

YOU ARE A CAPITALIST IF YOU OWN A HAMMER.

Somewhere a while ago there appeared in some publication a brief editorial paragraph as to what are the qualifications of a capitalist.

It contained so much common sense and is so easily understood that we thought we would pass it on to the readers of this column. It follows:

"You paid money for it because you can drive more nails with it in a day (and drive them better) than you can with a rock or the heel of your shoe. You saved money and invested it in the hammer because with the hammer you could produce more—your time would be more productive, that is, more valuable.

"That's what capital is and that's what it is for. Now, suppose you hire a man to do repairs around your house. If he drives nails with a rock he won't get much repairing done in a day so you can't afford to pay him much. So you provide him with your hammer; he drives more nails and drives them straighter; he gets a lot more repairing done; so you can afford to pay him more.

"That's exactly how capital works in industry. Millions of people save some of their money instead of spending it all on themselves. They pool these savings and buy a factory and machines. Workers use the machines to produce more and so make themselves worth more.

"But they must produce enough to pay their own higher wages and a small wage to the owners of the machine—what is known as profit. Otherwise, why should savers invest in machines? With no return, they would spend their money like everyone else, and workers would go back to driving nails with rocks—and the low wages which that sort of production pays.

"That's why workers should be just as much interested in making a profit for their company as in making high wages for themselves. No profit—no wages."

HOW LEFT WINGERS OPERATE.

We've heard a lot in recent weeks about what a terrible thing it is for law enforcing officials to tap telephone wires in order to find out who is trying to blow up our government, who is plotting against its officials and who would destroy the very existence of this nation.

Much has been made because the FBI has deemed it advisable, apparently, to do a bit of wire-tapping in order to catch some of the crooks operating in Washington.

Because there are people who rightly worry about a police state—and that includes most of us—the left-wingers have played to the limit the fact that the FBI has used wire-tapping, and for that reason, we live now in a police state.

So the position of the FBI should be clearly understood. First of all, as J. Edgar Hoover has pointed out, wire tapping is not carried on a wholesale scale, as the left-wing comrac would have us believe. It is authorized only in cases of the gravest kind, involving espionage, sabotage and kidnapping. In such cases, it is often the only possible means of developing evidence.

Moreover, as Mr. Hoover also said, the FBI does not make policy in this or anything else. It follows policies laid down by its superiors in the government. The policy of wire tapping was set by the late President Roosevelt in 1940. In each case when the use of a wire tap is under consideration, the authorization of the Attorney General must be obtained before the tap can be utilized by the FBI.

This policy was followed by Attorney Generals Biddle, Jackson and Clark. The latter two are now justices of the Supreme Court. And the policy has been reiterated by the present Attorney General, Mr. McGrath.

According to Mr. Hoover, "The FBI has less than 170 telephone taps in existence, confined to internal security cases, throughout the entire United States and its possessions." The tap, in other words, is employed only in extremely serious cases, which definitely affect the national security, and then only on the authorization of the highest legal officer of the Executive branch of the government.

PLAYING FOXY WITH STATE FUNDS.

Guy Jenkins, able Lansing correspondent for the Booth newspapers of Michigan, who knows more about state finances than all of the present state officials put together—and that includes both Republicans and Democrats—very clearly presented to the readers of the Booth papers the other day the scheme that the present Governor would put over on the people of the state in order to get more money for road construction.

The Governor would take \$18,500,000 out of the general fund—a fund that is now overdrawn by something like \$90,000,000. As you know, the general fund derives its revenue chiefly from the tax you pay on groceries, clothing and other living necessities.

Says Mr. Jenkins about the scheme: "Reaching for the political support of county road commissions, equipment salesmen, road builders and other spenders, Gov. Williams will ask the Legislature for a general fund appropriation of \$18,500,000 for highway purposes. It would be used for matching purposes.

"Rural Michigan would be required to add another \$8,000,000 to \$10,000,000 in taxes on real property for road purposes if it is to participate.

"Within the governor's brain trust circle, he is being credited with one of his smartest political moves.

"He says 'no' to any increases in the gasoline or weight tax levies. This \$18,500,000 of which he speaks is to come from a levy on corporation incomes.

"Williams is against an out-in-the-open increase in consumer's taxes. He plunks for a consumer's tax hidden in the corporation levy.

"Through his Department of Administration, he has built up a \$90,000,000 deficit as of June 30, 1951. To this he now adds another \$18,500,000.

"The governor wants the program of the Michigan Good Roads Federation, sans the weight and gasoline tax hikes which would have approached the \$30,000,000 mark.

"The federation proposed that, in addition to the weight and gasoline tax increases, the present real property tax for roads in cities be continued. It ranges from \$8,000,000 to \$10,000,000 annually.

"The federation program would credit motor vehicle revenues to a general highway fund of which 44 per cent would go to the State Highway Department, 37 per cent to the 83 county road commissioners, and 19 per cent to cities and villages.

"Another feature would be the repeal of the provision of the current law which requires the state to spend 25 per cent of its construction funds north of the Straits of Mackinac, 25 per cent north of Town Line 16, leaving 50 per cent for construction south of Line 16. Town Line 16 is an east-west line through the city of Clare.

"So far, the governor has been unable to win favor from the Republican dominated tax committees of the Legislature for a levy on corporation income.

"The governor's fiscal advisers say a one per cent corporation tax levy would produce about \$18,000,000, based on 1949 reports. To add another \$109,000,000 of revenues which the administration wants to spend next year, the levy would have to be six per cent."

C of C Starts New Projects, Drive For Membership

Starting March 20, the Plymouth Chamber of Commerce will launch its membership drive for 1950. Members of the membership committee have organized into teams and will solicit those who have not subscribed thus far this year.

Walter Rensel is chairman of the committee which includes Robert Beyer, Carl Shear, Elmer Zuckerman, Paul Wiedman, Ray Barber, Frank Allison and William Wood. The Chamber of Commerce strives to be beneficial to all parts of the community in its endeavors to make the motto "Where Business, Industry and Community Cooperate," a reality.

Some of the activities of the Chamber for 1949 and for the present year are summarized in the report from Chamber of Commerce Secretary George A. Smith. During 1949 the solicitations resolution was adopted and was re-adopted this year. This resolution provides authorization by the Chamber of groups soliciting funds from business men, and stipulates the approximate amount which should be donated.

In the last year the Chamber secured the building of 200 new homes, and also worked for the cooperation of Plymouth churches in the Christmas decorations in the community. Bert Giles and his committee will continue their city decoration work at Christmastime. The Fourth of (Continued on page 6)

MRA Officials Visit Kiwanis

Plymouth Kiwanians heard all about the Michigan Racing association and the plans that the association has for the operation of the new track they are now building in Livonia. Through the efforts of Earl Demel, three officials of the association visited the club at its regular meeting last Tuesday night.

Those that came to Plymouth were Dale Shaefter, president of the MRA and owner of the famous Cold Stream breeding farm at Lexington, Kentucky that boasts some of the finest horse flesh in America; Al Weil, general manager of the Wolverine Trotting association, and Robert Leavitt, general manager of the new Livonia track.

Actual arrangements for the program were made for Demel by Ray Carroll of Northville. Kiwanians were informed of the immensity of the project nearing completion on the corner of Middlebelt and Schoolcraft roads and heard a projection of the plans that the MRA has for the future.

C of C Committee Acts on Parking

In an effort to improve business parking facilities, Ray Williams, president of the Chamber of Commerce, has appointed a committee on parking development.

The committee representing the Chamber includes Paul Wiedman, Paul Ramsdell, Patrick McGuire and Clarence Moore. This group will consult and work with the City Planning commission and members of the city commission on the development of proposed Fralick avenue parking areas.

Couple Denies Winchell Report

Walter Winchell, in his column March 13 in the Detroit Times, told of the recent surprise marriage of C. Douglas Huebler, son of Mr. and Mrs. Charles Huebler of Berry road, to Mildred Mayo, daughter of Dr. Mayo of the famous Minnesota clinic.

The Plymouth Hueblers stated that though the young couple have known each other for quite some time, the family did not know of any immediate wedding plans. Charles Huebler informed The Mail that he talked to his son in New York Tuesday evening and that Douglas denied the Winchell report that he had married Miss Mayo. He did say, however, that their future plans might include a wedding.

Issues 8500 License Plates Before Deadline

Over 8,500 license plates were issued by March 1, it was announced by Frank Rambo of the local license plate office. This is the largest number of licenses ever issued in Plymouth. Many are still being issued to those who did not meet the deadline.

Early Results of Red Cross Fund Campaign Encouraging

As the mercury climbs, so does the indicator on the Red Cross thermometer in the park on Main street, showing the ready response to requests for donations to the 1950 Red Cross fund raising campaign.

Results of the first two days of fund raising indicate that Plymouth residents and businessmen are willing to give their cooperation to aid this worthwhile cause. Contributions may be sent by mail to either Ernie Henry, campaign chairman, or Ray Williams, treasurer.

Community Fund Aids Nurses...

Mrs. Nora Stage, Plymouth visiting nurse, receives check from Carvel Bentley, president of the local Community Fund, to insure services of the Visiting Nurse association in Plymouth township during the year 1950. This is one of the many projects aided by the Community Fund.

Community Fund Aids Services of Visiting Nurses

During the year 1949 the visiting nurse made 633 visits to the homes in the Plymouth area. For those unable to pay for these services the cost was underwritten by the Community Fund. The Visiting Nurse association is again this year being supported, as are seven other agencies, by local citizens' contributions last fall to the Plymouth Community Fund. Plymouth is one of 30 townships or areas in Wayne county that are fortunate to be able to secure the services of such a splendid organization.

Local Tenor Makes Hit on Arthur Godfrey T-V Show

Almost every television set in the city and most radios were tuned to the Arthur Godfrey show last Monday night to see and hear Plymouthite Fred Kendall get one of the greatest audience ovations ever given on the show. Offered to the Godfrey show by Ron Gamble as a talent scout of radio station WJR, Kendall was introduced as one of America's most promising young tenors.

There was no question about his winning the contest when the audience began to applaud loudly for him long before he finished his song. In the final judging the applause indicator soared as far to the right as it could without breaking, giving him one of the most decisive victories ever awarded on the show.

Kendall resides with his wife and daughter, Lynn, at 253 Blanche street, and has long been a featured tenor on an hour program every afternoon on the Detroit radio station. He has appeared in Plymouth with the symphony orchestra and has sung at various other local gatherings.

Two weeks ago he flew to New York for an audition with Archie Bliar, leader of the Godfrey band and it was Bliar that suggested he sing "Little Bit of Heaven" on the show. He was informed at that time that he had been accepted for the program and would be given about a three day notice on which future program he would appear. Program arranging is all done by the orchestra leader and when he finds he has four contestants that make a good show together he notifies them that they are to appear on a particular Monday night.

After the program was over, radio station WJR's telephone switch board was plugged with calls from well wishers as was Mr. Godfrey's New York and Mr. Kendall's home phone here. He will remain in New York the rest of this week to appear on the daily Godfrey shows.

In a phone conversation with Mrs. Kendall Tuesday evening, Mr. Kendall said he had been deluged with requests to appear in New York. Arthur Godfrey is trying to keep him on his Friday program this week since it is St. Patrick's Day and he has been invited to appear at the Waldorf Astoria hotel Friday evening.

A telephone call from Harry Wismer, manager of station WJR, informed Mr. Kendall that on his return to Detroit he would soon be featured on his own radio show at that station. He will in all probability return to Plymouth sometime Saturday, according to Mrs. Kendall since he has committed himself to sing at St. Paul's Cathedral in Detroit this Sunday.

Easter Seal Fund Drive Ends April 9 With \$12,000 Goal

Any door to door or telephone solicitation that purports to benefit the Easter Seal drive is entirely unauthorized, according to Russell Daane, Easter Seal drive chairman in Plymouth.

Most of the Easter Seal letters were delivered last week, carrying the message of the society asking support of its services to 1,300 handicapped children in the Wayne Out-County area.

The campaign for funds will continue through until Easter Sunday, April 9, with a goal of \$12,000 to be reached in that time.

"Let's not deny a single crippled child the full benefits of professional care so that he may have the happy life that is the birthright of every child," was the appeal of Mr. Daane. "Let's give and give generously so that we may not only maintain our present services but expand them to care for all of the crippled who have need of them and add other services just as badly needed."

Daane and Robert Wiloughby of Plymouth were recently elected to the board of directors of the Wayne Out-County chapter of the Michigan Society for Crippled Children and Adults.

Results... Read This..

A spot check of the classified section of the Plymouth Mail revealed some startling results for the advertisers last week. The items listed are factual and names of the advertisers will be furnished on request. Read what want ads did for them and think twice when you need help selling, buying, renting or offering any kind of a service.

Of four apartments offered for rent two were rented on the weekend. This is a list of some of the larger items sold through the Mail classified columns last week. Three houses, two in Plymouth and one in Wayne. A 1940 Ford was sold for cash. A double oak leather belt, baled timothy and alfalfa hay, a davenport in Northville, a Kelvinator refrigerator, a Thor portable ironer in Livonia, a Gibson refrigerator, a baby bed and a folding baby buggy.

Six homes were advertised for rent in the same issue and none were rented although all had numerous calls about their houses. Each said they didn't rent their houses because possible renters thought the rents too high.

Advertising in the classified columns pays big dividends. Have you tried them?

Local Boys Given League Honors

by Al Larson

Although Plymouth did not win the Suburban 6B league basketball crown, they placed two players on the first team of the all-league squad, who were Alan Finney and Dick Fenton.

Fenton Finney

Tom Potts of Belleville tied with Fenton for the all-league guard position and they are both to be recognized on the first five. Fenton was honored on the Detroit Times all-league team while Potts was not.

Others of the first five were Don Mexicotte of Trenton who racked up 118 points for Trenton in league play for an average of 17 points per game. Mexicotte missed three league games because of an injury, which kept the Trojans out of the running for league honors.

Cedric Dempsey of the Wayne Zebras was selected by every vote, as was Mexicotte, for the dream team. Dempsey netted 51 points in two games against Plymouth for an average of better than 25 points per game. He came within six points of breaking the league scoring record when he dropped in 32 points against Plymouth.

Another lad picked on the first five by every vote was Ron McComis of Redford Union. McComis led his team to the Suburban B championship, scoring 140 points for an average of 10 per game, which included non-league contests.

Al Finney, Rock cager who made the team, rated fourth in the selection of players. Finney scored his most points against Wayne when he dropped in 27 points. "Little Al" racked up 83 points in eight league games for an average of 10.7 per game.

Playing with a team that lost all 10 of their league games, Tom Potts of Belleville was selected to the all-league first team along with Dick Fenton of Plymouth. Potts rolled up 157 points in 14 games this season for an average of 11 per game.

Dick Fenton who was not

known so much for his scoring feats tied with Potts for the first five on the quintet. Fenton, playing guard, totaled 120 points all season for the Rocks, giving him an average of nine per tilt.

Dempsey and McComis were the only two repeaters from last year's all-league team, which proves their consistency.

FIRST TEAM

Don Mexicotte, senior, Trenton Trojans. Al Finney, junior, Plymouth Rocks. Cedric Dempsey, senior, Wayne Zebras. Ron McComis, senior, Redford Union Panthers. Dick Fenton, senior, Plymouth Rocks.

SECOND TEAM

Tom Fairbanks, junior, Redford Union Panthers. Jim Clark, senior, Wayne Zebras. Fritz Kessler, junior, Ypsilanti Braves. Larry Batterson, senior, Ypsilanti Braves. Tom Potts, senior, Belleville Tigers.

Honorable mention: Keating, Redford Union; Pega, Wayne; Lowe, Trenton; Hall, Ypsilanti; Reitzel, Ply.; Senese, Trenton; Martin, Trenton; Rogalle, Belleville; Welytk, Redford Union; Arndt, Wayne; Schaffer, Ypsilanti.

Continue Display of Chinchillas in Bank Lobby

The chinchilla, the most precious and fabulous of all furbearers has once again proven its allure.

The two little animals loaned by Allied Distributors, Inc., fur animal sales organization, have been residents of the lobby of the Plymouth United Savings bank for the past week and their popularity has so far exceeded all expectations that Mr. and Mrs. Fred Bacon of Joy road, who were instrumental in securing these fascinating animals for the exhibit, have agreed to extend their stay another week. The chinchilla exhibit is the first of a series of hobbies that will be shown by the bank.

Twelve groups of Plymouth school children have visited the bank lobby to wonder and exclaim over the exquisitely soft coats worn by these South American beauties. The Livonia school children are scheduled to make their visit during this week. Adults too, have shown great interest in seeing these animals.

The scarcity of high-quality breeding stock prohibits pelting except of casualties and deaths from old age. These pelts sell for \$50 to \$150 (correction of last week's issue of The Plymouth Mail stating price of \$750.)

Chinchilla fur has remained the most costly and rarest of furs since the Spaniards first found the little animals high in the Andes, in the 16th century. Chinchilla robes were worn by the Indian Inca royalty and the Spaniards, in conquering the Indians, fell in love with the lustrous, blue-gray fur. They sent these robes to the Spanish court and instantly a clamor for chinchilla fur spread over all of Europe and the wholesale slaughter of chinchillas was necessary to satisfy the demand which continued for almost four centuries until the wild supply was all but extinct.

In 1917, the governments of Chile, Peru and Bolivia placed an embargo on all chinchilla pelts and animals. With their permission and at great expense and four years searching and labor, 11 animals were trapped and brought to California.

In 27 years, these animals have grown to 50,000 and are being raised in every state in the Union and even in Canada. Of this number only 15 or 20 per cent will "score" in the highest bracket of fur quality and far sighted American chinchilla breeders have united in organizing the Chinchilla association of America which refuses to accept for registration any chinchilla which does not score a minimum of 82 points. This high standard will insure the future of the industry and preservation of the best in fur.

Mr. and Mrs. Bacon organized the Southern Michigan Affiliate club of this association and met with enthusiastic response and cooperation from quality conscious breeders in this area. Chinchillas are tattooed and registered so theft of animals or pelts is profitless and unknown.

JCC Auxiliary Sponsors Talks on Food Sanitation

The public is invited to hear a lecture on "Food Sanitation at Home and Abroad" by Morton S. Hilbert, director of engineering and sanitation for the Wayne County Health department, to be given tonight at 8 p.m. in the dining room of St. Paul's Episcopal church.

The lecture is on the program of the dinner meeting of the Junior Chamber of Commerce auxiliary. Hostesses for the evening are Mrs. Charles Wolfe, Mrs. Ray Danol, Mrs. Don Rank and Mrs. Wayne Marzoff.

Funeral Today For Reed Child

Mary Ann Reed, the two and a half year old daughter of Mr. and Mrs. Marilyn H. Reed, of 34550 Beacon road, Livonia, passed away early Tuesday morning, March 14.

Besides her parents she is survived by her brother, Larry; and her sister, Susan Elizabeth; her grandparents, Mr. and Mrs. Harry Reed of Plymouth, and Mr. and Mrs. Vern Millot of St. Louis, Missouri; her aunts and uncles, Mr. and Mrs. Thomas Millot and Mr. and Mrs. Charles Butler, all of St. Louis, Missouri.

Mary Ann was brought to the Schrader Funeral home, Plymouth, where funeral services will be held this morning at 9:30 o'clock from St. Michael's church in Rosedale Gardens, with the Rev. Albert Zinger officiating. Interment will be in Holy Sepulchre cemetery.

Lecture Recital to be Held Sunday

A lecture recital given by John Elwell, assistant professor in the department of music at Michigan State Normal college, will be presented by the student group of the Plymouth Symphony society March 19 at 3:30 p.m.

Parents and the general public are invited to attend. Miss Joyce Carson is chairman of the tea following the lecture. Elwell has his master's degree in music from the University of Michigan and is serving his fifth year on the faculty of the National Music Camp at Interlochen.

Elwell has had many years of music teaching experience in Michigan and at the present time he is director of music at the First Baptist church in Ypsilanti. He will illustrate his lecture with songs.

Give City Report on Work During Coal Emergency

A report on the activities of the several departments of the city which cooperated during the recent coal shortage emergency has been issued by Police Chief Lee Sackett, who coordinated the work of the departments.

Following a meeting called by the city commission with the local coal dealers, it was agreed that all coal deliveries would be cleared through the city hall. Fire Chief Robert McAllister okayed all orders after they had been investigated by volunteer firemen. Coal dealers agreed to deliver, regardless of cost to them, as little as 1/2 to 3/4 of a ton of coal.

Captain Lee Gaeke and his crew cut wood from the Hough woods for those who could use wood for heating. Girls at the city hall took care of the heavy load of calls that came in from those in need of coal, and from those who had excess coal which they offered for emergency use.

Chief Sackett also stated in his report that business men in the area gave excellent cooperation during the emergency. Many cut down the heat in their stores and offices in order to conserve coal, and some closed down completely. Many churches cancelled their weekly meetings.

Donald S. Leonard, state fuel administrator, listed the following classifications in the order of priority for coal deliveries: domestic consumers, hospitals and institutions for the sick and aged, refrigeration plants processing food supplies, dairies, penal institutions, essential public offices, hotels and restaurants, public utilities, garbage disposal plants, commercial bakeries, newspapers and radio stations, and other places where failure to supply coal would endanger the health of the community.

Cards of Thanks 27

(Continued from page 5)

I wish to thank my Plymouth friends and neighbors, Myron Beals Auxiliary No. 32, the Lady Macabees and members of the Methodist church and relatives for the messages of cheer, gifts and prayers for my well being. Mrs. Ruby T. Parchert 27-1tc

I wish to express deep appreciation to all my friends, Pythian Lodge and the Methodist church for cards, flowers and calls sent me during my illness. Kenyon A. Olds 27-1tp

The family of Louis V. West wish to express their sincere thanks to their friends and neighbors for the beautiful cards, flowers and many considerations shown them during their bereavement. 27-1tc

Mr. George-Gottschalk extends his warmest "Thanx You's" to his friends and relatives for the cards, flowers and fruits they sent while at the Plymouth hospital. Now that he is home he is enjoying the many visits from his friends and relatives. 27-1tp

In Memoriam 28

In loving memory of our husband and father, Hal P. Wilson, who left us on March 18, 1944. Deeply missed by his wife and daughters. 28-1tp

In loving memory of Roy E. Felt who passed away March 18, 1947. Sadly missed by son Kenneth and wife Neoma. 28-1tp

In loving memory of Dorothy Besse who passed away four years ago, March 14, 1946. "I have no picture of my friend

No silver frame to hold it fast; Only an image in my heart That for a lifetime through will last." Lucille 28-1tp

In memory of my beloved husband, James R. Elliott, who passed away three years ago, March 21. I have lost my soul companion in life linked with my own. Day by day I miss him more as I walk through life alone. Only those who have had such can know of the silent heartache, can tell of the grief that is borne in silence for one they loved so well. Oh what would I give to clasp your hand, your dear kind face to see your loving smile your welcome voice that meant so much to me. Our lips cannot tell how we miss you or what to say. God alone knows how we miss you in a home that is lonesome today. Your wife and children. 28-1tp

C of C Starts New Projects, Drive For Membership

(Continued from page 1) July Homecoming celebration is sponsored each year by the Chamber, as is the Halloween program.

The need for more homes is again this year a primary project of the Chamber. About 300 homes are needed. Dan Mills, head of the local builders association, will be able to build about 50 homes and the community has in prospect about 75 additional, leaving 175 homes necessary to meet the minimum need.

Other projects to be carried out this year includes the surveying of the possibility of having better buyer-seller relationships between the farmers around Plymouth and the people in Plymouth. The merchant's committee, under Chairman Jim Houk, has successfully conducted a clearance sale in January of this year, and also directed the recent outstanding Dollar Days in Plymouth.

The hospital committee, headed by Robert Madsen, is in the process of making a survey to determine the possibility and desirability of financing and constructing a hospital for the area. Another special committee of the Chamber of Commerce is offering its cooperation with the city in endeavoring to find a solution to the parking problem. In conclusion, the report states that "The desirability of aiding in the above projects cannot be questioned and whether improvements such as sewers, which are needed for increasing housing, can be obtained at this time is a case of balancing our needs against our ability to finance. The Chamber of Commerce hopes by survey to cause the public to become fully aware of the needs and then rest upon their decision as to how many of these needs can be satisfied."

State Legion to Hold Conference

Continuing its regular program designed to promote the interest of all citizens, American Legion leaders in Michigan will gather at the annual spring conference in Detroit March 18 and 19. Commander Ivan Campbell of the local Passage Gayde Post 391 will attend.

Voiture No. 102 of the 40 and 8 society will hold its annual initiation March 18 with a banquet and a dance at the Book Cadillac hotel. Department Commander Jerry Barr of Port Huron will preside at the conference.

Elks Win State Bowling Title

Members of the Elks bowling team were notified last weekend that they had won the state Elks bowling championship. The Plymouth team bowled some few weeks ago in Pontiac and only last week did all of the teams entered in the contest finish rolling for the event.

The local team, which is sponsored by the Cloverdale Dairy, collected an actual pin fall of 2896 pins. Members of the team are William Choffin, Lee Butler, Harvey Shaw, Burrill Bolin and Don Lightfoot.

Local Elks are entertaining the members of Detroit lodge number 34 this Saturday night at the Grange Hall after a bowling meet at Plymouth Recreation. All Elks are invited to attend.

Motion Picture For Ladies Night

(Continued from page 1) and justice outlined by the nation's founding fathers, and attempts to show with carefully selected flashbacks, America's growth from its humble origins to its present scale of living.

There are field and factory scenes, views of most of the large U. S. cities, national landmarks and historical shrines, including Plymouth Rock, Independence Hall, the green at Lexington, the nation's capital and Mt. Rushmore.

The film was secured for the program by Blunk's Inc, local representatives of the Kelvina-cop company. In addition to the film, George Mosley, secretary of the downtown branch of the Young Men's Christian association, will talk on the subject, "America to Me." A member of the Brant Masonic lodge of Brantford, Ontario, Mr. Mosley has spent considerable time in Canada and England.

Tickets for the event can be secured either at Blunk's or by phoning Godber Jackson at 1611-W.

Early Results of Red Cross Fund Campaign Encouraging

(Continued from page 1)

Triets Tuesday, the first day of soliciting. Proceeds from other areas had not yet been tabulated.

In the first two months of this year the Red Cross has aided 34,350 disaster victims in the mid-west and southwestern areas of the country. Thousands of those helped were as near by as the neighboring state of Illinois, where early floods drove them from their homes.

Red Cross workers aided in evacuating threatened areas and were quickly on hand with food, fuel, clothing and household furnishings.

"It is reassuring to know that wherever and whenever disaster strikes, the Red Cross stands ready to help," said Henry T. Ewald, chairman of the Detroit chapter. "It could happen in Michigan as well as Illinois or Arkansas. In fact, the first disaster relief work of the American Red Cross was on behalf of the victims of the Michigan forest fires back in 1881. The Red Cross is proud of its role as agent of the American people in carrying out these missions of mercy."

During the past year 26 disaster nurses have been recruited in Detroit for service outside the local area. They served in polio epidemics and other emergencies in Arizona, Texas, Arkansas, Iowa and Minnesota.

Dr. Charles R. Brassfield of the University of Michigan medical school, will give a talk on the "Phoenix Project" at the Plymouth University of Michigan club's annual dinner meeting in observance of the 113th birthday of the university.

The meeting will be held next Sunday, March 19 at 6 p.m. in the high school dining room. The election of members to the board of governors will also be held at this meeting. A pot luck dinner will be served by Mrs. David Mathers and her committee.

U of M Speaker on PTA Program

"Let Our Children Speak" will be the subject of the address to be given March 23 by Mrs. Belle Farley Murray to members of the Starkweather PTA at 7:30 p.m. at the school.

All are welcome to attend this interesting meeting. Members of the refreshment committee are Mrs. G. Shrake, Mrs. H. Shoemaker and Mrs. W. Statezni.

Mrs. Murray has been lecturer and consultant on family affairs for the University of Michigan extension service since 1941. She is widely known throughout the state for the many classes she has conducted for the extension service, in cooperation with the State Board of Control for Vocational Education, as well as for the many lectures she has given.

Prior to her connection with the University of Michigan, Mrs. Murray had taught at Highland Park High school, had given several courses on "The Family" for Wayne university, was director of religious education at Christ church, Cranbrook, for four years and was on the staff of Merrill-Palmer, Detroit, as specialist in parent education. She has also taught classes in psychology and personality to groups of various age levels for the YWCA.

A graduate of Michigan State college, where she majored in home economics, Mrs. Murray has done both undergraduate and graduate work at Merrill-Palmer school.

Present Annual Roller Skating Show at Arena

(Continued from page 1)

Eldora Best. Representing the younger set, little Judy Laury, 7, will do a special number in the act "Dollmakers Dream." Judy, who is a juvenile skating champ, is the daughter of Mr. and Mrs. Wallace Laury of Ann Arbor trail.

Many of the skaters in the show are amateurs and include both junior and senior skaters. Other Plymouth skaters who are members of the cast are: Marcia Woodworth, Sally Sowle, Pauline Sowle, Kay Jean Gorton, Phyllis French, Bob Kennedy, Barbara LaMay, George Eads, James Rollin and Barbara Shoemaker Daney.

FIRST CHURCH OF CHRIST, SCIENTIST. Sunday services at 10:30 a.m. Sunday school, 10:30 a.m. for pupils up to 20 years. "Matter" will be the subject of the Lesson-Sermon in all Christian Science churches throughout the world on Sunday, March 19. The Golden Text (Isaiah 40:8) is: "The grass withereth, the flower fadeth: but the word of our God shall stand for ever." Among the Bible citations is this passage, (I John 2:15,16): "Love not the world, neither the things that are in the world. If any man love the world, the love of the Father is not in him. For all that is in the world, the lust of the flesh, and the lust of the eyes, and the pride of life, is not of the Father, but is of the world." Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, include the following (p. 205): "When will the error of believing that there is life in matter, and that sin, sickness, and death are creations of God, be unmasked? When will it be understood that matter has neither intelligence, life, nor sensation, and that the opposite belief is the prolific source of all suffering?"

Nash sales growth since the war has been more than 4 times as great as that of the Automotive Industry as a whole...

WHY NASH?

Why Nash? Because Nash was first to mass-produce the Unitized, welded body-and-frame car that is more rigid, durable, safer and free of rattles.

Why Nash? Because today's Nash Airflyte cars by scientific wind-tunnel test have been proved to have 20.7% less air drag than the average of 10 other cars tested—with less wind-noise, less fuel cost.

Why Nash? Because Nash was first to attack the problem of rust by Bonderizing and by use of more durable baked enamels. Because today all sheet metal parts of a Nash Airflyte are many times more resistant to wear and fading.

Why Nash? Because today's Nash Airflytes offer more combined passenger and luggage space, dollar for dollar, than any other car.

Why Nash? Because Nash has been years ahead in the development of the car interior. First to have the curved, one-piece windshield on all models, Uniseap, and today the only car offering an Airliner Reclining Seat and Twin Beds.

Why Nash? Because Nash has consistently led in the power parade—builder of valve-in-head engines for a third of a century—a leader in high compression.

Because today Nash alone builds a valve-in-head engine of 7.3 to 1 ratio that utilizes regular gasoline.

Why Nash? Because Nash was first with automatically-controlled, pressurized heating and ventilation, probably the greatest single health, comfort and safety feature of the modern automobile.

Because today's Nash Weather Eye Conditioned Air System is still first in efficiency and in safety—with fresh, untainted air drawn from outside the engine.

Why Nash? Because Nash has been foremost in advocating greater gasoline mileage.

Because Nash is a big full-size car that delivers over 25 miles a gallon at average highway speed.

Recital Called Memorable Musical Occasion by Critic

by Grace Von Bergen

She closed this group with the Scherzo in C Sharp Minor by Chopin.

Her leanings seemed to be toward the spectacular types of music for the piano, but her rendition of the Chopin number impressed one even more for the influence of a subtle touch, which was happily followed by another Chopin number as an encore. These two numbers, plus the equally well-chosen closing compositions selected by Mr. Lazaroff, seemed extremely befitting the occasion, as a musical benediction on a Sunday afternoon spent in meditation amongst the best compositions of the masters.

For once, the members of the orchestra had an opportunity to form part of the audience and hear their star performers in recital. The auditorium was filled to capacity.

Mr. Lazaroff chose as the opening number a Sonata for Violin and Piano by Cesar Franck which is known to have been composed in 1886 and dedicated to the famous violinist, Eugene Ysaye. This piece contains many haunting lyrical qualities and performed by Mr. Lazaroff left an exquisite tonal impression. Especially so, were the harmonies in the beginning of the second movement of this sonata.

This was followed by Scherzo Tarantelle by Wieniawski; Slavonic Dance No. 3 in G Major by Dvorak-Kreisler; Banj and Fiddle by Kroll. He closed his portion of the program with Havanaise Opus 83 by Saint-Saens and offered as his encore, the familiar and well-loved Kreisler favorite, Caprice Viennois.

Mr. Lazaroff possesses an air of self-assurance which leaves no doubt in the mind of the listener, that here is a man who in his studies at home and abroad has measured up to the greatest artistic expectations. He has the serenity of Heifetz and the quality of tone of Francescatti if personal impressions may be allowed.

Miss Woods presented a group of sonatas by Scarlatti; the Rhapsody in E flat by Brahms; Valse Oubliee by Liszt; Dance of Spain by Iturbide; Fireworks by Debussy; Cat and The Mouse by Copland (a modern composition);

For once, the members of the orchestra had an opportunity to form part of the audience and hear their star performers in recital. The auditorium was filled to capacity.

Mr. David D. Wood appeared in the role of intermission speaker and one wonders what inspiration a new speaker can evoke after those of previous concerts. However, Mr. Wood was not lacking in this regard. And as far as the orchestra and the society is concerned, there never seems to be a dearth of ideas as something can be learned from every individual.

Mrs. Wood, in illustrating a point in her speech, remarked that she had overheard a youngster at a previous concert inform his parents "I heard the drum." Coming back to the recital issue, it is well to point out that the audiences in Plymouth do have in their midst very well behaved young listeners, and that these recitals do cultivate a desire to learn instruments appealing to the individuals.

The orchestra members were responsible for the tea which was held in the high school dining room. Mrs. Josef Lazaroff was assisted by Mrs. Fred Nelson at the tea table. Mrs. Roy Pursell was chairman being assisted by Christie Haller as receptionist, and the following: Mrs. Allan Campbell, Miss Joanne Pursell, Miss Doris Yoder, Mrs. George Barnes, Miss Sallie Jane Sorg and Bruce Campbell.

Ushers of the day were David Green, Dorothy Curtis and Gordon and Bruce Campbell.

OVER THE FIELDS AND FARTHER AWAY

For years, farm families have wanted to be able to call nearby towns where they deal and have friends—without paying toll charges. Michigan Bell's "extended area service" is designed to eliminate toll charges between certain towns which have developed a natural community of interest. Nearly 500,000 Michigan Bell customers in some 160 exchanges now enjoy this new service, and it's being extended to more areas every month.

THIS LITTLE PIGGY WENT TO MARKET

And the chances are, he was assisted in his journey by the telephone. For farmers find the telephone invaluable in checking the market, selling and ordering supplies. Every day the telephone saves valuable time that can be profitably devoted to the farm. Yet with all the help it gives... with all the comfort and convenience it brings... a telephone costs less than a half gallon of gasoline a day.

THE WORLD'S FAR CORNERS... IN YOUR HOME

If you were to visit the countries that provide all the materials that go into the various parts of your telephone, you'd be a world traveler. India for mica. Mexico for lead antimony. Brazil for caruba wax from palm leaves. Western Electric, the manufacturing and supply unit of the Bell System, searches the far corners of the world for materials to give you the best possible telephone equipment and service.

According to a recent study, noise is one of the biggest problems in the nation. Not only is it affecting the national cadrum, but it's making a lot of us jumpy than a nervous kangaroo. Fellows who work in boiler factories or clattering machine shops are apt to go home and make their wives and children walk on tiptoe, barefooted. At this rate we'll all be getting like Joseph Pulitzer, the publisher, who lived in sound-proofed rooms and couldn't stand the shock of a peanut being cracked. Before that happens there's one sound solution to the problems. Let's have quiet!

Your Police Department Speaks

Written by members of Plymouth's Police Department. "Noises and Gases Prohibited. Section 43. No motor vehicle operator shall run his motor with cutout open, or make any other unnecessary sound disturbances or operate a vehicle emitting from any source an unreasonable quantity of smoke, noxious gases or vapor. This shall prohibit the sounding of any warning device while the vehicle is not in motion, except when necessary to avoid accident." The above is quoted from the Traffic Ordinance and is being enforced. Most excessive noise nowadays comes from Holleywood mufflers, straight pipes, etc. and the fine can exceed the cost of the equipment. A citizen has suggested that the sale of such equipment be made unlawful—reasonable enough, and a very good suggestion.

First National Takes Men's League Playoff Championship

Downing the Detroit House of Correction on Wednesday, March 8, First National Bank took the Men's league playoff championship 54-47 at DeHoCo. The Bank had previously taken the Men's Basketball league championship and now they will represent Plymouth in the state Class B tournament.

Playing a close game all the way through the first quarter, the bank led at the end of the initial period 15-12. DeHoCo tightened up in the second stanza and held First National to nine points while they totaled the same.

First National opened up in the

third quarter and netted 18 points while DeHoCo dropped in only eight counters. This was the quarter that beat the Detroit House of Correction.

DeHoCo came to life in the last period and racked up 18 points to 12 counters for First National but they could not turn the tide of the game.

Sammy Slough of DeHoCo took scoring honors as he played one of his natural brilliant games and netted 21 points. Sammy collected 62 points in three playoff games for DeHoCo. Reinard Heininger and Charlie Förtner were high for First National with 14 points each.

Red Birds Down Gould's to Take Class D Basketball Playoffs

Edging out Gould's Cleaners on March 9, the Wayne County Training school Red Birds took the Class D playoff championship 28-26 in a hotly contested encounter.

The Red Birds took the lead in the initial period and held it throughout the game, although at times they led by only one point. Gould's tried desperately in the final minutes to over take the power of the basketball league, but they could not get those needed few points.

Carl Deace racked up 17 points for Gould's in a losing cause while Wade netted eight for the Red Birds and Charles Thompson seven.

Besides representing Plymouth in the tournament, the Red Birds also took the league championship, winning 10 straight ball games. Including the playoffs, the Red Birds boast a 13 game win-

ning streak. The Red Birds are coached by Clare Ebersole.

On March 7 Gould's Cleaners knocked the Bulldogs from the playoffs in a thrilling cage tilt 37-31, enabling them to enter the finals against the Training school.

Gould's jumped to a quick 11-6 lead at the end of the first quarter and a commanding 21-11 margin at halftime. In the second half the Bulldogs came back to outscore Gould's 20-16 but still held the losing hand.

In the last minute of play two Gould players, Bill Batterton and Carl Deace, went out on fouls, leaving only three players on the floor. In the last minute the Bulldogs netted five points.

Harry Blessing led the Bulldogs with 13 counters while Carl Deace netted the same total for Gould's. Jim Bloomhuff and Jerry Fallot each dropped in 10 pieces for the victors.

Reserves End Good Season

Winning eight basketball tilts and losing six, the Plymouth Rock reserve team finished a comparatively good season under the able coaching of Hilton Ponto, who is also football and golf coach.

Led by Dave Travis the local reserves racked up 456 points in 14 encounters for an average of 32.6 counters per game. Travis scored approximately one-third of the total points netted by the junior varsity squad, dropping in 160 for an average of 11.4 points per game.

Carl Pursell, with about half as many points as Travis was second in scoring with 79 points. Gary Sockow followed Pursell with 45 points and then Bob Grieve with 36 counters.

Dave Travis racked up 30 points to set an unofficial Plymouth High scoring record against Northville, when the reserves won by their biggest margin of victory, 57-24. The locals worst defeat was by the Trenton second team, 27-13.

ODD FELLOW NEWS

Friday night is the monthly pot luck supper at 6:30 p.m. Bring a serving dish and your own working tools. All Odd Fellows, Rebekahs and families are requested to attend as the committee has arranged a very good program.

The Brothers from Ann Arbor No. 9 lodge will confer the first degree next Tuesday on a class of candidates. Lunch will be served and John Miller is chairman.

John Oldenburg was chairman of the committee for lunch this week.

Brother John Mastick was expected home from the hospital this week. Hope his improvement continues.

Brother Lewis Foster's wife has returned home from the hospital.

The Novi lodge is leading the euchre tournament by 116 points. Only a half of the series games have been completed.

The following appeared at the hall Sunday morning: Melvin Krumm, Jack Miller, Harold Anderson, John Miller, Stanley Wittek and Earl Gray. When they left, many changes in the appearance of the hall had been made.

Tait's Trounce Royal Oak 71-46

With everyone playing a fine game, Tait's Cleaners trounced the Royal Oak representative of the Detroit Inter-City tournament 71-46 at Hackett field house in Highland Park last Monday night.

Starting off to a fine start, Tait's took an 18-4 lead at the end of the initial period and went on to roll up points in the second quarter. At one time in the second stanza Tait's held a 32-5 margin. When halftime came around it was 38-14 in favor of Tait's.

Royal Oak started to come to life in the second half and it was a good thing that the local quintet had built up a substantial lead. In the third period Royal Oak outscored Tait's 15-12 but the locals still held on to a comfortable lead.

Tait's kept up their original pace in the final stanza with Becker, Pierce, MacIntosh and Stout hitting from every angle as they netted 21 counters to their opponents 17. A complete total of the last half found Tait's overpowering Royal Oak 33-32.

Everyone got into the scoring for Tait's as Dave MacIntosh slipped in 16 points. DeWayne Becker 15, Mac Pierce 13, Bill Stout 13, and Ron Micolis and Jerry Allen each were credited with seven apiece.

The reason Tait's played in this game is the fact that Plymouth entered into both the state tournament and the Detroit Inter-City tournament. Plymouth First National, league champs, will play in the state tournament. Plymouth has to send the runner-up in the playoffs to the Inter-City tournament and DeHoCo was not able to go, thus giving them Men's league third place team in the playoffs this opportunity. Most teams in the tournament are first place clubs.

By downing the Wolverines of the Wayne County Training school March 7 the Firemen took the Class F Basketball playoff championship, after previously winning the league championship. The team is sponsored by the Penn Theater and The Plymouth Mail. This quintet was the runner-up last season and this year they boast a record of 10 straight victories.

Firemen, Class F Champs, Downed by Hamtramck

Downing the Wolverines of the Wayne County Training school on March 7, 20-17, the Firemen took the Class F basketball playoffs, as they did the league championship.

The Firemen led all the way as they emerged victorious, taking a 9-2 lead at the quarter and a 11-9 lead at the half. The locals were held to two points in the second quarter but came back in the final half scoring another nine points.

Kenny Kisabeth led the Firemen to victory with 12 counters while Cicholas dropped in seven and Risico netted six for the Wolverines.

The Firemen are sponsored by the Penn theater and the Plymouth Mail and have been together for three years. This quintet was the runner-up last season and this year they boast a record of 10 straight victories. These boys were the only Plymouth team to take a league championship or playoffs as the Training school ruled the other two leagues.

Going on to the tournament games at Hamtramck they suffered their first defeat of the season on March 13.

Playing a team with a height advantage over them, the locals got off to a bad start and didn't get out of it. The Firemen scored

Dance Classes to be Held at Hall

Dance instructions are now being given every Monday at the Odd Fellows hall on Main street. Instructions are for high school students and adults.

On Monday night adults are given lessons from 7:30 to 9:30 p.m. Senior high school students are given lessons on Wednesday evenings from 7 to 8 p.m. and junior high from 4 to 5 p.m.

Grades first through third are taught on Saturday mornings at 9:30 to 10:30 a.m. and grades fourth through the sixth are given lessons at 10:45 to 11:45 a.m. at the Central Grade school gym.

Audrey Neale and Charlotte Kummer are dancing instructors, under the Plymouth Recreation program. For information regarding the classes, call Herb Woolweaver at 93.

First National to Play River Rouge in District Meet

Monday evening, March 20 at the Wayne County Training school gym, First National Bank, winner of the Plymouth Recreation basketball league playoffs, plays River Rouge in the district tournaments at 8 p.m.

First National also captured the league championship as well as the playoff crown. The River Rouge opponent has not as yet been decided but it is presumed that the team will be known tomorrow, Friday.

The Plymouth representative, First National, won 12 games in the league, and in the playoffs, the bank boys won three straight triumphing over Tait's Cleaners and the Detroit House of Correction twice.

Don Huebler is manager of the quintet and has led his team to the crown. Last season First National won the league championship and then was knocked out in the first round of the playoffs.

Those composing the First National squad include Don Huebler, manager; Reinard Heininger, former Michigan Normal star who received honorable mention in 1948 in Michigan Inter-collegiate Athletic association; Charlie Förtner, Wisconsin High school all-star of 1946; Bill Perkins, Detroit high school's all star honorable mention, 1946; Bill Hobbs, former football player at Wayne university; Johnny Slessor, basketball and baseball athlete from Redford Union High school; Milt Neubauer, high school basketball star, and John Wilkie, former local high school athlete.

Falcons Clinch Crown in E Loop Playoffs

In the Class E playoffs the Falcons of the Training school took the crown by defeating the Optimists 28-21 March 9 and doubling the score on the Ramblers 38-19 March 7.

The Falcons led all the way in quest of the second championship for a Training school basketball team this year. The Red Birds also won in the D league.

Taylor dropped in 14 points for the Falcons victory over the Ramblers and Webb had nine. Ralph Walsh led the Ramblers with seven. In the triumph over the Optimists, Webb was high for the Falcons.

with the original HIDE-AWAY GRID-ALL

Treat your family to the extra-luscious flavor of grilled foods... distinct from fried flavor because the Grid-All automatically drains off fat and grease. (Grilled foods are more digestible, too.) The Grid-All also gives "steam-table" heat to keep the pans warm until serving... offers six-top-burner capacity.

New Convert-Grate replaces Grid-All to provide a super-giant burner for canning, for any large (up to 21-quart) utensil cooking. Kept in utensil drawer, ready for a quick change. (Accessory at extra charge.)

All these "make-life-easier" features, too:

- Electric clock and Minute Alarm
- Chrome fluorescent top lamp
- Oven light, oven door window
- 4 Pyromatic "Triple-Click" Burners.
- Two giant-size
- ThermEstate Oven Heat Control
- Drawer-type, drop-front, smokeless broiler
- Famous Air-Flow Oven, Fiberglass-insulated
- One-piece top, mantel back and burner dial panel
- Acid-resistant porcelain enamel finish all around
- 1 super-size and 1 regular-size utensil drawer, both on roller bearings

Helen Cockfield Weds Arthur Rutenbar in Saturday Ceremony

Candlelight and altar flowers provided the setting last Saturday for the wedding of Helen Marie Cockfield to Arthur L. Rutenbar. The Rev. Carl Schultz officiated at the ceremony in the Salem Evangelical and Reformed church in Farmington.

The bride, who is the daughter of Mr. and Mrs. Stanley Cockfield of Detroit, wore a white gown of chantilly lace over satin and a fingertip veil. She carried a white orchid with a prayer book. The matron of honor, Mrs. Doris Hall, wore a rose satin gown and carried a lace fan trimmed with yellow tea roses. The two bridesmaids were Bernice Harris and Joyce Nuernberger and Tamera Lee Hall was junior bridesmaid. They all wore

ice blue satin dresses with matching satin braid headpieces and gloves. They carried fans with pink roses attached.

Edwin Harris was the best man for the bridegroom who is the son of Mr. and Mrs. Arthur Rutenbar of Schoolcraft road. Jack Hall and Calvin Gress, Jr. were ushers and Robert Ladenberger was junior usher.

Soloist during the ceremony was Miss Joan Gress who sang "I Love Thee," "Through the Years" and "The Lord's Prayer." Following the wedding a reception was held at the Maccabees hall in Farmington with 225 guests attending.

Young Rutenbar is a graduate of Plymouth High school. The newlyweds will live in Detroit.

Students Attend Workshop.....

Returning from a national workshop on student government held at St. Mary's college in Winona, Minnesota, last week, Joan Kaminski, left, and Theresa Szalaszewicz, unpack at Madonna college where they are officers of the Student Federation of Catholic College Students. Delegates discussed a more definite understanding and practice of student government among college students.

In an attempt to attain a more efficient functioning of student government, two delegates from Madonna college attended a workshop on the subject held March 3, 4 and 5 at St. Mary's college in Winona, Minnesota. The workshop was sponsored by the National Federation of Catholic College Students.

The delegates, Joan Kaminski and Theresa Szalaszewicz, are president and vice president, respectively, of the Student Association at Madonna. At the workshop about 100 delegates from over 40 colleges and universities were present to discuss the purposes and functions of student government, and its responsibilities and authority.

This year's meeting was the second in the series of student government workshops to be sponsored by St. Mary's student commission for student community life. Such a commission among the Catholic colleges in

No date has been set for the wedding. Young Gladstone is a graduate of Plymouth High school.

Schedule Book Review March 24

Mrs. Charles Dengler

The Woman's auxiliary of St. John's Episcopal church offer outstanding entertainment when they bring Mrs. Charles Dengler of Jackson, Michigan, to give a book review Friday evening, March 24 at 8 p.m., for the benefit of St. John's Altar guild.

Mrs. Dengler chooses several important books each season and is greatly in demand all over southern Michigan for her sparkling reviews. Possessing a delightful sense of humor, she seeks out the amusing details in a book and relates them to the listeners.

Before her marriage to Dr. Charles Dengler, prominent Jackson physician, Mrs. Dengler was a teacher of literature at an eastern girls' college. At present she is president of the Michigan Council of Church Women and editor of the Michigan Diocesan Auxiliary Newsletter, in addition to holding several civic offices in her home town.

Following the book review refreshments will be served by the members of St. John's League. Mrs. Earl Myers is general chairman of the event, and reservations may be made by calling Mrs. Thomas Matthews at 779-M.

Davidson-Bothwell Nuptials Held in First Presbyterian Church

Colleen Marie Bothwell chose a grey lace ankle length dress for her marriage last Saturday evening to Lloyd Davidson in the First Presbyterian church. The bride is the daughter of Mr. and Mrs. Jack Bothwell of Rosedale Gardens.

She wore navy accessories with the gown which had a fitted bodice and a bolero jacket. She carried two orchids attached to a Bible with satin streamers. The bride's only attendant was her sister, Jacqueline, who wore a dusty rose lace gown styled after the wedding dress. She also wore navy accessories and she carried pale yellow roses.

The bridegroom, son of Mrs. Petty Davidson of Gold Arbor road, had Herbert Ewald serve as best man. Marlin Bruns and Earl Loewe were ushers. Davidson attended Michigan State college and his bride is a graduate of Plymouth High school.

The Rev. Henry J. Walsh performed the evening ceremony. Miss Mary Ann Cyk sang three selections during the nuptials, "The Lord's Prayer," "Because" and "At Dawning." A reception for 150 guests followed in the church parlor. Mrs. Bothwell received guests wearing a navy blue crepe dress with white accessories and a camellia, and Mrs. Davidson wore a grey lace gown with grey accessories and orchids. Following a trip to Canada the couple will make their home on Gold Arbor road.

Symphony Notes

by Graec VonBergen
The Plymouth Symphony society continues to grow. Here are more names added to the membership roll recently: Mrs. Byron Champion, Dr. and Mrs. C. J. Kershaw, Mrs. Thomas Moss, Dr. H. M. Oren, Lawrence Mack, H. F. Enterline and the Jersey Belle Dairy.

Over in Redford township, that eleven and a quarter strip of land between the newly created city of Livonia and the metropolitan Detroit sans orchestra, is getting into some limelight.

This community, which has had the pleasure of hearing the Plymouth Symphony orchestra twice, is planning its third appearance for March 26 at the Redford Union High school auditorium under the sponsorship of the high school P.T.A. The chairman of the venture is your concert reviewer.

In order to instill some of the enthusiasm of Plymouth into the committee, Mr. and Mrs. William W. Fox and Mr. and Mrs. William C. Merchant were invited to attend the February 26 Plymouth Symphony performance and to be guests at the tea. Mr. Fox, a past president of the P.T.A., the council of Redford Township Civic associations, and currently the president of the Rogers Park-Urban Gardens Civic association and the Charter Township committee, is co-chairman.

Mrs. Merchant is the ticket chairman for the Redford concert and is well-known in club circles. These busy people were pleasantly surprised, and "amazed" at the interest shown by civic groups in Plymouth. They returned home inspired to make the 1950 concert really an interesting affair. Some of the preliminary work already done by a large committee is the creation of the

Redford Township Symphony society which is working in conjunction with the P.T.A.

"A very polite audience"—nary a program rustle... Detroit's audiences cannot compare to the attentiveness displayed by Plymouth's own!

Missing in the cello section on February 26: Pauline Sterling, who faced an operation. Margaret Wall of the second violin section also missed the concert, due to illness, much to her regret.

A very fine musician who has been lending support to the orchestra is none other than Douglas Marshall, famous in musical circles and a member of the Detroit Symphony.

Mr. and Mrs. Orville Woods traveled all the way from Toledo, Ohio to hear their daughter, Evelyn Woods, in her solo appearance with the symphony February 26. Incidentally, Evelyn plans to have studios built at the new Plymouth Music Center which she and her husband are developing.

Also present at the concert were John and Henry Soderberg of the Scandinavian Symphony orchestra, Detroit. Could they be talent scouts for the impending tour of the Scandinavian countries by this orchestra?

Tales out of rehearsal: three bass players with little to do in a musical score, added humor to the situation and broke the monotony when an interlude appeared where they might play three notes. What did these amiable gentlemen do? Sh! Don't tell Paul! They divided them—and each played one—as deftly as you please.

Hints For Plymouth Homemakers

Crisp Cabbage Makes Excellent Salad or Main Dish on Menu

Crisp green cabbage from winter growing areas is being offered in Plymouth markets right beside the white heads harvested in Michigan last fall. Both of them are priced reasonably so thrifty homemakers will serve them often.

Whether white or green cabbage is the better choice depends partly on how it is to be served. Salads will be a shade crisper and a great deal more colorful if they're made with green cabbage.

If the cabbage is to be cooked with pork hocks, the end of a ham or a good chunk of flavorful corned beef, the white variety is satisfactory. It seems to hold its shape a little better than the green. To keep the wedges together leave a bit of the core attached to the leaves.

Green cabbage has more vitamin C in it than does the white. As a matter of fact, a generous serving of crisp, green cabbage, uncooked, can double for the daily citrus fruit or tomato we usually serve.

Vitamin C is the one which, in addition to preventing scurvy, helps to keep the gums healthy and speeds the healing of wounds, increases resistance to infections and helps prevent fatigue. Raw fruits and vegetables which are freshly harvested or have been stored in such a way that they have remained fresh and crisp are among the best sources.

Robustly flavored cabbage is a good partner for flavorful meats such as corned beef or ham and it has an affinity for tart things as well. To prevent the development of a strong flavor, cabbage should be cooked only until it's tender. Then it compares favorably with cauliflower and broccoli in delicacy.

Cabbage is almost always on the "bargain" counter, so it's wise to build up a large variety of recipes for serving it. Here are a few that should prove popular with the family.

SPICY CABBAGE
One small head green cabbage, 1 tart apple, 3 tablespoons butter or fortified margarine, 6 whole cloves, 1/2 cup boiling water, 1/3 cup vinegar, 1/4 cup brown sugar, 1/4 teaspoon salt, dash pepper.

Shred cabbage and cook quickly until barely tender. Drain thoroughly. Chop unpared apple fine and add to cabbage with remaining ingredients. Simmer until blended. Serve hot or chilled as either a vegetable or a salad.

HOT SLAW

Three cups shredded cabbage, 2 tablespoons bacon drippings or table fat, 1/2 cup water, 1/2 cup vinegar, 2 teaspoons sugar, 1/2 teaspoon dry mustard, 1/2 teaspoon salt, 1/8 teaspoon pepper, 1 egg or 2 egg yolks.

Add shredded cabbage to fat and water in saucepan. Cook over low heat until cabbage is barely tender. Combine remaining ingredients and add to cabbage mixture (stirring some of hot cabbage into egg mixture first to prevent curdling). Continue cooking over low heat, stirring constantly until sauce is thick and smooth. Do not allow to boil at any time. If liked, 1 teaspoon of celery seed or caraway seed may be added. Serve hot. Makes 6 servings.

QUICK STUFFED CABBAGE
Twelve large cabbage leaves, 3 tablespoons meat drippings, 1/3 cup chopped onion, 12-ounce can corned beef, 1 1/2 cups diced potato.

Wilt cabbage leaves for about 3 minutes in boiling salted water until limp enough to roll. Drain. Brown onion and potato in drippings, add corned beef which has been broken in pieces and mix lightly. Season to taste with salt and pepper. Divide mixture among cabbage leaves. Roll leaves around meat mixture and fasten with toothpicks. Place in baking dish. Add 1/2 cup of the water in which cabbage leaves were wilted or use bouillon or consommé instead. Cover dish and bake in moderate oven, 350 degrees, for about 30 minutes or until piping hot. Serves 6.

CABBAGE CASSEROLE
One medium sized head cabbage, 1 pound ground beef, 2 tablespoons shortening or bacon drippings, 1 cup (1/2 pint) thick, sour cream, 1/2 cup grated American cheese, 1 teaspoon salt, 1/8 teaspoon pepper, buttered bread crumbs.

Slice cabbage and cook in a small amount of boiling, salted water until tender. Drain thoroughly. Brown meat in fat and mix with cabbage. Combine sour cream, cheese, salt and pepper. Stir into cabbage mixture. Spread in shallow baking dish, top with buttered crumbs and bake for about 30 minutes or until piping hot and nicely browned, in a moderate oven, 350 degrees F. Makes 6 generous servings.

Try Waffle, Pancake Ideas for Quick Supper

Looking for a simple way to entertain? A waffle or pancake supper may be your answer. In all their guises, these two favorites create a friendly, informal atmosphere enjoyed by so many.

Here are a few pancake and waffle suggestions. For one variation sprinkle the top of the batter with grated orange rind just before the waffles start to cook. Serve these orange pancakes with maple syrup and plenty of crisp golden bacon.

Or for especially crisp waffles, substitute orange juice for half the milk required in the recipe. The bacon may be cooked right inside the waffle. Cut the bacon into fine pieces and add to batter or top the batter with whole slices. Chopped cooked ham may be added to the batter, too. Pancakes or waffles may always be temptingly served with slices of ham or plump sausage patties or links.

Broiled Sandwiches
Sausage links and apple sauce join for a tempting open faced sandwich. To prepare, place sausage links in a frying pan with two tablespoons of water, cover and cook until the water evaporates. Remove cover, increase the heat and cook until the links are browned. Spread two tablespoons of apple sauce on each slice of toast. Arrange two sausage links on each sandwich and top with a strip of American cheese. Broil slowly until the cheese is melted.

SUCCESSFUL PARENTHOOD

BY THE TIME a baby is ten months old he will probably be on a three meals a day schedule. He will also have developed a liking for variety in his food and can no longer be put off with a warmed-up bottle of formula.

Since the staple foods in his diet are still quite restricted, it isn't too easy to provide appetizing changes of menu. But it can be done, and certainly the result is worth the time and effort. For it is this early cajoling of the appetite which leads to a genuine liking for food. And a baby who really likes to eat is rarely any trouble to feed.

Let's begin with the staple foods that a toddler's meals should be made of. They are: milk, fruit juices, cereals, meat (beef, lamb, bacon, chicken, liver), non-oily fish, soup, vegetables (carrots, spinach, peas, asparagus, beets, potatoes), eggs, milk and gelatin puddings, rennet custard, graham crackers, whole-wheat bread or toast, zwieback, bananas, cooked fruit.

Since cereal is the standby solid food, begin early to vary it. Cook it some days with half milk, other days with all water. The difference in taste is remarkable. Then, try not to serve the same cereal more than two days in succession. If you want to use up morning cereal at the evening meal, mix it with a little sweetened apricot or prune pulp. Though most cereals are served without sweetening, the evening dish can be made a treat for baby by adding 1/4 teaspoon of white clover honey. Rice with milk and honey gives a little change in texture, as well as taste, for the baby's palate.

Sometimes it requires a carefully planned campaign to introduce liver into the baby's diet. Begin with canned vegetable mixtures that contain enough chicken livers to acquaint him with the liver taste. This can be mixed, at first, with milk and later white sauce, as further inducements to licking the plate. When baby begins to show a liking for the flavor, try serving ground liver, creamed. Finally, liver loaf becomes a thrice-weekly item on baby's diet. Here is one mother's recipe:

Wash one slice of calf or baby beef liver and plunge in boiling water. Remove skin and connecting tissue. Run through the grinder, using small blade. Grind, also, two pieces of zwieback. Add the beaten yolk of an egg and one tablespoon of milk. Combine ingredients well and bake in a custard cup set in water until the loaf is firm. This makes enough for several servings.

Adding egg is the simplest means of making familiar vegetables taste and feel different. The beaten yolk of an egg gives flavor to spinach and peas—add while cooking. Or half-fill a custard cup with tomato, spinach or pea pulp—then drop the yolk of an egg on top, cover with milk and crumbs of toast or zwieback, and bake. Strained carrot can be set in lemon gelatin.

You can think up any number of new combinations if you will just remember that baby likes attractive, varied meals as well as the other members of the family.

Bring a Touch of Erin to St. Pat's Dinner

It's a day for the Irish. But whether the homemaker is serving true Erin folks or not, here's a tempting menu with an Irish flair.

Spicy meat loaf—a wearin' the green—may provide the main course of St. Pat's dinner. Use a small shamrock cookie cutter and cut the designs from green pepper. Arrange the shamrocks in the bottom of a greased ring mold and top with the meat mixture. When cooked unmold on a large platter and fill the ring with parsleyed potatoes.

In preparing meat loaf you have a choice of ground beef, veal, pork and lamb and ham or various combinations of these meats. Ham is especially grand with fresh pork or veal. For flavor variation, horseradish, catch-up or prepared mustard may be added to the meat mixture. If desired, the ground meat mixture may be baked in individual muffin tins. Of course, this way they will take much less cooking time. Be sure to grease the pans so the little loaves will come out easily. Perhaps you may want to surprise the family with your meat loaf revealing a bread stuffing. Place half the ground meat mixture in the bottom of the greased pan, spread a layer of bread stuffing over it and top with the remaining ground meat mixture. Shelled hard-cooked eggs may be placed between the layers of meat in this same manner.

Along with meat loaf and parsleyed potatoes, a green molded salad will be appropriate—made in shamrock molds if you have them. Include in the menu buttered asparagus tips and clover-leaf rolls. For dessert on this day you'll want colorful mint ice cream topped with thick chocolate sauce.

Do you keep cooking utensils turned back from the front of the stove? This should be a habit, suggest Michigan State college home economists concerned with the safety of your family.

Learn to Buy, Cook Good Fish

Would you know how to prepare a "lean" or a "fat" fish—or how to tell whether a fish is really fresh when you buy?

It pays to know a little about the types and varieties of fish we see in markets, as well as how to handle and prepare them at home. Although especially popular for Lenten menus, fish is a pretty good buy the year round. Here are a few helpful tips on the use of this nutritious food.

There are several ways to recognize a fresh fish. The eyes are bright and full, gills are reddish pink, and scales adhere tightly to the skin and have a bright luster. The flesh is firm, and will spring back when pressed with a finger. A general test is to hold the fish across the palm of your hand. A fresh fish will remain practically horizontal, while a stale one is likely to bend down, especially at the tail end. Fresh fish of different species may have different smells, but in no case should there be a disagreeable odor.

In general, frozen fish are "fresh," being processed almost immediately after leaving the fishing boats. Be sure the frozen fish has not been allowed to partially thaw out and become re-frozen. This reduces quality and flavor.

When buying, allow about one-third pound of steaks or fillets, one-half pound of dressed fish, or one pound of whole fish per person.

Fish spoils easily. Fresh fish should be wrapped in moisture proof paper, or placed in a tightly covered dish, and stored in the coldest part of the refrigerator immediately. Keep frozen fish solidly frozen. Then cook at once after thawing. Frozen fish should be thawed in cold running water. —Cod, haddock, halibut, smelt, herring, perch and pike are examples of "lean" fish. They require additional fat during the cooking process, to prevent dryness and add flavor. Lean fish may be broiled, baked or fried.

Examples of varieties containing quite a lot of fat are mackerel, salmon, lake trout and white fish. They are easily broiled or baked, without additional fat.

Fish is a tender protein food. It should be cooked only for a short time, and at low temperature. High heat will make it tough and dry.

Lemon is usually served with fish to bring out prominent flavor. For an extra special treat try a white sauce with hard cooked egg, mushrooms, pimiento or onion. Horseradish, tabasco sauce or tomato can also be combined with white sauce. Many folks like a lemon batter or tartar sauce, made with parsley, sweet pickle, onion and mayonnaise. There are also many garnishes for the fish plate which turn a rather plain dish into an appetizing one.

If everyone eats a dozen eggs more in 1950 than in 1949 there should be no egg surplus, report Michigan State college authorities. Eggs are a thrifty food buy now and will give your family cheap protein.

Roger Babson Says...

Babson Discusses Thrift
My column this week will probably result only in a waste of good newsprint; but I will at least feel better by telling readers what I think.

Rules for Success
Next to the importance of character and health, the habit of thrift is of primary importance for business success. Statistics will show that usually, men who save a little every week from their school days on, will someday have an independent business of their own; while those who spend all they get, are always obliged to work for someone else.

The wife's part in this is also very important. An old saying is that "a woman can waste more at the pigstap than a man can pour into the bung hole." I have graduated thousands of young men into business positions. Their success or failure, has largely been determined by their spending habits, mostly determined by their wife.

in peacetime, at the fearful rate of \$500,000.00 every hour of every day.

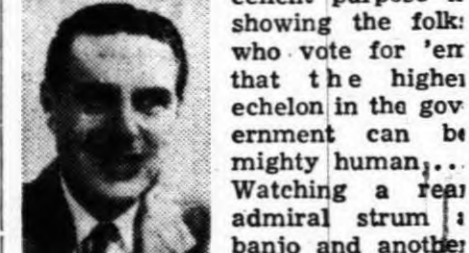

Debt and credit have their usefulness; but both are now being overstrained. President Truman gave a rosy outlook as to what our "income" would be in 1954; but he did not tell us how much each family then would owe. The fiscal policy of most families and politicians is now cockeyed. We all should wake up to the dangers of debt, both personal and national or Joe Stalin may get us.

P.S. I have a friend J. T. Barton of Lake Worth, Florida, who has published a booklet showing "How to Acquire the Saving Habit." He also originated a pocket piece which everyone should carry. He will send you one of his booklets, free upon request. Please send him a three-cent stamp.

TED MACK'S recent broadcast and telecast, featuring congressional leaders and military brass on behalf of the heart drive, may not have unearthed any terrific talent in Washington, but it did serve an excellent purpose in showing the folks who vote for 'em that the higher echelon in the government can be mighty human...

TED MACK is a Dixieland number was a healthy experience for Americans. As we said, Bob Crosby has nothing to worry about, but the talent was better than average and it made an enjoyable hour amateur show. Hope everyone was able to catch it.

Although Joan Davis' Friday night CBS show jumped to its highest rating recently, the show has been dropped by the sponsor, effective March 10. Tex Williams auditioned a western dramatic show for NBC, featuring Smokey Rogers and Deuce Spriggins. Radio's "400" turned out recently to see Marie Wilson's husband, Allan Nixon, at the opening night of his stage play. Mutual network is said to have the inside track on signing "Dick Tracy."

PLATTER CHATTER
COLUMBIA: Cream of the Columbia crop in recent weeks are: Dick Jurgens' recording of "We'll Build a Bungalow," a honey, with "Daddy's Little Girl" on the flip; "Hometown Band" and "Oily, Oily Oxen Free" as done by the Modernaires; the very popular "Music, Music, Music," by Hugo Winterhalter and "Glow Worm" on the reverse; Al Trace's "Half a Heart" and "Philosophy;" Dinah Shore's and Buddy Clark's rendition of a cutie, "Nobody Home at My House" with "Lucky Us" backing it.

MERCURY: Natch, Frankie Laine is making headlines for this company again, this time with a unique folk song, "Cry of the Wild Goose" . . . He does a neat job of the flip, "Black Lace," too.

Compound interest is offered on the same terms to every U.S. family. This gives a return on \$1200 at 6% of about 20 cents a day. But listen what compound interest means when we waste money. Unnecessary spending of \$5.00 per week means throwing away the annual income on \$10,000 of U. S. Government Bonds at today's rate of 2 1/2%. The interest which most readers, directly or indirectly, are paying could make them wealthy if saved and properly invested during their lifetimes.

Patriotism Demands Thrift
Religion, hard work, thrift and education made America the world's greatest nation. As we neglect any one of these, our country is in danger. Unfortunately, we are now neglecting thrift. Millions of families are going into debt for things they really don't need, while our Government is going into debt, now

Here, There, Everywhere With The Plymouth Mail's Roving Wolverine

There are many people living in and around Plymouth who migrated from Kentucky and Tennessee and some other southern states. Some of them came from the Bowling Green country, in the southern part of Kentucky. If memory serves rightly, that is the portion of Kentucky which produced Plymouth's hard-working Gene Orndorff.

There is no question about it—Michigan must be a mighty fine state, in fact, it must be "tops" if people are willing to leave such a beautiful part of the country as prevails around Bowling Green, the Confederate capitol of Kentucky, to come to Michigan to make their permanent homes.

It was on December 10, 1861 when Kentucky was admitted into the Confederate States of America and Bowling Green was selected as the capitol of the state.

Surrounding the state, progressive southern city, is some of the best farming land in the Midwest. While apparently tobacco is the chief crop, there is much one can see on a hasty visit to indicate that it is also a good stock producing as well as general farming country.

The streets of Bowling Green are clean. Its sidewalks, although crowded much of the time with shoppers who spend much time visiting, were not littered with papers, cigarette stubs or other filth.

Maybe the Bowling Green Junior Chamber of Commerce has something to do with the city's cleanliness.

Placed at convenient spots along the downtown sidewalks were neatly painted containers, with the words, "Keep Your City Clean" printed on the sides of the containers.

At any rate, people who now live in or around Plymouth who came to this state from that part of the country, can well be proud of that beautiful section of the southlands.

Just missed meeting former President Herbert Hoover a while back when on a fishing trip along the Florida Key islands. Had stopped at a little port between two of the Key bridges called Craig. Shortly before our arrival, the former President had left Washington. He had been down on the Keys fishing for several weeks, with his son and some New York friends. The former President is greatly admired by the permanent residents of the Keys, who think he is one of the finest sportsmen who visits this popular fishing country. They say that with all of his somewhat reserved attitude, he is one of the most courteous, grateful and thoughtful fishermen who comes to Florida to fish. He is spending most of his time when fishing, casting for what is called the "bone" fish. Never caught one, but fishermen along the Keys say it's a wildcat once you have hooked one. They are not a large fish, averaging from five to ten pounds and are caught in shallow water. Some fishermen even wade the shoals to cast for these fish. The former President has for years made it a practice to visit the Florida Keys late each winter for a fishing trip.

Had a note the other day from Phil Rich, Midland editor, who is in Florida with Mrs. Rich on a sightseeing trip. He went fishing and caught a small alligator on a fly. The Midland editor tells that for the truth, the whole truth and nothing but the truth.

Just read over a report issued some weeks ago which told of the arrest of 215 Florida hunters previous to the close of the Florida duck hunting season on January 15. Of these 215 cases 127 were tried in a state court, the others in federal courts. Which means that the federal law enforcing officers did most of the enforcement of regulations pertaining to migratory birds. If Michigan had that number of arrests for violations of duck hunting laws, one would rightly think that the state had become a hideout for an army of law violators. From what one can hear, there is not much attention paid to either state or federal regulations pertaining to migratory birds. Of the total number of arrests, 42 resulted from shooting ducks from motorboats. There might have been one or two arrests for that offense up in Michigan, but it is doubted very much, as that is one hunting offense that is frowned on by both hunters and law enforcing officers.

My MICHIGAN

BY • ELTON R. EATON

While Holland can rightly claim to be the "tulip capital" of the country, its neighboring city of Zeeland can claim to be the birthplace of more chicks per year than any other place in America.

The first roadside park established in Michigan was on U. S. 16 some eight or nine miles east of the city of Lansing, located on the north side of the highway and on the east bank of Red Cedar river.

War veterans of Michigan as well as other states have expressed little interest in a bill now pending in congress which it is claimed is for their benefit, but branded by others as anything but for the benefit of the veterans or any one else, except possibly for some special interests.

The Alaska Veterans' Homestead Bill (H.R. 4424) now awaits action before the House Rules Committee. The bill, harmless on the surface, actually threatens the entire future of the territory which it purports to develop.

Many factors were overlooked by the author of this bill. The area covered has a wet climate and rough topography which makes it unsuitable for agriculture. Timber homesteads worked on a "sustained yield" basis are proposed although selective lumbering is impossible in Alaska.

Since small valleys produce the best timber stands, these would be the first cleared by homesteaders. Small streams are the spawning grounds of salmon, and the passage of the bill soon would destroy Alaska's most important industry by removing protective forests from the watersheds, raising water temperatures, and permitting the flow of silt over spawning beds.

Conservation law violations, following a regular downward trend at this time of year, were off more than 50 per cent in January. State conservation department's law enforcement division reports 153 violators compared to 311 in December and 228 in January, 1949.

A sixteen-year study to determine the recuperative powers of rabbit populations under intensive hunting has been completed by Dr. Miles D. Pirnie, professor of zoology and conservation of Michigan State College, the Wildlife Management Institute reports.

The object of the test, conducted on a 500-acre plot of the College's deer station, was to determine the effectiveness of shooting as a method of controlling crop damage on agricultural lands.

Dr. Pirnie feels that shooting seasons in many states should be curtailed to permit greater abundance of game animals.

Copies of his studies may be obtained by writing to the Department of Zoology, Michigan State College, East Lansing, Michigan.

State conservation department's law enforcement division reports 153 violators compared to 311 in December and 228 in January, 1949.

Most arrests were for fishing without a license, exceeding fish possession limits, and fishing with more than two lines.

Fines and costs paid by violators amounted to only \$2,690. Convictions were obtained in 149 of the 153 cases.

A sixteen-year study to determine the recuperative powers of rabbit populations under intensive hunting has been completed by Dr. Miles D. Pirnie, professor of zoology and conservation of Michigan State College, the Wildlife Management Institute reports.

The object of the test, conducted on a 500-acre plot of the College's deer station, was to determine the effectiveness of shooting as a method of controlling crop damage on agricultural lands.

The average yield from huns was 10 1/2 rabbits for each of the sixteen years. In 1949, however, only 1,049 rabbits were removed during the sixteen year period, a part of this relatively heavy take, no reduction in rabbit numbers was evident at the end of the test period.

The results show conclusively that shooting during the hunting season is a poor method of controlling rabbits, but they also show that the recuperative powers of rabbits in good habitat is great enough to offset very heavy hunting pressure. Interestingly enough, the best results were obtained in the year with the heaviest take.

Dr. Pirnie feels that shooting seasons in many states should be curtailed to permit greater abundance of game animals.

Burroughs Shows Decline in 1949 Total Revenue

Total revenue of Burroughs Adding Machine Company during 1949 was \$84,362,453, 12% below the peak year of 1948 when the total was \$95,430,662.

Profits for the year were \$7,479,698 as compared with \$12,582,134 in 1948. These profits amounted to \$1.50 per share of stock as compared with \$2.52 in 1948.

"Although orders in the United States declined in the first half of 1949, nevertheless during the second half of the year and particularly in the last quarter the volume of new orders returned to 1948 levels and in some categories were higher than in any post-war year. While it is difficult to predict what is ahead because many factors cannot be evaluated accurately at the present time, there is every indication that the preparations of the past three years have placed Burroughs in a strong position for the future," Coleman stated.

"The company's facilities have been improved; the marketing organization is well manned and training of new personnel is progressing; an important addition to Burroughs' product line has already been introduced and more are on the way," he said. "Research efforts bear promise of new products for the future; and finally, there is evidence that the need is growing for accounting machinery and equipment which will render office procedures more efficient."

Teachers Attend Guidance Parley

"Promoting Human Understanding" was the theme of the eighth annual Southeastern Michigan Guidance conference held March 11 in Detroit. Attending from Plymouth High school were George Canfield, director of guidance, and Colvin Cooley of the industrial arts department.

Guest speaker at the morning session was Dr. Norman R. F. Maier, professor of psychology, University of Michigan. His subject was "Human Relations Training," and concerned practical problems in the field of human relations that were dealt with in his work with Michigan Bell Telephone company.

Luncheon speaker was Bernard Becker, legislative chairman of the Parent-Teachers council for Metropolitan Detroit. Mrs. Becker is also a member of the Governor's committee for the study of sex deviates.

Maybe This is the Year! A great many people have been saying that—if their luck keeps pace with their dreams—they're going to own a Cadillac one of these years. If you are among them—and we hope you are—this may be the year. Listen... Cadillac has built a new car, for 1950, that is just as practical to own as almost any car you would consider buying. It is the new "Sixty-One"—and it is priced lower than the highest-priced models of a number of other cars you would never think of as in the same class with Cadillac. Furthermore, this new Cadillac will give gasoline

mileage which actually approaches that of the lowest-priced popular cars. Yes—from the standpoint of practicality—you've lost about your last logical reason for waiting any longer to buy a Cadillac. And, oh, the things that say you ought to buy one—right here and now! There's Cadillac's irresistible beauty—its delightful performance—its world-wide prestige—and its unbelievable endurance and length of life. Truly you'd find every motoring experience enriched and enlivened if you owned this magnificent car. Better come in today—and find out whether this is the year! We'd be delighted to see you.

MICHIGAN MILK PRODUCERS ASSN. Always Looking To The Future. Sound planning which aims to provide increased benefits for all whom it serves—members and the public alike—is the life blood of a viable farm cooperative. By strict adherence to a policy of always serving the greatest number to the best purpose, the Michigan Milk Producers Association has thrived and grown steadily throughout its entire 33 years. Since the close of World War II, members of the M.M.P.A. supplying the Detroit market have ploughed back over \$685,000 in expansion and improvement of their plant and transportation facilities. At this time, about a half million dollars are being invested in the modernization of the association-owned receiving station and manufacturing plant at Imlay City. This will provide added "stand-by" facilities to insure members against loss of revenue during seasons of highest milk production. To constantly provide the great Detroit market with high quality milk from day to day and plan for the future to maintain an ample supply at all times, under all conditions, are primary objectives of this farmer owned and controlled cooperative. Dunning's, Fabric Firm Sponsor School Style Show

The Hescos, under the direction of Mrs. Barbara Parkes, are presenting a style show sponsored by the Bates Manufacturing company of New York City and Dunning's Department store of Plymouth. This is scheduled for Tuesday, March 21 at 7:30 p.m. in the high school auditorium.

The Hescos' invited girls from homemaking clubs and homemaking departments from 13 surrounding schools. Preceding the style show a short movie will be shown, furnished from Bates Manufacturing company. In addition to the outside schools invited the general public is welcome and urged to attend.

The 25 dresses have been made up from Bates material in designs by Vogue, Simplicity, Butterick, Advance and McCall's patterns. The models will be selected from Hescos' and homemaking classes.

The style show chairman is Gloria Holman; wardrobe, Pat Krump; publicity, Donna Renwick and Betty Wagner. Fred Nelson will provide music.

Following the style show, refreshments will be served with Mary Ellen Voss as hostess. William Campbell and Robert Ingram are in charge of the stage scenery.

Library Obtains Many New Books

Many new books have been added to the Plymouth High school library. Some of them which are of interest are "Vision of the Mink" by John and Jean George, a story about a mink and how it lives; "Patsy Jefferson of Monticello" by Marguerite Vance, the story of Jefferson's daughter and how she stood steadfastly by the side of the president of the United States; "Candy" by Robert White, the experience of a small town girl and how she grew.

Others are "Father Flanagan of Boys' Town" by Fulton and Will Oursler, the story of the priest who built Boys' Town and of all his experiences; "Cheaper by the Dozen" by Frank and Ernest Cary Gilbreth, the story of adventure of 12 Gilbreth children and a genius father; "The Black Stallion and Satan" by Walter Farley, a story of two horses; "Questions Girls Ask" by Helen Welshimer, an explanation of the conduct of girls all through life; "Young Razzle" by John Tunis, a story of a Dodger baseball player and his personal experiences; and "Make It and Ride It" by C. J. Maginler, explaining how to make things and ride them.

Many other new books can be found in the library.

Shop Classes Produce Useful Household Items

Colvin Cooley's seventh and ninth grade shop classes have been working on some very interesting projects.

In the seventh grade, students have made strapiron wall lamps, electric motors, wall shelves and bird feeding stations. Members of his classes who have worked on these projects are Gerald Lobey, Gerald Swain, Willard Thomas, Jim Thorpe, Charles Van Veleck, Hilton Alasky and Vaughn Tillotson.

Larry Eskridge, new ninth grade student from Ypsilanti High, made a mahogany table lamp. James Blanton worked on a tricky novelty floor lamp. Jerry Berrit made a kitchen shelf and Jerry Campbell has been doing repair work.

Y-Teens Sponsor Pot Luck Dinner

The Blue chapter of the Y-Teens sponsored a pot luck dinner March 6, from 5 to 8 p.m., to which they invited the freshmen Y-Teens.

After the dinner the Y-Teens provided singing and other entertainment.

Shirley Plant led the group singing with Dorothy Curtis accompanying her, on the Y-Teens new portable organ. Following this, Norma Helm sang "Roomful of Roses" with two piano accompaniment. Then Shirley Plant sang "Five Foot Two" while playing the ukulele. Jean Tetzlaff played Schubert's "Serenade" on the accordion, and Lois Ebersole played "Ain't Misbehavin'" on the piano, and Miss Ruth Butts played "All the World is Waiting For the Sunrise."

The freshmen Y-Teens finished up the entertainment with a surprise skit. For this Miss Butts played the piano while the freshmen acted out the play "The Three Bears." This was a complete surprise, for the Frosh did not know they were going to provide any entertainment.

Choral Groups in Concert March 23

A Choral contest will be given March 23 at 8 p.m. in the Plymouth High school auditorium by students.

The program includes selections by the Junior Chorus, the Girls' Glee club, Boys' Glee club, Twin Trios, the choir, and a duet. The choir will have a well known conductor directing them. He is Maynard Klein, from the University of Michigan. Fred Nelson states that he hopes Mr. Klein's directing will inspire his students to greater choral performance.

The girls in the Twin Trios are Barbara Johnson, Terry Carney, Shirley Plant, Verlyn Knight, Therese Francis and Joyce Chaney. They will sing "O'er the Tarn's Unruffled Mirror" and "The Old Master Painter." Barbara Johnson and Ron Davis, the duet, will sing "One Alone."

The Boys' Glee club will sing "Sweet and Low" and "Old Nick-adeamus." The Girls' Glee club will sing "Heavenly Light," "Little Boy Blue," "How Do I Love Thee," and "Love Is the Wind." The Junior chorus will sing "Palm Branches," "The Dance (Dark Eyes)," and "The Maids of Chiapas." The Senior choir will sing "To Thee We Sing," "Come Thou Holy Spirit," "With a Voice of Singing," "The Ash Grove," "Give Me Your Tired, Your Poor" and "Ride the Chariot," with Davetta McBride as the soprano soloist.

This same choral program will be given during school hours, March 24.

Students of Spanish Translate Letter

Miss Irene Waldorf of the English department brought a letter into the second hour Spanish class that she wanted translated into Spanish to send to a friend she met on her recent trip to Mexico.

The class, under the supervision of Mrs. Virginia Callagari, translated the letter and it was then sent to Mexico. Later the class had the opportunity to translate the return letter, this time from Spanish to English.

Rooster Invades Biology Classes

The rooster that was heard crowing last Tuesday and Wednesday from the biology room was brought to the class by Richard Lickfeldt of 41267 Wilcox road, to be used in the study of birds.

Besides roosters and chickens, Dick also has a Tiger Salamander, and some tropical fish consisting of guppies, small swordfish, scavengers and Zebra fish. Dick, a 9A student, likes this hobby because he is interested in nature.

Record School Band Practice

Members of the Plymouth High school band were greatly surprised as they entered the band room March 7 and saw before them a wire recording set being readied for use. This apparatus was there through the generosity of Herb Woolweaver, city recreation director and owner of the recorder.

Woolweaver recorded the band's entire rehearsal, which included a Bach chorale, which is used for tuning up the band and warming up the instruments; the march, "Americans We" by Henry Fillmore; "Prelude and Fugue in B-flat Minor" by J. S. Bach; a march, "Marcia Con Brio" by C. B. Barnes, and the selection "Waggers For Woodwinds" by Harold L. Walters.

Woolweaver let a few of the members of the band, Director Paul T. Wagner and Fred Nelson, assistant director of the band, fill in the intervening spaces between the musical numbers with names and information about the pieces.

The wire with this recording on it will be sent by Woolweaver to his father-in-law, who will, in turn present it to his local high school band in Ohio.

Dunham Serves in Carolinas

Marine Pfc. Robert E. Dunham, son of Carter Roy Dunham of 175 Fair street, is currently serving with the First 90mm AAA Gun Battalion, Second Marine Division, at Camp Lejeune, North Carolina, at the world's most complete amphibious training base.

A graduate of Plymouth High school, he enlisted in the Marine Corps on July 31, 1948 and received his basic training at the Marine Corps Recruit Depot, Parris Island, South Carolina.

Upon completion of training he was transferred to this station where he assumed his present duties as a gun crewman with the Gun Battalion. He has also participated in the amphibious training exercises off the coast of Labrador since coming to this station.

All types of climatic conditions from hot to cold and dry to wet can be reproduced in a new plant research laboratory. It is claimed to be the first in the world designed and built so as to obtain complete weather control.

DALE CARNEGIE

AUTHOR OF "HOW TO STOP WORRYING AND START LIVING"

Jimmie's Patched Accordion

THERE ARE a lot of well-known men who will almost shout in their enthusiasm for Boys' Clubs. One of them is named Irving Berlin. Think of that when you see his next great musical production. Another is named Joe E. Brown. He grins broadly when he is asked to help a Boys' Club. Still another is named Joe Di Maggio, who learned how to play baseball back there in Boys' Club days.

But the boy we're specially interested in today is named Jimmie, who during the war sold four million dollars worth of war bonds! How could he have done it! Well, maybe he never would have been able to do it, if it hadn't been for a certain Boys' Club.

You see Jimmie was the eldest in a family that didn't have either the money or the time to give him things a boy ought to have—and longed for. That was the way, too, with those other boys' club members mentioned in paragraph one.

Jimmie was not "in" with the gang in his neighborhood, because he couldn't run fast enough to get away from the cops when the occasion arose. So feeling lonely one day he dropped in at the Boys' Club in his section of the city. He wanted to see what "sissy kids" did with their time. He found that what they did seemed a lot of fun, such as swimming, building models of airplanes, playing basketball, and the like.

But what really got him going was a noise he heard made by a fife and drum corps and a glee club. Their instruments? Two jugs, a harmonica, a washboard, a bass fiddle—with one string. But that music sounded good to him.

The next day he came back with an old fifth-hand accordion, the bellows broken and torn. He had given his last dollar for that old accordion that had to be taped up with adhesive tape. He didn't know one note from another, but that bandmaster remedied that defect, and soon what Jimmie lacked in tone he made up in volume. Into his music Jimmie poured all the surplus energy he had never before known how to use.

Jimmie was 15 when a big war started, and right away he knew what he could do. And did it. He played and he sang in hospitals, at Red Cross canteens. And it was his playing in bond drives that won a government citation for him.

Canfield Plans For Conference

George W. Canfield, director of guidance for the Plymouth public schools, has recently been appointed to the Conference Planning committee for the regional conference of the National Vocational Guidance association. The regional area involves the states of Michigan, Ohio, Indiana, Kentucky and West Virginia, and the conference will be held in Toledo in October.

Canfield is also chairman for the fall meeting of the Michigan Counselors association. This meeting will be held at Michigan State college in November.

Last week, he taught several classes at the Rackham building in Detroit. He was substituting for Dr. T. Luther Purdom, director of the University of Michigan bureau of appointments and occupational information.

NOW IT'S YOUR TURN TO BLOSSOM OUT

Tune in HENRY J. TAYLOR, ABC Network, every Monday evening.

You've seen it happen with the family down the street, the friends across town, the folks you went to school with.

They started out, as most folks do, with a car of modest size—and still more modest price.

Maybe they moved themselves up a bit, step by step, to the top-bracket models in that particular price range.

Then they discovered something:

It doesn't cost much more—sometimes no more—to really blossom out in a Buick.

It's not such a long stretch to take command of a great-hearted valve-in-head straight-eight—to move into the room and restfulness and

steady going of a Buick—to cloak yourself in styling that's today's height of highway fashions.

You can know the good, satisfying feel of a Buick wheel in your hand — you can have the gentleness of soft coil springs on all four wheels — you can revel in the handiness of cars that are big in room and big in repute, yet traffic-sized and easy to park and put away.

Maybe—who knows till you inquire?—you can manage the magic silkiness of Dynaflo Drive* in all its 1950 perfection—of a certainty you'll find the model that's twin to your heart's desire among the many choices Buick gives you for 1950.

So why not make this your year to blossom out in a Buick, as so many have before you? Why not

find out the dollars-and-cents story of Buick—it even includes some very happy figures on gas economy — from your own Buick dealer?

See him now, will you—and help yourself to some real fun this season!

BUICK ALONE HAS
Dynaflo
AND WITH IT GOES!

HIGHER-COMPRESSION Fireball valve-in-head power in three engines, five hp ratings. A "B" average in all academic work is required to receive this honor.

Picture Windows Give Pleasant View....

The picture window is not a show window, but a device to let in light and sun and a view. Like a painter's masterpiece is this rural scene viewed from the picture window in the kitchen of the farm home of Mr. and Mrs. Ewald Olm, near Cleveland, Wisconsin. Windows like this make it a pleasure to work in a kitchen that is so well daylighted, and with a clear view of the outdoors even in the coldest winter weather. The double-hung windows at the side are for ventilation. The windows are made of Thermopane insulating glass.

Clyde Smith of Brown City and Mrs. Mamie Lockwood of Howell were the Saturday evening supper guests of Mr. and Mrs. Dewey Smith of Northville road.

Old AAA Traveler to Speak to Rosedale Women's Club Thursday

Unusual experiences gathered in more than 35 years of travel will be related Thursday, March 16 at 8:30 p.m. before the Rosedale Gardens Woman's club by James P. Welsh, the old AAA traveler, according to Mrs. Robert Bryant, program chairman. Husbands are also invited to hear Mr. Welsh at this meeting.

Well known as a newspaperman, magazine writer and radio commentator, Welsh has made collection of intimate and rare stories of little known oddities, bizarre places and picturesque personalities both hobby and vocation.

No bounds have limited The Old AAA Traveler's varied experiences in thousands of miles of travel over highways and remote byways. He has sailed with the fishing fleet out of Gloucester, explored the wastes of the Yukon, walked foot trails to the mountain shacks in Tennessee, and prowled Death Valley. He has missed few, if any, of the nation's scenic or historical places.

Welsh was born at a frontier army post. Indians were his first playmates. He has been adopted by the Ojibwa of Canada and the Navajo of New Mexico. His Ojibwa name, Odo-Ba-Nik-Kay-Ogemaw, means "Chief Who Drives Wagon Without Horse."

In his writing for the nation's leading newspapers and magazines, Welsh has specialized in travel. For years he was travel editor for The New Orleans Times-Picayune, and during World War I was a correspondent with the 37th (Ohio) Division. He was among the first to introduce travel on radio.

His favorite hobby, cooking, has produced much writing on the subject, including his book "Grill and Skillet." His recipes, as well as his talks, reflect his dishes of the Indians, the French of Louisiana, Dutch of Pennsylvania, Canadian guides, Gloucester fisherman and other culinary artists.
