

# William Hartmann Named Mayor By Commissioners Monday Night

William Hartmann took over the reins of Plymouth's governing body Monday evening. During their regular meeting, city commissioners voted Mr. Hartmann into the office of mayor.

## Chamber of Commerce Offices Newly Located

Offices for the Plymouth Chamber of Commerce have been moved during the past week. Location is now at 215 South Main street. Situated next to the Dunning branch of the Wayne County Library building, the offices fill two rooms in the structure formerly known as the Harrison home.

## Rotary President

Frank Henderson

Stepping from one honor to another seems to be the rule for Mayor Frank Henderson these days. Before he had given up his duties as chief executive of the city he was elected president of the Plymouth Rotary club for the ensuing year. He will assume these duties in mid-summer.

Robert Willoughby, long one of the most energetic workers in Rotary circles, becomes the new vice president. Evered Jolliffe was re-elected as secretary and Dave Mather as treasurer.

## Discussion Series Starts Next Week

Plymouth's University of Michigan club will initiate a series of spring discussion programs next Thursday, April 28, according to an announcement by David Mather, general chairman.

The 1951 program of the series, led by Frank Henderson, will deal with the question "Can the Layman Enjoy the Theater?" The discussion will take place at the home of Mrs. Nell Curry, 1027 Penniman avenue. Members have been advised that the program will open at 8 p.m.

## Plymouth Easter Drive Still Open

It is not too late to send contributions to Plymouth's Easter Seal drive, according to a statement made this week by C. H. Bennett and Russell Daane, co-chairmen of Rotary club's Crippled Children's committee and leaders of the local campaign.

The early part of this week the total of contributions locally was approximately \$500 short of the amount donated a year ago. The local residents have given about \$1,940 for the 1949 drive, while last year their contributions added up to \$2,400.

Any who have not donated to the fund for crippled children may mail their money to either Mr. Bennett or Mr. Daane at the Daisy Manufacturing company, the co-chairmen announce.

Last Saturday afternoon students of Plymouth's schools sold paper lilies in the downtown area as another means of earning funds for the drive. The sales amounted to \$227, slightly over last year's \$225.

In a break-down of the contribution total, Mr. Daane stated that \$1,526 was received from local residents who responded to their soliciting letters. School students donated \$131.25.

The drive is sponsored in Plymouth by the Wayne Out-County chapter of the Michigan Society for Crippled Children and Adults.

In their concluding statement, the co-chairmen of the local drive pointed out that Plymouth usually leads other cities in the out-county area for this drive. "Let's achieve this goal again this year," they said.

## League's Cause is World Peace

World peace is the primary cause of the Women's International League for Peace and Freedom, an organization which is newly represented by a chapter in Plymouth.

All Plymouth women who support the principles of the league have been extended an invitation to join.

According to the chairman, Mrs. Thomas Bennett, "It is the firm belief of this group that the most effective means by which free people may maintain peace institutions lie in a positive program which will safeguard human rights, enrich human living, and utilize all available resources for peace."

Officers of the local branch of the organization elected at the meeting held in the home of Mrs. Bennett on April 14 were: chairman, Mrs. Thomas Bennett; secretary, Mrs. William Thomas; recording and corresponding secretary, Mrs. Charles Root; treasurer, Mrs. Dale Arnold.

Chairmen of committees are as follows: legislative, Mrs. Frederick Poole; literature, Mrs. Howard Hood; publicity, Mrs. Donald Jewell; public relations and religion, Mrs. Joseph Wittwer; finance, Mrs. Dale Arnold; membership, Mrs. Charles Root; program, Mrs. William Thomas.

## Hi-12 Schedules Famed Writers

Plymouth's Hi-12 club will play host to Anne Campbell and George W. Stark on May 13. Entitled "An Evening with George and Ann," the program will be a sketch of the lives of this couple. Both have won fame in newspaper spheres.

Anne Campbell, the Detroit News poet, is the author of a syndicated column which appears in 40 newspapers of the United States, Canada, England and Ireland.

Her husband, George W. Stark is editor of the Town Talk column in the Detroit News. He is president of the Detroit Historical commission, and the official historian of the City of Detroit.

## New Insurance Agency Set Up

Newly added to Plymouth's list of business concerns is the Evans Insurance Agency.

Located at 861 Penniman avenue, its direction is being supervised by Mrs. Vivian G. Evans. She was affiliated with C. I. Finlan and company for a total of 15 years.

The agency, which opened three weeks ago, will deal in general insurance and bonds.

Mr. and Mrs. Lewis Sutfin and wife of Flint were weekend guests of Mr. and Mrs. U. R. Sutfin of Maple street.

## C. of C. Controls Solicitations in Business Area

Long sought for by Plymouth merchants is the Solicitation committee which was set up at the Thursday, April 14, meeting of the Chamber of Commerce.

The newly created body will approve all solicitation campaigns made in business concerns. The check, which will be made in the future by the newly created committee, will be in addition to the city clerk's okay of canvassers locally.

During the same meeting a Retail Merchants division of the Chamber of Commerce was instituted. According to Charles Hansell, secretary-manager of the C. of C., most cities have a similar set-up for the handling of all problems of merchants.

Membership on the Chamber housing committee was also increased at last week's meeting, when Ray Williams, Frank Arlen and Ralph Lorenz were appointed to that division of the organization. Sterling Eaton retired as chairman of the committee, but will continue as chairman of the Public Relations and Advertising committee.

## Drive for Cancer Funds is Slow

Solicitation for the Plymouth phase of the American Cancer Society drive is progressing slowly, explains Chairman Mrs. Austin Stecker, but she assures that all residents will be contacted for their contributions.

She attributes the slowness to the proximity of the Red Cross and Easter Seal drives, and the Easter season.

Before the conclusion of the drive locally, all business concerns, industries, clubs and residents will be called on. Mrs. Stecker told that this will include not only the city, but Plymouth and Livonia townships.

## Cooking Program Slated for Today

The appearance of Miss Mary A. Ripslinger, cooking demonstrator, is scheduled for this afternoon at 1:30 in the Penniman Allen theater.

Miss Ripslinger, home economist for the Detroit branch of the Frigidaire division of the General Motors corporation, was secured for her local appearance by the Wimsatt Appliance Shop. She will appear on a benefit program which new members of the Plymouth's Women's club present annually.

According to the new members, the program will start promptly at 1:30 p.m. Paul Wagner is making arrangements for music from 1 p.m. until the starting time of the show.

## Brownies, Scouts to Entertain PTA

The Brownie group, directed by two members of the Central Grade school PTA, and the Scout Troop sponsored by the organization will furnish the program for the Tuesday, April 26, meeting.

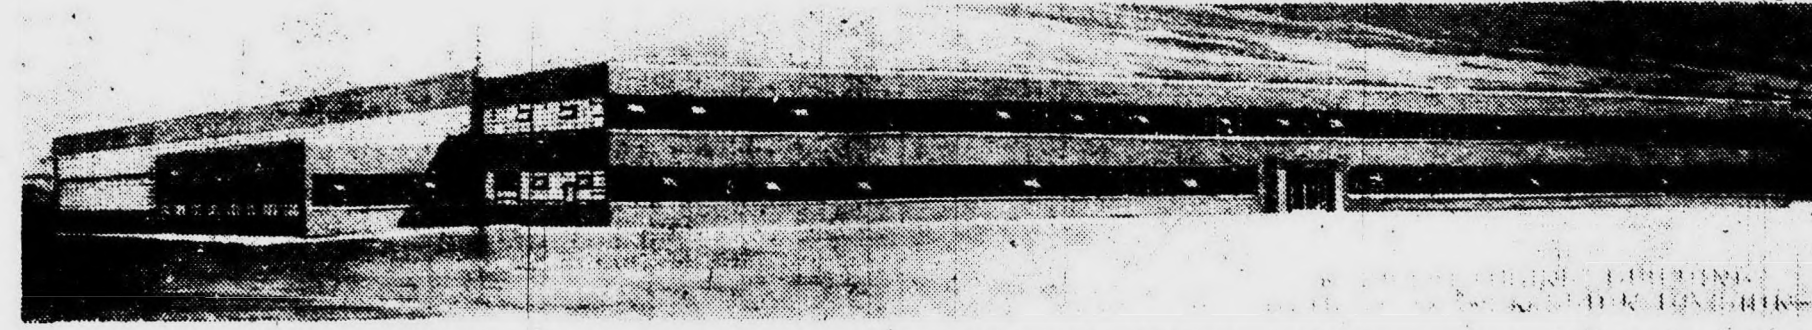

The meeting will be held in the Central Grade school auditorium, beginning at 8 p.m.

The Brownies will present the following program: how the name originated, account of their service work, display of handicraft and project work, recitation of the Brownie promise, and a group of songs.

The Scouts will present a flag ceremony, the oath of allegiance, description of how badges are earned, and presentation of chart.

The PTA will hold a short business meeting which will include an election and installation of officers for the ensuing year.

## New General Motors Plant to Offer Thousand Job Opportunities

There will be one thousand jobs open for residents of Livonia township, Plymouth and vicinity when the new plant of the Detroit Transmission Division of General Motors now under construction on Plymouth road just east of Middlebelt is ready for operation on August 1. This is entirely a new produc-

tion plant and does not involve the transfer of any department or workers of the company. The new plant is the first unit of what promises to be one of the largest industrial centers in Wayne county.

Victor A. Olsen, general manager of the Division states that the front of the plant now under construction will be of two story

height and will house such facilities as the restaurants, locker rooms, hospital and telephone switchboards. The remainder of the building will be one story.

The first unit is so located that five additional units may be added, as conditions may require, to the north and the east.

While the present plans call for the employment of 1,000

workers during the fall, it is anticipated that before the end of the first year after the completion of the plant that there will be at least 2,000 employed. Hydromatic parts for General Motors cars will be produced in the new plant, which, when completed, will be one of the most modernistic industrial buildings of its type in the country.

## Lutheran Pastors Leave on Exploratory Mission to Africa Monday

While on their African mission expedition the Rev. Edgar Hoercke, left, and the Rev. A. G. Wacker, right, will use the custom outfitted truck as their movable home.

Four months of traveling through the south and western sections of Africa will lie before Rev. Edgar Hoercke and the Rev. Arthur Wacker of Ann Arbor when they leave their families and congregation members next Monday, April 25, on a Lutheran church missionary expedition.

Rev. Hoercke is pastor of St. Peter's Lutheran church in Plymouth, and the Rev. Wacker heads the Salem Lutheran church in Ann Arbor. While on the expedition the former will be replaced here by the Rev. Otto Kuhlrow of Jefferson, Wisconsin.

Both men have been working on plans for an exploration of new mission opportunities on the African continent for several years. Last February it was announced they were selected as the ones to make the journey. Sponsor of the expedition is the mission board of the Lutheran church of the Wisconsin Synod. The Rev. Hoercke has been a member of the board for eight years, and the Rev. Wacker has six years of service.

Driving a truck which has been completely outfitted for the expedition, the two will journey to New York where they will board a fast freighter for Capetown, Africa. The large, white, mobile home has been custom outfitted for all conditions the men expect to encounter.

A description of the truck might begin with how the two pastors will solve their problem of food while on the expedition. Refrigeration facilities are available on the truck, and the men expect to store food enough to last them the entire trip. Allowance for cooking is made by the two with the storing of adequate supplies of bottled gas. The truck is equipped with two tanks for the storing of water, and both hold 28 gallons. Electricity will be available through the 110 auxiliary power unit which has

been included as a portion of the needed equipment. The Dodge Power Wagon is equipped with four wheel drive and low and high transmissions, the two travelers pointed out. Located on the front of the truck is a power winch on which the two men can rely on when towing facilities are not otherwise available.

Atop the heat insulated truck is an opening which the men will use for a portion of the filming of 15,000 feet of colored motion pictures they will take for their churches.

Listing the primary purpose of the entire expedition the pastors told they will establish one extensive mission; one that will not overlap with existing sites. The first of the two areas which will be scrutinized for their possibilities is in the northeastern section of Northern Rhodesia and the southwestern part of Tanganyika. The other is the upper Niger country in French West Africa.

While in Nigeria the two ministers will also investigate conditions of the Lutheran mission that was established there 12 years ago.

Although the two will come up against some language difficulties, they expect to find a few English speaking natives in every settlement. The varied and many dialects spoken by those along the "off the beaten paths" of

## DPW Employees Ask Wage Raise

Department of public works employees have submitted an hourly wage increase request to city commissioners.

The workers, all members of the American Federation of State County and Municipal Employees, ask that the increases be granted to all DPW employees. They are also requesting definite classifications of all employees, and one day sick leave a month which would be accumulative to a maximum of 30 days. The men are also asking for a 40 hour week, instead of a 44, with time and a half for overtime, and double time for Sundays and six holidays.

According to City Manager Harold Cheek, the pay request would in the lowest case amount to a five cent an hour increase, and in some it would go as high as 40 cents an hour. At the present time \$1.25 is the highest hourly rate paid to DPW employees, with the exception of the foreman and assistant foreman.

Pay increases were granted to the DPW employees approximately a year ago, and another better organized. Named to fill

## Teachers Refuse To Sign Contracts In Salary Conflict

Members of the Board of Education met a new problem Tuesday night when representatives of Plymouth's Teachers club appeared before the Board with new salary demands.

The club's chairman of the Financial committee, Carvel Bentley, informed the Board that 69 of the schools some 80 teachers had returned their contracts to the club unsigned because they were dissatisfied with the Board's salary offer for the coming year.

The salary schedule as submitted to the faculty members called for an adjustment of only the minimum salary, increasing it from \$2,500 to \$2,600. It left maximum salaries at the former level, and stated that other salary increases would conform to the schedule previously used.

In presenting the salary request of the teachers, Mr. Bentley pointed out that a straight \$300 increase per teacher plus their regular \$100 schedule increment, which they are asking, would place local teachers on a salary par with 19 other schools in this area.

Board members took no action on the matter but stated they would refer the request to a Salary Study committee for further consideration.

## Petition Concerns Downtown Area

Roderick Cassady presented city commissioners with petitions Monday evening which request establishment of alleys and a parking area in a business block in the downtown area.

The section with which the petition signers were concerned is that bounded by Dodge, Penniman, Main and Union streets.

The request asked that alleys, parking space, and pedestrian walk-ways be provided.

## Conservationists Elect Directors

Election of directors for the Wayne Conservation Land company highlighted the annual meeting of the organization held at the club house on Joy road Monday evening, April 18.

The seven men elected at that time were Harold Bloom, Joel Elliott, Kenneth Gust, William Morgan, John Oldenburg, Fred Rhead and Ezra Rothour. An election of officers will be held during the next session.

The consensus of opinion expressed at the Monday meeting was that the board would like to finish paying the mortgage on the land and complete the building of the club house during the ensuing year.

## West's Now Have Television Salon

A new feature of the West's Farm and Home store, 507 South Main street, is its television viewing salon. It is a large, natural wood paneled, carpeted room adjacent to the salesroom, and furnished with lounge chairs and sofas. The West brothers believe that in viewing television in this home-like atmosphere, prospective buyers will be better able to judge the sets as they will perform in their own living rooms.

They are showing the Capehart, by Farnsworth, in addition to Westinghouse and Emerson television sets.

Due to a typographical error in last week's advertisement, the Capehart television unit, model 610P, was incorrectly listed as \$299.50, which should have been \$299.50.

## Musicians Close Current Season

Plymouth's Symphony orchestra members closed their second year Sunday, April 10, with the presentation of the final concert of the season in the high school auditorium.

Under the direction of Paul Wagner the musicians gave a musical program which has been described by the audience as "outstanding." Guest soloist of

## Couple Observes 57th Anniversary Easter Sunday

The 57th year of marriage was celebrated by Mr. and Mrs. Myron Willett on Easter Sunday when they were the guests of honor at a dinner in the home of their daughter and son-in-law, Mr. and Mrs. Clarence Teufel of Toledo, Ohio.

Others enjoying the celebration with them were Mr. and Mrs. Ezra Rotnour, Mr. and Mrs. William Schog, Mr. and Mrs. William Downing, Mr. and Mrs. Chase Willett of Plymouth; Mr. and Mrs. Henry Grikscheit and sons, Gary and Christopher of Detroit; Mrs. Bessie Miller and daughter, Ruth, of Rochester; Miss Doris Teufel and Mr. and Mrs. Karl Bieman of Toledo.

The occasion was also in observance of the tenth anniversary of Mr. and Mrs. Grikscheit. Mrs. Grikscheit is the granddaughter of Mr. and Mrs. Willett.

## Sunday to Mark G. W. Richwines 54th Anniversary

Respects will be paid to Mr. and Mrs. George W. Richwine on their 54th wedding anniversary at the Sunday service in the First Methodist church.

Mr. and Mrs. Richwine have been residing in Plymouth since 1902, and at the present time their home is 47640 West Ann Arbor road.

For a number of years Mr. Richwine has been active in public affairs having served as city treasurer from 1920 until 1932.

He now holds the office of Justice of the Peace in the township. Mr. and Mrs. Richwine will celebrate their anniversary at the home of their son and daughter-in-law, Mr. and Mrs. Alton J. Richwine in Monroe.

## Newly Arrived...

Mr. and Mrs. Don A. Martin became the parents of an eight pound four ounce daughter, Susan Jean, on March 27. The baby was born in Harper hospital in Detroit.

Richard Alan is the name Mr. and Mrs. Harold A. Micol chose for their eight pound two ounce son, who was born on April 12 in St. Joseph's hospital in Ann Arbor. Mrs. Micol was formerly Kathleen Ford.

An eight pound 14 ounce son, Stephen Douglas, was born to Mr. and Mrs. Jack Phillips of Gilbert street on April 19. Mount Carmel hospital was the birth place.

## Mrs. Meyers Dies in Bowling Green

A former Plymouth resident, Mrs. Jennie M. Meyers, died in Community hospital in Bowling Green, Ohio, Saturday, April 16. Mrs. Meyers left Plymouth four years ago to make her home in Bowling Green, following a 15 year residence here.

Funeral services were held on Monday in Bowling Green, with interment in Weston cemetery in Weston, Ohio.

Surviving Mrs. Meyers are her children: James F. Meyers of Plymouth; Helen M. Hendricks of Weston, Ohio; William F. Meyers of Weston, Ohio; Francis Hartsell of North Adams, Michigan; Hattie Gallup of Ypsilanti; Louella M. Cutler of East Lansing; and Ruth Hamburger of East Lansing.

## Mock Wedding Held on Couple's Anniversary

The Bartlett Grade school was the scene of the mock wedding of Mr. and Mrs. Oren Blackmore in celebration of their 25th wedding anniversary on Saturday, April 9.

The marriage rites were read by Al Travis of South Lyon. Mrs. Blackmore's twin sister, Mrs. John Simons, who attended her at the wedding 25 years ago, acted as bridesmaid in the mock ceremony.

Ben Valchine attended Mr. Blackmore as best man. Following the wedding a buffet supper was served by Mrs. Charles Courtney of Wayne.

Out of town guests were present from Wayne, Belleville, Detroit, Dearborn, Farmington, and Wyandotte.

## Lutheran Pastors Leave on Exploratory Mission to Africa Monday

Their journey would make it impossible to attempt to learn the language spoken by the natives. The route the ministers have mapped out will take them north from Capetown, through the Union of South Africa, from there they will travel through Transvaal. The next point on their map is South Rhodesia and then on to North Rhodesia to the border of Tanganyika. A train leaving from Elisabethville will take the men through the Belgian Congo to the southern part, and through Angola to Benguela.

Next they will turn their truck to Lamarene in French Equatorial Africa where they will visit Dr. Albert Schweitzer, winner of world-wide recognition as a medical man, musician, philosopher, author and missionary.

Up the coast to Nigeria is the route from there, then 700 to 800 miles overland to the Bia Bond country. The destination from that point will be Accra, from where they will sail home on August 10.

## Lidgard Sponsors Luncheon for Women

## Musicians Close Current Season

(Continued from page 1) The program was Concertmaster Josef Lazaroff, violinist. Mrs. Frederick Poole spoke during the intermission period, making an appeal for renewing memberships in the Symphony Society, and an appeal for new members.

The tea, which followed the concert for society members at the Veterans Community Center, was well attended. It was directed by Mrs. Harold Young.

With the conclusion of the orchestra's season, members of the musical organization and Symphony Society are united in their praise of the man who made the city's orchestra the outstanding musical group it is. All agree Paul Wagner, the director, is deserving of highest praise, and a man the entire city should be proud to have working for its cultural betterment.

Although the local season is officially concluded, the orchestra will present Sunday's concert at Belleville and Redford township. They will appear in Belleville on April 20 at 8:15 p.m. in the school. Their appearance in Redford township will be on April 24, at 4 p.m. in the high school.

1. Four room home, complete with furniture, South of Ford Road. A nice little place, a car goes with the deal! If you are looking for a small place, at a reasonable price, this is it! \$2950. 2. Near Joy and Hix roads, we have a small four room home on three acres, 30 fruit trees, one-half of them bearing this season. Plenty of possibilities on this one, come on, let us show it to you. Taxes on this one are \$3300. 3. A reasonably priced town lot, will handle this home, just outside the city limits. On two lots, this is a two bedroom home, and many nice features will appeal to you. Glassed in porch, full basement, deep well, hot water heater, \$5000. 4. New listing! We can be truly enthusiastic about this two bedroom home. Large modern kitchen, lovely living room, full bath, utility, stoker heat, 1 1/2 car garage, a new home, and in excellent condition. Nicely located right here in the city. See this for a real value in a fine home, \$7500. 5. In Northville, a fine two bedroom home, large living room with a fireplace, dining room, full bath, recreation room, full basement, gas hot water heater, oil heat, water softener, in excellent condition, this home is priced fairly at — \$9500. 6. Right here in the fair city of Plymouth, we have a fine two bedroom home on two lots, giving a total of 100x100 feet. This home has a full basement, has storms and screens complete, and a FOUR CAR garage. It's modern, too! In excellent shape throughout, and one of our good buys, \$10,000. 7. On one of the nicest residential roads around here, just off U. S. 12, we have for sale a really nice two bedroom home with attached garage and full basement. Three bedrooms, hardwood floors, total of three lots with the property, storms and screens. Price sounds too high? Well, you better reserve judgment until you have seen this home, \$13,900. Choice lots and acreage— (Just a few samples!) 1. A beautiful spot for a ranch home—90 ft. frontage, and 177 ft. depth. Properly restricted, and suitable for the better type home. You'll like it! 2. An extra fine city lot—50x130, good neighborhood, conveniently located. Phone us! Glad to tell you more about it! 3. Two very nice 5 acre plots, west of the city, good building sites, normally priced at \$400 an acre. Also open Monday, Wednesday, and Friday nights SPECIAL: Another honey of a buy, a 9 room home within the city limits, 4 bedrooms, 2 baths, living room, dining room, and kitchen. Automatic hot water, storm windows and screens, nicely fenced in yard, fish pond, evergreens and lovely shade trees! Also 2 car garage. Call us for an appointment. SPECIAL: A smaller one, but just as nice, 2 bedroom home located in Plymouth, large living room, bath, oil heat, utility room and attached garage. Come in and let us tell you more about it!

**Tea Honors Visitors From Pennsylvania**

Twenty guests were received in the Roosevelt street home of Mrs. C. C. Wilts on Tuesday afternoon, when Mrs. Wilts, Mrs. J. W. Selle, Jr., and Mrs. L. B. Rice entertained at a tea honoring Mrs. A. L. Stover and Mrs. Alberta Duggan.

Mrs. Stover and Mrs. Duggan, who are from Bradford, Pennsylvania, are the house guests of Mr. and Mrs. W. V. Clark.

For the tea the hostesses used an Easter motif in decorating. Mrs. J. W. Selle, Jr. and Mrs. Harrison Moore assisted at the tea table.

**LOCALS**

After undergoing an operation at the Detroit Osteopathic hospital last Wednesday, Mrs. Bert Kahrl returned to her home on Wednesday. She is reported to be recovering very nicely.

Mr. and Mrs. Darel Custer of Detroit spent Sunday at the home of Mr. and Mrs. Raphael Mettetal.

Spending the week with her parents, Mr. and Mrs. Raphael Mettetal, is Mrs. John Ludd of Roselle, Illinois.

Mrs. Burton Rich is confined to Sessions hospital in Northville for two weeks following a major operation performed last Saturday.

Mr. and Mrs. Oliver Herrick will entertain the Get-Together club at their home on Bradner road on April 23. A pot luck dinner will be served.

Mr. and Mrs. William Michaels, Mr. and Mrs. Oscar Alsbro, and Mr. and Mrs. Leslie Evans attended the funeral of Clyde Spring at Brooklyn on Sunday. Mr. Spring was a former resident of Plymouth.

Mr. and Mrs. Rolland Ranson and son, Michael, Mrs. Ruffie, Barbara Stitt and Mildred White enjoyed Easter dinner at the home of Mr. and Mrs. Albert Pitt.

The 69th birthday of Mrs. E. F. Benton was celebrated at the home of Mr. and Mrs. James Cannady of Northern street recently. Those present were Mr. Benton, Calvin Cannady, Mr. and Mrs. John Cannady of Paragould, Arkansas, Mr. and Mrs. Gilbert Cannady, Mr. and Mrs. Sam Benton and daughters, Doris and Freda, Mr. and Mrs. Paul McAllister, and Mr. and Mrs. Ray Gardner and daughters, Vickie and Julie.

**New Catholic Church Completed for Easter Season**

L. P. McGuire, member of the church's building committee, enters the building for a survey of the newly completed interior. Above the doorway is a ceramic of Our Lady of Good Counsel, sub title of the church.

Mounted above the doorway leading into the new Plymouth Catholic church is a ceramic of Our Lady of Good Counsel, sub title of the local church.

Through this entrance members of the church passed for observance of the Easter season. The moving of the church from the corner of Dodge and Union streets was made prior to Palm Sunday. On April 10 services were held for the first time in the newly constructed Catholic building at the corner of Williams and Arthur streets. Dedication of the new structure will take place in the near future.

The interior of the church is finished in light wood, with violet stained windows setting the dominant color scheme. The art work, which still is not completed, is being done by Mr. Steinfield, director of Studio Angelico at Sienna Heights college, a Dominican Sisters school, in Adrian.

The Corpus of the crucifixion

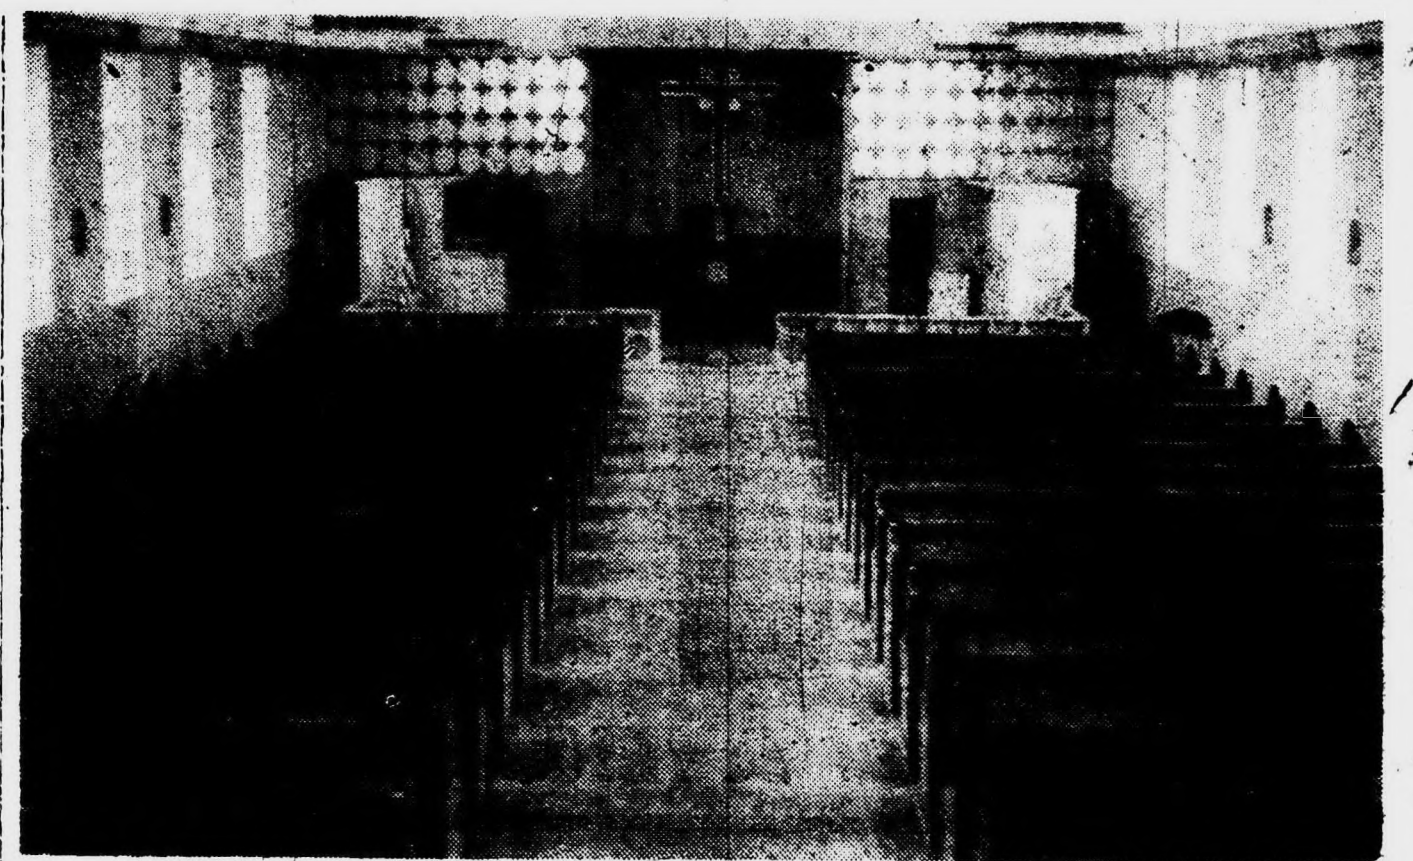

is hand carved and imported from Switzerland. The Rev. Fr. William Mooney further told that the ceramic mounted above the doorway was done by Sister Helene, of the Dominican Sisters, who formerly headed the studio at Cranbrook. The figure is done in second century art.

The eight classroom school adjoining the section of the building in which the church is located is also nearing completion. The Rev. Mooney expects it to be ready for classes in September.

**VFW Auxiliaries Hold Installation**

Approximately 300 women watched officers of 11 VFW auxiliaries installed by National President Helen Murphy recently.

Officers were installed from Plymouth, Ithaca, Farmington, Wayne, Ypsilanti, Chelsea, Belleville, Belding, Holland, Belgium, London and Rome.

The following were installed in the Plymouth organization: president, Bette Peck; senior vice president, Jennie Tallmadge; junior vice president, Kay Coolman; treasurer, Alice Fisher; chaplain, Grace Burley; conductress, Sarah McLellan; Marie LaPointe; three year trustee, Hilda Rorabacher; two year trustee, Laura Bredin; one year trustee, Marcella Herter; secretary, Catherine McLellan; assistant secretary, Mary

Loomis; patriotic instructor, Kathryn Messmore.

Following the installation banquet Mrs. Murphy left for Paris, France. She plans to visit national cemeteries, shrines and monuments there. She will also travel to Luxembourg, Germany, Chelsea, Belleville, Belding, Holland, Belgium, London and Rome.

Plymouth's VFW auxiliary is planning to hold a card party and luncheon demonstration during the month of May.

Last Sunday was Cootie Hospital Day. The Auxiliary assisted the Cooties by sending playing cards to the veterans of Maybury Sanatorium.

### White Cane Week Begins Sunday

White Cane Week will be observed in Michigan from April 24 through 30, this year, stated Norman Marquis, president of the Plymouth Lions club.

Plymouth schools will assist in this educational effort by distributing printed leaflets which have been prepared and furnished by the Lions clubs of Michigan in cooperation with the local organizations.

Thousands of white canes have been furnished free of charge to blind people all over the state, Mr. Marquis reminds. It is the aim and plan of the Lions to provide every blind person with a white cane, the symbol of blindness, as a measure of protection for him.

State legislation in 1936 included an ordinance granting the right of way to a person carrying the white cane. The purpose of White Cane Week is, primarily, an educational one, working toward that day when all our citizens will know and recognize the white cane as the symbol of blindness, and will give understanding and courteous assistance to bearers of the white cane whenever such opportunities present themselves, the Plymouth Lions president told.

### "FRIENDS" OF DEMOCRACY

THE rose-pink hullabaloo is over, and those sincere and impartial advocates of "peace," from our so-called friends behind the iron curtain, soon will have returned to their own "democracies."

Now that we have been "enlightened" by the "Cultural and Scientific Conference for World Peace," it would seem that all Americans crave war and bloodshed except the artists, sculptors, poets, "preachers," scientists, music critics, scenario writers and movie actors who comprise that ultra-patriotic institution, the National Council of Arts, Sciences and Professions.

It isn't that we "warmongers" feel any particular enmity toward any particular people; it must be simply that the normal, everyday American likes having his insides blown out, spending four or five years in diseased mud holes and being bossed around by tough sergeants.

Of course, if you're a capitalist—that is, if you own your own home, farm or bank account or factory, or if you are a vicious Wall Streeter—you obviously want war so that you can get rid of your tiresome possessions, and your job, during the cataclysm, and have your leg blown off at the same time.

The reason the artists, music critics, scenario writers and poets of the N. C. of the A. S. and P. don't like war is because they must, of course, do all the fighting. The farm boys, the young laborers, clerks, Wall Streeters, small town youths and college boys, always evade the draft and compel the arts and sciences to do the dying on the battlefields. As a matter of fact, wasn't it the very group which entertained Mr. Shostakovich at the Waldorf which won the last war?

As we look over the list of "American" sponsors for the recent blistering expose of our imperialistic country, we must feel deep shame that these patriots were compelled by the American passion for blood to join the peace lovers of the Kremlin in this brave attempt to make us see the light and give up our craving for slaughter. The advice of these men on any or all fundamental subjects, it would seem, should be followed without question or quibble. They are the "real intelligentsia."

Sometimes the words "intelligentsia" and "rats" get confused.

## Farewell Party Given in Honor of Miss Klix

Miss Eleanor Klix was guest of honor at a surprise "Farewell Party" given on Sunday, April 10, by members of the Junior Westminster fellowship group of the First Presbyterian church.

Miss Klix, who has been advisor to the group, is leaving next week for Rochester, New York.

An Easter theme was used in decorating the Mimmack room, the scene of the party. Luncheon plans and decorations were in charge of Mrs. Charles Brake and son, Jon.

As a remembrance gift to Miss Klix, the fellowship members presented her with a Bible topped by a white Easter lily.

The following members were present for the Sunday evening affair: Avis Blackmore, Bob Arlen, Dave Finney, Glenna Fraleigh, Lynn Osen, Betty Arnold, Clifton Raum and Martha Raum.

Also present were Ralph Walsh, Dick and Dawn Huebler, Margaret Hamlin, Gordon and Bruce Campbell, Peter Leemon, Douglas Jerrer, Sue Daniel, Charlene Johnson, Judy Monteith, Bruce and Mike Fearer.

Completing the list are Dick Jackson, Bill Hartmann, Gordon Champion, Charles Wyse and Jon Brake, who is president of the group.

## Waterman - Tessmer Engagement is Told

Miss Claudine Waterman

At a house party on Saturday, April 9, the engagement of Claudine Waterman to Robert Tessmer was announced by her parents, Mr. and Mrs. Claude Waterman of Reservoir road.

Mr. Tessmer is the son of Mr. and Mrs. George Tessmer of Dearborn. He was graduated from Ford-on High school and is now attending the University of Michigan college of mechanical engineering. During World War II, Mr. Tessmer saw three years overseas duty with the infantry.

The bride-elect was graduated from Northville High school and is employed as a teller in the Depositor's State bank of Northville.

Dancing and games followed by a buffet supper provided the

evening's entertainment at the announcement party.

Those present were Mr. and Mrs. George Tessmer and Robert Tessmer, Mr. and Mrs. James Brand, John Witzeg, Jr., Patricia Jenner, Carl Bach, Jr., Harold McDavid, Neuman Dawe, and Margaret Knowles all of Dearborn; Mr. and Mrs. Gerald Stoops of Detroit; Suzanne Boone and Nancy Kay of Royal Oak; Mr. and Mrs. Harold Fischer of Plymouth and George McCollum of Northville.

Miss Waterman's sister, Eunice, assisted as co-hostess at the party.

### Cherry Hill

Mrs. William Eckles recently spent the weekend with Mr. and Mrs. Howard Eckles of Plymouth.

Visiting relatives in Pennsylvania recently were Mrs. Davis and children of Cherry Hill.

Friday, April 8 Miss Henrietta Schultz and her father of Dearborn were guests of Mr. and Mrs. Walter Wilkie.

There was really a homecoming at the West Ann Arbor trail home of Dr. and Mrs. Luther Peck over the weekend. From Youngstown, Ohio Mr. and Mrs. Kenneth Lloyd and daughters, Jean Ann and Mary Margaret, came to spend Easter with the Pecks. Another daughter, Mrs. Rhea Peck Watts and children, Elizabeth, Sandra, John and Christopher, returned to their home in Adrian on Sunday after spending the weekend with her parents.

Mr. and Mrs. Alex Lobbestael, Mr. and Mrs. Ronald Patrick and Mr. and Mrs. Frank Reaum were called to Detroit on April 8 to attend the funeral of their grandmother.

Mr. and Mrs. John Bordine were guests of Mr. and Mrs. Allen Bordine on Sunday, April 10.

Several residents of Cherry Hill attended the 4-H club meeting at Northville on Friday evening, April 10.

Units one and two of the Woman's Society of Christian Service met at the church house on Tuesday afternoon to make cancer pads. On Thursday afternoon unit one met at the home of Mrs. Clare Dorey.

Palm Sunday services were conducted in the church for the first time since it has been newly decorated. During the time the church was being decorated the services were held in the church house.

## Socially Speaking

By Mary Wright

Although Sunday's cloudy skies may have kept many Easter bonnets tucked away in hat boxes until the weather is more agreeable for their appearance, a peek in Plymouth homes would have proven that Easter was very much prevalent at home, others went out of town to spend the holidays as guests of friends or relatives.

In the former classification are Mr. and Mrs. W. V. Clark who had as their guests, Mr. Clark's parents and sister, Mr. and Mrs. A. L. Stover and Mrs. Alberta Duggan, their daughter, of Bradford, Pennsylvania. They will remain as house guests at the Clark home during this week.

Mr. and Mrs. Raymond Bachelder had as their guests Mr. and Mrs. Norm Chrysler and son, Mack, for dinner on Sunday. Mr. Chrysler and Mack returned to their home in Chatham, Ontario; however, Mrs. Chrysler will remain for a week's visit with Mrs. Bachelder.

As their Sunday dinner guests Mr. and Mrs. George Burr entertained Mr. and Mrs. John Paul Morrow and family.

There was really a homecoming at the West Ann Arbor trail home of Dr. and Mrs. Luther Peck over the weekend. From Youngstown, Ohio Mr. and Mrs. Kenneth Lloyd and daughters, Jean Ann and Mary Margaret, came to spend Easter with the Pecks. Another daughter, Mrs. Rhea Peck Watts and children, Elizabeth, Sandra, John and Christopher, returned to their home in Adrian on Sunday after spending the weekend with her parents.

In the William Hartmann home, Mrs. Hartmann was busy preparing dinner for her guests: Dr. and Mrs. C. J. Kershaw and son, John, Mrs. Marv Urquhart, Mrs. Martha Heft, Graham Laible and Noel Rothman.

Mrs. Vina Wingard and Clifford Wingard of Wayne were the guests of Mr. and Mrs. Roy Fisher for dinner on Sunday. And in the afternoon they were joined by Mr. and Mrs. Fletcher Campbell, Mr. and Mrs. Henry Fisher, Mr. and Mrs. William Finrock, Mr. and Mrs. Walter Howkalaski and daughter, Denise, of Detroit.

Mr. and Mrs. Kahrl Drews were hosts at dinner for Mrs. Drews' family from Ann Arbor and Plymouth. The guests were Mr. and Mrs. Harry Wiley and son, Jackie, of Ann Arbor and Mr. and Mrs. Thomas Thompson, Mary Jane Thompson and Mr. and Mrs. Ted Malik.

Mr. and Mrs. John McCarthy and son, John and grandson, Patrick, and Miss Tollison of Washington, D. C. were guests over the Easter weekend at the home of the Clifford Raums on South Main street.

Among those going out of town for the weekend were Mr. and Mrs. James Thrasher and sons, David and Ted, who visited relatives in Ohio.

Mr. and Mrs. Thomas Moss and daughter, Katherine, spent the Easter weekend as the guests of Mr. and Mrs. Merrill Walker in Owosso.

A combination celebration of Easter and the birthday of the

three year old Janis Adams took place at the home of Mr. and Mrs. William Adams of Garden City. Mr. and Mrs. William F. Adams of Gold Arbor road are the parents of Janis. In the afternoon 12 little boys and girls were served ice cream and cake in celebration of Janis' birthday.

Mr. and Mrs. M. G. Blunk and Mr. and Mrs. Arthur Blunk, who have been vacationing in St. Petersburg, Florida spent the Easter weekend in Tulsa, Oklahoma with Mrs. William Kirkpatrick and family. Mrs. Kirkpatrick is the daughter of Mr. and Mrs. Arthur Blunk.

From Phoenix, Arizona where they have vacationed for three weeks, Mr. and Mrs. Clifford Reddeman and daughter, Kathleen, returned to their home on West Ann Arbor trail. While in Arizona they visited Mr. Reddeman's sister and brother-in-law, Mr. and Mrs. William Goraczniak. Some of the scenic spots they stopped to see were the Petrified Forest, Painted Desert and Grand Canyon. Last Friday evening they were guests of honor at a dinner party given by Mr. and Mrs. Raymond Grimm.

Another Plymouthite returning after spending the winter in Oregon and Washington is Mrs. Emma Henderson of South Main street. Mrs. Henderson was accompanied home by her daughter-in-law, Mrs. C. J. Henderson, who will remain as her house guest. After a visit with her sister, Mrs. Norton in Rochester, the latter Mrs. Henderson will return to Plymouth before leaving for West Palm Beach, Florida where she will visit another sister, Mrs. Maude Schrader.

After being away from Plymouth since last August Mr. and Mrs. Merle Rorabacher were very happy to return. The Rorabachers spent four months in California. In Alcajon they were the guests of Mr. and Mrs. Richard Widmaier, who were covering parts of the West in their trailer. From California Mr. and Mrs. Rorabacher traveled to Tucson, Arizona. While in the West they went to the Carlsbad Caverns, Grand Canyon, Petrified Forest, Painted Desert and Hoover Dam.

Mrs. Burton B. Johnson wrote to the Plymouth Mail from Knoxville, Tennessee where she and Mr. Johnson are visiting relatives that "the red bud, azaleas and dogwood blossoms were proof enough that spring is here."

After spending a month in the South Mr. and Mrs. Roy Lawson arrived in Plymouth on Thursday. In Auburn, Alabama they visited with their daughter and son-in-law, Mr. and Mrs. Robert Marshall and from there they drove to Orlando and St. Petersburg, Florida for a vacation.

Mrs. T. G. Hegge is busy making plans for her trip to Norway. She will leave on May 7 and will sail from New York on the "USS Gripsholm". After arriving in Gothenberg, Sweden she will go by train to Oslo, Norway where she will visit for four months with relatives. On Friday evening she will be the guest of honor when Mr. and Mrs. George Chute entertain a few friends at dinner in their home on Garfield avenue.

On Wednesday evening Mr. and Mrs. Russell Daane were hosts at a dinner party for a few friends.

If, instead of a gem or even a flower, we could cast the gift of a lovely thought into the heart of a friend, that would be giving as the angel give.—George MacDonald.

## You'll be thankful with every tankful

When you first experience the thrilling performance of this husky, 130-HP Packard Eight, you won't even be thinking about such things as gas mileage.

You'll be marveling instead at its soothing smoothness... and the trigger-quick response of its "safety-sprint" reserve power.

The most pleasant surprise of all comes later—when you've breezed through a few score of restful miles and the fuel-gauge needle seems to be stuck at "Full"!

You'll know then, how Packard's "free-breathing" engine design is writing the year's big thrifty news in the fine car field!

Want specific figures? Just take a look at the chart at the right. Then, see your nearby Packard dealer. The sooner the thrifter!

### Pointers on Choosing Dress Include What to Check on For the Right Fit

The important thing to make sure of when buying a dress is the fit. No matter how heavenly the color or how graceful the lines, the dress should set right at the waist, the sleeves and the collar, according to Jane Wallace, writing in McCall's for April, she says. Plymouth women, other members by the famous designer David Westheim, such as starting with a good foundation and finding the size group you belong to.

Start with a good foundation. Don't fool yourself about your size when you buy a dress, says David Westheim, designer of smart, modern, priced dresses for average American figures. If you need a foundation garment, girdle or all-in-one, he says, be sure to be accurately fitted for it before you buy your dress.

Watch out for sleeves. A set-in sleeve is trim and smart when it fits your shoulder and arm correctly, but when it doesn't fit it is the hardest sleeve in the world to alter. If you have shoulder trouble remember that the raglan or dropped sleeves are best to adjust, if they're to be altered.

Be sure a gaping collar. Like the set-in sleeve, the collar that gaps at the back, shoots up at the neck or doesn't fit snugly and neatly is very hard to fix. A good dressmaker can fix the material in or out to you by changing the darts, but reshaping the basic line of the collar is almost impossible. If your collar gapes because you slump or stick out your neck, the best thing to alter, of course, is your posture.

Be sure your waist. Your dress should fit your normal waistline. If the waistline is too short or the design of the entire bodice is too long, don't buy the dress. A size difference in a dress usually

means 3/8 of an inch more or less bodice length. If the dress needs a little shortening at the waist, skillful altering will do it.

"Better big than little. You may have size 12 shoulders, but if your hips are a 14 that's the size you'd better buy. You can almost always take a dress in but you can seldom let it out. Before you buy, take David Westheim's advice: analyze and measure your figure accurately and find out what size group you belong to. Here is a chart of marked sizes and their explanations to guide you with this:

"9-17: Juniors'. This is a size, not an age. In general the junior figure is shorter, waisted and shorter in length than the average misses' size. The bodice is cut for a flatter bustline.

"10-20: Petite. For misses' 5 feet 4 inches and under, a misses' size cut with smaller proportions and scaled down all over to fit the smaller woman.

"10-20: Misses'. Popular size for average American figures. Dresses usually cut with waist measuring about 9 inches smaller than bust, hips about 2 inches larger than bust.

"14 1/2-24 1/2: Misses' Half Size. For the shorter younger woman with a fuller figure. This size is cut larger through the bust, shorter in the waist and fuller in the hips than the usual misses' size.

"10-18: Tall Misses'. A new development to be watched for if you are 5 feet 7 inches or over. This is for the taller average figure; cut longer in the waist and proportionately longer in the skirt.

"34-54: Women's. Clothes designed to fit the more mature figure. In general, women's sizes are cut for the woman who is larger and taller than average.

"34-54 1/2: Women's Half Size. For the heavier, shorter woman. Cut shorter in waist, with proportionately shorter skirt than regular women's sizes. If you are stout be extra-fussy about line."

### Successful Parenthood

MRS. CATHERINE CONRAD EDWARDS  
Associate Editor, Parents' Magazine

FOOD is one of the most important factors in giving children a good start in life. The food a mother eats before her child is born, the food she feeds him as a baby and the food habits she fosters in the growing child determine how well and strong he is as a youngster and also affect his mental and emotional development.

These are the words of Blanche M. Stover, an authority in the field of nutrition, one of the most vital responsibilities of a mother. But the new emphasis on feeding the family is that you no longer need to be grim about insisting on certain foods.

The child vs. spinach battle was a losing one and rather ridiculous when you look back on it. On the other hand, we don't want to return to the opposite extreme when youngsters were allowed to make whole meals of their favorite foods only. If there was sweetcorn for dinner a pampered child would eat nothing else—and the sweets and starches that were consumed with practically nothing to balance them made some mighty plump and irritable citizens.

Today's mother is no longer just a cook who puts three meals a day on the table—she is a nutritionist who starts with the minimum food needs of her family and plans meals that provide them. If the four daily cups of milk a child requires present a problem, there's no need to force the child to drink all of them. Milk is one of the most-easily used foods

in cooking—try getting along without it as British housewives have had to do and you'll appreciate it!—and the mother who plans her meals carefully can substitute cream soups, rice cooked in milk instead of water, milk sherbets, custards, puddings, etc.

Here is the diet requirement for a year-old child:

Milk: 4 cups each day, either as a beverage or in cooked food.

Fruit: 1/2 cup of orange or tomato juice and one other fruit, such as 1 to 2 tablespoons of strained prunes, applesauce or scraped ripe banana.

Cereal: 1/2 to 3/4 cup of whole grain or enriched cereal each day, with 1 to 2 slices of enriched bread.

Eggs: 1 a day, if possible, at least 5 a week.

Meat: 1 serving of lean meat, liver or fish once or twice a week.

Vegetables: 2 servings, totaling 3 to 4 tablespoons of cooked, strained vegetables—green leafy or yellow—each day, in addition to potatoes.

It may at first look difficult to buy food that will furnish these needs of growing children, but actually it is simpler than to buy for the fussy family appetites which develop if children do not require good eating habits. It is a whole lot easier, too, to cook vegetables or serve them raw, to broil meat and fix simple desserts than to spend hours frying things in deep fat and baking innumerable pastries as used to be expected of a "good provider."

### Defeat Spring Fever Feeling With Right Foods as "Tonic"

That "tired feeling" which occurs around this time of the year, is often called the result of imagination and the weather. In the light of newer knowledge in nutrition, however, it is now understood that there is a real cause, and that the right kind of food is important in maintaining our energy and sense of well-being, a report to Plymouth women states.

For example, one of the food elements which may be lacking in the diet is iron. Iron is essential to the formation of good red blood. Lean meat, especially liver, is a valuable source of iron, says Reba Staggs, home economist, and she recommends that it be served regularly in the diet, to insure an adequate supply of this mineral. Especially is this true in the case of children.

Liver is easy to prepare. It can be sliced and broiled or braised. If it is a large piece, it should be braised. It can also be ground or chopped and broiled in patties, baked in a loaf, or combined, with other foods to make a variety of tempting spring dishes.

An unusual recipe for a liver dish that will be appetizing as well as beneficial to children is Liver Rolls with Sausage Stuffing, suggested by Miss Staggs.

**Liver Rolls with Sausage Stuffing**  
6 large slices liver  
6 to 8 links cooked pork sausage  
1 cup fine dry bread crumbs  
1 small onion, grated  
1/2 cup hot water  
Salt  
Pepper  
6 slices bacon

Pour hot water over the liver slices. Sausage left over from breakfast may be cut into pieces for sausage stuffing. If no cooked sausage is on hand, brown and partially cook the sausage first. Combine with bread crumbs. Season with grated onion, salt and pepper and moisten with hot water. Pile a teaspoonful of bread dressing on each of the scalded liver slices. Roll and wrap a slice of bacon around the outside. Fasten the ends with toothpicks. Place in a baking dish. Add one half cup water, cover and cook slowly in a moderate oven for 45 minutes. Remove the cover during the last 15 minutes in order to brown the bacon.

### Menu Tips

- Texas Rice with Frankfurters**  
1 pound frankfurters  
1 cup rice  
4 tablespoons lard or drippings  
2 clove garlic, chopped  
3 small chili peppers, chopped  
1 1/2 teaspoons salt  
1 No. 2 can or 2 1/2 cups cooked tomatoes  
1 1/2 cups water
- Cook rice in lard or drippings until golden brown. Add remaining ingredients, except frankfurters. Cover and cook slowly until rice is dry, and grains stand apart, about 40 minutes. About 15 minutes before the rice is done, add frankfurters, cover and steam. Serve frankfurters on rice on hot platter, 6 servings.

### New Doughnut Recipe Gives Added Variety

Although doughnuts are always a favorite of Plymouthites, both young and old, it is well sometimes to vary your favorite doughnut recipe, suggests Reba Staggs, well-known home economist. One example of how to do this and still rate high with all the members of the family is to try cinnamon-orange doughnuts.

**Cinnamon-Orange Doughnuts**  
2 tablespoons lard  
1/2 cup sugar  
2 eggs, beaten  
2 tablespoons grated orange rind  
4 cups flour  
2 teaspoons baking powder  
1/2 teaspoon soda  
1/2 teaspoon salt  
1/2 cup orange juice

Cream thoroughly the shortening and sugar. Add the well-beaten eggs and orange rind; mix well. Sift all dry ingredients and add to creamed mixture alternately with the orange juice. Chill the dough thoroughly, then roll to near one-half inch thickness and cut with doughnut cutter. Fry in deep hot lard at 350-360 F. until brown.

If you have no thermometer, you'll find the lard is about the right temperature for frying doughnuts when a cube of bread without crust takes one minute to brown. Drain, then dip in mixture of cinnamon and sugar. An orange-cinnamon icing made by moistening powdered sugar with orange juice, then adding a little cinnamon is another variation well worth trying. Have the icing of that consistency so it will be as a glaze on the doughnuts.

### "EASY DOES IT"

BEFORE cleaning the oven, place a small dish of ammonia in it and let stand for at least one-half hour before cleaning. The oven cleans more readily after this preparation.

To prevent a paint brush from dropping some of the paint while in use, attach a half of a child's rubber ball to the handle, bringing it up to the brush where the handle meets the bristles. The half of the ball catches the dripping of the paint.

When using the ladder, don't chance its slipping. Nail some pieces of rubber to the ends of the step ladder and play safe.

### Frozen Apple Pie Delicious If You Follow Rules

Warm apple pie for dessert can be on a Plymouth hostess' menu on club day or any day in the week if she takes advantage of her home freezer and puts several in at one time.

Frozen apple pie is successful whether you bake it before you freeze it or afterward. It is more like fresh pie if baked afterwards. Wrap the prepared pies in moisture-vapor-proof cellophane.

One caution comes from Mary Katherine Knight, frozen foods researcher at Michigan State college. To prevent apples from darkening while in the freezer you will need to treat them. This can be done in two ways, she points out to Plymouth women. You can sprinkle the fruit for each pie with two tablespoons of lemon juice or steam the sliced apples for three minutes and cool quickly. The apples are then ready to be placed in the pie.

Use your favorite apple pie recipe. Prepare firm, ripe apples and slice them thin. Paper pie plates with metal rims are convenient for freezing pies. If you freeze the pie before baking, do not cut the air vents until it is ready to bake. This helps protect the fruit and keep in the flavor.

Time is saved and the lower crust is less likely to be soggy when the pie is baked without thawing. You may need to put the pie nearer the bottom of the oven. If the pie is to be frozen after baking, cut air vents in the top crust and bake as usual. Cool, package and freeze. When you take the cooked pie from the freezer, place it in a moderate oven (350 degrees) for 30 minutes.

### Over 200 Cities Join Campaign Against Defective Lights, Brakes

Over 200 Michigan communities are participating in the safety program which started Monday to reduce traffic accidents by checking brakes and lights, according to Secretary of State, F. M. Alger, Jr., chairman of the Michigan State Safety commission. Police Chief Lee Sackett told of Plymouth's entry several weeks ago. The program is sponsored by the commission, composed of the state police, Department of State, Department of Public Instruction, the Highway department, the executive office, and the

Advisory committee composed of 69 state organizations. Mr. Alger said.

The police of these communities, the sheriff's departments and the state police will check the brakes and lights of all vehicles stopped for traffic violations. Those whose equipment is dangerous and illegal will be required to have it repaired or face an additional "defective equipment" charge.

A series of eight zone meetings have been held throughout the state, at which representatives of cities and counties were presented the plan.

Defective equipment has been found in 13 percent of Michigan's fatal traffic accidents in 1948, according to state police records. The repair of this equipment is certain to prevent many traffic accidents, the secretary of state has emphasized.

In mortal experience, the fire of repentance first separates the dross from the gold, and reformation brings the light which dispels darkness.—Mary Baker Eddy.

### Beard Fad Grows and Grows

The number of beard-growing males in Plymouth now numbers seven. They are, left to right: Webb Ross, Floyd Bell, Wesley Rathburn, Roy Williams, Jack D'Haene, Glen Kisabeth, and Bill Choffin.

One of the fastest growing fads to hit Plymouth is the sprouting of a beard. The two bewiskered gentlemen who were pictured in The Mail several weeks ago gave others an inspiration to enlist the Easter Parade with a bit of the "masculine new look."

Any growth beyond the peach fuzz phase entitles the men to membership in the Shmoos club. All members seem bound to high secrecy, as one and all refuse to give the whys and wherefores of the organization. The only resemblance between Al Capp's new addition to the animal kingdom and the beards of the Shmoos club members, is that even if you get rid of them, they

will grow right back again out of nowhere.

But whatever the mystery involved in the overgrown five o'clock shadows walking the streets of Plymouth, they are the basis for many fallen jaws and stares of amazement. The men all agree that their friends are in rapid disrepute over their opinions of the sproutings. Some don't like them, and believe or not, some do.

The men are becoming quite attached to their growths, and state they are going to keep them for some time to come. It nothing else will do it though, maybe summer's high temperatures will provide the incentive necessary to put the Plymouth's razor blades back up where they used to be.

### High Honors for Plymouth Youth

Former school friends of Arthur R. Sarjent, grandson of Mr. and Mrs. Harvey C. Seznitz of 9904 Ingram avenue, Rosedale Gardens, who formerly lived at 261 South Main street, will be pleased to know that he has recently won special high honors conferred on him by the Grand Council of DeMolay, an organization for boys that is sponsored by the Masonic lodge.

Arthur, who is residing with his mother at Olympia, Washington, has been advised that the highest award within the gift of the grand council of the Order of DeMolay has come to him because of his outstanding work within the organization. The DeMolay award will be officially made at a convention to be held soon in Kansas City.

The young man is now a student of St. Martins college in Olympia. While residing in Plymouth he was active in Boy Scout work.

### Officials Express Opposition to Bills

City commissioners recently cast votes in opposition to three different bills before the legislature.

Resolutions expressing their opposition have been prepared and sent to the property authorities.

The first bill at which they expressed their opposition was H. B. 142 which is for an amendment to recapture for the state one half of the intangible tax returns.

H. B. 331, which also met their disapproval, is for shorter hours of work for fire fighters. It has been explained that the bill would make it mandatory for every city and village maintaining an organized paid, or part paid, fire department to give employees an additional 24 consecutive hours off duty in every eight day period.

Also getting a negative vote from local officials was the H. B. 336 which would amend the Home Rule City act to provide that "Any pension system adopted in any city pursuant to Home Rule Act" shall be deemed to be a part of the contract of employment at retirement and the employees of such city covered thereby shall have vested rights under said contract."

### Television Invades Trailer Home

Mrs. Albert Barnes tunes in on the television set in her trailer home on Ann Arbor road near Plymouth.

Rising many feet above the blue colored trailer on Ann Arbor road is a television aerial, said to be one of the first of such in the nation.

Over the WXYZ telecast of the wrestling matches in Chicago Wednesday evening, April 3, Announcer Wayne Griffith read a letter from Mr. and Mrs. Albert Barnes. This was not unusual, as it is a customary procedure to read letters from the audience during the intermission periods. But when the couple wrote that they enjoyed the matches on the set in their trailer home, the ears of the audience perked up. Owners in this area grew even more interested when the announcer told that this home was parked near Plymouth.

Commenting on the communication, the radio commentator said this was the first instance he knew of a television set in a trailer.

Mr. and Mrs. Barnes, whose address is listed as 8696 Ann Arbor road, have had their television set since November. "The reception is wonderful," said Mrs. Barnes, and she added that it is on continuously.

The couple and their two children, a six year old boy and a 17 month old girl, live across the road from his mother, Mrs. Mary Barnes.

# KINGPIN - that's you!

**IT** happens every year, sure as spring comes. There dawns a day, warm and inviting and fragrant with freshness, when the winter cares are shed like a cloak—and you're suddenly younger than your years.

Lucky the man who has this handsome carriage as his answer to that moment. He'll pull a knob on the dash of his ROADMASTER—and the top will swing back. He'll touch the treadle—and 150 valve-in-head horsepower will leap into life, eager as a setter scenting the start of the chase.

He'll move a lever—and smoothly, with whirling oil transmitting his engine's power, move off through tangles of traffic into the open countryside without even thinking about clutch-pedals and gearshifting or the like.

He's free to have fun—free to drink in spring's glories—free to dawdle or to dash as whim decides—and he knows his level-riding ROADMASTER will instantly, silkily answer his every bidding.

Kingpin—that's what he is!

Kingpin—that you are when you've prepared yourself with the gorgeous ROADMASTER Convertible, so eye-catching in its beauty, so completely unmatched in its ability to thrill!

You say you haven't got a ROADMASTER Convertible! With factory production mounting, that's not so difficult to correct—and it's probably less costly than you think.

Just see us—soon—and you'll waste no time getting a firm order in!

The design selected for the Federal "duck stamp" to be used during the 1949-50 hunting season will feature goldeneye ducks says Albert M. Day, Director, Fish and Wildlife Service. All duck stamps show wild ducks or geese of different species in some characteristic flight phase. The design for the 1949-50 stamp is the work of "Roge" E. Preuss, tree lance artist and decoy designer of 3618 First Avenue South, Minneapolis, Minn. The original sketch, a black and white wash drawing, shows a male and female goldeneye winging into a quiet cove to view the courtship antics of two male ducks on the water. Sixteenth in the series, the new migratory bird hunting stamp, generally called "duck stamp", is now on its way to the engravers and will be available to hunters and philatelists at all first- and second-class post offices on July 1. All migratory-waterfowl hunters over 16 years of age are required by law to purchase and have a stamp of current issue duly signed when hunting.

Sold for \$1, the duck stamps provide funds that help finance the Federal Government's wildlife refuge program. Ninety percent of the money realized from the sale of the stamps is used by the Fish and Wildlife Service to supplement other funds for the purchase and maintenance of waterfowl refuges throughout the country. The remaining 10 percent is used for printing and distribution of the stamps, enforcement of the Migratory Bird Hunting Stamp Act, and other Federal activities for migratory bird conservation. During the 1947-48 season 1,722,677 duck stamps were sold, a decrease of 294,142 from the all-time high record sale of 2,016,819 stamps during fiscal year 1947.

Requests for tree planting stock for the spring season, exceeding 4,630,000 trees so far, have exhausted the Michigan conservation department's stock of both two- and three-year-old red pine. While the department's forestry division has been offering the largest supply of seedlings since the war, it only has about 750,000 two-year-old jack pines left for distribution.

Doc Ace Williams takes exceptions to claims made in this column by Matt Powell last week that Florida catfish have more horsepower than do Mississippi river catfish. Doctor Williams who was brought up on the end of a fish pole down along the banks of the Mississippi at Vicksburg says a Mississippi catfish has more horsepower than even a Missouri mule, pound for pound. But that's getting into deep water, so it might be well to change the subject.

Gogebic county was third in total state mineral production with a \$41,000,000 valuation. Iron ore was the main factor.

There are no whitetail deer, or only occasional stragglers, in Alberta, Prince Edward Island, Newfoundland, California, Nevada, Utah, Colorado, Nebraska, and Kansas.

There are approximately 6,000,000 deer in the U. S. and Canada or an average of four deer per square mile.

Beavers mate during the mid-winter, probably during the latter part of January or February, and the young are born in April or May.

William Rambo of the Plymouth Sport Shop says he is surprised at the early demand for fishing licenses. He has issued many more at this early date than he had last year at this time.

The U. S. harvestable surplus of deer for 1947 was estimated at 1,100,000 of which only 58 per cent or 640,000 deer were taken.

A small fleet of ships, nearly 100 investigators, and three governmental agencies are fishing for facts on the decline of sardine populations on the western coast according to the California fish and game division.

Don Lightfoot has his summer fishing plans pretty well laid out. He's got a new boat up on Saginaw bay—one of those kind that sleep four, doing away with the necessity of having a cottage along the shore of the bay. He plans to anchor it right off a perch bed and keep it right there for the entire summer.

Although Arizona is the Nation's leading producer of copper, exceeding that of Michigan, its mines also yield silver, gold, lead, zinc, and practically all major nonmetals, the Bureau of Mines reports.

Because industrial diamonds are sensitive to radioactivity, they are now being used as counters for alpha, beta and gamma rays, replacing in some instances the Geiger-Muller counter, the Bureau of Mines reports.

Between 1923 and 1946, production of iron ore in southwestern Utah totaled more than 10,139,000 tons, the Bureau of Mines reveals.

New and tastier ways of preparing suckers and carp obtained in the spring runs are explained in colorful leaflets which are available without charge from both the Michigan State College experiment station and the state conservation department.

The dipnetting season on these fishes runs from March 1 to May 15 and the spearing season from April 1 to May 15 in the southern peninsula, throughout May in the northern peninsula.

With the recipes tested at the college, more persons are being encouraged to try these food fishes which have long been undervalued in the market though appreciated locally.

Conservation officers will advise which local waters are open to dipnetting and spearing.

Few of the many from Plymouth who attended the two sportsmen's shows in Detroit have any praise for either one of them. In fact they say that both were below par as compared to other years. Some suggest that Detroit ought to get the two organizations together and put on one show that will be a credit to Detroit.

**Dale Carnegie**

A HALF CENTURY ago a magazine publisher got excited over the lack of enthusiasm of the employees he contacted. Most of them were dull, apathetic, did their work in a routine way. He knew that this was a common trait of workers, for he had checked on them for 20 years.

D. Carnegie

He had learned, during these years, that those who had no enthusiasm stayed in the same groove, made little or no progress, remained pretty much at the same salary level, and changed jobs frequently.

He was so fired with indignation over this trait of the average man that he dashed off an article about it, dashed it off on the spur of the moment, at white heat. It struck home to thousands and thousands of readers, employers and employees alike.

Readers of his little magazine in which the article appeared sent for extra copies, dozens of them. Charles H. Daniels, general passenger agent of the New York Central railroad at the time, ordered thousands of copies for the employees of the railroad. Twenty years later, the publicity department, recalling the good that article had done, repeated that act.

From Russia came a big order, a copy for every soldier engaged in the war with Japan. Within a few years forty million copies had been printed. This article is called "A Message to Garcia." If you haven't read it, do so at once. No doubt your public library has it.

Now, check your associates. You will find that the man who has enthusiasm is forging ahead. He may not be vociferous, he may be a very quiet type of man; it isn't necessary for enthusiasm to make a noise. But if he hasn't enthusiasm, he will fall into a rut.

Next, check yourself. Do you want to remain all your life just where you are now? It's up to you! Just do good work, do what is expected of you, and you'll probably hold your job as long as you want it. But develop enthusiasm, do more than is expected of you, and the chances are that given time you will increase your income, your influence and power.

There's really so little enthusiasm extant that it gets a lot of appreciation. Now be careful. I don't mean noisy talk. I mean true enthusiasm, a real and true liking for your work.

# TB Officials Warn of "Sure Cures"

Everybody knows the amateur dietician who composes reducing menus for her friends, relates just how to "feed" a cold or tells you what food to eat to prevent greying hair. Among the more dangerous "food prescriptions" of such a person is her "sure cure" for serious illnesses. She will tell a tuberculosis patient how to cure his illness by diet with the same assurance as if she were telling a child how to tie his shoelace, a report issued to Plymouth residents asserts.

There is no set diet or any one food item which can "cure" tuberculosis, despite some superstitions and false notions about the diet of tuberculosis patients which still exist, the local release continued.

Once it was believed that the tuberculosis patient should drink as many quarts of milk as he could hold. Some people used to claim that great quantities of raw eggs were essential to the patient's cure. We know, a spokesman pointed out, that these foods, in the right amounts and at the right times, are important in the patient's diet, but not to the exclusion of other nourishing foods.

At one time, the tuberculosis patient was stuffed with fattening foods to the exclusion of foods valuable in protein, minerals, and vitamins. Not only was he lacking these vital food elements, but the tuberculosis patient as it is for anyone else.

The basic treatment for tuberculosis is complete bed rest under medical supervision in a sanatorium, an official of the TB and Health Society reports. The diet of a tuberculous patient in the sanatorium is planned to fit his particular needs. There are no "magic foods" on his menu. His diet is a well-balanced one, adequate in nutritive values which will build his strength and help him to fight his disease.

In brief, the doctor—not well-meaning friends—is the one who knows best what foods his patient should have, in what quantities, and at what times.

# Cancer Society Service is Told

All Plymouth residents are entitled to check-ups at the Cancer Detection Centers in this area, states Mrs. Austin Stecker, chairman of the American Cancer Society drive for funds locally.

The service will be given free of charge at the Deaconess hospital, New Grace, Providence, St. Mary's and Woman's hospitals. Appointments can be made by either calling the hospitals or the American Cancer Society at Temple 35628.

This is just one of the services available to local persons, made possible through contributions to the annual fund raising drive sponsored by the Cancer Society, the Plymouth chairman reminds.

Mrs. Stecker urges everyone's cooperation in the campaign which is currently underway in the city. Anyone who is not contacted by a volunteer solicitor can mail his or her contribution to Miss Betty Brown at the United Savings Bank.

Mr. Manning resides at Birmingham, and his office will be at Evans Plymouth plant which produces special railroad loading equipment, bus and truck heaters, stampings and domestic heating equipment.

Nearly 9,000 Naval Reservists will have completed Athletic training cruises this spring.

# Writes its Owner's Biography!

White sidewall tires available at additional cost

IT SEEMS SAFE to say that there is no material possession which speaks more eloquently of the man who owns it than a Cadillac car.

Wherever it is driven, it offers authentic testimony as to its owner's good taste—his concern for the safety and comfort of his family and friends—and his general standing in the field of endeavor in which he has chosen to make his contribution to the world's affairs.

Indeed, if a complete list were published of those who own and drive this distinguished car—

it would be obvious that it has become a hallmark of achievement in almost every walk of life.

That this should have happened is entirely logical—for Cadillac cars have been built, for almost half a century, to the most uncompromising standards of excellence. As a result, Cadillac stands alone in all the things that make a motor car a distinction to possess and a pleasure to utilize.

The 1949 Cadillac is the grandest of them all, in every way. Why not visit our showrooms and see for yourself? You are welcome at any time.

What can you do with 70 MILLION DOLLARS in one year?

IT TAKES PLENTY OF EQUIPMENT TO GIVE GOOD TELEPHONE SERVICE. IN 1948, MICHIGAN BELL SPENT 70 MILLION DOLLARS TO IMPROVE AND EXPAND SERVICE... \$133 A MINUTE.

GRACIOUS, THAT'S A LOT OF MONEY!

YES, IT IS. AND A CONSTRUCTION PROGRAM LIKE THAT MEANS A LOT OF JOBS AND A LOT OF MONEY SPENT RIGHT HERE IN MICHIGAN.

WHAT DID THE 70 MILLION DOLLARS BUY?

IT PAID FOR 36 NEW TELEPHONE BUILDINGS OR ADDITIONS, GOT 16 MORE UNDER WAY, PUT UP 62,000 POLES, 650,000 MILES OF WIRE. WANT ME TO GO ON?

I'VE HAD ENOUGH. WHAT DID IT MEAN IN THE WAY OF SERVICE?

THERE MUST HAVE BEEN A LOT MORE CALLS IN 1948

YOU BET THERE WERE. CALLS HIT A NEW HIGH OF OVER 6,000,000 A DAY. THE AVERAGE CUSTOMER USED THE TELEPHONE MORE THAN 1600 TIMES LAST YEAR.

WE COULDN'T GET ALONG VERY WELL WITHOUT THE TELEPHONE, COULD WE?

RIGHT! GOOD TELEPHONE SERVICE HELPED MAKE MICHIGAN GREAT. IF SERVICE DIDN'T KEEP PACE WITH THE PUBLIC'S DEMANDS, IT WOULD EVENTUALLY TOUCH THE POCKETBOOKS AND LIVES OF ALL MICHIGAN PEOPLE.

IS THERE MORE TO BE DONE?

INDEED THERE IS! EVERYONE STILL CAN'T GET THE KIND OF SERVICE HE WANTS, WHEN AND WHERE HE WANTS IT—EVEN THOUGH 164 MILLION DOLLARS HAVE GONE INTO SERVICE IMPROVEMENTS SINCE VJ DAY.

164 MILLION DOLLARS! WHERE DO YOU GET THAT KIND OF MONEY?

MOSTLY FROM INVESTORS, PEOPLE LIKE YOURSELF WHO ARE WILLING TO PUT THEIR SAVINGS IN A GOOD BUSINESS WHERE THEY'LL GET AN ADEQUATE RETURN.

WELL, THERE'S ALMOST TWICE AS MUCH MONEY INVESTED IN MICHIGAN BELL NOW AS BEFORE THE WAR. BUT THE RETURN ON THAT MONEY IN 1948 WAS ONLY 3.77%—LOWEST IN 15 YEARS.

WHAT KIND OF RETURN WOULD MY MONEY GET IF IT WAS INVESTED IN MICHIGAN BELL?

NO, IT ISN'T. THE ONLY WAY MICHIGAN BELL CAN CONTINUE TO GIVE GOOD SERVICE IS TO GET HIGHER RATES THAT'LL KEEP THE BUSINESS SOUND AND PROVIDE A RETURN SUFFICIENT TO ATTRACT INVESTORS' DOLLARS.

THAT'S NOT TOO GOOD, IS IT?

MICHIGAN BELL IS CONFIDENT IT WILL BE ABLE TO KEEP ON WITH ITS IMPROVEMENT AND EXPANSION PROGRAM, KNOWING THAT ITS CUSTOMERS ARE WILLING TO PAY FOR GOOD SERVICE.

### Rock Golf Team Downs Mustangs

The Plymouth High Golf team easily defeated Northville in their recent encounter Tuesday, April 12, at the Plymouth Country club. After looking up the statistics on last year's team total, E. J. Bender, golf coach, said it was the best team total that he can remember and that the statistics show.

Larry Bentley was medalist for the day, shooting a five over par, 75; next came Henry Levering with an 83. The other two men on the four man squad, Jerry Walsh and Douglas Jetter, shot an 85 and an 89 respectively, amounting to 332 or an average of 83 to each man. Northville turned in scores of 103, 105, 112 and 130, for a team total of 450 or an average of 112 to each man. The Rock golfers' next meet is with Ann Arbor at the Plymouth Country club, Tuesday, April 19. The probable starting line-ups are not known as yet but another new record will be shot for Ann Arbor ranked in the upper three in the state meet held at the University Golf course in Ann Arbor last June.

### GAA Meeting Date is Slated

This week marked the opening of the second girls' ping-pong tournament of this year. Forty-two girls signed up for the tournament with Cynthia Baker, winner of the two previous tournaments, missing from the list.

The newly organized G.A.A. club will hold its first meeting the last week in April. The girls, who were eligible for the club and expressed their desire to become members by signing their names on a list will be invited to the first meeting which will be supervised by the Leaders club girls until the G.A.A. elects officers of their own.

This club will enable girls who are working for their school letters to get together for social functions and also earn points.

### 'Life With Father' Opens Tonight

"Life With Father" will be presented by the all-school play cast tonight and tomorrow night at 8 p.m. in the high school auditorium.

The play portrays the life of an average American family beyond the four walls of their home, and is being presented by students of grades 7-12. Miss Louise Spence is dramatic director of the all school-play. All committees such as properties, tickets and costumes have been taken care of by the various clubs of the school.

### School Writers Sell Play Tickets

The journalism classes of Plymouth High school have been selling tickets for the All-School play, which will take place April 21 and 22.

Bonnie Wickens was appointed chairman of the committee. All members of the classes are helping to sell the tickets in order to make the play a big success.

### Six "B" Music Festival Presented at Ypsilanti

The chorus and band of Plymouth High school attended the 6B Suburban League Music Festival, which was held in Pease auditorium in Ypsilanti, Thursday, April 13.

The bands and vocal groups were made up from chosen students from each of the following schools: Wayne, Redford Union, Belleville, Trenton, Ypsilanti and Plymouth. Each school had two music instructors present, one for chorus and one for band.

The groups were formed into a large band, which each conductor directed one number.

### Senior Prom Will be 'Under the Sea'

"Neptune's Under Water Fantasy" is the theme of the Senior Prom, which will be given April 29, from 9 p.m. to 1 a.m. Ralph Bowen, his saxophone and his orchestra, will provide the music.

Bowen's aggregation was selected by the orchestra committee under the chairmanship of David Mossman, with the aid of Melvin Blunk, senior class advisor.

Other committees and chairmen are: tickets, Joe Miller; decorations, Betty Mino; lighting and construction, Jerry Shannon; publicity, Joy Evanoff and Larry Bentley; chaplains, Lois Packard; invitations, Madelyn Fedell; clean-up, Irving Stewart.

### Officials Oppose By-Law Proposal

A proposed by-law to be added to the student council constitution was vetoed unanimously by a joint meeting of class officers last Wednesday morning.

The proposal was that student council members should elect a corresponding secretary from their number. The corresponding secretary would not be a representative holding another office. Previously the council had approved the proposal.

Any amendment to the constitution must be approved by three-fourths of the student council and three-fourths of the class officers.

### Check Made on Hearing Tests

C. D. Osborn, the state hearing consultant, has just completed the recheck of the hearing tests of the students that were screened out on the previous hearing tests.

Mrs. Mary Strassen reports that there were 1,800 students screened on the first test for hearing losses, there were 180 rescreened with only 30 slight hearing losses.

### Girls' Baseball Teams Organized

Twelve girls' baseball teams were organized last week, with a practice game played Tuesday, April 12.

The following captains organized teams: Jean Tetzlaff, Team 1; Barbara McIntosh, Team 2; Alline Burns, Team 3; Pat Wassenaar, Team 4; Agnes Siterlet, Team 5; Diane Anscott, Team 6; Dixie Lamphear, Team 8; Anne Vincent, Team 9; Anne Preston, Team 10; Delores Hopper, Team 11; Marie Travis, Team 12.

The baseball tournament will begin today, April 21, with a practice game the preceding Tuesday, April 19.

### Hi-Y and Y-Teens Hold Discussions

At a joint discussion between both chapters of the Hi-Y and the Y-Teens Thursday, April 14, led by Sandra Welch, many interesting questions and gripes arose from both sides, although at an earlier discussion held last Thursday it had been all one sided with the boys taking over.

One of the biggest gripes of the boys was the girl, who, when asked about a date, says she will tell you definitely later. (Later being too late to ask anyone else in the event she can't go.)

The girls heartily agreed that it was wrong for a girl to do that, although they should have some time to find out.

What we cannot understand is why any Russian would want to come into the U.S.A., even on a visit if everything is so good in the Soviet country.

### Students Find Interest in World War I Papers

U. S. AT WAR; WILSON... GREAT WAR ENDS. These headlines, reproductions from two Chicago Daily Tribune papers, catch the eyes of American history students as they enter room 43.

The first pages of the April 3, 1917 and November 7, 1918 editions are posted on the bulletin board with other pictures and articles concerning the first World War. One of the most interesting items is a card that was used for sugar rationing. Some of the pictures posted are of President Wilson and leaders of the Allied military forces in Europe.

### Cabinet Planning Y-Teen Breakfast

Setting a date for their annual May breakfast, which is a farewell breakfast for the graduating members of the Y-Teens was the main topic of the cabinet meeting held Wednesday, April 13, in the room of Miss Barbara Gross, Y-Teen sponsor.

The date decided upon by the group is that of Thursday, May 26, and the breakfast will take place at Riverside park.

Other topics discussed were those of the Mother-Daughter banquet to be held May 4 in the Presbyterian church, and a potluck supper to be held at Mrs. Perry Richwines' at which all cabinet members will give a short report of the year's activities to the members of the Y-Teen council.

### Scheel Presides at Official Meeting

Jack Scheel, mayor, presided over a meeting of all class officers, grades seven through 12, Wednesday, April 13, at 11 a.m.

The officers were assembled for the purpose of voting upon adding to the school constitution four by-laws which were drawn up by the Student Council. These by-laws concerned a dance committee, an assembly committee, a corresponding secretary for the Student Council and the Student Council quorum.

Why be satisfied with vague claims of "more" of this and "more" of that in a motor car? The New Hudson brings you—not just "more", but the most of all the things you want most! It's America's "4-most" car. Most Beautiful Millions vote the New Hudson "America's most beautiful!" No other car could so perfectly express artists' concepts of "the car of the future"—for only Hudson, with its "step-down" design, has the low build that is necessary for such beauty. The New Hudson is the lowest-built car on the highway—yet there's full road clearance. Most Roomy! Hudson brings you—not just "more", but the most seating room in any mass-produced car... the most efficient use of interior space. Head room and leg room to spare! Most Road-worthy! Even at high speeds or on winding roads, you ride relaxed—because your New Hudson hugs the highway... has the lowest center of gravity in any American stock car. You ride clear ahead of rear wheels, and within the base frame—down where the riding is most smooth, most steady, most safe. Most All-round Performance! Again, Hudson brings you—not just "more", but most! The all-new, high-compression Super-Six engine is the most powerful American Six. Or you may choose the even more powerful Super-Eight. And Hudson brings you Center-Point Steering, Triple-Safe Brakes and many more high-performance features—all engineered for long life, low upkeep cost. Come in and enjoy a Revelation Ride in the New Hudson—America's "4-most" car!

# Babson Discusses Prefabricated Houses

Government building of "millions" of new homes by local carpenters and bricklayers, is not the solution of the housing problem. In fact, such a forced program would cause both labor and material costs to go even higher, and hence further check private building. The real solution lies with good factory built houses.

**What Holds Back Building Costs?**  
The answer is two-fold: (1) Local labor leaders are responsible for the high costs and poor quality of new houses by limiting the hours of work and the amount of work done. (2) The public is responsible for thinking that "very family must have a custom-made house built by local labor."

Labor leaders and building codes have been instrumental in making new houses expensive. These codes make the building of prefabricated houses, with electric wires and plumbing pipes all installed, impossible. These cannot be inspected by local politicians, as they are hidden in the cement studs. This prevents the erection of factory-built houses which are our only hope.

**Cellars and Inspectors**  
The original purpose of a cellar was to serve as a place to keep vegetables, fruits, cider, etc. free from freezing during the cold winter. Then, when coal stoves began to be installed, the cellar was used to store wood and coal. Now with oil and gas heating, these cellars are no longer of use. \$1,500 can be saved by forgetting them. \$2,500 more can be saved by the use of modern building codes, and reasonable building inspectors.

At last, building inspectors and old-fashioned codes have run afoot of the big shots of the labor movement. Hence, for the first time I see a real chance of

John Q. Public getting a better house for less money. This is a most important event and has great possibilities.

**Reuther's Revolutionary Suggestion**  
Here is what Walter P. Reuther, President of the United Auto Workers, said in Detroit, February 11: "The housing industry is the most antiquated in the country. It is not able to provide the necessary housing to meet the demands of the 500,000 new families created annually. The answer to the whole problem is mass production and use of the men and ideas which carried the country through war."

"We have the know-how to split atoms and make a plane which can go 600 miles per hour, but that know-how never has been applied to housing. I propose the establishment of a National Authority to handle conversion of certain idle airplane plants to make prefabricated houses, and at the same time keep personnel trained in aircraft production. Construction labor would not suffer from the mass production. Instead, it would be relieved of the fear of seasonal unemployment."

**Houses vs Automobiles**  
Mr. Reuther's statement especially interests me because of his

connection with the automobile industry. I have always claimed that the automobile engineers and manufacturers hold the key to the solution of the housing problem. The heretofore prevalent idea that each family must build a different house is crazy. This is one reason why bricklayers, carpenters, electricians, and painters have us by the throat.

Of course, houses should not all be alike any more than are automobiles. Houses should be different sizes, differently arranged, and different colors; but so are automobiles. I am told that over one hundred different automobile models are on the market today in twelve different colors. Certainly, we all should be able to select a house which suits us from one hundred different designs and colors.

**Carpenters Need Not Worry**  
There still will be plenty of repair work and remodeling to keep local carpenters and painters busy. Therefore, to have Mr. Reuther, the president of one of our most powerful Labor Unions, come out in favor of factory built homes is a tremendous event. If he will fight for this program, as he fought for others, the housing problem will soon be solved.

ing legislators from Detroit makes it difficult to secure the election of people as capable as those elected in out-state districts. In the primaries the voter must choose 21 names out of a list of 85 or 100. This results in many candidates being nominated and later elected merely because they happen to have a name which is similar to that of some well-known political figure.

**No**  
1. The constitutional provisions for reapportionment were written and accepted at a time when Detroit was not much larger than Grand Rapids. To observe them literally now would virtually give the control of the state to the voters of one county, since they would elect 40 per cent of both houses and could easily bargain for the support of 11 per cent more from adjoining counties in the Detroit metropolitan area. Yet Detroiters generally are unfamiliar with out-state problems.

**2. The present system of elect-**

rather than inserted bodily in the Constitution of the state, which cannot be changed by the Legislature without a popular referendum.

**Yes**  
1. Refusal to reapportion is undemocratic. Why should citizens living in a rural area have 50 or 100 per cent greater representation and so 50 or 100 per cent greater influence than the same number living in a large city?

**2. Legislators who at the beginning of their terms take an oath to "support . . . the Constitution of this state" and to "faithfully discharge the duties of the office" of legislator should act accordingly. The Constitution requires them to reapportion the state at regular intervals, and they should do so.**

**3. Refusal to reapportion results in legislation through constitutional amendments. Citizens, who feel that the Legislature does not represent them, initiate amendments which are often involved, detailed measures. These should be debated and revised in the sessions of the Legislature**

Oddly enough, Shirley made her debut in the same picture, only then it was called "Little Miss Marker."

**PLATTER CHATTER**  
Capitol: Everyone is talking about Cole Porter's new outstanding Broadway hit, "Kiss Me Kate," and for good reason because it has probably the best score Cole has ever written for a musical . . . Taking advantage of the popularity of the new tunes, Capitol has its top vocalists, Jo Stafford and Gordon MacRae, one of the better combos in the business, make an album and it's a honey . . . They sing all eight songs from the play, including the hit "So In Love," and the one that should be a hit, the beautiful "Wonderbar."

Others are "I Hate Men," "Always True to You in My Fashion" and "Why Can't You Behave?" which Jo sings, and "Blanca" and "Were Thine That Special Face," which Gordon sings . . . The orchestra (Paul Weston) and chorus do "Too Darn Hot."

Recently a citizens' committee on governmental reorganization appointed by former Governor Kim Sigler has recommended that legislative districts for the House of Representatives be apportioned in general accordance with the latest available population figures, but that the senatorial districts be left as they are at present. This is to be accomplished by new amendments to the Constitution.

Some of the leading arguments advanced on this issue may be summarized as follows:

## This Week's Public Issue

(Editor's Note: Here are some of the pertinent facts on a public issue as prepared by the University of Michigan Department of Political Science. This material is designed to present both sides of the question to help you in your thinking on current issues. Your club or discussion group also may find this column helpful.)

**SHOULD MICHIGAN'S LEGISLATIVE DISTRICTS BE REAPPORTIONED IN ACCORDANCE WITH CURRENT POPULATION FIGURES?**

**Background**  
According to our state constitution (Art. 5, Sec. 4), three years after each federal census the Legislature is required to reapportion the state's legislative districts "according to the number of inhabitants." This has not been done since 1925, although Wayne County was given six more seats in the House of Representatives in 1943. The result is that Wayne County, with nearly 40 per cent of the state's population, now has only seven (out of the total of 32) senators and 27 (out of the 100) members of the House instead of the 13 senators and 38 representatives it should have. The counties in which Flint, Bay City, Pontiac, Port Huron and Ann Arbor are located are also underrepresented, but to a lesser degree than Wayne.

Recently a citizens' committee on governmental reorganization appointed by former Governor Kim Sigler has recommended that legislative districts for the House of Representatives be apportioned in general accordance with the latest available population figures, but that the senatorial districts be left as they are at present. # Wagenchutz Paces Rocks to Second Place Behind Ypsi at Invitationals

Led by Jim Wagenchutz's record breaking performance in the pole vault, the Plymouth Rocks track squad took second place behind Ypsi at the River Rouge Invitationals Saturday at University of Michigan's Yost Field House.

The Rocks were just a scant three and a half points behind the Braves at the conclusion of the meet. Ypsi compiled a score of 37 to Plymouth's 33 1/2.

Wagenchutz, despite a sore heel, raised the Class B mark in the pole vault three inches to 11 feet six inches. Dave Heinzman, Plymouth's star high jumper, also broke the meet record in his specialty, but had to be content with a tie for second. Louis Vargha helped the Rock cause along by winning the 440 yard run, and diminutive Paul Harding added an unexpected five points to the team's total by capturing a second place in the 60 yard dash.

The half mile relay team of Irving Stewart, Paul Harding, Louis Vargha and Dick Crocker won its event in the comparatively slow time of 1:38.9 to take a second trophy for the Rocks.

Clearly demonstrated in this meet was the strength of the Suburban B track squads, as all six teams chalked up points. Fisher of Trenton set a new meet mark in the shot put and both Dale Davis of Belleville and Lee Wynn of Ypsi bettered the record time for the mile run. The athlete chosen most valuable in Class B is also a member of the league, Dave Hill.

Ypsilanti, Plymouth and Trenton finished in that order and three other teams from the B loop all managed to get into the scoring column. Out of a possible 231 points the members of the Suburban B scored 107, more than four times the amount tallied by any other Class B league. Although not all the State B schools competed in this meet, most of the ones that are usually dominant in state track circles were present. It is the general opinion that whoever wins the Suburban B championship ought to score heavily at the state meet in May. Plymouth at present is one of the top choices to capture league honors.

Kon Moiso's lads won their second league meet on Tuesday,

April 12, by outclassing a strong Trenton aggregation by the score of 67 to 42. These two, in addition to Ypsi, are considered the strongest teams in the loop. Plymouth had shown to good advantage by beating both Ypsi and Trenton within a week.

Because of a Trojan sweep of the shot put, the locals had to put on the pressure, with the result that they won some of the events with exceptional form. Louis Vargha and Ron Bouldin both broad-jumped better than 19 feet, an accomplishment not seen in league competition for some time. In the distance events the blue and white displayed its best form of the year. Cal Becker won the 880 with a time of 2:10.5 and Doug Phillips won the mile in five minutes flat.

To round out the picture Dave Heinzman high-jumped five feet 11 inches. Paul Harding did his usual 104 in the century, and Bouldin, entered for the initial time in the high hurdles, revealed good form in taking a second place.

Rock track fans will have the opportunity to see the squad in action tomorrow afternoon on the Rocks' new track around the football field. Belleville with its champion miler, Dave Davis, will provide the opposition for the Moisiomen. The meet will be the first on this track.

## Saturday's Bouts Feature Boxing, Wrestling Here

Headed by the featured wrestling match between Killer Kearney and Battling Bruner, the Plymouth Recreation department presents its second combined boxing and wrestling attraction at the Plymouth High school gym Saturday. The bouts will get underway at 7:30 p.m.

In addition to the wrestling feature, there will be 14 three round bouts. Each round will be two minutes. On this card Promoter Mike Spitz has all local talent. Admission to the bouts will be 75 cents for adults and 50 cents for children. Doors at the school will be open at 7 p.m. Spitz reminds fans that refreshments will be available.

Wrestling fans should be fully satisfied with the Kearney-Bruner match. There is bad blood between the two grapplers and Saturday's encounter should be even better than their previous bout at the local gym.

The following boxing bouts have been arranged: 170 pounds, Pedro Menchaca vs. John Garza; 160 pounds, Delos Kew vs. Don Witt; 145 pounds, Jim Rutherford vs. Fisher, and Bill Batterson vs. Tim Coleman; 128 pounds, Dick Cramb vs. Jim Wylie, and Arlen Ottensman vs. unknown opponent.

Other bouts at 100 pounds and below are: Don Fleming vs. Bill Micol; Chuck McKenna vs. Tommy Rutherford; Robert Cloar vs. Melvin Sawyer; Art Secord vs. Dick Hively and Bruce Wood vs. Phil Tobey.

The following boys will meet suitable opponents: Jerry Jarvis, James Freshman and Wayne Wood.

## Relay Team Takes First

Members of Plymouth High school's relay team are, left to right: Paul Harding, Louis Vargha, Dick Crocker, and Irving Stewart.

The Rocks stunning relay team, which is composed of Irving Stewart, Louis Vargha, Paul Harding and Dick Crocker, has participated in three meets this year and the foursome have won all three.

In the initial meet with Ypsi, the quartet came through to give the Rocks the necessary points to beat the Braves. Then Kon Moiso's lads easily defeated Trenton's team. At the River Rouge Invitationals Saturday the team won the Class B relay championship with the time of 1:38.9. Ypsi's relay team came in third place.

## Tennis Squad Meets Wayne Today at Riverside Courts at 3:30 p.m.

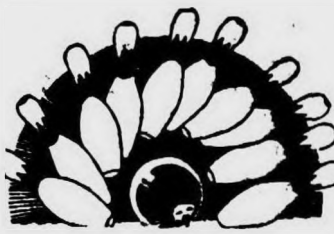

Playing their second league match today, at the Riverside Park courts against Wayne, will be the Plymouth tennis team. The match will start at 3:30 p.m. In all matches this year four singles and three doubles games are slated.

On Thursday, April 14, the Rocks opened their season by sweeping every match from the Belleville Tigers. Winning in singles competition were Ed Whipple, Bruce MacGregor and Keith Ebersole. The other match was won by forfeit. The doubles winners were Keith Bovee and Roger Kidston, Herb Swanson and Don Gronowick, and Bob Bowen and Jim Stevens.

Ypsi will provide the opposition for the Rocks next Thursday, April 28 on the Riverside courts.

## Joe's Jottings

by Joe Miller

This job of being sports editor takes one to athletic events that one never dreamed would be exciting. Saturday we traveled over to Yost Field House in Ann Arbor to witness the River Rouge Invitationals, which amount to the indoor track championship of Michigan. We had always believed that a track meet was one of the dullest sports events. However, Saturday's meet changed all that. The Rocks battled the favored Ypsi Braves right down to the wire before losing three and a half points. We found out that the Invitationals is the biggest high school track meet in the entire United States.

Jim Wagenchutz, the Rocks star pole vaulter, broke the River Rouge record with a mark of 11 feet six inches. He topped the record set by Mohre of Charlotte in 1947 and tied by McGinnis of Birmingham and Rubert of Hastings last year. The old record was 11 feet three inches. Other star performers for the Rocks Saturday were Paul Harding in the 60 yard dash, Louis Vargha in the 440 yard dash, Dave Heinzman in the high jump, and Irving Stewart, Dick Crocker, Harding and Vargha in the 880 yard relay.

Until Tuesday of this week, which is our deadline, the Rocks athletic squads had won five out of five. The trackmen under Kon Moiso have whipped the defending state champs of Class B, Ypsi, and Trenton. John Sandmann's baseball aggregation topped Bentley 9-3. The golf team overwhelmed Northville by 118 strokes and Carvel Bentley's tennis team won every match from Belleville. What a record! The streak might have been stopped Tuesday as golfers faced Ann Arbor, a Class A school and the racket boys encountered Trenton. Thus far this spring exhibition has shown that the Class of 1949 is quite athletically minded.

Just a passing note on the Detroit Red Wings. The Wings lost the Stanley Cup finals for the third consecutive time to the Toronto Maple Leafs Saturday night. The way the Leafs played they probably could have played through mid-summer without becoming tired. During the season the Leafs hung near the cellar position. Finally, at the last possible moment they surged into the fourth position with the least possible effort. Just before the playoffs came the game that proved hockey is an honest sport. The Wings met the Montreal Canadiens. The Wings could have played easily and let Montreal win, thereby placing Montreal in second place where they would have to meet Toronto; however, the Wings played to win. The rest of the story is sad history as the Canadians forced the Detroiters to the full seven games. Tired and worn out the Wings easily lost to a fresh Toronto team. This tale proves that the best club doesn't always win the league honors.

The four Mustangs had the following scores: 103, 105, 112 and 130. Today the Rocks begin their league season at Redford Union at 3:30 p.m. The Navy has developed a communications robot capable of originating and sending 60 simultaneous messages.

## Fisk, Olds Meet to Break Tie in Classic League

With the Ford Butler memorial trophy as the goal, Fisk Tires and Beglinger Oldsmobile met at the Plymouth recreation bowling alleys Tuesday night to break their first place tie. The result of the special match is not known as yet, but will appear in next week's sport page.

At the end of the regular season Fisk Tires and Beglinger Olds were tied for the lead of the Plymouth Recreation Classic league with 59 wins and 31 losses.

## Work Begins on Softball Field

Work has begun on the new softball field, which is situated on the east side of the Plymouth High school football field. The diamond is now being formed and new light poles will be up soon.

Now that Herb Woolweaver, recreation director, is sure of a field to play on, he is working to get the leagues formed in order to start play around the first of June. In the Men's Open Division only two teams are sure, Beglinger Olds, and the State Class B champions, the Detroit House of Correction. Three other teams are on the tentative list. Those teams are Nick's Inn, Champion Corrugated, and Whitman-Barnes. The next meeting for the representatives of this league is Monday, May 2, at 8 p.m. in the city hall recreation office.

Woolweaver is a bit discouraged with the Girl's league as only one team was represented at the last meeting. The next meeting for the girls is Monday, May 2, at 7 p.m. in the city hall. The Class D league representatives are slated to meet Tuesday, May 3, at 8 p.m. in the recreation office. On the same night the E heads meet at the same place, but at 7 p.m. One Plymouth team is needed in this league. Five outfits are entered at the moment.

Around the first of June the Class F and Midget leagues will convene. These two leagues will not have to pay entry fees; however, the boys will have to pay forfeit fees of 50 cents per boy. The Old Timer's will meet on Monday, May 9 at 7 p.m. in the city hall.

## Whitmore Lake Cards Wrestling Every Tuesday

Holding wrestling matches every Tuesday at the Whitmore Lake Rollerade is "Pat" LaMay, who promotes the bouts.

On Tuesday, April 12, the results were as follows: Bert Ruby stopped Buddy Jackson, Al Warshawski downed Tiger Jack Moore, and George Connell and Ted Marshall drew.

As his attraction last Tuesday, April 19 LaMay had an Australian tag team match with Louis Klein, popular Detroit blonde mat star, and Buddy Jackson matched against Ted Perva and Tiger Jack Moore. John Silvi and Dale Haddock met in the other bout.

The Rollerade bouts begin at 8:30 p.m. every Tuesday. Pat LaMay is a brother of Lionel LaMay, owner of the Riverside Roller rink.

# Rocks Score Six Times in Sixth to Top Bentley

Paced by Larry Finney's home run with two men on, the Rocks baseball squad scored six runs in the sixth inning to down Bentley High 9-3 on Tuesday, April 12.

The game played on the PHS diamond before a large crowd of approximately 500 was tied at three all going into the last of the sixth inning. After Bosman was struck out, Lloyd Campbell batted for Jerry Finney, who played second base for Bill Newstead. The powerful sophomore catcher laced a single into right field. Jerry Harder then blooped a double over the first baseman's head sending Campbell to third base. Pitcher Jack Scheel was declared out when he bunted a

foul on a third strike; however, two runs scored when shortstop Liddle fumbled Dick Fenton's grounder. Apparently perturbed by the state of affairs, Pitcher Horie walked George Hunter to set the stage for Finney's homer.

Larry blasted the ball down the left field line and when Woridan misjudged the ball, Fenton Hunter and Finney all scored as the ball went into the brush in the left field corner. Plymouth Campbell, who is no relation to Lloyd, kept up the fun by singling to left. He stole second base and scored as third baseman Holth fumbled Pee Wee Weinert's grounder.

After a scoreless initial inning the Rocks took a 1-0 lead in the second. Weinert, who replaced the convalescent Bob Gow in right field, led off with a single into left field. He stole second, but stayed in that position as Bosman struck out. However, he scored all the way from second as Liddle was throwing out Finney. The Rocks tallied two more runs in the third. Scheel smashed a double into deep left-center field and scored on George Hunter's single. Hunter came around on an error and a fielder's choice.

Tallying one run in the fifth and two more in the sixth, Bentley tied the game at three runs. Scheel's wildness aided the Bulldogs' cause. In both the fifth and sixth innings Jack walked two men. These free passes, combined with two hits in the fifth and one safety in the sixth, in addition to errors by Scheel and Hunter, brought the runs across. However, the Rocks six run rally in the last of the sixth put the game on ice thus giving Coach John Sandmann his first victory as the Rocks baseball mentor.

Scheel's tight pitching in the clinches saved the game for the local lads. Bentley left nine men on bases as Scheel gave up six walks plus seven hits. Receiving the loss was Horie, who came in from shortstop to pitch in the fifth inning. Art VanTassell started the contest for the Five Mile road school.

Larry Finney was the hitting star for the Rocks with two hits including his three run homer. Liddle and Horie each had two singles for the losers.

The Rocks next game is at Belleville on Friday, April 29. This game starts the Suburban B season for the Sandmen.

# All-School Play Opens Tonight

# Students Lead in Church Survey

This week James Gallimore surveyed the results of the local Kiwanis club project to push church attendance during Lent.

Mr. Gallimore, one of the chairmen of the project, announced that the final tabulations showed the grade school students standing at the top of the list in a comparison of the attendance of local men's club members and school students. "It is good to see the children at the top of the list," Mr. Gallimore said, "as it also shows the parents attitude."

lowing attendance: 40 percent, 32 percent, 56 percent, 52 percent, 32 percent, and 50 percent.

No count of high school students was taken the first week, as well as the last two weeks of the project. For a three week period, however, they showed percentages of 50, 40 and 40.

In the grade schools, where the highest attendance was reported, the percentages consisted of: no count the first week, 55, 56, 61, 61 and 64.

The process of education has been going on long enough to make us look for the educated man.

Naval personnel will wear through more than 1,253,000 pairs of shoes during 1949.

"Generally," he also pointed out "the check shows about a 50 percent attendance, and likewise a 50 percent 'none' attendance. If we are to hang onto this Christian Democracy of ours, we had better work at it a little harder," Mr. Gallimore commented.

A comparison of church attendance of Plymouth club and school members was made for a six weeks period, beginning with March 6. That first week Kiwanis club showed a 49 percent attendance figure, with the following weeks producing a 56 percent, two 53 percent marks, 45 percent, and 52 percent. Rotary club members took count of the members just the first week, and at that time the percentage stood at 40.

Percentages shown by Hi-12 club consisted of 58 percent, 44 percent, 53 percent, 48 percent, 36 percent, and 56 percent. Lions club members showed the fol-

**Talented Youths Prepare Show**

Above are five of the Talent on Parade dancers who will provide soft shoe rhythm.

Teen-agers comprise the cast of the "Spirit of the River Queen" show which will be presented in Plymouth's high school auditorium on April 30. The local Old Glory Council of the Daughters of America is sponsoring the production. The 65 youths in the show's cast are featured under the title of Talent on Parade. Many members of the group appeared in civic light opera productions during the past season. The local organization is sponsoring this show of music and dancing to earn funds with which to support the home for the aged and orphans which it sponsors in Tiffin, Ohio.

**Hees Wins First in Speech Contest**

The only Plymouth High school student winning a first in the 6-B League's Annual Spring Speech contest last Wednesday, April 13, was Ronald Hees, extemporaneous speaker. Winning a second was Dave Mossman who entered the oratory division of the contest. Both Plymouth students are eligible to go on to the district phase of the contest. It will be held during the month of May. Eight students from the local high school entered the competition which took place in the Charles McKinney hall at Michigan State Normal college in Ypsilanti.

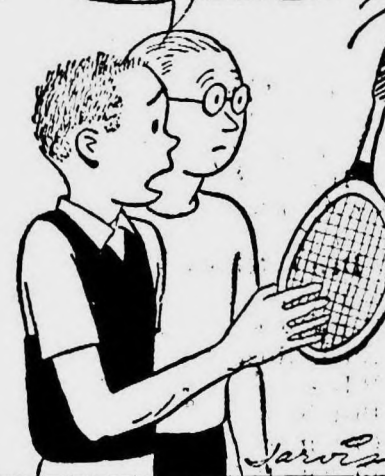

**Local Mechanics Invited to Ignition Clinic Monday**

Automobile mechanics in Plymouth and the surrounding territory will have an opportunity to attend a clinic on all phases and problems of ignition. Monday, April 25 at 7:30 p.m. at the Novi Auto Parts, 43131 Grand River, Novi. This clinic is sponsored by the concern in cooperation with Standard Motor Products, Incorporated, of Long Island, New York, manufacturers of automotive electrical parts and devices. Attendance is open to all auto mechanics who are interested.

**Eagles Plan for Anniversary**

Third anniversary celebrations will be held by the Northville Aerie No. 2504, Fraternal Order of Eagles, on Sunday, April 24. Observance of the occasion will take place in the American Legion hall in Newburg, south of Ann Arbor trail. The evening's proceedings will open with a spaghetti dinner at 6 p.m., followed by dancing and a floor show. An official of the group announces that the public has been invited to attend, and that tickets can be obtained from any member of the group, or at the hall the night of the program.

Examined the new **DE SOTO?** You won't know what's happened until you do!

"The Car Designed with YOU in Mind" is changing a lot of minds!

Crowds of people have visited our showrooms since the first announcement of the new De Soto. It has been very interesting to watch their reactions.

First of all, of course, they walk all around the car and admire its smart, low lines and its sleek appearance. They tell us they like its looks because it is "modern but not modernistic."

But the big surprise comes when they open those wide doors and step inside. The roof does not hit their hats. There's lots of headroom. The steering wheel doesn't hit the driver's knees. And because the luxurious seats are chair high, you can see everything without craning your neck.

Get in. Front seat or back, they're both wider. There's more leg room for all passengers, too. And you get all this extra space without sacrifice of convenience, because the outside dimensions of the new De Soto are not increased. You can still park with ease. And you needn't rebuild that garage.

Before you make any decision about any new car, come in and let us show you De Soto's many great features including Tip-Toe Hydraulic Shift with Fluid Drive, that lets you drive without shifting. Compare this car with any other at any price . . . for beauty, comfort, safety and value. Then decide. Tune in "HIT THE JACKPOT" every Tuesday night, all CBS stations.

**DE SOTO FEATURES THAT MEAN MORE ENJOYMENT EVERY MILE**

**Wild Lifers Plan For Fish Dinner**

On Wednesday evening, April 27, will take place the annual fish dinner of the Western Wayne County Conservation association, announced newly elected President John Reiser, yesterday.

The event will take place in the clubhouse on Joy road and members will be permitted to invite guests.

"We'll have all the fish they can eat and then after supper Louis MacGregor of Flint, former president of the Michigan United Conservation clubs, will show some of the finest fishing pictures we've ever seen. He's coming to Plymouth upon the invitation of Dr. Brick Champe. The fish dinner promises to be one of the best ones we have ever had," said President Reiser.

The committees in charge will be announced next week—but plans to make the event a big success are already underway.

**Easter Paraders Sprout New Bonnets, Ties**

Among those in the Patchen School Easter Parade were, left to right, front row: Sharon Bennett, James Marshall, Gretcher, Cramb; second row, Una Zolkosky, Edward Miller, Elton Nesbitt, Melody Samples, Janice Urbaniak, Gwendolyn Scharl, Sheroy Walters, Donald Streever; third row, Marilyn Paul, Shirley Blanchard, Milton Walters, Judith Lockhart, Joan Massey, Marian Miller, Dolores Gieski, Janice Miller, Donna Hartig, Nancy Tallman.

Two hundred and twenty-five youngsters arrayed in new bonnets and ties staged their own Easter Parade near here last Thursday, April 14.

Girls from kindergarten to the

eighth grade in Patchen school had made their own hats for the occasion, and the boys were the creators of the ties they wore in the parade.

During the parade, which was a school-wide project, the young

students supplied their own music by singing the Easter songs they had learned in music classes for the occasion.

The Easter Parade project was directed by Principal C. T. Pregitzer.

**Robert Haskell Wins Honor**

Announcement of the appointment of Robert H. Haskell, Jr., son of Dr. and Mrs. Robert Haskell of the Wayne County Training school, as publisher of the Martinville, Virginia, Evening Bulletin, has just been made by the publisher of the paper, General Newspaper, Inc.

Publisher Haskell has been serving as assistant to the president of General Newspapers, with offices located at Gadsden, Alabama. It is stated that he plans to move his family to the well known Virginia city in the near future.

After receiving his discharge from the Navy, in which he served during the war, he became managing editor of the Orlando, Florida, Reporter-Star and later became city editor of The Miami News. He has won for himself a high place among southern newspaper publishers.

**Patrol Program Includes Contest**

An essay contest has been planned in conjunction with the Dawn Patrol which will be sponsored June 26 at the Mettetal airport, under the auspices of the Plymouth Lions club and Robert Mettetal.

All essays must deal with some phase of aviation, and must be submitted by persons from 16 through 19 years of age, announce officials of the contest.

Selected as judges for the contest are three men who are regarded as outstanding in the field of aviation today. The three-man panel will include: Col. Lester J. Matland, Michigan state director of aeronautics; Fred L. Waite, state director of aeronautics education; and Cass Hough, chairman of the State Aeronautics commission.

Information relative to the Dawn Patrol may be secured by contestants from Robert Mettetal.

First prize for the contest consists of flight training to the solo, for six hours of nature befitting heaven.—Lew Wallace.

Read the classified pages.

Entry blanks are printed in this issue of The Mail, and contestants are asked to mail them to James Latture. All entries must be in his hands not later than May 7, and the names of winners will be announced at the Dawn Patrol.

- Rules for the contest are:
1. Age limits—15 to 19, inclusive.
  2. 1200 word limit.
  3. Entries must be typewritten.
  4. No signed entries. (A number will be assigned to each contestant by James Latture.) Entries will be judged on merit only.
  5. Subject—Any phase of aviation.
  6. Contest deadline is May 7.

Consideration will be given to originality, clearness and conciseness of presentation, officials of the contest state.

Repentance must be something more than mere remorse for sins; it comprehends a change of nature.

By REV. ROBERT G. HALL... The Disciplines of Discipleship (Temperance). Lesson for April 24: Luke 12: 16-21; 14-27-33.

Memory Selection: Luke 14:27. It is fitting that the present lesson follows the Sunday on which the Christian world celebrates the Resurrection.

The foolish farmer lost his greatest crop and also his soul. He was one of the best of farmers and one of the worst of men.

On the other hand, the disciples of Christ must count the cost of following him, even as a man figures the cost of building a house, or a king who prepares to make war against another king.

The disciples of a Christian lead him to give up everything that is hurtful to his good character and ruinous to his influence as a man of God.

Customers' Corner Freshness is an important factor in determining the value of the food you buy.

That is why A&P has an extensive freshness control program, calling for rapid turnover, proper refrigeration, and trained employees.

All these things are designed to insure your finding only fresh foods of top quality at your A&P... to insure your getting your money's worth.

If you should ever get any food in our stores that fails to live up to our exacting standards of freshness, we will consider it a favor if you will return it to the store for refund.

And we will appreciate any suggestions you may have as to how we can make your A&P store a better place to shop.

K-F'S LATEST ADDITIONS TO THEIR LINE ON DISPLAY THIS WEEKEND

LOOKS JUST LIKE a convertible, but the Kaiser "Virginian"—newest Kaiser-Frazer model—actually has a full-steel safety top under its padded, satiny covering of nylon. The sports sedan features exceptional vision front and rear, plus the 112-h.p. engine and other mechanical features of the K-F '49 models.

SOMETHING NEW in the automobile industry is the "Traveler," a lower-priced '49 multi-purpose sedan being introduced by Kaiser-Frazer dealers. To all appearances it is a conventional four-door model. But the rear seat cushions fold away and the entire back opens to provide access to more than 130 cubic feet of cargo space. When not in use as a carry-all, the "Traveler" is a deluxe, six-passenger family sedan. The cutaway-view shows how the seat cushions and hinged rear panels function.
