Vol. 60, No. 15 26 PAGES Plymouth, Michigan, Friday, December 10, 1948 Four Sections \$2.00 Per Year in Advance

### SANTA LIVES FOREVER.

Once in a while you hear or read something about some one who thinks old Santa Claus ought to be debunked—that the story of his goodness and his remembrance of the boys and girls of this troubled old world, ought to hear nothing except the corruption and the deception that haters of religion and justice seek to preach to the world. One cannot create disbelief in the mind that wants to believe, and where is there a child that does not want to believe in Santa Claus until arrival at the skeptical age?

The debunkers do not know the hopelessness of what they propose. They, poor adults, for whom the rosy mist of childish faith no longer obscures the harshness of reality, have grown so far away from Santa Claus.

Who keeps the Santa Claus myth alive? Not little children. It isn't an instinctive belief nor a product of young imaginations. Parents teach it, out of story books and by the observance of Christmas to bring happiness to themselves as well as to their children. So the debunking of Santa Claus involves the conversation of all parenthood to the academic theory that fairy tales and myths are not good for little minds.

And after all is there so much harm in the great, bright dreams of childhood, or in the joy the imaginary coming of old Kris Kringle brings to millions of little hearts? Is Santa Claus a public enemy, or a "red menace," or a "yellow peril," that his power must be overthrown?

### NOT FOR 1949.

Assurances have been received by The Plymouth Mail from the secretary of state's office in Lansing that 1949 automobile license plates will not be raised over the rates charged for this year. Sometimes ago The Mail hinted that the delay in issuing 1949 licenses might indicate a plan to raise the fees for the license plates all must buy soon. Glad to have the assurances of the Secretary of State that the delay does not involve any proposed raise in auto fees. This will be good news to a lot of folks who have been doing some worrying. But it will not be so good for 1950, as an "agreement" has been made to hike the auto license prices for that year.

### NOT A ROSY PICTURE.

A short time ago we heard Cornelius Vanderbilt Jr. make the assertion in a talk he was giving just after his recent return from Europe that he doubted if there was a nation on the entire European continent that would assist America if a war broke out between this country and Russia.

Furthermore, he declared that he had become firmly convinced that the United States through its Marshall plan was being taken for the worst ride any nation in the history of the world had ever experienced.

If these assertions are facts, why under the sun, then, are we pouring billions of tax dollars that come from the pockets of every American into the European cess pool?

### OUR NEXT "BIG DRIVE."

They're talking in some circles about another "wage drive," another drive against "big business," another drive against this, that and the other thing. It begins to look to us as though it is about time we began to give some consideration to a drive to save the jobs we have and another drive to create jobs for those who are out of jobs. For the first time in ten years we heard some one say the other day that he would do something at a price much more reasonable than he had to charge a year ago. Which indicates but one thing—that the time has arrived for every one of us to begin to give some thought to a solution of the real situation we are rapidly approaching.

### PUTS HIS EGGS IN ONE BASKET.

The following is from the excellent Livingston County Press published at Howell:

Earl Wilson, the advertising manager of the J. W. Knapp Co. department store at Lansing, advises that advertising men in the retail field should junk their programs in other media and concentrate on newspaper advertising. He has good reason for this conviction, he told a newspaper conference in Lansing sponsored by the Michigan Press Association.

Recalling his experience when he came to Knapp's from J. L. Hudson Co., Detroit, Wilson said he had found the Lansing store's "advertising eggs," scattered in many baskets. Billboards were used on farms, money spent on movie advertising, cards placed in newspapers of other towns, and other space scattered in various church and community papers.

By putting all his eggs in one basket, in this case the Lansing State Journal, Wilson found he had a big stick. "We now spend 99 per cent of our advertising budget in the Lansing State Journal. This circulation costs us 1.9 percent of store sales.

"If newspaper advertising cost twice as much, it might be a good thing for the advertising manager. He would have to think more about right merchandise, right time, right price, and the right medium—the newspaper."

"There is no mystery about advertising. There is no need to fight the stream; we must go with customer demand—advertise what people want at the time they want it, and at the price they want it."

Wilson says he doesn't know how to make radio advertising pull, and refuses to do it anyway when he can run down to the State Journal with \$1.90 and get \$100 back. "The newspaper is the only medium that gives us enough readers to put our message across at a minimum cost to the advertiser." He declared that direct mail was 4,200 times more costly.

He also said that an advertising manager who had to stick to a budget had a rope around his neck, explaining how to take advantage of unusual demands for new products with extra newspaper space at an opportune time. "The word 'new' has more power than the word 'sale,'" he explained and illustrated that the store sold 1,200 plastic bags in one day and this was followed with 43 ads offering the item.

"Let's give the people what they want when they want it, at the price they want. To put a budget on advertising in view of this pulling power is silly."

### KNOCKERS GOT A KNOCK.

The little clique of disgruntled workers of the Detroit House of Correction who now find it necessary to do a day's work in order to get a day's pay under the direction of a new supervisor of the women's division, have found out by this time that the public has a pretty high regard for the way this high-type prison institution is operated.

There has been no praise but a lot of knocks for those who attempted to raise a rumpus over a mere nothing a while back.

It proved rather an unusual incident, however, that while these disgruntled charges were being aired in Detroit papers, that The Cleveland Press should be publishing an article lauding the Detroit House of Correction as one of the best conducted institutions in the country.

Every one in any way associated with prison management has heard for years of the low rating of Ohio institutions. The Cleveland Press has been waging a campaign to raise the standards of prisons in Ohio. Just previous to the filing of the phony charges with the Detroit House of Correction commission by some one representing the unknown and complaining matrons, The Cleveland newspaper had sent reporters to the local prison to make an investigation of conditions here for the purpose of comparing them with Ohio

## City to Dress Up in Xmas Spirit This Weekend

Christmas spirit in Plymouth will be accentuated this weekend with the completion of special decorations for the city which have been planned by the Chamber of Commerce.

This marks the first time since the war that any extensive effort has been made to decorate for the Christmas season.

Tomorrow, Saturday, a giant Santa Claus in his reindeer drawn sleigh will be hung from poles in Kellogg park. The figures will be done in relief, showing Santa driving his team through the clouds.

Another gigantic figure of Santa Claus, measuring about 20 feet high, will be erected in Kellogg park, and another in the park located at the corner of Liberty street and Starkweather avenue. It is expected that flood lights will be used on the decorations.

The manger scene which the city uses each year at Christmas time, will also be included in the decorations.

(Continued on page 2)

## Army Kettles to Ring Saturday

Salvation Army Christmas kettles will appear on Plymouth streets this weekend. Proceeds raised by the kettle method will be used by the Salvation Army to prepare Christmas baskets for needy families again this year.

Some of the funds will also be used to purchase toys for children in these families.

Last year the Army delivered 25 baskets locally and distributed some 100 toys. Army officials expect that the demand for their help will be greater this year than it was last, so they are hopeful of raising more funds with their kettles this year than they ever have before.

## Projector Brings Joy to Polio Victim

Marlee Smith, polio victim, reads by use of a ceiling book projector

Although possessing courage far beyond her young years, young Marlee Smith finds it hard to daily face the lengthy hours she must spend in the contagious division of the University of Michigan hospital, where she was confined three months ago when stricken with polio.

Marlee, who is the daughter of Mr. and Mrs. Robert Smith of

Plymouth, sleeps each night in an iron lung. Although taken back to her bed during the day, she must lay flat on her back, able to move only slightly.

Faced with such a situation, there is little she can do insofar as handicraft or recreation are concerned. Since even the strongest spirit can crack under such a setup, the presentation of a ceiling book projector was of great importance and joy to her.

With it she is able to read countless books; a task which would be impossible if it were not for the projector, as she is not able to achieve even a semi-sitting position. The entire text and illustrations in the books are contained on a single film which projects on the ceiling directly over Marlee. All she has to do to turn the pages is simply flick a switch and the film moves along.

Plymouth Lions club, with the cooperation of the Plymouth

## Youths Assist with TB Seal Drive

Elsie Mae Keeping, left, and Dick Elzerman, right, display one of the TB Health Society posters which will be distributed throughout the city today, Friday. Miss Keeping was chairman in charge of mailing the seals, a project handled by the Methodist Youth Fellowship, and Mr. Elzerman is president of the organization.

Posters urging Plymouth to give its cooperation in the sale of double bar Christmas seals, will be distributed throughout the city today, Friday.

Sold by the Tuberculosis and Health society, the seals are the sole means the organization has of financing its work in preventing, treating, and detecting the disease.

Addressing, stuffing and mailing of the 3500 sheets of seals for Plymouth residents was handled by the Methodist Youth Fellowship, a group which sought

out this duty for the performing of community service. According to Mrs. Neal Bowen, counselor in charge of the project, this aspect of the seal campaign had never been handled out of Detroit and there were a few doubts as to the results of doing it differently. Upon the completion of the work, however, all officials agreed they were "highly pleased" with the plan.

In addition to the seals which are sent through the mails, there

## Work Starts on \$100,000 Garage for Bell Branch

A building expected to cost somewhere in the neighborhood of \$100,000 is now under construction on Mill street between the city limits and Fair street. Upon completion it will serve as a garage for the local branch of Bell Telephone company.

The foundation is already in, and constructed is now expected to take about five months.

One story high, the building will measure 113 by 178 feet. The large structure will be built of cinderblock and will include a garage, office, lounge and storage space.

At the present the telephone company trucks are kept in a garage adjacent to the city park.

(Continued on page 3)

## Goodfellows Find Services Badly Needed in Area

As final details are worked out by the Old Newsboys Goodfellows for their annual sale of papers and assistance to needy families, President Milan Frank discovered that from all indications there is great need for a successful program this year.

In some cases immediate care was found necessary during the early investigation of some of the cases reported. Problems found were children without shoes, stockings and underwear. Proceeds with which to carry out their annual Christmas program, as well as year round assistance to persons in need of food or clothing, will be earned by the Old Newsboys during the annual paper sale which will be held on Saturday, December 18. The day's activities will be in.

(Continued on page 2)

## Makes Plea For The Homeless of Troubled Europe

Instead of resisting the coming of displaced persons from Europe, this country should be doing everything within its power to bring as many as possible of the best of them to this country. O. T. Moore, director of citizenship of the Chrysler corporation told members of the Plymouth Rotary club last Friday noon.

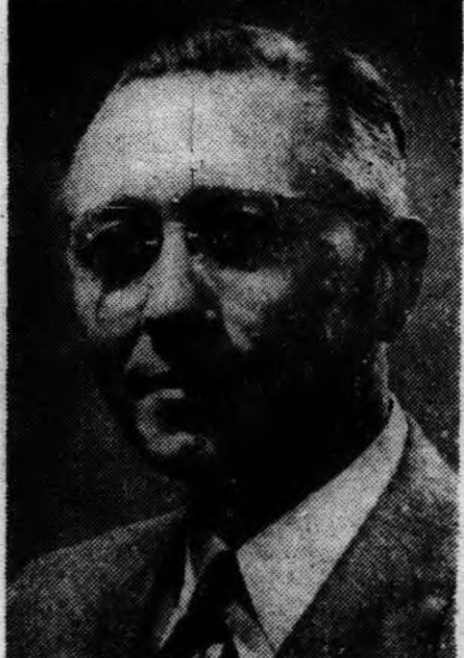

A capacity attendance heard his interesting talk on one of the important public questions of today.

Before becoming associated with the Chrysler corporation, Mr. Moore was for much more than a quarter of a century associated with the U. S. Department of Naturalization. He is probably better acquainted with this subject than any other person in the Detroit area.

He declared that he was unable to understand why there should be opposition to the coming of these people when he

(Continued on page 2)

## Messiah Soloist

The group of four soloists now rehearsing for the December 19 presentation of "The Messiah" will include F. Carl Reh, tenor.

The list further includes: Ruth Campbell, soprano; Miss Henry Fischer, contralto; and Robert A. Sorenson of Wayne, bass.

Sponsor of "The Messiah" program is the Plymouth Symphony Society, and it will be presented by the civic chorus under the direction of Fred C. Nelson.

(Continued on page 3)

## Leader Shortage Hampers Scouts

One Girl Scout troop has been completely disbanded, and officials will be forced to do the same with another after Christmas, unless additional women will volunteer to act as leaders," Mrs. Edward Dobbs, Girl Scout commissioner, announced this week.

Such action would not only hinder the progress now being made in local Scouting work, but will make it impossible for girls on the waiting list to ever have an opportunity to take part

(Continued on page 2)

## Lyons is Elected Hi-12 President

Presidential duties were elected to Lawrence Lyons by members of Hi-12 at the meeting held Wednesday evening, December 8. Mr. Lyons will assume office during the installation ceremonies on January 12, at which time retiring president, Edwin Schrader, will step down from office.

John Campbell was elected to the office of first vice-president, and second vice-president is Loren Goodale. The newly chosen secretary is Arthur Haar.

(Continued on page 2)

## Many Merchants Initiate Special Shopping Hours

Results of a Chamber of Commerce sponsored survey of local businessmen discloses that in a majority of cases, special Christmas shopping hours will be initiated tomorrow, Saturday.

The stores taking part in the special Christmas shopping program will remain open until 9 p. m. These special hours will continue until Thursday evening, December 23.

## Plymouth Population Jumps by Move of Evans Products Co.

Edward S. Evans, Jr.

### Fast Growing Industry Proves of Vast Benefit to This Locality

Edward S. Evans Jr., president of Evans Products Company announced today that approximately one third of all persons employed at the Eckles Road plant, now reside in the Plymouth area.

In a statement to the Plymouth Mail, Evans said, "Just two years ago, movement of all manufacturing and administrative facilities from metropolitan Detroit to Plymouth, was completed. Although almost all employees then resided in Detroit, nearly every person continued in their jobs after the move. A recent survey shows that several hundred Evans employees and their families now live in the Plymouth area."

Evans pointed to the movement figures as extremely gratifying in the face of definite housing shortages in Plymouth. He also indicated that this trend will accelerate as more workers build or find suitable homes in this area. (See complete story of Evans Products Company on page six.)

## Burglars Enter Two Local Homes

Three instances of breaking and entering were reported to the Plymouth police department during the past week, two of which occurred in the same neighborhood on Saturday night.

The first home entered was that of Benjamin Forsyth's at 425 Adams. Entry was made through a window. When the residents returned home they found everything turned topsy turvey, but detected nothing missing.

That same evening Bernard Gill's home at 502 Adams was burglarized, with between \$150 and \$180 stolen, in addition to some silver and a shot gun.

Sunday night \$28 was stolen from Berry & Atchinson's on West Ann Arbor road.

Further reports from the police-reveal that a radio was shoplifted from the D. Galin and Son store this past week.

## Services Held for Major J. J. Dalton

Memorial services for the late Major John J. Dalton were held on Wednesday, December 8, in Arlington National cemetery at 2 p. m.

He was killed in service in Italy during July of 1944, while serving with the chemical warfare division of the 15th Air Force.

The late Major Dalton is survived by his wife, Lucille Dalton; daughter, Jacquelyn; mother, Mrs. M. A. Dalton of Hartford, Connecticut; and two sisters, Katherine Dalton of New York, and Mrs. Paul Bergston of Hartford.

## Horse Young Boy Buys, Shot Here

A 14 year old boy lost his prize possession last Monday, when his horse died from bullet wounds.

The young owner is Eugene Carl Hornbeck, who carried newspapers for four years to earn enough money to buy the animal. He made the purchase last summer.

When and why the horse was shot is not known for certain, but the boy believes it may have happened Saturday when he left his pet alone for a few minutes. After Eugene returned he went

(Continued on page 3)

## Santa Claus Will Visit Liberty Street Hardware

Santa Claus will revisit Plymouth tomorrow, Saturday, and will receive all his young friends at the Liberty Street Hardware.

His visit will highlight the third anniversary of the hardware. Owners Robert Beck and Albert Dayton asks that parents accompany all children who pay their respects to Santa.

More in connection with their anniversary sale will be found in an advertisement elsewhere in this issue of The Mail.

## Combined Health Drive in Schools Set for December

According to current plans, the three elementary schools will stage a health drive on December 15, 16, and 17.

An agreement has been made between a school committee and parents to merge five drives: Tuberculosis, Junior Red Cross, Cancer, Crippled Children and Infantile Paralysis. By including all in one drive it is believed much valuable school time will be conserved, without neglecting the educational instruction of each one. Mrs. Nellie Bird, principal of the Central Grade school, discloses.

"Our boys and girls, the young citizens of our country, should

(Continued on page 3)

## Xmas Greens on Sale Tomorrow

Christmas greens for the on-coming holiday season are of chief concern to members of Plymouth's branch of the National Farm and Garden association as they prepare for the annual sale of the festive decorations which will take place tomorrow, Saturday, in the Plymouth Sport Shop.

Held in conjunction with the sale of the greens will be a bazaar and bake sale, Mrs. Carl Shear, Garden club president, announces.

Members invite all residents to come between the hours of 1 and 5 p. m. to purchase their Christmas decorations, wreaths, garlands, gifts and baked goods.

## Christmas Trees

Bright and early Saturday morning Plymouth Mail Christmas trees will go on sale to the residents of this area.

Anyone living in or around Plymouth has the privilege of selecting any tree from the big selection for the price of \$1.25 each. Trees run from 4 to 16 feet. All a purchaser must do is to have with him at the time of the purchase any copy of The Plymouth Mail. Trees will only be sold to people having a copy of the paper with them at the time of the purchase.

School teachers desiring trees for their school rooms and church groups desiring trees for their church are invited to visit the lot at that time and select any tree for that purpose absolutely free of charge.

The trees will remain on sale until all are sold.

**Horse Young Boy Buys, Shot Here**  
 (Continued from page 1)  
 for a horseback ride, ignorant of the fact that anything was wrong with the animal.  
 It was on Sunday that the horse began acting sick and the family called in a veterinarian. They were then told he had been shot. All efforts to save the horse failed, and the young boy's prize possession died Monday night.  
 According to reports, there was a group of young boys, all under 15 years of age, shooting in the area on Sunday.  
 The guilty party has not been discovered as yet. Mrs. Hornbeck states they contacted the police, but were told the incident would have to be handled by juvenile authorities. No further action has been taken, she said.  
 Phone news items to 1755.

**Mortimer Osborn is Killed Tuesday**  
 Seventy-five year old Mortimer Osborn was killed on Six Mile road in Salem village Tuesday evening, when struck by a car.  
 Mr. Osborn was in the middle of the road at the time of the accident. Lawrence Bennett, driver of the car claims he did not see the pedestrian.  
 Mr. Osborn, who is listed as living at 9706 Six Mile road, died shortly after the accident. Mr. Bennett resides at 9607 Six Mile road.  
 Officials of the Washtenaw County Sheriff's department are making an investigation of the accident.  
 Funeral services will be held today, Friday, at 2 p. m. in the Salem Congregational church. Burial will be in Walker cemetery.  
 Mr. Osborn, who was a 40 year resident of Salem, is survived by his wife, Mary.

**Combined Health Drive in Schools**  
 (Continued from page 1)  
 feel their responsibility in helping to maintain these worthwhile organizations, the aims of which are to protect children and care for those who have been stricken with disease," Mrs. Bird reports.  
 A newly organized group known as the School Health Council and composed of a parent from each school, together with the school nurse and elementary coordinator, will sponsor the drive. This council will meet at designated times to discuss pertinent health problems, organize drives, and apportion funds.  
 The officers elected are: Robert Lytle, president, who is a representative of the Starkweather PTA; and Mrs. William Schultz of the Central Grade staff was named secretary.  
 Following a careful study of the merits and needs of these health organizations, the council will determine the amount to allocate to each.  
 Each child will be given a card with an envelope attached for his donation. On Friday, December 17, the band will furnish music while the children march through the auditorium and deposit their cards.  
 "It is hoped that the parent will give liberally to their children for these different funds, so that the amount collected will equal or exceed that of former years. The Plymouth boys and girls are anxious to do their part in perpetuating and promoting these needy health organizations," Mrs. Bird concluded.

**WHY WAIT?**  
 When health is at stake... you can't afford to wait. Plymouth Finance has proved a friend in need to many people in like circumstances. You repay your loan in keeping with your budget—and your credit remains undamaged.

**Post Office Has Special Saturday Hours for Rush**  
 The parcel post and stamp windows will be open from 8 a. m. to 5 p. m. both tomorrow, Saturday, and December 18, Mrs. Beatrice Schultz, assistant post master disclosed this week.  
 The usual Saturday hours are 8 a. m. to noon.  
 The change has been made to facilitate the heavy Christmas mailing.  
 During the week the office will adhere to the usual hours, 8 a. m. to 6 p. m. Mrs. Schultz emphasized that the post office will not be open at all on Christmas day.

**Cooties Plan Yule Party for Children**

Children of Plymouth VFW post members will be guests of honor at a Christmas party which Pup Tent No. 44 of the Military Order of the Cooties will present Sunday, December 12. Commander Don Peck announced the plans this week, and stated that the entire affair will take place in the VFW meeting room. All will be treated to a rabbit dinner when they arrive at 1:30 p. m. Highlighting the day's program, as far as the children are concerned, will be the presence of Santa Claus. Mr. Peck states this is the first time the Cooties have undertaken this type of Christmas party, and added that in the future they will endeavor to carry on with similar programs each year during the yule season.

### LAFF OF THE WEEK

"She must think she's a majorette!"

### G. M. Submits Plans for First Unit; to Cost \$987,000, Completed by June

Fifty Permits Issued, Twenty-five for Homes

Although construction on the new General Motors transmission plant has been underway for the past six weeks, a building permit was not issued to them until this past month. One or two items had to be ironed out before Livonia township would issue a building permit.

According to the blue prints and plans submitted by the Argonaut Realty Division of G. M. the estimated cost of the plant will run approximately \$987,000. The plant is located on the north side of Plymouth road between Middlebelt and Inkster roads. Frank H. Nygren turned in the plans.

The first floor will contain 205,400 square feet of floor space, the second floor 27,830 and the power house 5,500 square feet.

All told, during November, fifty permits were issued by the acting Building Inspector, Luther Whiteley. Of this number, 25 were for new homes, two for store buildings, one store addition, the G. M. plant and twenty-one for garages and additions to homes.

Construction for November totaled \$1,257,025 and excluding the million dollars for the G. M. construction, building during November of 1948 is the highest in the history of the township.

Realizing that homes in Livonia are in great demand, and that more and more families are interested in locating here, the Newman Farms submitted plans for 17 new \$5,000 frame homes in Alden Village. One of these has already been sold. These homes are going up on Wadsworth street at the end of Stark road.

A store with apartments will soon be under construction for Robert Heber. The location is the south side of Seven Mile road between Deering and Floral. It will be of block and brick construction and will cost in the neighborhood of \$9,500.

A local man, John Veenstra, who at the present time owns several buildings and homes in Livonia secured a permit for a home on the north side of Five Mile road between Middlebelt and Harrison. Mr. Veenstra will build this brick veneer home himself at an estimated cost of \$1,000.

Stanley Hayes, of the Inkster Cement Construction company, is planning on a \$850 addition to his building located at the corner of Middlebelt and Five Mile road.

Another addition is now under construction, this one for Vannoy Brothers, the local

Kaiser-Frazier dealers, who are located at the corner of Joy and Middlebelt. It is to cost \$10,000.

Orr Brothers, West Seven Mile road, purchased a permit from the Building Inspector for a \$7,000 brick veneer home to be located on the east side of Ingram between Elmira and Orangelawn.

Several other Livonians are interested in building here. Clifford C. Birgwn of 12053 Inkster turned in plans for a \$4,500 frame home. The site is the west side of Cardwell between Grantland and Capitol.

F. E. Welton, 19376 Deering, has plans for a \$6,000 frame home to be situated on the east

side of Deering at the corner of Vassar.

Vernon C. Noble, 29165 Terrence, has a permit for a \$6,000 frame home. His property is located on the west side of Harrison between Five Mile and Jameson.

Detroiters who will soon locate in Livonia are Albert Wilson, Ancil Hammond, Harold Johnson, and A. McAllister. Mr. Wilson's permit calls for a \$6,000 frame home on the east side of Brentwood between Gable and Seven Mile roads.

Mr. Hammond prints were for a \$6,000 frame home also. The site is the north side of Grantland where it ends at Newburg road.

A brick veneer home will be constructed for Mr. Johnson. The cost is estimated at \$5,000 and the plot is the southwest corner of Beatrice and Norfolk.

McAllister's \$5,000 frame residence is going up on the north side of Schoolcraft between Eckles and Newburg roads.

### OBITUARIES

Frank Gifford

Funeral services were held on Wednesday, December 8, at 2 p. m. from the Schrader Funeral Home for Frank L. Gifford who passed away Sunday, December 5, at the age of 80 years. Mr. Gifford resided at 10490 West Ann Arbor road and has lived in this vicinity for the past 14 years. Surviving are: his widow, Mrs. Jessie Gifford; his daughter, Mrs. Roy Leemon of Plymouth; and his son, Robert W. Gifford of Detroit; also surviving are four grandchildren and a host of friends. Rev. Frank Adams, D. D. of Lansing officiated. Two hymns were rendered on the organ by Mrs. Edna O'Conner.

PICTURE OF THE YEAR . . . This picture, made last year by Michael Gough, won the first prize in the first annual British "Picture of the Year" competition. The historic photo shows Mrs. Franklin D. Roosevelt, with King George VI, unveiling the statue of her late husband in Grosvenor Square, London.

WHAT I THINK AND HAVE A RIGHT TO SAY

(Continued from page 1)

conditions. In view of all that has happened in recent weeks, readers of The Plymouth Mail will be interested in knowing what these impartial writers from Cleveland had to say about the local prison. The article follows: The Detroit House of Correction (located near Plymouth) is doing a job. The Warrensville Workhouse is going to pot. In Detroit, the prisoners regain their self respect, take pride in their prison and what it is doing for them. In Cleveland, the prisoners have to regain their self respect the hard way; they curse their conditions at the prison. It's no straight punishment deal at Detroit. House of Correction is more than a name on the prison stationery. Guards carry no guns or clubs. If they can't control the prisoners by talking, they're fired. Outside the cell block, the men are not under guard. Men in the outside dormitories can walk off any time they want. About a dozen men have walked off in the last year. No one ever has escaped from the cell block. At Warrensville, there were eleven escapes in four weeks, from both inside and outside the walls. Located on 1640 acres at Plymouth, 30 miles west of Detroit, the Detroit House of Correction is rated as probably the finest plant of its kind in the country. It represents an investment of \$2,859,279 for both the men's and women's divisions. "We make it our business to know each inmate thoroughly,"

said A. Blake Gillies who has been superintendent for 29 years. "We help each inmate in his fight to redeem himself in the eyes of society. If I didn't feel we were helping each man in his rehabilitation, I'd quit. The Detroit House is city owned and operated. But there, the misdemeanor offenders—drunks, petty thieves, alimony laggards and the like—are sentenced as county offenders. The county pays the city for keeping the prisoners. The House also has state prisoners on contract, including lifers. The Detroit House has a budget of close to a million dollars a year. But it pays its own way. Revenue usually comes out even with expenses. In Detroit, there are about 550 men prisoners. And the number could be doubled without over-crowding. In Cleveland, there are about 650 prisoners in a place built to accommodate 400. In Detroit, guards are paid from \$2809 to \$3095 a year and pass civil service tests. In Cleveland, guards are paid from \$2160 to \$2520 and pass no tests. In Detroit, there are three feet between the beds, and 30 feet between rows of beds. There is a chair for every bed. In Cleveland, there are inches between the beds and six feet between the rows. In Detroit, each dormitory and bull pen has its own toilets and showers. A man can take a shower at any time he isn't working. In Cleveland, the dormitories are locked from the time the men get up at 5:15 a.m. until they retire at 8 p.m. Only two toilets are available during the day. A man is permitted to take a shower once a week at a specified time. In Detroit, the prisoners have radios in their quarters. In Cleveland, I never saw or heard a radio. In Detroit, there is an auditorium in a separate building where movies are shown weekly, basketball played, regulation ring for boxing, punching bags and badminton courts. Outside there are hardball and softball diamonds with wooden stands for spectators. The prison softball team won the Class B state championship. In Cleveland, there is only an idle house, a large room filled with benches where the men can sit and look at each other and gripe. There isn't even a softball, to say nothing of a place to play. In Detroit, meals are served cafeteria style, on divided compartment trays. A man may take all he wants, but he must eat all he takes. And he has a knife, fork and spoon. In Cleveland, everything is messed together in one metal plate, and a prisoner is allowed only a spoon. In Detroit, the men have milk and sugar on their cereal at every breakfast. On one day they have biscuits and jelly and on two days, cinnamon rolls; bread on the rest. In Cleveland, the men get no milk or sugar for their cereal, no biscuits and no cinnamon rolls. In Detroit, entering prisoners are given a thorough medical examination, including a blood test and a gadget that detects vermin. Prisoners with syphilis are segregated. In Cleveland, the doctor takes a quick look as you walk by in line. No blood test, no segregation. In Detroit, new prisoners are kept in a bullpen until they have been screened, told what is expected of them and given a printed list of rules and privileges. When they're assigned to a job, a runner shows them where it is. In Cleveland, new prisoners are told to obey the signs posted around the place, fingerprinted and sent out into the yard. The prisoners tell them what to do then. In Detroit, the prisoners get out their own monthly newspaper in the print shop. In Cleveland, there is none. Detroit is doing a job for its "forgotten men." Why can't Cleveland? E. Allen and C. Pierce interview MSC Freshmen On Thursday, December 1, Miss Edna Allen, English teacher, and Cyrus Pierce, high school principal, traveled to Michigan State college in East Lansing to interview freshmen who graduated from Plymouth High last year. Interviews with each person were limited to 15 minutes, and were held after mid-semester exams had been taken. One of the main problems discussed was subjects that should be taught in high school. Vocabulary and speech were stressed by most of the freshmen. If you have a social item or any other local news, phone 1755.

MAYOR Mc GUP . . . By J. Jarvis

Nearby County Will Study Code

A committee representing all parts of Washtenaw county has been appointed to formulate a building code for the area. Appointments were made by Carl E. Mast, chairman of the building code committee of the county board of supervisors. The group will act as a steering committee which will appoint various sub-committees to study and periodically report progress back to them. Typical sub-committees may be code; working with contractors, architects, engineers, attorneys, suppliers of materials, trade representatives in formulating a basic or uniform code. An administrative committee would study the scope, organization, districts, legal responsibility, personnel, public relations, outside help, forms and re-

ports, and plan checking. A fees committee would report on the schedule of fees; methods of estimating building costs, computation of fees. A field inspection group would standardize inspection, uniformity, methods and procedures. Lastly there would be a board of appeals. LOCALS A Christmas party will be held at the home of Mr. and Mrs. E. Perkin's on December 16. A birthday card shower will be held for Mrs. John Waterman on December 15. Mr. and Mrs. Carl Dethloff, Mr. and Mrs. Walter Dethloff and Mr. and Mrs. Linwood Dethloff spent Sunday in Detroit at the home of Mr. and Mrs. William Bradke. Phone news items to 1755.

Cantata Will be Weekend Event

Winning interest in this area is the Christmas Cantata now in final rehearsal by the Rosedale Garden's Men's and Women's choruses for presentation in the Rosedale Garden Community Center on Saturday and Sunday, December 11 and 12. It will begin each evening at 8 p. m. The cantata, entitled "The Christmas Story", is a combination of various solo and choral arrangements, with the men's section and the women's section contributing their own interpretation of the theme as it progresses. The mixed chorus is under the direction of Miss Lorretta Petrosky. Soloist for the program is Miss Nanette Norton, harpist. She studied this summer in the Harp Colony of America, Camden, Maine under Carlos Salzedo. Miss Norton, together with Mrs. Orndie Koenig, will accompany the chorus in the rendition of "The Christmas Story."

Thursday night Mr. and Mrs. Roy Clark were dinner guests at the home of Mr. and Mrs. Clarence Jerome in Northville. William Rockhill Nelson founded the Kansas City Star. Read the classified pages.

LOCAL News

Jeanette Strachan of Rochester, New York, formerly of Plymouth was a guest at the Arnold-Robinson wedding on Saturday.

Annabell Hall and Jeanne Schuler attended the performance of "Man and Superman" on Tuesday evening in Detroit.

Mr. and Mrs. Paul J. Wiedman were the weekend guests of Mr. and Mrs. Arthur Frost at East Tawas.

Mr. and Mrs. Perry Richwine, accompanied by Mrs. Richwine's mother, Mrs. Florence Parrott, will attend the presentation of "The Messiah" at Western Michigan college tonight, Friday, Dorothy Jean and Betty Richwine, daughters of Mr. and Mrs. Richwine, will participate in the program.

CAUGHT . . . Things got a little hot for Gilbert Zuniga, 21, in Los Angeles when police nabbed him wearing six pairs of pants, three suit coats and two sport shirts. He told them he disliked chilly evenings, but police booked him on suspicion of burglary.

After attending the Coronation Ball at Michigan State college on Friday night, Carryl Cushman and Annabell Hall spent the weekend with Mrs. Charles Cushman of North Territorial road.

Nancy Thornton, John Allhouse, and Mr. and Mrs. Jack Church had dinner in Toledo, Ohio on Saturday evening.

Mrs. Mac J. Donnelly entertained her bridge club at her home on Sunset avenue on Thursday night. Attending were Mrs. Harold Finlan, Mrs. John Dalton, Mrs. George Farwell, Mrs. Edwin Campbell, Mrs. Esther Minthorn, Mrs. Floyd Burgett, Mrs. Timothy Sullivan, Mrs. Francis Beals and Mrs. Clifford Tait.

John Wiltse and Joe Miller attended the Detroit Lions and Chicago Bears football game at Briggs stadium in Detroit on Sunday.

The Plymouth Grange will hold their Christmas party on Thursday evening, December 16. Members are asked to bring a small gift.

Mrs. T. Mallick, Mrs. Donald Drews and Mrs. Kahl Drews were the guests of Mrs. Harry Wiely, on Wednesday, in Ann Arbor.

Mr. and Mrs. Jack Crisp will attend a Christmas party on Saturday in Sunnyside, Ontario.

Mr. and Mrs. Donald Drews had as their Sunday dinner guests, Mr. and Mrs. Kahl Drews, and daughter, Vicki, and Mrs. Lydia Drews.

James Thornton will be home from Western Michigan college over the weekend to visit his parents, Mr. and Mrs. William Wood of Hubbard avenue.

The rehearsal dinner for the wedding of Pat Arnold and Emerson Robinson which was an event of December 4, was held in the chrysal ballroom of the Hotel Mayflower on Friday evening at 6:30 p. m. Twenty-seven guests were present from Chicago, Detroit and Plymouth.

Robert Bachelder, son of Mr. and Mrs. Raymond Bachelder of South Main street, was home from the General Motors Institute, in Flint to spend the weekend with his parents.

Annabell Hall, Carryl Cushman, Jeanne Schuler and Ralph Bachelder attended the Military Ball at Michigan State college on December 3rd.

Weekend guests of Mr. and Mrs. Albert C. Dayton were Mrs. Dayton's parents, Mr. and Mrs. Joseph Schriber of Port Huron, and Mrs. Charles Hawkins and daughter, Susan.

Marlin Chaney, son of Mr. and Mrs. John Chaney, spent the weekend with his grandparents, Mr. and Mrs. Ernest Darling of Detroit.

The Lilley club will meet on Monday, December 12, with Mr. and Mrs. Arthur Blunk of Haggerty road. Members are requested to bring cake or sandwiches.

In honor of their son's seventh birthday, Mr. and Mrs. Mac J. Donnelly entertained a group of boys and girls on Saturday evening. Mr. Donnelly chaperoned John Allison, John Robinson, Bernard Curtis, Jeffrey Huntington, David Beach, Gail Marie Beach, Kathleen Beach, Mary Sharon Beach and Tommy Beach to a matinee theater party, after which they returned to the Donnelly home for refreshments.

A new resident asked a pedestrian "Where can I find the Holland Furnace Co.?" "737 Maple St.," he replied. Adv.

**YOUNG JOCKEY . . . Clarence Ficus, 16, has racing fans in an uproar. At a Bowie, Md., track he rode the winners of the first three races—the fourth day in a row that he had ridden three winners.**

**Resume of Bridge Count Presented**

Plymouth Bridge club held no tournament this week, as the members decided to have only a question and answer period, with practice following.

For the benefit of those who have been unable thus far to attend the meetings, a brief resume of the count thus far was presented as follows: ace count, four points; a king, three; a queen, two; and a jack, one point. A singleton honor, except the ace, is half its ordinary value. A five card suit counts one point, and a six card suit counts two points.

One may open the bidding with 13 points if he has a rebid, which is, a good five card suit, or another suit which can be bid at the one-level, or the holding of four cards, which partner may bid, or an even distribution to bid one trump. Ninety percent of opening bids are one in

a suit. The opening bid of one no trump shows 16 to 18 points, no four card major suit, no singleton, or worthless doubleton. Twenty-six points in the two hands (the player's and his partner's) usually makes game. Thirty-four would probably make a small slam, and 38 in all aces and kings are held, a grand slam.

A good illustration came up in the following hand:  
North S Jxx South S AKx  
H Ax H KQJx  
D AJ 10 D KQxx  
C AQxxx C Jx  
The bidding: north, dealer, bids one no trump. South seeing at least 35 points in the two hands, bids six no trump.

Various enterprises, such as churches and communities, used lotteries to raise money in early American days, and advertising space in newspapers was used to publicize such lotteries.

If you have a social item or any other local news, phone 1755.

**Corn Gives Clues to Soil's Needs**

The corn you harvested this fall can give some valuable tips for higher yields next year, soil scientists at Michigan State college tell Plymouth agriculturists.

Take a little time to examine the ears and you'll discover how well your corn was fed. The Middle West Soil Improvement Committee lists a number of starvation signs that show up in corn ears.

If there are a lot of nubbins with well filled kernels and a fair polish and luster, then your corn was probably starving for nitrogen. The corn plant adjusts the size of the ear to the nitrogen available.

Ears that are crooked because rows of kernels did not fill are signs that the corn was starved for phosphate. When phosphate is lacking, corn is slow in shooting silks. The late silks do not catch any pollen so the kernels are not fertilized and fail to fill.

Pointed, chaffy ears are sure hints that your corn could have used more potash. Without sufficient potash, the corn plant cannot fill the kernels, no matter how much nitrogen or phosphate it can get. The plant needs potash to manufacture the sugars, starch and proteins it packs into the kernels. Without potash it cannot build the cellulose that makes up a large part of the cob.

The knowledge you get from examining the ears, plus soil tests will tell you the soil's need for nitrogen, phosphate and potash. The safest preventive for shortages of plant food, MSC soil scientists say, is good soil management. That means a good rotation built around deep-rooted legumes, liming, the return of crop leftovers to the soil, and the use of commercial fertilizer.

Horace Greeley, New York Tribune editor during the Civil War, was violently attacked because at the end of the war he urged that the defeated Southern leaders be treated leniently.

### ABOVE THE HULLABALOO

#### THE LAST OF THE SATELLITE SOCIALISTS

As this is being written the last of Bulgaria's "Liberals" (Socialists) are beginning their long, sad trek to the hereafter through the grim dungeons of Sofia's prisons.

History just seems to go round and round. Through every age, and in every land, there is always, first—the "ruling class" which "got there" through brains and energy; second—an element of impractical theorists who call themselves "Liberals"; third—the wolf-pack from the cities' gutters, always waiting and ready to devour the mess the Liberals invariably make of any nation they get control of.

A "majority" is usually wrong, because one-half doesn't think and the other half doesn't know; so if the "ruling class" is unable to sustain a nation's economy, almost any long haired Liberal with a persuasive timbre to his vocal chords and an aptitude for making glowing promises, can sway the electorate.

So class No. 2 take over, and their wonderful theories create a horrible mess out of just a plain mess.

A sudden coup d'etat—and the wolf-pack is in. They wreak their gutter vengeance upon the clergy, and the wealthy first; the Liberals—whom they used—next; then the small business man and the farmer; and lastly—upon each other!

This same routine has occurred so many times through history—and still stupid men like Wallace never learn! If this man ever got control of our government, he for one, wouldn't live three years. Nor would any of the leaders of his party: for no matter how red they think they are, only their blood would be red enough to satisfy those who followed them.

All those nations which now lie in the dim hell behind the Iron Curtain, illustrate so graphically this infallible rule. In each the ruling class was thrown out by the Liberals (Socialists), and in each the Liberals have been killed, imprisoned or—in a few cases—have escaped to other countries.

Few of them are to be pitied, for the Socialist—as a rule—is as selfish a pursuer of power as is the Communist; and all the deceitful palaver about the "equality of man" means equality for you and me—under Socialist overlords.

During the American Revolution, the editors of the Massachusetts Spy, an anti-British paper, used the motto "Undaunted by Tyrants, We Will Die or Be Free."

"VOICE OF AMERICA" . . . To emphasize what is meant in America by the words "free elections," the state department's "Voice of America" broadcasts beamed the results of the presidential election in 16 languages to listeners behind the iron curtain, to Europe, Latin America and the Far East. Microphones in the picture are German, Chinese, Russian, Spanish and Italian.

### Sackett Warns of Winter Driving

"Use your head and save a life—maybe your own."

With a "we're going to get tough" attitude, Chief of Police Lee Sackett today warned motorists of the dangerous driving conditions brought about by a combination of winter weather and pre-Christmas activity.

"Snow, ice, sleet, fog—they all present extra hazards when driving," Chief Sackett said, "and unless we take realistic precautions against them, there will be costly accidents and people getting hurt."

In making his statement, Chief Sackett said that a report by the National Safety Council's Committee on Winter Driving Hazards showed about 65 per cent of the winter accidents occur on snow and ice. The report further stated, he said, that the second major cause for the 24 to 53 per cent increase in accident death rates over the summer rates in snow-belt states during the winter is caused by reduced visibility.

"To combat these hazards, be prepared," the Chief urged. "Anti-skid chains are needed at times to counteract snow and ice. Use your tire chains when needed—and avoid an accidental missing link in your family circle on Christmas. Also, be sure that your windshield wipers, defrosters and headlights are in

### Chief Gets Sail Fish in Florida

Fire Chief Robert McAllister returned to Plymouth with his family last week, announcing that during his month's stay in Florida he caught a 48 pound sail fish.

The fishing excursion took only a total of 43 minutes, he added. It was just off Boynton Inlet where he got the fish, during his first attempt at deep sea fishing.

Also while in Florida, Chief McAllister attended the International Fire Chief convention in Miami, Florida.

Other fishing excursions taken by the fire chief netted him a tuna and a dolphin.

While reporting on life in Florida he stated that up until November 15 they could stay at Miami Beach for a total of \$2 a day for a room. Come November 15, however, the cost of the same room sky rocketed to \$37 a day.

The consensus of opinion in Florida as to the coming tourist trade, Chief McAllister stated, is that it will not be strong as it has been previously.

In Minot, North Dakota, Judge Roy A. Ivedson ordered Theodore Baker, who had been arrested for drunken driving, to go to once and get himself a driver's license, so that the state could revoke it.

proper condition. These are all devices to make driving more safe in bad weather, but the real thing is the driver. It is up to him or her—to be extra careful and doubly alert," he added.

To make his warning stick, Chief Sackett said that every accident will be thoroughly investigated to get at the cause, and added that "a few people might end up being booked for carelessness and negligence. We don't want death to take anybody's holiday."

A type foundry was started at Frankfurt, Germany, in 1530. Phone news items to 1755.

EX-NEW YORKER WINS ECQUADOREAN PRESIDENCY . . . Stiffly erect and distinguished by a diplomatic sash, stands Galo Plaza Lasso as he takes the oath of presidency on the constitution of the republic of Equador. Galo Plaza Lasso, who was born in New York, was installed as president after the first freely conducted election in this country in eight years. Others are, right to left, ex-president Carlos Arosemena; vice president Jose Bustamanta; the president; and Dr. Manuel Luna, new vice president of the nation.

### Women Plan for Farmer's Week

Homemakers who would like to start off the New Year with a worthy collection of bright and shiny new ideas will plan to come to Farmer's Week at Michigan State college, an official reports to Plymouth home makers.

Farmer's Week will be held for the thirty-fourth annual time at East Lansing from January 24-28. Homemakers meetings have

been planned for Tuesday through Thursday, Dean Marie Dye, School of Home Economics announces.

All phases of homemaking will be discussed by well-known personalities in the various fields: New and practical information of use to farm women will be emphasized.

Rachel Martens, whose articles you have read with interest in the Farm Journal magazine, will discuss the latest ideas in her special field of home furnishings.

Getting your money's worth in household equipment is a prob-

lem and a subject that will be reported by Daisy Davis of Ohio State university's school of home economics.

Last year's packed house for the style revue by M. S. C. home economics students was evidence of the popularity of the event which will be held again this year. Traditionally it will be held under the capable direction of Marion Hillhouse of the M.S.C. department of textiles,

clothing and related arts. Foreign students representing six countries will present glimpses of women in their home lands. Jeanette Lee, assistant to the dean of home economics, will lead the discussion.

The first English Bible was printed in America in 1782.

Offset printing was discovered in Munich in 1799.

PLYMOUTH'S JEWELRY STORE OF DISTINCTION

First National Bank Takes Lead With Two Victories in Cage League

With a little over one week gone by in the men's city cage league, First National Bank is leading the pack with two victories and no defeats.

On Wednesday, December 1, the Bankers edged Northville 40-36 as Art Gilles and Don Huebler made a basket each in the last minute to win Tuesday evening, December 7, the Bankers trounced the Plymouth Mail 42-20.

After the leaders come four squads, Northville, Sport Shop, Tait's, and DeHoCo tied at one victory and one loss. The basement is occupied by the Plymouth Mail.

In the girl's league Oldsmobile is the team to watch, as that squad defeated Daisy 31-2. In the other game to date Plymouth Mail forfeited to the Plymouth Hardware. In that contest Eleanor Gothard scored 16 points for the Mail.

The big guns in the men's league thus far for one game scoring are: Bentley 20 points, McIntosh 20, Ross 16, Ketter 16 and Cossey with 15 points.

SCORES TO DATE table with columns for team names and scores.

Four Quintets Tied for First In Boy's Pin League

Four teams are tied for first place in the boys bowling league with two wins and one loss. The four squads are Davidson's, Clement's, Pernie's, Old's and Cadillac.

Although Phillippi's five has the highest average per game of 509, the team is in fifth place with one win and two losses.

Table with columns W, L, Av. for various bowling teams.

Rocks Drop First Game to Falcons Tuesday Night

Filing out of the gym Tuesday evening a Rock cage fan was heard to say, "Well with this one game under our belts we ought to start playing some good ball." That statement is true.

The Rocks lost to Farmington 40-29 Tuesday, but they looked good in spots. With two days practice they should be ready for Trenton tonight.

At halftime the Rocks and Falcons were tied at 12 all, but after that the Falcons seemingly flew. Before the Rocks could retaliate the Falcons had a seven point lead. Jack Scheel tossed in the only Rocks field goal of the third quarter. At the end of the third stanza the Falcons led 27-18. Two baskets by Larry Finney brought the Rocks to within five points at the five minute mark of the last quarter. That was as close as the Rocks got with Farmington coming out on the long end of the score 40-29.

In the early stages of the game the Rocks were kept in contention mainly through the efforts of Jack Scheel, who controlled the Rocks backboard. Time and time again Jack soared through the maze of arms and legs to grab the ball.

Another player who starred for the Rocks was Larry Finney, sore leg and all. Larry was a doubtful starter because he was bothered by a bad leg as a result of a grid injury. Although Larry favored the leg, he took Rock scoring honors with nine points on four field goals and one free shot. When Finney is able to play without physical handicaps the Rocks will be a squad to watch.

Junior Nichols was high man for the winners with five field goals and two free shots good for 12 points.

The points for the Rocks were scored in this manner: Finney nine, Bosman six, Scheel five, Ebersole three, Reitzel two, Swanson three, and Thrasher one.

The Rocks reserves also lost their encounter by the score of 32-18. Jack Elliott paced the local lads with ten points.

One reason why the first amendment to the Constitution guarantees freedom of the press was the zeal of early newspapers for the Revolutionary cause.

Joe's Jottings

by Joe Miller

It is becoming ever apparent that Plymouth High needs a new gymnasium. Take last Tuesday evening for example. Fans crowded into the small, uncomfortable gym for the Farmington basketball game. Most of the crowd was naturally high school students, with a few adults in attendance. What adult would risk his life and limb to try to see a Plymouth cage contest? Many people who love the sport of basketball just do not attempt to come any more. They know they will not be able to get a seat. To get a seat one must arrive about 6 p. m. If a person arrives later than that time he or she is likely to stand or not get in at all. The opposing school followers are lucky if they get past the door.

That takes care of the fans' complaint. Now to the players. It is extremely difficult to put ten varsity cagers on a small floor and have a clean well-played game. Fous are far too numerous on the Plymouth floor. The Plymouth players are handicapped to a great extent because during the week they have to practice on the compact floor. Then they play on a large court such as Ypsi's or Farmington's where the comparative distance is tremendous between the courts. This makes the local lads a tired lot after a few minutes of play. Plymouth High will never have a team go to the state championships as long as the present gym is used for basketball tilts.

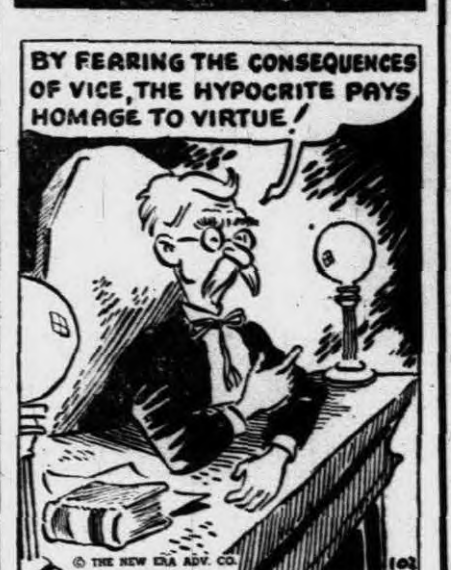

As the high school gym is the only large place in town where dances, plays, etc. can be put on, it places the Rocks under a great strain. The gym is in constant use. Take for instance the week before the Farmington game. The Rocks couldn't practice in the gym on Thursday, Friday and Saturday because the Junior class presented their J-Hop on Friday and a Kiwanis dance was held on Saturday. Decorations for these social affairs were put up Thursday afternoon, so that took care of those three days, although the Rocks did manage to practice at the Wayne County Training school on Friday and Saturday afternoons. However, that is an inconvenience to all concerned. On Tuesdays and Thursdays practice doesn't begin until 7 p. m. because the girls play basketball on those dates. The rest of the time is given to recreation basketball.

In conclusion, if a gym were constructed four times as many people could witness the games. In a comparatively short time the gym would start "paying off". We only hope plans will be made before too long to construct a gym. It will benefit all those concerned.

In Philadelphia, Car Thief Arthur P. Schauer finally persuaded Judge George A. Welsh to double his six-month jail sentence so that he could qualify for a prison job and help support his family.

In Brownsville, Texas, Air Express complained that the Snake King Bird and Animal Farm had shipped a desecrated skunk which gave birth, en route, to a normally scented baby.

Rock Gridders Given Dinner by Men's Club

The Men's Brotherhood club of the First Presbyterian church was host to the varsity, reserve and freshmen squads of Plymouth High at a dinner on Thursday, December 2.

Movies of the Michigan-Illinois football game shown by Cliff Keen, University of Michigan wrestling coach and scout, were the feature of the evening.

Along with the movies, Keen discussed the art of scouting. Before the picture the grid squads enjoyed a dinner consisting of roast beef, potatoes, corn, and cole slaw.

Plymouth Boxers Slate Bouts for Tonight in Wayne

The Boy's Boxing club of Plymouth's Recreation department, under the direction of Michael M. Spitz, has set final hours and nights for boxing instructions. Names of those going with bouts scheduled to take place in Wayne this evening, Friday, were also revealed.

Boys between the ages of 7 and 12 will meet every Tuesday, Thursday, and Friday evening from 4:30 until 6:30 p. m. Young men from 13 to 21, inclusive, will meet on the same night from 6:30 until 9:30 p. m. in the recreation room of the city hall.

Members of both groups are requested to bring their own towel and soap. Failure to have such will bar entrance. They are also requested to enter by the east side door, and go up the back stairs of the city hall.

The club will present a team of eight boys and young men in their first show at Wayne this evening, Friday. In the 75 pound group will be Tom Rutherford and Chuck McKinney, both of Plymouth. Glen Lowe of Wayne and Julius Mendez of Adrian are slated for the 118 pound category; Lryse Soto of Adrian and Dick Spisac of Wayne at 126 pounds; Ken Spro of Adrian and Bruce Blanchard of Wayne at 135 pounds; Arlan Ottensman of Plymouth and Jerry Boroff of Wayne at 125 pounds.

In the 135 pound group also are G. Sherwood of Wayne and Art Bartell of Plymouth; Dave Donaldson of Plymouth and Bill Langston of Wayne at 145 pounds; Harold Shifford of Wayne and Bill Battery of Plymouth also at 145 pounds; Eddie Sarcia of Adrian and Al May of Wayne at 158 pounds; Tim Coleman of Plymouth and Jim Rutherford of Plymouth at 150 pounds.

In their corners will be George Schoeneman, Harold Leemon, Gene Overholt and Michael Spitz who have been working out with the boys during their training period.

The Milwaukee Journal inaugurated employee stock-ownership in 1937.

When James Franklin was imprisoned because he offended the authorities by his editorial stands, his younger brother, Benjamin, became editor of the paper.

In Santa Rosa, California, ailing Dr. Robert S. Quinn consulted the doctors he had asked in to dinner, who concluded that he was in critical shape, rushed him to the hospital where they performed an appendectomy.

If you have a social item or any other local news, phone 1755.

The Plymouth Rocks cage quintet will open their Suburban B campaign tonight at 7 p. m. at Trenton.

Last season Trenton came in second to Ypsi in the league and once again this year Trenton has a top-notch outfit. The Trojans opened their season swamping Lowery High 54-26.

Tuesday night will see the first Northville-Plymouth court encounter of the season on the home floor. Although losing Mac Pierce, Red Pottinger and Bob Campbell, the Mustangs look forward to a good season as they defeated Brighton 43-20 on December 3. The orange and white basketball, symbol of basketball relations between the two ancient rivals, will be the Rocks goal Tuesday. The Mustangs now have possession of the ball as they defeated Plymouth 24-21 in the last cage contest between the squads last season.

To replace Mac Pierce as a sparkplug, Northville has Tom Stalker, who pumped 28 points against Brighton. Stalker is a Joe Fuiks type player. He grabs rebounds and scores.

Team 2 Shares Pin Leadership in Church Loop

Winning two games and coping the high single game average, Team No. 2 tied Team No. 8 for the leadership of the Lutheran men's bowling league.

The star bowler of the week was L. Blunk who had the high single game 244, and the second highest game 222, and he was the leader in the three game average with 627.

High single game: L. Blunk 244, N. Vandersoot 237 and E. Goebel 233.

High team single game: 2-011, 8-903, and 5-509.

High three games: L. Blunk 627, E. Goebel 604 and W. Schere 591.

High team three games: 8-2643, 4-2531 and 7-2501.

High games for the week: L. Blunk 244-222, M. Clement 220, V. Forshee 216, E. Ash 211, A. Kreeger 210, E. Hicks 207 and W. Trucks 202.

In the 1930's the number of pictures used in metropolitan daily newspapers increased by about two-thirds.

Large advertisement for Pfeiffer's Beer featuring a cartoon character and the slogan 'First in Michigan! tastes better because it's made better'.

By REV. ROBERT H. HARPER  
Letters in the Bible.  
Lesson for December 12: Philip-  
pians 1:1-11; 4:8-9.

Memory Selection: I John 5:13.  
Many books of the New Testa-  
ment are epistles, or letters, ad-  
dressed to individuals or churches.

We examine today the letter  
Paul wrote to the first church  
founded in Europe. This church  
was formed on the bank of a  
river and it was composed at  
first entirely of women. The  
church had grown into impor-  
tance when Paul wrote the Phil-  
ippians.

After the gracious salutation, Paul  
expresses his joy and satisfaction in  
the progress the church had made  
in the good work which had been  
begun in it, and his confidence that  
its people would continue "until the  
day of Jesus Christ." He assures  
them he has them in his heart, and  
longs for them to "abound yet more  
and more in knowledge and discern-  
ment" and be filled with the "fruits  
of righteousness."

The lesson text closes with one of  
the most familiar and beautiful pas-  
sages of Scripture. It is a summing  
up of all the virtues that should  
adorn the Christian—truth, honor,  
justice, purity, loveliness, and all  
things that are of good report. And  
Paul's exhortation is that the Phil-  
ippians should follow all the things  
which he had taught them, and he  
promised that the God of peace  
should be with them. As a man  
"thinketh in his heart, so is he."  
"Let us think on the virtues of  
which Paul writes to the Philippians,  
that we may be helped to attain unto  
them."

PLYMOUTH ASSEMBLY

ing Evangelistic, 7:45 p. m. The  
places of the Mid-week prayer  
Service will be announced each  
week.

In Little Rock, Arkansas, City  
Clerk R. A. Lange patiently ex-  
plained to an applicant that be-  
fore he could get a permit to  
build a \$15 chicken coop, he  
would have to submit a set of  
blueprints costing \$25.

In London, Wally Farey, fined  
\$4 for keeping a horse in his  
boarding house room, sadly ex-  
plained: "I was lonely."

**"EASY DOES IT"**  
By HELEN HALE

**TURKISH TOWELS** will be more  
absorbent if they are shaken out  
before hanging and left unironed  
after drying.

To dampen clothes evenly use a  
bottle with a stoppered top on which  
are holes. These are inexpensive to  
buy and will dampen clothes more  
evenly than if you sprinkle by dash-  
ing on water with your hands.

**ANY COMBINATION OF FRUITS**  
for salad can be made more attrac-  
tive if it is served in a melon ring.  
Even molded fruit salad can be  
placed on top of the ring to make it  
look more attractive.

If you have particularly luscious  
fruits, don't cut them small for  
salad. Serve them in large, attrac-  
tively placed pieces like small melon  
wedges, thinly sliced, sliced oranges,  
pineapple spears, and clusters of  
cherries or grapes.

**MARKET FOR YOUR STAPLES**  
at the beginning of the week in-  
stead of later when you do week-end  
buying. This eases the shopping  
load you have to carry home at one  
time.

Use a soap shaker to get the most  
out of scraps of soap. When you  
shake in hot water, they make beau-  
tiful suds.

Make beef or lamb stew more of  
a change by serving it with fluffy  
mounds of mashed potatoes instead  
of boiled potatoes immersed in the  
 gravy. Garnish the potatoes with a  
dusting of paprika and parsley.

Water drained off cooked vegeta-  
bles may be served as an appeti-  
zant if mixed with tomato juice,  
and seasoned with salt and lemon  
juice.

**KITCHEN SCISSORS** can be used  
more easily for doing many jobs  
that you once wanted a paring  
knife for. Use them for cutting  
vegetables for salad, cutting green  
beans; parsley, marshmallows, fruits,  
etc.

Save washing the egg beater twice  
by beating whites in a recipe first  
then the yolks.

**ALL KNITTED AND CROCHET-**  
ED pieces of clothing should have  
an outline of them drawn before  
washing. When ready to dry the  
pieces, ease them into shape on the  
outline and pin them wrong side out  
to the outline on something firm  
like a pad or rug.

By 1930 tabloid newspapers  
were filling forty per cent of  
their non-advertising space with  
pictures.

**THANKFUL PRAYER . . .** Grateful for the opportunity accorded them as displaced persons, Eustachy Kozpas and his wife, Katherina, from the Ukraine, offer a prayer at the rail of the S. S. General Bundy as the vessel docked at Boston. The ship arrived with 600 persons seeking a new life in America.

Mr. and Mrs. G. F. Raviler of Plymouth and Mr. and Mrs. Raymond Snell of Pontiac will attend the Detroit Motor City club dance at the Club Rio in Pontiac on Saturday evening, December 11.

Ralph Lorenz and son, Douglas, were honored Sunday at a birthday dinner given by Mrs. Ralph Lorenz. Guests were Mr. and Mrs. M. C. Gussell and son, Richard, Mr. and Mrs. Douglas Lorenz of Northville, and Mr. and Mrs. Robert Lorenz and daughter, Janice, of Plymouth.

Mary Agnes Evans, daughter of Mr. and Mrs. Chauncey Evans, spent the weekend in Ann Arbor as guest of Nancy Neff at her sorority house on the University of Michigan campus.

Mr. and Mrs. Wilbur Ebersole of Starkweather avenue held open house on Sunday for the friends and relatives of John Miller of Tremont, Utah, who is their house guest. Mr. Miller is the uncle of Mr. Ebersole.

Mr. and Mrs. LeRoy Jewell of East Ann Arbor road entertained at dinner on Tuesday night, Mr. and Mrs. Roy Clark, who are leaving Saturday for Bradenton, Florida.

Last Saturday evening Mr. and Mrs. Horace Truesdell of Alden Village entertained the Jolly 12 club. Those present were Mr. and Mrs. Frank Everette, Mr. and Mrs. Paul Olds, Mr. and Mrs. Wayne Rubey, Mr. and Mrs. Edwin Ash, Mr. and Mrs. Cecil Builton, and Mr. and Mrs. Fred Johnson. Later in the evening the hostess served a luncheon.

Sunday dinner guests of Mr. and Mrs. Lloyd Clark were Mr. and Mrs. F. Manford Becker, Mr. and Mrs. Robert Fyffe, Mr. and Mrs. Victor Volinsky, Shirley Johnson, DeWayne and Calvin Becker, and Wesley Wilson. The occasion was the 25th wedding anniversary of Mr. and Mrs. Becker.

Last Saturday, December 4, Mrs. Herbert Meredith of Grosse Pointe Woods gave a shower in honor of her cousin, Marian Baumman of Plymouth, who will be married on January 15. Luncheon was served to the guests present from South Lyons, Salem, Northville, Plymouth, West Point Park and Grand Rapids.

Mr. and Mrs. William Campbell were host and hostess at a pot luck supper following the J-Hop on Friday night. Guests were Mr. and Mrs. Roy Warner, Mr. and Mrs. Fred Nelson, Mr. and Mrs. Robert Smith, Mr. and Mrs. George Canfield, Angela Fisher and William Thomas.

Preceding the J-Hop, Sandra Walch, daughter of the Rev. and Mrs. Henry J. Walch, entertained at a dinner the following guests: Diane Arscott, Ronald Witt, Mary Ann Witwer, Roger Corey, Dorothy Curtis, Donald Griffith, Sandra Walch, Donald Vivian, Barbara Johnson, Tom Corey, Charlene Wade of Salem, and Roger Kidston.

**CHEVROLET ADVANCE-DESIGN HEAVY-DUTY TRUCKS**

Only Chevrolet Heavy-Duty Trucks offer all these extra-value features!

- Quicker, easier and quieter in operation, Chevrolet's new 4-SPEED SYNCHRO-MESH TRANSMISSION in one-ton and heavier duty models enables the driver to maintain speed and momentum on grades!
- Another Chevrolet innovation, the new SPLINED REAR AXLE HUB CONNECTION insures added strength and greater durability in heavy hauling.
- Chevrolet's famous CAB THAT "BREATHES" brings you all-weather comfort! Outside air is drawn in and used air is forced out heated in cold weather.
- The power-packed Chevrolet LOAD-MASTER VALVE-IN-HEAD ENGINE, world-famous for economy, is now even more durable and efficient in operation.

Plus • The Flexi-Mounted Cab • Uni-weld, all-steel cab construction • All-round visibility with rear-corner windows • New, heavier springs • Full-floating Hypoid rear axles in 3/4-ton and heavier duty models • Hydovac power brakes on 2-ton models • Ball-bearing steering • Wide base wheels • Standard cab-to-axle dimensions • Multiple color options

\*Heating and ventilating system and rear corner windows with deluxe equipment optional at extra cost.

There's a mighty big difference in heavy-duty trucks and you'll know it the moment you hit the highway in one of Chevrolet's new heavy-weight haulers. For there's a rock-solid quality, an ease of handling and pull-away power in these Advance-Design trucks. But discover the facts yourself. Compare values! Then—compare prices! You'll find that only Chevrolet trucks have 3-WAY THRIFT—low cost of operation, low cost of upkeep and the lowest list prices in the entire truck field.

### Lyn Green Joins Staff of College Publication

The Board of Publications of Michigan State Normal college announces that Lyn Green, daughter of Mr. and Mrs. F. L. Green of 6121 Lozz road, is beginning her first year as a member of the editorial staff of the Normal College News.

The News is the weekly publication of the college. Miss Green is a graduate of Plymouth High school where she was active in dramatics, speech and journalism. She is a freshman majoring in English at Michigan Normal.

In Manhattan, Patrolman William H. Schneider, arrested for holding up a liquor store, explained that he needed the money to pay poker debts he had run up around precinct headquarters.

**STRAIGHT SHOOTIN' . . .** If you're artistically inclined, try picture-shooting sometime. Marksman Ernie Lind and his attractive wife, Dot, say it's easy. Both are professional exhibition shooters. Ernie's bullet drawing took two and a half minutes and 153 bullets.

### Daisy Manufacturing Co. Wins Acclaim for Profit-Sharing Plan

Under the caption "Profit-Sharing is Still a Crusade: It's Working for Plymouth Firm," last Sunday's Detroit Free Press, was a story of one of the city's leading industries, Daisy Manufacturing company, producer of the nationally famous air rifles.

The article is reprinted below in full. "Profit-sharing was great stuff in a red-hot period before World War II. Has inflation made it a forgotten crusade?"

"Talk to Cass Hough, executive vice president of Daisy Manufacturing company here and you get a surprising rebuttal.

"Our basic wage here is twice as high as before the war, he starts off.

"Cost of materials is at least double. Yet the price of our product has gone up only 38 to 40 per cent.

"If there is one thing responsible for this, it's the teamwork out there in our plant. Our profit-sharing plan is at the root of it.

"Daisy Manufacturing makes boys' air rifles and toy guns—4,250,000 of them a year. It has had its present plan since 1937.

"Our prices are low enough that we haven't much competition in our field, he adds.

"Hough is a charter member of the Council of Profit-Sharing Industries and was a speaker at its first annual conference in Chicago recently.

"Over 400 representatives of businesses with plans in operation attended.

"It is like a revival meeting but never once did you hear anyone say 'Boy, did our plan make us money,' he says.

"No, they were more anxious to describe how their plans brought employes more earnings and stepped up the teamwork.

"His remarks stand out boldly in contrast to our economic observations sounded in the New York meeting of the National Association of Manufacturers. Just concluded.

"Hough names Hoskins Manufacturing company, of Detroit; Double A Products company, of Manchester; Metal-Glass Products company, of Belding; Michigan Tank and Furnace Corporation of Dearborn; Progressive Welder company, of Detroit; and Sherer-Gillett company, of Marshall, as other Michigan profit-sharing firms.

"Our membership is up to 102 companies now and that doesn't include big names like Proctor-Gamble company, Westinghouse Electric, George A. Hormel company, Nunn-Bush Shoe company and Johnson Wax and scores of others which have had plans for a long time," Hough explains.

"But under current conditions how does profit-sharing work among 500 employes such as work at Daisy Manufacturing here?"

"Profit-sharing can be worked

out by direct splitting of a company's income, by declared wage dividends, by workers being helped to stock ownership in the business or by trust funds," Hough, a war hero, says.

"At Daisy, every employe regardless of his job is considered equal and each is given the same share in the profit pool. A Daisy worker can get less than one share only if he has been absent from work and only in proportion to the length of his absence.

"Hough disclosed that a flat 30 per cent of profits is set aside for the split.

"Payments are made twice a year, half in cash and half in contributions to a retirement trust plan.

"Let's say our year's profit is \$100,000 before taxes are figured, is Hough's example. Then \$30,000 goes out first for the pool. The Government lets us pay taxes only on the remainder which is \$70,000.

"Taxes we'll say are \$28,000, so that leaves \$42,000.

"The company carries the full load on group life insurance and a major portion on group sickness and accident insurance.

Other company participation will carry the total to \$12,000.

"That leaves \$30,000 for the company.

"Sizeable increases in worker efficiency, changing of lazy employes into hard workers, heavy reduction in labor turnover, and broader claims of industrial peace and stability and complete labor-management co-operation were among the asserted benefits of profit-sharing described at the council's sessions, Hough says.

"Those are the intangible aspects, he says. The one concrete benefit we see here at Daisy is teamwork in surprising ways and that can cut costs, lower prices and up profits to a very plain extent.

"He stresses as a final punch that it's profit-sharing, not wage incentives nor handouts, that brings the peace.

"And that profit-sharing is no less applicable to large stockholder firms than it is to a company like this—with 24 stockholders.

"Our common aim is to prove that free enterprise can survive and work," he says.

### KNOW YOUR WEATHER

Many industries hire their own weather man. One baking company asks its weather man to predict tomorrow's needs. On a windy or rainy day, a million housewives will stay indoors and thousands of loaves of bread can be a major loss.

The New York Times covered the Byrd Antarctic expedition by wireless in 1929.

**SOIL ERUPTION . . .** On the 60 acre farm of Henry Huppenthal near Cedar Lake, Ind., two hills of rich black soil are growing in an area of clay-loam farmland. One hill covering 2,500 square yards, has erupted to a height of 30 feet in the past 25 years. The other has risen 15 feet in 10 years. Huppenthal says he raised more than 110 bushels of corn to the acre on the new soil, and that the yield of oats was so heavy that stems of the plants collapsed under the weight of the heads of grain.

**Letters Disclose Couple in Scotland Would Like to Return to Plymouth**

Contributed this week by Bert Giles were several letters from former Plymouth residents. Mr. and Mrs. Henry Freese, who are now living in Scotland. Keynoting all the communications were problems which faced the people of that country both during the war and following.

The couple made the trip to Scotland in 1938, and wrote telling of purchasing a 62 acre farm in Greeness by Cuminstone. He told at that time that he had purchased two horses, three cows, and five head of steer, and went on to tell how much he liked the country.

In the next letter dated 1944, Mrs. Freese questioned whether or not the cost of living was "going higher and higher", as it was in Scotland. She voiced a wish for the war being over, and also a desire to be across the "pond, for we will never settle down in this country." She said the eggs there were then about 75 cents a dozen, and added that one could only get about three a week in the cities.

In 1947 a letter was written which told that they would have returned to this country before that date, but had been notified at the shipping office that

the British pound was down to \$3.75, meaning they would lose in the exchange of money. She described the three tons of coal they got for one year, adding that you need a doctor's certificate to get an additional supply for sick persons in the house.

The Freese family had just received a package from the Giles when they wrote the letter dated February of this year. It had contained tobacco, candy and peanuts valued at \$3 and they had to pay \$14.75 duty on it.

In another letter written this year, they relate that soap is scarce and that the people get only a cake a month. They tell about young pigs being sold in the market at \$30 each, adding that before the war they went for \$200.

**Hough to Debate Airport Question**

Cass S. Hough will speak affirmatively on the subject "Resolved that, the proposed International airport be approved and developed as the major airport for the Detroit metropolitan area" during the debate planned by the Aero club of Michigan for December 17 in the Grand ballroom of the Book Cadillac hotel.

Joining Mr. Hough, who is chairman of the Michigan Aeronautics commission, on the affirmative side of the question will be William M. Joy, president of the Aero club of Michigan, and Don S. Kiskadden, vice president and general manager of the Buhl Land company.

Approaching the subject from a negative view point will be: Glenn C. Richards, superintendent of the department of public works; Colonel A. C. Prine, administrator of the Willow Run airport for the University of Michigan; and John P. McElroy, personnel and public relations officer for the Wayne County road commission.

The debate will follow a noon luncheon next Friday, and will be moderated by William M. Packer, chairman of the board of the Aero club of Michigan. The program is planned to provide the general public with first hand information regarding the issue of the proposed International airport.

**Program Brings Farm Aid Here**

"Farmers in this area who are still looking for a good year-round man to do farm work, might be interested in Lithuanian farm workers," states John R. Volch, farm labor specialist with the Michigan State Employment Service.

He discloses that they are being brought to this country under the displaced persons program.

The United Lithuanian Relief Society is promoting the program in an effort to place a good number of Lithuanian farm workers from European D. P. camps with farmers in Michigan and other states. Mr. Volch's statement continues. Workers have a farm background and the Detroit resettlement committee will try and match the employers request as near as possible.

He asks farmers wishing more information regarding the program to write him at 3139 North Washington street, Wayne, or call Wayne 3725.

 The making of "Deerburgers" may be one solution for housewives confronted with the task of preparing meat dishes from unfamiliar cuts of venison.

To make deerburgers one simply adds suet, moist bread, onion and seasoning to ground lean venison, according to a recipe in "Venison," a booklet available from the conservation department of Michigan State college. The booklet has other recipes and complete directions for the beginner on how to cut up a deer carcass.

Odd pieces, less in demand, while venison steaks are available, are said to be excellent for making mincemeat and other dishes.

More than 5,000 kinds of insects have been identified on the Edwin S. George Reserve, a 1,000 acre tract used by the

University of Michigan for biological studies and instruction. In bulk, the insects probably surpass all the other Reserve animals put together, including the herd of white tailed deer.

The beaver, depending upon the locality in which it is found may be one of the most important assets of a particular area or one of its worst liabilities, according to the Wildlife Management Institute. To make certain that these large rodents remain a benefit to the state, the Idaho Fish and Game Department is transporting animals by air from agricultural areas, where they have been causing damage by building dams across irrigation ditches, into wilderness areas where their activities do not conflict with those of man.

Since the old method of moving beaver by pack horse was slow, the Gem State developed a method of flying the industrious rodents into the forests by plane where they are dropped by parachute into lakes that would be virtually inaccessible to ground crews. The beaver is dropped from a height of 200 feet in a "clam-shell" box which opens as soon as it strikes the surface of a lake, permitting the animal to escape.

Don B. McLouth, Chairman of the Conservation Commission and head of the McLouth Steel Company in Detroit, gave P. J. Hoffmaster hot words for starting a damage suit for stream pollution without the Commission's consent. On the other hand Hoffmaster has been censured by the sportsmen for not being tough enough with polluters. In the suit, the Conservation Depart-

ment seeks to collect \$15,000.00 damages from the Union Steel Products company of Albion. The State, through the Conservation Department claims that thousands of fish were killed in the Kalamazoo river when the company dumped cyanide into a sewer. When McLouth was asked if the Commission approved starting the suit, even though he had not been consulted, McLouth replied, "We didn't disapprove, did we?"

We criticized in a recent issue of this magazine, the big business attitude being injected into our Conservation Department by our present Commission under the leadership of McLouth, as chairman. This latest pass at Hoffmaster bears out what we had to say. Does not Mr. McLouth know what happened on a recent election day? Does he not know that the worm has turned? Is he not aware of the fact that the sportsmen pack a wallop? Is he now familiar with the wave of indignation being expressed by the common people over the desecration of the waters of the State of Michigan? Is he so high and mighty that because he did not wave his magic wand Hoffmaster should sit on his hands?

Again, let us repeat, as we did in a previous article, most of the present Commissioners were unknown in conservation circles when they were appointed by the present Governor. The only two experienced Commissioners that we have are Joseph Rahilly and Harold Titus and again let us repeat that it must be hard for a man who is rated all over the United States as one of the top Conservation Directors to take this kind of guff.

The Detroit Sportsman.  
 Wildfowlers who have been wondering about Mexico's harvest of the continent's duck supply are advised to read the lead article in the November issue of Field and Stream, the Wildlife Management Institute stated today.

In a story entitled "Is Mexico Slaughtering Our Waterfowl?" Hart Stilwell states that Mexicans annually kill fewer ducks, legally and illegally, than are bagged in the United States on the first day of the season and backs up his claims with facts, figures and reliable authority. He estimates Mexico's annual

Mrs. Charles Severance of Flint spent Saturday with her daughter and son-in-law, Mr. and Mrs. Allen Bernash of Harvey street.

**CIVIL DEFENSE COMEBACK**

If you haven't lost it, you'd better get out that civil defense armband you wore while you were on duty during the war. A new national civil defense program is on the way.

A blueprint has been drawn by defense experts to mobilize 15,000,000 men and women into an organized civil force to supply the "missing link" in the nation's security. The program would embrace every level of government from federal to village.

The plan is the result of seven months work by the office of civil defense planning created last spring in the defense department.

**Program's Major Points**

- In summary, the program for civil readiness calls for these things:
1. A national office of civil defense with a small permanent staff leading the organization and training of civil defense task groups.
  2. State and community responsibility for "basic" operations, supplemented in emergencies with mutual aid plans and mobile supporting units.
  3. Maximum use of volunteers, existing agencies and organizations (such as police and fire departments) and "all available skills and experiences."
  4. Trained and organized units in communities across the country capable of meeting any attack the enemy might make or handling any weapon he might use.
  5. Special planning to meet the particular hazards of atomic or other modern weapons of warfare.
  6. A peacetime organization for use in natural disasters apart from the catastrophe of war.

Concerned over the lack of civilian training to meet emergencies and certain that in the event of another war the U. S. will be attacked, government officials are drawing plans to revive civil defense training and activities.

As yet, the plan has received no official endorsement or action. It was released for publication and study by James Forrestal, secretary of defense.

**Civilians Not Prepared**

"If attack should come," the plan said, "it might be by bomber squadrons dropping atomic bombs, incendiaries or gas bombs or super explosives, on one score of our major centers. It might come via guided missiles from distant points, or from submarines off the American shores.

"Or it might come from within

the borders of the United States, through saboteurs and fifth columnists.

"However it came, it would mean devastation and death at many points on such a scale that the tasks of rescue and restoration would be far beyond the present capabilities of the people and the community attacked."

The report related the great losses of life in enemy cities attacked during World War II and asserted that the death tolls might have been lower if adequate civil defense had been installed.

Beatrice Hartmann and Graham Laible were the guests of Beatrice's parents, Mr. and Mrs. William Hartmann of Blunk avenue, at the Kiwanis Knite Klub dance.

Beatrice Hartmann, daughter of Mr. and Mrs. William Hartmann of Blunk avenue, was home from the University of Michigan to spend the weekend with her parents.

The teachers of the First Presbyterian Sunday school will hold their December meeting and Christmas party on Tuesday, December 14, in the church parlors. All teachers and guests are asked to bring a 25 cent gift.

Betty Jones, daughter of Mr. and Mrs. Ward Jones of Pennington avenue, who is employed in Detroit, will spend the weekend with her parents.

Mrs. Madeine Wood was in Plymouth on Tuesday visiting friends.

Why Hudson Beauty is more than "skin-deep"

The modern design for '49

The New Hudson—the first and only car you step down into—achieves true streamlining and today's lowest silhouette as the natural result of a basically new design principle available in no other type of automobile!

Every time your eyes linger on a New Hudson, you are admiring beauty as genuine as nature at her glorious best!

For this stunning streamliner has fresh styling that begins deep inside the car with a recessed floor which is the key to the "step-down" design—the exciting idea that opens up new opportunities for genuinely beautiful lines!

Yes, for years it has been widely known that the lower a car can be built, the more beautiful it will be, the better it will ride and handle.

But whenever men have sought to create the ideal in low-built motor cars, without lowering the interior floor, they've had to keep top lines high to preserve inside head room, or reduce inside roominess to get top lines down—an unsatisfactory compromise in either case.

And even with compromises, no car has ever matched the gloriously low silhouette Hudson brings you today!

This is because Hudson—and Hudson alone—has a recessed floor in an exclusive, all steel Monobilt body-and-frame\* which makes it possible to build the lowest car on the highway—just five feet from ground to top—but with more head room than in any mass-produced car built today!

The exciting, more than skin-deep beauty of the New Hudson is the natural result of this basic "step-down" construction, which is so right it frees the designer of the need for makeshifts in styling.\*\*

We cordially invite you to see and drive the New Hudson. You'll quickly sense that this car is so far ahead it's a protected investment in motor car value.

\*Trade-mark and patents pending.

\*\*The many advantages in Hudson's "step-down" design are explained in a booklet available at all Hudson dealers.

THIS NEW HUDSON comes to you WITH NO "EXTRAS"

- You get only such accessories as you order
- With or without trade-in
- Cash or time payments
- Factory suggested prices and itemized bill of sale

**Nutrition Aids**  
from the  
American Red Cross  
Nutrition Service

the American Red Cross suggest choosing foods from among the less rich varieties to serve with pork. You'll find that the flavory combinations formed by these lighter vegetables, tangy salads and tart fruit desserts are the most pleasing.

**INSIST ON COMPLETE INTERNATIONAL CHASSIS Service**

How long has it been since your trucks had a chassis check-up? Can you absolutely depend upon your truck brakes? And wheels—are they out of balance and beating the life out of your tires? See us for the profitable answer to those questions. Our International Trained mechanics are expert chassis men. They have the tools and parts to put your brakes in tip-top condition economically and quickly. For the sake of safety, for economy, and to insure sound underpinnings for those payloads, take advantage of our complete wheel, brake and chassis service soon.

Pork is the first meat to show the results of the biggest corn crop in history. Because pigs take a comparatively short time to mature for the market the lowered cost of producing them is already reflected in decreased prices which are likely to continue for some time.

Although pork is rather delicate in flavor the high fat content give it a richness which makes it less adaptable to frequent service than beef. But there are so many different ways of using it—if we put our minds to the subject—that it is possible to take advantage of the low cost and serve it several times a week without boring the family.

You may say the family can't take the fat that makes pork so rich in flavor. Scientific tests have shown that normal people digest fat as readily as they do other energy giving foods—it just takes longer. Sometimes that's a definite advantage, especially for active people who have long stretches between meals. They need something that "sticks to the ribs".

To avoid too much fat in the meal the Nutrition Service of

Then too it's often possible to combine pork with vegetables, stuffings, or starchy foods such as rice, noodles or macaroni. This helps to dilute the fat resulting in a combination that will suit the whole family.

Like all meats, pork contains a very efficient type of protein for tissue building and repair and blood regeneration. It contains generous amounts of iron, too, especially in the liver which is also a good source of vitamin A. Pork makes a good contribution to the day's quota of B vitamins, particularly thiamin.

Try some of these recipes given here and serve pork more often.

**CHOP SUEY**  
One-half to ¾ pound raw pork, 3 tablespoons lard, ½ cup thinly sliced onions, 1½ cups diced celery, ½ teaspoon salt, ½ cup water or liquid drained from bean sprouts, 1 can bean sprouts, 3 tablespoons cornstarch, ½ teaspoon pepper, 2 tablespoons soy sauce, 2 tablespoons water, cooked rice.

Cut pork in thin slices and cook in lard over low heat for half an hour. Add onions, celery and liquid. Cover pan and cook over low heat until vegetables are just barely tender. Add bean sprouts, and if liked 1 cup of thinly sliced Jerusalem artichokes. Heat thoroughly. Combine cornstarch, pepper, soy sauce and water, stirring until smooth. Add to vegetable mixture, stirring constantly until thickened. Serve piping hot over cooked rice. Serves 4.

With the chop suey serve a salad made of segments of grapefruit on watercress or lettuce and top off the meal with gingerbread with orange sauce.

**BAKED PORK CHOPS AND NOODLES**  
Six pork chops, 1 tablespoon fat, 2 teaspoons salt, ½ teaspoon pepper, 4 cups cooked noodles, 1 can condensed tomato soup, ½ cup water, 2 tablespoons minced onion, 1 teaspoon chopped parsley and ½ teaspoon crushed sweet basil.

Brown chops slowly in fat on both sides. Season with half of salt and pepper. Place noodles in baking dish. Combine soup, water, onion, remaining salt and pepper and herbs. Pour over noodles. Place chops on top. Cover dish and bake in moderate oven, 350 degrees F., for 1½ hours. Serves 6.

Author of  
*"HOW TO WIN FRIENDS and INFLUENCE PEOPLE"*  
**PEOPLE RESPOND TO PATIENCE**

HERE is an incident told me by Marie Harnden, registered nurse, connected with the Eye Institute in New York City

Miss Harnden is a Canadian and it will interest you to know that her experiences and observations have brought her to the conclusion that when it comes to handling people, those in our mental institutions are like you and me, differing only in degree.

One night she was on duty in the line room of the hospital where she trained when one of the mental patients stormed into her room. The girl's face was red with anger and emotion. As she approached Miss Harnden, she shouted and waved her arms and shook her fists threateningly as if she meant to strike this nurse for something entirely alien to anything she had done.

Did Miss Harnden shout back at her in an effort to force her to be quiet? Did she call an attendant to force this poor tried patient to be still? No, she did just what she should have done, and just what should have been done had that patient been someone from the outside world with what she thought was a rightful airing of a grievous wrong. In other words, just what you should do if someone became angry with you.

She merely waited until the patient had spent her anger, then she said patiently, quietly, in the gentlest and friendliest of tones, "What is the matter, Mary?"

Quick as a flash the storm in this patient's mind abated. She looked up at Miss Harnden and said with a smile, "Oh, hello, nurse." And all the trouble was over.

Says Miss Harnden, "We all have depressions, fears, elations and conflicts. In mental illness, the difference is only in degree and past the control or reasoning ability of the sick person. Whether a person is normally adjusted or whether he is abnormal, all respond to understanding, patience, gentleness and kindness.

Here's the Feed for MILKING COWS, DRY COWS, and COWS

**Larro DAIRY FEED**  
A MILK-PRODUCING, FITTING AND FRESHENING FEED  
Farm tested  
GENERAL MILLS, INC.

PROVED BY OVER 35 YEARS OF RESEARCH

Larro Dairy Feed, plus roughage, does a complete feeding job. No special fitting and freshening ration is needed. Larro scientifically combines all the essential ingredients required to do a year-round feeding job. It provides the full nutrient balance your cows need in their dairy ration to:

1. Build top milk production.
2. Enable dry cows to store up reserves of needed nutrients for ready availability right after the next calving.
3. Bring fresh cows to full feed without setbacks.

So, for year-round feeding of dry cows, fresh cows, milking cows—use Larro Dairy Feed. See us today.

IT'S **FUTURAMIC**

**NEW "ROCKET" ENGINE!**

First, it was Hydra-Matic Drive. Then, Futuramic styling. And now—the newest, latest forward step in Oldsmobile's Futuramic program—the Oldsmobile "Rocket"!

Yes, those rumors were true. Oldsmobile does have a brand new engine (a rugged, high-octane, valve-in-head eight). The "Rocket" Engine is based on entirely new engineering principles and built in the world's newest, most modern engine plant.

For the future, the "Rocket" opens up a whole new vista of high-compression efficiency. Even today, it's so Futuramic in performance—so amazingly smooth and quiet, so incredibly quick in response—that you've got to drive it to believe it! And you can do that soon, when your Oldsmobile dealer shows the new 1949 Oldsmobile. The car that brought you the New Look in Futuramic styling, now brings you "The New Thrill" in Futuramic driving!

## Agent Tells Tale of Many Cities

Unusual names of cities in the United States are common to most expressmen, but sometimes the Christmas season is responsible for turning up a greater variety than ever seen before, said Leonard Millross, local agent of the Plymouth Railway Express office.

"Why it's possible to tell a story using the names of those cities," he said. "For example, take the Christmas Holiday (Texas), which Frenchmen Call (Texas) Noel (Mo.).

It's a Lively (Va.) time of year, which Onley (Va.) takes place in Winter (Wisc.) and is Manns Choice (Pa.) to Exchange (W. Va.) a Blessing (Texas) with a Friend (Nebr.). The Promised Land (N. Y.) yields up a Bountiful (Utah) supply of Turkey (N. C.) which the Hunter (Kan.) gets with his Rifle (Colo.). Butte (Mont.) the Novice (Texas), Archer (Fla.) no Ketchum (Ida.) with Broken Bow (Neb.).

Algood (Tenn.) things happen in those Weeks (La.). The Farmer (S. D.) and the Cook (Minn.) Orr (N. D.) Jasper (Tenn.), the Butler (Ga.), Exchange (W. Va.) Money (Miss.) for a Turkey (N. C.) and all the trimmings such as Cranberry (Conn.), Chesternut (La.), Almond (N. C.), Carmel (Ind.), Butter-nut (Wisc.) Orange (N. J.), etc.

In a Peculiar (Mo.) but Earnest (Pa.) Experiment (Ga.), the Lackey (Ky.), who is Dafter (Mich.) than some of the Gentry (Mo.) in a Sanitorium (Md.), Slaughters (Ky.) the Sufferer (N. Y.) Birds (Ill.) with a Blunt (S. D.) Bad Axe (Mich.). And that's Nuttal (W. Va.) because toward the Climax (Ga.) Mabel (Fla.), the Cooks (Mich.) Helper (Utah) told him a Bird-in-Hand (Pa.) is Worth (Mo.) a Hundred (W. Va.) in the Forrest (Me.).

Growing Wilder (Vt.) by the Minot (Mass.) the Lightfoot (Va.) Turkey (also Texas) made a Cat Spring (Texas) right into the Barnstable (Mass.). It didn't

## THIS WEEK IN Washington

THE NEW DEMOCRATIC CONTROLLED 81st congress will be a pro-agriculture congress and according to all indications will be much more generous than the 80th congress in giving farmers about anything they want in legislation.

The only factor which might prevent this generosity, according to observers here, is failure of the leading farm organizations to agree on a program among themselves or for some controversial subject like the butter-oil battle to build up such antagonisms as will defeat or water-down basic farm legislation.

The chairmen-elect of both the new house and senate agricultural committees... Congressman Harold D. Cooley of North Carolina and Senator Elmer Thomas of Oklahoma... have advocated a straight-away 90 per cent of parity price support in opposition to the sliding 60 to 90 per cent as presently provided by the Aiken bill which does not take effect until January 1950. Farm organizations are not in complete agreement. All want price support but they have not reached accord on the ratio of parity.

The same thing is true on conservation. All farm organizations want the conservation program continued but the American Farm Bureau federation favors giving the agricultural extension service, which the federation shares in financing in some localities, wide responsibility for administration. The National Grange and the Farmers Union oppose the Federation stand and would put only the educational feature of the conservation program under the extension service.

It may be that the national conventions of the various organizations will bring them more into alignment.

In only four states do the Grange and the Farm Bureau really run a nip-and-tuck race for membership. In New York, Grange membership runs 141,337 with the Farm Bureau membership at 87,336; in Michigan the Farm Bureau has 48,100 and the Grange 28,207; in Ohio the Farm Bureau membership is 55,777 while the Grange runs 113,632, and on the west coast in California the Farm Bureau has 47,654 and the Grange 34,152.

Another large farm organization serving some 2,500,000 farm families is the Council of Farm Cooperatives

with 115 marketing and purchasing cooperatives with about 5,000 local groups. Memberships in these groups, however, duplicate memberships in the other three farm organizations.

Executive secretary of this organization is John W. Davis, a former school teacher and school superintendent, Missouri-born and Iowa-bred, formerly with the Farm Credit Administration and the Commodity Credit Corporation. He is a member of the eleven-man national advisory committee on research and marketing under the Hope-Plannagan act and twice served on U. S. delegations to the International Food and Agricultural Organization. An inkling of what may happen to farm price support in the coming congress is given by Mr. Davis when he says that he senses among farmers a move back to the more rigid price support system rather than to the flexible 60-90 support plan as provided in the Aiken long-range farm law.

HERE ARE SOME THINGS the farmers may get in the next congress if they ask for them... standing by price controls without price ceilings on food or farm products as long as they don't get out of hand; more grain bins from CCC; government authority to regulate trading margins on commodity exchanges; extension of export and import controls; approval of the international wheat agreement if pact can be revived with British support; farm home building in the housing act; government loans and grants to low-income farmers; increase in rural electrification and school lunch appropriations; additional crop insurance; overhaul of the farm credit agency; a national fertilizer program; and increased appropriations for reclamation and irrigation projects.

The farm population of the nation, placed at approximately 27.5 million, is not selfish in demands for price supports and other legislation according to farm leaders here. What they want is long-range programs to cushion the farmer from sudden economic shocks and save his land from slow deterioration under the contention that this is in the interest of the entire country. In return the farmer will continue full and abundant production of food and fiber. These leaders point out that depression hits the farmer first and that farm collapse would bring the rest of the economic structure tumbling, so the nation's stability rests upon the farmers' economic security.

have a Fair Chance (Pa.), however, for those Keene (N. H.) Blades (Del.) sent it to Old Glory (Texas). Thus the Outlook (Mont.) for Christmas Eve (Mo.) was a Welcome Minn. Delight (Ark.) to all. We said Grace (Ida.), drank Good Wine (Ill.), ate Sandwich (Ill.) sang a Christmas Carroll (Ohio) in Harmony (Pa.) with Moosic (Pa.) until Midnight (Miss.) when the Beils (Tenn.) tolled.

Finally, with a Sleepy Eye (Minn.) our Kinsman (Ill.), the Baker (Calif.), donned his Blue Jacket (Okla.) and Fedora (S. D.), said Goodnight (Texas) and went Onward (Miss.) toward Home (Pa.) Sweet Home (Ark.) to his Scenic (S. D.) Red House (W. Va.) for an Early (Ia.) Knapp (Wisc.).

Okay (Okla.) now, didn't that Endwell (N. Y.)?

Seriously though, Mr. Millross went on, many of those unusual names of cities in that Christmas story, are to be found in several states—can you imagine how many duplications there are of the more common names? For that reason, we plead with the public to please put at least two address tags or labels on each package, each

bearing the complete names, street numbers and full names of city and state, avoiding abbreviations like the plague.

"Shop and Ship Early" means more this season than ever before," he went on, "due to present conditions. We help out providing attractive Do Not Open Until Christmas labels, upon request.

Another suggestion offered by Mr. Millross was that delicate or fragile articles be well-padded and plainly marked Fragile on the outside. "These caution labels are supplied as required," he added.

Last minute shoppers will find the use of Air Express service particularly suited for shipping to all parts of the country, including off-airline points. For foreign countries, inter-national air express reaches into Central and South America, Europe and Asia, Mr. Millross concluded.

## Official Warns of Mailing Tie-Up

Assistant Postmaster Beatrice Schultz warned today that "a serious last-minute jam in holiday mail deliveries" is possible in Plymouth if too many persons continue to delay mailing their Christmas cards and packages. "When the dam does break, we'll be really flooded," she observed apprehensively.

All Christmas cards for out-of-state delivery, and all parcel post packages, should be in the mail today, Friday, to assure their arrival before Christmas. If cards or packages are not ready until after this date, she advised using airmail. Otherwise some of them may possibly not be delivered until after Christmas.

Christmas cards for local delivery should be mailed at least a week before Christmas.

"Envelopes and packages may be marked 'Do Not Open Until Christmas' if desired," the Assistant Postmaster advised. "Such notices are permitted both on parcel post and on regular mail, including Christmas cards sent third class with a 1 1/2 cent stamp."

Mrs. Schultz warned that envelopes of third class mail may not be sealed, either by moistening the flap or by closing with Christmas seals.

Christmas seals may be affixed to the back of the envelope, however.

**Council Sponsors CARE Drive**

At the student council meeting held Wednesday, December 1, the members decided to sponsor a CARE drive in the school. The council decided to sponsor this drive to collect small items such as thimbles, scissors, needles, buttons, etc. The Student council will then purchase some large articles, such as a blanket, to inclose with these other articles.

Four members of the council are planning to attend the Huron Valley Student Council conference at Roosevelt High school in Ypsilanti, Tuesday, December 7. The following people are attending: Jack Scheel, Bob Bowen, Nancy Morrow and Dorothy Curtis. Along with the invitation came a proposed constitution for this conference which the delegates are to decide upon during the business meeting.

Plans also were made for the dances after the basketball games. Barbara Finnegan, Wilma Latture and Bob Bowen volunteered to be the committee to see that all arrangements for these dances were made.

**Grade School to Hear Speaker**

"Books For Young Readers," is the topic Miss Harriet Harwood, from the J. L. Hudson company, will discuss when she speaks at the Central Grade school auditorium at 1 and 1:45 p. m. today, for the grade school children.

Miss Harwood is sent out to schools to speak about books, and also can be heard on the Minute Parade, sponsored by Hudson's on WWJ, and writes a column called the "Book Sampler" which appears in the Detroit Sunday Free Press.

Miss Nellie Bird, Central Grade school principal, invited the following students, who help with the school library, to attend the assembly: Joy Evanoff, George Raviler, Helen Stremich, Marjean Penhale, Jean Agosta, Margaret Jean Willoughby and Robert Merritt.

An early printer's strike took place in Switzerland in 1471.

**Write the School News Yourself**

Got any school news? Why not tell everyone about it? All you have to do is take any school news to any members of Journalism I class that meets in room 28. All news must be signed by the person who hands the news in, so that the members of the staff can check it for accuracy.

**Choir Members Choose Officers**

Plymouth High school's choir elected officers this last week. President for the year will be Madelyn Fedell; vice president, Jim McDowell; secretary, David Green; treasurer, John Bachelder.

**Hi-Y Forms New Chapter**

The time has come when the White chapter of Hi-Y under the supervision of Harry Reeves history teacher, will divide into two chapters, the Blue and White.

Walter Goodwin, mathematics teacher, is the other supervisor. The date of the meeting has not yet been decided. Officers will be elected soon.

Members who will make up the White chapter are: Dave Joliffe, Neal Lamphear, Dick McKinley, Paul Harding, Edward Klinske, Douglas Green, Bud Carson, Bob Penhale, Dave Reitzel, Don Houghton, Melvin Schultz, Russel Maxwell, Garth McAllister, Bob Norgren, Melvin Guthrie, Ken Thompson, Don Sutherland, Dick Fenton, Louis Varga and Keith Campbell, Tom Benson, Bill Agosta, Jim Stevens, Gary Sockow, Bud Young, Dick Cramb and Bill Gayde.

In the Blue will be: Otto Rhuier, Dave Sanford, Dean Joachim, Jerry Walsh, Ronnie Bouldin, Ross Diaz, Keith Ebersole, Walter Hammond, Don Helm, Henry Levering, Clifford McClumpha, Jerry Micol, Fred Pringle, Carl Pursell, Gilbert St. Louis, Charles Todd, Roger Kidston and Ronald Witt.

**J-Hop is Rated As Big Success**

Among the castles and candy cottages at the J-Hop, December 3, were 250 couples. An estimated 150 couples joined in the grand march, led by Cliff McClumpha and Rita Datcher.

Chaperones for the gala affair were Mr. and Mrs. Elmer Witt, Mr. and Mrs. Edwin Rice, Mr. and Mrs. David Zink, and Dr. and Mrs. Henry Walsh.

Larry Livingston's band furnished the music for dancing. Entertainment during intermission consisted of songs by a quartet, of which William Brown, Alvin Glassford, John Morrow and L. Stevens are members.

The Kiwanis club rented the J-Hop decorations for the Kiwanis Knite Klub banquet and dance, which was December 4.

**Students Exhibit Newspapers**

In connection with studying the different phases of journalism, Miss Irene Waldorf's 11B English classes have made a collection of newspapers from not only around this vicinity, but also from other places in the country.

One of the most interesting was a Detroit News, printed in 1915, with news of the sinking of the Lusitania. Another was a copy of a 1916 Detroit Journal with news of the First World War, also.

**Junior Red Cross Packs Boxes**

The members of the Junior Red Cross sent 40 boxes of materials to the children in Europe. The boxes, which were paid for through the proceeds from the talent show held on November 15, contained washcloths, toothbrushes, toys, school supplies, soap and other articles. In each box was placed the names of the Junior Red Cross members.

A type foundry was started at Frankfurt, Germany, in 1530.

**Holstein and Zink Still Deadlocked**

With the girls volleyball tournament practically over, the two teams that have been tied for first place all season, remain in a deadlock.

Sally Zink's sophomore "Bloomer Girls" and Saxie Holstein's junior "Hot Rocks" remained in a tie for the high berth. The "Bloomer Girls" have 12 points while the "Hot Rocks" have 10 points, but neither team has lost a game. The schedule for the remaining games is:

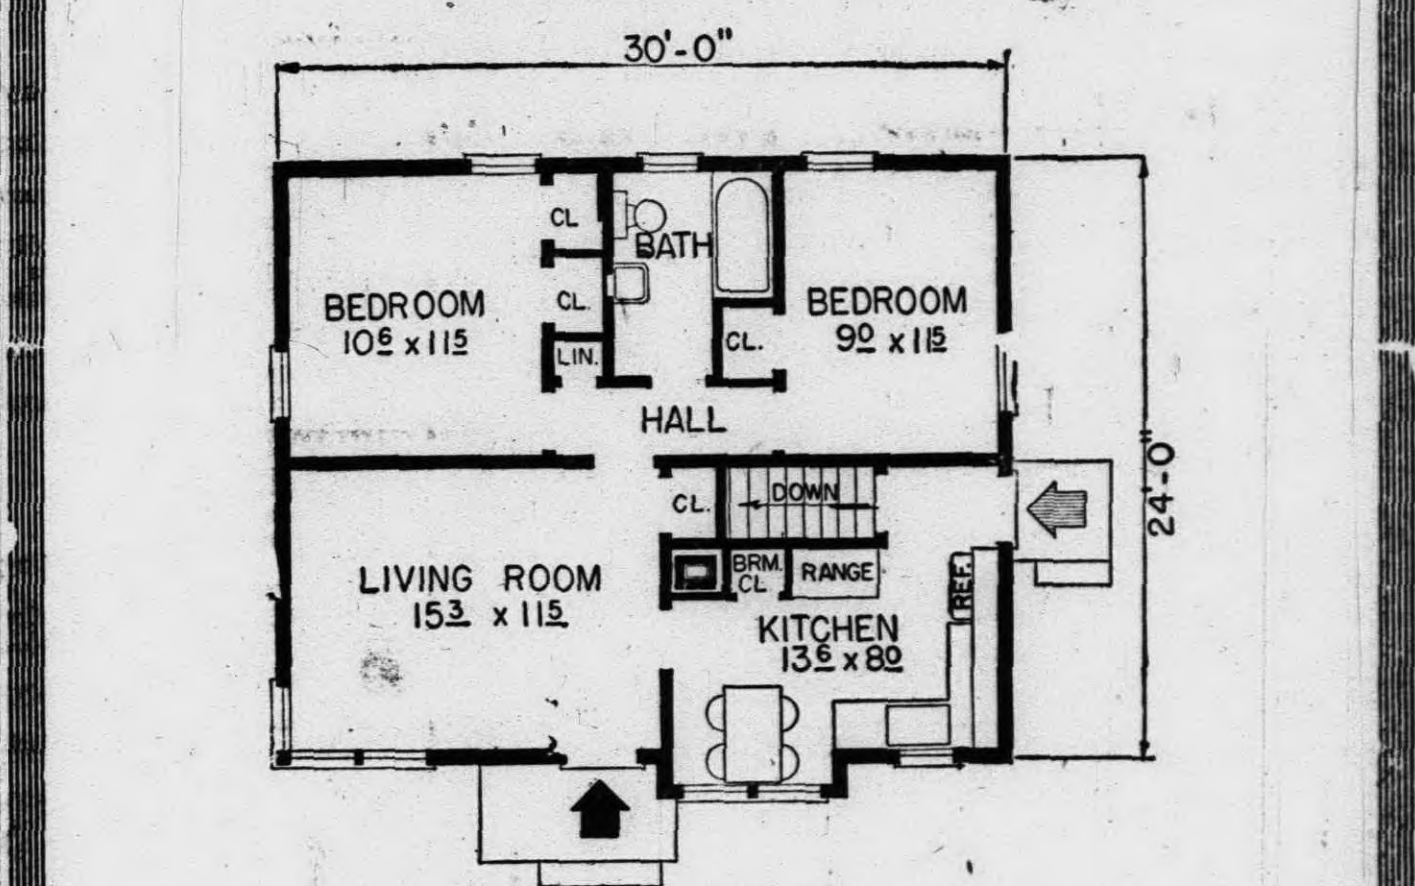

December 7-3:30	9-10
December 7-4:15	11-3
December 9-3:30	1-6
December 9-4:15	2-5
December 9-3:30	3-8
December 9-4:15	4-7
December 14-3:30	12-9
December 14-4:15	13-10
December 14-3:30	11-8
December 14-4:15	12-10
December 16-3:30	6-11
December 16-4:15	13-9
December 16-3:30	9-3
December 16-4:15	4-5
December 21-3:30	2-11
December 21-4:15	1-10
December 21-3:30	12-5
December 21-4:15	13-4
December 21-4:15	9-6
December 21-4:15	8-2

The volleyball champions of the girls gym classes are: second hour, Norma Hart and Carolyn Smith tied for first as did Betty Salmon and Elaine Leitz in third hour. Janet Burgett's team was in first place with Barbara Goodale's team with one point behind in second in the fourth hour. In fifth hour Sally Zink's team was undefeated with Thelma Trombley's team in second place. Sixth hour Judy Parmenter's team was in first and Shirley Plants' team in second. The classes have started their basketball games now.

By LYN CONNELLY  
NWNS Radio-Screen Editor  
COME academy award time, those  
in the movie industry who are  
eligible to vote upon the acting gem  
of the year are going to have a time  
choosing between Olivia de Havill-  
land in "The Snake  
Pit" and Jane Wy-  
man in "Johnny  
Belinda" . . . We  
would personally  
give the edge to  
Jane, based purely  
on the wonderful  
pantomime she em-  
ployed as the deaf-  
mute, one of the  
most difficult roles  
for any actress to  
play . . . Oddly  
enough, the race was between the  
same two actresses in 1946.

Alan Young, heard Fridays on  
NBC's Jimmy Durante show, re-  
ceived a citation from the Los An-  
geles humane society for his work  
in placing "orphan" pooches in more  
than 10,000 southern California  
homes . . . There are a number of  
"Blondie" and "Dagwood" fan clubs  
across the country, but now the cast  
of the popular NBC show is cele-  
brating the fact that an "Alexan-  
der" club has been started in Cleve-  
land, O., by his former school chums  
there.

**PLATTER CHATTER**  
Victor: An intriguing album called  
"Perfume Set to Music," was re-  
leased by this company recently . . .  
The title is self-explanatory . . .  
Harry Revel, British-born composer,  
famous for his "Bolero," has taken  
some of the well-known French  
scents and set music to them . . .  
This is something entirely different  
. . . It would be interesting to have  
a bottle of each particular scent in  
the room as the music is played, but  
it isn't necessary so well does Revel  
capture the various moods.

Capitol: If you're a jazz fan you're  
going to be happy with a new album  
by Capitol called "Giants of Jazz"  
. . . All the big names that formed  
an important part of "A Song Is  
Born" play their numbers from that  
picture on eight sides of sizzling wax  
. . . Benny Goodman, Tommy Dorsey  
and Charlie Barnet, to name a few  
. . . Best of all, all proceeds from  
the sale of the album go to the Run-  
yon cancer fund, so you can treat  
yourself and help other simulta-  
neously.

If you have a social item or  
any other local news, phone 1755.

## VISIONS OF SUGAR-PLUMS

## Babson

**Babson Discusses Automobile  
Securities**

If you think you can't afford  
to give your wife on Christmas  
some good jewelry, fine furni-  
ture, or something else real, it  
may be O. K. to give her and  
yourself a good new motor car,  
provided it has no gear shift.  
Therefore, I will this week dis-  
cuss the automobile industry.

**What Motor Stocks Have Done**

It is very evident from what  
I learn here in New York that  
the insiders have been getting  
out of their motor stocks ever  
since Harry Truman was re-  
elected. They fear a fourth  
round of wages, frozen prices,  
and a drying up of purchasing  
power due to the general high  
cost of living. The following are  
the prices of stocks on certain  
dates:

1946	1948	1948
High	be-	to-
	fore	day
	elec-	
	tion	

General Motors	80%	65%	57 1/2%
Chrysler	141	60 1/2	52
Studebaker	38 1/2	27	21 1/2
Hudson Motor	34 1/2	17	13 1/2
Nash-Kelvinator	25 1/2	18 1/2	15 1/2
Kaiser Fraser	17 1/2	10 1/2	8 1/2
Mack Trucks	17 1/2	18 1/2	14

(Ford stocks are all family owned  
and are not traded on the Ex-  
change)  
\*Not adjusted to split up.

Considering the large output  
of cars which these companies  
are producing and the apparent  
good future outlook, today's  
stock prices are very significant  
of what the big manufacturers  
themselves think.

**Secondhand Market**  
Certainly the used-car market  
is going to smash. If you have  
doubts, ask any dealer what he  
will pay you in cash for your  
old car. In many cases you will  
find this to be only half what  
you would have had to pay for  
the same secondhand car six  
months ago, while since Novem-  
ber 2, 1948 you cannot get a bid  
for your secondhand trucks.

I do not blame the dealers.  
They had a terrible time during  
the war and have been entitled  
to two years of good business.  
It seems a shame that they must  
give to Uncle Sam so much of it  
in taxes. So many speculative  
buyers, however, placed orders  
with several different dealers  
that the new car market is also  
messed up. These and other facts  
will soon be brought out at pub-  
lic hearings in Washington to-  
gether with accounts of the  
trade-in hold-ups and black  
market transactions.

### Why Insiders Are Bearish

In asking a large manufacturer  
why he is not buying his own  
motor stocks, he said, in addi-  
tion to whining about coming  
wage increases, frozen prices and  
the election: "The 1948-49 cars  
are not too good anyway. The  
bodies and mudguards are made  
of tin; you can't get into some  
cars without knocking your hat  
off; the doors are too wide and  
heavy; the headlights are for  
ornaments instead of usefulness;  
while customers are getting tired  
of being forced to buy all  
kinds of accessories."

### Motor Stocks As An Investment

Notwithstanding the above  
comments, I had much rather  
have my money in a new auto-  
mobile than in the stock of the  
company which is manufacturing  
it. Certainly, I would not buy a  
secondhand car which had the  
old standard gear shift. One  
might as well buy a horse and  
buggy. Just in closing, let me  
say that there is one man in the  
world who could knock my fore-  
casts galleywest. His name is  
Joe Stalin! If our troops should  
get mixed up with his soldiers  
in China or elsewhere, we all  
would be thankful to own any  
kind of an automobile at al-  
most any price, especially if  
Joe should "accidentally" drop  
a bomb on Detroit.
