What I Think and Have A Right to Say

By ELTON R. EATON

PLYMOUTH NEVER FORGETS.

Next Tuesday is Memorial day—a day of observance and tribute to the memory of those who died, suffered and sacrificed for the preservation of a free America. To the honor of Plymouth it is a day of observance that has never been overlooked.

Not once since the inauguration of this special time for recalling the deeds of heroism, of toil and struggles of the boys and men—and the women too—who wore the uniforms of our armed forces to fight for our country, has Plymouth ever forgotten to pay proper tribute to those who have gone on to meet their Creator.

And it is well that we stop for a brief while to do honor to those who gave all they possessed so that we might live on in happiness and security.

These are troubled times. The world seems upset because of the desires of a mad dictator to rule or ruin all the nations on the globe. And in our midst we have traitors who would help destroy that which our ancestors and our sons and daughters helped to create and save. To every Communist in this country, to every one who believes and does things to hurt our advancement—there is but one place for them all—right in front of a firing squad.

No matter where we are, no matter what we are doing—we should all stop briefly on Memorial day to honor those who saved our nation that the dictators would now destroy. And let us all pray that we will never again be forced to make the sacrifices we have in the past to save America.

CHRISTIAN PEOPLE ARE BEING OFFENDED.

A prominent Chicago pastor recently arose in his pulpit and declared that the conduct of President Truman is becoming an offense to the Christian people of this country. And, amazing as it may seem, that minister was the one who delivered the opening prayer at the Democratic convention in Chicago when Harry Truman was nominated for vice president of these United States.

He asserted that the so-called non-political journey of the President which cost the taxpayers of this nation more than a quarter of a million dollars is all a part of a great deception such as is practiced "when government becomes a god to be worshipped."

The minister, Dr. Harrison R. Anderson in part, declared: "The earnest people of America have great respect for the office of President. President Truman would be welcome in any city or town in a political or nonpolitical trip. But why call this last journey and this Chicago week-end anything other than what it is?"

"The conscience of the Christian people of this nation is being offended in a dozen other serious ways. When the states becomes a god, morals seem to go."

Dr. Anderson illustrated how the politicians try to usurp the place of deity by holding before his congregation an advertisement in afternoon Chicago newspapers. He read a part of it:

"For the biggest Sunday of your life! See and hear Vice President Alben W. Barkley and members of the President's cabinet tomorrow, Sunday, May 14—1:30 p.m.

"So the politicians give us our biggest Sunday. My Bible says God gave us that day and told us to keep it holy. Jesus Christ, whose day it is, rose that day. But the biggest one in our life is today say the promoters of the state show."

Using as his theme, "The New Idolatry—State Worship," Dr. Anderson told of the corrupting influence of such worship when men give it to something "which only God is worthy of. State idolatry is a threat in this America of Washington, Jefferson, Lincoln, and Wilson. It is a threat because of the deception with which unthinking people are handled. They are told they will be given something free and they come and exchange their free manhood for the manna from Washington."

He continued: "It adds up to this: that government which is to be a servant has become a master, and men are afraid as they were afraid in Germany in 1936.

"They remember Yalta when statesmen got drunk. Men are afraid to be men in such a state. They are afraid all over the world to stand up and speak out. Business men are afraid and laboring men are afraid. Do you talk back to the state when it can raise your income tax and in a dozen other ways penalize you? I believe American men are afraid of their government. The idol is doing its work."

"To support the modern power state billions must be gathered from every conceivable tax. And the great American people who have been taught to work, earn, save, and pay their bills have bought bonds with promised income only to find after 10 years that the \$75 they put into a bond is worth only \$60 in purchasing power and not the \$100 they thought they were promised."

"When the politician realizes he is slipping and becoming again a mere man, then the build-up boys come along. A carload of Hollywood beauties is produced and even Hopalong Cassidy probably will have to yell 'Yippee' on a white horse in front of the white house in Washington."

Dr. Anderson said men fear today because the politicians' lust for power goes to such length as throwing sound principles of finance overboard and they see men and women lose their willingness to work and to prefer the state to take care of them. He added that they fear because they see politicians hooked up with gamblers and gangsters. "They do not like to see that influence in Washington. Its bad enough in Chicago," Dr. Anderson said.

OPPORTUNITIES ARE EVERYWHERE.

A few nights ago it was our privilege to hear one of the most practical commencement addresses probably ever delivered in this state. It was not a flowery speech that so often makes a comedy of our graduating affairs—it was a talk straight from the shoulder from one of Michigan's most successful and useful citizens.

The speaker was Hon. Prentiss M. Brown, former United States senator from Michigan and now Chairman of the Board of The Detroit Edison company.

His commencement address was one of only two that he will make this year—and it was before the graduating class of the Galesburg high school, over in Kalamazoo county. His other address will be to the graduating students of Albion college, of which he is chairman of the finance committee.

This distinguished citizen of Michigan, who worked his way to the top ranks among the successful in public life and in business circles, said that all was not well with attempts to solve some of our present problems. He pointed out the dangers that lie ahead if we continue to pursue the policies of creating a belief that we will not have to worry about our future if we permit others to make deductions from our income in order to provide for the days of old age.

"It would be far better if emphasis was placed upon the necessity of the individual setting aside savings as he did in the past to provide for his own comforts and needs. If one was to believe all that he is now being told the tendency would be for the individual to spend his earnings and savings at the corner saloon with no thought of the future because he has been told that when he gets old he will be taken care of," said Mr. Brown.

The alleged "social security" theories, an importation of European thinking, is not the type of thinking that Americans should be doing.

The Galesburg commencement was an unusual affair, (Continued on page 8)

The fire traveled up to the heat ducts to the kitchen where it broke out to the walls and up the door casing. Dense smoke hindered operations but the fire was extinguished with very little water damage. Chief Robert McAllister estimated the damage at about \$250.

Sixth Graders Raise Funds for Precedent Setting Airline Flight.....

Thirty-six students of the sixth grade of Central Grade school went to Lansing Monday on a chartered Capital Airline four-motor plane. The students began raising funds for the trip last January by holding bake sales, selling papers and doing all sorts of odd jobs. They collected \$276, enough to finance the trip by plane to Lansing and to take the Pere Marquette streamliner back to Plymouth Monday night. The children also paid expenses for 14 parents who accompanied the children on the trip. According to Capital Airlines, this is the first time a grade school group has financed a plane trip of this type.

While in Lansing the students visited the legislature, the governor's office and toured the Oldsmobile Rocket Engine plant. W. R. Foster is the sixth grade teacher. Those taking the trip were Lawrence Bartel, Hal Becker, Arlene Burden, Ronald Burden, Jerry Calhoun, Charles Chesner, Martin Cousino, Ellen Cowgill, Ovid Deace, Dianne Draper, Mary Lou Foote, James Gibson, Terry Goebel, Kay Johnson, Jimmy Jones, Madeline Jones, Leslyn Keeth, Sue Linstrom, David McBride, Linden Mills, Geraldine Mosher, Richard Noll, Judy Potts, Thomas Preston, Judy Richwine, Barbara Smith, Diane

J. W. Blickenstaff Sells Drug Store to C. C. Wiltse Retires

Announcement was made early this week by John W. Blickenstaff of his sale of the Community Pharmacy to C. C. "Pat" Wiltse. Actual transfer of the store will take place on July 1 at which time Mr. Blickenstaff expects to take his first long, well deserved rest in 26 years. For future plans Mr. Blickenstaff stated that he was looking forward to a quiet summer at his cottage at Base lake and then he would let the future look after itself.

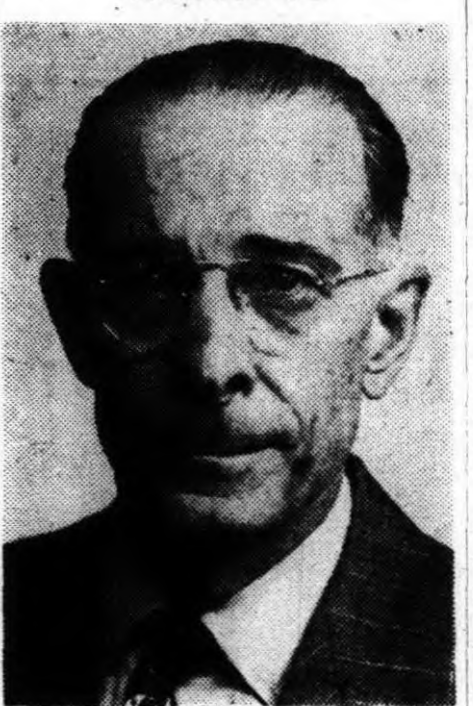

The new owner of the store is a well known Plymouthite, having been associated with Mr. Blickenstaff in the Community Pharmacy for the last 14 years. "Pat," as he is better known to his many friends, is a graduate of the University of Michigan and came to this city after being associated with the Northville Drug company for 5 years previous to his coming to Plymouth in 1937.

Mr. Wiltse has been an active member of the Presbyterian church, the Masonic lodge, the Kiwanis club and the Myron H. Beals post of the American Legion, all of Plymouth. He and his wife, Mary, and their three sons reside at 986 Roosevelt street. Mr. Wiltse says he expects to maintain the same excellent quality and service of the store and will put special emphasis on the high standards used in the prescription department of the pharmacy.

Mr. Blickenstaff came to Plymouth in 1913 from Lake Odessa, Michigan, to be associated with the Jones Drug store here. In March of 1924 he opened the Community Pharmacy and has directed its operation since that time. During his years in Plymouth he has been active in many civic undertakings and has served on the city planning commission, as a member and past president of the Rotary club and has been active in the affairs of the Masonic lodge and the Chamber of Commerce.

Mr. Blickenstaff is retiring to his home in Northville, Michigan.

Mr. Wiltse is improving but blood transfusions will be necessary for skin grafting which will be undertaken next week. The Robertsons are appealing to the Plymouth people for blood donors and ask that you phone them at 5 p.m. at 705-J.

Announce Fourth of July Plans

Big things are in store for local folks on the Fourth of July. A well rounded program under the direction of Hotel Mayflower's Ralph Lorenz is shaping up and from all early indications there will be something doing in the town almost every minute on Monday, July 3 and Tuesday, July 4.

So far the Monday program will start off with the opening of the Cote Amusement shows on Fralick avenue where they will operate from dawn till midnight on the two days. Merry-go-round, kiddie rides, etc., will be the feature of this part of the program.

On Monday also, local stores that are members of the Chamber of Commerce will give away coupons with every purchase made in their business places that day. The coupons will be used to entitle all purchasers to have an opportunity to win one of the grand gifts local merchants will give away on this day. Heading the list of gifts will be a beautiful pony that some fortunate boy or girl will receive just because her mother or dad made a purchase with some local merchant on Monday.

Monday night has been given over to the Plymouth Optimist club and will feature a dedication of Forest avenue by city officials and other civic leaders at 7 p.m. Immediately following the ceremony an amateur show will be held by the Optimist club with WJR's Fred Kendall acting as master of ceremonies. Local people interested in appearing in the show are asked to contact Mr. Kendall at his home phone number 19 here in Plymouth.

The club expects to erect bleachers on Forest avenue for the street opening ceremony and the show. At 9 p.m. Paul La Voie's WJR orchestra will play till midnight for a street dance which will be held on the new pavement. Members of the Optimist club that are supervising the arrangement for the Monday evening events are Fred Kendall, William Eger, Charles Finlan, Robert Minock and Ralph J. Lorenz.

Most elaborate plans are being made for Tuesday the Fourth. All local stores and business firms will be closed and the schedule of events will open with a huge parade on Tuesday morning. One of the features of the parade will be the exhibiting of prize live stock by members of the 4-H clubs of this area. In addition there will be bands, the Porath Belgium horses, floats and a children's section that has always been popular here in former parades.

In the early afternoon there will be games and races for local kiddies on the school field with the two leading midget baseball teams in the city league playing at 3 p.m. At 5 p.m. DeHoCo will play the leading team in the major city league and, of course, the giant fireworks display will be held on the school grounds at 9 p.m.

New Bird School to Use City Sewer System

The city commission voted Monday night to allow the new Bird Grade school to tap into the city sanitary sewer system. The school will be located at the corner of Ann Arbor trail and Sheldon road.

The city engineer made a report to the commission following his investigation of sewer conditions in that area. He reversed his original decision that the sewer would be inadequate for the school's use.

TEEN-AGE DANCE SATURDAY

Another teen-age dance, sponsored by the Plymouth Optimist club, will be held this Saturday night, May 27, at 8:30 p.m. in the high school gymnasium. Tommy Michaels will play, and prizes will be given. Nearly 200 young people attended the last dance and a larger attendance is expected this week.

According to Miss Dunlap, the first club was organized in Detroit in 1912. Soon clubs were formed in the state and then throughout the country. The national federation was organized in 1919 in St. Louis.

New Plymouth officers installed by Miss Dunlap were Agnes Pauline, president; Lila Humphries, vice president; Doris Fisher, recording secretary; Gwen Baxter, corresponding secretary, and Florence Gabelman, treasurer. The outgoing president, Neva Lovewell, received the past president's pin in recognition of her two years as presiding officer.

Displays Coin Collection at Bank

PLYMAIL PHOTO
 Carvel Bentley carefully scrutinizes a coin as he prepares his collection for display this week in the lobby of the Plymouth United Savings bank. Collecting since 1943, Bentley now has hundreds of coins in his collection. The value of coins is determined by condition, number minted and age.

Coin collecting, the second most popular hobby in the world, has an ardent enthusiast in Carvel Bentley whose coin collection will be on display this week in the lobby of the Plymouth United Savings bank.

Mr. Bentley now has over \$300 worth of coins in his collection and hundreds of coins. During the war a coin-collecting friend in service kept asking to see the loose change in his pocket. The friend would examine each coin and occasionally ask to trade one. Mr. Bentley finally became curious and started looking for unusual coins himself.

In his collection Mr. Bentley tries to complete the series of 18 coins of each type. The object is to get each year in a series as the coins are minted. Some types of coins in the collection are the Indian head pennies, the Lincoln cent, the Morgan half dollar, the Jefferson nickel, the Buffalo and Liberty Head nickels. The value of a coin is determined by its

condition, the number minted and its age.

Coins are now minted in Denver, Philadelphia and San Francisco, and numismatists, as coin collectors are properly called, can tell where a coin was minted by a small initial on the coin.

The designer of a coin sometimes tries to put on a special mark of his own on the coin. Such was the case of a man named Lawmaker who designed the Indian head penny. He placed a small L on the ribbon holding the Indians feathers and some of these coins were minted before the initial was discovered. These coins are rare and considered of value to collectors. Mr. Bentley has a few old and rare coins in his collection but concentrates on adding to his series of coins.

UNCORKING THE NEWS By CARL PETERSON Philadelphia is conducting a charm school for teachers. Apparently the idea is that a winning personality is more effective than a harsh look. The "School marm" are being taught how to sit, how to stand, what to wear, and how to use their hands and voices more effectively. We always had the impression that teachers were pretty attractive in the use of their hands and voices, but perhaps we're just old-fashioned. We hope the teachers won't be charming to a point of neglecting the "three R's". Knowing how to stand is fine, but what a teacher won't stand for is important too. We knew our Milkshakes were good, but we didn't know their fame had traveled as far and wide as to England. It was nice of Mrs. Graham to mention them in her letter last week from London and we thank Graham's store for including it in their column last week. A report from Russia says Stalin's doctor has warned him to take it easy. Our State Dept. is trying to tell him the same thing. We're not stretching a point when we tell you we have the finest line of drugs, toiletries and cosmetics in town. See us now for those summer needs. We're complete outfitters for the family outing. Decoration Day. PETERSON DRUG, 840 W. Ann Arbor Trail. Phone 2080.

Services Held For H. A. Grissel

Harvey A. Grissel, brother of Mrs. May Bridger of Newburg road, passed away May 13 at University hospital in Ann Arbor. Masonic services were held May 16 from the Van Valkenberg Funeral home in Detroit with the Rev. Ransome Ragle officiating. Burial was at the Cadillac Memorial Gardens, Garden City.

Mr. Grissel was born in Canton township on Lotz road on May 20, 1883. His grandparents were among the original settlers in this area. He had been maintenance man for Briggs Manufacturing company for the past 12 years until he became ill last Christmas.

Besides his sister he is survived by his wife, Edna; three daughters, Mrs. Edith Jedynek of Garden City, Miss Avis Grissel of Detroit and Mrs. Jean Wilt of Martinsburg, West Virginia; two grandchildren, Edward and Harvey Jedynek of Garden City, and another sister, Mrs. Elsie Zongker of Northville.

Lidgard Sells Grocery Store

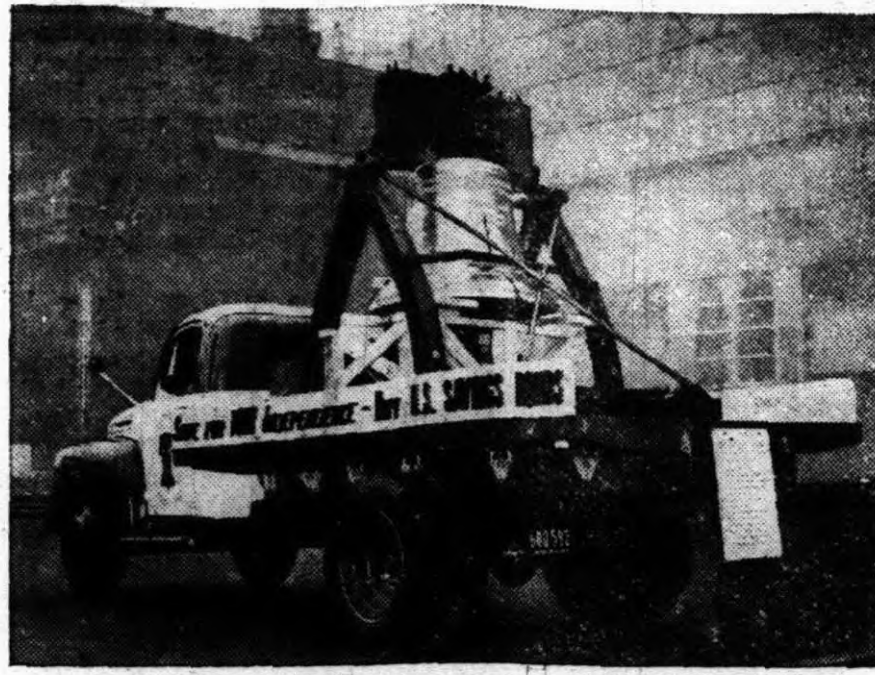

The sale of the Lidgard grocery and meat market was announced yesterday by Robert Lidgard who has operated the store for the past 10 years. Ownership of the frozen food plant, however, was retained by Mr. Lidgard and he will operate that branch of the business.

The new owner of the store is L. E. Dickerson who resides near Ann Arbor on Pontiac trail and presently operates a grocery and meat market at that location. Mr. Dickerson has been in the meat and grocery business for many years and has plans for expansion of the store's services in the near future.

The new owner of the store will take over the management of the same June 1.

LIBERTY BELL REPLICA TO VISIT HERE

A full-size exact duplicate of the Liberty Bell, pictured above, will be on display in Plymouth on June 2 as a symbol of the Independence Savings Bond Drive being conducted until July 4. Fifty-two of these bells, touring the nation during the drive, were donated by copper producers.

When the original Liberty Bell was cast in England some 200 years ago, a long and dramatic adventure began, climaxed in 1776, when the Liberty Bell sounded America's freedom.

Today, the Savings Bonds division of the Treasury department is conducting a national stimulation bond drive to increase public participation in the bond program and awareness of the opportunity Savings Bonds afford a better future.

When Secretary of the Treasury John W. Snyder, announced that the Independence Bond Drive would be symbolized by the Liberty Bell, six of America's copper producers volunteered to have 52 exact replicas of the Liberty Bell made, to highlight the drive.

June 2 one of these replicas will arrive in Plymouth to spotlight sales activities and rallies. This Liberty Bell will be given to Michigan at the conclusion of the drive on July 4, and it is exactly like the original Liberty

Bell, even to its tone. Bellmasters throughout the country have examined the duplicates and assert that because of this exact similarity of structure to the original bell is the same sound that was heard in Philadelphia in 1776.

Society Seeks New Members

An intensive membership campaign is now being conducted by the Plymouth Symphony society. The society is now beginning its fifth successful season of bringing fine music to Plymouth, but needs the support of everyone.

Those interested in becoming members of the society may contact Mrs. Rodrick Cassady, membership chairman for the drive. The next concert of the Plymouth Symphony will be held next fall with Paul Wagner directing.

Post Office Walk Action Studied

At the request of Frank Burrows the city commission held up any official action on the proposed sidewalk to be constructed at the post office connecting Penniman and Fralick avenues.

An investigation by Mr. Burrows revealed to the commission that the government had only given permission for the construction of a six foot walk on the west side of the post office property on a 30 day lease basis. Mr. Burrows pointed out to the commission that the construction of the walk on the present arrangement would not guarantee access to Fralick avenue since the city had no arrangement for permanent usage of the Giles property which would have to be crossed if the walk was to connect the two streets.

Mayor Cass S. Hough entertained a motion by the commission to hold plans on the walk until June 5 at which time a committee of Henry Fisher and Floyd Tibbitts would report back to the commission with their suggestions as to what action should be taken.

Rites Today For Mrs. Treadwell

Last rites will be held today for Mrs. Rara-Avis Treadwell who passed away Monday at the Wayne County hospital. She was 52 years old.

Surviving are her husband, C. Herbert Treadwell, of East Ann Arbor trail; two daughters, Shirley Ann Parish and Patricia Louise Lo Presti, both of East Lansing; three sons, Gerald Collins and Norman Frosk of Plymouth and Charles of East Lansing and seven grandchildren.

At approximately 4 p.m. Mayor Cass S. Hough and Dean Herrick will form aerial maneuvers over the course and drop a Wyler shock-proof watch from an altitude of 1000 feet. The party picking it up may keep it or take it to Herrick's Jewelers for a duplicate.

All those who are non-golfers are invited to attend and participate in the "Millionaires Party" and other recreational activities. Festivities will begin at 7 a.m. and will continue throughout the day. The entire proceeds will be used for the Lions' Community Betterment Fund.

A great number of attractive prizes have been donated by club members. They will be given to the lucky winners of the Kickers Handicap tournament and the "Millionaires Party." To accommodate the crowds a 30 by 60 foot tent will be erected to house a bazaar and refreshment stand.

WHAT I THINK AND HAVE A RIGHT TO SAY

(Continued from page 1)

five members of the class which graduated 50 years ago being present to take part in the mid-century graduation ceremonies.

The future, said former Senator Brown, is a new world filled with overflowing with opportunities that no one ever dreamed of a half century ago. He enumerated the new fields of endeavor a student could enter that did not exist in the early part of the present century. Success rests almost entirely upon the will and determination of the student, he declared.

It is unfortunate that such an address as Mr. Brown made to the Galesburg high school graduates could not have been prepared so that EVERY graduate of EVERY high school, college and university in America could read it, grasp the inspiration and the common sense of what he said.

Film Portrays Wake of World War in Europe

A most interesting and educational film, "Seven Months Behind the Iron Curtain," was shown to a full house at 1058 South Main street, May 20, by Elder M. S. Kretzky, former Polish relief secretary. During the showing of the film he related his experiences while in Denmark, Sweden and Poland.

He stated, "In Poland, Danzig and Warsaw were destroyed 80%, while Maidanek being declared an open city saw very little bombing." The once broad avenues and streets in the business section of these cities with blocks of beautiful buildings were reduced to rubble with a mere foot path through the debris for pedestrians to carefully pick their way, as in 1948 there was still much danger from crumbling walls. The people of these countries are of great courage and the work of tearing down, salvaging what material can be re-used, and rebuilding is steadily but surely going forward; not with all the convenient modern equipment which we have in these United States, but all by hand, said Mr. Kretzky. He saw only one steam shovel being used in any of the re-construction work during the time he was there.

As the scenes of the concentration camp at Osviecim were portrayed upon the screen where three large furnaces cremated three bodies at a time in each furnace, changing the racks every 20 minutes and being fired every day, the group viewed blocks of barracks where human beings were housed waiting the day when they would be sacrificed to the greed and lust of war. There seemed to be no partiality shown as to nationality for Block 10 was marked to contain British personnel and another American, the film showed.

The work of re-building the churches is progressing nicely and things in the religious world are rapidly being reestablished beyond their pre-war days, Mr. Kretzky continued. There is much more religious freedom in these countries under the Communist government than one would suppose exists, for according to statistics gathered in post war days the Seventh-Day Adventist denomination has increased its membership by 100%. This is also true of other denominations. There is much attention being given in educating the youth along religious lines to become leaders in the work of the church. The Methodists are doing a noble work along this line. While much needed help in shipments of food and clothing has been given, work of relief is still great, the speaker concluded.

Plymouth Baseball Team Defeats Wayne in Extra Innings 8-7

For the second time this year the Plymouth High school baseball team went into extra innings with the Wayne Zebras and for the second time the pitcher pulled a squeeze play, scoring the win for Plymouth.

Plymouth defeated Wayne 8-7 on May 16 in a nine inning contest with Carl Elliott scoring the winning run on a squeeze play by Wally Dzurus.

Going into the top of the seventh frame, Dave Reitzel, who had started for Plymouth, was holding a 6-2 lead but allowed three men to get on base, one on an error, a walk and a base hit. Then Dick Huebler came up and blasted a home run to left field where the ball was lost, tying the score at six all. At this point Dzurus was called on to go in for Reitzel and put out the fire, which he did.

Things looked bad in the ninth as Wayne scored a run and took the lead 7-6, but the Rocks came back in their half of the inning, scoring two runs and ending the ball game.

Gary Sockow led off in the ninth with a single and then he took third when the left fielder juggled the ball and dropped it; Elliott walked; Harold Secord walked, and Sockow scored on a

wild throw that went far over the third baseman's head and Elliott took third and Secord second. Jerry Finnegan struck out, and Dzurus laid down a beautiful bunt scoring Elliott from third with the winning run.

Templeton started for Wayne and went all the way, receiving credit for the loss. Dzurus racked up his second victory of the season as he pulled a "Joe Page" relief job.

Although losing the game, Templeton struck out nine batters while Reitzel whiffed four batters and Dzurus one. Reitzel showed fine control as he walked only one batter. Dzurus allowed two men to reach first with a free pass and Templeton gave up four bases on balls.

Twelve errors were made in this game, six by each club. Plymouth collected 11 hits in this encounter and Wayne hit safely 12 times.

Cedric Dempsey, all-league basketball player, slammed a home run in the third frame for Wayne. Dick Fenton, another all-league star, connected for three hits as his team won.

The Plymouth High school nine found the down-river boys were not a soft touch as they journeyed to Trenton May 17 and lost 7-2, hitting safely only four times.

Brown pitched the complete game for the Trojans and showed fine form as he set the Rock batters down one, two, three. Wally Dzurus was on the mound for Plymouth and he also gave up only four hits but he walked nine men, whereas Brown pitched the fourth ball to only two batters.

Lloyd Campbell had the only extra base hit for Plymouth, a triple while Deerfield socked a home run for Trenton. The other hits for Plymouth were made by Gary Sockow, Carl Elliott and Jerry Finnegan.

Chess Club Meets Friday Nights

The Plymouth Chess club is still in action every Friday evening beginning at 7:30 p.m. in the city hall recreation room and President Joe Hafner reports that the teams are still going strong.

Approximately 14 men are present each Friday evening for competition. The club has been able to schedule only a few matches this year but they have held their own fairly well in each match.

In Atlantic City, jaded residents were warned by their devious Chamber of Commerce never to "argue with a visitor," were further admonished to answer "Yes, sir," not "O.K., bud," to vacationists.

Track Team is 2nd in Regionals

At the 20th annual Class B Regional track meet held at Wines Field in Ann Arbor Saturday, May 20, the Plymouth Rock track team took second place behind Howell.

Plymouth collected 55 points and Howell garnered 65½ points for first place. The Rocks seemingly did not have the depth to take first place but out of the field of eight Class B schools, six new records were set and three were turned in by Plymouth lads.

Two regional records were set by Paul Harding who finished the 100 yard dash in 10.3 and the 220 in 22.5.

Bettering the old regional mark by more than two seconds, Lou Vargha romped home far ahead in the 440, as he finished first in 52.2.

Those who qualified for the state meet May 27 are as follows: Jim Law, high hurdles; Dick Cramb, mile; Cal Becker, half mile; Gary Rodman, shot put; Harding, 100 and 220 yard; Lou Vargha, 440; Bob Anthony, high jump, 100, 220 yard; and the 880 relay team composed of Harding, Anthony, Vargha and Bill Burger.

To qualify for the state meet an individual must place in one of the first three places at the regionals.

One school record was set by the Plymouth team as they moved around the track in 1:34.4, cutting off almost two seconds of the old time. This also tied the regional mark.

Boys who placed in the regionals but who are not entered in the state meet are: Dick Joachim, Dick Underwood, Russ Maxwell and the medley relay of Dave Green, Mel Gutheie, Buzz Todd and Bill Burger. Burger qualified in the 880 relay.

Training School Downs South Side Barbers 10-9

In an extra inning softball contest at the Wayne County Training school Sunday afternoon, May 21, the South Side Barber Helicats bowed to the Red Birds of the Training school 8-7 in an exhibition game.

Cox and Hughes performed the mound duties for the Red Birds while Art Secord and Fred Pringle divided the pitching for the South Side Barbers.

The Red Birds got off to a 6-2 lead in short time but in the fifth inning the Barbers came through with a six run rally, which included a home run by Bill Burger with the bases loaded.

At the end of the regular seven innings the game was tied at nine all and the local team failed to score in their half of the eighth. The Red Birds loaded the bases with none out in their half and a line drive was hit smack at Bill Batterton who stepped on second for an unassisted double play.

This saved the game for only a few seconds as the ball was thrown away and the runner on third scored the final run.

The South Side Barbers connected for 12 hits and the Training school 11. These two teams meet again on Sunday, June 4, on the WCTS diamond at 2 p.m.

Rock Baseball Squad Loses to Redford Union

Bowing to Redford Union on May 19 the Plymouth Rock baseball team suffered their fourth defeat of the season 10-2 on the Panther's home diamond. Dave Reitzel started on the mound for Plymouth but after he had given up nine runs and 11 hits in four innings he was replaced by another southpaw, Bob Norgren, who held Redford Union to one run and five hits for the remainder of the game. Klatt was the big gun at the plate for the Panthers as he connected for four hits in five times at bat and scored three runs. Prince, also of Redford Union, smashed a home run as he picked up two hits in three times up.

Plymouth made five errors, which did not help their cause the least bit. Redford Union chalked up two runs in the initial frame, two in the second and then they staged a five run rally in the third, where Prince led off with a home run. This was all for Reitzel and Norgren finished the chucking. Only four base on balls were given up in this contest. Tommy Fairbanks, who went the distance on the mound for Redford Union, had fine control as he walked only one batter. Reitzel issued one free pass to first base and Norgren threw the fourth ball to two batters. Fairbanks in pitching this brilliant game struck out seven Plymouth batters and gave up but six safe blows. Two of the six hits were made by Bob Gow, team captain. Every player on the Panther squad got at least one run or one hit except Bowman who struck out three of his four times at bat.

Shorts in Sports

by Al Larson

Although Plymouth High is not a school for turning out top notch athletes or even for winning high honors for a squad, this spring the locals have shown some fine stuff as they capture victory after victory in many sports.

With the exception of the football team that won only one contest and dropped seven encounters, Plymouth High school sports have done very good this year.

The Rock cross country team finished second in the league meet, paced by Calvin Becker and Lou Vargha, and the squad also was high in the regional and state meets.

Only 12 men came out for cross country and Coach Kon Moiso made the best of what he had, which was very good. A school the size of Plymouth should have at least 20 or more out for this sport.

As the basketball season rolled around it looked as if Plymouth had a good chance to cop the league title but they dropped their first two tilts which set them back further than could be expected.

The team then went on a winning streak of six consecutive encounters and was a sure bet to land in first place but after Dwight Eckler and Keith Ebersole left the team lost its scoring punch and the team dropped three more games, two in the league, and had to settle for second place in the Suburban 6-B loop.

Coach John Sandmann, who had led his reserve team the season before to a record of 11 wins and four losses coached the varsity this season and in the league his team won six and dropped four.

Spring sports have always been tops around Plymouth but this year they are even better as Plymouth took two league titles and is going strong in two other sports.

The local track men took sev-

Four Teams Make Up Men's Open Softball League

Only four teams have entered the Men's Open Softball League in Plymouth but it is one of the toughest loops in this area and probably one of the best in the state.

Teams included in this league are the Detroit House of Correction, who took the state championship in Class B in 1948; Beglinger Oldsmobile, considered by many as a favorite in this league; Cavalcade Inn, made up of players from the former Nick's Inn team, and South Side Merchants, who should not be regarded out of the race for first place.

The managers of these teams are Doug Egloff, Beglinger's; Fred Thompson, Cavalcade; Vic Saltinski, DeHoCo, and Bob Schaufele, South Side Merchants.

The first game of the season will see the South Side Merchants journey to DeHoCo on June 1 at 6:15 and Cavalcade Inn will play Beglinger's on the same date behind the high school.

Following is the complete schedule for the season:
Thursday, June 1 Cavalcade Inn vs. Beglinger, H.S.-1, 8:20;
South Side vs. DeHoCo, DeHoCo 6:15
Monday, June 5: South Side vs. Beglinger, H.S.-1 8:20; Cavalcade vs. DeHoCo, DeHoCo 6:15

Rock Golfers Take Suburban 6-B League Title

With a six stroke victory over Ypsilanti High school and an 18 stroke margin over Redford Union, the Plymouth High school golf squad captured its second straight Suburban 6-B league title.

Bill Farwell was medalist in the meet Redford Union held on Thursday, May 18 at Country Club golf course as he fired a round of 79 for 18 holes.

In the Ypsilanti meet the Rock turfmen battled a tough decision out over the Braves, winning by the slight margin of six strokes Tuesday, May 16. An Ypsilanti lad was medalist in this meet.

Compiling double victories over Wayne, Ypsilanti, Redford Union, Lincoln Van Dyke and Northville and losing only to a tough Ann Arbor Class A team, the locals won 10 victories while losing only two meets.

This was the Rocks second straight league season without a defeat, running their consecutive streak to 12 straight.

Bill Farwell, who has been a member of the golf team for the past three years, turned in a round of 73 in the Northville meet which the Rocks won, tying a school record set by Larry Bentley last season.

The blue and white golf squad finished their regular season with an average of 350.4 per meet for their 12 encounters. Bill Farwell led the foursome with an average of 83.4 followed by Henry Levering with an average of 87.1 per meet. Doug Jetter with 88.9 and Jerry Walsh who averaged 90 for the season.

HERE'S THE BUICK SPECIAL 4-door Sedan; de luxe finish. The same body type is available on SUPER Series.

"YOU HARDLY KNOW THE ROAD IS THERE!"

You won't be the first to say that—not by a long shot. One of the first things you notice, when you step from another make of car into Buick, is the wonderful difference in the Buick ride. There are good technical reasons, if they interest you... Soft coil springs all around, the gentlest type of spring man knows how to make. A stout torque-tube, acting like the husky keel of a battleship to steady the whole carriage. Low-pressure tires on wide, Safety-Ride rims, that stop heel-over and sway on curves. Firm, sure, quick-acting shock absorbers, promptly snubbing the after-bounce of the bigger bumps. The important thing is what these all add up to. Freedom at last from jounce and jiggle. A level, floating, road-free passage over almost any kind of road, with even the worst of them tamed and gentled as never before. Add Fireball power to all this—the roominess of wide, deep seats—the lightness of Buick controls and the liquid silkiness of Dynaflo Drive—and you have a car just too good to miss. Come try one, won't you? Your Buick dealer will be delighted to demonstrate without obligation—delighted to show you that if you can afford a new car, you probably can afford a Buick.

ONLY BUICK HAS Dynaflo—AND WITH IT GOES: HIGHER-COMPRESSION Fireball valve-in-head power in three engines. (New F-263 engine in SUPER models) • NEW-PATTERN STYLING, with MULTI-GUARD fender, taper-through fenders, "double bubble" taillights • WIDE-ANGLE VISIBILITY, close-up road view both forward and back • TRAFFIC-HANDY SIZE, less over-all length for easier parking and garaging, short turning radius • EXTRA-WIDE SEATS cradled between the axles • SOFT BUICK RIDE, from all-coil springing, Safety-Ride rims, low-pressure tires, ride-steadying torque-tube • WIDE ARRAY OF MODELS with Body by Fisher.

About the time this handsome young Plymouthite was making his first visit in Paris

Plymouth had grown into a village of nearly 2,000 souls. Certainly the town was growing up and had come a long way from the days when William Starkweather cleared the first land here in 1825. A real main street had practically sprung up over night and the village could boast a fair grounds, a ball park, several stores, two hotels and one factory.

cox, L. C. Hough grandfather of Cass S. Hough a director of the bank today and Mayor of the city of Plymouth, E. F. St. John, I. N. Starkweather, O. R. Pettingill, S. J. Springer, William Geer, W. O. Allen, E. K. Bennett, Charles A. Fisher, William Livingstone, John Shaw, Peter Gayde, Elmer Chaffee, C. W. Root, W. H. Hoyt, William Manchester, A. D. Lyndon, John Henderson and Fred D. Schrader.

A bank had been operating here for seven years under the name of the Plymouth National Bank and it was in 1890 that business men felt it would be to local residents advantage if the bank became a State Bank and operated under state charter. The articles of incorporation of the Plymouth United Savings Bank were signed May 13th, 1890 and officers received state charter number 99. The organizational meeting was held in a large room upstairs over the R. G. Hall store which is now the building occupied by Willoughby Brothers and the Dodge Drug store.

These were busy days in Plymouth and in Michigan. In the year of 1890 about the time the bank was founded Governor Luce, whose term was about to expire strongly advocated that every voter in the state be required to spend at least one full minute in the voting booth to properly study his ballot so he would mark it correctly. A few days before the bank's organizational meeting was held the famous Botanical laboratory at Michigan Agricultural College at East Lansing burned to the ground and many Plymouthites who already were well known for their progressive steps in the field of agriculture felt the loss most deeply.

After receiving its charter from the state the bank purchased the Kynock building on Main street which is now occupied by Dunning's Department store and operated there until they consolidated with the First National Exchange Bank and moved into their location which is now the building occupied by the Community Pharmacy. They remained in this location until the quarters became so small they were forced to purchase the Fannie Coleman building on the corner of Main and Penniman where in 1920 they erected their present banking building.

In the new bank the president was paid the salary of \$1,500.00 per year out of which he was required to pay all of the other help. The total operating expense of the bank the first year including taxes amounted to \$1,972.95. All of the bookkeeping was done by hand by bookkeepers working under kerosene light with pen and ink, a far cry from the modern photographic and precision electrical machines now used in all modern banking institutions.

Names of many prominent families appear in the early records of the bank, among them were Theodore C. Sherwood the bank's first president and later Michigan's first banking commissioner being appointed to the state office by Governor Cyrus Luce; L. D. Shearer, Samuel Lyndon, E. C. Leach, L. H. Bennett father of Charles H. Bennett president of the bank today, D. B. Wil-

Yes it was an important year for Plymouth when young Charles H. Bennett made his first visit to Paris and many things were happening in and around the village which we will present to you in picture form in the remainder of this series. Mr. Bennett, pictured above, is president of the Daisy Manufacturing Company and president of The Plymouth United Savings Bank today.

The Letter Box

Editor, Mail:

Saturday afternoon I watched two young ladies, about 10 years of age, blithely step off the curb at corner of park, and disregarding the fact that the light had turned against them crossed over Main street to the bank corner, pushing doll buggies, and chatting merrily. They seemed completely unaware that there was any car in that part of town; traffic did not move until the young ladies were safely across. Please don't do that again, young ladies, life is uncertain enough at its best.

Florida Honeymoon Follows Zimmerman-Spanier Rites

An all white wedding was the choice of Kathleen Marie Spanier when she became the bride of William J. Zimmerman in rites performed at Our Lady of Good Counsel church Saturday morning, May 20. The Rev. Father William P. Mooney officiated at the nuptial mass.

Wedding music at the 10 o'clock ceremony included "On This Day Oh Beautiful Mother," "Ave Maria" and "In This Sacrament Sweet Jesus" sung by Mrs. Mel Mitchell. The organist was Mrs. Edna O'Connor.

Altar vases of white gladioli, palms and lighted tapers decorated the church for the ceremony.

Styled from white net and Chantilly lace, the bride's gown featured a long fitted bodice of the Chantilly lace, high neckline and buttons to the waist in the back. Panels of Chantilly lace were inserted in the full net skirt which formed a train. The bride's father, Joseph F. Spanier of North Harvey street, presented his daughter in marriage.

An illusion veil, fingertip

length, was attached to a scalloped tiara of seed pearls and rhinestones for the bride's headpiece. Her flowers were white rosebuds and a white orchid arranged in a cascade bouquet.

Embossed dotted chiffon fashioned the gowns worn by the seven bridal attendants. They carried cascade bouquets of du-bonnet snapdragons.

As maid of honor, the bride chose her sister, Donna Mae, and for bridesmaids she selected Kathleen Zimmerman, the bridegroom's sister; Thelma Swan, and two of her cousins, Delores and Betty Ann Spanier. Another of the bride's sisters, Peggy Jo Spanier, served as junior bridesmaid. The flower girl was Carol Stahl, the bride's cousin.

Roger Wilhelm, cousin of the bride, performed the ring bearer's duties.

The bridegroom asked Arthur Johnson to attend him as best man, while the guests were seated by Fred McDonald, Ross Snow, Jack Osborne and Tom Lewis.

Mrs. Spanier's choice for her daughter's wedding was a formal gown of dusty rose lace and chiffon. White accessories and a corsage of white carnations completed her ensemble. The bridegroom's mother was attired in a blue crepe gown. She wore a natural colored hat and white accessories. Pink carnations made up her corsage.

The wedding breakfast and reception took place in Northville at the American Legion hall. Two hundred and fifty guests congratulated the newly weds at the evening reception.

Upon returning from a two week honeymoon in Florida Mr. and Mrs. Zimmerman will make their home in Plymouth. For their wedding trip the bride traveled in a navy blue suit with white accessories, and an orchid corsage.

Mrs. Zimmerman was graduated from Plymouth High school and has been employed at Hines and Owens. The son of Mr. and Mrs. William J. Zimmerman, the bridegroom attended Plymouth High school and served in World War II.

SUCCESSFUL PARENTHOOD

By Mrs. CATHERINE CONRAD EDWARDS Associate Editor, Parents Magazine

EAGER TO SET a good example, parents sometimes forget that to a three, six or nine-year-old, Mother and Daddy may seem overwhelmingly powerful just because they are grown up.

If father and his friends turned the street signs the wrong way in their early days, it will not necessarily be giving Sonny undesirable notions if such a tale slips into a dinner table conversation. As a matter of fact, Sonny may gain self-confidence and self-respect from knowing that in spite of one's shortcomings one can grow up into as responsible and remarkable a person as Dad.

Sometimes the relief that comes from hearing that Mother or Father suffered from the same kind of "badness" is startlingly dramatic. Ellen, for example, was as boisterous and bossy as the day was long. Her younger sister was quiet and retiring, but quite dependent on Ellen to look out for her interests in neighborhood affairs, and she was often the victim of the older child's bossiness. When she was about nine, Ellen began to be afraid to go up to bed alone. She often cried out in her sleep something about "wanting to be good" or "not wanting to push."

The waking Ellen was so different from the dreaming Ellen, that her parents decided to talk the matter over with the adjustment teacher at school. After discussing the family situation, it was agreed that Ellen might be somewhat resentful of her

rather goody-goody sister and feel a bit guilty over this resentment. So it might be wise to arrange to give Ellen more opportunity to play without having little sister tag along.

The adjustment teacher also suggested that Mother and Father very casually talk about some of their own feelings toward brothers and sisters when they were young. The next evening Mother remarked that she had had a letter from her sister. "It's certainly fun to hear from her these days, but when I remember how we squabbled when we were little! Why, one day I threw a shovel at her, and I was scared when it nearly hit her."

Mother never finished the sentence, for Ellen threw her arms around her mother. "Did you really throw things at Aunt Irma? How funny! Well, I think I'll go upstairs now." Ellen did not realize why she was able to go upstairs alone, but her parents saw that her guilty conscience had been relieved sufficiently, so that her fears, and eventually her nightmares, disappeared.

Of course, hearing about a parent's shortcomings does not always work such magic, but it does help. Also, you can overdo your confessions. If perchance, your youthful indiscretions include things you should be ashamed of such as cheating at exams—keep them to yourself. After all, children need an example of honor from their parents. What have been referring to are merely admissions that parents are human.

The young couple exchanged their vows before an altar setting of palms, lighted tapers and baskets of white snapdragons and carnations. The Rev. Alexander Miller performed the single ring rites.

Pack Variety of Hearty Lunches For Your Summertime Picnics

Decoration Day opens the official picnic season. Each family has a favorite method of al fresco dining—a fish fry by a lake, an informal meal in the backyard or a basket lunch to be opened whenever hunger strikes and a likely spot is reached in the day's jaunt.

The main concern in planning these meals is to include an abundance of hearty foods to satisfy appetites that develop amazingly in the fresh air. Then, too, there's the demand for foods easy to eat so we're not burdened with quantities of serving accessories.

There's another point suggested by the Food and Nutrition Service of the American Red Cross to avoid unhappy results. Because hours may elapse between the time the food is packed and eaten, special care must be taken to prevent spoilage.

All perishable foods, especially meat and foods containing eggs and milk such as potato salad, should start their trip icy cold. Further, the containers should be insulated so they will stay cold.

Baskets with an ice compartment are fine for the purpose, but not standard equipment of families on modest budgets. Don't stay home because you don't have one. Try this instead.

Raw meats and fish may well be frozen if they will be out of the refrigerator all day. Cooked meats, eggs, either raw or cooked, potato salad and cream should be chilled thoroughly in the containers in which they go to the picnic.

After wrapping the food in waxed paper, ployfilm or metal foil to prevent drying or leaking, add layers of newspaper, a dozen or more. This forms excellent insulation to keep out the heat and preserve the food.

That same insulating quality of paper makes it possible to have piping hot baked beans, chili con carne, or similar food without building a fire. Use a heavy crockery or glass container with a tight cover and heat the food to the boiling point in it. Seal the cover with gummed paper and wrap in many layers of paper.

These hot foods should be piping hot when packed, not just warm. It's the slightly warm temperatures which are most conducive to food spoilage.

And by the way, save cream filled cakes, custards and similar desserts for home consumption. They need refrigeration to prevent spoilage.

ready for crumbing. Put a mixture of half cornmeal and enriched flour with salt, pepper and paprika in a clean paper bag. When it's time to fry the fish, put the pieces in the bag, shake well, and they'll be thoroughly coated in a jiffy.

The fat may be melted in a heavy skillet, then allowed to solidify at home, if liked. Use a layer several inches deep so it will be sufficient for frying the hush puppies.

HUSH PUPPIES

Sift together into a bowl: 1/2 cup sifted, enriched all purpose flour, 2 teaspoons baking powder, 1 tablespoon sugar, 1/2 teaspoon salt and 1 1/2 cups enriched cornmeal. Add 1 egg and 3/4 cup milk and stir only until blended. Drop by teaspoonfuls into deep, hot fat (360 degrees F.) and cook until golden brown. Drain on absorbent paper. Serve hot. Makes about 24.

JOHNNIE MARZETTI Eight-ounce package noodles, 1 large onion, 1 large green pepper, 2 tablespoons bacon or other fat, 1 pound ground lean beef, 4 cups canned tomatoes, salt and pepper to taste, 1/2 pound grated American cheese.

Cook noodles in boiling salted water until tender. In the meantime, chop onion and green pepper and cook in fat until clear. Add meat and stir over low heat until it loses red color. Add tomatoes, seasonings and cheese. Add to noodles. Turn into baking dish and bake in moderately slow oven, 325 degrees F., for 1 hour, stirring occasionally. Makes 6 servings.

PICNIC LOAF CAKE

Two and one-half cups sifted enriched all-purpose flour, 4 1/2 teaspoons double acting baking powder, 1 teaspoon salt, 3/4 cup granulated sugar, 3/4 cup brown sugar, 3/4 cup vegetable shortening, 1 1/4 cups milk, 3 eggs, 1 teaspoon vanilla.

Sift flour, baking powder, salt and granulated sugar together. Pack brown sugar firmly to measure then sift through coarse sieve and combine with other dry ingredients. Add shortening and 3/4 cup milk. Beat batter for 2 minutes or until well blended and glossy. Add remaining 1/2 cup milk, eggs and vanilla and beat 2 more minutes. Turn into lightly greased 15x8x2 inch pan or a 10x10x2 1/2 inch pan.

Combine 1/4 cup melted butter or margarine, 1/2 cup brown sugar, 3/4 cup shredded coconut and 3 tablespoons cream. Spread over top of cake. Place under broiler until slightly browned.

RECIPE OF THE WEEK
Peanut Butter Crunchies (Makes 36 cookies)
1 cup sifted flour
1/2 teaspoon soda
1/2 teaspoon salt
1/2 cup shortening (softened)
1/2 cup brown sugar
1/2 cup peanut butter
1 egg
1 teaspoon vanilla
1 cup oatmeal, uncooked
Chopped peanuts

Sift together flour, soda and salt. Add shortening, sugar, peanut butter, egg and vanilla. Beat until smooth, about two minutes. Blend in oatmeal. Drop from teaspoon onto greased cookie sheet; sprinkle with chopped peanuts. Bake in a moderate (350°) oven 12 to 15 minutes.

the way to the waist. If the patch is a secret, sew in on the inside; otherwise, use on the outside.

If pockets have ripped at the corners, as they often do, start two inches down and stitch up the pocket edge. Then go back a few stitches and up again to reinforce the corner thoroughly.

When the knees on youngsters' overalls give out, cut kitten or dog faces from bright felt or denim or leather from handbags. Pin, baste and stitch on with matching thread.

Underwear that rips at the seams should be sewed immediately or soon the edge will rip so much it becomes a major repair job. Sew into the garment at least two inches so that you get into good material. Pull threads to one side where they can be tied securely to prevent running out.

Large bed pads which have holes in the center from a lot of use and laundering should be cut down to a smaller size for a youngsters' bed.

Rhubarb and Asparagus Give That Garden-Fresh Touch to Meals

Want to give your winter-weary menus a springtime lift? Rhubarb and asparagus are old reliables for putting that refreshing tang and garden-fresh touch to your meals. They are among the first locally grown vegetables to come in season.

Rhubarb, although usually thought of as a fruit, is really a vegetable. Both rhubarb and asparagus differ from most other vegetables in that we eat neither the roots or leaves, but rather the stem or stalk portions. Leaves of the rhubarb are actually poisonous, due to the strong acids they contain.

To get the greatest satisfaction from these spring vegetables, put these hints about rhubarb and asparagus on your "remember" list.

RHUBARB—Spring grown rhubarb is usually in season in Michigan in May and June. Green varieties, which usually appear first, have a distinct tart flavor. Reddish varieties are milder in flavor, and require less sugar in cooking. Fresh hot house rhubarb is ordinarily found in the stores anytime between the middle of January and the natural growing season in the spring. Buy rhubarb by the pound if possible. One pound will make nearly two cups of cooked sauce.

Rhubarb can be preserved more satisfactorily by freezing than by canning. When canned it loses color and "mushes" easily. To freeze, simply wash the stalks, cut in 1-inch chunks without peeling, and pack in air-tight containers without sugar. When cooking rhubarb, stick

Rural Tele-news
CHAMPION—Even if a champion caller could shout loud enough to talk to a person in California, it would take his voice about 2 hours and 40 minutes to reach there. When you talk between Michigan and California by telephone, your voice travels the distance in a tiny fraction of a second. And it can be heard as well as though you were face-to-face with a person out there.
THE FEWER THE BETTER—No more than 8 parties on all rural lines is Michigan Bell's goal. But to reach it will require lots more equipment and facilities. Money to pay for those facilities must come from investors, who will put their savings in the telephone business only when it's earning a reasonable profit. So, it's a good thing for rural telephone customers to have Michigan Bell make a fair profit.
THERE'S COMFORT IN CALLING—The daughter of an Upper Peninsula farmer, attending a Michigan college, was taken ill and ordered to the hospital. Her roommate notified her family. The farmer and his wife, naturally, were worried. But they solved the problem by having the roommate call them Long Distance "collect" each evening. That way, they kept tabs on their daughter's condition until she was well again. Freedom from worry is worth many times what a Long Distance call costs.

Of America's 19,000,000 veterans of all wars and campaigns, nearly 100,000 were in Veterans Administration hospitals at the end of April.

For many thousands of these, the war truly will never end. They are doomed for the remainder of their lives to remain charges of their government—grim reminders of the tragic price of war.

A grateful nation has seen to it that these heroes—some bedfast for life, others destined to spend the rest of their days in wheel chairs or on crutches—get the best of medical care. Modern hospitals and highly trained doctors and nurses see to their physical needs, thanks to the American tradition that it is the obligation of government to "care for him who shall have borne the battle."

Much as it provides in the way of physical care for its sick and disabled war heroes, the government cannot give them the extra comforts they need to make their drab lives more bearable, and

to remind them that they are not forgotten. That is an obligation which must be assumed by their grateful fellow citizens as an expression of gratitude for the sacrifices they have made, and in recognition of the patience and forbearance with which they are carrying the burden of their handicaps.

The Veterans of Foreign Wars has gladly met this challenge by lending a helping hand in their battle against doubt, boredom, bitterness, and despair. In addition, the Veterans of Foreign Wars, through its service officers in every community, makes sure that the dependents of hospitalized veterans are cared for.

When you are asked to buy a Buddy Poppy, remember that every penny contributed by the American people in this campaign will be spent during the next twelve months for veteran welfare work exclusively. Most of what you give for a Buddy Poppy will be spent right here in our own

community—for the benefit of our own needy veterans and their dependents.

The contribution you make through the purchase of a Buddy Poppy will be spent strictly for these patriotic purposes:

- For the aid, relief and comfort of disabled and needy veterans, their dependents, or their widows and orphans.
- For maintenance or expansion of the V.F.W. National Home for widows and orphans of veterans at Eaton Rapids, Michigan.
- For hospital or individual assistance and entertainment for needy veterans and service patients, and their dependents.
- For rehabilitation, welfare and service work, including liaison service with the Veterans Administration.
- For necessary expenses for military funerals of deceased veterans.
- For acquisition, improvement and maintenance of burial plots and the decoration of graves of veterans and servicemen.

Company Given Safety Award

A bronze engraved plaque was presented last Thursday to the Plymouth Stamping company by its insurance carrier, Employers Mutuals of Wausau, Wisconsin, for an outstanding safety record developed by the local firm. A general assembly of all plant personnel was called for the presentation ceremony.

The award was presented by A. J. Diedrich, Detroit engineering supervisor for Employers Mutuals, and was accepted for the company by C. E. Moore. Special key chains were also awarded to all employees by the insurance company, for the record which

they all had a part in achieving. This company is engaged in custom stamping. They have had no serious accidents since they started in business 18 years ago, May 23, including the severe pressure of the war years. This remarkable record is due to excellent supervision on the part of management, and enthusiastic cooperation by employees in performing their work safely at all times.

The company has not only gained well-earned recognition; it has set an example of accident-free operation which will be a challenge to their entire industry.

In El Paso, Police Chief W. C. Woolverton boasted: "This is the second peaceful weekend we have had without a murder."

He Doesn't Care Who Passes Him!

ONE of the rarest satisfactions a 1950 Cadillac brings to its owner is *serenity*. He hasn't the slightest reservation about his car—and he takes to the highway with complete peace of mind.

Watch him briefly in the stream of traffic—and, if he is a normal Cadillac driver, you will quickly sense what we mean. He drives as befits his mood and his requirements, and is quite content to let other people do the same.

Unless he happens to be in a hurry, it is all right with him if another driver wants the honors when the light turns green. He knows that the surplus power in that eager, dynamic engine was put there for his safety and driving ease—and not for dramatic display on the get-away.

And so on the open road. If you wish to drive a little faster than he does, let him know.

He understands that his last two inches of throttle were not put there for the ungracious purpose of dominating the highway. They are there for an emergency—and for that lovely, floating, cruising ride which only a great reserve of power can provide.

So roll along, if you're in a hurry—and the top o' the mornin' to you!

It's a wonderful thing, this feeling of calm confidence in your motor car. It lessens the strain, and increases the pleasure, of every mile you drive. Many say it's their happiest surprise when they first take the wheel of a Cadillac.

And we're wondering if you realize how easily and practically it can be your own. Listen . . . the lower-priced models in the Cadillac line cost less to buy than the highest-priced models of numerous other cars! Why not come in today?

Roger Babson Says...

Babson Discusses Labor Strikes

There is no easy way of settling strikes. Strikes signify what workers want and how they hope to get it.

What Do Workers Really Want?

I am reminded of the old story about Samuel Gompers, one time head of the A. F. of L. Once when someone asked him what Labor really wanted, he replied, "More." The question is: More what? Many labor economists, as well as newspaper columnists and psychologists, seem to think most strikes are for only one reason: more pay for less work. As a matter of fact, the May 1948 issue of the Monthly Labor Review reported that only 74% of all our strikes involved the issue of higher wages and shorter working hours. It is a mistake to say that strikers want only more money.

Strikes have cost not only the employer but the employees huge sums: it will take years for many employees to make up the money they lost through strikes. If money were the sole underlying motive, why, then, do \$10,000 per year workers, such as script writers, airplane pilots and locomotive engineers, strike? In many instances workers get angry because they are not receiving the "psychic" satisfactions necessary to wholesome manhood. They flare-up, go on strike, then look around for something to demand. More wages and shorter working hours usually is a simple formula. But, fundamentally, inadequate "psychic" compensation is the root of most of our industrial conflict.

Psychic Compensation

Psychic compensation is the inner satisfaction and feeling of well-being derived from individual recognition, praise for work

well done, fair treatment, and a steady job. This soul-satisfying compensation does not, of course, supplant an adequate wage, but it is very important in keeping workers contented.

Interestingly enough, the business executive's inner wants closely parallel those of the worker. He wants power, independence of action, a free hand to carry out ideas, recognition by associates and community. Psychologists, economists, and college professors have all been wrong with their notion that economic factors are the sole motivators of men. Except in economic depressions, neither labor nor management is motivated primarily by dollars and cents. Both groups want certain "psychic" satisfactions of recognition, respect for the individual, reasonable personal power and prestige. It is inadequate satisfaction of these wants and needs that drives men into conflict.

Satisfying Psychic Needs

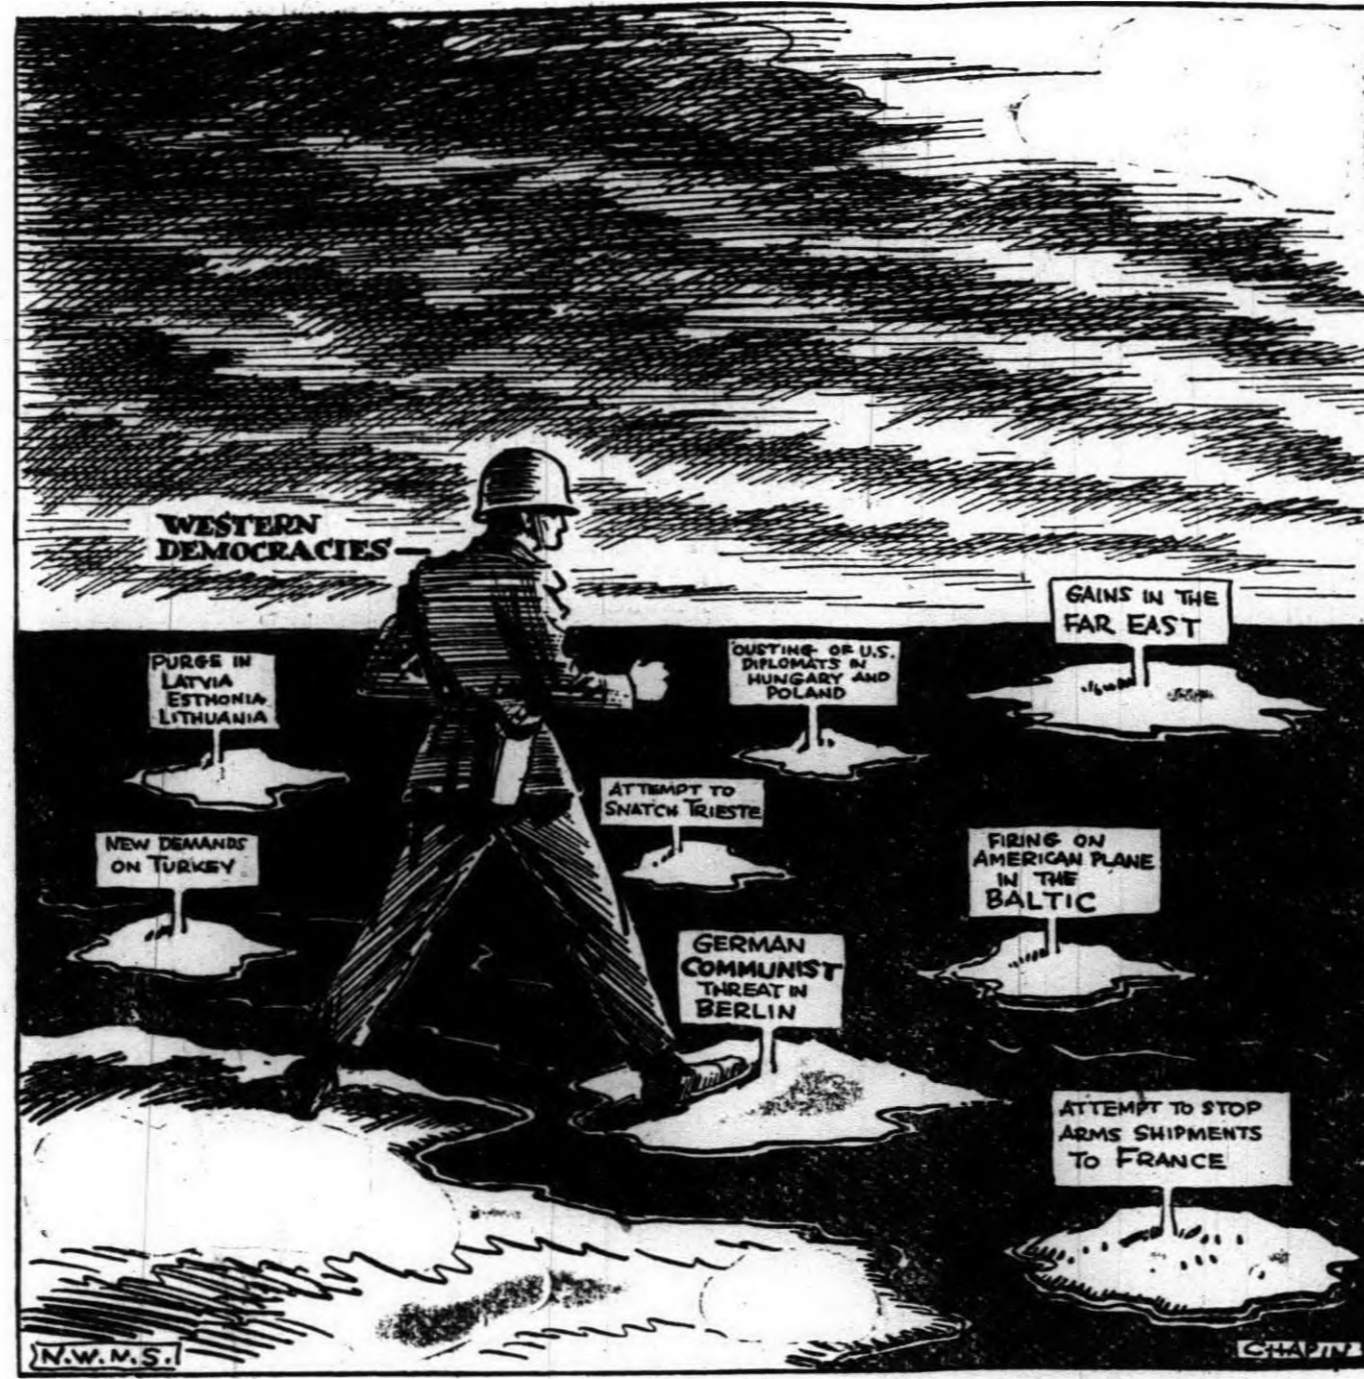

We live in a highly competitive society which stresses and rewards individual achievements, prestige and power. Executives and workers are all molded from the same clay. They have attended the same schools. They have the same physical make up. There is no reason to believe that the economic and "psychic" motives of one group differ markedly from those of another group. It would be pretty difficult for union leaders to develop strike activity if the workers' "psychic" wants, as well as economic, were satisfied.

The trouble is, most executives know so little about human relations that they don't know where to begin. If the average executive would sit down and analyze his own basis "psychic" job needs, recognize that his workers crave the same "psychic" satisfactions, and develop ways to share these satisfactions, I believe he would be on the road to resolving his industrial strife, provided labor leaders would fairly cooperate. We must jack up the "psychic" salaries of our workers.

What About Investors?

THE UNFORTUNATE FACT IS THAT INNOCENT INVESTORS ARE THE REAL SUFFERERS BECAUSE OF THIS PSYCHIC CONFLICT. I, THEREFORE, AM COMING TO THE CONCLUSION THAT THEY—FROM THEIR INDEPENDENT POSITION—TAKE SOON WAKE UP AND TAKE AN ACTIVE HAND IN SETTLING THIS PROBLEM.

WITH THE REPORTED INCREASE of television's hold on night-time listening, trade circles believe the next major trend in radio will be the programming of top radio comedians in daytime shows . . . Bob Burns is rumored

as a possibility in switching over to daytime broadcasting when he returns to the air next fall . . . Meanwhile, more and more movie stars are taking the plunge into radio to give it a badly needed hypo . . .

Ruth Hussey is the latest to be considered for a top radio program . . . Radio vets Lum and Abner may not be back next season in order to devote full time to television.

PLATTER CHATTER

COLUMBIA — Frank Sinatra's latest is a new ditty that may go places once started . . . Called "When the Sun Goes Down," Frank treats it smoothly with the help of the Modernaires . . . On the flip Sinatra teams up with Jane Russell in "Kisses and Tears" . . . "Choo'n Gum" is given a cute work-out by little Toni Harper . . . "Floppy" is on the reverse . . . Frankie Yankovic gets in the "Hoop-Dee-Dee" whirl by giving that number a light, airy rendition . . . It's backed by "Night after Night."

CAPITOL—Johnny Mercer has two good jazz numbers on one big waxing that should please his numerous fans . . . They're "At the Jazz Band Ball" and "She's Shimmyin' on the Beach Again" . . . Joe Stafford and Gordon MacRae have teamed up again in a smaltzy number, "You Are My Love" . . . "Down the Lane" is on the flip . . . If you're western-minded you'll like Ken Cody's "Fickle-Minded Heart" backed by "Sleepless Nights and Endless Days" . . . And Jo Stafford comes up with a real hot-prader in "On the Outgoing Tide" . . . "Ask Me No Questions backs it."

MERCURY—Richard Hayes has a unique record in "The Guy With the Voodoo" with "Jug Band Boogie" on the flip.
