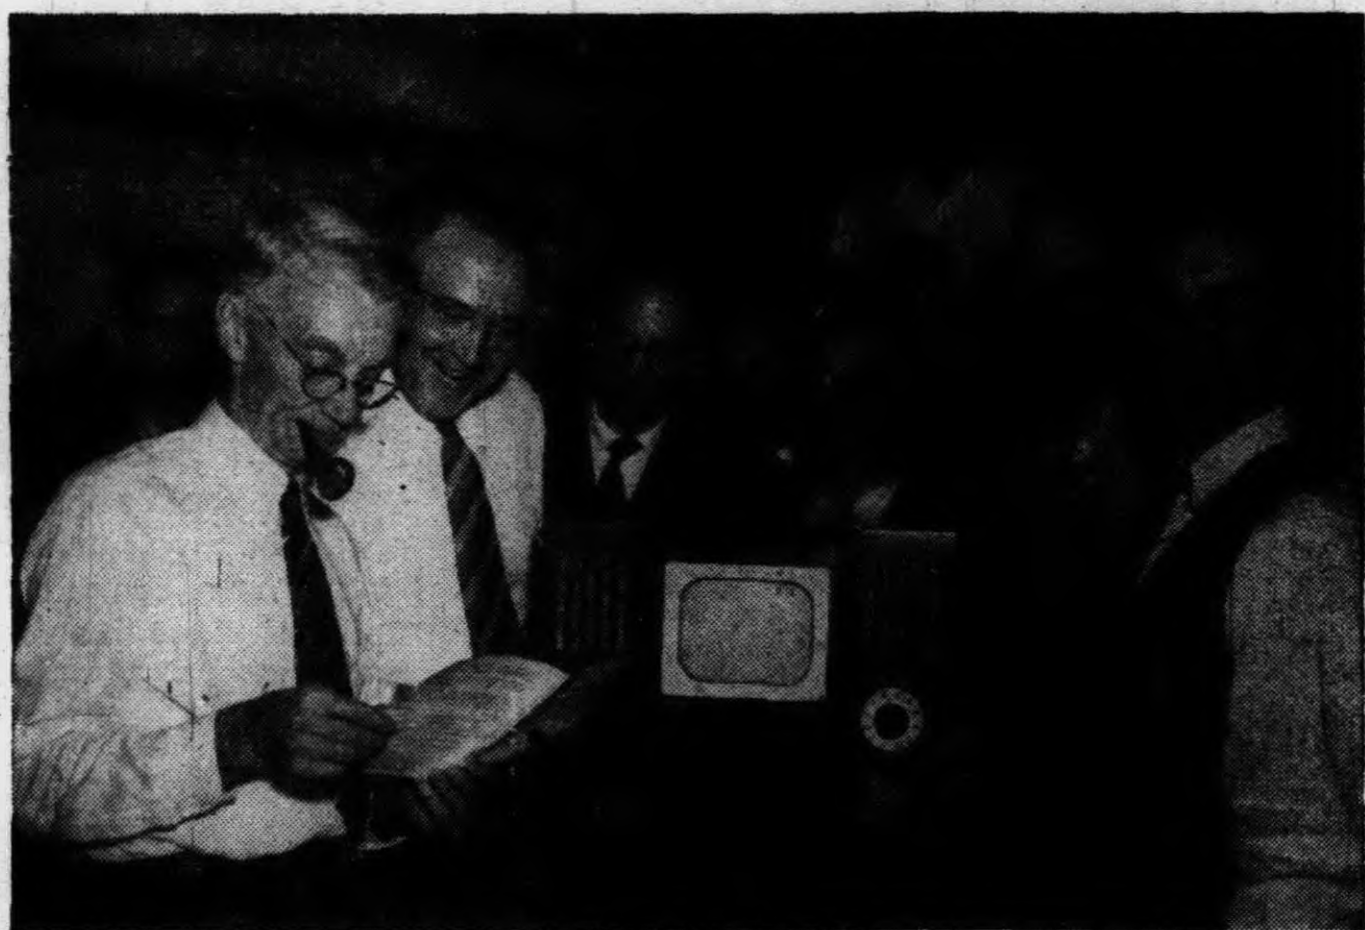

Fred C. Fischer, county superintendent of schools, conducted the service which installed CJC officers from the following schools to office: Base Line, Thayer, Cherry Hill, Bartlett, Canton Center, Sheldon, Hough, Truesdell, Nankin Mills, Patchen and Palmer. A citizenship club is formed by each class in the designated schools.

The installation program opened with the singing of "America" by the audience, directed by Vivian Hetzman, Wayne County music supervisor. Judy Lockhart and Ralph Bakewell of Patchen school led the flag salute which followed.

The welcome address was made by Paul E. Johnson, coordinator of Plymouth elementary school, and Ada Watson, supervising teacher, introduced the county workers.

Preceding the installation service by Mr. Fischer, the boys quartet of Plymouth High school presented vocal selections.

Television Set Presented Hubbell

Co-workers presenting Winn B. Hubbell, left, retiring Edison senior clerk for Plymouth, with a television set. The presentation was made at the celebration held in his honor on Friday, October 1. Mr. Hubbell has been affiliated with the Edison company since it purchased the city power concern in 1915. Prior to that time, he ran the office for the city.

Mrs. Robert Sumption of Detroit, Mrs. George Meyers and son, Ronald, from Dearborn and Mrs. Ida Grace of Redford were luncheon guests on Friday of Mrs. Walter Terbrack.

Mr. and Mrs. A. M. Wiledon spent the weekend at Lansing with Mrs. Wiledon's sister, Mrs. Georgia Harlow. On Sunday they attended Main street Methodist church where Rev. S. S. Closson, former Plymouth pastor, was in charge.

Mr. and Mrs. Earl Mastick of Ball street were guests of Mrs. Mastick's sister, Mrs. Howard Hoag at Lafayette, Indiana over the weekend. While there they attended the Michigan - Purdue game on Saturday.

Farm Program Supports Prices

The new farm program, authorized by Congress, will have an effect on the support prices which are guaranteed to farmers. Michigan State college farm economists tell Plymouth agriculturists.

Support prices were originally planned to encourage farmers to increase and maintain production during the war years when great quantities of food were needed. Support prices also insure farmers against disastrous declines in prices and incomes such as occurred in 1921 and again following 1929. A modernization of the "parity" concept has been enacted to bring these support prices up to date and to correct some of the inequalities brought about by changing markets and agricultural production advances.

In effect, the new farm act lowers the parity calculation generally for grains, cotton, peanuts, and rice; and raises the level for hogs, beef cattle, milk and cottonseed.

Price supports on most farm products are to continue at 90

per cent of parity through 1949 as has been the practice in the past. For crops, the support price is made available to farmers through loans or purchase agreements. Prices of dairy products, eggs, hogs, and turkeys are also supported at 90 per cent of parity; however, the market price for these products is still above the support level.

Beginning in 1950, the support level is flexible and ranges from a low of 60 per cent to a high of 90 per cent of parity depending upon the supply. The overall idea behind the long range program is that although prices will be lower, farmers will get a larger total income for a larger production than for a small production. This, MSC economists believe, will encourage an abundant food supply and yet prevent a disastrous decline in prices which farmers may receive.

Widmayer Tells of Contest Plan

The Kroger company, third largest retail food firm in the United States, has made its bid for the title of America's Contest Headquarters. Roland Widmayer, manager of the Plymouth store announces.

He states that the food company will give free food for a year to three winners in each of eight national contests being sponsored by well-known food and soap manufacturers. The total amount involved in the eight contests is \$415,000 in cash and merchandise.

Three winners in each of the eight contests who write the name and address of their Kroger store on the back of their winning entry blanks will be given the food prizes. The decisions of the judges, based upon the rules of their respective contests, will be final.

Following are the eight contests tied in with the Kroger plan: Parkay Margarine (\$50,000 in cars and appliances), Lipton Tea (\$36,117 in cash), Quaker Oats (Trip to Hollywood and a week with Roy Rogers), Lever Brothers (30 Mercurys), Oxydol (\$50,000 in cash), Palmolive (\$87,000 in cars and appliances), Super Suds (\$87,000 in cars and ironers) and Quaker Puffed Wheat (101 bicycles).

Progressive improvements in exploration and drilling methods since 1839, when the first commercial oil well was completed, have enabled the oil industry to produce for America's welfare and security more than 37 billion barrels of crude oil. Loaded in tank cars, this oil would make a trainload stretching 64 times around the earth.

Mrs. Henry Baker, Mrs. Sidney Strong and Mrs. Earl Mastick attended the luncheon of the Metropolitan Past Regent's club on Monday in the home of Mrs. Joseph Shoemaker at Royal Oak.

During our first year in business in Plymouth the Ford Motor Company in 1921 produced its 5 millionth Model T.

Remember the Good old Model T?

This is the 1921 model - the kind we sold our first year in business.

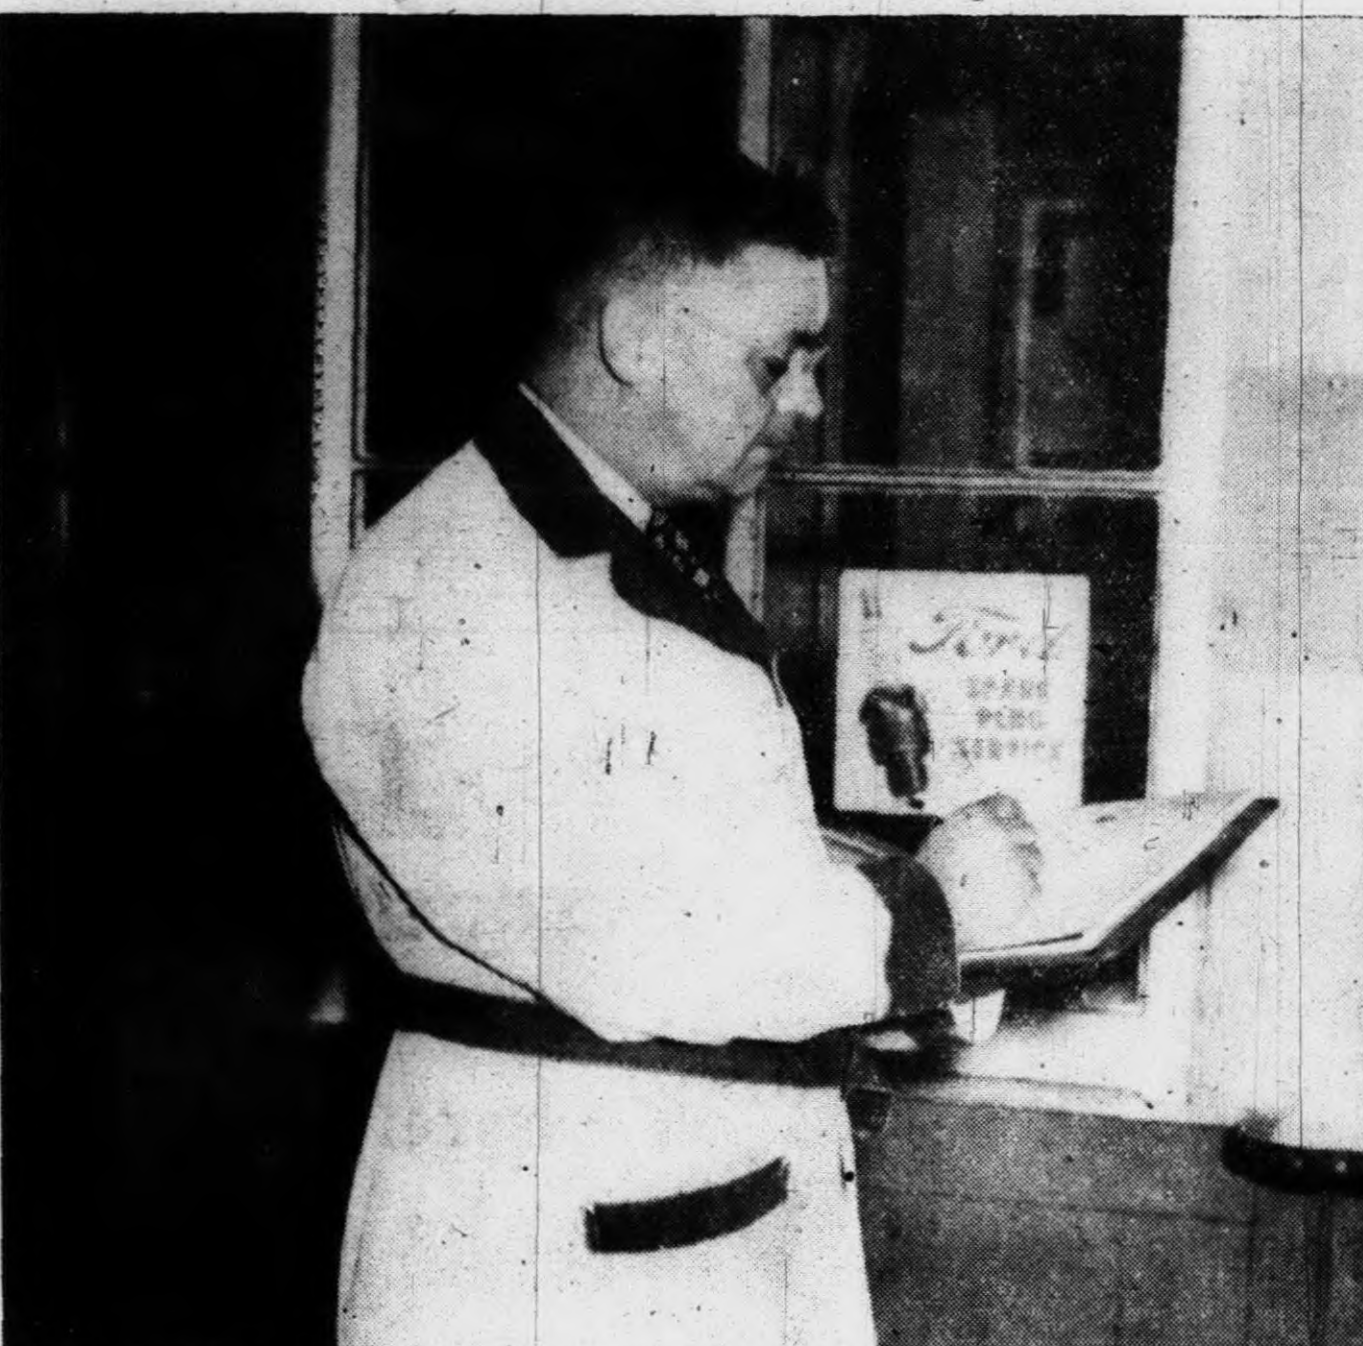

In those days it was quite a car — Today there's quite a difference when we compare it to the smart new convertible which takes its place this year.

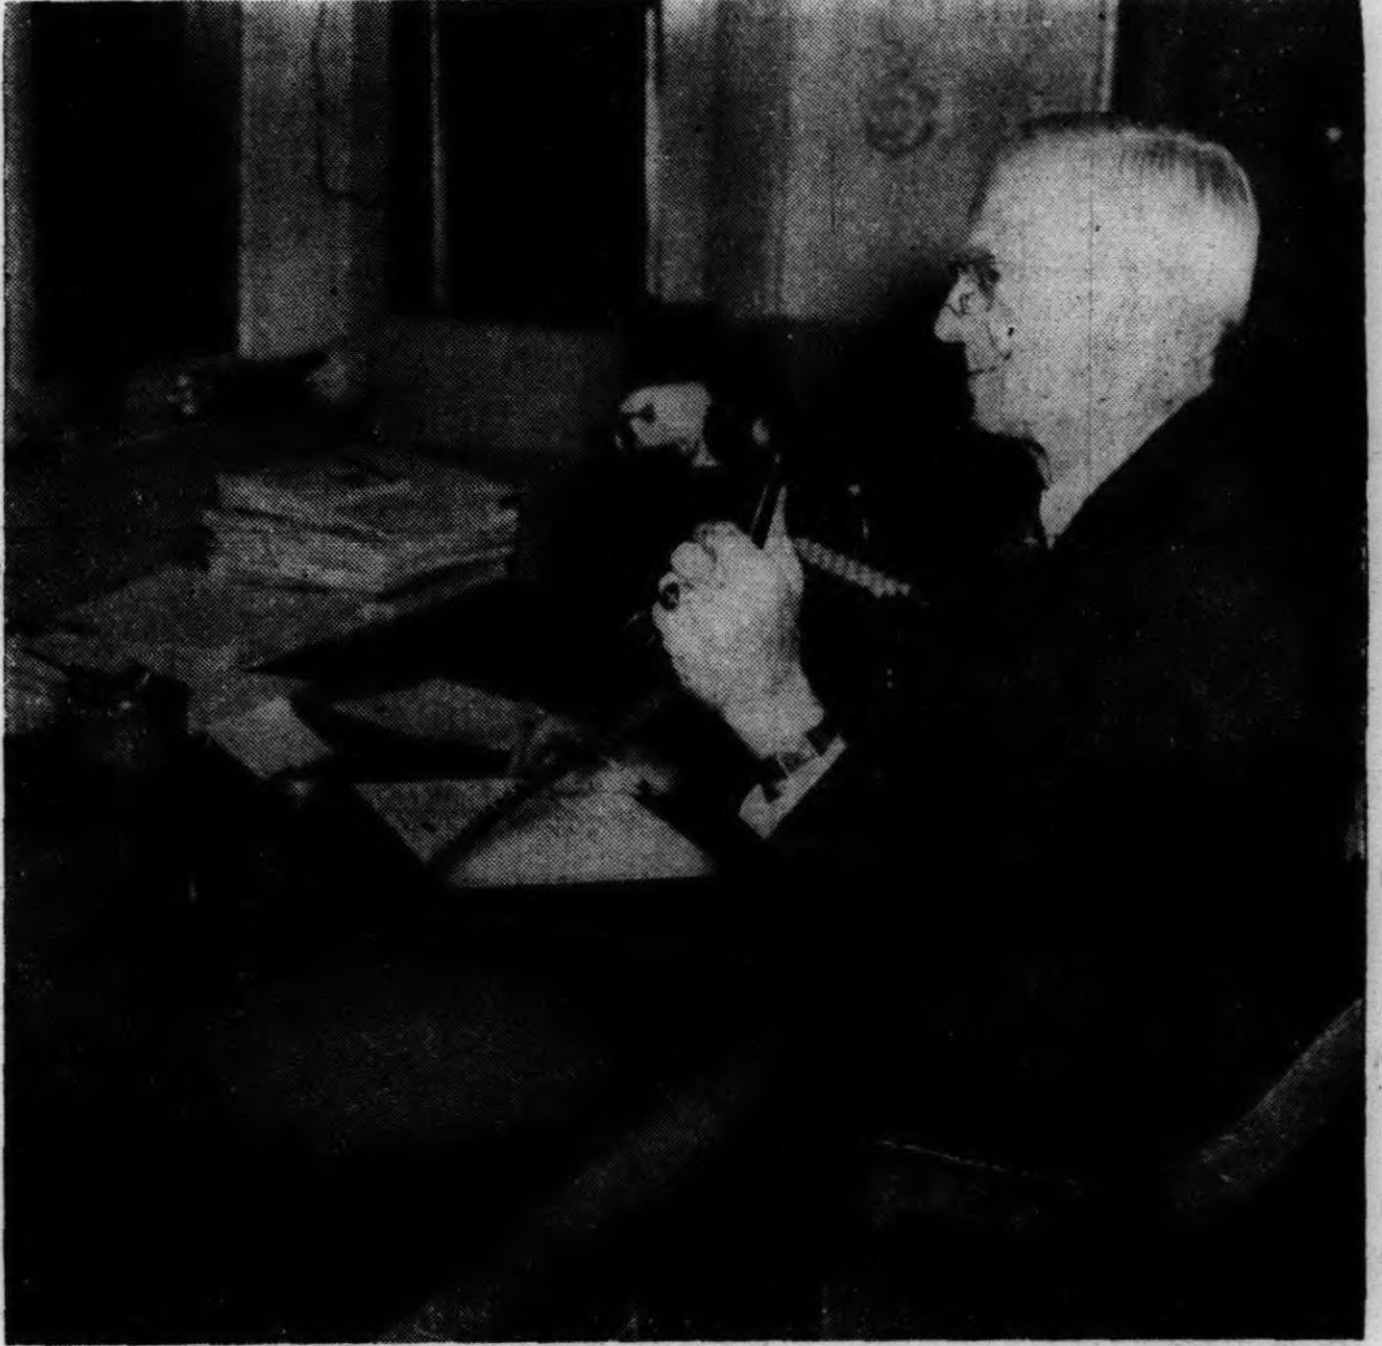

Last week we told you things had changed—and just to show you what we mean the 1921 model Ford pictured at the left had 3,000 different parts — The 1949 shown above has over 7,500 precision parts. That's quite a difference.

In the good old days almost anyone could take their Ford apart - but today, with all the complicated developments it takes a specialist to do the job!

That's why our Service Department is Staffed with only **SKILLED, FACTORY TRAINED MECHANICS**

When your Ford enters our garage for service, shop foreman Carl Zander, with 25 years of Ford service experience, cares for its needs. His analytical skill saves our customers many dollars since his experience enables him to prescribe for your car with a minimum of service work.

One reason we know the phrase "There's no place like home for Ford service," makes sense is because our parts department and our entire service organization is the responsibility of shop superintendent Olin Martin. Mr. Martin has supervised this highly important division of our business for nearly 20 years. Reason enough then, that our customers know their Ford dealer knows their Ford best.

Bring Your Ford Back Home for Service - No Other Garage has a Service Department Trained or Equipped to Service your Car as Efficiently as Ours-When you Make That Winter Change Over-Get Ford Service at Your Ford Garage

Luttermoser, French Wedding Solemnized

At an 8 p. m. candlelight service on October 9 in St. Peter's Lutheran church, Shirley Luttermoser exchanged her nuptial vows with William C. French of Santa Barbara, California.

The bride is the daughter of Mr. and Mrs. Edward Luttermoser, former residents of Plymouth, who now reside in Traverse City.

Before an altar decorated with Madonna lilies and lighted tapers, the Rev. Edgar Hoencke, officiated at the double ring rites. Marion Luttermoser, sister of the bride, sang "I Love Thee."

Large baskets of white mums, gladioli and palms decorated the chancel. The bride, given in marriage by her father, wore a gown of white satin with two lace panels inserted in the full skirt which ended in a circular train. The sweetheart neckline was edged in the same lace, and tiny covered buttons extended from the neck to the waist in front. Her fingertip veil of illusion was held in place by a Juliet cap of lace. She carried a colonial bouquet of white roses and mums.

Mrs. Niels Pedersen, sister of the bride, attended her sister as matron of honor. She wore a dinner dress of fuchsia crepe and a matching feather plume in her hair. Her flowers were yellow roses.

Marion Luttermoser, the bridesmaid, chose a dinner dress of royal blue crepe with matching feather plume in her hair. She carried a bouquet of yellow roses.

The bridegroom was attended by Oscar F. Luttermoser, brother of the bride, as best man. Ushers were Thomas Noonan, cousin of the bride, and Niels Pedersen.

For her daughter's wedding, Mrs. Luttermoser was attired in a dress of purple crepe with beaded trim and grey accessories. She wore a corsage of purple orchids.

Following the wedding a reception and supper was held for 50 guests was held in the American Legion hall at Newburg.

Mr. and Mrs. French left for a wedding trip to Northern Michigan. For traveling Mrs. French wore a beige gabardine suit with a green feather hat and brown accessories. They will spend two weeks returning to Santa Barbara, California where they will make their home.

Bertha Hamilton is Recent Bride

On Saturday morning, October 2, Bertha Hamilton of Plymouth became the bride of Robert Syelipshi of Detroit.

The ceremony took place in Covington, Kentucky.

For her wedding the bride chose a grey pin stripe suit with black accessories. She wore a white orchid.

The bride and bridegroom were attended by Mr. and Mrs. Gerald Rohring of Rosedale Gardens.

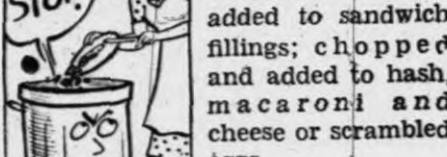

"EASY DOES IT"

DO YOUR FOOD DOLLARS GO AS FAR AS YOU'D LIKE, OR ARE YOU GUILTY OF THESE FOOD WASTES IN YOUR OWN HOME?

Tiny bits of leftover vegetables belong not in the garbage pail, but as garnish for soups; chopped fine and added to sandwich fillings; chopped and added to hash, macaroni and cheese or scrambled eggs.

Drippings from skillets will clog drain pipes. When saved and refrigerated, however, they may be used for sauteing vegetables, French toast, eggs, meats and fish. Use

RECIPES OF THE WEEK

Sugar Buns
(Makes 36 Rolls)
2 cups sour cream
2 packages dry yeast
1/4 cup sugar
4 cups flour
1/4 teaspoon soda
2 teaspoons salt
Butter and Sugar

Scald, then cool cream until lukewarm. Place yeast in a bowl, then add sugar and cream. Sift flour with soda and salt. Add and mix the ingredients well. Brush with butter and let rise until doubled in bulk. Knead lightly for one minute. Form into small balls and place in buttered pan. Brush with milk and sprinkle with sugar. Let rise until light, then bake in a hot (425° F.) oven for 10 to 15 minutes.

them also for seasoning green beans, peas, lima beans, scalloped potatoes or Spanish rice.

MEAT AND POULTRY LEFT-OVERS are expensive to waste! Grind and use bits for sandwich fillings, hash or with macaroni, noodles or rice.

Cubed meats, fish, and poultry go well into salads or spaghetti dishes.

FRUIT JUICES make nice pudding sauces or fruit cocktails. Extend with fresh citrus juice and tint with vegetable coloring if you're a bit shy.

OUTER LETTUCE LEAVES contain more vitamins and minerals than those inside. Don't toss them out; chop or tear and use in a tossed fruit or vegetable salad.

Oil was first used as a medicine "cure all", then as fuel for lamps. Today, through progressive research and development, the oil industry processes from crude oil more than 1,200 products which are in every day use.

Nutrition Aids

from the American Red Cross Nutrition Service

There's no reason for saving cranberries just to spark up holiday meals. This year's crop is second to largest on record so there will be generous supplies of the fresh fruit in Plymouth stores from now through January.

Cranberry sauce and jelly are so gay and delicious they turn an ordinary combination of foods into a glamour meal. They're just as good with all kinds of meats as they are with poultry. Serve them too with the more delicately flavored fish.

While the colorful fruit is so plentiful it's a good idea to try new ways of serving it. These tartness makes the berries a natural choice for relishes, salads and appetizers in the form of sherbet or cocktail.

In the dessert course cranberries make tempting fillings for pies and tarts alone, in combination with other fruits or made into a fluffy chiffon mixture. And they're good in steamed pudding in place of other berries. Because of their tartness sweeten the halved berries with sugar before adding to your favorite mixture.

The Nutrition Service of the American Red Cross says that cranberries can't boast much in the way of food value on their own score, but they stimulate the eating of better meals because they make other foods taste better. Then, too, it must be remembered that food eaten with enjoyment is used more efficiently by the body.

Here are some cranberry recipes to try soon. This first one would make excellent refreshments for a women's party served with cream cheese or nut bread sandwiches and coffee or tea. If preferred, the mixture can be chilled in individual molds.

CRANBERRY PINEAPPLE MOLD
Two 14-ounce cans diced pineapple, 1 package raspberry or strawberry flavored gelatin, 2 cups pineapple syrup, dash salt, 1/2 cup sugar, 2 tablespoons sherry (optional), 1/2 pound raw cranberries, 1 cup diced apples. Drain pineapple. Measure syrup, add water to make 2 cups and heat almost to boiling. Dissolve gelatin. Add salt and sugar. Chill until gelatin begins to thicken then add sherry, diced apple and cranberries which have been ground. Pour into ring mold and chill until firm. Unmold on large plate and fill center with pineapple cubes. Garnish with sprigs of water cress or lettuce. Serve plain or with mayonnaise combined with an equal amount of whipped cream slightly sweetened with powdered sugar.

CRANBERRY PIE
Two tablespoons cornstarch, 1 cup sugar, 1/4 teaspoon salt, 1 1/2 cups hot water, 1 cup seedless raisins, 2 cups raw cranberries, 1 tablespoon butter or fortified margarine, 1 recipe pastry. Blend cornstarch, sugar, and salt and stir in hot water gradually. Cook over low heat until mixture thickens, stirring constantly. Add raisins, cranberries and butter and boil gently for 5 minutes. Line pie pan with pastry and brush over with melted fat. Add cranberry mixture and cover top with criss-cross strips of pastry. Bake in hot oven, 425 degrees F., for about 20 minutes or until pastry is browned. Makes 1 9-inch pie.

To make apple-cranberry pie, omit cornstarch and raisins. Cook 1 cup of diced apples with cranberries in 1/2 cup water until tender, then combine with quantities of sugar, salt and butter given in recipe above.

CRANBERRY RELISH
One pound cranberries, 1 large orange, 1 cup granulated sugar or honey, 1/4 teaspoon salt. Wash and drain cranberries. Wash orange, cut into quarters and remove seeds. Grind orange (rind and all) and cranberries, using fine knife. Combine with sugar or honey and salt. Let stand 24 hours before serving. If sealed in jars it will keep for several weeks in the refrigerator. Delicious with all kinds of poultry and meats.

Each farm worker in the U. S. is producing, on the average, 46 per cent more than he did in 1935, while at the same time his work has been made easier and more profitable, largely through the increased use of petroleum-fueled mechanized equipment.

Successful Parenthood

BY MRS. CATHERINE CONRAD EDWARDS
Associate Editor, Parents' Magazine

DON'T look now, but there is a young child on your doorstep—and on mine too. It will be three years old on October 24, and it needs the help of all of us.

Does that sound like a silly riddle? Well, actually it's a serious matter. The infant is the United Nations, and there's no question it needs all the backing we can give.

United Nations Week, being celebrated this month, will focus the attention of our boys and girls on the young world organization. Schools, youth clubs, church groups, and the like are all putting a lot of emphasis on the U. N. in October. Our youngsters are bound to be talking about U. N. at home. Which gives us a fine opportunity to help them understand what it's all about.

Of course the United Nations has much more to it than the General Assembly and the Security Council that are in the headlines so often. There's the International Court of Justice, and the Trusteeship Council. There's the Economic and Social Council. And there are special commissions on such things as the status of women, human rights, public health and so on. All of them are composed of intelligent, capable people who are working quietly to raise living standards, improve the health and welfare of ordinary people and thus remove the deep-seated causes of war. The United Nations is not just a confused center of squabbles and vetoes. The hopes and prayers of all humanity are focused there—and will continue to be, if we support it.

The United Nations is young. But no matter how competent the diplomats who are nursing it along, it depends in the long run on the guidance and support of its real parents—the plain people of this country and all the 80 per cent of the world's people who are members. That is the thought we can leave with our children during this United Nations Week.

Mr. and Mrs. Alfred Henry became the parents of a baby boy on October 6. He weighed six and a half pound and has been named Douglas Bruce.

Mr. and Mrs. Dan Ray of Fair street became the parents of a baby girl born on October 9 in Sessions hospital. She weighed seven pounds and four ounces and has been named Sherry Lynn.

A daughter, Gloria Jean, was born to Mr. and Mrs. Richard Lantzer on October 4. The baby weighed eight pounds at birth. The mother was formerly Ruth Pierce.

A seven pound son was born to Mr. and Mrs. Harold S. Micol on October 6 in Sessions hospital. The baby has been named James Alroy.

Mr. and Mrs. Robert H. Russ of West Ann Arbor trail announce the birth of a son, Richard Kelly, on October 7. Mrs. Russ was formerly Ruth Perkins.

Vicki Renca is the name Mr. and Mrs. Peter Alberts chose for their daughter born October 8 in Sessions hospital. The baby weighed eight pounds and 15 ounces at birth.

Social items can be phoned to 1755.

And here is where we come in, both as parents, and as citizens of the USA. How? By thinking U. N., by reading U. N., by talking U. N., and—last but not least—by living U. N.

The purposes of the U. N. are set forth in the charter that our American representatives helped to write. The key phrase is this: "Promoting and encouraging respect for human rights . . ." That means protecting men and women of every country, creed and race against discrimination and oppression, as the new International Bill of Human Rights is designed to do. It means outlawing racial, religious and political persecution and bringing basic freedoms to all people. We can live U. N. right here, in our own home towns. Just as a pebble thrown into a pool spreads ripples, so our attitudes toward our fellow Americans can have a wider influence. The force of our example will spread to other places. It happened with the vote for women. It can happen with friendly good fellowship and teamwork among all races and faiths.

The United Nations is young. But no matter how competent the diplomats who are nursing it along, it depends in the long run on the guidance and support of its real parents—the plain people of this country and all the 80 per cent of the world's people who are members. That is the thought we can leave with our children during this United Nations Week.

Dorothy Blunk Wed in Saturday Rites

Dorothy Blunk, daughter of William Blunk of East Ann Arbor trail, was married to Louis Foreman, son of Mr. and Mrs. Ralph Foreman of Northville, at a ceremony performed by the Rev. William Hughes in the Methodist church in Northville on Saturday evening.

The bride's gown of white satin had a fitted bodice with lace trim on the yoke, and tiny self-covered buttons down the back to the waistline. Her full skirt had a bustle effect and extended into a train. A halo of roses held her fingertip veil of illusion in place. She carried orchids surrounded by white bebe mums and roses.

Marleta Martin was the maid of honor and Mrs. Melvin Mitchell the bridesmaid. Both wore gowns of American Beauty taffeta and carried white bebe mums and American Beauty roses.

Susan Blunk as flower girl also carried red roses. Her gown was of aqua taffeta. The ring bearer was Lynwood Mitchell.

The bridegroom chose his brother, Ralph Foreman, Jr., as best man, and the ushers were Lawrence Blunk, Melvin Mitchell, Jack O'Connor and Charles Altman, Jr.

A reception followed in the Rosedale Gardens Community club house. The young couple left on a two weeks' honeymoon, planning to spend part of the time at Mt. Summit, Pennsylvania. They will motor to New York City and Maine, and return by way of the Thousand Islands.

Upon return from their wedding trip they will make their home on East Ann Arbor trail.

Several Plymouth women who are members of the MOMS attended the three day convention which was held in Detroit's Hotel Tuller last week.

Among those attending the Wednesday sessions were Mrs. Charles Hewer, Mrs. Lawrence Gladstone, Mrs. Herman Tritten and Mrs. John Warkup.

On Thursday they were joined at the banquet by Mrs. Hugh Gardner, Mrs. Don Graher, Mrs. Wilbur Gould and Mrs. Henry Johnson.

Mrs. Tritten, president, and Mrs. Warkup were the group's official delegates. One of the chief topics of discussion at the convention was the MOMS program of ways to combat child delinquency. Another was the non-partisan legislative program for the benefit of the veterans.

NEW ONCE-A-DAY FEEDING PLAN

Saves one hour per day for every fourteen cows milked

For the past three years, the experimental herd at Larro Research Farm has been fed only once daily. Cows are milked at 4:30 a.m. and 4:00 p.m. No feed is given until shortly before the afternoon milking when the full 24-hour ration of silage and Larro Dairy Feed is fed. Usually this is cleaned up before milking is completed when the cows are given a full day's supply of hay. Results show that cows eat as much, produce as well and are just as healthy as cows fed twice a day. Ask for folder giving full details.

Larro Dairy Feed is weighed and fed on top of silage. Then the cows are milked and a 24-hour supply of hay given each cow.

LEGALS

OFFICIAL PROCEEDINGS OF THE CITY COMMISSION OF THE CITY OF PLYMOUTH, MICHIGAN

The regular meeting of the City Commission was held in the Commission Chamber of the City Hall on Monday, September 20, 1948.

Present: Mayor Henderson, Commissioners Goddard, Hartmann, Latture and Whipple.

The minutes of the regular meeting of September 7 and the special meeting of September 7, 1948 were approved as read.

The Clerk presented the following reports: The Recreation Department report for June and July, the Health report for the month of August, and the Fire Department report for August, 1948.

It was moved by Commissioner Latture and supported by Commissioner Whipple that the above reports be accepted and placed on file. Carried.

It was moved by Commissioner Latture and supported by Commissioner Hartmann that the bid submitted by the Berry & Atchinson Sales for a Pontiac in the amount of \$1,640 be accepted.

Ayes: Mayor Henderson, Commissioners Goddard, Hartmann, Latture and Whipple.

Nays: None.

It was moved by Commissioner Goddard and supported by Commissioner Whipple that the auditor's report for the period ending June 30, 1948 be received and officially placed on file for further study. Carried.

The following resolution was offered by Commissioner Hartmann and supported by Commissioner Whipple:

RESOLVED, That the City Treasurer be authorized to invest both capital improvement funds and operation funds, over and above current needs, in U. S. Treasury Certificates.

BE IT FURTHER RESOLVED, That the City Treasurer be authorized to withdraw such certificates when necessary.

Ayes: Mayor Henderson, Commissioners Goddard, Hartmann, Latture and Whipple.

Nays: None.

A petition was offered by the property owners on Penniman Avenue asking that the new water main be placed in the street rather than under the sidewalk in front of their properties.

It was moved by Commissioner Whipple and supported by Commissioner Latture that the above petition be accepted and placed on file. Carried.

It was moved by Commissioner Latture and supported by Commissioner Hartmann that the definite action concerning the above petition be laid on the table. Carried.

It was moved by Commissioner Whipple and supported by Commissioner Goddard that the signing of the contract with McManus Construction Co. be held in abeyance until the next regular meeting or until sufficient facts are presented. Carried.

Mr. Carroll was present asking for a different location for his taxi stand due to his inability to get a phone at his present location.

It was moved by Commissioner Whipple and supported by Commissioner Latture that the request made by Mr. Carroll for the relocation of his taxi stand be referred to the City Manager and the Chief of Police. Carried.

It was moved by Commissioner Latture and supported by Commissioner Goddard that the letter from Mr. Swanson concerning the Forest Avenue alley between Forest Avenue and South Main Street be accepted and placed on file. Carried.

Commissioner Latture was excused because of an important meeting.

It was moved by Commissioner Hartmann and supported by Commissioner Whipple that the agreement, prepared by Mr. Buzard, between the City of Plymouth and the Township of Plymouth for fire services be presented to the Township Board for their approval with the further condition that the Township equip their truck with a 500 gallon low pressure pump and approximately 500 feet of 2½ inch hose and necessary nozzles. Carried.

Commissioner Goddard, representing the Recreation Commission, requested that the money received from the sale of the Music Box be turned over to the Recreation Commission for the purpose of starting a building fund to erect a new building for recreation facilities.

No action was taken.

It was moved by Commissioner Hartmann and supported by Commissioner Whipple that the meeting be adjourned. Time of adjournment was 9:30 p. m.

Frank Henderson, Mayor
 Harold Cheek, City Clerk

Civil War General W. T. Sherman issued a special field order restricting publication of newspapers in Savannah when he occupied that city in 1864.

Most Important Motor Oil Development in 9 years!

Unique "X" Safety Factor, for first time Attacks Major Cause of Engine Wear!

SHELL X-100 MOTOR OIL

Acid Action from "On and Off" Driving Now Counteracted — Engine Life Prolonged

It's not friction, as generally assumed, that causes the most engine wear!

It's Acid Action—chemical etching of engine parts that takes place in the low operating temperatures of today's "On and Off" driving!

In your short trips about town, to school, to the office, the bank—your engine is intermittently "On and Off" . . . runs for brief periods of time only. Hence it seldom warms-up to efficient operating temperatures. It runs "cold." In these short "On" periods, combustion may be incomplete and partially burned fuel gases and moisture attack the smoothly polished metal surfaces chemically. It's this biting Acid Action that accounts for up to 90% of your engine's wear!

Shell Research worked all out on this problem . . . developed a unique "X" safety factor to combat Acid Action. Now 2½ million miles of road testing have proved conclusively that with this "X" safety factor Acid Action is effectively counteracted—engine life is prolonged.

This triumph of Shell Research—another Shell "first"—comes to you only in Shell X-100 Motor Oil. This oil, long famous for its ability to protect your engine under the stresses of sustained high speeds and extreme driving conditions, now has this added protection for every mile you drive. It is unequalled by any other motor oil, no matter its price.

Let your Shell Dealer drain, flush and refill your crankcase with Shell X-100 Motor Oil today.

It's Incomparable!

HOW STAMMERING WAS OVERCOME

HERE'S a story of stammering. Most doctors today are connecting stammering and stuttering with a fear complex, and this story would seem to bear them out.

Freeman H. Hubbard, of Kingston, N. Y., says that for more than twelve years his big worry was a bad case of stammering. It started with a minor hesitation before he was 9 years old, and gradually became more distressing. Sometimes when he wanted to ask for a street car transfer he had to write the word "transfer" and show it to the conductor. He became so self-conscious about his handicap that he would walk miles to see someone rather than attempt a telephone call.

He got excellent marks at school, but, due to his speech trouble, he was flunked again and again, and it required six years for him to complete a four-year course.

This was a dreadful state of affairs. The doctors said his vocal organs were perfectly normal but he had gradually lost control over them from misuse. His family regarded his case as hopeless; they pitied him, apologized for him, and some of them even shunned going out with him. Did he suffer? Of course, he did, so much that he began avoiding all social gatherings.

Then there came a turn. An uncle gave him a copy of "Self Reliance" by Ralph Waldo Emerson. In it, he read: "What I must do is all that concerns me, not what people think!" All of a sudden, he realized that it was Fear that was holding him down. He had allowed this common enemy of mankind to dominate his life, to create in him a feeling of inferiority.

Since sheer necessity for a silent occupation had led him to develop a better-than-average facility in writing, he boldly decided to become a newspaper reporter. This would force him to meet and talk with people. Well, that was just about the hardest job he could have picked, but he had tried practically everything else—and failed.

He wrote to The National Underwriter, a large Chicago insurance weekly. He was hired sight unseen!

He says "Nothing I can remember was ever so painful as my first interviews. I wished a trapdoor would open and let me down. I am certain that it was painful to by interviewees, too, but almost without exception they showed me great kindness, and by and by interviewing ceased to be an ordeal. My speech became more fluent and today, thank God, I can deliver public speeches without the slightest hesitation."

Yes, just one more instance of how Fear might have thoroughly wrecked a man's life.

The oil industry has developed techniques which permit modern pipelines to carry as many as fourteen different oil products through the same line, at one time, without appreciable mixing, providing economical transportation to refining and marketing centers.

CONSUMERS POWER COMPANY

One to make ready! Two to GO!
That's DYNAFLOW!

ONE of the big reasons for Dynaflo* success is that — from the moment you take over—you just do what comes naturally.

So, to "make ready," you start your motor — and it's plain common sense that your car should be in neutral.

Once your motor is purring, you flip a little direction lever to the "Drive" position — and forget that such things as low, second and high gear ever existed.

Your foot on the gas treadle makes you go—at any speed from 1 mile an hour to as many mph as the law allows. . . . That's all there is, to it.

All, did we say? Well, not exactly.

There's a glorious sense of freedom from driving drudgery.

There's the thrill of completely commanding a mighty power plant, such as you've never had before.

*You get Dynaflo Drive, at extra cost, on Roadmasters only.

Tune in HENRY J. TAYLOR, Mutual Network, Mondays and Fridays

When better automobiles are built **BUICK** will build them

BUICK alone has all these features

Thumb Sucking Cited as 'Normal'

Your child sucks his thumb because it means security and comfort to him. Is it advisable for you parents to deprive him of this satisfaction?

The answer to this age-old question is in the negative. Ruth Highberger of the home management and child development department at Michigan State college tells Plymouth parents she believes.

Many parents feel that thumb-sucking by one, two and three year-olds is no cause for alarm. Babies are born with a need to suck which comes to be associated with a pleasant, warm, full, comfortable feeling. It is no wonder that these young children turn to thumb sucking when things become difficult for them.

Many children under three years of age turn to thumb-sucking when they are tired, hungry, excited or afraid. As children become older they find new sources of security and become better able to stand stresses and strains.

It is better to steer away from the gadgets guaranteed to end thumb sucking—the bitter medicines, bandages, cuffs and guards. If your child is finding security and comfort in his thumb, it is too bad to invest money in a device that takes away his security. Devices don't always work.

The more you try to stop thumb-sucking directly, the more it is likely to continue. The child turns to his thumb to ease him over some period of strain. If you try to stop him you just increase the strain for him and along with it develop increased anxiety in yourself.

BILL'S MARKET

584 Starkweather

So that the six million people of Michigan may have opportunity to enjoy Michigan's state parks and its ever increasing recreation areas, the progressive state conservation department of Michigan has developed a most ambitious program for new development and improvement. It is proposed to ask the legislature for not less than \$4,000,000 to cover the cost of this development.

Record-smashing attendance of 12,000,000 this year has overtaken existing facilities in many parks.

Nearly half of the amount sought would be spent in this part of Michigan, close to metropolitan centers.

Total amount requested for southeastern Michigan is \$1,965,000. Biggest request is \$776,000 for development of Sterling state park near Monroe. A hundred acres of beach and picnic area would be added by the hydraulic fill of swampy territory. Plans also call for extension of lines from Monroe's city water system, beach dressing booths, picnic tables and shade tree planting.

The \$200,000 budgeted for Pontiac Lake recreation area would provide a bathhouse and make the picnic area larger and more inviting.

Improvements scheduled on the Rochester-Utica area are the planting of shade trees, estimated at \$13,000; completion of a combination picnic shelter, toilet and recreation building, \$39,000; construction of a vehicular bridge over the Clinton river, \$135,000; and entrance roads to facilitate the movement of traffic, \$40,000.

Development of an artificial lake and beach by construction of a dam on the Huron river in the Proud Lake recreation area would cost \$330,000. When finished, this beach will accommodate 5,000 to 6,000 persons.

Bay City state park would get a bathhouse and concession building designed to service the beach and part of the picnic area which would have a total capacity of 7,500 to 8,000 visitors. Estimated cost is \$257,000. A sewage system planned for the park would cost \$185,000.

Grand Haven state park, most popular park in the system where lack of space causes hundreds of campers to be turned away each season, would benefit by expansion of the camping area, installation of water supply and electrical services, and construction of a camp-ground toilet, laundry and shower building. Estimated cost is \$195,000.

Construction of a combination toilet, laundry and shower building for the campground, landscape development of the entrance, installation of park water and sewage disposal systems, and construction of a bathhouse and concession building are included in the \$449,000 budget for Warren Dunes state park south of St. Joseph.

In the upper peninsula, \$186,000 is scheduled for the Porcupine Mountains state park. This sum would be used to develop ski trails and install ski-tow equipment, construct a bridge across the Presque Isle river, build roads to picnic areas, construct parking area at top of escarpment at Lake of the Clouds and build a shelter and concession building.

The \$156,000 budgeted for Tahquamenon Falls state park would provide for improvement of the highway to both the upper and lower falls, a drive and parking area for the upper falls, and a toilet, laundry and shower building at the lower falls campground.

Other parks and recreation areas included in the proposed improvement program and for which funds are requested are Interlochen, Brimley, Orchards Beach, Harrisville, Otsego Lake, Ludington, Muskegon, Higgins Lake, Holland, Dodge Brothers, southwest of Pontiac, and Hayes state parks, and Island Lake, Brighton, Pinckney, Holly and Metemora recreation areas.

The proposed budget would cover the program until June 30, 1951.

HANDLE FIREARMS SAFELY:

With more hunters in the fields and woods than ever before, increased caution in the use of firearms is urged by the Wildlife Management Institute. The first report of a fatal accident to reach the institute comes from California where a twice-wounded veteran of the recent war was mistaken for a deer by a hunter who failed to abide by simple safety rules. What the Japs were not able to accomplish deliberately, this overzealous, trigger-happy hunter did in a moment of carelessness.

The ten commandments of safety drawn up by the Sporting Arms and Ammunition Manufacturers' Institute are simple. No one who follows them will ever take a life or jeopardize his own:

1. Treat every gun with the respect due a loaded gun. This is the cardinal rule of gun safety.
2. Carry only empty guns, taken down or with the actions open, into your automobiles, camp, and home.
3. Always be sure that the barrel and action are clear of obstructions.
4. Always carry your gun so that you can control the direction of the muzzle, even if you stumble.
5. Be sure of your target before you pull the trigger.
6. Never point your gun at anything you do not want to shoot.
7. Never leave your gun unattended unless you unload it first.
8. Never climb a tree or a fence with a loaded gun.
9. Never shoot at a flat, hard surface or the surface of water.
10. Don't mix gunpowder and alcohol.

BAG CHECK OPENS DOVE PROJECT:

The three-year cooperative mourning dove study in which the U. S. Fish and Wildlife Service, the Wildlife Management Institute, and at least 13 state conservation departments are cooperating, has opened with an extensive hunters' bag check in 12 states. Dove hunters in southeastern and Atlantic states are being asked to submit their take to biologists and conservation officers for examination to determine the effect of hunting on dove populations and the number of birds still breeding at the time of the regular hunting season.

Other phases of the cooperative investigations will include a census to determine breeding success, movements, and peak dates of bulk-population arrivals in each state. The effects of different land-use practices, weather, and hunting seasons on movements and on the productivity of the birds also will be studied. The Southeastern Association of Game, Fish, and Conservation Commissioners adopted and developed the investigation after it was proposed and outlined by the Wildlife Management Institute. The study will be coordinated by the Division of Federal Aid of the Fish and Wildlife Service and will have the assistance of biologists from the Division of Wildlife Research and the bird-banding offices. Contacts are being made with north-central and midwestern state fish and game departments to secure their assistance on the project.

Bureau Planning Third Field Day

There will be a full slate of contests, prizes and entertainment when the East Orion Farm Bureau holds its third annual Tractor Field Day at the Russell Porritt farm, 3340 Silver Bell road, on Wednesday, October 20.

Keith Middleton, president of the East Orion Farm Bureau, expects a turnout of between 30 and 35 tractors to enter the day's competition, which will start at 10 a. m. and includes contests in: plowing, pulling, grinding grain, backing four wheel wagon and potato picking for women.

Awards will be presented to the winners of each contest. The Porritt farm is located five miles southeast of Lake Orion at the corner of Adams road, or 2 miles east of M 24 on Silver Bell road.

Pvt. Raymond Lawson Now Stationed on Guam

Private Raymond W. Lawson, son of Mrs. W. E. Schuman of 928 Irving street, has arrived on the island of Guam for a tour of duty with the United States Air Force.

He is presently assigned to the 514th Weather Reconnaissance Squadron.

Private Lawson enlisted in the Air Force on August 27, 1947 and was sent to Lackland Air Base, Texas where he received his Air Force basic training. On completion of basic training he was sent to Tinker field, Oklahoma, and in turn sent to Fairfield-Suisun Air Base, California where he received orders for overseas shipment.

The six-and-a-quarter-billion dollar investment of American farmers in power equipment is largely petroleum-fueled. Oil fuel has eased farm work and stepped-up farm production tremendously in recent years. Farm consumption of gasoline, alone, has doubled since 1941.

Saves Steps...

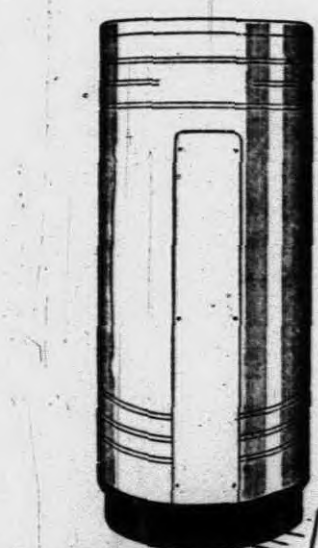

...Like an **ELECTRIC** Water Heater!

No more running to the basement every time you need hot water. A new electric water heater is *always* on the job. And only an electric water heater gives you all these extra features...

- **Clean**—Sootless, smokeless, to save you extra work.
- **Quiet**—You'd never know it was in the house.
- **Carefree**—No flames, no fumes, no worries.
- **Convenient**—Put it where you want it—only an electric water heater needs no flue or chimney.
- **Completely Automatic**—For modern, push-button comfort.
- **Always Dependable**—All the hot water you want... every time.

A size to fit every need—terms to fit every budget. Installed in your home *without charge*. See them today at your appliance or plumbing dealer, or at your nearest Edison office.

In August, 1978 Edison customers switched to modern water heating... electrically!

MEA Meetings Are Planned

The Plymouth teachers will attend the Michigan Education Association meeting on Friday, October 22, in the Masonic Temple in Detroit.

Invocation will be by Dr. Roger Eddy Treat, of the Bushnell Congregational church, Detroit. Music will be presented by the Ecorse High school chorus, directed by Charles O. Sweet.

Speakers will be Charles E. Brake, president of the Michigan Education Association, talking on "The Unfinished Task", and Robert Kazmayer, author and news commentator, telling of "The Present World Crisis."

The Plymouth schools will be closed on this day so the teachers may attend this meeting.

Read the classified pages.

Spanish Classes See Program on Mexico

Students of the Spanish classes traveled to the Rackham Memorial building in Detroit last Thursday evening, October 7, to attend a program on Mexico presented by the Detroit News Traveler club.

The highlights of the evening was songs sung by a Mexican songstress who was accompanied by three guitarists. Entertainment was also furnished by a young Mexican boy and girl. They danced two Mexican dances and the boy sang two songs. Three movies were shown on Mexico and Guatemala.

Cyrus Pierce, principal, Miss Sarah Lickly, and Miss Dora Gruebner accompanied the 25 students.

Hi-Y Club Hears Fritz Wagner

By Carl Pursell

At the third meeting of the Hi-Y club held at Dave Jolliffe's home on October 11, the members heard Fritz Wagner.

Donald Sutherland the president of the club introduced the speaker.

Mr. Wagner narrated his amazing experiences to the members as an American intelligence officer of the United States Army in the European theater. He was in some important battles of the war in southern France near the Mediterranean, and also up in the front lines on the Anzio beachhead when they captured Rome two days before D-Day.

Mr. Wagner related his experiences in Italy, France, Belgium and Germany where he posed as a German captain. He was in the Reichstag attending a meeting of the German officers when he saw Adolf Hitler and Herman Goering.

After the surrender of the German army and navy he was allowed to visit some important places in Germany such as the Dachau concentration camp which he disclosed was a horrible sight. He said he had also visited the Herman Goering home and had seen Goering's garden which was supposed to be a secret.

Mr. Wagner closed his talk by answering some questions from the members after which refreshments were served.

Some other numbers presented by Mr. Duo were "Buddies," "Memories," and "Intermezzo."

The program was concluded with the audience singing "Shine on Harvest Moon," which Mr. Duo recorded and played back.

Teachers Hold Regular Meeting

By Hugh Kelly

The Teachers club held its regular meeting last Monday, October 4, at the Starkweather school gymnasium.

James Lature, the president, presided. Irene Waldorf, chairman of the Professional Program committee, gave a report on the work her committee has done toward the revision of rules for the further education for teachers. Carvel Bentley explained the county organization for the amendment campaign, and a representative from the MEA insurance plan explained group insurance.

Short reports were given by Nancy Tanger, Public Relations committee; Gertrude Fiegel, Legislative committee; Virginia Fischer, Social committee; Walter Goodwin, Program committee; and Elizabeth McDonald, Publications.

A luncheon consisting of tea, coffee, and cookies was served before the meeting.

Miss McDonald attended an advisers' luncheon and the staff attended a special luncheon for students.

"Prints" Staff Members Attend Meeting at MSC

On Wednesday, October 13, Miss Elizabeth McDonald and some of the staff members of the "Pilgrim Prints" journeyed to Michigan State college in East Lansing for the annual Journalism Day there, sponsored by the journalism department of the college.

A series of meetings were held in which many phases of journalism, including feature writing, sports, makeup, etc., were discussed.

Miss McDonald attended an advisers' luncheon and the staff attended a special luncheon for students.

Band Dance Features Ten Piece Orchestra

The Plymouth High school band held its semi-annual dance in the gymnasium Friday, October 8, from 8 to 11 p. m., when the students and guests danced to the music of Mike Kleinschmidt's ten piece orchestra.

The dance was chaperoned by William Campbell, shop teacher; Mrs. William Campbell; Fred Nelson, assistant band director; Mrs. Fred Nelson; Cyrus Pierce, senior high school principal; Mrs. Cyrus Pierce and Paul T. Wagner, band director.

Students Attend Musical Assembly

An unusual musical assembly was presented to the high school on October 8, when DeWillo Duo presented a program centered around an instrument of his own patent, the concertina grand.

The program opened with a duet by the concertina grand and a violin played by Mrs. Duo, a graduate of Cincinnati of Conservation of Music.

On the violin Mrs. Duo played Ave Maria with a piano recording she had made. This was quite an art and required perfect timing. To make this recording, she first made a recording of Ave Maria. Then put on ear phones to play the accompaniment which was her record.

Competition in previous years has been stiff and the girls are looking forward to another exciting year. Each girl will earn five points in each game in which she participates toward her 1000 point school letter.

Margaret Chase Smith (R Mo.) is the first woman elected to the Senate without having first served by appointment.

The reclamation of arid lands was begun in 1902 under the administration of Theodore Roosevelt.

Liquid Air Subject of High School Assembly

Liquid Air was the subject presented by John Sloan to the senior high and junior high assemblies on Monday, October 11.

Some of the wonders demonstrated by Mr. Sloan, a former science teacher, were: nails driven by frozen bananas, soap bubbles frozen when held above liquid air, and lead caused to become like steel by liquid air.

B. Balsley Heads '49' Annual Staff

By Jane Pierce

Heading the annual staff for the 1948-49 school year will be Beverly Balsley, a senior, chosen for the position by a joint committee of student council and faculty members at a meeting held Monday, October 4.

Assisting her will be Sally Holcomb, senior, business manager; Jane Pierce, junior, make-up editor; and Alline Burns, senior, senior activities editor.

Students will be asked to sign up to assist these editors and work will begin within the next few weeks.

Volley Ball Starts For Girls' Teams

The girls' after school athletic program got underway last Tuesday, October 12, when the volleyball teams were chosen. Freshmen, sophomore, junior and senior girls have each organized teams.

Competition in previous years has been stiff and the girls are looking forward to another exciting year. Each girl will earn five points in each game in which she participates toward her 1000 point school letter.

Margaret Chase Smith (R Mo.) is the first woman elected to the Senate without having first served by appointment.

Hescos Formally Initiate Members

By Mary Anne Witwer

The Hesco club held its formal initiation September 28 in the Home Economics dining room, with Avis Zander presiding and Ruby Makepeace as general chairman.

Informal initiation was held October 5 at a weiner roast in Pat Krump's yard, with Carolyn Keen and Pat Pagel in charge of refreshments. The exercises were held in the park, after which they had relays and a snake dance.

The new members are: Theresa Francis, Joan Gillis, Barbara Goodale, Barbara Johnson, Carolyn Keen, Pat Krump, Pat Meadows, Athie Miller, Pat Royal, Jackie Showers, Norma Steel, Elizabeth Stone, June Truesdell, Mary Ellen Voss and Arlene Walker. The planning board met to plan the year's program.

Dinner was served at the conclusion of the meeting. All cheerleaders attending wore their uniforms and each group gave a cheer.

Blessed are the peacemakers: for they shall be called the children of God. —Matthew 5:9

Cheerleaders Go to Convention

Plymouth High school cheerleaders attended a convention of cheerleaders at Redford Union High school, October 13.

A discussion on cheerleading and a way to promote a better school spirit was held.

Dinner was served at the conclusion of the meeting. All cheerleaders attending wore their uniforms and each group gave a cheer.

Blessed are the peacemakers: for they shall be called the children of God. —Matthew 5:9

NEW! for WEDDING CAKES

- Each Layer Completely Decorated
- Cut Each Layer Separately
- No Fuss, Muss or Bother

All this is possible through the means of a new cake standard. Each layer is a separate, fully decorated cake... yet they can be tiered like the conventional cake. Ask to see it.

Terry's Bakery

"We Can't Bake Like Mother, But Mother Likes Our Baking"

PEEK at the STARS

By LYN CONNELLY
NWNS Radio-Screen Editor

DOROTHY LAMOUR is considering a plan to open up a shoppe in Hollywood where she can design and sell sports clothes under her own label... Henry Fonda, one of our better actors, intends to stay with his Broadway hit "Mr. Roberts," for at least another two years... Wallace Beery has more film years to his credit than any other prominent Hollywood actor... Incidentally, Wally is the only man ever to knock out Clark Gable, the accident occurring during the filming of "China Seas."

Platter Chatter

Capitol: Jack Smith's recording of a bright little ditty called "Lavender Blue" should please his fans... The flip side offers his arrangement of "The Matador," a rhythmic number with a Latin air... For something clever, try Alvin Karpis' "Mama Blues" in which he coaxes his guitar into speaking... Bobby Sherwood has some good live in "The Elks Parade" coupled with an original, Sherwood's "Forest"... Jo Stafford's latest is "In the Still of the Night," an oldie but the type of number she does so well... "By the Way" backs it.

Victor: A new album by Elton Britt offers some good country music for a change... Recommended singles: Perry Como's smooth rendition of that favorite, "Melancholy Baby," with "When You're Smiling" on the other side... Betty Rhodes offers the up-n-comin' "Buttons and Bows" (watch this song—it's going places) and "I Still Get a Thrill"... Eve Young and her Drug Store Cowboys have a snappy arrangement of another prospective hit, "Cuanto Le Gusta" with "Ray Something Sweet to Your Sweetheart" on the reverse.

Signature: Liberace, that versatile concert pianist gone popular has two records that should be best sellers—one is a slightly terrific arrangement of "12th Street Rag" with "Malaguena" on the other side... The other, his coupling of "Tico Tico" and "I Don't Care" which he composed and sings.

What we obtain too cheap we esteem too lightly; it is the dearth only that gives everything its value.—Thomas Paine

BERSON

BABSON'S WAR FORECAST FOR 1948

The Russia of Nicholas II and its police knew Joseph Stalin as violent totally uninhibited revolutionary—a saboteur, jail breaker, bank robber, and killer of policemen. He led a life of habitual duplicity, although pretending to be a law-abiding citizen. He justified his actions by regarding them as sanctioned by Marxist principles and intended to lift the masses of the people. We should not defend Czarism nor debate the right of any man to become revolutionary under such circumstances. I do think it is important, however, that we keep in mind that a revolutionist although now in the position of dictator, will never react or respond in a manner to which we are accustomed. The ex-bandit and ex-outlaw is not going to become a frank and law-abiding citizen merely because he is absolute dictator of his country.

THREE REASONS FOR NO WAR NOW

(1) When forecasting the possibility of World War III we must decide how to interpret Stalin's current activities and should give proper weight to this gangster-like character of his party. In my opinion, the guerrilla and harassing tactics of the Stalinites in Berlin and elsewhere betray fear and a sense of military inferiority. They want certain political, territorial, and economic gains, but they don't dare start an all-out war for them. Hence, they pursue harassing tactics, like a dog nipping at a wildcat; but never intending really to close in, and always ready to back away when the cat turns in reprisal. This is the method by which they forged ahead during their early struggling days. It is logical to believe they will want to continue to follow this method rather than fight.

(2) It seems logical that if Stalin were expecting to go to war with us, he would protest amity. In his preparations for war, first priority would be given to the building up of an atmosphere of apparent good will with the enemy eventually to be surprised with a sudden furious assault. This he is not doing. Hence, we have a second reason for not expecting World War III now.

(3) Russia, on account of her climate would be handicapped

GODMOTHER... Mrs. Harry S. Truman, wife of the President, holds her niece, Charlotte Margaret Wallace, at the infant's baptism in St. John the Evangelist church in Deaver. Mrs. Truman, though not a Catholic, was honorary godmother. Charlotte Margaret is the daughter of David F. Wallace, Mrs. Truman's brother.

greatly by war in winter, especially without being reinforced by trucks from the U.S.A., ordnance from England and other necessary equipment of Anglo-Saxon manufacture. This is my third reason for being optimistic for the present.

NO WAR—UNLESS WE START IT?

Months ago I formally predicted no war in 1948. I am now coming to the viewpoint that there may be no war in 1949 unless we start it. Stalin will afford us again and again; he will tread on our toes, and try to push us around, but will he at this time expose himself to a war he knows that he can't win? Vivid in his mind is the memory that the Germans, with half the population, defeated him thoroughly until we stopped them.

It was our support that rescued Russia from complete annihilation by the Nazis. How much weaker would that industrial backward country be today if pitted against all of Western Europe and America? I fear the time may come when our people will cease to ask—will Russia start a war with us? Instead they may ask—should not we start the war?

WHEN STALIN GETS THE BOMB

The Stalin government is showing itself unwilling to live

amicably within the United Nations. Should the United Nations tolerate a band-like absolute dictator whose tactics oblige the other nations to constantly pay greater taxes to meet the cost of bigger military establishments and extravagant foreign aid?

The atomic experts tell us that the Soviets will be able to produce atomic weapons by the middle 1950's. Contemplation of the possibilities that will exist if Stalin stays in power until then (he is 69) is appalling. Yet I insist that there will be no war this year. We will discuss next year (1949) in December or January.

Army Opens Information Field

A limited number of high school graduates between the ages of 18 and 25 may be enlisted into the regular army for specialist training in the Public Information field, Plymouth's recruiting officer states. Qualified men enlisting for this special training will receive basic training at Fort Dix, New Jersey, and then undergo a 240-hour orientation course in army public information practices at the Armed Forces Information school Carlisle barracks, Pennsylvania. Upon completion of this orientation course, trainees will be placed on temporary duty for a period of 90 days on-the-job training with one of the newspapers, or radio and television stations that are cooperating with the army in this training plan.

Information concerning this new field of training and qualifications necessary for enlistment under the program may be obtained from the Army and Air Force Recruiting station at the city hall on either Tuesday or Thursday.

Plymouth Student Attends Anderson

Evelyn Mary Phillips of 40136 Gilbert has enrolled as a freshman student at Anderson college. Enrollment at the 30 year old institution is near an all time high this semester with a freshman class of almost 300 members. A total of 824 students in the four classes have registered.

Miss Phillips is a graduate of Plymouth High school in the 1948 class. She is seeking a bachelor of science degree.
