

A SENSIBLE SOLUTION.

It appears that there is about to be culminated a most sensible solution to the airport problem that has been kicked about in Detroit and the metropolitan district for a dozen years longer than it should have been.

If the Commission can bring about the establishment of this airport, it will solve a long neglected and hotly argued problem of great importance to the entire state.

Supporters of the Wayne county airport are not enthused over the action that has been recommended, but common sense dictates that an airport just across the Detroit river from downtown Detroit is a far better location than one that requires at the best 35 or 40 minutes additional auto travel—in traffic that is always congested.

Col. Hough and his associates have had long experience in aviation and know thoroughly its problems. Officials of the Wayne County Road Commission know highway problems. We prefer to accept the judgment about an airport location from those who know and use air travel, rather than accept the judgment of those whose knowledge and experience is confined entirely to highway travel and building.

DO YOUR DUTY TUESDAY.

Busy—it takes time to go to the polls—did some one say? There's no business in the world so important as voting in Tuesday's general election.

Oh yes, you'd like to have all Republicans vote. That's right, but it is just as important that all Democrats vote, too. And the Prohibitionists!

No matter what party you belong to, and no matter what party candidates you will vote for if you go to the polls Tuesday—that's not the important question.

The important thing about Tuesday's election is your duty to your country—and you can perform that duty by voting for the political party that represents your political views.

Vote early so that those who find it difficult to get away early in the day to vote, will not be forced to wait in a long line just before the polls close.

Let's show America that we here in Plymouth believe in voting. Let's make it as near a one hundred percent vote as possible. And what we say for Plymouth applies to all other voting centers in this part of Wayne county. Let's make it such an overwhelming vote that it will surprise even ourselves.

We'll all feel better for having exercised our citizenship rights—no matter who wins.

THE RIGHT MAN WON.

Notice where Editor Frank Weber, the elderly, faithful fighting editor of the Montmorency County Tribune, published at Atlanta, the only community in that county, takes the hide off another neighboring editor for some rather unkindly remarks made about the political background of the Republican candidate for the state senate from that district who is unopposed in the final election, Frank Andrews of Hillman.

It seems that Mr. Andrews had almost the unanimous support of all the editors of that district during the primary election, when he won a decisive and worthy victory over Senator Bishop of Alpena.

We do not know the gentleman from Hillman who will be the next senator from that district, but from what editors throughout that part of Michigan told me during the primary, he will make a very worthy member of the state legislature. The views expressed by these editors is reflected strongly in the scorching editorial written by Editor Weber, who is generally about one hundred percent right in what he has to say in his editorial columns.

Irrrespective of whatever the grievance on the part of the critical editor might be, it was fortunate for Michigan and its progress that there is to be a change in that district in the state senate.

The retiring Senator looked upon the metropolitan section of the state as a part of Michigan that should be sunk to the bottom of the ocean. Without the slightest reason or sense, he did all within his power to block the construction of a badly needed new mental hospital for this part of the state where more than half of Michigan's population lives. He was a consistent obstructionist.

We are sure that from what editors throughout that senatorial district have told us, the new senator is a citizen who can look into the future instead of always looking backward and he will be for the progressive needs of the state.

There is no question in our mind but what the right man won the nomination in the 29th senatorial district, Editor Weber's remarks makes our opinion more fixed than ever.

IT IS A COMMUNITY MATTER.

Plymouth has been making progress in the development of its fire department. We feel that the city in the years to come will be better protected than ever before—but even that it is not good enough.

The National Board of Fire Underwriters points out that every community should have an active fire safety committee to co-operate and work with its fire department throughout the entire year.

The committee, if it is to be successful, must have a chairman with energy, enthusiasm, and proved leadership ability. Its membership should be drawn from all elements in the community—churches, hospitals, industrialists and labor unions, service clubs, theatres, veterans' organizations and the rest. And its duties should run the gamut of fire hazards, from ineffective building codes to the existence of fire traps that need to be condemned.

A considerable number of committees of this nature have been formed and are now at work. There is no better way to bring home to the people of any town the danger that fire presents to them—along with easily understood instruction on how to make property safe. Fire prevention, after all, is basically a local matter. Every community has its own special problems. National and state fire safety organizations are doing a splendid and essential job—but they can't individually cover every village. And that's where the local committees enter the picture.

Organized fire prevention work is reaching a peak of activity now, as a result of our record fire waste. More effort and more thought is being given to stopping fire than ever before. And a local fire safety committee in every community, no matter how small its population, is a vital element in the campaign against one of the greatest destroyers of life and property.

WAR SCARES.

Isn't it a shame to think that when our country could be doing so much for the benefit of everybody that we have got to think so much about wars and threats of wars. There is so much we could be doing for the benefit of humanity if we could give all of our time and attention to the development of our country and its vast institutions. Maybe some day we can get down to business and do the many things for the good of all that we have so long neglected.

Plymouth Halloween Plans Include Window Painting, Parades, Dance

Halloween will walk into Plymouth today for a three day reign, amid the finest array of festivities ever planned for celebration of the occasion in the city.

Since Halloween proper falls on Sunday, the Chamber of Commerce has drawn up plans which call for the beginning of the celebrations today, Friday, culminating in a street dance tomorrow night on Penniman avenue.

Until the conclusion of the festivities tomorrow, window painting, parades, refreshments, prizes, in addition to the dance, will be the top attention winners throughout the city.

The window painting, grade school parades and parties are scheduled for today, with the all-city parade and dance included among the plans for tomorrow.

Close to 75 school art students will begin an operation this morning which will terminate in the painting of 240 store windows in the city; a project which will add the most to the Halloween spirit of the day by giving both business districts a completely different and festive look.

According to Mrs. Frances Overton, high school art teacher, none of the students are planning anything in the way of "serious art." Witches, skeletons, ghosts, bats, grave yard scenes, and corn shocks will set the keynote theme around which the young artists will work. The painting will be done in orange and black paint, over a white background.

From five to eight will work in a group, each covering anywhere from 12 to 15 store windows, depending on the size of the panes. Each group will make a

Auto License Office Moves to Main Street

When you need a new automobile license, a transfer or a title for your car, beginning Monday morning you will no longer go to the branch office of the secretary of state's office in the Mayflower hotel.

Friday and Saturday of this week, Manager Frank Rambo and his assistants are moving the auto license office to William Wood's insurance office at 276 South Main street, directly across the street from The Plymouth Mail office.

The Mayflower hotel management has long needed the space used by the secretary of state's office and sometime ago advised Mr. Rambo that it would be necessary for him to look for a new location. He was fortunate in getting such an excellent location in the business district of the downtown area.

Mr. Wood has had his office remodeled in such a way that there will be plenty of space for the automobile license office.

The Chamber of Commerce office which has also been located in the hotel, will be moved to the insurance office of Joe Merritt at 541 South Main street. This move is also being made during the present weekend.

The AAA office will remain in the Mayflower hotel building, but will be moved to another office facing on Ann Arbor trail.

Taylor is Named New President

Four veterans were elected to the board of directors of the Plymouth District Veterans' Memorial Association at the annual meeting last Monday night. Newly elected directors are, Harry Mumby, Kenneth Gust, Melvin Algire and Harry Hunter.

These four replace Cass S. Hough, Sterling Eaton, Ralph Lorenz and Wendell Lent whose three year terms expired this month.

Immediately after the annual meeting the new board met and elected officers to serve for the coming year. Jack Taylor was named president of the board with Russell Daane as vice-president. Mrs. John Wimsatt was re-elected secretary and Dr. Henry Walch, treasurer.

Other than routine annual business, the meeting brought to light a variance of opinion on the part of the veterans group as to the usage of the building by other civic groups. This problem will be faced within the next few weeks by joint committees appointed by the new president.

Two Men Killed Thursday Near Cass Benton Park

Two Northville musicians were killed early Thursday morning, during an automobile accident on Northville road, just north of Six Mile.

The victims, Thomas Record, aged 37, and Nolen Rinehart, 36, died at the scene of the accident, both suffering broken necks.

Their car hit the concrete abutment near Cass Benton park, head-on.

The Wayne County Sheriff's department listed the men as having resided at 24655 Seven Mile road.

Plymouth Talent Feature of VFW Show Next Week

The ever present but usually latent talent of Plymouth's sons and daughters will shine next Wednesday and Thursday, November 3 and 4, when they cast aside scripts and don costumes in readiness for a stage show entitled "Fun For You."

The curtain will go up both evenings at 8:15 p. m. Close to 300 Plymouthites are scheduled to impersonate famous stars of radio, stage and screen during this program which is under the sponsorship of the Plymouth VFW Mayflower Post No. 6695.

Expected to be one of the funniest scenes of the entire production is the one which slates James Latture in the role of Gary Moore for an impersonation of a Breakfast in Hollywood broadcast. His script calls for the introduction of men from the city who will represent glamour girls having breakfast in Hollywood.

He will also go into the audience and try on the women's hats and make awards for the funniest one he finds.

Glamour girls in this scene will include Tom Zak, Robert Salo, Donald Peck, Louis Dely, Dr. B. E. Champe.

The part of Harry Von Zell, radio announcer, will be taken by A. Lincoln Lantz. He will provide

School Will Hold Music Classes in Methodist Gym

A temporary solution to the problem of where classes can be held for school band and choral classes was furnished by the Methodist officials this week as they agreed to let the school take over the gymnasium in the church for that purpose.

The problem of finding a class room for the music department was presented to the school administrators with the announcement that the building in back of the school previously used for the classes has been condemned.

With the use of quonset huts ruled out in their quest for a quick answer to the problem, because it was financially out of the question, a search of the city was begun for a possible place to hold the classes. The current solution is considered a most apt one, since the church is located immediately adjacent to the school building.

Program of Fall Fashions Planned

Supplementing their annual spring style show, members of Plymouth's Women's club will present a program of modeled fall and winter fashions next Friday, November 5.

Unlike the spring program, this will be for members of the organization only since it is planned as a regular meeting program. However, members may bring guests without using guest tickets. President Mrs. Milton Laible discloses.

Tuesday's Election One Of Most Important In State's History

Chest Leaders Pleased With Early Drive Returns

A survey Thursday by Community Chest officials of the early fund collections revealed the fact that slightly over \$3,700 had been collected in the community-wide drive that started last Tuesday.

Community Chest officials expressed their gratification over early returns to the fund raising drive, attributing the success to willingness of residents and businessmen to generously donate, coupled with the enthusiastic efforts of the volunteer solicitors.

They expressed confidence over the fact that Plymouth will hit the \$10,000 goal set up for Red Feather services within the city, on the basis of the early reaction. "The whole city seems to be doing their utmost to see to it that Plymouth does go over the

In Spite of Soupy Weather Dawn Patrol Attracts 42

Taking Sunday's soupy weather into consideration, an exceptionally good turnout was received at the Lions club sponsored Dawn Patrol held at Mettetal airport last Sunday.

Forty-two planes arrived from throughout the state. Those on the ground watching the arrival became sharply aware of the poor flying conditions, when many pilots over-shot the field as they prepared for landing.

An arrival from White Cloud, the furthest point represented at the Dawn Patrol, reported he had to fly over a blanket for a considerable distance. Although the ceiling was low in this portion of the state, in the upper part of Michigan it was reported to be zero, with poor visibility throughout the day.

In another case, eight planes left Saginaw's Sky Haven field Sunday morning with only one

Civic Orchestra to Open Season on November 7

The Plymouth Symphony orchestra is making final preparations for the opening of the 1948-49 symphony season.

Plans are underway which will make this not only a longer season, but also one to be remembered for its musical qualities, states Director Paul Wagner.

The orchestra, which will present its opening concert on Sunday, November 7, will be greatly enlarged to symphonic proportions. Many more strings have been added, as well as many

Important State Issues For You To Vote on at Tuesday's Election

The recommendations of the Detroit Civic League, the only group in Wayne county which does not represent some special interest or political faction, makes the following recommendations as to how to vote on the six proposed constitutional amendments and the constitutional convention ballot.

- Vote "Yes" on No. 1—Succession to governorship.
Vote "Yes" on No. 2—Repeal of sales tax split.
Vote "Yes" on No. 3—Removal of state officials salary ceilings.
Vote "Yes" on No. 4—Removal of legislative salary ceilings.
Vote "No" on No. 5—Liberalizing 15 mill tax limit.
Vote "Yes" on No. 6—To register "foreign" agents.
Vote "Yes" on Constitutional convention call.

The Michigan Survey, another organization which represents no pressure group or special interest, makes the same recommendations pertaining to these amendments as does the Detroit Civic League.

There are numerous highly important constitutional questions for you to vote upon Tuesday.

There are six constitutional amendments on one ballot and on another ballot will be the question of whether you favor or do not favor a revision of the entire state constitution.

Proposal No. 1.—This provides for succession in the office of governor. The present constitution provides for one succession only, if the governor dies, then the lieutenant governor shall become governor. There it stops. When Governor Fitzgerald died in office Lieutenant Governor Luren Dickinson became governor. If aged Governor Dickinson had died while serving as governor, Michigan had no provision to fill the office. Proposal No. 1 on the official Referendum Ballot you will vote Tuesday, provides that if the lieutenant governor dies after he becomes governor, the secretary of state, then the attorney general, next the state treasurer and then the auditor general shall be eligible in succession.

Proposal No. 2.—Calls for the repeal of the sales tax diversion amendment which takes away from the state government and gives to the cities, townships and school districts more than two thirds of the state sales tax. City and township officials, as well as school teachers and school officials are opposed to this amendment. This aid is badly needed by many fast growing school districts and as long as state revenues continue to increase, there is no immediate danger of new taxes. The danger lies in the time when business slips and sales tax totals drop. With the present inflated income the state is able to carry its old age pensions, support its many hospitals, normals, institutions, governmental activities, aid to dependent children and other state responsibilities and meet the constitutional requirements of the sales tax diversion amendment. Many cities and townships do not get enough aid under this amendment, some get more than they need. It is the unfortunate and wasteful method of distribution of tax dollars required under the amendment that has led to its resubmission for approval or disapproval by the voters.

Proposal No. 3. This amendment, if passed, will put an end to the present subterfuge method forced upon the legislature in raising the salaries of state officials. The present constitution says that the Governor shall be paid \$5,000 per year. He gets, however, \$20,000 by various legislative acts that have been approved by the supreme court. This proposal, if passed, will permit the legislature to fix the salaries of state officials as conditions may require, and do it without adopting various subterfuge methods.

Proposal No. 4. This amendment, if approved by the voters, authorizes the legislature to determine the compensation and expenses of the legislature. It is a companion measure to the one pertaining to salaries for state officials.

Proposal No. 5. Under the present constitutional requirement, it takes a two-thirds vote to increase the taxes assessed against real estate for a period not to exceed five years. The proposed change would reduce the two-thirds requirement of the voters to a majority vote, and extend the assessment period from five to 20 years. This proposal would enable school districts to erect badly needed new school buildings. Real estate groups are opposing it, contending that a simple majority vote would make it too easy for non-property owners to force higher taxes upon those who do own property. School officials point out that the limitations provided in the constitution as it now stands are so great that it is impossible to get funds to build additions on new school houses. This proposed act in no way changes the present requirements as to who can vote and it does not change the present ceiling assessment limitation of \$50 per thousand.

Proposal No. 6. This proposal is being submitted to the voters as the result of the circulation of petitions. The legislature at the last session passed what is known as the Calaban act, which requires "foreign agencies" (the Communist party) to register with the secretary of state. Certain left wing groups are highly opposed to this act, and are asking that the law requiring Communists to register in Michigan be repealed. A "Yes" vote, keeps the law in force. A "No" vote would be complying with the wishes of Communists and certain so-called liberals.

On another special ballot will be the question as to whether you think there should be a complete revision of the constitution of the state of Michigan. If you vote "Yes" on this proposal, a constitutional revision body will be set up to write a new constitution to be submitted for the approval of the voters at some future special election. There is considerable sentiment in favor of a general constitutional revision.

Polls Open at 7 o'clock in Morning—Each Voter Will be Given Five Ballots to Vote—City Expects Record Total

Tuesday, November 2, is an all-important day for Plymouth and the rest of the nation. It is the day when public officials will be elected to conduct the state's and the nation's business for the next two and four years.

Election officials in this city and nearby townships are expecting a record vote.

Polls will open promptly at 7 o'clock in the morning and remain open until 8 o'clock in the evening.

Because of the all-time high vote expected, officials are urging that electors go to the polls early in the morning to vote. In this way they will not be forced to wait in line so long as may be necessary in the late afternoon.

Take plenty of time to vote. There will be five separate ballots for Plymouth and all other voters in Michigan.

The presidential ballot is separate from all others. There are seven national tickets on the Michigan ballot.

While in some states the Wallace, or so-called Progressive party ticket, has been denied a place on the ballots, Michigan laws made it possible for the electors to vote the Wallace ticket in Michigan if they desire to do so.

The Republican ticket, because

How to Mark Your Ballot

When you vote Tuesday, be sure and mark your ballot in such a way that your vote will not be thrown out.

In every election held in Plymouth during recent years, there have been from a half dozen to 15 or 20 votes that have been discarded by the election boards because of improper marking.

The election boards of this city are highly efficient and make an effort to strictly observe the election laws to the letter. It is for that reason that in every election some ballots are thrown out.

THIS IS RIGHT.

When you mark your ballot be sure and put a cross like this in the square at the head of the ticket or in front of the name you desire to vote for. This is the right way to mark your ballot.

THIS IS WRONG

This kind of a mark is generally called a bookkeeper's check. Some dozen or more people in Plymouth generally mark their ballots by making a bookkeeper's check instead of using the cross, as provided in the election law. If you mark your ballot with this kind of a check, your ballot will not be counted and will be thrown out.

This election is such a highly important one that every one should be most careful in marking their ballots.

Go early to the polls, take your time in voting. If you make a mistake while in the election booth, do not be afraid to advise the board members and ask them for help in remedying the error. This is permissible under the law. If you have marked your ballot in a way that you did not intend to do so, you have a right to ask the election board for a new ballot. The other one will be destroyed.

Vote early Tuesday — and take your time.

Banks, State Agencies Close on Election Day

Anyone planning on doing their banking next Tuesday, had better call a change in plans. As in years past the banks will be closed on election day, November 2.

In addition to the bank, all state agencies will be closed for the day also.

School Will Hold Musical Classes In Methodist Gym

(Continued from page 1) stated this week that it is his hope classes can get underway there next Monday. It is expected to be used for five different sessions.

The school music department has been currently holding classes in the high school gymnasium, with the physical education classes holding theirs out of doors. Approaching cold weather, however, made it imperative that a class room be found as soon as possible.

Mrs. Overton expects them to finish their work by 3:30 p. m., at which time school is excused. Judging will be done between 5 and 7 p. m. Ray Williams, chairman, announced the judges as follows: Robert Wesley, Mrs. Gerald Hondorp, and Mrs. Earl Becker.

The Central and Starkweather PTA organizations will cooperate with the Chamber of Commerce in giving parties for grade school students. Both will hold parades this afternoon, with students from Starkweather parading through the business district in the north end of the city and those from Central school wending their costumed parade through the central business section of town. If weather permits, the Central delegation will hold a brief program at the corner of Main street and Penniman avenue.

A lunch will be served by the room mothers as soon as they return to the school.

Tomorrow evening Halloween will again predominate in the social activities of the community, when the city-wide parade will get underway at the high school athletic field at 7 p. m. Everyone in the city has been invited to take part in the parade, and all are asked to appear in costume. Prizes will be awarded to the ones attired in what the judges consider the best outfits.

Following their parade, the street dance will get underway on Penniman avenue, between Main street and Ann Arbor trail. There will be no admission charge for any phase of the Halloween plans. Mr. Williams emphasized, as he explained that the dance is for all in the city. Music for dancing will be furnished by Evelyn Woods' orchestra.

Refreshments to be served consist of apples, pop corn, cider and doughnuts.

No use to look for a Communist under the bed. The bureaus seem to be full. -Sullivan (Ind.) Union.

Memberships in Chorus Available

There are openings for new members in the Plymouth Civic chorus. Director Fred Nelson reported this week.

The group rehearses each Wednesday at 8 p. m. in the Plymouth High school, and Mr. Nelson states he will be glad to meet any person interested in joining.

The great oratorio, "The Messiah" is the work in rehearsal. "After an evening of working out the demanding phrases of 'For Unto Us A Child Is Born,' the singers go home with a feeling of satisfaction derived from having participated in the best in choral literature," Mr. Nelson said.

The performance will be given Sunday, December 12 at 4 p. m. in the high school auditorium. Included are four soloists, to be announced, chorus and orchestra.

More laughs are expected when impersonation of the Barn Dance program gets underway with Charles Messmore taking the part of Uncle Ezra. Ken Groth will have the part of Joe Kelly, general master of ceremonies, and Fred Jondreau is to impersonate the Duke of Paducah. Mrs. Lola Schultz will be the gal from Grinders Switch, Minnie Pearl.

Old time dancing, hillbilly and western music will come to the fore in this scene. The string band to furnish the music for the square dance will be the Texas Ramblers. There will be a square dance call and hay loft-hoppers.

Lee Coolman, as the singing commercial man, appears at various times throughout the show. O. M. Valliquette, as Dr. I. Q., will give silver dollars to members of the audience who correctly answer his questions, and candy bars to those who fail to have the right answer.

In the "Story Hour" scene, Norma Robinson will have a cast of 100 school children.

Specially costumed Plymouth school students will appear as the Roxy Rockets and the Earl Carroll girls. In one of the dancing scenes, James Bartlebaugh will sing "Beautiful Lady." Girls named to take part are: Betty Mino, Jean Gillies, Pat Green, Joan Dudley, Pat Dudley, Jackie Showers, Flora Fletcher, Shirley Hopkins, Joann Erb, Jean Daoust.

A local VFW official reports that advanced ticket sales indicate there will be a packed house at both performances. Advance tickets may be purchased from any member of the VFW or from Treadwell's Shoe Repair Service.

Committees from the VFW who are assisting with the show are headed by Donald Peck, Herbert Treadwell, Joe Merritt, James Bartlebaugh, William Norman, Dan Grubisch, Don Nickerson, Howard Anderson, Matthew McLellan, Patricia Zak and Tom Zak.

Close to 300 residents of this area turned out for the day's program at the field. Over 100 attended the breakfast served by the Lions club at the Veterans Community Center upon the arrival of all pilots and their guests.

The millionaire party was held at the Center, and the group returned to the airport at noon for gifts and the auction.

In the early part of the afternoon the Saddle Ridge club quadrille team presented a square dance on horse back, with 16 riders participating.

Following this there was a demonstration of gas-powered model planes which stunted and went through a series of acrobatics.

The Lions club members reported satisfaction with the outcome of the day's program and stated that they look forward to putting on a bigger and better Dawn Patrol next year.

The soloist for the first concert, Evelyn Woods, is by no means a stranger to the music-lovers of Plymouth and her rendition of the Emperor Piano Concerto by Beethoven will be one of the high points of the concert. Mr. Wagner continued. This concert is among the most popular and well-loved works for the pianoforte and the Plymouth orchestra and soloist will play it in its entirety.

Other works of interest on the first concert include the "Air" for string orchestra by Bach; the first movement of the Symphony No. 41, known as the "Jupiter" by Mozart; and the "Fledermaus" Overture by Strauss.

The concert will start promptly at 4 p. m. and since there are no reserved seats, the audience is encouraged to come early to obtain good seating. The concert is open to the general public free of charge, and is made possible by the gifts of the patrons and subscribing members of the Plymouth Symphony Orchestra society.

There will be a short business meeting in the theater, following the fashion show.

Tuesday's Election One of Most Important In State's History

(Continued from page 1) of the fact that Michigan went Republican in the last election, has first place on the ballot. The Democratic ticket is in second place followed by the Prohibition, Socialist-Labor Party of America, the Socialist Workers party, the Progressive party and the Socialist party.

But one mark on this ballot is permissible.

The official ballot for Wayne county contains the state, congressional, legislative and county tickets.

This is the largest ballot that the voters will be given. A voter can either vote a straight party ticket, or he can split this ballot if he desires.

One can vote for any Republican or Democrat candidate, but care should be taken in splitting a ticket so as not to make the ballot valueless.

Voters in this part of Wayne county, in past elections, have displayed great care in the marking of their ballots, and election officials expect a very small percentage of improperly marked ballots.

Another ballot will be the non-partisan, judicial ballot. One circuit court judge must be elected in Wayne county. There are also three probate judges to be elected and four circuit court commissioners.

These candidates are all on one ballot.

Another highly important ballot will be the official referendum ballot providing for six proposed changes in the state constitution. All voters should take great care in marking this ballot. Each question submitted is a highly important one and deserves the careful attention of every voter.

The small ballot you will be given is the one which will ask you to vote upon the question of whether a constitutional convention should be called for the re-writing of the entire state constitution.

It is evident from this information that Tuesday's election is going to be one of the most important held in this state in years. Go to the polls early and vote.

There is on display in one of the windows of The Plymouth Mail office, a group of five instruction ballots such as will be given you Tuesday. Look them over, if you desire, at any time.

(Continued from page 1) place in the high school auditorium.

The Plymouth High school band gave a brief concert preceding the meeting. Chairman Robert Simmons invited George Shafe of Redford, the 17th congressional chairman, to open the meeting. Col. Cass Hough was given the honor of introducing Governor Sigler.

Only Governor Sigler and Congressman Dondero made brief talks. The other candidates were allotted two or three minutes for brief introductions, all of them complying strictly with the requests of the chairman to be brief. Cider and doughnuts were served following the meeting.

William Bradford of Philadelphia was the first printer in the colonies outside of Boston.

### Sgt. Hetu's Body Returned Here

Services for the reburial of Sergeant Gordon E. Hetu will take place this morning, Friday, at Oakland Hills Memorial Gardens.

The late Sgt. Hetu, son of Mr. and Mrs. Raymond J. Hetu of St. Ignace, was shot down over Germany on September 28, 1944. He was a ball turret gunner on a B-17.

He attended Cass Technical High school, was a member of St. Cecilia Catholic church, and affiliated with the Michigan Skating association.

Military services will be held at the grave this morning at 8 a. m.

### Miscellaneous Shower Honors Betty Theuer

Mrs. George Gottschalk, Mrs. Robert Smith and Mrs. Mabel Evans were co-hostesses at a miscellaneous bridal shower on Wednesday evening, October 20. The guests of honor were Betty Theuer and her fiancé, Linwood Dethloff, who will be married on November 6.

Lighted tapers and white mums decorated the rooms at the home of Mrs. Gottschalk where the shower was given.

A luncheon was served to 40 guests from Dearborn, Wayne, Ypsilanti, Garden City and Plymouth.

If you know of a wedding, social item or other local news phone 1755.

### Clemens Returns From Germany

George R. Clemens of 10,000 Levan road, has been at home the past week visiting his family.

Mr. Clemens has been stationed in Frankfurt and Heidelberg, Germany for the past two and a half years with the chief engineer for the occupation forces. He was in charge of and chief consultant for the Construction division.

"Construction in the occupied zone under the United States forces has consisted largely of rehabilitation of housing for troops and families, and remodeling existing buildings for warehouses and other facilities to support the occupation," he states.

A considerable amount of work has been required in this demolished country, Mr. Clemens continues "but has been accomplished almost entirely with materials procured in Europe, using largely German or displaced labor paid for in German funds."

Mr. Clemens is returning to Europe this week to be stationed in Paris as waterways advisor to Averill Harriman, administrator for the European Recovery program.

### League Sponsors Child Lectures

A four lecture series on the "Normal Child," planned by the St. John's Episcopal league as a project for November, will be instituted Monday, November 8 at 8 p. m. when Dr. Harold Brisbois presents the doctor's view of this subject.

Following Dr. Brisbois' lecture, will be one by Dr. A. Van Ornum on November 15, who will discuss the subject from a dentist's standpoint. The following week Miss Adelia Beeuwkes, nutritionist from the University of Michigan will present a dietitian's opinion of the subject. The concluding lecture on November 29 will be handled by Mrs. Belle Farley Murray who will approach the topic from a psychologist's standpoint.

Mrs. Ralph J. Taylor, chairman of the lecture program, announces that tickets may be obtained from members of the league, from her, or at the door the evening of the lecture. She explained that tickets are available both for the series and for individual programs.

### Four Plymouth Students Attending Alma College

Students from Plymouth enrolled at Alma are listed by the school as follows:

Barbara Ward, daughter of Mr. and Mrs. Leslie Ward of 397 Arthur street; Calvin Hollowood, freshman, son of Mr. and Mrs. Calvin Hollowood of 31652 Five Mile road; Clarence Hoffman, sophomore, son of Mr. and Mrs. Clarence Hoffman of 11729 Merriman; and Hugh Harsha, sophomore, son of Mr. and Mrs. H. Paul Harsha of 11317 Alden.

### Rural Tele-news

**SPARE THAT TREE!**—Graduate foresters at Michigan Bell are in charge of trained crews that trim trees and control brush which might menace telephone lines. They work with utmost care to preserve the beauty of trees and landscape. Thus far this year, tree trimming and brush control have involved 450,000 man-hours.

**"BLIFFY SNIFFER"**—That's the nickname for a sort of "electrical bloodhound" used by telephone men. When work needs to be done on a certain pair of wires in a cable, an electric tone is placed on those wires at the central office. Out on the cable, the "Bliffy Sniffer," a pencil-like instrument, quickly picks out the wires by detecting the tone they carry.

**GOOD NEIGHBORS**—Everyone has good rural-line service when everyone helps make it so. This means spacing out calls, not interrupting when others are talking, giving up the line when a rural-line neighbor has an emergency call to make, and always making sure the receiver is in place when not being used.

**MICHIGAN BELL TELEPHONE COMPANY**  
Our \$13,500,000 postwar rural construction program means more and better rural telephone service.

### News In The World of Religion

By W. W. Reid

There recently died in Bowningpet, Mysore State, India, a physician who for almost four decades has served Asia with medicinal pills—the Rev. Hugh H. Linn, M. D.; founder of the All-India Missions Tablet Industry in Bowningpet. Dr. Linn, a native of Shelby, Iowa, went to India in 1909. Despairing of personally ministering to the millions who needed his skill, he conceived the idea of mailing compressed tablets to patients and to other missionaries who were outside the reach of medical care. Specializing in this field and in chemistry, he organized a tablet industry that before World War II was self-supporting and that shipped millions of tablets each year not only to Indian communities, but to Ceylon, Burma, China, Arabia, Iraq and Turkey. Almost all missionary hospitals and dispensaries of all denominations in India and Burma were supplied from his mission in Bowningpet. Recently the business was officially taken over by the Methodist Board of Missions. It is now in charge of Dr. Linn's son, Kenzie, a graduate pharmacist.

The Book of All Nations" is the theme of the annual Bible readings from Thanksgiving to Christmas suggested by the American Bible Society. The chapters all lend light and understanding to the theme, and the uniform readings by millions of people are sources of hope and help, says Secretary James V. Claypool. The suggested paragraphs for each day are: Nov. 25, Ps. 103; Nov. 26, Ps. 90; Nov. 27, Ps. 91; Nov. 28, Ps. 23; Nov. 29, Eph. 6; Nov. 30, Phil. 4; Dec. 1, John 17; Dec. 2, Rev. 21; Dec. 3, Ps. 121; Dec. 4, Ps. 27; Dec. 5, Acts 17; Dec. 6, John 15; Dec. 7, Hebrews 11; Dec. 8, Rom. 12; Dec. 9, John 3; Dec. 10, Rom. 8; Dec. 11, John 14; Dec. 12, Matt. 13; Dec. 13, Luke 14; Dec. 14, Luke 15; Dec. 15, Luke 16; Dec. 16, I Cor. 13; Dec. 17, Isaiah 55; Dec. 18, John 1; Dec. 19, Mark 4; Dec. 20, Matt. 5; Dec. 21, Matt. 6; Dec. 22, Matt. 7; Dec. 23, Isa. 2:1-5; 9:1-7; Dec. 24, Isa. 11:1-9; 40:1-11; Dec. 25, Matt. 2.

The casual observer, looking at China's many problems, can easily become discouraged. But the long-time observer takes courage as he views the progress made in the last half-century.

Such a view is taken by Frederick J. Tooker, of the Presbyterian Hunan Mission, who went to China in 1901. He says: "China in 1901 was subject state ruled by the Manchus; now it is an independent country with a native government and a constitution modeled largely on that of the United States. Then foot-binding was in vogue; now it is gone almost beyond memory. Then opium was openly smoked; now it is forbidden by law, and socially taboo. Then foreigners lived under treaties of extra-territoriality; now Chinese law is operative for everyone. Then China was ruled by an absolute and tyrannical Empress Dowager; now China has an en-lightened Christian leader. Then I knew what it was to be called 'Foreign Devil'; now more young men and women are clamoring to come to America for study of Western ways than can be granted visas. What has wrought this change? The power of God, primarily by the teaching of the Christian missionary. Then missionaries were tolerated; now invited by Government, welcomed by the people generally."

South Mountain, outside the City of Seoul, in Korea, is topped by the main Korean shrine of the Shinto (Japanese) faith. Hundreds of steps lead up and up to this shrine. "This was the scene of many forced pilgrimages made by people who were victims of Japan's compulsory state religion, but now is the scene of almost weekly demonstrations of various Korean political groups," says the Rev. James H. Moore, missionary in Seoul. "The gates significant to the shrine are now mere rubble—smashed by the Koreans themselves. This religion is entirely overthrown. Confucianism and Buddhism are lifeless here. Christianity, although small in numbers and suffering somewhat from the confusion which follows war, is still potent. Upon this mountain today is a Christian museum with objects significant to the growth of Christianity in Korea on display."

When Bishop Eleazar Guerra, head of the Methodist church in Mexico, counted up the church membership on the occasion of the 75th anniversary of the organization of the church in 1873, he found 27,000 members and a constituency twice that number. Now he is going on with an "advance plan" which calls for 127 additional U. S. missionaries; ten new chapels in the suburbs of Mexico; 12 new churches in other cities; training of more Mexican evangelists for the ministry; a theological seminary; and the beginning of a new ministry to win the 8,000,000 neglected Indians in the country's mountain areas.

### Dr. Barrett is PTA Speaker

"Health in the school program, not a health program in the school," was the advice Dr. C. D. Barrett gave teachers and educators during the Starkweather PTA program last Thursday, October 21.

In addition to Dr. Barrett, Paul Johnson, elementary coordinator, was introduced as one of the program speakers, and he explained Proposals 2 and 5 to the attending members.

A further feature of the day was a movie, "A Child Grows Up." It dealt with the varied activities most beneficial for the pre-school child, and the importance of proper medical and dental care.

The title of Dr. Barrett's address was "The Teachers Part in the Health Program."

He opened his discussion with a definition of health as "that state of physical and emotional well being which enables a person to live up to his capacities."

In a summary of nuisance diseases, Dr. Barrett stated "Too much emphasis is placed on nuisance ailments respond to overnight treatment, others may take longer, but treatments are simple and generally inexpensive. Don't worry about where it came from or from whom. Just get rid of it and then forget about it."

Following the general discussion, refreshments were served by Mrs. Popp and her committee. A Halloween motif was followed for decorations.

The only two foreign-language daily newspapers in the United States in 1820 were French.

### Surprise Party Held in Honor of Birthday

The event of Mrs. Arthur Hanchett's 75th birthday was celebrated with a surprise party in her honor, given by her daughter and son-in-law, Mr. and Mrs. Dorcie Cockrum, at their home at Cady Corners on Saturday evening, October 16.

Among those present were her sons and families, and friends, including, Mr. and Mrs. Clarence Hix, Mr. and Mrs. Gerald Hix of Plymouth, Mr. and Mrs. Arnold Hix, Gary, Patsy and Chuck of Northville, Mr. and Mrs. George Hix of Wayne, Mr. and Mrs. Donald Schiffr, Mr. and Mrs. William Clark and children of Plymouth, Mr. and Mrs. Charles Fleischman of Northville, and Mr. and Mrs. Arthur Raymond of Detroit.

Following dinner, games were played throughout the evening.

**HANDLING A COUPLE OF LITTLE BOYS**  
 HERE'S a neat little story that should appeal to all parents who read this newspaper, to all teachers, to all who have children for neighbors.

A. F. Lord, of Stoughton, Mass., was left with the double task of being both father and mother to his two little sons. He says his boys were the usual run of the mill boys, pretty good as boys go. He had a house-keeper to look after them during the day, but after dinner in the evening, he took over.

D. Carnegie

Leaving the boys in the evenings was his problem, for he knew what to expect upon his return: at first glance he would see that what had taken place was close kin to a football scrimmage. The rug would be kicked back into the corner of the room, books would be here and there on the floor, with maybe some backs broken, one or more pieces of furniture would be over-turned with, perhaps, some piece damaged. So he didn't go out very often.

One evening it was absolutely necessary for him to leave the boys until nearly midnight. Thinking it over as he dressed, he was somewhat despairing. Finally, he decided to talk to those boys as if they were men with man-size sense of responsibility.

He interrupted their homework to explain that it was necessary for him to leave the house occasionally in the evening, and that he left it to them to see that everything was taken care of while he was away. Adroitly he brought in remarks about how he would have to dig down into his pocket pretty deep to pay for any damage that might be done, and added that when he had to pay the housekeeper for unnecessary work, it meant paying her double.

Then he told them that he was sure they could look after the place as well as he could and that they could get ready for bed with the same thoroughness as if he were there. After all, it wouldn't be very long before they would be men with a man's good judgment. That last remark seemed to make a hit.

What did he find when he got back? An orderly house, and two boys asleep plus the display of two good washing-up jobs, even to necks and ears. He was so proud of those boys that he went to his room with moist eyes. The next night those boys were treated to the ice show.

**Saxton Tells of Bell Bond Issue**

Michigan Bell must pay 3.05 per cent interest on \$75,000,000, forty-year debentures for which a bid of \$101,789 was accepted from a banking syndicate, reports J. R. Saxton, Plymouth manager.

Proceeds from this issue will be used for repayment of construction advances to Michigan Bell by the American Telephone and Telegraph company. Michigan Bell is now just past the half-way point of its 5-year, \$220,000,000 postwar improvement and expansion program.

The issue, second of the debt type by the company in its history, raised Michigan Bell's capital to \$250,000,000, the balance being in common stock. A \$10,000,000 first-mortgage bond issue by the company was retired in 1924.

In colonial days newspaper publication would be suspended if ships from England with European news failed to arrive on time.

The News-Letter was the only newspaper published in Boston during the Revolutionary War while the British were in possession of the city.

In 1850 the first newspaper in the United States printed in Italian was started.

**LEGAL**  
 TO THE HIGHWAY COMMISSIONER OF THE TOWNSHIP OF PLYMOUTH, WAYNE COUNTY, MICHIGAN.

Your are hereby notified that the Board of County Road Commissioners of the County of Wayne, Michigan, did, at a meeting of said Board held on Thursday, October 14, 1948, decide and determine that the certain street described in the minutes of said Board, heretofore taken over as a County road, should be absolutely abandoned and discontinued as a public highway.

The portion of the minutes of said meeting fully describing said street are attached hereto and made a part of the notice, which is given under and by virtue of Act 22 of the Public Acts of 1939 as amended.

In testimony whereof we have hereunto set our hand at Detroit, Michigan, this 18th day of October, A. D. 1948.

**BOARD OF COUNTY ROAD COMMISSIONERS OF THE COUNTY OF WAYNE, MICHIGAN**  
 Charles L. Wilson, Chairman  
 Michael G. O'Brien, Vice-Chairman  
 Prescott G. Brown, Commissioner  
 Edgar M. Branigan, Clerk  
 By Carl W. Buschhoff, Deputy Clerk

**ROAD JURISDICTION DETERMINATION**  
 Commissioner O'Brien moved the adoption of the following resolution:  
 WHEREAS, this Board has received a petition from eleven freeholders of the Township of Plymouth for the abandonment and discontinuance of that part of Micol Drive lying west of the westerly line of General Drive produced southerly to cross Micol Drive as dedicated for public use in Eastlawn Subdivision of part of W. 1/2 of E. 1/2 of Sections 26 and 35, T. 1 S., R. 8 E., Plymouth Township, Wayne County, Michigan, as recorded in Liber 52 of Plats, on Page 17, Wayne County Records, being in all 0.029 mile of subdivision street, be and the same is hereby absolutely abandoned and discontinued as a public highway;  
 WHEREAS, pursuant to said petition and in accordance with the provisions of Section 12 of Chapter 4 of Act No. 17, Wayne County Records, said Micol Drive being a county road under the jurisdiction of this Board; and  
 WHEREAS, pursuant to said petition and in accordance with the provisions of Section 12 of Chapter 4 of Act No. 17, Wayne County Records, said Micol Drive being a county road under the jurisdiction of this Board; and  
 WHEREAS, pursuant to the above mentioned statute, this Board has served a notice of said hearing upon all of the owners and occupants of lands intersected by or adjoining said road, and published a copy of said notice in the Legal Courier, a newspaper published within the County of Wayne, on July 16, 1948; and  
 WHEREAS, the said hearing was held at the time and place appointed by said resolution and this Board did then proceed to view the premises in accordance with the statute; and  
 WHEREAS, it appearing from said hearing and view of the premises that the public will have no further use for the road in said subdivision so petitioned to be abandoned and discontinued;  
 NOW, THEREFORE, BE IT RESOLVED:

ED, that all that part of Micol Drive 50 feet wide, adjacent to Lots 8 and 9, as dedicated for public use in "EASTLAWN SUBDIVISION" of part of W. 1/2 of E. 1/2 of Secs. 26 and 35, T. 1 S., R. 8 E., Plymouth Township, Wayne County, Michigan, as recorded in Liber 52 of Plats, on Page 17, Wayne County Records, being in all 0.029 mile of subdivision street, be and the same is hereby absolutely abandoned and discontinued as a public highway.

BE IT FURTHER RESOLVED, that this Board believes it to be to the best interests of the public that said road so abandoned and discontinued should be absolutely abandoned and discontinued as a public highway.

The motion was supported by Commissioner Brown, and carried by the following vote:  
 Ayes, Commissioners Wilson, O'Brien and Brown;  
 Nays, None.

|--|---|---|--|

There's a very good reason why people agree that Chevrolet gives a much smoother, sturdier, safer ride than other cars in its field. That reason is that Chevrolet alone has the original Unitized Knee-Action Ride, backed by more than 14 years' experience in building Knee-Action units. This feature is found elsewhere only in higher-priced cars.

You will enjoy much finer performance with economy in Chevrolet. Its world's champion Valve-in-Head Thrift-Master engine holds all records for miles served, owners satisfied, and years tested and proved. And Valve-in-Head engine-design, like so many other Big-Car quality features, is an advantage that is found only in Chevrolet and higher-priced cars.

You and your family will ride in safety, thanks to extra-strong Fisher Unisteel Body-Construction—safety plate glass in windshield and windows—the unmatched road-steadiness of the Unitized Knee-Action Ride—and the greater stopping-power of Positive-Action Hydraulic Brakes—fourfold safety-protection exclusive to Chevrolet and more expensive cars!

You know—and your friends know—that the emblem, *Body by Fisher*, is the hallmark of bodies that are better by far. Chevrolet's Bodies by Fisher reveal this finer quality inside and out—in every detail—including the hardware, the upholstery and all appointments. Naturally, these finer bodies are exclusive to Chevrolet and higher-priced cars.

Delivery of planting stock for the fall phase of the conservation department's cooperative farm game habitat restoration program is now being made, the game division has announced. A total of 59,000 shrubs, 47,000 of which are multiflora rose, and 42,210 pine seedlings have been ordered for planting on farms in the southern third of the state.

Forty-eight plans have already been made with farmers this fall to improve conditions for game on their land and more are in the formative stage. Last spring, as part of this continuing program, 218 farm plans were completed with schools and sportsmen also cooperating. The vocational agriculture departments in Breckenridge, Coldwater and Midland schools helped nearby farmers with the planting as a practical project in conjunction with their studies.

The soil conservation service is also cooperating by recommending farmers who are interested in the program and whose land needs attention.

Interest is being shown in the 1949 spring season with 32 plans already made. The game division cooperates by giving technical advice when the plan is made and in furnishing planting stock to the farmers.

A male black duck raised at the Mason state game farm made a near record by reaching the age of 10 years, a ripe old age for ducks. The bird was raised at the game farm in 1936, released at Munuscong in the upper peninsula in 1937, and brought down by a hunter's gun in the fall of 1946 at East Quogue, New York.

Discovery of the near record was made by conservation department game experts in checking U. S. Fish and Wildlife Service reports and recent returns made by duck hunters.

Another record brought to light at the same time was that of a young bird wild-trapped and banded in Jackson county in October 1933 which was reported found dead, in Owensboro, Kentucky, in February 1948.

Ducks ordinarily do not live more than six or seven years, game men declare.

Purchase of 20,000 feet of frontage of the Little Manistee river by the conservation department will give the public access to some of the best trout water in western Michigan.

Five parcels of frontage lying on both sides of the stream below Nine-Mile bridge are included in the largest public fishing site purchase of 1948. Some of the frontage land is ideally suited for camping sites.

Wisconsin annually plants 15,000,000 young trees in its reforestation effort but deer destroy or seriously damage 40 times that much young forest growth. Ernest Swift, Wisconsin's conservation director, declared recently in a talk at a meeting of the International Association of Game, Fish and Conservation Commissioners at Atlantic City.

Swift explained that during the past two springs a Wisconsin crew of 20 foresters, biologists and game managers, including U. S. Forest Service personnel, walked over 3,000 miles on previously plotted lines through forest areas in the state investigating over 11,000 sample plots and painstakingly inspecting almost 160,000 specimens of young trees to get a close estimation of the extent of state deer damage.

"Excellent forest protection last year kept damage from forest fires in Wisconsin to only one out of every 500 acres," Swift said, "while if all the young tree reproduction damaged by deer and snow shoe hares were concentrated, one out of every five acres would be heavily damaged. This survey indicates that under present conditions the annual damage to commercially important forest trees in Wisconsin approximates 650,000,000 seedlings."

Tree reproduction suffers but slightly on Wisconsin Indian reservations where Indians are permitted to hunt the year-around, Swift declared. He explained that a study shows that white cedar is reproducing 55 percent better on the Indian reservations than in other areas, hemlock and maple, 45 percent better, while white pine and birch is 30 percent better.

"No more conclusive evidence could be found," Swift said, "than to wade hip-deep in young hemlock trees on an Indian reservation and then move to similar adjacent country to find more than half or all of the young trees severely damaged."

He added that white pine, the tree that made Wisconsin a famous lumbering state, is now suffering severe damage, to over half of its natural reproduction throughout the state's forest areas with the exception of Indian reservations. The commercially important paper pulp species, jack pine, shows a loss of over 40 percent of its natural reproduction. In central Wisconsin Norway pine suffered serious damage to one of every four trees.

"Game managers and foresters have no desire to eliminate the deer or snowshoe hare from the forests," Swift said, "but they believe that these animals, and especially the deer, must be kept in balance with their available food supply for the good of the animals themselves as well as to prevent excessive damage to basically important forests and agricultural crops."

"The general answer by the public to these reports is that the deer should be fed, and Wisconsin, through legislative mandate, probably has spent more money for this than any other state in recent years. Last year almost 1,000 tons of alfalfa hay and concentrated deer food were distributed in the state's deer yards to feed an estimated number of nearly 23,000 deer. The cost of this operation, \$72,000, along with the required payment of deer damage claims amounting to over \$55,000 last year, cannot be condoned in the light of these recent findings of deer damage to forest reproduction. It is generally conceded by game biologists that deer feeding is a waste of effort and money."

Ask the woman

By tradition, she's entitled  
to the last word. So Packard  
has built it for her!

She might not care whether what's  
under the bonnet is a "free-breathing"  
straight eight, or a turbo jet.

But when she praises delightful  
responsiveness, and the soothing  
smoothness of Packard power . . . we  
like it! (What man ever put so dainty  
a shoe against an accelerator pedal  
and got such results?)

She might not care whether Packard's  
superior roadability and handling  
ease are achieved by advanced engineering,  
or by happy little gremlins.

But when she tells us that her  
Packard has the restful riding ease of a

limousine, and the finger-tip handling  
of a tiny tor's stroller . . . we beam!

And when it comes to styling, and  
tailoring, and convenience features,  
she's always been the No. 1 authority  
—and New York's Fashion Academy  
confirms her good judgment in preferring  
Packard.

It was moved by Commissioner Goddard and supported by Commissioner Whipple that the Community Fund be granted permission to conduct the annual Plymouth Community Fund Drive from the 26th of October, 1948, for approximately three weeks as requested in their letter.

Carried. A letter from the Liquor Control Commission was presented to the City Commission concerning the request of a SDM license for the Ford Grocery at 843 Penniman.

It was moved by Commissioner Whipple and supported by Commissioner Hartmann that the request of a SDM license to the Ford Grocery be denied. Carried.

It was moved by Commissioner Goddard and supported by Commissioner Latture that, in view of previous Commissions' policy,

permission be granted the Buick Motor Sales to erect a sign on their building, provided it does not extend more than eighteen inches beyond the property line. Carried.

The following resolution was offered by Commissioner Latture and supported by Commissioner Hartmann:

WHEREAS, Local units of government throughout the State of Michigan, including school districts, have been for many years in serious need of additional funds to carry on necessary services; and

WHEREAS, Despite the fact that the State of Michigan was in possession of an ever increasing surplus of revenue, repeated appeals to the Legislature for an equitable distribution of funds to local government were summarily denied; and

WHEREAS, In desperation, the people of the State exercised that important prerogative reserved to them and undertook the prodigious task of circulating and obtaining the necessary signatures to initiate a constitutional amendment to compel a distribution to local government of a portion of the State's surplus; and

WHEREAS, On November 5, 1946, the people of the State vehemently and by an overwhelming majority of nearly 300,000 votes, added a new section to the State Constitution, known as Section 23 of Article X, and

WHEREAS, This new section commonly described as the Sales Tax Amendment, provided a mandate for the return of one (1) cent of a State sales tax levy to be divided among the school districts, cities, townships, and villages, and for the mandatory making of annual grants to school districts out of general funds; and

WHEREAS, This much needed financial assistance to local units of government is vital to the continued existence of most of such units if they are to provide essential services; and

WHEREAS, The Legislature has submitted to a vote of the people this fall the question of repealing this section of the Constitution; and

WHEREAS, The repeal of this Sales Tax Amendment would inevitably result in financial chaos in many local units of government and school districts through-

out the State of Michigan. NOW THEREFORE BE IT RESOLVED, That the people of the City of Plymouth be, and they hereby are, vigorously urged to vote to resist this effort to deprive school districts and local government of this sorely needed financial assistance to which they are so equitably entitled, and, therefore, VOTE NO UPON THE REPEAL OF SECTION 23 OF ARTICLE X OF THE CONSTITUTION.

Carried. It was moved by Commissioner Latture and supported by Commissioners Hartmann that the meeting be adjourned. Time of adjournment was 9:25 p. m.

Carried. Frank Henderson, Mayor Harold Cheek, Clerk

**Band to Present Program at Half**

by Bonnie Wickens

At the game between Lowrey and Plymouth on the Plymouth field Friday night at 8 p. m., the Plymouth High band will again present the fans with an interesting half time show.

The band will make a large L for Lowrey and the traditional P for Plymouth, while playing the school's Alma Mater. Then the band will form a large bicycle while playing "A Bicycle Built For Two," and half moon playing "Shine on Harvest Moon" in keeping with the season.

It hasn't been decided whether or not Lowrey will bring its band. If they do, it will also perform; if not Plymouth's band will play a longer program.

Mother bats carry their newborn with them during the first days of life. The young bat clings to his mother's fur with claw and teeth as she flies about in search of food.

**Band to Perform at Toledo U. Game**

The Plymouth High school band will journey to Toledo tomorrow to play at Glass stadium for the Toledo university-Baldwin Wallace college football game.

The latter college is Band Leader Paul Wagner's Alma Mater.

School buses, leaving at 4 a. m. Saturday, will carry the band members to the Ohio City and the Kasco feed store truck will be used to carry the instruments. Upon arriving in Toledo, dinner will be served to the group.

During the half-time the band will form a crescent and play "Shine On Harvest Moon" in true Halloween spirit. A bicycle with "Bicycle Built For Two," an automobile representing "My Merry Oldsmobile" and finally a heart with Verna Rice and Jack Shields walking to "Let Me Call You Sweetheart" will complete the program.

The buses are expected to return around 12 midnight.

**"Snappers" Fall Pictures Judged**

by Mary Ann Witwer

The Photography club held its meeting, October 25, in the science room, where each member brought fall pictures he had taken during the past month for judging.

Jack Gage won first prize, Jim Butt won second, and Jack Gage, third. Members are to take pictures of architecture for next month and bring them to the November 29 meeting.

Rules for using the dark room were read and discussed. They are:

1. No one, who is not a member of the Photography club, can use the dark room, except by special permission from Mr. Smith.
2. Students using the dark room must sign in and out.
3. The dark room can be used between 8 a. m. and 5 p. m.

**General ELECTION**

To the Qualified Electors of the Township of Salem

Notice is hereby given that an election will be held in the Township of Salem, Michigan, on Tuesday, November 2, 1948, from 7:00 o'clock in the forenoon until 8:00 o'clock in the afternoon, Eastern Standard Time, for the purpose of electing the following officers:

**President, Vice-President, Governor, Lieutenant Governor, Secretary of State, Attorney General, State Treasurer, Auditor General, United States Senator, Representative in Congress, Senator and Representative in the State Legislature, Circuit Judge, (to fill vacancy) for the Third Judicial Circuit for the term ending December 31, 1953, three Judges of Probate (full term), four Circuit Court Commissioners (full term), Prosecuting Attorney, Sheriff, County Clerk, County Treasurer, Register of Deeds, County Auditor, Drain Commissioner and two Coroners, as provided for by Act 351, P. A. 1925, as amended.**

You are hereby notified that the following Constitutional Amendments will be submitted to the voters of this County:

- (Proposal No. 1)**  
Proposed Amendment to the Constitution relative to the order of succession in the performance and duties of the Governor.
- (Proposal No. 2)**  
Proposed Amendment to the Constitution providing for the repeal of Section 23, Article 10, relative to the return of one cent of a state sales tax levy to be divided among school districts, cities, townships and villages and providing for the making of annual grants to school districts out of general funds.
- (Proposal No. 3)**  
Proposed Amendment to the Constitution relative to compensation of certain state officers.
- (Proposal No. 4)**  
Proposed Amendment to the Constitution relative to compensation and expenses of members of the Legislature.
- (Proposal No. 5)**  
Proposed Amendment to Section 21 of Article X of the Constitution of the State of Michigan so as to modify the Fifteen-Mill Limitation.
- (Proposal No. 6)**  
Referendum of Act No. 270 of the Public Acts of 1947, entitled "An act to regulate and control the operation of Foreign Agencies acting within the State of Michigan; and to prescribe penalties for violations of the provisions of this act."

**(No. 7)**  
There will also be the following Official Referendum Ballot submitted to the voters of this County:

Shall a convention for the purpose of a general revision of the constitution be held?

The election will be held in the Town Hall, in the Village of Salem.

Township Clerk

**English Classes Study Parliamentary Procedure**

English V classes meeting first, fourth and sixth hours under the supervision of Irene Waldorf, are practicing parliamentary procedure to learn what to do in class and club meetings, and in other organizations in future years.

The class posing as a student government body is making suggestions concerning how the members can better the school and grounds.

The students also are having round table discussions which enable a student to express his own feelings on debatable issues.

**Students to Elect Favorites Today**

by Melvin Schultz

Plymouth High students are voting for their presidential favorites today in a mock election held by the government classes.

The faculty members compose one state and the students have been divided up to form the other states.

The purpose of this election is to compare the opinion of Plymouth students with that of the state and nation.

The students registered to vote Wednesday and Thursday if they had not already done so for the school elections. James Latture and Miss Gertrude Fiegel will supervise the election which will be handled the same as any school election.

**Students Decorate Store Windows**

by Janet Sexton

Students from Mrs. Overton's art classes are painting the windows of the downtown stores today with Halloween decorations.

The students have been divided with a chairman for each group. The chairmen are: first hour-Betty Mino, Lois Osgood, Wanda Nielson, and Roy Bowen; second hour-Joy Evanoft; fourth hour-Barb Finnegan, Dave Reitzel, Ross Markely, and Jean Gilles; fifth hour-Larry Bentley, Wanda Branthoover, and Bruno DeBenedict; and sixth hour-Joan Dudley.

The students have designed the decoration of orange and black on white, and have been excused from their classes to work all day on the project.

**"Hard Times" is Dance Theme**

by Dorothy Curtis

A "hard-time" theme has been planned by the Leaders' club for the Sadie Hawkins dance.

Before entering the dance each person must remove his shoes.

Jane Pierce volunteered to be general chairman. The following committees and chairmen were chosen: publicity, Mary Vincent; entertainment, Pat Zink; decorations, Lois Osgood; refreshments, Katie Trucks; clean-up, Wilma Latture; tickets, Sally Holcomb; chaperones, Roberta Merritt; check room, Kay Dobbs.

**Costumes, Skits Highlight Party**

by Nancy Stevens

The high school gym was the background of many colorful costumes and skits Tuesday, October 26, at 7:30 p. m., when the All Girl party, given by the Y-Teens took place.

Any girl, grades nine through twelve, was welcomed and admission was free.

Committee chairmen in charge of the party were: publicity, Barbara Goodbold; refreshments, Sally Zink and Beverly Hokenson; entertainment, Shirlee Hopkins; skits, Rita Datcher; grand march, Nancy Stevens; decorations, Pat Pine.

**PTA Through US Invites Members**  
Membership invitations are being issued this month by the local PTA units to parents and teachers throughout the country, said Mrs. L. W. Hughes of Arlington, Tennessee, president of the National Congress, and "with the objective of bringing the number enrolled to six million as compared with 5,127,896 last year and with 2,222,219 ten years ago the membership is expected to nearly triple that of a decade ago."  
Mrs. Elmer Church of Kalamazoo, president of Michigan Congress of Parents and Teachers, said, "All adult citizens of Michigan... fathers, mothers, teachers, and just persons interested in children, are invited to enroll and participate actively in our PTA program of service."  
In a recent publication of the National Congress of Parents and Teachers, the objectives of the PTA were listed as follows: To promote the welfare of children in home, school, church and community.  
To raise the standards of home life.  
To secure adequate laws for the care and protection of the youth of the nation.  
To encourage closer co-operation between parents and teachers in training children.  
To develop between educators and the public such united efforts as will secure for every child the highest standards in physical, mental, social and spiritual education.  
The membership enrollment will be conducted by individual school PTA units under the direction of their respective membership chairmen here.

**Is It Costing You Money to Save Money on Egg Mash?**  
These Figures May Surprise You!

A Leghorn hen eats about 40 lbs. of Larro Egg Mash a year. Therefore, 1 ton of Egg Mash will normally feed 50 laying hens for 1 year. 50 hens x 1 more egg per month = 50 extra eggs per month. 50 extra eggs per month x 12 months = 600 extra eggs per year from 1 ton of mash. 600 eggs = 50 dozen x 45¢ per dozen = \$22.50 more income per ton of mash.  
—actually \$1.12 per bag.

See how just one extra egg per hen per month wipes out a price difference of \$1.12 per bag of feed? See how much profit you can lose by being penny wise and pound foolish in buying egg mash? Get Larro Egg Mash—watch results.

**THIS WEEK IN Washington**

**WHILE** the much-heralded controversy between Oscar W. Ewing, federal security administrator, and John W. Studebaker, resigned commissioner of education, before the senate investigating committee, came to naught, agitation was again started in behalf of the plan to make the department of education a separate and independent agency.  
Studebaker practically apologized for his remarks charging that Ewing hampered his efforts to teach school children about the evils of communism.  
"It was not my purpose to cast any doubt upon the loyalty of Administrators Ewing or any of his associates," Studebaker said. And Ewing said his objection was based upon his opinion that exposing of communism should be left to the state department and the FBI and was not within the province of the department of education.  
Dr. Studebaker, however, raised again the question of taking his department out of the federal security administration and making of it an independent governmental agency operated by a board.  
"I'd like to see the authority in the office of education stem not from any one in partisan politics, but from a board" ... Immediately the national education association issued a long statement by its executive secretary urging such action and the appointment of a professionally qualified commissioner of education, responsible to the board for the conduct of his office.  
NEA pointed out that it was the national mouthpiece for 53 states and territorial teachers associations and 2,400 local teachers' organizations with 450,000 direct voluntary members, and enrolls a total of more than 850,000 teachers in all classes of affiliated membership representing every community in the United States.  
For the past two years at its annual meeting NEA has adopted such a resolution calling for an independent educational agency. Said the NEA—  
"No agency exists at the federal level whose primary function is to take discriminating account of powerful social demands for national action in education, and of the need for positive but properly limited and coordinated federal participation in education."

**NEA suggests** that the board consist of lay members, and this fact, namely "that the board would be composed mainly of laymen of broad vision and public spirit rather than paid federal officials, would be a guard against" administrative control of the schools in the various states.  
Also urging federal aid for the state schools, the NEA pointed out that many billions of dollars have been voted on a piecemeal basis to the nation's schools from time to time.  
"The mistake is sometimes made of assuming that financial aid is synonymous with control of program and administration. This is not the case. The presence or absence of control as a by-product of financing depends upon the terms of the legislation. Control may be written into a federal aid bill or it may be excluded. This depends upon the desires of the members of congress."

**THE STATES HAVE BEEN NOTIFIED** of their share of the 450 million dollars authorized by the federal-aid highway act of 1948 for fiscal 1950. The act authorized distribution of that amount both in 1950 and in 1951. So of the 900 million dollars to be distributed, allocations start with \$30,085,757 for 1950 in New York and range down to \$1,805,516 in Delaware.

**ALTHOUGH THE 80TH CONGRESS** by-passed a national health law it did pass four laws pertaining to health... the world health organization, providing for membership and participation by the United States in the world health organization and authorizing an annual appropriation of \$1,900,000 for the U. S. share of the expense: the national heart act providing for a program of research and training relating to cardio-vascular diseases, establishing the National Heart Institute and authorizing grants-in-aid to states for community heart disease control programs and appropriating \$500,000; the dental research act establishing a National Institute of Dental Research within the public health service and authorizing PHS to conduct dental research and make grants-in-aid for such research; the water pollution control act which calls for foundation of a nationwide program for promotion and control of pollution in interstate waters.

**Agent Advises on DDT Spray Use**

Applications of DDT can be a very effective answer to your moth control problem if you use it correctly, Emma DuBord, home demonstration agent, tells Plymouth housewives.  
Use a 5 per cent solution of DDT for spraying on closet surfaces, floors, carpeting, around baseboards, or on other surfaces where the insects are breeding or where they may come in contact with the DDT residue. Remember that DDT differs from moth flakes or crystals in not giving off a gas or odor, she reminds.  
DDT also protects clothes against moths. DDT solution can be sprayed on clothes without injuring any fabric that can be dry-cleaned. Too much of the DDT solution may leave a white deposit on dark fabrics, but it can be removed by brushing or dry cleaning.  
These residual sprays leave a number of poisonous crystals which will kill insects for weeks after the spray dries. These residues will kill insects as they emerge from hiding places and crawl around. Solutions of DDT in refined kerosene are satisfactory for use in households.  
Do not spray oil solutions near open fires, because the oil may catch on fire. Remove from the room or cover house plants, fish and pets when applying DDT. Wash your hands when you have finished applying DDT. Do not allow any spray to touch eating utensils or food and keep it out of the reach of children.

Women who've never driven before find that Dynaflo makes the handling of a car simpler than riding a bicycle.  
Old-timers—who've always boasted that they can get a lot more out of gear—and clutch driving than anyone can get with a new-fangled gadget—

come back from a sampling of this drive and say, "Where has this been all my life?"  
Even folks who sit in back seats, while someone else handles the wheel, find that the whole ride has a matchless smoothness, thanks to Dynaflo Drive.  
What Buick engineers have done is step out and away—far ahead of their brothers in the industry.  
They've made oil do everything that shifting gears used to do—and do it better.

Oil replaces the friction clutch. Oil eliminates the usual forward gears. Oil transmits power from your engine to the rear wheels by a whole new set of principles that give you a thrilling sense of command

**LIGHT VOTE EXPECTED**

ALL signs seem to indicate that the turnout at the polls on November 2 will be the smallest in any presidential election of the past 100 years.

New York is one of the few cities in the nation where a new registration of voters is required every year. It invariably has provided an almost exact tip-off as to how heavy the national vote is going to be. This year the New York registration is extremely low.

Translated into national terms, the New York figures indicate that only 45 or 46 million Americans, about half of the 94 million who are entitled to vote, will go to the polls. Experts say that considering the large population increase, 58 or 60 million persons should be voting this year. In 1940, when Roosevelt won his third term, the vote was just short of 50 million.

**Negligent Voters**

It is evident that the American citizen is growing careless of his voting rights and responsibilities. A smaller percentage of the eligible voters cast their ballots now than

did-back in the Roosevelt-Taft election 36 years ago. When McKinley defeated Bryan, 75 per cent of the voters turned out compared with 55 per cent in 1944.

The Middle-West has the best voting record. Illinois led the nation when 75 per cent of the eligible voters went to the polls in that state in the past presidential election. Indiana's standing was 70 per cent; Wisconsin, 66 per cent; Michigan, 59 per cent; Nebraska, 70 per cent; and Iowa, 67 per cent.

In several states only 10 or 15 per cent of the eligible voters cast their ballots in the 1944 election.

**Foreign Record**

The voting record of almost every nation where the people still have the free democratic vote is better than that of the United States.

In the recent national elections in Sweden, 82 per cent of the eligible voters turned out. In the last national election in England the vote was 76 per cent and in Canada it was 74 per cent. In the French and Italian elections more than 80 per cent of the eligible voters cast their ballots for democratic victories.

Your Weekly Guide  
 by G. Cardinal LeGros

It is only natural that when election time rolls around many people are curious to know if astrology can predict the outcome. Who will win — Truman or Dewey?

In the first place, astrology is one of the occult sciences—one of the ancient keys to wisdom. And occult science explains that such a big thing as a national Presidential election is not a simple matter concerning only two or three men, but a vast, complex affair involving the thoughts and lives of millions of us. Just as the outer life of you and me is the expression of what we are inside: our thoughts, emotions and aspirations, so is the outer life of our nation the exact expression of the aggregate thoughts and feelings of all the people who make up the nation.

Therefore, Dewey will win if he best expresses the consciousness of us all; Truman will be president again if our consciousness has remained unchanged. It looks very much like most of America has developed a "Dewey consciousness" and discarded the "Truman mood". Even clever people like Walter Winchell (who seldom favors a losing cause) is favoring Dewey. Astrologically speaking, Dewey should win because he has a much better, sounder horoscope than Truman. In fact, Truman's chart does not indicate any exceptional ability in any direction. It is a horoscope of pure luck, and little more. The study of his life proves that.

Dewey's chart indicates a powerful, efficient, clear-headed executive who knows how to get things done, and how to make his energies count for the most. He would make an ideal President. The only trouble, political speaking, is that he is not "one of the boys", does not possess what is known as the "common touch", but remains aloof from cheap appeals to the people. He is a man of destiny and he respects the position that he is sure will be his.

Truman on the other hand, was trained in the lowest world of power politics, and employs every trick of the trade. He is not well-integrated, nor is he a clear-headed thinker. But he knows the rough-and-tumble of political battle better than Dewey does. And herein lies the danger. A serious war-scare may sweep the nation just at election time, or shortly before, and keep him in. If the people refuse to be frightened by this scare, he will lose and a new president, eminently more qualified, will be elected.

The horoscope of the United States shows clearly the danger of this "war scare"—or some unexpected and disturbing news within the coming week. And, as we said in the beginning of this column, the consciousness of the people in America will dictate who the next president will be. If our consciousness is that of fear, then Truman will be back in; if we refuse to get the war-jitters, then Dewey will be elected. It is almost a toss-up in view of the unusual state of affairs around election-time as shown by the horoscope of the United States.

The election this year is far

more than just the selection of a man. It is the choice between two radically different ways of life. Truman represents the rags and tatters of the dead New Deal, he is a Missouri ghost haunting the deserted halls of a dead king. He became president by sheer luck, not by merit. It is quite possible that he does not, even at this late date, understand what the responsibilities of being president are. This is no partisan criticism, it is simply observation based on the study of his life and the analysis of his horoscope. He is not a big man. But few of us are. We who are small belong in small places, and should stay there.

Dewey is big. He has proved it through his work in New York. He belongs in a big place. And it is frankly the duty of us American peoples with the future of our nation at stake, to see that Dewey gets in. And we will put him in if we aren't led astray by the empty fear that we shouldn't change horses while crossing a stream, or about to cross one that won't really exist. There will no real war with Russia or any other nation for some years, and even then it can be avoided if we have some real statesmen at the head of things. The chart of the United States shows no possibility of war with foreign powers for some years, but it does show real danger of internal troubles that could be as devastating as war. Therefore it is all important that we have at the head of things a courageous, intelligent, honest man who will give to his country instead of taking. The power of his horoscope indicates that he will become our next President. The only thing that can prevent it is our fear. Let us be as fearless as he.

The writer hopes that the column this week has helped the readers to see how astrology approaches such a big question. Remember that true astrology is not fortune telling. It is simply the study of influences that are brought to bear upon us indi-

vidually and as a nation. What affects one of us affects all to some extent. If we vote with courage and faith next week we will be strengthening our characters so that we can better face the issues that arise in our personal lives.

The writer also wishes to thank the readers who have written to him and telephoned in regard to their own problems. To

the extent of his ability and time he will gladly offer such help as he can. If you are troubled, and think that he can help you, feel perfectly free to communicate with him. Write to G. Cardinal LeGros, 1111 Burlingame avenue, Apartment 405, Detroit 2, Michigan. Telephone TOwnsend 5-5096.

## Patricia Evans Weds Lester Robinson

Patricia Anne Evans, daughter of Mr. and Mrs. Chauncey Evans, became the bride of Lester L. Robinson, son of the late Mr. and Mrs. L. J. Robinson, at 8 p. m. Saturday, October 23.

The double ring service was read by the Rev. Alexander Miller in St. John's Episcopal church before an altar decorated with white mums, palms, and white tapers. Mrs. E. Salow played "The Lohengrin Wedding March". Soloist Mabel Vickstrom sang "O Perfect Love", and "The Lord's Prayer."

Given in marriage by her father, the bride wore a gown of cream brocaded satin. A bertha outlined the marquisette yoke of her bridal gown, and a full skirt extended into a circular train. Her full length wedding veil of French illusion was attached to a Juliet cap of matching satin caught at the sides by small clusters of orange blossoms. She carried a white prayer book which was adorned by a shower bouquet of purple orchids, baby mums and myrtle.

The maid of honor, Mary Agnes Evans, sister of the bride wore a gown of renaissance red more which was styled with a sweetheart neckline, and peplums which were gathered at the waist formed a fish tail effect. With her gown she wore a matching half hat trimmed with an ostrich plume and matching mits. Her flowers were Johanna Hill roses, tied with cream streamers. The bridesmaids, Mrs. Valbert Groth of Hammond, Indiana, and Lessie Lou Hosmer were dressed similar to the maid of honor. Their flowers were Johanna Hill roses, and bronze mums tied with cream streamers.

The bridegroom chose Cleatus Rippie as best man, and the ushers were Richard Garber of Detroit, and Ronald Phillips.

Mrs. Evans, the bride's mother, was gowned in reseda green taffeta fashioned with a lace yoke with which she wore a matching hat, and black accessories, and to her purse was pinned an orchid corsage.

A reception with 150 guests

present was held immediately following the ceremony in the Crystal ballroom of the Hotel Mayflower.

Jane Evans Wilson of Norristown, Pennsylvania, a cousin of the bride, took care of the guest book during the reception. Guests were present from Norristown and Oaks, Pennsylvania, Hazel Park, Ypsilanti, Detroit, Ann Arbor, Pontiac, Lansing, Hammond, Indiana and Plymouth.

The date of the wedding was significant in that it was ten years ago to the day that the bride was confirmed in St. John's by the late Bishop Herman Page.

The young couple are spending their honeymoon traveling in the South. For traveling the bride chose a green satin suit, with a matching hat, black accessories, and the orchid corsage from her bridal bouquet.

Mr. and Mrs. Robinson will be at home at their residence on Mead road after November 15.

### Jaycee Auxiliary News

A card party for both men and women is to be given November 20 at the Veterans Community Center. The proceeds are to go to the Sister Kenny Foundation.

Donned in old clothes, the auxiliary and Jaycees enjoyed a Halloween party at Hilltop Golf course Saturday night. Roasting weiners and dancing were the highlights of the evening.

The monthly board meeting was held at the home of Lois Kleinschmidt. A donation to the Community Chest was made. Following the meeting cake and coffee were served by the hostess.

... A son, who has been named Bobby Jack, was born to Mr. and Mrs. James O. Hicks of Starkweather street in Sessions hospital. The mother was formerly Betty Barnes.

## Phyllis Christensen Wed in Ann Arbor

The First Congregational church of Ann Arbor was the scene of the wedding ceremony of Phyllis M. Christensen, daughter of Mr. and Mrs. Lauris Christensen, to William J. Love.

Dr. Leonard Par read the double ring rites which took place at 8 p. m. on October 28.

White mums, palms and lighted tapers decorated the church for the candlelight services.

Joe Cicerelli, accompanied by H. T. Strickland, organist, sang "Always" and the "Lord's Prayer."

The bride who was given in marriage by her father, carried a white Bible topped with white roses, ivy and satin streamers. She wore a gown of brocaded satin with fitted bodice, long fitted sleeves ending in points over the wrist, and marquisette yoke. The full skirt worn over a hoop ended in a circular train. Her fingertip veil of illusion fell from a scalloped coronet of seed pearls.

Attending the bride as maid of honor was Joan Dipboye, who wore a light aqua satin gown, matching gauntlets, and headpiece of bronze mums. The full over skirt of her gown was edged in lace and picked up to show layered lace on the underskirt. She carried an arm bouquet of bronze baby mums tied with aqua satin.

As bridesmaid, Geraldine Shear wore a gown similar to the maid of honor. Her flowers were bronze baby mums.

Jo Ann Kett acted as flower girl. The bridegroom chose Paul Koon as best man. Ushers were Ray Shipley and James Love.

The bride's mother wore a black dress with aqua trim and black accessories. Her flowers were aqua carnations.

Mrs. Love was attired in a grey suit with red accessories. She wore a corsage of white carnations centered with a red rose.

Following the wedding a reception was held in the church parlors for 200 guests.

The bride and bridegroom will take a wedding trip to the New England states where they will spend two weeks. For traveling Mrs. Love wore a black gabardine suit with black accessories, and a corsage of white roses.

Mr. and Mrs. Love will reside at Whitmore Lake.

**OFF ON PRIZE TRIP . . .** Mrs. Maria Strohmeler, Philadelphia beauty crowned "Mrs. America," is assisted by her husband, Ray, as she dons coveralls to keep warm before boarding their plane for a flight to Klamath Lake, N. Y., for a week's vacation. The trip was one of her many prizes.

## Joan Stover Is Betrothed

At a dinner honoring her birthday this week, the engagement of Joan M. Stover to Jack E. Gerard of Detroit was revealed by her parents, Mr. and Mrs. Joseph R. Casselman.

Those present at the dinner were the immediate members of the family.

Miss Stover was graduated from Houghton Lake High school and is now employed by the Michigan Consolidate Gas company.

No date has been set for the wedding.

## Marguerite Drews Is October Bride

At a High Mass Saturday, October 16, at 9 a. m., Marguerite Drews, daughter of Mr. and Mrs. Max A. Drews of East Ann Arbor trail, became the bride of Joseph Prentice.

The bridegroom is the son of John Prentice of Highland Park. Rev. Father Mooney read the double ring ceremony which took place in Our Lady of Good Counsel church.

For her wedding the bride chose a gown of white satin with fitted bodice, full skirt and train. She wore a sweetheart cap with fingertip veil trimmed in lace and carried a bouquet of white roses and baby mums.

Mrs. Harold Rossow was her sister's matron of honor. She wore a pink satin gown and carried blush pink roses.

Another sister, Mrs. Edmund Podsiadlik, was bridesmaid. She was gowned in blue satin and

carried American beauty roses. The bridegroom was attended by Harold Rossow as best man. Edmund Podsiadlik was usher.

Mrs. Drews was attired in a dress of aqua crepe. Her flowers were yellow roses.

Following the wedding a breakfast was served to the members of the bridal party. At 2 p. m. a reception was held at the home of the bride's parents. Seventy-five guests were present from Wayne, Whitmore Lake, Detroit and Plymouth.

After a short wedding trip Mr. and Mrs. Prentice will reside on Camden avenue in Livonia.

## Mr. and Mrs. Kubitskey Honeymoon In East

Lighted tapers, white gladioli, mums and roses decorated the altar of Our Lady of Good Counsel church for the wedding ceremony of Mary Schomberger and Leonard Kubitskey.

The bride is the daughter of Mr. and Mrs. Stephen Schomberger of Hartough street, and the bridegroom is the son of Mr. and Mrs. Stephen Kubitskey of Wayne.

The Rev. Olinska officiated at the 11 a. m. Mass, which was held on Saturday, October 16.

Proceeding the ceremony the church choir presented appropriate wedding music. John Schomberger, uncle of the bride, was soloist.

The bride who was given in marriage by her father, wore a white net gown over matilla lace fashioned with fitted bodice, satin bustle, and full skirt over a hoop. The round neckline and cap sleeves were appliqued in rose design. Her fingertip veil was edged in the same appliqued rose design and fell from a coronet of flowers. She carried white roses and mums tied with white satin streamers in which were caught white baby mums.

As maid of honor, Rosemary Schomberger, sister of the bride, chose a gown of pale blue net, off shoulder style with fitted bodice and full skirt inserted with lace panels. She wore a blue picure hat circled with pink rosebuds, and carried a bouquet of pink roses and bronze mums.

A gown of pink net and a pink picture hat were worn by Helen Schomberger, sister of the bride, who acted as bridesmaid. She carried pink rosebuds and bronze mums. Other bridesmaids were Ethel Simon, who wore a dress of green net in the same style, and Mrs. Stephen Horvath, who chose a yellow net dress. They wore picture hats of the same material as their dresses, and carried arm bouquets of pink rosebuds and bronze mums.

Elton LaFrambois was the bridegroom's best man, and ushers were Robinson Kubitskey, George Kubitskey, and Stephen Horvath.

Mrs. Schomberger was attired in a green crepe dress with brown accessories. Her flowers were white gardenias. Mrs. Kubitskey chose a dress of grey and green print and a corsage of gardenias. A wedding breakfast was served to the members of the bridal party and immediate members of the families at the home of the bride's parents.

A reception was held at the Veterans' Memorial Center in Northville at 8 p. m. for 250 guests.

For their wedding trip to New

York, Niagara Falls and Pennsylvania, Mrs. Kubitskey wore a cocoa brown suit with brown accessories and a corsage of pink roses.

The bride was graduated from Plymouth High school and is employed by the Burroughs Adding Machine company. Mr. Kubitskey was graduated from Wayne High school, and is an employee of the Wayne Public Utilities.

Upon return from their wedding trip, Mr. and Mrs. Kubitskey will make their home on Dewey street.

## Veterans Hospital Needs Volunteers

Any women interested in working an hour or so a week at the Veterans hospital in Dearborn are asked to attend a special meeting held at the hospital on November 5 from 8 a. m. to 5 p. m.

An official of the MOMS announces that this program will supplement the Grey Ladies program, and is being planned for women who cannot devote as much time as the women who volunteer for that service.

This second service will be instituted as there is a shortage of volunteer help at the hospital. It was emphasized that any time women can give to the program will be appreciated, whether it is only an hour a week.

Anyone interested in the project will be furnished transportation to at least the first meeting held November 5, and for further information concerning it should call 1492.

One-fourth of the total travel for the year is rolled up in the vacation months of July and August.

By REV. ROBERT H. HARPER  
**Wisdom Literature in the Bible**  
 (Temperance)  
 Lesson for October 31: Proverbs 10:1-9; Ecclesiastes 2:1-3.  
 Memory Selection: Proverbs 10:9.

The proverbs, three thousand of which Solomon wrote, belong to the "wisdom literature" of the Bible. They are distinguished from proverbs of other nations by their religious character.

The theme of those examined today is that wickedness does not pay. They who seek profit in wickedness are disillusioned in the end. But righteousness brings reward. God does not always make a good man rich, but he does give him peace of mind and security.

In Ecclesiastes, another form of wisdom literature, the aged Solomon examines the follies he had tried to the full. And the royal epicurean came to the conclusion of the whole matter, "Fear God and keep his commandments."

The lesson text was written about three thousand years ago, but how modern are its lessons! Attention to the first proverb found in the lesson would work a great change in our American life—sons and daughters would be saved from moral ruin and their parents from bitter disappointment. Diligence would work a wholesome change. Fewer hands would be held out for a dole. And fewer victims would drain the cup of strong drink to the bitterness of its dregs. Drinking intoxicating liquor does not pay. The only safe way to avoid its ruinous effects is to leave it alone. Total abstinence is the only safeguard against beverage alcohol.

Let us be warned and armed by the wisdom of the ages against the sinful follies that destroy at the last.

**State Honor For Local Girl's Work**

Melvindale High school's yearbook, the Cardinal Echo, was awarded All State honors at the recent Journalism conference at Michigan State college. The Echo was the only yearbook given the highest award. Miss Helen F. Gilbert of Penniman avenue, journalism teacher in Melvindale for the past four years, was the staff advisor.

Miss Gilbert's other publication, the Cardinal Call, the school's newspaper, was awarded a Quill and Scroll prize in September.

Quill and Scroll is a national honorary journalism society whose membership numbers over 700 schools throughout the nation. Quill and Scroll prizes are also awarded on a competitive basis, and are valued highly in the high school journalism field.

Since 1939, according to government figures, the cost of living has risen 73 per cent. But in the same period the cost of the federal government has risen 337 per cent.—Quincy (Ill.) Record.

**Tractors don't get Aching Backs!**

... today's Farmers are Men of Steel!

Today millions of American farmers depend upon steel tractors. Tractors that make the plowing easier, and the crops larger. Tractors that help produce more food to build a healthier nation, more food for hungry people abroad.

There are already about 3,000,000 steel tractors at work in our fields. Last year from their greatest peacetime production in history, America's steel mills provided the steel to make nearly half a million

new tractors for our farmers. And this year the mills are turning out more steel than in 1947.

In supplying steel for better farming, the steel companies make possible:

**For You**—abundant food for the family table.

**For Steel Workers**—many thousands of jobs at good wages.

**For Everybody**—health and continuing progress.

IN THE NEWS... Finished steel production in the first half of 1948 amounted to 442 pounds for every person in the country, twice the rate for 1939. Exports amounted to 34 pounds per person in the first half of 1948.

IN THE NEWS... Although steel production last year set new peacetime peaks, mill accidents were fewer and less severe than ever before. Only two out of 40 leading industries had fewer accidents than steel per million man-hours worked.

An "old time" mechanic would be lost in a modern service department today. His working tools consisted mainly of a simple handjack, a few blocks of wood, a hammer, screwdriver and a few wrenches. With these few tools he could service a car. How different it is Today . . . .

The difficult mechanical problems our service department encounters are handled by expert Paul Schnegg who for 8 years has specialized here in this work. Ford repair men know Fords best.

Our mechanics have within their reach some \$4,000 worth of precision tools and equipment to use when they service a car in our garage.

The chain fall and hoist has now replaced the old wood blocks and hundreds of wrenches replace the few we used in 1921.

Skilled mechanics, in our garage today are factory trained. They know every part of the car they work on—Guesswork is a thing of the past.

In this modern repair department Ford owners are assured of complete satisfaction because our skilled mechanics know what they are doing—have the tools to work with and use GENUINE FORD PARTS TO MAKE REPLACEMENTS WITH.

AMERICA'S most cheerful, 14-year-old family tradition in popular entertainment returned to the airwaves recently when local outlets of the ABC network brought back the famous "Original Amateur hour." Ted Mack, veteran performer and former understudy to the late Major Bowes, presides over both shows... Mack, who has appeared in theaters everywhere, helped Bowes discover thousands of "amateurs" who have since become successful... "Farm raised youngsters are usually the most talented applicants," Mack contends.

The first second-generation Quiz Kid girl was born recently to Mrs. Margaret Merrick Scheffelin, 20-year-old ex-Quiz Kid now married to an air force officer... She shares second-generation honors with nine-month-old Philip Teeter, son of ex-Quiz Kid Barbara Hutchinson... The airlines are filled with range music these days, with Autry and Rogers singing and acting on their shows... The latest one to be smitten by the bug is Tex Ritter, who is negotiating for a network series.

**Platter Chatter**  
Things are slowing down these days in the record world but there are a few new releases that should be able to supplant "A Tree in the Meadow" and "It's Magic" fairly soon... Capitol has several good ones you might look up... One is the very popular "Whiffenpoof Song" done up handsomely by the Pied Pipers... A yummy rendition on the reverse of that favorite "Dream" will lull your worries away. Nick Lucas, that crooner of yesterday, has been signed by Capitol in line with the modern trend toward banjo-playing and singing troubadours... Nick's first release consists of two songs he popularized in his hey-day and they're still very bit as good—"Tip Toe Through the Tulips" and "Side by Side"... Capitol has also re-issued Dennis Day's recording of "Danny Boy" backed by "Phil the Fluters' Ball," for those who like Irish music and hitting Irish voices.

## "How to Refute Communism"

## BABSON

**BABSON'S CHRISTMAS COMMENTS**  
Once again we approach the Christmas season with prices high although inventories are again in good supply. All stores have reduced their stocks of shoddy merchandise and we now find better materials in most lines. In some cases, better than pre-war goods are now available. Continued high prices will not stop the usual late Christmas shopping rush. So begin your purchases now and save yourself and your dollars.

**SHOPPING TRENDS**  
Service and courtesy of employees has improved considerably, thus reflecting the slow trend from a seller's to a buyer's market. Manufacturers are beginning to tempt the general public with luxury items such as television sets, deep freeze chests and electric blankets. In fact a real demand has been created for this type of merchandise by wide advertising. So fast are sales in television climbing that domination of the home entertainment field may be looked for within two years. These and like luxury items will be bought in part with income tax rebates.

With this year's bumper crops and accompanying lowered prices we might expect the volume of Christmas buying in farm areas to slide. Yet, the annual total of the farmers' income is nearly as good as last year, the larger crops partially offsetting the lower prices. Let us not forget, however, that a good part of this continued high income is due to the price support program.

**EFFECTS OF ELECTION**  
Although a Republican victory in November will undoubtedly brighten the outlook of business in general, it is unlikely to have much effect on Christmas shopping except among government employees. Christmas shopping in Washington will surely be less this coming December than it has been for many years. However, taken all in all, merchants may expect another bumper Christmas.

The expected business optimism following a Republican victory will be somewhat restrained this year. For business already knows, in the light of international dis-harmony, that it must do without unlimited quantities of steel and certain other

raw materials. For we must never be caught dis-armed again. The stock market, however, should look more cheerful this coming Christmas than it did a year ago.

**THE YULETIDE SPIRIT**  
A woman said to me this summer that she hated to read the evening newspaper because it made her too "blue" to go to sleep. Since her remark I have been conscious of looking for what was optimistic in the evening news and I have found what I looked for. It isn't just at Christmas that parties are given for the kids. They occur throughout the year. Fishing competitions, skilled demonstrations in outdoor sports, club activities are going on all the year to brighten peoples lives.

Helpful new drugs have been covered this year and the uses of others improved. Deaths from pneumonia and some other diseases have been less in 1948. While the Russians were blockading Berlin all summer—the United States was showing famed old Masters from German Museums to United States art lovers. The admissions were collected to benefit unfortunate German children. And now I have been pleased to read that a prominent Japanese communist has admitted that his handsome new, double-breasted suit (a rare item in Japan) came from the United States and not from Soviet Russia.

**LET US REMEMBER OTHERS**  
The Christmas season and the New Year bring us hope of better solving our domestic problems,—problems concerned with such issues as juvenile delinquency, public health, debt reduction and labor relations. Let us show our gratitude by sending gifts to the children of the world. Let us pray that truth and fair dealing in international relations may add to the flood of good will generated by this season here in the United States.

## Dances for Young Students Planned

Dancing for youths is a program which the Starkweather PTA and Recreation department are currently undertaking, according to O. C. Wood, PTA president.

Dances for the fourth, fifth and sixth graders will be held the first Wednesday for every month in the Starkweather auditorium. Music for round and square dances will be provided by Mrs. Foreman's orchestra.

The hours for dancing have been set from 7 to 9 p. m. No admission will be charged. Mr. Wood invites the attendance of parents at these sessions.

### Recreation Commission Suggests New Games for Halloween Parties

Although the Chamber of Commerce has made extensive plans for celebration of Halloween in the city, private parties are still reported to hold a top notch on the popularity list, as in years past.

Entertainment during these gatherings, which will take place in many local homes, will in most cases follow a Halloween theme. This week the National Recreation association issued a number of new games to supplement the traditional and many-times-tried list.

One of the first described was a paper and pencil game during which the players are invited to write a cablegram, using words, each of which begins with a successive letter in "Halloween". "Suggest" that the names of guests be used in the message, the association stated, for example "Helen always liked Louis. Ought we expect elopement next?" When all the players have finished their cablegrams, the instructions continue, they can be read by the writer, or exchanged with some other player to be read. A committee of judges may be appointed to award a prize for the best or funniest cablegram.

Another game suggestion was the Cat Race. "To play it, the group must be divided into two teams. One team is given a black paper cat pasted on a large paper, and the other an orange cat, similarly mounted. Neither cat has a tail. About the house or room are hidden segments (all more or less alike) of orange and black tails. On 'go', members of each team start looking. They may pick up only one segment at a time and take it to the team

leader who pastes it on the cat. The team which has the longest tail on its cat within a period of five minutes, or less, wins."

Another suggestion has been entitled "Witch's Brew." It states that "a room, or corner of a room, could be fixed up as a witch's cave, decorated with black cats, brooms, and so on. A large cauldron is hung by a tripod over an artificial fire, and presided over by a witch dressed up in a long yellow skirt, red cape, pointed hat. The cauldron contains sawdust or shavings in which packages are hidden. Each guest stirs the brew, saying: 'Bubble cauldron, and boil in glee, and bring my fair fortune fair, to me.' Then she lifts up a package, which contains a souvenir and fortune in rhyme. One may be a tiny teapot, with the rhyme: 'A thin old maid in a parlor I see, with five cats and a parrot, pouring tea.' Or a penny and this rhyme: 'You'll marry a skinflint, a miser so grim, and never a penny you'll squeeze out of him.'"

"Name the Nose" is the title of the next game and to play it "A sheet is hung so that a person may stand behind it without being seen. A hole is cut in the sheet just big enough for a nose to go through it. The players form sides. Then one by one the players of one team hide behind the sheet and stick their noses through the hole. The other team tries to guess the identity of the noses, and on a slip of paper they write down the names of the persons to whom they think the noses belong. The side which scores the most points wins the game. A novel way to play this game is to paint a comical face on the sheet and make a hole where the nose should be. When a real nose pops through, the effect is so funny that it makes it a lot more difficult to guess the owner."

Suggestions for decorations were also furnished by the association. One was to "Hang orange fringe at the window sides and use straight strips of decorated crepe paper across the top. Grotesque crepe paper flowers can be made and placed in flower pots or window boxes.

"Arrange to have tick-tacks at the windows, piercing shrieks which come from nowhere, alarm clocks that go off at unexpected times, and various other noises that will add to the spirit of the affair."

### Cpl. Ronald Heuttner Joins Cavalry Eleven

Corporal Ronald Heuttner, 19, son of Mr. A. W. Heuttner of Plymouth, serving with the First Medical Squadron of the First Cavalry division on occupation duty in Tokyo-Yokohama area of Japan, is now training with the First Cavalry division football team.

Cpl. Heuttner, former Plymouth High school athlete, has been active in all major sports since his arrival in Japan one year ago and promises to become a valuable man to the Cavaliers in their forthcoming bid for the all-Japan championship. He entered the Army in March, 1947.

### Louis Vargha Sparks Plymouth at Ypsi Meet

Louis Vargha

For the fourth time this fall, Louis Vargha finished ahead of all his Plymouth competitors when he came in fourth behind three Ypsi harriers on Thursday, October 21 at Ypsi.

The Rocks lost this meet by the overwhelming score of 19-42.

Louis has been the most consistent runner among the Rocks, finishing first in three meets, third behind Calvin Becker in the Belleville meet and fourth

against Ypsi. Wynne of Ypsi took first place with a mark of 11:14 followed closely by Buck at 11:16. The Brave trio was completed when Dolph came in third at 11:37. All these times were better than George Buddy's 11:42 of last year. That was his best effort of the campaign. After the Ypsi trio came Vargha and Becker at 11:49 and 11:51 respectively.

### Plymouth Frosh Take Second Win From Belleville

Keeping their record intact for the season, the Rock freshmen squad defeated Belleville 31-0 on Thursday, October 21. This was the blue and white's second victory of the season in as many games.

Harold Secord starred for the Rocks, tallying three touchdowns and an extra point. One of Harold's touchdowns was a run of 67 yards. Another long run was chalked up by left half back, Jim Rorabacher, who raced 90 yards for the six pointer.

The starting-line up is as follows: ends, Daggett and Beaver; tackles, Britcher and Kearney; guards, Finny and Finlan; quarterback, Secord; left half, Rorabacher; right half, Runge; full-back, McKinley.

### Two Teams Top Lutheran League

With four points gained last Friday evening, team 7 went to the top in the Lutheran league tied with team 2. Each squad has 17 points, although team 7 has won one more game than team 2.

The high game of the week was bowled by N. Vandersloot, who chalked up a score of 237.

### Dearborn Lowrey High Furnishes Opposition to Rocks on Home Field

Now in the midst in its first season of football, Lowrey High of Dearborn will play the Rocks this evening on the local field at 8 p. m.

Up to this point in the season Lowrey has played four contests, defeating Detroit Lutheran High 27-0 and Dearborn Roosevelt 20-0, while losing to East Detroit 19-0 and to Ecorse 28-26. This gives the Dearborn school a .500 record with two wins and two losses.

Lowrey has averaged 18 points per game. On the other hand they have limited their opponents to 10 1/4 points per contest. Later in the season Lowrey will meet their hardest test, Ypsi.

Meeting Lowrey will be like the calm after the storm to the Rocks, for last Friday evening the Rocks suffered a 45-0 defeat to the Suburban B champions, the Ypsilanti Braves.

The Rocks couldn't get by the Hills, Dave and John. Dave, a senior, lived up to all his publicity as he tallied three touchdowns on runs of 69, 45 and 18 yards respectively. John, a sophomore, went into paydirt on runs of nine and 13 yards.

After fumbling twice with the Rocks recovering both times in the early stages of the first quarter, Ypsi finally scored when Dave Hill broke off tackle and sped 69 yards to the end zone. On this play Hill gave a fine demonstration of open field running. Kersey kicked the point after the touchdown to give Ypsi a seven point lead at the five minute mark of the quarter.

The Rocks came back to get a first down on a pass from Ronnie Bouldin to Larry Finney, before the latter punted the ball out of bounds on Ypsi's 39. On the first play from scrimmage Howard Neely passed to Dave Hill, who raced to the Rocks 24 where he was hauled down from behind by Fred Pringle. Aided by a 15 yard penalty for illegal use of the hands, the Rocks held the Braves. Perry punted out on the Rocks 11 yard line.

After an exchange of punts the Braves went to work again. Starting on their 34, the Braves rolled down the field as Lowell Perry carried to the 46, then Perry let the Hill brothers do the rest. Dave went to the Rocks 18 in three plays. After a TD had been called back on an unnecessary roughness penalty, John Hill went over on an end run from the 13 to give Ypsi a 13-0 lead at halftime.

After the half the champions

really went to work. Dave Hill intercepted Keith Ebersole's pass on the Plymouth 45 and raced all the way for another six pointer. A few minutes later Hill tallied once more, this time on an 18 yard jaunt through the center. In the fourth quarter John Hill scored on a nine yard run. Bob Raham tallied another tally on a run of nine yards, and an unidentified player scored Ypsi's last touchdown in the last minute of play. After this score Kersey made his second successful conversion to bring the final count to 45-0.

Ypsi had a bit of a mania in the initial stages of the contest to fumble, which they did several times with the Rocks recovering four of the boots. The Rocks fighting guard, Russ Hasselbach, recovered two of the fumbles.

### Rock Reserves Lose to Braves

Receiving a hard time from Lady Luck, the Rock reserve team lost to Ypsi 40-13 on Thursday, October 21.

After Phil Jacobus had taken the second half kickoff for an 80 yard run and a touchdown, the breaks started to fall against the Rocks. Trailing 19-13, Jacobus threw a touchdown pass to Lyall Heuttner, but a Plymouth man was detected offside, to nullify the score. A few plays later the Braves scored on an intercepted pass. Later in the contest a Brave picked up a Plymouth fumble and scampered 60 yards for another score.

In the first half Phil Jacobus, a diminutive sophomore, tallied the Rocks first touchdown of the afternoon. After Jacobus' second score, Bill Burger kicked the extra point to complete the Rocks scoring for the day. Coach John Sandmann was pleased with the work of Neal Lamphear as quarterback. Previously Neal had been playing in the line.

The starting line-up is as follows: left end, Lyall Heuttner; left tackle, Earl Rafferty; left guard, John Bachelder; center, Dick Nelson; right guard, Doug Greck; right tackle, Ken Thompson; right end, Bud Myers; quarterback, Neal Lamphear; fullback, Bob Anthony; left half, Bill Burger; and right half, Phil Jacobus.

### Ypsilanti Braves Take Suburban B Crown Again

As Ypsilanti stopped Plymouth Friday evening, the Suburban B grid season of 1948 became history with the Braves walking off with the championship once more.

With a 6-0 victory over Wayne Friday afternoon, Trenton pulled into a tie for second position with Wayne. This battle for second place was rough with several plays on both teams being carried off the field. Trenton scored the lone touchdown of the contest in the third quarter on a 15 yard pass.

Redford Union defeated Belleville 21-13 to conclude the season's play in the league.

The last team on the Rocks schedule, Northville, lost to Keego Harbor 27-0. The loss was the Mustangs' second against four wins.

Daily comic strips as we know them today did not exist until after 1900.

### Eight Prepare Activity Calendar

A committee of eight persons has been working tediously for the past few weeks collecting information for a Plymouth activity calendar.

Those included on the committee are: Dora Gruebner, Mrs. Harold Curtis, Mrs. Ken Hulsing, Mrs. Myra Benson, James Gallimore, Mrs. Velma Jewell, Mrs. Ed Dobbs and Mrs. Rusling Cutler. If the clubs haven't been contacted by one of the above people, will the club's president or secretary call Mrs. Cutler at 32 as his or her's earliest convenience.

It is the desire of the club to have all the city clubs listed in the first annual Plymouth activity calendar. Herb Woolweaver, recreation director, wishes everyone to cooperate with this committee, for they are doing the city a great service. "The calendar will be valuable in making your dates," says Woolweaver.

### City Bridge Club Begins Monday Eve at City Hall

As previously announced by Herb Woolweaver, city recreation director, Monday evening, November 1, is the date set for local bridge players and aspirants to meet at the city hall recreation office for the purpose of forming a Plymouth Bridge club.

The first portion of the period will be devoted to an explanation and demonstration of the fundamental principles of bidding and play, with some actual practice taking up the latter part. Duplicate bridge, which has become tremendously popular all over the country, will be introduced almost from the start.

The group will be taught by Foster Calahan, an experienced tournament duplicate player with the rating of Master Player in the American Contract Bridge League.

Woolweaver wishes to emphasize that this is for anyone interested in bridge, beginner or more advanced player, rubber bridge or duplicate play.

A feature of instruction will be the point count method of hand valuation, so simple that anyone can learn it in a few minutes, yet so accurate that it has displaced older methods in the game of the experts.

So come and learn bridge or improve your bridge. See how your game compares with that of other players in duplicate competition.

The cost is just the price of a show, 40 cents.

### First National Wins Four Games to Tie for Lead

As First National Bank won four games in the Wednesday Ladies bowling league and, Huston Hardware won three contests, a tie now exists between these teams with 17 wins and seven losses.

The two leading quintets last week, Dann's Tavern and Cloverdale, dropped to a tie for third place with 15 wins and 9 losses.

### Joe's Jottings

by Joe Miller

A few weeks ago we placed on this page an editorial concerning tennis by Carl Pursell. Carl stated that Plymouth had not had a tennis team for several years, although much interest was pronounced in the school over the game and all the needed facilities were available. Also Carl, a young sophomore journalist at Plymouth High, wrote that the student council was discussing the idea for a team to represent Plymouth.

Results came fast. The student council appointed committees to find out about reviving the sport. A few days ago we received the word from reliable sources that tennis would be revived, if at least ten fellows come out for the team. Certainly more than ten fellows will try for the tennis squad and maybe that number will be doubled. We congratulate the student council and the school administration for such prompt action.

"Say, what a swell game our boys played out there tonight." That statement was typical of many heard by your reporter after the game last Friday evening against Ypsilanti. The Rocks did play a swell game against mighty Ypsi, a team that is rated among the best in the state. At the half only 13 points separated the teams. Coach Ed Shadford of the Braves was a bit on the disgruntled side at halftime, for his boys should have been out in front by many more points than that figure. For after all Ypsi had gone 27 games without tasting defeat and they were the second Class B team in the state at that time. Ypsi scored two or three touchdowns in the last portion of the contest when the injury-ridden Rocks couldn't put in such fine reserves as Ypsi did.

All this week students, teachers and coaches have been praising the local squad, as well they might. Although the team hasn't won one game all season, they need not feel ashamed for they certainly are displaying a fine spirit on the field. After all it isn't the winning of the game that counts, it is how you play the game.

In our suburb to the east, the Detroit Red Wings are really hot this year. Harry Lumley in goal is the best in the league. He is even exceeding the great Turk Broda of Toronto. No game is more exciting than the rough and tumble sport of hockey, especially when the Wings opponents happen to be the hated Toronto Maple Leafs. That recent trade which the Wings pulled off with the Chicago Blackhawks will really aid the Motor City sextet. Bud Poile is one of the finest players in the league and George Gee is no slouch either.

### Plymouth Shows Better Spirit Than Michigan

Although Plymouth has a losing team this fall, the same grand fighting spirit of the fans remain supporting the squad. For the opposite of this fine spirit just turn your attention to nearby Ann Arbor, where mighty Michigan holds forth with the best team in the land.

The following article is printed to reveal the difference in spirit between Michigan and Plymouth. The article was taken from the Michigan Daily of Friday, October 22:

"Michigan spirit is improving, as evidenced by the fabulous football team send-off at the station yesterday.

Approximately 75 students watched the undefeated, stone-hearted Wolverines enroute for their "breather" against Minnesota. In The Daily, is an increase of 75 persons above the three dogs and two cats seen sneaking around last year before the Wisconsin trip.

At a last glance, no players were seen doing back-flips from the rousing farewell."

## Plymouth Colony Farms

**"To Achieve For The Community Fellowship in Creative Occupation"**

Among the creative arts and sciences Agriculture remains basic.

In addition to Agriculture, The Division of Weaving is the first of many creative occupations that will be sponsored by The Plymouth Colony Farms.

To observe a skilled weaver at the loom weaving into fabrics the colors of autumn leaves, of your beautiful china, or of your interior decorating scheme, is an experience in visual emotion comparable to the delight of listening to a symphony.

The Weaving Shops, temporarily located in the "Walt Whitman House" are open to the public daily from 2:00 P.M. to 5:00 P.M. except Sunday and Monday. Include them in your Christmas shopping excursions.

The school for individual instruction in weaving, textiles, and design will be open after January 1

Just up the hill from the junction of U. S. 12 and Ann Arbor Trail, two miles west of Plymouth.

## Officers Can Now Return to Duty

Many men in Michigan, who served as officers during World War II will have an opportunity to return to active duty with the U. S. Air Force during the next few months, Plymouth's recruiting officer announces.

To meet personnel requirements authorized by Congress for the fiscal year, 1949 the Air Force has need for approximately 10,000 Air Reserve and Air National Guard officers. Five thousand will be recalled by the end of the year, and another five thousand by July, 1949.

Only officers commissioned in the Air Force Reserve or Air National Guard are eligible to apply. Former AUS officers may apply for Air Reserve commissions, as an initial step in applying for active duty. Reserve officers in other components of the Armed Forces who desire to apply for active duty with the Air Force must first apply to their respective service for transfer of their reserve commission to the Air Force Reserve.

Vacancies exist in a wide range of professional, technical and administrative fields for officers under the age of 45 in all grades up through lieutenant colonel. Sufficient applications from retired officers are on hand to meet immediate requirements for most of the flying positions available.

Officers most needed are those with military or civilian experience in Communications—electronic and radar, Supply—procurement, production and negotiation, Management—finance, accounting, budgeting and statistics, Inspection—technical and administrative, Air Installation—civil engineering, Intelligence (especially photo-interpreters), Radar Navigation, Aeronautical engineering, Chemistry, Public Information, Weather, Law, Photography and Personnel.

Officers will be recalled in the highest grade held prior to relief from active duty. Officers whose applications are accepted will agree to volunteer for three years active duty.

## Former Ambassador Speaks at Town Hall

Arthur Bliss Lane, former Ambassador to Poland, will talk on "The Folly of Appeasement" at Detroit Town Hall, Wednesday morning, November 3, at eleven o'clock in the Fisher Theater.

The distinguished diplomat, veteran of 30 years in foreign service, resigned as Ambassador to Poland so that he might speak frankly of the dangers of Russian expansionism. He wrote the sensational book, "I Saw Poland Be-

trayed," in which he lashed out against "The Machiavellis of Moscow, and the Pussyfooters of the Potomac."

In his lecture, Lane will bring the explosive foreign situation up to date, will tell what brought it about, and will suggest ways and means of saving Western Europe from Russia.

Advance reservations for the lecture are available at Grinnell's, Woodward 2-1124.

Deadline for classified ads., Wednesday 5:00 p.m.

## Postmaster Back in Hospital for Check-up

Postmaster Harry Irwin who returned to the Veteran's hospital at Dearborn last week for another physical check-up, expects to be released in time to return home to vote in Tuesday's election. His condition is reported as greatly improved. The Irwins are hoping to leave for Florida before severe winter weather prevails in this part of the country.

## "EASY DOES IT"

By HELEN HALE  
A REGULAR SHOE BAG with its numerous pockets is a wonderful thing to tuck on the inside door of the kitchen closet. Put into it such small items as string, nails, screws, bottle caps, etc., that usually clutter the kitchen drawers.

ALL KNIVES that have become discolored will usually clean if you rub them with scouring powder and a damp dishcloth.

After scouring the bath tub to gleaming whiteness, swish around a tablespoonful of soap jelly with plenty of hot water with a long handled brush to remove the last persistent grains of cleanser that like to cling to the tub.

## RECIPE OF THE WEEK

**Cranberry-Apple Relish** (Makes 1 1/2 quarts)  
4 cups fresh cranberries  
2 apples, pared and cored  
2 oranges  
1 lemon  
1 1/2 cups sugar  
Put cranberries and apples through food chopper. Quarter whole oranges and lemon, remove seeds and put through chopper. Add sugar and blend. Chill in refrigerator a few hours before serving. This relish will keep well for several weeks in the refrigerator.

After washing your chenille bedspreads, hang them on the line double and inside out. The tufts, by rubbing against each other, will dry fluffy.

IT'S A GOOD IDEA to place a small hand brush, bristle-side up, in the soap dish to hold the soap. This keeps the soap fairly dry and there will always be some soap on the brush when you need to use it.

Those broken bits of crackers that you don't know what to do with, make excellent crumbs if you'll just crush with a rolling pin and place in a jar for use as needed.

After woolen garments are washed, squeeze out the excess moisture into a thick towel by kneading motions. Then gently pull the garments into shape and pin against a towel or cloth so they will dry in the proper size and shape.

President Hayes was never friendly to the newspapers, and talked little during interviews.

There were no newspapers printed in the Greek language in the United States until 1909.

Two members of the MOMS were presented with going-away gifts at the costume party held Monday evening in the Veterans Community Center. Mrs. Alicia Estep, the first of the honored guests, will leave for California the first of the year, and Mrs. Rebecca Erdelyi, the second, leaves soon for Arizona. A pot luck supper was served at the Monday gathering, and games were played by the members. Prize for the best costume was awarded to Mrs. Estep, and Mrs. Clark Sackett placed second.

**Saddle Club Plans 30 Mile Contest**

A 30 mile endurance contest will be staged by the Huron Valley Saddle club of Milford on Thursday, November 7. The contest will start at the club grounds in Milford and the winning horses must return in good condition and make the trip in what is considered a satisfactory manner. The entry fee must be paid before November 5 at midnight, according to Jack Bischoff, president of the club. He asks that all entries be mailed to him at Milford, Route 4, or that contestants call him at Milford 7F-11.

**Judge Sempliner Attacks Juvenile Delinquency**

In a series of rapid fire addresses throughout Wayne county, Arthur W. Sempliner, Circuit Court Commissioner, linked our present housing shortage with the growing problem of juvenile delinquency. As the presiding officer of the court dealing with the housing problem, Judge Sempliner said: "The doubling up of families—two and three to a space ordinarily built for one family, provides no place for children and teen agers to play. This causes them to gather on street corners and to seek amusement elsewhere. Circuit Court Commissioner Sempliner will be remembered as the judicial officer who was first elected in 1941, entered the Army in 1942 and after serving four years overseas, returned to his place on the bench in 1947. In establishing night court for those who cannot come to court in the day time without loss of work and pay Judge Sempliner said "When a man has a family, to support in these days of high prices, he needs all his pay not just part of it. If he cannot come to court during the day, I'll hold night court for him."

**Moynihan is Candidate on Non-Partisan Ticket**

Joseph A. Moynihan, Jr., will be a candidate at the November 2nd election for the office of Circuit Court Commissioner on the non-partisan ticket. Moynihan is a native born Detroit, educated in the Detroit Public and parochial schools. He graduated from the University of Detroit high school and went to Georgetown university to receive his Arts and Science degree in 1937 and then went on to the University of Michigan and received his law degree in 1940. He was admitted to the Michigan Bar shortly thereafter and practiced law in Detroit until he volunteered for military service in July of 1941. While in the service, Mr. Moynihan was with the Judge Advocate's Office and Military Intelligence. He was honorably discharged in 1946 and once again resumed the general practice of law as a partner in the firm of Connolly, Moynihan and Connolly.

**Ramon Dixon to Address Forum**

"Are you a citizen of the state of Michigan or a citizen of a school district alone?" seems to be the way the big question of November's voting will be discussed at the Plymouth Public Forum this coming Monday night, at 8 o'clock, in the Central Grade school auditorium.

Ramon B. Dixon, of the Michigan Survey, (a committee set up to watch over the state and local expenditures) will present the state's side of the proposal No. 2, as well as discuss the rest of the proposals.

A round table will be set up after his presentation consisting of a Farm Bureau representative, as well as a speaker from the Teacher's club and the city of Plymouth. Public discussion will follow.

The 1948-49 season starts with Fred Van Dyke, forum president, Thomas Mathews, vice-president, Mrs. J. R. Witwer, treasurer and Mrs. William Kaiser, secretary. Meetings are scheduled for the first Tuesday of the month beginning December 7. All meetings are free.

Eugene Meyer acquired the Washington Post at a bargain auction in June 1933 for \$825,000.

**Important to Property Owners**

**HERE IS WHAT PROPOSAL NO. 5 ON THE NOVEMBER 2 BALLOT COULD DO, IF ADOPTED:**

1. Permit a confiscatory tax rate of \$50 per thousand of assessed valuation for 20 years. This would mean you would pay in taxes the total assessed valuation in a 20 year period. The present limitation period is 5 years.
2. Permit a simple majority to vote for tax increases. The present law requires a two-third majority to increase the existing \$15 per thousand limitation.
3. Permit a duplication of the 1932 situation when 58% of the total value of Michigan real estate became delinquent.
4. Permit thousands to lose their homes through tax confiscation.

**Proposal No. 5**

is advanced for the purpose of securing more money for school buildings

**BUT . . .**

there is nothing in the proposed amendment to indicate that any portion of this additional taxation would be earmarked for either capital improvements or debt retirement, nor is there any limitation on its use.

We, like most property owners favor better school buildings where needed but urge a NO vote on Proposal No. 5 so that future legislation, fair alike to property owners and others, can be enacted.

*"I have a special reason for giving to the Community Chest"*

says **SUSAN PETERS**  
Columbia Pictures star

**T**HREE YEARS AGO I accidentally shot myself in the spine on a duck hunting holiday. The bullet was removed, but a partial paralysis set in.

"And suddenly my whole world was changed.

"All the things I had taken so for granted were now impossible hopes . . . dancing . . . swimming . . . horseback riding . . . long walks through piney woods . . .

"But I was lucky.

"Friends, family, and the best of medical care have helped me gear myself to a new way of living. I found a place for myself, regardless of my injury.

"But there are thousands less fortunate than I. Folks whom only your Community Chest dollars can help to find themselves. And your pledge does so many other things, too . . . combats juvenile delinquency through Scouting, "Y's," camps . . . fights sickness with hospitals, clinics, visiting nurses . . . comforts the aged . . . and supports Red Feather services

that make your community a better place for living.

"So when the Red Feather volunteer calls, won't you join me in digging 'way down—make your contribution bigger than ever before?"

**Remember—one pledge covers many Red Feather services.** Because we have a well-managed Community Chest uniting many appeals, you are called on only once a year for all of them. So when you give, GIVE ENOUGH . . . enough for ALL Red Feather services . . . enough for a FULL year.

### A SENSIBLE SOLUTION.

It appears that there is about to be eliminated a most serious cause of the airport problem that has been kicked around in Detroit and the metropolitan district for a dozen years. It is a plan that has been recommended by the Michigan Airport Commission, and which Col. Cass S. Hough of this city's staff has recommended the establishment of an international airport just across the Ambassador bridge from Detroit. This would mean a five to ten minute trip at the most from the city to the airport.

## Chest Leaders Pleased With Early Drive Returns

A survey Thursday by Community Chest officials of the early fund collections revealed the fact that slightly over \$3,700 had been collected in the community-wide drive that started last Tuesday. Community Chest president, Pat McGuire said that from early indications it appeared certain that the drive would net the \$10,000 needed this year. Pictured above, completing the tabulation, are, left to right: drive Co-chairman Frank Arsen, Treasurer Eleanor Hammond, President McGuire, and Vice President Clifford Tait.

## Important State Issues For You To Vote on at Tuesday's Election

The state constitution of the State of Michigan provides for the following issues to be voted on at the general election on Tuesday, November 2, 1948:

- Proposal No. 1—This provides for a revision in the state constitution.
- Proposal No. 2—This provides for a revision in the state constitution.
- Proposal No. 3—This provides for a revision in the state constitution.
- Proposal No. 4—This provides for a revision in the state constitution.
- Proposal No. 5—This provides for a revision in the state constitution.
- Proposal No. 6—This provides for a revision in the state constitution.

## How to Mark Your Ballot

When you vote Tuesday be sure and mark your ballot in such a way that your vote will not be thrown out.

In every election held in Plymouth during recent years there have been from a half dozen to 15 or 20 votes that have been discarded by the election boards because of improper marking.

The election boards of this city are highly efficient and make an effort to strictly observe the election laws to the letter. It is for that reason that in every election some ballots are thrown out.

## THIS IS RIGHT.

When you mark your ballot be sure and put a cross like this in the square at the head of the ticket or in front of the name you desire to vote for. This is the right way to mark your ballot.

## THIS IS WRONG.

This kind of a mark is generally called a book-keepers check. Some dozen or more people in Plymouth generally mark their ballots by making a bookkeeper's check instead of using the cross, as provided in the election law. If you mark your ballot with this kind of a check, your ballot will not be counted and will be thrown out.

## Go early to the polls, take your time in voting. If you make a mistake while in the election booth, do not be afraid to advise the board members and ask them for help in remedying the error. This is permissible under the law. If you have marked your ballot in a way that you did not intend to do so, you have a right to ask the election board for a new ballot. The other one will be destroyed.

## Vote early Tuesday — and take your time.

## Banks, State Agencies Close on Election Day

Anyone planning on doing their banking next Tuesday had better call a change in plans. As in years past the banks will be closed on election day, November 2.

In addition to the banks, all state agencies will be closed for the day also.

School Will Hold Musical Classes In Methodist Gym

(Continued from page 1) stated this week that it is his hope classes can get underway there next Monday. It is expected to be used for five different sessions.

The school music department has been currently holding classes in the high school gymnasium, with the physical education classes holding theirs out of doors. Approaching cold weather, however, made it imperative that a class room be found as soon as possible.

Plymouth Halloween Plans Include Window Painting, Parades, Dance

(Continued from page 1) scene which will continue the extent of the windows to which they will be assigned. Unless weather will not permit, the painting will remain on the windows all day tomorrow.

Mrs. Overton expects them to finish their work by 3:30 p. m., at which time school is excused. Judging will be done between 5 and 7 p. m. Ray Williams, chairman, announced the judges as follows: Robert Wesley, Mrs. Gerald Handorp, and Mrs. Earl Becker.

The Central and Starkweather PTA organizations will cooperate with the Chamber of Commerce in giving parties for grade school students. Both will hold parades this afternoon. With students from Starkweather parading through the business district in the north end of the city and those from Central school winding through the residential section of town. If weather permits, the Central delegation will hold a brief program at the corner of Main street and Penniman avenue.

A lunch will be served by the room mothers as soon as they return to the school.

Tomorrow evening Halloween will again predominate in the social activities of the community, when the city-wide parade will get underway at the high school athletic field at 7 p. m. Everyone in the city has been invited to take part in the parade, and all are asked to appear in costume. Prizes will be awarded to the ones attired in what the judges consider the best outfits.

Following their parade, the street dance will get underway on Penniman avenue, between Main street and Ann Arbor trail. There will be no admission charge for any phase of the Halloween plans. Mr. Williams emphasized, as he explained that the dance is for all in the city. Music for dancing will be furnished by Evelyn Woods' orchestra.

Refreshments to be served consist of apples, pop corn, cider and doughnuts.

No one to look for a Communist under the bed. The bureaucrats seem to be falls Sullivan (Ind.) again.

Memberships in Chorus Available

There are openings for new members in the Plymouth Civic chorus. Director Fred Nelson reported this week.

The group rehearses each Wednesday at 8 p. m. in the Plymouth High school, and Mr. Nelson states he will be glad to meet any person interested in joining. The great oratorio, "The Messiah" is the work in rehearsal. "After an evening of working out the demanding phrases of 'For Unto Us A Child Is Born,' the singers go home with a feeling of satisfaction derived from having participated in the best in choral literature," Mr. Nelson said.

The performance will be given Sunday, December 12 at 4 p. m. in the high school auditorium. Included are four soloists to be announced, chorus and orchestra.

Plymouth Talent Feature of VFW Show Next Week

(Continued from page 1) the program continuity, introducing each scene.

More laughs are expected when impersonation of the Barn Dance program gets underway with Charles Messmore taking the part of Uncle Ezra. Ken Groth will have the part of Joe Kelly, general master of ceremonies, and Fred Jondreau is to impersonate the Duke of Paducah. Mrs. Lola Schultz will be the gal from Grinders Switch, Minnie Pearl.

Old time dancing, hillbilly and western music will come to the fore in this scene. The string band to furnish the music for the square dance will be the Texas Ramblers. There will be a square dance call and hay loft hoppers.

Lee Coolman, as the singing commercial man, appears at various times throughout the show. O. M. Valliquette, as Dr. J. Q. will give silver dollars to members of the audience who correctly answer his questions, and candy bars to those who fail to have the right answer.

In the "Story Hour" scene, Norma Robinson will have a cast of 100 school children.

Specially costumed Plymouth school students will appear at the Roxey Rockets and the Earl Carroll girls. In one of the dancing scenes, James Bartlebaugh will sing "Beautiful Lady." Girls named to take part are Betty Mims, Jean Gillies, Pat Green, Joan Dudley, Pat Dudley, Jackie Showers, Flora Fletcher, Shirley Hopkins, Joann Erb, Jean Daoust.

A local VFW official reports that advanced ticket sales indicate there will be a packed house at both performances. Advance tickets may be purchased from any member of the VFW or from Treadwell's Shoe Repair Service.

Committees from the VFW who are assisting with the show are headed by Donald Peck, Herbert Treadwell, Joe Merritt, James Bartlebaugh, William Norman, Dan Grubbsch, Don Nickerson, Howard Anderson, Matthew McLellan, Patricia Zak and Tom Zak.

In Spite of Soupy Weather Dawn Patrol Attracts 42

(Continued from page 1) arrived at Plymouth field. It was expected that close to 150 would have attended had weather conditions been favorable.

Close to 300 residents of this area packed out for the day's program at the field. Over 100 attended the breakfast served by the Lions club at the Veterans Community Center upon the arrival of all units and their guests. The 11th Airborne party was held at the Center, and the group returned to the airport at noon for gifts and the nation.

An example of the inflation that raged when the guests began bidding on articles with their bugle money, the ventilator fan which was put based for \$12,500, bid \$200, the \$15,000 sport coat for \$7,350, and shirts for \$600.

In the early part of the afternoon the S. J. Ritz club quadrille team presented a square dance on stage back with 16 dancers participating.

Following this there was a demonstration of gas-powered model planes which started and went through a series of acrobatics. The Lions club members reported satisfaction with the outcome of the day's program and stated that they look forward to putting on a larger and better Dawn Patrol next year.

Chest Leaders Pleased With Early Drive Returns

(Continued from page 1) top, and we are sincerely grateful to the men and women who have contributed their time to the solicitation.

The drive got off to a start on Tuesday morning with a kickoff breakfast at the Veterans Community Center attended by volunteers who later covered the business district. Present were co-chairman Captain William Roberts and James Hook, and Mrs. George Baker, Mrs. Edward Dobby, Mrs. Eleanor Johnson, Mrs. Thea Cushman, Mrs. C. D. Packard, Mrs. Leo Kowalek, Mrs. Adeline Gatos, Mrs. Anna Chapman, Mrs. L. B. Rice, Mrs. Myra Benson, Mrs. Florine Smith, Herbert Woolweaver, Patrick McGuire, Frank Arlen, Cass S. Hough, Alice Scott, Jan Tucker, Mrs. Mildred Barnes, Mrs. Walter Sumner, Mrs. Eleanor Gust, Mrs. Eina Lantz, Mrs. Walter Hammond, Mrs. Frank Arlen, Lincoln Lantz, and Mrs. E. R. Hohsel.

In the afternoon a tea was held at the Center for volunteers who made the list of home solicitors. All food for both the breakfast and tea were donated.

At the afternoon gathering were Mrs. H. A. Means, Mrs. W. B. Rinal, Mrs. C. W. Schuler, Mildred Hower, Mrs. Jane Carmichael, Mrs. E. R. Hohsel, Mrs. Lester Hoelt, Mrs. Ivah Bentley, Hulda Ebert, Mrs. Jane Thrasher, Mrs. Belle Young, Mrs. Richard Daniel, Mrs. O. M. Valliquette, Mrs. C. C. Civic Orchestra to Open Season on November 7

(Continued from page 1) changes and new faces in the woodland section. All this should make for great improvement in the general effect of this season's music, the director believes. The soloist for the first concert, Evelyn Woods, is by no means a stranger to the music-lovers of Plymouth and her rendition of the Emperor Piano Concerto by Beethoven will be one of the high points of the concert. Mr. Wagner continued. This concerto is among the most popular and well-loved works for the pianoforte and the Plymouth orchestra and soloist will play it in its entirety.

Other works of interest on the first concert include the "Air" for string orchestra by Bach; the first movement of the Symphony No. 41, known as the "Jupiter" by Mozart; and the "Fledermaus" Overture by Strauss.

The concert will start promptly at 4 p. m. and since there are no reserved seats, the audience is encouraged to come early to obtain good seating. The concert is open to the general public free of charge, and is made possible by the gifts of the patrons and subscribing members of the Plymouth Symphony Orchestra society.

Program of Fall Fashions Planned

(Continued from page 1) O. M. Valliquette, decorations; Mrs. Hugh Law, wardrobe mistress; Mrs. Horace Johnson, commentator; and Mrs. Norman Atchinson will assist Mrs. Johnson on the script.

During intermission Mrs. Harold Kellogg will sing a group of songs, accompanied on the piano by Mrs. Thomas Lock.

Stores which will furnish the fashions to be presented include: Norma Cassidy, Dunning's, Sally Shyer and Graham's.

There will be a short business meeting in the theater, following the fashion show.

Tuesday's Election One of Most Important In State's History

(Continued from page 1) of the fact that Michigan went Republican in the last election. The Democratic ticket is in second place followed by the Prohibition, Socialist-Labor Party of America, the Socialist Workers party, the Progressive party and the Socialist party.

But one mark on this ballot is permissible.

The official ballot for Wayne county contains the state, congressional, legislative and county tickets.

This is the largest ballot that the voters will be given. A voter can either vote a straight party ticket, or he can split this ballot if he desires.

One can vote for any Republican or Democrat candidate, but care should be taken in splitting a ticket so as not to make the ballot valueless.

Voters in this part of Wayne county, in past elections, have displayed great care in the marking of their ballots, and election officials expect a very small percentage of improperly marked ballots.

Another ballot will be the non-partisan, judicial ballot. One circuit court judge must be elected in Wayne county. There are also three probate judges to be elected and four circuit court commissioners.

These candidates are all on one ballot.

Another highly important ballot will be the official referendum ballot providing for six proposed changes in the state constitution. All voters should take great care in marking this ballot. Each question submitted is a highly important one and deserves the careful attention of every voter.

The small ballot you will be given is the one which will ask you to vote upon the question of whether a constitutional convention should be called for the re-writing of the entire state constitution.

It is evident from this information that Tuesday's election is going to be one of the most important held in this state in years. Go to the polls early and vote.

There is on display in one of the windows of The Plymouth Mail office, a group of five instruction ballots such as will be given you Tuesday. Look them over, if you desire, at any time.

Capacity Crowd Hears Governor

(Continued from page 1) place in the high school auditorium.

The Plymouth High school band gave a brief concert preceding the meeting.

Chairman Robert Simmons invited George Shafer of Redford, the 17th congressional chairman, to open the meeting. Col. Cass Hough was given the honor of introducing Governor Sigler.

Only Governor Sigler and Congressman Dondero made brief talks. The other candidates were allotted two or three minutes for brief introductions, all of them complying strictly with the requests of the chairman to be brief. Cider and doughnuts were served following the meeting.

William Bradford of Philadelphia was the first printer in the colonies outside of Boston.

### Recreation Commission Suggests New Games for Halloween Parties

Although the Chamber of Commerce has made extensive plans for celebration of Halloween in the city, private parties are still reported to hold a top notch on the popularity list, as in years past.

Entertainment during these gatherings, which will take place in many local homes, will in most cases follow a Halloween theme. This week the National Recreation association issued a number of new games to supplement the traditional and many-times-tried list.

One of the first described was a paper and pencil game during which the players are invited to write a cablegram, using words, each of which begins with a successive letter in "Halloween". "Suggest that the names of guests be used in the message," the association stated, for example "Helen always liked Louis. Ought we expect elopement next?" When all the players have finished their cablegrams, the instructions continue, they can be read by the writer, or exchanged with some other player to be read. A committee of judges may be appointed to award a prize for the best or funniest cablegram.

Another game suggestion was the Cat Race. "To play it, the group must be divided into two teams. One team is given a black paper cat pasted on a large paper, and the other an orange cat, similarly mounted. Neither cat has a tail. About the house or room are hidden segments (all more or less alike) of orange and black tails. On 'go', members of each team start looking. They may pick up only one segment at a time and take it to the team

leader who pastes it on the cat. The team which has the longest tail on its cat within a period of five minutes, or less, wins."

Another suggestion has been entitled "Witch's Brew." It states that "a room, or corner of a room, could be fixed up as a witch's cave, decorated with black cats, brooms, and so on. A large caldron is hung by a tripod over an artificial fire, and presided over by a witch dressed up in a long yellow skirt, red cape, pointed hat. The caldron contains sawdust or shavings in which packages are hidden. Each guest stirs the brew, saying: 'Bubble caldron, and boil in glee, and bring my fair fortune fair, to me.' Then she lifts up a package, which contains a souvenir and fortune in rhyme. One may be a tiny teapot, with the rhyme: 'A thin old maid in a parlor I see, with five cats and a parrot, pouring tea.' Or a penny and this rhyme: 'You'll marry a skinflint, a miser so grim, and never a penny you'll squeeze out of him.'"

"Name the Nose" is the title of the next game and to play it "A sheet is hung so that a person may stand behind it without being seen. A hole is cut in the sheet just big enough for a nose to go through it. The players form sides. Then one by one the players of one team hide behind the sheet and stick their noses through the hole. The other team tries to guess the identity of the noses, and on a slip of paper they write down the names of the persons to whom they think the noses belong. The side which scores the most points wins the game. A novel way to play this game is to paint a comical face on the sheet and make a hole where the nose should be. When a real nose pops through, the effect is so funny that it makes it a lot more difficult to guess the owner."

Suggestions for decorations were also furnished by the association. One was to "Hang orange fringe at the window sides and use straight strips of decorated crepe paper across the top. Grotesque crepe paper flowers can be made and placed in flower pots or window boxes.

"Arrange to have tick-tacks at the windows, piercing shrieks which come from nowhere, alarm clocks that go off at unexpected times, and various other noises that will add to the spirit of the affair."

 Corporal Ronald Heuttner, 19, son of Mr. A. W. Heuttner of Plymouth, serving with the First Medical Squadron of the First Cavalry division on occupation duty in Tokyo-Yokohama area of Japan, is now training with the First Cavalry division football team.  
 Cpl. Heuttner, former Plymouth High school athlete, has been active in all major sports since his arrival in Japan one year ago and promises to become a valuable man to the Cavaliers in their forthcoming bid for the all-Japan championship. He entered the Army in March, 1947.

Louis Vargha

For the fourth time this fall, Louis Vargha finished ahead of all his Plymouth competitors when he came in fourth behind three Ypsi harriers on Thursday, October 21 at Ypsi.

The Rocks lost this meet by the overwhelming score of 19-42. Louis has been the most consistent runner among the Rocks, finishing first in three meets, third behind Calvin Becker in the Belleville meet and fourth

against Ypsi.  
 Wynn of Ypsi took first place with a mark of 11:14 followed closely by Buck at 11:16. The Brave trio was completed when Dolph came in third at 11:37. All these times were better than George Buddy's 11:42 of last year. That was his best effort of the campaign.  
 After the Ypsi trio came Vargha and Becker at 11:49 and 11:51 respectively.

### Plymouth Frosh Take Second Win From Belleville

Keeping their record intact for the season, the Rock freshmen squad defeated Belleville 31-0 on Thursday, October 21. This was the blue and white's second victory of the season in as many games.

Harold Secord starred for the Rocks, tallying three touchdowns and an extra point. One of Harold's touchdowns was a run of 67 yards. Another long run was chalked up by left half back, Jim Rorabacher, who raced 50 yards for the six pointer.

The starting-line up is as follows: ends, Daggett and Beaver; tackles, Britcher and Kearney; guards, Finny and Finlan; quarterback, Secord; left half, Rorabacher; right half, Runge; full-back, McKinley.

### Two Teams Top Lutheran League

With four points gained last Friday evening, team 7 went to the top in the Lutheran league tied with team 2. Each squad has 17 points, although team 7 has won one more game than team 2.

The high game of the week was bowled by N. Vandersloot, who chalked up a score of 237.

### Dearborn Lowrey High Furnishes Opposition to Rocks on Home Field

Now in the midst in its first season of football, Lowrey High of Dearborn will play the Rocks this evening on the local field at 8 p. m.

Up to this point in the season Lowrey has played four contests, defeating Detroit Lutheran High 27-0 and Dearborn Roosevelt 29-0, while losing to East Detroit 19-0 and to Ecorse 28-26. This gives the Dearborn school a .500 record with two wins and two losses.

Lowrey has averaged 18 points per game. On the other hand they have limited their opponents to 10 1/2 points per contest. Later in the season Lowrey will meet their hardest test, Ypsi.

Meeting Lowrey will be like the calm after the storm to the Rocks, for last Friday evening the Rocks suffered a 45-0 defeat to the Suburban B champions, the Ypsilanti Braves.

The Rocks couldn't get by the Hills, Dave and John. Dave, a senior, lived up to all his publicity as he tallied three touchdowns on runs of 69, 45 and 18 yards respectively. John, a sophomore, went into paydirt on runs of nine and 13 yards.

After fumbling twice with the Rocks recovering both times in the early stages of the first quarter, Ypsi finally scored when Dave Hill broke off tackle and sped 69 yards to the end zone. On this play Hill gave a fine demonstration of open field running. Kersey kicked the point after the touchdown to give Ypsi a seven point lead at the five minute mark of the quarter.

The Rocks came back to get a first down on a pass from Ronnie Bouldin to Larry Finney, before the latter punted the ball out of bounds on Ypsi's 39. On the first play from scrimmage Howard Neely passed to Dave Hill, who raced to the Rocks 24 where he was hauled down from behind by Fred Pringle. Aided by a 15 yard penalty for illegal use of the hands, the Rocks held the Braves. Perry punted out on the Rocks 11 yard line.

After an exchange of punts the Braves went to work again. Starting on their 34, the Braves rolled down the field as Lowell Perry carried to the 46, then Perry let the Hill brothers do the rest. Dave went to the Rocks 18 in three plays. After a TD had been called back on an unnecessary roughness penalty, John Hill went over on an end run from the 13 to give Ypsi a 13-0 lead at halftime.

After the half the champions

really went to work. Dave Hill intercepted Keith Ebersole's pass on the Plymouth 45 and raced all the way for another six pointer. A few minutes later Hill tallied once more, this time on an 18 yard jaunt through the center. In the fourth quarter John Hill scored on a nine yard run, Bob Raham tallied another tally on a run of nine yards, and an unidentified player scored Ypsi's last touchdown in the last minute of play. After this score, Kersey made his second successful conversion to bring the final count to 45-0.

Ypsi had a bit of a mania in the initial stages of the contest to fumble, which they did several times with the Rocks recovering four of the boots. The Rocks fighting guard, Russ Hasselbach, recovered two of the fumbles.

### Rock Reserves Lose to Braves

Receiving a hard time from Lady Luck, the Rock reserve team lost to Ypsi 40-13 on Thursday, October 21.

After Phil Jacobus had taken the second half kickoff for an 80 yard run and a touchdown, the breaks started to fall against the Rocks. Trailing 19-43, Jacobus threw a touchdown pass to Lyall Heuttner, but a Plymouth man was detected offside to nullify the score. A few plays later the Braves scored on an intercepted pass. Later in the contest a Brave picked up a Plymouth fumble and scampered 60 yards for another score.

In the first half Phil Jacobus, a diminutive sophomore, tallied the Rocks first touchdown of the afternoon. After Jacobus' second score, Bill Burger kicked the extra point to complete the Rocks scoring for the day. Coach John Sandmann was pleased with the work of Neal Lamphear as quarterback. Previously Neal had been playing in the line.

The starting line-up is as follows: left end, Lyall Heuttner; left tackle, Earl Rafferty; left guard, John Bachelder; center, Dick Nelson; right guard, Doug Green; right tackle, Ken Thompson; right end, Bud Myers; quarterback, Neal Lamphear; fullback, Bob Anthony; left half, Bill Burger; and right half, Phil Jacobus.

### Ypsilanti Braves Take Suburban B Crown Again

As Ypsilanti stopped Plymouth Friday evening, the Suburban B grid season of 1948 became history with the Braves walking off with the championship once more.

With a 6-0 victory over Wayne Friday afternoon, Trenton pulled into a tie for second position with Wayne. This battle for second place was rough with several players on both teams being carried off the field. Trenton scored the lone touchdown of the contest in the third quarter on a 15 yard pass.

Redford Union defeated Belleville 21-13 to conclude the season's play in the league.

The last team on the Rocks schedule, Northville, lost to Keego Harbor 27-0. The loss was the Mustangs second against four wins.

### Eight Prepare Activity Calendar

A committee of eight persons has been working tediously for the past few weeks collecting information for a Plymouth activity calendar.

Those included on the committee are: Dora Gruebner, Mrs. Harold Curtis, Mrs. Ken Hulsing, Mrs. Myra Benson, James Gallimore, Mrs. Velma Jewell, Mrs. Ed Dobbs and Mrs. Rusling Cutler. If the clubs haven't been contacted by one of the above people, will the club's president or secretary call Mrs. Cutler at 22 as his or her's earliest convenience.

It is the desire of the club to have all the city clubs listed in the first annual Plymouth activity calendar. Herb Woolweaver, recreation director, wishes everyone to cooperate with this committee, for they are doing the city a great service. "The calendar will be valuable in making your dates," says Woolweaver.

The group will be taught by Foster Calahan, an experienced tournament duplicate player with the rating of Master Player in the American Contract Bridge League.

Woolweaver wishes to emphasize that this is for anyone interested in bridge, beginner or more advanced player, rubber bridge or duplicate player.

A feature of instruction will be the point count method of hand valuation, so simple that anyone can learn it in a few minutes, yet so accurate that it has displaced older methods in the game of the experts.

So come and learn bridge or improve your bridge. See how your game compares with that of other players in duplicate competition.

The cost is just the price of a show, 40 cents.

### City Bridge Club Begins Monday Eve at City Hall

As previously announced by Herb Woolweaver, city recreation director, Monday evening, November 1, is the date set for local bridge players and aspirants to meet at the city hall recreation office for the purpose of forming a Plymouth Bridge club.

The first portion of the period will be devoted to an explanation and demonstration of the fundamental principles of bidding and play, with some actual practice taking up the latter part. Duplicate bridge, which has become tremendously popular all over the country, will be introduced almost from the start.

The group will be taught by Foster Calahan, an experienced tournament duplicate player with the rating of Master Player in the American Contract Bridge League.

Woolweaver wishes to emphasize that this is for anyone interested in bridge, beginner or more advanced player, rubber bridge or duplicate player.

A feature of instruction will be the point count method of hand valuation, so simple that anyone can learn it in a few minutes, yet so accurate that it has displaced older methods in the game of the experts.

### Joe's Jottings by Joe Miller

A few weeks ago we placed on this page an editorial concerning tennis by Carl Pursell. Carl stated that Plymouth had not had a tennis team for several years, although much interest was pronounced in the school over the game and all the needed facilities were available. Also Carl, a young sophomore journalist at Plymouth High, wrote that the student council was discussing the idea for a team to represent Plymouth.

Results came fast. The student council appointed committees to find out about reviving the sport. A few days ago we received the word from reliable sources that tennis would be revived, if at least ten fellows come out for the team. Certainly more than ten fellows will try for the tennis squad and maybe that number will be doubled. We congratulate the student council and the school administration for such prompt action.

"Say, what a swell game our boys played out there tonight." That statement was typical of many heard by your reporter after the game last Friday evening against Ypsilanti. The Rocks did play a swell game against mighty Ypsi, a team that is rated among the best in the state. At the half only 13 points separated the teams. Coach Ed Shadford of the Braves was a bit on the disgruntled side at halftime, for his boys should have been out in front by many more points than that figure. For after all Ypsi had gone 27 games without tasting defeat and they were the second Class B team in the state at that time. Ypsi scored two or three touchdowns in the last portion of the contest when the injury-ridden Rocks couldn't put in such fine reserves as Ypsi did.

All this week students, teachers and coaches have been praising the local squad, as well they might. Although the team hasn't won one game all season, they need not feel ashamed for they certainly are displaying a fine spirit on the field. After all it isn't the winning of the game that counts, it is how you play the game.

In our suburb to the east, the Detroit Red Wings are really hot this year. Harry Lumley in goal is the best in the league. He is even exceeding the great Turk Broda of Toronto. No game is more exciting than the rough and tumble sport of hockey, especially when the Wings opponents happen to be the hated Toronto Maple Leafs. That recent trade which the Wings pulled off with the Chicago Blackhawks will really aid the Motor City sextet. Bud Poile is one of the finest players in the league and George Gee is no slouch either.

### Plymouth Shows Better Spirit Than Michigan

Although Plymouth has a losing team this fall, the same grand fighting spirit of the fans remain supporting the squad. For the opposite of this fine spirit just turn your attention to nearby Ann Arbor, where mighty Michigan holds forth with the best team in the land.

The following article is printed to reveal the difference in spirit between Michigan and Plymouth. The article was taken from the Michigan Daily of Friday, October 22:

"Michigan spirit is improving, as evidenced by the fabulous football team send-off at the station yesterday. Approximately 75 students watched the undefeated, stone-hearted Wolverines entrain for their "breather" against Minnesota. This, according to statistics in The Daily, is an increase of 75 persons above the three dogs and two cats seen sneaking around last year before the Wisconsin trip.

At a last glance, no players were seen doing back-flips from the rousing farewell."

# Plymouth Colony Farms

**"To Achieve For The Community Fellowship in Creative Occupation"**

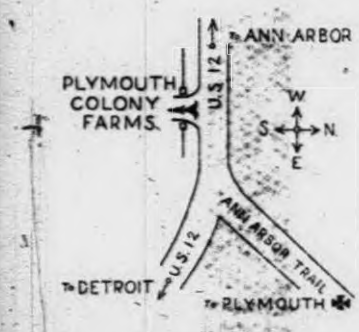

Among the creative arts and sciences Agriculture remains basic.

In addition to Agriculture, The Division of Weaving is the first of many creative occupations that will be sponsored by The Plymouth Colony Farms.

To observe a skilled weaver at the loom weaving into fabrics the colors of autumn leaves, of your beautiful china, or of your interior decorating scheme, is an experience in visual emotion comparable to the delight of listening to a symphony.

The Weaving Shops, temporarily located in the "Walt Whitman House" are open to the public daily from 2:00 P.M. to 5:00 P.M. except Sunday and Monday. Include them in your Christmas shopping excursions.

The school for individual instruction in weaving, textiles, and design will be open after January 1

Just up the hill from the junction of U. S. 12 and Ann Arbor Trail, two miles west of Plymouth.

## Officers Can Now Return to Duty

Many men in Michigan who served as officers during World War II will have an opportunity to return to active duty with the U. S. Air Force during the next few months, Plymouth's recruiting officer announces.

To meet personnel requirements authorized by Congress for the fiscal year, 1949 the Air Force has need for approximately 10,000 Air Reserve and Air National Guard officers. Five thousand will be recalled by the end of the year, and another five thousand by July, 1949.

Only officers commissioned in the Air Force Reserve or Air National Guard are eligible to apply. Former AUS officers may apply for Air Reserve commissions as an initial step in applying for active duty. Reserve officers in other components of the Armed Forces who desire to apply for active duty with the Air Force must first apply to their respective service for transfer of their reserve commission to the Air Force Reserve.

Vacancies exist in a wide range of professional, technical and administrative fields for officers under the age of 45 in all grades up through lieutenant colonel. Sufficient applications from rated officers are on hand to meet immediate requirements for most of the flying positions available.

Officers most needed are those with military or civilian experience in Communications—electronic and radar, Supply—procurement, production and negotiation, Management—finance, accounting, budgeting and statistics, Inspection—technical and administrative, Air Installation—civil engineering, Intelligence (especially photo-interpreters), Radar Navigation, Aeronautical engineering, Chemistry, Public Information, Weather, Law, Photography and Personnel.

Officers will be recalled in the highest grade held prior to relief from active duty. Officers whose applications are accepted will agree to volunteer for three years active duty.

## Former Ambassador Speaks at Town Hall

Arthur Bliss Lane, former Ambassador to Poland, will talk on "The Folly of Appeasement" at Detroit Town Hall, Wednesday morning, November 3, at eleven o'clock in the Fisher Theater.

The distinguished diplomat, veteran of 30 years in foreign service, resigned as Ambassador to Poland so that he might speak frankly of the dangers of Russian expansionism. He wrote the sensational book, "I Saw Poland Be-

trayed," in which he lashed out against "The Machiavellis of Moscow, and the Pussyfooters of the Potomac."

In his lecture, Lane will bring the explosive foreign situation up to date, will tell what brought it about, and will suggest ways and means of saving Western Europe from Russia.

Advance reservations for the lecture are available at Grinnell's, Woodward 2-1124.

Deadline for classified ads., Wednesday 5:00 p.m.

## Postmaster Back in Hospital for Check-up

Postmaster Harry Irwin who returned to the Veteran's hospital at Dearborn last week for another physical check-up, expects to be released in time to return home to vote in Tuesday's election. His condition is reported as greatly improved. The Irwins are hoping to leave for Florida before severe winter weather prevails in this part of the country.

There were no Chinese-language newspapers in America until 1900.

The first significant paper in the nation's capital was the National Intelligencer, established in 1800.

## "EASY DOES IT"

By HELEN HALE  
A REGULAR SHOE BAG with its numerous pockets is a wonderful thing to tack on the inside door of the kitchen closet. Put into it such small items as string, nails, screws, bottle caps, etc., that usually clutter the kitchen drawers.

ALL KNIVES that have become discolored will usually clean if you rub them with scouring powder and a damp dish-cloth.

After scouring the bath tub to gleaming whiteness, swish around a tablespoonful of soap jelly with plenty of hot water with a long handled brush to remove the last persistent grains of cleanser that like to cling to the tub.

**RECIPE OF THE WEEK**  
**Cranberry-Apple Relish** (Makes 1 1/2 quarts)  
4 cups fresh cranberries  
2 apples, pared and cored  
2 oranges  
1 lemon  
3 1/2 cups sugar  
Put cranberries and apples through food chopper. Quarter whole oranges and lemon, remove seeds and put through chopper. Add sugar and blend. Chill in refrigerator a few hours before serving. This relish will keep well for several weeks in the refrigerator.

After washing your chenille bedspreads, hang them on the line double and inside out. The tufts, by rubbing against each other, will dry fluffy.

IT'S A GOOD IDEA to place a small hand brush, bristle-side up, in the soap dish to hold the soap. This keeps the soap fairly dry and there will always be some soap on the brush when you need to use it.

Those broken bits of crackers that you don't know what to do with, make excellent crumbs if you'll just crush with a rolling pin and place in a jar for use as needed.

After woolen garments are washed, squeeze out the excess moisture into a thick towel by kneading motions. Then gently pull the garments into shape and pin against a towel or cloth so they will dry in the proper size and shape.

President Hayes was never friendly to the newspapers, and talked little during interviews.

There were no newspapers printed in the Greek language in the United States until 1909.

Today, for the first time in 30 years, you and your family are enjoying the clean, good government of a Republican Legislature in Michigan. Constantly fighting graft, corruption and subversive elements in our state, this Republican Legislature has clearly shown what ability plus unity can do in its outstanding accomplishments. To assure continued good government in Michigan—Vote a straight Republican Ticket on November 2.

**Judge Sempliner Attacks Juvenile Delinquency**

In a series of rapid fire addresses throughout Wayne county, Arthur W. Sempliner, Circuit Court Commissioner, linked our present housing shortage with the growing problem of juvenile delinquency.

As the presiding officer of the court dealing with the housing problem, Judge Sempliner said: "The doubling up of families—two and three to a space ordinarily built for one family, provides no place for children and teen agers to play. This causes them to gather on street corners and to seek amusement elsewhere.

Circuit Court Commissioner Sempliner will be remembered as the judicial officer who was first elected in 1941, entered the Army in 1942 and after serving four years overseas, returned to his place on the bench in 1947. In establishing night court for those who cannot come to court in the day time without loss of work and pay Judge Sempliner said "When a man has a family, to support in these days of high prices, he needs all his pay not just part of it. If he cannot come to court during the day, I'll hold night court for him."

**Moynihan is Candidate on Non-Partisan Ticket**

Joseph A. Moynihan, Jr., will be a candidate at the November 2nd election for the office of Circuit Court Commissioner on the non-partisan ticket.

Moynihan is a native born Detroit, educated in the Detroit Public and parochial schools. He graduated from the University of Detroit high school and went to Georgetown university to receive his Arts and Science degree in 1937 and then went on to the University of Michigan and received his law degree in 1940.

He was admitted to the Michigan Bar shortly thereafter and practiced law in Detroit until he volunteered for military service in July of 1941. While in the service, Mr. Moynihan was with the Judge Advocate's Office and Military Intelligence. He was honorably discharged in 1946 and once again resumed the general practice of law as a partner in the firm of Connolly, Moynihan and Connolly.

The birth of the Dionne quintuplets was one of the most publicized events in the 1930's.

**Ramon Dixon to Address Forum**

"Are you a citizen of the state of Michigan or a citizen of a school district alone?" seems to be the way the big question of November's voting will be discussed at the Plymouth Public Forum this coming Monday night, at 8 o'clock, in the Central Grade school auditorium.

Ramon B. Dixon, of the Michigan Survey, (a committee set up to watch over the state and local expenditures) will present the state's side of the proposal No. 2, as well as discuss the rest of the proposals.

A round table will be set up after his presentation consisting of a Farm Bureau representative, as well as a speaker from the Teacher's club and the city of Plymouth. Public discussion will follow.

The 1948-49 season starts with Fred Van Dyke, forum president, Thomas Mathews, vice-president, Mrs. J. R. Witwer, treasurer and Mrs. William Kaiser, secretary. Meetings are scheduled for the first Tuesday of the month beginning December 7. All meetings are free.

**Important to Property Owners**

**HERE IS WHAT PROPOSAL NO. 5 ON THE NOVEMBER 2 BALLOT COULD DO, IF ADOPTED:**

1. Permit a confiscatory tax rate of \$50 per thousand of assessed valuation for 20 years. This would mean you would pay in taxes the total assessed valuation in a 20 year period. The present limitation period is 5 years.
2. Permit a simple majority to vote for tax increases. The present law requires a two-third majority to increase the existing \$15 per thousand limitation.
3. Permit a duplication of the 1932 situation when 58% of the total value of Michigan real estate became delinquent.
4. Permit thousands to lose their homes through tax confiscation.

**Proposal No. 5**

is advanced for the purpose of securing more money for school buildings

**BUT . . .**

there is nothing in the proposed amendment to indicate that any portion of this additional taxation would be earmarked for either capital improvements or debt retirement, nor is there any limitation on its use.

We, like most property owners favor better school buildings where needed but urge a NO vote on Proposal No. 5 so that future legislation, fair alike to property owners and others, can be enacted.

## Patricia Evans Weds Lester Robinson

Patricia Anne Evans, daughter of Mr. and Mrs. Chauncey Evans, became the bride of Lester L. Robinson, son of the late Mr. and Mrs. L. J. Robinson, at 8 p. m. Saturday, October 23.

The double ring service was read by the Rev. Alexander Miller in St. John's Episcopal church before an altar decorated with white mums, palms, and white tapers. Mrs. E. Salow played "The Lohengrin Wedding March." Soloist Mabel Vickstrom sang "O' Perfect Love," and "The Lord's Prayer."

Given in marriage by her father, the bride wore a gown of cream brocade satin. A bertha outlined the marquise yoke of her bridal gown, and a full skirt extended into a circular train. Her full length wedding veil of French illusion was attached to a Juliet cap of matching satin caught at the sides by small clusters of orange blossoms. She carried a white prayer book which was adorned by a shower bouquet of purple orchids, baby mums and myrtle.

The maid of honor, Mary Agnes Evans, sister of the bride wore a gown of renaissance red moire which was styled with a sweetheart neckline, and peplums which were gathered at the waist formed a fish tail effect. With her gown she wore a matching half hat trimmed with an ostrich plume and matching mitts. Her flowers were Johanna Hill roses tied with cream streamers. The bridesmaids, Mrs. Valbert Groth of Hammond, Indiana, and Lessie Lou Hosmer were dressed similar to the maid of honor. Their flowers were Johanna Hill roses, and bronze mums tied with cream streamers.

The bridegroom chose Cleatus Rippie as best man, and the ushers were Richard Garber of Detroit, and Ronald Phillips.

Mrs. Evans, the bride's mother, was gowned in reseda green taffeta fashioned with a lace yoke with which she wore a matching hat, and black accessories, and to her purse was pinned an orchid corsage.

A reception with 150 guests

present was held immediately following the ceremony in the Crystal ballroom of the Hotel Mayflower.

Jane Evans Wilson of Norristown, Pennsylvania, a cousin of the bride, took care of the guest book during the reception. Guests were present from Norristown and Oaks, Pennsylvania, Hazel Park, Ypsilanti, Detroit, Ann Arbor, Pontiac, Lansing, Hammond, Indiana and Plymouth.

The date of the wedding was significant in that it was ten years ago to the day that the bride was confirmed in St. John's by the late Bishop Herman Page.

The young couple are spending their honeymoon traveling in the South. For traveling the bride chose a green satin suit, with a matching hat, black accessories, and the orchid corsage from her bridal bouquet.

Mr. and Mrs. Robinson will be at home at their residence on Mead road after November 15.

OFF ON PRIZE TRIP . . . Mrs. Maria Stroehmer, Philadelphia beauty crowned "Mrs. America," is assisted by her husband, Ray, as she dons corset to keep warm before boarding their plane for a flight to Klamath Lake, N. Y., for a week's vacation. The trip was one of her many prizes.

## Joan Stover Is Betrothed

At a dinner honoring her birthday this week, the engagement of Joan M. Stover to Jack E. Gerard of Detroit was revealed by her parents, Mr. and Mrs. Joseph R. Casselman.

Those present at the dinner were the immediate members of the family.

Miss Stover was graduated from Houghton Lake High school and is now employed by the Michigan Consolidate Gas company.

No date has been set for the wedding.

Donned in old clothes, the auxiliary and Jaycees enjoyed a Halloween party at Hilltop Golf course Saturday night. Roasting weiners and dancing were the highlights of the evening.

The monthly board meeting was held at the home of Lois Kleinschmidt. A donation to the Community Chest was made. Following the meeting cake and coffee were served by the hostess.

A son, who has been named Bobby Jack, was born to Mr. and Mrs. James O. Hicks of Starkweather street in Sessions hospital. The mother was formerly Betty Barnes.

Social items can be phoned to 1755.

## Jaycee Auxiliary News

A card party for both men and women is to be given November 20 at the Veterans Community Center. The proceeds are to go to the Sister Kenny Foundation.

## Phyllis Christensen Wed in Ann Arbor

The First Congregational church of Ann Arbor was the scene of the wedding ceremony of Phyllis M. Christensen, daughter of Mr. and Mrs. Lauris Christensen, to William J. Love.

Dr. Leonard Par read the double ring rites which took place at 8 p. m. on October 28.

White mums, palms and lighted tapers decorated the church for the candlelight services.

Joe Ciccerelli, accompanied by H. T. Strickland, organist, sang "Always" and the "Lord's Prayer."

The bride who was given in marriage by her father, carried a white Bible topped with white roses, ivy and satin streamers. She wore a gown of brocade satin with fitted bodice, long fitted sleeves ending in points over the wrist, and-marquise yoke.

The full skirt worn over a hoop ended in a circular train. Her fingertip veil of illusion fell from a scalloped coronet of seed pearls.

Attending the bride as maid of honor was Joan Dipboye, who wore a light aqua satin gown, matching gauntlets, and head-piece of bronze mums. The full over skirt of her gown was edged

## Marguerite Drews Is October Bride

At a High Mass Saturday, October 16, at 9 a. m., Marguerite Drews, daughter of Mr. and Mrs. Max A. Drews of East Ann Arbor trail, became the bride of Joseph Prentice.

The bridegroom is the son of John Prentice of Highland Park.

Rev. Father Mooney read the double ring ceremony which took place in Our Lady of Good Counsel church.

For her wedding the bride chose a gown of white satin with fitted bodice, full skirt and train. She wore a sweetheart cap with fingertip veil trimmed in lace and carried a bouquet of white roses and baby mums.

Mrs. Harold Rossow was her sister's matron of honor. She wore a pink satin gown and carried blush pink roses.

Another sister, Mrs. Edmund Podsiadlik, was bridesmaid. She was gowned in blue satin and

carried American beauty roses. The bridegroom was attended by Harold Rossow as best man, Edmund Podsiadlik was usher.

Mrs. Drews was attired in a dress of aqua crepe. Her flowers were yellow roses.

Following the wedding a breakfast was served to the members of the bridal party. At 2 p. m. a reception was held at the home of the bride's parents. Seventy-five guests were present from Wayne, Whitmore Lake, Detroit and Plymouth.

After a short wedding trip Mr. and Mrs. Prentice will reside on Camden avenue in Livonia.

Three-fourths of the state's recreational mileage is driven by Michigan residents, one-fourth by people from outside state.

## Mr. and Mrs. Kubitskey Honeymoon In East

Lighted tapers, white gladioli, mums and roses decorated the altar of Our Lady of Good Counsel church for the wedding ceremony of Mary Schomberger and Leonard Kubitskey.

The bride is the daughter of Mr. and Mrs. Stephen Schomberger of Hartsough street, and the bridegroom is the son of Mr. and Mrs. Stephen Kubitskey of Wayne.

The Rev. Olinska officiated at the 11 a. m. Mass, which was held on Saturday, October 16.

Preceding the ceremony the church choir presented appropriate wedding music, John Schomberger, uncle of the bride, was soloist.

The bride who was given in marriage by her father, wore a white net gown over matilla lace fashioned with fitted bodice, satin bustle, and full skirt over a hoop. The round neckline and cap sleeves were appliqued in rose design. Her fingertip veil was edged in the same applique rose design and fell from a coronet of flowers. She carried white roses and mums tied with white satin streamers in which were caught white baby mums.

As maid of honor, Rosemary Schomberger, sister of the bride, chose a gown of pale blue net, off shoulder style with fitted bodice and full skirt inserted with lace panels. She wore a blue picture hat circled with pink rosebuds, and carried a bouquet of pink roses and bronze mums.

A gown of pink net and a pink picture hat were worn by Helen Schomberger, sister of the bride, who acted as bridesmaid. She carried pink rosebuds and bronze mums. Other bridesmaids were Ethel Simon, who wore a dress of green net in the same style, and Mrs. Stephen Horvath, who chose a yellow net dress. They wore picture hats of the same material as their dresses, and carried arm bouquets of pink rosebuds and bronze mums.

Elton LaFrambois was the bridegroom's best man, and ushers were Robinson Kubitskey, George Kubitskey, and Stephen Horvath.

Mrs. Schomberger was attired in a green crepe dress with brown accessories. Her flowers were white gardenias. Mrs. Kubitskey chose a dress of grey and green print and a corsage of gardenias.

A wedding breakfast was served to the members of the bridal party and immediate members of the families at the home of the bride's parents.

A reception was held at the Veterans Memorial Center in Northville at 8 p. m. for 250 guests.

For their wedding trip to New

York, Niagara Falls and Pennsylvania, Mrs. Kubitskey wore a cocoa brown suit with brown accessories and a corsage of pink roses.

The bride was graduated from Plymouth High school and is employed by the Burroughs Adding Machine company. Mr. Kubitskey was graduated from Wayne High school, and is an employee of the Wayne Public Utilities.

Upon return from their wedding trip, Mr. and Mrs. Kubitskey will make their home on Dewey street.

## Veterans Hospital Needs Volunteers

Any women interested in working an hour or so a week at the Veterans hospital in Dearborn are asked to attend a special meeting held at the hospital on November 5 from 8 a. m. to 5 p. m.

An official of the MOMS announces that this program will supplement the Grey Ladies program, and is being planned for women who cannot devote as much time as the women who volunteer for that service.

This second service will be instituted as there is a shortage of volunteer help at the hospital.

It was emphasized that any time women can give to the program will be appreciated, whether it is only an hour a week.

Anyone interested in the project will be furnished transportation to at least the first meeting held November 5, and for further information concerning it should call 1492.

One-fourth of the total travel for the year is rolled up in the vacation months of July and August.

Phone local items to 1755.

Wisdom Literature in the Bible  
(Temperance).  
Lesson for October 31: Proverbs  
10:1-9; Ecclesiastes 2:1-3.  
Memory Selection: Proverbs  
10:9.

THE proverbs, three thousand of which Solomon wrote, belong to the "wisdom literature" of the Bible. They are distinguished from proverbs of other nations by their religious character.

The theme of those examined today is that wickedness does not pay. They who seek profit in wickedness are disillusioned in the end. But righteousness brings reward. God does not always make a good man rich, but he does give him peace of mind and security.

In Ecclesiastes, another form of wisdom literature, the aged Solomon examines the follies he had tried to the full. And the royal epicurean came to the conclusion of the whole matter, "Fear God and keep his commandments."

The lesson text was written about three thousand years ago, but how modern are its lessons! Attention to the first proverb found in the lesson would work a great change in our American life—sons and daughters would be saved from moral ruin and their parents from bitter disappointment. Diligence would work a wholesome change. Fewer hands would be held out for a dole. And fewer victims would drain the cup of strong drink to the bitterness of its dregs. Drinking intoxicating liquor does not pay. The only safe way to avoid its ruinous effects is to leave it alone. Total abstinence is the only safeguard against beverage alcohol.

Let us be warned and armed by the wisdom of the ages against the sinful follies that destroy at the last.

**Tractors don't get Aching Backs!**  
*... today's Farmers are Men of Steel!*  
 Today millions of American farmers depend upon steel tractors. Tractors that make the plowing easier and the crops larger. Tractors that help produce more food to build a healthier nation, more food for hungry people abroad.  
 There are already about 3,000,000 steel tractors at work in our fields. Last year from their greatest peacetime production in history, America's steel mills provided the steel to make nearly half a million new tractors for our farmers. And this year the mills are turning out more steel than in 1947.  
 In supplying steel for better farming, the steel companies make possible:  
**For You**—abundant food for the family table.  
**For Steel Workers**—many thousands of jobs at good wages.  
**For Everybody**—health and continuing progress.  
**IN THE NEWS...** Finished steel production in the first half of 1948 amounted to 442 pounds for every person in the country, twice the rate for 1939. Exports amounted to 34 pounds per person in the first half of 1948.  
**IN THE NEWS...** Although steel production last year set new peacetime peaks, mill accidents were fewer and less severe than ever before. Only two out of 40 leading industries had fewer accidents than steel per million man-hours worked.

An "old time" mechanic would be lost in a modern service department today. His working tools consisted mainly of a simple handjack, a few blocks of wood, a hammer, screwdriver and a few wrenches. With these few tools he could service a car. How different it is Today . . . .

The difficult mechanical problems our service department encounters are handled by expert Paul Schnegg who for 8 years has specialized here in this work. Ford repair men know Fords best.

Our mechanics have within their reach some \$4,000 worth of precision tools and equipment to use when they service a car in our garage.

The chain fall and hoist has now replaced the old wood blocks and hundreds of wrenches replace the few we used in 1921.

Skilled mechanics, in our garage today are factory trained. They know every part of the car they work on—Guesswork is a thing of the past.

In this modern repair department Ford owners are assured of complete satisfaction because our skilled mechanics know what they are doing—have the tools to work with and use GENUINE FORD PARTS TO MAKE REPLACEMENTS WITH.

**PEEK at the STARS**

By LYN CONNELLY  
NWNS Radio-Screen Editor

Ted Mack, veteran performer and former under-study to the late Major Bowes, presides over both shows . . . Mack, who has appeared in theaters everywhere, helped Bowes discover thousands of "amateurs" who have since become successful . . . "Farm raised youngsters are usually the most talented applicants," Mack contends.

The first second-generation Quiz Kid girl was born recently to Mrs. Margaret Merrick Scheffelin, 20-year-old ex-Quiz Kid now married to an air force officer . . . She shares second-generation honors with nine-month-old Phillip Teeter, son of ex-Quiz Kid Barbara Hutchinson . . . The airplanes are filled with range music these days, with Autry and Rogers singing and acting on their shows . . . The latest one to be smitten by the bug is Tex Ritter, who is negotiating for a network series.

**Platter Chatter**  
Things are slowing down these days in the record world but there are a few new releases that should be able to supplant "A Tree in the Meadow" and "It's Magic" fairly soon . . . Capitol has several good ones you might look up . . . One is the very popular "Whiffenpoof Song" done up handsomely by the Pied Pipers . . . A yummy rendition on the reverse of that favorite "Dream" will lull your worries away.

Nick Lucas, that crooner of yesterday, has been signed by Capitol in line with the modern trend toward banjo-playing and singing troubadours . . . Nick's first release consists of two songs he popularized in his hey-day and they're still very bit as good—"Tip Toe Through the Tulips" and "Side by Side" . . . Capitol has also re-issued Dennis Day's recording of "Danny Boy" backed by "Phil the Fluters' Ball," for those who like Irish music and lilting Irish voices.

**BABSON**

**BABSON'S CHRISTMAS COMMENTS**  
Once again we approach the Christmas season with prices high although inventories are again in good supply. All stores have reduced their stocks of shoddy merchandise and we now find better materials in most lines. In some cases, better than pre-war goods are now available. Continued high prices will not stop the usual late Christmas shopping rush. So begin your purchases now and save yourself and your dollars.

**SHOPPING TRENDS**  
Service and courtesy of employees has improved considerably, thus reflecting the slow trend from a sellers' to a buyers' market. Manufacturers are beginning to tempt the general public with luxury items such as television sets, deep freeze chests and electric blankets. In fact a real demand has been created for this type of merchandise by wide advertising. So fast are sales in television climbing that domination of the home entertainment field may be looked for within two years. These and like luxury items will be bought in part with income tax rebates.

With this year's bumper crops and accompanying lowered prices we might expect the volume of Christmas buying in farm areas to slide. Yet, the annual total of the farmers' income is nearly as good as last year, the larger crops partially offsetting the lower prices. Let us not forget, however, that a good part of this continued high income is due to the price support program.

**EFFECTS OF ELECTION**  
Although a Republican victory in November will undoubtedly brighten the outlook of business in general, it is unlikely to have much effect on Christmas shopping except among government employees. Christmas shopping in Washington will surely be less this coming December than it has been for many years. However, taken all in all, merchants may expect another bumper Christmas.

The expected business optimism following a Republican victory will be somewhat restrained this year. For business already knows, in the light of International dis-harmony, that it must do without unlimited quantities of steel and certain other raw materials. For we must never be caught dis-armed again. The stock market, however, should look more cheerful this coming Christmas than it did a year ago.

**Dances for Young Students Planned**

**THE YULETIDE SPIRIT**  
A woman said to me this summer that she hated to read the evening newspaper because it made her too "blue" to go to sleep. Since her remark I have been conscious of looking for what was optimistic in the evening news and I have found what I looked for. It isn't just at Christmas that parties are given for the kids. They occur throughout the year. Fishing competitions, skilled demonstrations in outdoor sports, club activities are going on all the year to brighten peoples lives.

Helpful new drugs have been covered this year and the uses of others improved. Deaths from pneumonia and some other diseases have been less in 1948. While the Russians were blockading Berlin all summer—the United States was showing famed old Masters from German Museums to United States art lovers. The admissions were collected to benefit unfortunate German children. And now I have been pleased to read that a prominent Japanese communist has admitted that his handsome new, double-breasted suit (a rare item in Japan) came from the United States and not from Soviet Russia.

**LET US REMEMBER OTHERS**  
The Christmas season and the New Year bring us hope of better solving our domestic problems.—problems concerned with such issues as juvenile delinquency, public health, debt reduction and labor relations. Let us show our gratitude by sending gifts to the children of the world. Let us pray that truth and fair dealing in international relations may add to the flood of good will generated by this season here in the United States.

There recently died in Bowringpet, Mysore State, India, a physician who for almost four decades has served Asia with medicinal pills—the Rev. Hugh H. Linn, M. D., founder of the All-India Missions Tablet Industry in Bowringpet. Dr. Linn, a native of Shelby, Iowa, went to India in 1909. Despairing of personally ministering to the millions who needed his skill, he conceived the idea of mailing compressed tablets to patients and to other missionaries who were outside the reach of medical care. Specializing in this field and in chemistry, he organized a tablet industry that before World War II was self-supporting and that shipped millions of tablets each year not only to Indian communities, but to Ceylon, Burma, China, Arabia, Iraq and Turkey. Almost all missionary hospitals and dispensaries of all denominations in India and Burma were supplied from his mission in Bowringpet. Recently the business was officially taken over by the Methodist Board of Missions. It is now in charge of Dr. Linn's son, Kenzie, a graduate pharmacist.

The Book of All Nations" is the theme of the annual Bible readings from Thanksgiving to Christmas suggested by the American Bible Society. The chapters all lend light and understanding to the theme, and the uniform readings by millions of people are sources of hope and help, says Secretary James V. Claypool. The suggested paragraphs for each day are: Nov. 25, Ps. 103; Nov. 26, Ps. 90; Nov. 27, Ps. 91; Nov. 28, Ps. 23; Nov. 29, Eph. 6; Nov. 30, Phil. 4; Dec. 1, John 17; Dec. 2, Rev. 21; Dec. 3, Ps. 121; Dec. 4, Ps. 27; Dec. 5, Acts 17; Dec. 6, John 15; Dec. 7, Hebrews 11; Dec. 8, Rom. 12; Dec. 9, John 3; Dec. 10, Rom. 8; Dec. 11, John 14; Dec. 12, Matt. 13; Dec. 13, Luke 14; Dec. 14, Luke 15; Dec. 15, Luke 16; Dec. 16, I Cor. 13; Dec. 17, Isaiah 55; Dec. 18, John 1; Dec. 19, Mark 4; Dec. 20, Matt. 5; Dec. 21, Matt. 6; Dec. 22, Matt. 7; Dec. 23, Isa. 2:1-5; 9:1-7; Dec. 24, Isa. 11:1-9; 40:1-11; Dec. 25, Matt. 2.

South Mountain, outside the City of Seoul, in Korea, is topped by the main Korean shrine of the Shinto (Japanese) faith. Hundreds of steps lead up and up to this shrine. "This was the scene of many forced pilgrimages made by people who were victims of Japan's compulsory state religion, but now is the scene of almost weekly demonstrations of various Korean political groups," says the Rev. James H. Moore, missionary in Seoul. "The gates significant to the shrine are now mere rubble—smashed by the Koreans themselves. This religion is entirely overthrown. Confucianism and Buddhism are lifeless here. Christianity, although small in numbers and suffering somewhat from the confusion which follows war, is still potent. Upon this mountain today is a Christian museum with objects significant to the growth of Christianity in Korea on display."

When Bishop Eleazar Guerra, head of the Methodist church in Mexico, counted up the church membership on the occasion of the 75th anniversary of the organization of the church in 1873, he found 27,000 members and a constituency twice that number. Now he is going on with an "advance plan" which calls for 27 additional U. S. missionaries; ten new chapels in the suburbs of Mexico; 12 new churches in other cities; training of more Mexican evangelists for the ministry; a theological seminary; and the beginning of a new ministry to win the 8,000,000 neglected Indians in the country's mountain areas.

**Dr. Barrett is PTA Speaker**

"Health in the school program, not a health program in the school," was the advice Dr. C. D. Barrett gave teachers and educators during the Starkweather PTA program last Thursday, October 21.

In addition to Dr. Barrett, Paul Johnson, elementary coordinator, was introduced as one of the program speakers, and he explained Proposals 2 and 5 to the attending members. A further feature of the day was a movie, "A Child Grows Up." It dealt with the varied activities most beneficial for the pre-school child, and the importance of proper medical and dental care.

The title of Dr. Barrett's address was "The Teachers Part in the Health Program."

He opened his discussion with a definition of health as "that state of physical and emotional well being which enables a person to live up to his capacities." In a summary of nuisance diseases, Dr. Barrett stated "Too much emphasis is placed on nuisance diseases. Some of these ailments respond to overnight treatment, others may take longer, but treatments are simple and generally inexpensive. Don't worry about where it came from or from whom. Just get rid of it and then forget about it."

Following the general discussion, refreshments were served by Mrs. Popp and her committee. A Halloween motif was followed for decorations.

**Surprise Party Held in Honor of Birthday**

The event of Mrs. Arthur Hanchett's 75th birthday was celebrated with a surprise party in her honor, given by her daughter and son-in-law, Mr. and Mrs. Dorcie Cockrum, at their home at Cady Corners on Saturday evening, October 16.

Among those present were her sons and families, and friends, including Mr. and Mrs. Clarence Hix, Mr. and Mrs. Gerald Hix of Plymouth, Mr. and Mrs. Arnold Hix, Garry, Patsy and Chuck of Northville, Mr. and Mrs. George Hix of Wayne, Mr. and Mrs. Donald Schifle, Mr. and Mrs. William Clark and children of Plymouth, Mr. and Mrs. Charles Fleischman of Northville and Mr. and Mrs. Arthur Raymond of Detroit.

Following dinner, games were played throughout the evening.

**SPARE THAT TREE!**— Graduate foresters at Michigan Bell are in charge of trained crews that trim trees and control brush which might menace telephone lines. They work with utmost care to preserve the beauty of trees and landscape. Thus far this year, tree trimming and brush control have involved 450,000 man-hours.

**"BLIFFY SNIFFER"**—That's the nickname for a sort of "electrical bloodhound" used by telephone men. When work needs to be done on a certain pair of wires in a cable, an electric tone is placed on those wires at the central office. **HANDLING A COUPLE OF LITTLE BOYS**  
HERE'S a neat little story that should appeal to all parents who read this newspaper, to all teachers, to all who have children for neighbors.  
A. F. Lord, of Stoughton, Mass., was left with the double task of being both father and mother to his two little sons. He says his boys were the usual run of the mill boys, pretty good as boys go. He had a housekeeper to look after them during the day, but after dinner in the evening, he took over.  
Leaving the boys in the evenings was his problem, for he knew what to expect upon his return: at first glance he would see that what had taken place was close kin to a football scrimmage. The rug would be kicked back into the corner of the room, books would be here and there on the floor, with maybe some backs broken, one or more pieces of furniture would be over-turned with, perhaps, some piece damaged. So he didn't go out very often.  
One evening it was absolutely necessary for him to leave the boys until nearly midnight. Thinking it over as he dressed, he was somewhat despairing. Finally, he decided to talk to those boys as if they were men with man-size sense of responsibility.  
He interrupted their homework to explain that it was necessary for him to leave the house occasionally in the evening, and that he left it to them to see that everything was taken care of while he was away. Adroitly he brought in remarks about how he would have to dig down into his pocket pretty deep to pay for any damage that might be done, and added that when he had to pay the housekeeper for unnecessary work, it meant paying her double.  
Then he told them that he was sure they could look after the place as well as he could and that they could get ready for bed with the same thoroughness as if he were there. After all, it wouldn't be very long before they would be men with a man's good judgment. That last remark seemed to make a hit.  
What did he find when he got back? An orderly house, and two boys asleep plus the display of two good washing-up jobs, even to necks and ears. He was so proud of those boys that he went to his room with moist eyes. The next night those boys were treated to the ice show.

**Saxton Tells of Bell Bond Issue**  
Michigan Bell must pay 3.05 per cent interest on \$75,000,000, forty-year debentures for which a bid of \$101,789 was accepted from a banking syndicate, reports J. R. Saxton, Plymouth manager.  
Proceeds from this issue will be used for repayment of construction advances to Michigan Bell by the American Telephone and Telegraph company. Michigan Bell is now just past the half-way point of its 5-year, \$220,000,000 postwar improvement and expansion program.  
The issue, second of the debt type by the company in its history, raised Michigan Bell's capital to \$250,000,000, the balance being in common stock. A \$10,000,000 first-mortgage bond issue by the company was retired in 1924.  
In colonial days newspaper publication would be suspended if ships from England with European news failed to arrive on time.

In 1850 the first newspaper in the United States printed in Italian was started.

TO THE HIGHWAY COMMISSIONER OF THE TOWNSHIP OF PLYMOUTH, WAYNE COUNTY, MICHIGAN.  
Your are hereby notified that the Board of County Road Commissioners of the County of Wayne, Michigan, did, at a meeting of said Board held on Thursday, October 14, 1948, decide and determined that the certain street described in the minutes of said Board, heretofore taken over as a County road, should be absolutely abandoned and discontinued as a public highway.  
The portion of the minutes of said meeting fully describing said street are attached hereto and made a part of the notice, which is given under and by the virtue of Act 203 of the Public Acts of 1929 as amended.  
In testimony whereof we have hereunto set our hand at Detroit, Michigan, this 18th day of October, A. D. 1948.  
BOARD OF COUNTY ROAD COMMISSIONERS OF THE COUNTY OF WAYNE, MICHIGAN  
Charles L. Wilson, Chairman  
Michael J. O'Brien, Vice-Chairman  
Prescott G. Brown, Commissioner  
Edgar M. Branigan, Clerk  
By Carl W. Eschscholtz, Deputy Clerk  
**ROAD JURISDICTION DETERMINATION**  
Commissioner O'Brien moved the adoption of the following resolution: WHEREAS, this Board has received a petition from eleven freeholders of the Township of Plymouth for the abandonment and discontinuance of that part of Micol Drive lying west of the westerly line of General Drive as dedicated for public use in Eastlawn subdivision of part of W 1/2 of E 1/2 of Sections 26 and 28, T 1 S. R. 8 E., Plymouth Township, Wayne County, Michigan, as recorded in Liber 52 of Plats, on Page 17, Wayne County Records, said Micol Drive being a certain road under the jurisdiction of this Board; and WHEREAS, pursuant to said petition and in accordance with the provisions of Section 18 of Chapter 4 of Act No. 283 of the Public Acts of the State of Michigan for the years 1929, and amendments thereto, this Board did, by resolution dated July 1, 1948 resolve that a hearing be held on said petition on July 29, 1948, at 11:30 a. m. eastern daylight saving time, at 3800 Barlum Tower, Detroit, Michigan, to determine the necessity of advisability of abandoning and discontinuing said Micol Drive; and WHEREAS, pursuant to the above mentioned statute, this Board has served a notice of said hearing upon all of the owners and occupants of lands intersected by or adjoining said road, and published a copy of said notice in the legal Courier, a newspaper published within the County of Wayne, on July 16, 1948; and WHEREAS, the said hearing was held at the time and place appointed by said resolution and this Board did then proceed to view the premises in accordance with the statute; and WHEREAS, it appearing from said hearing and view of the premises that the public will have no further use for the road in said subdivision so petitioned to be abandoned and discontinued; NOW, THEREFORE, BE IT RESOLVED, that all that part of Micol Drive, 50 feet wide, adjacent to Lots 8 and 9, as dedicated for public use in "EASTLAWN SUBDIVISION" of part of W 1/2 of E 1/2 of Sections 26 and 28, T 1 S. R. 8 E., Plymouth Township, Wayne County, Michigan, as recorded in Liber 52 of Plats, on Page 17, Wayne County Records, being in all 0.029 mile of subdivision street, be and the same is hereby abandoned and discontinued as a public highway.  
BE IT FURTHER RESOLVED, that this Board believes it to be to the best interests of the public that said road so abandoned and discontinued should be absolutely abandoned and discontinued as a public highway.  
The motion was supported by Commissioner Brown, and carried by the following vote:  
Ayes, Commissioners Wilson, O'Brien and Brown.  
Nays, None.  
Attorney: J. Rusling Cutler, 193 N. Main Street Plymouth, Michigan

|--|---|---|--|

There's a very good reason why people agree that Chevrolet gives a much smoother, steadier, safer ride than other cars in its field. That reason is that Chevrolet alone has the original Unitized Knee-Action Ride, backed by more than 14 years' experience in building Knee-Action units. This feature is found elsewhere only in higher-priced cars.

You will enjoy much finer performance with economy in Chevrolet. Its world's champion Valve-in-Head Thrift-Master engine holds all records for miles served, owners satisfied, and years tested and proved. And Valve-in-Head engine-design, like so many other Big-Car quality features, is an advantage that is found only in Chevrolet and higher-priced cars.

You and your family will ride in safety, thanks to extra-strong Fisher Unitized Body-Construction—safety plate glass in windshield and windows—the unmatched road-steadiness of the Unitized Knee-Action Ride—and the greater stopping-power of Positive-Action Hydraulic Brakes—fourfold safety-protection exclusive to Chevrolet and more expensive cars!

You know—and your friends know—that the emblem, Body by Fisher, is the hallmark of bodies that are better by far. Chevrolet's Bodies by Fisher reveal this finer quality inside and out—in every detail—including the hardware, the upholstery and all appointments. Naturally, these finer bodies are exclusive to Chevrolet and higher-priced cars.

Delivery of planting stock for the fall phase of the conservation department's cooperative farm game habitat restoration program is now being made, the game division has announced. A total of 59,000 shrubs, 47,000 of which are multi-flora rose, and 42,210 pine seedlings have been ordered for planting on farms in the southern third of the state.

Forty-eight plans have already been made with farmers this fall to improve conditions for game on their land and more are in the formative stage.

Last spring, as part of this continuing program, 218 farm plans were completed with schools and sportsmen also cooperating. The vocational agriculture departments in Breckenridge, Coldwater and Midland schools helped nearby farmers with the planting as a practical project in conjunction with their studies.

The soil conservation service is also cooperating by recommending farmers who are interested in the program and whose land needs attention.

Interest is being shown in the 1949 spring season with 32 plans already made. The game division cooperates by giving technical advice when the plan is made and in furnishing planting stock to the farmers.

A male black duck raised at the Mason state game farm made a near record by reaching the age of 10 years, a ripe old age for ducks. The bird was raised at the game farm in 1936, released at Munuscong in the upper peninsula in 1937, and brought down by a hunter's gun in the fall of 1946 at East Quogue, New York.

Discovery of the near record was made by conservation department game experts in checking U. S. Fish and Wildlife Service reports and recent returns made by duck hunters.

Another record brought to light at the same time was that of a young bird wild-trapped and banded in Jackson county in October 1933 which was reported found dead in Owensboro, Kentucky, in February 1946.

Ducks ordinarily do not live more than six or seven years, game men declare.

Purchase of 20,000 feet of frontage of the Little Manistee river by the conservation department will give the public access to some of the best trout water in western Michigan.

Five parcels of frontage lying on both sides of the stream below Nine-Mile bridge are included in the largest public fishing site purchase of 1948. Some of the frontage land is ideally suited for camping sites.

Wisconsin annually plants 15,000,000 young trees in its reforestation effort but deer destroy or seriously damage 40 times that much young forest growth, Ernest Swift, Wisconsin's conservation director, declared recently in a talk at a meeting of the International Association of Game, Fish and Conservation Commissioners at Atlantic City.

Swift explained that during the past two springs a Wisconsin crew of 20 foresters, biologists and game managers, including U. S. Forest Service personnel, walked over 3,000 miles on previously plotted lines through forest areas in the state investigating over 11,000 sample plots and painstakingly inspecting almost 160,000 specimens of young trees to get a close estimation of the extent of state deer damage.

"Excellent forest protection last year kept damage from forest fires in Wisconsin to only one out of every 500 acres," Swift said, "while if all the young tree reproduction damaged by deer and snowshoe hares were concentrated, one out of every five acres would be heavily damaged. This survey indicates that under present conditions the annual damage to commercially important forest trees in Wisconsin approximates \$50,000,000 seedlings."

Tree reproduction suffers but slightly on Wisconsin Indian reservations where Indians are permitted to hunt the year-around, Swift declared. He explained that a study shows that white cedar is reproducing 55 percent better on the Indian reservations than in any other area, hemlock and maple, 45 percent better, while white pine and birch is 30 percent better.

"No more conclusive evidence than that of the Indian reservation," Swift said, "than to wade hip-deep in young hemlock trees of an Indian reservation and then move to similar adjacent country to find more than half or all of the young trees severely damaged or killed."

He added that white pine, the tree that made Wisconsin a famous lumbering state, is now suffering severe damage to over half of its natural reproduction throughout the state's forest areas with the exception of Indian reservations. The commercially important paper pulp species, jack pine, shows a loss of over 40 percent of its natural reproduction. In central Wisconsin Norway pine suffered serious damage to one of every four trees.

"Game managers and foresters have no desire to eliminate the deer or snowshoe hare from the forests," Swift said, "but they believe that these animals, and especially the deer, must be kept in balance with their available food supply for the good of the animals themselves as well as to prevent excessive damage to basically important forests and agricultural crops."

"The general answer by the public to these reports is that the deer should be fed, and Wisconsin, through legislative mandate, probably has spent more money for this than any other state in recent years. Last year almost 1,000 tons of alfalfa hay and concentrated deer food were distributed in the state's deer yards to feed an estimated number of nearly 23,000 deer. The cost of this operation, \$72,000, along with the required payment of deer damage claims amounting to over \$55,000 last year, cannot be condoned in the light of these recent findings of deer damage to forest reproduction. It is generally conceded by game biologists that deer feeding is a waste of effort and money."

SKY KEY . . . Winston Churchill holds the key with which he opened the new headquarters of the 615th squadron of the Royal Auxiliary Air Force of which he is honorary air commodore. The ceremony took place at Croydon airfield, London.

One out of every ten miles driven in Michigan is recreational travel—well over a billion and a half vehicle miles in 1946.

By tradition, she's entitled  
to the last word. So Packard  
has built it for her!

She might not care whether what's under the bonnet is a "free-breathing" straight eight, or a turbo jet.

But when she praises delightful responsiveness, and the soothing smoothness of Packard power . . . we like it! (What man ever put so dainty a shoe against an accelerator pedal and got such results?)

She might not care whether Packard's superior roadability and handling ease are achieved by advanced engineering, or by happy little gremlins.

But when she tells us that her Packard has the restful riding ease of a

limousine, and the finger-tip handling of a tiny tot's stroller . . . we beam!

And when it comes to styling, and tailoring, and convenience features, she's always been the No. 1 authority—and New York's Fashion Academy confirms her good judgment in preferring Packard.

3.—At a convention of veterans held in Chicago, Capt. Howard P. Potter was elected national president; This veterans group is (a) Veterans of Foreign Wars, (b) American Legion, (c) Seabee Veterans of America.

4.—Palestine, which has been the scene of much bloodshed since its partition, is about the size of (a) Illinois, (b) Rhode Island, (c) New Hampshire.

### ANSWERS

- 1.—(a) Czechoslovakia, (b) Albania, (c) Finland. 2.—(a) Warren G. Harding, (b) Calvin Coolidge, (c) Woodrow Wilson. 3.—(a) Veterans of Foreign Wars, (b) American Legion, (c) Seabee Veterans of America. 4.—(c) New Hampshire.

Several property owners were present concerning the relocation of the water main on Penniman Avenue. The Mayor stated that Mr. McNamee would be present on Tuesday, October 5, 1948, to give further information on the location of the water main on Penniman Avenue.

It was moved by Commissioner Goddard and supported by Commissioner Whipple that the Community Fund be granted permission to conduct the annual Plymouth Community Fund Drive from the 26th of October, 1948, for approximately three weeks as requested in their letter. Carried.

A letter from the Liquor Control Commission was presented to the City Commission concerning the request of a SDM license for the Ford Grocery at 843 Penniman.

It was moved by Commissioner Whipple and supported by Commissioner Hartmann that the request of a SDM license to the Ford Grocery be denied. Carried.

It was moved by Commissioner Goddard and supported by Commissioner Latture that, in view of previous Commissions' policy,

permission be granted the Buick Motor Sales to erect a sign on their building, provided it does not extend more than eighteen inches beyond the property line. Carried.

The following resolution was offered by Commissioner Latture and supported by Commissioner Hartmann:

WHEREAS, Local units of government throughout the State of Michigan, including school districts, have been for many years in serious need of additional funds to carry on necessary services; and

WHEREAS, Despite the fact that the State of Michigan was in possession of an ever increasing surplus of revenue, repeated appeals to the Legislature for an equitable distribution of funds to local government were summarily denied; and

WHEREAS, In desperation, the people of the State exercised that important prerogative reserved to them and undertook the prodigious task of circulating and obtaining the necessary signatures to initiate a constitutional amendment to compel a distribution to local government of a portion of the State's surplus; and

WHEREAS, On November 5, 1946, the people of the State vehemently and by an overwhelming majority of nearly 300,000 votes, added a new section to the State Constitution, known as Section 23 of Article X, and

WHEREAS, This new section commonly described as the Sales Tax Amendment, provided a mandate for the return of one (1) cent of a State sales tax levy to be divided among the school districts, cities, townships, and villages, and for the mandatory making of annual grants to school districts out of general funds; and

WHEREAS, This much needed financial assistance to local units of government is vital to the continued existence of most of such units if they are to provide essential services; and

WHEREAS, The Legislature has submitted to a vote of the people this fall the question of repealing this section of the Constitution; and

WHEREAS, The repeal of this Sales Tax Amendment would inevitably result in financial chaos in many local units of government and school districts through-

out the State of Michigan. NOW THEREFORE BE IT RESOLVED, That the people of the City of Plymouth be, and they hereby are, vigorously urged to vote to resist this effort to deprive school districts and local government of this sorely needed financial assistance to which they are so equitably entitled, and, therefore, VOTE NO UPON THE REPEAL OF SECTION 23 OF ARTICLE X OF THE CONSTITUTION. Carried.

It was moved by Commissioner Latture and supported by Commissioners Hartmann that the meeting be adjourned. Time of adjournment was 9:25 p. m. Carried.

## Band to Present Program at Half

by Bonnie Wickens  
 At the game between Lowrey and Plymouth on the Plymouth field Friday night at 8 p. m., the Plymouth High band will again present the fans with an interesting half time show.  
 The band will make a large L for Lowrey and the traditional P for Plymouth, while playing the school's Alma Mater. Then the band will form a large bicycle while playing "A Bicycle Built For Two," and half moon playing "Shine on Harvest Moon" in keeping with the season.

It hasn't been decided whether or not Lowrey will bring its band. If they do, it will also perform; if not Plymouth's band will play a longer program.

## English Classes Study Parliamentary Procedure

English V classes meeting first, fourth and sixth hours under the supervision of Irene Waldorf, are practicing parliamentary procedure to learn what to do in class and club meetings, and in other organizations in future years.  
 The class posing as a student government body is making suggestions concerning how the members can better the school and grounds.  
 The students also are having round table discussions which enable a student to express his own feelings on debatable issues.

## Students to Elect Favorites Today

by Melvin Schultz  
 Plymouth High students are voting for their presidential favorites today in a mock election held by the government classes.  
 The faculty members compose one state and the students have been divided up to form the other states.  
 The purpose of this election is to compare the opinion of Plymouth students with that of the state and nation.

The students registered to vote Wednesday and Thursday if they had not already done so for the school elections. James Latture and Miss Gertrude Fiegel will supervise the election which will be handled the same as any school election.

## Students Decorate Store Windows

by Janet Sexion  
 Students from Mrs. Overton's art classes are painting the windows of the downtown stores today with Halloween decorations.  
 The students have been divided with a chairman for each group. The chairmen are: first hour—Betty Mino, Lois Osgood, Wanda Nielson, and Roy Bowen; second hour—Joy Evanoff; fourth hour—Barb Finnegan, Dave Reitzel, Ross Markely and Jean Gilles; fifth hour—Larry Bentley, Wanda Branthoover, and Bruno DeBenedict; and sixth hour—Joan Dudley.

The students have designed the decoration of orange and black on white, and have been excused from their classes to work all day on the project.

## "Hard Times" is Dance Theme

by Dorothy Curtis  
 A "hard-time" theme has been planned by the Leaders' club for the Sadie Hawkins dance.  
 Before entering the dance each person must remove his shoes.  
 Jane Pierce volunteered to be general chairman. The following committees and chairmen were chosen: publicity, Mary Vincent; entertainment, Pat Zink; decorations, Lois Osgood; refreshments, Katie Trucks; clean-up, Wilma Latture; tickets, Sally Holcomb; chaperones, Roberta Merritt; check room, Kay Dobbs.

## Costumes, Skits Highlight Party

by Nancy Stevens  
 The high school gym was the background of many colorful costumes and skits Tuesday, October 26, at 7:30 p. m., when the All Girl party, given by the Y-Teens took place.  
 Any girl, grades nine through twelve, was welcomed and admission was free.  
 Committee chairmen in charge of the party were: publicity, Barbara Goodbold; refreshments, Sally Zink and Beverly Hokenson; entertainment, Shirlee Hopkins; skits, Rita Datcher; grand march, Nancy Stevens; decorations, Pat Pine.

## Band to Perform at Toledo U. Game

The Plymouth High school band will journey to Toledo tomorrow to play at Glass stadium for the Toledo university-Baldwin Wallace college football game.

The latter college is Band Leader Paul Wagner's Alma Mater.

School buses, leaving at 4 a. m. Saturday, will carry the band members to the Ohio City and the Kasco feed store truck will be used to carry the instruments. Upon arriving in Toledo, dinner will be served to the group.

During the half-time the band will form a crescent and play "Shine on Harvest Moon" in true Halloween spirit. A bicycle with "Bicycle Built For Two," an automobile representing "My Merry Oldsmobile" and finally a heart with Verna Rice and Jack Shields walking to "Let Me Call You Sweetheart" will complete the program.  
 The buses are expected to return around 12 midnight.

## "Snappers" Fall Pictures Judged

by Mary Ann Witwer  
 The Photography club held its meeting, October 25, in the science room, where each member brought fall pictures he had taken during the past month for judging.

Jack Gage won first prize, Jim Butt won second, and Jack Gage, third. Members are to take pictures of architecture for next month and bring them to the November 29 meeting.

Rules for using the dark room were read and discussed. They are:

1. No one, who is not a member of the Photography club, can use the dark room, except by special permission from Mr. Smith.
2. Students using the dark room must sign in and out.
3. The dark room can be used between 8 a. m. and 5 p. m.

## Twenty-Three Members Qualify for Y-Teens

Twenty-three girls who took the Y-Teen test Monday, October 18, have passed the requirements.

These consisted of writing from memory: Follow the Glean, Y-Teen Purpose, the Y-Teen Prayer, and having at least a "C" average. The girls are: Norma Helm, Roberta Merritt, Nancy Walton, Joyce Smith, Pat Granger, Carol McPherson, Naomi Mishler, Joan Lightfoot, Shirley Plant.

Dorothy Wright, Jackie Showers, Flora Fletcher, Pat Dudley, Arlene Walker, Lynn Bennett, Anne Vincent, Virginia Skelly, Dorothy Curtis, Barbara LaMay, Diane Arscott and Arlene Dowling.

The new members will be notified at a later date as to what they have to do.

## Hi-Y Has Hayride

The Hi-Y held its first hayride Saturday, October 23, from 8 to 10 p. m.

Two wagons, which were attached together in tandem style and driven by Douglas Blunk, were required for the 18 couples present.

After the hayride was over, a weiner roast was held in Riverside park at "Breakfast Nook."  
 The hayride and weiner roast were chaperoned by Harry Reeves, director of the Hi-Y club at Plymouth High school.

**PTA Through US Invites Members**

Membership invitations are being issued this month by the local PTA units to parents and teachers throughout the country, said Mrs. L. W. Hughes of Arlington, Tennessee, president of the National Congress, and "with the objective of bringing the number enrolled to six million as compared with 5,127,896 last year and with 2,222,219 ten years ago the membership is expected to be nearly triple that of a decade ago.

Mrs. Elmer Church of Kalamazoo, president of Michigan Congress of Parents and Teachers, said, "All adult citizens of Michigan... fathers, mothers, teachers, or just persons interested in children, are invited to enroll and participate actively in our PTA program of service."

In a recent publication of the National Congress of Parents and Teachers, the objectives of the PTA were listed as follows: To promote the welfare of children in home, school, church and community.

To raise the standards of home life. To secure adequate laws for the care and protection of the youth of the nation.

To encourage closer co-operation between parents and teachers in training children. To develop between educators and the public such united efforts as will secure for every child the highest standards in physical, mental, social and spiritual education.

The membership enrollment will be conducted by individual school PTA units under the direction of their respective membership chairmen here.

**McNally Seeks Re-election as Prosecuting Attorney**

James N. McNally is the Republican nominee and candidate for re-election to his second term as Wayne county's prosecuting attorney. The efficiency of Prosecutor McNally's administration is reported to be best evidenced by the high record of convictions in criminal cases and in the increased regard and respect of the public which he and his staff have built up.

James N. McNally served as Justice of the Peace in Grosse Pointe for 12 years, and was called from this work by the Navy in 1941, serving overseas in the Pacific theater from June 1944 until January 1946 with distinction.

**THIS WEEK IN Washington**

WHILE the much-heralded controversy between Oscar W. Ewing, federal security administrator, and John W. Studebaker, resigned commissioner of education, before the senate investigating committee, came to naught, agitation was again started in behalf of the plan to make the department of education a separate and independent agency.

Studebaker practically apologized for his remarks charging that Ewing hampered his efforts to teach school children about the evils of communism. "It was not my purpose to cast any doubt upon the loyalty of Administrator Ewing or any of his associates," Studebaker said. And Ewing said his objection was based upon his opinion that exposing of communism should be left to the state department and the FBI and was not within the province of the department of education.

Dr. Studebaker, however, raised again the question of taking his department out of the federal security administration and making of it an independent governmental agency operated by a board.

"I'd like to see the authority in the office of education stem not from any one in partisan politics, but from a board" . . . Immediately the national education association issued a long statement by its executive secretary urging such action and the appointment of a professionally qualified commissioner of education, responsible to the board for the conduct of his office.

NEA pointed out that it was the national mouthpiece for 52 states and territorial teachers associations and 2,400 local teachers' organizations with 450,000 direct voluntary members, and enrolls a total of more than 850,000 teachers in all classes of affiliated membership representing every community in the United States.

For the past two years at its annual meeting NEA has adopted such a resolution calling for an independent educational agency. Said the NEA—

"No agency exists at the federal level whose primary function is to take discriminating account of powerful social demands for national action in education, and of the need for positive but properly limited and coordinated federal participation in education."

It is difficult to understand how the President can blame the Republicans for all the ills about which he complains when a large majority of the members of his own party in Congress voted against his program—Washington Herald.

NEA suggests that the board consist of lay members, and this fact, namely that the board would be composed mainly of laymen of broad vision and public spirit rather than paid federal officials, would be a guard against administrative control of the schools in the various states.

Also urging federal aid for the state schools, the NEA pointed out that many billions of dollars have been voted on a piecemeal basis to the nation's schools from time to time.

" . . . The mistake is sometimes made of assuming that financial aid is synonymous with control of program and administration. This is not the case. The presence or absence of control as a by-product of financing depends upon the terms of the legislation. Control may be written into a federal aid bill or it may be excluded. This depends upon the desires of the members of congress."

THE STATES HAVE BEEN NOTIFIED of their share of the 450 million dollars authorized by the federal-aid highway act of 1948 for fiscal 1950. The act authorizes distribution of that amount both in 1950 and in 1951. So of the 900 million dollars to be distributed, allocations start with \$30,085,757 for 1950 in New York and range down to \$1,805,846 in Delaware.

ALTHOUGH THE 80TH CONGRESS by-passed a national health law it did pass four laws pertaining to health . . . the world health organization, providing for membership and participation by the United States in the world health organization and authorizing an annual appropriation of \$1,900,000 for the U. S. share of the expense; the national heart act providing for a program of research and training relating to cardio-vascular diseases, establishing the National Heart Institute and authorizing grants-in-aid to states for community heart disease control programs and appropriating \$500,000; the dental research act establishing a National Institute of Dental Research within the public health service and authorizing PHS to conduct dental research and make grants-in-aid for such research; the water pollution control act which calls for foundation of a nationwide program for promotion and control of pollution in interstate waters.

**Agent Advises on DDT Spray Use**

Applications of DDT can be a very effective answer to your moth control problem if you use it correctly, Emma DuBord, home demonstration agent, tells Plymouth housewives.

Use a 5 per cent solution of DDT for spraying on closet surfaces, floors, carpeting, around baseboards, or on other surfaces where the insects are breeding or where they may come in contact with the DDT residue. Remember that DDT differs from moth flakes or crystals in not giving off a gas or odor, she reminds.

DDT also protects clothes against moths. DDT solution can be sprayed on clothes without injuring any fabric that can be dry-cleaned. Too much of the DDT solution may leave a white deposit on dark fabrics, but it can be removed by brushing or dry cleaning.

These residual sprays leave a number of poisonous crystals which will kill insects for weeks after the spray dries. These residues will kill insects as they emerge from hiding places and crawl around. Solutions of DDT in refined kerosene are satisfactory for use in households.

Do not spray oil solutions near open fires, because the oil may catch on fire. Remove from the room or cover house plants, fish and pets when applying DDT. Wash your hands when you have finished applying DDT. Do not allow any spray to touch eating utensils or food and keep it out of the reach of children.

**Is It Costing You Money to Save Money on Egg Mash?**  
These Figures May Surprise You!

A Leghorn hen eats about 40 lbs. of Larro Egg Mash a year. Therefore, 1 ton of Egg Mash will normally feed 50 laying hens for 1 year. 50 hens x 1 more egg per month = 50 extra eggs per month. 50 extra eggs per month x 12 months = 600 extra eggs per year from 1 ton of mash. 600 eggs = 50 dozen x 45c per dozen = \$22.50 more income per ton of mash—  
—actually \$1.12 per bag.

See how just one extra egg per hen per month wipes out a price difference of \$1.12 per bag of feed? See how much profit you can lose by being penny wise and pound foolish in buying egg mash? Get Larro Egg Mash—watch results.

**From Atlantic to Pacific — DYNAFLOW'S terrific!**

WE'VE seen our share of successes over the years—but we'll tell you this: Nothing has ever prompted the praise or stirred up the excitement that's greeting this Dynaflow Drive.\*

Women who've never driven before find that Dynaflow makes the handling of a car simpler than riding a bicycle.

Old-timers—who've always boasted that they can get a lot more out of gear-and-clutch driving than anyone can get with a new-fangled gadget—

come back from a sampling of this drive and say, "Where has this been all my life?"

Even folks who sit in back seats, while someone else handles the wheel, find that the whole ride has a matchless smoothness, thanks to Dynaflow Drive.

What Buick engineers have done is step out and away—far ahead of their brothers in the industry.

They've made oil do everything that shifting gears used to do—and do it better.

Oil replaces the friction clutch. Oil eliminates the usual forward gears. Oil transmits power from your engine to the rear wheels by a whole new set of principles that give you a thrilling sense of command

such as you've never known before.

Why don't you make a date to sample this driving magic?

Why don't you feel the eager rush—the joyous lift—the nimble response of 150 horsepower, working for you with velvet obedience?

Better yet—get in your order. We'll book it gladly, whether or not you have a car to trade.

## LIGHT VOTE EXPECTED

ALL signs seem to indicate that the turnout at the polls on November 2 will be the smallest in any presidential election of the past 100 years.

New York is one of the few cities in the nation where a new registration of voters is required every year. It invariably has provided an almost exact tip-off as to how heavy the national vote is going to be. This year the New York registration is extremely low.

Translated into national terms, the New York figures indicate that only 45 or 46 million Americans, about half of the 94 million who are entitled to vote, will go to the polls. Experts say that considering the large population increase, 58 or 60 million persons should be voting this year. In 1940, when Roosevelt won his third term, the vote was just short of 50 million.

### Negligent Voters

It is evident that the American citizen is growing careless of his voting rights and responsibilities. A smaller percentage of the eligible voters cast their ballots now than

Most of the early spring-songs of birds is by way of announcing their claim on certain nesting areas.

did back in the Roosevelt-Taft election 36 years ago. When McKinley defeated Bryan, 75 per cent of the voters turned out compared with 55 per cent in 1944.

The Middle-West has the best voting record. Illinois led the nation when 75 per cent of the eligible voters went to the polls in that state in the past presidential election. Indiana's standing was 70 per cent; Wisconsin, 66 per cent; Michigan, 59 per cent; Nebraska, 70 per cent; and Iowa, 67 per cent.

In several states only 10 or 15 per cent of the eligible voters cast their

ballots in the 1944 election.

### Foreign Record

The voting record of almost every nation where the people still have the free democratic vote is better than that of the United States.

In the recent national elections in Sweden, 82 per cent of the eligible voters turned out. In the last national election in England the vote was 76 per cent and in Canada it was 74 per cent. In the French and Italian elections more than 80 per cent of the eligible voters cast their ballots for democratic victories.

"The Little Theater Players" has just been organized in Detroit, with P. Ralph Miller of Plymouth, as director. Your Weekly Guide  
by G. Cardinal LeGros

It is only natural that when election time rolls around many people are curious to know if astrology can predict the outcome. Who will win — Truman or Dewey?

In the first place, astrology is one of the occult sciences—one of the ancient keys to wisdom. And occult science explains that such a big thing as a national Presidential election is not a simple matter concerning only two or three men, but a vast, complex affair involving the thoughts and lives of millions of us. Just as the outer life of you and me is the expression of what we are inside: our thoughts, emotions and aspirations, so is the outer life of our nation the exact expression of the aggregate thoughts and feelings of all the people who make up the nation.

Therefore, Dewey will win if he best expresses the consciousness of us all; Truman will be president again if our consciousness has remained unchanged. It looks very much like most of America has developed a "Dewey consciousness" and discarded the "Truman mood". Even clever people like Walter Winchell (who seldom favors a losing cause) is favoring Dewey. Astrologically speaking, Dewey should win because he has a much better, sounder horoscope than Truman. In fact, Truman's chart does not indicate any exceptional ability in any direction. It is a horoscope of pure luck, and little more. The study of his life proves that.

Dewey's chart indicates a powerful, efficient, clear-headed executive who knows how to get things done, and how to make his energies count for the most. He would make an ideal President. The only trouble, politically speaking, is that he is not "one of the boys", does not possess what is known as the "common touch", but remains aloof from cheap appeals to the people. He is a man of destiny and he respects the position that he is sure will be his.

Truman on the other hand, was trained in the lowest world of power politics, and employs every trick of the trade. He is not well-integrated, nor is he a clear-headed thinker. But he knows the rough-and-tumble of political battle better than Dewey does. And herein lies the danger. A serious war-scare may sweep the nation just at election time, or shortly before, and keep him in. If the people refuse to be frightened by this scare, he will lose and a new president, eminently more qualified, will be elected.

The horoscope of the United States shows clearly the danger of this "war scare"—or some unexpected and disturbing news within the coming week. And, as we said in the beginning of this column, the consciousness of the people in America will dictate who the next president will be. If our consciousness is that of fear, then Truman will be back in; if we refuse to get the war-jitters, then Dewey will be elected. It is almost a toss-up in view of the unusual state of affairs around election-time as shown by the horoscope of the United States.

The election this year is far

more than just the selection of a man. It is the choice between two radically different ways of life. Truman represents the rags and tatters of the dead New Deal, he is a Missouri ghost haunting the deserted halls of a dead king. He became president by sheer luck, not by merit. It is quite possible that he does not, even at this late date, understand what the responsibilities of being president are. This is no partisan criticism, it is simply observation based on the study of his life and the analysis of his horoscope. He is not a big man. But few of us are. We who are small belong in small places, and should stay there.

Dewey is big. He has proved it through his work in New York. He belongs in a big place. And it is frankly the duty of us American people with the future of our nation at stake, to see that Dewey gets in. And we will put him in if we aren't led astray by the empty fear that we shouldn't change horses while crossing a stream, or about to cross one that won't really exist. There will no real war with Russia or any other nation for some years, and even then it can be avoided if we have some real statesmen at the head of things. The chart of the United States shows no possibility of war with foreign powers for some years, but it does show real danger of internal troubles that could be as devastating as war. Therefore it is all important that we have at the head of things a courageous, intelligent, honest man who will give to his country instead of taking. The power of his horoscope indicates that he will become our next President. The only thing that can prevent it is our fear. Let us be as fearless as he.

The writer hopes that the column this week has helped the readers to see how astrology approaches such a big question. Remember that true astrology is not fortune telling. It is simply the study of influences that are brought to bear upon us indi-

vidually and as a nation. What affects one of us affects all to some extent. If we vote with courage and faith next week we will be strengthening our characters so that we can better face the issues that arise in our personal lives. The writer also wishes to thank the readers who have written to him and telephoned in regard to their own problems. To

the extent of his ability and time he will gladly offer such help as he can. If you are troubled, and think that he can help you, feel perfectly free to communicate with him. Write to G. Cardinal LeGros, 1111 Burlingame Avenue, Apartment 405, Detroit 2, Michigan. Telephone Townsend 5-5096.

THE NEWEST THING IN MOTOR CARS

**FUTURAMIC!**

ORIGINATED BY OLDSMOBILE—EXCLUSIVE TO OLDSMOBILE! Futuramic is the new word for the last word in motoring. And Oldsmobile is America's only Futuramic car!

There's a look of action . . . of poised power . . . a hint of spectacular performance in the low, blending lines of the Futuramic Oldsmobile. It's "Futuramic" in design . . . in the proud arch of its power-packed hood . . . in the dramatic sweep of its fleet silhouette. And the sheer grace of its over-all beauty matches the striking simplicity of its smartly tailored interior. There's "Futuramic" comfort in the wider seats and smoother ride . . . there's panoramic visibility all around in the new Body by Fisher.

And when you take to the road in this sparkling new car, you'll discover the thrill of Oldsmobile's swift, silent tread . . . the smoothness of easy-operating Hydra-Matic Drive. You never shift gears . . . never push a clutch. Press down on the gas pedal . . . push down all the way. In a split second, you leap away . . . flashing forward with the controlled rush of Hydra-Matic Drive's downshift feature, Whirlaway! For greater safety . . . for greater performance, for superlative driving ease, it's General Motors Hydra-Matic Drive plus Whirlaway! —And it's Oldsmobile that leads the way to America's motoring pleasure with America's only Futuramic car!
