### LET'S DO IT AGAIN!

The big celebration staged in Plymouth on July 3 and 4 is now an event of the past—but what an outstanding success! It was much bigger and better than the most enthusiastic booster had expected—and amazing as it may seem, everyone was delighted with the celebration.

It shows what can be done if a group of citizens are willing to devote a good portion of their time to a community affair—if they have the cooperation and assistance of everyone.

That is just what happened in Plymouth. Everyone seemed willing and anxious to turn a hand to help the Plymouth Chamber of Commerce and the special committee headed by Ralph Lorenz to provide Plymouth with a Fourth celebration that would be a credit to the community. Special credit is due the Optimist club members for their 100 percent assistance.

And it was all good, clean entertainment. It provided the youngsters of the city an opportunity to take part in many events—and how well they did what they were expected to do!

Best of all, the two day affair provided Plymouth residents with plenty of reason to stay at home. It kept hundreds of our citizens off the highways where reckless and drunken automobile drivers sent the traffic death toll to an all-time high.

It did something else, too. When Plymouth, years ago, made a substantial donation of land to the Wayne County Parkway system, it was done with the feeling that for all time the citizens of Plymouth would be able to use the parkway whenever they desired to do so. No one ever expected that local residents would be crowded out of their own section of the parkway on Sundays and holidays—but that it what has happened.

People who looked for a place to enjoy a picnic dinner in the parkway on the Fourth found that all of the tables and all of the stoves had been claimed almost by daylight.

So we must realize that from now on we had better provide our own entertainment and pleasures on the Fourth as well as other holidays RIGHT IN PLYMOUTH.

It is unsafe to use the highways and our own section of the parkway seems no longer available to us on holidays. In view of these conditions right now is the time to begin to plan for next year's Fourth celebration. Let's have our fun and pleasures in our own front yard. The Plymouth Chamber of Commerce and its committees have shown us how to do it. Our hats are off to each and every one of the workers who did such a splendid job. The way time rolls along, it isn't a great while before we will be celebrating the 1951 Fourth of July. So let's start planning NOW.

### OLD DOC HABER AGAIN.

Read in the newspapers a while back where Governor Williams had appointed Doc William Haber of the University to some sort of a citizens' advisory council pertaining to the reorganization of the state government.

To our way of thinking, this is a "swell" appointment—if the boys and girls up around Lansing want to find out how to make the dollar roll in from state expense accounts during depression.

Probably no living man ever made the nickles count up faster than did old Doc Haber back in the days when he was serving as some sort of a welfare administrator of the state of Michigan. And he did it all within the law, too.

As we recall it he was on and off a half dozen or so different state and federal boards, institutions, commissions and the like during the dark days of the Roosevelt-hate made depression. And all of these outfits had expense accounts.

In less than six months when old Doc Haber was supposed to be helping suffering humanity he was driving his automobile like mad. In fact he drove it a distance of nearly half around the world, all within the borders of Michigan, and all within six months.

Each time the speedometer clipped off a mile, another nickle rolled into the jeans of this "professor" who got his name on the payrolls of Michigan State College, The Works Progress Administration, the Michigan Unemployment Compensation Commission, the State Emergency Relief Commission, the National Youth Administration, some of them running concurrently most of the time during the depression. How he did it is more than we have ever been able to figure out.

Yip, he's a "dandy ducky" to help re-organize the state government of Michigan. If the records are still available, the boys and girls on the state payroll have a chance to learn a lot, a whole lot, about expense accounts and how to make the little nickles pile up into thousands of dollars—and all within the law, too.

### FACTS BEAR OUT OUR INTUITION.

It was with more than ordinary interest that we read in the newspapers recently the testimony of Charles Hemans that he had paid a northern Michigan Democrat some few hundred dollars for his vote on a bill that was pending in the state legislature a number of years ago.

This fellow had been elected to the legislature in the Roosevelt landslide that has thrown this country into the most serious mess it has faced since the founding of the nation.

Maybe it was fate that decreed that this fellow should have drawn a seat not too far from where the writer of this editorial sat during the time that he was a member of the legislature.

We didn't have a single fact or a bit of evidence upon which to base our conclusion, but at that time in my own mind the writer had placed this Upper Peninsula Democrat on a list with other Democratic members of the legislature—and two or three Republicans—we felt were selling their votes down the river for a mess of pottage. One time in discussing the situation then prevailing in the legislature, we showed in confidence to a Detroit newspaper correspondent a list of names of members we believed were "on the take"—but there was no evidence upon which we could base such charges—only our intuition.

It took a grand jury to smoke them out—and when the work of the jury ended, every one on the list was indicted and served time, save one. In his case it was apparent that the law of limitations saved his hide.

So we were not at all surprised at the testimony of Lobbyist Hemans that such a rank New Dealer as this fellow from the Upper Peninsula proved to be was a grafter. Michigan's shame of a few years ago, however, is dwarfed by what has been going on down in Washington.

### HARD TO BELIEVE.

Not so long ago the writer heard Congressman Charles E. Potter, the legless war veteran of Cheboygan, make this assertion at a meeting of the Rotary club in Alpena:

"In certain circles in Washington today it is more of a disgrace to be called an American than it is to be called a Communist."

We do not dispute the word of the hard-working young congressman from northern Michigan. Without question he spoke the truth—but it is hard to believe that we have permitted in this country a condition to develop where ANYONE not a thoroughly loyal American citizen can continue to reside here and enjoy our freedom and loathe it in the spirit indicated by Congressman Potter.

## Lintz Speaks on Public Affairs at C of C Meeting

Harry A. Lintz

The Plymouth Chamber of Commerce is sponsoring an important governmental affairs meeting in cooperation with the United States Chamber of Commerce. Important issues before the Congress seriously affecting the economy will be discussed. The meeting will be held at The Hotel Mayflower at noon on July 18.

The United States Chamber of Commerce will be represented at this meeting by Harry A. Lintz, national affairs advisor. Lintz has had wide experience in public administration for the past 25 years. Before joining the staff of the United States Chamber of Commerce, Lintz taught political and social science at the University of Denver. He holds two degrees from the University of Southern California where his training was largely in the field of governmental affairs.

Under Lintz's leadership this meeting should contribute largely to local interest in legislation stemming from the national level that seriously affects business conditions today.

## Name Winners of Ford Drawing

Paul J. Wiedman, local Ford dealer, has announced the winners of the free drawing originally scheduled for the evening of the Auto Show on Forest avenue. Because of the rain the drawing was held in the city hall July 5. Mary Gloss, police clerk, drew the winning names.

The names of the winners who registered at the Ford display July 3 are: Car division; 1. Henry Ehrensberger, spotlight; 2. Mrs. Marcie Woolweaver, fog lights; 3. Lawrence-Blunk, oil change and grease job. Truck division - 1. Kenneth Kahrl, spotlight; 2. John W. Burger, fog lights; 3. Howard Oaks, oil change and grease job.

## On Furlough in Northern Ireland

Corporal Roger D. French of the United States Air Force has written his parents, Mr. and Mrs. W. W. French of North Territorial road, that he is now on furlough in Belfast, Ireland.

While in Belfast he met his uncle, James C. French of Burlington, New Jersey, who is visiting relatives there. He writes that he has also met a number of other relatives who live in Belfast.

For the last two years young French has been stationed in Germany and was actively engaged in the work of the Berlin air lift.

## Two Local Golfers Score Holes-in-One

Plymouth sportsmen had a streak of good luck last week. Robert Wesley and H. A. Benjamin reported holes-in-one at local golf links and Martin H. Strasen caught two bass on one plug while fishing at Base lake.

Wesley, playing at Meadowbrook with Tom Kent and Cass S. Hough, shot the ball for 165 yards, scoring a hole-in-one on the 13th hole. Benjamin was playing at Plymouth Country club.

Strasen hooked the bass while on his vacation. Each weighed 1 3/4 pounds.

## Fined \$75 and Costs for Attempted Theft

Leo Graczyk of Detroit, an electrician caught stealing cement blocks from building materials used in the construction of the George A. Smith grade school June 24, was fined \$75 and must pay \$25 court costs.

The fine was made by Judge Nandino Perlongo in Municipal court Monday night.

## Symphony Gives Summer "Pop" Concert July 20

A concert under the stars will be given by the Plymouth Symphony orchestra, under the auspices of the Plymouth Symphony society, on Thursday, July 20, at 8:30 p. m. in the high school park.

Provisions for seating capacity for 1,000 people will be made in the park and a large stage for the orchestra will be erected in front of the entrance to the school. Arrangements for special lighting, refreshment stands and Symphony society membership subscription booths will be made for the "pop" concert.

The concert will be recorded and re-broadcast by radio station WPAG in Ann Arbor and will be broadcast at 2:30 p. m. on Friday, July 21. Fred Kendall will be the guest soloist and Paul Wagner will conduct.

The evening's musical program includes "Meistersinger" by Wagner; "Spielelei" by Stix, a selection for string orchestra; "Magic Flute" by Mozart; "Tales from the Vienna Woods" by Strauss; "Radetzky," a march by Strauss; "Oberon" by Weber, and "Artist's Life," a Strauss waltz.

Kendall will sing two selections, "M'Appari" from the light opera, "Martha," by Flotow, and "Begin the Beguine" by Cole Porter.

## Former Resident Publishes Work

Russell Kirk, a former Plymouth resident, is receiving nationwide recognition for his current story, "Behind the Stumps," a ghost story with a Michigan setting. The story was published in a recent issue of the London Mystery magazine.

Kirk is a member of the department of the history of civilization at Michigan State college. In addition to being the author of numerous essays and short stories, he is working on a study of conservative thought in Britain and America. The American Council of Learned Societies recently awarded him a grant of \$3,000 to conclude his studies of conservatism in Britain.

A graduate of Plymouth High school, Kirk lived in Plymouth for many years. He is the brother of Mrs. Richard Pierce, the grandson of Mrs. Frank Pierce, Sr., and the nephew of Mr. and Mrs. Clifford Tait and Mr. and Mrs. Frank Pierce, Jr.

## Vandals Destroy Plants at Heide's

Vandals pulled up and destroyed 250 geraniums on the property of Heide's Greenhouse late last Friday night. The geraniums were planted between the greenhouse and the sidewalk on North Mill street.

Reinhold and Adolph Ruehr, owners of the greenhouse, are offering a reward for information leading to the arrest and conviction of the vandals. The reward is advertised on another page of this issue of The Mail. City police are investigating the vandalism.

## Urge Children to Attend Day Camp at Kensington

Boys and girls from eight to 14 years of age are invited to participate in the Day Camp program on Wednesday and Friday of each week. The school bus leaves at 9 a. m. in front of the Central Grade school and returns at 4:30 p. m.

Kensington Park with its wide sandy beach and adequate bath house facilities is an ideal spot for summer days. Two life guards and five counselors are on duty at all times. The Wild Life Sanctuary of the park, where most of the day is spent, offers many opportunities for hiking and outdoor cooking. Fishing is also a favorite occupation since Camper Douglas Lock caught a nine-inch rock bass.

Good health standards are observed with an hour rest period and washing before handling food. The Optimist club furnishes milk for every child. Registration must be made every Monday morning at the nearest playground.

## Chief Attends Conference

Permission was granted Fire Chief Robert McAllister at the city commission meeting Monday night to attend the State Fire Chiefs conference in Menominee, Michigan, July 17, 18 and 19.

## Octogenarians Guest of Kiwanis

PLYMOUTH PHOTO

Eight octogenarians who have been residents of Plymouth for 60 years or more were guests of the Kiwanis club last week. The old-timers told members of many of the early events in Plymouth. Bob Jolliffe was in charge of the evening's program. Guest speakers were, left to right, Clarence Stevens, 85; John E. Wilcox, 82; William Roe, 83; Frank Passage, 91; Czar Penney, 80; I. N. Dickerson, 89; Charles Bennett, 87, and Edson Huston, 81.

Eight octogenarians were guests of the Plymouth Kiwanis club July 5 and told members of life in the early days of Plymouth. All have been residents of Plymouth for 60 years or more.

Frank Passage, who is 91 years old, recited a poem that he was required to learn in the fourth grade. Charles H. Bennett, who celebrated his 87th birthday June 27, told Kiwanians of a play that was presented in Plymouth many years ago in Amity hall. William Henry, also 91 years old, was unable to attend the meeting but

he sent a recording in which he told of many early events which took place in town.

Others who participated in the program were I. N. Dickerson, 89 years old; Clarence Stevens, 85 years old; William B. Roe, 83 years old; John E. Wilcox, 82 years old; Edson O. Huston, a Kiwanian who is 81 years old, and Czar Penney, 80 years old.

Other old-time residents who were unable to be present were Albert Trinkaus, age 96; George Hillmer, age 81; Ernest Roe, age 80, and William Gayde, age 80.

## Mark Fillmore Centennial Here

Marking the 100th anniversary of Millard Fillmore taking office as president of the United States, the former president's descendants met for a family reunion at the home of Lloyd Fillmore of Ann Arbor trail last Sunday.

Thirteen of Fillmore's great-grand nieces and nephews and their families, numbering about 50, came from Colon, Coldwater, Quincy, Lansing, Dearborn, Ferndale, Detroit, Petersburg and Plymouth and gathered for the occasion. The reunions have been held since 1913 but were discontinued during the war. Vern Fillmore of Coldwater brought the original family Bible to the reunion to bring it up to date with the family history.

The reunions are held the second Sunday of July each year, and next year it will be held in Lansing. Officers elected are Lloyd Fillmore, president, and Dr. Jayne Cole of Lansing, secretary and treasurer.

A special centennial cake was baked for the occasion, centered with a statue of Millard Fillmore.

JULY 5, 1950

Editor  
Plymouth Mail  
Plymouth Michigan  
Dear Sir:

The big 4th of July weekend is over and my tired and sleeping son's words are still echoing in my mind:

See "mommie, didn't we have a swell time. I liked the children's parade, the horses and the fireworks best. ---Someday when I am bigger, I'd like to carry the big flag in front of the parade. Don't you just love the drums, mommie."

Childish thoughts--ideas and meanings at times incoherent--yet all there in that little mind--realizing that it wasn't just fun--excitement and play--but feeling the thrill of the drums beating out their stirring notes and seeing and sensing the dignity and the serene beauty of our flag fluttering in response to each drum beat--to each footstep. This he could feel--he asked no explanation for this feeling--it was just part of him--part of his growing up--part of his life! I silently hope and pray that it shall always be thus for each tiny growing child.

May I say "Thank You" to all the people who planned and worked so hard--their inspiring efforts succeeded in making this 4th a truly American and memorable one for us--our children and our town.

Sincerely,  
Mrs. Howard G. Beach

David Thrasher is spending two weeks at Camp Birkett near Big Silver Lake.

## 3 Fires Disturb Fire Chiefs Meet

It was no fireman's holiday last Thursday when the Fire Chiefs of Southeastern Michigan held their monthly meeting at the Hotel Mayflower. Three alarms sounded during the luncheon meeting, summoning Fire Chief Robert McAllister to duty. The chief reports it was the first time in several months that three fires occurred in one day.

When the third fire whistle blew a few skeptics at the meeting decided to go along just to make sure it wasn't a stunt. Battalion Chief Kendall of Detroit and Dick Ecker of the Mac Fire Truck corporation followed the Plymouth fire department to the grass fire at 700 Coolidge.

The first fire was also a grass fire at 771 Davis. It occurred at 12:10 p. m. and was caused from sparks from a passing train igniting the dry grass. The second fire was an assist to the township fire department in Robinson subdivision. Fire broke out in the refrigerator in the home of Mr. and Mrs. Bruce McAllister. Flames burned the entire kitchen and reached the roof. Intense heat and smoke combined with sulphur gas hindered fire fighting.

When the assembled fire chiefs weren't hearing fire alarms they listened to a talk on arson investigation and control made by inspector R. Goerz of the Detroit arson squad. Mayor Cass S. Hough and City Commissioners Hammond, Tibbitts, and Richwine welcomed the fire chiefs to the luncheon meeting.

## Lions Install New Officers

New officers of the Plymouth Lions club were installed at the club meeting last Monday night at Hillside restaurant. Directing club activities for the coming year are Albert McCloy, president; Vern Smith, vice president; Paul Haber, 2nd vice president; Ken Fehlig, 3rd vice president; George Witkowski, secretary, and Joe Belobrayday, treasurer.

Over 64 Lions and their friends attended. Dancing followed the installation ceremonies. Cecil Greel, deputy district governor of Michigan, was installation officer and guest speaker.

## Attends Annual Library Meeting

Mrs. Esther Ham, librarian for Plymouth schools, will leave for Cleveland tomorrow to attend pre-conference sessions of the American Association of School Librarians which will meet this week-end preceding the American Library association's annual convention next week.

The theme for the pre-conference will be "Growing in Democracy: a Work Conference on Materials for School Libraries." Among the speakers will be Willard C. Olson of the University of Michigan who will speak on the topic "What Do We Know About Children?" Two authors on the lecture program will be Mrs. Helen Papashvilly, author of "Anything Can Happen," and Herbert Zim, author of "Snakes and Flowers."

Exhibits from all publishers and library supply houses will be on display for those attending the convention at the Cleveland auditorium. Mrs. Ham will also attend some meetings of the regular conference in the Division of Libraries for Children and Young People and the Public Relations workshop. Mrs. Winifred Crosley, University elementary school librarian in Ann Arbor, will accompany Mrs. Ham to the convention.

## Inter-Club Golf Meet Planned by Kiwanis

An inter-club meeting with the Kiwanis club of London, Ontario, is being planned by local Kiwanians for tomorrow, Friday, in London. An afternoon of golf, beginning at 1 p. m., will precede the dinner at 6:30 p. m. for members of both clubs. Roy Leemon is chairman of arrangements for the meeting.

The Plymouth selective service office is now open on a full time basis, according to Bernice Crisp, board clerk. Until resumption of the draft, the board has been operating on a part time schedule. New hours are 8 to 4:30 Monday through Friday.

No directives have been sent the board as yet regarding immediate induction for the filling of the Wayne county quota. All young men must register within five days after their 18th birthday, but will not be inducted until they are 19.

Members of the local board include John B. Ambrose, board chairman; M. A. Arnold and John L. Mokersky.

Selective service calls will aid National Guard recruiting, according to Brig. Gen. George C. Moran, adjutant general, because draft deferment is authorized for men who enlist in the guard before they become 18 1/2.

Guard recruiting was reopened in June, when ceilings imposed last December were lifted.

"By enlistment in the National Guard, Michigan's citizens can meet their obligation of service while at the same time continue their civilian occupations," Gen. Moran said.

## Commission Sets Date for Hearing on Improvements

A public hearing was scheduled by the city commission for August 7 at 7:30 p. m. for the purpose of hearing objections to the construction of a sidewalk on the east side of Arthur street between Farmer and Blanche streets; and for the construction of a curb and gutter on Harding avenue between Burroughs and Edison streets.

The hearing was set following petitions for the above improvements presented at the city commission meeting Monday night. The commission also voted to install a street light at the intersection of Blanche and Adams streets, following a request by residents of the area. A stop sign at that corner was also requested and the matter was referred to the police department for necessary action during the heavy traffic hours.

Other action taken by the commission Monday includes the approval of the installation of a sidewalk on both sides of Sutherland street between Harvey and South Main streets for approximately 645 feet.

The trial board ordinance passed the third and final reading by the commissioners. The city manager was authorized to advertise for bids for the purchase of a five passenger or utility car for the Superintendent of Public Works and for a 1 1/2 ton truck for cemetery work.

## List Central Playground Plans

Central playground now has three main activities for teenagers, girls. Softball will be played Monday afternoons at 3 p. m. Tennis fans play on Tuesdays, also at 3. Special crafts projects are planned every day. This will be the main schedule at the playgrounds with swimming at Rouge Pools and Day Camp as outside activities. All boys and girls 16 and under now are able to swim free at the pools.

The special event of the week will be a Pet Show on July 20. See your playground instructors for information. The special craft project will be molding of paper mache animals.

## Presents Family History at Society Picnic

At the Plymouth Historical society picnic last Sunday at Maple Lawn Farm, Host Charles Root presented a paper on the history of the Root family, pioneers in Plymouth. He gave facts concerning the farm and the countryside around Plymouth. A number of antiques that have been in the Root home for generations were displayed for members. The Roots' grandson, Richard, gave an interesting talk on the Boy Scout Jamboree in Valley Forge and told of his meeting President Truman and General Dwight Eisenhower.

**Local News in Brief**

Mr. and Mrs. Godber Jackson of Amelia street are spending two weeks at their cottage on Point Pelee in Canada.

Mrs. Roy Salow and Mrs. Ernest Burger acted as co-hostesses with Mrs. George Gottschalk when the latter entertained at a miscellaneous shower honoring Miss Betty Ree Norgrove on June 27. Miss Norgrove will be married this Saturday, July 15.

Mr. and Mrs. Harry Christensen and son, Raymond, of Palmer avenue returned last Monday from an extended trip through Colorado, Grand Canyon, Yosemite Park, the Redwoods, Lake Tahoe, Idaho, where they visited Mr. Christensen's mother and other relatives, Yellowstone National park, and the Black Hills and Badlands. They report no car trouble of any kind.

Mr. and Mrs. John Wagar of Farmer street had as their house-guest last week Mrs. Wanda Oaks from Danville, Pennsylvania. Mrs. Oaks, a cousin of the Wagers, is a dental surgeon from Latvia. She served with the United States Navy for two years.

Mr. and Mrs. Glenn Schroeder Jr., spent the weekend with Mrs. Schroeder's parents, Mr. and Mrs. Godber Jackson at Point Pelee, Canada.

Mr. and Mrs. N. M. Hood of Parkersburg, West Virginia spent the long holiday weekend with their daughter, Mrs. Fred Nelson and family of Carol street.

Gordon Osmun who has served four years in the armed services has returned to his home in Newburg. His term of service has expired. He has been stationed in Guam and Midway, serving in the Seabees.

Tuesday evening dinner guests of Mr. and Mrs. John Blossom of Adams street were Mr. Blossom's brother and wife, Mr. and Mrs. R. E. Blossom of Sarasota, Florida.

Herbert H. Bond and son, Harold, of Maple street, have arrived in Port Talbot, South Wales, and were met with a royal reception. Upon arrival at the home of their relatives there, they found the street bedecked with flags and friends and neighbors were on hand to welcome the visitors. Mr. Bond's brother-in-law, E. I. Red Griffiths, is city manager of Port Talbot.

**Navy Mothers**

Mrs. Erland Bridge attended the 14th national convention and 20th anniversary of the Navy Mothers Clubs of America at Washington, D. C. There were 279 clubs represented from all over the United States with about 1200 members present.

A very lovely service was held at Arlington cemetery at the Tomb of the Unknown Soldier when the Navy Mothers bronze plaque was presented and placed in the trophy room. The clubs are still working very hard to "Keep On Keeping On," in not forgetting the boys in trouble and those who spend their days in hospitals. Also those who are in active service.

The regular meeting of the Navy Mothers club will be at the veterans home July 19 at 12:30 p. m. A short business meeting will be held, then members will go to the home of Mrs. Alma Williams for refreshments.

The Navy Mothers monthly bake sale will be Friday, July 14, at the store next to the First National bank.

Mrs. Anna Bakewell is at her home again after a stay in the hospital. Our sincere wishes for good health, Anna.

A soda jerk in Springfield, Illinois had to be hastily carted off to the hospital after he wrenched his back while whipping the cream for a banana split.

**SUCCESSFUL PARENTHOOD**

By Mrs. CATHERINE CONRAD EDWARDS  
Associate Editor, Parents Magazine

VARIETY is no. only the spice of life but a parental safeguard against the threats of television, radio, comics, movies and other childhood enthusiasms that are often decried as harmful. The harm invariably results from over-entertainment and from the session with one form of amusement—being stuffed with a single type of mental intake is certainly not good for the developing mind. Yet would you want a child to grow up without access to the forms of entertainment and communication with which his play-mates are familiar?

It seems to me that parents have a greater opportunity than ever before to plan a stimulating and culturally significant life for their children by skimming the best of the many delights available to today's children. Of course it takes thought and time—you have to study what each of these media has to offer. You have to share them with the children up to a point—that is, until you know how your children react to various types of programs.

After all, there are only 14 waking hours in the day for children under 10 years of age if they get the 10 hours sleep they need. And it is up to parents to see that this basic need is supplied. There is no excuse for allowing radio or television to keep children up past their bedtime. An occasional spree when some program of rare value is scheduled later is part of that "spice" even little children are entitled to. But such an event should be labeled special so the children won't expect such indulgence to be frequent. Ask yourself why it is that playing records has never been listed

as a "menace" to children, isn't it because they are usually chosen with care, and then the playing of them is sandwiched in with other activities? A dangerously introspective child, like the crippled sister in "The Glass Menagerie," might sit and play records all day, but most children take them as an adjunct to radio, reading, movies or working at a hobby. If all the current amusements were used in the sensible way most families listen to records there wouldn't be any television or radio or movie problem!

This surfeit of passive entertainment in our children's lives could be kept to manageable proportions if parents would see to it that each week their children have a well-rounded program—you can't always provide a balanced daily fare but the week should add up to the right proportions. Begin by planning for the programs in each field that shouldn't be missed.

For example, the week that "Treasure Island" comes to your local movie, that is a must-see for children 10 years old and up, including father and mother. Television shows that week should include baseball games, favorite children's programs and one of the better Westerns. Radio may provide a children's series dramatizing stories from history or the Bible. For reading, something sentimental for girls and a scientific wonder book for boys.

Then the week "Destination Moon" hits your theater the family should declare a holiday and go. For reading, perhaps Davy Crockett tales—the adventure of discovering our country after being on the moon at the movies.

**Carroll Warkup, Dorothy Caudell Wed Saturday**

At a small informal wedding July 8 Miss Dorothy M. Caudell of Farmington became the bride of Carroll W. Warkup, son of Mr. and Mrs. John Warkup of Adams street. The ceremony took place in the First Presbyterian church.

The bride chose an ice blue ballerina length gown for her wedding and her only attendant, Mrs. Lester Daly, wore a light silk print dress. Both had white accessories and flowers. Harold Villeroz was best man.

A reception at the home of Mr. and Mrs. Lawrence Grimes of North Holbrook street was following the ceremony. Guests were present from Plymouth, Farmington, Wayne and Centerline. The newly weds are honeymooning in Chicago.

**BIRTHS**

Mr. and Mrs. Donald Drews of Penniman avenue announce the arrival of a son, Donald Duane, born Friday, July 7, at Detroit Osteopathic hospital. The baby weighed 9 pounds, 13 ounces.

**Announce Marriage of G. H. Bakewell in Adrian**

The marriage of Gerald Hugh Bakewell and Joyce Bourne last February was announced this week by Mr. and Mrs. P. T. Bourne of Adrian.

Mr. Bakewell made his home in Plymouth until three years ago. He is the son of Mr. and Mrs. N. W. Bakewell of Adrian. The couple are now living in Adrian.

**Cancel Guild Meeting**

The Plymouth Theater Guild has announced that the regular meeting scheduled for July 17 has been canceled. The next meeting will be held in August.

Plymouth Michigan  
Dear Sirs,

Enclosed please find a Post Office Order, \$2.00 for my subscription to the "Plymouth Mail" for the ensuing year.

The Mail has been a weekly visitor in my home since 1903. I believe I wrote "Local Items" (country news) for the Sampsons and later for the present editor. I recall with pleasure the courtesies extended to me.

I have experienced a "vacation" of some 14 months (injured with the Dr. Rice's) due to an auto accident. The Mail with its salty editorials has furnished me much entertainment.

I think it is well your editorials are on your front page. You have a much better chance of reaching your public than has the editor whose painstaking opinions are buried in many pages of matter; not nearly so important as the "editorial" page.

Pearl Buck was right, I believe, when she accused the average American of reading only the "Headlines", the "funnies", and some "local items". Your editorials are right out in the open, and of such interest, it seems it would be difficult to pass them up. Congratulations! I hope they receive their well deserved attention.

Yours truly,  
Theresa S. Roly

**Passage-Gayde Auxiliary**

Service Baskets wrapped by the Passage-Gayde Auxiliary June 22 were delivered to Maybury Sanitarium by Mrs. Alicia Estep, Mrs. Ivan Campbell, Mrs. Adah Langmaid and Mrs. Maxine Kunz on June 29.

The regular business meeting of the Passage-Gayde Auxiliary will be tonight, July 13 at 8:30 p. m. at the Veterans Memorial Home on Main street.

Winners in the Poppy Poster contest conducted by the Passage-Gayde Auxiliary were Class 1- Janice Trombley, 34000 Hathaway; Class 2- Charlotte Ann Rozwood, 44605 Smith Hill road; Class 3- Joyce Cerny, 8010 Newburg road.

**Appoints Blickenstaff as Cemetery Trustee**

Appointments made by Mayor Cass S. Hough at the city commission meeting Monday night include John Blickenstaff as cemetery trustee; William Otwell, John Campbell and Robert Erdelyi to the Board of Examiners for heating contractors, and Don Boeve as heating inspector.

The appointment of Blickenstaff followed the acceptance of the resignation of Don Sutherland as cemetery trustee.

Due notice came from a group of psychiatrists after much experimenting with 83 subjects and 36 cartoons: A man who guffaws at a mother-in-law joke probably doesn't like his mother-in-law.

WASHING shower curtains is no problem if you dip the entire curtain in suds, and then rinse carefully. Spots which need extra care may be rubbed with a sponge. Do not twist or wring these curtains. Hang unfolded, in the shade until dry.

White washable materials which have become stained with grass should have these spots rubbed with lard. Follow with a washing, using cold water and soap. Net curtains will dry better, as well as retaining their shape well, if they are slipped on their curtain poles while still wet.

Heavy woolen blankets will keep well during warm months if you wrap in heavy gummed paper and seal thoroughly so no insects can penetrate the package.

**RECIPE OF THE WEEK**  
Honey Salad Dressing (Makes 2 cups)

- 1/2 cup sugar
- 1 teaspoon dry mustard
- 1 teaspoon paprika
- 1/2 teaspoon salt
- 1 teaspoon celery seed
- 1/4 cup strained honey
- 5 tablespoons vinegar
- 1 tablespoon lemon juice
- 1 teaspoon grated onion
- 1 cup salad oil

Mix dry ingredients. Add honey, vinegar, lemon juice and onion. Pour in oil slowly, beating constantly with a rotary beater. Serve with fruit salads.

A small amount of borax added to the water in which linens are rinsed will make them more glossy and somewhat stiff.

It takes a bit more time, but you'll keep sheets and towels from having their edges stretched out of shape if you fold them before running through the wringer.

Colored fabrics which have had their colors changed by perspiration stains should be held over an open ammonia bottle to let the fumes try to restore the color.

Stuffed toys which become dirty may be washed for two or three minutes in a machine, or in heavy suds by hand. Use soap jelly on ears, arms, and spots which are extremely dirty. Rinse well, and wrap in heavy towelling to press out as much water as possible. Hang in wind to dry.

Instead of allowing a bull to graze with the herd, many farmers have adopted the practice of staking him out on a long (30-foot) chain in pasture. Thus, the bull is isolated, yet can be moved readily to new grazing areas.

Arrested for stealing two expensive dogs, a salesman in Los Angeles explained in court that his product was dog food, and the dogs had smelled it on his clothes, forced their way into his car, and refused to leave. He finally proved his case and won an acquittal when the odor permeated the courtroom.

### Name Causes of Forest Fires

Who are the persons causing Michigan forest fires?

Responsibility has been broken down by the conservation department's forest fire service into 10 classes--the traveler, hunter, fisherman, farmer, berry picker, woods worker, crewman, railroad worker, other and unknown.

A sampling of the six-year period 1943-46 in the northern lower peninsula reveals that most fires or 36 per cent fell into the "other" classification. The "traveler" was charged with 19 per cent, the "farmer" with 18 per cent, the "fisherman and hunter" combined with 14 per cent, the "berry picker and woods worker" with eight per cent, "unknown" with three per cent and the "road crewman and railroad worker" with only two per cent.

### Sportscope

BY AL FINNEY

It looks like Cavalcade is going to have a rough time after all in the Open League. On June 29 Cavalcade was beaten by De Ho Co for their second loss of the season. On Monday Beglinger Olds turned the tide on Cavalcade and won a close game 4-3. Cavalcade is still in first place but as it stands now anything can happen.

DeHoCo seems to have snapped out of their losing streak and have won their last four games. Harrison has paced DeHoCo in all of these victories. He has done all the pitching and in the batting department he is tops. He can get up there and blast hits all over the place. So far he has hit safely in every game DeHoCo has played in the Open League. Not bad for a pitcher.

Down in the "D" league everyone wants to know what is wrong with Daisy! Last year Daisy had a very good team as they won their league and went to the finals in the state tournament before losing.

Daisy has one of the best short stops around here in the person of Dick Fenton who also was a star player on the Plymouth High team this year. Fenton always seems to get those impossible smashes and to make hard throws look easy. At the plate Fenton is also very hard to beat. In the Garden City game he came through with a home run in the first inning as Daisy won their first game.

Daisy also has one of the best pitcher-catcher outfits around in Wally Dzurus and Bob Gow. Wally has tried his best for Daisy this year as he has lost some close games including a one hit game in which he lost 1-0. It seems like nothing for Dzurus to strike out three men in an inning.

The Daisy catcher, Bob Gow, is also tops as a ball player. He always seems to keep things running smoothly. Everyone knows that it is the catcher who holds the pitcher down and keeps him throwing that ball in there. I think a catcher should get as much credit as the pitcher for a well pitched game. Gow is also a three sport player at Plymouth High.

With these three players leading Daisy they should be coming around soon. They have lost a lot of the close ones so they aren't out of the running by too much.

You know the saying, "If there is a will, there is a way." Well the Daisy squad really has the will so let's hope they can find the way.

### Survey Reveals Michigan's Medical Services Inadequate

Evidence of a striking need for increased medical services in Michigan, particularly in rural areas, has been revealed in a survey conducted by the Social Research Survey of Michigan State College.

Interviewers questioned 1,738 rural, urban and metropolitan residents in all sections of the state except Wayne county. The survey was financed in part, and conducted in close cooperation with the Michigan State Medical Society.

Although studies of this type have been made on the national basis, this is the first time an medical needs and services has been made.

Survey results showed that 55.5 percent of those interviewed thought more doctors were needed in Michigan communities; 43 percent having one or more untreated symptoms should see a doctor; and 24.2 percent deemed accommodations provided by hospitals unsatisfactory.

Dr. Charles B. Hoffer, of the MSC department of sociology and anthropology and chairman of the study, pointed out that less than one-third of Michigan's extensive state-wide survey of communities over 1,500 population had sufficient number of doctors in 1949.

Main reasons cited for failure to secure proper medical care were: too expensive, 26.2 percent; distance too great, 24.3 percent; and lack of time, 17.4 percent.

The survey disclosed that 45.9 percent of the state-wide sam-

pling thought some form of government-sponsored insurance to pay doctor and hospital bills "was a good idea", although 68.6 percent reported no knowledge of such plans. A total of 28 percent did not feel that this form of government medical services was a "good idea."

A total of 85.5 percent of those interviewed were satisfied with the help received from doctors. Those who said they were dissatisfied, 8.6 percent, blamed poor treatment and bad techniques on the part of the doctor.

Medical services performed by doctors were deemed satisfactory by 83.6 percent of those interviewed and 69.2 percent of accommodations provided by hospitals were considered satisfactory.

Interviewers found that 78.9 percent reported they were able to secure the services of a doctor when needed, but 15 percent expressed difficulty. More than one-half of those interviewed felt

more doctors were needed, but seven out of ten persons did not know how a community could endeavor to get a doctor if it needed one.

When asked about insurance plans for paying hospital and doctor bills, 83.4 percent thought it was a good idea, with only 4.9 percent dissenting. Dr. Hoffer pointed out.

Forty-six percent of Michigan residents prefer a plan of group practice among doctors to one where each doctor practices singly, the researchers added.

Data for the survey was assembled in an intensive three-month program and was analyzed and written by Dr. Hoffer and his staff in the fall of 1949. However, he added, the situation of health needs and services in Michigan have not changed substantially since the survey was completed.

**Cocktail Sauce**  
FOR a special sauce for a shrimp cocktail, blend mayonnaise with chili sauce and season with lemon juice and Worcestershire sauce & a dash of tabasco sauce; taste and add salt if necessary.

**Stuffed Lamb**  
FOR a special dish, have a four-pound lamb shoulder boned and a pocket cut for the stuffing. Fill the pocket with any good poultry dressing and roast.

If your cakes fall flat, check the size of baking pans and accuracy of measuring spoons. These two alibis come from home economists who have spent several years investigating the effects of inaccurate measurements on finished foods. When pans are too small, cake batter will run over the edges and burn. When the pan is too large, the cake will be thin and overbaked. In their studies the food experts found that most measuring spoons bought in stores were at least 10 per cent inaccurate. To be sure the baking pan you use is accurate, measure it by the inside dimensions. Follow measuring directions and pan sizes for best results.

SCRIPTURE: The Book of Ruth.  
Lesson for July 16, 1950

**THE ENGLISH** language has a word not found in the original languages of the Bible; it is not in Latin, German or French for that matter. It is the word "home." But homes were not invented in England or America; the ancient peoples of the world had homes even if they had no special word for them. The story of Ruth is a home-story, a family tale. It comes from the times of the Judges, which were very rugged times indeed.

To read the Book of Judges you would think that everything was plots and wars and murder. There isn't a peaceful story in the book. And then comes the story of Ruth, to remind us that even in those terrible times there were happy people, people who minded their business and worked hard and stayed home and loved one another.

The bright spots in today's vast seas of misery are just what they were in Ruth's time.

"A home is a place to go when everything else has shut up" is not a true proverb. For if that is all it is, it is not a home. It is only a boarding house and not a very attractive one at that.

To this day, there are fewer divorces in the country than in the cities, and one big reason for that is that country families have to work together, while city families often have little in common. In the country everybody turns to and does something about the house, everybody helps everybody else; while in the cities where so much is done by machines and houses are very small, there isn't much a family can do together.

**SAINT JOHN'S EPISCOPAL CHURCH.** Rev. Alexander Miller, July 16, 6th Sunday after Trinity: 11 a. m., Morning Prayer and sermon: "The Enlarged Life." Ross Whitehead, officiant. July 23, 7th Sunday after Trinity: 11 a. m., Morning Prayer and sermon: "The Growing Life." Ross Whitehead, officiant. July 30, 8th Sunday after Trinity: 8 a. m., Holy Communion. 11 a. m., Morning Prayer and sermon: "The Christian Dilemma." Ross Whitehead, officiant; the Rev. Alexander Miller, preaching. Please note that there will be no early services of Holy Communion until July 30, after which they will be held regularly as before. Do not neglect your Christian duty to "worship God every Sunday in His church."

**CHURCH OF THE NAZARENE.** Holbrook at Pearl streets. K. G. Swain, Supt. Sunday school at 10 a. m. with classes for every age group. Morning worship and junior church at 11 a. m. The young people meet at 6:45 p. m. for a service which is planned for them by their leaders. It will be a service you will enjoy. Evening service at 7:30 followed by the message of the evening. You will find a time of fellowship in these services. Prayer and praise service for the public at 7:30 Wednesday evening. Camp meeting services now in progress at the Oakland ave. Tabernacle, Pontiac, Michigan. There will be an afternoon service at 2:30 as well as a 10:30 a. m. service each day closing with the evening service at 7:30. Camp meeting closes Sunday July 16.

**SEVENTH DAY ADVENTIST CHURCH.** 1058 South Main St. Phone 670-R. Services every Saturday. Sabbath school, 9:30 a. m. Missionary service, 10:40. Worship hour, 11 o'clock. You are always welcome to all of the services.

**FIRST CHURCH OF CHRIST, SCIENTIST.** Sunday services at 10:30 a. m. Sunday school, 10:30 a. m. for pupils up to 20 years. "Life" will be the subject of the Lesson-Sermon in all Christian Science churches throughout the world on Sunday July 16. The Golden Text (Psalms 27:1) is: "The Lord is my light and my salvation: whom shall I fear? The Lord is the strength of my life: of whom shall I be afraid?" Among the Bible citations is this passage. (Rev. 22:14): "Blessed are they that do his commandments, that they may have right to the tree of life, and may enter in through the gates into the city." Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, include the following (p. 492): "For right reasoning there should be but one fact before the thought, namely, spiritual existence. In reality there is no other existence, since life cannot be united to its unlikeliness, mortality."

**PLYMOUTH ASSEMBLY OF GOD (Pentecostal).** 42041 East Ann Arbor Trail. John Walakay, pastor. Mrs. Juanita Puckett, superintendent of Sunday school for all ages. Sunday school, 10 a. m. A distressed lady in Los Angeles who had an argument with her boy-friend while they drove in his car, after which some blows had been exchanged, whereupon he had thrown her out of the car, following which he had made a quick U-turn and run her down told police: "I don't think I love him anymore. He's too rough."

### Plymouth Hardware Has New Crabgrass Killer

The new dry-applied powder which kills crabgrass but does not harm good lawn grasses is now available at the Plymouth Hardware company on Main street. The product is named Scuti and is distributed by O. M. Scott and Sons company.

Scuti is scattered over the infested area by hand or with a two-wheeled spreader. The particles of powder fasten themselves tightly to the broad crabgrass blades which absorb the chemicals. The plants then wither and die.

In Manila, P. I., Columnist Ernesto del Rosario of the Chronicle suggested that the new republic's austerity program might be more successful if the government officials would: 1) limit the cost of their wives' party dresses to \$500 or less each, and 2) not make the state support the other woman.

### Plymouth's First Brick Factory Building . . .

This is a picture taken about 60 years ago of the construction of the Plymouth Iron Windmill company on Union street. It was the first brick factory building ever erected in Plymouth and was actually the second factory in the town. The first local factory was the Bennett Fan Mill company which stood on the corner of Union and Main streets where the big double house now stands on the southeast corner. That factory was of wood construction, however.

### Plymouth's Second Greenhouse Still Stands On Mill Street . . .

Sixty years ago the second of the development that was to make Plymouth famous for its greenhouses and truck gardens was built on the corner of Mill and Liberty streets. The first greenhouse in Plymouth stood about in the rear of the present hospital on Main street and so far no one has been able to furnish the name of the owner of the same. This, however, was removed many years ago and about that time the Beal's Greenhouse was built on Plymouth road on the edge of the parkway and the Heide greenhouse was built on Mill street. Of the three only the Heide buildings still remain and today that boasts more floor space under glass than 98 percent of all the greenhouses in Michigan. In the picture, left to right, are "Grandpa" Heide and Carl Heide in the days when he was building his first greenhouse unit. The other two are unknown.

### Youngsters Tell Day's Activities

The following are children's personal accounts of activities they participated in at the city playgrounds last week:

#### SUTHERLAND

Sharon Walsh—age 10: This week at Sutherland Playground we made checker boards out of a piece of board and painted it. Today, Friday some of them are done, others are not. We slide, swing, see-saw, play baseball and play catch.

Gloria Bowles—age 7: We had a lot of fun playing doge ball one night. We started playing doge ball, then we ended up fussing around.

Judy Foster—age 12: This week we have been making checker boards and finishing everything we started last week. We have been playing baseball.

Dick Dettling: Down at Sutherland we've been playing a lot of baseball. The boys play a lot but sometimes we let the girls play too. In the morning when we play baseball it feels cheerful and that. This week we've had a team of the boys against the girls and the boys won naterly.

Mary Simmons—age 11: Monday we got orange crates from Stop and Shop to make checker boards with. We're having lots of fun with them. We painted every other square so that it would look like a checker board.

Bobby Bonga—age 6: I've been swinging and sliding on the slide. I play in the sand box too. Today I played baseball and got to first base.

#### STARKWEATHER

Virgil Norgrove—age 11: On our parade we saw some rabbits and then we crossed the railroad tracks and saw a small log cabin then we came back.

Jan Ponto: We have been making checker boards, paper plates, and jewelry boxes: The boys beat the baseball game Wednesday 22 to 34. We had bike races and Virgil Norgrove and Gal Ponto won. For the roller skate race Virgil won too. In the running race Karen Dick won and Diann Robertson and Virgil Norgrove.

Letter from David Melow:

Dear Pat and Sally, How are you, fine I hope. And ask Tom to send his street address. Lest night we lit sparklers, and we went in swim and boy was the weather cold. I think I hear my mother calling me By-Know

#### CENTRAL

Roger Wilhelm: Dick will you tell me a ghost story without a book. Michele Todd: I like to play baseball better than any thing else. I like to play basketball too.

There are many "longest" days in the year and they happen whenever you are recovering from a party. —Chas. Collins

### IF YOU ARE A PEPLESS PETE

When people feel like they are tied to a log every time they try to do something, and their pep is gone, the chances are it is due to one thing, namely:

**Blood Poverty**

Your blood cells may be fagged-out or shrunken, and you might not realize it. Even if you eat the "best" foods you may not be getting all the good out of your meals simply because you have SLOW Digestion, without knowing it (or gassy stomach) and as a result you are a victim of Blood Poverty! In other words, your blood is not getting the fullest good out of what you eat. So your blood-cells become worn-down and you have only half as much energy as you really need, you get up in the mornings still tired, and your nerves become dull.

Hundreds here in Plymouth suffered with "faded-out" blood and stomach gas until they got CERTA-VIN. This is the new medicine containing 12 Herbs blended with Vitamin B and Iron; you take it before meals and it works with your food. Benefit comes quickly. Your food digests FASTER, with less gassiness, and you get more good out of your meals. In a few days your blood is energized with new red cells and your nerves become stronger. Weak, rundown people tells us they soon feel different all over. And best of all, our price on CERTA-VIN is reasonable. You can actually take this new, modern medicine for only a Few Cent sa Day! So don't go on feeling half-sick and half-well. Get Certia-Vin—Community Pharmacy, 330 S. Main.

### Dunn Steel First, Daisy Second in Industrial League

By defeating Wall Wire 8-5 on July 6, Daisy was able to climb to second place in the Industrial league. Dunn Steel now paces the league with six wins against one defeat.

Pringle was the winning hurler giving up seven hits. Ronayie pitched for Wall Wire. Daisy started out first by scoring four runs in the third inning, three in the sixth and one in the last.

Wall Wire scored once in the third and four times in the fourth but Pringle then held them to one hit for the rest of the game.

In another Industrial league game on the sixth, Dunn Steel lengthened their lead in 1st place by downing Whitman-Barnes 19-7. McIntosh received credit for the win but he was taken out after the second and Sandmann finished the game. McCanna hurled for the losers and he was tagged for 10 hits.

Dunn Steel started out fast in the game by scoring four runs in the frame, five in the second, three in the third and seven in the fourth which was the last inning due to the time limit.

### Cavalcade Trounces South Side Merchants

On July 6 Cavalcade trounced South Side Merchants 16-0 as La Rue held South Side to only one hit which came in the sixth frame. Marshall was the losing pitcher giving up nine hits.

Every player on Cavalcade scored at least once as they really went to town, keeping first place in the league. This was Cavalcade's seventh victory.

### Firemen Win Over Police on Fourth

In an exhibition game on July 4, the Firemen trounced the Police department ball team 18-9. Rorabacher was the winning hurler giving up 10 hits. Williams was the Police hurler, being tagged for 10 hits also.

The Firemen started out their spree in the first inning as they scored four runs on a home run by Rorabacher with the bases full. The Police came back in their first and scored four runs also when Huebler tripled with two on and scored on a single by Hunter. From then on it was the Firemen's game as they scored once in the second, five in the fourth, two in the fifth and three in the sixth and seventh frames.

The Police put on a last inning try that fell short by nine runs. However they did score four runs. The large crowd enjoyed the game very much as both teams put on quite a show of base running and fielding.

In Upton, England, the Rev. Sidney Clarence Jones warned that henceforth any bride who keeps her impatient groom waiting at the altar will be fined a shilling (14 cents) a minute after the first 5 minutes.

In Detroit, Patrolman Philip Kolhoff was suspended and charged with conduct unbecoming to an officer after he turned in a report admitting that a woman he met in a bar had made off with his revolver.

### DeHoCo Downs Beglinger Olds 6-3 to Maintain Winning Streak

DeHoCo continued their winning streak on July 6 by downing Beglinger Olds 6-3 to take over second in the league. Harrison was the winning hurler holding Beglinger to seven scattered hits. Street was the losing pitcher as he gave up five hits.

Wilkie started things off for Beglinger with a four base clout in the first inning to give them a one run margin. However in the second DeHoCo erased that by scoring three runs. Harrison, the DeHoCo pitcher, leading off doubled and scored when Anderson also bagged a two base hit. Mueller then scored Anderson with a single and Mueller came around on an error.

Again in the third the DeHoCo squad scored three runs as Harrison blasted a home run scoring behind Meadows who was on by a fielder's choice. Anderson then singled for his second hit and took second on a wild pitch, stole

third and came home on an infield play. Beglinger came back in the fifth with two runs as Leichweis singled, Wilkie singled and both scored on infield plays.

### Daisy "D" Team Wins First Game

On July 6 Daisy "D" baseball league finally won their first game by defeating Garden City 6-5. Wally Dzurus was the Daisy hurler allowing only three hits and striking out 14 men. Early in the season Dzurus had lost a one hit game 1-0.

In the first frame for Daisy Healy walked and scored when Dick Fenton smashed a home run over the right field fence. In the fourth Daisy scored two more runs.

Again in the fifth Daisy scored twice as a result of three straight hits. Garden City scored their first run in the third frame when Dauk collected the first hit of the game of Garden City and drove home Thompson who had walked. In the fifth the visitors bunched two hits and four runs. This made the score 5-4 but as Daisy scored twice in the fifth they went ahead to win their first game.

Wally Dzurus pitched a very fine game as he gave up three hits while walking two. From the first inning on Dzurus struck out at least two men in every inning and in the fourth and sixth he retired all by the third strike.

### DeHoCo Ties for Second in League

By handing Cavaleade their second loss of the season on June 29, De Ho Co was able to tie for second with Beglinger Olds. Harrison was the De Ho Co hurler holding Cavaleade to one run and only two hits while his teammates collected nine runs.

De Ho Co had a big second inning as they scored four runs. Anderson leading off singled, Carter struck out, Suchy was safe on an error, Milobar walked, Pruss went out short to first scoring Anderson. Williams then doubled cleaning the bases. He then scored on a wild pitch. De Ho Co scored again in the third, twice in the fifth and sixth. Cavaleade scored their only run in the sixth when Londeau came around on errors. Beutel and Gadwa got the only hits for Cavaleade, both coming in the second frame.

### Hornets and Utilities Play "F" League Opener

In the opening games of the "F" baseball league, the Great Americans lost to the Hornets 22-11. Connel was the losing pitcher while Ferenczi pitched for the winners.

In the opener Utilities downed Braders 6-3. Kisabeth went the distance for the Utilities squad while Howarth did the same for the Braders.

### Two Exhibition Games Scheduled July 21

Friday, July 21, there will be two exhibition games played for Gordon Moe, who broke a bone in his heel while sliding into second base in a ball game with V.F.W. June 16.

This ball game, played with Allen Industries, ended in a 14-all tie. The game will be replayed at this time. Starting time will be 7 p. m. As an added attraction, Dunn Steel will play Beglinger Olds of the Open League. This ball game will begin at about 8:30. The admission charge will be donations.

### Martin Pitches Winner for Wayne

In the Fourth of July "D" league the baseball games the Daisy boys went down to the Wayne team 10-4. Dzurus was the losing pitcher and was relieved in the fourth frame. Martin did the hurling for Wayne.

In the third inning Daisy scored twice as Dzurus, leading off, singled, Fenton singled and Luzod singled. Daisy then had a 2-1 advantage. However in the fourth frame Wayne scored five straight hits. Daisy came back with two runs but that was the end of the scoring for them as Martin settled down and pitched good ball. Wayne kept on scoring, pushing three across in the fifth and one in the seventh.

**Notice City of Plymouth  
Trial Board Ordinance**  
**ORDINANCE NO. 162**  
An Ordinance to provide for the suspension, reduction in rank or dismissal of city employees; to prescribe the powers and duties of the trial board and to provide rules and regulations for the operation of said board; to prescribe the duties of the city manager and department heads or other supervisory officials or employees in connection with the provisions hereof; to prescribe the rights and obligations of city employees and to provide penalties for the violation of this Ordinance.

**Section 1.** The trial board, established by Section 12 of Chapter 7 of the City Charter, the City Manager, department heads, supervisory officials or employees and all employees of the city shall have the duties, powers, rights and obligations as herein prescribed. The provisions of this ordinance shall be deemed to be part of the conditions of the employment of any person by the city and any violation of the terms hereof shall be sufficient reason for the suspension, reduction in rank or dismissal of any employee.  
**Section 2.** No employee of the city shall be suspended, reduced in rank or dismissed by reason of his political or religious beliefs or his membership or non-membership in any organization; provided, however, that no city employee shall belong to any organization advocating the violent overthrow of our government nor shall any employee engage in political activity during the regular or usual hours of his employment. Every employee shall faithfully perform duties assigned to him, shall obey all legal directions of his superiors and refrain from causing dissension among his fellow employees.  
**Section 3.** It shall be the duty of all supervisory officials or employees to record neglects of duty, disobedience to orders or other misconduct of employees under their direction by noting the date, place, nature of the offense and witnesses thereto. In each such case warning shall be given the employee and note thereof made upon said record. Minor derelictions, repeated notwithstanding warnings in regard thereto, may be reported to the trial board for its action and said board may hear in one proceeding an accumulation of such offenses in order that said board shall not be unduly burdened.  
**Section 4.** Whenever any supervisory official or employee shall be of the opinion that disciplinary action against or dismissal of an employee is required he shall make a written and signed report of all the facts and circumstances in regard thereto to the city manager. The city manager, upon receipt of such report may require further information, may undertake to adjust the difficulty, or may refer the report to the trial board for a hearing in charges, either with or without suspension of the employee during the pendency of his hearing before said board. If the city manager disagrees with the report or recommendation of the supervisory official or employee, he shall, within ten days after receiving such report, forward same to the city commission with his recommendations and said body may determine the action to be taken.  
**Section 5.** The city manager, on his own initiative, may suspend any employee of the city serving in any of the departments under his control and in such case shall forthwith certify the fact of suspension and the cause therefor to the trial board for its action. In the event the board hearing believes the employee should not be suspended prior to hearing before the board he may certify the charges to the board for hearing without suspension of the employee.  
**Section 6.** The said trial board shall select its chairman and a chairman pro tem to serve in the absence of the chairman, such selections to be made at the first meeting of the board after the third Monday in April of each year. Two members of the board shall constitute a quorum for the transaction of business but the concurrence of two members shall be required in rendering any decision, determination or judgment required by said charter provision or this ordinance.  
**Section 7.** Upon receipt of written charges against any employee, whether such employee be or be not suspended, the trial board shall, within three days after receipt of the charges, give to the city manager and to the employee complained against notice in writing of the date, hour and place of hearing upon the charges. Attached to such notice shall be a copy of the charges preferred. No hearing shall be held until five days have elapsed after service of said notice and a copy of the charges by personal delivery thereof or by deposit in the United States mail in an envelope addressed to the city manager or to such employee with postage fully prepaid.  
**Section 8.** Any city employee may present his case in person or by a duly qualified attorney. The city or the employee may request reasonable continuances or adjournments upon just cause. Provided, however, that, in the event the employee has been suspended, prior to hearing, by the city manager and shall be reinstated by the board, such employee shall be paid salary or wages for not to exceed seven days of the time during which he was suspended unless the hearing shall have been delayed upon request of the city in which event the board shall determine the additional days of salary or wages to be paid which determination shall be final. In the event the trial board shall fail to render its judgment within fifteen days after the date upon which notice of hearing has been given to an employee under suspension, such employee shall be automatically reinstated; provided, however, that such reinstatement shall be without prejudice to the charges pending and final judgment thereon by the trial board; and provided, further, that such employee is not under criminal charges in a court of law, is mentally capable of performing and does perform his usual duties.  
**Section 9.** Said trial board shall keep a record of all hearings, shall require all testimony to be given under oath or affirmation, shall issue subpoenas to secure the attendance of witnesses and the production of books and papers, the chairman or chairman pro tem being hereby authorized and empowered to sign such subpoenas or other orders which may be necessary.  
**Section 10.** If any city em-

ployee shall testify falsely before said trial board at any hearing, such action shall be sufficient reason for his suspension, reduction in rank or dismissal.  
**Section 11.** Said trial board, after full hearing upon the charges against an employee, shall render judgment thereon which judgment may be dismissal of the employee and reinstatement of the employee if under suspension, suspension without pay for a stated period, reduction in rank or dismissal. The judgment of the trial board shall be final.  
**Section 12.** Said board shall file with the city clerk the record of its proceedings and its judgment signed by its chairman or chairman pro tem. The city clerk shall cause a copy of such judgment to be served upon the employee in the manner herein provided for service of notice of hearing and shall give immediate notice of such judgment to any department head concerned therewith and to the proper auditing and disbursing officers of the city.  
**Section 13.** Any person refusing to testify before the trial board or any person who shall testify falsely before such board or any person refusing or neglecting to comply with the requirements of any subpoena or written order issued by the trial board under said charter provision or this ordinance and served upon such person, shall be liable to a fine of not to exceed fifty (\$50.00) dollars or confined in the county jail not to exceed ten (10) days, on conviction of such refusal or neglect before the Justice of Peace or Municipal Judge of the city.  
**Section 14.** This ordinance shall take effect twenty-one days after the day of its final passage. Made, passed and adopted by the City Commission of the City of Plymouth, Michigan this 10th day of July, 1950.

**Section 11.** The trial board, established by Section 12 of Chapter 7 of the City Charter, the City Manager, department heads, supervisory officials or employees and all employees of the city shall have the duties, powers, rights and obligations as herein prescribed. The provisions of this ordinance shall be deemed to be part of the conditions of the employment of any person by the city and any violation of the terms hereof shall be sufficient reason for the suspension, reduction in rank or dismissal of any employee.  
**Section 12.** No employee of the city shall be suspended, reduced in rank or dismissed by reason of his political or religious beliefs or his membership or non-membership in any organization; provided, however, that no city employee shall belong to any organization advocating the violent overthrow of our government nor shall any employee engage in political activity during the regular or usual hours of his employment. Every employee shall faithfully perform duties assigned to him, shall obey all legal directions of his superiors and refrain from causing dissension among his fellow employees.  
**Section 13.** It shall be the duty of all supervisory officials or employees to record neglects of duty, disobedience to orders or other misconduct of employees under their direction by noting the date, place, nature of the offense and witnesses thereto. In each such case warning shall be given the employee and note thereof made upon said record. Minor derelictions, repeated notwithstanding warnings in regard thereto, may be reported to the trial board for its action and said board may hear in one proceeding an accumulation of such offenses in order that said board shall not be unduly burdened.  
**Section 14.** Whenever any supervisory official or employee shall be of the opinion that disciplinary action against or dismissal of an employee is required he shall make a written and signed report of all the facts and circumstances in regard thereto to the city manager. The city manager, upon receipt of such report may require further information, may undertake to adjust the difficulty, or may refer the report to the trial board for a hearing in charges, either with or without suspension of the employee during the pendency of his hearing before said board. If the city manager disagrees with the report or recommendation of the supervisory official or employee, he shall, within ten days after receiving such report, forward same to the city commission with his recommendations and said body may determine the action to be taken.  
**Section 15.** The city manager, on his own initiative, may suspend any employee of the city serving in any of the departments under his control and in such case shall forthwith certify the fact of suspension and the cause therefor to the trial board for its action. In the event the board hearing believes the employee should not be suspended prior to hearing before the board he may certify the charges to the board for hearing without suspension of the employee.  
**Section 16.** The said trial board shall select its chairman and a chairman pro tem to serve in the absence of the chairman, such selections to be made at the first meeting of the board after the third Monday in April of each year. Two members of the board shall constitute a quorum for the transaction of business but the concurrence of two members shall be required in rendering any decision, determination or judgment required by said charter provision or this ordinance.  
**Section 17.** Upon receipt of written charges against any employee, whether such employee be or be not suspended, the trial board shall, within three days after receipt of the charges, give to the city manager and to the employee complained against notice in writing of the date, hour and place of hearing upon the charges. Attached to such notice shall be a copy of the charges preferred. No hearing shall be held until five days have elapsed after service of said notice and a copy of the charges by personal delivery thereof or by deposit in the United States mail in an envelope addressed to the city manager or to such employee with postage fully prepaid.  
**Section 18.** Any city employee may present his case in person or by a duly qualified attorney. The city or the employee may request reasonable continuances or adjournments upon just cause. Provided, however, that, in the event the employee has been suspended, prior to hearing, by the city manager and shall be reinstated by the board, such employee shall be paid salary or wages for not to exceed seven days of the time during which he was suspended unless the hearing shall have been delayed upon request of the city in which event the board shall determine the additional days of salary or wages to be paid which determination shall be final. In the event the trial board shall fail to render its judgment within fifteen days after the date upon which notice of hearing has been given to an employee under suspension, such employee shall be automatically reinstated; provided, however, that such reinstatement shall be without prejudice to the charges pending and final judgment thereon by the trial board; and provided, further, that such employee is not under criminal charges in a court of law, is mentally capable of performing and does perform his usual duties.  
**Section 19.** Said trial board shall keep a record of all hearings, shall require all testimony to be given under oath or affirmation, shall issue subpoenas to secure the attendance of witnesses and the production of books and papers, the chairman or chairman pro tem being hereby authorized and empowered to sign such subpoenas or other orders which may be necessary.

**Display Coach  
to Visit Here**

A most unusual display and demonstration coach will roll into Plymouth on Wednesday, July 19. It is one of the two new coaches which are beginning a tour of the country, presenting the Square D Company's line of electrical distribution and control equipment to electrical contractors, distributors, architects, builders and large industrial plants.

Each of the coaches has been designed to provide 40 feet of display panels which will carry a wide range of Square D equipment. Safety switches, multi-breakers, industrial circuit breakers, panelboards and various types of duct will be among the equipment manufactured by the Detroit division of Square D. Pump control, timers and relays, contractors, limit switches, manual and magnetic starters, control stations and control centers will represent equipment manufactured by the Milwaukee division.

An experienced Square D Field Engineer travels with each coach, serving as "official guide", demonstrating devices, explaining new designing features, and discussing specific applications.

*Shirley Miller and Carl Thayer  
Wed in Candlelight Ceremony*

After a week's honeymoon in northern Michigan, newly weds Mr. and Mrs. Carl Thayer will make their home in Ann Arbor. Nuptial vows were exchanged by the couple in a candlelight wedding at the First Presbyterian church, Saturday evening, July 8.

The bride, formerly Shirley Miller, is the daughter of Mr. and Mrs. Harry Miller of Ridge road, Plymouth. Her husband's parents are Mr. and Mrs. Lloyd Thayer of Ann Arbor.

White gladioli and snapdragon were used in the baskets placed on either side of the altar for the double ring ceremony performed by Dr. Henry J. Walch. "Because" and "The Lord's Prayer" were the selections sung by soloist F. Earl Reh preceding the wedding. He was accompanied on the organ by Fred Nelson.

White taffeta faille styled the two piece bridal gown. The fitted lace jacket worn over the gown featured long fitted sleeves and a high neckline finished with a Peter Pan collar. The skirt, draped on the side, ended in a short train. A fingertip veil of illusion held in place by a tiara of orange blossoms completed the bride's ensemble. The bridal bouquet was a colonial arrangement of white carnations centered by a white orchid.

Attending the bride as maid of honor was her sister, Athalie. Her gown was fashioned from Nile green marquisette, and she carried a bouquet of yellow and white carnations. A coronet of carnations formed the maid of honor's headpiece.

Mrs. Marion Remnant of Ann Arbor selected flamingo marquisette for her bridesmaid's gown. She wore carnations in her hair and carried a mixed bouquet of blue and white carnations.

The bridegroom asked his brother-in-law, Frank Stampfer of Ann Arbor, to serve as his best

man. Leslie and Glenn Thayer seated the guests at their brother's wedding.

One hundred seventy-five guests were entertained at the reception held in the church parlors following the wedding. Out of town guests came from Stockbridge, Royal Oak, Ann Arbor, Chelsea, Williamston, Tecumseh, Detroit, Chicago, and California for the Saturday nuptials.

Mrs. Miller's choice for the evening's affair was a pink printed organdy dress. She wore navy accessories and a corsage of gardenias. Mrs. Thayer chose a pink hat and a pink rose corsage to complement the aqua dress which she wore for her son's wedding.

For their wedding trip Mrs. Thayer traveled in an aqua linen suit with white accessories. She wore the orchid from her bridal bouquet. A 1946 graduate of Plymouth High School, Mrs. Thayer attended the Alexandria School of Cosmetology in Ann Arbor.

**Couple Travel in Canada and Northern Michigan After Northville Wedding**

Mrs. Celia D. Maloney of Spring drive, Northville, and Clarence R. Schmidt of Pontiac trail, South Lyon, were united in marriage at 11 a. m., on July 1, in Our Lady of Victory Catholic church in Northville.

The bride wore a lilac colored suit with white accessories, and a corsage of Rubrum lilies. The bride's attendant, her daughter, Shirley Ann Maloney, wore a white suit with white accessories, and an orchid corsage. Mr. Schmidt's best man was John P. Maloney.

After the ceremony the reception and wedding breakfast took place at the Hillside Inn in Plymouth. A two week trip was enjoyed by the couple by automobile and plane through northern

**Announce Betrothal of Jo Ann Bovee to Detroit**

Mr. and Mrs. Donald Bovee of Ann Arbor trail have announced the engagement of their daughter, Jo Ann, to William E. Zimmerman, son of William A. Zimmerman of Detroit.

Miss Bovee's younger brother, Keith, who has a student pastorate at the Methodist church in Fairfield, Michigan has received permission to perform the marriage ceremony August 12 in Fairfield. It will be the first wedding at which he has officiated.

*Delegate Reports on Convention*

Continuation of international fellowships, under which women students from formerly occupied countries are brought to American universities for graduate study, was one of the projects voted upon at the national convention of Phi Mu sorority, held in Spring Lake, New Jersey recently.

Attending the convention from Plymouth was Miss Rosemary Guthrie, who was the delegate for her active chapter. Miss Guthrie is president of her chapter, Delta Iota, which is at Baldwin Wallace college, Berea, Ohio. During the convention Delta Iota was awarded the Nellie Hart Prince Scholarship Award cup for the past two years. They had the highest scholarship average in the United States of all the active chapters. This is the second time Delta Iota has been awarded this cup.

Some 300 delegates and visitors from 68 colleges and from alumnae groups in 70 cities, attended the convention.

Michigan, and Canada. They will be at home to their friends after July 15 at 725 Spring Drive in Northville.

*Don Cunningham Weds Harbor Springs Girl*

Phyllis Jean Hovey, daughter of Mr. and Mrs. Jerome Hovey of Harbor Springs, was married July 2 to Donald Cunningham of Plymouth, son of Mr. and Mrs. John B. Cunningham of Saginaw and Harbor Springs. Dr. L. E. Brubaker read the single ring ceremony in the garden of the Hovey home.

The bride wore a gown of sheer white organdy over taffetta with a fitted bodice covered by a Chantilly lace jacket with a plenum at the waist, small collar and buttons down the front. Her fingertip veil was of illusion and lace. She carried a low reed basket filled with mixed flowers.

Her matron of honor was Mrs. Ray McBride and bridesmaids were Mrs. Douglas Jardine, Mrs. Kenneth Davert and Mrs. Charles Kettering. The best man was Edward Cook of Fort Wayne, Indiana, and the ushers were Wesley Hovey, William Moser and

Kenneth Davert. The young couple left on a two week trip through Canada and upon their return will make their home at 654 Fairground street in Plymouth. The bride is a graduate of De Pauw University and the bridegroom a graduate of Purdue university and a member of Sigma Chi fraternity.

## Hints For Plymouth Homemakers

### Hearty Salads Appealing on Your Warm Weather Menus

A big cool salad as the mainstay of a meal always sounds tempting during warm weather, and the idea is appealing to the person who does the cooking. Whether a menu built around a salad satisfies the family's appetite and meets the food requirement depends on wise choice of the makings.

Main dish salads must be filling. That's an easy requirement to meet because they all contain a generous amount of crisp, bulky greens.

A stick-to-the-ribs quality is essential for these salads. It's well to make sure that they contain a goodly portion of foods such as meat, cheese, poultry, eggs, or fish which will give them a satisfying flavor and at the same time help to meet the day's need for tissue and blood building protein.

Because these combinations usually take the place of meat dish, vegetable, and "side dish" salad, they must be big enough to serve everyone on two generous servings at least. Unless this is the case it's necessary to add enough other dishes to the menu so no one will be shorted.

Hearty salads will be favorites for summer meals if the same general rules for preparing all salads are followed.

1. To have the salad greens temptingly crisp, wash them quickly but thoroughly and store them in the vegetable freshener or bag in the refrigerator until ready to mix the salad. The Food and Nutrition Service of the American Red Cross suggests this procedure not only for the best flavor but as a means of retaining the vitamins A and C in the greens.

2. Meat, fish and cooked vegetables which are rather bland in flavor make more interesting salads if they stand in French dressing or seasoned vinegar for an hour or more before being added to the rest of the salad. To

avoid intermingling of flavors and colors keep them in separate moulds during this marinating process.

3. Mix the crisp salad ingredients with the other ingredients and dressing shortly before serving. The dressing wilts greens if added too early.

4. Have all ingredients in pieces small enough to handle easily but not so small that diners can't tell what they're eating. Distinct shapes and colors make the salads more attractive to see as well as taste.

5. With a few exceptions, salads must be cold to be good. Chill all of the ingredients, and if the weather is extremely hot, chill the bowl in which you plan to mix and serve it.

It's a good idea to have one hot dish in a salad meal. Make it a soup for a starter, a hot buttered vegetable, a casserole of creamed or scalloped potatoes, a beverage or hot bread. One of the easiest is garlic bread prepared by slicing French bread about 3/4 inch thick, leaving it attached to the loaf at the bottom. Spread with butter flavored with garlic and bake in a moderate oven for 15 minutes to heat through.

**SUPPER SALAD**  
Two cups diced cooked veal or pork, 1 cup sliced celery, 1/2 cup diced green pepper, 1/2 cup diced tart apple, 1/4 cup French dressing, 1/2 cup mayonnaise, 2 tablespoons chopped chives or green onion, 1 head salad greens, 2 tomatoes, 2 hard cooked eggs.  
Add French dressing to meat and let stand, covered, in refrigerator for about 30 minutes. Shortly before serving add celery, green pepper, apple and half of the mayonnaise which has been mixed with the chives or onion. Toss lightly until mixed, adding more French dressing if needed. Serve on crisp salad greens garnishing with wedges of tomato, sliced hard cooked egg and the rest of the mayonnaise. Serves 4.

**KIDNEY BEAN AND COTTAGE CHEESE SALAD**  
Two and one-half cups (No. 2 can) kidney beans, 1 1/2 cups diced celery, 2 tablespoons chopped onion, one-half cup chopped sweet pickle, 1 1/2 teaspoons prepared mustard, 2 cups salad dressing,

1 tablespoon pickle juice, 1 pound cottage cheese, 1 cup grated carrot, greens.

Combine all ingredients except greens, carrots and cheese. Season to taste. Line bowl with greens and arrange bean mixture in it around a mound of the cheese which has been well seasoned and mixed with grated carrot. Makes 6 to 8 servings.

**MINTED LAMB SALAD**  
Two cups thin, small slices of cooked lamb, 2 cups sliced, cooked potatoes, 1/4 teaspoon salt, 1 tablespoon chopped mint, French dressing, salad green.

Combine potatoes, meat, salt, mint, and enough dressing to moisten well and let stand for about an hour. Remove mixture from bowl, leaving dressing in it. Add broiled lettuce hearts or other greens to dressing and toss lightly. Add meat mixture, garnish with mint sprigs and serve. Makes 6 servings.

**Heating Experts Advise Cleaning Furnace Now**

The best time to clean your home heating system is right after you shut it down for the summer, according to the fuel retailers and heating equipment retailers in Plymouth.

They further point out that the warm, humid months of summer are hard on a heating plant that is filled with ashes and soot from a winter's use. The combination of moisture and soot causes corrosion and rust on the heating surfaces and consequently impairs the efficient operation of the system.

Many people make the mistake of putting off this work until the start of the heating season, not realizing the value of having this work done immediately after the heating season is over, and thereby lessening possibilities for deterioration of the heating surfaces in furnace or boiler.

Home owners are urged by heating men to get this work done at once as it is a wise investment.

To keep brown sugar from becoming hard and caked, remove from paper package and store in an airtight jar.

### 'AT HOME' PICNICKING

Crisp bacon, canned tongue, dried beef, corned beef and cheese loaf help to make up this unusual assortment of open-faced sandwiches. A variety of accompaniments to serve with the sandwiches — mustard butter, horseradish sauce, mayonnaise — will provide an interesting addition to the menu.

### Roast Meat in A. M. on Hot Summer Days

If hot summer days draw the homemaker from her kitchen, here's a suggestion for serving appetizing last minute meals. Cook a pork loin roast in the cooler morning hours, store it, tightly covered, in the refrigerator and it's ready for dinner sliced cold or heated in a sauce.

Plan on 35 to 40 minutes per pound roasting time for a center or half pork loin, 45 to 50 minutes for pork end loin.

She further says to place the roast fat side up in an open roasting pan. Do not add water and cook uncovered in a 350° F. oven until the pork roast is well done. Allow the roast to cool, then tightly wrap and store in the refrigerator.

Cooked roast pork is temptingly heated in a barbecue sauce. Or this fine flavored meat may be served in a fruit sauce—fresh pineapple, cherry or orange. Roast pork is, of course, popular in sandwiches. Arrange the slices on a platter, provide assorted breads, crisp relishes and there's a refreshing hot day meal.

When cooking a steak smothered in onions, squeeze the juice of a lemon over it before serving and you will find the flavor greatly improved.

In Medicine Hat, Alberta, Postmaster Sam Goldie announced that his office is trying to speed up mail service by putting on two new men: M. V. Quick and C. R. Fast.

### Here's Idea for Backyard Picnic

Instead of packing the picnic basket and battling holiday crowds, we suggest an "at home" picnic featuring a tray of open-faced sandwiches and all the trimmings.

However, these are not the open-faced sandwiches with a dainty description. They are full slices of bread revealing such toppings as these: lettuce leaf, tomato slice and bacon strip; lettuce, American cheese slice, bacon strip; lettuce, hard-cooked egg slices, bacon strip; peanut butter, chopped bacon.

For more variety, slices or julienne strips of canned tongue may be joined with thin strips of carrot, with tomato, hard-cooked egg slices or cheese strips. Sliced corned beef is especially good dotted with bits of tiny pearl onion and dried beef joined with pickle relish. The tray will also want to include cheese loaf and other ready-to-serve meat sandwiches.

One more interest point will be the sandwich dressings. Mustard butter or horseradish sauce will be popular with tongue and corned beef. Mayonnaise is right with peanut butter and bacon and many of the loaves. Along with the sandwiches and dressings may be included a tray of colorful relishes, potato chips or julienne sticks, iced tea and a simple dessert of ice cream and cookies.

### BREAKFAST FOR TWO

With most recipes planned for four or six, cooking for two can become very difficult indeed. Leftovers seem to last forever and dividing a recipe often leaves one wondering how to find half of three eggs. Here are two easy breakfast menus planned with these problems in mind.

**Menu Number One**  
Grapefruit Halves  
French Toast-Syrup-Crisp Bacon  
Coffee

**Baked French Toast**  
1 egg  
1/4 teaspoon salt  
1 teaspoon sugar  
1/2 cup milk  
4 slices stale bread

Beat egg slightly, add salt, sugar and milk. Soak bread in mixture until soft. Place in well-greased shallow baking pan and bake in a hot oven (400° F.) for 10 to 15 minutes on each side or until brown.

Place the strips of bacon across a wire rack in a shallow pan. Put the bacon in the oven when you turn the French toast to brown the second side. The fat drains off while the bacon cooks to a golden crispness. No turning is necessary and the bacon is ready to serve with the French toast.

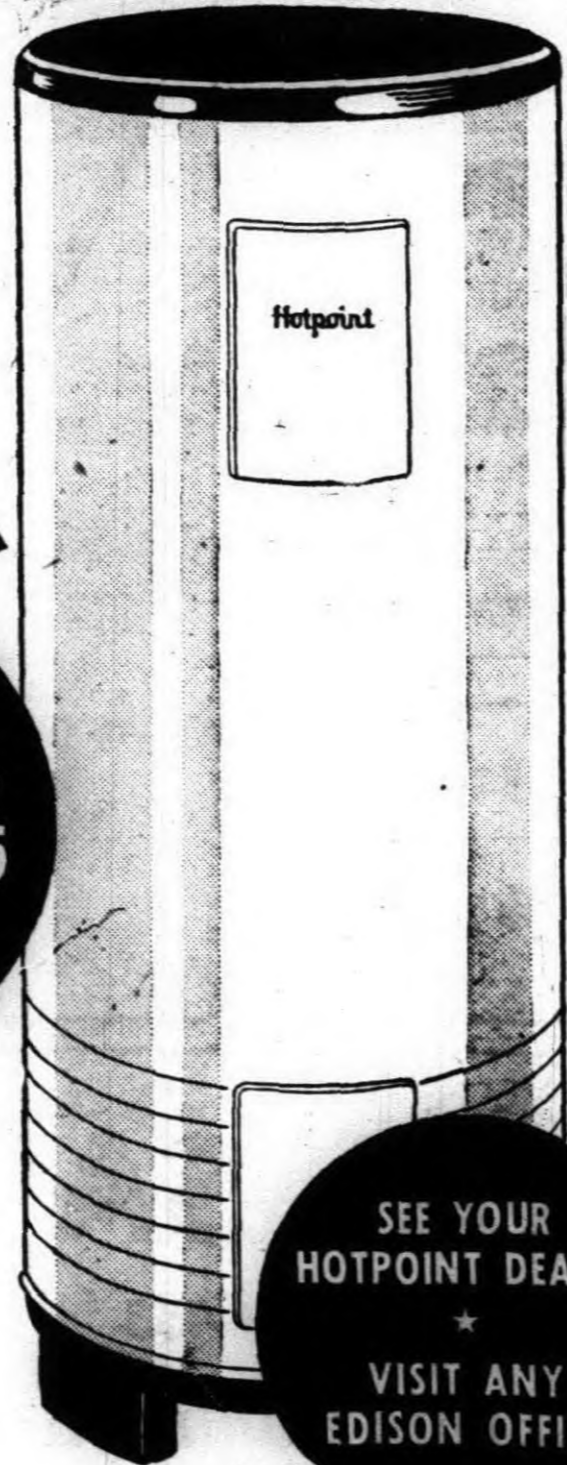

**Menu Number Two**  
Orange Juice  
Scrambled Eggs  
Corn Muffins—Honey Butter  
Coffee

**Corn Muffins**  
6 tablespoons yellow cornmeal  
2/3 cup flour  
2 tablespoons sugar  
1/4 teaspoon salt  
1 1/2 teaspoons baking powder  
1 egg  
1/4 cup milk  
2 tablespoons melted fat

Sift the dry ingredients together into a small bowl. Add the beaten egg and milk, stir lightly to moisten. Fold in melted fat. Fill greased muffin tins two-thirds full and bake in a very hot oven (425° F.) for 12 to 15 minutes. Yield: 4 to 6 muffins.

## Next Best Thing to a New Road!

YOU must understand, of course, that nothing in the world can take the place of a beautiful ribbon of improved highway—

—stretching so enticingly out into the open country, and all but beseeching you to come for a ride!

But under the happiest auspices, you will have to do much of your driving, for years to come, down roads and highways that leave something to be desired—

—and how lucky you'll be if you ride them out in a 1950 Cadillac!

In recent years, Cadillac has carried out a tremendous program of research and improvement to achieve a finer "rough-road" ride. The development work has covered steering, springs, shock absorbers, frame, wheels, tires, shackles—and all the engineering problems involved.

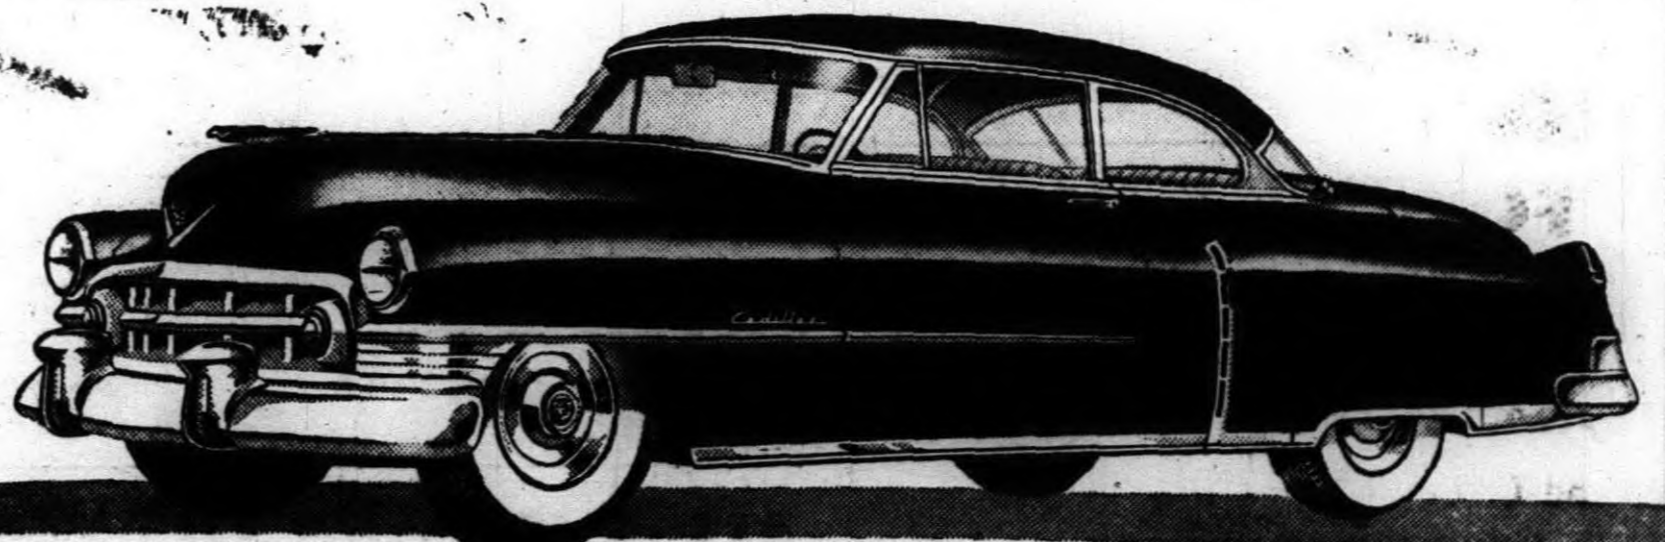

In the 1950 Cadillac, this great program has come to full fruition—and the results are simply a revelation.

First, you get wonderful balance. The car "stays put"—and you have a reassuring feeling of stability, even when the going's uncommonly rough.

And your ride is amazingly level. You "float" over the bumps and the depressions, ever so gently. Only a road so bad that it deserves condemning can make itself obvious to either the driver or passengers.

And, of course, the remarkable quietness, of both body and chassis, shows up most dramatically on the roughest roads. For quality tells its finest story when the pressure is greatest.

Why not come in and get acquainted with this wonderful car? We'd be happy to see you any time.

AUTHOR OF "HOW TO STOP WORRYING AND START LIVING"

## The Big Idea of Faith and Peace

UP IN PAWLING, N. Y., there is published a very small magazine with a very big idea. A lot of people believe in this big idea, but few do anything about it. Dr. Norman Vincent Peale, editor-in-chief of this little magazine, called Guideposts, is doing something about it every day of his life. The idea? Peace.

What Dr. Peale urges all of us to do cannot but further the idea, for all he asks us to do is within our power: to have faith. "Faith," we read from The Book, "is the substance of things hoped for, the evidence of things not seen."

If you haven't looked up the definition of "substance," here it is: substance means "the substantial part, the main part," of anything. So substance is the main part when we hope.

We live by faith. If we didn't have faith, we would accomplish nothing, have nothing, be less than nothing. So let's cooperate with this man who is spending his life in helping all of us. Let's follow some suggestions he sets forth, and in which he has great faith. Here are those suggestions. It will help you every day of your life to follow them to repeat to yourself every morning as you start the day:

- 1—I will seek a change within myself that I may have inner peace.
- 2—I will seek to effect, with God's help, a similar change in my family, my social group, my community.
- 3—I will seek to make my faith infectious that I may attract other people to God by what I am.
- 4—At every opportunity, I will pray for peace, speak for peace, act for peace, and think for peace.
- 5—I will try to win at least two others to a similar dedication and charge them each to do likewise.

Dr. Peale says that if this process is repeated only 31 times, the entire population of the world can be reached. And it can start with you.

If you would like to have a copy, or several copies, of an article on peace that appeared in Guideposts, write for it to Guideposts, Pawling, N. Y. You don't have to send any money to get it, but every penny counts in printing more and more copies.

## Enter Business Institute Class

Four girls from the Plymouth area entered the Joy road school of the Business Institute last week to take courses in secretarial and office work.

They are Ann Sambrone, daughter of Mr. and Mrs. Frank Sambrone of North Mill street, and Saxie Hojstein, daughter of Mr. and Mrs. George Holstein of Rose street, both June graduates of Plymouth High school, and Bernice Gregory of Farmington road and Constance Stephens of Haller street, both June graduates of Bentley High school.

Upon completion of a course at the downtown school of the Business Institute, Mary Bonnette of Wing street accepted a secretarial position in the office of Dunbar Davis, attorney. She is a 1949 graduate of Plymouth High school.

## Irwins Plan Trip to Pacific Coast

Former Postmaster Harry Irwin who has been spending a few days in Plymouth visiting with old friends, plans to leave for Louisville, Kentucky in a few days where he will meet Mrs. Irwin and then the two will leave on a trip to the Pacific coast.

The Irwins have been residing in Pinellas Park, near St. Petersburg, Florida, since leaving Plymouth some two years ago after his resignation as postmaster. After their visit to the Pacific coast, which will continue until early fall, they plan to go direct to their home in Florida.

Mrs. Irwin's health has considerably improved and he states that Mrs. Irwin is somewhat better than she was, but not entirely recovered. She does not expect to visit Plymouth before their return to the southlands.

Big Fish Stories Begin Popping

It appears that Wendell Lent, James Houk and Milton Humphries are never going to live down the fact that they left one of the best pike fishing territories in the Upper Peninsula to go pike fishing up in Canada last year, where they caught many, many pike—sometimes called "hammerheads" by critical fishermen.

Now comes forth Lon Brocklehurst and Frank Terry to hint a few unkind fishing jabs.

Through their "press agent," Mrs. Coral Wieland of Elmer's Place at Brimley in the Upper Peninsula, Lon and Frank declare that they caught pike up in Whitefish bay so big it would be slanderous to refer to them as "hammerheads." In fact, it is hinted in the Brimley resort that one of the pike Mr. Terry caught would weigh almost as much as all the "hammerheads" that the Wendell-Jim and Milt team brought back from Canada when they made that unfortunate dash across the St. Mary's River to fish under the British jack.

P.S. - If Wendell, Jim and Milt think it best to hire a press agent, to defend their fishing talents, the "fish editor" of The Mail knows one who is running loose at the present time.

Clarks Building a Guest Cottage

Mr. and Mrs. William Clark of Plymouth are folks who like friends—and they like to have their friends come up north and spend a week or so with them at their cottage on a high cliff overlooking beautiful Long Lake which is located a few miles south and west of Traverse City.

The location is a most scenic one—and the cottage stands in a forest of great towering pines and maple. The Clarks being of that friendly type enjoy nothing more than they do visits from friends back home.

But sometimes it hasn't always been easy to provide enough room for all those who breeze in now and then.

They have decided to immediately remedy that situation and are following the example of many other friendly people who have cottages up in beautiful northern Michigan. They've just started the construction of a guest house, and says Mr. Clark, they expect to have it occupied from the day it is completed until cold weather drives everybody home from the north.

"We're going to tell them to bring along their own bedding, the family ax to cut the wood, move in and enjoy everything to the limit. When it's finished we won't have to sleep in army style any longer. Everything will be nice for everybody," he said.

What's nicer than that? Nothing, unless you happen to be a friend of the friendly Clarks and have an invitation to spend a few days at their most scenic cottage up on that cliff on the east shore of Long Lake.

Barney Goes to Elks Convention

Phil Barney, who has the distinction of holding the No. 1 membership card of the Plymouth lodge of Elks, left with Mrs. Barney and their two children for Miami, Florida Thursday where he will represent the Plymouth lodge at the national convention of the Elks.

They are making the trip south by automobile and expect to spend two or more weeks in Miami at the convention and in visiting interesting tourist places both on the trip to the south and on their return.

The Miami Elks convention, according to information revealed by the committees in charge of the affair, is expected to be the largest ever held by this fraternal group.

The Plymouth lodge, one of the youngest in Michigan, has enjoyed an especially satisfactory growth in both membership and interest in the work of the lodge, states Mr. Barney.

The convention will be in session from July 9 until July 13.

3 good reasons why you'll go for MERCURY

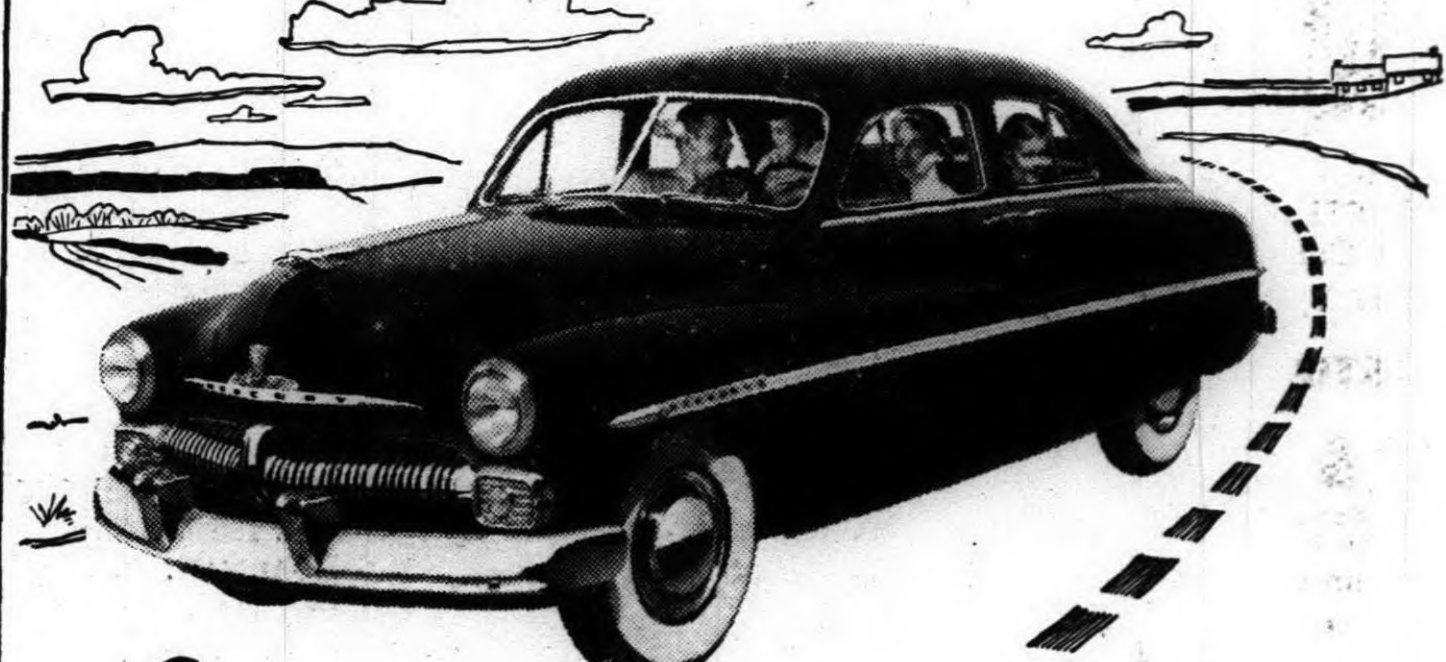

1. You get the right power!

When you want to go up—you go UP in Mercury! The big, V-type, 8-cylinder, made-only-for-Mercury engine is just right for the high ones! And it puts you right on top with economy, too. One reason why Mercury is "America's No. 1 Economy Car" today!

2. You get the right riding comfort!

Six "big ones" can travel comfortably in Mercury. It's that big—that roomy! And so quiet! You can travel more miles a day with ease and comfort—in Mercury! Try it!

3. You get the right roadability!

You never felt such a big car handle so easily! This brawny Mercury takes curves . . . rough roads . . . as though they didn't exist. And it slips into parking spaces other cars are forced to pass up. Go for a ride—and see what we mean when we say "you'll go for Mercury!"

Displays Hand Carved Chess Set

The Rev. Edgar Hoenecke, pastor of St. Peter's Evangelical Lutheran church, holds one of the chessmen from his hand carved ivory and ebony set. It will be displayed this week in the lobby of the Plymouth United Savings bank along with a number of wooden figurines which Rev. Hoenecke brought back from his trip to Africa in 1949. The chess set was made in Germany by Christian Wegel, a master craftsman in ivory.

A set of delicate hand carved ivory and ebony chessmen made in Erbach, Germany, the ivory carving capital of the world, is one of the most artistic pieces in the collection of carvings owned by the Rev. Edgar Hoenecke, pastor of St. Peter's Evangelical Lutheran church.

The chessmen were carved by Christian Wegel, master craftsman in ivory, who lives in Erbach im Odenwald near the Black Forest. The king in the set is a reproduction of the statue of Charlemagne at Aachen. Rev. Hoenecke found Wegel's name on a list compiled by the Lutheran church of war sufferers in Europe in 1945. He sent Wegel food packages and Wegel reciprocated with the beautiful and artistic chess set.

Since that time the Hoeneckes have corresponded with the craftsman. Wegel's daughter carved the six characters of the Punch and Judy puppet show for the Hoenecke children. An ivory figurine of the Pied Piper of Hamelin was also sent to the Hoeneckes by Wegel.

Included in Rev. Hoenecke's collection of wood and ivory carvings are a number of articles which he purchased in Africa in 1949. Many of the African pieces

resemble modern American art but, according to Rev. Hoenecke, the style is a native development. The work of the African craftsman lacks embellishment as noted in the sleek lines of the animal figures in the collection. They will be on display this week in the lobby of the Plymouth United Savings Bank.

In Lisbon, N. Y., state inspectors ordered the village's fire-fighting equipment moved into a garage, after a checkup proved that the firehouse was a fire hazard.

How Hudson's exclusive recessed floor brings you America's Roomiest Car!

Recessed floor ("step-down" design) brings the space between frame members, which is wasted in other cars, into Hudson's passenger compartment. This results in America's lowest center of gravity (and full road clearance), while providing more head room and seating room than any other car.

WHAT a wonderful difference Hudson's exclusive recessed floor makes! Among other advantages, it provides more room than in any other car!

Hudson seat cushions are up to 12 inches wider than those in cars of greater outside dimensions. You'll find the most head room in any automobile. Even door and window controls are recessed for more elbow room!

Won't you accept our invitation to see Hudson—to discover how this new way to build automobiles makes a greater share of over-all size available for passenger room and comfort than is possible in any other car.

### Harness Racing Begins July 17 at Detroit Track

Big-time harness racing comes to Detroit Monday night, July 17, with the opening of the 43-night meeting at the new \$4,500,000 Detroit Race Track, Schoolcraft and Middlebelt roads. The fastest pacers and trotters in the country are now assembling at the Detroit track to bid for honors in this meet, lured by the richest purses ever offered at a harness track in the Midwest. Among the entries are the top winners from such outstanding tracks as Santa Anita in California, the Roosevelt Raceway in New York and Maywood Park in Chicago. Most of these horses will be making their first appearances on a Michigan oval.

Eight races will be held every night except Sunday throughout the meeting. The first race will start at 8:15 each night. The track's 94-million candlepower lighting system is the best in the country.

Approximately 1,000 carefully selected horses have been accepted for the meet. This represents full capacity for the available stall space.

The paper and trot fields are both crowded with horses whose names are well known by harness race fans everywhere. Ed Cobb and Jerry Burdick are bringing in 20 fine horses from Santa Anita, including Jerry the First, winner of the \$50,000 Golden West Pace at the California oval this summer. Cobb will drive Jerry the First here.

William H. Cane, president of the Wolverine Harness Raceway, has entered Good Time, the leading money winner among pacers on the Grand Circuit as a two-year-old and as a three-year-old.

This new union is anxious to have more charter members. All women are urged to attend.

### Finnish Counselor Visits Colony Farms

Dr. Anitra Karsten, counselor of the coordinated agencies for the aged in Finland, visited the Plymouth Colony Farms last week before her return to her native country.

Dr. Karsten was especially interested in the Farms' program for the aged which is now being formulated. She has been studying on a scholarship for the last year at the Institute of Human Relations at the University of Michigan.

In Ada, Okla., a farmer and his family went down to try out the comforts of their newly completed storm cellar, emerged an hour later to find that a tornado had swept away their house, barn, outbuildings.

### State Police Caution Highway Speeders

Nearly one thousand persons are being killed or injured on Michigan highways each week, and speed is one of the principal causes, Sergeant H. P. Kozowicz of the Detroit post of the Michigan State Police asserted this week in urging motorists to cooperate in the present campaign to reduce the frequency of this most serious traffic offense.

"The slogan of the campaign, 'Speeders Lose,' has been well selected, for the records prove that speeders do lose," Sergeant Kozowicz said. "Even when speed is not the direct cause of an accident it often contributes to its seriousness and means the difference between life and death.

"Not only was speed a factor in 500 Michigan traffic deaths last year, but it also was responsible for the serious injury of many of the 41,000 persons who were hurt in the 143,000 accidents that occurred in the state.

## Babson Discusses Postal Service Cuts

Babson Park, July 7. The present war talk, due to the Trial Balloon sent up by Russia in Korea, does not worry me. Certainly, it should not cause readers to overlook the silly cuts which the Post Office Department has started. This in the end may be more serious.

### Changes That Have Been Made

If you live in the residential area of a city or town containing a first or second class post office, your mail is now delivered to your home only once a day rather than twice a day. There is also a better than even chance that you will not get it until afternoon. If you have a business in one of these cities which is located in a so-called "business area" you may get more deliveries. However, if your office or business is located in a "residential area", you must struggle along with a single daily delivery.

Of course, many readers living in semi-rural areas beyond the out-skirts of the cities and towns, and on farms, are glad to get their mail only once a day. But in addition to curtailing delivery service, the Post Office Department has made sweeping cuts in pick ups from street letter boxes in cities and towns. It has also eliminated much of the night work in post offices which formerly was such a great help in moving the mail quickly and efficiently. These latter cuts will be felt by everybody who writes to or receives mail from cities. This means you.

### Why the Cuts Were Ordered

For the first time since the establishment of the post office on this continent nearly 260 years ago, we find our American postal service taking a step backward. Why? We are told that the cuts were ordered to save money and to bring the Post Office Department budget within the amount suggested by Congressional leaders. This may be true. If it is true,

it seems strange that the men who run the Post Office Department are making no apparent attempt to save money in ways other than the curtailment of service. Is it not possible that these cuts in service were engineered to divert public attention from the acute need for streamlining and further mechanizing the postal service?

### Reorganization is Urgently Needed

Many people claim that the postal service is grossly mismanaged. I do not know whether that is true, but there doubtless are many instances of inefficiency and stupidity which cost us taxpayers heavy expenditures. For example, look carefully at the post office operating in your vicinity. Note the large number of old ones which cost more to run and maintain than they are worth. The Hoover Commission found that the average age of these postal vehicles was 15 1/2 years.

The next time you are in your post office, glance into where the mail is being handled. You will find obsolete equipment and lay out unadapted to moving the mail as quickly and as cheaply as possible. It is true that the post office does not control the amounts paid to railroads, steamship and airlines for moving the mail. Nor does it control the inexcusably heavy volume of government mail which it must handle at a loss. It can, however, control its own employees and ought to re-amp its procedures before resorting to curtailing services.

### P. O. Cuts Mean Higher Prices

The slowdown in mail movements will become worse by early fall when mail volume normally increases. Already, delays of from 24 to 48 hours are being reported in the delivery of first class letters. Mail order businesses and those firms which depend chiefly on rapid turnover to keep above the break-even point will suffer the most and some unem-

ployment is bound to occur. This will result in higher prices for merchandise. Another effect will be an eventual drop in postal revenues. An ill-conceived plan like this is bound to backfire. It is false economy of the worst type.

These poorly planned postal cuts reflect the confusion which prevail in official circles in Washington. More disturbing still, especially in this instance, is the apathy of our people. Although the majority of our people are gravely affected by these changes, yet very few have actively objected. Little attention is given to the masses of the people. Indifference such as this has resulted in loss of liberty in other lands. Shall we, too, lose our rights and services, and ultimately our liberty, by neglect and inaction.

## "I REMEMBER" BY THE OLD TIMERS

From Charles Mohr to Mrs. Mary Stewart: "My hobby is recollecting and collecting old sayings and proverbs and among them are these 'dated' expressions (the type you have been recollecting for 'I Remember' (1949), 'So's your old man!'

(1925), 'Like looking for a needle in a haystack' (1912), 'Cutting off your nose to spite your face' (1957), 'In a pig's eye!' (1904) and 'Oh yeah!' (1930.) I'll be looking for more of same in 'our' column."

From Mrs. Minnie M. Brasell of Okton, Okla.: "I remember when I was a little girl at Junction City, Kan., it was my job to meet the milk man each morning. I took a quart pail with me to the curb where he stopped in front of our house with his horse-drawn wagon and from a tall can much like our water coolers now he drew the milk from a spigot into a quart or pint measuring cup and emptied it into my bucket. He sold six tickets for 25 cents and each ticket was good for a quart of milk."

From Mrs. Vena Norton of Meta, Ariz.: "I remember how we aspired to learn how to spin and weave and do other clever things like our elders could do. I remember how proud I was of the rag carpet I wove for Mother. It was tacked to the floor and fresh straw was placed underneath."

From Mrs. E. L. Vaughn of Tateville, Ky.: "I remember when all our cooking was done over a fireplace. In the summer we'd wash our bed ticks and fill them with straw for the 'tarded beds, which had no slats or springs. We children would sleep on a trundle bed which was slid under the big bed when not in use."

## THE STARS

By LYN CONNELLY

CECIL B. DeMILLE may "host" a \$30,000 TV dramatic show in New York, similar to his stint on Radio Theatre several years back... ABC is planning to spend "several million dollars" for the purchase of 20 or more radio and TV shows... They made a good start with the purchase of "Screen Guild," always a popular AM show... Paul Douglas will probably play the lead in a radio series based on "The Great Mouthpiece"...

Arthur Lake, the radio and screen "Dagwood," is negotiating for a radio show of his own... Lisa Kirk is headed for Hollywood and a screen test.

### PLATTER CHATTER

COLUMBIA: Lots of records for your library hitting the music shops these days... One of the best is Ken Griffin's renditions of two beautiful oldies, "Are You Lonesome Tonight?" with "When I Lost You" backing it... A combination of Gene Autry and Dinah Shore may seem strange, but there's nothing strange about their stirring rendition of "The Old Rugged Cross"... The reverse carries another hymn, "In the Garden"... Dinah gets into the groove with a solo that's solid, "I Still Get a Thrill," an oldie that's making a strong comeback... "Simple Melody" is on the flip.

Still on Columbia, a new singer with a powerful voice, Tony Bennett, gives out with a terrific cutting of "The Boulevard of Broken Dreams"... That popular "I Wanna Be Loved" backs it... Another good singer, Herb Jeffries, has a fine arrangement of "The Pagan Love Song" with "Call Her Savage" on the reverse... Those who go for a mambo beat will love Xavier Cugat's latest—"You Never Had It So Good"... "Strange Mood" backs it.

CAPITOL: "Stars and Stripes Forever" is done excitingly by Gordon MacRae with the support of Paul Weston and the Les Baxter chorus... "Hongi Tongi Hoki Poki" is its coupling.
