

A BEAUTY SPOT IN THE MAKING.

Heard some talk the other day about our new subdivision at the corner of Ann Arbor and Sheldon roads, generally known as Green Meadows, so we drove out to see the development. It was the first visit to that locality in a number of months and our trip was made on one of those days when mud was knee deep even on some alleged paved roads.

Irrespective of some of the viewpoints expressed in recent months, Green Meadows is a beauty spot in the making. It is all so new that there has not been time for lot grading or any landscape work whatever.

The houses are attractive and bear none of that similarity that marks some newly built sections around Detroit where the houses look as though they were the product of a box factory.

The homes in Green Meadows are nicely located on good sized lots and the different styles of construction add a desirable appearance to the whole subdivision.

When streets, sidewalks and lawns are built, trees and flowers planted and the section cleaned up as it will be, Plymouth will have reason to feel proud of its newest development, even though it is located outside the city limits.

Fortunate, too, for the many energetic young people who have purchased homes in that area is the construction of the new George A. Smith kindergarten and grade school. That will be ready for use in the fall.

Plymouth should encourage more developments of this nature within the immediate vicinity of the city.

VICTORY BY PURCHASED VOTES?

Walter Winchell said over the radio the other night that the Truman party felt pretty sure of victory in the fall election because its drive for a big campaign fund had been very successful.

Yes, the drive must have been successful, indeed. It seems from what you read in the newspapers that every postoffice employe in the country was given the "shake-down" for those recent Jackson day dinners—the average "take" being something like \$25.00 per person.

That would indicate that the postal employes were forced to give more than a million dollars out of their paychecks to a fund which will be used to try and defeat members of congress who have not agreed with the spend-thrift and strictly political administration that is rapidly bringing the country to its knees. And these postal workers had to give whether they liked it or not.

A WORTHY TRY JUST THE SAME.

Sorry that our Plymouth debating team didn't win the state contest over at Ann Arbor the other day—but that doesn't keep us from saying that the boys are not worthy of a kindly pat on the back. They did a splendid job in defeating every team in Michigan, except the Albion debaters. And that decision was by no means an easy one.

It was a close victory for the winners, so close that the judges had some difficulty in arriving at the split decision they rendered. Through the good work of our debaters and their coach, James Latture, Plymouth during the past few months has had much favorable publicity—the kind that is good, for not only our public schools, but the city as well. Irrespective of the outcome, it was a good try and the boys and the coach are entitled to a lot of credit for their accomplishment.

THIS NAME CALLING BUSINESS.

Of course Walter Reuther is not looking for a job in a factory. He never had one as far as any one knows, but if conditions should change and he would lose out on his easy pickings and be forced to do some real work for a living, any one who would hire him would be just a crazy nut.

He's called the employers of this country all of the foul names there are in the book. They're no good and are a detriment to humanity if one was to believe his rantings.

As we see it, the duty of a worthy labor leader is to create good will, advocate cooperation and aspire for peace and contentment. Instead of doing these things, he is to our way of thinking the outstanding advocate of hate and ill-will in this country. No wonder the country is plagued with unnecessary strikes.

HOW TO CLEAN THEM OUT.

Lots of talk these days about alleged Communists and undesirables holding government jobs down in Washington. It seems that with the advent of the New Deal back in 1933 there has been a steady flow into Washington jobs of so-called "intellectuals" and fuzzy-brains who think some other form of government is better than our own.

These "fuzzy-brains" have time and again sold us down the river—but it is difficult to put the finger on them, say Washington higher-ups. But it should not be too difficult a job to clean house. Just FIRE everybody in Washington, good and bad alike, then re-hire just those we know to be loyal and honest with the government that has done so much for them.

Sure, that means throwing out the civil service law which is now being used so effectively to keep these "fuzzy-brains" on their jobs, but wouldn't it be far better to do that than maintain on our public payrolls a lot of people whose devotion to their government is questioned? We think so.

MORE ABOUT PARKING.

It isn't always pleasant to keep harping about any one subject, but certainly our parking problem in Plymouth is growing more serious every day. As long as there is no prospect of any street widening which might give some slight relief, we had better give a lot of thought to developing off-street parking. We should not only think about it—but we should DO something about it—if we want to retain our retail stores within the city limits.

A GOOD MOVE.

Here's a pat on the back for the officials of the Plymouth Chamber of Commerce upon the good judgment they are using in moving the offices of the organization to a location right in the heart of the business district. We commend, too, the city officials for their cooperation in making this move possible.

The Chamber of Commerce which is displaying commendable interest in promotion of worthwhile Plymouth activities, can in its new location become a most valuable information booth for those who are seeking information about Plymouth and vicinity. Then, too, it is much more convenient for business men who have very frequently occasion to seek aid or information from its secretary. Plymouth will benefit by the removal of the office to the downtown location.

Don Sutherland Named Cemetery Trustee

Further city appointments were made by Mayor Cass S. Hough at last Monday's commission meeting. Commissioner Perry Richwine was appointed to serve on the recreation commission, and Don Sutherland was named cemetery trustee.

Sutherland succeeds Mrs. Otto Beyer to the post. Mrs. Beyer has served in the position for a number of years.

Table Approval of C of C Rental Agreement

The approving of the rental agreement with the Chamber of Commerce for the old comfort station was tabled by the city commission Monday night pending investigation of the agreement by the city attorney.

Members of the Chamber of Commerce will be requested to attend the commission meeting when a hearing on the agreement will be taken up.

Break Ground for New Canton Township Hall....

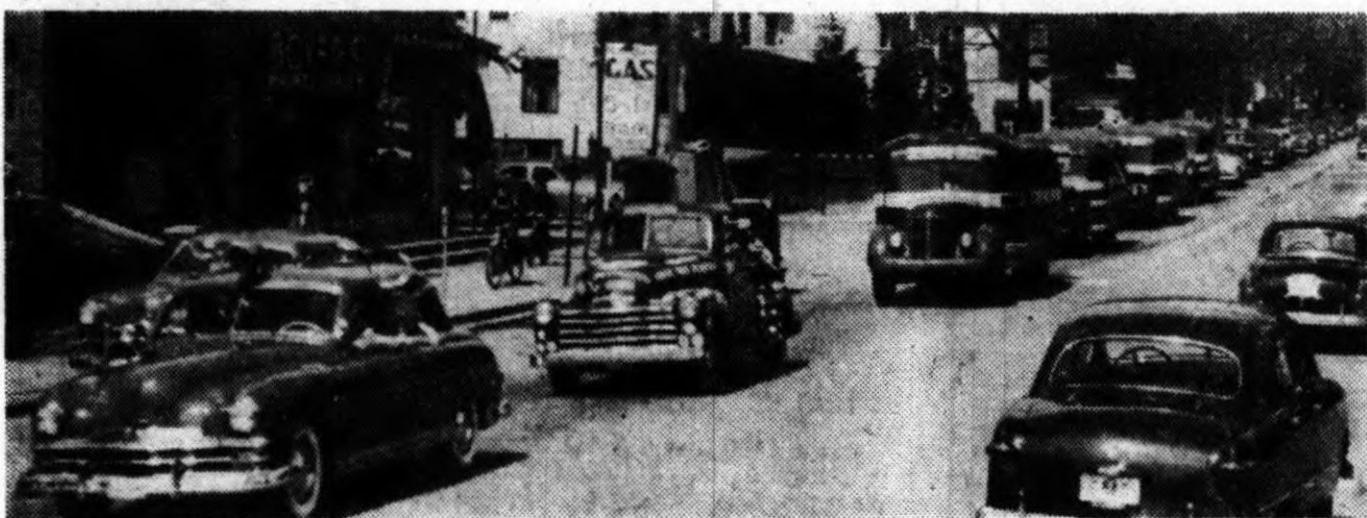

Ground was broken last Thursday for the new Canton Township and fire hall which is being constructed on the site of the old hall at the corner of Cherry Hill and Canton Center roads. Officials and residents taking part in the ceremonies were, left to right, George Simmons, Thomas H. Russell, contractor for the building; Andrew C. Smith, township clerk; E. J. Richards, Sidney Sutton, justice of the peace; Russ Travis, justice of the peace; Robert Waldecker, township supervisor, and Art Huston. The hall will be completed in about two months at a cost of about \$30,000, and will be a modern one-story building. The old township hall was over 100 years old.

New Knights of Columbus Council Names Officers...

Officers of the newly formed Plymouth Council 3292 of the Knights of Columbus were elected last week. The council has 56 members and is one of the largest Catholic organizations in Plymouth. Officers include, left to right, front row; Ira Dickey, financial secretary; Charles Nelson, trustee; John Wahn, warden; Theodore Gronowick, Grand Knight; Father Anthony Kirschner, chaplain; Roland Francis, Deputy Grand Knight; Matt Krump, Chancellor; Earl Demel, advocate, and Esten Gray, trustee. Second row, Harvey Kreimes, recording secretary; Norman Marquis, trustee; Robert Sincock, treasurer; Samuel Willhelmi, outside guard; Joseph Spanier, lecturer, and Jacob Spanier, inside guard.

Residents Parade to Debate In Ann Arbor....

More than sixty carloads of local residents turned out last Friday to join in a parade with school busses to escort Plymouth's debate team to the final contest in Ann Arbor. The auditorium in the Rackham building in Ann Arbor was packed with fans from both Albion and Plymouth that journeyed to the state finals which Albion won from Plymouth in one of the series closest decisions.

Local Elks Plan Wake Up America Program May 17 at High School Gym

H. Philip Barney, Exalted Ruler of Plymouth Lodge of Elks, announced today that the lodge will sponsor a community-wide "Wake Up America" program on May 17 as part of a grass roots counter-offensive by the Order of Elks against the communist scheme to destroy freedom.

The program will be presented in the high school gymnasium at 8 p.m. Guest speaker will be Judge Miles F. Culihan. Earl Reh, soloist, and Evelyn Woods, pianist, will also take part in the program. A dissertation will be given by Ronald Witt of Plymouth High school. A motion picture, "Of This We Are Proud," is scheduled to be shown. The Rev. Alexander Miller will begin the program with an invocation.

Robert Johnston is chairman of the evening's program. His committee includes William Choffin, James Keyes and Ray Creith. The public is urged to attend.

Gates, Flasher to be Installed at B & O Crossing on Main St.

After consultation with representatives of the Baltimore and Ohio railroad, the city commissioners decided Monday to go ahead with plans for the installation of a flasher and gates at the B & O crossing at North Main street.

The city will pay \$2,000 toward the cost of the \$9,300 installation. A key for opening the gates in case of emergency will be provided the police and fire departments.

Dr. Pobst to be Rotary Speaker

Dr. R. Lloyd Pobst, director of public relations at Kalamazoo college, will be guest speaker at the luncheon meeting of the Plymouth Rotary club tomorrow. Dr. Pobst's topic will be "Half A Miracle."

As this will be President's Day, President Frank Henderson has arranged the program.

Ask Black Top For Auburn Block

A public hearing was set for May 22 by the city commission for petitioners who have asked for black top paving on Auburn street between Blanche and Peniman avenues.

The petition for the black toping was presented to the commission at last Monday's meeting. The petition requested that the work be done by the middle of the summer. Almost all residents of the block on Auburn street signed the petition.

Site Still Sought For Grade School

About 12 citizens attended the meeting of the Plymouth school board last Tuesday night to inquire into the board's building program for Plymouth schools. Members of the board stated that the program remains the same as originally outlined.

According to members of the board, plans for the building of the second new grade school await the finding of a suitable location. They added that plans for the high school addition are still being studied by the board and the architects and construction will begin this summer.

A report on possible sites for the proposed grade school was given by Kenneth Hulsing, president of the board. Another meeting will be held by the board this Saturday for further consideration on the matter and a decision on the site may be made at that time.

Bids for the cabinet work on the George A. Smith grade school were opened at the meeting and the bid of the Penhale company was accepted. Penhale was the low bidder, quoting \$10,500 as the cost of the work. Second low bidder was the Ward W. Ross company with a bid of \$11,780.

Bank Observes 60th Birthday

The Plymouth United Savings Bank will celebrate its 60th anniversary on Saturday, the 18th of this month. Plans are being made by the officers and directors to hold an open house during banking hours on that day and friends and customers of the institution are invited to attend the birthday celebration. Favors will be presented to all that visit the bank Saturday.

As a special birthday feature the bank starts a series of advertisements in The Mail this week commemorating their founding. The series will carry pictures of Plymouth in that era and will tell of interesting local events that took place during that time.

Because of the discoloration of some of the pictures appearing in the series, they will be on display in the bank lobby the week that they appear in the paper. Special reprints of the series on a high gloss paper will be made available to local residents that desire to have them for scrap book purposes to record some of the scenes and events of the day.

Debaters Lose in 2 to 1 Decision

By a two to one decision, the Plymouth debaters, Roger Kidston and Ronald Witt, lost the state debating championship to Albion High school April 28 at the Rackham building in Ann Arbor.

The excellent presentations of both teams forced the judges to make one of the toughest decisions in Michigan debating. More conclusive facts possibly gave the edge to the winning team, according to the judges. They included Wilson Paul, chairman of the department of speech at Michigan State college; Professor G. E. Densmore, chairman of the speech department at the University of Michigan, and Professor William M. Sattler of the department of speech at the University of Michigan.

The two debaters and their coach, James Latture, wish to express their appreciation to all who attended the debate; to Mrs. Jacob Stremick who gave a dinner in their honor at Hillside restaurant last Thursday; to members of the Rotary club for their new suits; and to The Plymouth Mail for a dinner to be given for the four debaters and their coaches at Schuler's restaurant in Marshall, as a result of a wager made on the debate with the editor of the Albion paper.

Gold wrist watches were presented to the four debaters by the Detroit Free Press and cups were given both teams by the University of Michigan bureau of school services.

Walter Schultz New Owner of Dodge Drug Store

Walter Schultz

Plymouth's oldest drug store changed ownership last week-end with the purchase of the Dodge Drug store from Mrs. Stewart Dodge by Walter Schultz. Mr. Schultz, an employee since 1924 when the store was purchased by the late Stewart Dodge, took over the operation of the store on Monday of this week.

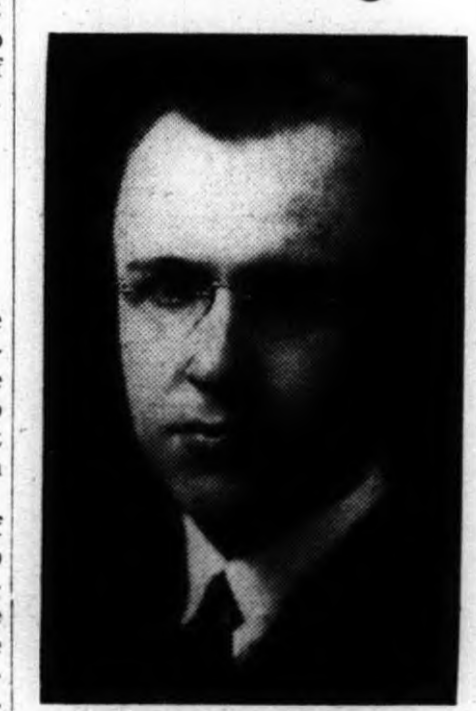

The store was opened formerly in this city as the Pinkney Drug store about 60 years ago and was sold to Lawrence Johnson in 1920. In April, 1924 Mr. Dodge purchased the store from Mr. Johnson and in June that year Mr. Schultz came to Plymouth to be associate pharmacist.

A graduate of Ferris Institute School of Pharmacy, Mr. Schultz had been employed four years previously to his coming to this city by the Cloonan Drug company of Pontiac. Since Mr. Dodge's death in February of 1948, Mr. Schultz has managed the store and became the owner this last weekend.

Mr. Schultz will endeavor to maintain the same high standard of prescription service that the store has done for many years. Plans for the future call for new lighting, new floor covering and complete remodeling to make the interior one of the finest in this section of Michigan.

Mr. Schultz is well known in the city and has for many years been active in the affairs of the Lutheran church. He has the well wishes of his many friends in the future success of his store.

Bollinger to be Speaker at Holy Name Meeting

PAUL T. BOLLINGER

"The American Way of Life" will be the subject of the address to be delivered by Paul T. Bollinger, former president of the Detroit Stock Exchange, before the local Holy Name society at its annual meeting and election to be held in Our Lady of Good Counsel Catholic church hall on May 10, according to an announcement by Thomas A. Mitchell, president of the society.

Issue Nine Home Building Permits During April

Building permits were issued for nine homes during the month of April, a decline of permits issued since earlier in the year. Two garage permits were issued during the month.

Five of the permits were taken out for \$7,500 homes to be built by the Garling Realty company.

Bids Let on Main St. Widening

The city manager was authorized by the city commission to open bids for the widening of the north side of Main street between Starkweather and Mill streets. The commissioners made their decision following a public hearing on the widening last Monday.

The street will be widened 7 feet on the north side and a drainage sewer, catch basin and new curb will be put in. All improvements except the cost of the new curb are assessable. The owners of the property fronting on the north side of Main in that block are the Jaycox Oil company and Florence E. Ford. They will be assessed \$981.97 a piece for the improvement.

The purpose of the improvement is to facilitate the flow of traffic at the Starkweather and Main intersection, and reduce the traffic hazard where Main street curves south of Mill street.

Seth Virgo Dies After Long Illness

Seth S. Virgo

Following a two month illness, Seth Sherman Virgo passed away at his home at 343 South Harvey Monday, Mr. Virgo had been a resident of Plymouth for the past 23 years.

He worked for the department for 18 years and then became supervising engineer for Willow Run airport. At the time of his death he was employed as consulting engineer for the Wayne School board.

A member of the St. Joseph Valley Lodge No. 4, F. & A. M., of Niles, Michigan, Mr. Virgo was active in Masonic activities until his illness. He also was a member of the Scottish Rite Consistory No. 4823 in Detroit. He was a veteran of World War I.

VFW Plans V-E Day Observance

A V-E Day commemorative program sponsored by the Mayflower Post of the Veterans of Foreign Wars will be presented Monday, May 8, at 8 p.m. in the high school auditorium. Admission is free and the public is invited.

The patriotic program will consist of motion pictures taken during actual combat in the European theater. A barber shop quartet is scheduled to take part in the program also.

Arrangements for wartime souvenirs to be displayed on that day in one of the local stores have been made by the vet's organization.

Elect Officers of BPW Club

At a recent meeting of the Business and Professional Women's club of Plymouth, election of officers was held. Mrs. Theron Pauline of the Dunning public library was elected president, succeeding Miss Neva Lovewell.

Other club officers for the coming year include Lila Humphries, vice president; Doris Fisher, recording secretary; Gwen Baxter, corresponding secretary; and Florence Gabelman, treasurer. The officers will be installed by the state president at a joint meeting with the Northville Business Women's club in the near future.

At the election meeting Walter Kaiser, Wayne county librarian, was guest speaker. He spoke on the establishment of the Plymouth library and its steady growth since its humble beginning in 1923. Kaiser stated that the circulation per capita is the highest in the state for any city of corresponding size.

People whose ears give them the general appearance of a plane about ready to take off will be cheered by a report from a midwestern plastic surgeon who claims he can correct such side-swings. The doctor, a Univ. of Illinois man, claims the operation is simpler than finding a policeman when you don't need one. While outsize listening equipment isn't much trouble to women, it will be if bobbed hair gets any shorter. However, "taxicab door" type ears are supposed to throw their possessors into psychological nose-dives. Could be, but Clark Gable's got 'em and he's doing just fine.

We feel that congratulations are in order for the members of Plymouth High School's championship debating team and their coach. The team lost first place in the State finals at Ann Arbor to Albion High School only by a very slight margin. War Film Shown at Hi-12 Meeting

A documentary film taken by the United States armed forces during the World War II were shown to members of the Hi-Twelve club last night at their regular meeting.

John Campbell, Hi-Twelve president, showed the film which was entitled "Baptism of Fire." An historical war film, it portrayed the experiences of a soldier during battle and the gruesomeness of warfare.

WET, ISN'T IT? An inch of rain may not sound like much but actually it means that 113 tons of water have fallen on an acre of ground or 72,000 tons to a square mile. A 10 inch snowfall will amount to the same thing. Scientists have estimated that rain and snow in the amount of 16 million tons per second falls on the entire earth's surface.

FRESH WATER IN A STEADY FLOW

with NO TANK The GOULDS Balanced-Flow JET for Shallow Wells

Turn on the water—at one faucet or more than one—and the new Balanced-Flow Jet delivers the exact volume of fresh water—a full stream or a trickle—at any or all outlets, up to the capacity of the pump. No waiting, no hesitation—no spurt, no lag. Instantly and automatically adjusts itself to varying demands for water when faucets are opened or closed, providing steady, continuous, non-fluctuating stream, in any volume within pump capacity. No priming... No trouble. Quiet, easy to install. Low cost. Capacity up to 540 gals. per hour, depending upon suction lift. After you've seen this amazing new pumping unit, you'll agree it's the ideal water system for your shallow well.

Local Elks Plan Wake Up America Program May 17 at High School Gym

(Continued from page 1) a powerful answer to the Marxist May Day demonstrations. "Native communists and fellow travelers, who add up to far less than 1 percent of the people of this country, are doing their best to undermine the United States on orders from the Kremlin," Phil Barney said. "Nearly everyone in this tiny group hates the basic truths upon which this country is founded—that each and every human being is a child of God, created in His own image; that he gets his fundamental rights from God, not from the State, and that the chief purpose of the State, as our Founders repeatedly affirmed in the Declara-

tion of Independence, is to protect these God-given rights. "The month of May was selected for the Wake Up America campaign because that is the time when those who seek to destroy freedom and opportunity hold their rallies. We feel that our Order, founded upon charity and love of mankind, should meet this challenge and we are going to meet it. The Elks of Plymouth along with our million Brothers from coast to coast will use this opportunity to reveal the truth where America's enemies spread falsehood, to maintain order where these enemies spread confusion, and to offer love of our fellow men instead of the hate and fear preached by communists," Exalted Ruler Barney stated. He said that Emmett T. Anderson of Tacoma, Washington, Grand Exalted Ruler of the Elks, has asked each of the Order's 1,540 lodges over the country to join fully in the crusade "to quicken the spirit of American patriotism." Exalted Ruler Barney said that he had appointed a committee headed by Robert Johnston to take charge of the Wake Up America day activities. The entire community is invited to participate in the event in order to make it a resounding demonstration of solidarity for the American way of life.

Bollinger to be Speaker at Holy Name Meeting

(Continued from page 1) An outspoken foe of duplicity and sharp practice in business and a pioneer in the Investment Bankers association's fight against fraud in the securities field, Bollinger was drafted in 1924 to serve as president of the Detroit Better Business bureau. Under his leadership the bureau experienced unprecedented progress. He later served as a member of the first board of directors of the National Business bureau of New York City. Bollinger, well-known as a Catholic layman and convert, is a gifted speaker and a versatile writer. He is regarded as an authority on the life and work of Saint Francis of Assisi, having included in his travels visits to most of the Franciscan landmarks in Italy. He and his family now reside in Plymouth.

Bowling Leagues Have Annual Banquet Tonight

State Commission Begins Program on Americanism

The Americanism commission, appointed by Governor Williams, will launch the Year of Rededication program on May 7. The purpose of the program is to awaken in the individual citizen the awareness and appreciation of his rights as a citizen, and to accept his responsibilities as a citizen. Dr. George Timpona, postmaster, and Russell Hoffmann are local delegates to the commission. The week of May 7 will be known as "Know Your Responsibilities Week." It is dedicated to urging citizens to take an interest in local elections, to vote, to accept jury duty, and to take an active part in community projects. They say what we don't know doesn't hurt us. It may be true, but it certainly amuses a lot of other people. Tip to motorists: Your safety is largely in your hands—so why not make your steering wheel a life preserver. Phone news items to 1755.

Form Knights of Columbus Council

The newly formed Council of the Knights of Columbus of Plymouth initiated 36 insurance and associated members in the chartered class at Notre Dame club rooms in Wayne April 23. Twenty members transferred from other councils to the new one, making a total membership of 56 Knights. The Rev. Anthony Kirschner of Our Lady of Grace Catholic church in Dearborn will be chaplain of the new council which will be known as Plymouth Council 3292. A great deal of time and effort went into the organizational plans for the council, and credit for this work goes to Theodore Gronowick, District Deputy Robel of Detroit and Mr. Pilon of Dearborn. Officers of the Plymouth Council include Mr. Gronowick, Grand Knight; Roland Francis, Deputy Grand Knight; Matt Krump, Chancellor; Ira W. Dickey, financial secretary; Harvey J. Krimes, recording secretary; John Wahn, warden; Robert Sinek, treasurer; Joseph Spanier, lecturer; Charles Nelson, trustee one year; Esten Gray, trustee two years; Norman Marquis, trustee three years; Earl Demel, advocate; Jacob Spanier, inside guard, and Samuel Wilhelm, outside guard. Charter members of the council are Theodore Bailey, John Bastian, John Burk, James Butler, Clifford Caldwell, Daniel Detting, Russell Detting, William Donovan, L. Fornwald, Joseph Gadey, Richard Gendreau, John Gilles, Thomas A. Gray, Richard Gray, Tage Guldbrandson, James F. Heslip, Arthur F. Heslip, Leo J. Hughes, Frank W. Loomis, Francis M. Loomis, Henry F. Hosea, the man and His Message. Lesson for May 7: Hosea 4:1-9; 6:1-3; 10:12-13

Memory Selections: Hosea 4:6

Hosea, if not contemporary with Amos, closely followed him, about 750 B.C. He was a man of sorrow. His wife, Gomer, deserted him and their children. As length he found her put up for sale in the slave market, paid the purchase price and redeemed her.

His bitter experience only softened Hosea and made him tender and loving. He learned a great lesson for sinning Israel: though the people had departed from God, he still loved them. As Hosea had redeemed Gomer, God would receive the Israelites back.

God had a "controversy with the inhabitants of the land," the prophet declared, because of their many transgressions. They would be punished for their evil ways. In their degraded condition they had no help from their priests, for they were like like themselves. "Like people, like priest."

Though they were wounded, God would heal them. Under the image of sowing in the fields, Hosea bade the people break the ground in righteousness and reap according to kindness. The prophet's message is timely for us.

All the evils that Hosea found in his day are found in our own—profanity, immorality, all iniquities and abominations. "Lack of knowledge" is the trouble with many. Unworthy pastors oftentimes set the pace by compromising with worldly things to make their services appealing and themselves popular. Let us, in our Christian living and our Christian service, depend upon God.

"Adam and Fallen Man" will be the subject of the Lesson-Sermon in all Christian Science churches throughout the world on Sunday, May 7. The Golden Text (Psalms 94:18) is: "When I said, My foot slippeth; thy mercy, O Lord, held me up." Among the Bible citations is this passage, (Gen. 1:27): "So God created man in his own image, in the image of God created he him; male and female created he them." Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, include the following (p. 521): "All that is made is the work of God, and all is good."

Plymouth Rock Tennis Team Bows to Belleville

Bowing to Belleville High School April 27, the Plymouth High tennis team dropped their first meet of the season by a 5-2 score at Belleville. Previously the Rock racket team had won victories over Ypsilanti, 5-2, and Wayne, 4-3.

In the Belleville matches, Don Gronowick, number one man for Plymouth, was defeated by Harris 6-2 and 6-0. Walter Hammond, holding second position in the singles, defeated Dubisky 7-5 and 6-4. Vincent beat Bill Bowen of Plymouth 3-6, 6-2 and 6-0. In the last singles match Jim Stevens captured the only other point for Plymouth besides Hammonds with 4-6, 6-3 and 8-6 scores.

The doubles match found Plymouth losing every one with Akers and McPherson winning over Wahn and Gayde of the Rock racketeers by scores of 6-1 and 7-5.

Behler and Spitz, number two doubles men, lost to Stech and Bain of Belleville by 6-3, 1-6 and 6-3 scores. Hollar and Dygert took the last point for Belleville, winning over Zukosy and Simmons with scores of 6-2 and 6-1.

Jim Stevens to date has the best record of the Plymouth team, holding onto an unmarred record of three wins and no losses. Bob Bowen, Don Gronowick, and Spitz have each a record of two wins and one loss. Tonight the local boys play at Ypsilanti, looking for their third victory.

Really Bringing Home the Smelt

Smelt and more smelt, and better yet here's the proof that Bill Morgan, pictured above with 600 pounds of the silver fish, really knows how to get them. In about an hour's dipping last Wednesday night, Bill in the company of Dr. B. E. Champe, Charles Voss and Duane Parkes emptied one of the smaller creeks near East Tawas of its spawning smelt. Of all the local smelt fishermen this foursome has reported the best catch to date.

Golf Tourney Staged by Lions Club on May 27

Plans are underway for the Plymouth Lions club's Southeast Michigan Golf tournament and stag party scheduled for May 27 at the Hilltop Golf club.

All golfers in the area are invited to participate. The tournament will feature an 18-hole kippers tournament. A skeet shooting and hole-in-one contests will also be held with prizes awarded for all events. A program of entertainment is planned for the event and a 60 by 100 foot tent will be provided to accommodate the huge turnout expected.

Chairman for the tourney is Max Todd, president of the club. Co-chairman is Joseph Belobradic and other committee members include Myrn Smith, tickets; Ward Jones and Rollie Widmayer, food; William Fehlig, skeet shooting; R. E. Schuette, beverage; Kenneth Fehling and Clarence, Denhoff, hole-in-one contest; Frank Fitch, grounds chairman; Robert Smith, prizes; Al McCloy, finance; Norman Marquis, publicity; Paul Haber and Cameron Lodge, outside concessions, and Paul Wagner and Carl Groschke, entertainment.

Rock Golfers Win First League Meet

Winning their first league meet of the season, the Plymouth Rock golf team defeated Wayne by 53 strokes Wednesday, April 26 at the Country Club golf course.

Playing on a damp course, everyone shot high over par with Bill Farwell taking medalist honors, shooting an 82, 12 over par. Carl Wheeler was low for Wayne with an 89.

The golfers had been rained out of their former meet with Wayne scheduled for April 20. Bad weather has hindered all of the Plymouth High sports this spring.

Other scores of Plymouth turfmen are as follows: Howard Carson, 90; Doug Jetter, 91; Jerry Walsh, 101. The Wayne golfers hit at the following clip: Al Krick, 90; Chuck Smith, 118; Don Waugh, 120.

The local golfers play at Wayne today, Thursday, and Tuesday, May 9 the Rocks play Ann Arbor.

If you have any local news items, club news or any social news, call 1755.

Four Softball Leagues to Meet Next Monday

Four leagues will meet in the recreation office Monday, May 8 with teams from the Men's Open softball league and the Industrial softball league meeting at 7:30 p.m. and teams from the Midget and "F" baseball leagues assembling at 4 p.m.

Either a manager, coach or a representative from each team is asked to be present at these meetings. It will be the second get-together for the Men's loops and the first for the baseball teams.

Another meeting will be that of the Old Timers' softball league on May 11 at the recreation office at 7:30 p.m.

Gow Elected to Captain Rocks

Having previously earned two letters in baseball, Robert Gow was elected captain of the Plymouth High school baseball squad at a special meeting of the Rock diamond men.

This will be Gow's last year on the baseball field for Plymouth High although he still has another semester of school left. As a catcher Gow is at a splendid position to lead the team.

Four others were in on the voting for captain but the versatile young catcher gained the recognition which he well deserves.

Gow is also seen on the gridiron for Plymouth and on the basketball court. He will be the first nine letterman to graduate from Plymouth High school since Jack Dobbs hung up his uniform for the Rocks.

Women's Golf Class Underway

With a new women's golf class just now starting, 15 women have registered with Mrs. Miller, the instructor, and the first session was held Wednesday, May 3, at Hilltop Golf course.

Classes will be conducted every Wednesday morning between the hours of 10 and 11 a. m. For five weeks an enrollment fee will be charged and is payable at the first meeting.

Mrs. Miller would like to have five more registered in the class, and anyone interested is to call her at 1316 or Herb Woolweaver at 2075.

HIFYA FELLOW DUFFERS... and how's your rusty old golf muscles after the winter lay-off? We imagine that you, like ourselves, are getting the 'bug' to get out on the golf course and smack that little white pill 'round again. 'Twon't be long now!

YOU GUYS AND GALS... that professed a desire to play in a mixed league this season will be glad to know that Monday nights have been set aside for just such a league! MONDAY, MAY 15th, will be the opening night... all couples who have entered will play that evening to establish handicaps so that they can begin competitive play the following Monday night. We can't say some of you gals saying right now that you don't play well enough to get into this kind of a deal and that's where you're wrong... because through handicapping, just like bowling, you'll all have the same chance. Mostly, however, it'll be the fun of the thing that'll make it a grand league. It'll be made up of teams, two couples each team, who'll play against two other couples each week. Following golf, a little refreshments and dancing will be in order... you'll really enjoy it! What we want you to do in the very near future is to call (that's 1164) and let us know if you want to join up so that we can arrange everything in advance. We even have rental clubs if some of you lack equipment but still want to play... and of course we have all sorts of new and used clubs at bargain prices!

AND ALL YOU FELLOWS... who have enjoyed playing in the regular STAG WEDNESDAY NIGHT GOLF LEAGUE will be happy to know that we will get under way with that league on WEDNESDAY, MAY 17th. All of you that want to play next week let us know about it soon... and the names of your players. And all you golfers who want to get on teams get your names in so we can place you. We don't have to tell you that this is a dandy gang of fellows who have a great time every Wednesday night in this old established handicap league. Incidentally, THIS IS IMPORTANT in order to set up valid handicaps... all players will have to turn in an 18-hole score BEFORE the starting day of Wednesday, May 17th, in order to qualify and play on that date.

REGARDING RATES... we're still holding to the same green fee schedule of the past four years... and of course the playing memberships are still available. YOU NEED NEVER PAY AN PREMIUM so play golf at Hilltop Week day rates for non-members are still 75c for 9 holes; \$1.25 for 18 holes; 75c for twilight, Saturday, Sunday and holiday rates are \$1 for 9 holes; \$1.50 for 18 holes; \$1.00 for twilight. Individuals wanting memberships can pay only \$35 and play ALL the golf they want to for that price. Couples (man and wife) can get a membership for only \$55 and play ALL the golf they want to. Junior memberships for teen-agers up to 16 years of age are only \$15 and are good for any week-day (not including Saturdays, Sundays or holidays).

TOURNAMENT LOVERS... can look forward to the SOUTHEASTERN MICHIGAN LIONS GOLF AND OUTING PARTY SOMETIME IN MAY and the year's biggest event, THE ANNUAL CITY TOURNA-MENT! A host of other exciting events await you this 1950 season... so make it a habit and meet your friends at HILLTOP!

MAY YOU DRIVE 'EM FAR AND STRAIGHT IN '50 AND YOUR PUTTS BE IN THE CENTER OF THE CUP!

Summer Bowling Leagues Formed

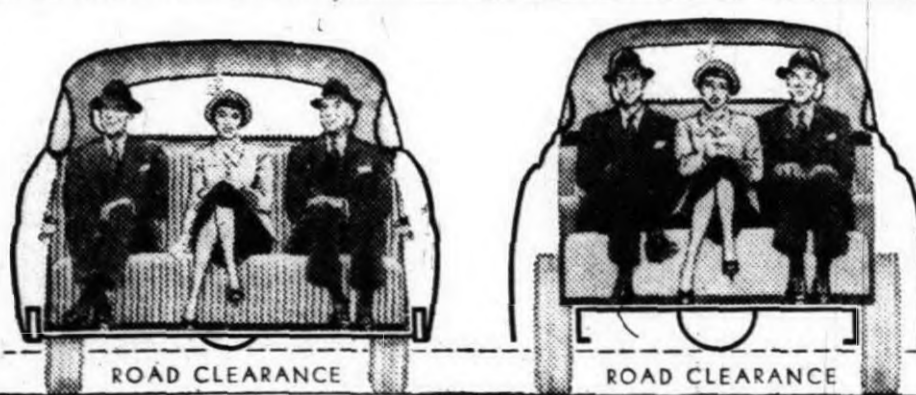

Although the winter leagues have now finished at Parkview recreation bowling alley, summer leagues are getting underway on Wednesday and Thursday evenings and if enough bowlers are interested it is hoped that more than just these two leagues will get started.

The Parkview Recreation is now air conditioned for summer bowling. Open bowling will be had on nights that the leagues are not in operation. New bowlers are welcome for either the leagues or the open bowling.

At the present time a men's double tournament is being held, running until June 14.

Why HUDSON'S recessed floor means Most Room! Best Ride! Safest!

Hudson's "step-down" design brings benefits in room, riding qualities and safety not obtainable in any other car at any price!

HUDSON
"Step-down" design, with its recessed floor, uses space between frame members that other cars waste. The result is America's lowest center of gravity (and full road clearance), while providing more head room and seating room than any other car.

OTHER CARS
All other cars have floor on top of frame, so they fail to utilize the vital space between frame members. Result is a higher center of gravity and either a high roof line or insufficient head room. Seats are narrower; passenger space is less.

WHEN you try Hudson's "New Step-Down Ride," we believe you will find it a delightfully new experience. For Hudson is the only motor car with a recessed floor ("step-down" design). This results in the lowest-built car of them all, with true streamlining and magnificent beauty.

It provides full road clearance and the most room in any automobile at any price! It creates America's lowest center of gravity, which brings you the best and safest ride ever known. Won't you accept your Hudson dealer's invitation—enjoy "The New Step-Down Ride" soon?

The new, lower-priced Pacemaker brings you all of Hudson's exclusive advantages for just a few dollars more than the lowest-priced cars!

All of you that want to play next week let us know about it soon... and the names of your players. And all you golfers who want to get on teams get your names in so we can place you. We don't have to tell you that this is a dandy gang of fellows who have a great time every Wednesday night in this old established handicap league. Incidentally, THIS IS IMPORTANT in order to set up valid handicaps... all players will have to turn in an 18-hole score BEFORE the starting day of Wednesday, May 17th, in order to qualify and play on that date.

REGARDING RATES... we're still holding to the same green fee schedule of the past four years... and of course the playing memberships are still available. YOU NEED NEVER PAY AN PREMIUM so play golf at Hilltop Week day rates for non-members are still 75c for 9 holes; \$1.25 for 18 holes; 75c for twilight, Saturday, Sunday and holiday rates are \$1 for 9 holes; \$1.50 for 18 holes; \$1.00 for twilight. Individuals wanting memberships can pay only \$35 and play ALL the golf they want to for that price. Couples (man and wife) can get a membership for only \$55 and play ALL the golf they want to. Junior memberships for teen-agers up to 16 years of age are only \$15 and are good for any week-day (not including Saturdays, Sundays or holidays).

TOURNAMENT LOVERS... can look forward to the SOUTHEASTERN MICHIGAN LIONS GOLF AND OUTING PARTY SOMETIME IN MAY and the year's biggest event, THE ANNUAL CITY TOURNA-MENT! A host of other exciting events await you this 1950 season... so make it a habit and meet your friends at HILLTOP!

MAY YOU DRIVE 'EM FAR AND STRAIGHT IN '50 AND YOUR PUTTS BE IN THE CENTER OF THE CUP!

Coon Forsakes Woods For His Spring Cleaning

A raccoon, with civified notions, decided to observe Clean-Up Week and invaded the bathroom of the Thomas J. St. Louis home at 927 Holbrook street last Sunday night.

Without disturbing members of the family, the raccoon entered the home through an open door, climbed the back stairs and took up residence in the bathroom. Ignoring the family's invitation to leave, he spent the night there and Monday morning Police Officer Loren Johnson was called in for coon catching duty.

Coon hunting not in season, Officer Johnson caught the meticulous animal in a net and then set him free outdoors. All doors at the St. Louis home are now securely locked.

EASY DOES IT

TO GIVE DOUGHNUTS more flavor, place a few whole cloves or a stick of cinnamon in the fat while frying.

To freshen shredded coconut, soak in fresh milk to which a bit of sugar has been added. This takes only a few minutes. Another way consists of placing the coconut in a sieve over boiling water and allowing it to steam for a few minutes.

Keep cooked salad dressing from curdling by stirring the beaten eggs into cold vinegar before cooking.

Cook in the top of a double boiler so the dressing will be smooth.

Rice will be whiter and more fluffy if you add one teaspoon of lemon

RECIPE OF THE WEEK

Pineapple Snow Pudding (Serves 6-8)

- 1 cup canned crushed pineapple
 - Water
 - 1 tablespoon unflavored gelatin
 - 1/2 cup sugar
 - 1/2 teaspoon salt
 - 2 tablespoons lemon juice
 - 2 egg whites
- Drain pineapple well and add enough water to the syrup to make 1 1/2 cups. Soften gelatin in 1/2 cup of this liquid. Heat remaining liquid; add to gelatin with sugar and salt, then stir until dissolved. Stir in crushed pineapple and lemon juice. Chill until mixture thickens to the consistency of unbeaten egg whites. Beat egg whites until stiff. Add gelatin mixture. Place in a bowl and surround with ice water; continue beating until mixture begins to hold its shape. Turn into one mold or several small ones and chill until firm. Unmold and serve with custard sauce.

Juice to each quart of water used in the cooking.

Corn meal will not lump if you moisten it with cold water before adding it to boiling water when cooking.

Carrot skins can be removed easily if you place the vegetables in hot water for a few minutes. Run cold water over them and slip off skins.

To peel grapefruit and oranges easily when you want the sections for a salad, let the fruit stand in boiling water for eight minutes before peeling.

Grange Cleanings

The Grange will meet tonight at the hall at 6:30 p.m. with pot luck supper. Be sure to bring a little extra food as we are to have several guests. The program will be especially good so don't miss it. Bring your neighbor with you.

The Lily club will meet Monday evening, May 8, at the hall with Mrs. and Mrs. Charlie McConnell as hosts. Bring sandwiches or cake, your card table and your friends.

Patchen PTA to Conduct Round Table Discussion

A meeting of the Patchen Parent-Teacher's association will be held tomorrow, May 5, at 8 p.m. in the school instead of the usual Thursday meeting.

Following a short business meeting, a round table discussion on the study of the Patchen community will be held. The program was originated by the sixth grade students. All members of the PTA are urged to attend this interesting and different meeting.

Merritts Trout Fish in Smokeys

Mr. and Mrs. Joe Merritt are on a fishing trip in the Great Smokey Mountains. They expect to be gone about 10 days.

Their stay will principally be at Fontana Village, North Carolina, which is but a short distance from the highest peak in the Smokeys. Since the trout season in Michigan is off to a poor start with high waters, etc., the Merritts decided to go where the season was already in full swing.

While in this area, Joe intends to look for a friend of his who was a fellow prisoner of the Japs. Joe does not know if this boy returned or not but is going to try to contact his relatives who live in a small village in the mountains of Western Virginia.

Local Students Honored at State

Two coed honor societies selected 43 new members in May Day sunrise ceremonies at Michigan State college to touch off a full month of celebrations leading to the 92nd annual commencement June 4.

Both societies—Mortar Board and Towar Guard—require top scholastic standings and outstanding records of service in extra-curricular activities. Acceptance to the groups constitutes one of the highest honors bestowed on Michigan State women students. Nancy J. Mastick and Marjorie Tait of Plymouth were inducted into Towar Guard, women's sophomore honor society.

President John A. Hannah, Secretary Karl H. McDonel, other college dignitaries, and parents of society members were among the 200 persons on hand for the ceremonies. "Tapping" of new members was held at Beaumont Tower, followed by a breakfast in the MSC Union at 8 a.m.

Declare National Correct Posture Week May 1 to 7

To set the public straight, National Correct Posture Week has been proclaimed this week by President Truman and Governor Williams. It is conducted under the sponsorship of the National Chiropractic association.

Dr. G. K. Ashton and Dr. Edwin A. Rice, local chiropractors, stated that the purpose of the national drive for better posture is to acquaint the public with the dangers of faulty body alignment due to bad posture.

They explained that the lungs, the heart and circulatory system, and other vital organs are affected by poor posture. Incorrect standing, sitting, and sleeping habits not only interfere with the performance of normal health duties by the vital organs, but also impoverish their nerve supply as misaligned vertebrae, pinch nerves and diminish the flow of energy to the various organs and tissues.

Research by both chiropractic and independent groups has disclosed posture defects in more than 50 per cent of our population, and as high as 76 per cent in some children's groups.

Lower Requirements for Enlistment in Navy

Newly lowered physical requirements for enlistment in the U. S. Navy were announced today by the Navy Recruiting Station in Dearborn. Men who were previously rejected because they failed to meet dental, visual or height requirements, should make a second application for enlistment, if they are still interested in the Navy. There are no waiting lists, and men 17 to 31 years of age who meet the requirements may now be enlisted immediately.

The Navy recruiter will be in Plymouth each Thursday between the hours of 12 noon and 4 p.m. at the city hall.

Hopalong Arrives With Circus at Olympia May 11

There is good news for all kids one to ninety and two to toothless as the big Cole Brothers Railroad circus will soon open its 11-day run at the Olympia stadium on Thursday, May 11.

The big show will arrive on the Grand Trunk railway early the morning of May 9. Aboard these trains will be 1,080 people of the circus family, 500 horses, five herd of elephants, a score of camels, zebras, buffalo and llamas; plus 50 cages of wild jungle beasts. The circus trains will be unloaded near the Grand Trunk depot and the fleet of big wagons, diesel trucks and tractors and cell blocks on wheels, housing the largest menagerie on earth, will be hauled to the Olympia stadium. The walking animals will be marched over the same streets. Another innovation for the Olympia will be the first appearance here of the big sideshow, which will be erected nearby under its tent.

This year's show will be the largest ever presented indoors in Detroit and will feature America's favorite cowboy in person, Hopalong Cassidy, along with more than 100 acts. One of the outstanding features is that of Holland's greatest star, Miss Elly Van De Velde, who is the only lady of this or any age to accomplish the heretofore impossible trick of standing unsupported on her forefinger upon a bottle on a high pedestal without a glove. Other sensations are the Wallenda family of high-wire daredevilry fame; Dorita Konyot, Europe's foremost horsewoman; the Norbertys, who present the greatest aerial thriller ever to come from France; Con Colleano, the Torreador of the tightwire; and scores of performing liberty horses and ponies, herds of elephants, a 36-girl dazzling aerial ballet, entitled "Mandalay."

Tickets are now on sale at the Olympia box office. Children under 12 will be admitted at half price for all performances, with the exception of Saturdays and Sundays. There will be evening performances every day, matinee and evening performances on Fridays, Saturdays and Sundays.

DOES YOUR WATER DO A FULL DAY'S WORK?

Running Water—HEART OF TODAY'S LIVING

To save precious time and labor, to step up farm profits, let Reddy Kilowatt pump and lug more water. Your "wired" hand does this chore for as little as 1 1/2¢ an hour.

Here are a few typical reports from Michigan farmers who have enlarged their electric water systems. "Milk production up 20%." "Butter fat increased 6 to 12%." "Feed costs way down." "Have real fire protection now." "My family is healthier and happier than ever before."

Yes, it pays to switch from man power to electric power . . . to make water do a full day's work.

Prepares Plastic Hobby for Exhibit

Burril L. Bolin sits in the workshop of his home at 146 Adams street working on some of the plastic articles he makes in his spare time. A number of these articles will be on display this week in the lobby of the Plymouth United Savings bank. The articles, including paper weights, chess sets, costume jewelry, book ends and lamp bases, are decorated with intricate designs which Bolin carves with special cutting and drilling tools.

After winning one too many chess games, Burril L. Bolin began his interesting hobby with plastics. A number of years ago, Bolin, then living in Detroit, played chess regularly in a fire station near his home. His partner, who owned the chess set, finally became discouraged with Bolin's successive wins and took the set home.

Bolin then decided to try his hand at making a chess set of his own. He used a plastic called catalin and made a unique set of chess men. When he and Mrs. Bolin moved to Plymouth in 1941 he set up a workshop for himself in the basement of their home at 146 Adams street. In his spare time he makes all sorts of articles out of plastic, including cribbage sets, paper weights, key rings, book ends, lamp bases, wall plaques and costume jewelry. Many of them are on display this week in the lobby of the Plymouth United Savings bank.

Many of the beautiful objects he has created are made out of clear, shatterproof plastic called plexiglass. About 90 percent more transparent than plate glass, this plastic is quite decorative when made into household knickknacks and jewelry. Bolin carves patterns and floral designs into the plastic and then colors the design with plastic dye. The design is carved in the plastic with some of the 75 different shaped cutters which he can attach to an electric hand motor. For this special type of internal carving, Bolin had to

make many of his own tools. The dye is then put into sections of the design with an eye dropper. The various pieces of an article are stuck together with a special plastic cement. Buffing wheels are used to sand or smooth down the surface of the plastic. Bolin uses no patterns for his carving but just fashions the design as he goes along. He sometimes uses a picture of a flower or a fish as a guide for details, when that is the type of decoration being used.

"It's not too difficult," commented Bolin, though he added that art work has always been easy for him. As a child he had a natural adeptness for painting and drawing and members of his family have kept some of his early art work. Bolin is employed at the Burroughs Adding Machine company.

IN TUNE. Through a quirk of nature there are some people whose bodies act as perfect radio aerials. There is one case on record of a man whose entire body shakes so violently whenever a radio is played near him, that a special cane had to be built with various condensers for tuning the offending programs out of his system.

Episcopal Church Women Invited to Diocesan Tea

Members of the Woman's auxiliary of St. John's Episcopal church have been invited to a tea sponsored by the Diocesan Altar guild for the benefit of the Diocesan auxiliary. The tea will be held at the home of the Rt. Rev. and Mrs. Richard S. Emrich in Detroit tomorrow, May 5, from 2:30 to 4 p.m. Preceding the tea some of the members will attend the Fellowship Open House and luncheon of the Michigan Council of Church Women at Christ church, Dearborn. Reservations are required and those interested may call Mrs. Herbert Culver at 85-W. The spring meeting of the Woman's auxiliary will be held May 16 at 1 p.m. at the church. Mrs. Ray Covell is program chairman.

MUCH IN LITTLE. When a kangaroo is born it is so small that it measures scarcely an inch in length. Besides that it is blind, furless and must spend several months in its mother's pouch. When full grown, however, it stands almost as high as a man and can leap 10 to 12 feet. It is said that the name kangaroo is the Australian native word meaning, "I don't know."

Wanda Shepherd Wed in Double Ring Ceremony

Our Lady of Good Counsel church was the setting for the 10 a. m. ceremony on Saturday morning, April 29, when Wanda Ann Shepherd became the bride of Otis Forbing. The Rev. Father William P. Mooney performed the double ring rites.

With her navy blue crepe dress the bride wore white accessories and a corsage of white rosebuds centered by an orchid.

The daughter of Mr. and Mrs. George Shepherd of Port Hope, the bride chose as her maid of honor, the bridegroom's sister, Rosalind Forbing. Miss Forbing selected a pink dress with white accessories for the morning nuptials. White lilies made up her corsage.

Lawrence Dyer served as best man for the bridegroom, who is the son of Mrs. Emma Forbing of Plymouth.

The wedding breakfast took place at the home of Mr. and Mrs. Gilbert St. Louis following the ceremony. Fifty four guests from Bad Axe, Walled Lake, Ferndale, Detroit and Plymouth were present.

Florida was the honeymoon destination of the newly weds when they left Plymouth on their wedding trip. Upon returning they will make their home in Detroit.

Schedule Meeting of Livonia Red Cross Branch

A regular meeting of the Livonia branch of the American Red Cross is planned for Monday, May 8, at 8 p. m. in the home of Mr. and Mrs. James Blair of 33569 Hathaway drive. Following the meeting a sound film entitled "The Michigan Story" will be shown.

In Denver, Rocky Mountain News Reporter Jack Gaskie, posing as an unemployed furniture salesman to do a story on the U.S. Employment Service, took eight hours of tests and interviews, was advised to go into newspaper work.

SUCCESSFUL PARENTHOOD

By Mrs. CATHERINE CONRAD EDWARDS Associate Editor, Parents Magazine

WHAT BETTER TIME than national baby week to consider the older child's view of the new baby? This has been done so warmly in a recent educational film, "Human Beginnings," that I shall first tell you about the movie. It is an Eddie Albert production made under the supervision of Dr. Lester F. Beck, department of psychology, University of Oregon. (And the kindergarten children who take part in the discussion of where babies come from are enrolled in the Walt Whitman school, New York City.)

The film is based upon an extended study of the beliefs and feelings of six-year-old children about the coming of a new baby into the family. And its purpose is not so much to increase children's knowledge, for all the youngsters in the film knew that babies grow in the mother's body, but to help them adjust to a baby brother or sister and look upon the birth as a time of great happiness in the family.

The film succeeds wonderfully in this. One boy tells the story of the birth of his little sister. In flashbacks we see and hear the parents as they plan with Tommy for the big event. There is nothing startlingly new about their handling of the situation. It is the joy of expectation, the happy welcoming spirit in which the baby is awaited that helps make Tommy feel a new baby is the nicest thing that can happen in a little boy's life.

Certainly no event in the life of a child is more momentous than the arrival of a new baby. Dr. Beck, in his written comments on the film says, "It can be an emotionally rewarding experience that brings new activities and joy to the child, or it can be a bewildering, traumatic experience that weakens and disturbs the whole personality structure of the child."

When parents were first advised, about a quarter of a century ago, to tell little children the truth about babies and to inform the older child that a baby was expected in the family, it was thought that this preparation would eliminate jealousy. But like many perfectly sound theories, this one didn't take into consideration the many emotions about the new baby were sometimes mixed with apprehension over expense, or the mother's fear of her confinement, and without realizing it this guarded welcome of the new baby was transmitted to the older child. Or the child's possessive feelings toward his parents weren't taken sufficiently into account and the months of waiting were filled with dread of the interloper who might prove to be a threat to the child's very existence.

But we have learned in the intervening years that the mere giving of information often defeats its purpose. Left to build their own emotional reactions, children can evolve almost as confused a concept from facts as youngsters did who had only the stork or the doctor's black bag to go on. Where the film is particularly valuable is in bringing into the open the emotions, pleased or troubled, of a group of youngsters, and then through Tommy's story guiding them all into a happy, even envious attitude, toward their playmate's good fortune.

As for the thousands of children who will view the film, each one will see some part of his own inner life on the screen. He can sort out his own feelings.

Hints For Plymouth Homemakers

Mom Should Get Special Dinner Treat From Family on Mother's Day

Almost every woman who engineers three good meals for the family each day considers food prepared by someone else a huge treat. So why not make that a part of the special celebration planned for Mother's Day?

Dinner in your favorite Plymouth restaurant would be fun, but mother might get even more of a bang out of a meal cooked and served by other members of the family. If dad can get her out of the house for the entire morning she'll be almost overwhelmed at seeing what a good meal the younger people in the household put together.

Here's some advice for these amateur cooks. It's far better to serve a few foods perfectly cooked than a great many that aren't well done.

Plan the menu carefully so any fussy foods can be prepared long before serving time—maybe even the day before. Study the recipes carefully, noting how long each food requires for cooking so everything will be ready at one time. It's best to include only one dish that needs last minute preparation.

It's a smart idea to set the table and make sure all the dishes and cutlery are ready to use before going into the kitchen to do the actual cooking. Of course, if the main dish needs long cooking the table can be set after that is started and before the other food is prepared.

Here's one menu that is festive but can be handled by an amateur.

Sandwiches for Lunch, Picnics Should be Tasty

Sandwiches have come a long way since that memorable occasion when the Earl of Sandwich first conceived the idea of munching a slice of meat between two slices of bread. Nowadays, a sandwich is the better part of an average lunch. With a bowl of soup or a salad, it comprises a healthful noon-day luncheon. This combination is also becoming increasingly popular as party fare and is a standard Sunday night snack.

When you are making sandwiches, be sure to use a sharp knife, bread that is not too fresh, and soft butter and spread. Sandwiches may be made way ahead of serving time if they are wrapped carefully in wax paper or covered with a very damp linen cloth.

There is as much variety for sandwich fillings as there are Heinz products. Some very tasty treats for sandwich fillings follow:

PICKLE AND CHEESE FILLING
Mash with fork 1/2 pound of Old English cheese. Add, blending thoroughly, 1/2 cup chopped cucumber pickles, 2 tablespoons mayonnaise and 1 tablespoon catsup. Spread between slices of white or rye bread. Makes 8 sandwiches.

MOCK CHICKEN SANDWICHES
Combine and mix thoroughly, 1 cup coarsely ground cooked pork or veal, 1/2 cup finely chopped or shredded raw carrot, 1/2 cup finely chopped celery, 2 tablespoons relish, 3 tablespoons mayonnaise, salt to taste. Spread between slices of white or whole wheat bread which have been spread with mayonnaise. Use lettuce if desired. Makes 12 sandwiches.

OLIVE AND CHEESE SPREAD
Combine, blending thoroughly, 1/4 pound pimiento cheese, 1/4 cup very finely chopped ripe olives, 1 teaspoon red or green pepper sauce. May be used as a spread for appetizers.

BROILED BAKED BEAN SANDWICH
Toast for each sandwich 1 slice of bread. Place a heaping spoonful of baked beans on each slice, then place over beans American cheese, grated or sliced. Top with half slices of bacon. Broil slowly until bacon is crisp and cheese melted. Serve at once.

MOTHER'S DAY DINNER

- Smothered Chicken
- Steamed Rice
- Buttered Asparagus
- Cranberry Sauce
- Carrot Sticks Celery Radishes
- Rolls

Pink Velvet Pie
SMOTHERED CHICKEN
Young chicken weighing 3 to 4 pounds, 1 1/2 teaspoons salt, 1/4 teaspoon pepper, 1/4 teaspoon ginger, 1/4 teaspoon dry mustard, 1/3 cup flour, 1/2 cup fat for frying, 2 cups thin cream or rich milk, 1/4 pound sliced mushrooms.

Buy a chicken all ready cut up, or if preferred, buy the pieces such as legs, second joints and breasts. Combine the flour and seasonings in a CLEAN paper bag and shake to mix thoroughly. Heat the fat in a heavy frying pan. Place the pieces of chicken in the bag with the dry ingredients a few pieces at a time and shake until well coated. Fry in fat over moderate heat until golden brown on all sides, turning as it cooks. Place browned chicken in a casserole or baking dish. Shake any flour mixture left over the top. Heat cream or milk to the boiling point. Add sliced mushrooms and pour over chicken. Cover and bake in a moderate oven, 350 degrees F., until tender, for 1 to 1 1/2 hours. Makes 5 or 6 servings.

STEAMED RICE
One cup rice, 2 1/4 cups boiling water, 1 teaspoon salt.

If directions on box call for it, wash rice under running cold water until water is clear. Otherwise omit washing. Place rice, salt and boiling water in top of double boiler. Place over boiling water in lower part and cook for about 35 minutes or until water is absorbed and rice is tender. Makes 4 generous servings.

BUTTERED ASPARAGUS
Snap off ends of asparagus stalks to remove tough portions. Remove scales and wash stalks under running cold water. Tie in bunches of six or seven stalks. Place in deep narrow pan, tips up. About 20 minutes before serving time add enough boiling water to come to tips. Place over heat and boil gently for about 15 minutes or until tender. Remove from pan, remove strings from bunches and serve with melted butter poured over top. One pound makes four servings.

PINK VELVET PIE
Sixteen graham crackers, crushed fine, 4 tablespoons melted butter or fortified margarine, 1 package strawberry gelatin, 1/2 cup boiling water, 1/4 cup lemon juice, 1/4 cup sugar, 1 tall can chilled irradiated evaporated milk, 1 teaspoon grated lemon rind.

Mix graham crackers with the melted fat and line a deep 9-inch pie pan with them, saving out about 1/4 cupful for top of pie. Dissolve gelatin dessert in hot water and add lemon juice and sugar. Let stand while beating milk. The milk should be chilled overnight or for several hours in freezing compartment of refrigerator. Beat to a stiff froth, then add gelatin mixture and continue beating until mixture will form stiff peaks. Stir in lemon rind. Pour into crumb crust and sprinkle with reserved crumbs. Chill for at least 4 hours or overnight. Serves 6 to 8.

Suit the Bread to the Filling

Sandwich time is almost any time at all—but they're never more popular than in spring and summer when you'll rely on them for auto trips, picnics, beach parties and outdoor teas. From dainty mouthfuls for the ladies to hefty triple-deckers for the he-men, there's an ideal sandwich for every occasion. Suit the bread to the fillings as shown in the picture—nutbread for cream cheese, enriched white for chicken, wheat or rye for ham or beef. The right bread is just as important as the filling.

The Get-Together club will meet on Saturday, May 6, instead of May 2 as stated in last week's paper. This meeting will be held in the home of Mr. and Mrs. Russell Rinehart on Bradner road. Hostesses for the day will be Mrs. Nelson Taylor and Mrs. Archie Herrick. The birthdays of Mrs. I. N. Dickerson and Frank Taylor will be observed.

Use Thermometer for Roast Meat

A 325F or low thermometer is the modern and the correct way to roast meat—for less shrinkage, tastier meat, more uniform results. Since the amount of bone, shape, overall size and weight all must be considered in deciding the correct roasting time, it is wise and safer to use a meat thermometer (the best costs about \$1.50). Watch the bright red mercury in your thermometer to tell you when your roast is done to your taste.

To cook a standing rib roast weighing 5 to 7 lb. by "guess," allow 25 to 30 minutes per lb. for rare beef, 30 to 35 minutes for medium and 35 to 40 minutes for well done at 325F or a low temperature.

Wipe meat with clean, damp cloth, then place in pan, on rack, fat side up (this eliminates basting). Do not cover. Start your oven at 325F or a low temperature. Hold thermometer to side of meat to measure distance to exact center of roast. Mark with your fingers. Important: the inserted thermometer must not touch fat or bone.

Find center of width of roast and make a hole with metal skewer to same depth as you measured with thermometer. Insert thermometer to exact point at which you first measured it.

Carve roast with sharp knife from the far outside edge, across the grain, toward the ribs. Then loosen each slice by cutting close along ribs with knife tip. Lift off each slice as it is carved.

International Theme Chosen For Mother - Daughter Banquet

Once more the Y-Teens of Plymouth High are sponsoring their annual Mother and Daughter banquet to be held in the dining room of the First Presbyterian church in Plymouth on the evening of Tuesday, May 9 at 6:30. The theme is set as an "International" theme with a program that will include two exchange teachers as speakers for the evening, songs, Spanish dances, and Nancy Morrow as toastmaster for the evening.

Three of the committees who are working to make this affair a huge success are the program committee, the publicity committee, and the decoration committee.

Following is a list of girls who are working on the above committees: program committee, Anna Sampson, Anna Munster, Jean Demaminada, Mary Ferrari, Verlyn Knight, Sally McIntosh, Pat Johnson, Shirley Plant, Ann Waldecker, Dorothy Curtis and Pat Wilkins; publicity committee, Gwen Phillips, chairman, Joyce Houghton, Helena Plummer, Barbara Packard, Beverly Ross, Naomi Miller, Donelda Lewis, Bobbie Robertson, Mary Ann Witter and Phyllis Wilkins; and decorations committee, Marg Saxton, chairman, Anna Sampson, Helen Harmon, Mary Vincent, Iva Lou Kahrl, Joyce Forshoe, Nancy Morrow, Elaine Lietz, Arlene Dowling, Carolyn Smith and Gladys Witt.

Exhibit Work of Shop Students

The junior high shop students, under the direction of Mrs. Beatrice Besse, are working on many types of projects this semester.

Lawrence Forwald made a small stool resembling a turtle in color and construction; a small decorative wall plaque is being carved by Jerry Reeder and John Carwin; Frank Barrao, Bill Wassenaar, Tom Sawyer and Billy Tallman are making puppets.

Some of the small ornaments are being shown on the first floor of the high school.

Konrad Moiso's advanced shop class students have come through with some projects that they will exhibit in the spring display May 23 in the high school auditorium.

Jack Cyr constructed a modern bookcase, Ronald Cadogan is finishing a large business style office desk, Charles Tallman made a gun rack, and the rest of the boys are working on serving trays, tables, wooden mallets and are repairing tools.

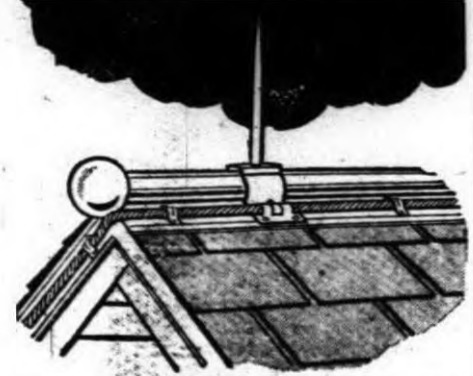

Seniors Receive Military Data

On Monday, April 24, naval authorities talked during an assembly, to the senior boys. Information on the Navy can now be found in the Guidance office where the United States Navy Handbook is available.

The Army and Air Force personnel also paid a visit to the senior boys yesterday, May 3. Information pertaining to the Army can also be found in the Guidance office.

Represents 4-H of Wayne County

Jim Brinks, Plymouth High sophomore and 4-H member, was chosen to represent Wayne county in a trip to Detroit sponsored by the Michigan Milk Producers association. About 400 boys from all over Michigan, one for every 60 club members in each county, participated.

The boys toured the Michigan Milk Producers offices and dairy plant. Friday morning they visited Marshall Wells' program, the Farm Forum at 6:30 a.m. over WJR. Friday afternoon they were guests at the Detroit-Cleveland ball game at Briggs stadium which completed their trip.

Last year Jerry Salow, a 1948 graduate from Plymouth High, was chosen to attend. He won a trip to Waterloo, Iowa.

Pianist Presents Program Tuesday

Frederic Sjobrain, pianist, commentator and composer, will present a program for the Plymouth High students in the school auditorium Tuesday, May 9.

Mr. Sjobrain will give a commentary, historical and structural facts and will demonstrate his musical ability by giving piano renditions, including some American folk songs.

Born and educated in Kansas, Mr. Sjobrain gave recitals in that part of the country at the age of seven. He continued his education at the Kansas City conservatory, Kansas State Teacher's college, the American conservatory, and Northwestern university.

Before the war, Mr. Sjobrain toured the middle-west and the south. After serving in the army for three years he resumed his career. For the last two years he has given recitals.

Future Nurses' Club Members to Get Pins

The Future Nurses' club will get its pins for the girls who have attended at least three-fourths of the meetings this year. The pins, which will bear the head of a nurse, will be presented to the girls at an assembly later this year.

DALE CARNEGIE

★ AUTHOR OF "HOW TO STOP WORRYING AND START LIVING" ★

The Blackbird and the Thrush

HERE'S A LAUGH for you. After you've laughed, read on through the last sentence. I found this in "Live a New Life" by Professor David G. Powers, a small book but an interesting one, chock full of good advice, subtly given.

One Christmas day in 1700, Pat's wife Mary brought in a beautifully roasted chicken. As she placed her bird on the table, a blackbird alighted on the window sill. "Pat," she said, "look at that beautiful blackbird in the window."

Just then the blackbird flew away, and as Pat came within range of the window, a thrush alighted where the blackbird had been.

"You mean a thrush, don't you, Mary?" he said.

Mary, busy at the table, didn't look toward the window again, until the thrush flew away.

"I mean the blackbird that was there," she said.

Pat looked at his wife coolly and answered, "It was a thrush." Now Mary's blood pressure rose. "I know a blackbird when I see one," she said.

"Wish, woman," snorted her angry husband. "You don't know anything."

And from that a real row ensued.

The next Christmas as Mary placed her chicken on the table, she said, "Thank God, there's no blackbird on the window sill this year."

Said Pat, "Are you referring to the thrush that was there last year?"

And another fight was on. For 20 years this fight was renewed each Christmas day.

Now: do you ever, or have you ever, followed Mary's and Pat's example, even though it might be, or might have been, in a lesser degree? Most people aren't free from such a temptation, and no one ever gained from its practice any more than did Mary or Pat.

Pep Meeting Held For School Debaters Before Ann Arbor Contest

Dental Hygienist Attends State Convention

Miss June Singley, Plymouth public school dental hygienist, attended the Michigan State Dental Hygiene convention at the Book Cadillac hotel in Detroit on April 24, 25 and 26.

Miss Singley attended a luncheon on Monday for the dentist and dental hygienists in the public health field and occupational diseases, periodontia, and ophthalmia were discussed. On Wednesday most of the time was devoted to the discussion of clinic work. Miss Singley was appointed chairman of the Clinic committee for the coming year.

An assembly held Wednesday, April 26, in the Plymouth High school auditorium was a pep meeting preceding the state championship debate in Ann Arbor. The meeting was opened by singing the school song accompanied by the band.

Miss Gertrude Fiegel, acting as master of ceremonies, made several announcements concerning the plans of the city committee for a parade to Ann Arbor preceding the debate. She introduced Roger Kidston and Ronald Witt, the debaters, and their coach, Jim Latture.

Mr. Latture recalled the good attendance at the last championship debate in which Plymouth took part and asked for a show of interest this year. The program was closed by a few remarks from Cyrus E. Pierce, the principal.

Varsity Club to Purchase Shirts

At a recent Varsity club meeting it was decided again to purchase "T" shirts. Doug Jetter reported that information was received concerning the shirts and the club members are to sign their names in the coach's office if they wish to purchase them.

Another item discussed was the Varsity club dance. As yet a date is not decided. Last year the club gave a free dance for all students in grades 9-12 and outsiders with guest permits as well.

Plymouth Corp. Announces 4th Plane Contest

The Fourth International Model Plane contest will be sponsored by Plymouth Motor corporation at Detroit August 14 to 21. D. S. Eddins, president of the company, announced today.

As in the past, the contest will be invitational, with 500 of the top model builders in the United States, its possessions, and foreign countries being asked to compete with each other at Detroit. Invitations will go to those who establish outstanding records in preliminary local and state contests which will be sponsored by Plymouth dealers in hundreds of cities and towns during the spring and early summer months.

In this year's contest, there will be \$7,000 in U. S. Savings bonds for prize winners in 40 events in addition to 120 first, second, and third place trophies and seven beautiful perpetual trophies.

One change over previous International contests will be in the flying scale events. In other years, contestants could enter only a specific model, such as a replica of the Stinson Flying Station Wagon. This year, however, the event will be open to any type flying scale model. The change was made, according to Eddins, "to allow model builders who specialize in building other type flying scale models to put their favorite planes in open competition with some of the finest flying scale models ever built."

The Fourth International, sanctioned by the Academy of Model Aeronautics and held in conjunction with the Aero Club of Michigan, will feature 40 indoor events. There will be events for the delicate rubber-powered indoor jobs, rubber and gas powered free-flight models, towline gliders, gas and jet-propelled speed planes, team racing and flying scale.

Participation at Detroit will be open to boys and girls in three different age groups: freshmen, 11 years or under, not yet 12; junior, 12 to 15, not yet 16; senior, 16 to 20, not yet 21. Entry forms will be available at Plymouth dealers' showrooms about May 15.

The rummage sale to be sponsored by the Auxiliary will be held at the Veterans' Memorial center the latter part of May. Anyone having clothing, dishes, household goods, etc., that they wish to contribute may call Mrs. Robert Diekman, chairman, telephone 1024-XM. Arrangements will be made to pick up articles, if you are unable to bring them to the Center.

Post and Auxiliary members were pleased about the number of folks who attended the joint installation of officers at the high school gym last Saturday night. The floor work put on by the Wolverine Auxiliary was beautifully executed and very impressive, each member of the team being attired in the regulation beige uniform and wearing pink corsages. The flowers were a gift of the Mayflower Auxiliary. Gifts were also presented to Mrs. Ethel Gagnor and Mrs. Meier of Northville, who acted as installing officer and conductress. Approximately 125 persons gathered at the Veterans' Memorial center after the installation for refreshments. A buffet luncheon was served from a large table centered by an arrangement of yellow jonquils and pussy-willows, donated by Past President Mrs. Robert Diekman, Mrs. Guy Rorabacher and Mrs. Joe Elliott were in charge of refreshments.

Five years ago on May 8, World War II fighting ended in Europe. As this day approaches in 1950, we should think back and remember how many men returned disabled from battles fought to protect our homes, our loved ones, our jobs and our very freedom. Many of them are still on hospital beds with little, if any

hope of returning to normal living. They gave up their homes, left their families to endure untold hardships and face death daily on foreign soil, so that we might be safe. Are we living up to the promises we made to them so freely that V-E day in 1945? Are we "following through?" Do we support the veterans organizations in our town, so that they, in turn, can carry on the job which is the main purpose of their existence: "to help their comrades who are still in hospitals?" Loyalty is our best defense... an absolute necessity to national security and to the promotion of our principles of democracy. Let us show our veterans that we are loyal.

What's the secret of the "UNRUFFLED" RIDE?

SOME car makers say springs make the ride—and so we give every Buick four of the soft, gentle coil springs practically all cars use on front wheels only.

Then there are frames—and car weight—and engine mountings, which on Buick are a very special kind used nowhere else.

They're all important—yet the plain truth is no one of these things—or two or three—gives a ride you can truly call "unruffled."

We agree—and use a torque-tube drive, that takes up all the thrust, freeing rear springs of driving pulsation.

Some stress tires—so you'll find low-pressure casings on every Buick, mounted on our own kind of Safety-Ride rims. Some play up shock absorbers—we make ours fast, soft and sure in action, to wash out all "after-bounce."

Some say the drive is important—how power is transmitted to the rear wheels.

We feel it takes all of them—springs, tires, shock absorbers, drive, engine mountings—carefully and precisely brought into balance with each other.

You can see why we think so in any Buick—SPECIAL, SUPER or ROADMASTER.

You can feel it on cobblestones

and car tracks, washboard gravel and weather-pocked macadam, country lane and city street. You even feel it on boulevards, which grow still smoother when you travel them in a Buick—especially when it has Dynaflo Drive.

So we would like you to try a ride that is truly "unruffled." Free of harshness—undisturbed by jounce and jitter—level—steady-going—smooth.

Just ask any Buick dealer for a chance to try out any Buick. You'll find it "the ride of a lifetime"—and the buy of a lifetime too!

*Dynaflo Drive is standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

Only Buick has Dynaflo—and with it goes:

HIGHER-COMPRESSION Fireball valve-in-head power in three engines. (New F-263 engine in SUPER models.)
 NEW-PATTERN STYLING, with MULTI-GUARD forehead, taper-through fenders, "double bubble" taillights • WIDE-ANGLE VISIBILITY, close-up road view both forward and back • TRAFFIC-HANDY SIZE, less over-all length for easier parking and garaging, short turning radius • EXTRA-WIDE SEATS, cradled between the axles • SOFT BUICK RIDE, from all-coil springing, Safety-Ride rims, low-pressure tires, rigid-riding torque-tube • WIDE ARRAY OF MODELS with Body by Fisher.

Accomplished by Working Together

The great benefits which result from whole-hearted cooperation probably are no better illustrated than by the accomplishments of the 15,000 dairy farmers who work together as members of the Michigan Milk Producers Association.

Some of the outstanding benefits obtained for themselves by these members are:

- 1. A GUARANTEED market for all of the milk they produce.
2. Guaranteed prompt payment in full. No credit risk.
3. Substantial payment for milk rejected from the market in event the member's family is quarantined.
4. Check testing of the members milk for butterfat content by Association testers to insure proper payments.
5. Improving quality of product and cutting production costs through Association Quality Control Program.
6. Safeguarding the market against seasonal fluctuations in production by means of the Base and Excess Plan.
7. Efficient representation in legislative and regulatory measures at the local, state and national levels.
8. Constant and reliable source of information regarding important subjects relative to dairy farming, milk production and market situations.
9. A unified, intelligent program of advertising and sales promotion to increase the consumption of milk and dairy products.
10. A continuing program of research and dissemination of information setting forth the great value of milk as a food in cooperation with the Dairy Council and American Dairy Association.

Michigan Milk Producers Association A non-profit organization entirely owned and operated by more than 15,000 Michigan Farmers.

Roger Babson Says...

Babson Discusses "When to Buy"
As soon as I talk business conditions with anyone out here—banker, manufacturer, merchant, farmer or wageworker—he asks: "How long do you think present good conditions can last?" They all seem to realize that the country—and especially wages and prices—are on an artificially high basis.

What Would Cause a Collapse?
It will not be our banking system, nor in fact any of the things which have brought on previous depressions. The most prevalent belief is that the next business collapse will be brought about by competing labor leaders and unreasonably high taxes. Throughout the Central West, a severe crop failure, lasting two or three years, is most feared. Of course, an attack by Russia could make an awful dent in the Stock Market.

Personally, I do not look for a "bust," or even a panic during the next year or two. My fear is of a slow "erosion," caused by increasing competition, reduced

profits and declining sales. There is a limit to the number of houses, autos, televisions, refrigerators, etc. which families can buy either for cash or on installments. We are fast approaching this limit. When retail sales fall off, employers must lay off workers. This increasing unemployment results in still fewer sales, more unemployment, and finally we will be confronted by 15,000,000 unemployed and a dead stock market. An excess of new labor-saving machinery could also hasten this "business erosion" until unemployment gets adjusted thereto.

What the Charis Show
According to the Babsonchart which covers all sections of the country a business depression could be expected anytime. For over ten years business has been above the normal line. When this Babsonchart is broken down, it is found that it is made up of four cycles. Each of these are of different duration. These have been worked out in detail by two famous econ-

omists—Edward R. Dewey and Edwin F. Dakin.

The longest of these cycles runs for 54 years; the second longest for 18 years; the third longest for 9 years; and the shortest for 41 months. Ordinarily, throughout the past century these cycles often reach their high and low points at different times and hence neutralize one another. This is the reason I depend upon my Composite Chart. But a study of these four independent charts of Dewey and Dakin indicates that they all may reach their low points about 1952. If so, those who are saving up to buy a home or stocks or other things, for longer than present prices have only about two more years to wait.

What About Russia?
A discussion of when the next business depression is due, must consider the Cold War in which we are now engaged. In fact, it almost looks as if we are still fighting World War II. Certainly as a war measure, our government cannot afford to let this country suffer from serious unemployment, failures and a collapsed stock market until we have certain peace. This might come through Stalin's death, a Russian revolution, or through compromise due to mutual fear of the H-bomb.

Until the present Cold War ends, our country MUST keep sending billions to Europe; MUST speed up production of armaments; MUST support farm prices and MUST help small business. In short, I see no serious business or stock market collapse so long as the Cold War continues. I say this irrespective of what economists or political leaders have to say. Hence, I believe that Joe Stalin is the only one who can answer correctly our question: "When will it be time to buy houses, commodities and stocks cheap?" In fact, even he does not know! I, however, do not believe that 1950 will offer this opportunity.

Farmers Are Optimists
The farmers out here are fairly optimistic. Most of them are out of debt and many have good bank accounts. During the past few years they have been buying equipment, repairing their buildings and improving their soil. They feel that even as prices of farm products further decline—which they expect—Congress will treat the farmers fairly.

Only two things these farmers fear: one is another long drought which may come anytime; the other thing which worries them is whether Mr. Truman has the right advisors. I find out here a very strong hope that General Eisenhower will be their next president.

Training Course Offered For Girl Scout Leaders

A series of four training meetings for Girl Scout troop leaders and committeemen in Livonia will be offered this year on successive Wednesday evenings from May 17 to June 7.

These meetings will be open to all who are interested in Girl Scouting—parents, friends, and Council members. They will be held next door to Mrs. Walter B. Hall's, president of the Livonia Council, at 29970 West Six Mile road. Each meeting will run from 7:30 to 10:30, and the four together will offer 12 hours initial training credit.

The first meeting, set for Wednesday, May 17, will be devoted to the fundamentals of Girl Scouting; May 24, the Intermediate Scout program; May 31, Badge workshop; June 7, Girl Scout ceremonies and the games workshop.

Council Slates Meeting for May 9

The Wayne County Council of Parents and Teachers will meet at the Pierson school, Seven Mile at Farmington roads, at 8 p.m. Tuesday, May 9.

Prior to the meeting, dinner will be served at the Methodist church, Seven Mile near Middlebelt roads, at 6 p.m. Installation of officers will take place at the meeting. Rabbi Galazier from the Temple Bethel is the guest speaker for the evening.

Parents and teachers from this area are urged to be present. Reservations for tickets may be secured by calling Mr. Middlewood at Farmington 3028-W.

Last Square Dance Tonight in Central Gym

The last square dance of the year will be held tonight, Thursday, in the Central Grade School gym beginning at 8:30 p.m. with Scott Colburn furnishing the music and the calling for the squares.

The committee for the dance will consist of Mr. and Mrs. R. Broman, Mr. and Mrs. Byron Champion and Mr. and Mrs. Charles Nelson. Coffee will be served during a brief intermission and everyone is asked to bring a snack of some kind.

To date the square dances have been quite a success and Mr. Warren, president, hopes that the last dance will be the biggest and best.

Proclamation....

WHEREAS the strength of America lies in the devotion of our citizens to the democratic principles which have found their greatest expression in our social, economic and political institutions, under God, and

WHEREAS it is easy to lose sight of the value and importance to us of those principles through our familiarity with them, and

WHEREAS the Plymouth Lodge of the Benevolent and Protective Order of Elks will conduct a community-wide Wake Up America program on May 17th for the purpose of renewing and strengthening our faith in our country, its principles and institutions.

NOW, THEREFORE, I, Cass S. Hough, Mayor of Plymouth, hereby proclaim May 17th as Wake Up America Day in the City of Plymouth and I urge all groups and all citizens to cooperate with enthusiasm in making this event an inspiring re-affirmation of our firm faith in and our unshakable devotion to our priceless heritage of freedom and opportunity.

Cass S. Hough, Mayor of Plymouth, Mich.

By LYN CONNELLY

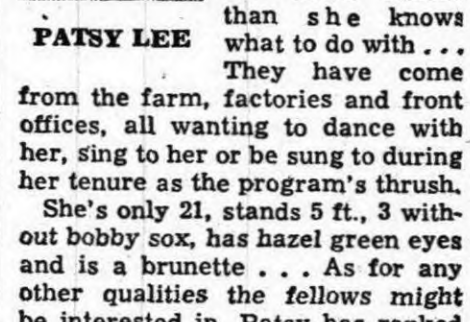

She's PERT, pretty and woefully afraid she might become an old maid! But Patsy Lee, the ABC Breakfast Club songstress, has no worries... For a good muscled, masculine majority of the 5,000,000 daily Breakfast Club listeners are betting their buttons that Patsy's hope chest turns out to be something more than a despair barrel... And they're probably right! Patsy has more suitors than she knows what to do with... They have come from the farm, factories and front offices, all wanting to dance with her, sing to her or be sung to during her tenure as the program's thrush.

She's only 21, stands 5 ft., 3 without bobby sox, has hazel green eyes and is a brunette... As for any other qualities the fellows might be interested in, Patsy has ranked very high in beauty and fashion contests... The basis of her charm probably lies in her disarming naivete and unassuming innocence.

Patsy's fling into the vocal world and consequently her role as one of the Breakfast Club gang all started through her grandfather's influence... She has been taking dancing lessons and might have pursued this art if it had not been for granddaddy's intercession... Her vocal ability, when she was younger, was accepted as a natural talent which needed no attention beyond learning the words to a new melody... But her grandfather, more impressed with her high C's than her piroettes, insisted that she take singing lessons and thereby launched her on a vocal career when she was 14.

She started with ABC San Francisco until she was urged on to Chicago where she joined the Breakfast Club in 1947... An amateur cook, she collects dancing dolls and objects for her hope chest as hobbies... Breakfast clubbers have been quite aware of the latter fact for some time and the last time Patsy took count, they had contributed well over 500 pot holders towards her big event—if and when she meets "Mr. Right."

A survey shows that several thousand women in the United States have taken up law. A very small percentage when you consider how many million are laying it down.

try it out FREE ON YOUR FARM

ALLIS-CHALMERS MODEL G

You have a new experience in farming waiting for you with rear-engine tractor power. Without obligation, we'll be glad to let you try out the Allis-Chalmers Model G on your own farm. Simply get in touch with us, and the Allis-Chalmers Mobile Demonstrator will visit your farm.

Get on the front seat of this rear-engine tractor yourself. Try straight-ahead vision—see how much easier it is. You operate the tractor; put it to the test in your own fields.

You'll hardly believe your eyes when you see what a man-sized small tractor can do. Weight of engine in the rear adds a surprising amount of traction and extra drawbar power.

Just phone or paste the coupon (below) on a post card and mail to us.
