

City Growth Stymied Says C of C Report

OPPORTUNITIES MANY AND IMPORTANT.

Plymouth citizens have displayed good judgment in their decision to give members of the city commission elected but a few short months ago additional time in which to solve the civic problems that confront our city. It is only fair that they have a full term as members of the city commission, and it is pleasing to note that the citizens of our community apparently agree to a large degree with The Plymouth Mail that this is as it should be.

The commissioners have made it evident that they are extremely desirous of not only doing what they believe to be for the best interests of the city but to see to it that the far-fetched, petty politics that prevailed for so many years in city affairs is not again injected into municipal affairs.

Not a member of the present commission has an axe to grind and not one of them has shown the slightest intent to use the position for personal politics.

They all seem to be in agreement that Plymouth, because of its rapid growth, has many important problems to solve. The city is in desperate need of additional parking facilities. Many of its streets are in need of resurfacing and widening. The south side should be provided with additional water and sewer facilities as quickly as possible. Sidewalks in many places need rebuilding.

The Plymouth Mail was intensely interested last fall that we elect an entirely NEW commission. And that is what the voters did. This NEW commission has been in office such a short time that there has been little opportunity for the members to accomplish much for the good of the city, except to take care of routine matters in a most satisfactory way.

THE DUNNING LIBRARY.

When Mrs. Bessie Dunning and her daughter Margaret purchased the present library building and presented it to the citizens of Plymouth as a permanent home for its library, no one ever dreamed that within a few brief years it would become one of the largest patronized branch libraries in Wayne county.

Surprising as it may seem, the Dunning library's circulation of books ranks far in excess of that of many communities in Wayne county with five and six times the population of Plymouth.

Because of this fact and because the library is already in need of additional room in order to carry on its rapidly growing library activities, the question arises as to the advisability of using any portion of the library for other purposes.

It is possible that there might be rooms in the building that are not in use, but that surely will not be for long. It is our belief that the city librarian and members of her staff should be the sole judges as to whether it is advisable to permit the use of any portion of the building for other than library purposes.

If any such proposal has the favorable recommendation of those in charge of the Dunning library then there can be no objection to other uses of the building than for strictly library purposes.

As we see it, this is a matter for those who have made such a success of the library to decide—and no one can dispute the fact but what their decision will be based entirely upon what is for the best interests of the library of which we are all so proud.

It should be remembered that Mrs. Dunning and her daughter gave the building to the citizens of Plymouth and vicinity for library purposes and not for a recreational center.

A FRIEND OF A TRAITOROUS THIEF.

So Secretary of State Acheson confesses again that he is a friend of Alger Hiss—a convicted falsifier who stole highly important government documents and turned them over to a spy for a foreign government.

Acheson by this confession has again made evident the fact that he is unfit to hold any sort of a public position, say nothing of serving as secretary of state.

Revelations during recent trials of communists and their traitorous American associates make it pretty clear that our various governmental departments are filled to running over with disloyal, unfit and treacherous job holders.

Roosevelt didn't clean them out. Truman seems interested only in protecting the political fortunes of political wheelers and congress seems unwilling to break with the chief executive who controls the majority vote of both houses.

As we see it, there is but one answer—and that is a congressional house-cleaning first, then a fumigation of every governmental department and agency—the kind of fumigation that will drive out the unAmerican trash that has found it easy to get into high public positions.

We hope the Republican party will have sense enough to make this its chief issue in the forthcoming election. May the Good Lord help America if this housecleaning does not take place.

IT IS STAGGERING — IT IS BEYOND BELIEF.

A well known Plymouth business man who, like all other thinking and patriotic citizens, is worried about the financial plight in which the country is being plunged.

He sent The Plymouth Mail a clipping pointing out briefly what is happening to the nation's finances—and when we speak of the nation's finances we are speaking of that 15 or 20 cents you pay when you buy a ticket to go to a motion picture show or buy gas to run your automobile, or food and clothing for your family. There is nothing you buy that does not have a FEDERAL tax on it.

The clipping follows:
With United States government expenditures estimated at \$42,000,000,000 for the fiscal year 1949-1950, the question arises, just how much \$42,000,000,000 really amounts to in understandable terms.

The family economics bureau of Northwestern National Life Insurance company estimates it would make a stack of \$10 bills 240 miles high. It would equal the combined wages of 1,000,000 manufacturing workers at present average rates, for 15 years. It is a third greater than the total cash receipts for all the produce of America's 6,000,000 farms in 1948. It is slightly more than the U. S. government spent in the 142 year period from 1776 through the fiscal year of 1917-1918, inclusive. It is more than one-sixth of our present total national income. It is \$700 per American worker. It is \$1,050 per American family.

Spending \$42,000,000,000 in a year means spending \$80,000 a minute for 24 hours a day for seven days a week for 52 weeks.

If you have read this item think about it some. It's your business—at least you business will help pay for it. It indicates where we are heading—not creeping either. No other argument is needed for the adoption of the Hoover report. We mean all of the recommendations for reducing government expense and waste. Not just one or two isolated reforms the administration happens to like too.

THEY SAID THERE WAS NOTHING TO IT.

Remember back eight or ten months ago when a Lansing legislative committee declared that millions and millions of dollars of tax money was being grafted through welfare rackets? Remember all of the welfare officials and even the Governor said it was mostly talk? Now it develops that there was a whole lot to it and that the welfare graft didn't just run into a million or two, but many millions. But what are we going to do about it? Keep on paying taxes to support welfare cheats, of course.

City Chairman Lists Schedule For Chest X-Rays

George A. Smith, general chairman of the steering committee for the Plymouth X-Ray survey, announced today that Mrs. J. R. Witwer was named chairman of the Neighborhood committee at a meeting of that group last Wednesday, January 25.

Mrs. Witwer advised that the city, for purposes of the survey, has been divided into four areas and area chairmen have been appointed in three of these. The Neighborhood committees will make house-to-house calls preceding the arrival of the X-ray unit in each area.

Area I includes that section between the railroad and Main street and is chairmanned by Mrs. J. F. Belobraydic; Area II includes everything east of the railroad and has been divided into two sections: Area II A, north of Union street, chairmanned by Mrs. Steve Veresh, and Area II B, south of Union street, chairmanned by Mrs. Wallace Laury; Area III includes the section north of Church street and west of the railroad, no chairman has been named as yet; and Area IV includes the section south of Church and west of Main street, chairmanned by Mrs. William Graham.

The Wayne County Health department advises that all adults over 15 years of age are eligible and are urged to take advantage of this service which starts here Monday, February 6.

Only a small percentage of tuberculosis is found in children under 15 years of age and for that reason they will not be included in the survey. If an adult is found to have TB his entire family, regardless of ages, will be X-rayed and children will be (Continued on page 6)

Woman's Club Announces New Building Plans

At a special meeting of the Plymouth Woman's club January 24, members voted to establish a building foundation for the purpose of constructing a building with sufficient accommodations to meet the needs of the organization.

At one time a building fund was started by the club, although no definite action had been taken for its use. This fund will form the basis of the new building foundation. The club hopes to either construct its own building, or to use the foundation toward the possible construction of a civic center that could be used for events sponsored by any group in the city.

With the growing population of Plymouth, and accordingly, the membership of local organizations, larger facilities for meetings and social events will be necessary. For this reason, the Woman's club feels that a civic center available to interested organizations is the best solution to the building problem.

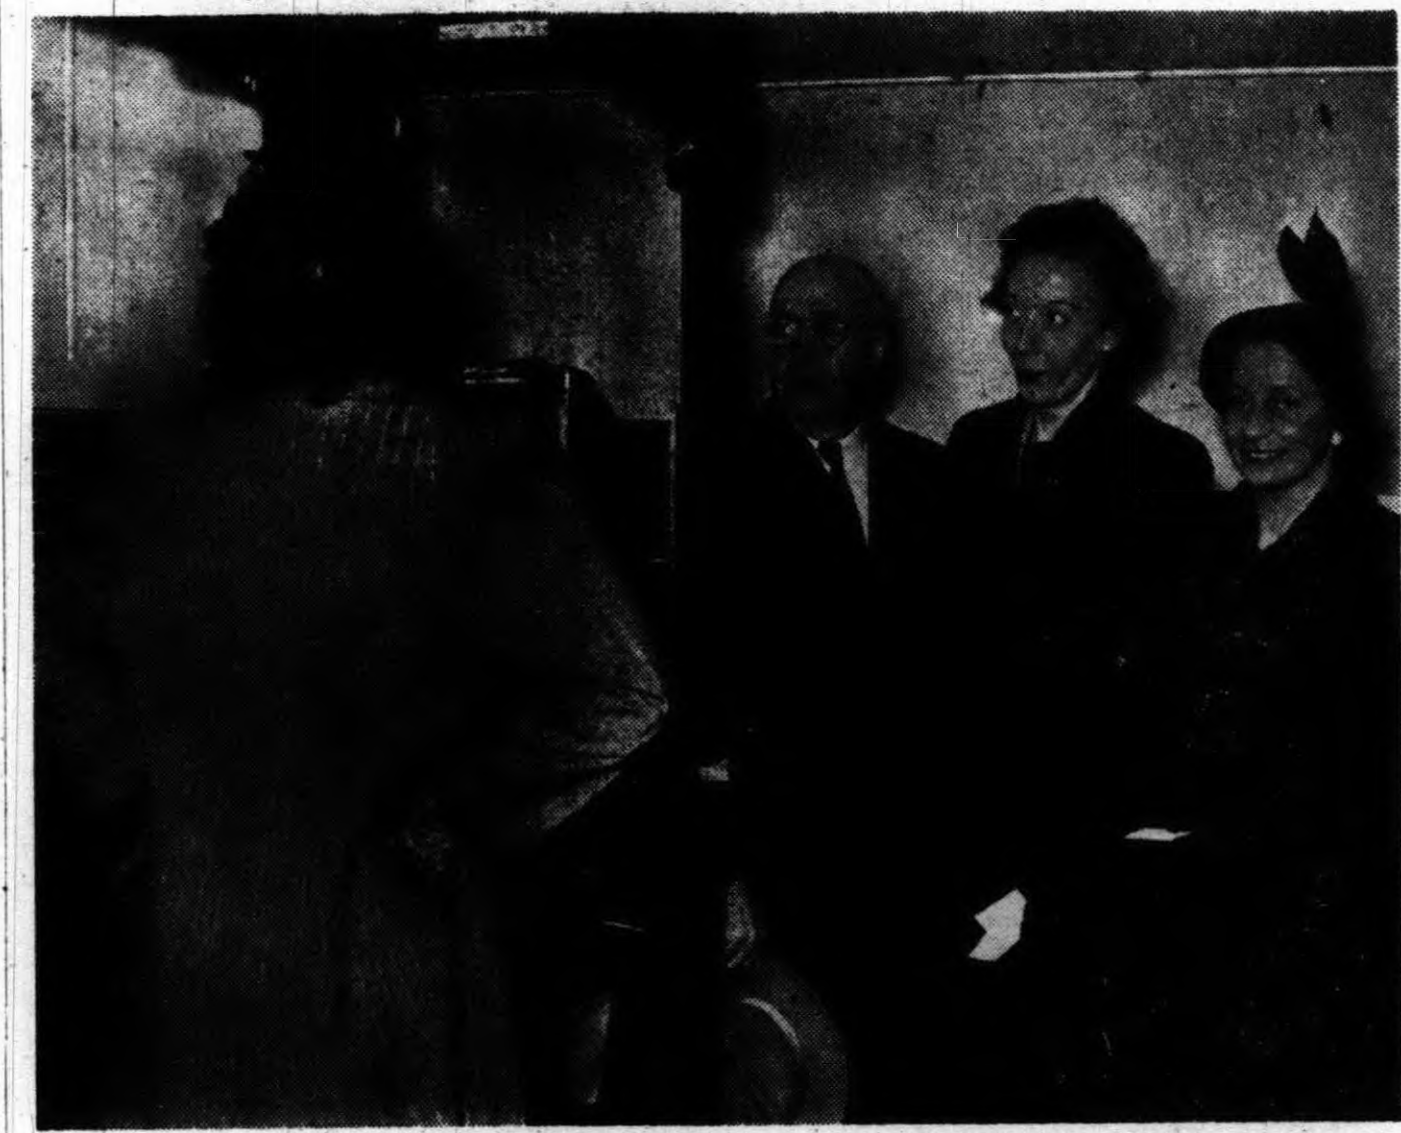

Contributions to the foundation will come from proceeds of special club events and from donations. Any sum donated to the foundation is not subject to tax.

Daughters of America Officers Installed

Officers of the Old Glory council, No. 25, of the Daughters of America, were installed January 26 at a joint installation held in the Plymouth High school auditorium. Members of the Redford council officiated at the installation. Pictured above are the new officers of the Plymouth council: Back row left to right, Evelyn Wilson, Pauline Kowalcik, Wilma Diederick, Edith Rorabacher, Irene Broegman, Marie McCall, Dist. Deputy; Amelia Wimmer, State Councillor; Ethel Bulson, Doris Grimes, Mae Russell, Mary Higgins; middle row L. to R. Minnie Cherosky, Florence Schilinski, Lorene Aquino, Bertha Kaiser, Elsie Ehrensberger, Clara Everson, Pauline Carlson, Doris Smith, Marie Hartung; front row left to right, Esther Pollack, Edith Durkin, Marion Westfall, Libbie Showers, Louise Dulison, Louise Wineman, Deputy; Esther Fisher.

TB X-Ray Unit Inspected by Local Drive Leaders..

Mrs. Doris Rew has her chest X-rayed at the TB mobile X-ray unit while Chamber of Commerce secretary George A. Smith, Mrs. Irene Graham and school nurse Mrs. Mary Strasen observe. The unit will visit Plymouth next week and will offer free chest X-rays to all local residents. Less than a minute is needed to do the job.

No Primary In City Election

Eleanor Hammond and Floyd Tibbitts will be unopposed for the long term seats on the city commission at the spring election. Cass S. Hough will be opposed by Joseph Haefner, a guard at the Detroit House of Correction, for the short term seat.

Former Commissioner Ruth H. Whipple, who at the last minute Friday night and again Saturday noon filed petitions qualifying herself as a candidate for both terms, withdrew her petitions in a surprise move at 5 p.m. Tuesday night from City Manager Al Glassford. All other candidates had filed petitions previously to Mrs. Whipple's first filing. She made no comment on her decision to withdraw from both races but by her actions eliminated herself from any possibility of serving on the city commission during the next year.

Gillies Speaks at Kiwanis Club

A Blake Gillies, superintendent of the Detroit House of Correction, addressed members of the Plymouth Kiwanis club at the January 31 meeting. Gillies, in his entertaining talk, told of the amusing phases of his work at the institution and at the House of Correction farm. His talk on the lighter side kept Kiwanians laughing for a full hour. Ernie Allison was chairman of the evening's program.

Kiwanis Plans Benefit Show for Scout Cabin

The Plymouth Kiwanis club will sponsor a production of "John Loves Mary," a Broadway comedy by Norman Krasna, on March 6, 7 and 8 at the Plymouth High school auditorium. Members of the Plymouth Theater Guild will give the play. Proceeds from the show will go to the Kiwanians fund for the Girl Scout cabin on Plymouth road. Tickets, priced at one dollar, can be obtained from any Girl Scout or Kiwanian. The Kiwanis club built the cabin to be used as a recreation and meeting place for the Girl Scout troops in Plymouth, and anyone wishing to inspect the building may do so. By giving the play, the Kiwanians hope to defray the costs of completion of the cabin.

Ernest W. Rossow Heads Pythians

On Thursday evening, January 26, Plymouth Lodge No. 238, Knights of Pythias, installed their newly elected officers. Those installed were: Chanceller commander, Ernest Rossow; vice chanceller, James Willis; prelate, Fred Van Atta; master of work, Harold Yakley; secretary and financial secretary, Frank Henderson; treasurer, Jasper McLeod; master at arms, Charles Miller; inner guard, Frederick Thomas; outer guard, Glenn Davis. Past Chanceller Russell W. Bingley acted as installing officer, assisted by other past chancellors of the lodge. The installation was preceded by a pot luck dinner attended by 75 members, their families and friends.

Complete Plans For PTA Frolic

Plans for the "Fifties Frolic," annual Central Grade school PTA Carnival to be held Saturday night, February 11, have been completed according to the general chairmen, Mr. and Mrs. Douglas Hammill. In addition to the events announced last week the committee listed several new features. One of the outstanding fortune tellers of our day, Opal Belobraydic, Witch of the Ozarks, is flying in on her broom for this special occasion.

Comedians Frank Hokenson and Clair Travis are taking leave from winter training under the big top to peddle balloons to the kids. Grace Jarvis' grade room is preparing a side show consisting of several acts and exhibits. Posters have been made and distributed by the sixth grade pupils under the supervision of Miss Post, grade school art teacher.

Shuffle board, darts, horse-shoes and spin-the-bottle will be provided in the game rooms by committees headed by Mr. and Mrs. Henry Jensen, Mr. and Mrs. James Gretzinger, Mrs. J. M. Zimmerle and Mrs. Joseph Pace. Mr. and Mrs. Elvin Taylor, assisted by Mr. and Mrs. David Mather and Mr. and Mrs. Merle Huntington, will have baked goods, jams, jellies, needlework, potted plants, children's books, comics and games, and other articles for sale in the country store.

Since his last appearance here, the puppet "Peppy" has become "Prince of Persia" and will present the story of the "Singing Tree" from the "Arabian Nights." Others in the cast include his camel, Casbah, the Sultan, the Snake-charmer, No Beard, Blow Beard and Messy. The movies "Old Mother Hubbard" and "Little Black Sambo" will be shown by William Campbell. Plan now to come early. Park your wraps with Mr. and Mrs. William J. Johnson in check rooms provided and enjoy the "Fifties Frolic." Tickets are now being distributed to the pupils of Central Grade school by the teachers and will also be available at the door on February 11.

Resident Suffers Burns in Accident

Fred Wolfram of 14265 Middlebelt road is in the Warren Diagnostic hospital in Detroit recovering from second degree burns received last Friday night in his home. Wolfram, a well known farmer in the area, suffered a dizzy spell in the bathroom of his home, and fell into the bathtub. He turned on the hot water tap as he fell and was badly burned before members of the family could reach him. He was rushed to the hospital where doctors described his condition as serious. At this time Mr. Wolfram's family believe he will be hospitalized for about two months.

Asking New Bids For Grade School Board Announces

Bids for the construction of the proposed new George A. Smith grade school are now being accepted, it was announced by the Plymouth township school board.

The bids for the construction and completion of the school will be accepted until 8 p.m. February 14 at the office of the school board in Plymouth High school. At that time the sealed proposals will be opened and publicly read aloud.

Previous bids for the school were rejected by the board because they were some \$85,000 higher than had been estimated. The school plans were revised in an effort to secure bids that will come within the \$350,000 total that has been set aside in the school budget for this badly needed new school structure. Moss, Smith and Gould is the architectural firm for the school building.

The school board had hoped to build a 14-room grade building with a small gymnasium which could be opened for use next fall to alleviate the present crowded conditions in the two local grade schools.

Drivers Observe Parking Limit

Violators of the two hour parking limit were issued warning tickets for three days following the announcement of the enforcement for the parking area between Ann Arbor trail and Penniman avenue. Parking violation tickets have been issued this week.

The police department reports that there has been a minimum of violations in the area. All day parking is available in the parking lot at Ann Arbor trail and South Harvey street. The enforcement action was taken to facilitate parking for patrons of the Plymouth business district.

Dances Excellent Churchmen Agree

Teen-age dances provide excellent diversion for the young people of the community, agreed the Rev. William Mooney and the Rev. Henry J. Walch, guest speakers at last Monday's meeting of the Optimist club, sponsors of the dances.

The speakers pledged their continued support of the club's program of Saturday night dances. Following their talks at the dinner meeting, members were entertained by the Orlan Egloff band. The next teen-age dance will be held this Saturday, February 4, at St. John's Episcopal church. Growing interest in the dances was indicated by attendance of over 200 teen-agers at the affair last week.

Bayard A. Clark, representative of the Automobile Club of Detroit, will be guest speaker at the next meeting of the Optimists February 6.

Hi-12 Views Film on Summer Trip

At last night's meeting of the Plymouth Hi-12 club, members viewed moving pictures taken last summer by Randall Penhale, former principal of Plymouth High school and now employed by the government. The film was entitled "America the Beautiful."

Hi-Twelves last week heard L. Brashear give an interesting talk on the workings of the FBI. He briefly told the members the history of the organization since its inception in 1908. When joining the government service in 1941, Brashear said, he was given a number approaching 1,000. Since that time the FBI has increased to over 5,000 members.

Speaking of the ever prevalent Communist menace, he explained that one reason for their apparent success in infiltrating into this country is their relentless 24 hour a day program for gaining converts.

Sodality Schedules Council Meeting

A council meeting of the Young Ladies' Sodality of Our Lady of Good Counsel church will be held February 7 at 8 p.m. in the church hall.

Urge Action To Forestall Future Loss

"Plymouth is faced with a serious housing situation and some action should be taken immediately by the citizens and city government so as to make possible the construction of new homes to be made available for people seeking a place to live in this area." At least that is the opinion of the Chamber of Commerce Housing committee which expects to complete its report of this situation in the near future.

There is a definite need for approximately 250 homes within the next year in the city of Plymouth. This figure is based on a recent survey of numerous manufacturing plants in the Plymouth area. In one case alone, approximately 1,200 employees will be moved to this area within a period of the next 10 months. These people are steadily employed with substantial earnings and a great number of them have signified their desire of becoming home owners in Plymouth.

The survey also reveals that local builders are faced with the problem of finding suitable available lots so that they can undertake extensive building projects. In the northwest section of the city practically all suitable available lots have been purchased by builders and others for the building of new homes. In the Holbrook street area, attempts have been made to secure approvals of lending agencies in order to bring this area up to standard requirements. Builders find that they need property which is eligible for FHA approval or its equivalent if they are to build homes that the average purchaser can buy with a reasonable down payment. Such property should have sewers, water and sidewalks available and if it is a new subdivision development, streets also must be available. The committee points out the fact that it is de-

Hold Debate Tournament

Plymouth High school's crack debate team will face another challenge today at a regional elimination tournament being held at the high school.

Ronald Witt and Rodger Kidston, both seniors, will represent Plymouth in the tournament. The debate topic for the year is: "Resolved, that the President of the United States be elected by direct vote of the people." Teams must be prepared to present either the affirmative or negative side of the question, and will draw to determine their stand on the resolution before the debate.

Of the eight regions in the state, this region is the largest. All eight regions will hold the elimination tournaments. Schools competing in the tournament today, besides Plymouth, are Eastern High school, Lansing; Central High school, Bay City; Bentley High school, Warren High school, Saginaw High school, Marshall High school and Utica High school.

The winning team from each regional tournament will have a chance at the \$2,500 Detroit Free Press debate scholarship.

U of M Extension Course Offered Next Semester

An extension course of the University of Michigan will be offered at Plymouth High school this coming semester. The course, entitled Mental Hygiene of Childhood and Adolescence, will give two hours extension credit in either graduate or undergraduate study.

Registration for the course will be held February 13. The instructor is Dr. William Morse, assistant professor of educational psychology and director of the Fresh Air Camp. Open to Plymouth teachers and other interested people from Plymouth and the surrounding area, the course will last for 16 weeks and will be held from 3:45 to 5:45 p.m. every Monday.

Applications for the course may be obtained at the office of Helmer Nelson, superintendent of schools. For undergraduate credit, the cost of the course is \$14, and for graduate credit, \$18.

in Brief**

Mrs. William Blunk of Williams street is spending some time in Detroit with her daughter, Mrs. Earhart, and Mr. Earhart.

Mrs. Ernest Wendland, Mrs. Maurice Garchow, Mrs. Howard Last, Mrs. Otto Beyer and Mrs. William Sakrisca were in Detroit on Thursday of last week where they attended the monthly meeting and luncheon of the Greater Detroit Lutheran Ladies Society.

On Saturday evening Mr. and Mrs. Norman Mahrley of East Ann Arbor trail were guests of honor at a surprise party on their 50th wedding anniversary held at the home of Mrs. Mahrley's sister, Mrs. Rudolph Knaut, and Mr. Knaut. Twenty four relatives and friends were present.

Mr. and Mrs. Seth Virgo of South Harvey street spent the weekend in Kalamazoo visiting Mr. and Mrs. Samuel W. Virgo. On Sunday afternoon at 2:30 they witnessed the mid-term graduation exercises of their son, Sam, from Western Michigan college. This was the largest class ever graduated at mid-term. Two hundred and sixty-three students received their diplomas. Governor Williams presented the address.

Mrs. H. C. Culver entertained her neighborhood reading club at her home on Palmer avenue on Tuesday afternoon.

All ladies of St. Peter's Lutheran church are cordially invited to attend a program sponsored by the Women's club of the church on Monday evening, February 6, at 7:30 p.m. in the church basement. The speaker of the evening will be Mrs. Adele Graesser of Lapeer and her topic will be "Packaging for Quereburg." Come and get acquainted with your church neighbors over a friendly cup of coffee.

STATE OF MICHIGAN, THE PROBATE COURT FOR THE COUNTY OF WAYNE.

In the Matter of the Estate of ELIA J. VINCENT, also known as ELLA VINCENT and ELLA KERR VINCENT, Deceased.

Notice is hereby given that all creditors of said deceased are required to present their claims, in writing and under oath, to said Court at the Probate Office in the City of Detroit, in said County, and to serve a copy thereof upon J. Rusing Cutler, Executor of said estate, 193 N. Main St., Plymouth, Michigan on or before the 5th day of April, A.D. 1950, and that such claims will be heard by said court before Judge James H. Sexton in Court Room No. 527, Wayne County Building in the City of Detroit, in said County, on the 5th day of April, A.D. 1950, at 2:30 o'clock in the afternoon.

Dated January 23, 1950. JAMES H. SEXTON, Judge of Probate. Published in this paper once each week for three weeks successively, within thirty days from the date hereof. Jan. 26, Feb. 2-9, 1950

ALTERATIONS OF WATER SYSTEM AND CONSTRUCTION AND RELOCATION OF CITY LIGHTING AND POWER FACILITIES ON JOHN C. LODGE EXPRESSWAY FROM BRAINARD STREET TO PERRY STREET AND AT GRAND RIVER AVENUE IN THE CITY OF DETROIT, TROIT, WAYNE COUNTY. PROJECT: UI 82-127, C22 (UI-404 (18) Part 2)

Net classification required for this project is 13-E & X—Water Mains—Subcontract X—Electrical.

Sealed proposals for the construction of this project located in the City of Detroit, Wayne County, will be received from contractors having 1949 Michigan State Highway Department pre-qualifications, in the Veterans Memorial Bldg., 213 South Capitol Ave., Lansing, Michigan, until 11:00 A.M., Eastern Standard Time on Thursday, February 16, 1950, and all there be publicly opened and read. Proposals may be mailed to Room 424, State Office Building, Lansing, Michigan.

The work will consist of alteration of water system and construction and relocation of city lighting and power facilities.

Completion date for entire project July 1, 1950.

The Department's Standard Specifications (1942 Edition), its current Soils Manual, the plans for this project, special provisions governing subletting and assigning the contract and the employment and use of labor, and the proposal blanks (all of which are essential parts of the contract) may be examined at the district office at the Department at Redford, Michigan, and at the Michigan Road Builders Association, Lansing, Michigan, but may be obtained only from the office of the Contract-Estimate Engineer, Room 424, State Office Building, Lansing, Michigan, up to 5 P.M. of the day preceding the opening of bids. A fee of three dollars will be charged for furnishing plans or proposal blanks, which will not be refunded.

Full cooperation in carrying out the special provisions will be required. Minimum wage paid to labor employed on this contract shall be as follows for Zone 1: Skilled labor \$2.15 per hour, intermediate labor \$1.675 per hour, unskilled labor \$1.375 per hour. Other rates as listed in the proposal.

A certified or cashier's check on an open solvent bank, in the sum of \$500.00, payable to Charles M. Ziegler, State Highway Commissioner, must accompany each proposal. All such checks will be returned promptly after the bidding, except that those of the two lowest bidders will not be returned until execution of the delivery of the contract to the State Highway Department.

The right is reserved to reject any or all proposals. CHARLES M. ZIEGLER, State Highway Commissioner, Feb. 2, 1950 only

Proclamation...

WHEREAS, tuberculosis takes 53,000 lives in our country each year and kills more people between 15 and 45 years of age than any other disease, and WHEREAS, tuberculosis is a communicable disease, spread from person to person, and WHEREAS, the Michigan State Health Department, Wayne County Medical Society, Wayne County Health Department, and the TB and Health Society are waging an effective campaign to help control tuberculosis here in Plymouth by a case-finding survey and advocate that every adult have a free chest X-ray during the survey to be sure of healthy lungs.

THEREFORE, I, the Mayor of Plymouth, do recommend that the adults of Plymouth cooperate 100 per cent with these organizations by taking advantage of this opportunity during February 6 through February 17 to have a free chest X-ray when the State Mobile Unit visits each neighborhood.

Signed, Perry W. Richwine, Mayor of Plymouth

Dancing Classes Offered to Students of Central Grade

Weekly ballroom dancing classes will be offered on Saturday morning beginning February 4 to all students of Central Grade school. Instructors will be Audrey Neale and Charlotte Kullmer, trained dancing teachers.

The classes will be held in the school auditorium as part of the Plymouth recreation program, which recognizes dancing as essential to children's poise and personality development. Ten classes will be held in the series and the children will learn the fox trot, swing, waltz, rumba and samba. The children will also be taught ballroom etiquette. Further information about the classes, which are reasonably priced, can be had by calling 1074-W.

Mrs. Cora Gale Dies Following Long Illness

Mrs. Cora B. Gale who resided at 8766 Five Mile road, Salem township, passed away Sunday, January 29, at the age of 63 years, following a long illness. Mrs. Gale has been a lifetime resident of Salem township.

She was born September 3, 1886, to John H. and Genevieve Smith. She received her early education at the Salem Stone school. While a young lady she studied music, later was a teacher of piano. At the age of 14 she began playing the organ at the Lapham Methodist church at Lapham's Corners. In later years the Lapham's Methodist church federated with the Baptist church in Salem and is now known as the Salem Federated church. At the time of federation Mrs. Gale transferred her membership to the Salem Federated church and continued as organist. Had Mrs. Gale lived until her next birthday she would have been serving the church 50 years.

On February 28, 1906, she married Harmon Gale. Surviving are her husband, Harmon; her son, Russell; her daughter, Mrs. Marion Mathews; her sister, Mrs. Nellie Bird, and two granddaughters, Carole and Anita Gale. Besides being a member of the Salem Federated church she was an active member of the Ladies Aid society, the Salem Farmer's club and the Farm Bureau.

Mrs. Gale was taken to the Schrader funeral home. Services were held yesterday at 2 p.m. from the Salem Federated church with Rev. Cora M. Pennell officiating.

Hymns were sung by Mrs. George Brown, accompanied at the piano by Mrs. Myron Atchinson. Pallbearers were George Henning, Kenneth Rich, Stewart Stoll, Charles Daniels, Bert Nelson and Marvin Bannerman. Entombment was in Riverside mausoleum.

Services Held For Sherman Slyfield

Funeral services were held for Sherman Slyfield at 2 p.m. Monday from the Schrader Funeral home. Mr. Slyfield passed away January 27 at the age of 82. He had been a resident of the Plymouth area all his life, but since last July he made his home with his brother and sister-in-law, Mr. and Mrs. George Slyfield of 7374 Sutton road, South Lyon. Surviving Mr. Slyfield, besides his brother and sister-in-law, are several nieces and nephews. The Rev. Frederick G. Poole of the First Methodist church officiated at the services. Hymns were sung by Mrs. Frank Dicks, accompanied by Mrs. Edna O'Connor at the organ. Pallbearers included Elmer Slyfield, George Slyfield, George T. Slyfield and Jay Pinckney. Interment was in Lapham cemetery, Salem township.

Funeral Held For Mrs. Mary Wright

Funeral services will be held today at 2 p.m. from the Schrader Funeral home for Mrs. Mary Ann Wright who passed away Monday, January 30 at the age of 83 years. Mrs. Wright has lived at 9640 Warren road, Superior township, and has been a resident of the township for the past 30 years.

Her husband, George M. Wright, preceded her in death on April 24, 1948. Surviving are her two sons, Roland Wright of Royal Oak and Orval Wright of Plymouth; her two daughters, Mrs. Beatrice Wilkie of Garden City and Mrs. Alice Billings of Plymouth; her brother, Thomas Jackson of Lake Orion, and her sister, Mrs. Beatrice Becker of Detroit. Also surviving are five grandchildren.

Services Held For Infant

Carol Ann Gardner, the infant daughter of Mr. and Mrs. Clearon Gardner of Wayne, passed away last Monday evening. The graveside services were held yesterday at 10:30 a.m. at the Rural Hill cemetery, Northville, with the Rev. A. B. Hodge of Garden City officiating.

Benefit Held For March of Dimes

Over \$200 was contributed to the March of Dimes Tuesday night at the Riverside Figure and Dance club's benefit show at Riverside arena, it was announced by Miss Neva Lovewell, chairman of the drive.

The large crowd attending witnessed roller skating performances by several national roller skating champions. Three professional skaters, Bill Best, John Dayney and Clayton LeMay, supervised the show. The entire proceeds were turned over to the fund drive by Lionel LaMay, manager of the arena.

4-H Group Plans Benefit Feb. 10

The Wayne County 4-H Fair association will hold a benefit party February 10 at 8 p.m. West Brothers on Forest avenue, donating the services of their store for the benefit.

Proceeds from the party will go to the building fund established by the association for a grandstand to be built on their property on Quirk road, according to P. R. Biebesheimer, Wayne County Agricultural agent.

A large number of prizes have been donated for the event by merchants and farmers in Plymouth and other communities of Wayne county.

Can Spring be Far Behind

Teased by last week's balmy weather, a courageous robin ventured north, right into the view of two young hikers, Andy Morrow, 11, and Anthony Worth, 12. The boys were walking near Sheldon road and Penniman avenue when they spotted what could be the first robin in town. They said the bird was fat and healthy, and probably smart enough to follow the next airliner to Miami.

Livonia Branch Sees Film

The Livonia branch of the American Red Cross held a business meeting at the home of Mrs. John J. Lingeman, chairman of the volunteer service, on January 30. Following the business meeting an entertaining and educational film entitled "Miracle of Paradise Valley" was shown.

PTA Invited to Livonia Lectures

Members of the Parent-Teachers associations of the Plymouth schools are invited to attend a school of instruction on PTA procedure and activities sponsored by the Livonia township school district.

The series of lectures are aimed at strengthening local associations and to help develop various activities in the program. The first of the series of classes was held January 31, and the date of the next class will be announced later.

City Chairman Lists Schedule for Chest X-rays

(Continued from page 1)

The Health department advised that children under 15 can be taken to the Wayne County Health department on Henry Ruff road at Eloise, at any time for a chest X-ray. There, large film is used and is much more satisfactory for children than the small film used on the X-ray unit.

The State Health department's Mobile X-ray unit will arrive in Plymouth on February 6 and will be located at the high school where high school students and school personnel will receive their X-rays.

Following is the schedule for the rest of the week: February 7-Dunn Steel, Amelia street-1 to 3:30 p.m. (Open to the public as well as employees).

February 8-Industry-for employees only.

February 9-Allen Industries-Junction street-noon to 2 p.m., will be open to the public.

February 10-Standard Oil Service station-1 to 5 p.m. and 6 to 8 p.m.-Ann Arbor trail and South Main street.

The survey will be brought to Plymouth through the cooperation of the Wayne County Medical society, Wayne County Health department, and TB and Health society. The second week's schedule will appear next week.

License Office Open Saturdays in February

The Plymouth license plate office will be open every Saturday during February for the benefit of those car owners who have not yet procured their 1950 auto license plates. Deadline for obtaining plates is February 28. Drivers are urged to obtain their plates as soon as possible. The office is located at 276 South Main street.

Urge Action to Forestall Future Loss

(Continued from page 1)

It has been brought out that there are two locations which seem highly desirable as building areas within the city limits of Plymouth, but neither meet with the above mentioned standards because there are no streets, no sewers, and no sidewalks. These areas lie between Main and Mill streets and between Ann Arbor road and Burroughs avenue on the east, and between Main street and Sheldon road north to the present built-up section of the city. The last mentioned area is the proposed area in which construction of the new school is to be commenced in the very near future. It seems that some thought should be given to this area from the standpoint of providing such vital things as sewers, sidewalks and water.

The Housing committee of the Chamber of Commerce is composed of Frank Arlen, Ralph Lorenz and Raymond Williams, who strongly urge the citizens and the city government to work out some satisfactory plan which will bring about the ultimate solution to this problem so that Plymouth will grow along some well organized plan and make it a better city in which to live. It is felt that if a plan is lacking that many types of undesirable construction and development of city areas nearby will result.

The report will further say, "Last fall attempts were made to make changes in the city charter so that certain city improvements could be made possible. This, of course, was defeated by the voters of Plymouth. Whether or not this was the proper method of securing the improvements is beside the point. Some method or plan must be arrived at that meets with the approval of the people so that Plymouth will grow in the right direction and become a city of which all of us may be proud."

With Our Churches

By REV. ROBERT H. HARPER
The First Gentle Church
Lesson for February 5: Acts 11: 19-26; 13: 1-3

PERSECUTION served to scatter the disciples abroad and spread the Gospel farther. Stephen journeyed as far as Phoenicia, Cyprus, and Antioch, speaking only to Jews. Some who came from Cyprus and Cyrene spoke also to Greeks.

A great number believed and "turned unto the Lord." When report of this reached the Jerusalem church, Barnabas, "full of the Holy Spirit," was sent to Antioch. When he had seen the work of grace there, he went to Tarsus for Paul, and brought him to Antioch.

In Acts 13: 1, we learn the names of the prophets and teachers who labored with Barnabas and Paul. In their ministry and fasting, they were led to set apart Barnabas and Paul for missionary work. Laying their hands on the two men, they sent them away on the first missionary journey. The growth in grace and the missionary spirit of the church at Antioch made it fitting that in this church "the disciples were first called Christians."

The ancient church is a fine example to any church that would be truly called Christian. The Antioch church developed rapidly in all Christian graces. It grew, not only by its service to men in reach, but also by its conviction or obligation to men everywhere. With the concept of Christianity as a world religion, the church sent Barnabas and Paul forth as missionaries. Only by an evangelistic and missionary spirit can a modern group of Christians grow into a church of Christ.

"Spirit" will be the subject of the Lesson-Sermon in all Christian Science churches throughout the world on Sunday, February 5. The Golden Text (II Corinthians 3:17) is: "Where the Spirit of the Lord is, there is liberty." Among the Bible citations is this passage, (John 4:24): "God is a Spirit; and they that worship him must worship him in spirit and in truth." Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, include the following (p. 334): "Spirit being God, there is but one Spirit, for there can be but one infinite and therefore one God. There are neither spirits many nor gods many. There is no evil in Spirit; because God is Spirit."

Fenton and Reitzel Outstanding as Rocks Beat Ypsilanti

With Dwight Eckler and Keith Ebersole in their last basketball game for Plymouth High, the Rocks beat a faltering Ypsilanti quintet 52-30 for the locals fifth straight victory last Friday night. Ypsilanti scored first but the Rocks came right back and were never again behind in the encounter as they began to roll up points with the accurate shooting of Eckler and Finney along with Ebersole, Dick Fenton and Dave Reitzel.

Fenton and Reitzel were outstanding in the game at guard as they proved to be one of the best two-man combinations in the league with their brilliant all-around play.

The only time the game was close was in the first quarter as the period ended with Plymouth leading by a mere two points, 12-10. In the second stanza, the local lads caught fire and played an equally well contest on defense. The half ended with the Rocks going into a 25-16 lead, with a margin of nine points.

The Blue and White started in the second half as Ebersole scored within four seconds after play resumed. Plymouth led at the end of the third period, 39-23, giving them a substantial lead to rest on in the final quarter.

In the last period, Coach John Sandmann substituted his regular five men with other cagers. Reitzel, Fenton and Finney were the first three to be given a rest and then when Ebersole and Eckler were taken out, they were given the nicest reception ever given a Rock cager, as this was the last game for these two athletes. The hearts of every Plymouth fan were warmed as they made their way back to the Rock bench. Coach Sandmann will greatly miss both players in his starting lineup. Eckler having scored 88 points in eight games and Ebersole 87 in nine tilts. Plymouth, sank 21 out of 60 field goal shots for a 35 per cent average, with Eckler leading the pack, scoring five out of 11 shots for a 45 per cent average.

The Rocks dropped in 10 out of 23 free throw shots for a 50 per cent average and Al Finney net-

ted two for two and Bud Young two for three. Ypsi scored on six of 17 charity shots for an average of 29 per cent.

Finney and Eckler led the scoring for the game with 12 each followed closely by Ebersole with 11. Gene Kessler looped in nine for Ypsi and Larry Batterson had eight for the Braves.

Alan Finney was probably the games most aggressive player, as he was all over the floor playing equally well on defense as offense. Al has scored 54 points in the last three games for an average of 18 per game.

By winning this game the Rocks now have a record of four wins and two losses in the league, latching on to second place. Including non-league tilts the locals have a 5-4 record.

Following is the individual scoring for the game:

Player	fg	ft	tp
Finney	5	2	12
Ebersole	5	1	11
Eckler	5	2	12
Fenton	3	1	7
Reitzel	2	2	6

Panthers Defeat Belleville 49-38

The Redford Union Panthers took over undisputed possession of first place in the Suburban B league last week as they rode to an easy victory over Belleville, 49-38, for their fifth victory of the season.

White Redford Union was winning. Trenton was being upset by an up-and-coming Wayne quintet 41-27 on the Trenton cage court, slipping the Trojans into a second place tie with Plymouth.

The only team to beat Redford Union in the league this year was Plymouth, when they won their first league game of the season. Plymouth remained in second place by trouncing the Ypsilanti Braves 52-30 and sinking Ypsi further into the second division of the league.

Red Birds Win 6th Straight Cage Encounter

Winning their sixth straight basketball game of the season, the Wayne County Training school Red Birds triumphed over the Bulldogs 35-22 last Thursday to stay in sole possession of first place in the Boys' Class D league.

It was the Red Birds game all the way, although the Bulldogs gave them a scare in the third period when they finally caught up.

Cook took scoring honors in the game, racking up 17 points while Harry Blessing dropped in 10 for the Bulldogs. Charles Snider threw in another seven for the Bulldogs.

The Panthers upset Gould's Cleaners 23-18 at the training school to keep hold of second place in the league and narrow the chances of Gould's getting in to the playoffs.

Gould's, who trounced the Eneics last week, were not the same team on the floor Thursday, falling to a lesser Panther quintet.

Bud Carson netted eight for the Panthers and, Carl Deace, who in a previous week racked up 23, had to settle with a meager six points. At half-time Gould's were leading 8-6 but they fell apart in the last half and were knocked for their fourth defeat, having won two.

In another game the same evening, with four men on the floor, the Rock Crushers were downed by the Eneics 31-24.

Three Rock Crusher players were ejected from the game because of fouls, leaving only four men to finish the game. Two who were still in the game as the final whistle blew had four fouls against them.

A total of 29 fouls were called on seven players on the Rock Crushers team as they broke some sort of a record in fouls committed.

The Rock Crushers were leading the Eneics at half-time 13-12 and possibly would have beaten them had they not committed so many fouls, which accounted for 10 of the Eneics 31 points.

A famous Midwest designer states that color is more important than you think. We found that out long ago with a couple of green apples. The designer says that if factory machines were painted in attractive colors there would be fewer strikes, and if you brighten the drab walls of an office with different colors it's as good as a letter from home. He also says that "Prison walls are all light gray; that's one reason why people don't like prisons." It probably isn't the only reason. Well, maybe he's on the beam at that. We've heard that red ink makes a big difference in bookkeeping.

First National Downs Tail's 52-41 Plymouth Mail Upsets Daisy 49-38

First National Bank kept their prestige as the league leaders in the men's basketball loop as they downed Tail's Cleaners 52-41 at the DeHoCo gym last Tuesday.

Although tied with Atchinson-Chrysler for first place, First National has led the league from the first few games of the season and have never done less than top honors.

First National led at half-time by a 23-16 score and were never behind in notching their ninth victory of the season against two losses. Bill Perkins sank 21 counters for First National, DeWayne Becker 17 for Tail's and Don Huebler tipped in 14 points for First National.

Plymouth Mail won their third victory of the season as they upset Daisy Air Rifle 49-38 at DeHoCo last Thursday in their bid to emerge from the cellar.

Plymouth Mail has been virtually knocked out of the playoffs but they can still have fun by knocking out other teams in the remainder of the season. They have beaten Daisy twice which will make it rough for the Air Rifle boys.

Larry Finney scored 18 points in The Mail's victory and Bacon sank 16 for Daisy. At the end of the initial period Plymouth Mail led 13-10 and at half-time 21-16 in outbattering their opponents.

The Detroit House of Correction, who have only to win one game to get into the playoffs, downed Tail's Cleaners 41-36 at DeHoCo January 26 in an attempt to hit the playoffs.

DeHoCo led all the way as Tail's scored only three points in the second period. DeHoCo was ahead at the end of the first half, 20-12, riding on to victory.

Rocks, Trojans Play at Trenton

Tomorrow night, Friday, the Plymouth Rocks journey to Trenton to encounter a powerful Trojan team in hopes of chalking up six victories in a row which is very probable, Trenton having bowed to Wayne by 14 points.

Plymouth has won four straight games in the league and five straight including the Northville tilt. This game will be a fight for second place in the league and both teams at the present time are tied for honors.

The Rocks have beaten every team in the league except Trenton who narrowly edged out the Rocks in the last half of the ball game last December.

Daisy Breaks Tie in Girls' League

The tie for first place in the Girls' Inter-City basketball league was broken January 23 as Daisy downed Twin Pines 46-27 at the high school. The two Plymouth teams had previously been tied for first place honors with four wins and no losses.

Fellows took scoring honors for Daisy, netting 22 points while Eleanor Wilkins hooped 18 for Twin Pines. Siterlet tossed in seven field goals for Daisy, giving her 14 points.

At the end of the first quarter Daisy had taken a 10-4 lead and was ahead at half-time 26-13. In the second game of the evening Wayne downed Ypsilanti-2 by the score of 22-14 as they came from behind in the second quarter to surge to victory. Mary Burnett scored 16 points for Wayne and Frenter got eight for Ypsi.

Ypsilanti Tilt Last For Plymouth High Players Eckler and Ebersole

In last Friday's basketball tilt between Ypsilanti and Plymouth, Keith Ebersole and Dwight Eckler played their last game for the local cagers, having finished their eighth semester in high school.

Keith and Dwight have formed sort of a combination, since playing together in football and basketball. In football Keith was the plunging fullback and Dwight opened the holes for the tailback.

Playing basketball together for just one year, the two formed a fine scoring combination and led Plymouth to five straight victories before leaving John Sandmann's quintet.

Dwight did not start in a cage game until the Northville encounter when he scored 23 points. From there on he was one of the regulars and to date was the leading scorer on the team, although he was not in the starting lineup of Plymouth's first four games, which they lost.

Together Dwight and Keith compiled a total of 175 points. Eckler netting 88 and Ebersole 87. Dwight averaged 11 points per game and Keith 10.

Eckler replaced Ebersole at center and Ebersole moved to forward on the Plymouth five. Plymouth lost every game that Dwight did not start and won every game in which he was in the starting lineup.

Keith has played basketball for the Rocks since he was a freshman and Dwight just started last season when he latched on to the reserve bucketeers. It is almost assured that Plymouth would have finished first and no lower than second in the Suburban B league had these two cagers been able to remain with the squad.

Eckler and Ebersole have each moved into the Plymouth Men's Basketball league with Dwight playing for the Plymouth Mail and Keith with Atchinson-Chrysler, which is currently tied for first place with the First National Bank squad.

Slough's Score Leads League

Sammy Slough continues to lead the scoring in the Men's basketball league with 202 points in 12 games for a 17 point average per game.

Slough is far ahead of his closest rival, Bob Norman, of Atchinson-Chrysler who has netted 139 points in 11 tilts while Huebler has 119 in 10 encounters.

Playing for DeHoCo, Sammy has been outscored by a teammate only once and that was last week when Slough slipped in 13 points and Smith 14.

Clare Ebersole and DeWayne Becker are the only other two cagers with points of three digits. Ebersole has dropped in 115 and Becker 103.

Following is the top ten scorers in the league:

P	Av.
Sammy Slough	202 17
Bob Norman	139 13
Don Huebler	119 12
Clare Ebersole	115 12
DeWayne Becker	103 9
Larry Finney	98 9
Phil Bosman	96 8
Bill Perkins	94 12
Bob Miller	90 10
Malcomb Pierce	83 7

Shorts in Sports

by Al Larson

"What to do?" This is the expression heard by many people around Plymouth. It seems they cannot find anything to do.

Well, if they were to look around themselves in this city of Plymouth they would see one of the best organized recreational activities in this area. Many people do not realize the fine things offered by the Plymouth Recreation program and do not really look for them.

To mention a few, here are some of the recreation activities being held in Plymouth: ceramics class, leather class, sewing class, adult square dancing, boxing programs, chess club, men's volleyball, cabinet making class, art class, teen age dances, badminton club, girls' volleyball, five basketball leagues, theater guild, children's dances and others.

The different classes are usually held in the high school and are taught by someone who knows the type of work being taught and makes the class interesting.

Approximately 16 basketball games are played in Plymouth in one week which includes teams from five leagues. The class of leagues are: men's, girls', Class D, Class E and Class F and also there are two basketball games a week played by the high school.

With such a variety of activities, how could Plymouth residents want for things to do.

A star on the basketball court need not always be the high point man of a team as most people seem to think, but the player who keeps his man from scoring much, brings the ball down the court, sets up plays and is an aggressive ball player is the outstanding player on the court in my opinion.

Sure, the man that scores the points helps his team win the game, but just because he can score points does not mean that he's better than the fellow who feeds him the ball.

Two players on the Plymouth High school team are probably the best in the league at their respective positions but you never see their name with high point honors. They are good because they can let the other fellow score the points while they make the scorer look good and get all the glory.

Such is the case in football where the lineman take all the headlines and beating to make the backfield men look good but they do not get credit for the touchdown.

Dave Reitzel and Dick Fenton are a fine pair of guards on the Rock quintet and are probably two of the best in the league, but how often did they ever take high point honors?

A team with five men who want to be high point men in the game will finish low in the league or make a poor showing.

So the next time you see Plymouth or any team play, don't pay any attention to that high point man, but watch those two guards on the floor and the man who makes the game look easy.

Rock Reserves Lick Ypsilanti

Downing a weak Ypsilanti reserve team, the Plymouth Rock reserves emerged victorious 38-17 on the Plymouth court last Friday evening.

Playing a close game all the way through the first half, the locals led at the end of the initial period 5-4 and the score was 12-12 at the end of the half.

The Rocks came back in the second half and outscored the Braves 26-5 with Ypsilanti scoring only one field goal and three free throws. The Braves did not score a field goal in the third quarter and netted only two charity shots as Dave Travis and Carl Pursell scored freely for Plymouth.

Coach Ponto cleared the bench in the final quarter to give all the boys a chance to get into the game as his team trounced Ypsilanti in the third quarter. Plymouth scored 14 points before the Braves netted a free throw. Ypsilanti did not score a field goal until the last minute of the contest.

Boys' Club Gives 1st Boxing Show

The Plymouth Boys' Boxing club held their first boxing show of the year January 28 in the gym of Plymouth High school.

In the first bout Marian Johnson and Richard Brown, each 65 pound boys, battled it out to find out that they had received a draw.

Lindy Mills and Doug Simpson, 80 pounds, exchanged blows for three rounds to have a draw, called between them. Chuck McKenna and Charles Chesner, another couple of 80 pounders, also finished three rounds with a draw.

Donald Fleming and Stanley Fann fought to a draw in the fourth bout of the evening, both being 96 pound boys. Dave Riker and Dick Hively also fought to a draw after three rounds of fist-cuffs. These boys were all Plymouth boys as a state law says that boys under 16 years of age cannot box out of town fighters.

The sixth round, and the one that started toward the big boys, saw Jack Richardson of Plymouth win a decision over Don Beaver who was also of Plymouth.

Phil Saka, an Ann Arbor lad, won a TKO over Bill Runge in the third round of a scheduled three round match. Runge, a Plymouth boxer, was quite dazed from the blow received from the glove of Saka.

Delos Kew, Plymouth, lost a decision bout to Bill Nichols of Wayne in the eighth match of the evening, but both boys showed fine excellence as boxers.

Arlan Ottensman, a 135 pound Plymouth boy won the only fight for Plymouth in the ninth match, when he won a decision over Leslie Goodlett of Wayne in a

three round bout. Clarence Carrivov of Plymouth, weighing in at 125 pounds lost a decision bout to Robert Sherwood of Wayne in the tenth bout of the evening at the high school.

One of the best bouts of the evening saw Dick Spisak, a well known amateur from Wayne, win a decision match from Glen Lowe of Wayne. These boys were a couple of 135 pounders.

In the final match of the night, Glenn Fisher, 165 pounds from Wayne, defeated Joe Wellman, also of Wayne, by a decision.

Referee for these 12 bouts was Johnny Nuber, who refereed the Jake Lamotta - Marcel Cerdan bout. Harry Currier and Earl McCleary acted as judges and Ken Gust was the announcer. Floyd Fleming was time keeper for the three round bouts and Dr. Williams stood by in case there were any injuries.

Mike Spitz, boxing director and teacher for the Plymouth club, states that they were all good fights.

U of M Club to Give College Scholarship

Members of the University of Michigan club of Plymouth, having a vital interest in the further educational advancement of the young people graduating from Plymouth High school, has announced that the club will grant a college scholarship annually to a graduate filling the necessary requirements.

The scholarship provisions, compiled by a special committee selected from the club's board of governors and headed by Dr. A. E. VanOrnum, are listed below.

Applications will be open to any Plymouth High school graduate enrolled in the University of Michigan as an undergraduate, and who complies with the following:

A. Application blanks may be obtained from Lawrence Mack, club president, or from the chairman in charge of scholarships at the high school.

B. All applications must be in the hands of the club president not later than March 15 of each year.

C. Applications will be acted upon by the Regents Scholarship committee of the club in conjunction with an advisory committee consisting of high school personnel. The names recommended for consideration by the scholarship committee will then be submitted to the board of governors for final selection.

D. The board of governors of the club may, at their own discretion, choose an alternate for the award in the event the original recipient should be unable to attend the University.

In making the award, the scholarship committee and the board of governors shall be guided by the candidate's scholarship, his qualifications as a useful citizen and his financial status. The award will be for \$100 per year. The payment will be made in two installments of \$50 each, payable at each semester.

The recipient of the award will have the privilege of one renewal application which will be subject to the approval or rejection of the proper committees. Announcement of the award will be made at graduation time each year.

Complete School Business Course

The Business Institute of Detroit has announced that two students from Plymouth have recently completed courses at the institute.

Miss Doris Hall of 40434 Gilbert avenue completed a course in the operation of calculating machines. She has accepted a position with the Ward Baking company in Detroit.

Mrs. John Allard of 16125 Haggerty road, upon completion of a business course, is now working in the offices of the Refrigeration Discount corporation in Detroit. She is a 1949 graduate of Plymouth High school.

Attains Highest College Average

Sally Gustafson of Plymouth was among 43 students who attained a three point average, or highest possible grade, during the fall term at Michigan State college. She is a sophomore taking the basic college course.

The honor students at the college were guests of President John A. Hannah at a banquet in the student union. Miss Gustafson is the daughter of Mr. and Mrs. Knut Gustafson of Adams street.

Kiwanis Hears Palestine Talk

The Palestine situation was discussed at the Kiwanis club meeting January 24 by Dr. Morris M. Jacobs, a Detroit lawyer and graduate of the University of Chattanooga.

Dr. Morris presented the Jewish side of the controversy concerning the Jewish state of Israel. He compared the "growing pains" of Palestine to the difficulties encountered by those who formed our own democracy. Stating that the establishment of the Jewish state has already helped the economy of the area, he feels optimistic about the country's future. Bob Merriam was chairman of the evening's program.

A delegation from the local Kiwanis club attended the Kiwanis 35th birthday dinner in Detroit January 23. Hugh Jackson, president of Kiwanis International, spoke on "Aggressive Citizenship Our Individual Responsibility." Those attending from Plymouth included President Byron Becker, Michael Huber, James Sexton, Roy Fisher, Warren Worth, Earl Demek, Syl Harding, George Burr, Roy Leonard, Cliff Raum, Dean Saxton, Frank Terry and Ernie Henry. A charter member of the Detroit club is George Haas, formerly of Plymouth.

Association Presents Certificates to Schools

High schools in Wayne county offering safe driving courses to their students were awarded certificates at a meeting at Dearborn Inn recently by the Wayne County Association of Insurance Agencies. Leslie R. Silvernale, executive secretary of the Michigan Inter-Industry Highway Safety committee, was the principal speaker.

Helmert Nelson, superintendent of Plymouth schools, attended, although the Plymouth's school award had been previously presented.

Fire Department Supports First Aid Car

The brightest red car seen in Plymouth recently is the new fire department emergency car. It can be used as an emergency ambulance, carries small fire extinguishers and first aid equipment. The car is also equipped with a resuscitator, which is used to revive victims of heart attacks, smoke inhalation or drowning.

Your Police Department Speaks

Written by members of Plymouth's Police department

Our department is holding an assortment of abandoned bicycles which are waiting to be claimed. Upon sufficient evidence of ownership these bicycles will be released to their owners. The best proof of ownership is the serial number; however if that's not available, a good description will do. We might add that many people head straight for the police department when they find something so if you lose something call us.

We have had inquiries recently regarding laws governing backing of vehicles. Here's what the Traffic Ordinance rules: "No operator shall back a vehicle unless he shall first ascertain that it can be done safely. No vehicle shall be backed without first giving an unmistakable warning signal to pedestrians and approaching vehicles. In no case shall a vehicle be backed a distance of more than sixty (60) feet. No vehicle shall be backed around a corner at an intersection of highways unless preceded by an observer to safely direct the movement."

Complete Redecoration of Hillside Inn

The recent redecoration of the Hillside Inn on Plymouth road has been completed with the arrival of new tables and chairs. The restaurant in the past few weeks has undergone a complete redecoration, with the addition of new draperies and an aquarium. The restaurant is owned by Mrs. Margaret Stremich.

Plane Turns Over on Landing; no Injuries

Three occupants walked away from a wrecked plane last Saturday at the Hartell Air Terminal, 39139 Ford road. The plane, which belonged to the Centerfield Flying service, turned over as it hit the field for a landing. Julian Evans of Garden City was the pilot of the plane. The other lucky occupants were Lloyd Evans, co-pilot, and Marian Fox, both of Garden City.

Men's Club Holds Square Dancing

A square dance will be held this Saturday, February 4, at 8:30 p.m. in the First Methodist church. The dance is one of the monthly square dances sponsored by the Men's club of the church. Herman Shield will do the calling and Marguerite Foreman's orchestra will provide the music. All are welcome to attend.

Tubeless Tire Now Available

West Brothers, Inc. have been appointed distributors in this area for the new puncture-sealing tubeless tire manufactured by the B. F. Goodrich company.

Bill West recently attended a meeting of B. F. Goodrich dealers and store managers in Detroit where he saw cars equipped with the new tires run over three inch spikes without losing a pound of air. He said a tubeless tire has been the goal of tire engineers since the dawn of the automotive age.

In addition, West said, the tire has an inner layer of special gummy material that automatically seals punctures effectively and permanently right on the running wheel. Since the tire does not have an inner tube, he explained, it actually is easier to mount and take off than ordinary ones. Cold rubber has been added to the tread to give longer mileage.

The new product has been tested under the most severe conditions during the last four years. Costing less than an ordinary tire with a safety inner tube, it also gives an easier ride, and maintains correct air pressure for months. The tires are now available at West Brothers at 534 Forest avenue.

Get a cord thoroughly before using it to tie packages for mailing. It will shrink and tighten when dry.

Mothers' Club Hears Johnson

The Mothers' club of Starkweather Elementary school will meet on February 7, at the Starkweather school auditorium at 1:30 p.m.

Mrs. Albert Hubbs announces that Paul Johnson, elementary school coordinator, will be the guest speaker. His topic should be of interest to all mothers because he will discuss our children and their problems. Mr. Johnson will try to answer all questions mothers may have to ask.

At the close of the meeting tea will be served by Mrs. Hubbs and her committee, which consists of Mrs. James Thrasher, Mrs. Loren Goodale, Mrs. William Eger, Mrs. Clifford Wood and Mrs. J. Craig Bowlby.

Marilyn Gracey is Wed to Detroit at Saturday Rites

A double ring wedding at Immanuel Presbyterian church in Detroit on Saturday, January 28, united Marilyn Lucille Gracey and Maurice Kenneth Grossman in marriage. The bride's parents are Mr. and Mrs. Clifford C. Gracey of 16200 Homer road, Plymouth. Mr. and Mrs. Sam Grossman of Detroit are the parents of the bridegroom.

Before a setting of lighted tapers, and baskets of white gladioli, the couple repeated their nuptial vows after the Rev. Richard Rohland. Wedding music was provided by soloist, Audrey Marlowe, of Detroit, who was accompanied by Eleanor Short, organist. "Through the Years" and the "Wedding Prayer" were the selections sung.

Given in marriage by her father, the bride was gowned in white satin styled along princess lines with high stand up collar and buttons ending at a pointed waist in front. The long fitted sleeves buttoned at the wrist, and a peacock spread train completed the details of the bridal gown. Seed pearls trimmed the satin cloche which secured in

place the bride's fingertip veil of illusion. White gardenias, hyacinths, baby mums and stephanotis made up the bride's cascade bouquet.

To attend her as maid of honor, the bride asked Elsa Albinson of Detroit. For her duties, the maid of honor donned an empire styled gown of turquoise velvet. Her headpiece was a band of matching velvet with rosebuds on either side. Pink roses made up the colonial bouquet which the maid of honor carried. Serving as bridesmaids at the evening wedding were Beatrice Harry and Elaine Ritter of Detroit. Miss Harry chose a purple velvet gown, while Miss Ritter selected green velvet for her dress. Both bridesmaids carried colonial bouquets of pink roses and wore headpieces similar to the maid of honor's.

Marvin Reichle attended the bridegroom as best man. James Andrews and Louis Grossman, brother of the bridegroom, seated the guests.

Royal blue crepe fashioned the formal gown which the bride's mother wore for the ceremony. Her flowers were pink gladiolias in a wrist corsage.

Following the wedding 200 guests were received in the parlors at the church for a reception honoring the newly weds.

After a short wedding trip Mr. and Mrs. Grossman will reside in Detroit and resume their studies at Wayne university. Both Mr. and Mrs. Grossman will receive their degrees in art at the university in June. A graduate of Western High school in Detroit, Mrs. Grossman is affiliated with the Omega Upsilon sorority at Wayne university.

Chalk Talk Slated for Gentlemen's Night

The Plymouth Garden club's annual Gentlemen's Night will be held February 13 at 8 p.m. in the First Methodist church hall. Arthur A. Sinclair, well known for his chalk talks, will be on the program for the evening's entertainment. All members and their husbands are urged to attend this interesting meeting.

O. E. S. News

The regular meeting will be held Tuesday, February 7 at 7:30 p.m. This will be followed by a social hour with refreshments being served.

On Thursday, January 12 Worthy Matron Leillia Huebler and Worthy Patron Charles Huebler were guests of Star of Zion chapter on Friend's Night. Brother Charles took part in exemplifying the degrees by giving the Secret Work.

Those who attended Wayne County association meeting held at Pillar Temple on January 19 were Mr. and Mrs. Manley Smith, Mrs. Alice Rathbun, Mrs. Ara Fehlig, Mrs. Lottie Miller, Mrs. Erma Hughes, Mrs. Vera Bolin and Mrs. Gertrude Thorpe.

Mr. and Mrs. Oral Rathbun attended the 49th birthday dinner of Victoria chapter, Redford, on Tuesday, January 24.

It was East-West night at the United Craft chapter on Friday, January 27, when Leillia Huebler, W. M., took the Conductress part and Mildred Smith, A. M., was the Flag Bearer. Also attending were Manley Smith, A.P. and Lucille Smith, Conductress.

The installation of the Patrons association No. 1 and the reception for the Worthy Grand Matron was held at the Eastern Star Temple on Saturday, January 28. The Worthy Grand Patron, Dr. Robert Lane, received an honorary membership. Those who attended were Mr. and Mrs. Charles Huebler, Mr. and Mrs. Manley Smith and Mr. and Mrs. Oral Rathbun.

Best wishes to those who have been in the hospital and are now home, Mrs. Flora Rathbun, P.M., Mrs. Nellie Meir and Godber Jackson. A speedy recovery to you.

Heartfelt sympathy is extended to Mr. and Mrs. Harold MacKender in the accidental death of the latter's brother.

BIRTHS

Mr. and Mrs. Lawrence Pierce are the parents of a son, Lawrence Edward, born in Sessions hospital, Northville, on Saturday, January 28. Weight five pounds and eight ounces. Mrs. Pierce is the former Marjorie Duff of Plymouth.

In San Francisco on Market street a barber shop is labeled, appropriately enough, "Clip Joint."

Jean Kellems is Bride-Elect

The betrothal of Jean Kellems and Donald Zander is revealed this week in an announcement made by her parents, Mr. and Mrs. Carlos Kellems, of 44637 Cherry Hill road.

Parents of the prospective bridegroom are Mr. and Mrs. Carl Zander of 801 Starkweather avenue.

The bride elect was graduated from Plymouth High school with the class of 1949, and her fiancé attended school with the class of 1948 at Plymouth High school. Serving in the U. S. Navy, he is stationed in Washington at the present time.

A wedding date has not been named.

Local News in Brief

Mr. and Mrs. Alfred R. Innis have returned to their home at Riverside drive after a winter vacation in Florida.

Members of the Sunshine club will meet on Wednesday, February 8, in the home of Elaine Moran at 11346 Hemingway avenue, Detroit. Mrs. Clair and Lucy Clair will serve as co-hostesses. The birthday guest will be Mabel Clinasmith.

Mr. and Mrs. John Maxwell and son, Russell, of Joy road spent Sunday with Mr. and Mrs. Floyd Miller and family in Stockbridge.

Miss Sally Gustafson, daughter of Mr. and Mrs. Knut Gustafson of Adams street, was chosen from the Michigan State college home economics department to model clothes for Farmers' Week, which is being held at the college.

The W.S.C.S. of the Newburg Methodist church will meet on Tuesday, February 7, at the home of Mrs. G. MacDonald Jones, at 9614 Newburg road, with a pot luck dinner at 12:30 p.m. Miss Neva Lovewell will be the guest speaker.

Rainbow Order for Girls Holds Installation of Officers, Advisory Board

Plymouth Assembly No. 33, Order of the Rainbow for Girls, held a public installation January 23 in the Masonic Temple.

Following the address of welcome by Mrs. Leillia Huebler, worthy matron of Plymouth chapter, Order of the Eastern Star, and the invocation by the Rev. G. MacDonald Jones of the Newburg Methodist church, the installing staff was introduced. They include Gloradeen Rood, Doris Ryder, Elsie Mae Keeping, Jean Agosta and Mrs. Lorena Hubbs. Installing officers were: Pat Wickens, installing marshal; Elsie Mae Keeping, installing chaplain; Donna Hunt, installing recorder; Marilyn Brooker, installing musician, and Mrs. Robert Shier, installing soloist.

Among the officers installed were Joyce Smith, worthy advisor; Nancy Kendeigh, worthy associate advisor; Jean Kellems, recorder; Barbara Goodale, treasurer; Barbara Kennedy, drill leader, and Emily Boulter, chaplain.

The officers of the advisory board installed for 1950 were Mrs. Grace Hunt, mother advisor; Mrs. Leillia Huebler, worthy matron; Charles Huebler, worthy patron; Mrs. Mildred Smith, associate matron, and Manley Smith, associate patron.

Following the installation, Gloradeen Rood was presented with a past worthy advisor jewel by Mrs. Doris Lietz. Joyce Smith was presented with a white gavel, to be used during her term of office, by her parents, and a basket of flowers from the Plymouth chapter, Order of the Eastern Star. Mrs. Doris Lietz was presented with a past mother advisor jewel by Mrs. Lorena Hubbs.

There are over 8,000 weekly newspapers now being published in the United States, according to a survey conducted early in 1949.

Hints For Plymouth Homemakers

Carrots Benefit Midwinter Diet with Vitamin A

Deep orange carrots are a bright spot of color on Plymouth vegetable counters these days and they can be a bright spot in mid-winter menus as well. It's a smart homemaker who chooses them frequently as the daily dark yellow vegetable recommended by nutrition experts.

This type of vegetable appears on the list of protective foods because it contains so much vitamin A. Vitamin A is necessary so that eyes can adjust to change from light to darkness, to protect the health of the skin and glands, to permit maximum growth, and to help build resistance to infections.

Carrots are near the top of the list as far as vitamin A is concerned, and are rated among the most popular vegetables with the whole family. Of course, they can become monotonous if served without a variety in preparation time after time. Their blandness makes them good partners for so many other foods that it's easy to change their flavor.

Youngsters in the family are usually happy with raw carrots—they seem to like the crunch. For those who are shedding baby teeth and just growing a crop of their permanent ones, cut the vegetable in sticks.

Shredded or thinly sliced raw carrots taste as good as they look in salads. They combine equally well with fruit and vegetables. To have the flavor and texture at their best shred them just before combining with the other salad ingredients.

Buttered and creamed carrots are the old stand-bys in most households. Here are a few ways of dressing them up as well as suggestions for other carrot dishes:

CARROTS WITH PARSLEY SAUCE: Cook 24 small whole carrots in a covered pan in just enough boiling salted water to prevent scorching until tender, for about 20 minutes. Drain (reserving water to be used for soup or gravy). Add sauce made by creaming 1/4 cup butter, then blending in 1 1/2 tablespoons finely minced parsley, 1 1/2 tablespoons lemon juice and salt and pepper to taste. Serves 6.

GLAZED CARROTS: Cook 1/2 cup brown sugar, 1/4 cup hot water and 1/4 cup butter or fortified margarine together for 5 minutes. Pour over 24 small cooked carrots in shallow pan. Bake in moderate oven, 375 degrees F., for about 20 minutes or until brown, shaking pan occasionally to keep carrots coated with syrup. Serves 6.

If liked, granulated sugar or honey can be substituted for the brown sugar. For added flavor, sprinkle carrots with finely chopped fresh mint just before serving.

Recipes Provide Variety With Standard Meat Cuts

Standard meat cuts—even the conventional frankfurter—can be dressed up for special occasions. Here are three recipes that can be prepared inexpensively and will provide variety to the dinner table.

CHILEAN POT-ROAST
3 to 4-pound beef arm or blade pot-roast
3 tablespoons lard or drippings
2 teaspoons salt
1/4 teaspoon pepper
1 teaspoon chili powder
1/2 cup juice from tomatoes
1 No. 2 can tomatoes, drained
1 No. 2 can kidney beans
4 tablespoons flour
1 cup water

Brown the pot-roast slowly in lard or drippings. Season. Add tomato juice. Cover closely and simmer 2 1/2 hours or until almost tender on top of range or in slow oven (300° F.). Add additional liquid if necessary. Add tomatoes and kidney beans and simmer for 15 minutes. Remove meat and vegetables. Thicken liquid allowing 2 tablespoons flour for each cup liquid. 6 to 8 servings.

FRANKFURTER CROWN — BREAD DRESSING
1 1/2 pounds frankfurters
1/2 pound bacon
Bread dressing

Thread frankfurters on string through middle, reserving 2 for dressing. Shape in crown and tie. Fill with dressing. Fasten 3 or 4 slices of bacon around crown with toothpicks. Bake in moderate oven (350° F.) for 20 minutes. 6 to 8 servings.

Bread Dressing
1/4 pound ground pork
1/4 cup grated onion
2 frankfurters
1 teaspoon salt
1 teaspoon poultry seasoning
1/2 teaspoon pepper
4 cups soft bread crumbs
1 egg
Water or meat stock

Brown ground pork and onions. Slice frankfurters and add with remaining ingredients and enough liquid to hold dressing together. Mix thoroughly.

BROILED HAM STEAK WITH CINNAMON APPLE HEARTS
1 slice ham, 1/2 to 1 inch thick
3 firm apples
1/2 cup sugar
1 cup water
1/4 cup red cinnamon drops

Boil sugar, water and cinnamon drops together until cinnamon drops are dissolved. Pare apples and cut slices crosswise about 1/2-inch thick; select largest slices and cut in heart shape with heart cutter. Simmer the apple hearts in the syrup gently until just tender, but not overcooked so they lose their shape. Remove from syrup and drain. Place ham slice on broiler rack and insert in broiler so that top edge of meat is about 3 inches from the heat. Brown top side, turn and brown second side. A 1/2-inch slice of ham requires 18-20 minutes and a 1-inch slice 20-30 minutes. When done, place ham slice on hot platter, arrange apple hearts around it, and serve immediately.

Stoves Can be Kept Like New with Good Care

Do you know how to keep your electric range looking like new even though it may be several years old? It can be done with proper care. Here are a few tips on how to do it.

Electric ranges finished in synthetic enamel or porcelain enamel require occasional washing in warm soapy water. It is not advisable to wash the porcelain enamel when the range is hot. It will crack or check the enamel. Chromium-plated parts require only washing, drying and rubbing with a soft cloth.

When an acid, such as vinegar or lemon juice, is accidentally spilled on the enamel surface, wipe it off immediately with a damp cloth. Although progress has been made in producing acid-resistant porcelain enamels, acids allowed to remain on enamel may stain it or remove the gloss.

Foods spilled on closed units may be wiped off or, if necessary, removed with any mild abrasive. Food spilled on an open unit must be burned off and is best removed by charring during a regular cooking process. A stiff brush or sharp instrument should never be used because of the danger of injuring the heating coils.

Open shelf supports and heat distributors, if they are removable, may be taken out and washed with soap and water. Spilled food should be removed as soon as the oven is cooled, using a mild abrasive if necessary. It is a good practice to wipe out the oven with a damp cloth after baking or roasting, since greasy deposits will become burned on the lining and are difficult to remove.

A smooth sea never made a skillful mariner; neither do uninterrupted prosperity and success qualify men for usefulness and happiness. —Burton

Feature Cherries for Sauces, Desserts in February Dishes

February days are traditional cherry days. And it's a month that boasts many bright winter meals, for cherries may add gaiety to desserts and main dishes alike.

A tangy cherry sauce is ever popular with ham and also a fine accompaniment for pork chops. Smoked tongue's zesty flavor is equally as appealing with a tart cherry sauce.

Of course, cherries fit into all types of fancy desserts—desserts quite simply made, yet with a definite party atmosphere about them. There is cherry cobbler, cherry pie or an interesting cherry upside down cake.

Another dessert or party refreshment is cherry roly-poly—both colorful and quick to make. Sweetened biscuit dough is patted out flat and spread with cherries. The dough is rolled up like a jelly roll, cut into individual servings and baked with a cherry sauce.

Individual cherry tarts rate as special conversation pieces for dinner dessert or entertaining. Each tart may be topped with a clever pastry design—drum, hatchet, flag, log, heart—all in keeping with February days.

For breakfast, coffee cake, clearly revealing bright red cherries, is popular during this season.

CORN BREAD

Corn bread turns up with ham on top in this different dish. Cut a ham slice into wedge-shaped pieces and brown on both sides in a frying-pan. Place the wedges in a baking dish and pour corn bread batter over them. Bake in a 400° F. oven until the ham and corn bread are done, about 30 minutes. Serve while very hot topped with a spicy tomato sauce.

STEWED FRUITS

For plump juicy prunes, apricots or other dried fruits, soak overnight or for several hours in tepid water. Cook in soaking water in a double boiler until tender. Slow cooking over indirect heat keeps fruit tender, plump and juicy, advises Faye Kinder, Michigan State college home economist.

If you have a social item or any other local news, phone 1755.

Q. What is the name of this cut of meat?

A. Pork blade end loin roast.

Q. Where does it come from and how is it identified?

A. It is the shoulder end of the loin and contains the blade bone.

Q. How is it prepared?

A. By roasting. It is placed fat side up on a rack in an open roasting pan. No water is added and no cover is needed. The roast is cooked in a moderate oven (350° F.) allowing 45 to 50 minutes per pound roasting time.

Preview Short Spring Coats

As Easter shopping days near, you'll want to think about a spring coat. Short toppers are a favorite again this spring, many featuring the drop shoulder and bloused back. They go well with the slim-skirted suits that are fashion news for the coming season.

The bat-wing jacket, successor to last year's butterfly coat, can be worn for dressy occasions as well as for casual wear. Six pockets and no buttons make a spring topper very new. Most short coats are buttonless now, but usually have plenty of pockets. A perennial favorite, the polo coat, now is shown in a shorter version. It's belted in the back, and has a wide collar and revers.

The short coats come in a variety of colors, from melon pink to navy. The gay prints in spring dresses show off quite well under toppers.

However learned or eloquent, man knows nothing truly that he has not learned from experience. —Wieland

Brushing Good for Short Hair

Keep your short hair glossy with frequent brushing for shining up your short locks and making your scalp healthy.

Start at nape of neck, brushing upward with short, brisk strokes to stimulate circulation. Wipe brush after to remove oil and dust.

Brush around hairline with quick, flicking strokes. The tiny tugs make your scalp tingle and remove make-up that may have strayed.

Brush longer hair upward, lock by lock. Hold each strand straight up, roll bristles firmly against scalp at start of every stroke.

Midweek cleanup: Pack rows of bristles with tightly twisted strips of cotton dampened with cologne. Brush hair as described above.

Wash brush often, at least once a week. Add a few drops of ammonia to soapsuds and swish bristles around in the solution.

Rinse brush thoroughly. To keep bristles strong, shake the brush and stand it on handle in a glass. Place it in a sunny window to dry.

Look for Seal

When buying washables look for the "Certified Seal of Approval." All articles or materials with this seal have gone through the testing laboratories of the American Institute of Laundering, proving ground for the textile and laundry institute.

That's the New Pacemaker
Now... 3 Great Hudson Series • Only Cars with "Step-Down" Design

HERE'S THE CAR that's turned the tide... the car that returns the greatest value for the dollars you invest! The new, lower-priced Pacemaker is a car you instantly see is the most beautiful of them all! Free-flowing, low-built design telegraphs the fact that it has the lowest center of gravity in any American automobile. And you know instinctively that, as a result, the thrilling Hudson Pacemaker hugs the road more tenaciously and is therefore America's safest, best-riding car! You quickly see, too, that this new member of the Hudson family has full road clearance, and more head room than in any mass-produced car built today—thanks to "step-down" design with its recessed floor. And amazing head room is only one kind of interior spaciousness that's yours to enjoy in the new Pacemaker. Through "step-down" design and ingenious use of space that is wasted in other makes of cars, this compact automobile of normal exterior width brings you seat cushions that are up to 12 inches wider than those in cars of far greater outside dimensions! There's an extra dividend for you, too, in the brilliant, new high-compression Pacemaker engine... a lightning-like performer with saving ways. You are invited to see and try the Pacemaker. This new, lower-priced Hudson will revise all your ideas of motor-car value!

The first concrete road ever laid anywhere in the world was in Michigan and in Wayne county.

Battle Creek at one time claimed the largest Adventist church population in the United States. There still remains a section on the west side of the business district known as "Advent Town." Stores close for Sunday observance on Saturdays but remain open on Sundays.

Gravel bicycle paths laid between some Michigan cities back in the late years of the last century were the forerunners of Michigan's famed highway system. These paths were constructed along roadsides and were paid for out of funds raised by bicycle clubs that flourished throughout the state.

Michigan was the first midwest state to become a great resort section. Old timers recall special resort trains that were operated by the Grand Rapids & Indiana railway from Cincinnati and other southern cities to the Petoskey area. It was former United States Senator Stockbridge of Kalamazoo who had much to do with the construction as well as promotion of the Grand hotel—which still remains the largest resort hotel in the world, as well as one of the best managed and most popular in existence.

Reports from southern states indicate that the ducks wintering in that part of the country are much fewer in number than seen in years. This can, without question be accounted for by the fact that great flocks of ducks are remaining in northern waters during the present open winter.

The Michigan conservation department reports that the mild weather and open water are prime factors in motivating migrant waterfowl to remain in Michigan this winter.

The department's state-wide inventory, part of a continental survey of migratory waterfowl, shows over 130,000 ducks, geese and swans in the state this winter compared to 86,000 in January, 1949.

Observers noted over 75,000 birds in southeastern sector of the state stretching from Port Huron on St. Clair river to Toledo harbor on Lake Erie. Canvasbacks comprised about 30 per cent of the total. Scaup were numerous and others in lesser evidence were mergansers, golden-eyes, redheads, black ducks, buffleheads and mallards.

Last year, close to 40,000 birds were concentrated in open water along the Detroit river and Michigan waters of Lake Erie. With more feeding areas free of ice this year, spotters also tallied approximately 740 whistling swans, about 140 more than before.

While no large concentrations of geese were noted in southeastern portions of the state, conservation officers and game men observed 15,000, or more than twice as many as were seen in southern Michigan last year. Including geese, the count was pegged at over 21,000 birds in Allegan, Berrien, Cass, Kalamazoo, St. Joseph and Van Buren counties. In the 1948 winter survey, the estimate was over 17,000 birds, 6,700 of which were geese.

Next most prominent in southwestern Michigan were the black ducks and mallards—followed by golden-eyes and mergansers.

Waterfowl wintering in open water stretches in central and up-state Michigan accounted for the remainder of the birds observed in the 1950 survey. Most numerous were golden-eyes and mergansers.

While making the census, game workers observed six black-backed gulls, considered rare winter visitors to Michigan waters. Also known as saddlebacks and coffin bearers, these birds nest in the northern reaches of Labrador and Greenland. They regularly drift southward along the Atlantic seaboard.

Michigan is one of the leaders, if not the leading state in the nation, in the inception of state cooperation with farmers and other land owners in restoring habitat conditions for game and birds native to this state.

Including 657 individual farm-game restoration projects in 1949, over 960 have been started since the inception of the joint farm-conservation department wildlife habitat improvement program. The program began in March, 1948.

Farmers participating in the program during the last two years have received 1,361,587 trees and shrubs. Nearly a third of the stock consisted of multiflora rose. Planted 18 inches apart, the rose stock would reach from Detroit nearly to Grand Rapids.

W. C. Ryones, in leader of the department's habitat restoration program, announced that 260 new farm-game projects are on tap for the spring planting season. Ryder advises others interested in the spring planting program to make application to the game division office here before March 1. Applications received after March 1 will be considered for future planting seasons.

Plans outlined for wildlife food and cover will in most cases conform with routine farming operations. Cooperating farmers will develop unused corners and swales with such plantings as shrubs and pine seedlings. Recommended changes in farming practice cover only such items as preventing grazing of woodlots and maintaining cover in fencerows.

The sand and gravel production of Michigan is now greater than all other states in the Union, except one. The 1948 production exceeded 20,000,000 tons with a total valuation of more than \$14,000,000. Oakland, Livingston, Macomb and Kent counties were the greatest producers.

John S. Barry of Constantine who was elected governor of Michigan at two different periods during the early days of Michigan statehood, first served as a justice of the peace in the township in which he lived. He was first elected governor in 1842, serving two terms. He was again elected as chief executive in 1850 and served only the term for which he had been elected.

Tons of bear meat go to waste every year simply because hunters do not know the value of their game. They make the kill, skin the bear out, keep the hide and leave the carcass to rot in the woods.

Jim Blake, an Alaskan, labels such waste of good meat a criminal act and gets "blood in his eyes" every time the subject is mentioned. And after enjoying several bear meat dinners with Jim, I am inclined to agree with him, because Jim can do as much with a bear carcass as a chef at the Waldorf can do with a baby beef.

He takes a tremendous amount of pride in fixing his bear roasts, and it was with considerable reluctance that he gave me his recipe. Allow the meat to age in a cold place for about five days. Then take a 10- or 12-pound cut from high on the ham and trim off all the outside fat, leaving only red meat showing. Prepare a marinade as follows:

1 pint vinegar, 1 pint water, 1 teaspoon allspice, 10 whole cloves, 6 bay leaves, 1 small pinch sage leaves, 1/4 teaspoon nutmeg, 1 medium-size onion cut fine, 2 stalks green celery chopped fine, 1 flower of dill.

Mix all ingredients in an enamel cooking pot and bring to a boil. Remove from the stove and allow to cool. Then pour the mixture into an earthenware jar that is large enough to take the roast.

Rub the roast with a mixture of salt and pepper, and then place it in the cool marinade. Allow it to soak for 24 hours, turning it over in the mixture about every four hours.

After the soaking, take the meat out of the marinade and wipe it dry. Then roast it as you would a piece of beef. It will be as tender and full of flavor as the finest meat you have ever eaten.—B. W. Hess.

From a clipping of the Midland Daily News, by Gordon Sears, comes this interesting tidbit of news about a Sebewing Justice of the Peace who "wrote out a check instead of a receipt" when he received fine money paid by two Midland game law violators. The story follows:

"First duck hunting experiences proved very eventful for two Midlanders last Friday and also brought crimson to the face of a Sebewing court judge.

"Paul Wilson of 1106 Haley street and Roy Bye of 820 State street were out in the middle of the lake near Sebewing late Friday afternoon and Wilson's boat was not camouflaged.

"Hunting rules prohibited hunting ducks after 5:05 p.m. that day, so a conservation officer stationed nearby watched the novices break the law and then arrested them at 5:25 p.m.

"Arraigned before the judge at 7:30 p.m., Wilson and Bye each paid \$10 fine and \$7.80 court costs after pleading guilty.

"The hunters put receipts from the judge in their pockets and the next day learned that they were perfectly good checks and could be cashed. Bye telephoned the judge who said sheepishly that he had written out five of them and that 'I feel so stupid I could shoot myself.'"

"When asking that the checks be returned, Wilson and Bye won't cash them but neither will they return them unless the judge or conservation officer from Bay County comes to Midland."

Seniors Plan Trip to Niagara Falls

The senior class of Plymouth High school will leave for a boat trip to Buffalo, New York, May 27. The D & C Navigation company personnel and adults from Plymouth will chaperon the students.

Dinner, a carnival dance and a treasure hunt will entertain the students aboard the liner. The seniors will take a train from Buffalo to Niagara Falls and will have the entire day free to visit the Canadian Horseshoe falls, American falls, Whirlpool rapids, Niagara Glen, Goat island, Cave of the Wind, and to ride the "Maid of the Mist."

The group will leave Niagara falls in the late afternoon and return to the steamer where they will dine, dance and be present for a student talent show in the evening.

The boat will return to Detroit on May 29. Senior classes from Tontogany, Ohio; Millington, Michigan; Lowell, Indiana; Grayling, Michigan; Waldron, Michigan; Cadillac, Michigan; and Toledo, Ohio will also be present on the cruise.

Hi-Y, Y-Teens Hold Conference

On February 11, a Hi-Y and Y-Teen conference will be held at the Central YMCA in Detroit from 9 a.m. to 4:30 p.m.

The theme of the conference is reviewing Detroit and city living conditions, questioning reasons why people live in various neighborhoods, and discussing what effect this has upon high school students.

The following is the schedule of activities that will take place during the conference: 9, registration; 10, trip; 12, lunch and recreation; 2, discussion groups. The Poe-Jefferson project, Corktown, the Brewster homes, and the Jewish Community house are a few of the places that will be visited by the participants of the conference.

Among the Hi-Y members who will attend this affair are Dick Underwood, Douglas Jetter and Walter Dzurus.

Hi-Y Blue Chapter Holds Initiation

The Blue chapter of the Plymouth Hi-Y, under the supervision of Walter Goodwin, held its second informal initiation of the year January 30 in the grade school gym.

The new members were officially inducted into the club by present members.

At the weekly Monday meeting, plans were discussed for a ski trip to Grayling over a weekend in the near future. Also announcement was made that the club would present the remaining half of its last year's minstrel show. The weekly trips to the Fisher YMCA in Detroit were mentioned in order to get more boys to go. Before the meeting closed, Mr. Goodwin outlined the principles of the Hi-Y organization to the new members.

Learn To Endure Affliction

NEARLY TWO YEARS ago Helio P. Sampaio, a director of the National Import company, San Paulo, Brazil, was stricken with Landry's paralysis, which spread so rapidly that within three weeks he was left in such a state that he could move no part of his body except his head. Almost by a miracle his life was spared. He was so despondent that he hoped death would follow; he wanted to kill himself, but this wasn't possible since he couldn't even move his arms to cause such a tragic end.

Carnegie

His wife and his friends devoted themselves to him, cheerfully, hopefully. The latest medical discoveries were applied. Gradually he improved a little. At the end of four months, he could move his arms, and his breathing muscles and torso were improved. Now he began to experience faint hope. He concentrated on gymnastics, massages, and the doctors' orders, though the most he could hope for was to be a paraplegic the rest of his life.

Then he began reading, and he derived strength from a sentence of John Milton, who was blind: "It is not miserable to be blind, it is only miserable not to be able to endure blindness." Next he read something in a book that gave him hope in suggesting that he live for the day only. That helped wonderfully, for he found he could get something out of each day.

Then he asked himself what was the worst thing about being a permanent paraplegic. Well, the worst thing would be a negative attitude toward it, thus making others suffer with him. He could do something about that. His thoughts began to clear, worry and fear decreased.

From that time on, his physical improvement became very noticeable; his mental attitude became more and more hopeful. Today definitely Mr. Sampaio is in a position to carry on in work which interests him. His wife and friends think he is like a different man from the one they started working with a year and a half ago, when the doctors were almost ready to give him up.

Local Students Graduate Feb. 6

Two students from Plymouth will be graduated from Western Michigan college in Kalamazoo this Saturday, February 4.

They are Kenneth J. Robbe, who will receive a bachelor of science degree and a state secondary provisional certificate, and Loren Paul Zimmerman, who will receive a certificate upon completion of a terminal course in auto mechanics.

Zimmerman, a graduate of Plymouth High school, has been studying at Western Michigan for three and a half years. While at college he organized the Industrial Technicians society and became its first president. He served in the Mediterranean area with the Navy during World War II. He is the son of Mr. and Mrs. Loren Zimmerman of 730 South Harvey street.

Why Should a Dollar's Worth of Travel Continue to Cost You \$1.15?

IS THIS TRIP NECESSARY? you were asked in 1941, when every inch of space was needed for troops and war supplies. To discourage travel then, a tax was added on your travel dollar, a tax that grew to 15% during the war. The Federal Government collected it through the railroads. The Government still collects it, though your travel need not be rationed now.

Today, the original purpose of this tax is as obsolete as an Air Warden's helmet. But, four years after the war's end, YOU are still paying the Government at the rate of \$250,000,000 a year in travel tax.

And, of the billion and three quarters collected since 1941, over half came out of your pocket after the green light on travel went on again.

You don't have food rationing today... you don't have gasoline rationing today. Yet, a very real brake is still being put on travel. On a coach trip from New York to Chicago, for example, YOU are still paying \$4.61 in Federal tax.

And the same with the goods that are shipped to your home community. On every dollar you pay for freight, you pay the Government an extra 3 cents (4¢ a ton on coal). That means YOU are still paying over \$300,000,000 a year —freight tax alone.

This tax should be repealed NOW. There is no longer any reason you should pay \$1.15 for every dollar's worth of travel... \$1.03 for every dollar of railroad freight.

Down Under The Florida Palm Trees With The Mail's Roving Wolverine

Believe it or not—there isn't the slightest doubt but what television has been an important factor in the tourist business slump that Florida has experienced during the present winter.

High federal taxation, a general fear of the Washington administration and a somewhat slackening off in business may have had something to do with the drop in tourist business—but there is direct evidence that television has been a major factor.

Surprising as it may seem, it appears that thousands of people who have always made winter vacations a part of their routine, now find the delights of television in their homes much more desirable than a few weeks in the Florida sunshine.

A resident of Philadelphia the other day said he hesitated considerably about coming to Florida this year because he would miss his evening television programs. He has been a regular Florida visitor during the winters for more than 20 years.

His present Florida vacation is being cut short so he and his wife can get home to their regular evening television entertainment.

While we enjoy the sunshine and the warm weather here, it does not appeal to us as it did before the advent of television. This amazing new invention, I believe, has not only hurt the tourist business, but it has resulted in the curtailment of service station business back in Philadelphia during the evening hours.

The operator of a large service station in the part of the city in which I live, said recently that television was directly responsible for the decrease of his evening gas business.

A resident of an Ohio city located near Cleveland had about the same thing to say. In fact he declared that some of his friends back home were not taking a winter vacation because they enjoyed television so much.

While there is a television station in Miami, there is no direct channel to New York and its programs are almost entirely local, with recordings. It will be some years before this area will be able to have direct connections with New York television stations.

Dr. and Mrs. Alden E. Van Ornum and son, David, of Plymouth, with Mr. and Mrs. George Ratz of Brighton, are guests of Mr. and Mrs. Elmer Smith of Northville at their winter home in Fort Lauderdale. The visitors expect to spend about ten days or two weeks in the Florida sunshine.

Sat next to a Texas visitor at a Rotary club meeting the other day. He said the early winter freeze in Texas was so severe that a very large percent of all of the citrus orchards in the southwestern section of that state had been killed.

Have often wondered what happens to the thousands of doves that live throughout the year in Miami parks and along its palm tree lined streets when one of the seasonal hurricanes strikes down here.

Michigan is not the only place in the country having labor troubles. Down here in Miami some "pork choppers" came over from Miami Beach and tried to organize the workers of one of the big cafeterias.

The nearly 200 employees didn't want to join—so a poisonous snake was turned loose in the place and other depredations committed in an effort to force action.

Better let an article from one of the Miami newspapers tell you about it. The article follows: "Circuit Judge Marshall C. Wisheart Friday enjoined picketing at the Davis cafeteria, 54 SE First St., the Davis Colonial Cafeteria, 124 SE First Ave., and the Davis Buffet, 111 NE Third Ave., because working employees charged that the pickets were coercing and frightening them."

TWO-WAY STRETCH that's strictly inside stuff! LOOK! Whap-around rear window and top-side styling in the Riviera manner. Here's the new 1950 Buick Super 126, companion body-type to the equally new Roadmaster 130. Both are shorter than last year's 4-door Sedans—yet 4 inches longer in wheelbase. In both, the difference is used to give you real stretch-out room in the rear seat. What the boys did here really calls for some medals. We gave them the job of coming up with something that was bigger inside—for room and comfort—longer in wheelbase—always important to good riding qualities—yet unbulky and easy-handling in over-all dimensions. Just look how well this tidy number meets these "impossible" specifications! Item one—rear-seat cushions are a full foot wider than last year's SUPERS and ROADMASTERS. Item two—in every dimension—leg-room, head-room, hip-room, shoulder-room—this rear-seat compartment is bigger than previous models—and nearly four inches longer, fore and aft, than other 1950 Buick interiors. Item three—wheelbases are the longest of our 1950 line. On the SUPER, it is 125 1/2" instead of 121 1/2"—on the ROADMASTER 130, it is 126 1/2" instead of 126". Yet—and here's where the magic comes in—the whole car is shorter over-all. Actually less from bumper to bumper than previous Buicks in these series. That means easier parking, easier tucking away in family garages, easier maneuvering in crowded traffic. There are some other things too: An extra rear-quarter window not found in standard 4-door Sedans. A different upperstructure styling that makes this body-type stand out as something pretty special. Even special names that let you say, "I drive a SUPER 126" or "Mine's a ROADMASTER 130," just by way of being different. You're going to like that—as you'll see by calling on your own Buick dealer. If he doesn't have one on hand, he can get it pretty promptly—and at a price and on a deal you'll have trouble matching, much less beating, anywhere else. See him now, will you—about placing an order? Features like these mean BUICK'S THE BUY HIGHER-COMPRESSION Fireball valve-in-head power in three engines, five hp ratings. Roger Babson Says...

Babson Discusses Insurance Stocks

Many letters have come to me asking that I suggest an investment which combines: (1) proper diversification; (2) an inflation hedge based upon low cost compared with liquidating value; (3) a fair interest yield, and (4) freedom from labor troubles. This last is very important. After considerable thought, I recommend stocks of good long established fire insurance companies, and herewith are my reasons. Any of these stocks can be purchased through your local bank.

Diversification and Inflation

Hedges. Insurance companies are actually well diversified and balanced "investment trusts" with a second source of earnings from the insurance business. This second source will often produce as much income as the stocks and bonds which the company owns. Furthermore, the purchasers of this form of investment trust should receive more income—and certainly more security—than by the direct purchase of most securities. For instance, the Home Insurance Company, the stock of which sells at \$35 a share, has invested assets of \$60 a share.

2. Fire insurance stocks are selling at a low ratio to liquidating value. To take the case of the Home Insurance Company again as an example, it is selling at about 85 per cent of its current liquidating value. Since 1935 the average annual range for all fire insurance companies has been less than the liquidating value. As most fire insurance companies have a portfolio of good common stocks, they should be a fair inflation hedge.

Dividend Outlook and Cycles

3. Generally dividends on fire insurance stocks gradually increase. The ratio of dividends paid to investment income received is below the normal average for other classes of stocks. This shows conservative management. The leveling off of premiums will stop the drain on surplus and permit greater dividends. Increasing dividends should cause increasing market prices.

4. There are cycles in the insurance business. The cycle now is that of a period of good earnings, which give a yield between 4 and 5 per cent although a large part of the assets are in Government Bonds. Perhaps never before in history has property been so nearly insured to full value. The rates are not ordinarily reduced until five-year-average results demonstrate them to be too high. When rates again begin to be reduced and/or fire losses increase, dividends and prices of fire insurance stocks may again decline for a period.

Small Labor Expense

5. A period of labor troubles—such as we are witnessing today—should direct attention to the advantage of insurance company stocks. The cost of labor for the insurance industry is around 10 per cent of the volume of business. This compares with a labor cost of from 50 to 50 per cent in most industries. This gives a great advantage to fire insurance companies.

Any increased labor costs go

into the expenses and are taken into consideration in the fixing of rates as well as in the payment of taxes. If drastic labor trouble should occur, this type of company, having a small investment in plant, can be moved to a new locality. But the percentage of labor cost is so small, this is seldom necessary.

Selecting a Stock to Buy

I use the Home as an illustration because it is the largest in the United States in total admitted assets and in premiums written, although only the fourth in policyholders surplus. I happen to be a director and have great confidence in its President, Harold V. Smith. Also, there are other good companies such as the Great American, American of Newark, Firemen's of Newark, Aetna, National Fire, Continental, Fidelity-Phenix, Insurance Company of North America, Springfield Fire & Marine.

If you are ultra-conservative, buy some stock in all ten companies. Then you should have the best possible combination of safety and income. Another suggestion is that you look at your insurance policies. If you find one of the above ten, then buy some stock in that company. If it is good enough for you to insure in, it should be good enough for you to invest in. The business of an insurance company is probably the most Christian of all businesses. It is based 100 per cent upon the principle that those who escape fire, accident and other troubles, all unite to help the one who has an unfortunate loss.

Joan Davis smokes a pipe for the first—and what she hopes is the last—time, for a scene in Columbia's "The Travelling Saleswoman"... The comedienne gets involved with a wild tribe of Apache Indians in the comedy and as a gesture of friendliness has to take deep drag on a peace pipe... Each time the actress tried to inhale and exhale, the flame died down... They tried it five times before the pipe worked smoothly and at the scene's conclusion Joan looked a little green around the gills... "I felt like a glass blower," she said. "Next time I make peace with anybody on the screen, I hope it's over a table, not a clogged pipe."

PLATTER CHATTER

CAPPOL: One of the snappiest numbers in recent years and one that ought to be a smash hit is "They Talk a Different Language," or better known as the "Kodol Blues"... Johnny Mercer, who wrote it, performs it with Jo Stafford in a swingy arrangement that old and young alike will love... "It's Great to Be Alive," will back it.

Clark Dennis does a beautiful rendition of the stirring "Lord's Prayer," with "The End of a Perfect Day" on the reverse... And Kay Starr hits with a torchy dittie, "Game of Broken Hearts"... "Tell Me How Long the 'Kaleidoscope' is on the Lip."
