Juniors, Seniors Discuss Future Careers Today

Juniors and seniors of Plymouth High school will participate in a Career Conference today at the school beginning at 12:30 p.m. The conference will include discussions on many professions and will aid the students in obtaining information on training and job possibilities.

The main speaker on the program is Dr. Edward T. Raney of Wayne university's school of business administration. Chairmen for the various division meetings will be Edna M. Allen, professional; Edgar Brown, business-clerical; George Canfield, service; Robert Smith, agriculture; William Campbell, skilled and unskilled labor; and Ingeborg Lundin, homemaking.

Township Sewer Plan May Solve Serious City Problem

According to Supervisor Charles Rathburn of Plymouth township and Drain Commissioner George Dingman, there is an excellent opportunity for Plymouth to be provided with sewage services for the south end of the city even before the proposed new sewage board recommended to the county board of supervisors last week is created.

This proposed sewer extension would be extended as far south as Joy road, then west along Joy road to Sheldon road.

It is planned to build the connection to Joy road in order to eliminate the tunneling for the proposed sewer if it was extended west along Ann Arbor road. While it is not apparent to observation, there is something like a ten foot drop between Ann Arbor road and Joy road. This would reduce the cost of the proposed sewer extension by a considerable amount, states Supervisor Rathburn.

This extension would enable Plymouth township to provide sewer services for the many hundreds of houses that have been built between Joy and Ann Arbor roads in Green Meadows, as well as the new homes that have been built in the township east of the city.

Supervisor Rathburn states that he is sure arrangements can be worked out with the township and the drain commissioner for an extension by the city of Plymouth of the sewer from Joy road along Sheldon road to the south city limits, thereby enabling the city of Plymouth to provide sewer services for the many hundreds of homes and vacant lots in the south end of the city, as well as providing sewer services for the new grade school building now being erected to provide for the hundreds of school children living in that fast growing area.

It is evident from this proposed extension of a highly important public service that there must be the closest cooperation between the city of Plymouth, the board of Plymouth township, the drain commissioner and the board of supervisors of Wayne county as well as the county road commission.

Congress Shall Make No Laws Abridging the Freedom of The Press

What I Think and Have A Right to Say By ELTON R. EATON

JUVENILE CRIME.

It seems that a lot of chair-warmers, mothers and fathers and some would-be reformers are all worked up about the juvenile crime situation in this country. They say they are sitting up nights trying to find ways to correct the situation and keep young boys and girls from going to the bow-wows.

As we see it, the problem isn't so much. We brought it on by making it impossible for boys and girls to work during the many idle hours they now have on their hands. Some reforming chair-warmers who think they know more about how the world should be run than the good Lord himself, say it's wicked for young folks to do any work, unless some office-holder gives his approval.

If a boy or girl cannot spend at least a little of their time doing something worthwhile and producing some of their spending money that mother and dad find it so difficult to raise for them these days, what are the boys and girls going to do but get into trouble? There is nothing quite so detrimental to a young person as idleness. And WE have legislated young people into idleness.

Don't pass the buck to the boys and girls for getting into trouble with "the law." We are to blame for it—and we are the ones who should pay the penalty for the crimes of the boys and girls of today.

NO WORRIES FOR TRUMAN.

Newspaper men who spend the long BUSY days in Key West and Washington with our happy-go-lucky President, say he doesn't worry. That's good. Why should our President worry?

The political big shots know how to fix things so there is nothing to worry about. When things got hot out in Kansas City after the Presidential purge of Congressman Slaughter and it looked as though a recount of the votes might show that the congressman the President didn't like had been elected after all, wasn't the courthouse safe blown up and the ballots destroyed? Sure! So, what's there to worry about?

And now the nation-wide demand for a congressional inquiry into crime and politics, isn't going to amount to so much after all. Do you think for one minute that a hand-picked senatorial committee is going to dig in the mud where there might be found some real dirt among good party workers and financial contributors? We can't afford to have the President or any one else worry, can we? Of course not!

THE OUTLOOK FOR JOBS.

It wasn't a rosy picture that the federal commissioner of labor statistics pictured over at Ann Arbor the other day for University graduates of this year. He declared that most of the professions were overcrowded and there would be few openings for some half million college and university graduates of 1950.

Maybe—but no one can tell me that the world is not overflowing with opportunities for WORKERS! Somewhere there is a JOB for EVERY graduate and if that graduate WORKS like a Trojan, and is honest with himself and everybody else he just cannot help but win success.

LOTS OF TAX MONEY—BUT.

Yes, the state does take in a lot of tax money—lots and lots of it. It takes in a lot of money for gas tax—and one rightly asks what does the state do with all of this money? The answer is not so difficult.

In return for our tax dollars we do NOT get full value. We get but a mere fraction of what we received in years gone by, when an honest day's work was honestly given and when the value of a dollar amounted to something.

Yip! They get big pay now—but go up to Lansing and see how many workers it takes to do the work that was produced by just one or two a few years back.

In fact we challenge most any one in any department to prove that the duties of most of the workers that now requires eight hours to do, could not be done easily in two or three hours—and then with time to spare. But tax dollars are easy to get—so why not "burn 'em up?"

ONE WAY STREETS.

From what we read and hear it appears that any street widening program in Plymouth is not for the immediate future. If such is the case, then maybe we had better begin to give some thought to one-way streets.

This is merely a suggestion and maybe somebody or everybody may be "madder than a wet hen"—but from observation we note that a serious traffic bottle-neck has developed along both Harvey and Forest, therefore wouldn't it be advisable to dump Forest avenue traffic out on Wing street, rather than to permit a continuation of the traffic congestion now prevailing at Ann Arbor Trail and Forest?

Harvey could also be made, for a few blocks in the downtown area, into a one-way street. A little study could easily indicate which way traffic over this street should flow. There are two or three other short sections where possibly one-way streets might help eliminate some of the congestion now being experienced.

To any casual observer, traffic on the main thoroughfares of this city has almost doubled in the last two or three years. At any rate some one-way streets is something to think about—and not "get mad" about. We don't have to do anything now, or next year for that matter, but it is an idea we might give some thought to when kicking about the delay in the movement of cars on some of our streets, as well as the traffic hazards thereby created.

Russian Hunted Escaped Czech Visits Plymouth

It must have been a most satisfied feeling that V. E. Masek, a keen, intelligent looking middle-aged man, had last Friday noon when he sat at the speaker's table at the meeting of the Plymouth Rotary club, enjoying the freedom, the pleasantries, the food and the American fellowship that prevails at all meetings of all American luncheon clubs.

Satisfied and FREE! Mr. Masek three years ago served as the last district governor of the Rotary clubs of Czechoslovakia.

Then the Russians came. It became a crime to belong to any club. Because he had been a Rotary club official he was under immediate suspicion. It was just a year ago last June when this former prominent business man and Rotary club leader escaped under cover of darkness from his native land that had been seized by the Russians. Although hunted by the

Banners and trophies won by the Plymouth debate team in the past will be on display this week in the lobby of the Plymouth United Savings bank. The trophy won by Plymouth for the state finals in 1920 will be exhibited. Others in the display include banners won for the past three years for participation in the elimination tournaments in the semi-finals; plaques for the team's qualifying in state elimination series, and a number of trophies and cups for awards in league tournaments.

A trophy for placing second in the state finals in 1936 will also be on display. The collection of trophies is the best known record for consistent debate victories.

The parade is scheduled to proceed north on Main street to Mill, down Mill street to Liberty, north on Liberty to Starkweather, then back to Main street. It will then follow Main street to Ann Arbor road and will proceed to Ann Arbor. The high school band will be assembled in front of the Rac-

Plan Addition to High School For Gymnasium, Swimming Pool

Members of the board of education will meet tonight to go over with the architects preliminary sketches of the new gymnasium-swimming pool addition to Plymouth High school. Gould and Moss, Architects and Engineers, presented the sketches to the board last Saturday.

The addition will be built on the site of the present commercial building and the Smith property. The west boundary of the addition will be adjacent to the Veterans' Memorial home.

Included in the addition will be a gymnasium that will seat over 2,000, a swimming pool and a music room. The proposed gymnasium will be separated by a partition that will divide the gym into two 50 by 100 foot sections—one for boys' classes and one for girls' classes. The partition can be folded back for basketball games.

The board of education is arranging for the tearing down of the commercial building and the removal of the home formerly owned by Al Smith shortly after the close of school. Construction of the addition is scheduled to begin early this summer.

Plymouth Track Team Wins Relay

Another first for Plymouth High school was scored last Friday when the track team took first place in the River Rouge Relays held in Ann Arbor. The team received two trophies, one for the team championship and another for the relay championship.

Members of the track team include Louis Varga, Paul Harding, Robert Anthony, Charles Todd, Calvin Becker, Gary Rodman, Jim Law, Melvin Schultz, Richard Cramb and Larry Mack.

Fifty teams competed in the relays. Plymouth scored 32, the greatest number of points. Walled Lake was second with 26 points, and Ecorse came in third with 23 1/2 points. Altogether 1000 boys were in the meet, competing in Class A, B, and C-D.

Vet Organizations to Hold Poppy Day May 26

Veterans organizations of Plymouth were granted permission by the city commission Monday night to sell poppies May 26. In case of rain Poppy Day will be held May 27. The poppies will be sold throughout Plymouth.

Kroger's to Build Market on Forest

A modern super market will be built by Kroger's on the east side of Forest avenue in the near future. The building will cost approximately \$75,000 or \$80,000. Architects for the structure will be Gould and Moss, architects and engineers, who have started work on preliminary plans.

Parking facilities for the super market are planned on Main street to the rear alley and for side parking on Forest. The building will be 100 by 120 feet. The property was owned by Carl Shear who sold it to the Atlas Finance company. Kroger's will lease from this company.

Future plans for the present Kroger location will be made public in August.

Attend Jackson Day Dinner in Detroit

Ten from this area attended the Jackson Day dinner held last Friday in the Masonic Temple in Detroit. Vice President Alben Barkley was the guest speaker on the program.

Those attending included Dr. George Timpona, postmaster; Mr. and Mrs. Russell Hoffman, Mrs. Beatrice Schultz, assistant postmaster; Ernest Henry, superintendent of mails; Don Herrick, chief clerk at the post office; Joseph Skaggs, Leslie Daniels, Harold Daggett and Douglas J. Prough, rural mail carriers.

C of C to Rent Old Comfort Station

The city commission granted permission to the Chamber of Commerce to lease the old comfort station premises on Main street for an office. The Chamber's petition for the office space stated that the premises would be improved by them at an approximate cost of \$1,600.

The commission moved to request the present tenant, Charles McConnell, to vacate within 90 days. McConnell operates a barber shop on the premises. The Chamber of Commerce's lease will be arranged following the commission's approval of rental terms.

Cardinal Dedicates New Catholic Church

Father William P. Mooney (above left), present pastor of Our Lady of Good Counsel, talks with Father Frank Lefevre (above right) following the dedication ceremonies Sunday. Father Lefevre was the first Catholic pastor to serve in Plymouth and was in this parish 18 years before being transferred to Detroit where he now resides.

Our Lady of Good Counsel Catholic church and school building was dedicated last Sunday by Edward Cardinal Mooney, archbishop of Detroit, pictured on the right. Over 60 members of the Catholic clergy took part in the dedication ceremonies. The new church building was first ready for use a year ago this month. The ceremony marked a milestone in the growth of the local parish. Several hundred local people attended the dedication.

1950 Cancer Crusade Aided by Over 100 Workers in Area

Over 100 workers are now aiding in the fight against cancer by soliciting funds for the American Cancer society which is now holding its 1950 Cancer Crusade. The funds will be used for cancer research supported by the society.

The Southeastern Michigan division of the society is not affiliated with United Foundations and does not receive financial aid from the Torch Drive. United Foundations has given \$200,000 to the Detroit Institute for Cancer Research but this does not lessen the society's need for funds. The American Cancer society's only connection with United Foundations is through financial grants given by the society.

Funds from the drive will enable those needing supplies to obtain them. \$75,000 is needed for cancer detection centers in Detroit and the southeastern division of Michigan.

Because of bad weather and Easter week activities, canvassers had a late start in the campaign. Those who have not yet been contacted, will be soon. Mrs. Austin Stecker and Mrs. Homer Frisbie are co-chairmen of the Cancer Crusade in this area. Workers soliciting funds are as follows:

Precinct 1: Mrs. William Schoof, chairman; Mrs. Dale Arnold, Mrs. James Latture, Mrs. Harrison Moore, Mrs. Joseph Witwer, Mrs. L. B. Rice, Mrs. Gerald Hix, Mrs. Fred Killingworth, Mrs. Philip Theobald, Mrs. Clayton Kops, Mrs. A. E. Gulick, Betty Dely, Phyllis Makepeace, Mrs. C. C. Willse, Mrs. Lester Daly, Mrs. J. W. Sells, Jr., Mrs. Richard Kimbrough, Mrs. Clarence Jetter and Mrs. Raymond Bachelard.

Precinct 2: Mrs. Harold Jolliffe, chairman; Mrs. Margaret Huddleston, Mrs. Donald Melow, Mrs. Jane Melow, Mrs. Goodwin Crumbe, Mrs. Ernest Robinson, Mrs. Samuel Dibble, Sr., Mrs. Agnes Wilson, Mrs. Dorothy Wood, Mrs. Marvin Partridge; Mrs. George Caldwell, Mrs. Sam Knapp and Mrs. Esta Pritchett.

Sinclair Station Observes First Anniversary

Bill Morgan and Bob Burley, owners of the Sinclair Service station on Main street, announce the completion of their first year in business in Plymouth.

In order to express their appreciation to their many good customers, Morgan and Burley are offering first anniversary specials to patrons. On the anniversary dates, April 21 and 22, they will give away many useful gifts to men, roses to the ladies and balloons to children. The station will also feature a 3-day special lubrication job at a reduced price on April 24, 25 and 26.

The service station owners look forward to many more years of friendly service to its customers, offering the finest in Sinclair products and quick, personal attention to customers' needs.

Theater Prices Are Increased

Admissions to the Penniman Allen theaters in Plymouth and Northville and the Penn theater will be increased May 1 from 40 cents for adults to 50 cents. There will be no increase in the price of admission to children.

The theater management was reluctant to announce the increase in admission. It marks the first increase in price that local theatergoers have experienced here for many years. Up until this time and during the war the local theater management has absorbed all cost increases in operation of the shows and in the steadily increasing costs of film. It has become impossible, however, to operate the theaters at present prices and absorb all the continually increasing costs, and the management is forced to pass some of the burden on to theatergoers.

Commission to Act on Heating Code Saturday

A heating ordinance, which will establish a code governing installation and maintenance of heating facilities throughout Plymouth, has been written and presented to the city commission by the local heating contractors.

Discussion on passage of the ordinance will be held at a commission meeting scheduled for Saturday, April 22, at 2 p.m. in the commission chambers. The purpose of the ordinance is to protect life and property from fire, to safeguard possible asphyxiation of persons, and to protect them from injury or an explosion from either gas, steam or excessive water pressure.

The city, at present, has no ordinance stating requirements for heating installations. Heating contractors stated at last Monday's commission meeting that an ordinance of this type is needed immediately and its passage was urged for the protection of citizens.

Allison Talks on Kiwanis History

The past history and achievements of Kiwanis was told to members of the Plymouth Kiwanis club last Tuesday night by Ernie Allison, charter member of the club. Allison is also a club past president and a past lieutenant governor of the district.

Allison told how Kiwanis has grown in the past 35 years to a membership of over 200,000. He told of the organization of the local club 25 years ago next October. It now has over 80 members.

Next week members will attend the International meeting in Windsor at the Prince Edward hotel. The meeting will celebrate international night for Michigan and Ontario.

25 Phone Calls All For 50c...

Last week Mrs. T. O. Baker who resides in Dearborn inserted an apartment for rent ad in the Plymouth Mail busy classified columns and by Saturday had received 25 phone calls about the apartment located here on south Main street. Mrs. Baker rented the apartment and was more than pleased with the response to her ad... and said she received calls not only from Plymouth but Pontiac, Detroit and Ypsilanti as well. Plymouth Mail classifieds will work for you too.

Shower Honors April Bride

Linen gifts were presented to bride-elect Caroline Goodale at the shower given in her honor by Mrs. H. H. Bond and daughter, Irene, at their home on April 6.

After an evening of games, the co-hostesses served buffet supper to Miss Goodale, and her mother, Mrs. Loren Goodale, and 13 guests. The table was decorated with a wedding cake topped by a miniature bride and groom and white satin streamers.

Another pre-nuptial party which honored Miss Goodale and her fiancé, Robert George McMullen took place at Saratoga Farms on April 13.

Mr. and Mrs. Robert J. McMullen of Ten Mile road, South Lyon were hosts at dinner following the wedding rehearsal at the First Methodist church in Plymouth.

There were 19 guests present.

Win Corsages at Frigidaire Cooking Show

Lucky corsage winners at the cooking demonstration April 12 were Mrs. Ralph Stiff, newest mother; Mrs. Bessie Young, eldest person in attendance; Mrs. Morris Cope, newest bride, and Mrs. O. Archer, youngest grandmother at the show. The demonstration was given before a full house at the Penniman Allen theater. St. John's league sponsored the show through the courtesy of Wimsatt Appliance store, local Frigidaire dealer. Miss Mary Ripslinger, chief home economist for Frigidaire and General Motors, conducted the show.

Four Hundred Guests Attend McMullen-Goodale Nuptials

Five bridal attendants wearing bouffant gowns of nylon marquisette preceded Caroline Lorene Goodale to the altar of the First Methodist church when she became the bride of Robert George McMullen on Saturday evening, April 15.

Lighted tapers in cathedral candelabra complemented the altar setting of palms and baskets of white gladioli and stock. Wedding music was provided by organist, Fred Nelson, and soloist, Ruth Campbell, who sang "Because" and "The Lord's Prayer." Dr. Frederick G. Poole officiated at the candlelight service.

Escorted to the altar by her father, Loren J. Goodale, the bride wore a gown of white Chantilly lace designed with fitted bodice, heart shaped neckline, and long sleeves. Seed pearl embroidery and crystal beads accented the shoulder of the bodice. Flounces of the rose patterned lace were used in peplum fashion on the skirt, which ended in a circular train.

A fingertip veil of illusion was secured in place by the bride's sheared bonnet of tulle. Clusters of orange blossoms trimmed either side of the bonnet. White carnations and tulle encircled a white orchid in the bridal bouquet.

The bride asked her sister, Barbara Jean to act as maid of honor. For her duties, Miss Goodale wore an orchid nylon marquisette gown styled with hertha collar, puffed sleeves, and full skirt detailed by panels of ruffles. She wore a matching princess cap and carried a bouquet of yellow carnations tied in white tulle and yellow satin.

Gowns identical to the maid of honor's in the hues of the rainbow were worn by the bridesmaids. Beverly Ann Goodale, sister of the bride, and Avis Zander selected pale green, while Irene Bond and Patsy Wickens

Mrs. Robert McMullen

chose yellow for their dresses. They wore princess caps in shades matching their gowns, and carried pink carnations tied in white tulle and pink satin.

Richard A. McMullen, served as best man for his brother. They are the sons of Mr. and Mrs. R. J. McMullen of Ten Mile road in South Lyon. Ushers were George, H. Rathbun, cousin of the bride; Robert Darby, the bridegroom's cousin from Grand Rapids; Clair Hoek of South Lyon; and Henry Chamberlain of Ann Arbor.

The Plymouth Masonic temple was the scene of the reception which took place following the wedding. Four hundred guests came from Flint, Ann Arbor, Grand Rapids, Wixom, Northville, Detroit, South Lyon, Ypsilanti and Plymouth for the occasion.

To greet her guests at the reception Mrs. Goodale wore a formal length gown of hyacinth blue lace and chiffon. Matching accessories and an orchid corsage completed her outfit. Mrs. McMullen selected navy blue lace and crepe for her formal dress. Her accessories were white, and she wore an orchid.

For their wedding trip to Canada, Mrs. McMullen traveled in a navy blue suit with matching accessories. Her corsage was the orchid from her bridal bouquet.

After April 24, Mr. and Mrs. McMullen will make their home on Joy street.

The bride was a member of the graduating class from Plymouth High school in 1946. Mr. McMullen was graduated from South Lyon High school.

Dearborn Women Honor Miss Waterman at Tea

The Dearborn home of Mrs. August Riecks was the setting for a tea on Saturday, April 8, when Mrs. Riecks and Mrs. George Tessmer entertained in honor of Claudine Waterman.

Invitations were sent to 75 friends of the guest of honor from Northville, Dearborn, Alpena, Ohio and Plymouth.

On Sunday afternoon, April 16, Mrs. John Witzig feted the bride-elect with a miscellaneous shower. The bridal party took place in Dearborn.

The daughter of Mr. and Mrs. Claude Waterman of Reservoir road, Miss Waterman will be married to Robert Tessmer on June 24. The ceremony will be solemnized at the First Presbyterian church in Plymouth.

Grange Cleanings

The regular meeting of the Grange will be held this evening at the hall. A program will be presented and educational pictures shown.

The new stairs and rubber treads are a decided improvement.

The meeting of May 4 will be of special interest so it is hoped that the members will attend 100 per cent. It is a supper meeting at 6:30 and a fine program is being prepared. It means some planning and work to arrange a program and it is discouraging to those who do so, to have only a small attendance.

Alma Choir Will Present Concert in Northville

The A Cappella choir of Alma college will present a concert at the First Presbyterian church in Northville at 8:15 p.m. April 25. John Bachelder of Plymouth is among the 52 students comprising the choir.

In building its concert program, the choir presents well chosen groups representing several important periods in musical literature. From melodies of Palestrina and Bach they will progress through a varied series including spirituals to the modern composition of Rogers and Hammerstein from "Carousel."

The choir, organized in 1930, has steadily advanced in popularity and musical accomplishment until today it is recognized as one of the leading choral groups in the Midwest. Students are carefully selected for membership.

Professor John A. Merrill, head of the Alma music department, is director. His experience encompasses activities with the Toledo Light Opera association and Manhattan Productions, Inc., as chorus master. He graduated from Ohio State university, and after graduate studies at the University of Michigan and Michigan State college, he received his master's degree in 1948.

Tickets for the concert are available at the church or may be obtained from S. K. Stephens at the office of The Plymouth Mail.

This View Shows Vastness of New Ford Plant Being Built at Corner of Plymouth and Middlebelt Roads

In spite of the rain, the freezing and the snow workmen have been rushing completion of the foundations for the vast new Ford central service parts depot under construction at the northwest corner of Plymouth and Middlebelt roads where more than 1400 men will be given employment.

The new building will have almost a million square feet of floor space. It will face

Plymouth road and the office portion of the structure will be two stories high. The parts depot section will be of one story construction and one of the largest buildings in this entire area under one roof. The structure over all will be 1,230 feet long and 720 feet wide.

In addition to the central parts depot, the structure will house the Central Region and Dearborn District sales offices

of the Ford division. While no announcement has been made as to the time of completion of the structure, it is apparent from the way that work is being pushed it will be ready for use in the summer

or early fall. This new Ford project brings to the Plymouth area the fourth big industrial development within the past three years.

Plans Underway For Kiwanis 35th Convention May 7

Combining an outstanding speaking program with the foremost in entertainment, Kiwanis International is injecting all of the color of a Broadway spectacle into the plans covering its 35th annual convention, May 7 to 11, at Miami.

By Becker, president of the Kiwanis club of Plymouth, said today that reports from the southern resort city indicate that the organization's 1950 meeting will be "superb from the standpoints of sheer brilliance and big name talent."

A majority of Kiwanis International's 3,150 clubs throughout the United States, Canada, Alaska, Hawaii and the Yukon Territory will be represented at the convention and registration for the five-day assembly is expected to approximate 10,000, Becker said.

Latest in the galaxy of nationally known figures to join the Kiwanis convention program are Paul G. Hoffman, administrator of the Economic Cooperation Administration, and Rep. Walter H. Judd, Minneapolis, former Chinese medical missionary and recognized as one of the outstanding speakers in the Congress.

Others who will address the meetings include Secretary of Defense Louis Johnson; General Carlos P. Romulo, president of the United Nations; James M. (Jimmy) Fidler, Hollywood radio commentator; the Rev. Marshall R. Reed, bishop of the Methodist church in the Detroit area; John Fisher, Toronto, widely known Canadian newspaperman, and J. Hugh Jackson, dean of the graduate school of business at Stanford university, Stanford, California, and president of Kiwanis International.

In Boston, Clerk Lawrence R. Grude of the Massachusetts House of Representatives breathed easier after legislators killed a bill to regulate the waters of Lake Chagogogogmanchehauggagoggchaubunagungamaug.

Plan Central PTA Fathers' Night

Fathers will take over the next meeting of the Central Grade school PTA May 2 for the second annual Fathers' Night to be held at 3 p.m. in the high school auditorium.

An audience participation program and three novelty acts are planned for the evening's entertainment which will follow a short business meeting. In order to give the fathers time for preparation for the show, the meeting date was moved to May 2 from April 25. The program is open to the public and proceeds will go to the Central PTA fund for school projects.

Roy Rew is general chairman for the program and his committee consists of George Conover, William Loesch, Fred Killingworth, Warren Smith, Elvin Taylor, George Clifton, Bernard Curtis and Cliff Noll. Tickets may be secured from any committee member or from Central Grade school children.

O.E.S.-Masons Hold Annual Ball

Plans have been completed for the O.E.S.-Masonic Ball which will be held Saturday, April 22, at 9 p.m. in the Masonic Temple. Mel Michaels and his orchestra will provide the music for the annual affair.

Besides ballroom dancing, the committee has arranged for square dances during the ball. Herman Scheels will be the caller. Refreshments will be served following the Grand March. Charles Huebler, worthy patron, is general chairman of the ball, which is semi-formal.

Tickets may be procured by calling Mr. Michaels at 464-J or Mrs. Huebler at 488-J1. Tickets will also be sold at the door.

Scores First Ace of Golf Season

First Hole-In-One scored this season in the Detroit area and as far as can be determined in the entire state, was made on a Plymouth golf course Saturday. Walter Handzlic, 9390 Warwick, Detroit, scored the ace at Hilltop Golf club.

The 24-year-old golfer sank his tee shot on Hilltop's tricky sixth, using a 7-iron to cover the 145-yard distance. Handzlic, who has been playing for only four years completed the 9-hole circuit in 50 strokes. Witness to goldfome's greatest feat, as performed at Hilltop Saturday afternoon, was Francis Willingham, of Dearborn.

Odd Fellows-Rebekah News

The Initiatory degree was worked on two candidates Tuesday and a petition read for a transfer to our lodge.

The third degree practice was well attended, 16 being present. Degree Captain Hearn, P.G., would like at least four more. If you would like to be a member of this degree team, call him at Livonia 2232.

The anniversary of Odd Fellowship is being celebrated at the hall this Friday evening. The Grand Master of the State of Michigan Odd Fellows will be present to deliver the address. Mr. and Mrs. Santer of Detroit will render the solo selections. Brother Carnes will be master of ceremonies.

Brother Mastie is greatly improved and expects they will remove the large cast from his leg in a few days.

Next Tuesday we will entertain the champion Euchar players from Novi lodge.

The committee has secured some very good entertainment for the Mother-Daughter evening, May 5.

Russian-Hunted Escaped Czech Visits Plymouth

(Continued from page 1) Commins, he no longer fears them because he is now in free America. A German lad hid him and three or four others under a canvas in a truck, and through good fortune and a heavy rain he was able to get through the strongly guarded border line, making his way to territory occupied by Allied troops. "Here you can talk with anybody at anytime without fear of being thrown into a prison camp. In my native country under the Russians if you stopped to talk with a friend or neighbor you met on the street, both of you were seized and thrown into prison," he told a Plymouth Mail reporter. "It is so good to be able to talk with people and do as you please without being in danger of being seized by the secret police and put in jail," he commented as he exchanged greetings with Rotarians about the room.

What is this former prominent business man of Czechoslovakia doing now to make a living? He is working in a gas station over in Taylor Center on Telegraph road. He came to the Rotary meeting with Ralph Lyon, one of the charter members of the Taylor Center club. "The people of our place are proud to have Mr. Masek a member of our community," said Mr. Lyon. "The Russians got into our country by promising the people everything. But what a sad misadventure it has been. Our people now have nothing. The Russians have taken everything, including our freedom and our citizenship," said Mr. Masek. "Information gets out of our country in many ways so we know just what is going on back of the Iron Curtain," he said. "If it were possible for them to do so, I know that the vast majority of our people caught back of the Iron Curtain would do almost anything to get out from under the Communist rulers."

Optimists Elect New Officers

At the annual meeting of the Plymouth Optimist club April 3, officers and directors for the coming year were elected. Austin Stecker was elected the new president, succeeding Howard Carson. Other new officers that will supervise the service club's activities include Robert Hudson, first vice president; John Wimsatt, second vice president; Robert Minock, secretary; Charles Finlan, treasurer, and Bill Aluia and Bill Eger, sergeants at arms. Carson, Robert Smith and Fred Kendall are the new directors. A BIG LITTLE DRIP. Say, Dad, if you are just too lazy to fix that dripping faucet in the bathroom, it may interest you to know that a faucet leaking at the rate of one drip a second will waste about 175 gallons of water in a month.

Juniors, Seniors Discuss Future Careers Today

(Continued from page 1) John Potts, assistant Wayne County agricultural agent; Mrs. John P. Morrow, homemaking and other phases of home economics; Mrs. Marian Jackson, Michigan Bell Telephone company, and Leo Kowalek, chief of maintenance at Plymouth public schools, building trades. A booth will be set up for students to register requests for information about fields not listed. General chairman for the conference is Miss Ruth Butts and F. Walter Goodwin, mathematics instructor at Plymouth High school, is conference moderator. Lack of B vitamins leads to nerve conditions such as irritability, bad temper, lack of muscle tone and poor digestion. Bread and most other grain foods are excellent sources of thiamine, niacin and riboflavin, in addition to the calories, protein and minerals needed in our diets.

Tell of Fall of Bataan at Hi-12

Members of the Plymouth Hi-Twelve club last night heard Joe Merritt tell of his experience as a member of the U. S. Armed Forces that participated in the fall of the Philippines. Merritt told of conditions in pre-war Manila, Pearl Harbor day, the story of the defenders of Bataan and of the surrender. Gail Bain, one of the soldiers who participated in the Death March from Bataan, told of his actual experiences on the Death March. Halvar Blomberg has secured the film, "The Natural Bridge," for the April 28 meeting of Hi-Twelve. A 1949 model car driving down Hollywood Boulevard evidently belonged to a disgruntled owner. For boldly painted on its side was the warning: "Watch out for flying parts."

REV. ROBERT H. HARPER
Amos Attacks Social Injustice (Temperance)
Lesson for April 23: Amos 4:1-2; 6: 1-6; 8: 4-7.
Memory Selection: Amos 5: 15.

OUR LESSON TEXT begins with the denunciation by Amos of the intemperate women of the time. He calls them "kine of Bashan." They abused the poor and needy and constantly urged their husbands to arrange drinking parties. It is claimed that more than 50 per cent of the women of our country are drinkers. Many of them do not hesitate to go into bars and drink along with men.

The prophet also spoke against those who were at ease in Zion. They were wont to lie on beds of ivory, to feast, to sing, to drink, regardless of the nation's misery, of the poverty and affliction that were widespread.

Amos wrote that God had solemnly vowed not to forget the evil deeds of those who were swallowing up the needy. With faulty weights and measures they defrauded the poor and they lived luxuriously on the people's misery. They kept the people poor that they might be rich.

It is tragically true that many American women have taken to the bottle. The country needs to be aroused over the many evils in our economic life. And we should be stirred over the increasing use of strong drink by all classes and conditions of our people. The individual and the church cannot afford to temporize and compromise in the matter. Let us be aroused to the dangers that beset our country at the present time.

Film on Talking Fish Shown at Calvary Baptist

Underwater sounds—never before heard by human ears—are the dramatic subject of a new Moody Bible Institute science film, "Voice of the Deep," to be shown at the Calvary Baptist church, Ann Arbor trail and Elizabeth street, Friday, April 28 at 7:30 p.m., according to the Rev. P. J. Clifford, pastor.

Produced in full color and sound by Dr. Irwin A. Moon, the film makes obsolete the old saying about the "silent deep." Garibaldi, snapping shrimp, porpoises, croakers, and other marine animals are heard for the first time making their unique fish noises into the hydrophone (underwater microphone).

Discovery that fish talk was made accidentally during the war. The United States Navy, intending to use the hydrophone to warn of the approach of enemy craft, submerged a network of the delicate instruments into the waters of Chesapeake Bay. But on their first trial, the hydrophones indicated enough noise in the bay for the entire German Navy, thousands of miles away.

Baffled, researchers set out to find the cause. They found that a school of croakers, not the German Navy, had been responsible for the mysterious sounds. In other words, fish talk!

Later investigation into the underwater sounds was made by the University of California's division of war research. One of the men directing this survey was F. Alton Everest, also associate director of Moody Institute of Science, who provided Dr. Moon with the specialized knowledge necessary for "Voice of the Deep."

Insulation of old houses, done correctly and at reasonable costs, will pay off over a number of years, say agricultural engineers at Michigan State college.

In Albany, New York, Joseph Padersky, charged with arson, admitted he had burned the building because he had always had bad luck at poker there.

Trout Season to Open April 29

Plymouth anglers who are unable to make the trip north when trout season starts April 29 can fish a number of streams, creeks and special ponds below the Bay City-Muskegon line, one just two or three miles north of the city.

Legal-size trout plantings were made by the conservation department last year and most locations will have been further stocked by opening day.

There is at least one trout fishing spot in every southern county except Wayne, Monroe, Lenawee, St. Clair, Huron, Sanilac, Tuscola and Saginaw. Anglers unfamiliar with closest locations can check with the local conservation officer.

Included are a few special ponds with regulations which specify a limit of two fish a day, fishing from one hour before sunrise to one hour after sunset, artificial fly fishing only, and no boats or rafts may be used. These ponds are the Cook and Bates, Barry county; Wilder, Calhoun county; Sumnerville, Cass county; Ponds one and two at the Hillsdale state fish rearing center, Hillsdale county; Portage creek, tributaries and pond, Jackson county; Bald Mountain and the Fenton state fish rearing pond, Oakland county; Sylvan, Wash-tenaw county; Ionia, Ionia county; and Belmont, Kent county.

At all other southern trout waters not designated as special trout ponds choice of bait is not restricted to artificial flies nor are the hours limited. And the number per day or in possession may not exceed five from lakes or 15 from streams or creeks, but not more than 10 pounds and one trout may be taken.

7 Attend State PTA Convention

Seven members of local PTAs will represent Plymouth at the state convention of the Michigan Congress of Parents and Teachers in Kalamazoo April 26. The 3-day convention begins April 25.

Members of the Central Grade school PTA who will attend are Mrs. Nellie Bird, Mrs. Philip Theobald, Mrs. J. F. Belobraydic, Mrs. John Zimmerle, Mrs. T. H. Roberts and Mrs. Douglas Ham-mial. Mrs. Steve Veresh will represent the Starkweather PTA.

Mrs. John E. Hayes, president of the National Congress, will be present to accept the first contribution of money toward the national headquarters in Chicago which will be constructed soon. This will be the first and only building of its kind that will be used exclusively and dedicated to the welfare of children and youth.

Pianist to Give Recital Tonight

A piano recital by James Fields will highlight the meeting of the Starkweather PTA tonight at 7:30 p.m. in the school gymnasium.

At one time Fields was a concert pianist but retired from the concert stage some years ago. He is now employed at Edgewood school and has appeared recently on radio and television shows. The public is invited to attend the recital.

Mrs. Velma Jewell is entertainment chairman for the evening. Installation of officers and a social hour will follow the piano program. Assisting Mrs. Clifford Wood on the refreshment committee will be Mrs. Violet Paulger, Mrs. Edith Ebersole and Mrs. Ruth Van Wagoner.

A good resolution for the new year is to farm in such a way that if your farm could choose its operator it would still choose you.

By CARL PETERSON

If you blow, tweetle, toot or fweep, you may be interested in the news that Hamelin, Germany, needs help. Hamelin is the town where the Pied Piper is supposed to have enchanted the rats with his flute playing. It's hardly a Toscanini audience, but the Piper piped the rodents out of town. When the city fathers failed to pungle up his fee, the Piper fluted another tune and enticed all the children out of the city. Now the rats are back in the wheat bins and this naturally goes against the grain. The city is paging another piper... and this time, they promise to pay "toot sweet".

SPRING... it's wonderful. Now maybe work will begin on paving Forest avenue. We, too, will welcome this vast improvement to our business area.

Ralph Edwards of "Truth or Consequences" is offering \$1000 for the appearance of a little man from a flying saucer on his program. That's a lot of money for a disc jockey. Farm Group Discusses Prevention of Depression

"Can the Government Prevent a Depression" was the topic of the discussion at the April 11 meeting of the Livonia Farm Bureau. It was held at the home of Mr. and Mrs. Harvey Wagenschutz on Six Mile road.

Vice Chairman Mijal conducted the meeting. The next meeting will be held May 9 at the home of Mr. and Mrs. Levi Pankow on Six Mile road.

Many Activities Available to Plymouthites in Coming Summer

April showers—May flowers—then comes the season of summer fun and activities. Your city recreation department is attempting to help your planning of leisure hours for the summer.

For those who are baseball or softball inclined, they will find ample opportunities to be a spectator or take part in one of at least 11 leagues being formed in these two sports in Plymouth.

There will be softball for: Old Timers', Industrial Men, Men's Open League, Women's Inter-City, Boys 18 and under, Boys 16 and under and playground leagues for younger boys and girls. Baseball leagues for boys 18 and under, 16 and under, 14 and under, and 12 and under to eight.

Playground activities such as twice weekly trips to Rouge Pools, twice weekly day camp, art and crafts of various kinds at the playgrounds, story hours, and games of different kinds. There will be evening supervision for Tot Lot activities at the Starkweather and Sutherland playgrounds from 7 to 9 p.m. during the week days. The regular playground schedule will be 10 to 12 a.m. and 1 to 5 p.m.

For those who like picnics, outings and free play, Plymouth, because of its location, about midway in an eight mile stretch of the Wayne County Middle Rouge park, has easy access to about 600 acres of park area going from Newburg to Northville. Scores of picnic tables, stoves, teeters, swings, slides and several sand boxes. There are 10 tennis courts, at least 30 horseshoe courts, eight shuffle board courts, two wading pools, eight softball fields, two baseball diamonds and two football fields. There are canoes available from a private concession on Newburg lake. There are 13 comfort stations

throughout the park and permanent concession stands selling ice cream, souvenirs, and soft drinks during the summer.

Other activities available for Plymouth people are the Wayne County library, good theaters, golf courses, riding stables, bowling alleys, weekly teen-age dances, summer band and concerts, 12 churches, boy scouts, girl scouts, cub packs and brownies.

Plymouth seems to be well organized in clubs and organizations that reach or could include all age groups. If this article doesn't include something to your liking for summer recreation, come to the recreation office in the city hall and talk it over with Mr. Woolweaver, Plymouth recreation director.

Miss Beth Hoheisel of Blank street has been hired as supervisor of playgrounds and women's activities for this summer to fill the vacancy made by Miss Delores Loewe who recently decided to attend summer school at Wayne university.

Miss Hoheisel will begin her summer's work June 19 when she holds daily training classes for all playground leaders in the recreation room at the city hall.

This training clinic will be conducted for that week and playgrounds at Central, Starkweather and Sutherland will open Monday morning, June 26 at 10 a.m. and close August 18.

Phil Bosman, former athlete at Plymouth High school and at present a student at Ypsilanti Normal, will take over where Doug Slessor of Northville left off as our softball and baseball supervisor for men and boys' league activities.

In El Paso, Frederico Taron explained an assault charge by explaining: "I didn't hit anybody but my wife."

Square Dancing in High School Gym Tonight

Tonight, Thursday, in the gym of Plymouth High school, the Adult Square Dance club will hold another of their square dances starting at 8 p.m. The next and last square dance will be held on May 4.

The committee for the dance tonight will include Mr. and Mrs. James Warren, club president; Mr. and Mrs. Goings and J. Goddard. Scott Colburn will furnish the music and calling for the evening. At the last square dance approximately 35 people were present.

Rock Golfers to Meet Wayne in 1st League Meet

The Plymouth Rock golfers play their first league meet of the season with Wayne at Plymouth Country club golf course today, Thursday, after opening their season with Ann Arbor Tuesday.

With unfavorable weather holding them up, the Rock linksmen have not had a chance to get much practice so far this season although they have squeezed in a few drills to date.

A new plan for choosing the first four men of the golf team this spring has been set up by the golfers new coach, Hilton Ponto, who also mentioned the Rock football squad. For the first time this year he has inaugurated the elimination tournament plan.

The Rocks lost only two meets last season, these being to a strong Ann Arbor four, a class A school. The Rocks were undefeated in the league and they took the league and regional titles.

The first four men are expected to include last year's four lettermen again who are Bill Farwell, Jerry Walsh, Henry Levering and Douglas Jetter. Coach Ponto stated that the boys would be picked by their ability, however, and not by their experience.

Following is the 1950 Plymouth golf schedule:

- April 20 Wayne
- April 24 Northville
- April 28 Ypsilanti
- May 2 Northville
- May 4 Wayne
- May 9 Ann Arbor
- May 10 Lincoln - Van Dyke
- May 12 Redford Union
- May 15 Lincoln - Van Dyke
- May 16 Ypsilanti
- May 18 Redford Union
- May 20 Regionals

* Denotes home games.

Shorts in Sports

by Al Larson

Although on the screen a movie star sometimes appears to be anything but an athlete, he may have gained top recognition as an athlete, and a politician may also have looked good on the gridiron or in other athletic endeavors.

As strange as it may seem, following are some athletes who became well known not because of their great athletic ability, but gained prominence in another field.

Dwight D. Eisenhower was one of the most promising young ball players in the minor leagues 30 some years ago.

Leo Durocher, as a boy of only 16, defeated the world champion billiard player, Willie Hoppe, by running off 50 consecutive points.

Lou Costello was once a very brilliant basketball player and for a while he played semi-pro basketball. He was a top notch scorer and all around good sportsman.

There once was a boy who was so sickly that the doctors told him that he would never be able to play sports but he became an excellent wrestler, a fine swimmer, a crack tennis player, a marksman with the rifle and a horseman. He was one of the best horsemen America had; his name was Theodore Roosevelt.

Many years ago there was a youngster who wanted to become a major league pitcher. He got an offer from the New York Giants and then broke his arm accidentally. His name was Bob Ripley—believe it or not.

Victor McLaglen was once the heavyweight champion of the Pacific Northwest and he fought Jack Johnson back in 1906.

Johnny Mack Brown was a famous All-American football star who used the gridiron as a stepping-stone to movie fame.

A young red headed football player by the name of Ellis Jones became one of the most famous All-American gridiron heroes in the annals of the game, even though he only had one arm.

Harry S. Truman once wanted to be a baseball player but because his eyes were bad the other boys would not let him play with them. They decided to let him be the umpire and he is still directing things as president of the United States.

There once was a football coach at Princeton university who hated politics so much that he fired a star player because the player was thinking of politics in means of winning the game. The coach's name was Woodrow Wilson.

An obscure tennis pro who once worked at a summer resort in the Catskills is today far better known as the motion picture heart throb, Van Johnson.

George Raft in his early and unknown youth was a prize-fighter. He was also mascot of the New York Yankees.

Boys' Softball Teams Organize

All managers, coaches, captains or boys wishing to enter teams in the Boys' Softball league are to meet in the Plymouth Recreation office Monday, April 24 at 4 p.m.

Two teams have already shown their desire to enter the D league, 18 and under, and three teams are expected to enter the E league, 16 and under.

Squads entered in the D league include the Wayne County Training school Red Birds, coached by Clare Ebersole, and the South Side Barbers, managed by Al Larson. In the E league the training school has two teams listed and coached by Ebersole which are the Falcons and Indians. A third team is the Black Hawks managed by Charles Miller.

On Friday, April 23, teams wishing to enter the Midget baseball league or the Class F league are to meet in the city recreation office at 4 p.m.

Seek to Form Baseball League for Boys Under 21

The city recreation department is interested in providing, if possible, a league for all who desire to play ball this summer. At the present time there seems to be a need for a C league (young men under 21). If enough are interested, an attempt will be made to form an inter-city league.

All those who fit in this age group, call Phil Bosman, 31-J, or Jack Scheel, 672-W, as soon as possible.

Tentative plans have already been made to form such a league and to play the games on Sundays.

In Muscatine, Iowa, police searched high and low for William Newsander, charged with desertion from the Air Force, found him at the annual policeman's ball.

Rock Nine Opens Baseball Season With Belleville

Only one week remains before the Plymouth Rock baseball team opens its season with their initial contest at Belleville. However, because of unfavorable weather, practice has been held to a minimum in the high school gym.

Four lettermen returned to the Rock nine this season, which poses Coach John Sandmann with a large task of shaping into form a winning combination and also the fact that the majority of the boys have been unable to practice.

At the present time, 35 boys signed up for baseball which includes four lettermen. Dave Reitzel, pitcher; Bob Gow, catcher; Dick Fenton, shortstop; and George Hunter, third base. Other boys who made up the team last season and are back again this season include Lloyd Campbell, Wally Dzuris, Phil Jacobus, Dave Travis and Jerry Finnegan.

Of the 35 boys signed up, eight are going out for pitcher, five for catcher, 10 for infield and 12 for the outfield. Probably 18 boys will stick with the varsity squad.

Last season the Rocks finished third in the league and during the whole season compiled a record of six wins and three losses, defeating Northville twice.

Dave Reitzel, Rock hurler for the past two campaigns, starts the season with an unmarred record in high school, chalking up five victories and nary a defeat. Dave also pitched and won eight straight games in the Western Wayne Class D league last summer, including a no-hitter.

Following is the complete baseball schedule:

- April 27 Belleville
- May 1 Trenton
- May 4 Wayne
- May 8 Redford Union
- May 11 Ypsilanti
- May 15 Belleville
- May 18 Trenton
- May 22 Wayne
- May 25 Redford Union
- May 29 Ypsilanti
- June Northville
- June Northville

ANN ARBOR TO HOLD ANNUAL SPORTSMAN'S SHOW ON APRIL 22-23

Predicting a show that will be "the best ever" President Alex L. Fox announced the forthcoming Ann Arbor Annual Sportsman Show at the Fox Sporting Goods Store on Saturday and Sunday, April 22 and 23. Fox, president of the Fox Tent and Awning Company, said "that nothing had been spared in bringing together under one roof America's finest sporting goods equipment." The show, which will be open from 2:00 p.m. until 9:00 p.m., on both days, will, in addition to a complete display of sport equipment, include music, entertainment, free movies and all kinds of interesting live displays—complete with valuable door prizes.

Fishermen may see the most ingenious of tackle ever devised and watch the nation's finest experts display uncanny skill and ability with the "fly and reel".

Campers will conclude from the exhibit that they will be able to enjoy every comfort of home while out in the "wilds" this summer. In addition to all types of tent, waterproof clothing and bug-proof bedding there is featured "canned" foods which antiques the need for a fire for the purpose of getting steam.

The latest in light canoes, the latest word in powerful outboards, and the best available in men's and women's sportswear will be shown.

For those with a natural propensity for the sedentary life there will be displayed sun and porch chairs, deck and lawn chairs, tables and awnings.

There will be equipment and experts on hand for any and all gun or archery enthusiasts.

In fact, there will be on hand everything in the line of sports, from softballs to powerful outboard motors and boats.

Fox invites everyone to attend this "bigger and better" sportsman show which will be held at the Fox Sporting Goods Store at 624 S. Main Street, Ann Arbor.

Women's League to Begin May 30

With the Women's Inter-City softball league season starting May 30, a meeting of all managers and coaches was held in the recreation office at Wayne April 13 to get teams organized.

Present at the meeting were Twin Pines and Champion Corrugated from Plymouth, and a team from Northville and one from Wayne. Those absent were Willow Village and Ypsilanti. DeHoCo is also expected to enter a team.

It was decided at the meeting that Peg Huband of Wayne would be the director of the league. The league this year is to be an all-ladies affair with the manager, coaches and others playing on the team, to be women. The only men having anything to do with the game will be the umpires.

It is hoped that all the games will be played this year on Tuesday nights.

House for sale? Use a classified ad. Call 6 or 16. Deadline is Tuesday at 5 p.m.

Tennis Team Meets Wayne

The Plymouth High school tennis team opened their racket season with Ypsilanti at Riverside Park last Tuesday. The locals will play Wayne today.

Last season the Rocks finished third in the league and third in the regional meet. The Suburban B league conference meet will be held in Plymouth this year May 13. The regionals will be played at Monroe on May 20. Hoping to finish a favorable season again this year the Plymouth racketeers will attend the state meet in Kalamazoo on June 2 and 3.

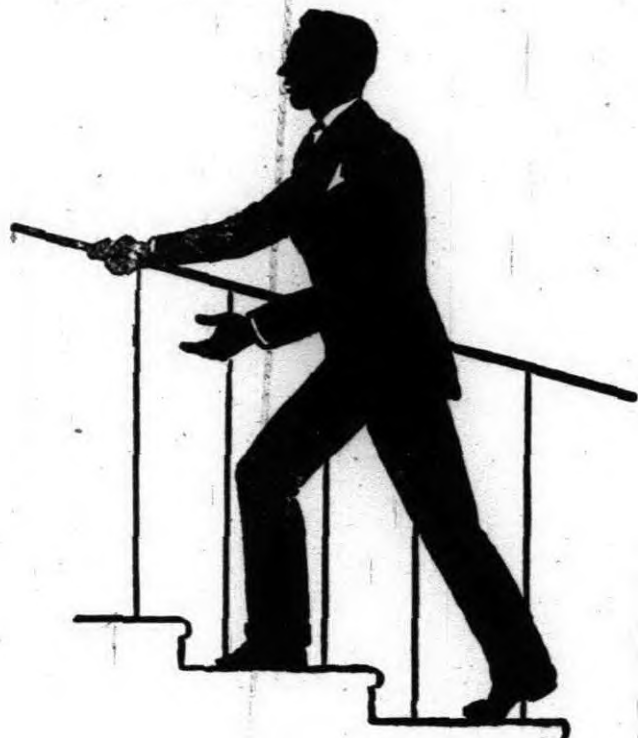

Redford Union is the only team in the Suburban B league not supporting a tennis squad. All the Rock home meets will be held at Riverside Park tennis courts at 3 or 3:30 p.m.

Following is this season's schedule:

April 18	*Ypsilanti
April 20	*Wayne
April 27	Belleville
May 2	*Trenton
May 4	Ypsilanti
May 13	*All Conference Meet
May 16	*Belleville

Admiral DUAL-TEMP REFRIGERATOR

There are others that are **New**, but none so truly **Modern!**

Before buying a refrigerator, make sure it passes these 4 tests

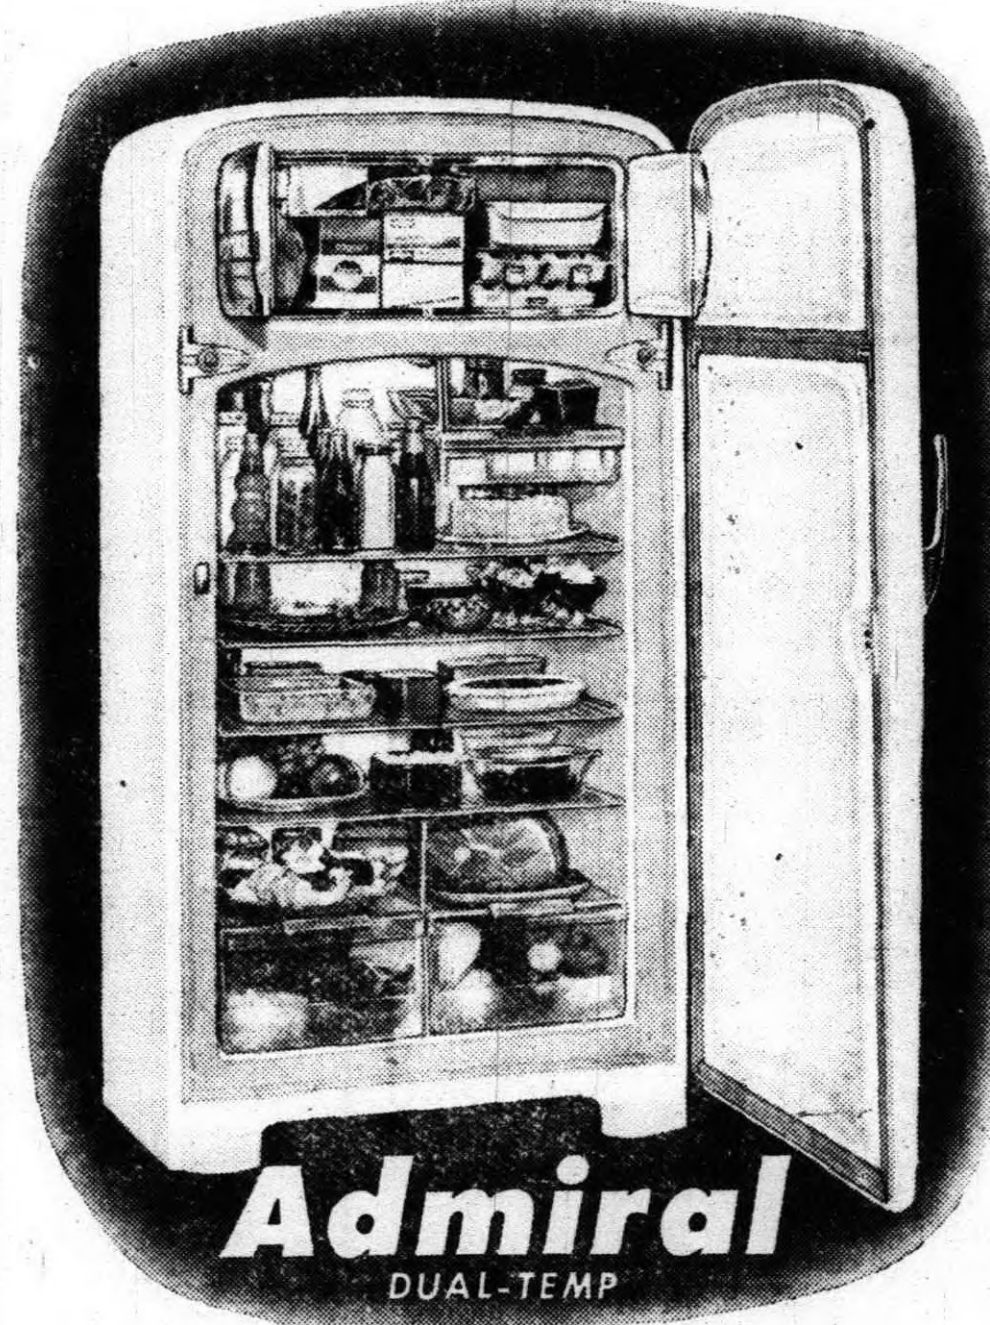

1 The housekeeping test: Will your new refrigerator burden you with the nuisance of weekly defrosting? Not if it's an Admiral Dual-Temp. Admiral's exclusive mistrol automatically evaporates excess moisture. Foods don't dry out. Flavors don't mingle.

2 The frozen food test: Are you able to quick-freeze fruit, meat, leftovers at 20° below zero? Yes, if it's an Admiral Dual-Temp. Its separate freezing locker quick-freezes and stores up to 84 pounds of food.

3 The fresh food test: Will fresh foods dry out and lose flavor? Not if you choose the Admiral Dual-Temp where fruits, meats and vegetables thrive in the cool, dewy atmosphere. The Sterilamp helps kill "ice box" odors and retard mold growth.

4 The storage space test: Want lots of storage space—without crowding kitchen? Then you want our new 1950 Dual-Temp. Your choice of 13½ or 10½ cubic feet of storage space, in streamlined, compact cabinets.

Admiral Dual-Temp passes with a PERFECT SCORE!

No defrosting—no dish covers needed—no smudging of flavors. Much more room than last year's models, at no increase in price!
The new Dual-Temp has features others haven't. It does things others can't. Come in—and see for yourself.

Yes: Commissioners Fisher, Hammond, Hough, Tibbitts and Mayor Richwine.

No: None. The City Clerk read a communication from the Michigan Municipal League regarding Natural Gas utilities.

The following resolution was offered by Commissioner Hough and supported by Commissioner Tibbitts:

WHEREAS, Enactment of the Kerr Bill (S1498) amending the Natural Gas Act would remove from Federal Power Commission regulation the price paid for natural gas to independent producers and gatherers; and

WHEREAS, if the bill is enacted into law, the monopoly or near-monopoly position of the suppliers of natural gas would permit price increases controlled neither by competition nor by regulation, and thus in effect provide for an unregulated public utility, and

WHEREAS, these price increases would undoubtedly have to be passed on to distributing companies and then to the ultimate consumers, and thus work severe hardship on both residential and industrial users of natural gas in our community through increased prices and without recourse,

THEREFORE, BE IT RESOLVED that the City Commission of the City of Plymouth, Michigan, does hereby express its opposition to the Kerr amendments to the Natural Gas Act and respectfully urges the President of the United States to veto in the public interest the proposed legislation.

The Clerk is hereby instructed to send immediately a copy of the resolution to the President of the United States.

Yes: Commissioners Fisher, Hammond, Hough, Tibbitts and Mayor Richwine.

No: None. It was moved by Commissioner Hammond and supported by Commissioner Tibbitts that the meeting be adjourned.

Miss Weed Wears Chantilly Lace for Candlelight Rites

Arrangements of white snapdragons, Easter lilies, and stock decorated the altar of the First Presbyterian church on Friday evening, April 8, when Frances Ann Weed became the bride of Frank Staffan of Ann Arbor.

Dr. Henry J. Walch officiated at the candlelight ceremony at 8 p.m. Preceding the nuptial rites, Hanna Strasen, organist, presented a selection of wedding music.

Daughter of Mr. and Mrs. J. C. Weed of Williams street, the bride selected a gown of Chantilly lace in a mid-century style. Tiny lace covered buttons trimmed the fitted bodice and the long fitted sleeves. The small round collar was lace with pearls, and the skirt ended in a short train.

The bride's fingertip veil was held in place by a Dutch bonnet of Chantilly lace and pearls. White orchids topped the prayer book which the bride carried. She was given in marriage by her father.

Barbara Weed was her sister's maid of honor and only attendant. She wore a frock of white nylon marquisette over Nile green satin. The fitted bodice was styled with a deep V-neckline finished with tiny lapels, and cap sleeves. The midriff was of lace with a wide crushed girdle of Nile green satin.

Lace over Nile green satin formed the Dutch cap which the maid of honor wore. White gardenias and trailing ivy made up her bouquet.

To carry out the best man's duties, the bridegroom chose his brother, R. J. Staffan of Chelsea. Donald Sleight of Greenville, and William Sleight of East Lansing, cousins of the bride; and Fred Wagner of Chelsea, seated the guests.

Soft wood violet chiffon fashioned the gown worn by the bride's mother. She wore an off the face hat of peach bloom chiffon with a crown of forget-me-nots in shades from wood violet to pink. An orchid corsage complemented her ensemble.

For her son's wedding, Mrs. Staffan selected a gown of pink crepe with silver trim, and a flower headpiece. She wore an orchid.

One hundred and fifty guests were received at the reception held following the ceremony in the Veterans Memorial home.

Upon returning from a two weeks' wedding trip to New Orleans and other southern points, Mr. and Mrs. Staffan will make their home in Ann Arbor. For their wedding trip, Mrs. Staffan traveled in a silk shantung print dress. She pinned an orchid to the shoulder of the mauve fleecy coat she wore.

After graduating from Plymouth High school, the bride attended the University of Michigan. Mr. Staffan also studied at the University of Michigan. He is the son of Mr. and Mrs. Frank Staffan of Chelsea.

Northville PTA Carnival Set for Tomorrow Night

The Northville Parent-Teacher association's carnival will be held tomorrow night, April 21, at 6:30 p.m. in both school buildings. It will last until 11 p.m.

Varied entertainment is offered, including plays, exhibits and movies. Plymouth residents are urged to attend.

Tell Betrothal of Ruth Campbell

Ruth R. Campbell

Mr. and Mrs. E. Fletcher Campbell of 941 West Ann Arbor trail, have announced the engagement of their daughter, Ruth R. Campbell, to Bradley R. Straatsma, son of Dr. and Mrs. Clarence R. Straatsma of 17 Eck Place, New Rochelle, New York. The announcement took place at Delta Delta Delta sorority.

Miss Campbell is a senior in the school of music at the University of Michigan, and is affiliated with Mu Phi Epsilon, honorary music sorority.

Mr. Straatsma, an affiliate of Phi Delta Theta, was formerly a student at the University of Michigan and a member of the executive council of the Michigan Union. At present he is a student at Yale University school of medicine, and has been appointed to the International Grenfell association hospital at St. Anthony, Newfoundland, for the summer. In the fall he will return to Yale for his fourth year of medical school.

Histories of Plymouth Families Presented at Historical Society Meeting

Many photographs and mementos of early Plymouth created the interest of members of the Plymouth Historical society at the meeting April 13 held at the home of Mr. and Mrs. Fred Truesdell on Ann Arbor trail.

The genealogy of the Conner family, old Plymouth residents, was presented by Mrs. Maxwell Moon. Mrs. Ada Murray, librarian of the Dunning library, read a paper on the genealogy of the Smith-Jackson family of Unachilla township. The paper had been contributed to the library.

New members welcomed to the society at this meeting were Mr. and Mrs. S. W. Spicer, Mrs. Charles Draper, Frank Passage and Elizabeth and Anthony Worth.

The Truesdells served lunch, assisted by Miss Charlotte Williams and Miss Irene Truesdell. A feature of the May meeting will be a white elephant sale with Robert Jolliffe acting as auctioneer.

Woman's Club Names Officers

Mrs. Kenneth Hulsing succeeded Mrs. Milton Laible as president of the Plymouth Woman's club, following the club's annual meeting April 14.

Other officers elected were Mrs. Murray O'Neil, first vice president; Mrs. Leslie Daniels, second vice president; Mrs. Verne Steele, recording secretary; Mrs. Don Rank, corresponding secretary, and Mrs. Henry Balfour, treasurer.

Members of the nominating committee included Mrs. Henry Baker, chairman; Mrs. Eugene Benson and Mrs. Otto Beyer.

Daughters of America

On April 20 a plastic demonstration will be given at the home of Mrs. Ethel Bulson, 849 Blunk street. Proceeds of the demonstration will go to the council. Members are invited to attend and bring friends.

On April 21 the regular meeting will be held at the Grange hall at 7:30 p.m. A Cake Walk will be given in addition to the meeting. Florence Schilinski is the chairman.

On April 24, at 7:30 p.m. Past Councilor's meeting will be held at the home of Mrs. Libbie Showers. Mrs. Wilma Deidrick will be co-hostess.

Entertainment and refreshments after the business meeting. Members on the sick list are Past Councilor Inez Campbell, Past State Councilor Beatrice Cook, James Gates and Earl Oswald, state law committee.

The card party on April 12 was well attended. More card parties will be held in the near future.

Irene Broegman, state good of order committee, Ethel Bulson, associate vice councilor, will visit Edna Jensen, state vice councilor in Flint on April 22.

Talks on Vatican Art at Madonna

Dr. Aloysius G. Weimer, head of the art department at the University of Detroit, and art consultant at Madonna college, will present to the general public another of his absorbing talks.

In connection with the current high interest in the Holy Year and pilgrimages to Rome, he has selected for his topic "Art in the Vatican." Dr. Weimer will lecture at Madonna college Sunday April 23 at 7 p.m.

Besides teaching and lecturing, Dr. Weimer does professional work which includes mural painting and landscape, with probably most emphasis on portraiture. His past lectures at Madonna, "Symbolism in Catholic Art," and "Early Christian Art," were enjoyed not only by students but also by the general public.

Barbara Stitt and John Pint Speak Nuptial Vows Saturday

Our Lady of Good Counsel church was the setting of the Saturday morning ceremony in which John Pint claimed as his bride, Barbara Ann Stitt, daughter of Mrs. Charles B. Stitt of Spring street. The bridegroom is the son of Mr. and Mrs. Albert Pint.

The couple repeated their vows after Monsignor A. M. Stitt at 10 o'clock rites on April 15. White lilies decorated the church for the wedding.

"Ave Maria" and "On This Day: O Beautiful Mother" were presented by the soloist, Joseph Cicirelli, before the double ring service.

For her wedding the bride selected a beige suit with navy blue accessories. Her corsage was a white orchid.

Duties of the matron of honor were carried out by Mrs. George Skeba, sister of the bride. With her rose colored suit, Mrs. Skeba wore a corsage of white carnations.

The bridegroom asked George

Skeba to serve as best man. The bride's mother was attired in a sea green suit with black and white accessories. Yellow carnations were in her corsage. A navy blue suit was the choice of Mrs. Pint. Her accessories were pink.

Members of the immediate families honored the bride and groom at a wedding breakfast at the Chateau Rousseau, after the ceremony.

One hundred guests were invited to an afternoon reception held at the Pint home on Schoolcraft road. Mrs. Louis von Stein poured.

When Mr. and Mrs. Pint return from a wedding trip to western Canada, they will be at home to their friends at 11456 Riverside drive.

Mrs. Pint attended St. Mary's Academy in Monroe. After graduating from Plymouth High school, Mr. Pint studied at the University of Michigan for two years.

Hints For Plymouth Homemakers

Quick Dinners Provide Time To Enjoy Spring Weather

When real spring weather finally arrives all of us are going to want to move out of doors to enjoy it. Even the most meticulous Plymouth homemakers are going to cut a few corners so they can get out into the sunshine.

The family will be just as healthy and happy if there's skimping on the cleaning and ironing, and even the meals can be put together in less time than usual with no harm done, provided they're planned to include the usual variety of food materials. Meats, vegetables, cereals, fruits, eggs and all the other good things we eat do their jobs equally well whether they appear in plain or fancy dress.

Single combinations that include almost the entire menu are the best starting point for quickie meals. These vary from broiler meals, through stews and savory casserole mixtures.

For pleasant contrast in the main course add either a simple salad or mixed greens or head lettuce or some raw vegetables, such as carrot or celery sticks, slices of cucumber, flowerets of cauliflower or rings of green pepper. Top off the meal with

fruit and cookies or plain cake. The family will appreciate your special efforts in the way of fancy pastries and puddings all the more when you splurge later.

One-dish-meals that take a great deal of preliminary preparation may save time shortly before serving, but don't get the cook out of the kitchen any more in the end. For the extra free time you're trying to find, try one of the following:

QUICKIE DINNER
Carrot Rolls
Lettuce with Russian Dressing
Poppy Seed Rolls
Butter or Fortified Margarine
Apple Sauce a la Mode
Coffee

CARROT ROLLS
1½ pounds round steak
salt and pepper
flour
6 carrots
2 tablespoons shortening
1 small can mushrooms with liquid
6 pared potatoes

Cut meat into six strips of a length to wrap around carrots once. Season meat with salt and pepper and dip in flour. Wrap each piece around carrot and fasten with toothpicks. Brown rolls on one side in hot fat in skillet. Turn. Add mushrooms with the juice and the potatoes. Cover skillet with closely fitting cover. Place over heat until food is steaming freely. Turn heat low and keep food simmering for about 1 hour or until tender. Makes 6 servings.

BROILER QUICKIE
Lamp Patties
Buttered Corn
Brown Potatoes
Broiled Tomatoes or Pineapple
Raw Vegetable Sticks
Bananas
Preheat broiler. Remove rack and pour canned whole grain corn in tray. Cover with greased rack. Place 1-inch thick lamb patties (made from 1½ pounds ground lamb seasoned with 2 tablespoons minced onion, 1 teaspoon salt and ½ teaspoon pepper) on the rack. Place rack so meat is about 5 inches from heat. Broil for about 10 minutes or until brown.

Turn meat. Place slices of cooked potato and tomato or pineapple on rack. Brush potatoes and fruit with melted butter. Broil until brown, about 8 minutes. Serve at once.

The corn will be heated through by the time the meat is cooked and will be seasoned with the drippings. If liked, butter can be added.

Don't wash white rice before cooking unless necessary and it is less likely to become sticky. Cook it in as little water as possible and it will retain more flavor and a firmer texture, report home economists at Michigan State college.

Silk Shantung for Spring

Notched revers, drop shoulders, and a new Oriental cuffed sleeve effect are fashion highlights of this pure silk shantung suit dress. It has a straight, slit skirt, moonstone buttons and a Margie of A. Goodman label. The colors are shrimp, fawn, navy or black.

Vary Lamb Dinner by Combining with Fresh Vegetables for Meat Pie

First touches of spring send out a call for tempting lamb pies—tender chunks of lamb joined with the season's colorful vegetables and flaky biscuit dough. It's a combination that's equally as tempting when prepared with fresh lamb cubes or with leftovers from yesterday's lamb roast.

When buying fresh lamb for pies homemakers should choose lamb neck, breast or shoulder for cubing. These are the less tender and usually the most thrifty cuts.

In preparing the fresh lamb pie, the cubes are first browned in their own or added fat, then covered with liquid. The kettle is tightly covered and the meat allowed to simmer until tender—about 1 to 1½ hours. Vegetables such as potatoes, celery, onion, carrots, peas or cut green beans are added just long enough before the end of cooking time so they will be tender. When the meat is cooked, the liquid is drained and thickened for gravy, allowing two table-poons flour for each cup of liquid.

Here is where the stew officially turns into a meat pie. A casserole is lined with thin biscuit dough and filled with the stew. Additional biscuit dough covers the casserole. It is cooked in a hot oven (400° F.) for about 20 minutes or until browned.

Check Safety Hazards During Clean-up Month

This is Clean-Up Month. The checking-up, cleaning-up and repairing you do during April may save your life or limbs or those of your family, the Michigan Department of Health states.

Fires and falls cause three out of four fatal accidents which occur in Michigan homes. Fires, machinery, falls and livestock cause nine out of ten fatal accidents which occur on Michigan farms. Many such accidents can be prevented by clean-up and repair.

Have your heating system completely checked for cracks, rusting or other defects.

Have a competent electrician check your electrical wiring and appliances and replace all frayed wiring.

Remove all rubbish, rags and papers from basement, attic, garage or barn.

See that all stairways are adequately lighted, solid and free of toys, tools or rubbish.

Use a ladder for any climbing you must do. Don't climb on chairs, tables or boxes.

Clean out the medicine chest; get rid of all old medicines and mark poisons clearly.

Put all insecticides, laundry bleaches, cleaning compounds and other poisons well out of the reach of children.

This is only a partial list for Clean-Up Month, the department said. By looking over your own house, lawn, garage and barns you can find many other hazards which you and your family can remove during Clean-Up Month.

CHOPS, FRIED APPLES

Pork chops and spicy fried apples make mealtime news. To prepare, core big cooking apples and slice into ½-inch rings. Add the apple slices to hot pork drippings. Combine sugar, nutmeg, cinnamon and salt and sprinkle mixture over apple rings. Cook rings for three or four minutes, turn and sprinkle other side with the sugar mixture. Cook the apple rings over low heat until nearly transparent, then arrange on pork chop platter.

If you don't know whether it's safe to launder a dress, test the material and trimmings carefully before washing. The material may be colorfast but trimmings, reinforcements, or shoulder pads may not be.

Salad Ingredients Should be Well Chilled, Crisp, Appetizing

Serve a salad anytime—for luncheon, as an appetizer, main dish, accompaniment to the meat course, a separate course following the roast or as a dessert.

Ingredients for salads should be crisp, well chilled and appetizing. Greens should be washed and shaken as free of moisture as possible, then crisped in the refrigerator.

Meats, fish and cheese used in salads are more appetizing if cut into uniform cubes or as match sticks. Vegetables and fruits must be well drained to avoid a soggy salad. Be careful not to over-garnish salads and never allow lettuce to hang over the edge of the plate, but let it make a pretty frill of green around the salad.

Here are some new ideas for salad making:

LUNCHEON SALAD

Combine 1 cup of ¼ inch cubes of cold cooked veal, 1 cup of ¼ inch cubes of cold cooked ham, 2 cups chopped celery, ¼ cup sweet pickles (measure, then chop), salt and pepper to taste. Moisten with approximately ¼ cup of mayonnaise. Chill thoroughly. Serve on beds of lettuce. Garnish with additional dressing, olives and wedges of hard cooked eggs. Serves 4.

EGG AND ANCHOVY SALAD

Hard cook 3 eggs. Cut eggs in halves, then remove and mash yolks. Combine yolks with 1 table- spoon finely chopped celery; 8 anchovies, minced; ½ teaspoon paprika; dash of black pepper; ½ teaspoon vinegar, and 2 table- spoons mayonnaise. Prepare 1 table- spoon of finely diced pimiento. Refill egg whites with egg yolk mixture, then arrange on watercress or shredded lettuce on very small salad plates, using one-half egg per serving.

Sprinkle with pimiento and garnish each salad with slices of cross cut sweet pickles. Serves 6 as an appetizer or as salad with main course.

FRUIT AND CHEESE SALAD

Cut in halves 12 large Royal Anne cherries. Form ¼ pound cream cheese into 24 small balls. Have ready 24 pecan halves and 1 cup of fresh or canned blackberries or fresh strawberries. Place half of cheese balls between cherry halves and the other between pecan halves, pressing together lightly. Chill. Serve three of each on a bed of watercress. Sprinkle with well drained berries. Serve with dressing. Serves 4 as party salad or dessert.

Fifth Grade Wins Airplane Contest

The students of the fifth grade class at Central Grade school, taught by Miss Kathryn Bock, have won a "Constellation" contest sponsored by the National junior school newspaper, "My Weekly Reader."

The subject of this story is "the five most important uses of airplanes." For this the class will receive a plastic scale model of the new Constellation airplane.

Following is the article the class wrote: **Airplanes in Our Modern World** Among the many important uses for the airplanes we have selected five of them.

One of the most helpful uses is that of rescue and relief work. People may be saved from the waters or freezing storms if they can be seen by other planes. Usually the rescue plane comes down to take them up or they send word to nearby ships or rescue crews. Sometimes they drop parachutes with food, medicine, and supplies to those survivors. The "snow lift" is a good example of how planes were used to carry food to stricken animals, homes and communities. In the same way they may be useful in time of flood.

As an aid to science the list is very long. They are used in testing of certain kinds of metals under different amounts of pressure. Men are experimenting to see if a plane can be sent to the moon and return to its mission in a period of time. Airplanes are being used more and more to help spray insects and orchards to destroy the pests. On trips of exploration the plane is a good means of traveling.

The airplane is credited with being the fastest carrier of people. Many lives are saved by using this means of travel. The food is excellent, the traveling is comfortable, and statistics show that it is very safe.

The airplane helps in speeding delivery of freight and mail to all parts of the world. Although it costs more to send by airmail, it is well worth it to send by air-mail; it is well worth the price because of the time it saves. Shipments may range anywhere from an orchid to tanks.

Our last use of the airplane is for war—a use we dread although it has been most helpful during that time. Bombers and fighters have helped us to keep our freedom. Planes have quickly moved troops, equipment and supplies.

In this way we have seen how the airplanes have helped our country even though the future will unfold many new discoveries to this world of ours regarding planes.

Student's Pigeons Visit Biology Class

Myrtle and Mort, a top-notch and a common splash, a pair of pigeons, have invaded the biology classes of Plymouth High school. James Slabough, a ninth grade student at Plymouth High, is the owner of the birds. He also raises 50 other varieties of pigeons. Besides those animals, he owns and raises one dog, two skunks, a horned owl, rabbits and mallard ducks.

Magazine Sale in Swing For PHS

The yearly magazine sale, directed by the Crowell Publishing company, began at Plymouth High school April 11 with many new magazines to choose from. The approximate value of profits the school receives is one third; this money will be contributed toward a public address system for the school.

A new idea put into operation this year is a Treasure Chest, into which are put the names of all the students in the high school. Each day the person who brings in the most money draws three names out of the chest in succession. If the first of these names, which the highest salesman drawn, has sold five dollars worth of magazines he will be awarded the money in the jackpot. Each day five dollars will be added to the chest and every day three names will be drawn. If someone wins the jackpot, five dollars will be the new jackpot.

The money that ends in the most money at the end of the sale will be entitled to see the Tigers play a game at Briggs stadium.

Frosh Y-Teens Hold First Meeting April 13

The freshmen Y-Teens met on Thursday, April 13, the first meeting since their formal initiation March 23, sponsored by the White and Blue chapters.

The girls talked over the events of the last meeting and discussed giving some entertainment for the White chapter and Blue chapter. A motion was carried to give one party and make invitations to send out to the girls. Following the meeting Y-Teen songs were sung.

The formal initiation given on Thursday, March 23, was a delightful ceremony with the girls wearing white blouses and black skirts. Miss Gertrude Fiegel, Y-Teen chapter adviser, led the girls in Y-Teen songs. Later refreshments were served.

Teachers Attend 84th Meeting of Schoolmasters

Another day of vacation is in store for students of Plymouth High school when the teachers attend the 84th meeting of the Michigan Schoolmasters' club in Ann Arbor Friday, April 28.

The theme for the conference is "Gladly Learn, Gladly Teach." In the morning the teachers will attend the annual business meeting. At the general session Philip Lovejoy, secretary of Rotary International of Chicago, will speak on the topic, "Make Way For Tomorrow." Sectional meetings will follow luncheon.

The opportunity will be given to hear the 33rd annual championship debate of the Michigan High School Forensic association to be held in the Rackham building at 4 p.m.

A dinner and evening program at the Michigan Union building will conclude the conference.

Soloists Perform For Assembly

In a concert assembly presented by the Plymouth High school band members of the band who participated in the state solo and ensemble contest on April 1 in East Lansing performed their solos for the student body. They were Charles Wyse, who played Mozart's solo for French horn; James Nelson, who played Carnival of Venice, and David Green, who gave a rendition of Moreau Symphonique.

Two assemblies were presented, the first for the junior high and the second for the senior high. Between the instrumental solos the band presented a program of concert music for the students. The band, under the direction of Paul T. Wagner, opened the assemblies with a Bach chorale, "Come Soothing Death," then numbers to be played at the state band festival held in East Lansing next Saturday, April 29.

Club Initiates 10 New Members

Leaders of the club initiated ten new members at a banquet held on Tuesday, April 18, at the high school.

The girls were made to go through many ordeals, such as dressing and undressing blindfolded, to gain acceptance into the club.

The ten girls initiated were: Pat Johnson, Gladys West, Jean Tetlaf, Nancy Beards, Elaine Lietz, Arlene Dowling, Ivy Lou Kahrie, Pat Wassener, Noran Van Dyke and Gwen Phillips.

School Library Receives Book by Plymouth Grad

The high school library has just received a Latin American travel book called "Let's Go To Columbia," by Lyman Judson, a graduate from Plymouth High school in 1921. Mr. Judson has also written another book called "Let's Go To Guatemala," which is the second in the series of the Judson Guides to Latin America. His books are travel books which tell many of his adventures and thrills in South America.

Judson was a very outstanding scholar when he attended Plymouth High school. After graduation he went to Albion college, where as a senior he won the State Intercollegiate Oratorical contest and later represented Michigan at the Eastern Division contest at Monmouth, Illinois.

Goodwill Trucks Make Collections Here Next Week

Goodwill Industries of Detroit will send its trucks to Plymouth on Thursday and Friday, April 27 and 28, and Monday and Tuesday, May 1 and 2. In a house to house collection at that time they will pick up all discards such as clothing, shoes, household articles, furniture, paper, books, toys and miscellaneous articles. All these items are desperately needed at the present time.

The discards collected are used as raw materials with which handicapped people work. All the donations are unloaded, sorted, cleaned and repaired. Material beyond repair is sold as salvage. The reconditioned merchandise is sold in one of the three Goodwill stores in Detroit.

Goodwill Industries is a self-supporting, non-profit corporation. The operating expense is financed through the sale of renovated discards. Discards mean "Not Charity but a Chance" to disabled persons of every race and creed. It is a chance for them to receive employment, training, rehabilitation, and aid to personal growth. Mrs. Albert Pint is Goodwill's local representative.

Surely the Goodwill is a far better destination than the waste basket or dump-heap for what is no longer of use. If you have a contribution, no matter how small or apparently worthless, save it for the Goodwill.

Remove Signs Prohibiting Truck Traffic on Mill St.

The police department was authorized by the city commission Monday night to remove signs on Mill street which prohibit truck traffic. The signs will be removed immediately.

In Cleveland, Richard L. Mahan was charged with passing a bad check written on a new \$25 check-writing machine which he had bought with a bad check.

Moms Club

The Plymouth Unit No. 18 of MOMS of America, Inc. will make their regular trip to the Dearborn Veterans' hospital on May 9. This being the last trip they will make before Mother's day, they will take linen hankies with hand crocheted edges to all the boys and girls in the TB ward to send to their mothers or wives for a Mother's Day gift. They will need about 90 hankies for this project. Anyone wishing to help them by donating a hanky or hankies will be thanked many times over by the pleasure we all get in helping these hospitalized veterans. Please get in touch with Mrs. Johnson, phone 703, or leave them at Dunning's store to be picked up by Mrs. Gladstone.

The State Board of MOMS of America, Inc. are sponsoring a style show and tea given by the Federal store at the Tuller hotel in Detroit Thursday, April 27, at 1:30 p.m. The proceeds are to be used for our hospitalized veterans. The public is invited so please come, we need your help. Yes, the war is over for a lot but the boys that have to spend so much time in the hospital are beginning to wonder if the public has lost interest in them. So let this be your way of saying thanks because your son is home and well. Let's give the MOMS of America a lift in the work they are doing. If you can't go down town give your donation anyway it will be greatly appreciated by this group of MOMS (Mothers of Men in Service). Your donations can be left at Dunning's store on Main street. There will be lots of prizes. Who knows, maybe you will be lucky.

The next meeting of the Plymouth unit will be a social meeting Monday, April 24 with Mrs. Campbell, Donhue, Sackett, Partridge and Gould on the committee for that evening.

The interest on the national debt today is greater than the total cost of government in 1932. Where do we go from here, boys?

Facts For Your Memory Book

When Mr. and Mrs. Plymouth crawled out of bed the other morning they decided it might be safe to wrap up their winter duds and put them away in moth balls at least for a few days.

But as they squinted up into the skies, they just couldn't forget the fact that the month of April had been a pretty tough one for old bird as far as weather is concerned, something to write about in their memory books.

April provided Plymouth and the rest of Michigan with the coldest weather this part of the country has ever experienced. The mercury dropped to a low of 18, two different days late last week, and never before, according to the weather department records in Detroit, has it ever been so cold in this part of Michigan so late in the spring.

Fortunately, however, little damage in this area has been reported from the record cold wave. Fruit tree buds were not advanced to such a stage that they might be damaged. But southern reports indicate that the peach crop of Georgia and some of the other fruit growing southern states will be a near total loss.

There may be some delay in the planting of oats but a few days of warm weather will make possible plowing that could not be done because of wet and frozen ground.

But think of frozen automobile radiators in mid-April when early spring flowers are generally beginning to bloom! No one seems to want any more of it.

AUTHOR OF "HOW TO STOP WORRYING AND START LIVING"

How To Hold Your Job

A LOS ANGELES reader who says "Just call me a manager," writes that he thinks we ought to say more in this column about what a man should do to hold a job, rather than so much about how to get one.

Well, any man who has ever taken over a new job, and any man who hires one, should appreciate the value of this.

But a few more words from the "manager."

"I hire men who seem to have it all on the ball, and generally my opinion of them is justified. I am proud of most of them, and the company is vastly pleased with their work. But now and then someone higher up in the company sends me a man for a certain position, and these men usually have to be watched. They don't know the rules of the place and they seem to feel so secure because of the way they got their job, that they don't even try to learn the rules that all the others adhere to. Then some of them use their influence to bring in a helper, nearly always some relative or close friend."

Now let's see what impression a man tries to make when applying for a job and how he can live up to that impression:

- 1—He tries to make the prospective employer feel that he knows his work. To live up to this, he has to not only know his work but he has to work at it conscientiously.
- 2—He tries to make that employer think of him as a man. Then he has got to be a man, in the highest sense. That is, he has to be honest and have a certain amount of dignity, as well as ability.
- 3—He tries to give the impression that he is ambitious to get ahead. So he has to do the things that will help him to get ahead. He not only has to do good work, and live up to a good reputation, but he has to watch for opportunities.
- 4—He tries to make this man, who he hopes will employ him, think that he will give value received; in other words, he will work for the interest of the employer during all the hours he is being paid to work. And he has to do just that.

If a man lives up to these four things, he will hold his job as long as he wants it, provided, of course, he can fulfill one other, and a vastly important, requisite: he must be able to get along with his associates.

I believe the manager who wrote to me will heartily agree that any new employee who comes to work each day and adheres to these things will have no trouble with any employer, or with any sub-chief he works under. Right, manager?

For some little time there has been much speculation as to the present population of Plymouth, and it was decided a short time ago that the Plymouth Chamber of Commerce would take the census and settle the question. Last Tuesday the count was made and from the first check over of the returns turned in by the enumerators, the number appears to be 3,877.

Six successive times has Plymouth won her way to the state elimination series, and this year, our team composed of Ira Kingsley, Julia Wilcox and Forrest Hubert, with Ernest Ambrus as alternate and timekeeper, gained a place among the 16 best schools of the 175 in the Michigan Debating League.

Surprising M. S. Stringer on his birthday, Mrs. Stringer entertained at luncheon last Wednesday. The guests were Messrs. C. A. and Lloyd Beardsley, Mrs. Sarah Gelkie and son, Douglas, of Detroit; Mrs. Mary Dawe of Dearborn, and Mr. and Mrs. William Stringer of Inkster.

The Chevrolet Motor company is producing this month an April record of 52,229 motor cars and trucks, or more than 2,300 for each working day.

The marriage of Leonard King and Christabelle Kaiser was solemnized at Our Lady of Good Counsel rectory on Wednesday morning, April 15, in the pres-

ence of David King and May Ellen Hoban.

Miss Katherine Hammer of Detroit, and Donald Bovee, son of Mrs. Tena Bovee of this place, were united in marriage by Rev. A. K. MacRae at the Baptist parsonage, Northville, last week Wednesday evening. Mr. and Mrs. Bovee will make their home in Plymouth.

Mrs. Ralph Baker of Detroit is spending a few days with Mrs. W. S. Jackson of Sheridan avenue.

The opening of Jewell, Blain & McCardle's new sheet metal shop last Saturday evening was a complete success. Hundreds of people visited the shop.

A strata of sand underlying part of the new Detroit Edison company dam at French Landing was blown by company officials late Tuesday for the break which flooded the Huron River valley from the dam to Lake Erie causing damage estimated at \$100,000.

Mr. and Mrs. Budd Sheppo are rejoicing over the arrival of a 6½ pound son. The young man's name is Marvin Junior.

Mr. and Mrs. Ernest Frank are soon to move to their new home in Plymouth.

Only Buick has Dynaflo— and with it goes:
HIGHER-COMPRESSION Fireball valve-in-head power in three engines. (New F-263 engine in SUPER models.) • NEW-PATTERN STYLING, with MULTI-GUARD front-end, taper-through fenders, "double bubble" taillights • WIDE-ANGLE VISIBILITY, close-up road view both forward and back • TRAFFIC-HANDY SIZE, less over-all length for easier parking and garaging, short turning radius • EXTRA-WIDE SEATS cradled between the axles • SOFT BUICK RIDE, from all-coil springing, Safety Ride rims, low-pressure tires, ride-steadying torque-tube • WIDE ARRAY OF MODELS with Body by Fisher.

What you really have here is a four-way forefront. A design that sets the coming style note—avoids many a tangle with the car ahead—makes handling easier—and costs less to repair.

And note that parking-light lenses, made of plastic and set deep in recessed sockets, are well out of harm's way—even when pushing a stalled car.

You'll find this bold front end only on Buick—as you'll find Fireball power, Dynaflo Drive, Buick's wonderful ride, and many another headline value only on these beauties.

Why not see your dealer now for the whole story—including the happy story on prices to fit practically any budget?

Avoids costly repair bills as it avoids "locking horns" with the car ahead. Cuts upkeep as it cuts inches from the car's total length, thus making parking and garaging easier.

But then figure:
Here are nine bumper guards (not counting the two that hold the parking lights) so that's one extra item you needn't buy.

And each is individually replaceable—if damage should occur you have only a simple part or two to replace, instead of a complete, cast-metal grille.

Thus this stunning new design—freshest front-end style note on the highways—protects your pocketbook as well as your car.

Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

Kiwanis Governor Speaks at Spring Meeting in Wayne

"If we are to keep our individual freedom, it is necessary that everyone exercise his right to vote and bring the type of men into office that will preserve individual freedom," stated Robert Weber, Michigan district governor, at the Kiwanis Spring Divisional meeting in Wayne on April 10.

Governor Weber gave the main address at the meeting and spoke in the Kiwanis motto for 1950, "Progressive Citizenship, Our Personal Responsibility." In his talk he also stressed the need for more economy in the operation of our government.

The meeting was conducted by Lieutenant Governor Erwin Britton of the Sixth Division of which Plymouth is a part.

Those attending from the local Kiwanis club included Byron Becker, Ray Williams, Michael Huber, Ernest Henry, Harry Roberts, Dean Saxton, Ernest Allison, Les Daniels and Wendell Lent.

It was stated at the meeting that the condition of the Sixth Division and the other ten divisions that comprise Kiwanis in Michigan are in a very healthy condition and the Kiwanis clubs of Michigan are hard at work raising money for underprivileged children and for other Kiwanis sponsored activities.

The auxiliary bake goods sale, scheduled for the 29th of this month, will be held at Goodale's store on Penniman from 10 a.m. on. Stop in and make your purchases early, while there is a good selection. There will be pies, cakes, cookies, doughnuts, candy and baked beans.

A gala affair is being planned in early summer at the National Home in Eaton Rapids, Michigan, in celebration of the 25th anniversary of the establishment of the home. It is hoped that contributions from each of the 7,000 auxiliaries in the USA through the Home Fund will be sufficient to purchase an X-ray machine, as an anniversary gift. The national auxiliary president, Mrs. Monaco will make the presentation.

April 27 has been designated by the national V.F.W. and its auxiliaries, as Americanization Day... the date to be observed by special programs in meetings held on or near that time. In a speech given by Mrs. Grant Rigby, the national secretary-treasurer, at a recent patriotic conference in Chicago, she stressed "Nine Promises of a Good Citizen." "What an example we would set," she said, "if we all made these promises and followed them." The nine promises are as follows:

1. I will serve at all elections.
2. I will serve on a jury when asked.
3. I will respect and obey laws.
4. I will pay my taxes understandingly.
5. I will work for peace but will dutifully accept my responsibilities in time of war.
6. I will avoid any group prejudice based on class, race or religion.
7. I will support our system of free education by doing everything I can to improve the schools in my community.
8. I will try to make my community a better place in which to live.
9. I will practice and teach the principles of good citizenship right in my own home.

On this date, let us not only think about these promises, but resolve to LIVE them to the best of our ability, and help to build a solid foundation of faith in America during these troubled times.

Here Is Interesting Story of How Scotland Lad Got a Daisy

Andrew Lawrie, a 13 year old boy residing in Glasgow, Scotland, has written a letter to The Denver Post in which he says he is "the proudest boy in all Scotland" because he now possesses a Red Ryder carbine, made by the Daisy Manufacturing company of Plymouth.

It is an interesting story about how little "Andy" as he must be known among his playmates, became the possessor of a Daisy air rifle.

The young Scottish lad who thought Denver was a little hamlet with some 238 inhabitants, some weeks ago sent a letter from Scotland addressed "To Any Cowboy in Denver, care Post-office or General Store, Denver, U. S. A."

Postal employes in Denver just naturally dropped the letter in the postoffice box of The Denver Post, knowing that newspapers always try to care for the problems of the inquiring world.

According to The Denver Post "air traffic between Scotland and the U. S. A. started booming."

But the Post went way and far beyond the fondest expectations of the little Scottish boy in complying with his request for a Daisy air rifle.

Not only did the Post send him a Daisy carbine, but a Denver store donated a pair of genuine cowboy spurs, another store sent three pounds of candy, the mayor of Denver wrote him a letter, The Post sent him a world of information about Denver, the biggest city in the Rocky Mountain country and one of the most progressive municipalities in the country, and the Post's comic strip cowboy, Red Ryder, sent a handbook showing how the twofisted "poke" originated.

In a letter to The Denver Post editors, the boy wrote: "I am the

proudest boy in Scotland as you have answered my dreams by presenting me with the Red Ryder carbine. When I first wrote Denver I expected my letter to fall into the hands of a 'kind cowboy' as I picked Denver out of an old World Atlas which estimated the population at 288.

"Oh boy! What a surprise I got. I am very much surprised at the modern Denver, which I see from the folders and maps is indeed a magnificent city. Denver and Colorado are beautiful and the scenery is simply wonderful."

For more than a half century it has been known that there is nothing that gladdens the heart of a boy more than does the possession of a Daisy air rifle.

Safety Engineering Magazine commends Hudson in an award as... "a leader in the cause of public safety through the design and construction of its motor cars."

The unmatched protection of America's safest car

Hudson's exclusive Monobilt body-and-frame* with recessed floor ("step-down" design), shown above. You ride down within this rugged foundation frame. Box-section steel girders, welded into a single unit, encircle the passenger compartment and extend even outside the rear wheels.

Only Hudson, with America's lowest center of gravity, offers the security of "The New Step-Down Ride"

YOUR very first view of Hudson's free-flowing lines tells you that here, thanks to its recessed floor ("step-down" design), is the car with America's lowest center of gravity, yet with full road clearance and more head room than in any other car.

The low-built Hudson has a tenacious road-hugging stability and ease of control that helps prevent accidents... with the added protection of all-welded, steel-girder construction that encircles the entire passenger compartment.

What's more, Hudson alone provides

Triple-Safe Brakes... the finest hydraulic system with reserve mechanical brakes operating from the same pedal, plus finger-tip-release parking brake.

Behind the wheel you command an alert, high-compression, six- or eight-cylinder engine; and a Curved Full-View windshield and rear window provide unhampered vision.

Come in, see and drive the car that is so advanced in design and quality that it is a leader in resale value, as shown by Official Used Car Guide Books!

Roger Babson Says...

Babson Discusses Failures
I like to see men and women have a little business of their own. If you can keep out of debt, it gives security and health. You have no fear of being "fired" or laid off on account of mistakes of the management. If your little business turns out not to be good, it then will be your fault, and not your employer's fault. You know that some of your competitors always do well.

What the Bible Teaches
Whether or not this is the time for a young man to leave a good job and go into business for himself, is debatable. The Good Book says there is a time for everything (Read Ecclesiastes 3:1 to 8), which includes a time to buy and a time to sell. God gives us a brain to use. Let us not try to buck His law of Supply and Demand.

This does not mean that we should not push forward. We all should help the world's great problems of how to provide the needs of all in the midst of plenty. So long as any able person willing to work is unemployed while the government is dumping potatoes into the sea, there should be opportunities for shopkeepers and salesmen to bring these loose ends together. This is the kind of "socialism" and "planned economy" in which everyone should believe.

What Statistics Teach
To perform the above service requires character, brains, industry and some capital. Statistics indicate that a large number of those who have gone into business for themselves since World War II must have lacked one or more of these requirements. I say this because 60,000 fewer firms are operating today than a year ago. It is estimated that today there are 200,000 fewer concerns—mostly among the small retailers, service operators, etc.—than in 1946. That this is true, in spite of the increased population and the fact that there is more money about than ever before, indicates something is wrong.

The above is not only a disappointment to nearly a million people, including employees but to the owners of a large number of vacant stores, unused plants, idle trucks; all of which are the result of these failures. Those who have been forced out of business are, moreover, both disappointed, and perhaps bitter. They claim America should not permit such sad results in the world's best country.

Failures on the Increase
Every month my statistical experts compile for me comparative figures on over thirty basic business barometers. In my forty years of studying business con-

ditions I have always said the most significant figure is that for business failures. Heretofore, a very low failure figure has indicated excellent present business conditions; but such figures usually forecast that business troubles are coming.

With double the national income, failures have during the past ten years actually been less than before 1940. But at last we see a change for the worse. The greatest increase in bankruptcies is in the retail store field where there has been an increase in failures of 12 per cent. In the case of manufacturing this figure is 9.4 per cent; while in mining, farming, etc., there are 5.4 per cent more failures. Although the failures in the retail field show the greatest increase, yet enough new firms come into being so that the total is now only 2 per cent less than at the peak.

What Statistics Show
As a result of all the above 45 per cent fewer new concerns were incorporated in 1949 than in 1946. The number of independent concerns are now about 3,900,000 compared with nearly 4,000,000 in 1948. Yet, there now remains about 18 per cent more concerns in business than in 1939. The present failures average about 200 a week—compared with 100 a week in 1948. Further details will be sent freely on request by the world famous authorities, Dun & Bradstreet in New York City.

There is one cheering feature to these figures. The bankruptcies were not all among your young G.I.'s. In fact, 70 per cent of them were of old concerns which had been dying of dry rot for many years. With age comes poor health and a loss of energy. Young men have this energy which we older ones lack. This is worth more than capital or customers. Hence, no young people should be discouraged by the above figures on failures. But I do say that if you now have a good job, hold it and make the most of the opportunity it gives you to learn. This is not the time to start in business for yourself.

"I REMEMBER" BY THE OLD TIMERS

From Mrs. Nettie L. Vanderwerker of Jackson, Mich.: "I remember the first washing machine. A sheet was soaped and laid flat on the floor and the clothes were soaped and laid flat on the sheet. The sheet was folded to fit a contraption that was fastened in the wooden tub and the handle was turned back and forth in the water. It was all wood and the rollers were all corrugated, unlike the present-day wringers."

From Mrs. John B. Martin of Rumford, Me.: "I remember when lard and practically everything else except molasses and kerosene, was weighed and wrapped in a square of old, fore-runner of craft paper. Later, around 1882, paper bags were used. One grocer I knew, in Wilton, Me., gave children a penny's worth of candy for every six clean paper bags they returned after use. Sometimes a child returned a bag in which lard had been, so when he re-used the bag for sugar the result was unpleasant. He would third-degree each child before he would accept a bag for re-use."

From Mrs. Vera Kiefel of Norwood, O.: "I remember when women wore high-buttoned boots and it was considered immodest for women ever to let their ankles be seen in public—and if a woman had her hair cut she was almost a social outcast. In those days it was even considered sinful to see a movie. How times have changed!"

Rotary Names 4 New Directors

Four new directors were elected to the board by members of the Rotary club at its meeting last Friday. They are Lew Goddard, Horace Johnson, Herald Hamill and David Mather.

The speaker at the meeting was Jack Smith of Windsor, past district governor of Rotary who discussed the exceedingly friendly relations that have always existed between Canada and the United States and of problems which the two countries should solve which would prove of mutual benefit to both nations.

The "good will ambassador" from the other side of the border line pointed out the fact that some of our tariff and dollar regulations work to the disadvantage of both countries, a subject that the vast majority of Americans believe should be given immediate attention by congress.

"It is our shortage of your dollars which makes it almost impossible for Canadians to visit your country, thereby crippling your tourist business. Canada's view has always been the North American viewpoint rather than the Imperial and we seek the same high living standards as you possess," he said.

"If our trade conditions could be improved whereby you do more of your trading with Canada than you do and if the St. Lawrence water ways project could be developed, Canada and the United States, as well, would be greatly benefited," he said. Mr. Smith of Canada was introduced by George A. Smith of Plymouth, both Smiths having served as district governor of Rotary.

THE STARS

By LYN CONNELLY

HOLLYWOOD'S RUMOR FACTORY is working over-time these days... Now that Charlie Luckman is out at Lever Brothers, the local gossip has it that Radio Theater and "My Friend Irma" are the only soap shows likely to continue next season... It's also bruited about that NBC is paying Phil Harris and Alice Faye \$18,500 a week, on the air or not... The Tex Williams dramatic western half-hour radio show is edited, packaged and on its way to New York... Now it's Howard Hughes that is rumored about to buy the ABC network.

Jack Paar may be Eddie Cantor's summer sub on "Take It Or Leave It"... The cameras roll this week on the first "Fibber McGee and Molly" TV show and, from inside reports, stars, agency and sponsor are very happy with the prospects... Dick Powell's detective series may replace the Harlow-Faye show this summer... Elliott Lewis has supplemented his acting chores (as Frankie Remley in "Gregory Hood") with directing shows on the CBS set.

PLATTER CHATTER
COLUMBIA: Lots of good news for Columbia fans... Latest discs are slightly terrific... Take Doris Day's "Enjoy Yourself" with the popular "I Said My Pajamas" on the flip side... It's very pert, very bouncy and typically Day... Sinatra does a nice job, in company with Paula Kelly, on "Sunshine Cake" with "We've Got a Sure Thing" on the reverse... A corker, and one we're sure you'll want, combines Arthur Godfrey with glamorous Mary Martin in "Go to Sleep, Go to Sleep, Go to Sleep"... Godfrey also does well on a duet with his radio canary, Janette Davis, "Making Love Ukelele Style"... "If I Had You on a Desert Island" backs it.

COLUMBIA: Still on Columbia, the beautiful "Third Man Theme" is impressively done by Hugo Winterhalter, who is doing very well by his arrangements... "Come Into My Heart" is on the reverse.

Anger or hunger will make fish bite, but when they are full they will take no more for irregular periods of time. Their appetites vary from day to day, season to season.
