

### ONE NEVER, NEVER KNOWS.

Life is strange, unpredictable—something that has mystified humanity since the beginning of time. We know that all earthly human life must some day come to an end. But when it comes suddenly and unexpectedly it seemingly brings with it a greater sorrow and a wonder as to the why such things must happen.

It is because of this that the sudden death of Mrs. Isola Moss, one of Plymouth's most beloved residents, proved such a shock to the city in which she had endeared herself to every one who knew her.

In sickness, in sorrow or in tribulations she always found ways to bring comfort and aid to those in distress. Probably a more kindly human being never lived than Mrs. Moss. Not only was she kind and friendly, but she lived one of the most unselfish lives of any person the writer has ever known.

Just a day or so before her death, she told members of the family and friends not to worry about her, but to do what they could to comfort and aid a friend who was ill. She was never known to speak unkindly of any one and a more generous person never lived.

Although devoted to her home, she found time to take an active part in various church, civic and social organizations—not only to take part in their work and activities, but always willing and anxious to do more than her rightful share in any effort that had for its object the betterment and happiness of some one else.

All of Plymouth bows in its grief over the untimely passing of one who exemplified the life of HIM who went about doing good. To the members of the immediate family, The Plymouth Mail extends its deepest sympathy. They will, however, be able to find contentment in the fact that this is a better world because of the years she spent in it.

### OUR FOURTH CELEBRATION AND HOME COMING.

Haven't heard much about the plans for our Fourth of July celebration and Home Coming announced by the Chamber of Commerce for July 3 and 4, but one can rightly assume that something is being done and that Plymouth will stage an event worthy of the city on the dates selected.

It can and should be made a real affair. It has been a long, long time since Plymouth has put forth any effort to have the old timers return home for any sort of a reunion. We have well-known former residents who are scattered all over the country, from Florida to California. We would be glad to see all of them come back for a visit to "the old home town."

They would be surprised at how Plymouth has grown in the last dozen years or so. They would see many old landmarks that haven't changed—but they would see a wonderful park development that local residents can enjoy when they are not crowded out by the "masses" from Detroit. They would see some of the finest new industrial plants that have been erected anywhere in the country—and some beautiful new homes. But we can't do much bragging about our streets, although we hope to in due time.

The Fourth is the most important date in American history. Years ago it was a common thing for Fourth celebrations to be held in Plymouth, but as time went on and people began to take our blessings for granted, the meaning of the Fourth seemingly has slipped. It is for the purpose of arousing anew that old patriotic spirit that meant so much to Plymouth in the old days that caused the Chamber of Commerce to decide on a real old-fashioned Fourth celebration in connection with a home-coming affair.

The combined events can be made an affair of which Plymouth will have reason to feel proud afterwards, if we work to make it the sort of a success it should be.

### IS HE GOING TO CONVICT HIMSELF?

If this fellow Lattimore keeps on calling names and doing the "yap-yap" he will convict himself of all that he has been accused of by Senator McCarthy. He has said enough already to raise a doubt in one's mind as to his "purity." The case does have one interesting feature, however, and that is the apparent effort of the "investigators" to crucify the Wisconsin senator as was done in the Chambers-Hiss case, when Chambers was literally hung up by his thumbs for making accusations against Hiss, later proven true by a jury of loyal American citizens.

### SHE WOULDN'T DO THAT, WOULD SHE?

Mrs. Hicks Griffiths, legislator-friend of the Governor and whose husband ran the Williams campaign in the last election, is reported to be in difficulties with Democratic members of the house of representatives—all due to the fact that she signed a petition asking the Governor to appoint some Escanaba fellow to the civil service commission. After the Governor appointed a Detroit woman, Mrs. Griffith was reported to have been the chief sponsor of the Governor's appointee. You must know now what the supporters of the Escanaba candidate must think of the lady law-maker.

### MR. REUTHER GETS A LICKING.

After forcing thousands and thousands of men, women and children to live off the public dole or go without food, clothing and other necessities for more than three months, Mr. Reuther has taken a good licking from the Chrysler Corporation he (Reuther) was going to bring to its knees. It appears that in the final settlement of the disastrous strike he got for his followers just about what Chrysler offered in the first place. It is unfortunate indeed that the workers will never regain all that they have lost in wages during the three month needless and disastrous strike.

### IT IS ABOUT TIME.

Read in the newspapers that Senator Taft has been selected by the Republicans to answer the defense President Truman plans to make in Chicago on May 15 of his administration of affairs in Washington. Up to the present it would appear that members of the minority party in Washington have been letting the President get away with all sorts of boasts, claims and accusations. But that policy is going to be changed and Senator Taft has been selected to set the voters right on whatever Mr. Truman may have to say in Chicago.

Because Mr. Truman says that his trip through the West, which ends up with his Chicago speech, is not a political trip, the taxpayers will bear the expense of the excursion. He will ride in his own private car which cost the taxpayers more than \$200,000, and there will be 13 Pullman cars in the train as it gads about through the west where Mr. Truman is not going to say a word about politics—No Sir, nary a word. If he did it might be possible that some of the money raised at the recent Jackson day banquets might have to be used—and that is going to be badly needed for the fall elections.

### VOTERS BEAT PEARSON-PEPPER.

The Pearson-Pepper machine that ran for the United States senate in Florida last week, took an awful beating at the polls. The Pearson smear of a youthful ex-Marine who ran against Pepper, apparently made votes for the successful candidate. Voters of the nation should feel grateful that Claude Pepper has been deprived of his senate seat. Now if the sponsors of Drew Pearson will withdraw him from his radio program and newspapers will eliminate his column, the country will be taking a long step forward in decent and honest politics. Of the two pests, we regard Pearson as the most obnoxious.

## Hulsing to Run for Re-election to School Board

Petitions for nominations for members of the board of education may be filed in the superintendent's office between May 12 and May 23 inclusive. Two terms expire this June, that of Board President Kenneth Hulsing and Dr. A. C. Williams. Hulsing will run for re-election.

Dr. Williams, present treasurer of the board, told The Plymouth Mail yesterday that he definitely would not be a candidate for re-election. He said that he felt the other members of the board were very capable people and that since he was serving on a million and a half dollar hospital building project in Detroit this next year someone else should take his place on the board of education.

He further stated that the last three years had been important ones for the school district. Since one grade school was under construction and the site for the second now purchased, work on which would start very shortly, the local building program was well underway, Dr. Williams said. He also said that as soon as the second grade school was underway the plans for the high school addition would be approved and that also would be started.

Petition blanks may be obtained at the high school office and, when filed, must contain the signatures of 50 registered voters. Election day is June 12 and votes will be received from 10 a. m. to 8 p. m.

This year for the first time, voters who have registered for city or township elections are qualified to vote for the school board. Formerly a separate voter's registration was required for school elections. State law no longer requires this dual registration.

Registrations will be accepted from qualified school electors of the Plymouth township school district from now until June 3, and will be received in the school board office daily from 8:30 a. m. to 4 p. m. Monday through Friday and from 9 until 12 noon on Saturday. Registrations will also be accepted at Starkweather school Monday through Friday from 8:30 a. m. to 4 p. m. On the last day, June 3, the school board office will be open until 8 p. m.

The annual meeting of the board of education will take place June 12 at 8 p. m. at the high school.

## C of C Launches Plans For 4th of July Celebration

Plans are shaping up for the city's annual Fourth of July celebration, according to Ralph Lorenz, chairman of the Chamber of Commerce committee arranging the event.

A fireworks display better than last year is promised by the fire department which handles that colorful part of the day's program. Sport events will take place in both the afternoon and evening.

Main feature for the day's celebration will be the children's parade, headed by 4-H groups. Prize winning live stock and other animals will be in the parade, Lorenz stated.

Tentative plans are being made for obtaining a merry-go-round and other carnival amusement equipment which may be for children's entertainment the week of the Fourth.

## Home Seriously Damaged by Fire

The Plymouth township and Plymouth fire departments responded to a fire at the home of Mr. and Mrs. J. B. Jarvis at 14656 Northville road last Sunday shortly after noon.

Upon arrival the firemen found the entire roof covered by flames reaching about 20 feet into the air. Three lines of booster hose were directed on the fire and four ladders used to completely cover the roof area. Dense smoke and intense heat hindered the firemen in securing entrance to the second floor.

After approximately five minutes the fire was under control and the firemen proceeded to extinguish the small blazes which covered the outer edges of the roof. The fire originated on the wood shingle roof from sparks from the chimney. Chief Robert McAllister and Chief Clayton Koch of the township department estimated the damage at approximately \$4,500.

## Myron Willett Dies Following Short Illness

Myron M. Willett, a lifetime resident of this area died at his home at 784 Holbrook avenue last Sunday morning. He would have been 84 years old on May 20.

Active in Masonic affairs, Mr. Willett was a life member of the Plymouth Rock lodge, served as Master in 1917 and secretary in 1920-26, and also was a life member of the Plymouth Chapter 115, Order of the Eastern Star. He also belonged to the Plymouth Tent No. 338 of the Maccabees and was a charter member of the Goodfellows. He was employed for 25 years at the Daisy Manufacturing company.

Mr. Willett was born in a log cabin in Livonia township in 1866. He and his wife, Lena Chase Willett, celebrated their 58th wedding anniversary on April 19 and on April 21 he was stricken with a cerebral hemorrhage. At approximately the same time, Mr. Willett's sister, Mrs. Jennie Hench of Benton Harbor, was also stricken with a cerebral hemorrhage. She also died last Sunday morning and her funeral services were held in Benton Harbor at the same time as Mr. Willett's.

Surviving Mr. Willett, besides his wife, are three daughters, Mrs. Ruth Rotnour and Mrs. Winifred Downing of Plymouth, and Mrs. Uma Teufel of Toledo; one son, Chase, of Plymouth, eight grandchildren and four great-grandchildren. Another daughter, Mrs. Vena Schoof, preceded her father in death eight years ago.

Services were held yesterday at 2 p. m. from the Schrader funeral home. The Rev. Henry J. Walch, D.D., officiated. Active and honorary pallbearers were all Past Masters of the Plymouth Rock lodge. Interment was in Riverside cemetery with Masonic ritual.

## Optimists Resume Teen-Age Dances

The teen-age dances sponsored by the Plymouth Optimist club will be resumed on Saturday, May 20 at 8 p. m. in the high school gymnasium. This will be the first dance since March. Tommy Michael's 11-piece orchestra will provide the music for the dance.

The next meeting of the Optimists will be held May 15. Ray McGuire, golf pro at Franklin Hills, will be the guest speaker and he will show motion pictures on golfing. Ed Lindstrom is the chairman for the evening.

## Rotary Notables Assemble Here For President's Day

Under the capable direction of President Frank Henderson, local Rotarians observed President's day at their meeting in the hotel last Friday. The meeting, one of the largest of the year, also proved to be one of the best presented to the club in many months.

Principal speaker for the affair was Dr. Lloyd Pobst, Baptist minister of Jackson, Michigan. A former college president, Dr. Pobst brought those in attendance a particularly inspiring address entitled, "Half a Miracle."

In attendance at the meeting paying their respect to President Henderson were a past international president of Rotary, both the present district governor and district governor-elect and many presidents of Rotary clubs in this vicinity.

## Two Win Public Speaking Honors

Two Plymouth High school students were named winners in the regional public speaking contest sponsored by the Michigan High School Forensic association Monday at the high school. Ronald Witt placed first in the oratorical contest and Jon Brake won in the extemporaneous division.

As far as could be determined, Brake is the first ninth grader to ever win the difficult extemporaneous contest. His topic was "Consequences of the Recent Election in Britain."

Witt's topic was entitled "E Pluribus Unum." Andrea Owen of Northville won the declamation award and Carol Baumgartner of Bentley High school took first honors in the dramatic division.

## Debaters Qualify for Scholarship Finals

Ronald Witt and Roger Kidston both qualified for the final debate to determine the winners of the Free Press college scholarship Tuesday afternoon in Ann Arbor. The winners were determined yesterday afternoon at 5 p. m. but the decision was too late for publication in this week's paper, and will be announced next week. There were six finalists for the three scholarships to be awarded.

## Lions Club Aids White Cane Week

Churches, schools, organizations, and places of business are again working together to further the educational program of White Cane Week, May 7 to 13. Under the dual sponsorship of local Lions members and the Lions Clubs of Michigan, printed leaflets have been prepared for distribution through all schools.

To date, thousands of White Canes have been furnished free of charge to blind persons, through the efforts of the various Lions clubs throughout the state. This work goes on day after day.

Once every year, however, a special week is designated by the Governor as White Cane Week during which an intensive program is launched to remind citizens that the bearer of the White Cane is blind, and that under our state law such person is granted the right of way in traffic. Going beyond the letter of the law, one of the prime purposes of White Cane Week is to solicit friendly assistance wherever it may be needed in order to safeguard the welfare of all who carry this symbol of blindness.

The program locally this year, under the chairmanship of Lion Tom Riley and Lions of Plymouth, who ask everyone to wear a miniature White Cane to show their interest. Plymouth Lions will be on the streets Friday evening offering these miniatures to the public.

## Bob Johnston Opens New Insurance Office

Bob Johnston, who has been in the insurance business since his return from service, has announced the opening of insurance offices in his home at 312 Ann street.

## Last Rites Held For Isola Moss

One of Plymouth's most beloved matrons, Mrs. Thomas W. Moss, passed away Sunday. News of her sudden death shocked not only hundreds of her friends in this community but in the neighboring village of Northville where she once resided.

Death came as the result of a brain operation in Ford hospital Saturday from which she never regained consciousness. Her illness had been of short duration which made the shock of her passing more severe to her family and friends.

She was 60 years of age having been born January 4, 1890 at Risca, England. She came to America in 1908 and was employed as a department store buyer in Clarksburg, West Virginia. She married Thomas Moss in 1922 in that city.

Mr. Moss opened architectural offices in Plymouth in 1926 while they resided in Northville and in 1933 they moved to their residence on Ann Arbor trail where they have resided since that time.

Mrs. Moss had been active in the work of St. John's Episcopal church and was a member of the Garden club. Her life had been devoted to her husband and two daughters, Catherine and Virginia (Mrs. Merrill Walker) who survive her, and to spreading kindness to her friends and the people of the community in which she lived. A granddaughter, Pamela Walker, also survives.

Services were held Wednesday afternoon at the Schrader funeral home at 4 p. m. with the Rev. Alexander Miller officiating. Burial was made at Rural Hill cemetery in Northville.

## Hi-Twelve State Conclave at Port Huron May 19-20

The state convention for Hi-Twelve will be held at Port Huron on May 19 and 20. Members of the Plymouth Hi-Twelve club who intend to be present at the convention should contact Art Haar who is in charge of reservations for local representatives at the conclave.

## Elks to Promote Patriotism With Program May 17

Final plans are being completed for the "Wake Up America" program sponsored by the Plymouth Lodge of Elks. The program will be presented May 17 at 8 p. m. in the high school gymnasium as part of a nation-wide crusade of the Order of Elks to quicken the spirit of American patriotism.

The Rev. Alexander Miller, rector of St. John's Episcopal church, will open the program with an invocation. Guest speaker will be Judge Miles F. Cushman, Ronald Witt, winner of the Michigan High School Forensic association's oratorical contest, will give a dissertation. The musical part of the program will be furnished by Evelyn Woods, pianist, and Earl Reh will be the soloist. The patriotic film, "Of This We Are Proud," will be shown to emphasize the advantages of the American way of life.

Chairman Robert Johnston invites everyone to attend. Arrangements for the program were made by Johnston and his committee which includes William Choffin, James Keyes and Ray Creith.

## Plan For Club's 25th Anniversary

Plans are underway for the banquet and celebration marking the 25th anniversary of the Ex-Servicemen's club in Plymouth. The banquet is set for June 8 in the dining hall of Our Lady of Good Counsel hall.

John W. Jacobs, ticket chairman has announced that tickets for the event will go on sale next week. Over 200 members and friends are expected to attend. Harry Mumby's entertainment and banquet committee have started planning for an interesting program honoring the club's silver anniversary. George Gottschalk is general chairman of the affair.

## Hi-Twelve State Conclave at Port Huron May 19-20

The state convention for Hi-Twelve will be held at Port Huron on May 19 and 20. Members of the Plymouth Hi-Twelve club who intend to be present at the convention should contact Art Haar who is in charge of reservations for local representatives at the conclave.

Property at the northwest corner of Sheldon road and Ann Arbor trail was purchased by the board of education this week as the site for the second new grade school. The 12 acres of land was bought from Winston Cooper at a cost of \$1500 an acre.

Ground will be broken for the new school early in June and the building will be ready for classes by next February. The school will be of similar structure and the same size as the George A. Smith school now under construction in the south section of the city. The cost of building the two schools will be the same, and the second school will only differ in minor external features. Gould, Moss and Smith, Associates, are the architects.

## Post Displays War Souvenirs

In an effort to keep the public mindful of the plight of hospitalized veterans, the Mayflower Post of the V.F.W. has arranged an extensive exhibit of the war mementos which will be displayed until Monday in the show window of the Eger-Jackson store on Ann Arbor trail.

Included in the exhibit are German uniforms, Nazi flags, foreign currency, photographs taken at Bikini, medals, guns and rifles, helmets and newspapers proclaiming the war's end in Europe and the Pacific. The souvenirs were collected from members of the post and are representatives of all theaters of war. The purpose of the display is to serve as a reminder to members of the community to aid hospitalized veterans.

## Named 1st Woman Judge in Harness Racing History

Mrs. Pearl Hunt of Plymouth will become the first woman race judge in harness racing history when Northville Downs opens next Monday night, May 15.

Orlo Owen, operational manager at Northville, announced today that Mrs. Hunt has been added to the list of officials for the 54 nights of racing. She will be assigned as a patrol judge.

The well-known Plymouth horsewoman, owner of Cherry Crest Farms at Plymouth, has been identified with horses for 20 years. She has bred and trained palominos and five-gaited show horses for leading Michigan and midwestern shows and fairs. She is a native of Inlay City.

When Northville Downs pioneered night harness racing in 1944, Mrs. Hunt drove a trotter the first year and has been an enthusiast ever since. Her one-third mile private training track at Cherry Crest has been active as a training center before and after the summer racing campaigns.

Last year she officiated as marshal for the Jackson Raceway meeting. "Her experience as an owner, breeder, trainer, race driver and official qualifies Mrs. Hunt as a judge at Northville," Owen said.

## Mayor to Speak at Church Dinner

Mayor Cass S. Hough will be the guest speaker at the final spring dinner meeting of the Methodist Men's club May 18 at 6:30 p. m. in the church dining room. Hough will discuss the management-labor program at the Daisy Manufacturing company which has attracted very favorable attention.

Robert Joffille, lifelong friend of the mayor, is program chairman and will introduce the speaker. During the business session at the meeting officers for the coming year will be elected.

All men of the church are urged to attend. Reservations for those not yet contacted may be made by calling Ed Wingard, 2182-W, or Austin Pino, 1448. Loren Goodale will be in charge of the dinner.

The V.F.W. Mayflower Post will hold a formal installation on next Monday evening, May 15 in the high school auditorium beginning at 8 p. m. A ritual team from Detroit will be here to conduct the installing. The public is invited to attend.

The site was chosen by members of the school board because it is centrally located with respect to the residential area which it is most likely to serve and will be convenient to subdivisions developing west of the city limits. Most of the new subdivisions have a large school-age population. The school will be equally accessible from the two main east and west thoroughfares, Penniman avenue and Ann Arbor trail.

The land will require no filling and has good drainage. Other sites considered along Sheldon road needed a great deal of filling and were not sufficiently remote from railroad tracks and a potential manufacturing area.

According to city officials it will probably be possible for the new school to have city water since the Ann Arbor trail main can be extended to the school building on that site. The sewer situation is different however. It is improbable, according to city engineers, that sewer facilities can be afforded the school since the Ann Arbor trail line is only 5 feet under the ground at Sheldon road and is only an 8 inch tile which is greatly over loaded.

The location with respect to the George A. Smith school will make possible the balancing of enrollment between the two schools. The 12 acres purchased will provide ample playground space and furnishes plenty of room for expansion.

Completion of the school at this location and the Smith school will mean all children now attending Central Grade school will be within a radius of less than a mile from either of the two schools. Children living over a mile will be furnished transportation.

Bidding on construction for the school will be opened in the near future.

## Scouts Receive Awards at Annual Court of Honor

A capacity crowd packed St. Michael's hall in Rosedale Gardens Monday night to attend a Boy Scout Court of Honor of the Northwest Community of the Sunset district. Over 300 parents and friends and as many Scouts were present.

The Scouts represented troops from Plymouth, Northville, Newburg, Wayne County Training school, Stark and Rosedale Gardens. More awards were given to Scouts this year than at any other time. Seventy-one boys were advanced to the second class rank, 22 were advanced to first class and 36 boys received 140 merit badges. Practically all the troops in the community were represented among these candidates.

The higher ranks included the following who were awarded the Star rank: Neal Bowyer of P-1; Ronald Corey of P-4; Donald Clemens and Ronald Case of Stark; Richard Willis, Lucien Lovell, Eddie Nash and James Lapham of Northville and Scoutmasters Ed Zopf, William Hed-

## Sold Thursday - Dozens of Calls

Two well known local residents found to their complete satisfaction that Plymouth Mail want ads really produce results. In both cases the items advertised were sold on Thursday afternoon, the day the paper comes out, and both received at least fifteen other calls. Dr. Harold Brisbois sold his beautiful grand piano and was paid cash on the spot for the same and Captain William Roberts of the Salvation Army sold his used Apex washing machine. They'll tell you Plymouth Mail classified ads really get action. Have you tried them lately?

### Local Women Display Their Hooked Rugs at Bank

Since last September the twelve women pictured above have been working on beautifully colored hooked rugs which they will display this week in the lobby of the Plymouth United Savings bank. The group worked under the supervision of Mrs. Ruth McAlister, one of the foremost teachers in Detroit. Watching Mrs. Marian Harriman put the finishing touches on her rug are (left to right) Mrs. McAlister, Mrs. Ethel Jolliffe, Mrs. Irene Packard, Mrs. Dora Fredericks, Mrs. Katherine Brown, Mrs. Bernice Reddeman, Mrs. Jo Kenyon, Mrs. Ethel Micol, Mrs. Mildred Martin, and Mrs. Ruth Thomas. Not pictured are Mrs. Florence Kirkpatrick and Mrs. Lida Merriam. The rugs were made from old materials and the women dyed their own material. Mrs. McAlister has displayed several rugs in the national hooked rug exhibit in Worcester, Massachusetts.

### Patricia Pierson Exchanges Vows in Saturday Nuptials

On returning from a wedding trip to Indianapolis, Indiana, Mr. and Mrs. Edmund Roginski will make their home on Union street.

Rites at Our Lady of Good Counsel church on Saturday morning, May 6 united the couple

in marriage. Before her marriage, Mrs. Roginski was Patricia Ann Pierson, daughter of Mr. and Mrs. R. J. Pierson of Lotz road. The bridegroom is the son of Mr. and Mrs. Joseph Roginski of Romulus.

The 10 o'clock single ring ceremony was read by the Rev. Father William P. Mooney before an altar decorated with white gladioli and lighted tapers.

For her wedding, the bride wore a gown of white eyelet embroidery. Her shoulder length veil was held in place by a tiara of white gardenias. A white orchid was centered on a prayer book for the bridal bouquet. The bride was given in marriage by her father.

As her only attendant the bride asked Mrs. Virginia McGraw of Plymouth to be matron of honor. Pink eyelet embroidery styled the matron of honor's gown. She wore a tiara of pink gardenias and a shoulder length veil of pink net. Pink gardenias were arranged in a colonial bouquet for Mrs. McGraw's bouquet.

The bridegroom was attended by Jim McGraw of Plymouth as best man.

A navy print dress in bemberg sheer was the choice of Mrs. Pierson for the morning ceremony. Her accessories were navy blue and she wore a corsage of pink camellias.

The bridegroom's mother chose a pink dress and a corsage of white camellias.

An afternoon reception at the home of Mr. and Mrs. Wayne Smith on Roosevelt street was attended by 60 guests. Following the reception Mr. and Mrs. Roginski left for their wedding trip to Indiana.

### Joins Business Staff at G. M.

Miss Alice Reddeman, 325 Blunk street, has been graduated from the stenographic course at the Joy Road school of the Business Institute. She is now working in the offices of the Diesel Engine division of General Motors, where she was placed by the school.

Miss Reddeman is the daughter of Mr. and Mrs. Floyd Reddeman. She is a graduate of the 1949 Plymouth High school class.

### Bertha Wiseley Funeral Friday

Services will be held tomorrow at 1 p.m. from the Schrader Funeral home for Mrs. Bertha M. Wiseley who died Tuesday after a short illness. A resident of Wayne for 10 years, she lived at 2207 Walton street.

The Rev. George Nevins will officiate at the services and entombment will be made in Riverside Mausoleum.

Surviving Mrs. Wiseley are her husband, Linley A. Wiseley; four sons, Milton and Levi of Dearborn, Willoughby of Whitmore Lake, and L. Glenn Wiseley of Detroit; two daughters, Mrs. Esther M. Palmer of Plymouth and Mrs. Etha G. LaVoie of Detroit; 17 grandchildren, two great grandchildren and other relatives.

### Overcome by Car Fumes While Working on Car

John Eckstrom of 9563 Gold Arbor road was overcome by carbon monoxide fumes while working on his car Sunday but was revived by oxygen administered by Dr. C. J. Westover and Fire Chief Robert McAllister.

Eckstrom was found by his daughter who summoned help. The Fire Chief's car answered the call to the fire department. He has completely recovered and returned to work Monday.

### Well-Baby Clinic to be Held May 17

All mothers with babies and children of pre-school age are invited to attend the Well-Baby clinic May 17 in the health room of Plymouth High school. Clinic hours are from 10 a.m. to 12 noon.

Dr. Milo Brady will be the pediatrician on duty to give mothers advice on child care, and Mrs. Mary Strasen, school health nurse, will assist. The clinic is now conducted as a project of the local Community Fund.

### Grange Gleanings

The Grange will meet Thursday evening, May 18 in the hall as usual at 7:30. It is very important that all officers be present as there are matters of business that must be taken care of before our summer vacation.

Don't miss the Grange party tonight at the Grange hall. Prizes, refreshments and a good time for everybody. Bring your card table.

There will be no more Lily club meetings until September.

### Sally Gustafson Named on College Honor Roll

Sally Gustafson, daughter of Mr. and Mrs. Knut Gustafson of Adams street, has been named to the college honor roll for the fourth consecutive semester at Michigan State college.

A sophomore at the college and a graduate of Plymouth High school, Sally attended the President's dinner last Monday given for the 67 honor students at the college. She is taking the basic liberal arts course.

### Announce Dates of Kindergarten Registration

The annual round-up for the registration of kindergarten children for next September will be held at the Starkweather school on Tuesday, May 16, and at the Central Grade school on Thursday, May 18, from 9 a.m. to 3 p.m.

It is important that parents register their children at this time to receive instruction in planning a mental and physical program that should precede entrance to kindergarten, school officials announced.

The kindergarten teachers will be free to become acquainted with the children and to orient them with the school and surroundings. The school nurse will be present to answer and advise about questions pertaining to the children's health.

Children should be registered at Central or Starkweather schools according to the area in which they reside as designated by the Board of Education. The railroad line crossing North Main street divides the school districts. Registrants for kindergarten must be five years of age on or before December 1, 1950.

Many a man who thinks he has a clear conscience actually only has a poor memory.

Springtime is wonderful—in spite of the many poems which are always inspired by it.

The 1951 Kaiser is here!

- America's newest car!
America's most glamorous car!
Triumph of Anatomic Design\*

The 1951 Kaiser DeLuxe 4-door Sedan...one of 6 body styles and 12 models. Hydra-Matic Drive available in all models at extra cost.

Anatomic Design... (Ana-TOM-ic)... is the newest, most advanced step in motor car making. It is the principle of engineering the anatomy of the car, every feature of the body and chassis, to suit the needs of human anatomy in a way never before achieved. It results in a car that is easier to control, more comfortable, safer for you and your family to ride in.

And here it is... the first car in America built from roadline to roofline on the principle of Anatomic Design!

Like riding "outdoors"! Largest windshield, slimmest corner posts in any car... no "blind spots"!

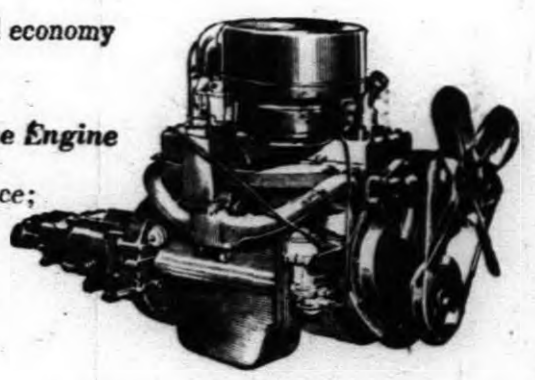

Most room ever! High-Bridge Doors offer new walk-in ease. Single-Roll Body provides extra wide, lounge-comfort seats, more head room and leg room.

Easiest ride on the road! A Level-Flight Ride... because exclusive spring suspension takes up road shock!

Here's super-safety! Lower center of gravity and Truline Centerpoint Steering let the '51 Kaiser take curves faster, safer! Oversized jumbo brakes make stopping surer, swifter!

Value that holds up! Years-ahead newness and economy of operation save you money and assure lasting protection for your investment.

New 115 h.p. Kaiser Superionic High-Torque Engine gives you faster acceleration; less vibration with higher compression, quieter, smoother performance; more driving power per horsepower, lower gas and oil consumption.

Built to Better the Best on the Road!

one glance and you know it's the newest car in America!
one mile behind the wheel and you'll want to own it!

\$200,000 Kaiser-Frazer "Name The Car" Contest Winners! Look for your name on display in your dealer's salesroom!

**Rites Held For Plineth Hinton**

Plineth Russell Hinton passed away suddenly Sunday, May 7, at his home, 15465 Haggerty road in Northville township at the age of 45 years.

Mr. Hinton was president of the Radio Supply and Engineering company at 85 Sheldon street, Detroit. He was a member of the Michigan Thoroughbred Breeders association, vice president of the Michigan Thoroughbred Owners association, and a well known breeder and trainer of thoroughbreds. He also operated the P. R. and H. L. Racing Stable, and raced at the State Fair Grounds and at Hazel Park. He was a member of Delta Theta Phi, a law fraternity.

Surviving are his widow, Mrs. Helen Hinton; his mother, Mrs. Carrie Margaret Hinton of Warren, Ohio; two brothers, Levier E. Hinton of Detroit and Ronald W. Hinton of Warren, Ohio, and other relatives.

Mr. Hinton was brought to the Schrader Funeral home, and later taken to his home from which place funeral services will be held today at 2 p.m. with the Rev. Henry J. Walch, D.D., officiating. Interment will be in Riverside cemetery.

Uncle Sam has now developed a hard boiled foreign policy towards Russia. It now seems old Joe is a bad egg.

There are six major passes across the Sierra Nevada.

The Hypnotists Institute of America has chosen "The most exciting eyes of this generation." Among the eyes that had it were Mrs. Earl Warren, John L. Lewis, Joan Caulfield and Joe Louis. That's high grade peek-a-boo, but it might find a dissenting opinion from a young fellow parked under a full moon in spring. It's difficult to pick the most stirring optics anyway. If you drive through a red light, the cop who stops you might easily enter the list. And a fellow trying to alibi a 3 A.M. home coming might have another entry. To the egotist, of course, the most exciting is a single "I".

A Burbank, Calif., woman who found her marriage wasn't legal sued her "hubby" for \$25,000 for 8 years back pay as secretary, bookkeeper and housewife. Better check your licenses, men. ### Scouts Receive Awards at Annual Court of Honor

(Continued from page 1)  
den, Thomas Zopff, Arthur Epker, Russell Bernard and Donald Gehringer of Rosedale.

Three Life rank certificates were awarded to Rosedale's Jms. Lowery, John Stem and Ronald Carlson. Two Rosedale Scouts who were made Eagles last year were given bronze palms for further work.

The Northville Explorer Post had three members made five year veterans, Harold Atwood, Richard Gussell and William Cansfield, and eight received the Advanced Explorer rank of Woodsman.

Special awards included the Loomis banner for attendance of parents and friends won by Troop P-1 of Plymouth; the Murphy Shell for advancement won by Rosedale, and an award of chaplain's badge given to the Rev. G. MacDonald Jones of the Newburg Methodist church for his work with the district.

The climax of the evening was the elevating of four young men to the Eagle rank, the highest in Scouting. Sidney D. Strong, district commissioner, was master of ceremonies, assisted by William F. Church, assistant Scout executive of the Detroit Area council.

Robert Bowen of Plymouth-1, Riley B. Quarles, assistant Scout master of Stark-1 and William Cansfield and Richard Gussell of the Northville Post were the candidates. The charge to them was given by Mr. Church. The new badges were pinned on by the mothers or wives of the candidates. The ladies received miniature Eagle pins and corsages from the respective troops.

The Court which presided at this affair consisted of Earl R. Stansbury, Cullen D. Moneriff, Clifford Bernard, Alfred Stem, Robert Bruce, Arthur Epker, William Lloyd and Ralph Kinner, all of Rosedale; J. J. Huddleston and Sidney D. Strong of Plymouth, Theodore Kuckelman, district chairman, of Belleville, Beryl Zimmerman of Wayne and William Holdsworth of Royal Oak. District Executive Arthur E. Henry acted as clerk of the court.

### Rotary Notables Assemble Here For President's Day

(Continued from page 1)  
One of the interesting features of the program was the singing by those in attendance of a song written to the music of "Onward Christian Soldiers" by President Frank Henderson. The words of the song are as follows:

Onward Men of Rotary,  
Till your story is told,  
Banners Proudly Waving  
Colors Blue and Gold;  
Though foes may assail you  
Let them not affright,  
Faith must never fail you  
When you're in the Right.

Chorus:—  
Onward Men of Rotary,  
Till your story is told,  
Banners Proudly Waving  
Colors Blue and Gold.

Onward Men of Rotary,  
Through this foul morass,  
Fears and Superstitions—  
Foes that shall not pass,  
Courage be your Watchword,  
March on side by side;  
Hope and Love your helmet,  
God your Living Guide.

The first sign of triumph  
Will your fears assuage,  
March on, then, Rotarians,  
Tis the conquering age,  
Love and Life and Freedom  
Be your battle cry;  
March and Work together,  
Dare to win or die.

Like a mighty army  
March on, Rotary band,  
Till your cherished friendship  
Spreads through all the land,  
Retrench not nor falter,  
This no time to wail,  
Press on into battle  
Service cannot fail.

Pedestrians can be classified two ways—the quick and the injured.

The atom bomb at least gives promise that we shall all be cremated equal.

Life is like a ladder. Every step takes us either up or down.

#### Less Opportunism Urged by Holy Name Speaker

"The American way of life is the pursuit of happiness, in ordered liberty, by an individual who fears nobody but God and His final verdict," Paul T. Bollinger, former president of the Detroit Stock Exchange, told members of the local Holy Name society at their meeting last night.

Bollinger, who was a pioneer in the crusade against fake promotions as well as a leader in the fight for truth in advertising, traced the evolutionary development of the American way of life from colonial days and urged the need of less opportunism and more honor in dealing with the problems that beset us.

"I submit," he said "that we have lost our sense of values; that our plethora of creature comforts has warped our conception of our real purpose, that our quest of security has taken the adventure, and therefore most of the satisfactions, out of living. The 'haves' believe that democracy should be devoted to preserving what is, instead of struggling for what ought to be. The 'have-nots' contend that the end justifies the means and seek to authorize by statute practices to which many of them would not think of stooping in private life. And the most disturbing of all the symptoms of the current unrest is that with all the moral implications involved, those that should be thundering the truth are strangely silent.

"We hear much about group projects but very little about individual duty, a great deal about charity but nothing about aims, too much about self-expression and far too little about self-control. In the world of clichés, pragmatism is the order of the day and the test is not, 'is it right?' but 'can you get away with it?' Contrast the opportunism of the average politician of today with the idealism of the Roman senator, who, when commanded by the Emperor Vespasian to speak against the interests of his country and threatened with death for refusal, answered with a smile: 'Have I ever told you that I am immortal? My virtue is in my own disposal, my life in yours; do what you will, I shall do what I ought; and if I fall in the service of my country, I shall have more triumph in death than you in all your laurels.'

In paying tribute to the courage of Theodore Roosevelt, the speaker emphasized the comment of Secretary John Hay that "it requires no courage to attack wealth and power, but to remind the masses that they, too, are subject to the law, is something few public men dare to do."

#### Noted Missionary Speaks at Church of the Nazarene

Mrs. Louise Robinson Chapman, noted missionary, will be the guest speaker at the evening service of the Church of the Nazarene Sunday, May 14 at 7:30 p.m.

Mrs. Chapman, wife of the late Superintendent James B. Chapman, served 20 years as missionary to Africa. She is a graduate of Northwest Nazarene college and is the author of the popular missionary book entitled "Africa O Africa."

At the Quadrennial convention of the Woman's Foreign Missionary society, held in St. Louis in 1948, Mrs. Chapman was elected the national president of the organization which has a membership of approximately 75,000 women.

For the last few years, she has been very much interested in the fourteen million colored people in the United States and has been instrumental in organizing several churches and helping to establish Nazarene Bible Institute, a Bible school for the training of Christian workers among the colored race, located near Charleston, West Virginia.

Mrs. Chapman is giving her time to the work of the Woman's Foreign Missionary society and holding missionary conventions throughout the United States and Canada, under the auspices of the Church of the Nazarene.

### Dick Olin to Move to Saginaw Soon

Plymouth residents will be interested in knowing that Richard Olin, for years associated with the Willoughby Shoe store, has purchased an interest in the La-Ross shoe store in Saginaw and has already taken over the management of the business. After leaving Plymouth Mr. and Mrs. Olin moved to Flint where he has been in the shoe business in that city until a few days ago when he decided to go into business in Saginaw.

It is the plan of the Olins to move to Saginaw after the end of the present school term in Flint.

### Rock Baseball Squad Drops First Contest to Redford Union

Losing their initial baseball tilt of the season, the Plymouth Rocks bowed to Redford Union Tuesday, May 2 on the locals home diamond by the score of 7-4.

Dave Reitzel started on the mound for Plymouth but was soon replaced by Wally Dzurus in the second inning after giving up six runs and seven hits. Taylor did the chucking for Redford Union and gave way to Beauman in the last frame.

Klatt started things out for the Panthers in the first inning by slamming out a double and scoring the first run of the ball game. He was followed by Gourgeon, Fairbanks, Luzod and Rayburn who also connected for extra base knocks.

Dzurus followed Reitzel to the mound in the second inning and pitched fine ball throughout the game, giving up three hits and one run. Dzurus faced only 18 men in his five inning stand and also retired 10 men in a row. After spotting Redford Union a six run lead Plymouth came back in the second frame to come within four runs of the Panthers, scoring two runs on four hits.

Although pitching only two innings Reitzel struck out four men and gave up one base on

balls but the extra base hits proved the deciding point. He was nicked for five extra base hits in his two innings. This was Reitzel's first loss in high school, ending a five game winning streak.

Plymouth's scoring punch was led by Bob Gow, team captain, with a triple. Carl Elliott with a double and Lloyd Campbell with two singles. Luzod of the Panthers was the day's leading hitter with two triples in three times at bat.

The Rock's left nine men stranded on the bases while Redford Union brought in all their boys but four.

### Local Trackmen Place Fourth in Albion Relays

With 18 Class B schools competing in the Albion Relays held Saturday, May 6, the Plymouth High school track squad finished in fourth place.

Everett with 27 1/5 points took first place while Howell with 32 placed second. Marshall garnered 30 7/10 points for third place and Plymouth totaled 29 1/5 points.

A disqualification of Lou Vargha in the 440 hurt the Rocks bid for repeating as '49 champs. Vargha, leading in the 440 right down to the end made too sudden a turn nearing the finish line. He cut over into another lane, hampering another runner, and thus the judges disqualified him. Vargha won the race but lost five points for the berth because of his disqualification.

Turning on the steam in the cool, windy weather, Paul Harding won the hundred yard dash in 10.3; the 220 in 23.3 and in addition ran a leg in the 880 relay. The Plymouth relay team set a record in the 880 relay by running it in 1:36.1. Bill Burger, Bob Anthony, Harding and Vargha compose the relay team.

Vargha missed tying the school record in the broad jump by one inch as he leaped to 21 feet, taking first place for the local thin-clads.

With a time of 2:08.3 Calvin Becker placed second in the half mile for the Rocks. Bob Anthony took third in the 220, tied with a five man field for third in the high jump with a 5 ft. 4 in. leap and ran a leg in the 880 relay. Jim Law took fifth place in the pole vault, vaulting 19 ft. 3 in.

On Friday, May 12, the Suburban B league meet will be held here at Plymouth with preliminaries in the afternoon at 3 o'clock and the finals at 7 p.m.

### Inter-County Loop Opens Season

The Inter-County league opened its season Sunday, May 7, with 22 teams in action, including three from Plymouth.

Plymouth Utilities, who have gone down to the final game of the playoffs for the past two years, opened its season in fine fashion as they edged past Linderman in a very close game, 5-4.

Although the P.N.A. pitcher struck out 13 Daisy batters, the local team went on to win 7-5. The game was won mostly on errors by the P.N.A. club.

First National suffered the only defeat of a Plymouth team, bowing to Gamble 12-10. A broken nose was suffered by the Gamble third baseman when he lost the ball in the sun and it struck him on the nose. The Riverside diamond on which the Bank team played was in very rough condition.

The schedule for next Sunday's games is as follows:

Maple Grove vs. Utilities at 3 p.m. at the Riverside diamond.

First National vs. Selgren at 7 p.m. on Nankin Mills diamond.

Daisy Mfg. vs. Warendale at 3 p.m. on the Daisy field.

### Set Baseball League Meetings for Next Week

Managers, coaches or representatives from each team wishing to enter the Old Timers' league or already entered in the league are asked to be present at a meeting in the recreation office tonight, Thursday, at 7:30.

On Monday, May 15 in the recreation office at 4 p.m. there will be a meeting of the boy's softball teams wishing to enter either the Class E or D loops. Also, Monday will be the deadline for any teams to be entered in the Girls' Inter-City league.

At the recreation office on Tuesday, May 16 there will be a meeting of all teams in the Class D and E baseball league at 7:30.

Wednesday, May 17 will be the deadline for teams to be entered in the Mens' Open, Industrial and Old Timers' softball leagues.

Every Wednesday evening at 7 o'clock in the rear of the high school there is an umpires meeting and anyone interested in umpiring or getting some information on rules, etc., is asked to come to the meeting.

### Golfers Down Ypsi and Wayne

The Plymouth High school golf squad won their third and fourth straight golf match in the past week ousting Ypsilanti and Wayne on May 2 and 4 respectively.

Playing Ypsilanti at Country Club golf course the locals won by the slight margin of seven strokes, as Bill Farwell took medalist honors with an 80, ten over par.

The Plymouth foursome totaled 348 strokes on the 18-hole round while Ypsilanti tallied 335. Doug Jetter shot an 88, Jerry Walsh 89 and Henry Levering knotted a 91.

At Hawthorne Country club the Rock golfers defeated Wayne by 32 strokes and this time Doug Jetter was medalist with an 83. This was the first time that Jetter has ever been a medalist.

Wayne totaled 385 strokes in this meet while Plymouth garnered in 352, netting the locals a 32 stroke victory and their fourth consecutive win. In this meet Levering fired an 87, Farwell a 90 and Jerry Walsh settled with a 92.

### Barbers Win 8-3 Over WCTS in Exhibition Game

With only two hits the South Side Barbers' softball team downed the Training School 8-3 Sunday afternoon, May 7, on the W.C.T.S. diamond in an exhibition tilt.

Georgie Gillies started on the mound for South Side and was credited with the victory while Hughes was the losing pitcher. Fred Pringle went in for Gillies in the fifth and Pringle was replaced by Art Secord in the final frame. Cox finished the game in place of Hughes for the Training school.

Gary Sockow led off with a walk in the initial inning for the Barbers and scored the first run of the game. In the second inning South Side scored five runs and made only one hit but the Training School came back and netted three in their half of the second and the Barbers held a substantial 6-3 margin.

In the sixth stanza the South Side Barber Hellcats roared back with two more runs and their final hit to end the scoring for the game.

The Training School pitchers gave up 13 bases on balls while the local hurlers walked seven men. Max Lare and Harold Secord got the only two hits for the Barbers. The Training School was held to only three hits which included a triple by Sullivan.

On Sunday, May 21 the South Side Barber Hellcats again play the Wayne County Training School at 2 p.m.

A hand hard to beat in the game of life is a hand callused from honest toil.

### Ladies' League Elects Officers

Officers for the coming year of the Plymouth Recreation Ladies' Classic Bowling league were elected at the league's annual banquet at the Pen Mar Cafe May 1.

Rosemary Lyke succeeded Bea Zielasko as president of the league. Other new officers include Mildred Swartz, vice president; Marian Creith, secretary; Beverly Everson, treasurer, and Doris Dodge, sergeant at arms.

Corsages were presented to each bowler at the banquet, and the out-going president, Bea Zielasko, received a trophy expressing the appreciation of the members of the league. Members of the first place Cavalcade Inn team received their trophy from the bowling proprietor, Lee Butler. Individual trophies were presented to members by the league, and sponsor, Thomas Martin, gave each of the lady bowlers a jewelry set.

George Molnar, sponsor of the Molnar Electric team, presented each of his girls with a trophy for having finished in second place.

### Shorts in Sports

Where are all the boys who want softball teams in the local recreation softball league which is at the present time trying to be formed?

Plymouth seems to be a town with few boys who care much for athletics. In every sport teams have been lacking and the teams that were represented did not have too many athletes on it.

Even the high school is having a hard time getting boys to come out for sports. The high school has four spring sports and approximately 65 boys are totaled in all of these competitive sports.

The Plymouth Recreation department is trying to form two softball leagues, Class D and E loops, but as yet only five teams have shown a desire to enter the two leagues. Of these five teams, three of them are from the Training school.

The first meeting of the softball leagues was scheduled for April 24 in the recreation office but only one team was represented at the meeting. Each league must have at least four teams before a schedule can be made up.

A team in the D or E loop could easily and cheaply be sponsored by a local merchant or merchants as there is no entry fee—just a forfeit fee—which is to be paid by the boys and will be returned to them if they do not forfeit any ball games.

Last year there was just one softball league for the boys with for teams in the loop but this year there is one for boys 18 and under and one for boys 16 and under.

The Training school took the championship last year but it is doubtful if they will repeat as they are not as tough as they were last season. The Bulldogs who finished second, close behind the Training school, are known as the South Side Barbers and they will be one of the top contenders this year with added strength.

Herb Woolweaver, Plymouth's recreation director, would like to see more boys interested in softball, so as to make a better men's

### Rocks Drop 2nd Baseball Game as Season Begins

Bowing to Ypsilanti on Friday, May 5, the Plymouth Rock baseball squad dropped its second straight encounter of the young Suburban B season on the Braves diamond by an 8-4 score.

Wally Dzurus started on the mound for the local nine and pitched the complete contest, being charged with the loss. Charlie Derryberry, Braves hurler, allowed the Rocks only three safeties and was credited with the victory.

Ypsi was off to a fast start as they crossed the plate for pay dirt four times in the initial frame. Going into the sixth inning the Rocks had only one hit, a double by Captain Bobby Gow in the second stanza, and were trailing by eight runs. However, in the sixth and seventh innings the Rocks came to life and scored four runs on two hits.

Dick Fenton, Carl Elliott, Dzurus and Harold Secord scored Plymouth's runs while Fenton, Gow and Dave Travis connected for the Rocks only three bengals.

The blue and white squad were defeated in their first game of the season by Redford Union 7-4 at the expense of southpaw Dave Reitzel on Tuesday, May 2.

**RESOLUTION and ORDINANCE  
SUBMITTED TO  
PLYMOUTH TOWNSHIP BOARD**

Upon motion being duly made, seconded and unanimously approved by the said Township Board for the Township of Plymouth, Wayne County, Michigan, at a duly scheduled meeting held this 3rd day of April, A.D. 1950, it was resolved as follows: "IT IS HEREBY RESOLVED: that the Township Board for the Township of Plymouth in the County of Wayne and State of Michigan does hereby revoke any and all ordinances relating to the operation of trailers, trailer camps, tents and portable dwellings previously approved within the Township of Plymouth, Wayne County, Michigan.

The Township Board further resolves that henceforth it shall be unlawful to use trailers, trailer coaches, similar portable dwellings, tourist cabins or tents within the said Township of Plymouth, Wayne County, Michigan, and further, that said vehicles and or housing accommodations shall not be permitted to be used or occupied as dwellings within the confines of said Township, i.e., within either the business, residential, or industrial districts of said Township.

Any person, firm, or corporation who violates, disobeys, omits, neglects or refuses to comply with, or who resists enforcement of any of the provisions of this ordinance, shall be fined not less than Twenty-Five Dollars (\$25.00), nor more than One Hundred Dollars (\$100.00) or imprisonment for not to exceed ninety (90) days, or both, such fine and imprisonment for each offense. Each day that a violation is permitted to exist shall constitute a separate offense.

The Township Board prescribes the foregoing resolution and ordinance and regulation with respect to best protect the public health, interest and general welfare of the Township, said resolution and ordinance to take effect thirty (30) days from June 7, 1950 final hearing.

### Proclamation....

The White Cane, long carried by the blind as a badge by which they may be recognized, has a special significance in Michigan and several of her sister states.

A dozen years ago Lions clubs of Michigan were instrumental in passing legislation to provide for safety of the blind in the modern world's heavy traffic, by giving the blind person with the White Cane the right of way. The White Cane truly is the traffic symbol of the blind.

It is altogether fitting and appropriate that a period should be set aside each year as a continuing reminder to the driving and walking public of their special duty toward those of our less fortunate citizens who walk in darkness. During this period, too, it is important to consider what things can be done to brighten the lives of those who are blind and the others who may be losing their vision, to the end that they may be self-supporting, useful and happy members of society.

Therefore, I, G. Mennen Williams, Governor of the State of Michigan, do hereby proclaim the week of May 7 to 13, as White Cane Educational Week in Michigan, and urge that our citizens become more familiar with the meaning and purpose of the White Cane, and lend every support to this worthy movement.

Given under my hand and the Great Seal of the State of Michigan, this 24th day of February, in the year of our Lord One Thousand Nine Hundred and Fifty, and of the Commonwealth the One Hundred Fourteenth.

G. Mennen Williams, Governor

The Bloody Bowl. We have our Rose Bowl, Sun Bowl, Orange Bowl and Sugar Bowl for athletic events, but it took the slave labor of 12,000 Jews and Christians to build Rome's Bloody Bowl. This they had to do in one year's time back in 80 A.D. To celebrate the opening of the Colosseum, as this structure was called, the blood thirsty spectators sat through 100 days of "games," during which some 5,000 animals and 3,000 gladiators met their death.

## St. Peter's Church is Setting of Finney-Minehart Wedding

Candlelight rites at St. Peter's Lutheran church on Saturday evening, May 6, united in marriage Delores Minehart and Charles Finney. The Rev. Edgar Hoencke performed the nuptial rites. Mr. and Mrs. Albert Minehart of Ann Arbor road are the bride's parents.

The couple repeated their vows before an altar setting of palms, lighted tapers in cathedral candelabra and baskets of white tulips, stock, gladioli and snapdragons.

"Oh Perfect Love," "The 23rd Psalm," and "Savior, We Follow On" were selections sung by St. Peter's children's choir preceding the ceremony. Gerhart Mueller was the accompanying organist.

Designed from white satin, the bride's gown featured a sweetheart neckline, long fitted sleeves ending in points at the wrists and a fitted bodice buttoned to the waist in the back. Seed pearl embroidery detailed the bodice front. The bouffant gathered skirt folded into a circular train. A seed pearl crown held in place the bride's fingertip veil of illusion. Lace finished the edge of the veil.

The bridal bouquet was a show-

er arrangement centered by a white orchid on a prayer book.

The bride asked her sister, Lois, to be maid of honor. Her yellow marquisette gown was styled with a fitted bodice, illusion neckline and yoke finished in a ruffle to give an off the shoulder effect. Blue carnations and white violets were used in the colonial bouquet which Miss Minehart carried. She wore blue carnations in her hair.

Three bridesmaids, Wilma Lindemann of Saline; Delores Merians of Farmington; and Jeanie Stillwagon of Grayling, preceded the bride to the altar. Wearing gowns styled similar to the maid of honor's in pastel shades of orchid, green and blue, the bridesmaids carried colonial bouquets of yellow carnations and apricot violets.

Geraldine Minehart, sister of the bride, and Barbara Coe of Ypsilanti, acted as junior bridesmaids. Geraldine wore blue marquisette and Barbara chose a pink gown. Their gowns were styled identical from marquisette with full hoop skirts and fitted bodices. A ruffle of the marquisette formed an apron effect in front and was caught up in a bustle in the back. Carnations in shades matching their gowns and white stephanotis were in their colonial bouquets.

Completing the list of bridal attendants were the flower girl, Dianna Brown of Ypsilanti, niece of the bride; and the ring bearer, Richard Coe, nephew of the bridegroom from Hillsdale.

White organdy over lavender pink formed the flower girl's dress. Her flowers were yellow carnations and blue violets.

The bridegroom asked his brother, Raymond Finney, to serve as best man. They are the sons of Mr. and Mrs. Lloyd Brown of Newburg road. The guests were seated by Ronald Finney, another of the bridegroom's brothers; Junior Brassow of Saline and El Kruse of Grayling. They were assisted by Ed Schacht and Albert Trapp of Plymouth.

For the evening wedding, Mrs. Minehart selected a navy blue dress with navy blue and pink accessories. The bridegroom's mother, Mrs. Brown, was attired in a robin's egg blue gown with white accessories. Both mothers wore corsages of pink and white carnations.

Three hundred and fifty guests were received at the Newburg American Legion hall at the reception which followed the ceremony.

The bride was graduated from Plymouth High school with the class of 1949. Mr. Finney is associated with the Wall Wire Products company.

Lynetta Maxine is the name Mr. and Mrs. Hudson Scheifele have chosen for their new daughter who arrived in Detroit on May 4. Mrs. Scheifele was formerly Marilyn Martin, daughter of Mr. and Mrs. William Martin.

An 8 pound 11 ounce girl was born to Mr. and Mrs. Karl Beard of 9251 Brookline road in Detroit Osteopathic hospital on April 30. She has been named Nancy Lorraine.

Donna Lee is the name of the baby daughter born to Mr. and Mrs. Hoyt Grimes of Boston Post road on April 21 at Sessions hospital. She weighed 7½ pounds at birth.

## SUCCESSFUL PARENTHOOD

By Mrs. CATHERINE CONRAD EDWARDS  
Associate Editor, Parents' Magazine

### PLAYING GAMES with your baby is a part of your fun and satisfaction as parents. But with a little attention to his needs for muscle strengthening you can make these games contribute to his growth. The baby will give you the signal when to begin. Usually around three months, his arms and legs start to wave and kick strenuously in the air. Since it is time for the body to step up its straightening process from the curled up, pre-natal position, you can help this along with stretching games.

A physical education teacher, who knew just what a baby's muscles need to prepare them for sitting, crawling and later walking, began when her daughter was three months old to devise games for the two of them to play together. Since it isn't a good idea to try just any exercise on a young baby, we'd like to pass along the skill in proper muscle training which this specialist used on her own baby:

**First Stretching Game**—Mother grips both of baby's legs, one in each hand, then bends them slowly until both knees push on the tummy. Now stretch the legs out straight, encouraging baby to do a lot of the pushing. Standing where baby can kick your stomach by stretching a little is a good incentive.

**Second Stretching Game**—At four months, try a little more complicated stretching. Lift one of the baby's arms and the opposite leg toward each other. Then bring them back to position, keeping arm and leg as straight as possible, ending in a stretch. Do the same with the opposite arm and leg.

**Sitting Up Game**—At about five months, the baby begins to want to sit up. Don't hurry this step, because sitting before the muscles are strong enough for their task might do harm. This game gives the baby a foretaste of sitting and is a lot of fun for both of you. With baby lying on a flat surface, stand where his feet can brace against your stomach. Then holding baby's hands, slowly pull him up to a sitting position, then slowly ease him down again. If baby shows any reluctance to follow your gentle pull upwards, don't rush—perhaps he isn't yet ready to carry the weight of his head with support. But a daily reminder on your part will soon have him popping up to meet you half way.

**Windmill Game**—Because it has such a good stretch, this game is especially well suited to before-the-bath fun. With an arm grip, moving both arms at the same time, stretch so the baby's arms point toward the ceiling, back up over his head, out to the sides, along the body—all with a kind of circular motion.

Do the arm and leg games four or five times each, but the sitting game should be done only once at a time. After baby gets the idea, you can use this method of lifting him from his bed, several times a day.

In addition to muscle development, exercises for baby stimulate the circulation in the months before he has the strength to move about much for himself.

Women of Farm Bureau Attend Camp Program

## Florence Dal Pian Says Vows At Rites in St. Michael's

Wearing a gown of white imported Chantilly lace over white satin, Florence Louise DalPian was escorted by her father to the altar of St. Michael's church for nuptial vows with Stanford William Block, Jr. on Saturday, May 6.

The bride is the daughter of Mr. and Mrs. Sylvester A. DalPian of Schoolcraft road.

Music for the ten o'clock ceremony was furnished by St. Michael's girls' choir who sang "Ave Maria" and "Madonna in Blue." The Rev. Father Contway officiated at the marriage rites. He was assisted by Father Hardy and Father Burroughs.

Palms, lighted tapers and baskets of white gladioli, snapdragons and carnations were altar decorations for the wedding.

With her gown, the bride wore a fingertip veil of illusion and a pearl necklace. A cascade arrangement of white orchids made up the bridal bouquet.

Duties of the maid of honor were carried out by the bride's cousin, Colleen McNish. The junior bridesmaids were Sylvia A. DalPian and Joan Block.

Marquisette and lace over satin fashioned the gowns worn by the bridal attendants. The maid of honor chose an orchid gown with matching hat and gloves. Her flowers were orchid and yellow carnations in a cascade bouquet.

Miss Dal Pian wore a pastel pink frock, while Miss Block selected a light green gown. The bridesmaids wore hats and gloves to match their dresses and carried bouquets of pink carnations.

Yellow marquisette styled the gown worn by the flower girl.

Feed costs can be reduced if old non-laying hens are culled from the poultry flock, say poultry specialists at Michigan State college.

# Hints For Plymouth Homemakers

## New Recipes Daily Servings of Nutritious Fresh Asparagus

Fresh asparagus is one of the delights of spring. Plymouth stores are featuring it now that supplies are ample, and soon home gardeners will be harvesting their own crops as the spears mature.

When you're shopping for asparagus choose stalks that look fresh and crisp. They're best in every respect—flavor, tenderness and food value. A wilted vegetable is never a bargain.

Whether you choose slender stalks or thicker ones is largely a matter of personal taste, but do select those with tightly closed tips. Spreading ones are an indication of more maturity so the vegetable may be tough.

Asparagus is one of the vegetables that should be used soon after picking or buying. The longer it is stored, the less flavor it will have. To preserve the flavor until cooking time rinse the asparagus to remove loose soil, wrap in waxed paper or a damp towel and store in the vegetable tray of the refrigerator.

When it's time to cook the asparagus snap off the tough ends (which you can cook separately for soup) and remove the scales which serve as sand traps. Wash the stalks quickly, but thoroughly, in cold water.

To cook the stalks whole, tie them together firmly in bunches. Set these bunches upright in a deep, narrow pan such as the top of a double boiler and add enough boiling water to cover the lower

two or three inches of the stalks. Cover pan and cook the asparagus for 10 to 20 minutes, or until tender.

Lift bunches from the pan, remove the strings and the vegetable is ready to serve dressed with butter or any favorite sauce. It may be chilled, too, to be served as a salad.

Many people prefer their asparagus cut before cooking. In that case start the lower portions of the stalk in boiling salted water and after they've been boiling gently for about 5 minutes, add the tips. This method insures having all portions tender but the end pieces tough.

Nothing tastes much better than the first fresh asparagus cooked until just barely tender, served piping hot with butter, salt and pepper. But as the season progresses, especially if there's a good supply in one's own garden, it's a good idea to change the method of serving. Try a different sauce or use the asparagus in a main dish.

**ASPARAGUS JEAN:** Arrange 5 to 7 tips of hot cooked asparagus on each of 6 pieces of hot buttered toast. Top with lemon butter sauce made by beating 3 tablespoons of lemon juice gradually into 1/2 cup creamed butter or fortified margarine, 2 tablespoons chopped pecans, 1 teaspoon lemon juice and salt and pepper to taste.

**ASPARAGUS WITH LEMON BUTTER SAUCE:** Arrange 5 to 7 tips of hot cooked asparagus on each of 6 slices of hot buttered toast. Top with lemon butter sauce made by beating 3 tablespoons of lemon juice gradually into 1/2 cup creamed butter or fortified margarine and seasoning to taste with salt and pepper. If liked, add 2 teaspoons minced parsley.

**FRENCH FRIED ASPARAGUS**  
One bunch asparagus, 1 cup thick white sauce, 1/2 cup grated American cheese, 1 egg, beaten with 1 tablespoon cold water, 1/2 cup fine, dry bread crumbs.

Cook asparagus tips until just barely tender. Cool. Make the white sauce with 4 tablespoons each of butter or fortified margarine and flour with 1 cup of milk. Season to taste with salt and pepper. Roll each stalk of asparagus in the sauce until completely coated, then roll in the grated cheese. Let stand until cold. Dip coated stalks in egg beaten with water then roll in fine crumbs. Fry in deep fat heated to 380 degrees F., for 4 to 6 minutes or until brown. Drain on unglazed paper and serve hot. Makes 4 to 6 servings.

**ASPARAGUS LOAF**  
One bunch asparagus, 1 cup medium cream sauce, 1/2 cup cooked chicken (optional) salt and pepper to taste, 4 well beaten eggs.

Cook asparagus tips until just tender. Drain well. Cut in even lengths to fit the sides of a loaf pan approximately 6 1/2 by 3 1/2 by 2 inches deep. Line sides of pan with asparagus, tips down. Make the cream sauce with 2 tablespoons each of butter and flour with 1 cup rich milk. Season to taste with salt and pepper. Add chicken, the end cuts from asparagus which have been diced, and the well beaten eggs. Pour into lined pan. Place in shallow pan containing about 1 inch of hot water. Bake in moderate oven, 325 degrees F., for about 30 minutes or until firm. Invert pan on hot platter to unmold. Serve with cream sauce or Hollandaise sauce. Makes about 8 servings.

## Serve Lamb Pattys and Pineapple on Busy Days

Busy days are here, but there's no disappointment for the family at mealtime when you serve a colorful lamb patty and pineapple grill.

Slightly chop ground lamb into 1-inch patties, wrap with bacon and arrange with pineapple slices on broiler rack. (Adjust rack so the top surface of patties is 2 inches from heat). When patties are browned, lay browned side down on pineapple slices and complete cooking.

## Answers for Current Queries on Meats

Q. What products are included in the term variety meats?

A. Liver, kidney, heart, tongue, sweetbreads, brains and tripe.

Q. How should bacon be stored?

A. Closely wrapped and placed in the refrigerator.

Q. Should the fell or thin papery covering on lamb be removed before roasting?

A. This should not be removed from a lamb roast. The roast will hold its shape better and cook in less time with the fell intact.

Q. What is braising?

A. Braising is a meat cookery method in which meat is browned in its own or added fat, a small amount of liquid is added and the meat is cooked slowly in a closely covered utensil.

Q. How should meat be carved?

A. Across the grain.

## Surprise Mother Sunday with an Easy to Make Banana Layer Cake

Mother's Day dinner need not be elaborate, just something special to show her your care. And that something special prepared by the family may easily be homemade banana layer cake.

Easy is the correct description of this cake as is seen by the mixing method. Instead of creaming the lard with the sugar as in the usual manner, the lard is creamed with a portion of the sifted flour. The remaining ingredients are then added with the exception of the eggs (which are added one at a time near the end of mixing).

This is a mix method made to order for lard, the economical shortening. Even when taken straight from the refrigerator, lard is easily creamed with the sifted flour for quick cake making.

Sweetened whipped cream is the ideal topping for this velvety smooth cake. The layers may be filled with the whipped cream and banana slices, then for the especially festive top layer, the banana slices are dotted with bright red maraschino cherries.

For a four layer cake double the following recipe.

**EASY CAKE**  
1 3/4 cups sifted cake flour  
1/2 cup lard

7/8 cup sugar  
2 teaspoons baking powder  
1/2 teaspoon salt  
1/2 cup milk  
1 teaspoon vanilla  
2 eggs  
Cream 1/2 cup flour and lard together thoroughly. Add the remaining flour, the sugar, baking powder, salt, vanilla and 1/3 cup milk. Stir and beat vigorously until smooth and fluffy. Add remaining milk. Beat again until thoroughly combined. Add eggs, one at a time, beating well after each addition. Pour into two round 8-inch cake pans and bake in moderate oven (375° F.) for about 20 to 25 minutes.  
Frost with sweetened, flavored whipped cream and arrange banana slices and maraschino cherries on top.

## Offer Tips on Cooking Fish

Lake trout, whitefish, yellow pikeperch (walleye) and yellow perch are popular eating fish in the Great Lakes region. Whether the fish is to be broiled, fried or baked it is important to remember not to overcook it.

Recipes for all methods of cooking fish are available from Michigan State college, announces Wilma Brewer, home economist. The departments of foods and nutrition and of zoology cooperated with the Conservation Institute in preparing an exceptionally attractive booklet with many illustrations in full color.

Step by step the homemaker is guided through the buying of fish, quantity to buy, preparation for cooking, methods of cooking and finally suggestions for serving the fish and other foods to include in the menus.

Many recipes for sauces and stuffings are included for various kinds of fish. Some of the sauces used in cooking will prevent dryness in the lean types of fish. Sauces and stuffings make fish a real party-going delicacy. Accompanying menus are suggested.

You may obtain your copy of this recent publication by writing to the Bulletin Office, Department of Public Relations, at Michigan State college, East Lansing, Michigan. Twenty-five cents will bring your copy in the mail.

## PINEAPPLE HAM LOAF

Pineapple ham loaf gives a touch of springtime to mealtime. The same as for an upside down cake, place crushed pineapple in bottom of greased loaf pan. Prepare a ham loaf and place over pineapple. Bake in a moderate oven (300° F.) for 45 minutes. To serve, turn upside down on platter and garnish with pineapple rings and green parsley.

# This Time The Anti-Trust Lawyers Won A Case Against A&P

As almost everyone now knows, the anti-trust lawyers in Washington have brought a civil suit to destroy A&P. They ask the courts to order the dissolution of this company.

They say that this suit is based on the fact that they won a suit against us at Danville, Illinois, in 1946.

They did. In that case, Federal Judge Walter C. Lindley made a decision against A&P.

Immediately thereafter, in a letter explaining his decision, Judge Lindley wrote:

**"I have not condemned the A&P system.  
I have not made a finding which could  
be the basis for a suit of dissolution."**

So, now we have the anti-trust lawyers saying that their suit to dissolve A&P is based on Judge Lindley's decision; while Judge Lindley himself says his decision could not be the basis for a suit of dissolution.

In previous ads we told you about the cases against A&P which the anti-trust lawyers lost. We promised to tell you about this case they won. Here is the story of the Danville case.

## What Judge Lindley Objected To

At Danville, the anti-trust lawyers made all of the charges which they are again making against A&P today. They were substantially the same charges they had made and dropped at Dallas, Texas, after four federal judges had objected to some of them as "inflammatory." In his decision, Judge Lindley was critical of some of our activities. He threw some of the charges out of court. He did not make any decision on others.

He even took occasion to praise A&P for the efficient job of food distribution it had done.

Judge Lindley said:

*"To buy, sell and distribute to a substantial portion of 130,000,000 people, one and three-quarter billion dollars worth of food annually at a profit of 1½ cents on each dollar, is an achievement one may well be proud of."*

*"No place in the world I take it are people so well fed as in the United States. Nowhere else, I suppose, do food distributors accomplish efficient distribution at so low a margin of profit. In contrast, we are told in other nations the problem is not one of an adequate diet but one of no diet at all."*

But Judge Lindley did find us in violation of the Sherman Act. He based his ruling on the dual role played by our fresh fruit and vegetable buying subsidiary, the Atlantic Commission Company, whereby that organization acted both as buying agent for A&P and as selling agent for growers.

Judge Lindley said:

*"If I assume for the purpose of disposition of this case that in general the policy of A&P was to operate within the law and attribute to defendants a desire to comply with the law, there still remains the conscious, knowing adoption by all defendants of a plan of action by the Atlantic Commission Company affecting every department of A&P and every retail store which cannot be squared with the intent and purpose of the act."*

In his letter explaining the decision, Judge Lindley wrote: "I have condemned their practices through the Atlantic Commission Company."

Judge Lindley imposed fines totaling \$175,000. When his decision was upheld by the Circuit Court of Appeals in Chicago, we paid the fines. This ended the case—but we did not stop there.

## What We Did To Correct This

In the light of the decision, we immediately set about reviewing our activities to be sure that there could never again be any criticism of our operations.

First, the Atlantic Commission Company abandoned the dual role to which Judge Lindley objected and which he said was the basis of his decision against us.

We did this even though the Atlantic Commission Company had been licensed for many years by the United States Department of Agriculture to act as both a buyer and seller of fresh fruits and vegetables.

The Atlantic Commission Company now only buys for A&P. In other words, we stopped doing the thing which Judge Lindley said put us in violation of the Sherman Act.

We made additional changes in other methods of operation which Judge Lindley had questioned at Danville, even though he did not base his decision on them.

We did even more than this!

We went down to Washington and asked the anti-trust lawyers what else they thought we should do to conform to their new interpretation of the vague anti-trust laws.

The only answer we ever got was that we should break up this company!

Despite their claim that they were not opposed to A&P's size, they insisted that we destroy this size.

Despite their claim that they were not opposed to our manufacturing operations, they insisted that we get rid of our factories which produce many of the fine foods you buy at A&P.

Despite their claim that they were not opposed to our low prices, they insisted that we destroy many of the efficiencies that make these low prices possible.

In other words, they insisted upon the dissolution of A&P

We were still trying to find out from the anti-trust lawyers what else they thought we should do to conform to the law when they filed the current suit to destroy A&P.

## Why, Then, Do They Want To Put A&P Out Of Business?

Ever since this suit was filed, the anti-trust lawyers have been making damaging statements that could seriously hurt our business if they were believed by the public.

They say that we were found guilty at Danville of all the charges they are making today.

This is not true. Judge Lindley did not sustain all of the charges of the anti-trust lawyers.

They say this suit is designed to enforce the law.

But A&P has clearly demonstrated its sincere desire to abide by the spirit, as well as the letter of the law.

They say they are seeking to "enjoin" A&P from engaging in certain "alleged" practices. Actually, the whole purpose of this suit is not to "enjoin" us, but to put us out of business.

They say that this suit for dissolution is based on the decision handed down by Judge Lindley in Danville.

But Judge Lindley has said of his decision: "I have not made a finding which could be the basis for a suit of dissolution."

What, then, is the real reason why the anti-trust lawyers want to destroy this company, which for 90 years has pioneered the methods of distribution which have given the American people more good food for their money?

START CHICKS RIGHT... BUILD BETTER LAYERS This Easy Way! It's easy the Larro way. Only one mash for the first 12 weeks. Then only one change of mash and grains. No hand feeding of grains after 12 weeks. What could be easier? But best of all, this simple Larro plan has been tested and proved by thousands of poultrymen. It's the way to grow uniform pullets that have vigor, big frames and fully developed egg-laying ability at housing. Low protein growing mash does not supply all the nutrients needed by a half-grown chick, and they do mean another change of feed. # Maccabees

We were pleased to have so many visitors from Farmington, Northville and Wayne attend our last meeting. All agreed we should have these get-togethers more often. After the business meeting, a play was presented by some of the local members after which coffee, ice cream and cake were served. A swell time was had by all.

Wednesday, May 17, all members of the Drill team are asked to meet at the Grange hall at 6:30 p.m. to practice and if any Maccabee wishes to join, please be present.

Pearl Callan, our District Manager, gave a brief talk on the convention which is to be in Grand Rapids June 27, 28 and 29. Our Drill Captain has entered our team to compete with several others at that time.

Dr. and Mrs. Elmore Carney and son, Donald Paul, were the Sunday guests of the former's mother, Mrs. Ira Carney in Detroit.

Mrs. William A. Otwell attended a dessert bridge Thursday in the home of Mrs. W. H. White in Ann Arbor. On Monday she will be the guest of Mrs. Dean W. Titus in Ann Arbor for a dessert bridge.

# Just Imagine It's Yours!

You say you have never driven a Cadillac?

Well, it's a lovely day—and there are beautiful roads to travel down and interesting places to visit—and a little dreaming never hurt a soul... so just slide over behind the wheel. It's yours!

First, you'll just want to sit for awhile, with your hand on the slender, obedient wheel—and get a close-up view of the ingrained goodness that makes this car so unmistakably... the Standard of the World.

And then you turn the key, touch the soft-throated engine into action—and you're away.

The steering wheel all but reads your mind! The brakes are as soft as velvet, and immediate in their response! The road has become a boulevard—and the turns and lights seem so very close together!

And the soft, easy quietness of it all! You just sit and relax—in complete contentment—and the miles go by—and the miles go by... "Oh, how I wish this car were mine!"

Well, it's time, we think, to stop dreaming—and lend an ear to this: the lowest-priced Cadillac costs less to buy than certain models of numerous other makes of cars; it is so enduring that it will give a lifetime of service; and it is so economical that it actually approaches the low-priced popular cars in gasoline mileage.

Yes, it's time to go into action—and to make this car your own!

DALE CARNEGIE AUTHOR OF "HOW TO STOP WORRYING AND START LIVING"

HERE'S A STORY with twin subjects, that is, two people giving the same theme. William J. Campbell, Pittsburgh, Pa., says that he has one of the finest men in the world for a father. But as his father has grown older, he has taken more to worrying. He is particularly worried after listening to certain commentators on the radio, commentators who spread gloom through thoughts of disasters, many of which never happen, and even those that do are not minimized by predictions.

Mr. Campbell says that if he had put on his uniform and gone back into the service every time his father predicted war, the uniform would have been worn out by now. He has a cousin old enough to go if another war came, and since his aunt had two boys in the last war, she is terribly worried over the mention of another.

So every time the older Mr. Campbell went to see his sister, he talked war, disaster, and left her in a miserable state. One day when William Campbell went with his father to see his aunt and sister, he called his father's attention to how unhappy the woman had become. The father said he had noticed it. Then said the son, "You add to it every time you go over and repeat the miserable predictions you have heard."

He says his father was surprised, but pondering it a moment, he admitted that he believed this to be true. After thinking it over, he said hereafter he would express only cheerful, happy thoughts when he went to see his sister. It wasn't long before that sister was again her cheerful, optimistic self, and she doesn't even mention the war that hasn't yet come—and may never come.

The second case is that of a woman friend of mine who says in paying a call to a friend who is confined to her bed with a weak heart, she had just realized that she kept that friend filled with fear and apprehension over the way the country was being run, while she herself doesn't even bother to go to the polls to vote when the time comes.

She says she was brought to a realization of what a misanthrope she had become when another woman was with her and her invalid friend one day, and when she left, the two remaining, her own self and her invalid friend, felt so happy. Said the invalid, "It's a joy to have Gertrude around, isn't it? She's always so happy."

Look upon every day as the whole of life, not merely as a section; and enjoy and improve the present without wishing, through haste, to rush on to another. —Richter

VFW News

At the last meeting of the auxiliary on May 2, Mrs. Charles Voss was admitted to membership. The new officers for 1950 took over their jobs and were very pleased to see 26 members present. We hope this increase in attendance will continue.

The resignation of Mrs. Jerry Olsen as treasurer of the auxiliary was accepted, with deep regret. Mrs. Guy Rorabacher was elected to fill the office for the coming year.

The rummage sale, announced in an earlier column, will be held at the Veterans' Memorial center on South Main street May 19 and 20 from 10 a.m. to 4 p.m. The committee in charge of the sale is headed by Mrs. Robert Dickman, assisted by Marian Jackson and Helen Shepard. Anyone who wishes to contribute articles may leave them at Mrs. Dickman's, 265 Evergreen or call 1024-XM and they will be picked up at your home. Remember the dates and plan to attend the sale. There will be plenty of good bargains.

There will be another dance, sponsored by the Auxiliary on May 27 at the Hotel Mayflower. These dances are becoming increasingly popular. Good music and a good floor. Come and join the crowd. Tickets will be available at the door or may be purchased from members in advance.

We wish to express our appreciation to all those who cooperated in the recent sale of Purity Brand products. A special "thank you" to Edwin Schrader for donating the office space in which the telephone campaign was carried on. Proceeds from this sale have been set aside for the purchase of a gift for Maybury San.

The baked goods sale conducted last Saturday was most successful. Auxiliary members want to thank Mr. Goodale for his kindness in allowing them space in his store.

Buy VFW Poppies on Poppy Day to remember those who can't forget. You can help the living. Let those who are suffering as a result of their service to the nation in time of war, be our concern, for without them what would be our lot today? Sales open May 20 to 27.

Last year, the national organization of the Ladies' Auxiliary to the Veterans of Foreign Wars, donated \$50,000 for the rebuilding of the library of research in the Roscoe B. Jackson Memorial laboratory at Bar Harbor, Maine. This laboratory was destroyed by fire in 1947 and its destruction threatened to set back cancer research for many years. The VFW Auxiliary was the first organized group to offer aid toward rebuilding and also donated \$60,000 for building summer students' dormitories, a dining hall and a recreation hall. The buildings were completed in February. Students may now continue the study of causes and cures of all dread diseases.

Why just listen to reasons? COME SEE FOR YOURSELF!

THIS TIME we'd like to tell you about something that you cannot see in this picture—something, in fact, you cannot know about from looking at someone else in a passing Buick—or from viewing a Buick on our showroom floor. It's the feel you get from a Buick in motion. You are going to find out that it is something like traveling on your own private, jet-propelled cloud—only firmer.

Maybe you know a stretch of washboard road, where you have to slow down, or bounce and jitter. Try that in a Buick and see how you keep a level, comfortable boulevard smoothness. Maybe you're always on edge to dodge dips and chuckholes. Those also lose most of their jolt when you're at the wheel of a Buick—or in the rear seat. In a few simple words—the ride of any Buick—SPECIAL, SUPER or ROADMASTER—is out of this world. We could give you a lot of reasons. Soft coil springs on all four wheels, for example—the firm linkage of the torque-tube drive—the distribution of weight—big soft tires on wide rims—the way Buick engines are mounted. Even Dynaflo Drive\*—always silk-smooth and free of geared-drive harshness—plays its part in the marvelous Buick ride. But why simply listen to reasons? Experience is still the best teacher. Come see for yourself why the Buick ride is called "matchless"—and how little it costs to replace a jitterbuggy with one of these level-striding honeys. \*Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models. # Roger Babson Says...

## Babson Discusses Farmers Buying Stocks

Every year since 1940—while traveling through our great Central West—I have seen a great improvement, — better homes, new factories, finer cattle and prosperity everywhere.

### What About Investments?

This is my first trip—however—when farmers and ranchers have asked me about stocks and bonds. Heretofore, they have been interested only in land values, prices of farm products and the condition of their banks. Now these men are convinced that both their farms and their banks are on a good sound basis. They are looking about for other forms of safe investment. This is especially true this year as crops are poorer and farms less profitable.

Probably one reason for the above change is the selling campaigns which the Mutual Investment Trusts are putting on in

this part of the country, plus the enticing national advertising which the New York Stock Exchange and their members are doing. Furthermore, many of the farms are being operated or owned by sons and daughters who have been to college and studied economics, investments and allied subjects.

### Farmers Want Interest On Their Money

Heretofore, farmers have only been borrowers with no money to invest. Now with money to invest they see the other side of the picture. They have been trained to believe anyone who borrows money should pay 6 to 8 percent. This rate they have been forced to pay. Now that these farmers themselves have money to loan, they also want to get these high rates. When the banks offer them only 1 to 3 percent, they are disgusted.

As very few farm loans are now available, the stock market

is the only place where these farmers can get the 6 to 8 percent which they have been forced to pay for years. Their children believe that the stocks of our large industrial companies which pay 6 percent or more are perfectly safe. They are gradually selling this idea to the old folks. The children are not talking "profit" but only safety and income. As a result good dividend paying stocks are being bought here in large quantities.

### Will Farmers Ever Get Frightened and Sell?

Farmers are paying cash for these stocks and putting them in safe deposit boxes. What these buyers will do when the next depression comes, no one knows. My guess is that if reasonable dividends are continued, these farmers will continue to hold the stocks, however much they may decline in price. The newspapers out here give little financial news and—with the exception of the big dailies—very few quotations. Farmers are not speculators, but are income minded. Many also are depending upon the weekly reports of long established investment advisors which is much to their credit.

This new development is a good thing for investors everywhere. It opens a new market for those eastern estates which are compelled to liquidate upon the death of some prominent member; further it puts the stocks in the hands of permanent investors. This is more to be preferred for all concerned than to have the stocks in speculative broker accounts in New York or other cities. In fact, I feel much better about the stock market

today, than when leaving Washington several weeks ago.

### Employment Outlook

Due to the increasing number of young people reaching working age plus the better health of older people and the greater use of labor-saving machinery, a rise in unemployment may be expected throughout all sections of our country. This will reach about 6,000,000 during 1950. This unemployment will not be evident here in the Central West until October; but over the entire year it will be considerable. Remember this western section is fast becoming industrialized.

I am glad to report that farmers are not responsible for the nation's great rise in installment buying which has now reached about \$11,000,000,000—a gain of \$2,500,000,000 over a year ago. Money in saving accounts for the entire nation—thanks to the farming sections—continues to equal 1949's figure of \$4,300,000,000. The city people, however, are now saving less than 2 percent of their income while the "average American" of the rural sections is saving 6 percent. Retail sales and new building are now less in the large cities of the East; but are holding up through the Central West and Pacific Coast. It rather looks to me that the Central States through which I am traveling will do much to cushion the next depression, including stock market and commodity prices.

## Northville Downs to Open May 15

A sure sign of preparations for the Northville Downs racing season was the arrival of 16 horses shipped via Railway Express to Tommy Winn, harness racing driver. The horses, shipped in a Palace Horse Car, left the Central City Park race track, Macon, Georgia, May 2 and were delivered at the Downs by Leonard Millross, agent for Railway Express, May 3 at 7 p.m.

Racing gets underway May 15 at the Downs and the opening stake is the Gratiot County Fair Stake. A Stake race is featured every night at Northville this year. Stable reservations are the heaviest in the history of Northville Downs.

## Above the HULLABALOO

WERE GETTING UP a tight little club in western Europe, but we're having a nasty time about letting in the neighborhood rowdy —Germany.

Our most fastidious member, La Belle France, twice humbled by the bully, draws disdainful skirts close around her borders and declares she will travel in no circle with such trash as an equal. Great Britain doesn't care as long as Germany pays dues and contributes soldiers to keep the sun from setting on the British flag. There'll always be an England as long as there is a single other country to help her.

The U.S. is almost willing to admit the ousting. Uncle Sam had to knock down the ruffian twice, but seems ever ready to give him a return bout.

The club is sort of a Tuesday night social with anti-Russian dressing. On meeting nights, we talk European integration and our common danger from communism. Other times we each sing the glory of his individual country and blast all foreigners.

WITH THE U.S., it's like helping the poor. We'll contribute our share, but we still think they smell bad. We won't let ourselves become one of them if we can help it. Well, we can't eat caviar and Russian bear too.

General Bradley says to make the Atlantic pact work we'll have to give up some of our sovereignty. A nation's sovereignty is like your pants—you can't cut out a big patch and still be the big wheel around the county seat. A hole in a nation's sovereignty shows too much dirty work beneath that sovereignty.

We'd better show all sides of this German issue. We could build a German police force against the Russians, but who'd bail us out if our new police force slapped us into jail?

So far, our club has let Germany attend meetings unofficially by checking its sixshooters at the door. The Germans protest they can shoot Russian bear as well as the next man.

They proved once or twice that they can shoot us too.

Room to Spare. When the Mayflower brought the Pilgrim Fathers to America she carried 102 passengers. Just one lifeboat from the Queen Mary will carry more than all of the Mayflower's passengers—145! The Mayflower was a ship of 180 tons, 95 feet long and 26 feet wide. The Queen Mary is 1,018 feet long and her tonnage is listed at 80,000! The Mayflower could easily be tucked away in one corner of the Mary's main dining room.

# Success story

The big swing, today, is to Packard Ultramatic Drive—the first fully automatic drive to combine

- The super smoothness of torque-converter acceleration with
- The gasoline-saving efficiency, and more positive responsiveness of solid direct drive at all cruising speeds!

And here are some of the results:  
No clutch-pushing, no gear-shifting. No jerking, no clunking.  
No gas-wasting slippage at cruising speeds. You cruise in solid direct drive. No "racing engine sensation."  
No risky down-shifts, which might cause a skid on slippery pavement. Smooth, gradual engine braking power.  
No gearshift lag. Instant change from Forward to Reverse, to rock the car in snow or mud.

Never, in all Packard history, has a new engineering feature equaled the success of Packard's new and exclusive Ultramatic Drive!

Since the first of the year, more than 85% of all Packards (including the lowest-priced models) have been ordered with Packard Ultramatic Drive—the last word in automatic no-shift control!

Just try it and you'll know the reasons why!
