

JUSTICE TRIUMPHS.

A jury composed of good loyal American citizens found Alger Hiss guilty of betraying his country in a second trial of his case. The first trial was but a mockery of American court procedure. It bore every mark of being as near a frame-up to cheat justice as anything could have been.

But before a real American serving as a judge and a jury of loyal American commoners sitting in judgment, Hiss was found guilty of lying—a charge that had to be made because our statutes of limitations did not permit a charge of treason to be made.

Think of it—an official serving our government in a high position in the state department during the greatest war for self-preservation this nation has ever had to fight—stealing important government records for a bitter and jealous enemy so it might profit and become in a stronger position than our own country.

The late President Roosevelt laughed when statements were made that many of our important positions in Washington were filled with traitors and communists. President Truman said the Hiss charges were nothing more than a "red herring".

Why under the sun the leaders of the Republican party, which has kept its hands and its skirts clean of disloyalists, doesn't make a real issue out of the sly, insidious betrayal going on within the present administration is more than we can understand.

It is apparent that President Truman does not comprehend the seriousness of it all. It is about time for REAL Americans to wake up and begin fighting—or soon we will have nothing to fight for.

A TRAGIC END TO THE FEAST FIT FOR ROYALTY.

It is with gladness that we read the news that all who were burned in the Detroit fire that resulted when expensive coffee was being burned over a big pot of simmering coffee will recover from their injuries. The disaster took place, all of you have doubtless read, when the "nobility" of the working class was providing its annual feast to certain high public officials of Michigan and Detroit, and a number of distinguished editors of powerful newspapers.

Like you, we read, too, that the menu of rare and wild game and birds must have been a repeat order of the greatest feast ever served to reigning king or emperor of Europe back in the days when kings were kings and emperors were emperors. Such a feast as it must have been!

It was kind of the "nobility" of our great labor movement to invite in the leaders of public life and thought to such a feast. And it was unfortunate indeed that there was such a near tragic ending to such a delightful affair, all due to an effort to mix the burning embers of a strong, wicked alcoholic drink with good coffee.

But the point is—can a judge who is supposed to rule without fear or favor and with rigid adherence to fairness and impartiality, accept and partake in such a feast as this was reported to have been and then go back to his courtroom and serve without bias and favoritism in any of the court cases in which their hosts at some future time might become involved. Answer that question honestly, if you can—Mr. Judge, if you were present—and answer it to the satisfaction of the legal contestants on both sides of any litigation in which these organizations and the opposing litigants might be involved.

We doubt very much if you can do it—and as a result you have unfortunately disqualified yourself from some of the duties which at sometime might come before you in your duties as a judge.

Of course, if it hadn't been for the attempt to burn strong drink to flavor good coffee, no one would ever have known of your presence at such a feast "to the Gods." That's the unfortunate part of the whole business.

WE HOPE FOR SUCCESS.

Glad to note that the Chamber of Commerce is going to make another effort to get permission from Uncle Sam to open up the postoffice property for a sidewalk between Fralick and Penniman avenues. Some years ago when local business men put forth as determined an effort as they knew how to get this sidewalk, postal authorities said NO most emphatically.

A pedestrian thoroughfare as we saw it a number of years ago and as we see it today, along the east side of the government property would be of vast benefit to the city and of no inconvenience to the postal service. By proper fencing all traffic hazards could easily be removed. Maybe postal authorities will see the matter in a different light this time and grant their approval. We hope so.

CONGRATULATIONS REGRETFULLY EXTENDED.

It was good news to read of the promotion that has come to Manager John R. Saxton of the Plymouth division of the Michigan Bell Telephone company. If there is any one in the highly efficient phone service organization who is entitled to promotion it is Mr. Saxton.

But we regret to see him retired from the activities of this fine city. He has been an excellent official for the company and a mighty good citizen. He has set a high standard for his successor to shoot at.

We hope sincerely that Manager Erwin Scherdit makes the same enviable record that Mr. Saxton did—and here is a community that will help him do it.

WINNING HONORS FOR PLYMOUTH.

It's pleasing to read something in the Detroit papers that reflects credit and honor upon the city of Plymouth—and to members of the Plymouth high school debating team and its very successful director, James Latture, every one should say "we thank you for doing something that is really worthwhile." It is a real accomplishment to win the Detroit Metropolitan League debating championship.

A lot of real work has been necessary for the students—and a lot of tireless effort has been required on the part of their teacher.

The Plymouth high school victory this year wasn't just one of those things that happen once in a great while. Our high school team won the Metropolitan contest last year as well—and it has won in previous years—which provides plenty of proof of the exceptionally high grade work that prevails in the Plymouth high school. Mr. Latture and members of his debating team have every reason to feel elated over a well-earned victory.

COUNTING YOUR BLESSINGS.

Sometime during February Uncle Sam is going to take the regular ten year count of the number of people living in America. Not only is he going to count us all, but he is going to ask so many questions that it is going to cost dear old Uncle about \$85,000,000 to make the count.

Every fifth person the census counter will question, will be asked about his income. If it's less than \$10,000 a year, you've got to tell the exact amount. If over, all you have got to say is that it's over.

If you don't want to tell the census taker, who may be the neighbor you don't like, you can ask him for a blank and mail it direct to the Census Bureau in Washington. So prepare yourself. In a few weeks the Fair Deal census takers are going to ask you lots and lots of questions.

Committees Aid Local Chest X-Ray Project

In order to obtain 100 per cent participation in the community-wide program for controlling tuberculosis, two local committees have been organized. The program will provide free chest X-rays for all adult residents, industrial workers and high school students of Plymouth.

Sponsored by the Wayne County Health department, the Wayne County Medical Society and the TB and Health Society, the program will begin about February 6, continuing for two weeks. The mobile X-ray unit will be furnished by the Michigan Department of Health.

The two local groups formed to promote the X-ray service are the Public Information committee and the Industrial committee. The first committee, headed by Sterling Eaton, includes Herb Woolweaver, city recreation director, who will contact clubs and organizations; Cyrus E. Pierce, principal of Plymouth High school, who will arrange for letters to be sent to parents through school children; Mrs. Gustaf Lundquist, chairman of public relations for the Chamber of Commerce, who will handle distribution of posters, window displays and letters to local businesses; and Ernest Henry, superintendent of mails for the Plymouth post office.

The industrial committee is headed by George Smith of the Chamber of Commerce. Members include representatives of local industries. They are William Bernstein of Allen Industries, H. S. Boorman of Wall Wire Products company, Mrs. Mildred Barnes of the Daisy Manufacturing company, and Erwin Scherdit of the Plymouth office of the Michigan Bell Telephone company.

This group will make arrangements for the mobile X-ray unit to visit their organizations. Any other local companies which would like to make similar arrangements should contact members of this committee.

Phila Underwood Dies Suddenly, Funeral Today

A lifetime resident of Plymouth, Mrs. Phila E. Underwood, died suddenly Monday morning at the age of 77. Funeral services will be held today at 2 p. m. at the Schrader Funeral home. Mrs. Underwood resided at 908 Penniman avenue.

Surviving are her two sons, Albert and Kenneth Harrison, both of Plymouth; her grandson, Wallace Harrison, of Highland Park, and other relatives. Mrs. Underwood was the mother of the late Lawrence Harrison, and the sister of the late Donald F. and Alice M. Safford.

Christian Service services will be read by Frederick M. Hull of Ann Arbor. Mrs. Underwood was a member of the Fifth Church of Christ, Scientist, in Detroit. Mrs. Edna O'Connor will play hymns for the service at the organ. The pallbearers will be Bennett Wilcox, Donald Underwood, Roy Lindsay, Richard Gust, Austin Whipple and Maxwell Moon. Interment will be in Union Chapel cemetery, Inkster.

Born in Plymouth on October 28, 1872, Mrs. Underwood was the daughter of Henry and Ella Fralick Safford who lived on a farm in Canton township. Her mother was a member of the Fralick family who settled in Plymouth in 1825. Mrs. Underwood was graduated from Plymouth High school in the class of 1891. After her graduation she taught

Protests Phone Rate Increase

City Manager Albert Glassford submitted a letter of protest against the proposed increase in telephone rates at the meeting January 23 of the Public Service commission. Glassford was authorized by the city commission to attend the Lansing meeting, which considered the proposal of the Michigan Bell Telephone company.

Discussions on the proposal will continue through this week, while representatives study the estimated cost of the extended area telephone service for 1950. Vote will be taken on the issue at the end of the discussion. If the proposed increase is passed, telephone rates will increase 50 to 75 cents a month plus the cost of the 15 per cent federal tax.

Varsity Club Directs Traffic on Main Corner . . .

PLYMAIL PHOTO

Drivers at the intersection of Main and Penniman avenues were a bit startled last Thursday noon by the very efficient but strangely dressed "traffic cops." On duty were pledges of the Varsity club of Plymouth High school, dressed in an assortment of skirts and babushkas pilfered from their sisters' wardrobes. The boys, all winners of letters in school sports, were being initiated into the lettermen's club. The initiation continued until Thursday night when the boys led the cheers at a basketball game between freshman games at the high school. Hilton Ponto is faculty director of the club.

Parking Limit Enforced in Lot

In an effort to facilitate parking for patrons of the Plymouth business district, the city police department has announced that the two hour parking limit will be enforced in the parking lot between Ann Arbor trail and Penniman avenue.

Those desiring all day parking may use the lot at Ann Arbor trail and South Harvey street. There is no time limit on parking in that area.

Miss America Visits Town, Loses Wallet

Miss America came to town and left her wallet behind. Jacques Mercer, Miss America, 1949, was on her way from Ann Arbor to visit the Wilcox family on Gray street. She dropped her brown alligator wallet at Wing and Main streets and who happened along to find it but Police Captain Carl Greenlee. It was forwarded to her in Toledo, the next stop on her national tour.

The 19 year old beauty contest winner is now Mrs. Douglas Cook, having been married last December. Miss America had to forego her honeymoon, however, in order to carry out the plans for her tour.

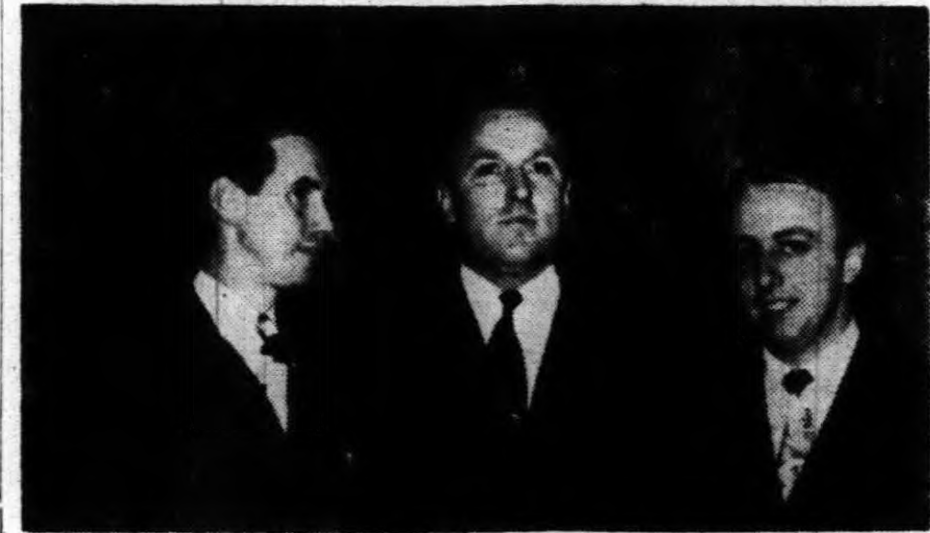

Lions to View Hunting Film

A film on big game hunting in Alaska will be shown at the dinner meeting tonight at 6:30 of the Plymouth Lions club in the Hotel Mayflower.

Hunting enthusiasts, Karl Koepfing and Fred Glass of Detroit will screen the film, taken on their hunting trip two years ago. Members are invited to bring guests or prospective members to this interesting meeting.

The Lions will celebrate their third Charter night anniversary on February 25. Norm Marquis and Ward Jones are co-chairman of the program for that evening. Wives of members are invited to the anniversary party, and the time, place and entertainment will be announced later by the committee.

Plan More "Teen-Age" Dances . . .

PlyMail Photo

Optimists Edward Houghtaling, John Wimsatt and Charles Finlan were well pleased with the second "Teen-Age" dance sponsored by their club last Saturday night at Our Lady of Good Counsel Church. There were 171 local young people at the affair which will be repeated this Saturday night at the First Methodist Church. A new feature will be added this week when Optimists will raffle off gifts during intermission to the young people in attendance. Gifts will be provided by club members and local business firms, the first of which will be given by The Plymouth Mail. Winners will receive tickets to local theatres, tickets to future "Teen-Age" dances and merchandise receipts at local soda fountains as an added attraction this Saturday.

Aid to China Too Late, Says Rotary Speaker

American aid for the Nationalist forces in Formosa would be too late, in the opinion of Yung Neih Huang, guest speaker at the January 20 meeting of the Rotary club of Plymouth.

Yung spoke on the topic "Conditions Leading to Communist Success in China." He blamed the spread of Communism in China on the people's readiness to accept anything that promised them relief from starvation and poverty. Up to this time, Yung stated, the Communists have failed to keep those promises. He feels that this failure to alleviate the deplorable economic conditions in China will eventually doom the Communist ambitions there.

A graduate student in political science at the University of Michigan, Yung, who prefers to be called "Bill" in America, is a former reporter for the Central News Agency in China. During the war he was connected with the Chinese Ministry of Information. He has also been secretary of the American University club and a reporter for the China News-Times and Peace Daily.

Dave Galin, chairman of the International Service committee of the local Rotary, was in charge of the program.

Boxing Match For March of Dimes

Members of the V.F.W. are sponsoring a March of Dimes benefit boxing show this Saturday night at the high school. The matches will be staged by the city recreation commission. Boxers will appear on the 12 match card from Plymouth, Ann Arbor, Wayne and Northville.

According to V.F.W. co-chairmen, Rodger Vanderveer and Theodore Smith, one half of the entire proceeds will go to their organization and that will be turned over to the March of Dimes fund. The other half of the proceeds will go to the city recreation department.

Admission for high school students will be 40 cents. Adults 75 cents and ring side seats will be sold for \$1.00. The matches are scheduled to start at 8 p. m.

Child Survives Electric Charge

Little three year old Marna Roy had a close call last Thursday while taking her morning bath, but due to her family's quick action her life was saved.

Marna, standing in water, reached for the electric light bulb. It broke in her hand and she received the full shock of 110 volts. Her mother, Mrs. Gordon Roy, released the child's grip on the light fixture and revived her with camphor.

Dr. A. C. Williams, who was called to examine the child, reports that Marna's hand was slightly burned but that she has no other ill effects from the charge. The Roys live at 41185 Wilcox road.

Grandchild of Local Couple Chosen as Model

Latest on the list of "cover girls" is five year old Donna Jean Ryan, granddaughter of Mr. and Mrs. Karl Starkweather of Plymouth. Donna Jean is the youthful model in a national advertisement for the Saturday Evening Post.

The ad calls attention to a new series of articles in the Post on divorce. It appeared in Detroit papers and other leading newspapers throughout the country. The ad depicts a mother and daughter of a broken home being questioned by an interviewer.

The picture was selected from several taken for the Post advertisement. This was the first time Donna Jean has modeled professionally. She is the daughter of Mr. and Mrs. Edwin Ryan of Detroit. Mrs. Ryan is the former Evelyn Starkweather.

Men's Club Plans Father-Son Fete

The Methodist Men's club will hold its annual Father and Son supper February 16. For the program following the supper, Randall Penhale has secured the services of the Detroit Puppet association who will put on the puppet show, Mischa and the Mole.

At the January meeting of the club Albert Barrow, industrial glass blower for the Ford Motor company, fashioned artistic articles by mouth blowing and the careful manipulation of a glass rod.

From a tube of blue pyrex glass, Barrow made a beautiful little pitcher which was presented to Mrs. Loren Goodale as a token of appreciation of the meals she and Mr. Goodale have been preparing for the Men's club. Evered Jolliffe was chairman of the evening's program.

Fund Elects New Officers

Officers of the Community Fund for 1950 were elected January 18 at the board meeting. Carvel Bentley is the new president, Robert Stewart, vice president; Dora Gruebner, secretary; and Ray Williams, treasurer.

The officers are elected from the board of directors which also includes Mrs. Mildred Barnes, Paul Johnson, Frank Arlen, Mrs. Daniel Mills and Clarence Moore. Mrs. Mills, Miss Gruebner, Williams and Moore are new members of the board, having been elected at the annual meeting of the Fund January 17. They were elected for a four year term of office.

All Three Commissioners Will Seek Re-election

Members of the Citizens' League are circulating petitions for Eleanor Hammond, Floyd Tibbitts and Cass S. Hough to qualify them as candidates for re-election as members of the city commission. The three will run as a team for the commission with Mr. Tibbitts and Mrs. Hammond as candidates for the two year terms and Mr. Hough as a candidate for the one year term.

Permission Is Sought For New P. O. Passageway

In an effort to encourage the use of good parking facilities on Fralick avenue, permission has been asked for a passageway across the post office property from Fralick avenue to Penniman avenue. Dr. George Timpona, postmaster, has written the United States Treasury department in Washington, owners of the property, for permission.

The proposed passageway is a result of the cooperative endeavor of the city management and the post office to improve parking conditions in and around the main business district of Plymouth. The passageway would cut off a two to four block walk for those who find it necessary to park on Fralick avenue when driving to the business district. The Plymouth Chamber of Commerce has also discussed the possibility of this passageway as a partial solution to the city's parking problem.

Central Carnival Date Announced

The Central Grade school PTA announces February 11 as the date for the "Fifties Frolic," the annual school carnival. This event, providing fun for all, is the only money making project of the school year.

On the midway will be a cake walk, fortune telling, a fish pond, popcorn, soft drinks, candy, balloons and other concessions. The main side show will be a puppet show, movies, games, etc. A typical country store will interest the adults, while a lunch room will satisfy the appetites of all.

The general committee for the "Fifties Frolic" consists of Mr. and Mrs. Douglas Hammill, general chairman, assisted by Mr. and Mrs. O. H. Williams, Mr. and Mrs. Don Rank and Mr. and Mrs. William L. Campbell.

Chairmen of various committees are: door tickets, Mr. and Mrs. Foster Callahan; concession tickets, Mr. and Mrs. Don Rank; puppet show, Mrs. Nellie Bird; cake walk, Mr. and Mrs. Horton Booth; lunch room, Mrs. O. H. Williams; popcorn, Mr. and Mrs. Al Glassford; Coca Cola, Dr. and Mrs. Elmore Carney; movies, William Campbell; fish pond, Mrs. Warren Westfall; fortune telling, Mrs. Kenneth Hulsing; candy, Mrs. Norman Atchinson; country store, Mr. and Mrs. Elvin Taylor; advertising, Paul Johnson; games, Mrs. Zimmerli and Mrs. Grotzinger.

Building Permits Show Decline

The number of building permits issued in Plymouth so far during the month of January shows a decline over the same period of a year ago.

The Garling Realty company has taken out six permits for four and five room homes, as a continuation of their building program in the area. The homes will be at 601, 551 and 575 Auburn street, 466 Arthur avenue, 750 Irvin avenue and 590 Blunk avenue. Construction will begin immediately, according to Leon Merriman of the realty firm.

Permits were issued for building improvements to Edward Campbell for a building at 424 North Harvey street; Dr. J. M. Robison, 884 Penniman; and the Jacob Oil company at 413 North Main street.

A. M. Abbot Dies at Mt. Clemens

Funeral services were held on Monday, January 23, in Mt. Clemens for A. M. Abbot, 70, builder and developer of the Riverside Mausoleum.

Abbot, who has resided in Mt. Clemens for the last five years, was associated with Raymond Bachelder, of this city, since 1927 in the developing and building of the Riverside and other mausoleums.

All three were elected to office after the recall election here last fall along with Mayor Perry W. Richwine and Henry Fisher. According to league officials all three candidates have agreed to run for office and petitions qualifying them for such offices will be filed Friday with the city clerk.

No other petitions are known to be in circulation for any other candidates at this time. Saturday is the last day for filing.

In case the three are the only candidates there will be no primary since it takes seven candidates to force a primary election under the city charter. In case there is no primary, elections will go to the polls on April 3 to cast their ballots for the three candidates and vote for or against the six proposed charter changes that the Citizens' League has placed on the ballot.

George Milosch Buys Kimbrough Appliance Store

The Kimbrough Appliance company, 450 Forest avenue, has been sold to George Milosch and Martin S. Copen. Under the new ownership the business will be known as Better Home Appliances.

Though the store is now open, the new owners plan a grand opening at a later date. Milosch, a resident of Plymouth since 1943, now owns the Garden City Furniture company. With the combined buying power of the two companies, Milosch promises better service and better prices.

Richard L. Kimbrough, former owner of the appliance company, has been in business in Plymouth since 1922. Other than a vacation, his plans for the future are undecided.

The sale was one of the major business transactions in the Plymouth business area in recent years.

Skating Show for March of Dimes Jan. 31

To fight infantile paralysis—and to provide an excellent show for Plymouth residents—the Riverside Figure and Dance club will present a March of Dimes benefit roller skating show January 31 at Riverside Arena, 36635 Plymouth road.

Miss Neva Lovewell, chairman of the March of Dimes drive in Plymouth, urges all to attend the show, one of the major benefits being given for the drive this year. Doors will be open at 7:45. Patrons may either roller skate or be spectators before the program gets underway.

Several national champions will give an exhibition of fancy roller skating, a preview of the 10th annual show scheduled for March 19. Three professional skaters, Bill Best, John Dayney and Clayton LaMay, will supervise the show.

Nelson Lauds Youth Program

Supt. of Schools Helmer Nelson was guest speaker at the weekly meeting of the Plymouth Optimists club January 23.

Nelson commended the club on its efforts to provide recreation for the city's young people. He especially praised the Saturday night dances and the two basketball teams sponsored by the Optimists. He spoke briefly on the crowded conditions of Plymouth school and attempts to alleviate this condition by the new building plans. Proposed changes for the present school structures were also outlined.

The next Optimist meeting will be held January 30. The tentative program includes a discussion by Rev. William Mooney of Our Lady of Good Counsel church and Rev. Henry J. Welch of the First Presbyterian church on the pastors' reaction to the weekly teen-age dances sponsored by the club. The two churches are among those using their church facilities for the dances.

Local News in Brief

Miss Ruth Hadley was guest speaker at the Moms club meeting held on Monday evening.

Mr. and Mrs. A. M. Wiledon of Pine Street spent Sunday in South Lyon visiting her sister, Mrs. Joe Buscaino.

On Friday evening, February 3, the Newburg Methodist church will hold their annual amateur night. Anyone interested in participating is asked to call Roy Wheeler or call 1028-J. The public has been invited to attend.

Mr. and Mrs. Robert Lidgard were in Owosso Sunday where Mrs. Lidgard's mother, Mrs. Ida McWilliams, has been quite ill.

Roy Leemon of Ann Arbor spent several days this week in Dayton, Ohio on business.

Mrs. Nettie Carey, Mrs. Agnes Petherly and Mrs. Alma Bridge attended the luncheon Friday, January 20 at the Barlum hotel honoring Mrs. Elsie M. Peterson.

Mrs. Madeline Wood is the houseguest this week of Dr. and Mrs. Luther Peck of Ann Arbor.

Among the many showers being planned for Miss Joanne Walsh were two miscellaneous showers, one given on Monday evening by Miss Phyllis Makepeace and the other on Tuesday evening at the home of Miss Elise Bellair in Detroit with Miss Lois Hanneman of Columbus, Ohio, as co-hostess.

Mr. and Mrs. Elmer Austin attended the commencement exercises held at Cass Technical High school on Wednesday evening when Donald and David Linsman, twin sons of Mr. and Mrs. Stanley Linsman of Detroit received their diplomas.

Mrs. William Wood of Hubbard avenue, Rosedale Gardens, entertained on Wednesday evening at dinner for Miss Mae Wagner, secretary to Edgar Guest, Ruth Alden, who has charge of Fresh Air camps and Goodfellow dolls for the Free Press, Miss Ruth Sprague and Mrs. Herma Taylor, in celebration of the opening of the new Cerebral Palsy and Polio Treatment Center on Goddard road.

Circle III of the First Presbyterian church will meet on Tuesday evening, January 31, at 8 p.m. in the church parlor.

Mrs. Russell Rinehart of Bradner road entertained at a luncheon on Tuesday honoring her sister-in-law, Mrs. S. T. Ball, of Hammond, Indiana. Other guests included Mrs. Henry Hees, Mrs. Raymond Winkler, Mrs. Lester Daly, Mrs. Stanley Hough and Mrs. Edward Dent.

Mr. and Mrs. Lawrence Miller and Mr. and Mrs. Elton Miller of South Lyon were Tuesday evening dinner guests at the Edwin Reber home on Auburn avenue.

Herald Hamill entered St. Joseph's hospital in Ann Arbor on Monday where he is under observation due to an eye ailment.

On Thursday of last week Mrs. Austin Whipple attended the annual meeting of the Women's Cancer Detection center sponsored by the Federation of Women's clubs and held at their club house. At this meeting Mrs. Whipple was re-elected to a three year term on the board.

Mrs. Floyd Reddeman entertained the Mission society of St. Peter's Lutheran church at her home on Blunk avenue last Wednesday afternoon. Twenty-six ladies were present.

The Study club met on Tuesday evening, January 19 with Mrs. Carl Caplin of Joy road. A report on "Adolescence" was given by Mrs. Caplin. The next meeting will be held on Tuesday evening, February 21 with Mrs. Frank Hokenson of Williams street.

Mrs. Joe Merritt of Lilley road entertained at a tea on Friday afternoon in honor of Mrs. Harold Hultquist, a new comer to Plymouth. Other guests included Mrs. Jessie Berkan, Mrs. Vincent Forshee, Mrs. Finch Roberts, Mrs. Donald Dobbin, Mrs. Fred Nelson and Mrs. Howard Hunt, Jr.

Fire Starts in Car
A fire broke out in the engine of a car at Starkweather and Spring streets last Thursday night, caused by the boiling over of alcohol. Damage was estimated at about \$15. The city fire department reports that the car belonged to H. Mead.

Plymouth "Newsboys" Attend Meeting

The "newsboys" of the Plymouth Goodfellows met last night at 8 o'clock in the city hall. The newsboys are members of the Goodfellows who participated in the annual newspaper sale sponsored by the organization for the underprivileged.

Gas Restrictions Lifted For Home Heating in Area

Approximately 6,000 home owners in this part of Michigan will be able to install gas furnaces in 1950 as a result of Michigan Public Service commission action Friday.

The commission made increased gas heating possible in Michigan by removing restrictions on new installations.

Consumers Power company Pontiac Division office made the 6,000 estimate today on the basis of present distribution of its natural gas customers in Michigan. The long awaited lifting of "pace heating restrictions permits the company to serve as many customers as its recently expanded facilities and supplies will allow.

D. E. Karn, vice president and general manager, estimates that 15,000 new space heating customers can be connected this year. He points out that despite the new order some customers will have to wait until next year.

David L. Brown, division manager, states that the Pontiac division handles approximately one-third of the company's 288,000 Michigan customers.

If this proportion is maintained, he points out, Consumers will be able to serve about 6,000 new customers.

Old applications are valid and will be checked carefully before new applications are processed, Mr. Brown states. No new gas furnaces may be installed until the company has approved customers' written applications, and the customer has been notified in writing by the company that they can be served. Watch your local newspaper for further instructions or information, or contact our local office in your community.

Ceramics Club Makes Progress

With 22 members in the club, the Plymouth ceramics class is under the direction of Mrs. Mier of Wayne.

Last week the class made plates, ash trays and other flat articles, while this week they are working on book ends, boxes, stationery containers and other articles.

The class as a whole is coming along very good and there seems to be a lot of talent in the club with several students making suggestions to help the entire class.

Of the 22 members in the class, two are men and they claim they are having a lot of fun and learning quite a bit from the class.

President George Washington was a member of the Federalist Party and was inaugurated at the age of 57.

Plymouth Troops Prepare For Boy Scout Week February 6-12

The week of February 6 to 12 marks the 40th anniversary of the incorporation of the Boy Scouts of America February 8, 1910, was the exact date. Each year there are certain traditional events by which Scouts all over the country observe this birthday.

The theme for Scouting for 1949-50 is "Strength in the arm of liberty," which lends a special importance to the celebration of the anniversary this month.

Here in Plymouth there will be church services to which all Scouts and their parents are invited. Troop P-4 and its Cub Pack will attend the Presbyterian Church at 11 a.m. February 12, and Troop and Post P-1 will be present at the Methodist Church at the same time. At 10 a.m. on that day Troop W-11 and the Explorer post will attend the Newburg Methodist church. To this service, also, other Cubs, Scouts and Explorers are invited.

Two Father and Son banquets are being planned. The first will be February 2 in the Presbyterian Church. The other will be at Newburg Methodist Church hall February 11. A "Blue and Gold" banquet for Cubs and their families will take place February 10, also at the Presbyterian church.

Troop P-1 is planning an exhibit of Scouting in Taylor and Blyton's store window during Scout week and more windows may show a Scout influence when the anniversary week rolls around. Another tradition of the observance is the wearing of the Scout uniform during the period. It seems that this great program for training in citizenship will be very much in evidence for this particular week, but actually it is going on every week of the year, with a real effect on the youth of our community.

Church Youth Hold Candlelighting Ceremony

The Young People's club of the Plymouth Church of God held a candlelight ceremony January 22 at 7 p.m. in the church. This is the first time the special ceremony was held, and 12 members participated. The club meets every Sunday night.

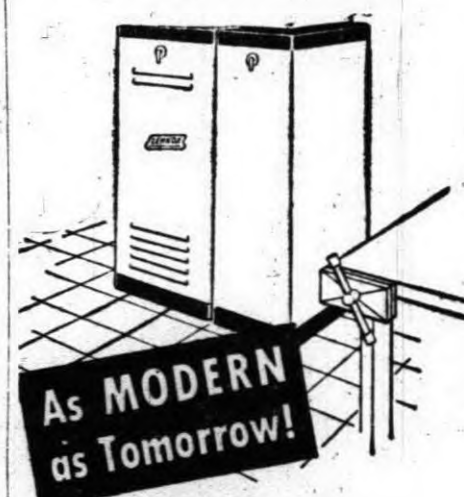

Society Holds Rummage Sale

A rummage sale will be sponsored January 28 by the Woman's Missionary society of the Plymouth Church of God. Many articles of warm clothing will be available. The sale will be held in the vacant store next to Curley's Barber Shop, 139 Liberty street. The barber is donating the use of the store for the sale.

Crash Injures Driver, Demolishes His Car

Samuel Sheplow of 2685 Clairmont street, Detroit, is in Wayne County General hospital as the result of an accident here early Tuesday morning. Sheplow's car, a 1948 Dodge, was completely demolished when it collided with a trailer truck loaded with steel on Ann Arbor road just west of Ridge road. Sheplow's condition is reported as critical. The driver of the truck was uninjured.

Dneyse McKinley Gets DAR Award

The Plymouth chapter of the Daughters of the American Revolution will give the organization's Good Citizenship award to Dneyse McKinley, 17, a senior at Plymouth High school.

The award is given annually to stimulate good citizenship both in schools and homes of high school students. The recipient is selected by student vote. She must excel in dependability, service, leadership and patriotism.

Dneyse will graduate in June. She is taking a secretarial course at the present time and intends to continue this study after graduation, planning for a career as a secretary. Active in the Y-Teens club of the school, Dneyse feels that participation in school activities is excellent preparation for later fulfilling the duties of a good citizen. She is also active in school sports, her favorites being basketball and volleyball. She is the daughter of Mr. and Mrs. Arthur McKinley of 702 Harvey street.

The D.A.R. will present the certificate of award later in the year.

WHAT I THINK AND HAVE A RIGHT TO SAY

PREPARING FOR THE FUTURE.

Because of the importance of training young men and women for future services in the professions and in highly technical work, Dr. Alexander G. Ruthven, president of the University of Michigan, recently declared that he believed the state should charge a lesser fee for Michigan students who are properly prepared for University work and who earnestly seek higher education.

Dr. Ruthven's declaration that University fees should be lower coincides with the writer's idea exactly.

There are thousands and thousands of young people who would honor themselves and their state if they were financially able to go beyond high school grades. But if the present trend of higher and higher fees for higher education continues, it will not be long before our Universities and other schools of similar standing will be educating only the sons and daughters of the ultra rich.

"Our country will always need all of the trained minds that can be produced, and ability of mind is neither directly nor indirectly related to the financial standing of the individual," Dr. Ruthven asserted. "There is no right and no wrong side of the tracks so far as state-supported higher education is concerned."

He pointed out that the trend to higher fees "must lead to a more rigid restriction of the advantages of higher education to the privileged groups, and will just as certainly lead to federal subsidies and federal controls."

Dr. Ruthven said the University in 1929 expected its students to provide 20 per cent of its operating costs whereas the percentage is now approximately 40 per cent.

"The simple fact is that the preparation of youth for citizenship in a developing democracy should be accepted as a public responsibility not only in the pre-college years but also at the college level," Dr. Ruthven asserted.

"Ideally, the state institutions of higher learning should charge no fees to in-state students, and control of education should remain in the states," he declared.

If any compromise on fees is made, the University president said the amounts charged residents of the state should be low enough to allow any properly prepared and earnest young man or woman to pursue college work without undue sacrifices in accumulating debts or in injury to physical health.

"It is quite proper for state colleges and universities to make a distinction between in-state and out-state students in

respect to fees," he asserted. "While these institutions should not permit themselves to become narrowly provincial by excluding non-residents, there is justification for establishing differentials in fees between residents and non-residents."

The position that admission to the publicly supported schools in his state is a right for a properly qualified in-state student and a privilege for the out-state student is a sound one, Dr. Ruthven said.

While declaring that the University's fees for Michigan students were too high, he said he did not regard the charges made to non-residents as too high. He believes the charges to non-residents could be increased but only due regard to possible effects on the composition of the student body.

STATES' RIGHTS.

There's been a lot of talk about States' rights, almost as much as there were during Civil war days.

Let's read what the Allendale, South Carolina Citizen, a Democratic paper, has to say about the subject: Its comments follow:

Despite the thousands of words on the subject of States' Rights we find now and again that many persons have no idea what we are talking about when we refer to the matter. Many Northerners, for instance, have the idea that the movement is designed to keep minorities powerless and many Northerners actually believe that the only benefits to be derived from recognizing the sovereignty of the separate states will go to a narrow segment of the nation labelled, The South.

This, of course, is far from the truth. Simply stated, the States' Rights program calls for a return to all of the states those rights guaranteed under the Constitution of the United States. As proponents of the plan see it, the Federal Government, under various pretexts and at times when emergency conditions have existed for the nation, has usurped powers rightfully vested in the states. Those powers have been retained by the central government beyond the period of emergency, and we face a situation where too much power is centralized in too few hands. Such centralization of power, States' Rights believe, constitutes a definite threat to the continuance of the form of democracy that made America great. Thus a curb to the grab of power would benefit Oregon and Illinois, New York, Maine and New Jersey as much as it would benefit the South.

States' Rights believe that the Constitution wisely limited the extent of Federal activity to foreign and military affairs and to problems common to all the states and their relations to each other. The Constitution makers were not all satisfied with this phase of their document and many believed that the nation would be doomed to civil strife when and if the central government overstepped the limits put upon it.

There was certainly no intention that the Federal Government should have minute control over the affairs, the internal and personal affairs, of the separate states. It is the attempt to gain such control that brings about the States' Rights program.

The so-called "civil rights" issue injected into the battle for retention of power in the legislative hands of the separate states is a red herring if the Trumanites ever saw one. By swinging that red herring across the land, the Truman faction of the Democratic Party hopes to befoul the issue.

To the degree that Northerners believe the fight is merely a sectional affair with benefits accruing only to the South, they succeed. States' Rights should be alert to the possibilities extant in the North where a considerable body of voters without a brief for civil rights, hope for an end of Federal interference in state and local government.

HOW CAN THEY GET AWAY WITH IT?

A Detroit judge sometime ago said that at least 150 motorists accused of violating some traffic regulation in Detroit each day of the year ignore traffic court summons given to them by traffic officers.

We'd like to know how under the sun this exceptionally large number of alleged traffic violators can get away with any such practice. A traffic summons is ordinarily regarded as an arrest and to our way of thinking failure to obey a traffic summons is just plain defiance of law.

Either Detroit is shamefully lax in its law enforcement or else Detroit has more law defying residents to the square foot than any other place on earth, and we do not believe the latter is the case. Little wonder Detroit's crime record stands out like a sore thumb.

WHY DO THEY DO IT?

Every so often one reads in the newspapers of a number of people being arrested for trying to evade the Michigan sales tax law. Sometimes just one person is involved, but more frequently a number are found to be mixed up in these shady deals. Why do they do it? It would seem that any intelligent person would know that sooner or later his offenses will be revealed. Cheating certainly does not pay.

Plymouth Prisoners of War to Get Pay For Time Behind Barbed Wire

Joe Merritt, son of Dick and the late Mrs. Merritt and a hustler who is successfully establishing an insurance business in Plymouth, is one of the fortunate veterans of World War II who is going to be compensated in a small way by Uncle Sam because he was one of the many unfortunate veterans confined in a prison camp during most of the war.

He will receive something like \$1,200 for the hunger, suffering and brutal treatment accorded him in a Jap prison camp.

But there are other Plymouth boys who became prisoners of war on the European front who will be rewarded for their sufferings as well.

They are Jack Gordon, Francis Gail Bain, Nicholas Cicirelli and Owen Johnson.

This money which will come to these young veterans is a small payment indeed for the nightmares they suffered in Jap and German prison stockades.

The money is being paid to these prisoners of war by the federal government under a war claims act passed by the 1948 congress. They will be paid one dollar for each day they were held as prisoners. Joe Merritt will receive top compensation because he was a member of the first American armed force unit to fall into the surprise death trap spring by the Japs. He had just landed in the Philippines when the Japs launched their terrific drive against a mere handful of American soldiers.

The blanks for veterans to make applications for this small additional compensation for their sufferings are being distributed by the Michigan Veterans Trust Fund. Any Plymouth veteran can receive first hand information by calling Lisle Alexander. He is at his home nearly every evening.

Heart Attack is Fatal to Editor

Robert Grant Rowe, former owner and publisher of the Milford Times, and well known in Plymouth, died late Friday, January 20 in Mt. Carmel Mercy hospital.

He had suffered a heart attack Tuesday while driving to Detroit from his home in Milford.

Mr. Rowe, 46, owned the Milford paper for 14 years before selling out last June. It had been founded by his grandfather.

A native of Milford, Mr. Rowe was prominent in civic affairs. He was past president of the Milford Rotary club, past master of Masonic Lodge No. 165 and secretary of the Michigan Pony association.

Last Christmas he tied deer antlers to a team of his prize Shetland ponies and brought Santa Claus to a large number of Michigan communities.

Second vice president of the Michigan Press association in 1948, Mr. Rowe retained an associate membership in the organization after he disposed of his paper. He also was a member of the National Editorial association.

Surviving are his wife, Myrtle; two daughters, Miss Elaine Strick and Miss Janet Louise Rowe; and six sisters, Miss Dorothy Rowe, Mrs. Earl Mastick, of Plymouth, Mrs. Wallace Heiser, Mrs. Lawrence Maugh, Mrs. Hollis Coe and Mrs. Howard Hoag.

Services were held at 2:30 p.m. Monday at the Milford Presbyterian church. Burial was in Oak Grove cemetery, Milford.

Services Are Held For Mary T Blood

Mary T. Blood, of 10940 Ann Arbor road, died Monday, January 23, after a long illness.

She is survived by her husband, Leland C. Blood, of Plymouth; a sister, Mrs. Katherine Jobin, of Detroit; and a daughter, Mrs. Madeline D. Weir, of Eucino, California.

The funeral will be held at St. Bernard's church, Detroit, on Thursday, January 26, at 9 a.m.

Boy Scouts Defy The Weatherman

In spite of the nearly successful efforts of the weather man to deprive the boys of snow for their big winter event, 350 Boy Scouts and 100 men of the Sunset district ran the most successful "Dawson City Sweepstakes" that they have ever had, last Sunday.

It was held at Warren Valley golf course, through the cooperation of the parks and forestry division of the county roads.

Representatives of 28 troops in 53 patrols competed over the mile and a half course in six different Scouting skills. Patrols having a sledge, home made by the district's rustic standards, also competed for the honor of having the best sledge. There was practically no snow by the time the last course was run, but everybody, boys and men alike, had a wonderful time.

The boys competing were from Plymouth, Northville, Wayne County Training school, Newburg, Rosedale Gardens, the various other Livonia communities, Wayne, Garden City, Belleville and Denton. The men handling the event were assisted by Explorer Scouts from Plymouth-1, Garden City-2, Rosedale Gardens-1, Stark-1 and Wayne-6.

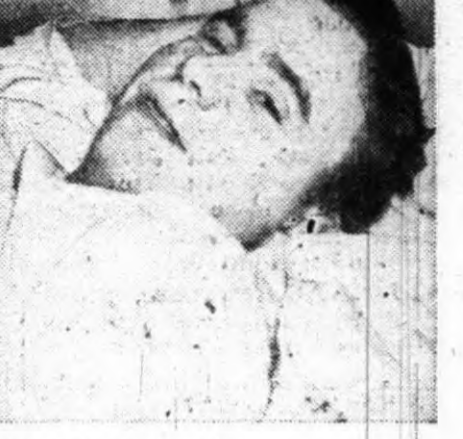

The men helping manage the big event came from the same widely distributed sections of Sunset district. Plymouth contributed Jim Huddleston, A.D.C. Gene Benson, N.C., Rus Cutler, Walt Pagenkoff, Bob Bachelder, Wallace Osgood and Clif Tillotson, among others.

Ted Kuckleman of Belleville, district chairman, signed all the passports for the patrols. Rus Cutler fingerprinted all the pa-

trol leaders and our former District Executive Frank Specht, committee chairman of W-1, photographed each patrol with its sledge. Present District Executive Art Henry was present, getting acquainted with Sunset's way of doing things.

The Arrow Patrol of W-1 won the course and the Flaming Arrows of Stark-1 won the trophy for the best sledge.

Next year, as plans are already begun, will be a special 10th anniversary Sweepstakes—and what weatherman would deny lots of snow and a fine day for such a celebration?

CONVALESCENT . . . Pee Wee Reese, Brooklyn shortstop, rests at Louisville hospital after undergoing hernia operation. Doctors say he will be able to join his club for spring training. He expects to leave hospital in 10 days or so.

Unto All Men
Lesson for January 29: Acts 10: 17-20, 24, 34-37
Memory Selection: Matthew 28: 19-20

NOT ALL THE Roman soldiers in Palestine were pagans. A centurion in Caesarea had embraced the Jewish religion and he "prayed to God always." Obedient to the vision of an angel, he sent two of his household servants and a devout soldier to Joppa for Peter.

When they arrived, Peter had just had the vision of the unclean beasts. While he pondered its meaning, the messengers inquired for him. Because of the vision's teaching and at the bidding of the Spirit, Peter went with the men to Caesarea. Arriving there, they found Cornelius, kin and friend awaiting him.

Declaring he perceived that "God is no respecter of persons," Peter preached unto them; and the Holy Ghost fell on them, and they were baptized. Abiding with his converts certain days, Peter went to Jerusalem. There the mother church called upon him to give an account of his going unto Gentiles. When they heard of the gracious results, they glorified God, saying: "Then hath God also to the Gentiles granted repentance unto life."

Thus the mother church reached the momentous decision to bear the Gospel to the Gentiles. We shall do well to learn the great truth that God calls none common or unclean, and realize that we should set no barriers against any group of men because of their race or their nation.

The Golden Text (Jeremiah 31:3) is: "The Lord hath appeared of old unto me, saying, Yea, I have loved thee with an everlasting love; therefore with loving kindness I have drawn thee." Among the Bible citations is this passage, (Matt. 6:31-32): "Therefore take no thought, saying, What shall we eat? or, What shall we drink? or, Wherewithal shall we be clothed? (For after all these things do the Gentiles seek): for your heavenly Father knoweth that ye have need of all these things." Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, include the following (p.530): "In divine Science, man is sustained by God, the divine Principle of being. The earth, at God's command, brings forth food for man's use."

THANK YOU . . .

For Your Patronage All These Years . . .

To those of you with whom I have had so many pleasant associations and business dealings during the past several years, I would like to take this opportunity to publicly express my sincere appreciation.

Ever since coming to Plymouth and going into business I have done everything to treat my customers just the way I would like to be if I were the purchaser. I hope you will continue buying your appliances from "Better Home Appliance" . . . the new business name. The new owners, George Milosch and Martin S. Kopen, will conduct the business in a manner which will be a credit to themselves and the community in which we live.

Serving the city of Plymouth and surrounding area with time and energy-saving appliances has been a distinct pleasure. Knowing that you have appreciated the service we have been able to render, makes us happy that we have been able to help you with your needs.

If we have been only a small part in making your life more enjoyable then we feel we have been of real service. And your continued patronage has meant your satisfaction. We appreciated that patronage.

THANKS FOR EVERYTHING

Rocks Ride to Fourth Straight Victory Defeating Belleville

"Score first and keep on scoring," seems to be the motto of the brushcut Plymouth High quintet. In racking up their fourth straight victory of the season, the Rocks defeated a faltering Belleville five 59-45 last Friday night.

Captain Dick Fenton started off the show by scoring a two pointer with a long shot from the center of the court. Alan Finney, Dwight Eckler, Keith Ebersole and Dave Reitzel and other Rock players started to throw in tricky shots from every angle.

It wasn't until the Rocks had netted 12 points that Potts made good on a free throw to give Belleville its first score.

The Belleville Tigers did not make a field goal in the entire first quarter. The initial period ended with the locals resting on a comfortable 18-2 lead.

After a few minutes of play in the second stanza Plymouth mentor, John Sandmann, sent in a whole new team consisting of Bill Farwell, Charlie Stark, Doug Jetter, Jerry Walsh and Bud Young.

The second squad had just got started when a foul shot was awarded to Charlie Stark. Charlie made the charity toss for his first point of the year. At the half Plymouth had taken a 25-13 advantage over Belleville.

In the second half Plymouth scored mostly on tip-ins and rebound shots with Ebersole and Eckler playing the leading roles. After the first team had enlarged their lead considerably, the reserves were again sent forth to finish out the quarter. The blue and white outscored the Belleville cagers 16-11.

During the last period, everyone entered the game for Plymouth and the Rocks enlarged their lead to 51-23 at one point of the contest. The final reading on the scoreboard stood at 59-45 in favor of the Sandmann bucket-ees.

Netting 19 points, Alan Finney was again the leading scorer of the game, playing his natural brilliant game all around. Keith Ebersole, soon ending his era in Plymouth sports, pumped in 15 points through the hoop.

The Rocks seem to have set some kind of a record in scoring 116 points in two encounters for an average of 58 points per game. A large factor in the high scoring of the Plymouth five is the much improved playing of Alan Finney, who has netted 42 of the

Firemen, Falcons Lead Leagues

By swamping the Eagles, the Firemen kept first place in the Class F league. They defeated the Eagles 53-2 at Plymouth High school on January 21.

Bob Lewis had 16 points for the winners while his teammate, Danny Clifford, collected 12. The Eagles lone score was made by Brown.

In the second game the Buzzards were shut-out by the Great Americans 46-0. Kelly, Broilet and Caplin dumped in 14, 13 and 12 respectively.

The Eagles and Buzzards, who have taken beatings from all the teams in the league must not be judged by their scores. All of the players show fine sportsmanship while on the floor.

The Ramblers outscored the Optimists 20-13 in a comparatively close game. Steve Tallian dropped in six counters for the losers and Walsh hooped eight for the Ramblers. All of Tallian's points were made on free throws.

Local Bowler Steals Show in Times Contest

Bob Hitt, 28 year old manager of the Parkview Recreation of Plymouth, was the sensational "hit" of the third weekend in the Detroit Times Sweepstakes at Chene-Trombley Recreation.

All he did was hit for a 220.375 average for eight games, which is super going along the maple lanes. The feat likely will get the Detroit Times Classic ivory hunters on his trail pronto. Why they haven't been before is a mystery.

As a starter Robert led his DeSoto team into fifth place in Class B with 2806 by firing 205-234-225 for an excellent 664, or 221.1 average. It is the highest series rolled thus far. Clift Wilkin supplied 256 in 606.

Several hours later Hitt, who went strike crazy several years ago with five unsanctioned 300 games in one week, connected for a home run and first place in the Class A singles with 1099, a total that may get him the \$500 first prize and a trophy.

Pokerly speaking he held an often winning hand—two pair. He started with two 245s and sandwiched 209 between two 203s to better Bud Massoll's 1949 championship total of 1058 by 41 sticks. He had only one split and one error.

Hitt, father of one son, Lowell Harold, three, has been bowling only seven years. He was state senior horseshoe pitching champion in 1936-37-38 and runner-up in 1939. Then the war came.

Upon his return he turned to bowling. He has nine 300 games to his credit, one sanctioned in the Tri-County Classic January 23, 1949. He has a 197 average in the Parkview Classic and a 205 in the Plymouth.

Hits 100 Points Over Average

Bill Clarke, bowling with the Misfits in the Service Clubs' league, hit a 224 last week at Plymouth Recreation bowling alley which was 100 pins over his average.

With Millie Swartz leading Cavalcade, her team took three from Dunning's for high three for a score of 2361.

Lane Heating in the Plymouth Classic league took three points from Cloverdale. With the addition of Bert Howley in Lane's place, they will be tougher to beat from now on.

Lois Bowden at the Plymouth Recreation bowling alley, rolling for Graham's, picked up the 3-7-10 split. Edith Butler of Dunning's picked up a 6-7-10 split. Cavalcade Inn rolled a high series of 2361, at Plymouth Recreation.

In Omaha, Judge Arthur C. Thomsen, pondering a traffic damage suit, told the jury, "A careful driver ought reasonably to anticipate some vehicles making viatic use of the road," then added, "I have been waiting two years to get a case where I could use the word 'viatic'."

Interested in Indoor Sports?

Men, here is your chance to get out, have fun, keep yourself in good condition and enjoy the recreation facilities of Plymouth. At Starkweather Grade school gym every Tuesday starting at 7 p.m., men's volleyball is held and other indoor sports are also played under the direction of Dunbar Davis.

This is a nice chance for men who do not excel in any special sport such as basketball to get out and enjoy themselves. The last few meetings were enjoyed by all who attended.

To play volleyball or the other activities held in the gym, you have merely to go to Starkweather Grade school on any or every Tuesday at 7 p.m.

Plymouth Rocks in Second Place

With a couple of upsets in the Suburban B league, the standings have been jumbled up somewhat as Trenton and Redford Union are both now resting in first place with Plymouth a close second.

On January 19 the Redford Union Panthers upset the Trenton Trojans by a slim margin of 49-39 to put both teams in a first place tie.

The Plymouth Rocks dropped the Belleville Tigers last Friday to send them into sole possession of second place. Ypsi, having been subdued by the Wayne Zebras 41-35, dropped into third.

Following is the Suburban B league standings:

Team	W	L	Pct.
Redford Union	4	1	.800
Trenton Trojans	4	1	.800
Plymouth Rocks	3	2	.600
Wayne Zebras	2	3	.400
Ypsilanti Braves	2	3	.400
Belleville Tigers	0	5	.000

In Columbia, South Carolina, a car driven by Boseman E. (Joe) Collins, a professional house-wrecker, veered off the road, clipped off the corner of a filling station, smashed the porch of one house, smashed to a stop against the porch of another.

Down Under The Florida Palm Trees With The Mail's Roving Wolverine

"Just who do you think you are to think you can go to Florida and not do any work while you are there? Why did you take a typewriter with you, if you didn't plan to use it?" was the tone of a rather sassy note that came from the office the other day.

Isn't that something? Can't be classed as a Fair Dealer as we've always believed in paying our bills as we went along. Can't qualify for the welfare or old age pensions because we belong to the wrong political party and can't draw unemployment compensation checks because the New Dealers outlawed any one who tried to make a living by working for himself and not working for some one else.

The many, many friends of Ross Heilman of the Wall Wire company, will be glad to know he is making a slow but sure recovery from his long illness. Ross is no longer in the Miami Springs-Creek Sanitarium but is now being cared for in a nice little home with Mrs. Heilman and his nurses at 24 Carlisle Drive, Miami Springs.

So large has the attendance become at Miami Rotary club meetings it has been necessary to hold two meetings each week. Local members are expected to attend on Wednesdays and the nearly 200 visiting Rotarians are requested to attend on Thursdays.

To read Florida newspapers one would think Plymouth and all the other cities and villages of the north Central states were suffering from the worst weather the country has ever known.

The long overdue rush of tourists to the southlands apparently has not yet started. Some estimate that there are some 25 percent fewer people here than came to Florida last winter.

Seek Use of Library Space For Activities

Interest in recreational use of the upstairs rooms in the Dunning public library received a strong public today with the announcement that petitions are now being circulated requesting early action in the matter by the city commission.

Ample city funds have been set aside and are now available for installing necessary floor supports and whatever other accommodations may be required.

Among those groups backing the proposals is the Plymouth Chess club, headed by President Joseph Haefner. He explained that the Chess club's present and only meeting place, the city council chambers, is subject to municipal court sessions and other civic business.

Additional support for the project is expected in the form of local citizens signatures on petitions. Members of interested groups are urged to contact Haefner, Murray O'Neil, Clayton Kops or Bernard Marcus, each of whom can provide a petition for signatures.

The term "race" when used in regard to human strains classifies three main groups of man: the Caucasian, the Mongoloid and the Negroid.

FOR YOUR OWN PROTECTION —

Don't Buy Any Gas Heating Equipment Unless Your Application Has Been Approved by Consumers Power Company

The Michigan Public Service Commission has issued an order permitting this Company to resume connecting additional gas space-heating customers.

The Commission acted on evidence supplied by the Company showing that our gas storage field program has advanced to a point where restrictions on the sale of gas for heating houses and other buildings are no longer necessary.

This does not mean that **everyone** can have gas house-heating service immediately. Many can; others will have to wait a little longer because gas mains in their particular areas do not have capacity enough to supply the needs of all who want gas heat. This is true of some streets, some neighborhoods and even some communities.

Regulations on file with the Public Service Commission require that anyone wishing gas heating service must fill out a written application and obtain the Company's approval. This regulation is designed to protect both you and the present gas space-heating customers in your vicinity, whose service might suffer if too many customers were connected to existing facilities.

To avoid tying up your money in equipment you may not be able to use, please refrain from buying any gas space-heating equipment until and unless your written application has been approved in writing by the Company.

Navy Mothers Install Officers

Officers of 12 neighboring Navy Mothers clubs were installed at a joint ceremony January 19 in Redford Masonic Temple. The Michigan Navy Mothers past commanders sponsored the installation with Mrs. A. J. Kuhlman presiding and Mrs. Elsie Peterson of Philadelphia, national commander, acting as installing officer.

Local officers installed were as follows: commander, Agnes West; first vice commander, Mary Sackett; second vice commander, Esther Jacobs; adjutant, Alma Bridge; finance officer, Erma McLean; chaplain, Mable Donohue; judge advocate, Nettie Carey; and matron at arms, Stella Rudick and Nora Donovan. Color bearers are Louise Mulry and Vera McGraw.

Over 400 members attended the meeting, including Navy Mothers from all over Michigan and Canada.

Night Sewing Classes Filled

The sewing classes for adults held at Plymouth High school are filled for the coming term. Sewing instructor is Mrs. Lila Humphries.

Students in the class will learn to distinguish between "style" and "fashion". Style, says Mrs. Humphries, designates the type of clothes that have stood the test of time but the term fashion indicates only temporary popularity. Workmanship, line and quality are important factors in styling, according to Mrs. Humphries.

Council Holds Annual Meeting

Plans for the Mid-Winter rally of the Plymouth Girl Scout council were made at the group's annual meeting January 18 at the Veterans' Memorial Center. The program for the rally includes the Girl Scout skating party.

It was also reported at the meeting that there are three Brownie troops, three Intermediate troops and one Senior troop registered. Mrs. Robert Wesley, program chairman of the council, announced that swimming for the Scouts will be available by the end of January.

A proposal to sponsor Campships to Cedar Lake Area camp for next summer was considered at the meeting with the result that the council will pay the registration fee for each girl who attends.

New council members elected were as follows: commissioner, Mrs. Joseph Witwer; area camp, Mrs. Kenneth Hulsing; publicity, Mrs. Carl Finney, and finance, Mrs. Howard Carson. Earl Mastick was appointed by the Kiwanis club to be in charge of the Girl Scouts day camp.

Members of the nominating committee elected were Mrs. E. J. Readman, chairman; Mrs. R. S. Shattuck, Mrs. E. E. Lindstrom, Mrs. Austin Stecker and Mrs. Paul Simmons.

DALE CARNEGIE

AUTHOR OF "HOW TO STOP WORRYING AND START LIVING"

Appreciates Others' Viewpoint

ALLAN R. MORRIS, London, England, faced a difficult problem. His firm had purchased a business similar to the one it was operating. The purchase agreement included a clause whereby Morris' firm was to take on the obligations of the company it had bought out. This seemed fair enough until the company learned about an obligation that the officers had not known was in existence.

Carnegie

They worked for three months on an agreement for selling their output through a sole agent. Then they gave an order that in six months' time they wished to terminate the agreement and put in their own selling organization.

To their great surprise they learned that there was an agreement in force that they were under obligation to work under the present conditions for two more years. They couldn't find a copy of this agreement but there was no mistake about it being in proper order. The agent was adamant, insisted that the agreement be carried out.

And it was entirely up to Morris to see that this plan was changed, the agent dismissed, and the matter brought to a successful conclusion from his firm's angle. Pretty difficult thing to accomplish under the circumstances.

He called on the agent, explained that he fully appreciated his point of view and added that of course there was no alternative but to carry out the terms of the agreement. Then he let the other man do the talking, only adding that if he could see their way to release them from this plan in six months instead of two years, he would win the ever-lasting friendship of all concerned, and would also be doing him, Morris, a very good turn.

Mr. Morris says he was careful throughout to show that he appreciated the agent's point of view, that he respected him personally, and that he really liked him. But he says that he knows if he had approached him in any other manner, his organization would not now be running the sales and that the agent never would have agreed to his request, which he did after thinking the matter over for only a few minutes.

Warden Stresses Need of Progressive Methods

"Instill the inmate with confidence and convince him he can make good," declared A. Blake Gillies, warden of the Detroit House of Correction, at the January 19 meeting of the Junior Chamber of Commerce auxiliary.

Warden Gillies, in his talk on progressive penology methods, explained the important task of rehabilitating the inmate. The institution now employs the services of a psychologist as a necessary help to the inmates.

Mr. and Mrs. Roger Bordine of Saltz road have been entertaining her brother, Pfc. Charles Stewart, who is on furlough from Japan. He leaves February 6 to resume his duties in southern Japan.

Kerry Bordine celebrated his fifth birthday Sunday. Ice cream and cake were served in the afternoon by his parents, Mr. and Mrs. Roger Bordine, and little sister, Cheryl. Guests were his grandparents, Mr. and Mrs. L. Bordine; Mrs. Sara Stewart; great grandmother, Mrs. Inez Eckles; and his uncles, Charles Stewart and Duane Bordine.

We take the Woes and Worries out of Weather

ONE of the grandest things about your Buick is the way you can ignore the season—chew your way through gravel and dust alike, splash through the wet stretches, snug and secure even on slippery pavements.

But bear this one thought in mind...

Rough road conditions call for special attention to your lubricants. Tires should be checked for correct inflation—for deep, clean tread that bites on a slick surface. Brakes won't stop you with a sure and gentle touch if the master cylinder needs more fluid, or if an air-bubble has worked itself into the line. These things, and more, should be checked to keep your Buick at its best.

If that sounds like more than one thought to bear in mind—just drive into our shop and tell the man, "LUBRICARE, please."

Our winter Lubricare treatment covers all these points—with specially trained mechanics following factory specifications as they go over your car from end to end.

Drive in this week, why don't you? The price is surprisingly low. The peace of mind is priceless.

Atchinson - Chrysler, 1st National Remain Tied For First in League

Atchinson-Chrysler and First National both won their eighth game this week, remaining in a tie for first place in the men's cage loop.

Atchinson - Chrysler downed Daisy 47-33 on January 17 at the Detroit House of Correction in a hotly contested encounter. Leading at halftime, 16-14, Atchinson was never behind and got hot in the third period netting 18 points. Al Horton looped in 13 points and Clare Ebersole 12 for Atchinson while Bacon was scoring 11 for Daisy.

First National kept pace with Atchinson, winning over DeHoCo 50-40 on the same night.

The Bank boys jumped to a quick lead at the end of the initial quarter 22-10. At halftime First National Bank had gone ahead nine points to take a 31-16 advantage.

Sammy Slough again scored over 20 points, this time netting 23. Reinard Heinegar led the Bank boys, dropping in 18 counters. This victory kept First National in a tie with Atchinson-Chrysler for top place in the league.

Tait's Cleaners won their fourth victory of the season by turning back the Plymouth Mail 46-38 on January 19 at DeHoCo.

Plymouth Mail led at halftime 19-18 but were put behind in the game in the third quarter. Tait's win put them in a tie for third place with a 4-6 record and dropped the boys from the Press deeper into the cellar with a 2-8 record. Mac Pierce, Dave Pottinger and Dwayne Becker, each racked up 14 points in the tilt.

Optimists Down Bulldogs 20-14

Little Tommy Rutherford and Art Secord led their team to a 20-14 victory over the Bulldogs of the Wayne County Training school January 21 for a very decisive win.

Rutherford scored nine points while Secord tossed in eight for the victors, while Ydropo scored eight for the losers.

In another tilt the W.C.T.S. Indians swamped the Professors 28-10. Preville scored eight for the Indians and Ribar latched on to eight for the defeated.

In the final encounter, Cichowlas sparked the Wolverines to a 32-6 victory over the Junior Firemen. Cichowlas hooped 12 points for the Firemen, and last week netted 16 counters.

In St. Joseph, Mo., when a 17-year-old customer returned to the Townsend and Wall department store to complain that a costly cigarette lighter he had bought was no good, the store reported that neither was his check (for \$124.22).

Five hundred million dollars in goods are dispensed annually from vending machines.

Deace Scores 23 as Gould's Win Over Ecneics

In an effort to climb into the first division in the Boys' Class D basketball league, Gould's Cleaners romped over the Ecneics 45-27 at the Wayne County Training school last Thursday.

Gould's forfeited their first two games of the season and are still down in the second division of the league. Carl Deace netted 23 points for Gould's, which was more than half of that scored by the whole team.

Previous to this game the Bulldogs narrowly escaped victory over the Panthers in a low scoring game, 14-13, and gave them their third win of the season.

At the end of the initial quarter the game was deadlocked at one all and 9-7 at the half in favor of the Panthers.

The Red Birds held onto first place, winning their fifth straight over the Rock Crushers 43-17 and sinking the Rock Crushers further down in the league with their fifth straight loss. Cook netted 16 points for the Red Birds and Thompson 14, while three players scored four for the Rock Crushers.

Following is the league standings:

Team	W	L	Pct.
Red Birds	5	0	1.000
Bulldogs	3	2	.600
Panthers	3	2	.600
Ecneics	2	3	.400

Rock Reserves Win Close One

Winning one of the closest games of the season last Friday the Plymouth reserve cagers downed the Belleville second squad 22-21.

The Junior Rocks were behind 19-15 with only two and a half minutes left to play in the encounter. Carl Pursell tossed in a long shot to make the score read Belleville-19 and Plymouth-17.

A Tiger player sank what most of the cheering fans thought to be the decisive basket with only one minute left in the tilt. Belleville had now increased their lead to 21-17.

Dave Travis put new life into the fans when he made a shot from the side of the court to put Plymouth only two points behind. With 45 seconds of playing time remaining, Gary Sockow intercepted the ball and was on his way for two points when a Tiger player fouled him. Gary missed his shot but Plymouth was given the ball out of bounds under the new ruling.

Jerry Finnegan latched onto the ball and was fouled with only 10 seconds of play left. He made the charity toss good and narrowed the score down to 21-20.

The ball was passed to Dave Travis whose shot bounced off the rim back to him, giving him his second shot, which he made, enabling his Rock team to win a 22-21 victory.

Shorts in Sports

by Al Larson

Roller hockey is probably one of the newest sports around the Detroit area and it is also one of the roughest and talented sports. Many people believe that ice hockey is more exciting and thrilling, but roller hockey, I believe, is the better of the two.

Roller hockey supposedly originated in Albany, New York, 35 years ago, but others claim that it was being played in a few northern Indiana cities 50 years back. Wherever it originated is of little value. The sport itself is one of the roughest and has much bodily contact to it.

Living in a very well organized recreation community of Plymouth, we also find that at Riverside Arena, the furious game of roller hockey is being played every Monday night. The squads which are represented in the Michigan-Ontario amateur roller hockey league with teams from Detroit and the surrounding area.

Riverside Arena is the home floor for the two hockey squads, the Easton Packers and the Arena Flyers, which are two fine teams. At present the Easton Packers are leading the league while the Arena Flyers are resting in last place.

The Easton Packers are sponsored by Chuck and Bud Easton and the Arena Flyers by Ed Martin. These men get no money for coaching these teams, but do it just for sheer love of the game. All the equipment which the teams use are bought by these men from the gate receipts which have been below standard this year.

Other teams represented in the league are the Arcadia Wildcats, Detroit Barons and, London, Detroit Tecumsehs. Formerly, has now dropped out of the league and only Michigan has teams in the loop.

With two home teams, games are played at Riverside every Monday night at 8:30 p.m. and it is hoped that the attendance will soon grow larger than what it has been the last few weeks.

Rocks Play Host to Ypsi Braves

The Plymouth Rocks will play host to the Ypsilanti Braves this Friday in the high school gym at 8:15 p.m. in a fight to stay in the first division in the Suburban 6-B league.

The last time these two teams met, the Braves edged out Plymouth 26-20 at Ypsi. A victory for Plymouth would put them closer to first place in the league and give them their fifth straight victory. This will be the last game for Dwight Eckler and Keith Ebersole ending their eligibility in high school sports.

Ypsilanti has almost always been the power of the league, but this year, in basketball, they're not doing as well as expected.

In San Antonio, a sunburned Santa Claus refused to continue work in Joske's outdoor toyland until the store shaded his chuck-wagon throne with an awning.

Atchinson Wins Again to Stay in First Place

In an attempt to pull away from First National Bank and hold sole possession of first place in the men's basketball loop, Atchinson-Chrysler won an easy victory from the Plymouth Mail, 61-49 last Monday night at the DeHoCo gym.

Atchinson jumped to a 15-10 lead at the end of the initial period but the two teams played on even terms in the second quarter with Atchinson-Chrysler leading 31-26. Atchinson gained their margin of victory in the last stanza, outscoring Plymouth Mail 14-5.

Three players scored 57 of Atchinson's 61 points. Al Horton, Clare Ebersole and Bob Norman netted 22, 18 and 17 respectively. Phil Bosman looped in 19 for a losing cause.

The Detroit House of Correction won their fifth game of the season, downing Daisy Air Rifle 49-24 at DeHoCo last Monday.

DeHoCo won a comparatively easy victory as they took a 13-3 lead at the end of the first quarter and did not give Daisy a chance to even get close, outscoring them in every period. This victory put DeHoCo in second place behind First National and Atchinson-Chrysler, who are tied for first.

Sammy Slough brought his total up to 189 in 11 games, scoring 18 points for DeHoCo. This is an average of 17 points per game and a substantial lead over his closest rival scorer in the league, Bob Norman, who has 139 counters in 11 games for an average of 13 per game.

Plymouth Girls' Teams Tied For First in League

On January 16 in a hotly contested game, Twin Pines defeated Willow Village for their fourth straight victory of the season. Willow Village led by two points at the half, but in the final quarter Twin Pines staged a scoring rally that enabled them to come out on top by a score of 33-26. This encounter was played at Ypsilanti.

Daisy had a comparatively easy time winning their fourth game in as many starts from Wayne as they led all the way. Playing at St. Mary's High School in Wayne, Daisy downed Wayne 37-28 on January 16.

Standings of the Girl's Inter-City league as of January 20 are as follows:

At N.Y. Univ. 26 students are taking the nation's first course in writing comic books. We assume the courses cover everything from "Awk" to "Zowie!" The theory is that most children (and plenty of grown up kids) are reading the funny pages these days, so U.S. educators had better learn how to produce constructive ones. Like a man reaching into a grab bag . . . maybe they have something. The Chinese claim that one picture is as good as a thousand words. Unfortunately that makes Lincoln's Gettysburg Address, about one-quarter as effective as a quick glimpse of Mickey Mouse.

Speaking of pictures . . . have you noticed the ones Ralph Rostow of GRAHMS our neighbor to the west, has been running in his ads lately? And for that matter, we hope the thousands of words connected with the one of yours truly (up at the top of this column) are complimentary.

A Birmingham, Eng., coal deliveryman won a prize of \$84,782 . . . so he and his wife are going to adopt a bunch of children. There's a man who deserves to win. Gladys Stone Says Vows in California Ceremony

The Luther Memorial Lutheran church in Burbank, California was the setting of the candle-light ceremony in which Gladys M. Stone became the bride of Gerald C. Schermerhorn on January 14.

The bride is the daughter of Mr. and Mrs. A. N. Meier who formerly resided on Five Mile road in Plymouth. For her wedding the bride chose a white satin gown designed with a sweetheart neckline and a full skirt ending in a train. A mixed arrangement of white roses and carnations was centered by an orchid for the bridal bouquet.

Acting as maid of honor was the bridegroom's sister, Betty. A bouquet of pink roses and carnations complemented the blue gown she wore. The bridesmaids selected yellow gowns and carried bouquets of orchid carnations.

For her daughter's wedding, Mrs. Meier wore a pastel blue gown with pink accessories, while Mrs. Schermerhorn, the bridegroom's mother, donned a navy blue dress with white accessories.

Two hundred guests extended congratulations to the newly weds at the Saturday evening wedding. Mr. and Mrs. Schermerhorn will make their home in Burbank, California.

Tells Works of League Program

At the January meeting of the Rosedale Gardens Woman's club, Paul Knowles, blind director of field activities for the Leader Dog league, addressed the members on the rehabilitation program for the blind conducted by the league.

The league was founded in 1939 in Rochester, Michigan, to provide trained dogs for the leading of the blind. Maintained by member sponsorship and donations, the league requires only a nominal fee to be paid by the blind. Knowles was accompanied by his leader dog, Wolf, with whom he travels to give lectures.

Friday evening after bowling, members of the Lutheran bowling team gave Mrs. Floyd Burgett, one of their members, a surprise stork shower, after which they all enjoyed lunch at the Marquis grill.

Al Larson flew to Manchester, New Hampshire to spend the weekend.

Maccabee News

New officers for the following year will be installed at a dinner to be given at the Hotel Mayflower on February 15, at 6:30 p.m.

All members who wish to attend the dinner are asked to make their reservations before February 10. They may be made by phoning 249-M or 1594-J.

BIRTHS

A seven pound nine ounce daughter was born to Mr. and Mrs. Lee D. Allison of 38163 Warren road on January 19 in Beyer Memorial hospital. Linda is the name the proud parents have given their daughter.

It's a girl also for the LeRoy Woodrads of Grantland street in Plymouth, whose new arrival, a seven pound three ounce daughter, was born on January 22 in Beyer Memorial hospital in Ypsilanti.

Hints For Plymouth Homemakers

Enjoy Good Souffles, Croquettes

You can make crisp, tender stuffed peppers, golden brown croquettes and fluffy souffles if you have a good basic recipe for each which you can vary as you wish. Here is a fool proof starting recipe for each of these dishes, with some suggestions for meat, fish and cheese mixtures to add to them:

BASIC STUFFED PEPPER RECIPE

6 medium green peppers
3 eggs
1 1/2 cups milk
1 1/2 teaspoons salt
1/4 teaspoon pepper
1/4 teaspoon nutmeg
1 small onion
3 sprigs parsley
Few celery leaves

Wash peppers, trim off half-inch slice from stem end. Scoop out the thick, bitter ribs and center seeds. Set aside until custard-like stuffing is mixed up. Start your oven at 325° F. or slow.

Now break eggs into a large bowl. Add the milk, salt, pepper, nutmeg, onion grated fine, parsley and celery leaves chopped well. Beat with a fork just long enough to mix thoroughly. Then add whatever mixture you like.

After adding proper seasonings and cheese to egg mixture, fill peppers to within quarter-inch of the top and put into a shallow baking dish. Pour 1 cup boiling water in bottom of baking dish. Bake 55 to 60 minutes or until peppers are tender when tested with a fork but still slightly crisp. Serves 6.

CHEESE-STUFFED PEPPERS

Add to the basic custard mixture half-teaspoon dry mustard and 2 cups grated American Cheddar cheese.

BASIC CROQUETTE RECIPE

4 tablespoons butter or margarine
4 tablespoons flour
1 cup milk
3/4 teaspoon salt
1/8 teaspoon pepper
1 egg
1 tablespoon water
Flour
Bread crumbs

Make a smooth, smooth white sauce by melting butter or margarine over a low heat; stir in flour until you have a satiny paste. Take off the stove and add the milk gradually, stirring like mad. Put back on stove and cook until sauce bubbles, at which point it is just thick enough. Mix in salt and pepper. This is the basic sauce with which all croquettes are made. After this add whatever mixture you wish.

Next, shape cooled croquette mixture into cones, patties, balls or rolls. Then beat up egg and water slightly. First dip croquettes in flour, next into egg mixture and finally in bread crumbs.

To fry, heat fat (enough to cover croquettes) in deep kettle to 385° F. if you use a frying thermometer, otherwise until a cube of bread turns a rich brown in one minute. Then fry croquettes, several at a time, until they turn a handsome golden brown (about one minute to a croquette). Drain thoroughly on absorbent paper. Makes 6 plump croquettes.

BASIC SOUFFLE RECIPE

6 eggs
4 tablespoons butter or margarine
4 tablespoons flour
1 1/2 cups milk
1 1/2 teaspoon salt
Dash cayenne pepper

Start your oven at 300° F. or very slow. Separate eggs now so they can come to room temperature.

Melt butter or margarine in a saucepan over low heat, then stir in the flour until you have a smooth paste.

Take off the stove and stir in milk gradually. Put back on the

stove and cook slowly, stirring constantly, until sauce is smooth and about as thick as mayonnaise. Take off stove, stir in salt and cayenne. Cool a bit.

Now you have a cream sauce which is the base for all, except sweet, souffles. Then add whatever mixture you choose.

Next beat the egg yolks until very thick, very light. Then the egg whites until they are stiff enough to stand up in great peaks. (Make sure, here, your egg beater is absolutely dry. Even a drop of egg yolk or water will keep whites from beating up properly.)

Stir the yolks into the cooled cream sauce mixture. Then mix or fold the egg yolk mixture into the egg whites gently. Gently because you want to keep the air in the souffle and if you're too vigorous about this business, you'll beat it out. Pour into ungreased (this helps to make souffle rise higher) 2-quart or large casserole. Bake 1 1/4 hours. Serves 6.

SOUFFLE WITH LEFTOVERS

Add to cream sauce 1 cup ground ham, veal, lamb or chicken, a pinch of dry mustard and a pinch of marjoram, summer savory or dried parsley and a pinch only of sage. Let mixture cool before combining with egg yolks and whites.

Candy Stains

To remove a candy stain which contains sugar and no fat, use water. Dip a toothbrush into lukewarm water, and tap the stain with the brush to get water completely through it. Then dry with a chamois.

Utilize New Ideas for Lunch Boxes

Packing that "off to school" or "off to work" lunch should get as much attention from Plymouth housewives as preparing a good breakfast. A big problem in lunch packing, whether for work or school, is variety, but there are many solutions to that problem.

Sandwich fillings are a good starter. Try combinations like cooked egg with grated cheese, sliced cheese and ham, or cottage cheese with chopped green pepper, cooked prunes, jam, nuts or chili sauce. Bacon, chopped pickle, ground cooked liver, or even beans or sauer kraut can be used to add variety in sandwiches. And don't forget the vegetable sandwich. Finely shredded cabbage with grated carrot and green pepper and a little dressing is very good. Raisins or nuts with carrots also make a good filling.

Fresh vegetables as a relish can add a lot of variety in the lunch box. Crisp carrot sticks, cabbage wedges, and green pepper strips should be included occasionally, as well as the more commonly used tomatoes, radishes and fruits.

For a hot dish, hot tomato juice, beef or chicken broth, soups and cocoa are all excellent. The good lunch box meal contains about one-third of the day's requirements of protein, vitamins, minerals and calories. Only after enjoying a good lunch can a person work, learn or play efficiently.

It is important that you allow enough time for packing a lunch, just as you allow time for preparing a meal at home. Best time to pack the lunch is in the morning, which is also a busy time. Part of the lunch preparation can usually be done the day before, especially if you have a deep freeze or frozen food compartment. Many sandwiches, other than vegetable, can be made ahead of time and kept frozen.

Start Bulbs Now for Easter Bloom

The first week in February is the deadline for starting bulbs for Easter bloom, according to the United States Department of Agriculture. Unless bulbs have been potted or started in water by this time, they will not reach bloom by the spring holiday.

The rate of their growth can be speeded up or slowed down by regulating light and temperature as they grow. When Easter is within a few weeks and the plants seem to be slow, they can be made to grow faster with more light and heat; similarly they can be held back by removing them to a cooler room where there is less sunlight.

Dispose of Old Medicine

Medicine should be kept in a special medicine cabinet and thrown out after the person using it no longer needs it. This will eliminate danger of taking it by mistake which often has serious effects.

Kraut And Frankfurter Combine Celebrated Week of February 2-11

KRAUT and frankfurters which seem to go with winter-brisk appetites are getting national attention the week of February 2-11 from the food trades. During the week, or all through the year, a dinner that's indeed worthy of national prominence is sauerkraut with grilled frankfurters. With an accompanying variety of relishes such as pickles, chili sauce and chow-chow, each diner can highlight this twosome to his own fancy.

By using canned sauerkraut and frankfurters, you may serve a hearty and economical dinner in minutes. Both foods have been thoroughly cooked during processing and need only be heated to serving temperature. While the

sauerkraut is simmering in a skillet with 2 tablespoons of bacon drippings, grill the frankfurters under the broiler.

The No. 2 can of sauerkraut yields 4 to 5 servings of the light colored, crisp, evenly shredded tangy vegetable. Frankfurters come 8 to the 12-ounce can, and you'll appreciate having this picnic-to-main course meat ready for immediate call on the can shelf.

The relishes served along with these standbys contribute added flavor. Mustard and catsup are familiar accompaniments, but also experiment with the various types of pickled relishes for flavor interest.

Livestock to Share Program at Farmers' Week

Aiding farmers to produce top quality livestock is the job of the Michigan State college animal husbandry department. Showing these animals to the public and telling how results can be obtained by others is one of the features of Farmers' Week at East Lansing, January 30 to February 3.

The Michigan beef calf feeding project show will again add popularity to the livestock events. About 45 top quality steers will be on parade Thursday and will be sold at auction the same day.

The Michigan Sheep Breeders' association will again offer a special discount to all 4-H and FFA purchasers at the association's annual bred ewe sale on Wednesday. Sixty purebred ewes will be sold.

Swine events on Wednesday will again be led off by the judging of barrows as individuals and as pens. Entries will come from 18 counties. It is expected that at least 40 pens will qualify and around 150 choice pigs will be selected for the show.

Tuesday, January 31, is horse

day. The Michigan Breeders' and Dynamometer association have arranged a number of programs for the day. Draft colts will be judged in the morning, followed by a feature heavyweight pulling contest.

The annual livestock banquet is scheduled for Wednesday night with entertainment and guest speakers.

Livestock associations have chosen Farmers' Week for their business meetings. Separate sessions of interest to breeders of sheep, swine, horses and cattle will be held on the campus.

An added feature this year will be the "Little International", held Friday and Saturday by MSC agricultural students. Top-flight entertainment and animals are set for the event.

Our worth is determined by the good deeds we do, rather than by the fine emotions we feel. —Youngtown Sheet and Tube Bulletin.

California Designers Give First Showing of New Summerwear

For a peek into what you will be wearing next summer, you need only look at some of the resort clothes that are coming out of California designers' workrooms. Experts on sunshine fashions, they have chosen radiant colors, gay stripes, checks and polka dots in a range of beautiful materials from heavy linen to delicate voile.

Designed to wear in southern climes and on romantic cruises, these fashions will be just as lovely next July when Michigan snows are but a memory. California designers have chosen radiant colors and beautiful materials for fresh, easy clothes that can be worn anywhere.

A sueded cotton jacket, polka-dot lined, is worn over a two-piece rayon crepe dress, by DeDe Johnson. A boldly striped French linen skirt, a white sleeveless linen shirt, accented with braid and a linen jacket, make a dashing costume, by Joy Kingston.

When the grass grows' green wear Haiti Pink kid sandals by Joyce of California. Mother-and-daughter checks will be popular in swiss-dotted cotton dresses with elasticized tops, by Fred Cole.

The collar of a bare-backed dress fits over a matching jacket for town wear. Designer Stephanie Koret guarantees the rayon butcher linen as washable. Bare-shouldered printed silk surah with pure linen jacket is featured by Joy Kingston.

A snow-white linen jacket with matching skirt and back-buttoned rayon crepe blouse, is designed by Irene Saltern. A cool costume for a warm evening: black cotton blouse and a full ankle length skirt of turquoise-and-black checks adorned with a huge draw string pocket, by Louella Ballerino.

A sundress the color of strawberry ice is flecked with frosty diamonds. The jacket has three-quarter sleeves by Marjorie Montgomery. Especially fetching is a one piece dress of cotton voile, its skirt of rainbow stripes and its top sky blue.

New Treatment Developed for Serious Skin Burns

A new treatment for skin burns holds hope for healing without the unsightly scar tissue and tightly drawn muscles which resulted in the past. The healing agent is a recently developed "protein film" for fresh burns.

Two Detroit doctors, one a member of the Wayne university College of Medicine staff, who have developed the treatment, have used it on 500 children at Children's Hospital of Michigan and on many adults.

The treatment consists of spreading the "protein film" or ointment, over the burned area. This helps a scab to form, favors the growth of new skin and flesh, and stops the loss of body fluid.

A special advantage of the new treatment is that it eliminates the need for the bandages commonly used on burned areas to stop fluid loss. Bandages over burns are often painful to the patient. Taking them off to see how the healing has progressed too frequently results in tearing the flesh and opening the way for infection. With the new approach, these dangers are reduced because the treated area may be seen at all times, and any developing infection can be treated at once.

The raw material for the new ointment is taken from freshly-killed beef. A large artery near

the heart of the animal, the aorta, has been shown by research to be the richest source of the healing components, and it is from this that the extract is taken.

Dr. C. N. Weller, senior instructor in surgery at Wayne's College of Medicine, and Dr. C.H. Chase, Detroit physician, have worked during the past eight years perfecting the treatment. Recently, Dr. Weller has specialized in its application in the clinics at Children's hospital, where he is associate director of surgery. Dr. Chase has concerned himself principally with the necessary laboratory work.

The doctors caution against undue optimism, pointing out that skin grafting and plastic surgery still are needed in burned areas where the skin and flesh are destroyed.

Fair in the Light of Memory Shines

BY • ELTON R. EATON

Edna Ferber, one of the best known writers of the last 50 years, who now resides in Connecticut, is a native of Michigan. She was born in Kalamazoo, where her father operated a small variety store. Miss Ferber never married.

Lake Michigan is the largest body of water that lies wholly within the boundaries of the United States. Lake Okeechobee in Florida is the largest body of water that lies entirely within one state. Houghton Lake is Michigan's largest inland lake.

When Al Weber founded the Cheboygan Tribune, there was not a single railroad or highway that connected southern Michigan with this northern Michigan city. It was necessary for Editor Weber, who now lives in retirement in Cheboygan, to ship his printing plant to Petoskey and then haul it on sleighs from Petoskey, on a little-traveled trail road through the forests, to Cheboygan. Petoskey was then the northern terminal of the only railroad that extended into northern Michigan. All shipping in and out of Cheboygan at that time was by boat.

In view of the fresh water shortage in New York and New Jersey it is interesting to note that Michigan is located within an area which possesses more than two thirds of the entire fresh water supply of the world.

Michigan is the home of the largest Portland cement mill in the world. It is located at Alpena. It produces more than 6,200,000 barrels of cement each year. Much of it is shipped by boat to all important Great Lake sea ports.

Urbanites chuckle over the country lad getting lost in the big city but four mighty embarrassed Detroit rabbit hunters managed to lose themselves recently only a few miles from the outskirts of Michigan's largest city.

Unable to recall "near what schoolhouse on a gravel road" they had left their car, the hunters finally wandered on to the state recreation area near Pinckney. Ernest Botke, Jr., conservation department park manager, came to their aid, driving the four around "several schoolhouses on gravel roads" until the car was located.

The hunters had bagged some rabbits, which they hung on to in spite of the excitement, but in view of the circumstances preferred to remain anonymous.

State park attendance now is approaching 13,000,000, but four conservation department park managers reported their latest weekly total of visitors at—zero.

Seldom a week passes, even in the wintertime, when every open park does not have at least a few sightseers, hunters, or at least a couple attempting to prove that romance knows no season. In spite of the one odd week, these four parks—Algonac, Burt Lake, Hoelt, and J. W. Wells—attracted a total of nearly 250,000 visitors during the past year.

Michigan's 60 state parks shattered the 1948 record 12,500,000 attendance late in October.

Seven of the parks are closed for the season. Some of the others still open offer ice skating, skiing, ice fishing and other winter sport activities.

"Only Indians, muskrats and bull frogs can live in Michigan" once wrote a man who served in the fort commemorated by a bronze plaque at Saginaw.

Placed on the Hotel Fordney at Court and Hamilton streets, the plaque marks the site of Old Fort Saginaw. Built in 1822 on orders of the United States War Department because of the unfriendly attitude of the Chippewa Indians, the fort was abandoned the following year because of a malaria epidemic.

About 150 soldiers and civilians were living in the stockade when the epidemic broke out in the summer of 1823, according to information in the Michigan Historical Collections at the University of Michigan.

Dr. Zina Pitcher, the army surgeon, did his best to combat the disease but met with little success. It was Dr. Pitcher who later commented on the unhealthfulness of the state's climate.

Dr. Pitcher also fell ill and for several days had to be carried to his patients. Altogether two officers, an enlisted man and an officer's wife, daughter and son died of the disease before the garrison was moved to Detroit in October.

For a number of years afterwards the Saginaw valley had the unenviable reputation of being an unhealthy place to live, the records in the Michigan Historical Collections show. This idea was spread principally by representatives of fur-trading interests in the region who did not want other persons to come into the area.

Manuscripts in the Michigan Historical Collections indicate that Dr. Pitcher recovered from his illness and rose to several important positions before his death in Detroit April 5, 1872. He was a regent of the University from its start in 1837 until 1852, mayor of Detroit for two terms and an examiner of the U. S. Mint.

Foley Declares Housing Needs Are Far From Being Attained

Raymond M. Foley, who would now be a resident of Plymouth township if it was not for the fact that he is federal administrator of the Housing and Home Financing Agency of the government in Washington, declared a few days ago that the country must build more housing units this year than we did last if the nation is to meet its housing requirements.

Mr. Foley pointed out that while more than a million homes were built last year, the needs of the nation during the next decade will be far in excess of the total number of homes built last year.

It will be recalled that Mr. Foley when serving as housing administrator in Michigan with offices in Detroit was about to purchase a permanent homesite on Territorial road just west of Plymouth. His appointment just at the time he was about to move to this locality made him a resident of Washington instead of Plymouth.

In his statement given to newspapers a few days ago he said:

The 1949 record represents the minimum, not the maximum level of production we must have to make real progress toward our goal of a decent home for every American family. We must not accept the best that we can do. We have the capacity to exceed the 1949 record in 1950, and in the years to come, if we center our efforts on good housing within the means of the average family. The homebuilding industry is to be complimented on its record in 1949. The 1949 production demonstrates that we can produce more than a million housing units a year as a normal average without undue strain on even our current capacity.

He pointed out that the 1949 record was reached with about 10 per cent lower production of building materials than the year before and with no increase in peak labor requirements.

"The key to expanding our production of homes in the future lies in our ability to meet the lower price and rental demands of a large section of the middle income area which we have scarcely tapped," Foley said. "To do this requires the concerted efforts of all phases of the industry and of government."

Foley said that, while the middle income range varies considerably in different parts of the country, the general average

families needing rentals from \$45 range of primary need comprises to about \$73 a month.

Foley said that in addition to existing programs directed to middle income housing assistance and to recommendations made last year and still pending before the Congress, further legislative proposals will be made to the new session of Congress to stimulate private housing to meet more of the middle-income requirements.

Government aids, Foley said, played an important role in 1949 construction. He said that about one-third of the year's homebuilding was financed under commitments to insure by the Federal Housing Administration, including most of the large-scale rental construction.

In addition, he said, about 30 per cent of mortgages recorded under \$20,000 were made by savings and loan associations, which are aided through financial reserves and investment insurance through the Federal Home Loan Bank system and the Federal Savings and Loan Insurance Corporation.

The sharp upturn in GI home loan financing through the Veterans Administration, he said, was stimulated by the secondary mortgage purchases through the Federal National Mortgage association.

Foley also pointed to the increase in the proportion of rental housing in 1949, stimulated through FHA mortgage insurance. He said, however, that in 1950 the rental demand is for housing at substantially lower rents than those attained in 1949, and that both the agency's administrative policies and its legislative recommendations will be directed toward this lower rental field.

Foley said that programs set up under the Housing Act of 1949 will also contribute to greater production of housing in 1950.

"Statements by spokesmen for some private groups that these programs will hurt private home building are entirely unjustified," he said. "The contrary is true. The bulk of the job must be done by private industry and the chief aids of the government are directed toward helping it in that task."

Billions of live bees are flown by air to hives throughout the United States to increase honey production.

New Ordinance Considered

The city commission at the January 16 meeting considered a proposed electrical ordinance. The ordinance provides for the city of Plymouth to join in a reciprocal agreement regarding the work of electrical contractors from out of town accepting contracts within Plymouth.

The plan allows the inter-city recognition of qualifications of electrical contractors, enabling them to do work in towns other than their own by paying the nominal fee as established in the agreement.

Forty-five towns, cities and townships in the area, including Wayne, Oakland and Macomb counties, are in the reciprocal arrangement. The plan was originally promoted in 1939 by the Thomas Edison club of Detroit and is now sponsored by the Joint Council of Electrical Contractors.

by Eleanor Roosevelt

A WAY from the crowd—out of the limelight—what kind of a husband was Franklin D. Roosevelt? What were his private thoughts? Did he bitterly resent the illness that left its lifelong mark? How did his strong ties to his mother affect his relations with his wife and his children? You'll find the absorbing answers in "This I Remember." You'll see treasured family pictures in Mrs. Roosevelt's private album. You'll learn what a man gains, what he gives up, when he becomes President, and the price his family pays for his service to the nation. You'll enjoy every picture of Eleanor Roosevelt's own revealing story of America's most talked about man, before and during the world-stirring days in which FDR played a major role and helped to shape history.

"There are some things I know that nobody else could tell" writes Mrs. Roosevelt

Constitution Studied by Club

The French club held a meeting last Friday to study their constitution.

Jack Elliott called the meeting to order and the members started to read the constitution. When they came to Article VI Section I which states, "The dues of the club shall be twenty-five cents a semester and must be paid by the fifth week of the semester," a member of the club moved that if the dues weren't paid by the fifth week that a fine should be added each week until they are paid. It was approved by the club. Dues can be paid at the next meeting which is February 3.

It was also decided that the French club meetings will be held on the first and third Friday of the month.

Another item discussed was the matter of absence. The constitution states that members are allowed three in succession or five a semester before being automatically dropped from the club.

Library Club Plans Dance

The Library club will sponsor a dance on St. Patrick's Day, March 17, with grades 7-12 invited. Delores Hulack was chosen general chairman and she in turn nominated the following people for the several committees required: refreshments, Diane Arcsott and Dorothy Keen; publicity, Sue Carson; decorations, Mary Gobel, Pat Johnson and Gilbert St. Louis; orchestra, Dorothy Zander and Delores Hulack; invitations, Betty Mae Kennedy; tickets, Donald Lightfoot and Lou Ann Stremick; and chaperons, Pat Johnson and Sue Carson.

Book-Binding Films Shown

The library staff and journalism classes were shown three movies during fourth, fifth and sixth hours last Friday in the high school library.

The films concerned book making and binding. The first, a silent motion picture, showed a very old and outdated method of book making. The second picture was about elementary book-binding with simple materials from around the house. The third picture was a modern film that showed the most modern methods of setting type, engraving, plating, separating, cutting and printing a book.

Students Visit Home Exhibition

Homemaking classes of Plymouth High school visited the 17th annual Housewares Exhibition at Hudson's department store in Detroit January 18. The group was accompanied by Mrs. Barbara Parkes, homemaking instructor.

A director from the Home Advisers bureau of Hudson's led the group through all sections of the exhibit. The tour included the china and glass section where etching of modern glass was in process, exhibits of older to modern glassware, and a film on the making of glass. New inventions in kitchen furniture were also shown.

U. N. Officer Addresses Hi-Y

Both chapters of the Hi-Y club were entertained recently by Dr. Karel Naprstek, a United Nations department executive.

Mr. Naprstek told how the YMCA operated in Czechoslovakia before and after the war, and he told the history of the association in Czechoslovakia.

He is a friend of White chapter adviser, Harry Reeves, history teacher. Besides visiting the Hi-Y club, he talked to the Kiwanis club and visited various industrial plants.

Mr. Naprstek, who studies the public's reaction to the UN problem, stated "that the UN is more successful in settling disputes than many think. Favorable world wide public opinion is growing."

Kiwanis Opposes Soviet Magazine

Five Kiwanians represented the Plymouth club at the annual Midwinter meeting of the Michigan district of Kiwanis clubs on January 16 at Battle Creek. They were Byron Becker, Ray Williams, Ernest Henry, George Burr and Frank Terry.

Significant action taken at the meeting was the decision of the Michigan district to go on record as opposing a publication of the Russian embassy in Washington. This magazine, which lauds life in Russia, is distributed to schools in this country by the embassy.

Over 293 Kiwanians representing 97 clubs in the state were present at the meeting.

The waters of Great Salt Lake in northwestern Utah are very buoyant. They contain about 14 per cent mineral salts.

Senior High Girls Start Basketball

With basketball season here again, senior high girls' basketball teams have once again been formed. This year Dynese McKinley, Pat Pine, Dorothy Wright, Anne Vincent, Joyce Chaney, Betty Bilow, Lois Minehart, Grace McDonald, Carolyn Smith, Pat Johnson and Nancy Beagle have been chosen to captain the teams.

So far the girls have been practicing, but the annual tournament is expected to begin about the first or second week of the second semester. Any girl wishing to join who has not yet done so should see Miss Virginia Olmsted at once.

Science Group Meets Hamster

Carl Parson gave a talk on hamsters to the Science club on Wednesday, January 18. Parson, who has 1,000 hamsters, brought four with him to show to the group. He explained that hamsters make nice pets.

In 1943 these little animals became famous as pets although they had been discovered 20 years previously. Originating outside the United States they were brought to this country 15 years ago. Some hamsters live about 24 to 30 months and weigh about five or six ounces with an average length of four to five inches.

At a glance they resemble rats but have no bones—just muscles or tissues. When they are born they are a light golden color, but at about eight or nine weeks their colors turn darker, according to Parson.

They prove more effective than rats for experiments and laboratory work because they catch diseases faster.

The price of gold during the 1849 Gold Rush in California was \$18 an ounce.

Expanded School Library Needs Old Periodicals...

Plymouth High school library recently underwent a bit of renovating to facilitate the students' use of the library.

The changes have been made under the supervision of Mrs. Esther Ham, librarian, who has endeavored to relieve the crowded conditions of the library and to provide space for new books and periodicals.

A new section of counter height book cases has been added, furnishing, not only space for books, but a convenient place for browsing through material. The installation of an expanded library workroom presents an entirely new appearance in the library. This workroom is combined with a 15 foot section of adjustable storage shelves, giving more space for back numbers of magazines.

Now when students are faced with themes, debates, term papers or other projects requiring current material difficult to find in encyclopedias or books, they may consult the Reader's Guide to Periodical Literature. This book is a handy index of authors and subject matter to the 40 magazines now kept in upright metal files on the new shelves.

Until this year lack of storage space prevented the keeping of back numbers of magazines. Consequently the investment in the many excellent periodicals was valuable only for recreational reading or current events, the back issues having been disposed of. With the present facilities, the reference value has increased considerably.

Mrs. Ham hopes that parents of students and interested friends of the school will give to the school library back issues of magazines, in order to make a collection embracing the last five years.

A letter sent out today by the library to parents and friends lists the following among the magazines that would be welcome: National Geographic (any issue, regardless of date), American, Atlantic Monthly, Coronet, Good Housekeeping, Harper's Magazine, Holiday, Ladies' Home

Journal, Life, Parents Magazine, Popular Mechanics, Reader's Digest, Saturday Evening Post, Saturday Review, of Literature, Better Homes and Gardens and Time.

Anyone having magazines but unable to deliver them to the high school should call and the transportation will be provided.

The two different divisions of the Chamber of Commerce met in the club rooms last Friday evening and elected A. E. Blunk and S. D. Strong as team captains. Each side has in the vicinity of 120 members and both claim that they are out to win. Last Friday's Detroit News contained a picture of the members of the Northwestern High school debating squad and Miss Ruth E. Huston of this village, their coach. Their team won the city championship by a decisive victory over Central High school last Thursday. Miss Huston, who has been coach of the winning debating teams of Northville for the past three years, is to be congratulated on the results of her splendid work.

We heard a Plymouth citizen say yesterday that knocking indicates one of two things—carbon in the engine or envy.

The trouble with the average Plymouth man who casts his bread on the water is that he expects it to come back in the form of a cake.

Motor cars will be finished in brighter colors this season, according to a trade magazine. It will be much nicer to be hit by a pretty one.

A number of the business men of the village met at the office of Frank Rambo, Monday evening for the purpose of hearing a new proposition which might be introduced to be located near this village. It was explained that a number of Detroit's capitalists have formed a company to build a speedway to be known as the Detroit Motor City Speedway at a cost of \$750,000. Should the speedway be built here, prominent Detroit automobile manufacturers will build permanent outdoor testing laboratories, which would act as a magnet to bring their factories here should they contemplate a change in location.

Avoid Rush-Buy Auto License Now

Those shiny new silver and black auto license plates for 1950 should be secured soon. Plymouth automobile owners are warned, to avoid the expected last minute rush. Deadline is February 28.

Secretary of State Alger has announced there are 2,153,645 automobile owners in Michigan who have not obtained 1950 license plates for their vehicles.

At this time last year, an average of 11,000 people daily were securing their plates, while this year the average has been less than 8,000. Making the job of re-licensing even more difficult is the fact that there are 170,000 more motor vehicles owned in Michigan now than in January of last year.

Disregarding the revenue from the sale, which reverts to the counties of the state on a quarterly basis and which is not adversely affected by the delay of motorists, there are nevertheless two very good reasons why the public is urged to secure plates early. First, such action will enable them to secure more rapid service, and second, the last minute rushes are exceedingly costly to the state.

To complete the sale by February 28 in the 29 days remaining, about 63,000 people must apply daily, and unless the average daily sales pick up very soon, indications are that in the last few days of the sale the offices will be faced with the almost impossible task of handling hundreds of thousands daily.

Certainly there are many cases where for various reasons motorists must postpone licensing, but if the great majority of those with whom delay is not mandatory will "shop early," a great deal of difficulty to the public and to the state can be eliminated.

We still think the greatest pipes of peace are factory whistles.

Hi-12 Sponsors Circus Trip

The Hi-12 club of Plymouth completed plans at the meeting January 18 to sponsor the attendance of about 100 boys and girls and their supervisors from the Wayne County Training school at the forthcoming Shrine circus in Detroit.

Arrangements for the trip were made with the cooperation of Dr. Robert Haskell of the training school. Members of Hi-12 planned the trip as a means of expressing their appreciation of the fine entertainment given the club recently by children from the school.

Roger Babson Says...

Babson Discusses Business For 1951 and 1952

In my recent Forecast for 1950, I stated that 1950 will be almost as good as 1949. This means that most industries and most localities will average nearly as well as for 1949. It is very possible—however—that 1950 may be the best year for some years to come.

1950 vs. 1949

It should be remembered that January 1949 enjoyed several stimulants which cannot indefinitely continue. For instance, 1949 benefited from a marked increase in military preparedness. Also, in 1949, the first installment of Marshall Plan Aid—amounting to \$5,000,000,000—was sent abroad, much of which helped U. S. industries.

1950 will—however—benefit from the large amount of insurance money to be rebated to G.I. men. There will also be some other windfalls; but the European aid money will be less in 1950. The farmers will have less money to spend in 1950. All told, general business for 1950 need not be much below 1949. We surely live in a great country.

Normal Conditions vs. Stimulants

Readers should, however, realize the great need of INCREASING stimulants in order to hold business up to "normal" and prevent declines. Those who have administered to the chronic sick, know that in order for the patient to avoid more pain the dose of bromide must be increased. Those who depend upon liquor for a "lift" know that the amount used must be increased from year to year, in order to get the same results.

The above illustrations apply to U. S. business. It is not enough for the government to expend "as much" in 1950 as in 1949 in order to hold up business. The government or private enterprise must expend more in 1950 in order to prevent a decline. The Republicans are wise in complaining about ever increasing expenditures and deficits; but in order to keep the national income up to the 1949 figures, it is not enough for Uncle Sam to contribute as much as in 1950 to the general welfare. He must contribute more than in 1949 unless the Republican businessmen have more faith in the country and they themselves finance more new industries.

Bursting the Balloon

Of course there is a limit to all things. The present policy of going into debt to keep up the national income cannot continue forever. If oxygen is continually pumped into the business balloon, it will finally burst from over-pressure. If only the present amount is put into the balloon each year, the balloon will

slowly become smaller. Hence, 1950 may be our best year for some time.

This is why I am advising readers to get out of debt during 1950. Neither jobs nor money will be as plentiful in 1951 or 1952. Now is the time to save your umbrellas for the inevitable "rainy days". Pay cash for what you buy during 1950. Give your employer the best you can during 1950. Many careless workers will be laid off in 1951; you don't want to be one of these. Increase your savings during 1950 as you may need to draw upon them in years which follow. Explain business cycles to your wife and children. Get them to co-operate with you.

Beware of Politicians

Don't let the politicians fool you. Most of them are not interested in your real welfare. They are interested only in getting re-elected. Moreover, the increase in salary which they voted themselves will make many of them in 1950 even more dangerous leaders than before. During these coming months too many of them will tell you anything to get re-elected. They will be giving you only temporary "pain killers". Don't be fooled by their harmful patent medicines.

Your hope and mine depends upon us doing more work and spending our money more wisely. There is no short cut to prosperity. Sooner or later we will learn that these politicians have been giving us only dope instead of an honest spring tonic. We need medicine which will make us produce more, so that prices can be reduced and false "prosperity" can be avoided. There is too much thought about getting free aid and too little about creating more goods. For prosperity to continue after 1950 we must have more religion and fewer handouts.

In Sausalito, California, Justice Walter Deer fined Artist Rodney Roth \$50, ruled that the sound Mrs. Valerie Humphries had made at a party when Roth bit her bare midriff was "a yell of pain" rather than, as the painter had testified, "a cry of ecstasy."

Group Tours State Library

A tour of the state library at Lansing was part of a recent program attended by Mrs. Esther Ham, librarian, Roger Kidston and Diane Arscott, student assistants, of Plymouth High school.

The group took part in a meeting of the planning committee for the Michigan Student Library Assistant association's annual spring workshop to be held April 22 at the Lansing Sexton High school. Miss Donna Perrine, school librarian, and her student assistants will be hostesses for the workshop with student groups of other Lansing high schools assisting.

Following the committee meeting students and librarians toured the state library. They were shown the genealogy department where extensive records of family histories are kept, and the Michigan history department which has books and manuscript records of the history of towns and counties in all of Michigan. The group also saw the traveling library, and the section containing all federal and state government official publications.

Accompanying the Plymouth delegation were Geraldine Crise of University High school and Hazel Doney of Ann Arbor High school, both library student assistants.

In El Paso, the County Attorney considered a loaf of bread concocted by Baker Dionicio Suarez, ruled that it "did then and there contain added deleterious ingredient, to wit, a razor blade, which then and there rendered such article of food injurious to health."

Your Police Department Speaks

Written by members of Plymouth's Police department

Our latest snowfall has again made streets and highways in the area none too safe. According to State Police broadcasts most main highways are clear but our own city streets and country roads have their slippery spots. We've cautioned drivers previously about winter driving hazards and feel that any alert driver will take the necessary precautions whenever these conditions do arise. Friday night during the snow storm an accident occurred at Mill and Main street, the causes being the slippery streets and possibly not quite enough caution on the part of the driver at fault.

Records show that only half the dogs in Plymouth are vaccinated and licensed. Our Dog Ordinance states that any dog running at large must be licensed; during the county quarantine no dog shall run at large. We urge all of you who have unlicensed dogs running at large to have them vaccinated and licensed immediately. Warning is given that dogs not licensed and running at large will be disposed of.

During 1949 over 3,000 operators licenses and close to 600 chauffeurs licenses were issued from this department. We have observed that the question in the written examination most frequently missed is concerning the

proper way to give the arm signal. In Michigan the driver extends his left arm from and beyond the left side of the vehicle to signal a right turn, left turn or stop. The next slip-up made most frequently by stating that one should drive to the left of the centerline of four-lane highways when passing. We trust they know better than that but it's a big blunder from our viewpoint.

New System Used in Ad Columns

Just for the record, the Mail does not consider a tractor as an apartment. These items slipped into the wrong classification January 12, the first issue to use the Mail's new method of classifying want ads.

The new system was introduced to aid the reader in finding the ads in which he is particularly interested. The classified ad section is divided into For Sale, For Rent, Wanted and Miscellaneous columns. The columns are now divided into specific classifications into types of items listed. We hope it will aid our readers in more quickly finding the specific items they are looking for.

The Junior Chamber of Commerce auxiliary is sponsoring a bake sale on Saturday, January 28, at 10 a.m. at the Goodale market. All types of homemade baked goods will be sold.

The Lutheran Ladies Aid will meet on Wednesday, February 1, at 2 p.m. at the home of Mrs. William Sakriska on Kopernick road.

Mr. and Mrs. Melvin Gutherie of Newburg road attended the performance of Rosario and Antonio, world famous Spanish dance team, which was held at the Art Institute in Detroit on Friday evening.
