JUST ANOTHER SIGN OF THE TIMES.

It was really surprised to read in The Plymouth Mail that the Christmas business of the local postoffice this year exceeded that of any other year since the establishment of a postoffice in Plymouth. It is just one of the true signs of the times.

It is a sad fact that Plymouth is growing by leaps and bounds. Last year we added to our population as well as to our industries.

There is another important factor we should not overlook. That is the many large institutions that have been established in this vicinity. Their growth has brought to this community and vicinity a most desirable class of people.

Yes, Plymouth is growing—and its new development is of a most desirable type. And might we just inject one word here and say that it is high time for our city government to get up its duff and give some attention to the highly important water problem we face. It required two or three special elections to have improvement of our water system. Will it require special elections to accomplish the other things that need immediate attention?

A PAT ON THE BACK FOR EVERY ONE OF THEM.

No matter how cold the day, no matter how the snow may be blowing, members of the Plymouth Old Newsboys Guild, who organization year after year seek out their corners on the Saturday before Christmas and devote the entire day to selling newspapers so that not a single boy or girl in this entire vicinity will be overlooked by old Santa.

These good citizens of Plymouth give the entire day to this effort, and from morning until night they sell papers in every house, funds necessary to carry on this humane endeavor. It is something they do not have to do—and doubtless they could spend the day in much more pleasant ways if they desired. But we all know that out of it all they get a lot of satisfaction in doing something for the less fortunate.

Not only do they see to it that there is a Merry Christmas for every boy and girl, but elderly people who through misfortune or other reasons face a destitute Christmas, are provided with many of the good things elderly people need and crave.

Let us all give a pat on the back to every one of the members of this organization who year after year see to it that every Plymouth home is a happy home at Christmas time.

GOOD AMERICANISM.

Members of the Detroit Civil Service Commission the other day refused to advance to a higher position a Detroit city employee accused of being a member of the Communist party. The fellow when asked if he was a Communist, refused to answer the question. He refused to say whether he would join the United States armed forces if we are dragged into a war with Russia.

We commend the commission for its refusal to advance this rank of humanity to a higher position. The members showed good Americanism. But it would be far better for our country if they dropped him from a plane on Siberia, the land that he apparently loves more than he does the good old United States which provides him with a good job and a good living.

We regard every Communist as scum of the lowest type—and there is no place in this country for any of them. It's time to begin cleaning them out—and the job should be a thorough one.

TAXES, MORE TAXES — HERE, THERE, EVERYWHERE.

Don't like taxes, did you say? No one does, but you're going to get 'em in a big package, from both Washington and Lansing, unless the little fellows up and down the Main streets of Michigan and the nation step into the picture and say "NO" in a most emphatic way.

An indication of the fight that is going to be made against new tax laws, especially in Washington, was most completely reviewed recently by the "Michigan Survey," a Michigan organization devoting its efforts to a campaign of enlightening the people on tax matters.

In its recent survey it pointed out how the Washington administration will put forth an effort to "hide" new federal excise taxes, so the consumer when he pays for an article he purchases, does not know how much the federal tax might be on that article.

The interesting review says that a taxpayers' fight against these new taxes is bound to come. It says: "If prices and production mean anything, federal excise taxes will be the center of a red-hot battle royal when the 81st Congress sits into action."

The fact that the excess tax structure has been under attack from every direction—manufacturers are getting ready to battle against what they consider an unjust tax. Retailers are complaining bitterly about the burden of tax collecting, and the penalties imposed if they make mistakes. Consumers are waiting about the 20% tacked on to so many retail prices.

As yet, as of last April, the House Ways and Means Committee has thrown into the ring (within two weeks) a bill trimming such taxes, excise levies, but it was lost in the eleventh-hour vote.

Board of Education Plans For Future Building Program

Members of the Plymouth Board of Education study needs of the school district in their first meeting devoted entirely to planning a program for future expansion of school facilities. Seated left to right are: board secretary, Marion Morrow, President Donald Sutherland, Treasurer Dr. A. C. Williams. Standing left to right are Kenneth Hulsing, Superintendent Helmer Nelson and Robert O. Wesley. More details of the school plans are presented elsewhere on this page.

Bell Opens New Business Office Here Monday

The Michigan Bell Telephone company's business office will be moved over the weekend from 720 West Ann Arbor Road to newly-leased quarters at 803 Penniman. John R. Saxton, manager, announced this week.

Beginning on Monday, subscribers in Plymouth, Livonia, and South Lyon are asked to conduct telephone business at the new office, he said, although customers in the latter two cities may continue to pay telephone bills on or after the due date at their respective collection agencies, Hays and Boxall drug store and Spence drug store.

Hours of the new office will remain the same as of the former office, from 8 a. m. until 5 p. m. on week days, and from 8 a. m. until noon Saturdays.

Saxton said the new quarters are being leased for a period of years from Perry Reheine. They were built by Michigan Bell's subsidiary, Bellco.

In announcing the opening of the new office, Saxton, the manager, explained that the installation of a new telephone system in the area will require a central office, requiring the building of a new office building.

The new office will be a modern building, with a new telephone system, and will be a most desirable addition to the community.

Linen Lecturer Appears Today

Members of Plymouth's Woman's club will hold a business meeting this afternoon prior to the presentation of a linen lecturer, H. H. McNeill, who will present a lecture on "The Linen Industry."

The business meeting is scheduled for 7:30 p. m. at the Methodist church, with the day's program beginning at 2:30 p. m.

Mrs. Joseph Witwer, chairman in charge of the program, states it is based on the theme, "A Home is a Creation of the Heart." Mr. McNeill will tell the story of linen, tracing its history from the time of kings and princes of ancient Egypt up to the present day.

A study of linen manufacturing was undertaken by Mr. McNeill at the Technology in Belfast, and he has had 30 years experience in household and decorative linens. At the present time he is affiliated with the J. L. Hudson company.

Mrs. Witwer discloses that hostesses for this guest day program will be Mrs. Weyman Bartlett, Mrs. Frank Dunn, Mrs. Robert Ingram, Mrs. George Burr, Mrs. Floyd Barrett, Mrs. Jess Hines, Mrs. Ralph Lorenz, Mrs. Thomas Bateman and Mrs. Fredrick Poole.

School Board Meets Tuesday, January 11

The regular meeting of the Plymouth Township Board of Education has been changed from the second Monday of the month and is now being held on the second Tuesday.

The next regular meeting of the board is Tuesday, January 11 at 7:30 p. m. and will be held in the second floor of the high school building in the library.

The announcement of this change was made by Mrs. Marion Morrow, board secretary, for the benefit of those who wish to attend.

President-Elect

Lawrence Lyons

Hi-12 Installation Set for Next Week

International president of Hi-12, Fred Hunt of Toledo, Ohio, will install Lawrence Lyons as president of the Plymouth club during a special program next Wednesday, January 12, outgoing president, Edwin Schrader, reports.

Another feature of the same program will be the appearance of Mrs. Myrtle Labbett, woman's editor of radio station CKLW.

The Hotel Mayflower will be the scene of the affair, with the dinner preceding the program at 6:30 p. m.

The list of incoming officers includes: Lawrence Lyons, president; John Campbell, first vice-president; Loren Goodale, second vice-president; Arthur Haas, secretary; Al Hubbs, treasurer; and William Taylor, international representative.

The new board of directors will consist of Harry Brooks, Henry Grimm, Godber Jackson, Edwin Schrader and Howard Sharpley.

Board Elected by Presbyterians at Annual Meeting

Approval of a 1949 \$20,000 budget and election of officers by the First Presbyterian church took place at the annual meeting of the congregation and corporation on Wednesday evening.

Charles H. Bennett, for many years chairman of the Board of Trustees, was voted an honorary life membership as an Elder and trustee. Edwin Schrader was elected to replace him as board chairman.

Other new officers elected were: Elder Albert Glasford, Alexander Deason, Stuart Dobbie, trustees; Carl Wall, Gerald Henderson, Edward Dobbs, Mrs. Russell Roe and Raymond B. Dobbie.

Membership on the Board of Trustees was voted to consist of the following: Mr. Schrader, chairman; Edward Dobbs, vice chairman; Harold W. Kellogg, treasurer; E. J. Cutler, reported as clerk.

Further business transacted was the vote of approval to succeed a full time religious educational director.

Reports from various organizations of the church were heard and approved. Pastor of the church, Rev. Henry Wolke, disclosed it was "found in good financial and spiritual condition."

The election of 1949 marked the 50th anniversary of the church, which was celebrated and paid in full six months ahead of schedule. It was noted in fact he added, that benevolence quotas of the church were completely subscribed and paid.

Two Hurt While Driving to College

En route to Michigan State college in East Lansing on Monday, Mrs. Geraldine Litchow and her daughter, Ann Hopkins, were injured as a result of an automobile accident.

Mrs. Litchow suffered knee injuries and her daughter received lacerations of the face. Riding with them was Shirley Keehl who escaped injury.

The accident occurred on Grand River, between Howell and Fowlerville, when another vehicle crossed directly in their path.

All were admitted to McPherson hospital in Howell following the accident, but were released shortly.

Dr. and Mrs. E. A. Rice have had as their house guest for a week Dr. Rice's brother, Robert Rice of Williamsburg, Michigan.

Change in South Main Area Parking Asked

A group of merchants and home owners on South Main street requested city action to change parking regulations on the half block area south of W. street.

Harold Yakley, who presented the request, contended that at the present time all day parking is prevalent in the area and to the property owners' request was for either half or 15 minute limited parking.

The subject was discussed by the city manager, who promised to make an investigation.

New Car License Plates Available

"Hurra, hurra, hurra!" E. J. Reinho urged the crowd of motorists lined up at the Michigan State highway office, Monday, for the long lines that have been in effect since the new license plates were introduced.

Between 8,000 and 10,000 new license plates were distributed to local motorists during the week of the introduction of the new plates. The Michigan State highway office, Monday, for the long lines that have been in effect since the new license plates were introduced.

Township Fire -- Telephone 2020

Two fire calls were received by the township fire department since it began functioning on January 1.

Accompanying this report was an appeal to residents of the township to call phone number 2020 in case of fire in that area.

The first fire call was made on Monday when a salaried cause a fire in the basement of the Whitman Barnes factory building.

The second call was received Monday night from Canton Township, asking for assistance in fighting a home fire. The fire was reportedly beyond control before their arrival, however.

Four Highlight Business, Professional News

A new nursery school, a new doctor, a new public accountant and a change of management are announced in this week's issue of The Mail. Stories on page six of this issue announce the fact that George Todd has taken over the management of Todd's Cash Market from his father Arthur Todd. Another tells of the opening of a new Nursery school in the former Music Box by Mr. and Mrs. Evered Joffis. Two other stories tell of the opening of a new office in the Penniman Allen building by Donald Sutherland a Certified Public Accountant and the fourth announces the opening of offices by Plymouth's newest physician, Dr. R. A. Barber, at 504 South Main street.

Mr. and Mrs. Geo. O. Fisher returned from Brown City this week where they visited in the home of his brother and family. Mr. and Mrs. Geo. Fisher. While there they also visited Mrs. Fisher's mother, Mrs. Jessie Burger.

Recruit Edward Sawyer, who has been spending the holidays with his parents, Mr. and Mrs. George Sawyer, left Monday morning for Fort Sill, Oklahoma.

LIFFTS BAN . . . For the records, James Petrillo, head of the American Federation of Musicians, signed a new contract with recording companies in his offices following the decision of Attorney General Tom Clark that clauses pertaining to the musicians' welfare fund were not contrary to law. This means that orchestras once more can begin to make recordings of musical hits. Petrillo is shown giving the victory sign with Samuel R. Rosenbaum who has been named a trustee of the welfare fund.

New Year's Accidents Increase One Since '48

This week the police department reported three automobile accidents for New Year's as against two reported last year.

Two occurred on January 1, while one took place on December 31. A report reveals that none were seriously injured.

City, Construction Company Sued

A suit against the city and Tripp Brothers of Pontiac has been filed by Nancy M. Singleton for \$500 damages incurred during an accident last September.

She charges that at that time she drove into an unlighted ditch at the corner of Farmer and Karamada streets. The digging was for the laying of water mains which Tripp Brothers had been engaged by the city to do.

Damages were listed as over \$1,000, but the plaintiff is waiving any amount over \$500.

The city will answer to the plea before Judge J. R. Cutler tomorrow, Saturday in the Plymouth Municipal court, at which time a date will be set for the trial.

City Manager Harold Cheek stated that the city requires a contractor to carry a public liability and property damage bond to save the city from any costs arising from such a suit.

Kiwanis Officers Installed Tuesday

Officers elected by Kiwanians to head the organization during 1949 were installed Tuesday evening by Edwin Schrader, past division lieutenant governor.

At that time Clarence Moore assumed the presidential office vacated by Robyn Merriam. The further officer roster included: Byron Becker, first vice-president; Ray Williams, second vice-president; George Burt, re-elected treasurer; Ernest Henry, re-appointed secretary. Other members of the board of directors are: Paul Ramsdall, Michael Huber, Dr. A. E. VanOrnum, Edwin Campbell, Miller Ross, Wendell Lent, James Gallimore and Robyn Merriam.

Out-going directors are: Carvel Bentley, Dean Saxton and Roy Leemon.

The installation service took place in the Crystal room of the Hotel Mayflower.

Square Dancers to Meet Thursday

The first get-together of the Plymouth Square Dance club after the holiday season will be a dance on January 13 in the high school gym, slated to start at 8:30 p. m.

Scott Colburn will be the caller and will also furnish the music.

This group is entirely self-supporting, the charge depending on the number of participants and the type of music supplied.

Anyone interested in joining the group is invited to attend the next session.

Social items can be phoned to 1755.

During the holidays Mr. and Mrs. Fred Anderson entertained the following guests at their home: Mr. and Mrs. Nelson Bakewell, Jerry, and Pamela of Adrian, Mr. and Mrs. James H. Dee, Leona and Michael of Detroit, Mr. and Mrs. Walter Anderson and son, Bobby, Mr. and Mrs. Howard Anderson, Mr. and Mrs. Patrick Fegan, Mrs. Minnie Bakewell, Mr. and Mrs. George Newton, and Mrs. Alma Smith of Detroit.

Weekend guests of Dr. and Mrs. Frederick Poole were Jacqueline Miller of Albion college, Juanita Rodriguez and Bethel Amaro, graduate students of the University of Michigan. Miss Amaro presented the first of four Sunday evening discussions sponsored by the Board of Missions of the First Methodist church. Miss Rodriguez and Miss Amaro are scholarship students from Puerto Rico to the Language department of Ann Arbor.

New Year's guests of Dr. and Mrs. Luther Peck at their home on West Ann Arbor trail were Mrs. Richard P. Watts and children of Adrian, Mrs. Watts' son, Earl, joined them during the holiday vacation, but returned to Culver Military academy to resume his studies on Tuesday.

Mr. and Mrs. Charles Root, Jr., and son, Richard were guests of Mrs. Root's parents, Mr. and Mrs. Ralph Jewell of Buchanan, over the New Year's weekend.

Dr. and Mrs. C. J. Smyth attended a New Year's party at the home of Dr. and Mrs. M. A. Seavers of Ann Arbor.

Mr. and Mrs. Theodore Webb of Long Beach, California were house guests during the holidays of Mr. and Mrs. W. O. Sinn of Harvey street. Mrs. Webb is the daughter of Mr. and Mrs. Sinn.

Mr. and Mrs. Robert Wesley entertained a group of friends at open house on New Year's Eve.

Mrs. Clyde Smith was hostess to the Women's Society of Christian Service of the Newburg Methodist church at their meeting on Tuesday, January 4.

Increase Effected in Mailing Costs

Entry of the new year brought a jump in many postage rates. Mrs. Beatrice Schultz, assistant postmaster, announced this week. No changes have been made in first and second class mailing costs, but all third class mail, consisting of printed matter not sealed, has risen from one and a half cents for the first two ounces to two cents.

Another raise was effected in the air mail division with a one cent increase instituted, taking the cost of postage from five cents to six cents. Special delivery has jumped from 13 to 15 cents, the assistant postmaster stated in a continuance of the rate changes.

Parcel post rates are also up, averaging about one third higher than those formerly charged. Money order fees are on the increase list, as are registered mail, C.O.D.'s and insurance. Third class bulk mailing costs have also been upped.

The reason Mrs. Schultz gave for the increase in postal fees and mailing costs was to offset an existing deficit in the post office department.

Charts giving full details on all increases appear in the lobby of the post office, she announces.

Canton Resident Wins Corn Growing Contest

A DeKalb sponsored corn growing contest of Wayne county was recently won by August Schultz.

Mr. Schultz is a resident of Cahton township, and resides on Hanford road.

For this top award he produced 106.47 bushels of shelled corn.

Newly Arrived...

Mr. and Mrs. Wesley Baker of Portsmouth, Virginia are receiving congratulations upon the birth of a daughter, who weighed seven pounds, one and a half ounces at birth. Her grandparents are Mr. and Mrs. Guy O. Fisher of Forest street.

KNOW YOUR WEATHER

TREE RECORDS

Some of the best weather records are kept by trees. By carefully studying tree rings, scientists know what kind of weather prevailed many years before written weather records were started—as far back as 3,000 years in some areas.

It is estimated that winds of tornadoes sometimes exceed 300 miles an hour.

It is estimated that prehistoric man had an average life of about 18 years.

Eels usually remain hidden during the day and feed at night on animal food.

Bait, Fly Casting Meeting Open

William Morgan, president of the Plymouth Bait and Fly Casting club, invites all local sportsmen to attend the next session of the organization.

One need not be a member to attend, he emphasized.

The meeting will take place on Wednesday, January 12, in the high school gym. It is scheduled to open at 7:30 p. m.

Motion pictures will be shown. Mr. Morgan announces. He also asks all persons attending to bring their rods and reels. Demonstrations and lessons in bait and fly casting will be given free of charge, the president discloses.

"EASY DOES IT"

By HELEN HALE

DELICATELY colored fabrics will wash beautifully, neither fading nor running, if you use one teaspoonful of Epsom salts in each gallon of water for washing and rinsing.

A coat of white varnish will help keep the rust away from wire clotheslines. Use two coats the first time if the line has started to rust. Then use one coat a year after that to keep the line in condition.

Protect zippers on clothing when laundering by running them closed, before washing or rinsing.

After using dry cleaner, rub the hands and wrists with vinegar to make them stop smarting.

RECIPE OF THE WEEK

Whipped Cream Angel Food Cake

1 cup whipping cream
 3 egg whites
 1/2 cup water
 1 teaspoon vanilla
 2 cups flour
 1 1/2 cups sugar
 3 teaspoons baking powder
 1/2 teaspoon salt

Whip cream stiff; beat egg whites until stiff and blend with cream, carefully. Add water, vanilla and dry ingredients which have been sifted together at least 3 times. Bake in layers in a moderate (350° F.) oven for 30 minutes. Cool, and put together with lemon filling.

Manager Named to National Post

Plymouth's City Manager Harold Cheek has recently been appointed to represent the International City Managers' association on the national committee on municipal accounting.

The appointment was made by John Ames, president of the Managers' association, and was based on Mr. Cheek's further experience with the Municipal Finance Officer association. He was affiliated with this organization as assistant director prior to his coming to Plymouth.

In this new capacity, it will be Mr. Cheek's duty to make recommendations on accounting procedures.

The committee to which he will make recommendations is the most authoritative in the country on accounting, and sets up standards for the procedure followed in many municipalities throughout the country.

Sportsmen Asked To Report Lakes Killing Game Fish

The season of "winterkill" of fish in shallow weedy lakes is here and the conservation department again is asking sportsmen to report any lakes where fish are found in distress.

Under the law which became effective January 1, 1948, the waste of game fish in winterkills can be reduced. Where winterkill occurs or is threatened, the director of conservation is authorized to open the lake immediately to fishing by any means for any species of fish.

"Winterkill" is suffocation of fish that occurs when the dissolved oxygen in the water drops below one part per million. Usually it occurs in shallow lakes rich in vegetation, after a snow cover has shut out sunlight for weeks or months. Without light the plants cease to produce oxygen, die and take up oxygen as they decay, further reducing the fishes' supply.

The remedy is somehow to clear away the snow cover so the light can get in, either directly to the water or through the ice. No practical economical and large scale method has yet been perfected to do this job, but fisheries men are investigating the use of soot.

Experiments in Wisconsin involved spreading a light coating of soot on lake ice from an airplane and with a fertilizer spreader. The soot absorbed more of the sun's heat than did the clean snow, developed patches of slush ice that let the light through to improve the water's oxygen content in the immediate vicinity of the test patches.

BOVINE QUADS . . . These quadruplets, shown with their mother, May, are a rarity in the bovine world where the rate of incidence is one in 500,000. They were born on the farm of Carl Campbell, Bulger, Pa. Momma and poppa are both holsteins.

"Bloomer Girl" Next Civic Opera

Victor Herbert's "Red Mill" starring Dorothy Stone, Buster West and Charles Collins concludes its engagement as second of Civic series at Masonic Temple Sunday evening. Commencing with this attraction, Managing Director Barrie O'Daniels announces that children accompanied by an adult will be admitted to the Saturday matinees at half price.

Commencing Monday, January 10 "Bloomer Girl" will be the bill for the customary seven nights and Saturday matinee. Fresh from its long run on Broadway "Bloomer Girl" along with "Song of Norway" and "Carmen Jones" points up Civic's policy of offering the latest New York successes along with the more venerable but well loved shows such as "Red Mill" and "Firefly."

"Bloomer Girl" is set in an upstate New York town in the early

'50s of the last century. It concerns the adventures of Aunt Dolly Bloomer, that ardent apostle of women's rights, and her kin folk in activities romantic and political.

Two leading members of the cast, Mabel Taliaferro as Serena and Joe E. Marks as Ebenezer, are from the original Gotham cast. Cute Peggy Campbell as Daisy was featured in the Chicago company. Earle Mae Veigh plays the handsome southerner who comes north seeking a runaway slave and instead, garners a beautiful wife in Evelina, impersonated by gorgeous Doreen Wilson.

Hit tunes include "Eagle and Me," "I Got a Song," "T'morra," "Right as Rain" and "Lullaby."

Social items can be phoned to 1755.

Bonus Army Marcher of 1932 Living in Plymouth Recalls Historic Event

Delbert Cummins

Living quietly in Plymouth, conducting himself as all good citizens do and working steadily to provide for the needs of his family—interested chiefly in the affairs of World War I veterans, although not active in American Legion affairs, is Delbert Cummins, 136 Union street, an employee of the Evans Products company—as far as known the only living veteran in this vicinity who took part in the historic "Bonus march" on Washington back in 1932.
It is possible, too, that he may be the only veteran living in Michigan who was an active participant in an event which became not only one of the greatest "political footballs" of all times—but was used by Communists to create dissatisfaction with our government.
But what the "Bonus" veterans did at that time later led directly to the enactment of much legislation that was for the benefit of the men who fought in the first world war.
Michigan was among the states which soon after adopted bonus legislation for the veterans who had marched to Washington demanding that the government do something to help the soldiers who had returned from a victorious war to find it almost impossible to get jobs or help of any kind.
Veteran Cummins recalls the days of the hot, dusty march of veterans, chiefly from the eastern and north central states, who decided that something must be done for the benefit of the veterans—and of the kindly help that was given them on their way to Washington.
"Then we got there we had to set up some sort of a camp. We called it the Anacostia camp. It was located on some filled ground along the Potomac river," he said.
"It was midsummer, and anybody who knows anything about Washington in July knows how hot it gets there. We provided what shelter we could to protect ourselves from the sun and rain, and used our army experiences in arranging to cook our food and conduct our camp in an orderly way," recalls Mr. Cummins.
Appeals were planned to congress and to high government officials. President Hoover was being blocked by a stubborn Democratic congress in every effort he put forth to do something for the country which had been thrown into a depression by the worldwide slump of business following the war.
Communism, then young in America, saw an opportunity to use the distress of the veterans as a means of creating disturbances and the unrest upon which this political disease thrives.
Library reports of what happened when riots in the camp broke out, give details of the events of the day more clearly than one can recall. The Literary Digest in the August 6, 1932 issue, reviews the news events of the previous week and printed the following account of the riot at and around Anacostia camp:
"Police called to support workmen tearing down a building on Pennsylvania near the capitol, in which and around which the Bonus army had one of its camps. A fight developed. It was nightsticks against bricks. Finally, a policeman in the midst of the melee drew his gun and killed an ex-serviceman.
"After this, the District of Columbia authorities asked the President for federal troops to help maintain law and order. The President issued the call, explaining that it was for the purpose of putting an end to rioting and defiance of civil authority.
"Then the troops came in dur-

Mrs. Humphries Plans Course in Sewing

Sewing classes for beginners and advanced pupils will be offered by Mrs. C. Humphries beginning January 11. Dressmaking and tailoring will be featured. The classes will be held on Tuesdays and Thursdays in the high school auditorium, and will take place between 7 and 9 p. m.

Community Chest Slates Meeting

Election of directors for the Plymouth Community Chest will be top business when the annual meeting is held on Tuesday, January 18. L. P. McGuire, president, discloses. The Veterans Community Center will be the scene of the meeting at 8 p. m. Last week it was announced that the annual Community Chest drive has gone over the \$10,000 goal. Frank Arlen was chairman of the recent campaign for funds which will assist in the sponsoring of the Boy Scouts, Girl Scouts, Recreation Commission, Veterans Foundation, Visitation Nurse association, and Salvation Army.

Rostow Attends Show of Paris Creations

This week Ralph Rostow, manager of Graham's Ladies Apparel, Inc., flew to New York for a style show of Paris creations to which he had received a special invitation to attend. The show was held in the Waldorf Astoria hotel. Before departing, he announced that the Paris originals will be made into inexpensive copies two weeks after they are shown in Paris. Only about 150th of the earth's atmosphere is above an altitude of 21 miles. Phone news items to 1755.

Plymouth to Have Nursery School

A nursery school for pre-school aged children will open in Plymouth on January 17.

Located in the building formerly known as the Music Box, on the corner of Church and Adams streets it will be operated by Mrs. Evered Jolliffe. The building, recently sold by the city to the Methodist church, is undergoing renovation at the present time, but it is expected that it will be ready for occupancy at the date set for the opening.

Mrs. Jolliffe has had considerable experience in kindergarten and nursery school work, since she and her husband have operated Hilltop Farm camp for children for the past 16 summers. She announces Hilltop will continue to function and that last summer there were over 100 different children at the camp.

The hours of the school will coincide with those of the public schools.

The nursery school plan is not only to accept children for regular scheduled attendance, but also those who may be left occasionally or for part time. Mrs. Jolliffe states, an advertisement with rates and complete schedule appears elsewhere in this issue of The Plymouth Mail.

Sutherland Opens CPA Office Here

Donald Sutherland, president of Plymouth's School board, has opened an office as a Certified Public Accountant in the Penniman building.

Mr. Sutherland is well known throughout the city, having been a life long resident of Plymouth.

His education was obtained at Cleary college and during employ with a firm of accountants in Ypsilanti.

Dr. Barber Opens Office in City

A shingle bearing the name of R. D. Barber, M. D. was hung out Monday morning at 504 South Main street.

Completing his training January 1, Dr. Barber formally opened his office two days later.

Dr. and Mrs. Barber are both former residents of Detroit, but now make their home at 1051 Brush street. He received medical and undergraduate training at Wayne university, and his post-graduate studying was done at Wayne and the University of Michigan. Dr. Barber's interning and residency work was done at Grace hospital.

During his training he spent two years with the Army medical corp in the Pacific area.

In Plymouth, Dr. Barber will specialize in internal medicine.

George E. Todd Manages Market

After 20 years in the grocery business in the same block in Plymouth, this week Arthur J. Todd announces his retirement. Management of Todd's Cash Market, 1082 South Main street, is being taken over by his son, George E., who has been associated with the firm for ten years, excluding four of the war years.

With the change in management, Todd announces his affiliation with a wholesale grocery concern enabling him to offer lower prices on many items.

The store has been re-arranged into the super market floor plan so that customers may serve themselves. A check-out counter is now located near the door.

In observance of the change of management and other store changes, Todd has planned a selling event for this weekend, details of which can be found in an advertisement on another page of this week's Plymouth Mail.

WHAT I THINK AND HAVE A RIGHT TO SAY

(Continued from page 1)

by hiding the taxes. All of which is somewhat like saying that a tiger can't hurt you if you don't know he's there.

One is compelled to wonder what would happen if all the taxpayers in the country knew the whole story of our weird and wonderful tax system—if they realized that they are paying more than 500 different kinds of taxes (a big percentage of them hidden), which are collected by more than 5,000 separate taxing authorities.

What would Mr. Consumer say if he knew that every time he buys a pair of shoes he pays 502 taxes on the leather. The American Magazine, in a current article, cites this amazing fact, and breaks the taxes down as follows:

	Federal Taxes	State Taxes	Local Taxes	Total Taxes
Cattle Rancher	35	20	10	65
Feed Lot Operator	24	11	70	105
Slaughterhouse	35	19	9	63
Raw Stock Dealer	35	16	13	64
Tannery	35	16	13	64
Manufacturer	35	16	18	69
Wholesaler	35	16	6	57
Retailer	35	9	6	50
Grand Total	280	136	86	502

The story also reveals the fact that out of every dollar this same consumer earns, he pays out 31 cents for taxes—20 of the 31 going into "hidden" taxes.

The same article likewise states that there are 189 taxes on a suit of clothes, 154 on a cake of soap, 201 on a gallon of gas, 205 on a new car, 127 on a roast of beef, 125 on a cotton dress and 53 on a loaf of bread.

There are, of course, good arguments for excise taxes as a means of extracting money from the public. They are highly selective. They are extremely flexible. Yet, if these taxes were levied merely for the revenue they produce, many of them could well be repealed entirely.

If fiscal 1947, for example, combined receipts from the 40-odd federal excise taxes totaled only 1/6 of federal revenue, and alcohol and tobacco taxes accounted for half of that 1/6.

In that same year, the four retail excise taxes of 20% yielded a mere \$514 million, of which jewelry produced \$236 million. This year these four taxes are expected to bring in only \$436 million.

At present writing the government is collecting 22 different excise taxes from manufacturers, on a widely varied list of products ranging from automobiles to matches. In fiscal '46 this list brought in \$22,671,000.

While all this was going on, the tobacco tax was yielding \$1,165,519,000; miscellaneous taxes, including those on communication, amusement and transportation, \$1,055,934,000; admission and dues taxes, \$434,167,000; liquor, beer, etc., \$2,526,165,000.

Because of the multitude of goods and services covered by excise taxes, their administration is no picnic. There are 500,000 words of administrative regulations now in force, and the U. S. Tax Court has published 50 volumes on the subject—averaging 1,000 pages each.

In the Miscellaneous Tax Department of the Internal Revenue offices in Detroit, there is a large sectional bookcase jammed with onion-skin copies of these tax rulings—all of which apparently are needed to interpret and enforce the laws.

Likewise, all these collectors' offices have a bookkeeping system that belongs to the quill-pen days. Here is a job for the Hoover Commission, which probably is already alerted to the need for doing something about it.

Now states and cities are eyeing more eagerly than ever the possibilities of excise taxes as a means of extracting more dollars from their public. Local governments fear that continued federal invasion of this field will dry up their own sources of revenue. They are clamoring for at least a partial withdrawal which would give them a chance to tap this tax gold mine.

This clamor may reach a new peak when the excise tax battle starts this year. It will add interest to a fight which will include such features as the protest of railroad and airline officials that the tax on tickets is driving large masses of people to travel by automobile.

Meantime, "we the people" go on paying—wincing at the taxes that are out in the open, and, for the most part, forgetting the many that are hidden.

Our forefathers must have been toughy people. They staged a tea party to protest a tax on the national beverage. They fought a war to free themselves from taxation without representation.

America today carries its staggering tax burden with the patience of a pack horse. Yet taxpayers have peaceful and proper means of getting relief.

They have the ballot. And they have representatives in Washington who will do their bidding, if enough of them talk loudly enough.

THIS ONE MAKES A DIFFERENCE.

State officials may come and go and in the long run it doesn't make much difference with the people, except that their advancement and welfare isn't benefitted much by too frequent political upsets. But there is one exception to this general statement.

Among the many new people that Governor Sigler brought into the state government was John Perkins, a member of the University of Michigan staff. He was named budget director and later placed as head of the newly created administrative department, which he has just completed organizing.

Among all the administrative people that have been brought into the state government during the last 18 or 20 years, Mr. Perkins tops them all, without exception. He is not a partisan, nor a politician of any sort. He is just a downright, highly efficient, intelligent and tireless worker. He possesses unlimited common sense and with it all is agreeable and strongly pro-public. In the brief two years we have known him, we have come to regard Mr. Perkins as one of Michigan's outstanding governmental leaders, probably the tops of them all.

Now comes Soapy Williams, the ex-OPA lawyer soon to be governor, who says he's going to fire Mr. Perkins among the first ones, but he did ask him to stay with the administration for a brief while and show the newcomers what to do.

It is unfortunate indeed that under our system of government when we find a man like this and induce him to accept such responsibilities as Mr. Perkins did, that he cannot be retained to serve the people in his highly efficient way. The six million residents of Michigan are the real losers in an administrative change of this kind.

IT PROVIDES THE ANSWER.

The Christian Science Monitor, one of the best, if not the best daily newspaper in the United States, some few days ago published an article pointing out why some of the farm states voted against Dewey and for Truman. In the article dealing with the Iowa state vote, it says that while Truman carried the state by only a few thousand votes, it gave him enough margin to claim the highly important ten electoral votes—farmer votes that came from "the cash grain area."

That means that the votes which gave to Mr. Truman his Iowa victory came from farmers who are being PAID Michigan tax dollars for grain crops that are produced but not fed to livestock. This is the story throughout the entire west where grain is the major crop.

Well, just as long as we taxpayers are willing to fiddle along with this kind of business, we haven't got a single right in the world to kick about the administration dumping tax dollars wherever it thinks the political help is needed.—But sometime—sometime—the day of reckoning is coming—and what a day that will be!

In making coconut cream pie add some of the coconut to the filling and save some to sprinkle over the top.

Letters that should never have been written and ought immediately to be destroyed are the only ones worth keeping.

Among recent inventions is a curler that brushes hair, rolls it into a curl and leaves the bobby pin in the curl in one operation.

The Brahman, a native of Asia, is becoming one of the more popular breeds of cattle in the American southwest.

Thirteen of 16 feature films passed by Sweden's censors in a recent month were American productions.

If living conditions don't stop improving in this country, we're going to run out of humble beginnings for our great men.

Urges Members to Send in Ballots

It was revealed Monday night at a Chamber of Commerce meeting that only 50 per cent of the annual election ballots mailed to members had been returned.

According to President Charles Lindstrom a final tabulation of ballots will be made and results announced next Monday night. Members are urged to return theirs today so they may be tabulated with the others.

Other than routine business, a resolution was adopted by the board publicly thanking all of the local people that helped to start a new Christmas decoration program last month. It is the hope of the Chamber to enlarge the street decorating program this year and committees will be formulated early in July for the work.

Earl Gray Heads Plymouth IOOF

Tuesday evening Earl G. Gray was officially installed as noble grand of the Tonquish Lodge No. 32 I.O.O.F.

The ceremony during which he was elevated in office took place in the I.O.O.F. lodge room on Main street.

Officers installed that same evening were: vice grand, Harold Anderson; recording secretary, Stillman Warner; financial secretary, Fred Wagenschutz; treasurer, Ernest Housman.

Others were: R.S.N.G., Lloyd Kennedy; L.S.N.G., Anson Hearn; warden, George Mott; conductor, Kenneth Harrison; chaplain, Roy Wheeler; inside guardian, Albert Alquino; outside guardian, Don Drews; R.S.V.G., Ray Sutherland; L.S.V.G., Perry Krumm; P.G., Ellwood Dethloff.

SERIOUS... Ferdinand Eberstadt, who headed the Hoover commission on national security organization, has stated bluntly that a mistaken intelligence report stimulated recommendations which, if followed, might well have led to serious consequences.

JAILED... In a coup d'etat led by army officers, President Castaneda Castro, of El Salvador, has been deposed and is held prisoner in the El Zapota, barracks.

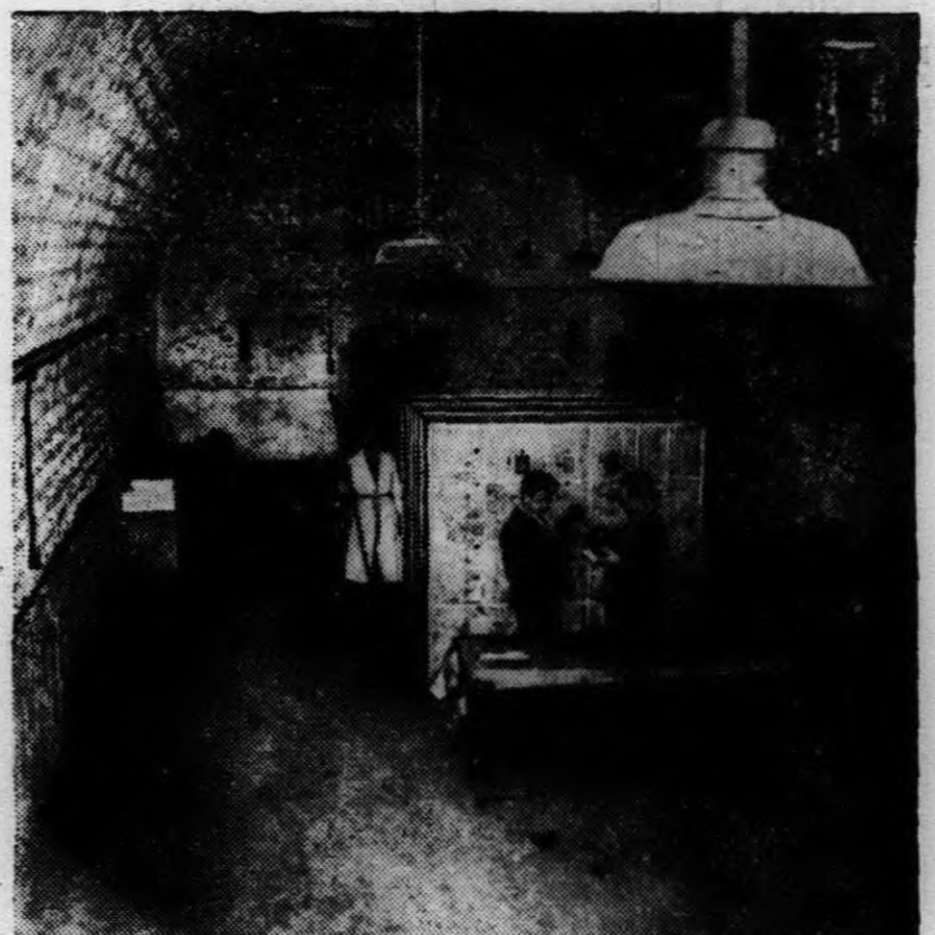

WELCOME... When Francis P. Sayre, diplomatic advisor to our U. N. delegation, arrived in New York from Paris he was welcomed by a U. S. marshal who handed him a subpoena to appear before the spy probing federal grand jury in New York.

Under normal conditions, eight to 12 inches of snow equals about one inch of water.

More than 4,000 persons died from cancer during 1946 in Minnesota.

As a rule, the air moves as wind from west to east in the United States.

FRANCE HAS ATOM FILE... The world now knows that France has developed a self-sufficient atomic energy pile and discovered a sizable uranium deposit. Above is what is described as the study room for radium, beryllium and plutonium in the French laboratory located in the Fort De Chatillon, outside Paris.

Twin Boys Are Born to Coach and Mrs. Bender

Plymouth's popular football coach, Eddie Bender, is the proud father of twin boys who were born on Wednesday night. Coach Bender's only comment on the event was, "If I can't find a football team, I'll raise one." The twins were born to Mrs. Bender in Garden City Maternity hospital.

In the course of a 70-year life, the average human heart spends 40 years resting.

NOTICE PUBLIC HEARING CITY OF PLYMOUTH

Notice is hereby given that a public hearing will be held by the Planning Commission in the Commission Chamber of the City Hall on Wednesday, January 26, 1949 at 7:30 p.m. for the purpose of locating and reserving for alley purposes area in the main business block bound on the south by Ann Arbor Trail, on the east by Main Street, on the north by Penniman Avenue and on the west by South Harvey Street.

All property owners affected by such proposed alleys are invited to attend and participate in such hearing.

Such hearing pertains only to locating new alleys and does not affect the alley now in use.

Vacation Over, Rocks Renew Search for First League Victory at Wayne

After a three week lapse due to the holidays the Plymouth Rocks will resume their league cage schedule this evening at Wayne. The varsity game at approximately 8:30 p. m. will be preceded by the usual reserve contest at 7 p. m.

Tonight's Suburban B encounter is important as far as both teams are concerned. A Wayne victory would keep the Zebras in first place. At the moment Wayne and Trenton are tied for first place in the Suburban B conference with two wins against no losses.

A win for the Rocks is a must if they want to remain in the league race. Already two defeats are on the record for John Klingenberg's crew. With so much at stake this court battle should not be missed by any fan.

In other league tilts tonight Belleville goes to Trenton and Ypsi to Redford Union. Trenton will be the favorite over Belleville while the Ypsi-Redford contest is a toss-up.

Beginning with the Zebra contest the Rocks will have a league game every Friday for the next five weeks without a break. On January 28 the high-flying Trenton Trojans will be the Rocks guest.

Miller Remains In Key Horse Racing Position

Plymouth sport fans will be glad to hear that Pete Miller, local sportsman, is staying on as secretary of the Michigan Racing commission.

Miller has served under Lewis J. Bredin for the past two years and now he will be the "helping hand" to Fred Harris, new racing commissioner, who was appointed to the important post by Governor G. Mennen Williams. These are troubled times for Michigan horsemen with racing for the coming summer in the doubtful stage. With his experience Miller will be able to aid Harris, a Detroit businessman, who is unfamiliar with horse racing.

Previous to his racing position, Miller was secretary of the state boxing commission under John Hetteche, and he was press secretary for former Governor Harry F. Kelly.

It was in his boxing position that Miller first came into contact with Commissioner Harris, then on the boxing commission. The two became fast friends and they still are. With this friendly atmosphere, Michigan horse racing appears to be in good hands.

Northville Keeps Second Place In Men's League

In a close contest all the way, Northville defeated Tait's Cleaners 49-46 at the high school Monday evening to remain in second place, a half game behind First National Bank in the Men's basketball league.

The feature game of the men's cage season thus far will be played Tuesday, January 11, on the DeHoCo floor when the leaders meet at 9 p. m. In the first game between the two, First National Bank won by four points with baskets in the last minute by Art Gilles and Don Huebler. Also on the DeHoCo floor Tuesday, Plymouth Mail will meet Tait's Cleaners at 8 p. m.

Tonight Sport Shop faces DeHoCo at 8 p. m. on the latter's court.

The Northville-Tait's Cleaners battle lived up to all its advanced billing as the game see-sawed back and forth with the visitors coming out on top 49-46. Scoring 21 points on eight field goals and five free shots, Mac Pierce highlighted Northville's win. Dave McIntosh led the losers with 18 points on eight field goals and two free shots.

Only in the initial quarter did Northville have a great advantage leading 15-7. At the half the winners led by two points 26-24, but Tait's had the advantage at the beginning of the last stanza 28-36.

The expected battle between the two high school coaches, Ketter of Northville and John Sandmann of Plymouth, failed to materialize as both were returning from vacations at the time.

Tuesday evening DeHoCo crushed the Plymouth Mail five 43-15.

Skating in Area Halted Again

Despite favorable skating Monday, warm weather halted the popular winter sport Tuesday.

When there is skating at Newburg, Wilcox or Phoenix lakes a sign will appear in front of the city hall revealing such.

For the first time since the New Year ice, skating was permitted on Newburg and Phoenix lakes last Monday. Wilcox, the nearest pond to the city, was not adequately frozen to allow skating Monday. The lack of thickness over the channel didn't permit safe skating.

Hockey League to Again Play at Rosedale Rink

The Southern Michigan Hockey league will again play at Rosedale Garden's Open Air Ice rink, according to William T. Lloyd.

He announces that amateur teams are invited to compete in the league. Further information can be obtained by contacting him at Livonia 2018.

Joe's Jottings

by Joe Miller

We have further evidence to reveal to you fans that Plymouth needs a new gymnasium. Plymouth High officials had to call Redford Union before the recent basketball game to tell them of our acute seating capacity. They told Redford Union not to send over many fans. Now because of gym's seating capacity, school rivalry is diminishing. When loyal fans can't follow their team, something is radically wrong. The American idea of competition is lowered when fans can not cheer for their favorites at athletic events away from the home grounds.

The sport of basketball has increased in popularity by leaps and bounds during the past 15 years. Basketball is now up among the leaders in attendance. It means big money in the professional game. Someday Plymouth will see the light and build a new gym, but when is a tremendous question.

It is a standing joke at the school that the only nights that the team practices is Friday night. That is an expensive practice period. It is our opinion that a gym should have been built instead of a football field.

Our neighbor to the north, Northville, is attempting to get in the pro football spotlight by offering their fair city as site of the Detroit Lions summer football practice. That would be quite a plum for the Northvillians, but where would the Lions field in conjunction with the harness racing program. Wouldn't that be quite a circus, horses plus the Lions.

We were reading the New York Times sports section the other day. Arthur Daley, noted sports authority, made his forecast for things to come in 1949. The following are some of his prophecies, January... The National Football league holds a meeting with the All American Conference which has strengthened itself immeasurably by switching the Chicago Rockets franchise to Fond du Lac, Michigan. February... The AAC, breathing defiance at the NFL, switches the Dodgers franchise to White River Junction, March... The skiers are looking for snow. April... Leo Durocher appears in an unlauded uniform and Happy Chandler orders 50 lashes with the cat-o-nine-tails. The Pravda baseball expert picks the world series winner... Naturally enough, it's the Reds of Cincinnati. May... Rex Barney of the Dodgers, having gained control, pitches his third consecutive no-hitter. June... Chandler has trained Durocher to tip his hat politely and say, "Sir" to the umpires.

August... Fond du Lac returns its AAC franchise to the Chicago Rockets and White River Junction dumps back its franchise into the lap of a startled Rickey. Skiers are still looking for snow. They blame television. Frank Leahy, mournfully announces that Notre Dame will lose five games this season. He blames television.

September... Joe Louis defends his world heavyweight championship against Ezzard Charles. Stalin denounces the fight as capitalistic exploitation of the American Negro. The Brown Bomber, sad to say, is knocked out in the first round. October... Chandler presents Durocher with a Good Conduct Medal and makes him his assistant commissioner. November... Notre Dame is unbeaten again. December... And the music goes round and round and round.

The average bowler is happy if he hits in the radius of 160 after several years of bowling, but not Ed Whipple, senior at Plymouth High. The other day Ed tried his hand at the sport of the pins and hit 155. Just imagine, that was his first game he had ever bowled.

Ed Brown, Plymouth High head prognosticator, has made his prediction on the game tonight. He says Wayne will win by 12 points.

A worthy project is now being discussed at Plymouth High. Melvin Blunk, math teacher, has suggested to your reporter a faculty-senior basketball game with all proceeds going to the senior class. That would be quite a contest. We hope it goes through.

Rio de Janeiro, Brazil, now has a buyers' market and many stores are holding special sales to stimulate consumer buying.

Hi-12 Bowlers to Meet Women State Champions

Women vs. men will be the theme of the day when the Hi-12 star bowlers of Plymouth meet the feminine champions of 1947 and 1948 for Detroit and the state on February 6 at Plymouth Recreation on South Main street.

The match is scheduled to begin at 2 p. m.

A Plymouth woman is a member of the champion Gears-By-Enterprise team that will meet the Hi-12 bowlers. She is Lois McAllister who has won the single and doubles championship of the C & M tournament of Detroit.

The five women are winners of the Detroit Times Bowlerettes league for 1946-1947, and 1947-1948. They also won the team event in the C.Y.O. tournament.

The team is captained by Agnes Ekstrom, and other members are: Marie Shamlock, Hattie Wooster, Dorothy Brichta, and Lois McAllister.

Individual honors consist of Hattie Wooster being the first woman in the state of Michigan to have a perfect 300 game. Agnes Ekstrom and Marie Shamlock are the 1948 C.Y.O. double champions, and Dottie Brichta is the 1948 \$500 Whittier Classic champion.

On December 16, 1946 the Gears five made history with games of 881, 1110, and 1141 for a series of 3132. The closing game and total represent two world records, each the highest ever bowled in WIBC sanctioned competition.

Trenton Wins Xmas Tourney

Trenton, co-leader of the Suburban B cage conference, entered and won a cage tournament held at Redford Union on Monday, Tuesday and Wednesday, December 27, 28 and 29.

The host team, Redford Union, and Trenton battled through the tourney until reaching the finals Wednesday. Although behind at the half, the Trojans took Redford Union 37-30 for the crown. Joe Henderson of Trenton and Ron McComis of Redford Union each had 12 points.

Inkster, a former Plymouth rival, took the consolation game, defeating Allen Park 46-28. Ray Williams led the all-colored team to victory with 25 points. Other schools entered were Redford, St. Mary's and Grosse Ile. To be in the finals Trenton trimmed Allen Park while the Panthers beat Inkster and Grosse Ile.

Adrian Recreation Director Writes To Mike Spitz About Golden Gloves

Daisy Advances to Second Place In Girl's League

Swamping the Plymouth Hardware five 43-5 Monday evening, Daisy vaulted to second place, a half game behind the Girls leaders; Oldsmobile.

Shields netted 16 points to pace Oids, with McGoff a near second with 14 counters. Betty Hitter tossed in four of the losers five points.

Monday evening, January 10 at the high school Daisy meets Oldsmobile for the league lead. This contest is at 8:30 p. m. It will be preceded by a game between Plymouth Hardware and Plymouth Mail at 7:30 p. m.

Cleaners Take Six Game Lead In Pin League

Far out in front in the Plymouth Recreation 775 bowling league is the Tait's Cleaners squad. The Cleaners lead second place Galin and Son by six full games.

The last place team, Daisy, won the high team single game with 993. Dely led with 620 in the high three individual games while Villeroit had the high single game, 266.

The expression "Minding your P's and Q's" comes from an old English alehouse custom. In the pubs, books were kept for each customer. P stood for pints and Q for quarts.

Phone news items to 1755.

The following letter from Harry Wagner, Adrian recreation head, concerning the Golden Gloves tournament was received by Mike Spitz, city boxing director.

Spitz urges all boys interested in this tournament to come to the city hall to train. New equipment has been received by the recreation department.

The regular boxing schedule in Room 204 in the city hall is: Tuesdays, Thursdays and Fridays, boys between the ages of 7-12 work out from 4:30 to 6:30 p. m. Those 13-21 inclusive work out from 6:30 to 9:30 p. m. the same evenings. Boys and visitors should use the back stairs at all times.

The letter follows: The Michigan Amateur Athletic Union has delegated Adrian as the site for the Golden Gloves boxing matches in Southeastern Michigan. Our district includes Adrian, Ann Arbor, Plymouth, Ypsilanti, Wayne, Monroe, Newport, and others in this area but does not include Detroit or the Metropolitan area.

Boys may register with their team or unattached by writing Harry Wagner, Adrian city recreation director, at the city hall, Adrian. The Adrian tournament will be held two nights, Friday, January 28, and Saturday, February 5, at the Civic auditorium on the campus of Adrian college. It is conducted by the Junior Chamber of Commerce and the city recreation department.

Winners of our tournament will be given the opportunity to enter the State Tournament expense free at Grand Rapids on February 14-15. Should they win there, Grand Rapids will send them expense free to the Nationals at Chicago. Winners and runners-up at Adrian will receive Golden Gloves and Silver Gloves as awards.

Matches will be held in two classes and eight divisions in each class. The open class is for older boys who have won three sanctioned A.A.U. matches. The novice class is for younger boys who have won less than three sanctioned matches. All boys must be 16 years or older and must pass a physical and dental exam preceding their entering the ring.

Weight divisions in each class are as follows: 117 and under, flyweight; 118 and under, bantamweight; 126, featherweight; 135, lightweight; 147, welterweight; 163, middleweight; 175, light-heavyweight and over 175, heavyweight.

Sporting yours, Harry Wagner
Mike Spitz also wishes to announce that Jim Rutherford, a boxer himself, will be the official photographer for the boxing club.

25 YEARS AGO

At the last meeting of the board of directors of the Plymouth Chamber of Commerce for 1923, held last Wednesday evening, the business of the past year was finished by the retiring board, and the reins of government of the local organization turned over to the newly elected board.

The retiring directors are John S. Dayton, C. A. Fisher, William B. Petz, F. D. Schrader and P. J. Wiedman.

The new board is composed of the following members: E. J. Allison, Arthur E. Blunk, W. J. Burrows, Henry J. Fisher, Harry R. Lush, Olin P. Martin, W. T. Pettingill.

The improvements that have been made at the village hall in the past few weeks, have worked such a change, that one would hardly know the place. The first very noticeable change is a new sign on the left side of the front doorway, bearing the words, "Plymouth Village Hall."

Tom Beldon of Chicago, spent the weekend with his sister, Mrs. Charles Root.

Mr. and Mrs. William Sutherland entertained a company of relatives at dinner on New Year's day.

Mr. and Mrs. Jack Reamer were New Year's guests of Mr. and Mrs. Floyd Grandy at Grand Rapids.

Mr. and Mrs. Herman Reamer of Highland Park, were New Year's guests of the former's sister and husband, Mr. and Mrs. Fred Schaufele, of South Main street.

The year which has just closed has been a most prosperous one for the village of Plymouth. During the past year our factories have been busy, and there has been plenty of work for all.

Mr. and Mrs. E. S. Rotnour and daughter, Phyllis, were New Year's guests of Mr. and Mrs. Roy Shaw at Redford.

Mr. and Mrs. Charles Merz and their daughter, Olive Mae, proved themselves royal entertainers last Monday night when, at their spacious home on the Plymouth road, they gave a "New Year's Eve Watch Party"

to the members of the Presbyterian choir.

Mr. and Mrs. Fred Meyers left Saturday for Big Rapids, where she will spend a few days.

Mr. and Mrs. Perry Hix and family were New Year's guests of the former's mother, Mrs. Josephine Hix.

Mr. and Mrs. Ross Gates entertained Mr. and Mrs. James Gates and Mr. and Mrs. Manna Blunk and son at New Year's dinner.

Mr. and Mrs. Clarence Hix spent Sunday with the latter's parents, Mr. and Mrs. John Dethloff in Livonia.

Mr. and Mrs. Samuel Spicer, as is their custom, entertained the December meeting of the Canton Center Community club on Wednesday evening, December 26.

Miss Mary Parrott was the guest of relatives at Essex, Ontario, the first of the week.

Miss Ellen Vealey of Detroit, spent the weekend with her parents, Mr. and Mrs. George Vealey.

Arthur Johnson and family returned home, Tuesday, after spending the past week with relatives at Lyons and Breckenridge.

Sunday evening the chorus choir of the M. E. church, gave a Christmas cantata at the church at the hour of the evening service. Miss Winnifred Jolliffe presided at the pipe organ, Miss Czarina Penney at the piano, and Daniel Patterson played the violin. The whole concert was under the direction of the pastor, Rev. D. D. Nagle.

Mr. and Mrs. Edgar Stevens and children spent Christmas at the home of Mr. and Mrs. R. Lewis near Chelsea.

Muriel and Donald Bovee entertained some friends at a party on New Year's Eve.

Mrs. Gladys Baker and daughter, Ardith, spent the weekend and New Year's Eve with relatives in Canada.

Attorney J. S. Dayton is moving his office this week to a suite of rooms in the new Huston block on Penniman avenue.

Miss Lorena Terry and Miss Anderson, a deaconess of Bethany church, spent New Year's at the former's home here.

William Wood opened his new insurance office in the Huston block on Penniman avenue, Wednesday. Mr. Wood has a two room suite, nicely furnished and equipped with modern office furniture.

Mr. and Mrs. Elwin Pooler of Ypsilanti, were callers at the home of Mr. and Mrs. Wyman Bartlett, New Year's day.

Mr. and Mrs. William Smith of Detroit have been spending a few days with Mrs. Smith's

brother, Mr. and Mrs. William Sutherland and family.

James Tait of Alderson, West Virginia, spent Friday with his brother, William Tait. Mr. and Mrs. Julius Tait of Northville were also guests.

Miss Dorothy Watson of Plymouth, spent New Year's day with her brother and his wife, Mr. and Mrs. Edmund Watson.

John Joslin and sister, Miss Evelyn, were guests of Mr. and Mrs. Edmund Watson, Monday.

Henry Leslie of Leamington, Canada spent last week with his brother, James Leslie and family at their home on Mill street.

Your child will do better in his school work if you don't press him too hard. Try to explain things he doesn't understand but don't crack the whip.

Most birds brood their eggs for periods ranging from 13 days to eight weeks.

Burroughs Buys Plant in Scotland

Acquisition of a new plant in Scotland, to expand Burroughs Adding Machine company's manufacturing activities in Europe, was announced today by John S. Coleman, president of the company.

"As another step in Burroughs' program of enlarging and integrating its world wide organization, such as it is doing in Plymouth, the company in conjunction with the British Board of Trade and Scottish Industrial Estates, Ltd., has completed negotiations for a 150,000 square foot plant presently under construction on the Vale of Leven Industrial Estate near Loch Lomond, 16 miles from Glasgow in the west of Scotland," Mr. Coleman said.

"While our plans are not as yet complete," Mr. Coleman continued, "the new facility will be

used for the manufacture of various types of Burroughs machines, in order to serve more adequately the needs of businesses in other countries.

"Although Burroughs' present plants in Windsor, Canada and Nottingham, England are engaged in the assembly of products for export, this new factory will enable us to enlarge our production activities considerably, making a greater volume of products available for the export market."

This new plant will go into operation in 1949 and reach full production in 1950.

Trade winds are found to a distance of about 30 degrees latitude on each side of the equator.

One half the mass of the air is below the three and one-half mile level.

The Palomino breed of horse was bred in California early in the 19th century.

William the Conqueror built the Tower of London.

Sackett Warns of Winter Driving

"Better late than never, ease-up in a freeze-up, and winterize your driving habits."
Pulling old and new sayings out of his hat, Chief of Police Lee Sackett today used them as warnings to all drivers as winter weather threatens to increase automobile accidents.
"The nation's mileage death rate is usually greatest during snow and ice months," the chief declared, "and the major factors that cause this are poor traction and reduced visibility. If motorists will drive a little slower and give more consideration to these added winter driving hazards, there will be fewer accidents and traffic tie-ups."
In stressing the dangers faced when snow and ice prevail, Chief Sackett cited special studies and tests conducted by the National Safety Council's committee on winter driving hazards. "These tests show that it takes a car without tire chains, traveling only 20 miles per hour, 70 to 80 feet to stop on packed snow. This is about 4 times what it takes a car to stop on dry pavement. "So, he added, "if snow or ice covers the streets, use tire chains, or wait until conditions improve. Chains on rear wheels enable you to stop in 40 feet on packed snow."
The National Safety Council's studies also stressed that stopping on ice is even more dangerous. The report said a car traveling 20 miles per hour without chains may skid from 170 to over 200 feet. Tire chains on the rear wheels will reduce this to about 80 feet.
"Poor visibility," the official stated, "can be improved a lot by properly working windshield wipers, defrosters and correctly aimed headlights."
As an aid to winter driving, especially when snow or ice are on the streets, Chief Sackett lists seven safe driving rules. They are:
1. Get the "feel" of the road when starting out.
2. Adjust your speed to road conditions.
3. Use tire chains on snow or ice.
4. Clear snow, ice, fog or frost off windshields and windows.
5. Slow down at intersections and curves.
6. Keep a safe distance between vehicles.
7. Use signals when turning or stopping.
"Follow these rules, use your head—and we'll have fewer accidents and injuries," concluded the chief.

Cap Smiths Have 50th Anniversary

Many from Plymouth offered felicitations when Mr. and Mrs. C. D. Smith of New Hudson observed their 50th wedding anniversary on December 28.
Mr. Smith, better known as Cap, is recognized throughout this area as an outstanding auctioneer.
A dinner honoring their golden wedding anniversary took place at Botsford Inn near Redford.
Both Mr. and Mrs. Smith were born in Livonia township, moving to Detroit after their marriage in 1898. While they resided for several years there, he was employed, as a brakeman on the Pere Marquette railroad between Detroit and Grand Rapids. During the last three years of his stay in Detroit, he was affiliated with the Michigan Central railroad.
As soon as he left the railroad, Mr. Smith went into auctioneering. The change in profession was made 41 years ago.
Mr. Smith has one brother living in Plymouth, Richard S. Smith.

Mothers Group To Meet Tuesday

A round table discussion, planned by the president, Mrs. Irene Canning, is the scheduled program for the next meeting of the Mothers club to be held in the Starkweather school auditorium on Tuesday, January 11, at 1:30 p. m.
Mrs. Norma Munster and Mrs. Grace Hunt will discuss the origin of the club, its activities, and the changes that have been made with Mrs. Iva Pint, Mrs. Elizabeth Hartwick, and Mrs. Margaret Ross, all charter members of the club.
At the close of the meeting refreshments will be served by Mrs. Betty Hirsch, assisted by Mrs. R. Munroe, Mrs. W. Howard, Mrs. G. Caldwell, Mrs. H. Salter, Mrs. K. Failing and Mrs. C. Oliver.
Dictatorship is a system of government where everything that isn't forbidden is obligatory.
The barometer was invented in 1643 by Toricelli, a pupil of Galileo.

School News

Girls' Basketball Teams Underway

Preparations are underway for girls' basketball teams.
Thursday, January 6, the senior girls had their practice, and chose their captains. Tuesday, January 11, the junior girls will have their practice and choose their captains. The sophomore and freshmen girls will not have a practice, due to the fact that they have gymnasium classes, but will choose their captains at a later date.

Janitors Make Changes Over Christmas Holiday

A few changes have been made around school, most prominent of these is the installation of new lockers on the second and third floors.
All windows were washed; the girls locker room painted; and the gymnasium floor was varnished.

Lockers Installed In High School

During the Christmas vacation 150 new lockers were purchased from the Michigan Products company and installed on the second and third floors of the high school.
The new lockers will help eliminate the overcrowded conditions in the lockers, although they will not be used until the beginning of the new semester. These lockers are about the same size as the old full length lockers, but they are slightly deeper, and olive green in color.

Hi-Yers Attend Fisher YMCA

Before Christmas holidays, the Plymouth Hi-Yers of the blue and white chapters were guests for the second time of the Fisher YMCA in Detroit, participating in basketball, swimming, handball, ping pong and billiards.
Transportation was provided by Walter Goodwin, adviser to the new chapter, Harold Stevens, Plymouth merchant, Melvin Schultz and Melvin Gutherie.
Harry Reeves, adviser of the white chapter, planned this trip when he phoned Roger Treloar, secretary of the boy's division at the Fisher YMCA.
Those present were: Jerry Walsh, Don Helm, Bob Norgren, Carl Pursell, Dick Fenton, Herb Swanson, Bob Penhale, Melvin Schultz, Dick Joachim, Ronnie Bouldin, Don Houghton, Don Sutherland, Garth McAllister, Walter Hammond, Ken Thompson, Melvin Gutherie, Fred Pringle, Jim Stevens, Dick Cramb, and chaperones.

Blue Chapter Suggests Show

The first chapter of the Hi-Y had its first meeting under the supervision of Walter Goodwin. After electing officers, a discussion took place on the topic of a minstrel show for an assembly and possibly a night show. This was just a suggestion for the members to decide upon in the future.
The profits would be divided between the Hi-Y and the Pilgrim Prints, which is in need of money for the school paper.
Both Hi-Y clubs will probably join together in order to make a successful show.

Students Return After Vacation

The students and faculty of Plymouth High school started back to school Tuesday, January 4.
Now they are getting ready for the semester examinations, which will start in about two weeks and will finish up January 28, at the end of the semester.

MEA to Hold Dinner Meeting

A dinner meeting of the Wayne County M.E.A. will be held next Monday night, January 10, at 6:30 p. m. in the Plymouth High school lunchroom, with Paul Shoemaker, assistant principal of Redford Union, presiding.

Junior Class Has Tryouts for Play

Tryouts for the junior play "George Washington Slept Here" by Moss Hart and George Kayfmond were held in room 30 at 3:40 p. m. on January 4.
The cast consists of nine men and eight women. Miss Louise Spence is directing the play which will be presented by the class of '50 on February 16 and 17.
The play is an entertaining satire about a home-loving man who buys a house in the country. Newton Fuller, his wife Annabelle, and their daughter, Madge, are the main characters with Mr. Kimber, a jack of all trades; Raymond, the little nephew; and Uncle Stanley to whom the family caters, adding humor to the play.

Seniors to Name Prom Chairman

Dick Wylie, senior class president, has announced that a senior executive board meeting will be held Thursday, January 6.
The general chairmanship for the Senior Prom will be decided at this time.
Dick also stated that graduation announcements and name cards will be ordered from Bastian Brothers between January 10 and 21. Seniors can now fill out blanks for reordering pictures.

REPORT OF CONDITION OF
PLYMOUTH UNITED SAVINGS BANK

of Plymouth, in the State of Michigan at the close of business on December 31, 1948. Sources of Our Knowledge of Jesus.

Lesson for January 9: Luke 1: 1-4; John 20:30-31; 21:25; 1 Corinthians 15:3-5; 1 John 1:1-4.

Memory Selection: John 20:31.
The sources of our knowledge of Jesus are chiefly the four Gospels and the Epistles of Paul. It was in the latter half of the first century that the need was felt of a written record. Previously men knew about Jesus through their personal contact with him, or from others who had known him.

Paul began his Epistles about the year 50; the Gospels were begun three years later. Mark's Gospel was the first written, and John's the last. Matthew, Mark, and Luke are known as the Synoptics because their Gospels are much alike, even to phraseology. John's Gospel is different from the others, both in its narratives and the purpose of the author.

Matthew wrote to show that Jesus came in fulfillment of prophecy. Mark reports that Jesus did, showing him as a man of action, and Luke enlarges upon Matthew and Mark. John writes of the mystery of Christ's Person—to show who Jesus is. Paul writes, not as a historian, but as a pastor—to settle matters of controversy in churches he had founded, and to encourage them in Christian living. But Paul's Epistles include much historical material, while they have been of great value in shaping Christian doctrine.

Thus, from different writers we gain the best truth—all we need to know concerning Him whose name is above every name.

Churches Present
"Citadel" Tonight

This evening, Friday, Walter Pidgeon recreates the role of Dr. Andrew Manson in a radio adaptation of A. J. Cronin's great book, "The Citadel", to be broadcast over station CKLW at 8 p. m. EST. The Rev. Alexander Miller announces.

Dr. Manson is a man whose heart is torn between ambition to attain an ideal—to storm the Citadel of doubt and ignorance that plagues his patients' lives—and ambition for material wealth, states the Rev. Miller.

How he was lured from his ideal to a "fashionable", shallow, but highly remunerative practice—and how he was shocked into seeing the falseness of this practice—make up the story. As the play ends, Dr. Manson returns—for his experience a wiser, sadder, and probably better man—to storm his Citadel.

"The Citadel" with Walter Pidgeon, is the 15th in the series "Great Scenes from Great Plays" sponsored weekly by families of the Protestant Episcopal church and the Episcopal Actors' Guild. The local pastor reports that the message of this play to people everywhere without church affiliation is that—through the church—millions have found security, comradeship, and happiness... the blessing of those who live and serve as true Christians.

FIRST CHURCH OF CHRIST SCIENTIST

Sunday Morning Service, 10:30 a. m. Sunday School, 10:30 a. m. for pupils up to 20 years. Wednesday evening testimony, 8 p. m. "Sacrament" will be the subject of the Lesson-Sermon in all Christian Science churches throughout the world on Sunday, January 9. The Golden Text (Psalms 51:10) is: "Create in me a clean heart, O God; and renew a right spirit within me." Among the Bible citations is this passage, (1 Cor. 5:8): "Therefore let us keep the feast, not with old leaven, neither with the leaven of malice and wickedness; but with the unleavened bread of sincerity and truth."

ST. JOHN'S EPISCOPAL CHURCH
S. Harvey at Maple
Alexander Miller, Rector

Church Auxiliary Will Install New Officers Wednesday

The Women's auxiliary of the Presbyterian church will hold its first meeting of the new year in the church parlor, Wednesday, January 12, at 2 p. m. Dr. Henry J. Walch will conduct the installation service for the new officers.

The officers to be installed are: president, Mrs. Harold Curtis; first vice-president, Mrs. Edwin Rice; second vice-president, Mrs. Leslie Daniel; third vice-president, Mrs. W. V. Clarke; recording secretary, Mrs. Milton Lable; corresponding secretary, Mrs. Raymond Bachelder; treasurer, Mrs. Carl Hartwick; secretary for missionary literature, Mrs. George Cramer; secretary for missionary education, Mrs. Claude Gebhardt; secretary for membership, Mrs. Edward Dent; overseas sewing, Mrs. Walter Nichol.

The committee chairmen who will serve this year include: Altar flowers, Mrs. Carvel Bentley, Mrs. Verne D. Steele, Mrs. Harrison E. Moore; by-laws, Mrs. Russell Roe, Mrs. Walter Nichol; calling, Mrs. J. G. Clemmons; cradle roll, Mrs. David Mather; Dodge Community house, Mrs. C. J. Smyth; flowers and cards, Mrs. Charles E. Brake; house, Mrs. Harvey Springer; pianist, Mrs. William Hartmann.

Following the installation service, Dr. Walch will speak on the subject, "The Mission of the Church in Our Day." The devotional service will be led by Mrs. George Cramer and Mrs. Russell Daane will act as program chairman for the day. The hostesses for the day will be Mrs. Frank Burrows, Mrs. E. J. Cutler, Mrs. Ernest Thrall and Mrs. Edward Dent.

Maccabee News

The regular business meeting of the Plymouth Hive, No. 156, will be held Wednesday, January 12, at 8 p. m. in the Episcopal church. All Junior Maccabee girls are asked to attend and practice as escorts for the installation program.

The Guard team will begin its regular practice on Wednesday, January 12. All who are interested in joining must be present at this meeting.

Newly Arrived...

Highland Park General hospital was the birth place of Leslie Forest Byrd, who was born on December 31, to Mr. and Mrs. Forest O. Byrd. Mrs. Byrd was the former Louise Christenson, daughter of Mr. and Mrs. R. L. Christenson of Plymouth.

Mr. and Mrs. Horace Cook of Veil, road announce the birth of a daughter, who arrived on December 30, in the Garden City hospital.

January 3 is the birth date of Susan Louise Eckles. Her parents are Mr. and Mrs. Douglas Eckles of Haggerty highway.

Mr. and Mrs. Frank Shephard of Ann Arbor road became the parents of a baby girl on January 2, in Sessions hospital.

Randall Bruce is the name Mr. and Mrs. Ronald Brink chose for their son born December 31, in Sessions hospital. Mrs. Brink was the former Ellen Smith.

Mr. and Mrs. Robert J. Little announce the birth of a daughter, who was born on December 30. The baby tipped the scales at seven pounds and ten ounces at birth.

A six pound 14 ounce son was born on December 29 to Mr. and Mrs. Claude Provow of Canton Center road. They have named their son Barry Leon.

W. W. G. Group Holds Meeting on Monday

The W.W.G. of the First Baptist church held their regular meeting on Monday evening, January 3, with Doris and Freda Benton of Starkweather avenue as co-hostesses.

Lois Ebersole, vice-president, was in charge of the meeting. Devotions were given by Laura Salter.

Reviewing an article taken from Missions magazine, Mrs. Eicher stated that relief supplies for the Destitute Baptist work in Europe arrived the day before Christmas giving new hope and cheer to Europeans.

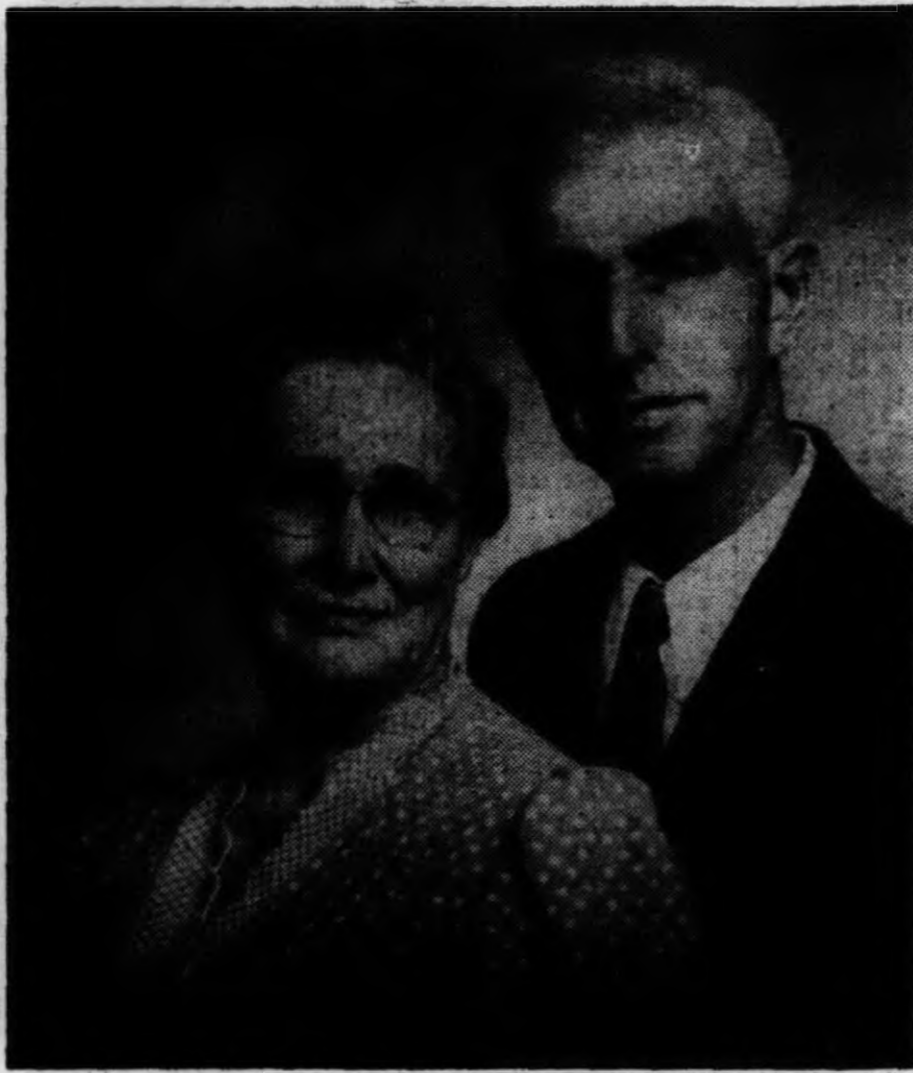

Thirteen members were present at the meeting, and Jean Judd was received as a new member in the guild.

The meeting was closed with circle prayer.

Letters that should never have been written and ought immediately to be destroyed are the only ones worth keeping.

Couple Honored on Anniversary

Mr. and Mrs. Archie Herrick

Mr. and Mrs. Archie Herrick of Bradner road were guests of honor at a celebration of their golden wedding anniversary on December 28 at the home of their daughter and son-in-law, Mr. and Mrs. Howard Hunt on South Holbrook of this city.

Fifty years ago Archie Herrick and Celia Chase were married with a quiet ceremony at the Methodist parsonage in Plymouth by the Rev. Oliver. Their four daughters, Gladys Sutfin of Plymouth, Fay Taylor of Detroit, Hazel Markham of New Hudson and Grace Hunt of Plymouth, and their families helped celebrate the couple's recent anniversary.

Grand children present were Mrs. Howard Ebersole of Ann Arbor, Mr. and Mrs. Jack Kahal of Romulus, Mr. and Mrs. Douglas Miller of Detroit, Mr. and Mrs. Clare Ebersole of Ypsilanti, Mr. and Mrs. H. Melvin Hunt of Plymouth, Mr. and Mrs. Lester Kalmbach of Plymouth, Mr. and Mrs. Don Bidwell of New Hudson, Sally Markham of New Hudson, Keith Ebersole and Donna Hunt of Plymouth. Others in the family, not present at the celebration, were grandchildren, Howard Ebersole, Diana Markham, Tony and Bonnie Hunt and great-grandchildren, H. Roy Ebersole, Jr., Sharon and Carol Kahal, Denny Hunt and Andrea Miller.

After an evening of playing cards and picture taking, gifts and flowers were presented to the couple. The highlight of

the evening was a long distance phone call from their grandson, Howard Ebersole, who was calling from New Orleans, Louisiana, to contribute his congratulations. Another highlight was the announcement of the engagement of their granddaughter Sally Markham, to Ted Roby of New Hudson.

The evening was terminated with a buffet lunch, including a gold and white tier wedding cake and appropriate gold and white ice cream.

Archie and Celia Herrick have lived in and around Plymouth their entire lives.

Mrs. Herrick states that she is the daughter of Clifford Chase and Emma Fralick, and that her maternal grandparents owned one of the first stores opened during Plymouth's pioneering days. Her childhood was spent on a farm which was located on the site of the present Detroit House of Correction.

Mr. Herrick is a son of Leonard Herrick and Mary Sackett, whose parents were Redford pioneers.

Prepare for Permanent With Brush, Shampoo

You can get the most from your permanent wave if you start getting your hair ready a few weeks ahead. Dryness and drabness are the two conditions most dangerous to the success of a permanent, says Dolly Reed, and she tells you how to counteract them in McCall's for January, with shampoo and brushing.

"Whether you have a beauty shop wave or a home permanent, the results will be more pleasing if you condition your hair before and after it. Today, there are all kinds of new equipment to help you.

"There are corrective shampoos that add lubrication to harsh, dry hair. There is a special comb that shears off dead ends. There are comb-and-brush cleaners to keep tools immaculate, combs especially easy to grasp, wave sets that work quickly. There are even newly designed brushes to pamper your waves after you get them.

"Our advice is to start planning for your next permanent wave about four weeks ahead. That should give you time to correct any of the more common conditions which can spoil a wave. The commonest of these are: dry hair which may break during winding, and a drab, lusterless condition that will look worse after a permanent.

"The remedies for dryness and drabness are simple ones. A reliable shampoo with an added lubricating agent like lanolin or a lathering oil and constant brushing will help both conditions. But make very sure if you use a corrective shampoo that every smitch of it is out of your hair before your wave. You may even prefer a modern soapless shampoo that leaves no trace of film to be rinsed away.

"We can't overemphasize the importance of brushing. A 'hundred strokes a day' is really important to promote the necessary natural flow of oil. And one last reminder—on the day of your wave be sure to give yourself plenty of time.

"For frizzy, fly-away hair after a permanent, apply creamy hair dressing to bristles, then brush through hair. Use daily. Cutting is the only cure for brittle ends. Try a new razor comb to avoid stiff tufts. To keep the line of your permanent overnight, use a few bob pins to hold locks in place then tie on net for safety. To soften hair after a permanent, apply lubricant to scalp. Hold hot, wet towel around hair, then shampoo."

If you have a social item or any other local news, phone 1755.

LOCAL News

Mr. and Mrs. John Arigan spent New Year's Eve with Mrs. Arigan's sister and brother-in-law, Mr. and Mrs. John Roberts of Romulus.

Nutrition Aids

from the American Red Cross Nutrition Service

At this season of the year cabbage offers Plymouth home-makers one of the best values in green leafy vegetables. We're so used to having this vegetable available at all times that we're inclined to get into a rut and serve it prepared in the same ways over and over again.

In spite of its definite flavor it's quite an adaptable vegetable and can be combined with many other foods. And speaking of flavor, it's well to remember that quick cooking is necessary to keep it on the delicate side. Long boiling makes the flavor strong, the texture almost slimy, and the color dark.

For the best results the Nutrition Service of the American Red Cross suggests choosing a firm, green head of cabbage. It's been found that small heads have more vitamin C than larger sizes, so buy accordingly to get the most for your money.

Cut the cabbage in pieces after discarding discolored outside leaves, or shred it, as you prefer. The core has more vitamin C in it than the rest of the head, so be sure to use it.

Put the cabbage to cook in only a small amount of boiling salted water and cook it only until barely tender. Quarter heads of green cabbage take only 10 to 15 minutes and shredded green cabbage from 3 to 8 minutes. Shredded red cabbage takes from 8 to 12 minutes.

This method of cooking produces a vegetable dish of fine flavor when it's dressed with butter or fortified margarine. For variety serve it occasionally with a sprinkling of nutmeg added to it, or squeeze a little lemon juice over the buttered cabbage and sprinkle with paprika.

To prepare scalloped cabbage combine cooked cabbage with cream sauce which has been flavored with grated cheese, if liked, and top the mixture with buttered bread crumbs. Bake in a moderate oven until thoroughly heated and brown.

Red cabbage is invariably prepared with sour apples and vinegar.

THIS WEEK IN Washington

ALTHOUGH President Harry S. Truman at his press conferences and in his public appearances here in Washington appears to be in an amiable mood, full of the forgiving spirit of the holiday season, those closest to the President declare there has been no softening in his determination to push through his entire program pledged to the people in his campaign.

These observers declare the President doesn't want to "punish" anybody but at the same time he will not tolerate opposition from within his own party on the program he has sought for more than two years to extend, amplify and create new legislation which he regards as for the best interest of the masses of the people.

For this reason it is apparent that some of the moss-grown congressional rules must be eliminated. So the President is looking toward his leadership in the senate, notably vice-president-elect Alben Barkley, to eliminate the filibuster menace in the senate, and to speaker-elect Sam Rayburn to clip the wings of the powerful rules committee.

Fast action on some few measures and months of hearings over others will be the rule in the new congress. For instance, export control expires at the end of February. Immediate attempt to strengthen this control to prevent some of the fraud practiced under present law will get priority. The economic recovery administration and its program must be renewed in April.

The reciprocal trade agreements do not expire until June but there will be an attempt to repeal the 80th congress' provisions and extend the law for three years.

A new set-up, almost immediately, for the house un-American activities committee is in the cards. Congressman J. Hardin Peterson of Florida, a committee member, wants to make it a joint senate-house committee. Rent control runs out at the end of March and a new rent control extension law will be one of the early actions.

It is a foregone conclusion that the Hope-Alken long-range farm price support law will either be amended or knocked out for a new Democratic law. Leaders in the fight for rigid parity support will be Senator Elmer Thomas of Oklahoma in the senate and Congressman Harold

D. Cooley of North Carolina in the house.

Public housing and slum clearance will be reintroduced in much the same form as the Wagner-Ellender-Taft bill in the 80th congress and likely it will pass. Senator J. William Fulbright of Arkansas, and Congressman L. Mendel Rivers of South Carolina will reintroduce the measure seeking to lift federal taxes off oleomargarine.

Chairman Elbert Thomas of Utah, of the senate labor and public welfare committee, will lead the fight for federal aid to education. Senators Murray of Montana, Wagner of New York, McGrath of Rhode Island, and Rep. John Dingell of Michigan will spearhead the fight for extensions of the social security program.

Also, Senators Wagner and Murray and Congressman Dingell will reintroduce the administration national health insurance bill.

Senators Murray, Wagner and Senator Claude Pepper of Florida together with Congressman John Lesinski of Michigan will lead the fight for repeal of the Taft-Hartley labor law and the passage of a substitute labor bill.

Congressmen Helen Gahagan Douglas of California, Emanuel Celler of New York, and Senators McGrath and Pepper will lead the fight for the civil rights program. Senator Spessard Holland of Florida will offer a measure to outlaw the poll tax by constitutional amendment instead of by law.

Senator Elbert Thomas of Utah will head a bi-partisan group to raise wages in a new minimum wage law. Senators Estes Kefauver of Tennessee, Murray of Montana, Chan Gurney of South Dakota, Glen Taylor of Idaho, Harry P. Cain of Washington, Owen Brewster and Margaret Chase Smith of Maine will lead the fights for valley authorities.

Senator Joseph C. O'Mahoney of Wyoming and Congressman Mike Mansfield of Montana will lead the battle for stand-by price and rationing control.

A split is in the cards over the excess profits tax proposal. It is believed that senate finance chairman Walter F. George of Georgia is opposed to imposition of the tax although he has indicated he wants a look at the budget and the expense sheet first. Senator O'Mahoney and Edwin C. Johnson of Colorado will likely lead the fight for the tax.

pared with sour apples and vinegar. The acid protects the red color during the cooking and at the same time adds a pleasantly piquant flavor. This combination is especially good with pot roast or beef or with pork.

SWEET AND SOUR CABBAGE
Four cups shredded red cabbage, salt and pepper to taste, 2 sour apples, diced, 1 small onion, sliced, 3 tablespoons bacon fat or pork drippings, 1 cup water, 3 tablespoons vinegar, 1 tablespoon brown sugar, ¼ teaspoon allspice, 2 cloves.

Brown onion slightly in fat. Add water, cabbage and apples. Cover pan and cook over low heat for about 5 minutes, add vinegar, sugar and spices and cook for a few minutes longer or until cabbage is just tender. Makes 6 servings.

SAUSAGE CABBAGE QUICKIE
One pound bulk sausage, 1 medium sized head cabbage, shredded, 1 teaspoon salt, 1/8 teaspoon pepper.

Shape sausage into thin patties and pan fry until brown on both sides. Remove from pan. Drain off all but about 3 tablespoons of fat. Put cabbage in pan with salt and pepper. Cook for about 6 minutes, stirring often. Serve hot with sausage patties, mashed potatoes and an apple and celery salad.

STUFFED CABBAGE LEAVES
One cup rice, ½ pound ground beef, ½ pound ground pork, 1 large onion, ½ teaspoon nutmeg, juice of 1 lemon, 1 medium head cabbage, 2 cups canned tomatoes, sour cream.

Cook rice in water for 15 minutes. Mix rice with meat, ground onion, nutmeg and lemon juice. Remove core from cabbage. Place head in boiling water and cook for a few minutes until leaves loosen, being careful not to overcook. Remove from water and separate leaves. Place 2 tablespoons of meat mixture on

each leaf. Fold over the edges and roll, beginning with thick end. Fasten together with toothpicks.

Place rack in large kettle. Add a few cabbage leaves. Pack rolls carefully on top. Add tomatoes and cover top with more cabbage leaves. Cover tightly and cook on top of stove for 1 hour. If preferred the rolls may be placed in baking dish and cooked in a moderate oven. Serve hot with liquid in cooking container and sour cream poured over top.

Raw cabbage runs the citrus fruits a close race for honors as far as vitamin C is concerned. But to be sure you serve the family the vitamin C you buy at the store soak the cabbage only a short time in water and shred it just before making up the salad shortly before serving time.

CABBAGE RAISIN SLAW
Two cups shredded cabbage, 1 tart red apple, diced, ½ cup seedless raisins, ½ cup chopped nut meats, salt and pepper to taste, 2 tablespoons lemon juice, 1/3 cup mayonnaise.

Combine all ingredients except mayonnaise and toss lightly to mix well. If mayonnaise is very thick, thin with a little lemon juice or cream. Add to salad. Serve on salad greens. Makes 4 to 6 servings.

CABBAGE CARROT SALAD
Mix 2 cups crisp, shredded green cabbage, 3 finely shredded medium sized carrots, 1/3 teaspoon each salt and onion juice, and 3 tablespoons mayonnaise or cooked salad dressing.

Orchard Needs Young Trees

The most profitable crops of fruit are borne in the early life of the orchard when the trees are relatively young. This fact was reported from a survey of grower opinion in fruit sections, according to Dr. H. B. Tukey, head of the Michigan State college department of horticulture.

To meet this situation, growers who are in the fruit business to stay are making new plantings regularly in a well made plan, Tukey says.

Dr. Tukey terms this system of planting a "rotation orchard". He points out that profit in the fruit business comes from high yields of good quality fruit with few culls to be thrown out. It is the younger trees that produce such crops most easily and consistently.

Apple growers consider the years between 12 and 25 to be the more profitable. For peaches, the figure is five to 15 years; for pears eight to 25 years; and for sour cherries, seven to 20 years. Trees of these ages can be pruned, sprayed, and harvested with lower costs than large, old trees.

New high-powered and fast-moving spray equipment is adapted to small trees through which the rig can be driven to insure insect and disease control.

The removal of old trees is not the chore it used to be. Trees are easily handled with modern power equipment and the land made fit for replanting. Some growers prefer to replant between the rows of older trees a year or two in advance of tree removal. Others keep blocks of new trees coming along separately. Land and site will determine which is the best method to use.

Request Increase In Phone Rates

Hearings on the application of the Michigan Bell Telephone company for a \$20,400,000 increase in revenues will get underway January 26 before the Michigan Public Service commission.

The commission set the hearing date promptly upon the receipt of the company's formal application for the revenue increase, which, after taxes, would mean \$12,600,000. Half the amount of the additional revenue is sought as immediate relief, amounting to a boost of 25 cents a month in rates for residence service and 50 cents monthly on business telephones, along with increases in long distance rates.

Plant additions of \$38,000,000 in the past year and increased operating costs, including wage hikes of \$7,000,000 a year, have combined to depress the company's return to less than 4 1/2 per cent on its investment, the application said. The company's request would permit a return of at least seven per cent.

Michigan Bell asked the commission to give consideration to the depreciated value of the dollar in making its determination. Failure to do so, the company said, "will cast an unfair share of the burden of inflation upon investors in the telephone industry."

Down Under Florida Palm Trees

The Plymouth Mail's "Rambling Reporter" finds news, here, there and everywhere.

The "Rambling Reporter" of The Plymouth Mail has finally landed way down in the deep south where mosquitoes bite in the winter time, where one could go barefooted if it wasn't for the sand burrs and prickly weeds, where another horde of northern carpet baggers have settled and take money away from other northerners if the other northerners want to be suckers.

The Rambling Reporter

"Up" in Louisville, Kentucky it seems the officials have finally decided to do something to stop the number of homicides among the colored people. The safety director of that cordial city declared that the widespread shooting and knifing among the colored people had grown out of the general public attitude of "What difference does it make when a negro fights with another negro?"

Police records show dozens of cases where the person charged with homicide has a long record of previous assault and weapon-carrying. The lesser charges had all been treated lightly by the courts.

In one instance, a man charged with murder in 1947 was on probation from a previous murder in 1944. Since that time he had received small fines on two assault charges amended to disorderly conduct. Three charges of carrying a weapon had been filed away. His second murder charge also was filed away in Police Court.

Another Negro defendant charged with murder had earlier received a \$10 fine on disorderly conduct amended from malicious shooting and was taken on his own bond on a pistol-pointing charge amended to security warrant.

Another Negro received a \$2.00 fine on a malicious wounding charge amended to disorderly conduct a few months before he committed murder.

Up in good old Michigan a crime among Negroes is considered just as serious as though it was among the whites.

The Louisville Times had praise for the Michigan legislature because it gave increased pay to Michigan state officials. Kentucky's governor now gets \$5,000 per year and this year voters in that state will be asked permission to raise it to \$12,000 per year.

Walking into the coffee shop of the Brown hotel in Louisville who should be sitting at a table but Editor Arthur Stace and some friends from Ann Arbor who were on their way to Fort Lauderdale for a winter vacation of a few weeks. Editor Stace is one of the top-flight news men of the Booth papers in Michigan.

In Tennessee some of the newspapers were all "het" up about prison conditions and the official exploitation of prison labor, the rule of favoritism and the "sales" of public jobs and privileges to favored persons. Over 300 of the younger prisoners confined in Tennessee prisons are war veterans. One paper declared that the old cat-o-nine-tails has been replaced as an instrument of punishment by a five foot leather strap, and hoped for the day when "better practices will meet the needs of the day."

At Lewisburg, Tennessee Mr. and Mrs. Roy Clark of Plymouth and their son whizzed by the Mail's rambling reporter as he crossed the street at a stop light to buy a newspaper. Imagine our surprise when a lady's voice called out of a car and said "Hello Mr. Editor, what are you doing here?" Before explanations could be made, the light changed and the Clarks were again on their way with that nice house trailer of theirs to Bradenton, Florida, where they are spending the winter in the famed Kivania club Bradenton Trailer camp.

You can't see a motion picture show in some Tennessee towns on Sundays until after church services have ended Sunday nights. As soon as churches are out, the motion picture houses fill to overflowing.

Probably one of the most attractive buildings to be seen between Michigan and Florida is the "home office" of the Tennessee Walking Horse Breeders Association of America, located on a side street in Lewisburg.

Over in Georgia a lot of folks were mad at the Methodist ministers of the state because they had demanded that the Klan be outlawed in Georgia. It seems that there has been a growing revival of this night-shirt brigade in recent months and the Methodist ministers in a statewide meeting passed resolutions asking the legislature to do something to stop its revival. A fiery cross had just been burned in front of the home of the editor of one of the well known weekly newspapers in the state because the editor had said "Amen" to what the Methodist parsons had done.

It appears that the hullabaloo that has been raised by Automobile clubs and newspapers about southern speed traps has had pretty good results. Didn't see a speed cop until we crossed the Florida state line. Here if you don't detour around most of these phony sub-division towns, you will find speed-cops hiding behind dwarf palm trees, bushes and out houses in most any direction you look. But the powerful Miami Herald and some of the other newspapers have started a campaign against this cheap racket along main highways and will probably bring an end to it soon.

Home Butchering Hints Furnished

Proper meat curing, smoking, and storing were advocated to Plymouthites this week by E. D. Farwell, animal husbandry specialist at Michigan State college, for success in home butchering.

Fresh meat should be chilled promptly after slaughter to 36 to 40 degrees Fahrenheit and kept there during the curing process, he states. For a dry cure for each 100 pounds of meat, Farwell recommends: seven pounds of salt, two pounds of sugar, and two ounces of salt peter. For brine cure, these ingredients are mixed with four gallons of water for each 100 pounds of meat.

For hams and shoulders, two and one-half to three days are needed per pound for curing each piece and two days per pound per piece for bacon. For dry cure, rub one-half of the curing mixture on the meat and pack in a clean wooden barrel or crock, taking care not to shake off the curing mixture. After six to eight days, remove the meat and re-salt with the rest of the mixture.

If a brine solution is used, pack the fresh cuts in a clean barrel or crock and cover with brine. Boiling water that has been cooled should be used in making the brine solution. Keep the meat under the brine. The meat should be taken out of the brine three times at weekly intervals and the top cuts turned over and placed in the bottom.

After curing, wash meat in warm water and soak in cool water for an hour before hanging in the smokehouse. Let meat drain for 24 hours and then smoke with any green hardwood. Hang meat six to eight feet from fire and smoke about 36 hours with a slow fire.

Meat should be wrapped in grease resistant paper and placed in a protective bag for storing. Keep in a dark, cool, dry place.

Social items can be phoned to 1755.

Fair in the Light of Memory Shines
 BY ELTON R. EATON
 There was a time when a good farmer was supposed to have a smoke house on his place. If he didn't have one, in sight of some of his neighbors, he wasn't much of a farmer. Even people "living in town", that is the thrifty ones, were supposed to have a smoke house where meats could be prepared for winter use.
 A drive around the countryside in the vicinity of Plymouth will to this day reveal some of the old smoke houses, still standing although not in use. Some were constructed out of stone and some out of brick. Few of those built of wood still remain.
 There are some farmers hereabouts who still use smoke houses—and these are the farmers that usually have that deliciously smoked ham and bacon you can't buy for love or money.
 Over in Berrien county on the west side of the state lives Carl Cassidy, one of those "thrifty" farmers who still believes that the old smoke house is part and parcel of a good farm.
 Like many oldtimers, Cassidy would not think of facing a Michigan winter without a good supply of home cured ham, bacon and sausage. One of his predecessors on the farm had a hollow sycamore log measuring 43 inches in diameter for a smoke house, he told a conservation department forester a few days ago. He recently re-set the log on a concrete base and capped it with a slab of concrete.
 While admitting to more than three-score years he says he can not remember a winter passing when the old sycamore smoke house failed to provide a delicious assortment of home-cured meats. Explaining his curing methods to the forestry specialist, he said that the first step is to hang the meat on pegs or nails inside the wooden shell. Next a fire is kindled from a mixture of corn cobs and green hickory and allowed to smolder for several days. "Then" Cassidy says, "you have smoke-cured meat that is really worth eating."
 Every year The Plymouth Mail prints many thousands of "No Hunting" signs for farmers living in this part of Michigan who are overrun during the hunting season by thousands of thoughtless hunters from Detroit and elsewhere.
 But if this county should adopt a plan being followed by farmers and sportsmen living in the vicinity of Norman, Oklahoma these signs in the future will read as follows: "Hunting or Fishing by Permission Only."
 The Wildlife Management Institute of Washington apparently thinks this is a good idea because in a recent press release it makes special mention of this plan. Down in Oklahoma the Sportsman's club which sponsored the idea, also helped to enforce it.
 The report says: "The club offers a \$25 fine for information leading to the arrest and conviction of any one destroying a farmer's property

while hunting and fishing and another \$25 for information leading to the apprehension of any one violating the state fish and game laws."
 "Such action by a sportsman's club is to be commended as an extremely progressive step toward improving farmer-sportsman relations. The system employed by the Cleveland County Sportsman's club increases the acreage available to the law-abiding sportsman for his hunting and fishing, assures him of a hearty welcome from the farmer, and protects the landowner, the sportsman, and the game from the criminally thoughtless and the vandal. Other clubs in all other states should employ the same method to good effect."
 Here is something that President Brick Champe and members of the Western Wayne County Conservation association could well give serious thought to—as it has always been the object of this organization to work in complete harmony with the farmers—
 In a recent summary of the annual report issued by the Michigan Conservation department, proper reference is made to the importance of the tourist business in this state, which is now regarded as the second ranking "industry" of Michigan.
 Amazing as it may seem, more than 12,000,000 visitors enjoyed the Michigan state parks and other recreational areas last year. In addition to the visitors at the many state parks, 43,397 permits were issued for tent and trailer camping on state property.
 Little did former Governor Alex Groesbeck realize when he created the Michigan state park system that in the span of two dozen years, so many millions of people from other states would become annual visitors to the beautiful Michigan state parks.
 In part, the Conservation department's report about "Michigan playgrounds" follows:
 "Increased facilities for swimming, picnicking, camping, archery, riding, hiking, and winter sports were developed with funds made available by the legislature during several recent sessions. Projects were selected to meet the most urgent needs and adjusted to fit the stringent conditions of materials and labor."
 "Major projects of 1948 included the planting of trees in the Pontiac Lake state recreation area; temporary bathhouse, beach, entrance road, parking area, canoe and boat concession in the Island Lake recreation area; near-completion of a large shelter, concession and toilet building, walks and steps in the Bloomer No. 2 unit of the Rochester-Utica recreation area; near-completion of a new entrance road, parking area and campground in Tahquamenon Falls state park; campground and concession at Lakeport state park; entrance road, beach, and parking area at Teeple lake in the Highland recreation area. Temporary rather than permanent bath-houses and concession buildings were constructed due to high building costs and scarcity of materials. Hundreds of picnic tables, simple pit toilets, stoves, wells, and other improvements were placed at newly-created picnic sites.
 "Group and day camping and conservation education programs using state park facilities increased 100 per cent during the year and schools throughout the state are taking advantage of the opportunities offered by these areas.
 "The tourist industry, second largest in Michigan, demands more and better facilities for Michigan's people and for out-of-state visitors. These are being supplied as funds, materials, and labor become available."

WHEN you see the 1949 Chevrolets, a glance will be enough to tell you they're new—all new—in line and contour, in beauty and style. And when you look inside, and under the hood, and beneath the chassis, you'll see that their newness is not merely in outward appearance, but in design and engineering and construction as well.
 But, to a lot of people, the 1949 Chevrolet is already old. They know what it will do, and how exceedingly well it will do it—they know all about its performance, its comfort, its power, safety, durability and economy. They are the engineers and technicians of the General Motors Proving Ground—the largest, most completely equipped, outdoor testing laboratory in the automobile world.
 Here, before a single new 1949 Chevrolet went into production, experimental models were tested—made to show that they possess, in greater measure than ever, all those qualities on which Chevrolet has built its leadership.
 In short, the General Motors Proving Ground tests are your assurance that your new-model Chevrolet has proved its worth through many months and many, many thousands of miles of rough handling.
 Soon you will see the new Chevrolet—and when you do, you will see a car not only new, but tried and true.

Dale Carnegie

Author of "HOW TO WIN FRIENDS and INFLUENCE PEOPLE" **STOP WORRYING**

DURING the depression that followed the stock market crash in 1929, Edward F. Cook, 1306 Sherman Avenue, Pittsburgh, Pa., almost wrecked his health and his home.

He had been promoted to manager of one of the stores of the company for which he worked, and on the strength of that promotion, he was married. Then came the crash!

The future didn't look too bright, but all went well at first, for no one thought the depression could possibly last very long.

A few years passed and two children were added to his responsibilities. The business at the store dwindled—and continued to decrease as the weeks and the months passed. Edward began to worry; he didn't sleep well at night, tossed and turned even in his sleep. When he came home at night, instead of relaxing and enjoying the companionship of his family, he became morose. As he sat in his big easy chair, he worried about what had already happened and about what might happen on the morrow.

If the children played around him, if the radio sounded a little high, he would jump nervously from his chair. And the children suffered from his scolding. If his wife made a remark that couldn't be construed as a compliment, he accused her of nagging.

This went on night after night, week after week, month after month. Then one night his wife said "Eddie, we have to come to some sort of agreement; we can't go on like this. Life for us has become a 'hell on earth.' Either you quit your job and try to get another, or we will go on relief as thousands of others are doing. The alternative is for me to take the children and leave."

Well, that shocked him out of his mental condition. He didn't want his home life destroyed. And if his wife was ready to sacrifice her home and the things she was entitled to, why should he worry about the business of somebody else? He decided to stop worrying, to do all he could to promote business, and to do it cheerfully.

The next morning he greeted fellow workers and customers with a smile. They responded. Although business didn't immediately improve, it did not get any worse. Today, after 15 years, his home life is happy, his health is good, and he is still manager of that store. But what if he had continued to worry?

Astrology

Your Weekly Guide by G. Cardinal LeGros

work in astrology is worse than no astrology at all because a life can be ruined through wrong advice.

Another thing that we question is the value of most magazine and newspaper astrology based on the month of birth. This can be very misleading because if you were born at the beginning of the Aries month and another person at the end, there is a dif-

SHE WALKS IN BEAUTY

She walks in beauty like the night Of cloudless climes and starry skies. And all that's best of dark and bright Meet in her aspect and her eyes; Thus mellowed to that tender light Which heaven to gaudy day denies.

One shade the more, one ray the less Had half impaired the nameless grace Which waves in every raven tress Or softly lightens o'er her face; Where thoughts serenely sweet express How pure, how dear their dwelling place.

Lord Byron
There are two kinds of astrology practiced in the world today. First, the fortune-telling variety which has brought so much discredit upon the science. Second, true astrology which is based upon inflexible mathematical law—the kind we use in this column.

You have noticed that the exact day, month, year, hour and place of birth is required to erect your horoscope. This is because no two people are exactly alike. Identical twins, which even the mother can't tell apart, happen only when the babies are born within four minutes of each other, and therefore have the same degree of the zodiac rising at birth. True identical twins are rare, but when they do occur the experience-pattern of both lives is the same.

A famous example of true identical twins was George the Third and John Hemming, who later became a distinguished member of the Monger's Guild. Both were born on June 4, 1738, at the same minute, in England. They looked as much alike as two peas in a pod. And their lives ran parallel, though in different social spheres. In October 1760, when George became king, John Hemming went into business for himself. Both married on September 8, 1761, and both died on the same day, within an hour of each other, of the same illness.

In his private practice the writer never delineates a horoscope until he has made certain, through a process known as rectification, that the birth-time is absolutely correct. Then it is possible to go ahead with confidence, knowing that his findings will be true and reliable. Guess-

ference of some thirty zodiacal degrees involved, and what affects one of you will not touch the other at all. One takes a great chance when he depends upon this kind of astrology.

The closest that an astrologer can come to reliable general forecasting is by checking the major aspects of slow-moving planets like Neptune, Uranus and Saturn to the Sun which occupies the same approximate position in the zodiac for the same day in every year. We give a few examples, but it is impossible, of course, to cover the chart of every reader.

If you were born between the 17th and 28th of June of any year, swift, important developments are in store for you. 1949 will likely bring you a degree of realization in love and business; seldom equaled. It will be a year of dreams come true when your deepest aspirations, manifest as realities.

If you were born between the 17th and 28th of December of any year, you should watch out for temperance and nerves. If you are a genius or a great personality, tremendous things are ahead for you. If just an ordinary mortal, strive to co-operate with others and assert yourself less. It will not be a good year for marriage because you will be touchy and start married life by getting into bed on the wrong foot.

If you were born between the 21st and 30th of August of any year, you will receive, in 1949, exactly what you have worked for and deserve. At the best this means wide popularity, success and achievement. At the worst it will mark the end of the road that should never have been taken in the first place. Your chickens, good or bad, will come home to roost.

If you were born between February 17th and 25th, 1949 will be rather difficult, bringing challenges and obstacles for you to overcome. The world around you may seem harsh and antagonistic. But if you face life courageously, your reward will be lasting growth of character. You will emerge "twice-born" with a knowledge of yourself that will never desert you.

If you were born between the 5th and 12th of October of any year, your inner nature will be greatly stimulated in 1949. Sentimentality, self-indulgence, and sensualism should be avoided. Romanticism can prove dangerous. Seek to keep both feet on solid ground and weigh people and situations in the scales of hard, cold reason. Constructive progress made during the year promises to be lasting.

If you were born between April 1st and 8th of any year,

there will be much need of self-analysis. Your circle of friends will likely widen and you will enjoy a rare kind of popularity. But at the same time human relations will tend to be bewildering. Creative powers in art, music or literature will heighten.

The foregoing is sure-fire, but necessarily very incomplete. It is possible to give this much only because the year is based on the movement of the Sun. If your birthday does not fall into any of these periods, perhaps some friend's or relative's does and you can send him the paragraph which concerns him.

Question: I am not what is considered a beautiful woman but I do want to make the most of my appearance and personality. Can you tell me how to do this from my horoscope?

Answer: You have the planet Saturn rising in your first house at birth. This always gives a sober, even somber, cast to the countenance and usually demer physical beauty. But don't let that worry you. John Robert Powers, the famous model agent, states that what makes a woman truly beautiful is not so much loveliness of face and form as a glow of health; lustrous hair; soft modulated voice; easy, confident stride and erect carriage; a radiant personality; self-assurance and naturalness; integrity and stability of character. All of these things are in your horoscope as promises for you to make come true. Develop them, and the world will see you as a beautiful woman.

Deadline on Want Ads — 5:00 p.m. Wednesday

Join this army and see the World!

HERE'S one army you'll be tickled to death to sign up with—and for a good, long hitch at that.

It's the growing band of happy folks who are stepping out in tidy new 1949 Buicks—and they've got plenty to sound off about.

Mobility for instance. All the life and zing of big Fireball power plants, cradled to velvet smoothness on Hi-Poised engine mountings.

Silk-smooth operation on city street or open highway through the near-magic of Dynaflo Drive, available now on the Buick SUPER as well as the ROADMASTER.

Easy-going ground coverage from soft coil springs and pillowy big tires on oversize rims.

And what a wonderful outlook you find

Standard on ROADMASTER, optional at extra cost on SUPER models.

here! Through broad, high, full-curving windshields that really let you see.

Through deep, airy side windows that send the whole countryside passing in review—through wide, one-piece rear windows that make parking and backing much easier.

Statistically, the fact is that 4-door Sedans have 22% more glass area than before. Practically, the thing to do is sit in one of these beauties—and note how beautifully you can see the world.

Note, while you're at it, the figures on your dealer's price tags. Even they are part of a mighty happy picture that makes it advisable to get your order in without delay.

When better automobiles are built BUICK will build them

TODAY'S DELIVERED PRICES

INCLUDING RADIO, UNDERSEAT HEATER, DEFROSTER, WINDSHIELD WASHER, BACK-UP LIGHTS—AND DYNAFLO DRIVE ON ROADMASTER MODELS.

MODEL 41 SPECIAL 4-DOOR SEDAN \$2050.00

MODEL 51 SUPER 4-DOOR SEDAN \$2381.00

MODEL 71 ROADMASTER 4-DOOR SEDAN \$2954.30

State and city taxes, if any, extra. Dynaflo Drive optional at extra cost on SUPER models. While sidewalk tires optional at extra cost on all models. All prices subject to change without notice.

PEEK at the STARS

By LYN CONNELLY
 NWNS Radio-Screen Editor

THE year 1948 was an excellent one for the handsome Gordon MacRae, ABC singer . . . He landed a good radio show, made his screen debut and cut some good records—Capitol ones, in more ways than one . . . Keep your eye on this fellow in '49—he has a bright future . . . Una Merkel, the "Adeline Fairchild" of NBC's "Great Gildersleeve," hopes to get time off from her radio schedule to visit relatives in Atlanta, Ga.

G. MacRae

Lionel Barrymore, that inimitable, shaggy-browed gentleman, who has for over 30 years been a part of theatre tradition, will once again be heard in one of his finest roles, that of the mayor in "Mayor of the Town" which will make its debut on the Mutual network on January 2 . . . Ever since the show first hit the airwaves over four years ago, it has proved a must on the listening schedule of people who sit on the receiving end of the loudspeaker. . . Together with Agnes Moorhead, who plays "Marilly" and young Conrad Blinzer, who portrays "Butch," the mayor will be on hand next week to welcome you back to his town.

PLATTER CHATTER

CAPITOL: A fine new album released for children is Walt Disney's latest screen effort, "So Dear to My Heart," with the original film cast . . . Featuring lovable Bobby Driscoll, this should be a great favorite with the young set . . . Dean Martin has cut his first serious record and it's a honey . . . One side has the new and already popular "Tarra Tarra Tarra" which he does in a slow mood with "Once in Love With Amy" on the flip side.

VICTOR: Bebop fans are going to welcome a new album featuring the jump music of Dizzy Gillespie, Kenny Clarke and Coleman Hawkins . . . Most of the music is original and it's done in a new fashion . . . Vaughn Monroe has a new album out that by far surpasses anything he has ever done on wax . . . Some favorite songs of yesteryear, such as "Begin the Beguine," "Whispering Song," "Because" and "Whiffenpoof Song," are interpreted by the baritone in his rich and pleasing voice.

Phone Almanac Is Now Available

The "Telephone Almanac," one of the most widely distributed publications of its type in the country, now is available in all business offices of the Michigan Bell Telephone company.

The theme of the 1949 almanac is "pioneering," describing and illustrating 12 important inventions or discoveries of a 100 years ago which still today affect the daily life of everyone.

As usual it contains astrological information, timetables for the sun and moon, and a chronology of important events.

Among recent inventions is a curler that brushes hair, rolls it into a curl and leaves the bobby pin in the curl in one operation.

ARCH OF TRIUMPH . . . An arch of triumph can be seen as marking the Jewish victories in the Negev as well as the occasion for which it was erected—the opening of a new road in Israel—spans the link between Tel Aviv and Jerusalem. Armored units, some of which helped win this thoroughfare from Arabs, pass under the arch during a parade which celebrated the opening.

BABSON

Babson Discusses Utilities

During the past few days I asked many investment bankers: "In view of the business and market uncertainties, what are the safest stocks to hold?" The general answer was that the stocks of the operating utility companies offer the best combination of safety and income.

Outlook for Business

Total kilowatt hour output of the utilities will decline with general business, but this decline will be from industrial customers. As many electric companies are now short of generating capacity, and cannot take on many new residential customers, this could be a blessing in disguise. Residential customers are much more profitable than large industrial customers. Therefore, by switching customers, the total output could decline without a decline in profits.

Electric companies have very few labor troubles. In the case of water power companies, the labor expense is only 20 per cent, compared with 80 per cent in the printing industry. The labor expense for the entire electrical industry is low,—equalled only by the chemical industry. Therefore, it has little to fear from the much-talked-of "fourth round" of wage increases.

General Operating Expenses

The electrical industry is a large purchaser of supplies, including millions of miles of copper wire, millions of poles, arms, and insulators, thousands of trucks, as well as great quantities of coal, oil and natural gas. Although there may be some further price increases on some of these products, yet the corner has turned downward on the average. This should benefit the utilities so long as we avoid war with Russia or the Chinese Communists.

The only "nigger in the woodpile" is the attitude of utility commissions regarding rates. Many utility companies are in need of higher rates, especially street railway and bus companies which have large labor expense. As, however, these rate-making bodies clearly under-

DECORATED . . . General Elio Marras, chief of the Italian army, has received the U. S. legion of merit for service performed by him in strengthening the forces of democracy and freedom.

K-F Dealers Will See New Models

Kaiser-Frazer corporation will be the host to 4,500 K-F dealers and distributors at a mid-winter carnival and auto show at the Willow Run plant January 10 to 15, according to Hines and Owens Plymouth's K-F dealers.

Four new K-F body styles—a utility car, taxicab, convertible and "hardtop" sports sedan—will be shown to dealers for the first time. The taxicab was placed in production in December, and the other models are to be introduced before spring.

The K-F hangar at the adjacent Willow Run airport has been transformed into a giant "country fair" for the program.

A sales conference, luncheon and entertainment will highlight the programs, with a new-car driveaway closing each day's session.

Wives of dealer representatives have been invited to accompany their husbands and attend the business sessions as well as the entertainment phases of the program.

The Brahman, a native of Asia, is becoming one of the more popular breeds of cattle in the American southwest.
