Dark Victory is Enacted Tonight

On Friday evening, tonight, at 8 p. m. Eastern Standard Time, Miss Celeste Holm, motion picture academy award winner, and Walter Abel, will be heard over station CKLW in the famous Broadway success "Dark Victory."

"This is the fourth radio presentation of "Great Scenes from Great Plays" sponsored by the Episcopal families of Plymouth. Miss Holm's starring role in "Gentlemen's Agreement" not only won the much coveted award but also thousands of enthusiastic supporters in every state of the Union.

Her portrayal of Judith Traverne in "Dark Victory" enables her to rise to new dramatic heights.

Walter Abel as "Dr. Steele," the great surgeon with human sympathy for all mankind, gives her every opportunity to display her dynamic artistry.

How a woman conquers a great and abiding inward test through love is the fundamental theme of "Dark Victory."

The great lesson dramatized in this play is that love can always conquer fear, states the Rev. Alexander Miller, a principle demonstrated by millions of sincere Christians throughout the world who know how the love of God brings them greater peace and security—helps them rise above the myriad fears and uncertainties of our modern world.

"That's why the Christian church is doing so much to relieve the tensions born of fear—tensions between nations as well as individuals. That's why so many are discovering how much more complete and secure their lives are when they make the teachings of the church the foundation of their entire existence."

Square Dancers Meet Thursday

A lively evening of "allemande left . . . all join hands and circle to the left . . . swing the corner lady," was attended by a crowd of dancers last Thursday, October 14.

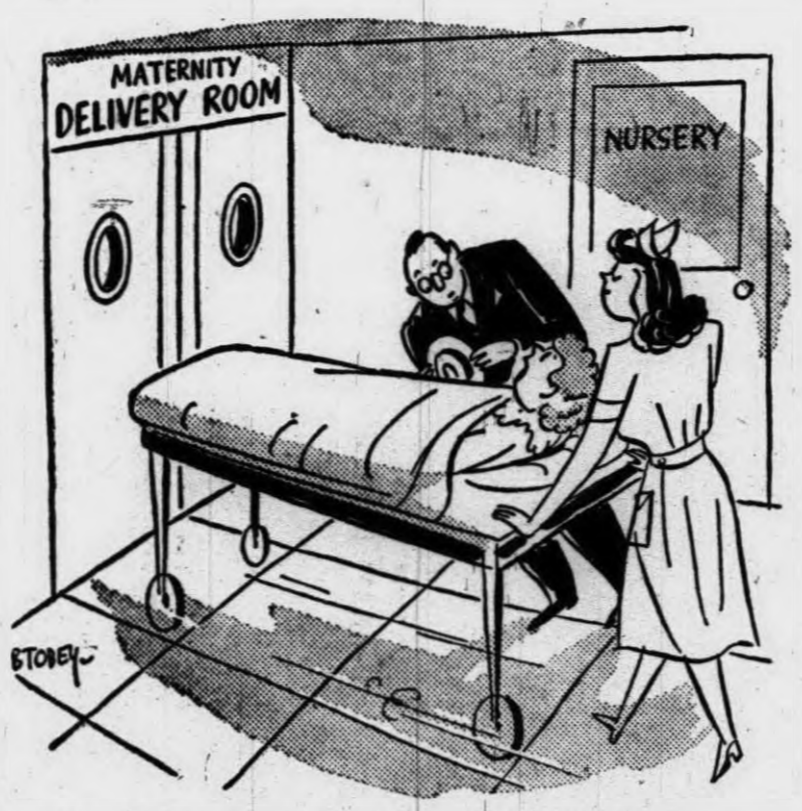

The next get-together of the Plymouth Square Dance club, which is sponsored by the recreation department, will be Thursday, October 28, at 8:30 p. m. in the Plymouth grade school gym.

This will be an "instructional" meeting, devoted to refreshing the old and learning the new calls and steps.

A local member extends a cordial invitation to everyone interested in square dancing, but reminds them to "bring your own sandwiches, and coffee and tea will be served by the committee."

The idea of freedom of the press was not conceived of by American colonists of the Seventeenth century.

Heyliger Slated Men's Club Guest

Vic Heyliger from the University of Michigan department of athletics is scheduled to speak to the members and guests of the Methodist Men's club at their meeting on Thursday, October 28.

Mr. Heyliger will bring with him pictures of the 1948 Michigan-Purdue game.

The all time, all American center, Germany Schultz, will accompany Mr. Heyliger from the University of Michigan.

Another guest will be D. R. Poole of Vancouver, Canada. Mr. Poole is the brother of Dr. Frederick G. Poole, and is secretary of Men's clubs in the Protestant churches of Canada. He is touring the East in the interest of this work, and will present a short talk on the church service clubs in Canada.

Dinner will be served at 6:30 p. m. in the church dining room, and at 7:45 the picture will be shown, for the information of those who are not able to attend the former function.

This meeting is sponsored by the Methodist church but is open to anyone who would like to attend.

Hough School is Making Plans for Halloween Party

"Treat or Tricks" is the theme selected for the Halloween party at Hough school planned for all children and adults in the school district on Saturday, October 30.

This is the first time such a program has been sponsored in the evening for those in the area, states Mrs. Richard Roulo, chairman in charge. It is being undertaken in the belief that such a project can keep children off the streets and roads at night. By giving a party for everyone, it may help to prevent unwanted accidents, Mrs. Roulo remarked.

Costumes, games, apple bobbing, prizes and refreshments of cider doughnuts are among the items planned for the evening. The committee making plans asks residents of the district to donate to the party, instead of treating children beggars at the door. Among the things needed are apples, cider or money, states Mrs. Roulo.

Anyone wishing to make any contributions are asked by Mrs. Roulo to contact her at 39516 Ford road, or by phoning 1284-M11.

Phone local items to 1755.

Rehearsal Dinner Is This Evening

The dinner following the rehearsal for the wedding of Pat Evans and Lester L. Robinson will be held this evening, Friday at Hillside.

The couple will speak their nuptial vows tomorrow during a service which will take place in St. John's Episcopal church.

Guests, in addition to Miss Evans, her parents, and Mr. Robinson, will be Mary Evans, sister of the bride, Mrs. Leslie Hosmer of Detroit, Mr. and Mrs. Valbert Groth of Hammond, Indiana, Mr. and Mrs. Walter Sibel of Detroit, Ronald Phillips, Richard Garber, Cleatus Rippel and Nancy Neff of Three Rivers.

Army Adds New Titles, Stripes

There's been a "new look" added to Army enlisted men's grade titles and insignia of grade. New titles and new stripes are the order of the day. No longer will men enlisting or inducted into the Army be known as privates—they are called recruits now. This is just one of the many changes, Plymouth recruiting office states.

Master sergeants and first sergeants will both continue to carry the same titles. The new changes are more apparent from there on, though. Former technical sergeants become sergeants, first class. The old grade of staff sergeant will, in the future, have the title of sergeant. Former sergeants become corporals, and corporals become privates, first class. Men who used to be designated as privates, first class are now privates. Men formerly referred to as privates become recruits.

The chevrons are smaller, only two inches in width. There will be two types of chevrons, or insignia of grade. One, to distinguish combat personnel, will be of gold color background with dark blue color stripes and arcs. The other, to signify noncombatant personnel will be just the opposite; dark blue with gold color stripes or arcs.

To further distinguish these enlisted personnel who must exercise combat command as combat leaders, a "combat commanders insignia" is authorized for wear by men of the first four grades. This insignia will be a green cloth tab, 1 and 1/2 inches wide, worn in the middle of both shoulder straps.

Members of the Army Recruiting Service in the Michigan Recruiting district are donning the new stripes as supplies become available.

Streamliners Get Modern Features

New passenger cars will go in service Monday on the Chesapeake and Ohio run which links Plymouth with Detroit, Lansing and Grand Rapids.

Described as "incorporating features never before seen on rails", the two trains for the Detroit division of the Pere Marquette district will each include a tavern-lounge car, and one dome observation coach will make the round trip daily on the Detroit-Grand Rapids run.

The Pere Marquette equipment is part of a group of 46 all stainless steel cars to go into operation on both the Pere Marquette and Chesapeake and Ohio. They include tavern lounge cars, each with luncheonette counter and soda fountain, observation dome cars and twin unit diners. Regular coaches have free, individual baggage lockers, to which the traveler retains the key; writing desks and an exhibit case in which is displayed original paintings of C & O by nine of the foremost contemporary American artists, including Rockwell Kent, Paul Sample and Adolph Dehn.

The American Association of Schools and Departments of Journalism was organized in 1917.

Sin with multitude, and your responsibility and guilt are as great and as truly personal as if you alone had done the wrong.

Scouts, Leaders to Honor Hees

During the annual meeting of leaders of the Sunset district, Detroit Area council of the Boy Scouts of America on October 27, Ronald Hees will receive special recognition. The program will be held in the auditorium of Wayne County General hospital.

Hees is an Eagle Scout with troop No. 2 of St. John's Episcopal church, and this portion of the program will be under the supervision of L. F. Rafferty of Plymouth, district advancement chairman; S. D. Strong, special field commissioner; and Scouts and leaders of Troop No. 2.

The program for the evening further includes the tribute and attendance award by Henry Hees of Plymouth, who is district commissioner.

It is expected that over 500 people will attend this annual event, which serves the dual purpose of honoring the Scout leaders of the district, as well as the naming of new officers to serve the district during the coming years.

CONSUMERS POWER COMPANY

Former Users of Gas to Get Refund

Some 17,000 residents or former residents of the Division of Consumers Power company are entitled to share in a \$1,400,000 kitty now awaiting claimants, remarks Rolph Smith, Plymouth manager.
 The money is part of a fund of \$12,300,000 which a Federal Court ordered distributed to distributed to customers of Michigan gas companies obtaining their natural gas supply from the Panhandle Eastern Pipe Line company. Everyone who was a natural gas customer between the autumn of 1942 (exact date depending on the community) and the end of September 1945 was entitled to some part of the refund. About a million checks already have been delivered by mail. About 148,000 customers are still to be found.
 These check owners are not people who have continued to use gas in the area. Present gas customers who are entitled to a share in the refund already have received their checks. The unclaimed checks, for the most part, belong to the people who have moved away or to people who have ceased to be gas customers.
 If you were a gas customer between late 1942 and September 1945 in territory served by the Michigan Consolidated Gas company, Consumers Power company, Battle Creek Gas company or in Monroe and haven't received a refund, drop a line to L. L. Laing, 2302 Barlum Tower, Detroit. He is the man appointed by the Federal Court to distribute the refund. If you know the address of anyone who was a gas customer between those dates and who since has moved away or stopped using gas, you may do that person a favor by advising him to get in touch with Mr. Laing.
 Average amount due is about \$12 in the Detroit area and from \$3 to \$8 outstate.

Miss Shaw Wins Forensic Honors

Kathleen Shaw, a senior at Alma college, daughter of Mr. and Mrs. R. Douglas Shaw of 15674 Stamford street, was rated the highest woman discussion participant at the annual Michigan-Indiana Regional Tau Kappa Alpha Forensics Conference and Congress at Purdue university on Thursday and Friday, October 14 and 15.
 Miss Shaw received a rating of 158 points which was fourth in the total rankings, the highest ranking participant receiving 162 points.
 Miss Adams represented Alma college on the Purdue Forum program which was broadcast over station WBAA. The topic was on "Federal Guarantee of Civil Rights."
 Participants were rated on knowledge and understanding of the problem, use of evidence, ability to keep to the issue, adjusting conflict, cooperative skill, and delivery.
 All discussions and legislation at the conference were held on the topics of Federal Guaranty of Civil Rights and Federal Aid to Education.
 Colleges participating were Alma, Manchester, Evansville, Indiana University, Indiana State, Wabash, Western Michigan, Earlham, Butler and Purdue.

Scouts Skate at First Fall Rally

Skates were donned by nearly 200 Plymouth Girl Scouts and Brownies last Monday night after school for the first rally of the year held at Riverside Roller Skating rink.
 Not only was it the first rally of the year, but marked the first time one has been held in the form of a skating party.
 According to reports, all troops in the city were represented, some 100 per cent.
 Mrs. Robert Wesley was program chairman, and she was assisted by leaders and assistant leaders who furnished transportation.
 Following skating, the girls returned to the Methodist church where they were served supper. Food was furnished by the Scouts and Girl Scout council.

PTA Movement Seen Spreading

The parent-teacher movement is fast spreading around the world. Mrs. L. W. Hughes of Arlington, Tennessee, president of the National Congress of Parents and Teachers, reveals in a report to Plymouth members.

"While the British Isles and Canada have long had home and school federations or their equivalents, the new interest in the 'PTA idea' is being shown by the people of other countries, particularly Japan and India."

At the fall meeting of the National Congress Board of Managers recently held in Chicago, two outstanding examples of this were evident, one concerning the growing number of parent-teacher associations in Japan and the forecasting similar organizations in India, newest giant among nations.

A letter from General of the Army Douglas MacArthur to Mrs. Hughes reveals that 68 per cent of the 20,500 elementary schools, 67 per cent of the 15,000 new lower secondary schools, and 43 per cent of the new 4,900 upper secondary schools in Japan now have parent-teacher associations.

General MacArthur's letter, read to the Board of Managers in Chicago, also expressed appreciation to the National Congress for "permission to translate and use its literature on organization, purposes and procedures. Meanwhile, a most intense observer

Ready for the Big Game

The whistle is about to blow. As they get last-minute instructions from the Recreation coach, young eyes sparkle with excitement, young heads nod gravely. Long after today's game is over, the lessons taught in sportsmanship and teamwork will be remembered. And for many years our town will reap the benefits of young citizens brought up in the ideals of fair play. You help support the youth program with your contribution through the Community Chest. When you give, give enough! Enough for all Red Feather services—enough for a full year.

Plymouth's Community Fund Drive Begins October 26

at the board meeting was her Highness Lady Laxmidevi Nimbalkar, Rani of Phalton state, Bombay presidency, India, who is in the country to study social and education movements for her government.

Lady Laxmidevi, carrying credentials from the Indian embassy, took away with her complete plans and procedures of the PTA after expressing her conviction of their value to Indian education. She is president of the Poona Seva Sadan society, a school for adult education for women and for social work, and Hingne Street Shikshan Semaster, a welfare institution for women and children in Phalton state.

Widespread interest in PTA plans and procedures in South and Central American countries was reported by Mrs. Hughes after her recent return from a trip through these areas.

"American protection and occupation is being followed in other lands by interest in our home-school cooperation methods," Mrs. Hughes said. "While there is no formal affiliation between American parent-teacher associations and those abroad, our National Congress has affiliates in schools for children of members of our armed forces in Germany, Japan, and elsewhere, and these are serving well to spread the 'PTA idea.'"

Meeting is Held by County PTA

Chief point of discussion at the first meeting of the Wayne County council of the Parent Teacher association on Tuesday, October 12, was school legislation which will be presented to voters in the forthcoming election.

The meeting was held at the Gibraltar school, with dinner served by members of the Gibraltar PTA.

Mrs. Ada Watson, supervising teacher of Wayne county, commented on the legislation, telling the members that Amendment No. 2 and Amendment No. 5 are the two most important questions that ever have been presented to voters of Michigan.

"If Amendment No. 2 is adopted by the electorate at the polls on November 2, millions of dollars will be lost to Wayne county school," she stated.

"Amendment No. 5 is not a radical constitutional change," she continued, "it merely permits a school district to extend its bonding limit from five years to 20 years, and changes the requirement for additional millage to finance the schools' program, especially that of building, from a two-third vote to a majority."

Also speaking that evening was Miss Lauretine Collins, director of the department of public school-community relations of the Detroit Board of Education. Her talk dealt with "The Child, His Future is Now."

Asserting, "Children the world over are all the same, not afraid but concerned, we should pay attention to all, whether they are Americans, Germans, French, English or Russians. They all have basic human needs: the need to be loved, the need to belong, the need to be free of undue fear, and a need to be free of guilt.

The next meeting of the council will be held Tuesday, November 9, at the St. Paul's church hall, Goddard road near Telegraph. The visiting teachers will be in charge of the program.

Especially posed for our Community Chest by GREGORY PECK

How will you look when the Community Chest Volunteer calls?

CERTAINLY there are many things in life to frown about. So go ahead. Frown at all the things that are wrong with the world. But please don't frown at the things that are right.

Particularly—don't frown when the Red Feather volunteer rings your doorbell and asks for your contribution to our Community Chest!

Here's a man who deserves a smile if anyone does. For he's giving his time and energy—as well as his money!—to a cause that benefits us all. He'd probably a lot rather be home listening to his favorite radio program. Or at the movies with his family. Instead, he's out on the street, calling on his neighbors—doing his level best to assure the success of the Chest campaign.

Why is he doing all this? Just so you and I, as good citizens, can share in the important job the Red Feather services are doing in this community—the job of steady-ing and strengthening family life...keeping kids healthy, happy and out of trouble...caring for the sick...the handicapped...the aged.

So when your Red Feather volunteer calls on you, greet him warmly for what he is—a fine citizen doing a much-needed service for the whole community. Listen to his Red Feather story.

Remember that helping those who are depending upon you is a feather in your cap. Give generously. Send him on his way with renewed courage and faith in the heart of our community...and a smile on his face, too!

Remember—one pledge covers many Red Feather services. Because we have a well-managed Community Chest uniting many appeals, you are called on only once a year for all of them. So when you give, GIVE ENOUGH...enough for ALL Red Feather services...enough for a FULL year.

Everybody benefits...Everybody gives

Visits Kentucky And Old Friends

Down amid the beautiful rolling hills of southern Kentucky, where no one has ever had any thing to worry about, has gone Gene Orndorff to escape some of the torrid political wave that is sweeping this part of the country as election day approaches.

Gene, who glories in being known as a "genuine" Democrat, has written cards to Plymouth friends declaring that he has found perfect bliss in the beautiful fall sunshine that is just now warming the hills and dales of good old Kentucky.

This perfect bliss — writes Gene — is all due to the fact, quoting, "There is no GOP party in Kentucky. Thanks for that. What a relief!"

Friends declare that Gene will return to Plymouth filled with re-newed youth and vigor as a result of inhaling the pure, fresh air that blows over the cotton and tobacco fields of his native land—but that association with Michigan hard-headed Republicans will get him "down" so that another trip back to Kentucky will be necessary right after election day.

Progress in oil refining techniques has brought motorists an improved quality of gasoline which together with engine improvements, gives them about 25 per cent more efficiency as compared with the product of 20 years ago.

My MICHIGAN

The wild rabbit hunter, and his frau who heaps a platter full of delicious meat browned to a turn, or serves up a wild game potpie or mince meat should give a thought now to the danger of tularemia, according to Michigan Public Health, monthly bulletin of the Michigan Department of Health.

Some Michigan wild rabbits have tularemia, a disease of rodents, which is easily transmitted to man when he handles, dresses or cooks the game. The disease in man is extremely painful, dangerous and difficult to treat, and sometimes fatal, the bulletin said.

Twenty-seven cases of tularemia have been reported in Michigan during the past two years, all but one of them during the hunting season. Two cases have been reported already this year.

Humans usually get tularemia from handling or eating the carcass of an infected wild rabbit. Domestic rabbits are almost entirely free of the disease. The organism of the disease can be carried by rabbit ticks, wood ticks and certain other biting flies and may be transmitted to humans by them. The germ is so small that it can get into the body through unbroken skin on the hands or face or it may enter through the eyes, mucous membranes or intestinal tract. Man usually gets sick three or four days after he gets the organism in his system, but the illness may not appear until eleven or twelve days after.

The illness begins with chills, fever, body pains and nausea. A sore usually appears where the germ entered the body and the nearby lymph glands become swollen. These glands become extremely painful and often are abscessed, and have to be opened. They may continue to discharge for weeks. This condition is usually accompanied by fever and may confine the patient to bed for weeks or months. While this is the usual type of the disease, a large infecting dose of the organism may cause a high sustained fever and prostration. This type of the disease often causes death and at best requires long convalescence.

Precautions which all those handling, cleaning or cooking game should observe are these:

1. Always wear rubber gloves when dressing wild rabbits. Be careful that a sharp bone does not pierce the glove.
2. Do not handle wild rabbits that are found dead.
3. Shoot only rabbits which are running; slow or sluggish rabbits are likely to be infected with tularemia.
4. Cook wild rabbits thoroughly so that no red meat or red blood remains. Thorough cooking of the meat destroys the germs.
5. Play safe! Destroy all rabbits whose internal organs are studded with small white spots; they may have tularemia.
6. Guard against the bites of flies and ticks.

This information on tularemia, along with information on hunting hazards, autumn fire prevention, the state-wide child safety campaign, social hygiene and other health topics is contained in the October issue of Michigan Public Health. Subscription to the monthly bulletin may be had without charge by writing to the Michigan Department of Health, Lansing 4, Michigan.

Flames cut a 250-mile path of destruction across Michigan in 1871 at the same time the great Chicago fire occurred.

That's according to the Michigan Historical Collections at the University of Michigan which have information on the Michigan disaster as well as personal letters describing the Chicago holocaust.

The Michigan fire flared into life at Manistee, October 3. In two days, flames swept from Lake Michigan to Lake Huron, cutting through some of the state's finest pine stands, destroying 12 communities and making about 18,000 persons homeless. The only fatality, however, occurred in a separate fire which destroyed Holland.

From Manistee, a zone of fire extended south and east through Lake, Osceola, Isabella, Midland, Saginaw, Tuscola, Sanilac and Huron counties. Destroyed were the towns of Manistee, Glen Haven, White Rock, Forestville, Sand Beach, Fort Hope, Elm Creek, Huron City, Forest Bay, Center Harbor, Rock Falls and Verona Mills.

The Holland fire burned out the town except for a few buildings, within two hours on October 9, and an aged widow was killed. Fires started on the southern and western parts of the city first. Flaming bits of wood from these were blown to other sides of Holland, virtually ringed the town with a wall of flame and sealing its doom.

Weeks of drought preceded the Michigan fires. Streams and swamps dried out and the woods became as dry as tinder. Thousands of pine logs and slashings lying in the woods contributed to the fire's fury. The logs were evidence of the state's most prosperous pine lumbering era.

Thousands of persons fought the fires. But lashed on by a gale, the flames swiftly consumed the forests. Hundreds of farm animals were killed and thousands of dollars worth of crops burned. Persons near the Great Lakes were driven into the water to their necks to escape.

Relief parties quickly were organized under the direction of Gov. Henry P. Baldwin. Food, money, and clothing soon flowed into the stricken areas. Rebuilding was begun. But here after-effects of the Chicago fire stepped in to pile on hardships.

Many insurance companies in the Windy City were rendered insolvent by the big fire there. This made worthless what little insurance was held by Michigan residents in the burned over areas. So they had no money with which to buy materials.

The cost of building materials climbed, too, as the tremendous job of rebuilding Chicago was undertaken. The combined effects of the fire, lack of insurance and high prices caused many persons to assume large obligations they later had trouble meeting when the panic of 1873 occurred.

Some of the towns never again were rebuilt. But places like Manistee and Holland soon were back on their feet.

Supply Decides Support Prices

Just how will the new farm program enacted by Congress affect support prices? To answer this question, Michigan State college agricultural economist Arthur Mauch, cites the case of a basic commodity—corn.

He begins by pointing out that for the rest of 1948 and through 1949, the price of corn will be supported at 90 per cent of parity. (We'll assume that neither the parity index nor the base price of corn will change. This will simplify the comparison.) This means 90 per cent of \$1.61 (corn's parity price) or \$1.45. However, should the Secretary of Agriculture establish marketing quotas and they are not approved by two-thirds of the corn growers, there will be no price supports.

Beginning in 1950, the support level is flexible. It ranges from a low of 60 per cent to a high of 90 per cent of parity depending on supply. If we have a "normal" supply, we multiply the "new" parity figure of \$1.42 by 75 per cent to get the support price of \$1.07. The per cent of support varies according to the supply. For example, a supply 30 per cent above normal calls for a support price at 60 per cent of parity; a supply 30 per cent below normal calls for a support price of 90 per cent of parity. In other words, for each two per cent change in supply, the per cent of support changes one point in the opposite direction.

The new parity prices created by the farm program vary by commodity. Grain parity prices decline—barley by as much as 21 per cent; dry beans by as little as 1.8 per cent. Dairy products, eggs, hogs, and turkeys will have a higher parity price under the new farm program.

Ask the woman who owns one

By tradition, she's entitled to the last word. So Packard has built it for her!

She might not care whether what's under the bonnet is a "free-breathing" straight eight, or a turbo jet.

But when she praises delightful responsiveness, and the soothing smoothness of Packard power . . . we like it! (What man ever put so dainty a shoe against an accelerator pedal and got such results?)

She might not care whether Packard's superior roadability and handling ease are achieved by advanced engineering, or by happy little gremlins.

But when she tells us that her Packard has the restful riding ease of a limousine, and the finger-tip handling of a tiny tot's stroller . . . we beam!

And when it comes to styling, and tailoring, and convenience features, she's always been the No. 1 authority—and New York's Fashion Academy confirms her good judgment in preferring Packard.

Come in—learn all the reasons why the most enthusiastic "man who owns one" is often a woman!

To My Friends and Patrons:

Another year has gone by. Twenty-One Years in all. It was back in October, 1927, when I made a pledge to serve you honestly and efficiently. I hope that I fulfilled my promise as well as I tried. It is with pleasant memories and appreciation of your fine cooperation in the past few trying years that I hereby with all sincerity assure you of my intentions of rendering you the finest, pleasant service humanly possible, to offer you the best quality merchandise obtainable & to conduct my business on the smallest margin of profit permissible.

My staff of co-workers, some of whom have served with me for nearly twenty years, join me in their wholehearted pledge of honesty and sincerity.

The recent reconversion of my store into a larger, complete and modern home appliance show & sales room, the installation of up to date meat and frozen food display cases has been a tiresome but pleasant task. To you who accepted my new business venture to the extent of making these improvements necessary, I wish to say "Thank you" and invite you to please visit us on this double occasion, and allow me to present you with a token of appreciation.

Council Clears Crowded Agenda

A crowded agenda necessitated a two hour meeting for the Student Council last Thursday, October 14.

On the agenda were reports from the Assembly committee, the Dance committee, and the committee that helped choose the Annual staff. A request by Avis Zander that the Hescoes be allowed to sell pencils was granted by the council. Chief of Police Russ Hasselbach submitted a report on the meeting of his lieutenants, and the council discussed problems regarding congestion in the halls with him.

Another discussion on the possibility of reviving the sport of tennis at Plymouth High resulted in the forming of a committee headed by Alline Burns and Edson Whiple to seek the reaction of students and faculty to such a move.

Senior Pictures Taken Next Week

The senior pictures will be taken during the week of October 25 by the H. A. Powell Studios. Seniors obtained a definite sitting appointment this week.

The girls have been advised not to change their regular style of hairdress. If they wish to have it set, to do so at least two days before being photographed and to be sure to check their appearance just before sitting. A plain dress of pastel shade is preferred.

The boys have been advised to wear a vest and coat in preference to a sweater. If they want to have a hair cut, to have it about four days before being photographed. The boys should check their collars and ties before sitting.

Hunting Attracts 70 Local School Students

With the starting of the hunting season on October 15, 70 Plymouth school boys left their studies to try their luck at bringing in the game.

Before receiving a permit to leave school, the boys had to have all their work made up and handed in to their teachers. Any boy who left school without a signed permit was treated as skipping and was punished accordingly.

Y-Teens To Take New Members

by Dorothy Curtis

Girls interested in joining Y-Teens signed up Friday, October 15, and were required to pass a test October 18.

Each girl was required to complete the following requirements: have a C average throughout high school; to write the following: 1. "Follow the Glean", 2. Y-Teen Purpose, 3. Y-Teen Grace.

The following girls signed up: Norma Helm, Roberta Merritt, Nancy Walton, Joyce Smith, Pat Wilkins, Mary Anne Witwer, Pat Granger, Carol McPherson, Naomi Mishler, Joan Lightfoot, Shirley Plant, Dorothy Wright, Jackie Showers, Flora Fletcher, Pat Dudley, Arlene Walker, Lynn Bennett, Anne Vincent, Virginia Skelly, Dorothy Curtis, Arlene Dowling, Barbara LaMay, and Diane Arcott.

Captains Chosen for Volley Ball

Girls' volley ball teams are well underway with their new captains which were chosen October 12.

The captains for the ninth grade are as follows: Joyce Houghton, Joyce Forshee, Norma Hart and Carolyn Smith. The tenth grade captains are: Sally Zink, Sue Cartwright, Lois Minehart and Pat Sexton. The eleventh grade captains are as follows: Janet Valaika and Saxie Holstein. The twelfth grade captains are: Barbara Finnegan and Pat Dudley.

Each captain is responsible for a suitable name for her team. The following are a few names which have been chosen; Joyce Forshee's team, Rockettes; Sue Cartwright's team, Potent Pigeons; Lois Minehart's team, Hot Rods; Saxie Holstein's team, Hot Rocks; and Pat Dudley's team, Muscular Maidens. The remaining captains haven't chosen a fitting name for their teams but will have decided by this week.

The junior and senior girls had a practice game October 14, and the sophomore and freshman girls had their practice October 19. The practice games provided the girls who have never taken gymnasium and others a chance to freshen up a little. Each team will play all the other teams, and in this way the champion will be chosen.

Hi-Yers Plan Hayride

The Hi-Y club has planned its first hayride of the fall season for tomorrow night.

About 30 members plan to be present. A committee was chosen to plan the coming social events and arrange for the use of facilities for the events. Refreshments will be served.

Also a swimming date will be set to swim at the YMCA in Ann Arbor. Any Hi-Y member is eligible to participate in the events of the club.

Every human being has a work to carry on within, duties to perform abroad, influences to exert, which are peculiarly his, and which no conscience but his own can teach. —Channing

Staff Chosen for School Annual

by Melvin Schultz

The annual staff for the 1948-49 school year has been chosen by a joint committee of students and faculty members and will begin work in a few weeks under editor Beverly Balsley, make-up editor Jane Pierce, business manager Sally Holcomb and senior activities editor Alline Burns.

Those students selected are: make-up—N. Stevens, D. Curtis, D. Mossman, and E. Kienbaum; photography—J. Butt and L. Christensen; art—B. Goodbold, L. Bentley, L. Vargha, J. Evanoff and W. Branthoover; sports—J. Miller, T. Thrasher and D. Crocker; girls sports—N. Morrow, W. Latture; senior activities—A. Burns editor; S. Hopkins, A. Hembree, J. Wiltse, F. Campbell, J. Erb, A. Reddeman and J. Travis; finance, T. Francis and L. Packard. The typing will be selected later.

Band Performs Tonight at Halftime in Ypsi Game

The Plymouth High school band will perform during the halftime of the Plymouth-Ypsi football game held at Plymouth tonight under the lights.

The band, while forming a windmill, will play "In an Old Dutch Garden," a bell while playing, "Serenade of the Bells," and finally a four leaf clover with the song by the same name.

The Ypsi High school band will also entertain the spectators. Marching with the bands will be the Ypsi Drum and Bugle Corps.

During the game the bands will play on the sidelines.

In Ipswich, England, a circus baboon wandered into Mrs. Dorothy Plummer's house, helped herself to oranges and bananas, strayed upstairs into the bathroom where she dabbed on a bit of powder, stopped off for a bounce on the bed, finally was discovered by police downstairs, drinking a bottle of stout.

NBC Musicians Appear at School

Fred Thomas, NBC baritone, and a genius of the keyboard, Robert Drumm, NBC pianist, featured star on the NBC Broadway Hollywood Program, appeared in an assembly at Plymouth High school, Wednesday, October 20, at 9 until 9:45 for junior high and 9:45 to 10:30 for senior high.

Fred Nelson and the vocal music department was in charge of the tickets.

The music played was from recent movies shown, and music from great musicians as: Gershwin, Romberg, Kern, Berlin, Porter, Friml, Rodgers and Hammerstein.

Class Turns to West: It's a "Brand" New Idea

by Margaret Willisie

During the last week, several interesting projects have been going on in numerous classes.

In Miss Irene Waldorf's class of American literature, the students have been studying an essay entitled "The Heraldry of the Range." They changed the title to "The Heraldry of English VI" and each student has made a brand, which he put on the blackboard. The brands have shown a lot of originality and have made the class more interesting.

Study of the American Revolution has been taken up in Miss Gertrude Fiegel's American classes this week and Miss Fiegel has mounted many pictures on the bulletin board in connection with this. The pictures have proved to be helpful to the students as well as being interesting.

A radio program entitled "The Jelly-Bean Contest" was the highlight of this week for John Klingeberger's fourth hour American government class. Mr. Klingeberger was the master of ceremonies and for every question that the contestant answered correctly, he was given a jelly-bean. The contestant that cracked open the jack-pot, received ten jelly-beans.

Most Important Motor Oil Development in 9 years!

Unique "X" Safety Factor, for first time Attacks Major Cause of Engine Wear!

Acid Action from "On and Off" Driving Now Counteracted — Engine Life Prolonged

It's not friction, as generally assumed, that causes the most engine wear!

It's Acid Action—chemical etching of engine parts that takes place in the low operating temperatures of today's "On and Off" driving!

In your short trips about town, to school, to the office, the bank—your engine is intermittently "On and Off" . . . runs for brief periods of time only. Hence it seldom warms-up to efficient operating temperatures. It runs "cold." In these short "On" periods, combustion may be incomplete and partially burned fuel gases and moisture attack the smoothly polished metal surfaces chemically. It's this biting Acid Action that accounts for up to 90% of your engine's wear!

Shell Research worked all out on this problem . . . developed a unique "X" safety factor to combat Acid Action. Now 2½ million miles of road testing have proved conclusively that with this "X" safety factor Acid Action is effectively counteracted—engine life is prolonged.

This triumph of Shell Research—another Shell "first"—comes to you only in Shell X-100 Motor Oil. This oil, long famous for its ability to protect your engine under the stresses of sustained high speeds and extreme driving conditions, now has this added protection for every mile you drive. It is unequalled by any other motor oil, no matter its price.

Let your Shell Dealer drain, flush and refill your crankcase with Shell X-100 Motor Oil today.

It's Incomparable!

Babson Discusses Stalin
I have had so many inquiries from my recent column which I discussed in part Mr. Stalin, that I will now answer my main question, "What are probably Uncle Joe's plans?"

Uncle Joe's Program
We may get into war next year through some accident or unauthorized shooting by Russian, American or Allied troops. I, however, am sure that war is not a part of the Russian program for the three reasons which I gave a couple of weeks ago. Russia's program is to worry and scare us to build up such a great army, air force and navy that the expense will upset our domestic economy. Remember that it costs the United States ten times as much a month to maintain a soldier as it costs Russia.

By LYN CONNELLY
NWNS Radio-Screen Editor
A BC's emcee-conductor, Meredith Willson, has written a pleasant little book entitled " . . . And There I Stood With My Piccolo . . .". In it he reveals his experiences as a musician, beginning back in Mason City, Ia., when he received his first flute through the Chicago mail order house, to the present time, at the height of his success . . . The book is rich with homey humor and amusing anecdotes about his early life as a piccolo player in the great Sousa's band and tales of some of the great personalities with whom he has worked.

M. Willson
John Brown, who does "Digger O'Dell" on NBC's "Life of Riley," gets the same role in the film version, soon to roll . . . "Candid Microphone" has been cancelled by the network which had kept it on a sustaining basis for some time . . . Phil Harris and Alie Faye are boosting Elliott Lewis, who takes the part of "Frankie Remley" on the Harris show, to star status this year.

Platter Chatter
Latest record albums to be issued by Victor include two featuring the music of Sigmund Romberg . . . One is his popular operetta, "New Moon," delightfully presented by singers Earl Wrightson, Donald Dame, Earl Oxford and Frances Greer and orchestra leader Al Goodman . . . The other contains Romberg "gems" including songs from "New Moon" plus other favorites: "Mother," "Silver Moon" and the beautiful "Song of Love" from his show "Blossom Time" . . . In this album, Romberg himself conducts the orchestra and the singing is ably handled by Genevieve Rowe, Lillian Cornell and Lawrence Brooks.

Victor also offers a sterling album consisting of some classics excitingly played by Doris Stockton, marimba artists . . . Numbers include "Tico Tico," "Hora Staccato," and "Waltz of the Flowers" . . . Capitol has a new album out based on the compositions of Willard Robson, whose southern background equipped him with the qualities necessary for the writing of deep river music.

No American can afford to be disinterested in any part of his government, whether it is country, state, or nation.—General Eisenhower.
