

Pay \$115,000.00 To Local People As Christmas Checks Are Mailed

Plymouth residents are some \$115,000.00 richer this week end with the pouring into local homes of Christmas savings accounts from the city's two banks.

This is the largest amount ever paid out in the city and some 1,600 different people participated in the payments. Most people that had accounts in the banks expressed the opinion that the funds would be used almost entirely for Christmas shopping purposes and local merchants reported that they already felt the influence of these dollars in their stores by early holiday shoppers.

Local merchants also pointed to the fact that already their shelves were stocked with merchandise that had been ordered for Christmas and that they had done everything in their power to make shopping easy for everyone in this area.

If early shopping is any indication of what's ahead for local merchants and also local recipients it looks like a mighty fine Christmas for everyone in Plymouth.

CONGRESS SHALL MAKE NO LAWS ABRIDGING THE FREEDOM OF THE PRESS

What I Think and have a Right to Say
ELTON R. EATON

DOES HIS DUTY, GETS A SLAM.

At the last meeting of the Michigan conservation commission, the chairman of the board berated Director Hoffmaster because he had started a damage suit against an Albion company for polluting a stream of water with such a deadly poison that truck loads of fish were killed.

Mr. Hoffmaster was doing his duty as a public official—and it's the chairman of the commission who should get a good swift kick for his critical attitude.

Maybe the brief discussion before the conservation commission on this subject will shed light on the reason why Michigan's beautiful creeks and rivers have been turned into open sewers that sometimes smell to high heaven during warm weather.

The big metropolitan papers that have been yowling their heads off about stream pollution played down the news item about the comment of the commission chairman or did not mention it at all. We wonder WHY.

DETROIT JUSTICE.

A 29 year old father of six children stole an overcoat, pawned it to get money to help support his family. A Detroit judge sentenced him to serve from five months to four years in prison.

Three drunken sots, refused drinks in a Detroit saloon, severely beat the owner, ripped clothing from his wife's back, and when they were shoved into the street, hurled rocks through the windows, then broke open the door and wrecked the furniture and equipment of the saloon. A Detroit judge sentenced these bums to pay a fine of \$50 each.

But why comment — what good will it do?

IT'S INSIDE DOPE.

If Senator Vandenberg should become a member of the Truman cabinet as some Washington politicians are guessing, the Detroit political "dope" is that Frank Hook who put up such a fight against Senator Ferguson will not have a look-in for the job. It will go to Sit Down Striker Edwards, loud talking Detroit city councilman. And wouldn't that be something!

THANKSGIVING

(Contributed)

Who among us can compute
The number of his gifts?
The golden bread, the ripened fruit,
The bird's quick song that lifts
A heart grown dull and mute.

What coin of Caesar can redeem
The common gift of prayer?
The gift of faith that light a beam?
Courage that keeps it burning there?
And the great gift of dream?

O never let that moment by,
Record that splendid hour
Brief with the freckled butterfly,
Bright with the falling flower,
Brave with the wind and sky!

THE THINKING OF A JURYMEN.

Possibly Judge Pickard was absolutely right in the way he bawled out a Bay City jury for finding not guilty some auto dealers who had given a poultry \$500 to the Republican campaign fund, and then made a bookkeeping cover-up that ran afoul of the law. If evidence showed that they were guilty, they should have been found guilty.

But there is another angle to this thing that probably had more to do with the verdict than did the evidence itself.

For eight, or ten years the people of this country have been reading of the looting of hundreds of thousands of dollars, yes millions, by Democrats or their friends in certain war projects and in deals directly traceable to inside New Deal juggling — deals that even included members of the Roosevelt family.

They have read about their neighbors attending Democratic banquets and paying from a hundred to a thousand bucks or more for tickets that entitled them to eat with "royalty" of the party.

They have heard about how their postmasters have been given pads of tickets to sell for various political events that no one would rightly be expected to attend. If they couldn't shove the tickets off on some poor party "suckers" then the postmaster had to pay for the whole bunch of tickets himself.

They have read how these postmasters who are supposed to be under civil service, have been "high-jacked" out of contributions to the Democratic fund — threatened with dismissal if they didn't kick in. Everybody knows that a postmaster is supposed to be under civil service and that it is a violation of the election laws for civil service employees to mix actively in politics.

The writer has a very high regard for Judge Picard. We have known him for years and he is about as ideal a citizen as one could find any where. In fact if he had been a candidate for governor we might have voted for him.

But every one knows that Judge Picard was one of the most energetic workers in Michigan's Democratic party before he became federal judge. His political background, however, is of too recent years to be forgotten, even though we have always believed that he was a Democrat who forgot and abandoned all political ties the minute he became a federal judge.

But wouldn't it have been better if an out-state federal judge had been called in to try these cases.

We hope that we have not transgressed in expressing our thoughts on this matter—and if we have, we humbly beg the kindly pardon of one of the finest men ever elevated to a judgeship in this state. But that is what we think, and that is what we believe we have a right to say.

Commission To Take Steps on Fire Agreement

Plymouth township board members will have to either accept or reject the offer of city commissioners on a fire protection agreement before December 31.

Monday night the city officials unanimously voted that any and all services of the Plymouth fire department rendered in the township after December 31, shall be in accordance with terms of the proposed agreement drawn up at the commission meeting held September 20.

At that time they asked for \$150 for each fire run into the township, plus \$35 for each hour after the first. Commissioners also introduced a clause asking that the township finish equipping the truck which had been purchased following their rejection of a former proposed rate change made by the city. The truck is now being used by the local fire department.

Township officials answered the city's proposal by stating they would like to continue un-

Mrs. J. R. Witwer Heads Double Bar Xmas Seal Sale

With the announcement that this year's double barred cross Christmas Seal drive started this week, an official of the Tuberculosis and Health society disclosed that Mrs. J. R. Witwer has been named chairman for the Plymouth campaign.

Assisting her are Mrs. D. Horton Booth and Mrs. Neil R. Bowen.

The Christmas seals were mailed this week, according to Mrs. Witwer. No door to door solicitation will be undertaken, she assures.

On December 13, Mrs. Witwer and her committee will set up booths in several locations in the downtown area, where seals will be sold for the convenience of those who do not receive them in the mail.

These funds will finance the TB and Health society program.

Mrs. Witwer, continues, which includes: case finding, in cooperation with the Wayne County Health department; rehabilitation service for patients at Maybury sanatorium and the Herman Kiefer hospital in Detroit; and an extensive health education program throughout Wayne county.

Rotary Governor Visits Plymouth

Rotarians were host to their district governor, Jack Smith, of Windsor, Ontario at their meeting last Friday noon.

Governor Smith made his annual official visit to the club for the purpose of reviewing the clubs activities and objectives for the year.

He was high in his praise of club officers and stated that he thought the Plymouth club was one of the best in the 153rd district of which he is governor.

The governor further pointed out that this district was now considered one of the best in the world and that much of the credit for the excellent condition of the group as a whole should be given to George A. Smith of Plymouth, for the excellent job he did last year. Mr. Smith was governor of this district during the last Rotary year and during that time he attempted to unify the aims and objects of all the clubs into one standard form.

Flying Thieves Return Airplane

A new one for the books is the theft reported last week which concerned an airplane.

The sheriff's department received a complaint from Roy K. Carleson of 16045 Oporto, that a plane owned by Virginia Krum of Detroit was reported stolen from Triangle airfield on Ann Arbor road, sometime during the night of November 9.

The plane, a two seater, was returned by the thieves in the early morning hours, after it had been taken for a flight.

No damage was done to the plane, and it was abandoned on one of the runways of the flying field.

There are no clues as to the identity of the thieves.

Plymouth Woman Manufactures Cosmetics

Shirlee Foster, left, helps her mother, Mrs. Mary Foster, with the task of labeling some of the bottles of cosmetics which she mixes in her home laboratory.

Because all cosmetics on the market failed to meet her needs, Mary Foster set out to do something about it.

Instead of carrying on an extensive search for someone, somewhere who had marketed products suitable for her use, she took the hard road and began doing a little experimenting with ingredients needed for beautifying creams and powders. This early bit of dabbling resulted not only in the mixing of cosmetics for herself, but into a rapidly growing business, carrying a MF monogram as the trade mark.

Not that she really started from scratch with no knowledge whatsoever of what she was doing, for Mrs. Foster has a good chemistry background. She has studied at Principia in St. Louis, Missouri, at Mt. Union in Lyons, Ohio, and has carried on more extensive work with several chemists in Detroit.

Most of the work on all formulas has been done exclusively by Mrs. Foster, but she gives credit to the Detroit chemists who willingly gave their assistance when problems arose. She knew what she wanted in each formula, and the assisting chemists aided her in achieving this end.

It was four years ago that Plymouth's newest business woman laid the ground work for her present success, for it was at that time that she first began

her work on cosmetic formulas. Two and a half years ago she made her first cosmetic, and the early jars of cream were sold without printed labels. Instead, just a typewritten slip bearing the product name was used. These, she states, were sold to test response.

Reception to her product was good, and the business has continued to expand until today, she works hard to keep the labeling of bottles and jars ahead of sales.

Although she makes all creams

Salvation Army Plans for Xmas

Again this year, the Salvation Army will prepare Christmas baskets for needy families in this area; Captain William Roberts disclosed this week.

This project is annually undertaken by the organization.

Captain Roberts asks that all applications for the baskets write to post office box 374. Last year 20 baskets were made up by the Salvation Army and distributed to families in this area. In addition to this, they contributed approximately 125 toys and gifts for the Christmas celebration.

Young and Old Cut Centennial Cake

Mort Walton Photo

Karla Jean Sonderegger Mrs. Samuel Hudd

Representatives of the old and new centuries were given the honor of cutting the Methodist church centennial cake at the banquet held Thursday, November 11.

Performing the duties for the early members of the church was Mrs. Samuel Hudd, now of Bay

City. She is one of the oldest members of the congregation, and well recognized as a former leader of the church in Plymouth.

Young Karla Jean Sonderegger, daughter of Mr. and Mrs. Karl Sonderegger, aided in the cutting ceremony on behalf of the new century members.

Community Chest Short of Goal as Drive Nears End

With only approximately 80 per cent of the \$10,000 goal attained to date, Community Chest officials are faced with the conclusion of their drive for funds needed by Plymouth's Boy Scouts, Girl Scouts, Visiting Nurse association, recreation commission, Salvation Army and Veterans Foundation.

Frank Arlen, chairman, believes that there are still a few contributors to be heard from, but declined to estimate what the final figure of donated funds would be.

Many have mailed their donations to the post office box 336 as requested by the drive officials. Mr. Arlen stated. He expressed his appreciation of all persons doing this, as he explained there are not sufficient solicitors to call on everyone in the city. Anyone who still has not made their donation, he continued, is urged to follow this method.

Exemplary of the seriousness taken by some in connection with the drive, is the one dollar donation made by the 14 Brownie Scouts in the troop supervised by Jane Latture. They had earned the money through personal sacrifice, it was revealed.

"Cooperation such as this on the part of everyone in the community would push the total for the drive way over the top," Mr. Arlen emphasized in a plea for continued help on the part of all residents.

City Sidewalk Plan Rejected

Postal officials in Washington have rejected the request of Plymouth's city commission for a right to build a six foot sidewalk across the postoffice property from Fralick avenue to Penniman avenue along the east side of the government property.

City Manager Harold Cheek, however, explains that he does not believe the matter should be dropped entirely as he thinks if the proper postoffice department officials came here and made a thorough investigation of the city's proposal they might accept it.

The city has expressed a willingness to pay for the removal of the fence and build it entirely along the west side of the proposed sidewalk from Fralick to Penniman avenue, thereby making it impossible for any one to be injured by mail trucks.

The proposal, if adopted, would permit the large numbers of people living in the northwest side of the city to have more direct access to the postoffice and the business places along Penniman and Main street than is now possible.

Kenneth Robbe has been initiated into Western Michigan college chapter of Sigma Tau Chi, a national fraternity for students enrolled in the business education department of the college.

New Parking Area Is Proposed For City

Early Copy

Next week's edition of The Plymouth Mail will be published on Tuesday, forcing the advertising and news deadline to Monday noon.

No ads or news received after that time can be assured publication. The change in date is necessitated by the fact that next week the usual publication date, Thursday, is Thanksgiving day.

Large Numbers of Hunters Desert City and Go North

Quiet, comparatively deserted streets this week meant only one thing: Plymouth had gone hunting.

Hundreds of men from the city, and a smattering of women left their jobs and homes for a tramp through the north woods in search of deer.

According to all reports, the first hunter to return with his buck was Leo Arnold who made his entrance into the city with his prize 16 pointer at 11:30 a.m. on Monday. Mr. Arnold got it about ten miles north of Howell at 8:40 a. m. Field dressed it weighed 220 pounds.

As far as it can be determined, Russell Powell was the first Plymouth hunter to get his deer. When he took the shot that got him his buck for the year, his watch registered 7:30 a. m., 15 minutes after he had taken up his vigil.

Then at 9 a. m. of the same day, Walter Pagenkoff shot his six point buck in Otsego county. He returned with his venison Tuesday evening.

Myrn Smith returned Wednesday night with not a deer, but a coyote he got near Sharon. A 450 pound bear was shot in the vicinity where Mr. Smith was hunting, and it is believed to be the biggest one ever bagged in the state. Mr. Smith was one of 15 men who helped to pull it out the woods.

Last Wednesday the number of hunters registering in Plymouth numbered 390, still over 100 short of the total obtaining them for last year.

Registrants in addition to the list published last week include:

Work on Cancer Pads Hampered

A shortage of material is seen to be a future obstacle for Plymouth women who are busy at the task of making cancer pads for local use.

The women in charge of the program, Mrs. Walter Nichol, Mrs. Gustaf Lundquist and Mrs. Sidney Strong, announce they urgently need old sheets and linens of any kind to keep the number of pads available abreast with the demand.

Local women have made cancer pads for years, but previously sent them into Detroit when unable to secure the names of

PTA Will Present Panel Discussion

A panel discussion of five teachers on the new reading program, will be presented at the meeting of the Central Grade school PTA next Tuesday, November 23.

The 8 p. m. meeting is planned to take place in the grade school auditorium.

The teachers leading the discussion will be Mrs. Mabel Blossom, Mrs. Marjorie Mackie, Mrs. Louise Palmer, Mrs. Dorothy MacKenzie, and Mrs. Matthews.

Following the panel, the meeting will be opened for general discussion.

Members are asked to send questions supplementing the regular discussion points, to Mrs. Nellie Bird's office. The points already set up for the panel include: How do you get children ready to read; at what age

(Continued on page 8)

Planning Commission to Ask Hearing on Off-Street Parking Spaces For All New Buildings

With a realization that the serious parking situation of Plymouth has become the No. 1 city problem, members of the city planning commission at a special meeting last week made it evident that they are anxious to bring forth some solution as quickly as possible.

Out of the meeting grew two important facts—the commission has under consideration the establishment of a new parking site extending from Penniman avenue, along the east side of the Penn theatre between Main street and Union streets as far as Dodge street.

The other proposal before the commission provides for the establishment of individual parking areas in connection with all new building developments.

Pertaining to the proposed new parking development between Dodge street and Penniman avenue, there would also be established all-ways providing rear access to the property along Main street as well as Union street.

It was pointed out that the selection of this area would provide the city with one of its largest and best located off-street parking areas, with access direct to the heart of the downtown business section and on the north to the city's civic center where is located the city hall, the Dunning library, churches, schools and the Edison office.

There was also a suggestion made that possibly the opening

(Continued on page 8)

Suggestion on War Memorial Heard

A suggestion as to what course of action should be taken in connection with the World War II memorial was made by Melvin Alguire to city commissioners Monday evening.

Representing the Ex-Servicemen's club, Mr. Alguire submitted a drawing of a monument similar to the structure in Kellogg park, for which the specifications called for a reduction to one-fourth of the present size. It would measure approximately three feet high.

Accompanying this drawing was his suggestion that this miniature be placed in the Veterans Community Center. He recommended that all the names included on the memorial in Kellogg park be placed on this reproduction, and that the entire object be mounted on a swivel base so it can be turned for an easy reading of all the names. Further suggestions were that it be made of glass, with a light inside.

In addition to this recommendation, Mr. Alguire forwarded the thought that a similar marker be made in honor of all World War I veterans. It was his belief that all names of veterans from that war should be listed, and that possibly plaques could be made honoring local veterans for previous wars.

Mr. Alguire's presence at the meeting followed recent communications sent to all the service organizations in the city, in the hopes of assembling a composite picture of general feeling on what to do with the memorial marker in the park. Commissioners recognize a definite need of either improving, preserving or replacing the marker. Their action will depend on the feeling of the majority of members of service organizations.

The marker was presented to the city by the Myron H. Beals post of the American Legion following the last war. At the present time many of the names are illegible.

Mr. Alguire made no recommendation on behalf of the Ex-Servicemen's club as to what should be done to the marker now in the park.

Kenneth Harrison is leaving on Monday for the Upper Peninsula to do some deer hunting.

LOCAL News

Mrs. R. O. Stevenson and son, Dwight, of Maple street returned to their home Thursday after a brief trip to Richmond, Kentucky where Mrs. Stevenson went to be with her sister, Mrs. Bryan Kelley, who underwent a major operation in Richmond.

Mr. and Mrs. Evard Dodge have returned from a ten day vacation in Wisconsin.

Mrs. Austin Whipple attended the Cancer Detection Clinic of the Detroit Federation of Women's clubs at the Federation club house in Detroit on Thursday.

Roy Clark of Union street returned Wednesday from St. Joseph's hospital where he was confined a week with pneumonia.

Mrs. William Blunk of Williams street is visiting her daughter and son-in-law, Mr. and Mrs. John Pratt, in Manchester.

The Sewing club met for their annual sandwich luncheon in the home of Mrs. Earl Reh on Thursday, November 11.

Mr. and Mrs. Kenneth Gates of Northville entertained with a pot luck dinner on Saturday night. Attending from Plymouth were Mr. and Mrs. Joe Pace, Mr. and Mrs. Martin Jones, Mr. and Mrs. Park Torrence, Mr. and Mrs. William Resch, and Mr. and Mrs. John Chaney.

Four Principals Attend Workshop

Four Plymouth school principals were guests at the Monday meeting of the workshop now undertaking a study of curriculum programs at Livonia.

They were: Jewell Bell, principal of Starkweather school; Nellie Bird, Central Grade school principal; Arthur Alford, junior high school principal; and Cyrus Pierce, high school principal.

At the present time the entire group is studying a problem related to the setting up of a workshop in Plymouth for the local school program. The four administrators helped in discussing the possible needs of the schools, and problems confronting them.

Let's hope you never see smoke coming from your silo caused by spontaneous combustion. But if it should happen, take a tip from the Kansas farmer who conferred hastily with extension agents and then called a chemical company to bring a number of cakes of dry ice. The ice was dropped in from the top of the silo and the fire went out. The dry ice or carbon dioxide method has also been used to fight fires in hay mows.

During the period June 1944 to May, 1945, 30 million pounds of ice cream mix was used by the Navy.

Canfield Joins Counselor Group

Distinction of admittance as a charter member in the Michigan State Counselors association was awarded George W. Canfield at the second annual meeting held November 3, at Michigan State college in East Lansing.

Mr. Canfield is counselor for boys at Plymouth High school. This meeting followed a guidance conference held the fall of 1947 under the sponsorship of the Institute of Counseling, Testing and Guidance of Michigan State college. It was attended by counselors, classroom teachers and administrators from all parts of the state. Such enthusiasm and interest was shown at the conference, it was decided to organize a Michigan State Counselors association.

Requirements for membership include training or experience in the following areas: principles and practices for the guidance program, analysis of the individual;

profile; and interpretation of the cumulative record. The afternoon program included a brief business meeting, a talk by Dr. C. E. Erickson, director, Institute of Counseling, Testing and Guidance, Michigan State college on the topic "Effective Activities of the Counselor." A panel composed of the speakers for the day answered many questions asked by the counselors attending the meeting. The conference ended with a movie "Counseling, Its Tools and Techniques."

Prior to coming to Plymouth in the fall, Mr. Canfield was chief appraiser of the Guidance Center, Veterans Rehabilitation program, Allegheny college in Meadville, Pennsylvania.

The morning program at the recent meeting included talks by Lyle Spencer, executive director, Science Research Associates, Chicago, Illinois on "Occupational Predictions" and by Leonard Miller, specialist for counseling, pupil personnel and work programs, U. S. Office of Education, Washington D. C., "The Essential Skills of the Counselor."

This was followed by demonstrations of: interview techniques; interpretation of the test

ual; informational and occupational services; counseling techniques; organization and administration of the guidance program; appropriate background training in psychology, social studies, labor problems, and labor economics; and appropriate recent work experience in some occupation other than the field of education.

Newly Arrived...

Announcement of the arrival of an eight pound son was made this week by Mr. and Mrs. Edward E. Lindstrom of Penniman avenue. The baby was born on November 11, in the Highland Park Osteopathic hospital, and has been named Jeffrey Edward. Mr. and Mrs. Lindstrom are the parents of three girls.

OBITUARIES

Baby Girl Vaughn
Services were held Monday, November 15, at 10:30 a. m. at Riverside cemetery for Baby Girl Vaughn, the infant daughter of Mr. and Mrs. Leonard J. Vaughn who resides at 3442 1/2 East Ann Arbor trail, and who passed away Saturday evening, November 13. Besides her parents she is survived by her grandparents, Mr. and Mrs. Roy Luker of Plymouth and Mr. William Vaughn of Detroit.

Mrs. Isabella Clemens
Funeral services were held Wednesday, November 17, at 2 p. m. from the Schrader Funeral Home for Mrs. Isabella Clemens who passed away Sunday evening, November 14, at her home, 10609 Le Van road, Livonia township. Mrs. Clemens has been a resident of Livonia township for the past 31 years. She was the widow of Levi Clemens who preceded her in death on November 19, 1946. Surviving are her three sons and two daughters, George Clemens who is in Europe with the E.C.A. for the United States Government State Department, Diplomatic Service; Clarence of Livonia township; Miss Margaret and Miss Gladys Clemens both of Livonia and Frank Clemens of St. Louis, Missouri; her brother, George Matheson of Florida; five grandchildren and one great grandchild; other relatives and a host of friends. Mrs. Clemens was a member of the First Methodist church of Plymouth. Rev. Frederick G. Poole, D. D. officiated. Two hymns were rendered by Mrs. Frank Dieck, accompanied at the organ by Mrs. Edna O'Connor. The active pallbearers were Messrs. Elmer Kider, Lester Kider, Marvin Wilson, Earl Ryder, Fred Thomas and George Burr. Interment was in Grand Lawn cemetery.

Mrs. Mary Neary
Mrs. Mary Neary, 88, widow of Charles Neary of Ann Arbor township, died Thursday noon, November 11, at the home of her daughter, Mrs. A. L. Esslin, in Redford, after an illness of several weeks. She was born on December 24, 1861, in Ann Arbor township, a daughter of John and Mary Smith. At one time she and her husband resided on Warren road in Ann Arbor township. Mrs. Neary lived with her daughter after her husband's death on January 22, 1942. She was a member of St. Patrick's church Northfield. Surviving are Mrs. A. L. Esslin and Mrs. John Hoban of Plymouth; three sons, Vincent Neary of Detroit, Francis Neary of Ann Arbor, Ambrose Neary of Parma; and five grandchildren. Funeral services were held at 10 a. m. Monday in St. Patrick's church in Northfield township. Burial was made in St. Patrick's cemetery. The Rosary was recited at 3 p. m. Sunday at the residence of her daughter, Mrs. John Hoban of 8520 Brookville road, Plymouth.

Under the Sedition Act of 1793 numerous opposition party editors were jailed and convicted of libeling the government.

Michigan farmers are being encouraged to go after the extra profits to be had by growing seed. Details can be obtained from the Michigan Crop Improvement association, Michigan State college, East Lansing.

The first permanent penny newspaper was the New York Herald, established in 1833 by Benjamin Day.

Bridge Class Meets Monday

Four tables of duplicate bridge were in play last Monday evening at the city hall, under the sponsorship of the city recreation department.

Scores were as follows: north-south, first, Mrs. Phila Underwood; Mrs. Howard Sharpley; second, Mr. and Mrs. Don Burleson; east-west, first, Mr. and Mrs. Jack Riess, Mrs. Bruce Mackie, Mrs. Dorothy MacKenzie.

Those who desire the maximum of instruction are urged by an official of the group to come as soon as possible after 7 p. m., while persons desiring only to play in the tournament should arrive by 7:45 p. m.

The principal emphasis so far has been on bidding. From this point the fundamental principles of sound play will come for greater attention.

It has been suggested the beginners and others needing a good deal of drill in first principles, contact Mr. Calahan, 1575-J, regarding the possible formation of a class for them.

Residents Invited To Hear Lecture

An invitation has been extended to Plymouth residents to attend the opening winter season of meetings presented by the Michigan Association for Native Plant Protection.

It will take place tomorrow, Saturday, and will include a lecture on "Pollution and Streams Control in Michigan" by Milton Adams. Supplementing this will be a film entitled "Clean Waters."

The time has been set for 8 to 10 p. m. in the WWJ auditorium at 622 West Lafayette.

Plymouth Woman Manufactures Cosmetics

(Continued from page 1) and lotions at home, lipstick, powder and similar makeup items are made by a national company, following her specifications. All her home work is done in a corner of her basement which probably measures about eight feet square. Bottles of delicately colored pink and white creams and lotions ready for labeling, line the shelves in the workroom, as well as various bottles topped with filter paper, indicative that work is carried on here.

The store room is also located in the basement, and is truly any woman's haven. Shelves upon shelves of lipstick, powder, rouge, and any item imaginable for her beauty and femininity line the room.

Extensive comparison tests have been made by the local cosmetic manufacturer, and she believes that her efforts give people a better opportunity to use good cosmetics. Supplementary tests have been made by the General Testing Laboratory in Detroit. Mrs. Foster adds, as just another check on the items.

No advertising has been attempted to date. Instead, sales have followed the presentation of free samples or facials. Her products are marketed in Plymouth, Detroit, Ann Arbor, Ypsilanti and Northville. Sales are handled by cosmetic consultants who give each customer a complete facial before selling, to determine the proper blends needed by each individual.

Consultants for Plymouth are: Flossie Brown, Doris Root and Virginia Bake.

Future planning does not in-

clude putting the product in stores or beauty shops, as Mrs. Foster believes she can give consumers better attention by using cosmetic consultations. Listed as things yet to come, however, are additional equipment and space with which to carry on her work. Plymouth will remain the site of the business, she assures.

Mrs. Foster is herself an attractive woman, and the mother of four children. Her husband, Harry M. Foster, is chief clerk of parts and equipment with the Ford Motor company in Ypsilanti. Her youngest daughter is five year old Mary Elizabeth, and her youngest son is Russell, aged 13. She has a son, Lee, who is enrolled as a sophomore student at Michigan State college, and a daughter, Shirlee, who assists her mother at home.

The family moved to Plymouth two years ago, coming from Ferndale.

Social items can be phoned to 1755.

IN MEMORIAM
In loving memory of our dear mother, Jane Schiffe, who passed away ten years ago, November 16, 1938. Happy were the years we spent together. But lonely is my heart today. For the one I loved so dearly. Has forever passed away. Your loving children and grandchildren 1tp
Social items can be phoned to 1755.

IN MEMORIAM
In loving memory of our dear husband and father, Louis Minehart who passed away November 18, 1947. He didn't know when leaving home that he would not return. That he in death so soon would sleep and leave us all to mourn. But God gave us strength to bear it and courage to heal the wound. Sadly missed by his wife and children 1tp
In loving memory of our dear husband, father and grandfather, Roy J. Stanley, who passed away November 18, 1947. Happy were the years we spent together. But lonely are our hearts today. For the one we loved so dearly. Has forever passed away. My memory wanders often. To the place not far away. Where they laid my darling husband and children 1tp
Just one year ago today. Sadly missed by your loving wife, Effie and family. 1tp
In loving memory of our son, Donald Hunter, who died five years ago, November 22. Deep in our hearts lies a picture Of a loved one gone to rest. In Memory's frame we will keep it. Because he was one of the best. Sadly missed by his parents, Mr. and Mrs. H. L. Hunter 1tp

NOTICE

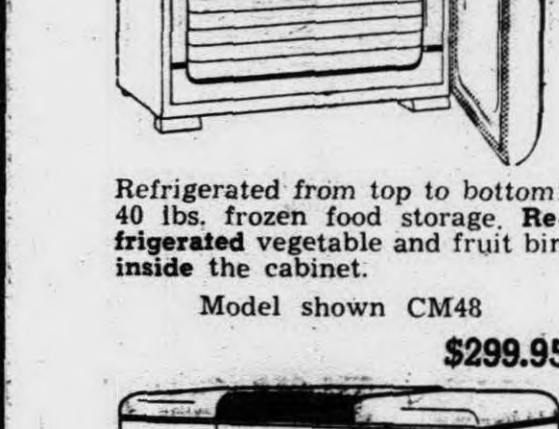

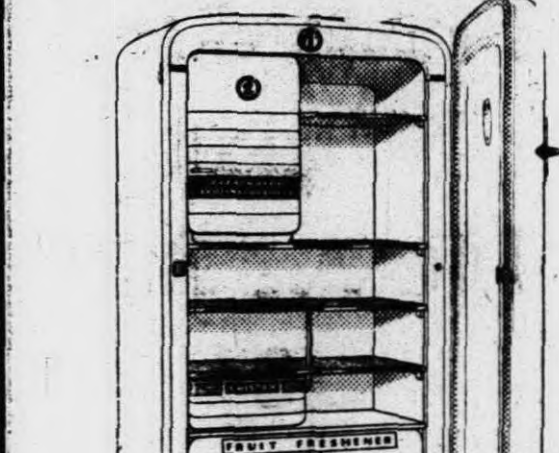

Attorney J. Hilding Cutler
193 N. Main St.
Plymouth, Mich.
STATE OF MICHIGAN, COUNTY OF WAYNE, ss.
No. 363,854
At a session of the Probate Court for said County of Wayne, held at the Probate Court Room in the City of Detroit, on the Twenty-Eighth day of October, in the year one thousand nine hundred and forty-eight. Present James H. Sexton, Judge of Probate.
In the Matter of the Estate of CORA L. SLOAN, Deceased.
An instrument in writing purporting to be the last will and testament of said deceased having been delivered into this Court for probate.
It is ordered, That the Thirtieth day of November, next, at ten o'clock in the forenoon at said Court Room be appointed for proving said instrument.
And it is further Ordered, That a copy of this order be published once in each week for three weeks consecutively previous to said time of hearing, in the Plymouth Mail, a newspaper printed and circulating in said County of Wayne.
JAMES H. SEXTON, Judge of Probate
JOSEPH F. O'SULLIVAN, Deputy Probate Register

New Parking Area is Proposed for CNY

(Continued from page 1) of the parking area on the south end should be on Union street just back of the Masonic Temple, instead of on Penniman avenue. But this would necessitate a turn in the alley. It was pointed out that alleyways wherever possible should run straight and with as few turns as possible.

As all of this area is now vacant land, with the exception of one private garage, which would have to be moved a few feet, the cost of the land and its development would be much less than if there were buildings to be purchased and removed.

The matter is only in a discussion stage as far as this proposal is concerned, but members of the commission feel that some sort of action should be taken as quickly as possible to bring relief to the rapidly growing parking headache.

The second question under consideration and upon which a public hearing will be held soon pertains to a proposed ordinance which would require future builders of business property to provide their own off-street parking facilities.

The size of these private parking lots would be based upon the size of the buildings to be erected.

Notice of the date of this hearing will be published in The Plymouth Mail.

Not only was the parking situation thoroughly discussed, but some members of the commission felt that downtown business men who are vitally concerned over this question, should cooperate with the commission, bringing forth ideas and suggestions as to what they think, can and should be done to relieve the situation.

There has been some criticism of the suggestion that parking meters be used in off-street parking lots, but in all cities where parking areas have been created, parking meters are being used to pay for the development. The general practice, it was said, in most cities is to make longer

periods of parking available at the same rates that are charged for shorter parking periods on the streets. Some cities charge only five cents for two hour parking periods, some five cents for three hour parking periods, and five or ten cents for all night parking. Some also make yearly leases of parking spaces to business men and others at a very nominal fee, the parking space being marked as reserved for certain business houses or persons who do not have available their own parking areas.

In view of the exceptionally rapid industrial development in and around Plymouth, city officials and members of the planning commission fully realize that some action must be taken quickly to solve the parking problem of this fast growing city.

Dietitian Slated as Monday Lecturer

Keynoting Dr. A. E. Van Ornum's Monday night discussion of the "Normal Child" was an emphasis on the early dental care needed.

Dr. Van Ornum was number two in a series of four lecturers who are approaching the subject from the standpoint of a doctor, dentist, dietitian and psychologist. The program is sponsored by St. John's Episcopal league, and all programs take place in the parish house.

The importance of care of baby teeth was stressed by Dr. Van Ornum, as well as proper diet. Early and regular examinations are needed, he told attending parents.

Slides supplemented the dentist's talk, and an open discussion period was held.

The next program will be presented by Miss Adelia Beeuwk, who will handle the topic from a dietitian's view point. Scheduled to begin at 8 p. m., on Monday, November 22, it will also take place in the parish house.

Miss Beeuwk is assistant professor of nutrition in the school of public health at the University of Michigan. She is also president of the Michigan division of the American Dietetics association, and recently spoke at the association's convention in Boston.

In addition to these duties, Miss Beeuwk is active in the nutrition division of the American Red Cross, and is in charge of the public health department's cafeteria at the University.

The concluding lecture of the series will be presented by Belle Farley Murray, psychologist, on Monday, November 29. The first program was handled by Dr. Harold Brisbois who reported on the subject from a doctor's standpoint.

Food requirements of the Navy in 1941 were 1,000,000,000 (B) pounds; in 1945 they had risen to 5,700,000,000 (B) pounds.

Commission to Take Steps on Fire Agreement

(Continued from page 1) der the old agreement until next spring. The reasons presented were that at the present time they have no city hall for the housing of their own fire department, and no prospect of building one until after the May election.

Commissioners instructed City Manager Harold Cheek to advise the township board that such a request is not satisfactory.

The agreement under which the protection is now being offered is \$100 for each run, with the \$35 fee for each additional hour.

Last April the city presented the township board with the first new proposed agreement, asking a \$2,000 annual flat rate, in addition to the present charge for each run. This the township turned down.

The second agreement drawn up by the commissioners in September, added \$50 to the initial cost of each fire run, but this too was unfavorably received by the township.

Work on Cancer Pads Hampered

(Continued from page 1) persons in the city needing them. Now, however, there is a definite need, and all pads made are used in Plymouth.

The Cancer Society purchases the filler for the pads with funds which are donated during the annual drive. The covering consists exclusively of contributed used linens.

Mrs. Nichol asks that anyone having linens to donate, bring them to her home at 985 Church street. "The ability of women in the city to keep local victims of the disease furnished with pads, depends on the generosity of everyone in the city," she stated.

PTA Will Present Panel Discussion

(Continued from page 1) should children be taught to read; what are some of the techniques for teaching word recognition; and how do you teach individual differences in reading ability?

Mrs. Jack Taylor, president, announces that in addition to this, a short skit will be presented by the sixth grade pupils of Mrs. Moiso's room, entitled "Off the Shelf." The entire dramatic presentation has been prepared by the students.

For men who want warmth without bulk or weight, smooth, puckerless fit and the most amazing long wear ever knitted into a sweater... all the result of Rugby's exclusive process of "TRIPLE TITE" knitted super-strong Cable-spun yarns.

Ask your local Rugby Dealer to show them to you. Try one and try to wear it out.

Plymouth Men Attempt to Organize Boy's Club As Soon As Possible

To give the boys of Plymouth a place to enjoy themselves, is the purpose of the newly organized Boy's club of Plymouth. When a hall is found to start the boys in their activities, the Boy's club will really begin to function.

Under President Cliff Swarbrick, the directors of the club meet every Monday at 7 p. m. in the city hall. They have had meetings for the last month, attempting to commence the club as soon as possible.

The gentlemen who are officials and directors of the club are: president, Cliff Swarbrick; treasurer, Herb Woolweaver; secretary, Jim Rutherford; equipment, Mike Spitz; sergeant of arms, George Schoeneman; arts and crafts, Lew Ribar; outdoor life, Charles J. Miller; arts and crafts and sports, Mike Spitz; athletics, Jim Rutherford; boating and athletics, Tom Green; and safety club, Ben Williams.

At the moment the club constitution is being made. It is the hope of the directors that by forming a Boy's club they will be able to make better Americans out of the boys.

City League Team Desires Contest

John Wiltse's Hoots in the Class D cage league desires to have some games in preparation for the beginning of their league in early December.

The Hoots are made up of senior boys who had previously been on the Rock varsity and reserve squads. Some of the fellows have been dropped from this year's Rock's squad. Any team with boys 18 and under and within a ten mile radius of Plymouth will be acceptable. Anyone interested can call John Wiltse at Plymouth 121-W.

As Herb Woolweaver, city recreation director, is hunting this week, recreation news is scarce; but it appears now that four basketball leagues will be in operation. The Mens' loop and Classes D, E, and F are the leagues that look set. The Class D deadline is November 29, so that age group still has more than a week before contracts must be in to Woolweaver.

Band to Watch College Football

Plymouth High school's 80 piece band is going to have an opportunity to see a college football game in appreciation for their outstanding performances.

The football game will be played between Washington State and Michigan State at Macklin field in East Lansing, Saturday, November 20.

The band members will meet at the Methodist church; school buses will provide transportation. The members of the band will be asked to pay the tax on the tickets which is 60 cents.

Freedom of the press first meant freedom to express one's opinions. Today freedom to get and publish the news is more important.

The value of clothing issued to new enlistees in the Navy during 1946 was \$143.20 per man.

Prizes To Be Given in Ladies Bowling League

Prizes will be given to high team scores and individual high scorers as a result of play Wednesday, November 17 in the Ladies Bowling league at the Parkview Recreation.

To the team that gets the high three game total goes a turkey. The individual obtaining the high three game total will receive a chicken. The lady who bowled the highest single game last Wednesday will receive a chicken.

Dann's Tavern still holds a slim one game lead over Curley's. These two teams are in a class by themselves as the next squad is four full games behind Curley's.

B. Hursley and E. Wilkin topped individual performances last week as the former had the highest average, 162, and the highest single game, 208; while the latter had the high three game average, 544.

High team single game: Herrick's 815, Wolfe's Real Estate 792, and First National Bank 780.

Lutheran League Becomes Closer

Only five mere points separates the first placed team, No. 8, from the seventh placed squad, No. 7, in the Lutheran Men's League.

The only squad seemingly out of the race is No. 4 with 12 points, but a good night will boost that quintet into the race.

Red Sox Win Class A Title

With six straight wins without a loss, the Red Sox under Jim Rutherford took the Class A title of the Little Rock league. By far the Red Sox were the outstanding squad in the league, as their unblemished record reveals. This Class A league was for boys in the eighth grade and under. Also to enter this division the boys had to weigh 100 pounds or over. They are, left to right, first row: Herb Olson, Bob Arlen, Bud Lamphere, Albert Williams. Second row: Ronnie Johnson, Bruce Green, Larry Wood, Russell Brown.

Bentley Bulldogs Whitewash Rocks As Mahrley Stars

A 9-0 defeat inflicted by Bentley High concluded the Rocks' grid season on Wednesday, November 10, on the Rocks lighted field.

Norm Mahrley tallied all nine points for the Bulldogs. In the first quarter he went over on a one yard sneak. In the second half Mahrley kicked a 20 yard field goal to bring the final score to 9-0.

Because of a state law which prohibits any player from competing twice within a five day period the Rocks were a bit weakened. The Rocks who played in the Northville game on Monday were not permitted to play in the Bentley game.

Klingeberger To Cut Varsity and Reserve Squads

With a little over two weeks remaining before the first basketball game of the season, the Rocks are just about down to the right number of players to start the season. Coach John Klingeberger and assistant coach John Sandmann have the reserve and varsity squads at approximately 30 players.

Coach Klingeberger is apparently inaugurating the "youth movement" into his scheme of things at PHS. At this moment only seven seniors and seven juniors are on the squad, with the rest being sophomores. Plymouth will just have to adopt "a wait and see policy" in regard to Klingeberger's strategy. Many seniors who were stalwarts on the reserve squad last season have already been cut.

Cranbrook Defeats Local Harriers In Final Meet of Season 25 to 30

Although Calvin Becker and Louis Vargha came in second and third respectively in the Cranbrook meet on Thursday, November 11, the Rock thinclads still lost 25-30.

Cranbrook's Maxwell took first with 11:31.5. Then came Becker at 11:43, followed by Vargha at 11:52. The next Plymouth runner, Doug Phillips, came in seventh. In eighth position was Jim Brewton.

Seven Plymouth fellows earned their letters this year: Louis Vargha, Calvin Becker, Dan Green, Don Underwood, Doug Phillips, Jim Brewton and Otto Ruehr.

Next fall Coach Konrad Moisio can look forward to four returning lettermen including three juniors at the present: Becker, Vargha and Underwood, plus one sophomore, Dan Green.

A QUEEN DECORATES HER MOM... One of the first acts of Queen Juliana on her accession to the throne of the Netherlands was to nominate her mother, Princess Wilhelmina (former queen) as Knight in the Military Order of William. She is shown here (right) pinning the insignia of the order on her mother in a ceremony at Arnhem.

Patricia Arnold, a bride-elect of December was guest of honor at a miscellaneous shower at the home of Mrs. William Schoof on Roosevelt avenue. Assisting Mrs. Schoof as hostesses were Mrs. Jack Seiler, Mrs. W. V. Clarke and Mrs. C. C. Wiltsie. The evening was spent in playing games and later in the evening a lunch was served.

Ardis Curtiss Long will appear in the opera, "The Tales of Hoffman" with the Detroit Symphony orchestra, sponsored by the Detroit Opera Founders Guild on November 21 in the Music hall in Detroit.

Lawrence E. Lyons is spending a week as the guest of Robert Willoughby at the Willoughby cabin on Tecum lake.

Mr. and Mrs. Leslie Robinson, the former Patricia Evans, have returned from their wedding trip through the South.

Marvin Van Eyck attended the Michigan-Indiana game at Ann Arbor on Saturday afternoon.

Mr. and Mrs. Burton Johnson of Church street have returned to Plymouth after visiting Mrs. Johnson and family. Mr. and Mrs. Stanley Daniels of New Jersey.

Mrs. J. H. Todd of South Main street will entertain the Plymouth Button club at her home on Friday.

Mrs. Harold Finlan and son, Pat, and Mrs. Garnet Baker returned on Sunday after spending a few days traveling through New York state. Mrs. Finlan's son, Charles, who has been going to school in Connecticut, returned home with them.

Ralph Bachelord and Jeanne Schuler spent the weekend in Traverse City with Jeanne's parents. Mr. and Mrs. Clarence Schuler.

Mr. and Mrs. Walter Sheets of Detroit and Charles A. Ramsay of Grosse Pointe Farms were the dinner guests on Friday evening of Dr. and Mrs. Lance Wright.

Judge J. Rusling Cutler of North Main street is spending a few days this week hunting in Upper Michigan.

B. H. Smith of Territorial road is spending a few days this week hunting in Upper Michigan.

Mr. and Mrs. J. D. McLaren attended the Michigan-Indiana football game at Ann Arbor on Saturday.

David Johnson was home this weekend from Michigan State college.

Mr. and Mrs. Robert Minock, Jr., Mr. and Mrs. Floyd Bland of Detroit, Mrs. Robert Minock, Sr., and Mrs. Bonnie Mundy were dinner guests of Dr. and Mrs. Paul Wiedman at their home on Blunk avenue celebrating Mrs. Robert Minock Jr.'s birthday, on Monday evening.

Dr. and Mrs. Hershel Wells and daughter, Judy, of Romulus were Sunday guests of Dr. and Mrs. Lance Wright at their home on South Main street.

Robert Minock is spending a few days this week hunting near Lake City.

Jacqueline Dalton, who is a student at Michigan State college spent the weekend with her mother, Mrs. John Dalton of Blunk street.

Mrs. Bessie Dunning is confined to the Plymouth hospital by illness.

Mr. and Mrs. Harry E. Kinney of Royal Oak and Mr. and Mrs. Edwin Scott were the Sunday dinner guests of Mr. and Mrs. Earl Reh at their home on West Ann Arbor trail.

Mr. and Mrs. Olin P. Martin of Ann street returned Wednesday from a motor trip to New Orleans where they spent a week.

Mr. and Mrs. Robert Walker were at Mio on Saturday where they attended the wedding of Beverly Walker, daughter of Mr. and Mrs. Ward Walker, to George Hartman. Mr. and Mrs. Hartman will live in Detroit.

A. K. Brocklehurst and Forrest Gorton are deer hunting at Elmer's Place in Brimley.

Miss Adelia Beuwkiss and Miss Visscher will be guests on Monday of the Rev. and Mrs. Alexander Miller for dinner before Miss Beuwkiss' talk at St. John's Episcopal church.

Mr. and Mrs. Edwin Scott of Maple avenue were among those from Plymouth attending the Michigan-Indiana football game at Ann Arbor on Saturday afternoon.

Mr. and Mrs. Earl Reh, and Mrs. Marion Oeschger of Detroit will spend a few days next week at Crystal lake.

Mr. and Mrs. F. W. Hamill returned this week from a five week trip spent traveling through California, Colorado and Kansas.

Gerald Allen, Thomas Gopson at Great Lakes

Two Plymouth men, Gerald B. Allen, seaman recruit, USN, son of Albert Allen of 44881 Ann Arbor road and Thomas Joseph Hopson, seaman recruit, USN, son of James A. Keyes of 1480 West Ann Arbor trail are undergoing recruit training at Great Lakes, Illinois.

In the course of the training, the recruits will be taught seamanship, Navy customs, terms, basic ordnance, gunnery, signaling and navigation. Upon completion of this training the two will be assigned either to units of the fleet or to a service school for specialized training.

PONTIAC

A Product of General Motors

Above everything else.. a good car!

Pontiac has one manufacturing principle which takes precedence over all others: **Pontiac must always be a good car!**

There is no other motor car quality which people value so much as *goodness*. That's why Pontiac engineers and production specialists spend so much time and energy and money to insure Pontiac quality. Pontiac cars must last long—and they must last well—and they must function through the years with a minimum of upkeep cost.

Owners have been quick to appreciate this. Some of the testimonials they send to the factory, and to Pontiac dealers, tell of performance feats that seem almost impossible of attainment.

Pontiac has many other outstanding virtues, of course. It is a wonderful performer. It is delightfully comfortable and easy to handle. It is a great beauty, and unusually distinctive in appearance.

But its greatest virtue is *goodness*. This year, or any year, you just can't beat it for faithful performance.

General Motors Hydro-Matic Drive and White Sidewall Tires and Bumper Guards optional at additional cost.

25 YEARS AGO
FROM THE PLYMOUTH MAIL FILES

Next Sunday afternoon at 2:30 will occur the laying of the corner stone for the new addition to St. Peter's Lutheran church of this village. The services will be conducted in English by the pastor, The Rev. Charles Strasen.

Work has commenced on a 25 foot addition to the rear of the Blunk Bros. department store. The new addition will be the full width of the present building, and will be two stories high. An archway will open from the main store to this room, which will also provide space for an elevator. Manager Albert Hall of the Michigan Stage Telephone company announces that the delivery of subscribers for Plymouth commenced November 14, and will be completed about November 16. There are listed in the new directory 874 subscribers numbers, compared with 848 in the last issue.

Frederick Thomas was in Albion Saturday, attending the homecoming at Albion college.

Joseph Tracy will sing, "The Plains of Peace" (Barnard), at St. John's mission, Sunday morning next, at the 10 a. m. service (by request). Miss Pearson, accompanist.

Ross and Sutherland, proprietors of "Sunshine Acres Greenhouses," have been busy the past two weeks marketing an exceptionally fine lot of chrysanthemums. This is their first year in growing the popular "mums" and they have found a ready sale for them.

Fire, Friday evening, destroyed the barn on the Ammon Shaw farm, where Emory Halliwill lives.

D. B. Cady and sister, Miss Mary Cady of Coldwater, visited Mr. and Mrs. Donald Ryder, the first of the week, and will also visit at William Smith's and other friends.

Mrs. Edgar Stevens is clerking at the Woodworth Bazaar, this week.

Mrs. Perry Hix spent Tuesday afternoon with her mother, Mrs. Anderson of Plymouth.

Mr. and Mrs. R. O. Kaiser and two sons, Wesley and Dale, spent Sunday at Charles Kaiser's of Superior township.

Mr. and Mrs. Harmon Gale had as weekend guests, Mrs. Gale's sister, Mrs. Nellie Bird, and her two daughters, Ione and Genevieve of Plymouth. Ione Bird accompanied her uncle, Mr. Gale, to the Michigan-Marine game.

Mr. and Mrs. William Melow and daughter of Walled Lake

FIRST FAMILY OF THE PACIFIC . . . This is an unusually attractive photo of Gen. Douglas MacArthur and Mrs. MacArthur. It was made as Mrs. MacArthur waved farewell to president Syngman Rhee of embattled Korea as he left for his native land. The top administrator in the Pacific and his wife journeyed to Haneda airport to bid farewell to Rhee.

were Sunday guests of Mr. and Mrs. Fred Melow.

Henry Liverance and Harry Lipstraw husked 1700 bushels of corn for Fred Melow last week.

Mrs. William Grammel is entertaining her aunt and uncle, Mr. and Mrs. Andrew Beveridge, from Detroit.

John Root has commenced his new bungalow.

Mr. and Mrs. Fred Wagenschutz and family of Plymouth; Mr. and Mrs. Harry Wagenschutz and Mr. and Mrs. Floyd Thorpe of Northville, were Sunday callers at Elmer Blunk's.

Mr. and Mrs. Frank Dicks and children were guests of their cousins, Mr. and Mrs. A. J. Schultz of Ypsilanti, Sunday.

Floyd Freeman of Ann Arbor was a guest of his sister, Mrs. Frank Dicks, Monday.

Mr. and Mrs. Fred Schafer of White Lake visited Mr. and Mrs. W. B. Roe, Sunday.

Mrs. Frederick Thomas and little son spent the weekend in Detroit, as guests of Mr. and Mrs. Frank M. Field.

We understand that the Pere Marquette are planning to spend eleven million dollars to improve the system. Here is hoping that they will include a new depot for Plymouth in their appropriations.

Mr. and Mrs. Fred Schaufele and little daughter, Lois, of South Main street, were Sunday guests of the latter's sister and husband, Mr. and Mrs. Paul Nichols of Detroit.

Chief of Police Springer, a state office, and local officers searched a local soft drink parlor and cigar store and residence late last Saturday afternoon, and

confiscated a quantity of liquor, beer and wine, nearly all of which was found in the residence.

The public library will move to the village hall, Tuesday, November 20 from the present location in the Greenlaw building on Main street.

Abolitionist newspapers before the Civil War were frequently attacked by mobs and their plants burned.

No Auto Plates Before Jan. 3

Frank Rambo, manager of the Plymouth branch office of the secretary of state, has been advised by the Lansing office that 1949 auto plates will be issued only to buyers of new cars between now and the first of the year.

No 1949 plates will be issued to other car owners before January 3.

The prediction is that by that time the new state administration will again hold up the issuance of 1949 plates until legislation can be enacted raising the tax on automobiles and trucks.

There is nothing said, however, in the notice sent out by the secretary of state's office about this possibility.

In past years automobile owners have always been able to get their license plates on and after December 1.

Cars from out-of-state can also get 1949 licenses after December 1, but that is not possible for the hundreds of thousands of Michigan car owners.

So if you are going away before January 3 on a winter stay in the south or west, you will have to drive in other states on your 1948 license plates and run the chance of getting pinched for using an old license.

Zink and Holstein Cheers for Frosh Teams Win Lead

by Gil St. Louis

by Jane Pierce

In the Round-Robin tournament being played by the girls' volleyball teams of Plymouth High, the Bloomer Girls, captained by Sally Zink, and the Hot Rocks, captained by Saxie Holstein, are tied for first place by winning all games played so far.

A freshmen team, the Plymouth Pebbles, captained by Carolyn Smith, is putting up a tough fight for second place.

The schedule for this past week was November 16, Green-Dudley, Forshee-Cartwright, Hart-Minehart, and Smith-Sexton; for November 18, Houghton-Finnegan, Forshee-Dudley, Hart-Holstein and Smith-Valaika.

Volley ball is being played on Tuesday and Thursday nights after school in Round-Robin fashion. The girls will start basketball practice immediately after Christmas, with the tournament beginning the second semester.

Three cheers for the freshmen cheerleaders, who put everything they had in the football games at which they cheered.

Let's hope that all the girls will be out there next year cheering for the varsity. This was the first year that the freshmen had organized a cheerleading group.

After one season in the freshmen ranks, these girls should make quite a hit as varsity cheerleaders next year. Even with the little experience they had this year, they greatly improved some of the yells. They cheered in five freshmen games and two reserve games, and in all seven games the freshmen cheerleaders came through with flying colors. With cheerleaders like this how could the boys help winning the games.

Fall isn't the best season to plant walnuts. According to Michigan State college foresters, squirrels often dig up the nuts planted in the fall. Spring is a better time.

School News

Photography club Faculty Attends Meets in Home Various Meetings

Photography club spent a most unusual evening at Nancy Walton's home November 9.

Mr. Walton showed the club his scrap book of pictures which were printed in the Detroit Free Press. He also pointed out the uses of all the equipment which he had in his dark room. Aside from photography, Mr. Walton entertained the club by playing the organ. Fruit juice and chocolate cake were served for refreshments.

At the regular meeting, November 15, committees were chosen for the dance which the club is to sponsor December 17.

Cyrus E. Pierce, principal of Plymouth High school, on Tuesday, November 9, spent some time at the University of Michigan with some former Plymouth High students, who are freshmen this year.

Miss Ingeborg Lundin and Mrs. Barbara Parkes, on Wednesday, November 10, went to the MacGregor library in Lincoln Park to attend the Regional Home Economics meeting. The main speaker was Dr. Thurman Rice, who is head of Home and Family Living at Indiana University.

Miss Gertrude Fiegel, Miss Sarah Lickly, Miss Irene Waldorf and Miss Elizabeth McDonald attended the meeting of the executive board of the District Michigan Education association at Belleville.

Walter Goodwin and Miss Gertrude Fiegel are on the planning committee for the teachers recruitment to be held on Monday, November 15.

Boys' Counselor Attends Meeting

Mary Anne Witwer, George W. Canfield, counselor for boys at Plymouth High school, attended the second annual meeting of the Michigan State Counselors association, held on the Michigan State campus at East Lansing on November 3.

Mr. Canfield, prior to coming to Plymouth in the fall, was Chief, Appraiser of the Guidance Center, Veterans Rehabilitation Program, Allegheny college, Meadville, Pennsylvania.

Mr. Canfield, along with 56 educators interested in improving the Guidance Services Workshop, met at the State Conservation camp at Higgins lake from Sunday, November 7 to Wednesday, November 10. Elementary and secondary teachers, principals, superintendents, coordinators, counselors and college professors selected from 34 cities in both the lower and upper peninsula, met to pool their experiences and develop an integrated program, a Guidance Service for Michigan.

Two more meetings are to be held by this group in the spring to put into final shape a publication on Guidance Services which will include the elements, planning, initiating, appraisal improvement and sources of materials for a guidance service program.

The Naval Ordnance Test Station, Inyokern, California, roughly equals the State of Rhode Island in size.

Seniors Advised of Scholarships

by Betty Bilow

Plymouth High students may obtain numerous scholarships if they can meet certain qualifications, according to the scholarship committee, which is made up of Gertrude Fiegel, chairman; George Canfield, Edna Allen, Irene Waldorf, Melvin Blunk and Harry Reeves.

Lawrence college of Appleton, Wisconsin is offering a four year full-tuition fellowship valued at \$410 per year to successful candidates in a competitive examination. University of Chicago offers more than 100 scholarships ranging from full tuition of \$495 up to \$1,000 for qualified applicants who have completed two, three or four years of high school. Applications for scholarships and for admission must be submitted by April 1, 1949.

Grinnell college of Grinnell, Iowa is offering scholarships of \$210-\$420 in a competitive examination. Applications for examinations must be filed 30 days before the date of the testing.

A full-tuition scholarship is awarded annually by the Alumnae association of Simmons college to a young woman entering Simmons college as a freshman. An applicant must be a graduate of an accredited secondary school, show evidence of intellectual ability and sound character, and demonstrate the need for financial aid.

Monticello college of Alton, Illinois offers to girls in the upper ten per cent of the graduating class an award of \$400. May 1, 1949, is the final date on which applications for scholarships or awards may reach the college.

Cedar Crest college of Allentown, Pennsylvania, offers four \$1800 scholarships (\$450 a year for four years) and six \$900 scholarships (\$225 a year for four years) to outstanding young women entering Cedar Crest college as freshmen in September, 1949.

Rockford college of Rockford, Illinois, offers the Jane Adams scholarship of \$500 a year for four years to those taking examinations in specified fields. Applications must be filed before March 1, 1949.

For further information about these scholarships contact Miss Fiegel or any other committee member.

Student Nimrods Go North for Week

Several Plymouth High boys have been hunting deer in northern Michigan this week.

These boys, before they could go, handed in their work for the week and obtained signed permits from their teachers and the guidance department.

The following are the boys who went hunting: Dwight Eckler, Grant Gabel, Bob Glass, Don Gottschalk, Frank Hix, Gerald Huber, Bud Myers, Al Larson, Bill Newstead, Jack Pinkerton, Gene Richardson and Leonardo Ratkas.

Cheerleaders Sell 500 School Pins

All members of the Cheerleaders club were on the job selling school pins last week.

The pins were made of wood with a safety pin attached to the back of the base. The base was round and about the size of a half dollar. The base was painted blue, with a white letter P glued in the center of it.

The pins sold at ten cents each and were soon gone. The proceeds will go into the Cheerleaders' club treasury for buying equipment such as sweaters and megaphones.

Squads Win First Girls Volley Ball League Debates Gets New Rule

Plymouth High school debaters won their first league debates Wednesday, November 10, from Wayne.

The teams consisted of Sandra Welch and Roger Kidston, negative and Larry Mack and Ronald Witt, affirmative.

The subject for the debate was "Resolved: That the United Nations should be revised into a Federal World Government." The debates were held simultaneously, one in the grade school gymnasium and the other in Room 13. The next home debate is on December 1 with Redford Union.

At the beginning of the volleyball season Virginia Olmsted, gym instructor, added a new rule to those now being used.

This rule is the outlawing of hitting the ball with the fist or the wrist. This rule will further the safety of the game.

The other rules that are being observed by the girls are: the ball can be hit only with the open hand; each girl can hit the ball only once in succession except when it is off the net; when serving the girl cannot step over the service line; there can only be one help on a serve, and the walls and bleachers are the boundaries. Miss Olmsted feels that the new rule, along with the others makes a faster and better game.

The standings of the teams now finds Sally Zink's sophomore team is tied with Saxie Holstein's junior team for first place. Carolyn Smith's freshman team is in second place.

Seniors Order Class Pictures

Representatives of the H. A. Powell Studios spent Wednesday, November 17, in Plymouth High school taking final orders and making adjustments for senior pictures.

At this time each senior made a deposit totalling one half the full price of his pictures, the balance to be paid with final delivery sometime before Christmas.

The meeting of the senior executive board, scheduled for November 15, will be held a week later, on Monday, November 22. The purpose of this meeting is to choose name cards and graduation announcements from a selection presented by Bastian Brothers, of Detroit.

Students Observe Armistice Day

In commemoration of the 13th anniversary of Armistice Day, November 11, school activities were suspended for three minutes and students were asked to observe the signing of the agreement to discontinue fighting by several prominent men, in a dining car at Compiègne, France, at the end of World War I.

At 11 a. m. Thursday, classes were stopped by the ringing of a bell and taps were sounded by Wesley Potts with an echo by Sidney Davison. Three minutes later two bells were rung and classes resumed their work.

Members of S. C. Attend Meeting

Attending the Citizenship conference for student councils at Ann Arbor Friday, November 12, were six delegates of the Plymouth High school's student council.

The members that attended were: Jack Scheel, mayor of Plymouth High school, Russell Hasselbach, Margie Tait, Barbara Finnegan, Alline Burns, Wilma Latture and Miss Irene Waldorf, student council adviser.

Football Players To Attend Dinner

The members of the Plymouth High school varsity, reserve, and freshman football squads will be the guests of Dr. Henry Walch of the First Presbyterian church of Plymouth on December 2.

Others invited were: John Sandmann, A. Alford, R. Newstead, Cyrus Pierce, Helmer Nelson and head coach, Eddie Bender.

You get all this—plus a premium that only Chevrolet Advance-Design heavy-duty trucks offer . . . 3-WAY THRIFT. For these trucks have TRIPLE economy—low cost of operation, low cost of upkeep and the lowest list prices in the entire truck field! Come and see them in our showroom.

De luxe Equipment and Rear Corner Windows are optional at extra cost.

ERNEST J. ALLISON
331 N. MAIN PHONE 87

By REV. ROBERT H. HARPER
Poetry in the Bible.
Lesson for November 21: Psalms 24.

Memory Selection: Psalms 40:3.
The Hebrews had a poetic form all their own, known as Parallelism, in which one line is balanced with another, usually in the repetition of thought. Generally there are two lines, but there are also groupings of three and four lines. Jesus himself sometimes spoke in poetry, as in the triplet beginning, "Ask, and ye shall receive." The chief example of Hebrew poetry is found in Psalms.

The 24th Psalm, considered today, was evidently written to be used on a great occasion—the bringing of the ark to Jerusalem, soon after David had made the city his capital. The bearers of the ark, at the foot of the hill leading to the gates, asked, "Who shall ascend into the hill of the Lord?" Before the gates, several questions and answers were exchanged between the wardens and the bearers of the ark. Only at the last response, which must have been the watch word of the day, did the gates open, that the procession might move into the city.

This Psalm came into use to express the attitude of worshippers going into the Lord's house. So may the Psalm be an illuminating one to us as we go into the Lord's house to worship. Let us go with clean hands and a pure heart and we shall receive a blessing.

The Psalm shows that God is the great Creator, and that he demands more than ritual, that clean hands and pure hearts must be the chief sacrifice we make unto him. The symbols of our worship must be expressions of our souls' aspirations toward God and of our faith in him, demonstrated by pure living.

FIRST CHURCH OF CHRIST SCIENTIST
Sunday Morning Service, 10:30 a. m. Sunday School, 10:30 a. m. for pupils up to 20 years. Wednesday evening testimony, 8 p. m. "Soul and Body" will be the subject of the Lesson-Sermon in all Christian Science churches throughout the world on Sunday, November 21. The Golden Text (Psalms 86:4) is: "Rejoice in the Lord thy servant; for unto thee, O Lord, do I lift up my soul." Among the Bible citations is this passage, (Psalms 16:8,9): "I have set the Lord always before me; because he is at my right hand, I shall not be moved. Therefore my heart is glad, and my glory rejoiceth: my flesh also shall rest in hope."

ST. JOHN'S EPISCOPAL CHURCH
S. Harvey at Maple
Alexander Miller, Rector
Sunday, November 21, Sunday next before Advent; 8 a. m. Holy Communion, 9:30 a. m. Sunday school for 3rd grade and over, 11 a. m. News In The World of Religion

By W. W. Reid

When a man dies or is injured among the native peoples of Papua and New Guinea, the custom is for the community and his friends to organize a "benefit" for his family. In the pidgin-English of the region, this is known as a "Singaut-sorri" ("Sing out Sorry") Recently the peoples of the villages of these islands held a "Singaut-sorri", contributing shillings and pennies for the hungry and homeless children of the world. The money is to be distributed by the "Yunaited Neisaks."

"Civilization is always but one generation removed from Utopia on the one hand, or from utter chaos on the other," says Bishop Charles W. Brashares, of Des Moines, Iowa. "All depends on whether that generation is trained for Utopia or for chaos. Some day we shall take as seriously the task of educating our children to wage peace as we have taken the task of teaching them to wage war, and then the kingdom of shared goodwill will have arrived. Until then we must encourage our churches to unite in doing all they can to help our children build life at its best."

The Congregational Christian churches and the Unitarian churches have been celebrating in recent weeks the 300th anniversary of the "Cambridge Platform of Church Discipline." This was the document through which the free churches of the early American colonies in New England proclaimed their right to be free from either governmental or ecclesiastical authority, and to conduct their own church affairs. The churches claim that upon this platform democracy was founded in this continent and that it was the forerunner of the American Revolution and of the Constitution of the United States. The Congregational and Unitarian churches still hold the tenets of this document: that the church derives its life from its faith in

God, as revealed by Christ and by the Holy Spirit to church members; that the peoples of the churches form a single fellowship in Christ no matter how many congregations may be formed; and that the people of the individual churches are a free people, subject only to the guidance of the Holy Spirit. First Church, Congregational, in Cambridge, Massachusetts, was the center of the observance.

According to Dr. Ralph J. Bunche, acting mediator for the United Nations in Palestine, there are about 500,000 Arab refugees, victims of the war in Palestine, now scattered throughout seven nearby countries, and facing a winter without shelter, food or sufficient clothing. He estimates that a program of relief and of shelter overseas would cost close to \$30,000,000. There are also Jewish refugees but in far less numbers, and other Jewish groups are aiding them. The UN is planning international relief for the victims, but American church relief agencies hope to be permitted to enter these fields with some immediate relief before many weeks.

Perhaps the most cosmopolitan small school in the world is the famed Woodstock school, near Mussoorie, North India, where American and British missionary and government children receive their education. The school, which has alumni in many parts and posts of the world, also admits children of other nationalities and races, and of divergent religions. The most recent graduating class was composed of 7 Hindus, 7 Americans, 4 English, 3 Indian Christians, 2 Scots, and one each of the following: Corsican, Canadian, Muslim, Australian, Burmese, Chinese, Dutch, Sikh, Robert Fleming. "One world will come when a group of young people like ours grow up in a Christian atmosphere."

Director Leslie B. Moss, of Church World Service, recently returned from a visit to China where some foods sent by American churches are keeping thousands alive, tells this story: In a certain mission hospital in China they conduct a baby feeding clinic. Early in the morning mothers line up outside the clinic carrying their babies. They are there for a weekly ration of milk powder, some vitamin concentrate, and a bottle of cod liver oil. Some of these mothers with their babies trudge in for a distance of as much as five miles. One of the most interesting things about this clinic is the collection of twins which it has helped. In July they registered the 15th pair of twins. They asked one mother of a pair of puny twin girls how she happened to come. A traveling candy seller had heard the babies crying and had said, "Take them to

DESCRIBES PERILS IN JERUSALEM . . . T/Sgt. Carlos Ballou, of Pinson Fork, Ky., just returned from Palestine, is greeted by navy secretary John Sullivan at the Pentagon. Ballou told newsmen that life of the U. S. consul general in Palestine had been threatened 24 times in the past three months.

LOOKING AHEAD

by Leo Wolff

ALUMINUM ROOFING SHEET, CORRUGATED OR FLAT, IS NOW READY FOR THE MARKET.

Church Sponsors Tonight's Play

"Love conquers all" is the theme of Arthur Wing Pinero's "Enchanted Cottage" brought to the radio by the Protestant Episcopal families in this community this evening, Friday from 8 to 8:30 p. m. over station CKLW.

Miss Gene Tierney will portray the role of Laura, and Walter Hampden, will play the part of the old family friend, Major Hillgrove, and Richard Waring will play opposite Miss Tierney as Oliver, the war casualty whom she marries out of pity.

How deep and abiding love works a miracle on a limping, disillusioned war casualty, how love transforms a hopelessly plain British school teacher into a radiant beauty—and how this physical transformation is still invisible to the people of the outside world is the mystical thesis of the plot.

It is a story of a modern miracle wrought by a good woman's love that transcends all obstacles and refuses to recognize any impediment to the attainment of its goal.

Mr. and Mrs. John O'Conner Take Wedding Trip to Mexico

Honeymooning in Monterey, Mexico are Mr. and Mrs. John G. O'Conner, who were married at a candlelight ceremony in the First Presbyterian church on November 13.

Mrs. O'Conner was formerly Donna Jean Swarbrick, daughter of Mr. and Mrs. Clifford Swarbrick of Brush street. Mr. O'Conner is the son of Mr. and Mrs. John L. O'Conner of Kendall street in Dearborn.

The Rev. Henry J. Walsh performed the double ring rites before an altar decorated with baskets of white mums and palms.

Preceding the ceremony, Mary Ann Cylk, soloist, sang "Because" and "At Dawning."

For her wedding the bride chose a white satin gown with fitted bodice and full skirt. The yoke and sleeves were made of lace, and the satin peplum of the gown was edged in matching lace. Her full length veil of illusion was trimmed with lace, and she wore a rhinestone bracelet, a gift from the groom. The bride carried a white prayer book topped by two white orchids.

As matron of honor, Mrs. Charles Altman, Jr., wore a powder blue taffeta gown styled with shawl collar, fitted bodice and full length ballerina skirt. Her headpiece was a gold Juliet cap. Mrs. Altman's flowers were American beauty roses in a colonial nosegay.

Bridemaids were Christine Swarbrick, sister of the bride, Ruth Pringle, Mrs. Louis Foreman and Marian Lawson. Miss Swarbrick and Miss Pringle were joined in American beauty taffeta; and Mrs. Foreman and Miss Lawson wore royal blue gowns. The bridesmaids carried matching muffs and wore corsages of pink roses.

Bill Petre, cousin of the bride, acted as ring bearer. The flower girl was Lillian Swarbrick, sister of the bride. Her colonial gown, worn over a hoop, was made of powder blue taffeta and she carried a colonial nosegay of American beauty roses.

The bridegroom was attended by Charles Altman, Jr. Ushers were Jimmy O'Conner, brother of the bridegroom, Kenneth Pankow, Louis Foreman and Milton Soditch.

Mrs. Swarbrick wore a grey floor length gown with wine accessories and wine mum corsage. Mrs. O'Conner was attired in a cocoa brown floor length gown with brown accessories. Her flowers were bronze mums.

The American Legion hall at Newburg was the scene of the reception where 375 guests from Plymouth, Toronto, Flint, New Hudson, Grosse Pointe, Detroit, Dearborn, Chicago and Elmira, New York were entertained.

For their Mexican wedding trip, Mrs. O'Conner wore a forest green suit with brown accessories and an orchid corsage.

When they return they will make their home temporarily at the home of Mrs. O'Conner's parents.

During the controversy over slavery, the U. S. post office, department banned abolitionist newspapers from the mails.

Reception Highlights Plymouth Fall Social Season

Mort Wilton Photo

A reception honoring Mr. and Mrs. Philip Hadsell, Jr., was given by Mrs. Hadsell's parents, Mr. and Mrs. Cass S. Hough, at Meadowbrook Country club last Sunday, November 14. The couple received 400 guests between the hours of 4 and 6 p.m. Principals at the reception were, left to right, Mrs. Philip Hadsell, Sr., Philip Hadsell, Jr., Mrs. Philip Hadsell, Jr., Mrs. Cass S. Hough, Cass S. Hough, Cass S. Hough, Jr., Mrs. W. J. Reid, and E. C. Hough.

Shower Honors Joan Cochrane

Joan Cochrane was guest of honor at a linen shower given on November 12, at the home of her grandmother, Mrs. Minnie Bakewell of South Main street.

The 14 guests present were served luncheon after playing games.

Miss Cochrane, who is the daughter of Mr. and Mrs. Fred Cochrane of Sunset avenue, will be married on December 11 to Rex Parrish.

Auxiliary Plans Mixed Card Party

Proceeds from the mixed card party planned by the Junior Chamber of Commerce auxiliary, for Saturday, November 23, at 8 p. m. will be given to the Sister Kenny Foundation.

"The foundation needs these funds," an official of the auxiliary explained, "to carry on its marvelous work in curing and treating infantile paralysis victims."

Tickets for the party may be secured from Mrs. Marvin Kleinschmidt, chairman, or any member of the Jaycee auxiliary.

If you have a social item you desire published in The Mail phone 1755.

Cast in Play

Doris Ryder

The role of Mary in Clarence Day's "Life With Father," undertaken as the major production of the year at Adrian college, has been awarded to Doris Ryder of Plymouth.

Miss Ryder is the daughter of Mr. and Mrs. C. Donald Ryder of 36725 Ann Arbor trail.

She is a graduate of Plymouth High school, and is enrolled as a freshman student at Adrian college.

Newly Arrived...

Carol Joyce is the name Mr. and Mrs. Robert Scheppeler chose for their baby daughter, who was born on November 11, in St. Joseph's hospital in Ann Arbor. Mrs. Scheppeler was formerly Esther Mettetal.

Mr. and Mrs. Jack Unger of Wayne are receiving congratulations on the birth of a son, who was born on November 11, in Sessions hospital. The baby weighed five pounds and thirteen ounces and has been named Stephen Douglas. Mrs. Unger was formerly Jean Matthews of Plymouth.

Mr. and Mrs. Robert Filer of Wayne announce the birth of a daughter, Nancy Marie, born on November 2, in the Detroit Osteopathic hospital. The mother was formerly Maxine Minthorn.

Ingrid Ericsson Sets December 4 as Wedding Date

Mr. and Mrs. Carl Ericsson of Royal Oak, formerly of Plymouth, this week announce the engagement of their daughter, Ingrid, to Russell A. Gustavson.

Mr. Gustavson is the son of Mrs. Alice Gustavson of Chicago, Illinois.

Miss Ericsson has named December 4, as her wedding date. The ceremony will take place at 7:30 p. m. in the Central Methodist church in Detroit, and the reception will follow at the Ionic Temple.

The bride-to-be was graduated from Plymouth High school and attended Cleary college. She is now employed as secretary for the New York Central railroad. Mr. Gustavson is a city passenger agent for the Santa Fe railroad.

Mr. and Mrs. Paradise to Reside in Detroit

In a candlelight ceremony on November 13 at the First Presbyterian church, Mrs. Harriet Gamber was married to Norman A. Paradise of Detroit.

The Rev. Henry J. Walsh officiated before an altar decorated with white mums and lighted tapers.

For her wedding the bride wore a grey sharkskin suit with black accessories. Her flowers were purple orchids.

Mrs. F. Earl Reh attended her sister-in-law as matron of honor. She wore a grey suit with bitersweet accessories and a corsage of camellias.

Arthur P. Shugg of Birmingham was best man.

Following the wedding a reception for the members of the bridal party and the friends of the immediate families was held at the bride's home on Euclid avenue in Detroit. Guests were present from Birmingham, Detroit, Lansing and Plymouth.

Mr. and Mrs. Paradise left for a wedding trip to Northern Michigan. They will be at home on Euclid avenue after December 15.

Eggs should not be washed until just before they are used. The dull, velvety "bloom" on the shell is a protective film which helps prevent bacteria and odors from getting through the porous shell.

Theuer - Dethloff Nuptials Read in Wayne Church

Wedding bells decorated the church dining room for the reception following the candlelight ceremony uniting Betty Jane Theuer and Linwood Dethloff in marriage.

The bride is the daughter of Mr. and Mrs. Fred Theuer of Wayne. Mr. Dethloff is the son of Mr. and Mrs. Walter Dethloff of Plymouth.

White mums, palms, carnations and lighted tapers were placed on the altar of the First Methodist church of Wayne for the double ring rites read by the Rev. G. Gorton at 8 p. m. on November 6. Music was presented by Mrs. Robert Liggett, vocalist, accompanied by Mrs. Head, organist. Mrs. Liggett sang "Because" and "The Lord's Prayer."

Given in marriage by her father, Fred Theuer, the bride wore a gown of white taffeta with net yoke, full skirt, and short train. Her fingertip veil fell from a beaded crown. White mums and carnations made up the bridal bouquet.

For her maid of honor the bride chose Gertrude Tannehill. Miss Tannehill wore a green gown with full skirt, fitted bodice, and net yoke. Her headpiece of matching material had a wide brim which tapered to the large bow with streamers in the back. The maid of honor carried a bouquet of yellow mums.

Corrine Thayer, bridesmaid, was gowned in orchid, styled the same as the gown worn by the maid of honor. She carried yellow mums and wore an orchid headpiece with an orchid bow and streamers.

Elwood Dethloff was best man, and ushers were Robert Gottschalk, Harold Evans and Duane Bock.

The bride's mother wore a cinnamon brown crepe dress with dark brown accessories. Mrs. Dethloff wore a navy blue dress with black accessories.

At the reception in the church dining room, 250 guests were served wedding cake, ice cream and coffee. Out of town guests were from Detroit, Plymouth, Garden City, Milan, New Boston, Romulus and Ypsilanti.

For their honeymoon Mr. and Mrs. Dethloff traveled to Niagara Falls through Canada. For traveling Mrs. Dethloff wore a navy blue suit with black accessories.

They will make their home in Plymouth on Morgan street.

Poultry production is often cut when birds are in poor condition. Disease and improper feeding can often account for a slump in production when the birds are really capable of doing better.

How to smile your way through a traffic snarl

Come in—find out how Packard takes the tension out of city driving!

Here's a car that meets all the demands of downtown traffic. And handling ease is only an ever-present part of the story.

What impresses you first, in this sleek, roomy Packard, is the way you can see—the wonderful feeling of always knowing exactly where the front, sides, and rear of your car "are at!" It puts an end to all the old "squeeze plays" . . . whether you're cruising or parking.

Next you'll marvel at the turbine-smooth trigger-quick responsiveness of Packard power. You simply point to a sudden opening in the traffic jam and—you're through it!

Above all, you'll prize the restful riding ease . . . the sure-footed roadability . . . the husky construction that brings relaxing comfort in any rush-hour snarl.

And when you head this eager, road-worthy Packard down an open highway—!

But come in first for the city story. It's one of the big reasons why the new Packard Eights are the greatest ever built!

Astrology
 Your Weekly Guide by G. Cardinal LeGros
 YOU ARE THE DREAM

You are the dream that follows me
 Through April mist and autumn rain;
 You stand behind each memory;
 In every voice you speak again.

The years repeat: the blossoms blow,
 The winter snows lie still and deep.
 You are the music that I know
 Within the silence that I keep.

The writer is glad to know that the readers of The Plymouth Mail like poetry, so he will continue to head the column with one each week. There's nothing like a poem to put a person in a receptive mood. Either that, or it puts you to sleep. We hope that the latter doesn't happen.

It seems that most questions fall under one of the three general classifications: money, love and health. Today we are going to consider the second mentioned in the light of astrology so that you will always know something about this subject. In the first place, everything in the world is made up of elements like air, earth, fire and water. And astrology places the 12 signs of the zodiac in these four classifications. Aries, Leo and Sagittarius are the Fire signs, Taurus, Virgo and Capricorn are the Earth signs, Gemini, Libra and Aquarius belong to Air, Cancer, Scorpio and Pisces are the Water signs. Now the idea is to understand which signs are in harmony with which. We know that Water, for instance, blends well with Earth because the rivers flow through the land. And Fire blends well with Air because Air supports Fire. But Water and Fire cannot mix; neither can Fire and Earth. Therefore some people seem just right for us; others get on our nerves. It's all a matter of the chemistry of our temperaments. It means that we have one quality in excess and it clashes with some different quality in another person.

If you are born in Taurus, you should get along well with people born under the two other Earth signs as well as the three Water signs. If under Aries, you should harmonize with the two other Fire signs as well as the Air signs: Gemini, Libra and Aquarius. If under Scorpio, with the two other Water signs as well as the Earth signs Capricorn, Virgo and Taurus. Thus you can easily find out the sort of people that will likely adjust themselves to you with little trouble, and those whom you may have trouble with.

At the same time, we should realize that in the world we have to accept things as they are, and

Successful Parenthood
 BY
MRS. CATHERINE CONRAD EDWARDS
 Associate Editor, Parents' Magazine

WHENEVER child specialists recommend something that seems to back-track on what they used to advise, parents are inclined to think that the older method was entirely wrong. This is contrary to fact. Take baby feeding schedules which today, on the doctor's advice, are decided by the baby himself. But this doesn't mean that babies are now to be fed haphazardly. It is merely that you let baby establish his own rhythm of feeding and then keep him on a schedule which satisfies his appetite and prevents hunger pangs.

For example, many physicians feel that a four hour interval between feedings is best for babies at one month of age. Yet in a study of 100 babies at the Rochester Child Health Institute, 61 of the infants made it evident that they wanted food every three hours. Had these babies been treated as "average" and fed only every four hours their earliest days would have been marred by the unhappiness of feeling hungry, which brings with it a feeling of neglect.

Then there is the matter of keeping the baby warm at night. Who ever heard of a parent taking two blankets for himself and giving the baby only one. And yet doctors say that an infant would probably sleep more comfortably if you did that very thing. Babies wear twice as many night clothes as adults and, therefore, need fewer top coverings.

One of the most misunderstood of parent about-faces in infant care is make adjustments. Some of our greatest successes come through the greater efforts. And we can always get along with others if we try hard enough. But astrology is here to help us, and we owe it to ourselves to take advantage of everything that comes along promising to make life a little easier. So study the four astrological signs and the elements they represent. It will clear up a lot. If you are confused about anything, write to the author of this column. As long as his typewriter holds out he'll help you.

Most of the people who write in for astrological help, ask that their letters not be printed. Don't worry. No honest astrologer ever betrays a confidence. Your letter will never be published without your written permission, nor will your name ever be mentioned to anyone. Now to our question box.

Question: My husband has always been a good provider and stayed at home nights, but all of a sudden he has changed for the worse. What is wrong—is it myself, or him? Answer: According to the birth-data you sent, he is just entering a period when most men go through a trying time. There is nothing wrong with him at heart, and he will come through this period alright. Be patient and understanding. He's just like the little boy who wants to run away from home. When night comes he returns. If his chart were a bad one, it would be a different story. But you don't have to worry.

Question: I am filing for divorce this month. My husband and I have tried everything possible but we can't get along. What do you see in our horoscopes? Are we doing right? Answer: Divorce is a very serious business and should never be considered until after everything else has been considered and tried out. However, it is not a crime, and if two people honestly believe that they would be better off divorced, then there is nothing else to do. When there are young children the matter is, of course, much more serious. In such an event it is usually better to wait until they grow up and are able to adjust themselves to the new state easier. However, people should always examine themselves carefully and see whether the fault is in them or their partner. We can't run away from anything that is the result of our own inner consciousness. One lady who has been married four times told me: "Men are all alike. Only their names are different." But the truth was that she did not change her inner nature and therefore attracted the same type of husband each time. We have to change, grow, evolve in consciousness first; then the outer life will improve too.

Women are the ones who suffer the most in divorce. Therefore women should strive to understand their husbands and themselves and find out early in marriage if there are any seeds of discord that will later grow into the ugly weeds of separation. And young people thinking of marriage can save themselves the chance of sorrow by having an astrologer cast their charts and determine if they will be inclined to get along or not. It is one of the safest things possible to do.

horoscopes were in discord. But we don't realize such things in romantic days of courtship when each party puts his best foot forward. They come out in the wash later.

Women should realize that while home and domestic life is usually the greatest thing to them, it is not so with all men. Some men have no business marrying at all. Some are natural rovers who resent the confinement of home and responsibility. Women should avoid such types. It all shows in a horoscope. The writer believes that he has saved many women heart-break by telling them in time that the man they were thinking of marrying was a rolling stone. And he has also been happy to cast many charts of men who were the other kind, and who have proved themselves responsible homemakers.

So, if you are a woman thinking of marriage, send in the birth-data of the man you have your eye on, and let astrology pass judgment. It may save you a lot of tears later. And it may prevent divorce and the sorrow that it brings to more people than the husband and wife. The fault is human nature and the natural instincts of people, but we can go a long way toward preventing trouble before it comes.

The writer of this column will be glad to hear from readers on any problem. Send your day, month, hour, year, and place of birth to G. Cardinal LeGros, 1111 Burlingame Avenue, Apartment 405, Detroit 2, Michigan.

In the face of modern advancements, the Navy has given up its old tradition of having every officer competent to handle every job by setting up "Specialists Duty Only" classifications for officers in the fields of Communications, Intelligence, Photography, Public Information, Psychology and Hydrography.

"No Critter ever made Them Tracks"
 (Today's Covered Wagons roll on Rails of Steel)

Across America the footprints of plodding oxen have long since given way to rails of steel. Today this vast, steel-shod network amounts to 398,000 miles of track.

To withstand the terrific pounding of modern trains, rails must be strong and safe. Today's rails average 15 years of main line service, and many additional years of service on secondary lines.

By improving their technology steel companies have produced better steel rails at lower cost. Their price is now only one-third the price of the first rails produced in America.

In railroad steel, as in other steel products, the industry is setting new production records this year. Railroads are getting a third more steel than they used before the war.

Supplying this steel for rail transportation, the steel companies make possible:

- For You—quick, safe service;
- For Steel Workers—jobs and good wages;
- For Everyone—better living.

IN THE NEWS . . . Year by year weekly wages of steel company employees are above the average for all manufacturing industries—13% higher in 1947.

IN THE NEWS . . . From 1939 to 1949, American steel mills will have added 15,000,000 tons to productive capacity. That increase alone is nearly 1,000,000 tons greater than total British production of steel in 1947.

A lot of pheasant hunters will not agree with the propaganda issued by some of the "specialists" of the Michigan Conservation department...

The department claims that the best evidence that a closed Michigan pheasant season is not the answer to better ringneck hunting is shown by hunters on Ontario's Pelee Island...

R. A. MacMullan, conservation department pheasant specialist who returned recently from the Island, says that this large pheasant kill in the two-day season on the Island's 10,000 acres continues notwithstanding a high ratio of one hunter to every 10 acres...

The age ratio of 20 young birds to one old one, MacMullan says, proves that the last breeding season was excellent on Pelee Island.

This picture serves to demonstrate what game specialists have believed all along: that even with a generally poor Michigan pheasant season over the last few years, the birds have started coming back...

But a lot of observing hunters, who are as much interested in conservation as are members of the department, and who study it almost as closely, do not think eye to eye with these specialists.

For years and years a number of real conservationists about the state tried to induce various governors to appoint Al Weber of Cheboygan a member of the conservation commission.

At least two different governors promised to put him on the commission—but the promises were never carried out.

Now Editor Weber has reached the age where he desires to take life a little easier than he did a few years ago.

A few days ago Don Gillies, outdoor writer for the up-and-at-'em Detroit Times, suggested that the newly elected governor appoint Vic Beresford, secretary of the Wayne County Sportsman's Club, as a member of the conservation commission.

But our prediction is that Vic won't get it. Some galoot who will be able to straddle all over a forty acre farm, with never an opinion or idea worthwhile, but who is a good vote getter, will get the appointment.

Veteran Michigan bow hunters still are claiming that 10,000 archers hunted deer in the season that ended last Friday, despite a conservation department report that sales of only 1,982 resident and nonresident licenses appeared on their books as of October 31.

"Because of a good acorn crop this fall, deer were moving about more, especially in morning and evening hours," said Arnold Haugen, president of the Michigan Archers' association.

Close to 12,000,000 persons, an increase of almost a million, have used 47 state park and 13 state recreation areas so far this year.

A most significant increase is reported from the Pontiac Lake recreation area, Pontiac Lake attendance of 130,000 is more than double that of last year.

The attendant figures are based on a sampling system used by park managers. Mechanical traffic counters, used in spot checking at various intervals throughout the summer and fall, confirm park officers' figures.

Camping permits were issued in greater numbers throughout the state also. The 1947 figure of 37,600 has climbed to 44,500.

A. K. Stevens is Men's Club Guest

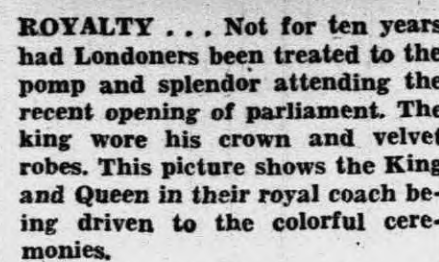

Thirty five members and guests of the Men's club of St. John's Episcopal church heard A. K. Stevens describe the development of the Worker Education program at the University of Michigan...

Mr. Stevens, a lecturer from the extension service of the university, has been instrumental in the development of this program which has been held up as a model throughout the nation.

A summary of the work in which he was involved was presented by the speaker, as well as a brief sketch of the latest developments in labor legislation.

James Scott, president of the Men's club, announced that the speaker for the next meeting, December 9, would be Art Greenhall, curator of the Detroit zoos.

Saving all pigs farrowed is important with the high prices for feeds and grains. Saving an extra pig or two per litter can often spell the difference between profit and loss on the hog enterprise.

Cpl. Frank Elliott Takes Leave to Atomi, Japan

Cpl. Frank C. Elliott, who is with the eighth army in Camp Haugen, Honshu, Japan, recently went on leave to Higuichi Rest hotel, Atomi, Japan.

He is the son of Mr. and Mrs. F. G. Elliott of 365 Roe street.

Cpl. Elliott is presently assigned to the communication platoon of Headquarters and Headquarters company.

The Plymouth trooper joined the army in October 1946 at Dearborn, and he completed infantry basic at Fort Ord in California. Cpl. Elliott joined the 11th Airborne division in February 1947, and was assigned to the 511th Parachute Infantry regiment stationed near Hachinohe, Japan.

MEET THE Star Performer for '49!

You're invited to drive the New Hudson—the car that's nimble and rugged beyond anything you've known before!

"The modern design for '49"

Come in, try Hudson with the all-new, high-compression Super-Six engine (the most powerful American six built today) or the masterful Super-Eight. Both provide wonderfully alert power for a new type of motor car with an exclusive "step-down" design. Millions see the New Hudson in the reigning beauty in the automobile parade—but you can't really know this great car until you drive it—and you're invited to do just that—now! Hudson, with the new, 121 h.p., high-compression Super-Six engine or the masterful Super-Eight, takes you away with new zip, and outstrips the field with staying power. But amazingly alive engines aren't the whole story of this star performer for '49. Hudson has a new hug-the-road way of going in cross-winds and on every conceivable kind of highway. This all happens because—as is widely known—the lower to the ground a car can be built, the more stability it will have. Hudson has the lowest center of gravity in any American stock car! This remarkable car has floors recessed down within a base frame (Hudson is the only car you step down into), enabling Hudson to build the lowest car on the highway, only five feet from ground to top—while maintaining more than adequate head room! You sense a delightful conformity to the road the minute you begin to ride, and this gives you a grand feeling of safe well-being! This feeling is further enhanced by the ease with which this car is operated, and by the quiet with which Hudson glides along. Come in, let us show you why Hudson's great engines and fabulous "step-down" design principle** put this car so far ahead it is a protected investment in motor car value! **The many important advantages in Hudson's new "step-down" design are explained in a booklet available of the nearest Hudson dealer's.

NEW Hudson The only car you step down into WE CORDIALLY INVITE YOU TO SEE AND DRIVE THE AMAZING NEW HUDSON

Nutrition Aids

from the American Red Cross Nutrition Service

Carrots are a frequent choice of Plymouth homemakers because of their delicious flavor, appealing color and low cost. An unusually heavy crop has resulted in a big store of the vegetable in the basement of amateur gardeners as well as heavy supplies in local markets.

This bright orange vegetable is extremely versatile. Crisp raw sticks or curls are favorites on the relish plate, not only because of their tempting flavor but because their color makes all the rest of the foods look more appetizing. If well wrapped in wax paper they'll retain their freshness to add interest to packed lunches.

Shredded carrots are delightful salad ingredients. Add them to any combination of greens, especially cabbage, use them in a tart gelatin mold along with other vegetables or fruit, or roll balls of cottage cheese in them to serve on top of crisp lettuce. Plain boiled or steamed carrots are good in themselves and also an excellent starting point for many tempting vegetable dishes. Because the minerals are concentrated just under the skin, wise cooks dispense with paring or scraping and just give them a good scrubbing with a stiff brush. It's a wonderful excuse for saving time.

As additional insurance of the greatest food value and flavor the Nutrition Service of the American Red Cross recommends starting the carrots in boiling water—the smallest possible amount. Half a cupful is enough providing the pan has a tightly

Dale Carnegie
Author of "HOW TO WIN FRIENDS and INFLUENCE PEOPLE"

WHEN you read a good story, or see one on stage or screen, it nearly always seems so simple that you think you could have written one like that yourself. And that is one test of a truly fine piece of work. But there's hardly an exception to the story behind that fine piece of work: that in the background were hours of arduous labor, maybe not on this particular piece of work but on pieces that lead up to this one.

D. Carnegie

So maybe you'll be interested in the background of Steve Fisher's stories, the background that led to his becoming a successful screen writer.

It was Christmas Eve in New York but Steve's room in Greenwich Village didn't suggest Christmas. There was something hanging

on his door but it was not a Christmas wreath; it was an eviction notice!

He had been in New York for a year, working like mad at writing, and it looked now as if his writing career was over. His faith was gone; he was being thrown out for non-payment of rent. As he walked out into the cold air, he analyzed his situation. He was at an all time "low," things couldn't get any worse. Then suddenly he derived some comfort from that thought. Nothing remained static; if his situation couldn't get worse, then it was going to get better. The worrying he had done hadn't helped an iota. So he wouldn't worry any more. He borrowed some money and ate something that he looked upon as his Christmas dinner. He cheered himself up determinedly.

The next day he went the rounds of the publishers who had written him to call for his stories. At one of these offices a miracle happened. A check for \$100 for a story the editor had decided to use! The next week he collected \$600.

Says Mr. Fisher, to you who are going through discouraging moments, "When you run up against a problem that seems unsurmountable, stop and analyze your situation, then change your mood if you can't change anything else. The future will either present a solution, or time will diminish the importance of the one you are facing."

fitting cover and the heat is reduced to keep the water just at a gentle boil, instead of at a hard boil.

The most important contribution carrots make to the diet nutritionally is carotene which turns into vitamin A in the body. An adequate supply of this material is needed to help our eyes adjust to dim light, to keep our skin, glands, and the linings of nose, throat and lungs healthy and to promote good growth of children.

Here are a few recipes for serving carrots. The first one makes a good lunch for the children served with chopped egg sandwiches, baked apples and cookies.

CARROT-CHEESE SOUP
Four tablespoons butter or fortified margarine, 4 tablespoons flour, 4 cups milk, 1 cup grated raw carrot, 1 teaspoon minced onion, salt and pepper to taste, ¼ cup grated American cheese.

Make a white sauce with fat, flour and milk. Add grated car-

rots and onion and simmer for a few minutes, stirring often. Season to taste with salt and pepper. Just before serving sprinkle cheese over top. Makes 6 servings.

CARROT WALNUT LOAF
One and one-half cup chopped cooked carrots, 1½ cups cooked peas, ¼ cup chopped walnuts, ¼ cup minced onion, 1½ cups soft bread crumbs, 1½ cups milk, 1½ tablespoons melted butter or margarine, 3 well beaten eggs, 1½ teaspoons salt, ¼ teaspoon

pepper. Mix ingredients thoroughly and pack into well greased ring mold or loaf pan. Bake in moderate oven, 350 degrees F., for 1 hour. Serve with mushroom or tomato sauce. Makes 6 servings.

This is a good main dish to serve for a meatless luncheon or dinner. For company, dress it up by using creamed mushrooms in the center, saving a few of the larger ones to garnish the dish.

MOLDED CARROT SALAD
One package lime flavored gelatin, 2 cups liquid, dash salt, 1½ cups shredded raw carrots, 1 cup drained shredded or diced canned or cooked pineapple, ½ cup diced celery, ¼ cup chopped sweet pickle (optional). Drain pineapple. To liquid add enough water to make 2 cupsfull. Heat and dissolve gelatin powder. Chill until thick and sirupy, then add solid ingredients. Pour into wet mold or molds and chill until firm. Serve on lettuce. Serves 6.

In the two-year period ending September 30, 1944, the Officers Account Division of the Navy's Bureau of Supplies and Accounts wrote \$67,552 checks for a total of \$63,524,300.47.

NOW is the time to make arrangements for those

Your "Telephone World" is Getting Bigger Every Day

Your telephone is such a reliable instrument that perhaps you never stop to think how it increases in value to you day after day.

It becomes more valuable, more useful, because we are constantly adding more telephones to the system. That makes it possible for you to call more persons, do more telephone errands.

It may be a friend you haven't talked to in years, a relative who lives a great distance away . . . a professional or business man you want to reach in a hurry. Whatever the reason, your telephone is always ready to serve you better—in a wider and wider field.

Can you think of many other things that grow in value every day?

MICHIGAN BELL TELEPHONE COMPANY

About 1.7 billions of dollars in war bonds were sold to Naval personnel in the Navy's war bond program from September, 1941, to July, 1947.

Farmer's Week, Michigan's best known agricultural event, will be held at Michigan State college again next year from January 24 to 28. Exhibits, demonstrations, contests and educational programs are expected to draw in excess of 30,000 rural people to the East Lansing campus.

Add New Look With Old Lace

Latest and one of the best ideas for changing the old look into the new look is the use of lace.

Lace is fashionable this year and offers many possibilities for adding length or new interest to last season's dresses, Julia Tear, home economist at Michigan State college, advises Plymouth women.

Variety of colors is the feature of today's lace dresses. Color combinations include black over black, dark brown, navy, beige, grey or the pastels or the reverse such as a blue lace over brown taffeta.

Accessories offer other suggestions for reviving dresses. Lace boleros or stoles are very popular. Trimmings of lace used at the neck, at the sleeves or for inserted bands in a skirt are other possibilities.

A search through an old trunk or box of clothing may reveal some old lace which you can put to use again. The MSC economist says it may be much better than you can buy today. If it is "real" or handmade lace you really have a find.

Lace is also becoming more and more abundant on lingerie. Holiday styles will feature a great deal of lace. When large quantities of lace are used on low cost lingerie, it is a good idea to examine the quality of the fabric and also the lace. It may be that quality has been sacrificed for quantity and the garment may not survive the number of washings you expect it to. Be sure the edge of the lace is very firm and well made if it is on a washable garment.

THIS WEEK IN Washington

WASHINGTON IS A MAELSTROM of gloom-ridden Republicans and victory-mad Democrats as a result of the personal triumph of President Truman who defounded all the political dopsters and pollsters, 98 percent of the metropolitan press, the radio commentators and even members of the White House staff here in the nation's capital.

Out on Capitol Hill where Leslie Biffle, President Truman's close personal friend and for many years Secretary of the Senate, still holds a job as secretary of the Democratic minority, plans are underway for a reshuffling of the senatorial and congressional offices to give first choice to the seniority holding Democrats and to the chairmanships of the important senate and house committees which will again be filled by Democrats.

DEEPEST GLOOM IN WASHINGTON was apparent in the state-building of the United States Chamber of Commerce... in the office of the Kiplinger Washington Letter... at the headquarters of the National Association of Manufacturers, the real estate, private power and other lobbies who were virtually drooling in anticipation of ripe rewards for their all-out support of Governor Thomas E. Dewey, the loser. It was significant that the first to feel the effects of the dramatic Truman victory was the to-boganning of utility stocks on the Wall Street exchange. The private power interests were all set to take over the distribution of public power at the coming session of the 81st congress. This, however, is all changed with the control of the congress going over into the hands of the Democratic party which has consistently championed both the production and distribution of cheap public power.

THERE WAS SOME INDICATION here in Washington that President Truman, taking over the presidency for the first time in his own right, would make several changes in his cabinet make-up and in many other important federal offices. It was known, for instance, that David E. Lilienthal and other members of the important atomic energy commission had planned to resign had Governor Dewey been elected. Now, however, the President can get

through a friendly congress not only confirmation of his commission on a five-year basis as contemplated by the basic law but, in addition, one of the first acts of the new Democratic congress likely will be confirmation of 188 important positions in government departments and agencies which the Republican 80th congress refused to confirm.

Of course early on the agenda of the new congress will be the repeal of the Taft-Hartley act promised by the Democratic party platform and by President Truman himself, who vetoed it. It was on the basis of opposition to this new labor law that organized labor fought through so magnificently and turned out such an overwhelming labor vote in behalf of the President throughout the nation.

MANY OF THE POLL TAKERS, the columnists and the political prognosticators have, since election day, attempted to explain away their universal predictions of a complete Republican sweep with Governor Dewey capturing more than 300 electoral votes. All have different explanations and apologies. The Gallup poll, the Roper poll and all the other lesser polls were unanimous in their predictions of a Dewey victory. The consensus of opinion in Washington, however, is that these political dopsters (1) underestimated the power of the labor organizations and the Democratic organization to get out the tremendous vote that went to the polls; (2) failed to take into consideration the power of the American housewife who went to the polls with the high cost of foodstuffs in mind; (3) they failed to consider the inherent sportsmanship of the American people in their love for a fighter and the under-dog, and (4) they underestimated the fighting qualities and the qualities of leadership which three years in the White House had developed in President Truman himself.

And not the least of the failures of the pollsters was their accepting at face value the traditional Republicanism of the farmers of the country who decided to vote the Democratic ticket. They had in mind the confused and jumbled position of the Republican party on the long-range farm program, including the price support program, and of course the antagonism of Republican leaders toward the entire farm cooperative movement.

Wild Lifers Plan Venison Dinner

Members of the Western Wayne County Conservation association are taking a whole lot for granted—they are planning a venison dinner for Wednesday evening, December 1.

Must be members believe that there are enough hunters in the club who are dead shots and are going to get their deer.

President Brick Champe says there is no reason to worry—there will be venison and plenty of it.

William Morgan, chairman of the ticket committee, is just as confident as is President Champe. He's sure that there will be "gobs" of venison for the big feast.

Up to the present time the organization has never failed in having plenty of venison donated by club members for the annual venison dinner—and the officers say there will be plenty this year.

At any rate they have got the plans all made for the feast, which will take place right after the close of the deer season.

The first penny newspaper was founded in Philadelphia in 1830. It was named the Cent.

Army Accepting Women in Ranks

Applications are now being accepted from female civilians for attendance at the Women's Army Corps Officer Candidate school, Class No. 2, Lt. Colonel Robert C. Hubbard, commanding officer of the Michigan recruiting district, announced today.

Applicants must be United States citizens; must be between the ages of 20½ and 28 years; must possess one half the credit necessary for a baccalaureate degree from an accredited college or university, or be able to pass an equivalent examination; must be single and have no dependents.

Candidates will be selected in strict conformity with rigid Department of the Army directives, as only the highest caliber of women are desired for this service.

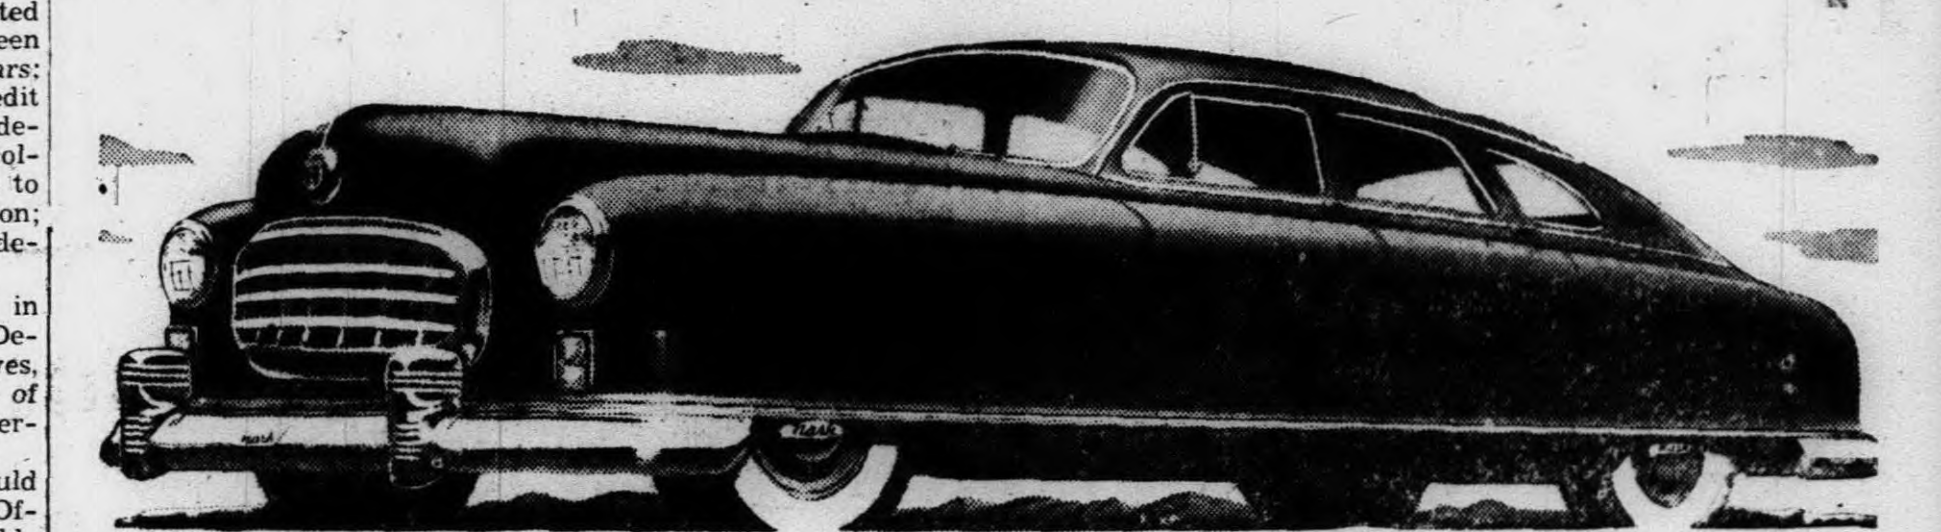

Interested individuals should contact the WAC Recruiting Officer, Room 462, Federal Building, Detroit 26, Michigan before November 30, 1948.

Former Naval Reserve officers now transferred to the regular Navy, are required to attend General Line schools at either Monterey, California, or Newport, Rhode Island, where 44 weeks of training brings their service education up to a stage theoretically equalling that of U. S. Naval Academy graduates.

PEEK at the STARS

By LYN CONNELLY
NWNS Radio-Screen Editor

MICKEY ROONEY, film-radio star who is packing theatres on his personal appearance tour, has been doing some entertaining at vets' hospitals between shows . . . Mickey, a vet himself, makes it his business to entertain buddies in every city he visits . . . Chuck Acre, emcee of CBS' "Hint Hunt," and the entire show will appear at the Chicago stockyards for the International Livestock show from November 29 - December 23 . . . Rural housewives who plan to attend the exhibition and would like an opportunity to see the program, can get advance tickets by writing CBS, Chicago.

Frank Sinatra is selling his Toluca Lake home . . . Rudd Weatherwax, trainer and owner of Lassie, has set up a trust fund for the canine star which assures the dog life-long care no matter what happens to his master or his screen career.

PLATTER CHATTER

One of the finest, and certainly most unique, record albums is ready for release by Victor . . . In it, the best songs of the popular showman-composer, George M. Cohan, are delightfully interpreted by his son, George M. Cohan, Jr., whose lively style brings nostalgia to those who remember his father . . . The younger set will find appeal, too, in the Cohan touch to such songs as "Give My Regards to Broadway," "Yankee Doodle Dandy," "Over There," "Grand Old Flag," and "Marry Me—Grand Old Name."

Two other albums containing songs of a by-gone era deserve places in every record collector's home . . . The Pied Pipers have a wonderful selection of songs in their "Harvest Moon" album for Capitol . . . Included are such standard favorites as "Shine On, Harvest Moon," "Girl of My Dreams," and others equally as popular . . . Sammy Kaye's "Dusty Manuscripts" album for Victor is also rich with smooth, rhythmic melodies such as "I Want a Girl," "Cuddle Up a Little Closer," and "The World Is Waiting for the Sunrise."

CAMPAIGNER . . . President Harry Truman, who is touring the nation in a most extensive campaign for re-election, is pictured, in this excellent closeup, preparing a campaign speech.

BABSON

Babson Discusses the Election and Labor Relations

The recent election returns packed a walloping lesson for every wage worker and every employer.
The Next Depression
The pollsters have had their say. Political flags remain at half-mast. Post-mortems are even at this late date being performed. Generally, we have been told that three factors in particular cost Mr. Dewey the election: (1) the Eightieth Congress, (2) the rural drift from Dewey to Truman, and (3) the quiet but all-out drive by organized labor to oust Republican congressmen. These last two forces are indeed potent in our national economy and must be more carefully reckoned with in our 1948-52 structure of living.

Perhaps the time has come for me to make a prediction or two myself! Let the chips fall where they will. I should like to remind you that the panic of 1873 was due to over-reaching by the railroad barons of that day; the panic of 1893 to the over-extension of western land loans; the panic of 1913 to the over-expansion of industrial traffic; and the panic of 1933 to the collapse of our banking system following the stock market break of 1929. I predict: that the next panic will be due to the over-reaching of labor and a collapse of the present union leadership.

Cooperation Is Needed
Another prolonged depression might bring us face to face with ideological experimentation in this country. It becomes increasingly apparent that Management must take the lead in showing Labor the rational path out of their confused jungle of thinking. I believe a more enlightened Management Leadership can prove not only to our own wage earning classes but to the world that the free enterprise system offers the greatest opportunity for individual initiative, the highest standard of living, and the greatest security.

The workers' basic wants are recognition and security. Labor has believed, correctly or incorrectly, that Management has seriously threatened the attainment of these goals. Labor has shown that it will fight to preserve the organizations working

for them. To assure Labor-Management cooperation, we must try to understand why Labor and Management think and act as they do. Quite simply we can say that differences in men's thinking arise because they live in different economic and social worlds. The beginning of cooperation is the recognition of these differences and an honest attempt to overcome them.

Labor-Management Goals the Same

Unless you receive your orders from Moscow, you will agree that the long-range goals of Labor and Management should be as follows: (1) Continuous steady employment; (2) good working conditions; (3) full wages based upon productivity; (4) ample profits for the business to insure good wages, to attract venture capital, and thereby expand the business; and (5) freedom for any wage worker making good to become a capitalist, but with assurance that any employer who does not will drop back into the wage earning group. These goals, however, will be achieved only when Labor and Management understand the other's job and work together.

It is increasingly apparent that union leaders and management alike expect the other fellow to follow a course which they themselves cannot take and survive. Management says that we shall have peace when unions do not

infringe upon its sacred rights. The unions say that we shall have peace when Labor is not made secondary to Management.

A Warning

I predict that if Labor and Management do not do a thorough job of understanding one another during the next few years, we shall not only have a depression, but we shall have such regimentation of Labor and Management that there will no longer be either free unions or free enterprise.
