Age Often More Capable Than Youth

AMERICA AT THE MOMENT is over-emphasizing two things, supposedly of vital importance. Well, maybe, but I know other things of equal importance that the country at large is neglecting. The two other things on which over-emphasis is placed? Age and figure. I know men and women who apparently think of boyish figure or sylph-like anatomy are the chief aims. They are important, but if the principles would pay just half as much attention to loyalty and integrity, this world would soon be a place we'd be proud to think we had a hand in the moulding.

Carnegie

Age in America has come to be almost a disgrace. Yet those who scorn it look forward to reaching a ripe-old age. Some of our ignorant youth even go so far as to ridicule age. Like all who ridicule, they brandish the only weapon they are capable of using.

And all this is inspired by a gun manufacturing company in Oklahoma operated largely by men in advanced years. The president of the company is 75 years old; the chairman of the board of directors is two years past the century mark; the man who serves as both vice-president and treasurer also has passed his allotted three-score years and ten. There are more than 400 employees of this company with an average age of 42.

In doing some research on this company, which, by the way, is the Ithaca Gun Company, Ithaca, N. Y., manufacturing shot-guns, I learned that three million of America's workers are more than 65 years of age.

I myself have discussed this matter of older workers with any number of officers of big companies. I have never yet found one that claimed age was a deterrent in engaging an employee. What they invariably said was that ability was their keynote, and that in many instances, an older man was preferable because of the experience he could bring to the job. Bernard Gimbel of the Gimbel stores told me once that he thought they got best results by mixing the older men with the younger men. An officer of Rogers, Peet said they never turned away a man because he was too old. He said definitely that the older men nearly always were far, far more able to handle customers because they were brought up in an era of courtesy and thoughtfulness which is sadly lacking today.

So all this should be hopeful for Oklahoma and New York states, and other states that are concerning themselves with the problem of jobs for men past 50.

BPW Honors Members Bound For Overseas

Two members of the Business and Professional Woman's club were scheduled to leave for summer trips abroad this week. Miss Mary Murray will leave by plane Saturday for Northern Ireland where she will visit relatives she has not seen since her last visit 29 years ago.

Miss Murray will arrive in Belfast Sunday night and will spend four weeks there with her four brothers, a sister and several nieces and nephews. She will return on July 28.

Another member, Miss Lorraine Corbett, planned to leave for a two months trip last Monday. She was to leave on the American luxury liner, Excalibur, but the ship was struck head on by a Danish freighter in New York harbor. Though she was not injured, her father, S. T. Corbett, did not know whether she would continue her trip aboard another ship. She planned to tour the Mediterranean, Italy, France, Greece, Syria and Egypt.

The club held a farewell party for the two members on June 19 at St. John's Episcopal parish house. Arrangements for the party were made by Mildred White, assisted by Dora Gruebner and Betty Brake. Floral and table decorations were done in red, white and blue and Japanese lanterns lighted the room.

At the event club officers announced that \$40 had been contributed by the organization to the Wayne Out-County chapter of the Michigan Society for Crippled Children and Adults to aid in sending local crippled children to summer camps.

Phone news items to 1755.

INCHES OF GAS

Cause Pressure on Heart

Slow digestion causes food to ferment in your stomach. Pockets of gas form (inches of it!) and this gas presses upward, crowds against your heart. Then you are in misery.

Hundreds here in Plymouth suffered that way until they got CERTA-VIN. This new medicine is taken before meals; thus it works with your food and your food digests FASTER and better, with less gas and bloating, and you get the fullest good out of your meals.

CERTA-VIN contains Ten Great Herbs, plus vitamin B and iron. Therefore, it not only relieves gas; it also enriches the blood with iron and strengthens the nerves with vitamin B. Miserable people soon feel different all over. So don't go on suffering! Get CERTA-VIN — Community Pharmacy, 330 S. Main St.

Mr. and Mrs. Albert Stever entertained at a garden party last Sunday at their home on Sheldon road in honor of the birthdays of their great niece, Miss Norene Evans, of Detroit, and Albert Stever. Guests attending were Mr. and Mrs. Herman Goodsmith and daughter, Sally, of Grosse Pointe Woods, Mr. and Mrs. William Evans and daughter, Norene, of Detroit, Mr. and Mrs. Orville Hoag of Plymouth road, and Mr. and Mrs. Claude Gebhardt of Plymouth.

Mrs. James Thrasher visited Mrs. William Parker in Novi on Tuesday.

Mr. and Mrs. Robert Lidgard and family who have been residing at their country home on Haggerty highway for the past few years will move to their home on Liberty street next week.

Mr. and Mrs. Frank Burton of Garland celebrated their 25th wedding anniversary, June 25, with an open house for their friends and relatives. Guests were present from Detroit, Holly and Plymouth. Mr. and Mrs. Burton received many lovely gifts and the congratulations from their friends and relatives.

Mr. and Mrs. George Evans and two sons, who have been living in the Lidgard house on Liberty street for the past two years, will move on Saturday into their new home at the corner of Harvey and Blanche streets.

Margaret Sue Terry, daughter of Mr. and Mrs. Marvin Terry celebrated her sixth birthday last Thursday inviting several of her little friends to be her guests in Riverside park. Those attending were Marabeth Matulis of Belleville; Carol McLemore of Detroit and Judy Theobald and Janet Lyke of Plymouth.

Former Resident Dies in Detroit Otto Schwacho, a former resident of Plymouth, passed away June 17 at the age of 77. He has been living in Detroit for the last 12 years. Surviving are his widow, Emma; three daughters, Mrs. Bella Truesdell of Plymouth; Mrs. Laura Edelmayer, and Mrs. Ruth Williamson; three sons, Elmer, George and William; eight grandchildren and two great-grandchildren, and two sisters. Funeral services were held on June 21 at 1:30 p.m. from the Schartz and Will Funeral home at Glen Eden with the Rev. Herman Metzger officiating. After 30 years of just watching ball games, Godber Jackson of Amelia street, finally got in the game. At last Friday's game, he caught a fly ball knocked by Pitcher Fred Hutchinson. Mrs. Jackson ducked, but her husband made the catch. The ball is now prominently displayed on his desk.

Naps-Shorter Swims Given As Polio Precautions

Every local child should have a compulsory rest period every afternoon and his swimming should be limited to short intervals which will not tire or chill him, the Plymouth Department of Health warned today in announcing poliomyelitis precautions for local parents and children.

Accumulated evidence indicates that there is marked relationship between becoming over-tired or really chilled and the amount of crippling resulting from poliomyelitis, Dr. Harold Brisbois of the Health Department pointed out.

When there are poliomyelitis cases in a community, a great many children have light cases of the disease with no symptoms or with symptoms no more severe than those of a common cold. These children may become seriously ill and crippling may result if they are allowed to become over-tired or chilled during the first few days of their illness, he explained.

Plymouth parents and children

should carefully observe all the precautions prescribed by the National Foundation for Infantile Paralysis, Dr. Brisbois said. They are:

Keep children with their own friends. Keep them away from people they have not been with right along, especially in close daily living. Many people have polio infection without showing signs of sickness. Without knowing it, they can pass the infection on to others.

Try not to get over-tired by work, hard play or travel. If you already have the polio infection in your body, being very tired may bring on serious polio.

Keep from getting chilled. Don't bathe or swim too long in cold water. Take off wet clothes at once. Chilling can lessen your body's protection against polio.

Keep clean. Wash hands carefully before eating and always after using the toilet. Hands may carry polio infection into the body through the mouth. Also keep food clean and covered.

Watch for early signs of sickness. Polio starts in different ways — with headache, sore throat, upset stomach, sore muscles or fever. Persons coming down with polio may also feel nervous, cross or dizzy. They may have trouble in swallowing or breathing. Often there is a stiff neck and back.

Call your doctor at once. Until he comes, keep the patient quiet and in bed, away from others. Don't let the patient know you are worried. Your doctor will tell you what to do. Usually polio patients are cared for in hospitals, but some with light attacks can be cared for at home.

Dr. Brisbois concluded with an encouraging note. "More than half of all people who get the disease recover completely without any crippling," he said. "Observing these precautions can increase that percentage."

In Bloomington, Indiana, the Monroe County clerk got a letter from one Walter Sadlick, an ex-serviceman, who explained that he had married to get a bigger student's allotment under the G. I. bill, but that now, as his eligibility benefits were running out, "we would naturally like to abolish the marriage."

FOOT NOTES For Foot Health

by Dr. A. A. Globerman
274 S. Main — Tel. 2198
Foot Specialist

1. Don't cut toenails too short. Cut nails straight across and no shorter than the tips of your toes. Don't be a bathroom surgeon.
2. Wear hose that are long enough to fold back over the top of the toes.
3. Exercise for the feet and legs: While in a sitting position place the feet parallel on the floor about 18 inches apart. Turn ankles outward and draw feet together until the toes touch, even exerting pressure. Time three minutes.

Show Mystery Trunk at Bank...

For the benefit of the doubters, the trunk used by Mr. and Mrs. Roy Rew in their trunk escape trick was brought to the Plymouth United Savings bank this week by Chamber of Commerce President Ray Williams, left, for display. The public is invited to examine the trunk and then to witness the escape trick at the conclusion of the Optimist Talent show July 3 on Forest avenue. Mrs. Rew will be put into the trunk, spectators will then lock and rope it and it will be placed in a tent. In ten seconds or less, Mrs. Rew will escape from the trunk and when it is opened Rew himself will be inside. If you've seen the Rews do the trick on television, come to the show to see it first hand.

Today's Recipes Pheasant Crop Dwindling Here

IF FLOWERS are conditioned before you make arrangements for them in vases and other containers, they'll keep fresh for a longer period of time.

Garden flowers, such as asters, calendulas, marigolds, snapdragons and zinnias last much longer if they are allowed to stand overnight in water to which has been added sugar. Use one teaspoon of sugar for each quart of water.

Iris and tulips will last much longer if they are picked in the bud and wrapped in wet newspaper immediately. Plunge the wrapped bunches into deep water which comes up to the blooms. Gardenias and camellias never drink water after they're cut. Place these in a cool place and cover them with wet tissue.

Violets like water on their flowers. Bunch them first, then turn bunches upside down and immerse in water to allow the flowers to drink from blossom ends as well as stems. All green leaves should be conditioned by placing in buckets of water overnight before you arrange them.

Michigan's cock pheasant population has increased 39 per cent over last year, final results of the conservation department's crowing cock pheasant survey indicate — Plymouth conservationists agree that this condition is true particularly in this area. The survey, conducted over a six-week period ending June 10, covered 38 routes, each 20 miles long, in 28 southern counties of the state. Wildlife management students from the University of Michigan and Michigan State college went over each route an average of three and a half times, stopping every mile to listen and record the number of cock crows heard in a two-minute period.

The crowing index, which represents the average number of calls heard from each stop on a route, averaged 9.7 per route. Southeastern Lenawee county had the highest index, 33.5, and northern Huron county the lowest, 4.1.

The per cent of increase indicated in the cock crowing index tallies with the percent of increase in hunter success shown in the 1949 game kill report. As conditions of the survey were essentially the same this spring as last, conservation game men believe the results give an accurate picture of the pheasant population. Michigan's cock crowing survey is patterned after surveys carried on in other states where pheasants are important game birds so there will be a good basis for comparison with other parts of the country.

Food Poisoning Can be Prevented

Picnic food poisoning can be prevented, the Michigan Department of Health said today.

All that is required is cleanliness and carefulness in preparation and coldness from the time the food is prepared until it is eaten.

Food poisoning is caused by the growth of germs in food. The germs get into food from unclean hands, unclean sandwich or meat boards, unclean towels, unclean dishes, unclean meat grinders, from flies, mice or roaches, or from coughs or sneezes in the kitchen.

These germs multiply so fast at room temperature that an unrefrigerated dish of food or a slice of meat may become deadly in one hour's time, without any change in appearance or taste.

Among foods which are particularly dangerous when not refrigerated are any soft foods made with milk, eggs or gelatin, any foods made with mayonnaise or salad dressings, all meats and fish. They are dangerous because germs multiply readily in them.

Once the food has become contaminated, heating it or refrigerating it will not make it safe. Heat or refrigeration may kill the germs but they will not destroy the poison which the germs have created in the food.

Be sure that hands, utensils and containers which touch food are scrupulously clean. Keep picnic foods at temperatures below 50 degrees, from the time they are brought from the store or cooked in the home until they are eaten.

You don't need an expensive picnic hamper. If you thoroughly chill fried chicken, sandwich spreads, cold meats, baked beans or potato salad in your refrigerator and then pack them in sterilized quart or two quart cans and set them in a tub of cracked ice, insulated with newspapers, you can keep them cool for several hours. Once these foods have been set on the picnic table and have become warm, do not try to save them for another meal.

Food poisoning is always unpleasant and it may be violent or even fatal.

In Delaware, Ohio, Harry McClellan pleaded guilty to a charge of attacking his wife, Almyra, with a rolling pin.

To raise a turkey to market age of around 28 weeks requires between 75 and 100 pounds of feed.

Present Bible School Program

The Bible school which has been in progress at the Church of the Nazarene for the last two weeks closes today. There will be a program open to the public at 8 p.m. tonight portraying the activities of a day of school.

The total enrollment of the school is 76. It has been supervised by Mrs. William Welton. In the beginner's department teachers are Mrs. Roy Yeager and Mrs. Lyle Daugherty; Mrs. Harold Carson and Mrs. Edward Szmurlo have had charge of the primary department; Mrs. Kenneth Swain and Miss JoAnn Skaggs have taught the juniors and Mrs. Olive Olsen the intermediates.

There will be a display of hand work from each different department.

In Grafton, North Dakota, Postmaster George W. McIntyre considered a letter addressed to the "Chief of the Communist Party" in Grafton returned it to the sender, Richard Rolnick of Pfaffenhofen, Germany, with a little note: "We had a little ring rot in the potatoes, the snow is up to our belts, the water is up to our necks, and... we expect a mild infestation of grasshoppers. But, thank heaven, we have been unable to find a Communist." Phone news items to 1755.

"I REMEMBER" BY THE OLD TIMERS

From Mrs. C. B. McCarragher of Spring City, Pa.: "I remember when I was a child, we would get an invitation to a surprise party as follows: 'You are invited to a birthday party for (name), P.S. Guests please furnish refreshments.' The 'P.S.' was at the bottom. And it wasn't a bad idea, as the mothers did not have half as much trouble getting ready as they do nowadays. It was the custom for children and grownups alike."

From Bert Powell of Chicago: "Who remembers the very peculiar combination of a dill pickle and peppermint stick which children

used to enjoy? The very thought of it now is enough to make one want to turn a handspring."

From Frank J. Oswald of Chicago: "Here are the names of some more old-time cars for the old timers to add to their list of old time cars: Auburn, Columbus, Continental, Cord, Cunningham, Davis, Erskine, Elcar, Flint, Franklin, Graham and Gray."

From C. S. Cooper of Xenia, O.: "I remember when granulated sugar first appeared on the market . . . and when men wore vests and had a comb and tooth brush sticking out of the upper left-hand pocket."

From H. Maude Ravenscroft of Cincinnati: "I remember Mamma sending me to the grocery for eight cents worth of home-boiled ham (delicious, too) which was then eight cents a quarter of a pound."

Diamond Jubilee Celebration

OUR SIXTIETH ANNIVERSARY

Hitch up the Buggy We'll go hear the Band On the Fourth of July

Yes sir . . . there will be big doings in the village of Plymouth on the Fourth of July. Residents from Cooper's Corners and neighbors from Nankin and Canton will all be in town to spend the holiday. Both hotels are advertising meals at 25 cents and local grocery stores will be open all day featuring such bargains as apples at 75c a box, tallow at 4c a pound, eggs 13c a dozen, honey 12c per comb, chickens 13c per pound, turkeys 11c per pound, pigeons 20c a pair, butter 13 cents a pound, etc. Yes . . . at prices such as those it must have been a gay time for the people here 60 years ago.

and there'll be big doings at the fairground too,

There will be ball games and all sorts of entertainment for young and old alike. Picnic lunches will be in order so bring your baskets and join the fun. This is Plymouth's old fairground and grand stand pictured above. It was the center of much activity until it was finally given up by the men that kept it active over a long period of years. On the Fourth of July sixty years ago there was a special race staged especially for the day.

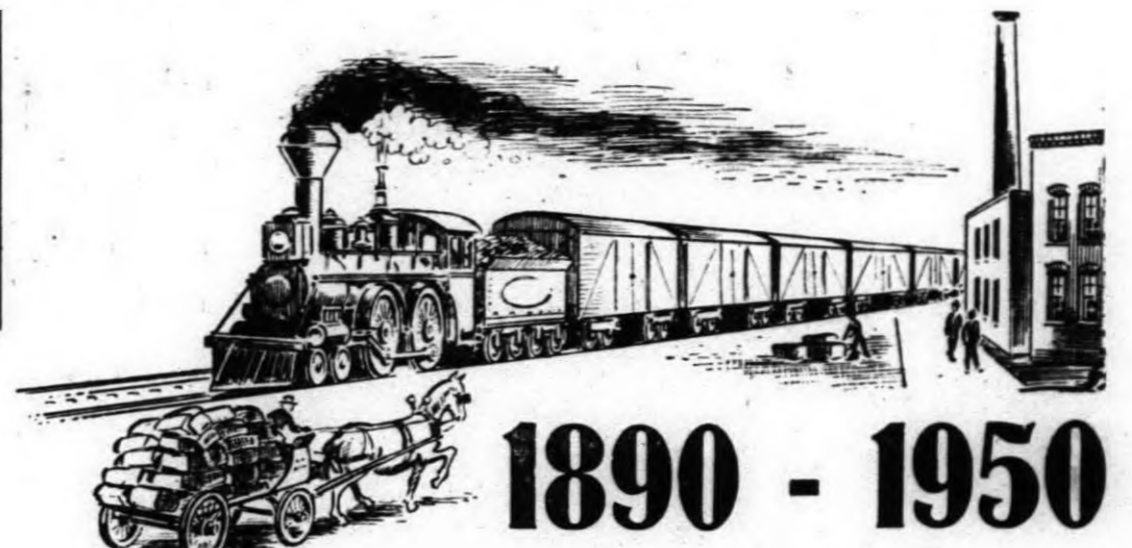

Hop Williams' bay gelding, some of the best horseflesh in this part of the country, ran a special race on a \$50.00 bet with H. B. Bennett's bay mare Marguerite. What a race it must have been. Posters advertising the race were posted throughout this part of Wayne county and long before Northville Downs or the M.R.A. Plymouth was drawing crowds to the fairgrounds to witness events like this.

Don Huebler Blasts Home Run as South Side Merchants Win 3-2

With Don Huebler getting a home run in the sixth inning, South Side Merchants were able to win their first game of the season Monday, June 19, by defeating Beglinger 3-2. Jim Wellman was the winning hurler being tagged for only six hits and striking out seven. Gabby Street, who was the loser, also gave up five hits.

South Side scored their first run in the first frame. With two outs, Earl Lyke singled and then scored when Don Huebler, who knocked in all three runs, smashed a three base hit over the center fielder's head. Wellman then knocked a roller to Street who threw to the catcher to get Huebler sliding in.

In the second inning Beglinger scored their first run also with two outs. Leichtweis then hit a fly to short right field and when Harold Wilson tried for a diving catch the ball got by him, allowing Leichtweis to take third. He then scored when the ball got by Schaufele. In the fourth inning Howard Hunt, leading off, singled and advanced to third on two wild pitches and then scored on an infield play.

In the sixth inning South Side scored their last two runs with two outs. Lyke was safe at first on an error by Beglinger's shortstop. Huebler then smashed a homerun scoring behind Lyke to give South Side a 3-2 edge. In the seventh South Side went down 1-2-3.

In the last of the seventh Beglinger came close to tying the game when with one out Sasal knocked a single and went to third on an error and a wild pitch. Schultz then hit a grounder to Robinson at third who

threw to Schaufele to get Sasal sliding in. Sasal flew in to Schaufele knocking him down. Daly, who was umpiring behind the plate, called Sasal safe by Gray, who was umpiring at first, came in to call him out for running in to Schaufele for the purpose of knocking the ball out of his hands. Newton then ended the game with a fly to left field.

DeHoCo Loses to Cavalcade

In a very close game June 19, Cavalcade Inn defeated DeHoCo 3-2. LaRue was the winning pitcher but was taken out in the fourth inning. He was replaced by Thibodeau who held DeHoCo hitless for the rest of the game. As yet no player has gotten a hit off Thibodeau. Harrison was the losing pitcher being tagged for only three hits.

Cavalcade scored all their runs in the first inning. Lillie leading off walked. Cragie was safe on an error. Loudeau flied out to first, and Lillie took third on a wild pitch. Paison then singled scoring both runners. Paison scored when Gadwell was safe at first on another error. DeHoCo had four errors in the first inning.

In the second inning, DeHoCo scored a run when Harrison leading off blasted a triple and then scored on a single by Namitt. In the third DeHoCo scored their last run as Burns singled and ended up at third on two wild pitches. Burns then scored when Williams hit to short. From the fourth inning on DeHoCo didn't get a hit and only four men reached base.

Cavalcade Wins Fifth Game 11-1

Cavalcade won their fifth game of the season by trouncing South Side Merchants 11-1 on June 22. LaRue was the winning pitcher giving up six hits. Marshall was the losing hurler, being tagged for 12 hits.

Cavalcade started out in the initial frame scoring three runs, in the second four runs on four hits, in the fifth and sixth one each and two in the seventh giving them a total of 11.

South Side scored their only run in the last inning. With one out Bartell tripled and scored on a single by Schaufele. Letourneau of Cavalcade collected four hits in five trips to the plate. Included were two doubles. Gagna also got four hits in five times at bat all of these being singles.

On Monday, June 21, there was a very small turn out for the first session of the baseball school. This Friday will be the last day for registration so let's get up there and register. There must be at least 50 boys who want to play ball. There will be a session each Monday, Wednesday and Friday from 10 to 12 behind the school.

In the "D" league, which was one of the best leagues in Michigan a couple of years ago, has been almost folded up a couple of times because of no players. There is still needed more boys to play in this league.

The "F" league up to now is folded up because of no players. One of Northville's teams folded up June 23. By this move three teams are left and to have a league it takes at least four. Mr. Woolweaver is now trying to get one more team from Plymouth for this league. Surely there is enough boys 14 and under who are interested to play ball. If any of you haven't yet signed on a team why not come up to the Recreation department and see what can be done.

Now is the age when you should start to play baseball and learn the fundamentals of the game. The more you learn now and master is what you need most when you are older and want to play ball.

Mr. Woolweaver would like very much to see more interest in these leagues so any boy who wishes to play ball come up and see him about getting on a team.

For you Midget league kids, if you don't like to play or think you can't why not give it a try at the baseball school and see how you make out. The Recreation department is trying to get some of the Tigers to come out and help for a day so you will be getting the best instruction.

Allen Takes Two Games in Old Timers League

In the Old Timers' league June 20 Allen beat Twin Pines by the score of 30-5. Seafoss was the loser giving up 28 hits. Perry was the winning pitcher.

Allen scored one run in the first, four in the second, third and fourth innings, two in the fifth, four in the sixth and 11 in the seventh. Twin Pines scored their five runs by getting two in the second and third and one in the fifth.

In another game on Wednesday, June 21 Allen reversed their style of the day before and only beat the Contractors by the score of 3-2. Atchinson was the winning hurler, Rorabacher the loser.

Dunn Steel Takes Over First Place in Industrial League

On June 22 Dunn Steel won another walk away game by defeating Daisy 11-3. John Sandmann was the winning hurler allowing Daisy only three hits. Cecil was the losing pitcher being relieved by Pringle in the fifth. Dunn Steel now has first place in the Industrial league.

Dunn Steel drew first blood scoring a run in the second inning. With two outs Tuax walked, took second on a wild pitch and then scored on a single by Pierce.

In the third inning Daisy scored one run when Cecil tripled with two outs. He then scored on an error by the shortstop. Daisy scored another run in the fourth when Stevenson smashed a home run. Their last run was scored in the sixth.

Up to the fifth inning it was a very good game with Daisy leading 2-1, but in the fifth inning Dunn Steel exploded and scored six runs and in the seventh they scored four more.

In the Industrial league game played June 19 Dunn Steel warped Wall Wire 21-4. McIntosh was the winning pitcher giving up five hits while also walking five. Ronayne was the losing pitcher who was relieved by Hruska in the second. Dunn Steel collected 15 hits off these pitchers. Becker smashed four of these hits including a homerun. Farwell had a perfect day at the plate walking three times and also getting a homerun.

In the first inning Wall Wire was held hitless while Dunn Steel went wild scoring ten runs as 14 men went to bat. In the third they scored five more runs on six hits as nine batters were up. In the fourth, which was the last inning for Dunn Steel due to the time limit they scored two

Wall Wire Loses 25-2 to Champion Corrugated Team

Last Thursday Champion Corrugated trounced Wall Wire 25-2 in the Industrial league. Robertson was the losing pitcher giving up 15 hits, while he walked eight. Cadwell was the hurler for Champion Corrugated allowing six hits.

Wall Wire jumped to a lead in the first frame when Weagel leading off blasted a home run to give them a one run lead until the second inning when Champion Corrugated scored 13 runs on five hits as 17 men went to bat. In the third they scored three more runs on two hits. In the

more runs giving them a total of 21 runs.

In the second frame for Wall Wire they scored three runs on two hits and in the third they scored their last run counting for their four runs.

In games like these the time limit comes in very handy, as there is no need to go on with walk-away games.

Herter Pitches Another Win for Dunn Steel

VFW of the Old Timers' league lost their second game of the year June 21 as Dunn Steel whipped them 11-6. Darnell chucked for the losers and was tagged for 12 hits. Herter was again the winning pitcher for Dunn Steel.

It was a close game all the way but in the last inning Dunn Steel pulled away as they scored four runs.

The VFW team finally won a game June 22 as they really beat Twin Pines 28-5. Burly was the winning hurler and Seafoss the loser. Burley and McLellan both got five hits in the game.

Now an Austrian psychologist tells us that we all produce body radar... vibrations that bounce off everybody we meet. Sometimes the folks we meet vibrate in harmony with us, and with others our "body-radar" is as annoying as a stone in a shoe. So if beautiful blondes head for the hills at your approach; if dogs indicate they'd rather see you on a blue plate... don't worry about it. Cheer up, it isn't just because you're ugly, it may also be that your "body radar" is as off key as a tone-deaf tenor. Apparently there's nothing you can do about it. Just stand around and vibrate.

Frost Hurls 6-4 Victory For Whitman - Barnes

On June 19 Whitman-Barnes downed Champion Corrugated 6-4 behind the five hit pitching of Frost. Cadwell was the losing pitcher being tagged for seven hits.

In the first inning Champion Corrugated was held hitless but Whitman-Barnes scored two runs. Leminski, leading off, walked but was thrown out at second when Cunningham hit to the shortstop who threw to second to force Leminski. Taylor then flied out but McGuire smashed a three base hit scoring Cunningham. McCarran then connected for another triple scoring McGuire.

In the second inning Champion Corrugated scored three runs on one hit. Graff walked, Hancock was safe at first on an error. Butts bounced to the pitcher who threw to third forcing Graff. Sinta then got on first with a fielder's choice leading the bases. Baldwin then hit a grounder to the first basemen who threw to second forcing Sinta with Hancock scoring the first run. Jex then singled scoring Butts and Baldwin. Caldwell ended the inning flying out to short. Champion Corrugated scored their last run in the fourth when Butts walked and then scored on a single by Baldwin.

Whitman-Barnes second frame they scored four runs on three hits. Barney leading off went out to short to first, Johnson singled. Frost reached first on an error. Leminski walked. Cunningham singled. Taylor singled resulting in four runs. This was the end of the scoring as both teams played good ball.

Blue Sox Win Two in "E" League

The Plymouth Blue Sox were victorious again as they defeated Inkster Aces on June 21, 15-5. Rorabacher was the Blue Sox hurler allowing only two hits while striking out nine. The Aces' five runs were due to the ten men Rorabacher walked. Krashovety was the losing pitcher being tagged for 14 hits.

The Blue Sox scored two runs in the second, four in the third, five in the fourth, one in the sixth and three in the seventh for a total of 15.

Inkster Aces scored three of their five runs in the first frame. From then on until the seventh they didn't score or get a hit. In the seventh they scored their last two runs.

In another "E" league game Pappas Market downed Inkster Boy's club 22-8.

In the opening game of the "E" baseball league on June 19, the Plymouth Blue Sox downed Inkster Boys club 9-7. Dave Finney was the winning hurler giving up 11 hits while striking out ten. Wade was the loser as he gave up 14 hits.

In the second inning the Blue Sox started off with a single by Sockow. McKinley walked leading the bases. Hees then singled followed by Rorabacher and Lamphear as the five men scored.

In the third frame the Blue Sox scored again when Sockow singled and later scored on an infield out. In the fourth another run came across when Rorabacher doubled and scored when Travis was safe at second on an error.

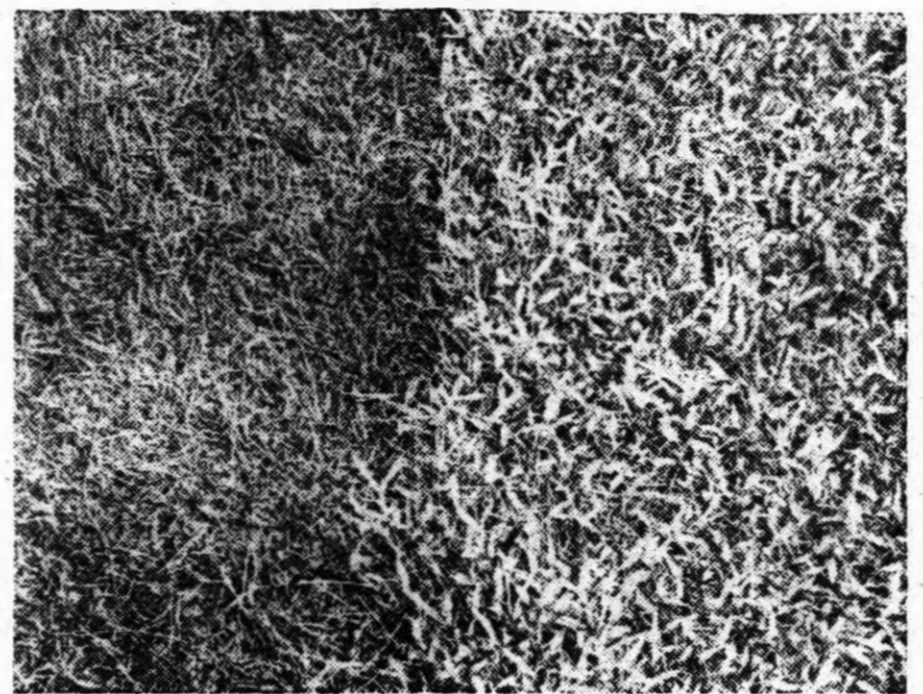

Inkster Boys club scored two runs in the second and third inning and three in the fifth. At this point the game was tied up but in the sixth and seventh innings the Blue Sox pushed across two runs to give them an opening day victory.

Displays Unusual Stone Collection

Gilbert St. Louis of Castor street puts the finishing touches on one of the unusual stones in his collection. For the past two years St. Louis has been collecting beautiful stones from all over Michigan. He then cuts the rough stone, shapes, sands and polishes it. He originally did all the work by hand but for the past year has been using an electric grinder. He now has about 40 stones in his collection including types of quartz, Thompsonite, Lake Superior agate and precious green stones found in the vicinity of Isle Royale. His collection will be on display this week in the lobby of the Plymouth United Savings bank.

Develop Easy Crabgrass Control

TREATED: Beautiful turf because SCUTL stopped the Crabgrass. UNTREATED: Demon Crabgrass smothering the desirable grasses.

Availability of a new and revolutionary dry-applied powder which kills crabgrass but does not harm desirable lawn grasses was announced today by McLaren company on Main street, dealers for O. M. Scott & Sons Co. lawn specialists.

Developed by Scotts Lawn Research, the herbicide eliminates spraying, hand-pulling and other bothersome methods used in the past to combat this hard-to-eradicate lawn eye-sore. The new material, called SCUTL, is simply scattered over the infested area by hand or with a two-wheeled spreader. The particles of powder fasten themselves tightly to the broad crabgrass blades which absorb the chemicals. The plants wither and die.

SCUTL is a green-colored, lightweight material, easy to handle and almost dustless. It does not harm pets or birds in normal usage and will not damage flowers or shrubs unless almost de-

LIBERALLY ADMINISTERED.

From experiments conducted by leading agronomists, as well as private lawn owners in the past several years, the producers of SCUTL have learned that it is best applied when crabgrass is flourishing, usually in July and August. The treatments should be made before the crabgrass has an opportunity to drop the seeds that will live to plague the lawn in future years.

To Attend U of M Interlochen Camp

Professor Earl V. Moore, dean of the school of music of the University of Michigan, announced that Ann Janet Hammond, daughter of Dr. and Mrs. Walter Hammond of 302 Sunset street, has been chosen to be a member of the two-week All-State High School Band conducted by the university at the National Music camp, Interlochen, Michigan from July 17 to 30.

This 15th annual high school music group will include four separate two-week sessions for orchestra, band, chorus and piano. The purpose of the All-State groups is to provide special training and experience in orchestra, band, choral and piano music for youth of high school age. The daily schedule includes sectional rehearsals, public performances, concerts, broadcasts, and elective courses in student conducting, theory and harmony, radio-drama, electronics, art, ensembles and solo playing. Each student also receives private lessons from the artist members of the National Music Camp faculty.

Interlochen has attained a unique place in the fields of music and related arts, for no other place on earth produces a symphony a week by teen-age musicians. In its perfect woodland setting on the shores of twin lakes in northern Michigan, the National Music Camp provides an ideal interplay between talented, creative youth and stimulating artists from the fields of music, radio-drama and art.

GARLING MARKS 1st ANNIVERSARY AS HOME BUILDER IN PLYMOUTH

Announces Plans for Beginning of 100th Home and Stepped-Up Operations for the Coming Year

The Garling organization is proud of the contribution it has made to Plymouth's steady march of progress — proud that it is helping to house the City's growing population, now employed in the new or expanding area industries of Ford, General Motors, Burroughs, Whitman-Barnes, Evans Products Co., Daisy Manufacturing Co., and scores of other smaller plants.

It will be one year ago on July 8th that Mr. Fred Garling, President of the Garling Construction Company, 6922 North Telegraph, at the express and urgent invitation of Plymouth officials and the Chamber of Commerce, ordered ground breaking for his first home in Plymouth.

Forty-five days later that home, 398 Evergreen, at Blanche, was completed and opened to public inspection.

Today, Mr. Garling was looking forward to the anniversary of that first building job and personally supervising a start on the construction of his 100th home in Plymouth and its immediate environs.

By September, the number of Garling Built Homes for the entire Detroit Metropolitan District will have passed the 17,000 mark.

This outstanding accomplishment, recorded within the span of thirty-one years, reflects unmistakably the measure of public confidence, which Mr. Garling constantly seeks to deserve, and explains the heavy swing of public preference for a Garling home—not only in Plymouth, but throughout the entire Metropolitan area.

The home that Garling builds for you today — whether it be a pretentious custom mansion or a modest bungalow—has got to be good. Into it has gone the best of materials and workmanship that can be obtained anywhere — at any price — and all the know-how that can only be gained after thirty-one years experience in the building business.

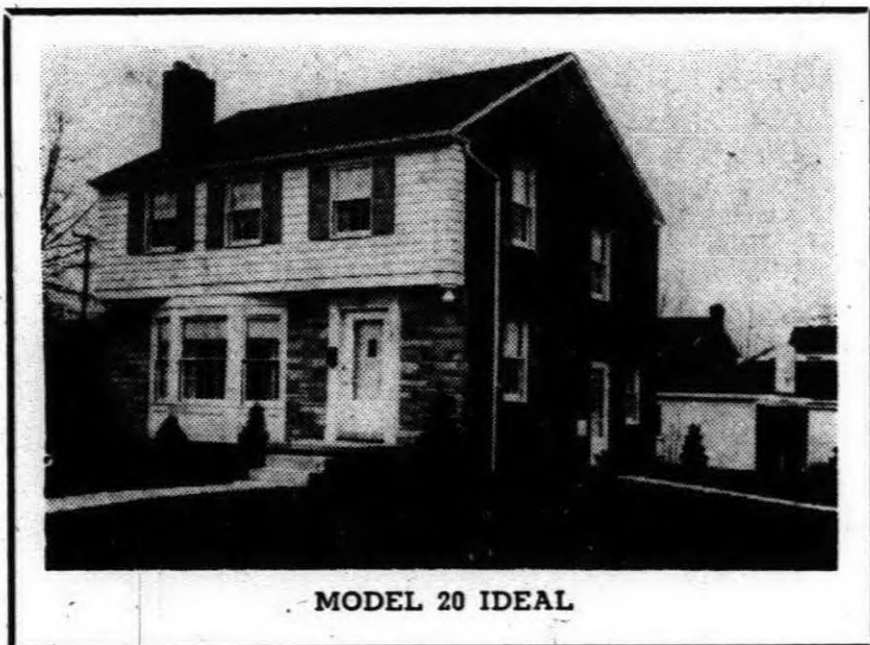

In no other way than this could the name Garling stand today for business integrity, fair dealing, and honest value.

Your Garling home will not only be a valuable lifetime asset to you, its owner, but to your community as well—of that you have the utmost assurance.

Planning Expanded Operations In Plymouth

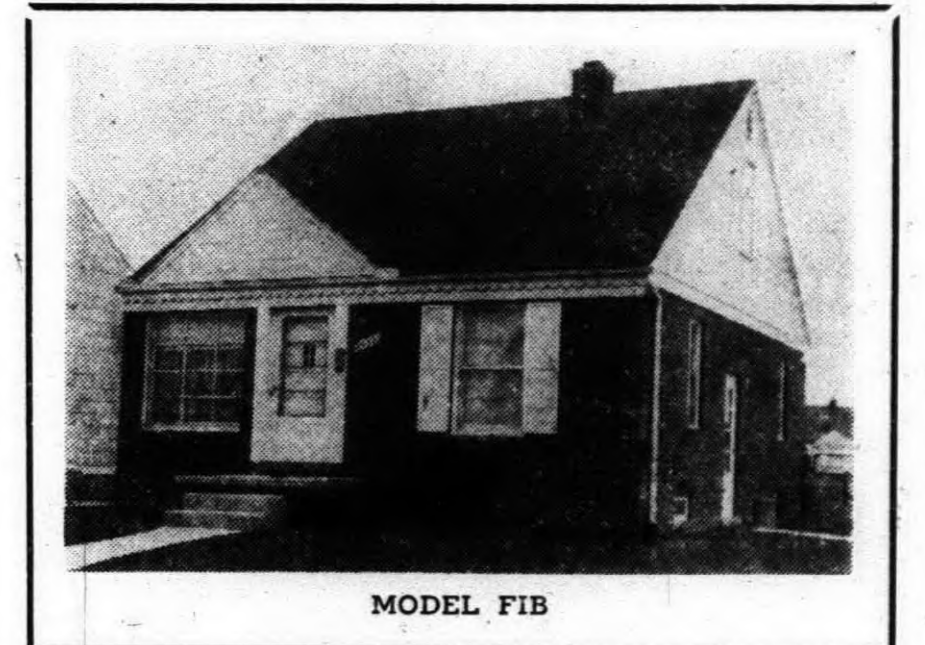

Fred Garling, President of Garling Construction Co., and his three top executives are shown here mapping future plans for development of more new homes to house the rising population of Plymouth. L. to R. are James C. LaBeau, second vice-president in charge of construction; Freeman J. Flecker, Secretary-Treasurer; Mr. Garling and Charles E. Adams, Executive Vice-President.

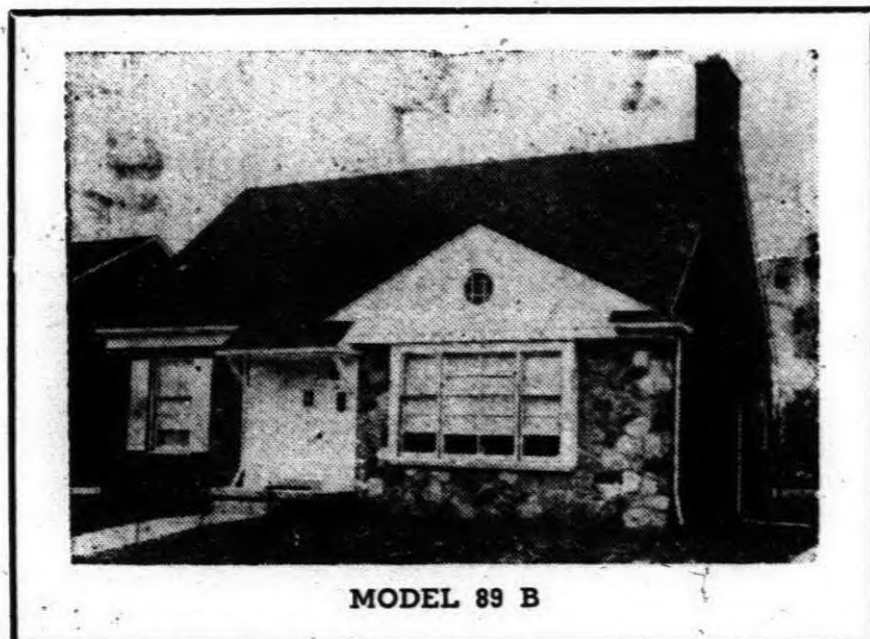

MODEL 20 IDEAL

Pictured is the first Garling home to be completed in Plymouth. Ground breaking for this home began July 8, 1949, and the house was finished forty-five days later. This home was one of those featured during the local observance of National Home Week.

Zephaniah Calls for Repentance
Lesson: Zephaniah 1: 12-18; 3: 16-20

Memory Selection: Zephaniah 2: 3

ZEPHANIAH, who labored about the time that Jeremiah did, and not long before Judah was carried into captivity, was greatly concerned about the corruption of Judah and he strove to bring the people to repentance. But they were slow to hear and they failed to heed what the prophet declared. As a consequence, they were soon carried as exiles into Babylon.

So we find the prophet warning the people against their evil ways and urging them to return unto God. The Lord declares that he will search out Jerusalem, and in the great day of Jehovah the silver and gold of the people will not save them and the whole land will be devoured if they do not repent.

In the third chapter Zephaniah seemingly looks beyond the 70 years of captivity to a brighter day which shall come for Judah. In the days when the discipline of the exile has ended the people will come to better things. Jehovah will be in the midst the mighty One to save. We cannot do better than identify this blessed period with the coming and the reign of Christ in the world. It was a distinguishing feature of the dwelling of Christ on earth that God dwelt with men. According to prophecy one of the names of Jesus was Emanuel, which means "God With Us."

So, may we labor the harder to spread abroad the teaching of the gospel and to bring a larger number of men to know Him whom to know is life eternal.

FIRST CHURCH OF CHRIST, SCIENTIST. Sunday services at 10:30 a.m. Sunday school, 10:30 a.m. for pupils up to 20 years. "God" will be the subject of the Lesson-Sermon in all Christian Science churches throughout the world on Sunday, July 2. The olden Text (Psalms 99:9) is: "Exalt the Lord our God, and worship at his holy hill; For the Lord our God is holy." Among the Bible citations in this passage, (Isa. 64:4): "For since the beginning of the world men have not heard, nor perceived by the ear, neither hath the eye seen, O God, beside thee, what he hath prepared for him that waiteth for him." Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, include the following (p. 516): "God fashions all things after His own likeness. Life is reflected in existence. Truth in truthfulness. God in godness, which impart their own peace and permanence."

Butter

"YES, BUTTER DOES IT"

So said our friend when being complimented on his famous Sunday night scrambled eggs.

"Of course, one must have fresh eggs, some cream, mix them carefully and cook slowly, but when all's said and done, you simply must use a goodly amount of butter.

"It's butter that provides the delicious flavor which makes us pass our plates for another helping."

The BEST COOKS use plenty of BUTTER

Graduate From Wayne University

Included in the list of 1,423 candidates for degrees conferred at Wayne university's commencement exercises June 15 were three residents of Plymouth.

Local residents in the graduating group were: Donald Bruce Rock, son of Mr. and Mrs. Frank W. Rock of Five Mile road, bachelor of arts degree; Harold W. Schultz, son of Mr. and Mrs. Walter G. Schultz, of Forest avenue, bachelor of science in the college of pharmacy, and Mary Helen Swanson, daughter of Mr. and Mrs. Herbert F. Swanson of North Mill street, bachelor of science degree in the college of nursing. All three are graduates of Plymouth High school.

The June ceremonies were the second of two 1950 Wayne graduation programs. The first 1950 commencement took place last February for 1,185 students who had completed their degree work at that time. Together the two groups make up the largest graduating class in Wayne's history.

Ordinance No. 161
An Ordinance to Amend Ordinance No. 108 Known As The Zoning Ordinance.

THE CITY OF PLYMOUTH ORDAINS:

Section 1. That to the General Provisions, Page 5, after paragraph (F) add:

(G) A grade from the side walk level at the front line to the front of the foundation of the house and from the rear wall of the foundation of the house to the rear lot line shall be established and maintained and such grade line shall conform to the adjacent properties as near as possible. The height from the grade line to the first floor level shall not exceed three (3) feet. Grades shall be approved by the Building Inspector or the City Engineer.

Section 2. That the zoning map of the City of Plymouth be revised as follows:

(A) Lot 294 Assessor's Plymouth Plat No. 12 of part of the S. W. 1/4 of Section 26 and part of the S. E. 1/4 of Sec. 27, T1S, R8E, including blocks 4, 6 & 7 and vacated Jener Street of C. R. Kellogg's Sub., be changed from Residence "A" to Commercial District.

(B) The southerly 90 feet of Lot No. 430, Assessor's Plymouth Plat 15, of that part of Bradner & Holbrook's Sub. lying in Sec. 28 of part of the W. 1/2 of the N. E. 1/4 of Sec. 26, T1S, R8E, be changed from Residence "B" to Local Business District.

Section 3. This ordinance is ordered to take effect on the 11 day of July, A.D., 1950.

Made, passed and adopted by the City Commission of the City of Plymouth, Michigan, this 20th day of June A.D., 1950.

St. Michael's Church Scene of Zielasko-Nichol Rites

St. Michael's church in Rosedale Gardens was the setting for the 11 o'clock ceremony uniting in marriage Gertrude Loraine Nichol and Robert Henry Zielasko, son of Mr. and Mrs. Larry Zielasko of Hix road. The wedding took place on Saturday, June 24, with the Rev. Father Zinger officiating.

The double ring ceremony was performed before an altar decorated with white gladioli, peonies and lighted tapers. Altar boys who assisted at the mass were Donald Blaharski, Ronald Funk, cousins of the bridegroom; Tom Ropers and John Schmitz. During the nuptial rites, Mrs. Cylk, soloist, sang "On-This Day, Oh Beautiful Mother" and "Ave Maria."

Daughter of Mr. and Mrs. Arthur Nichol of Auburndale avenue, Rosedale Gardens, the bride chose a gown of imported Chantilly lace and a train of net over white satin for her wedding. Her fingertip veil of white net fell from a pill box headpiece of Chantilly lace trimmed with white stephanotis. The bride wore a single strand of pearls, a wedding gift from the bridegroom. She carried a white mother-of-pearl prayer book centered by a white orchid. English ivy and stephanotis were caught in the satin streamers which fell from the prayer book.

Gowned in pink brocaded organza over pink satin, Mrs. Robert Stremich served as matron

of honor. She is an aunt of the bridegroom. Mrs. Stremich wore pink lace mitts and a crownless picture hat of pink organza. Pink carnations and red rosebuds made up her colonial bouquet.

Wearing gowns styled identical to the matron of honor's, Marlen Nichol, sister of the bride, and Elizabeth Ann Sutherland, a cousin of the bridegroom's from Detroit, acted as bridesmaids. Miss Nichol selected ice green for her dress, and Miss Sutherland was gowned in pale yellow. Both carried colonial bouquets of yellow carnations and yellow rosebuds.

Richard L. Zielasko attended his brother as best man. The ushers were Robert Stremich, uncle of the bridegroom, and Edmund Zielasko, the bridegroom's cousin.

For her daughter's wedding, Mrs. Nichol chose a turquoise gown with white accessories and a corsage of pink rosebuds. A corsage of American beauty rosebuds accented the navy blue dress which Mrs. Zielasko wore. Her accessories were navy blue and white.

Following the wedding ceremony the bridal party and the immediate families gathered at Hillside Inn for the wedding breakfast. The bridegroom's grandparents, Mr. and Mrs. Anthony Zielasko, the Rev. Father Zinger and the Rev. Father Tierney of Pontiac were guests.

In the evening, 150 guests were entertained at the reception in Plymouth Country club. Mr. and Mrs. Larry Zielasko, parents of the bridegroom, were the hosts. Out of town guests were present from Lansing, Jackson, Birmingham, Detroit, Dearborn and Belleville.

After the reception the newlyweds left for a two week honeymoon tour through the western states.

Rosalind Forbing Becomes Bride of William Dyer

Nuptial vows were exchanged by Rosalind Irene Forbing and William Lawrence Dyer in a ceremony at Our Lady of Good Counsel church on Saturday, June 17.

Mrs. Emma Forbing is the bride's mother, and the bridegroom is the son of Mrs. Ora Dyer of York street.

The Rev. Father Mooney read the marriage rites at a 10 o'clock nuptial mass. Altar decorations for the wedding were bouquets of white gladioli and iris.

Given in marriage by her brother, Seymour Forbing of Bad Axe, the bride wore a gown of white satin. Her veil was fingertip length. White roses and carnations were used in the bridal bouquet.

Wearing a gown of pink sheer, Mrs. Aubrey Dyer was her sister's maid of honor. She carried a bouquet of blue and white carnations.

Aubrey Dyer served as best man for his brother, Vincent St. Louis and Frank Haake were the ushers.

Mrs. Forbing was attired in a blue crepe dress with navy blue accessories for her daughter's marriage. Her corsage was of rose carnations. Mrs. Dyer's choice for the ceremony was a grey taffeta dress with orchid accessories. Her flowers were rose carnations.

Newburg Methodist hall was the scene of the reception. There were 82 guests from Ferndale, Detroit, Pontiac and Bad Axe.

When Mr. and Mrs. Dyer return from a wedding trip through Canada to Niagara Falls, they will reside on York street. The bride traveled in a white sharkskin suit with navy blue accessories.

Betrothal Told

The engagement of Constance Ann Pascoe and John Phillip Hancock has been announced by Miss Pascoe's mother, Mrs. Marcella Pascoe, of Irvin street. Mr. Hancock is the son of Mr. and Mrs. Guy Hancock of Blunk street. No date has been set for the wedding.

Lawrence Burnettes Take Wedding Trip to East Coast

Mrs. Lawrence Burnette

Candelabra, palms and white gladioli decorated the altar of the Northville Baptist church on Saturday evening, June 24, when Lawrence Burnette claimed as his bride, Norma Dahlager, the daughter of Mr. and Mrs. Noble Dahlager of Northville. The bridegroom is the son of Mr. and Mrs. Newman Burnette of Plymouth.

The Rev. Walter Ballagh officiated at the double ring ceremony. Music was provided by organist, Harriet Lefler, and soloist, Frank Lyman of Pontiac. Mr. Lyman sang "At Dawning" and "Because."

Panels of lace detailed the skirt front of the marquisette bridal gown. A bouquet shaped headpiece trimmed with sprays of orange blossoms secured in place the bride's tiered fingertip veil. She wore pearls, a gift from the bridegroom, and carried a white Bible topped with gardenias and stephanotis.

The bride asked Mrs. Merle Parsons of Northville to be her matron of honor. Mrs. Parsons is a sister of the bridegroom. She selected a gown of light pink marquisette and a heart shaped headpiece of carnations. Deep pink carnations were arranged in the shape of a heart for the honor attendant's bouquet.

Eileen Boroff of Northville and Deon Abrahamson, a cousin of the bride from Bloomer, Wisconsin, acted as bridesmaids. They wore gowns similar to the matron of honor's. Light pink

carnations were used in their heart shaped bouquets.

The bride's brother, Stanley Dahlager of Northville, served as best man. Jim Johnston and Merle Parsons were asked to usher.

A reception for 200 guests took place in the church parlors. When she greeted her guests at the reception, Mrs. Dahlager, the bride's mother was wearing an aqua print voile and a corsage of roses. The bridegroom's mother chose a pink sheer gown for her son's wedding. Roses made up her corsage.

Mr. and Mrs. Burnette will be at home in Northville upon returning from a week's wedding trip through the eastern states.

Guests came from Plymouth, South Lyon, Detroit, Minnesota and Wisconsin for the wedding and reception.

Announce Marriage of Niece to Kansan

Mr. and Mrs. Ernest Bentley of Berwick avenue, Rosedale Gardens, are announcing the marriage of their niece, Lois Jean Forsyth, and Loren Newman of Manhattan, Kansas.

The wedding took place on Friday, June 23, in the First Methodist church, Plymouth.

Roger Babson Says...

Babson Discusses Best Buying Times

Knowing there are a number of American housewives who read this column, perhaps a few money-saving hints on household buying may come in handy at this time of year.

Meat and Poultry

Meat and poultry account for a large part of the food budget of most families. Intelligent purchasing of these important items should result in substantial cash savings during the course of a year. Especially should this be true if your family is the fortunate possessor of a deep freeze unit, since economical quantity buying is not feasible without adequate cold-storage space. I strongly recommend that you invest in a deep freeze unit, if you do not already own one.

This is not the time to stock up on meat or even poultry. Normally, these should be on the bargain counter in the late fall or early winter, say November or December. Marketings of cattle, hogs and poultry are seasonally heavy at that time; and this bunching of supplies should result in price concessions over retail counters. The best grades of heavy steer beef, however, usually do not come on the market in quantity until late winter or early spring.

Eggs and Dairy Products

The modern healthy hen can produce a surprising number of eggs during a year. But in March, April and May she really settles down to business, with an output unequalled in size and quality in any other three-month period. As a result of this pressure of supplies, egg prices usually are at their seasonal low point during the spring. Spring eggs also have excellent storage characteristics. Eggs, however, are now a purchase in many sections where laying has been a little late this year.

Prices of dairy products are rather closely related to the milk flow, which is at its seasonal peak around June. If you have storage facilities, June or July normally is the best time to buy butter, since the market at that time should reflect heavy production. There is a time lag in cheese, however; best buying opportunities appear to be in November, since good cheese must be well cured. Evaporated milk is likely to be less expensive in June or July, owing to seasonally heavy output.

Coal and Oil

Seasonal factors also play an important part as price determinants of both hard and liquid fuels. In normal times, it is the practice of the anthracite producers to cut prices in April, as an inducement to customers to fill their bins during the summer period of slack consumption. You should take advantage of these summer price cuts when available. You thereby will save money and also help to smooth out the industry's production curve. Heavy stocks and lack of demand often result in August or September price concessions on bituminous coal.

The petroleum industry is so vast and the interplay of price making factors is so intricate that it is extremely difficult to forecast very far in advance the best buying times for oil products. However, pressure of mounting refiners' stocks, low demand, and intensive competition frequently result in price cuts in fuel oil and kerosene during the summer months. Gasoline prices, however, will usually be lowest in December or January, when refiners' stocks are rising seasonally and total consumption is at relatively low levels.

Miscellaneous Suggestions

Here are the seasonally best buying times for a few other items:—Try your luck on canned peas in June, canned corn in July and canned tomatoes in August. Canned salmon usually is cheapest in September. Shop for bargains in dry beans in November and December, and lay in your supply of potatoes in the fall, when prices normally are at seasonal lows. Rice and flour usually are good buys in August or September, lard in December, and citrus fruits in January or early February.

Also do not neglect January "white sales," which usually offer real bargains in soft goods. Keep in mind the February furniture sales, the August fur sales and the clearance sales of summer goods. Remember, too, that nothing is a bargain if you cannot afford it or if it lacks quality. Just a thought to use when trading for an automobile: Tell the dealer that with one car today for every four people, a decline in auto prices may soon come. The previous saturation point came in 1940 when there was one car for about every five of population. My guess is that next January may be a good time to buy an automobile.

Local Men Will Fly in Air School

From the standpoint of interest and excitement, an event of the first magnitude will be staged at the Naval Air Station, Grosse Ile, Michigan on July 2, from 12 noon until 5 p.m. It will be an open house and air show commemorating the 25th anniversary of Naval Aviation in Michigan. Captain James P. Walker, USN, commanding officer of the station, has extended a cordial invitation to the public to attend this outstanding display.

Three local men will participate in the event. They are Donald E. Baron, Carl D. Watkins and Jay L. Weatherholt.

Of the many features to be presented none will equal, for hair raising thrills, the performance offered by the nationally famous Blue Angels, Navy's great jet flight team. Made up of four jets they will give spectacular demonstrations of precision flying at low level altitudes. Thus the spectators will be given the opportunity not only to observe the breath-taking maneuvers of the Blue Angels at close range, but will obtain, at first hand, a clear picture of the standard fighter tactics required of our Navy pilots.

A great thrill awaits the guests when the P2V, Navy's giant Neptune bomber, demonstrates a jet assisted takeoff. The Neptune is a sister ship of the famed Truculent Turtle which, it will be recalled flew non-stop from Perth, Australia to Columbus, Ohio to establish a flight record in 1948 that has never been equalled. The Neptune has actually been launched from a carrier deck and the crowd will see this huge bomber, in its JATO demonstration, put into the air after a run of less than 600 feet.

Still another event scheduled in an afternoon crowded with dazzling spectacles, is a performance of the Gruman F8F Bearcat. The Navy possesses no plane that can equal the speed with which the Bearcat can leave the ground and attain an altitude of 10,000 feet. After being on display during the afternoon the Bearcat will demonstrate its climbing prowess.

Participating in the show of more than 100 planes will be members of our civilian-reserve known as the Week-end Warriors. Every type of plane stationed at the base will be airborne during the show and the visitors will have every opportunity to see the results of this training program. These planes will simulate carrier-deck operations and attacks upon the field. Every citizen should avail himself of the opportunity to see how these men and their planes are prepared to integrate themselves with our national defense system.

There will be ample, free parking, with parking attendants provided at the station and, to insure a steady flow of traffic to and from the base, state, county and local police have been alerted and every arrangement has been made to facilitate the flow of traffic.

Emptying her husband's pockets before sending his clothes to the cleaners, a housewife found a slip of paper on which a telephone number was written. Curiosity being what it is, she dialed the number. Busy. She waited and dialed it again. Another busy signal. Dialing the third time, she happened to notice the number in the center of the dial—her husband had made a memo of their own new number.

Hints For Plymouth Homemakers

Summer Meals Should Include Nutritious Meat Dishes

Summer is the time to guard against unbalanced diets—taking the "backbone" out of too many meals because it's "too hot to cook."

Our summer meals are often lacking, especially in adequate meat dishes. We need meat the year 'round for its protein, calories, minerals and vitamins. Meat supplies a good share of protein essential for growth and repair of tissues and is a particularly good source of B vitamins.

There are many other reasons why we eat meats. There's a tempting aroma and distinctive flavor. There's the "stick to the ribs" quality, especially popular for those who do physical work. Also, meats stimulate the flow of digestive juices which aid in digestion of other foods.

Here are some hints that will help you in planning, buying and

handling meats in summer menus.

It's convenient to think of the great variety of meats especially adapted to summer use in three groups. 1. cold cuts, such as the sausages, loaf cuts and dried beef, 2. canned meats and meat products like corned beef hash, meat ball dishes, stews, chili and poultry products, and 3. variety meats, such as tongue, heart, liver and sweet breads.

When buying these meats, keep in mind there is little or no waste involved. Although they may seem high in price per pound, one pound usually serves four to six persons. They may be a very good buy when you consider ease of preparation.

If buying canned meats be sure to read labels carefully. Know what you are getting and what will have to be added during preparation.

A good practice to follow with all summer meats, including some of those in cans, is to keep them refrigerated. Some canned meats will keep indefinitely at room temperatures, but tinned whole or half hams, whole chickens or other large pieces should be kept in the refrigerator. Variety meats and cold cuts should always be taken out of store wrappings, wrapped in wax or oiled paper and stored in the coldest part of the refrigerator. Variety meats should be washed first.

Of course the best care in buying and home storage is only part of the know-how for summer meat eating pleasure. The rest is in the cooking. While cold cuts are ready for use, and the canned products usually need only to be warmed, variety meats require all the care in preparation of any roast, steak or stew.

Most important of all meat cooking rules is to allow plenty of time for slow cooking. This precaution helps to prevent shrinkage and retain food value, flavor and tenderness. An oven temperature of 350 degrees or surface temperature not over medium will give best results.

MAIN DISH SALAD

For a hearty summer salad combine chopped lettuce, crisp bacon bits and strips of bologna and summer sausage with snappy cheese. A favorable dressing is made with the bacon fat and vinegar. Serve with hot buttered French bread.

Children's Summer Colds Need Good Care

End of wintertime and beginning of summer does not necessarily mean that your worries about children's colds are over. Summer means runny noses for many children.

Elizabeth Page, director of the Spartan Nursery school at Michigan State college, says that physicians report that over 50 per cent of illnesses in children are due to the common cold. They advise that children who have a nasal discharge should be kept from other children until it has cleared up.

Parents should expect to spend a great deal of time with a sick child to see that he gets rest. He should be kept interested in something that will keep him quiet. Greater activities increase cold symptoms.

Be careful not to blow a child's nose too hard. Openings to the ear lead into the nose. You may blow infection into an ear.

Allergies in which the nose drains are determined only by observations over a period of time. The average person has three colds a year of one to two weeks' duration. Try to keep your child's resistance high with adequate rest, food and happy activity. Multi-vitamin preparations and cod liver oil will assure you the needed vitamins A, C and D for children.

Remember that if your child's temperature is above and beyond the temperature of an ordinary cold it is time to think of something else. If the temperature doesn't come down look for bacterial infection and call your physician.

BROILED LIVER CUBES

Thread cubes of liver on wooden or metal skewers with pineapple chunks, tiny new potatoes and pearl onions. Brush the kabobs with melted fat and broil until tender.

If you don't have a canning timetable issued since 1946, you will want to take advantage of the time-saving new rules resulting from vast research in the U.S. Department of Agriculture. Get their latest bulletin on canning from your home demonstration agent or from the Bulletin Office, Michigan State college, East Lansing, Michigan.

A new compound "CMC" will soon be available to add to laundry rinse water. It will make cotton fabrics more resistant to soiling and permit them to be laundered with less soap in the next washing. It is the result of research by the U. S. Department of Agriculture.

A Luncheon Dish So Old It's New!

ONE of the reasons chicken is so universally popular is because there are so many interesting ways to prepare it. Here is a delicious variation on the chicken theme—Baked Chicken, Tavern Style. Served with a salad and generous cups of piping hot coffee, it makes a fine dish for a special luncheon.

Baked Chicken, Tavern Style Is New Idea For Luncheons

Somehow, there is always an effort to make an early summer luncheon the very prettiest, most delicious of the whole year. Since it comes at the end of the club season, sometimes it seems as if all the best ideas have already been used. That's where baked chicken, tavern style comes in!

To be perfectly truthful, this chicken casserole isn't really new. Fact is, it is based on a colonial recipe popular in New England several centuries ago. Old as it is, we'll bet it will be new to you and your guests. It is so downright good and so filling that it practically makes the meal all by itself. Just add a crisp green salad, hot rolls, plenty of hot, fragrant coffee, and listen to the compliments!

Speaking of coffee, don't forget that when good friends get together for luncheon, you'll need enough coffee to last as long as the conversation holds out. Judging from the parties we've attended, that means at least two big, steaming cups apiece—more likely three! So use your biggest coffee-maker and be sure that your coffee is just as hot and full of flavor as the food you serve.

BAKED CHICKEN - TAVERN STYLE

- 1 chicken (3 1/2 to 5 lbs.) disjointed
- 1 medium onion, sliced
- Cold water
- 1 teaspoon salt
- 2 three-ounce cans broiled, sliced mushrooms
- 1 cup evaporated milk
- 1/2 cup butter or margarine
- 1/2 cup flour
- 1 teaspoon salt

Take Sunbath in Short Doses

Take it slow on that sunbath after you've been inside all winter, the TB and Health society emphatically says. Even if you've had an out-of-door job all winter, exposure of any greater skin surface to the stronger, more direct summer sun light should be taken in short intermittent doses, the society explains.

Many people, encouraged by pleasant temperature, are apt to spend hours in a stretch, basking in the sunshine at the very first appearance of that warm spring day, only to awake the following day to find skin irritation, soreness and discoloration.

One person may be a little different from another with regards to the amount of exposure he is able to tolerate. Other factors, such as the season of the year and the degree of tanning already reached by the person, may also help in determining how much sunbathing can be done safely.

These factors may all vary from time to time. Therefore, it is best to play safe by developing a sun tan gradually, not getting too much at one time, but a little each day or two until the skin is fully adapted to the intense summer sun.

EFFECTIVE JUNE 20

New telephone rates for Michigan Bell customers

THE Michigan Public Service Commission has authorized increased local rates for Michigan Bell telephone service, beginning June 20, 1950. The increase was granted after a thorough 18 months' study of Michigan Bell's application, which was filed in December, 1948. It does not change the long distance rates now being charged.

The revised rates represent increases of from 25c to 75c a month for residence service. Increases for business customers range from 50c per month upward.

Each Michigan Bell subscriber will receive specific information about the new rates with the first telephone bill dated on or after June 20.

The reason for the new rates is a very simple one. The costs of providing telephone service have climbed much faster than revenues. And the rate increases granted have lagged far behind the increases in costs.

In the last ten years, for example, general increases in basic wage levels alone have added \$35,000,000 a year to operating costs. But during the same period, telephone rate increases, including the present one, will

have added only \$21,000,000 a year to revenues. Only recently we received demands from the telephone union for changes in its contracts which, if granted, will add still more to our expense. This, of course, is not provided for in the rate increase just granted.

Even with the present increase, the average telephone bill has risen less than half as much as the prices of things that make up the cost of living. In terms of value—in terms of the working hours needed to pay for it—telephone service is cheaper now than before the war. A telephone in the average home costs less per day than a package of cigarettes, a quart of milk or a gallon of gasoline.

Michigan Bell must keep on adding to its telephone plant in order to expand and improve its service to meet the needs of Michigan people. That requires that more money be invested. And to attract that money from investors, your telephone company must have adequate earnings.

This rate increase, although much less than the amount needed, will help to strengthen Michigan Bell's financial condition—and thus help us to provide you with the kind of telephone service you want, when and where you want it.

A financially healthy telephone company is good for everybody

KEEP MILK AND EGGS COOL

There's a thief at work on your back porch when milk is allowed to stand outside. Sunshine is the villain that steals the B vitamin, riboflavin, from milk, so essential to good health. Heat, too, even room temperature, shortens the time milk will stay fresh. So when your milk arrives, whisk it into the refrigerator and keep it cool until it is used.

Care of Eggs

Another dairy food that suffers from the heat is eggs. Just a few hours at 80° or 90° will send the quality of a fresh egg down quickly. Look for refrigerated eggs in the store and slip them into the refrigerator as soon as you get them home. Be sure the small end of the egg is pointed downward for storage, thus helping to keep the yolk centered. If you're baking a cake and want the eggs at room temperature, remove only those to be used.

A combination of fresh milk and eggs form the perfect basis for a chocolate dessert that your family will call heavenly.

Chocolate Souffle

- 2 tablespoons butter
- 2 tablespoons flour
- 1/2 cup milk
- 1/2 squares chocolate, grated
- 1/4 cup sugar
- 1/2 teaspoon vanilla
- 4 eggs, separated
- 3 tablespoons sugar

Melt butter, blend in flour, then milk. Cook until thick. Stir in chocolate, 1/4 cup sugar and vanilla. Remove from heat and stir in beaten egg yolks. Cool. Beat egg whites until foamy, add 3 tablespoons sugar, beat until stiff. Fold in chocolate mixture. Bake in buttered and sugared casserole in moderately slow oven (325° F.) for one hour.

Yield: 4 to 6 servings.

Students Attend College Clinic

Several Plymouth students are attending the sixth annual Band and Choral clinic at Baldwin-Wallace college, Berea, Ohio, for two weeks. The clinic began June 26.

Prof. Carl W. Munk, head of the music education department at the conservatory of music, is clinic manager, assisted by 18 professional instrumental and vocal teachers.

Plymouth students in the clinic band will include Patsy Lu Lidgard, 198 West Liberty street, alto clarinet; Doris M. Honey, 255 Adams street, flute; Betty Bowden, 229 Ann street, flute; David L. Green, 6121 Lotz road, trombone; Thomas Bloxson, 328 Adams street, cornet; Willis R. Bloxson, same address, clarinet; Eric S. Eklund, 443 Adams street, clarinet; and Marie Ann Curtis, 1150 South Harvey street, clarinet.

David Green also has registered for the chorus, where he sings bass.

Students will live in campus dormitories, take part in individual, ensemble and full band and chorus rehearsals each day and participate in a planned recreation program.

They also will play in two public concerts in Berea, at 3 p.m. Sunday, July 2, and the following Sunday, July 9.

Publish Papers by Dr. Balfour

In the June issue of the National Journal of the American Osteopathic Medical Association, a scientific paper by Dr. Harry C. Balfour, local eye, ear, nose and throat physician and surgeon, was published. The article describes a new and more efficient treatment for certain burns of the eye. The same journal has accepted for publication this fall two other papers written by the doctor.

With the aid of psychologists from the University of Michigan and Wayne university, Dr. Balfour is completing a new treatise on "Psychosomatic Medicine of the Eye, Ear, Nose and Throat" to be published in book form for use by general practitioners and specialists in his profession. In his book, he points out the relationship of emotional conflicts with disease, and how emotional problems which people cannot resolve or cope with are avoided by resorting to the mechanism of producing symptoms of minor or serious illness.

In accordance with the views of psychologists and psychiatrists, Dr. Balfour states that a large percentage of physical ills can be attributed to the conversion of emotional feelings of inadequacy, frustration, anger, resentment, hostility and other emotional and mental states into physical symptoms and conditions. He says that psychosomatic medicine, which in practice is as old as the practice of medicine itself, has been brought up to date through modern methods of investigation and research, and it is his opinion that the increasing recognition of the importance of the psychosomatic approach to disease marks the advent of a new and greater era in the practice of medicine.

Dr. Balfour who operates the Balfour clinic in Detroit, is completing his new eye, ear, nose and throat clinic building on South Harvey street and expects occupancy on a part time basis early in August.

New Instrument Aids Farmer

FORD TRACTORS now coming off the assembly lines at the Ford Highland Park, Michigan, Plant are equipped with the new Proof-Meter, an instrument which "takes the guesswork out of tractor operation." Actually five instruments in one, the Proof-Meter shows engine speed, tractor speed, power take-off speed, belt pulley speed and total hours worked by the tractor. The farmer in the picture is recording hours of tractor operation for use in determining his farming costs. In the lower right hand corner is an enlarged close-up of the Proof-Meter, which Dearborn Motors officials say is the first instrument of its kind to be made available on a farm tractor.

Army Tells of Program for High School Grads

The Army has announced a program which high school graduates may enlist for attendance at specific Army schools. It was announced here today by Sgt. W. D. Long, in charge of the local Army and Air Force recruiting office.

"This means that young men may choose the Army school they wish to attend before enlisting and be assured of attending that school upon completion of basic training," Sgt. Long said.

Schools for which applicants for Army enlistment may apply include courses in automotive body repair, electric and acetylene welding, map reproduction, medical laboratory procedure, power equipment maintenance, typewriting and army administration, and utility repair.

High school graduates who desire further information concerning this Army school program are urged to visit the local recruiting office in the Plymouth city hall or to call 93.

In the Matter of the Estate of HARRY KAVADIAS, Deceased. On reading and filing the petition of Paul Bairas, attorney for G. Kapsambelis, Counsel General of Greece, Chicago, Illinois, and attorney-in-fact for the widow of said deceased, praying that this Court adjudicate and determine who are or were at the time of the death of said deceased his heirs-at-law and entitled to inherit the estate of such said deceased died seized.

It is ordered, That the Eighth day of August, next, at ten o'clock in the forenoon at said Court Room be appointed for hearing said petition.

And it is further Ordered, That a copy of this order be published once in each week for three weeks consecutively previous to said time of hearing, in the Plymouth Mail, a newspaper printed and circulated in said County of Wayne.

PATRICK H. O'BRIEN, Judge of Probate Raymond A. Sudek, Deputy Probate Register June 15-22-29, 1950

THE SUPERVISOR OF THE TOWNSHIP OF LIVONIA (NOW CITY OF LIVONIA), WAYNE COUNTY, MICHIGAN.

You are hereby notified that the Board of County Road Commissioners of the County of Wayne, Michigan, did at a meeting of said Board held Thursday, May 11, 1950, decide and determine that all of the highways, streets and alleys in the City of Livonia (formerly Township of Livonia) except those designated in the minutes of said Board should no longer be County roads under the jurisdiction of the Board of County Road Commissioners.

The minutes of said meeting describing said highways, streets and alleys are hereby made a part of this notice, and are as follows: Minutes of the meeting of the Board of County Road Commissioners of the County of Wayne, held at 3800 Cadillac Tower, Detroit, Michigan, at 10:00 a.m. Eastern Standard Time, Thursday, May 11, 1950.

Present: Commissioners O'Brien, O'Hara and Wilson.

Commissioner Wilson moved the adoption of the following resolution: BE IT RESOLVED that the Board of County Road Commissioners of the County of Wayne does hereby relinquish the jurisdiction of said Board as County roads in the City of Livonia (formerly Township of Livonia), Town 1 South, Range 9 East, Wayne County, Michigan, comprising the following described county roads and parts thereof within the City of Livonia (formerly Township of Livonia) over which this Board does hereby specifically retain its jurisdiction: BASE LINE ROAD, SEVEN MILE ROAD, SIX MILE ROAD, FIVE MILE ROAD, SCHOOLCRAFT ROAD, PLYMOUTH ROAD, ANN ARBOR TRAIL, WEST CHICAGO ROAD (from Middlebelt Road to Inkster Road), JOY ROAD, LAGGERTY ROAD, ECKLES ROAD, WAYNE ROAD from Plymouth Road to Joy Road, FARMINGTON ROAD from Base Line Road to Plymouth Road, MERRIMAN ROAD from Seven Mile Road to Joy Road, MIDDLEBELT ROAD, INKSTER ROAD, REDDON ROAD, NEWBORG ROAD from Ann Arbor Road (U.S. 12) to Plymouth Road, EDWARD N. HINES DRIVE and ALL PARK DRIVES located within the limits of the Middle Rouge Parkway.

The motion was supported by Commissioner O'Hara and carried by the following vote: Ayes, Commissioners O'Brien, O'Hara and Wilson. Nays, None.

THIS NOTICE IS GIVEN UNDER AND BY VIRTUE OF ACT NO. 283 OF THE PUBLIC ACTS OF 1909, AS AMENDED.

In testimony whereof, I have hereunto set my hand at Detroit this 18th day of May, A.D. 1950.

BOARD OF COUNTY ROAD COMMISSIONERS OF THE COUNTY OF WAYNE, MICHIGAN EDGAR M. BRANIGAN, Clerk By CARL W. BISCHOFF, Deputy Clerk June 15-22-29, 1950

STATE OF MICHIGAN, COUNTY OF WAYNE, ss. No. 376,568.

At a session of the Probate Court for said County of Wayne, held at the Probate Court Room in the City of Detroit, on the Sixteenth day of June, in the year one thousand nine hundred and fifty.

Present James H. Sexton, Judge of Probate.

In the Matter of the Estate of CORA B. GALE, Deceased.

Marion W. Mainwys, Special Administratrix of said estate and Executrix of the last will and testament of said deceased, having tendered to this Court her combined first and final account in said matter and filed there-with her petition praying that the bond of Trustee be fixed and that the residue of said estate be assigned in accordance with the provisions of said last will.

It is ordered, That the Eighteenth day of July, next, at ten o'clock in the forenoon at said Court Room be appointed for examining and allowing said account and hearing said petition.

And it is further Ordered, That a copy of this order be published once in each week for three weeks consecutively previous to said time of hearing in the Plymouth Mail, a newspaper printed and circulated in said County of Wayne.

The Mayflower Auxiliary No. 6695 met at the Veterans' Memorial center last Tuesday evening, June 20 at 8 o'clock. There were 28 members and three visitors present and a new member, Mrs. Val Riley, was initiated. Visitors were: Mrs. Meta Myers, president of the Northville Auxiliary; Mrs. Ethel Gagnor, department chaplain and Mrs. Cecile Liston, fourth district senior vice president, of Detroit. Each complemented the Auxiliary on the increase of attendance at meetings and on the activities being carried on.

Mrs. Gagnor explained the Membership Drive to be carried on during the months of June and July, in the state of Michigan and urged that Mayflower Auxiliary continue its splendid efforts along this line. It is not necessary for prospective member to be contacted by a member, in order to join. Any woman whose husband, father or brother served overseas in either World War 1 or 2 is eligible, whether or not the relative is a member of a VFW Post. His honorable discharge from either the army or navy must be shown as a credential in filling out membership cards. Anyone desirous of becoming a member of Mayflower Auxiliary, may call the president, Mrs. Eleanor Gust, at phone 290-J and she will see that you receive a card to fill out.

Last Sunday, June 25 was to be a big day at the National VFW home at Eaton Rapids—the occasion being the 25th anniversary of its founding. Several caravans of both cars and buses were scheduled to leave Detroit and neighboring cities between 8:45 and 9 o'clock in the morning. Plymouth folks who attended

were to meet the caravan just west of Ann Arbor. A picnic lunch was served in the picnic area and visitors were taken on tours about the buildings during the afternoon. A new swimming pool was dedicated at this time.

Friday, June 30 is the date of the Auxiliary ice cream social, mentioned in last week's column. There will be homemade cake served with the ice cream, all for 25 cents. Stop at Kellogg park sometime during the afternoon or evening on that date for refreshments before or after shopping. There will be band concert at 9 o'clock.

The Auxiliary wishes to thank Harry Hunter of Plymouth and Blake Gilles of the House of Correction for their generosity in making arrangements for and supervising the building of a special table for the television set, recently presented to the veterans at Maybury San, It was delivered to the San, last week by Eleanor Gust and Lee Schiller. It is equipped with wheels, so that it can be moved about easily and is built high enough so that patients who watch TV from a hospital bed can see the screen without having to sit up. The metal plate, which is to be attached, was presented at this time, also.

Superstitions Bother Drivers

Are harness racing drivers superstitious?

Well, some say they are not but actually most of them have little habits before and during racing that well could be described as superstitious.

Here is what some of the country's leading drivers at Northville Downs said about their superstitions:

Tommy Winn: Well, I'm not very superstitious except about one thing. That's not to brag about your horse for at least one week before the race. I learned my lesson not so long ago. That's when I praised my horse sky high and told everybody he was going to win. He came in at the tail end.

George Rattenbury: I don't know whether you'd call it superstition but I can't win a race or even come close unless I've had my coffee. Some people say I drink at least 10 cups, before every race. That's a fair estimate. I guess but the main thing is plenty of coffee or it isn't a race.

Ed Barnes, Jr.: I guess I am a little superstitious, at least about my silver dollar. A long time ago, 18 years to be exact, I won my first race at Corydon, Indiana and I've carried the same silver dollar ever since. It seems to have brought me my share of good luck.

Ora Dunkin: When I was a young fellow I remember passing through the barns on the day of my first race and noticed a cat with a litter of new kittens. From

that day on I have convinced myself that cats are lucky for me. I'm always kind to animals of the feline variety.

Oscar Silvey: I never figured out whether or not I was superstitious but I do light a fresh cigar between races. Seems every thing goes right when I do. Otherwise, bad news of some kind turns up. Maybe it's superstition and maybe it's because I like cigars.

Bob Plaxico: I've been around a long time. After all my first race was in 1914 and all that time I never got superstitious until lately. Seems I have a superstition about free legged pacers. Give me one of those and it's always a good race.

Mal Stine: One thing I'd never do and that is drive a race before I checked to see whether or not my reins were twisted. I tell you it's bad luck, at least for me, to have twisted reins. They just got to be nice and straightened out.

Claude Wright: Yes sir, I'm the most superstitious man you can find. It's peanuts. I can't stand anyone eating peanuts when I'm going to race. Once a fellow sat on my trunk in Napoleon, Ohio in the 1930's and he was munching those things. I lost and I've hated peanuts ever since.

Probably the most common superstition as expressed by Northville Downs drivers is: "I never hitch my horse on Sunday." Everyone of the above drivers expressed that viewpoint. Reasons: some say the horse needs a day off; others feel it's just bad luck; others say because it's Sunday, the Lord's Day.

"I REMEMBER" BY THE OLD TIMERS

From Mrs. Mary Stewart of Chicago: "How about some of the witty expressions we used to use 'way back in the days when 'Oh, yeah?' was considered quite a snappy comeback? Here are some of these once-popular catch-phrases as a starter: 'I love my

wife, but oh you kid!' ... 'Get a hoop and roll away' ... 'Ishkabibel, I should worry' ... 'Does your mother know you're out?' ... 'Are there any more at home like you?' ... 'Twenty-three, skidoo.'"

From Helen Rodemeyer of Chicago: "I remember the wild strawberries with which we once made delicious strawberry short-cake and wild strawberry preserves. Once my father made wine from a tub full of wild strawberries. The season for wild strawberries was a long one. Those out in the open prairies were early. Those in the woods were late, large and luscious. How long ago that seems!"

From Mrs. Vera Kiefel of Norwood, O.: "I remember when I worked in a tailor shop 10 hours a day for spending money. I received a quarter a day. How much easier our work is today!"

From E. E. Meredith of Fairmont, W. Va.: "I remember when we bought a new suit the first thing we did was to press the creases out of the trousers!"
