

Civil Defense Plans Underway For Area

A voluntary auxiliary police organization for civil defense will be organized in Plymouth as the foundation for the city's civilian defense program, it was announced by City Manager Al Glassford yesterday.

Men between the ages of 32 and 55 are asked to apply at the city hall for volunteer organization. Definite plans have not as yet been made for the exact work of the organization but Glassford stated that they will probably be assigned to squad car patrol duties. The cooperation of veterans service groups is asked in organizing the defense group.

The police group was planned following a meeting of law enforcement officers and city officials of the Wayne out-county area Tuesday night under the sponsorship of the county sheriff's office. City Assessor Edward Potthoff, Police Officer Louis Westfall and Commissioners Eleanor Hammond and Floyd Tibbitts attended.

The purpose of the meeting was to adopt plans whereby law enforcement agencies can be more closely united in the event of war emergency. The volunteer police groups were recommended at the meeting.

Entries Still Accepted For City Tournament

When the field of one-hundred-odd golfers tee off Saturday morning at Hilltop in the city golf tournament they will be shooting for the chance of becoming eligible for the match play rounds that start the following day, Sunday, by being among the 80 lowest scorers for the day.

Golfers of amateur standing residing in the townships of Plymouth, Livonia, Canton, Nankin and Newburg are eligible to enter up until 9 p.m. Friday evening, August 11, and will be accepted as post-entries. They will be granted such tee time as is available when they enter. All entries that were in before the August 8 deadline have been granted the tee time they requested.

The following golfers will tee off at the time listed below.
7:30 a.m.—Dwight Morris, Al Crain, Eugene Patrick.
7:40 a.m.—Sam Knapp, Brodie Card, Walter Patrick.

City Manager Tells Problem of Annexation

Maybe the city of Plymouth should make arrangements to send City Manager Al Glassford to Washington to put a little of his diplomacy into the state department.

At least at the meeting of the Kiwanis club he displayed an unusual amount of it in discussing a problem with many pros and cons and without getting off the middle of the road.

He was asked to talk about the possibility of the city of Plymouth and the township of Plymouth in getting together on an annexation problem. And Kiwanis members declare that he did a masterful job as well as providing a lot of information.

It was his first public appearance since being appointed city manager, and Kiwanians declare that if it is a demonstration of his ability to handle such a question in the way he did, without offending anyone, he is just going to go places.

Glassford also discussed the paving and parking problems of

Garling to Build 18 Homes Here

Plymouth's home building program received new impetus in the past weeks when the Garling Construction company took out building permits for the construction of 18 new homes.

The homes will all cost \$7,500 and most of them are being built in the Sunset subdivision area. They are four and five room homes and are either of frame construction or brick veneer.

A building permit was also issued Robert R. Smith for the construction of a frame home and garage at 361 Sunset avenue. A permit for a \$5,000 five room home was obtained by James Honey for 566 Adams street. William Fehlig obtained a permit for the building of a \$14,500 home at 763 Burroughs street.

Board Appoints Laury to Recreation Commission

At the school board meeting Tuesday night, Wallace Laury was appointed to represent the board on the recreation commission by School Board President Robert Wesley. Laury succeeds Wesley who held the post last year.

Local Ball Players Chosen to Play at Briggs Stadium

Four Daisy ball players selected to play on the all-star baseball team in the Hearst National tournament Saturday at Briggs Stadium are, left to right, Tom Fairbanks, third baseman; Wally Daurus, pitcher; Dick Fenton, short stop, and Don Healy, first baseman. Walter Dzurus is coach of the team. One of the preliminary games of the tournament was held under the supervision of the recreation department in Plymouth. Winners of that game then played in Ann Arbor and from this team the all-stars were selected. Following Saturday's game an all-star team will be picked to play in the final game of the tournament in New York City.

"Tops in Our Town"
The Plymouth Mail
Plymouth, Michigan
Dear Sirs:

I nominate Mrs. Lois Bateman as "Tops in Our Town" because, without any exception, she is the most thoughtful, kindly, and unselfish person I have ever met.

She gives not only of her substance, time, and devotion to her family and her friends but those who know her best constantly marvel at the ways in which she gives help and comfort to countless people with whom she has had no previous acquaintances, if she learns of their need.

She is one of the busiest persons in our city, being an unfringed worker in church, civic, and educational matters but she is never too busy or too tired to minister to those who are sick or lonely or in trouble. She always seems to be able to find time and strength to make calls or to take in gifts of food, flowers or needed articles.

Her cheerful, sunny personality has brought comfort and blessings to great numbers of both young and old not only here but wherever she has lived.

I can truthfully say that I know of no more helpful and beloved person in our community than our dear Mrs. Bateman.
Sincerely,
Mabel I. Spicer

"Tops in Our Town"
The Plymouth Mail
Plymouth, Michigan
Dear Sirs:

I nominate George A. Smith, 1436 Sheridan avenue, as "Tops in Our Town," because

1. For thirty years he served the children of this area as superintendent of schools, friend and counselor. He gave of himself and his time unstintingly and without hope of reward. The only question in his mind at all times was, "What is best for this community?" Thousands of adults who came under his benign influence as children testify to that fact.

2. George A. has been in the forefront in every activity which would make this community a better place in which to live. As a charter member, first president, and later district governor of Rotary International, an organization devoted to service above self, as a member of the Plymouth Planning Commission, as a teacher of an adult class in the Presbyterian Sunday School, as an enthusiastic member of the Old Newsboys, as secretary of the Chamber of Commerce, and as a member of many other local groups, he has served with great credit to the community.

3. Plymouth residents would hesitate to think what they might have missed had George A. not decided years ago to cast his lot here.

Respectfully,
Charles E. Brake

I nominate Paul T. Wagner as "Tops in Our Town" because of the musical culture and appreciation which he has brought to Plymouth. While some would claim honor for taking a child to the circus, Paul Wagner has brought the world of symphony to a whole community, furnishing an ever-growing audience of young and old with many an hour of the finest music, with all its power of inspiration, healing, or just entertainment. He has worked unstintingly as teacher, organizer and director, adviser and friend.

His high school band, many of whose members began their first musical training in his classes, rates "Tops" in the state, as does his Plymouth Symphony Orchestra, which is made up of local musicians as well as many artists who drive from miles away for the privilege and pleasure of performance under his direction. He has procured many a scholarship to assist his young students to attend the National Music Camp at Interlochen and other clinics, even transporting many in his own car.

He has made Plymouth music-conscious while the worried world has had of music. He is currently being honored by his invited attendance at the Pierre Montoux' School for Conductors (Etude-August 1950) to mingle with the other musicians who are "Tops."

Offer Branch of Service to Army Volunteers

The U. S. Army and Air Force recruiting offices have announced that by enlisting now, young men will have their choice of the branch of service they would like to be in. After receiving draft notifications men are ineligible for voluntary enlistment.

The local army and air force recruiting office is located at the city hall. Enlistments are accepted on Tuesday and Thursday from 10 a.m. to 4 p.m.

Mr. and Mrs. Hubert Danner and family of Detroit were Sunday callers at the Triton home.

City Makes Plans For Library Enlargement

4 Year Old Boy Attacked by Dog

Little four year old Gary King was seriously bitten by the family dog Tuesday afternoon in the garage of his home on Gold Arbor road. Seven stitches were taken in the boy's face near his eye. Dr. Walter Hammond, attending physician, stated that as far as can be determined at this time the eye will not be affected by the bite.

Gary's father, Donald King, was working in the garage at the time of the accident. He said the dog must have hit or teased the dog, as the dog has never been vicious. It is now penned up and is being watched.

Plan Streets For New Smith School

As completion of the new Geo. A. Smith grade school draws near, the city and members of the school board are making plans to begin work on streets adjacent to the school building.

The city commission Monday night authorized City Manager Al Glassford to negotiate with the school board for the purchase of the street on the east side of the school property of a width not less than 60 feet and 600 feet in length if and when all improvements are made to the satisfaction of the city engineer at an amount of \$1,000.

The improvements to be made include a 400 foot curb and gutter, a sanitary sewer in the street in front of the school for a distance of 400 feet, and the grading and graveling of the street for 600 feet to the satisfaction of the city engineer.

At the school board meeting Tuesday night the board voted to make the above improvements.

Vote Monday on Hough School

A special meeting of the board of education of the Hough school will be held Monday, August 14, at 8 p.m. for the purpose of submitting to the electors of the district the proposition of bonding for the building of a new school building.

The over-crowded school district voted down a proposal in June for annexation to the Plymouth township school district. The sum of \$20,000 is asked for the new school building. The polls will be open from 8:30 p.m. to 10:30 p.m.

Dwight Eckler First to Join From Plymouth

Dwight Eckler

Dwight Eckler, football star of the 1949-50 Plymouth High school team, will report for duty today with the United States Marines. Eckler, who is 19, signed up for four years of service. He is the first from Plymouth known to enlist in the services since the outbreak of the Korean hostilities.

The son of Mr. and Mrs. William Eckler of North Holbrook street, he graduated from Plymouth High this year. Eckler was one of the outstanding athletes in his class playing both football and basketball.

Tentative plans for enlarging Dunning library were made at the city commission meeting Monday night when the commissioners supported a resolution offered by Commissioner Perry Richwine authorizing City Manager Al Glassford to obtain the necessary plans and estimates for an addition to the present building on Main street.

The resolution followed a report presented the commission by Commissioner Eleanor Hammond on the need for adding to the existing library facilities. Circulation has increased 100 per cent in five years. The cost of the improvement will come from \$8500 in the city funds budgeted for library purposes.

Parts of Mrs. Hammond's report follow:
"On July 10 at the Dunning Memorial library Mr. Walter H. Kaiser, county librarian, met with Mayor Cass Hough and myself to discuss certain problems of space and safety directly related to the phenomenal growth of circulation since the opening of this building.

"On March 10, 1949, Mrs. Ada Murray, Mr. Kaiser, Mr. Harold Cheek, Mrs. Bessie Dunning and Miss Margaret Dunning met for the same purpose. At that time recommendations were made to the City Commission with the result that \$4,000 was in the budget of the City of Plymouth for the year 1949-50 to be used for library purposes. Due to unsettled conditions, this money was not used. Nothing was done... City Engineer S. L. Besse reported as requested to the Wayne County Library Board on April 27, 1945, regarding his structural inspection. A copy of that letter is on file. That report will apply today, as well as in 1945.

"The physical conditions of the library have not been improved; circulation has constantly increased more than 100 per cent since the move into the present structure, over 800 registrations since March 1950. At present there are over 12,000 volumes housed in the Plymouth branch library. Magazines are having to be placed in stacks in back rooms.

"Having a Wayne County Branch Library in Plymouth has many advantages to its citizens, and there should be no hesitation in spending tax money for such a project. School children

Rock Football Squad Sees Game

The returning members of last year's varsity and reserve football squads of Plymouth High school will attend the Detroit Lion Charity football game on Tuesday, August 15. This trip is made possible by Helmer Nelson, superintendent of Plymouth schools, and Hilton Ponto, football coach.

The maximum of 25 tickets allotted to each high school have been purchased for the contest and the following members of the squads will attend: Bob Gow, Dave Travis, Jack Elliott, Phil Jacobus, Charles Stark, Bob Keneey, Jack Robinson, Larry Jolliffe, Dick Nelson, George Hunter, Bill Runge, Dick Crumb, Don and Ron Beaver, Jim Burger, Gerry Huddleston, Ross Diaz, Jerry Finnegan, Gary Sockow, Gerald McKinley, John Britcher, Jack Dagggett, Ron Finney, Ron Davin and Coach Ponto.

Transportation for the trip will be furnished by school bus under the direction of James Henry.

Wins Honorable Mention in Model Car Contest

Herman Fischer of Plymouth was awarded honorable mention in the Fisher Body Craftsman's Guild model car competition, it was announced by the company this week.

His miniature automobile won for young Fischer a model builders' tool chest. The competition is held annually by the Fisher Body company.

City Market Basket to Award Free Groceries

City Market Basket, 843 Pennington, has announced a special offering this week of free tickets to customers on a gift awarding to be held each Wednesday at 8 p.m. in the store. Mr. Steinman, the owner, stated that the prizes would range up to as much as \$10 worth of groceries and meats.

Congress Shall Make No Laws Abridging the Freedom of The Press

What I Think and Have A Right to Say
By ELTON R. EATON

"FIGHTING REPUBLICANS, INC."

It seems there are one or two Republicans in Michigan who seem to feel that the Republican organization set up under the laws of this state, which includes the Republican State Central Committee, 83 county Republican committees in addition to a number of energetic Republican women organizations, are not the proper groups to lead the Republicans back to victory in this state.

They've called a meeting of Republicans who think that these legal party organizations are not the proper ones to lead the fight to restore these United States back to the citizens of this country—and they want to call it the "Fighting Republicans, Inc."

As we see it, if there are any "fighting Republicans" around who really want to do something to help save this country, they have all the opportunity in the world to do so. They can give their energies and cash to the Republican State Central committee or they can give it to the county committee in the county in which they reside.

These organizations for a number of years have needed a lot of help they didn't get from some so-called "fighting Republicans" who now propose to set up another organization to do what they didn't do in some of the years gone by.

The advice of this Republican to other Republicans of Michigan is you had better stick with your Republican State Central committee and your Republican county committees—and work as you have never worked before—if you have any real desire to save this country from the tragedy that seemingly lies ahead IF we do not do something and do it quickly.

WHY NOT TRY THE SURE WAY?

Congressman Ford of Grand Rapids recently announced that he was going to try and arrange a conference over in that city for the purpose of advising small business men as to ways they can get government contracts. Why not do it the sure way—just get an "in" with Col. Vaughan of the President's office and some of the other five percenters in Washington? There will be no question about success if this method is followed, Congressman.

RIGHT ON THE JOB.

Citizens of this school district should have nothing but commendation for members of the school board because of their alertness in providing suitable facilities for our fast growing school population. Excellent progress is being made on all of the new buildings and indications are that they will be ready in plenty of time for the school opening. The board members, too, are entitled to another good word for the judgment they have used in selecting locations for the new buildings. The city is growing in every direction and the new buildings have been so located that all will be within easy walking distance for the school children.

YES, WHY NOT DO IT?

The patriotic American Legion has demanded that this country take immediate steps to slap into custody every known Communist and fellow-traveler in America. That is a demand that should not be necessary to make. Every Communist in America should right now be in jail—because as sure as the sun will come up tomorrow morning—if he is not put in custody, he will do something to hurt America—and YOU.

Lois Bateman - Paul Wagner - George Smith Named Tops Here

Hooray! Today six residents of Plymouth will be walking on air! Three of them submitted letters about fellow-townsmen in the "Tops in Our Town" contest. The other three are the fortunate and deserving residents of Plymouth named in those letters. All six are in for some exciting prizes, and one will win a wonderful free trip to New York and an appearance on the Betty Crocker Magazine of the Air, coast to coast radio show sponsored by General Mills, Inc. and heard locally Monday through Friday

over Station WXYZ at 10:30. Here they are! Three outstanding favorites of our town, the final candidates on which YOU, the residents of Plymouth, will vote to decide who is "Tops in Our Town" Lois Bateman, George A. Smith and Paul Wagner.

Plus the joy and satisfaction of writing a letter which brought recognition to the three Plymouthites Charles Brake, Mable Spicer and Mrs. Fred L. Green, will each receive a General Mills' automatic toaster, a box of General Mills grocery products, and

a Gold Medal scroll.

One of the three people they wrote about, either Mrs. Bateman, Mr. Smith or Mr. Wagner will go to New York by plane or train with a companion of choice. They will stay at the luxurious Statler hotel, attend the latest Broadway shows, the Radio City Music Hall, dine at famous restaurants such as Billy Rose's Diamond Horseshoe, and go on sight-seeing trips to New York's familiar landmarks.

the city and their possible solutions. A summarization of his speech follows:

"An over-all paving program is necessary on a four or five-year basis, since roughly more than half of our streets are unpaved. Paving should be done on a system of priorities. Farmer street should be completed to the city limits, and Garfield should be taken care of to accommodate traffic from Penniman avenue to Ann Arbor trail. Main street from Penniman to the eastern city limits should be resurfaced. Any paving program, of course, depends upon whether or not all of the underground installations of

water and sewer have been made. "After the necessary underground installations have been made, curbs and gutters could be installed, assessed on a three-year basis; and after payment has been completed, blacktop installed and paid for by special assessment, also on a three-year basis. Any program, however, depends upon financing. The city does not carry a reserve large enough to embark on any paving program.

"We can do short lengths of street and odd jobs on sewers and sidewalks here and there, but it will be necessary to finance the over-all paving program by a bond issue, approved by a vote of the people. It is my opinion that if we present a conservative program of paving and financing to the voters from time

to time, they would approve the bond issues.

"In connection with the parking problem, at certain times—especially on Friday and Saturday—it is very difficult to find parking space near the stores. There are several methods of solving the parking problem and to obtain the necessary information to do an intelligent job. One method is to hire a traffic engineer and do the job ourselves. Another is to engage an engineering company. A third is to allow a bonding consultant to make the survey.

"Such a survey will show the parking habits of persons shopping in Plymouth—the shopping habits, the routes traveled, and oftentimes from the surveys, excellent suggestions are obtained from shoppers relative to the parking problem and its solution. From a survey it is also determined what size lots should be constructed, the parking time limits allowable, and the best locations of lots. Financing the parking lots can be done by issuing revenue bonds to be paid from parking meter funds. By issuing revenue bonds no additional load would be put upon the taxpayers, since a portion of the parking meter funds would be set aside for bond retirement.

"Almost every day someone speaks to me on the subject of annexation. In considering annexation we should think of what the city can offer the township, what the township can offer the city, and when and how to annex. We can offer police and fire protection, health regulations, good water supply, food establishment inspections, lower insurance premiums, garbage and rubbish removal, snow removal, street maintenance, and eventually, pavement. The annexed area can offer us room for planned expansion, increased assessed valuation and an increase in population.

"I believe civic groups, such as Kiwanis and the Chamber of Commerce, should interest themselves in this project, provide committees for education, organize discussion groups, and thoroughly familiarize the public with the needs of the city and the township before any attempt is made to bring the matter to a special election. For annexation, it will take the affirmative vote of the area to be annexed (this vote is kept separate) and the combined affirmative vote of the city and the township. One of the jobs of the study groups should be to determine what area should be annexed, whether or not the whole township should be considered, or only a portion.

Charles Rathburn, Plymouth township supervisor, proposed 20 years ago, at the time the city incorporated, that the whole township be incorporated as a city. He certainly was far-sighted in this matter and, had we followed his advice, the problem would not be facing us today.

"In conclusion, annexation is most essential to provide funds to carry out a program of improvements in the whole area, to provide additional space for homes and factories, and to control zoning and planning."

Jean Kellems Weds Donald Zander at First Methodist Church

Diminutive Jean Lucille Kellems selected a white lace ballerina gown for her wedding to Donald Charles Zander last Saturday evening in the First Methodist church. The bride's parents are Mr. and Mrs. Carlos Kellems of Cherry Hill road and Mr. and Mrs. Carl Zander of Starkweather avenue are the parents of the bridegroom.

The Rev. Meibourne Johnson performed the ceremony before the altar decorated with palms, white gladioli and mums. Joe Cicerelli sang "Because" and "The Lord's Prayer" during the ceremony.

The bride's fingertip veil of net was held in place by a braided coronet and she carried white roses. The bridegroom's sister, Avis Zander, was maid of honor. She wore a toast color net ballerina gown with a satin jacket and she carried a bouquet of blue baby mums.

Bridesmaids were Betty Stone and Marguerite Kellems and were dressed in yellow and aqua gowns styled after the maid of honor's. Both carried bronze mums. Carol Ann Thomas was flower girl. Charles Truax was best man and William Stout and Noel Litzenger ushered.

A reception for 200 guests was held following the ceremony at the Western Wayne County Conservation clubhouse. Friends of the young couple came from Plymouth, Detroit, Ypsilanti, Northville and Ohio.

Mrs. Kellems, mother of the bride, chose brown satin with matching accessories and a corsage of white carnations for the occasion. Mrs. Zander wore a navy blue sheer, also with matching accessories and white carnations.

For her wedding trip to northern Michigan, the bride wore a gray sharkskin suit with white accessories. The newly-weds, both graduates of Plymouth High school, will make their home at 877 Starkweather avenue.

Mrs. Harold Finlan of Plymouth, Miss Agnes Schoeb of Dearborn and Frank Assenmacher of Mary Knoll, New York motored to Frankenmuth on Saturday where they enjoyed dinner.

**IF YOU'RE PALE
AS A GHOST!!**

When your skin has a pallor (sallow complexion) with that faded-out look, or your nerves are jaded and you have that "all-in" feeling, it is usually due to one thing, that is:

BLOOD POVERTY

Your blood cells may be fagged-out or shrunken, and you might not realize it. Even if you eat the "best" foods you may not be getting all the good out of your meals simply because you have SLOW digestion, without knowing it (or gassy stomach) and as a result you are a victim of Blood Poverty! In other words, your blood is not getting the fullest good out of what you eat. So your blood-cells become worn-down and you have only half as much energy as you really need, you get up in the mornings still tired, and your nerves become dull.

Hundreds here in Plymouth suffered with "faded-out" blood and stomach gas until they got CERTA-VIN. This is the new medicine containing 12 Herbs blended with Vitamin B and Iron; you take it before meals and it works with your food. Benefit comes quickly. Your food digests FASTER, with less gassiness, and you get more good out of your meals.

In a few days your blood is energized with new red cells and your nerves become stronger. Weak, rundown people tell us they soon feel different all over. And best of all, our price on CERTA-VIN is reasonable. You can actually take this New, modern medicine for only a Few Cents a Day! So don't go on feeling half-sick and half-well. Get Certa-Vin.

City Makes Plans for Library Enlargement

(Continued from page 1)
and adults alike work there. There are available to any card holder for the asking not only the books on the Plymouth branch shelves, but those on any of the other branch library shelves. Here lies one advantage of being part of a big system. Volumes too expensive for individual libraries to own are circulated from branch to branch.

"Financing of this service at the local level is comparatively low. To each branch the Wayne County Library Board furnishes: staff, books, utilities, and overall administrative costs. From December 1, 1943, to November 30, 1949, this outlay at the Plymouth Branch was \$19,187.88. Over and above administrative costs, of which our share would be approximately \$10,000. By agreement the City must furnish ad-

quate housing for the Branch library.

"Five years ago a very fine gift of building and site was made to the City by Mrs. Bessie Dunning and her daughter, Margaret Dunning. With the 100-plus per cent increase in circulation since that time, which attests to its value, this building is no longer adequate. Plymouth, with less than 2,000 square feet of space, has 4496 registration, 12,000 volumes on the shelves, and yearly circulation of over 100,000. The need is for 4,200 to 6,000 square feet of space.

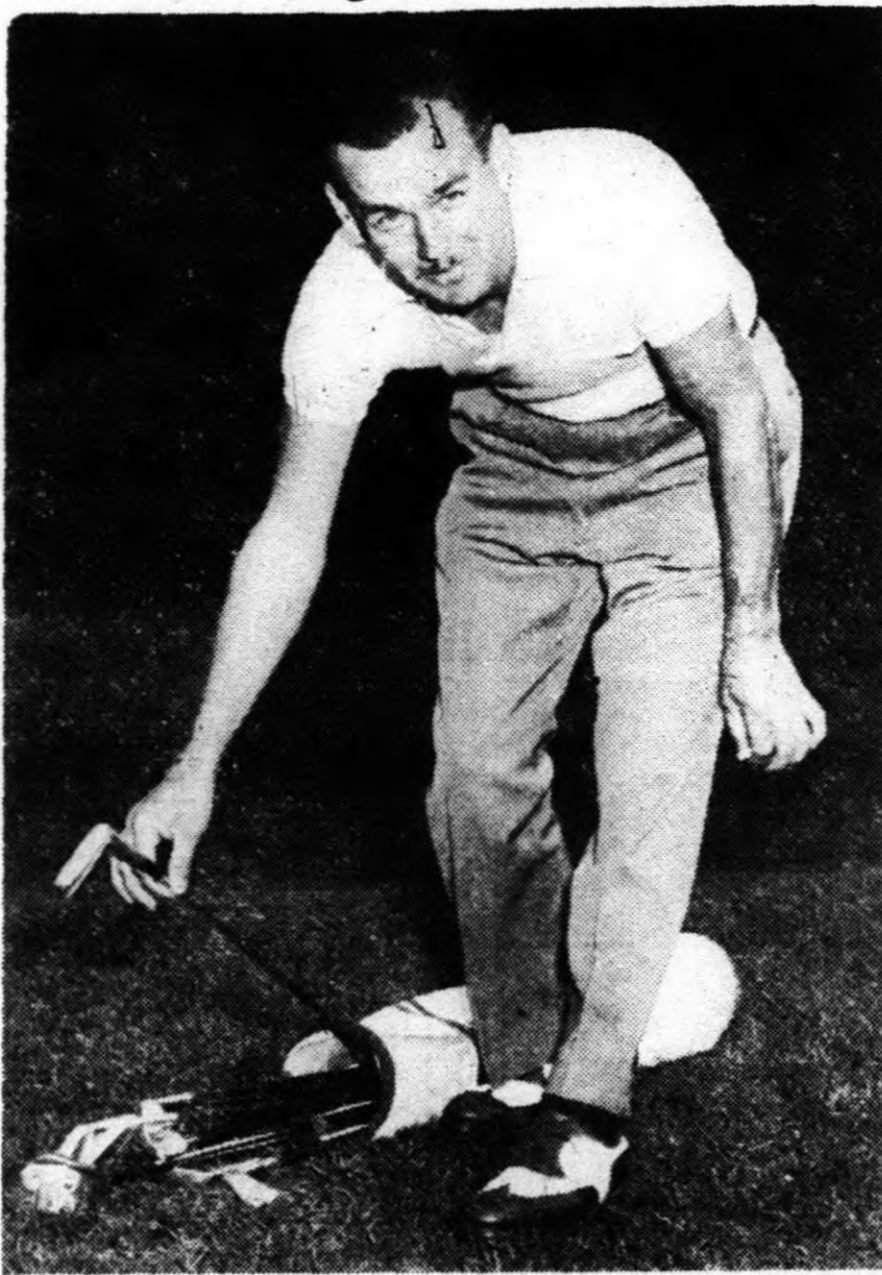

"An earlier report has shown the poor economy of trying to repair and use the second floor of the present building. The Wayne County Library Board is opposed to its use due to entailed extra staff costs.

"With \$4500 in the Plymouth City budget this year for library costs a start should be made. Plans can be drawn and accepted; foundations can be laid; non-perishable building supplies can be stocked.

"City of Plymouth registrations are 48 per cent of the total. Rural Plymouth registrations are 38 per cent of the total. In the light of these figures it would seem that some help might be forthcoming from the rural areas, either as direct appropriations or as gifts."

Mrs. Glenn Fraleigh was the guest of Mrs. Manuel Mandez in Detroit all day Wednesday.

Defends City Golf Champ Title

Tom Lock, winner of the city amateur golf championship last year and in 1947, prepares for some last minute practice before competition in the fifth annual city golf tournament to begin Saturday at Hilltop Golf course. Entries for the contest will be taken until tomorrow night and many Plymouth area golfers have already signed up. If Lock wins the title again this year—for the third time—he will be allowed to keep the Plymouth Mail trophy, awarded annually to the winner.

Lois Bateman, Paul Wagner, George Smith Named Tops Here

(Continued from page 1)
candidates in the "Tops in Our Town" contest receives a General Mills' automatic toaster, a box of General Mills grocery products, and a Gold Medal scroll.

So now it's all up to you, residents of Plymouth, to decide who is "Tops in Our Town."

Let's make the vote one hundred per cent and send our winning favorite, the "Tops in Our Town" off with our heartiest support to New York to appear on the Betty Crocker Magazine of the Air. Let's all put Plymouth on the air and let everyone from coast to coast know the person who is "Tops in Our Town."

One of these three popular

residents of Plymouth is worthy of that title! A ballot box is attached for you to cast that vote! But Hurry! Time is short! The deadline is midnight Sunday, August 13.

Don't forget! You have until midnight Sunday, August 13 to think about the three finalists in the "Tops in Our Town" contest and to cast your vote for the person you think most deserving of this worthy title! All three candidates are favorites in this town so we expect a close election. But you can do your share by making the vote one hundred per cent and sending our winner, the "Tops of Our Town" off with your good wishes to New York to appear on the Betty Crocker Magazine of the Air.

Clip out the ballot and vote for your choice for "Tops in Our Town" contest, c/o The Plymouth Mail, Plymouth, Michigan, or drop it in the special ballot box set up in the lobby of the newspaper office.

Remember! The deadline is Sunday midnight, August 13. Get your vote in now for the "Tops in Our Town!"

By CARL PETERSON

A lot of folks with a sweet tooth and a sour outlook who were getting worried about the sugar supply now ought to be as relaxed as a dish of warm ice cream. Since the govt. bought up the remaining 600,000 tons of Cuba's 1950 crop we are in a mighty sweet situation. This new purchase means we have nearly 1,000,000 more tons available than the entire nation consumed in 1949. This should make the lollipop set, dentists and non-hoarders as happy as an ant at a picnic. However, it may come as a shock to the panicky people who tried to buy up all the sugar in sight. Guess we all better stop having day-mares.

Some years ago, a favorite slogan in advertising was "Try the drug store first!" Today in Plymouth it's "Try Peterson Drug first!"

In Connecticut a Navy ensign bailed out of his faltering plane. He landed safely in a tree, but when he climbed down a dog bit him in both legs. Who says a dog is man's best friend? On a hot summer's day... a man's best friend is a refreshing drink from our fountain. Drop in and cool off after the show... or during the day. We're always glad to see you at PETERSON DRUG, 840 W. Ann Arbor Trail, Phone: 2080.

Minor variations have been added to the tournament program, the principal change being the number who will qualify in the championship flight. Thirty-two will be bracketed into this flight, and the 16 losers in the first day's match play round will

take over the first flight bracket. The remaining 48 qualifiers will be bracketed as follows: 16 into second flight, 16 into third, and 16 into the fourth flight. The change in the championship flight set-up will result in the semi-finals and the finals both being played on the closing day, Saturday, August 26. All finals for this year will be decided in 18 holes of play.

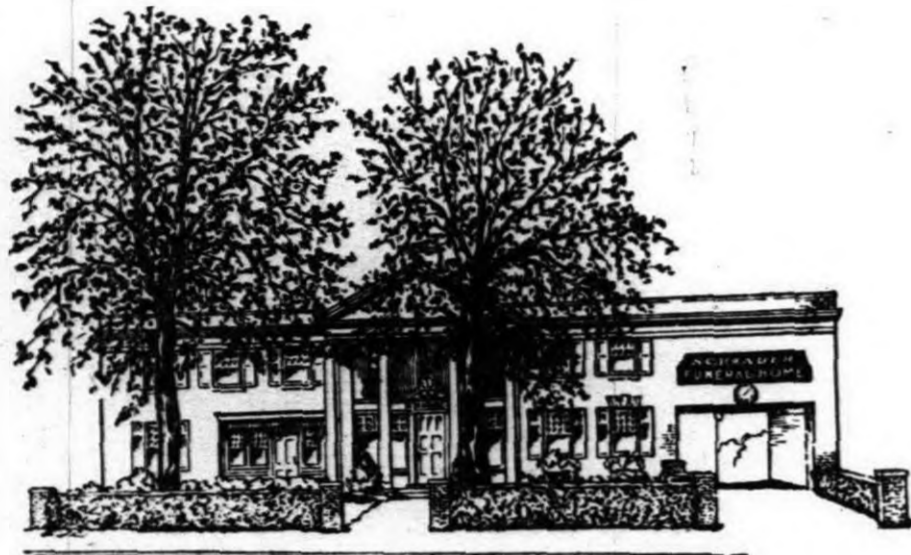

The tournament committee again wants to impress on the local golfers that this tournament provides competitive golf for the expert and novice golfer alike. Third and fourth flight players are usually golfers who shoot in the 90 to 100 scoring range. Prizes and trophies are equally as desirable in all flights.

entering its fifth year, is highly regarded as the city's top golf event. Spectator interest as well as player interest gains each succeeding year. The public is urged to attend and view the tournament throughout its three week-end span, dates being August 12, 13, 19, 20 with finals on Saturday, August 26.

Five of the low ten qualifiers in the tournament will represent Plymouth in the Michigan State Recreation Golf tournament to be held in Ypsilanti September 9.

Records of the National Safety Council show that about 1,200 persons drown in each of the months of June, July and August. When you get in the vacation swim, be careful.

Maccabees

The next general business meeting of the Plymouth Tent-Hive No. 156 will be Wednesday, September 6, at 8 p.m. with pot luck supper at 6:30. All members please be present and start the fall season off with a bang.

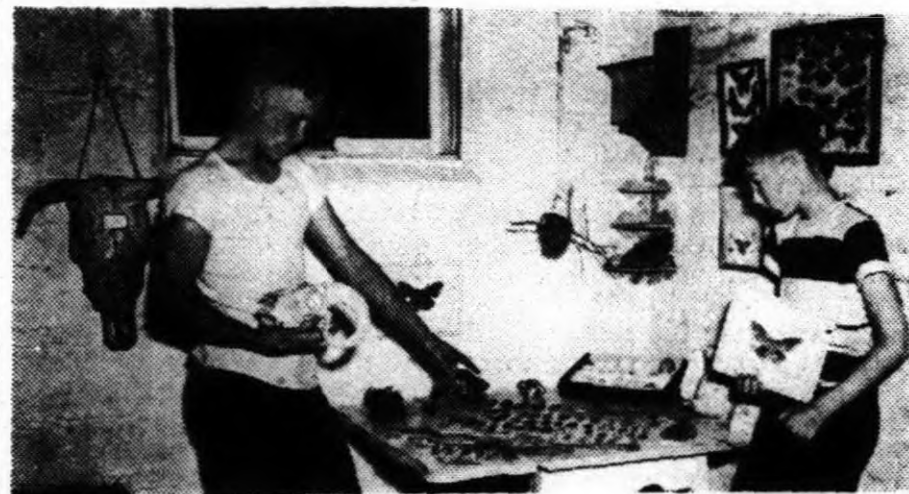

Our fall project will take place Wednesday, October 18, in form of a "Country Fair." We are hoping to have fancy work, notions, a fish pond, baked goods, fruits and vegetables. Every member is asked to take part by donating to the different booths. Full details will be given later.

An invitation is extended to the men of Tent-Hive No. 156 to come and take part at our next meeting and supper, Wednesday, September 6.

A crocheted pineapple design sofa set will be given to the lucky number at our "County Fair." Get your ticket from any Maccabee.

Boys Exhibit Nature Collection

Bill Bloxom, holding skull, points out an unusual shell to Tony Worth, as the two boys prepared their nature collection for display this week in the lobby of the Plymouth United Savings bank. In the past few years the boys have collected a number of butterflies, moths, birds' eggs and nests, and unusual stones.

Serious study of the sciences of geology and zoology is usually considered by most young men when they reach college age, but two Plymouth youngsters are already on their way to a straight "A" average in both subjects.

The youngsters are Bill Bloxom, 15, of Adams street, and Tony Worth, 12, of North Territorial road. The extensive nature collection belonging to the two boys will be on display this week in the lobby of the Plymouth United Savings bank.

Bill began his hobby six years ago and he teamed up with Tony in 1947. A breakdown of their collection shows 35 butterflies, mounted and framed; eight skulls, 11 moths, 150 stones, 49 nests, 73 eggs, 99 shells, 75 arrowheads and several Buffalo points and spearheads. Most of the articles were found in and around Plymouth though some of the stones, fossils and skulls were given the boys by friends. Tony, who once lived in Florida, has a

large group of beautiful shells which he picked up along the beaches there.

Tonquish creek has proved a good hunting ground for the two nature enthusiasts and several pieces of old Indian pottery were found there.

The boys, observing conservation department regulations, collect birds nests in the fall, after the regular mating season. The birds' eggs in the collection were either found on the ground or in abandoned nests. A tiny egg in the collection the boys identified as a hummingbird egg.

The amateur geologists have collected stones from the Devonian Age, a Cypreca Tigris from the South Pacific, and the Laurentian Plain, and pieces of fool's gold and amethyst quartz.

The world does move! By the time our newest history books are bound, many of their statements are no longer binding. —Noel of Maywood

Quartet Presents Church Program

The Christian Brotherhood Quartet, well known radio singers, will present a program at the Plymouth Church of God August 13 at 7:30 p.m. Members of the quartet are, left to right, Ernie Gross of Anderson, Indiana; Charles Wood of Detroit; Paul Jenkins of Roanoke, Virginia, and Paul Clausen of Anderson, Indiana.

The Plymouth Church of God, located at Plymouth and Newburg roads, will have the Christian Brotherhood Hour quartet with them for an evening service August 13 at 7:30 p.m.

The quartet is featured weekly on the Christian Brotherhood Hour and can be heard locally over WEXL, Royal Oak, at 4:30 p.m. each Sunday.

This broadcast is heard regularly from coast to coast, and from Alaska to Panama and will soon be beamed by shortwave to Europe. At present this Christian Brotherhood Hour has a potential listening audience of 75 million people.

Before singing on this broadcast this quartet traveled widely in the midwest and east representing Anderson college. Their tour this summer will carry them through 13 states and Canada. In Canada they will appear on the program of the "International Youth Convention of the Church of God" and will be heard through the Canadian Broadcasting corporation.

The members of the quartet are Ernie Gross, Charles Wood, Paul Jenkins and Paul Clausen. On Wednesday, August 16 Rev. Leon C. Atwell will be at the church as the guest speaker at 7:30 p.m. one night only. An invitation is extended to all to hear this fine quartet and Rev. Atwell.

Food For Fed-Ups

By Melbourne Johnson
Pastor First Methodist Church
The great statesman and leader of men who once said that God must have been fond of the common man because He made so many of them gave us something well worth pondering over. God is fond of the common man, with just the common gifts and graces, who is willing to fill his quite ordinary place up to the limit of the best that is in him, because He needs such a man very much in this world of His that has such a multitude of commonplace every-day sort of things needing to be done in it in every hour of every day that passes.

We have no quarrel with the leaders of men and the great ones that are sent among us occasionally. A multitude of fine enterprises would never be undertaken at all if these great ones did not come along once in a while with their clear vision and courageous spirit and show us the possibilities and get us started. But pointing out possibilities and getting enterprises well under way is only the small end of achievement after all. Before fine success is ever reached in any kind of worthwhile enterprise very many just

ordinary people have to fall in line behind the leaders and perform quite ordinary tasks with faithfulness and patience and honest and sincere purpose.
There are just about one thousand ordinary things to be done in every day as compared with one spectacular and manifestly significant thing, and whether the day will show a good record will generally depend very much on whether the thousand are well done quite as much indeed as on whether the one is. Doing commonplace things well may at times seem a rather hum-drum business, while we are engaged at them but there is nothing in all the world that tells more significantly when the whole record of life's enterprises and achievement is counted-up.

BIDS WANTED
Sealed Proposals For The Furnishing & Installation of Cabinets For The Bird Elementary School Plymouth, Michigan

Plymouth Township Schools will receive sealed proposals for the furnishing and installation of cabinets in the Bird Elementary school, Plymouth, Michigan, until 8:00 P.M., E.S.T., Tuesday, August 22, 1950 at the office of the School Board at the High school building, Plymouth, Michigan, at which time and place all bids will be opened and publicly read aloud.

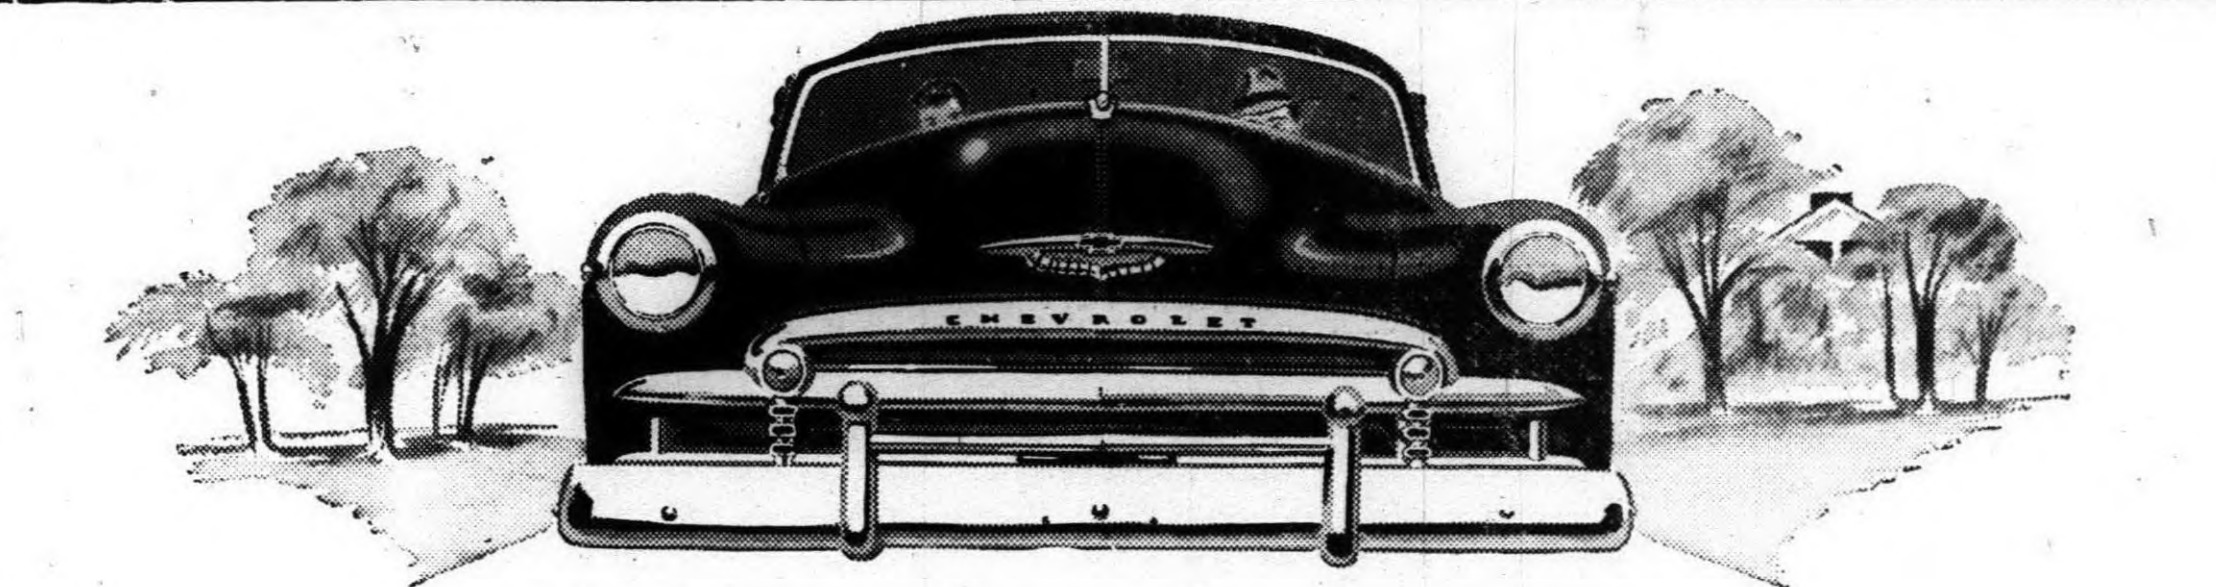

Plans and specifications for this work, together with all instructions to bidders, and proposal forms, may be obtained on or after Thursday, August 10, 1950, at the office of Thomas W. Moss and Nathaniel O. Gould, Architects and Engineer, 320 South Main street, Plymouth, Michigan, and at the office of Eberle M. Smith, Associates, Inc., 153 E. Elizabeth, Detroit, Michigan. A \$20.00 deposit will be required for the plans and specifications, which will be refunded upon their return in good condition. Also a rental fee of \$2.00 per day will be charged to contractor who retains plans and specifications longer than agreed.

Proposals shall be submitted in duplicate on forms furnished by the Architects and Engineers. All bids must be accompanied by a certified check or bid bond by a recognized surety company, for 5% of the amount of the bid submitted, made payable to Plymouth Township Schools. This certified check or bid bond is a guarantee that the low bidder will, in case his bid is accepted, enter into contract within ten days with Plymouth Township Schools to construct the work proposed. The check, or bid bond, of the successful bidder will be forfeited to the Plymouth Township Schools upon failure to enter into such contract and to give such bond. The check, or bid bond, of the successful bidder will be returned as soon as contract is signed.

No bidder may withdraw his bid within thirty days.

The right to reject any or all proposals, and to waive any informalities in any bid is reserved.

Plymouth Township Schools, Mrs. Marian B. Morrow, Secretary.

Only Chevrolet offers such a wide and wonderful choice ... and at the lowest prices, too!

You can choose between Styleline and Fleetline styling

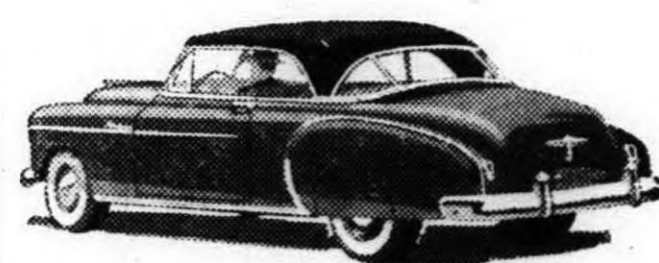

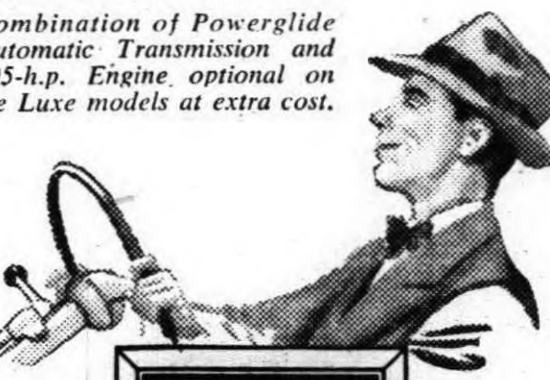

Many an admiring glance will follow you when you roll by in your new Chevrolet with Body by Fisher. That's true whether you choose a Chevrolet Styleline model, with "notch back" styling, or a Chevrolet Fleetline model, with "fast back" styling. Both are available on all Chevrolet sedans and at the same prices! Remember—Chevrolet is the only low-priced car offering these two outstandingly beautiful types of styling... thus giving you an opportunity to express your own individual taste.

You can choose between Automatic and Standard Drive

You have an enviable choice of engines and drives in Chevrolet, too. You can have the sensational Powerglide Automatic Transmission* and 105-h.p. Valve-in-Head Engine for finest no-shift driving at lowest cost, or the highly improved standard Valve-in-Head Engine and Silent Synchro-Mesh Transmission for finest standard driving at lowest cost.

*Combination of Powerglide Automatic Transmission and 105-h.p. Engine optional on De Luxe models at extra cost.

You can choose between the Bel Air and the Convertible

And if it's a sports model you want, here's your car! Choose the fleet, fashionable, steel-topped Bel Air, with extra-wide windows and gray, leather-trimmed upholstery, and have the only car of its kind in the low-price field. Or the equally beautiful Chevrolet Convertible, with automatic top that lifts or lowers at the touch of a button, and have the finest Convertible in its price range. Or choose the all-steel, four-door Station Wagon—smartest in its field—listing for \$260 less than last year.

Leichtweis Singles in Last Inning to Win Game For Beglinger

Beglinger just edged out Cavalcade 3-2 July 31 to put Cavalcade and DeHoCo in a first place tie. Gabby Street was the winning pitcher due to Don Leichtweis' game-winning single in the last inning. Street allowed six hits. Thibodeau pitched for Cavalcade and allowed only four hits.

Cavalcade scored a run in the third inning to take the lead. Leggett, leading off, was safe on an error. Then on singles by Craigie and Buetel, Leggett came across. In the sixth for Beglinger they finally scored two men to take over the lead. Schultz, leading off, was safe on an error; Newton singled sending Schultz home. Egloff then was safe on another error and drove Newton on home. Hunt then hit back to the pitcher who threw him out at first. The first sacker then threw over to third to get Egloff trotting in to end the inning.

Playoffs Start For Old Timers

In the Old Timers' playoffs played August 2, Dunn Steel out-slugged Allen to the tune of 10-7. Herter was the winning hurler and Atchinson the loser. Dunn Steel scored one run in the first and second and two in the third to take a 4-0 lead. In the fourth for Allen they went wild as they collected seven runs on eight hits. In the sixth Dunn Steel went ahead as they pushed four more runs across on five hits and an error. In the seventh Dunn Steel strengthened their lead by scoring two more runs. In the other playoff game VFW won another slugging test over the Contractors 10-8. Burley was the winning pitcher and Rorabacher the loser. VFW scored two runs in the first and in the fifth, four in the sixth and two in the seventh. The Contractors scored one run in the first and fourth innings, four in the fifth, and two in the sixth.

Cavalcade Back to 1st in League

Cavalcade bounced back into first place again by defeating DeHoCo 9-1 August 3. Larue hurled for Cavalcade and allowed six hits while striking out eight men. Harrison hurled for DeHoCo and he allowed 13 hits. Cavalcade scored three runs in the first inning as Craigie, leading off, walked; Paison singled and Lula batted a home run. In the second Cavalcade scored two more runs on three more hits. Two more runs came across in the third and two more in the sixth as Harrison blew up. DeHoCo scored their only run in the third as Gregory singled and scored on a double by Mueller. Beglinger won their game with South Side by the score of 8-3. Street was the Beglinger hurler and Wellman hurled for South Side. After being held hitless for the first two innings Beglinger's pushed across five runs in the third on one hit, two walks and errors. In the fourth Beglinger scored one more run and in the sixth two more. South Side scored their first run in the sixth inning as Robinson and Bramar came across. In the seventh one more run was scored as Wellman was safe on an error and scored on an infield out.

Sandmann Wins For Dunn Steel

Dunn Steel continued to knock off any team they play by downing Daisy 9-0 July 31. Sandmann hurled for Dunn Steel and allowed only two hits, both being by Schaefele. Sandmann also paced his team in the batting department by hitting a home run, double and single besides walking once and being hit by the pitcher. Reid and Farwell were also heavy on the bat as Reid smashed three hits and Farwell two. Cecil was the Daisy hurler and gave up nine hits. It was a very close game up to the fourth when Dunn Steel finally exploded and scored three runs. Farwell, leading off, was safe on an error; Reid doubled scoring Farwell, Sandmann doubled scoring Reid, and Litzberger scored Sandmann when he was safe on an error. In the fifth Dunn Steel continued to blast away and scored five runs. In the sixth Dunn Steel pushed across one more run. Sandmann held Daisy to two hits and only three men got as far as second.

r. Dobbs singled putting two men on. Then Don Leichtweis won the game by getting a broken bat hit into center field.

The Plymouth Recreation Class D all-star team won the Detroit Times out-state tournament held at Ann Arbor Friday and Saturday. This team will go to Briggs Stadium Saturday to play a group of Detroit all-stars for the state championship. The game will start at 10:30.

Walter Dzurus, who managed the Daisy team to the state finals last year is the manager of the Plymouth Recreation all-stars and is assisted by Conny Schauffman of Wayne. A lot of credit should go to Walter for his fine coaching of the Daisy team and the all-stars. He had to take a day off from work at Daisy Air Rifles to go to Ann Arbor with the boys. It was due to his excellent coaching that the Plymouth all-stars will play in Briggs stadium.

The all-star team is composed of four Daisy players—Tom Fairbanks who was the outstanding player of the tournament; Dick Fenton, who did a good job at short; Wally Dzurus, a fine pitcher; and Don Healy, who did a fine job at third and in the outfield.

Besides these Daisy players there are four all-stars from the Wayne team—Charles Law, an outstanding catcher; James Martin, a pitcher; Hugh Fritz, a first baseman, and last but not least, Charles Templeton. Templeton hurled for the Plymouth Recreation all-stars in their second game when they played Owosso. Templeton pitched a very fine no-hit game as the Plymouth all-stars won 11-0. For his no-hit feat Templeton will go to the Yankees for a week to see if he can get into their farm system and if he turns into an outstanding hurler he may be playing for the Yankees some day. We would like to wish Charles the best of luck in his debut with the Yankees.

Ann Arbor had three all-stars, Ypsi two, Garden City two, and Pontiac three. The Plymouth all-stars played the Dearborn all-stars in their first game and won 6-4. In their second game with Templeton hurling his no-hitter they won 11-0. In the final game with the Pontiac all-stars they won 2-0.

We would like to thank the Plymouth Recreation director, Herb Woolweaver, for his fine work in putting across this Hearst tournament. Herb was in charge of the preliminary game held at Plymouth and he did a fine job as the tournament went off very nicely. Above all we would like to wish the very best of luck to Walter Dzurus and his all-stars in their game at Briggs Stadium. Let's try and get a large crowd at the game to cheer our boys out to victory. It really means a lot to these ball players to be playing in Briggs Stadium and let's show them we appreciate their fine ball playing.

Daisy Wins Over Inkster Harrison

Daisy of Class D fowned Inkster Harrison again, this time by the close score of 6-5. Sharke was the Daisy hurler and allowed four hits while striking out nine. Fowler hurled for Inkster.

Daisy started out in the first inning as they pushed one run across. In the third one more run came across when Dzurus walked and scored on a single by Fenton. Inkster also scored one run in the third.

In Daisy's fourth Little scored as Inkster made three errors while trying to get him out. In the fifth for Inkster they went ahead by scoring four runs on two hits and two walks. Daisy went ahead again as they scored three runs in the fifth as Dzurus walked, Healy and Fairbanks singled and Fenton doubled scoring them. On Thursday Daisy lost to Wayne 8-2 as they were stuck without a pitcher. Healy started and was relieved by Fenton in the first inning. Fairbanks came in in the last inning to finish up.

LET'S RETURN PRICE CONTROLS!

Now, when our country is faced with the present critical situation, the only way to stop unjustified price rises and profiteering, is to return ceiling prices on Commodities.

As merchants, we realize that ceiling prices will be a nuisance, but it is the choice of the lesser of two evils. We urge you to write to your congressman today... price controls must be established, profits during this emergency be limited, and that anyone dealing in the black market be judged committing an act of treason.

We, at Grahm's, pledge, that there have been no price raises as yet by us or the nationally famous manufacturers whom we represent, and we will continue our policy of traditionally low prices.

Hints For Plymouth Homemakers

Try Tricks of the Trade for Preparing Corn and Tomatoes

Although preparation or cooking may mean merely the slice of a knife for tomatoes or dropping ears in boiling water for corn, there are a few "tricks of the trade" and facts about these choice summer vegetables well worth reviewing. Here are several of them that are practical.

Starting with corn, we might first review the common use of the terms "sweet corn" and "roasting ears." "Corn on the cob" refers in either case to the way the corn is eaten.

When field corn is at the tender milk stage it makes good corn on the cob. This corn is commonly referred to as roasting ears. Sweet corn has been developed especially for human use, has a high sugar content and stays sweet longer.

While cooked corn on the cob is our favorite method of serving,

fresh kernel corn is an equally tasty dish. In making creamed style corn, the kernels are cut off before cooking. For whole kernel style, the corn is cooked on the cob until the milk sets, then cut off and cooked until tender.

If you have access to a good supply of fresh corn, it may be preserved for winter meals either on the cob or as cut-off corn. Remember that it is a rather difficult vegetable to can, and must be canned under pressure. Corn for freezing also needs special care. It must be handled quickly to avoid flat souring which might develop and spoil the pack.

During August and most of September, one of the best home grown vegetable buys in Michigan is tomatoes. Michigan growers will again supply thousands of tons of this healthful vegetable at economical prices. Tomatoes are one of the best and cheapest sources of Vitamin C—alert homemakers will serve them often.

We need at least one good serving of this vitamin each day and tomatoes rank with citrus fruits in our Basic Seven food groups, high in Vitamin C. We get the most food value out of tomatoes when we eat them raw, or fresh. However, they keep most of their vitamin value when properly cooked or canned.

Tomatoes are one of our easy-to-can vegetables. They may be "put up" either by hot or cold pack, and make a tasty and economical winter vegetable supply. For canning, figure one bushel of fresh tomatoes to yield 15 to 20 quarts, depending on amount of waste. Buying firm, ripe tomatoes, smooth and regular in shape will help avoid waste.

MARMALADE BISCUITS. Have you tried marmalade drop biscuits for Sunday breakfast? They are one of the easiest special breads that you can make. Put a spoonful of amber marmalade into each greased muffin cup. Then cover with a drop biscuit batter made from a mix, or from your own recipe. Use enriched flour in the biscuits to give your family needed B-vitamins and iron, as well as a wonderful treat. Bake marmalade biscuits in a hot oven (450 degrees F.) 12 to 15 minutes.

Take Steps to Prevent Mildew in Hot Weather

Muggy, warm, summer weather is the ideal time for the molds to grow that cause mildew. They thrive on cloth, paper, wood and leather. Mildew discolors, leaves a musty odor and causes decay.

First step in preventing mildew is to remove moisture. Windows and doors should be opened for airing only when the air outside is cooler and drier than the air inside. A cool night is a good time to freshen the air in the entire house and a little heat in a stove will speed up the drying process.

Electric fans are helpful in circulating the warm damp air out. A small electric light burning in a closet is sufficient to dry out the air and a fan may be used for circulation.

One of the chemicals available to absorb moisture is calcium chloride. If a musty odor persists it may be removed by sprinkling chloride of lime in the areas, as on a basement floor.

A few simple rules will help you to prevent mildew from growing on clothing and other household articles. Never allow damp or wet articles to lie around. Stretch out to dry all moist or wet soiled clothing and unironed dampened garments. Sprinkle only enough pieces for one day's ironing. Give leather articles a coat of wax before storing. Remember to wax the soles of shoes, too.

SIMPLE DESSERTS Simple, nutritious desserts should be the rule for everyday service. Occasionally make scones to serve with rhubarb sauce, apple sauce, or fresh or canned fruit. These rich biscuits provide the six-way nourishment of enriched flour. Squares of bread pudding covered with a sweet fruit sauce, custard sauce, or butterscotch sauce are favorites and good for the family, too.

MEAT CUT Quiz

Q. What is the name of this cut of meat?
A. Veal round steak or veal cutlet.
Q. Where does it come from and how is it identified?
A. It comes from the veal leg. It is round or oval in shape with a small round bone.
Q. How is it prepared?
A. By braising or pan-frying. In braising the meat is browned on both sides, a small amount of water is added, the pan covered and the meat allowed to cook slowly until tender. In pan-frying, the meat is slowly cooked, uncovered, in shallow fat. It is turned occasionally to insure even cooking.

DAINTY SANDWICHES Dainty sandwiches garnish a salad tray and are easy to eat. To make them, remove crusts from enriched bread, then spread with softened butter or margarine. Cover half the slices with egg salad, the rest with ham salad or other desired filling. Cover with more bread, then cut into fingers or squares. Give variety to the tray with sandwiches of party rye or date-nut bread spread with cream cheese.

Use softened butter spread to the very edge of the slices for sandwiches to keep the filling from soaking through. Both slices should be buttered—not too thick and not too thin, advises Elaine Mishler, Michigan State college home economist.

Supply of Blueberries and Red Tart Cherries Plentiful

If you're keeping tab of Michigan fruits and vegetables in seasonal heavy supply, put blueberries and red tart cherries high on the list this week.

We are fortunate in having a good local supply of both these popular small fruits. Michigan is especially famous for red tart cherries, being the number one state in production of tart varieties. This season growers will harvest their largest crop in history—good news for lovers of cherry pie.

Depending on how well your family likes cherries, they may be bought by the pound, lug or case. A lug or case weighs 25 pounds and makes about 30 pints for canning.

In many cases the popular 30-pound tin packs are more economical for canning and freezing than if the homemaker buys and pits fresh cherries. Canning companies pack them already sweetened and pitted. Most frozen locker plants now handle the frozen 30-pound cans.

Cherries can add life to meals in many ways other than in pie. Popular uses range all the way from beverages through breads, cakes, desserts, meat dishes and salads.

While most tart cherries are sold in the frozen or canned form, we buy blueberries mainly as fresh berries in cellophane covered pint containers.

From now through early September is the time to buy blueberries for canning, freezing or eating fresh. They have a long season, with several "pickings" between now and frost time. Michigan, New Jersey and North Carolina are the three major production states for cultivated blueberries.

We can list several good reasons besides delightful flavor

why blueberries are one of our berry favorites. They have many uses, no waste, keep well and freeze easily. They can be frozen either with or without sugar.

Blueberries are most often used for pies and muffins, or served fresh with sugar and top milk or cream. They're delicious in pancakes, waffles, fritters and coffeecake. Many homemakers use them for tasty blueberry Betty, gelatin salads, cobbler and jellies.

If you find a good buy in blueberries, it might be wise to buy several pints at a time. They'll keep for about three weeks under refrigeration. When buying, don't worry about the fog that may be present under the cellophane used in packaging. It's condensed moisture from the berries.

A GUIDE FOR CANNING PEARS

Ripe Bartlett pears are full of flavor and ideal for canning. Fruit that is pretty enough to use on a fresh salad plate is right for canning. The quality is preserved not improved.

Ready for Action Wash, pare and halve the fruit. As you work slip the pared fruit into a brine to keep it from turning dark. To make the brine add two table-spoons each of salt and vinegar to a gallon of water. Work with small enough numbers so that the pears do not stand in the brine more than twenty minutes.

Rinse the fruit in clear water before dropping it into the syrup. **Use Medium Syrup** Medium syrup is made by adding one part of sugar to two parts water—beet and cane sugar give the same results. Boil the pears gently four to eight minutes. Pack the fruit in clean hot jars and cover with hot syrup. Wipe the edge of the jar clean to make a sure seal. Self-sealing lids should be tightened completely before processing. If you use zinc caps and rubbers, turn tight and then loosen one-fourth inch. These lids should be turned tight as soon as they are removed from the hot water bath.

Processing in Hot Water Bath Process the fruit 20 to 25 minutes. The time should be counted when the water begins to boil. Gentle boiling should be continued during the entire processing time. When the time is up remove the jars and cool away from a draught. They should cool in an upright position—turning upside down is apt to break the seal.

Label Jars It is handy to mark each jar with the date and method of canning used. A good label will answer your questions next winter when you serve these luscious canned pears.

"I REMEMBER" BY THE OLD TIMERS

From H. E. Dutton of Chicago to Marion Leonard: "I remember when song writers were commissioned to write songs that carried an advertising plug, such as 'Un-

der the Anheuser-Busch' and 'In My Merry Oldsmobile.' Let's hear from some other old timers who remember similar songs of yesterday."

From E. E. Meridith of Fairmont, W. Va.: "I remember how our city went to town during the Spanish-American war with programs, sham battles and everybody singing, 'Just Break the News to Mother,' 'My Sweetheart Went Down With the Maine,' 'Just as the Sun Went Down.' No one, even then, knew the words to the national anthem but everyone could sing 'Hot Time in the Old Town Tonight,' including all verses and repeated choruses."

From "Dibbie" of Chicago: "I remember when everybody was singing, 'Casey Jones,' 'Why Don't the Angels Play With Me?' 'The Bird in the Gilded Cage,' 'Down Went McGinty to the Bottom of the Sea' and 'Ta-Ra-Ra-Boom-Deay.'"

(Readers who would like to list some of the old-time tunes still lingering in their memory may do so on a postal card addressed to the Old Timers' Column, Box 340, Frankfort, Ky.)

From Irene M. Davis of Winchester, Ind.: "You can tell a carter by his shavings."

Here's Help on Where to Find Good Fishing Lakes in Michigan

What is a good fishing lake on which to buy a lot? That is a question asked by many Plymouth residents and the conservation department has a few suggestions.

While the conservation department does not recommend purchasing a cottage site on any one particular lake in preference to others, it is suggesting to numerous inquirers several important points which should be considered in choosing a lot.

"Lakes with the combination of good fishing water and a good bathing beach of course are most sought after," reminds A. B. Cook, assistant state fisheries chief. "And they are least numerous since the two types of recreational use generally mean different lake conditions."

"Gun lake, Barry county; Orchard lake, Oakland county; and Hamlin lake in Mason county are examples of locations in this category. However many persons easily find a way of satisfying both requirements by locating the cottage on an ideal bathing lake which is but a short distance from good fishing water."

Cook cites Higgins and Houghton lakes—the former with natural bathing beaches its prime asset and the latter always noted for fine fishing. Still another popular vacation is locating on a good bathing lake which is centrally located and surrounded by several good fishing lakes. An example is Crystal lake in Montcalm county which is within 10 miles of a dozen or more good fishing spots.

Once a person has made up his mind what his recreational demands are in terms of lake character and location, Cook

continues, a closer appraisal or possible lot sites is warranted. The would-be cottager should check: stability of lake water level, possible inlet and outlet to the lake, and whether a legal lake level ever has been set. In checking plat restrictions and title records, he should determine whether the lot gives him exclusive riparian rights or whether the property is subject to certain public rights. In the event riparian rights are restricted, he should find out if there is other reasonable access for boating, bathing and fishing. He should determine that good well water is available at reasonable depth and that the land is high enough above the lake level to allow installation of septic tank and sewage disposal field.

One of the best means of finding out whether the lake has the facilities desired, Cook suggests, is to rent a cottage or camp on the lake and spend several weeks there if possible.

How Hudson, with exclusive recessed floor, brings you the world's Best Ride

HUDSON
"Step-down" design, with its recessed floor, brings space between frame members, which is wasted in other cars, into Hudson's passenger compartment. This results in America's lowest center of gravity (and full road clearance) for a smoother, steadier, safer ride than is possible in any other car!

OTHER CARS
Floor is on top of the frame, so the vital space between frame members is not available for passenger use. This creates a higher center of gravity which results in less stability, less smoothness as you ride, particularly on curves, in cross winds and on rough roads.

YOU ARE especially invited to try a Hudson ride, to enjoy a new way of going not available elsewhere at any price!
Hudson's new way of building automobiles with exclusive recessed floor ("step-down" design) results in America's lowest center of gravity—which is the key to the steadiest road-hugging ride ever known!
Hudson's exclusive recessed floor also results in low-built, streamlined beauty. Right along with full road clearance, it brings you more head and seating room than in any other car!
And brilliant, high-compression engine performance, a traditional characteristic with Hudson, is another engineering triumph that makes riding in this great car the outstanding automotive experience of the year! Won't you try it soon?

HUDSON
MOST ROOM! BEST RIDE! SAFEST!
The new, lower-priced Pacemaker brings you all of Hudson's great advantages for Just a Few Dollars More Than The Lowest-Priced Cars!
Hudsons, with recessed floors, their great array of high-quality, long-life features, and advanced design, are among the leaders in resale value, as shown by Official Used Car Guide Books!

DALE CARNEGIE

AUTHOR OF "HOW TO STOP WORRYING AND START LIVING"

He Cured Progressive Alcoholism

GEORGE TEMMEN, JR., New York City, says that six months ago he had to make a choice between progressive alcoholism and a decent, respectable, secure and wholly desirable career as a salesman. For two years past he had been caught in a vicious circle where economic insecurity caused worry; escape from worry was sought in alcohol; and the use of alcohol interfered with his sales and aggravated the economic insecurity.

Well, that was indeed a vicious circle. But let's see whether George Temmen extricated himself.

He says he hasn't the slightest doubt that he was kept on the rolls of the company he was working for because of his family. But he couldn't expect them to bear with him any longer. So when he was told they didn't need his services for any further period, he wasn't surprised, though it did come as a shock. He knew that it would be difficult to find another job anywhere near as good, once a prospective employer learned why the company had let him out. He swallowed his pride and pleaded for a trial contract for another six months. Reluctantly the man before him granted him another chance, but for only six months.

Now it was up to him! He analyzed the causes behind increased drinking. He had never been a problem drinker in the Alcoholics Anonymous sense, but he had been drinking more and more with each passing day.

He decided to give it up for one day. When he took a drink the next day he felt guilty. Next, he decided to ask himself to have a drink and to tell himself "No thank you," as he put his mind definitely on something else. That made it a little easier, strange as it may seem.

He now found that it came a little easier each time to turn himself down. In a matter of three weeks, he didn't want a drink. But he adhered strictly to putting his mind on something else, every time he was in the presence of liquor, or even when he saw a liquor advertisement.

The day he told me his story, his six months' contract had just expired, and, hurrah for George Temmen, he had just signed a 10-year contract as sales manager for his company.

VFW News

About 20 members were present at the last meeting of the Auxiliary held August 1. More detailed plans were made for fall and winter activities and committee chairmen reported on what had been accomplished, to date. Mrs. Edward Kapinski was in charge of serving refreshments at the conclusion of the business meeting.

The Auxiliary will sponsor a bowling team this year. Mrs. Robert Diekmann (Phone 1024-XM) is making necessary arrangements and asks that members who are interested in being on the team, call her as soon as possible.

The Veterans chalked up another victory in the Old Timers' softball league last week, Wednesday, by defeating the Contractors 10-7 in the first game of the playoffs. This entitled them to play Dunn Steel in the next playoff game this week. There was a substantial increase in the number of fans on the bleachers, lending "moral support." Let's have even a bigger turn-out for the next game.

Several Auxiliary members and men of the post made a trip to Maybury Sanatorium last Sunday afternoon and distributed magazines, cigarettes and playing cards to the veterans. Lee Schiller, former hospital chairman, who found it necessary to relinquish her duties for the present, was replaced by Mrs. Charles Thompson. There will be two other members added to the committee to carry on for the

rest of the year. A vote of thanks goes to Mrs. Schiller for the splendid work she has done on the committee this year.

Mrs. Isabelle Lueke left last week for a months' visit in Boston and New York, and while in the latter city, will have an opportunity to see "South Pacific."

In succession, the Senior and Junior vice-presidents will be in charge of August meetings of the Auxiliary, as the president, Mrs. Eleanor Gust will be on vacation. Mrs. Robert Smith will serve refreshments next time, August 15. All those who still have not picked up their pictures of the Memorial Day parade are asked to do so at the next meeting.

Auxiliary Secretary Mrs. Ray Danol will return about September 1 from a months' visit with relatives in California. During her absence the office was filled by Mrs. Arthur Haar.

Mr. and Mrs. Joe Elliott plan to attend the National VFW convention in Chicago the latter part of this month, August 27 to September 1. The convention program this year is of special interest and will be one of the finest ever offered. The Auxiliary and Post members who are unable to go will be envying the Elliotts on this wonderful trip and wishing them a safe journey.

Those who happened to be tuned in on Station WJR a week ago Sunday no doubt heard the special broadcast of "In Our Opinion," in which each of the six war orphans spoke. These teen-agers are the ones chosen by the VFW National organization to take part in the project "Operations Freedom," of which much has been read lately. Six of the young people were chosen from the National VFW home in Eaton Rapids to spend several months abroad this summer... each in a different country. Then six European boys and girls were chosen to make a return visit to this country for the same length

of time. They are here now seeing our country and preparing to take back to their native lands a story of their impressions. On the radio broadcast, just mentioned, each one told his own words about his visit, thus far, and said that it is this exchange of ideas and experiences between the young people of the world that will lead to a better understanding between nations... and eventually, perhaps, to a world free from wars. While in Detroit, the young teen-ager from France was a weekend guest of one of the members of an Auxiliary there. Mayflower Auxiliary has purchased a record, just recently released, of the visit of our six American young people to France, made at the time of the landing of the ship there. Members may hear it at one of the meetings soon.

Wayne to Get New Mercury Plant Says Benson Ford

The Lincoln-Mercury division of Ford Motor company has announced plans to build a new assembly plant on a 179-acre site just west of Wayne.

Benson Ford, vice president of Ford Motor company and general manager of the Lincoln-Mercury division, said the company has taken options on the site and hopes to start construction this month.

The new plant will house all Lincoln assembly operations now being performed at the Lincoln plant in Detroit and the Mercury assembly line at the Rouge assembly plant in Dearborn.

The new factory will have a production capacity of 640 cars per day on a two shift basis and will employ more than 3,000 persons.

Staff offices of the Lincoln-Mercury division will remain at the Lincoln plant until the new Lincoln-Mercury division administration building at Southfield and Michigan in Dearborn is completed in 1952.

"This major expansion move by the Lincoln-Mercury division was made necessary by the pyramiding demand for our products which has obsoleted our present facilities," Mr. Ford said. "The Lincoln plant has long been too small and inefficient and we have been unable to expand as our business has increased. The Mercury line at the Dearborn assembly plant is to be used for Ford passenger car production and possibly truck production."

said, because of its location, the availability of transportation, both rail and truck, and for the large site which will be adequate for employee parking, car storage, test track and future expansion.

He pointed out that Wayne can be reached easily from the Rouge and Lincoln plants and that it is hoped that most employees at Lincoln and on the Rouge Mercury line will move to the new factory.

The full cooperation of Wayne city officials and civic associations was extended to Lincoln-Mercury during negotiations for the site, according to Mr. Ford. Major extensions to sewer, water and gas lines will be required to serve the new plant and railroad sidings will be installed.

The Wayne plant will be the fourth one to be built within a three-year period by the Lincoln-Mercury division. Others were opened in 1948 at St. Louis, Los Angeles and Metuchen, New Jersey. The new plant will serve the Lincoln-Mercury central sales region, which includes the states of Michigan, Ohio, Kentucky, West Virginia and parts of Tennessee, Pennsylvania, New York, Indiana, Illinois and Virginia.

Answer to LAST WEEK'S Puzzle:

Your Police Department Speaks

Chief Lee Sackett of the Plymouth police department said today that "it is an obvious fact that Stop Signs are placed at intersections to keep motorists on one highway from running into motorists on the other highway."

Every motorist understands this simple truth, the Chief maintained, but, unfortunately, many thousands ignore it. This is proved, he said, by records which show that many thousands of accidents happened because drivers did not come to a full stop at stop signs and look to the right and left before entering the intersection with caution, to cross or turn.

"Almost stopping at a stop sign is not enough. It develops a sloppy driving habit which sooner or later will cause an accident. Some day that car that isn't there will run into you—because it driver expected you to stop—as the law requires," the Chief stated.

After coming to a full stop the safest way to enter a through highway is to wait for a gap in cross traffic that is big enough so that you can cross the intersection without causing any other driver to slow down, stop or turn aside, the Chief advised.

First of the Fine Cars in Value

YOU can see this man has made his mark in life, and while his heart's still young.

You can tell he likes action for his money—that he knows a fine car needn't be the most expensive to give the greatest value.

Yes, such are the things you know of any man, when you note that his car is a ROADMASTER.

Follow him on his spirited way as he pilots this lively motorcar through traffic. Even the lightweights are no match for this road-steady husky—not with the 152-horsepower straight-eight Fireball engine that purrs beneath its bonnet.

Maneuver beside him at the next stop light. Then just try to get away as smoothly, swiftly and silently as Dynaflo Drive gets his ROADMASTER going—and keeps it rolling without shifting, even automatically.

But don't waste time merely envying

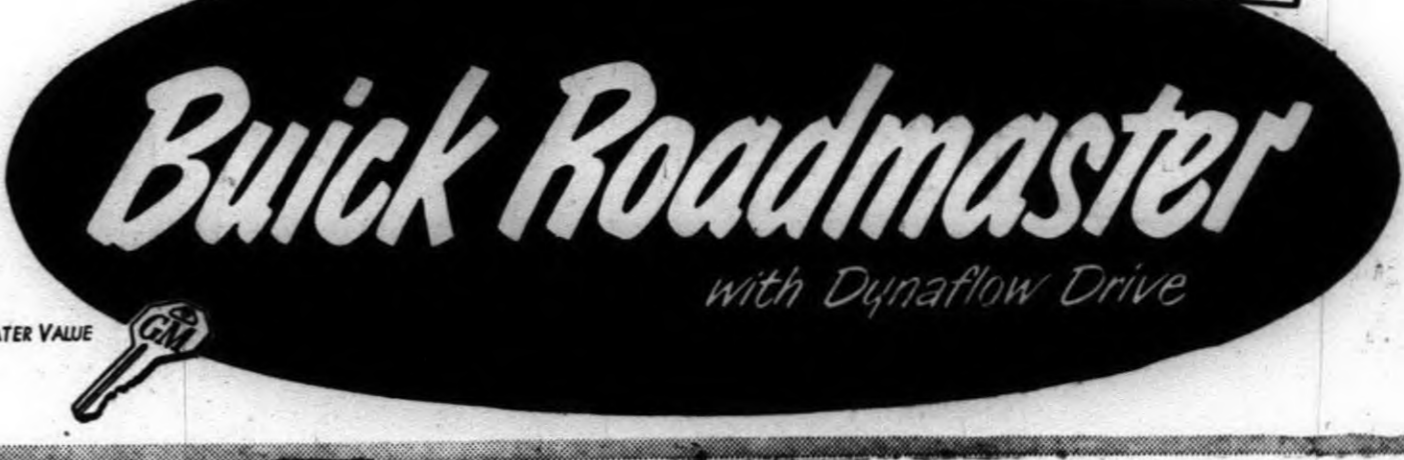

the man in this great car! Why not emulate him?

With all its outside room, interior luxury and exterior grace—with all its front-rank prestige, rare performance and matchless ride—a ROADMASTER can be yours for less than some smaller cars cost.

In fact, even if you had a fortune to spend, you couldn't make a more fortunate buy in the fine-car field.

So we suggest you try a few minutes behind the wheel. We're confident they will convince you that ROADMASTER has everything you could ever ask for in any motorcar—although your Buick dealer asks a good bit less for ROADMASTER than you might pay for other top-line cars.

Table with 2 columns: Model Name and Price. Includes models like Buick SPECIAL 6-pass. Sedan, Buick 41D, Buick SUPER 6-pass. 4-door Riviera Sedan, and Buick ROADMASTER 6-pass. 2-door Riviera.

Roger Babson Says...

Babson Discusses Conserving Management

"Poor Tom, he was such a nice guy. I was shocked to hear of his untimely death. He was still in his early fifties..." Conversations like this are heard too frequently today. I'm very much concerned about the way we are wasting our needed brain power.

Overexertion: A Symptom of Maladjustment

The struggle today for personal, economic, social and political survival is taxing many men to overexertion. The business tempo becomes faster and faster whether you are on the production line, in the office, or part of management. Today's social responsibilities find men burning the candle at both ends. Hot and cold wars help keep men nervous and jittery. The result: a civilization "on the go" of impatient, tense persons, characterized by hypertension, ulcers, insomnia, a high divorce rate, delinquency, and crime.

Have you too become touchy and sensitive about little things? Have family quarrels grown out of proportion to the incident? Do business associates make you irritable? Are headaches bothering you? Chances are, then, you too have forgotten how to relax. My long years of active life have taught me, that, if you are to

survive, you will have to learn how to conserve and utilize economically your own physical and mental resources. You owe it not only to yourself and your family, but to your country. A healthy, vigorous, emotionally well-balanced stock is especially essential to the democratic state if it is not to be submerged and overrun.

Hard Work vs Overwork

Hard work never hurt anyone. There is, however, a very real difference between hard work and overwork. Hard work produces a pleasant, healthy good-and-tired feeling easily dispelled by food and sleep. Overwork drives a tired body and mind on and on without rest and without thought of the consequences of overfatigue. Many over-worked people can't seem to slow down. Instead they immerse themselves in more work or seek escape through overstimulating commercial amusements, or liquor. No matter what a man's goal may be—money, professional advancement, social prestige, or what have you—he must take time out periodically to restore body tonus.

Too many American businessmen are tense, headachy, and hurried, believing that if they are to attain their goals, they cannot take time out for quiet diversion. These individuals will

not live long! They are "selling themselves for a mess of pottage." What most of these over-worked people don't realize is that they could easily accomplish 50% better results if they would learn how to relax through regular periods of constructive body-mind-soul refreshment.

Maintaining Maximum Output

Too few business leaders have concerned themselves with their own problems of prevention of psycho-physical breakdown and increasing their own physical stamina, particularly those over forty. It is not my purpose to prescribe a course of action for such individuals. I shall be satisfied if I have made them aware of their own needs. They owe it to the concern for which they work.

Experience has taught me that in order to maintain maximum output, the average man must find a job he enjoys doing, maintain good health, learn how to play, achieve satisfaction in love, and keep spiritually refreshed. To live a useful, well-balanced life today requires vigor. Vigor comes primarily from physical, mental and spiritual energy. Such energy can be built up only by alternating periods of powerful output with proper periods of relaxation and meditation—preparation for ever greater achievement.

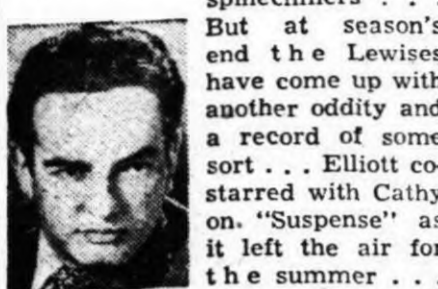

Take Quiet Vacations

This is vacation time. Take a vacation by all means. Take with you a book or two on relaxation, meditation, and prayer. It is an excellent time to set up a conservation program for your own resources! Don't dash around in an automobile. Go to some quiet place and sleep.

THE STARS

By LYNN CONNELLY

CATHY AND ELLIOTT LEWIS are no strangers to "Suspense" dramas on CBS, having starred in scores and written several of the spinechillers...

LEWIS

But at season's end the Lewises have come up with another oddity and a record of some sort... Elliott co-starred with Cathy on "Suspense" as it left the air for the summer...

When it returns on August 31, Elliott will be back on the show, this time producing and directing the fall and winter season of "Suspense" shows in the absence of William Spier, who turned his reins over to Elliott to allow picture work in England with June Havoc, Mrs. Spier.

Incidentally, Elliott was recently asked by CBS to direct a top-budget fall TV show but may have to refuse the tempting offer because of a schedule already crowded with his role as "Frankie Remley" for Phil Harris and production-direction of "Suspense," "Police Line-up," "Pursuit" and "Broadway Is My Beat"...

PLATTER CHATTER

CAPITOL: The California Commanders orchestra have combined two oldies that should go over big again... "Would You Like to Take a Walk" and "Goodnight My Love"...

COLUMBIA: Herb Jeffries does a nice job with a new number that sounds like it may go places... "My Mother Singing"...

Nelson Plays in U of M Orchestra

Fred Nelson, vocal instructor at Plymouth High school, was a member of the University of Michigan Summer Symphony orchestra which presented the annual summer session concert in Hill auditorium in Ann Arbor August 7. Wayne Dunlap was the conductor.

The program, consisting entirely of works by contemporary composers, was planned in conjunction with the Summer Session's program, "Contemporary Arts and Society."

Broadcasts at Marine Station

An article recently published in the Camp Lejeune, North Carolina, newspaper tells of the activities of Staff Sgt. Earl Wilson who is stationed at the camp with the division public information office.

Sgt. Wilson lived in Plymouth most of his life and graduated from Plymouth High school in 1940. He is now broadcasting sports news and does radio announcing at the Camp Lejeune station.

Working towards a career in Marine Corps radio publicity, Wilson graduated from the Marine Corps Recruiters school at Parris Island, where he beat all records for public information test markings, and from Navy Journalist school at Great Lakes, Illinois. He resides with his wife and two sons at Midway Park in North Carolina.
